

The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXV.

Tahoka, Lynn County, Texas, Friday, April 21, 1939.

Number 36.

Compliance Checks Total \$614,300.00

Grand Total Will Be Near \$850,000

C. A. Lawrence, assistant county agent, this week has been distributing 212 compliance checks which he received from Washington Wednesday morning, bringing to the farmers of Lynn county the additional sum of \$52,524.33. He received 48 checks last week totaling \$15,508.43.

This brings the total received this spring on last year's compliance program to \$614,333.53. Mr. Lawrence says that approximately \$200,000 are yet to be received. This was probably be distributed over a period of several weeks yet.

When all the checks are in, Lynn County farmers will have received more than \$850,000 in the 1938 compliance program.

T. A. Stone, 62, Of New Lynn, Dies

Funeral services were held at the Methodist Church at New Lynn at 3 o'clock Wednesday afternoon for Thomas Anderson Stone, 62, who died at his home two miles south of that place at 2 o'clock that morning, of heart trouble. He had been in ill health for some time. Services were conducted by Rev. Gradon of Lubbock.

The remains were interred in the Tahoka cemetery under the direction of the Harris Funeral Home.

Flower girls were Misses Martha Fleming, Georgia Cox, Annie Pearl Roberts, Gladys Carter, and May Dell Hardt.

Pall bearers were J. E. Fleming, Wayne Spears, Ben Young, Elden Roberts, Alton Fleming, and Jerrel Chesner.

Mr. Stone had been a resident of Lynn county since 1921 and had resided in the New Lynn community for a number of years. He was a member of the Methodist Church and was a good citizen. He had a great host of friends, who regret his passing.

He leaves surviving the widow, five sons, and one daughter. The sons are Raymond Stone of Southland, Edwin of Tahoka, Fred of Wilson, Carl of Post, and T. A. of Tahoka. The only daughter is Elva of the family home. He also leaves one brother in Kentucky, two brothers in Tennessee, one sister in Tennessee, and one brother in Haskell, Texas.

Mr. Stone was a native of Tennessee, having been born at Lone Mountain in that state on March 23, 1877. Coming to Texas, he was married to Miss Cora Alice Gray at Denton on October 4, 1908. He came from Denton county to this county in 1921.

Two of Mr. Stone's brothers, one from Kentucky and the other from Tennessee, visited him here a few weeks ago, when he was seriously sick. The brother who resides at Haskell, together with all the children, were here for the funeral.

Home Ec. Girls In Style Show

Annual style show and display of the year's work of the Tahoka high school home economics department was held Wednesday under direction of Mrs. Fred Hegi, teacher.

Wednesday afternoon a display of garments, needlework, etc., in the gymnasium was viewed by a number of citizens; and at night the style show was held in the auditorium.

One winner was picked from each class to appear in the Texas Home-makers Rally at Galveston May 3, 4, 5, and 6. They are: Icaphene Stephens, first year; Ida Botkin, second year; and Julia Snowden, third year.

Judges were Mrs. Pace and Miss Rose, teachers of home economics at New Home and Wilson, respectively.

County Agent Is Given More Room

The commissioners court last week had a compartment cut off of the west end of the office of the justice of the peace to be used by the county agent's force. Mr. Turner says that it is to be used as a map room, where employees of his department will make their land maps and drawings.

The room is about ten feet wide and 20 feet long. The double partition wall is made of sheet rock.

Minor Highest At District Meet

Max Minor, Tahoka's stellar athlete, scored 15 1-3 points, breaking two district records, to win individual high point honors and third place for Tahoka at the annual District 3 Interscholastic League track and field meet held in Lubbock Saturday.

Lubbock's track team scored 33-1-3 points to capture team honors. Muleshoe was second with 17, and Tahoka close behind with 15 1-3.

In addition to Minor, Odean Millman, J. G. Adams and J. H. Dyer qualified for finals.

Max ran first in the 220 yard dash, setting a new all-time district record at 22.8 seconds. A few minutes previous to this event he had set a new all-time record in the 220 low hurdles, his time being 26.6 seconds. In the broad jump, Max exceeded his own previous jumps to win first place at 21 feet, 2½ inches. He also tied for fourth place in the pole vault.

In typewriting, Dick Bosworth of Tahoka placed third, qualifying for the Regional meet.

Randolph, New Home tied for first place in the high jump at 5 feet, 4 inches.

Giles of Draw won fourth in shot put, and third in javelin throw.

The News has not received complete results in literary events, but the Lubbock Avalanche reported Midway won 20 points, Joe Bailey and Newmoore 7 each, O'Donnell and Tahoka 5 each.

The regional meet will be held at West Texas State Teachers College, Canyon, this week end.

Max Minor is expected to face keener competition in the Regional Meet, and the feature of the contests will likely be a battle between Minor of Tahoka and Grady Tyler another one-man track team from Claude. In his district, Tyler was first in broad jump, 100 yard dash, 220 yard dash, pole vault and relay.

Farm Meeting Here Saturday

Announcement is made that there will be another meeting of the Lynn County Agriculture Association, which is affiliated with the state association, in the courthouse here next Saturday, 3 p. m.

Problems of interest to all farmers will be discussed.

R. M. Stewart is president and Mrs. Paul Lawson is secretary.

County Attorney McCord "Pinched"

County Attorney Rollin McCord was the first man to be given a ticket Saturday by City Marshal W. M. Lee for running over a stop sign. It cost him \$1.00 and whatever trimmings attach to the offense.

Rollin says that when he heard that shrill whistle of the big chief, it scared him almost to death. He didn't know whether he had accidentally killed somebody or committed murder.

Rollin had publicly announced that he would prosecute any traffic offenders that Lee might catch, and so he was the victim of many a jest Saturday. But we'll bet he doesn't run over another stop sign soon.

Tahoka Attends O'Donnell Event

With appropriate ceremonies and in the presence of a large crowd of visiting Rotarians and Rotary-Anns, District Governor Linton H. Estes of Wichita Falls on last Friday night presented to the newly organized O'Donnell Rotary Club its charter, which instrument was received on behalf of the Club by its president, Marshall Whitsett.

A sumptuous banquet was served and a most entertaining program was rendered, the meeting being held in a building in the business section of the town. Twenty members of the Tahoka Club and the wives of some of them were present, and Ray Weathers of Tahoka presided. Rotarians from eight other South Plains towns were also in attendance, including delegations from Post, Slaton, Ralih, Lubbock, Brownfield, Seagraves, Lamesa, and Midland. Rev. J. A. Lumsford of O'Donnell pronounced the invocation and Rev. J. H. Crawford delivered the welcome address.

The O'Donnell Club has twenty-
(Cont'd. on back page)

Tahoka Ex-Students Planning Celebration All Next Week

Jack O. Stone is the new South Plains Area Council Boy Scout Executive.

Dixie And Edith Schools Closing

Mrs. Lenore Tunnell, county superintendent, reports that the public schools at Dixie and Edith will close this week. These are the first schools in the county to close. Each has maintained a term of about eight months.

Teachers Elected For 1939-'40 Term

Teachers in the Tahoka public schools were elected at a meeting of the board of trustees Tuesday night.

Superintendent W. T. Hanes and High School Principal Lee Dodson were re-elected several weeks ago. Those elected Tuesday night are: High school: Leslie Browning, Vocational agriculture; Mrs. Madeline Cox Hegi, home economics; Lily W. Wilkins, English; J. H. Felt, band; Mrs. S. H. Asster, business courses; V. D. Armstrong, and Miss Willie Pearl Dockray, seventh grade.

Grade school: A. R. Bostick, John Kirkwood, Mrs. L. F. Craft, Miss Lucille Collier, Mrs. Frances E. Dunagan, Miss Linnie Tippit, Miss Georgia Taylor.

Negro school: Paralee Sayles. Miss Lucille Hall of Leveland was elected to a position in the grades. She is a graduate of Texas Tech and has had three years teaching experience.

Other teachers were either not candidates for re-election or were not re-elected.

Carl D. Griffing was re-elected secretary, tax assessor and collector of the district.

Both janitors, J. W. Jaquess and Harold Snowden, were re-elected.

Barn At T-Bar Ranch Burns

Fire of undetermined origin destroyed the huge barn and several thousand dollars worth of feed at T-Bar Ranch headquarters, eight miles northwest of Tahoka, early Wednesday night.

Jimmie Ford, ranch hand, who discovered the fire, was severely burned on the back and shoulders when flames in the barn came near trapping him as he tried to put out the fire.

Loss of the barn, cotton seed, cake, maize, salt, gasoline engines, D. Sanders' car, and other feed and ranch equipment may run the loss as high as \$20,000, it is said.

The local fire department was called to the fire but due to the fact that the structure was already enveloped in flames and that water was not available, the boys were unable to do much good.

Pete Coleman, fire chief, says he never saw a more beautiful display of fire-works than that presented by the explosion of a barrel of paint which was in the barn. As heat around the barrel became intense, a great explosion occurred, sending flames possibly a hundred feet into the air.

D. Sanders, foreman of the ranch, said he did not know how the fire originated.

Tahoka Tigers Win Over Ralls

The Tahoka Tigers, colored, won another ball game here Sunday afternoon, defeating the Ralls team by a score of 8 to 4.

The boys say that they do not intend to lose another game this season. They will meet the Sudan Buffaloes on the Sudan diamond next Sunday.

Favors was the outstanding hitter for Tahoka Sunday, according to Aaron Sayles the manager. The batteries for Ralls were Polk and Redshirt; for Tahoka Hood and Hood.

Seek To Arouse School Interest

Beginning next Sunday, the entire week will be observed here as Ex-Students Week.

On Sunday, sermons on Christian Education will be delivered at some of the churches, especially dedicated to ex-students of the Tahoka high school.

Monday will be Tag Day. All ex-students are urged to wear tags furnished by the Ex-Students Association. The tags are to be distributed by the senior class in the high school.

Tuesday there will be a parade of ex-students, grouped by years, through the down-town streets. This promises to be a colorful affair. The parade will be led by the Tahoka high school band.

Wednesday will be Banquet Ticket Sale Day. All reservations for Friday's banquet must be made on or before this day.

Thursday will be School Visitation Day. All ex-students are expected to visit the schools on this day and to attend the Chapel program at 2:30 p. m. At the noon hour the ex-students will give a program at the Rotary Club luncheon in the American Legion Hall.

On Friday, at 7 p. m., a banquet will be served at the grade school gymnasium, by the Ex-Students Club.

Banquet Program
The following program for this occasion has been announced, as follows:

Opening Song: Led by Mrs. Claude Donaldson.

Welcome Address: Supt. W. T. Hanes.

Reading: Mrs. Harley Henderson.

Boys Quartette.

Recognition of Former Superintendents and Teachers.

Girls Quartette.

Turning the Pages of Time by Classes.

Orchestra.

Speaker of the Evening.

Claude Donaldson is president of the Ex-Students Association; Mrs. Bernice Roberts is vice president; Mrs. Duke Holland, secretary; Miss Jewell Redwine, historian.

Funeral Home Work Resumed

Actual construction work on the new Harris Funeral Home is to be begun within the next few days, possibly Monday. Material has been ordered and when it arrives in sufficient quantities work will begin and will continue steadily until the building shall have been completed.

This was the information given us Wednesday, and on Thursday we noted that workmen were already on the job.

The necessary plumbing work has been done this week. The foundation for the structure was laid about a year ago, and a small building was constructed on the lot. Trees and shrubs were also set out and are growing.

The new building will be 50 by 100 feet in size, facing east on Main Street, which is identical with highway No. 9. It will be constructed of hollow tile blocks and finished with stucco. A porch will extend across the east front. There will also be an entry on the north side.

The interior will be divided into several compartments. There will be a beautiful and commodious chapel, display room, family room, slumber room, music room, etc. It will be beautifully furnished, and Mr. Robertson, the funeral director, says that it will be one of the most complete and elegant funeral homes on all the South Plains.

Mrs. W. C. Cowan of Canyon, who was here when Lynn county was organized and the Town of Tahoka was started, is here visiting relatives and friends.

Enormous Loss In County Scholastics

There has been a decrease of at least 553 scholastics in Lynn county since March, 1938, according to the returns of the census taken in March of this year filed in the office of County Superintendent Lenore M. Tunnell.

The number of scholastics in the county when the census was taken last year was 3,620, not including Magnolia and Pride, after all duplications had been eliminated. Such duplications, if any, have not yet been eliminated this year, and it may be that after all the rolls are thoroughly checked the total for this year will be still further reduced slightly. This total as it now stands is 3,067.

There has been reduction in every school district in the county, except two. These two are the Gordon and Edith communities, in each of which a slight increase is shown. In some districts, the decrease has been heavy. In high school district No. 2, for instance,
(Continued on back page)

Scout "Parents Night" Monday

W. A. Reddell reports that next Monday night will be "Parents Night" for the boy scouts of Tahoka.

The parents of all the boys are invited and urged to attend. The meeting will be in the new Boy Scouts Hall, which is situated in the old Central Ward school building. Mr. Reddell is anxious that the parents see the new meeting place and the equipment which has been provided.

A court of honor will also be held. Donald Peterson of Lubbock, scout field man for the southeastern district of the South Plains area council, will be the principal speaker of the occasion. Mr. Reddell thinks it would be worth the while of every parent in Tahoka to hear him.

Co-op Meeting Next Wednesday

The annual all-day meeting of the Farmers Co-operative Association No. 1 will be held at their two gin plants here Wednesday of next week, according to Claude Donaldson, manager.

Members and their families and a few special guests are being invited to the meeting. Tahoka High School band will also be guests this year. Special guests last year were members of the Rotary Club.

The morning program will be opened at 10 o'clock by President B. J. Emanuel, and talks will be made by H. P. Caviness and R. C. Wood of Tahoka and Frank G. Campbell, manager of the Plains Co-operative Mill of Lubbock. County Agent Don Turner, and others. In the afternoon, officers will be elected and financial reports heard.

The band will play a concert during the day.

Attend Plains Dairy Show

Tahoka was represented in the Panhandle Plains Dairy Show pageant at Plainview Tuesday by Miss Doris Laverne Lawler, Tahoka high school queen, and Miss Doyce Chapman, maid of honor. Their escorts were James Applewhite and Grady Goad.

Quite a number of Tahoka and Lynn county people are attending the show.

E. W. Shawn has been confined to his room the past few days with streptococcal throat.

County School Trustees Named

According to returns filed in the office of the county clerk, the following trustees were elected for their respective districts in the recent elections held throughout the county.

New Lynn, C. M. Jones and C. W. Meeks; Wilson, J. R. Hamilton and Edwin May; Gordon, F. E. McRae and B. B. Corbell; Midway, R. L. Littlepage and I. M. Draper; Edith, Walter Kahl and Ira Vaughn; Joe Bailey, I. D. Warren and J. D. Kyle; Three Lakes, C. F. Gaylen, S. S. Cox and E. D. Crouch; New Home high school district at large, Wayman Smith, for Joe Stokes, R. D. Randolph, for Petty, A. C. Fillington and Wayman Smith, Lakeview, A. C. Fillington; Draw-Redwine high school district, J. W. Martin and H. W. Crawford; West Point, H. R. Tankersley and E. Bartlett; Wells, P. E. Askey and Lester Etter; Newmoore, B. M. Cathey and W. R. Sheppard; Dixie, W. J. Benson and C. D. Tekoff; O'Donnell, Shack Blocker and T. R. Tume; Tahoka, Prentice Walker and John Slover.

County trustee at large, Chester Connolly; for county trustee for district 1, B. W. Baker.

Mrs. N. M. Wyatt underwent a serious major operation in a Lubbock hospital Tuesday, Wednesday night she was reported doing "as well as could be expected." She underwent a similar operation only a few months ago. Many friends hope that she may soon regain her good health.

Mr. and Mrs. Fred B. Hegi visited friends in Canyon last week end.

Seagraves Reader Writes The News

Editor News, Dear Sir: I noticed in your last issue where you and your preacher have kissed and made up fine thing, especially for the preacher, as you had him both down and out. He recognized the fact and easily changed the subject. You were right. We have thousands of white, Negro, and Mexican as well as much foreign trash in Texas, whose principal if not entire contribution to the support of righteous laws and the cultivation of good society and good citizenship is manifested in gambling on cock fighting, whiskey drinking, crap shooting, all-day Sunday gambling, and prostitution.

Nearly the last one of them, when he reaches 65 years of age, will be "needy," very "needy" and eligible for a pension, to be paid by industrious, moral citizens, most of them whites, who already for years have born the expense of law administration, of keeping them near decent, and furnishing them good roads on which to travel.

It is a shame, folly and sin that men and women who have been dead weight to be carried all their lives, should be given \$30 a month in old age with which to continue the support and practice of vice they always have supported.

Six dollars per month as a free gift is two dollars more than they have any reason to expect and more than they will spend properly.

If the white man must continue to carry the burden of civilization, of progress, then he must and will be forced, as he has today in Africa, to assert his right to control and to drive the drags along with the herd and not allow it to be converted into one milling mass, all of it drags, by silly, visionary white men.

O'Daniel is too cautious to let it get out, but from his acts I am sure he brought with him to Texas, and yet retains it, the Kansas idea that "A Negro is as good as any white man and should have social equality." I hope some legislator smokes him out on that Kansas doctrine and practice.

The past and present domination of the world by the white race is no accident of fortune. God himself placed the yellow race sub-

servient to the white, and made the Negro, as today, the servant of both; and any man or State is just a plain fool, who tries to change the relation or believes the relation can be changed and that the Negro, by law, can be elevated to a position of equality, mental, moral, or industrial. Gen. 9:24-27.

That arrangement has stood in the history of the world ever since it was instituted, and whether or not Kansas and O'Daniel like it, it will be operating when Kansas and Texas go up in smoke.

Even what efforts have been made for "equality" have been the work of silly white men; and O'Daniel himself, in his "Industrial Campaign," will call on the best element of the white race to support it.

Neither the Negro or even the yellow race objects to the white man's leadership. The objection comes from renegade fool whites.—Respectfully, W. S. Johnson.

Ed. Note: While we agree with Mr. Johnson in a large measure, we do not believe that Governor O'Daniel believes in the doctrine of practice of social equality between Negroes and Whites. He has wasted quite a lot of sympathy, however, on a few Negro brutes who have been condemned to death for the commission of atrocious crimes. We think that his sob-sister stuff in behalf of these cold-blooded murderers, poured out through the radio and the columns of our daily newspapers, have tended to encourage criminals, white and black, and have been a distinct dis-service to the people of Texas. Personally, we have no animosity against the Negro as a race. We want him to be treated with perfect fairness and justice, and we are even anxious to help the good members of the race.

We think that because of their racial inferiority and their helplessness, many of them are much more entitled to our consideration and our help in the form of pensions than are some white men who are now on the pension rolls. But we believe that in issuing pensions, both the need and the character of the individual should be considered in determining the amount. We do not believe that a Negro, who has been living happily on \$20.00 per month, should be paid a pension of \$30.00 per month, nor do we believe that a crook, black or white, who has spent his substance in riotous

THE GROWL—

Home Economics
The first year Home Economics girls have begun their unit on cooking. The girls have prepared prunes, apricots, oatmeal, rice, and baked apples. Although, this is most of the girls first attempt to cook, they are showing great progress in their work.

The second year girls are putting the finishing touches to their all-occasion dresses. The girls have made some very nice dresses and some of them have completed two dresses in the time they were required to make only one. They will study first aid in their next unit.

The third year Home Economics class have finished their unit on dressing appropriately for various occasions. Each girl made a lovely dress. Some of the girls made street dresses and others made evening dresses. They have taken up the unit on planning artistic and comfortable housing. Each girl is making a plan of an ideal home.

Every Home Economics girl is working hard for the trip to Galveston this spring. The girls will enter a dress which they made in Home Economics in the style show or contest. The winner out of the first, second, and third year girls will be entitled to the trip to Galveston.

Tahoka Band at Plainview
Friday, April 7, The Tahoka Band entered the Class D band contest in Plainview. They were judged on concert playing, sight reading, inspection and marching.

Tahoka was judged second division on concert playing, first division on sight reading and first on inspection. The grade sheet on marching has not been received yet.

As they are only a first year band they competed with class D bands only first division equals a grade of 95 or over, second division equals a grade of 91 1/2 to 95.

There was a total of 36 high school bands present including the best and largest high school musical organizations in this part of the state.

The band members learned much from this vast array of musical talent. They were especially interested in the excellent marching of some of the D division bands. From what I hear several of them learned some things while in Plainview which do not even pertain to band work or music. I mean they had a good time.

What Would Happen If

Billy were concealed over her legs
Mrs. Assiter weren't historical?
Cooch Harlow forgot to bonk some one on the conk?
Bernice weren't in love with Doc?
Iris Dean woke up some morning and found herself dead after she talked about herself so awful?
Lynette didn't lose her letters from Doc Adams?
Doyce played a solo for an old man on the street of Plainview?

SNOOPERS COLUMN

Dorothy Holland saw a football sweater with a "P" on it and had a runaway.

What would happen if Boyce Evans fell in the river at Carlsbad
What would happen if Doyce used Coty's perfume after visiting a 10 cent store?

Wonder who's beating J. G.'s time with Adeline—could it be Albert who has that finishing urge?
From the looks of a few girls shoes T. H. S. is going "Dutchy."
Why, oh why must Pfavis always

living, should have the same consideration at the pension table as the fine, worthy old gentleman who has been honest and industrious but unfortunate and finds himself approaching old age in desolate circumstances. We think Governor O'Daniel has been terribly and foolishly wrong on this pension matter. Come again, Mr. Johnson.

Women Answer From 12 States

To date, Touring Reporters have visited the principal cities of 12 Southern states; have asked 1297 users their famous question: "Did CARDUI help you?"
Of those 1297 users, 1206 said they were definitely benefited by CARDUI. That's 93 out of every 100. What a record!
CARDUI is a good stimulator for lagging appetites, a real aid to digestion and assimilation. That's why its proper use enables so many women and girls to build up physical resistance, and thus helps them avoid the periodic pain of functional dysmenorrhoea due to malnutrition.

get stage fright when he tries to say his declamation for the Biology class -- --?

Lynette, was it an accident that you sat down in a man's lap in the theatre at Plainview? We wonder Polly, why do you tell that you are the only girl in Tahoka that J. D. will go with when he is seen with Boggie every time he gets a chance?

It seems as though Genalee and Lis's wishes came true Sat. night. At least they were satisfied with William Edwards and James.
Jean S. don't let your jealous nature get you. It was only senior night or Felix wouldn't have stepped out on you.

Senior News

T. W. Hale attended the rabbit drive at West Point last week end. The senior play has been postponed for the third time due to the number of seniors participating in the District Meet.

In the trial track meet at Lubbock Saturday were Finis Connolly, Odean Millman, Herman Reid, and J. G. Adams.

The contestants to enter the district Meet held in Lubbock Friday and Saturday are: June Fender and Dick Bosworth, typing; Odean Millman, J. H. Dyer, J. G. Adams, Herman Reid, T. W. Hale and Finis Connolly, track; Dick Bosworth in extemporaneous speaking.

The seniors attending the play "His Wife's Family" were: Baby Tot Wetsel, Laura Jane Milliken, Buster Pitts, Felix Macha, Billie Swafford, Eloise Roberts, Finis Connolly, Herman Reid, Allen Luallen, Frank McClain. This play was presented by the O'Donnell seniors at O'Donnell last Friday night. Those who attended stated that it was an excellent play. We wish to express our appreciation for the hospitality shown us.

Odean Millman spent the week end visiting his uncle in Dallas.

Bosworths Tell Of Trip To South

After having been out seeing the world for two or three weeks, R. Bosworth and son Clifford finally made their way back to Tahoka last Sunday afternoon.

After taking a thorough look at the lower Rio Grande Valley and making a side trip over into old Mexico, they again turned the nose of their car northward and had reached a point in the neighborhood of Alice when that twelve-inch rain struck. It poured and it poured and the waters covered the face of the earth. They were cautiously making their way along the highway in the darkness of the night, when a car in front of them got into deep water and had to stop. Two or three other cars had followed, one close behind another, and then the Bosworth car. There they were lined up in the surging waters. There was nothing to do but to back out. But a car with a trailer attached had stopped close behind the Bosworth car and they could not immediately back out. Finally the cars in front maneuvered

around and backed out past them and the trailer car, which enabled them also to get out. But, with the swirling waters apparently rising and enveloped in darkness, it was a rather harrowing experience.

Then in due time they came on to Fort Worth and ran out to Eagle Mountain Lake, where Mr. Bosworth's brother resides. While there, that terrific hailstorm hit. They and their care were in a tourist park and suffered no harm, but the pelting hail killed thousands of pelicans that had parked on the waters of the lake, and the next morning their bodies lined the shore.

They decided it was time for them to come home—and they came.

Mr. and Mrs. M. C. Ball and Daughter, Katherine of Joe Stokes, were visitors in the P. W. Goad home, Sunday.

Don't Sleep When Gas Presses Heart

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves stomach gas pressing on heart. Adlerika cleans out BOTH upper and lower bowels.

SOCIETY

Club and Church News

LEGION AUXILIARY

We are having a meeting on April 25 at 8 p. m. It will be the night for our social meeting. All we ask you to do is to be present and bring two cup towels, one for each of our two hostesses. An enjoyable time is expected.

We have been having three meetings and much interest has been shown. At the last meeting over 40 were present and our Legion Auxiliary entertained the Legion with a "42" party. All played "42" till a late hour, after which our district lady, Mrs. Higbee from Lubbock, made a nice talk, followed by others of the Legion and Auxiliary.

A large three-tiered yellow angel-food cake was presented by Mrs. Richardson in honor of the Twentieth birthday of the American Legion. Plenty of home-made ice cream was served by the members. All expressed themselves as having had a most enjoyable meeting and looking forward to another.

All members are urged to be present. Visitors are always welcome.—Reporter.

MISS ALIXE WEATHERS WEDS LAMESA MAN

The wedding of Miss Alixe Weathers of this city and Mr. Jim Roy Walker of Lamesa, which occurred at Lovington, N. M., on March 30, did not become generally known here until this week. The young couple went to Lamesa immediately following their marriage, where they are making their home.

Mrs. Walker is the daughter of Mr. and Mrs. L. E. Weathers of this city and was reared here. She is a graduate of the Tahoka High School and holds both a B. A. degree and an M. A. degree from the Texas Technological College. The groom is a young business man of Lamesa.

FAMILY REUNION

The Haney family had a reunion at the home of Mr. and Mrs. L. C. Haney Thursday.

Lum's father and mother Mr. and Mrs. W. D. Haney of Roscoe, two sisters, Mrs. Dixie Ray of Fort Worth and Mrs. X. B. Sanders of Roscoe, and one brother, Fred Haney of Fort Worth came Thursday morning. Five other brothers, Barna, Bryan, D. V., Russell, and Hark, all of Roscoe, came up in the afternoon.

Mr. and Mrs. W. D. Haney with their children were pioneer citizens of Roscoe. This is the first time they ever met in a reunion in Tahoka.

BREADMAKING DEMONSTRATED FOR MIDWAY H. D. CLUB

The Midway H. D. Club met with Mrs. L. M. Nordyke April 13, for training in the making of fancy, quick breads.

Four varieties of quick breads, Boston brown bread, Orange bread, drip muffins, and nut bread, were demonstrated by Mrs. Howard Draper and Mrs. Alice Duncan.

It seems the habit of preparing only biscuit and cornbread, if we prepare bread at all, has grown up on us, when we might have a very pleasing and appetizing variation if quick breads were also used.

Members present were: Mrs. Howard Draper, I. M. Draper, Alice Duncan, R. L. Littlepage, K. W. Phillips, H. C. Warren and H. V. Everson.

The next meeting of the Midway H. D. club will be with Mrs. H. C. Warren, April 27.

DRAW 4-H CLUB

"Where chicks are purchased, only those from blood tested flocks should be bought," stated Miss McNatt, home demonstration agent at the regular meeting of the Draw 4-H club, Monday April 17, at the school building.

Pullorum disease is inherited and passed from the infected hen through the egg to the chick. The disease is highly contagious and is spread in incubators and brooders where proper precautions are not used.

The control of an outbreak of pullorum disease depends on rigid sanitation measures to curb the source of infection. Blood testing the breeding stock and removing all reactors will reduce the disease to a minimum.

Members present were: Juanita Williams, Veneta Garnett, Geraldene Mensch, Lela Fae Parker, Ruth Johnson, Billie Sprull, Marie Isabel, Snowie Mae Bratcher Dora Ruth Penton, Zelma Willingham, Helen Lehew, Lois Williams, Syba Busby, Jo Williams, Mary Gene Luttrell, Lorene Jackson, Mamie John Florence, Virginia Montgomery, Velma Saint, and home agent, Miss McNatt. Our sponsor, Miss Emily Waller was absent.

Our next regular meeting will be Wednesday, May 3rd.

H. D. WOMEN ENTER CONTEST AT DAIRY SHOW

County Home Demonstration Agent Miss Maurine McNatt and Mrs. H. M. Snowden, Paul Lawson, Henry Heck, Carl Greer, John Berry, and Milt Finch, representing the H. D. Clubs of Lynn County, attended the Dairy Show at Plainview Wednesday, where they entered an exhibit.

This exhibit consisted of seven dishes of cottage cheese and a number of containers of milk and of butter, together with a poster, which the ladies had prepared. They were exhibited in a space about eight by ten feet in size. At the time of leaving Plainview Wednesday afternoon, the results of the judging had not been given out and the ladies did not know whether they were listed among the winners or not.

The Show management paid them \$10.00 for making the entry.

MISS PAULINE RHINES AND LUBBOCK MAN WED

Miss Pauline Rhines, who has been an operator in Minnie's Beauty Shop here the past eighteen months, and Mr. Lee Roy Taylor of Lubbock were married in that city Wednesday night. They will make their home in Lubbock.

The bride had made many friends here during her residence in this city, we extend best wishes to her and the groom.

AT THE BAPTIST CHURCH

Mrs. Lillian Butler, voice teacher and choir director in the First Baptist Church at Slaton will be with the First Baptist Church of Tahoka next Sunday evening at 8 o'clock. Mrs. Butler with a group of singers from Slaton will render several numbers at the evening service. We invite our friends and music lovers to be present with us in the Sunday evening service and get a real treat.—Geo. A. Dale, Pastor.

Mr. and Mrs. R. H. Turner, who spent the winter months at Uvalde, returned to Tahoka Thursday.

MIDWAY NEWS

The three-act play entitled "Simple Simon Simple" will be presented in the Draw school auditorium Friday night by the same cast that previously presented it at Midway.

Brother J. Laryl Nisbett, pastor of the Church of Christ in Tahoka preached at Midway Sunday afternoon at 2:30 o'clock. His sermon was enjoyed by all those present. He will be at Midway again in May at the same time. Everyone's presence will be appreciated.

Mr. Cecil Davis and Miss Earline Williams of the Midway community announced their marriage Tuesday, April 18.

The bride is the daughter of Mr. and Mrs. W. A. S. Williams of this community. The groom is the son of Mr. and Mrs. M. M. Davis. Friends in the community wish for them much happiness. The couple will reside near Midway.

Three students of the Midway school entered contests at the District meet held in Lubbock Friday and Saturday.

Gene Brower entered senior boys declamation. Floyd Davis placed second in the rural pentathlon in the track and field events. Mary Louise Rainey won third in essay writing.

Twenty students who were first place winners in the county meet enjoyed a theatre party Monday night given to them by the teachers of Midway.

Mrs. S. E. Archer and daughter of Cisco visited in the home of Mr. and Mrs. H. C. Warren during the week end.

Mrs. W. T. McClintock of Lamesa spent last week in the home of her daughter, Mrs. C. E. Driver.

A PROCLAMATION

Whereas the Ex-Students of the Tahoka high school have planned a number of programs for next week in remembrance of their school days and in honor of their former instructors, and whereas many of these ex-students will come from a long distance to participate in these programs and to mingle with their former school-mates;

Now, Therefore, I, Deen Nowlin, Mayor of the City of Tahoka, hereby designate and set aside next week, beginning Sunday and extending through the following Saturday, as Ex-Students Week, and call upon all our citizens to so observe it.

Witness my hand this the 18th day of April A. D. 1939.

Deen Nowlin, Mayor of the City of Tahoka.

Attest: Rosemary Nelms, City Secretary.

TAHOKA MAN DIRECTOR OF PRESS ASSOCIATION

E. I. Hill, Mr. and Mrs. Frank Hill and daughter, Patricia, of the Lynn County News, were among the 225 newspaper people who attended the annual meeting of the Panhandle Press Association in Amarillo Friday and Saturday.

Frank, who appeared on the program, was elected a director of the organization. Ed Bishop of the Dalhart Texan is president.

Supt. and Mrs. W. T. Hanes were called to Lubbock Sunday night to meet his brother and wife who reside at Henrietta, who had come to a hospital in Lubbock on account of the serious condition of the wife's brother, Alfred Smith. The young man had been trapped and terribly burned in a garage fire at Spur early Sunday morning, and died during the day.

MEDALS AWARDED COACHES OF VOCATIONAL AGRICULTURE

Lubbock, Tex., April 20.—Medals will be awarded the coaches of the three high standing teams in the recent fourteenth annual vocational agricultural judging contests held at Texas Technological College. This is the first time such recognition has been given to the coaches, but it is expected to be a regular feature of these contests from now on, according to Ray L. Chappelle, head of the vocational education department.

First place was awarded J. M. Hill, teacher of vocational agriculture at Tulla. Second place went to W. A. King, vocational agricultural teacher at Floydada, and third place went to Cecil Ayres, vocational agriculture teacher at Spur. Both King and Ayres are graduates of the agricultural division of Texas Tech. Hill is a graduate of Texas A. & M.

Medals will be presented by Chappelle either at a convocation in these schools or at a father and son banquet.

WILSON SCOUTS SPEND WEEK-END AT CAMP POST

Wilson—Troop 87 of Wilson, Texas, spent Thursday, Friday and Saturday, April 13th, 14th, and 15th at Camp Post. This is the second overnight camp for the new Troop at Wilson. Rev. McCasland, Minister of the First Baptist Church and Scoutmaster, accompanied the boys to Camp. The time was spent in passing tests and preparing the Troop for attendance at summer Camp.

G. M. and M. J. Duckett attended the Baptist State Sunday School Convention in Waco last week and report great crowds there.

Students On Honor Roll At Tech.

Miss Edith Robertson, daughter of Mr. and Mrs. W. O. Robertson, and Miss Mary Margaret Tunelli, daughter of County Superintendent Mrs. Lenore M. Tunelli, each made the honor roll in the Texas Technological College in the fall semester with a general average grade of A, according to information furnished by that institution to the News.

The following Lynn County students also made the honor roll with a general average grade of B: Miss Eva Douthit, daughter of Mr. and Mrs. Henry Douthit, Miss Marion Draper, daughter of Mr. and Mrs. I. M. Draper, Miss Emily Lois Montgomery, daughter of Mr. and Mrs. W. J. Montgomery, Miss Sibyl Prater, daughter of Mr. and Mrs. F. L. Prater, all of Tahoka; Clytus Parr's, son of Mr. and Mrs. H. A. Parr's, and J. F. Collins, son of Mr. and Mrs. Byrd Collins of Wilson; Miss Sibyl Anne Pirtle, daughter of Mr. and Mrs. R. L. Pirtle of Draw; and Garth Fuquay, son of Mr. and Mrs. A. W. Fuquay of Tahoka until a few months ago, when they removed to Mount Pleasant.

Fiery Itching Skin

Try This Simple Home Treatment for Quick Ease and Comfort
Here is a clean, powerful, penetrating oil now dispensed by pharmacists everywhere at trifling cost that brings speedy relief from the itching and tortures of Eczema, Itching Toes and Feet, Rashes and other externally caused skin troubles. THE PATHFINDER

is the one and ONLY publication with the knowledge, experience and courage to give you every week the first-hand, inside information which is positively necessary for you to have. It is the ONE publication which is under no obligations to the big moneyed interests or Czars of trade—none of those fatal tie-ups with the selfish cliques who gamble in the very life blood of the people. That's why the Pathfinder is in a position to tell you the unvarnished facts in the plainest possible English. You can depend on every word it says—and there is no substitute for reliability.

EVERY WEEK FROM WASHINGTON, D. C.

Washington is now the news center of the entire world. It is the one place in the country where a strictly unbiased and reliable publication can be issued. That is why the Pathfinder is located there. The same clear sighted vision which led to the selection of the National Capital as the home of the Pathfinder over 40 years ago is the backbone of every single issue of the Pathfinder today.

It is our privilege for a limited time to offer you at a greatly reduced bargain price the greatest and most popular national weekly—The PATHFINDER—together with THIS PAPER, both a full year—52 weeks—for

THE FOURTH ESTATE

Frank and Mae and Pat and the chief key-pounder in this shop attended the annual meeting of the Panhandle Press Association in Amarillo Friday and Saturday.

Our readers, of course, are little interested in the meetings or the doings of this organization, and it would be foolish for us to undertake to inspire much interest on the part of our readers in men and women whom they never saw and many of whom they never heard of.

But the men and the women of the press have been subjected to much criticism in recent years, particularly on the part of some politicians and popular political "heroes."

We wish, therefore, that our readers could have looked in on this body, could have heard them talk shop, and could have taken each of them by the hand and gotten a first-hand impression of the men and the women who so often are accused of being selfish, self-serving, unpatriotic, subservient to the special interests and unfriendly to the interests of the great common people.

Some of these editors and publishers, no doubt, are unworthy of their high calling. A few of them may be looking only for the almighty dollar, a few of them may be cowardly, and a few may be hypocritical and demagogic.

But we make bold to say that on the whole they are as high-class men and women as may be found in any vocation or profession among us—as honest, as patriotic, as industrious, and as sympathetic with the masses as may be found.

In fact, most of them have come up through many trials and tribulations; by necessity and by training they are industrious and self-reliant; by necessity too, if not by nature, they are an optimistic bunch, but with all their optimism they are conservative and level-headed. There are few fanatics among them, few cranks, few visionaires.

We wish that we had the space to paint a word picture of some of these veterans of the press, these tribunes of the people. The experience of some of them would read like Horatio Alger stories. We couldn't begin to even name all the worthies among them. But we must mention that old war-horse, Harry Koch (pronounced Kaw), who for forty-eight years has been publisher and editor of the Quannah Tribune-Chief. He is an institution in that town, and he enjoys the love and admiration of every member of the Panhandle Press Association. Born in Holland and working for some years in Germany, he came to America a penniless youth many years ago, and now there is not a more thorough-going American on this side the Atlantic.

There is the inimitable Gene Howe, "Old Tack", of the Amarillo News, and the brilliant young journalist, John McCarty, of the same publication, who literally has made his own way in the world and whose career thus far has been meteoric.

Then there are scores and scores of other men in less conspicuous places, big men in little towns, who are serving their respective communities faithfully and well and who enjoy the confidence and esteem of the people they serve—we haven't the space to name them; but we must mention Clyde Warwick, who has been secretary of the Panhandle Press Association continuously for twenty-five years.

It is chiefly through his industry and genius that this association has grown and grown until it is now one of the largest regional press associations in the entire country. About 225 newspaper people were in attendance upon the meetings of this association last Friday and Saturday, the largest in its history, and the program, too, was generally declared to be the best in its history. Especially did the women cover themselves with glory. Men frequently do not have time to make preparation when placed on a program, but the women take time.

The men and the women of the press of Northwest Texas have few chestnuts in the fire. They have rarely sought legislation designed and intended simply to help them. Too often, in fact, have they been

asleep to their own interests. But there were evidences at the Amarillo meet that they are coming alive to the situation. They are going to have at least one eye open hereafter when legislation which would adversely affect them is pending. And, individually, they are going to defend the integrity of the press hereafter when it is unjustly and unfairly assailed by politicians and others.

And when we met and heard numbers of young people who have just entered newspaper work and others who are taking journalism courses preparatory to doing so, we said in our heart, America is yet safe for at least another generation.

LINDBERGH

Colonel Charles Lindbergh is coming back to the United States. He will tell the President what he knows about the air forces of the various nations of Europe. If there is one man in the world for whom we feel genuinely sorry, it is Lindbergh. He has been abused from so many angles, but has never retaliated or slapped back at those who have heaped abuse upon him. If he had accepted the role of a national hero, and made a fool of himself, he would have many more friends. But since he has refused to be spoiled by his success, a lot of Americans have dubbed him as "stuck-up" and not a loyal American. This nation needs more solid, substantial men like Lindy, who will continue doing their duty regardless of what the crowd thinks or does.

—Canyon News.

Lindbergh is one of our finest citizens. He should be enjoying today the unalloyed admiration and affection of the American people. His greatest fault is that he is not politic, not tactful. If he had been possessed of the friendly spirit of the successful politician, he would today be the hero, the idol, of every patriotic American boy.

Few men have enjoyed the honors and the acclaim that were accorded to Lindbergh following his first flight across the Atlantic; and few have suffered the trials and the sorrows that have been his during these latter years. How deep must have been the sorrow that he and his wife suffered when their babe was kidnapped and afterwards murdered! And then how provoking and exasperating must have been the unkind remarks, the pitiless thrusts, the wicked charges and innuendoes, most of them inspired by Hauptmann's un-Americanized German friends and by the captains of crime, while the trial of the kidnapper and murderer was in progress!

Unfortunate for Lindbergh it was when he decided to leave the land of his birth and to make his abode in a foreign land. We do not blame him much under the circumstances, but it gave his enemies a chance to charge him with ingratitude and disloyalty to his country, and they certainly made good use of the opportunity.

Lindbergh has now come back to America on a mission of service to his own, his native land. For one, we take off our hat and say, God bless you, Colonel Lindbergh.

MRS. WINTER KNIGHT AND CHILDREN GO TO RUIDOSO

Mrs. Winter Knight and two children are planning to leave Sunday for Ruidoso, where they will spend the summer. They will be accompanied out by Winter but he will return immediately after they get settled in their cabin.

Winter was out there last week end and rented a cabin for four months. He will spend most of the time here. He says that Ruidoso is growing rapidly. Four or five new stores have just been built and many cabins are under construction. The weather there was fine, he says, but he encountered a snow storm this side of Roswell on the way back Sunday.

Breath Bad, Logy? You May Need This

Just as the lighthouse flashes a friendly warning to sailors, so Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect those symptoms and thereby may invite a host of constipation's other discomforts: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable BLACK-DRAUGHT tonight by simple directions and clear your bowels gently, promptly, thoroughly. This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to BLACK-DRAUGHT'S merit.

ELDER DRENNONS NOTES

Last Lord's day sure was a beautiful day and many minds were turned toward the resurrection.

I wonder how many of us really appreciate what Christ's resurrection means to this old world. Think what it would mean if Christ had not risen. The question Job asked in the long ago, "If a man die shall he live again" would still be unanswered. As I am about to conduct the funeral of a man today, it would be indeed sad if we did not have the hope of the resurrection to offer to the loved ones left behind.

Our friend O'Daniel seems to have the legislature buffaloed, as editor Hill said last week. I think before it is all over, the legislators and senators are going to find out that O'Daniel was not such a big fool after all. The bulk of the best citizens are still for O'Daniel after all the ugly things that have been said against him. I think Elliott Roosevelt is just a little too big for his pants, and I don't think just because his father is President that the people of Texas are going to let him run ohr state.

Last Lord's day was a fine day with the Church here. We had splendid crowds and fine interest. I still believe that the most of the people like to hear the Word of God preached, and why preachers will switch off to book reviews, anecdotes, death-bed tales, and such like is more than I can understand. What a fine thing if all preachers would preach the Word as it is written. If they did we would not have the division that exists today, and to think that Paul condemns all who preach anything other than what the Apostles preached, Galatians 1:8-9. Beware, preachers, lest you be lost.

The graduation class here have

asked me to preach the bacculated-sermon, which brings to my mind the pleasant time I had at Tahoka last year and the fine reception my sermon received there. I hope I can do as well this year.

We want to thank the goodly number of boys and girls who came to our senior play and the fine sportsmanship they showed in applauding the play.

A few wise cracks.
Why hurry when you are on the wrong side of the road.
The loafer seldom has half a loaf.
A slip of the tongue can cause a very hard fall.
If you would reach the heights keep on the level.

If you are right you can't

Headachy, Breath Bad? Make This Check-Up

The Police Siren means "Look-out!" And so do Nature's signals—headaches, biliousness, bad breath, which are often symptoms of constipation. Don't neglect your sluggish bowels, for a host of constipation's other discomforts may result: such as, sour stomach, loss of appetite or energy, mental dullness.

Help your lazy bowels with spicy, all vegetable BLACK-DRAUGHT. Acts gently, promptly, thoroughly, by simple directions.

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Next time, try this time-tested product!

WATER FOR YOUNG CHICKS

Discussed by PETTY 4-H CLUB
"Water is a very important part of the chick's diet and should always be supplied fresh several times a day". Miss Maurine McNatt, home agent, told members of the Petty 4-H club at the school building Wednesday, April 12, at 10:45 a. m. "There is a tendency for mash to wash off the chick's beak and settle in the bottom of the water containers. This should be removed several times a day and the containers filled with cool, fresh water. If the water is clean and pure enough for human consumption, then there is no need for adding any kind of disinfectant or tonic to the water."

Miss McNatt checked on slips and scarfs.

The girls learned two new songs. There were nine visitors and every member present.

The next meeting will be April 26, with Mrs. W. J. Lowrey, sponsor, in charge.

T-BAR CLUB STUDIES - LIVING ROOM LIGHTING

"In selecting light equipment, an I. E. S. lamp should be included, which will furnish the abundance of light that science says we need for most seeing", stated Miss McNatt, home agent, at the regular meeting of the T-Bar home demonstration club, which met in the home of Mrs. A. E. Leverett Friday, April 14, at 2:30 p. m. "There are several types and prices of I. E. S. lamps but all have three features in common. The bowl underneath the shade hides the bulb, so there is no glare nor harsh shadows and harsh lighting contrasts. The shade is broad, so that the light is not narrowly confined by it. The light-colored or white shade reflects light and the dark colors absorb it. The bulb is large enough for safe seeing."

Mrs. Fred McGinty of the Three Lakes H. D. club gave a demonstration on The Care of Milk, especially stressing the use of a filter strainer.

Dairy products exhibited by the members were criticised and scored.

Mrs. Ellis Treadway of O'Donnell and Mrs. Fred McGinty were visitors. Fifteen members were present.

The next meeting will be at the home of Mrs. H. F. Lindley on April 28.

CLUB WOMEN DISCUSS HOUSE LIGHTING

"Science, after years of research, is able to tell us how much light is needed for certain activities", state Miss Maurine McNatt, home agent, at the regular meeting of the Grassland H. D. Club Tuesday, April 11, at 2:30 p. m. in the home of Mrs. L. H. Kenley.

"There is a meter which measures the amount of light needed for reading, sewing, etc. The lighting advisers will bring this meter to your house and let you see for yourself what size bulb your reading lamps, etc. require. If you do not have access to a meter then follow the bulb recommendations."

To fill the vacancy which occurred when Mrs. Henry Heck was elected vice-chairman of the council, Mrs. C. M. Greer was elected council delegate with Mrs. Paul Lawson as alternate.

Members present were: Mesdames A. L. Shepherd, C. P. Bullock, C. E. Short, G. C. Watson, R. E. Appling, M. C. Thomas, R. A. Ferguson, C. M. Greer, A. A. Lawson, Henry Heck, E. A. Thomas, W. R. Greer, L. H. Kenley, Roy Leonard.

O'DONNELL 4-H CLUB DISCUSSES POULTRY

"A good litter scattered a few inches deep over the poultry house floor will absorb moisture and simplify cleaning", stated Miss Maurine McNatt, home demonstration agent, at the meeting of the O'Donnell 4-H club Tuesday, April 11, at the school auditorium.

"Prairie hay, oat, rice, and wheat straw make satisfactory litter. Shavings or sand may be used if plenty of food is available, otherwise the chicks will have a tendency to eat the litter."

There were 25 old members and 11 new ones present.

CLUB GIRLS TO HAVE SLUMBER PARTY

The 4-H Club girls of all Lynn county are to have a slumber party here tonight.

They and their sponsors and as many of their mothers as find it possible to attend will meet at the American Legion Hall at seven o'clock this (Friday) evening, where they will first enjoy a picnic supper. Then they will attend a movie picture show in town, following which they will return to the Legion Hall for the remainder of the night.

A program consisting of musical numbers, skits or short plays, and possibly games, will be enjoyed through the night. The party will break up at 8:30 Saturday morning.

To be eligible, girls must have completed their clothing goals, according to Miss Maurine McNatt, home demonstration agent, and must exhibit a cup towel or scarf and a slip or pajamas which they have made.

The mothers of all the girls are invited.

TOP 4-H CLUB GIRLS IN STATE ANNOUNCED

The five highest awards Texas 4-H Club girls can earn go this year to Elisabeth Harrison, 18, Alvarado, Johnson county; Katherine Shaw, 16, Spring Creek, Parker county; Fay Croslin, 21, Howland, Lamar county; Jaunita Mills, 17, Arlington, Tarrant county; and Mildred Henrichs, 19, Wharton,

Wharton county; according to information furnished us by Miss Maurine McNatt, home demonstration agent.

Elizabeth Harrison, whose clothing work won her statewide recognition last year, will receive the Texas Home D. M. Association's college scholarship award.

Katherine Shaw and Fay Croslin will represent Texas 4-H club girls at the National 4-H encampment at Washington, D. C. in June. Willie Lee Ulrich of Burleson county and Joe Doyle of Lubbock county have already been announced as the Washington representatives of the Texas 4-H boys.

Mildred Henrichs and Jaunita Mills will receive the Texas State Fair college scholarship awards.

The selections were made by the Home Demonstration staff of the Texas A. & M. College Extension Service, according to Onah Jacks, state girls' club agent.

DIXIE H. D. CLUB MEETS WITH MRS. J. KNIGHT

The Dixie H. D. Club met in a called meeting with Mrs. J. Knight, April 13, 1939.

Dairy products were scored and plans made for the Dairy Show.

Visitors present: Mrs. Woods, Mrs. Guthrie and Mrs. Jodie Nichols.

New members: Mrs. Haygood, Mrs. Harvic and Mrs. Nash.

Members present: Mmes. A. L. Dunnagan, B. C. Aycox, Gulon Cobb, Buel Draper, and the hostess.

MIDWAY 4-H CLUB

"Each club girl should have her goals up to date so she may take part in the Slumber Party, Friday night, April 21", Mrs. R. L. Littlepage told the Midway 4-H club Monday, April 17, at her home at 9:00 a. m.

The club girls of Lynn county are to meet Friday night in the American Legion Hall to entertain each other and to have their garments graded by Miss McNatt. Each girl is to bring some food for breakfast and to have either a song or reading in mind to give if needed.

Mrs. Littlepage also gave a demonstration on "Home Made Chicken Equipment."

Members present were: Reba Phillips, Clara Faye Nordyke, Marcilene Stephens, Clara Lee Henry, Mary Louise McDonald, Mable Williams, Bessie and Mary Louise Rainey.

JOE BAILEY 4-H CLUB DISCUSSION OF POULTRY RAISING

"It is poor economy to over-crowd chicks," said Miss Maurine McNatt, home demonstration agent, at the regular meeting of the Joe Bailey

STATED MEETINGS of Tahoka Lodge No. 1041

the first Tuesday night in each month at 8:00. Members urged to attend. Visitors welcome.
H. A. Maasen, W. M.
V. F. Jones, Sec'y.

4-H club Tuesday, April 11, at 10:50 A.M. at the school building.

"Putting too many chickens under one stove or in one brooder house is the most common and yet most costly mistake that poultrymen make. This will cause a heavy death rate, and the pullets that are raised are weakened and do not make profitable layers."

Those present were: Oleta Durham, Peggy Creech, Bonnie Livesay, Ruby Rains, Ona Lee Warren, Eurrell Godwin, Evabelle Durham, Eyanelle Durham, and Juanita Kyle.

The next meeting will be on April 25 in the school building.

Mrs. H. O. Hargett, who was quite sick of the flu for two weeks or more, was again able to be up the first of the week.

How the *plus* of OIL-PLATING brings you more than an oil-change

YOU know right off that the fresh oil needed in your crankcase today, isn't to lubricate the crankcase. Either your oil is in the bearings and up to the cylinder head every turn of your engine, or your lubrication isn't 100%.

Now what's the chance for any of the general run of oils to stay up while you've parked the car, for instance? Just about as much chance as there is for a geyser to stay up all by itself! Then every time you start, don't pistons get up to the top before oil gets up from the crankcase? You kill that risk by changing now to OIL-PLATING.

The "magnetic action" of Conoco Germ Processed oil—patented—makes OIL-PLATING stay on inner engine surfaces throughout all your stops, starts and runs this Summer. Your Germ Processed oil keeps a steady hold on the "Full" mark, too, as you'll see—by changing today to Your Mileage Merchant. Continental Oil Company

CONOCO GERM PROCESSED OIL

200,000 Acres Of Plains Land Now Being Irrigated From 1,500 Wells

About 1,500 wells were pumped for irrigation in the Texas High Plains in 1938, and approximately 200,000 acres of land were irrigated from them, as compared to about 150 wells and 160,000 acres in 1937. This represents an increase during the year of about 30 per cent in the number of wells pumped and 25 per cent in the irrigated acreage. Most of the development is in the following fourteen counties: Hale, Floyd, Swisher, Deaf Smith, Castro, Bailey, Lamb, Lubbock, Hockley, Crosby, Briscoe, Farmer, Randall and Dallam. These and other related facts have been disclosed by a detailed investigation of the underground water in the High Plains, which has been made during the last two years and is still in progress as part of a survey of the ground-water resources of Texas by the State Board of Water Engineers in cooperation with the Federal Geological Survey.

These studies are supported by funds appropriated by the State Legislature and by allocations of Federal money to match these funds. The State and Federal contributions being equal during the fiscal year ending July 1, 1939. The full or part time of two to four geologists and engineers is being devoted to the High Plains work.

In addition to inventories of wells and pumpage, the investigation includes a study of the geologic features of the High Plains that are related to the occurrence of the ground water. The rise and fall of water levels is being observed in approximately 750 wells, which are measured monthly or at other regular intervals. Replenishments of the ground-water supplies and the natural discharge from the underground reservoirs are also being studied. Replenishment occurs by direct penetration of rainfall and by seepage from streams and depression ponds in the High Plains themselves; and the natural discharge occurs through springs and seeps, most of which are located at the eastern edge of the High Plains.

The investigation shows that irrigation from wells in this region was started about 30 years ago. In 1914 there were about 140 irrigation wells in the Texas High Plains, most of which were located in the vicinity of Plainview, Hereford, and Muleshoe. Well irrigation declined during the World War and was comparatively inactive immediately after the war, during the years of more than average rainfall. Interest was revived during the period of several dry years beginning with 1927, and by 1934 the number of irrigation wells had risen to about 300. The rate of development, which had been relatively slow to 1934, increased materially in 1935. It was accelerated to some extent in 1936 and became still more rapid in 1937, but the rate of increase declined in 1938.

The water table has declined materially in the areas where large withdrawals of ground water have been made. In parts of one of the heavily pumped districts the static water levels in wells have dropped an average of about seven feet

since 1914, and an average of about 3 1/2 feet since 1934. In parts of two other districts the loss since 1934 has averaged about two feet. In one large area embracing about 1,000 square miles in which 550 pumping plants were operated in 1938, there was an average net decline of eight-tenths of a foot between January-March 1938 and January-March 1939, as disclosed by periodic measurements on 125 observation wells. In various other areas of more recent and less intensive development there has been comparatively little change in static water levels, during the two years of the present investigation.

The investigation includes a study of the natural discharge of ground water. This occurs principally through springs and seeps, most of which are located under the cap rock along the eastern edge of the Plains. Springs and seeps issue in great numbers at the foot of the escarpment along the contact between the water-bearing High Plains sands and gravels and the underlying relatively impermeable Triassic rocks. Most of the springs are small but some of them have a flow ranging upward from 25 gallons a minute. The total discharge from springs and seeps in the 75-mile stretch of the cap rock between Double Mountain Fork of the Brazos River and Quitaque Creek amounts to about 12,000 gallons a minute, according to measurements and estimates made during the fall and winter of 1938 in connection with the investigation.

The localities in which these springs appear are among the most picturesque in Texas. Spring-fed waterfalls 10 to 25 feet in height are found very frequently. Canyons are carved in the Triassic and older rocks. Grottoes and caves lined with ferns and mosses are found, and shade is provided by cottonwood and other trees. These natural parks are destined to become the playground of the region, and steps have already been taken to develop some of them into State parks.

The chief purpose of the High Plains investigation is to obtain the facts regarding the extent and limitations of the underground water supplies and release the facts promptly to the public. A progress report summarizing the results of the investigation to June 1938 was published by the Texas State Board of Water Engineers on July 26, 1938. Approximately 500 copies of this report have been distributed to colleges, high school, and public libraries, chambers of commerce, and individual property owners in the High Plains. Additional copies will be sent on request made to the State Board of Water Engineers, 200 State Highway Building, Austin, Texas. A second progress report showing the results of the ground water and pumpage studies from June 1938 to April 1939 is to be released during the spring of 1939.

Norvell Redwine Is Located At Lubbock

Norvell Redwine of the Department of Public Safety was here on official business Wednesday. He is now stationed at Lubbock, having been transferred to that city from Pampa an April 1.

Norvell has been connected with this service since August 2, 1937, and evidently has made good. Prior to that time he was deputy sheriff here.

WEST TEXAS MUSEUM RECEIVES FOSSILS

Lubbock, Tex., April 20.—Thirty-five Pilsom and Yuma specimens found in an ice age lake bed near Dalhart have just been lent to West Texas Museum, situated on Texas Technological College campus. These form part of a collection which will be used as basis of a survey to determine distribution and density of Pilsom and Yuma type artifacts in Texas. Fragments of spear points and scrapers of quartzite and flint are included, according to Porter Montgomery, assistant custodian.

Part of the collection of Pilsom and Yuma material now on display at West Texas museum was sent recently to the symposium on early man at Philadelphia. Loan of 20 specimens of this type was recently made by A. R. Northcutt of Colorado.

EXCELLENT RATING GIVEN ROTC AT TECH COLLEGE

Lubbock, April 20.—Excellent rating for the Reserve Officers Training corps senior engineering unit at Texas Technological College was recommended by Col. E. A. Keyes, civilian components officer of the eight corps area, Fort Sam Houston. He inspected the unit, composed of 206 members April 12.

This is the third successive year for the Tech unit to receive excellent rating, an unusual record to Colonel Keyes. The Tech unit is commanded by Capt. Frank A. Pettit.

Annual Inspection Of Rural Routes

Second Ass't. Postmaster General, Washington, March 24, 1939.

The attention of postmasters at all post offices from which rural delivery routes are operated is directed to the requirement of section 970 of the Postal Laws and Regulations that postmasters, their assistants, or other competent employees shall make a trip of inspection over the rural routes each year in the month of May. The inspection trip should not be merely perfunctory. The postmaster or other person making the trip should give careful and special attention to every phase of the service covered by each item appearing on Form 4248. It will be noted that the official description of the route is to be carried on the trip. The blueprint of the service should also be carried and particular attention given the question as to whether the rural carrier is serving the route in exact accordance with the description and blueprint.

It is desired to impress upon postmasters the fact that the making of annual inspections of rural routes is a real responsibility and that if the inspections are properly made they should bring to light any conditions which need to be corrected in the interest of a more efficient and economical service.

Postmasters shall prepare reports in duplicate on Form 4248, submit the original to the Second Assistant Postmaster General, Division of Rural Mails, and retain the copy in the post office files.

Money Order

Several postmasters have reported to the Department that they send bland money-order applications to persons living on rural routes who forward remittances through the mail. The practice is approved by this Bureau, since by encouraging the sale of money orders it is possible to lessen the number of losses which occur when cash or stamps are enclosed in letters sent by ordinary mail. Time is saved also for the carrier if the patron has the money-order application already written when the carrier reaches the box.

It is suggested, therefore, that in each instance when a money order is issued on an application brought in by a rural carrier, postmasters enclose two or more blank applications in the money order or its receipt is returned to the patron in the manner prescribed by section 1529 of the Postal Laws and Regulations.

SUMMER BAND SCHOOL AT TECH OPENS JUNE 5

Lubbock, Tex., April 20.—Sixth annual band school at Texas Technological College opens June 5 and closes July 14. Director D. O. Wiley has announced. Fourteen band instructors will assist in conducting the three divisions of the school—college, graduate, and preparatory.

Planned primarily for band teachers, college students, and graduate students, the course also provides training for boys and girls below college classification who are interested in band work, Wiley said. Assisting Director Wiley are R. A. Dressche of San Antonio, director of intermediate band; Joe L. Haddon of San Angelo, director of junior band; and nine special instructors.

Guest conductors are Dr. A. A. Harding, director of the University of Illinois bands, who will work with the senior band July 10 to 14; and Col. Earl D. Irons, director of North Texas Agricultural College band at Arlington, who will be in residence June 26 to July 1.

METEORITE SENT TO WEST TEXAS MUSEUM

Lubbock, Tex., April 20.—An iron meteorite, found recently 20 miles north of Dalhart, has been sent by W. L. Jones to West Texas museum, situated on Texas Technological College campus. Several other types of meteorites have been found in the same region.

The meteorite, which weighs one and one-half pounds and measures about three and one-half inches in circumference, will be sent to Dr. Harvey H. Nininger, head of the American Meteorite laboratory at Denver, for classification and preparation for display.

MRS. TUNNELL ATTENDS O'DONNELL BANQUET

Mrs. Lenore M. Tunnell attended the Junior-Senior banquet in the O'Donnell high school building last Saturday night and responded to a call for a speech. Rev. J. H. Crawford, pastor of the O'Donnell Methodist Church, was the principal speaker of the occasion. Superintendent S. F. Johnson was the toastmaster.

Mrs. Tunnell says that the edibles were fine and abundant and that the whole affair was one of the most attractive she ever attended.

HARDY PREACHES AT EDITH

Rev. Ben Hardy, superannuated Tahoka Methodist minister, will preach at Edith school house Sunday night at 8 o'clock. Everyone is invited to attend the services.

day night at 8 o'clock. Everyone is invited to attend the services.

VIRGINIA SANFORD WEDS R. L. BAILEY

The marriage of Miss Virginia Sanford, daughter of Mr. and Mrs. Samuel W. Sanford of Tahoka, to Ralph L. Bailey, Jr., son of Ralph L. Bailey of Frederick, Okla., took place Saturday afternoon at 2 o'clock at the home of the bride's parents with Rev. G. E. Turrentine, Methodist minister, officiating.

The bride wore a gown of white starched lace with shoulder length veil of net and tiara of seed pearls. She carried a white prayer book. Her going away dress was of navy sheer with navy and white accessories.

The house was decorated with ferns, calla lilies and white tapers. A reception was held after the wedding for the following guests: Mrs. Lucille Sampson and Miss Maude Bailey of Lubbock; Dr. and Mrs. J. G. Hicks and daughter, Patty of Snyder; Mr. and Mrs. Jack Bailey of Brownfield; Mr. and Mrs. J. D. Brown of Midland; Mr. and Mrs. S. R. Simpson and daughter, Eleanor, and Miss Charlotte Barnett of Lamesa and Mr. and Mrs. Lawrence Sanford of Tahoka.

The table was laid with a white linen cloth and centered with an arrangement of sweetpeas and ferns. A tiered wedding cake was at one end.

After a short wedding trip the couple will be at home at Hotel Scharbauer in Midland. Mrs. Bailey, a graduate of Tahoka High School, attended college in Abilene. Mr. Bailey, graduate of Lubbock High school, is employed in Midland.

Harry Woods of the Edith community is reported to be doing pretty well this week. He has been confined to his bed several weeks, following a couple of light strokes.

METHODIST W. M. S. HAS GREAT MEETING AT PAMPA

Mrs. W. D. Smith Sr. attended the Methodist Women's Missionary Society of the Northwest Texas Conference which met in Pampa from Tuesday to Thursday of last week. Delegates from O'Donnell, Draw, and possibly other places in this county also attended. While there were only 200 delegates, approximately, Mrs. Smith says that there must have been at least a thousand women there, and they had a most inspiring meeting. Mrs. Smith has furnished us the following account of it.

"The Northwest Texas Annual Conference of the Methodist Women's Missionary Society met at Pampa on April 11-13. Eleven districts were represented. The Lubbock district has 37 Auxiliary Societies, Tahoka being in that district. Each Auxiliary is entitled to one delegate.

"Mrs. M. B. Hilburn, Lubbock, is our district secretary. She chartered a bus. Twenty-four ladies from the Lubbock district secured transportation. Three dollars paid the round trip from Lubbock. The bus was nice and clean. A very courteous driver was furnished, who looked after the needs of the passengers.

"All the 200 delegates were entertained in the best homes of Pampa. The best of woman speakers were there. No one could listen to them and not want to be a better Christian and do more for foreign missions.

"A Miss Naylor, who had served 26 years in India, made an appeal for aid that would touch any heart. She supervises a school there, has twenty-seven teachers, all Indians but three. The castes, which did exist, have been removed among the Christians. She has all classes in her school. The child marriages have also been abolished. They did

give their daughters in marriage at five years, now it is 14 years—which, to us, is revolting. She needs funds to carry on her work, also more nurses.

"Christian education was stressed. Mrs. Ellen Bourne of Nashville, Tennessee, made a very inspiring address.

"Miss Osa Sanders of the Canyon Teachers College, the Bible teacher there, also made a helpful talk, in her pleasing way.

"The devotionals were all interesting as well as spiritual. All who attended felt a spiritual uplift. We need more workers in our church.

"The next conference will meet at Plainview in 1950."

NAZARENE CHURCH NEWS

Hear them sing.—Don't forget to be at the church at 8:00 p. m. Friday night, April 21, to hear the quartet sing. Dr. A. K. Bracken, president of the Bethany Peniel College, Bethany, Oklahoma, with one of the college quartets, will be here to sing for us and Dr. Bracken will have something interesting to tell us about the college and their work there, so don't miss it.

A cordial invitation is extended and Sunday School any where, we invite you to be with us. Sunday School 10:00 a. m., preaching 11:00 a. m., N. Y. P. S. 7:30 p. m. and preaching service 8:00 p. m.

A cordial invitation is extended to everyone. Don't forget to-night at 8:00—Rev. Betty Ellis, pastor.

Mrs. Loyd R. McCormick, Mrs. A. J. Shadden and Mrs. P. W. Goad were recent visitors in the home of Mr. and Mrs. Joe Poindexter in Stanton and found them rejoicing over a 9 pound daughter who was born April 1. Mr. and Mrs. Poindexter and their two sons formerly lived at New Home. This, their first daughter, will be called Sandra Beth.

R. Bosworth and two daughters, Mrs. Deen Nowlin and Mrs. Ed Hawthorne, and the children are leaving today to visit relatives in Birmingham, Alexander City, and other points in Alabama. They expect to be gone about two weeks.

MR. AND MRS. THOMAS VISIT IN GALVESTON

Mr. and Mrs. C. A. Thomas left here in the snow early last week to visit their son Skiles, who is a student in the Medical branch of the University of Texas in Galveston.

On Tuesday of this week we had a card from them on one side of which is a gorgeous picture of Galveston azaleas in full bloom. They stated that they were having a nice time there and expected to attend the celebration of the battle of San Jacinto on the scene of the fight Friday, where stands the towering and graceful monument which commemorates the victory which won for Texas her independence.

CARD OF THANKS

We take this means of thanking our dear friends and neighbors for their kindness and faithful services, in caring for our dear sister and Aunt in her last illness. May God bless you all.

Mr. and Mrs. G. K. Smith and family
Mrs. Maud Donaldson
R. A. Carter
Mrs. H. J. Place.

CARD OF THANKS

We want to express our thanks to the friends and neighbors for every kindness shown us during the sickness and following the death of our darling little daughter. We are also grateful for the beautiful floral offerings and for every expression of sympathy. May God's blessings be on every one of you.—Mr. and Mrs. Charlie Terry.

Mrs. Grady Beard, the former Miss Ethel Kuykendall, was here from Portales, New Mexico, the first of the week visiting relatives. Mrs. Beard declared that she is coming back for the school homecoming. She was a member of the class of 1927. Mrs. Beard also ordered the News sent to her address for the ensuing year.

Electric Cookery is MATCHLESS

... in more ways than one

There are many extras—to be had only in electric cookery—that are worth many times their cost. Electricity is the world's cleanest cook. It is flameless—so there's no soot to blacken your pots and pans or smudge up your curtains and walls. You save a lot of scrubbing and scouring—and naturally you have less kitchen and house cleaning. As for the range itself—it's as easy to clean as a china plate! Cook electrically—and save yourself a lot of time, trouble and labor!

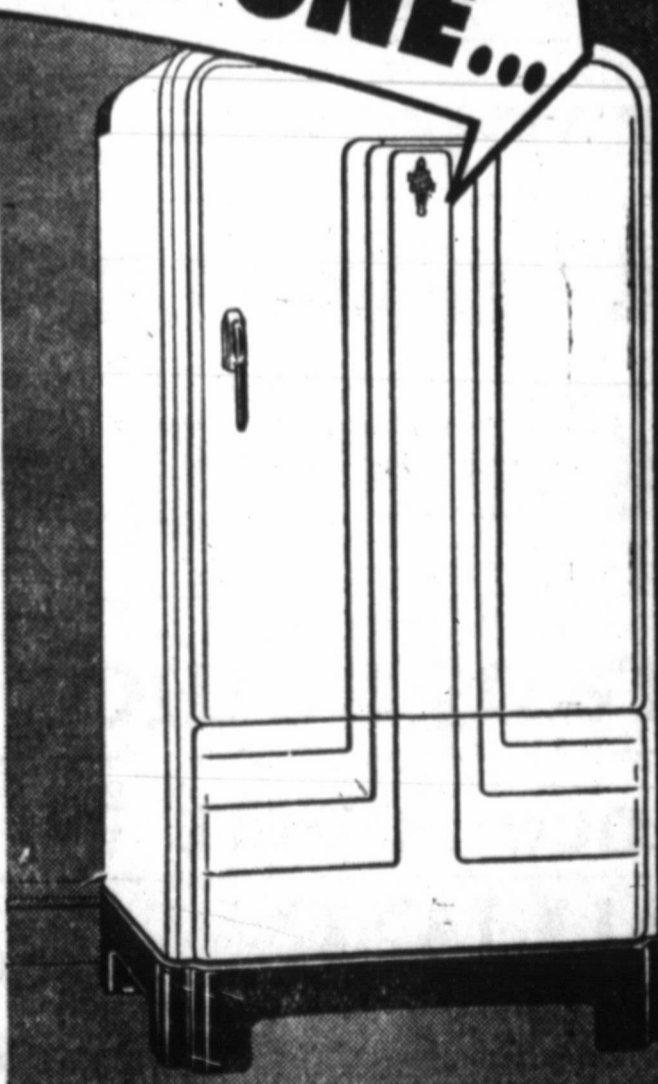

This \$23.95 set of Aluminum Ware is offered for your old range on the purchase of a new electric range. See this set and the new range today. This offer definitely expires April 29.

Texas-New Mexico Utilities Company

HERE'S THE ONE...

SERVEL ELECTROLUX SERVES SILENTLY IN MORE THAN A MILLION USERS' HOMES

Its freezing system has no moving parts to wear or make a noise!

This has many other important advantages, in addition to that of permanent silence. For instance, you get continued low operating cost, since "no moving parts" means no wear. This is one big saving.

But the biggest saving is on food itself... thru better protection, leftovers saved, the fact you can buy at quantity prices without risk of waste.

Whether you're buying your first automatic refrigerator, or replacing your present one, see the Servel Electrolux gas refrigerator today... and "Save More for More Years."

You get all these Big Advantages:

NO MOVING PARTS

in its freezing system... plus

- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- SAVINGS THAT PAY FOR IT

Red Cross Talk On Air Monday

Tom Garrard of the Local Red Cross Chapter announces that the address of Norman H. Davis, National Red Cross Chairman, before the eighteenth annual Red Cross convention on Monday, April 24, at 9:30 to 10:00 a. m., CST. will be broadcast over both the NBC and NBC networks.

The address of Cordell Hull on April 25, from 8:30 to 9:00 p. m., will also be broadcast over the Mutual Broadcasting system from coast to coast and will be carried by short wave to the countries of South America and Europe.

Well, we have had several kinds of weather since our report last week, high winds and dust storms, unseasonably cool weather with ice one or two mornings, a dash of rain and hail two nights, and one or two quiet, balmy days. A good warm rain followed by a lot of balmy weather would be welcomed by all.

Mr. and Mrs. Fred Bucy and daughter and Mr. and Mrs. W. S. Swan drove up to Conchas Dam, New Mexico, Saturday for a visit with Mr. and Mrs. A. B. Swan and little son, Robert Buford. Mr. Swan and the Bucys returned to Tahoka Sunday afternoon but Mrs. Swan remained for a longer visit.

FOR SALE—Good registered Hereford bulls.—Mrs. Linnie R. Garrard. 36-2tc.

FOR SALE—1934 model Chevrolet truck and a 1936 V-8 Ford Sedan; cheap.—A. F. Kelly at Store 6 miles east of Tahoka. 35-2tp.

FOR SALE—100 bushels of Acala cotton seed, California registered, run one year; 250 bushels of Watson & Bryant, run one year. Call at Edwards Blacksmith Shop. 35-1tc.

FOR SALE—Macha storm-proof improved half-and-half cotton seed at 1.25 per bushel.—H. A. Macha, one mile north and one mile west of Dixie. 35-tfc.

Oscar Roberts At Angelo Meeting

Oscar Roberts, a member of the local Boy Scout committee and local camp chairman, attended a Boy Scout Camping School at San Angelo last week end.

The school was designed to serve this entire West Texas section and scout representatives were there from all the western part of the state. There were seventeen present, he reports, from the South Plains area council.

The school began Friday and closed Saturday night. Mr. Roberts says that the lectures were fine and he received much information and instruction which he thinks will be of much benefit to local scouts.

TAHOKA ATTENDS O'DONNELL MEETING

(Continued from Page 1)
seven charter members. It was sponsored by the Tahoka Club, and County Attorney Rollin McCord was the special representative of the district governor in promoting and effecting its organization.

Besides District Governor Estes, past District Governors Fred Wemple of Midland and Edd McLaughlin of Falls were present and made addresses. Col. Jay Slaughter of Post regaled the crowd for some time with humorous jokes and stories told at the expense in some instances of prominent Rotarians.

Other speakers included James I. Kilpatrick of Lubbock, V. Z. Rogers of Lamesa, John W. Hood of Slattion, Gilbert Gollehon of Post, Jess Hall of Seagraves, and Rev. John W. Hendrix of Brownfield.

Helen Belle Pemberton of Tahoka gave a cute reading, and a trio consisting of Miss Pemberton, D. F. Reddell, and W. H. Fulkerson Jr., sang an appropriate selection. The banquet was preceded by a musical concert given by the Tahoka high school band under the direction of Band Director J. A. Felts.

On behalf of the Tahoka club, Wynne Collier presented to the new club a Rotary bell, and the Post club presented a gavel, while V. Z. Rogers, representing the Lamesa club, gave to each member a Rotary pin.

The charter number of the new club is 5,002, that being the number of clubs that have been organized, and the present membership throughout the nations of the world is now about 5,000. About 100 persons were present at the O'Donnell meet.

ENORMOUS LOSS IN COUNTY SCHOLASTICS

(Cont'd. from page 1)
which includes New Home, Joe Stokes, Petty, and Lakeview, the number of scholastics has fallen off from 547 last year to 389 this year, a decrease of 158, or approximately 29 percent.

The Wilson-Morgan district is the only one for which exact figures for this year were not available, but it was stated that the number of scholastics had fallen below 400, whereas the number last year was 484.

At Wells, the decrease is more than 32 percent; at Dixie almost 32 percent, at New Lynn almost 41 percent, and at Midway 29 percent. In other districts the decrease was not so heavy. There is a decrease of only 13 at O'Donnell and 21 at Tahoka.

Below we give the figures for the two years. Magnolia and Pride are not given for the reason that their scholastics are now enumerated in Garza and Dawson counties respectively.

	1938	1939
Tahoka	723	702
O'Donnell	469	456
Wilson-Morgan	484	400
High School Dist. No. 2 (New Home)	547	389
High School Dist. No. 1 (Draw-Redwine)	244	220
New Lynn	181	107
Wells	137	93
Newmoore	127	105
Grassland	109	108
Dixie	107	72
Joe Bailey	97	74
T-Bar	84	59
Midway	93	56
Edith	62	68
West Point	62	56
Gordon	57	62
Three Lakes	37	30
TOTAL	3620	3067

Mrs. Tunnell attributed this alarming decrease in the scholastic population to two chief causes: first to the abnormal number of cotton pickers who were in the county in March of last year who have since departed for other sections of the state; and second, to the constant increase of tractor farming and the Government farm program.

Young Demos. Are Organized

A "Young Democrats" organization was effected here Saturday, the meeting being held in the county court room at 2 o'clock in the afternoon, with Happy Smith presiding.

Miss Hattie Server was elected permanent chairman and Mrs. Lois Daniel, secretary. Vice-presidents are Walter Mathis and Fred McGinty.

A membership committee was appointed consisting of Carl D. Griffing, Mrs. W. S. Taylor, Mrs. Lenore M. Tunnell, and Miss Rosemary Nelms.

Happy Smith was elected as a delegate to a regional meeting to be held in Amarillo on San Jacinto Day, April 21, with Mrs. Tunnell as alternate.

Mrs. J. W. Elliott gave a report of the activities of the state organization of Young Democrats during the past year and outlined a program of work for the coming year.

Members entering into the organization were: Mrs. Lois Daniel, Mrs. Harley Henderson, Mrs. W. S. Taylor, Mrs. Lenore M. Tunnell, Mrs. J. W. Elliott, Miss Hattie Server, Miss Rosemary Nelms, Judge P. W. Goad and Messrs Happy

Nat Williams Heads Ballinger School

Friends here will be interested in the news item which appeared in the press this week to the effect that Nat Williams had been elected superintendent of the Ballinger schools for the ensuing year.

Mr. Williams was principal of the high school here for two years back in the late twenties. Upon leaving here in 1929 he was elected superintendent at Cross Plains, where he remained until 1937. For the past two years he has been superintendent at Baird.

Smith, Walter Mathis, Carl D. Griffing, Winter Knight, and Fred McGinty.

Two striking features of the meeting last Saturday may be noted: first, the extreme youthfulness of the gentleman who presided, one Happy Smith; and second, the fact that the women walked off with all the important offices, including that of permanent chairman and secretary. Two men, however, were honored with the office of vice-president, an office which is usually regarded as merely ornamental.

The next meeting will be held in the court house on April 29 at 2 p. m. All Young Democrats of both sexes are cordially invited to join.

NEW HOME GIRLS HAVE STYLE SHOW

The members of the Homemakers Class of the New Home High School staged a style show in the New Home high school building Tuesday night under the direction of Mrs. Pace, the teacher.

Winners were: Doris Shadden, first; Leta Turner, second; and Suddie Korneyay, third.

The judges were Mrs. Ross of Wilson, Mrs. Hegl of Tahoka, and Miss Sims of Dixie.

Entries in the contest were: Gertrude Pinkerd, Nell Shadden, Leta Turner, Daphne Mears, Martha Robinson, Katherine Crump, Thelma Ruth Strain, Jennie May McClure, Mildred Benson, Dorothy Belle Ganaway, Freddie Smith, Ethel Kyser, Mildred Miller, Velma Lee McManis, Helen Kyser, and Doris Shadden.

"Soapy" Miller played the piano during the show. Little Billy Charles Rogers made the opening speech, Wanda Warrick sang a solo, and Bobby Jean McCormick gave a reading, "It Takes a Heap o' Livin' in a House to Make a Home".

A large crowd enjoyed the show and the program.

H. B. McCord and Sam Holland made a business trip to Amarillo last Thursday and Friday.
