DONEGHEY-SNOWDEN

Harold Snowden and Miss Helen Doneghey drove from Tahoka to Carlsbad, New Mexico, last Saturday afternoon, where they procured a marriage license and were married just before 10 o'clock Saturday night. They were accompanied to Carlsbad by Harris Frazier and Jimmy Hogge, who witnessed the marriage ceremony.

The bride is the daughter of Mr. Virgil Donaghey, who operates the West Texas Gas Compressor Station a mile west of Tahoka. They have been here only since January. She is a graduate of an Oklahoma academy and is an accomplished and cultured young lady.

The groom is the son of H. M. Snowden and has resided here since he was merely a small boy. He is a graduate of the Tahoka High School of the Class of 1936-1937. Honest and industrious, he is one of Tahoka's finest young men.

The many friends of this popular young couple sincerely wish them much happiness and success in life.

BAPTIST W. M. S. MEET

Carrying out the Hallowe'en spirit in room decorations and in refreshments the W. M. S. of the Baptist Church held their Fifth Monday Social in the home of Mr. and J. L. Nevill Monday afternoon. Mirth-provoking games that promoted closer fellowship and friendliness among the women of the church made the afternoon pass all too soon. Delicious pumpkin pie, coffee and candy, with an attractive plate favor, was served to each of the following: Mesdames Garland Pennington, W. H. Kinley, W. A. Reddell, E. N. Weathers, J. R. McIntyre, J. L. Reese, C. A. Lawrence of Idalou, J. M. Scott, J. W. Nelson, Pledger-Coleman, J. E. Dye, Liff Taylor, W. O. Robertson, Carl Owens, J. P. Beck, Wiley Fortenberry, H. B. Howell, W. T. Hanes, George A. Dale, J. L. Nevill, J. H. Fells, C. T. Oliver, R. C. Wells, K. R. Durham, T. B. Burrough, E. I. Hill, S. H. Holland, and Misses Jodie Bob and Jennie Reba Nevill, Rae Fern Pennington, Genelle Fortenberry, and Dorothy Holland.

O'DONNELL EASTERN STAR IS REPRESENTED AT STATE MEET

Members of the O'Donnell Chapter of the Order of the Eastern Star report that their chapter was represented at the Grand Chapter in Houston last week by more members possibly than any other chapter its size in Texas situated that far away from Houston. The following eleven women of the O'Donnell Chapter were in attendance: Mrs. Roy Gibson, Worthy Matron, Mrs. Rudolph Middleton, Secretary, and Mmes. Waldo McLaurin, Bill Orsin, Mary Brocker, D. J. Bolch, Erie Proctor, Litta Schooler, John Berry, D. M. Estes, and Glenn Allen. Mrs. Allen was the Grand Representative of Ontario.

MARRIED

Leo Kennedy, who works at a Cafe here, and Miss R. V. Pate, who is employed at the Black Cat Cafe, were united in marriage Saturday night, Rev. George A. Dale officiating.

The bride is the daughter of Mr. and Mrs. Ocie Pate and has resided here a number of years. The young couple have the best wishes of many friends.

Mrs. Rollin McCord underwent a minor operation at a Lameso Hospital Oct. 25.

Why don't you try Alka-Seltzer for the relief of— HANGOVER

Stomach Gas, Headache, Acid Stomach, Colds, Neuralgia, Fatigue, Muscular, Rheumatic and Sciatic Pains?

Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylate, a Sodium Salt of Aspirin) which relieves pain and discomfort, while its vegetable and mineral alkalis help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

At your drug store, at the soda fountain, and in 30c and 60c packages for home use.

BE WISE—ALKALIZE!

PHEBE K WARNER CLUB

The Phebe K. Warner Club met in the home of Mrs. Ben Hardy, Tuesday October 25th, with the following members present: Mmes. J. K. Applewhite, R. W. Fenton, C. L. Hafer, L. C. Haney, Fred Hegl, W. B. Slaton, Truett Smith, G. M. Stewart, H. C. Story and W. O. Henderson.

The study for the day was "Three Small Kingdoms" Sweden, Holland and Belgium.

The hostess served a lovely Hallowe'en plate.

The next meeting will be in the home of Mrs. G. M. Stewart, November 8, 1938.

MISS WELLS ACCOMPANIST

Marjorie Wells, John Tarleton Student from Tahoka, played the piano for the trios which took first and second place in a contest held there Thursday night. The prize for first place was five dollars, and although there were no additional prizes, the membership in the winning trio made her very popular on the Tarleton campus, where musical talent is held in high regard.

While in Houston last week attending the Grand Chapter of the Eastern Star, Mrs. John Berry of Draw took time out to visit Rev. and Mrs. C. F. Carmack. She says that they are operating a big rooming house of 35 rooms and seem very happy in the business. They were residents of Tahoka several years and Rev. Carmack has served many Methodist churches as pastor in this part of the state.

Kenneth Tankersley, 12, son of Mr. and Mrs. Roy Tankersley, has been suffering intensely the past few days from an infection of a wound on the leg, but is now improving. He has been under the care of a physician. He sustained an abrasion of the skin near the knee while playing football several days ago, and the wound later became infected.

ELDER DRENNON'S NOTES

As it is thundering this morning, I am reminded that we have not had a big rain in this county since I came home from my summer meetings. What fine weather for gathering our crops! How many have appreciated this? God is sure good to us.

When we think of Armistice day we are reminded of war and it's dire results. Yet it seems the world will never learn the lesson. We will war so long as nations prepare for it. If we could only learn to take Jesus' teachings on "Loving our enemies and doing good to those who despitefully use us", how it would help!

As to the notice the editor gave me last week on criticism; he has me down all wrong. I have no objection to him using Jesus' method of criticizing the Pharisees, but I do or him using the Pharisees' method of criticizing Jesus. In his editorial he uses the very kind I found fault with. When he said "O'Daniel is my pet hero", he slurred me and brother O'Daniel too.

That is the kind of destructive criticism I am against, Brother Hill. What are you going to say about brother O'Daniel doing away with the inaugural ball? As a Christian, it seems like you would commend him for it. Yet the most of the comments I hear are to the effect that it is just another publicity stunt of some slurring remarks about like that. It seems like most of the editors cannot give him credit with being honest and sincere; that is, if I have read their editorials right and understand them.

Brother Hill, use Jesus' method all you want to, but stay off the Pharisees' method.

Our church is growing; our

audiences have increased until it looks like we will have the house full at the morning service. I am going to preach a special sermon next Lord's day morning on "Six Great Questions and their Answers", and am inviting my Tahoka friends to come down and hear it, and that includes you editor.

I want to say a few words about the life of the late Sister Lollie Murrah. What a blessing it would be if more people were trying to follow Jesus as close as I think she did. I believe she possessed as much unselfishness, patience, and faithfulness as any one of my acquaintance. The highest title I know to give her is "She was a good woman".

We will be with our football team up your way November 11, so you Bulldogs look out for here we come, to beat you, if we can.

Yours for more people who are clean within as well as without and who use the Golden Rule to measure their lives by.—R. P. Drennon.

Mr. and Mrs. Sam Ellis of Christoval, who spent a few days here and at Three Lakes visiting relatives, returned to their home Monday.

Born Sunday morning at 7:15, a 7 pound daughter to Mr. and Mrs. George S. Akin. The little lady will be called Betty Grace.

Miss Ethel Goad, daughter of Judge and Mrs. P. W. Goad, who underwent an operation for appendicitis in a Lubbock sanitarium on Thursday of last week, is said to be improving most satisfactorily and will probably be brought back home in the next day or two.

Car Accident Proves Fatal

Seagraves, Oct. 31—Found crushed under wreckage of his automobile, which had overturned several times near here, Harvey Cottrell, 32, Seagraves plumbing helper, was injured fatally this morning.

He died at 12:27 o'clock this afternoon in a Brownfield hospital, 10 minutes after he had been received there for surgical attention.

Joe Webb, who took Cottrell to Brownfield, said the mishap must have been at 10 o'clock. The car was found four miles west of Seagraves on the Wasson area oil road. Ed Nash was driving the machine when it supposedly went out of control and began catapulting, said Seagraves friends of the two men.

Nash suffered only slight injuries. Funeral rites for Cottrell will be read at 3 o'clock Tuesday afternoon at a church in Brownfield, and burial will be there.

The widow and a 2-year-old child survive, as well as the parents. Mr. and Mrs. J. D. Cottrell, and a sister, all of Seagraves; and a brother Harman Cottrell of Brownfield.

Edith

A play will be presented at the Edith school on Monday night, November 7. Every one is invited. There will be no admission charge. Title of play "This Night Beware."

Several between-act numbers will be presented. One a magical act by B. T. Smith and it may be possible to have with us, Bailey Crump, a well known guitar and singing artist.

The usual Sunday night singing will not be held Sunday the 6th.—Smitty.

J. H. King, who lives out in the Dixie community, suffered a serious injury to his hand Thursday of last week, the flesh on the back of the hand and wrist being badly lacerated. Mr. King was in a car moving a pair of cotton scales and rack from one field to another when the scales slipped and caught his hand between them and the car door. The services of a physician were required to dress the injury.

Water Hornaday, staff writer on the Dallas News, whose father owns a farm in the southwestern portion of Lynn county, was a visitor in Tahoka Monday. While here he was a guest of Carl Griffing.

Strip Crops Check Erosion

Strips of close-growing crops such as Sudan grass or other sorghums alternated with strips of clean-tilled crops such as cotton, corn and beans, afford protection from both wind and water erosion. Soil Conservation Service technicians report. On this farm in one of the demonstration project areas Sudan grass, which resists erosion, is alternated with cotton, which does not resist erosion.

NEW SOLICITOR FOR POSTOFFICE DEPT.

Postmaster General James A. Farley last night announced the appointment of Vincent M. Miles of Fort Smith, Arkansas, as Solicitor for the Post Office Department, effective immediately.

Mr. Miles, former original member of the Social Security Board, took the oath of office for his new position late yesterday afternoon with Postmaster General Farley administering the oath.

The new Post Office Department Solicitor, prior to his appointment by President Roosevelt to the Social Security Board upon its establishment in 1935, had served as Regional Advisor for the Public Works Administration for the states of Arkansas, Oklahoma, Missouri, Colorado and Kansas. More recently, Mr. Miles served as Special Assistant to the Attorney General.

Mr. Miles, a lawyer by profession since 1906, formerly was engaged in the practice of law in Fort Smith and Little Rock, and from 1912 to 1916 he served as Democratic National Committeeman from Arkansas, a post he later held from 1920 to 1932.

A world war veteran, Mr. Miles served overseas in the command of a machine gun company, and was a staff officer of the Fourth Army Corps.

Mr. Miles is a native of Marion, Virginia, where he was born on October 16, 1885. The new Solicitor is married to the former Evelyn Trezevant Williams of Charleston, South Carolina, and has one son, Vincent M. Miles, Jr., who was graduated last June from West Point and is now serving in the U. S. Army Air Corps at Randolph Field in Texas.

Mrs. Mattie Redwine recently traded the Redwine residence formerly known as the J. B. Lowe place, east of the Santa Fe Railway, for property at Pietown, New Mexico, and the new owner of the Redwine property, Mr. Wagner, is moving to Tahoka soon to take charge.

Weather in a Teacup

Here is a practical way of telling whether a day is going to be fine or wet. Drop a lump of sugar into a cup of tea and watch the behavior of the bubbles as they rise to the surface. If they appear as tiny drops hurrying to the side of the cup, there to disappear, then the day will be fine. Should the bubbles grow large and float in the center of the cup for some time, then be sure rain is close at hand. The reason? A writer in Pearson's London Weekly answers: The behavior of the bubbles is due to the pressure of the air. When this is high—in fine weather—the bubbles burst quickly; when low, and rain is near, the bubbles remain intact for an appreciable time.

Distributed "Mourning Rings"

In George Washington's day the curious custom of distributing "mourning rings" among relatives and close friends was common. When a person felt that he had only a short while to live he would order a supply of rings made up, into which could be inserted strands of his hair. A Smithsonian institution collection contains several "mourning rings" of less notable individuals of Revolutionary days. The strands of hair in the Washington ring are gray. Washington in his younger days had sandy hair.

How High is a Tree?

Did you ever want to know how high a tree was without going to the trouble of the top with a yardstick or tape measure? It can be done—all from the ground, says Hoard's Dairyman. Set up a stick straight from the ground and measure the length of the shadow it casts. Now measure the length of the shadow of the tree. Multiply the length of the tree shadow by the height of the stick. Divide this figure by the length of the shadow of the stick and you have the height of the tree.

NEW HOME F. F. A. INITIATES WILSON CHAPTER

The New Home F. F. A. Chapter initiated the Wilson Chapter Tuesday night, November 1. Going through the opening ceremonies we went into the initiation ceremony. After going through the ceremony in the Wilson Chapter's Ag. room we transferred to the Gym, to complete the initiation.

In the Gym we put each boy's shoes at the end of the Gym and lined the boys at the other end and started them to their shoes. The last one to put their shoes on and get to the other end again were run through a belt line. Other pranks were pulled and then a basket ball game was started. New Home defeated Wilson 49 to 9. We were proud of the victory and hope Wilson enjoyed the initiation.—Reporter.

PARENT-TEACHERS CLUB

The Tahoka Parent-Teachers Association met for the second meeting of the year on Thursday evening of last week at 7:45 in the gymnasium of the grade school.

The program for the evening was on "Recreation". The program committee were most fortunate in securing Mrs. George Langford, instructor at the Texas Technological College, for the talk on physical education and its advantages.

Following this lecture, Mrs. Langford introduced her two assistants, Mrs. Sanders and Miss Margaret Baskin, also from the College, and they directed the entire crowd in a happy and pleasurable hour of community recreation and play.

All who were present came away fully realizing the advantages to be had from recreation as a community affair.

Mrs. J. K. Applewhite, local P. T. A. president, presided over the meeting.

A social hour was enjoyed after the games and refreshing punch was served to all by the Refreshments committee with Mrs. Story as chairman.

Some seventy-five parents, teachers, and school board members attended.

Mrs. Julia Haley of Midland and her daughter, Mrs. Myrtle Connor of Fort Worth, were brief visitors here Thursday. Mrs. Haley is an aunt and Mrs. Connor a cousin of Frank and Billy Hill.

CALL MEETING of Tahoka Lodge No. 1041

DEVELOPING MAN POWER

In the current issue of Liberty
Magazine, Bernard McPadden, the
publisher, has an editorial in which
he deprecates our failure to develop
the "man power" of this country.
We quote him as follows:

"The one outstanding fault of
England and this country is their
senseless neglect of the one factor
that is not only necessary to build
and develop a nation, but to protect
it in warlike emergencies.
"I refer to man power.

"What have we done in this country
and what have they done in
England until the last few years to
build man power—to make men
strong, enduring, energetic. And
any one with an atom of intelligence
knows that the courage necessary
to make a worthwhile soldier must
have a physical background. He
must have a strong body.

"The world-wide depression cost
us much of our property, but we are
still going strong. But the Health
crusade that has been and always
will be my life's work still lan-
guishes.

"And now, with the black clouds
of war hanging over the world, I
realize with great emphasis the out-
standing importance of man power.
Without the recognition of the im-
portance of man power, our democ-
ratic form of government is sure to
disappear.

"England has shamefully neglect-
ed her people in this regard. Our
guilt in this respect is ghastly. It
is evident in every walk of life. The
examination of our young men in
the last World War disclosed phys-

cal defects of our youth that ap-
palled the nation. It was horrible
beyond description.

"And not one single effort has
been made since that time to reme-
dy this shameful neglect, though
it must be admitted that the recent
release to the general public of in-
formation on venereal subjects is a
step in the right direction.

"Unless the officials in this
country begin to recognize the im-
portance of man power, the one
outstanding factor necessary to save
this nation from the enemies within
and war from without, as a nation
we are headed for the scrap heap."

It may be that Mr. McPadden has
somewhat exaggerated the serious-
ness of the situation, but obviously
there is much truth in what he has
said.

But we need our "man power"
developed not only in order to make
us strong in time of war but also to
make us strong and healthy in the
pursuit of our regular vocations in
time of peace.

The public schools and the col-
leges are the best agencies through
which this development may be
carried on.

We are wondering if the time will
not come at no distant day when
the physical development and the
health of every student in the public
schools and the colleges of this
country will be supervised and safe-
guarded by the state or the national
government?

Under such supervision, every
child in the public schools would be
given just the right kind and the
right amount of exercise necessary
for his or her proper development,
and all excesses in physical exer-
tion would be guarded against.

This might necessitate quite a
modification of our scholastic
athletic activities, but such modifi-
cation would be wholesome and
helpful.

The proper development of the
bodies of our children as well as
their minds and safeguarding them
as far as possible against disease
and bodily injuries that sometimes
handicap them for life should be-
come an important function of our
educational system.

HELP! HELP!

The railroads for some time have
been complaining bitterly about the
alleged decrease in their revenues.
Recently they announced that they
would be compelled to cut wages 15
per cent. Railway employees pro-
tested, and President Roosevelt ap-
pointed a fact-finding board to
make investigation and report to
him their findings respecting the
controversy.

This committee made its report
last Saturday, recommending that
the wages be not cut but suggest-
ing that immediate consideration
be given the rehabilitation of the
railways.

On the same date that the report
of the committee was made, the
daily press of the country carried
stories that a far-reaching rehabili-
tation program was contemplated.
It was suggested that the federal
government might loan the rail-
roads a loan of a billion dollars as
a low rate of interest, to be repaid
out of their earnings.

All of which is perfectly all right
with us. If the railroads are as hard
hit as they claim and need the
money, we guess it is all right for
the Government to loan it to them,
since it has been making loans to
everybody else. Parenthetically, we
do think that some of those \$100,-
000-a-year railway presidents and
other high-salaried big bugs in the
railway service should scale down
their salaries a bit before they go
a-begging Uncle Sam for money.

We remember that a few years
ago President Hoover got lots of
cussing for trying to bring pros-
perity back around the corner by
helping big business, but it now
seems that the new Roosevelt pro-
gram is going to make Hoover look
like a piker when it comes to getting
government money for the kings
and other big shots of finance.

And by the way, if this program
of helping everybody and every-

business continues it will not be
long till the Government owns
everybody and every business ex-
cept the fellows it has borrowed its
billions from, and then maybe we
will have a real socialism, with the
money lenders pulling all the
strings.

The narcotics addict never forms
the habit deliberately. The habit
springs always from an innocent be-
ginning. But once in its clutches,
there is scarcely any means of
escape, and the consequences are
tragic. The end of the addict is al-
ways pitiable. So it is in a large
measure with the liquor addict. No
one wants to die a confirmed drunk-
ard. Various influences induce the
youth to take the first drink, then
the second, then others with ever
increasing frequency, and soon in
many cases a habit is formed. It is
possible to control or destroy that
habit but it is hard to do. Any boy
or girl is foolish to tamper with
liquor. Let him but contemplate the
pitiable condition of any slave to
the drink habit, and if he is wise
he will avoid liquor as he would a
deadly poison.

In the old days, many of the
saloons had gambling houses above
them. Others were run in connection
with houses of ill repute. Any
decent woman would have been
disgraced to walk into a saloon, any
saloon, and call for the drinks. But
now they have their bars in hotels
and cafes and drug stores—in the
cities; and the women, many of
them, drink along with the men.
Some of them get dog drunk with-
out bringing the blush of shame to
their cheeks. These are not merely
the profligate women, many of
them are the high society folks.
What will be the consequences.
Well, if we sow to the winds, we can
hope to reap only the whirlwind.
Present social and moral trends
augur no good for America.

"Bank robber who reformed dies
broke", says a headline. He prob-
ably would have died broke much
sooner if he had not reformed.

There may be no harm in smok-
ing, but honestly we hate to see a
good woman smoke. There is some-
thing bizarre about it that does
not comport with the highest
virtues. And we believe that most
high-minded men, in their deepest
hearts, feel the same way about it.
Girls, why not cut out the
cigarettes?

**RANCHMAN GOT \$150,000 IN
CATTLE SALES IN WEEK**

Approximately one hundred and
fifty thousand dollars were paid
over to hanchmen of this area last
week for young steers, cows. One
man here from Amarillo, was buy-
ing all the steers available
to be shipped to feed at Strat-
ford, Texas. Other buyers were ship-
ping to Midwestern states to feed.
During the past ten days more
than 2,500 head of cattle have been
shipped from Seagraves. It was said
that the large buyer was paying a
little over market price for his
steers.—Gaines County News.

Word reached friends and rela-
tives in Tahoka several days ago
that Mrs. M. A. Dorman of Artesia,
New Mexico, had recently died in
this hospital at Carlsbad, that state.
Mr. and Mrs. Dorman and family
lived in this county a number of
years and have many friends here
who deeply deplore her death.

**FLOYD COUNTY FARMERS
RAPIDLY SOWING WHEAT**

Seed for Floyd County's 1933
wheat crop is rapidly being put into
the ground as farmers keep busy
sowing. Continued favorable weath-
er has been an asset both in gather-
ing crops and sowing wheat.
It has been estimated that at least
fifty percent of the wheat crop has

been planted and more than that
percent of cotton has been gathered
up to the present time.—Floyd
County Hesperian.

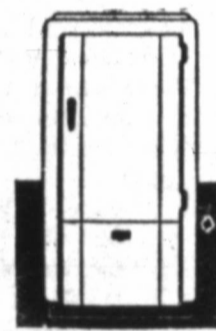

Mrs. Ott Patterson is seriously
sick in a hospital in Lubbock, we
are grieved to report. Mrs. Patter-
son's condition has been such that
no visitors are allowed, we are told.

**Only WESTINGHOUSE
HAS THE SENSATIONAL
MEAT-KEEPER**

Meat spoilage knows no season—
and only the Westinghouse Refrig-
erator has a Meat-Keeper that will
keep meats fresher and longer.

The Westinghouse is "Kitchen-
Proved" to save you money in
many ways. Any employee will be
glad to tell you more about West-
inghouse savings.

THE GROWL

EDITED BY THE STUDENTS OF TAHOKA HIGH SCHOOL

EDITORIAL STAFF
 Editor-in-Chief — Wayne Coffee
 Sports Editor — Frank McGlaun
 Business Manager — Rudelle Prater
 Circulation Mgr. — D. F. Reddell
 Society — Laura Jane Milliken
 Senior Reporter — Odean Millman
 Junior Reporter — J. W. Weathers
 Sophomore — Nieto LaNell Stephens
 Freshman — Wanda Lee Tinsley
 7th Grade — LaVoye Richardson
 Typists: June Fender, Louise Park, and Dick Bosworth.

PLANNING "SKYLINE"
 The work on this year's Skyline has commenced. The following staff has been appointed: June Fender Co-editor; Dick Bosworth, Co-editor; Wayne Coffee, Business Manager; J. G. Alams Co-business Manager; Odean Millman, Art editor; R. L. Bosworth, Photography editor. This year's annual, according to plans, will have a minimum of 64 pages with a picture of every person in high school, the football team, and all activities. A special feature of the year book, if plans materialize, will be pictured advertising which has not been used in previous Skylines.

A photograph has already been made of each student, the faculty, and all groups, and the preparatory year book material has arrived. With such an early start the staff expects to have the annuals ready much earlier than last year. Plan now to buy a Skyline.

TAHOKA BULLDOGS DEFEATED BY BROWNFIELD
 The Tahoka Bulldogs fell before the Brownfield Cubs. The final score was 39 to 0 in favor of the lucky Cubs.

The Bulldogs began the game fighting and ended it the same way. The Cubs boasted a heavier eleven who had had more experience than the Bulldogs. Although the game ended in defeat for the Bulldogs, they lived up to their name for they fought until the final whistle blew.

The Tahoka eleven suffered several setbacks when J. H. Dyer had to leave the game when his left arm was knocked out of place. Travis Shelton was knocked unconscious while attempting to take a husky cub ball carrier.

Max Minor suffered several minor injuries on the legs and knees due

NOTICE OF EXECUTION SALE
 The State of Texas, County of Lynn.

By virtue of an execution issued out of the justice court of Precinct No. 1, Place No. 2 in Lubbock county, on a judgment rendered in said court on the 18th day of June A. D. 1929, in cause No. 701, wherein G. E. Lockhart, was plaintiff, and A. C. Samford, was defendant, I did on the 18 day of October, A. D. 1938, at ten o'clock A. M. levy upon the following described land and premises, situated in the County of Lynn and the State of Texas, levied on as the property of the defendant A. C. Samford, to wit: the North 79 acres of the SE 1/4 of Section No. 484, Block No. 1, Cert. No. 463, to satisfy a judgment amounting to the sum of \$177.52, with interest thereon from the date of said judgment at the rate of ten per cent per annum, and cost of suit, and on the 6 day of December A. D. 1938, being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said A. C. Samford in and to the above described tract of land.

Dated at Tahoka, Texas, this 18 day of October, A. D. 1938.
 B. L. Parker, Sheriff Lynn County, Texas. 10-30.

Less trying days!
 MONTH in, month out, many women and girls obtain two-way benefit from Cardui. It aids in building up the whole system by helping women to get more energy from their food—and so increases resistance to the strain of functional periodic pain. Try it!

CARDUI

to flying feet when he tackled the Cub ball carriers.

The boys are in excellent shape for the next game with the Cowhands. It promises to be a good game.

SCANDALS
 Is F. T. losing her nerve or does she just want the protection of some big boy like J. H. D. on Hallowe'en.

Felix were you just driving around with J. K. S. on Hallowe'en night?

We wish to inform Mr. Hanes and Mr. Armstrong that tires just naturally go flat on Hallowe'en and that they shouldn't cause the little boys that just happened to be there such as D. D. and J. W. trouble.

What is this school coming to—the parents are coming to school so much lately.

HIGH SCHOOL HONOR ROLL
 Names of High School pupils making a grade of 90 or above in all subjects.

Seniors—June Fender, Juniors—Hoy West, Sophomores—Lenore Anglin, Ida Christine Botkin, Greta Applewhite, Eleanor Dudgeon, Seventh Grade—Peggy Fenton, Joan Edwards.

SENIOR NEWS

The Seniors did something last Thursday they never had done before. They kept their mouths shut. Several days before the class planned the Silent Day when no member of the class was to utter a word

no matter who spoke to him. If he talked he had to perform in the next Senior assembly program. The rest of the student body did not know what to think when some of their senior friends would not speak to them. They finally caught the drift, however, and not a single senior managed to go through the whole day without talking.

Another thing that made silence difficult was the fact that individual pictures had been made the day before for the annual and of course every one was dissatisfied with his picture. Why nobody would show a picture like that to his grandchildren and admit he looked like that when he was a Senior. It is fortunate though in a way, that those pictures were made. Our girls realize they are still quite a distance from Hollywood and our boys are being sensible and admit that they are not such handsome Romeos after all.

SOPHOMORE NEWS

We Sophs posed last Thursday for a picture which will be in the Skyline of '38 and '39. The two sections of Sophomore English also wish to thank Mr. English for making a special price on the show of "David Copperfield".

SORE THROAT—TONSILLITIS

For prompt relief — mop your throat or tonsils with Anesthesia-Mop, our guaranteed sore-throat remedy. If not entirely relieved within 24 hours your money will be cheerfully refunded.

GARZA COUNTY GAME MANAGEMENT PROGRAM
 County Agent, Homer E. Thomason, is more than pleased with the progress being made by the Garza County Game Management Association. To date there are 56 Game Preserve Demonstration members joined together under this association, all actively cooperating with the Extension Service, with set purpose of increasing and protecting the wild game in Garza county.

These 56 members have control of a total of 299,690 acres under Game Preserve Management. Over 75 game preserve markers have been sold and applications for 125 additional markers have been placed. The club boys of the Graham community are preparing the new markers, at a price of 35c each, and as soon as they are completed applicants will be notified.—Post Dispatch.

Mrs. Chester Connolly, who has been sick of a stomach ailment the past few weeks, is now reported to be much improved.

Ghumpy? Not now!
 ... thanks to Black-Draught. Often that droopy, tired feeling is caused by constipation, an everyday thief of energy. Don't put up with it. Try the fine old vegetable medicine that simply makes the lazy colon go back to work and brings prompt relief. Just ask for **BLACK-DRAUGHT**... "An old friend of the family."

CARD OF THANKS
 No words can express our heartfelt appreciation but we take this means to say "Thank you" to those who were so attentive and kind during our sad hours. May God bless each one of you and give you friends such as ours is our prayer.

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

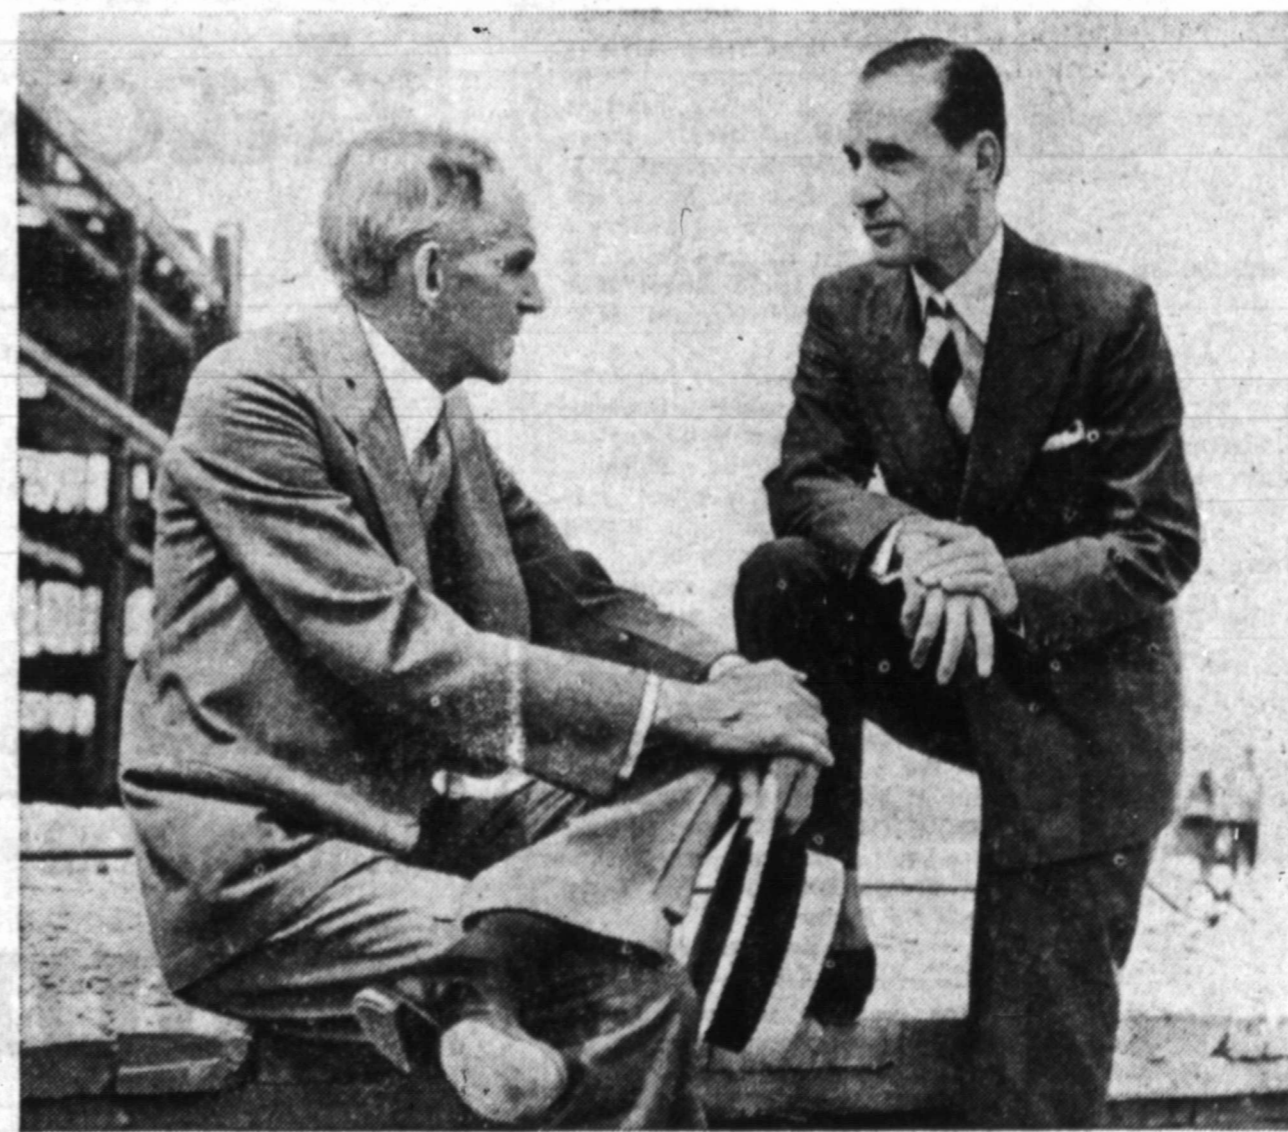

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements... a new tool and die plant that will help us cut the cost of dies... and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs. We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase; hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

FORD MOTOR COMPANY, Dearborn, Michigan

Dan Hays Was Buried Saturday

Dan Hays of Wells, an account of whose death we published last week, was a pioneer West Texan, though he was a native of Arkansas.

Born at Oakalona in Stark county, Arkansas, on July 5, 1866, he grew to manhood in that state. Coming to Matador, Motley county, Texas, in 1892, he first found employment on a big ranch in that county for almost two years. That was in the wild and woolly days of West Texas, but Dan Hays was not a wild and woolly man. He was a handy, courteous gentleman who made friends of all he met.

In 1893 he was married to Miss Martha Edna Luna at Bowie in Montague county. He resided in that part of the state until February, 1920, when he and family removed to the Wells community in this county, where he resided until the day of his death.

He died suddenly just after midnight Wednesday night of heart failure. Mrs. Hays was at Donna in the Rio Grande Valley with a daughter at the time, but she and all the children except one were here for the funeral Saturday, which was conducted in the Baptist Church here by Rev. George Dale, the pastor. One daughter, Mrs. A. F. Cause, was not able to come on account of sickness in the family.

Burial was in the Tahoka cemetery under the direction of the Harris Funeral Home.

Besides the widow, seven children survive as follows: Mrs. A. F. Cause of Donna, John Hays of Three Lakes near Tahoka, Mrs. C. E. Waldrep of Donna, Mrs. W. A. Ledbetter of the Wells community where Mr. Hays resided, W. H. Hays of Wells, Noel Hays of Donna, and Mrs. A. L. McMillan of Three Lakes.

Mr. Hays never affiliated himself with any church but he professed faith in Christ something like fourteen years ago. One present at the time said that it was one of the brightest conversions he ever saw. As a husband and father, neighbor, friend, and citizen, he was among the best of men. Peace to his ashes.

Mrs. Clade Sparks of Three Lakes has been in a Lubbock sanitarium the past several days suffering from pneumonia. Her condition has been serious but it is believed she will recover. She is a daughter of Mr. and Mrs. Tom Ellis.

J. L. Cunningham, well known citizen of the Wells community was able to be in town last Friday and Saturday, after being confined to his home several months by illness. Mr. Cunningham's many friends rejoice to see him out again.

New Mercury 8 Town-Sedan

THIS Mercury 8 town-sedan is one of the four body types of the newest car in motordom. It is a big car, with 116-inch wheelbase and measuring more than 16 feet from bumper to bumper. Its V-8 engine develops 95 horsepower. Brakes are hydraulic enabling the driver to slow down or stop quickly with light pedal pressure. The town-sedan is the "flagship of the Mercury fleet." Both seats hold three passengers comfortably. Interior appointments are luxurious. There is an exceptionally large luggage compartment. White sidewall tires are extra.

WRITE A LETTER

It's only a few steps to the nearest mail box—write a letter! Take a little chunk out of your heart and spread it over some paper, it goes, oh, such a long way!

Write a letter to your mother or father, to your sister brother, sweetheart, loved ones. Are they dear to you? Prove it with a letter! Write a letter and give them the same thrill you had when you last received that same kind of a letter. Think of the joy of opening the mail box and drawing out a warm envelope enriched with old familiar hand-writing! A personal letter—it's good to get one. So send one—write a letter!

Write a letter to the aged relative who hasn't many days to live, the friend of your father, the friend of your family, the one surviving link between your own present and past. Don't wait for that dear soul to die till you act. Act now with a message of love to cheer those last few days on earth. Sit down and start writing.

Write a letter to the author whose story gave you that delightful half hour last night. Write a letter to the cartoonist whose serial strip you avidly devoured this morning; to the teacher who inspired you twenty years ago; to the doctor who saved your baby's life; to your old employer to show him there was something more between you than a pay check. Be a human being—write a letter.

There's a man in public life you admire, believe in, rave about. Write him a letter of praise, of encouragement. To be with him in spirit is not enough—show your spirit with a letter. We can't all be pioneers, crusaders, presidents—but we can help those brave men stay on the right track and push through the grand and glorious success if all we ever say is "Atta-boy!" Write an "atta-boy" letter!

Write a letter and—give. Give praise, encouragement, interest, consideration, gratitude. You don't have to give these things; but one real letter is the one you don't have to write!

The sweetest, gentlest, and most useful of all the arts—letter writing. Great, grand characters like Washington, Franklin, Lincoln, and the greatest men of all nations have been regular letter writers. Write a letter! Write it with pen, pencil or typewriter. Use any kind of paper, any kind of spelling or grammar. It doesn't matter how you say it, and it does not even matter what you say; its beauty, it's gold lie in the pure fact that it's a letter! Each mistake is another handclasp; every blot a tear of joy.

Do you see a job? Do you smell an order? Is your mind on business? Write a letter. Then write another letter. No business no individual built on the "write-a-letter" rule ever failed. Because you simply can't fail if you write a letter. Try it, you'll like it. Great joy and many surprises are in store for you. You'll get letters back. You'll get help from unexpected sources. All that you gave in your letters will be returned to you a thousand-fold. For a letter is a 3-cent investment in bountiful good fortune.

Write a letter! Whether you say "Atta-boy!" "Thanks," or "I love you" always remember: A Letter Needs No Excuse!

—James Managan.

The condition of Ovid Luallin, who underwent an operation for appendicitis and gall bladder trouble in a Lubbock hospital on Thursday of last week, is said to be improving. For several days his condition was regarded as rather serious.

Mrs. Harold Doolin of Robstown has just spent a few days here visiting her parents, Mr. and Mrs. E. J. Cooper, and other relatives.

HUNTING GOLD IN GAINES COUNTY

(Seminole Sentinel)
You can imagine the editor's surprise this week when three men from Lubbock came into the office making inquiry about the discovery of gold near Seminole. Here's the

story they told: They had read in the Denver Mining Journal (or Review) that oil well drillers drilling well on a draw near Seminole had discovered gold. The discovery was in shallow sand and it was the opinion of the writer of the article that it was the same strata of sand

that was producing gold in the Eunice-Monument and Lovington, New Mexico areas. Now don't get us wrong; we are just giving you the story as it was told to us. The persistent rumor is that gold has been found just across the line in New Mexico. If this is true, who

knows but "there is gold in them there sand hills" in Gaines County.

Mrs. A. F. Pitts suffered an attack of heart trouble a few days ago and has been confined to her bed since.

Lynn County

History

As Revealed by the Files of the Lynn County News of October 31, 1913.

A letter received by A. E. White, superintendent of the Tahoka public schools from State Superintendent W. F. Doughty, advised that the Tahoka high school had been classified as a high school of the first class. He stated that Hon. T. M. Bartley had given him information that had expedited his investigation and decision.

A report of the First National Bank showed individual deposits subject to check amounting to \$106,889.31, while loans and discounts amounting to \$84,750.06.

The Young Men's Business Club was negotiating for the establishment of a creamery here. It was required that 400 cows be signed up by the owners, but the number at that time amounted to only 280. A committee of four was appointed to procure the requisite number of signers.

W. J. Crouch was down at Dallas with Lynn County's Agricultural exhibit in the State Fair and gave a glowing report of the attention his exhibit was attracting.

Ben Moore (now of O'Donnell) was advertising his photograph

business on the South Side of the Square.

C. C. McLaurin and J. B. Miles, both of O'Donnell, were advertising live stock for sale or trade.

WILSON PEOPLE THANK FRIENDS

We deem it a great privilege to be given the use of the columns of this paper to thank the kind people of Wilson, the adjoining communities, and the American Red Cross, who helped restore our loss when the hotel here burned.

Words fail us when we try to express our appreciation for the many kindly things you did for us. We will always hold you people in the highest esteem and will endeavor to return the kindness whenever the opportunity is presented.

A Thought For Every Day

Is anybody happier because you passed his way?
Does any one remember that you spoke to him today?
This day is almost over, and its tolling time is through.
Is there any one to utter a kindly word for you?
Did you give a friendly greeting to the friend who came along?
Or a churlish sort of "Howdy" as you vanished in the throng?
Were you selfish pure and simple as you rushed along your way?
Or is someone mighty grateful for a deed you did today?
Can you say tonight in parting with today that's slippin' fast that you helped a single brother of the many that you passed?
Is a single heart rejoicing over what you did or said?
Does the man whose hopes were fading now with courage look ahead?
Did you waste the day or lose it? Was it well or poorly spent?
Did you leave a trail of kindness, or a scar of discontent?
As you close your eyes in slumber, do you think that God would say "You've earned one more tomorrow by the way you spent today?"

Carbon Monoxide Poison Dangerous

Austin, Texas, Nov. 3.—To minimize the danger of Carbon monoxide poisoning during winter weather, motorists are urged by Dr. Geo. W. Cox State Health Officer, to check up now on the exhaust system of their automobiles for defective connections and leaks.

"This unseasonable weather will give way to winter soon and it will be necessary to drive in closed cars. Carbon monoxide may seep inside from leaky connections and overwhelm occupants of the car," Doctor Cox warned.

He said that "warming up" a car in a closed garage is the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air heater connections are potential sources for release of carbon monoxide and should be checked, Doctor Cox pointed out.

"Pay particular attention to these items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor.

The State Health Officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. Sleepiness, dizziness, fatigue, and in extreme cases, paralysis are other symptoms of carbon monoxide leaking into the car. Truck drivers making long drives are particularly vulnerable, he stated.

Doctor Cox described this gas as being colorless, odorless, and tasteless. When in the air it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse results from lack of oxygen.

DEMOCRATS, ATTENTION!

Your attention is called to the fact that, in 1940, two very important conventions will be held in this State, and one of them may determine who shall be the next President on the United States, for Texas has been the pivotal State on more than one occasion.

The representation of your precinct in the County Convention and the representation of Lynn County in the State Conventions will be based upon the vote cast in the General Election next Tuesday, so, if we have the full representation to which we are entitled, every democratic voter of the county should vote next Tuesday. Let us be patriotic and see that the election is held in all the precincts, and that we have a full democratic vote. We may need it greatly, and if we let next Tuesday go by without voting, there will be no remedy for our negligence in 1940.

"Go to the polls early and vote often".

Sincerely,
C. H. CAIN,
Chairman, Dem. Executive Com.

Born, October 16 to Mr. and Mrs. Herman Renfro of Draw, a son.

After two months stay here looking after the gathering of the crops on his two farms in the Wells community, D. G. Phipps returned this week to his home in the suburbs of San Antonio. Mr. Phipps formerly resided at Wells but now spends most of the time at his San Antonio home. He reports that one of his farms made about a half bale per acre this year while the other made only a quarter. He gathered fine feed crops.

Mr. and Mrs. Homer Harrison visited her parents, Mr. and Mrs. M. E. McCord, near Tokio in Yoakum county last Sunday.

Mr. and Mrs. Charlie Curry and children spent the week end visiting Charlie's parents, Rev. and Mrs. J. F. Curry at Rule, and Mrs. Curry's sister, Miss Bamah Austin at Stamford.

DOES BLADDER IRRITATION WAKE YOU UP? Its not normal. Its nature's warning "Danger Ahead." Your 25c back if this 4-day test does not help nature flush excess acid and other wastes from the kidneys. Excess acids can cause the irritation resulting in getting up nights, frequent or scanty flow, burning, backache or leg pains. Just say Buketa (25c) to any druggist. Locally at Wynne Collier, Druggist

\$25.00 REWARD

Will be paid by the manufacturer for any corn. **GREAT CHRISTOPHER** Corn Remedy cannot remove. Also removes Warts and Callouses. 35c at Wynne Collier Drug. 31-22tr

W. S. Swan Soon Ends Long Official Career

When a representative of the News dropped into the office of Justice of the Peace W. S. Swan Tuesday afternoon, he found the judge at work on his books, but a question or two brought back to him visions of the past.

"Forty-two years ago I was elected sheriff and tax collector of Jones county," Judge Swan mused. "It was on November 8, 1896. Just very few of the residents of Anson at that time are still living."

"How long had you been a resident of the county at that time?" we asked.

"It was in 1884 when I first came to Anson," he replied. "I punched cows four years and was then appointed deputy sheriff and served six years. I knew Larry Chittenden well and was in Anson when they pulled off the first 'Cowboys Christmas Ball.'"

"My boss was defeated for sheriff and tax collector in 1894, and I was out two years. In 1896 I defeated the man that had defeated him and I served for eight years."

Mr. Swan was born in Bell county and grew to manhood there. He came to Jones county in 1884 and twenty-one years later removed to a ranch which he had purchased in the northern part of Lynn county. He has been a resident of this county ever since. For six years of the time he served as special officer for the Texas & Pacific Railway, and for the past three years now he has been dealing out justice on the lower floor of the court house. He will retire on January 1, 1939, ripe in years and in wisdom. May he live many years yet.

TAHOKA SCHOOL BOARD REAFFIRMS STAND

(Cont'd. from page 1)
 A statement issued by the board follows:

"Due to the fact that there has been considerable discussion of discipline problems which arose Monday in the Tahoka schools, we wish to reaffirm our stand as being wholeheartedly behind the school administration in their stand in requiring strict adherence to school rules at all times and endorse every disciplinary measure taken. We are trying to improve our school system physically, morally, and scholastically, to give the school students the best situation possible for work and play, and intend to continue such policy. The board and the administrators are deeply appreciative of the attitude taken by the patrons of the school in the matter, and also are very appreciative of the fact that many patrons of the school have expressed their confidence in and co-operation with the policy. (Signed) Frank P. Hill, J. O. Tinsley, H. A. Maasen, W. L. Burleson, L. E. Turrentine, E. J. Cooper, H. B. McCord, members Board of Trustees."

Brownfield-Slaton Game November 11

Supt. M. L. H. Baze, superintendent of the local schools, invites the people of Tahoka to the conference game between Brownfield and Slaton at Brownfield November 11. His invitation follows:

"To the People of Tahoka: This is a special invitation to your town to attend our football game with the Slaton Tigers on Friday after-

noon, November 11, at 2:30, provided, of course, that you decide to have your game at night. This promises to be the best game of the season for us, and we hope to be able to keep our record of no defeats and no ties. M. L. H. Baze".

The News wishes to thank Mr. Baze for the passes to the game.

The Tahoka-O'Donnell game time next Friday, Armistice Day, will be played at night if warm weather continues but in the afternoon if not. We'll try to have a representa-

tive at Brownfield if Tahoka plays at night.

Mrs. F. E. Redwine and daughters, Miss Jewell and Mrs. Clarence Gaussoin, and son Winston accompanied by Ed Sanders went to Amarillo Sunday and spent the day with Mrs. Redwine's son, Norvell, who is in the state highway patrol service. Norvell's headquarters will be at Pampa hereafter, it is said.
