

Bray Brothers Killed In Dallas Airplane Crash

Otto and Bill Bray, of Dallas only grandsons of Mrs. A. C. Bray, and nephews of Mrs. Horace Blackburn, of Muleshoe, were killed instantly in a plane crash near Dallas, at 6:45 a. m. Friday.

Bill, a licensed pilot, and operator of the single engine plane, was teaching his brother Otto, to fly. The two boys were practicing take-offs and landings when the accident occurred.

Both boys were well known in Muleshoe, having visited here many times in the Blackburn home, Bill, 21, was a junior student at S. M. U., in Dallas, where he was a member of the Lambda Chi Fraternity. He was employed by a construction firm as Consulting Engineer in Dallas. Otto, 24, was graduated from the University of Texas last year, and did post graduate work there this spring. He was a member of the Phi Delta Theta Fraternity. At the time of his death he was employed with an advertising firm in Dallas.

Otto made his home during childhood, and until he was a junior student in high school, with his grandparents, Mr. and Mrs. Bray. For a number of years Bill also made his home with them.

Otto Bray, Sr., the boy's father, was killed nineteen years ago, in 1937, in an oil well accident near Duncan, Okla. Their step father, Charles S. Berry, who was a pilot in the U. S. Air Force during World War II, met an untimely death when his plane was shot down over Germany in 1944.

Double funeral services for the two boys were conducted at 3:00 p. m. Sunday at Chickasha, Okla. Interment was in Chickasha Cemetery beside their father and grandfather. Fraternity brothers served as pallbearers.

The boys are survived by their mother, Mrs. Charles Berry, of Dallas.

U. S. Files Suit In District Court To Stop Committees

Twelve West Texas farmers, including two from Bailey county, have been named defendants in a U. S. District Court civil suit filed this week on behalf of the U. S. Secretary of Agriculture.

The suit is described as a civil suit for declaratory judgment brought by the U. S. in behalf of the Secretary against the men in their capacities as members of the cotton allotment review committees, to enforce the rules of the program.

Named among others as defendants in the suit are Henry Schuster and Neal Smith, both of Bailey county.

Basically the case appears to be one to stop the review committees from overruling the allotment figures as handed down by the Secretary of Agriculture.

A number of such hearings have been held in this area, with complaining farmers being granted acreage increases over those allotted by the Federal government.

The 12 men named in the court suit are Jim H. Bridges, Lamesa; Tom O. Hunt, Loop; W. T. Albright, Andrews; Florence Wilde, St. Lawrence in Glasscock county; W. E. Pigg, Midland; G. T. Randolph, Dawson county, who sat as a review committee for the counties of Dawson, Gaines, Andrews, Midland and Glasscock.

And Henry Schuster, Muleshoe; Henry Gilbert, Littlefield; Arley Harzog, Parmor county; A. E. Davis, Castro county; Neal Smith, Bailey county; and James H. Dobbis, Lamb county, who sat as a review committee for the counties of Lamb, Vastro, Bailey and Parmor.

Softball Team To Be Organized

The Journal has been asked to announce that a softball team of "outsiders" will be organized at a meeting scheduled for Friday evening at 7:30 o'clock in the dining room of West's Cafe.

Games will be sought with surrounding towns, it was said. Everyone interested in playing softball or in helping to organize the team is invited to attend the Friday meeting.

MRS. TROUTMAN HURT IN CAR ACCIDENT

Mrs. O. D. Troutman is recovering in St. Anthony's Hospital, Amarillo, from injuries to her back and neck, received when the Troutman car was rammed from behind by another auto at Hughes and Northwest 8th in that city, Saturday evening.

The Troutman, who was driving, was not injured, nor was the other driver. The car struck the Troutman car with sufficient force to smash the rear bumper.

Details of Soil Bank Program Explained By County Agent

Agricultural leaders and government agricultural employees of Bailey county attended a meeting in Lubbock Tuesday to learn details of the new soil bank program, and how they will affect Bailey county farmers. County Agent J. K. Adams has prepared a brief explanation of how the soil bank program will work, and how local area cotton and wheat farmers will be affected by the program. Mr. Adams points out particularly, that farmers will be unable to find out what their normal yields are to comply with regulations of the program until the county and community ASC committees have established these yields for every farm in the county according to the strict regulations of the US Department of Agriculture.

COTTON REGULATIONS

A farmer will be allowed to place 50% of his cotton allotment or 10 acres, whichever is larger, in the acreage reserve. The smallest acreage permitted will be ten percent of his allotment or 2 acres whichever is larger.

Farmers who underplant their cotton allotment because of adverse weather or other reasons may certify and draw fifteen cents per pound times their normal yields.

Farmers who have their crops destroyed or plowed up by July 31 will have an appraised yield of zero but will still draw \$6 per acre upon making proper certification through county A. S. C.

Farmers who have cotton crops and desire to enter the soil bank program may do so by having their crop appraised for normal yield and destroying same. Rate of payment will be 15 cents per pound times the appraised yield less the yield. Farmers will be unable to find out what their normal yields will be until the county and community committees have established these yields for every farm in the county according to very exacting regulations set forth by USDA. The county average normal yield must fall within two percent of the 153 pounds established for Bailey county. The RAS set this yield for all counties based on a 10-year average yield and the last five year adjusted yields and Bailey county did not benefit from rapid increases brought about by irrigation and other improved farming practices. This low yield given the county is most unfortunate but is out of the hands of our local administrators of the program.

WHEAT REGULATIONS

A farmer will be eligible to place 50% of his wheat allotment or 50 acres, whichever is larger in the acreage reserve. The minimum acreage which a farmer can place in the acreage reserve will be 10% of his allotment or 3 acres whichever is larger.

A farmer may draw \$4 per acre for every acre of the present wheat crop allotment which he fails to plant for any reason. He must make certification to this effect at the county A. S. C. office.

If a farmer present wheat crop was destroyed by natural causes by July 20, 1956, he can draw \$6 per acre following certification and appraised by the county committee, however, if a farmer has grazed or harvested any crop from this land during 1956 he is ineligible for government payments.

Complete control of acreage and crop remaining on the land will return to the farmer on January 1, 1957. This permits seeding of wheat on this land during 1956 for harvest in 1957 providing the crop is not harvested or grazed until after January 1, 1957.

HURSHEL HARDING Opens Law Office In Griffith Bldg.

Hurshel R. Harding, a native of West Camp community, has returned to the West Plains to open an office for the practice of law in Muleshoe.

Harding attended school at Farwell, Texas Tech, and graduated from Baylor law school in 1954. He entered the Air Force in May 1954 serving in the Judge Advocate office at Lake Charles, Louisiana, AFB until his release May 27, 1956.

He is married, and has a 10 month old daughter, Deborah Joyce. Mr. and Mrs. Harding reside in Lennu addition.

Harding is a member of the Baptist church and the Masonic lodge.

His law office is located in the Byron Griffith building at 208 First street.

Dwayne Epting Loses Foot In Friday Accident

Dwayne Epting, 19, son of Mr. and Mrs. Alton Epting, was reported resting well at West Plains Hospital Tuesday, following amputation of his right foot Monday morning.

Dwayne was driving a Payloader for Western Fertilizer, which slipped off the dock Friday morning and crushed his foot.

JAMES F. WARD James Ward Is New Assistant Agent In Bailey County

James F. Ward, 25, and graduate of Oklahoma A&M began work in Bailey county Monday morning as assistant County Agent, working with County Agent J. K. Adams.

Ward attended schools in his home town of Austin, Texas, and graduated from high school there.

He was in the armed services in 1952, and has been employed as a veterans agriculture instructor at Humphrey, Neb., prior to coming to Muleshoe and Bailey County.

His work will be assisting Adams, and generally handling the details of the 4-H club program in the county.

Ward is married, and has one daughter, Mary Beth, one year old. The Wards are living in one of the Gilbreath houses.

Mrs. Nieman Rites Held Wednesday At Y. L. Church

Funeral services for Mrs. Bertha Frances Nieman, 64, were held June 20 at the YL church, with Rev. D. C. Luckemeyer officiating, with interment in the Bailey County Memorial Park under direction of Singleton Funeral Home.

Mrs. Nieman had been a resident of YL community for eight years at the time of her death from a heart attack. She was a native of Lavaca County, Texas.

Surviving are her husband, Henry; two sons, Erwin and Marvin, both of Muleshoe; two sisters, Josephine Dial and Emille Fabian, both of Yoakum; a brother Frank Huebner, Jr., of Halsetville; and one grandson.

Pallbearers were: L. O. Norwood, Vernon Finley, B. H. Dyck, Harry Engleking, John Dyck and Ed Steinbock.

VISITED IN LUBBOCK

Mr. and Mrs. Luke Walden and A. G. Aaron spent Sunday in Lubbock with their children.

Formal Opening First Methodist Church Sunday

The formal opening of the new First Methodist Church building in Muleshoe will be held Sunday, according to Rev. Clarence Stephens, pastor, and will feature an open house during the afternoon, and visits from former pastors of the Muleshoe Church. A special service will be held at 11 a. m., with the sermon by Bishop William C. Martin, of the Dallas-Ft. Worth area of Texas Methodist churches.

Rev. Stephens said early this week that invitations have been extended to all former pastors of the local church to be present Sunday, and that acceptance has been received from Rev. Raymond Van Zandt, pastor of First Methodist Church, of Dimmitt, and Rev. R. S. Watkins, pastor at Dalou. Several other former pastors are expected to be present.

Following the special sermon by Bishop Martin, the church congregation will hold a basket dinner.

In the afternoon, a sing-song will be held and former pastors introduced.

Public Invited

Residents of the Muleshoe area and Bailey county have been invited to visit the church Sunday afternoon to inspect the building and facilities. Members of the congregation will act as guides and show visitors over the premises.

First regular services were held in the newly completed sanctuary two weeks ago.

The building, which contains the sanctuary, a youth chapel, class rooms, and pastors study, is the first phase of a building program, which when completed, will house additional classrooms, a fellowship hall, and kitchen facilities.

There will be no evening service Sunday, Rev. Stephens announced.

Auction Sales Begin June 30

First sale in their newly reconstructed plant is announced for Saturday, June 30, by Muleshoe Livestock Auction Co., of which Col. Clayton Myers is owner and auctioneer.

Regular sales will follow each Saturday, beginning at 1 o'clock. A heavy consignment of equipment, machinery, and livestock caused the company to set the beginning hour early for this first sale.

The plant is rapidly nearing completion, across the tracks north of the old plant, which burned last spring. A railroad crossing will be constructed by county commissioner Tom Morgan by the date of the opening sale.

Col. Myers has built a modern sales pavilion, containing a large scale room with new 16 ft. Print-O-Matic scales, a spacious sales ring with seats for as many as 300 bidders and spectators, offices, etc.

He said he has a large number of stocker calves and cows and calves as well as machinery consigned for the opening sale. Fat cattle are needed at this time, he said.

USCC Speaker Asks Action On Hoover Committee Report

L. Ledge Craig, manager of the Denver division of the United States Chamber of Commerce told a group of Muleshoe men Monday that if certain of the Hoover committee recommendations are passed by Congress and the Senate, U. S. citizens may save as much as five and a half billion dollars.

Craig said that amount was being needlessly spent annually by our government in obsolete branches and offices, high turnover in key personnel and general inefficiency.

Of that amount, folks in Muleshoe would save about \$140,000 annually in their share of the cost of operating the federal government.

Although the Hoover commission made more than 310 recommendations following its study several years ago, only a few of them have been enacted.

Craig pointed out the reason for this being that Congressmen and Senators have received very little pressure from the folks back home to have them passed. He urged the Chamber to alert individuals to the need for immediate action on the recommendations. Individuals should write their congressmen and senators a brief letter urging passage of bills now pending which would put into effect the Hoover recommendations.

Craig spoke to the group at a luncheon meeting at Leigons.

Answer Filed In Pipeline Suit By City of Lubbock

The City of Lubbock filed their original answer last Thursday to the injunction suit of Stanley Doss which was filed in District court several weeks ago.

The answer filed by Lubbock outlines a general denial of the charges in the original injunction. Doss filed the suit against the city of Lubbock to stop that body from extending a 45-inch water pipeline across property owned by him and his wife to the State Highway Department for public road use only.

In the deed granting right of way for road use, there is a reversion clause which would allow title to the property to revert back to the Dosses if the property is used for any other purpose.

A letter received Friday by Jack Young, attorney for the City of Lubbock, from the City of Lubbock attorneys, stated that an extended answer would be filed soon, and that no hearing date has been set on the case.

Deadline for filing an answer in the case was Monday, Young said.

Sunday Showers, Hail, Fall Over Most Bailey County

High winds, accompanied by rain and considerable lightning brought good general rains to most of the West Plains Sunday night, but accompanying hail is reported to have caused severe damage in an area south and east of Muleshoe.

The rains began Sunday afternoon as a squall line moved across the Plains area, dumping 1.12 inches in Muleshoe, and from .25 to 1.25 over other parts of the county.

The hail damage was in a strip across the Steve Sullivan farm, eight miles south and east of Muleshoe, touching on the farm of H. E. Schuster, and right up to a line of the Jack Oberhaus place. Extent of the damage on the Sullivan farm was not determined early Monday.

Most of the south part of the county got good cotton showers, and no other hail damage reports were received. At Needmore, 1.25 was reported, with light to heavy showers in the Cleveback community. Lazbuddie reported a light rain shower Sunday afternoon, but west of Progress, the showers appeared to have been negligible. South of Baileyboro, .70 was recorded.

Sunday night's rain brought the June total in Muleshoe up to 2.90 inches, and to 6.15 for the year, as compared to 5.61 for the same period in 1955.

Innoculate Dogs Monday Evening At City Hall Here

Seventy dogs were innoculated against rabies, and given license tags Monday afternoon at City Hall, in the first step by city officials to curb the dog nuisance locally.

A veterinarian was on hand from 1-5 p. m. and innoculated the animals.

All dogs, either licensed or not, must be kept up and not allowed to roam loose, or city employees will pick them up.

Dogs picked up for roaming loose, will be kept until their owners either make arrangements to keep them up, or the animals will be destroyed.

City officials have been receiving numerous complaints about dogs tearing up flower beds, lawns and shrubbery.

Hicks Tractor To Move To Brock Building July 1

Hicks Tractor Co., announced this week that they will be moving their business location on or about July 1.

The tractor and implement firm, now located on the Clovis highway, will move to the Brock Motor Co. building on the Plainview highway, near the Lennu Addition.

Mr. Hicks said this week that the move will give the firm considerably more space for displaying their line of Ford tractors and farm implements, as well as more space for their repair shops.

Lions Welcome New Members

Incoming president Sam Dameron, installed two new members in the Muleshoe Lions club at the Wednesday luncheon meeting at Leigons.

Ernest Brock and Jim Gaede were welcomed into the club as new members and presented their club pins and certificates of membership.

The club voted to meet July 5 instead of the Wednesday of that week.

A film on Boys Ranch was shown by program chairman Hugh Freeman.

Gets Hole In One

Clyde Holl got his first hole in one Sunday before last while playing on the Morton Country Club course.

Two other Muleshoe men, Red Johnson and Martin Oliver, witnessed the feat.

Rotarians will please take notice.

Vows Solemnized For Miss Noretta James and Mr. Don Keith Briggs

MR. AND MRS. DON KEITH BRIGGS

Nuptial vows were solemnized on Sunday June 10, at 3:00 o'clock in the afternoon, for Miss Noretta James, daughter of Mr. and Mrs. C. M. James of Lazbuddie, and Don Keith Briggs, son of Mr. and Mrs. H. H. Briggs, of Muleshoe. Rev. Bruce Matthews read the double-ring ceremony in the new Methodist Church at Lazbuddie.

Featured as the setting were baskets of pink and white gladioli, palm trees, and an archway decorated with greenery and centered with silver wedding bells tied with white satin bows. Family pews were marked with greenery and white satin bows.

Miss LaVon Copley presented the traditional marches at the piano, and played "Indian Love Call", softly during the exchange of vows. Preceding the ceremony Miss Copley accompanied Miss Rosetta Sims, niece of the bride as she sang, "He" and "Always".

Matron of honor was Mrs. George Jesko, of Muleshoe. She wore an aqua waist-length dress of cotton satin, fashioned with an empire waistline, scalloped neckline and full skirt. Her head band was of pink roses and Lillies of the Valley. Her accessories were white and she carried a white basket of pink roses.

The bridesmaids were Mrs. Oran Sims, of Muleshoe, and Mrs. Garland Kennedy, of Amarillo. Their dresses of pink cotton satin were styled identically to that of the matron of honor. Their accessories were white. Attendants were all sisters of the bride.

Joe Briggs served his brother as best man. Groomsmen and ushers were Harold White and Albert Clark.

Escorted to the altar and given in marriage by her father, the bride was lovely in a waist-length gown of white Chantilly lace over net and satin. Fashioned with a tight fitted bodice, the dress featured a short jacket with high neck and three quarter length sleeves. Her full skirt was gathered to the back and tied with a satin bow. Her double tiered fingertip veil of illusion fell from a white satin crown encrusted with seed pearls, beads and sequins made by Mrs. Oran Sims. She carried an orchid surrounded with net and stephanotis, from which fell satin streamers tied in lovers knots. She wore a pearl necklace, which was a gift from the groom.

For her daughters wedding, Mrs. James wore an orchid shantung dress with white accessories. Mrs. Briggs wore a light blue dress and white accessories. Both wore corsages of white roses.

Following the ceremony, the bridal party and guests were honored with a reception in the fellowship hall of the church. Baskets of flowers which were carried by attendants during the ceremony, were featured as decorations. The bride's table, which was covered with a white lace cloth, was centered with the three tiered wedding cake, Strawberry sherbet punch and cake was served by Mmes. Max Steinbock and Gene Smith. Mrs. C. W. James, of Hereford, sister-in-law of the bride, registered guests.

For a wedding trip to New Orleans, La., the bride chose an orchid shantung suit trimmed in white, and white accessories. Her corsage was the orchid from her bouquet.

Mrs. James was a graduate of Lazbuddie high school of the class of '54. Since her graduation, she has been employed as a bookkeeper.

The bridegroom graduated from Lazbuddie high school in 1951, and from Texas Tech in 1955. He is now employed as a Structures Engineer at Convair Aircraft Plant in Ft. Worth.

Following the wedding trip, the couple will be at home at 2821 Travis St., Ft. Worth.

Wedding Plans Are Revealed

Mr. and Mrs. W. C. Thomas, 916 Cypress, Clovis, N. M., formerly of Muleshoe, are announcing the engagement and approaching marriage of their daughter, Martha Evelyn, to W. E. "Bill" Aylesworth, son of Mr. and Mrs. Dave Aylesworth, of Muleshoe.

The bride-elect and Mr. Aylesworth are both graduates of Muleshoe High School.

The wedding will take place at 2:00 o'clock in the afternoon, June 24, at the Trinity Methodist Church, 9th and Reid, Clovis, N. M., with the pastor, F. R. Buntz officiating.

All friends of the couple are invited to attend.

REBEKAHS HELD MEETING

With Allie Snyder acting as Noble Grand, fourteen members of the Muleshoe Rebekah Assembly met at Lodge Hall. Attending were: Jessie Robinson, Allie Snyder, Bessie Davis, Lois West, Fern Davis, Mary Thomas, Marie Allen, Lucille Gross, Ina Gross, Ona Berry, Tom Berry, Arlie Thomas, Frank Snyder, and A. H. Owens.

Miss Noraene Clark Becomes Bride of James E. Stallings In Home Ceremony

Miss Pearl Noraene Clark became the bride of James Edward Stallings in a quiet ceremony at the home of the bride's parents in Muleshoe Sunday, June 17. The single-ring service was read by Denton Thompson, minister of the Lazbuddie Church of Christ.

Mr. and Mrs. Roy R. Clark, of Muleshoe are the parents of the bride. The groom's parents are Mrs. Thelma Stallings, of Apache, Oklahoma, and Glen Stallings, of Elgin, Okla.

Miss Elada Stallings, sister of the bridegroom was maid of honor. She wore a princess style dress of pink glazed cotton, and carried a bouquet of white gladioli. Serving the bridegroom as best man was Therman Clark, brother of the bride.

For her wedding, the bride chose a street-length dress of white nylon swisselt over cotton-satin, designed with an elongated torso coming to a point in the center front. The full skirt was worn over crinolins. She carried a white Bible topped with pink gladioli from which flowed pink streamers.

Following tradition, the Bible was borrowed from Mrs. Charles Packard, of Hereford. Something old was an antique Cameo necklace belonging to Mrs. J. L. Hinson, of Springlake. Both the Bible and necklace were used by the bride's sister at her wedding.

At the reception which followed, the table was covered with an ivory cloth and centered with pink tapers and the bride's bouquet. Miss Delores Lowe presided at the punch service, and cake was served by Mrs. Ralph Packard and Miss Bernice Clark. Guests were registered by Miss Nettie Jo Hutchings.

Only relatives and close friends attended the ceremony. Out of town guests included: Mrs. Thelma Stallings, Apache, Okla.; Mr. and Mrs. Ralph Packard and daughters, of Hereford; Mr. and Mrs. J. L. Hinson, Springlake; and Miss Mary Thompson, of Lazbuddie.

After a short trip to New Mexico, the couple will be at home in Seminole, where the bridegroom is employed with the Magnolia Oil Company.

Mrs. R. Williams Is Hostess To Muleshoe HD Club

Muleshoe Home Demonstration Club met Tuesday, June 12, at the home of Mrs. W. Williams, with Mrs. Rheil Williams as hostess.

Attending were Mmes. C. E. Briscoe, John Boydston, W. W. Smith, S. L. Robinson, M. R. Oden, S. C. Caldwell, C. H. Gillis, John Purdy, M. L. Oswalt, Barry Lewis, D. E. Bell, T. F. Maddox, and visitors: Mmes. W. W. Williams, Hazel Welch, Jeanette Burden, Gene Caldwell, Marie Bass, Walter Burford, Josephine Kirby and Misses Wanda Clements and Dorene Burdman. Another guest was Mrs. Juanita Burdman, who gave a tupper ware party, with the club receiving a percentage of the proceeds.

Several games were led by Mrs. Burdman, with ladies winning gifts. Mrs. Burdman in turn won the hostess gift of pyrex dish and cookie cutters. During the business meeting Mmes. A. W. Copley and D. E. Beller were nominated to go to Council as nominees to the state meeting in San Antonio. Mrs. Beller was elected.

Mrs. S. C. Caldwell reported on the clubs visit to Pleasant Valley last week. Making the trip were: Mmes. C. E. Briscoe, J. E. Day, W. W. Smith, S. L. Robinson, S. C. Caldwell, M. R. Oden, C. H. Gillis, Rheil Williams, M. L. Oswalt, and D. E. Beller. They were accompanied by two guests, Mmes. Stevens and John Furr.

Among things exhibited there were: plastic ivory, which the Muleshoe Club ladies plan to make at their next meeting, which will be with Mrs. T. F. Maddox on June 26. The Muleshoe club exhibited satin slippers, knitted gloves and baby set, crochet bag and hat; two

other hats, and reed work including a floor lamp and a long-legged planter.

Mrs. Marie Bass gave demonstration on the use of attachments for the sewing machine, and Mmes. Josephine Kirby, D. E. Beller and Dorene Burdman won prizes.

Miss Wanda Clements assisted Mrs. Williams in serving refreshments of iced spiced tea, cookies, chicken sandwiches, olives, popcorn squares and ice cream sandwiches.

14 Muleshoe Girls Attended Rainbow Assembly

Fourteen girls from here, accompanied by their sponsors, attended the Grand Assembly of Rainbow for Girls last week at Houston. The group left Lubbock last Sunday by chartered bus, and remained in Houston Monday, Tuesday and Wednesday for the sessions.

Making the trip were: Quineil Elliott, Elaine Evans, Mary Jo Holt, Doris Jean Childers, Doris Ann Gilbreath, Donna Guinn, Donna Sue Fowler, Jeanette Cunningham, Delores Wagnon, Carolyn Hinkson, Karen Carter, Elizabeth Farley, Sandra Howard, Nan Allison, and sponsors, Mmes. Peggy Childers, Mary Farley, Melzine Elliott, and Jewel Strong.

On the bus trip with the group was Mrs. Ula Yancey, Mother Advisor of Plainview Assembly, and her girls; and Mrs. Campbell and four girls from Earth Assembly.

Headquarters for the Assembly was the Rice Hotel, and sessions were held in City Auditorium. Mrs. Mary Farley assisted in the Grand Examining room, with the A and B Certificate tests.

Elizabeth Farley, Grand Representative from Alabama to

Gilbreath Home Setting For Pre-Nuptial Shower and Coffee Honoring Miss Pence

A pre-nuptial shower and coffee was held from 9:00 until 11:30 a.m. Tuesday of this week in the lovely home of Mrs. Rufus Gilbreath, 619 W. 7th, honoring Miss Billie Ann Pence, bride-elect of Mr. Jackie Tidwell.

As guests arrived, they were greeted by Miss Pence, her mother, Mrs. Andrew Dutton and the mother of the prospective bridegroom, Mrs. A. A. Young. The entrance hall featured a fan arrangement carrying out the honoree's chosen colors of blue and white.

The registry table was decorated with a silver compute bearing a blue taper, before a fan arrangement, and a single gardenia, favorite flower of the honoree.

Assisting in the houseparty were: Misses Janell McGuire, Sherry Allison, Alva Lee Shofner, Doris Ann Gilbreath, Barbara Douglass, and Georgia Faye Dunlap. Miss Mona Ellen Wilhite presented music at the piano throughout the morning.

Coffee and dainty breakfast rolls were served from a silver appointed table covered with a white crocheted cloth. Centering the table was a bouquet of white sock flowers before a blue net fan on which was written in silver glitters, "Billie Ann—Jackie, June 24."

Gifts were on display in the den. Some seventy-five guests called during the morning, and

many who were unable to attend sent gifts.

Hostesses were: Mmes. Lee Pool, G. F. Howell, Edgar Broyles, L. T. Green, Jr., J. T. Shofner, John Inman, Howard Elliott, Houston Hart, Verney Towns, Cecil Burdman, Gerald Allison and Rufus Gilbreath.

Miss Margaret Jordan Becomes Bride of Gaylon Niel Weaver In Slaton Ceremony

In an impressive ceremony read at 4:00 o'clock in the afternoon last Friday, in the First Methodist Church of Slaton, Miss Donita Margaret Jordan became the bride of Gaylon Niel Weaver.

Parents of the couple are Mr. and Mrs. Lewie Jordan, of Goodland, and Mr. and Mrs. Elton Weaver.

Rev. J. B. Sharp, pastor of the church, performed the double-ring service before an archway of Cathedral tapers against a background of emerald palms flanked with arrangements of sunburst gladioli.

Miss Nan Johnson, of Goodland, was maid of honor. She wore a pink dress with matching mitts and a headband of net, and carried a bouquet of pink carnations. Bridesmaids were: Misses Gin Pollard and Kay Cole, of Goodland, and Da Onna Weaver of Southland, sister of the bridegroom. Their gowns of yellow, green, and blue, respectively, were styled after that of the

Texas was presented during the meeting, and Quineil Elliott sang in the Grand Choir. Eight girls from Muleshoe received A certificates and six received B certificates.

RECEPTION FOLLOWED

Immediately after the ceremony, Mr. and Mrs. Jordan, parents of the bride, entertained with a reception in Fellowship Hall. The bride's table was laid with an escur lace cloth over blue, with blue satin streamers running from the center to the edge of the table. The three tiered wedding cake and punch were served to guests by Misses Brenda Batesse, Mary Alice Stone and Willie Pat Baxley.

Gwendia Lee Parker sang, "I Love You Truly", and "My Happiness". She was accompanied at the piano by Nancy Cook, who also presented the traditional marches.

Reception followed: Immediately after the ceremony, Mr. and Mrs. Jordan, parents of the bride, entertained with a reception in Fellowship Hall. The bride's table was laid with an escur lace cloth over blue, with blue satin streamers running from the center to the edge of the table. The three tiered wedding cake and punch were served to guests by Misses Brenda Batesse, Mary Alice Stone and Willie Pat Baxley.

City Park Scene Of Observance of Anniversary

Muleshoe City Park was the setting Sunday afternoon following Church services, for the observance of the forty-fourth wedding anniversary of Mr. and Mrs. J. J. Redwine. The occasion also was in observance of Father's Day.

Sixty-one children and great grandchildren were in attendance, and one great grandchild. Only eight of the family were unable to attend.

A number of pictures were taken of the group. An enjoyable day was reported in spite of the rain.

Miss Pat Cooper Becomes Bride of Paul McMahan In Double-Ring Service

MR. AND MRS. PAUL McMAHAN

Miss Pat Cooper and Paul J. McMahan exchanged wedding vows at 8:00 o'clock in the evening, June 10, at the Progress Methodist Church, with the Rev. Roy R. Havens, officiating.

The double-ring service was read before an archway of greenery and white gladiolus florets, centered with wedding bells and pink satin bows. White vases of pink salt cedar sprays and candelabra bearing pink tapers flanked the arch. In the background, to complete the setting, the communion table was covered with a white linen cloth and centered with a Bible opened to Proverbs 31: 10-31, and marked with a pink satin ribbon. Behind the Bible was a pink taper in crystal holder.

Given in marriage by her father, the bride wore a ballerina length gown of white lace over white cotton satin. Designed and made by the bride, it featured an elongated torso ending in six points above the flared skirt. A short fitted jacket designed with elbow-length sleeves, rounded collar and self covered buttons completed the ensemble. Her shoulder length veil of illusion

(Photo by Cline) fell from a white net. She wore white mitts of lace over satin trimmed in seed pearls and carried a bouquet of white gladiolus florets atop a white Bible.

Something old and borrowed was the Bible, which belonged to her grandmother; something new was the dress; and something blue was a garter, made and presented to her by Jerene Murrah.

Linda and Sandra Cooper, twins attended their sister as bridesmaids. They wore identical gowns of shell pink batiste designed with elongated bodices and full gathered skirts. Their hats were of white embroidery, and they carried bouquets of pink sweetpeas.

Frances and Doris Cooper, also sisters of the bride, lighted the candles. Their ballerina length gowns of lime-green cotton swissette were styled after those of the bridesmaids.

Mrs. Joanne Garrett presented the traditional wedding marches at the piano, and also accompanied Mrs. Joyce Walker, who sang, "O Promise Me," "Melody of Love," and "The Lord's Prayer."

Mrs. Wyer Study Leader of WSCS

Youth Chapel of the new First Methodist Church was the setting at 9:00 o'clock a.m. Tuesday of this week for a regular meeting of the Women's Society of Christian Service, which opened with the group singing, "The Morning Light Is Breaking".

Mrs. H. Jay Wyer, study leader, read Scripture from Matthew and Acts, and discussed the Home Missions. Assisting her on the program were: Mmes. Clarence Stephens, J. E. Day, and Arnold Morris, who spoke on the topics, "Education", "Social Welfare", and "People — The Depth of Our Concern", respectively.

Mrs. Wyer thanked the ladies for helping with the program after which the group sang, "Jesus Shall Reign".

Presiding over the business

A reception was held immediately after the ceremony in the Methodist Fellowship Hall at Progress. The serving table was spread with white lace over pink, and held a punch bowl of lime punch and a three tiered wedding cake made by the sister of the groom, Mrs. Lucille Raney. Assisting in the house party were: Lucille Davis, Evelyn Bratcher, and Eveline McMahan, sister of the groom.

Following a wedding trip to points of interest in New Mexico, Mr. and Mrs. McMahan will make their home in Littlefield, where he is employed with the R. and W. Supply Co.

Mrs. McMahan is the daughter of Mr. and Mrs. Arthur L. Cooper, of Muleshoe. She is a 1956 graduate of Muleshoe High School. Her husband is the son of Mr. and Mrs. McMahan of Muleshoe. He attended school at Progress and spent four years in the U. S. Navy, receiving his discharge in April of 1955.

hour was Mrs. Mervin Wilterding. It was reported that the new rug is down in the front bedroom of the parsonage. The committee to welcome guests to the parsonage Sunday will be composed of Mmes. Mervin Wilterding, S. C. Beavers, and Noel Woodley.

The resignation of Mrs. Earl Howell was accepted with regret. The W. S. C. S. is to furnish the potato salad for the dinner at the formal opening of the new church building Sunday.

Mrs. O. N. Jennings, whom the W. S. C. S. is very glad to have back, closed the session with a prayer.

Attending were: Mmes. H. Jay Wyer, Mervin Wilterding, Earl Howell, O. N. Jennings, F. B. Pierson, Arnold Morris, R. O. Gregory, Clarence Stephens, I. F. Willman, S. C. Beavers, W. B. Moore, O. C. Kirk, and J. E. Day.

Phillips Home Setting For HD Club Meeting

Mrs. Leldon Phillips was the hostess at 3:00 p.m., June 13, to members of the West Camp Pollyanna Home Demonstration Club as that organization met for business.

Taking part on the program were: Mmes. Harvey Bass and Hazel Welch, of Muleshoe, who gave a demonstration on the use of the Necchi sewing machine and attachments.

Present were: Mmes. Jack Peel, Virgil Nowell, S. L. Busbice, Kenneth Nesbitt, Everett Roark, E. E. Hughes, E. A. Walker, Leldon Phillips, and guests. Mmes. D. H. Allen, of Littlefield, J. W. Phillips, and the ladies who presented the demonstration.

The next meeting will be at the regular time, June 27, at the home of Mrs. Virgil Nowell.

MULESHOE CHIROPRACTIC CLINIC

PHONE 6090

Located Across From Courthouse

DR. BROOKE GREEN, D. C., shown setting controls on the new Universal X-ray machine installed last week in Muleshoe Chiropractic Clinic.

BACK TROUBLE, SIDE PAINS & ARM SORE

CASE HISTORY:

Man, age 45, Symptoms, severe back trouble and it was difficult for him to move without excruciating pain. Upon moving his side ached terribly and he had a painful feeling in his arm.

A few years ago he sprained his knee and had to stay in bed one week. Also, he sprained his spine in lifting. From then on he had trouble with his back, side and arm until he had to quit work.

He came to Chiropractic Clinic after trying different forms of treatment without results.

The X-Ray examination of his spine revealed that the vertebrae in his neck were badly misaligned. Also, there was a curvature in

his spine in the dorsal region. Two nerve tests accurately located bad nerves, leading to his spine, his arm, and his side. Upon further questions he told us of a fall he had one time that broke his leg. This further proved that if a fall or sprain was great enough to break his leg or injure his spine, it was also great enough to knock the vertebrae in his back out of place.

After a series of Chiropractic Service this case is now feeling as tho he were a new man. His back does not hurt any more; his arm and side are feeling fine; he is able to do more work than he has in several years; and he has put on weight. He says, "I wouldn't take anything for what Chiropractic has done for me."

INSOMNIA

CASE HISTORY: Lady age 29 who had suffered from severe insomnia unable to sleep for nearly 2 weeks. Back hurt all time; aching in left shoulder and for four years, sinus trouble, and constipation. Had tried many kinds of remedies without re-

sults. She came to the Chiropractic Clinic as a last resort. She was examined at the clinic and after a series of adjustments she was able to sleep soundly. The adjustment released the nerves and in a few weeks time all symptoms had disappeared and under a complete course of adjustments, she felt like a new person.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

THURSDAY, JUNE 21, 1956

VOLUME 35, NUMBER 25

GERMAN CHANCELLOR COMPLETES U. S. VISIT—New York Gov. Averell Harriman (l.) greets Konrad Adenauer as the German Chancellor visits the Governor in New York City. Adenauer conferred with President Eisenhower at Washington's Walter Reed Hospital earlier in the day. He concluded his U. S. visit in Chicago, Ill. and Milwaukee, Wis. before departing for Germany.

Bailey Savings Bonds Sales Lag

In the first five months of 1956, Bailey county people have subscribed only one-fourth of the year's total goal set up for the sale of U. S. Savings Bonds, according to an announcement of Jesse M. Osborn, county chairman.

In May, sales totaled \$12,675, he said. Sales to the end of May, Mr. Osborn reported, total \$43,395, or 25.3 per cent of the established goal of \$170,000 for the county this year.

Included in this district are Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer, and Swisher Counties.

"Bailey County's percentage is the lowest in the district," the chairman said in urging the people to save by buying U. S. Savings Bonds.

Morton Tourney Has \$1,000 Prizes

The first invitation golf tourney ever sponsored by the Morton County Club has been announced for June 21st through 24th.

A \$10 entry fee affair, the event is hoped to draw approximately 100 golfers from the area.

Morton golfers for several years have been well known for attending invitational tournaments sponsored by almost every country club on the Plains. Morton had heretofore felt they weren't ready for such an event. Now, with the installation of wells and sprinkler system last season, and grass greening the local club is ready to tackle the affair.

Those wishing to enter may send or phone in qualifying scores to Roy Tarver, Jr., but if they want to compete for medalist honors and enter the championship flight, the qualifying round must be played on Thursday.

Match play will begin at 8 a. m. next Friday morning, June 22 and the tourney will end on Sunday.

The ladies group will serve sandwiches during the tournament and a barbecue for golfers and their families will be served Thursday evening, after the qualifying rounds are over.

One of the big features of the tournament is the total of \$1,000 in prizes to be awarded. The awards will be in the form of merchandise.

* Doyle Turner and Leroy Hicks visited in the Black community on Monday night.

Capt. Bundrant Finishes Tour Of Active Duty

CAPT. BUNDRANT SAN DIEGO, Calif. - Marine Reserve Capt. Vernon L. Bundrant, son of Mr. and Mrs. C. A. Bundrant of Goodland, Texas, and husband of the former Miss Evelyn Sutton of Martinsville, Ill., completed a two week tour of training duty June 8 at the Naval Amphibious Base, Coronado, Calif.

Capt. Bundrant is employed by Idaho Springs Public School, Idaho Springs, Colo. He underwent a course on Basic Amphibious Staff Planning at Coronado under the instruction of the Landing Force Training Unit.

The two-week course is designed to refresh and expand the knowledge or reserve officers in the latest developments in amphibious operations.

Mr. and Mrs. Ira Welch and family left Monday for a vacation trip to the mountains near Alpine, Ariz. They expect to be gone about a week.

A & M Experts Hope To Finish Area Vegetable Survey By January 1

LUBBOCK, June 20 — Progress on the West Texas vegetable study by officials of the Department of Agricultural Economics and Sociology, Texas A&M College is well underway. Leigh H. Hammond, assistant professor, reported last week.

The vegetable survey was requested by the West Texas Vegetable Council so as to determine the exact vegetable situation and prospects for farmers in this area.

While in this area last week, Hammond reported a mail survey to farmers to determine acreage now being devoted to vegetable crops is in progress.

Response Reported Good

In addition to the mail survey, which has brought better than expected results Hammond said, the officials are also contacting other farmers personally on the vegetable situation.

Interest in the vegetable program has been narrowed to the counties of Deaf Smith, Parmer, Castro, Bailey, Lamb, Hale, Floyd and Lubbock plus fringe areas of other near by counties.

The mail survey began about April 1 and officials hope to have some preliminary results ready in a few months and the entire survey complete by the end of the year.

Vegetables to be produced in this area probably will be confined to carrots, lettuce, onions, tomatoes, cabbage, cantaloupes, potatoes and peppers.

4-H Boys, Agent Return Friday From Club Camp

County Agent J. K. Adams returned June 15 from the annual 4-H club roundup at College Station which began June 12.

Adams was adult leader for the county and was accompanied by Wesley Warren of Maple, Lyndel Black of Muleshoe, from the Bailey county 4-H clubs; and Doyle Turner, of Lamb county.

Adams' fare to the roundup and return was made possible by the Muleshoe Chamber of Commerce.

While attending the roundup, the group viewed the extensive testing methods used by A. & M. personnel, before they approve new insecticides for commercial use.

Visiting in the Lonnie Bass home during the weekend was her parents, Mr. and Mrs. S. L. Fieldton, and her sister and brother-in-law, Mr. and Mrs. LaMoin Hoverton, of Spade. Another sister, Miss Linda Feldton, remained for a longer visit.

Mr. and Mrs. Marshall Morris and son Mark, of Ft. Worth, were weekend guests in the home of his parents, Mr. and Mrs. Arnold Morris.

Three Way Field Sodded with grass

The Three Way high school football field was sodded with grass the first of this week. About ten men and twenty-five women and children did the work from 8 a.m. to 12:45 p.m.

Fortunately, about one-half of an inch of rain fell that night, so the prospects of a good turf by fall are promising.

There is also a lot of improving going on, on the Three Way school grounds. Four new 4 room houses for teachers have been added, and the old FFA building is being torn down to be replaced with a new one.

TROUTMANS RETURN FROM TOUR OF STATES

Mr. and Mrs. O. D. Troutman returned home last week from a vacation trip which took them through five states: Mississippi, Louisiana, Tennessee, Arkansas and Oklahoma.

They report that crops in those states are more beautiful than they can ever remember seeing them, as there has been plenty of rain this year.

During the trip they visited at Springdale, Ark. with Mr. and Mrs. Roy Howard; at Branch, Ark. with Mrs. Troutman's cousin, and at Kawaha, Okla., with Mr. Troutman's sister.

HAD HALF INCH RAIN

Conrad Williams, Goodland community was in The Journal office Monday and reported one-half inch rain fell at his place Sunday afternoon. He said rain in varying amounts had fallen all the way from his place to town. In some places, he noted, weeds were getting a mighty good start.

Ford Trucks Cost Less!

When you take everything into consideration, you'll agree it costs less to own a Ford Truck. Ford costs start low—Ford costs stay low!

You probably know that the factory-suggested list prices of Ford Trucks are scaled right down with the lowest. What you may not know is that dozens of Ford Truck models are priced below all competitive makes!

And Ford Truck costs are cut by route sales. It stays high—thanks to the big demand for used Ford Trucks.

Operating costs? Only Ford gives the oil and gas economy of a modern Short Stroke engine in every truck, V-8 or Six. Maintenance costs? Fords are built stronger for longer life!

No other truck at any price gives you all these Ford features!

- Only Ford gives you modern Short Stroke power in every engine in the line, V-8 or Six.
- Ford F-100 Truck, shown, gives you the widest standard one window of any truck on.
- No other pickup gives you Ford's exclusive design clutch — for stronger engagement, longer life.
- The Ford Truck's axle is engineered for heavier loads than any other half-tonner. Up to 400 lbs. more combined capacity!
- In heavy-duty models, Ford offers you a combination of long-life engine features found in no other line of trucks... such as stress-relieved cylinder heads, and stress-optimized exhaust valves, fused with flame-annulars that run cooler, last up to five times longer.
- Only Ford Trucks give you the Dura-Disc Cab for top in comfort. Custom Cab has five inches of foam rubber in the seat, plus three inches in the seat back.
- Only Ford gives you life-guard steering wheel and safety door latches standard in all cars.

Ford Trucks Last Longer!

"My MATHIESON irrigation system is GREAT!"

says Mr. Coomer who is farming near the VVN Ranch land.

Mr. Coomer farms grain and cotton in sandy land, and he has found that parts of his land can be irrigated with the Mathieson gated aluminum pipe system that could not be watered any other way. He has 60 feet of six-inch aluminum gated pipe, with which he can safely irrigate 18 rows at one setting. The canvas tubes and burlap tube ends prevent washing the rows and erosion of the soil.

If you have an irrigation problem on sloping or hilly land, if you are interested in water conservation at low cost, see us today about a sprinkler or gated pipe irrigation system.

Pets on Parade

THE MEETING WILL COME TO ORDER—These pet aristocrats of dogdom got together recently to plan a series of dog shows in Phoenix, Ariz. Before reaching a decision, however, they took time out for this photograph. Pictured (l. to r.) are Kachina, a collie; Ripper, a pipe-smoking French poodle; Ace, a Basset; Sandy, a cocker spaniel, and Apache, a Bedlington terrier.

PLAYFUL PUMA—Most housewives might find it disconcerting to have a 350-lb. puma breathing on them when they wash dishes, but not Mrs. Melvin Kooztz, of Thousand Oaks, Calif. This unusual pet, named Kimbo, is five years old and consumes 10 lbs. of horse meat and a gallon of milk daily.

BIRD WATCHER—Boots, the boxer, looks as though he's afraid of an attack, but his parakeet friend, Pete, is just amazed at the water Boots slurps from the kitchen faucet. The two are great friends, according to owner Marty Gronachan, of Queens, N. Y. (AP Wirephotos)

CONTRACTORS' PET—These two International earth-moving giants are favorites of contractors who want to move tons of earth in a hurry at low cost. This big 282 h.p. International Model 75 Payzenger, capable of hauling 22 cu. yds. of material at speeds to 24 m.p.h., is shown being push-loaded by another favorite of contractors, the International TD-24 diesel torque converter crawler tractor which develops 200 net engine h.p.

By John C. White, Commissioner

TEXAS YAMS ON THE NATIONAL DIET

The Texas Sweet Potato industry passed an historic milestone last year. For the first time, more than two million bushels of graded and inspected Texas sweets found their way to National markets.

Ability of Texas Sweet potatoes to compete successfully with those from other states in the big markets was made possible through a grading and inspection law passed by last year's legislature. Until last September, when the measure became effective, Texas yams were shunted at national markets in favor of graded potatoes from other areas.

Since then, however, the Texas Department of Agriculture which administers the law has processed 1,938,847 bushels for the industry. An additional 100,000 bushels were graded and inspected for individual farmers.

Since the program began, market outlets for the Texas product have developed in Detroit, Chicago, New York and several western states where buying is strictly on a graded basis.

Texas grading standards are high — even higher than those required by the federal government. This is borne out by the fact that Texas sweet potatoes remain in better condition when shipped to distant markets than do those of many competing states.

The state inspection and grading service is operated on a self-supporting basis with no additional cost to taxpayers. Small service fees collected on the large movement take care of all expenses and add up to bigger profits and expanded markets for the producer.

Principal growing area for Texas sweets is centered around East Texas although there is scattered production throughout the state. Last season's production amounted to about 3,480,000 bushels. This was slightly below the 10-year average of 3,664,000 bushels, mostly due to reduced acreage. Only 29,000,000 acres were planted to sweet potatoes, compared to the average of 46,000 acres.

However, yields were extra good last season. Average production was 120 bushels per acre, considerable more than the normal yield of 77 bushels.

If such crop conditions continue in the future, new-found market outlets through better standards promotion can make the sweet potato one of Texas' prize crops.

PARMER COUNTY Farm Bureau News

By RAYMOND EJLER

Tractor gasoline exemption service was originally set up by your Farm Bureau to serve members. We have always, and still do, provide the service to all customers of dealers who sent the invoices to us. Non members are charged a nominal fee, since they do not otherwise contribute to maintenance of the office. If you do not wish us to file and services your invoices, please tell your dealer to give or mail them to you instead of sending them to us.

Here are some facts about your president, Gilbert Kaltwasser: He was born in Vernon, Texas in 1926. In 1931, he moved with his parents to a farm west of Farwell, near Lariat. He lived until 1945 when he entered the army and served in the Philippines and Austria. He was discharged in 1947 and returned home and began farming 550 acres, which he still farms.

In 1950, he married Elizabeth Kramer, of Clovis, N. M., and built a home adjoining his parents, where they now live. They have a girl, Cheryl, age 4 and a boy, Steven, age 2. In June, 1954, upon the resignation of Clarence Meeks, Gilbert was elected by the directors to fill the unexpired term as director from the Farwell area. In June, 1955, Gilbert was elected by the directors to fill the unexpired term of president, when A. J. Ellison resigned. He was elected to a full term as president at the 1956 convention, in Bovina.

On the first Monday night of each month, Gilbert presides where committee reports are heard, current legislation, local farm problems, etc. are discussed and acted upon, in accordance with resolutions of the annual county convention. One to three days each month find Gilbert in Lubbock, Amarillo, College Station, Waco, or some other place, meeting with farm leaders from other areas of Texas, where state and national farm problems are considered. He says he would

ing service is operated on a self-supporting basis with no additional cost to taxpayers. Small service fees collected on the large movement take care of all expenses and add up to bigger profits and expanded markets for the producer.

Principal growing area for Texas sweets is centered around East Texas although there is scattered production throughout the state. Last season's production amounted to about 3,480,000 bushels. This was slightly below the 10-year average of 3,664,000 bushels, mostly due to reduced acreage. Only 29,000,000 acres were planted to sweet potatoes, compared to the average of 46,000 acres.

If such crop conditions continue in the future, new-found market outlets through better standards promotion can make the sweet potato one of Texas' prize crops.

always like to have any interested farmer accompany him to any county, district or state meeting, and particularly to county director's meeting. Gilbert and his wife are active in community civic and church work, too. Since 1948, he has served as Chairman of the Lariat Lutheran Church. This, briefly is your Parmer County Farm Bureau president. To know him well is to appreciate him more. His willingness to work outside the fence row is one of the reasons the good thing for farmers don't just happen; they are accomplished.

Texas Bankers Aid 4-H Clubs In State With Foundation

Four-H Club work throughout the nation will benefit from a special fund now being raised by Texas bankers. These long-time friends and supporters of 4-H under the leadership of Art P. Bralley, vice-president of Amarillo's American National Bank, have joined in a national fund-raising effort in behalf of the National 4-H Club Foundation.

Bralley is state chairman and J. W. Tapp, Chairman of the Board of the Bank of America, is the national chairman for the program. The state chairman has told Texas bankers that the National 4-H Club Foundation is a non-profit, educational organization which not only helps improve and expand 4-H club work in the United States but also provides an opportunity for our young people to promote world understanding and peace.

Currently, Bralley said the Foundation is supporting the International farm youth exchange program which exchanges rural youth between the U. S. and other countries; is engaged in establishing and operating the National 4-H Club Center; conducting a citizenship improvement study in which Texas is participating as a pilot state and sponsoring a workshop program in human relations training for youth leaders. Bralley said 10 Texas 4-H leaders have attended one of the workshop sessions. The Amarillo banker said that

Ice Cream Tops Plentiful Food List For July

Feature foods for the month of July are listed by the U. S. Department of Agriculture as broilers and ice cream. Production of both is expected to reach record highs during the month.

The total list includes more than a dozen foods. Cantaloupes and watermelons are expected to dominate the fresh produce markets along with fresh summer vegetables. Movement from the areas of heavy production is stepping up and supplies increasing, say the marketing experts.

Fresh and processed lemons and limes are the only fruits listed on the July plentiful list.

Milk production is still running far ahead of last year, and all dairy products are just about as abundant this month as last.

Turkeys, canned cranberry sauce, peanut butter, canned tuna in oil and pinto beans round out the list for the Southwestern area.

For the family picnics and weekend outings, you can't beat a menu made up of foods which are now in heavy supply... fried or barbecued chicken, fresh vegetables, iced watermelon or cantaloupes, plus dairy products.

many banks are supporting 4-H club work on the local level but urged all banks to give consideration to the support of the National 4-H Club Foundation.

Cool Ride Can Cut Hog Losses On Way To Market Places

Shipping losses can be cut by giving fat hogs a cool, comfortable ride to market.

E. M. Rebenbrecht, extension swine husbandman, suggests using sand for bedding and wetting it down before loading. If the haul is a long one, sprinkling the hogs and again wetting the sand while enroute will help keep the hogs more comfortable. Too, he adds, if the weather is extremely hot, broken ice scattered over the bedding will help. Hogs killed or injured enroute to market represent a loss in feed, labor, time and money and such losses can get the profit from an entire load in a hurry, says the specialist.

Here are other suggestions for cutting transit losses. Don't feed just prior to loading but feed on arrival at market to reduce shrinkage; use good loading chute, trailer or truck; use patience and common sense when handling the animals; use slappers instead of whips or clubs and use an electric prod pole very sparingly; when loading or moving the animals; avoid crowding; separate boars, stags and large from small hogs in transit and load and unload slowly to avoid injury to the animals.

Feeding rations which do not provide enough minerals to produce hogs with strong bones is

also listed by Rebenbrecht as a contributing cause of injury. Slop fed hogs and those that have received too much "fill" just before shipping shrink more than other hogs.

Finally, says the specialist, good feeding job, profit-wise that is, can be nullified if death and injuries are permitted to take their toll. A dead hog is worthless regardless of the kind of feeding job done and those injured enroute to market are docked when offered for sale.

Mr. and Mrs. Carl Ellington and children, Carla and Eddie, have just returned from a vacation trip to various points in Texas. They will visit his parents, the J. E. Ellingtons, at Killeen; her parents, Mr. and Mrs. T. W. Alexander, at Haskell; Mr. and Mrs. Robert Waggoner at Snyder, and attend a family reunion at Seymour.

Mr. and Mrs. A. M. Johnson and daughters, and Mr. and Mrs. M. H. Burkhardt and family, visited Sunday in Littlefield with Mr. and Mrs. J. W. Burkhardt.

Turn Chevy out on the road to discover its real charm! For this is the beauty that recently raced 2,438 miles in 24 hours to set a new round-the-clock competition track performance record!

It happened at the famed Darlington Raceway, Darlington, S. C. A regular production Chevrolet with 225 h.p. poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles!

Add that to Chevy's unparalleled record in stock car competition — and you come up with the low-priced beauty that outshines every body! No maybes about it. Here's proof of pep and performance that means safer, happier highway driving. Few cars at any price can hold the road with Chevrolet's grace. And it's got the stamina to stand the gaff for 24 straight scorching hours at a pace that few other cars would even attempt to match! Drop by — you'll see you can't beat Chevy for a buy, either!

AIR CONDITIONING — TEMPERATURES MADE TO ORDER — AT NEW LOW COST. LET US DEMONSTRATE.

Babson Discusses . . .

THE 1956 CROP OUTLOOK

Babson Park, Mass., June 21. From present indications, Mother Nature may be of some assistance this year to harassed government officials — not to mention overburdened taxpayers in reducing farm surpluses. My first survey of the 1956 crop outlook points to the lowest prospects in eleven years. Here are some of the highlights.

WHEAT AND RYE OUTLOOK

For the third successive year, total production of wheat probably will fall short of the billion-bushel mark. Output of winter wheat — the main crop may be in the vicinity of 670,000,000 bushels down 5% from a year ago and well below average. If the spring crop amounts to about 253,000,000 bushels, as I expect, the total U. S. crop of 923,000,000 bushels would be the smallest since 1943. However, since the total July 1 carryover threatens to top 1,000,000,000 bushels, total supplies will still be burdensome.

Rye is doing well in some areas, less so in others. Its over-all condition as of June 1 was 78% of normal, compared with 74% on June 1, 1955 and with the 10-year average of 82%. This could mean an overrun this year equaling or exceeding the above-average crop of 29,187,000 bushels produced last year. This would be sufficient for all requirements.

LARGE CORN AND SOYBEAN CROPS LIKELY

It is uncertain at this writing just what effect the government's Soil Bank program will have on production of corn and soybeans this year, but my forecast is, not very much. Last spring, corn farmers indicated that they intended to plant an acreage 3.5% smaller than in 1955, when the crop amounted to 3,181,836,000 bushels — the sixth largest of record. Given favorable weather conditions, I believe the Corn Belt will go to town again this year. Meanwhile, I forecast higher average prices for old-crop corn, and lower prices for new-crop corn this fall.

Last spring farmers indicated intentions to plant a record 21,760,000 acres to soybeans — up 10.6% from the previous 1955 record. Nothing

has since occurred as far as I know, to materially alter those intentions. If weather conditions remain favorable, the 1956 crop of soybeans could easily top 100,000,000 bushels and set a new record for this wonder bean. Total supplies for 1956-1957 should not, however, prove burdensome, in view of the government support program and an expected heavy volume of total consumption. Some prices weakness could develop this fall, with recovery to follow.

COTTON PROSPECTS

The U. S. cotton crop is making generally favorable progress. It is too early in the season, however, to form any hard and fast opinion as to the final size. Possible insect damage must be reckoned with between now and harvest time. Plantings this year were officially restricted to a total of only 17,437,000 acres. As recently as in 1951, farmers planted 28,195,000 acres to cotton. No record crop will be grown on the relatively small 1956 acreage, but it may turn out to be larger than the cut in acreage would indicate.

Farmers in recent years have learned the art of intensive cultivation — "getting the mostest out of the leastest." It is a safe bet that Dixie will follow this procedure in cotton this year. Even a reduction to only 10,000,000 bales would not go very far toward cutting the millions of bales in government hands. The cotton problem is still far from solution.

FARM PRICE OUTLOOK

In the past several years, American farmers as a whole have taken it "on the chin" pricewise. In the last few months, however, the average of farm prices has been edging upward. Barring a severe business recession, which I am not now forecasting for 1956, I believe that the farm price decline for this cycle is about over. The Soil Bank plan and other remedial measures yet to be found and applied should go far toward correcting the errors of the past agriculture, although some small and inefficient farmers may get hurt in the healing process.

THIS WEEK

-In Washington

Clinton Davidson

A couple of college professors have been studying the outlook for farmers for the next 10 years, and some of their conclusions may be worth putting away for future reference. John D. Black of Harvard and James T. Bonnen of Michigan State are called to Washington frequently by officials and Congress to give advice on farm programs and legislation. They've written a booklet giving their ideas of what farming will be like in 1965.

There will, they predict, be a million fewer people on farms by 1965, but they will be producing 17% more food and fiber on fewer acres than now in cultivation.

Each worker on farms will be producing about 25% more in 1965 than in 1955. Output per worker has almost doubled since 1940. There will be fewer small farms and more with 300 acres or more.

There will be 15% more Americans to feed and clothe in 1965, and each of them will be eating 4% more. They'll eat less potatoes, wheat and other cereals, but more meat, dairy and poultry products. Even so, they'll spend a 4% smaller percentage of their income for food.

Government production controls and price supports will have to be continued during the next 9 or 10 years, Black and Bonnen think. They see further cuts in acreages of cotton, wheat and feed grains, cotton by 4 million acres, wheat by 18% and feed grains by 15%.

Land taken out of crops will be put into grazing and soil conservation. Yields per acre on land remaining in cultivation will increase by another 20 to 25%. Cost of production per unit will be slightly less.

The outlook for livestock growers is the brightest. Demand for beef will rise by about 20%. Prices for beef cattle will increase by about 25% by 1965, then decline until 1965, the professors predict.

Hog production will increase by about 15%, the same percentage as the population increase. Hog prices are likely to average about \$19.50 a cwt. around 1965, an increase of about 5 or 10% over recent years.

The future for dairying looks good to Black and Bonnen. They predict that farmers will be getting 12% more milk from about the same number of cows. Fluid milk prices will average 10% higher, but butterfat prices will decline.

The outlook for poultrymen is just so-so. Egg production is expected to increase by 50%, but per-capita consumption of eggs will go up by about 13%. Egg prices will average about 36¢ a dozen. Broiler production is expected to increase by 36%, with prices in 1965 at about 25¢ a pound.

The professors see more trouble ahead for potato growers. Per-capita consumption is down 1/3 in 25 years to an average of 100 lbs. and is expected to decline to 90 lbs. by 1965, when prices will average \$1 to \$1.10 a bu.

They see more trouble ahead for cotton and tobacco farmers. Demand for cotton both at home and for export will decline and prices probably will drop by \$20 a bale. Tobacco growers face an acreage cut of 25% and prices 5% to 10% lower by 1965, they predict.

Smooth Sailing Again?

CHRISTIAN SCIENCE SERMON

The ever-present power of Christian healing will be brought out at Christian Science service this Sunday.

Scriptural selections in the Lesson-Sermon entitled "Christian Science" will include Christ Jesus' instructions to his disciples (Luke 10:9): "And heal the sick that are therein, and say unto them, The kingdom of God is come nigh unto you."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, is the following (98:15): "Beyond the frail premises of human beliefs, above the loosening grasp of creeds, the demonstration of Christian Mind-healing stands a revealed and practical Science. It is imperious throughout all ages as Christ's revelation of Truth, of Life, and of Love, which remains inviolate for every man to understand and to practise."

TRAFFIC LAWLESSNESS

According to James S. Kemper, former U. S. ambassador to Brazil and now an automobile insurance executive, there is a way to reduce traffic deaths by 88 per cent: See to it that every driver obeys the law.

The companies Kemper heads have determined, he says, that 33,700 of the 38,000 persons who were killed in motor "accidents" last year lost their lives because of traffic violations.

Viewed in that light, traffic lawlessness has become probably the greatest scourge of modern life. And enforcement of traffic laws, strictly and impartially, is more important than the enforcement of laws against murder and other homicides.

There is a strange psychology about traffic violations that deserves special study. Millions of Americans who are law-abiding in all other respects, seem to feel no compulsion whatever to obey traffic rules.

How high will the traffic toll have to go before a climate favorable to the laws which have been written to keep us all alive on streets and highways can be created? —Denver Post.

Cotton Insect Report

Light to occasional heavy rains fell over the area during the past week. Where rains were heavy, insect infestations were often reduced to a marked degree. Since thrips continued to move into cotton fields in large numbers, infestations often built up rapidly following the heavy rains.

Thrips continued to be the major problem in most locations. Infestations ranged from light on scattered late planted cotton, to medium or heavy in most other fields. Damage was generally easily detected by very

Sand Hills Philosopher . . . SEES NO POINT IN REST OF WORLD WAITING FOR BOOM

Editor's Note: The Sand Hills Philosopher on his Johnson grass farm is talking about, if we understand his letter, international prosperity, although we may be wrong.

Dear editor: One thing I don't understand about foreign aid — and understand, I'm in favor of it, I'm in favor of both foreign and domestic aid — is the argument that if we don't help other countries to get and stay prosperous, we can't stay that way ourselves.

In fact, I was reading just last night in a copy of a newspaper which a neighbor had wrapped some vegetables in and left on our doorstep as an example of domestic aid, where a foreign aid expert said in Washington that "we can't have world-wide prosperity as long as one segment of this world is still not prosperous."

I doubt this. Take me and the rest of the United States. As I understand it, the U. S. is at its most prosperous peak in history, people are making more money, spending more, borrowing more, owing more, than ever before, in fact, you might say prosperity is nation-wide, but you ought to see the segment of it bounded by the

four sides of my farm out here. My situation seems to defy the argument you can't have nation-wide prosperity as long as one segment of it hasn't got it, and I don't see why you couldn't stretch it to take in a world-wide situation too.

In fact, I have an idea if we're waiting for every single nation, and every single individual in every nation to be prosperous before anybody can relax and enjoy prosperity, we've got a long and unrelaxed wait ahead of us.

In fact, if there's anybody in this country overflying with prosperity and waiting for me to reach that status before he cuts loose and enjoys his, my advice is to go ahead and cut loose, don't wait on me. I've got a different system out here. It's ridden out not only prosperous times but depression too; you can hardly tell the difference.

My advice to anybody with prosperity on his hands and bashful about what to do with it, is to forget about me and use what he's got. I have no objection to me being prosperous, but I know what it takes, it takes hard work, and that's a pretty high price to pay.

Yours faithfully,
J. A.

small and deformed leaves, many of which had irregular holes. Where cotton had reached the stage of squaring, the presence of tiny dead squares and an excessive number of small leaves also indicated thrip damage. Thrips were generally present in large numbers. Such damage indicated a need for immediate control in many untreated fields.

Where good insecticide applications were made, thrips have been satisfactorily controlled. In some cases where the insects have continued to migrate to cotton fields in large numbers, the interval between treatments has been shortened to five or six days. Poor control has usually been the result of improper application. Good applications will be secured when spray nozzles are operated only high enough above plants to secure complete coverage. This distance has been found to be six to eight inches above the plants. Cone type nozzles should be used with only one nozzle to each row. Sprays should be applied at sixty pounds pressure.

Flea-hoppers were reported in light infestations on early planted cotton. The insects were not found in sufficient numbers to require control. Occasional light infestations of spider mites were found in parts of a few fields in Lubbock and Terry counties. Aphids also appeared in light infestations in occasional fields. Grasshoppers were reported from Lamb county and in heavy infestations in Northwest Mitchell county.

Information contained in the Cotton Insect Situation release

Paul Hammett returned to his home Friday. Paul has spent the last month in a Baylor Hospital in Dallas for treatment. Paul is able to ride in a car. Earl Hammett and family are spending a few days visiting with Paul and family.

FORD sets 500-mile record at Indianapolis Speedway

Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that no stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h.! And Ford averaged over 107 m.p.h. for the full five hundred miles . . . close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

Ford's record was timed and certified by the United States Auto Club

Job Tested . . . prior to shipment

Every Layne pump is not only designed and engineered for a specific job, but is performance tested before it is shipped. This pre-testing of a Layne pump is one of the many reasons why Layne pumps have won the overwhelming endorsement of agriculture, industry and municipalities.

On any question that relates to water, "ask the man from Layne."

"DOCTOR IN THE HOUSE" (2A)

SHIRLEY EATON and DIRK BOGARDE in a scene from "Doctor in the House", presented by the J. Arthur Rank Organization and released by Republic. The comedy in Technicolor, opens at the Cox Drive-In theatre on June 27.

About People You Know

Mr. and Mrs. Robert Newell, of Anton, Dick Greenway, of Temple, and Mrs. Rosie Kelly and daughter of Clovis, N. M., were weekend guests in the I. W. Haney home.

Lou Green visited last week near Temple with her parents and other relatives and friends.

Mr. and Mrs. Cecil Harvey were planning to leave Monday of this week for Wanett, Okla., for a visit with her parents.

Mr. and Mrs. C. B. Howard spent Sunday at Dimmitt with her parents, Mr. and Mrs. J. D. Davis.

Guests last week in the N. R. Iley home was their daughter Mrs. Charles Brown and son of Odessa; Mr. and Mrs. D. J. Hancock of Coolidge; and Mr. and Mrs. D. J. Hancock, Jr., of Tulsa, Okla.

Mrs. Joe Jones, of Lubbock, is visiting this week with her son F. W. "Chief" Jones and family.

Mrs. Nettie Lambert, Mr. and Mrs. Jim Lowe, Mr. and Mrs. Victor Foss, Judy Kay Lambert, Mr. and Mrs. Everett Lambert and sons visited in the John Simpkins home at Lorenzo, Sunday.

Marshal Rutherford, of Boerne, visited in the home of his mother Mrs. Bill Rutherford, and his sister, Mrs. R. F. Parkinson over the weekend.

Mr. and Mrs. Curtis Wooley, of North Hollywood, Calif., and son Randy, were guests in the home of Mr. and Mrs. R. F. Parkinson this week. The two ladies are sisters.

Mr. and Mrs. F. A. Allison attended the midjet races at Portales, N. M., Sunday. Participating in the race was her son, Bobby Peace, of Clovis, and Billy Vinson, of Muleshoe.

Lt. Col. E. H. Alsop, of Ft. Lewis, Washington, visited from Thursday to Sunday in the home of his parents, Mr. and Mrs. J. L. Alsop, and other relatives and friends. He was on his way to San Antonio for a week of special schooling at Brook's General Hospital.

Mr. and Mrs. Owen Jones spent Father's Day with his parents, Mr. and Mrs. Coleman Jones, at Amarillo.

Mrs. Norman Hatch and children, of Hobbs, N. M., were guests for a few days last week in the home of Dr. and Mrs. W. F. Birdsong.

Mr. and Mrs. C. L. Campbell visited Sunday in the homes of Mr. and Mrs. E. A. Clark, Mr. and Mrs. A. P. Sutton, and Mr. and Mrs. Glenn Kenney.

Mr. and Mrs. Alvin Farrell, formerly of Amarillo, now of Bovina, spent Father's Day here in the home of his parents, Mr. and Mrs. Claude Farrell.

Blanche Ottwell, of Springdale, Ark., visited here earlier this week in the homes of friends and relatives. She is a former Muleshoe resident.

Sharon Evans is visiting for a few weeks in Dalhart with relatives and friends.

Mr. and Mrs. Sam Fox and Stanley spent Father's Day weekend in Abernathy and Lubbock with relatives and friends.

Mr. and Mrs. Noel Woodley and daughter and son-in-law, Mr. and Mrs. Dink Hanks, were visiting in Odessa over the weekend.

Mr. and Mrs. A. O. Cummings, of Amarillo, were Sunday guests in the Ross Goodwin home. They

brought the Goodwin's daughter Jana home. She had visited with them the past three weeks.

Mr. and Mrs. A. J. Gardner visited over the weekend in Odessa with Mr. and Mrs. Paul Gardner.

Mr. and Mrs. Harmon Elliott and children of Littlefield, were guests the past weekend of Mr. and Mrs. M. D. Gunstream.

Mrs. Morris Douglass and Mrs. Dudley Malone visited over the weekend in Oklahoma City with their brother Winfield Evans and family. Mr. Evans has been ill.

Mr. and Mrs. Oscar Allison and daughters Nan and Susan, and her mother, Mrs. Sam McKinstry, visited over the weekend in Lovington, N. M. with Dr. and Mrs. Kenneth Osborn and children. Nan remained in Lovington for the summer, and Becky Osborn returned home with the Allison's for the summer.

Mr. and Mrs. Major Wood and children visited over the weekend in Amarillo with their daughter and son-in-law, Mr. and Mrs. Preston Schriest.

Lt. Commander and Mrs. J. P. Hardee, of Lubbock, were weekend guests in the F. W. Matthews home.

Guests over the weekend in the home of Mr. and Mrs. Jesse Osborn was their daughter and son-in-law, Dr. and Mrs. John Coleman and Susan, of Portales, N. M.

Mr. and Mrs. Travis Butler and children returned home Friday from Oklahoma City, where they had been visiting for a week with relatives and friends. Her niece and nephew, Mr. and Mrs. Bill Harpo and son, returned home with them for a short visit.

Mrs. Robert Holt and daughter Sally Ann, are visiting her parents, Dr. and Mrs. W. F. Birdsong and other relatives.

Mrs. J. L. Shaw, of Tascosa, who has been visiting here in the home of her sister, Mrs. E. O. Baker, and assisting her with her mother, who is ill, returned home Sunday.

Tommy Osborn, of Troy, Kans., is visiting here this week with his sister and brother-in-law, Mr. and Mrs. Lyndol Murray.

Expected guests this week in the F. B. Pierson home is their son, William J. Pierson and family, of Lubbock.

Mr. and Mrs. Leonard Evans visited in Slaton and Tulla the past weekend. Her mother, Mrs. G. W. Nickel, of Saton, returned home with them.

Mr. and Mrs. Bernard Phelps, Ann and Rebekah, spent last weekend in Haskell with his parents.

Mrs. J. K. Jackson, of Shallowater, is here this week visiting her daughter and son-in-law, Mr. and Mrs. Arthur Crow and other relatives.

Mr. and Mrs. Charles Crain, of Carlsbad, N. M., were weekend guests in the R. J. Parker home.

Mr. and Mrs. Ashby Askew, and Mr. and Mrs. Arthur Askew visited relatives and friends Sunday at Turkey.

Dr. and Mrs. W. F. Birdsong and Gerald Pribit will leave today, Thursday, for Miami, Fla., where they will attend the Lion's Convention. They will go by way of New Orleans.

Mr. and Mrs. Jack Bruns and Mr. and Mrs. Cecil Mardis spent the past weekend at Ruidoso, N. M.

JOHN WAYNE and JEFFREY HUNTER start their epic quest in "The Searchers", C. V. Whitney Pictures production in VistaVision and Technicolor, set against the backdrop of the spectacular American southwest. Produced by Merian C. Cooper and directed by John Ford for Warner Bros. release, the film will have its initial showing locally June 24-25, 26 at the Cox Drive-In Theatre.

Guests this week in the John Bruton home are her brother, Mr. and Mrs. Charlie Martin & children, of Paramount, Calif.; their daughter and husband, Mr. and Mrs. Tom Sawyer, of Burning Springs, Ky. The two families have been visiting at Steigler, Okla., and are on their way to California.

Mr. and Mrs. Dee Clements and Travis and Wanda, and his father, A. A. Clements, and Paula Provence, were in Childress the past weekend to attend a family reunion.

Bob Mitchell returned Sunday from Galveston, where he had been visiting several days with his daughter, Mrs. Doris Brogdon, who has recently undergone surgery and is a patient at the John Sealy Hospital there. She

was getting along fine when he left to come home.

Gene McKing left this week for Alamogordo, N. M., where he is to be employed. He will make his home with his sister and brother-in-law, Mr. and Mrs. Harry Albin and children.

Mr. and Mrs. Elmo Owens and children, and her parents, Mr. and Mrs. O. T. Howard, returned home last week from Elsonore, California, where they spent eight days in the home of Mr. and Mrs. Raymond Singleterry.

Mrs. Katie Tucker, of Lubbock, returned to her home this week, after a three week visit in the home of her niece, Mrs. J. P. Miller.

Mrs. C. E. Gardner, of Greenville, was here last week visit-

ing her niece, Mrs. Sam McKinstry. The two ladies traveled to Hagerman, N. M. to spend several days with relatives and friends.

Mrs. A. J. Wall, of Vernon is here visiting her daughter, Mrs. Sherman Sweetman, and other relatives and friends.

Mr. and Mrs. Jack Morris had as weekend guests in their home, some friends from Amarillo.

Mr. and Mrs. K. Sorensen, of Spudie, spent Sunday in the Bill Taylor home. Mrs. Taylor is the Sorensen's daughter.

Dudley Malone and sons Wayne and Pat, and daughter Mrs. Bob Kimbrough and family, visited relatives in Hereford, Sunday.

GRANDMOTHER WOODARD HAD SUNDAY GUESTS

Visiting Sunday with grandmother Woodard, who is a patient in West Plains Hospital, and Clinic were: Felix Woodard, Ivan Woodard, Anthony Pitts, and Mr. and Mrs. H. L. Lamb and sons, all of Ralls; Mr. and Mrs. Edd Williams, Levelland; and Mrs. Ada Thomas, of McCamey. Relatives report that Mrs. Woodard was little improved over the weekend.

Mr. and Mrs. L. F. McCormick

NOTICE OF HEARING ON SPECIAL BENEFITS TO BE HELD ON THE 22nd DAY OF JUNE, 1956, AT 2 O'CLOCK P. M.

TO ALL OWNERS OF PROPERTY IN THE CITY OF MULESHOE, TEXAS, ABUTTING ON THE STREETS OR AVENUES, OR PORTIONS THEREOF, IN SAID CITY, HEREIN NAMED, WITHIN THE LIMITS HEREIN DEFINED, AND TO ALL PERSONS CLAIMING ANY INTEREST THEREIN OR LIEN THEREON, AND TO ALL OTHER INTERESTED PARTIES, INCLUDING THEIR AGENTS AND ATTORNEYS.

YOU ARE HEREBY NOTIFIED that the City Council of the City of Muleshoe, Texas, has determined the necessity for and ordered the improvement of certain streets or avenues, or portions thereof, hereinafter described, within the limits hereinafter defined; has contracted for such improvements; has approved and adopted the estimate of the City's Engineer, and has taken other proceedings with reference to the making of such improvements, all of which are of record in the Minutes of the City Council of the City of Muleshoe; and has by an ordinance ordered that a hearing be held and notice thereof given, NOW, THEREFORE.

Pursuant to said proceedings and said ordinance, NOTICE IS HEREBY GIVEN:

That a hearing shall be given to the owners and all persons owning or claiming any interest in or lien against any property abutting the streets or avenues, or portions thereof herein named, within the limits herein defined, and to all other interested parties and to their agents and attorneys, before the City Council of the City of Muleshoe, Texas, which hearing shall begin on the 22nd day of June, 1956, at 2 o'clock p.m., and shall be held in the City Hall in the City of Muleshoe, Texas, at which hearing all of said owners, or other interested parties, their agents or attorneys, shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and the liability thereof, the special benefits to the abutting property and the owners thereof by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with such improvements and proposed assessments or concerning any matter or thing connected therewith. The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have the power to, and shall, correct any errors, inaccuracies, irregularities and invalidities, and shall have power to, and shall supply any deficiency and shall determine the amount of assessments and all other matters necessary and shall have power, by ordinance, to close such hearing, and by the same or by a later ordinance, or ordinances, to levy such assessments before, during or after the construction of such improvements, but no part of any assessment shall be made to mature prior to acceptance by the City of the improvements abutting the property for which the assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street or avenue, constituting a unit of improvement, after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on the portion of such street or avenue, constituting such unit of improvement; and the City Council shall then have the power to levy such assessments against the portions of such street or avenue within each such unit and against the owners thereof as herein provided. No assessment will be made against any abutting property or owner thereof in excess of the special benefits of such property and its owners in the enhanced value thereof by means of such improvements as determined at such hearing. All of said owners and other interested parties, their agents or attorneys, are hereby referred to the proceedings with reference to said improvements on file with the City Secretary of the City of Muleshoe and particularly to the estimate of the City's Engineer on file in the office of the City Clerk.

by the Consulting Engineer employed by the City, herein referred to as the City's Engineer, all as shown by the plans and specifications of the City's Engineer; and by widening or narrowing, if necessary to attain a paved surface and curb and gutter, so that the paved width from face of curb to face of curb shall be the width herein set out, said paving to consist of the construction of an adequate asphaltic wearing surface upon a substantial base course, all in accordance with the plans and specifications of the City's Engineer, said curbs and gutters to be constructed of concrete on an approved sub-grade, all in accordance with such plans and specifications.

III The streets and avenues, or portions thereof, to be improved, within the limits listed below and are divided into separate and distinct units. There is stated in connection with the listing of each street or avenue, or portion thereof, within the limits herein defined, constituting each improvement unit, the estimated amount or amounts per front foot to be assessed against the owner or owners of abutting properties and such property; the estimated total cost of the improvements as to each improvement unit; and the width of the portions of the streets or avenues to be improved. In each unit there is included in the estimated amount per front foot proposed to be assessed against the abutting property and the owners thereof the amount of \$1.49 per front foot for curb and gutter, it being proposed to assess the entire estimated cost of curb and gutter against the abutting property and the owners thereof and such amount having been included as stated, in the estimated amount proposed to be assessed per front foot for the improvements.

The City Council has determined that the strict application of the front foot plan or rule in apportioning the cost of the improvements will result in injustice or inequality in those particular cases where (as shown on the City Map, a copy of which is attached to the plans of the Engineer) one or more of the abutting lots abut the street or avenue being improved along the side or sides of such lot or lots (i. e. lengthwise). It is therefore proposed that a different rate per front foot shall be established for the improvements in those cases where a particular lot or lots abut a street or avenue on the side (i. e. lengthwise) and the City Council has therefore provided that in such cases the rate per front foot to be assessed against such lot or lots shall not include any part of the cost of the paving of street intersections in such unit. For this reason the proposed amount to be assessed per front foot is shown in two separate columns below. One of such columns reflects the proposed amount per front foot to be assessed against so-called "side" lots and the owners thereof, and the other of such columns reflects the proposed amount to be assessed per front foot against so-called "fronting" lots and the owners thereof.

CHILDREN VISIT Mrs. Carrie Wilhite had as guests in her home this weekend her son, Earl Wilhite and family, of Monterrey Park, Calif.; and her sons and daughters-in-law, Mr. and Mrs. Oscar Wilhite and Mr. and Mrs. Jess Wilhite, of Mangum, Okla.

EVERYBODY'S INVITED Sending in her subscription renewal, Mrs. Virgie Jeter, of Springdale, Ark., writes The Journal: We enjoy getting the paper. Beth and I, Bill and Billie and the Roy Howards. Tell all our friends hello, and come to Arkansas to see us.

WERE IN LUBBOCK Mr. and Mrs. C. C. Anders and daughter, Bonnie visited over the weekend in Lubbock with her sister, Mrs. Buster Gibson and daughter, and Mr. and Mrs. Richard Twiss. They went by way of Oton to visit their daughter and son-in-law, Mr. and Mrs. Dale Dudley and family. On Sunday, they spent some time at Buffalo Lake, and reported having a very nice time.

PROGRESS NEWS

(OMITTED LAST WEEK)

The Progress 4-H club met July 9 at the home of Janie Coulter. Mrs. Albert Davis and Mrs. L. R. Williams helped the girls cut out and gather their skirts for the dress revue in July or August.

The dairy food demonstration will be given for the Progress Home Demonstration club at their meeting later this month. District 4-H camp will be held in Lubbock July 10-12. The Progress club plans to send one or more delegates.

Those attending the 4-H club meeting included Shirley Burel-Smith, Mary Jean Gross, Trudy Davis, Kay and Pat Thompson, Judy Williams, Shady Bass, Jane, Mary and Wanda Wedel, Janie Coulter, Mmes. Dave Coulter, L. R. Williams and Albert Davis.

The next meeting will be June 25 at the home of Judy Williams.

SHOWER HONORS PAT COOPER

The Byron Gwyn home was the scene June 7, of a pre-nuptial shower for Pat Cooper, bride elect of Paul McMahan. The rooms were decorated in pink and white flowers arrangements, with pink tapers and a miniature bride and groom under a wire arch, surrounded by sweet-peas and roses on the white draped serving table. The centerpiece was designed and made by Mrs. Davis Guiley. Lucille Davis registered the guests. Mrs. Joe Walker played organ music.

The guests were served white cake and pink punch by the hostesses. Many beautiful and useful gifts were received by the honoree.

Hostesses were Mmes. L. F. McCormick, Troy Actkinson, Bay Wilson, Johnson, Westbrook, Cleburne Gray, L. D. Cannon, Joe Walker, Clyde Henry and Byron Gwyn.

ATTEND WEDDING

Out of town guests at the Cooper-McMahan wedding last Sunday night included Mr. and Mrs. Fred Simpson of Matador, Mr. and Mrs. Don T. Martin of Hereford, Mrs. F. W. Sanders and family of Goodland, Kansas; Mr. and Mrs. Earl Cooper of Floydada; Mrs. Beda Phillips, Mrs. Hulon Phillips, and Patty all of Plainview; Mr. and Mrs. George Raney of Portales; Mr. of Portales; Mr. and Mrs. Archie Scarborough, of Amarillo.

BIBLE SCHOOL ENDS

The Baptist vacation Bible school closed a successful session with a program and commencement exercise last Friday night at the church. Forty three certificates were awarded, and

there was an average attendance of 57.

The Womens Missionary Union met Monday afternoon at the church for Bible study. Those present were Mmes. Leonard Redwine, C. A. Bishop, J. E. Redwine, Roy Shipp, Elmer Downing, D. L. Redwine, Ben Atkins, Herbert Peugh and Mary Marrow.

Miss Paula Bell of Littlefield was the house guest Monday through Wednesday, of Sue Actkinson.

Mrs. Clyde Henry and daughter Shirley went to Austin last weekend to visit Mrs. Curtis Goss for a few days.

Ladies from Progress WSCS who attended the sub-district meeting at YL included Mmes. Alebt Davis, Mattie Griffin, James Wedel, Johnie Westbrook, Byron Bwyn, Joe Walker, Earl Henry, Arthur Cooper and Roy Havens.

Mr. and Mrs. Don Howard Cherry of Lubbock, visited his parents, Mr. and Mrs. J. L. Cherry the past weekend. They were accompanied home by his mother, brother and sister.

C. E. Kauffman and granddaughter, Mary Ellen Wedel, left June 13 for a few weeks visit with relatives in Los Angeles.

Mrs. E. W. Bass, who underwent surgery at a Clovis hospital last week, returned home last weekend and is doing fine.

Little Karen Burel-Smith has rheumatic fever and will be confined to bed for the next four weeks.

Rev. and Mrs. Roy Havens and son Roy, attended a church organization meeting in Plainview Monday afternoon.

The William James family returned Sunday from a visit to Oklahoma.

Mrs. E. F. Eason was in Amarillo Monday and Tuesday of this week for medical treatment.

Mr and Mrs. S. C. Otto are on the coast visiting at Corpus Christi and other points.

GUESTS FROM OKLAHOMA

Mrs. Keith Leuy and children, of Elk City, Okla., visited here last week with her grandparents, Mr. and Mrs. W. H. Kistler. She is the daughter of Mr. and Mrs. J. D. Thomas, of Farwell.

CAVE-IN TRAGEDY — 6 CHILDREN DEAD — This is a general view of the excavation site in New York where six children were killed when they were buried under tons of earth while playing in 25-foot deep pit. Rescue workers can be seen working with pulmotors over one of the victims, a little girl. An investigation is now under way to determine responsibility for the apparently unguarded project.

Lazbuddie News

Mrs. Bert Gordon — Phone Y. O. 5-3376

Mr. and Mrs. C. W. Dukes were honored with a reception in the basement of the Baptist church Sunday night following church services. Several skits were given then Mr. and Mrs. Duke were crowned King and Queen of Fellowship and presented with a lovely white bedspread from the Intermediate Department and a steam iron from the church. Both have been teaching in the Intermediate department.

Mr. and Mrs. Duke will leave soon to make their home in Sundown where he will coach the girls in all sports. He has been coach at Lazbuddie for several years and we regret to lose them very much.

Refreshments of punch and cake was served to about eighty people.

Mr. and Mrs. Earl Peterson and children spent the weekend in Kress visiting relatives.

Mr. and Mrs. B. J. Freeman visited over the weekend in

Mr. and Mrs. Walter Spence

Sweetwater with his parents.

Patsy Cox is visiting her grandmother, Mrs. J. P. Wilson in Friona.

Mr. and Mrs. A. T. Peterson visited her parents, Mr. and Mrs. J. A. Young in Muleshoe on Sunday.

HERE'S PROOF
dieldrin treatment kills thrips and fleahoppers... pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many bolls in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are smooth-textured, free-flowing. In a spray, dieldrin forms top creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!

LINCOLN

The longest, lowest, most powerful Lincoln ever

Lincoln Premier 4-door sedan, 223 inches of incomparable luxury, with Turbo-Drive, power steering, power brakes, and 4-way power seat as standard equipment.

It says what no man can say about himself—and says it so eloquently. For example, Lincoln says he's a man of discriminating tastes—a man who prefers the simple unpretentious beauty of the only completely new fine car. It says he's a man who likes action—the quick, sure action of Lincoln's great power combination—new 285-hp V-8 engine and Turbo-Drive, smoothest, most versatile of all automatic transmissions. Finally, driving a Lincoln marks him as a man who enjoys success. If you haven't driven this most popular of all Lincolns, do so soon—for this is *unmistakably the finest in the fine car field.*

MULESHOE

Anna Lucy McAdams Installed Worthy Matron of Muleshoe Eastern Star Lodge

Pictured above are the newly installed officers of the Eastern Star Lodge here. Reading from left to right they are: Hazel Welch, Ester; Jewel Strong, treasurer; Nima Bryant, marshal; Myrtle Creamer, Martha; Anna Lucy McAdams, worthy matron; Callie Smith, conductress; Hazel Nowell, chaplain; Elbert Nowell, worthy patron; Mildred Wingo, associate conductress; Lou Green, associate matron; LaVon Hinkson, Ada; Mary Farley, Ruth; John Thomson, associate patron; Ada Thomson, Electa; Peggy Childers, warder; Maude Young, organist; Elizabeth Harden, secretary; and W. F. Creamer, sentinel.

Anna Lucy McAdams was installed as worthy matron of Muleshoe Eastern Star Lodge No. 792. In an impressive service Friday evening of last week at 8:00 o'clock in Masonic Hall.

Roddy and Ronnie Bray, of Pampa, nephews of Mrs. McAdams, presented a special piano duet to open the service. Presentation of the Bible was by Julie McAdams, her daughter; and flowers were presented by sons Ken and Ben McAdams, and nieces, Peggy, Nancy, Debbie and Shelley Bray.

Presiding at the guest register were the new worthy matron's sister-in-law, Thelma, Jo Ann and Joey Bray, and her cousin, Lelda Harbert.

After W. F. Creamer, Worthy

Elbert Nowell, worthy patron; Lou Green, associate matron; John Thomson, associate patron; Elizabeth Harden, secretary; Jewel Strong, treasurer; Callie Smith, conductress; Pet Wingo, associate conductress;

Hazel Nowell, chaplain; Nima Bryant, marshal; Maude Young, organist; LaVon Hinkson, Ada; Mary Farley, Ruth; Myrtle Creamer, Martha; Ada Thomson, Electa; Hazel Welch, Ester; Peggy Childers, warder; and W. F. Creamer, sentinel.

The new worthy matron was presented in the East by her son Everett, and marshal Gladys Laing. Wynnie Dunn presented corsages to each of the star points at the altar. Mrs. McAdams then introduced her family to the assembly.

The new worthy matron presented each of her installing officers with a gift. Gifts were also presented to the outgoing worthy matron and the incoming worthy patron.

The installing officers presented the new worthy matron with a white Bible, and Wynnie Dunn presented the new worthy patron, Elbert Nowell, with a gavel, a gift from his wife.

Miss LaVon Copley presented a piano solo, after which a reading, "Christ Mourns Over The City," was given by Jana Beth Laing. This was followed by ad-

Shook Home Scene Of T. E. L. Meeting

Monthly business and social meeting of the T. E. L. Class of the first Baptist Church was conducted by president Mrs. E. E. Dyer, at a meeting at 3:00 o'clock Tuesday in the home of Mrs. Lois Shook.

Prayer was offered by Mrs. A. C. Bray, and Mrs. Gladys Winn brought the devotional reading, taking Scripture from Ephesians 6:8-13.

Mrs. Lois Shook read letters received from two boys at Round Rock. All group leaders gave good reports. Committee appointed to arrange the calendar for the new year is composed of Mmes. Shook and Bertie Paul.

The committee appointed to select new officers for the year is composed of Mmes. Will Harper, John Benson and Beulah Motheral.

Meeting was dismissed with a prayer by Mrs. W. E. Halton. Refreshments of chocolate cake and punch were served to ten members.

Shower Honored Claxton Tuckers

Mr. and Mrs. Claxton Tucker, of Lubbock, were honored with a wedding shower last Friday evening at 8:00 o'clock at the Y. L. Fellowship Hall. Mrs. Tucker is the former Miss Selma Mooney, of Muleshoe.

Blue and white were the colors carried out in decorations. The serving table was laid with a white lace cloth.

Refreshments of homemade cake and ice-cream were served to approximately sixty guests.

Alternating at the guest register were Mmes. Bill Millen and L. O. No. Wood.

Hostesses for the occasion were Mmes. Leon Lewis, Bill Millen, Seaborn Moore, Lloyd Quesenberry, D. B. Head, and L. O. Norwood.

OFFICE SUPPLIES at The Journal. See us for ledgers and ledger sheets, bookkeeping systems

dresses by Mrs. McAdams and Mr. Nowell.

Yearbooks were passed out by Ken and Ben McAdams.

Following benediction by Joan Thomson, and the retiring drill refreshments were served in the dining room by Mickie Bryant, Peggy Childers and Lou Green.

Randy Johnson Home Results of Two Years Planning

EXTERIOR OF THE RANDY JOHNSON HOME on the Plainview highway, features frosted pink brick with redwood trim. (Staff Photo)

THE RANDY JOHNSON FAMILY are seen here in the comfortable family room and den of their new brick home, recently completed. Note the exposed beam ceiling and brick fireplace wall. (Staff Photo)

RONNIE AND STAN JOHNSON are proud of their bedroom in the new Randy Johnson home. A full length shelf with built in storage space beneath makes the room ideal for the two growing boys. (Staff Photo)

More than two years of planning was done by Mr. and Mrs. Randy Johnson before actual construction began on their new home, 1 1/2 miles out on the Plainview highway.

"We planned this home to suit the needs of our family, and we have not been disappointed in it," said Mrs. Johnson Friday as these photos were being made. The home contains 2300 square feet of well planned floor space, plus a double garage and patio, all within the frosted pink brick walls and white shingled roof. Exterior trim of the long low ranch styled home is stained and varnished redwood. A panel of translucent glass at the entry, allows soft light to enter, but maintains privacy.

There are three spacious bedrooms, two and a half baths, a large living room and particularly charming den. The kitchen and laundry are L shaped and the kitchen blends beautifully with the dining area and den.

One enters a tiled foyer, with the hall leading to the bedrooms on the left, the living room ahead, and the laundry-kitchen on the right.

Built in washer and dryer are recessed into the parana pine cabinets, which match the panelling used in the kitchen and laundry as well as in the den.

The pine cabinets with their softly copper fittings form a gracious background for the built in range top and oven of stainless steel. Counter tops are vinyl. A color scheme of sandalwood and tones of tan and brown are carried out at intervals in these rooms and throughout the house.

Maple furniture in an early American pattern graces the dining area and den. Parana pine panelling blends with exposed redwood beams in the ceiling and the exposed brick wall fireplace at the end of the room. An informal grouping of comfortable chairs and a figured soft is placed before the fireplace wall, around a delightful 9x12 hooked rug in complementary colors.

The fireplace wall also contains recessed book shelves and a TV nook.

Floor to ceiling length windows with sliding panels look out from the den onto a circular patio, covered by an extension of the den roof line.

The living room is textured in pastel sandalwood, with beige carpeting which is carried out in several of the other rooms. Drapes in the living room are antique satin in sandalwood tones. Louvered doors separate the living room and den, and the same natural wood tones are used in the shutters at the windows in the bedrooms and kitchen.

The Johnsons have three children, Rhonda, 12; Ronnie, 10, and Stan, who is six and will start to school this fall.

Down the carpeted hall, a multitude of storage closets and baths line one wall, while Rhonda's bedroom and the bedroom of the boys join the den.

The den has built in shelves and a desk. The windows are shuttered, and sectional sofa here makes this room serve double duty as an occasional guest room.

Rhonda's room is done in shades of pink and beige, with figured drapes and coverlet. French provincial furniture carries out the feminine decor.

Ronnie and Stan, and the boy's stuffed animals share a masculine counterpart. A long built in table runs the length of the windowed wall. Beneath the table are built in shelves and lockers for all the variety of things boys collect and hold dear.

The master bedroom, at the end of the hall is in shades of aqua with soft lights and elegance the theme. An adjoining bath and dressing room completes the master suite.

The home was built by Charles Lenau Lumber Co., and is completely refrigerated and conditioned. Electrical work was by Hunke's, and the lighting arrangements are most unusual.

The boys, with their love of animals, and Ronnie's present preoccupation with Little League baseball, have plenty of room to run and grow, while Rhonda, with the interests of a young lady finds the comfortable home life atmosphere satisfactory.

It does not require more than a few minutes visiting with the Randy Johnson family to know that here is a family with a lovely home, designed just for them.

dist Church in the Fellowship Hall, Wednesday evening. His friends are invited to attend.

Pleasant Valley News

LANDERS HOLD REUNION

For the first time in four years all five children of Mr. and Mrs. C. B. Landers were present on June 10 at the Landers' home for a reunion.

Present for the occasion were: Veron Landers and wife of Long Beach, Calif.; Paul Landers and family, all of Austin; Boyd Landers and family and Charles Lee Landers, of Muleshoe; Bobby Landers and family of Lubbock, and Jimmy Dale Landers of the home.

Others present were Mr. and Mrs. E. W. Glenn of Canyon, Mr. and Mrs. Calvin Meeks and Geraldine of Fresno, Calif., Mr. and Mrs. Jim Gregory and Bobby Kay and Mr. and Mrs. Jack Hadaway and Jimmy, all of Earth.

A very enjoyable day was spent by picture taking and visiting by all those present.

The community extends congratulations to Mr. and Mrs. Richard Barnett on the birth of a son, Ricky Don, on June 7. Mrs. Barnett and son are staying in the home of her parents in Clovis while she is recuperating.

Mr. and Mrs. Norman Hodges and family attended the ball game in Sudan last Tuesday night.

Debbie Dunham, small daughter of Mr. and Mrs. Peyton Dunham, of Muleshoe spent last weekend in the home of her grandparents, Mr. and Mrs. B. H. Bickel and Tommy.

The community extends congratulations to Mr. and Mrs. Donald Adams on the recent birth of a new son, weighing 7 lbs., 9 oz. He has been given the name of Kenneth Wayne.

The Adams have another child, a daughter, Diana.

Mrs. John West and children left last Saturday to spend three weeks visiting relatives in Marshall, Tex., Fredrick, Okla., and parts of Georgia.

Mr. and Mrs. Elmo Stevens and family returned last Tuesday from spending a two weeks vacation in Tennessee and other points of interest.

Mr. and Mrs. Roy Blair and family spent the weekend in Shallowater visiting relatives.

Jack Allison, small son of the Harold Allison, was on the sick list last week.

Mrs. Leroy Hicks visited Saturday afternoon in the home of Mr. and Mrs. Jarvis Angeley and family.

Mr. and Mrs. Harold Shoemaker and family, of Carlsbad, N. M., spent last week visiting in the home of his brother, Mr. and Mrs. Roy Shoemaker and daughters.

Gerald Inglis, from Earth, visited Monday in the home of Mr. and Mrs. Leroy Hicks.

The Pleasant Valley Social Club met in the home of Mrs. Norman Hodges with Mrs. L. D. Reeves co-hostess on Wednesday, June 13.

The business meeting was in charge of the presiding officer, Mrs. E. K. Angeley.

Several "thank you" letters

but it is a "toe in the door", which would eventually engulf all agricultural workers as did the social security acts which exempted agriculture in the beginning, but step by step was broadened to include all agricultural workers, plus self-employed farmers.

Bills under consideration involve extension of minimum wage and hour regulations to almost all workers. Of particular importance to farmers are proposals to eliminate (1) the agricultural processing exemption, (2) the exemption for outside salesmen and buyers of farm products, and (3) part of the agricultural exemption.

The Murray Bill S. 770 would (1) raise the minimum wage to \$1.25 an hour (2) provide for payment of time and a half after 35 hours of employment in one week, (3) eliminate the exemption from overtime requirements of seasonal industries, (4) eliminate the agricultural exemption on large farms and (5) almost completely eliminate most of the other exemptions of the Act.

Under this proposal, farm workers would be covered if employed by an employer who used more than 600 man days of hired labor during the preceding quarter.

Bill S. 662 provides (1) an increase in the minimum wage to \$1.25 per hour and (2) creates industry committees which would be consulted by the Secretary of Labor in determining whether or not minimum wages in any particular industry should be raised above \$1.25 to as high as \$1.50.

The bill also provides: (1) for overtime payments for work in excess of eight hours in any one day, (2) Terminates the overtime exemption for certain agricultural processing industries, (3) Restricts the agricultural exemption to farmers who have used less than 300 man days of hired labor during each of four preceding quarters, (4) Authorize the Secretary of Labor to recover and pay to employees any sum owed them under the minimum wage and hour provisions of the Act.

There are some farm organizations that are backing the \$1.25 per hour wage law. But the American Farm Bureau is strongly opposed to this bill. Farmers

and cards were read.

The club voted to send flowers to Mr. H. E. Reeder, a former resident of the Pleasant Valley area, and is now a patient in the Muleshoe hospital.

It was noted to have club meeting just once a month on the second Wednesday or Thursday of each month during the summer.

The book review committee is to obtain someone to present a book review at our next club meeting.

It was decided to have a picnic for our families at the Gerald Allison farm on July 4th at 7:00 p.m. Each family is to bring food enough for their immediate families.

The meeting was adjourned.

Delicious refreshments were served to the following members: Mmes. Judy Green, Alma Turner, Leona Hicks, Jean Allison, Glenda Hutton, Alice Angeley, Lillie Wuerflein, Sammy Allison, Billy McCalman, Katie Roubinek, Ethel Allison, June Free, Hattie Bickel, and the hostesses, "Pete" Hodges and Margaret Reeves.

Next meetin will be July 11 in the home of Mrs. Roy Shoemaker with Mrs. Roy Blair as co-hostess.

Leroy Hicks and Stanley Black were in Littlefield Tuesday on business.

Bailey County Farm Bureau News

BY LONNIE M. BASS

As you well know, we have been plagued for the last three years with a cost-price squeeze on agriculture. We have concerned ourselves with legislation that would alleviate this situation, but now comes proposed legislation that will make PEASANTS out of the American farmers. The legislation referred to pertains to an amendment to the Wage and Hours law which would remove agriculture's exemption from the Act, further increase the minimum wage and shorten the work week.

The proposal would not completely eliminate agriculture's exemption from the regulations.

RHONDA JOHNSON, daughter of Mr. and Mrs. Randy Johnson is seen here in the tastefully room of her home on the Plainview highway. (Staff Photo)

cannot pay a minimum wage of this kind, and overtime for each day worked over 8 hours and show a fair profit.

The imposition of minimum wage and hour regulations on farmers would involve a heavy burden of record keeping. Under the present regulations employees covered by such regulations must maintain the following records, which must be preserved for inspection by wage and hour enforcement personnel:

(1) Name, address, date of birth and type of work for each employee.

(2) Basis for wage payments, per hour, or per unit.

(3) Time work starts and stops each day for each employee.

(4) Amount earned for overtime each pay period for each employee.

(5) Amount earned for straight time each pay period for each employee.

(6) Value of perquisites paid each employee each day.

(7) Amount of deductions made from wages paid each employee.

Mrs. Doris Traweck, office secretary of the Bailey County Farm Bureau spent Monday and Tuesday in Waco for an office secretaries training school.

* Visitin in the Frank Griffith home last week were Mr. and Mrs. Martin McGuire of Shallowater and Mr. and Mrs. Sander-son Davis of Mesa, Ariz. Mrs. McGuire is a sister of Frank and Mrs. Davis is their aunt.

* Mr. and Mrs. Elmer Batteas and children, Mr. and Mrs. Truitt Smith and Curtis, Mr. and Mrs. Frank Griffith, Bailey and Mrs. Florence Bailey, visited the Jimmie Batteas in Lubbock Sunday.

* Mr. and Mrs. J. G. Arnn planned to visit her parents at Childress on Father's Day.

Safe 'n Sound

BY W. M. POOL, Jr.

If you don't like butter you can buy margarine; if you don't like to drive you can walk; if you don't like your job you can get another one. A substitute can be found for just about anything, anything except insurance. Either you have it or you don't. If you are driving an auto without insurance, or have furniture that is not insured, you can in a few short minutes relieve yourself of the expense of an accident or a fire by placing your insurance with an agency that doesn't have a distasteful policyholder.
