Farmers Receiving Government Checks

County Agent Jones Moving To Lamb Co.

Lamb County Agent Will Come To Lynn County, Unless Present Plans Changed

Most of the farmers and business men of Lynn county deeply regret that County Agent V. F. Jones is to be transferred to another county. After much parleying, it had been definitely settled Thursday at noon that he would be sent to Amherst as agent of Lamb county and that Donald Turner, county agent of Lamb county, would succeed Mr. Jones here.

When it became known early in the week that this change had been decided upon, farmers in this county got busy and started a movement to prevail upon the powers-that-be to retain Mr. Jones as agent here. A meeting was held in the court house Wednesday, following which subscription lists were circulated for the purpose of supplementing Mr. Jones' salary sufficient to make it equal the salary he would be paid in Lamb county. The necessary funds were quickly subscribed and the district agent was immediately notified of the action. Doubtless a much larger sum could have been raised, for the farmers say that Mr. Jones has held administrative expenses down to a minimum in this county.

Some little friction had arisen with the commissioners court, however, and at its meeting Thursday morning it declined to approve the arrangement.

Mr. Jones has been agent here for the past five years. No other agent in this district, we are told, has remained in one county for so long a time. He has been accommodating and industrious and has worked faithfully and unceasingly in the interest of the farmers of the county.

He has also made warm friends of the business men of the county, and both he and Mrs. Jones have been active in the civic, social, and religious life of our little city. Many people here will deeply regret their removal from Tahoka.

Mr. Turner, it is said, is highly commended by the citizenship of Lamb county. The change is being made by the district agriculture agent, K. H. Edwards. It is the policy of the Extension Service to change agents from one county to another once every few years, and it is in keeping with this policy that this change is being made. Mr. Turner has been located at Amherst the past three or four years.

Lyntegar Stakes 225-Miles Line

The Lyntegar Electric Cooperative, Inc. with offices in Tahoka, is in the process of constructing approximately 325 miles of rural electric lines in Lynn, Terry, Garza and Hockley counties. Mr. Garland Pennington, Superintendent, states that at present about 225 miles of this line has been staked, and the necessary maps and records are being prepared for the purpose of issuing a work order to Reinhardt & Donovan, Contractors. This work order will be completed in the near future and the Contractors will begin actual construction within ten days after receiving the work order. Mr. Pennington states that these lines have been very carefully designed and surveyed, and that a very reliable Contractor has been secured which will insure the building of lines to serve this territory which will be very modern and reliable. Much thought and effort has been expended in securing as much line as possible from the available funds, and at the same time insuring a type of construction which will require a minimum of expense for operation and maintenance in the future. In a short time the citizens of this district will be able to enjoy all the conveniences and advantages that the coming of electrical energy will bring.

Senate Fails To Approve Smith

Austin, Feb. 9.—The Texas senate today rejected another of Gov. W. Lee O'Daniel's appointees, refusing to confirm Truett Smith of Tahoka as state life insurance commissioner.

The senate adjourned until Monday and the governor cannot send in another name until next week. Commr. R. L. Daniel's term expires tomorrow, but under a general provision he will hold over until his successor is sworn in.

The senate committee on nominations had recommended Smith's confirmation. The senate refuses to (Cont'd. on back page)

Dr. Thompson Locates In City

Dr. Chase S. Thompson, Physician and Surgeon, has located in Tahoka for the practice of his profession. He has purchased the equipment of the late Dr. L. E. Turrentine and tented the office which Dr. Turrentine occupied, situated over the Wynne Collier Drug Store.

Dr. Thompson comes to Tahoka from Lubbock, where he had been associated with Dr. Sam Dunn since July 1, 1938 in the practice of Medicine and Surgery. He is a graduate of the University of Texas School of Medicine situated in Galveston and served his internship in the John Sealy Hospital in that city. He was selected by Dr. Dunn as the most promising doctor to come out of that school.

Dr. Thompson is a native of Weatherford. He holds a B. A. degree from the University of Texas in addition to his M. D. degree from the Medical School.

Anglin Speaker At Rotary Club

Walter Anglin discussed the factors that make a well-balanced community at the Rotary luncheon Thursday. He emphasized the religious, the civic, and the commercial interests as basic.

Dr. K. R. Durham conducted a quiz respecting some live issues now being considered by our legislative body. W. T. Bovell, A. P. Edwards, and Carlisle Edwards were the three Rotarians whom he put on the rack, but all three came through with colors flying.

Jay Slaughter of Post was the only visitor present, but he made a full team both at the luncheon table and on the floor as a speaker. Jay always delivers the goods, and the crowd greatly enjoyed his racy remarks.

The Boy Scouts will be guests of the Rotarians at the luncheon next Thursday.

R. Bosworth Sells Farm At Central

R. Bosworth has sold his farm consisting of 165 acres situated near Central Church to D. G. Cook, former merchant at Grassland.

Mr. Cook and family have already moved upon the place and will try farming this year. Mr. Bosworth has resided upon this place for many years.

Carl Sanders Buys Grassland Store

Carl Sanders, who has been operating a store and filling station on highway No. 84 six miles east of Tahoka the past several years, has sold the business to A. F. Kelley of Haskell, and the latter took charge a few days ago.

Mr. Sanders has purchased the business of D. G. Cook at Grassland and took charge Monday. This is a general store, the stock consisting chiefly of groceries.

Mr. Cook will devote himself to farming.

City Seeks Extensive Street Paving Job

At a meeting of the city council Monday night, a movement was launched to procure W. P. A. funds, if possible, to be used in the paving of the streets of Tahoka, according to Mayor Deen Nowlin.

Application is being made for the funds and if the application is approved it is contemplated that repairs of the present paving may be made where needed and fifty additional blocks paved.

It will be about a 50-50 proposition, as we understand it, the W. P. A. furnishing the labor and the City and citizens furnishing the material. The proposal is being handled through French & Pruitt of Big Spring, civil engineers.

Mayor Nowlin says that it should be understood that there is no assurance whatsoever as yet that the application will be approved. But he and the council are hopeful that it may be. As yet, the City as such has not shared in the W. P. A. funds except for the modest amount required in the extension of the water mains.

It is devoutly hoped that this project materializes, for many streets in Tahoka are in sore need of being paved.

Highway Grading About Finished

The grading of highway No. 84 from Tahoka to Post is almost completed, and it is contemplated that the topping will be finished by August 1.

That section of the highway lying between Tahoka and the Garza-Lynn county line is to be done by contract, according to County Judge P. W. Goad, while the section extending from the line to Post is to be done by the state highway department, according to present plans.

A beautiful roadbed has been constructed, and Judge Goad says this road between Post and Tahoka is going to be one of the very best to be found anywhere in West Texas.

Marion and Marvin, 4, twin sons of Mr. and Mrs. C. W. McCord of Hobbs, New Mexico, are spending the week here with their uncle Travis McCord and their aunt Mrs. Homer Harrison.

County Basketball Tournament Will Bring Leading Teams Together

Play in the Lynn County basketball tournament for the county championship and the right to participate in the district meet was resumed last night. Play will continue today, tonight, and all day Saturday, the tournament ending with the Saturday night session, when beautiful awards will be presented winners.

New Home boys and girls teams are leading the race, having each won four games, but they yet have to meet Wilson and New Lynn, and Wilson has an unusually strong team.

Tahoka band will play at tournament this week end.

Games last week end resulted in the following scores:

Thursday			
Team	W	L	Pct.
New Home girls 42, Tahoka girls 9.			
New Home boys 21, Tahoka boys 15.			
Wilson girls 30, Draw girls 14.

Petty Man Dies In Car Wreck

Bailey M. Hicks Jr., operator of the gin at Petty in this county the past year, was killed and his wife seriously injured Sunday night when their car plunged through a barricade and ran into a 15-foot ditch on a lateral road five miles northeast of Childress. The couple were enroute from their home to visit Mrs. Hicks' parents, Mrs. and Mrs. Edgar Horton in Hardeman county.

Hicks' body was taken to Quanah, where he formerly lived, for burial. Among the survivors are two brothers residing at Levelland.

Mrs. Hicks was seriously injured in the crash and was taken to a Childress hospital. Latest reports received here were to the effect that she was in a most critical condition.

Mr. and Mrs. Hicks had been in this county only about a year, we are informed, and they were not well known except in the Petty community, where they had made many friends.

Osteopath Opens Office In Tahoka

Dr. H. E. Williams, D. O., has rented an office over the First National Bank and will locate here to practice his profession.

Dr. Williams has been located in Muleshoe the past two years. He feels that there is a larger field for practice here than there and hence the change in location. He expects to be here permanently after next Monday or as soon as he can procure a residence in which to live.

He was here Wednesday afternoon and Thursday accompanied by Mrs. Williams.

Sam Price Again In Tailor Business

Sam Price, who sold the tailor shop known as the Nu-Fay cleaners to T. D. Mustian a few months ago, is again in charge of that establishment.

Mr. Mustian turned the shop back to him a few days ago and left town.

W. D. Smith, Sr. 77, Buried Saturday

Although he had reached the advanced age of 77 years, the death of W. D. Smith Sr. came as a distinct surprise to most of the people of Tahoka at about eleven o'clock last Friday morning. He had been stricken with apoplexy at about seven o'clock but news of his illness had not become generally known at the time of his death. Apparently he had been enjoying exceptional health, and in fact a physician had not been called in to see him professionally for thirty-five years, according to members of the family.

Funeral services were conducted (Cont'd. on page 2)

Work Starts On Roadside Park

Work on the state roadside park situated on highway No. 9 four miles north of Tahoka was begun Monday morning and will be completed within the next few weeks.

The improvements are to consist of about 400 trees and shrubs of various kinds being planted out, the building of driveways and furnaces, the drilling of a well and the erection of a windmill and tank, etc.

The cost of this project will be in the neighborhood of four thousand dollars. Part of the money is being furnished by the State and part by the Federal Government. The work is being done by the State Highway Department. Bids for this project were advertised several weeks ago but all bids were rejected and the Department is having the work done itself.

There was a year's delay in the beginning of work on this project by reason of some technical error in the original application for Federal funds. This matter was only recently straightened out.

New Building For Co-op. Gins

Work will be started in the near future on a new combination gin office and retail and wholesale gas and oil station by the Farmers' Co-operative Association No. 1, Claude Donaldson, manager, announced Thursday.

The building, for which plans are now being drawn, will be located on the Highway at the southwest corner of the gin property.

Directors in a meeting this week elected R. L. Littlepage to the board, succeeding S. J. Kitchen, who has moved to Lubbock county.

The Farmer's Co-op. is owned by farmers and is now operating two gins and the filling station.

Dale Is Honored At Plainview Meeting

Rev. George A. Dale attended the pastors and laymen's organization for the district 9 at Plainview on Monday, Tuesday, and Wednesday of this week. At a business session he was elected first vice-president of the organization.

This is the only Baptist organization of its kind in Texas that meets annually, Brother Dale says. There were about a hundred and fifty Baptists in attendance, and the pastor reports that the program was very fine.

PUPILS OF MRS. EDWARDS APPEAR IN RECITAL

The high school music pupils of Mrs. M. H. Edwards will be presented in a recital in the high school auditorium at 7:30 p. m. next Monday.

The parents and the lovers of music are invited to be present.

W. G. Barrett, superintendent of the Tahoka schools for three years, was here from Stamford a short while Wednesday. He is now engaged in the insurance business.

Over \$800,000.00 Is Expected For The Year's Total

\$92,000 In Checks Are Received Here; Others Are Expected At Early Date

The first government checks issued to farmers for compliance with the 1938 program arrived the first of this week, according to C. A. Lawrence, secretary of the Lynn County A. C. A. Three hundred fifty-eight checks amounting to \$92,215.30 had been received up to Thursday noon.

A total of more than \$800,000.00 is to be paid to the farmers of Lynn county, Mr. Lawrence says. They will be pouring into the secretary's office almost continually now for a period of several weeks. Mr. Lawrence will send out notices through the mail to the farmers as their checks arrive, and hence he requests that farmers do not call at the office until notice is received. Compliance with this request will facilitate the work of the office and save the time of the secretary and the office force.

From a financial standpoint these payments will be equivalent to the marketing of 20,000 bales of cotton at eight cents per pound. Coming at this time of year, these checks should be of great help to the farmers and should greatly stimulate business at the different trading points in the county.

Practically all the farmers of Lynn county complied with the 1938 program and are eligible to receive compliance checks.

Bishop Holt Is Tahoka Speaker

Those who missed the discourse of Bishop Ivan Lee Holt, world prominent Methodist leader, at the Tahoka Methodist Church Sunday afternoon, missed a treat such as has seldom come to Tahoka.

Only a fair-sized crowd of Tahoka people, matched by nearly as many visitors who came from O'Donnell, Brownfield, Post, Wilson, Draw, Grassland, and possibly other places, declared the Bishop's address one of the best they had ever heard.

Despite the fact that this was his third service of the day, with three more to fill before his scheduled night service at Plainview, Bishop Holt took time to deliver a fine address here.

Elected Bishop in the Methodist Church only a few months ago, Dr. Holt was at one time a professor in Southern Methodist University, served as pastor at St. Louis, Mo., for 21 years, served as president of the Federated Council of Churches of Christ in America, and during the past several years has served as delegate to numerous conferences in all parts of the world.

Visiting Methodist preachers who came to hear and meet the Bishop were: Dr. O. P. Clark, presiding elder of the Lubbock district; Dr. E. E. White, presiding elder of the Plainview district; Rev. J. W. Hendricks, Brownfield; Rev. J. Howard Crawford, O'Donnell; and Rev. A. D. Moore, Wilson.

James Minor Is Class President

J. W. Minor received word a few days ago that his son James had been elected president of the Junior Class in Howard Payne College at Brownwood.

This is James' third year in Howard Payne and he has served as president of both the Freshman and the Sophomore classes in that institution, we understand.

He has been the most outstanding star on Howard Payne's football team since he entered college. James is also secretary-treasurer of one of the Baptist churches of the city.

TAHOKA DEBATE TEAM BEATS OLTON

The Tahoka high boys' debate team trekked up to Littlefield last Friday to increase their debate knowledge and to defeat someone in this tournament. As the debate material was inadequate for a good debate, the Tahoka team had to stand before the fire of Sudan, Olton, and Lubbock, in the manner tested. The boys were defeated in one round by Sudan, and they won by a Technical knockout over Olton. The team lost to Lubbock by a judge's decision.

Those taking the trip were man debate teams, Wayne Coffey and Frank McGlaun; substitute and chauffeur Felix Macha and the girls Genelee Henderson and Laura Jane Milliken.

The trip was greatly enjoyed by the ones taking the trip, as the scenery and towns were new to the visitors.

The most interesting thing connected with the trip was that the debaters let the world know that Tahoka is on the map and not a mythical name.

The Tahoka boy's team are working hard on debate speeches and are scheduled to have a debate with Lamesa or some other school today. The public is invited to attend this debate which will more than likely be held in the High School Auditorium.

DEBATERS

The Public Speaking Class has been having a series of debates, in which different members of the class have participated.

Wednesday of last week the speakers were: Laura Jane Milliken and Frank McGlaun for the Negative; Avis Shelton and Eloise Roberts were for the Affirmative. The Affirmative won this debate by a huge majority. The subject was: "Resolved that Texas high schools should abolish girls pep squads."

Friday the subject was Resolved, "That installment buying is detrimental to our nation. The speakers were Herman Reid, and D. F. Reddell, negative; Mary Bland Wells and Jennie Reba Nevill the Affirmative. The affirmative won this debate.

Wednesday of this week the subject will be "Resolved that capital punishment should be abolished. The speakers of the affirmative are J. H. Dyer and Herman Reid. The speaker of the negative are J. G. Adams and Reid Parker.

Tahoka Is Victor Over O'Donnell

Both Tahoka boys' and girls' basketball teams were victorious over O'Donnell teams in games played here Monday night.

Tahoka girls won 20 to 18, and the boys won 39 to 14.

SENIOR NOTES

The following seniors spent the week-end out of town: Rudelle Prater visited her sister in Lubbock; Herman Reid and Odean Millman spent a delightful week end in Ruidoso.

Jennie Reba Nevill spent Sunday at New Home.

Finis Connolly visited his uncle in Big Spring. Mr. Gregg is a retired banker.

Since Sam and Doc couldn't make it to Tahoka Friday, Eloise and Billie spent the night at the big city of Grassland.

Laura Jane, Genelee, Frank, Felix and Wayne attended the debate tournament at Littlefield Friday. It was reported that Genelee proposed to Felix but it was debated on Felix, the Negative won.

Jack Hancock Is On Judging Team

Lubbock, Feb. 8.—Collegiate livestock judges from Texas Technological College placed fourth among ten competing teams at the National Western Livestock show in Denver last week. The team scored second in cattle and fourth in horses. Individual team members also won second and sixth places among fifty contesting students.

Colorado State's team, coached by Ronald C. Tom, Tech graduate won first place in the contest. Other standings were: South Dakota, Oklahoma A. & M., Tech, Wyoming university, Kansas State, Panhandle (Okla.) A & M., North Dakota State, Utah State, and New Mexico A. & M.

Jack Hancock of Tahoka was second ranking individual, and Lucian Thomas of Fluvanna ranked sixth. Other team members are Mel Cherry of Lorenzo, Walter Henderson of Floydada, Harlan J. Willis of Eola, and John Wright of Breckenridge.

Tech's first competition in the Denver contests was last year. Ray C. Mowery, animal husbandry professor, is team coach.

E. A. Park went down to the Temple Sanitarium the first of the week for a check-up on his health.

Mrs. E. A. Park was called to Post the first of the week by the illness of her daughter, Mrs. Louise Dietrich, who was suffering from ptomaine poisoning. She is recovering from the illness.

W. D. SMITH SR. BURIED LAST SATURDAY

(Cont'd. from page 1)
at the Baptist Church at three o'clock Saturday afternoon by the pastor, Rev. George A. Dale, assisted by Rev. George E. Turrentine, pastor of the Methodist Church. The body was interred in the Tahoka Cemetery under the direction of the Harris Funeral Home.

Mr. Smith was born in Alabama on October 6, 1861. Removing to Texas in early life, he was married to Miss Varillo Cline in Hill county in 1891. Three children were born of this marriage, all of whom are living: Ruel Smith of Garlyn, Estelle (Mrs. H. B. McCord) and W. D. Smith Jr. of Tahoka. The widow also survives.

Mr. Smith and family came to Lynn county from Baylor county, settling near Grassland, about fifteen years ago. After residing in that community a few years, he engaged in the hotel business in Lubbock and then in Brownfield for the next few years. Several years ago they came back to Lynn county and have made their home in Tahoka ever since.

Mr. Smith had been a member of the Baptist Church for more than sixty years and was a member at Tahoka at the time of his death. He was unusually faithful in his attendance upon the services of the church and was always found in his place in the Sunday school and the regular church services each Sunday morning.

He was a good man, a good neighbor, and a good citizen, and a great throng of friends and loved ones attended the funeral services at the church Saturday afternoon to attest their esteem and affection for their departed friend.

SENATE APPROVAL OF ALLRED IS BLOCKED

Washington, Feb. 9.—Senator King (D-Utah) today blocked senate confirmation of former Governor James V. Allred of Texas named by President Roosevelt to be a federal judge in the southern district of Texas.

Mr. and Mrs. J. Harvey King of Dixie returned a few days ago from a three weeks' visit with their children, dividing the time about equally between two of their daughters at Amarillo and a daughter and two sons who live at Portales, New Mexico.

Things Look Different In— Cold Black Type

"I HEAR," said the friend, "that you have just made \$50,000 in the insurance business."

"Right—except for one or two slight particulars. It was real estate—not insurance. It was \$75,000, not \$50,000. And I didn't make it—I lost it!"

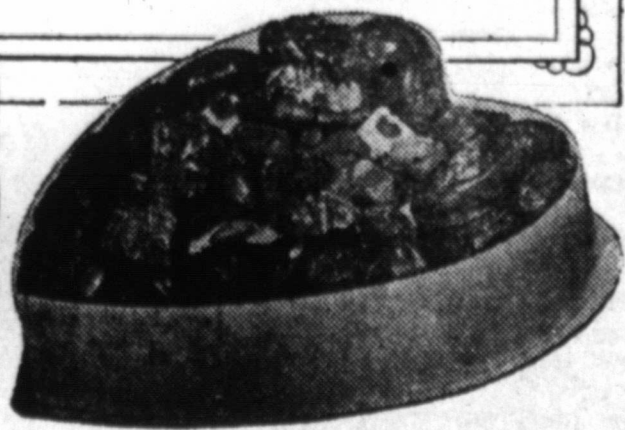

Has it ever happened to you that something you've told an acquaintance comes back, after many days, so distorted that you hardly recognize it? The spoken word so changes and colors much that we say, that by the time it passes many lips only the skeleton of truth remains.

But how different it is with the printed word! That is why you can trust the advertisements. Had you thought of it that way? Simply because a manufacturer is compelled to be accurate in type, you know that the quality of the soap, ginger ale, clothing, butter or furniture that you buy is standardized as the calendar. It's all that the manufacturer claims for it. It has to be.

Plans Made For Boy Scout Week

National Boy Scout week begins Sunday February 12th, and Troop No. 21 under the direction of W. A. Reddell, Scout Master, with twenty-eight boys enrolled, will participate in the weeks' observance.

Sunday will be church day. The boys will attend the Methodist Church morning service and the Baptist Church in the Evening.

Monday will be mobilization day, the time for which will be given out by the Scout Headquarters to the Commissioner, and he in turn will relay the message to the various Scout Masters; they in turn will notify patrol leaders. This program will include the entire Council.

Tuesday will be home day, at which time all Scouts will emphasize scouting at their homes.

Wednesday will be school day, and plans are to give the program of the schools over to some phase of Scout work.

Thursday the Scouts will be the guests of honor at the regular weekly luncheon club, and an outdoor meeting will be had in the evening directed by Oscar Roberts.

Friday will be government day and the Scouts will have charge of all offices of the City, including the duties of City Councilmen and Policing of the City. All funds derived from fines will go to the

maintenance of the local organization of Boy Scouts.

Saturday the Scouts of the Council will compete in first aid demonstrations at the High School Auditorium at Lubbock, at 8:30 p. m.

The Scout Committee consists of E. H. Boulliou, O. C. Roberts and Happy Smith.

Under the splendid leadership of Scoutmaster W. A. Reddell, the Scouts are doing a wonderful piece of work and they are to be commended for their work. Too much emphasis cannot be placed on the work of the Scoutmaster, who is willing to give of his time and money in order to be of some service to boys of our community. The boys of today are to be in control of this country of ours in the very near future, and anything that we can do to assist in the work should be gladly and wholeheartedly done, knowing that it will come back to us many times over.

There are in our community more boys who are badly in need of the principles laid down and practiced in Scouting that we should be getting to. In order to do this, we need more men who are willing to give of their time and money that this great work may go forward.

We would not forget to mention our young future Scouts, the Cubs, who have just recently been organized under the leadership of A. C. Weaver. They are doing fine work and we know they will grow into fine Scouts under his leadership.

100 Farms Terraced By Lamesa CCC

Lamesa, Feb. 8.—Terraces now are being constructed on more than 100 farms within the 25-mile radius work area of the Silo Conservation Service CCC camp at Lamesa while scores of farms are being terraced that are not included in the demonstration area, according to F. A. Vestal, camp superintendent.

"This spread in the use of soil and water conservation practices is by far the greatest since the demonstration work was started in 1935," Vestal declares. "The fact that crop yields and grass growth have been increased while erosion from both wind and water was being checked has convinced a large percentage of the farmers of the value of such practices."

"All farmers cooperating with the Service are interested in the complete erosion control program, but are especially anxious to get terraces on their fields and contour furrows on their range land," the superintendent reports.

So great is the demand for terraces this winter that a shortage of construction equipment is causing a delay in completing the work on many farms, Vestal says. Under these conditions many farmers are building as much of their terrace system as possible and plan to drill or broadcast the structures with soil conserving crops for protection until they can be completed next winter.

Various methods are being used in constructing terraces, Vestal says. As many farmers as can do so are obtaining the aid of the county road equipment, while others are using plows, Fresnoes, V drags and small tractors with their farm tractors and horse power.

Terraces can be built economically with teams and Fresnoes or by using farm-type tractors with plows, V drags or small tractors, it is pointed out.

Strip cropping on terraced fields is being carried out in this area with excellent results, the camp superintendent reports. Sudan grass or cane is planted on the terraces as a soil building crop; with cotton and grain sorghum being planted in alternate terrace intervals. These strips are rotated annually with the Sudan or cane being kept on the terraces until there is sufficient base to permit the planting of row crops.

Farmers of this area have found that the growing of soil conserving crops on terraces is more practical than the production of cotton, tillage of which increased the danger of wind erosion and the cost of maintenance.

Mr. and Mrs. J. B. McPherson left Monday to visit various points in south Texas. They expect to be away all the week.

**ON THE RHINE OR THE
RIO GRANDE?**

We do not know exactly what
President Roosevelt said, if any-
thing about the American frontier
being on the Rhine, but we would
rather it be on the Rhine than on
the Rio Grande. If news reports are
to be believed, Germany has been
engaged for a number of years in
building up a powerful war
machine. She boasts of having by
far the greatest air force of any
nation in the world. She boasts of
having the largest and best trained
army of any nation on earth. She
is frantically building war ships.
She has entered into an alliance
with Italy and Japan, and she ex-
pects and will doubtless receive
their help in case of war. She has
recently subdued Austria and dis-
membered Czechoslovakia. She has
sent her emissaries to the courts
of South America in an effort to
break their friendly relations with
the United States. She is constan-
tly strengthening and increasing her
commerce with these nations. She
has entered into trade agreements
with Mexico whereby she is trading
her manufactured products for the
oil which Mexico recently stole from

American oil operators in that
country. She has been threatening
to repossess herself of her former
colonies lost at the close of the
World War. She is a constant
menace to the peace of Europe.

If war should break out in Europe,
she would again seek to destroy our
commerce with her European ene-
mies. She would sink our mer-
chant ships without a trace. She
would destroy the lives of our citi-
zens if she happened to find them
on merchant ships plying the high
seas. If we made a protest, she
doubtless would tell us to go to—
She might use Mexico as a base
from which to make aerial forays
into the United States.

You say this is not probable. It
is not only probable but it
will almost surely come to pass
unless we prepare in advance for
just such an emergency and give
Hitler to understand now and
henceforth forever that we are not
going to stand for any of his mon-
key business.

The German people in this
country are a fine people. No
doubt the masses in Germany are
also fine folks. But they are under
Hitler's spell and Hitler's heel. If
they continue to back him up and
to follow him he will eventually
lead them into another world war
just as surely as the world stands
and Hitler lives—unless Providence
intervenes. Many of the policies of
President Roosevelt may have been
wrong but we think his foreign
policy has been exactly right. Con-
gress should back him up.

CAPITAL PUNISHMENT

We have a great deal of respect
and sympathy for those kindhearted
individuals who would like to see
capital punishment abolished. There
was a time when we felt that way
about it ourselves. But there are
some objections to the abolition of
this kind of punishment that to us
seem insurmountable. In the first
place, what are we to do with the
confirmed, depraved murderer?
When a human brute, black or
white, outrages and mutilates and
murders a tiny little girl; or when
he stealthily enters a home by night
and bludgeons to death almost a
whole family; when he sets out on
a campaign of crime, murders you
and then takes your money, shoots
down in cold blood an officer who
undertakes to arrest him, or after
being imprisoned watches for his
chance and murders the jailer,
escapes and kills or wounds a half
dozen other men before he is
finally captured; what are you go-
ing to do with a man like that? Are
you going to coddle him and plead
for him as a poor, unfortunate hu-
man being, as our governor did in

behalf of a black brute last Sunday?

We would not inflict the
death penalty except in the most
extreme cases, but there are brutes
in human form against which so-
ciety must be protected and the
only sure and adequate way to
protect society is by the infliction
of the death penalty. Furthermore,
if the death penalty were abolished,
all such criminals as we have de-
scribed above would be put to death
by mob law. Instead of an occasion-
al lynching, as we now have, there
would probably be dozens of them
in Texas every year. If the govern-
or's family should become the
victim of a brute and be murdered
or maimed for life in their home
while they slept, as did a family of
our acquaintance in the years past,
or if the child of a family near and
dear to him should be outraged and
brutally murdered by one of these
human hyenas, we wonder if he
would continue to advocate the
abolishment of capital punishment.

We have never had too much
admiration for that great spot-
lighter, Maury Maverick of San
Antonio, who was defeated in the
primaries last summer for renomina-
tion as the Democratic candidate
for Congress. But we do not believe
him to be a financial crook. We can
not say so much for some of his
eremies. They have a political
machine in San Antonio which
seems to be just as crooked as
Tammany Hall ever was in its
palmiest days. Maverick has been
fighting this machine. It seemed
that he and others had succeeded
in proving some dirty work on the
part of the machine mayor. The
gentleman and other city officials
were indicted. When the case was
called for trial this week, the Judge
on the bench quashed the indict-
ments and dismissed the case,
whether rightfully or wrongfully we
do not know. But when he announ-
ced his decision, Bediam broke loose.
The court room was converted into
a cheering, shouting, hooting, how-
ling mob, which was a disgrace to
San Antonio and to Texas. We
think that any judge who will per-
mit any gang of hoodlums to take
charge of his court is a disgrace to
the judiciary. Of course, the judge
might have been powerless. If so,
he should call for a company of
state rangers to maintain order in
his court when the next important
case is called for trial.

Of all the crooks that prey upon
their fellow beings, the most con-
temptible, we believe, is a crooked
judge. When charges of bribery
were filed against Martin T. Mantin
of the U. S. Circuit Court of Ap-
peals in New York, he promptly
resigned in order, if possible, to
stave off further investigation. It
is charged that he had accepted
loans or gifts in large sums from
persons connected with litigation in
his court. If he is guilty, he de-
serves the same degree of contempt
that honest men heap upon the sneak
thief and the traitor. The stream
of justice should be kept pure, and
he who wilfully pollutes it for gain
is on the same level with a Benedict
Arnold or with an ordinary hog
thief.

The News editor hears frequent
complaint from small farmers that
while the Government agriculture
program is helpful to the large cot-
ton farmer it is just about to ruin
the small farmer. For instance, one
man in the black land belt can
scarcely cultivate more than eighty
acres. The government program
permits him to plant about 32 acres
of this in cotton. He can hardly
expect to average more than a half
bale per acre, and sixteen bales is
no cotton, especially if the price is
low and if he has to pay rent.

Charles Nelms, who is moving to
Artesia, New Mexico, was in Satur-
day to pay his News subscription
and told us he has rented a 150-
acre irrigated farm near that city.
He says farmers there inform him
that farming an irrigated place this
size is equal to farming a section
of Plains land. Robert Noble has
also moved to the same vicinity.

NEW LYNN

We've been heving some mighty
purty weather and some that hes
been mighty bad all mixed up to-
gether out here at Lynn lately. I
don't think the old groundhog seen
is shadow out here. If e did it shure
froze.

Had Church at the Baptist this
Sunday with a large crowd both
night and morning. Sunday Schools
and League was held at the other
Churches. Its getting to be nearly
spring, now, and people like to get
out. Maybe the Church attendance
will increase, cause no one hes any
excuse for staying at home. A course
Sunday is a mighty easy day to get
sick an we hev to watch awful close
or we will git up feeling bad.

I see Lynn pupils hev a new
paper. One of the kids brought one
home and it was mighty interesting.
Yes sir! They're a live bunch up
there. Besides, I hear they are play-
ing ball and winning some tho they
s're badly outclassed in size and
age. When my children grow up I
want them to play ball for it helps
their bodies develop and builds their
character, makes them honest and
clean. That's the reason so many
city children aire sickly. If they had
a chance to play like ours so many
of them wouldn't go to the bad
either.

Somebody ought to be getting
married or falling in love, now
since spring is almost here. Let's
see—Well, I'd better not guess. Just
you watch where the cars stop.

Mrs. Hill and the editor made a
run down into Central Texas Sat-
urday taking Mrs. Hill's father, Mr.
Hod Halsey, back to his home near
Rogers. He had been visiting here
and at Lubbock almost two weeks
following a recent illness. We found
many evidences that farmers and
gardeners in that section of the
state are preparing to plant. Winter
apparently is just about over with
them.

Dan Daniel, son of County Treas-
urer Mrs. Lois M. Daniel, visited
a friend at Seagraves during the

BRIDAL SHOWER FOR MRS. WADE CORLEY

With Mrs. T. G. Dulin as hostess, a bridal shower with valentine motif, was given Mrs. Wade Corley Tuesday afternoon in the Dulin home near Wilson.

Each arriving guest was given a tally card, and after contest games directed by Mrs. J. E. Dulin, Mrs. Corley was found to hold high score. The prize, a beautiful valentine box, was found to be filled with gifts from the group.

An attractive refreshment plate was served to each of the guests: Mmes. G. C. Clary, J. O. King, I. B. Hill, Lucille Nash, P. L. Carter, C. E. Campbell, Ira Clary, Morris Henson, Archie Simms, Ernest Sanders, J. E. Dulin, J. A. Hill, Leo Herrin, Lee Holley, Lige Holly, Lonnie King, Beatrice Hyde, Egbert Evans, W. C. Huffaked, Boyd, J. P. Gilmore, Louis Shambeck, A. J. Moffit, Tommie Lishman, W. A. Darby, Doris Lee, Dayton Short, Misses Vera Clary, Beatrice Gilmore, Ellen King, and the hostess, Mrs. Dulin. Many others who were unable to attend sent gifts.

Mrs. B. P. Maddox left Tuesday for Ardmore, Oklahoma, to attend the funeral of her sister's husband, George W. Lewis, who had just died. Mr. Lewis had been superintendent of the Confederate Home at Ardmore ever since it was established soon after the state was admitted to the Union. Mrs. Lewis, his wife, is matron of the Home.

While Mr. W. O. Robertson attended the Hardware Dealers' Convention in Amarillo the first of the week Mrs. Robertson visited with their daughters, Misses Beryl and Edith Robertson who are students at Texas Tech in Lubbock.

Mr. and Mrs. H. P. Caveness are having a new home constructed in northwest Tahoka. Work was begun Monday. It is to be a story and half tall and will be one of the most attractive residences in town.

Juanita Anderson, 14, daughter of Mr. and Mrs. Ben Anderson of New Home, was brought home from a Lubbock hospital Tuesday following an operation early last week for appendicitis. She is recovering satisfactorily.

BAPTIST W. M. S. TO CENTRAL

The Tahoka Baptist W. M. S. is planning to give their monthly Missionary program form "Royal Service" in the Central Baptist Church next Monday afternoon. It is hoped that many women from both churches will be in attendance.

Mr. and Mrs. Chester Connolly and daughter, Geraldine, and Mr. and Mrs. F. M. Sherrod and daughter, Miss Floyce left Saturday for Corpus Christi, where they expect to spend six weeks or two months before returning to Tahoka.

Mrs. Joe L. Van Dyke of the Midway community, who was carried to a Lubbock hospital Sunday, is said to be improving and expects to return home in a few days.

Mr. and Mrs. R. T. Mahanay of Route 4, were made happy on February 2, by the arrival of an 8 pound daughter.

Rev. and Mrs. Ben Hardy are spending a few days this week with their son, Dr. W. B. Hardy, and family in Big Spring.

Mrs. Jim Van Dyke and little son returned Monday from Abilene where they had been for a week visiting in the home of her father, Alvin Hicks and family.

Mr. and Mrs. Jack Applewhite and Mr. and Mrs. Bill Burleson attended the Hardware Dealers' convention in Amarillo Tuesday and Wednesday.

Miss Viola Ellis is visiting her brothers at Monahans and Wink this week.

CARD OF THANKS

We want to thank our many friends for the many acts of kindness and the words of sympathy with which they sought to lighten the burden for us in the recent bereavement which we suffered in the death of our companion and father, W. Amarillo Boy Gets High Musical Honor

BUDDY MEYER

Texas breaks into the national radio spotlight on Sunday, February 12, at 2 p. m., CST, when a 16-year-old Amarillo saxophonist will be awarded a gold medal for musical excellence in the "Parade of Prodigy" on Dr. Frank Simon's Armco Band broadcast. The program will be heard on 47 stations of the NBC Blue network, including KGKO, Ft. Worth-Dallas and KXYZ, Houston.

The young Texas prodigy is Buddy Meyer, who directed his own orchestra when he was 10. Since 1932, he has gained highest ratings in annual state and national scholastic contests. Buddy's orchestra became associated with the Texas Federated Music Clubs in 1933.

Two years ago he appeared as a soloist in Ft. Worth and at the Texas Centennial. He holds scholarships in music at Boies Military School, Jacksonville, Fla., the Cincinnati Conservatory of Music and the Interlochen, Mich., National Band Camp.

EL PASO—Forty NYA workers at the Washington Park Woodworking Shop in El Paso are completing construction of furniture for the Museum of the Texas College of Mines and Metallurgy. Youths have also helped build ten sets of hurdles for the College athletic field.

HEMPSTEAD—An NYA Community Center at Hempstead is rapidly nearing completion. J. C. Kellam, State Youth Director, has advised. Facilities available to youth of the community will include a large auditorium, library and kitchen unit.

COLEMAN—A native stone Community center to include five club rooms and an assembly hall for meetings of Coleman County young people has been approved for construction under an NYA Work Project. J. C. Kellam, State Youth Director, said.

MIDWAY

The farmers of the Midway community are especially busy listing their ground since the recent rains and light snow.

Mr. and Mrs. L. M. Nurdyke and daughter, Clara Paye, made a business trip to Hobbs, New Mexico last week.

Mr. Cleveland Littlepage who teaches at Hobbs, Texas, visited in the home of his parents, Mr. and Mrs. R. L. Littlepage, last Sunday.

Mrs. John Thomas recently returned from a visit with her sister, Mrs. Carlos Chiles near Lamesa.

Mrs. J. L. Van Dyke was taken to Lubbock to the sanitarium Sunday. Friends in the community wish for her a speedy recovery.

Miss Ruby Gray who is attending school at the Tech College visited in the home of her sister, Mrs. V. P. Carter.

The people in the Midway community are proud to have Mr. and Mrs. N. B. Brower back in the community.

Mr. C. M. Reagan of East Texas visited in the home of Mr. and Mrs. M. M. Davis this week.

The Midway school is proud to have three new students. They are: Syble and Gene Brower and Dwayne McClintock. All are former students of the Tahoka Schools.

Our Junior boys and girls playground ball team played the Wells school here Monday. The games were won by the Midway girls and Wells boys.

Everyone is invited to attend singing Sunday night.

THE ORIGIN OF THE SHIMMY

F. F. A. BOYS WIN POINTS

F. F. A. chapters of ten high schools in Lynn and neighboring counties were represented in district contests held in Seagraves last Saturday. Schools represented were: Seminole, Seagraves, Meadow, Ropesville, Anton, Whitharral, Fluvanna, Post, New Home, and Tahoka. Wilson was the only school in the district not represented.

The two Lynn county schools were not very fortunate in the contests, though J. W. Harston of New Home won third place in essay writing and Henderson of Tahoka won fourth place in table tennis.

The Seagraves chapter won first place, Fluvanna second, Anton third, and Whitharral fourth.

The next district meeting is to be held in Tahoka on April 29.

The newest Rotary Club in this section is at Lovington, New Mexico. Last week a club was organized there with twenty members.

County Officers Visit Capitol

County Judge P. W. Goad and Commissioner Waldo McLaurin, Tom Hale, and Sam Holland went to Austin recently to attend a meeting of the county judges and commissioners of the state. George Small was not able to go on account of illness.

Judge Goad says that the purpose of the meeting was to interview members of the legislature and urge the to support a bill to provide for the assumption by the state of millions of dollars worth of road bonds issued by the counties. Judge Goad says that about six hundred commissioners and county judges were present and that nearly all of them apparently favored the proposal. He and the commissioners of Lynn county stood almost alone in opposition to it.

Judge Goad explains that some of the counties of Texas long ago loaded themselves down with bonds. With the proceeds they built all kinds and character of roads. Much of this road mileage is now of little value. Much of the money was used to build rural roads, which he says are of chief value only to the communities which they serve. He gave Hidalgo county as an example of the profligacy with which some counties issued road bonds. Its bonds, he says, amounts to 17 million dollars. Other counties also issued bonds in large amounts, part of the proceeds being used on the state highways and part on rural roads. Twenty-eight counties in Texas, he says, issued 70 per cent of those bonds. Now they want the State to assume their payment. Lynn county has only a small amount of road bonds outstanding. He does not think it is right nor fair for Lynn county and other counties similarly circumstanced to assume the payment of this big bond indebtedness voted for the construction of highways in their particular counties, many of which roads were poorly built and are now practically worthless.

But he says that strong pressure will be brought to bear on the legislature to make the State responsible for their payment.

IT PAYS TO ADVERTISE

There was a man in our town, The chump thought he was wise, He swore (it was his policy) He'd never advertise; But, one day, he advertised, And thereby hangs a tale— His ad was set in six-point type And headed "Sheriff's Sale."

"Life is sweet just because of the friends we have made, And the things which in common we share, We want to live on, not because of ourselves, But because of the people who care."

Motor Accidents Fatal To Many

Motor vehicle accidents snuffed out one human life every five and one-half hours on Texas highways, streets, and roads during 1938. More than \$25,000,000.00 was the estimated economic loss in the state due to motor vehicle accidents in 1938. These facts and figures were revealed today by Harry S. Phillips, Traffic and Safety Engineer of the State Highway Department. He called attention to the 8.8 average daily death toll for the ten-day period, December 23, 1938 to January 1, 1939, when one person was killed every 57 and one-half minutes. "The seventy-six fatal accidents on the streets and highways of Texas during the Christmas holidays," Mr. Phillips said, "took a toll of 88 lives, inflicted personal injury to 105, and resulted in an economic loss of approximately \$1,087,150.00. According to statistics compiled by the traffic division, "the driver had been drinking" in twenty one, or 27.6 per cent, of the 76 fatal accidents, and fourteen, or 18.4 per cent, of the accidents were the result of vehicles traveling "too fast for conditions." Bad weather was largely responsible for the great increase in accidents during the holiday season, Mr. Phillips explained. Of the 1610 fatalities, recorded for the year, January 1 through December 31, 1938, 45.3 per cent were attributed to the primary causes, "driver had been drinking" and "driving too fast for conditions." Mechanical failure of vehicle resulted in 12.2 per cent of the fatal accidents, and responsibility rested on the pedestrian in 13.7 per cent, Mr. Phillips said.

ELDER DRENNON'S NOTES

Last Lord's Day was a fine day with the church here. We revised the church roll and found about one hundred active members. Seven new names were added last Sunday. We hope to make it one hundred and fifty this year. I am glad to see that people are swinging back to religion. Last year was the greatest for the Church of Christ in America for several years; twenty-five thousand conversions were reported in our religious journals and several were not reported. I see by last week's issue of the News that editor Hill is coming around in a fine way. He has finally admitted that a sales tax might be a good thing. Of course a transaction tax is out of the question. I think O'Daniel will be satisfied with a sales tax. He is a little off as to giving every one over sixty-five a pension. He evidently failed to hear or read O'Daniel's message to the legislature where he said he was in favor of giving every one who did not have a thirty dollar income, of making up what they lacked. Is thirty dollars too much, editor? Of all the most unfair criticisms, the one most daily papers carried last week (and most of them carried it in three issues) the one on the statement when he reprieved the negro takes the cake. And the Dallas News broadcast did the same thing this morning on his Sunday morning speech. Why will people become so prejudiced that they will not state facts as they are stated by the speaker? But it was the same way back in the days of Jesus. The scribes and Pharisees did the same thing with the statements of Jesus. But despite these false misrepresentations, O'Daniel's friends are still for him strong. As to O'Daniel and the race-horse gambling law, I will stake my honor that he will veto it if it passes. But I see the editor is still on the right side of the liquor question. Give it to them, brother Hill, and I say Amen, and more power to ye. As I travel around over Lynn county and see them turning up the soil I am constrained to believe it is just about the best farming country in the state, from the sandy soil on the west to the good black soil in the east. It is just hard to beat, and I have no land to sell either. Wake up, Tahoka, and march on. We have what it takes. If some church members got to heaven and something was proposed, would they say from force of habit "We are not able". And also who will they tell their dirty jokes to there? Yours for more people who will be kind, polite, and sweet in the home after the company has gone.--R. P. Drennon. "It's giving and doing for somebody else. On that all life's splendor depends; And the joy of the world, when you have summed-it all up, Is found in making of friends."

Notice To House Wiring Contractors

Mr. J. Warner Fyles of the Utilization Division of REA will be in Tahoka on Tuesday and Wednesday February 14 and 15. The afternoon of February 14 will be devoted to a meeting of all house wiring contractors who are interested in securing contracts to wire houses to be served from the lines of the Lyntegar Electric Cooperative, Inc. This meeting will be held in the County Court Room. On February 15th, there will be a meeting of members of the Cooperative for the purpose of discussing house wiring plans. All who are interested should avail themselves of these opportunities for securing reliable information in regard to the wiring of farm houses. 26-1tc.

No. 236-In Equity.
Notice Is Hereby Given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Lyndonville Savings Bank and Trust Company, of Lyndonville, Vermont, as Trustee for the Trust Estate created under the provisions of the will of Haddon W. Lyster, deceased, for Mary S. Lyster, all the Southwest one-fourth (S. W. 1/4) of Section Two (2), Cert. 17, Abstract 665, Tusk Transportation Company original grantee, situated in Lynn County, Texas, and being more particularly described by metes and bounds as follows:
Beginning at a 1" iron pipe set for the S. W. corner of Section 2, Rusk Transportation Company, and the S. W. corner of this Survey; Thence North to 950.4 varas set a 1" iron pipe for the N. W. corner of this Survey;
Thence North 89 deg. 52' East at 956.6 varas set a 1" iron pipe for the N. E. corner of this survey;
Thence South 89 deg. 52' W. at 956.6 varas to the place of beginning, and containing 161.37 acres of land and in consideration for which said purchaser proposes to cancel a claim against the undersigned for \$2726.50, and to assume the taxes now due on said land, as well as the taxes accruing for the year 1939.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.
Witness my hand at Temple, Texas, this 30th day of January, A. D. 1939.
H. C. Glenn, as Receiver for Temple Trust Company, Temple, Texas. 25-2tc.

Why don't you try Alka-Seltzer for the relief of HANGOVER
Stomach Gas, Headache, Acid Stomach, Colds, Neuralgia, Fatigue, Muscular, Rheumatic and Sciatic Pains?
Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylate, a Sodium Salt of Aspirin), which relieves pain and discomfort, while its vegetable and mineral alkalizers help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

REPORTS FROM THE COUNTY CLUBS

Miss Lillith Boyd, H. D. Agent

DRAW-REDWINE H. D. CLUB
Meeting in the home of Mrs. John Berry, Tuesday, February 7, 12 members and one visitor of the Draw-Redwine H. D. Club, saw a demonstration of "Food Plans and Food Needs for One Year" given by Miss Lillith Boyd, Home Demonstration Agent. Foods grown in both field and garden were listed. During the business hour, presided over by Mrs. Graham Hensley, Vice President, one hundred per cent of the Club members contributed to the Educational Fund. Mrs. John Banks' son had charge of the recreation hour during which lively games were enjoyed by all.
—Club Reporter.

DIXIE H. D. CLUB
Although Winter raged outside, Thursday, February 2, the Dixie H. D. Club met in the home of Mrs. A. C. Aycox and made plans for spring gardens. Visitors present: Miss Vergia Cobb, Mrs. Marvin Berry, and Mrs. George Bovell. Members present: Mesbames B. C. Aycox, Gion Cobb, A. L. Dunningan, Loyd Huffaker, Marvin Munn, G. B. Sherrod and the hostess, Mrs. Aycox.

THREE LAKES H. D. CLUB
The Three Lakes Home Demonstration Club met with the President Mrs. Carroll Edwards February 1. Six members were present. Miss Lillith Boyd discussed some living room principles. She particularly stressed comfort and convenience in one's own living room. Each member was urged to add a light or small table for the family's use. Each club member contributed five cents to the Educational fund. Mrs. T. Ellis will be hostess the second Thursday in February.

First Lady Speaks at H-SU On March 10

Mrs. Franklin D. Roosevelt, America's First Lady, is coming to Texas on her spring lecture tour, proceeds from which she devotes to favorite charities. On March 10, at the Hardin-Simmons University auditorium, in Abilene, Mrs. Roosevelt will tell of "A Day at the White House."

T-BAR 4-H CLUB

"We plan to get about two-hundred White Leghorn baby chicks for three of us to raise in club work", Pauline McMillan told the members of the T-Bar 4-H Club at a regular meeting February 2.

"I selected White Leghorns because our family flock was this kind. We think it is best to have only one kind of poultry", said Pauline.

Maxine Lindley was elected secretary, Verna Jo Johnson was elected vice-president, and Pauline McMillan was elected recreation leader.

Members present were: Verna Jo Johnson, Maxine Lindley, Callie Fay McMillan, Irene McMillan, Pauline McMillan, Ollie Lee McMillan, Ina Gean Maness, Minnie Bell Maness, and Doris May Maness.

GRASSLAND 4-H CLUB

The Grassland 4-H Club members voted unanimously that Margie Shepherd had accomplished more things in club work in 1938 than the other members. Other girls scoring high were: Beth Shepherd, Rubie Greer, Joy Moore, Billie Greer, Nelda Lois Moore, and Frances Aten. This was decided at a regular meeting February 3.

Four cup towels and three head scarfs were completed.

Miss Lillith Boyd C. H. D. A. urged the girls to make preparations for their chicks before securing them.

Members present were: Frances Aten, Maxine Cash, Mary Ruth

SERVICES AT THE PRESBYTERIAN CHURCH

No lingering about the shores of this new year. We are out from port now one month in the deep of this new year. Each week and month is cumulative with its urge to work opportunity and responsibility. Indeed time and life is so sacred and meaningful. Not less in the Christian life than in our secular affairs. Something depends upon our estimate or appraisal of spiritual things. As the branch can not bear fruit except it abide in the vine, no more can ye bear fruit except ye abide in me". The Christian way is surest way to highest reaches and attainments in life. Nothing so indispensable to world peace and human betterment as the Bible read and the Gospel preached.

Be in our services next Sunday, Sunday School 10 a. m. on time and preaching 11 a. m. followed by the Communion Service.

Morning theme: "The Serving Church". Fine old Gospel hymns, and a most cordial fellowship, always.

Women's Bible Class Monday afternoon.

Glad to have you in our services Sunday. Everybody cordially invited.—W. K. Johnston, Minister.

METHODIST CHURCH

National Scout Week will be observed Sunday morning with a sermon by the pastor on "What Shall I Do For My Son?" The Scouts will be our guests of the morning and every child and young person is invited to be present in the congregation. Begin the day by attending the Church School at 9:45 bringing all the children and youth you can find to that service.

Many visitors were at the church to hear Bishop Holt Sunday. They were from Brownfield, Draw, Grassland, O'Donnell, Wilson, Plainview, Lubbock, Post Circuit, and several rural churches. With a schedule like that of John Wesley, beginning at 9 and concluding at 9 and extending from Big Spring to Plainview, he visited half a dozen places and preached at all of them. In spite of the vast exertion expended Bishop Holt was virile and inspiring. We are fortunate to have such a chief pastor in charge of our area.

Evening services Sunday begin Leagues 6:30 and conclude with church worship at 7:15. Prayer meeting at 7:15 Wednesday. Choir 8:15.

—George E. Turrentine P. C.

SENATE FAILS TO APPROVE SMITH

(Cont'd. from page 1)
adopt the recommendation. The session today was executive and members are forbidden to disclose the vote.

Rumor was that Smith was promised another post if he would ask the governor to withdraw his name, but that he refused to do so. He left for home yesterday and was not in Austin when the senate acted.

The first nomination rejected by the senate was that of Carr P. Collins of Dallas for chairman of the state highway commission.

The governor has not sent another name to the senate for that post yet.

Sen. G. H. Nelson of Lubbock, one of Smith's chief supporters, had said the opposition of Lieut.-Gov. Coke R. Stevenson would cause the defeat of his candidate. The objection to Smith was not known, members maintaining a rigid silence. There were unconfirmed reports some objected to a claimed

lack of experience in insurance matters.

THE PATHFINDER

is the one and ONLY publication with the knowledge, experience and courage to give you every week the first-hand, inside information which is positively necessary for you to have. It is the ONE publication which is under no obligations to the big moneyed interests or Czars of trade—none of those fatal tie-ups with the selfish cliques who gamble in the very life blood of the people. That's why the Pathfinder is in a position to tell you the unvarnished facts in the plainest possible English. You can depend on every word it says—and there is no substitute for reliability.

EVERY WEEK FROM WASHINGTON, D. C.

Washington is now the news center of the entire world. It is the one place in the country where a strictly unbiased and reliable publication can be issued. That is why the Pathfinder is located there. The same clear sighted vision which led to the selection of the National Capital as the home of the Pathfinder over 40 years ago is the backbone of every single issue of the Pathfinder today.

It is our privilege for a limited time to offer you at a greatly reduced bargain price the greatest and most popular national weekly—THE PATHFINDER—together with THIS PAPER, both a full year—52 weeks—for
