GRAIN
ON THE
GROUND

This scene is typical all over the Plains area at this time of year. Shortage of shipping cars and storage space forces grain dealers to pile maize and other grain on the ground in huge piles like these. This scene is near the Cone elevator in Muleshoe. (Staff Photo)

Firemen Answer Two Calls

Two Inch Snow Falls Monday Drops Temperature To 17 Low

One of the earliest snowfalls in recent years hit the Muleshoe area Monday afternoon, bringing two inches of snow and an estimated .12 of an inch of moisture to a harvest area. The snow came in on high winds from the northeast, and extended as far south as San Angelo. The temperature Monday night dropped to a low of 17 degrees, setting a record for low temperatures for the 7th of November for several years also.

Key roads created a traffic hazard, coupled with lowered visibility all over the South Plains area. Gln smoke in the Muleshoe area lowered visibility to less than a mile about 3 p. m. Monday. The snow began falling about 2 p. m. and continued until shortly before midnight. Two traffic accidents were reported as a result of the slick roads.

TWO FIRES

During the height of the snow.

Walter B. Little Harvests Hybrid Grain Sorghum

Walter B. Little, who farms nine miles west on the West Camp farm to market road, harvested his one acre plot of hybrid grain sorghum this week. J. K. Adams announced.

Mr. Little said half the seed will be sent to the experiment station, but that he is willing to share the other half with his neighbors. Enough seed for experimental plantings may be obtained from him.

The new hybrid grain sorghums have been planted in several South Plains counties on an experimental basis this year. While seed is not available on a large scale yet, early tests show the grain to have an exceptionally high yield factor.

County 4-H Girls To Hold Achievement Day Program At Needmore November 12

Bailey County Girls 4-H Clubs will observe National 4-H Achievement Day on Saturday, November 12 with a meeting in the Community Center at Needmore, at 2:00 p. m. All 4-H members and their parents are invited to attend. The group living in and around Muleshoe will meet at the courthouse at 1:30 p. m. to go to Needmore.

Each 4-H Club will bring an exhibit showing what the members have done on different phases of 4-H work this year. The Bula 4-H Club will bring an exhibit on gardening and food preservation. Bedroom Improvement will be shown by the Needmore 4-H Club. Progress 4-H Club exhibit will concern crafts and 4-H Girls County Camp. Dairy Foods will be exhibited by the Three-Way 4-H Club while the Star light and Lucky Clover 4-H Clubs will show work done in clothing. The Muleshoe Sr. 4-H Club will have an exhibit on record keeping.

High light of the program will be the presentation of county awards in the various fields. Three medals will be given in dairy foods, four in dress revue, one in gardening. The County Gold Star Girl Award will join in observance of this day on November 12. They will tell the story

of their year's work and display their achievements. Special exhibits, community programs, banquets, tours and other activities are planned throughout the State.

As the world's largest voluntary youth organization, 4-H Club work offers an ever-expanding program. Sponsored by the Agricultural Extension Service the program is guided by local leaders, county extension agents, and State 4-H leaders.

Members get practical experience and training in farm, home and community life. Leadership development is emphasized. Demonstrations and activities include crop and livestock production, home improvement, clothing, foods and nutrition, health, recreation and management.

Texas 4-Hers participated in State and National activities such as 4-H Roundup, National 4-H Club Congress in Chicago, and National 4-H Camp in Washington. They are also represented in the I. F. Y. E. program, which is an international exchange of farm youths. Another achievement is this year's record was participation in the Texas Friendship to Korea.

County Agent J. K. Adams reported Tuesday morning that the snow and ice finished the job on late planted cotton which early frosts had started. Immature bolls were frozen, and most observers feel the snow hastened the beginning of mechanical harvesting and the end of the heavy Bracero labor season.

CROPS DAMAGED
County Agent J. K. Adams reported Tuesday morning that the snow and ice finished the job on late planted cotton which early frosts had started. Immature bolls were frozen, and most observers feel the snow hastened the beginning of mechanical harvesting and the end of the heavy Bracero labor season.

All ex-firemen of the Muleshoe Fire Department who have firemen's slickers are urged to return them to the city offices as the firemen are in dire need of slickers.

One fireman said Tuesday that there are not enough slickers to outfit all the volunteer firemen now, and asked for the return of all such coats now being used.

SENIOR LUNCHEON IS NEXT WEDNESDAY
The senior class of Muleshoe High School is sponsoring the annual senior luncheon next Wednesday, November 16, at Fellowship Hall.

Tickets are on sale now at \$1.00 for adults and 50c for children. Serving is to begin at 11:00 a. m.

Everyone is invited to attend. A delicious menu is being planned.

CROWS ATTENDED FUNERAL SERVICE
Mr. and Mrs. Arthur Crow attended funeral services today, Wednesday, at Clarendon, for her aunt.

Postal Receipts For October Show Gain Of \$1633 Over Same Month Of Last Year
Postal receipts in the Muleshoe postoffice has shown an increase of \$4,871.60 for the first 10 months of 1955 over the same period in 1954. Postmaster Arnold Alieorn announced this week.

Receipts for the first 10 months of 1954 totalled \$31,935.16, and for the same period in the current year totalled \$36,806.76.

The month of October also showed an increase over October of 1954. Receipts for October 1954 totalled \$3,066.07, and for October 1955, totalled \$4,699.14, a net gain in 1955 of \$1,633.07 over the same month of the previous year.

Monthly receipt totals for each of the 10 months of the two years show that September was the high month in 1954 for the 10 month period with a total of \$4,124.11. In 1955 the high month, June was the high month with receipts that month totalling \$4,810.28.

The maximum receipt month is still to come for the year. Postmaster Alieorn said, with December mailings always the heaviest.

Cannery Produces Over Million Cans Local Tomatoes

The Muleshoe Canning Co. has ended another successful season here, it was announced this week.

The canning company revealed that during the summer and early fall season, a total of 42,600 cases of number 303 cans of locally produced tomatoes were canned and shipped.

A few cases are still on hand at the plant, awaiting shipment, the manager said.

The number of cans sent out by the company totals 1,022,400.

Boy Scout Drive Nets \$1311 In One Day Campaign Here

The Muleshoe Boy Scout fund campaign which was held here Friday netted a total of \$1311.50, fund campaign chairman Lee Pool announced Wednesday.

He pointed out that some of the contributions are made thru sustaining members and some through the solicitation control of the Chamber of Commerce.

Members of the Rotary club, JayCeers, and Lions club, who worked on the solicitation were complimented by Mr. Pool, who said the campaign was successful because the workers devoted their best efforts to it.

A few workers have not reported their contributions as yet, Pool said.

Lions Club Honors Burl Black With Conserv. Award

Burl Black was presented with a plaque Wednesday for his outstanding contribution to soil conservation service in the Black Water Valley Soil Conservation District.

The presentation was made at the meeting of the Lions club, and club president Lee Pool made the award.

In describing Mr. Black's background and qualifications, Pool pointed out that he farmed 400 acres of irrigated land and 177 acres of dryland. He has been a member of the board of the district for 15 years, retiring in October of this year.

He practices soil building and soil conservation. He also has a livestock program in connection with his farming activities.

The main speaker on the program was Homer Taft, area conservationist of 12 counties on the South Plains. Mr. Taft, who was introduced by Wayne Bartee, local work unit conservationist, spoke briefly on soil conservation and told the Lions that soil conservation practices increased 113 per cent in the Blackwater Valley district in 1955 over 1954.

The program was dedicated to National Farm and Home Week.

Susan Levine Wins Talent Show Held Here Tuesday Nite
Susan Levine of Texico was first place winner of the second annual Muleshoe senior class talent show held Tuesday night in the high school auditorium.

Odus Echols was master of ceremonies and was assisted by Odus Echols, Jr.

First prize was a cash award and several guest appearances on radio and TV. Susan's entry was a vocal solo.

Second prize was awarded to a vocal trio from Dimmitt, composed of Gail Cooper, Ann Allen and Joy Walker, who sang "Rhythm and Blues".

Third prize went to Sandie Bell of Clovis who presented a ballroom twirling routine.

Talent was entered from Muleshoe, Friona, Morton, Texico, Dimmitt, Bala, and Clovis, N. M.

Mrs. Muri Brown is sponsor of the senior class, with Mrs. Wanda Newsom and Dale Albright.

Mrs. T. M. Slemmons, Mrs. I. F. Willmon, Mr. and Mrs. R. O. Gregory, Mrs. C. R. Farrell, Mr. and Mrs. W. Q. Casey, Frank Lee, Mr. and Mrs. Kirk, E. D. Prescott, Mr. and Mrs. Buck Craemer, D. Smith, Evans Oil Co., Jerry Kirk, Bill Sullivan, Ernest Nowell, H. M. Sliofner, Finley Pierson, Leona Lumber Co., Mrs. Holly K. Zucy, Pioneer Gas and H. L. Reeder.

Pancake Supper And Breakfast Net Club \$400
The Aunt Jemima pancake breakfast and supper held last Friday under the sponsorship of the Band Boosters, netted close to \$400, chairman Ray Franz said early this week.

Franz said a large number of persons attended the breakfast from 6:30 a. m. including workers on the Boy Scout fund drive, and that an even larger number were at the supper from 5:7 p. m. Friday.

Proceeds from the supper and breakfast will be used by the Boosters to purchase instruments for the band.

6105 BALES GINNED TO DATE IN Muleshoe Area

The Bailey county Red Cross chapter will conduct an advance gifts fund campaign in Muleshoe and the county rural areas November 28, it was announced Monday night at a meeting of chapter officers. Earl Ladd, automobile dealer here, was named chairman of the fund campaign, which has a goal of \$3200 in Muleshoe, and \$1,000 in the rural drive.

Two Accidents Monday Due To The Weather

Two minor highway accidents occurred Monday evening during the snowfall, according to the Sheriff's office.

Both involved cars leaving the highway due to icy conditions. No one was injured in either instance, although considerable damage was done to a car driven by a Latin-American who drove off the highway and overturned his car.

Only merchants will be contacted in town this month. Their employees, the schools and residences will be contacted in the March, 1956 drive.

Window cards and stickers will be given merchants next March who contributed in the current campaign.

With our population increasing daily, Mr. Ladd said, "We think we can raise \$4200 in Bailey county without too much trouble".

All campaign workers will carry identification cards to prevent mistaken identities and to make sure that all pledges go to the Red Cross.

Nine chapter board members; attended the Monday night meeting in the district court room.

Veterans Day To Be Observed Friday By Postal Employees

November 11 will be a holiday for postal workers and possible some county officials. The Journal is publishing one day earlier than usual to make sure rural subscribers get their paper on time. The Journal will publish a day earlier on Thanksgiving week also.

Schools and business houses will remain open as usual Friday, and the date, now called Veterans Day, will not be observed as one of the holidays on the Chamber of Commerce calendar.

Joe Vaughn announced that the traditional American Legion breakfast will be held at 6 a.m. Friday at the Legion Hall, featuring bacon and eggs and hashed brown potatoes.

The American Legion post here is also urging business establishments and home owners to display the flag Friday in observance of Veterans Day.

Special Services To Be Sunday At Monument Lake

A special day of service will be held November 13 at the Monument Lake Methodist Church, according to the pastor, Rev. James Merrell.

Sunday School will begin at 10 a.m. and morning worship at 11 a.m. Rev. Glen Chambers, associate pastor of the First Methodist Church of Midland will bring the morning sermon.

At noon, dinner will be served, with members of the congregation bringing their lunch. Recreation period will be directed by Joe Millard.

At 2:30 p.m., a singing service will be held, and at 3 p.m. Rev. Don Davidson, of First Methodist in Levelland will preach.

At 7 p.m. the evening service will be directed by Rev. Vernon Henderson, Brownfield, district superintendent.

Free Chest X-Ray Mobile Unit To Be Here December 6-7-8 in C&H Chevrolet Bldg.
The free chest x-ray campaign in Bailey county will center around mobile unit to be located in the C & H Chevrolet building December 6, 7, and 8. Irvin St. Clair, general chairman, announced this week.

St. Clair said the unit will be open for free chest x-rays from 1:53:30 p. m., December 6; from 8:30-5:30, December 7, and from 8:30 a. m. until 1 p. m. on December 8.

All residents of Bailey county over the age of 15 years are urged to take advantage of this opportunity to have a free chest x-ray made.

Committees working on the project include the Study Club which will provide hostesses; Mr. Ford, who will be in charge of securing clerical assistance; Gil Lamb, publicity; Lions, in charge of loading and unloading the equipment; Rev. Stevens, Minis-

terial committee; and the Rotary Club in charge of transportation.

Further details of the plan for the mass x-ray examinations will be announced at a later date.

JayCeers To Repair Toys For Needy
Muleshoe JayCeers met last Thursday noon, at Leigon's Cafe, for their regular weekly meeting.

Members voted to repair used toys to be given away at Christmas time. To the needy children in this area.

Anyone having any toys they would like to give to this cause may turn them in to Dr. B. R. Putman, Tootie Middlebrook, Bill Wilson, or they may take them to C & H Chevrolet.

Gilmore Rites Conducted At Earth, Monday
Funeral services for Clarence Leroy Gilmore, 81, a resident of the Earth area for the past twenty years, and a retired farmer, were conducted at 2:30 Monday afternoon, at Earth Baptist Church, and Rev. Cecil Meadows officiated.

Mr. Gilmore was born April 8, 1874, at Grafton, Ill., and moved to Oklahoma in 1915. He and his family moved from Oklahoma to Earth some twenty years ago. He passed away Saturday afternoon at his home, following an illness of seven months.

He was a member of the Baptist Church and IOOF Lodge at Earth.

Survivors include four daughters, Mrs. O. I. Anderson, Earth; Mrs. F. L. Ferguson, Roaring Springs; Mrs. John Henderson, Muleshoe; and Mrs. Bill Miller, Earth; five sons, William S. Gilmore, Antioch, Calif.; Henry J. Gilmore, and Walter L. Gilmore, all of Earth; and George W. Gilmore, Boys Ranch, and one brother, Ray B. Gilmore, Big Spring.

Eighteen grandchildren and twenty-four great grandchildren also survive.

Interment was in Earth Cemetery under direction of Lemons Funeral Home of Plainview.

FUNERAL SERVICES TOMORROW FOR C. E. PARR
Funeral services for Mr. C. E. Parr, of Lindsey, Okla., will be conducted tomorrow at Lindsey. Mr. Parr passed away Sunday. He is the father of Mrs. Ross Goodwin.

Free Chest X-Ray Mobile Unit To Be Here December 6-7-8 in C&H Chevrolet Bldg.
The free chest x-ray campaign in Bailey county will center around mobile unit to be located in the C & H Chevrolet building December 6, 7, and 8. Irvin St. Clair, general chairman, announced this week.

St. Clair said the unit will be open for free chest x-rays from 1:53:30 p. m., December 6; from 8:30-5:30, December 7, and from 8:30 a. m. until 1 p. m. on December 8.

All residents of Bailey county over the age of 15 years are urged to take advantage of this opportunity to have a free chest x-ray made.

Committees working on the project include the Study Club which will provide hostesses; Mr. Ford, who will be in charge of securing clerical assistance; Gil Lamb, publicity; Lions, in charge of loading and unloading the equipment; Rev. Stevens, Minis-

terial committee; and the Rotary Club in charge of transportation.

SPORTS

Lazbuddie Girls Open Cage Season With Double Win

Lazbuddie opened the 1955-56 basketball season November 1, with the girls A and B teams defeating Vega 49-48 and 40-30, respectively, according to coach C. W. Duker.

The girls play Springlake at home November 8, and meet Vega at Vega November 15. They play the Muleshoe girls here on November 22 and Springlake at Springlake November 29. December 2 is an open date for the girls teams. All games listed

above are for A and B girls teams.

The boys and girls teams play at Springlake December 6; Friona tournament 8 and 10; Threeway at home December 13; Bovina tournament 15 and 17, and Springlake there December 20.

In January both boys and girls teams meet Threeway there on the third; Farwell tournament 5 and 7; Vega there 10; Farwell there 13; Bovina at home 17; Adrian at home 20; Texico at home 24; Vega at home 27 and Farwell at home 31. All January games except Threeway, and Texico are conference games.

In February, both teams play Bovina there on the third; Adrian there 7; Threeway there 10, and in the district tourney at Farwell the 16 and 17.

Mullettes Beat Sudan In First Scrimmage Game

The Muleshoe Mullettes had their first scrimmage game last Thursday, November 3, as they beat Sudan by a score of 20-13.

The Muleshoe B team and 8th grade team also played Sudan with the Muleshoe B team losing 25-22 and the eighth grade winning 22-16.

The eighth graders led Sudan in the first game and the final score came out with Muleshoe on top 22-16. Mary Gross was Muleshoe's high scorer in that game with a total of 11 points.

In the B game the Sudan girls led Muleshoe nearly all through the game by one or two points. Elaine Evans was Muleshoe's high scorer with 11 of the 22 points made by Muleshoe.

Muleshoe's Mullettes were hot Thursday night as they led Sudan all the way from the beginning. First quarter score was

Muleshoe 7-Sudan 2. The Mullettes were leading at the half by four points, 12-8. At the end of the third quarter, the Mullettes led 14-10, and the final score was 20-13. High scorers for the Mullettes were Mary Jo Holt and Marcia Redwine, each with 8 points.

The starting Mullettes for Thursday night were: guards, Noretta Harrison, senior; Mary Janice Puckett, sophomore; and Janelle Sedgwick, junior; forward, Shirley Mathiesen, junior; Marcia Redwine, junior; and Mary Jo Holt, sophomore.

VISITED AT TEXACO
Mr. and Mrs. R. J. Klump spent Sunday visiting at Texaco, N. M. with Mr. and Mrs. W. J. Matthews.

DROVE TO MEMPHIS
Mr. and Mrs. James Bell and Mr. and Mrs. H. E. Mitchell drove to Memphis Sunday, where they visited relatives and friends.

4-H Club Annual Achievement Day To Be Observed In Texas On November 12

The observance of Achievement Day provides opportunity for 4-H member to tell the story of their club program and accomplishments for the past year, says Floyd Lynch, state 4-H leader.

The 123,000 4-H club members in Texas will join with the more than 2 million members in the nation November 12 in recognizing special achievements. Co- and local events will include the recognition of county and state 4-H winners in the many award programs conducted in Texas. Banquets, special program and publicity through newspapers, radio programs and television will be used to honor outstanding 4-H members, their parents, local adult leaders and others who sponsor 4-H programs and activities.

Some clubs will be unable to conduct a special program on November 12 but will later participate in a county wide achievement event, the state leader said.

Lynch says the purpose of Achievement Day may vary between clubs in different parts of the state but generally the 4-H mem-

bers are out to report on last year's record and sell 4-H club work to the public. They'll be making special effort to let parents of both members and non-members know what 4-H club work offers to youth and to improve living in rural areas. In many instances during the next few weeks, 4-H members will be guest speakers before civic clubs, school groups, farm organizations and other groups interested in youth programs.

It all adds up, says Lynch, to a day of recognition for the 4-H members and all the other folks who help them to "make the best better."

By BUDDY BLACK

Mr. Bickle and Mr. Thomas purchased twenty pigs while in Elk City, Oklahoma last week-end. They purchased some Durocs, Berkshires, and Chester Whites. These pigs will be fed out by FFA boys as their Supervised Farming Projects in Vocational Agriculture.

MEETING
The regular monthly meeting was held Monday night Nov. 6, and because of bad weather only 24 members showed up. Whereas there wasn't enough to be a quorum so the meeting was not held. The members present enjoyed a movie "Hollywood Barn-dance" starring Earnest Tubbs.

TEXAS ELECTRIC UTILITIES WILL AWARD \$1,600
A statewide electric award program sponsored by the Electric Utility Companies of Texas will again make available \$1,600 in 1955-56 for awards to be divided into \$150 for each of the ten.

SUNDAY GUESTS IN COOPER HOME
Sunday guests in the home of Mr. and Mrs. Arthur Cooper and family were his brother, Jack Cooper, of Floydada; his sister, Mrs. Bada Phillips, of Plainview; Mrs. Phillips' daughter-in-law Mrs. Hulon Phillips and children Pattie, Lennie, Donnie and Randy.

Mrs. Hulon Phillips' husband is in Japan, and she and the children are planning to join him there some time this winter. Mr. Phillips will be stationed in Japan with the Armed Forces, for the next three years.

areas, and \$100 as a statewide award.

Today more than ninety per cent of all farms in Texas have electric service. As a result, electric service can now exert an increasingly important role in farm living and agricultural production. The desire to lend more active support to the agricultural education program and to provide added incentive for Future Farmers to learn more about the value of electricity has led the Electric Utility Companies to sponsor this electric award program.

Breakdown of the \$1,000 Award STATE \$100

The state winner shall be determined from the ten area winners by State Advanced Degree and Awards Committee.

EACH AREA \$150

First place 50
Second place 40
Third place 30
Fourth place 20

No man is truly poor until he cannot laugh.

A job becomes work only when you worry about it.

Father: Is there anything worse than being old and bent.
Son: Yes, to be young and broke.

If your business makes nothing but money it is a poor business. Henry Ford

Outclassed Mules Set Down 56-14 By Wildcats

The Muleshoe Mules suffered a large defeat Friday night when the Littlefield Wildcats ran over them to a 56-14 victory. The Mules were outclassed by the Wildcats from the beginning, but they gave the Wildcats a nice battle the last half.

The first Wildcat touchdown was made when Mike Greer ran from the ten yard line through the line. John Clayton kicked the extra point.

Greer scored again in the first quarter when he ran from the Mules' 48 yard line for the touchdown. Clayton kicked the extra point.

In the second quarter, Max Morris of Littlefield ran from the Mules' 15 yard line for the third Wildcat touchdown. Clayton again kicked the extra point. The last touchdown before the half ended was made by Greer from the 35 yard line. Clayton kicked the extra point and the first half ended Littlefield 28, Muleshoe 0.

The first TD in the second half

was made by Bob Orr, a Wildcat back, when he recovered a Littlefield fumble over the Mules goal line. Clayton kicked the extra point to make the score again also in that quarter as he ran straight down the middle for 49 yards for the second TD of that period. Again Clayton kicked the extra point.

The Mules were the first to score in the fourth quarter as John Young, halfback, ran for 41 yards for the extra point. R. Howell ran the extra point and the score was 42-7.

The next Wildcat touchdown came when James Presley, freshman quarterback for the Wildcats, ran 56 yards for the TD. Clayton kicked the extra point.

Muleshoe scored again before

the game ended when quarterback Eddie Wilt threw a short pass to Jackie Tidwell for the TD. Charles Jennings ran the extra point to make the score Littlefield 49, Muleshoe 14.

The last TD of the game came when Presley threw a pass to Wayne Wicker from the 40 to the 4 and then Wicker ran it over. Clayton kicked the extra point to make his thirteenth straight kick that was good. The game ended shortly afterward with the Wildcats winning 56-14.

right tackle, Royce Turner; right end, Jimmy Welch; quarterback, Don Alexander; left halfback, Doyce Turner; right halfback, Gerald Shanks; and fullback, Leroy Corraze.

THIS & THAT

About Homemakers & Homemaking IN BAILEY COUNTY BY MOLLIE STINSON Home Demonstration Agent

The County-Wide Home Demonstration Clubs Tea Dress Revue will be held Tuesday, Nov. 15 at 2:30 p. m. in the Community Center, Needmore.

Mrs. Leona Nesbitt of Three-Way Club will be mistress of ceremonies for the affair. Mrs. Ada Murrah, Progress Club will be in charge of the sing-song. Mrs. Harold Mardis, Progress and Mrs. A. W. Copley, Muleshoe will give a revue of styles of several years ago.

All the women who made garments in the advanced dressmaking workshops are to wear the garments they made. Mrs. Janey Moraw, Community Center Club, will be commentator while these garments are modeled.

Mrs. Margaret Hough and Mrs. Jack Peel of West Camp will lead the group in recreation while Mesdames C. H. Gillis, Jean Landers, Sylvan Robinson and S. C. Caldwell are in charge of refreshments.

BALANCED DIET MEANS BETTER LIVING

Food can do more than just keep you alive. The right food daily can give you better health, greater vitality and improve your appearance. It can even help you stay longer. An individual who is well fed from babyhood on is more likely to enjoy a long prime of life. At any age, however, proper diet means better living.

Food has three main jobs: to provide fuel for the body's heat

Hereford Beats Mules' B Team

The Muleshoe B team dropped their sixth game this season as the Hereford B boys beat the B Mules Wednesday, November 2, by a two point margin, 14-12.

Neither team scored in the first quarter but Leroy Corraze of Muleshoe put the Mules ahead in the second quarter as he went across from the 3 yard line. The extra point was no good, but the half time score found Muleshoe ahead 6-0. When the half ended the Mules were on the Hereford one-half foot line.

In the third quarter, Hereford took the lead when a Hereford back ran 20 yards for a TD. The extra point was good and Hereford was leading 7-6.

Muleshoe took the lead again in the fourth quarter when Leander Sims ran from the 3 yard line for the second Mule touchdown. The try for point was again no good and the Mules were leading 12-7. The Mules led Hereford until the last two minutes when one of the Hereford backs ran from the Muleshoe 7 yard line for the TD. The point after touchdown was good and the game soon ended Hereford 14, Muleshoe 12.

Muleshoe's starting lineup was left end, Leon Atchison; left tackle, Leander Sims; left guard, Edgar Martin; center, Mickey Pierce; right guard, Joe Gross;

FARMER COUNTY Farm Bureau News

By RAYMOND EULER

"Scotch Life" Farm Bureau Stickers are now red and white. You're welcome to pick them up at the office for safety in night driving. They reflect.

Someone sent us a box of several hundred good quality combs. We want to be as good as they were, so if you need a comb, or several for the family, just walk in the office and pick up some. They're free, in black or colors.

Gilbert Kaltwasser, E. T. Ford, Sterling Donaldson, Roy Grace, Ralph Smith, Jack Patterson, officers and directors, and A. J. Ellison and Raymond Euler, agents, were in "Cow Town" (Pt. Worth) the first part of this week attending the Texas Farm Bureau Convention. There are probably others who went, but at this writing, we don't know who they are. Anyway, if you want to know how Farm Bureau policies are developed, ask one of these men who are your fellow farmers. They can tell you.

We feel this way about this subject: If your banker tries to tell you which church to attend,

or which civic or farm organization to support before he starts, or continues to finance your farming operation, maybe you need a new banker. Collateral character and interest should be enough basis for the loan you need.

E. T. Ford was elected Vice-president of Farm Bureau at the last directors meeting. Directors thought he did a good job as commodity chairman last year, so they promoted him. He replaced T. E. Lovett, who has served well in that capacity the last two years. Roy V. Miller was re-elected Secretary - treasurer. Chairman of legislative, weed, commodities, and other committees will be named within a month, along with their committee members.

We are proud of the four new county directors who promptly announced their intentions of attending the state convention. Sterling Donaldson, Farwell, Jack Patterson, Bovina; Harry Hamilton, Friona (Lakeview area), and Roy Grace, Friona. (Black area) are the new men serving. If you will tell your farm problems to these and other directors, you can be sure they will give prompt consideration by the board. To be even more sure, you are invited to attend the meetings with them anytime you wish.

Consider This: Every word of God is pure; he is a shield to them that put their trust in him. Proverbs 30:5.

CAED TRAYS all standard sizes at the Journal.

Power? You bet!

The fabulous Thunderbird Y-8

Ford goes like the Thunderbird! With this exciting new "Go"-power you can smile at hills, have new confidence in passing. The Thunderbird Y-8 engine can be yours at no extra cost, for it is the standard eight in all Ford Fairlane and Station Wagon models.

Beauty? Of course!

Inspired by the Thunderbird

The new '56 Ford and the fabulous Ford Thunderbird are really look-alikes! You can see the resemblance in every long, low line... every graceful contour. And you can expect to be envied no matter where you may drive in your new '56 Ford.

Safety? Only FORD gives you LIFE GUARD DESIGN

Even more important than Ford's Thunderbird looks and go is Ford's new Lifeguard Design. It gives you extra protection in accidents: To cushion you from the steering post, Ford has a deep-center Lifeguard steering wheel. To reduce possibility of doors springing open under impact, Ford has Lifeguard double-grip door latches. To help lessen injuries from impact, Ford offers optional seat belts and Lifeguard cushioning for control panel and sun visors. A new double-swivel Lifeguard rear view mirror "gives" under impact. Come in! See how safe, how beautiful, how powerful a car in Ford's field can be!

You'll be safer in a '56 Ford The fine car at half the fine-car price

Tech Student Body Planning Annual Dad's Day

Texas Tech's student body will roll out the red and black carpet for father, Saturday, November 19, at the second annual celebration of Dad's Day.

Tech dads will be guests of honor at a morning coffee, a buffet luncheon and at the afternoon football battle between Tech and College of Pacific.

Honors will continue after the game with open houses for both dads and mothers scheduled at the dormitories.

Special letters of invitation have been sent to fathers of approximately 7,000 Tech students by the Association of Women Students, sponsor of the event.

An award will be given the dad traveling the farthest distance for the occasion.

Visiting dads will register in the Student Union Building where a morning coffee for both mothers and dads will begin at 9:30 a. m. The stag buffet luncheon for dads will begin at 11:30 a. m. in the Recreation Hall.

Student chairman for the program, announced by AWS president Norma Chapman of Austin, are: Sandra Shook, Lubbock, general chairman; Janet Reaves, Plainview, registration; Martha Schultz, Amarillo, coffee; and La-Rue McMurry, Austin, publicity.

Earth News Notes

By MILDRED GLASSCOCK

* Mr. and Mrs. H. J. Oden, of Plainview and Santos Garcia, employee of James Busby, of Springlake, were involved in an automobile accident Monday at 5:30 p. m., some four miles east of Earth.

Santos was pulling a trailer heading east, and Mr. and Mrs. Oden were enroute to Earth to visit their son, Houston and family. Slippery roads were blamed for the accident.

The injured were rushed to Faust Clinic by Dennis ambulance for first aid. They were then taken to South Plains Hospital, Amherst, where Mrs. Oden was reported to be seriously injured. Mr. Oden and Garcia were treated for lesser injuries.

Property owners should check with the water supt. to see if their plumbing meets requirements.

* Mr. and Mrs. Floyd Burgess visited their daughter and son-in-law, Mr. and Mrs. Doug Brown in Dalhart.

* Price Hamilton underwent surgery in a Plainview Hospital last week, and his condition is reported to be good.

* The Springlake seniors received their pictures Monday.

* Mr. and Mrs. Gene Brown and Kathie, Mr. and Mrs. Bill Morris and children and Mr. and Mrs. H. A. Caraway, Jr., of Hale Center, accompanied Mr. and Mrs. Richard K. Fuller and Grega to Amarillo Sunday. The Fullers were enroute from Hale Center to their home in Washington, D. C.

* Pts. Franklin and Edgar Gilmore, who are stationed at Ft. Ord, Calif., arrived home Monday to attend the funeral of their grandfather, C. L. Gilmore.

* The Earth Fire Dept. answered a call to the Paymaster Gin, Springlake, Monday evening at 7:30 p. m., to extinguish a fire in the burr burner.

* Mayor Bill Pope announced this week that the Earth disposal unit is completed and all sewer connections should be completed.

Judge Bill McCraw Dies In Dallas

Judge William McCraw, 59, one of Texas' most colorful political figures, died in Dallas Tuesday of a heart attack.

He had tentatively accepted an invitation to be the principal speaker at the annual banquet of Muleshoe Chamber of Commerce, to be held at the middle of January, 1956. Howard Cox, who had been associated with him in a business way recently, had been authorized to invite him, and the CoC had written him a letter. The judge had told Cox he would accept.

Judge McCraw served as Attorney General of Texas from 1934 to 1938. He was defeated in 1938 when he ran for Governor. At his death he was judge of the special District Criminal Court in Dallas.

Union-Phone Company To Begin New Contract Negotiations November 16

Negotiations are expected to begin Wednesday (Nov. 16) between General Telephone Company of the Southwest and the Communications Workers of America on a new working contract.

The Union has notified the Company that they are terminating the present contract on December 31, 1955, a company spokesman said.

The spokesman added that the CWA has indicated it will demand the new contract include reduction of the work week to not more than 35 hours with no reduction in basic weekly rate of pay, reduction in length of tours for traffic central office employees, a general wage increase including the establishment of a starting wage of not less than \$1.25 per hour for all departments, establishment of company paid hospitalization and medical and surgical benefits, improved wage progression schedules, elimination of area differentials and improved pensions.

In July, the Company and Union extended the present contract through December 31, 1955. The company agreed at that time to put into effect a minimum of \$175,000 in increased annual costs effective November 1, 1955. Negotiations were reached recently for the distribution of the \$175,000 with wage increases of from two to five cents an hour being granted approximately 2,400 employees.

The negotiations for a new contract will be held in San Angelo. The Union has said R. W. Staley will be chairman of the CWA bargaining committee while General's Industrial Relations Director, F. W. Hamper, will head the company's representatives during negotiations.

General operates in 232 exchanges in Texas, New Mexico, Oklahoma, Arkansas and Louisiana and is the largest independent (non-Bell) telephone company in the Southwest.

to put into effect a minimum of \$175,000 in increased annual costs effective November 1, 1955. Negotiations were reached recently for the distribution of the \$175,000 with wage increases of from two to five cents an hour being granted approximately 2,400 employees.

General operates in 232 exchanges in Texas, New Mexico, Oklahoma, Arkansas and Louisiana and is the largest independent (non-Bell) telephone company in the Southwest.

November Wedding Is Being Planned

Mr. and Mrs. Cecil Atchley, of Lariat, announce the engagement and approaching marriage of their daughter, Cara Sue, to Harvey Lesley, son of Mr. and Mrs. Glen Lesley, of Farwell. Vows will be exchanged in a ceremony at 3:00 o'clock in the afternoon, Sunday, November 20, at the Oklahoma Lane Methodist Church.

All friends of the couple are invited.

SUNDAY GUESTS

Sunday guests in the home of Mr. and Mrs. Sylvan Robinson included Mr. and Mrs. O. M. Robinson and daughter of Littlefield; Mrs. Sula Lansden, of St. Louis, Mo., and their daughter and son-in-law, Mr. and Mrs. Bob McGee and daughter.

Muleshoe Club Plans Rummage Sale For Nov. 12

Four visitors, Meses, Pearl Gunstream, G. P. Meissner, Felix Oden and Florence Young attended the regular semi-monthly meeting of the Muleshoe Home Demonstration Club Tuesday afternoon of this week.

Members attending the meeting were as follows: Mmes. C. E. Briscoe, Mary Ratliff, J. E. Day, Alvin Krieger, E. H. Baugh, W. W. Smith, S. L. Robinson, J. H. Hanks, Don Bruns, S. C. Caldwell, M. R. Oden, Walter Witte, C. H. Gillis, H. G. Griffiths, T. F. Maddox, M. L. Oswalt, Barry Lewis, Jean Landers, and D. E. Beller.

Hostess for the occasion was Mrs. J. H. Hanks, and meeting was at the club room.

The group made planters resembling logs, of plaster of paris. Nineteen planters were made.

An interesting program, "Growing Older Graciously," was presented by H. D. Agent, Mrs. Mollie Stinson.

Hostess gift of towels was won by Mrs. C. E. Briscoe.

Plans were made for a rummage sale, and also a pie and cake sale to be held at Piggy Wiggly, Saturday, November 12, at 1:30 o'clock. All members are asked to bring rummage and pie and cake.

Next meeting will be November 22, at the home of Mrs. S. L. Robinson.

WELFARE WORKER WILL NOT BE HERE NOV. 21

Edna Dodger, Public Welfare field worker, announces that she is unable to be here on her regular day, Monday, November 20, but will come instead, Monday, November 28.

J. D. Julian Is New Main Street Baptist Pastor

Rev. J. D. Hudson will arrive in Muleshoe Friday, November 11, and will take up his duties as pastor of the Main Street Baptist Church Sunday.

Rev. Hudson comes to Muleshoe from San Angelo. He has had a number of years experience in the ministry, and has a degree from Jacksonville Baptist College, Jacksonville, Texas.

He is married, and he and his wife have three children. A son, 12, and two daughters, 15 and 9. All will attend the Muleshoe Schools.

A cordial invitation is extended to the public to attend services at the church, and get acquainted with Rev. Hudson and his family.

Former pastor of the church, L. J. Ferguson and Mrs. Ferguson have moved to Fayetteville, Ark. The church has been without a pastor since September, when Rev. Ferguson resigned.

Letters To Santa:

Dear Santa,
I am a little boy seven years old. I am in the second grade and I make good grades and try to be a good little boy.
I would like to have a fencing set, a mobile loudspeaker truck, a burp gun, a remote control car and a hook and ladder truck and a tourniquet.
Please remember the other little boys and girls too.
Love,
Philip Grant

Myrna Thompson State FB Queen

Typical Texas charm was multiplied thirteen fold as that many candidates vied for the crown of Texas Farm Bureau Queen in a contest in the Ballroom of Hotel Texas in Fort Worth, November 7.

Miss Myrna Thompson, who was recently elected queen of District Two, which includes Bailey County, was the lucky lass who took the honors, and received the \$500 for expenses for herself and a matron escort to attend the 37th annual convention of the American Farm Bureau in Chicago, Ill., December 12-15.

Miss Thompson is the daughter of Mr. and Mrs. Joe W. Thompson of Dimmitt. She is sixteen and a junior in Dimmitt High School. Very active in school activities, Myrna is a drum majorette, belongs to the local chapter of Future Homemakers of America, and the Rainbow Girls, and is a member of the National Honor Society. She is a brunette with hazel eyes.

Runners-up in the state finals received a beautiful wrist watch from the Texas Farm Bureau, and will be the guests of the Crazy Hotel in Mineral Wells for one week's stay. The Texas Farm Bureau paid expenses of the queen candidates and their matron escorts to the state convention in Ft. Worth.

Goodson McKee, announcer for the Farm Bureau Roundup program on radio, served as master of ceremonies at the convention.

LAZBUDDIE H. D. MEETS WEDNESDAY

The Lazbuddie Home Demonstration Club will meet Wednesday, November 16, in the home of Mrs. Reese Wilttering. All members are urged to attend, and visitors are invited.

MULESHOE LADIES ATTENDED MEETING

Plainview District W. S. C. S. meeting was held at Dimmitt November 8.

Ladies attending from Muleshoe were Mmes. O. S. Richards, Clarence Stephens, Claude Farrell, and H. Jay Wyr.

They reported the meeting was well attended in spite of the ice and snow, which made the roads slick and driving hazardous.

H. Jay Wyr drove the ladies over.

BILL AYLESWORTH HOME FROM KOREA

Bill Aylesworth, son of Mr. and Mrs. Dave Aylesworth left last Sunday for San Francisco, Calif., where he is to be employed.

Rufus has been attending school at Albuquerque, N. M.

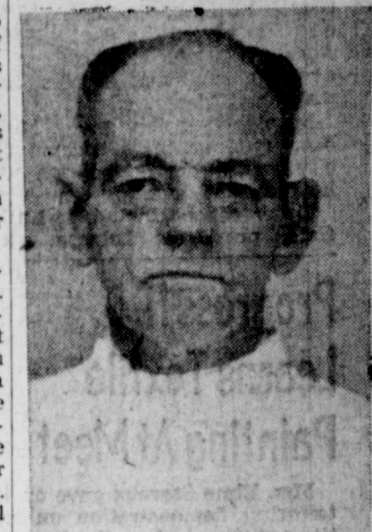

WEEKEND GUESTS

Mr. and Mrs. Claude Thompson, Mr. and Mrs. Walter Thompson, and Mr. and Mrs. Leroy Vickers, of Clovis, N. M., all weekend in the F. L. Rogers home.

FOR RENT: 3 large rooms and bath unfurnished apartment. See Clay or Spencer Beavers. Phone 4650. 5-45-11p.

Muleshoe Chiropractic Clinic

South of Courthouse In Barron Building

BROOKE GREEN, D. C.

Ruptured or Herniated Disc

This is a very widespread condition, so much so that it became a favorite expression among G. I. s in World War II. "Oh, my aching back!" It is not amusing as anyone who has suffered with backache can testify.

A man, in his early fifties came to our clinic in Wellston, his symptoms being a condition. He had been in places and his condition had been diagnosed variously as ruptured disc, herniated disc, missing disc, absence of vertebra, lumbago and spinal arthritis and others. He was also suffering from a sinus condition and faulty vision. He was accepted as a patient and after a time he was dismissed. He came by to see us recently, and told us that after 26 months he continues to enjoy good general health.

Before coming to us he had been to Oklahoma City and arranged for spinal surgery. After becoming a patient at our clinic the appointment for surgery was cancelled.

Low Metabolism From Defective Nerve Endings Corrected

A 21 year old matron had been suffering from sinus pains; also headaches, nervousness, face pains, stuffy nose, hayfever, frequent colds, flu, painful regularity, and low metabolism were her complaints.

Thyroid pills and various other treatments over a two year period only left her in worse condition.

She said her woes were multiplying instead of going away and she felt very depressed and morbid about her condition. Our examination, spinal analysis and spinal X-rays, located central nervous system disturbances and spinal joint trouble. Looking at her final comparative examination report, I see that she reported all symptoms gone, blood pressure back to normal and metabolism also normal now.

Spinal Correction Removes Backache

Four years is a long time to suffer from pains under your left shoulder blade.

It is worse when one half of your head and face aches frequently and nausea adds to your misery.

It took four years of suffering to convince this thirty-four year old man that he ought to investigate our method of the healing arts.

He came to our clinic for an examination to locate the cause of his pains. Our spinal analysis and spinal X-Rays located nerve interferences and spinal misalignments and our corrective services were recommended.

At the time of his comparative check up he reported shoulder pains left and did not return; also the nausea.

The face and head pains seem to want to return (but do not) when in need of an adjustment. The adjustment always clears things up immediately and the pains do not develop.

When your personal opinion is based on fair investigation and not upon conditioned emotions, you become a satisfied patient. It will pay you to investigate now.

Note: The world's largest insurance companies pay for Chiropractic services. Demand it, or buy from those who will pay.

MHS Student Council Elected Secretary Of South Plains Student Council Assn.

Muleshoe High Student Council received the honor of being elected secretary of the South Plains Association of Student Councils at the annual meeting last Saturday at Odessa.

By receiving this honor, Muleshoe automatically became the city where the association will hold annual meeting next year. Other offices included: Littlefield, president; Lemesa, vice-

president, and Tulia, parliamentarian.

Members of the Muleshoe Student Council attending the meeting were: Stanley Fox, Quineil Elliott, Velta Gillis, Brenda Simnacher, Dolores Cannon, Rose Lee Millen, Sandra Briscoe and Seidgid Hoffman.

The group left here by bus, and arrived in Odessa at 10:00 a. m., registering upon arrival at the Lincoln Hotel.

Following the registration, they traveled to the Odessa High School for luncheon.

During the afternoon, the representatives attended various discussions at the high school building.

The Muleshoe representatives were accompanied on the trip by Mr. and Mrs. Bill Parker and son Jackie, and the bus driver, J. W. Johnson.

Progress H. D. Learns Textile Painting At Meet

Mrs. Elmo Stevens gave an interesting demonstration on textile paintings when the Progress Home Demonstration Club met Thursday, October 27, at the home of her daughter, Mrs. Glenda Haley.

Following this demonstration, Mrs. John Thomson and Mrs. Manuel Self demonstrated the making of planters out of plaster of paris.

Plans were made for an all-day workshop, during which members of the club will work on textile painting and will also make planters.

An interesting talk was made by Mrs. G. T. Maltby, who told of her recent trip to the State Home Demonstration Meeting.

The club welcomed a new member, Blanche Lenderson.

Others present were Mmes. Ada Murrah, Veta Self, G. T. Maltby, John Thomson, Almeta McGuire, Elmo Stevens, and the home demonstration agent, Mrs. Mollie Stinson.

Next meeting is to be this Thursday, November 10, at the home of Juaree Smallwood.

Eleven Attended Philathea Meeting

The lovely home of Mrs. Clarence Stephens was the setting for Philathea Circle meeting Thursday afternoon, last week.

Plans were discussed for a rummage sale to be held in the future. All members were very pleased with the way the recent Country Fair turned out.

The Christmas Cards, which members plan to sell have not arrived as yet, but are expected soon.

Mrs. J. A. Nickels was in charge of the program, topic of which was, "Women Of The World."

Attending were Mmes. Pearl Gunstream, Dorothy Wyer, Pat Nickels, Betty Murray, Mary Andrews, Sammie Allison, Betty Cowan, Charlene Bickel, Joy White, and the daughter of the hostess, Linda Stephens.

Progress WSCS Opens New Study

Joyce Walker presided over the business meeting at the regular weekly session of the Progress W. S. C. S., at the church Monday afternoon.

Five ladies announced they had made plans to attend the district W. S. C. S. meeting at Plainview Tuesday of this week. They are: Mmes. Johnnie Westbrook, Byron Gwyn, Mattie Griffin, Juanita Urteaga, and Joyce Walker.

Members voted to send a special offering of \$10 to the Indian School at Farmington, N. M.

Johnnie Westbrook and Ruby Actkinson opened the program with a devotional, which was a pledge service. Mrs. Westbrook gave a talk on "Why We Give".

Mrs. Joyce Walker started the new study on "Faith In This Revolutionary World". The group studied two chapters, after which discussion was held.

Meeting was closed with benediction.

Two guests were present. They were Mrs. Bill Welch and Mrs. C. T. Jackson.

Members attending were Mmes. Johnnie Westbrook, Ruby Actkinson, Mattie Griffin, Joyce Walker, Ruth Cooper, Elnita Gray, Sadie Bass, Juanita Urteaga and Velma Gwyn.

Gholson Twins Feted With Party

Ann and Neil Gholson, twin daughters of Mr. and Mrs. Sam Gholson, were honored with a party in observance of their sixteenth birthday Monday evening at Fellowship Hall.

Hostesses for the occasion were Mr. and Mrs. J. T. Shofner and Mr. and Mrs. Troy Wilkerson.

The serving table was centered with a beautiful arrangement of sixteen white candles, and white chrysanthemums. Gifts were also on display on the table.

Cakes, which had been baked in heart shape, punch, and coffee were served to guests.

Attending were the hostesses, and Betty Shanks, Janelle Sedgwick, Alva Lee Shofner, Bobby Sanders, Thurston Garrison, Velta Gillis, Janelle McGuire, David Shepherd, Sam Gholson, Mrs. Reva Gholson, Roger Pool, Buddie Pool, and the honorees, Ann and Neil.

Next meeting is to be this Thursday, November 10, at the home of Juaree Smallwood.

Half Century Enjoyed Canasta

Half Century members enjoyed games of canasta and a social hour last Thursday afternoon, when they met at the home of Hazel Farrell.

Next meeting will be at the home of Mae Wiltterding, who will be hostess on November 17.

Attending were: Mmes. Mattie Duke, Sweetie Johnson, Jennie Panter, Birdie Paul, Beulah Carles, Lula Kistler, Myrtle Harper, Daisy Ingram, Leola Wiltterding, Hattie Rockey, Laura Gilbreath, Pearl Moore, Clara Willman and Hazel Farrell.

Members voted to send a special offering of \$10 to the Indian School at Farmington, N. M.

Johnnie Westbrook and Ruby Actkinson opened the program with a devotional, which was a pledge service. Mrs. Westbrook gave a talk on "Why We Give".

Mrs. Joyce Walker started the new study on "Faith In This Revolutionary World". The group studied two chapters, after which discussion was held.

Meeting was closed with benediction.

Two guests were present. They were Mrs. Bill Welch and Mrs. C. T. Jackson.

Members attending were Mmes. Johnnie Westbrook, Ruby Actkinson, Mattie Griffin, Joyce Walker, Ruth Cooper, Elnita Gray, Sadie Bass, Juanita Urteaga and Velma Gwyn.

Willing Workers Met Last Thursday

Willing Workers Sunday school class of the First Baptist Church held their regular monthly meeting last Thursday evening, at the home of Betty Jo Dearing.

President Jane Rudd called the meeting to order, and presided over the session. Melba Phipps read the minutes of the last meeting.

Devotional was given by Betty Jo Dearing, who took Scripture from the 23rd Psalm.

Coffee and cookies were served at the close of the meeting.

Attending were: Eva Alsop, Jane Rudd, Melba Phipps, Betty Griswold, and the teacher, Lida Wilhite.

Mrs. Neil Feted With Stork Shower

Mrs. George Neil, of Midland, formerly of Muleshoe, was honored with a pink and blue shower Saturday afternoon at 2:30, at the home of Mrs. Finis Kimbrough.

Ladies of the W.M.U. of the Main Street Baptist Church were hostesses for the occasion.

Centerpiece for the serving table was a stork.

Refreshments of Bohemian tea and individual cakes were served to some twenty guests who called.

Lazbuddie School System Adds \$170,000 In New Buildings

NEW ELEMENTARY SCHOOL at Lazbuddie is seen here between two of the buildings now being used as elementary class rooms. (Staff Photo)

LAZBUDDIE AG BUILDING now under construction. The block building in the foreground will replace the small building in this scene. The building will contain a farm shop and class room. (Staff Photo)

Work is progressing this week on \$170,000 worth of new buildings and additions to the Lazbuddie school plant. The construction is the result of the passage of \$180,000 worth of school improvement bonds recently, \$10,000 of which was used to retire outstanding bonded indebtedness.

The new construction consists of a 508 seat auditorium addition to the main school building, a 10 room grade school building, and a 32x120 foot vocational agriculture building.

The buildings are all of semi-fireproof construction, and are of concrete block and face brick. Stiles, Roberts and Associates of Lubbock are architects on the buildings, which harmonize with present structures on the campus.

The vocational agriculture building, according to voc-ag instructor Black will contain one classroom, an office, restrooms and a farm shop. It will be of concrete block, and replace a small, inadequate building now being used for teaching vocational ag and FFA chapter work.

The elementary school building, of brick and block construction will contain 10 class-

rooms, a library, book room, office and restrooms. It will replace army-barracks type buildings now being used.

The auditorium will seat 508, and will adjoin the main building on the north side. The present auditorium is being used for lunchroom purposes.

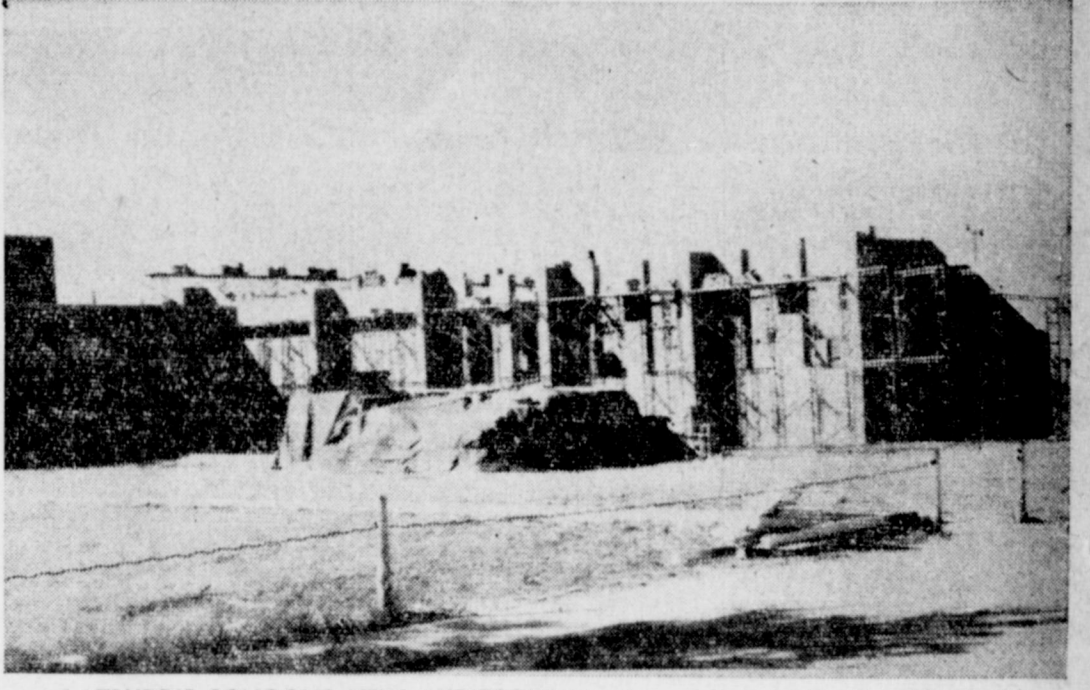

Lazbuddie school has an enrollment of about 350 pupils and is growing each week.

Roger L. Gorrell Alpha Phi Omega Pledge At U. T.

AUSTIN, Texas Nov. 10 - Roger Lee Gorrell, University of Texas student from Muleshoe, is a new member of Alpha Phi Omega, national service organization of former Boy Scouts.

Gorrell, a sophomore pre-law student is the son of Mrs. Lula D. Gorrell.

Alpha Phi Omega members supervise student elections, usher for Cultural Entertainment Committee programs, provide information and conduct guided tours for the University.

LAZBUDDIE SCHOOL'S NEW AUDITORIUM is now under construction. The building will seat more than 500 and is being added on to the main school building. (Staff Photo)

SPENT SUNDAY AT WELLINGTON

Mr. and Mrs. Sam Ghelson and daughters, and Roger and Buddy Pool, visited Sunday at Wellington with relatives and friends.

RECENT GUESTS

Recent guests in the home of Mrs. R. L. Jones and family was her uncle, Jim Blankenship, of Knoxville, Tenn., and another uncle, E. H. Pigg, and his daughter Mrs. Russell McGee.

FROM LUBBOCK

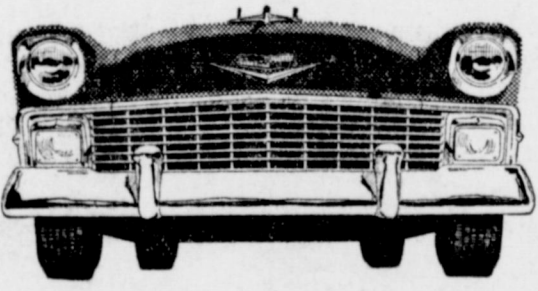

Ben Carlyle, of Lubbock, is visiting this week in Muleshoe with Mr. and Mrs. H. H. Carlyle and Mr. and Mrs. R. J. Klump.

The hottest features for '56 are in the new Chevrolet

Chevrolet never had it so good for you before . . . and no other car in its field even comes close. See if Chevrolet doesn't feature everything you want for '56.

All New! The Bel Air Sport Sedan with 4 doors and no sideposts

Bold, new Motoramic Styling

Just look it over—the lower, longer hood . . . the wider grille that spans the full front end . . . the big bold parking lights. From the side, you see the sweeping new speedline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

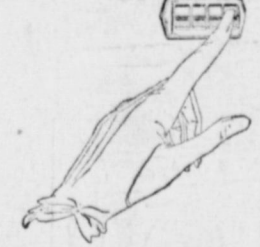

V8 Horsepower Zooms to 205

That's what the new "Super Turbo-Fire V8" pours out (an extra-cost option). You can see why we say the hot one's even hotter!

Hideaway Gas Cap

Chevrolet's left-side taillight holds a stylish secret. Hinged at the bottom, it swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the taillight!

Everything in Automatic Power Features

Power Steering, Power Brakes, power-positioned front seat, power window controls. All are available as extra-cost options.

Steering made easy

Ball bearings reduce friction and steering effort in Chevrolet's Ball-Race steering.

Anti-Dive braking

Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

12-volt Electrical System

Packs twice the punch of ordinary 6-volt systems . . . spins the engine up to one-third faster. You get surer starting in all weather. And you have a greater electrical reserve supply.

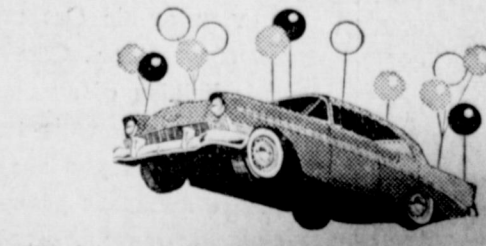

A new 6 with 140 H.P.

The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

SHAMROCK 5W-20 TRIPLE ACTION

SHAMROCK 10W-30 TRIPLE ACTION

with... SHAMROCK'S NEW MOTOR OILS

SHAMROCK

GUARANTEED . . . the new multi-viscosity motor oils will do more to improve the winter starting characteristics and extend the life of your car than any other petroleum lubricating oil.

It's a scientific fact . . . most engine wear occurs:

1. During the warm-up period before ordinary oil thins down enough to circulate freely.
2. At high operating temperatures when ordinary oil thins down too much to give proper protection.

It's a scientific fact . . . Shamrock multi-viscosity motor oil stops this wear because:

1. It circulates freely in temperatures as low as 30° to 35° F below zero.
2. It retains its viscosity (thickness) at highest operating temperatures.

Improve the performance and extend the life of your car with Shamrock 5W-20 or 10W-30 motor oil. Ask for them at the Shamrock station near you.

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

Agriculture

Released by
The Texas Department of Agriculture
By John C. White, Commissioner

Use of antibiotics in production and marketing of meat animals may have a profound effect on Texas livestock industry.

Definite proof has been established that use of certain of the "wonder drugs" can do everything from bringing more pigs per litter to keeping beef, poultry, fish and even whales fresh.

In tests using aureomycin feed supplement, growth of pigs has been improved an average of 36%. Similar benefits are gotten from use of this antibiotic in beef cattle, sheep and dairy cattle.

This could mean a tremendous saving in feed and labor costs, since animals would get to market sooner. Use of the feed supplement also has results in a saving of about 20 lbs. of feed per 100 lbs. of gain due to increased efficiency of food utilization.

This speeded-up growth is probably brought about as antibiotics keep down germs of some diseases, create good conditions for organisms which produce vitamins in their food, and regulate the growth of the animal.

Vet Land Scandal May Be Unique In Texas History

The Texas land scandal might be the first multi-million dollar theft in history to be conceived as a piece of legislation that required the approval of the people. Craig Thompson observes in the November 12 issue of The Saturday Evening Post.

"And in this scandal," the nationally known reporter continues, "the only victims are the taxpayers, including all those whose votes made it possible." Thompson's article, "Those Texas Scandals," says the case undoubtedly would set a precedent if Representative John J. Bell is convicted and faced with the questions of whether he worked to get the law passed in order to set up this swindle.

The observation is made that the question may never be satisfactorily answered, but the fact that it can be raised is seen as evidence that the land scandals stand unique among big swindles.

In the article, Thompson tells that Bell has testified that the land program was conceived and written by James Bascom Giles, commissioner of Texas' General Land Office, who was sentenced to prison for theft and bribery.

"Bell, it is related, worked for the program's adoption, by referendum, as a constitutional amendment. Then, as a state senator, he sponsored the law necessary to make the amendment operative.

"But now that he is under indictment for sharing the profits of those who turned this veterans' benefit into an unparalleled larceny," Thompson comments, "his motive has become suspect."

The magazine's comprehensive report on the land fraud tells the parts played by Roland K. Towery, the Cuero newsman who won the Pulitzer prize, and Wiley L. Cheatham, DeWitt County attorney, and the whole incident is referred to as the most explosive scandal in Texas since the impeachment of James E. Ferguson, in 1917.

Thompson reports that fixing the precise amount stolen will take a long time. However, the topmost estimate at the time of writing was \$10,102,001.

Act now . . . be

from work and worry at 55!

Yes! You, too, can take your place on Security Street at age 55 or 60, or at any age from 50 to 70. You can have a regular monthly income guaranteed. An income tailor-made to your needs, for carefree comfort, independence!

Thousands have already taken this step. Why delay? Act today! Ask Mr. W. B. McAdams his Optional Retirement Income Plan.

Alfalfa Plant Closes Season With Fair Production Record For Year

Production at National Alfalfa Dehydrating & Milling Co. plant in Muleshoe was considerably less this year than last, but prospects are some better for more hay next year. Arlys Leveridge, manager said this week following the end of operations for green alfalfa.

The growing season was slightly adverse, he said, and last year some good fields of hay were plowed up. This year, it seems to him, more new hay is being planted than for some time and less good hay is being plowed up. It all points to more available hay for dehydrating next summer.

Payroll this year was about like last year. The company employed 26 men on the average for the first 5 months of the season, the 14 for 60 days and 8 for the balance of the time. The plant is making pellets now and grinding some brown hay they have on hand. But a skeleton crew will remain on duty during the winter months, Leveridge said.

Making a compost pile is a simple operation. Scrap lumber in a few feet of net wire and four posts will take care of the enclosure says Thornton. Start with a six inch layer of leaves and for a four foot square enclosure dissolve a cup of commercial fertilizer, either 5-10-5 or 8-8-8, in water and sprinkle the solution over the leaves. Keep adding these alternate layers until the pile reaches the desired height. Leave the top layer somewhat saucer shaped as an aid for holding water on the leaves. Cover the pile with a shallow layer of soil.

Turning the material occasionally will speed up the decomposition of the leaves and the addition of water during dry weather, will also help speed up the composting process. In areas where soils are acid, Thornton suggests adding a cup of lime to the fertilizer.

Asphalt Shingles Can Give Color To Low-Slope Roof

A key task of the roofing contractor is selecting the appropriate material and application method for the type of roof to be covered.

In recent years, one of the most important considerations has been the roof pitch. Many of the low-pitch or low-slope roofs that are so popular nowadays require special shingle application.

What is pitch? Roofing experts say that any type of asphalt shingle can be used on a roof with a pitch of 4 or more inches. Below 4 inches, but not less than 2 inches, square-but asphalt strip shingles may be used, but with special application. An important advantage in using asphalt shingles is that color is made available to the low-slope roof. The shingles come in a wide variety of colors, light to dark.

DAMRONS TO OKLAHOMA

Mr. and Mrs. Joe Damron left last Friday for Oklahoma City and other points in Oklahoma. They will visit his mother and sisters and other relatives and friends, and expect to be gone about a week.

FROM OLTON

Mr. and Mrs. Dale Dudley and son Ronald Lynn are visiting here with her parents, Mr. and Mrs. C. C. Anders. The Dudleys are from Olton.

WEEKEND GUESTS

Rev. and Mrs. F. B. Hamilton of Ft. Worth, and Mr. and Mrs. A. L. Freeman, of Dalhart, were weekend guests in the Ray Griffiths home. Rev. Hamilton is a former pastor of the First Baptist Church here, and Mr. Freeman is Mrs. Griffiths' brother.

BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

If you do not have a growing cover on your land to prevent soil blowing for the next few months the local Soil Conservation District Supervisors suggest that you decide on one of the two principles of treatment which will give your land the needed protection.

Wind erosion can be combated by soil roughness or by adequate crop residue.

Your local Soil Conservation technicians suggest that you first consider crop residue as the solution.

In considering this approach decide if (1) your land has sufficient residue to prevent soil blowing, (2) more snow and rainfall will be conserved by leaving the stubble standing (3) crop residue should be supplemented by tillage which will give additional roughness, (4) this type erosion control will be less expensive.

In considering soil roughness to prevent your land from blowing you should check to see (1) if you have enough heavy sub soil to stabilize the soil, (2) if this heavier material on the surface will be such as to materially reduce the rate your soil will absorb rainfall (3) what affect this type measure will have on the following crop production.

TO KANSAS

Mr. and Mrs. Clay Beavers went to Wellington, Kans., last week where they visited his sister and brother-in-law, Mr. and Mrs. W. E. Laseter. From there they went to Ft. Worth, where they visited their son, Billy Beavers and family, and went to Baird, where they visited with their daughter and son-in-law, Mr. and Mrs. Glenn Rocky. They reported an enjoyable trip.

VISITED SISTER

Mrs. F. H. Griffin of Slaton, spent the weekend here with her sister, Mrs. Wiley Baker and family. They took her home Sunday.

FROM ALBUQUERQUE

Mrs. George Vaughn and children, of Albuquerque, N. M., are here visiting her mother, Mrs. Lela Barron and her brother, L. S. Barron and family.

RETURNED HOME

Mrs. A. J. Wall, of Vernon, who has been here visiting with her daughter and son-in-law, Mr. and Mrs. Sherman Sweatman and other relatives and friends, returned home Sunday with another daughter, Mrs. Byron Phillips and family, who had come after her. The Phillips are also from Vernon.

Pedestrian Safety Rules Are Given

So you don't drive a car... hardly ever ride in one? Well, don't let this fact give you any false assurance. You can still end up as a traffic accident fatality.

That warning was passed along by Mr. E. C. McFadden, Vice President, Employers' Casualty Company, Dallas, Texas and President, Texas Safety Association, Inc., today as he cautioned Texas pedestrians that traveling on foot is no guarantee against involvement in traffic accidents.

Mr. McFadden spoke on behalf of the pedestrian safety program being sponsored by the Texas Safety Association, Department of Public Safety and the National Safety Council this month.

"A great many pedestrians killed each year are non-drivers," he said. "Being non-drivers they don't realize the problems the driver faces when he sits behind the wheel of his car, and so they guess wild when they try to figure out his reactions."

Mr. McFadden pointed out that even people who can drive have tendency to drop the driver's point of view they step out of their cars and become pedestrian.

"The pedestrian's best safeguard is always to figure that the driver can't see him," he said. "Then he won't expect the driver to watch out for him."

Mr. McFadden advised walkers to observe the following rules to stay safe in traffic.

1. Cross streets at corners only.
2. Never walk into the street from between parked cars.
3. Obey traffic signs and signals -- cross on GREEN or WALK only.
4. Wait on the sidewalk -- not in the street -- for the GREEN or WALK or for a gap in traffic.

5. Cross streets in crosswalks.

6. Look LEFT and then RIGHT for traffic while crossing. Watch sharply for turning cars. (Be especially careful at one-way streets to check the direction of approaching traffic.)

7. After getting off a bus or streetcar, don't go around it, front or rear. Wait until it leaves before crossing.

8. If you're not feeling well or are in poor health, allow extra time or get help if you cross streets. Get glasses if your sight is poor.

9. At night when walking on poorly lighted streets of country roads, wear or carry something white or reflectorized.

10. Walk on LEFT facing traffic where there are no sidewalks.

Social Security Representative Here November 17

A social security representative will be in Muleshoe at the Post Office at 9:30 a. m., on November 17 and will be glad to assist in all matters pertaining to social security.

Employers and employees are reminded that the maximum wages from which the social security deduction is made has increased to \$1200 for 1955 and succeeding years. John G. Hutton, manager of the Lubbock social security office said that the 1954 Amendments to the Social Security Act provided for this increase effective in 1955.

Hutton stated that the increase in wage credits thus established would mean higher maximum benefits in the future for retired workers and their dependents or for the survivor of these workers in case of death. The \$3600 maximum allowed before 1955 permitted maximum monthly benefits of \$98.50 to a retired worker while the new \$4200 maximum

can mean \$108.50 to insured employed or self-employed persons retiring after mid-1956.

All employees who earn wages of more than \$3600 in a calendar year should make certain that the new maximum is being reported for them by their employer. They can do this, Hutton continued, by checking their pay slips or by checking with their employers.

"The social security administration also advises all workers to check on their wage records each five years. Post card forms are available at all social security offices for this purpose", Hutton added.

Texas Highway Patrol Taking Applications

The Texas Highway Patrol is accepting applications between now and January 1 for appointment as State Patrolmen.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said that statewide examinations would be given in January and that successful candidates would begin training at the Austin Headquarters of the DPS in April.

Forty-seven men are now in recruit school and another class will begin in January. These were selected as a result of examinations given last Summer.

The Public Safety Director invited all young men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive; have a high school education; be at least 5 feet 8 inches in height; and weigh not less than two or more than three and one-half pounds per inch of height.

Garrison also emphasized that applicants must have been residents of Texas for at least a year prior to the date of examination and they must be good moral character and in perfect physical condition and able to withstand a rigid character investigation.

Base pay of a patrolman, after schooling and a six months probationary period, is \$315 monthly. Also provided is longevity pay; two weeks paid vacation annually; sick leave, if necessary; and the benefits of both the State Retirement Act and Federal Social Security.

Applications may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, Austin, or by visiting the nearest Patrol District Office.

Ted J. Treider At Santa Anna

SANTA ANNA, Calif. — Marine Cpl. Ted J. Treider, checks the wheel section of a Panther Jet while serving as an aviation electrician with Marine Attack Squadron 224 at the El Toro Marine Corps Air Station here.

He is the son of Mr. and Mrs. Jewel Treider of Lubbock. Before entering the service in November, 1953 he was graduated from Lubbock High School and attended Hardin-Simmons University at Abilene.

S. O. Bewley Aboard USS Shadwell In Naval Exercises

Taking part in a major amphibious exercise on the southeast coast of the U. S. aboard the dock landing ship USS Shadwell is Navy Lt. (jg) S. O. Bewley, of Route 3, Muleshoe.

The exercise, involving 80 ships, 347 aircraft and 42,000 Navy and Marine Corps personnel, began October 19 and was climaxed by an amphibious assault on Onslow Beach, N. C., November 3.

The maneuver will provide realistic training in all phases of amphibious warfare, including the simulated use of offensive and defensive atomic weapons.

Lubbock Forms Writers Workshop

LUBBOCK, TEXAS — A workshop group of people who are interested in writing in a professional manner has been formed in Lubbock. Still in the formative stage, the group is extending an invitation to those in this area who are interested in joining the workshop.

The group has as its criterion of membership a professional attitude, a willingness to work which will be judged on a monthly wordage basis, and an eagerness to help others.

The membership of the group already includes people who are interested in adult fiction, juvenile writing, feature article writing, and poetry.

The next meeting will be held on Tuesday, November 8, at the home of Mrs. J. E. Boyd, at 3007 38th Street, in Lubbock. If you are interested in the group and plan to attend and if it is possible please drop a card indicating your plans to Mrs. Boyd before the meeting.

FROM AMARILLO

Pvt. J. W. Pruitt Trains At Bliss

Pvt. Jarrell W. Pruitt, son of Mr. and Mrs. William C. Pruitt, Route 2, Muleshoe, recently began six months of military training at Fort Bliss, Tex., under the new Reserve Forces Act.

Private Pruitt is receiving eight weeks of basic combat training which will be followed by advanced individual and unit training. Men volunteering for the six months tour of active duty are permitted to finish their military obligation in local Army Reserve or National Guard units.

Pruitt, a former Muleshoe Student of Muleshoe High School, entered the Army last October.

ATTENDING MEETING

Dr. W. F. Birdsong is in Amarillo today, Wednesday, attending an all-day medical meeting.

WAS IN LUBBOCK

Mrs. W. F. Birdsong was in Lubbock Friday of last week on business.

FROM CALIFORNIA

Mr. and Mrs. A. V. Evans, of Bakersfield, Calif., and their friends, Mr. and Mrs. Gene Campbell, of Bell Flower, Calif., have been here visiting the Evans' sons E. W. and Elmo Evans and families.

MRS. GAMMON IMPROVED

Mr. and Mrs. John Farley visited at Friona Hospital with Mrs. John Gammon Sunday. Mrs. Gammon, who was recently injured in an automobile accident is much improved, they reported.

DON'T LET ARTHRITIC — RHEUMATIC PAIN RUIN YOUR LIFE!

There's no need to suffer — you CAN get relief QUICKLY with AR-PAN-EX. Most pain will subside... YOU, and your loved ones can rejoice like thousands who are now relieved.

Everywhere, victims of sciatica, lumbago and neuralgia are discovering our "wonder-tablet" and thanking heaven for the SURE RELIEF AR-PAN-EX brings. Aching muscles, stiff joints may become limber again.

"I'm sorry I didn't try AR-PAN-EX months ago. Think of the agonies I could have avoided," writes one. Yes, indeed! But thousands who read this will NOT act... will DOUBT our HONEST WORDS. We say BELIEVE — have faith in AR-PAN-EX. We sincerely tell you — AR-PAN-EX will quickly relieve much pain — or your MONEY BACK!

WESTERN DRUG

"WE WIRED FOR HELP!"

says Mr. Roland Champion, 808 S. Plains Park Drive, Roswell, N. M.

Wiring — good wiring — is an investment that never depreciates. And good wiring never costs less than it does when you build.

As H. D. Danenberg, who wired the Champion's home, points out: "With their present system, they won't have any expensive additions in the future."

Whether you build or remodel, be sure that wiring is part of your plan — if you plan to live the modern way.

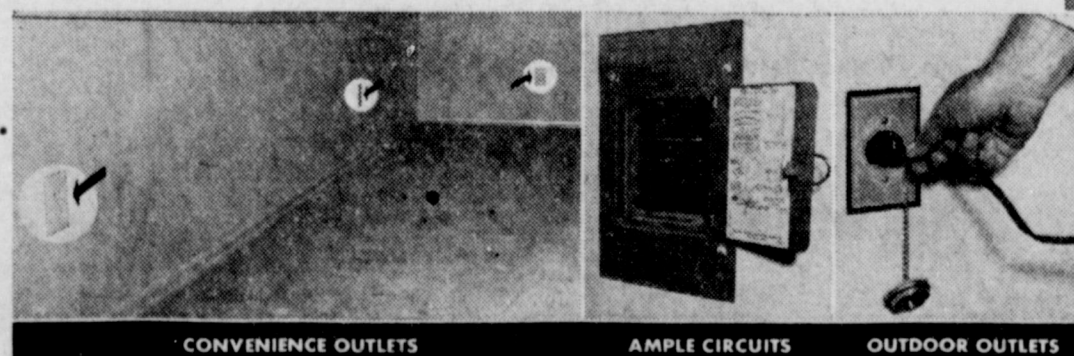

The lifeline of modern living is your home electrical wiring system. When it's up-to-date, you're up-to-date.

Mr. and Mrs. Roland Champion of Roswell know the pleasures of modern electric living, for their home is wired for today — and the future.

Mr. Champion says: "With our home wired for our needs, we live very comfortably, and certainly conveniently."

Mrs. Champion gets right down to cases. "Our wiring lets us have an electric range. I wouldn't have any other kind. The outlets in the kitchen are so handy, and in the living room they're just right for the arrangement of furniture. Our wiring serves us from daylight to dark, right around the clock."

For pleasant living — electric living — wire ahead in your home now.

**BABSON DISCUSSES—
Character Audits For
Corporation Executives**

Babson Park, Mass. Nov. 10. We have approached the stage where we must consume our reserves of natural resources with more caution and wisdom. Unfortunately, too many of us have looked upon these vast resources as nature's gifts, to be used as desired. Our minerals and forests have therefore been used too freely, although we have achieved one of the highest standards of living.

Through our skillful utilization of coal, iron, aluminum, copper, and other raw materials, our work has been made easier. We have more leisure, so that we may follow cultural pursuits. However, this leisure, to be meaningful, should include pursuits which add to our spiritual values and not just those which further our pleasures or promote more technical achievements.

NATURAL RESOURCES MAY BE DEPLETED
The wisest industrial leaders have begun to look to the time when some of our precious natural resources will be depleted. With plans for solar, atomic, and gravity power still only in development stages, for war or peacetime uses, we especially need to conserve our resources so that we may make the best possible use of them. We should, therefore, be more careful of our ore, forest, and oil reserves. We are already replenishing our woodlands by reforestation, and are using better methods of soil enrichment, fertilization, and cultivation so that each acre of farm land will yield more of a certain crop.

We have also realized that we must search for new and additional reserves of natural resources, not only here, but also all over the world. More countries will then be able to develop their own industries and agriculture, so that more people may benefit therefrom. Each country will produce those which it is able to turn out most efficiently. Then, these products will be exchanged so that all industries may be used to the best advantage of everyone, everywhere.

THE ULTIMATE GOAL
The ultimate goal of the wise use of natural resources is to raise the standard of living, and it is important to keep this goal

**SAND HILLS PHILOSOPHER WANTS
Job Teaching Farmers How To Loaf
If Government Rents Their Land**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm sounds like he's fighting a windmill this week, but you never can tell.

Naturally I have been following all the political speeches and comments in the papers over what ought to be done about the farm price situation, and while I'm not sure anybody can come up with a complete solution, it's awfully comforting to know somebody is thinking about you.

Naturally also every time somebody makes a suggestion, somebody else has an objection. Along this line, one of the proposals to cut down on the surplus and raise the price for farmers is to have the government rent some of your land and thus keep it out of production, and I guess it'd work, because I don't know many government workers who'd be very much at farming anyway, that'd be an excellent way to cut down on production, but the objection to this is that it would be unfair to a farmer to rent part of his land and throw him out of part of his year's work, even if he got paid for it.

It might spoil a farmer to let him get in the habit of seeing part of his land lie idle, the argument goes. "The government can't afford to risk getting a farmer out of the habit of working all his land. Idleness is the devil's workshop."

Obviously, this calls for an expert, and if there's anything I'm an expert at, it's watching land lie idle. I will be glad to take on the job of letting other farmers in on how they can survive with their character intact the dangerous job of letting some of their land go un-worked for a year or so. For a reasonable fee, which in lawyer's language means a pretty hefty price, I will set up a school of instruction in the art of safe-non-habit-forming loafing. I have pioneered in this newer branch of agriculture and I'm just the man the government's looking for. It has taken me years to reach this point, but I am prepared to face the government's land rental program, unafraid and confident. I can meet it and survive, if the rental payments are high enough.

In case the government doesn't hire me, though, and still goes ahead with its plans for paying a farmer for not producing on part of his land, I think it would be only fair that they make the payments retroactive. I've got land out here that's been non-productive for years.

Yours faithfully,
J. A.

**SINUS SUFFERERS WHO WANT RELIEF AND HELP
Send today for this new SINUS BOOK
(We have No Medicine or Anything Else to Sell You)**

No Matter how long you have suffered, or what you have tried, this instructive Health Book, written in easily understood words, will enable you to fully understand your own case and may save you years of suffering. This book contains information generally known only to Specialists. It explains the different types of Sinus Diseases. The Anatomy and Physiology of the Sinuses — Lists the causes and symptoms of Sinus Disease — Describes complicating Secondary Diseases, and how operations may often be avoided. Few realize how serious Sinus trouble can become if long neglected.

in mind. Moreover, it is just as important to emphasize the building up of spiritual resources as of physical resources. Our nation's true power is in its spiritual strength.

Therefore, in our attempt to conserve natural resources in order to attain material well-being, we must emphasize the dignity of the individual. This country has become the richest nation in the world. We have proved our leadership in industry. We must now show our leadership by building up our spiritual and other human resources.

HOW TO DEVELOP SPIRITUALLY

Most readers are asking for a practical method of developing this nation spiritually. I, of course, am very happy with the example which President Eisenhower has set us by attending Church services regularly and trying to make Sunday different from other days. I also appreciate his opening his Cabinet meetings with silent prayer. Certainly the habit of family prayers, under which I was trained, was a great factor in my life. I believe that Bible reading in the public schools should be retained.

When I think of my ancestor, Reverend John Rogers, who was burned at the stake February 8, 1555, for translating and distributing the Bible, I feel ashamed of myself for the little effort I am making to increase Bible reading, especially the reading of the modern Condensed Bibles such as the "Soul of the Bible," or Reeve's Brief Bible.

When admitting students to Babson Institute, we do not ask whether they are Protestant, Catholic, Jewish, Hindu, or Moslem, but we are greatly interested in their character and hope they pray to the Universal Father. The nation must, however, go even further; we must see that our corporations are led by men of character. I forecast the day when auditors of corporations will report statistics to stockholders indicating the character and health of the leading executives just as they now give financial statistics. This is perhaps the most important thing we could do to assure continued prosperity and avoid a severe business depression.

**Through A Glass
Darkly**

By CARROLL POUNCEY

After an absence of eight months, the Kindly Old Grey Haired Editor has once more returned to Muleshoe to plague Scoop Forbes, et al, with his fiendish machinations, in the guise of editing the proud Muleshoe Journal. We have missed being in Muleshoe, and we are a good bit happier than somewhat to be back again.

— TGD —
We have brought along a helper this time, whose principal chore it will be to write a column of useless information for the edification and probable boredom of The Journal's readers. This helper is a character going by the highly unlikely name of Gomer Cool. He has been with us for a spell now, and so far we have found him a veritable fount of worthless knowledge.

Of Gomer is the former, or ex-mayor of Pine Ridge, Arkansas, being defeated by the Implicite ticket candidate, one Cactus Jack Zickafoss. Gomer would have you believe that Cactus Jack had more of his family counting ballots than Gomer had, thus Gomer lost the election. Gomer had a good platform too, advocating free lunches and longer lunch hours, but he lost anyway. Such are the ways of the politicians.

Gomer spends most of his time these days traveling about the country giving lectures to ladies clubs and marching societies. His talk is entitled "Through The Alimentary Canal With Gun and Camera", and it is guaranteed to put the liveliest audience out like a light within five minutes after he begins talking.

His latest remark is: When a man says he is boss of his household, he is apt to lie about anything.

— TGD —
It might not be amiss, (whatever that means) to explain about the title of the column before we go any further. Through a Glass Darkly simply means that we don't always see things too clearly, and you will note that the meaning of most of the sentences in the column have that same elusive quality. Although there is a similar phrase in the Bible, we undertake no allusions to the Good Book, and never attempt prechments, leaving that for the good graces of Reverend Todd, et al.

We simply try to do two things in this column. One, and this is the main one, fill up a hole in this page. Two, to pass along fiction and fact that will be of breathless interest to practically no one.

We hope you tolerate it.

**Today's
Meditation**

**The Adventure of Faith
Read Luke 16:10-13.**
Unto whomsoever much is given, of him shall be much required. (Luke 12:48.)
Said a layman to his pastor, "Sir, why don't you stop preaching to us about how we use our earthly possessions and, instead, simply preach the gospel?" The layman did not like the emphasis on the stewardship of possessions.

Thinking of the layman's question as a challenge, the pastor began to study the Master's teachings on the stewardship of property. He found that the Gospel of Matthew contains over one hundred references to the subject; Mark, more than fifty; Luke and John, almost one hundred each. In truth, Jesus spoke five times as often about earthly possessions as on any other subject.

At a glance the fair-minded person sees that the Master considered stewardship a very important subject. He did not evade it, nor does He expect the shepherds of souls to do so.

Every person who begins the practice of stewardship of his possessions does so in an adventure of faith, only to find his life enriched beyond all that he hoped or thought possible.

PRAYER

O God, we thank Thee for the privilege to be channels of Thy blessings. Keep us humble. Discipline us to the purposes of Thy kingdom both in personal service and through stewardship of all possessions entrusted to us. In His name. Amen.

THOUGHT FOR THE DAY

"Every one of us shall give account of himself to God."
A. Purnell Bailey (Va.)

CHRISTIAN SCIENCE SERVICES

The spiritual basis of man's health and life will be emphasized at Christian Science services this Sunday in the lesson-Sermon entitled "Mortals and Immortals."

Man's dominion over disease will be set forth in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following passage (14:25): "Entirely separate from the belief and dream of material living, is the life divine, revealing spiritual understanding and the consciousness of man's dominion over the whole earth."

Scriptural selections to be read will include the following from Matthew (15:30): "And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them."

PROFITS CAN YOU AFFORD TO MISS 'EM?

Amazing fuel savings, 3 to 4 seasons without overhaul.

Oil life increased 4 times. No carbon sludge, "ping"

Stepped-up engine power.

ENSIGN LP-GAS CARBURETION

You've heard how tractors using low-cost LP-Gas and Ensign Carburetors are scrapping customary performance standards. "Sure," you say, "It'd be sitting pretty with that kind of power, but I can't afford it." Stop a minute. Look at the facts, and you'll find that it is actually costing you money every day you delay switching to LP-Gas! Consider fuel costs. The per-gallon difference between your present fuel and LP-Gas will pay the modest cost of converting in a short time. Then you'll save dollars, while enjoying a more powerful, smoother running engine. Oil? With LP-Gas, lube oil life is 4 to 5 times longer! And, overhaul jobs are needed only every third or fourth season as LP-Gas leaves no carbon, gum or sludge.

See how switching to LP-Gas with Ensign carburetion pays dividends? Why not talk to your Authorized Ensign Dealer? Find out now about ALL the Ensign and LP-Gas advantages. . . You can't afford to miss 'em!

**For '56
New Sweep-ahead styling
New Sizzle to match**

WHAT YOU SEE pictured here is Buick for 1956— and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.

But what you see from the curb is fully matched by what you feel at the wheel—and that's gospel. For this Buick gets its zoom from a mighty 322-cubic-inch V8 engine lofted to a new record high in power and compression—and from a spectacular new advance in Variable Pitch Dynaflo.*

What's new in the '56 Dynaflo is this: in the first inch of pedal travel—and not with wide-open throttle—your Buick moves from standstill to cruise with silk-smooth, instant and certain getaway.

But comes a sudden need for safety-surge action to get out of a tight spot—and you floor the pedal to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration—a thrill beyond words.

There's a lot more we could tell you about these great new Buicks—about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.

But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Best Buick yet

Pedestrian Safety Highlights From Three Way Rules Are Given

GRIFFITHS
Mr. Phillips is 74 years old. The grade school basketball teams were defeated by the Bledsoe teams Thursday evening in the games played at Bledsoe. The high school team defeated the Spade team 48 to 47 in a game played at Three Way. Spade is coached by Roy Dykes, former teacher and coach of Three Way. The school carnival was a huge success. Supt. Archie Sims will have a complete report on the income of the different concessions at the carnival. It was estimated that around \$750 was taken in Friday evening. The coronation of the grade school and high school kings and queens was held Saturday evening, Nov. 5. It was said to have been the most beautiful program of its kind ever to be presented at Three Way. Mrs. Dyer and Mrs. Green directed the program. The stage was decorated in white and green pom-poms and the thrones for the royalty were beautiful, covered in white with pink flowers and green spray entwined across the high back. The school chorus was made up of girls from high school and junior high. They were lovely in their formal dresses. They sang, "Cruising Down the River", "Shine on Harvest Moon", "A Blossom Fell", and "Cherry Pink and Apple Blossom White". Four little flower girls and two court jesters completed the cast for the coronation. Miss Annonie Hightower and Jessie Hodges were crowned queen and king of grade school. They are eighth grade pupils. Miss Lynda Lowe and W. C. Eubanks were chosen to reign over Three Way High school. They are juniors. Three Way school will observe Homecoming, Friday, Nov. 11. Registration will begin at 1:30 to be followed by general assembly, with a program and pep rally. A tea honoring Three Way Ex-students and teachers will be at 3:00 and the final football game of the season will be at 7:30 against Smyer. The football sweetheart and hero will be recognized at half time. They are Peggy Fowler and Charles McCafferty. All ex-students and teachers are urged to attend the homecoming. Three Way Home Demonstration Club met in the home of Mrs. Lewie Jordan Thursday afternoon, November 3. The program was on Entertaining Con-

WEEKEND GUESTS
Weekend guests in the Dave Coulter home was her daughter and son-in-law, Mr. and Mrs. R. L. Chapman, of Brownfield.
FROM TEXAS
Mr. and Mrs. Watt Guest, of Texaco, N. M., visited over the weekend in the Travis Butler home.
VISITING IN SOUTH CAROLINA
Mrs. W. C. Colbert is visiting this week in Anderson, S. C., with her mother, Mrs. J. L. Hembee.
ATTENDED GAME
Mr. and Mrs. Bill Jim St. Clair attended the Tech Homecoming game last Saturday afternoon.
ATTENDED GAME
Houston Hart, Irving St. Clair, and Russell Haberer attended the Texas Tech-Arizona game at Lubbock Saturday afternoon.

About People You Know
and was their daughter, Winona of Lubbock; his sister and brother-in-law, Mr. and Mrs. Bob Chambers of Amarillo, and his brother, A. R. Glenn, of Canyon.
ATTENDED CONVENTION
Mr. and Mrs. Rufus Gilbreath attended the Texas State Seedmen Convention in Dallas last Thursday, Friday, and Saturday.
FROM OKLAHOMA
Norma Pierson, of Norman, Okla., was a guest a few days last week in the home of her brother, Mr. and Mrs. F. B. Pierson. Other guests last week in the Pierson home included their son and daughter-in-law, Mr. and Mrs. Bill Pierson and son, Billy, of Lubbock.
FROM HEREFORD
Mr. and Mrs. Tom Burden and children, of Hereford, visited here Sunday with her mother, Mrs. A. L. Gabbert and family.
FROM FT. WORTH
Mrs. Charles Julian and children, of Ft. Worth, visited last week with her parents, Mr. and Mrs. A. E. Scarbrough. On Thursday, the Scarbroughs and Mrs. Julian and family traveled to Amarillo, where they visited their son and brother, Mr. and Mrs. Archie Scarbrough.
ARIZONA VISITED
J. H. Jackson, of Mesa, Ariz., visited a few days with his brother and sister-in-law, Mr. and Mrs. R. E. Jackson. He brought his mother, Mrs. M. C. Jackson, who had been visiting him, home.

Harvest Prospects Good Despite Many Setbacks

THRESHING SUDAN GRAIN is a sight not often seen on the South Plains. This threshing operation was going on at the James Glaze farm in the Lazbuddie community last Thursday afternoon. (Staff Photo)

COMBINING GRAIN has slowed down since the snowfall, but last weekend when this shot was made, many farmers were finishing up their grain crops and some combines were running night and day. (Staff Photo)

The land is bountiful with the harvest, and the bulging granaries bespeak the richness of the Autumn. The vivid blue of the skies contrast sharply with the white of the cotton fields. And the yellow grain is the fruitful fulfillment of the summer's promise.

Farmers in the Muleshoe area

Lions Bag of Bulbs Sale Is Thursday Night Of This Week

The Muleshoe Lions club members will be knocking on doors Thursday night of this week selling lightbulbs in a fund raising campaign to carry on their civic improvement projects.

The lightbulbs are packed 10 in a bag, and will sell for \$2. About two cents less than regular store price. Homeowners can purchase a needed item and add a worthwhile cause at the same time. Lions club members point out.

The bags contain several bulbs of the most used sizes.

VISITED RELATIVES

IN ROSWELL, N. M.

Mr. and Mrs. J. M. King traveled to Roswell, N. M. the past weekend, and visited the relatives and friends.

might not consider the harvest in such following phrases but they are all aware of the benevolence of nature at this season of the year. Whether riding a combine or weighing out a trailer of cotton, the joys of harvest time are readily apparent.

And the Bailey county farmers are enjoying a good harvest, despite drought, floods and hail storms earlier in the season. Cotton in the irrigated sections of the county is producing satisfactorily, most farmers feel, even including a loss to early freezes on late planted crops. The freezes have probably contributed to a general lowering of the grade of machined cotton because of the large number of immature bolls caught by the frost.

Heavy irrigation, carried out longer than usual due to the drought has also contributed some to a lowering of staple length. But by and large, the cotton harvest is a good one and the farmers are thankful.

Grain harvest is well past the mid way point, with combines running in nearly every grain field. The abundance of the grain crop is such that mountains of grain are piled around the elevators, awaiting boxcars for shipping. Elevators are overflowing, and there is little doubt but that this was a good year for grain.

The Journal visited several farms last Thursday afternoon to see how the harvest was progressing and make a report to our readers.

On the James Glaze farm near Lazbuddie, a sight that is set-

dom seen anymore was taking place. Bundled sudan was being threshed, and the piles of yellow straw towered above the threshing machines. Glaze had 235 acres of sudan, which he thought will make about 1500.

And on the F. Heathington farm near Muleshoe, a crew of 21

Mexicans was busy pulling bolls in a field of Stormaster cotton. The foreman estimated that the cotton will yield more than a bale to the acre, despite a number of immature bolls caught by the freeze several weeks ago. Some of the more advanced bolls are opening still under the in-

fluence of reasonably high day time temperatures.

All in all, the harvest is progressing as well as could be expected, and much better than expected in some places.

As one farmer said, "the harvest time is always the best time of the year".

PULLING BOLLS. These Bracero laborers are shown on the Heathington farm near Muleshoe. This scene was typical all over the Muleshoe area prior to the snow early this week. (Staff Photo)

Christmas Mailing Instructions And Tips On Packaging Are Issued

Postmaster Arnold Alcorn today gave some tips on how to mail for Christmas.

At the same time, he urged mail patrons to start planning now to ship early and mail early for Christmas.

A new illustrated pamphlet, "Packaging and Wrapping Parcels For Mailing," describes the type and sizes of cartons best suited for shipping, and lists hints that will help special Christmas mailing problems, such as shipping chinaware. Copies are available - free - at the Muleshoe post office.

Right packing, right wrapping, and right addressing are the three keys to easy and trouble-free Christmas mailing, Mr. Alcorn noted.

Detailed packaging instructions may be obtained easily from the packaging and wrapping pamphlet. But the Postmaster did have a few do's and don'ts to offer, as follows:

DON'T go for flimsy light cardboard and paper boxes in packaging your Christmas presents for mail.

DO pick strong containers in good condition. An empty corrugated fiberboard box of the type that may be found in your neighborhood grocery is good for mailing gifts, for example, if it is rigid and undamaged. Be sure the container is the right size; if it is too large the contents are apt to shift in transit; if too small, an overstuffed carton may burst in shipping. If necessary, cut your container down to fit the contents.

Cushioning material, such as excelsior, shredded newspapers or tissue paper, should be evenly and firmly placed on all sides of the gift item. Two or more

inches of such covering is the minimum.

The carton should be wrapped in heavy brown paper and tied with strong twine.

Articles of a delicate nature such as glass, china, electrical appliances, musical instruments and radios, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable," if subject to spoilage. But don't mark the wrapping with unnecessary wording. For example, "Do not Delay," is superfluous. "Rush" does not properly belong on a parcel. If it is desired to expedite delivery of a parcel, use special handling or special delivery service.

DO address plainly and properly, using postal zone number where available. Address should be printed in ink or typed, and a return address should appear on every parcel, no matter how far it may be going.

The proper place for return address, incidentally, is the upper left hand corner of the parcel - not on the back, side, or one of the other corners.

The overwhelming bulk of Christmas mail will be by parcel post, of course, and it should be remembered that size and weight limits vary, depending upon the post office of mailing and the post office of address.

Mailers may check with their post office and ask for the "Familiar Post Office Department Publication 3," which contains the rates of postage and limits of size and weight for domestic mail.

Books may be sent at a special low rate of postage, but mailers must not enclose other articles with books at this rate

CINDY SMITH, four year old daughter of Mr. and Mrs. John W. Smith is the mascot of the Muleshoe High school band. She marched with the band during homecoming week and will appear with the band again this week.

Timely, Exciting Film In "The Phenix City Story"

"The Phenix City Story" is a motion picture based on true events in the once notorious Phenix City, Ala., and emerges as timely and exciting at today's headlines.

The Allied Artists' release, which opens at the Valley Theatre, graphically illustrates how Phenix City earned its infamous reputation as "America's Sin City."

This is no milkop of a picture because Phenix City in its wild roaring days was no milkop of a town. The film is hard-hitting, dynamic and dramatic because it actually portrays the town as it existed prior to June 1954.

That was the date of the big changeover the month when former Alabama Attorney General-elect Albert Patterson was murdered by town racketeers and the state militia moved in to close the wide-open gambling joints and other vice dens.

"The Phenix City Story," benefiting to a tremendous extent from a fast-moving script, excellent direction and superb performances all down the line, re-creates the town as it existed in its vice heyday and effectively dramatizes the events that led to Patterson's murder and the militia's raid.

Richard Kiley, Kathryn Grant, John McIntire and Edward Andrews have the top roles and all

turn in excellent performances. Miss Grant is convincing as a gambling hall dealer who tries to foil a murder plot.

Kiley reaches a high point in his career with his portrayal of John Patterson, the Attorney General of Alabama, who fights the vice ring to avenge his father's murder. McIntire is seen as Albert L. Patterson and his performance is a masterpiece of shading and technique.

Other prominent in the cast include Megs Myles, sensational singer; John Larch, excellent as a vicious heavy; Jean Carson, and James Edwards.

Samuel Bischoff and David Diamond, producers, filmed the picture entirely in Alabama and the wisdom of this decision is evident with every foot of film. "The Phenix City Story" captures the spirit and flavor of the town in the wild hectic days when it was controlled by hoodlums, gunmen and racketeers.

Director Phil Karlson interpreted the screenplay by Crane Wilbur and Dan Mainwaring with intelligence and imagination. All the production credits are excellent, particularly Harry Neumann's cinematography.

ATTENDING SCHOOL
Owens Jones is attending a Meter School this week at A & M College Station.

Cerebral Palsy Clinic To Be Held At Lubbock

A clinic for the examination of children with cerebral palsy will be held Thursday, November 10, at the Lubbock Cerebral Palsy Treatment Center, 3502 Avenue N, Lubbock.

Cerebral palsy is caused by poor development of brain tissue, by severe head injuries, or by illness in which the child has a high temperature. An arm or leg may be affected or both arms and legs and muscles of the trunk and face. Treatment can be started at any age but is most effective if started within the first few weeks of life or soon after injury or illness causing the condition.

The Lubbock Cerebral Palsy Treatment Center is open to any

Mollie Stinson Discusses H. D. And 4-H Work

person with cerebral palsy. During the seven years it has been in operation, over 700 cases have received treatment in the Center. There are no geographical boundaries from which cases come and, to date, patients have come from a five state area. The Center is open to patients of all races, colors, and creeds.

Parents who wish to bring children to the clinic are requested to register the children at the Center before the date of clinic information regarding the clinic may be obtained by writing Dr. Esther E. Snell, Director, or calling Lubbock, SH-4-7119.

the Rotary Club about her work with women and girls when the club held its weekly luncheon meeting Tuesday. She was introduced by John Miller, program chairman this month.

There are five home demonstration clubs now in the county Muleshoe, Progress, West Camp, Three Way and Community Center Club, at Needmore. The clubs study such subjects as home improvement and landscaping, canning and preserving in season, clothing, decorating, etc.

Among the girls there are seven 4-H organizations. This year these clubs held a district camp, sent two girls to the annual 4-H Roundup at A & M College and took a large number to a county camp, held in the mountains of New Mexico.

Adult leadership for the girls is a big problem, Mrs. Stinson said. However, whereas the seven groups had three adult leaders Saturday is achievement Day for the 4-Hers, and they will have their exhibitions at the

Community Center at Needmore to which everyone is invited.

Guests included Donald W. Taylor, Muleshoe; Johnny Geis, vice-president of the First National Bank, P.O. Worth; Charles Jennings, Junior Rotarian; and Rotarian Woman of Clovis, President E. O. Baker named a candy sales committee; W. T. Bovell, chairman; W. T. Andrews, Earl Harris, Muri Wilson, B. A. Dalton, and Eddie Lane.

LEFT THURSDAY

Mrs. O. G. York left Thursday for Harshor, Okla., to visit her daughter Mrs. Floyd Templer and family.

Test the tremendous *GO* of the fabulous

'56 Pontiac

Introducing a Big and Vital
General Motors "Automotive First!"

A new Strato-Flight Hydra-Matic - coupled with Pontiac's 227-H.P. Strato-Streak V-8 - results in performance so new and dramatic it must be experienced to be believed!

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive - eager oil-smooth response and safe, secure handling - that even monotonous home-to-work driving becomes your finest hour!

And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.

Its blazing 227-h.p. Strato-Streak V-8, coupled with silken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafs - ready at a touch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The difference in performance - in driving, smoothness, ride and control - is so terrific that it can only be appreciated at the wheel.

So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go" - and enjoy the greatest safety ever built into a car. Then you'll know why the word's spreading - "They'll be a long time catching up to this one!"
