

SCOOP SAYS

By J. M. FORBES

R. L. Lyons, of Amarillo, the area sales manager for U. S. Savings Bonds, spent some time with us here in the office one day this week, just talking about what regular buying of these bonds does to the individual and to organizations.

He told of his Dallas millionaire friend, who began business on his own in '46 with \$5,000 in bonds he'd saved while in service as his capital.

He related further: Some Army bases have as high as 60 per cent participation by enlisted men, officers, and civilian personnel; and ranking officers have told him the higher the participation the less skylarking about, and the less waste of government materials, and the situation as to cashing bonds is better than it ever has been, he says.

Saving seems to tone up the moral and spiritual side of a person in some way, gives him a stake in the community and country, encourages him to huddle a little closer to the line that he thinks is right and will bring success. You can't beat a savings program anyway you want to look at it. Caution: don't try to save a pile in one week, but save a little bit each week and add it to the amount saved the week before.

Walter Woodrum, the new head of the Muleshoe State Bank, has served no less than 12 years in the uniform of the United States Army. That service helped to teach him to respect and to revere the flag of his country.

Those stars and stripes, he says, "always look good, that design warms you; but when you're in a foreign country, they look like water to a man in the desert."

Now, Walter, you didn't say all of that but some of it. But if the Rotary Club hadn't gotten around to seeing about a flag for the bank, they'd heard from Walter and the others pronto or quicker.

Surprises this writer. Me, I'm a flag waver. But I don't expect others to say expressions about how pretty Old Glory is when properly displayed. Roy Jordan is one who phoned up a club member to inquire why no one had been around to see him about the flag deal.

HOLIDAYS, BAH! Calendar reform has been attempted in the past more times than it has been accomplished and it may be that the new idea going about will turn out to be only a wasted effort.

But we come out for it tooth and nail. Briefly, as explained in a recent issue of Look Magazine, the plan would be to have all holidays, excepting religious occasions, come on Monday. Thus, Memorial Day this year would have come on Monday, May 28, and July 4 would come on July 2.

Washington's and Lincoln's birthdays would be combined as President's Day and would come on about the second Monday in February.

Even Thanksgiving would be changed and would be observed on the last Monday of the month of November. What difference, so that we take time out to give thanks for the blessing of Providence?

Obviously you couldn't tamper with Christmas or with the regularly established holidays observed by others than the Christian faith.

Well, you guys that just work to Saturday noon, or to Friday night would find, on the occasion of every holiday, that you could almost have a vacation. From Saturday noon to Tuesday morning is a long stretch, giving time for a business trip, fishing excursion, or visit.

You be thinking about this and the next time we get together we'll take a vote on it; and the first time I get elected to Congress, I will introduce legislation to bring this plan to fruition.

It irks us that the banks and other institutions observe holidays when the vast majority of the populace have to work, like Jefferson Davis' birthday. But it irks us just as much to have to work Memorial Day when nearly everybody laid up in the shade of their back yard drinking iced tea. A weekly newspaper that tried to get Wednesday for a holiday would need to have the publisher's head examined.

And not only did Memorial Day come on Wednesday but July 4 will come on Wednesday and what will the poor country newspaper boys do? What will they?

Julius Caesar added a laurel to his already well flowered crown by his calendar reform and centuries later Omar Khayyam the Persian poet gets mentioned in history for his work in redoing that country's calendar. Pope Gregory is credited with bringing our calendar to its present form several centuries after Caesar's effort. But the Pope didn't dig our system of holidays and had no idea how inconvenient our own people would arrange them. He nor Caesar nor Omar art to blame.

Farm Bill Gets Mixed Reception From Farmers On Parity Prices

Area farmers expressed mixed reactions to the controversial farm bill signed into law Monday by President Eisenhower. Certain features of the plan are acceptable to Plains farmers, while others found no champions at all on the West Plains.

Grain parity prices, as increased by the farm bill will mean that area growers of grain sorghums may expect an increase of about 14 cents per hundred on farm stored grain.

The parity on grain was 70 per cent, and the new farm bill did not increase this to the hoped for 90 per cent, but did raise it to 76 per cent of parity, making the national average rise from \$1.81 to \$1.95. However, area grain prices average about 10 cents lower than the national figure, so last year's local average of \$1.69 will be raised to about \$1.83 under the new bill on farm stored grain.

When stored in elevators, the parity to farmers will decrease by about 10 cents.

The average national cotton consumption for domestic use is about 10 million bales. The law requires that 120 per cent of the cotton on hand be kept for domestic use in time of emergency before surpluses are figured.

Under the new farm bill, an estimated 5 million bales will be sold on the world market as competitive prices. Although some fear this will mean "dumping" of cotton, and "give aways", the proponents of the bill declare

that the Secretary of Agriculture must get competitive prices for any of the surplus sold.

One effect this move is thought to have will be the easing of storage problems locally, and also the stepping up of trading in the cotton markets.

Also, the new bill will freeze national cotton acreage allotments at present figures for the next two years. County allotments may be adjusted, the ASC office reports, on a history basis. This year Bailey county allotment is 97,000 plus acres.

The program for cotton and grains under the soil bank provision of the bill will be in effect for four years, and for 15 years on soil building grasses.

The soil bank provision of the bill provides for payment to farmers for land taken out of production. Although the original bill provided payment this year in advance of harvest, the bill as signed does not include advance payment. This measure was stricken from the bill as signed because the Democrats claimed the measure put money in farmers pockets as a vote getter in a presidential election year.

Miss Maxine Downing Becomes Bride of Mr. Kimbrough In Impressive Ceremony

Mr. and Mrs. Sig Kimbrough (Photo by Cline)

In an impressive single-ring ceremony in the Main Street Baptist Church here, Tuesday evening, May 22, Miss Vera Maxine Downing became the bride of Joe Signor Kimbrough.

The bride is the daughter of Mr. and Mrs. E. L. Downing of Muleshoe, and the groom's parents are Mr. and Mrs. Finis Kimbrough.

Rev. J. D. Hudson, pastor of the church, officiated. Wedding music was presented by Miss Mona Ellen Wilhite at the piano, and soloist, Miss Ann Sybert, cousin of the bridegroom. Selections included the traditional marches, "Melody of Love," "Clare De Lune," and "Always."

Given in marriage by her father, the bride was lovely in a ballerina length gown of white, Chantilly lace and net over tulle, fashioned with a tight fitting bodice with scoop neckline, and short sleeves, and a full skirt. She carried white feathered carnations atop a white Bible.

Maid of honor, Mrs. Ed Nickels, wore a pink cotton dress with white accessories. She carried a bouquet of white carnations.

Serving the bridegroom as best man, was his brother-in-law, Ed Nickels. Ushers were Lee Kimbrough and Doyle Eubanks.

For going away, the bride wore an avocado dress of cotton silk, with a corsage of white carnations, and white accessories.

The couple are now at home in Muleshoe, where he is engaged in farming, following a wedding trip to Colorado Springs and other points of interest in Colorado.

Out of town guests attended from Morton and Farwell.

Women's Society Meeting Was At Methodist Church

Singing "Lead On O King Eternal," ladies of the W. S. C. S. opened their regular meeting Monday of this week in the Methodist church sanctuary.

Mrs. H. C. Holt led the group in a prayer. Study leader was Mrs. Cecil Davis, who took her lesson from the book, "Revolutionary Faith."

Business was conducted by the president, Mrs. H. Jay Weyer. Next week, the study leader will be Mrs. F. B. Pierson.

Mrs. Clarence Stephens thanked the program committee for their splendid cooperation during the past year, and said "Let's Make Next Year A Better Year."

All WSCS members welcomed Mrs. Stephens back for another year, after which Mrs. Weyer made a nice talk concerning the studies the group will cover during the next four years.

Mrs. I. F. Willman asked about literature which will be needed for the next year. The W. S. C. S. is to order six copies of the book, "Walking With God."

A very interesting summary of the activities and studies of the past year was given by Mrs. Weyer, and Mrs. Clarence Stephens reported on the Methodist Conference, which was held recently at Big Springs.

Following dismissal, the ladies went to the home of Mrs. O. N. Jennings to climax the prayer group for the month, and for a surprise farewell shower honoring Mrs. Earl Howell, who is moving to Clovis. The WSCS deeply regrets losing her.

Attending were Mmes. Clarence Stephens, Arnold Morris, J. E. Day, F. B. Pierson, Earl Howell, I. F. Willman, H. Jay Weyer, J. F. Gross, Frances Blair, Cecil

Noraene Clark, Jimmie Stallings Wedding Is Set

Mr. and Mrs. Roy Clark of Muleshoe, are announcing the engagement and approaching marriage of their daughter, Noraene, to Jimmie Stallings, of Apache, Okla.

He is the son of Mrs. Thelma Stallings, of Apache, and Mr. Glen Stallings, of Elgin, Okla.

The marriage will take place on Sunday, June 17, in the afternoon, at the home of the bride's parents.

Miss Clark is a graduate of Muleshoe high school with the class of '56. The groom-to-be attended Apache high school and is now employed with the Magnolia Oil Company.

Maps Show Water Thickness and Water Table Decline

Lubbock County in January 1956 contained about 4,630,000 acre-feet of ground water available for pumping. In 1938, Lubbock County contained about 7,350,000 acre-feet of ground water available for pumping and about 2,720,000 acre-feet or 37 percent of the water was pumped from 1938 to 1956.

All of Lubbock County, about 570,000 acres, is within the boundary of the Water District. The accompanying maps were prepared from data compiled from a study of about 1,600 logs of water wells and about 400 measurements of water levels in wells.

The map in plate 1 shows the thickness of the water-bearing strata in the Ogallala formation in 1938 before an appreciable amount of water had been pumped

from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1956.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

Some of the irrigation wells in the north central part of Lubbock draw water from crevice and solution channels in limestone strata in the Cretaceous rocks which underlie the Ogallala formation in that area. Pumping from the so-called "crevice wells," causes a decline of the water table in the Ogallala formation; therefore, it is

evident that the water in the crevices and solution channels is derived from water in storage in the Ogallala formation. The thickness of the water-bearing material underlying any particular farm, therefore, is a practical measure for the determination of the quantity of water in storage available for pumping.

Some areas in the eastern part of Lubbock County have a hundred or more feet of water-bearing material, however, some of the irrigation wells have rather meager yields in gallons per minute. Logs of many of the wells in the eastern part of the county show that the Ogallala formation consists mainly of very fine-grained sandy clay and clay. These fine-grained materials reduce the permeability of

the water-bearing strata, and are responsible for the meager yields of the wells.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent.

Suppose the farm consists of 160 acres and has 150 feet of water-bearing strata underlying it, then 160 acres x 150 feet x 0.15 percent equals 3600 acre-feet of water available for pumping. An acre-foot of water is the quantity to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District. Similar maps and information will be prepared, as rapidly as practicable, for all counties within the Water District. Maps of Deaf Smith, Farmer, Castro, Potter, Randall, Armstrong, Floyd, Bailey, Lamb, Lynn and Lubbock Counties are now available.

FARMER COUNTY Farm Bureau News

By RAYMOND E. LER

The rains have done much to improve the attitude of farmers, just like the farmers said rain would if it came. This is not one of those areas where farmers had "just as soon it wouldn't rain". Things do better, and do it cheaper when it rains. We've heard a lot of people giving thanks for it.

Between July 1 and October 1, farmers who have been using gasoline in farming operations should file for refund of the two cent federal highway tax. You are entitled to the refund on all gasoline used on the farm since

Bailey County Farm Bureau News

By LONNIE M. BASS

The Bailey County Farm Bureau directors in regular meeting May 1, 1956 mailed letters to Senators Price Daniel, Lyndon Johnson, Congressman George Mahon, and Texas Farm Bureau president Walter Hammond concerning the drought situation, and cotton ginned out of county in line with the proposed soil bank. The directors recommended that each cotton farmer be given credit for his production, instead of a county average established beforehand, and that drought years not be considered

January 1st. We have the forms (224) in the office, and they are also available at your bank and at the county agent's office. They are simple and easy to use. All you need to know is how many gallons you have purchased that are eligible for refund to the extent that you can show a representative of the U. S. Treasury Department, should he ask you. Remember that you are entitled to this refund, even on those invoices that expired for State Tax refund purposes. Our estimate is that about \$6,000 should be redeemed by Farmer County farmers on the first six months claims. It is through the joint courtesy of the U. S. Treasury Department and County Agent, Joe Jones that the claim forms are conveniently available.

The best thing about it was that it got people interested in one another and brought them together with a common task, was what Mrs. Bruce Parr told us about the Black Community Improvement Project in which Black won second place in Texas. She credited the perseverance of Mrs. John Bengner with the final success of the project, although everyone helped when they decided to work on it.

The Agricultural Act of 1956 which Congress handed the President last week is, we believe somewhat of an improvement over the one which he vetoed previously. It appears to us that there is some favoritism toward commercial area corn growers. On the other hand, we believe it would be hard to work out a trade that would send a Texas Plains farmer to the corn states. Keep your eye on the weed committee. They're doing a lot of hard work for you.

CONSIDER THIS: The slothful man saith, There is a lion without, I shall be slain in the streets. Proverbs 22:13.

in establishing normal yields. In answers to the recommendation, Congressman George Mahon stated that a provision is pending to make allowances for weather conditions. Walter Hammond stated that he had talked with Price Daniel on the telephone and he assured him that Senator Aiken, Senator Ellender and other ranking senators had all ready written relief in the farm bill for drought areas. This is a very vital concern for Bailey County, and everyone is urged to help with suggestions, and letters to members of Congress and Senators.

Among those attending the Farm Bureau meeting at the Lubbock Hotel May 21, 1956 were Ray Carter, service agent, and Mrs. Irene Splawn assistant office secretary. The morning session was made up of discussion of the new services for Blue Cross representative. The afternoon was devoted to Farm Bureau topics.

Soil Bank Bill Includes some Farm Bureau Recommendations, Omits others

The soil bank program authorized by the Agricultural Act of 1956 includes some of Farm Bureau recommendations for a surplus reduction and soil bank program.

The acreage reserve section of the new soil bank program follows, in most respects, Farm Bureau's recommendations for underplanting of acreage allotments. The success which USDA attains in using this part of the program to reduce farm production will depend on the extent to which the Department follows the provision in the bill which directs it to set rates of payment which will encourage producers to underplant their allotments for more than one year.

The act of 1956 provides for the use of CCC stocks of surplus commodities as soil bank payments for under-planting grain acreage allotments. But this program does not go as far as Farm Bureau's recommendation for constructive use of payments "in kind."

The program approved by congress contains a provision designed to protect the rights of tenant farmers. Harvesting or grazing of soil bank land is prohibited. Base histories of farmers participating in the acreage reserve are protected. All these recommendations were originally made by the official voting delegates of the State Farm Bureaus at the Farm Bureau convention in Chicago last December.

Gerald Priboth, manager of Cobb's Department Store, left Sunday for Dallas to attend the buyers market there.

Cotton Congress Opens Today In Caprock Hotel

Some of the nation's top cotton experts will speak at the 17th annual American Cotton Congress to be held in Lubbock beginning May 31. The Congress will last until June 2.

In addition to the speakers, there will be a field trip and irrigation demonstration plus a tour of the facilities at Texas Technological College.

The Congress will open Thursday at 2 p. m. in the Caprock Hotel. Highlighting the program will be the keynote address by Burriss Jackson, Hillsboro, chairman of the Congress. He will be followed by Lamar Fleming, Jr., chairman of the board of directors of Anderson, Clayton & Co., who will discuss the world cotton situation.

Friday's sessions will be held in the Lubbock Hotel beginning at 9 a. m. That night at the Caprock Hotel, Marvin L. McLain, assistant secretary of agriculture, will speak on "The Challenge Facing Cotton."

All-Congress sessions are open to anyone interested in the cotton industry.

Vegetable Types Shown In Newest Garden Booklet

Home gardeners as well as growers of commercial vegetables will be interested in a booklet recently released by the Texas Extension Service, called, Vegetable Gardening.

Varieties and planting guides are contained in the booklet, with recommended varieties for each section of the State.

For our part of Texas, the following varieties are recommended:

Top Crop, Wade bush and snap beans; Bluelake and Kentucky Wonder pole beans; Fordhook 242 lima beans; Detroit Dark Red and Crosby's Egyptian beets; Red core Chantenay and Danvers half-long carrots; Aristogold Bantam sweet corn; Model and Colorado cucumbers;

Great Lake, Grand Rapid and Salad Bowl lettuce; Crystal White and Granex onions; extra early, California No. 5, blackeyes, purple hull 49 and cream 40 peas; California Wonder sweet pepper; Scarlet Globe and White Icicle radishes; Bloomsdale Savoy spinach; White Bush Scallop squash; Porter tomatoes and

Ironsides, Pride O'Texas and Tendersweet watermelons.

Copies of the booklet may be obtained from the County Agent at the courthouse in Muleshoe.

Stain Removal Demonstrated At H. D. Club Meet

An interesting talk on "Removal of Stains From Clothing", was given by Mrs. Phebe Gray, as the Progress Home Demonstration Club met May 24, at the home of Mrs. Elzada Guiley. A discussion followed the talk.

Fern Davis gave a demonstration on "hanging out the wash". Club opened as each one present told of their most embarrassing moment. Roll call was answered with a helpful hint in washing and ironing.

Club will meet at 1:00 p.m. June 7, at the home of Veta Self, from where they will travel in a group to Pleasant Valley to attend that club's Country Fair. Each member is asked to bring some craft or article they have made during the past year, for display at the fair.

There will be a Bake Sale at Piggly Wiggly, June 16, with pies, cakes, and donuts being offered for sale.

A delegate for the state convention in San Antonio will be elected at the next club meeting. Mrs. Myrtle Wells was elected to attend the recreational school, July 19-20.

Refreshments of angel food cake and punch were served to the following: Mmes. Myrtle Wells, Mary Sweatmon, Gladys Haley, Elvov Sinnacher, Mae Sinnacher, Veta Self, Phebe Gray and the hostess.

Next meeting will be June 14, in the home of Phebe Gray. Mrs. Wilson, of the R. & W. Sewing Center in Clovis, N. M., will be there to give a demonstration of sewing machine attachments.

Early Control of Cotton Insects Increases Yield

Control of thrips and fleahoppers resulted in gains of 210 to 602 pounds of seed cotton per acre in the High Plains area of Texas in 1955. Average gross value of the increased yields was \$50.41 an acre, says W. L. Owen, Jr., Associate Entomologist, Texas A & M College.

Two or three applications of toxaphene, dieldrin and neptachlor controlled thrips and cotton fleahoppers effectively on the High Plains when initial treatments were applied soon after cotton had reached the fruiting stage.

Three thrip and fleahopper control tests with spray formulations of toxaphene, dieldrin and neptachlor were conducted. First insecticide applications were made soon after plants began to produce squares. Two applications were used in one test and three applications were used in the other two tests.

Treated cotton set fruit earlier and showed less growth than plants in untreated plots. The increased number of forms set by plants in treated plots shed fruit excessively when insecticide applications were followed by too early or delayed irrigation, says Owen.

Toxaphene, dieldrin and heptachlor proved effective in control of thrips and fleahoppers. Although differences were not significant, toxaphene and dieldrin gave somewhat better control than heptachlor at the dosages used. Two applications held fleahopper infestations to low levels in one test. In the other tests, a third application was necessary to control rapidly increasing infestations of fleahoppers.

Control of thrips and fleahoppers resulted in economical increases in yields in all three tests. Two applications of the

materials produced gains of 310 to 370 pounds of seed cotton per acre, states Owen. Three treatments produced increased yields of 321 to 391 pounds of seed cotton per acre in one test and 565 to 602 pounds per acre in the other. Gross value of gains in production ranged from \$36.62 to \$71.32 per acre.

FLEET FOOTED TRACKSTER

Jimmy Holt, Muleshoe, has compiled a fine record as a member of the University of Texas track team. Jimmy, now in his sophomore year, has run the half mile, quarter mile, and has been a member of Texas' crack mile relay team.

He is the son of Mr. and Mrs. Clyde Holt. Jimmy had a fine record as a participant in track, basketball and football during his years in Muleshoe high.

He is one of fifty four University of Texas performers in five spring sports who were awarded letters, D. X. Bible, athletic director of the University announced Saturday.

Thirty-six Seniors, Sponsors Made Trip To Missouri

Thirty six seniors, three class sponsors, high school principal and four room mothers returned home last Thursday from Lake of the Ozarks, Mo., where they had journeyed for the annual senior trip.

The group left Lubbock at 3:00 p.m., Saturday, May 19, and traveled by chartered bus, arriving at Lake of the Ozarks 11:00 a. m. Sunday. While there they stayed at Sherwood Lodge.

Sunday morning the group sang church songs, and during the afternoon went swimming and boating, or rested from the trip.

Monday morning they enjoyed the many recreational facilities of the lodge and during the afternoon visited "Dogpatch," a rundown farm. Monday evening the group attended a western party and hayride. Schools were represented from Illinois, Nebraska, and Kansas. During the party, square dancing, an exchange of jokes and sing-song was enjoyed.

There was a moment of excitement Monday afternoon when

a row-boat in which Edward Wuerflein and Kenneth Landers were riding, capsized. The two boys were rescued by motorboat.

Highlight of the day Tuesday came, when the Muleshoe group along with five other school from other states took an excursion down the river in a boat. Each school gave their school song and furnished an entertainer or entertainers. Buddy Pool represented Muleshoe by impersonating Jerry Lewis and singing two songs.

On the return trip, Wednesday, the group stopped at Camden, Mo., and toured the "Bridal Cave" and also stopped in Oklahoma City, and spent several hours at Springlake, a recreational park there.

Beautiful weather was reported for the entire trip, and the tired happy bunch arrived in Lubbock at 7:30 a. m. Thursday, with memories they would treasure through life.

Making the trip were: Class sponsors, Dale Albright, Ola B. Jones, and Roberta Biles; principal Bill Parker; room mothers,

PROGRESS NEWS

By Mrs. A. L. Cooper

CALENDAR OF EVENTS:

There are many events planned for the near future in the Progress Community. On May 31, this evening, at 8:00, Family Night will be observed at the Progress Methodist Church. All members and friends of the church are invited to come and bring either steak or chicken to fry, and the rest of their meal. This social honors the students who are home from college, and also welcomes the new pastor and his family.

On June 1, Friday, from 3:00 until 5:00 p. m. registration for Vacation Bible school will be held at the Baptist Church for all children including intermediates. Classes will be held from 3:00 until 6:00 June 4-8.

On Sunday, June 3, at 3:00 p. m. the Progress Baptist Church will be host to a zone meeting of the West Plains Union. Local members of the training union will join delegates from several other towns. Also on June 3, at 3:00 p. m. the Progress Methodist Church will be the scene of an old fashioned singing convention honoring old-timers of the community. Everyone who likes to sing and enjoy old time gospel singing is invited to come.

At 10:00 o'clock Monday morning, June 4, Progress Methodist Church will be the scene of the wedding of Miss Myra Hogan and Douglas Grimes. All friends of the young couple are invited.

From 3:00 until 5:00 that afternoon, vacation Bible school begins at the Methodist Church, and will continue through June 8. All children through the ages of 15, are invited. Registration will be in one of the regular school sessions on Sunday.

On June 10, at 8:00 o'clock in the evening, Miss Patricia Cooper and Paul J. McMahon will be married at the Progress Methodist Church. All friends of the couple are invited to attend.

A candidate speaking, sponsored by the Progress WSCS will be held in Fellowship Hall at 8:00 o'clock, Friday evening, June 15. Everyone invited. The ladies will sell cookies, pie, cake, coffee and cold drinks.

WMU BUSINESS SESSION

The Women's Missionary Union met Monday afternoon at the Progress Baptist Church for their monthly business session. President, Mrs. Herbert Peugh, conducted the meeting as final plans were made for the Vacation Bible school.

Attending were: Mmes. M. L. Shipp, Herbert Peugh, J. R. Walker, Melvin Marrow, C. A. Bishop, Bessie Davis, Sam Blackwell, Amon Blair, J. L. Redwine, Elmer Downing and Ben Atkins.

Mmes. Walter Harrison, Gerald Allison, Gordon Murray and Gene Lowe; and the seniors: Norretta Harrison, Stanley Fox, June Freeman, Billy Shaffer, Thurston Garrison, Gwyneth Cox, Kenneth Powers, Lucille Davis, Pat Simmacher, Faroy Simmacher, Thomas Sowder.

Patricia Cooper, Virginia Cates, Shirley Allen, Doyle Henry, Winston Allison, Delores Lowe, Norae Clark, Peggy Stevens, Nettie Jo Hutchens, Kenneth Landers, Edward Wuerflein, Bob Wingo, Barbara Autry, Betty Shanks, Bo Bryant, Gene Paul Jarman, Don Hall, Outher Otte, Seigrid Hoffman, Linda Lou Lancaster, Bobby Black, Buddy Pool, Velta Gillis, Marlon Stevens and Ervin McMakin.

JUNIORS HAVE PICNIC

Junior night Fellowship members enjoyed a picnic on the Methodist Church lawn last Sunday afternoon. Games, which were planned by the children's recreation committee included, "Musical Bingo," and Treasure Hunt.

Attending were: Jim and Kay Thomson, Mary Elle, Janie and Wanda Wedel, Doris Cooper, Norman, Clifton and Wayne Neal, and adult sponsor, Mmes. A. L. Cooper and J. P. Wedel. Intermediate guests were Frances Cooper and Mary Jane Jones.

NEW OFFICERS INSTALLED

Last Sunday evening, officers for W. S. C. S. and M. Y. F. were installed following church services at the Methodist Church.

John W. Thomson, chairman of the official board, presided in the absence of the pastor. WSCS Officers are headed by Johnie Westbrook as president. President of the MYF is Ralph Roming.

Officers of the Intermediate M. Y. F. are president, Billy Roming, Frances Cooper, vice-president; and Trudy Davis, secretary-treasurer.

All the new officers will assume their duties June 1.

TO FLOYDADA CONCLAVE

Boys of the Progress Baptist Church, who attended the Royal Ambassador Conclave near Floydada last weekend were: Bobby Eason, Lee Raney, Bill Atkins, Roy Lynn Shipp, J. D. Gray and Jackie Redwine. They were accompanied by Rev. Ben Atkins and E. F. Eason.

Mr. and Mrs. Bill Boatman and son Billy, of Hereford, visited last Sunday in the home of her brother, Homer Redwine and his wife, Mr. and Mrs. Elmer Downing were dinner guests in the Redwine home.

James Wedel presented an excellent program on Stewardship of the Soil at the Methodist Church Sunday morning. Mrs. John Thomson spoke on "New

Beginnings," and C. E. Kaufman reported on his trip to the annual conference.

Mr. and Mrs. E. W. Bass and children, Shady Lane and Stephen, attended the 35th wedding anniversary of his uncle and aunt, Mr. and Mrs. F. L. Bass last Sunday. Some two hundred guests attended the affair, in the Bass home between Plainview and Olton.

Rev. and Mrs. Ben Atkins and family spent last Tuesday at Pep, N. M. visiting friends.

Mrs. Albert Davis and Mrs. Herbert Peugh drove to Lubbock last Thursday morning to bring home Mrs. Gordon Murray and four senior girls who were returning from the senior trip.

Teddy Eason left last Monday for Ft. Worth, where he will be employed during the summer.

Mr. and Mrs. Elmer Wolfe moved to Bryan, last Sunday. They have resided here the past two years.

Doyle King, accompanied by Mr. and Mrs. Jasper Pruitt, of Morton, made a trip to Nashville, Tenn., last week, and the three attended a performance of the "Grand Ol Opry," Saturday night.

Misses Francine Dunn and Anne Simmacher, accompanied the former's aunt to California last Monday for an extended visit.

Mrs. F. G. Simpson, of Matador, spent Friday and Saturday of last week here and attended graduation exercises for her granddaughter Pat Cooper. Saturday, she visited Mr. and Mrs. Walker Leonard, former Matador residents.

Mr. and Mrs. Joe Walker and son John Gwyn left Monday to spend a week at Floydada. While there they will attend an Old Settlers Reunion, and visit his parents, Mr. and Mrs. John Walker.

PROGRESS WSCS WILL NOT MEET JUNE 7

The Progress WSCS will not have their scheduled meeting Thursday, June 7, as the date conflicts with vacation Bible

school. Instead, each member is urged to attend the sub-district meeting at the Y. L. Methodist Church on Tuesday, June 12, from 10:00 a.m. until 3:00 p.m. Officers training classes will be included in the program.

John Urteaga, who is employed in Utah, has been here visiting his family recently. His wife and children accompanied him back to Utah last weekend and will spend a month there.

John L. "Littlejohn" Thomson, of Hereford, visited here with friends Sunday.

MULESHOE CHIROPRACTIC CLINIC

CLINIC REPORT

Case History: A man; Age 38; Symptoms: Shoulder nerves felt as though they were pinched; Soreness in shoulders; and shoulders felt very tired for many years and gradually getting worse; then hips became affected with the same as his shoulders were and both getting worse; Was nervous and given out all of the time; Loss of pep; Loss of appetite.

CAME TO THE CHIROPRACTIC CLINIC

After trying various health methods before coming to the Chiropractic Clinic without results he came here for an examination. X-Ray pictures were made of his spine which showed that the vertebrae were distorted out of alignment with one another.

WHAT CHIROPRACTIC HAS DONE FOR HIM

During the series of Health Service delivered at the Chiropractic Clinic this case reports that he has never felt better! That he came to the right place to get well. He says, "It is scientific the way you do things here. I'm so glad that I came to get the cause of my trouble corrected instead of just treating the effects of my pains — I wouldn't take anything for what you have done."

Female Disorder and Highly Nervous

A Lady; Age 41; Case History and Symptoms: Had nerve trouble and would become highly nervous almost to the stage of hysteria; Colds in the head almost constantly; Prolapses or dropping of female organs making almost impossible to work. All of these symptoms had been developing for the last 25 years more or less. There was also uncomfortable sensation at the base of her brain. The case came to the Chiropractic Clinic for an examination.

X-Ray pictures were taken of her spine which revealed the abnormal position of the atlas vertebra, being out of alignment with the skull above and the axis or second vertebra in the

Does your personal property add up to 2 or 3 times its insured value? This is true 9 out of 10 times with people we talk to. If this is true in your case, why don't you look around your house right now, and add up all the things which you've added recently, especially those lovely Christmas gifts, perhaps a new Television set or Dad's new chair. And since this is no time to have to replace all your household goods, we think you'll agree that you're not being very thrifty to run the risk of losing it all in a fire that might start tonight. So . . . why not call Pool Insurance, Phone 7010 right now and let us insure ALL your personal property.

Mr. and Mrs. Rex Sanderson were planning to attend a family reunion Wednesday of this week in Oklahoma where they were also to visit his grandmother.

Mr. and Mrs. Bobo Leave Sunday For Tour of Europe

Mr. and Mrs. Pat Bobo are to leave Sunday for a trip to Europe, during which they will visit England, Scotland, Holland, Western Germany, Austria, Italy, France, and Ireland.

The couple will leave Muleshoe directly after church services, and will board the Santa Fe "San Francisco Chief" for Chicago, from where they will fly to New York June 5. The flight by TWA will depart New York June 5, reach London at 9:35 a. m. June 6.

In the capital of the British Empire, the local folks will spend four days, and hope to see much of the great city and of England. Mr. Bobo has a nephew, Capt. Dick Ellis, who is a doctor and is stationed there with the Air Force. He and his wife have spent much time figuring out an itinerary. Pat is determined to play on famed, ancient St. Andrews golf course, the birthplace of golf, but was not sure their limited time would permit a trip to Edinburgh, Scotland where the course is located.

FLY TO CONTINENT

June 11, the couple will fly to Amsterdam, Holland, leaving there the following day by train to Frankfurt, Germany, via Cologne and Bonn. The schedule calls for them to go from Frankfurt to Berne, Switzerland, thence to Bienn, then to Lucerne, Zurich, and Munich. From Munich they'll travel to Venice, Italy.

June 17 they'll be leaving the famed city of canals for Rome, where they'll spend the 18th and 19th. June 20 they'll journey to Nice, France, and will spend the 22nd and 23rd in Paris, France. On the 24th they will fly to Shannon Ireland, and board a Trans-Atlantic plane for New York June 25. Coming back much the same way they went, they'll reach Clovis at 11:30 a. m. June 27, after 24 days of sightseeing.

1640 Visited The Wildlife Refuge Near Here In 1955

Nearly seven million persons visited the national refuges during 1955. These 6,974,447 visitors last year represent an increase of 34 percent. Of this number, more than one-third, or 2,677,452, used the refuges for fishing. Public hunting accounted for 406,219 visitor days for such use, primarily through the Mississippi River Valley. Opportunities were afforded for picnicking, swimming, and wildlife observations, and these, together with business and official use, amounted to 3,890,776 visitor-days. Refuges are managed on a multiple-use basis, insofar as this can be accomplished without defeating the primary objective for which each was established. This has permitted increased public use of refuges for recreational purposes. Muleshoe National Wildlife Refuge, twenty miles south of Muleshoe, provided 1640 visitors toward this national total, three times the number visiting this refuge in 1954. Much of the increase in visitation has resulted from increased use of the refuge recreation area for picnics and barbecues.

Roof Line Adds Appeal

A welcome departure from long, unbroken roof lines is the key to the exterior charm of this efficient, six-room home designed by Rudolph A. Matern, Jamaica, N.Y., architect.

The gabled front, set off by a broad stone chimney, combines with a roof break between the house and cupola-topped garage to create the look of individuality so desirable in today's homes.

Inside, an open, 32-foot living-dining room boasts a wood-burning fireplace and a 12-foot picture window. The three bedrooms are well-separated from the working and entertaining areas of the house, and the kitchen has table space plus a step-saving U-shaped work area.

The effect of the unusual roof is heightened by the use of bright-colored asphalt shingles. The stone chimney is both decorative and functional, with a stone planter extending from

the chimney under the wide picture window.

Facilities for outdoor living are provided by a roofed patio overlooking the back lawn. The patio is accessible from both the kitchen and dining room. The garage has a garden tool storage room. Adjoining it is a closet for work clothes.

The architect suggests that with year-around air conditioning becoming so popular the exterior walls and the ceiling should be fully insulated with mineral wool. He says insulation will cut down heating and cooling costs as well as reduce the initial cost of equipment.

The house has 1,392 square feet of floor space, excluding garage, basement and outdoor living.

A blueprint package, with instructions for building with and without a basement, is available from Rudolph A. Matern, 96-04 161st St., Jamaica 32, N.Y. Refer Plan No. 9449.

MOTHER CAT ADOPTS FAMILY OF RABBITS

Mr. O. E. Green and son were irrigating on their farm one day last week when they came across four little bunny rabbits which were half drowned. Not wanting to kill the little fellows, they took them home and put them with their old mother cat which already had a family of kittens. The mother cat accepted them immediately and cleaned them up.

With the exception of one little bunny, which died from exposure, the mother cat is the proud mother of her kittens and the adopted bunny rabbits.

THIS WEEK — In Washington

Clinton Davidson

You have heard and read a lot about the Washington battling over farm legislation, and maybe you have wondered what all the delay and debate was about, anyway. The inside story can now be revealed.

There are two things to keep in mind when you try to unravel Washington thinking about farm legislation. First, there is genuine concern over the continued farm income decline. Second, this is a Presidential election year.

Most congressmen, as well as the Administration, had two objectives. First to help ease the farm cost-price squeeze, and second to help their party get more votes in December. That was not always the order of importance, however.

Agriculture Secretary Ezra Benson had unshakable confidence in his flexible price support plan, adopted at his insistence two years ago. That plan, basically, was that whenever supplies of any commodity increased the price support level would be lowered.

President Eisenhower went along with Benson's determination to keep the flexible price law in operation. Their contention was that since, as they understood it, high, rigid supports had caused excessive production and reduced markets, therefore lower, flexible supports would result in less production and larger markets.

But, it became evident that too many farmers were going broke, or being forced to seek jobs elsewhere, while waiting for the flexible law to reduce production or increase markets. Last year more than 150,000 farms "disappeared," were sold or merged with other farms.

The Administration procedure was to keep the flexible program in operation and make direct government payments to farmers to offset lower income from marketing of farm products. That's how the \$12 billion-a-year Soil Bank payment program was born.

It was the same program that the USDA had officially condemned in letters to congressmen five months earlier. The fact is the Soil Bank is mis-labeled. Its chief purpose is to reduce production and not soil conservation, and to compensate farmers in part for loss of income resulting from taking land out of cultivation.

Democratic leaders, on the other hand, look the view that there was nothing wrong with farming that higher prices and income wouldn't cure. They had a pretty good point, at that. They knew Ike would veto a high-support bill, and they figured to let him try and defend Benson's low support program in November.

Eisenhower, however, turned the tables in his veto message by ordering Benson to increase support prices for most of the basic crops and by again putting pressure on Congress to pass a Soil Bank bill. It was a maneuver that shifted the cat from his back to the Democrats'.

The question on Capital Hill became not so much whether the farm bill would solve the farm problem, but which party would get the credit for it if it did, or the blame if it did not.

"Cooking Electrically, I can depend on good results everytime!"

says MRS. LANDON DONNELL,
224 N. E. ALPINE DRIVE, PLAINVIEW, TEXAS

Electric cooking — and only electric cooking — with its pre-set, perfectly controlled temperature can guarantee the good results every time demanded by outstanding homemakers like Mrs. Donnell.

And only electric cooking combines perfect results with perfect styling. As Mrs. Donnell says: "Convenience and space-saving features, plus contemporary styling, led us to choose a built-in electric range when we redecorated our kitchen." Mrs. Donnell, incidentally, has used an electric range for several years. Her new built-ins are just modernizing the modern for her, so to speak.

Mrs. Donnell's new electric surface units fold into the wall when not in use — providing extra counter space. Only super-safe electric cooking could offer this fold-away feature.

Accurate, modern, space-saving and safe. These tests or any other that you might choose can be met best when they're met by an electric range. Try one and see.

Kenneth Coleman Admitted To Fort Worth Seminary

Kenneth Brown Coleman, Mart, who received the B. A. degree from Wayland College on May 21 has been accepted for admission to Southwestern Baptist Theological Seminary, Fort Worth, next fall.

On the B. A. degree he majored in English and Bible. Although he is a graduate of Muleshoe High School, he attended Mart High School before moving to Muleshoe.

During the current session he has served as secretary of Circle

K. men's service club sponsored by the Kiwanis Club of Plainview. He has also been a member of International Relations Club and of Ministerial Alliance. In 1954-55, Coleman was commissioner of elections and publications on the Student Government Association Council and was chosen for the personality section of the 1955 Traveler, College yearbook.

While attending Wayland College Coleman was for two years an employee of Plainview Hospital and the last two years has been an assistant to the counselor of McDonald Hall, where he lived.

Area Teacher Is Featured In News

James M. Shuttlesworth, son-in-law of Mr. and Mrs. H. G. Harvey, Rt. 2, Muleshoe, was recently the subject of a feature story in the Borger News-Herald.

The story tells of Shuttlesworth's ambition to become a woodworker and teacher, an ambition

FRENCH "BIRDMAN" DIES IN PLUNGE - French "birdman" Leo Valentin dived 9,000 feet to his death trying to fly with wooden wings. A holiday crowd at Liverpool, England, of 100,000 watched in horror as the 37-year-old French Army parachutist plunged to the ground after one of his artificial wings was broken and both of his emergency chutes failed to open.

PERMIT ENTRY OF 'STOWAWAY' IMMIGRANT - Possibly the youngest stowaway ever to arrive in the U. S. Giuseppe Fabozzi, 27 days old, takes it all in stride while posing with his parents, Saverio and Antonia Fabozzi. Giuseppe was discovered on the liner Independence when a purser counted noses. He was born after his parents received their visas—but before the ship sailed. They did not want to give up their chance to come to America, so they sneaked him aboard. Immigration authorities said his entrance was legal since Mrs. Fabozzi had a visa but the steamship lines reasoned that Giuseppe owed \$10 for a ticket. Tailor Fabozzi paid up.

If you're saving for a big event...

Where you save does make a difference

Big events like weddings are worth saving for. And as over 15 million Americans know, saving in an insured Savings and Loan Association offers important advantages.

Excellent returns from your money is one advantage. Another is modern, efficient, forward-looking service.

And, of course, your money is safe because in insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else!

Whatever event you're saving for, start right now to enjoy the worthwhile advantages offered by your nearby insured Association.

This sign identifies us as a member of The Savings and Loan Foundation Inc., a nationwide organization of insured Savings and Loan, Building and Loan and Homestead Associations which sponsors this message in Life, The Saturday Evening Post, Reader's Digest, and U. S. News and World Report.

When it purrs, you reign

YOU can hardly hear its whispered might—but man, you sure can feel it.

It's power almost without limit—power that humbles the hills, melts the miles, makes you monarch of all you survey.

For this is a new Buick—a '56 Buick—sparked by the most potent engine in Buick annals—a 322-cubic-inch V8 with a record high compression of 9.5 to 1.

But what makes you feel even more like bossman of the highway is the great new advance in Variable Pitch Dynaflo.*

First time you tickle the gas pedal you'll know what we mean.

Now—smack in the top inch of gas pedal travel—right where you save gas every turn

of the wheels—you get a swift, sure and supremely positive new getaway response.

For smooth and nimble performance— for sheer mastery in traffic—nothing like it ever was.

And that's just part of it. When you need a still greater flow of get-up-and-go for safety's sake, you merely switch the pitch and you zoom out of tight spots.

So come rule the roost in this '56 Buick. Come drive a car with 127 gorgeous inches of wheelbase to give it regal room and a ride that's fit for a king.

Try out Buick's new steering—new center-

grooved brakes—new direct-acting shock absorbers with triple the former volume-cushioning oil.

Learn how it feels to boss a car that looks like royalty and acts the part to perfection.

We promise—you'll practically purr with delight at the wheel of this dazzler—especially when you discover how easily you can make it your own.

What do you say—shall we expect you today?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

BABSON DISCUSSES ADVERTISING

Robert Babson, Nass, May 21, 1958, is not saying that advertising is the most important factor in business. The location and attitude of every local merchant and each of his clerks are adequate factors. This is due to the fact that consumer buying habits determine the future of business and employment.

OUR PRESENT PROSPERITY
If economic history had run its course, we would have had a business depression and unemployment after World War II. But the advance in radio advertising saved the day. It provided the greatly needed "show-in-the-street" to the general welfare.

WANT ABOUT COLORED BUSINESS?
Unless the national authorities have something new to offer, we are again likely to see declining sales, which may be accepted as inevitable. It is already in the sky. Every merchant should be at his toes and ready to business. Whatever factor he wants, every manufacturer, merchant, or wage-earner wants good business. Certainly, it will not come by voting any voter antagonistic to business. The first principle of holding your job and being promoted is to stick to and uphold foundations already built.

Section Joseph that of other outcasts while serving as assistant of a church in South India. At his funeral, many members of the church gave good testimony about Joseph's faithful service. He saved the church, gave the bells, watched the plants, carried church notices, and cheerfully helped the pastor by visiting homes and patients. Although he died ten years ago, we still think of him today for Section Joseph proved to be a just and faithful steward.

What to WATCH for when selecting the most modern truck for your job!

If you're in the market for a new truck, you can start your "shopping tour" right on this page! The salesman shown here is pointing out modern features that increase efficiency on the job and give you more truck for your dollars.

So take a moment to follow him around in this on-paper demonstration. Then you'll know what to look for—and you'll find it right here, at your Chevrolet dealer's!

WATCH for advanced Work Styling
The long, low, forward-sweeping lines of new Chevrolet trucks provide modern truck beauty that's good advertising for your business. Each weight class has its own distinctive styling.

WATCH for Ball-Bearing steering
Modern Ball-Bearing steering, featured in all Chevrolet Task-Force trucks, makes your job easier at every turn! In this precision steering gear, scores of polished steel balls minimize steering friction.

You'll find modern features everywhere! For example, there are famous Chevrolet high-compression 6's—the world's most popular truck engines! A great new 5-speed transmission, optional at extra cost, handles tough jobs with ease in a wide range of models. New

WATCH for modern cab design
Chevrolet truck cabs offer greater comfort, panoramic windshield for better vision and modern concealed Safety Steps.

WATCH for automatic transmissions
In 3000-4000 Series models there's famous BUDGET-MAXIMUM. And for 5000 through 10000 Series models there's exclusive, revolutionary POWERMATIC! Both are excellent options.

WATCH for modern short-stroke V8's
There's a new V8—either standard or optional at extra cost—for every model. They're compact, efficient engines, too—the leaders in their respective classes for horsepower-per-pound!

Triple-Torque tandem options for heavy-duty trucks like G.V.W.'s up to 32,000 lbs. . . . G.C.W.'s up to 50,000 lbs. Certainly, there are many things that point up Chevrolet truck modernity . . . many reasons why anything less than Chevy is an out-dated truck!

WSCS Meeting Conducted By Mrs. W. F. Gable

Sanctuary of the Muleshoe Methodist Church was the setting at 3:30 o'clock Monday of last week, for the regular meeting of the Women's Society of Christian Service.

The group sang, and said The Lord's Prayer, after which Mrs. W. F. Gable conducted the study on "The Christian Mission in a Revolutionary World."

Business session was conducted by Mrs. H. Jay Wier.

A letter was read by Mrs. I. F. Willman, from Mrs. Carles, who is away and ill.

Mrs. Clarence Stephens reminded the ladies of the programs for the next month, giving names of ladies for each lesson.

Mrs. Cecil Davis reported on the good works of Jim Johnson, who is overseas.

Meeting was dismissed with a prayer by Mrs. W. D. Moore.

Present were: Mmes. W. F. Gable, I. F. Willman, Earl Howell, C. R. Farrell, Arnold Mor-

ris, W. D. Moore, H. Jay Wier, Clarence Stephens, R. O. Gregory, F. B. Pierson, and Cecil Davis.

MacKenzie Park Picnic Setting

A group of young people from the Church of Christ, accompanied by Mr. and Mrs. Jacques Baker and his mother, Mrs. C. M. Baker, traveled to MacKenzie Park in Lubbock Sun., following church services here.

Following a picnic lunch, the group played baseball and enjoyed the recreational facilities at the park. They also attended the "Home Show" which was held in the new Lubbock Coliseum, on the campus of Texas Tech College.

Six of those making the trip remained in Lubbock Sunday evening and attended services at the Southside Church of Christ, while others returned to Muleshoe.

Making the trip were: Mary Woodard, Shirley Cherry, Sandra Dill, Dorothy Giles, Billy Harmon, Phil Providence, David Mills and Marion Mills.

Muleshoe HD Met In Oswalt Home

Mrs. M. L. Oswalt was hostess to thirteen members of the Muleshoe Home Demonstration Club last Tuesday. Attending were: Mmes. C. E. Briscoe, J. E. Day, W. W. Smith, S. L. Robinson, Fred Bruns, S. C. Caldwell, John Purdy, M. L. Oswalt, D. E. Beller, H. G. Griffith, T. F. Maddox, Murel Wilson, and C. H. Gillis.

In the absence of the president, Mrs. J. E. Day was in charge, with Mrs. S. L. Robinson giving the council report.

Mrs. Briscoe led the game, "Parts of a Turkey."

An interesting demonstration on how to sprinkle a shirt for ironing was given by Mrs. Oswalt, who also demonstrated how to hang up the wash.

Removal of stains and use of bleaches was discussed by Mrs. Caldwell.

The hostess gift of a towel was won by Mrs. John Purdy.

At the next club meeting, three weeks away, June 12, there will be a Tupper Ware Party. The meeting will be held at the home of Mrs. Riehl Williams.

Club will meet Thursday, June 7, at the Courthouse at 1:30 p. m. and go in a group to Pleasant Valley, where they will attend the club fair. Each member is asked to bring some article or articles which they have made.

Impressive Double-Ring Ceremony Sun. United Miss Walker, A-2c Ronald Dalby

Mr. and Mrs. Ronald Dalby

Marriage vows were exchanged by Miss Ann Walker and A-2c Ronald H. Dalby at 2:00 o'clock in the afternoon, Sunday, at the home of the bride's parents, Mr. and Mrs. J. R. Walker, of the Progress Community.

Parents of the bridegroom are Mr. and Mrs. H. C. Dalby, of Amitz, Mo.

The impressive double-ring ceremony was performed by Rev. E. J. Keith, of Farwell. Baskets of gladiolus were featured decorations.

Given in marriage by her father, the bride wore a dress of white pima-silk and lace, with white accessories. Her veil was attached to a small white hat,

and she carried a bouquet of gladiolus atop a white Bible.

Mrs. Elton Gulley sang, "Always," and "The Lord's Prayer," accompanied at the piano by Mrs. Phillip Garrett.

Maid of honor was Shirley Story. Her dress accessories and corsage of gladiolus were white.

Guy Walker, brother of the bride, served as best man.

Patty Ann and Carrol Gene Walker, niece and cousin of the bride, lighted the candles. Ring bearers were Vicki Ruth and Johnny Walker, niece and nephew of the bride.

RECEPTION FOLLOWED: Immediately following the ceremony a reception was given in honor of the couple. Miss Jackie Sullivan served cake, and Mrs. Jim Gore presided at the punch service. Guests were registered by Mrs. Homer Redwine.

Out of town guests included: Mr. and Mrs. H. W. Walker, Patty Ann and Vicki Ruth, of Pittsburgh; Mr. and Mrs. J. R. Walker, Jr., of Wilcox, Ariz.; Mr. and Mrs. J. D. Walker, Carrol Gene and Linda Lou, of Amherst; Mr. and Mrs. M. J. Strube, of Loop; Mr. and Mrs. Jim Gore, Misses Shirley Story and Jackie Sullivan, Phelix Smith, and Mr. Edd Greer, all of Lubbock.

For going away, the bride chose a white linen suit trimmed in braid and sprinkled with rhinestones. Her accessories were white, and she wore a gladiolus corsage.

After a wedding trip to Mo. and East Texas, A-2c and Mrs. Dalby will make their home at 1914 Ave. M. in Lubbock. He is stationed at Reese Air Force Base.

The Y. L. W. S. C. S. is sponsoring a candidate speaking at the Y. L. Church on Friday, June 1, at 8:30 p. m.

A cordial invitation is extended to everyone.

CARD OF THANKS

We wish to express our gratitude and appreciation for the kindness, sympathy, food, flowers and everything during our mothers' illness and death. Without you folks it could have been unbearable. Our special thanks to Dr. Green and Mr. Travis Reed. Thank you all very much for being near when we needed you most.

Mr. "Jesse" James and family
