Tahoka, Lynn County, Texas, Friday, July 28, 1939.

Number 50.

## Paving Work Started On Highway 380

### Must Make School Transfers By Monday; Law Explained

#### Rigid Enforcement Of Law Expected By Officials

Provisions of the new school laws affecting transportation, tuition, transfers, etc., were given a clearer explanation by Mrs. Lenore M. Tunnell, county school superintendent, following her return from Austin Tuesday, where she conferred with officials in the State Department of Education.

All applications for transfer from one district to another for the coming school term must be made before August 1st, following which school boards will have until August 5th to file formal protest against such transfers, subject to action of the county board. Unless protests are filed, transfers may be allowed as petitioned.

Any child in any district who lives more than two and a half miles from his home school is eligible to ride a school bus. If he rides to his home school, the state will pay his or her transportation; or if the student's grade is not taught in the home school the state will pay for transportation to a school at which the grade is taught, provided transfer is made before August 1 and provided transportation is available.

Scholastics whose grades are taught in their own district, and (Cont'd on back page)

### More Silos Are Farmers' Aim

With prospects for an average feed crop in most sections of Lynn county, a large number of farmers are making plans to store part of the crop in trench silos, according to Don Turner, county agent.

Trench silos are gaining popularity among Texas farmers each year, and it is expected that the number of silos dug this year will more than double the number of any previous year. The new AAA regulations which permit the use of crops as silage from soil conserving acreage accounts partly for the increased interest.

A silo makes possible the having on hand of green feed when the weather is too cold for green pasture. A silo should also be considered as a container in which to store a surplus of feed to use when the drouthy years come.

Other advantages of a trench silo are: It may be constructed cheaply and in a short time; it is inexpensive to fill; it is windproof, fireproof, and frostproof; silage may be packed and removed conveniently; feed stored in trench silos is not subjected to sand, insect and rodent damage.

The cross section size of a trench silo should be made in proportion to the number of head of livestock to be fed, so that enough silage will be removed daily to prevent spoilage.

Such feeds as corn, grain sorghum, sudan grass, and sometimes Russian thistles and cotton stalks are used for silage. The feed may be chopped or put in the trench in bundles. As much as one barrel of water should be put in with each ton of feed.

Further information regarding construction and filling of trench silos may be secured from the county agent.

#### REVIVAL AT O'DONNELL

O'Donnell Church of Christ will open a revival meeting August 27 with Elder Frank L. Cox of Austin, publisher of the Firm Foundation, doing the preaching. Claude Chairs, who is leading the singing in the Tahoka Church of Christ revival, will direct the song services.

Try a News classified ad.

### FSA Appropriates \$39,000 To Lynn

Lynn county will receive approximately \$39,000 to purchase six farms in the county for 1940. The above amount is not definite at this time, and is subject to change.

August 21 has been set as the closing date to receive applications. Forms are now available at the county office in the court house at Tahoka, according to Jack Welch, county Farm Security Administration supervisor.

### Select County's FSA Committee

Word has been received by Jack Welch, Lynn county Farm Security Administration supervisor, that a committee of two farmers have been appointed by Secretary Henry A. Wallace to assist in carrying out the FSA Tenant Purchase program.

Those named by the Secretary of Agriculture are: E. J. Emanuel and E. J. Cooper. A third member will be appointed at a later date.

These men will assist Mr. Welch in administering the Tenant Purchase program which provides for the making of 40-year three percent loans to a limited number of Lynn county tenants for the purchase of farms. These loans are available only to farm tenants or farm laborers.

One of the main duties of the committee will be to investigate applicants and recommend those which they believe should receive loans. Basis for this recommendation will center largely around the character, experience and farming ability of the applicant.

### Service Station Is Being Built

Conway Clingan, local agent for the Texas Company, announces a new station dealing in products of the company will be opened on lots on Main street one block north of the intersection of highways.

Ira L. Duckworth and John T. Herd of Post will be owners of the new station, which will be leased out. Work was started on the structure this week.

The building will be frame and finished in white stucco, will have expansive concrete driveways, three pumps, wash and grease bay with hydraulic lift, in fact, modern equipment throughout. The building will be completed by September 1. Frank McClure of Dallas is the contractor.

### Complete Plans For Club Camp

Plans are being completed for the district boys' 4-H Club encampment to be held at Silver Falls, near Crosbyton, on August 21, 22, and 23. Nineteen counties will be represented and it is estimated that 500 boys will attend. County Agent Don Turner estimates that 25 boys will attend from Lynn county.

The program will consist of talks from agricultural leaders of the state, moving pictures, skating, swimming, baseball games, and fishing.

The population of Texas has increased from 7,000 (estimated) in 1800 to more than 8,000,000 persons (estimated) in 1939.

H. H. Odom of Dallas is spending the week with his father, D. D. Odom and family at Grassland.

### Mrs. Tom White Is Near Victim As Home Burns

Mrs. T. W. White of 2318 Eighth street, Lubbock, narrowly escaped with her life and suffered great shock last Friday afternoon when the interior of her residence was practically destroyed by fire.

Some cleaning fluid which she was using ignited and the flames spread almost instantly to the whole interior of the house. Mrs. White undertook to remove some of her possessions but was soon driven from the building by the roaring flames and fell in the yard in a hysterical condition. She sustained no serious physical injuries, however.

Mr. and Mrs. White resided in Tahoka several years and operated the best cafe then in Tahoka in the building now occupied by Jane's Beauty Shop next door to the News office. They later operated a cafe in Lubbock but recently Mr. White has been pursuing the occupation of a contractor.

### Revival At The Church of Christ

Revival services at the Tahoka Church of Christ will continue until Sunday night with Evangelist Paul Southern, of Abilene, doing the preaching. Claude Chairs, of O'Donnell, is directing the congregational singing. Services are held twice daily, at 10 a. m. and 8:30 p. m.

Large congregations have been attending the meetings, out-of-town groups being present at almost every service. Sermon subjects for the closing nights of the meeting have been announced as follows: Friday night, "The Infallible Safe Way;" Saturday night, "If I had but One Sermon to Preach;" Sunday night, "Why Some People are not Christians."

Mr. Southern is associate professor of Bible and English in Abilene Christian College. He also preaches for the Northside Church of Christ in Abilene. For two years he has conducted a popular religious news broadcast over radio station KRBC, Abilene.

### Want Ad. Finds Strayed Cow

Mrs. Pearl Brown ran a little classified ad in The News last week and the week before advertising the fact that she had lost a Jersey milk cow.

This week Mrs. Brown told us the little ad brought her cow back. Advertising in The News pays.

Mr. and Mrs. H. B. Howell and son Wade left Tuesday for Dallas on a combined business and pleasure trip.

Mr. and Mrs. F. E. Calvery went to Waco last Friday for a few days visit.

### State Officials Will Speak At Tahoka Roundup Celebration August 24-25

State Superintendent L. A. Woods and Railroad Commissioner Ernest O. Thompson will be speakers in Tahoka during the third annual Tahoka Roundup to be held here Thursday and Friday, August 24 and 25.

Several state officials have been invited to the Roundup, including Governor W. Lee O'Daniel. Gov. O'Daniel has not yet accepted the invitation, but his secretary has written that he would attend if at all possible.

### A. L. Smith Child Dies In Dallas

Funeral services for little Laqueta Joy Smith, two-year-old daughter of Mr. and Mrs. A. L. Smith, were conducted at the Baptist Church here in the presence of a great throng of friends of the family, at 3 o'clock Wednesday afternoon. Rev. George A. Dale officiating. Burial in the Tahoka Cemetery followed under the direction of the Harris Funeral Home. The business houses here were closed during the services.

The child died at 9 o'clock Monday night in the Methodist Hospital, Dallas, following an operation Sunday. The fatal malady was pronounced tubercular meningitis.

Little Laqueta Joy had been unwell for several months. About seven weeks ago she was placed under treatment by a local physician. Her condition failed to improve but on the other hand, on the night of July 4, she became seriously ill. She was taken to the West Texas Hospital for diagnosis and treatment but in a short time was brought back home. Her condition remaining unsatisfactory, she was taken back to the Hospital on July 8. Physicians there were baffled by the nature and stubborn-

(Cont'd on back page)

### Sign Members In Storage Co-op.

Lockers and stock in the proposed cold storage plant are being subscribed this week by several committees. Reports are very encouraging and the officials feel that the necessary number will be obtained to go ahead with construction of the plant at once. Many merchants and business men are taking stock, the committees say, as they feel it is a good project for the community.

Anyone interested whom the committee has failed to see, should turn in their subscription at the county agent's office or at either one of the co-op signs this week. A meeting will be held at the court house Saturday at 3 p. m. to further perfect organization, and all patrons are urged to attend.

### Tahoka Golfers Defeated By Slaton

Slaton golfers won over Tahoka decisively last Sunday, when they won 11 out of 15 matches, playing on the local course.

Tahoka was weakened by virtue of the fact that several golfers were on the baseball team which went to Seagraves that day.

#### HERE FROM KENTUCKY

Mr. and Mrs. Homer Felts and daughter, Miss Lula Mae Felts, of Campbellsville, Kentucky, and Dr. and Mrs. R. C. Felts and three children of San Saba are here visiting the former's son and Miss Felts and Dr. Felts' brother, Band Director Joyce Felts, and family. Mr. Homer Felts is a professor in the Campbellsville Baptist College.

Miss Lottie Jo Townes left Tuesday for Breckenridge for a visit with her T. C. U. room mate.

### Harp Singers Are Coming Sunday

Sacred harp singers from over the South Plains will meet in Tahoka next Sunday all day at the Primitive Baptist Church to again sing the old so-called sacred harp songs. Singing will begin at 10 a. m. and continue throughout the day, with special numbers interspersing the program. A noon basket dinner will be spread.

The singing is sponsored by the Plains Fifth Sunday Sacred Harp Singing Convention, of which R. B. McCord of Tahoka is president and Webster Ward of Brownfield is secretary.

All Lynn county people who enjoy the old sacred harp songs are especially invited to attend.

### Smith Will Hold Methodist Revival

Rev. H. C. Smith, former pastor of the Tahoka Methodist Church, will conduct a revival meeting which opens at the church Sunday morning. He will be assisted by the pastor, Rev. Geo. E. Turrentine, and Singer Elton Plowman of Lubbock.

Rev. Smith is now pastor of the San Jacinto Methodist Church in Amarillo, which church has more than 1,000 members, is past president of the Kiwanis club there, and a civic leader in the city of Amarillo. He is one of the most beloved pastors the local congregation has ever had, and will bring inspirational messages each morning and evening.

Mr. Plowman, a recent graduate of Texas Tech, is recognized as one of the best young singers ever developed in this territory. In addition to conducting the song services, he will conduct the young people's work.

Services will be at 10 a. m. and 8:15 p. m. each week day.

### Twister Wrecks Small Residence

Serious damage was done on the Virgil Carter farm one and one-half miles west of O'Donnell by a high wind, thought to have been a small tornado, Tuesday afternoon.

A small house was overturned and blown about 50 feet from its foundation, slightly injuring by minor scratches and shock the three occupants, Mrs. Virgil Carter, Mrs. Nell Wilburn, and a small child.

A barn was demolished, the windmill toppled over, and other damage done to property. The top of the barn was lifted off and set down on the ground with injury to hardly a shingle, but the barn walls were torn and scattered widely.

Rain accompanied the wind. No other serious damage was reported in the territory.

### Two Killed In Car Accident

Two Gall youth, Robert Johnson, 17 and Ches. Nelson, 21, were killed instantly near Ackerly, Dawson county, late Thursday afternoon of last week when the pickup in which they were riding was struck by a gasoline tank truck.

Johnson was a nephew of John Johnson, city marshal of O'Donnell.

The two youths, it is said, were riding in the rear of the pickup old wre asleep, when struck by the truck.

#### WALKER IS BUILDING

Prentice Walker started construction of a new home this week in the northwest part of town west of the J. K. Applewhite residence. His father from Seymour is contractor on the job.

### Contracts Are Let On Two Sections Of Highway

Bell & Braden Started Work Monday On Stretch Of Road 5.7 Miles Long

The Texas Highway Commission, meeting in Austin Tuesday, awarded contracts for the paving of the remainder of U. S. Highway 380 in Lynn county.

Contract was also let for the paving of all of Highway 380 lying in Garza county from Post west to the Lynn county line.

Three miles of soil-cement base course and double asphalt surface treatment, beginning at Main street in Tahoka and extending east was contracted by Austin Road Company, Dallas, at a price of \$27-428.

The next section, 5.7 miles in length, is now being paved by Bell and Braden, Amarillo, who started to work on the project Monday of this week.

Thomas E. Busey, Rising Star secured the contract for paving 5.2 miles of the road in the extreme eastern part of Lynn county with flexible base and double asphalt surface treatment. The contract price was \$21,784. This section begins 8.7 miles east of Tahoka and extends east to the Lynn-Garza county line.

Beginning at the Lynn-Garza county line and extending east to Post, a distance of 10.5 miles, H. B. Zachry Company, Laredo, was awarded a contract at \$24,526 for reshaping flexible base and double asphalt surface treatment.

### Variety Program At Rotary Club

Tahoka Rotarians were entertained Thursday with a variety program which ranged from "horse play" to seriousness.

Two quartets vied for singing honors, the first composed of Dr. Emil Prohl, Dr. K. R. Durham, Tom Garrard and Fred Bucy, and the second was composed of Conway Clingan, Dr. J. W. Sinclair, Ray Weathers and Prentice Walker, following which four members who passed uncomplimentary remarks on the singing were forced to sing in a quartet themselves.

Dr. Prohl, chairman of the program committee, conducted a question and answer stunt which tested the Rotarians' knowledge or lack of knowledge, of music.

Rev. Geo. Dale spoke for a few minutes on the subject "What Right Have I to be a Rotarian."

Terry Tompson, chairman of the attendance and fellowship committee, announced that those who missed local Rotary meetings would be urged to make up their attendance at neighboring clubs, and that a car of absentees would make up at O'Donnell each Tuesday, if possible.

Oscar McGinty of Spur, Harry Dean of Sweetwater, and E. E. Hancock of Falls were visiting Rotarians. Other visitors, guests of Henry Maasen, were Elder Paul Southern and Claude Chairs of Abilene, who are conducting the Church of Christ revival.

Prentice Walker is a new member of the club.

### Rain Showers Are Some Relief

A part of the drouth area north of Tahoka received some relief by a shower of rain Wednesday afternoon. A large strip of country is suffering very much from the dry weather.

Most of the county is badly in need of rain, especially on feed, but as a whole crops are good, and prospects are that Lynn county will raise an average or better than average crop this year.

### Taylor's Nephew Drowns In Bay

W. S. (Skip) Taylor, wife, and daughter, Olga Faye, attended the funeral in Abilene Wednesday of his nephew, Millard Shaw Jr., 30, who was drowned in Corpus Christi bay Sunday afternoon.

Mr. Shaw, who had been manager of a title company in Corpus only a few weeks, and a young lady employee of the office, were out on the bay Sunday afternoon in a sailboat. In some manner the rudder of the small boat became disconnected with the boat. Shaw dived into the water in an attempt to rescue this vital piece of equipment, and in doing so pushed the boat from his grasp. The uncontrollable boat's sail were caught in the wind and the craft rapidly drifted from his reach. Evidently becoming alarmed, Shaw tried to catch the boat, and although he was considered a good swimmer could not do so and soon sank about three-quarters of a mile from shore. The young lady attempted to throw him a life line, but could not get near enough to him. The body was located early Monday morning.

Shaw was a graduate of Lamesa high school and of Baylor University. While a student in Simmons University he was a member of the Cowboy band which toured Europe.

Mrs. Ernest Patterson of Seymour is here visiting her mother, Mrs. Fannie Bartley, and other members of her family and with Mr. Patterson's parents, Mr. and Mrs. H. A. Patterson.

Miss Eloise Roberts, who had been visiting her room mate since the close of the term at John Tarleton College, Stephenville, returned home Sunday night.

Mrs. Jack Penton was working at the Texas-New Mexico Utilities Co. office this week in the place of Miss Mary Ellen Pesterfield, who was ill.

Nancy Nell Wyatt has just returned home from South Texas. She visited relatives in Houston and Port Arthur, being gone seven weeks.

### TEXAS SENATOR URGES AIR BASE IN PUERTO RICO

#### Decries Falling Market for Texas Rice and Beef in Island Crisis

WASHINGTON, D. C.—Pointing to the strategic location of Puerto Rico, and to the Island's large purchases of rice, cotton, and meat from the United States, Senator Tom Connally, of Texas, declared today in a special interview on Puerto Rican affairs that he is strongly in favor of the proposal to place defensive air bases there, and said that at the same time Congress should give serious consideration to the serious economic plight of the Island.

Senator Connally pointed out that the air bases proposed for Puerto Rico will form an invaluable first line defense for the Panama Canal and the Gulf of Mexico.

"It is vitally important that we protect the Canal and shipping in that area," he declared. "Planes from the Puerto Rican base will be able to scout far out to sea and give advance warning of the approach of an enemy. In addition, because of the close proximity of the Island to South America, the bases on Puerto Rico will serve as a warning to Europe to stay out of South America."

Sen. Connally

Commenting on the economic condition, Senator Connally pointed out that the Interior Department recently reported that 42 per cent of Puerto Rico's population is out of work or dependent on unemployed persons; that their purchases of rice from the mainland last year fell off more than a million dollars, their purchases of cotton products slumped more than two million dollars, and their purchases of meat, more than three hundred thousand dollars.

Officials of the Island blame this condition on the sugar quota, which restricted production in the Island 30 per cent; on the trade agreement program which they say has made it virtually impossible for them to compete in the domestic market.

Commenting on the sugar restriction, Senator Connally said he believed increased quotas for Continental United States and the Possessions and Territories. He said he thought Congress should give serious consideration to the other problems of Puerto Rico taking into consideration their geographic location and climatic conditions.

"Total Puerto Rican purchases from the United States fell from \$90,000,000 in 1937 to only \$81,000,000 in 1938," Senator Connally pointed out, citing figures recently released by the Department of Commerce. "Rice purchases dropped from \$7,750,000 to \$6,300,000; their purchases of cotton manufactures dropped from \$11,440,000 to \$8,900,000; while meat purchases dropped from \$3,864,000 to \$3,577,000. "Such a sharp drop deserves serious attention, not only because the Puerto Ricans are American citizens, but because their decreased purchases hurt us on the mainland," Senator Connally said. "The Puerto Ricans make practically all their outside purchases from the United States, so the money did not go elsewhere. They simply didn't have the money to spend, and the outlet for our rice, cotton and meat suffered accordingly."

Mr. and Mrs. T. H. Murrah of Muleshoe spent a few days recently in the home of her mother, Mrs. Fannie Bartley. They were accompanied here by Mrs. Ernest Patterson of Seymour, who has been visiting with them.

Grace Lamoyne Line of O'Donnell has been visiting her aunt, Mrs. N. M. Wyatt, this week.

Mr. and Mrs. LeRoy Knight returned Sunday from a visit to Gorman and other points.

### STORY MUCH IMPROVED; RETURNED HOME TUESDAY

Friends are glad to learn that H. C. Story has returned home from the Veterans' Hospital at Albuquerque, where doctors gave him a thorough checking over and found that he did not have tuberculosis, as was feared. He and Mrs. Story and daughter, Ruth Evelyn returned from Albuquerque Tuesday afternoon.

Some time ago Mr. Story had a breakdown following some strenuous work he had been doing in remodeling his home during the extreme hot weather. Doctors at the hospital have him under treatment and he hopes to be his old self again soon.

The home town of China's Generalissimo Chiang Kai-shek is Ninampo, not his birthplace but the ancestral home. It is a walled city of traditional culture.

The holly tree is one of the slowest growing trees in the world.

### Early Use of Osage Orange

In the early days farmers turned to osage orange for wood to make fellows (or rims) of wagon wheels. Pioneer wives used to make a yellow dye from the wood of the tree, while a tanning mixture can be made from the bark. Indians used the osage as wood for their bows. The tree was called Bois d'Arc (wood of the bow) by the French in the South. So valuable was an osage bow that sometimes a horse and a blanket represented the price of a good one of excellent grain and finish.

### Historic Nyon

Nyon is picturesquely situated on the lake of Geneva, Switzerland. It is a very ancient little town, for it was founded by the Romans in 46 B. C. The chateau, which forms Nyon's crowning diadem, was first heard of in 1293, but the main part of the building dates from the end of the sixteenth century.

### TAHOKA BASEBALL TEAM WINS OVER SEAGRAVES

Tahoka baseball team defeated Seagraves 12 to 9 in a game played in that city last Sunday.

Wade Holland pitched for Tahoka seven of the nine innings, Harley Wells pitching the last two.

### DANCE RECITAL

Miss Ernestine Herring, who is teaching a class in dancing will present her pupils in recital Tuesday night, August 1, at 8:30 p. m. Everyone is cordially invited to attend. There will be no admission fees.

Thirty per cent of the nation's fatal traffic deaths in 1938 occurred in the last three months of the year, when only 25 per cent of the year's total mileage was covered.

As The News went to press late Thursday clouds were threatening rain. Some rain was reported at Brownfield.

Mrs. S. R. Cade and little grand daughter Betty Jaynes Haynes of Pecos are visiting in the Aubra Cade home this week.

On a balance scale, only four weights are necessary to weigh any number of whole pounds from one to 40.

It is hard to believe the noble game of baseball is only 100 years old. There are umpires who haven't been right for longer than that.—Portland Oregonian.

Mr. and Mrs. Gilmer Aycox of Lubbock were visitors in Tahoka Wednesday.

### "STOMACH DISTRESS SO BAD I COULD HARDLY WORK"

Says C. S. Gross: "After taking Adla Table's the pains are relieved and I eat anything." Try Adla for excess stomach acidity on our money back guarantee. Wynne Collier Druggist. 50-tc

## THE PATHFINDER

is the one and ONLY publication with the knowledge, experience and courage to give you every week the first-hand, inside information which is positively necessary for you to have. It is the ONE publication which is under no obligations to the big moneyed interests or Czars of trade—none of those fatal tie-ups with the selfish cliques who gamble in the very life blood of the people. That's why the Pathfinder is in a position to tell you the unvarnished facts in the plainest possible English. You can depend on every word it says—and there is no substitute for reliability.

### EVERY WEEK FROM WASHINGTON, D. C.

Washington is now the news center of the entire world. It is the one place in the country where a strictly unbiased and reliable publication can be issued. That is why the Pathfinder is located there. The same clear sighted vision which led to the selection of the National Capital as the home of the Pathfinder over 40 years ago is the backbone of every single issue of the Pathfinder today.

It is our privilege for a limited time to offer you at a greatly reduced bargain price the greatest and most popular national weekly—The PATHFINDER—together with THIS PAPER, both a full year—52 weeks—for

Only \$1.75

**MADDOX HAS INTERESTING TRIP TO TENNESSEE**

B. P. Maddox returned Friday from Scottsboro and Chattanooga, Tenn., where he spent several days on a business trip.

Judge says that he greatly enjoyed the trip, especially the scenery. Much of the mountain scenery of Tennessee is wonderful, but he thinks some of the so-called points of interest are greatly over-rated.

For instance, he says, he hired a taxi driver to take him up on Lookout Mountain, a beautiful peak overlooking the city of Chattanooga which was the scene of much activity during the Civil War. The taxi driver suggested that he must not miss seeing Rock City and Wonder Cave. Of course, the Judge was interested, but when they arrived at Rock City he found for an entrance fee of \$1.00 you could see a pile of rocks in freakish formation of little more interest than Lovers' Retreat, near Palo Pinto, which one may see for nothing. Naturally, he was disappointed, and raised a question as to what Wonder Cave was. The taxi driver re-

plied, "Why, Wonder Cave is the eighth wonder of the world, the largest cave in the world." The Judge wanted to know how big it was, and learned that it was only a few hundred feet long. "Why, we have a cave out in our country," the Judge told him, in substance, "that would make your cave look like a gopher hole." But he was unable to make the man admit Carlsbad Cavern is larger than the Wonder Cave, though 27 or more miles of Carlsbad have been explored.

He also said folks in that country thought West Texas a desert land, now known as the Dust Bowl, and they would hardly believe that Lynn county's top cotton production in one year was 154,000 bales.

**FRED BUCY AND FAMILY TO SWEETWATER PARTY**

Fred Bucy and family are expected to spend Saturday at Sweetwater Lake, where the Southland Life Insurance Company has planned a big "blow-out" for its agents.

Barbecued goat meat and beef will be served together with a variety of cold drinks, while diversions will consist of boating, swimming, fishing, golf, and baseball.

Miss Iris Deane Cade spent the latter part of last week and the first of this week visiting her friend, Peggy Salem in Seagraves.

**LOCALS**

Earl Grider, Tahoka cowboy, was a contestant in the Lamesa rodeo last Thursday and Friday. He saw many of the boys down there expect to attend the Tahoka Roundup. Milt Good, announcer of the Lamesa show, gave the Tahoka Roundup a boost at every opportunity.

Mr. and Mrs. Winter Knight and boys and Mrs. George Knight came in Sunday from their cabin in the mountains at Ruidoso, where they have been spending the summer. Mrs. Geo. Knight came home to stay, but Mrs. Winter Knight and sons will return to the mountains in a few days.

Mr. and Mrs. Randolph Rutherford and Mr. and Mrs. A. M. Cade drove to Silver Falls, east of Crosbyton, Sunday, where they met Mr. and Mrs. R. W. Rutherford and Mr. and Mrs. "Doug" Howell, and Mr. Howell's sister-in-law, all from Littlefield. Picnic dinner was spread.

R. W. Fenton Sr. is again able to come to town occasionally. Mr. Fenton was very ill for many weeks, and for a time relatives and physicians held little hope for his recovery. But he surprised them all. Relatives and friends are glad to see him constantly improving and able to be out again.

The News received a card from Mr. and Mrs. V. F. Jones a few days ago written in New York where they were visiting the Fair. They expected to go from there to Niagara Falls. The Jones now live at Amherst, where Mr. Jones is serving as county agent of Lamb county.

The News erroneously stated a couple of weeks ago that Mrs. M. L. Denton had returned from Chicago. She had left that city for a visit to Louisville but has returned to Chicago. She expects to be home within a few weeks.

Mr. and Mrs. Chester Connolly, Mrs. Pearl Brown, Mrs. Shaffer, Mrs. Connolly's niece, Miss Ruby Neil Connolly, from Whitney, Frank Brown, G. C. Shaffer, and Mrs. Lois McMahan spent last week end down on the Concho at old Ben Picklin.

Charlie Walden, formerly manager of the West Texas Gas company here but now manager of the same firm at Post, was here Saturday on business and shaking hands with old friends.

Jack Applewhite, Bill Burleson, and Tom Garrard left Wednesday morning to attend the big annual rodeo beginning this week at Cheyenne, Wyoming, which is said to be one of the biggest rodeos in the world.

Mr. and Mrs. H. L. Duckett of Tahoka, Route 2, are happy over the birth of a daughter, who will be called Alice Carolyn. The little lady weighed seven pounds and was born in a Lubbock hospital.

Mrs. E. A. Thomas and daughters Martha Payne and Kathryn of Grassland and Mrs. Ernest Walker, formerly of Grassland, left last Friday for the World's Fair in New York.

Mr. and Mrs. E. W. Shawn, son Wayne, daughter Joreta, and Mr. and Mrs. D. V. Smith went over to Carlsbad Saturday night, July 15, went through the Cavern and returned home Sunday.

Mrs. J. E. Kelter, accompanied by her daughter, Bessie Lee Munn, and daughter-in-law, Mrs. Marvin Munn, visited relatives at Gorman last week end.

C. A. Montgomery of Fort Worth who spent the past month here visiting the Fred Bucy family, returned to his home Monday. Mr. Montgomery is Mrs. Bucy's father.

**To Query Women All Over South**

Touring Reporters have now asked over 1,200 women and girls of leading Southern Cities the now famous question: "Were you helped by CARDUI?" Averaging all replies so far shows that 93 out of every 100 were questioned declared CARDUI benefited them!

Users by thousands are eager to tell how CARDUI has given them appetite; helped them gain strength; has thus relieved them of the symptoms of functional dysmenorrhea due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

**NEPHEW DIES**

J. B. Nance received a telegram Saturday informing him of the accidental death on Friday of his nephew, W. H. Nance Jr., of Paris. Mr. Nance was unable to attend the funeral.

Mrs. Noel Cooper underwent a serious major operation at a Lubbock Sanitarium, Sunday morning.

**NOTICE OF SHERIFF'S SALE**

W. D. Belt, Jr., vs. Bob Slaughter, No. 6167

In The District Court, 99th Judicial District, Lubbock County, Texas.

The State of Texas, Lynn County: Whereas, by virtue of a pluries execution issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 23rd day of November, 1934, in favor of W. D. Belt, Jr., and against Bob Slaughter, for the sum of Two Thousand Two Hundred Sixty and 68-100 (\$2,260.68) Dollars, with interest thereon from date at the rate of 8% per annum, and all costs of suit, in a suit numbered 6167 on the docket of said Court, styled W. D. Belt, Jr. vs. Bob Slaughter, and to me, as sheriff of Lynn County, Texas, directed and delivered, I did, on the 20th day of July, 1939, at 10:00 o'clock a. m., levy upon the following described real estate situated in Lynn County, Texas, as the property of the said Bob Slaughter, to-wit:

An undivided one-tenth interest in and to the following lands situated in Lynn County, Texas: Section No. Four (4), Block "D-20", Certificate 1-418, Abstract No. 646, G. W. & T. Ry. Co. Section No. Twenty-three (23), Block "D-20", Certificate No. 526, Abstract No. 401, H. E. & W. T. Ry. Co., each survey containing 640 acres, and

All of Survey No. Fourteen (14), Block No. Seven (7), Abstract No. 644, Certificate No. 624, E. L. & R. Ry. Co. except 200 acres in S. W. corner said section, said 200 acres being 1129 varas long North and South, and 1000 varas wide.

And on the 5th day of September, 1939, being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M., on said day, at the Court House door of Lynn County, Texas, in the town of Tahoka, I will offer

for sale, and sell, at public auction for cash, all the right, title and interest of the said Bob Slaughter in and to said real estate.

Witness my hand this 20th day of July, 1939.

B. L. Parker, Sheriff of Lynn County, Texas. 43-3tc.

Maury Maverick, mayor of San Antonio, told newspaper men in St. Louis Saturday night that he expected to contest the seat of Tom Connally in the Senate next year. Maverick is a brilliant but somewhat erratic young fellow who recently served a term or two in Congress. While in that position he catered apparently to John Lewis and the C. I. O. quite a bit. Last year a San Antonio man defeated him in the Democratic primaries in a race for re-election to his congressional position. Then last spring he ran against the mayor of San Antonio and the district attorney of that district for the mayoralty. He was elected by a plurality vote. He has been serving now two or three months. Maverick is a unique character, a kind of off brand, as his name implies. He is also a great publicity hound. He is a jamb-up good campaigner. He will probably catch all the radical vote of every kind. But he will have a job un-

**TEXANS TODAY** OUTSTANDING LEADERS ACTIVELY ENGAGED IN THE CONSTRUCTIVE DEVELOPMENT AND BUILDING OF "THE LONE STAR STATE"

**JOHN NANCE GARNER** WAS BORN NOV. 22, 1869 - EDUCATED IN PUBLIC SCHOOL. LAW EDUCATION IN PRIVATE OFFICE. ADMITTED BAR 1890. EDITED UVALDE LEADER. PUBLIC LIFE BEGAN 1894 AS COUNTY JUDGE. TWO TERMS TEXAS LEGISLATURE. MARRIED MISS MARIETTE RHEINER, NOV. 25, '95 - ONE SON.

CARRIES OWN DEER TO CAMP 1938; OUTDOOR ENTHUSIAST, FEARLESS CHAMPION OF THE RIGHT; ALWAYS ON THE JOB, IN COW CAMP OR CAPITOL. "CACTUS JACK" GARNER CAN BE DEPENDED UPON. ONLY LIVING MAN WHO HAS BEEN PRESIDING OFFICER BOTH HOUSES OF CONGRESS.

ELECTED 58<sup>TH</sup> CONGRESS 1903 - SERVING TO '35 - BECAME VICE-PRESIDENT SINCE START OF CAREER. MR. GARNER HAS BEEN HIS SECRETARY IN WASHINGTON'S MOST REMARKABLE POLITICAL PARTNERSHIP. HE HAS BROAD COMPREHENSION OF NATION'S POLITICAL, SOCIAL AND ECONOMIC PROBLEMS, GAINED FROM SERVICE ON MOST IMPORTANT WAYS AND MEANS COMMITTEE UNDER WOODROW WILSON. SOUND JUDGMENT AND UNEQUALLED LEADERSHIP.

JOHN NANCE GARNER HAS ALWAYS BEEN CONSISTENT IN HIS EVERY ATTITUDE TOWARD NATIONAL POLITICS - AND THE INALIENABLE RIGHTS OF THE PEOPLE. HIS PHILOSOPHY OF GOVERNMENT IS SIMPLE. HE EXPRESSED IT IN HIS ACCEPTANCE SPEECH IN 1932: "THERE ARE JUST TWO THINGS TO THIS GOVERNMENT AS I SEE IT. THE FIRST IS TO SAFEGUARD THE LIVES AND PROPERTIES OF OUR PEOPLE. THE SECOND IS TO INSURE THAT EACH OF US HAS A CHANCE TO WORK OUT HIS DESTINY ACCORDING TO HIS TALENTS. THIS INVOLVES PROTECTING HIM FROM BEING INJURED OR OPPRESSED BY THOSE OF SUPERIOR ACQUISITIVENESS AND PERHAPS LESS CONSCIENCE."

AT DEMOCRATIC NATIONAL CONVENTION IN 1932 - GARNER LED MORE THAN 50 VOTES FOR PRESIDENT - BUT RELEASED TEXAS AND CALIFORNIA DELEGATIONS TO FRANKLIN D. ROOSEVELT. SATELLITE BIG PRICE DENIES A GARNER TRADITION. TODAY BRINGS AS FOREMOST PARLIAMENTARY AUTHORITY OF THE NATION.

© 1939 TEXAS NEWSPAPER FEATURES

housing Tom Connally. Tom has won his spurs as one of the ablest men in the Senate. He has ability and influence with his fellow-senators. Few men in the Senate are his match in a rough-and-tumble fight or any other kind of fight. He is level-headed and courageous. He may have made some mistakes, but if so they are not readily pointed out. Tom Connally is a mighty safe man for Texas to have in the Senate.

At the meeting of the Baptist World Alliance, of which he is president, Dr. George W. Truett of Dallas reminded the world Sunday that what Baptists have stood for through the ages is not "religious toleration" but religious liberty. There is a great difference in the two expressions, as Dr. Truett pointed out. As we understand it, practically all Protestant denominations now favor complete religious liberty, not mere religious toleration. In fact, that has come to be one of the cardinal principles of what we term Americanism. Not only complete religious liberty but complete separation of church and state. And yet, as Dr. Truett

further pointed out, these doctrines are right now being seriously challenged by proposals that have been urged for the National Congress to "include church employees in federal security pensions" and for state governments to make appropriations for sectarian or denominational schools. In many states such appropriations have been made. We are informed. All of which is un-American in principle and wrong in practice. Protestants of all denominations should stand shoulder to shoulder together against any dabbling in church affairs by the government - against any tendency toward the union of Church and State, which was the curse of Europe for a thousand years.

That aged governor of Michigan, Luren D. Dickinson, may be an "old fogey," even a fanatic, on this "drink evil," he may have been hypercritical of the conduct of some of his fellow governors and their wives at a recent meeting of governors in Albany, New York, his criticism of utterances attributed to the "First Lady" of the land respecting the use of liquor by women and girls

may have been a bit ungallant, but he certainly placed his finger on the very roots of this cancer of drink that infests our nation. As long as governors and Senators and Presidents - and their wives and daughters - may, with impunity and without fear of criticism, drink liquor in public, just so long may the rank and file of our young people feel that it is the smart and proper thing for them to do also. In view of the fact that the drink evil admittedly causes thousands of deaths, wrecks thousands of homes, and ruins thousands and thousands of young people in this country every year, surely the leaders of our nation should not put the stamp of their approval on the practice. They should set the right example by total abstinence from the use of intoxicating liquors, in public or in private. Governor Dickinson is on the right trail with a sharp stick.

The European war clouds seem to have broken away again, at least temporarily. For a time Hitler played another great game of bluff but his bluff didn't work this time. Three or four weeks ago it looked as if he was bent on regaining Danzig for Germany, even if such action meant war. But England and France sounded an ominous warning and followed this up with a demonstration of their great war power. Hitler gradually quieted down. He evidently called his warhounds back to their kennels, waiting for a more propitious time. Fearing the consequences of a war, he may now undertake to win Danzig by diplomacy. He may even try to win a part of Poland proper the same way. If peaceful means fail, he may resort to bluffing again in the fall. But we doubt now if he ever finds the time propitious for a fight. We think his best opportunity, poor as it was, has already passed. Some of these days, war or no war, Hitler will go the same way as Kaiser Bill.

President Roosevelt and Big Jim Farley went into a huddle last Sunday and remained behind closed doors for quite a spell. The press boys were all guessing. After coming out of the secret conference they gave the press hounds a conference, but F.D.R. did all the talking. Big Jim kept mum. When the interview had ended, the press gang knew just about as much as they did to start with, and no more. Rumor has it that Big Jim, who has managed two campaigns for his chief, does not look with favor upon a race for a third term. We may know more about it after awhile.

The planet Mars is closer to the earth this week than it has been for years, according to the astronomers. It is only 36,000,000 miles distant, they say. Yet there are a few simpletons who have been discussing from time to time the possibility of men being "shot" to Mars in some kind of projectile fired from some giant gun on the earth. If a projectile were hurled in the direction of Mars at the speed of 500 miles per hour, or 8 1-3 miles per minute, and should keep up this speed all the way, it would require more than eight years for it to reach the famous planet. Some trip, we claim. Besides nobody but the astronomers would know just where Mars would be at the time the journey should be completed. And just how a safe landing could be effected by a boat sizzling through space at that speed does not seem to have entered into the calculations of these dreamers. It all shows just what fools some mortals be.

## New Provisions For Gas Refund

Farmers and gasoline dealers—as well as all others who under the law are entitled to a refund in gasoline taxes—were urged by Comptroller George Sheppard today to study the terms of a new state law making several very material changes effective September 1.

Farmers are among largest users of gasoline upon which the tax is paid; and after September 1 Sheppard pointed out, the Comptroller can pay refunds only to those who purchased their fuel from licensed dealers. Hence it is important from the users' standpoint that they make certain the dealer is licensed.

The departmental analysis of the law showed that these changes were made:

1. Beginning September 1, 1939, the Comptroller is prohibited from issuing warrants for payment of a refund claim on any motor fuel not purchased from a licensed dealer.

2. All dealers in motor fuel for refund purposes must obtain license from the Comptroller authorizing such dealers to sell such motor fuel. Failure to obtain license subjects the dealer to criminal prosecution.

3. Licenses and invoices of exemption will be furnished the dealer, free of cost, by the Comptroller's Department when application is made therefor.

4. All invoices of exemption will be serially numbered and each supply furnished a dealer by the Comptroller's Department will be charged to such dealer, and an accurate account of all such invoices of exemption must be kept by the dealer. No other form of invoice of exemption may be used than that furnished by the Comptroller.

5. The dealer is required to keep accurate record of all motor fuel sold, for a period of two years.

6. Blank invoices of exemption not transferable or assignable unless authorized by the Comptroller. Dealer is not authorized to lend or give away invoices of exemption issued to him.

7. Invoices of exemption must be issued at the time of delivery of the motor fuel. Heretofore such invoices have been issued at the time of sale.

8. Unless the users of refund motor fuel and the dealers who sell refund motor fuel are advised of this change in the law a great deal of confusion will result, and a lot of refund claims will not be payable. It is, therefore, important that each user of refund motor fuel who expects to file claim for a refund of the tax acquaint himself with the new provisions of the law.

## Forty Tribes Dance at Gallup Ceremonials

War bonnets, ceremonial paint and feathers signal the approach of the Inter-Tribal Indian Ceremonial to be held at Gallup, New Mexico, August 17-20, inclusive.

GALLUP, N. M.—Indian drums are sounding in the far places of the Southwest. Soon it will be time for the many tribes to gather "at the place by the bridge" (Indian for Gallup, N. M.)

Here each year seven thousand Indians from nearly forty different tribes join forces to produce America's most colorful and spectacular Indian Show, the annual Inter-Tribal Indian Ceremonial. For four days they will dance, chant, compete in sports and engage in weird pagan rites before capacity audiences made up of their white brothers. The Gallup Ceremonial is the largest and most authentic Indian spectacle of its kind in the country. Usually the Ceremonial is held the last part of August. But a change in dates has been announced by Joseph Lieberman, Santa Fe agent and this year's president of the

Ceremonial Association. The event will open on August 17th and run through four days with the last performance scheduled for the evening of the 20th. In addition to seven regular shows, the association has also arranged a colorful street parade each day except Sunday.

A special attraction each year is the unusual display of Indian arts and crafts in the Exhibit Hall where thousands of articles are shown. A score of native craftsmen will be at work showing the technique of Indian handicraft.

Yes, the Indian drums are sounding in the far places of the Southwest, and soon the Navajos, Zuni, Hopis, Utes, Apaches, Lagunas, Acomas and a score of other tribesmen and their families will start the trek to "the place by the bridge," Gallup, N. M.

Mr. and Mrs. C. N. Woods and his cousin and wife, Mr. and Mrs. E. L. Woods of McKinney, returned Friday night from a six days trip to Colorado and New Mexico. They visited Colorado Springs, Pueblo, Raton, Taos, and Santa Fe. Shorty says he and his cousin spent about half their time golfing on the beautiful Colorado courses. The two couples especially enjoyed their trips to the spectacular Royal Gorge, the gold mining town of Cripple Creek, through the mountains over the Corley highway, which is built on an abandoned railway dump and goes through numerous tunnels, and the Cimarron canyon of New Mexico.

Texas has 254 counties, 609 incorporated cities and towns, and a grand total of more than 9,600 civil subdivisions, each of which has the power to issue bonds.

Texas can and is raising elk. The big game animal is protected the year around in the Lone Star State. A herd of forty-four planted in Jeff Davis county in 1927 has increased until there are now nearly 300 animals in the herd.

### Glass Was Discovered on the Coast of Palestine

The origin of glass is lost in myth and romance but there are many legends told in regard to it. One of these credited to Pliny, notes a writer in the Los Angeles Times, is that it was accidentally discovered by some Phoenician merchants who landed on the coast of Palestine and cooked their food in pots supported on cakes of niter taken from their cargo. They were greatly surprised to find this solid matter had become a fluid and mingling with the sand had produced a transparent substance now called glass. Cold fact says the temperature of the fires could not have been great enough to melt the sand, but science has ever had a way of interfering with romance.

America began its story of glass before the Pilgrims landed at Plymouth Rock. A glass house was established in the English settlement at Jamestown, Va. This was the first factory built in this continent. Its first products were bottles. Later a considerable trade was established with the Indians in supplying them with colored beads with which they were greatly enamored. Years later glass factories were established in Massachusetts, New York and other New England and mid-Atlantic states, but it was not until after the American Revolution that the glass industry really took root here.

Over three centuries have passed since the first rough bottles were produced at Jamestown. Today we take all manner of glass products as a matter of course which in the early days of the industry would have seemed impossible to produce.

### Three Methods Are Used in the Curing of Pork

There are three methods of curing pork—the sweet pickle process, the dry salt method, and the dry cure, states a writer in the Chicago Tribune. In the first, used for hams, the meat is soaked in vats containing salt brine, a sweetening agent, and nitrate of soda. The cure requires 20 to 75 days and a constant temperature of 36 to 40 degrees must be maintained.

The second method consists of putting layers of salt between piles of meat. The third is used largely for bacon and consists of soaking the meat in a light brine containing sugar and nitrate of soda. To finish off the cure the meats are placed in smoke from burning hardwood which adds to the flavor and color.

The salt used prevents spoilage, the sugar offsets the taste of the salt, and the nitrate preserves the color. Lard is made from hog fat, either by boiling in an open kettle or through a steam pressure method. It is cooked, filtered, and chilled, the cooking separating the meat fibers from the fat. The remainder, cracklings and tankage, is used stock and poultry feeds.

### NEIGHBORS PLOW FARMER'S LAND

Last Wednesday morning, in the Mesquite community of Borden county fourteen men with tractors and twenty men with hoes turned away from their own farms and went over to B. B. Street's farm. By noon they had gone over 240 acres of cotton and feed.

It was truly an act of "brotherly love." Much benefit was derived from the work, but greatest of all it cheered the hearts of Mr. and Mrs. Street. It will be remembered that ten days before their son, Roger B., was stricken with meningitis and lay in a hospital in Lubbock for almost a week, dying Sunday morning.—Contributed.

Mrs. W. R. Slaton of Seminole, mother of Walter Slaton of the First National Bank here and Carl Slaton, mayor of Lubbock, fell from a chair one day last week and sustained the fracture of three ribs. She was treated at the West Texas Hospital Friday, returning to her home the same day. Mrs. Slaton is one of the pioneers of West Texas.

Mr. and Mrs. B. F. Taylor, formerly of near here but residents of Lamb county since June, have moved to Albuquerque, N. Mex., where he is employed in a filling station. Mrs. Taylor is the daughter of Mr. and Mrs. J. O. King of Dixie.

### They Learn from Southern Women

Touring Reporters, now conducting a Query among women of the South and West, report remarkable agreement as to the benefits secured by users of CARDUI.

Of the 1297 users who were asked: "Were you helped by CARDUI?" 1206—or 93 out of every 100—answered "Yes."

The word of users everywhere is given to show how CARDUI helps to improve appetite and digestion, and thus build up physical resistance. In this way it also works to relieve the headaches, nervousness, depression, that attend functional dysmenorrhea due to malnutrition. Have you tried CARDUI?

Mrs. J. H. Cobb has had as visitors during the past two or three weeks her daughters, Mrs. J. R. McAfee and daughter, Janie Lee; Mrs. J. J. Hamilton and children, Virginia Nell, Johnnie Sue, and James Doyle, all of Henryetta.

Okla. They are leaving for home this week end. While here they and the Cobbs visited the Carlsbad Cavern.

### Kitchen Comfort Methods Told

College Station, July 26—Hot weather is the most logical time for increasing kitchen comfort, according to Mrs. Bernice Claytor, specialist in home improvement for the A. & M. College Extension Service.

While reducing the number of hot foods and eliminating as nearly as possible the use of the oven are two factors in making the average kitchen more habitable, reducing the number of necessary steps in the kitchen can not be overlooked by the efficient housewife, Mrs. Claytor suggests.

"A good housekeeper moves in orderly sequence from the refrigerator to the work table and sink, to the range, and to the dining table without the crisscrossing of paths," Mrs. Claytor has pointed out.

In an effort to aid each housewife in analyzing her own kitchen efficiency, the extension specialist cited these pertinent questions: Does the homemaker have to cross the room continually to secure her food materials, or are they close at hand. Is the refrigerator as near as possible to the food preparation table. Once prepared, is the food near the stove? Are the implements for cleaning pots and pans convenient to the sink? Are the dishes for setting the table near the dining room?

Since the kitchen is frequently the hottest room in the home, Mrs. Claytor also has suggested that the housewife form the habit of serving

### WPA WORK AS A CAREER

The fights and riots up north over the Works Progress administration's new longer hours for workers serve for one thing to remind us that a good many people have decided to take up WPA as a life's work, a sort of a career as it were.

Content to let some one else do the worrying and the paying, these appear to have about as good a proposition as they want. We say "appear" that way because we'd hate to leave the impression that a man who is on the public couldn't possibly have more ambition.—Floydada Hesperian.

Rev. and Mrs. Ben Hardy and daughter, Mrs. Helen Eubanks and her little daughter left Wednesday for Big Spring, where they are visiting the former's son, Dr. W. D. Hardy, for a few days. Mrs. Eubanks' son, James Hardy Eubanks, is visiting his paternal grandparents at Floydada.

meals in the dining room. "But be sure," she cautioned, "that the set-up is so arranged that the housewife will make no unnecessary steps."

With the four kitchen work centers efficiently arranged, the next step in summer-work saving is to eliminate articles infrequently used in hot weather. Mrs. Claytor concluded, "Decide what utensils might well be stored until fall, and use less accessible shelves for the supplies needed in winter baking and seasoning," she advised.

### CARD OF THANKS

We wish to express our appreciation to our friends in Tahoka for the beautiful floral offerings and kind words of sympathy shown us during the illness and death of our son and brother, Rodger B. Street. Especially do we appreciate the former classmates and friends who came during these sad hours.—Mr. and Mrs. B. B. Street, Donald and Weldon Street.

After a two weeks visit here, C. B. Keltner left Wednesday morning for Globe, Arizona, where his sons reside. Frank is manager of the J. C. Penny & Company, Russell is a successful life insurance agent, and Montie Ray is a salesman in a Sears-Roebuck store.

Jack Stewart, a Snyder youth, left for his home Thursday after a ten-days visit here with G. W. Simmons and family. Jack was one of Mr. Simmons' little friends when both lived in Abilene a few years ago.

Mrs. W. P. Thomas and daughters, Miss Hazel and Grace, of Grassland, accompanied by Max Minor of Tahoka returned Sunday afternoon from a trip which included Denver and other mountain points.

Mrs. Hayden Williams of Draw was taken to a Lubbock hospital Tuesday in a Harris ambulance suffering from high blood pressure and heart trouble. She had been confined to her bed several days.

Mr. and Mrs. A. N. Norman, Jr., who recently moved from Amarillo to Levelland were here visiting over the week-end visiting her parents, Mr. and Mrs. Aycox and other relatives.

**NOTICE OF SHERIFF'S SALE**  
W. D. Belt, Jr., vs. Bob Slaughter, No. 6167  
In The District Court, 99th Judicial District, Lubbock County, Texas.

The State of Texas, Lynn County: Whereas, by virtue of a pluries execution issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 23rd day of November, 1934, in favor of W. D. Belt, Jr., and against Bob Slaughter, for the sum of Two Thousand two Hundred Sixty and 68-100 (\$2,260.68) Dollars, with interest thereon from date at the rate of 8% per annum, and all costs of suit, in a suit numbered 6167 on the docket of said Court, styled W. D. Belt, Jr. vs. Bob Slaughter, and to me, as sheriff of Lynn County, Texas, directed and delivered, I did, on the 20th day of July, 1939, at 10:00 o'clock a. m., levy upon the following described real estate situated in Lynn County, Texas, as the property of the said Bob Slaughter, to-wit:

An undivided one-tenth interest in and to the following lands situated in Lynn County, Texas: Section No. Four (4), Block "D-20", Certificate 1-418, Abstract No. 646, G. W. & T. Ry. Co. Section No. Twenty-three (23), Block "D-20", Certificate No. 525, Abstract No. 401, H. E. & W. T. Ry. Co., each survey containing 640 acres, and

All of Survey No. Fourteen (14), Block No. Seven (7), Abstract No. 644, Certificate No. 624, E. L. & R. Ry. Co. except 200 acres in S. W. corner said section, said 200 acres being 1129 varas long North and South, and 1000 varas wide.

And on the 5th day of September, 1939, being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M., on said day, at the Court House door of Lynn County, Texas, in the town of Tahoka, I will offer for sale, and sell, at public auction for cash, all the right, title and interest of the said Bob Slaughter in and to said real estate.

Witness my hand this 20th day of July, 1939.  
B. L. Parker, Sheriff of Lynn County, Texas. 42-Stc.

### Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation.

To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly. Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

### Dr. Pettey Warns Against Neglect Of Proper Treatment For Tired Eyes

"Today as never before people are subjecting their eyes to constant strain and neglect, giving little thought in many instances to later consequences," according to Dr. Weston A. Pettey, prominent Lubbock optometrist. "Motion pictures, study, reading, driving, desk work are some of the things that take their toll on eyes which are not properly cared for and sufficiently rested. Healthy eyes are as important as a healthy body."

"What are the early warnings by which poor vision can be recognized?" he was asked.

"The earliest signs of poor vision or eyestrain are usually headaches and nervous fatigue—especially after subjecting them to some sort of use, such as reading. Such symptoms indicate that an examination should be made of the eyes for signs of defects, and steps taken to correct them," Dr. Pettey answered.

"Constant care should be exercised to see that all rooms or portions of rooms used for reading,

sewing, writing, or other tedious activity are properly lighted at all times of the day. Never read facing the light, but with it over the shoulder. Most important of all—don't overwork the eyes. See that they get plenty of rest. If glasses are needed, have a fitting made and start wearing them immediately to prevent further impairment and to correct the cause if possible."

Dr. Pettey, who has been practicing in Lubbock for about ten years, is well known in Tahoka. About seven years ago, he started coming to Tahoka at regular intervals for the accommodation of his clients there who needed fittings. For several years he rendered this service, endearing him to many local people, who admire him both professionally and personally. At present he has one of the most modern eye clinics in this part of the state, with the best of equipment. Its location is just south of the Myrick building on Avenue J in Lubbock.

**ODDS AND ENDS**  
By Eee Eye the Elder

Remember away back when...? Some of us do and some of us don't. Last week we talked about things that to a lot of youngsters brought nothing perhaps but a confused, hazy picture of the dull, distant past. To others of us it conjured up memories of a marvelous period in our history that seems as but yesterday. Only yesterday we lived in an entirely different world from that in which we live today. This younger generation have been told that so much that possibly it has grown stale to them. They can't realize how much truth there is in the statement. Yesterday doesn't interest them much any way. It is today and tomorrow that interests them most. And we are glad that it is so. They are living in the Today and they expect to live in the Tomorrow. They must prepare today for tomorrow.

But if somebody didn't think and write of the past once in awhile, we would have no written history, and what would a country be without a history? Some of the school kids doubtless think it would be Heaven.

They say it is a sure sign that we are growing old when we begin to dwell on the past. Still, some of us like to turn a leaf back now and then and take a look. So, whether these lines interest our younger folks or not, possibly there are two or three of our five or six readers yet in the noonday of life or just a little over on the sunset side who will enjoy another little excursion back into the land of Yesterday. For a little while therefore we are going to take a peep at life as it was back in the last decade of the nineteenth century.

Magazine writers and others in these latter years have formed the habit of speaking of this period as the "Gay Nineties," though for what reason we have never been able to figure out.

It was in the so-called "Gay Nineties" that one of the worst financial panics in our history occurred, followed by several years of business depression. In 1894 cotton sold for as low as four cents per pound. It was in the "Gay Nineties" that strikes and labor troubles accompanied in some instances by wild rioting broke out in a number of cities in the North and thousands and thousands of men were thrown out of employment.

It was in the "Gay Nineties" that the general unrest in the country became so acute that the rise of a radical third party threatened for a time to overthrow both the old parties and take the reins of government into its own hands.

The "Gay Nineties" were not so gay after all, if you ask us.

But it is not of politics nor of government that we wish to think this week. We want to take just a little glimpse of the ordinary life of the common people.

During the "Gay Nineties", there were no moving picture shows to enjoy; no radios to bring us news and music and entertainment and fireside chats from across the continent; no automobiles, not even a Model-T, in which to speed hither and yon; no paved roads and few paved streets except in the cities and some of the larger towns; no airplanes to soar gracefully far, far above us like the Mountain Eagle and finally disappear in the ethereal blue. Even the telephone was a new contrivance just coming into general use in the homes of the people. Rural mail routes had not been generally established and the ordinary farmer got his mail once a week. The daily newspaper was read only by the city folks and the business men of the smaller towns. The rural public schools were taught in one- and two-room frame buildings and only rarely was a brick school building yet to be found in the smaller towns. Electric lights were still a new device and most cities and towns were poorly lighted, while in the country the kerosene age still held sway.

"Well, that must have been a dull, slow-poke age", you say.

Chronic and Nervous Disorders Scientifically Treated by Natural and Mechanical Means.  
**Dr. A. J. Sparks, N D**  
Room 8 Thomas Bldg.

"What in the world did the people do for entertainment? I am glad I did not live then."

It is true that there were not so many kinds of entertainment in those days and not so many facilities for going places; all of which was conducive to a better family life than we have today and a deeper devotion for the home—which was not at all bad.

But the means of entertainment were possibly not as meagre as you would think, young man, young lady, though to you they will sound very crude and tame.

There were the summer picnics, as we have heretofore mentioned. For the young people they were great occasions. There were the Sunday afternoon singings in the country schoolhouses, and the Sunday night singings in the homes of the community, where the young people met, and sang, and—courted. We usually called it "sparking" then. Also, there were the summer revivals. They were not only occasions of great religious fervor but they also afforded opportunities for social contact and enjoyment.

In the winter time, there were the community literary societies that met at night periodically at the school house. The program consisted usually of declamations, recitations—we call them readings now—and debate. Sometimes serious questions of state were debated, sometimes frivolous questions intended merely to provoke amusement. And many a young fellow who participated in these debates imagined that he was a young Demosthenes. Now and then one was.

In the winter time, too, the young folks had their "socials", and more frequently their play parties, which usually were rather boisterous, rollicking affairs. The favorites were such "games" as "Shoot the Buffalo," "Hog Drivers", "Weavilly Wheat", "The girl I left behind me", and a score of others.

It is true that there were no automobiles in those days but the young "Lothario" usually had a two-wheeled cart or a "Hug-me-tight" buggy in which to take his best girl to the party or other entertainment. For further information about those "hug-me-tight" buggies, we refer you to such gallant young gentlemen of that day as John Donaldson, Buck Walker, Dock Singleton, and mayhap Judge Cain and Judge Maddox.

O yes, and in the early years of the "Gay Nineties" a Magic Lantern Show occasionally came along. The movies not having then been invented, and the Magic Lantern Show was a great treat to the kiddies, and of course the older folks had to go along to take the kids.

At the end of school, there was always an "exhibition" or a concert, the program consisting of dialogues, declamations, recitations,

and music. It was nearly always conducted on a stage erected outside the building for the purpose. Sometimes the "scholars" staged a march around over the grounds just preceding the opening of the program, each boy being paired off with his best girl or some other boy's girl, and that was a proud moment in his life.

In towns and cities there were the opera houses where the actors appeared not in pictures but in person on the stage. There were great comedians and great tragedians in those days, and occasionally such plays as "Julius Caesar," "Othello, the Moor," "Romeo and Juliet" and other Shakespeare favorites were presented in the best opera houses, but more often the entertainment consisted of light comedy. The writer very distinctly remembers seeing "Julius Caesar" played in an Austin opera house in 1894. With other University boys, we sat in the "Bizzard Room." They were stage stars of that day who played the leading parts in this play but we have long ago forgotten who they were.

Just one more word about the "Gay Nineties." It may have been the gay dress of the ladies that gave to this period its popular appellation. All the women laced so tightly that their waists looked almost like the waist of a wasp, and in the early nineties at least they wore bustles so large that the best-dressed belle could hardly have been crowded down into a barrel.

with a battering ram. There are many things characteristic of the "Gay Nineties" that we have not even mentioned. For one thing, they were the Golden Age of scientific discovery and invention. For another, many of the brightest literary lights of our history flourished during this period; and thirdly, some of the most stirring events in the annals of our country were enacted.

## DR. J. W. SINCLAIR WEDS MISS STEENBERG, DETROIT

Last week's News had barely been printed, in which we told of the coming wedding of Dr. J. W. Sinclair of this city to Miss Noel Maria Steenberg of Detroit, Michigan, than they were actually married.

The wedding took place Thursday night at 8 p. m. in the home of Rev. C. J. McCarty, Lubbock, who officiated. They had announced the coming marriage but had not announced the time, due to the fact that there was talk among a few local "sports" of a little hazing party when the ceremony did take place.

The bride and groom met while he was an interne in Evangelical Deaconess Hospital, Detroit, and she a nurse in the same institution. Some time after receiving his license to practice medicine, Dr. Sinclair came to Texas and was connected with Lubbock Sanitarium a year and a half before coming to Tahoka in March. He was reared at Kitchener, Ontario, Canada.

The bride arrived in Tahoka two weeks ago, accompanied by her friends, Miss Charlotte MrFall, of Grand Rapids, Mich. Mrs. Sinclair was reared and educated in Detroit.

The boys about town were not to be outdone by the Doc's wedding in Lubbock, however, and prepared a little reception here Friday afternoon, when he was handcuffed, chained to a fire plug, given a fishing pole and hook and line, dressed in a ridiculous garb, and forced to fish little celluloid ducks and fish from a pot of water, much to the entertainment of members of the Spit and Whittle Club.

## DIXIE H. D. CLUB

The Dixie Home Demonstration Club met Thursday afternoon at 3:30 in the home of Mrs. Loyd Huffaker of Hurlwood.

Members attending were: Mmes. Guion Cobb, A. C. Aycox, J. H. Knight, T. D. Lishman, B. C. Aycox.

Visitors: Mesdames W. C. Huffaker, C. E. Campbell, Annie Evans of Wilson, J. H. Bayse, Levelland, Geo. Haskins, Fort Worth, C. R. Moore, A. M. Lane, Hurlwood.

The next meeting will be with Mrs. A. C. Aycox August 3 at 3:30.

## MRS. JOHN CURRY HONORED WITH SHOWER

Mrs. John B. Curry the former Miss Rosalie Thompson of Grassland was honored with a bridal shower in the home of Mrs. Boyd Smith, Friday, July 21, with Mmes. Clyde Spruiell, Landon Smith and Dee Carter as hostesses.

The program was given by Misses Gwynnelle Davis and Helen Mae Montgomery of B'g Spring.

Those who enjoyed the refreshments were Mesdames Clarence Williams, Charlie Curry, A. D. McDonald Minnie Fender, Tom Reid, Borden Davis, C. E. Woodworth, Boyd Smith, Clyde Spruiell, Landon Smith, Dee Carter, and Mrs. Marye Goad, Misses Avis Shelton, Gwynnelle Davis and June Fender.

## METHODIST CHURCH

Mr. Elton Plowman, a recent graduate of Texas Tech has been secured as singer in the revival to begin at the Methodist church Sunday morning at eleven o'clock. Rev. H. C. Smith will not be here in the service, but the pastor and singer will conduct that service. Brother Plowman has sung in the Lubbock church while in school, and some of us heard him at the rally of the Youth Crusade at Lubbock First Church last Spring.

There will be services each evening beginning with a song service at 8:15 and morning services beginning Tuesday at ten and to be held each morning at the same hour.

Friends and members of the church are expected to be in their places as often as they are not providentially hindered and the whole community is cordially invited. Since the arrival of our new books there are plenty for all and they have proven very attractive to those who have sung out of them.

Brother Smith will be very glad to see his many friends in this community and will miss you when absent. Be there to greet him in his first service.

Mr. Elton Plowman will conduct the young people's work and is desirous of meeting the young people both at Sunday School and League services Sunday. He is a personable young man and a good singer. His home is Abilene, Texas.—Geo. E. Turrentine.

## NEW HOME F. F. A.

The New Home delegation to the State F. F. A. convention at Temple returned Sunday. Mr. Hall the advisor and five boys, Randle Allsup, Loyd Russell McCormick, W. A. Fulford, Doyce Jennings, and Gene Smith went in the advisor's car, and were gone five days. They visited Ft. Worth, Waco, Temple, Austin and San Angelo, and major points of interest in these towns, including the Zoo, Botanic Garden, Airport, and T. C. U. in Fort Worth, swimming and boating in lake Waco, swimming in the Leon River in Temple, and the State University and Capitol building in Austin.

Almost every chapter in the state was represented. The main purposes of the convention were to set up standards and to make plans for the ensuing year, and to award "Lone Star Farmer" degrees. A cotton dusting demonstration by airplane, a sixty mile drive over the Elm Creek Soil Conservation Project, and a free barbecue were given. The business-like manner in which the F. F. A. boys carried on at the convention expresses the effectiveness of the splendid leadership training given in their course of study. Aside from attending the convention the trip was a real camping tour, and one of great educational value to all.—Wm. W. Hall.

## METHODIST W. M. S.

The Methodist Women's Missionary Society was entertained in the home of Mrs. E. R. Edwards. Mmes. Prohl and Bailey were leaders in a social program during which games were played.

Refreshments were served to the following: Mmes. G. E. Turrentine, R. H. Gibson, G. P. Bailey, Roy Poer, W. M. Mathis, W. D. Smith Sr., E. Prohl, Francis Gill, E. R. Edwards, P. D. Server, Fred Bucy, Terry Thompson, and Miss Bernice Edwards, Bryan, Mrs. Edwards' sister-in-law.

## MARRIED

Vernon Caswell of Draw and Miss Mamie Tidwell of O'Donnell were united in marriage recently and have moved out to Mr. Caswell's farm near Draw to make their home.

Mr. Caswell's home was destroyed and his first wife killed in the tornado that swept through that portion of Lynn county in April of last year.

## DONALDSON IN QUANAH

Claude Donaldson, manager of the Farmers Co-op. Ass'n., went to Quanah Wednesday where he was on the program Thursday of the cotton school being held there.

## MRS. JOHN B. CURRY HONORED WITH SHOWER

Mrs. John B. Curry, the former Miss Rosalie Thompson, was honored with a bridal shower, given by Misses Doyce Chapman and Lorene Norman in the home of Mrs. L. B. Burt Wednesday, July 19, at Grassland.

A sandwich plate was served and everyone enjoyed the afternoon thoroughly, and each wished the bride well.

## CARD OF THANKS

To our friends of Tahoka and Grassland we wish to express our sincere appreciation for the kindness and consideration shown during Mona's illness.—V. V. Laws and family.

Mr. and Mrs. J. L. McDonald and daughter and son of Frederick, Okla., came in Sunday morning to visit Mr. and Mrs. Charlie Curry and family. Mrs. McDonald is Mrs. Curry's aunt. Accompanied by Mr. and Mrs. Curry and children they went to Carlsbad Monday and explored the Cavern. Tuesday the Curry's returned to Tahoka and the visitors went on to Midland, enroute home. Charlie says that instead of asking him to describe the Cavern it would be better for you to go and set it. That is good advice, too, for that Cavern is a pretty big subject, we think.

A. R. Bostick, teacher in the Tahoka schools, and family have had a number of visitors the past few days, all relatives of Mrs. Bostick. They were: Mr. and Mrs. J. A. Pincannon, DeLeon, her father and mother; Miss Faye Pincannon, sister; Mr. and Mrs. Wilkinson, Waco, brother-in-law and sister; Mr. and Mrs. Goodson, Graham, sister; Mr. and Mrs. Bill Pincannon and son, Beaumont, brother and sister-in-law; and a niece, Miss Reta Pincannon, Levelland.

Mrs. W. O. Robertson and daughter, Miss Edith who had been to Dallas and Naples with the former's mother who was ill, returned home late Thursday.

Misses Jane and Ruth Raborn, Mrs. Lois Daniel, Misses Ellen Nixon, Echo Milliken and Florence King, went to Carlsbad Cavern over the week-end.

Mr. and Mrs. A. J. Minor and Max Minor went to Seagraves Sunday night and Max remained to work in Mack's Food Store.

Mrs. Gene Patterson, who has been seriously ill for some time, is said to be improving.

## \$25.00 REWARD

Will be paid by the manufacturer for any Corn, GREAT CHRISTOPHER Corn Remedy cannot remove. Also removes Warts and Callouses 35c at

Wynne Collier, Druggist

Mr. and Mrs. Bert Short and two sons of Grassland attended the rodeo at Seymour last week end

## Protect Your Health

GOOD NEWS FOR CAR BUYERS IN TAHOKA

**BIG 6 PASSENGER DODGE FOR JUST A FEW DOLLARS MORE THAN A SMALL CAR**

Go to Your Dodge Dealer's and **TAKE A LOOK** ...THAT'S ALL DODGE ASKS!

TAKE A LOOK AT THESE LOW PRICES! ALL FEDERAL TAXES INCLUDED. Coupes These are Detroit delivered prices and include all standard equipment. Transportation, state and local taxes (if any), extra. **\$756** and up. Sedans **\$815** and up. VISIT YOUR DODGE DEALER FOR DELIVERED PRICES IN YOUR LOCALITY

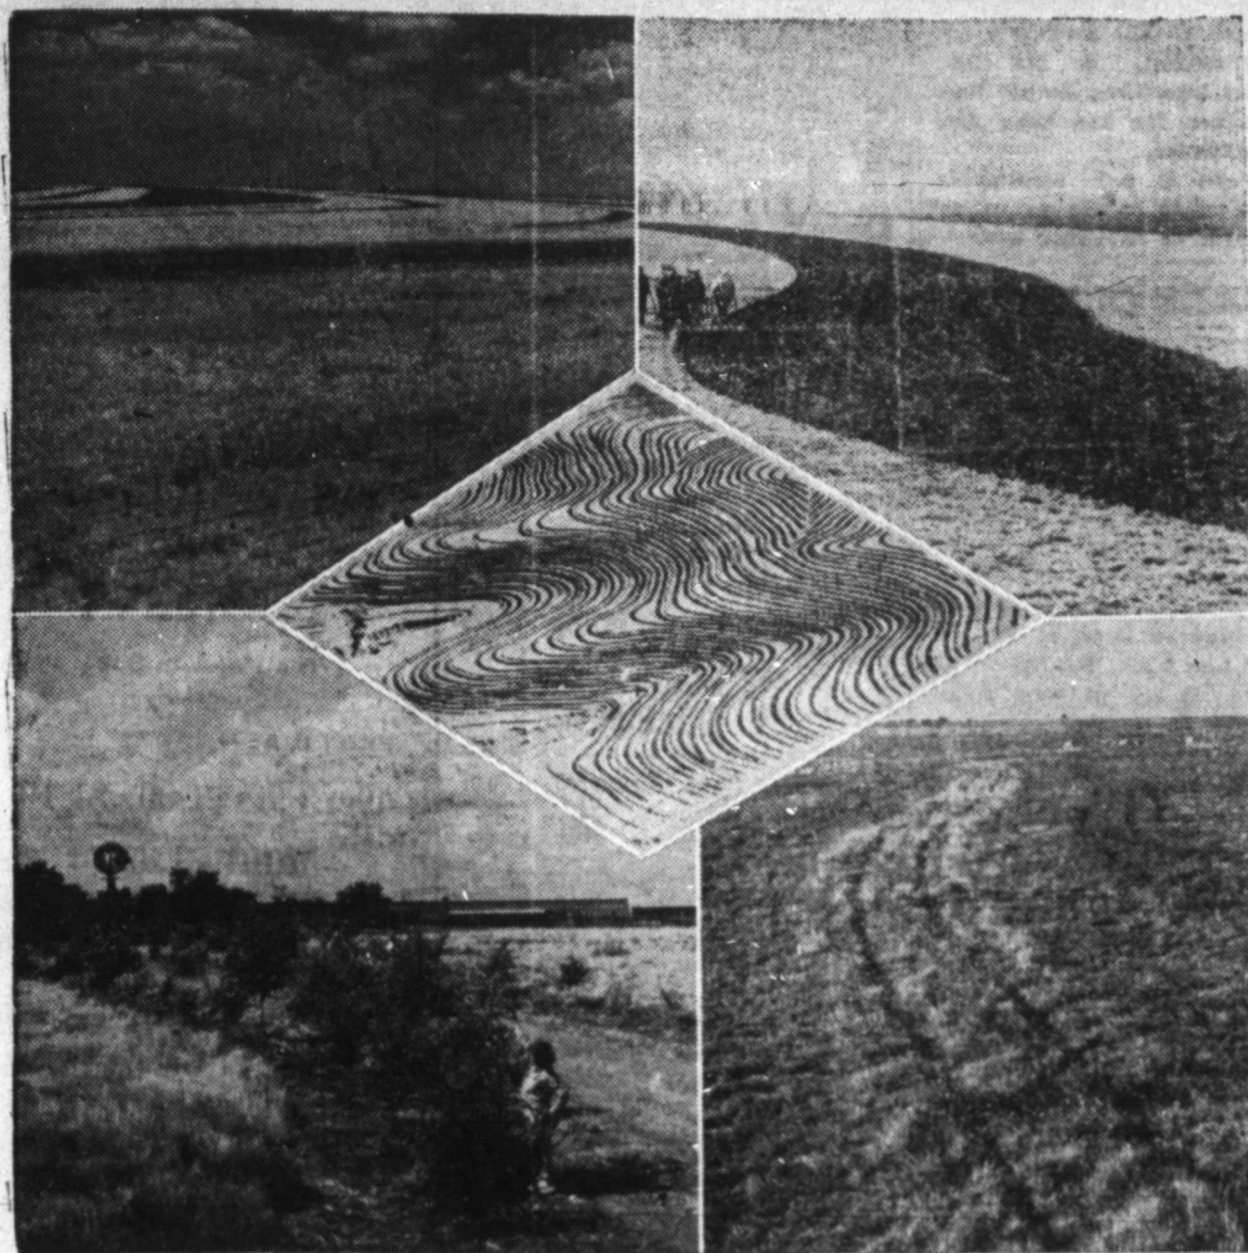

WHY be satisfied with a small car, when you can now enjoy the luxury and proud ownership of a big car for just a few dollars more? Prove this to your own satisfaction. Before you decide on any car, take a look at everything Dodge has to offer. See what a big car it really is—longer wheelbase—wider front seat—wider windshield—27% more luggage space! Take a look, too, at all the new ideas Dodge gives you this year... and then take a look at the price. You'll find this big Luxury Liner is priced even lower than last year's Dodge! And you can buy it on convenient budget terms!

**DODGE LUXURY LINER**

**Gaignat Motor Co.,**

**Streamlined Farming Replaces Straight Rows**

Streamlined farming—farming around the slopes on the level instead of up and down the hills is being used more and more by farmers in the Southern Great Plains who are seeking to conserve their soil and moisture and to prevent erosion. Terraces and strip crops (upper left) hold practically all the water on the land where it falls. Where terraces are not necessary, fields are being plowed on the contour (upper right). Furrows on the contour hold water on grass land and are proving highly successful in improving the range (lower right). Some farmers are finding that placing roads, fences and tree sites on the contour fits well into their conservation program (lower left). Contour furrows, winding about pasture slopes like ribbons, are shown in the aerial view in center. All of these practices and many others can be viewed on Soil Conservation Service erosion control demonstration areas.

**Apportionment Is Set At \$22.00**

Austin, July 25—School officials over the state today had a basis on which to figure their 1939-40 budgets—a \$22 per capita student apportionment.

The state board of education yesterday set the apportionment at that figure in the third consecutive year. Members voted against increasing the payment to its new statutory limit of \$22.50.

The action, officials believed, would force the automatic tax board, expected to meet in the near future, to raise the current 7 cent \$100 valuation for school purposes to its constitutional maximum of 35 cents if the apportionment and a deficit of approximately \$5,000,000 are to be paid.

**CEDAR LAKE WELL IS HIGH ON YATES SAND**

Latest reports state that the Standolind No. 1 Rainer, hit the Yates Sand at 2,700 feet, about 250 feet high to other dry wells in the Cedar Lake area. Right now the Cedar Lake area is the hottest spot in Gaines county has had since the discovery of the Seminole pool. —Seminole Sentinel.

The well is in section 3 block C-30, E. L. survey, on the east side of Cedar Lake, northeastern Gaines county.

**OIL TEST PLACING CASING**

Workmen are busy this week putting casing back into the hole in the oil test well in Petty community which was abandoned a year or two ago. The hole will be deepened.

Around mid-summer in Finland it is possible to read or write at midnight without artificial light.

**CRAFT'S TAILOR SHOP**

P. S.—Men's Suits cleaned and pressed 40c.

**Bill King Finds Early Day Cards**

While doing some electrical repair work in the attic of the W. M. Harris home recently, Bill King found two old postcards and a batch of circulars reminiscent of other days in Tahoka.

The home was built by the late A. D. Shook, who did much to develop our little city back in the 'teens of this century, and these relics have evidently reposed there since.

On the face of one postcard is a colored picture of the swell hotel building Mr. Shook built which burned in about 1915, after operating only a short while. The building occupied the lots on which are now located Harris' store, Ada Theatre, Tahoka Drug, Boullions, and the Hogan building. Known as Hotel Lynn, the building was a two story brick, and without doubt the classiest on the Plains south of Amarillo. It seems a shame that such a fine building had to burn. In the picture an old model Buick, then the classiest thing on four wheels stand in the street just in front of the building.

The other postcard is a government card, which was addressed to Ben McDermott, Big Spring, but never mailed, bearing one of the old McKinley one-cent stamps.

A country which wants a pretext of war usually finds it whether the occasion is the mysterious blowing up of a battleship, the assassination of a crown prince, a trade dispute, or an insult to the national honor. When ill will exists, incidents distorted out of their true significance and can even be contrived. Conversely, a country which wishes to avoid war is willing to overlook a great many provocative acts. — Editorial, Boston Herald, August 27, 1937.

Differences of religion used to produce the worst wars of all, the religious wars. It was not inevitable that they should continue, for they have ceased. The feeling of nationalism need no more produce war than the emotions of religion. —Norma Angell.

The longer war lasts, the more is the second-rate intelligence enthroned and the first-rate degraded. War protects the fool who makes mistakes and persecutes the wise man who dares to say they have been made.—James Hilton.

A rainbow may be seen all day long in a cloudless sky, in the coldest parts of Siberia. The rainbow is due to the reflection of the sun on fine particles of snow in the air.

Mrs. Lloyd Edwards and children and Mrs. G. A. Edwards visited relatives in Slaton Thursday.

**SOCIETY**

Club and Church News

**WEST POINT H. D. CLUB MEETS IN GILLESPIE HOME**

At a meeting of the West Point H. D. Club held in the home of Mrs. Clem Gillespie at 2:30 o'clock Wednesday afternoon, July 19. The president gave a talk on Breakfast cereals, showing the importance of using only a small amount of sugar if any in cereals.

Miss Altha Wayne Jennings gave a report of her trip to the A. & M. College with the 4-H club girls.

Ice cream and cake were served to ten members and the following visitors: Misses Ruth Hale and Ruth Gillespie, and Mmes. G. Mayfield and L. Noble.

Our next meeting will be in the home of Mrs. Tom Hale on August 2.—Reporter.

**GRASSLAND COUPLE WAS MARRIED SATURDAY**

Miss Jerlene Wiley, daughter of Mr. and Mrs. E. J. Wiley of the Graham community, over in Garza county, and Robert Joiner, who is employed on the W. L. Gribble farm, but whose home is in Caddo, Oklahoma, were married last Saturday at Grassland by Rev. J. R. Ferguson, pastor of the Church of the Nazarene there.

**CHURCH OF THE NAZARENE PASTOR RETURNING HOME**

Miss Betty Ellis, pastor of the Tahoka Church of the Nazarene, writes The News from Childress, where she is engaged in a revival meeting, that she will be back home Saturday of this week and will conduct the regular services here Sunday. She reports that she had a very good meeting at Childress.

**ROPES GIRL MARRIES**

Miss Bivian Allen of Ropes was married to L. A. Robertson Jr. of Levelland here early Thursday morning. Rev. Geo. A. Dale performed the ceremony.

**ATTEND FAMILY REUNION**

Mr. and Mrs. B. R. Tate and Mr. and Mrs. Kirk Pitts attended a reunion of the Tate families and connections in Comanche last Sunday.

Mr. Tate says that there were about 85 present and a great, good time was had—a big feast at the noon hour, etc. This was the first reunion the Tate families had attempted, but they expect to have another one next year.

Mr. Tate says he and the folks here left very early Sunday morning, spent the entire day in Comanche, and returned to Tahoka that night, arriving soon after 11 o'clock.

**MUST MAKE SCHOOL TRANSFERS BY MONDAY**  
(Cont'd. from first page)  
who wish to transfer to another district, must pay their own trans-

portation, and may ride the school bus with the approval of the county board. They must also pay tuition to the receiving school, the total cost of which tuition and trans-

portation would be around \$35 to grade-students and \$50 or \$55 to high school students.

Students who fail to meet transportation and tuition payments must be dropped immediately. This is mandatory. A bus driver who permits a student owing for transportation, or permits any person not a qualified student to ride a school bus, will be discharged. The receiving district, also, will not be eligible for any type of state aid.

Students whose grades are not taught in the home district and are not 18 before Sept. 1, may transfer as heretofore without expense for transportation or tuition. Over-age pupils may ride buses and pay their own transportation, \$2.00 per month.

The new law does not affect Tahoka's deal with Three Lakes whereby the entire school is contracted to attend Tahoka, and, as in the past, high school students coming from such schools as Dixie, West Point, Edith, Midway, New Lynn, and Grassland, their grades not being taught at home, must sign transfer slips by next Monday if they wish to attend school in Tahoka, or any other high school, free of charge. However, if a student's grade is taught in his home district, he must pay tuition and pay for, or furnish his own transportation to the receiving school.

Two effects of the new law are to bring about a more economical operation of schools and school buses and to prevent wholesale transfer of students from a district to the detriment of the school maintained in the said district. Though a little confusing now, the law should be a definite aid to most schools in this county, Mrs. Tunnell thinks.

Tahoka expects to run school buses very much along the same routes as in the past, with the exception that transportation will be offered students in the northeast corner of the district and down the highway south of town.

**A. L. SMITH CHILD DIES IN DALLAS**

(Cont'd. from first page)  
ness of the disease. Finally they advised that the patient betaken to a brain specialist. Accordingly, Mr. and Mrs. Smith, accompanied by a nurse, hastened to Dallas with the child last Friday night and on Saturday morning it was placed in the Methodist Hospital there and Dr. Nash, a noted brain specialist, was called. He likewise was somewhat baffled but on Saturday night gave the patient a blood transfusion and it was placed on the operating table at 11 o'clock Sunday morning. The incision in the skull disclosed immediately the nature of the trouble. Tubercular meningitis is a very rare disease but always proves fatal, the surgeon stated.

The body was prepared for burial by a Dallas Funeral Home and shipped back to Tahoka Tuesday arriving here about 11 o'clock Tuesday night. The parents arrived here late in the afternoon.

Laqueta Joy was born on April 22, 1937, and was therefore two years, three months, and two days old at the time of her death. She was the second child that Mr. and Mrs. Smith had lost by death since their residence in Tahoka, and they have the deepest sympathy of hosts of friends here and throughout the county. Surviving besides the parents is one sister, Wanda Faye, about 7.

**ATTENDED FAMILY REUNION**

Judge F. W. Goad and family attended a Goad family reunion at Alvarado, 12 miles east of Cleburne, last Sunday. Sixty-three members of the Goad clan were present. The affair was held at the home of his oldest brother, H. H. Goad. Judge Goad's nine brothers, and one sister, with the exception of one, and his aged mother, Mrs. Mary A. Goad, were present.

The Goads left here Saturday afternoon and returned home Sunday night.

**Bad Breath May Show You Need This Help!**

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lax bowel muscles. Millions of packages used yearly!

**Bottoms Up!**

A BARREL ROLL!... Hard on the dare-devil air devil... Safe for his engine because it's well-oiled *upside down*. Just think: Your car would get better engine lubrication if you could always park upside down! You can see that by standing "bottoms up" your engine would stay oiled to the top! Then it couldn't start dry—oil-starved. And that worst source of engine wear would be ended.

Get this benefit without any "topsy-turvy"... Get your engine OIL-PLATED. That takes patented Conoco Germ Processed oil. Its "magnetic" power mates it to the working parts as intimately as chromium-plating is mated to the bumpers. Chromium-plating can't drain down; OIL-PLATING can't either. All the way up in your engine—all the while it stands or runs—all the time you use Germ Processed oil—you've got durable OIL-PLATING.

Then every start is well-oiled—wear-proofed—by lasting OIL-PLATING. And you're not adding oil every other time you stop, once you change to the only Germ Processed oil... at Your Conoco Mileage Merchant's, Today.
