New Telephone System Proposed For Tahoka

Common Battery System Would Be Installed

Citizens Must Approve Of New System And Rates. If Change Is Made

Plans are afoot for the installation of a new up-to-date telephone system in Tahoka. If these plans materialize, the present outmoded system will be replaced with a new and complete common battery system within the next twelve months, or at the latest some time next year.

The mayor and city council and other citizens of the town have been discussing for some time the advisability of undertaking to get an improved system here, and on Monday night of this week C. R. Hurman of Lubbock, commercial superintendent of the Southwestern Associated Telephone Company, District Manager Butler of the Lubbock district, and District Manager E. C. Throop of the Brownfield district met with the city council and a few of our other leading citizens and laid the matter before them.

These gentlemen proposed that their company would install a complete new common battery system here if 95 per cent of their subscribers would sign up for the new system. About that percentage have signed up in other towns of the south plains where the new system has been installed, they say.

With the new system installed, there will be a raise in the rates of 25 cents per month for residence phones and 50 cents per month for business phones.

However, if a subscriber for a residence phone is not willing to pay the 25-cent raise, he may be placed on a four-party line at the same rate. Likewise, a subscriber for a business phone may be placed on a two-party line at an actual saving of 50 cents per month. While these are party lines, it should be understood that only the residence phone or business phone desired will ring when a call is made over the line.

The Company representatives here Monday night stated that they would guarantee that only new parts would be used in the new system. The new system is known to be so much better and so much more satisfactory than the present system that it is not believed that much trouble will be encountered in procuring signers.

Whatever comes of this movement for a common battery system here, the Company is rebuilding its lines in the town. This work was begun several weeks ago and has proceeded thus far rather slowly, and no work is being done at all just now, but it is hoped to have a crew back here within a few weeks.

The major portion of the lines are being removed from the streets and reconstructed in the alleys. All of them are to be moved so as not to interfere with trees or to be affected by trees that have grown up on or along the premises of property owners in the city.

This is itself an improvement that the residents of Tahoka will greatly appreciate.

Superintendent Sets Day For Visits

Mrs. Lenore Tunnell, county superintendent, requests that we announce that beginning with next week she will not be in her office hereafter on Wednesdays. That is the day she has set aside each week for visiting schools.

She gives this notice in order that school trustees and others having business in her office may save themselves the trouble of coming to her office when she is not in.

Mrs. Dyer, 82, Pioneer, Dies

Another of the few remaining pioneer women of Lynn county passed away early Sunday morning when Mrs. Mary C. Dyer, widow of the late J. V. Dyer, died at the home of a daughter, Mrs. W. T. Shepherd, who resides a few miles southwest of Post. Death came at 3:45 a. m. as the result of an attack of pneumonia with which she had been suffering for several days.

Funeral services were conducted in the Methodist Church here at 2:30 o'clock Monday afternoon in the presence of a large gathering of friends and relatives. The services were conducted by Rev. Geo. E. Turrentine, pastor of the Methodist Church here, assisted by Rev. Marvin Boyd of Post, who read some scriptures and offered prayer, and by Rev. R. T. Breedlove of Leveland, who delivered the funeral discourse. Brother Breedlove had been Mrs. Dyer's pastor in Tahoka several years ago and Brother Boyd was (Cont'd. on back page)

Jack Stricklin Seriously Ill

Word came to us early this week that our good friend Jack Stricklin, editor of the Terry County Herald, is critically ill of pneumonia. He first suffered an attack of the flu and pneumonia developed later.

Mr. Stricklin recently celebrated his thirtieth anniversary as a citizen of Brownfield and a member of the Herald force. He has been owner and editor of the paper almost thirty years. His editorial page is always interesting, and we always enjoy it. We are sure his subscribers do.

It is to be hoped that he soon recovers and that he is allotted many more years of usefulness.

Says Teachers' Meeting Best Yet

Mrs. Lenore M. Tunnell says that the meeting of the West Texas Teachers Association held in Lubbock last Friday and Saturday was the best in every way that has yet been held.

Mrs. Tunnell was chairman of the Language-Arts division, and she says that the room in which this sectional meeting was held was crowded to its capacity. The program was good and the interest fine.

Miss Irene Armes, English teacher in the Slaton high school, was elected chairman of this division for the ensuing year. For several years, Miss Armes was teacher of English in the Tahoka high school a few years back.

New Church Is Near Completion

Reports are to the effect that construction work on the Baptist Church in O'Donnell is now nearing completion. Arrangements have been made for the money, we understand, with which to complete the structure.

A large per cent of the brick which have gone into the new building came from the old school building at Woodrow which was torn down last year. Much of the labor in the construction of the church has been donated by members, it is said.

When completed the edifice will be both attractive and commodious, a building of which the church and the people of O'Donnell as a whole will be justly proud.

MORE AAA CHECKS RECEIVED, TOTAL HAS REACHED \$463,944.32

Assistant Agent C. A. Lawrence received another batch of farmers compliance checks Monday morning, 454 in number, bringing to the farmers of Lynn county \$108,930.65.

On Tuesday morning he received eight ranch checks for the aggregate sum of \$4,815.32.

This makes a total of \$113,745.97 received this week, and a total since payments began a few weeks ago of \$463,944.32.

Something like \$350,000 to be received yet on last year's triple A program.

Rotarians Plan Mock Wedding

There is considerable stir and excitement in Tahoka as plans go forward for the wedding of the two unknowns at the High School auditorium next Tuesday night.

The elaborate "Womanless Wedding" is being sponsored by the Rotary Club, and the proceeds will be used to entertain the Lynn County Interscholastic League meet in Tahoka.

The entire roster of the Rotary club is being used by Miss Obara Forrester, director of the show. You will see among other notables, Miss Amanda Sophronia Redd Weathers, who does a fair job of wife hunting for her son Daniel Redd Hill. Then there is Miss Happy Gushenwater Smith, Miss Palestine Naomi Collier, Miss Arbuckle Vanira Galignat, Miss Mooney Melissa McCord, and then the World Renowned Chorus consisting of Miss Fred Bucy, Miss Oscar Tinsley, Miss Henry Maasen, and Miss Truett Smith.

You will also want to enjoy the famous twins, Conway Clingan and Terrible Terry Thompson.

Brother Perry Goad will officiate at the ceremony in all his solemn majesty. Invitations have gone out to the byways and the highways and folks are expected from all points of the country. The Tahoka band in uniform will entertain at the wedding. Ceremony starts promptly at 8 P. M. Come early and avoid the jam and rush for seats.

Utilities Company Repairs Building

The Texas-New Mexico Utilities Company has just placed a new roof on the electric light and ice plant here.

The roof was almost totally destroyed by one of the wild and woolly sandstorms which visited Tahoka and all West Texas recently.

Mrs. M. R. Pemberton, who underwent a very serious operation in a Lubbock sanitarium a few weeks ago and who was critically ill for a number of days, is now steadily improving at her home here. She is able to be up a large part of the time, we are informed.

Farmers From Three Counties Organized Here Wednesday

Farmers from three counties met in the district court room here Wednesday afternoon to lay plans to revive and put power into the Texas Agricultural Association, which has been functioning in a way for two or three years.

Similar meetings are being held elsewhere in this section of the state.

Representative farmers from Garza and Terry counties met with a much larger number of Lynn

Boys Warned On Flying Of Kites

With the arrival of the kite-flying time, boys are warned by Texas-New Mexico Utilities Company of the danger of flying kites near an electric line.

It's dangerous to use wire of any sort for string. It's dangerous to recover your kite that becomes tangled in electric wires. The company offers to recover any kite lodged on their lines or poles if the unlucky loser only will call their office.

O'Donnell Will Have Rotary

A Rotary Club with at least twenty members pledged was organized at O'Donnell last Friday night.

The organization was sponsored by the Tahoka Rotary Club. County Attorney Rollin McCord, working in cooperation with some of the leading citizens of O'Donnell, had procured the membership pledges.

A number of Rotarians from Lubbock and Lamesa were present. Brief addresses were made by Dr. C. J. Wagner, Dr. Broome, and Warren Clements, all of Lubbock, the latter being president of the Lubbock Rotary Club, Clyde Brannon and Carl Rountree of Lamesa, and Truett Smith of Tahoka.

Ray Weathers, president of the Tahoka Rotary Club presided, and he was assisted in the organization by Rollin McCord and Wynne Collier.

A board of directors consisting of eight members was elected by the citizens of O'Donnell going into the organization, as follows: B. M. Haynes, J. L. Shoemaker, B. J. Boyd, Charles Cathey, Marshall Whitsett, Dr. J. W. Davis, S. Blocker, and E. T. Wells.

The board of directors in turn proceeded to elect the following officers: Marshal Whitsett, president; B. M. Haynes, vice-president; and Charles Cathey, secretary.

It is believed that a number of other O'Donnell citizens will add their names to the list of charter members within the next few days.

Mr. Scott Davs, who has been confined to his bed for many months and who was in such critical condition two weeks ago, is now said to be greatly improved. He is just getting along fine, is the report that comes from the family.

Mr. and Mrs. H. B. McCord and son H. B. Jr. went down to the Fat Stock Show at Ft. Worth Saturday, returning Sunday. Mrs. W. D. Smith accompanied them as far as Winters, where she stopped for a visit with relatives and friends.

There were, as of May 1, 1939, 44,800 automobile dealers in the United States.

Car Thieves Are Caught Here

Two automobile thieves were captured and the stolen car almost totally demolished as the finale of an exciting race between the thieves and Deputy Sheriff Ed Sanders who was chasing them on highway No. 84 west from Tahoka about four o'clock Monday afternoon.

The race ended when Sanders succeeded in puncturing a rear tire of the fleeing car about twelve miles west of town near the Robert Noble residence.

The race had been fast and furious from Tahoka up to this point, when Ed, who was driving a V-8 Ford, opened fire on the LaSalle in which the thieves were fleeing. Four shots grazed the left side of the car and the fifth one struck the rear tire. When it did so the car leaped into the air and fell on its back on the south side of the highway. Ed says it passed through the air a distance of at least fifteen feet. How (Cont'd. on back page)

District Court Opens At Post

District Attorney Truett Smith was in Post the first part of this week attending district court, which opened Monday.

He reports that the grand jury was finding no other serious criminal offenses awaiting investigation, adjourned temporarily, all on the first day of the term.

Fred Holt was indicted for the theft of a car stolen from W. D. White on February 12. No arrest had been made in the other indictment returned and the name is not given.

Truett says the Court has one of the lightest criminal dockets in recent years.

Sandstorms Are Too Regular

Sandstorms have been coming so frequently the past three weeks that it takes an unusually furious one to constitute news. But we have that at least three in this period of time that ought to make the front page. The latest of the most violent ones strutted its stuff here last Saturday afternoon. It was a wolf!

The best soil protection against such sandstorms as these is early plowing. Where the soil has been plowed deep, there is comparatively small damage in the way of soil erosion. Where it has not been plowed at all, the winds get in their worst work.

S. R. Kemp was here from his farm home in the Garlyn community Tuesday looking after business matters. Mr. Kemp was for a long time a valued citizen of Tahoka.

Forgan Band Is Coming Tuesday

The concert and moving picture show which was to have been given by the Forgan band in the high school auditorium here on Thursday was postponed until Thursday of next week, March 23, beginning at 1 o'clock p. m.

Not only will the Forgan band give a concert but the Tahoka Band will also play several numbers. In addition three reels of sound movies will be shown.

Admission charges will be 25 cents for adults and 5 and 10 cents for children. The proceeds will be used to pay for the Tahoka high school band uniforms.

SCHOOL DAYS

ELDER DRENNON'S NOTES

Back home again, and you can all put it down that the song "Home, Sweet Home", is true.

While we had a pleasant time last week in a meeting at Hobbs, New Mexico, we are glad to get back to good old Texas. For one thing, we don't like being one hour behind time. I kept my watch on Texas time, so I did not miss any of my appointments.

Another thing, I did not enjoy the smell of oil and gas, and O you bad roads, out in the oil fields especially.

I see last week's news was published in our good town and it was one of the best issues of the paper in a long time, even to the editor commending our friend O'Daniel.

As I came through Brownfield on my way home from Hobbs, I learned that our friend Jack Stricklin was very low with pneumonia. Here's hoping he does not leave us yet for awhile, as he is a fine writer and publishes a good paper.

Our town has been hit hard the last month with the grim reaper, Death. We have lost more people than usual of late. The most tragic of all, perhaps, was the sudden death of Miss Wilda Gene Campbell, but it only goes to prove that statement of Paul in Hebrews 9:27 that we must all die sooner or later. While all are aware that we must die yet many fail to prepare to live beyond death. I am so glad Jesus

came and died that we might live.

Yours for more people who will keep their minds open enough to receive all new truth but closed against all kinds of error.

Visit the friendly church when in O'Donnell on Sunday.—R. P. Drennon.

Ed. Note: We actually believe that the meeting you held over at Hobbs did you a lot of good. Brother Drennon, whether it did anybody else any good or not. Now just keep sweet, this is all in fun. Hope you hold another meeting soon; maybe it will do you some more good.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our pastor and to our many friends and neighbors for the comforting words, and acts of kindness, during the recent illness and death of our beloved one.

SHERIFF'S SALE

The State of Texas, County of Lynn.

Notice is hereby given that by virtue of a certain Execution issued out of the Honorable County Court of Lynn County, on the 14th day of March, 1939, by W. M. Mathis, Clerk of said Court, for the sum of Nine Hundred Ninety-Five and No 100 (\$995.00) Dollars and costs of suit under judgment, in favor of Jessie Beval (by cross action) in a certain cause in said Court, No 766 and styled Will Pechal vs. Jessie Beval, placed in my hands for service, I, B. L. Parker, as Sheriff of Lynn County, Texas, did, on the 14 day of March, 1939, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to wit:

SW 1/4 of Section 15 H & OB, Block 0

NE 1/4 of Section 25 H & OB, Block 0

and levied upon as the property of Will Pechal and that on the first Tuesday in April, 1939, the same being the 4th day of said month, at the Court House door of Lynn County, in the City of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Will Pechal.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News a weekly newspaper published in Lynn County.

Witness my hand, this 14th day of March, 1939.

B. L. Parker, Sheriff, Lynn County, Texas. 31-30c.

Postal Inspector Resigns Position

Resignation of Preston M. Juvenal as postoffice inspector at Abilene, effective Monday, was announced here by P. L. Clappitt, postoffice inspector in charge of Texas and Louisiana.

Juvenal will enter private business in San Antonio, Clappitt said. No successor has been named.

The Abilene inspector's office includes territory from Shackelford to Andrews Counties.

Rural Delivery Service

During the year, 520 routes were absorbed by consolidation or converted into City Delivery Service and 63 routes were established, a net reduction of 457 routes.

Forty-eight hundred and ninety extensions of rural routes were authorized, providing more convenient service to 79,057 families. By the extension of routes and the establishment of new routes, 17,986 families, or 66,368 individuals, not formerly served by rural delivery, were included.

On June 30, 1938, 33,144 rural routes were in operation, by which approximately 7,003,386 families, or 25,943,625 individuals, were given Postal Service.

The 33,144 routes in operation at the close of the year were of an aggregate length of 1,387,445 miles. A few routes have triweekly service, and in cases where two triweekly routes are operated from the same office they are served on alternate days by one carrier. The carriers for all the routes traveled an average of 1,377,399 miles each schedule day and 420,106,847 miles during the year. The average length of rural routes was increased during the year from 40.98 to 41.99 miles.

There were 33,062 rural carriers on June 30, 1938, a decrease of 453 as compared with the previous year. The average annual salary of all carriers was \$2,020, exclusive of the

equipment maintenance allowance. The average salary of carriers serving rural routes daily, except Sunday, was \$2,032. The average compensation of those serving triweekly routes was \$1,221. Both figures are exclusive of the equipment maintenance allowance. The salary cost of each mile of travel was 15.89 cents, as compared with 16.03 cents the previous year. With the equipment maintenance allowance of 5 cents a mile, the total cost of a mile of travel was 20.89 cents.

CARD OF THANKS

We wish to thank the many friends for the innumerable kindnesses shown us and our dear

mother during her last illness and the tender expressions of sympathy following her death, for the beautiful floral offerings, for the words of consolation spoken by the ministers who officiated at her funeral, and for countless other thoughtful words and deeds.

Rural Carriers Plan Meeting

The West Texas Rural Letter Carriers Association is planning to have a good attendance and an excellent program at its annual meeting to be held at 7:30 P. M. Saturday, April 1, at the Lubbock Hotel in Lubbock, according to G. M. Reid, the secretary.

J. R. Potts and other Lubbock carriers are in charge of local arrangements. C. G. Wollard of Muleshoe is the president of the association.

All carriers and their wives are invited and expected to attend. The rural carriers here are G. M. Reid, W. A. Reddell, H. L. Roddy, W. P. Pitts, and O. A. Conley, together with several substitutes.

Book Review At O'Donnell Postponed

On account of the sudden death of Wilda Gene Campbell, a freshman in the O'Donnell high school and the funeral services in the high school building Monday, Mrs. Lenore M. Tunnell, county superintendent, announced that she had postponed her Book Review from Tuesday afternoon of this week to Tuesday of next week at 3 o'clock P. M.

At that time, under the auspices of the O'Donnell P. T. A., she will give a review of the book "My Son! My Son!" written recently by that noted modern English novelist, Howard Spring. Mrs. Tunnell says that within six months after this book came off the press in May, 1938, it had undergone its 172nd edition.

A small admission fee will be charged. The purpose is to raise funds with which to build a stone fence around the O'Donnell school premises.

Bill Burleson and Jack Applewhite were among those who spent last week end at the Pat Stock Show at Fort Worth.

Mrs. I. W Meyer Death Reported

The News received a pathetic letter the first of this week from I. W. Meyer of Yakima, Washington, stating that his wife died on March 2.

She had been ill about two weeks, he says, being stricken first with the flu, pneumonia developed later.

Mrs. Meyer was a devout member of the Seventh Day Adventists, as is also Mr. Meyer, and he begs his Lynn county friends to pray for him in his great bereavement and distress.

Mr and Mrs. Meyer were pioneer settlers in Lynn county, residing in the New Lynn community for several years during the early part of the present century. Mr. Meyer has the distinction of having raised the first bale of cotton in Lynn county. Several times during the past few years we have published excerpts of letters from him telling of his farming experiences here. Many years ago he and Mrs. Meyers removed to the state of Washington, but they never ceased to be interested in their friends here, and the paper goes to his address every week.

The News joins many old-time friends of Mr. and Mrs. Meyer in expressions of sympathy to him in his great bereavement.

W. B. Irvin Heads Teacher Body

W. B. Irvin, Superintendent of Public Schools in Lubbock, was elected President of the West Texas Teachers Association at the annual convention held in Lubbock March 10-11. B. F. Minor of Levelland was elected vice president. These men succeeded Hayes Holman of Post and Dr. Albert Barnett of Texas Technological College.

George Gentry, Assistant Superintendent at Big Spring, and O. J. Leas, Superintendent of Plainview schools, retained their offices as secretary and treasurer respectively.

At least 2,000 attended the two day session with an actual registration of 1,432. "It's the largest convention we ever had," remarked this year's president, Hayes Holman.

Garland Edwards, Harold Edwards, Charles Townes and his mother, Mrs. Effie Townes, last Thursday went down to the Pat Stock Show at Fort Worth. The boys returned home Saturday, but Mrs. Townes remained to visit relative for a while.

Mr. and Mrs. W. L. Knight left early this week for a visit with relatives at Naples and other places. They expect to be gone several weeks.

Jones Ineligible As Tech Head

Attorney-General Gerald C. Mann ruled Wednesday that Clifford Jones of Spur, who was elected president of the Texas Technological College at a meeting of the board of directors in Fort Worth on November 26 and who has been serving in that capacity now for several weeks, was not eligible at the time of his election to hold the office and that his purported election was null and void.

The ruling on his eligibility was made at the request of three members of the board who had opposed his election from the start. These three opposing members are L. L. Steele of Mexia, Thomas C. Pollard of Tyler, and Mrs. W. R. Potter of Bowie.

Mann held that Jones was ineligible by reason of the fact that he was a member and chairman of the board that elected him president of the college; that he was present at the meeting when his election was proposed and that he was defeated; that the meeting then adjourned for a brief period and when the directors reconvened a copy of a telegram was exhibited showing that Jones had sent to the governor his resignation as a member of the board, whereupon he was elected by a majority vote. Since the law prohibits a board from electing one of its number to a position of trust and emoluments, Mann held that this action on the part of the board was null and void.

When advised of the decision rendered by the attorney-general, President Jones declined to comment; but students of Texas Technological College held a mass meeting on the Tech Campus at 4 o'clock Wednesday afternoon and made strong protest against the ruling of the attorney-general.

It is believed that Jones will be re-elected to the presidency of the college at a meeting of the board of directors which is to be held in Houston Monday. If this is done, that will probably end the matter.

Rotary Meet At Big Spring

West and Northwest Texas Rotarians included in the 127th district of Rotary International, will hold their annual district conference at Big Spring May 7, 8, and 9. The registration fee will be \$1.00 for Rotarians, ladies free.

The annual conference is attended by several hundred Rotarians, and the program ranges all the way from inspirational and educational to social events and golf tournaments.

This year District Governor Linton Estes, Wichita Falls, is preparing an impressive program, on which one of the principal addresses will be by Frank Barnes, Rotary International representative.

Tahoka club will doubtless be well represented at the conference.

Millikens Have Many Visitors

Mrs. Laura C. Harrison, who is now making her home near Lamesa and who is here this week visiting her grand-daughters, Mmes. G. R. Milliken, Gladys M. Stokes, Ward Eakin, Miss Attye Belle McGonagill, and her grand-son, Arthur McGonagill, had as visitors in the Milliken home Sunday three great-nephews, Vanis Miller, Theibert Miller, and Orville Cline of Seymour.

Other visitors in the Milliken home Sunday included Mr. and Mrs. Arthur McGonagill, Miss Attye Belle McGonagill, Mr. and Mrs. Ward Eakin, Mr. and Mrs. Irvin Dunagan and Elna Reba, and Mrs. Gladys M. Stokes. Elna Reba Dunagan is Mrs. Harrison's great-great-grand daughter.

MRS. EMIL PROHL ENTERTAINS CLASS

Members of the Martha Sunday School class were entertained last Friday afternoon in the home of Mrs. E. Prohl with Mrs. Harold Edwards as assistant hostess. Games and Chinese checkers were played. Refreshments carrying out the St. Patrick theme were served to: Mmes. Ben Hardy, W. E. Smith, R. H. Gibson, Dual Cheatham, Terry Thompson, W. M. Mathis, N. M. Wyatt, Lloyd Edwards, J. B. McPherson, Fred Bucy, Don Turner, Jack Welch, A. M. Daniels, Jack Fenton, J. O. Tinsley, and W. I. Thomas.

Mr. and Mrs. J. M. Noble visited their son Robert Noble and family at Artesia, New Mexico, Saturday and Sunday.

Keeping the Human Machine Hitting on All Eight!

There is nothing magical in prolonging human life. Physicians are doing it every day—adding years of usefulness to one's life by correcting abnormal tendencies before they advance beyond control.

Periodical examination of the human machine—that's the secret of the formula that adds an extra five, ten, or fifteen years to the lives of men and women.

Wise people are doing this today—consulting their physicians frequently. Faulty diets are corrected. Diseases are diagnosed before it is too late. Sickness is prevented, and years are added to the span of life.

Make it a point to see your physician frequently. Submit to a thorough physical examination. If this is done, it will add years to your own life.

**IS AMERICA TO BECOME
CATHOLIC?**

With great pomp and ceremony,
Cardinal Pacelli, an Italian, was
crowned Pope of the Catholic
Church as Pope Pius XII in front
of the Vatican, Rome, last Sunday.
The tiara, or crown, valued at a
half million dollars, was placed on
his head in the presence of a throng
estimated at 350,000 people, who
came from at least fourteen dif-
ferent countries of the world to
witness the spectacular event.

Since there are more than 300
million devout or nominal Catholics
in the world, who have been taught
to believe that the Pope is the
representative of Jesus Christ on
earth, that he is religiously in-
fallible, that he has power to for-
give sins against God and can even
pray souls out of Purgatory, it is
not strange that he possesses
marvelous power and influence in
the world, even in secular and pol-
itical affairs.

The late Pope Pius XI gained
much favorable regard for himself
and for the Catholic Church
throughout the great Democracies
of the world by his efforts in favor
of peace and his clashes with the
political dictators, Hitler and Mus-
solini. As a great daily newspaper
in this state stated editorially a
few days ago, the Catholic Church
is apparently more popular in this
country today than ever before in
its history.

It is to be hoped however that
this country forever remains strong-

ly Protestant—or more correctly,
non-Catholic.

We hope that we shall not be
accused of being narrow, religious-
ly, for the expression of this hope
and desire. Aside from the fact that
we, like most Protestants, Baptists,
and other non-Catholic bodies, dif-
fer fundamentally from the Catho-
lics in belief and practice, we hope
that they never gain the ascend-
ancy in this country for the reason
that the Catholic Church, we be-
lieve, does not represent the highest
type of Americanism.

The Catholic Church has never
subscribed to the American doc-
trine of separation of Church and
State except in those countries
where it had no hope of control-
ling the State. On the other hand,
it has always absolutely dominated
the State whenever and wherever
it had the power to do so.

The Catholic Church never any-
where surrendered to the doctrine
of freedom of the individual in
religious matters until forced by
expediency to do so. On the other
hand, religious liberty has been
won in most of the great countries
of Christendom only after a strug-
gle with Catholicism.

The Catholic Church has never
looked with favor on the public
school system in this country. It
claims for the Church the right to
educate Catholic children—and all
children as for that matter, and it
has never enthusiastically supported
the public schools, except where it
could largely control them. Even
in Texas, in recent years, it has
sought to have the legislature to
appropriate money to its parochial
schools.

It has been the Protestants,
Baptists, and other non-Catholic
Christians who have propagated the
great basic principles on which this
government is founded and who
have written into our Federal and
State constitutions the great doc-
trines of Freedom of Speech, Free-
dom of the Press, Freedom of Reli-
gious Worship, and other cardinal
democratic principles. Most Ameri-
can Catholics today also subscribe
to those principles, but it is doubtful
if they would be long preserved if
this country should become strongly
and dominantly Catholic.

We think there are many devout
Christians and many great and
noble characters in the Catholic
Church, in this and other countries,
but to Protestants and Baptists is
due the credit for the great system
of political, civic, religious, and
social beliefs and practices in this
country summed up in the word
Americanism. We hope that its lu-
ster may never be dimmed nor its
existence threatened by the propa-
gation of the political, religious, and
social doctrines long taught and
fostered by the Catholic Church.

WHAT THE PEOPLE VOTED FOR
A lot of office-holders, politicians,
and newspapers have been rep-
etedly and continuously declaring for
the past two years that the people
voted for pensions in the sum of
thirty dollars for every person over
sixty-five years of age except
criminals, drunkards, lunatics, etc.
They have been repeatedly and con-
tinuously declaring that in falling
to provide pensions in the above
sum, the legislature has been thwart-
ing the expressed will of the people
and committing a fraud upon our
elderly people.

These office-holders, politicians,
and newspapers ought to know bet-
ter. Some of them do know better.
Some newspaper editors in whose
columns the Constitutional amend-
ment was published preceding the
election, keep on saying that this is
what the people voted for or what
they thought they voted for. This
is either inexcusable ignorance or
inexcusable demagogery. Just to
prove it, we reprint below the
amendment which was submitted to
the people, printed in the news-
papers, and should have been clear
to any and every voter. Here it is.

"The Legislature shall have the
power by general laws to provide,
under such limitations and restric-
tions and regulations as may be
deemed by the Legislature expedi-
ent, for old-age assistance and
for the payment of same not to ex-
ceed fifteen dollars (\$15) per month
each to actual bona fide citizens of
Texas who are over the age of sixty-
five (65) years; provided, that no
habitual criminal and no habitual
drunkard, while such habitual
drunkard, and no inmate of a
state-supported institution, while
such inmate, shall be eligible for
such old-age assistance; provided
further, that the requirements of
length of time of actual residence
in Texas shall never be less than
five (5) years during the nine (9)
years immediately preceding the ap-
plication for old-age assistance and
continuously for one (1) year im-
mediately preceding such applica-
tion.

"The Legislature shall have the
authority to accept from the Gov-
ernment of the United States such
financial aid for old-age assistance
as that government may offer not
inconsistent with the restrictions
herein provided."—Art. III, Sec.
51b, Constitution of Texas.

This amendment, as pointed out by
Lynn Landrum in the Dallas News, is
not a mandate to the legislature. It
does not command the legislature to
provide pensions for the aged in
any particular sum. It limits the
amount which the State may pay to
\$15 per month, but it leaves it dis-
cretionary with the legislature as
to how much may be paid not ex-
ceeding that amount. It also leaves
it up to the legislature to make
further limitations, restrictions, and
regulations respecting the persons to
whom pensions may be paid. The
amendment provides just as clearly
as the English language can be
written that the legislature is to use
its discretion in the matter. The
fellow that contends that this
amendment made it mandatory for
the legislature to provide \$15 per
month to every bona fide citizen of
Texas who has resided in the state
for the length of time therein pro-
vided and who is over 65 years of
age, regardless of his circumstances
in life, casts a reflection upon his
own intelligence.

We are for liberal pensions for
the aged needy, but we are not in
favor of loading the people down
with taxes just to give a hand-out
to the wealthy or to those in easy
circumstances. It is not right and
not just, and we are against it, the
demagogues and the politicians to
the contrary notwithstanding.

"Man's inhumanity to man makes
countless thousands mourn". So
wrote the great Scotch bard, Bobby
Burns, many years ago. Today we
read of the plight of 5,000 Jews
who had been driven by Mussolini
from Italy and who were wander-
ing around in deep snow and sub-
zero weather in the Alps, with no-
where to go. Seeking a refuge in
France, they had been met at the
border and turned back by French
guards. They had also been re-
fused admission into Austria,
Switzerland, and Yugoslavia. Home-
less and destitute, they must battle
against the pitiless elements for
their very lives. In spite of their
plight, thousands of other Jews
were being driven out of Italy by
the heartless dictator to meet a
like fate. A Fascist decree had been
issued last October compelling all
Jews who had entered Italy since
January 1, 1919, to leave Italian
soil before midnight Sunday of this
week. The alleged purpose of the
expulsion of the Jews was to pre-
vent contamination of the Italian
race. O how great is the wicked-
ness in high places these latter
years!

GOOD NEWS FOR DEMOCRACY

The Supreme Court has decided
that sit-down strikes are illegal.
That is good news for democracy.
Forefully taking charge of another's
property without due process of law
simply does not fit into the scheme
of those who believe in property
rights. Labor has a right to strike;
it and when labor is being mis-
treated or whenever the laborers
are dissatisfied with their jobs, but
they have no right to take forcible
possession of the property of those
for whom they work. — Canyon
News.

But Black and Reed, two Roose-
velt appointees on the Court, voted
to sustain the contention of the sit-
down strikers. Frankfurter, the most
recent appointee, took no part in the
decision. So, at least two-thirds of
the "New Dealers" on the court
favored the sit-down strikers. Sup-
poses Roosevelt had succeeded two
years ago in "stacking the court",
as he sought to do. It seems very
probable, in that event, that a
majority of the revamped court
would have sustained the sit-down
strike. And that would have been
bad news for democracy and for
the individual citizen in this coun-
try. Aren't you glad the U. S. Sen-
ate blocked the President's game to
stack the court, Brother Warwick?

Headache, Bad Breath
Tell of More to Come

Just as Paul Revere's famous ride
warned of the Redcoats' coming, so
Nature's messengers — headaches,
biliousness, bad breath—often warn
of faulty elimination.

Neglecting these signs may cause a
host of constipation's discomforts:
sour stomach, belching; no appetite
or energy; mental dullness.

It's so easy to wake up your lazy
insides. Just take spicy, all vege-
table BLACK-DRAUGHT. Its un-
usual help comes from its principal
ingredient—an intestinal tonic-lax-
ative which imparts tone to lazy
bowel muscles.

Millions of packages used testify to
BLACK-DRAUGHT'S merit. Try it.

Why don't you try Alka-Seltzer
for the relief of—

Alka-Seltzer has a pleasant, refresh-
ing, tangy taste. It contains an anal-
gesic (Acetyl-Salicylate, a Sodium
Salt of Aspirin) which relieves pain
and discomfort, while its vegetable
and mineral alkalies help to cor-
rect the cause of those minor ail-
ments associated with hyperacidity
of the stomach.

**They Learn from
Southern Women**

Touring Reporters, now conduct-
ing a Query among women of the
South and West, report remark-
able agreement as to the benefits
secured by users of CARDUI.

Of the 1297 users who were
asked: "Were you helped by
CARDUI?" 1206—or 93 out of
every 100—answered "Yes."

The word of users everywhere is
given to show how CARDUI helps
to improve appetite and digestion,
and thus build up physical resis-
tance. In this way it also works to
relieve the headaches, nervous-
ness, depression, that attend func-
tional dysmenorrhea due to malnu-
trition. Have you tried CARDUI?

A majority of the members of the
legislature in Austin are showing a
commendable desire for the practice
of economy in the administration of
the State's business. Both the pub-
lic schools and the institutions of
higher learning should be amply
provided for, but all extravagance
should be scrupulously cut out.
Probably a lot of the boards and

commissions should be abolished or
consolidation and extravagance on
the part of others curtailed. The
needy aged should be cared for, but
this is no time for the state to go
hog-wild in providing pensions for
just any and every body. We hope
our own representative, Hon. Alvin
Allison, will become just a little
more economy-minded.

**Rotary Speaker
Fred Wemple**

Past District Rotary Governor Fred Wemple of Midland was the speaker of the day at the Rotary luncheon here Thursday noon, setting out at some length the purposes and ideals of Rotary International. He was accompanied by Clint Lackey, president of the Midland Rotary Club.

The club also had as its guests a number of the prospective members of the O'Donnell Rotary Club now in the process of organization. Among these were: Marshall Whitsett, Don Edwards, O. D. Harris, W. L. Davis, J. N. Everett, Mack Noble, and W. G. Forgy.

Other out-of-town visitors were Attorneys W. C. Gowan of Dallas, Geo. W. Dupree, Jim Millam, and C. C. Crenshaw, and Mrs. C. C. Crenshaw of Lubbock; Judge Louis Reid and Charnel Jobe of Lamesa, Jack Welch and Miss Obara Forrester of Tahoka.

Miss Forrester made an announcement respecting the mock wedding to be staged at the high school auditorium next Tuesday night.

Fred Spikes was welcomed into the club as a new member.

Hoyt West, son of Mr. and Mrs. J. P. West of Wingate, has returned to Tahoka and re-entered school after having spent a couple of weeks at home on account of illness.

The members of the W. M. U. of the Baptist Church this week are observing the South-wide Week of Prayer.

Following the Royal Service Program Monday afternoon, there was a Mission book-study Tuesday afternoon, and a missionary program Wednesday afternoon. Another is to be rendered this afternoon. A number of the women attended the Vacation Bible School at Brownfield Thursday.

**MISS ARNETT GIVES
INTERESTING BOOK REVIEW**

In accordance with the announcement made last week, Miss Elizabeth Arnett of Lamesa gave a review of the noted play, St. Joan, in the high school auditorium last Tuesday afternoon under the auspices of the Tahoka high school band.

The review is said to have been most interesting. About a hundred persons were present.

W. P. Pitts and family are leaving Tahoka this week for Gordon, where he will carry the mail on a rural route which he served sixteen years before coming to Tahoka. He has been carrier on route 5 here, making the trip only three times a week. The News will follow him to his new address.

Argentina has a compulsory military service law affecting all male citizens between 20 and 45.

Alaska Has Odd Geese

A race of dark-complexioned wild geese reside in the coastal region of British Columbia and southeastern Alaska. They are similar in general appearance and size to their better known relative, the Canada goose or "honker," but differ in being very much darker. They are known as the white-cheeked goose. Apart from the difference in coloration between these two races of geese there are differences in habit also, the most important being that of migration. The Canada goose makes long annual journeys to and from its nesting grounds; some raise their young on James bay and spend the winter on the Gulf of Mexico. The white-cheeked goose, on the other hand, may spend the entire year, or even all its lifetime in the same region.

Nightingale Pledge for Nurses

The Florence Nightingale pledge for nurses is: "I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity, and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to elevate the standards of my profession, and I will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty I will endeavor to aid the physician in his work and devote myself to the welfare of those committed to my care."

**NANCE'S OIL COMPANY
PAYS DIVIDENDS**

J. B. Nance of this city, president of the NonTex Oil Corporation, which he organized in 1929, reports that the Company recently declared a 12 per cent dividend to be paid on April 1.

The well owned by this company is situated on a small tract of twelve acres in Winkler county. It was drilled twenty-three months ago.

Mr. Nance says that he only wishes that all the stockholders lived in this and surrounding territory.

VOLLEY BALL TOURNAMENT

Tahoka High School sponsored a girls' volley ball tournament which was held last Tuesday night. Six teams were entered: Post, Wilson New Home, Midway, New Lynn, and Tahoka.

Tahoka volley ball sextet defeated first Wilson, then New Lynn, and then played New Home, winner of their bracket for championship. Midway won the consolation, or loser's tournament.

Tahoka team was composed of the following players: Icaphe Stephens; Captain, Tommy Ruth Anderson, Doyce Chapman, Pauline Owens, Nieta Stephens, Lenore Sargent, and Jennie Jo Reeves.

Tahoka girls next play New Home at Tahoka Monday night, March 20, 7:30 o'clock. If you care to see clean, snappy volley ball, see these two strong teams play.

SENIOR NEWS

Pictures of the band, football team, Home Economics Club, and F. F. A. have been taken for the annual and R. L. Bosworth, the photographer for the annual is now starting the snapshot section. If any of you students have any good snapshots that are connected with the school and would like to have them in the annual, give them to R. L. Bosworth. There has been a few more than seventy annuals sold. If you haven't bought one, do so today. It will be something for you to treasure always. The staff expects to get the annuals out to the students by the end of April.

PUBLIC SPEAKING CLASS

The Public Speaking class has been working on telling the different kinds of stories. We have been phrasing poems and giving a short sketch of the author. The debating teams have also been working on their debates for the League Meet.

Superintendent W. T. Hanes has a lame knee that has been giving him quite a bit of trouble the past several days. He has not yet been able to diagnose the trouble.

Mr. and Mrs. W. O. Henderson left Thursday to spend several weeks visiting in Austin. Mrs. Henderson has a sister there, who has long been a teacher in the Austin city schools.

W. A. Reddell and family visited relatives in Idalou last Sunday. His mother, Mrs. N. M. Smith, and his aunt, Mrs. Lee Walker, returned home with them and are spending the week here.

Kennoth Reid is a proud papa. A little daughter, weighing seven pounds and almost four ounces, was born to Mrs. Reid in the Lubbock Sanitarium at 11:20 o'clock Monday night. The little lady will be christened Linda Kay. Her mother's name is Nola Faye and the father's Kennoth Clay. The little lady should become a poet, or at least a good rhymester, if there is anything in a name.

Mrs. M. E. Hays and son, Noel Hays, and his wife of the Wells community left this week to visit her daughter, Mrs. A. F. Caus, at Donna in the Lower Rio Grande Valley. She expects to spend several weeks there. Noel and his wife are returning home after a brief visit.

Crowd Expected At FFA Contests

Lubbock, March 15.—Two thousand 4-H Club and FFA boys and more than 20 bands are expected to take part in the second annual 4-H FFA Boys Parade to be held in Lubbock Wednesday, April 5, according to an announcement made by Ray Farmer, Chairman of the Parade and Entertainment Committee for the South Plains Junior Fat Stock Show.

The parade will begin promptly at 11 a. m. in front of the City Hall at Lubbock and march over the downtown streets. Parade Marshal Chas. A. Still will give final instructions to all unit leaders at assembly thirty minutes before the parade.

Units composed of members of 36 West Texas counties and 3 East-4-H Clubs and FFA Chapters from eastern New Mexico counties will vie for awards. To the winning 4-H Club unit and the winning FFA Chapter unit a large banner will be presented. Some of the clubs and chapters are already making preparations for entering floats in the parade.

Invitations have been extended all the school bands throughout the area to participate in the parade. Cash awards will be presented the four winning bands. First prize will be \$20.00; second prize \$15.00; third prize \$10.00, and fourth prize \$5.00. Judging will be based on playing, marching and uniforms.

Thousands of visitors will line the streets of Lubbock to witness the general mobilization of young manhood.

Charley Young, G. R. Baker and son James returned recently from a trip to Hot Springs, Little Rock, and Quitman, Arkansas, where they visited relatives. They were accompanied as far as Dallas by Mrs. Baker and daughter, Miss Mezzie Mae, who visited relatives there while the men folks were seeing the sights and the kin folks in Arkansas. Mr. Baker reports a superabundance of rain over in our neighbor state.

J. M. Hubbert vs. Temple Trust Company, No. 236 In Equity.

Notice Is Hereby Given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Lyndonville Savings Bank and Trust Company of Lyndonville, Vermont, as Trustee for the Trust Estate created under the provisions of the will of Haddon W. Lyster, deceased, for Mary S. Lyster, all the Southwest one-fourth (S. W. 1/4) of Section Two (2), Cert. 17, Abstract 665, Rusk Transportation Company, Original Grantee, situated in Lynn County, Texas, and being more particularly described by notes and bounds as follows:

Beginning at a 1" iron pipe set for the S. W. corner of Section 2, Rusk Transportation Company, and the S. W. corner of this Survey; Thence North at 95.4 varas set a 1" iron pipe for the N. W. corner of this Survey; Thence North 89 deg. 52' East at 958.6 varas set a 1" iron pipe for

the N. E. corner of this Survey; Thence South 95.4 varas; Thence South 89 deg. 52' W. at 958.6 varas to the place of beginning, and containing 161.37 acres of land; and in consideration for which said purchaser proposes to cancel a claim against the undersigned for \$2726.50, and to assume the taxes now due on said land, as well as the taxes accruing for the year 1939.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

Witness my hand at Temple, Texas, this 8th day of March, A. D. 1939.

Postal Earnings Up

Postmaster General James A. Farley announced in Washington that postal earnings for the month of January were higher than for any previous January in the history of the Postal Service and that postal receipts for the first seven months of the current fiscal year likewise represented a new all-time high for this period.

Postal earnings for January amounted to \$60,715,487, which represented an increase of two million dollars over the same month a year ago, while the receipts for the first seven months of the present fiscal year totalled \$438,218,996, an all-time high for this period.

In making these postal earning figures public, the postmaster general pointed out that they revealed a continuation of the record-breaking mail volume which was recorded during December and the Christmas period.

To Query Women All Over South

Touring Reporters have now asked over 1,200 women and girls of leading Southern Cities the now famous question: "Were you helped by CARDUI?"

Averaging all replies so far shows that 93 out of every 100 users questioned declared CARDUI benefited them!

Users by thousands are eager to tell how CARDUI has given them appetite; helped them gain strength; has thus relieved them of the symptoms of functional dysmenorrhea due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI is larger doses helps "at the time" to soothe pain.

More than "making the motions" when you change to OIL-PLATING

...the oil-change *plus*

Dump Winter-fouled oil. Whatever you do, drain and refill now with something. But drain and refill with Conoco Germ Processed oil and then your engine's OIL-PLATED. Then it's got more than swell fresh oil down in the crankcase—it's got another big plus all the way up... It's got fresh surfacing... OIL-PLATING. That comes from the actual union of this patented oil direct with inner engine surfaces. Conoco Germ Processing gives this oil so much "power of attraction" that it cannot drain down and leave engine parts bare, though

your car stands by the hour or speeds by the hour.

Never all Spring and Summer, with Germ Processed oil, can your engine suffer rasping "dry starts"... not with every square inch always oiled in advance by drain-proof OIL-PLATING. Nor will four to five thousand revolutions per minute whirl away this implanted OIL-PLATING. It stays on. It helps the oil-level to stay up. Your OIL-PLATED engine and Germ Processed oil will both be giving you plus mileage. Change today to Your Mileage Merchant. Continental Oil Company

O'Donnell Editor's Daughter Dies

Death came swiftly and wholly unexpectedly to Wilda Gene Campbell, 13, daughter of Mrs. Pauling Campbell, editor of the O'Donnell Index, at the family home in O'Donnell about two o'clock Sunday afternoon.

Death is believed to have resulted from the rupture of a blood vessel in the brain. Without any previous illness and without warning, Wilda Gene was suddenly stricken with intense pain in the head. She immediately expressed concern and something like bewilderment respecting the pain and then collapsed. Medical aid was summoned as soon as a physician could be contacted but she was dead when the physician arrived.

Wilda Gene was a freshman pupil in the O'Donnell High School, and it was deemed fitting therefore that the funeral services should be held in the school auditorium. The services were accordingly held there at 3 o'clock Monday afternoon in the presence of her grief-stricken schoolmates, many of their parents, and numerous other friends. Rev. J. H. Crawford, pastor of the Methodist Church, officiated, assisted by Rev. J. A. Lunsford, pastor of the Baptist Church, and Elder R. P. Drennon of the Church of Christ.

Members of the O'Donnell football team acted as pall-bearers and members of the girls pep squad as flower girls, all in uniform. Burial was made in the O'Donnell cemetery under the direction of the Rix Funeral Home of Lubbock. Lavish and beautiful were the numerous floral offerings.

In attendance upon the services from Tahoka were: County Tax Collector Aubra M. Cade and daughter, Iris Dean, County superintendent Mrs. Lenore M. Tunnell and daughter, Miss Mary Margaret, a student in the Texas Tech, Misses Laura Jane and Jerry Milliken and Nell Barrington, Mrs. E. I. Hill, and possibly others.

Wilda Gene was born in Waco on July 3, 1925, but she had lived most of her young life in O'Donnell. She was a popular pupil of the O'Donnell schools and had numerous friends among the pupils of the Tahoka schools and other schools of the county, as well as many adult friends. She had been a member of the O'Donnell Methodist Church for about two years. The deep and uncontrolled manifestation of grief by her schoolmates and other friends were striking evidences of the high re-

No Soil, but Presto! Cucumbers!

"Everyone could have a garden in his bathtub," says Miss Teddy Price of Abernathy, amateur biologist at Texas State College for Women, as she points proudly to her prize specimens in a "Water Culture" experiment. This cucumber and tomato vine are two of a whole greenhouse full of plants and vegetables which have been cultivated without soil, in clean sand and a chemical solution. With the aid of Miss Willie L. Birge, head of the biology department, Teddy prepared a culture solution containing potassium, calcium, magnesium, nitrogen, sulphur, iron, borax, copper and zinc, a line-up which seems a far cry from plain dirt. Plants can be grown in water tanks, but the sand gives support, and solution is applied to it at regular intervals. Water culture is now used in a small way commercially.

Kentucky Lawyer Is Tahoka Visitor

Henry Clay of Lexington, Kentucky, was here a few days this week visiting his friend J. B. Nance. No, we do not mean that the "Great Pacificator" of ante-bellum days has risen from the dead and has been paying Tahoka a visit. This is another Henry Clay, but he belongs to the same general family of Clays of which the great statesman was a member.

The living Henry Clay is himself a lawyer and stated to a representative of the News that he had been in the practice for more than fifty years. For a long time he resided and practiced law at London, Kentucky, but in recent years he has been a resident of Lexington, the old home town of his famous Whig kinsman. But unlike Henry of old he has never dabbled in politics, never ran for office in his life. He has stuck strictly to the law, and now he is retiring from the practice of that profession.

He and Mr. Nance were schoolmates back in Old Kentucky somewhere when both of them were kids, which was evidently some time ago, and now he is here, or has been here, just having a good time and going over the old days with his boyhood friend.

Boyd Smith has just completed a beautiful stone garage with a second-story apartment at his home on North Main street.

CHURCH OF CHRIST

"Why the Church of Christ Does Not Use Mechanical Instruments of Music in Worship", will be the subject of the sermon Sunday morning. We believe we are not just being "cranky", or "old foggy", or radical in our position. We believe we have perfectly good, sane sensible, and scriptural reason for not using mechanical instruments of music in worship to God, and we want you to come out and hear what they are before you judge. If the interest justifies, this subject will be continued in the evening discussion. Inasmuch as our refraining from the use of instrumental music in worship is one of the things that distinguishes us as a separate religious body, we have no apology to offer for using the time Sunday in the discussion of this subject.

Now let the readers of this column think that all of our sermons are "doctrinal", let me say this: I believe there is no scriptural subject which is not doctrinal, (the word "doctrine" means "teaching"), however, some subjects are by nature more spiritual than others, and we are fully aware of the necessity of a "balanced diet" in spiritual nourishment. Last Lord's Day morning the subject was, "Laying Up Treasures in Heaven". How few people today are concerned with heavenly investments and eternal securities! The people of the world are spending their time, thought, energy, and very lives in the acquisition of that which perishes. This they do forgetting that the Savior said, "What doth it profit a man if he gain the whole world and lose his soul?" The majority of folks have the wrong conception of greatness, lack a knowledge of true values and thus are trying to fill their empty souls with the stubble of materialism. Many who are called Christians are blindly following the multitude down the path of self-indulgence to worship at the feet of the God of Mammon. Often the men of the world and the

youth of the land see the inconsistencies in the lives of many religionists and hesitate to become Christians.

Are we more concerned with laying up treasures on this earth than in heaven? Let us consider

seriously, and determine to construct our lives on the principle that one soul is worth more than all of earth's riches.

Come out to church Sunday, we will be looking for you.—J. Luryl Nisbett.

After the business hour, refreshments consisting of sandwiches were served to the following: Mmes. Slaughter, H. F. Lindley, Ellis Barnes, E. R. McGregor, W. A. Arms, Ackens, Smith, R. E. Townzen, and the hostess, Mrs. Haygood. Our next meeting will be in the home of Mrs. Paul Johnson on Friday, March 24.

BEN IKE SCOTT IS MARRIED IN ROSWELL

Ben Ike Scott, who was raised near Redwine and in Tahoka, was married in Roswell, New Mexico, March 4, to Miss Lillian Doss of that city. His parents, Mr. and Mrs. J. G. Scott have been informed.

Ben Ike has been in Roswell about three years and is taxicab driver, while his wife has been employed at the Roswell Supply Co.

Many friends of the groom in Lynn county wish the couple a long and happy married life.

THREE CHURCHES BAPTIZE CONVERTS HERE SUNDAY

Three Baptist pastors used the baptistry in the new Baptist Church here Sunday for the baptism of converts.

At three o'clock in the afternoon, Rev. W. P. Briant, pastor of the Redwine Baptist Church baptized eighteen converts, and his younger brother, who is pastor at Wells, baptized one convert.

It had been previously announced that those baptisms would be administered at the night service here and practically all the members of the Tahoka Baptist Church so understood it. Consequently very few of them were present.

Following the night service, the pastor, Rev. George A. Dale, baptized thirteen members. Twelve others who joined the church recently are yet to be baptized.

The pastor states that there were about forty additions to the church in the recent revival campaign led by Rev. Hugh Bumpas of Ennis.

CITY ELECTION NOTICE

Death of a Hero

(Ambassadors of Good Will in Atlanta Journal)

In the February 18 issue of the National Rural Letter Carrier will be found a brief account of the death of Carrier Roy Kimball, 51, of the Weeota, S. D., Post Office. He was frozen to death while on duty, in a vain endeavor to render complete service under adverse weather conditions. He went out on Thursday morning, equipped with a snow plow attachment on his mail truck, feeling confident that he would be able to push his way through the gathering snow-storm and blizzard. When he did not return more than 100 admiring friends throughout his home county went in search of him. He was found late the following Saturday, having abandoned his car and vainly endeavored to find his way back to the little town from which his route emanated. With practically all landmarks obliterated by the extremely heavy snowfall, with twenty-five degree sub-zero weather prevailing, and facing the blinding snow driven by a forty-mile gale, to have reached the little town he sought by dead-reckoning would have proven little short of the miraculous. It was thought that he missed the town in the blinding storm by only 200 yards.

Anyone not thoroughly conversant with the psychology of the hardened and well-disciplined rural carrier may well wonder why, in the face of the Department's generous order, men would go out and subject themselves to undue exposure to dangers. Doubtless the correct answer to the question is to be found in the thought that men would prefer to go deliberately into such danger than to become a party to the impairment of the noble traditions of the Rural Delivery Service. We doubt very seriously if many men comprising the present corps of rural carriers will choose to avail themselves of the benefit of Departmental generosity in this particular.

Inspiring Example
What puzzles us more is why so many writers take themselves regularly into foreign lands and seek out a corps of men, gaudily clad, making them their heroes of story and song to the neglect of good Americans at home, simply clad, who go regularly to their doom, unheralded and unsung.

This pathetic story, which came to us through contact with rural carriers from the northern states, serves quite well to convey to the reader some idea of the indomitable spirit with which these men are often imbued, and which often influences them to go to their death rather than make an admission to their immediate superiors and to the world that the job could not be done.

The carrier in question served a route which led him through a dangerous mountain pass at a point about two-thirds of the way around his measured course. It was necessary to serve a small community, or mountain village and return via the same pass to the office from which his route emanated. The day which wrote "finis" to his earthly career ushered in one of those blizzards which promised to freeze the whole earth to its very core. He failed to return on schedule, and with nightfall approaching a searching party was organized and proceeded without delay to the mountain pass, known locally to be the most dangerous sector of his route. There he was found having dismounted, and sitting with his back against the mountain wall. The reins of his bridle were held securely within the angle of his stiff left-arm. A bundle of mail was clutched tightly in his right. His face was turned in the direction of the unserved portion of his route. An inspiring example of fidelity to duty.

He had, in the vernacular of

Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation. To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly. Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

rural carriers. "Taken the Long Route."

It is a rather generally recognized fact that any one does, at the moment of succumbing to cold, lose their former sense of chill. When the reaction to cold sets in they feel comfortably warm, and such sensation is accompanied by an irresistible desire for sleep. He failed to heed nature's warning, but on the contrary was lured by the beckoning finger of death.

If a complete record of all such pathetic occurrences were compiled, dating back to the inauguration of the rural delivery service, it would provide subject matter for a volume of immense proportions.

Mr. and Mrs. E. Esten Day of Lubbock visited Mrs. Lenore M. Tunnell on Tuesday. Mr. Day is district deputy state superintendent of public instruction for district No. 2.

PIONEER LADY IS DEAD

(Continued from Page 1)
 her pastor at Post at the time of her death. A profusion of flowers attested the love and esteem in which the aged woman was held.

The body was laid to rest under the direction of the Harris Funeral Home of this city in the Tahoka cemetery by the side of the remains of her husband, J. V. Dyer, who died several years ago.

She left surviving her seven daughters and one son. The daughters are: Mrs. Sam Hawthorne, Mrs. W. T. Shepherd, and Mrs. J. P. Manley, all of Post, Mrs. G. E. White of Tahoka, Mrs. Earl Morris of Southland, Mrs. Billie Sanders of Hobbs, N. M., and Mrs. Bill Guinn of San Angelo. The son is James H. Dyer of Tahoka. Also surviving are two brothers, C. A. Johnson of Big Spring and John Johnson of Cleburne, thirty-four grandchildren and five great-grandchildren.

Mrs. Dyer's maiden name was Mary C. Johnson. She was born at Gordon, Alabama, on May 23, 1856, and was therefore almost 83 years of age. At the age of 22 she came with her parents to Cleburne, Texas, and there on January 10, 1882, she was married to J. V. Dyer. Later she and husband removed to Abilene, and still later, in 1904, they came to Lynn county, settling a few miles east of the then new village of Tahoka, on a tract of land which they had purchased.

This was then the cowman's paradise. There was no farming here to amount to anything. But in a few years it was demonstrated that cotton as well as maize could be grown successfully on these "baldies" and Mr. and Mrs. Dyer became stock farmers. There was only a scant population in Lynn county when the Dyers made their arrival and none of the conveniences of modern life. They underwent the struggles and trials incident to an isolated life on the unsettled and undeveloped plains, and they knew from experience what pioneering really means. They stayed with their stuff, however, and both lived to see Lynn county converted into one of the most productive agricultural counties in Texas.

CAR THIEVES CAPTURED

(Cont'd. from page 1)
 the occupants escaped death or serious injury seems almost miraculous. How the deputy sheriff succeeded in puncturing the tire of the car at least 150 yards ahead of him down the road when both cars were rumping at break-neck speed also seems almost miraculous, since Ed was driving and shooting at the same time. Ed says it was a pure accident.

Ed was accompanied on the chase by Reed Parker, and when the fleeing car took to the air, alighted on its back and finally stopped, Ed and Reed took charge of the thieves, brought them back to town and placed them in jail, to await the arrival of Lubbock officers. Bill Burlison's wrecking machine was sent out after the wrecked car, and it was soon brought in, and immediately became an object of inspection by a curious crowd that gathered around it.

The stolen car belonged to Morton J. Smith of Lubbock and was stolen from a street in the business district in that city. Mrs. Smith had just driven up to the curb and parked the car in front of a grocery

County News they became subscribers to the paper and continued to read it as long as they both lived.

Mrs. Dyer had been a member of the Methodist Church for 66 years, having united with the church when she was 17 years of age. She lived a life of devotion to her Master and of service to her family and loved ones. Her neighbors loved her, and her friends were legion.

store, gotten out, and started into the store. Upon reaching the door, she heard the motor start up, looked around, and saw the youths in the act of driving off in the car. Involuntarily, perhaps, she shouted at them to stop, but they sped away.

Officers were notified and the sheriff's office sent out radio reports of the theft and also telephoned the sheriff's office here. When Ed Sanders got the message, he and Reed Parker got in his car and prepared to give the thieves a run for their money if they should come through Tahoka. As they were driving along the street they saw the stolen car, which was coming down Sweet Street one block west of highway 9, as it darted around the corner at John Ewan's service station and started west on Highway 84. Ed tried to intercept the stolen car at this point, but it got away from him, and the race was on.

Mr. Smith, the owner of the car, accompanied by Mrs. Smith, arrived soon after the demolished car had been brought in, as did also Deputy Sheriff James P. Posey, and Bill Mabry of the Lubbock police force. Both the car and the prisoners were taken to Lubbock, where the latter were placed in jail to answer to charges of car theft.

It is believed that the boys gave fictitious names. They represented themselves to be Rufus and Frank Singleton and said that they were 17 and 18 years old, respectively. Officers here said that they appeared to be 21 or 22 years old and bore little resemblance one to the other, though they claimed to be brothers. One of the youths had received a shoulder injury in the car

wreck, but other than this only minor injuries were apparent. Where they live or where they came from to Lubbock, nobody knew. They claimed that they were orphans and had no home. Officers will investigate to determine if they are wanted for crime elsewhere.
