Cotton Compress Definitely Is Assured

800 At Annual Farmers Co-op. Meeting Here

All-Day Program Presented Farmers; Dinner Served At Noon Hour

Approximately 800 persons attended the luncheon of the Farmers' Cooperative Association given in the new office of the association here Tuesday, and hundreds of them heard the program of music and addresses that was given during the day.

For the luncheon, 1,800 sandwiches had been prepared and 800 bottles of soda pop provided, together with coffee, rolls, potato chips, slaw, etc. While there was a sufficiency for all, there was little left when the luncheon was over.

The Tahoka High School Band rendered a concert which was much enjoyed. As a special entertainment feature, the Sunshine Quartette, colored, gave a number of vocal selections.

There was quite a lengthy program of addresses.

Local speakers were R. C. Wood and H. P. Caviness, both of which were greatly enjoyed. Mr. Caviness in particular is said to have made a fine address.

Out-of-town speakers included Dan Wadley of Amarillo, representative of the Mid-Continent Oil Corporation; C. C. Jones Jr. of Wichita Falls, representative of the Col-Tex Refining Company; Wallace Lathan of Plainview, manager of the Plains Cooperative Creamery; R. Hobgood of Amarillo, manager of the Consumers Cooperative, Associated; Frank Campbell of Lubbock, manager of the Co-op. Mill; and B. B. Williams of Lubbock, insurance representative.

At a business meeting, G. L. Cobb, G. W. Hickerson, and D. L. Short were re-elected as members of the board of directors. A dividend was declared and was paid to the stockholders in cash or in stock.

B. J. Emanuel is president of the Association and presided throughout the day.

Claude Donaldson is manager, and to him is due great credit for the success of the occasion. The attendance is said to have been the largest in the history of the association, and the program was informative and profitable to the members. School week.

Max Minor Wins Regional Contest

In the Regional Interscholastic League contests held at Canyon last Saturday, Max Minor of Tahoka won three places, and will therefore participate in the state contests to be held in Austin soon.

Max won first place in 100-yard dash, fourth place in the 100-yard dash, and fourth place in the 220-yard dash. A Claude boy won first place in each of the last two events. Max says he out-ran the Claude contestant in the preliminaries but was not quite able to make the grade in the finals. He attributes his partial defeat to the fact that he participated in so many contests.

Young Demos. Meet Saturday

The Young Democrats of Lynn county will have another meeting at the courthouse here Saturday afternoon at 2 o'clock, according to Mrs. J. W. Elliott, one of the promoters of the organization.

Mrs. Elliott states that former representative Doyle Settle and Mr. Hazelwood are to be present and make addresses. She urges that all young Democrats in the county be present. Important matters will probably be considered at this meeting.

Shelton Is Home Town Speaker

Travis Shelton, Tahoka high school senior, will represent this city in the "My Home Town" speech contest at the annual convention of the West Texas Chamber of Commerce in Abilene May 15, 16, and 17. Supt. W. T. Hanes announced Wednesday.

Shelton was the high school senior boy declaimer in the recent Interscholastic League contests.

Hon. Tom Garrard had been asked by West Texas Chamber of Commerce officials to see that a Home Town Speaker was named.

FFA Boys Will Meet In City

The Tahoka High School Agriculture boys plan to entertain a large group of F. F. A. boys from the schools of the Meadow district here on Saturday, April 29, who will participate in contests in news writing, chapter conducting, public speech, one-act plays, and debate.

The Tahoka Aggies will participate in the news writing and chapter conducting contests.

The Tahoka F. F. A. Chapter met Wednesday, April 12, and organized a breeders' Co-op. They elected Lester Adams, president; Junior Sanders, secretary; and Douglas Henderson, treasurer. The membership is limited to the boys in the Tahoka F. F. A. Chapter of the school term of 1938-39 or thereafter, boys who have a good brood sow or who have definite plans to buy one.

The members plan to buy a Berkshire sire for the Co-op. They plan to have the sire ready for service by July or August. The members will receive free service, or service at practically no cost, after the sire is paid for, but all others will pay \$1.75 for the services of the sire. The boys think that this is a profitable plan both as a financial proposition and as a means of developing the qualities of working together.

Spring Football Training Ends

Spring football practice came to a climax Tuesday night when this year's senior members of the squad defeated next year's squad one touchdown.

Coach Bob Harlow and assistant, V. D. Armstrong, have had about thirty-five boys in training the past few weeks, and indications are that Tahoka will have a scrappy ball team when the season opens next fall. The boys have been showing up well, and more than usual interest being manifested among the team aspirants.

Steps have been taken to level and turtle-back the football field in the immediate future, and plant Bermuda grass thereon in order to have a better playing field and as further insurance against injuries.

Garlynn School Has Celebration

County Superintendent Mrs. Lenora Tunnell and Mr. and Mrs. A. M. Cade attended a San Jacinto Day celebration at the Gar-Lynn School last Friday.

The parents and pupils of both the Magnolia and Gar-Lynn communities were present and a big barbecue dinner was served at the noon hour.

Addresses were made by Mrs. Tunnell, Mr. Cade, and County Superintendent Dean Robinson of Post. Mr. Hayes Holman, superintendent of the Post schools, was also present.

Magnolia and Gar-Lynn now constitute a consolidated district, and the high school pupils are transported to Post.

Tahoka Ex-Students Banquet Is Tonight

The association of Ex-Students of the Tahoka High School will bring to a close tonight the activities of the week with a program and banquet in the gymnasium-auditorium of the grade school building.

This will be the climax of the week of activities which the association has staged. Not only will practically all local ex-students be in attendance, but many ex-students and a number of ex-teachers residing elsewhere will participate in the festivities. Some of them are already here and others are expected during the day. Some are coming from a considerable distance.

It is hoped that every year since the school started in 1903 will be represented by one or more students and by at least one teacher. Of course the latter years will be represented by many ex-students. The senior class of the high school this year will be honored guests at the association.

Claude Donaldson, president of the association, says he expects an attendance of about 200.

Dr. Fred Haney Is Hospital Head

Fred Haney, now Dr. Fred Haney, who several years ago was employed in the drug store of his brother, L. C. Haney, has recently been appointed chief resident physician and surgeon of the new City-County Hospital just completed in Port Worth.

Dr. Haney will be in charge of the institution and will have eight other doctors under him. There will also be a number of visiting doctors who will not be under his supervision. The new institution will have 185 beds and will be completely and modernly equipped. It will be opened for service some time in May.

Fred has been on the staff of the old County-City Hospital for the past year and just recently was promoted to the position of chief physician and surgeon for the new institution. He received his Medical degree from Tulane University, New Orleans, and has been practicing little more than a year.

His many Tahoka friends have been congratulating him upon his immediate recognition by the Medical profession as a successful practitioner. He visited here a few days last week and this.

Grocers Closing At 7 p. m. Daily

All the grocery merchants of Tahoka situated in the main business section of the town have entered into an agreement to close their stores each evening at 7 o'clock, except on Saturdays, through the summer months, beginning next Monday, May 1.

Signers to the agreement are Kirk Pitts, A. L. Smith, J. B. McPherson, T. M. Carter, Roy Young, W. T. Kidwell, and E. H. Bouillon.

Junior Play Is Monday Night

"The Dust of the Earth" is the title of a comedy drama which will be presented by members of the Junior Class of Tahoka High School in the auditorium Monday night at 8 p. m.

The play is a good one, and the characters are well drilled in their parts, school officials say. The director is V. D. Armstrong, class sponsor.

Pay up your subscription to The Lynn County News now!

Garrard Is New Mail Carrier

T. T. Garrard has been appointed mail carrier for rural route No. 5 and began work on the job Monday morning.

W. P. Pitts was the former carrier on this route but was transferred to Gordon a few months ago. Since that time his substitute, Levi Noble, has been serving. Mail goes out on this route only three days each week, Monday, Wednesday, and Friday.

Jess Gurley is working temporarily as clerk in the post office, in the position vacated by Mr. Garrard.

Band Concerts On Court Lawn

Beginning next Monday evening at about 7:30 o'clock, a band concert by the Tahoka High School band will be given on the court-house lawn each Monday evening until the close of school as a matter of practice for the band and of entertainment for the public, according to Superintendent W. T. Hanes.

The Tahoka high school band is in its first year. With J. H. Felts as director, it was organized soon after the beginning of the current school term, and all agree that it has made wonderful progress. It can now make a creditable showing on any occasion. It consists of about forty-seven members.

The uniforms purchased a few months ago are unusually attractive and lend grace and dignity to the body.

The people of Tahoka and surrounding territory are invited to assemble on the courthouse lawn or on the public square next Monday evening at about 7:30 and enjoy the concert, as well as each Monday evening thereafter until the close of school.

New Grocery Opens Saturday

T. M. Carter, formerly of Abilene, is preparing to open a new grocery store here Saturday in the Wells building at the southwest corner of the square. Mr. Carter was formerly in business in Abilene.

The store has been redecorated throughout on the inside. The fixtures have been installed and a big stock of groceries is being placed on the shelves. His sales force to start with consist of himself, Durrell Hudson, Jim Vandyske, and Amos Whitaker. The latter will have charge of the market.

Mr. Carter will also open a cream and produce business in the same building at the rear of the grocery store.

Mr. and Mrs. Carter are occupying the Ben King residence.

Extension Men Will Speak Here

Mr. Hanes of the Vocational Department of the Extension Service of the Texas A. & M. College will be the principal speaker at the meeting of the Lynn County Farmers Association at the courthouse here on Thursday, May 11, according to Happy Smith, a member of the organization.

Mr. Smith urges that all farmers and the business men of Lynn county attend this meeting, as he thinks that they will derive much helpful information therefrom. The women are also urged to attend.

The meeting is scheduled to open at 2 o'clock in the afternoon, May 11.

W. E. (Happy) Smith, Bascomb McCord, Rollin McCord, and Carlisle Edwards attended a meeting of the Masonic lodge in Brownfield Tuesday night.

Machinery Here, Sidetracks Are Being Laid

Arch Underwood Will Build Modern Compress At Stockyard Site

Work on Compress Preliminary work on the construction of a compress in Tahoka is now being done.

G. E. White on Tuesday of last week began excavation work preparatory to laying a railway track alongside the compress soon to be constructed. This work is now almost completed. When this is done, a crew of railway construction workers will begin laying the track. J. L. Hware, local Santa Fe agent, states that it will require about one week to do this work.

While Arch Underwood, who will construct the compress, is not here at this time and could not be seen for an interview, it is the understanding that work on the compress itself will begin as soon as the preliminary work is completed.

Much of the material and machinery are already on the grounds, including the boiler and brick for the construction of the furnace, and much of the other machinery.

Mr. Underwood has repeatedly stated that the compress will be of similar size and capacity of other compresses in this section of the state and elsewhere. While the equipment has been used before, it is all practically as good as new. The plant is being moved here from Celeste, Hunt county, where there has been little demand for a compress the past few years.

The site for the compress is ideal. It is situated on the site of the stock pens near the Santa Fe tracks just north of the gin district. The stock pens just recently have been torn down to make room for the compress. A smaller pen has been erected near-by. Large pens are not now needed as formerly, since most stock are now shipped by truck.

It is said that the Underwood cotton warehouse near the cemetery will be torn down and moved to the new compress site.

Arch Underwood, formerly a resident of Athens, has recently moved to Lubbock. He owns a string of compresses in Texas, is a director of Southwestern Life Insurance Co., and is considered one of the state's leading business men.

Situated in the center of a rich cotton-producing area, it is believed that the new compress will do a big business and it will afford labor for quite a number of men.

Much Building Is Under Way

With the starting of several new projects the past few days, Tahoka now is the scene of more building activity than in many months.

The cotton compress is the biggest single construction project. Other large buildings include the Harris Funeral Home, and the office, service station and warehouse at the Farmers Co-op. gin. The two new rock service stations of Douglas Finley's are nearing completion. Other business houses are making minor repairs and improvements.

Among the residences under construction are those of H. P. Caviness, B. L. Parker, Rollin McCord, and Mrs. S. N. McDaniel, all of which will add to the beauty of the town. Also, there are several smaller residences being built, and many are painting and repairing.

Several other citizens are making plans for new homes, building contractors say.

Mrs. S. N. McDaniel is building a nice duplex residence on her property just west of her home. A part of the Max Tourist Camp was torn away several weeks ago to make room for the new building.

New York City Brushes Up for Fair of Century

NEW YORK—While the New York World's Fair 1939 speeds toward its opening on April 30, the city is preparing to receive 15,000,000 guests.

Grover A. Whalen

The Fair will be the greatest party this town has ever thrown. Thousands of workmen, artists and technicians are now engaged in finishing-up the vast spectacle and large crews are at work on Manhattan Island, grooming hotels, apartment houses, theatres, and public buildings for the date when The World of Tomorrow will steal the show from The City of Today.

"Going to the Fair" this year will mean two shows for the price of one so far as the out-of-town visitor is concerned. New York's Broadway, amusement center of the nation, will not rival, but will supplement entertainments at the Fair.

Extending in a broad arc beyond the New York State Marine Amphitheatre and along the eastern shore of Fountain Lake is the 280-acre Amusement area where gaiety will rule.

Million Dollar Show

At the amphitheatre, Billy Rose, Broadway's master showman, will present Eleanor Holm in his \$1,000,000 extravaganza in which 300 dancing and swimming girls will take part. A curtain of water will shield the stage from the audience between the acts. The theatre will seat 10,000 persons.

Rides and thrillers take up one sec-

Bull at the Fair

NEW YORK—One of the most striking sculptures at the New York World's Fair 1939 is pictured above. It represents Europa riding Jupiter, the white swimming bull. The sculptor was Gleb Derujinsky.

tion of the Amusement Area; games of every kind another, while still another section will hold exotic villages.

In the Cuban village, covering three acres, the atmosphere of Havana's cafes will be recaptured. Here the rumba and danzon will be danced to native orchestras and arroz con pollo will be on the menu.

In Merrie England visitors will watch Elizabethan games on the village green, eat ample slices of roast beef and walk the streets of Old London.

Old New York will be another village. Here the Bowery of the mauve decade will live again.

Admiral Richard Byrd's "Penguin Island" and "Sun Valley," a winter wonderland with a daily blizzard will bring a dash of frosty fun to the scene.

Thrills for the Kids

It is estimated that 2,000,000 children between the ages of 3 and 14 will visit the \$1,000,000 Children's World. Admission to this zone will be free, although modest charges will be made for special entertainments including the diminutive restaurant.

In the "thrill section" will be found a parachute leap where visitors will experience all the excitement of "bailing out" without risking broken bones. An automatic, "fool-proof" mechanism will release the 'chutes in such a manner that folding up will be impossible. The landing will be gentle. While this is one of the latest hair-raisers, the play center will be replete with coasters, wheels and rides of all varieties.

And to quote Grover A. Whalen, President of the Fair Corporation: "The World of Tomorrow" exposition will display the marvels of science, industry and art, and at the same time provide fun and gaiety for everyone."

See "The Dust of the Earth," Junior Class Play, at High School Monday night. 37-11c.

Ex-Students At Rotary Luncheon

Tahoka High School gave a snappy program at the Rotary Club Thursday.

That "Bushy-locked" ex-student, Happy Smith, had charge.

Mrs. J. W. Elliott, affectionately known by early students in the Tahoka school as "Miss Minnie," was the principal speaker on the program. Her witticisms directed at the three or four of her former pupils who were present, kept the big crowd laughing most of the time. The objects of her thrusts were the Rotary president, one Ray Weathers, the presiding officer, "Old Hap," the brilliant and well-behaved little fellow, Claude Donaldson, and the finest member of the class, Mrs. Nettie Wells Edwards.

Speaking seriously, she painted a vivid picture of the handicaps under which teachers labored in those pioneer days, paid a tribute to the teachers of that era, and declared her undying devotion to Lynn county.

Following her talk, "Fesser" J. B. Walker was called upon and he responded most happily. He was the principal of the school here in 1905 when "Miss Minnie" was the assistant. He related an amusing

incident in which Emmet Fleming figured as one of his pupils, Emmet being present. He painted a picture of the general aspect of the South Plains when he climbed the caprock in a buggy in 1905, and called attention to the wonderful progress that had been made since then.

At the beginning of the program, D. F. Reddell and Travis Shelton sang a duet, with Mrs. M. H. Edwards at the piano.

Among the out-of-town visitors present was Superintendent M. L. H. Baze of Brownfield, former superintendent of the Tahoka schools.

Mrs. Dale Morrison, director of the extension department of McMurry College, was a guest in the home of Mrs. G. M. Stewart on Wednesday and Thursday of last week.

Mr. and Mrs. George Oates and the latter's sister, Miss Mary Ruth Clark, of Rochester visited Vernon Lane and family here Sunday and their friend, W. T. Kidwell.

Mrs. N. M. Wyatt, who is still in a Lubbock sanitarium following a serious operation ten days ago, is reported to be improving gradually.

Mrs. Jane Minor and Miss Echo Milliken of Jane's Beauty Shop attended the Beauticians' trade show in Lubbock the first of this week.

DEEN NOWLIN APPOINTED DIRECTOR OF OIL ASS'N.

Deen Nowlin of this city has been appointed a member of the board of directors of the newly organized North Permian Oil & Gas Development Association. Ralph Oberholzer of Seagraves is president and A. B. Davis of Lubbock is secretary.

The organization was effected recently as a means of promoting and protecting oil interests of the South Plains and contiguous territory. A number of the cities and towns in this section of the state have representatives on the board of directors.

W. I. McNeely and wife and two children left Monday for Hobbs, New Mexico, where Mr. McNeely has accepted a position with an ice plant.

W. T. Kidwell made a trip down to Rochester, Haskell county, Wednesday afternoon, and he says he found it exceedingly dry down there. No crops planted yet.

Truett Holloway, who has been with Mack's Food Store at Seagraves again is working in the Tahoka store.

Dorothy Kidwell, sister of W. T. Kidwell, of Rochester, has been employed in Minnie's Beauty Shop as an operator.

MANY CLUB GIRLS AT SLUMBER PARTY

Ninety-four 4-H club girls coming from nine of the eleven 4-H clubs in the county, attended by fifteen sponsors and mothers, participated in the slumber party at the American Legion Hall here last Friday night.

The party began with the serving of a picnic lunch on the lawn at seven o'clock in the evening. Then the girls attended a show, following which they returned to the hall, where they enjoyed games and a program of readings, songs, piano selections, etc. Each club was responsible for at least two numbers on the program. At 2 a. m. a "Midnight lunch" was served, after which the girls retired and slept till morning.

O'Donnell sent the largest delegation, 24 of their 40 members, together with three mothers being present. West Point and Petty were each 100 percent in attendance but the membership in these clubs is not nearly as large as that in the O'Donnell and some other clubs. Unfortunately two of the clubs were not represented. At New Lynn, there was a school play in which some of the club girls had parts and hence they could not be present, and for some good reason the Joe Bailey girls also were absent. A play at Draw kept some of the girls of that club at home.

The clubs with the number present together with their sponsors is given by Miss McNatt as follows: Wells, 11 present, Mrs. Virgil Bolch, sponsor; Midway, 8 present, Mrs. R. L. Littlepage, sponsor; West Point, 15 present, Miss Altha Wayne Jennings, sponsor; New Home, 9 present, Mrs. Lou Weyrick, sponsor; Petty, 9 present, Mrs. J. W. Lowrey, sponsor; T-Bar, 6 present, Mrs. H. F. Lindley, sponsor; Grassland, 7 present, Miss Pauline Travis, sponsor; Draw, 5 present, Miss Emily Waller, sponsor; O'Donnell, 24 present, Mrs. C. J. Beach, sponsor.

Mrs. S. U. Durham is the sponsor of the Joe Bailey club and Mrs. R. W. Barton of the New Lynn club, whose members were not able to attend.

Miss McNatt had much praise for the program which the girls rendered and says that the party was a most successful affair in every particular.

FIFTH SUNDAY AT PRESBYTERIAN CHURCH

A very good man once said to his neighbor, "I would much prefer belonging to a small church, because then I don't have to go to church every Sunday."

The times are about to interfere with this man's restful state. For all live churches want, and are building toward, full-time service. And, always, the Lord wants full-time Christians.

Our Tahoka Presbyterian Church is a full-time church. Sunday School every Sunday, and religion among the folks all the time. It doesn't require a thousand members in a church to worship and serve God acceptably. "Where two or three are met together in my name, there am I in the midst of them."

We give our Fifth Sundays to Tahoka, and always glad to get there on this day. Be at Sunday School next Sunday, and our preaching service at 11 a. m. Tell others, pray for Kingdom interest, and come. Everybody cordially invited.—W. K. Johnston, Minister.

T-BAR CLUB GIRLS IN MEETING THURSDAY

"In checking over the club girls' sleeping garments and cup towels, I find that most of them were nicely and neatly made," said Mrs. Lindley, the sponsor, at the meeting of the club last Thursday.

The recreation committee, Pauline McMillan and Verna Jo Johnson, selected a song and two games for the slumber party.

The members present were Maxine Lindly, Ilene McMillan, Verna Jo Johnson, Caille Paye McMillan, Ima Jean Maness, Pauline McMillan, Ollie Lee McMillan, and Mina Rhea Waldrip.—Reporter.

AMERICAN LEGION AND AUXILIARY HAVE '42' PARTY

With Mrs. H. L. Roddy and Sam Holland acting as hostesses, the Legion Auxiliary entertained the members of the American Legion Tuesday night with a "42" party. Ice cream and cake were served.

This being the regular meeting night of the American Legion, a business session was held, at which delegates were elected to the district meeting to be held at Plainview, as follows: Sam Holland, Jim Dye, A. M. Cade, J. B. Oliver; alternates: R. R. Luttrell, H. O. Hargett, and Tom Hale.

A memorial committee also was appointed, consisting of Sam Holland, G. M. Reid, and A. O. Conley.

THREE LAKES H. D. CLUB

The last meeting of the Three Lakes home demonstration club was with Mrs. John Kirkwood.

Mrs. Kirkwood gave a very interesting demonstration on fancy quick breads.

There were two visitors and six members present. The visitors were Mmes. T. R. Parks and Fay Montgomery.

Members present: Mmes. C. F. Galven, G. W. Hickerson, Jarrel Cox, John Kirkwood, T. Ellis, and Oran Hickerson.

The next meeting will be with Mrs. Fred McGinty on May 4.

JUNIOR-SENIOR BANQUET AT DRAW TONIGHT

The Junior-Senior Banquet of High School District No. 1 will be held at the high school building at Draw tonight, according to County Superintendent Mrs. L. L. Moore M. Tunneil.

High School No. 1 is composed of the former Draw and Redwine school districts.

Mr. and Mrs. C. C. Stephens are the parents of a fine little six and one-fourth pound girl, born Tuesday night, Dr. Chase Thompson reports.

Headache, Bad Breath Tell of More to Come

Just as Paul Revere's famous ride warned of the Redcoats' coming, so Nature's messengers—headaches, biliousness, bad breath—often warn of faulty elimination.

Neglecting these signs may cause a host of constipation's discomforts: sour stomach, belching; no appetite or energy; mental dullness.

It's so easy to wake up your lazy insides. Just take spicy, all vegetable BLACK-DRAUGHT. Its unusual help comes from its principal ingredient—an intestinal tonic-laxative which imparts tone to lazy bowel muscles.

Millions of packages used testify to BLACK-DRAUGHT'S merit. Try it.

BOOK REVIEW NETS CLUB \$25.00

The Phoebe K. Warner Club presented Mrs. Dale Morrison, director of the extension department of McMurry College, at the high school auditorium on Thursday, April 27, in a review of "Royal Regiment" by Gilbert Frankau.

The proceeds, about \$25.00, will be used for band uniforms.

The **SERVEL** ELECTROLUX Gas Refrigerator

IT'S PERMANENTLY SILENT because it has no moving parts in its freezing system

Since the Servel Electrolux refrigerator operates on gas, a single burner takes the place of moving, wearing parts... a tiny flame circulates the refrigerant, without wear or noise.

These are important advantages in themselves, but equally important are the other results that you get in refrigeration freezing without moving parts... the fact that the low operating cost is never increased, that Servel gives you more years of service, and actually can save enough in food alone to pay for itself.

Ask your friends and neighbors who own Servels what they think of gas refrigeration... then, before you decide on any make, get all the facts about Servel Electrolux "the gas refrigerator you hear about but never hear!"

YOU GET these advantages:

- ▶ NO MOVING PARTS in its freezing system
- ▶ PERMANENT SILENCE
- ▶ CONTINUED LOW OPERATING COST
- ▶ MORE YEARS OF DEPENDABLE SERVICE
- ▶ SAVINGS THAT PAY FOR IT

CLASS LEGISLATION

"Equal rights to all and special
privileges to none" used to be the
war-cry of the Democratic party. It
was more than that; it was one of
the very foundation stones of the
party.

Now, it seems, the party has
thrown that old stone into the
river. The Democratic party in
state and nation is trying to legis-
late special privileges to everybody.

One striking example in this state
was the passage a couple of years
ago of what is known as the Dental
bill. Many of us thought this bill
would be declared unconstitutional.
We felt that it was in violation of
that provision in our state and
federal constitutions which guaran-
tees freedom of the press. We knew
that it was violative of the time-
honored principles of government
as enunciated by the Democratic
party.

But powerful pressure was
brought to bear upon the legisla-
ture and the bill was passed. There
is no denying the fact that it was
ingeniously framed, so ingeniously
that the courts sustained its con-
stitutionality.

But what has followed?
This year there have been in-
troduced into the legislature at
least three bills, not to mention the
pension bills, which are intended
and designed to extend special pri-
vileges to certain classes.

There was the Barbers Bill. It

finally passed both houses and was
sent to the governor. The governor
asked the attorney-general for an
opinion as to its constitutionality,
and Gerald Mann held that it was
unconstitutional. It took nerve to
do that, but Mann has nerve. The
governor vetoed the bill. It took
nerve to do that also, and O'Daniel
at least has nerve. So that's the
end of the Barber's Bill.

Then there is the Optometry Bill.
It is still pending, we believe. We
don't know yet what its fate will be.

Third on the list is the so-called
"Fair Trade Act". We don't know.
But we can easily see that the
remedy might prove to be much
worse than the disease. To one who
has given only a cursory study of
the bill, it seems to be loaded with
dynamite.

At any rate, each of these bills
is designed to redound to the in-
terest, not of the masses, but of a
particular class — especially the
Barbers' Bill, and the Optometry
Bill.

And if the Dentists are entitled
to special favors at the hands of
the legislature, why not the barbers
and the optometrists also? Why not
the members of any special group?
And once started on this policy of
giving a sop to every class, where
and when and how are we going
to stop?

This same question is pertinent
to federal legislation also.

If we go on down the road
which we are now traveling, we will
soon be handing out subsidies to
the grocer, the druggist, the shoe
salesman, the implement dealer,
the butcher, the baker, the peddler,
and even the poor editor.

We need to get back on solid
ground in this government business,
and to take for our slogan again
this good old Democratic doctrine:
"Equal rights to all, special privi-
leges to none."

Every year we note that more
and more people are enlisting in the
beautification campaign. Many
lawns in Tahoka that were unin-
viting and ugly two or three years
ago are now being made into beau-
tiful spots. There is nothing so in-
expensive as beauty, unless it be
good reading matter, such as may
be found in The Lynn County News,
for instance. Let the good work go
on.

It may rain before this reaches
the readers, but to us this looks
like a dry year. Now don't let this
depress you, dear reader; our
weather predictions are nearly al-
ways wrong.

We hate war. We think it is
brutal. A world war now would be
horrible. Any war of conquest
would be inexcusable and wicked
beyond anything the world has ever
seen. But the fellow who says that
the United States should never en-
gage in a war except on our own
soil has certainly given the matter
little thought. Suppose, for in-
stance, that Germany and Italy and
Japan should turn their war dogs
loose tomorrow. Suppose that they
should undertake to sink every
American merchant ship that they
could find on the high seas. Sup-
pose that they should send their
submarines abroad and begin plug-
ging holes in the bottoms of our
battleships. Suppose that they
should land their armies in Mexico
and over-run the country. Suppose
that they should send swarms of
airplanes over to Mexico — and
to the countries of Central
and South American on both
sides of the Panama Canal. Sup-
pose they should undertake to
blockade our ports at Boston, New
York, New Orleans, Galveston,
Houston, and San Francisco. They
could or might do all this, if un-
opposed, without invading a foot of
our territory. Should we wait till
all this should be done and then
our soil actually invaded before we
should lift an arm in defense? Such
a course would be worse than
folly; it would be utter lunacy. Yet
we keep hearing individuals and
groups asserting that Uncle Sam
should never fight except on her
own soil. Pooh!

THE DENTAL BILL

Two years ago a dental bill put
over on the public while press and
public were more or less unaware
started a chain of events that may
change the business history of this
state.

Following the lead by this close-
ly-knit minority, optometrists and
barbers and others are pushing
hoped-for and confidently expected
laws that will redound to their
benefit, and give their ruling ma-
jorities a right to tell the dissenters
in their ranks what they have to
do.

In the case of the dentists' law,
The Hesperian pointed to it 2 years
ago as a "vicious thing," calculated
to undermine the welfare of the
commonwealth. We have not had
occasion to change opinion since.
Governor Alired, somewhat spine-
lessly, approved the bill.

Now, the common ordinary prac-
titioner in Floydada and other
Floydadas in Texas, is afraid to
violate the law by advertising in
The Hesperian that he extracts
teeth painlessly or any other way,
or that he makes a good plate for
the toothless, who have become that
way by way of pyorrhea, cure for
which the dentists have failed to
discover.

Be it said for the barbers, who
are not supposed to be as smart as
their dental, or optometric contem-
poraries, they do intend to have a
vote before a price is set.

This kind of foolishness is what
your legislator in Austin is wor-
rying with.—Floyd County Hes-
perian.

A lot of folks are berating the
legislature for not doing anything.
It is sometimes best for nothing to
be done. Some of the folks who are
cussing the legislators for not levy-
ing taxes with which to pay pen-
sions surely would cuss if the taxes
should be levied. Taxes are fine so
long as they hit only the other fel-
low.

One trouble with the legislature
is that some of its members last
summer promised too much. Some
of them promised to pay all the
old folks pensions of \$30 per month
and to reduce taxes at the same
time. Now they are up against the
proposition of keeping their promis-
es. It just can't be done.

**To Query Women
All Over South**

Touring Reporters have now asked
over 1,200 women and girls of
leading Southern Cities the now
famous question: "Were you
helped by CARDUI?"

Averaging all replies so far shows
that 93 out of every 100 users
questioned declared CARDUI
benefitted them!
Users by thousands are eager to
tell how CARDUI has given
them appetite; helped them gain
strength; has thus relieved them
of the symptoms of functional
dysmenorrhea due to malnutrition.
Many also say that, when symp-
toms indicate the need, CARDUI
in larger doses helps "at the
time" to soothe pain.

A SHOWDOWN

As Hitler and Mussolini would
throw a nation down and take the
people's lands and goods away from
them, they would say, "We don't
want any war about this matter,
but you hand over the loot."

These two big bandits and rack-
eteers have been telling the world
that Germany and Italy are good
and peaceable, and that they have
no desire for war.

President Roosevelt hearing so
much about the peace racket of
which these big robbers were boast-
ing, decided to call their hands; so
he proposed to all nations that they
go into an immediate agreement
to refrain from any war or act of
aggression for a period of ten years.
Twenty-eight of the nations readily
and willingly agreed to the propo-
sition, but Germany and Italy took
the peace offer as an insult—if the
newspapers of those counties are
to be credited.

Hitler and Mussolini are delaying
the offers of peace, and the chances
are that they will refuse to accept
the opportunity of their lives. If
they fail to accept Roosevelt's offer,
which Mussolini has already done,
it will be notice to the civilized
world that they intend to keep right
on plundering until they are halted
by a barrage of steel. In the mean-
time, we are preparing the forces
of Uncle Sam to meet these world
bandits in case they refuse to listen
to reason.

The only criticism one can offer
against Mr. Roosevelt's plan is, that
The President knows that Hitler
and Mussolini cannot be depended
on to do what they promise. I
wouldn't trust them to chew grease
in a soap factory, because they
would swallow the grease.—Uncle
Bill in Sterling City News-Record.

America's Gift To The Queen

WHEN they meet in Washington in June, Queen Elizabeth of England and Mrs. Eleanor Roosevelt will wear summer-weight wool dresses,—the Queen's a gift from the wool growers of America, and Mrs. Roosevelt's from growers of the British Empire. Material for the Queen's dress, woven from the finest virgin wool from the 34 wool growing states, is shown here being given to Captain Irving of the S.S. Queen Mary for delivery to Buckingham Palace. Left to right are Senator Clark of Idaho, Senator Schwartz of Wyoming, Captain Irving, Christopher Kemble, representing the British Consul General, and G. W. Cunningham, Secretary of the Texas Sheep and Goat Raisers' Association. Simultaneously, Mrs. Roosevelt announced that her dress will be of light weight summer wool in a shade called "Azure Blue" and that the Queen's, also light weight, will be in a new color called "Queen's Blue."

Mrs. Roosevelt (lower right) shows samples of the dress materials to Miss Prunella Wood, famous New York fashion writer.

Eighty-two of every 100 persons under 60 years of age and 23 of every 100 under 10 are said to have defective eyesight.

King Cotton Wins War Over Rayon

Announcement that license has been issued to an English cotton textile manufacturer to produce the patented Bibb Heat Resistant Cotton Cord for consumption in the British Isles marks a milestone in the victory of cotton over rayon for use throughout the world in automobile and truck tires. The information given out by W. D. Anderson, President of Bibb Manufacturing Company, at the annual banquet for the salesmen in Macon, Georgia, is of vital interest to cotton farmers and others concerned with the welfare of the fleecy staple.

Cotton interests have been greatly disturbed recently by reports that the use of rayon would cut heavily into the 300,000,000 pound market previously supplied by cotton for use in the manufacture of tires. This figure represents roughly 10% of domestic consumption.

The new method of processing cotton has been given extensive actual service tests over a period of more than three years. Reports of these tests by prominent tire manufacturers are that the cord has outlasted any rubber tread the tire makers have been able to produce.

The new process is described as not depending entirely upon twist

Strikes In Mexico Are Explained

San Antonio, Texas, April 26.—Failure of the Mexican federal and state governments to meet their payrolls is chiefly responsible for the increasing number of strikes and protest demonstrations in the southern republic, according to dispatches reaching La Pransa, Spanish-language daily published here, and information arriving from other sources in Mexico.

Teachers in eight states of the republic have staged strikes since the first of the year either to collect back salaries or demand pay higher than the two pesos (40cents) a day which most of them are now receiving. While most of these have been compromised, other government workers have not fared so well. Lack of funds has forced the government to discontinue several minor departments, notably the Social Medical Service in Mexico City from which 130 doctors and nurses were discharged.

According to a dispatch from El Popular, Mexico City, 2,000 highway workers in Vera Cruz are protesting that many of their number have not been paid for more than three months, while several similar instances are reported among road workers, dock laborers and others dependent upon government payrolls in scattered parts of the country.

Equally serious, according to the reports, is the situation in many of the government-supported agrarian communities. Mexico City papers of the past week report nine instances in which agrarian groups, failing to receive promised federal aid, have resorted to banditry and the looting of nearby village stores.

CARD OF THANKS

Words cannot express our thanks and appreciation for the many kind deeds which were done for us during the illness and following death of our companion and father. Also for the beautiful floral offering. May God's richest blessings rest upon each of you.

Mrs. T. A. Stone and children.
S. J. Kitchen of Monroe, Lubbock county, was here Wednesday for the Farmers' Co-op gin meeting.

See the Junior Class Play Monday night. Admission 25c. 37-11c.

to give strength to cord, as has been the case since the beginning of time, but binds together the cotton fibers by first softening the waxes inherent in all cotton fiber and finishing the cord while these waxes are soft, meanwhile compressing them and permitting them to harden, resulting in a cord of revolutionary characteristics.

It is claimed that the lower cost and better performance will protect cotton from the possibility which previously existed that rayon might take away the important tire cord market.

PATTERSONS OBSERVE GOLDEN ANNIVERSARY

Mr. and Mrs. H. A. Patterson were honored with a dinner in their home Friday evening, April 21, in observance of their Golden Wedding anniversary. Their home was beautifully decorated with Talisman roses and tulips.

Guests for dinner were Mr. and Mrs. T. E. Park and Mrs. Fannie Barley of Tahoka, Mr. and Mrs. Ernest Patterson and sons, Darrell and Albert of Seymour, Mr. and Mrs. Earl Patterson and daughter Ruby and Mrs. Clifton Patterson and baby of Phoenix, Arizona, Mr. and Mrs. Clyde Shaw of Wilson, Mr. and Mrs. Gene Patterson and Sons, Gene and Billy, of Tahoka. Mrs. Patterson cut the traditional bridal cake.

Friends that called to congratulate Mr. and Mrs. Patterson on the occasion were Judge and Mrs. Jim Elliott, Rev. and Mrs. G. E. Turrentine, Mrs. Clarence Gaussoin, Mrs. F. E. Redwine, Mr. and Mrs. Elbert Rogers, Mrs. J. C. Gable, Mr. W. M. Lee, Mr. Allie White, and Mr. and Mrs. Cecil Shaw all of Tahoka, and Mr. and Mrs. Ed Milliken of Wilson.

Mr. and Mrs. Patterson were the recipients of many lovely gifts.

MRS. ROY YOUNG ENTERTAINS PHEBE K. WARNER CLUB

The Phebe K. Warner club met Tuesday April 25 in the home of Mrs. Roy Young. A very interesting program was given on the "Holy Land."

The club was very happy to welcome Mesdames Felts, Thompson, and Mathis as new members. Mrs. Spikes was elected to membership. The club voted to send Mrs. Truett Smith as a delegate and Mrs. A. P. Edwards as an alternate to the District Convention at Pampa.

Refreshments were served to Mesdames Stewart, Smith, Edwards, Slaton, Hardy, Turrentine, Prohl, Story, Evans, Thompson, Mathis, Felts and the hostess.

The club adjourned to meet with Mrs. Hafer in O'Donnell May 9th.

Mrs. Chester Connolly and daughter Geraldine have been numbered among those suffering from the flu and streptococci throat the past two weeks.

See the Junior Class Play Monday night. Admission 25c. 37-1tc.

Crusades For Cotton

She's 19-year-old Alice Hall, the "Maid of Cotton," flying ambassador of the National Cotton Council. In major cities from coast to coast she is spreading the story of National Cotton Week and the Cotton Carnival. Outfitted with an ultra-smart wardrobe of all-cotton materials, she is modeling cotton garments at cotton fashion shows, talking cotton on the stage and over the air, making personal calls and appearances in 22 cities plus the New York and San Francisco World fairs. She will return to her home in Memphis for the opening of the South's great party there on May 9. Next to cotton she is devoted to flying and amateur theatricals.

METHODIST CHURCH NOTES

This week and the next two weeks are momentous in the history of our church. No more important history has ever been enacted within our church and perhaps within Protestantism in America than is being made right now in Kansas City. If you have not been following the Uniting Conference proceedings, you should begin at once to watch the daily papers and read the church papers to become informed about this movement of Union of eight million and a half church members, which will concern the lives of perhaps twenty million constituency. "Behold how good and how pleasant it is for brethren to dwell together in Unity."

Fellowship will be the topic for Sunday services at 11 o'clock.

We had the largest Sunday school and church attendance Sunday that we have had within our pastorate. Your presence will help someone else to be more loyal.

Our night service will be brightened by the playing of the orchestra. Some new instruments will doubtless be found in the orchestra Sunday.

We want to fill the choir, which was almost full last Sunday, by occupying those vacant seats. Geo. E. Turrentine.

PHEBE K. WARNER CLUB

The Phebe K. Warner Club entertained the ladies of the town with a "come as you are" breakfast Wednesday, April 26. The proceeds, \$20.00 will be used for the County Library fund.

The club is very grateful to the following merchants: Roy Young, J. B. McPherson, A. L. Smith, E. H. Boullion, L. E. Weathers, Wynne Collier and Tom Matt of Tahoka Bakery, for the donation of the food.

Mrs. J. H. Collenback came in Tuesday from Mullin, Mills county, where she has been visiting her father, and Melvin, where she visited some of the late Mr. Collenback's relatives. She left Thursday for Lamesa to visit her daughter, Mrs. C. B. Grissom. Mrs. Collenback reports that Mrs. Grissom's right leg, which was broken last October and which has been slow healing, is now showing much improvement.

Miss Ernestine Story, daughter of Mr. and Mrs. H. C. Story, entertained as her house guests this week end Misses Gerry Conner and Mary Eleanor Diggs of Haskell, Winnoke Sharp of Vernon, Fern Smith of Big Spring, and Doris Spann of Plainview. All are students of Texas Technological College, Lubbock.

See the Junior Class Play Monday night. Admission 25c. 37-1tc.

Rotarians Visit O'Donnell Club

Nine members of the Tahoka Rotary Club visited the O'Donnell Club Tuesday and presented a program for their sister club.

Rollin McCord was in charge of the program, and conducted a question and answer number. Happy Smith and Tom Garrard made talks on Rotary, and Incoming-President Leonard Craft talked briefly on a proposed program which the two clubs hope will ultimately be of much benefit to the entire county.

Those attending from Tahoka were: Carl Owens, Walter Anglin, Rev. Geo. Turrentine, Happy Smith, Tom Garrard, Rollin McCord, Dr. Emil Prohl, Leonard Craft and Frank Hill, Rotarians, and T. Garrard, a visitor.

CONDITION IMPROVED

BROWNFIELD — Condition of Claude Bryant, 32, who was burned in an explosion Saturday, was reported improved satisfactory at the Treadaway-Daniel hospital. Gas in the tank of an oil truck exploded in Perry and Bryant garage, in which the injured man is a partner.

Mr. and Mrs. E. E. Flowers of Chico spent the week end here with W. A. Reddell and family. Mrs. Flowers and Mrs. Reddell are sisters.

THE PATHFINDER

is the one and ONLY publication with the knowledge, experience and courage to give you every week the first-hand, inside information which is positively necessary for you to have. It is the ONE publication which is under no obligations to the big moneyed interests or Czars of trade—none of those fatal tie-ups with the selfish cliques who gamble in the very life blood of the people. That's why the Pathfinder is in a position to tell you the unvarnished facts in the plainest possible English. You can depend on every word it says—and there is no substitute for reliability.

EVERY WEEK FROM WASHINGTON, D. C.

Washington is now the news center of the entire world. It is the one place in the country where a strictly unbiased and reliable publication can be issued. That is why the Pathfinder is located there. The same clear sighted vision which led to the selection of the National Capital as the home of the Pathfinder over 40 years ago is the backbone of every single issue of the Pathfinder today.

It is our privilege for a limited time to offer you at a greatly reduced bargain price the greatest and most popular national weekly—The PATHFINDER—together with THIS PAPER, both a full year—52 weeks—for

FSA Is Making Farmer Loans

The Farm Security Administration announced this week that more than 7,000 groups of small farmers had borrowed a total of \$4,405, 132 to purchase equipment and services for group use from the beginning of its Community Service Loan program in July, 1935 up to January 1, 1939.

Jack Welch, county farm supervisor, said there are sixty-four cooperatives in the part of Texas included in Region XII of the Farm Security Administration, with loans amounting to \$30,800. There are three cooperatives in Lynn county.

Such loans have enabled 128,856 farm families, composing 7,183 borrowing groups, to expand and improve the efficiency of their farming operations through purchase of equipment or services not previously available in their communities. These services include combines,

SCHOOL DAYS

By DWIG

silage cutters, purebred sires, cold storage plants, bulldozers and terracing equipment, syrup mills, hay balers, hatcheries and tractors. These loans, financing group purchases and use of equipment which no single individual could afford, have enabled small farm operators to compete on more equal terms with the large, mechanized corporation farms. Such loans have also been used to purchase canning, laundry, and sewing equipment to lighten the burden of the farm home work.

Average size of the loans made during the first three and one-half years of FSA's Group Loan program has been \$594.51 per group, or \$34.10 for each farmer participating. The loans may be retired over a period of five years and bear three per cent interest. They are available only to needy and low-income farmers, who cannot obtain adequate credit from any other source.

Full details of the Community and Cooperative service loans may be obtained at the county office of the Farm Security Administration or by writing L. C. Holm, division

O'Donnell School Presents Play

The pupils of the seventh grade of the O'Donnell school will present a two-act play entitled "Rescued By Radio" at 8 o'clock Friday night in the O'Donnell High School Auditorium. A chorus between acts will be given.

The play sets forth a thrilling story of a kidnaping, escape, a hold-up, the final rescue of the victim and a surprising revelation as to the identity of the kidnapers.

Twelve characters in the play will be represented by Alvilda Gollightly, Minnie Jean Hodges, Joyce King Edwards, Dorothy Smith, John Elen Beach, Aubra Lee Shook, Dorothy Clayton, Carl Page, Stanley Cathey, J. L. Petty, J. C. Brantley, and Billy Tune.

See the Junior Class Play Monday night. Admission 25c. 37-11c.

chief, Farm Security Administration, Amarillo, Texas.

Lynn county has two Community and Cooperative ensilage harvesters and one Community and Cooperative jack, according to county supervisor, Jack Welch.

ELDER DRENNON'S NOTES

After being down all week with the flu, I was not any too stout for my trip to Monument, New Mexico, where I began a meeting last night. Nevertheless, we attempted it.

My first stop on the way was at John Benson's, but as I did not find John at home I had to just content myself with a good drink of his fine water and travel on. The sand was up most all the way.

After leaving Hobbs I saw three big live buffaloes, grazing in a pasture. No, I did not drink anything stronger than buttermilk at Hobbs. I arrived here in time for the night service. This is the place (Monument) where Jake Leedy left his mark in the form of an Indian

statue. I am to preach here each day and night over next Lord's Day. The more I travel, the more I am convinced that Texas is a fine place to live in after all.

I see by last week's issue of the News that one Mr. Johnson bled into print with a brain child. If I were him, I would be ashamed of it. . . . It seems strange that O'Daniel's enemies have not found some better way than his for the solution of the old age pension problem. Over here in New Mexico they have a sales tax and it doesn't seem to hurt business.

No, Mr. Johnson, Editor Hill did not get the best of me in our little tilt; at least that is the way my readers feel about it. I talked to nine or ten at Tahoka last Saturday afternoon and all but one said my arguments were sound, and the next time you write give us some constructive thoughts.

My son is going to fill the pulpit at O'Donnell next Lord's Day morning, which fills his mother's heart and my heart with joy. I would rather for him to be a gospel preacher than to do anything else in the world.

Yours for more people who are more interested in their children holding high positions in the church than anywhere else. Visit the friendly church.—R. P. Drennon.

Why don't you try Alka-Seltzer for the relief of—
HANGOVER

Stomach Gas, Headache, Acid Stomach, Colds, Neuralgia, Fatigue, Muscular, Rheumatic and Sciatic Pains? Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylate, a Sodium Salt of Aspirin) which relieves pain and discomfort, while its vegetable and mineral alkalies help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

Encourage Live-At-Home Idea

The Farm Security Administration encourages its borrowers to live at home and eat the proper kinds of foods as shown by an exhibit in the Tahoka Drug Store prepared by Miss Martha G. Brent, Home Supervisor for Lubbock and Lynn Counties.

the borrowers have constructed frame gardens which will furnish early vegetables. Several families have also increased their dairy herds this year which will help to furnish 75% of their living on the farm as encouraged by the Farm Security Administration.

The Farm Security Administration is serving about 125 families in Lynn county this year according to Jack Welch, County Supervisor.

Draper Makes Farming Pay

"Last year was the best year I ever had", said E. M. Draper of the Mldway community to a representative of the News a few days ago in speaking of his live-stock farming operations.

Mr. Draper had fed and sold during the past few months 72 head of cows and steers and they brought an excellent price. It is no wonder to any one that might have seen them at marketing time that they did so, for Mr. Draper had one of the fat steers left over, and he certainly would excite the admiration of every cowman.

In his pens and pastures Mr. Draper had a number of other animals which he is preparing to fatten. In the same and adjacent pens also were bunches of hogs also fattening, and in the pasture were 35 blooded Ramboulet sheep, ready for the shears. A number of these will be lambing soon. Mr. Draper makes money out of his hogs and his sheep as well as his cows. Evidences of prosperity were all over the place—barns and granaries bursting with feed, cows and hogs fattening, sheep in the pasture, and dairy cows in another pen.

Mr. Draper says that he finds it pays big dividends to keep his stock well housed in bad weather. Accordingly, he has built an immense shed with a concrete floor in a portion of it in which his entire bunch of cows could find protection from the harsh weather of the winter months. He finds that with such protection, they stay in much better flesh during such weather and consume less feed at the same time.

This shed is equipped with self-feeders. The feed consists of ground-up higar, sorghum cane, and maize heads, with a little cotton-seed cakes mixed with it. Clean, fresh water is always accessible. There was an immense acreage yield in 1937, and due to AAA cotton program there was a large acreage and consequently large yield of feeds also in 1939. Feed therefore was very cheap and would have brought small returns if placed directly on the market. Mr. Draper, together with numerous other Lynn county farmers, found it more profitable to convert this feed into beef, which luckily commended a good price.

Mr. Draper has installed a pair of scales in a little pen adjacent to his feeding pens on which he can weigh his cows at any time he wishes in order to determine how rapidly they are gaining weight. This enables him to keep tab on his feeding operations week by week, if he so desires.

Mrs. Draper is imbued with the progressive spirit also. Accordingly, she has put her husband to work at beautifying the premises surrounding their residence. Across the front and on two sides, when we called, he was building a concrete wall or "fence" something like two feet high, and within this enclosure fresh soil is to be placed to a depth of several inches and then sodded with Bermuda. Also there will be flower beds made and shrubbery planted out next to the house or at other convenient places.

Several years ago she prevailed upon her husband to plant out some trees in a large open space in front of the residence, and these trees have grown—they are Chinese elms—until they now present the appearance of an attractive park, separated from their premises proper, by a driveway, which they are also improving.

We are giving the space for this story because it is an example of many similar to it that could be related respecting the farm homes of Lynn county, and the transformation that farming operations and farm life have undergone within the past few years.

Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation.

To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly. Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

Paymaster Seed Farm Is Modern

The general availability of Paymaster cotton planting seed to farmers of the South Plains country has been announced by Horace Hawkins, manager of the West Texas Cottonoil Co. at Plainview and manager of Lockview Farms where this cotton of staple quality was developed.

Lockview Farm is located halfway between Plainview and Lockview in Floyd County. It was established in 1927 by the West Texas Cottonoil Co. as a demonstration farm for the South Plains. Its primary purpose was to breed and develop an early maturing cotton of good staple. Many varieties were placed on test until finally the Kekchi strain stood out, mainly because of its ability to grow rapidly and mature quickly in cool weather. Appropriately it was called Paymaster.

At first a few neighboring farmers tried it out in their fields. The results were excellent and the next year more farmers asked for the seed. So Lockview decided to enlarge its facilities. The original acreage of 240 was increased to 880.

Today the registered seed from Lockview is multiplied by the one-variety block at Alken near by in

order that enough pedigreed seed can be made available for all farmers on the Plains.

Mr. Hawkins advises that further information regarding Paymaster cotton planting seed may be obtained from the nearest West Texas Cottonoil Co., or by writing direct to Lockview Farm, Plainview, Texas.

Mrs. L. C. Haney visited her mother and sister at Abilene last Saturday and Sunday. She was accompanied on the trip down by Dr. Fred Haney and his sister, Mrs. Dixie Ray, who were returning to Fort Worth after a visit here.

THERE MUST BE A REASON WHY Electric Cookery IS SO POPULAR

Since electric cookery is designed for women who do their own cooking and cannot afford extra help in the kitchen, electric cookery has to be economical—not only to buy, but to operate. It gives them many hours of leisure while meals cook themselves. Positive baking becomes a pleasure—in spite of the outside temperature. Actually your kitchen is just as cool, clean, and comfortable as your living room.

The popularity of electric cookery is highlighted by many other advantages, too. See the gleaming new ranges on display—and you'll learn why electric cookery is better.

This \$23.95 set of Aluminum Ware is offered for your old range on the purchase of a new electric range. See this set and the new range today. This offer definitely expires April 27.

COTTON

The Only Cotton Being Bred on the Plains that Is Ginned on a Strictly One Variety Gin

10 Quick Facts About PAYMASTER Cotton

- 1. Early maturing**—Exceptionally heavy poundage on first picking. The Plains country has the shortest growing season in the cotton belt—an annual average of only 198 frost-free days.
- 2. Long staple**—Between 15-16 inch to inch and better depending on moisture and soil fertility.
- 3. Exceptional lint turnout**—32.3 per cent on the first 100 bales picked in 1938 and 30.6 per cent on "snaps" on first 100 bales harvested in 1938—a high figure for staple cotton.
- 4. Fiber**—A hard fiber of good spinning qualities.
- 5. Big boll**—Average 50 to 60 per pound and over 90 per cent are five-lock.
- 6. Drouth-resistant**—A deep rooting heavy plant that stands up well under adverse growing conditions.
- 7. Heavy yield**—A high pounds-per-acre return that spells extra dollars per field, per season.
- 8. A strong open stalk of medium height**—with light foliage which allows sunlight to hasten maturity on lower branches.
- 9. Priced at moderate cost.**
- 10. A home product for home need**—At last, the South Plains has a proven strain of cotton especially bred to fit its particular needs.

ANITA JO SIMMONS KATHLEEN NUNNALLY DORIS SURLS
 These seven coeds, named by fellow students at Hardin-Simmons University, in Abilene, Tex., as popularity and beauty queens, have places of honor in the beauty section of the thirty-second annual edition of the HSU Bronco, university yearbook published each spring. They are: Jeanell Green, Abilene, university queen; Kathleen Nunnally, Anson, Bronco sweetheart; Doris Surls, Cisco, summer queen; Jane Gracey, Roscoe, senior favorite; Nell Gee, Abilene, junior favorite; Clarine Marsh, Eastland, sophomore favorite, and Anita Jo Simmons, Haskell, freshman favorite.

Demonstrate New Terracing Methods

Lubbock, Tex., April 27.—Parallel terraces are being built on 100 acres of Texas Technological College farm land, to demonstrate the desirability of this type of terracing as compared with the point row plan now in general use.

Approximately three and one-half miles of parallel terraces have been built, with an effective unsettled height of not less than 18 inches, according to Henry P. Clay, assistant professor of agricultural engineering. About 60 hours were required for building the terraces with a D-7 caterpillar with 12-foot blade.

"The idea of parallel terraces was conceived about three years ago by O. T. Williams, manager of the Hereford soil conservation project," Clay said. The new system is now getting recognition and approval throughout the section because it reduces the number of point rows. There is a 34 per cent reduction in point row areas and a still greater improvement in workability of land on the college farm.

Made is nearly parallel as possible without defeating the purpose of holding the moisture where it falls, the terraces measure between 35 and 40 feet from borrow ditch to borrow ditch. It is the plan to grow row crops on the terraces, using four-row equipment for cultivation.

"Since we have periods of extremely heavy rainfall occasionally in this region," Clay said, "we are providing this system of terraces with sodded overflows, using native buffalo grass sods from a near by pasture. By cutting the sod in strips on the contour, we have also improved the pasture land, since the furrows will hold moisture," he added.

Effective height of overflows is between 10 and 11 inches, sufficient to hold water from a 2-inch rain before any water runs off, allowing nothing for infiltration. Settled heights of the terraces is expected to be not less than 15 inches.

This plan makes it necessary that terracing be designed first on a map, Clay explained. It also necessitates use of team and Fresno to bring tops of terraces level after they have been built.

SACRED HARP SINGING AT SLATON SUNDAY

There will be a Sacred Harp Singing at Slaton all day next Sunday, according to R. B. McCord of Grassland, President of the Sacred Harp Singers organization for this section. It will be held in the Community Building.

All Sacred Harp singers and visitors are invited. There is something quaint and enchanting about this type of sacred music that appeals deeply to many even of the younger generation.

R. W. Fenton Sr. Is Improving

Contrary to all expectations, the condition of R. W. Fenton, 77, who has been seriously ill so long in the west Texas Hospital, has steadily improved for the past two weeks, and it now seems probable that he will be well enough to be brought back home within a few days.

Following an operation several weeks ago and the development of pneumonia, it was believed by the family and attending physicians for many days that Mr. Fenton had practically no chance to recover. That he survived and is recovering seems almost miraculous.

Mr. Fenton, however, had been an unusually sound and healthy man. Not since he was nineteen years of age, 58 years ago, had a physician been called to attend him. When taken to the hospital a few weeks ago, his heart was found to be functioning in a fine way, and in spite of the desperate illness with which he was stricken, it has just continued to beat—and now, it seems, he is far on the road to complete recovery.

COLORED SOFTBALL TEAM TO BE ORGANIZED

The softball fad has reached the colored section of Tahoka and a colored women's softball team is to be organized at Green's Cafe "Over on the Hill" at 4 o'clock this afternoon, according to an announcement furnished the News for publication.

Temporary officers have been named as follows: Mary Smith, manager; Lizzie Washington, captain; Vernice Green, secretary. Permanent officers will be elected at the meeting this afternoon.

About twenty-four names have been listed as prospective members. There are no admission fees into the organization.

The team is to be known as the Tahoka (Colored) Wild Cats.

The school at T-Bar will close Friday, according to Mrs. Lenore M. Tunnell, county school superintendent. Most of the schools in the county will not close until the latter half of May, Mrs. Tunnell says.

See the Junior Class Play Monday night. Admission 25c. 37-1tc.

Wilson Students Leave On Trip

Twenty-two members of the senior class of the Wilson high school accompanied by Superintendent S. G. Anthony and Miss Ruth Garma, teacher in the school, stopped for a brief time in Tahoka Thursday afternoon as they were starting on a ten-days sight-seeing trip. Monroe Umlong was the driver of the bus in which they were making the journey, to which was attached a trailer carrying their supplies and cots, and personal effects.

Mr. and Mrs. Edwin May and children were following in their car.

The itinerary will include Austin, where they will view the State Capitol, the University, and other interesting places; San Antonio, where they will ramble through Brackenridge Park and visit the Alamo; Corpus Christi and Brownsville, where they will get first-hand impressions of the "Deep Blue Sea"; thence up the border to Alpine, crossing over into Mexico at Matamoras, Eagle Pass, and Del Rio; the McDonald Observatory near Alpine; thence to the Carlsbad Caverns, and back home. They expected to spend the first night out at Sterling City.

The trip will cost the party about \$400.00, most of which sum the pupils had raised themselves.

R. H. Turner who with Mrs. Turner returned last week from Uvalde, where they spent the winter, says that they had plenty of deer and turkey while there and that recently they caught more fish than they could eat. They had a most pleasant stay in the home town of "Cactus Jack".

Mr. and Mrs. M. C. Darnell have a new daughter whose arrival on April 14 we failed to mention. The little lady weighed 8½ pounds. The Darnells were staying in the home of Mr. and Mrs. Dual Cheatham at the time of the child's birth.

Miss Irene Beckham, a teacher of Harmony school in Borden county, is here visiting Miss Lorene Reese and attending the Ex-Students activities. Miss Beckham is a graduate of the Tahoka High School.

Billy Benson, son of Mr. and Mrs. H. W. Benson residing on Route 1 out of Wilson, underwent a minor operation in the Clinic here on Thursday and is reported to be doing nicely.

"BEAUTIFUL TEXAS"

You've all read the beautiful stories
 Of countries far over the seas,
 From whence came our ancestors
 To establish this land of the free.
 There are some folks who still like to travel
 To see what they have over there;
 But when they go look it's not like the book,
 And they find there is none to compare—

Chorus:
 To beautiful, beautiful Texas—
 Where the beautiful bluebonnets grow,
 We're proud of our forefathers,
 Who fought at the Alamo.
 You can live on the plains or the mountain,
 Or down where the sea breezes blow,
 And you are still in beautiful Texas,
 The most beautiful place that I know.

You can travel on beautiful highways,
 By the city, the village, and farm,
 Or sail above the skyways,
 And the beauty below you will charm—
 White cotton, green forests, blue rivers,
 Golden wheat fields and fruit trees that bear—
 You can look till doomsday, and they you
 will say
 That Texas has beauty to spare.

In this song about beautiful Texas
 There is one thing we just have to say:
 About six million people
 Who are proud that they are here to stay;
 It's great to be healthy and happy—
 And that seems to be our good fate—
 So, let us all smile, for life is worth-while
 When we live in this beautiful state.

NEW LYNN PRESENTS PLAY

The New Lynn Epworth League will present a three act comedy play entitled "Second-Story Peggy" at the New Lynn High School auditorium, Thursday night, May 4. The play will start promptly at 8:15. The proceeds are to be used to send delegates to summer assembly to be held at Abilene in June. Admission will be 5c, 10c and 15c. Everyone is cordially invited to attend.

Mr. and Mrs. Troy Cowan of Lubbock were here Wednesday visiting friends and relatives. Mr. Cowan indicated that since most of their children are through college they might return to good old Lynn county some time soon.

Mr. and Mrs. Guy Whitt of Wichita Falls were week-end visitors of her parents, Mr. and Mrs. J. L. Hill residing four miles north of Tahoka.

Mrs. Minnie Freeman Burns and Miss Addie Oden of Minnie's Beauty Shop attended the Beautification school in Lubbock Monday.

Present Awards To Boy Scouts

Six awards of the first, second, and Tenderfoot classes, and a total of 13 merit badges were awarded to members of the local Boy Scout troop at a Court of Honor meeting here last Monday night.

Boys were given awards as follows: First class, Hoy West and Jehny Noble; second class, Kenneth Ross and Ovid Luallin Jr.; Tenderfoot class, Wayland Hughes and Edwin Jolly.

Merit badges were given as follows: Hoy West 2, Jerry Noble 1, Elbert Boullion 4, Truman Hines 1, D. F. Reddell 2, C. W. Conway 1, and W. Shawn 2.

Scoutmaster W. A. Reddell presided at the Court of Honor and E. H. Boullion presented the awards and merit badges.

Elbert Boullion Jr. has attained the rank of Star scout and will be presented with the Star award at the meeting next Monday night.

A number of the fathers and mothers of the boys were present to witness the ceremonies.

Donald Peterson, district field executive, made an inspiring talk.

Oscar Roberts, a member of the local committee, gave an outline of the camping program for the summer.

Every alternate Thursday night the boys will be taken on an overnight hike. On each hike they will encamp on some historical spot, and it is the plan to have some person versed in the history of the place to relate the history or historical stories pertaining thereto.

On May 5-6 the whole troop are to go to Seminole to participate in the district camporee to be held there on these dates.

From May 28 to June 3, as many of the boys as can do so—the whole troop if possible—will be in camp at Post.

There will be many other scout activities throughout the summer. Mr. Reddell says, which will be given due publicity from time to time.

MIDWAY NEWS

The "Midway Get Together" is scheduled to meet again next Friday night. Two one-act plays will be presented. The county agent and Home Demonstration Agent will be present. Everyone is invited to attend.

Mr. and Mrs. G. A. Edwards spent the week-end with relatives in Winters.

Mr. and Mrs. Weldon McClintock spent Sunday visiting in Lubbock.

Mr. R. L. Littlepage spent Sunday in the S. B. Henry home in Sterling City.

Mr. and Mrs. C. L. Driver and Mr. and Mrs. John Thomas made a business trip to Lubbock Saturday night.

Mrs. Cecil Davis, the former Miss Earline Williams, was given a shower by Mrs. Pharies Stephens Tuesday afternoon. About twenty-five women were present and an array of beautiful gifts were presented the recent bride.

Mr. and Mrs. C. P. Henderson and daughter Dorothy of Brownfield visited Shnday in the home of Mr. and Mrs. L. R. Stephens.

Mr. L. R. Stephens made a business trip to Comanche county last week.

Conway Clingan, Texas Company wholesale agent, was carried to a Lubbock Sanitarium late Monday afternoon and operated on almost immediately after arrival there for removal of the appendix. He is reported to have withstood the operation in fine shape.

Mr. and Mrs. Terry Thompson and Mr. and Mrs. C. N. Woods spent last week end at Cloudercroft, out in the mountains of New Mexico.

C. T. Tankersley Is Still Satisfied With Old Texas

C. T. Tankersley, who has made a couple of fishing trips to the Rio Grande this spring, says that on the last trip he explored a large portion of the Big Bend country which is being converted into a state park. He says they have plenty of magnificent scenery down there and he thinks that in time it will be a great resort.

But C. T. says he also crossed over into old Mexico, and when he got on the other side of the Rio Grande he seemed to be in another world. He didn't stay long, but a state ranger on this side of the river, on whose land Mr. Tankersley and party did their fishing, told him some tall tales of conditions in Mexico.

Among other things, the ranger told him that in Mexico they have a traveling court. The judge and his retinue may drive up to a town or village unannounced at any time and proceed to hold court right out on the street, with little ceremony; and woe be to the man that they had listed for trial. Those found guilty of heinous crimes—and about the most heinous crime in Mexico is to oppose the group in power—are condemned to death, stripped naked, and shot. Mr. Tankersley didn't know whether these stories were exaggerated or not, but at any rate he has no intention of emigrating to Mexico, any time soon.

Mrs. E. H. Boullion had as luncheon guests on Thursday of last week Mr. Dale Morrison of Abilene, Mrs. Pratt of Midland, Mrs. C. L. Hafer of O'Donnell, and Mrs. G. M. Stewart of Tahoka.

O'DONNELL WILL HAVE LIGHTED FIELD

Business men and other citizens of O'Donnell have raised nearly \$1,000 as a fund for the purchase and installation of a lighted football field for the Eagles.

O'Donnell hopes to have a fine football team next year and will have lights ready when the season opens.

Mrs. E. H. Boullion had as luncheon guests on Thursday of last week Mr. Dale Morrison of Abilene, Mrs. Pratt of Midland, Mrs. C. L. Hafer of O'Donnell, and Mrs. G. M. Stewart of Tahoka.

Mrs. F. E. Calvery had as her guest over the week end her long-time friend, Mrs. Fay Vice, a teacher in the Sul Ross State Teachers College at Alpine.
