"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXV.

Tahoka, Lynn County, Texas, Friday, June 2, 1939.

Number 42.

O'Donnell Opens New Church At Special Service

Baptist Building Is A Complete And Modern Church Edifice

The new First Baptist Church at O'Donnell was filled to capacity last Sunday morning when the first service was held in the new edifice, according to Rev. J. A. Lunsford, the pastor, who was here Monday morning.

There was a record-breaking Sunday school attendance to begin with, with 273 present.

Rev. W. K. Horn, a former pastor of the church, brought the message at the 11 o'clock service. At the close of this service four converts presented themselves for reception into the church by baptism. At the night service, two of these and three others who had been waiting submitted to the ordinance of baptism.

At the noon hour a chicken dinner was served to 250 people.

In the afternoon, Rev. E. F. Cole, pastor of the First Baptist Church of Lamesa, delivered a great discourse, and the pastor preached at night. The house was practically filled at both the afternoon and the night services also.

Great musical programs featured each of the three services of the day.

Misses Louise and Geraldine Haney rendered beautiful duets at all these services. A. C. Hamilton and Mrs. Mary Felts also sang a duet at the morning service. T. W. Montgomery rendered a violin solo and Miss Emma Jo Hinkle of Wells a vocal solo in the afternoon, during a 45-minute musical program.

The new church is a \$15,000 structure, including the basement which was constructed a number of years ago. The basement is of solid brick, while the superstructure is a brick veneer. It contains 17 Sunday school rooms, a pastor's study, rest rooms, a baptistry, and an auditorium with a total seating capacity of 400. Cushioned opera chairs have been provided for the choir.

Practically all the labor, including the brick work, has been done by members. There is a debt of only \$3,500 on the building.

Rev. J. A. Lunsford has been pastor during the past two years and three months. He is a princely young man and is doing a noble work at O'Donnell. He enjoys the confidence and esteem not only of the members of his church but of the people of the town generally. And the whole town is proud of the commodious new church edifice. We extend our congratulations to the church and to the town upon the completion and the opening of this splendid house of worship.

State Press Will Meet In Lubbock

For the first time in its history, we believe, Lubbock is to entertain the Texas Press Association, which meets in that city on Thursday till Saturday, June 8-10. Following the convention a side trip to Carlsbad Cavern is planned.

As the Texas Press Association rarely meets in West Texas, most of these West Texas newspaper boys will probably make it a point to attend at least some of the meetings of this convention.

It is hoped that many of those deep East Texans may find it possible to come. They will not find much scenery out here—no running streams nor wooded hills, no sweet-gum trees nor persimmons, but they will find the best agricultural country and the fastest growing small city in Texas. They will find the crops just getting started, it is true, but they will probably look for reports of the outcome in the fall.

And as for scenery, they have never seen anything on top of earth nor beneath it that will compare with that Carlsbad Cavern.

Yes, we hope the boys from the pines come out for once and mingle a bit with us boys of the plains.

Two Men Hurt In Car Wreck

J. W. Anderson, who lives on the Loyd Huffaker place about seven miles north of Tahoka, and his uncle, Mr. Barnett, who was visiting him, were both painfully but not seriously injured last Sunday night when the car in which they were riding overturned on the Tahoka Wilson road.

Mr. Anderson was brought to the office of a physician here, who dressed his wounds, following which he was taken back to his home in a Harris ambulance. He is recovering satisfactorily, we understand.

The two men were going to Wilson in Barnett's car from Mr. Anderson's residence on the Loyd Huffaker place a half mile east of the Lubbock highway, and the accident occurred where the community road which they were traveling intersects the Wilson road. The car was a Buick coupe and it was badly wrecked. The car belonged to Barnett but Anderson was driving.

Rotarians Prove Good Debaters

The Rotary program Thursday was a program of fun strictly.

Representatives of five different classifications undertook to convince the auditors, and especially the judge who had been selected to render the decision as to the winner, that his particular business or profession was the most useful.

Al Lehman represented the dry goods and clothing merchants, J. B. McPherson represented the grocers, Wynne Collier the druggists, Dr. E. Prohl the physicians, and Fred Bucy the insurance agents.

The editor was the judge, and his decision was that "he profits most who serves best", and every one of the contestants went away feeling that he had won.

14 Boy Scouts At Camp Post

Scoutmaster W. A. Reddell reports that fourteen Tahoka boy scouts are attending the camp at Post this week. Either he or Oscar Roberts or A. R. Milliken, one of the three, is also present at all times with the boys, and they are having a great time.

The Tahoka boys in camp are: C. W. Conway, D. F. Reddell, Jerry Noble, Truman Hines, Joe Lehman, Sonny Roberts, Carl Griffing, Claude Slover, Hoy West, Wayland Hughes, Elbert Boullion, Wayne Shawn, Charles Reid, and Clyde Owens.

Adults accompanying the Boy Scouts in the camp are: A. R. Milliken, who was there Sunday night and Monday; W. A. Reddell, Monday night and Tuesday; Carl Griffing, Tuesday night and Wednesday; and Oscar Roberts, Wednesday night and Thursday.

Band Complimented By Abilene Man

Joyce H. Felts, Tahoka band director, is in receipt of a letter from R. T. Bynum of Abilene complimenting Tahoka on the fine showing of her band in the big March of Conservation at the West Texas Chamber of Commerce convention in Abilene recently.

He enclosed the rating sheet compiled by Col. E. D. Irons, North Texas Agricultural College, judge of band contests, which showed that Tahoka scored the unusually high score of 82 percent. This is considered excellent for a first year band.

A perfect score was given Tahoka on "cadence."

PLAY AT T-BAR FRIDAY NIGHT

The young people of the T-Bar Epworth League will present the play "Let Toby Do It" Friday evening of this week. Proceeds from this play will be used in defraying expenses of delegates to the Young People's Summer Assembly for Methodist young people at McMurry College in Abilene June 8-9.

Mrs. H. Freeman Buried Sunday

A great concourse of relatives and friends attended the funeral services for Mrs. Harvey Freeman conducted at the Baptist Church here at 4 o'clock Sunday afternoon, Rev. George A. Dale, the pastor, officiating, and it was a long procession that followed the remains to the cemetery. Burial was under the direction of the Harris Funeral Home.

Mrs. Freeman died at about eleven o'clock Saturday night in the Loveless Hospital in Lamesa following a week's illness. Surviving are her husband, Harvey Freeman, a little seven-year-old son, Harvey Crume Freeman, and an infant, Jerry Lynn, born through a Caesarean operation on Monday morning preceding her death. Also surviving are her parents and three brothers of Levelland, Rev. and Mrs. W. K. Crume, and their sons, Kelly, Lyle, and Clyde.

Mrs. Freeman became seriously ill on Sunday, May 21, and was rushed to the hospital the next morning. During the week following the operation she was given two blood transfusions and was reported to be doing fairly well, apparently, until Saturday, when her condition grew worse. Her husband and other relatives were called to her bedside and she died that night.

Mrs. Freeman, whose maiden name was (Cont'd. on back page)

Football Schedule For 1939 Complete

Tahoka Bulldogs will play ten games next fall, five at home and five away from home. Supt. W. T. Hanes announced this week.

Coach-elect Leo Jackson was here Monday conferring with Mr. Hanes and other school officials and meeting prospects for next year's team, and was enthusiastic over the outlook. He and his wife expect to move here in a few weeks.

The football field has been turtlenecked and planted in Bermuda grass. Water has been piped down the sidelines.

The schedule follows:
September 8, Lamesa there.
September 15, Open, game to be played here.

September 22, Southland here.
September 29, Lubbock Cowhands there.

* October 6, Post there.
* October 13, Slaton here.
* October 20, Kermit there.

* October 27, Brownfield here (Homecoming game).
* November 3, Levelland here.
* November 10, O'Donnell there.

* Conference games.

O'Donnell Rotary Club Re-elects

Marshall Whitsett, president, J. Mack Noble, secretary, and other officers of the O'Donnell Rotary Club were re-elected for the coming year at the election of officers held at the regular meeting of the club Tuesday, D. J. Bolch was appointed to the board of directors succeeding a resigned member.

The club also voted to support J. Ed McLaughlin of Rails for a place on the board of directors of Rotary International.

Plainview Victim Of Tahoka Tigers

The Tahoka Tigers, colored, defeated Plainview Sunday by a score of 16 to 6.

The boys are now certainly rigged up in attractive uniforms, according to reports they give to the News. Business men of Tahoka contributed to the fund, and the boys have requested us to publish the following card of thanks.

"We, the colored boys, surely thank these business men for helping us. Any time we can be a help to them we are ready.—Tahoka Baseball Club."

Misses Billie Lee Burleson, Joann Edwards, and Myrna Dean Gaignat have made reservation in Camp Sunnyside, near Grand Prairie, for a two weeks period beginning June 11.

Tahoka Round-Up Dates Set For August 24-25 This Year

60 Miles Of Wire Strung On Line

The stringing of wire on Section No. 1 of the Lyntegar Rural Electric project is proceeding satisfactorily, according to Garland Pennington, the superintendent. About sixty miles has been strung and the crew is stringing about ten miles per day. It is expected that this job will be finished within the next three weeks or thereabouts. Section 1 proceeds out of Meadow in Terry county eastward throughout the northwestern and northern portions of Lynn county and when completed will consist of 145.6 miles of electric lines. Mr. Pennington was unable to say, however, just how soon the lights will be turned on over this section, but he feels sure that there will be no lengthy delay after the stringing of the wires is completed.

Mr. Pennington also says that the digging of the holes for Section No. 2, which will cover a large portion of the eastern and northeastern portions of Lynn county, will be begun soon. This section will cover much of the territory adjacent to Wilson, Tahoka, Southland, and Post.

Memorial Day Observed Here

Following the decoration of the graves of former service men who lost their lives in the World War and whose remains lie buried in the cemetery here, members of the Marion G. Bradley Post of the American Legion, together with members of the Legion Auxiliary, assembled in the Baptist Church here at 8 o'clock Sunday night for a Memorial service.

According to previous announcement, Jess Eubanks of Lueders, for a long time a citizen of Tahoka and a member of the Post here, was the speaker of the occasion. His address is reported to have been excellent and was greatly appreciated.

The remainder of the program consisted mainly of music, songs, readings, etc., and was very impressive.

The auditorium of the church was crowded to its capacity.

Error Made In Honor Graduates

The News has been informed that we made an error last week in listing students who received awards.

Mary Beth Roddy was given the award as the best Freshman student and Eleanor Dudgeon as the best Sophomore student. We omitted altogether the name of the best Junior student, Hoyt West.

Miss Ida Botkin was not given one of these awards but she was one of the three Home-making students who recently won a trip to the state meeting in Galveston. The other two students winning the trip were Julia Snowden and Icaphe Stephens.

O'Donnell Will Entertain Singers

C. H. Mansell of O'Donnell, president of the District Singing Convention, announces that the convention will meet in the new First Baptist Church in O'Donnell next Sunday afternoon at 2:30 o'clock for a few hours of real musical enjoyment.

The territory covered by the convention is the south half of Lynn county and the north half of Dawson county, and Mr. Mansell says that he expects many singers to be present. He says they expect to have the new Stamps-Baxter books there.

The music lovers of all Lynn county are invited to be present.

Miss Claudia Draper, who is now an army nurse stationed at Riverside, California, is spending her vacation with her parents, Mr. and Mrs. I. M. Draper.

Lawrence Warns Farmers Planting Seed Mixtures

C. A. Lawrence says that many farmers seem to be laboring under the impression that they can mix maize, kaffir, higeri, or feterita seed with cane seeds, plant the mixture and thus comply with the farm program.

Mr. Lawrence says that this does not comply with the program and that any farmer planting the same will not get credit for it as a soil conserving crop. Farmers should be careful to avoid any such procedure, otherwise they will be sorely disappointed later.

Summer Band Available To All

Summer band classes opening Monday of next week will be free and open to the general public. Director J. H. Felts announced Thursday. Citizens of the town are invited to take advantage of instruction. Arrangements are being made to hold all summer practice sessions on the fourth floor of the court house.

Each Friday evening throughout the summer a concert will be given down town.

The complete schedule, for the first week at least, follows:

Monday, 1 p. m., beginners in the reed instruments; 2 p. m., advanced reeds.

Tuesday, 7 p. m., band practice.

Wednesday, 1 p. m., beginners in the brasses; 2 p. m., advanced brasses.

Thursday, 7 p. m., band practice.

Friday, 1 p. m., beginners ensemble; 2 p. m., advanced ensemble; 7 p. m., public concert.

Softball League Will Organize

The News has been requested by some of the business men to announce that a meeting is to be held on the courthouse lawn Friday night to discuss the organization of a soft ball league here.

For several years soft ball was a popular sport in Tahoka but for some reason nobody has taken the lead in starting the ball to rolling this year. Mr. G. W. Simmons, we understand, is calling this meeting at the request of a number of young fellows who are interested.

N. E. Wood Buys Nowlin Interest

Claude Nowlin has sold to his partner, N. E. Wood, his interest in the Tahoka service station, the change becoming effective Thursday of this week.

Mr. Nowlin announces that he has leased a new station now under construction in Tucumcari, New Mexico, and will open it for business just as soon as it is completed, which will probably be about the 10th or 15th of this month.

Claude has been associated with Mr. Wood in the operation of the Tahoka Service Station for about three years. He was reared near Tahoka and has many friends here who regret his removal.

Mr. Wood will retain his present force of helpers in the operation of the Tahoka Service Station.

New Citizen Is Pleased With City

In conversation Tuesday with Mr. Tinnin of the Harrison Watson Dry Goods Company who is conducting a trustee's sale of the Hogan stock of goods here and who is running an advertisement on another page of this paper, he states that there had been a fine response to their bargain offers.

He says the people of Lynn county seem to be in good shape financially and he thinks this is a very fine section of the South Plains.

Citizens Invited To Mass Meeting Tuesday Night

Plans Will Be Completed For Tahoka's Third Annual Celebration

The board of directors of the Lynn County Round-up and Rodeo Association met Tuesday night in the office of Dean Nowlin and discussed plans for the Third annual round-up and rodeo performance in Tahoka, which is to be staged here this summer, August 24-25 was set as the dates for the big show.

The board of directors is composed of Wiley Curry, chairman, Dean Nowlin, Buster Fenton, J. O. Tinsley, and Wynne Collier.

As chairman of the board of directors and president of the association, Wiley Curry will be general manager of the performance. Dean Nowlin is chairman of the Finance committee, Buster Fenton of Concessions, J. O. Tinsley of Rodeo, and Frank Hill of publicity. Other committee chairman will be named later.

As the first step toward preparing for the entertainment, the board of directors decided to call a meeting of all the business men of the town to meet in the courthouse next Tuesday night at eight o'clock to discuss some important questions that have arisen respecting the scope of the performance to be staged this year. It is important that the business men be present and present their views.

Pennington At Co-op Meeting

Garland Pennington, project superintendent for the Lyntegar Electric Cooperative, Inc., last week attended a five-days conference of project superintendents, fifty-four in number, representing as many Cooperatives in Texas, New Mexico, Oklahoma, and Louisiana, which was held in Dallas.

Also present at the Conference were about twenty-five representatives in various capacities of the Rural Electrification Administration with headquarters in Washington, D. C.

The chief purpose of the conference was that the project superintendents might be instructed in their duties and in the details of the R. E. A. work. These conferences ran from about 9 o'clock in the morning until about five o'clock in the afternoon each day from Monday till Friday, Mr. Pennington says, and every phase of the work was discussed and every conceivable question answered by Administration officials and experts.

Mr. Pennington says that he received much information and greatly enjoyed this series of conferences. A number of other project superintendents from the South Plains also attended, including C. C. Fagg of Lubbock, L. W. Chapman of Floydada, O. K. Woodall of Littlefield, and C. W. McLary of Muleshoe.

Mmes. Knight And Stokes Back From Trip On Gulf

Mrs. Gladys Stokes and Mrs. Inez Knight returned last week end from a wonderful pleasure trip which they took on a steamer to Cuba, Puerto Rico, and the Virgin Islands.

Mmes. Stokes and Knight saw and heard and learned so much that is wonderful and strange and interesting about these islands and their teeming populations that no conception of it whatever could be given in a few isolated sentences. They have promised, therefore, to furnish us a series of stories respecting their trip, which we are sure our readers will enjoy.

Fresh Foods Are Health Protection

Austin, Texas June 1.—"It is a matter of vital importance, particularly during the warm summer season, that sanitary measures be applied to prevent the contamination of perishable foods", stated Dr. Geo. W. Cox, State Health Officer. Various intestinal disorders result from food which has in some way been rendered unwholesome. Summer diarrhea or "summer complaint", affecting young and old, is a serious type of stomach and bowel condition. So called "ptomaine poisoning", in nearly all cases, is none other than a food infection due to the presence of food of harmful bacteria or germs.

"Perishable food, if contaminated, endangers human health. This hazard is greater in warm weather, because germs or their products multiply or develop more rapidly at high temperature. Some of the most valuable foods are of perishable nature. Such foods demand the exercise of safeguards. Among well known precautions, which need to be used if perishable foods are to be kept wholesome, are the following:

Some form of modern refrigeration or cooling is necessary to preserve food from day to day. Lack of an effective cooling process causes meat to spoil and milk to contain a dangerously large number of bacteria.

Resort to thorough cooling or boiling is the simplest and yet most useful method of preventing illness of food-borne character. This precaution applies especially to food prepared for infants and children.

Contamination of perishable food is avoided through the constant exercise of cleanliness on the part of those who handle food. Pastries and other food products make a far greater appeal to the consumer or patron if there is an entire absence of flies. Adequate provision for screens and application of every known means of fly and insect extermination are worthwhile."

Mr. and Mrs. Jack Fenton spent a few days at Christoval last week, enjoying the water, the scenery, the crowds, etc.

SCHOOL DAYS

By DWIG

Shelterbelt Covers 442 Miles of West

Wichita Falls, Texas, May 30.—Approximately 442 miles of new shelterbelt was planted this year in 25 West Texas counties, said W. E. Webb, State Director of the Prairie States Forestry Project in Texas. This means that Texas now has about 1525 miles of shelterbelts which will furnish badly needed protection to approximately 150,000 acres of cropland.

The counties that received the 442 miles of new shelterbelts were: Wilbarger, 39; Hardeman, 17; Foard, 9; Childress, 21; Cottle, 18; Hall, 68; Dickens, 8; King, 9; Donley, 80; Wheeler, 55; Gray, 28; Hemphill, 23; Collingsworth, 19; and the balance in Wichita, Clay,

Baylor, Floyd, Hale, Lubbock, Terry, Hockley, Lynn, Bailey, Lamb and Cochran Counties.

Approximately 4,100,000 trees were used for replacement planting.

The success of the shelterbelts, once they are planted, depends entirely on the farmer, said Mr. Webb. We try to furnish good acclimated stock and do a good job of planting but after this the farmer must take care of the belt by giving it good cultivation and protection from livestock and rodents. Unless this is done our time and money is wasted and the farmer loses the use of his land and gets nothing in return. It is essential that all shelterbelt owners see to it that a good job of cultivation is done in order that the owner may realize all of the benefits from the

shelterbelt.

The shelterbelts are already very noticeably influencing the crops and land, said Mr. Webb. The trees in many of the early planted belts have reached a height of 20 or more feet and many farmers have reported reduced soil blowing and crop protection on the lee side.

Farmers last year reported very decided increased crop yield because of the influence of the shelterbelts and this year many have reported that no blowing occurred in the lee of the belt and it was not necessary to reseed the crop one or more times.

POST DISPATCH ISSUES SPECIAL EDITION

The Post Dispatch of our neighbor city to the east came out with eighteen pages last week, filled with news stories and advertisements of business men congratulating the Connell Chevrolet Company on the completion and opening of the Connell Courts and the Courts Cafe, together with numerous photographs of the members and employees of the Connell Chevrolet co., and its buildings.

Ed Warren and Mrs. Bailey are to be congratulated on the content and the attractiveness of this edition. The Dispatch is a livewire

county newspaper published in a livewire town.

Mrs. Jim Banister returned Saturday from Glen Rose, where she had spent a month taking treatment. Mr. Banister says that she seems to be very much improved.

Constipated?

"For years I had constipation, awful gas bloating, headaches and back pain. Adlerika helped right away. Now, I eat sausage, bananas, etc. Anything I want. Never felt better." Mrs. Mabel Schott.

REPORTS FROM THE COUNTY CLUBS

Miss Maurine McNatt, Agent

APPROPRIATE LINEN AND CHINA IS TOPIC OF T-BAR CLUB WOMEN

The term China is popularly applied to both porcelain and semi-porcelain. Porcelain is transparent, semi-porcelain is not transparent and is not satisfactory for dinnerware but is used for breakfast and luncheon. For dinnerware the porcelain is most serviceable.

There are two very good makes of American china, Syracuse and Lenox ware.

The bone china, such as the Royal Delfon from England, is the best made.

In France there is Haviland, which has long held a high place. Much of the novelty china is not china at all because it contains no porcelain.

China should show the personality of the hostess. It should be in keeping with linen and other dining room appointments. On an Italian Mosaic luncheon set one may use Lenox china. On home-spun linen runner, one should choose semi-porcelain.

These facts were brought to the T-Bar Home Demonstration Club by Mrs. Frank Sargent at the regular meeting held Friday, May 26, in the home of Mrs. R. E. Townzen.

Mrs. A. E. Leverett gave an interesting talk on table linens.

The white damask linen tablecloth, she said, is the most favored for dining room, and is nearly always used for dinner.

Linen costs more than cotton but is more satisfactory. Linen is much more beautiful textile than cotton. It launders well, keeps a good color and is easy to iron. It leaves no

stain on clothes. Irish linen has a plain weave and it may be loosely or tightly spun.

Mrs. Paul Johnson gave a demonstration on "Setting the Table." Ice cream and cake were served to Mrs. Hayes and Miss Nowlin of T-Bar, visitors, and fifteen members of the club.

The next meeting will be in the home of Mrs. Bill McMillan on June 9.

MIDWAY 4-H CLUB

(By Mary Louise Rainey)
The Midway 4-H Club girls met with their sponsor, Mrs. R. L. Littlepage, in her home Thursday, May 25, 1939.

We talked about the things we have done in club and some things we could do that we haven't. Each girl is trying hard to make more things than anyone else so she can be the "Gold Star Girl" next year.

We also talked about the plays we are going to put on the last Friday in June.

Members present were: Mary Louise McDonald, Reba Phillips, Clara Lee Henry, Clovis Stephens, Bessie and Mary Louise Rainey.

Definition of a poor business man: One who grows cotton with fertilizer emptied from paper bags, picked in burlap sacks, bales it in jute; buys rayon clothes for his family, and wonders why his cotton sells for so little.

Jim Weatherford came in Wednesday afternoon to spend a few days here on business and visiting among his friends and relatives.

Mr. and Mrs. Lee King have just moved into the new home which they have built in West Tahoka.

The University of Texas has received \$60,000.00 to be used as a trust fund for the handicapped to be named in honor of humorist Will Rogers.

The intensity of the light reaching the earth from all the stars is about equal to that of an ordinary 16-candle-power lamp at a distance of 141 feet.

A Harvard University research fellow has developed a device to measure the speed of light.

Today there are 1,350,000 students enrolled in U. S. Colleges and universities.

Considerable damage was done by hailstorms in the vicinity of Leveland and Littlefield last week.

A new grade school building has just been completed at Seagraves.

Free Shows at New York Fair For Millions

NEW YORK—Millions of "average" Americans, from Maine to California, will close their cottages, bungalows and apartments for brief periods this year and start out for the New York World's Fair 1939. They will arrive by plane, car, bus and some, perhaps, on foot.

About the wonders of the Fair they will have read much. They will expect the utmost of this \$155,000,000 exposition. But the question they are asking now is "what will it cost?"

The answer: They may enjoy virtually all the wonders of the Main Exhibition Area without cost, except what they may spend for food which ranges from 10-cent frankfurters to de luxe swank meals in the cafes.

Every night they will be treated to the greatest free spectacle in exposition history: the \$1,000,000 fireworks and fountain displays which will bathe the 1,216 1/2 acres of the Fair in brilliant colors.

Free Shows Galore

Hundreds of free shows on the grounds will include such varied entertainment as a rocket ship which carries passengers through both space and time to remote planets; thrilling head-on crashes at the automobile proving ground, a model dairy

where 150 prized cows will be milked daily. Industry, science and the nations of the world will offer their wonders and art treasures to the free view of all Fair visitors.

Admission to the grounds will cost 75 cents for adults and 25 cents for children. One day each week children will be admitted for 10 cents.

One of the most elaborate spectacles in theatrical history, Billy Rose's stage and water ballet at the 10,000 seat Marine Amphitheatre, starring Eleanor Holm and 300 dancing and swimming girls, will cost only 40 cents.

The World on Display

Sixty-two foreign countries whose magnificent pavilions face the Lagoon of Nations and the Court of Peace will be open throughout the Fair for free inspection. Here the treasures of Europe, Asia, Africa, Australia and South America will be shown.

A list of the free wonders of the Exhibit Area would fill columns. Some of the highlights are:

The Railroad Building, center of a 6-acre exhibit, containing the most complete miniature railroad ever constructed; a thriving American homestead, complete with cattle, sheep, and chickens, with a singing fountain at the entrance; the most valuable wheat field in the world; a 135-foot schooner in New England's exhibit; the model Town of Tomorrow containing completely furnished homes; The Children's World, a fantastic miniature fair by itself; the House of Jewels where more than \$5,000,000 worth of gems will sparkle. All this and vastly more, may be seen—free of charge.

Practical, Practicable

Practical means that which is adapted to actual conditions; that which experience has proved to be useful. While the others were wondering what to do, Jones took practical steps to stop the leak in the boat. Evangeline was a dreamer, Joan a practical kind of girl. Practicable denotes that which may be practiced, used, or followed with good results. Some solutions to material problems are all right in theory, but are not practicable in actual practice; in other words they cannot be carried out. To leave a room all you need do is to go out by the door—but if the door is locked on the outside that method of leaving is impracticable.

Early Use of Osage Orange

In the early days farmers turned to osage orange for wood to make fellows (or rims) of wagon wheels. Pioneer wives used to make a yellow dye from the wood of the tree, while a tanning mixture can be made from the bark. Indians used the osage as wood for their bows. The tree was called Bois d'Arc (wood of the bow) by the French in the South. So valuable was an osage bow that sometimes a horse and a blanket represented the price of a good one of excellent grain and finish.

Historic Nyon

Nyon is picturesquely situated on the lake of Geneva, Switzerland. It is a very ancient little town, for it was founded by the Romans in 46 B. C. The chateau, which forms Nyon's crowning diadem, was first heard of in 1289, but the main part of the building dates from the end of the sixteenth century.

A nine-pound son was born on Thursday to Mr. and Mrs. W. M. Sewell.

Daniel Daniels underwent tonsillectomy last Tuesday.

Colored School Closing Program

Closing exercises of the colored school were held in the new Negro Baptist Church Monday night.

A number of white folks attended and we have heard much praise of the program from them. They say that every child on the program rendered his or her part with scarcely a "bobble."

The exercises consisted chiefly of short readings or recitations interspersed with music well rendered. The poise and proficiency with which each pupil did his or her part evidenced careful training on the part of the teacher, Paralee Sayles, who apparently is doing fine school work with the colored children of Tahoka. She has been retained by the school board for the ensuing year.

There are about forty pupils in school.

Mrs. L. F. Craft left Wednesday for Abilene, where she will attend Hardin-Simmons University, six weeks of the summer session. She was accompanied by Miss Ruth Evans, her sister who is a teacher in the junior college at Portales, New Mexico.

CITIZENS MILITARY CAMP WILL OPEN JULY 3RD.

E. H. Boullion calls attention to the fact that the Citizens Military Training Camp will open at Fort Sill, Oklahoma, on July 3 and will close August 1.

All young men from 17 to 29 years of age, who are otherwise qualified, are eligible to enter, but application must be made at an early date.

Mr. Boullion is supplied with all the necessary papers. Numbers of Tahoka young men have attended this camp in years past.

If every carload of sugar sold in America last year had been packed in cotton bags, the cotton consumed would have given a day's work to nearly ten million people, or one-third of a year's work to 100,000 people. National Cotton Week is a major event looking toward increased cotton consumption.

For the first time in history, every cotton organization in America is giving active support to a great cotton sales event—National Cotton Week of 1939.

Rev. G. E. Turrentine says he had the pleasure Tuesday night of hearing the oratorio "Creation" presented by students of the West Texas State Teachers' College at Canyon. The chorus consisted of 125 voices and 35 musical instruments, and he declares that it was a magnificent performance.

Mr. and Mrs. A. L. Lockwood are planning to leave Saturday to visit the New York World's Fair. They expect to be gone about a month.

Southern Women Eager to Tell!

"One is bound to be gratified by the enthusiasm of Southern women for CARDUI!" says one of the Touring Reporters now conducting a Query in Southern cities. "Of the 1297 CARDUI users we have seen so far," she said, "1206—or 93 out of every 100—said it definitely benefitted them!" CARDUI's remarkable success in helping weak, rundown women who suffer from headache, depression, nervousness, and other symptoms of functional dysmenorrhea due to malnutrition, is explained by the way it promotes appetite and digestion, and so builds physical resistance. Try CARDUI!

**"FATHER" GABRIEL PLAYS
WITH FIRE**
During the "Catholic hour" Sun-
day afternoon we heard one "Fath-
er Gabriel" who came from away up
North somewhere deliver a harangue
on the terrible plight of the Negro
race in this country.

After using up considerable time
and breath in an apparent effort to
convince somebody—we don't know
whom—that the Negro is a human
being, he laid down his next propo-
sition that all men, therefore, re-
gardless of race or color, are
equal and should be granted the
same political rights, be allowed to
move in the same social circles, et
cetera.

Then in sanctimonious tones, he
began to enumerate a long list of
injustices that are being done the
Negro in "some sections" of this
country.

In these sections, he asserted,
the chief concern of the white
people seems to be to keep the
Negro "in his place".

Quoting somebody to the effect
that perhaps one-third of all the
people of this country have some
degree of Negro blood in their veins,
he bemoaned the fact that in some
states intermarriage of the whites
and blacks is forbidden by law.

Personally, he advised them not
to intermarry but criticized the law
that prohibited their doing so.

Furthermore, in some sections of
the country, the Negro is not per-
mitted to attend the same school
nor the same church with the
whites, and different compartments
are provided for him on railway
trains and in rest rooms in public
buildings. How tragic!

In some sections, a Negro is not
allowed to build his home in a
white neighborhood but must live
in a segregated section of the city.
Even in Chicago, a wealthy Negro
who persisted in building his home
alongside that of a white man suf-
fered the misfortune of having his
home bombed seven times. How
awful that Negroes are not permit-
ted to build their homes around
mine and yours if they choose!

In some sections, the Negro's
ambition to climb upward is re-
pressed. He is not allowed to enter
and practice the professions along
with his white brothers, is not al-
lowed to hold office, and, horror of
horrors!, his right to vote is fre-
quently curtailed.

And so on and so on.
"Father Gabriel" wound up by
hinting that some day the Negro
race may rebel against all this in-
justice and attempt to set things
right by force and violence.

"Father Gabriel" may be a good
man, but he and others of his ilk
are merely breeding trouble for the
Negroes of this country.

There are men, North and South
and East and West, who will not
hesitate to mistreat a Negro, or a
member of any other race as for
that matter, when they can profit
thereby, and some do it just out of
mere cussedness and racial anti-
pathy. All such should be punished.

But the injustice that is being
done the Negro does not consist in
the fact that in many states
Whites and Negroes are forbidden
by law to intermarry, nor that
separate schools are provided for
the two races, nor that custom or
local sentiment requires each race
as a rule to attend its own church-
es, nor that social equality is denied
by the white people to the Negroes.
These laws and customs are based on
fundamental racial differences that
can not and should not be ignored.
And when "Father Gabriel" and
others begin to advocate social
equality and the right of a Negro

man to marry a white woman or a
white man to marry a Negro wo-
man, they are playing with fire.

And, as a matter of fact, the
Negro is probably treated as well
in the South as in any other part
of the country. It is true that they
are not petted and pampered here
for political reasons as they are in
the North and East, but when it
comes right down to everyday living
they are usually accorded fair treat-
ment.

We do believe, however, that the
people of Texas and the South
should provide the Negroes with bet-
ter educational advantages. We
should be so generous and fair to
them that nobody could justly
charge us with being negligent or
derelict in this respect, and we
should mete out certain punish-
ment to any white man who de-
frauds or unlawfully abuses in any
way a member of the Negro race,
not only as a matter of justice to
the Negro but in order to shut the
mouths of a bunch of "holier-
than-thou" critics of the South
who reside in other parts of the
country or who have recently mov-
ed in among us. If "Father Gabriel"
represents the attitude of the
Catholic Church on this intermar-
riage business, it need not expect
many recruits in this part of the
country—not even among the good
Negroes themselves.

There are any number of gentle-
men at Austin during every session
of the legislature and a few in be-
tween sessions who send out copy
each week to the weekly newspapers
of the state purporting to give the
low-down as to what is happening
at Austin. Some of them make a
small charge for their stuff, others
send it to be used free. Most of
them have some axe to grind,
especially those who send out free
copy. A lot of this stuff is filled
with thinly-disguised propoganda
for this, that, or 't'other. The nat-
ural inference is that they are
being paid by some special interest
to send out this stuff. Some of
them have been candidates for
office themselves and are probably
expecting to be candidates again,
and they are hoping to profit polit-
ically. We therefore never use
any of this free stuff. Many papers
do and thereby make a catspaw of
themselves to pull somebody else's
chestnuts out of the fire.

TRAINING FOR CITIZENSHIP

Recently we had something to
say editorially about the need for
Uncle Sam to compel foreigners in
this country to take a course in the
fundamentals of our government to
prepare them for citizenship. We
stated that many immigrants to
this country come with confused
and distorted ideas as to our form
of government. We might have
added that many who are brought
here as children or babes remain
ignorant of these things throughout
their lives.

When the Terry County Herald
arrived that same week, we found
that the editor, Jack Stricklin, had
just contacted such a case as we
had been talking about. Jack had
just attended a session of the Fed-
eral Court in Lubbock at a time
when applications of foreigners for
naturalization papers were being
heard by Judge Whit Davidson.
Some of the applicants showed a
commendable degree of intelligence
and familiarity with our system of
government. But others—well, we'll
quote from Jack's own account of it:

"But there was a case or two be-
fore that in which we were a wit-
ness, and being in the same room
could not help hearing the exami-
nation. We just wondered if there
are any natives that had as little
knowledge of the laws and con-
stitution of our country as one
especially displayed. He didn't know
who was president, nor what part
Tom Connally and Morris Shepherd
played in our government, nor did
he know who represented us in con-
gress, nor what form of government
we are under. And of course he
knew nothing about congress being
the law making body, the president
the man to execute the laws, or that
the supreme court was to pass on
their constitutionality. Had he not
had two well versed ex-Germans
with him for witnesses, we doubt if
he would have made the grade.
Here is our idea of the applicant:
We believe he is a good, law-abid-
ing citizen, a hard working man
who probably pays all his honest
debts. But he is a man who comes
in from the farm tired at night,
feeds his stock and poultry, eats
his supper and immediately retires.
He has no time, he thinks, to
spend on reading papers, magazines,
etc. No doubt his neighbors will go
to some trouble now to teach him
something about the country he has
lived in, according to his own testi-
mony, since a baby, and he is now
a man of 54 years."

Of course the above is an extreme
case, for most Germans in this
country are highly intelligent and
are as well versed in the fundamen-
tals of our government as are a
majority of Native-born Americans.
But there are hundreds of thou-
sands of immigrants in this coun-
try, especially those who have been
here only a few years and those
who have come from Southern
Europe, who know little more about
our governmental system than did
the fellow that Jack told us about.
Such men are not prepared for citi-
zenship. The Government should
so amend its laws as to compel
them to prepare or be deported, for
ignorance is the fruitful soil in
which communism and fascism
thrive.

**ALL THE GOLD
IS IN KENTUCKY**

Some people wonder why nearly
all the gold of the world is in a
hole on a hill in Kentucky. At the
same time they wonder why the
world is not buying cotton, wheat,
corn and meat. They wonder why
the manufacturers of America have
grown rich and at the same time
the farmers have grown poor.

Well there is little or no mystery
about it. During the Halcyon days
of cotton, wheat and corn markets,
we forced the foreign nations to pay
gold for everything they bought of
us. They did this until all their
gold had been buried in that Ken-
tucky hill. The reason they couldn't
buy any more, they had no
gold to pay for it. We wouldn't let
them trade in their manufactured
products for cotton and other stuff,
because it might interfere with the
manufacturers' getting rich and at
the same time making the farmers
poor.

These foreign nations are rapidly
learning to do without gold or our
cotton and other products of the
farm. They are either raising their
own cotton and other stuff or sub-
stituting them with artificial stuff.
Until our tariff walls crumble, and
our people learn common sense in
their dealings with foreign nations,
most all the gold of the world will
lie idle in a hole, and our commerce
will continue to rot. After a few
timely funerals, maybe we mortal
fools will wake up.—Uncle Bill in
Sterling City News-Record.

News office.

In view of the fact that the
Medical Profession has recently
given to the world a remedy that
has already saved the lives of
thousands from the deadly effects
of pneumonia, it seems somewhat
strange that Dr. Charles Mayo, one
of the world's most eminent physi-
cians, should himself fall a victim
of this dreaded disease. In spite of
the virtues of sulfaopyradine, he was
compelled to yield to the stern
decree of death. Truly, the paths of
knowledge and skill and wisdom
and wealth, as well as the paths of
glory, lead but to the grave.

Mr. and Mrs. Harlan Cook spent
their vacation last week at Christo-
val.

**FACTS
FAVOR
FORD**

- The 1939 Ford V-8 is a beautiful, modern motor car. Its 85-horsepower engine gives you economical, well-balanced performance over the entire speed range—and the 60-horsepower engine is even more economical.
- The structural strength of the Ford car—frame, bracing, axles, body—makes not only for safety, but durability and long life.
- Ford hydraulic brakes are exceptionally large and strong in proportion to car weight.
- The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

These four points—power, strength, safety, comfort—are by far the most important essentials in any motor car. They form the basic value of your investment.

With this solid foundation to build on, the Ford V-8 has been made beautiful, spacious, easy to drive. It is richly upholstered and has all the modern features which add to the luxury and pleasure of motoring.

You can see these things when you take a trial drive, but do not forget that the main value is in the things you do not readily see—quality of materials, precision of manufacture, fundamental engineering.

CENTRAL BAPTIST W. M. S. GUESTS OF TAHOKA WOMEN

Central Baptist W. M. S. members were guests of honor when the Tahoka Baptist W. M. S. held their Fifth Monday social in the home of Mrs. E. I. Hill Monday afternoon, May 29.

Mrs. Garland Pennington Tahoka W. M. S. President welcomed the guests and Mrs. J. H. Kuykendall Central W. M. S. President opened the meeting with prayer, after which Mesdames K. R. Durham and Homer Harrison directed a "Get-acquainted" contest. Other lively games, with several clever and interesting readings given by little Miss Joann Thomas of Grassland, making up an afternoon of fun and good fellowship which we wish could come oftener.

Mesdames Sam Holland, Belton Howell and James Connolly served iced punch and cookies, with a floral plate favor to the following: Mmes. R. B. McCord, M. C. Thomas, Folsom, J. H. Kuykendall, and Mrs. R. L. Baker from Birmingham, Ala., Garland Pennington, George A. Dale, P. W. Goad, E. J. Cooper, W. O. Robertson, C. C. Barnes, E. N. Weathers, Charlie Curry, P. A. Nowlin, J. H. Felts, K. R. Durham, Homer Harrison, Liff Taylor, Skip Taylor, Chester Connolly, H. B. McCord, Carlice Edwards, Carl Owens, H. L. Roddy, J. L. Nevill, J. L. Reese, Douglas Henderson, Sam Holland, Belton Howell and E. I. Hill and Miss Mary Seroyer.

METHODIST W. M. S. HOST TO BROWNFIELD WOMEN

The Methodist Missionary Society entertained Brownfield friends in the hospitable home of Mrs. E. Prohl on May 22.

Mrs. Fred Bucy directed games and all enjoyed a fellowship afterwards. A fine spirit of neighborliness is created in these meetings, and they help us to know and love our fellow workers better.

Those attending from Brownfield were: Mmes. Fred Seals, J. F. T. Cox, W. F. House Pete Crump, J. W. Hendrix, Harry Longbrake, J. H. Carpenter, B. L. Thompson, Jesse Cox, Jim Jackson, J. R. Arnott, and Eula Hughes.

Refreshments consisted of fancy sandwiches, cookies, and punch.

After the Brownfield ladies left the Tahoka ladies had a short business meeting in which they showed their appreciation of Mrs. Welch by surprising her with many useful and beautiful gifts.

The Tahoka ladies present were: Mesdames Roy Poer, C. A. Thomas, A. I. Thomas, W. D. Smith Sr., W. M. Mathis, D. T. Sanders, Ben Hardy, J. B. McPherson, James Clinton, W. C. Mathis, Sr., R. C. Wood, A. C. Weaver, C. O. Carmack, Francis Gill, W. Jack Welch, W. S. Anglin, Douglas Finley, Jessie Cheatham, R. H. Gibson, G. E. Turrentine.

MRS. BARTLEY ENTERTAINS WEST POINT H. D. CLUB

The West Point H. D. Club met at the home of Mrs. C. E. Bartley at 3:30 p. m. May 24.

Miss Maurine McNatt discussed linen, china ware, and table decoration. Dishes which are to be used for all purposes should be chosen with great care and should be of a kind that you can easily add to. Refreshments were served.

The nine members present were: Mesdames C. Gillespie, Bob Rusk, Cody Bragg, H. R. Tankersley, Bland Ramsey, A. D. Schaffner, and Miss Altha Wayne Jennings, and as a new member, Miss Ruth Gillespie.

The meeting on June 7 will be in the home of Mrs. Cody Bragg.—Reporter.

Remember the school of instruction in first aid, for young and old, begins next Monday night at 7:45 o'clock, at the Boy Scout Hall in the old Central Ward School building. Instruction will be given by a competent physician, free of charge to you.

Egg Marks The Spot, Officer

Patrolman Harold Nickerson of the Detroit Police put his ticket book away when Betty Dane, Wayne University student, explained that her driving with an egg was only part of a sorority initiation stunt. She did it, too, without breaking the egg, by using a Chevrolet, in which vacuum from the motor supplies nearly all the power necessary in shifting gears with the new steering column shift lever.

CHURCH OF CHRIST

In the long ago "the Sweet Singer of Israel" exclaimed, "When I consider the heavens, the work of thy fingers, the moon and the stars which thou hast ordained; what is man, that thou art mindful of him? and the Son of Man that thou visitest him?" (Psalms 8:3-4) Some so-called "scientists" would have us believe that man is merely mind and matter, but the Bible teaches us that man possesses a soul given by "the Father of spirits", and that we are the offspring of God. The Bible also instructs us to turn away from "profane babblings and the opposition of science falsely so called". (1 Tim. 1:20). All true science runs parallel to Bible truths.

The subject of the sermon next Lord's Day morning will be, "What is Man?"

"Facts Concerning Baptism", will be the subject for discussion Sunday evening at 8:15.

The training class for young people meets at 7:15.

Classes for Bible study begins promptly at 10:00 o'clock.

Come and bring your friends; a hearty welcome awaits you, also an opportunity to learn more of the Creator of all things and His will toward man.—J. L. Nisbett.

COUPLE WED HERE SUNDAY

Charley Henderson of Kermit, son of Mr. and Mrs. H. J. Henderson of Redwine, and Miss Jean Peberworth, who has been staying in the home of Mr. and Mrs. Roy Young, were united in marriage here Sunday, Rev. C. F. Dyke officiating.

The couple have gone to Kermit to make their home, Charley being engaged in the cafe business there.

Free! Free! You may get scientific instruction in first aid, free of charge, by attending the lectures to be given by a physician sponsored by the American Red Cross at the Boy Scout Hall beginning next Monday night.

Mrs. Jake Warnick and little son J. Q. spent a few days here this week visiting her parents, Mr. and Mrs. George Small, assisting Wednesday night in the installation of O. E. S. officers here.

Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels. It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

Thank You!

Friends of the community: We wish to take a small space here in your local newspaper, The Lynn County News, to express our thanks for the reaction we received upon the opening and continuation of our huge Trustee Sale.

In most parts of this territory we have received plentiful rainfall and everyone is feeling prosperous, so come in and enjoy buying your merchandise at a saving. We sincerely hope your patronage continues.

See our space in another place in this paper for a few of the weekend bargains.—Harrison Watson Dry Goods Co.

Rev. and Mrs. George E. Turrentine and children went to Canyon Tuesday for the closing exercises of West Texas State Teachers College, in which institution their daughter, Mary Jane is a freshman student.

Mr. and Mrs. A. H. Raborn moved into their new home Monday, which they recently purchased from Mr. and Mrs. George Hogan Jr. The interior of the home has been redecorated throughout.

Would you know what to do for your child in case of a serious accident? You may learn by attending the Boy Scout school of instruction starting Monday night at the old school building. It costs nothing.

An Old Age Receipt

Methuselah ate what he found on his plate
And never as people do now,
Did he note the amount of the calorie count,
He ate it because it was chow.
He wasn't disturbed as at dinner he sat,
Destroying a roast or a pie,
To think it was lacking in granular fat,
Or a couple of vitamins shy.
He cheerfully chewed every speck of food,
Untroubled by worries or fears
Lest his health might be hurt by some fancy
dessert.
And he lived over nine hundred years.

Proper control of water is necessary to prevent soil erosion and to insure successful crops, the Soil Conservation Service says. Straight rows up and down slopes (shown at top) serve as miniature drainage ditches which allow water to flow off land where it falls. This rushing water is taking a heavy load of valuable topsoil and is being lost for use in growing crops, to say nothing of adding to flood danger downstream. Contour rows (shown at bottom), strengthened by terraces where necessary, hold practically all the water on the land. This insures even crop stands, better yields, prevents soil losses and gullying and trends to check flood damage.

Lee Has Photo Of Five Generations

Our city marshal, W. M. Lee, was exhibiting to a few of his friends Tuesday a group photograph of which he was very proud. The oldest member of the group is his mother, Mrs. Elizabeth Lee of Stephenville, who is 97 years of age. Next oldest was her daughter, Mr. Lee's sister, Mrs. E. E. Weathers also of Stephenville, 69; then her daughter, Mrs. Ethel Hammonds, the latter's son Jack Hammonds, and his little daughter, Barbara about a year old, all of Dallas—five generations.

Although not in the best of health, it is hoped that Mrs. Lee will succeed in rounding out a full hundred years before the final call comes. Mr. Lee says she has been a resident of the Stephenville vicinity for 62 years. She is not only the mother of our own city marshal but also of the late chief of police of Fort Worth. Mr. Lee thinks she is the greatest woman in the world, and of course he is just about right.

H. J. Henderson and daughter, Miss Lola Belle, and Mr. and Mrs. Harley Henderson attended the funeral services of Mrs. Frank Mingus at Hico Monday. Mrs. Mingus was a niece of Mr. H. J. Henderson. She died in a hospital in Dallas Sunday. Miss Lola Belle returned from here to Kermit Wednesday, where she is now employed.

Mrs. Fannie Bartley returned last Friday from Muleshoe, where she had spent a week visiting her daughter, Mrs. T. H. Murrah.

Miss Floyce Sherrod underwent tonsillectomy in a Lubbock sanitarium last Friday. She recovered nicely from the operation.

CHEER UP BIG BOY, DON'T BE SICK ALKA-SELTZER DOES THE TRICK

Why don't you try Alka-Seltzer for the relief of—
HANGOVER

Stomach Gas, Headache, Acid Stomach, Colds, Neuralgia, Fatigue, Muscular, Rheumatic and Sciatic Pains?

Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylic), a Sodium Salt of Aspirin which relieves pain and discomfort, while its vegetable and mineral alkalizers help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

At your drug store, at the soda fountain, and in 30c and 60c packages for home use.

BE WISE-ALKALIZE!

Legionnaires Attend District Meeting

Tahoka was well represented at the district meeting of the American Legion and also of the Auxillary held in Plainview last Saturday night and Sunday.

Delegates to the Legion meeting were Messrs. Aubra Cade, J. B. Oliver, Sam Holland, and Jim Dye. Delegates to the Auxillary meeting were Mrs. R. L. Richardson, J. B. Oliver, R. C. Forrester, and Sam Holland.

In conversation with a representative of the News, Jim Dye declared it his opinion that this was the best district meeting he had ever attended.

Charles Whitacre of Lubbock was elected district commander for the ensuing year, succeeding Jim Wilson of Poydada. John Scott of Plainview was elected vice commander.

Mrs. E. R. Anderson of Plainview was elected district committeewoman for the Auxillary and Mrs. R. L. Richardson of Tahoka was re-elected assistant.

W. E. Smith of Tahoka was named as head of the committee on convention city, and Lewis Robinson of O'Donnell as a member of the legislative committee.

Seagraves was chosen as the next meeting place.

INSECT DIALOGUE

This ditty is credited to banker Al Lemond by the American, published in Hale Center:

"A flea and a fly were trapped in a flue.
Said the flea to the fly, "What shall we do?"
Said the fly, "Let us flee!"
Said the flea, "Let us fly!"
So they flew through a flaw in the flue."

You are invited to employ 45 minutes of your time each or any night next week except Saturday night learning what to do in an emergency to save the life of your child or other person. Instruction given at the Boy Scout Hall by a competent local physician. It costs you nothing but your time.

Prompt Help For A Listless Child

Scolding won't help a boy or girl who is listless, dull or cross from constipation. But, here's something that will!

If sluggish bowels have your child headachy, bilious, upset, give him a little Syrup of Black-Draught to-night. Like the original famed BLACK-DRAUGHT, its principal ingredient is an intestinal tonic-laxative. Helps impart tone to the bowel muscles.

Children like the taste of Syrup of Black-Draught. It is an all vegetable product. When simple directions are followed, its action is gentle, but prompt and complete. Comes in two sizes: 50c and 25c.

Insects Have Own Tools to Bore Holes in Wood

Insect egg-laying requires many tools, of which some are surprisingly like man-made tools. The Sirex saw-fly, for example, says a writer in Pearson's London Weekly, uses a gadget very like a gimlet, with which it bores holes in wood to house its eggs. Another type of saw-fly has at its tail two tiny saws fitted with sheaths. These cut slits in stems or leaf veins in which the eggs are placed.

The ichneumon fly works hard for an hour to drill a hole more than an inch deep in tough wood.

And the ichneumon fly is well aware, in a way mysterious to us, that it will strike a grub in the wood on which to lay its egg. Its young will then have living food to eat when they are hatched.

Also there is a locust which lays its eggs in the earth by boring the soil with a tool like the cobbler's awl, and working on the same principle.

The hypodermic syringe of the surgeons injects fluid under the skin; so does the sting of an insect. Actually, when we knock the bee off our skin, his stings, and part of his body, are left behind. Consequently, the bee soon dies. And that is why it was thought bees could sting once only.

But, given time, the bee can remove his sting and fly off to do more damage with it. The remarkable apparatus he uses to inject poison has barbs which attach it securely to our flesh.

The wasp, as it happens, stings a caterpillar, not to kill it, but to paralyze it—as by our anesthetics.

Pioneers in Smoking

The Encyclopedia Britannica says that the introduction of the tobacco pipe to Europe is generally ascribed to Ralph Lane, first governor of Virginia; in 1586 he brought an Indian pipe to Sir Walter Raleigh and taught that courtier how to use it. Another authority, "The Social History of Smoking," says that the honor of having first smoked a pipe of tobacco in England is divided among several claimants, Captain William Middleton, Captain Price and Captain Koet having smoked together in London. The same author states that pipes were smoked in England before 1584, the plant having been introduced into Europe about 1560 and been under cultivation in England by 1570. Raleigh first brought the practice of smoking into common use and it is probable that he was initiated in the art by Thomas Hariot, whom he had sent out to Virginia for the specific purpose of inquiring into and reporting on the natural productions, including of course tobacco.

Growth of the Flea

Fleas, like all insects, go through stages, from egg, through grub and pupa, to adult insect. The grub feeds on the bodies of dead beetles and other stray animal matter. Then it turns to a pupa, which never eats, but just lies in the dust, in cracks and crevices in the floorboards in houses. It is very sensitive to vibration. Directly a footstep touches those boards, the vibration makes all the pupae wake up and hatch out. From each pupa a hungry flea.

Gorge Sees Only Noon Sun

Only at midday does the sun ever peep into the bottom of Indian pass, that narrow, mile-long gorge cut deep through solid rock between MacIntyre and Wallace mountains in the heart of the Adirondack wilderness a few miles southeast of Lake Placid. Called by the Indians "Hendowawa," the Path of the Thunderer, Indian pass is one of the scenic marvels of the Adirondacks. Its walls rise straight up over a thousand feet. On the western (Wallace) side the perpendicular rock face rears itself 1,300 feet into the air. Near the middle of the pass, high up on MacIntyre, are two small springs, so close together that their waters almost intermingle. Separating a few feet farther down, they flow on to the bottom of the pass in two little rivulets. One rivulet finds its way south to the headwaters of the Hudson river, while the other heads north where eventually its sparkling content mingles with the mighty St. Lawrence.

Mud, a Strange Export

One of Czechoslovakia's strangest exports is mud. The mud is of a very special quality, for it is that of Piestany and other famous spas and contains radium, silica, iron, calcium and other healing minerals. There, at Piestany, the mud, known as "fango," can be dried and made into cubes and poultices, without loss of its health-giving qualities. So dehydrated, it is exported all over the world for the treatment of rheumatism, gout, sciatica and other ailments. The greatest springs for the cures at Piestany rise on the bathing island in the River Vah. These well up through fissures in the rock strata, the water having a temperature of about 140 degrees.

Sermon Repeated for Sleepers

In older days clergymen preached long sermons and demanded more of their flock than do those of today. One such preacher had most of his audience asleep, but they all woke up toward the close and got ready for the closing service when the preacher announced "that, as they were all awake, he would repeat his sermon, hoping now to be heard!"

REDWINE-DRAW WOMEN HELPING THE ORPHANS

The News is informed that the women of the Redwine Baptist Church assisted by a number of Methodist women of the communities of Redwine and Draw are preparing to send another big box of quilts and clothing to the Buckner Orphans Home.

For some time these women have been quilting quilts and gathering clothing to be sent to the orphans, and some of the Baptist women who were here a few days ago were highly praising the Methodist women for the fine manner in which they had assisted. The Baptists indicated that they would be glad to reciprocate when opportunity may arise.

Thus these women are showing to the world how Christians can cooperate in good works whether they agree on all doctrinal points or not.

MIDWAY H. D. CLUB

The Midway Home Demonstration Club met to study, "Table Service", May 25, with Mrs. Otis Curry.

Table decorations, appropriate linens and china and setting a table was discussed.

Decorations should be in keeping with the nature of the meal, a well set table perfect in balance and order requires little table ornamentation.

Simplicity is a good taste for all linens, as decorative types of linens are as changeable as fashion of dress.

Novelty china is suitable only for occasional use rather than general use, therefore the china with a small conventional design and of all purpose ware is preferred.

The setting of a table naturally depends on the style of serving.

There was twenty different kinds of vegetables and plants brought to the garden show at this meeting.

Members present were: Mrs. Rufus Slover, I. M. Draper, Howard Draper Sam H. Floyd, Pete Curry, Curtis Driver, K. W. Phillips, John Thomas, Alice Duncan and Otis Curry.

Visitors present were Miss Imogene Williams, Mrs. Ott Patterson, and Mrs. Farris Stephens.

The next meeting of this club will be with Mrs. Sam H. Floyd June 8.

MUSIC PROGRAM EACH SATURDAY

Miss Maurine McNatt, county home demonstration agent, suggests that if practical, they listen to the National 4-H Music hour which comes over the National network on the first Saturday in each month from 11:30 to 12:30 o'clock, noon.

The next program will be given on Saturday of this week and will be as follows: Stars and Stripes Forever, Sousa; Barcarole — from the Tales of Hoffman, Offenbach; Anita's Dance, Grieg; Traumerli, Schumann; God Be With You Till We Meet Again, Tomer; On the Road to Mandalay, Sparks; Land of Hope and Glory, Elger.

CLOTHES CLOSET DEMONSTRATION GIVEN

The West Point 4-H Club met in the home of Ruth and Pauline Gillespie, Wednesday, May 24, at 9:00. We checked their clothes closet.

The closet is about 4 feet wide 6 feet deep and 6 feet high. It has nine shelves for folded garments and plenty of room for clothes and shoes. It also has a large compartment overhead for storing quilts.

Refreshments were served to Dorothy Rusk, Bernice Bartley, Mable Brown, Ila Mae Schaffner, Pauline and Ruth Gillespie, and the sponsor, Miss Altha Jennings.

The next meeting will be in the home of Ila Mae Schaffner on Wednesday, June 7, at 9:00.

Mrs. Clyde Jones and her daughter, Mrs. Ivan Cathcart, accompanied by Mrs. Otis Buchanan of Amarillo, spent most of last week at Montalba near Palestine down in deep East Texas visiting Mrs. Jones' daughter, Mrs. Maxine Auld, and her husband. This was Mrs. Cathcart's first visit to the piney woods and she says that she greatly enjoyed the scenery as well as the visit.

Mr. and Mrs. Edd Hamilton left Monday to spend the week visiting his parents at Waco.

WELLS 4-H CLUB REPORT

All clothes not in use should be folded and wrapped in newspaper, Miss Wanda Jean Tyler told the Wells 4-H Club at her home Thursday, May, 22, at 9 A. M.

If clothes are wrapped in newspaper the moths will not bother them, because they do not like the printers ink. Do not leave unused clothes hanging in closets because the clothes hangers will stretch them out of shape.

Those present at the meeting were: Billie Louise Etter, Geraldine Askew, Emma Jo Hinkle, Wanda Jean Tyler, Margaret Barrett, Clota Rae Jones, Mary Lou Lindly, George Lou Lindly, Reba Watson and the sponsor, Mrs. Virgil Bolch.

The next meeting will be held at the home of Miss Geraldine Askew Thursday, June 1, at 9 A. M.

REVIVAL AT EDITH

Old-time revival beginning at Edith school house Thursday night, May 25th, at 8:00 o'clock. Evangelist Clara Newton doing the preaching, Rev. J. H. Owens, pastor of the Assembly of God Church of Tahoka assisting. We urge everyone to attend.

Our community is what we make it.—Psalm 122-1.

Miss Ruth Raborn, daughter of Mr. and Mrs. A. H. Raborn, was awarded her diploma as a graduate of the Classen High School in Oklahoma City on Tuesday of last week and came to the home of her parents here the latter part of the week. She was accompanied by her sister, Miss Jane Raborn, who had gone over to attend the commencement exercises and accompany Miss Ruth home. Miss Ruth majored in journalism and was editor of the Classen High School paper the past year. She is very much interested in newspaper work and naturally drifted into the News office this week to get acquainted.

DAREN'T START DRY

EVEN if this camel holds records for going without more drink, could he last if he had to start dry? Your car and your engine oil can't last either if you keep starting dry this Summer.

You can't help it with any oil that always drains down to the crankcase completely. But you can certainly help it by getting your engine OIL-PLATED.

NEVER all down in the crankcase, no matter how long you park, OIL-PLATING is lastingly close-knit to inner engine surfaces by the action of Conoco Germ Processed oil—patented. Its strong "power of attraction" fastens non-detachable OIL-PLATING throughout your engine. Does chrome-plating drain down? Neither does OIL-PLATING. Therefore in advance of starting, it's ready to slide every working part into easy motion, without rasping dryness. And "since OIL-PLATING doesn't fly off or fry up it helps your engine to shatter the record for going-without-more oil. That's why to OIL-PLATE today with Conoco Germ Processed oil, at Your Mileage Merchant's. Continental Oil Co.

CONOCO CONOCO GERM PROCESSED OIL
OIL-PLATES YOUR ENGINE

EASTERN STAR OFFICERS PUBLICLY INSTALLED

In a public ceremony in the Masonic Hall Wednesday evening, the local Chapter Order of the Eastern Star installed the following officers for the ensuing year: Julia Maasen, Worthy Matron, C. H. Cain, Worthy Patron, O'Berá Forrester, Associate Matron, W. E. (Happy) Smith, Associate Patron, (to be installed later), Annie Laurie Hanes, Conductress, Helen Walker, Associate Conductress, Mile Hill, Secretary, Annie Forrester, Treasurer, Iva Turrentine, Marshal, Grace Clinton, Chaplain, Beulah Applewhite Organist, Pearl Reddell, Adah, Minnie Davis, Ruth, Ava Roddy, Esther, Meia Tankersley, Martha, Rosemary Nelms, Electa, Birdie Fulkerson, Warder, and Sue Cain, Sentinel.

The ceremonies were opened by Mile Hill, retiring Worthy Matron, who welcomed the visitors and spoke briefly of the organization and purpose of the Order, after which she announced those who had been appointed to conduct the installation of officers: Pheme Cade Installing Officer, Alcoe Warnick, Marshal, Lady Stewart, Secretary, Sue Cain Chaplain, Marjorie Wells, Organist.

As the impressive ceremonies were being conducted by those in charge a bevy of beautifully dressed young girls, most of whom were daughters or grand daughters of Eastern Star Members, joined in honoring those who were being installed, and this, added to the beauty of the hall with its profusion of Spring flowers and its softly shaded lights made a scene

long to be remembered but hard to describe.

Closing the service Mrs. Daniel Davis sang "Dear Lord, Forgive", while little Miss Jeannine Smith presented each officer with a rose.

Mrs. T. A. Gilson of Lubbock and Mrs. Roy Walker of Lamesa were here Sunday visiting their parents, Mr. and Mrs. L. E. Weathers.

More than 100,000 retail stores are scheduled to participate in National Cotton Week—the biggest sales event that cotton has ever experienced.

Mrs. H. B. Cox of Goodrich, Kansas, left Thursday after a week's visit here with her daughter, Mrs. Fred B. Hegi.

Indians' Names Serve as a Part of Their Record

Indian children have an infant name for identity, and an "earned" name, usually acquired in the teens, which is given for outstanding achievement or personal idiosyncrasy. A third name is usually given, called a "dream" name, when the recipient has dreamed of his guardian in the spirit world. The name by which he is best known, however, is the second or "earned" name.

An infant Indian name is not associated with any family, as we use a surname, but merely puts a temporary little tag on the child, according to a writer in the Washington Star. It is often rather amusing, such as the name "Two Ways," given an Indian toddler because he went first to the right, then to the left when learning to walk.

When in his teens an Indian boy may distinguish himself with the bow and arrow. Perhaps his aim is so fine that he may hit a mark expertly, even when aiming over his shoulder to the rear; in this case, he will surely be given the achievement name of "Aims Back." Every one will thus know of his cleverness.

Since the American Indians are forced to live in a modern world, full of white people, with names chosen in a different way from their own, many of them have prefixed American names to their own for convenience. So we find such names as Tom Day Rider, Charles Ironbreast, and Mike Little Dog among the Indians.

ELDER DRENNON'S NOTES

Life is a journey, battle, race, and problem, and the only way to successfully solve it is to get help from above; and the one book that has all the directions we need in making the journey is the Bible. But in order for the Bible to be of much help we must know how to rightly divide it.

The Bible is not just one book but a library containing sixty-six books, written by some forty men over a period of fifteen hundred years.

There are three dispensations: Patriarchal, lasting from Adam to the giving of the law at Mount Sinai; next, the Jewish, from the giving of the law to the death of Christ on the cross (Col. 2:14); and the third, the Christian, beginning at Pentecost (Luke 24:47, Acts 1:15) and will last until Christ returns to judge. Of course all understand we are under the last.

What a fine thing if all religious people would be satisfied with the Bible only as their guide book; but it seems that man is not satisfied with God's plan of life but wants to direct it his way; but it is as Solomon says in Proverbs 14:12: "There is a way which seemeth right unto a man, but the end thereof are the ways of death", and as Jeremiah says in Jeremiah 10:23 "Man does not know how to direct his way unaided."

As we make this journey but once and our eternal welfare depends on that one journey, how serious a matter it is that we make it right. I am so thankful God has revealed this plan and made it so plain that no one need miss it. Sinner, if you would become a believer, read Matthew, Mark, Luke and John. If you want to know what to do to be saved, read the Acts and the twenty-one letters written by Paul, Peter, James, John, and Jude and follow their instructions, and you can safely make Heaven your home regardless of what preachers may say.

A prescription for everyone: "If you are impatient, sit down quietly and talk with Job. If you are just strong-headed, go and see Moses. If you are getting weak-kneed, take a good look at Elijah. If you are a policy man, read Daniel. If your faith is below par, read Paul. If you are getting lazy, listen to James. If you are losing sight of the future, climb up the stairs of Revelation and get a glimpse of the promised land."

Our softball games are going strong now, which affords the people a place to spend the evenings; and as people need some diversion, I think it a good thing, if kept clean.

Yours for more people who may be down but not out.—A. P. Drennon.

Air Map of Manhattan and New York World's Fair Grounds

NEW YORK—An aerial photographer recently obtained this remarkable picture showing the skyline of New York with its relation to the grounds of the New York World's Fair 1939. An artist has painted on lines indicating distances from certain points in Manhattan to the Fair grounds. These distances, and other facts concerning road and bridge approaches to the exposition which is preparing to handle 60,000,000 visitors, are: (1) From Empire State at Fifth Avenue and 34th Street, in the heart of the retail shopping district, to the Fair grounds, 7 miles. (2) From Wall Street, in lower Manhattan, to the Fair grounds, 8 1/2 miles. (3) From the entrance to the Triborough Bridge, 5 1/2 miles. (Motorists can make this trip without encountering a single traffic light). (4) Holland Tunnel from New Jersey, showing route through lower Manhattan across Williamsburg Bridge (No. 9) to roads leading to the Fair. (5) The Manhattan Bridge. (6) Brooklyn Navy Yard. (9) Williamsburg Bridge (10) Queensboro (59th St.) Bridge. (11) Grand Central Parkway. (12) North Beach Airport (now being enlarged at a cost of \$30,000,000. (13) New Whitestone Bridge, furnishing direct gateway from New England and Canada.

Only \$1.75

THE LYNN COUNTY NEWS

South Plains Citizens Are Entertained At Arch Underwood's Athens Resort

East Texas isn't such a bad place after all. East Texas people are the next to the best people there are. Furthermore, East Texas is not lacking in the good old hospitality for which West Texas is famous. Such was the consensus of opinion of five South Plains newspaper men, including the junior editor of The Lynn County News, and a dozen other citizens of this same section who returned Sunday from Athens, 70 miles southeast of Dallas, where on Friday they attended the eighth annual Fiddlers' Contest and Reunion as the guests of Arch Underwood, Athens and Lubbock capitalist and compress owner.

Mr. Underwood royally entertained the West Texans Friday and Saturday at his spacious and magnificent rustic lodge which overlooks beautiful little Lake Undy on his 220-acre woodland estate. Here the West Texans were met Friday by over 200 prominent Texans, including bankers, business and professional men, state officials, and others.

30,000 Hear Fiddlin'
Early Friday morning visitors began pouring into Athens by the hundreds to hear the fiddlin' which Arch calls East Texas Grand Opera. By nightfall, 30,000 people

jammed the public square and side-streets of the capital of Henderson, and Athens is a town of only 4,000 souls.

The program opened at 10:30 Friday morning with music by the Texas Prison String Band, brought from Huntsville in the prison system's Black Maria and accompanied by a score of Highway patrolmen. One could hardly listen to the music of these eight boys and the melodious notes of the blues singer, Hattie Ellis, colored, and realize that they were murderers, liftermers, convicts who were outside the prison's walls for the first time as an organization.

Nelson Presents Awards
From that time on and far, far into the night, string bands, soloists, jiggers, made music. In fact, the time was 1:15 a. m. Saturday when Senator G. H. Nelson presented awards to the winners from a field of 50 contesting orchestras.

Those East Texans know their hillbilly music and they appreciate "East Texas Grand Opera." They rolled down out of those East Texas hills, out of the brush, from the forks of the creek, from the towns, and from the cities for two hundred or more miles around. And these grizzled West Texans with sand in their ears, dust in their craws, and a longing for hillbilly music, did not regret having driven 400 miles (in Arch's cars) to attend the affair.

Underwood Entertains
But that was not the only reason they were glad they went.

The entertainment Arch Underwood had prepared was unsurpassable.

After listening to the Prison band and a few other entertainers we drove out four miles east of Athens. A gatekeeper motioned us through a gate entering the Underwood estate, situated in a heavily wooded section.

We drove down a road through the property a few hundred yards to a point where another man was waiting in an old surrey drawn by a typical East Texas grey mule too many years old. The four of us in the car unloaded, climbed into the surrey. Down the road we bumped for another few hundred yards reminiscing on the days when this mode of transportation was "tops." The ride down the wooded trail was a beautiful and interesting sight to these residents of the level, treeless plainland.

Scenery Unsurpassed
Soon we came to a boat landing. Back to the east lay as beautiful a little lake as we've seen this side of Jenny Lake in the Jackson Hole country of Western Wyoming. Still water, fringed with water grasses, in which a bass occasionally broke the surface, surrounded by a rugged shoreline, rolling hills, woods of oak, pecan, persimmon, sweet-gum, hickory, and blackjack, never

more beautiful than at this time of year. Birds sang in the trees, a covey of quail whistled somewhere near, there came the mournful hoot of an owl, and we wondered how much one little beauty spot like this would be worth if located on the South Plains.

The boat carried us down the lake, and we were beginning to wonder about the lodge of which we had heard much, when the boat rounded a bend and there before our eyes lay another beautiful sight.

Lodge on Terraced Hill
Two or three hundred yards ahead was a rock and concrete boat landing in the form of an open square. Shaded by oaks and pecans, here and there a group of Pfitzer junipers, flanked by blooming magnolias and cape jasmines, a series of Bermuda grass terraces rose from the boat landing. Dissecting the terraced lawn was a cobble stone walk with occasional flights of steps, which led to the crest of the hill, possibly thirty feet above the water's surface.

Overlooking the lawn, the lake, and the wooded hills across the lake, stands the Underwood lodge, built by this friendly, philanthropic, patriotic Texas capitalist for the pleasure of himself, his family, and his friends.

The rustic building, possibly 40 by 80 feet in size contains a large front porch, an immense living room, dining room, and a bedroom for twenty people. Upstairs is another large living room. Furnishings are also rustic, made of native timber by artisans in such work, and a restful, homelike atmosphere prevades. Outside, under the trees, are long rustic benches and seats, barbecue pits, etc. We've never before seen anything like it.

Good Clean Fun
As guests arrived, the fun began—good, clean wholesome fun.

Everyone at a party given by Arch is just Bob, Joe, Will, or Frank, whether he be bank president, lawyer, preacher or printer. Business worries are left behind. Each man's life, both public and private, good and bad (mostly bad, and especially the embarrassing phases thereof) are given a thorough airing—but he who cannot take the punishment is not present. Secrets are told, gossip is spread, confessions are made, the lowdown on political and business affairs are revealed—but no guest should repeat the things he hears here.

Soon after arrival, we came in charge of the "hot seat", located out on the veranda. Arriving guests were enticed to a seat beside us, and we got a great kick out of shooting the electrical juice to R. L. (Bob) Thornton and E. O. Terry, the Dallas bankers, Highway Commissioner Harry Hines, Andy Jack Stricklin, Senator Hobart Nelson, and others. G. H. sat down on the bench and was deeply absorbed in showing us his picture in Arch's album when we turned on the juice. The old former Tahokan jumped about three feet high and yelled like a Comanche Indian, came down in a sitting position on the seat again, and before he could recover we shot the juice to him again. This happened about three times in rapid succession until he pushed us off the end of the bench. G. H. swore red stripes were burned back and forth across his thighs.

We Met Sadie
Then there was the collapsible chair in the living room. You sat down, a pistol cap fired, and the chair collapsed. There were caps in match boxes conveniently placed which exploded when the box was raised from a table.

Then there was Sadie, the nearest thing to a lady there was on the grounds. We'll never forget Sadie. First, we were embarrassed because we thought she was a lady. Then we were embarrassed when we found she was only a department store dummy. We met her in the bathroom! Just as we made the discovery, a loud guffaw came from a bunch of peepers down the hall.

There was entertainment for all.

Southern Women Reply to Query

Wherever they go, the "Touring Reporters" find eager answers to their question, "Were you helped by CARDUI?" Of 1297 users queried among those of 12 states, 1206 stated CARDUI benefited them. That is 93 out of every 100! Users everywhere are glad to tell how CARDUI has made them want and enjoy food; how, with its help, they gained strength, energy, were thus relieved of the symptoms of "functional dysmenorrhoea" due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

—mostly practical jokes and wind-jamming, but also fishing, squirrel hunting, canoe, row, and motor boating, dominoes, and swimming, if you desired. A crooner with his guitar was there, and there was singing. Charley Guy of Lubbock did a creditable job of leading.

Texas Notables There
Ex-Senator George Purl, Lawyer Harold Young, Banker Bob Thornton, Sheriff Smoot Schmidt, all of Dallas, Harold Hough, the Hired Hand from Station WBAP, were "the life of the party" with their ready wit, wisecracks, and jokes.

Among others present were J. Frank Dobie, cowboy, writer, and university professor; Beeman Fisher and Bob Calen of Fort Worth; Brady Gentry, a swell fellow and a wise choice, but given the razberries for being Governor Lee's twelfth appointee to the job of highway commissioner, the first to be confirmed by the senate, and recently defeated for office in his home county; J. E. McDonald, commissioner of agriculture; Marvin Hall, insurance commissioner; Edward Clark, ex-secretary of state; Sam P. Harben, secretary Texas Press Association; ex-Senator Claude Westerfield of Dallas, and dozens of others in positions high and low.

During Friday night, the notables gradually dispersed, leaving us hardy West Texans to hold the fort, for we were to be guests throughout Saturday and Saturday night, and we spent this time in talk, fishing, squirrel hunting, engaging in games, and eating, with especial emphasis on the latter.

We ate barbecued chicken and all the trimmings until we thought the end would come. Food was ready in the cook house any time one wanted it day or night. Saturday, Arch's boys served a good old country meal of blackeyed peas, strawberries, fried chicken, g.blets, cornbread; sweet milk, and what have you.

West Texans Present
West Texans at the party were: Senator Nelson and the host; Connelly Baldwin, editor of Lamesa Reporter; Banker W. K. Crawley, Harlan Harp and son, Malcom, all of Lamesa; A. J. Stricklin of the Terry County Herald and Dudley Repp, Brownfield; Frank Hill, Lynn County News, Tahoka; Chas. A. Guy, editor Lubbock Avalanche-Journal; and D. C. Prince, Lubbock; H. K. McKee, new division superintendent of the Panhandle & Santa Fe. Jimmy Rankin, Slatonite editor, Charlie Taylor of the Santa Fe and Homer Crews, all of Slaton.

Incidentally, those East Texans, capitalist or one-gallus farmer (yes, we talked with several of the latter, too) think a whale of a lot of Arch

Underwood. And, why shouldn't they? He's a swell fellow, a swell host, morally clean, and a friend to man.

Since Arch Underwood is transferring his home to Lubbock, and many of his financial interests to the South Plains, as well as building a new compress in Tahoka, we have written at considerable length in order that our Lynn county people may know this progressive Texans better.

He loves East Texas, and he loves West Texas, and one purpose of the meeting was to acquaint citizens from various sections with their fellow-Texans.

West Texas needs more such citizens. Arch Underwood, we welcome you!

Vacation Bible School Success

A most successful Vacation Bible School which opened at the Methodist Church on Thursday of last week will come to a close this (Friday) afternoon with a program and open house. All parents are invited to come at 4:30 p. m.

The school opened with an attendance of 60, and this has increased to 79.

This, we believe, is the first Vacation Bible School ever conducted by any church in Tahoka.

The school has been under the able direction of the following workers:

Rev. G. Turrentine, pastor; Mrs. H. C. Story, superintendent of the children's division; Mrs. R. B. Jones, conductor of Bible-drills;

Mrs. Irvin Stewart, superintendent of the junior department; Misses Harley Henderson, L. C. Haney, C. H. Cain, and Messrs. A. C. Weaver and Edward Turrentine, teachers in the junior department.

Mrs. Conley, superintendent and teacher of the intermediate department;

Mrs. G. E. Turrentine and Mrs. Daniel Davis, teachers in the intermediate department;

Mrs. Claude Donaldson, superintendent of the primary department;

Misses Lloyd Edwards, Walter Mathis, C. A. Thomas, and John Slover teachers in the primary department.

Refreshments have been contributed to workers and pupils by the following business houses: Mack's Food Store, Boullion's, Tahoka Drug, Evans Cafe, Wynne Collier, and W. E. Smith's Bottling Works.

MRS. HARVEY FREEMAN WAS BURIED SUNDAY
 (Cont'd. from page 1)
 name was Viva Odine Crume, was born in Oklahoma on July 6, 1910. The family later removed to California but came from that state to the South Plains of Texas in 1928, locating at Tahoka. She was married to Harvey Freeman here on August 12, 1929, and they had continued to make this their home ever since.

In early life Mrs. Freeman was converted and united with the Baptist Church and she had been a member of the Tahoka church since the removal of the Crume family here in 1928. Hers was a beautiful Christian character. Devoted to her family, her church, and her God, she was ready to go when the call came, though she must have been deeply disappointed at being denied the privilege of rearing her two sons to manhood.

Many friends deeply mourn her passing and tender their sincere sympathy to the bereaved husband and to his and her relatives.

W. E. Brewer of the Joe Bailey community dropped into the News office Tuesday to renew his subscription and in conversation with the News man stated that he has 23 acres of wheat that is looking good. Wheat is not a major crop in this county but for the past few years the small acreage here has done about as well as in other portions of the plains. Mr. Brewer says he also has 100 acres of feed up and looking pretty and 143 acres of cotton up and coming up. But he would make no prediction as to the outcome, for he has been a resident of the Joe Bailey community in this county for 32 years.

O. J. Warren reports that 81 persons were present at the celebration of the ninety-third birthday of his father, J. E. Warren, at Rotan Sunday. The number included five generations of Warrens. Attending from here were Mr. and Mrs. O. J. Warren and their son Norman Warren and his wife and baby. The aged gentleman received a number of presents and the sum of \$15.76 in money, O. J. says.

Mr. and Mrs. J. D. Harper and little son of Sayre, Oklahoma, visited Mr. and Mrs. Claude Harper and family this week end.

Chickens - Turkeys
 Keep them Healthy—Give Star Sulphurous Compound in their drinking water or feed. It will kill germs contained in things they eat—preventing diseases practically all caused by intestinal germs and worms.

Also keeps them free of blood-sucking lice, mites, fleas and blue bugs; system toned; appetite, health and egg production good—Costs very little—Money back if not satisfied.—Wynne Collier, Druggist.
