THURSDAY, SEPTEMBER 29, 1955

Work On New Farm To Market Road In Bailey County To Begin Soon

Construction is to begin soon on a new 6-mile farm to market road in Bailey County, the Texas Highway Department announces.

The road will run from US Highway 81, beginning at a point northwest of Progress, east to FM Road No. 299. This announcement came from the office of S. C. McCarty, Lubbock, district engineer for the department.

Texas Highway Commission is thus making the first step to inaugurate a new two year farm-to-market road program for Texas. E. H. Thornton Jr., Chairman of the Commission, stated that

the funds for this program are being derived from the fund established by Senate Bill 287, 51st Legislature.

Mr. McCarty stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer, W. H. Garrett, will be in charge of the work in this area.

BLESSINGS ARE MIXED

Belated Rains Benefit Some, Damage Others

Muleshoe Folks Establish Education Fund

Three Trunk Lines Provided To Help Relieve Local Toll Circuits

General Telephone Co. will add three more trunk lines between Muleshoe and Littlefield to help relieve present circuits, J. L. Kemper, of Brownfield, division manager told The Journal.

Mr. Kemper said the additional toll lines will be in operation about November 1.

Realizing the rapid growth of Muleshoe area and the further fact of increasing business at this time of year, and by the hooking in of the lines of Five

Area Telephone Cooperative, the company has moved to provide circuit relief by using equipment originally scheduled for another community.

Mr. Kemper said the company now has 8 trunk lines into Littlefield from Muleshoe. Nevertheless, many business firms have told The Journal they were having trouble getting a long distance operator at Littlefield, especially between the hours of 9:30 a. m., and 5 p. m.

PLAINVIEW, Sept. 24 — With the establishment of the A. C. Bray Memorial Education Fund at Wayland College by Mrs. Effie V. Bray and Mrs. H. L. Blackburn, Muleshoe, and A. Bernice Bray, Dallas, students preparing themselves for careers of service as ministers, missionaries and educational directors will benefit.

Tommy Lacewell Graduates From Coaches Clinic

Army Pvt. Tommy C. Lacewell, 23, son of Dan Lacewell, Friona, Texas, recently was graduated from Army Forces, Far East and Eighth Army basketball clinic in Yokohama.

Private Lacewell received instructions at the clinic in coaching from basketball mentors Harold Foster of the University of Wisconsin, Cliff Wells of Tulane and Robert Vanatta of Bradley.

A member of Headquarters and Service Company of the 244th Infantry Division's 3rd Battalion, Lacewell entered the Army in October 1951 and completed basic training at Fort Bliss, Texas.

He was graduated in 1951 from Hardin-Simmons University.

Mrs. Bray (left) and Mrs. Blackburn are shown as they presented checks for \$3,000 to President A. Hope Owen to establish a loan fund in honor of the late Alpheus Caswell Bray, Mrs. Blackburn's twin brother who was unable to attend the presentation with their mother; J. L. Hardin, Wayland business manager, looks on.

In choosing to honor the husband and father, the Brays chose Wayland College because Dr. Owen was pastor of First Baptist church, Shawnee, Okla. when the senior Brays were members there. The friendship was renewed after Mr. Bray's death when Mrs. Bray moved to Muleshoe, where Mrs. Blackburn was living and teaching in the Muleshoe High School, and Dr. Owen was guest speaker on several occasions at First Baptist Church. Both Mrs. Blackburn and her brother are graduates of Oklahoma University and she holds the M. A. degree from Eastern New Mexico University.

Because of the Brays' long interest in the many activities of the Baptist denomination and their awareness of the financial struggles of many young people preparing themselves for full time Christian service, they chose to establish a loan fund at Wayland College, which will administer it according to their wishes.

Scoop Sez

By J. M. FORBES

We may not have witnessed the same game of football you saw in the flesh or on TV down at Lubbock last Saturday afternoon.

We saw nearly 30,000 typical Americans cheer frenziedly when their squad of athletes entered the arena; we saw them stand reverently when a man of the cloth in his invocation prayed we would all carry into tomorrow the lessons in clean sportmanship we would learn that afternoon.

We saw them stand rigidly at attention with the utmost respect and love of country evident when the band played "The Star Spangled Banner" and when an American Legion color guard brought a huge American flag on the field. We saw them cheer Sam Rayburn, Speaker of the House, one of the most powerful political figures in the U. S., and a fine Air Force General, Rayburn's host.

We saw some 40 or more athletes, representing two great colleges, play their hardest to win in an honorable way. We saw boys put an opponent on the ground firmly and convincingly, then extend a hand to help him get up and resume play. During the intermission between halves, we saw what must be two of the greatest college bands in the country do their stuff to the delight of the 30,000. We listened while the announcer said the presidents of the opposing colleges were sitting side by side at the ball game; they took a bow.

What else? It rained pretty steadily toward the end of the game, and we saw people share their blanket raincoat, or umbrella, with other folks who optimistically brought no protection against the untoward event. We saw no whisky drinking, no rowdy conduct, nothing for the few cops present to see about.

We may not have seen the same game that you saw. Understand TCU "bleasted" Texas

Slayden Services Conducted Today

Funeral services were conducted at the First Baptist Church here, at 2:30 this afternoon, Thursday, for Louis Lee Slayden, who passed away Tuesday afternoon about 1:00 p. m.

Mr. Slayden was born June 1, 1880, in Tennessee. For the past ten years he had resided in Bailey County, coming here from Dickens County. He was a member of the Primitive Baptist Church.

Survivors include his wife, Mrs. Odessa Slayden; six daughters, Mrs. Wesley Dement, Mrs. R. E. Ethridge, Mrs. W. F. England and Mrs. Jesse Ray Carter, all of Muleshoe; Mrs. Charlie Wickham, Clarksville, Tenn.; and Mrs. Bob Buchholz, San Angelo; two sons, Elmer, of Victoria, and Bruce, of Spade.

Also three sisters: Mrs. Alice Coleman, Detroit, Mich.; Mrs. Cuba Upshaw, Harrison, Ark.; and Mrs. Bob Hall, Victoria; three brothers: Ira Slayden, Dickens; Burk Slayden, of Harlingen; and Bruce Slayden, of Clarksville, Tenn.

He is also survived by twenty grandchildren and two great-grandchildren.

Funeral services were conducted by Elder Jimmy Bass of Amherst. He was assisted by J. E. Moore of Muleshoe. Burial was in Bailey County Memorial Park, with Singleton Funeral Home in charge of arrangements.

Pallbearers were: Willard Dement, Wayland Dement, Ronnie Dement, Norman Stephens, Pat Ineson and Floyd Hunt.

Lions Ladies Banquet Tonight

Muleshoe Lions Club will hold their ladies night program tonight in the high school cafeteria, beginning at 8 o'clock. The occasion also will serve as an installation send off for new officers who took over in July.

A good program is anticipated, members of the club said. Ray Stalup, of Dimmitt, will be the principal entertainer with a "numbers" program.

The club is celebrating their 15th anniversary. Awards will be presented to charter members, also some 10 year members will receive awards at the banquet, this feature being arranged by Bill Moore.

Lowell I. St. Clair, Sam Fox and Fred Johnson comprise a committee for arrangements and program.

Rev. Carrol Jones Goes To Stinnett

Rev. Carrol Jones is leaving this neighborhood, he said this morning. Rev. Jones, as pastor of Progress Methodist Church for eight years has come to be regarded as a permanent fixture; now he is to become pastor of First Methodist Church, Stinnett.

He will preach his last sermon for the local church the coming Sunday morning. That evening he will preach at the Sudan Methodist Church to kick off their Fall Mission Emphasis program.

Rev. Jones has several dates to show the motion picture film he made on his recent trip to Korea; he will have to cancel some of these, but hopes to come back and show the film later on.

He will be succeeded as pastor here by Rev. C. T. Jackson.

Rev. Jones has been a standout religious worker as well as a community worker during his 10 years here. He taught in Y. L. school and Muleshoe high school before becoming pastor at Y. L., and Progress, these two churches afterwards being separated. The Journal will have a more detailed story about Rev. Jones, his family, and their work here in a later issue.

MHS Band Attends Lubbock Fair

Muleshoe schools took part in the Lubbock fair Monday, September 26, as the Muleshoe band was there to march and play, and the Muleshoe Ag. chapter was there with exhibits. The band was in a big parade starting things off in the morning activities.

The FFA chapter had several boys showing stock there and in the exhibits barn the chapter had an exhibit showing sesame.

The Bailey County exhibit showed some of the good crops grown around Muleshoe.

ROBERT ISAAC TO PREACH SUNDAY

Bro. Robert Isaac of Lamesa, will conduct services at the Main Street Missionary Baptist Church Sunday, October 2. Everyone is cordially invited to attend services each Sunday.

Sunday School at 10 and preaching services at 11 every Sunday morning, Training Union at 7 and preaching at 8.

ATTENDED ICE SHOW
Mr. and Mrs. Bill Boling attended the Ice Show Monday evening in Lubbock.

Success Story

FRED F. FLORENCE

President of American Bankers Association is Fred Florence, of Dallas above. Chosen Sept. 27, the honor crowns a forty-eight year banking career for the noted Texan. Florence began his business life on a \$15 a month sweeping job for a bank in Busk, Texas. He is president of Republic National Bank, located in Texas' tallest building.

SINGING AT NEEDMORE

There will be a singing at Needmore in the Community Building, Sunday, October 2, at 2:30 p. m. Everyone is invited.

KENNEDY'S VISITED AT HOPKINS

Mr. and Mrs. E. H. Kennedy were at Hopkins last weekend visiting her son, Harry L. Garrison and family. Mr. Garrison is school superintendent at Hopkins.

IN CALIFORNIA

Mrs. Lilla Melindy, accompanied by Mrs. Martha Stallings of Slaton, left last Friday for an extended visit with Mrs. Melindy's son at Laguna Beach, California.

Muleshoe Aero Club Organized

Organization of Muleshoe Aero Club was perfected at a meeting here Tuesday night and Pinkie Barbour was chosen to lead the new organization as president. Vice-president is H. A. Douglass, and Howard Watson is secretary.

Purpose of the organization is to promote aviation.

Present for the organization meeting were: H. A. Douglass, Wayland Harris, Travis Clements, Howard Watkins, Jack Aduddell, J. A. Nickels, Harlan Davis, Pinkie Barbour, Billie Bob Whatley, Owens Jones, Lawrence Blaylock, and Carl F. Crawford.

PHFFFFT FOR BENEFIT VOLUNTEER FIRE DEPARTMENT

"Phfffft", starring Judy Holliday and Jack Carson, a comedy relating to married life, and showing at the Cox Drive-In Wednesday, Oct. 5, is for the benefit of the local Volunteer Fire Department.

The Cox says this is one of the most hilarious comedies shown here in a long long time.

EDDIE LANE MOVES REAL ESTATE OFFICE

Eddie Lane is announcing this week that he has moved his real estate office from the Barrett Produce to the new Griffiths building located 1 block north of the courthouse on the Morton highway.

Mr. Lane is well known throughout this entire area, as he operated a real estate business here for many years.

MORRISON MOTOR CO. GREEN PUMP DEALER

Morrison Motor Co., D. L. Morrison, owner, is announcing this week that he has been made dealer for the Green Machinery Pumps for this area. His ad in detail will be found on another page of this issue.

Completes Basic

MELVIN BRATCHER

Melvin Bratcher, son of Mr. and Mrs. L. E. Bratcher, of Muleshoe, has completed his basic training at Lackland AFB, San Antonio.

The Weather

Sept. 22	89	63
Sept. 23	90	63
Sept. 24	88	63
Sept. 25	71	55
Sept. 26	64	60
Sept. 27	70	50
Sept. 28	67	51

Total rainfall during the week was 3.03 inches.

Muleshoe Plays Springlake Friday

The Muleshoe Mules will journey to Springlake Friday night, Sept. 30, to meet the Springlake Wolverines in a non conference bout. The band will also be on hand to play at half and give the boys encouragement.

The probable starting Mules line-up is: left end, Stanley Fox; left tackle, Johnny Allison; left guard, Bobby Black; center, Bobby Sanders; right guard, Doyle Henry; right tackle, Thurston Garrison; right end, Jackie Tidwell; left halfback, Charles Jennings; right halfback, John Young; fullback, C. R. Howell; and quarterback, Eddie Witt.

SKATELAND NOW OPEN UNDER NEW MANAGEMENT

Skateland, formerly Priboth Roller Rink, located 3 1/2 miles northeast of Muleshoe, is now open for business under new management. They will be open from 7:30 to 9:30 each night except Sunday night, the manager stated. He does not want to draw any young people from church he said.

He plans to run a good clean place where the youngsters, as well as older ones who like to skate, can enjoy good clean exercise, the manager said. Also, beginners may come out any time Tuesday for practice skating. His ad appears on another page of this issue.

Bright sunshine, coming Tuesday after several days of rain, fog and drizzle was a most welcome sight to the Muleshoe crowd. It cheered farmers and business people alike, for it helped to alleviate fears of damage to cotton, sudan and grain crops just coming to maturity.

It is reported, however, that the wet spell may have brought considerable damage to sudan, most of which had been cut and shocked; it was said very little moisture is needed to cause sudan seed to begin to sprout. Rain discolors the seed some, also, and both conditions might affect the price seed men can offer.

Cotton probably has not been greatly damaged by the comparatively short wet spell, but cotton needs several more hot shiny days to permit all bolls to mature properly. Some sorghum grain, too, is at the stage where hot, dry weather is desirable.

Banks To Be Open During Noon Hour

Both Muleshoe banks will be open during the noon hour in the future, officials of Muleshoe State Bank and of First National Bank told The Journal. Hitherto it has been the custom to close from 12 to 1 o'clock.

The banks will continue to close at 12 o'clock Saturdays.

There Really Is A Muleshoe, Texas

Someone in the world every minute is questioning whether there is really and truly a town called Muleshoe, Texas, or so it seems. Other night, Mayor W. T. Howell had to reassure some young people in Bennettsville, South Carolina, that there is such a town with such a name.

They telephoned, got him awake after midnight, so he pronounced the conversation as much as possible, since he already was awake and time didn't matter. Calling were Lee Crossland, who at one time was stationed at Clovis AFB, and Lt. Mike Cooper, and the mayor also talked to a young lady of the group.

They persuaded the mayor to write to the Marlboro Herald-Advocate, Bennettsville, to verify to all concerned that Muleshoe really exists.

Crossland said he knew some local people, including John D. Whipple, former Muleshoe high school football player. Crossland knew there was a town named Muleshoe, but couldn't convince his companions.

McCall Funeral Rites At Enochs

Funeral services for Lorenzo C. McCall, resident of Bailey County for 30 years, were conducted in the First Baptist Church of Enochs at 2:30 o'clock Tuesday afternoon with Rev. J. E. Moore of Muleshoe officiating. Mr. McCall passed away at 6 p. m. Sunday, Sept. 25, in Cochran County Hospital, Morton, after having been ill for some time.

Interment was in Enochs cemetery with Singleton Funeral Home of Morton in charge of arrangements. Pallbearers were J. V. Layton, F. C. Sntker, C. W. Vanlandingham, Zed Robinson, J. C. Pearson, Jerome Cash, L. J. Jones, Sr., and J. M. Angel.

Mr. McCall was born January 10, 1870 at Milam, Sabine County, Texas. He was united in marriage to Loma Anderson Dec. 16, 1905, and to this union were born four children, of whom three are still living: E. N. McCall and R. C. McCall of Enochs; and G. H. McCall, Harlingen.

He is also survived by a son, John I. McCall, of Detroit, Mich., and a daughter, Mrs. Lula Bell Cole, of Cleveland, Texas, of a former marriage.

Other survivors include four sisters: Mrs. T. E. Alford, and Mrs. Ola Payne, of Geneva, Texas; Mrs. Ora Finley of Milam, Texas; and Mrs. Ida King of Dallas; twelve grandchildren and two great grandchildren, and a host of friends.

Mr. McCall moved with his family to Enochs in February, 1926, and had resided in that community continuously until his death. He was a member of the First Baptist Church, Enochs.

shiny days to permit all bolls to mature properly. Some sorghum grain, too, is at the stage where hot, dry weather is desirable.

3.18 INCHES HERE
In a ten day period Muleshoe has received 3.18 inches of rain through Tuesday of this week. Heaviest downpour came Saturday, 2.05 inches. Streets and roads were full of water for a time Saturday afternoon and night.

A shower Sept. 16 deposited .15 inch of moisture and other precipitation figures are Sept. 21, .16; Sept. 22, .54; Sept. 23, .25; Sept. 24, 2.05; Sept. 25, .03.

COTTON HARVEST BEGINS
Cotton harvest had just begun in the area. Several gin plants had turned out one to several bales and the Union 8 bales when the rains began. Harvest will be further delayed because of rain.

Cotton that was open might be spotted or stained slightly and opening might be delayed, but J. K. Adams, county agent, is of the opinion that very little damage resulted from the rain. In fact, he said if October is a frost-free, open month, cotton farmers will probably benefit more than they lose.

TOMATOES DAMAGED
Lots of ripe tomatoes are coming into Muleshoe from the more than 500 acres grown here this year. The "green wrap" is nearing an end, and because of the rain, probably the canning factory will get an increasing volume of tomatoes.

Rain causes the tomatoes which are fairly well matured to crack, making them hard to market, but the Muleshoe Canning Co. is buying the ripe product. Tomato growers, it is believed, have done well this year.

WHEAT GROWERS HELPED
Any rain in West Texas, it is pointed out, usually does more good than it does harm. For instance, Adams said, this was a perfect wheat planting rain. He estimated there will be about 10,000 acres of wheat or other small grain in the county the coming year, and because of the small grain already have been planted on irrigated farms.

The rain likely will encourage many farmers to plant oats and barley on acres left after wheat and cotton allotted acres are deducted.

Anderson, Clayton & Co. from their Lubbock office reported: The rains will be of some benefit to the dryland cotton, from a standpoint of boll maturity. Irrigated conditions remain good to excellent, but warm dry weather is needed. Approximately 6,000 bales have been ginned on the South Plains to date, with a large percent of this being held for the loan.

The same letter gave an estimate of 55,000 bales for Bailey County for the 1955 crop. Palmer County estimate was placed at 44,000; Lamb County, 145,000; and Cochran, 40,000.

Canyon Swamps Muleshoe 52-0

The Muleshoe Mules met the Canyon Eagles Friday night, September 23, in a non-conference bout and the Mules suffered their third loss of the season. Canyon was off to a flying start as they kicked to Muleshoe and recovered a fumble on the Mules' 15. Two plays later Harlie Adams of Canyon went over for the first Eagle touchdown. The try for extra point was no good. As the Mules took the kick-off from Canyon they made about 24 yards and it looked as if Muleshoe was on the way, but four downs later they punted to Canyon. A series of plays afterward saw Harlie Adams run the second touchdown as he went around the end. Charlie Neblett kicked the extra point and the score was Canyon 13, Mules 0. The score remained the same for the rest of the quarter.

As the Mules received the kick, they again were held and had to punt. The Eagles started working their way downfield again and once more Harlie Adams ran over for a TD. The try for extra point was no good. The Eagles kicked off and recovered a fumble on the Mules' 28 yard line. In about six plays the Eagles had made their fourth TD as Charlie Neblett ran a quarterback sneak. The extra point was good as Neblett kicked. The score was then Canyon 26, Muleshoe 0. The score remained the same through the rest of the second quarter.

The Mules kicked to start the second half and two plays and twenty-six seconds later Canyon's Don Britain went around left end for the fifth TD. Neblett kicked the extra point. The score was then 33-0 in Canyon's favor.

The Mules again received the kick and again were held. However, Muleshoe punted out on the Canyon goal. The Eagles took it on their own 20 yard line and in eight plays they had made their sixth TD. Harlie Adams ran it over for his own fourth TD of the game. The extra point was no good.

The Eagles kicked off and again the helpless Mules had to kick. The Eagles took the kick and in a short while Harlie Adams had run another TD. Neblett kicked the extra point and the score was 46-0.

On the next kick-off the Mules made a run back for about 6 yards and then Tidwell broke loose on a reverse for good yardage, but two plays later the Eagles recovered a fumble. The Eagles made a first down, but four plays later Muleshoe took the ball over. Howell punted out and the Eagles worked down to the Mules' goal. Pruest ran over for the touchdown and the extra point try was no good. The score stood Canyon 52, Muleshoe 0 for the rest of the game.

ANNOUNCING

The Lazbuddie Home Demonstration club will meet Oct. 5, in the home of Mrs. W. C. Williams Jr. The County demonstration agent will have charge of the program. "Floors and Floor Coverings." All members of the club are urged to attend, and visitors are welcome.

Progress Club Enjoys Meal At Smallwood Home

June Smallwood was hostess as Progress H. D. Club met last Thursday afternoon at 2:30.

Mrs. Smallwood gave a demonstration on outdoor cookery. She served a delicious meal of hamburgers, potatoes, carrots and onions cooked in foil.

Enjoying the meal were Mes. Davis, Juaree Smallwood, Maltby, Elvov Simmacher, Glenda Haley, Gladys Haley, Gray, Gulley and Mae Simmacher.

It was decided to elect officers while the meal was cooking, and the following were elected: president, Mrs. Veta Self; vice-president, Mrs. McGuire; secretary, Mrs. Fern Davis; reporter, Mrs. Phebe Gray; council delegate, Mrs. Elvov Simmacher; and council alternate, Mrs. Myrtle Wells.

Next meeting will be with Mrs. McGuire as hostess, October 13. Community Center club members will be guests.

MHS Pep Club Is Organized

Muleshoe High School Pep Club was organized last Friday morning, and officers elected.

Bonnie Woods is president; Noretta Harrison, vice-president; Marcia Dale Redwine, secretary-treasurer; Elaine Evans, student council representative; and Quinell Elliott, reporter.

Organized for the purpose of promoting more school spirit at school activities, the club is being sponsored by Miss Roberta Biles.

The group is making plans to attend the football game tomorrow evening, Friday.

Lazbuddie HD To Elect Officers

Lazbuddie Home Demonstration met Wednesday, September 21, in the home of Mrs. Roy Daniel.

During the business session, which was conducted by Mrs. H. L. Ivy, an interesting report on the state convention held this summer in Ft. Worth, was given by Mrs. Bill Buchanan, of Friona. Mrs. Buchanan was a delegate to the convention.

Program for the day was on plants and bulbs, and was led by Mrs. W. C. Williams, Jr.

Next meeting will be held October 5, in the home of Mrs. W. C. Williams. Officers will be elected at this meeting, therefore, all members are urged to be present.

NOW . . . Pittsburgh presents the NEW PAINT TWINS

Companion Finishes for walls, for trim
They're the newest experience in painting . . . Pittsburgh's twin paints for walls and trim . . . Wallhide Rubberized Satin Finish and Satinhide Enamel. Made from a new formula which gives them properties unobtainable before—a satin texture with elastic-like toughness. Tested to assure finest performance, like all Pittsburgh Paints.

Wallhide Rubberized SATIN FINISH
Use it in living, dining and bedrooms for its beauty and durability. Apply it with brush, roller or spray . . . watch it glide on evenly to quick-dry with a soft, lovely sheen. One coat covers most surfaces—no primer or undercoater needed. Washable too!

Satinhide Enamel
Satinhide matches its twin on all counts. Spreads easily, covers evenly, dries quickly on all wood and metal trim. Stubborn stains wash off easily . . . that's why it's ideal for kitchens and bathrooms. Anyone can do a satisfactory painting job with the Pittsburgh Twins!

Texas Weather Slows Harvest

Texas weather during September has been characterized by sharp contrast. Torrential rains along the entire coast line have stopped harvest until fields drain and dry. These rains, however reached only from 50 to 100 miles inland. In the High Plains continued lack of moisture has hurt dryland cotton and sorghums. Some wheat on the High Plains has been dusted in, but most farmers are still waiting for rain. A few irrigated fields and some summer fallowed acreage, however, is already up to a stand.

Additional dryland sorghum in the High Plains were being pastured or harvested for bundle feed, as prospects for producing grain began to fade. Irrigated sorghums in West Texas continue to show excellent prospects.

Cotton harvest ranges from near completion in Coastal Bend countries to just getting underway in the southern Plains counties. Much of the northwest Texas dryland cotton continued to shed young fruit as a result of continued dry weather. Irrigated cotton on the High Plains continues to make good development with only light to medium bollworm infestation.

Excellent crops of lettuce and carrots are being harvested in the Hereford vicinity.

Many Failing To Get SS Benefits

A considerable number of widows and young children of working people who died between June, 1940 and September, 1950 have failed to claim the monthly benefits payable to them under a 1954 change in the social security law, announced John G. Hutton, manager of the Lubbock social security office. Those who do not apply for their benefits before October 1, he pointed out, will not be able to receive benefits for all months back to September 1954, the effective date of the new provision of the law.

Under this provision, it is now possible to pay monthly social security benefits to the qualified survivors of workers who died between June, 1940 and September, 1950 if the deceased wage earner had credit for as little as a year and a half of work under social security. The families of many of these workers applied for benefits at the time of the family breadwinner's death, Mr. Hutton said, but were told that they could not receive payments because under the law, as it then stood, the worker had not earned enough social security credit to provide survivors benefits for his family.

"Announcement of the change in the law were made in all newspapers, in pamphlets, and on radio and television," Mr. Hutton said, "and many persons have applied for these benefits since September 1, 1954".

Where a claim for social security benefits is filed within 12 months of the time a beneficiary is first eligible, his payments can be made to him retroactively for the whole period, Mr. Hutton pointed out. But if a claim is delayed for more than 12 months, benefits for some months will be lost. He therefore urged the survivors of workers who died between June, 1940 and September 1950 to get in touch with their nearest social security offices before October 1, 1955. Qualified claimants who apply before that date can be paid benefits back to September, 1954.

Monthly benefits under this provision may be paid to the aged widows of such workers who at the time of death had worked on jobs under social security for at least a year and a half to surviving children under 18 years of age, and to their mothers. Where no widow or child survived the worker, pay-

ments can be made to his aged parents if he was providing their support.

Dodge To Employ Country Papers In Their Advertising Campaign

Heads Dodge Drive

JACK W. MINOR
Dodge sales manager—advertising, merchandising and related sales activities.

DETROIT, Sept. 23 — Selection of a record number of newspapers to be used in launching the 1956 Dodge advertising program was announced today by Jack W. Minor, Dodge sales manager in charge of advertising and merchandising.

"Every important daily newspaper across the nation will carry the 1956 Dodge model announcement advertisements beginning Oct. 6," Minor said. "More than 1,000 of these will be in major market areas. In addition, some 3,000 smaller dailies and weeklies also are on the schedule for initial and follow-up ads in a broad campaign even more comprehensive and spectacular than that of a year ago".

A highly diversified use of all advertising media is planned for the new car announcement phase. Heavy newspaper lineage throughout the first three weeks of the announcement period will be accompanied by full-color magazine display emphasizing the 1956 Dodge theme: "Born of Success To Challenge the Future".

"Augmenting this powerful newspaper and magazine campaign," Minor stated, "will be thousands of radio spot announcements stressing the sensational new push-button driving Dodge will introduce this year, as well as the striking new styling, power features, and a new Super Red Ram engine".

Radio stations throughout the country also are scheduled to carry the announcements. Three weekly Dodge-sponsored television shows—the Lawrence Welk show, Bert Parks' "Break the Bank", and Danny Thomas' "Make Room for Daddy", will support the campaign with strong commercials.

In addition to major media, traveling displays on buses and street cars will appear in all major cities, while hundreds of billboards carry the Dodge message into the outdoor field. Added push will be given to the campaign and throughout the model year by local allotments from the various local Dodge Dealer Advertising Funds.

"We're picking up right where we left off on the 1955 models," Minor said, "1955 was a great year for Dodge, and 1956 promises to be even better. The push-button era of motoring is here at last, and this new '56 Dodge feature already has captured the imagination of millions of American car owners."

"The response of our dealers and members of the press at our preview meetings has been tremendously enthusiastic and we expect to support our field organization and sales force with every advertising, promotional, and merchandising tool at our command".

How Odd Can A Man Get?

This man we have in mind (we admire him a lot) arrives at his place of business with a clean shirt on and a nice shine on his shoes every morning.

But when we get his check we note it is not a printed one—his business name has been imprinted with a rubber stamp or similar device or the firm name does not appear at all.

STRANGE, is it not, when The Journal can imprint the firm name at so little cost he'll think he's cheating us.

Come to think of it, the envelope did not carry the printed name, either. Printing of envelopes is inexpensive, too.

These are little things, but they impress people; we figure that's what we're all trying to do, get people's interest and attention for a sec.

Call The Journal Up!

N. B.: Heck of course we're glad to get his check, even if it were written on wrapping paper.

KEEP THOSE RECORDS

Reprint of an article from July issue
GRAPHIC ARTS MONTHLY
By HAROLD J. ASHE

NOTE: The Journal feels the information here applied to printers also may be taken to heart by all business people.

The making and keeping of business records has assumed proportions undreamed of 25 years ago. Where once it was optional that a printer make certain records, one law after another now spells out minimum record requirements which must be met. Moreover, most of these accumulating records should be retained indefinitely.

The only apparent beneficiary in this situation is the filing cabinet manufacturing industry. The number of filing cabinets that a printing plant has may be less indicative of its size than the length of time it has been in operation. It is a rash plant owner who will throw away any records—no matter how musty and ancient. No printer can predict with certainty which old records may never be needed for one compelling reason or another.

The discouraging fact is that there isn't much in the way of business records that a possibility of serious trouble with one or printer can destroy without courting the another agency of government. The mere may serve only to heighten the interest of a absence of certain records, however old, government agent. That interest may turn to suspicion, even though unwarranted.

The termination long since of war-time controls and their records requirements, such as those on prices and wages, has been widely misconstrued by many businessmen as a signal to relax the keeping of aging records. Actually, the ending of war-time measures, with their regulations and enforcements, meant only that records no longer need be made for these particular purpose or be supplied in these prescribed forms. These terminations in no way affect other Federal and state laws requiring record keeping.

For income tax purposes alone, records should be kept indefinitely. While, ordinarily, after a lapse of a few years, income tax returns may be challenged, this limitation does not apply when there is reasonable (from the government's viewpoint) ground for suspecting tax fraud. At this point, no matter how scrupulously honest a printer, he had better be able to produce the records necessary to support his tax re-

turns under scrutiny, and regardless of how far back the government audit goes.

All ledgers and journals should be retained, as well as all supporting evidence in which entries are based. There should be capital outlay, as well as a depreciation employees' earnings and payroll deduction a fixed asset inventory, with evidence of deposit slips or deposit books, petty cash record. A payroll record should be kept of lions, together with evidence indicating remittance of these withholdings to the respective agencies. Copies of all income tax returns should be made and these should be filed away together with any correspondence with the Internal Revenue Service.

The inventory work sheet should be kept as well as suppliers' invoices, credits and debits, together with records of receipts, bank statements, canceled checks, duplicate deposit slips or deposit books, petty cash records and all other data reflecting receipts and disbursements. Bad debts written off should be supported by records showing the efforts made to collect including court action, if any, which was taken or memoranda indicating the futility of court action. Supporting evidence on losses sustained should be filed away for possible future reference.

In any question raised by a government agency, a printer must be prepared to prove his right to a deduction in the case of income taxation or, in other instances, show that he has paid certain government obligations or complied with certain laws and regulations. For example, in tax matters, a court will show little sympathy for a taxpayer who cannot confirm deductions. The court will take the position that this situation "is of his own making". Lack of records, or inadequate records, therefore is no defense. Quite the contrary.

While each state of the union has a statute of limitations defining the period of time within which an action may be brought to enforce a legal right, this statute is not all inclusive in respect to the length of time records should be kept. Too many businessmen make a practice of destroying records coincident with the running of this statute of limitations. This is done

Elaine Evans Installed As Worthy Advisor Of Muleshoe Order Rainbow Girls

Miss Elaine Evans was installed as Worthy Advisor of Muleshoe Rainbow Assembly in a beautiful ceremony at Lodge Hall here Tuesday evening. Decorations in the hall were carried out in pink and silver, Miss Evans' chosen colors.

Installing officers were: Kay Kimbrough, worthy advisor; Janice Gaebe, marshal; Jo Adean Mayhugh, chaplain; Lou Ann Blaylock, recorder; and Tommy Brothier, musician.

The dispensation for holding public assembly was read, after which the new officers were brought into the assembly room and introduced by the marshal.

Now officers for the ensuing year are as follows: Mary Janice Puckett, worthy associate advisor; Quinell Elliot, charity; Mary Jo Holt, hope; Sandra Brooks, faith; Marcia Dale Redwine, chaplain; Marie Houston, confidential observer; Pat Thomson, observer; Doris Childers, musician; Nelda McCarty, choir leader; Carolyn Hinkson, drill leader; Delores Wagoner, host; Sandra Allison, Reflector; Nell Moore, suture; Kay Brown, Ill.

Highland Cook Prices For DRY BLACKBEYED PEAS And Other Cow Peas. DORMAN & COMPANY, 1320 Ave. E., P. O. Box 303, Lubbock, Texas.

Sixteen Attend Muleshoe H. D. Club Meeting

Mortality; Sherry Allison, fidelity; Nelda Redwine, patriotism; and Nan Allison, service.

Members of the choir are: Sandra Welch, Judy Hanks, Judy Lambert, Jackie Burton, LaQuina Stone, Sandra Howard, Norma Beth Schaefer, Jana Goodwin, Donna Gwyn, Susan Allison, Karen Carter, Sandra Weeks, Janell McGuire, Judy Brown, Carolyn Scott, Magann Lamb, and Jane Sanders.

Following the installation ceremony, Miss Evans introduced her father and mother, Mr. and Mrs. E. W. Evans, who were presented behind the bow and presented with a corsage and bouquets. Others presented and introduced included her grandparents, Mr. and Mrs. Ray Grif, Mrs. Arnold Alcorn, Worshipful Master; past and present Mother Advisors and Worthy Advisors, and members of the board.

Mrs. Beulah Carlos congratulated Elaine and other Rainbow Girls. Ava Lee Shofner sang as LaVona Copley accompanied her at the piano. Miss Copley also rendered a piano solo.

Mother advisor, Mrs. Frank Hinkson presented certificates and merit badges to those girls who had earned them. Miss Evans presented each of her installing officers and those taking part in the program, with gifts. The assembly then sang, "My Rainbow."

After the retiring march, refreshments of cake and punch were served.

MYF Skating Party Held At Clovis, N. M.

Last Thursday evening, the Y. M. Y. F. hosted members of the Progress Club to a skating party at Clovis, N. M.

The following attended: Linda, Iona and Rosa Lee Miller, Rita and Ronald Lewis, Margaret and Donald Mitchell, Dennis and Martin Knowlton, Jack Dunham, Tommy Bickel, Jerry Kemp, Kim and Linda Jones, Judy Murrah, Len and Ralph Roming, Kenneth Maxwell and Bill Culwell.

Sponsors were Mr. and Mrs. lead, Mr. Culwell, and Mr. and Mrs. Murrah.

Members voted to invite members of the Progress Club for an all day meeting, Tuesday, Oct. 25, at the home of Mrs. M. H. Oswald, Club is to meet with Three Way, Thursday, October 20.

Mrs. C. Caldwell demonstrated outdoor cooking on the Breplace built by the club members last fall. She prepared kebabs, steak, meat balls, coffee, corn, of hamburger, onions, and potatoes. Toasted marshmallows dotted

refreshments of cake and punch were served.

Refreshments of cake and punch were served.

Girl Scouts Of Troop Four Met

Girl Scouts of Troop 4 met Tuesday, September 27, at Scout Hut, with Linda Wingo opening the meeting with roll call.

Meiba Bupman collected dues, and Nelle Bouth brought the nibble box of tuffins. Mrs. Lenau served Cakes.

The girls discussed earning their badges, and were given their parts for the program which will take place in October, by Mrs. Lenau. Mrs. Lenau has ordered fourteen homemaking badges.

Attending were: LaNelle Boothe Darlene and Melba Buhman, Sandra Harris, Peggy Howell, Ronda Johnson, Lynn Lenau, Marie Reed, Mary Sanders, Kay Thomson, Mary Ellen Wedel, and Linda Wingo.

First Meeting Of Year Held By PVS

Pleasant Valley Social Club held their first meeting of the season in the home of Mrs. John West last week, with Mrs. Kirk Pitts serving as co-hostess.

Mrs. Jim Grizzle, president, was in charge of the business session. It was decided to sell vanilla, so that a coffee urn might be purchased for the community building.

Refreshments were served to two visitors, Mrs. E. E. Frost, of Lawton, Okla., and Mrs. C. B. Grishaw, of Los Fresnos; and to the following members: Mmes. George Wuertlein, Paul Hammett, Mac Ragsdale, C. D. Rogers, Harold Allison, Raymond Robinson, LeRoy Hicks, D. W. Larkley, Roy

with chocolate drops were served between vanilla wafers. Hot rolls were served also.

Next meeting is to be with Mrs. Barry Lewis, 1407, Ave. E.

Hobo Day To Be Held By FHA Girls Saturday

Hobo Day will be observed by the F. H. A. Girls of Muleshoe High School, Saturday, October 1. Hobo Day was to have been last Saturday, but was postponed due to bad weather.

The girls will wash windows, clean house, mow lawns, iron, and do other odd jobs. Funds raised will be used to defray expenses for the annual F. H. A. expenses of two delegates to the Rangue, and to partly pay the State F. H. A. Convention, which is to be held this year in Dallas.

All jobs will be appreciated. Read The Journal Want Ads.

Speech Club Has First Meeting

Thursday night, September 22, the speech department of Muleshoe High School held its first meeting for the purpose of electing officers for the coming year. Those elected were: president, Delores Cannon; vice-president, Joe Roark; secretary, Pat Simmacher; reporter, Thurston Garrison; Council Representative, Gwineth Cox.

Dale Albright, the sponsor, revealed that at some later date the club will journey to Amarillo for dinner then go to the Amarillo Little Theatre to see "The Remarkable Mr. Pennyacker", a play that was on Broadway last season.

The club will meet on the first and third Tuesday night of each month at 7:30 at the high school. Thus far the club has about 40 members. Anyone who is inter-

ested in joining should contact Mr. Albright or meet with the club at its next meeting.

Velta Gillis New S. C. Reporter

The Muleshoe Student Council met Monday, September 26, in the visual aid room. Stanley Fox, president, presided at the meeting. Pat Simmacher is secretary.

Conferatory cards will be sent to Velta Gillis and Budly Cool this week.

Since Davis Ann Fields is not attending school here this year it was necessary to elect a new student council reporter. Four girls ran for this office. They were Nan Allison, Ginger Roberts, Elaine Evans, and Velta Gillis. The election was held Friday during the third period. Velta Gillis is the new reporter.

Officers of the Student Council are: president, Stanley Fox;

vice-president, Quineil Elliott; sec., Patricia Simmacher; reporter, Velta Gillis; historian, Marcia Redwine.

Plans were made for Freshman initiation which began Wednesday and will continue through Friday.

Seek Funds For Tampico Relief

DALLAS, Tex., Sept. 28—The hurricane which struck Tampico, Mexico, with such killing force last week, leaving hundreds dead and wrecking thousands of homes, also completely destroyed the Salvation Army building in that city, according to word received at Texas headquarters. However, in spite of the lack of a center from which to operate, Salvation Army officers were on the job from the beginning, giving whatever emergency disaster relief was possible.

Working without rest, the local Salvation Army officers helped in the evacuation of people from their homes as the water rose. They helped set up temporary shelters and gathered food and water. Clothing from other Salvation Army centers was flown in by air, and all available Salvation Army officers in Mexico braved high water to join in the rescue work inside the city.

Reports from Salvation Army personnel reveal that the total "story of destruction from the hurricane may not be learned for months, since nearby villages were washed completely away and there are no records of how many survived. This is the hurricane that was expected to hit Texas and caused the posting of flood warnings along the Rio Grande, but which battered itself out in the mountains west of Tampico.

Kriegel Gets Silver Wings

LIEUTENANT ARLYN KRIEDEL
In recent graduation exercises at Ellington Air Force Base, Houston, 2nd Lt. Arlyn Kriegel received his Silver Observer's Wings. He is a son of Mr. and Mrs. Alvin Kriegel of Muleshoe. Lt. Kriegel is now assigned Air Force Special Weapons Center, Kirkland AFB, New Mexico.

ing whatever emergency disaster relief was possible.

Working without rest, the local Salvation Army officers helped in the evacuation of people from their homes as the water rose. They helped set up temporary shelters and gathered food and water. Clothing from other Salvation Army centers was flown in by air, and all available Salvation Army officers in Mexico braved high water to join in the rescue work inside the city.

Reports from Salvation Army personnel reveal that the total "story of destruction from the hurricane may not be learned for months, since nearby villages were washed completely away and there are no records of how many survived. This is the hurricane that was expected to hit Texas and caused the posting of flood warnings along the Rio Grande, but which battered itself out in the mountains west of Tampico.

And this is the confidence that we have in Him, that if we ask anything according to His will, He heareth us; and if we know that He hear us, whatsoever we ask, we know that we have the petitions that we desired of Him.—1 John 5:14,15.

Miracle of Color TV To Be Seen at Fair

Thousands of Texans will see the electronic miracle of color television for the first time at the 1955 State Fair of Texas, Oct. 7-23. A number of "live" programs will be produced each day in the color TV studios in the Agriculture Building, adding up to a total of almost 100 hours of programming.

In addition to local programs presented by the two Dallas TV stations, the State Fair will present the daily program, "Color Kaleidoscope," over a "closed circuit," which can be picked up only on the giant movie-size screen in the International Theater in the General Exhibits Building, and on all the dozens of color TV sets around the fairgrounds.

New Farm Machinery in Spotlight at Fair

A series of farm machinery and implement exhibits at the 1955 State Fair of Texas, Oct. 7-23, indicate to what extent Texas farms are being mechanized.

The exhibits prove that the implement makers are even finding new ways all the time to improve the design of such a basic implement as a plow. At the other end of the scale are complicated machines such as mechanical cotton ginner and monstrous earth-moving equipment.

New power steering and other refinements bring the tractor, the No. 1 farm machine, right up to date, making it as pleasant an easy to operate as driving the family car.

The Lord openeth the eyes of the blind; and the Lord raiseth them that are bowed down; the Lord loveth the righteous; the Lord preserveth the strangers; He relieveth the fatherless and widow; but the way of the wicked He turneth upside down.—Psalm 146:8,9.

LIFEGUARD DESIGN—A mother makes sure that her son is securely seated in a 1956 Ford Sunliner. The new Fords, which will be shown to the public Friday (September 23) incorporate five safety features in a "lifeguard design" intended to reduce chances of accidental injury. On all new Fords, safety-designed steering wheels, door latches and rear view mirrors are standard equipment. Wheels are designed to absorb force if the driver is thrown forward, reducing the chance his chest might strike the steering column hub. Safety door latches (lower left) will resist crash impact, and help keep passengers inside the car where they are twice as safe, according to research figures. Mirrors have a special backing to help prevent shattering. Optional seat belts will withstand up to 4,000 pounds of force. Optional crash cushions for instrument panels and sun visors will provide added protection if a passenger is thrown forward.

Meditation Today

WHAT MANNER OF LOVE
Read John 15:12-17.
Henceforth I call you not servants . . . but I have called you friends. (John 15:15).

One day a little girl, well know to me, invited a friend into her home to play. Looking at a picture on the wall, the small visitor asked, "Who is the person in the picture?"

"That is Jesus", came the reply.

"Do you know him?" asked the visitor.

"No", said the small hostess, "but my father does; my father is a personal friend of His".

Christ is not merely a figure of past history. True, He walked through the fields of Galilee and the streets of Jerusalem long ago. He was a good man who lived and died in the ancient world. He is also the living Christ of today, an unfailing friend and constant companion with whom we may walk in fellowship and in whose strength we may face each day.

He does not lift us out of life, remove our burdens, or deliver us from the experience of death. He shares with our life of inspirations, burdens, joys and sorrows. In love He goes with us and gives His sure help. We are not alone. He is our available friend.

PRAYER
Our Father, increase our response of faith. Quicken the surrender of our wills. Give us open hearts of love that we may know the friendship of Thy Son, our friend, in whose name we pray, Amen.

THOUGHT FOR THE DAY
Christianity is the gift of friendship in which Christ is both the giver and the gift.
E. Lyall Williams (Aust.)

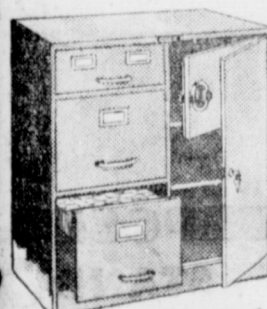

Guess Who Lives Here

A FARM HOME of the Muleshoe and Bailey County territory is pictured above. It should be familiar to many of The Journal's readers. First person who gets his mail to the post office here, and first person who gets his mail on a route or at another post office correctly identifying this farmstead will receive two tickets to COX DRIVE-IN THEATRE. Phone The Journal, 7220 or 5400 and submit your guess, come to the office or mail a card.

December Wedding Being Planned By Miss Juanice Dill And John Niestad

Mr. and Mrs. Rea C. Dill, of Muleshoe, are announcing the engagement of their daughter, Juanice, to Mr. John Niestad, of Elmhurst, N. Y., son of the late Mr. and Mrs. Charles Niestad, of New York City.

Wedding vows will be exchanged at 3:00 in the afternoon, December 18, at the Fourth and Elm Street Church of Christ in Sweetwater.

Miss Dill graduated with honors from Sweetwater High School in 1953. She has attended Abilene Christian College for two years, where she was a member of the Girl's Training Class and Mission Study, religious study classes; the ExLibris Club, of which she was elected reporter; Sigma Tau Delta, English honorary fraternity; "W" Club, Women's Honor Organization; and assistant Editor of the "W".

Mr. Niestad graduated in 1953 from Machine and Metal Trades Technical and Vocational High School of Manhattan, New York City, N. Y., where he received the Raymond Farr Memorial Award. He is now a senior student at Freed-Hardeman College, where he is a member of the Young Preachers' Club, and Phi Kappa Alpha, social club.

If God be for us, who can be against us? He that spared not His own Son, but delivered him up for us all, how shall He not with him also freely give us all things?—Romans 8:31,32.

Lazbuddie News

By MRS. BERT GORDON

Rains have been general over the community the past week. Most farmers are anxious to see the sunshine and a rise in temperature.

J. D. Hargrove received word Friday that his mother, Mrs. Anna B. Hargrove had passed away in Garland. Funeral services were held Sunday from the Crosbyton Baptist Church with burial in the Crosbyton Cemetery.

Mr. and Mrs. Earl Peterson and family visited in New Deal Sunday. They attended dedication services at the new Baptist Church building.

Mr. and Mrs. Kenneth Kieth and Mr. and Mrs. Bob Freeman returned Wednesday night from McAlester, Okla., where they attended funeral services for a cousin of Mr. Kieth's and Mrs. Freeman's.

Miss Winnie Paul Ham spent the weekend with her parents Mr. and Mrs. Luther Ham. She is a student at Texas Tech.

Miss Glenda Hall who is attending Droughon's Business School in Lubbock spent the weekend with her parents Mr. and Mrs. Luther Ham.

Sammy Cox, who is attending school in Lubbock spent the week end with his parents, Mr. and Mrs. Ralph Cox.

Mrs. Laura Treider, Mrs. Juel Trieder and Larry were in Amarillo Monday.

The Lucy Bell Stokes Circle of the W. M. U. met Monday, Sept. 26, in the home of Mrs. Earl Peterson for Bible study.

Mrs. W. S. Menefee was in charge of the interesting study on "Heaven". Members present were: Mmes. C. K. Roberts, W. S. Menefee, Raymond Houston, F. W. Greene, Wesley Barnes, Bert Gordon, Earl Peterson and one visitor, Mrs. Kenneth Henry of Muleshoe.

Virgil Merriott of Lubbock visited over the week end with his parents Mr. and Mrs. Ernest L. Merriott.

The F. H. A. formed initiation of the freshman girls, and the installation of the new officers will be held on the second Monday in October. Those attending will be the parents of the F. H. A. girls and invited clubs from neighboring towns. Twirp week will be Sept. 26 through Oct. 1.

The F. F. A. chapter of Lazbuddie held a meeting Monday night, Sept. 20 in the Ag building. At this meeting they decided to join the National Berkshire Association, in order to help the boys who won the chapter's Berkshire pigs. Winners were Kirby Carrell, Leland Gustin, Gilmore and Jim Roy Daniel.

The chapter decided on the contribution of a Berkshire pig to Amarillo Boys Ranch, beside the regular \$25 from each boy.

The new chapter sweatshirt, Sharon Thorn, was also chosen at this meeting.

Officers present were: Durwood Teague, Glen Watkins, Leon Wilson, Johnny Gammon, Travis Peterson, and Mr. Black.

Members present were: Elmer Houston, Billy Bruce, Chunky Ivy, Glen Watkins, Jimmy Weaver, Mack Hall, James Gilmore, Leland Gustin, Kirby Carrell, Roy Vanlandingham, Ronnie Ivy, and Jim Roy Daniel.

The Lazbuddie P. T. A. will meet Monday night Oct. 3, 1955. Officers for the year are: President, Mrs. Don Schumann; vice-president, Mrs. T. O. Lesly; secretary, Mrs. Wylee Ballock; treasurer, Mrs. DeWitt Procure.

Bula downed Lazbuddie by a 32-6 score Friday night at Bula before a large crowd. The only touchdown for Lazbuddie came in the third quarter when Chunky Ivy intercepted Bula's ball and went over for the count. Lazbuddie failed to make the extra point.

Lazbuddie will play Spade Friday night Sept. 30, here at 7:45. Let's back the Longhorns.

Muleshoe 8th Beats Springlake

Muleshoe 8th grade team played Springlake here Tuesday night, Sept. 27, in a gridiron match. Muleshoe was led by Derrell Oliver, quarterback, for their second win this season.

Scoring did not start until early in the second quarter when Oliver took a punt on his own 25 yard line and ran seventy five yards for a touchdown. Bunt Kitchens ran the extra point. The Muleshoe team took the ball on the Springlake 30 yard stripe after the kick because Springlake failed to make the first down. Derrell Oliver broke loose on a 20 yard run and again from the 10 yard line for the second touchdown for Muleshoe.

Oliver ran the extra point to make the score 14-0 in favor of the little Mules.

After the Mules kicked, the Springlake team got rolling for the first time as they worked their way downfield to the Muleshoe 30 yard line. The next play Ellis of Springlake ran 30 yards for the TD. Extra point was made by Messer.

The Muleshoe team scored again the first play after the kickoff by Springlake on a long pass by Oliver to Benny Walters who ran about twenty five yards for the TD. The try for extra point was no good. The half ended 29-7 with Muleshoe leading.

The next Muleshoe TD came early in the third quarter as Lyndol Black ran thirty yards for the touchdown. The extra point was no good. Springlake took the kickoff and soon had run their second touchdown by Powell. Messer made the extra point.

No score was made in the last quarter and the game ended Muleshoe 29, Springlake 14.

B Team Stoops To Canyon 7-0

The Muleshoe B Team and the Canyon B Team clashed here Thursday evening, September 22, in a tight game. It was the first game of the season for the B Mules, and they hustled all the way.

Canyon took the lead early in the first quarter when Hinger of Canyon ran about five yards for the TD. The Eagles had worked the ball down from their own 20 yard line in a series of plays. The extra point was made by their quarterback, Hinger. Minutes later the quarter ended with Canyon leading 7-0.

Half time score still read 7-0 in favor of Canyon as the Mules were trying desperately to score

the little Mules.

After the Mules kicked, the Springlake team got rolling for the first time as they worked their way downfield to the Muleshoe 30 yard line. The next play Ellis of Springlake ran 30 yards for the TD. Extra point was made by Messer.

The Muleshoe team scored again the first play after the kickoff by Springlake on a long pass by Oliver to Benny Walters who ran about twenty five yards for the TD. The try for extra point was no good. The half ended 29-7 with Muleshoe leading.

The next Muleshoe TD came early in the third quarter as Lyndol Black ran thirty yards for the touchdown. The extra point was no good. Springlake took the kickoff and soon had run their second touchdown by Powell. Messer made the extra point.

No score was made in the last quarter and the game ended Muleshoe 29, Springlake 14.

Marshall, Great Chief Justice, Honored on 200th Anniversary

John Marshall, "The Great Chief Justice," whose bicentennial is being celebrated throughout the United States this month, is generally credited with having made a greater contribution to the foundations of this country as a great Nation than many a better-known personage of his time or since.

Both September 24, 1755, in a frontier farm log cabin in what is now Fauquier County in Virginia, the eldest of fifteen children, Marshall had little if any formal education, yet after his education became one of Virginia's most successful lawyers and then, as Chief Justice, was the Nation's first powerful expositor of the principles of American Constitutional Government.

Marshall served as Chief Justice under six presidents from 1801 to his death in 1835. He is universally recognized as our greatest Chief Justice and for having enunciated and firmly established the doctrine of Federal supremacy over State authority under the Constitution, the doctrine of "implied powers" by which the Supreme Court ruled that in addition to those specifically named in the Constitution, and the authority of the Court to invalidate these acts of the Congress and the Executive which it deems to be in conflict with the Constitution.

In the leadership that he provided the country and in the more than 600 decisions which he personally wrote, Marshall is credited with laying the foundation of much of modern Government and with establishing the Supreme Court in early days regarded as a relatively minor branch of Government, as in fact coequal with the Executive and Legislatures and the greatest appellate tribunal in history.

As Chief Justice Warren said of him, "Stone by stone he built the foundation of our constitutional structure, and he constructed it sufficiently strong to support everything we have since built upon it."

Of his appointment of Marshall as Chief Justice, ex-president John Adams, a quarter-century later, wrote, "My gift of John Marshall to the people of the United States was the proudest act of my life."

Speaking in Philadelphia, President Eisenhower said, "John Marshall was a soldier in the War for Independence, a Congressman, a diplomat of outstanding ability, a Secretary of State. But his reputation for greatness most firmly rests on his services as Chief Justice of the United States. He made of the Constitution a vital, dynamic, deathless charter for free and orderly living in the United States."

A Presidential proclamation issued in July of this year cited Marshall as a "soldier, diplomat,

but just couldn't get started. Although the Mules were trying harder in the second half, and got some good plays off, they couldn't score against the determined Canyon team. The ball was slick and muddy and passing was only tried once by each team. With no score in the last half, the game ended Canyon 7, Muleshoe 0.

The Mules starting line-up was as follows:
Corrales, RE; Sims, RT; Shepherd, RG; Myers, C; Shanks, LG; Martin, LT; Atchison, LE; Blaylock, RH; Black, LH; Alexander, FB; and Johnson, QB.
The line-up for the Canyon Eagles was: Ledbetter, RE; Hunter, RT; Banks, RG; Powers, C; Wilbanks, LG; Hery, LT; Harris, LE; Ford, RH; Erchertson, LH; Boylston, FB; and Hinger, QB.

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 32, NUMBER 39

SECTION II — 8 PAGES

THURSDAY, SEPTEMBER 29, 1955

National Fire Prevention Week To Be Observed October 9 to 15

COLLEGE STATION, Sept. 28.—Farm fire losses in the nation were 13 percent higher in 1954 than for the year before and the increase was the greatest for any year since 1948. Members of the Texas Farm and Ranch Safety Committee believe that many things can be done by rural residents to stop this upward trend and at the same time save much of the estimated \$157 million of property which went up in smoke last year.

The committee suggest a thorough inspection of all buildings on the farm and the elimination of fire hazards. They point out that one of the major causes of fires in barns and outbuildings is electrical faults. Studies made in two states showed that a lot of the trouble was in the fuse box . . . the wrong size fuses were being used. Don't, warns the committee, use any fuse except one with the amperage to go with the size of the wire in the circuit. Don't overload the fuse box.

Check all wiring, they caution, for frayed insulation, loose or sagging wires and fixtures and don't try to make repairs until the electricity has been turned off.

Spontaneous combustion is the number one cause of fires in farm barns. Hay should be well cured before it is stored and the storage area should be well ventilated. Flammable liquids should not be stored closer than 30 feet to buildings and prefer-

ably underground. Lightning is responsible for many farm fires. Rods of the right size and material properly installed and maintained can eliminate this fire hazard.

Number one cause of farm fires, says the committee, is defective or over-heated heating, cooking and other equipment. Other major causes are carelessness of gasoline or kerosene; defective or overheated chimneys and flues; spark from the chimney and electrical faults. Find the hazards and remove them and you can keep your farm out of the fire statistics, says the committee.

FROM TULIA

Mr. and Mrs. Guy Young and daughter Vickie, of Tulia, were weekend guests in the Truman Lindsey home.

MOTHER IS ILL

Mr. and Mrs. J. P. Miller have been in Albuquerque, N. M. with her mother Mrs. W. B. Small, who is seriously ill. Others visiting here were Mrs. Millers two sisters Mrs. Kate Quarrels and Mrs. Mid Hill, both of Sacramento, Calif., and her brother William Small, of Bell Gardens, Calif.

WILCY MOORES HOME

Mr. and Mrs. Wilcy Moore and children are home after spending the summer in Dallas, where Wilcy was an outfielder for the Dallas Eagles.

Bailey Co. Boys Win At District Sears Pig Show

Mike Griffin and Mike Pollard, Bailey County boys, were winners in the District 2 Sears Pig Show, held recently at Texas Tech. Griffin received \$35 prize money for winning in the gilt show, while Pollard received \$40 as his prize money in the boar show.

Top winners in the show were: Jimmy Martin of Hockley County, who showed the top boar; and Tommy McMaster, of Gains County, who had the top gilt. Twenty-four youths from 13 South Plains counties competed for prizes totaling \$780 in the show, judged by Stanley Anderson, associate professor of animal husbandry at Tech.

Approximately 140 persons attended the show and barbecue following. Lynn County Agent, Bill Griffin, of Tahoka, was master of ceremonies. W. C. O'Mara, of Sears-Roebuck and Co., Lubbock, was official sponsor of the show, and District Agent W. H. Jones, of the Texas A & M College Extension Service, was in charge of arrangements.

Deaton Aboard The Cargo Ship Skagit

William E. Deaton, boatswain's mate second class, USN, son of Mrs. Lora Brown of Route 3, Box 30, Muleshoe, and husband of Mrs. Patricia A. Deaton of San Francisco, Calif., is scheduled to arrive in San Diego, Calif., September 30 aboard the attack cargo ship USS Skagit after a tour of duty in the Far East.

The highlight of the Skagit's overseas tour occurred last May when she gave assistance at sea to injured personnel of the Chinese Nationalist freighter Hai Foo bound for Hong Kong.

The Skagit picked up the freighter's distress call, altered course and provided medical assistance to four men who had been injured while trying to clear a clogged fuel line in one of the freighter's fuel tanks.

FROM ALBUQUERQUE

Mr. and Mrs. B. G. Murdock and children of Albuquerque, N. M. were weekend guests in the home of their parents, Mr. and Mrs. B. F. Murdock of Muleshoe, and Mr. and Mrs. Meeks of Sudan. They also visited other relatives.

TO ABILENE

Mr. and Mrs. W. B. Wagnon Jr., visited this week in Abilene with her sister Mrs. Ray Lovejoy and family. He went on to Ft. Worth Monday on business.

VISITED COUSIN

Mr. and Mrs. Ernest Martin spent the past weekend in Midland with Mr. and Mrs. N. T. Zachry, former residents of Muleshoe, and Mrs. Rosia Burrow. Mrs. Zachry and Mrs. Martin are cousins, and Mrs. Burrow is Mrs. Martin's aunt.

MOTHER VISITS

Mr. and Mrs. Leo Bartley and son have as a guest in their home, his mother, of Amarillo.

RECEIVED DISCHARGE

Joe Whitley, son of Mr. and Mrs. O. L. Whitley has recently received his discharge from the U. S. Army, and is now at home. He has served in Korea for the past eighteen months.

DON'T LET ARTHRITIC — RHEUMATIC PAIN RUIN YOUR LIFE!

There's no need to suffer — you CAN get relief QUICKLY with AR-PAN-EX. Most pain will subside . . . YOU, and your loved ones can rejoice like thousands who are now relieved.

Everywhere, victims of sciatica, lumbago and neuralgia are discovering our "wonder-tablet" and thanking heaven for the SURE RELIEF AR-PAN-EX brings. Aching muscles, stiff joints may become limber again.

"I'm sorry I didn't try AR-PAN-EX months ago. Think of the agonies I could have avoided," writes one. Yes, indeed! But thousands who read this will NOT act — will DOUBT our HONEST WORDS. We say BELIEVE — have faith in AR-PAN-EX. We sincerely tell you — AR-PAN-EX will quickly relieve much pain — or your MONEY BACK!

ATTENDED MEETING

Mr. and Mrs. Noel Woodley were in Lubbock Monday, where he attended a Federal Land Bank Meeting.

VISITED PARENTS

Mr. and Mrs. Louis Scoggins and children visited in Portales, N. M. Sunday with her parents.

FRIENDS VISITED

Guests Sunday in the Arlie Thomas home were Mr. and Mrs. Sam Maynard and children, of Dimmitt.

VISITED IN LUBBOCK

Mr. and Mrs. Bill Boling visited his parents in Lubbock Saturday afternoon.

IS IN OKLAHOMA

Mrs. Glenn Dunn is visiting in Marlow, Okla., with her parents, Mr. and Mrs. Dan Goad.

VISITED IN ROSWELL

Mrs. Gussie Mardis is visiting in Roswell, N. M. with her daughter Mrs. Coy Burkhead and family.

Wilson Speaker For Rotary Club

A talk on classification and those which remain unfilled was enjoyed by members of the Rotary Club at their luncheon meeting Tuesday. Muri Wilson, classification committee chairman, used the classification of each member to build an interesting story of an imaginary business transaction, beginning with B. A. Dalton, former owner of Western Auto, now called a "capitalist."

Rotarian Wilson said if the members would work to fill the open classification Rotary would grow to 45 or 50 members. Eddie Lane was in charge of the program. President E. O. Baker called on Dalton for a report on the all day Rotary district institute, held in Lubbock last Tuesday; and on Myron Pool for a report on the inter-city meeting there that night.

Visitors included the following

Rotarians from other clubs: Bob Blatz, Littlefield; Oran Curran, Siloam Springs, Ark.; Thurman Kent, Sweetwater; John Dean, Raymond Watkins, and Simon D. Hay, Sudan.

VISITED IN LUBBOCK

Jimmy Reed and Judy Kay Garrett visited in Lubbock Sunday with his parents and other relatives and friends.

WERE IN LUBBOCK

Mr. and Mrs. Horace Edwards visited in Lubbock Friday with her brother, Mr. and Mrs. Bill Pierson and family.

TO FOOTBALL GAME

Mr. and Mrs. Marion Harris were in Lubbock Saturday afternoon for the Texas Tech-T. C. U. football game.

RETURNS HOME

P. E. Wilmon has returned home after visiting last week in Poteau and Sulphur Springs, Okla., and Dallas, with relatives and friends.

Muleshoe FFA News

BY BUDDY BLACK

FAIRS

All the boys went to the South Plains Fair in Lubbock. The boys viewed the livestock and exhibits which were very interesting. The Muleshoe FFA educational exhibit titled "Production of Sesame" placed sixth. The Idalou FFA booth won first place. Its title was Silage for Feeding which was an educational exhibit. It was very well

presented. Dawson FFA won 2nd. Friendship won third. All the boys that are to show at Dallas are in full preparation of their animals. They wish to have their animals in extremely attractive condition.

CLASS

The Freshman have finished learning the FFA Creed and will say them to their class. They will be initiated next week.

VISITED AT LAZBUDDIE

Mr. and Mrs. B. H. Wagnon and children and her mother Mrs. E. H. Ivy visited friends at Lazbuddie Sunday afternoon, and went through the new Methodist

Church which is being built there.

FROM VERNON

Mr. and Mrs. Tom Boyd, of Vernon were weekend guests of Mr. and Mrs. M. T. Carter, Jr.

Soil Conservation Supervisor Will Be Elected Oct. 4; Program Planned

By J. K. Adams
County Agent

Every land owner in Subdivision No. 2 of the Blackwater Valley Soil Conservation district will be affected for better or for worse by the outcome of the election of a Soil Conservation District Supervisor to replace Burl Black who is now serving his last term in this office of public service.

Mr. Black has served the people long and well and it is up to the landowners to elect a man of their choice to take his place. This year an interesting program is being planned to encourage landowners to be on hand in the REA building at 8:00 p. m. Tuesday Oct. 4. The election must and will be carried on according to house bill No. 444 which requires that voters shall meet and proceed by electing a chairman,

secretary and tally clerks.

We suggest that there may be more convenient methods of holding this election but no method more democratic could be devised. The Russian farmer is not called away from his television program to elect a neighbor to help fix local policies of soil conservation; this Russian farmer does not boast of a television set. He has the lowest living standard on earth.

Everyone come to the REA building Tuesday night and exercise his or her democratic right. The exercise of this right since the American Revolution has had the most to do in putting the American farmer at the peak of living standards for rural people the world over.

Read the Journal want ad's.

Sure Sign of Better Crops . . .

ANOTHER FARM IRRIGATED with McDowell COUPLING PORTABLE SPRINKLER IRRIGATION SYSTEM

It's this patented GASKET-COIL PRESSURE LOCK that makes McDowell Couplings work better, easier and faster.

In all sections of the country, McDOWELL COUPLING portable sprinkler irrigation systems are proving their superiority. That's because the McDowell Coupling is the simplest, fastest, most efficient method of assembling or disassembling irrigation pipe.

In this design, water pressure provides a watertight seal and positive lock automatically—at both high and low pressures. No tools are required. And there are no yokes, latches or gages to break or wear out.

News Highlights From Three Way

* Mr. and Mrs. Andrew Wifner and Mrs. Billy Knox and baby daughter, visited relatives in Waco last week.

* Miss Evelyn Stockard, of Portales, N. M., spent the past weekend with Brenda Griffith.

* Three Way 4-H Club met September 21, at the school building. Officers elected were president, Sandra Lemons; vice-president, Dorothy Tucker; secretary-treasurer, Kathy Pollard; and reporter, Karolyn Parker.

* 4-H leaders are Meses, John Shackelford, Thurl Lemons, Daniel, Daricek, and Ted Theford.

* 4-H girls and F. H. A. boys attended the Panhandle-South Plains Fair at Lubbock Monday. They were accompanied on the trip by their sponsors, Mrs. Dyar and Mr. Millard.

* Mr. and Mrs. Earl Bowers

and Pam spent the past weekend at Lake Kemp, near Seymour.

* Judge Glen Williams was guest speaker at the PTA meeting which was held Monday, September 19, in the high school library. He chose as his topic, "Building For The Future".

* Mrs. Cass Stegall, president of the association, conducted the business meeting. Other officers are: vice-president, Mrs. Baker Johnson; second vice-president, Mrs. Archie Sims; secretary, Mrs. Lewie Jordan; treasurer, Sam Green, and historian, Mrs. Frank Griffith.

* Mrs. W. T. Parker was called to Temple recently, due to the illness of her mother.

* Mrs. Earl Bowers was in Lubbock last Friday, on business.

* Three Way Eagles defeated Pettit Eagles in football in a

game played at Pettit, Friday evening. Final score was 40-14. Most of the boys on the traveling squad played during the game.

This Friday, the Eagles will play at Bula.

* Mr. and Mrs. Truitt Smith and Curtis attended the funeral services for a relative last Friday at Crosbyton.

* Archie Sims, school superintendent, reports an enrollment of 252, at Three Way Schools this year.

THIS & THAT

About
Homemakers & Homemaking IN BAILEY COUNTY
By MOLLIE STINSON
Home Demonstration Agent

The Advanced Dressmaking Workshops are well underway now. When you read this I will have met all the groups once and several of them twice. The women really have lovely fabrics and patterns and should produce attractive fall outfits.

Thursday I'm going to Lubbock where Miss Clara Pratt, Lubbock County Home Demonstration Agent, is holding a "hat making" workshop for several agents. Plans are for Bailey County Home Demonstration women to make hats in January.

Mrs. Aubrey W. Russell, District Agent, has taken nine months of study leave. She is studying in the field of adult education at the University of Chicago in Chicago. It is my understanding that at the end of this study leave she will return to her post as our district agent. Her replacement has not yet been named.

Rice Adds Variety To Meals
Rice is versatile, economical, and easy to use. Like other cereals, it supplies food energy at relatively low cost. It is an excellent "stretcher" or extender for other foods because of its bland, mild flavor.

Markets offer many kinds of rice. Regular polished white rice has the hull, bran, and germ removed. Various undermilled rices are available, including brown rice, which has only the hull removed. Brown rice has a delicious, nutty flavor and contains more nutrients than white rice. It does not keep as well as white rice and needs longer cooking time.

Different processing methods used by manufacturers offer interesting products. Converted rice is regular white rice with

LESLIE L. KULLENBERG, Director of Emergency Operations for the Federal Civil Defense Administration, would be the first official at FCDA headquarters to get word of impending attack on America. He would evaluate the information, and determine whether top FCDA officials should be called in for a decision on placing the Federal civil defense system on a war footing.
(American Press Service Photo)

Bring to a boil. Add 1 cup rice to vigorously boiling water and let it return to hard boiling. Put lid on tight, turn heat to simmer, and leave without stirring or peaking for 14 minutes. Remove pan from heat. Leave lid on until you are ready to serve rice. One cup of uncooked rice makes about 3 cups of cooked rice.

RECIPES FOR SUPPER
Chicken-Avocado-Rice Salad
2 tablespoons lemon juice.
1 1/2 cups cubed avocado.
1 cup cubed cooked chicken.
1 cup cooked rice.
1/2 cup finely chopped celery.
1/2 teaspoon finely chopped green onion.

1 teaspoon salt.
2 tablespoons sour cream.
2 tablespoons mayonnaise.
Pour the lemon juice over avocado. Combine the remaining ingredients, add avocado mixture, and toss lightly. Chill. Serve on a crisp lettuce leaf. Six servings.

Sweet-Sour Green Beans
2 slices bacon.

1 cup minced onion.
1 tablespoon flour.
3/4 cup vegetable liquid.
3/4 cup vinegar.
2 tablespoons sugar.
1 teaspoon salt.
1/4 teaspoon pepper.
2 cups cooked green beans.
Brown bacon until crisp. Cook the onion in the bacon fat until yellow. Stir in flour. Add vegetable liquid, vinegar, and seasoning. Bring to a boil and add green beans. Stir gently until heated through. Serve with the crisp bacon crumbled over the top. 4 servings.

TOURED TWELVE STATES

Mr. and Mrs. F. H. Davis and Mr. and Mrs. Roy Bryant returned home Sunday after a 6,000 mile trip, during which they toured twelve states and Canada. They visited in Colorado, South Dakota, North Dakota, Wyoming, Montana, Idaho, California, Arizona, New Mexico, Oregon, Iowa, and Washington.

Mrs. Davis reported that they

saw some very beautiful country. At San Francisco, they took the boat to Catalina Island. They were gone three weeks. The group spent three days with Mrs. Bryant's sister and brother-in-law, Mr. and Mrs. Virgil Wooliver in Richmond, Calif.

Mr. and Mrs. E. F. Eason are in Comanche this week on business.

WHY settle for less than the best?

That's a good question, but how are you going to find out which chopper is the best? Come in and talk it over with us. We made quite a study of the question before deciding to sell the

GEHL FORAGE HARVESTER
Here are some of the reasons why we sell the Gehl:

- Gehl has been building ensilage cutters and forage chopping machinery for over half a century.
- Experience is responsible for the superior chopping ability of the Gehl Forage Harvester.
- More chopper-wise farmers own Gehl Choppers than any other independent make.
- Gehl engineering is assurance of sturdy construction and fine performance.

There are a lot of other reasons why we recommend the Gehl.

COME IN NOW... let's talk it over man to man. The NEW GEHL gives you 4 attachments:

QUICK SWITCH... from Mower-Bar to Windrow Pickup or Row Crop Attachment in only 5 minutes... so easy a boy can wheel it in. NEW 2-ROW ATTACHMENT for Corn, Sorghum, etc., cuts twice as much... costs little more than the 1-Row Attachments.

EXCLUSIVE PTO drive for Forage Blower. No belts to tighten, no power loss, faster unloading.

FREE PLANS for building your own self-unloading Forage Wagon using Gehl Metal Parts Kit.

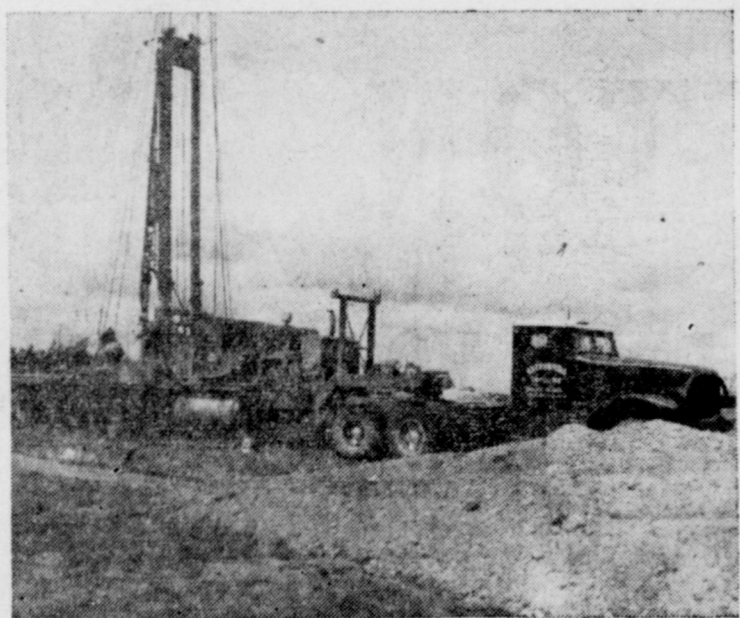

THERE'S NOTHING BETTER THAN A GEHL...

It puts your business on Quality Street

LEAVE it to this Blue Chip GMC Runabout to spread glowing reports about you and your business.

There's an unmistakable air of prosperity in that smart design. But it's on the job especially that old-type trucks must look up to a Blue Chip GMC.

There's a 288 cubic inch V8 engine that delivers 155 horsepower on regular gas. It's an "over-square" design too—the stroke being less than the bore for extremely short piston travel.

There's Hydra-Matic Drive* that automatically and exactly fits the gear to the need—so smoothly, you forget about it all day long.

And while this shifting precision cuts fuel use, it also avoids shock-loading damage. Engine, drive line and rear end give you more years of repair-free service.

Finally, it's a Gibraltar of framing and axles for taking loads, and an easy-steering sweetheart for handling them.

So while folks are looking up to your truly modern equipment, savings are adding up every day you run it.

That's the sum of Blue Chip GMC advantages. Great looks—great service—great savings. Why not drop into our showroom tomorrow and talk it over?

*Hydra-Matic standard on many models; optional at extra cost on some others.

'56 Mercurys Showing At Brown-Watkins, Today (Thursday)

Bigger in performance, power and appearance, this new 1956 Mercury Monterey coupe emphasizes the lower silhouette of the entire line of Mercurys for 1956. With 13 models in three series—Montclair, Monterey and Custom—Mercury offers an impressive variety of color and fabric combinations. A new Mercury Safety-Surge V-8 engine with 312 cubic inch displacement further enhances Mercury's acceleration and power throughout all the driving range.

WEEKEND GUESTS

Mr. and Mrs. T. J. Spry, Jr., Miss Freddie Starr Johnson and Pat Goodnight, of Memphis, were weekend guests in the Earl Richards home.

VISITED HERE

Wayne Bristow and three friends from Wayland College, Plain

view, visited here Sunday with his parents, Mr. and Mrs. Clinton Bristow and friends.

THOMAS STATIONED IN WASHINGTON

Carlos Thomas, son of Mr. and Mrs. Arlie Thomas, is now stationed at Fairchild AFB, Fairchild, Wash.

Soil Conservation News

It is not too late to plant turnrows and bar ditches to winter cover. Small grains do a good job covering the soil and keeping down weeds. Rye is especially hardy and will take a lot of abuse.

Interplanting sorghum stubble and cotton stalks with rye and vetch or small grain will give live cover and sudan and millet will provide dead cover to protect the soil during the blow season.

What Other Cooperators Are Doing

Bill Millen, who lives four

open, or in temporary shelter; don't sell it because storage is not available, if the price is much below the loan.

A labor spokesman recently stated that Benson's claim that continued wage increase for labor contribute to the "cost-price" squeeze of farmers was sour grapes, because, said he, labor pumps these wage increases right back into markets, mostly for food, which is what the farmer produces. What we can't figure out, is how a man can work less, and eat enough more, to make 7 to 10% more money for the farmer, who is paying those increases for farm machinery made by the laborer, who is paid more, works less, but eats all of his increase in pay. We refer to the spokesman, not the laborer, who we are sure would not make such an asinine statement.

Consider This: The wise shall inherit glory; but shame shall be the promotion of fools. Proverbs 3:35.

miles northeast of Muleshoe, recently completed land leveling on 226 acres of irrigated land. Technicians from the local Soil Conservation Service work unit assisted him in this conservation practice. Bill believes that he will realize several important soil and water conservation benefits from the leveling. These benefits include holding erosion damage to the minimum, making maximum use of rainfall, and obtaining efficient use of irrigation water. A uniform grade was used which will insure uniform watering and production. Bill's past experience on 216 acres of leveled land substantiates his belief.

Carl Bamert has an excellent crop of sesame interplanted with vetch, the soil-builder. Ed Little, A. R. Floyd, G. A. Jacobs, and Raymond Scott have vetch interplanted with their cotton. The vetch will provide winter cover crop as well as build the soil. Vetch is also looking very good on a dry land field belonging to Douglas Bales.

Madrid Clover looks especially good on Lewis Embry's farm west of Muleshoe. Lewis planted sorghum as a nurse crop with the clover to protect it during the winter and give it a good start in the spring.

Considerable acreage of alfalfa is being seeded this fall on farms throughout the Blackwater Valley Soil Conservation Dis-

trict. Alfalfa is an excellent conservation crop which adds nitrogen to the soil through symbiotic relationship with soil bacteria, opens up the subsoil, adds tons of organic matter, prevents soil blowing, and produces hay of highest quality.

Don't forget, Tuesday, October 4 is the date to elect a supervisor in the northeast part of this Soil Conservation District. Be at the Bailey County Electric Co-op Building at 8:00 p. m.

Conservation farming makes yields go up and costs go down. And gives the producer more money to spend in town.

BROTHER VISITED
Mr. and Mrs. Bobby Freeman, of Lazbuddie Community, visited this weekend in Muleshoe in the home of his sister, Mrs. A. W. Riles and family.

PARMER COUNTY Farm Bureau News

By **RAYMOND EULER**

A County-wide open forum will be conducted at the Bovina School Auditorium Thursday night, Oct. 6, at 8:00. We again refer you to this opportunity of getting your ideas for improving the farmer's situation before the people who can do something about it. You are welcomed, and urged to attend this meeting, whether you are affiliated with any farm organization or not. If you are a Farm Bureau Member in good standing, and are deriving the major portion of your income from production of agricultural products or livestock, then you will be qualified to vote on policies at the County Convention, which will also be held at the Bovina Auditorium on October 20 at 8:00 p. m.

For the benefit of some who have inquired, and any others who do not know, Farm Bureau "Associate Members", those who derive a major portion of their income from business other than agricultural or livestock production, do NOT vote on policies at Farm Bureau meetings. A grain elevator operator, for instance, who farms some, but derives the major portion of his income from the operation of the elevator, does NOT hold a vote in Farm Bureau.

320 railroad cars were needed in Parmer County to ship CCC grains ordered out by that office. Not more than 10 or 12 per week were being received. Your local Farm Bureau gathered this information, and as it has done the past three or four years, relayed it, through TFB President Walter Hammond, to the Chicago RR Car Pool, which supercedes district RR distribution of cars. We expect now, to have enough cars to empty bins of CCC grains ordered out, before harvest gets underway. Bruce Parr did this work in the absence of the President and Vice-president. Remember that you can get 80% of the loan on grain stored in the

Bailey County Farm Bureau News

Two Community meetings of the Bailey County Farm Bureau were held during the past week. One was held at the Three-Way School on Wed. night Sept. 21, and one at the West Camp Baptist Church. Lloyd Stephens was in charge of the meeting at West Camp, and introduced Mr. John Gregg of the National Cotton Council, who was the principal speaker.

Mr. Gregg used the flannel board method to explain the operation of the National Cotton Council, and the work it had done, and is doing, and expects to move cotton into all channels of trade and into the domestic markets.

The National Cotton Council through its research and sales promotion has done a tremendous job of sales promotion and research on a very small budget. It is small indeed, when compared to the amount of money that the 6 major chemical companies making synthetic fibers, in the same field. Those six major companies spend \$80,000 to the Cotton Council's \$1,000. In order for cotton to compete it is necessary to carry on an even more extensive sales promotion and research program.

THE WORLD'S FINEST SEWING MACHINE

NECCHI HARVEY BASS APPLIANCE Phone 4690 Muleshoe

Cotton producers, ginners, warehousemen, cotton seed crushers, cotton merchants, textile mill operators and anyone else whose livelihood depends largely on cotton should support this program.

Farmers and ginners of this area are urged to participate in this program. The ten cents per bale that is contributed will go a long way toward selling more cotton.

From the way things stand now the cotton acreage will be reduced below the 1955 acreage. This will mean about 1 1/2 to 2 acres less per quarter section in Bailey County.

A Committee composed of Lonnie Wilhite, N. L. Saylor, and Paul Austin were appointed to contact the local ginners and urge them to participate in the program. It was the unanimous opinion of the farmers in attendance, that they should contribute the 10c per bale to support our cotton's program.

Bill Millen made a brief statement on the Cotton Council also. Millen announced that there would be an all day District Farm Bureau meeting held in the Lubbock Hotel on October 13th, beginning at 10:00. H. L. King District 2 director will be in charge of the meeting, and will discuss the National Farm Program, as well as National and State Legislation due to come up in the next session of Congress, and State Legislation.

This meeting is one of a series being held over the state this month in connection with the Farm Bureau's annual policy development program. Farm Bureau's policies are made at the "grass roots". Policies adopted at County, State and National Conventions this fall will guide the organization through 1956.

National issues to be discussed at the session include federal-state relations in education, administration of the National farm program, refund of federal taxes on non-highway - used gasoline and federal-state relations in highway construction. State issues include financing and administration of a state water development program, feed control laws, right-to-work laws, and refunds of states taxes on

Fashion Expert Says Texas Tops For Good Taste And High Style

BY VIRGINIA POPE
Former Fashion Editor, The New York Times

Was a time when Texas styles were spoken of, one conjured up a picture of shirts and jeans, of sombreroes and riding boots. That day has gone. Mention Texas in relation to style today and immediately there comes to mind the good-looking clothes that take their place in the broad fashion picture of the United States.

I have long been aware of the position held by Texas, for I have been coming to Dallas from New York for the past ten years to report the offerings of the Texas market, as represented by the state's manufacturers. Recently, the Dallas Fashion Arts honored me by inviting me to be one of the three (the other judges were Mrs. C. R. Holmes of San Antonio and Mr. Morris L. Lichtenstein of Corpus Christi) to select the blue ribbon winners of the manufacturers exhibiting at the Fashion Round-Up to be held in October at the 1955 State Fair of Texas.

My former impressions of the high quality of the Texas fashion industry were confirmed as some 500 items of apparel passed in review before us. Here was a comprehensive style panorama ranging from enchanting togs for toddlers to formal creations for sophisticated grown-ups.

These were clothes that did not aim to express ultra extravagance in trends—there were no alphabetical silhouettes as the H, A and Y—all came within the outlines of the accepted new trends in a manner which makes them suitable to the American way of life. In short, they can hold their own wherever they go.

Present in excellent editions were the slender sheaths (they have been making front-page news in New York, Paris and Italy) seen in front-but-toned coat dresses, afternoon silks and cottons adapted to many social occasions.

There were tunics built on slim lines or flaring at the knees. Full skirts held an important place for all hours of the day. The American woman has no intention of giving up the youthful style and the coquetry of petticoats, particularly when it comes to pretty dresses of cotton, silk and the fabrics made of the new synthetic yarns that combine beauty and practicality.

The offerings of the Texas manufacturers I found to be rich in fabric variety. Their choice was well adapted to the styles in which they were interpreted. Printed corduroys appeared in soft, tapered effects, Orlon, nylon and rayon used in blends

had the crisp feel of taffeta and the shimmer of satin. The cottons, beloved American fabric, in lovely printed designs, could hold their own with more extravagant pure silks. Wool found its place in suits and coats. Newest of the new was printed Pelon which flaunted its crispness in a gay separate skirt shown with a simple blouse.

For the approaching fall and winter seasons, many black velveteens contributed rich elegance. Some were combined with white. We, the judges, stared the suspender-and-jumper costumes worn with smart white silk blouses; we voted for the well-cut velveteen with flaring stitched white cuffs and applauded the little six-year-old's black coat topped by a tiny matching bonnet to sit lightly on the wearer's curls.

Texas designers did not fail to recognize that in these days of increased travel facilities and speed, the costume—two- or three-piece—is indispensable. Their discriminating taste was shown in straight coats of tweed or flannel, companions to well-tailored dresses or skirt and blouse. In some instances they were part of multiple-piece coordinates.

Gay as butterflies the separates, their colorful skirts swirling. Interesting were chenille-embroidered felt, printed and be-sequined burlap and cottons blended with Orlon.

To one, who within the last weeks visited the rarified atmosphere of the Paris couture salons, it was like drinking in a deep draught of the winds that blow across the plains to see the ranch togs, denims, shirts, boots and all the rest. No, there's nothing new about them, but they are a refreshing Texas tonic.

The romance of the South was expressed in evening formal gowns, their billowing full skirts of diaphanous net, layer upon layer of it. Attractive were the realistic roses which some ingenious designer had fashioned of silk and laid in delicate sprays over the airy skirts.

We had to doff our hats to the hats, for they were becoming and very feminine. Said the male member of our trio of judges, "They certainly make the girls look pretty!"

In this day of universality of thinking over many lines, it was interesting to this writer to see the Texas fashion market contributing its share in an expression that so characteristically expresses the thinking and social needs of the great state.

FAMILY REUNION HELD IN OKLAHOMA LAST WEEK

Several families from Muleshoe and area attended a family reunion at Quartz Mountain Park, Okla., last Friday, Saturday and Sunday.

Going from here were: Mr. and Mrs. Roy Hogan, Mr. and Mrs. Doc Wilhite and family, Mr. and Mrs. Gordon Murrah and children and Siegrid Hoffman, Mrs. Vera Colson and sons' Clark and Eldon, Mr. and Mrs. Buster Colson.

Mrs. Murrah reported that this is an annual affair, and plans were made to have it in the same location again next year. A lodge had been reserved for the occasion, along with camp site number 1, connected with the lodge, so that all attending had a nice place to stay. A cook prepared all the meals. A large lake was located just behind the lodge, and many of the visitors spend much of their time fishing. Singing, music and games of 42, were among the other activities enjoyed.

Some 138 persons attended the affair, some from as far away as Ohio and California.

MULESHOE SHETLANDS WIN AT LITTLEFIELD.
Corky and Butch Green, sons of Mr. and Mrs. Raymond Green, brought home two nice ribbons on their Shetlands from the Lamb County Fair at Littlefield Saturday.

"Trigger," a Shetland stallion was in 7th place in his class; and "So High," two year old stallion landed in second place in his class.

HERE FROM PORTALES.
Mr. and Mrs. Kenneth Estep and daughter, of Portales, N. M. visited in Muleshoe Sunday with his parents, Mr. and Mrs. L. L. Estep and other relatives and friends.

SPIKE THE RUMOR DEPT.
Mr. Lonnie Bass of the Bailey Co. A. S. C. office says that the requirements for Government Loan Cotton storage facilities will be the same this year that they have been in all previous years. There is no truth in the statement that cotton has to be under cover in order to secure a loan.

"With the quantity storage a home freezer gives you, many food problems are eliminated. For example, we use one shelf for bread alone, storing and using as many as 10 loaves per week."
"With handy compartments, it's easy to keep track of the foods you freeze or buy. Shopping trips are cut to a minimum, never more than once a week. And, there is real economy in quantity buying."
Mrs. Lewis is delighted as she examines package of frozen chicken. She says, "Many foods can be kept indefinitely including some meats and vegetables. Our electric home freezer gives us a greater mealtime variety."

"Prince of Merchandising" Likes Beef on Global Scale

The international aura which surrounds Neiman-Marcus is a personal triumph for Stanley Marcus, the fashion store's chief executive and bearer of the world-acknowledged title "prince of merchandising."

One of the first merchants to recognize the effect of easier, faster transportation on commerce, he contracted to bring the world to his customers, rather than waiting for his customers to shop the world markets.

This could well have been the reasoning behind the annual Neiman-Marcus Exposition which climaxes International Week in the store. Held traditionally on Labor Day, the Exposition is, for thousands of N-M fashion converts, the transition between summer and fall. It is, in the true meaning of the word, a setting forth in detail styles for the coming season.

Now in its 15th year, the Exposition claims leading designers of the year from both continents.

Stanley Marcus is international also in his attitude toward food.

He has a taste for authenticity whether he is entertaining at home or hosting in the elegant Zodiac Room on the sixth floor of the Dallas store.

His contribution to the Texas Beef Council's collection of recipes from famous Texans, now being compiled into a cookbook, is ARROZ CON CARNE. It yields eight servings, and illustrates the rare versatility of ground beef, Spanish-style.

- 2 tablespoons chopped onion
 - 2 tablespoons chopped celery
 - 2 tablespoons minced parsley
 - 1 clove garlic, minced
 - 2 tablespoons olive oil or butter
 - 2 pounds top round steak, coarsely ground
 - 1 teaspoon salt
 - 1/2 teaspoon pepper
 - 2 tablespoons flour
 - 2 cups beef stock
 - 1/2 cup white raisins
 - 1 cup sliced pimiento olives
- Saute onion, celery, parsley and garlic in olive oil until golden color. Add beef; brown. Add salt, pepper and flour; blend well. Add beef stock and raisins. Cover; simmer one hour.
- Just before serving add olives. Serve with large mound of fluffy white rice and a tossed green salad.

HERE and THERE

By JAMES TODD

With the coming of fall and the opening of schools for another year it is not out of place to give renewed emphasis to the Parent-Teachers Association and attention and energy again throughout the nation.

Every local Parent-Teacher Association is an affiliate of both the National Congress of Parents and Teachers and the Texas Congress of Parents and Teachers, or of that state in which the local association works.

A comparatively few men and women are familiar with the objects of these Parent-Teacher Associations, and also realize that the Parent-Teacher Association is the unifying unit that vitally brings together the home, the school, the church, and the community. No thoughtful person who undertakes the worthwhile project for community betterment and enlargement

will do so without taking into his or her planing the home, the school, and the church. These have long been recognized by all physiologists as the first three pillars of community strength.

These objects of the Parent-Teacher Association have become acceptable to all, both inside and outside of the ranks of the Associations, after long and careful study. They are:

1. To promote the welfare of children and youth in the home, the school, the church, and the community.
2. To raise the standards of home life.
3. To secure a adequate laws for the care and protection of children and youth.
4. To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.
5. To develop between educators and THE GENERAL PUBLIC such UNITED EFFORTS as will secure for every child the biggest advantages in PHYSICAL, MENTAL, SOCIAL, and SPIRITUAL education.

Two projects locally focus attention to these objects and the making of them vitally effective in the life of Muleshoe. The annual school carnival has been

discontinued by action of the Muleshoe Parent-Teachers Association in their meeting last Monday evening.

WHY? Because only a few carry the load and generally public does not support it sufficient to make it worth the time and efforts of the few who do attempt to do something about it. There are a number of communities in West Texas who do get behind their school carnival each year and make it pay off to the ring of \$1,000. A community with the challenging opportunities and talent such as Muleshoe possesses should be able to top the list of committees leading in this annual school and community entertainment.

The other projects under the spot light this year being sponsored by the Muleshoe Parent-Teacher Association is the improvement of the elementary school play ground. The playground is fairly centrally located and accessible to and from all neighbors of the community. It can be made the common meeting ground of the school, the home, the church, and the community, and also the breeding ground for other and more extensive projects in the community, such as a community building, neighborhood parks, and

such like.

Many fathers and mothers make a very fatal mistake in thinking that when their own children finish school that they need not continue work and interest in the Parent-Teacher Association. A woman who had reared a family found herself after a brief period "that way again" and when she complained about it to her family physician he attempted to ease her mind by telling her she should be very proud and happy, that it would continue her living with zest during the rest of her life. She looked at him, as a woman in that condition can do, and said, "And go to that PTA again."

The Muleshoe Parent-Teacher Association meets every third Monday evening. It should have the support of the entire community.

BOBOS AND LENAUS

BACK FROM ISLANDS

Mr. and Mrs. Charles Lenau and Mr. and Mrs. Pat Bobo returned to Muleshoe, Saturday, after spending a two week vacation on the beautiful Hawaiian Islands. They were accompanied on the trip by Mr. and Mrs. Harold Neff, of Los Angeles, Calif.

Leaving Los Angeles by plane, September 6, the group flew to Honolulu, Oahu. From there, they flew to the various inner islands, including Hawaii, the orchid and volcano island, and Kawai, the garden island.

On each of the islands, the group took sightseeing tours in limousines. On Hawaii, where they spent three days, they saw the famous volcanoes, and the orchids and many other species lovely flowers growing wild.

They reported that the beach on Kawai Island was the most beautiful they had ever seen. On this island also they saw the many specie of flowers.

Mrs. Lenau said on all the islands they saw sugar cane, pineapple and coffee growing. They visited the various sugar and coffee processing plants, and the famous "Dole" Pineapple Canning Factory. She said the islands and the inhabitants were very clean, and there seemed to be no poverty there at all.

Highlight of the trip for the group was the private dinner party given in their honor at the home of Mr. and Mrs. J. M. Urner, friends of the Neffs.

They flew back to Los Angeles, September 26.

BACK FROM NEW YORK

Mr. and Mrs. George Tompkins have returned home after a visit in Tilton, N. Y., with his relatives and old friends. George was raised at Tilton.

WAS IN LOVINGTON

Mary Lou Lambert was in Lovington, N. M., over the weekend visiting her sister, Mrs. Earl Lee, and her brother, Burns Lambert.

WEEKEND IN GUYMAN

Joy Dean Warner and Clydean Harris attended the Muleshoe-Canyon football game at Canyon Friday evening, then went on to Guyman, Okla., where they spent the weekend with Clydean's parents.

RETURN FROM TRIP

Mr. and Mrs. Victor Foss have just returned from a trip to points in East and South Texas. They were gone one week, and visited his parents at Johnson City, Mr. and Mrs. Oscar Foss, and his brother Clarence, who is at Ft. Hood.

They also visited in San Antonio and Austin, and Mr. Foss said he was certainly glad to get back to the cool country.

Jay Carney To Texas State Fair

Jay Carney of Muleshoe, will participate in the state finals of the 4-H Dress Revue at the 1955 State Fair of Texas.

She earned a place in the finals by showing in district competition. More than 170 Texas counties held preliminary contests with an estimated 7,500 girls participating. County winners then competed in contests in each of the twelve Texas A & M Extension Service Districts.

The district representative will appear on the stage of the State Fair Auditorium on Rural Youth Day, Oct. 15, at the Fair.

The girls will model dresses suitable for school in their home towns. Special attention will be given to choice of color and fabric.

Judging will be based on personal grooming, poise, presentation of costume, construction of costume, choice of accessories, and overall 4-H achievement record.

The first place winner will get an expense-paid trip to represent Texas at the national 4-H Club Congress in Chicago. Second and third place winners will receive sewing machines. Fourth, fifth, and sixth place winners will get steam irons, and seventh, eighth and ninth place winners will be given electric irons.

The girl making the highest scoring wool garment will be given a \$50 certificate for the purchase of wool fabric. Competition is limited to 4-H girls between 14 and 21.

First place winner last year was Lynda Gayle Solis, of Howe, who represented Texas at the National 4-H Club Congress in Chicago.

Judges for the state revue will include: Mrs. Lera B. Hancock, head of the Department of Home Economics at Arlington State College, and Miss Janelle Allison, assistant clothing specialist for the Oklahoma A & M Extension Service at Stillwater, Okla. Commentator for the show will be Mrs. Jessie Southworth, fashion co-ordinator for Sanger Bros., department store in Dallas.

Renfro And Story Wedding Is Read

Texas Ranger and Mrs. W. E. "Raz" Renfro, who were married last Saturday at 4:00 o'clock p. m., at Trinity Baptist Church, Lubbock, are at home at 3108 30th St., in Lubbock.

The Rev. Melvin Raphael, pastor of the church, officiated at the ceremony.

Mrs. Renfro is the former Mrs. Irene Story. For the ceremony, she wore a white winter suit, with stole and black accessories.

The Renfros are well known in Muleshoe, having resided in Bailey County many years. Mr. Renfro is a former sheriff of the county.

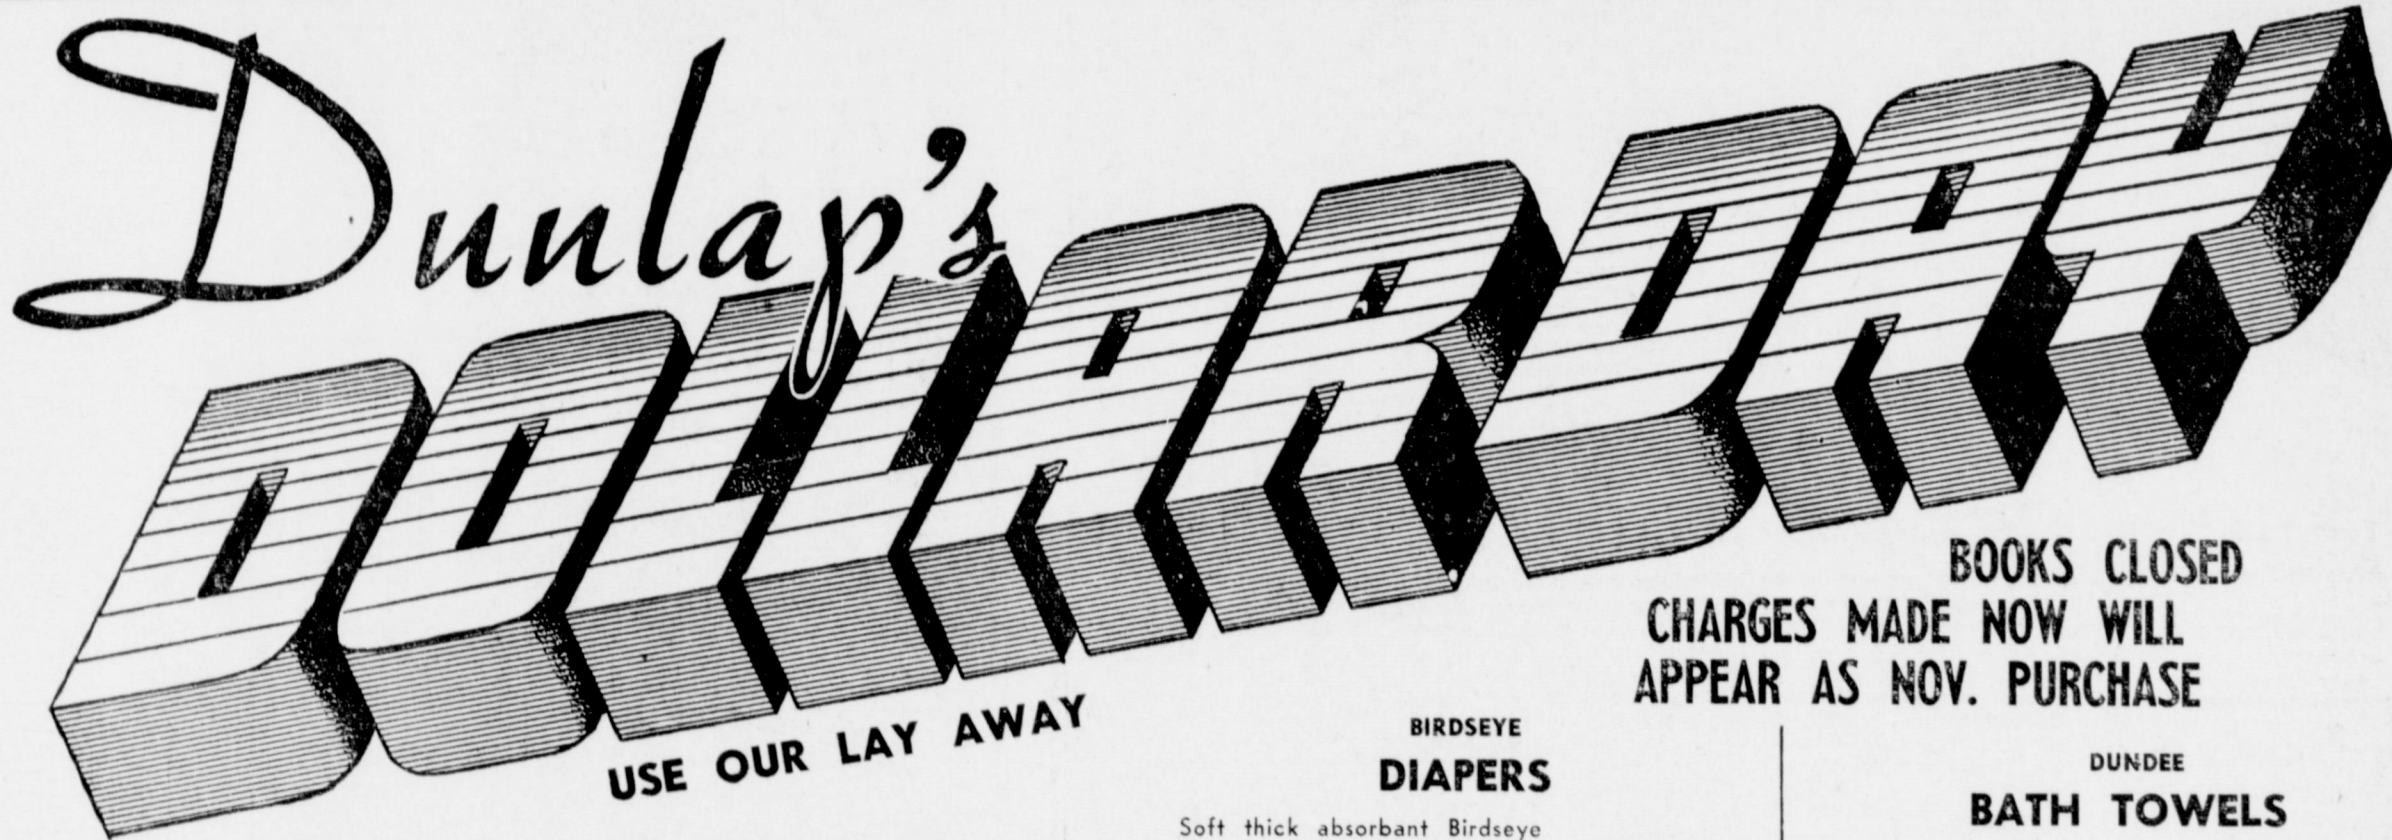

Weiner Roast Enjoyed At Holly Home

A wiener roast last Thursday evening at the O. J. Holly home was enjoyed by a number of people. Beginning about 6:30 in the yard at the Holly home, the party was later moved inside, due to rain.

Attending were: Mr. and Mrs. Dewaine Holly and family, Mr. and Mrs. Rea Dill and family, Mr. and Mrs. Bob Blackwood and family, Mr. and Mrs. Jess Pendergrass, Mr. and Mrs. Paul Scott, Mr. and Mrs. T. H. Kent, Jr., Mr. and Mrs. Tom Morgan, Mr. and Mrs. Bill Tuttle and family, Mr. and Mrs. Joe Embry and Sue Mills.

VISITED AT VERNON

Mrs. R. L. Jones and daughter Mrs. W. G. Harlan and Lee Ann visited last week in Vernon with Mrs. Jones' aunt and uncle, Mr. and Mrs. E. H. Pig.

**BABSON DISCUSSES—
White House Conference
On Education**

Babson Park, Mass., Sept. 22—The first White House Conference on Education has been called by President Eisenhower to meet in Washington, November 28, through December 1. Why will this be such an important meeting?

WHY A WHITE HOUSE CONFERENCE?
The first reason is because there is an acute shortage of teachers. Hence, we must find a way to attract many more good people into the teaching profession. There is a shocking inadequacy of school housing. Cities and towns already overburdened by heavy tax loads must also find a way to build many more school buildings much more cheaply than they have in the past.

Just 24 months ago our population totaled 160,000,000. Today it has passed 165,000,000, and is increasing at a rate of about 2,700,000 a year. This means that for every 100 students now in the classrooms, there will be 121 by 1960, and 136 by 1965. There will be 476,000 new classrooms needed by 1960, plus the teachers to fill them. It has been estimated that our schools will need \$10 billion more annually to operate in 1965 than they do today. It is to cope with this crisis that the White House Conference has been called.

LOCAL PREPARATIONS NEEDED

At least forty state school board associations have already had regional planning meetings. Local citizens' meetings by the thousands will get into full swing this month. At a National School Boards Association meeting scheduled for September 29 to October 1 in Kansas City, Mo., the question will be discussed as to how business, industry, and the professions can contribute techniques and ideas that will be useful in the field of education. May I urge readers to get into these discussions at the

Reasonable Farm Goals

From Christian Science Monitor
Although the politicians appear more agitated about the "farm problem" than do most farmers, the state of American agriculture is far from satisfactory.

It is full of contradictions. Better seed, fertilizers, machinery, and methods are operating constantly to make it more productive. But its very productivity creates an expensive burden of surpluses. So measures are set in operation to counteract productivity: Farmers are required to plant fewer acres, and government buys surpluses, which are given away, sold abroad, or spoiled.

The taxpayer finances this disposal of surpluses lest they depress the market and permit him to buy food and fabrics cheaper. Foolish? Fantastic? Of course. Under a wholly logical system the most efficient men, machines, and lands would produce what was needed at a fair and fairly stable price. But farming is not logic; it is weather and people, not to say politics. And the American people have decided it is less foolish to do these things than to let the farmer get into the shape they were in in 1932.

Even so, it ought to be possible to introduce somewhat more reason into the situation. There is great value to a free society in having many family sized farms. But there is a limit beyond which inefficient small farms should not be subsidized. It should be possible to put a floor under farm prices without guaranteeing every farmer a living, to provide storm cellars without losing all benefits of a free market and its incentives for enterprise and adaptation.

It should be recognized that the farmer is at a disadvantage as against most other producers. The American free enterprise system has seldom been willing to subsidize inefficiency for long. Actually the reduction in farmers is rapidly taking place—little as we may like some of its results. But certainly this necessary readjustment can be eased greatly by current prosperity and

Letters To The Editor

MRS. CHURCHMAN THANKS GOOD SAMARITAN COUPLES

Dear Sir:
On Friday night, September 16, I was in a lot of trouble and two young Muleshoe couples came to my aid. My dear husband and I were driving to the hospital at Amherst in a pickup near the Sudan School building about 8 o'clock when he was seized with a fatal heart attack. These four young people stopped to help, taking us on to the hospital and helping get him in, even though he did not make it in time. These young people stayed there until it was all over and brought me back to a very empty place we had called home. They had started to the football game between Muleshoe and Sudan but when their help was needed they passed up and missed the football game which they assured me was all right.

In our hour of sorrow it did not enter my mind to ask them their names. If it would be possible through your newspaper to let these young people know my appreciation and thanks to them, they will never know how much it meant to me. Even though I do not know who they are, they will not be forgotten.

Sincerely yours,
Mrs. O. A. CHURCHMAN

CHRISTIAN SCIENCE SERVICES

The perfection and supremacy of God's infinitely good creation will be emphasized at Christian Science services this Sunday.

Readings from the King James Version of the Bible and correlative selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon on the topic, "Unreality".

From Ecclesiastes (3:14) will be read the following verse: "I know that, whatsoever God doeth, it shall be for ever: nothing taken from it; and God doeth it, that men should fear before him".

Among the correlative passages to be read from Science and Health is the following (5:25-26): "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make,—hence its unreality".

ATTENDED FUNERAL

Mr. and Mrs. J. F. Prather and Mrs. C. A. Horsley attended funeral services at Earth Sunday afternoon for Bobby Don West, who was fatally injured Friday evening in an automobile accident.

"Trouble with the average man is that he seldom rises above the average."

the opening of new jobs in industry. Politicians might well consider this before they try to freeze American agriculture in its present shape.

**SAND HILLS PHILOSOPHER FROWNS
On Effort Of Washington To Find
Jobs For All Men Who're Past 40**

Editor's note: The Sandhill Philosopher on his Johnson grass farm is worried again, his letter this week reveals.

Dear Editor:
When a politician sets out to help the voters, I always pay attention, but sometimes the thing can be overdone. Over-enthusiasm is sometimes worse than unconcern.

Last night I was reading in a newspaper which some outfit sent me as a free sample where a government official in Washington said he was worried over the plight of older men, which he described as men over 40.

According to him, business is reluctant to employ a man over 40, even more reluctant to hire one over 50, and when he gets 60, it's harder than ever to get business interested. This, he said, was a deplorable situation, to use his words and something ought to be done about it. Business ought to be encouraged to hire older men too.

I want you to know I appreciate this man's concern, but as far as I'm concerned he's talking when he ought to be listening.

If big business says when a man gets over 40 he ought to slow down, then you ain't gonna catch me questioning big business. If an older man wants to keep on working, or quit his present job and start another one,

after successfully completing such additional years of teaching should perhaps be awarded an M. A. degree. If any teacher should desire there a letter to change from teaching into some other work, these years of post-training would help in getting a good position, or—in case of an unmarried woman—a good husband! Of course, some details would have to be worked out for men becoming eligible for military service. I hope the White House Conference will not allow itself to get bogged down in educational gobbledegook, but will discuss the above serious problems with dispatch, and in a democratic and realistic manner.

J. A.

Yours faithfully,
J. A.

Study Continued At Wesleyan Guild Meeting Monday

Mrs. A. S. Stovall was hostess to members of the Wesleyan Service Guild at a meeting held in her home, at 7:30 in the evening, Monday. President, Mrs. Fred Johnson, was in charge of business.

A dialogue introductory devotional to the five spiritual classics, which the guild is to study, was given by Mrs. Gilbert Lamb and Elizabeth Harden. The group sang two songs, and Mrs. Lamb closed devotional with a prayer.

Mrs. Ray Edwards and Mrs. Mable Dowell led as the study was continued on "Confessions of St. Augustine." Others taking part on the program and assisting the ladies were: Marion Harris, T. M. Slemmons, Buford Butts, Helen Ingle and Fred Johnson.

A letter of thanks which she had received from Mrs. W. H. Hanks, was read by Mrs. Edwards. The letter was from the Lepor Colony, Belgian Congo, Central Africa, thanking the guild for the money received

through the Hanks Memorial Fund.

Next meeting will be October 10. A place is to be decided later. Refreshments were served to a new members, Mrs. Jim White; a former member now residing in Albuquerque, N. M.; Mrs. Homer Sanders, Sr.; Elizabeth Harden and Mmes. Jim Burkhead, Gilbert Lamb, Lois Schoenberger, Helen Ingle, Buford Butts, Mable Dowell, Ray Edwards, Marion Harris, LeVita McKinstry, T. M. Slemmons, S. D. Slemmons, Jessie Wright, Fred Johnson, W. C. Colbert and Francis Gilbreath.

Martha Jane Chapman Is Party Honoree

On Thursday, September 22, Mrs. Benny Chapman entertained in her home, honoring her daughter Martha Jane, on her second birthday.

The little guests arrived at 4:00 p. m. To add to the festive occasion, the honoree presented each of the guests with a colorful hat upon their arrival, to wear during the party.

After Martha Jane opened her

lovely gifts, the children were served birthday cake and ice-cream.

Guest list included: Stephen Black, Patty Murray, Mark Edwards, Debbie and Kathy Schuster, Chester Beavers and Bill Chapman.

WSCS Executive Committee Met

Eight members and one visitor, Cecil Davis, were present for the executive meeting of the W. S. C. S. of the First Methodist Church at 2:00 o'clock in the afternoon, Monday.

At the close of the business meeting, the group worked on the church calendars. They were assisted by Mr. Davis, who typed the calendars.

Later in the afternoon, the group went out over the city in groups of two to visit the older members of the church, the sick, and new ladies in town.

Next meeting is set for 2:00 p. m., October 3.

Attending were Mmes. H. Jay Wyer, Cecil Davis, Clara Williams, Claude Farrell, Grace Morris, J. E. Day, Rita Richards and Ruth Pierson.

Judy Kay Garrett Installed As Worthy Advisor Of Bovina Rainbow Assembly

Thursday evening of last week, at Farwell High School Auditorium, Miss Judy Kay Garrett was installed as Worthy Advisor of the Bovina Rainbow Assembly No. 158, in a beautiful setting featuring her chosen colors of pink and silver.

Installing officer was Mrs. Mae Porter, the first Mother Advisor of the Assembly. Mrs. Harry Whitley, also a former mother advisor, served as chaplain. Miss Jo Ann Williams served as recorder and Miss Elaine Magness was marshal. Both girls are former past worthy advisors of the assembly.

Mrs. Erma Jobs, instructor of band at Farwell Schools, was musician, and rendered two beautiful selections at the piano during the evening.

Other officers installed were: Phyllis Magness, worthy associate advisor; Donna Hobdy, charity; Janie Alverson, hope; Murlene Crook, faith; Lillie Ellison, recorder; Celia Berry, treasurer; Harriet Charles, chaplain; L'Orchid Latham, confidential observer; Fern Tipton, outer observer;

Sue Estes, musician; Carol Hammond, choir leader; and Kay Leake, drill leader. Installed for color stations were Carl Crook, love; Sherry Vestal, religion; Joy Redden, nature; Jo Carol Whitley, immortality; Sharon Coffman, fidelity; Katherine Billington, patriotism; and Gwennyne Potts, service.

Mrs. Verna Hobdy, of Bovina is Mother Advisor, and Rainbow Dad is Nelson C. Smith, of Farwell.

Following the installation ceremony, Miss Garrett introduced her mother and father, Mr. and Mrs. Bill Garrett, of Farwell; her grandmother, Mrs. Eva D. Ivy, of Muleshoe; and a friend, Mrs. Grace Snyder. They were conducted to the East, where they were presented with gifts, and greeted with a cheer.

Miss Garrett also presented gifts to each of her installing officers, and she was presented with a gift from the Assembly.

Assembly No. 158 meets in the Masonic Hall at Bovina, first and third Monday evenings of each month. All Masons and Eastern

Seniors To Sponsor Chuck Wagon Supper

The Senior Class will sponsor a Chuck Wagon Supper October 7, in the high school lunch room. They will begin serving at 5:30 and will serve until just before the football game. Plates will be \$1 for adults and \$.50 for children.

Senior class room mothers for this year are Mmes: Sam Fox, O. L. Jarman, J. E. Sullivan, D. L. Morrison, Ray Black, Hugh Freeman, C. H. Gillis, Joe Simnacher, G. F. Howell, Walter Harrison, Beyri Wingo, A. J. Dutton, Gene Lowe, D. B. Larkaster, Dick Willman, Gerald Allison, Alex Reed, Lee Pool, J. D. Black, R. T. Atchison, and Clyde Henry.

Witte Home Scene Of Half Century Club Meeting

Half Century Club met Thursday afternoon at the home of Mrs. Pete Witte, for a luncheon and for canasta games.

Attending were: Mmes Myrtle Harper, Beulah Carles, Myrtle Smith, Anna Moeller, Laura Gilbreath, Lula Kistler, Hazel Farrell, Mary Young, Mattie Duke, Lois Schoenberger, Bertie Pauls, Ina Gross, and Hertha Walker.

Hostess for the next meeting will be Mrs. Laura Gilbreath and the meeting will be held at her home. Mattie Duke will be co-hostess.

The meeting is to be held October 6.

Stovall explained the arranging of books, cards, etc. reference books and the card catalog. These were discussed by the girls attending. It was decided to keep the name of "Dusty Pages" which had been the name of the club since 1948.

Those attending were: Lucille Davis, Evelyn Bratcher, Geneva Bartlett, Quinell Elliott, Doris Lee, Peggy Stevens, Barbara Sue Darsey, Mrs. Stovall and two visitors Mrs. Darsey, and her daughter.

Refreshments of cookies and cakes were served to the girls at the close of the meeting.

ARRIVED HOME
Mrs. Kirk Herrington arrived home last week to stay with her parents, until Kirk is released from service. She has been staying with his parents at Valley, Neb.

FROM CLOVIS
R. E. Williams, of Clovis, N. M. visited in Muleshoe Friday evening with his friend Herbert Ramage.

By John C. White, Commissioner

Weather paradoxes of other states are just routine in Texas. September, 1955, will be recorded on weather annals as the month when drouth and flood conditions prevailed in the state just a stone's throw apart. Both circumstances created their own set of problems.

The conditions have existed

simultaneously before. This time they struck in the southern portion of Texas and the need for federal and state action is immediate.

Until the rains came—in torrential proportions at some spots—17 South Texas counties had applied for federal designation as drouth disaster areas eligible

for emergency aid. Within a few hours, several of these counties were in dire need for help to repair flood damage to homes and land.

Nueces County, with Corpus Christi as its commercial hub, was the hardest hit by rains. Rich brown fields which were powder dry from months of drouth suddenly turned into lakes. Irreplaceable top soil was swept away by turbulent rivers that cut deep gullies across relatively flat farms. The county immediately applied for flood relief aid.

On the massive King Ranch the rattlesnake gave way temporarily to the water moccasin when rains turned pastureland into standing lakes. Seven counties—Bee, Brooks, Kleberg, Duval, Jim Wells, Nueces and San Patricio—suddenly had their weather conditions reversed.

Ten counties on the outside perimeter of the rain-soaked area still suffer drouth conditions, however. They are: Atascosa, Frio, Goliad, Jim Hogg, Karnes, LaSalle, Live Oak, McMullen, Webb and Wilson. The federal government has not yet acted on their request for drouth relief but, except for scattered showers, the long dry spell is still unbroken.

The moisture that was received in the dry counties did little good. Soil conditions were so poor that the water either ran off the crusted land or added very little to the sub-soil.

For four long years, the burning hot sun parched the majority of Texas. Recent rains considerably brightened prospects over most of the state. Yet, the need for help on an emergency basis is still with us—and the job won't be complete until it is obtained.

Civil Service Announces Exams For Boys Seeking Appointments To Schools

Senator Lyndon B. Johnson has announced that Civil Service examinations for Texas boys seeking appointment to the Army, Navy and Air Force service schools will be held November 14 at 71 cities and towns throughout the state. Senator Johnson uses the results of these examinations as a guide in making his appointments to the military academies. Entrance requirements vary, but all three academies require that appointees be United States citizens. In the case of applicants to be considered by Senator Johnson, they must be residents of Texas. They must be between

the ages of 17 and 21 years upon entry, must be single and must pass a rigid medical examination and a physical aptitude test. Candidates for the Air Force Academy must be able to pass the medical examination for flying training and a pilot aptitude test.

Persons interested in taking the competitive examination on November 14 are advised to write Senator Lyndon B. Johnson, Senate Office Building, Washington, D. C., not later than October 15.

Inman Promoted In Cadet Corps

Abilene — Recently appointed Cadet Private 1st Class in the Hardin-Simmons University Reserve Officers Training Corps is Jerry Dale Inman of Muleshoe. The appointment was announced this week by H-SU Professor of Military Science and Tactics, Lieut. Colonel Howard H. Burd. In cooperation with the Department of the Army, Hardin-Simmon operates a unit of the Army Reserve Officers' Training Corps, offering a general military curriculum without reference to any one arm or technical branch of service. Awards are presented each spring to the best drilled campus company, platoon, and individual cadet during the annual ROTC Field Day ceremonies at the university. Cadet Pfc. Inman has been given official duties of Assistant Squad Leader in the Corps of Cadets. He is the son of Mr. and Mrs. S. W. Inman of Route 3, Muleshoe.

Texas Reaches 66 Per Cent Of Bond Goal In 8 Months

Dallas, Sept. 23—Texans bought more than \$133 million worth of United States Savings Bonds during the first eight months of 1955. It was reported today by Nathan Adams and Ed Gossett, co-chairmen of the Savings Bonds Advisory Committee for the state.

Bond sales throughout Texas this year up to September 1 totaled \$133,276,815, which was 21% more than for the same period last year.

Purchases in August 1955 were \$16,909,996, which was an increase of \$2,149,560 over July.

"Sixty-six per cent of the state's 1955 Savings Bonds goal was achieved during the first eight months", the co-chairman noted. "However, this is still 1.8 per cent below the average of sales necessary to make out state quota of \$201.9 million for 1955."

"While the increase in purchases for the month of August is good, Texans need to step up the pace of Bond buying in order to put our state over the top this year", the co-chairman pointed out.

"We urge everyone to buy more Savings Bonds during the remaining months of 1955 to help attain Texas' proportionate share of this program, so important to the sound economy of each person, every community and our country", they said.

make your tractor a MODERN tractor

CONVERT TO LP-GAS With ENSIGN Carburetion

Right there in the circle above you've got the key to modern tractor efficiency — LP-Gas fuel plus Ensign Carburetion. It's just good business sense to find out how modern LP-Gas efficiency scraps ordinary performance standards. Get the facts on profit-boosting fuel savings and phenomenal freedom from maintenance expense (3 or 4 seasons without service!). The six points below suggest a few LP-Gas and Ensign Carburetor advantages. Keep the profit-angle in mind as you read them!

1. Fuel savings 25 to 40 percent.
2. Lube oil lasts four times as long.
3. 50 to 75 percent fewer overhauls.
4. Increased power. 100 octane fuel permits high compression.
5. Smooth-running engine — no vibration.
6. Same fuel storage serves tractor and household.

Let your Authorized Ensign Dealer check your engine. He can tell you what you can save by making your tractor a MODERN tractor with LP-Gas.
