Club and Church News

## PHOEBE K. WARNER CLUB HOLDS INTERESTING MEET

The Phoebe K. Warner Club met Tuesday, September 27th, in the home of Mrs. R. L. Richardson, with 13 members present and five guests, Meses. Armstrong, Phelps, Finley, Stokes, and Homer Maxey of Lubbock.

The meeting was opened by singing "Texas, My Texas", followed by the "Collect for Club Women", Mr. Carl Maxey of Lubbock gave a lecture on Cuba and Panama, which was very interesting and entertaining and was illustrated with moving pictures of both countries.

LaVoye Richardson played an accordion solo, "Spanish Waltz" Miss Julia Snowden, and W. H. Fulkerson Jr., sang "Ride, Tenderfoot, Ride".

The hostess served a lovely salad plate.

The next meeting of the club will be in the home of Mrs. Fred Hegl, October 11th.

Mr. and Mrs. O. D. Pierce, Faye Brown, and Joy Edwin Brown, are now located at Carrizo Springs where Pierce and Brown are employed by a highway construction firm.

## FACULTY, TRUSTEES ARE ENTERTAINED

Trustees of the Tahoka school district and their wives, members of the high school and grade school faculties, and their "better halves" if any, were entertained with a dinner Tuesday night at the high school by the Home-Economics Department, Supt. W. T. Hanes, and others of the faculty.

The dinner was prepared and served by the girls of the department under direction of Mrs. Pete Hegl, teacher.

An informal program of extemporaneous talks and group singing composed the entertainment.

## NEW LYNN EPWORTH LEAGUE MEETS

The Epworth League met Sunday evening at 7:30. James Baker led the opening song. A very interesting program was rendered by Miss Sue Young, Miss Florene Wilkie, and Miss Alvera Wilkie on "Finding Life Joyful".

We are indeed glad to see the new interest the young people are taking in the League work, as we had a splendid attendance Sunday evening. Everyone is invited to attend.—Reporter.

## BAPTIST W. M. S. ELECT NEW OFFICERS

The Baptist W. M. S. met in regular business session Monday afternoon at the church with twenty members present.

The following officers were elected: Benevolence, Mrs. Holand; Periodical, Mrs. Deen Nowlin; Personal Service, Mrs. Billman; Mission, Mrs. Taylor; Publicity, Mrs. W. T. Hanes; Education, Mrs. Sherrod; Stewardship, Mrs. Howell; Mission Study, Mrs. Henderson; Young People's Leader, Mrs. Dale.

The Circles were divided with Blanche Rose Walker including all territory west of the church and Sallee circle including territory east of the church. The Locket Circle is the same as heretofore, taking in all the younger women of the whole town.

## Y. W. A. MEET

The Y. W. A. of the local Baptist Church with their sponsor, Mrs. J. K. Applewhite, and with Mrs. W. O. Robertson, observed "craft night" Monday, meeting in the room of Misses Beryl and Edyth Robertson in Lubbock, students in the Tech College.

At the close of the meeting the hostesses served refreshments to Misses Lorene Reese, Valerie Wells, Jodie Bob Neyll, Esta Mae Rogers, Lois Goad, Robbie Milliken, Doris Connolly, Berta Hill, Joe Belle Milliken of Lubbock, and Meses. Applewhite and Robertson.

## SERVICES AT CHURCH CONCLUDED WITH BAPTISM

Five persons submitted to the beautiful ordinance of baptism at the conclusion of the services at the Baptist Church Sunday night.

Night services had been held at the church during the preceding week. Rev. C. E. Hereford, pastor of the First Baptist Church of Lubbock, filled the pulpit at 3 o'clock Sunday afternoon.

## HARDY MARRIED COUPLE FROM STAMFORD

Rev. Ben Hardy, pastor of the Methodist Church, read the ceremony which make Ryland Gleason, Anson, and Miss Rosa Brooks, Stamford, husband and wife last Sunday morning at 9 o'clock at the parsonage.

Mr. Gleason was an old friend of the Hardy family.

## METHODIST YOUNG PEOPLE ELECT OFFICERS

The Young People's Division of the Methodist Sunday School elected officers last Sunday morning for the new school year. They are as follows: President, Travis Shelton; Vice-President, G. C. Price; Secretary-Treasurer, Leta Frances Wyatt; Reporter, Lynette Tinsley.

Everyone is cordially invited to attend this class.—Reporter.

## FORD INGRAM DIED LAST TUESDAY

(Cont'd. from page 1)  
Mr. Ingram professed faith in Christ at the age of 35 but for reasons satisfactory to himself he never united with any church. He often said that he was not afraid to meet his Maker. He was a Baptist in belief.

Mr. Ingram lived an uneventful, quiet life, but through his years of residence in Lynn county he accumulated a host of friends here. He was recognized as a good husband and father, a good neighbor, and a good citizen. His good wife preceded him in death a few months ago.

He leaves surviving him the following children: Two sons, John Alex Ingram of Lubbock and George Ford Ingram Jr. of Tahoka; and two daughters, Miss Faye Ingram and Mrs. Leona (Virgil) Hodge of Tahoka.

Also surviving are two sisters: Mrs. Emma Thomas and Mrs. Cynthia Cosby of Fort Worth; a half brother, Loyd Ingram of New Mexico; and four half sisters; Mrs. Andy Couch and Mrs. Harry Thompson of Azel, Texas Mrs. W. R. Hines of Hobbs, New Mexico, and Miss Mauline Ingram of New York City.

Active pall bearers were: Messrs. Herman Crouch, A. M. Cade, G. R. Milliken, E. H. Boullion, W. S. Anglin, and Homer St. Clair now of Lamesa.

Honorary pall bearers included a number of special friends residing in various other cities and towns of Texas and the following local citizens: D. Sanders, Sam Sanford, F. O. Greathouse, O. A. Luallin, H. A. Maasen, Harvey Freeman, J. W. Elliott, L. F. Frazier, W. M. Lee B. L. Parker, W. M. Yates, W. E. Smith, Jim Weatherford, W. E. Sikes, Claude Wells, Jodie Nevill Carlice Edwards, M. V. Hodge, and Walter Nolan, and Borden Davis late of Tahoka but now of Brownfield.

## Soil Improvement Showing Results

College Station—Each inch of rainfall held on the land by contour rows and level terraces resulted in an extra new income of \$3.69 per acre a 11-year test has shown.

In 1927 at the request of M. R. Bentley, agricultural engineer of the Texas A. and M. College Extension Service, and others, the Agricultural Experiment Station set up at the sub-station at Spur, under the direction of R. E. Dickson, two comparable 10-acre field areas, one of which was terraced and the other with the rows running down the slope.

The blocks consisted of Abilene clay loam soil with a slope of 6 inches in 100 feet. The terraces were of the level type spaced at vertical intervals of 12 inches and had the ends closed to hold the water.

Measuring devices installed at the bottom of the slope revealed that there was no runoff from the terraced field while there was a 11-year accumulated run-off of 23.36 inches, or an average of 2.12 inches a year, from the unterraced area.

The terraced field, over the 11-year period, returned an annual average of 66.1 pounds of lint and 123 of seed per acre above the yield of the second area. Figured at 10 cents a pound for cotton and \$20 a ton for seed, the increased yield had an average value of \$7.84 a year.

The 11-year total acre gross income of the terraced field was \$229.89, while that of an acre with the rows running down the slope was \$134.56. The difference in gross income per acre was \$95.33 in favor of the terraced area.

Bentley estimated that more than half of the 10½ million acres of Texas crop land terraced or contoured under the leadership of county agricultural agents to date is of the level type, which is especially suited to the conditions of the Plains country.

## LYNN COUNTY WINS PRIZES AT FAIR

(Cont'd. from page 1)  
strates how an improved pasture means cheaper feed.

Each vocational agriculture exhibit features some current farm problem.

Mmes. R. W. Fenton, A. C. Weaver, John Earles and Waldo McLaurin, members of the Exhibit and Educational Committees of the Lynn County Home Demonstration Council, were responsible for placing the council exhibit, "Cakes for

Special Occasions" at the South Plains Fair.

Cakes were made by Meses. Loyd Edwards, P. K. Fleming and John Earles for the exhibit. Members of committees met in the home of Mrs. A. C. Weaver Saturday, and decorated the cakes, which included one for each occasion: Valentine, Christmas, Thanksgiving, a wedding and a birthday.

Nineteen 4-H Club entries were made in the South Plains Fair, Lubbock, by girls in Lynn County. The following places were won:

Mary Louise Rainey, Midway first on school dress.

Thelma Ruth Strain, New Home, third on school dress.

Marcilene Stephens, Midway, first on kitchen apron.

Icaphene Stephens, Midway, third on kitchen apron.

Icaphene Stephens, Midway, third

on house coat.

Margie Shepherd, Grassland, third on home made toy.

Other girls entering were: Reba Phillips, Midway; Nieto Stephens Midway; Beth Shepherd, Grassland; Freddie Smith, New Home; Mary Gene Luttrell, Draw.

There were a number of individual entries, and several of these won places, among which were:

Mrs. R. P. Drennon, O'Donnell, first on pound cake.

Mrs. A. C. Weaver, Tahoka, who placed in a number of canned goods contests.

Miss Lilith Boyd, home demonstration agent, assisted in the judging, declaring winners on cakes, bread, candies, cookies, butter, and canned goods.

### What The Editor Thinks

The biggest and best chance the editor notices in the student body is a "whale of a lot" more pep. Everyone from superintendent to lowly freshman is full of it.

The football team has contributed most of all to this new spirit by winning all the games it has played on the home field with those dandy new lights. It is worth the money to see a good hard-fought game, and seeing those bulldogs is just that.

The girls of the pep squad must also be working over time for they surely had a fine marching drill. They have a big collection of peppy songs and yell too. "O Boy! Does that blue and white flash!"

So far as the editor knows, Friday September 23 was the first time in history that Tahoka High School has had enough extra pep to take off from school and go to town. The purpose was to let the town people know they were supporting the team and wanted a good crowd to see the home team win. Here's hoping we will go to town often in the future.

The crowds at the game have been large and enthusiastic. They should continue to increase as the games get harder and the team gets more practice. As the Post game promises to be the best and most spectacular, few people will be willing to miss it. And with a week of rest the Bulldogs should be in there really fighting.

### BEN ZINE SEZ—

The boss told me I had to sell a lot of fall suits, the only way I know how to do it is to advertise what we have.

Folks no "bolony," we have got the best prices and snappiest patterns we have ever shown.

Yours—  
*Ben Zine*  
**CRAFT'S TAILOR SHOP**

P. S.: We will trade for your old suit.

Here's to larger crowds, more pep and a winning team!

### Society

Tahoka High Students were so glad to see their former Principal, Mr. J. T. Carter and wife out boosting Tahoka Bulldogs Friday night.

D. F. Reddell was happy to report that he saw Tech win over the Wyoming Cowboys 39 to 0 Saturday night at Texas Tech stadium.

Rudell and Louise are out for fun. They attended the junk car races at Lubbock Sunday afternoon.

Doris Laverne Lawler spent the week end in Brownfield with our former high school student, Rosa McKenzie.

Mr. Reynolds Welch, Crawford, Texas, visited the Senior Class Monday.

### Advice to the Lovelorn

We'll advise M. M. and H. A. M. to stay at home on Sunday afternoon as their admirers from Lamesa came to see them.

To P. Macha—Maybe we can help you in winning B. T. W.

Just be the first boy there.

R. S., our brotherly advice is, when she moves over real close to you, don't think that she wants to drive.

G. F.—We don't quite believe that you're using the right method on M. B. W.

We'll advise M. C. and J. B. to either draw straws or fight it out to see which one gets our high school artist.

We've now given advice and now we would like to ask a question.

What has Powell—Armstrong got that the rest of the boys ain't?

### BIG CELEBRATION HERE NEXT THURSDAY NIGHT

A cordial invitation is extended to all football fans in Tahoka and surrounding territory to be present at the "big occasion" Thursday night, Oct. 6. At this time Tahoka's lighted football field will be dedicated. Tahoka will play Post at this time. This is Tahoka's first conference game. School bands from all over this district have been invited to be present at this time. There will be about 300 band members present.

This occasion is expected to be the largest since the Tahoka Round-Up.

### FOOTBALL PLAYERS AWARDS ARE GIVEN

Several merchants of Tahoka offered various awards to the outstanding players of the Tahoka-Cooper game. Those receiving awards were:

Finis Connolly, for hardest tackle.  
 Max Minor for first score.  
 Max Minor, for hardest block.  
 Earl Adams, for hustlingest lineman.  
 J. H. Dyer, for fightingest man.  
 Herman Reid, for most fumbles recovered.  
 Earl Adams, for most tackles on kickoff.

### Senior High-Lights

The Senior class wishes to express its appreciation to the Merchants of Tahoka, with whose help the Seniors collected and edited official programs for the last two football games here at Tahoka.

The program had the line-ups of both teams with the substitutes and weight of each man. These programs are a great help to the spectator. With the weight of both teams on the programs a person can average the weight of teams, both line and backfield.

On October 6 every person wants to be sure and get one of these programs. It is scheduled to be a Deluxe edition. With the Post-Tahoka game comes Tahoka's first conference game.

These programs are free with the compliments of the Senior class. Try the merchants that advertise on the football programs. Their products are O. K.

The Senior reporter named the Senior column in honor of the new lighting system on the football field.

In case you didn't know Finis Connolly lost his safety pin.

J. H. Dyer lost a shoestring. "Curley" Reid lost a lock of hair. Odean Millman lost a paper clip. For a climax all articles were found in Tom Hale's locker. You know, sentimental, keep-sakes, and stuff, and stuff.

Just a hint to Post, "Look out Post, we're waiting on Yuh! and furthermore we're out to take you down!"

### Sophomore Class Report

We Sophs of Tahoka High are getting back into the swing of school life with more vigor and enthusiasm than ever before. We feel our responsibility in helping to make this one of the best school years Tahoka High has ever had. Most of the girls are members of the pep squad and are backing the boys with every ounce of pep they have.

To represent the Sophomore class in the race for queen of Tahoka High Jean Simmons has been chosen. She should be our next Queen so come on help us to elect her.

We sixty-six Sophs of '38 and '39 are full of pep and feeling fine. To study hard we've made our aim. By doing our best we'll win our fame.

We've resolved to always say never can't, but always can. For all the races ever ran, Were won by those who said, "I can".

### Freshman News

The Freshman class is really getting started now. Our class officers have been elected and they are as follows:

President—Wanda Lee Tinsley.  
 Vice-President—Gloyd Cloe.  
 Reporter—Dorothy Virginia Fulkerson.  
 Secretary-Treasurer—Mary Beth Eddy.

## Are You Keeping Your Hens? OR Are Your Hens Keeping You?

### Remember

A hen can only pay off in eggs! And she manufactures these from the feed you give her! A hen never lays half an egg! She either lays a whole egg or none at all!

### Therefore

In order to give you maximum returns, you must do your part to see that she gets all the raw materials in the right proportions to be able to lay all the eggs she is capable of laying.

### Gold Medal Egg Mash

with your home-grown grains and today's egg prices will enable your hens to keep you! But they can't do this if you short change them on feed.

Try GOLD MEDAL for six weeks. You'll be glad you did.

### Haney's Pictures Shown Rotary

Moving pictures of the Tahoka Round-Up, King and Kenedy ranches, San Antonio, and other events and places were shown by Lum Haney, amateur photographer and druggist, at Thursday's Rotary luncheon at the Legion home.

Supt. W. T. Hanes was called on to outline plans for the football field dedication next Thursday night, following which President Raymond Weathers appointed a committee composed of L. C. Haney, Wynne Collier and W. E. Smith to assist in staging the barbecue at the celebration.

Many visitors were present at the meeting, including Judge Clark M. Mullican and Senator G. H. Nelson of Lubbock, Judge Louis B. Reed of Lamesa, and five members of the Lamesa Rotary Club. A. C. Weaver and Cody Bragg were also visitors.

W. O. Reeves, Jr. and Miss June Green, both of Lamesa, were married by Rev. Ben Hardy at his home Thursday afternoon.

Billy Harris student at Tech, visited his aunt and uncle, Mr. and Mrs. W. M. Harris, last weekend.

### War Seems To Be Averted

Radio reports from London, England, Thursday afternoon brought the news that the four-power conference held in Munich, Germany, on that day had reached an agreement concerning the Hitler-Czechoslovakian dispute which was about to plunge all Europe into war.

The agreement provides that the Sudeten area in Czechoslovakia is to be ceded to Germany but that the Germans are to take possession gradually, beginning October 1 and ending October 10. The area is to be divided into four zones, the Germans taking possession of one zone at a time. Czechoslovakian property rights and boundaries are to be protected by the powers, it is understood.

Up till Tuesday night, a general European War seemed inevitable unless Hitler squarely backed down, which did not seem probable. At this juncture, President Roosevelt sent a second note to Hitler, appealing to him to postpone war, resume negotiations, and call a conference of the heads of the nations concerned to try to reach a peaceful settlement. Just how much this appeal directly influenced Hitler may never be known. But in the meantime President Roosevelt had also written Premier Mussolini an appeal to use his influence for peace. Mussolini responded, and had two long telephone conversations with Hitler Tuesday morning, soon after Hitler had received Roosevelt's second note.

To the surprise of many, he immediately issued a call for a four-power conference, consisting of Germany, Italy, Great Britain, and France. Mussolini represented Italy, Neville Chamberlain represented Great Britain, and Premier Eduard Daladier represented France.

Thus a bloody and horrifying war appears to have been averted.

Rev. and Mrs. Geo. A. Dale have become grand-parents again. They have been spending a large part of this week in Lubbock getting acquainted with a new grand-daughter, little Suzanne Dale, daughter last Friday.

Mrs. S. E. Collins of Fort Worth is here visiting in the home of her son Roy Green. She hopes to be able to stay until Mrs. Green, who has been ill for the past two months, is able to be up and around.

Harley Henderson returned Saturday from McAllen and Corpus Christi, where he has been buying cotton this summer.

Miss Lillah Murrain, who has been seriously sick several weeks, is now apparently decidedly improved.

Pay up your subscription to The Lynn County News now!

Several news stories have been left out of this week's issue of The News due to lack of time in which to set them. We will use those that are still timely in the paper next week.

### Football Schedule For Rest Of Season

Tahoka's football schedule for the season follows:

- Oct. 6—Post at Tahoka (night).
- Oct. 14—Slaton at Slaton (night).
- Oct. 28—Brownfield at Brownfield (night).
- Nov. 4—Lubbock Cowhands at Tahoka (night).
- Nov. 11—O'Donnell at Tahoka.
- Nov. 18—Open.
- Nov. 24—Crosbyton at Tahoka.

### ADVANCES ARE MADE IN DENTAL HYGIENE

Austin, Texas, Sept. 29.—In spite of the great advances that have been made in dental instruments, local anaesthesia and operative methods, there yet are many persons who entertain an unjustified fear of the dental chair. Unfortunately, this attitude influences thousands to postpone the visit to the dentist until there is actual pain or until an accident to tooth structure occurs. Such a fear complex not only is foolish but often produces real suffering, the possible loss of one or more teeth, an unnecessary expenditure of money and even serious illness, "states Dr. Geo. W. Cox, State Health Officer.

"It is true that some discomfort is connected with dental corrections, though it is more likely to be fear of pain rather than the pain itself. However, in view of the actual damage that can result because of delay, temporary inconvenience deserves no consideration whatsoever in a wise and economical dental program.

"Common sense suggests that early discovered conditions are more readily and painlessly corrected than those that are permitted to become aggravated and for which a cure is sought as a last resort. The time to ferret out dental trouble, therefore, is before one is even aware that trouble exists.

"For that reason, it is excellent practice to adopt a regular six-months' schedule as the minimum number of visits that should be made to the family dentist. Naturally, if in the meantime the necessity of dental attention arises, it is wise to make an immediate appointment. Postponing a consultation on the fear theory increases the probability of real discomfort, not to mention serious complications.

"In short, what one should fear is not the slight discomfort of the dentist's office when the visits are placed on a routine basis, but the fear of pain, illness and unnecessary loss of money and time because of a fear-postponing attitude."

W. J. Burckhardt, who was in town Monday, says that cotton picking had already become rather general in the Grassland community and that cotton is making a better yield than was expected before picking began. Grassland is one of the richest cotton producing sections of Lynn county, three gins being operated at this point.

Mr. and Mrs. Monroe Ayres and two children of Lubbock spent Sunday here with Mrs. Ayres' mother and step-father, Mr. and Mrs. Charley Latham.

Mr. W. C. Mathis and little son of Levelland are here visiting her parents Mr. and Mrs. G. R. Milliken and other relatives this week.

Misses Beryl and Edyth Robertson, Tech students, spent the week end with their parents, Mr. and Mrs. W. O. Robertson.

Miss Mary Margaret Tunnell, Tech student, spent the weekend with her mother, Mrs. Lenore M. Tunnell.

### FURTHER INFORMATION CONCERNING NO. 380

In a letter from Secretary J. E. Shelton of the local Chamber of Commerce to the Tatum (N. M.) Courier, we gleaned a little more information about the construction of 380 that was news to us. Maybe we are just dumb. One part of the letter revealed the fact that WPA had approved a project between Post and the Lynn-Garza line, which will include regrading, culverts and caliche base. Later this will no doubt receive a black top. Some 120 men are to be employed on it.

Contract is expected to be let for the section of road from the Terry-Yoakum county line to Plains some time in October. This being a Federal job, we understand the roadbed will be 34 feet instead of 22 feet, as per most state roads in this section. It is believed that grading and drainage will start between Plains and Bronco before the first of the year, as only two property owners are now holding up the deal and an attempt is being made to compromise with them. Should this fail, condemnation proceedings will be instituted.

The section of 380 between here and the Yoakum county line was finished Monday, and turned over to traffic. So, another 12 miles section

of this highway has been linked in with an all weather-topping. With other work going on in other sections, for instance between Post and Clairmont, it is believed that an all weather road from Dallas, Fort Worth and points east, will be ready for tourists perhaps by the summer of 1939. It is claimed this will be by far the nearest route to the Pacific coast from those large Texas cities.

By the way, we have a new resident Highway engineer, Mr. T. H. Anderson, who comes to us from East Texas, and is highly recommended. Mr. R. T. Roan, who has been with us several years, and was considered a fine road builder, goes to Floydada.—Terry County Herald.

Bill Gibson, Tahoka cowboy, was a winner of day money in steer riding at the Tri-State Fair rodeo at Amarillo last week. Beutler Bros., who directed the Tahoka rodeo, were in charge of the Amarillo rodeo.

Mr. and Mrs. Edgar Edwards of Shallowater are preparing to move back to Tahoka the latter part of this week. Edgar was reared here and many friends will welcome him and Mrs. Edwards back. He will be employed at a local gin.

Mrs. "Shorty" Dungan has been seriously ill the past several days.

### Explode Theories About Rattlesnakes

One is always hearing tales of enormous rattlesnakes. A few weeks ago someone told The News he had killed a rattlesnake six and one-half feet long, but phoned back an hour or two later to inform us he had measured the snake with a tape line and found the reptile to be only five feet and one inch long. Snakes are usually similar to rainfall, in one respect—slightly exaggerated.

Last week's Post Dispatch carried some interesting pictures of Garza county rattlesnakes, one of which was six feet and one inch long. J. E. Adams of the Postex Mills, who makes a hobby of catching live rattlesnakes, has caught between four and five hundred, and the largest he ever caught was eight feet and two inches long—some record. Down at Roscoe the other day, Bryan Haney, brother of Lum Haney of Tahoka, who visits here occasionally, killed a rattlesnake which measured 56 inches and weighed seven and one-half pounds. And rattlesnakes that long are as scarce, comparatively as six feet four inch men.

In commenting on the snake, The Roscoe Times says: There are many popular misconceptions concerning the reptiles. One is that a snake is one year old for each rattle it has. On the contrary, a snake with four rattles may be only year old, or one with nine would be about three or four years at the most. A snake's skin does not grow with the rest of the body, and when a young snake gets too big for his skin he sheds it and acquires another. Each time he sheds, a part of the skin the tail does not come off, but dries and hardens to become a rattle. A young snake may shed three or four times a year. The number of times will become less as he grows older, and an old snake will shed only once a year.

The newest rattle is always the one closest the body, and not the one on the extreme tip, as many think.

Mrs. W. J. Burckhardt and Mr. and Mrs. Grady Burckhardt and daughter, June, 10, left for Abilene Sunday, where it was expected that June would undergo an operation for mastoid in the Baptist Hospital Monday. It is hoped that the operation will prove to be entirely successful and that little Miss June will speedily recover.

Miss Juanita Haynes of Miami, Senior in Texas Tech, was a visitor in Tahoka Wednesday. She is a daughter of R. B. Haynes, editor of the Miami Chief and former editor of The Lynn County News immediately preceding the present editor.

### Chas. Goodnight Monument Erected

(Clarendon News) Final inspection by the Goodnight Memorial Committee, consisting of W. H. Patrick, chairman, Vance Johnson and Cleo Hubbard of the monument at the grave of Col. Charles Goodnight, which for 10 years stood unmarked, was made last Thursday afternoon, September 15.

A granite plaque on the headstone bears the following inscription: "Charles and Mary Ann (Dyer) Goodnight . . . Together they conquered the new land and performed a duty to man and to God . . . He was a trail blazer and Indian scout. She was a quiet, home-loving woman. Together they built a home in the Palo Duro Canyon in 1876. They developed the cattle industry, they fathered higher education and civic enterprises . . . To them the Panhandle pays reverent and grateful tribute."

The work was done by the Goodnight Memorial Fund committee and a large number of Panhandle citizens who contributed more than \$650.00 to adequately mark the burial place of the frontiersman. A concrete curb was built around the entire burial lot, in which are the graves of the Goodnights, Mr. and Mrs. Leigh R. Dyer, Granger Miller Dyer, Albert Dyer and an infant son of Mr. and Mrs. Paul Nunn. Final landscaping was completed Thursday morning, just a few hours before members of the committee made their inspection.

### HACKBERRY COMMUNITY CLUB IS ORGANIZED

A group of the members of the Hackberry Community met with the Extension Agents, Miss Lillith Boyd and V. F. Jones, County agent, at the school house, September 23 and organized a community organization. The following officers were elected: President: W. P. Lester. Vice-President: Mrs. Howton Haire. Secretary: Miss Alta Clements. Reporter: Mrs. Buford Jones. The president appointed the following as members of the first program committee: R. W. Sanders, Mrs. S. H. Martin, Mrs. Hubert Taylor, Howton Haire. The organization will meet the second Friday night in each month.

Mr. and Mrs. Sam Price attended the funeral of George Porter, a nephew of Mr. Price, conducted in Lamesa last Friday. Mr. Porter, 25 died in a Lubbeck hospital from a ruptured appendix, the rupture having occurred several days prior to his death.

### COTTON WAREHOUSE BEING BUILT AT GRASSLAND

A large cotton warehouse, with capacity for storing approximately 4,000 bales, is being built this week at Grassland by Thomas Brothers Gin Company, according to information received here. The ware-

house with Claude Thomas, government licensed classer in charge, will be completed in about three weeks and will house this season's loan cotton.

Construction work was begun Wednesday morning Higginbotham-Bartlett Co. employees informed

the Dispatch.— Post Dispatch.

Mrs. Scott Davis, who has been sick a long time, is decidedly improved, according to information reaching the News office. The condition of Mr. Davis, who is also sick, remains about the same.

Mrs. Ruby Wood and little daughter Eva Jane and the former's sister, Miss Mildred Davis, left Monday for their home at South Gate, California, after a ten days visit here with their mother and grandmother, Mrs. E. S. Davis, and other relatives.

HOUSEHOLD QUESTIONS

Save on Pressing.—Clothes, properly hung and brushed often, require less frequent pressing.

Keeping Cut Flowers.—Cut garden flowers will keep fresh and wiltless longer if they are submerged up to the flower heads for four or five hours before they are arranged.

Before Storing Garden Tools.—When putting away garden tools for the winter clean them off, rub with kerosene or grease and store in a dry place.

Check Your Iron.—Too hot irons may weaken cotton sheets, even though the scorch is not deep enough to be seen.

Don't Aggravate Gas Bloating If your GAS BLOATING is caused by occupation don't expect to get the relief you seek by just doctoring your stomach. What you need is the DOUBLE ACTION of Adierka. This 35-year-old remedy is BOTH cathartic and carminative. Cathartic that warms and soothes the stomach and expels GAS. Carminative that sets quickly and gently, clearing the bowels of wastes that may have caused GAS BLOATING, headaches, indigestion, sour stomach and nerve pressure for months. Adierka does not grip—is not habit forming. Adierka acts on the stomach and BOTH bowels. It relieves STOMACH GAS almost at once, and often removes bowel wastes in less than two hours. Adierka has been recommended by many doctors for 35 years. Get the genuine Adierka today. Sold at all drug stores.

Unattained Success is counted sweetest by those who ne'er succeed.—Emil Dickinson.

How Women in Their 40's Can Attract Men Here's good advice for a woman during her change (usually from 38 to 42), who feels she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells. Get more fresh air, 8 hrs. sleep and if you need a good general system tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vitality to enjoy life and avoid causing jittery nerves and disturbing symptoms that often accompany change of life. WELL WORTH TRYING!

Find by Seeking Nothing is so difficult but that it can be found out by seeking.—Terence.
