Record Vote Cast In County Saturday

Governor's Race Draws Interest In Election

Lee O'Daniel Has Clear Majority Over the Entire Field; Lubbock Man Loses for Lieut. Gov.

As the result of another one of Texas' sensational and unpredictable primary elections, W. Lee O'Daniel, Fort Worth flour jobber, is governor-elect of the state, winning with a clear majority over a field of twelve opponents. According to latest returns, he received 546,517 out of 1,064,742 votes cast for governor a majority with 28,292 votes to play on.

Another upset in state races, was the lead taken by Pierce Brooks of Dallas over Coke Stevenson of Junction and G. H. Nelson of Lubbock, the latter two being expected to enter the run-off.

Gerald C. Mann and Walter Woodul enter the run-off for attorney general, Jerry Sadler and C. V. Terrell for railroad commissioner, and Wm. H. McDonald and Bascomb Giles for land commissioner. Clear majorities over opponents are held by Geo. Sheppard for comptroller, Charley Lockhart for treasurer, L. A. Woods for superintendent, and J. E. McDonald for agricultural commissioner.

Latest vote tabulations available released to the press by the Texas election bureau are:

Rainfall Is Aid To County's Crops

All of Lynn county has now had plenty of rain the sun is shining, and everybody's happy.

Last week through Thursday 1.06 inches of moisture was recorded here. Since that time the rainfall has totaled .91 inches, or two inches here the last two weeks. We had .14 inch Friday, .24 Monday, and .53 Tuesday.

Through the damp, cloudy weather reports began to come in that worms were working in the cotton, but it is thought the return of hot weather will dispel that danger. North of town crops were needing the rain badly.

Though the acreage is small, Lynn county is liable to have a bumper cotton crop.

Rotarians Are Slaton's Guests

Members of the Tahoka Rotary Club, together with their wives, were guests last night (Thursday) of the Slaton Rotary Club at Buffalo Springs, in the canyon between Lubbock and Slaton.

A few weeks ago, the Slaton club visited the local club at a night meeting.

Church of Christ Revival In Progress

Despite the rainy weather, fair sized crowds have been attending the revival meeting which opened at the Church of Christ Sunday.

Elder Velvin Wise of Big Spring is doing the preaching, and M. L. H. Baze of Brownfield is leading the song services. Elder J. L. Niblett is pastor.

Beginning Wednesday night, services are being held in the open on the vacant lots across the street from the church.

All people of the town are invited to attend these services.

This Family Will Occupy the Governor's Mansion

Three enthusiastic youngsters, Pat, Mike, and Molly O'Daniel, who, with their mother, helped elect their daddy, W. Lee O'Daniel, governor of Texas. Pat and Mike are musicians with the Hillbilly orchestra which accompanied the candidate in his campaign, while Molly distributed circulars and took up collections to help pay expenses of his campaign. The mother, wife of the governor-elect, stayed at home and handled the headquarters. In the picture, left to right, are Pat, 19; Mike, 18; Mrs. Merle O'Daniel; Molly, 16; and W. Lee O'Daniel.

O'Daniel's Rise To Fame Has Been By Use Of Personality

Who is this man W. Lee O'Daniel, the governor-elect of Texas?

That is a question being asked over the nation as a result of Texas' sensational primary election last Saturday in which the flour salesman, musician, radio announcer, Ohio born and Kansas raised O'Daniel won over a field of eleven candidates for the state's No. 1 office. Even some of the Texans who voted for him don't know much about him.

Anyway, Wilbert Lee O'Daniel was born in Ohio 46 years ago, and was raised on a farm in Kansas. Of Irish parentage, he was orphaned as a lad, but attended high school and a business college in Arlington, Kansas. At the latter school he met and married Miss Merle Butcher

in 1917. While in school he had a paper route and a cafe waiter's job.

His first job was as a \$10-a-week stenographer in a flour mill at Anthony, Kansas. Soon he was a salesman, and a while later was in business for himself. Suffering financial reverses, he took his family to New Orleans, where likewise he was engaged in the selling of flour. In 1925, O'Daniel came to Fort Worth as the sales manager for Burrus Mills, and in three years he was general manager of this large company. He is said to have increased that company's business 300 percent.

While with Burrus, he started an advertising program over the radio, the feature of which was the

Dixie Students Transfer Here

Dixie and Tahoka public schools signed a contract Tuesday whereby Tahoka will furnish that district transportation both within the district and into Tahoka a local bus bringing the Dixie high school students and seventh grade students to Tahoka. Dixie high school students have been attending Wilson high school the past few years, since the Dixie school does not teach past the sixth grade.

As result of the trade, Tahoka will be able to give bus service to the northern part of its own district. A new bus will be bought, in all probability, to take care of this territory.

State scholastic apportionment, high school tuition, and state transportation aid is expected to finance the bus route.

Many Dixie and Tahoka people are happy over the formation of the new route, since much of the Dixie district lies directly in Tahoka's trade territory and since Tahoka has adequate school plant and teaching force to take care of more students. Several students in the extreme northeast corner of Dixie district will continue to attend the Wilson school however.

Nineteen high school students had been signed for transfer from Dixie up until Wednesday night.

Red Cross Asks Flood Area Aid

The Lynn County Red Cross chapter is again appealing to the citizens of Lynn county to come to the aid of flood victims. Judge Tom Garrard announces, and this chapter will comply with the following request from the American Red Cross, St. Louis, Missouri:

"Reports received from Red Cross representatives confirm major disaster in San Saba, McCulloch, Menard, and other counties along Colorado river and tributaries. Incomplete surveys show 970 families affected, 127 homes destroyed, 850 homes damaged. Minimum relief funds \$100,000 required to meet need reported to date. Am issuing appeal to all Texas Chapters. Your chapter should make immediate and vigorous appeal with full publicity to secure quota of \$65.00. Report and transmit collections promptly to this office."

This is a very worthy cause. Lynn county has been the recipient of Red Cross aid two or three times, and our citizens should now hand their contributions to Tom Garrard, Carl Griffing, R. P. Weathers, or A. L. Lockwood of the local chapter.

Biggest Crowd At Election Party

The election party crowd last Saturday night was the largest that has ever gathered here. Main street was literally packed with people, and the crowd scattered over the rest of town until 12 o'clock.

The affair was made possible by L. C. Haney of Tahoka Drug and County Chairman J. E. Applewhite, who supervised gathering and tabulating of returns.

HEARING WILL BE HELD ON SCHOOL TRANSFERS

Notice School Trustees and Patrons: The County Board will meet in Tahoka August 6, 1938, to hear protests on transfers.—H. P. Caveness, County Superintendent.

STUDENT TRANSFERS MUST BE MADE NOW

All students who wish to attend school in some other district from that in which they are legal residents, should make transfers thru the office of County Superintendent H. P. Caveness today or Saturday. Transfers must have been made by August 1.

Three Run-Offs In Lynn County Necessary

Parker and Cade Are Re-elected; Mrs. Tunnell Wins Office Of County Superintendent

Starting off as just another election campaign with little interest shown, the first Democratic primary ended Saturday with one of the biggest votes in the county's history being cast. The record was set in 1934 when 3491 citizens voted.

Though the poll tax list showed 3339 poll taxes and exemptions, Lynn county exceeded itself Saturday by polling 3480 votes.

Interest was aroused by several hotly contested county races and the governor's race in which Lee O'Daniel voters stampeded the polling places.

In the race for governor, O'Daniel received 3393 votes while all his opponents garnered only 1132. Ernest O. Thompson was second with 684. William McCraw received 230, and Tom Hunter polled only 172.

For Lieutenant Governor, former citizen G. H. Nelson got 1898, while all his opponents totaled 1450 votes.

For Representative, Alvin R. Allison led with 1309 votes, and the home man, T. W. Montgomery gathered in 1182.

In Lynn county there will be three run-offs necessary, these being for county judge, county clerk, and county treasurer.

County Judge P. W. Goad, asking for a second term, received 1403 votes, and former Judge G. C. Grider, with 1214 votes, have entered the run-off. Former county attorney B. P. Maddox was third with 781.

Another run-off will be between Walter Mathis, who received 1218 votes, Garlan G. McWhorter, who received 785. Closely behind him however, were Miss Viola Ellis with 740 votes and Daniel C. Davis with 708.

The third race for a county office will be between Mrs. Jewell (Continued on Back Page)

Highway Work Is Progressing

Work on Highway 84 east of Tahoka has been delayed this week because of the rainy spell, but with favorable weather the work will be pushed ahead, County Judge P. W. Goad states.

Pouring of the seal-coat top on Highway 84 west had just been completed when the rainy spell set in last week. This topping places the stretch of pavement to Brownfield in much better condition.

Announcement has been made by the Highway Department that a contract has been let for additional topping on Highway 9 south, the cost of which will be about \$39,000.00.

New Mexico is reported to be further improving the western extension of Highway 84 in New Mexico, and soon expects to have the road paved all the way from the state line into Roswell. The Texas Highway Department is working on or has approved projects for improvement of all gaps from Haskell west through Aspermont, Post, Tahoka and to the New Mexico line. It is said, and in another year or two this important highway will be paved all the way from Fort Worth to Roswell and to the Pacific coast.

Brother Of J. B. Nance Is Dead

J. B. Nance received a telegram Thursday morning that his brother, Noah Nance, 78, had just died at his home in Paris, Texas. Funeral services will be today, but Mr. Nance is unable to attend.

Another brother, Henry Nance, died last February 3, and a son, Norris, died January 20 of this year.

called to our attention.

W. Lee O'Daniel, who ran rough-
shod over all opponents in last
Saturday's voting, has his biggest
problems just before him. One of
them is getting acquainted with
Texas' governmental set-up. He
admits, himself, that he knows
nothing of politics and very little of
governmental affairs, which is evi-
denced by the fact that he has
never, so far, paid a poll tax in Tex-
as. In the first place, he promises
all folks over sixty-five years of age,
regardless of color, creed, or social
standing, \$30 per month pension
which would necessitate 44 million
dollars of Texas tax money if the
Federal government were to pay
half the bill. But, the Federal
government once before warned
Texas that it would not help this
state with such a pension. We cannot
back his pension idea. However Lee
O'Daniel is probably shrewder and
more capable than some give him
credit for being and we sincerely
hope no mistake was made in elect-
ing him governor.

Our Senator G. H. Nelson was
one of the victims of the "flour
wagon" brigade in Saturday's elec-
tion. His race for lieutenant gover-
nor was going smoothly until along
came a "dark horse." Pierce Brooks,
who climbed aboard Lee O'Daniel's
band wagon, and gained the vot-
ing lead. West Texas, including Lynn,
Lubbock, and other counties, gave
Nelson a fine vote, however, and
most people here believe he was a
victim of circumstances. Practically
all those supposed to know said Nel-
son and Stevenson would be in the
run-off, but Brooks led the field.

The defeated candidates have our
sympathy. They've been out much
time and money and have faced
disappointment. They should not
feel so bad, though. No one has lost.
We'll wager each defeated candi-
date has more friends than he had
before he entered the campaign. He
has profited by his closer associa-
tion with the people in this county.
After all, few voters ever vote a-
gainst a candidate; they simply vote
for the one they think will make the
best official. There's no disgrace in
defeat.

W. Lee O'Daniel is the governor-
elect of Texas. He's the man the
people seem to want—or think they
want. Anyway, we hope he makes
us an excellent executive, and as
long as he's sincerely doing his
best as a director of the public's
business he will command the re-
spect of a host of Texans.

If that man O'Daniel makes half
as big a success as governor as he
has done as a ballyhoo artist, he
will be the best governor Texas ever
had.

[As Revealed by the Files
of the Lynn County News
of July 25, 1913.] History

A front page story more than a
column in length, under big head
lines, told of a highway meeting
held in Tahoka in which the route-
ing of the Southern National high-
way through Tahoka had been
clinched. This was to be a "piked"
road from Washington, D. C. to
California.

A "National Convention" of the
highway association recently held in
Raleigh N. C. had tentatively log-
ged the route through Texas as fol-
lows: From Texarkana through
Dallas, Ft. Worth, Mineral Wells,
Breckenridge, Albany, Abilene,
Sweetwater, Roscoe, Snyder, Gail,
Tahoka, Brownfield, Plains, and
thence to Roswell.

Representatives of a number of
these towns were in the Tahoka
meeting. Judge C. H. Cain was
chairman and W. B. Slaton was
secretary.

A rain averaging about one inch
all over the county had fallen on
July 25.

Land Terracing Is Aid To Crops

AMARILLO, Texas, July 14.—Properly constructed terraces present no difficult problem in harvesting wheat and are resulting in increased crop yields in most instances, farmers of the Texas Panhandle are finding this year.

Terraces about 45 feet wide and with little or no channel are being found best adapted to agricultural conditions and the type of machinery used in the Panhandle area, Soil Conservation Service technicians say. Reports from various parts of the Panhandle indicate that harvesting on terraces no longer is a serious problem.

"When I terraced my field, many neighbors argued that I would not be able to harvest the terraces and that I wouldn't get a good crop stand near the structures," says W. F. Freeman of Lipscomb, County cooper of the wind erosion conservation district. "I have just completed harvesting around 25 bushels of wheat to the acre without the least bit of trouble and the stand was just as good on the terraces as elsewhere."

This was Mr. Freeman's first crop in five years on a 70-acre field, and he attributes much of his success to the conservation of moisture by means of terraces, contour tillage, and other erosion control practices.

Where there is little or no channel used, farmers are finding there is no danger of the wheat or other crops being drowned out by impounded water.

Many farmers say they are finding it advantageous to harvest grain in the same direction it is drilled, or parallel with the terraces, rather than to cut over the structures.

Max Blau, who has harvested wheat from his field of considerable slope near Perryton every year while straight-row fields were yielding little or no grain, says:

"I have found that by cutting wheat on the contour or parallel to the terraces instead of the old way of around and around the field, I save enough on fuel to pay the cost of harvesting. By cutting on the contour or level, I am able to keep my machine running at a uniform rate of speed. This reduces fuel costs and improves the efficiency of the equipment."

Border strips of Sudan grass now are being planted around many fields in the Panhandle. These strips not only furnish protection from blowing and provide livestock feed, but also give the farmer a place to turn his equipment without having to turn in the wheat field with resultant damage to the grain.

MRS. COLLEBACK HAS RELIC FOR SCHOOL

Mrs. J. H. Colleback returned last Thursday from an interesting trip to Louisiana with Mrs. Myrtle Hembree of Dallas. They visited Mrs. Colleback's daughter, Mrs. L. D. Anderson, at Independence, La., as well as the cities of Baton Rouge, New Orleans, and drove as far east as Pensacola, Florida.

They visited many points of scenic and historic interest, including the Evangeline country, St. Martinville, made famous by the poet Longfellow. Here they saw the St. Martin Catholic Church, established in 1765 within the shadow of which lie the remains of Evangeline.

They also visited the old Evangeline oak on Bayou Teche and picked up some moss from that historic tree which Mrs. Colleback brought back to be placed in the local school library.

Miss Hembree, who taught at Wilson several years ago, and who is now a librarian in Oak Cliff, Dallas, is a long time friend of Mrs. Colleback and her daughter, the former Miss Dovie Colleback.

An elk herd is doing well in the Guadalupe mountains, reports Bob Snow, Game Department field investigator. Forty-four were imported in 1929. Now the herd numbers more than 300, he said. In the daytime they loiter at waterholes, and at night climb the mountains. They won't jump at automobiles, but they are afraid of horses and men.

You can't shoot 'em. They are protected by law.

Claude Gentry of Crosbyton was here visiting friends Tuesday. Mr. Gentry has a drug store in Crosbyton.

Mr. and Mrs. W. T. Clinton, Mr. and Mrs. Jim Clinton, and little daughter, the three R. B. Jones children, and "Doc" Johnson returned last week from Christoval, where they spent several days fishing and vacationing. Mr. Clinton says they caught many nice-sized fish.

Mrs. Jewell Wells received information Wednesday that her brother, Ben T. Brown, of Belton, is in a serious condition. He has been suffering from a heart ailment and stomach trouble for several months.

YOU PEOPLE OF PRECINCT 1 HAVE BEEN NICE TO ME!

I certainly appreciate the fact that you have seen fit to re-elect me county commissioner. I will continue to give you the same service I have in the past, and let my record speak for itself. When I can serve you—one and all call on me, and I'll do the best I can. Again, I thank you.

NORMA LEE EUBANKS, WALLACE McCOWAN MARRIED RECENTLY

Norma Lee Eubanks and Wallace McCowan were married Sunday, July 3 in an early morning ceremony performed by O. L. Johnson, minister for the Church of Christ, in the home of the bride's parents, Mr. and Mrs. J. C. Eubanks.

Immediately following the ceremony the couple left for a three-weeks honeymoon trip to Yellowstone National Park, and a tour through the western states and Canada.

The bride is a graduate of Lueders High School and a former student in Abilene Christian College. Her popularity here was demonstrated when she was honored with a linen shower last Friday in the home of Mrs. Elmer Coffman with Mrs. Johnny Sparks and Mrs. Boo Sides as hostesses.

Mr. McCowan is the son of Mr. and Mrs. J. E. McCowan, who have lived for a number of years north of Lueders.

The Eubanks formerly lived at Tahoka, Jess serving for a number of years as rural mail carrier out of this city.

POPULAR WILSON COUPLE WILL BE MARRIED

A wedding of wide interest will be that of Edmund Maeker to Miss Louise Cook at the Lutheran Church in Wilson Saturday of this week.

Mr. Maeker and Miss Cook are popular young people of prominent families in the Wilson community, and a host of intimate friends have invitations to the affair.

Miss Cook is the daughter of Mr. and Mrs. Jack Cook, and Mr. Maeker is the son of Mr. and Mrs. J. F. W. Maeker.

WILSON H. D. CLUB MET WITH MRS. LLOYD SWANN

"I sincerely wish every club member could have been with me at the Short Course" said Mrs. P. D. Server in telling of her trip to College Station when the Wilson H. D. Club met in the home of Mrs. Lloyd Swann July 20, 1938.

"Every thing was so interesting and the entertainment was grand. The styles were of greatest interest to me but it was all very educational. I truly think Lynn County's exhibit on milk was one of the best and most attractive there," she also stated.

The club planned for an August open air party to which the husbands of the members are to be invited.

Members present were: Mmes. B. W. Baker, S. G. Anthony, J. W. Lamb, M. C. Brandon, Howard Cook, H. B. Crosby, J. P. Covey, Robert Lamb, P. D. Server, D. A. Hill, S. L. Alderson, Jack Miller, W. I. Huffaker, C. C. McCormick, Edwin May.

MRS. DRAPER HOSTESS TO MIDWAY H. D. CLUB

"Filling the Farm Store House" was the subject of the lesson studied by the Midway H. D. Club at the home of Mrs. I. M. Draper July 20.

"During the depression years the most alert farm families raised 90 percent of their living at home" said Miss Boyd.

The government program for improving the condition of agriculture recognizes the family food supply as of first importance.

Several members agreed to keep records of home produced foods and purchased food products.

The next meeting will be at the home of Mrs. G. A. Edwards August 11.

Members present were: Mesdames G. A. Edwards, Howard Draper, Alice Duncan, J. P. Thomas, R. L. Littlepage, I. M. Draper and Miss Lilith Boyd.

T-BAR DEMONSTRATOR MAKES WOOL RUG

Mrs. E. O. Overman of the T-Bar Home Demonstration Club was quite original in selecting her rug pattern. She had been using a piece of burlap between the springs and mattress of a bed as a protector and she decided to use it for a rug background. She found it had a design already printed on it. The springs had left an attractive design of ovals tied together with lines of decorative suggestions. She soon saw it had possibilities and has a nice rug as a result of it.

ELDER DRENNON'S NOTES FROM DENISON

We made the trip fine. It had rained almost the entire way here, was cloudy and cool all the way. We surely miss that good breeze here, but as it has been raining it is not so hot.

Crops are very good in this county. Cotton has good-sized bolls. Our meeting started off yesterday with good interest and fair crowds, and of course the preaching was the best.

What a fine thing to meet old friends! How many of us do not appreciate our friends as we should! I believe true friends are our greatest assets.

I have just heard over the radio that our friend, Lee O'Daniel, was leading the field by twenty thousand or more, so my prediction last week of the dark horse leading the field came true. I hope our Senior Editor will get on the band wagon and help us pull Texas up to where she belongs, and that is leading—other states. Why be larger in size only? When I realize that Texas is larger than some whole countries, I wonder why we can't do greater things. As one travels over our great state he is made to think of our possibilities. Texas has everything it takes to make a great state.

Denison is coming alive due to prospects of the great dam being built across Red River. It will surely help Northeast Texas, in fact the whole state.

Yours for more people in the church who have more interest in the church in action years.—R. P. DRENNON.

CLEMIE MENSCH WEDS MISS VIRGINIA GRUBBS

Clemie Mensch of Draw and Miss Virginia Grubbs were married at the Methodist parsonage in Tahoka Monday afternoon by Rev. Ben Hardy, pastor of the Methodist Church. The young couple will make their home in the Draw community.

Rev. Dale Returns From Spur Meeting

Rev. George A. Dale, pastor of the Baptist Church, returned Monday from Spur, where he had been conducting a two-weeks revival meeting. The meeting closed Sunday night.

Rev. Dale reports that there were fifteen conversions, twelve were baptised, and a number of additions were made to the church by letter. The local pulpit was filled last Sunday by Rev. W. M. Draper of Lubbock.

NEW HOME DELEGATION HOME FROM FFA CONVENTION

Mr. Hall, teacher of Vocational Agriculture in New Home High School, and 4 FFA boys, including 3 officers and one delegate, returned Saturday from an educational tour and the state FFA convention at El Paso.

They visited the Carlsbad Cavern, Ruidoso, and other interesting places, and spent a due amount of time in Juarez, Mexico. They carried a complete camping outfit.

Those making the trip were Roy D. Randolph, president; J. L. Jennings, secretary; Loyd Russell McCormick, treasurer; Lee Shockly, official delegate; and Mr. W. W. Hall, teacher and advisor.

Lack of transportation facilities made it impossible for all of the boys to go. It is hoped that this problem will cease to exist in the future, and that an educational tour will be one of the main objectives of our F. F. A. organization.

Mary Whatley Dunbar, of Palo Pinto Star, and Jake Smyth of the Snyder Times, president and secretary of the West Texas Press Association, are lining up a very interesting program for their annual meeting at Seymour on August 11 and 12, and both are working hard to have their best attendance at the 1938 convention.

Joy Edwin Brown returned Friday from the Middle Atlantic States where he has been working several weeks.

SELECTS COLOR SCHEME FOR WOOL RUG

"In choosing a color scheme for my wool rug I selected tan, navy and wine. The pattern requires certain solid portions with sections mingled to tie the colors together," said Mrs. Frank Sargent, cooperator in the T-Bar Home Demonstration Club.

"I copied my pattern from a picture of another hooked rug. To get it proportioned correctly, I drew it on paper the exact size of the rug to be made then transferred it with carbon paper to the background of burlap," added Mrs. Sargent.

MRS. ANGLIN CANNING FROM FRAME GARDEN

Mrs. W. S. Anglin, member of the Tahoka H. D. Club, feels that her frame garden has been worthwhile even though she became discouraged when the late freeze came. "I have been having beans from my frame garden for serving almost every day since May 27 and I have canned 23 quarts. I had four rows each 37 feet long. Besides having other fresh vegetables, I have canned 2 quarts of cucumbers, 1 quart of carrots and 4 quarts of beets," said Mrs. Anglin.

MRS. PAUL JOHNSON MAKES COTTON RUG

"I used discarded gray shirts in making the center of my hooked rug and a print dress and overalls in the border," said Mrs. Paul Johnson, cooperator in the T-Bar Home Demonstration Club, who has recently completed a cotton rug.

"I decided to leave it unclipped. I believe it will be more durable," stated Mrs. Johnson.

Mrs. Johnson's rug is 27 by 45 inches. It was not necessary for her to dye any of the material she used.

To The Citizens of Lynn County:

To those who voted for me in the recent election let me say that words can not express my gratitude for your friendship and support. To those who voted against me, let me say that I appreciate every courtesy shown me. To all let me say that I conducted my campaign in such a way that I have no cause for regrets. I shall always be deeply interested in the educational opportunities of the children of the county and shall be glad to serve you in any way possible.

THANKS A LOT

After recovering from shell shock, I wish to thank the friends who so loyally supported me in the race for County Judge. The voters have spoken and I bow to their good judgement. The office of County Judge is the office of the people, and the people alone, have the right to say who shall serve them.

In the "Run-Off" it will be my policy to "hands off" in the race for County Judge, as I think it would be unbecoming of me to even indicate who my choice for County Judge was, as I feel that the voters are sufficiently intelligent and patriotic to know what was the best course to pursue in that race. It is not in me to complain at what the majority of the voters wish. This is a great country and behind the clouds the sun still shines. I am indeed thankful for the many kindnesses shown me in the race by both friends and those who opposed me. Good night, will see you all tomorrow. Thanks a lot.

B. P. MADDOX

THANK YOU!

I wish to thank my many friends in Lynn County for the splendid vote given me last Saturday. I certainly appreciate your vote and influence in the second primary. Please give my candidacy, my qualifications, your careful consideration before you vote this time.

Sincerely,

WTCC Is Seeking Freight Rate Cut

Ablene, July 27.—Continuing its policy of many years standing in opposing maintenance by railroads of the differential rate territory in West Texas, the West Texas Chamber of Commerce will intervene at a hearing in El Paso, August 1 in support of the Texas Railroad Commission's refusal to authorize interstate freight rate increases, recently authorized by the Interstate Commerce Commission, in this territory.

The West Texas Chamber of Commerce, through its traffic committee, although not opposing the original application for general rate increases, did oppose the extension of the increase in the 50 year-old differential territory in West Texas. This territory, which includes 70 West Texas counties, bears a 15 per cent penalty above the basic rate on its shipments.

If the regional organization is successful in its fight to defeat the proposed increase in this area, it will result in practically eliminating the differential territory, and will mean the saving of millions of dollars to the farmers, livestock raisers, business men and other citizens of the area. Lynn county is in the differential territory which includes all counties west of a line running approximately from Amarillo, Plainview, Lubbock, Big Spring, San Angelo and San Antonio.

The Texas Railroad Commission refused to grant the increase in the differential territory and on certain commodities. The proposed increases are 5 per cent on livestock, 5 per cent on cottonseed and products except cottonseed oil which would bear 10 per cent increase and 10 per cent on class traffic which includes merchandise and goods.

The West Texas Chamber of Commerce, in cooperation with El Paso and other vitally concerned cities, is organizing for a finish fight on the

Trees Grow in Semi-Arid Plains

No longer is it necessary that the Plains country be a vast, treeless expanse. Farmers are finding that adapted species attain a growth of 10 to 12 feet within three years if given the benefit of additional water and frequent cultivation. Water diverted from a roadway has been diverted to this tree site on one of the Soil Conservation Service demonstration projects.

Rosicrucians Send Delegates To West

From out of "Enigmatic India" came an invitation for an American Delegation to study its ancient mystic arts and sciences, for the purpose of later admitting the delegation into the sanctuaries of Tibet.

Seven hundred members of the Rosicrucian Order, AMORC, a philosophical fraternity, assembled at their 1938 Convention in San Jose, California, who received the invitation from the Andhra Research University in Madras District, voted to accept it and send a Delegation in 1939.

Jay W. Moore of route 1; Wilson, Texas, local member and Delegate of the Rosicrucian Order, who has just returned from the International Conclave, states that the delegation will include the Grand Secretary of the Order, Ralph Lewis, and two others, including a motion picture cameraman who will take with him complete sound recording equipment. Representatives of the Order will study certain rare manuscripts available at the University, to ascertain the truth or falsity of the claims to phenomenal power and control of Natural Law made by the followers of the Mystic sects of India. While making this research, negotiations will be made by the University officials, who include the Maharajah of Jeypore, for the party to visit certain secluded Tibetan Monasteries in the Himalayas, where it is hoped permission will be granted to film heretofore unrevealed customs and rites of the Lamas who are alleged to have miraculous powers.

Jay W. Moore also states that the delegation will be sponsored by the Rosicrucian Oriental Egyptian Museum, an affiliate of the Philosophic Order. Nine foreign countries and every state of the Union and Province of Canada were represented at the recent conclave. An exceptional feature of the Convention was the first showing of the sound motion picture "Along Civilization's Trail", which was filmed by a Rosicrucian camera expedition in Egypt and Mesopotamia in 1937.

Miss Anna Belle Pool of Van is here visiting in the home of her friends, Mr. and Mrs. Clyde Williams and little daughter.

Chairman Reagan of the traffic committee, "relative to the proposed 15 per cent rate increase was that these increases be not applied in the differential territory, that they be not applied on livestock and other agricultural products and that if increases were necessary, they be applied on a cents per hundred pounds basis rather than on a percentage basis. Since the problem of the railroads was to get additional revenue, to which principle we more or less subscribe, we thought this revenue should be raised uniformly by increasing the rates so much per 100 pounds instead of a certain per cent."

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines, in a woman's face too often grow into AGE lines!

Try Cardul. Of course if it doesn't help you, see your doctor.

Cotton Acreage Estimate Given

Statistics showing the approximate number of acres of cotton in actual cultivation in eighteen South Plains counties have been compiled by K. N. Clapp of Lubbock for Anderson, Clayton & Co., the total being 1,129,150.

These figures are based on allocations made to the various counties aggregating 1,245,138 acres. Of this amount about 148,000 acres have been abandoned but about 52,000 acres of soil land must be added, making the total approximately as above given.

The acreage in these eighteen counties last year is estimated at 1,600,000 to 1,800,000 acres. The decrease from last year therefore is very considerable.

Clapp's figures for the various counties for this year are as follows:

Lubbock	165,000
Lynn	144,000
Hockley	123,500
Lamb	122,500
Dawson	105,000
Crosby	100,000

Brisco	23,000
Farmer	17,000
Gaines	10,000

Mr. and Mrs. C. N. Woods returned from a trip to the White Mountains, Capitan, Santa Fe, and Albuquerque. They were accompanied by Mr. and Mrs. Joe Roberts of Abilene and Miss Lolo Belle Johnston who teaches in the Post schools. Mrs. Roberts and Miss Johnston are sisters of Mrs. Woods.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUL, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardul, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

Carriers Attend State Convention

H. L. Roddy and J. P. West, Tahoka and W. E. Suddarth, O'Donnell, returned Sunday night from Fort Worth, where they had attended the three-day convention of the Texas Rural Letter Carriers Association.

New officers elected included E. E. Smith of Colorado, who is the incoming president.

The Texas Carrier, the official organ of the Association, edited by Earl Slater of Clyde, is printed in the shop of the Lynn County News. The convention issue of the paper contained fourteen, tabloid-size pages.

County Court Has Little Business

Both criminal and civil dockets of the current term of county court are exceedingly light, according to County Attorney Rollin McCord.

Several civil cases were on docket, but all have been settled except one, which was continued until next term. One criminal case remained on the docket Tuesday, he said.

C. A. Thomas, who with his family, is vacationing in the mountains at Ruidoso, New Mexico, writes that they are having a good time but it is raining a great deal in the mountains, too.

To the Citizens of Lynn County:

I want to thank each and every one of you for the wonderful support you have always given me in my campaign for office.

I have enjoyed trying to take care of the duties of the office of County Treasurer, and am filled with gratitude when I think of your co-operation with me.

I shall ever remember and appreciate having had the privilege of holding this office.

Sincerely,

VIOLA ELLIS

To the Citizens of Lynn County:

I wish to use this method in thanking those who helped in any way in behalf of my campaign and for the good vote that I received in Saturday's election. Now that I am in the run off I want to ask your continued support in the second primary. Also to those who voted for a candidate that was not in the run-off, I solicit your support now. It might be impossible for me to see each of you due to the short time in which I have to see you but if you will vote for me on August 27, I assure you that I will greatly appreciate it.

baseball

By Billy Hill

The Blue Socks were rained out at Ropes last Sunday, but they will meet Ropes here on home soil Sunday, and I understand that Ropes has a very nice ball club this year. They have played nine games and have not lost a single one.

I certainly do hope Prentice Walker, manager of the Blue Socks, gets him a little contract for his pitchers or something, because every time we turn around one of these semi-pro teams want to grab up another Tahoka pitcher. The first thing we know Mr. Lane will be signing with some of these guys

and he is just about all we have left. According to what I think, he is the cream of the whole crop of pitchers we've had so far.

Here is a little baseball history for you:

The first professional baseball team was the Cincinnati Red Stockings of 1869. They made a tour of the U. S. extending from New York to San Francisco. The Red Stockings played 65 games, winning all of them except a 17-17 contest with the Haymakers of Troy.

CHURCH OF THE NAZARENE WILL HOLD REVIVAL

We want to remind you that it is just one week until our revival begins. Don't forget that we are expecting you to attend. There will be lots of good singing and preaching that you will enjoy. Come on and let's work together in this effort to have a revival that will help our city to be a better place in which to live.

Rev. R. L. Holder of Lamesa will be with us Sunday, Aug. 7. Miss Lona Webb will come on Monday, Aug. 8, as she will be in a meeting that closes Sunday. These workers are very efficient workers, so come, boost, and pray for the meeting.

We will not have preaching here Sunday morning due to the fact the NYPs rally meets at O'Donnell Sunday morning. However, we will have Sunday School and preaching at 8:30 in the evening.

Come and worship with us.
Rev. Miss Betty Ellis, Pastor.

MARVIN MUNNS HAVE VISITORS FROM GRAHAM
The Marvin J. Munns family, accompanied by Mr. and Mrs. R. D. Wood and son, James of Graham, went last week for a few days out- ing over into New Mexico. They visited the famous Carlsbad Caver- ns while there. The Munns went through the Caverns last summer but this was the first time for the Woods to see it.
Mr. Woods is an employee of an oil company at Graham. They left for home this morning after spending a two weeks vaca- tion here in the home of the Munns.
Mr. and Mrs. R. W. Fenton Jr. and two daughters left Sunday afternoon on a vacation trip "some- where in the mountains." They are expected to visit in New Mexico and Colorado.

YOU CAN DRIVE ACROSS THE WHOLE U.S.A. AND
not be adding a quart of oil all the time. You can climb Pike's Peak or Mt. Washington but the heat in- dicator won't go wild. No matter how hot the Summer, you can drive where you please, how you please, by coming to the only place to get your engine Oil-Plated.
Nothing but Conoco Germ Processed oil gives your engine Oil-Plating. Patent Germ Processing doesn't quit when it has taken out the stuff that gets gummy and watery. After that, Germ Processing also ADDS IN the patented discovery that gives your engine the only Oil-Plating. Just think of Oil-Plating really joining up to the working parts as firm as any other plating on your car. So how can this inbuilt Oil-Plating go draining down at every stop?

LEE O'DANIEL WINS FRIENDS
THROUGH HIS PERSONALITY

(Cont'd. from page 1)

"Doughboys". By chance he was
forced to help with the broadcast
one day, and he had found a new
hobby—announcing. That was ten
years ago, and he's been on the air
ever since.

Four years ago he split with
Burris, and acquired a working in-
terest in General Mills, Wichita
Falls, organized his now famous
Hillbilly orchestra, and started sell-
ing his new brands of Hillbilly flour,
coffee, tea, and shortening.

He is the composer of such well
known songs as "Beautiful Texas"
and "Sons of the Alamo".

O'Daniel has had a hand in Fort
Worth civic affairs. He was presi-
dent of the Chamber of Commerce
there in 1933, and is a member of
the Christian Church.

The tremendous vote given this
political unknown is evidence of his
pleasing personality and ability to
win friends, though his unusual
method of dishing out hillbilly music
and home spun philosophy was re-
sented to in his vote-getting drive.

The governor-elect says he had no
idea of ever running for governor
a few months ago, when a preacher
admirer wrote him a letter of praise
in which the preacher suggested
that Lee O'Daniel would make Tex-
as a good governor. O'Daniel read
the letter over the radio, and 44-
000 others wrote him asking him
to enter the race.

It is with a heart full of gratitude and appreciation that
I thank the people of Lynn County for the wonderful support
which they gave me in last Saturday's election. It is my sincerest

To my loyal school children, boys and girls, men and women,
who have so staunchly demonstrated their love and appreciation,
I have not words enough to express my thanks.

I want the people throughout Lynn County to know that

kindness, their many courtesies, and their votes shall ever be
remembered.

Gratefully yours,
