# Tahoka Closes To Celebrate Holiday

## Rev. G. E. Turrentine Is Methodist Pastor

All the Methodist Churches in Lynn county have new pastors as a result of the action of Bishop Ivan Lee Holt in making pastoral assignments at the close of the Northwest Texas Conference at Memphis Sunday.

Rev. G. E. Turrentine is the new pastor at Tahoka, succeeding Rev. Ben Hardy, who was superannuated. Brother Turrentine comes to Tahoka from Claude and will fill the pulpit here Sunday at both the morning and the evening hours. He is well and favorably known on the South Plains, having been pastor at Brownfield for a period of four years some time ago. From Brownfield he went to Crowell, where he likewise served four years. He has been at Claude the past two years.

Rev. J. H. Crawford succeeds Rev. M. R. Pike at O'Donnell.

Rev. J. T. Howell, who has been pastor of the Wilson and Dixie churches the past two or three years, was moved over to Southland and New Lynn churches this year.

Rev. A. D. Moore comes to Wilson as pastor of the Wilson and Dixie churches.

Rev. S. H. Crockett succeeds Rev. E. B. Thompson of the Draw-Grassland charge.

Rev. M. R. Pike of O'Donnell was sent to Le Fors in Gray county.

Rev. E. B. Thompson of Draw-Grassland was transferred to the Lamesa circuit.

Rev. J. N. Hester of Southland and New Lynn is the new pastor of the Bovina-Oklahoma Lane charge, out near Hereford.

Rev. R. T. Breedlove, a former pastor here, was sent from Brownfield to Levelland. He is succeeded at Brownfield by Rev. J. W. Hendrix.

Rev. C. C. Armstrong, another former Tahoka pastor, was retained at Anson.

Rev. H. C. Smith, who was also a pastor here for four years, was returned to the San Jacinto Church in Amarillo.

Rev. J. W. Shepherd was transferred from Albany to Throckmorton, after four years service at the former place.

Rev. Hamilton Wright, who at one time was pastor at Draw and later

## Nu-Way Cleaners Changes Hands

Sam Price last week sold the Nu-Way Cleaners Shop to Messrs. Walter Bishop and T. D. Mustian of Big Spring, and these gentlemen took charge Friday.

Mr. Mustian has been engaged in the tailoring and cleaning business for eighteen years, having been located at different times in Brownfield, Lamesa, and other West Texas towns. He is familiarly known throughout this section as "Blackie the Tailor". Mr. Bishop has been engaged in other lines of business.

Mr. and Mrs. Bishop have an apartment in the S. N. McDaniel home and Mr. and Mrs. Mustian and little daughter are in the Mrs. W. D. Nevels residence.

Mr. Price has made no announcement of his plans for the future.

## Baby Of Paul Lummer Dies

The two-months old infant of Mr. and Mrs. Paul Lummer of Wilson died Sunday and was buried in the Wilson cemetery Monday afternoon.

Funeral services were conducted in St. Paul's Lutheran Church in Wilson at 2 o'clock.

## Wintry Weather Past Few Days

Wednesday morning registered the lowest temperature of the season, though this has been an unusually cool November. The mercury was driven down to 11 degrees above zero.

On Tuesday morning it stood at 21. A few weeks ago when a two-inch snow fell, a temperature of 22 was registered.

The skies have been clear and the winds have not been unusually high, however, during this entire cold period. Little damage therefore has been done, though many water pipes have been frozen up.

## Grocerymen Are At Convention

E. H. Boullion and Kirk Pitts left early Thursday morning for Baton Rouge, Louisiana, where they expected to attend a convention of proprietors and representatives of Red & White Stores of the Southwest division of the United States. The convention was to be in session the latter half of the week.

E. H. and Kirk expected to attend a banquet at the Rice Hotel in Houston Thursday night, staged by the Magnolia Coffee Company.

It was also on the program for the bunch to visit New Orleans before returning to their respective homes. Mr. Boullion claims that he expects to be back pretty pronto, but it looks to us like he is planning a long vacation.

Mrs. Boullion and Junior didn't go along. Maybe Kirk will be able to keep him in the straight and narrow.

## A. M. Cade Brings Home The Venison

A hunting party consisting of A. M. Cade, Chester Connolly, and Russell Vernon of Tahoka and J. S. Edwards and son of Slaton returned Saturday night from Edwards county where they went on a deer hunt. Aubra Cade is the only member of the party that claims to have gotten any deer meat. He says he killed a nice buck.

## MRS. PENNINGTON'S AUNT IS BURIED

Mr. and Mrs. J. W. Russell and daughter, Mrs. Garland Pennington and family went to Snyder Saturday afternoon, where Mrs. Russell's sister was ill in a hospital. The sister, Mrs. H. F. Hannah, died Saturday afternoon about six o'clock and the funeral rites were held at Post which was Mrs. Hannah's home, Sunday afternoon.

## P. F. Swann, 67, Takes Own Life

Funeral services for P. F. Swann, 67, of Portales, New Mexico, a former resident of Lynn County, were conducted at the Harris Funeral Home here at 4 o'clock Monday afternoon. Rev. J. T. Howell of Wilson officiating. The remains were interred in the Tahoka cemetery beside the grave of his wife who died at Wilson on April 17, 1937.

Death came at 4 o'clock Saturday afternoon at Mr. Swann's home twenty-five miles south of Portales from a gunshot wound inflicted by himself while suffering from a fit of deep despondency. He had been to Portales in company with his son and daughter-in-law, Mr. and Mrs. S. D. Swann, who lived near by. Upon their return they invited him to go on with them to their home to spend the night, but he declined, and a few minutes after entering his own home, the fatal shot was fired. He and a relative, Arnold Hodges, and a hired hand had been residing in the home together for months. Since the death of his wife nineteen months ago, Mr. Swann had often seemed very despondent, and the mental strain finally became so tense that he decided to end it all. Little do we know sometimes how much our neighbors and friends are (Cont'd on back page)

## School Funds Are Received

County Supt. H. P. Caveness reported Tuesday that he had just received \$4,507.45 of the state apportionment money for Lynn county schools, the first installment for the current year.

Approximately \$5,500 more is expected in the next few days.

## Residence Are Under Construction

Carpenters began work Monday on a residence being constructed for A. L. Smith in the new Roberts addition northwest of the high school building.

A residence is just being completed for Mr. and Mrs. Wingfield Gallagher in that same addition, and one was recently constructed for Mr. and Mrs. Fountain Wyatt.

## GATTIS BUILDING NEW HOME

Mr. and Mrs. I. I. Gattis are building a new home in West Tahoka.

A few months ago they purchased the old Redwine place situated on the Brownfield highway in the west part of town. They have torn it down and are erecting the new building on the site. It is to be a six-room structure with bath. It will be neatly finished inside and will be given either a stucco or rock veneer finish outside.

They expect to have it ready for occupancy before Christmas.

Judge and Mrs. F. W. Goad and daughter Ethel have gone down state to spend the holidays. They will visit Judge Goad's mother at Venus and Mrs. Goad's mother at Denison. Then they expect to witness the football game between T. C. U. and S. M. U. in Dallas Saturday afternoon.

Mr. and Mrs. M. F. Aycock of Seminole visited Mr. and Mrs. Roddy over the week end.

## Thieves Visit Ed Hamilton

Edd Hamilton of the Black Cat Cafe was not in a very happy mood Monday. Reason: a thief had entered his room Sunday night and made way with Edd's britches. When Edd awoke Monday morning he was unable to immediately find the missing garment.

But what made the matter really serious was the fact that Edd remembered that he had about \$44.00 of hard-earned cash in the pockets of these trousers when he laid them aside and crawled in bed Sunday night.

So Edd became violently excited. He jumped into another pair and instituted a search. He finally found the pants stuffed away under a house, but the pockets were empty. No, they were not quite empty. The thief had left a couple of keys in one pocket. Edd says he wants that thief to know that he is thankful for the keys.

The money has not been found yet.

The thief had effected an entrance by cutting a hole in the screen wire of the back door, inserting his hand, and releasing the latch.

It is to be hoped that the identity of the culprit can be fixed and justice meted out to him.

## Farmers Should Sign For Subsidy

Applications for payment for the 1938 farm program are now being taken at the county agents office, according to V. F. Jones, County Agent.

Farmers are asked to call at the county office as soon as convenient and sign their applications.

Total payments on the above will amount to approximately \$800,000, Mr. Jones says.

## Applewhite Holds Tractor Auction

In spite of the fact that Wednesday was the coldest day of the season thus far, a nice crowd was here to attend the Applewhite tractor sale. If the weather had been pleasant, a much larger crowd would have been present, no doubt.

A free picture show was given in the forenoon and a lunch was served at the noon hour. The sale began at 1 p. m. or soon thereafter, and while we have no definite report of results, the prospects at time of going to press were that the sale was a success.

## SMALL FIRE SUNDAY

The fire department was called to the rear of Mack's Food Store Sunday noon where a pile of trash against the building had caught fire.

In a few minutes the building would have been on fire, to say nothing of the fact that a Thanksgiving turkey in a coop near by was about to be prematurely roasted.

## MRS. WYATT IS HOME

Mrs. N. M. Wyatt, who recently underwent a major operation in a Lubbock hospital and who was critically ill for about two weeks, was brought home Sunday. She is improving rapidly and is expected to be well again before long.

## Lynn's Subsidy Totals \$381,000

During the last six or seven weeks, the farmers of Lynn county have received subsidy payments on their 1937 crop amounting to \$381,000.

A few payments are to be made yet, according to County Agent V. F. Jones.

## 11,974 Bales of Cotton Ginned

Cotton ginnings continue to pile up in Tahoka at a rapid pace. Up to 10 o'clock Wednesday morning 11,974 bales had been ginned in Tahoka. Fourteen hundred bales have been ginned since we gathered the report last week.

Of course the season is fast drawing to a close, although there are some fields white with cotton yet. Many farmers, however, have finished. As stated last week, the total crop will approximate or surpass 60,000 bales. While that looks small as compared with the crop of last year, yet it is above Lynn county's ten-year average. The acreage this year was about 20 or 25 percent smaller than that of last year and the yield per acre was not as heavy. However many farmers report a half bale per acre or more. The general average for the county, however, would probably be around a third of a bale.

Most of the Mexican cotton pickers have drifted back south, though there are quite a few here yet. Unless bad weather prevents, the crop will all be gathered before Christmas. There will be very little to pick after December 1.

## O'Donnell Car Is Stolen, Wrecked

A thief stole the car of Mr. Sumrall, a gin employee, from the streets of O'Donnell last Saturday night, but in his haste to get away he wrecked the car about a mile and a half this side of O'Donnell.

It seems that for some reason he was unable to stay in the road with the stolen machine. At any rate he crossed the ditch along side the highway and ran several yards out into a field, when it turned over. The car was badly wrecked. It was a V-8 Two Door, 1935-model Ford. Sheriff B. L. Parker says that shoe tracks leading away from the car would indicate that the culprit was not hurt. At least he was apparently still able to make a near-world record as a sprinter.

## Gaignat Sponsors Cooking School

Many of the ladies of Lynn county will doubtless take advantage of the opportunity to attend the cooking school which will be conducted here next week by the Gaignat Hardware Company.

Miss Klepper, a nationally known expert, will teach the latest known of cooking.

Everybody invited to attend at 2 P. M. each day, beginning Monday and continuing through the week.

Mr. and Mrs. E. S. Evans and Mr. and Mrs. W. D. Smith Jr. visited in Carlsbad New Mexico Sunday. Also explored the Cavern again.

Bruce Gerdis of Tulla was a business visitor here Friday.

## No Special Events Planned Here For Today

Teachers Are Off To Convention Others At Football Games, Or Resting At Home

Another Thanksgiving Day is here, and it is being observed here and throughout Lynn county even more generally than usual.

The schools here and throughout the county generally are closed, and practically every place of business in Tahoka is also closed. Our streets are almost deserted, and many people have left town either to visit relatives or to attend a football game or other forms of entertainment.

No football game is being played in Tahoka today. The game originally scheduled to be played here this afternoon between the Tahoka and Crosbyton teams was moved back a day and was played Wednesday afternoon.

About 25 teachers from the Tahoka, O'Donnell, and Wilson schools and possibly some other schools have gone to Dallas to attend the convention of the State Teachers Association which is in session there for the remainder of the week. They left at 7 o'clock Wednesday evening on a bus of the South Plains Coaches, Inc. which they chartered for the purpose. Many of these teachers also expect to see the football game between T. C. U. and S. M. U. in Dallas Saturday afternoon.

Many people here are observing the day in their homes. Many have invited in their relatives and friends to enjoy a big Thanksgiving Dinner prepared for the occasion.

Since the larger portion of the crops are gathered, the day is being observed in the rural communities more generally than usual also.

## T. Garrard And Wife Kill Deer

Mr. and Mrs. T. Garrard brought back about the best report of any deer hunters we have seen yet when they returned from a hunt last week in the Davis Mountains. They went down-or is it up?-to the Kountz Ranch south of Balmorhea on Monday so as to be rested and ready for the hunt when the season opened Wednesday. They had each killed a deer before noon of the opening day. Mrs. Garrard had got a six-point and T. a ten-point black-tail deer. They returned home Thursday.

## HUNTERS UNLUCKY

Sheriff B. L. Parker and two sons Dee and Pug and Vernon Lane returned Friday night from a deer hunt in southwest Texas. They came back with a four-point deer as their only trophy of the hunt.

WRITING THEIR OWN DOOM

In our opinion, Hitler is writing his
own doom.

If the German people keep on following
his leadership and keep on permitting
themselves to be dominated by such a
monster, they soon will also have written their doom.

The civilized people of the world will
not permit such persecutions and
cruelties as are being perpetrated in
Germany to go on forever unpunished.

We do not mean that these people will
make war upon Germany. They will
adopt other means of punishment.

President Roosevelt expressed the
general sentiment of all free peoples
a few days ago when he said that he
"could scarcely believe that such things
could occur in a twentieth century
civilization."

A wave of indignation has swept the
whole United States. Our people,
almost to a man, have approved and
applauded the act of our President
and Secretary of State in recalling
to this country our ambassador to
Germany as a protest against the
Hitler-Nazi program of murder and
rapine.

Plans to help the oppressed Jews
are being considered by the United
States, Great Britain, and France.
Many in this country have suggested
a commercial boycott. This would
probably prove to be the most effective
weapon. We should not be surprised
for a movement to boycott German
goods to be started in this country
any day and to spread

like wild fire, unless Hitler and the
Nazis turn away from their mad
course. Such a boycott might soon
bring Hitler to his senses.

In the meantime, America has
given Hitler to understand that no
contemplated act of aggression on
his part anywhere on the Western
continent will be countenanced for
one moment.

In the meantime also steps are
being taken to strengthen the ties
of friendship between the United
States and the countries of South
America, and to forestall any effort
on the part of Germany to take
away from us our trade with these
countries.

In order to be able to enforce her
program for self defense and un-
obstructed commerce with other
nations and to protect the nations
of this continent against European
and Asiatic dictators, it has also
been announced that Congress will
be asked to embark upon an armament
program so stupendous as to over-
awe any possible combination
of totalitarian nations and to protect
our shores against any possible
aggression.

But whatever our course may be,
no nation can live long that enters
upon a studied course of injustice,
robbery, brutality, and murder, as
Nazi Germany has done, and unless
she repudiates and dethrones Hitler
at some early date, our prediction
is that Germany will finally discover
that she has sealed her own doom.

It is utterly impossible for us to
understand how a great people can
be so narrow, intolerant, tyrannical,
and cruel as the Nazis of Ger-
many are proving themselves to be.
A news item from Berlin published
in American papers Sunday stated
that Friedrich Werner, president of
the supreme Evangelical church
council, sent out an order Saturday
that the name Jehovah should be
erased from Protestant churches
throughout Nazi Germany. The
order stated that the name of the
God of Israel must be obliterated
wherever displayed. The names of
all the old Jewish prophets were
also ordered erased. Threats had
been made in various parts of Sax-
ony, one of the states or districts of
Germany, that Christian churches
permitting these names to remain
on display within them would be
burned, as the Jewish synagogues
had been burned—the preceding
week. It is strange to us that a
great and intelligent people, as the
Germans are, could be led cajoled,
or driven by any dictator into any
such program of persecution and
cruelty. We are glad that we live in
America, where every man is yet
free to worship God according to

the dictates of his own conscience.
We are glad that all Germans in
this country have that right, and
we believe that most of them ap-
preciate it.

While the News is a booster for
our own home town, yet we have a
kind of sectional pride in the fact
that our big neighbor to the north,
Lubbock, has become the fastest
growing little city in Texas. Accord-
ing to figures published Sunday, it
stands sixth among all the cities of
the state in the valuation of build-
ing permits issued during the cur-
rent year. Houston is far in the lead
with more than \$23,000,000. Dallas
is second with \$7,445,000. Ft. Worth
third with \$5,119,000, Austin fourth
with \$5,038,000, San Antonio fifth
with \$4,544,000, and Lubbock sixth
with \$2,945,000. Corpus Christi is a
close runner-up to Lubbock with a
total of \$2,814,000 and Galveston is
not far behind with \$2,400,000.
Amarillo has marked up nearly
\$2,000,000, while Port Arthur, Tyler,
and Kilgore are in the million dol-
lar class. We saw no figures for El
Paso, Wichita Falls, Waco, San
Angelo, and Beaumont. It may be
that some of these have a record ex-
ceeding that of Lubbock, but it is
very doubtful. If one will drive over
the city of Lubbock and note
hundreds of residences recently
constructed or now under construction,
most of them with the aid of the
Federal Housing Administration, he
will not be surprised that it stands
sixth among all the cities of the
state. Our hats are off to the "Hub
of the Plains".

Governor Allred is to give his
final message to the legislature in
broken doses. We doubt if that body
gives much attention to his recom-
mendations, since he is to retire
from office in January and a new
governor is to come on the throne,
but we feel confident that most of
his recommendations will be forth-
coming. Jimmie Allred is a
master politician and an adept
"publicity hound", but he is also a
deep thinker and a man of broad
knowledge, and when he speaks he
usually gives us something to think
about. We shall scan his broken-
dose message to the legislature with
much interest.

A THANKSGIVING PRAYER

Editor's Note: The following verse,
written by Elder J. L. Nisbett of the
Tahoka Church of Christ, appeared
several years ago in "The Pick-
wicker", Abilene Christian College
literary magazine, and we reprint it
here because of its appropriateness
to the season.

To Thee, Oh God, we give our
thanks
For all Thou dost so graciously give,
For life, and health, and happiness,
Thy beautiful earth on which we live.

For each new day with its sunshine
bright;
For the will to work, the strength
to endure;
For new hope, new courage, new
faith, new sight;
For joy of labor—Thou dost insure.

For love of right and hate of wrong;
For home and friends we thank
Thee, too;
For voice to praise in word and
song;
For every blessing old and new.

For Thy Love that Thou dost to
us impart;
Thy Protecting Hand, Thine all-
seeing Eye;
Thine Infinite Wisdom that reads
our hearts;
Thy Listening Ear that hears our
cry.

One thing we ask, this Thankgiv-
ing Day,
That Thou wouldest help us guard
our ways,
Lest in what we do and what we say
We might forget to give Thee praise.
—Larry Nisbett

A few weeks ago it was announc-
ed that W. Lee O'Daniel, govern-
or-elect, had concocted a "little RFC"
scheme for Texas, whereby the "in-
dustrialization" of the state would
be effected. It was a scheme where-
by the State was to use ten or
fifteen million dollars in financing
new or small industries that were
not able to stand on their own feet.
The papers last Sunday carried the
announcement that O'Daniel had
abandoned the scheme. He had dis-
covered, he said, that his plan could
not be carried out with the aid of
the federal RFC, Reconstruction
Finance Corporation. He had also
probably discovered that there
would be strong opposition to any
such scheme for the expenditure of
the people's money. It might be
also that some good lawyer had
whispered in his ear that the Tex-
as Constitution might stand in the
way of his scheme. So, another
beautiful O'Daniel bubble has blown
up.

That man Dewey, district at-
torney in New York city, has been
uncovering a lot of crookedness in
that city and bringing the crooks to
justice—some of them. The latest
development is the revelation of a
sensational police scandal in Brook-
lyn borough. We guess the "wets"
will blame all this corruption on
Prohibition, which they killed several
years ago, since they have formed
the habit of trying to saddle every
kind and character of crime under
the sun, wherever and whenever
committed, on the "noble experi-
ment".

### ELDER DRENNON'S NOTES

Another beautiful day, and all is well.

It is about time our readers were killing hogs. When you do don't forget that the editor and the writer of these notes love spare ribs, backbones, or jus any part of the hog.

As we read of the Jews' condition in the world it makes us sorry for them, and yet did you ever stop to think it was the Jews who had Jesus put to death, also the Apostle Paul and thousands of Christians in the first century.

As we feast around our Thanksgiving boards this week how many will forget that God is the giver of every good and perfect gift, and that we should be like Him and share our blessings with others.

I enjoyed H. C. Crie's notes last week especially what he said about Psalm 121:1. It affects me the same way, and also what Editor Hill said about the magnificent sunsets. They fill my soul with ecstacy. Last Tuesday wife and I left for Lubbock at sunrise, and how beautiful it was! Then as we were returning home it was setting amidst a glow of gold. I was made to think of the things that may take place between the two events. During that day we visited friends in the hospital. Some were hopeful, others aware that the end was soon.

We also attended the P. T. A. lectures, met the delegates from Tahoka, a fine group of ladies. We then visited Woolworth's and started home. On the way we did our "daily good turn" and then the sun was down. How like life! Sunrise, noon day, and then the setting time. Let us all use our time well, for it will soon be all gone.

Our church attendance here reached a new high last Lord's Day morning, as well as our collections. What a fine thing if more people would form the habit of attending church services, especially those who have children. Take the children to Bible study; don't send them. It will pay big dividends; try it and see.

Our Mexican population is decreasing fast. I wonder if they were made better morally and spiritually by their contact with the white race. I am afraid not.

Yours for more people who will realize that it is more important to add life to your years than to add years to your life.

Remember the latch string is still on the outside at the friendly church where you are a stranger but once.—R. P. DRENNON.

### CHURCH OF CHRIST NOTES

After the services Sunday evening a young lady was baptized into Christ, having confessed her faith in Him at the morning hour of worship. This makes fifteen that have been added in the last two months. All but two of these were added to the local congregation by transfer of membership—members of the Church having moved here from other places. This brings the total number of additions since the ninth day of January to thirty-five, but two of these have moved from Tahoka since obeying the gospel.

Ninety-five were present for Bible study last Sunday morning and the contribution was larger than it has been any other time this year with the exception of the two Sunday's during the summer meeting. The attendance at the morning hour of worship has been showing considerable increase.

The Church announces these services: Sunday mornings, Bible study at 10:00 o'clock and Worship at 10:50. Sunday evenings: The Young People's training class meets at 6:15; preaching services at 7:15. Mid-week Bible study Wednesday evenings at 7:30 o'clock.

To everyone we extend a cordial invitation to attend these services.

### EUSELIAN CLASS MEETS WITH MRS. HILL

Nineteen members of the Baptist Euselian Class held their monthly business and social meeting in the home of Mr. and Mrs. E. I. Hill, Tuesday evening, November 22.

After bringing a short devotional, Mrs. Dale, President, conducted the business session. The social hour was spent in lively games directed by Mrs. R. C. Forrester. Mesdames Roddy and Dye served a refreshment plate to each of the following: Mesdames E. J. Cooper, G. W. Simmons, F. O. Greathouse, W. O. Robertson, S. H. Holland, A. J. Mullins, J. L. Reese, W. C. Wright, R. C. Forrester, Wiley Fortenberry, T. B. Burrough, J. P. West, E. I. Hill, W. A. Reddell, George A. Dale, Carl Owens, H. L. Roddy, W. P. Pitts and J. E. Dye.

A surprise to Mrs. J. P. West was a handkerchief shower from the class.

Mrs. A. E. Ledbetter and daughter were here from the Wells community Tuesday. Mrs. Ledbetter was preparing to leave the next day to spend Thanksgiving with her sister, Mrs. Nix, in Stephenville.

In spite of the cold weather we are having good crowds and fine services. Rev. Mrs. Roedler is doing wonderful preaching and the people are enjoying the good music rendered by Miss Webb and Mrs. Roedler.

Quite a number of neighboring pastors and their people have visited during the meeting. It is quite a boost to have them with us. We want to urge the people of Tahoka to come and hear these fine messages. You are going to miss something worth your time. Come. Let us go in for a gracious revival.

—Rev. Miss Betty Ellis, pastor.

### THANKS

We wish to thank the fire department for their prompt and effective work in extinguishing the fire that originated at the back of Mack's Food Store last Sunday. We appreciate the service the fire boys are rendering the town.—J. B. Mcpherson.

The News this week received a renewal of the subscription of I. W. Meyer of Yakima, Washington. Mr. Meyer writes that the News each week seems like a letter from home. He was one of the pioneer settlers of Lynn county but moved to Washington many years ago. If he could see Lynn county now, we imagine he would not know the country.

Miss Ernestine Herring, teacher in the grade school who was ill several days last week, was back in bed this week. Mrs. H. C. Story has been teaching in her place.

At this Thanksgiving Time, allow us to thank you, our many customers, for the patronage you have given us.

### Again On This Thanksgiving Day

We send cordial greetings to our friends with every good wish for your happiness.

While conditions are not ideal, yet we are thankful times more for which to be thankful than our pioneer pilgrims, who left home and native land, chartered seas, and landed on infertile shores amid hardships and dangers of every conceivable kind.

Our fields are fertile, our harvests are abundant, and our people are the best in the world. Best of all, we are free.

While our government is not perfect, yet we are taking to do more for the benefit of the whole world than any other government that ever existed.

With freedom of speech, freedom of religious worship, every personal right of the citizen guaranteed by the greatest Constitution ever written, we have a precedent cause to be thankful.

## TAHOKA BULLDOGS LOSE TO LEVELLAND

The Bulldogs met the Levelland Lobos last Friday afternoon at 2:30 on the Lobo gridiron. The locals were downed by a 12 to 6 score. This game was the third victory for the Lobos this season.

In the latter part of the third quarter, Max Minor ran 30 yards for a needed gain. On the next play, Connolly completed a pass for 5 yards. The Bulldogs had the ball on Levelland's twenty yard line and

Max Minor attempted a pass to H. A. Maassen but it fell short and Olan Carlton intercepted the pass and ran 80 yards for the second touchdown of the game.

J. H. Dyer completed a pass and ran 12 or 15 yards for a touchdown. The Lobos proved quite a bit tougher than the Bulldogs expected.

## PUBLIC SPEAKING CLASS

For the past week the Public Speaking class has been practicing extempore dramatics. Each member of the class was required to put on a play. The words were not memorized, but the players had a good idea of what was to be portrayed in the play. Shakespeare was the main source of material. His plays were greatly modernized since the players did not memorize. In acting the scene where Macduff killed Macbeth, the tables were turned and Wayne acting Macbeth accidentally jebbed Frank, playing Macduff, in the eye. All the plays were interesting and a few showed some good work. Next week the students will have to write their own plays and then produce them. A few of the best will probably be produced in assembly.

## SENIOR HIGHLIGHTS

It seems as though the Bulldogs lost the game at Levelland last Friday. Even though this is so, the Lobos had to fight hard to beat the Bulldogs by the narrow margin of 12 to 6.

The Bulldogs were backed by a large crowd of Tahoka football fans. Three certain Seniors, each a member of the Bulldog team, were disappointed when they had to ride home on the bus. They were already in the car and that "little ole' short guy" came out and in a gruff voice said, "Get out of there and climb aboard that bus."

Now, today is Thanksgiving and here's hoping that the Bulldogs will be giving thanks tonight. The Seniors are behind the team this afternoon, win, lose, or draw. This is the last game of this season and promises to be a good one.

A certain Senior girl with a bunch of other "kids" were in a car and burnt her clutch out (the car's). But late that night they got her home (the girl). This happened in Lubbock and was her face red (the girl's).

At the game last Friday there were some compliments passed. A player who didn't start the game said he thought that that girl in a green coat and a green hat sure did look nice. M. K. C. for short.

## HOME ECONOMICS 1-A

The first year Home Economics girls are making great progress in their sewing. We are making smocks now, which will be used when we start cooking. Although some of us are having a hard time trying to make that old machine wheel go forward instead of backward, we believe we are learning a lot about sewing. We first year Home Ec. girls are going to make the most of this year by cooperating with our teachers and doing our very best at all times.

## HOME ECONOMICS

The Home Economics girls are making hamburgers and cocoa each day to sell at the lunch hour to the students. They will continue this for some time in order to add to the treasury of the department.

Home Economics girls in sewing are progressing nicely on their smocks which they will use next semester in cooking.

The Home Economics II. girls made butter cakes, angel cakes, pastries and ice cream for dinner desserts this week.

The third year girls have completed their Baby Books which they made during the week on "Care of the Mother and Infant". Each book was filled out by referring to the study of normal babies.

The plans for a Home Economics Cottage are being discussed. The building will probably be started in February. The girls are very eager for the construction of it.

## SCRAP BOX SECRETS

These articles were found in the scrap box and copied for the Growl. We do not know whether they all happened just this way so don't get excited about them. We wonder who made the apology for their looks.

Max, where were you and Ham going Sunday about 5:15 on the South Bound bus?

I wonder why P. W. E. and B. T. W. don't stop their beating around the mulberry bush?

It seems strange that Hoy wants to sit close to Jean in home room of mornings and afternoons.

Consider this, freshmen, if the fish had kept his mouth shut, he would never have been caught.

It is very strange that a certain person (who is a freshman A. L. S.) always talks about boys but had to get a boy friend from Slaton.

Take care that the face which looks out from your mirror in the morning is a pleasant face. You may not see it again all day but others will.

## Rotary Club Hears Rev. Geo. Dale

The Rotary Club was served a turkey dinner by the ladies of the Methodist Church at the noon hour Wednesday.

The program consisted of a talk by Rev. George Dale on "Why we should be thankful. It was heard with rapt attention and was greatly appreciated by the Rotarians.

Announcement was made that on Thursday night two weeks hence, the Post Rotary Club will be guests of the Tahoka Club. The Rotary Ann is also invited and expected to be present. The Post Club will furnish the program.

The club will have its regular meeting next week on Thursday, as usual.

W. E. Suddarth of O'Donnell attended the meeting of the Northwest Texas Conference of the Methodist Church at Memphis last Saturday and Sunday.

Mrs. Lenore M. Tunnell, county superintendent-elect, left Wednesday for Dallas to attend the State Teachers Association and to visit friends in that section of the state.

## "Dock" McAllister Dies Suddenly

Death came suddenly and unexpectedly to John Naylor McAllister, 34, at about 7 o'clock Wednesday morning at the home of his father, W. N. McAllister, a mile and a half southwest of Draw.

Funeral arrangements had not been completed at the time the News went to press Wednesday afternoon, but it was contemplated that funeral services would be held in the Methodist Church at Draw some time Thursday and that burial would be in the Draw cemetery.

"Dock" as he was usually called, became afflicted with some strange malady when he was only two years old, which affected him through life. He had been suffering from a cold several days, and a doctor had prescribed for him Saturday, but his condition was not regarded as serious until shortly before his death. He was able to be up as late as Tuesday night, though his condition at that time was giving the family much concern. When the father prepared breakfast and went

to see about him Wednesday morning he found the son in serious condition, and he died shortly thereafter.

Deceased was born in Erath county on May 28, 1904. The family moved to Lynn county a little more than twenty years ago, settling in the Draw community. The mother died a few years ago. Deceased leaves his father, four brothers and two sisters surviving.

The relatives have the sympathy of many friends in their bereavement.

Mr. Hop Halsey of Rogers spent Tuesday afternoon and night here with his daughter, Mrs. E. I. Hill. He also visited his sons, Mark and John Halsey, in Lubbock this week.

Mr. and Mrs. H. L. Roddy and children left Wednesday to spend the Thanksgiving holidays with Mrs. Roddy's parents, Mr. and Mrs. A. Alford, at Hamilton.

Mr. and Mrs. Sam Holland and daughter Dorothy went down to Fort Worth Wednesday to visit Mrs. Holland's mother.

Keith Connolly returned Monday from a trip to Richmond and other points in California. He had been gone about a month.

Mrs. J. S. McKaughan was taken to a Lubbock hospital Tuesday morning for an examination and underwent an abdominal operation Wednesday morning.

Mrs. Jim Wetzel has accepted a position at Levine's Store. She had been employed at Jones Dry Goods Store for the past six years.

Mr. and Mrs. A. J. Mullins spent Thanksgiving day with relatives at Idalou.

## Rev. Ben Hardy Served 41 Years As M. E. Pastor

Forty-one years of service of the Methodist Church in a single Conference is a record that not many ministers can match. That is the record of Rev. Ben Hardy, retiring pastor of the Tahoka Methodist Church, who was superannuated at his own request by the Bishop at the closing sessions of the Northwest Texas Conference in session at Memphis the latter half of last week.

A native Kentuckian, Brother Hardy came to Texas and joined the Northwest Texas Conference at Weatherford in the fall of 1897. He has been in harness continually ever since. His service as a pastor was broken one time, however, when in 1902 he accepted a professorship in Clarendon College, an institution owned by the Methodist Church, and taught one year.

At the close of this one-year teaching experience, however, he returned to regular pastoral work and has not been out of harness for a moment since until superannuated. Even while he was teaching he found time now and then to preach. Brother Hardy has held some of the best pastorates in the Northwest Texas Conference and has had a fruitful ministry. He now retires greatly beloved by every church he ever served and by the entire ministry of this conference.

In speaking of his long tenure of service, Brother Hardy stated that he had some notable years and then added that there had also been several rather "dry" ones. In one of his charges he had about 150 additions to the church in a single year, about half of them coming by profession of faith.

For the past twenty years Brother Hardy has also been a member and president of the Church Extension Board, whose duties pertain to the loan or gift of money for church building purposes. He has been re-elected to another four-year term on this board. If he lives and serves out the full term, at the close thereof he will have served 24 years in succession on this important board.

Although he is no longer a youngster in point of years, Brother Hardy is still strong and healthy. He deemed his retirement from active pastoral work to be expedient by reason of his increasing deafness. When asked by his brother ministers at the Conference last week what his plans for the future were, he facetiously replied that he expected to put in his time visiting them and their churches and raising funds for the benefit of the superannuates.

The churches which Brother Hardy has served and the length of service at each place are given below beginning in the fall of 1897: Childress, 2 years; Plainview, 2 years; Childress 1 year; teacher in Clarendon College one year; Memphis, 4 years; Lubbock, 4 years; Seymour, 4 years; Big Spring, 4 years; Stratford, 2 years; Big Spring, 4 years; Haskell, 2 years; Quanah, 1 year; Floydada, 2 years; Hamlin, 2 years; Roscoe, 2 years; Anson, 4 years; and Tahoka, 2 years.

It was while serving as pastor at Plainview in the fall of 1901 that Brother Hardy married, and Mrs. Hardy has been a faithful helpmate and co-worker with her husband during all these years.

Full of honor and crowned with the love of countless friends, these two faithful servants of the Lord now retire from their more arduous activities of Christian service to a comfortable home of their own in Tahoka which they recently purchased.

It is the wish of hundreds of friends here that they both may yet have many happy years before comes the sunset and evening star.

## Lynn County History

As Revealed by the Files of the Lynn County News of November 21, 1913.

J. W. Elliott announced for his third term as County-District Clerk of Lynn County, subject to the primary of 1914.

Ben Moore, the Tahoka photographer, had his studio tent blown down by the high wind, Thursday. No damage was done, beyond the breakage of a ridge pole.

Rev. Jos. P. Calloway will preach a Thanksgiving sermon Thursday morning at eleven o'clock in the Tahoka Methodist Church. Every one who can should attend, especially the Tahoka business men who have much to be thankful for this year.

Rev. J. T. Nicholson will preach a Thanksgiving sermon at the Wilson school house, November the 27, 1913, at eleven o'clock in the morning. Everybody come out to church.

The people of Tahoka turned out in large numbers to meet and inspect the Santa Fe's Educational Demonstration Train which stopped here today. The train was made up of ten cars and coaches containing exhibits of poultry, dairying and agricultural products. Lectures on these subjects were given by H. M. Bainer, L. L. Johnson, J. D. Tinsley and others. The lectures and the displays were really educational.

**WILSON NOTES:**  
Three cars of cotton cake were received and four cars of maize heads loaded and shipped out this week. Farmers have many more cars to ship. The price is \$16.00 per ton for dry maize.

L. Lumsden and his broncho boys have just finished dipping about 4000 head of cattle and now a few thousand will have to be dehorned.

Many ladies were in shopping this week. We can hardly get goods fast enough to meet the demand. With a cotton gin here to draw trade the demand would call for several more stores.  
A few more residences will be built near here this winter.

**EDITH ITEMS**  
C. W. Post has bought the Jamison place and D. Sanders has rented it for another year.

Messrs. Campbell, Shattuck, McNeely, Sanders and others, rounded up their cattle and drove them to Wilson last week and had them dipped.

J. V. Dyer is building an addition to his residence.  
A. D. Shook, who bought the Mc-Loud section, has erected two neat cottages on same and sold it to a man from Shiner, who is expected to arrive with his family next week.

The Wilson school will give a Thanksgiving recital at the Wilson schoolhouse on Wednesday evening, November 28. A splendid program is being prepared.

The Tahoka Camp W. O. W. and Circle will give a fruit and cake supper on Saturday night, December 6th. Members of both lodges their families and friends are cordially invited to attend.

Miss Margaret Preston has been ill for several weeks but is now improved.

**CARDUI**

Mr. and Mrs. Carl Owens had as visitors in their home, recently Mrs. Owens parents, Mr. and Mrs. G. R. Sheumaker, her sister Mrs. D. O. Hartfield and small son, Wayne, and her brother Howard Sheumaker, all of Frederick, Okla.
