Tahoka, Lynn County, Texas, Friday, June 23, 1939.

Number 45

## County Pioneers Meeting Here Saturday

### Rains, Cooler Weather Help; Tornado Stikes

While neighboring counties have suffered tornadoes, rains and floods, most of Lynn county remains dry, though clouds are still threatening to release moisture as this is written.

All last week, the South Plains sweltered under an unusual heat wave. Wednesday of last week, The News' Government record showed a temperature of 103, Thursday 106, Friday 104, Saturday 102, Sunday 97, and Monday 98.

Most of the time a high, hot south wind was blowing, but Monday the wind changed to the east, and late that evening the extreme eastern part of the county, particularly around Grassland received a heavy downpour of rain which ranged from a half inch up to two inches. The rain extended north to Magnolia, and included the Central Church area. Wednesday sections of the O'Donnell, Newmoore and Wells communities received helpful rains.

Since that time skies have been overcast with threatening clouds with only scattered showers. Cooler weather, however, has been of much benefit to crops. Cotton is growing and doing well over most of the (Cont'd on back page)

### C. O. Edwards Is Slightly Improved

D. Sanders reports that he and his wife were recent Fort Worth visitors, and that they found "Uncle Cass" Edwards and his son Crawford Edwards, both of whom have been very ill for many months, slightly improved.

"Uncle Cass", who is 90 years old, is owner of the T-Bar ranch, which he established at Double Lakes, Lynn county, in 1884.

### ODDS AND ENDS

By Bee Eye the Elder

Think we will talk shop just a little this week.

Guess you have been wondering why so many errors appear in the paper—typographical, orthographical, grammatical, etc. etc.

Well, they are a source of no little regret and chargin on our part. If we could eliminate every such error we would proceed to do so immediately with great satisfaction and pride. But, under the circumstances, neither the editor, nor the Linotype operator, nor the proof-reader nor the make-up men, nor any one else connected with this shop is greatly to blame.

Well, what the Heck is the matter then?

The Linotype machine—or rather, the matrices, or "mats", used in the setting of the type. Lucky we are that we can lay all these faults on a machine—for a machine can not talk back.

Now we are not disparaging our own Linotype; it's the tools right now that it has to work with. What our shop needs is only a brief visit by a Linotype doctor to treat some minor ailments, the replacement of some parts, and then the acquisition of a bunch of new matrices, the little metal slabs, each with a letter or a character engraved thereon, on which we mould or set the type for the paper. Each letter or character has its own channel into which it is dropped by the distributor and through which it is conveyed by the ingenious mechanism of the machine to its proper position in the setting of a line of type as the operator touches the keys with his fingers; and each matrix is so constructed that as it is moved along by the distributor it automatically drops at the right (Cont'd on page 2)

### 19th District Rural Letter Carriers Held Meeting Here Saturday Night

Nearly 40 members of the 19th Congressional District division of the Texas Rural Letter Carriers Association met in Tahoka Saturday night in the basement of the First Baptist Church, banqueted, elected officers, and talked "shop". Tahoka carriers were hosts of the occasion.

Inspector Alex Caldwell, Dallas, was the principal speaker at the banquet, discussing means by which carriers may be of more benefit to their patrons and to the Postoffice Department. T. Garrard, carrier on Route 5 and formerly a clerk in the Tahoka office, was introduced by George Reid as the youngest carrier present in point of service, and Garrard acted as postmaster.

Short talks were made by E. E. Smith, Colorado, president of the Texas R. L. C. A. and W. E. Sudarth, O'Donnell, formerly an inspector, and former editor of the Texas Carrier.

Entertainment consisted of read- (Cont'd on back page)

### Land Planning Work Mapped

Lynn county's proposed land planning program was discussed at length Wednesday by the Lynn County Land Use Planning Committee, County Agent Don Turner, and Home Agent Maurine McNatt, C. L. Spacek and C. B. Ray of the Extension Service.

The committee is working out plans which it hopes will be of inestimable value to Lynn county agriculture in future years. At a meeting several weeks ago this group of farmers met here, expressed ideas for better use of lands, made plans for carrying out, these ideas, and these two Extension Service men put these plans in writing and returned the same to the committee here Wednesday for further discussion.

Under the plan, Lynn county lands would be divided into four groups, namely, farm land, ranching land, shinnery land, and breaks land, and a livestock and cropping system or goal suggested for each area.

Mr. Spacek is assistant land utilization supervisor of the A. & M. College Extension Service, and Mr. Ray is assistant in the program planning division of the Service.

The local committee working on the proposed program is composed of R. M. Stewart, Tahoka; J. H. Bulman, Tahoka, route 5; R. L. Littlepage, Tahoka, route 2; W. P. Lester, Post, route 2; R. E. Lee, Tahoka, route 1; J. H. Robbins, Slaton, route 2; R. J. Maeker, Wilson, route 1; S. L. Williams, Meadow, route 1; E. J. Cooper, Wilson, route 1; Fred McGinty, O'Donnell, route 3; R. L. Pirtle, Tahoka, route 2; Mrs. R. W. Barton, Post, route 2; Mrs. Henry Heck, Post, route 3; and Mrs. Sam Floyd, Tahoka, Rt. 2.

Mrs. Lenore M. Tunnell, county school superintendent, will leave Sunday for A. & M. College, where she will attend the annual meeting of superintendents from over the state. The meeting opens Monday and continues through Thursday.

### Contract Is Let On Highway East

Contract for roadbed treatment and double asphalt surface treatment of 5.717 miles of U. S. Highway 386 in Lynn county has been let to Bell and Braden, Amarillo, for \$37,751.00, the Texas Highway department announced Tuesday.

The section of road to be improved begins three miles east of Tahoka and extends to a point 8.717 miles east of Tahoka on the Post road.

### Editor In Hospital For Check-up

E. I. Hill, editor of The News, who has been none too well lately, has been in Lubbock since Tuesday, under direction of a local physician, for a complete physical check-up.

He hopes to be home in a day or two.

### Phone Survey Meets Success

The City of Tahoka's campaign for a better telephone system is going over with a bang, Mayor Deen Nowlin reports.

Out of 300 telephone users contacted, only five have voted unfavorable to the change to common battery system. Southwestern Associated Telephone Company, owner of the local system, requires that 90 percent of its customers in a town sign for a change before a new system is installed, and there seems to be no doubt but that fully that many users here want a better system.

About 75 or 80 telephone users are yet to be contacted.

There are 425 telephone connections here, about 50 of which are rural phones not affected by the change, leaving only 75 more users to be seen.

That only five have opposed the change seems remarkable, however there is, in most cases, little change in the rates to be charged.

### Plan Extension Of REA Lines

Washington, D. C., June 21.—The Rural Electrification Administration has given preliminary consideration to an application of the Lyntegar Electric Coop., Inc., Tahoka, Texas, for an additional loan of \$100,000 to extend 125 miles of rural lines to serve some 325 members in Lynn, Hookley, Terry and Garza counties, and has outlined the steps which must be completed before an allotment of funds can be made.

The original application covered 329 miles to serve 988 members. REA has already allotted \$314,000 for this project.

It will be necessary for the project sponsors to obtain and submit signed applications for membership in the cooperative as well as applications for electrical service from it; also obtain signed easements for the right-of-way for the power lines, and prepare and send to REA a detailed map of the proposed extension.

The same retail rate that has already been established for the first section of the project will probably apply on this new section. Under this rate, residential members pay a minimum bill of \$2.45 a month, for which they may receive 25 kwh, enough electricity to light the average size home adequately and operate an appliance such as a washing machine or an iron; \$5.45 pays for 100 kwh, enough for all these uses, and operating an iron, a radio, a water pump and one major appliance, such as a refrigerator.

Speed in further development of this depends in large measure upon a continuance of the community cooperation which is principally responsible for the success of the project so far. If the information about this proposed addition is satisfactory, REA expects to be able to allot money to meet the entire construction costs. No money will be lent to pay for rights-of-way.

Mr. and Mrs. Claude Nowlin from Tucumcari, New Mexico, spent the week-end in Tahoka.

### Mail Matter Must Be Smaller Sizes

Local rural mail carriers request that we call attention of local stores sending boxholder mail through the local office to the ruling of the Post Office Department which requires that all such mail matter must be folded to a size not exceeding 9x12 inches.

Unless this rule is complied with, the carriers have to further fold the material for delivery, which is not necessarily a part of their work and hampers efficient delivery of the mails.

### Rotarians Hear Fun Program

The Tahoka Rotary Club took in three new members, heard several musical numbers, and heard a mock political speech at their noon meeting Thursday.

New members welcomed into the club by Rev. Geo. E. Turrentine were Tom Mott, Clint Walker and W. T. Kidwell.

Truett Smith was in charge of the program, and he presented a guest, Miss Helen Havens, Fort Worth, who sang two numbers, and Miss Panchon Howell, Longview, who likewise sang two numbers. Each was accompanied at the piano by Miss Marjorie Wells.

Smith introduced Tom Garrard, who claimed to be tired of acting as a pinch-hit speaker, and proceeded to turn on the radio to hear a well known state official speak on H. J. R. No. 12. The radio turned out to be only a loud speaker, and the speaker's voice that of Jake Leedy. Much fun ensued.

Among visitors at the meeting were Rotarians Mack Haymes and Naymon Everett of O'Donnell.

### Negro Rodeo Is Good Show

Good crowds and good shows are reported by those who saw the Jimeteenth Rodeo held here Sunday and Monday, sponsored by the negroes of Tahoka. The show was put on by use of the rodeo stock of Levi Noble and J. T. "Slim" Elliott.

There was good riding, thrills and spills at each of the two performances, largely by white folk. In fact many of the contestants were recruited from the ranks of white cowboys, as colored riders seemed a little short in number, or lacking the desire to mount the wild Noble and Elliott horses.

These two men are said to be building up a fine string of rodeo stock. They now have 11 bucking horses, 21 Brahma steers, and 17 roping calves. A steer entered by Joe Boveil was never ridden more than a few jumps out into the arena.

"Slim" Elliott reports that on Tuesday night they lost their wild mare, Missfit, when she broke her leg while they were attempting to load her in a trailer.

Noble and Elliott hope to book some rodeos this summer with their stock.

### Mexicans Figure In Car Wreck

Martinas Ballon, Mexican farmer of the Dixie community, pleaded guilty in Justice Court here Sunday to wreckless driving and was fined \$25.00 and costs as result of having run into a car driven by a Wilson man on U. S. 87, fourteen miles north of Tahoka, Sunday morning.

Ballon and two companions were driving northward. His two companions were charged with being drunk and assessed fines of \$1.00 and costs. Ballon's 1938 Chevrolet was said to have been on the wrong side of the road when the collision occurred. Both cars were damaged, but no occupant was injured aside from minor bruises.

### Program, Barbecue, Reminders Of "Good Old Days" Are Scheduled

Old days in Lynn county will be recalled Saturday when those who came here thirty or more years ago will gather at the Tahoka school gymnasium for the annual Lynn County Old Settlers Reunion.

There will be talk of the days when Tahoka was just a little village of frame buildings . . . square dances were held in the court house Saturday nights, and there was barely time to clean up the building in time for union Sunday school the next morning . . . the public well was on the square, and the nicker of horses, the bawl of dogle calves, and the bellow of bulls was heard from around the water trough . . . horse shoes, the latest in ladies' millinery, dried prunes, coal oil lamps, field seeds, pants and gingham, boots and Carter's Little Liver Pills could be bought at the store . . . Big Spring was the nearest railroad point, and the mail, Aunt Emma, and "bottled in bond" was brought to town in the mail hack drawn by a team of fleet little Spanish mules . . . The Lynn County News, scheduled to come out on Thursday, some times was not delivered until Monday . . . Terry, Yoakum, and Garza county people bought their supplies and did their banking at Tahoka . . . Happy Smith and Ray Weathers and Nettie Wells were little school kiddies . . . and J. B. Walker and Miss Minnie Chambers were teachers . . . sometimes the weather was too bad to freight coal and "prairie coal" was the only fuel available . . . antelopes ranged close to town, and the yelp of coyotes could be heard almost any night . . . the coming of Mollie Bailey's Circus, the congressman, the grocery peddler with the phonograph, and the "hell, fire and brimstone" revival preacher were great occasions . . . the kids played shinny, wolf over the river and keeps, got up at 4 o'clock, built the fires and milked . . . a farm was a little patch of plowed land out in the middle of somebody's pasture, and the cowmen were sore at the hoemen and the hoemen were sore at the cowmen . . . and nobody worried about Government subsidies, runners in silk hose, the high cost of electricity and gas and sewer, pensions for the old folks, getting a Government job or on WPA, gasoline bills, contouring or fingernail polish and hairsets.

### Three Hurt In Car Accident

Three people were injured Friday night when a car driven by H. O. Vaughn of O'Donnell rammed into the rear end of T. Cowan's truck on Main Street near Fulkerson's service station.

Vaughn received a gash in the forehead. Two negroes were in Vaughn's car, Lee Lane receiving a bad cut from glass in the right jaw, and his wife, Mary Lane, losing several teeth.

Cowan was driving south on Main Street in his truck on the right side of the street, it is said. Another truck, with its lights on was on the east side of the street facing north. Lights of this truck are thought to have blinded Vaughn who was driving south and was too close on Cowan's truck to stop before running into it.

### Lynn Girl Wins Gold Star Award

College Station, June 21.—The announcement of the current year's "Gold Star" 4-H Club girls—the girls who will receive gold star pins in recognition of their outstanding club work has been made by Onah Jacks, state girls' club agent of the Texas A. and M. College Extension Service.

Miss Jacks pointed out that the honor was a particularly significant one this year in that the gold star girls were selected by their own club members.

Marceline Stephens of the Midway 4-H Club was selected as the Lynn County Gold Star girl, and will receive one of these pins.

### Farm Meeting Next Thursday

Next Thursday at 2:30 p. m. farmers and all interested in farming are invited to meet at the court house in Tahoka to discuss the establishment of a farmers' co-operative cold storage plant here.

The plant would be available for the storage of any and all farm products requiring a cooling system for preservation.

The meeting is being called by County Agent Donald Turner.

Marjorie Howard of Hollis, Oklahoma, and Elizabeth Howard of Lubbock are here visiting their cousins, Patricia Hill and Joan and Jean Henderson.

The Pioneers' program begins at 10 a. m. Saturday, when President E. T. Wells, O'Donnell, will open the meeting. Giles Shaw will lead the opening song, and Mr. Wells will give the welcome address.

The program for the day follows: Address: Judge G. E. Lockhart, Lubbock. Special music: Miss Christia Cowan, Lubbock.

Business session. Violin solo: Miss Peggy Lynn Jordan, Ardmore, Oklahoma. Vocal solo: Miss Helen Havens, Fort Worth, accompanied by Miss Marjorie Wells.

At noon, barbecue dinner will be served oldtimers and their families on the Oscar Roberts lawn. Old fiddlers program directed by Morris and Wells.

Square dance directed by Jim Weatherford. Sing-song conducted by Mrs. Claude Donaldson with Mrs. Aubrey Thomas, McAllen, at piano.

Awarding of prizes by Misses Clara May and O'bera Forrester to the oldest pioneer woman, the oldest pioneer man, the pioneer who traveled longest distance to attend the reunion, jiggers contests, special music and song participants.

The Tahoka band will play at 7 o'clock in the evening, and at night Hall Robinson will sponsor a dance. Last year 211 oldtimers registered and the attendance reached about 400. This year fully as many are expected.

### J. D. Martin Of Draw Buried

J. D. Martin, prominent farmer of the Draw community for seventeen and one-half years, died at his home at 8 o'clock Friday morning of last week.

Funeral services were held at the Draw Methodist Church Saturday afternoon at 3 o'clock, conducted by his pastor, Rev. Crockett, and his son-in-law, Rev. G. P. McCollum, pastor of the Methodist Church at Honey Grove. Bural was under direction of Rix Funeral Home, with whom he carried a burial insurance policy. A large concourse of friends attended, and many Tahoka women sang in the choir.

Mr. Martin had been in failing health since 1932, suffering from trouble. A year ago in May he had high blood pressure and kidney a stroke of paralysis, and about two weeks before his death he had a second severe stroke. From that time until his death he was confined to his bed slowly growing worse.

James Daniel Martin was born (Continued on back page)

**ODDS AND ENDS—**

(Cont'd. from first page)

place and falls into its own channel. But, when the ears on the matrices are worn, they will probably drop at the wrong place and into the wrong channel, and thus a "t" for instance, will appear where an "e" or some other letter ought to be.

Just at this particular time too many of these matrices are worn and are consequently dealing us a lot of misery. Just as soon as we can save up a sufficient number of spare dollars and dimes, we expect to buy a bunch of new matrices, or "mats", and other Lino-type accessories, after which the above alibi will be no good. But we will then probably have another perfectly good one ready.

One pretty good alibi is this: Everybody in a country newspaper office usually works like fighting fire on Wednesday and Thursday of each week, and for that reason many errors get by that otherwise would be corrected.

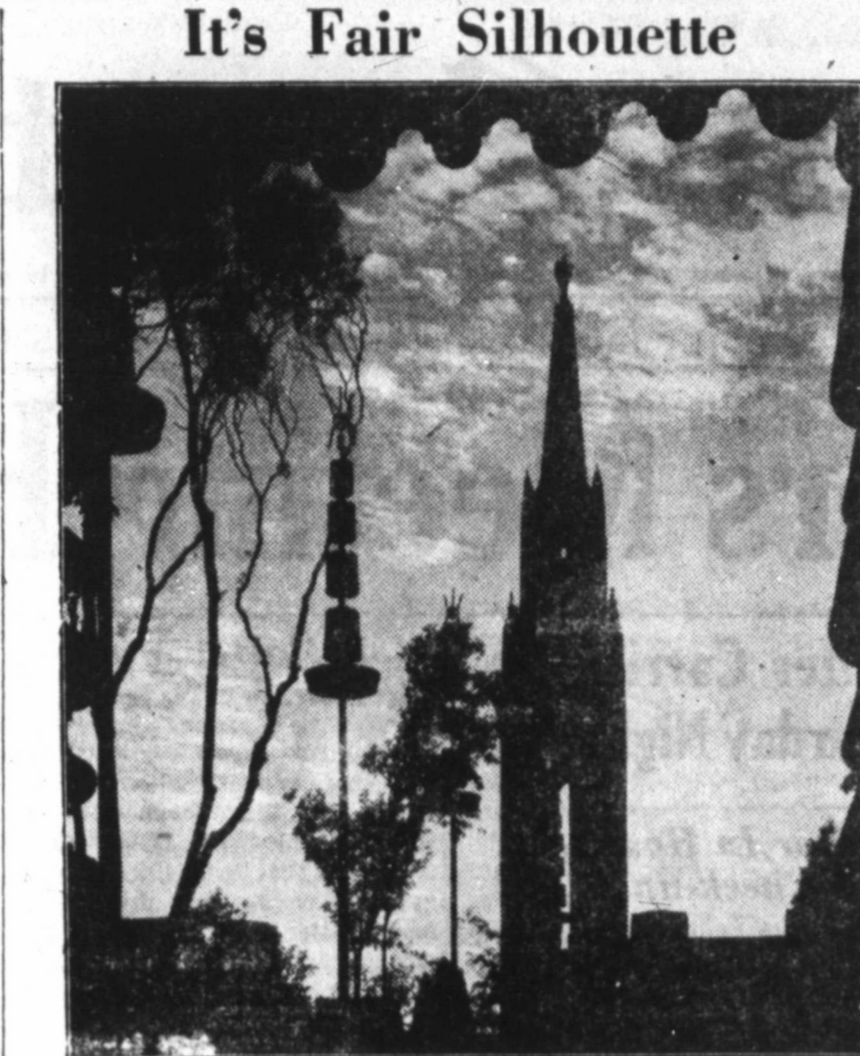

Another thing about a Linotype machine: It will not spell correctly nor set grammatically correct sentences without perfect cooperation on the part of the writers who furnish the copy and the operator who manipulates the keys. And, believe it or not, a lot of newspaper men and a few Linotype operators are "bum" spellers.

That brings up something else. We wonder what became of all the

crack spellers that we grew up with back in the old "spelling-match" days. The old blue-back speller was just being laid on the shelf and new spellers were being introduced, such as Swinton's Word Book. Everybody from the "a-b-c" class up studied spelling. The "advanced" class frequently used an abridged edition of Webster's dictionary as a text book. On Friday afternoons, at intervals of two or three weeks, all the best spellers in the school and many who were not so good, engaged in a spelling match. Two captains were named and these "chose sides", and the contest was on. Sometimes there was almost as much interest in the contest as a basket ball game excites today. Sometimes the contest would continue for two or three hours before the best spellers missed and had to sit down.

We are wondering what became of all those good spellers. Did they grow up and scatter out through the world? If so, did they later forget how to spell? It seems to us that we should find oodles of men and women up in the fifties and older today who should be "crack" spellers. Maybe there are lots of them, but if so they certainly do not write for the newspapers.

There are some exceptions, however. Elder Drennon, who writes a "piece" for this paper each week, is a pretty fair speller. Now and then we are compelled to correct his orthography but he does pretty well. Last week, for instance, in quoting a passage from the Scrip-

Looking through a doorway into the Court of Honor at the California World's Fair, you see the 400-foot Tower of the Sun and at the left a bright red and yellow light standard. Lacy clouds drift lazily overhead.

tures, he wrote: "With what measure ye meet, it shall be measured to you again." He should have written it "mete", which means to measure. So, we corrected the copy and sent it to the Linotype operator properly spelled, but lo and behold! when the paper came off the press, there it was, "meet" just as Brother Drennon had incorrectly written it in the first place. In this case the Linotype operator made the mistake, and it got by our proofreader. Which shows how hard it is to get every word into print properly spelled, even if the machine is working perfectly.

Another error which we made in that same sentence of Brother Drennon's was the substitution of the word "is" for "it", which destroyed the meaning of the sentence. But still worse than that was the substitution of the word "ought" for the word "ought". Brother Drennon wrote it: "Don't you think the voters ought to have the right" etc., and we printed it—"Don't you think the voters enough to have the right", etc., which is utterly senseless. We are truly sorry we made these "busts". But, in the editor's comments, a couple of words were also left out of one of the sentences, which made it sound silly. All of our comments might have sounded silly to Brother Drennon—we don't know—but at any rate they sounded sensible to us, as originally written.

And just to show how easy a mistake can be made, one that changes the meaning entirely, in this same column last week we had occasion to write the phrase, "at the close of a blistering afternoon", and it came out in print, "at the close of a blustering afternoon".

Of course our elderly people will take no offense at our comments respecting the inability of many of them to spell correctly. Bless your soul, the same comment may be truthfully made about our younger generation. As a rule, the old can spell about as well as the young, in spite of the meager opportunities they had. It is a fair cry from the blue-back speller and the one-room school house of a couple of generations ago to the fine well-heated, well-ventilated, well-arranged, and well-equipped brick school buildings of the present day. We are proud of our public schools and of the fine work they are doing. But they do seem to be remiss in some important particulars. The pupils are taught many subjects today that we oldsters never heard of unless we became fortunate enough to break into college, and we never heard of some of them there. But there are some elementary subjects, it seems to us that are not being adequately taught.

We realize that we are getting on dangerous ground here, and we are blaming no teacher and no set of teachers. Be blame the system, the text books, and methods. For these reasons, as we see it, high school pupils these days are not getting the grasp of either English or Mathematics as did those who attended the high schools and academies of a generation or two ago. Scan the contributions made by high school pupils to the newspapers for publication and note the grammatical errors, the incomplete sentences, the loosely-

worded sentences, the errors in orthography, in punctuation, in capitalization, in syllabification, and you will understand what we mean. And, if they have been taught anything at all about rhetoric—clarity, precision, force, the figures of speech, etc., etc., we have seen little evidence of it.

In this busy age, the ordinary high school pupil doesn't have time to "waste" on Latin, but no person can really become an English scholar unless he first becomes reasonably proficient in Latin. Every young person intending to engage in any of the professions

**It's Fair Silhouette**

such as Medicine, Law, Journalism, the Ministry, should take at least a three or four year's course in Latin. The colleges still teach it, we believe.

Well, before they get through "cussing" us for all this, we will have our gun loaded for some other kind of game, probably.

Harley Wells was here Tuesday and Wednesday on business.

**Chickens - Turkeys**

**Knowledge Of Life Saving Is Worth While**

Austin, June 15.—"No, elaborate equipment is needed to save a life from drowning," is the opinion of State Health Department officials. "In fact, actual harm has been done by the misuse of so-called lung motors. Modern resuscitation has been perfected so that oxygen and carbon dioxide can be used without inflicting more damage to cases of been attending the First Aid class, tragic enough to have a drowning accident, but it is far more tragic if no one present at the time knows how to save a life by artificial respiration.

"The prompt application of artificial respiration is of primary importance, and for this purpose the prone pressure method is the easiest, simplest and most effective. This should begin at once and continue rhythmically until breathing is established—this may take four or more hours. Procedure:

First: Kneel, and straddle the patient below the hips placing hands on small of the back with fingers over the lowest ribs, tips of fingers out of sight.

Second: With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.

Third: Swing backward while counting one, straighten up and thus relieve pressure—this allows air to be drawn into the lungs.

Fourth: Rest in this position for two counts.

Fifth: Repeat these movements rhythmically, forward and backward, without interruption, about twelve to fifteen a minute, until natural breathing is restored.

Sixth: Meanwhile, if assistance is at hand, a physician should be sent for, the patient's tight clothing should be loosened at neck, chest, waist and he should be kept warm.

The patient should not be moved until he is breathing normally and then should not be allowed to get up but should be carried in a lying position to a place where he can be kept warm and receive medical attention.

Mr. and Mrs. M. W. Willingham are the parents of a fine little 6 1/4 pound girl baby, born on Fathers Day, Sunday. She will be known as Barbara.

Peggy Woosley, daughter of Jess Woosley, of Brady, arrived Friday to spend two weeks here visiting relatives.

Rev and Mrs. Geo. E. Turrentine returned Saturday night from a trip through the Southern states. They were gone two weeks.

Supt. and Mrs. J. T. Carter and children of New Home returned last week end from Denton, where they visited relatives several days.

H. C. Story has been ill the past few days, suffering from pleurisy pains.

**OPPORTUNITY TO GO INTO BUSINESS FOR YOURSELF**

Western Auto Associate Store Western Auto Supply Company, largest and most successful in its line. 30 years in business, had a sales volume of 38 million dollars in 1938. We are now offering you an opportunity to own and operate a Western Auto Associate Store, home owned, in towns of 1,500 to 20,000. There are over 1100 such stores in operation.

You can become the owner and operator of a "Western Auto Associate Store" for as little as \$2,750 in the smaller towns, which pays for merchandise and fixtures and everything necessary to start business. We train you in our successful merchandising methods. Western Auto Supply Co. Associate Store Division 3216 Main Street Dallas, Texas

**Southern Women Reply to Query**

Wherever they go, the "Touring Reporters" find eager answers to their question, "Were you helped by CARDUI?"

Of 1297 users queried among those of 12 states, 1206 stated CARDUI benefited them. That is 93 out of every 100!

Users everywhere are glad to tell how CARDUI has made them want and enjoy food; how, with its help, they gained strength, energy, were thus relieved of the symptoms of "functional dysmenorrhea" due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

**Local Men In Cowboy Reunion**

Veteran Texas cowhands who rode range and rail 35 or more years ago gather in Stamford for the tenth annual meeting of their association during the Texas Cowboy Reunion July 3, 4, and 5.

The following oldtime cowboys of Tahoka are members of the Association:

J. M. Watkins, J. H. King, C. W. Seth, Ben Lee, G. W. Short.

All members who have paid their annual dues of \$1 have been issued badges which will admit them free at the Reunion rodeo and also to the chuck wagon dinner given in their honor at noon each day of Cowboy Reunion.

The oldtime cowboys have as their permanent headquarters the cowboy bunkhouse at the Reunion grounds. A new building, "The Roundup", where oldtime dances will be held, is now being completed and will be the property of the association when paid for.

The formal meeting of the oldtime cowboys organization, with election of officers for the coming year, will be held at the cowboy bunkhouse.

Present officers are Lewis Ackers, Abilene, president; Walt Cousins, Dallas, chairman of board; T. G. Hendrick, Abilene, first vice president; G. F. Ratliff, Midland, second vice president; Chas. E. Coombes, Stamford, secretary-treasurer; B. J. Glover, Crowell, range boss; Kid Jeffers, Brady, wagon boss; Chas. L. Mays, Munday, wagon cook; Sam Fade, Albany, horse wrangler.

Directors are Walt Cousins, Dallas; John M. Gist, Odessa; Clyde Burnett, Benjamin; Caesar Kleberg, Kingsville; Chas. H. Feather-

stone, Truscott; Dayton Moses, Fort Worth; Jim Minnick, Foard City; Clifford B. Jones, Lubbock; G. W. Jackson, Bonham; A. J. Swenson, Stamford; John Turbeville, Archer City; J. V. Hudson, Haskell; John Bryan, Abilene; Frank Rhoades, Throckmorton; Bob Weatherly, Clarendon; H. G. Medford, Midland; Frank M. King, Los Angeles, California; Frank Norfleet, Hale Center; E. P. Tayloe, Paris, Tenn.; Dr. T. Richard Sealy, Santa Anna; J. Ellison Carroll, Big Lake; M. T. Clements, Wichita Falls; Thomas H. Ellison, El Reno, Okla.; Furd Halsell, Fort Worth; J. M. (Tex) Moore, Wichita Falls; F. G. Alexander, Haskell; Glenn Coffee, Amarillo.

Mr. H. M. McCormick and son, Henry Jr., arrived Sunday for a visit with her mother, Mrs. G. W. King, who has been very ill for some time. Mrs. King was reported to be some better this week.

Miss Helen Havens of Fort Worth is here visiting her friend, Miss Marjorie Wells. Misses Havens and Wells were room mates at John Tarleton College, Stephenville, last year.

Dr. and Mrs. K. R. Durham and children left Sunday for Louisiana and Arkansas for a short vacation. He will be back home the first of next week.

Arthur Paul Wright, Lubbock, and Miss Charlotte Elizabeth Chester, also of Lubbock, were granted a marriage license by W. M. Mathis, county clerk, last Thursday.

Little Miss Joan Milliken, daughter of Don Ponton Milliken, of Elaton, is here visiting her aunt, Mrs. J. O. Patterson.

Wanda Joyce, little six year old daughter of Mr. and Mrs. Chester Shorti who reside in the New Lynn community is recovering nicely from a tonsil operation performed Monday at Plainview.

Mr. and Mrs. Fred Bucy and children left Sunday for Fort Worth to visit relatives. Fred also expects to enter the annual West Texas Golf tournament being held in that city this week.

Mrs. A. M. Daniels, county treasurer, is away on her vacation this week. In her absence, Miss Hattie Server, district clerk, is attending to the duties to the treasurers' office.

An air cooling system was installed in Robinson Ready-to-Wear this week.

Jane's Beau's Shop has recently installed an air cooling system.

**FREEDOM FOR COOKS**

**WON BY NEW SELF-TIMING GAS RANGES**

YOU'LL agree that these amazing Gas Ranges almost "do the cooking by themselves." They're so far ahead of ordinary ranges—there's no comparison! All sorts of marvelous modern improvements make the cook's job easy. Heat control... simmer burners... smokeless broilers... non-rust, easy-to-clean burners.

The new Gas Ranges are even faster, too! And they're so smart and handsome they dress up any kitchen.

Visit your dealer and see the many new models. He will be glad to explain all the new features. You'll enjoy looking around even if you don't want to buy now!

**NOTICE TO THE PUBLIC**  
Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that  
may appear in the columns of The  
News will be gladly corrected when  
called to our attention.

**LIMITATIONS OF PRESIDENT'S  
TERM OF OFFICE**

The News believes that at the  
first session of Congress following  
the next Presidential election an  
amendment to the Constitution of  
the United States should be sub-  
mitted to the people proposing that  
the President be limited to two  
terms of four years each, or better  
still, to one term of six years.

During the past few years the  
Federal government has so broad-  
ened its activities, and the powers  
granted to the President or assumed  
by him have been so expanded,  
that we believe it wise if not abso-  
lutely necessary that such curtail-  
ment of his term of service be  
made.

Besides the almost countless  
horde of administrative officials  
and employees, which has increased  
under the New Deal with lightning-  
like rapidity, there are now ap-  
proximately 3,000,000 potential vot-  
ers on the relief rolls and other  
millions on the pension rolls paid in  
part by the Federal Government, to  
say nothing of the millions of men  
and women engaged in ordinary  
pursuits who receive subsidies, bo-

nuses, or other direct financial ben-  
efits from the Government. This  
gives to the chief executive a degree  
of power never dreamed of by the  
founders of this Republic and offers  
to him the temptation to use  
this power for political purposes  
that would be almost irresistible by  
any ambitious man.

We think therefore that an am-  
endment to the constitution limit-  
ing his term of service should be  
submitted at the very first oppor-  
tune moment. This year, probably,  
is not an opportune time for the  
reason that any movement in this  
direction just now would be mis-  
understood or misinterpreted by its  
enemies and might delay if not de-  
feat its adoption. But at an early  
date, it must be done.

**FREE PRESS, FREE SPEECH**

Four-fifths of the world today  
knows no free speech, and no free  
press. Outside the United States,  
the British Empire, and the Scandi-  
navian countries, free speech and  
a free press are virtually unknown.  
There are 320 million people in Eu-  
rope alone who live in darkness.

The first steps in destroying de-  
mocracy, as it has disappeared from  
the world, has been suppression of  
the free press and curtailment of  
free speech. This is because all  
forms of totalitarianism are cre-  
ated and maintained by force and  
propaganda. There can be little ef-  
fective propaganda, where the press  
is free. So the first act of the dic-  
tator of any type must be suppres-  
sion of the press by censorship or  
by state ownership, in order that  
the way may be cleared for telling  
people only what they should read  
if the established order is to be  
maintained.—Walter Morrow, edi-  
tor-in-chief, Rocky Mountain News,  
Denver, Colo.

E. E. Hancock, superintendent of  
the Ralls schools, was here over the  
week end visiting relatives. He says  
a hail storm swept across the center  
of Ralls' trade territory one day  
last week completely destroying the  
crops over most of an area 26 miles  
long and six miles wide. The hail  
started in the Estacado community  
and went off the caprock south of  
Emma. To make matters worse,  
there was not sufficient rain with  
the hail to enable farmers to re-  
plant. Mr. Hancock is attending  
Texas Tech this summer, driving  
back and forth to Lubbock from  
his home in Ralls.

Mrs. Earl Wilson of Littlefield  
and Miss Rose Wood of Sudan were  
here last week end visiting their  
father, R. C. Wood.

**H. B. McCord Gets  
Oklahoma Trip**

H. B. McCord, local Phillips pe-  
troleum Company agent, returned  
last Thursday from Bartlesville and  
Oklahoma City, Okla., where he had  
been a guest of the company as the  
result of having been high man in  
his group in oil sales last Novem-  
ber and December. Six men were so  
honored, including one man from  
Sweetwater, one from San Angelo  
and one from Odessa, besides H. B.  
and two fellows from other sections.

These six men were the guests of  
Frank Phillips, president and  
"daddy" of the Phillips company,  
and H. B. says he certainly had an  
enjoyable and profitable trip.

They were carried through the  
gigantic refineries, the oil fields,  
saw the Phillips discovery well, and  
spent considerable time inspecting  
the headquarters office building.

This building covers a solid city  
block and is six stories high, and  
there are 2,500 workers therein.  
They were shown through the labo-  
ratories and research department,  
which was a very interesting and  
educational visit.

But, the highlight of the trip,  
was the day and night visit to  
Frank Phillips' \$3,000,000 (million)  
5,000-acre ranch, and his \$1,000,000  
private museum. Forty people are  
required to take care of this ranch  
place, which is maintained strictly  
as an entertainment place for his  
employees and friends. There is  
a beautiful lodge, and the ranch is  
well stocked with many kinds of  
wild game. This is the heart of the  
Osage Indian country and Mr. Phil-  
lips is the only white man these  
Indians have ever honored as a  
chief.

On the return trip, McCord says  
they visited several hours in Claire-  
more, Oklahoma, Will Rogers' old  
home town, visited the Will Rogers  
Museum, and other places of in-  
terest.

Lloyd Smith, who works at  
Grand Canyon, Arizona, recently  
visited his parents, Mr. and Mrs.  
Tom Smith, in the Redwine com-  
munity. He left a U. S. half-dime  
of 1850 vintage with his father,  
which was discontinued as a piece  
of currency many years ago. In fact,  
our Webster's dictionary tells us  
that the half-dime was minted in  
the United States for 1792 until  
1873.

**NOTICE OF DISSOLUTION  
OF PARTNERSHIP**

Notice is hereby given that the  
partnership between R. K. Wootten,  
Effie D. Wootten, J. W. Simmons,  
Rebekah Simmons, G. A. Simmons  
and T. B. Simmons (or any of  
them) under the firm name of  
Quanah Cotton Oil Company, was  
dissolved on May 31, 1939. The  
business will be continued in the  
name of Quanah Cotton Oil Com-  
pany, a Texas corporation. All debts  
and obligations owing by the part-  
nership should be presented to the  
partnership at Quanah, Hardeman  
County, Texas.

This notice is published once  
each week for four consecutive  
weeks in each of the counties where  
the partnership has a piece of busi-  
ness, as required by Article 6132 of  
the Revised Civil Statutes of Texas.  
Dated at Quanah, Texas, May  
31, 1939.

and trustee of the estate of Effie  
D. Wootten, deceased. 43-4tc.

**Prompt Help For  
A Listless Child**

Scooping won't help a boy or girl  
who is listless, dull or cross from  
constipation. But, here's something  
that will!

If sluggish bowels have your child  
headachy, bilious, upset, give him  
a little Syrup of Black-Draught to-  
night. Like the original famed  
BLACK-DRAUGHT, its principal  
ingredient is an intestinal tonic-  
laxative. Helps impart tone to the  
bowel muscles.

Children like the taste of Syrup of  
Black-Draught. It is an all vege-  
table product. When simple direc-  
tions are followed, its action is  
gentle, but prompt and complete.  
Comes in two sizes: 50c and 25c.

**NEGRO COUPLE MARRIES**

Will Garner and Mrs. Floretta  
Austin, both colored, of O'Donnell,  
were married by Justice of the  
Peace Geo. D. Foster in that city  
last Thursday. Garner works for  
Waldo McLaurin.

J. W. Jaquess returned Tuesday  
morning from Tennessee, his native  
state, where he spent about a  
month visiting relatives and old  
friends. He greatly enjoyed the  
visit, but says an uncle whom he  
was going to visit died just a day  
or two before he arrived, and a  
brother died while he was there.

Mrs. Walter Denman and son,  
Walter Jr., have been here visiting  
her parents, Mr. and Mrs. C. T.  
Tankersley for several weeks. Last  
week Walter Jr. developed scarlet  
fever. Mr. Denman came Saturday  
to accompany them home, but re-  
turned alone Monday because of  
Walters Jr.'s illness.

Bob Caveness returned home  
Sunday night from Dallas, where he  
graduated Monday of last week in  
Dentistry from Baylor University  
College of Dentistry. He has com-  
pleted examination for a license to  
practice, which license he expects  
to receive within the next few  
weeks.

**STATED MEETINGS of

**Southern Women  
Eager to Tell!**

"One is bound to be gratified by  
the enthusiasm of Southern women  
for CARDUI!" says one of the  
Touring Reporters now conduct-  
ing a Query in Southern cities.  
"Of the 1297 CARDUI users we  
have seen so far," she said, "1206  
—or 93 out of every 100—said it  
definitely benefitted them!"  
CARDUI's remarkable success in  
helping weak, rundown women who  
suffer from headache, depression,  
nervousness, and other symptoms  
of functional dysmenorrhea due  
to malnutrition, is explained by  
the way it promotes appetite and  
digestion, and so builds physical  
resistance. Try CARDUI!

H. L. Roddy brought to The News  
office Saturday a small limb from  
a compass cherry tree which was  
literally loaded with fruit. The  
fruit was as close together as grapes  
in a cluster.

A. C. Goens, Floydada, was here  
Saturday on business. He says crops  
are none too good in Floyd county.

Mr. and Mrs. Truett Smith and  
little son spent last week end in  
Claude visiting Mrs. Smith's par-  
ents.

**NOTICE  
to Home Owners**

You have only until June 30 to get a 5-  
year FHA Home Repair Loan. In the new  
act, to take effect July 1, the limit is 3  
years. This means that if you let us ar-  
range your loan at once, your monthly  
payments may be 40% smaller than if you  
wait until after July 1. For instance, on  
a \$600 loan made now, you may repay at  
the rate of \$10 a month. On the same  
loan made after July 1, you must repay  
\$16.66 a month. If you want to repair  
your home the easiest way, see us now  
and get the money.

**"I thought I knew  
all about automobiles!"**

A LOT of folks have had their eyes  
opened wide by a ride in a 1939  
Ford V-8. They just didn't realize  
how much more value and how  
many improvements we've put in  
this car the last few years.

Today's advanced Ford is a  
product of progressive engineer-  
ing, fine materials and honest  
construction. It is backed by  
an experience of building far  
more cars than anybody else in  
the world.

One ride in today's Ford—  
with its smooth 8-cylinder engine,  
stabilized chassis, hydraulic  
brakes—will prove it's the  
modern car in the low-price field.

WILL MARRY SOON

Miss Gwenn Marr Davis' coming marriage on July 18 to Glenn D. Flake, Galveston, was announced at an entertainment given by her mother, Mrs. Charles E. Davis, at Lubbock on Thursday of last week.

MISS JENNINGS WILL BE CHAPERONE

Lynn County 4-H club sponsors, meeting in the office of Miss Maurine McNatt, county home demonstration agent, Saturday, elected Miss Altha Wayne Jennings.

'BREAD' SUBJECT OF WEST POINT CLUB

'Since the beginning of time there has been bread,' Miss Maurine McNatt, home agent, told members of the West Point Home Demonstration Club at the home of Mrs. Cody Bragg Wednesday, June 7, at 2:30 p. m.

HOME ECONOMICS NEWS

A general clean-up campaign has just been finished in the Home Economics department. The windows have been cleaned, curtains laundered, dishes and utensils cleaned, and cabinets and pantries relined and rearranged.

FIDELIS UNION MET AT T-BAR

The Fidels Union of the Epworth League, Methodist Young People's Division, met at T-Bar Friday, June 16. Tahoka and O'Donoghue were well represented.

DIXIE H. D. CLUB

'When yeast is added to dough fermentation begins,' stated Miss Maurine McNatt, home agent at the regular meeting of the Dixie H. D. Club Thursday, June 15, at 2:30 in the home of Mrs. Herbert Nash.

Bad Breath May Show

The enzymes and acids resulting from fermentation change the gluten and give a softer and more elastic texture. This is one reason why dough made with soft wheat flour must be handled differently from that in which hard wheat flour is used.

Mrs. Bryce Ferguson, Jimmie and Mary Jewell, of Pharr are here

visiting Mrs. Ferguson's parents, Mr. and Mrs. G. E. Hogan. Mrs. Ferguson's husband is district judge in the lower Rio Grande Valley region.

Mr. and Mrs. M. O. Canaday and children of Nashville, Arkansas are here

this week visiting relatives and friends. M. O. is a former clerk in the local postoffice who transferred back to his native state a year or two ago.

Miss Joyce Huff of Lakeview is visiting her grandparents, Mr. and Mrs. W. F. Slater, at Phillips, and her aunt, Mrs. A. R. Hill, Panhandle. She expects to be gone about a month.

CARD OF THANKS

We wish to thank our friends in Draw and Tahoka and elsewhere over the county for the many kindnesses and words of comfort occasioned by the death of our dear father, J. D. Martin. We especially appreciate the beautiful floral offering, the songs, and the many little acts of kindness. May God be with you all.—The Family.

LIMITATIONS OF PRESIDENT'S
TERM OF OFFICE

The News believes that at the
first session of Congress following
the next Presidential election an
amendment to the Constitution of
the United States should be sub-
mitted to the people proposing that
the President be limited to two
terms of four years each, or better
still, to one term of six years.

During the past few years the
Federal government has so broad-
ened its activities, and the powers
granted to the President or assumed
by him have been so expanded,
that we believe it wise if not abso-
lutely necessary that such curtail-
ment of his term of service be
made.

Besides the
horde of admil
and employees, w
under the New De
like rapidly, the
proximately 3,000,
ers on the relief
millions on the pe
part by the Feder

STATION

nuses, or other direct financial bene-
fits from the Government. This
gives to the chief executive a degree
of power never dreamed of by the
founders of this Republic and offers
to him the temptation to use
this power for political purposes
that would be almost irresistible by
any ambitious man.

We think therefore that an a-
mendment to the constitution limit-
ing his term of service should be
submitted at the very first oppor-
tunity. This year, probably,
is not an opportune time for the
reason that any movement in this
direction just now would be mis-
understood, or misinterpreted by its
enemies and might delay if not de-
feat its adoption. But at an early
date, it must be done.

FREE PRESS, FREE SPEECH

Four-fifths of the world today
knows no free speech, and no free
press. Outside the United States,
the British Empire, and the Scandi-
navian countries, free speech and
a free press are virtually unknown.
There are 320 million people in Eu-
rope alone who live in darkness.

The first steps in destroying de-
mocracy, as it has disappeared from
the world, has been suppression of
the free press and curtailment of
free speech. This is because all
forms of totalitarianism are creat-
ed and maintained by force and
propaganda. There can be little ef-
fective propaganda, where the press
is free. So the first act of the dic-
tator of any type must be suppression
of the press by censorship or by
state ownership, in order that the
way may be cleared for telling
people only what they should read
if the established order is to be
maintained.—Walter Morrow, edi-
tor-in-chief, Rocky Mountain News,
Denver, Colo.

H. B. McCord Gets
Oklahoma Trip

H. B. McCord, local Phillips pe-
troleum Company agent, returned
last Thursday from Bartlesville and
Oklahoma City, Okla., where he had
been a guest of the company as the
result of having been high man in
his group in oil sales last Novem-
ber and December. Six men were so
honored, including one man from
Sweetwater, one from San Angelo
and one from Odessa, besides H. B.
and two fellows from other sections.

These six men were the guests of
Frank Phillips, president and
"daddy" of the Phillips company,
and H. B. says he certainly had an
enjoyable and profitable trip.

They were carried through the
gigantic refineries, the oil fields,
saw the Phillips discovery well, and
spent considerable time inspecting
the headquarters office building.

This building covers a solid city
block and is six stories high, and
there are 2,500 workers therein.
They were shown through the labo-
ratories and research department,
which was a very interesting and
educational visit.

But, the highlight of the trip,
was the day and night visit to
Frank Phillips' \$3,000,000 (million)
5,000-acre ranch and his \$1,000,000
private museum. Forty people are
required to take care of this ranch
place, which is maintained strictly
as an entertainment place for his
employees and friends. There is
a beautiful lodge, and the ranch is
well stocked with many kinds of
wild game. This is the heart of the
Osage Indian country and Mr. Phil-
lips is the only white man these
Indians have ever honored as a

NEGRO COUPLE MARRIES
Will Garner and Mrs. Floretta
Austin, both colored, of O'Donnell,
were married by Justice of the
Peace Geo. D. Foster in that city
last Thursday. Garner works for
Waldo McLaurin.

J. W. Jaquess returned Tuesday
morning from Tennessee, his native
state, where he spent about a
month visiting relatives and old
friends. He greatly enjoyed the
visit, but says an uncle whom he
was going to visit died just a day
or two before he arrived, and a
brother died while he was there.

Mrs. Walter Denman and son,
Walter Jr., have been here visiting
her parents, Mr. and Mrs. C. T.
Tankersley for several weeks. Last
week Walter Jr. developed scarlet
fever. Mr. Denman came Saturday
to accompany them home, but re-
turned alone Monday because of
Walters Jr's illness.

Bob Caveness returned home
Sunday night from Dallas, where he
graduated Monday of last week in
Dentistry from Baylor University
College of Dentistry. He has com-
pleted examination for a license to
practice, which license he expects
to receive within the next few
weeks.

Prompt Help For
A Listless Child

Scolding won't help a boy or girl
who is listless, dull or cross from
constipation. But, here's something
that will!

If sluggish bowels have your child
headachy, bilious, upset, give him
a little Syrup of Black-Draught to-
night. Like the original famed
BLACK-DRAUGHT, its principal
ingredient is an intestinal tonic-
laxative. Helps impart tone to the
bowel muscles.

Children like the taste of Syrup of
Black-Draught. It is an all vege-
table product. When simple direc-
tions are followed, its action is
gentle, but prompt and complete.
Comes in two sizes: 50c and 25c.

product of progressive engineer- ing, fine materials and honest
stabilized chassis, hydraulic
brakes—will prove it's the
modern car in the low-price field.

**WILL MARRY SOON**

Miss Gwenn Marr Davis' coming marriage on July 18 to Glenn D. Flake, Galveston, was announced at an entertainment given by her mother, Mrs. Charles E. Davis, at Lubbock on Thursday of last week. The wedding will take place at the First Christian Church in Lubbock with Rev. W. P. Jennings, pastor of the Plainview First Christian Church, officiating. Rev. J. Pat Horton, pastor of the First Baptist Church at Plainview, will assist.

Miss Ernestine Herring will be the bridesmaid.

Miss Davis is a daughter of Mr. and Mrs. Charles E. Davis, former residents of Plainview. She was graduated from Plainview High School and Wayland College and has a B. A. degree from Texas Technological College. She was a member of the Sans Souci social club at Tech and has taught in the Tahoka schools the past two years.

Mr. Flake, son of Mr. and Mrs. J. P. Flake of Plainview, finished high school in Plainview and attended Wayland College. He has degrees from Baylor University, Waco, and the University of Texas, Austin.

About 50 guests from Lubbock, Plainview, Dallas and Tahoka attended the announcement party.

**MISS JENNINGS WILL BE CHAPERONE**

Lynn County 4-H club sponsors, meeting in the office of Miss Maurine McNatt, county home demonstration agent, Saturday, elected Miss Altha Wayne Jennings, sponsor of the West Point 4-H Club, chaperone for the 4-H club girls attending the A. & M. College Short Course next month.

About five or six girls will go to the Short Course from Lynn county. Each 4-H club in the county will contribute \$1.50 to the fund to send the sponsor to A. and M.

The Short Course will be held the week of July 3.

The club sponsors went over plans for the 4-H club work for the remainder of the year.

A short training school in news writing for the sponsors was also held Saturday afternoon.

Mrs. R. C. Forrester and her mother, Mrs. A. N. Hughes, of Tahoka and Mrs. Homer Scott of Lubbock, and Homer Knoll Hughes of Brownfield spent the past week visiting a brother of Mrs. Forrester, R. E. Hughes of Albuquerque, New Mexico.

**"BREAD" SUBJECT OF WEST POINT CLUB**

"Since the beginning of time there has been bread," Miss Maurine McNatt, home agent, told members of the West Point Home Demonstration Club at the home of Mrs. Cody Bragg Wednesday, June 7, at 2:30 p. m.

The Bible says that Eve was forced to work for her bread, Miss McNatt said, after being driven from the Garden of Eden. Through the ages there has been bread in various sizes and shapes.

The French bake loaves seven feet long, while the Norwegians have them as thin as paper and as round as cart wheels.

In Egypt bread is baked on the house tops; on the desert the Arab women bake bread on the backs of camels on a container filled with fire.

Mrs. Claude Wells was named to serve on the exhibits committee and Mrs. J. M. Noble is to serve on the finance committee. Mmes. Wells and Noble were enrolled.

Refreshments were served to four visitors, Misses Ruth Hale and Mildred Cox, and Mmes. Jarrell Cox and Nola B. Denman, and 12 members.

Next meeting will be at the home of Mrs. Curtis Wednesday, June 21, at 2:30 p. m.

**FIDELIS UNION MET AT T-BAR**

The Fidelis Union of the Epworth League, Methodist Young People's Division, met at T-Bar Friday, June 16. Tahoka and O'Donnell were well represented. Lamesa, Draw, McCarty, and Sparenburg are also members.

The subject was "The Etiquette of Not Drinking." The business session was presided over by the president, Travis Shelton of Tahoka. The meeting adjourned for a social hour and later refreshments.

The next meeting will be at Draw, July 14.

**NEW LYNN EPWORTH LEAGUE**

The New Lynn Epworth League met Sunday evening at 8:30 o'clock. An interesting program was presented by James Baker, Pauline Perkins, Ruth Evin and Eldon Young.

Miss Elva Stone will have charge of the program Sunday, June 25. We went to Southland Monday night to a union meeting and had a nice time.

Come and visit our League and you will receive a great blessing. —Publicity Superintendent.

**DIXIE H. D. CLUB**

"When yeast is added to dough fermentation begins," stated Miss Maurine McNatt, home agent at the regular meeting of the Dixie H. D. Club Thursday, June 15, at 2:30 in the home of Mrs. Herbert Nash.

The enzymes and acids resulting from fermentation change the gluten and give a softer and more elastic texture. This is one reason why dough made with soft wheat flour must be handled differently from that in which hard wheat flour is used.

For this reason also, flour should not be kneaded into the dough after fermentation has progressed, or streaks of the unchanged flour will appear in the bread.

After a short business session Miss McNatt gave a demonstration on making Parker house and stacked rolls and Mrs. R. F. Janak demonstrated the making of clover leaf and plain rolls, and loaf bread.

Delegate elected to attend the short course is Mrs. Marvin Munn.

There were eleven members present. One visitor and one new member. The visitor was Mrs. Paul Johnson of the T-Bar club, and the new members was Mrs. Joe Nichols.

The next meeting will be with Mrs. R. F. Janak on Wednesday July 5, at 2:30.

**HOME ECONOMICS NEWS**

A general clean-up campaign has just been finished in the Home Economics department. The windows have been cleaned, curtains laundered, dishes and utensils cleaned, and cabinets and pantries relined and rearranged.

Work has been started on the Year Book. Programs are being planned which include interesting activities as well as useful study.

**Bad Breath May Show You Need This Help!**

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

Chronic and Nervous Disorders Scientifically Treated by Natural and Mechanical Means.

Dr. A. J. Sparks, N D Room 6 Thomas Bldg.

**CARD OF THANKS**

We wish to thank our friends in Draw and Tahoka and elsewhere over the county for the many kindnesses and words of comfort occasioned by the death of our dear father, J. D. Martin. We especially appreciate the beautiful floral offering, the songs, and the many little acts of kindness. May God be with you all.—The Family.

**Burleson Catches His Share Of Fish**

Mr. and Mrs. W. L. Burleson returned the end of the week from Corpus Christi, where they visited last week.

Bill says he had more fun than he ever had before. Wednesday he and W. D. Smith and P. A. Robinette, former citizens of Tahoka, went deep sea fishing off the Texas coast from Port Aransas. Fishing for kingfish, mackerel, and tarpon, each had plenty of luck, except for tarpon. Bill says he landed a 16-pound king, and W. D. and Bob each landed one nearly as large. The bag was 22 fish Wednesday morning.

On the way down, they came near having a car wreck near Mineral Wells when three cars, including Bill's, met on the highway and one of the fellows took a sudden notion to stop. The result was that Bill's car and the other fellow's received dented fenders.

The Burlesons left Billie Lee at Sunnyvale Girls Camp, Grand Prairie, where she will remain for about three weeks, and W. L. Jr. visited Mrs. Burleson's sister in Dallas while they made the South Texas trip.

**ELDER DRENNONS NOTES**

We were glad to see in last week's issue of the News Editor Hill had turned columnist, and we feel sure he will do as well as some we read in other papers.

What a wonderful responsibility rests upon editors, for I believe they exert as much influence on public thinking as any other one agency. How careful they ought to be not to cast reflections on our good officials and officers of the law. I believe if there ever was a place we need Christians it is in the editorial chairs.

Next to the editor in molding sentiment is the teacher in our schools, and then comes the preacher.

I realize more, the older I become, what a responsibility rests upon me, and am becoming more careful in my speech and life.

I spoke last Lord's day morning on "The Debt We owe the Constitutional amendment route?" I think realize that we are our brother's keeper and that the community

will be no higher than the individual makes it.

The editor took me to task last week in his notes but he failed to answer my question "Don't you think the voters ought to have a right to settle it by the constitutional amendment route?" I think it would be time well spent, as it would settle it for a long time to come, as the old Confederate plan has, and as Jesus said, "The poor you have with you always," so we will need the pension plan a long time.

Another crack you made at O'Daniels I don't think becoming of a Christian gentleman. I am not sure I know how to take it. If you mean he has been a rip-roaring success as governor, sure enough you are right, but if you mean it as a slur then you are all wrong and need to read Romans 13-1-7 and 1 Peter 2-17. What I am trying to get you to see, Brother Hill, is that as you claim to be a Christian you should live by the Golden Rule as found in Matthew 7-12 and be fair.

As I listened to Mark Halsey's program today I heard the announcer make a statement that ought to thrill all Christians' hearts. It was to the effect that they did not fill liquor prescriptions. May God bless them on this stand.

Our soft ball games were marred last week by several drunks attending one of the games. It is too bad that we can not have clean sports without having to listen to swearing and such like. We hope the officers will help keep it clean.

Yesterday was a great day for our colored friends as it celebrated their freedom from slavery, but as I sat thinking on their conditions under slavery, I then thought of those under the slavery of sin. I am made to believe that those under slavery of sin are in worse condition than the negro ever was. And to think that freedom is within the reach of all. Why not be made free, my sinner friend?

Yours for more people who will let their conscience have a chance in their lives.—R. P. DRENNON.

Miss Ernestine Story is in San Antonio, accompanied by three other girls from Texas Tech, as representatives of that institution at a Home Economics convention.

**NEW LYNN H. D. CLUB**

"Yeast breads should be kneaded thoroughly but lightly, and until there are no air bubbles in the dough", Miss Maurine McNatt explained to the New Lynn Home Demonstration Club members Tuesday, June 20, in the home of Mrs. J. H. Stalcup.

Refreshments were served to Misses Newman Bartley, T. C. Bartley, H. A. Winkler, Doyle Terry, J. H. Stalcup, one new member, Mrs. Paul Walker, and the agent, Miss McNatt.

The next meeting will be July 18, with Mrs. Roy Kelly.

**GRASSLAND 4-H CLUB**

"The Family History" was a very interesting subject of the Grassland 4-H club at the home of Billie Greer June 16, at 9:00 a. m.

The meeting was mostly a business meeting, in which all the finances were settled and Margie Shepherd was elected to go to A. & M. Short Course in July.

The next meeting will be in the home of Margie and Beth Shepherd July 21.

Visitors welcome.—Reporter.

**METHODIST CHURCH**

After one Sunday's absence we are glad to be back with the church. We must begin to get ready for our meeting that is little more than a month off. The morning sermon text will be "Rise and Measure the Temple" and for the 8:30 hour "The Discipline of Change."

We wish to express appreciation to the church for the lovely vacation we have had and trust our work together will be even more profitable for the outing.—Geo. E. Turrentine.

**PRESBYTERIAN CHURCH SERVICES SUNDAY**

There will be regular services at the First Presbyterian Church Sunday.

Sunday School, 9:45 a. m. Morning worship, 11:00 a. m. Everyone is urged to attend the morning worship service, as the pastor will be away in the evening. The subject for the morning will be "The Marks of a Christ from Life"—Rev. James I. McCord, pastor.

Miss Kathleen Cundiff of Littlefield is here visiting Miss Doris Allen and T. S. Sales.

**FROM TEXAS TO GEORGIA AND RETURN**

(By Rev. Geo. E. Turrentine)

So many have asked about our vacation trip to Georgia that I will try to sum up the highlights of the trip in print.

We left Tahoka at nine o'clock Monday morning, June 5, with our family of five. The only long stretch unpaved was the road to Post and being down hill we made good time to Fort Worth. There we ran into a downpour of rain that caused many cars to stall in the streets. Dallas and the oil fields being well known territory, we hurried through them to Marshall, where we spent the night.

Tuesday we crossed Louisiana, Mississippi, and Alabama. Crops were late and not too good most of the way from Shreveport to Gadsden.

After crossing the toll bridge over the Mississippi at Vicksburg, we drove over the temporary bridge at the scene of the accident last spring where 20 people lost their lives just out of Vicksburg. The last named city is surrounded by monuments that mark the battle fields during the siege of Vicksburg.

We paused long enough in Tuscaloosa to drive through the grounds of the University of Alabama, our Alma Mater. New buildings were being constructed in this already large and growing school. Dark overtook us before reaching Birmingham, whose suburbs and residential sections were dark until we would pass a blast furnace pouring out molten iron and slag.

We drove on to Gadsden, the home of our youth, where we spent half of Wednesday. This is another steel and cotton manufacturing town on the Coosa River.

At noon Wednesday we reached Rome, Georgia, our destination. The Government has built levees on the Oostanaula River to prevent being subject to disastrous floods that have frequented the past. We were domiciled on the side of the hill which is crowned by the clock tower, an old iron reservoir. I remember having seen this tower catch fire in my childhood, when I watched the firemen carry water in buckets to extinguish the fire caused by lightning having struck the wooden platform on the very top.

The mountains around Rome were a never ceasing cause of wonder and joy. On the side of Lavender Mount is a radio active spring where we spent many pleasant afternoons.

The chief interest in Rome for us was our visit to our Aunts, uncles and cousins. Throughout our trip we saw many beautiful flowers and trees. The most beautiful being the Mimosa, Roses, magnolias and althea were also in bloom. Rome is also an educational center with the Berry schools, Shorter College, and Darlington boys school being the most noted. An interesting visit to us was the tapestry mill where the expression "swifter than

**Army Parades At S. F. Fair**

Stationed at Camp Hunter Liggett for the duration of the California World's Fair is the Treasure Island Company and Band, a crack unit from the 30th U. S. Infantry. The precision drills, dramatic retreat ceremonies, drills to music, parades and formal military honors paid to visiting dignitaries form a colorful part of the Exposition. Here the Treasure Island company parades in front of the Federal Building and the magnificent Colonnade of States. The ceremony is a daily feature at the Fair.

a weavers shuttle" became vivid to us.

On return we stopped in Alexander City, Dadeville, LaFayette, and Montgomery in Alabama. Leaving Mobile, which we reached by the five Cochran bridges, we entered Mississippi by Pascagoula. The coast of Mississippi was beautiful.

The first night of our return trip we spent with a cousin in LaFayette. The home where we spent the night was over 100 years old. It was built in the Colonial style and contained many boards 30 feet long which had been cut out of the heart of the pine.

Wednesday night we spent at Ocean Grove, expecting to take a boat on a fishing trip the next morning. In the night a storm on the Gulf was reported and we journeyed on the next day to an outlet of Lake Ponchartrain, where we stopped long enough to catch a few croakers and crabs.

Crossing the seven-mile bridge across Ponchartrain we drove into New Orleans. A sight-seeing trip through the Latin quarter of the old city well repaid us for the few hours spent there. The meeting place of General Jackson and LaFitte, old cathedrals, the old cemetery, and a boat unloading bananas were all viewed on this trip. The water hyacinth along the roads of Louisiana were beautiful.

Thursday night we spent in Louisiana. Friday we drove into Texas at Orange, and were glad to get back on Texas soil.

Beaumont and Houston were just two cities to get through on our way West, so we drove to the State

Park at Bastrop. Before leaving Saturday we boated on the lake awhile and drove into Austin.

We expected to find cooler weather as we came nearer home, but it was a hot day in West Texas when we arrived Saturday and prepared for the Sunday services.

R. H. Turner was carried to Lubbock for treatment Thursday. About a month ago he suffered a stroke of paralysis and was improving until he took a backset a few days ago and has not been able to be up since.

**"SERVICE WITH A SMILE"**

The rural carrier with a pleasant smile. Delivers news to you: Thru storm and flood, thru snow and sleet and mud. He always brings it thru.

**Chorus:**

Service faithful, Service with a smile. Service royal, loyal all the while; The rural carrier gives it to the very last long mile. Service always, Service with a smile. For the only kind worth while, On the rural route, Where he hands it out, Is Service with a Smile.

The rural carrier makes a lot of friends. Along his daily route By doing many kindly little deeds He never talks about.

—Song of the Rural Carriers.

**County Loser In Scholastics**

Lynn county scholastics for the year total 3055, the lowest in many years, according to the final approved list received by County Supt. Lenore M. Tunnell from the State Department of Education, Austin, the first of this week.

By school districts, the number of scholastics follow:

Grassland	108
Midway	69
O'Donnell	450
Tahoka	700
Wells	92
Wilson	404
New Lynn	106
Rural High No. 1	218
Rural High No. 2	385
T-Bar	58
West Point	56
Joe Bailey	74
Edith	65
Three Lakes	30
Dixie	72
Gordon	61
Newmoore	107

Last year's scholastics totaled 3,774, or 719 more than were enumerated this year. The tremendous loss is due to a number of things, including the increase in tractor farming, the Government farm program, the loss of Magnolia district to Garza county, the loss of Pride to Dawson county, and also the fact that last fall's crop was not nearly as large as the one this year before.

**BIG SING-SONG AT PATTON SPRINGS SCHOOL**

The regular monthly meeting of the Dickens County-Girard Sing-Song organization will be held at the Patton Springs School, Afton, Texas (12 miles north of Dickens, Texas, Dickens County) Sunday, June 25, 1939, 2:30 p. m. This is going to be a real Gospel Song service. It will be more than just one of the regular meetings. It will be one of the largest Sing-Songs ever held in Dickens county.

Get your Egg Stamps at The News office.

W. G. Barrett, former superintendent of Tahoka schools, now of Stamford, and his wife's brother, J. L. Hill of Dawson, were visitors in Tahoka Wednesday. Mr. Barrett is now engaged in the insurance business and well pleased with his work.

J. O. Tinsley is building an addition to his dairy barn at his home north of town. The building will also be stuccoed.

Postmaster W. E. (Happy) Smith expected to attend the state convention of postmasters at Big Spring Friday.

**IT'S STEADY COLD**  
that makes **HUMIDITY SAFE!**

Best for Better Food Protection **QUIN-TEMP-LETS**

Protect your foods with the new **TRUE-TEMP Cold Control**  
Only Westinghouse has it!

Cold alone is not enough to keep all foods at their best. Humidity also is needed—especially for meats, fresh fruits and vegetables. But, with humidity, it is more important than ever that you HOLD the right degree of cold in your refrigerator—otherwise mold and bacteria may form rapidly in the moisture laden air.

With the new TRUE-TEMP Cold Control, Westinghouse protects you against the hazard of food temperature fluctuations. It holds temperatures CONSTANT in all parts of the refrigerator, makes possible the new Food Protection "QUIN-TEMP-LETS"—5 zones of cold providing complete protection for all your foods. See these new features today!

(Cont'd. from page 1)  
 county. In the sandy areas, particularly in the western part and the Petty community, sand has blown out much cotton. Too, some farmers did not get their cotton up. As a whole, however, crops are doing well and survived the hot, dry winds and hot nights of last week remarkably.

Below the caprock, there were torrential rains Monday night and Tuesday. Deep and Dry Creeks which course their way through Snyder went on a rampage over their banks to within a half block of the court house square at Snyder, washing away two bridges in the town, leaving 200 people homeless, and claiming the life of one man, Giles Morrow, 60, former Snyder business man.

At Colorado, waters from Wolf

Creek backed up into the residence district threatening to do much damage.

As much as 11 inches of rain was reported in the Snyder-Colorado area.

Tuesday afternoon late, disaster again struck the Plains in the form of a tornado, leaving one man, H. W. Jackson of the Opdyke community, Hockley county, dead, several other people injured, many homes, outhouses, livestock, and crops destroyed in Hockley and Lubbock counties.

Damage was reported from Lingo, just over the New Mexico line northwest of Bledsoe, the Okdyke community nine miles east of Levelland, Shallowater northwest of Lubbock, and Monroe north of Lubbock. Wednesday night officials of the Red Cross were busy checking for additional damage.

The tornado is reported to have crossed the area in hop, skip and jump fashion from 6:20 to 7 or 7:30 o'clock Tuesday evening.

Many narrow escapes are reported by residents of the storm area as homes were swept away, and the fact that no more lives were lost seems a miracle.

Among those injured were: Mrs. H. W. Jackson, Opdyke, cuts and bruises and possible internal injuries; G. W. Blackmon, 56, Shallowater, severe lacerations and fractured vertebra; Geraldine Trammel, 13, Shallowater, cuts, bruises; Mrs. J. A. Nipp, 22, J. A. Nipp, 25, and baby Florence Nipp, all of Shallowater, painful cuts and bruises; and possibly others; but none of the injured was believed to be in a critical condition, the Lubbock Avalanche said Thursday morning.

Torrential rains accompanied the storm, cattle, horses, hogs and chickens being killed or drowned by the hundreds. Much of the Plains land was virtually isolated by high water which filled lakes and cut off roads.

News of the tornado brought memories to people of Lynn and Dawson counties of the terrible tornado which visited here April 26, 1938, which started in northwestern Dawson county southwest of the O.K. school, coursed through that community, south of O'Donnell, by Joe Bailey, and through the Draw community, killing three persons, injuring many others, destroying 19 farm homes, and damaging about 40 other homes.

**19th DISTRICT CARRIERS MEET IN TAHOKA**

(Cont'd. from first page)  
 ings by Mrs. A. O. Conley and Mary Beth Roddy, vocal trios by D. F. Reddell and Misses Anita Reddell and Mary Bland Wells, vocal solos by Miss Wells, and piano solos by Miss Marjorie Wells.

Following the banquet, carriers and their wives held separate meetings for business sessions, while the children were conducted in a play period in the Tahoka city park just across the street.

W. J. Klattenhoff, Slaton, president of the organization, presided while matters of interest to carriers were discussed. New officers are: J. L. Greene, Snyder, president, F. A. Gilley, Post, vice president, H. L. Roddy, Tahoka, secretary, and Klattenhoff, delegate to the state convention.

At the meeting of the Ladies' Auxiliary, Mrs. E. E. Smith, Colorado, was elected president, Mrs. G. E. Chriswell, Ackerly, vice president, Mrs. H. L. Roddy, Tahoka, secretary, and Mrs. A. O. Conley, Tahoka, delegate to the state convention.

Those who registered at the meeting were:

Inspector Caldwell, Dallas; G. W. Dodson Post, W. J. Klattenhoff, Slaton; W. C. Foote, Petersburg; Paul Attaway, Big Spring; W. E. Suddarth, O'Donnell; J. M. Noble, Jr. O'Donnell; John Williams, Colorado; J. E. LeMond, Snyder; G. N. Shirey, Floydada; G. M. Reid, Tahoka; D. F. Reddell, Tahoka; W. E. Smith, Tahoka; E. I. Hill, Tahoka; Frank P. Hill, Tahoka; Joan Conley, Tahoka; Jimmie Harwood Conley, Tahoka.

Mrs. Joe Puckett, Hartselle, Ala.; Miss Lanell Shirey, Floydada; Miss Ethel Calahan, Tahoka; Miss Anita Reddell, Tahoka; Miss Marjorie Wells, Tahoka; Miss Mary Bland Wells, Tahoka; Mary Beth Roddy, Tahoka; Mr. and Mrs. E. E. Smith, Colorado; Mr. and Mrs. John Moore, Sudan; Mr. and Mrs. Carl A. Parrish, Sudan; Mr. and Mrs. J. T. Lybrand, Sudan; Mr. and Mrs. G.

E. Chriswell, Ackerly; Mr. and Mrs. J. L. Greene, Snyder; Mr. and Mrs. F. A. Gilley, Post; Mr. and Mrs. W. L. Underwood, Winters; Mr. and Mrs. J. K. Woosley, Tahoka.

Mr. and Mrs. Henry Douthit, Tahoka; Mr. and Mrs. W. A. Reddell, Tahoka; Mr. and Mrs. A. O. Conley, Tahoka; Mr. and Mrs. T. T. Garrard, Tahoka; Mr. and Mrs. A. C. Weaver, Tahoka; Mr. and Mrs. Jess Gurley, Tahoka; Mr. and Mrs. H. L. Roddy, Tahoka.

**J. D. MARTIN BURIED AT DRAW-SATURDAY**

(Cont'd. from first page)  
 August 11, 1873, in Hopkins county. His father died when he was just a baby and when he was seven his mother died. He was raised to young manhood by uncles and aunts. On February 28, 1897, he married Miss Vera Woods, who likewise was reared in Hopkins county.

In 1921, Mr. Martin bought a farm in the Draw community and moved his family here. Mrs. Martin died January 21, 1933, and the husband's body was laid beside that of the wife in the Draw cemetery Saturday.

He was a member of the Methodist Church. For many years he was active in the Masonic Lodge, but dropped his dues in an East Texas chapter when the depression

came on a few years ago. He is survived by three daughters and two sons, all of whom were present when the end came. They are: Mrs. H. C. Story, Tahoka; Mrs. G. P. McCollom, Honey Grove; Mrs. John C. Self, J. Weldon Martin, and J. Dudley Martin, Draw. A nephew, Edgar Brown, Griggs, Okla., was also here for the funeral. The News joins many other friends in extending sympathy to the bereaved members of the family.

**Kirk Pitts Wins \$50.00 Premium**

Kirk and Gaynell Pitts, operators of the Cash Store, are winners of a \$50.00 cash prize in a Red & White store aluminum sales contest recently conducted over a ninety-day period. They won first place in the area from Abilene west to the New Mexico state line.

Kirk also announces that he has installed an air-cooling unit in his store.
