Tahoka, Lynn County, Texas, Friday, February 24, 1939.

Number 28.

Work Starts On 320-Mile Rural Electric Line

New Road Project For Lynn County

Highway No. 9 Being Widened

Work was begun a few days ago on a project to widen the hard surface on highway No. 9 from Tahoka to the Dawson county line just beyond O'Donnell, a distance of about 15 miles. Caliche will be extended six feet on each side of the asphalt pavement. This makes the road much more serviceable, for while a caliche surface is not the equivalent of asphalt, it will enable cars to get off the pavement proper without encountering mud or loose sand. This is a WPA project and it is estimated that it will give employment to 47 men for a period of four months.

According to an Austin news report published in the Dallas News Sunday, State Highway Engineer Julian Montgomery announced Saturday that a permanent hard surface of asphalt will be placed on U. S. Highway No. 380, better known to our people as state highway No. 84, from Post to the Lynn county line and from twelve miles west of Brownfield to the Yoakum county line. This work is to be completed some time this year.

County Judge P. W. Goad says that a like surface will be placed on this highway from Tahoka to the Garza county line, that the funds for this project have already been set aside, and that the work is to be done this summer. The only reason the improvement of this section was not mentioned in the Dallas News report, he says, is the fact that it is to be done by contract, whereas the state highway department will improve the other sections mentioned as WPA projects.

Most of the grading and drainage structures over the Lynn and Garza sections of this highway have already been completed.

New Home Wins Junior Contest

New Home boys and New Moore girls were victorious in the Lynn county junior basketball tournament held here last Friday and Saturday, each team being awarded loving cups by the local school.

Grade school principal E. E. Smith, and A. R. Bostick and John Kirkwood, teachers sponsored the tournament, in which ten girls' teams and eight boys' teams participated.

Results of the games were as follows:

GIRLS

New Lynn 14, Tahoka 2.
New Moore 15, Draw 3.
Harmony 9, New Home 11.
Grassland 11, O. K. 6.
Tahoka Jr. High 2, O'Donnell 0.
New Moore 13, New Home 12.
Grassland 20, Tahoka Jr. High 18.
New Moore 9, New Lynn 3.
New Moore 26, Grassland 8.

BOYS

Tahoka 26, New Lynn 3.
New Home 18, Harmony 6.
Draw 10, Grassland 4.
T-Bar 16, O'Donnell 4.
New Home 20, Tahoka 16.
Draw Defeated T-Bar.
New Home 27, Draw 12.

Draw Man Has Injury To Eye

W. C. Dulin of Draw, who has been in Fort Worth the past two or three weeks having his eyes treated by a specialist, is expected home the latter part of this week, according to information given the News.

Some time ago Mr. Dulin got a piece of steel in his eye, it is said, and later the injury became infected. After treatment for a time at a Lamesa hospital he decided to see a specialist. It was feared that he was about to lose the sight of both eyes.

Some improvement in his condition has been noted, we are told.

Negro Charged With Murder

Sheriff B. L. Parker states that immediately upon his return from Arkansas with a prisoner the latter part of last week, he found an indictment had been returned against an O'Donnell negro, Wilbur James, for an assault upon another colored gentleman of that city, who has the unusual name of Smith, with intent to murder the said Smith. He immediately left for Waco, where he found the offending brunette, and brought him back to Tahoka. The facts of the case will probably come out on the trial next week.

Fritz Nieman Of Wilson Is Dead

Fritz Nieman, 59, a farmer residing near Wilson, died Tuesday night in the Mercy Hospital in Slaton.

Funeral services were conducted in the St. Johns Lutheran Church in Wilson at 2 o'clock Thursday afternoon, with Rev. E. Herber officiating. The body was laid to rest in the Wilson cemetery.

A great throng of friends and relatives, including a number of Tahoka people, attended the services.

Mr. Nieman had been a resident of the Wilson community for more than 20 years, being a prominent and successful farmer, and an excellent citizen.

He left surviving him his wife, three sons, Adolf Nieman of Lamesa, Edwin and Willy of Wilson; and one daughter, Mrs. Alma Maeker of Wilson.

Also surviving are four brothers: R. J., G. C., Henry, and Emil Nieman, all of Wilson, and three sisters: Mrs. John Maeker and Mrs. George Ehlers of Wilson and Miss Ida Nieman of Lubbock.

Hanes Attending National Meet

W. T. Hanes, superintendent of the Tahoka schools, accompanied by W. B. Irvin, Lubbock superintendent, left yesterday for the annual meeting of the National Education Association being held this year in Cleveland, Ohio, February 25 to March 3.

Today they expected to visit in the Dallas public school system, leaving that place tonight for Cleveland aboard a special train of Texas teachers and school superintendents. A number of other school people from this section are expected to attend the convention.

Books Of City Being Audited

The books of the city of Tahoka are being audited this week by Messrs. Horton & Bixler of Lubbock, after which notices will be sent to property owners whose taxes appear to be delinquent.

MAKES HONOR ROLL

Miss Mary Jane Turrentine, daughter of Rev. and Mrs. Geo. Turrentine, who is a student in West Texas State Teachers College, Canyon, was on the honor roll of that institution last semester. Her grades for the semester were among the highest five percent of students enrolled in the college.

Mr. and Mrs. Charles Lichey, who reside on Route 4 near Cross Roads Milling station, are the parents of a daughter weighing 8 pounds born in the West Texas Hospital in Lubbock in Thursday night, February 26.

Baptist Revival Is In Progress

Growing crowds are attending the revival services which are being conducted at the Baptist Church.

Rev. Hugh Bumpas, pastor of the Tabernacle Baptist Church at Ennis, is doing the preaching, having arrived Monday evening. His messages are dynamic yet tender. If you hear him once you will want to hear him again and again.

Mr. Earl Rogers, director of music in the First Baptist Church at Denton, is doing most excellent work with the choir, while Mrs. Rogers presides in a fine way at the piano. The song services as well as the preaching are generally pronounced very fine.

Prayer meetings are being conducted immediately preceding the evening services.

The campaign will continue throughout next week.

Services begin at 7:45 at night and run from 10 till 11 o'clock each morning.

New Doctor Will Locate In City

Dr. J. W. Sinclair, resident physician of the Lubbock Sanitarium, has engaged office space over the First National Bank and expects to locate in Tahoka about March 15, he told the News last week.

Dr. Sinclair has been with the hospital at Lubbock about a year and a half.

Mrs. G. C. Fairley, O'Donnell, Dies

Mrs. Fannie Fairley, wife of G. C. Fairley, and a long-time resident of O'Donnell, died at the home of a daughter, Miss Winnie Fairley, in Lubbock late Monday afternoon.

Funeral services were conducted in O'Donnell at 2:30 o'clock Tuesday afternoon, Elder R. P. Drennon of the Church of Christ officiating.

Mrs. Fairley had been sick for several months. She was 53 years of age. She left surviving her the husband G. C. Fairley, one son, A. D. Fairley, and three daughters; Mrs. T. H. Dawson, Mrs. Roy Cole, and Miss Winnie Fairley of Lubbock; a brother, Coke Curry; a sister, Mrs. Charley Nunnally, and five grandchildren.

Make Profit On Cattle Raising

H. W. and Garland Pennington shipped to Fort Worth Wednesday the last truck loads of a bunch of 121 coming two-year-old heifers that they have been feeding in their pens here. They began shipping about two weeks ago.

These heifers weighed an average of 529 pounds when the Penningtons began feeding them on October 20. Their average weight as marketed was about 800 pounds, or a gain of approximately 270 pounds. They are receiving about \$8.25 per hundred pounds. It can be readily seen therefore that with feed cheap they are making a handsome profit on these heifers.

There are a number of other feeders here this year.

VISITS SCHOOLS

Mrs. Lenore M. Tunnell, county school superintendent, spent a part of this week and last visiting schools. On Tuesday night she attended a meeting in Lubbock at which Miss Edgar Ellen Wilson, second assistant in the office of the State Superintendent of Public Instruction, spoke on the matter of school standardization.

FATHER DIES

E. J. Burkhalter and family were called to Guyman, Oklahoma, two weeks ago by the death of Mr. Burkhalter's father, P. G. Burkhalter, who resided there. A peculiar circumstance was that the Burkhalters were expecting the father to arrive for a visit with them on the very night that they received the message telling of his death.

Tractor Runs Over, Seriously Injures J. W. White of Petty

While operating a tractor on his farm near Petty Wednesday afternoon, J. W. White, about 57, was run over by the machine, sustaining most serious injuries.

Dr. Emil Prohl and a Harris ambulance of this city were called and hastened to the farm, where the doctor rendered first aid, after which the injured man was rushed to a Lubbock hospital. An x-ray examination disclosed that four ribs had been broken and he had suffered hemorrhages in the region of the heart.

The accident occurred between five and six o'clock. At the time Mr. White had dismounted from the tractor and was standing by the machine talking with a son, Delbert White, who was operating another tractor in an adjoining field. Apparently he accidentally struck the clutch, releasing it. The tractor suddenly started moving, knocked him down, ran over his feet and one wheel had run up onto his chest when the machine was stopped by a grandson, Ted White, who applied the brakes.

While the condition of the injured man was said to be not critical, yet, on account of his years, grave fears are entertained as to the final consequences.

Mr. White is a prominent farmer of the Petty community and is well known here.

Tahoka Receives Fire Rate Credit

Mayor Deen Nowlin on Wednesday morning received the following communication from Marvin Hall, Fire Insurance Commissioner, highly commending the Tahoka Fire Department. Omitting the salutation, the communication follows:

"After announcing that your fine city will again receive the good fire record credit of 15 per cent for 1939, I want to take this opportunity to commend your fire department to you for the effective work it has been doing in saving your citizens both from fire losses and from higher insurance costs.

"Any time this Department can assist you with any of your fire-fighting or fire protection problems please do not hesitate to command us. Cordially yours, Marvin Hall, Fire Insurance Commissioner."

A. L. Smith's Uncle Dies In Lubbock

S. E. Stiles of Lubbock, uncle of A. L. Smith of Tahoka, who had been seriously ill for some time and who was given a blood transfusion one day last week in the hope of saving his life, died in a Lubbock hospital Saturday night. The body was buried at his former home, Flodyada, on Monday, Mr. and Mrs. A. L. Smith of this city attended the funeral services.

Deceased, 63, leaves a wife, one son and two daughters together with other relatives as survivors.

DATES ARE SET FOR F. F. A. CONTESTS

Dates for the fourteenth annual F. F. A. judging contest at Texas Technological College have been announced by Ray L. Chappell, head professor of vocational agriculture. The meet will be conducted in two parts for the first time this year.

Vocational agriculture high school students will judge dairy cattle, dairy products, meats, and cotton on February 25.

Livestock, poultry, and farm shop contests will be held on April 1.

Contests, which have been conducted at Tech each year since establishment of the college, are open to all vocational students wishing to compete.

Born to Mr. and Mrs. Hubert S. Nugent of O'Donnell in the Dr. Prohl Clinic here last Saturday a son weighing 9 pounds and 12 ounces.

Contractors Are Here To String Light Line

Federal Project Will Make Power Available To 950 Farms In Territory

M. J. Reinhart of the firm of Reinhart & Donovan of Oklahoma City who were awarded the contract for building the rural electrification line which is to serve portions of Lynn, Terry, Hockley, and Garza counties, together with Leon Kester, superintendent for Reinhart & Donovan, arrived here Monday to have work on the project started at once; and work has begun. The contract calls for the work to be completed by early summer.

This project will consist of about 320 miles of line to serve approximately 950 farms.

A communication received by the News from the Rural Electrification Administration, Washington, D. C., further states that:

The Union Crescenting Co. will furnish 67 carloads of poles; Phelps-Dodge Co. will furnish about 800 miles of wire, and the Westinghouse Electric Co. will ship 674 transformers, ranging from 1½ kva to 5 kva.

Construction of these lines will provide nearly 52,000 man hours of employment in direct labor alone.

All who wish to get service from the new lines should sign up for it at once and make arrangements for wiring and plumbing installations. The route of the line is now being laid out, and the network is planned to reach areas where enough member service contracts have been signed to make construction economically feasible. If insufficient contracts have been signed in any particular area, the lines will be routed another way.

Experience has indicated that usually a number of requests for service come in after construction has started. These requests cannot ordinarily be granted until the contractor finishes building the project as planned and laid out before his crews arrive. Priority must be accorded those lines for which service contracts are signed up early. Construction of other lines must depend upon the availability of funds after the main project is built.

Wilson Seniors Planning Trip

Superintendent S. G. Anthony of Wilson had business in the office of the county superintendent, Mrs. Lenore Tunnell, Tuesday.

He stated to a representative of the News that the twenty-six members of the senior class of the Wilson high school, together with two sponsors, are planning a 2,000 mile trip for this summer, and the students are making the money to pay all the expenses of the trip, even the hire of the school bus.

They will go in one of the school buses, to which will be attached a four wheel trailer to be used as a kitchen. They expect the trip to be of great educational value as well as a source of much pleasure. The itinerary will include Austin, San Antonio, Corpus Christi, Brownsville, Monterey and other points in Old Mexico; then back into Texas, through Alpine and the Davis Mountains, to the Carlsbad Cavern, and back home.

Mr. Anthony says that it has been the custom of the Senior class at Wilson each year to take some such trip. They invariably find it both enjoyable and educational and at the same time comparatively inexpensive.

Rose Bushes Are Given Churches

Terry Thompson, proprietor of Thompson Variety Store, last week donated 66 rose bushes to the First Methodist Church and 24 to the First Baptist Church. The plants will be used in beautifying the church grounds.

Club and Church News

HAVE BASKETFUL OF GRANDDAUGHTERS AS GUESTS
Mr. and Mrs. Burton Edwards had as their guests last Sunday their three little grand-daughters, all recent arrivals. The parents came along too just to watch the fun.

The three are the daughters respectively of Mr. and Mrs. Boswell Edwards of New Home, born early in December, Mr. and Mrs. Joe Boles of Lubbock, born on January 15, and Mr. and Mrs. Bill Buck of Tahoka, born January 19.

All three were placed in a single basket and presented to the dotting grandparents, just for the day. Burton hasn't been happier since he got his first pair of red-top boots, and we don't know whether Mrs. Edwards ever was as happy before. However, we will not speculate on that, since—well, that's all.

PHEBE K. WARNED CLUB
The Phoebe K. Warner Club met with Mrs. W. B. Slaton February 14. Mrs. W. O. Henderson was co-hostess.

The following program was given on Mexico and International Good Will.

Races of Mexico—Mrs. L. C. Haney.
Places of Interest—Mrs. L. F. Craft.

Mexican Music—
The club's next meeting will be a lecture by Dr. Holden of Texas Technological College. This lecture will be in the High School auditorium Thursday evening, February 23.

Miss Mary Margaret Tunnell, a student in the Texas Tech, spent the week-end here with her mother and little sister, Mrs. Lenore M. Tunnell, and Savanna Lou.

Miss Mary Margaret Tunnell, a student in the Texas Tech, spent the week-end here with her mother and little sister, Mrs. Lenore M. Tunnell, and Savanna Lou.

COMING MARRIAGE OF MISS BOYD ANNOUNCED
The approaching marriage of Miss Lilit Boyd of this city to Mr. A. G. Fleischer, a member of a surveying crew for the Standard Oil Company of Indiana, was formally and officially announced at a luncheon given by Miss Lyda Cooper, district home demonstration agent, in Miss Boyd's honor and attended by all the county home demonstration agents in the district, at the Hilton Hotel in Plainview on Wednesday of last week.

Miss Boyd had tendered her resignation as county home demonstration agent to the commissioners court here on the preceding Monday to take effect on February 28, and the same was accepted. Immediately thereafter, upon the recommendation of Miss Lyda Cooper, the district agent, Miss Maurine McNatt was elected to succeed Miss Boyd as home demonstration agent here.

Miss Boyd will be married at the home of her parents at Perrin in Jack county on Sunday, March 12. She leaves Lynn county with the best wishes of our entire citizenship, especially of the women and the girls whom she has helped in H. D. and 4-H club work, and their families, together with hundreds of other friends here and throughout the county. She has been the agent here for nearly three years and we have never heard anything but commendation of her work.

Mr. Fleischer worked in this county several months as surveyor for his company and made many friends here.

Miss McNatt, who will begin her work here as home demonstration agent on March 1, comes highly recommended by Miss Cooper. She was reared in Hunt county, where she was an outstanding club girl and where she won a scholarship to the boys and girls club congress held in Washington, D. C. She is a graduate of the Texas College for Women, so long known as the C. I. A., at Denton. For the past two years she has been the home demonstration agent of Sherman county in the north Panhandle, Stratford being the county seat.

Miss Boyd has great confidence in the ability of Miss McNatt to make good, and she hopes that her successor will receive the hearty cooperation of all the club members in the county.

Mr. and Mrs. S. N. "Shed" Weathers were here from Abilene Monday night, visiting in the home of his mother, Mrs. E. N. Weathers.

EUZELIAN CLASS
A prayer service for the coming revival held last Thursday night took the place of the monthly social held usually by the Euzelian Class. Mesdames Applewhite and Hill had charge of the service which was participated in by fifteen members. Mesdames Harris and Scott had charge of refreshments, which were both dainty and delicious and which by their shape and color reminded us of the Valentine season.

Those attending the service included: Mesdames: F. M. Billman, Geo. A. Dale, R. C. Forrester, Wylie Fortenberry, P. W. Goad, F. O. Greathouse, W. T. Hanes, W. M. Harris, E. I. Hill, H. B. Howell, Carl Owens, W. A. Reddell, J. L. Reese, J. M. Scott, and the hostess, Mrs. J. K. Applewhite.

DR. CHASE THOMPSON MARRIES SPUR GIRL

Dr. Chase S. Thompson, who recently located here to practice Medicine, and Miss Edith Ince of Spur, who has been employed as a helper in one of the departments of the West Texas Hospital in Lubbock, were married in Post at 8:30 o'clock Saturday night at the home of the Methodist pastor, Rev. M. L. Boyd, who officiated.

Dr. and Mrs. Thompson returned to Tahoka Sunday night. They are occupying the Leonard Craft residence with the exception of one room which Mr. and Mrs. Craft reserve for themselves.

T-BAR 4-H CLUB HAS PROFITABLE MEETING

The T-Bar 4-H Club met at 9 a. m. on Wednesday of last week in the T-Bar school house, with all members present except one.

The program was begun with two appropriate songs.

In response to an inquiry, all the girls present except two answered that they each had a place for each garment. A few of the girls had their cup towels finished. Nina Rhea Waldrip was a new member and was elected reporter for the club.

Members present were: Maxine Lindley, Callie Faye McMillan, Doris Mae Maness, Minnie Belle Maness, Pauline McMillan, Verna Jo Johnson, Irene McMillan, Ollie Lee McMillan, Mina Rhea Waldrip. —Reporter.

NEW LYNN 4-H CLUB

"Nothing is more satisfying than to know one's clothing is ready for wear, and children should be taught the responsibility of caring for their own clothing," said Mrs. R. W. Barton at a meeting of the New Lynn Club Girls Tuesday.

Members present were: Pearl Fleming, Dorothy Lackey, Edith Dickens, Dorothy Holcomb, Opal Ruth James, VeNeil Walker, Winona Cawthorn, Mary Jo Newman, Lois Walker, Ruth Evans, Lucretia Lackey, Inez Robinson, Betty Smith, and Billy June Norman.

MIDWAY

Everyone is invited to the "Midway Get Together" Friday night, February 24. Upon this occasion a three-act play entitled "Simple Simon Simple" will be presented with musical numbers between acts. The cast includes:

Simon Simple—Mr. V. P. Carter.
Mrs. Simple—Mrs. V. P. Carter.
Thankful Barlow—Robert Draper.
Minerva Webb—Alice Duncan.
Stella Simple—O'Veil Warren.
Elwood Elkins—Tom Draper.
Sammy Simple—John Thomas.
Sally Ann—Norma Thomas.

Hazel Hawkins—Lottie Jo Stephens.
Mrs. Lenore M. Tunnell, County Superintendent of schools, paid the Midway school a short visit last week.

Little Chistley Jenkins is out of school this week with a seriously injured knee.

Icephene and Nieto Stephens spent the last week end in the home of their parents, Mr. and Mrs. L. R. Stephens.

The complete overhauling of the Bethel church has just been finished. The church has taken on new appearance with fresh paint, wall paper, lights, and shrubs. Sunday school is held every Sunday and church is held every second and fourth Sunday. Everyone has a special invitation to attend.

Mr. and Mrs. T. S. Greenway moved from this community to Jones county last week.

Mr. Pharies Stephens has been ill with pneumonia. His condition is improving, however.

Mrs. J. B. Nance returned Monday from Big Spring, where she spent a few days with a friend of many years standing, Mrs. H. H. Padgett. The two were school-girl chums, and have never gotten over it.

Mrs. J. N. Garrison of Guymon, Oklahoma, is here visiting her father, Frank Stuart, and family. Mrs. Garrison is herself a former resident of Tahoka.

Political Announcements

The following are candidates for officials of the City of Tahoka, election April 4, 1939:

FOR CITY MARSHAL:
GUY SHERROD.
JIM VAN DYKE.
A. F. McGLAUN.
E. J. BURKHALTER.
MILT FINCH

HOME ECONOMICS NEWS

The Home Economics 1-B class are now studying a unit called "Making Home More Livable". This unit is on care of furniture, proper arrangement of furniture proper storing, and many other things. This is a very interesting unit and the girls think they will enjoy it very much.

The class has just finished studying a unit on "Care of Pre-School Children". This was a very interesting unit. The girls made several very interesting scrap books for children. This unit contained games, pictures, songs, poetry, and care for children.

Congress Gets Freight Rate Bill

Washington, D. C., February 20.—"I have today introduced in the Senate a bill seeking to correct the inequalities and discriminations in freight rates in Texas and the Southwestern territory," United States Senator Tom Connally of Texas announced here this afternoon.

Explaining the action, Senator Connally said:

"The act seeks to remove the differentials which operate to increase the rates in that territory. The bill makes it unlawful for any carrier to make any unreasonable preference or advantage to any shipper or to any transit point, region, territory, sub-region or sub-territory or to subject any particular shipper or region or territory to any undue or unreasonable prejudice or disadvantage in any respect whatever. It also provides that the Interstate Commerce Commission shall investigate and determine the inequalities in freight rates between different sections of the United States where different freight rate levels have heretofore prevailed and shall remove such inequalities, and the Commission shall further investigate to determine the extent to which free movement of the traffic involved in such investigation will be promoted by encouraging by removing such inequalities between interterritorial rates and rates upon the same classes of traffic in a lower rated territory. It further provides that the Commission shall readjust the rates so as to eliminate any inequalities which may be found to exist."

"The purpose of the bill," Senator Connally said, "is to remove the gross discriminations and inequalities in the matter of rates which burden freight and commerce in the Southwest and in some other areas."

The Committee on Interstate Commerce of the Senate will begin hearings on February 27th on a number of similar bills, all having in mind the same objective. It is our purpose to thoroughly examine all of these measures and endeavor

SHERMAN RUSSELL WEDS SAN SABA YOUNG LADY

Sherman Russell, son of Mr. and Mrs. J. W. Russell, was married last Saturday afternoon to Miss Vivian Bourke at San Saba, where the young lady resided. They came to Tahoka Tuesday night, and at present are at the home of Mr. and Mrs. Garland Pennington, Mr. Russell being Mrs. Pennington's brother.

Young Russell is employed at the present time with the Lyntegar Electric Cooperative, Incorporated.

Mrs. R. C. Forrester and daughter, Miss Obera, spent Sunday in the home of Mr. and Mrs. Homer Scott in Lubbock, Sunday being the 78th birthday anniversary of Mrs. Forrester's mother, Mrs. A. N. Hughes, who is staying with the Scotts at this time. Mrs. Hughes is enjoying excellent health for one of her years.

Mr. and Mrs. W. L. Rowe of Midway have adopted a little son nine months old, whom they have named Harold Zane. They procured the youngster from a family near Lampassas. He is a robust fine-looking little fellow, and Mr. and Mrs. Rowe are very proud of him.

Mrs. L. E. Turrentine and daughter, Miss Dottie, and Mr. and Mrs. B. J. Leedy visited a sister, Mrs. O. B. Bryant, at Goldsmith the latter part of last week.

G. C. Johnson returned recently from a visit of six weeks with relatives at Paris, and he says that when he left crop prospects for the year were excellent.

Jack Endsley, lately from Lamar county, near Paris, is now living at Tahoka, Route Two and has joined our large family of readers.

James Hardy Eubank, young son of Mrs. Helen Eubank, has been out of school several days with a throat infection.

to work out one upon which all can unite and make a concerted drive for its enactment."

Teachers Will Meet In Lubbock

Lubbock, Feb. 23.—More than 2,000 delegates from 24 counties in West Texas are expected to attend the West Texas Teachers Association meeting in Lubbock March 30 and 31, according to Hayes Holman, of Post, president of the association.

School teachers, trustees, superintendents, principals, and PTA officials and members are urged to attend the two Friday afternoon sessions. Beginning at 3 p. m. at the Lubbock high school auditorium there will be discussed the relationship of school trustees to superintendents, by Dr. Harris Cook of Canyon. At the same meeting, J. Slaughter of Post will discuss school finance and school legislation. Following these discussions there will be a general round table discussion for all attending the meeting.

The second meeting to be held that afternoon will also begin promptly at 3 p. m. at the high school. This will be a Safety Meeting. Every school superintendent and principal have been asked to appoint one or more representatives from their schools to attend this meeting. Also each PTA council has been requested to have representatives attend this group meeting. Carl J. Rutland, of the State Safety Association, will be the principal speaker.

Holman stated that in all probability schools will dismiss Friday in order that teachers and officers may attend this annual convention.

LOCAL MAN CHAIRMAN TRUSTEES DIVISION

Supt. Hayes Holman of Post, president of the West Texas Teachers Association, has announced that Frank Hill of the Tahoka board of trustees will serve as chairman of the trustees division of the annual meeting to be held in Lubbock May 10 and 11. The meeting of trustees from the 24 counties embracing the teachers association will be held at 3 p. m. Friday, May 10. Subjects of special interest to school trustees will be discussed.

Mr. and Mrs. Lane Moreland of Ballinger visited Mr. and Mrs. W. D. Smith, Mr. and Mrs. L. C. Haney and other friends here last Sunday. Mr. Moreland was prescription clerk at the Tahoka Drug Store here for a number of years and Mrs. Moreland was prominent in the social and civic life of the town. Mr. Moreland is now employed in a Ballinger drug store.

The O. A. Corley family and W. P. Pitts went to Wingate Tuesday for the holiday, returning to Tahoka Wednesday afternoon. Mr. Corley and Mr. Pitts are rural carriers here.

Mrs. M. R. Pemberton, who has been so critically ill since undergoing an operation nearly two weeks ago in a Lubbock hospital, was seemingly much improved Thursday. It is now believed that she will recover.

The condition of Mr. Scott Davis who has been ill for a long time, became critical the first of this week and it is feared that he may not live more than a few days.

Ann Cowan, small daughter of Mr. and Mrs. T. Cowan, is apparently recovering from an attack of pneumonia at the home in east Tahoka.

Mrs. M. G. Parker, the former Miss Ruth Shaffer, is here visiting her parents, Mr. and Mrs. G. C. Shaffer.

The Baptists at New Home are building an attractive pastor's home adjacent to the church building.

CUT OUT THE POLITICS

It is probable that the nomina-
tion of J. C. Hunter of Abilene for
state highway commissioner will
have been confirmed or rejected by
the Senate before this paper reaches
the readers.

It is hoped by a majority of the
people of Texas, we believe, that
the nomination will be confirmed.
Hunter's ability and fitness are not
questioned by anybody, it seems; the
only objection to him is one of
geography. Those East Texas sena-
tors are bent on having an East
Texan succeed John Wood.

It was this same objection that
caused the rejection of the nomina-
tion of Carr P. Collins of Dallas.
Collins did not live far enough east
to suit the piney woods politicians.
And so they turned him down.

Now they are fighting Hunter be-
cause he lives still farther west.

We believe the people are getting
tired of this contentious, play-
ground attitude of the Senate.

There was doubtless good ground
for its rejection of that fellow Halle
as tax commissioner, and if they
had stopped with his rejection the
people probably would have been
with them. But then came the re-
jection of Carr Collins and Truett
Smith, both of whom are clean and
capable, from purely geographical or
political reasons, and now a bunch
of them are tearing their hair and
trying to defeat the appointment
of Hunter for no other reason than
that he doesn't live in the right

place, according to their notions.
Every time they reject an ap-
pointee such as one of these, they
make Governor O'Daniel that much
more popular.

Why not cut out the politics and
get down to business?

DICTATORS COME HIGH

One of the favorite tricks-of-the-
trade of the dictators is to show
how they have ended unemploy-
ment and want in their countries,
and to argue from this that one-
man government is the way to hu-
man happiness and prosperity. The
government-dominated German press
for instance, is always publishing
articles about want and starvation
in America, as 'proof' of their
theory that democracy is a degenera-
te and out-of-date theory of gov-
ernment.

In the light of that, some figures
presented by Paul Mallon, repre-
senting "months of careful personal
investigation, penetrating guarded
dictatorial secrets," are of excep-
tional interest.

In Russia, according to this
survey, the average worker gets \$11
a week, and in Germany he gets
\$12 to \$15. In the United States, he
gets 23.32.

In Russia, the lowest paid class of
workers get \$3.60 and in Germany
\$4.25. In this country they get \$4.85
(WPA minimum).

And that doesn't tell half the
story. The big thing of interest to the
worker anywhere is "real wages"—
that is, his pay computed in terms
of what it will buy, rather than in
terms of dollars, marks or rubles. A
pound of steak costs a dollar or
more in either Russia or Germany
as against 38 cents here. A pound
of coffee costs \$12 in Russia and
\$12.25 in Germany, as against 23
cents here. A dozen eggs costs \$1.26
in Russia and 72 cents in Germany,
as against 44 cents here. So it goes,
down the list of necessities and
luxuries.

What is responsible for our world
supremacy in the workers' standard
of living? You can answer that in
three words—the capitalist system,
which encourages private enterprise.
You can denounce that system all
you please, but what else has
brought about the industrial pro-
gress that has given us more money
for less work—and has given even
low paid workers things that only
the favored official minority in the
dictatorships can buy?—Industrial
News Review.

Truett Smith's rejection by the
State Senate as Life Insurance
Commissioner is quite frequently
ascribed to the alleged enmity of
Lieutenant Governor Stevenson to-
ward Senator O. H. Nelson of Lub-
bock who is a close friend of Truett
Smith's and a candidate against
Stevenson in last year's primary.
However, it is now suggested by an
Austin correspondent that Smith's
rejection was really due to the op-
position of life insurance companies
who seem now to have things about
as they desire them, and were a-
fraid of Smith. The two alleged
reasons are not necessarily in-
compatible—but, whatever the rea-
sons, the result is the same at least
in one respect. Governor O'Daniel's
choice was decisively rejected.—
Rogers News.

Governor O'Daniel has recom-
mended the consolidation of several
commissions and boards with the
state department of agriculture, and
a bill to this effect has already been
introduced in the lower house of the
legislature, we understand. We think
this is right if the existence of the
department of agriculture is to be
continued at all. In our opinion,
this department has just about out-
grown its usefulness. If it is to be
continued, it should be given
authority over the subject matter
now handled by various other com-
missions and boards. There are
probably other consolidations that
should be made down Austin way.
O'Daniel should have the fullest
backing of the legislature in this
consolidation program.

The ignorant and the supersti-
tious become the easy pawns of
political dictators and religious
potentates, and these provoke most
of our national and international
troubles. The remedy is education
and Christianity everywhere.

The solution of world problems
depends largely on individual char-
acter. If each individual would
make the Golden Rule his rule of
life there would be no serious
world problems.

Perhaps you may have noticed
when the principal is paid off on
your debts, you take a new interest
in life.

John Barleycorn never has been
disbarred successfully.

Subscription paying time is here!

**A DOZEN PERTINENT
QUESTIONS**

Q. What does the county bond
assumption plan pending in the
Legislature propose?

A. It proposes that the State as-
sume \$198,000,000 outstanding in-
debtedness on county local roads
which are not a part of the state
highway system.

Q. Has the State ever assumed
any county road debts?

A. No, but the State is compensa-
ting the counties to the amount of
approximately \$122,000,000 on roads
that were taken into the state high-
way system.

Q. Where does the State get the
money to provide this compensa-
tion?

A. From 1c of the 4c per gallon
state gasoline tax.

Q. How much of the gasoline tax
now is being used for the construc-
tion and maintenance of the State
road system?

A. Less than 2c of the 4c tax paid
by motorists.

Q. Is more money needed for
State road construction?

A. Yes, it will require approxi-
mately \$397,000,000 to complete the
present state system, forgetting ob-
solescence and needed extension.

Q. Do the counties now contribute
to state highways?

A. Only the right-of-way.

Q. How much do the counties get
from state motor vehicle registra-
tion fees?

A. About \$12,000,000 per year.

Q. Would the passage of the
county bond assumption bill relieve
the average ad valorem taxpayer?

A. No. The average ad valorem tax
payer also is the average gasoline
tax payer. Therefore, only the large
property owner stands a chance to
benefit and then only if the coun-
ties vote no more bonds.

Q. Who would benefit from state
assumption of these debts from the
counties?

A. The smart bond manipulators
and a few over-bonded counties.

Q. Would the passage of this
legislation establish a dangerous
precedent?

A. Yes. It would be the opening
wedge to saddle all local debts on
the State.

Q. If the State does not assume
the counties' debts could State road
construction be speeded up?

A. Yes, because 1c of the state
gasoline tax now produces more
than enough to pay the indebted-
ness on state highways and the bal-
ance could speed road construction.

Q. Would that benefit the coun-
ties as well as the State?

A. Yes, the State could build
some of the roads the counties are
clamoring for more quickly and
thus create employment as well as
increased property values.

ELDER DRENNON'S NOTES

Back again! Did you miss me last
week? I hope so. Thanks to those
who told me they did.

The winter winds are whistling
about this morning, reminding us
that winter is still with us. But
spring will soon be here with its
bursting bulbs, return of the birds,
rising of the sap, and the bursting
forth of the spring poets.

I believe I like spring best of all
the seasons, because it reminds me
of the Resurrection, when, after a
long rest in Mother Earth, our
bodies shall come forth from the
graves. What a glorious thought!
That this life is not all. Thank God
for such a hope.

I see by last week's issue of the
News, Editor Hill is giving us some
fine things to think on; such things
as The littleness of Coke Stevenson
in blocking Truett Smith's appoint-
ment, the legislature taking a week-
end trip hobnobbing with the sulphur
interests, also the "defense lawyers"
and their work in behalf of our
criminals; but when he got to our
friend O'Daniel he just could not
write in the same spirit but had to

get sarcastic. I am hoping he will
see the error of his way before it is
too late. I commend him to the
editor of the Lubbock papers or
even Jim Ferguson for the right at-
titude. Criticize the Governor all
you want to, Brother Hill, but do it
in the right spirit; remember you
claim to be a Christian.

The interest in our church work
here is still running high. We are
hoping it shall reach a new high
next Lord's Day, when we begin
our spring meeting. Brother Clarence
Gobbel of Hobbs, New Mexico, will
do the preaching. The meeting will
run throughout next week with
services at 10 a. m. and 7:30 daily.
Yours for more people who are
honest when no one is looking.

The preacher for the friendly
church.—R. P. Drennon.

Editorial Note: Thank you, Bro-
ther Drennon, for the commenda-

tion and the criticism. We note that
you commend three of our last
week's editorials and criticize only
one. As long as we can make a three-
to-one record, we guess we'll make
the grade. But, for the life of us we
are still unable to detect any sar-
casm in that O'Daniel editorial—
just an answer to his assertion. And
among the things that we are
thankful for is this: That in this
country every man, even the editor
of a weekly newspaper, is still the
keeper of his own conscience. We
are also thankful that every man,
even the preacher, has the legal
right to fall down and worship any
other man he chooses. It's great to
live in a free country, isn't it?

Mr. and Mrs. Carl Thomas of
Dumas were here Sunday visiting
Supt. W. T. Hanes and family. Mrs.
Thomas is Mr. Hanes' sister.

Miss Jewell Redwine is again
home, after having spent a few
days in a Lubbock hospital.

Man's Greatest Friend!

The hour was late—a little after twelve at night by the clock.

Little Junior was sick—deathly sick and the family physician was called. "I will come right away!" said the kindly voice over the telephone.

And within the hour the physician had come and gone. Junior was resting easy, and all was peaceful again in the little home.

...

The physician had just returned to bed when the telephone bell rang again.

"Yes," he answered, "I will come right away!"

And out again into the quiet of the night went the physician to call on another patient.

...

Day or night, Sunday or holiday, rain or shine, physicians are at your beck and call. To the rich and poor alike, they devote themselves unselfishly to relieve their suffering and minister to their needs.

Their compensation is not entirely in worldly goods, for very few attain great wealth. The reward comes in the satisfaction of serving humanity—of making the world a better place in which to live.

If there lives a man who rightly deserves to be called, "Man's greatest friend," it is the physician!

Do It Better And The World Is Yours

We confess that we know more about the drug business than anything else. Our greatest endeavors and interests in this pharmacy are directed along one line—prescription compounding. We have concentrated our thoughts, our studies, our energy—all on the one idea of compounding prescriptions in the most effective manner.

Practice makes perfect. The pharmacist who has filled 25,000 prescriptions is better qualified than one who has dispensed only 100. What seems difficult to the novice is comparatively easy for the expert. When the expert compounds a prescription, he is applying the knowledge of years to a task that requires, perhaps, a few minutes to execute.

And what little difference the extra cost of employing an expert really is, especially when it goes into the important work of compounding prescriptions. A difference of a few cents may possibly mean the saving of a life—one that is near and dear to you.

Wynne Collier
DRUGGIST

Compress Work Will Start Soon Underwood Says

Arch Underwood of Lubbock telephoned the News Monday that he and associates were preparing to begin the construction of a cotton compress here at an early date. In fact, he stated that they expected to have some of the material on the ground before the end of the week. The plant will be erected at the stock yards north of the gin district along the west side of the Santa Fe tracks.

REPRESENTATIVE ALLISON BUSY ON COMMITTEE

Austin, Feb. 23.—In legislative session, Representative Alvin R. Allison from Levelland turned the "trick" last week during a hearing before the important Highways and Motor Traffic committee of which he is a member.

Allison's caustic questioning of a San Antonio travel bureau manager revealed several startling facts relative to the operation of such agencies in Texas.

For the benefit of his committee, Allison gleaned the following pertinent truths from a not-too-willing subject:

1. The manager realized a net profit of \$12,500 last year from his business, and paid only \$25.00 in state, county and city taxes.
 2. Travel bureaus are not licensed in any manner, and cannot be held responsible for the safety or well-being of their clients, and
 3. Such agencies have few, if any paid employees and are operating in Texas today with no restrictions.
- Presented with this information, Allison's committee members have been looking at the travel bureau situation with thoughtful eyes the past few days.

Lynn County Boys Judging Officials

Among the officials to serve in the vocational contests to be held at the Texas Technological College Saturday as announced by Ray L. Chappelle, head professor of agricultural education in that institution, are three Lynn county students in the Tech.

Jack Hancock of Tahoka is one of the section leaders in the dairy cattle judging contests, and Robert Holloway of Tahoka and Floyd Heck of Wilson will be in charge of judging material.

Approximately 400 students are expected to enter the contests.

For best production of milk cow needs an abundant supply of succulent roughage, such as green pasture or silage.

Practical, Practicable

Practical means that which is adapted to actual conditions; that which experience has proved to be useful. While the others were wondering what to do, Jones took practical steps to stop the leak in the boat. Evangeline was a dreamer; a practical kind of girl. Practicable denotes that which may be practiced, used, or followed with good results. Some solutions to material problems are all right in theory, but are not practicable in actual practice; in other words they cannot be carried out. To leave a room all you need do is to go out by the door—but if the door is locked on the outside that method of leaving is impracticable.

Early Use of Osage Orange

In the early days farmers turned to osage orange for wood to make fellows (or rims) of wagon wheels. Pioneer wives used to make a yellow dye from the wood of the tree; while a tanning mixture can be made from the bark. Indians used the osage as wood for their bows. The tree was called Bois d'Arc (wood of the bow) by the French in the South. So valuable was an osage bow that sometimes a horse and a blanket represented the price of a good one of excellent grain and finish.

Historic Nyon

Nyon is picturesquely situated on the lake of Geneva, Switzerland. It is a very ancient little town, for it was founded by the Romans in 48 B. C. The chateau, which forms Nyon's crowning diadem, was first heard of in 1289, but the main part of the building dates from the end of the sixteenth century.

Damage Suit Is Heard Here

A damage suit for personal injuries has been on trial in the district court here all this week.

Mrs. Rhonda Webb and four children of Midland are suing General Mills, Incorporated, of Amarillo for damages sustained in the death of their husband and father J. D. Webb, who was killed on Highway No. 9 near the Wayside filling station twelve miles north of Tahoka on August 21, 1937, when the pickup which he was driving was in collision with a truck driven by E. C. Krizan, an employee of the defendant company.

Damages were claimed by plaintiffs in the sum of \$50,000.00 Webb was an employee of the West Texas Gas Co.

The introduction of evidence in the case was completed Wednesday. Judge Louis B. Reed read his charge to the jury Thursday morning and most of the remainder of the day was consumed in the argument of the case by attorneys.

Plaintiffs were represented by George Dupree and J. M. Milam of Lubbock and Truett Smith of Tahoka. The defendant company was represented by W. C. Gowan of Dallas and Tom Garrard of Tahoka.

The jury retired to consider their verdict Thursday afternoon, but no decision had been reached when our forms closed.

An acre of sudan grass for late spring, summer, and early fall grazing, and an acre of oats, barley, or wheat pasture for late fall, winter, and early spring grazing, plus three tons of silage, is needed for each milk cow.

To have a continuous supply of milk, the average farm family of five should have two cows, each capable of giving 500 gallons of milk in a 10-months period. One cow should freshen in the spring and one in the fall.

Additional Cotton Checks Received

Only twenty-five additional AAA compliance checks for farmers have been received at the county agent's office since our report last week, according to C. A. Lawrence.

These were received Wednesday morning, aggregating \$6,931.93, bringing the total received thus far up to \$344,721.82.

Indians' Names Serve as a Part of Their Record

Indian children have an infant name for identity, and an "earned" name, usually acquired in the teens, which is given for outstanding achievement or personal idiosyncrasy. A third name is usually given, called a "dream" name, when the recipient has dreamed of his guardian in the spirit world. The name by which he is best known, however, is the second or "earned" name. An infant Indian name is not associated with any family, as we use a surname, but merely puts a temporary little tag on the child, according to a writer in the Washington Star. It is often rather amusing, such as the name "Two Ways," given an Indian toddler because he went first to the right, then to the left when learning to walk.

When in his teens an Indian boy may distinguish himself with the bow and arrow. Perhaps his aim is so fine that he may hit a mark expertly, even when aiming over his shoulder to the rear; in this case, he will surely be given the achievement name of "Aims Back." Every one will thus know of his cleverness.

Since the American Indians are forced to live in a modern world, full of white people, with names chosen in a different way from their own, many of them have prefixed American names to their own for convenience. So we find such names as Tom Day Rider, Charles Ironbreast, and Mike Little Dog among the Indians.

BOY SCOUTS COLLECT \$50.10

Just as our forms close W. A. Reddell reports that the Boy Scouts, acting as city officials, collected the sum of \$50.10 Thursday. The money will be used for Scout purposes.

Mr. Reddell as scoutmaster wishes to thank the people of Tahoka and vicinity for their fine cooperation.

The Lynn County News and the Semi-Weekly Farm News one year for \$1.50.

Telephone Company Orders New Book

Copy for the new 1939 Southwestern Associated Telephone Company directory was given The News this week. The directories will be issued early in April.

Printing of the directory is done by contract after the submission of bids. Through this company has its directories printed in the towns where it is to be used, if the prices meet competition, The News has been informed that our printing prices are reasonable, in comparison even with the big city firms which make a specialty of directory printing.

We would like to see all Tahoka firms follow this example of home patronage in the printing line.

CARD OF THANKS

We want to publicly thank The Equity Life Insurance, Lamesa, Texas, and its Secretary-Treasurer Robert H. Kirk for being so prompt in paying the claim on the death of our son. This Company pays claims as cheerfully as they write the policy.

Very sincerely,
Mr. and Mrs. West Luttrell,
Route 2, Tahoka, Texas. 28-1p.

Penningtons Have Car Accident

Mr. and Mrs. Garland Pennington and daughter, Ray Fern, had a few very exciting moments on a slick highway just beyond Mineola Friday soon after noon when their car began turning handsprings with the three inside.

While the results were all but disastrous to the car, luckily the occupants sustained only minor injuries. Mrs. Pennington received a gash wound on the forehead, which required treatment, and Ray Fern was badly shocked and shaken up so that by Sunday night she was suffering considerable pain, requiring the services of a physician, who found no evidences of serious injury. Garland was back on the job in the Lyntegar office Monday, feeling thankful that only the car had sustained injuries that sent it to the hospital.

Garland, accompanied by his wife and daughter, was on his way to Kilgore to procure an easement for the Lyntegar electric line through a tract of land owned by a Kilgore physician. Naturally he was in a hurry and the pavement was slick, for it had been raining. Suddenly the rear wheels of his car began to slide and whip about on the pavement and Garland lost control. He says it turned over completely three times. We have never known how a man under such circumstances could keep calm enough to count the number of revolutions his car made before coming to a standstill but anyway Garland counted 'em.

After viewing the remains of the car, which was a new one, for only a few minutes, the trio pulled themselves together and headed for a doctor's office. The doctor found no alarming symptoms. Garland declared that he was not going to permit a little accident like that to prevent him from accomplishing his mission. They accordingly went on to Kilgore and Garland got his easement. And they managed to get back home in the crippled car—but all the glass had been broken out of it, the top crushed in, and other serious damage done.

Mrs. Pennington says that when the crash came she had just been reading a card suspended from the top of the car on which was printed, Stop, Eternity Is Just Around The Corner. She doubtless thought they were turning the corner as the car went over and over.

RESOLUTIONS OF RESPECT

Whereas, the Almighty has seen fit to take from our earthly midst Dr. L. E. Turrentine, our fellow worker as a member of this body; and,

Whereas, he has served as a member of this body for nearly six years, therefore be it

Resolved, that the Tahoka Board of Trustees express its appreciation of the untiring, unselfish service rendered the Tahoka Public Schools by our departed fellow-member, for he stood for better schools and better educational opportunities for our children, and many times he sacrificed his business and his personal desires to work with this Board. Be it further

Resolved, that we express our deep sympathy to Mrs. Turrentine and Miss Dottie in the loss of their beloved husband and father, and that a copy of these resolutions be sent them, a copy spread on the minutes of this Board, and a copy sent The Lynn County News.

(Signed) Board of Trustees, Tahoka Independent School District.

H. B. McCord
L. C. Haney
Carl D. Griffing, Secretary
W. T. Hanes, Superintendent.

Mrs. Joe Van Dyke, who underwent a major operation in a Lubbock hospital about two weeks ago, was released and brought home Tuesday. Her recovery has been most satisfactory.

I enjoy housework!
To enjoy work, a woman must feel well. Cardui aids in building up the whole system by helping women to get more energy from their food—and so increases resistance to the strain of functional periodic pain. Try it!

CARDUI

Miss Helen Park Back At Work

Miss Helen Park was able to be back at her desk in the Gaignat Hardware and Furniture Store Monday after an enforced absence of a week due to an injury sustained on Sunday, February 12.

While standing upon an old chair to perform some minor duty in the home, the chair gave way and a protruding screw ripped a gash an inch deep and about four inches long in her leg just below the knee. Several stitches were required to close the wound.

E. E. McManis of Lakeview dropped into the News Office Monday to pay up his subscription for another year even though his time was not out by several weeks. He has been a reader of the News ever since it was an infant industry, and he can't break the habit now—doesn't want to. Incidentally he remarked in discussing his farming operations that he always flat-breaks about 40 acres of his land because he finds that it preserves the moisture better and produces better crops.

Mrs. Carl Griffing is suffering this week from an attack of sore throat, which has been so prevalent here the past few weeks.

Mr. and Mrs. W. O. Robertson and Mr. and Mrs. Carl Griffing spent Sunday in Big Spring.

BRONCHIAL ASTHMA

Just a Few Sips and—Like a Flash—Relief!
Spend a few cents today at any drug store for a bottle of BUCKLEY'S MIXTURE (triple acting)—by far the largest selling cough medicine in all of Canada. Take a couple doses at bedtime and enjoy a good night's rest. One little sip and the ordinary cough is "on its way." Continue for two or three days and you'll hear little more from that tough, old hang-on cough that nothing seems to help—if not joyfully satisfied—money back.

TAHOKA DRUG CO.

G. M. Duckett was in the News office Saturday with his arm in a sling. A few days previously he had stuck a splinter in his thumb and the wound had become infected. A few trips to a doctor's office was necessary and the thumb was still in bad condition.

Colored People Building Churches

Two churches are now under construction by the colored people of Tahoka.

The Methodists began the construction of a small church building 26 by 20 feet in size several weeks ago. They erected the frame work laid the floor, "put on the shiplaping and the roof, and then prepared to seat it, postponing the matter of ceiling and painting the building until more funds should be in hand. Then came a high west wind a couple of weeks ago and almost wrecked the little building. Clay Hughes was then employed to make repairs and strengthen the building, and he was engaged in that task last week.

The colored Methodists are numerically very weak and they sorely need some financial help to enable them to complete their building. Seats are being rented and placed in the building, however, and they expected to begin using it as a house of worship at an early date. Rev. J. T. Taylor of Lubbock is the pastor.

The colored Baptists have maintained a church organization here for several years and they now have a membership of about 60, we were told. Rev. O. D. Hollins is the pastor. He has not only worked hard and faithfully for the up-building of his church but he also works with his hands as a means of livelihood. Recently he led in a movement to build a house of worship. Committees were appointed and funds were raised, and the building is now under construction. It is 24 by 30 feet in size, will be neatly finished and painted, and will be a commodious and attractive building. Not enough funds are yet in hand, however, to pay for the completed building, and any contributions to the church will be thankfully received.

Pneumonia Is Dangerous Disease

Austin, Texas, Feb. 23.—"Pneumonia is a seasonal disease in that its incidence and mortality are much increased during wet, cold weather," according to Dr. Geo. W. Cox, State Health Officer. Last week 234 cases of pneumonia were reported to the State Health Department. The disease is most prevalent and serious in urban centers where contact with people is most frequent. Pneumonia is always dangerous but it is especially so to persons in a run-down condition. This accounts for the number of cases following illness from some other disease.

The germs that cause pneumonia are spread by careless coughers, sneezers, spitters and objects they thus infect. The first symptoms are usually a severe chill and fever, a very sick feeling, loss of appetite, rapid breathing and a heavy sensation in the chest. Sometimes coughing brings up blood from the inflamed lungs. Any of these symptoms should be the signal for going

FOR RENT—A good business location. Dimensions 40 feet by 40 feet. Rent for this space will be reasonable. Call News office or phone No. 13. 26-1tc.

APPLICATION FOR PHARMACIST MEDICAL PERMIT
 According to House Bill No. 77 of the 44th Texas Legislature, Copeland Drug Store, Wilson, Texas, has made application to the Texas Liquor Control Board for a Pharmacist Medical Permit. —O. R. Copeland Owner. 27-2tc.

ROOFING CONTRACTOR—Experienced worker on all kinds of roofs, now permanently located in Tahoka. Make adjustments on any damage. J. L. Waggoner, Phone 8. 24-4tp.

\$25.00 REWARD
 Will be paid by the manufacturer for any corn, GREAT CHRISTOPHER Corn Remedy cannot remove. Also removes Warts and Callouses. 55c at Wynne Collier Drug. 31-22tp.

to bed at once and sending for your family doctor.

The rules and prevention of other respiratory diseases apply to pneumonia. These rules should become personal habits and not put on or off at times of prevalence or absence of disease. Persons should avoid careless coughers and sneezers even if it means rudeness. Wash your hands thoroughly before each meal. Keep your hands, pencils, money and such objects away from your mouth and nose. Get plenty of fresh air day and night. Exercise and eat in moderation and wear

clothing suitable for the weather.

Pneumonia ranks second as a cause of death in Texas. In 1938 5,432 persons died of this disease. It should be remembered that contagious and infectious diseases cannot be decreased or eliminated without the cooperation of the people and this means the people who are sick with contagious and infec-

tious diseases should be isolated and visited as little as possible by relatives and friends.

A. C. Fillingim and family of the Lakeview community have recently completed a splendid new home just west of place where they had been residing for the past several years.

DRIVE THE NEW John Deere Model "A" or "B" Tractor

Get the Feel of the Wheel

BY ALL means, drive the John Deere Model "A" or the new Model "B". See how modern styling and design give you even better vision both to right and left. Note the easy, positive, shock-proof steering. A touch of the foot on convenient foot-brake pedals at row ends or fence lines makes turning easier, shorter. Handy controls conserve time and energy. There's plenty of platform room so that you can either sit in the comfortable seat, or stand up and relax, without stopping work. Drive a John Deere . . . the tractor that does more work, for a longer time, at lower cost. Ask for a demonstration.

JOHN DEERE QUALITY IMPLEMENTS AND SERVICE
