Wintry Weather Sweeps Across Texas Plains

Weathers Elected Rotary Club President

Charles Townes Will Be The New Secretary; Club Now Has Thirty-Eight Members

A new board of directors and new officers for the ensuing year were elected by the Rotary Club at its luncheon Thursday.

Ray Weathers is the new president, Homer St. Clair the new vice president, and Charles Townes the new secretary, succeeding Wynne Collier, Ivy Hill, and Deen Nowlin respectively. Wynne Collier remains on the board of directors by virtue of being the retiring president.

In accordance with a recommendation by the board of directors, three members of the old board were re-elected and three new members elected. The old members re-elected are Homer St. Clair, Deen Nowlin, and Leonard Craft. The three new members elected are R. P. Weathers, Frank Hill, and Vernon Jones.

On behalf of the club, Leonard Craft welcomed two new members into the club, W. D. Smith and A. P. Edwards. Three other new members were invited into the club. They are Truett Smith, Henry Maasen, and Kirk Pitts. A welcome will be accorded them next Thursday.

Announcement was made that the members of the club and their wives were invited to attend Ladies Night at Brownfield on Friday night of next week. A number of the Rotarians indicated their intention of attending.

The Club also accepted an invitation to meet with the stockholders of the Farmers Cooperative Association No. 1 in a luncheon to be given at the gin plant of the co-op on Thursday, April 21.

The Rotary Club now has 38 members, President Wynne Collier stating that it is the second largest club on the South Plains.

Caviness In Austin For School Aid

County Superintendent H. P. Caviness, Superintendent S. G. Anthony of Wilson and Superintendent Smith of Southland left Wednesday morning for Austin to interview the State Department of Education with respect to the cut in the rural aid accorded to the schools of this county this year. They were accompanied by County Attorney Rollin McCord.

Mr. Caviness was recently advised, we understand, that the rural aid for the schools of this county for the current scholastic year had been cut almost fifty per cent under the amounts recommended by the state rural aid inspector some months ago.

Heretofore there have been only slight modifications, if any, of the amounts recommended by the state inspector, and it was presumed that there would be only slight modifications this year. The rural schools therefore have been operated under that assumption, and the cut recently announced in the amount of rural aid which these schools are to receive brought consternation to the local school authorities and teachers.

No explanation whatever has been given for the cut.

Mr. Caviness and the superintendents at Wilson and Southland therefore deemed it advisable to go to Austin to see what can be done about it.

It is presumed that like cuts have been made in many other counties in the state.

TO GINNERS' MEETING

Claude Donaldson, Arthur King, A. A. Mourfield, and Terry Noble are down at Dallas attending the state ginner's convention.

Mrs. A. P. Edwards returned Saturday from a visit with her mother in Fort Worth, the latter accompanying her back to Tahoka for a visit.

For State Office

Bascom Giles, Travis county, has announced as a candidate for Land Commissioner. He has served 17 years in the Land Office under J. H. Walker and J. T. Robinson. "My campaign shall be a fight for decency and honesty in the office of Land Commissioner," he says.

Three Trustees Are Elected Here

Out of a field of seven candidates, H. A. Maasen, H. B. McCord, and E. J. Cooper were elected Saturday as trustees of the Tahoka Independent School District, 111 votes being cast.

Maasen received 71 votes, McCord 59, and Cooper 49. Some of the unsuccessful candidates trailed not far behind.

The new trustees succeed F. M. Billman, H. B. Howell, and J. S. McKaughan, members of the old board. Mr. Billman declined to permit his name to be placed on the ballot, due to his ill health.

Other members of the board are Dr. L. E. Turrentine, W. L. Burleson, J. O. Tinsley, and Frank Hill.

The school board met Tuesday night and canvassed the returns of the election and declared the result. The new members were present and took the oath of office. Frank Hill and W. L. Burleson, respectively, were re-elected president and vice-president of the board.

Some Increase In Cars Registered

There has been a decided increase in the number of registrations of motor vehicles in Lynn county this year over the number registering up to a corresponding date last year, according to attaches of the tax assessor and collector's office.

The total number of automobiles, trucks, and trailers registered this year is 2,693 as compared with a total of 2,300 up to a corresponding date last year.

Of the total number registered this year 2,275 are automobiles, the remainder being trucks and trailers.

Tahoka Co-op Gin Paying Dividend

Wiley Curry, manager, has announced that the Tahoka Co-op gin will hold a meeting of officers and stockholders in the courthouse here next Tuesday afternoon.

He says a sizable sum in dividends will be paid at the meeting Tuesday to the stockholders as a result of the fine business the gin has done this year.

TECH CLASS WILL ERECT LARGE SIGN

Lubbock, April 7.—Second largest neon sign in the world will be erected on Texas Technological College campus as a parting gift from the 1938 senior class. The 16-foot Double-T will be exceeded in size only by the huge neon lettering on the RCA building in New York.

The emblem will be 10 1/2 inches thick, supported by metal. Fifteen millimeter red neon tubing will outline the letters on a black porcelain background.

Work On Highway East of Tahoka Is Assured

Important Road Out of Tahoka Finally Will Be Given Some Needed Improvement

It looks now as if something is to be done soon about highway No. 84 east of Tahoka.

The county Judge and commissioners court have been working on this project for a long time but there have been so many demands upon the state highway commission that it has not been able until recently, to find funds for the improvement of this sector of 84.

A few weeks ago, however, the court enlisted the aid of Senator G. H. Nelson, who assisted in presenting the matter to the commission. A few days ago the News received a copy of a communication written by State Highway Engineer Julian Montgomery to Senator Nelson together with a copy of a resolution adopted by the state highway commission which assures a start on the improvement of this highway at an early date.

By the terms of the resolution the sum of \$13,012 is appropriated by the state highway commission to supplement federal funds, making a total sum of \$22,000 available for this project, to wit: the construction of lake fills and the portion of the (Continued on back page)

Revival Brings New Members

The revival services which have been in progress at the Baptist Church since Monday of last week have resulted in a large number of professions of faith and more than fifty additions to the Church. To be exact, there had been 56 additions up to Wednesday morning.

An old folks service is to be held Friday morning if the weather permits.

The messages brought by the preacher, Rev. J. R. Hickerson, have been heart-searching and effective, while the music directed by Mr. and Mrs. Huber has been soul-stirring.

The services will come to a close Sunday night.

Alex Riddle Has Ripe Tomatoes

Whoever heard of tomatoes being grown and ripened by April 1 on the South Plains of Texas?

Well, Mr. and Mrs. Alex Riddle have turned the trick. Several weeks ago they planted and have grown a tomato plant in a bucket inside the house. Sunday they declared to the editor that they had already been picking ripe tomatoes off the vine. Mrs. Ruby Wells was present and vouched for the truth of the statement—said she had eaten one of the tomatoes herself.

Sounds like a tale from the lower Rio Grande Valley, but it's the truth.

Citizens of Ohio Visit In Tahoka

Mrs. Jerome Sanders of Cleveland, Ohio, and Mrs. Henry L. Dixes and little son Robert Henry of Akron, Ohio, arrived Wednesday afternoon for a visit with their parents here.

Mrs. Sanders was the former Miss Mary Greathouse, daughter of Mr. and Mrs. F. O. Greathouse, and was reared here.

Mrs. Dixon was the former Miss Jeanette Caviness, and was likewise reared in Tahoka.

Both were popular students of the Tahoka high school and graduated with high honors. Both are likewise college graduates. Each married a Texas boy, who are also college graduates and are holding lucrative positions in their respective cities.

BUYS EQUIPMENT

D. A. Parkhurst has just purchased \$1500 worth of equipment for his work shop soon to be opened in connection with his service station.

Scholastic Census Shows Slight Increase

724 Children Are Enumerated In Tahoka District For The 1938-'39 School Term

Carl Griffing, secretary of the Tahoka school board and census enumerator for the district, reports that the census of the scholastics in the district taken by him during the month of March shows a total of 724.

This is the largest scholastic population shown since the year 1934, when the total reached 743. There were 709 scholastics in 1937, 661 in 1936, 679 in 1935, 743 in 1934, and 673 in 1933.

It will be seen from the above figures that the number of scholastics has varied considerably from year to year. The high point was reached in 1934 but there was a startling drop the next year and a slight decrease again the following year, 1936. Then came a heavy increase in 1937 and a further increase this year.

Mr. Griffing says that apparently there was a heavy increase in the town this year over last year but a distinct falling off in the rural portion of the district. This is a little hard to account for by reason of the fact that most of the rural districts in the county this year showed an increase over last year.

Only 42 Votes In City Election

There was not a ripple to disturb the equanimity of the citizenship of Tahoka Tuesday, although it was election day.

An election was held to elect a city secretary and three members of the city council. The names appearing on the ballots were those of Miss Rosemary Nelms for City Secretary and Homer St. Clair, Dr. K. R. Durham, and N. C. Rainey for councilmen, all present incumbents. Since not a single candidate had an opponent, only 42 votes were cast and not a ballot was scratched. Each candidate received 42 votes.

Take note, Mr. Ripley, a municipal election and not a ballot scratched.

Mrs. J. H. Powell Dies In San Angelo

News reached Tahoka Friday of the death of Mrs. J. H. Powell at San Angelo that morning, April 1. The remains were interred in San Angelo Saturday afternoon.

Mrs. Powell resided in Tahoka a number of years, her husband being local manager of the Cicero Smith Lumber Company, and she had many friends here who deeply regret her passing.

Besides her father, Mr. Hearn a prominent ranchman of the San Angelo country, she leaves surviving two children, Martha Helen and Buddy.

Her husband died in San Angelo three years ago to a day prior to her death, April 1, 1935.

New Evidence Of Early Man Found

Lubbock, April 7.—Evidence of culture of a people not previously known to have inhabited the southwest region 12,000 to 20,000 years ago was discovered by an anthropological expedition to the Blue Mountains northwest of Odessa last week. The expedition, sponsored by West Texas Museum Association, was headed by Dr. W. C. Holden, dean and director of anthropological and archeological research at Texas Technological College.

The trip was made in hope of finding artifacts that would link the ancient Pecos river peoples with the ancient civilizations of the Pueblos in New Mexico. Further exploration of the shelter may be made next fall.

New Superintendent

W. T. Hanes, superintendent of schools at Hermleigh, has accepted the position as head of the Tahoka school for the year 1938-'39. He and his wife and son expect to move here about July 1. He will succeed W. G. Barrett, who was not a candidate for re-election.

Superintendency At Tahoka Goes To W. T. Hanes

(Scurry Co. Times, Snyder)

W. T. Hanes, for three years superintendent of schools at Hermleigh, was in Tahoka the first of the week, where he met with the school board to accept the superintendency of Tahoka schools beginning with the next session. He had been elected to the place last week.

Hanes came to Hermleigh for the 1935-'36 school term from the principal's place at Littlefield.

Rapid strides have been made by the Scurry County school under Hanes' administration. Affiliation credits have been increased to 24 1/2 units. Twelve teachers have worked with Hanes this year to bring the school to the limelight in interscholastic League activities. Hermleigh having won the county championship last week. Football has been brought to the forefront under his leadership, with Principal A. C. Bishop Jr., playing the stellar role.

Interested in civic progress for all the county, Hanes was a member of the Snyder Lions Club, and has many friends here.

Mrs. M. J. Duckett Died Wednesday

Mrs. M. J. Duckett, 44, residing about six miles east of Tahoka, died following a major operation in a Lubbock sanitarium Wednesday afternoon.

The body was brought to Tahoka in an ambulance of the Harris Funeral Home and prepared for burial and was shipped to Waco Thursday afternoon to be buried there.

Further details were not available at the time our forms closed.

Girl Wins Prize At Fat Stock Show

You would scarcely think that a little girl less than six years old could beat you guessing at the number of biscuits in a barrel.

But little Nan Beth Pennington, daughter of Mr. and Mrs. Willis Pennington living a few miles southeast of Tahoka, not quite six years old yet, beat a whole flock of people guessing at the number of Hillbilly biscuits in a barrel in a guessing contest staged by a big feed company at the Fort Worth Fat Stock Show two or three weeks ago.

Nan Beth received notice from the company Monday to the effect that she had won first prize and was instructed to call at a local grocery store for a 48-pound sack of Hillbilly flour. The barrel contained 1671 biscuits and Nan Beth guessed 1670. Several thousand people made guesses.

Nan Beth is as happy as a lark over her accomplishment. One fine thing about her win is that Pa and Ma Pennington can enjoy it as well as she.

Fruit Is Killed And Wheat Thought Damaged

Sand, Snow and Dust Storm Brings Miserable Weather To This Section

A belated wintry blast came roaring down across the plains Wednesday afternoon and night bringing sand, rain, sleet, and snow, sending the mercury down in one of the most sensational nose dives of the season, and leaving blight and desolation in its wake.

The norther hit about four o'clock Wednesday afternoon bringing swirling clouds of dust and sand. Soon after nightfall a little rain fell and before midnight it was snowing. An intermixture of sleet and snow covered with a coat of ice blanketed the earth Thursday morning except in places where the swirling winds had swept them away. The mercury had been driven down to 24, eight degrees below the freezing point, a fall of 52 degrees during the afternoon and night.

All plants and flowers were killed, the leaves on the trees were frozen and shriveled and doubtless will be falling from the limbs as if it were November in a day or two. Some are fearful that all the wheat which was in the boot was killed.

Poets may sing of the beautiful driven snow, but this snow was anything but beautiful; it was so intermixed with dust and sand that it looked almost as dirty as the slush from a hog pen.

But spring weather will be here again in a day or two, the leaves will put out again, the flowers will bloom and the birds will sing and all will be lovely.

But once again the mesquites got fooled.

Mrs. McClintock Buried Thursday

Funeral services are to be held at the Methodist Church here some time today for Mrs. Wayne McClintock, about 27, who died in the State Hospital in Wichita Falls of dementia precox at 1:10 o'clock Wednesday morning.

The body was brought to Tahoka Wednesday night by the ambulance of the Harris Funeral Home driven by W. O. Robertson, who prepared the body for burial and will have charge of the burial arrangements today.

Mrs. McClintock had been in ill health for some time, necessitating her removal to the State Hospital about three weeks ago.

Deceased was the daughter of Mr. and Mrs. J. F. White, who reside at the R. W. Fenton place one mile east of town. She had been a resident of this county since 1928. She was married in 1933, and she and husband have one child, a son three years old. Besides the husband and child she is survived by her parents, six brothers and four sisters.

The News joins many friends in condolences to all the bereaved.

Word received from the Fred House family is to the effect that they have bought a small farm near Belton, only one and one-half miles from the courthouse. The House's moved to that place from Dixie a few weeks ago.

Business Houses Close At 6:30

Practically all the business houses in Tahoka except drug stores, cafes, and filling stations have signed an agreement to close their places of business at 6:30 each evening for the summer.

The agreement went into effect Monday. Shoppers should take notice and make their purchases before this hour, for they will not be able to do so later.

REPORTS FROM THE COUNTY CLUBS

Miss Lilith Boyd, H. D. Agent

MIDWAY WOMEN STUDY 1938 FARM OUTLOOK

Midway H. D. Club met Thursday, March 24, at 2:30 p. m. at the home of Mrs. Pete Curry.

After ten minutes spent in recreation, followed by a short business session, the program as scheduled in the year book was carried out, the subject being "The Farm Outlook for 1938." The prospect is that the economic position of American agriculture will be fairly well maintained during 1938.

Since the money income available to the average farm family has been larger in 1937 than in any year since 1929, the net income is expected to be somewhat lower this year than last, but the decrease in income does not necessarily mean a corresponding decrease in the level of living. Farmers may be able to get more of their living from the farm and they may be able to spend their available cash more effectively. The practice of thrift is not new to farm families.

The club plans to have their next meeting at the home of a neighbor who is not a club member. On

STARS AND BARS ON U. S. COINS

For the first time in the history of this nation the Stars and Bars of the Confederacy appear on a United States minted half dollar. A replica of the Confederate flag appears on the commemorative half dollar issued by the U. S. government to commemorate the 75th anniversary of the Battle of Gettysburg and the final reunion of the surviving veterans of the war between the states. The coins, limited to an issue of 50,000, sell for \$1.65 each. They are available through the Pennsylvania State Commission, Gettysburg, Pennsylvania.

Valley of the Nile Is a 700-Mile-Long Oasis

The valley of the Nile is nothing more or less than a 700-mile-long oasis, with the great wastes of the Libyan desert bounding it on the west and the Arabian desert on the east.

At times, writes a correspondent in the Detroit News, the two great deserts try hard to meet, compressing the Nile valley into a mere thread consisting of little more than the river. For the greater part, however, the valley ranges in width from three or four to fifteen miles.

Except in those places where the deserts encroach or the fantastic multi-colored sandstone hills crowd in, the floor of the Nile valley resembles nothing so much as a great rambling checker board, its squares blocked out by an intricate system of irrigation ditches, which suck their life-giving water from the river.

Once every year the 180 sluices of the great dam at Assouan are opened and the Nile rises more than a man's height, the unleashed waters overflow its banks and, from the Sudan to the approaches of Cairo, spread far and wide over the floor of the valley. For three months these mechanically-controlled flood waters cover the land, seeping deep into the rich earth and irrigating it for the next year's crops.

With the coming of the flood waters the fellahens, or peasants, who have been careless of the sites on which they have erected their mud huts must watch their miserable homes melt away before their eyes. Then, loading their all, which is usually next to nothing, on a camel, they move back to higher and drier land and start building anew.

After the water has subsided it is drawn from the river during the next nine months by water wheels and dumped into the deep transversal ditches from which it flows, in turn, into smaller channels running parallel to the river.

Valentine Day Dates to Martyr of Third Century

Valentine day is an observance which seems to be connected with the first signs of spring rather than with the careers or character of any of the several Saints Valentine, observes a writer in the Cleveland Plain Dealer. Happening to occur on the date consecrated to a Roman martyr of the Third century, it has simply appropriated his name for what was probably a pre-Christian custom in England and Scotland.

The tradition is that on this date the birds choose their mates for the year. Various old British writers, including Chaucer, allude to such a belief. Emulating the birds, it was the custom in old Britain, for each young maid and man to receive by lot one of the opposite sex as "valentine" for the year. From this evolved the more recent forms of observing the day.

St. Valentine was a priest of Rome who was imprisoned because he had given assistance to persecuted Christians. He became a convert himself while in prison, and although he is said to have restored the sight of his jailer's blind daughter, he was martyred by being clubbed to death. The date of his martyrdom is given as February 14, 269.

College for Poor White Orphans

Girard college at Philadelphia, Pa., is an institution for the vocational education and maintenance of poor white male orphans, as the donor of the trust fund expressed it. The college was founded under the will of Stephen Girard and opened January 1, 1848. By a provision in the will no ecclesiastical, missionary, or minister of any sect whatever is permitted to hold office in this institution or to enter its premises at any time or for any reason. That provision should, however, not be interpreted as a reflection upon any sect or person; on the contrary, the founder's desire was, as himself stated, simply that the minds of the boys reared by the institution should be kept free from the confusion of denominational controversies so that on their entrance into active life they may adopt such religious tenets as their natural reason may enable them to prefer. The purest principles of morality were to be instilled into the minds of the scholars.

Hudson's Bay Company Ruled

For nearly 200 years the Hudson's Bay company ruled huge portions of Canada. Wherever it established a trading post it had the right to govern, says the Washington Post. Company men trapped and hunted for some furs, bartered with savage Indians for others. They lived in isolated fort-like posts, often saw other white men only twice a year. They had to be fighters. Disgruntled Indians, competing traders frequently attacked their posts.

Famous Cathedral in Havana

The cathedral of Havana is a famous church. It is built of native limestone; it is also the most noteworthy architecturally. It was erected between 1656 and 1724 and was long believed to shelter the bones of Columbus. Historians dispute about his tomb, some holding that it is in Santo Domingo, whence his bones were supposed to have been taken some decades after his death, some holding that it is in Havana and some in Spain.

IN THE UNITED STATES DISTRICT COURT IN AND FOR THE WESTERN DISTRICT OF TEXAS—WACO DIVISION.

J. M. Hubbert vs. Temple Trust Company; No. 236—In Equity.

Notice is hereby given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to N. Saleh all of Lot Nine (9) in Block Ninety-One (91) of the original town of O'Donnell, Lynn County, Texas, together with all improvements thereon situated, and for a consideration of \$2500.00, all of which will be paid in cash upon the consummation of the sale.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

Witness my hand at Temple, Texas this the 29th day of March, A. D. 1938.

H. C. GLENN, as Receiver for Temple Trust Company, Temple, Texas. 33-2tc

Rev. W. P. Bussell reports that new lights have recently been placed in the Baptist Church at New Lynn. They believe in letting their lights shine. The efficient pastor is the Rev. M. E. Robinson of Dawson county, who will conduct a revival in the church in August.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

E. S. Brown and son Dewey and Mr. and Mrs. Claude Brown of the Magnolia community returned Monday from a week's visit to Oklahoma City and Tulsa. They went by way of Amarillo and came back by Dallas. They report that the wheat

crop in the Panhandle from Amarillo to Shamrock looked "pitiful" but that in Oklahoma and north Texas from Sherman to Dallas it was very fine.

Primary Teaching Methods Revealed

The first grade had another interesting and instructive experience recently when they went to the grocery stores.

We wish to emphasize again the teacher's part in an "experience curriculum." Often times such a curriculum is charged with being only play. This may be the case if the teacher does not know where she is going, if she does not have a carefully worked-out plan of procedure. As first grade teachers, we must know what our obligations are in establishing strong foundations in every tool subject. To do this we must know not only our work, but we must know the aims of advancing grades. Whatever the method, education must be built step by step, systematically and carefully. Each grade or year must be a related part of the whole.

In this new school, the teacher must know not only her student's scholastic needs in reading, writing, and arithmetic, but also she must know child interests, child level of thinking, child feelings, or emotional needs.

The children in this school are having a good time, are playing; they are experiencing real life situations in terms of child interests. If rightly directed, real child interests become much better tools for useful learning than the old text book page-assignment lessons. We say that the child who knows how to live in his world has a better chance to know how to live as an adult.

Finally, the teacher must know how to check and test each experience to see if worth-while knowledge has been gained.

Below are charts which were worked out in Language Arts periods. Notice how the ideas of reading, English, health, and some number-work terms are secured. These charts are made by the teacher from sentences given by the children. They are printed as the children watch, and attention is called to punctuation, capitalization, form, organization. Related sentences are selected and placed together. These stories are then used as reading lessons. Words and phrases new to the reading vocabulary are given attention. The children are encouraged to give words that have interesting sounds. They enjoyed the word "whizzing," which one child thought of. It was fun to find it in the readers the very next day. Many stories are brought from home, and found in library books. Thus, the reading interest is enlarged greatly.

One Man Starts Redbud Fever

"Redbud Fever" has swept over the city of Denton, Texas, and thousands of the delicate flowers are now in bloom throughout the town. The man behind it all is Dr. L. H. Hubbard, who started the movement by having over a thousand redbud trees planted on the campus of Texas State College for Women.

With "A Redbud in Every Yard" as their slogan, the Civic Bureau has marked out U. S. Highway 77 as a "Redbud Trail," along which trees are planted at 25-foot intervals within the city limits.

went in the school bus. The bus went bumpety-bump. We liked to hear bumpety-bump. We saw houses on the way. We saw pretty trees and grass. It was fun when cars passed. They whizzed by fast.

In The Grocery Stores

We stopped in front of Mack's Food Store. Everyone went into the store. We looked all around at the food. All the food was kept clean. The food was sorted so that it can be found quickly. Each kind of food had a price tag on it. Nearby were scales to weigh the food we buy by pounds. The grocermen told us where the food comes from. As we went out of the store, Mr. McPherson gave us a candy sucker.

Next we went to Boullion's Grocery. Mr. Boullion told us a grocerman must be healthy. He told us to have clean hands when we handle food. Mr. Boullion gave us a big apple. Then we came back to school. We had a very good time at the stores.

Our Grocery Store At School

We made a grocery store at school. We made it of boxes. We painted the boxes red. We made the sides and tops of paper. We made a sign in front of the store. The sign says, "The New Food Store. We made vegetables and fruits. We made them of cloth and cotton. We made sticks of candy of red and white paper. We rolled the paper to look like candy sticks. We brought empty food cans from home. We like our store. We like to play in it very much. We wish you would come to see our store."

Spice of Health

During the Middle ages it was as drugs rather than flavoring mediums that spices were used, and as such were commercially of great value. They were also prized because of their aroma which counteracted the evil smells prevalent, for disease was commonly supposed to be the outcome of bad odors. Spices are a safeguard against disease, for now we know that they have a definite antiseptic value, says London Tit-Bits Magazine. Oil of cloves, for instance, acts as an antiseptic even in as weak a dilution as 2 parts in 1,000, cinnamon bark oil in a solution of 4 parts in 1,000, though carbolic acid ceases to have any antiseptic value when 5.6 parts are mixed in 1,000 of water.

Joliet, Ill., Once Juliet

The city of Joliet, Ill., once bore the name Juliet, which was later changed by the substitution of one letter in the name. The first settlement on the site of the present city was made in 1833, and named Juliet after a daughter of James B. Campbell, one of the settlers. When a postoffice was established, it bore that name, and it was not until 1845 that it was changed to Joliet in honor of the famous explorer of the Mississippi river.

Odd Relationship

An odd relationship existed between Peter Tchaikovsky, the Russian composer, and his patron, Nadejda von Meck, a wealthy widow from 1877 to 1890. On condition that they never meet, she gave him, during these years, sums of money which totaled about \$75,000, notes a correspondent in Collier's Weekly. The agreement was never violated, although they lived close by, passed each other on the street and wrote each other love letters several times a week.

Mr. and Mrs. Homer St. Clair visited his brother and family at Bronte last Sunday, Mr. L. H. St. Clair.

Farmers Co-Op Gin Pays Out

The Farmers Cooperative Association No. 1, Tahoka reports that it has paid the balance of the mortgaged indebtedness and is now free of debt. The plant was acquired from Edwards and Lockhart in 1930 for \$30,000.00 and it has passed through the depression, meeting all obligations as they came due and rendering an efficient ginning service to the customers. Much improvement in the machinery and enlargement of the facilities for serving the customers have been added until the assets now total over \$50,000.00.

The Board of seven Directors is selected from active farmers and they hold monthly meetings to attend the business of the Association. A wholesale and retail service station is operated by the organization and two trucks are used in this part of the business. Stock is owned in the Plains Co-op Mill at Lubbock, the Farmers Cooperative Insurance Co., Houston, and the Producer-Consumer Magazine at Amarillo. Now that the plant is free of debt, the board is working on a plan to begin revolving the stock. Earliest credits and stock issued will be retired at par value, the amount depending on the net savings or profit made each year hereafter.

The management and personnel is as follows: B. J. Emanuel, president; G. L. Cobb, vice president; E. J. Cooper, secretary; G. W. Hickerson, Terry Noble and S. J. Kitchen, directors; Claude Donaldson, treasurer-manager; A. A. Mourfield, engineer; Wade Holland and A. O. King, ginners; Curtis Stevens, asst. engineer and press; Dayton Short, press and suction; Lonnie King and E. H. Cowan, house suction; Kelly Hill, service station; and Lige Holley, truck.

Twin Foes of Democracy

By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic

With shocked amazement America has been reading the tragic tale of what is happening under Communism and Dictatorship abroad.

Trials that are travesties, wholesale executions, widespread death by bomb and gunfire, reckless disregard of treaty rights, of national rights and of human rights—so run dispatches from Europe and Asia.

What are the purposes behind all this? What brought it about? Essentially, both Dictatorship and Communism, whatever their pretensions, are twin foes of representative democracy, as we have always known it in America.

Their aim is to subordinate the individual to the State. Their theory is that the citizen is incapable of running his own life, thinking his own thoughts, choosing his own religion, producing his own and the nation's goods under his own direction.

These things, they believe, can be better directed by the politicians in power.

The men who founded America and built it into a great nation established a different pattern. They held that government was of, by and for the people, and that the politicians were the servants of the people, not the masters.

They believed in the intelligence, the enterprise, the ability and the freedom of the individual citizen, and planned a government to encourage those virtues. The American epic proves how right they were.

But there are among us theorists and bureaucrats who disagree with the founders and builders of America. They would discourage initiative and enterprise by vitriolic attack, by confiscatory legislation, by destructive schemes of taxation. They seek to stifle enterprise by law. They prefer to see the politician in power, the individual citizen submerged.

That isn't the American ideal of representative democracy. It approaches the way of the totalitarian states.

If Americans want to know where that path can lead, let them study the headlines from abroad, then route our own course to avoid it.

Political Announcements

The News is authorized to announce the following as candidates for the offices indicated, subject to the action of the Democratic primaries in July and August of this year:

CITY ELECTION
(Tuesday, April 5, 1938)
For City Secretary:
ROSEMARY NELMS (re-election)

MISS GREATHOUSE
WEDS PAUL COOK

Miss Margaret Greathouse, daughter of Mr. and Mrs. F. O. Greathouse, was married to Paul Cook of Garlynn at 7:00 p. m. Sunday in Sweetwater, the Rev. Sparman officiating. The groom is the son of Mr. and Mrs. O. R. Cook of Garlynn.

The bride is a graduate of Tahoka High School. The groom is a graduate of Post High School and for two years was a student in Texas Tech in Lubbock. They plan to make their home in Garlynn, where the groom farms.

School Trustee Election Saturday

Saturday will be school trustee election day in practically every community in Lynn county.

In the Tahoka district, three trustees are to be elected from a field seven men whose names have been filed by friends. They are: Henry Maassen, H. B. McCord, J. B. McPherson, H. B. Howell, H. O. Hargett, J. S. McCaughan, and E. J. Cooper.

Soldiers Wore Gorgeous Uniforms to Bluff Enemy

The British soldier (got his red coat—became a "lobster back" at the beginning of the Eighteenth century. In those days uniforms worn in battle were gorgeous; soldiers wore wigs which made them look tall in order to terrify the enemy. George Washington cleverly took advantage of this principle of terror when he became commander of the American forces at Cambridge, recalls a writer in the Boston Globe.

The Colonials had no drill, but they had a reputation for being much better shots than the best soldiers in Europe. It was difficult to obtain cloth for uniforms. General Washington recommended a garb composed of homespun, with coats cut like hunting shirts and long trousers.

"It is a dress," he said, "justly supposed to carry no small terror to an enemy who think every such person a complete marksman." The hunting shirts were usually white and fringed, but some regiments wore yellow, green or blue. Gradually officers and some of the enlisted men got into the long-tailed coats with vests and trousers of white or buff—a light yellow—and facings according to states. In New England these were white; in New York and New Jersey, buff; in Pennsylvania, Delaware, Maryland and Virginia, red; and in the Carolinas and Georgia, blue. All wore the "cocked" or three-cornered hat of the time. At this time wigs for soldiers had gone out of fashion everywhere, but even in the American army enlisted men were rationed flour with which to powder their hair.

Tight breeches went out of fashion in the French Revolution and the long trousers came in. Officers tucked them in boots. Shortly after the turn of the century, American infantry wore plumed hats, topped with a feather, but this did not last long.

Claude Donaldson, G. L. Cobb, Terry Noble, E. J. Cooper, and D. L. Short attended a co-operative ginners meeting in Lubbock this week.

Indianola, Ghost Town of Gulf Coast Country, Has Interesting History

Mrs. Nora Billingsley, who has been spending several weeks down in the Gulf coast country, has sent us the following interesting story of old Indianola, once a prosperous seaport town on Matagorda Bay which was almost utterly destroyed by a storm sixty-two years ago. The sites of hundreds of defunct towns which were once prosperous may be found in Texas, but few have a more interesting history than old Indianola. Mrs. Billingsley's letter follows:

Cities seem so permanent to me that I have often wondered how they can, with the passing years, be sometimes so utterly destroyed and lost that their very site is uncertain, but Indianola, which was once the county seat of Calhoun county, is an example in our own state of how this can happen. Of this once prosperous and thriving city nothing remains except a few old cisterns and the tumbled ruin of concrete slab that was once the court house, and against which the waves of the bay now dash ceaselessly.

"There used to be streets out there," a woman told me pointing to the water.

Briefly, Indianola, from 1852 to 1875 was the main gateway to the great Southwest. It was the biggest point of entry on the Texas coast, handling more shipping than Galveston. The Morgan Line of steamships then ran to Indianola from New York, New Orleans, Pensacola, and many other points, and goods brought there by water, were hauled by ox wagons to all sections of West Texas and into Old Mexico. Ox wagons came in long trains from Mexico. Oldtimers tell of seeing these freighters lined up sometimes for a mile, waiting to get to the wharves. One old man told me "I have seen the wagons so thick you could hardly get across the street. There were a few mule teams but mostly oxen."

At this time property values were high in Indianola, business lots selling for as much as four thousand dollars. Everyone was prosperous. Slave trading was at its peak, and the smuggling of tobacco was good business. We do not now think much about the slave trade of these

bygone days but it is said that "record of the county clerk's office at Port Lavaca disclose the wealth of the early days was centered in slaves."

In 1860 the assessed value of slaves in Texas was sixty-four million dollars, about one-fourth of the total value assessed.

In 1875, Indianola was swept by a hurricane that brought not only stupendous property damage but in which many lives were lost. Fearful suffering followed the storm. Food was scarce but the greatest misery came from lack of water. The city was supplied with drinking water from underground cisterns, and the water in these had been ruined by the overflow of salt water. Quilts drenched by the rain that accompanied the storm were squeezed out to supply the babies and children with enough water to keep them alive till water could be shipped in.

The town was rebuilt but never again enjoyed the prosperity it had known before the storm.

In 1886 another hurricane hit the ill-fated city. This time few lives were lost but Indianola was nearly destroyed. In that year the county seat was moved to Port Lavaca, and the inhabitants left to make their homes in other towns of Southern or Central Texas.

The big, old rusty fire bell of Indianola is a prized relic which rests in front of the Shell Fish Cafe in Port Lavaca.

"And what did they do when the fire bell rang?" I asked Mrs. Ben Miller, aged 79, who lived at Indianola through both storms. "What equipment did you have in those days for fire fighting?"

"We all grabbed buckets," she answered. "That was our equipment and it was as good as other towns had then."

Recorded on the headstones in the old Indianola Cemetery are birthdates of people born more than a hundred years ago, and on many the date of their death show they were drowned in the big storm of 1875. Many of the stones are fallen but many others are still upright. Most of the grave yard is now unfenced and cattle pasture over it,

but I thought this part less desolate than the family plot which is protected by stong iron fence, for inside this there is an impenetrable jungle of scrubby chapparral and in its safety deep among the graves and fallen headstones a mound of upturned earth shows where some wild thing has made its den.

But Indianola, though gone, is far from being forgotten. The third Sunday of May each year is "Indianola Day," when the old residents and their descendants get together again. This meeting was formerly held at Victoria and perhaps other points but for some years now has been held at Port Lavaca. The wife of the editor of the Port Lavaca Wave told me of the determination shown by some of these old people to attend this gathering as long as they can move or be moved. The ranks of the real residents of Indianola are getting thin now, but their descendants carry on. I read an account of the meeting held in '33. The crowd was made up of people from thirty-one towns and cities.

On Indianola Day they meet at the auditorium and after the songs speeches and other features of the program are over they adjourn to the court house lawn, where lunch is spread. Then, if the weather is good, they drive to Indianola.

As these old timers walk about this desolate waste of mudshell, where their homes once stood, I expect they see Indianola as it used to be. They hear again the merry calls of sailors from foreign ports, the blasts of steamboat whistles, and the bustling activity of the days that are gone. But it is now a windswept desolation, wrapped in silence that is broken only by tireless lapping of the waves.

A CARD OF THANKS

We wish to thank our friends and neighbors for the kindness shown during the illness and death of our wife and mother. We also thank you for the beautiful floral offerings. May God's richest blessings rest upon all of you is our prayer.—B. H. Mining, Ora Mining, Mrs. J. A. Warren and family, W. D. Mining and family, Fred Mining and family.

G. E. Hogan, who has been sick several weeks, continues to improve, according to members of the family. He is able to sit up much of the time and hopes to be out again soon.

ELDER DRENNON NOTES

I was much pleased with the fine large edition last week. It seems we will have to send the Senior Editor away again. The paper is showing a healthy growth of late. I guess it is because I am writing some each week. A man told me at the track meet last week he read my notes first; so, you see, Frank, I am due some consideration.

Speaking about the track meet, when I heard last, we (O'Donnell) were in the lead in points. So, Tahoka will just have to recognize us. We have a dandy school, fine faculty from the superintendent down, and the very best of co-operation.

When we heard of the tragedy on the highway between O'Donnell and Tahoka, we were reminded again that it is dangerous to turn the car over to the children, especially when too many are in one car. This is not meant as a reflection on the parents of the children killed, but just as a warning.

It looked like our fruit was going to get nipped Saturday night, but we are glad it did not and here is hoping it does not. All we need to make this country as good as East Texas is a good fruit crop.

While last Lord's Day was a damp, cold day, the attendance was fair. I believe the people are better at attending church here than at Tahoka. Also, they give fine. The treasurer read all bills paid and a small balance, which is fine, when you know that about six hundred dollars was spent on the parsonage last month.

Yours for more optimism and less pessimism, and I do mean optimism.—R. P. Drennon.

Mr. and Mrs. D. W. Gignat returned Monday from a business trip to Childress and Hedley. They report the rain in that section as very fine on the wheat.

CARD OF THANKS

We wish to express our deep appreciation for the many words of comfort, acts of kindness, and the floral offerings on the death of our boy. May God bless you all.—Mr. and Mrs. J. L. Lane and family.

Mrs. Clyde Hartman, who has been so seriously sick, is much improved but it still confined to her bed most of the time. It is hoped that she will be up again in a few days.

When You Feel Sluggish (Constipated)

Take a dose or two of Black-Draught. Feel fresh for a good day's work.

Work seems easier, life pleasanter, when you are really well—free from the bad feelings and dullness often attending constipation.

For nearly a century, Black-Draught has helped to bring prompt, refreshing relief from constipation. Thousands of men and women rely on it.

BLACK-DRAUGHT

A GOOD LAXATIVE

Constipated?

"For 30 years I had constipation, awful gas bloating, headaches and back pains. Adlerika helped right away. Now I eat sausage, bananas, pie, anything I want. Never felt better."—Mrs. Mabel Schott.

The Thousand Dollar Prescription

Not long ago one of the country's foremost medical men was called to attend the only child of a very wealthy man.

When the specialist presented his statement for professional services, his client objected strenuously to the charge of \$1000.

"Why," said the enraged parent, "you only devoted one hour of your time and wrote just one prescription. That fee seems unreasonable."

"Yes," replied the specialist. "I was in attendance only one hour, but the knowledge in saving your child's life was the result of over 30 years of study!"

And the account was paid in full!

The materials in a prescription and the time consumed in compounding may seem to amount to very little when considered separately. However, what you are really paying for is professional services, and these necessarily have to be reckoned with when determining the final cost of any prescription.

To become an expert pharmacist, it is necessary for one to devote practically his entire time to the business of prescription compounding.

PLEASING THE CUSTOMER

Patient—What! Three dollars to pull this tooth? Three dollars for three seconds' work?
Dentist—No, not necessarily. If you'd rather, I can worry it for half an hour and then pull it out by slow motion. Just as you say.—*Farm Journal.*

Sad Error
Frantically the young bride telephoned her husband at his office. "Oh, John," she sobbed, "please hurry home. I got the electric wires mixed up, the radio is all covered with white frost and the refrigerator is playing 'Home, Sweet Home' and I don't know what to do."
Mental Management
"A great deal depends on knowing when to speak your mind."
"Yes," replied Senator Sorghum, "and still more on knowing when to change it."
A Change for the Worse
Bob—See any change in me?
Johnny—No, why?
Bob—I just swallowed 15 cents.

The Curse of Progress

CLASSIFIED DEPARTMENT

BABY CHICKS

Biggest Cheap Sale! Very lowest, greatly reduced prices—Best Baby Chick Bargains of all. Bremer's Hatchery, La Grange, Tex.

AROUND THE HOUSE

Tasty Baked Potatoes.—After baked potatoes are "done," gently crush the potato open and then return it to the oven to dry out for a few minutes.

Small Towels for Children.—Small size bath towels which are light in weight but firmly woven are easier for children to handle and are easier to launder.

Frying Fish Filets.—Try dipping fish filets in yellow corn meal, in milk and again in corn meal. Then fry them in deep fat until they are well browned.

Add Acid to Milk.—To help prevent curdling when acid and milk are combined, add the acid to the milk rather than the milk to the acid.

Sauce for Cold Meats.—An interesting sauce with cold meat, ham or pork calls for adding whipped cream and horseradish to tart, unsweetened apple sauce.

Sewing on Snaps.—When sewing snaps on a garment sew them on by means of buttonhole stitches and they will not pull out like plain over and over stitches.

Fresh Orange Juice.—It is best to squeeze the orange juice just before breakfast rather than the night before so that the air won't have a chance to attack the vitamin in the juice and also change the flavor.

Does your laxative make you SICK in the STOMACH?

The first thing you want when you're constipated is a good thorough cleaning out. That's why you buy a laxative. But who said you had to take a rough bitter dose that makes you sick in the stomach?

Taking a laxative can be just as pleasant as eating a piece of delicious chocolate—provided you take Ex-Lax. It gets thorough results—but smoothly, easily, without throwing your intestinal system out of whack, without causing nausea, stomach pains or weakness.

For over 30 years, Ex-Lax has been America's favorite family laxative. Now it is *Scientifically Improved*. It's actually better than ever! It TASTES BETTER, ACTS BETTER—and is MORE GENTLE than ever.

Equally good for children and grown-ups. 10¢ and 25¢ boxes at your druggist.

Now improved—better than ever!

EX-LAX

THE ORIGINAL CHOCOLATED LAXATIVE

GET RID OF BIG UGLY PORES

PLENTY OF DATES NOW... DENTON'S FACIAL MAGNESIA MADE HER SKIN FRESH, YOUNG, BEAUTIFUL

Romance hasn't a chance when big ugly pores spoil skin-texture. Men love the soft smoothness of a fresh young complexion. Denton's Facial Magnesia does miracles for unsightly skin. Ugly pores disappear, skin becomes firm and smooth.

Watch your complexion take on new beauty. Even the first few treatments with Denton's Facial Magnesia make a remarkable difference. With the Denton Magic Mirror you can actually see the texture of your skin become smoother day by day. Imperfections are washed clean. Wrinkles gradually disappear. Before you know it Denton's has brought you entirely new skin loveliness.

EXTRAORDINARY OFFER
—Saves You Money
You can try Denton's Facial Magnesia on the most liberal offer we have ever made—good for a few weeks only. We will send you a full 12 oz. bottle (retail price \$1) plus a regular sized box of famous Milnast Wales (known throughout the country as the original Milk of Magnesia bubble), plus the Denton Magic Mirror (shows you what your skin specialities are)... all for only \$1! Don't miss out on this remarkable offer. Write today.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News will be gladly corrected when called to our attention.

LET THE PEOPLE RULE
That very able writer and logical thinker, Judge E. I. Hill, of the Lynn Co. News, has never at any time gainsaid our argument that the majority should rule. He, at one time, said the majority might pass laws or measures that would be detrimental to the minority, but we reminded him that when they do, the same laws would react upon the majority and the majority would suffer from the laws which the minority suffer from.

Thanks, Mr. Waggoner, for the flowers. Their perfume is delightfully sweet.
And now it becomes our pleasant privilege to answer your request, though we thought we had made our position clear long ago.

Now, the people of the United States, Brother Tom, have a right to rule, through their representatives in Congress and through their administrative officers, so far and so long as they observe the limitations prescribed in the Constitution.

Bread and Milk are the foods children need in largest amounts
GOOD BREAD takes children further than nearly anything else they can eat. It helps make them husky and healthy—furnishes the energy they must have to keep up with others of their own age.

Bread builds up, adding strength to growing muscles. Children over six should eat at least six slices of bread a day. For, according to leading authorities, it can supply at least ONE FOURTH of all the muscle-building food children eat—a simple matter to arrange, since most children are crazy about it.

BOVELL'S BAKERY logo and illustrations of people

which is the supreme law of the land.
Now if that needs clarification, we will clarify.
It is impossible for all the people of the United States, 120 million of them, to come together in an assembly and enact laws, or repeal laws, as the people of ancient Sparta are said to have done, though that statement is inaccurate. A pure democracy is impossible.

It was feared, too, that these representatives of the people in Congress might some time exceed their authority by encroaching on the sacred rights of the individual.

Whether the proposal for a one-house legislature is adopted or not, we should have fewer and better legislators. As a matter of fact, only the ablest men in our state should be sent to the legislature.

There may be a few men who can steal and rob and kidnap and murder and get by with it, but only a few.

While the mesquites began putting out their leaves a couple of weeks ago they seem to be rather hesitant about the matter. They are not in full foliage yet.

The indications are that Senator G. H. Nelson is going to run like a race horse for lieutenant governor, and he is not particularly friendly to horse racing either—as it has been carried on in Texas.

When You Need a Laxative
Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation.

HEALTHY HENS CLEAR EGGS
EGGPRODUCER
GUARANTEED MORE EGGS! BETTER EGGS! NON-DISEASED

The enemies of Christ used the courts of their day to send him to the cross. There are plenty of men today who would use the courts to punish their enemies or to carry out their own selfish purposes.

Let the people rule, do you mean that you are in favor of letting a majority of the people of the United States rule in all matters that touch the lives and the welfare of the people, regardless of the Constitution, regardless of state laws and local regulations, and regardless of your individual inalienable rights and mine?

It is true that the people have a right to amend their Constitution at any time they see fit or to abolish it altogether, but even the whole people have no right to take from you those rights which Thomas Jefferson described in the Declaration of Independence as inalienable.

Mrs. W. H. Fulkerson was taken to a Temple hospital the first of the week for treatment for influenza. She had been suffering from the disease two or three weeks and was not showing satisfactory improvement.

Bids will be received by Lynn County, Texas, at the Court House until 10 o'clock A. M. April 11, A. D. 1934, for the purchase of one heavy duty motor grader.

When Women Need Cardui
If you seem to have lost some of your strength you had for your favorite activities, or for your housework . . . and care less about your meals . . . and suffer severe discomfort at certain times, try Cardui!

Thousands and thousands of women say it has helped them. By increasing the appetite, improving digestion, Cardui helps you to get more nourishment. As strength returns, unnecessary functional aches, pains and nervousness just seem to go away.

O'Donnell Wins First Place In County League Meet

O'Donnell was all-around champion of the Lynn County Interscholastic League meet completed here Friday of last week, running up a total of 173 points in literary and athletic events. Tahoka was second with 118½, and Wilson was third with 82 points. The three schools were in the class A high school division.

O'Donnell scored 87 points in literary events to Tahoka's 43½, and Wilson's 37; and O'Donnell also carried away track meet honors with 86 points to Tahoka's 75 and Wilson's 25.

Other result totals were as follows:

Class B High School
Draw, 85 points; 65 in literary and 20 in athletic.
New Home, 82½ points; 2½ in literary and 80 in athletic.
New Lynn, 17½ points; 17½ points in literary; athletic, 0.

Class A Ward School
Tahoka Ward School 102½ points; 87½ in literary and 15 in athletic.
Tahoka 7th Grade 97 points; 82 in literary and 15 in athletics.
O'Donnell Ward 68 points; 43 in literary and 25 in athletics.
Wilson Ward 33 points, all in athletics.

Class B. Ward Schools
Midway 116½ points, 74 in literary and 42½ in athletics; Newmoore 76½ points, 59 in literary and 17½ in athletics; Morgan 72, 67 in literary and 5 in athletics; T-Bar 69½ points, 29 literary and 40½ athletics; Pride 52½ points, 35 literary and 17½ athletics; Wells 49½ points, 39 literary and 10½ athletics; Joe Bailey 41½ points, 29 literary and 12½ athletics; Grassland 38, 13 literary and 25 athletics; Dixie 5 points, all in literary, and Magnolia, Gordon and West Point failed to score.

The News hopes to be able to give the results in each athletic event in next week's paper.

HOUSE AT WILSON IS DESTROYED BY FIRE

The Tahoka Fire Department was called to Wilson Thursday by a fire of unknown origin which destroyed the residence of a Mr. Cook. We were unable to learn which Mr. Cook the house belonged to.

The truck made the run of 12 miles in about fifteen minutes but the house had been almost entirely consumed by the flames when the truck arrived. About half the furniture was saved.

The building destroyed was a large two-story residence. Ten members of the Tahoka Volunteer Fire Department accompanied the truck.

Miss Lucille Tinsley, oldest daughter of Mr. and Mrs. J. O. Tinsley was rushed to a Lubbock sanitarium late Wednesday for an emergency appendicitis operation, which was performed at 9 o'clock that night. Thursday morning she was reported as resting well.

District Carriers Meet In Lubbock

Local rural carriers attended the meeting and banquet of the West Texas Rural Letter Carriers at the Hilton Hotel in Lubbock last Saturday night. Those attending from here were Mr. and Mrs. J. P. West, W. A. Reddell, Mr. and Mrs. R. L. Roddy, G. M. Reid, and Mr. and Mrs. Frank Hill, the latter representing The News, which prints The Texas Carrier, official paper of the state organization.

Many notables of the Carrier organization were present and took part on the program, including W. L. Fletcher Jr., of Hamlin, treasurer for many years of the National Rural Letter Carriers' Association; Jno. T. Hood, Dallas, president of the state organization; E. E. Smith, Colorado, vice-president; Paul Attaway, Big Spring, past president; W. E. Suddarth, O'Donnell, and others. About one hundred were present.

In a "bingo" game, Mrs. Roddy was winner of a barrel of lubricating oil, funds from the game going to a fund being raised to send the Hardin-Simmons Cowboy Band to the national convention which meets in Washington, D. C. this summer.

Those carriers are a fine bunch of fellows, and are apparently making an effort to do their jobs as well as humanly possible. The theme of most of the talks was "better service for rural route patrons." The carriers' motto is "Service with a smile," and almost to a man the carriers live up to it.

CAROL LOMBARD AND FREDRIC MARCH STARRED IN FILM

Not since the day of Tom Santschi and William Farnum clashed in a superhuman battle for "The Spoiler" twenty-two years ago, has the screen witnessed a struggle as great as the one between Carol Lombard and Fredric March in the David O. Selznick technicolor production, "Nothing Sacred," which comes to the English Theatre on Sunday, Monday and Tuesday, April 10, 11 and 12.

Meeting in a hand-to-hand encounter in the first knockdown fight between a man and a woman ever filmed, Miss Lombard and March kicked, punched and shoved and wrestled each other for an entire day at the studio. The scene is typical of the fast, hilarious pace of the screen play by Ben Hecht from a story by James N. Street.

The comedy romance unwinds its action in Manhattan and its environs and it is the first time that a picture with New York for a background has been made completely in technicolor.

MANY ACTIVITIES AT METHODIST CHURCH

We are planning a great service Easter. In the meantime, let us make next Sunday a good day. Our District Conference will be the 21st of this month.

Our revival meeting will be later in the summer, date to be announced later. We are having interesting choir practices each Thursday at 8 p. m. at the home of S. E. Reid. Our young people's meet each Sunday at 6:30 p. m. Come and help them.—Ben Hardy.

Mr. and Mrs. B. J. Emanuel have returned from Chickasha, Okla., where he has been recuperating in the home of his son, Dr. Roy Emanuel, from his recent operation.

"My Skin was full of Pimples and Blemishes from Constipation" says Verna Schlepp: "Since using Adierika the pimples are gone. My skin is smooth and glows with health." Adierika washes BOTH bowels and relieves constipation that so often aggravates a bad complexion. Wynne Collier, Druggist

CALVERY HATCHERY

Walter Woodul
Of Houston, present lieutenant governor, has announced as a candidate for attorney general.

MRS. GAITHER IS ROYAL NEEDLE CLUB HOSTESS

The Royal Needle Club met Wednesday with Mrs. Davis and Mrs. E. B. Gaither as hostesses.

There was quilting in the first part of the day and lunch was served at noon, followed by a double birthday shower in honor of Mrs. Ruby Palmer and Mrs. Opal Dregory.

Refreshments were served to the following members: Meses. Syble Warren, Ueta Kelly, Blanche Burrough, Marshall Norris, Lois Terry Ogal Gregory, Ruby Palmer, E. B. Gaither, Lucille Warren, Cleo Martin, Jolly, Marie Owens, Naydine Nugent, Millman, and Mother Gregory and Mrs. Davis were our visitors.—Reporter.

Legion Field Man Coming April 14

Fred L. Sloan, field representative of the Veterans' State Service Office will be here on Thursday, April 14, for service work. A. M. Cade announces.

Any ex-service man desiring assistance in his claim for benefits should call at Mr. Cade's office on that date, bringing with him all papers in his possession respecting such claim.

BEN BARRINGTON HAS CAR WRECK

Ben Barrington sustained minor injuries when his car struck another machine parked in front of the Akin residence on the paved street leading to the depot in the storm Wednesday night.

Some lacerations on his person required the services of a physician but no serious injuries were inflicted.

His car, which was an old model Chrysler roadster, was badly demolished. The other car belonging to a Mr. Brown was not so badly damaged.

AGRICULTURE AGENTS VISIT V. F. JONES

George Adams, assistant state agent of the Extension Service of the Texas A. & M. College, and K. J. Edwards, district agent, were here Thursday making their rounds through this section of the state.

They were the guest of V. F. Jones at the Rotary luncheon.

SHOWER IS GIVEN FOR RECENT BRIDE

With the color scheme of red and white, Mrs. W. C. Jones assisted by Mrs. Ed Park, entertained with a gift shower for Mrs. Paul Cook, the former Miss Margaret Greathouse, Wednesday afternoon in the Jones home.

A toast to the bride was given by Louise Park, a toast to the groom by Rudelle Prater, and a toast to the "girls left behind" by Grace Greathouse. The gifts were found by the bride in a basket during a treasure hunt.

Toed punch and cake were served to nineteen guests.

Miss Martha Drennon of O'Donnell spent the week end here with Miss Genell Fortenberry.

By National Society Hallsell Is Honored

A very unusual and distinct honor was conferred upon our friend H. H. Hallsell of Lubbock a few days ago when the Board of Governors of the Eugene Field Society, a national organization of authors and journalists, with headquarters in St. Louis, adopted a resolution admitting him to honorary membership in the organization.

The principal work which brought Mr. Hallsell this honor is his book, recently published, entitled "Cowboys and Cattleland," which is a most colorful portrayal of the early days of West Texas, as interesting as a novel and a valuable contribution to the historical and biographical literature of this section.

Mr. Hallsell has received the following communication, dated March 26, 1938, from the president of the Society.

"At a recent meeting of the Board of Governors of the Eugene Field Society a resolution was adopted to the effect that an Honorary membership may be conferred upon an author, in recognition of his or her outstanding contribution to contemporary literature.

"The literary skill and craftsmanship of your published works entitle you to an Honorary Membership in the society, and I am therefore pleased to advise you that we will (subject to your approval) enter your name on the Roll of Honor Members and issue a certificate of Honorary Membership.

"There are no dues or assessments connected with this membership. A certificate, engraved on parchment paper, suitable for framing, will be mailed to you upon request.

"Wishing you continued success in your writing career, I am, Cordially yours, John George Hartwig, National President."

TAKE COWBOYS OFF HORSES; USE CARS

Range Riders to Be Stripped of Romantic Garb.

Washington.—Secretary of Interior Ickes has sung the "swansong" for the picturesque cowboys who ride the western range for Uncle Sam.

Automobiles, he announced, will replace horses as the range riders' mounts this spring. His announcement put it this way:

"When the federal range riders swing into action this spring the pater of horses' feet will be supplanted by the pitter of motorcars."

The chaps, the spurs, the bandanna and the wide sombrero—accoutrements of the cowboys famed in song and story—will be laid away among the moth balls, relics of a by-gone day.

The cow-boy, as he was known when cowmen were building the West, soon may join the Indian scout of Kit Carson's day in history.

About the only places left him now in his typical attire are the dude ranches and Hollywood movie lots.

In motorizing his cowhands, Ickes will be following an example set by modern "cattle rustlers," who have turned to trucks and automobiles to raid ranchers' herds and speed stolen cattle to market.

"Increased economy in patrolling and surveying wide areas, some with roads and some without, will be attained by providing the range rider with gas-burning instead of hay-burning transportation," Ickes said.

The horse, however, will not completely pass out of the picture. Ickes conceded there are places a horse can go where an automobile can't.

"So," he said, "when the range rider hits the trail this spring in his automobile his favorite horse will enjoy the scenery from a trailer."

When the ranger has driven his automobile to the end of the road he will mount his horse to push on into the badlands. This, Ickes said, will insure greater efficiency in the riding of 120,000,000 acres of federal range land upon which 9,000,000 cattle, sheep, horses and goats graze.

The range riders are the "G-men" of the great open spaces. They supervise brandings, are present to settle disputes and hunt down rustlers. Many of them are old cow-punchers.

W. O. Thomas, after taking a month's vacation, is back at work in the prescription department at Wynne Collier Drug Store.

Asia First Home of Most of Domesticated Animals

Man has domesticated animals since his earliest days—before he learned to write, for among his earliest records are found drawings and other representations of some of the animals he had taken into his camps and dwelling places.

The continent of Asia seems to have been the place of origin of three-fourths of our domestic animals. Since the first home of man himself is usually also placed there this is not surprising.

It seems probable that all of these animals were first held captive by the early peoples for their food supply and that the other uses for them—for drawing loads, for riding, for giving protection, etc.—occurred to their captors afterward.

It is interesting to note that no new domestic animals have been developed in several thousand years, as far as records show, asserts a writer in the Cleveland Plain Dealer.

The llama, the alpaca and the turkey have become known to European peoples within that time, but they had long been in use among the inhabitants of the new world.

Cats, camels, most domestic cattle, horses, goats, sheep and most poultry are apparently Asiatic in origin. Dogs are perhaps Asiatic in origin; too, although this is less certain. The ass may have come from northern Africa, the reindeer from northern Europe.

Weather in a Teacup

Here is a practical way of telling whether a day is going to be fine or wet. Drop a lump of sugar into a cup of tea and watch the behavior of the bubbles as they rise to the surface. If they appear as tiny drops hurrying to the side of the cup, there to disappear, then the day will be fine. Should the bubbles grow large and float in the center of the cup for some time, then be sure rain is close at hand.

The reason? A writer in Pearson's London Weekly answers: "The behavior of the bubbles is due to the pressure of the air. When this is high—in fine weather—the bubbles burst quickly; when low, and rain is near, the bubbles remain intact for an appreciable time."

Distributed "Mourning Rings"

In George Washington's day the curious custom of distributing "mourning rings" among relatives and close friends was common. When a person felt that he had only a short while to live he would order a supply of rings made up, into which could be inserted strands of his hair. A Smithsonian institution collection contains several "mourning rings" of less notable individuals of Revolutionary days. The strands of hair in the Washington ring are gray. Washington in his younger days had sandy hair.

How High Is a Tree?

Did you ever want to know how high a tree was without going to the trouble to the top with a yardstick or tape measure? It can be done all from the ground, says Hoard's Dairyman. Set up a stick straight from the ground and measure the length of the shadow it casts. Now measure the length of the shadow of the tree. Multiply the length of the tree shadow by the height of the stick. Divide this figure by the length of the shadow of the stick and you have the height of the tree.

TECH IS MAKING SUITS FOR DIONNE QUINTUPLETS

Lubbock, April 7.—The Misses Dionne soon will receive suits of yellow broadcloth made by students in child clothing class at Texas Technological College. Acceptance of the gift by Dr. Allan Roy Dafeo came in a letter to Dean Margaret W. Weeks of the division of home economics last week.

Designed to exemplify the latest in children's self-help clothing, each suit fastens with a zipper and each is trimmed with a different color rickrack braid. Work was done under the direction of Mrs. Edna Walker Buster, associate professor of clothing and textiles. The suits will be exhibited at the home economics open house April 8-9.

Mr. and Mrs. W. E. Heathman and daughter Helen of Littlefield visited friends here Sunday and attended the revival services at the Baptist Church.

A. M. Cade left with his mother Tuesday for Dallas, where she expects to take treatment.

CARD OF THANKS

We want to express our sincere thanks and gratitude to each and every one who so graciously contributed in any way in the loss of our home and for the lovely showers given by the ladies of Joe Stokes, Dixie and Wilson.

Mr. and Mrs. O. B. Davis, O. B. Jr. and Joe.

Judge C. S. McKinney, county judge of Schleicher county and owner and publisher of the paper published in Eldorado, the county seat, was a pleasant caller at the News office Friday while here looking after some school land matters for his county. We are wondering how a newspaper publisher managed to get elected county judge.

IN THE UNITED STATES DISTRICT COURT IN AND FOR THE WESTERN DISTRICT OF TEXAS—WACO DIVISION.

J. M. Hubbert vs. Temple Trust Company; No. 236—In Equity.

Notice is hereby given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to N. Saleh all of Lot Nine (9) in Block Ninety-One (91) of the original town of O'Donnell, Lynn County, Texas, together with all improvements thereon situated, and for a consideration of \$2500.00, all of which will be paid in cash upon the consummation of the sale.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

Witness my hand at Temple, Texas this the 29th day of March, A. D. 1938.

H. C. GLENN, as Receiver for Temple Trust Company, Temple, Texas. 33-2tc

Mrs. Ola Sparkman and niece, Navice Venton, of Cleburne are visiting Mr. and Mrs. Wylie Curry and other friends and relatives.

Former District Attorney T. L. Price of Post was a Tahoka visitor last Friday and called at the News office.

We carry

A Full Stock of SELECT Building Materials

For new construction work, for remodeling, modernizing, for any repair or general fixing up, you have planned for the season, use only quality materials. It is economy in the long run... and seldom costs more than inferior grades. Lumber, lime, cement, roofing, mill work, doors, windows, paint, lathing, wallboard, and brick make up our stock in trade. It does not pay us to handle anything less than the best.

When Your Physician Gives You A Prescription . . .

A Few Practical Pointers!

First of all, select a pharmacist with more than ordinary care. Consult your physician on this point. Choose a pharmacist with high professional ideals; a pharmacist of character; a pharmacist who specializes in prescription work; a pharmacist who enjoys the good-will of the medical profession.

Second, take your prescriptions to only a pharmacist who is qualified by law, by experience and training, and by education to accurately compound prescriptions.

Third, make sure that the pharmacist you select uses only high quality materials in compounding.

If these precautions are observed, the medicines will fulfill the expectations of your physician and recovery of the patient will be more certain.

REPORTS FROM THE COUNTY CLUBS

Miss Lillith Boyd, H. D. Agent

DRAW-REDWINE H. D. CLUB WOMEN MEET

The Draw-Redwine Home Demonstration Club met Friday afternoon, April 1, with Mrs. H. W. Crawford.

Miss Boyd gave a demonstration on sponge cake.

Mmes. Dick Simpson, Parker, Cash, Adams, and Dudley Simpson visited the Club. There were eleven members present. The Club will meet with Mrs. Graham Hensley on April 13.

The Draw-Redwine club met on March 29 and journeyed to the Berry Flat community on a Good Will Neighborhood tour. Thirteen Draw-Redwine members met in the home of Mrs. Jim Parker. There were twelve Berry Flat ladies present.

Games to get acquainted were played and enjoyed, conducted by Mrs. Proctor. The president, Mrs. Luttrell, presided. "America, the Beautiful" was sung. Mrs. Pirtle, chairman of Expansion, was in charge of the program, which was as follows:

Summary, Origin and Works of Club—Mrs. Berry.

Reading—Mrs. Ralph Cates.

Conserving the Farm Family Living and Income—Mrs. Hensley.

A demonstration on utilization of dairy products was given by Mrs.

Hensley, assisted by Mrs. Berry and Mrs. Crawford.

An invitation was extended the ladies to join our club and motion was made and seconded to adjourn. An enjoyable afternoon was reported by all.—Reporter.

CARE OF CHICKS TOLD DRAW CLUB GIRLS

"Dry floors around water fountains help prevent diseases among baby chicks," Miss Boyd told the members of the Draw 4-H Club which met April 6, 1938.

"After the first week water fountains should be placed on mesh wire platforms to keep the floor dry," said Miss Boyd.

LaVerne Garnett was elected new reporter.

Fern Thompson was elected new secretary.

Members present: Helen Marie Leheu, Ellen Marie Isbell, Lela Fae Parker, Fern Thompson, Velma Saint, La Verne Garnett, Mary Eugene Luttrell, Veneta Garnett, Lois Williams, Mrs. R. L. Pirtle, sponsor.

NEW LYNN GIRL HAS TWELVE SETTING HENS

"I have twelve hens setting," said Venell Walker, poultry demonstrator in the New Lynn 4-H Club, which met April 5 at 10:45 a. m. at the school house.

"I have been cleaning my poultry houses regularly," added Venell. Fifteen aprons were reported completed.

Members present were: Lois Dean Lester, Anne Jean Carpenter, Ona Fay Meeks, Lois Walker, Wanell Meeks, Venell Walker, Earline Jester, Gracie Crouch, Mary Joe Newman, Juanita Jones, Naydeen Nelson, Pauline Perkins, Elva Stone, Ruth Evans, Oleta Gary, Pearl Fleming, Mary Carpenter, and Naomi Reagan.

GRASSLAND GIRLS STUDY CARING FOR CHICKENS

The Grassland 4-H club met April 1 at 9 a. m.

"In caring for chickens," Miss Boyd said, "sanitation is the important coccidiosis control practice. Coccidiosis is one of the most serious of poultry diseases."

Six members have baby chicks.

Members present were: Lorene Parrish, Dolly Gatzki, Francis Aten, Eula Mae Laws, Olive Bell Smith, Joy Moore, Beatrice Hudgens, Nelda Moore, Margie Shepherd, Beth Shepherd, Marie Norman.

Visitors were: Billie Williams and Evelyn Cooper.

Sponsors: Mrs. Douglas Greer and Mrs. Johnnie Ray.

4-H CLUB GIRLS HAS RE-FINISHED BEDROOM

"Since my bedroom has been refinished, it has been easy to begin improvement on my storage space for clothes," said Anna Jean Carpenter, clothing demonstrator in the New Lynn 4-H Club.

"I have the inside of the closet door painted ivory. This one improvement adds so much more light. I intend to paper it inside with light paper, and paint the added shelves and clothes red. I shall use one shelf for hats; I am using cardboard to make hat racks," said Anna Jean.

NEW LYNN CLUB MEETS WITH MRS. CAVENESS

New Lynn H. D. Club met Tuesday afternoon, April 5th, with Mrs. C. B. Caveness.

Miss Lillith Boyd gave a demonstration of sponge cake making. Exhibits in the Dairy Show to be held in Plainview April 19th and 20th.

Plans were made for oyshrdubb. Visitors present were: Mesdames Clyde Waggoner and J. B. Kelley. Members present were: Mmes. E. B. Terry, A. P. Cooper, Doyle Terry, C. B. Caveness, T. D. Lishman, A.

L. Browning, J. A. Jaynes, H. A. Winkler, Roy Kelley, C. L. Walker, Joe Tsurman, Susie Bartley, John Meeks, E. B. Terry, A. L. Short, L. R. Baker, P. K. Flemings.

Letters From Home

By RAYMOND PITCAIRN

National Chairman
Sentinels of the Republic

Recently there descended on Congress from the folks back home a flood of protests on the so-called Reorganization Bill.

Specifically, many of the messages opposed features of the measure which constituents feared would remove certain brakes on spending of the public funds; would grant to the Executive branch of government powers they felt should be limited to the Legislative branch; and would change the administration of our Civil Service.

But fundamentally, in the opinion of experienced observers, what the public most feared was the possibility of further surrender by Congress of the powers and authority entrusted to it by the Constitution and the people.

This apprehension was not groundless. In recent years, in response to pleas of emergency, the public has seen many Congressmen willing to relinquish to the Executive branch of government and its bureau responsibilities which they were elected to assume. Every surrender of such authority means, of course, a surrender of the power of the people those Congressmen represent.

If enough of that authority is bartered away, our boasted "balance of powers" between the Legislative, the Executive and the Judicial branches of government can become an empty phrase.

So long as that authority is retained by the people through their elected representatives, Democracy persists. If it is lost, Democracy falls. The Old World today offers eloquent evidence of what can happen to human freedom and human rights when representative government fails to assert itself.

That is something for Congressmen to remember when they read the small bills for which they were elected, and thus keep government close to their constituents, the people.

Dr. and Mrs. E. E. Callaway of Abilene came in Wednesday to spend the remainder of the week here. They had hardly arrived until a lowering sandstorm blew up from the north. Dr. Callaway says that Mrs. Callaway's health has been much better since their removal to Abilene.

Burton Edwards of the Three Lakes community has been "laid up" with the flu for two weeks and is not improving any too fast, according to reports reaching the News office.

MISS HAZEL INEZ ALLEN BEGINS PRACTICE TEACHING

Lubbock, April 6—Miss Helen Inez Allen, daughter of Mr. and Mrs. R. W. Allen, Tahoka, is one of ten students at Texas Technological College who began practice teaching in the Lubbock Junior high school this week.

Miss Allen is a senior home economics student.

Mr. and Mrs. W. V. McElroy have purchased the former Brashear place on Main Street, later used as the American Legion Home, and now occupied by Mr. and Mrs. J. A. South. The McElroys expect to make it their home a little later.

Mrs. Maurice Small has been sick since Sunday, but is reported to be somewhat improved.

Mr. and Mrs. G. R. (Bud) Milliken have purchased from Ed Park the residence in which they have been residing the past year and known as the Ed Baldrige place. They are preparing to make some improvements on the property.

Homer Parker spent the week end in Hobbs, New Mexico, on business.

"Everything A Good Department Store Should Carry"

Cosden Dealers Meet In City

A meeting of Cosden gasoline dealers and distributors of this section was held at the W. H. Fulker Service Station here Thursday night, with W. E. Gibson of Abilene in charge.

Also present and assisting in the meeting was W. M. Nash of Fort Worth, of the Sales Department of the Cosden Co.

The purpose of the meeting was to better acquaint the dealers and the public with Cosden products. A nice crowd was present to get the benefit of the information that these gentlemen had to impart.

Mr. Gibson travels this territory for the Cosden Company. Mr. Nash has with him in this campaign, which covers all of the principal towns in this section of the state, three other men, R. A. Stone of Fort Worth, Matt Harrington of Big Spring, and Cliff Pomeroy of Abilene.

They were in Lamesa the first part of the week and are spending the latter half of the week here.

Five Thousand Subjects Bow to This New Queen

Miss Mary Ann Walker of Wichita Falls was chosen by her classmates at Texas State College for Women to reign over the annual Cotton Pageant at Texas A. & M. College, April 8. The daughter of Mr. and Mrs. M. D. Walker, she is the seventh cotton queen.

"Send right over and pick up my bundle of soiled clothes. I'm going to eliminate wash-day worry from my life!"

"Ma" Ferguson Will Not Run

Mrs. M. A. (Ma) Ferguson has announced that she will not be a candidate for governor this year. Lack of physical strength and lack of sufficient funds to make a campaign are given as the reasons for her decision not to run.

Her husband, James E. Ferguson, says that they have not yet decided whom they will support.

This leaves Ernest O. Thompson of Amarillo and William (Bill) McCraw of Dallas as the chief contenders for the office, with Karl A. Crowley and C. E. Farmer of Fort Worth as other avowed candidates. Mayor Renfro of Beaumont and possibly some others have also announced.

Crowley is now solicitor for the Post Office Department at Washington, D. C., and Farmer is a member of the legislature.

Thompson and McCraw will formally open their campaigns within the next few days, after which business in Texas politics is expected to pick up.

HACKBERRY H. D. CLUB HAS LARGE ATTENDANCE

Our H. D. Club met in our regular meeting place on April 1 with 20 members present, one visitor, and two new members.

We had as our lesson "How to Buy the Best to Furnish Our Homes," a very interesting subject on trying to buy lights for our club house.

After we adjourned, we had games and were served with a delicious plate of sandwiches, cake and punch.

Our next meeting will be April 15th.—Reporter.

Now's a good time to join the family of News readers—the family is now bigger than ever before in the history of the paper.

Work Will Start On New Dam

TEMPLE, April 5—C. F. Lytle Company of Sioux City, Iowa, and Al Johnson Construction Company of St. Paul, Minn., were awarded the general construction contract on the Palo Pinto County Possum Kingdom Dam Monday night on their low joint bid of \$3,287,303.

Directors of the Brazos River Conservation and Reclamation District also awarded 20 contracts totaling \$453,008.75 for 12,000,000 pounds of steel for the dam.

All bids on 330,000 barrels of cement were rejected, however, and officials indicated the district would readvertise.

Under its contract signed with WPA last week and approved by directors Monday, the district agreed to defray the expense of installing operating equipment, estimated at \$750,000, and to provide lands for the reservoir area of the dam.

The WPA has allocated \$4,500,000 for construction work, but contracts were expected to approximate \$4,400,000.

Newmoore

Mr. and Mrs. Grady Lee Duncan of Anson spent Sunday, April 3, with his parents, Mr. and Mrs. J. F. Duncan, and family of Newmoore.

Mrs. Leonard Moore of Lamesa is spending the week with Mr. and Mrs. J. E. Hanes.

Mrs. Jessie Murphy has been ill for the last week but is better at present.

Mr. and Mrs. O. P. Crutcher and Mr. and Mrs. Bryan and families visited relatives in Goldsmith Sunday, April 3.

Mr. and Mrs. Joe Rogers and Mr. and Mrs. G. A. Brown spent Saturday night and Sunday with Mr. and Mrs. T. H. Rogers and family.

Mr. and Mrs. Gerald Cox of Lamesa spent Saturday night and Sunday with Mr. and Mrs. Herb King.

Wada Hanes and Joyce Moore spent Saturday night with Mr. and Mrs. Wilbert Nelson of Grandview.

Miss Maxine Rogers spent Sunday night with Miss Doris Rogers, and also Miss Valrie Rogers spent Sunday night with her brother, Joe Rogers.

In the trustee election held in the Newmoore school building Saturday, Mr. Lon Light was elected to succeed Mr. Nelson. Mr. Sheppard was recently appointed to fill the vacancy made when Mr. Brandon resigned.

The Newmoore hard baseball club started practicing Sunday afternoon. The ball club has decided on getting red ball suits.

Miss Juanita and Leroy Hanes spent Sunday with Elsie Mae and Shorty Duncan.

Mr. Elmer Duncan of Newmoore spent Friday, April 1, with friends at New Lynn.

G. H. Nelson Opens Campaign For Lieutenant Governor

Senator G. H. Nelson formally opened his campaign for lieutenant governor Saturday at Hughes Springs, Cass county, the village in which he was born and reared.

Delegations were present from many parts of East Texas, according to press reports, and the Senator's speech was full of hot shots.

First, he proceeded to debunk the popular idea, studiously propagated and cultivated by the predatory interests, to the effect that the office of lieutenant governor is of minor importance. "The lieutenant governor is the most important legislative official in the government, since he has life and death power over all legislation through appointment of free conference committees," he pointed out.

Nelson discussed lobby control, economy, social security, gambling and moral legislation, education, labor, independent merchants, and teacher retirement funds.

Interwoven into the address was a barrage of criticism for the two-house legislature.

"Every two years, somebody is going to do away with all of the

commissions and bureaus and agencies that serve only as parasites to drain the pocketbooks of Texas voters, yet nothing has ever been done about it. I tell you nothing will be done about it under our present legislative system," he said.

He favored better salaries for the fewer men that would constitute the legislative body under the one-house system so as to attract better-equipped men into the service of the state and then declared that they should be prohibited by the constitution from accepting from any source other compensation of any kind during their tenure of office.

Striking at the lobbyists in this connection, he asserted "In my proposal for a one-house legislature . . . I bring to you an anti-lobby bill that will cut their jugular vein."

The free conference committee, composed of five men appointed by the speaker of the house and five appointed by the lieutenant governor, he pointed out, "sits behind closed doors where no records are kept and supposedly adjust differences between the two houses, but

ELDER DRENNON'S NOTES FROM O'DONNELL

April fool's day is passed and yet we have many who are still acting the fool.

I spoke last Lord's day morning on "Watching Our Thoughts." What a fine thing it would be if more people would be more careful to think straight and think on the right things; because Solomon said, "As we think in our heart so are we." I think the main trouble with the world is the wrong kind of thinking. We think war instead of peace, hate instead of love, distrust instead of faith, and the only remedy, as I see it, is to change the world's program of thinking.

As I read in last week's issue about the cornerstone laying, I got a jolt that shook me—it was on what was placed in the cornerstone. It was of the copy of the News that I wish to speak. I thought of the notes I had in that issue and to think that they may be read fifty or one hundred years hence; so I turned and read what I had written and I was glad that there was nothing that I would be ashamed of when they were read by future generations.

That set me to thinking how careful we ought to be today because of its effect on those still unborn. I hope this thought will stick with all who read this, as it has me.

I was glad to see the senior editor acknowledge that the paper was not hurt by his taking a vacation—and that had a lesson in it for us all; that is, the world will run along about as usual when we step off this old terrestrial ball.

But, a few flowers for our senior editor. In conversation with a fine citizen of O'Donnell a few days ago, he said that "The News was a credit to a town the size of Tahoka and that the editor-in-chief was capable of a bigger job."

While I am passing out flowers to the living, I want to acknowledge that the church there is making fine headway without me, and I want to commend the young man who took my place for the fine work he is doing and I hope the members will stand by and help him in every way possible. We older men must soon step aside for the younger men, and I want them to do a better job than we, and may

do in fact write, according to their own will and judgment, all the major legislation of this state. We actually have three houses," he said, "in the legislature: the two houses and the free conference committee, the latter being the most powerful of the three." He said that he had dedicated himself to destroy that set-up.

The place to start "cleaning house," he said, is in the legislature itself.

He charged that too many "rat holes" have been made in the treasury and that too many agencies are checking on the State's bank account. "Our state auditor said recently that no person actually knows how much money the State is spending or has spent. We have more than one hundred funds over which there is no central supervision. . . . Our government is a wilderness of overlapping funds and departments clothed with contradictory powers."

He advocated a cut in extravagance and overhead in administration but declared that the mandate of the voters as expressed at the polls respecting social security must be carried out. "The care of the needy and aged, of dependent children, of the blind and the unemployed must be assumed," he said.

Following his opening address Saturday, Nelson started Monday on a speaking campaign that will take him to every nook and corner of the state.

God's richest blessings rest upon you. Yours for more flowers for the living and no less for the dead.—The Optimist.

PRESBYTERIAN SERVICES

Over the field of our Presbyterian Church work, we are closing a good year. Our Church calendar year closes April 1 each year.

The El Paso Presbytery, of which Tahoka Church is a member, meets in Lubbock April 21. Both the Laymen's organization of the Presbytery, under the leadership of Dr. J. M. Gordon, Dean of Tech, and the Woman's Presbyterial meet in Lubbock at the same time this year with this meeting of the Presbytery. All sessions held at the First Presbyterian Church of Lubbock.

Let us have a fine representation from Tahoka. Meetings of this kind always mean inspiration and help to all the churches and the work. Keep this meeting of Presbytery in mind, please, and don't miss it. They want you there in these special meetings.

In spite of our people having to work some this past year, the preacher being knocked out part of the time, the low price of cotton, and about all the men of the church gone fishing four weeks out of the year, we are closing a good year in all our local Church work. Our Sunday School, though small in numbers, has moved on, doing an important and good work. The local Women's Auxiliary, with book study course and Bible studies, has gone forward after a commendable fashion by these good women. All local expenses and pastor's salary have been paid in full. Offerings to most hurt of the Assembly's causes, home and foreign missions, orphanage, Bible cause, etc., are commendable. The gospel has been faithfully preached.

The explanation for every on-going gospel-preaching church is the spirit of cooperation and faithfulness all down the line. It's not bigness or showiness that counts most out on the battle's front but who

is who in the line of battle. Thanks to our Tahoka members and friends for all your help this closing year.

Be in our services Sunday, Sunday School at 10 a. m., preaching at 11 a. m. Morning theme: "The New Testament Good Man—His Envious Reputation." Don't miss this service. You are cordially invited.—W. K. Johnston, Minister.

DIXIE COUPLE ARE MARRIED SUNDAY

R. T. Mahanay and Miss Elizabeth Hill of the Dixie community were united in marriage on Sunday, March 17, Rev. S. K. McCulloch of New Home officiating.

The young couple have the best wishes of many friends.

E. H. Cunningham and E. W. Holloway and their families of the Redwine community returned Sunday from a visit of several days with relatives in Hunt county. Mr. Cunningham reports a lot of rain in that section and says the country surely has its Sunday clothes on.

Mr. and Mrs. G. R. Rhodes and two daughters of Brownwood returned to their home Monday after a three days visit here with Mr. and Mrs. Pat Hines. Mrs. Rhodes and Mrs. Hines are sisters.

Let Us Sharpen YOUR Lawnmower

ON THE IDEAL SHARPENER!

Why push a hard running lawnmower? Make mowing a pleasure by having it sharpened on the Ideal Lawnmower Sharpener—a scientific machine that automatically sharpens every blade absolutely even, with the correct bevel. This gives just the right clearance to obtain the cleanest cut with the least wear—something that can't be done with file or emery dust. When "Ideally" sharpened your lawnmower will cut cleaner, run easier, stay sharp longer and wear longer than when sharpened by any other method.

WE CALL and DELIVER!

He's got mere "oil-changers" tied to a post... because

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

OIL PLATING is more than OIL CHANGING

- You'll get . . .
- YOUR WINDSHIELD CLEANED BY ?
 - YOUR RADIATOR FILLED BY ?
 - YOUR TIRES INFLATED BY ?
 - YOUR ENGINE OIL-PLATED BY *Your Mileage Merchant*

That last one is all filled in for you because the only answer on OIL-PLATING your engine is Your Mileage Merchant. He does all the other things, too—and folks say he does them better—but there isn't even a comparison with his patented Conoco Germ Processed oil that gives you exclusive OIL-PLATING.

OIL-PLATING actually unites with all working surfaces. They remain continuously OIL-PLATED. Though you park your car for long stretches, this rich slippery OIL-PLATING remains all prepared for every start. Then what's so-called "starting wear" to your OIL-PLATED engine?

Or when your car hustles, how can implanted OIL-PLATING keep flying off to get burned right up? That's where OIL-PLATING gives you a sane explanation of why you can count on more mileage. You add mighty little Germ Processed oil after Your Mileage Merchant puts in just your correct Summer grade today. Continental Oil Co.

Filet Crochet for All to Admire

"Such lovely lace!" your friends will exclaim and they'll never guess how little it cost! You'll want to gather up crochet hook and some string and begin at once on this charming chair or buffet set and pillow to match. Quickly and easily done in filet crochet, the peacocks and roses are prettily "set off" by an open mesh. Practical—lasting—exquisite, the chairback may be repeated and used as scarf ends. They all make splendid gifts. In pattern 5975 you will find complete instructions and charts for making the set and pillow top shown; illustrations of all stitches used; material requirements.

To obtain this pattern send 15 cents in stamps or coins (coins preferred) to The Sewing Circle, 259 W. 14th St., New York City.

ARE YOU ONLY A 3/4 WIFE?

Men can never understand a three-quarter wife—a wife who is lovable for three weeks of the month—but a hell-cat for the fourth. No matter how your back aches—no matter how loudly your nervous scream—don't take it out on your husband. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure. Make a note NOW to get a bottle of Pinkham's today WITHOUT FAIL from your druggist—more than a million women have written in letters reporting the result. Why not try LYDIA E. PINKHAM'S VEGETABLE COMPOUND?

Rarer Yet "As rare as is true love, true friendship is rarer."—LaFontaine.

Advertisement for Doan's Pills: "Watch Your Kidneys! Help Them Cleanse the Blood of Harmful Body Waste. Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor! DOAN'S PILLS

Spirited Elections On South Plains
 Spirited contests marked the city elections held in some of our neighboring cities and towns last Tuesday.
 The intense interest in the election at Lubbock brought out a vote of nearly 3,200. Carl Slaton, a business man and a brother of Walter Slaton of the First National Bank of Tahoka, was elected mayor over ex-Senator Pink L. Parrish by a vote of 1596 to 1556. W. B. Price and Hub Jones were elected city commissioners.
 At Slaton two city commissioners were elected, O. N. Alcorn winning over an opponent and L. B. Wooten having no opposition. A light vote was polled.
 There were three candidates for mayor at Lamesa. W. L. Marr was elected for a third term over L. E. Eager and W. B. McWhorter. Marr received 476 votes, Eager 325, and McWhorter 265. John T. Sanders and A. M. Bennett were elected commissioners. The total vote polled was 1080.
 There were three candidates for mayor at Brownfield, five for city marshal, and four for aldermen, and 765 votes were polled. Clyde C. Coleman was elected mayor and Earl Wilson city marshal. Ike Bailey and Tom Cobb were chosen as city commissioners.
 C. M. Huddleston was re-elected mayor of Crosbyton without opposition. F. M. Dunn and W. E. Wren were elected city commissioners.
 At Seminole, H. N. Stone defeated the incumbent, F. D. Stark, for mayor by a vote of 103 to 66. Stone is a brother-in-law of Walter Slaton, cashier of the First National Bank here. Morris Stark III and W. E. Cox Jr. were elected aldermen.

Fishermen Seeking Rio Grande "Cat"
 A fishing party of seven prominent local men left Sunday for that section of the Rio Grande in the neighborhood of Sanderson and Marathon to see what they could do about the over-supply, if any, of catfish.
 Those in the party are: C. T. and Joe Tankersley, Jim Burleson, Jack Applewhite, Cody Bragg, and Roy Taylor.
 They expect to be back with evidence of the fact that they are fishermen by the end of this week, or possibly sooner.

WORK ON HIGHWAY 84 EAST OF TAHOKA IS ASSURED

(Continued from Page 1)
 Highway over new location near the Garza county line. This will be a state sponsored W. P. A. project.

This means that grade and drainage structures are to be built on the cut-off which will run diagonally across a section or more of land near the Garza county line and that the dumps in the lakes on this section of the highway are to be raised.

Field notes for the cut-off are now being prepared, according to County Judge P. W. Goad, and as soon as they are delivered to the County steps will be taken to purchase, or condemn if necessary, the right of way. Also, approval of the project by the Washington authorities must be obtained but no difficulty on that score is expected.

This is merely a small start on the improvement of this highway, but once a start is made it is believed it will be much easier to get action on it thereafter.

The people of Lynn county appreciate this action on the part of the state highway commission, realizing that they have many urgent demands for highway building or improvement, but believing that few requests are more meritorious than this one.

Judge P. W. Goad had official business at Sweetwater Wednesday.

CASE "RC" BIG LITTLE TRACTOR

EDWARDS IMPLEMENT CO.

A. J. EDWARDS A. P. EDWARDS

Now you can get a tractor small enough and low enough in price to suit small farms, yet escape the limitations of one-plow power. This new Case "RC" is a two-plow tractor, with speed and power to spare in cultivating, haying, harvest, manure spreading, etc. It is just right for all the lighter jobs on large farms that have heavy tractors for plowing, disking, and belt work. Come in and see what Case quality means in a small tractor.

Press Association Meets April 15-16

The News has received a copy of the Panhandle Publisher containing the program of the Panhandle Press Association which will hold its 29th annual convention in Amarillo on April 15 and 16.

Albert Cooper of the Shamrock Texan is the president of the association and Clyde Warwick of the Canyon News is the efficient secretary, having served in that capacity for many years.

A perusal of the program indicates that it will be a good one. In fact the programs of this association are always good, according to general report.

The News hopes to have a representative or two at the meeting.
