"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXVI.

Tahoka, Lynn County, Texas, Friday, September 8, 1939.

Number 4

## Gridiron Schedule Opens At Lamesa

### Band And Fans Follow Team To Lamesa

**Bulldogs Hope For Successful Season; Next Game Will Be In Tahoka**

It is hoped that a number of football fans will follow the Tahoka Bulldogs to Lamesa this Friday night for the opening game of the season.

Coaches Jackson and Armstrong report that we may expect a light scrapping ball club. All the boys seem to be very enthusiastic about our prospects for a winning team. They report that the new sodded field will just naturally make a boy play better and we are sure it will make the game more interesting to fans because of lack of dust. The team needs boosters.

Tickets for the Lamesa game will be 75 cents at Lamesa Friday night but if bought in Tahoka before Friday at 4 p. m. may be had for 50 cents. You may buy them at the high school or at either drug store in Tahoka.

### TAHOKA BULLDOG SCHEDULE FOR 1939 SEASON

- September 8 Lamesa here.
- September 15, Cooper here.
- September 22, Southland here.
- September 29, Cowhands here.
- October 6, Post here.
- October 13, Slaton here.
- October 20, Kermit here.
- October 27, Brownfield here (Homecoming).
- November 3, Levelland here.
- November 10, O'Donnell here.
- Conference games.

## Women Expect To Form Club

All local business and professional women and girls who are interested in organizing a Business and Professional Women's club in Tahoka, to be affiliated with the National Federation, are urged to be present at the county court room next Tuesday night at 8 o'clock. If enough interested women are present a local club will be organized on that date.

Miss Ola Belle Singleton has obtained from Miss Lillah Wright of San Angelo, state membership chairman, an organization kit, containing sample programs, copies of the club publication, The Independent Woman, and of the Constitution and By-laws of the national organization, so that the club may meet the requirements of the national federation. Miss Wright plans to visit the club soon, if it is successfully organized.

At least ten charter members are necessary for organization, and there are at least 50 eligibles in Tahoka. The organization will be fundamentally a service club, similar in function to such men's organizations as the Rotary club. There will be two meetings each month, one for social purposes, and a business and program meeting. The nature of the meetings will be decided by the club, as will the project, but the program outlined by the national organization will be followed.

Fees will be decided upon by the club, over the amount necessary for national and state affiliation, which is very reasonable and within the working girl's budget.

## Boles Orphans Here Monday

24 young people, from Boles Orphan's Home of Quinlan, Texas, sang at the local Church of Christ Monday night.

The group, consisting of 15 girls and 8 boys, was appearing in the interest of the Orphanage.

### DALE MARRIES COUPLE

W. B. Woodward of Lubbock and Pearl Scott of Dumont were married at the home of Rev. Geo. A. Dale on Saturday, Sept. 2.

## Postoffice Open All Saturday

"In order to serve this community more efficiently the Post Office will be open on Saturday afternoons beginning Saturday, September 9, 1939," Happy Smith, postmaster, stated Wednesday. "This will continue until after the first of the year."

"Postal receipts are about even with last year and will show an increase by the last of this month over last year."

## Two Charged With Burglary

Harvey McKee and Dale Hall of O'Donnell were arrested Wednesday morning and charged with burglary, after the City Park Service station was broken into and entered Tuesday night. McKee was released Wednesday afternoon after he made bond set at \$750.00. He gave his age as 18 years, and Hall gave his as 19 years.

The station was entered and the combination adding machine and cash register were jimmied with a tool of some sort, probably a screw driver or tire tool or similar instrument. The burglary netted only 32 cents, however, but the cash register, valued at about \$108 or more was ruined.

## Teachers Form Professional Body

Teachers of the Tahoka Public Schools met Tuesday night for the purpose of forming a professional organization which will be known as the Tahoka Teachers Association.

Meetings will be held monthly on the first Monday night for the purpose of hearing professional programs and discussing professional problems. The organization is distinct from the regular faculty meetings presided over by superintendents and principals, Supt. W. T. Hanes says.

A committee composed of John Kirkwood, chairman, Mrs. S. H. Asiter, Miss Elizabeth McEwin, Mrs. L. F. Craft, and Miss Ida Mae Harris will draw up by-laws for the organization and nominate officers for election at the next regular meeting.

## Boy Scouts Held Barbecue Monday

Following their regular meeting at the Hall Monday night, the boy scouts were entertained with a chuck wagon dinner at the O. R. Milliken home. Two lambs were barbecued by Mr. and Mrs. Milliken for the occasion.

Speakers on the program included Mr. Gilley of Lubbock, recently elected field executive, L. F. Craft, Happy Smith, Elbert Bouillon and Carl Owens of the Rotary committee and the Scout committee.

Sixteen scouts attended with their scoutmaster W. A. Reddell and Assistant master, A. R. Milliken.

## Wells Lady's Car Burned Monday

Mrs. A. J. Barnes of two miles west of Wells had the misfortune of losing her automobile by fire last Monday night.

The youngest son had been away in the car, and upon returning, drove it into the garage as usual, and went into the house and to sleep. The next morning the family found the car completely demolished, with the garage fallen in over it. It is thought that the fact that the garage was built of adobe was responsible for them not hearing the noise caused by the fire.

The car was not insured.

H. R. Arrant, District Governor, 127th district, Rotary International, visited the Tahoka Club Thursday noon, told local club members that he considered this one of the best clubs in the district, and announced that the local club with 50 members stands high in size. Arrant is from Abilene, where he is a professor in Hardin-Simmons University.

## Marketing Cards Must Be Secured Before Farmer Gins His Cotton

The county office is now ready to deliver marketing cards to those farmers who have their cotton planted within the acreage allotment for the year. Farmers should make it a point to get their card before attempting to market any cotton from the present crop.

The primary purpose of these cards is to market cotton. However, it is very important that the farmer take the card with him to the gin so that the gin can get the serial number from the card. The law provides that the gin must make a report of all cotton ginned by him every fifteen days to this office. In this report the gin must show the amount of cotton ginned for each producer and the cotton is ginned. Last year the farm serial number under which farmer in many cases failed to give the gin the marketing card and the result was when the gin made his report to this office we were unable to determine just what

(Cont'd on back page)

## County Board Protests Bus Law

Mrs. Lenore M. Tunnell went down to Austin the first of the week to deliver in person a petition signed by members of the county board of education, in protest of the two and a half mile limit in the Rural Aid Transportation bill, to the members of the Legislative advisory committee.

In an interview, Mrs. Tunnell stated that the bill as it now reads is unfair, for the reason that it would make it necessary for children within the 2 1/2 mile limit to walk to school unless they had personal transportation, while children just outside the limit could ride.

## Highway Worker Injured Friday

While working on a pump at Slover Lake Friday noon, W. B. Bradshaw, Superintendent over the highway workers, suffered injuries to his ear caused by a piece of the pump, which somehow broke loose and hit him on the head.

The missile pierced his ear, cutting through the cartilage, requiring several stitches. He was treated in Tahoka Clinic.

### SINGING CONVENTION AT METHODIST CHURCH SUNDAY

Announcement is made that a singing convention will be held in the Methodist Church here Sunday, beginning at 11:45.

The Stamps Quartet will be present and will also sing at the eleven o'clock hour church service preceding the convention.

Mrs. Annie Childs Collins was a recent visitor among her friends around Draw and Redwine, where she formerly lived, and where she still has property. She has been living at Timpon in southeast Texas the past few years.

## New World War Starts

Germany under the leadership of Adolf Hitler opened war on Poland on Friday of last week. Great Britain and France declared war on Germany on Sunday.

The Germans have been making a lightning drive into Poland and on Thursday morning were within 21 miles of Warsaw with the early capture of the Polish capital almost a certainty. Already a third of Poland had fallen into the grip of the Germans. All government officials and most of the inhabitants of Warsaw had fled from the city. Certain disaster apparently awaited the Polish army.

On the Western front, the French were reporting some progress in breaking through the German Siegfried line of fortifications but seemed to be getting into action slowly. The drive, it was claimed, was just beginning.

On the whole, the first week of the war has been highly favorable to the Germans.

## Hickersons Slightly Injured In Wreck

While driving homeward three miles west of town on the Brownfield highway Tuesday afternoon, the automobile owned by Wash Hickerson and occupied by him and Mrs. Hickerson and their son, Orin, and wife, collided with another car driven by a Lubbock resident.

The Lubbock car is said to have run out of the Dixie road onto the highway in the path of the Hickerson car before the latter could stop. Both cars were badly damaged. Orin was driving the Hickerson car.

Mr. Hickerson was treated in the office of Dr. J. W. Sinclair for an injured knee and lacerated nose, several stitches being necessary to close the laceration. Both women suffered from shock and slight bruises. Orin was uninjured, as was the driver of the other car.

## Taxable Property Shows Increase

State and county tax values for 1939 showed an increase of \$76,820 over 1938, according to figures given by A. M. Cade, county tax collector. This increase was not because of any raise in tax rate, Mr. Cade stated, but an actual increase in taxable property, due to added commercial buildings, including a cyanamide plant, a compress and warehouses.

The figures for 1938 were \$6,279,120, and for 1939 they were \$6,355,940. This increase will net a gain in taxes for the county of \$614.56.

## Little Terry Crime, Prosecutor Declares

District Attorney Truett Smith reports that the criminal docket in Terry county is exceptionally light in Terry county this term. The grand jury was in session at Brownfield only a day and half last week and returned only five felony indictments.

The commission of an atrocious crime in this district is rare indeed. None have been committed recently.

### HARLOW AT LITTLEFIELD

Bob Harlow, graduate and former athlete at Howard Payne and Coach at Tahoka for two years, is teacher and assistant coach at Littlefield High School this year, according to reports reaching friends here.

### HOPKINS COUNTY REUNION AT LUBBOCK

Homer Pharr of Lubbock has announced that there will be a reunion of all ex-residents of Hopkins county at Mackenzie Park from 2 to 4 p. m. Sunday afternoon, September 10. All ex-residents are requested to come, bringing their families, and an ice cold melon.

## Tahoka City Schools Enrollment Large

### Parity Checks Received Here

Secretary C. A. Lawrence reports that he received the first batch of 1939 cotton parity checks Monday morning, 204 in number, bringing to the farmers \$48,912.31. A total of 179 farms were represented.

He was expecting more checks by the end of the week.

## Cotton Season Getting Started

Fifty bales of cotton of the 1939 crop had been ginned in Tahoka at ten o'clock Thursday morning, according to reports given by gin men to the News.

Apparently the dry and exceedingly hot weather of the past three weeks has cut the crop at least 50 per cent. All the cotton that had grown so rank and was looking so promising has shed practically all the small bolls and squares, farmers say, and the plant is so badly wilted in most fields that it will not have time to put on and mature a new crop, even though the drought should end today.

We are making no guess this week as to what the yield will be.

## County Plans Booth At Fair

County Agent Donald Turner says that Lynn county will have an agriculture exhibit in the Panhandle-South Plains Fair again this year and he is anxious that it be a good one.

To that end he requests that farmers in the county who have good specimens of cotton, grain sorghums, corn, melons, or other farm products will please notify him so that he can go out and collect the same. If farmers will cooperate wholeheartedly he can gather an excellent exhibit.

Lynn county is one of the very best agricultural counties on the plains and it should stand right at the top in exhibits at the fair.

## Airplane Of Local Men Is Damaged

An airplane purchased by Reid Townes, "Boots" King, and Lee King was slightly damaged Monday morning as it was being landed here for the first time.

As the ship was being brought in for the landing, according to Lee King, the pilot, he straddled a mesquite bush with it and the propeller struck the bush, tearing the tips of the propeller into splinters. One of the fragments damaged the left top wing tip. It was a bit exciting for a moment or two but there were no serious consequences.

These young aviation "bugs" purchased the ship over at Floydada.

## Hodge Injured In Unknown Manner

Mr. J. D. Hodge received treatment at Tahoka Clinic Friday morning for head injuries received when an unknown object hit him while at work at Burleson Grain Friday, rendering him unconscious. Mr. Hodge said he did not know what struck him, but probably a falling object. He suffered several lacerations, which were closed by surgical stitches, and bruises.

Mrs. J. C. Burdett, Galveston, Texas, who has been visiting her father, J. E. Ketner and other relatives returned home Wednesday morning, making the trip home with Mr. and Mrs. C. A. Thomas.

Howard Cheatham, son of Mr. and Mrs. D. B. Cheatham, underwent minor surgery at Tahoka Clinic Tuesday.

## Students Still Enrolling For Year's Work

**School Officials Are Asking Co-operation Of Patrons Over The District**

Tahoka Public schools opened Monday, September 4, with one of the most pleasant first days in its history. Parents and students present the first day seemed very anxious to cooperate in any way possible to help make this a successful year.

All students were enrolled and had books issued by noon and in the afternoon the classes were met on half time as assignments were made. Tuesday school opened on regular schedule and everything is now going just as if school were half over instead of just beginning, school officials say.

School officials emphasize the fact that without the enthusiastic cooperation of parents and students, a school the size of Tahoka can not open, issue books, make schedules, etc., and start classes in a half day. They therefore wish to publicly express their sincerest thanks and appreciation for the splendid school-minded citizenship of the Tahoka school community. You will have just the kind of school you want to have and we honestly believe you want a good one.

Below is a list of the first day enrollments by grades:

- First grade 62, Second grade 55, Third grade 66, Fourth grade 71, Fifth grade 53, Sixth grade 46, Seventh grade 43, Eighth grade 71, Ninth grade 69, Tenth grade 69, Eleventh grade 34.

Total of 396 in the grades; total of 243 in high school. Grand total 639.

### ACCEPT "UNDERS"

Due to the fact that the two first grade rooms in the local schools are not overcrowded this year, the Tahoka school board has agreed to accept children who were not six years old before Sept. 1 but whose birthdays fall between that date and October 15. These "unders" must be enrolled by next Monday and must pay the \$3.50 per month tuition fee in advance.

## Jury Lists For Court Are Drawn

The fall term of the district court will convene here on Monday, September 25.

Lists from which grand jurors for the term and petit jurors for the second, third, and fourth weeks will be selected have been drawn and they are being notified to appear here for jury service at the appointed time.

As usual, no petit jurors have been drawn for the first week.

The list follows:

**Grand Jurors**  
C. T. Tankersley, Pete Hegi, John Earles, J. A. Propst, J. W. Warrick, J. C. Key, A. R. Hensley, H. H. Hewlett, J. R. Strain, J. H. Parker, D. J. Bolch, J. H. Newman, G. L. Cobb, W. O. Thomas, B. D. Bailew, Dan L. Carpenter.

**Petit Jurors for Second Week**  
P. D. Server, Jim Burleson, Edwin May, Earl George, Roy Nettles, W. M. Crump, A. C. Fullingim, E. W. Allen, Buri Burdett, D. G. Cook, Otis Cash, S. L. Williams, John Donaldson, Selmar Yandall, Roy Poer, E. J. Cooper, W. A. Skinner, R. G. Ledbetter, W. B. Edwards, L. N. Hancock, Leroy Davis, O. B. McClure, R. L. Littlepage, B. A. Norman, J. D. Kyle, R. W. Barton, L. H. Kenley, C. L. Shook, E. F. Jazak, George Bovell, A. H. Hood, D. T. Yandell, Carl Griffing, Floyd Jaynes, A. E. Leverett.

**Petit Jurors for Third Week**  
A. F. Pitta, Floyd Reece, G. W. Simmons, C. L. Bolch, Roy Lemond, Homer Hancock, Ed Goddard, Roswell Edwards, W. C. Huffaker, G.

# SOCIETY

Club and Church News

## CARMACKS MEET IN REUNION HERE

Rev. and Mrs. C. F. Carmack and all their children but two gathered here Sunday at the home of Mr. and Mrs. C. O. Carmack for a reunion of members of the family. Most of the group remained over several days this week.

Rev. and Mrs. Carmack have been residing in Houston nearly two years, where they have been operating a hotel but recently sold out the business. They will possibly return to Tahoka to make their home nearer their children and old friends. Brother Carmack told the News.

Present here early in the week were: Mr. and Mrs. Tom Carrall, the former Miss Dolphia Carmack, San Fernando, California; Mr. and Mrs. A. B. Swan (Leta) and baby, Conchas Dam, N. M.; Mr. and Mrs. Everett Dison (Lucille), Pritch; Dr. and Mrs. C. E. Carmack, Dallas. Dr. and Mrs. J. C. Carmack of San Bernardino, California; and Mr. and Mrs. Ben Wileman (Addie Mae) of Oklahoma City were unable to be present.

## BINGO PARTY

A Bingo party was given Friday afternoon in the home of Martha Thomas honoring Miss Dorothy Scruggs, Junior University student from Houston.

Prizes were awarded to Misses Carolyn Thomas and Maxine Durrett. Gifts were also received by Misses Dorothy Scruggs and Agnes Pickett.

Watermelons were served on the lawn.

Those present were: Misses Carolyn Thomas, Lois Williams, Frances Duckworth, Imogene Bowen, Maxine Durrett, Agnes Pickett, Rosemary Surmon, Agnes Scruggs, Martha Thomas and Mrs. R. M. Thomas.

Mrs. Val Morris and son Jack have moved to Lubbock.

## BRIDAL COUPLE HONORED

Mr. and Mrs. A. J. Kaddatz were hosts Monday night at a shower given for Mr. and Mrs. Woodrow Walker, newlyweds.

As the guests arrived they wrote their names in the guest book, presided over by Mrs. R. C. Forrester. A program followed, rendered by Margaret Durham, Miss Edwards, and Mrs. Groce, teacher of expression. Misses Lottie Jo Townes and Marjorie Wells presided over the punch bowl.

Mrs. L. F. Craft presented the gifts.

Refreshments were served to Messrs. and Mesdames Frank Billman, John Kirkwood, Roy Finch, Deck Dunagan, John Evans, N. E. Wood, Ratcliff; Mesdames L. F. Craft, Groce, Forrester, J. B. Walker of Lubbock; Misses Townes, Wells, Durham, Edwards, Greta Joyce Applewhite, Pollyanna Walker, O'Berger Forrester, and Mr. Clinton Walker.

## NEW LYNN H. D. CLUB

"Good grooming and correct posture are a god investment," stated Miss Maurine McNatt, home demonstration agent, at the regular meeting at the New Lynn 4-H Club Tuesday, September 5, at 10:45 a. m. at the school building.

"The expenditures for the investment for good grooming and correct posture involve desire, determination, time, energy and perseverance, but they will bring most worthwhile results," Miss McNatt added.

Thirteen members were present. Winnie Potts was a new member.

The next meeting will be September 19th with the sponsor, Mrs. R. W. Barton in charge.

Mrs. Kelly Click and three children of Lovington and Mrs. Bud Wimberly and her three children of Artesia, New Mexico, spent a week recently with their mother and grandmother, Mrs. J. L. Holt.

## METHODIST CHURCH

We enter the fall with a strong faith in the future both of our church and the Kingdom of God as a whole. Trying times are ahead, but our God is sufficient for all our needs. We must be more loyal and devoted to be effective in this critical day in which we live.

With this in mind we bring you the subject "Responsibility" for your earnest consideration. What responsibilities do you have? Have you assumed them, and by what help do you expect to meet them?

A strong corps of teachers will meet you at 9:45 Sunday. Encourage them by your presence and help them by personal comment on the lesson which you have previously prepared. This is one of the least of our responsibilities. You perhaps should teach others, your children, if not a class. Can God depend on you? New life in the Sunday evening services, Wednesday, and W. M. S., should be manifested as the fall comes on.—Geo. E. Turrentine.

## WEST POINT H. D. CLUB HONORS NEW BRIDE

On Wednesday afternoon September 6, at the home of Mrs. Blain Ramsey, the West Point Home Demonstration Club honored Mrs. Terry Noble with a miscellaneous shower.

The fishing game proved to be a popular one. Among the fishermen present, Mrs. Noble was the most skillful. Her fish could be compared to the whale in that it was a beautiful basket filled with many lovely and useful gifts which she received in her own gracious manner.

Those present were the honoree, Mrs. Noble, Mesdames Tom Hale, Clem Gillespie, Claude Wells, C. T. Tankersley, Cody Bragg, H. R. Tankersley, Blain Ramsey, A. D. Schaffner, Robert Noble, Levi Noble, Ivan McWhirter, N. M. Barnham, Bob Rusk, J. M. Noble, Donald Johnson, Jerral Cox and W. A. Yates, Misses Altha Wayne Jennings, Ruth Hale and Mildred Cox.

## DRAW H. D. CLUB

"Mothers and fathers must be careful to suggest to their children only good ways of thinking," stated Miss Maurine McNatt, Home Agent, to the Draw demonstration club at its regular meeting Friday September 1, in the home of Mrs. Zane K. Hensley.

Good ways to think and bad ways to think can be put into our minds. You can help to make your child sickly or nervous. Do not talk to him about nervousness or sickness of any one before him. You can make good suggestions by what you say and do. Little children like to copy you and try to do just what "grown-ups" do.

The next meeting will be September 15, in the home of Mrs. S. H. Crockett. The subject will be, Using Planned-Overs instead of Left-overs.

## NEW LYNN EPWORTH LEAGUE

The New Lynn Epworth League met Sunday evening at the usual time. A program was rendered by Miss Sue Young, Juanita Young, Reubin Wilke, James Baker and Ben Young. The program was very interesting. We expect a large crowd next Sunday evening. The Graham League will present the program.

We wish to extend to each and everyone an invitation to attend our League.—Pub. Supt.

## MRS. FORRESTER HONORED

Mrs. R. C. Forrester was honored Sunday at Lubbock, when her sister, Mrs. Homer Scott entertained with a birthday luncheon.

Present besides honoree and hostess were Mrs. Scott, Dr. H. H. Hughes of Brownfield, Mr. and Mrs. Raymond Edwards of Lubbock, Mrs. A. N. Hughes and Miss O'Berger Forrester of Tahoka, and Miss Allene Hughes of Albuquerque, N. M.

Subscription paying time is here!

For regular control of large round worms and cecal worms, Dr. Salsbury's Avi-Tone is the ideal flock treatment. Add it to the wet or dry mash—and notice the difference in the birds. Come in—get a package today!

Wynne Collier, Druggist

## SABRA JEAN IVEY HAS BIRTHDAY PARTY

Sabra Jean Ivey, youngest daughter of Mr. and Mrs. T. T. Ivey, celebrated her fifth birthday Saturday, September 2, with a party. Those present were Ruth Clemmins, Loreta Mae Bartley, Pearl Bartley, Jimmie Wynne Drager, Billy Drager, Mona Brock, Bobby Brock, Gwendolyn Gaither, Wanda Gaither, Travis Jay Runjan, Charles Clemmons, Jackie Clemmons, Mary Margaret Mitchell, Billy Willis.

Balloons were given as favors to the guests and cake and lemonade were served after the games.

Mr. and Mrs. Loyd Craig of the Imperial Valley, California, have been visiting his father, R. L. Craig, and her parents, Mr. and Mrs. N. J. Hudspeth, here the past week. They left Thursday to visit other relatives of Georgetown but will return to Tahoka before starting back to California. Loyd says the temperature in the Imperial Valley sometimes runs as high as 120 degrees. Much of the Valley is now under irrigation, the water coming from the Colorado River. He himself is employed by an irrigation company.

Mr. and Mrs. C. T. Tankersley and Mrs. Bob Rusk went down to Roscoe last Friday to be at the bedside of an aunt, Mrs. Ina Leach, who on that day underwent an operation made necessary by the breaking of the hip bone sustained in a fall about a week preceding that time. They returned home Saturday night. Reports from the hospital indicate that the operation is proving to have been entirely successful.

D. F. Reddell, who was a member of the graduating class in the high school here last spring, is in Belton, where he is preparing to enter Mary Hardin-Baylor College where his sister, Miss Annita, has been a student the past two years and who will enter again within the next few days.

Miss Maurine McNatt is expecting her mother, Mrs. A. S. McNatt of Greenville, to visit her over the week end. Her mother has been in Lubbock this week attending the state convention of home demonstration club women, following which she made a trip to the Carlsbad Cavern.

Mr. C. J. Carpenter left Friday for Chunky, Mississippi, where he will spend about three weeks visiting his brother and other relatives.

## ALTITUDE HAS ITS EFFECT ON CANNING

(By Miss Maurine McNatt)  
People who live in a country with high altitude, often fail to realize that the instructions for canning foods at sea-level altitude can not or should not be used by them.

Government bulletins and those prepared by commercial concerns are written for sea-level altitude. The times given for processing in boiling water as well as the table given for pounds pressure apply only to places with sea-level altitude.

Water boils at sea level at 212 degrees Fahrenheit. As the altitude increases the temperature at which water will boil gradually decreases. In Lynn county water boils at 205 F. When processing in boiling water, which is commonly known as the water bath method, fourteen extra minutes should be added to the time given in the government bulletin B-85, Canning Fruits and Vegetables.

When processing in the pressure cooker extra pounds are added rather than extra minutes. Two extra pounds should be added to the

pressure given in the bulletin B-85. Remember the processing time remains the same.

These instructions must be followed if the best results are expected.

## WEST POINT CLUB STUDIES CHILD TRAINING

"Independence should be developed in children," stated Miss Maurine McNatt, Home Agent, at the home of Mrs. Blain Ramsey Wednesday, September 6 at 2:30 o'clock.

Parents must teach their children to think for themselves. Which is the right thing to do, they must learn to plan their own plan of work. Even if their plan does not seem best to the parent they should be allowed to work it out for themselves, and praise them for trying it alone.

There were twelve members and six visitors present. The next meeting will be with Mrs. Bob Rusk on September 20 at 2:30 o'clock. Visitors are always welcome.

Mayor Dean Nowlin attended the Rotary luncheon at Lubbock Wednesday.

# Farmers!

Soon you will be hauling your cotton to the gins.

Why not bring in your car or truck and let us thoroughly overhaul the motor so that you may be ready for the rush?

Work done by factory-trained Ford and Chevrolet mechanics.

### Arch Underwood's Daughter Safe

Already the people of Lubbock and even of Tahoka have experienced a period of deep concern as a consequence of the war which broke out last week end in Europe. Miss Mary Katherine Underwood, daughter of Arch Underwood, now a resident of Lubbock and owner of the cotton compress being constructed here and well known to some of our citizens, was a passenger on the British Steamship Athenia which was torpedoed and then shelled by a German submarine late Sunday afternoon 200 miles northwest of the coast of Ireland. For a few anxious days her fate was unknown to her parents and friends, but two or three days ago it was definitely established that she had been picked up by the American ship, City of Flint, which is expected to arrive at Halifax Saturday. She will probably be taken aboard by an American cutter before the City of Flint arrives at Halifax and brought to Boston or New York, arriving about Monday or Tuesday, it is said.

There were 1347 passengers aboard the Athenia when struck, of whom 311 were Americans. Twenty-five of these are Texans, all of whom are reported to have been saved.

Mr. and Mrs. Vernon Wilhoit, and son, Mr. John Link and Miss Elizabeth visited Mr. and Mrs. James Taylor in Gaines county Sunday.

### Car Runs Over Knight Child

News of a near tragedy in which little Irma Beth, daughter of Mr. and Mrs. K. R. (Buddie) Knight, was critically injured when run over by the Knight car in San Angelo Sunday, came over the telephone to the child's grandparents here, Mr. and Mrs. W. L. Knight, a short time after the accident.

Mr. Knight and J. Emory Nance left for San Angelo almost immediately, returning to Tahoka during the night. One rib of the child was broken and was driven into the right lung, causing that organ to collapse, and for several hours it was impossible for the child to breathe, it is said. The child was hastened to a hospital, however, immediately after the accident occurred, where it was placed under an oxygen tent and normal breathing was eventually restored.

Reports from San Angelo since indicate that the little girl, almost five years of age, now has a chance to recover.

The accident occurred when Mr. and Mrs. Knight and the little daughter were arriving home following their attendance upon Sunday school. Mr. Knight stopped the car to permit Irma Beth to get out in order to meet some relatives who were approaching in another car. Upon alighting, she ran around behind the car and then, unknown to Mr. Knight, came on around and was passing immediately in front of the car when he started up again. The front wheel passed directly over her body, inflicting the injuries above mentioned. It was at first thought that one leg was broken but an examination at the hospital disclosed that none of the leg bones had been fractured. Mr. and Mrs. Knight, of course, were almost prostrated over the terrible accident.

### Rotary Governor At Local Club

Tahoka Rotarians will attend two evening affairs next week.

On Tuesday night, they will be the guests of the Lubbock club in that club's annual entertainment for West Texas Rotarians. U. S. Senator Tom Connolly has been invited to present the principal address.

On Thursday night, at the grade school gymnasium, will be held a Rotarian night. All Rotarians are expected to bring their wives or lady friends. Teachers in the local schools will also be guests. Band mothers will serve the meal.

### Baptist W. M. U. Here Tuesday

More than a hundred women registered here Tuesday at the annual meeting of the Woman's Missionary Union of the Brownfield Baptist Association, seventy-five or eighty of them being out-of-town visitors. A number of Tahoka women were present who did not register. About fifteen churches in the association were represented.

It is said to have been one of the most successful meetings of the kind ever held here.

The opening devotional service was conducted by Rev. J. A. Lumsford, pastor of the Baptist Church at O'Donnell, and a welcome address was delivered by Pastor Geo. A. Dale of the host church.

Mrs. Mary Green of Brownfield, the president, presided throughout the day. A report and comments thereon were brought by Mrs. L. Lumsden of Wilson, district W. M. U. president. Miss Ruth Allen of the First Baptist Church, Lubbock, brought on inspiring address on consecration.

A number of reports and discussions thereof were heard following which Mrs. George A. Dale conducted a most impressive Memorial Service, honoring the memory of the only two women members in the entire association who had died during the year. Mrs. Jim Izard of New Home and Mrs. Harvey Freeman of Tahoka.

Special music during the day consisted of two numbers by the Tahoka quartet and a trio by Mrs. Clyde Shaw and two Y. W. A. girls of Wilson.

A spray of roses was presented to Mrs. L. Lumsden in appreciation of her long and faithful service as associational W. M. U. president.

Mrs. Henry Heck of Grassland was elected president for the ensuing year, and Mrs. Garland Pennington of Tahoka was elected corresponding secretary.

A real feast was served by the women of the Tahoka Church at the noon hour.

The program was closed in the afternoon with the singing of all five verses of "How Firm a Foundation", the W. M. U. song for the year, and by repeating in unison the year's watchword.

Dr. K. R. Durham attended the annual convention of the West Texas Dental Association at San Angelo Monday. The Doctor reports that about 100 were present and a good program was presented. Dr. Clyde W. Davis of Lincoln, Nebraska, who is connected with a Dental college in that state, was the principal speaker.

Mr. W. C. Locker of Richland Springs, Texas, is visiting in the J. L. Nevill home. He is an old friend of the family, being in fact distantly related. He expects to spend about a month here.

#### NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Lynn County, Texas, will, on the 9th day of October, 1939, at 10 o'clock a. m. in its usual meeting place in the court house at Tahoka, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery: One crawler Type Gasoline powered Tractor 60 or more horse power with starter, Battery and Generator and weight not less than 19000 pounds, and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law; and if any bid be accepted it is the intention of the Court to issue time warrants on said county in payment of all or part of such proposed contract, in the maximum amount of \$4,250.00, to bear six per cent interest per annum, the last maturity date of such warrants to be not later than the year of 1941.

P. W. Goad, County Judge; by order of The Commissioners Court. 4-26c.

### MIDWAY NEWS

The R. L. Littlepage home was the scene of a party given Friday night in honor of Mary Louise Rainey and Clara Lee Henry. Games were played and refreshments were served to all the 4-H club girls and their guests.

Mr. and Mrs. I. M. Draper and Tom returned Tuesday from a two weeks visit in Riverside, California, with Claudia Draper.

Mr. and Mrs. W. T. Driver of Haskell visited last week in the home of their son, C. L. Driver, Leo Cleveland of Hot Springs, New Mexico, spent the week-end in the L. A. Stephens home.

Mr. and Mrs. Claude Reagan of New Home visited Mr. and Mrs. M. M. Davis Sunday.

Mr. and Mrs. L. R. Stephens are visiting and fishing in Comanche County this week.

Mr. and Mrs. Paul McDonald and children spent last weekend in Denver City.

Roy Stephens left Sunday for Independence, Kansas where he will attend the Independence Junior College located there.

### Hendersons Return With Fish Story

Mr. and Mrs. Harley Henderson and children returned Saturday evening from McAllen, in the Lower Rio Grande Valley, where he has been buying cotton through the summer season.

A few days previously he had shipped to friends and relatives 25 pounds of mackerel, a part of two hours' catch made by himself, F. A. Robnett, formerly of Tahoka, but now of Corpus Christi, and another man of that city.

Harley says that in two hours the party landed 185 pounds of mackerel, fishing in the Gulf off Port Aransas.

Mr. and Mrs. F. O. Greathouse, son and daughter, Melvin and Grace, left Wednesday to visit their daughter and sister and her husband, Mr. and Mrs. J. S. Sanders, at Toledo, Ohio. They expect to remain about a month and Grace will remain longer. She expects to enjoy that ice skating this winter.

Dr. K. R. Durham attended the State Dental convention in San Angelo Monday. He was accompanied to San Angelo by J. L. Reese, who visited a sister there whom he had not seen in 15 years.

Tom Garrard, Jack Applewhite, and Mr. Watson of Applewhite Implement Co., went down to Austin on business the first of the week.

Mrs. Otto Pinkert, who has been in a hospital in Slaton, returned home Thursday.

Hitler, it seems, has already begun submarine warfare on commercial vessels. A British ship was sunk 250 miles from the coast of Ireland Sunday, with 1,400 persons on board, 314 of them being Americans who were returning home from Europe. Luckily, all not killed by the explosion were rescued. Hitler promptly denied that the ship was sunk by a German submarine, but the evidence that it was so sunk seems to be overwhelming. It was the indiscriminate sinking of merchant and passenger vessels by German submarines without warning and consequent loss of many American lives that drew America into the World War in 1917. We truly hope that Hitler does not embark upon a like course, with similar results, in this year of 1939.

Our Government has rightfully assumed a neutral stand in the new European war and should continue to maintain a neutral stand in so far as military operations are concerned as long as our rights are half-way respected, but as a democratic nation we have no sympathy for despotism and should throw every financial and commercial obstacle possible in the way of the dictators. We believe also that the so-called neutrality law, which interferes with our commerce with friendly nations, should be repealed.

The reason that communistic Russia recently entered into a friendly pact with Nazi Germany is that both countries are controlled by dictators whose chief concern is to keep their strangle-hold grip on the throats of their subjects.

McDonald Observatory, built by the University of Texas and operated jointly with the University of Chicago, has been described by testing for purposes approximating first astronomical laboratory in the world.

**Prompt Help For  
A Listless Child**

Scolding won't help a boy or girl who is listless, dull or cross from constipation. But, here's something that will!

If sluggish bowels have your child headachy, bilious, upset, give him a little Syrup of Black-Draught tonight. Like the original famed BLACK-DRAUGHT, its principal ingredient is an intestinal tonic-laxative. Helps impart tone to the bowel muscles.

Children like the taste of Syrup of Black-Draught. It is an all vegetable product. When simple directions are followed, its action is gentle, but prompt and complete. Comes in two sizes: 50c and 25c.

By Eye ) ENDS  
the Elder**

We are indulging in no mere outburst of emotion when we say that the man or group of men who deliberately plan and start a war between great nations belongs in the category of Arch-Enemies of all time.

War is far more destructive today than at any other time in the history of the world. The amount of property that may be destroyed, the number of lives that may be taken, the multitude of men, women and children who in addition to the dead may be maimed or mutilated for life, the suffering that may be wrought—all in the short span of one day of war—are too appalling to contemplate.

The war that has just broken out in Europe, unless stopped soon, will doubtless prove to be the most horrible the world has yet seen. We are hoping that in some way it may be brought to a speedy close without the hellish designs of those responsible for it having been accomplished.

We do not believe that the masses of people in Europe really want war.

We are sure that the English have been hoping and praying that war might be averted.

The French have been dreading the day when it might become necessary for them to fight again.

The Poles have sought no war. Certainly they would not court war with a superior power.

We can not believe that the masses in Germany really wanted this war. Many of them have been deceived by the propaganda that has been spread among them by Hitler and the German war lords. Most of them may have been kept in ignorance of real facts and real developments as they have occurred. By the censorship and by false propaganda, by the spreading of lies and other diabolical methods, their passions may have been aroused so that they are willing to enter into this war—or they may be entering it, many of them, through compulsion and fear; but we do not believe that the masses in Germany really wanted war.

Whatever comes or goes, Americans are praying that we may not be drawn into it. And yet, such conditions may arise as to make it cowardly and actually immoral for us not to fight.

We heard a gentleman say the other day in a radio speech that all wars have been bread wars. That may not be his exact language but it is the meaning. He meant that all wars had been brought on by the desire or necessity for better living conditions.

That is one of the leading causes of war, but there are other causes.

Alexander the Great, for instance, was actuated solely by ambition and the greed for power and fame. He had an inordinate desire to conquer the world, and he did it. Though he possessed marvelous intellectual endowments and was one of the world's greatest military geniuses, at heart he was nothing more than a brutal murderer, a devil incarnate. The suffering of dying women and children excited no pity in his breast. He never sickened at the sight of blood. It seemed to make him only the more blood-thirsty. And while the consequences of his conquests were good in some important respects, it was not the prospect of these that impelled him to lead his armies into war. It was inordinate desire for fame and power.

We are wondering if lust for power and still more power doesn't have something to do with the present outbreak in Europe.

The wars between ancient Rome and Carthage were prompted by the spirit of conquest and the desire for mastery of the world on

**Southern Women  
Reply to Query**

Wherever they go, the "Touring Reporters" find eager answers to their question, "Were you helped by CARDUI?" Of 1297 users queried among those of 12 states, 1206 stated CARDUI benefited them. That is 93 out of every 100! Users everywhere are glad to tell how CARDUI has made them want and enjoy food; how, with its help, they gained strength, energy, were thus relieved of the symptoms of "functional dysmenorrhea" due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI is larger doses helps "at the time" to soothe pain.

the part of both nations. It was also a conflict of races. Rome was successful in these and in succeeding wars, which made her the mistress of the world. It was not a mere struggle for bread nor for the means of a livelihood that actuated Rome, though trade and commerce did have something to do with her conquests.

A mere spirit of plunder prompted the Goths, the Vandals, and the Huns that later swept down from the north and conquered the crumbling Roman empire. These people seem to have some descendants among the highly civilized nations of Europe today.

It was religious fanaticism that impelled the Mohammedan Turks to make war on all Christendom, which resulted in their capture of Jerusalem in 637 A. D., and it was religious zeal, and anger and resentment against the barbarous Turks that inspired the Christians of Europe almost five centuries later to start a series of Crusades in which they attempted to wrest the Holy City and the land of Palestine from the possession of the Infidel. Racial hatred, commercial considerations, and the love of adventure also played some part in these strange and ill-fated undertakings, but religious zeal was the prime motive.

Hatred of the Jews and of Christianity also on the grounds that it smacks too much of Jewry has been characteristic of the Nazi regime in Germany instituted by that daring despot, Adolf Hitler.

Lust for power and for fame as a military genius was the chief motive that impelled that greatest of all modern warriors, Napoleon Bonaparte. Like Alexander, he may have had some commendable traits of character, but the wars that he waged were inspired by no better motives than those that actuate the red-handed murderer, and he merely engaged in the commission of murder on a grand, organized scale. He got glory from men and devils but we doubt if he had much of a reputation among the angels of Heaven.

**New Methods Of Hog Feeding Are Outcome Of Recent Experiment**

An interesting report on experiments of preparation of farm grains for fattening hogs has just been released by the Texas Agricultural Experiment Station, according to Donald Turner, County Agent.

In feeding of hogs, methods of preparing and feeding farm grains affect the net results about as much as does the kind of ration fed. The Texas Station has made an extensive study of such questions as, does it pay to soak grain sorghum heads or threshed milo grain before feeding, does it pay to grind these feeds for fattening hogs, and what other feeds should be fed with farm grains to make a balanced ration. The experiment Station's findings on these problems are as follows:

"It does not pay to soak milo heads before feeding to fattening hogs. The pigs used in this test actually made greater gains when fed dry milo heads in self feeders, free choice, than did similar pigs fed soaked milo heads by hand three times daily. The labor involved in soaking and feeding the milo heads was about five times greater than that for the dry milo heads. The milo heads should be fed on a platform of some kind, however. In the experiments pigs gained 16 pounds more per head in 90 days and required 58 pounds less grain and 8 pounds less protein where the grain was fed on a platform instead of in the dirt. According to the experiments it is not necessary to soak threshed whole milo for fattening hogs. The pigs gained as fast and as economically on the dry as on the soaked milo grain and besides it required more labor to feed the soaked grain.

Another interesting point is that pigs will make as fast and as economical gains when fed whole milo or whole kafir grain in self feeders, free choice, as they will when fed ground milo or kafir. Pigs that were fed at the Texas Station for 90 days on whole and ground kafir gained 1.93 pounds per day on

whole kafir and 1.94 pounds per day on ground kafir. Only 3.17 pounds of kafir was saved by grinding 100 pounds of kafir. The saving was too small in these tests to pay for the grinding. Observations made during these experiments show that pigs make many trips to the self-feeders per day. The pigs in these tests made 23 trips to the self feeders in 24 hours. Out of every 100 pounds of whole kafir fed to the pigs on self feeders, only 2 pounds of whole kafir was undigested, while out of every 100 pounds of whole kafir fed by hand twice daily, 10 pounds of whole kafir was undigested. This observation, together with the observation that the self-fed pigs made 23 trips to the self-feeder in 24 hours, shows why the pigs can profitably utilize the whole kafir when fed free-choice in self-feeders. It simply means that when fattening pigs are fed whole kafir by hand twice daily, the pigs eat faster, eat more greedily, and consequently swallow larger quantities of grain before masticating or grinding it with their teeth than they do when fed by the free-choice self-feeder method.

Grains are deficient in protein and minerals. For best results therefore, a protein supplement and a mineral mixture should be fed with these farm grains. A mixture of one-half tankage and one-half cottonseed meal by weight, provides a good protein supplement where green pasture is available. If green pasture is not available, use mixtures of 40 parts of tankage, 40 parts of cottonseed meal, and 20 parts of green alfalfa meal. A simple mineral mixture composed of equal parts by weight, of bone meal, ground limestone or oyster shell flour, and salt will usually furnish the necessary mineral.

**Lubbock Plans Rodeo At Fair**

Lubbock, Texas, September 7.—Johnnie Mullens, former arena director at Madison Square Garden, and director of the first annual rodeo at the South Plains Fair was, after a great deal of difficulty, secured as arena director for the second annual event here September 25 to 30.

With Mullens returning as arena director Fair Officials are planning a much better rodeo for this year. More than 150 head of livestock will be used for the six shows. Mullens is bringing 24 of his "Montana Man-Killers," the roughest and toughest broncs to be obtained.

With bronc riding, bull-dogging, calf roping, and wild steer riding, rodeo visitors will be given a thrill a minute during the six shows. There will be four afternoon performances, starting Monday, September 25, and continuing through Thursday. The last two performances will be held at night, Friday and Saturday.

Already top-notch cowhands have signified their intentions of contesting for purposes approximating \$2,000 with entry fees to be added.

Mr. and Mrs. A. J. Minor have purchased the house in which Mr. and Mrs. J. A. South have recently been residing, and are papering, painting and otherwise improving the interior, with the intention of moving in next week. Mr. and Mrs. South and Mary Squires have moved to the Bray home.

H. M. Snowden and Rudolph were business visitors in Abilene Tuesday.

**Bed Breath May Show You Need This Help!**

Bad breath is sometimes due to bad teeth and often due to sluggish bowels. It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again! BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

**CITATION BY PUBLICATION**

The State of Texas.  
To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon Mary E. Beaty by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the Fourth Monday in September, A. D. 1939, the same being the 25th day of September A. D. 1939, then and there to answer a petition filed in said Court on the 18th day of August A. D. 1939, in a suit numbered on the docket of said Court as No. 1283, wherein C. A. Beaty is Plaintiff, and Mary E. Beaty is Defendant, and said petition alleging that plaintiff and defendant were married in Dexter, New Mexico, about the 27th day of December, 1930; that plaintiff has resided in Lynn county, and State of Texas, for more than a year before the filing of this petition; that defendant without any provocation or cause whatever voluntarily left and abandoned the bed and board of plaintiff, with the intention of finally separating and living apart from him, and that she has continued to up to the filing of this petition, though often requested by plaintiff to return to his bed and board and live with him as his wife; that such abandonment on her part was about the 15th day of October, 1933, and that such abandonment has endured over three years. That one child was born to plaintiff and defendant as issue of their marriage, namely Armon Wayne Beaty, a boy seven years of age, and that plaintiff has had his custody since the year 1934 and is now a proper person to be awarded the custody, care and control of said child and that plaintiff is able and willing to bring up and educate said child and that defendant is not a proper

person to have the custody of said child.

Plaintiff prays that defendant be cited by publication to answer this petition, that her residence is unknown to him, that upon final hearing, she have judgment of divorce; and that he be awarded the sole custody, care, charge and control of their said child, Armon Wayne Beaty.

Herein fall now, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Tahoka, Texas, this the 16th day of August, A. D. 1939. (SEAL)  
Hattie Server, Clerk of District Court, Lynn County. 2-4tc.

## H. D. Women At State Meeting

Three voting delegates and a number of other Lynn county home demonstration club women attended the state convention of home demonstration club members in session in Lubbock from Wednesday till Friday of this week. The three voting delegates were Mrs. Harold Edwards of Tahoka, Mrs. Doyle Terry of New Lynn, and Mrs. C. C. Coffee of T-Bar.

About 600 voting delegates representing the 40,000 club members in the state were present.

Registration began at Tuesday noon and continued throughout Wednesday morning. The convention opened soon after noon Wednesday. Mrs. J. L. Morris of Lamesa is president of the body and presided over the meetings. Miss Mildred Horton, vice-state director was among the notables present. Congressman Marvin Jones of Amarillo was one of the speakers.

A tea was served in the lounge room of the Women's Dormitory on the Tech College Campus Wednesday evening.

On Thursday night, Congressman George Mahon was the principal speaker at a banquet served the women.

Following the conclusion of the convention program, many of the women were taken in chartered buses to Carlsbad, New Mexico, for a visit to the great cavern.

Miss Maurine McNat explains that in accordance with the policy adopted a few years ago, alternate sessions of the club convention are held at A. & M. College and at other points in the state. This was the second convention ever held except at the A. & M. The first one was held in San Antonio two years ago. The next convention according to this policy, will be held at the A. & M.

### MRS. SWAN IMPROVED

Mrs. W. S. Swan is reported some better after treatment at a Lubbock hospital last week-end.

Mr. and Mrs. Frank Woods of Rogers are here this week visiting Frank's brother, Harry Woods, and his family out in the Edith community. They brought their son, Kenneth, who will re-enter the Tech, having been a student in that institution last year. They called Wednesday to see the editor, since he and Frank were school-mates down at Salado a few years ago.

Mr. and Mrs. J. W. Wyatt, their daughter Emma Jean, and Miss Evelyn Galbreath of Port Arthur, visited Mr. and Mrs. J. H. Wyatt and Mr. and Mrs. N. M. Wyatt here last week, returning home Tuesday. J. W. is the son of Mr. and Mrs. J. H. Wyatt, and a brother of N. M.'s.

Mr. and Mrs. A. C. Weaver and children went down to Dallas last Friday, where they visited Mrs. Weaver's parents, returning home Tuesday. They were accompanied by Mrs. J. M. Scott who visited her two daughters, Miss Frances and Mrs. J. C. Redus.

Mr. and Mrs. J. S. Skaggs of Oklahoma City visited Mr. and Mrs. J. K. Applewhite and family of Tahoka, and Mr. and Mrs. S. R. Kemp and family of Garlynn Saturday and Sunday. Mr. Skaggs is Mrs. Applewhite's brother and Mrs. Kemp's son.

Mr. and Mrs. C. A. Thomas left Wednesday for Galveston, where they expect to remain until the end of the "hay fever" season. Their son, Skiles, is a student there in the University of Texas School of Medicine.

Mrs. Ralph Bailey of Midland is here at the home of her parents, Mr. and Mrs. S. W. Sanford, recuperating from an appendectomy. She is the former Miss Virginia Sanford.

Ray Smith, private in the field artillery of the United States army, stationed at Ft. Bliss, is here on a ten day leave, visiting his parents, Mr. and Mrs. L. F. Smith of Joe Bailey. He arrived Monday.

Hiram Snowden, who joined the U. S. army a few months ago, since which time he has been stationed at Fort Bliss, El Paso, has been transferred to a Fort in California where he is taking the U. S. army aviation course.

Mr. and Mrs. J. H. Felts and children returned the latter part of last week from a vacation trip to Carlsbad Cavern, Ruidoso, and Cloudcroft, New Mexico.

## Conway Digs Up Old War Paper

Claude Conway, who was a member of the American Expeditionary Forces in 1918-1919, was exhibiting Monday a copy of "The Hour Glass," an army newspaper published on May 29, 1919, at Le Mans France, just a short time before the embarkation of this division for home. Claude was a member of the 64th Infantry of the Seventh Division.

A front page story in this issue carried the information that announcement of the date of embarkation was being expected daily, and that when the time came there would be no delay at Brest, the seaport where they were to embark. When all things were ready the Division would board the trains at Le Mans, run down to Brest, and go directly from the trains to the ship.

Another front page story appears under the head lines, Time Allotted Germany to Sign Treaty Expires Today. The story expressed no doubt of the writer that Germany would sign. "In Conference circles here", the story stated, "Allied statesmen discussed the possibility of Germany refusing to sign. Practically all consider the German Government's protests of the last few days as a plan to gain time and characterized her declarations as mere bluff."

Naturally, there was a "cootie" story also.

On the front page also is a letter from John J. Pershing addressed to Major-General Edmund Witenmyer, commanding the 7th division, in which he praised the record of that officer and the other officers and the soldiers of the seventh division made during their brief period of service at the front.

Claude naturally prizes this issue of the HOUR GLASS very highly.

Through August, 1938, The University of Texas issued 26,836 degrees. Bachelors in arts and science were most numerous with 10,933, masters of science, law and business administration and bachelors of engineering followed with 3,801 and 3,258.

A University of Texas student has developed a "smoke meter" which gauges the efficiency of various Diesel engine fuels by "measuring" the density of their exhaust smokes.

Mrs. R. E. Appling of Grassland returned recently from Los Angeles, California, where she spent a few weeks with her daughter, Mrs. Loy Lawson. Mrs. Appling made the round trip by bus.

J. L. Holt, who has been in ill health for some time, left recently for the Veterans Hospital in Albuquerque, where he expected to stay several weeks.

Burford Swan and family came in from their home at Conchas Dam, New Mexico, Saturday to visit his parents, Mr. and Mrs. W. S. Swan, and other relatives here.

Mrs. Conway Clingan returned from Pecos, where she had been visiting, last Wednesday, bringing with her her nephew, John William Ivey, who is visiting her here.

W. R. Fickas, a Lubbock druggist well known in this county, died Saturday and was buried Sunday afternoon. He was the father of Mrs. J. J. Taylor of O'Donnell.

Mr. and Mrs. Jimmie Durham and little daughter Margaret Ann of Clovis were guests from Sunday till Tuesday of Dr. and Mrs. K. R. Durham and children.

Ed Cook of Wells returned home Tuesday afternoon from Eureka Springs, Arkansas, where he had been for several weeks.

Miss Winnie Fairley of Lubbock visited Mrs. Pledger Coleman Sunday.

Mr. and Mrs. John Hudman visited relatives in Post over the weekend.

Mr. and Mrs. A. D. Seth of Littlefield were visiting relatives here the first of the week.

Miss Ann Wright of Lubbock visited Miss Anita Reddell this week.

Jack Applewhite has been ill the past few days.

Try a News classified ad.

## Robertson's Father Dies At Naples

Mr. and Mrs. W. O. Robertson and two daughters, Misses Beryl and Edith, left here early Saturday morning for a visit with his father and other relatives at Naples. They were accompanied by Mrs. W. M. Harris for a visit at Sulphur Springs and other places.

On Monday Mr. Harris received a telephone message to the effect that Mr. Robertson's father had died early that morning and would be buried at 10 a. m. Tuesday. Mrs. Harris and the two girls arrived home Wednesday night.

When the Robertsons left here they did not know that the elder Robertson was seriously ill. Knowing that he was not in good health, Mr. Robertson felt that he should pay his father a visit, hence the trip.

Deceased was an Elder of the Primitive Baptist Church. He visited the Robertson family here just a few months ago.

### 20-PAGE EDITION HELPS MAKE TAHOKA ROUNDUP A SUCCESS, MERCHANTS SAY

A twenty-page edition, published by the Lynn County News, publicizing the recent Roundup in that city, was a prime factor in making the celebration an outstanding success, according to the business men of that city.

Over 1800 inches of advertising was handled by the News force, and practically every business firm in Tahoka contracted for space in the edition.—O'Donnell Press.

Those attractive ads. run by Tahoka business people in that edition certainly did contribute much to the success of the Roundup, for which they have our thanks—you too, Mr. Porgy.

Frank Woods, son of Mr. and Mrs. Harry Woods of the Edith community, left on Thursday of last week for Riverside, California, where he expects to attend school this year.

O. Alsop received emergency treatment in Dr. Chase Thompson's office early this week for amputation of a portion of his right little finger, received while combining peas.

Mrs. R. B. Suttle of McAllen is here visiting her cousin, Mrs. J. H. Nelms, and Miss Rosemary. They had not seen each other in twenty-four years.

Mr. and Mrs. James Douglas Finley are the parents of a baby boy, born at 2:35 Sunday afternoon in a Lubbock hospital, weighing 8 lbs., 15 ounces.

Pay up your subscription now!

## SOCIETY

### SINGLETONS OF O'DONNELL RETURN FROM TRIP

Mr. and Mrs. Hal Singleton and Mr. and Mrs. Charles N. Hoffman and daughter Helen Jean, have returned from a five weeks trip through the western states.

Their destination was California, but en route they visited Grand Canyon, Boulder Dam, Colorado Springs, Colo. Salt Lake City and Denver, and other points of interest. In California they visited Long Beach, San Diego, Los Angeles, Sequoia National Park, Lake Tahoe, the world's fair at San Francisco, and visited Sam Singleton, a brother of Hal at Fresno, California.

### NOBLE-BRILEY

Terry Noble and Mrs. Beatrice Briley were married August 24 in Carlsbad, N. M. After a honeymoon trip spent in El Paso, Juarez, New Mexico, and Arizona, they returned to Mr. Noble's farm west of town where they will make their home.

### BAPTIST ASSOCIATION MEETS NEXT WEEK

Announcement is made that the Brownfield Baptist Association will meet in Meadow on Wednesday and Thursday of next week, September 13-14.

All of Lynn county is included in this association and many Lynn County Baptists are expected to be in attendance.

### PREACHES IN LUBBOCK

Rev. George A. Dale preached the ordination sermon at a service in the First Baptist Church in Lubbock Wednesday night when twenty-two new deacons were ordained.

His son-in-law, G. R. Kennedy, well known in Tahoka, was one of the number.

### O'DONNELL COUPLE WED

Burtus Stout and Miss Lucille McMakin, both of O'Donnell, were married there last Thursday. Rev. A. H. Cummings performing the ceremony, according to records in the county clerk's office.

### GONE!—THE HIGH COST OF MANY STOMACH TROUBLES

Don't pay \$3.00 to \$5.00 for relief from stomach pains, indigestion, due to excess acidity. Try Adia Tablets—3 weeks' supply only \$1.25. Relief or your money back. Tahoka Drug.

### FOR BABY'S COMFORT

McGee's Baby Elixir is intended for minor upsets of the stomach and bowels that result from over-eating, improper foods, or temporary over-acidity of the stomach. A bottle of McGee's Baby Elixir costs only 35c.

TAHOKA DRUG CO.

Mrs. Bob Swafford of Slaton visited her daughter, Mrs. Lawrence Evans, Monday. Mrs. Evans and baby returned home with her mother for a day's visit.

Mr. and Mrs. A. N. Whitaker are the parents of a baby girl born Thursday, August 31.

Mr. and Mrs. Jimmie Jackson of Albuquerque, N. M., and young daughter, and Mr. Jack Jackson of Lovington were brief visitors in Tahoka Saturday.

Mr. and Mrs. Sam Holland had a number of out-of-town visitors last week end.

## Hints Given On Fall Gardening

By J. F. Rosborough, Extension Horticulturist

As a factor for health and a factor in reducing the grocery bill, the fall garden presents a strong appeal. The successful production of fall vegetables usually depends upon how well the soil has been prepared and if the moisture supply is adequate. If the soil moisture is adequate, the fall garden should be a continuation of the summer garden. However, in the late summer the moisture is usually limited, and the garden spot must be prepared so as to hold all the moisture possible.

### Remove the Weeds

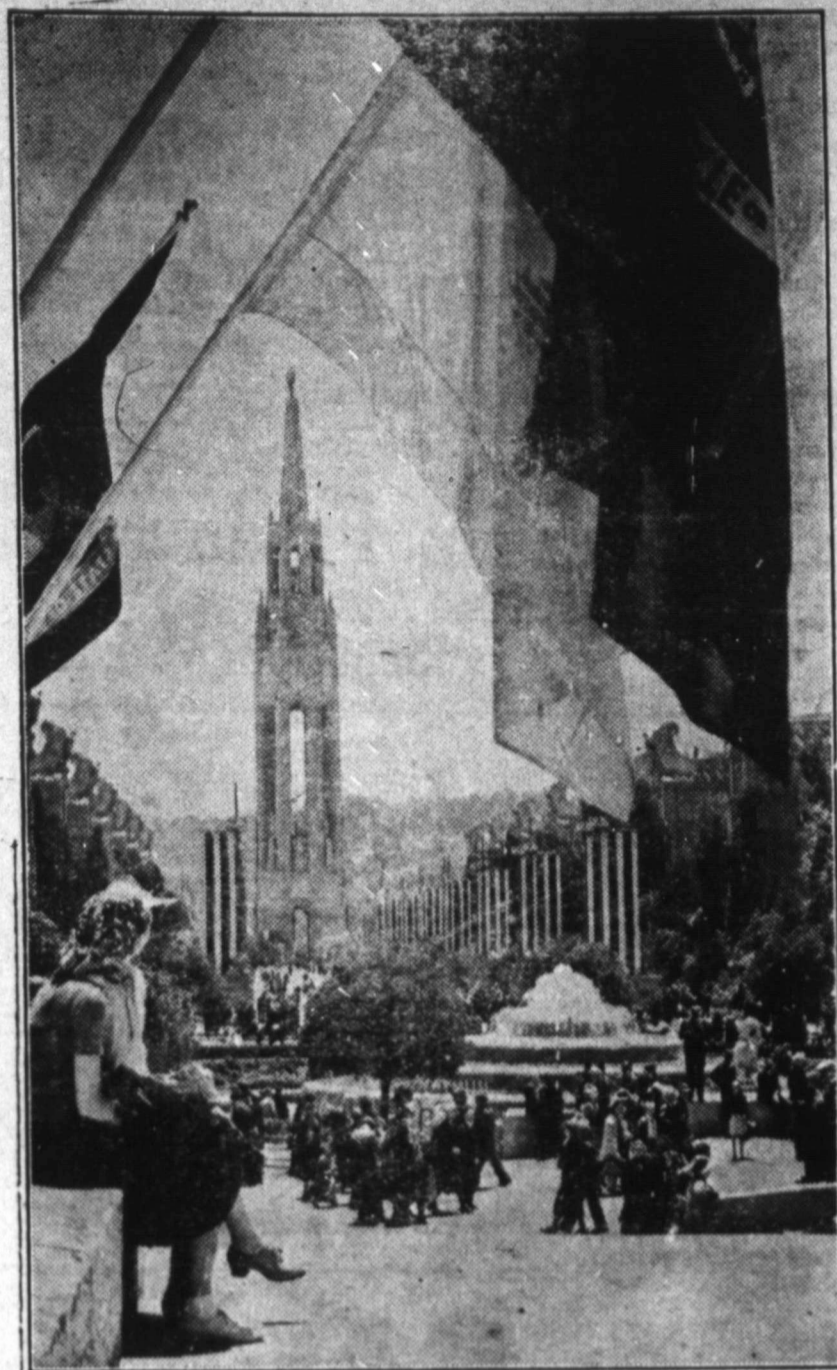

If they are merely turned under, moulding and heating takes place which dries out the top soil and prevents thorough cultivation.

### Plow Shallow

The soil should be plowed shallow to a depth of four to five inches.

### Apply Fertilizer

In most barn lots during August or September you will find a thick layer of trampled manure that has dried out. This material is largely a mass of vegetative fiber, thus has lost the acid that burns plants. After plowing the garden, spread a coating 1 to 3 inches thick of this "summer manure" from the barn lot. Then rebreak or disk and harrow until it is well mixed into the soil. This spongy material will greatly increase the water holding capacity of the soil and prevent packing. For a one-half acre garden, especially where the soil is inclined to be cloddy, 10 to 12 loads of barnyard manure is not too much. If manure is not available, those who live in wooded areas may secure leaf mold and add it

This striking scene greets the eye of the California World's Fair visitor from the entrance to the Cavalcade of the Golden West on Treasure Island. The majestic Tower of the Sun rises at the south end of the Court of Seven Seas, bedecked with gaily-colored sails.

at the same rate and secure good results. In sandy soils a 6-12-6 commercial fertilizer may be applied at the rate of 3 to 4 pounds for each 100 feet or row. Fall Gardens need commercial fertilizer to stimulate quick growth, because of the relative slowness with which the plant food elements are made soluble in this season of comparative inactivity of the soil bacteria.

### Lay Off Wide Rows

Don't make the mistake of making the rows too close together. Have them wide enough apart so that the gentle mule or horse can be used for plowing the garden later whenever necessary.

### Open The Ditches

Be sure that all the ditches are open so that this winter the water will not stand and water-log the soil, preventing the growth and development of your vegetables.

### Protect From Heat

Protection from the burning rays of the sun will stimulate growth in the plants. For starting the slow maturing vegetables such as tomatoes, peppers and cabbage, artificial shade may be provided by driving a few stakes into the ground, connecting these with hay wire, and spreading oat or bran sacks over the top. If sacks are not available, cut small branches off of trees with the leaves on and place over the framework. The cover should be 3 to 4 feet from the ground.

### Have Plenty of Seed

It is advisable to secure one-fourth more seed for the fall garden than for the spring garden, since germination of the seed at the fall season is poor, consequently an extra quantity of seed will be necessary to secure a good stand.

### Stimulate Germination

Seed with a hard seed coat, such as spinach, should be soaked in

warm water over night before planting. To encourage sprouting, seed potatoes may be treated with 1 pint of ethylene chlohydrin to 4 gallons of water. This solution is enough to treat 5 bushels of potatoes. Cut the seed in the usual way, about 8 hours before planting. Even small potatoes should be cut on one side. Dip the seed in the solution and place into a barrel or tight box and cover for eight hours. Plant immediately.

Suggested vegetables for the Fall garden: Irish potatoes, turnips, carrots, (Danvers half long), Beets (Detroit Dark Red), Swiss Chard, Pinto Beans, Onion sets, Endive, Mustard, (Giant Southern Curled), Cabbage, all Head or Copenhagen Market.

Born on August 18th to Mr. and Mrs. John F. Cearley, of Post, a daughter. The little lady has been given the name of her great grand mother Bradley—Marthana. Though she was little more than a week old when mother Alphin returned from a visit with her, she had become a very popular addition to Post's population, as friends were visiting her at the rate of fifteen or twenty each day. Mrs. Alphin says she is a very cute little girl.

During the last four years, the Bureau of Industrial Chemistry at The University of Texas has developed a process for the manufacture of a new structural building material from gypsum and sugar cane bagasse.

Mrs. Willie Williams of Draw community is being treated for an infection of the hand, resulting from injury received when she was fished by a catfish at Slover Lake last Thursday. She was given surgical attention at Thoka Clinic.

## Lubbock Boosters Coming Tuesday

Lubbock, Sept. 7.—More than fifty good-will boosters will arrive in Tahoka at 10:15 a. m. Tuesday, September 12, on the good-will tour publicizing the 26th annual Panhandle-South Plains Fair, which will be held in Lubbock September 25-30.

With this group will be string band and other entertainment.

Traveling in special chartered buses, the trippers will leave Lubbock early Tuesday morning dressed in cowboy regalia. In each town along the route these trippers will present a program and distribute free souvenirs to school children and grown-ups. Every school child on the South Plains will be given a ticket to the Fair on Children's Day.

This year Fair officials have decided to have two Children's Days instead of one. School Day for Tahoka has been set for Wednesday.

Mr. Hanes, school superintendent, will be given the tickets for all Tahoka school children.

Chamber of commerce, newspaper, and school officials in Tahoka have been asked to assist in arranging for the reception of the Lubbock good will delegation. School officials have been asked to assemble the children for the short program.

Mrs. G. M. Stewart returned Monday from visiting relatives at Roscoe and Wichita Falls. She was accompanied home by her brother, Roy Dobbins, who returned to Roscoe Tuesday.

## NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Lynn County, Texas, will, on the 9th day of October, 1939, at 10 o'clock a. m. in its usual meeting place in the court house at Tahoka, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery: One crawler Type Gasoline powered Tractor 60 or more horse power with starter, Battery and Generator, and weight not less than 19000 pounds, and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law; and if any bid be accepted it is the intention of the Court to issue time warrants on said county in payment of all or part of such proposed contract, in the maximum amount of \$4,250.00, to bear six per cent interest per annum, the last maturity date of such warrants to be not later than the year of 1941.

P. W. Goad, County Judge; by order of The Commissioners Court. 4-2tc.

Mr. and Mrs. R. E. Appling of Grassland are the proud grandparents of a little granddaughter weighing 6 3-4 pounds born in Los Angeles, California, on August 5. Little Loy Kathleen is the daughter of Mr. and Mrs. Loy Lawson, who formerly lived in this county. Mrs. Appling, who returned from Los Angeles recently, says that she enjoyed her five-week visit there very much.

Miss Lucille Patterson returned home from Slaton a week ago following an operation in a hospital there for appendicitis.

Noel Alphin, who is clerk in the C. C. Camp at Lubbock, spent the week-end with his parents here. They attended the District singing convention at O'Donnell on Sunday afternoon.

Walter Ray Billings, son of Mr. and Mrs. Earl Billings of T-Bar, underwent tonsillectomy at Tahoka Clinic Saturday.

**FARMERS MUST SECURE MARKETING CARDS**  
(Cont'd. from first page)  
farm produced the cotton. Other farmers who were operating more than one farm often ginned all their cotton under the same farm serial number and the result was that we were placed to much trouble trying to allot this cotton to the proper farm. We must insist that the farmer assist his ginner in every way possible to keep their cotton credited to the proper farm

ONLY Dr. Salsbury's Rota-Caps contain Rotamine. That's why they're better for worming poultry. Maasen Produce.

### LOST AND FOUND

PLEASE RETURN my block and tackle at once.—J. D. Donaldson. 4-1tp.

and he can do this by taking this marketing card with him to the gin.

There will be no hurry for the farmer to get the marketing card just so that he gets it before he gins any cotton. These cards should be carefully placed away in a safe place so they will not be lost.

To those farmers who have been checked and found to have too much cotton it is very important that they destroy this cotton at

once. If it is not destroyed in the next few days we will have to report them as having overplanted and issue them a red marketing card. In this case they would forfeit any payment due them under the 1939 Soil Conservation Program and would have to pay a tax of three cents per pound on all cotton raised in excess of the cotton allotment to the farm. We hope that this county will be 100 per cent in compliance and that we

will not have to issue a single red card.

C. A. Lawrence, Secretary  
Lynn County A.C.A.

ATTEND METHODIST W. M. S. IN LUBBOCK  
Mrs. Emil Prohl, Mrs. Fred Bucy, and Mrs. Annie Turrentine, wife of the pastor, attended a district meeting of the Women's Missionary Society held in the Asbury Methodist Church in Lubbock Wednesday.
