Number 31

Schools Prep For County Meet

Annual Boys' FFA-4-H Club Livestock Show Saturday

The hearts of thirty-five hundred Lynn county school children are all a-flutter this week-end over the annual Interscholastic League meet to be held here next week.

Coaches and teachers in all the schools are intent on whipping into shape their best athletes with the hope of winning first place or at least high honors in the contests in which they are to engage.

Athletic contests hold the deepest interest for the pupils as a rule, but there are also those who are to engage in purely intellectual or literary contests and who are just as intent on winning high honors as are the athletes.

The contests begin in earnest on Wednesday, March 20, with playground ball and volleyball contests in the Grammar school gymnasium.

The young orators of the county will have their inning that night when the declamation contests will be heard both in the gymnasium and the high school auditorium.

The songbirds will be in their glory Thursday night when there will be choral singing in all the divisions in

(Continued on Back Page)

Soil Conservation Proposal Defeated

Incomplete returns indicate that the proposal to create a soil conservation district of Lynn and Dawson counties failed to receive the required two-thirds majority in the election held throughout the two counties last Saturday, according to assistant county agent C. A. Lawrence. This district therefore will not be created.

The vote in Lynn county was strongly in favor of the proposal but Dawson county registered a heavy vote against it.

With all Lynn county boxes except Wells reporting, including O'Donnell which includes voters from both counties, the vote in this county was 233 for the proposal and 71 against.

Incomplete returns in Dawson county: 90 for and 165 against. Both counties, incomplete 323 for; 246 against.

Lynn county voted by boxes as follows:

Voting Box	For	Against
Tahoka	97	3
Draw	21	1
Gordon	23	2
West Point	12	8
O'Donnell	17	47
Wilson	19	0
Grassland	15	0
New Home	29	11

Omitting O'Donnell, which drew voters from both counties, the returns for Lynn county showed 219 for and 24 against.

BUSINESS CHANGE

Another business change has taken place this week.

Joe Hodge, who has operated the Tahoka Fuel Company for the past two years, has closed out the business and is now operating a gasoline transport business for Burleson Crain Co.

REVIVALIST

Rev. H. M. Ward of Mineola, Texas, who will begin a revival at the First Baptist Church here March 24.

School Census Is Being Taken

School census enumerators are busy this month in all the districts of the county.

Carl Griffing, secretary of the board, is taking the census in the Tahoka district, and he asks the cooperation of the patrons in enumerating all children who will be between the ages of six and eighteen on next September 1.

Since each scholastic enumerated means \$22 to the school district from the state apportionment, it is important that every child be included even though they may have graduated, quit school, or married.

The News is informed that Mrs. Edd Milliken of the Morgan community is seriously ill in the Lubbock Sanitarium.

Grand Jury Recommends New Jail For Lynn County

Before the recent grand jury adjourned, the members of that body thoroughly inspected the jail and thereafter embodied in their report a recommendation that a new jail be constructed. The paragraph containing this recommendation is as follows:

"We have inspected the court house and find same being kept in a good and sanitary condition. We have also inspected the jail and find that due to the lack of room and poor facilities and unsanitary conditions, we consider it to be in an unsafe and dangerous condition for the officers and inmates, and we strongly recommend to the commissioners court to take immediate steps toward the erection of a modern and sanitary jail for our county."

In discussing the report, County Judge P. W. Goad stated that he and the commissioners court would not feel justified in taking any action looking to the erection of a new jail until they can get an expression from the people.

We do not have the money with which to erect a new building," he

(Continued on Back Page)

PETE WETSEL DIES

Word was brought to the News just before our forms closed that Pete Wetzel, 74, father of Jim Wetzel and Mrs. R. L. Gray of this city died at his home at Henrietta last Saturday. He lived in Lynn county several years and had many friends here.

Jim Wetzel and family, Mrs. Gray, and children C. T. Oliver and Ed Hamilton attended the funeral services.

Mr. and Mrs. W. H. Fulkerson attended the Fat Stock Show in Fort Worth last week end.

ACC Wildcat Band Here Next Tuesday Night For Concert

The people of Tahoka are to be given a rare treat next Tuesday night when the Wildcat Band of the Abilene Christian College will appear here in a variety of entertainment in the High School Auditorium at the request of the Tahoka High School Band, according to an announcement made this week by Mr. Joyce H. Felts, T. H. S. band director.

In making the announcement Mr. Felts stated: "This outstanding band will play the famous overture 'Barber of Seville'; a number of beautiful instrumental trios; a few vocal solos by Mr. Frank Dunn, who is an excellent baritone soloist; Irving Berlin's 'God Bless America'; 'Soldiers on Parade', a patrol by Delucca; a number of very interesting novelties, such as 'Three Little Bears' by N. W. Long, and 'The Colored Wedding'.

"The band director, Mr. Crane, also plans to bring his little five-year-old daughter, who will sing such songs as 'Three Little Fishes' and other popular numbers to the accompaniment of the band.

"Other numbers are 'Hero' overture; 'Mantilla', a Spanish overture, and 'National High School Band' march, the last two to be read at sight.

"Let's every one come and hear this fine band," Mr. Felts concluded, "They will give a very interesting and entertaining program that you will not want to miss."

Mrs. E. G. George is visiting her sister, Mrs. L. C. Head and family in Harlingen.

SINGER

D. C. Hamilton of Lubbock, has been secured to conduct the song services for the First Baptist Church revival beginning Easter Day.

Teachers Attend Annual Meet

All of the Tahoka teachers and most of the teachers from other Lynn county schools attended the annual meeting of the West Texas Teachers Association in Plainview last Friday and Saturday.

Supt. W. T. Hanes of Tahoka was re-elected secretary of the association. O. J. Lass, Plainview superintendent, succeeds retiring president W. B. Irvin of Lubbock as head of the organization.

School trustees also held a meeting in connection with the convention. Frank Hill of Tahoka being chairman of that division. Trustees Henry Maasen, acting chairman of the Tahoka board, John Slover, and H. B. McCord, and Secretary Carl Griffing attended the meeting.

Large crowds are expected here Saturday to attend the Annual Boys' Fat Stock Show, staged by the F. F. A. and 4-H club boys of Lynn county in the R. W. Fenton Warehouse in northeast Tahoka.

Expectations are for 26 calves and 50 hogs to be on exhibition. The show will last all day Saturday, with judging on hogs to begin at 10:30 a. m. and on calves at 1:30 p. m. F. F. A. organizations from Tahoka, Wilson O'Donnell and New Home schools, and the 4-H clubs of the counties will be represented with approximately 50 boys exhibiting.

Don Turner, county farm agent is general superintendent, Leslie Browning, Tahoka agriculture teacher superintendent of the pig division; Jack Welch representative is superintendent of the calf division; W. W. Hall is superintendent of the fat barrow division; and S. H. Russell, superintendent of the sow division.

Judges will be Ralph Howe, county agent of Crosby county who will judge the calves, and L. M. Hargraves of Lubbock county agriculture teacher, who will judge the hogs.

Enloe Case To Be Tried In Post

Before Court adjourned last Saturday, Judge Louis B. Reid entered an order transferring the Drew Enloe murder case to Post, Garza county, for trial.

This action was taken in response to a motion filed by Nelson and Brown, attorneys for the defendant, but not until it became apparent that it would be exceedingly difficult to procure a jury in this county.

The case is to be called for trial on Monday, March 25, and a special venire has been drawn for that date.

School Trustee Election Soon

Two trustees are to be elected for three year terms at the annual trustee election which will be held April 6. Names of candidates must be filed at least ten days prior to the election.

Trustees whose terms expire are Frank Hill, president of the board, and J. O. Tinsley. Other members of the board are Henry Maasen, vice-president, L. C. Hoagy, Prentice Walker, H. B. McCord, and John Slover.

Invitation Meet Here Today

Brownfield, Seagraves, O'Donnell, Midway, Tahoka and possibly Wilson and one or two rural schools will meet at the local field at one P. M. today for an invitation track and field meet, a practice meet preliminary to the county meet next week.

Some 25 boys will represent Tahoka. All 14 track and field events will be staged by high school athletes, with junior high students participating in a 50 and 100 yard dash. A large crowd is expected to attend

Tahoka Host To Plains Baptists

Selecting Brownfield over Canyon for the 1941 meeting place, the District 9 Convention of Baptist Training Union, Sunday School, Brotherhood and Woman's Missionary Union closed its annual meeting in Tahoka Tuesday night.

During this closing session a pageant depicting fifty years of B. T. U. work was presented, officers were elected, awards were made and a final report was made by Rev. A. O. Huff who has accepted a pastorate in the city of Wichita Falls after two years as District Missionary. Rev. George A. Dale, local pastor, spoke in appreciation of Rev. Huff's service to the District and presented him with a fountain pen set from the District. Other awards included a mileage banner won by Friona with 18 present, each making a 250 mile round trip; an attend-

ance banner won by Lubbock, First Church, with 35 registered; while an efficiency banner was awarded the Brownfield Associational W. M. U. of which Mrs. Henry Heck of Central Church is president.

Officers who will serve the District during the coming year are: B. T. U. President, L. E. Waite. Laymen's President, Dr. F. B. Malone, Lubbock.

W. M. U. President, Mrs. L. Lumsden, Wilson.

Sunday School President, D. C. Hamilton.

W. M. S. Corresponding Secretary-Treasurer, Mrs. R. E. L. Farmer of Plainview.

Secretary-Treasurer, Mrs. A. T. Coe, another, Lubbock.

Young Peoples' Leader, Mrs. Vernon Shat, Brownfield.

Methods and Finance, Mrs. S. G. Anthony, Wilson.

Featured on Tuesday's program were talks by Dr. T. C. Gardner, the State B. T. U. Secretary; J. D. Riddle, State B. T. U. President, Abilene; Mrs. B. A. Copass, Fort Worth; J. W. Lites, Sunday School Field Worker, Dallas; R. A. Springer, State Secretary, Baptist Brotherhood, Dallas; L. E. Waite, District 9 President, Lubbock, and Dr. J. M. Cooke, Layman of Abilene.

In addition to the addresses before the assembly these leaders and many other trained workers directed conferences where various phases of B. T. U. and Sunday School Work were discussed. Representatives attended these meetings from about 35 communities in seven associations.

Preceding this one day rally for

Sunday School, Training Union and Brotherhood work, Monday afternoon had been given over to District Woman's Missionary Union work under the leadership of Mrs. L. Lumsden of Wilson. Chairman of all standing committees gave reports and Mrs. B. A. Copass, Fort Worth, State W. M. U. President, spoke on "Methods and finance."

Monday night Young People's work was featured under the direction of Mrs. Vernon Shaw, District Young Peoples' Leader, of Floydada. This program featuring Wayland Cole in an impressive tableau, with special vocal numbers by Wayland students.

Miss June Fender of Wayland College visited her family here the first of the week.

Elder Drennon's Notes

By request I will pen a few lines this week.

I have been enjoying the News very much of late, especially the Odds and Ends column.

I was glad to see friend Hill had a preacher in the office to help him. I hope Brother Long will do some missionary work while in Tahoka and begin at home. I sure would like to see friend Hill come into the fold and also to know that he will be fairer with Brother O'Daniel in his next campaign for governor.

Did you notice that fine financial statement of Texas the Star-Telegram the other day, friend Hill? And it said 'O'Daniel was responsible for some of the saving to the state', but we must not let these things get around too much, as it might make some of the old political gang feel bad. But be that as it may, they are having a time on deciding to run for governor until Brother O'Daniel speaks up, which makes me think they still think he has some weight in Texas. But enough of that.

I see our friend J. B. McPherson is leaving us for Lubbock. I am glad to see that he has made a success in his business ventures, but it was all because he was a consistent advertiser in the News. It will do it every time (Merchants heed).

I wish, friend Hill, you would devote some space in your column some time on "Husband Batching". My wife has been in Abilene with the children for three weeks now. I would like some advice on how often should one wash the dishes, change sheets on the bed, how many sandstorms before cleaning out.

Last Lord's Day was a red letter day for the church here. The Bible school attendance reached a new high, the contribution was good, and we had the pleasure of hearing a new preacher at the night service. Brother J. B. Miles son-in-law, gave us a fine lesson. But we are not satisfied; hope to go higher.

Services for next Lord's Day: Bible study, 10 a. m.; preaching 11 a. m. and 7:45 p. m. "Come with us and we will do thee good" at the friendly church.—R. P. Drennon

(Ed Note: Many, many thanks.

Brother Drennon, for the fine suggestion about advertising. We also agree that it is fine to have a preacher in our shop. About the only comment we could make on "Husband Batching" is that it seems to run a fellow kind o' batty on politics, not having a wife around to keep him calmed down. Come again, Brother Drennon; we always enjoy your spicy comments.)

ROBERT REID SENDS US SOME VALLEY FRUIT

It's a fine thing to have a friend who will not forget you. Robert Reid, who now lives at Mercedes town in the Lower Rio Grande Valley, has not forgotten his Tahoka friends. He just keeps on taking and reading the Lynn County News; and the other day, when W. A. Reddell was down in the Valley attending the State Baptist Sunday School convention, he made it a point to pass Mr. Reid's way, and Mr. Reid made it a point to send some of the Valley's finest grapefruit and oranges to a few of his Tahoka friends. The editor and family happened to be among the favored few, and we can testify that the Valley produces the finest grapefruit and oranges in the world.

FORMER LYNN COUNTY RESIDENT DIES IN AMARILLO

Culminating a brief illness, Mrs. Ella Johnson, wife of Wash W. Johnson, died Friday morning, March 1, in the St. Anthony Hospital in Amarillo, according to information given the News.

Funeral services were conducted in the First Baptist Church at Happy at 3 o'clock Saturday afternoon, with Reverend Ed Hawthorne officiating. The body was laid to rest in the Happy Cemetery under the direction of the Canyon Funeral Home.

Having been born on May 6, 1891, deceased was 48 years old. Born in Runnels county, she was married to Wash W. Johnson at Miles on November 7, 1908. In 1916 they moved to Lynn county and continued to reside here for 17 years, and then moved to Fannin county where they lived three years. They removed to Swisher county five years ago.

She left surviving her husband and six children: Fagin of Honey Grove, Arch, Cone, Dollie, Bernice and Peggy. Two babies passed on a number of years ago.

The friend who furnished us information of her death paid this tribute to Mrs. Johnson: "She was a Christian woman loved by all who knew her, a loving wife, a devoted mother, a helpful neighbor. She has a host of friends here and at Happy who will miss her, and we extend our heartfelt sympathy to the bereaved family. She is not gone but just away."

SHUGARTS HERE

Mr. and Mrs. L. A. Shugart of San Antonio, photographers, who have been coming to Tahoka for twenty years, are in town again for a few days. L. A. Shugart Jr. will operate the studio here.

Mr. and Mrs. Frank Hill and daughter Patricia spent last week end visiting relatives at Florida and Ralls.

PLENTY OF MOISTURE ON PLAINS YET SOIL WILL BLOW

Winter snows have brought much-needed moisture to most of the Southern Great Plains region, but soil blowing may be expected this spring where crops failed last year or where fields are without sufficient protection from crop stubble and trash, warns E. R. Steen, technician of the Lamesa Soil Conservation Service.

Past experiences show that the time to stop soil blowing is before it starts or as soon thereafter as possible rather than waiting until a large area has been damaged.

"Emergency or timely tillage is perhaps the only control measure against soil blowing that can be used at this season of the year," Steen says. "The purpose of such tillage operations is to check soil blowing after all other methods have failed."

"Soil moisture conditions for such tillage at this time. When the moist soil is turned up, rough clods are brought to the surface and produce an ideal condition to check the movement of soil."

Where tillage is on the contour, not only is soil movement checked, but the land also is placed in condition to catch and hold moisture

from spring rains which otherwise might be lost by run-off.

"It takes moisture to produce crops, and it takes crops to stop soil blowing and dust storms," the Soil Conservation Service technician declares. "And in addition to stopping dust storms, farmers must produce crops if their farming activities are to be successful financially."

Emergency tillage operations are costly and afford only temporary control it is pointed out. Since this is true, the furrows should be far enough apart to permit operations between them, yet close enough to prevent drifting between the ridges.

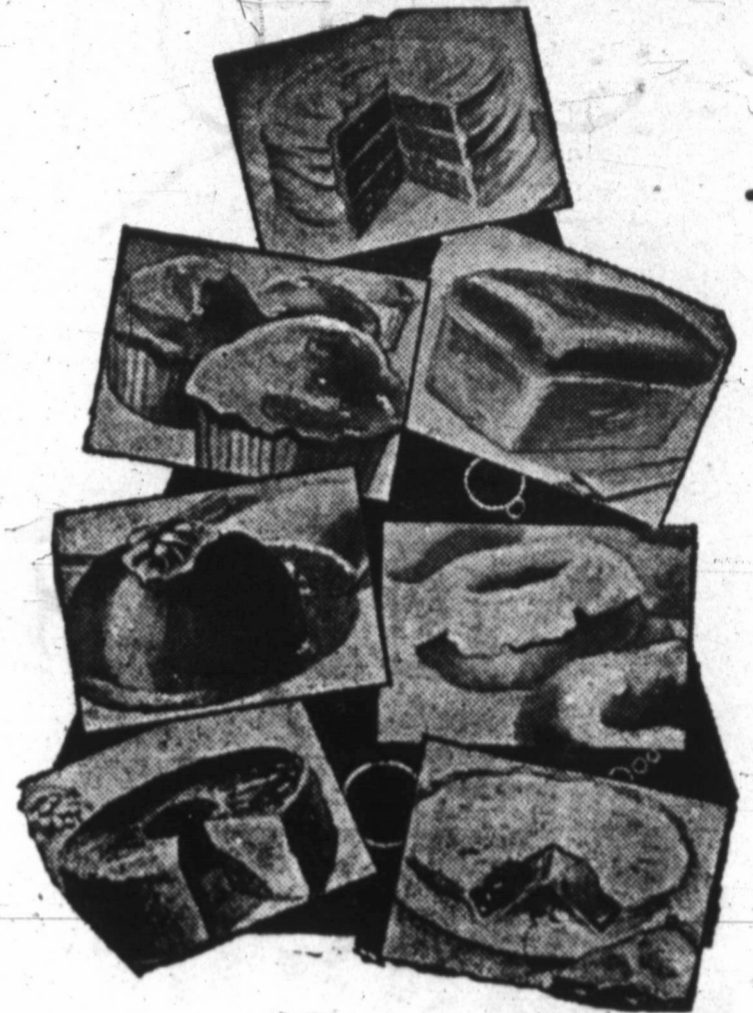

Many farmers have found that the growing of border strips of grain sorghums around their fields affords protection from blowing soil, Steen reports. Where no such strips were grown last year, listing around the edge of the field may be done to check damage from soil blowing that starts on adjacent fields or roads. It is pointed out.

Mrs. J. H. Colleenback called at the News office Tuesday afternoon to have her paper sent to Independence, Louisiana, the next three months. She was to leave for that place Wednesday morning, where

her daughter, Mrs. Dovie Anderson, and family reside.

The Shugart's are here. Pictures 25c up. Here for a few days only.

Easter Can Be Feast Day for Reducer

If you are one of the thousands of persons who are trying to shed excess poundage via the reducing diet route, the mention of Easter dinner probably doesn't excite much interest. For to the average person following a strict reducing program, Easter means just another special feast day for "the other fellow," when you must sit by and watch him enjoy the proverbial roast leg of lamb with all the "fixin's."

But listen to this! The business of being a martyr gastronomically is out of date, when it comes to reducing. Science has found that the person seeking to reduce can and should eat well, not only on Easter Sunday but on every other day in the year. Research work at Rush Medical College in Chicago has proved conclusively that excellent results can be obtained by the use of a liberal well-balanced diet. In this study the meals prescribed to a large group of patients of varying ages were high in protein, and included meat, bread, butter, vegetables, salad, fruit, eggs and coffee or tea.

So don't despair. The delicious roast leg of lamb and most of the "fixin's" can be yours, without the slightest twinge of conscience, if you will only abide by a few simple rules.

Easter Lamb With All the "Fixin's"

Following is a menu for a suggested Easter dinner for the family, from which the person who is reducing may select his diet:

Consommé	As desired
Roast Leg of Lamb	7 oz.
Paralied New Potatoes	3 1/2 oz.
Carrot Soufflé	3 1/2 oz.
Nests filled with New Peas	1 oz.
Fresh Vegetable Salad	1/6 oz.
French Dressing	3 1/2 oz.
Rolls	As desired
Butter	As desired
Angel Food Cake	As desired
with Crushed Strawberries	As desired
Coffee	As desired

From this menu an overweight person whose weight should be from 135 to 145 pounds may have the following:

Christ, He Said He Would But He Couldn't, How Long Till Payday, Writing a Book, The Wonderful Savior, Time Marches On, The Cost of a Sinful Life.

Morning sermons; The Greatest Prayer Ever Prayed, No Substitutes for Christ, A Victorious Life, Practical Christianity, Walking With God, The Price of a Revival, The Key to Our Success, Who Are the Angels, Life's Greatest Activities, Considering Our Religion.—Geo. A. Dale, Pastor.

WORKERS' CONFERENCE
 Instead of the monthly workers' conference being held on Thursday, March 21, it will be held on Wednesday, March 20, during the Association-wide Study Course. The place is the First Baptist Church, Tahoka.

By a vote taken at the last workers' conference it was agreed that each person attending this conference is to bring his own lunch. Everyone invited.

The Shugart's are here. Pictures 25c up. Here for a few days only.

Congratulations

Boys and girls to the Interscholastic meet. May you have a good time while here.

Revival Services Announced By First Baptist Church

Could you be willing to reviv a family in any community from which the influence of godly people had been withdrawn?

Would you be content to live, even if you had no family, in a community where people never prayed for the forgiveness of their sins, for guidance in the paths of righteousness in the future, and for blessings upon their fellows?

Would you be satisfied to dwell in a city where everyone sought only his own desires, taking no thought of others, and where the making of money and enjoyment of sensual pleasures were the people's only pursuits?

But had it occurred to you that if no one went to church there would be no church and there would come moral and spiritual desolation.

And had you ever thought that if no one went to church any more than you do there might be no church?

Whatever may have led you to stay away from church heretofore, it is undoubtedly a lame excuse that would not pass the Master in the realm of heaven.

Think what you owe the churches of your community and how little you have paid, not in money altogether, but in service.

God needs you, your church needs you. Will you not come with us in our revival which will begin March the 24th and continue through April 7th.

We will have with us Rev. H. M. Ward of the First Church, Mineola, Texas, to lead us, a man about whose qualifications as a man among men, as a preacher of the gospel and as an Evangelist there is no doubt. You will like him. Mr. D. Clyde Hamilton of Lubbock will have charge of the music. Mr. Hamilton has had a number of years of experience as educational director in a number of the best churches in the state and will not lack in any way to lead our choir and to inspire us with his beautiful tenor voice in solo.

We can wholeheartedly recommend these Christian leaders to our

people and do earnestly hope you will hear them and shall join us in prayer for a gracious revival in our town.

We invite you with the hope that you, regardless of who, or what you may believe, to attend these services.

Some of the sermon topics of the evangelist are given below:

Evening Sermons: Who Crucified Christ, and Why Did They?, Tahoka, Going Out to Meet God, Turning Down God's Invitation A Corpse, But No Mourners, I Believe The Bible, Christ's Appointments With Men, An Answer of Gold to a Question of Clay, Transforming Power of

COOPERS HAVE VISITORS

E. J. Cooper and family enjoyed a visit the past week end from his brother, J. R. Cooper, of Los Angeles, California, his sister, Mrs. H. C. Lamb of Helena, Arkansas, his niece, Mrs. Ives, her husband and son of Pampa, and a cousin Mrs. Jim Anglin of Wheeler.

Sylvester Reese visited his parents here last week end.

Mr. W. C. Williamson of Littlefield, O. C. C. Camp spent the past week end at Tahoka with his parents, Mr. and Mrs. B. A. Williamson. On Sunday his mother, assisted by his aunt, Mrs. J. L. McKay, gave him a surprise birthday dinner. This was enjoyed by a number of Tahoka and Draw friends.

B. A. Williamson went to Athens, Wednesday to visit his mother who is very ill.

SUB-DEBS ENJOY DANCE

The Sub-Deb club of Tahoka girls spent a lovely day, Friday March 8. The girls had breakfast at Miss Betty Sue Roberts' home and then while some played tennis, the others rode bicycles. Lunch was served to the girls at the Bulldog Cafe. It was planned that the Sub-Debs would have a skating party at Slaton, but due to the lack of transportation they were unable to go.

Miss Billie Burleson gave a dance Saturday night in honor of the Sub-Debs. The following were there: Dorothy Fulkerson, Joycelyn Maasen, Greta Applewhite, Genalee Henderson, Dorothy Ann Roberts, Betty Roberts, Pauline Hale, Billie Burleson.

The escorts were Kelly King Edwin Rogers, Roy Everett, L. E. Robinson, Eldon Carroll, Jerry Noble and Dub Fulford. Guests were: Edgar Roberts, Myrna Gagnat, Elbert Boullion, Sonny Roberts, Mary Beth Fenton, Dorothy Applewhite, Jake Weathers, Felix Macha, Lynette Tinsley, Julia Snowden, Iris Cade, Mack C. Bradley, Billie Swafford, Bobbie Carroll and several others. Chaperons were Mr. and Mrs. Bill Burleson, Mrs. Maasen, Mrs. Oscar Roberts and Mrs. Hale.

NEW HOME FFA SECOND IN STATE CONTEST

New Home F. F. A. members are very proud to announce that our "Dairy Products" team won second place in the State Contest at the Fat Stock Show. Members of this team are Joe Lewis, Connally Unfred, and Lloyd Russell McCormick. Bernhard Ernes, Lewis Allsup, Frank Timmons, Hubert Newman, Harold Burkhalter, Lloyd Russell McCormick, Joe Lewis, Connally Unfred, H. Joe Schwartz, George Sealy and our advisor, W. W. Hall all enjoyed an interesting and educational trip to the Ft. Worth Fat Stock Show.

Mr. and Mrs. Bob Collier had his mother, Mrs. Collier, of Lubbock as a guest during the Baptist Convention here Monday and Tuesday.

LORENE CHILDERS TO MARRY MARCH 20

Announcement of the approaching marriage of Miss Lorene Childers of Lubbock, for many years a Tahoka resident with her parents, and a graduate of Tahoka high school, to John Harding of Lubbock, was made at a luncheon in the home of Mrs. Clifford B. Jones in Lubbock last Saturday. Mrs. James G. Allen was co-hostess.

Miss Childers is the daughter of Mr. and Mrs. Dave Childers, and is a graduate of Texas Tech. She is secretary to James G. Allen, Dean of Men at the College. The wedding will take place March 20.

MRS. NEVELS IS INJURED

Mrs. Will Nevels suffered very painful injuries Tuesday, when a pressure cooker exploded. She suffered second degree burns on her chest, neck and one arm.

Immediately after the explosion, she began the task of cleaning up the mess, and slipped and fell, opening a gash in her head. Several stitches were necessary to close the wound.

Mrs. Nevels' daughter, Mrs. C. C. Hoffman of Slaton, is visiting her here. Mrs. Hoffman is the former Willie Lois Nevels.

REVIVAL STARTS AT ASSEMBLY OF GOD CHURCH

A revival meeting started Wednesday night to be continued for an indefinite period at the Assembly of God Church two blocks south of the public square.

Rev. E. L. Dorris of Brownfield is going the preaching and leading the song services. Rev. J. H. Owens of this city is the pastor. Everybody invited.

MUSICK-DAVIS RITES READ

The marriage of Miss Evadell Davis and H. Musick took place Saturday afternoon at 3 o'clock at the home of the officiating minister, Rev. Clara Newton. The couple are making their home in the south part of town.

Miss Viola Ellis, former county treasurer, visited with friends while attending the convention here this week.

PERSONALS

Miss Jodie Bob Nevill, daughter of Mr. and Mrs. J. L. Nevill, recently returned from a visit with her sister, Mrs. Russell Fleming, at Flagstaff, Arizona. She also visited in California before returning home.

The Mother Singers will meet at the home of Mrs. K. R. Durham Thursday afternoon at 2:30 p. m. All members are urged to come.

W. O. Henderson was brought back to his home here Tuesday from a Lubbock hospital, where he has been recovering from an operation for the removal of a bothersome growth on one of the knees. He is reported to be improving satisfactorily.

Mrs. A. A. Sulis of Plainview, visited in the home of Rev. and Mrs. George A. Dale during the Convention here. She was accompanied by Mrs. Frank Roberts of Plainview.

Dr. Emil Prohl left Sunday morning for Dallas, and expected to be back in his office this morning. He attended the Dallas Southern Clinical Conference there.

Judge and Mrs. F. W. Goad and Mr. and Mrs. Floyd Goad were in Dallas and Fort Worth last week end. Judge Goad attended to business in Dallas, and they attended the Fat Stock Show.

McBeth Hatchery. We are running a special on hens Friday and Saturday and Monday only. We will pay 2c per pound above cash market on chicks. Must take chicks when you bring your hens in. Be sure to cull those boarders out and save feed, get chicks to take their place.

FSA LOANS AVAILABLE TO FARM AND CLUB BOYS

Farm boys and girls in Lynn county will be enabled to participate in 4-H club and Future Farmers of America junior educational and demonstration farm projects during 1946 with loans advanced by the Farm Security Administration.

New regulations making such loans possible were announced by Mr. Wyman J. Welch, FSA rehabilitation supervisor in Lynn county.

"All young people enrolled in these junior farm groups, and whose parents are among the FSA borrowers," Mr. Welch said, "may secure loans of not more than \$75 for purchase of a calf, sow, poultry or other young livestock, as well as seed, plants and fertilizer, for projects approved by the county extension agent or Smith-Hughes instructors in charge of the projects."

Mr. Welch said that by making loans available to young people with no other source of credit, the program is expected to bring the families more into normal community life, sponsor useful farm projects, and contribute to rehabilitation.

He explained the new loan plan will enable county agents and vocational agriculture teachers to broaden their activities and reach a larger number of rural young people who heretofore had been unable to participate in such projects because of limited funds.

Loan application must be made to the county FSA supervisor and approved by the project leaders. Security on loans will include a note signed jointly with parents and chattel or crop mortgages with interest at five per cent.

"This is another case," Mr. Welch said, "where the Farm Security Administration is seeking to broaden its facilities to help low-income farm families in cooperation with other agencies. I am sure there are a number of boys and girls in Lynn county who will benefit from this plan."

MIRACLE OF COTTON FILMED IN COLOR

"THREADS OF A NATION" FOLLOWS COTTON FROM FIELDS TO FASHIONS

THE miracle of cotton from the fleecy white bolls on the Southern plantation to milady's latest fashions, has just been filmed in natural color and is being released to motion picture theatres throughout the country. It is called "The Threads of a Nation."

The ten minute reel depicts not only the magic transformation of cotton from raw material to queenly raiment, but also shows the historical growth of the immense cotton empire of the South upon which millions of persons depend for livelihood.

Featured are the intricate machines—ginning, weaving, dyeing and printing—whose almost human ingenuity and artist's genius clothe the nation. The picture is the life story of personal garments and useful fabrics, first blooming in colorful fields, then spun into endless threads, woven into fetching patterns, dyed with beautiful colors and printed in gay designs. So far flung are the processes of cotton manufacture that it took nearly six

months to make this ten minute "short."

Popular in treatment throughout, "The Threads of a Nation" is the first of a series of screen entertainments recording the cultural and economic attainments of the cotton textile industry during the past few decades. The film gives a background for a clear understanding of cotton's essential usefulness to the consumer and the economic significance of one of America's basic commodities.

ELLIOTT ATTEND STATE DEMOCRATIC MEET

Judge and Mrs. J. W. Elliott returned Monday from Hillsboro where Mrs. Elliott went at Democratic Executive committeewoman from the 30th Congressional district.

The State Executive Board went on record unanimously as endorsing John N. Garner for President, and selected Waco as the convention city, setting the date for the state convention at May 28th.

George Childs Clements of Plainview has been elected committeeman to succeed Clarence Butcher, who was elected executive secretary at the board meeting.

All counties and precincts are urged to hold their conventions prior to that date, so that delegates may be selected in time for the state meeting.

Judge C. H. Cain is county chairman for Lynn county, and he has set May 4 for the precinct meetings in this county, and May 6 for the county meeting.

TAHOKA PEOPLE VISIT FORT WORTH

Mr. and Mrs. Henry Heck and daughter, Greta Ann, and Mrs. Garland Pennington of Tahoka and Mrs. Loyd R. McCormick of New Home went to Fort Worth Tuesday, where the ladies were to attend the Baptist State W. M. U. Executive Board meeting, while Henry expected to visit the Fat Stock Show.

WILSON BAPTISTS ATTEND STATE BOARD MEET

Mrs. L. Lumsden, Mrs. B. W. Baker, and Mrs. W. H. Jackson, all of Wilson, left Tuesday morning to attend a meeting of the State W. M. U. Executive Board, which opened in Ft. Worth Wednesday.

They were accompanied from Tahoka by Mrs. B. A. Copas, State W. M. U. president of Ft. Worth who had been attending the District W. M. U. B. T. U. and S. S. Rally here.

YOUNG DEMOCRATES TO MEET IN AMARILLO

Young Democrats of West Texas hold their annual convention in Amarillo Saturday, March 16, according to announcement made this week.

Speakers include: Col. Ernest O. Thompson, railroad commissioner; Bascom Giles, land commissioner; J. E. McDonald, Commissioner of Agriculture; Alvin R. Allison; of Levelland State Representative; Bryan Bradbury, state representative from Ahlens; G. H. Nelson, state senator from Lubbock and George Moffett, Chilloothe, state senator.

Price Daniel of Liberty, president of the Texas Young Democrats, will discuss part of the Young Democrat in Texas politics.

BPW CLUB HAS SOCIAL

The Business and Professional Women's club met with Mrs. Myrtle Rochell, with Mrs. Lois Daniel as co-hostess, Tuesday night for a business session and social.

Members came representing books and songs. Prizes for the most original costume went to Miss Ovell Litel and Mesdames G. M. Stewart and Helen Eubank tied for honors for guessing representations.

Games were played after the business session, and refreshments carrying out St. Patrick's Day motif were served to Mesdames A. J. Minor, Ruth Assiter, Stewart, Eubank Hope Haynes, Misses Echo Milliken Lyell, Gertrude Bishop, Ethel Callahan, Hattie Server and Mesdames Daniel and Rochelle.

Mrs. L. Davis of Dallas, the former Miss Lucille Slaton, and her son, are visiting her parents, Mr. and Mrs. W. B. Slaton here.

Grand Master Will Meet With Masons Of Southeast Texas

Leo Hart, Grand Master Grand Lodge of Texas, A. F. & A. M.

Several thousand Masons from southeast Texas will gather in Houston Thursday, April 4th, at 7:30 P. M. to attend a "Grand Master's Fellowship Meeting" to be held in the Scottish Rite Cathedral, Polk and Caroline Streets. According to R. A. Jordan, District Deputy Grand Master of the Houston District, this meeting, at which the Grand Master, Leo Hart of Glimmer, Texas, will deliver his message, will be the largest gathering of Master Masons ever assembled in the state of Texas with the exception of a Grand Lodge communication. Following the address of the Grand Master, a Master Mason's Degree will be exemplified on the stage in the auditorium of the Scottish Rite Cathedral, using the scenery, lighting effects, robes and other properties of the Scottish Rite Bodies pertaining to the Degree. The Grand Master will confer this Degree, assisted by Past Grand Masters G. A. Brandt and John H. Crooker. All Master Masons in southeast Texas are being urged to attend this meeting, and it is expected that members of the Fraternity within a radius of one hundred and fifty miles of Houston will be in attendance.

YOUNG COUPLE MARRIED HERE. GROOM PAYS OFF IN PENNIES.

Delbert Alcorn of Lubbock county and Miss Sybil Taylor of Southland appeared at the office of the county clerk here last Saturday and the former called for a marriage license. The papers were duly issued and the groom hauled out a sack of coins and paid the clerk in pennies.

Then the couple proceeded down to the office of Jim Dye, Justice of the Peace, and engaged him to officiate at the wedding. He did so in his most solemn and approved fashion, and after he had congratulated the groom and named his fee, that gentleman again dug down into his wallet and brought forth a multitude of the shining coppers. The Judge says he surely did have a lot of money for a little while. While a little bulky, he finds that pennies will buy beans, and bacon just the same as other money.

The couple are making their home in Lubbock county.

FRIENDS OF MANY YEARS CALL ON EDITOR

Rev. Charley Mathis, pastor of the Baptist Church at Caldwell in Lubbock county, and Rev. H. B. Naylor, pastor at Summerfield out near Hereford, dropped into the News office Tuesday and made themselves known to the editor. They were school kids in Roscoe when this editor was a resident of that town almost a quarter of a century ago. And they declared that the editor does not look a day older than he was 25 years ago. We know it is the truth, for they are preachers. And by the way, Pastor Naylor's wife was with him. We knew her when she was a child, had gone to school with her mother when she was a girl, and had known her grand-parents when we were a kid. It's a great old world.

Fifteen NTSTC Students Study Accuracy of Spiritual Readings

Denton Texas March 15 — Just how accurate are the readings of so-called spiritualists? How can spiritual readers' predictions and revelations that are actually borne out by fact, be analyzed and accounted for? With these questions in mind, 15 members of Psychology Club of the North Texas State Teachers College, sponsored by Dr. Merle Bonney of the Educational department, visited a spiritualist reader in Fort Worth recently.

The students had individual readings. On their return, they analyzed the information, and classified it under five heads to ascertain the exact degree of accuracy. The following tabulation resulted:

Ten per cent of the reader's information was very general, and might have applied to anyone.

Cues from persons were considered responsible for 5 per cent of the information.

Forty per cent of the predictions and revelations were specific and light, but with good chance of probability.

Predictions impossible to check in the near future accounted for 10 per cent.

Twelve per cent of the information was specific—but wrong.

Twenty-five per cent, or exactly one fourth of all the reader's pre-

dictions and revelation, was specific and right. Dr. Bonney places this latter percentage under information "hard to account for."

At their next meeting, members of the Psychology Club will undertake the analysis and thorough study of the worries of college students, giving special attention to the contrast in worries of the different sexes.

TEXAS COW BROKE WORLD RECORD

Brattleboro, Vt., March 6 — The first cow on the North American continent to produce 100 pounds of milk in one day was bred, developed and tested in the state of Texas.

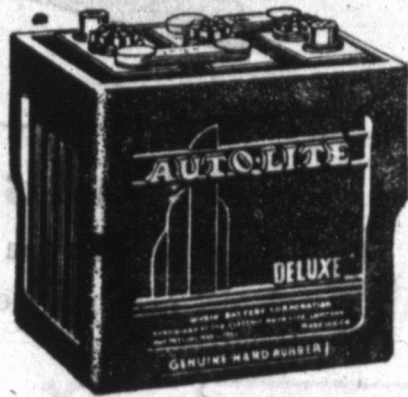

That cow, a registered Holstein-Friesian owned by the Texas Agricultural and Mechanical College, in 1897 produced 707.5 pounds of milk in seven days, the American record for the time over all breeds. This record-maker was Gentje Netherland and her descendants still produce Holstein milk in Texas herds for Texas children.

Recognizing the dairy possibilities in Texas, the Holstein-Friesian Association of America, Brattleboro, Vt. has just appointed R. L. Foul, Dallas, Texas as Fieldman to represent the association in assisting Texas dairymen to increase the efficiency of their milking herds.

The Shugart's are here. Pictures 25c up. Here for a few days only.

Miss Inez Sanders of Lubbock is now a reader of the News. Miss Inez has been attending a business college in Lubbock but is also holding a position with a large business firm there since the first of the year.

Come in today.

YOU NEVER SAW SUCH SAVINGS!
Every Model is Powered by the Cost-Cutting Polarsphere.

Imagine it! Kelvinator's famous Polarsphere uses current less than 20% of the time—yet has sufficient capacity to keep 3 refrigerators safely cold, under average household conditions. Saves many dollars each year on current costs alone.

SEE KELVINATOR'S OTHER "BIG 6" VALUES FOR 1940!

WARNING!
When you buy a refrigerator this year—be sure you do not pay special money for an out-of-date, last year's model offered at a "reduced" price. Don't run this risk when you can buy brand new 1940 Kelvinators at sensationally low, new prices!

Clay Bennett Buys Thompson Variety

A rather unexpected business change was made this week when Clay Bennett purchased the Thompson Variety Store situated on Main Street on the first corner north of The First National Bank. Mr. Bennett took charge Wednesday.

Terry Thompson, the former proprietor, has made no statement as to his intentions further than that he expects to remain in Tahoka and engage in another line of business, as yet undesignated.

Mr. Bennett has been engaged in the operation of a service station here for several years. His wife, who will assist in the store, was for a number of years a very proficient teacher in the Tahoka High School.

Mr. Thompson has been here about two years, and it is gratifying to know that he and family are to remain here.

Jack Connally of Wink, cousin of Conway Clingan, arrived Monday to work at the Texas Service Station for Mr. Clingan.

Kidwell and Hicks Buy Piggly Wiggly; Moves O. K. Sunday

W. T. Kidwell and Roy Hicks, owners and operators of the O. K. Food Store here until Saturday, on that day closed a deal with J. O. Garlington of Lubbock and Roy Young of Tahoka whereby Messrs. Kidwell and Hicks became the owners of the Piggly-Wiggly rights and trademark here.

Messrs. Garlington and Young immediately removed their stock of groceries to the Garlington stores in Lubbock and Messrs. Kidwell and Hicks just as promptly moved their stock of groceries from their former place of business on the west side of the square to the W. L. Knight building occupied by the Piggly-Wiggly Store.

The Piggly-Wiggly will continue to operate under the same name but under new management, while the O. K. Store has ceased to exist under that name.

The change also involved change in the market. Ivan Cathcart transferred his market in the Piggly-Wiggly Store to F. A. Anderson who operated the market in the O. K. Store, and Mr. Anderson is now operating the market in the Piggly-Wiggly.

Roy Young, who had been in charge of the Piggly-Wiggly here the past four years, has made no announcement as yet as to his plans. Many friends hope that he may find it to his interest to remain in Tahoka, as he and Mrs. Young have made hosts of friends since coming to Tahoka.

Mr. Kidwell has been in business here about two years and he is an energetic young business man. Mr. Hicks has not been here so long but he too is a most promising young business man. Mr. Anderson is experienced and a competent market man; and there is every prospect that these three gentlemen will meet with marked success in their new location.

Richard Young, brother of Roy Young, has accepted a position with the new Piggly-Wiggly and will be a competent asset to the store in many ways.

Mrs. Conway Clingan visited several days in Pecos with her sister and family. Mr. and Mrs. John Tui, Jack Connally of Wink accompanied Mrs. Clingan home and will work for the Texas Service Station.

Cass O. Edwards, 90, who has been seriously ill of pneumonia in Fort Worth is reported to be recovering. Mr. Edwards has one of the largest ranches in this vicinity, the T-Bar.

Mr. and Mrs. John Halsey and son Johnny of Lubbock were visitors in the home of Mr. and Mrs. E. I. Hill Sunday afternoon.

Mrs. Bill Bishop, who with her family moved to a farm near Leveland a few months ago, visited relatives and friends and attended to business here over the week end.

Walthall Littlepage went to San Antonio to visit his grandfather who is ill. He was accompanied by Mrs. Alex Riddle and daughter, Billie Margaret and Miss Jennie Reba Nevill who visited relatives Mrs. T. Garrett and family at Devine. The party returned Tuesday night. Mr. and Mrs. R. L. Littlepage, who had gone down previously, remained.

Orange Crushers Winners In TAAF Cage Tourney; Go To State Meet At Waco

The Tahoka Orange Crushers emerged winners of the Lubbock district Texas Amateur Athletic Federation basketball diadem Monday night, with a perfect record, having been undefeated throughout the entire tourney.

The team left yesterday morning for Waco, where they will represent this section Friday and Saturday in the State TAAF tourney.

Favorites from the opening whistle of the tourney, the Tahoka boys were never in danger in the final tussle with Ralls, who had defeated the Lubbock Jaywalkers to meet Tahoka in the last contest.

At the half the boys led to the tune of 15 to 6, and came out unscathed with a 30 to 16 victory.

Contests were in the Cooper high school gymnasium in Lubbock county. Pacer for Tahoka's team, Moon Mullins and Jack Snodgrass cannot go to Waco. Mullins gained All-American AAU laurels on two occasions and led the National AAU tournament scorers one year while with the Tulsa Diamond Oilers. Snodgrass is an ex-Howard-Payne star. Beans Reid, star of the Ralls team, and well over six feet, will substitute for Mullins. Obra Miller, former Texas Tech star, on the Lubbock Jayhawkers team, will sub for Snodgrass. He is noted for his high-scoring performances.

Tahoka boasts two other notables—at least locally. Leroy Crews is a former Texas Tech captain, and one of the teams stars. Another leader is J. B. Florence, all-district high school selection from Draw.

Others who help make Tahoka's team perfect are Charles Townes, Paul Armstrong, Paul Cook and Loy Hubbard.

Mrs. Crews, Mrs. Cook, and Miss Grace Greathouse accompanied the team.

C. T. Tankersley spent a few days last week in a Lubbock sanitarium, where he was treated for an attack of pleurisy.

MORE ABOUT LEAGUE MEET
(Continued from Front Page)

Friday will be devoted to such contests as spelling, story telling, extemporaneous speech, music memory, Three-R, debate, winding up with the one-act plays in the H. S. auditorium at night.

Saturday will be filled with strenuous and thrilling track and field events of various kinds.

Supt. W. T. Hanes is the director-general. Other directors are Hamilton Still, declamation; Byron Terrell, debate; Fred Bryant, extemporaneous speech; Mrs. P. Gooch, spelling; Archie Sims, ready writers; C. S. Harris, rural schools; A. L. Pace, athletics; Ivan McWhirter, 3-R; Miss Florene Thomas, picture memory; Miss Ovell Warren, music memory; Mrs. Lenore Tunnell, one-act play; J. T. Carter, girls athletics; Mr. Smith, arithmetic; Miss Pickett, typing; Miss Taylor choral singing; Miss Payne-Westmoreland, tiny tot story telling; Miss Wynne, story telling.

Calling special attention to some of the events of the week Supt. W. T. Hanes of the Tahoka schools has issued the following statement.

On Thursday night March 21, the Choral singing teams from some 15 Lynn county schools will compete in the high school auditorium at Tahoka for county honors. This event has been moved to a night session in order that more patrons might have an opportunity to enjoy the fine singing these youngsters do.

"This is an opportunity for Tahoka citizens to show the other sections of the country that we really do enjoy having them come here for their annual interscholastic league meet by attending these night sessions especially Patrons and students from all section of Lynn county will be here. Let's give them a warm welcome."

"On Friday night March 22 the one act play contest will be held in the auditorium. This contest is also one of the best of the league contests and will no doubt be an interesting and entertaining evening for spectators. "A small admission charge of ten cents will be charged for these two events to help defray expenses of the prizes, trophies, and general expense of the county meet."

A program of the activities of the week will be found on page 1 of section 2 of this paper.

GRAND JURY RECOMMENDS NEW JAIL FOR COUNTY
(Continued from Front Page)

stated, "and can not proceed until the is provided. To build a new jail a bond issue would be necessary and a bond issue must be submitted to the people" Commissioners courts do often issue County Warrants to procure public funds but this procedure is of very doubtful propriety when large sums of money are involved.

Judge Goad and some of the com-

missioners made it very clear that they would like to have some expression from the people on the matter.

Members of the sheriff's office confirmed the statements of the grand jury and declared that the jail is entirely inadequate for the needs of the county. The prisoners, it was claimed, are entitled to a better deal than they can get in his jail, and from the standpoint of the officers they practically take their lives in their hands every time they enter the jail, specially when there are a number of prisoners in it, officers stated.

It is expected that this grand jury report will stir up quite a bit of discussion of the matter throughout the county.

Texas Tech Honor Roll for the fall semester included four students from Tahoka. Grade A Honor list included Sylvester Reese, graduate student who will receive his masters degree this summer. On the Grade A- to A were listed Cleveland Littlepage, Edith Robertson, and Mary Margaret Tunnell.

Tahoka, Lynn County, Texas, Friday, March 15, 1940

Number 31

NTSTC COED, NIECE OF BARONESS IN NAZI CONCENTRATION CAMP, PREFERS HEADLINES TO FUNNIES

Denton, Texas — "Maggie and Jiggs", advice for the lovelorn, and two-minute knockouts of Joe Louis are not the items in the news that catch the attention of Miss Mary Ellen Heidler, freshman student in the North Texas State Teachers College from Fort Worth.

Instead, she reads war flashes apprehensively and waits for word from her relatives in the conquered Czechoslovakia—her aunt, a baroness, sent to concentration camp for the severe crime of "nobility," and her young cousin Max, taken from his apprenticeship as an electrical engineer to raise farm products for Herr Hitler's armies. Miss Heidler, who saw her relatives in the summer of 1938 when she spent three months in Karlsbad, Czechoslovakia, 30 miles from the German border, says that even then, before Hitler had officially entered the country, Nazi storm troopers checked every Czech family on the first of each month for an account of every

Kronin (3 1-2 cents) spent, with all money not spent required by law to be deposited in Nazi-controlled banks. But today, all communication has been cut off and that is why Mary Ellen finds the European war closer to her life than tomorrow's theme on peace.

MINISTER'S WIFE AND BABY ARRIVE TUESDAY

Elder Arley E. Moore, minister of the Church of Christ here, is a happy man this week.

His wife and three weeks old baby arrived from Hammon, Oklahoma, on Tuesday. Having left there soon after the child was born, Elder Moore had been permitted to hold the infant in his arms only on time.

The family are occupying the Skiptaylor residence in North Tahoka. Glad to have these good people in our town.

The Shugart's are here. Pictures 25c up. Here for a few days only.

Farm Purchase Loans Made In County

Two loans have been closed to purchase farms under the Tenant purchase act in Lynn County, and another loan has been approved. E. J. Hewlett purchased the Pat Swann farm 3 1-2 miles SE of Wilson and W. E. Dubree purchased the Parker farm near Redwine.

A loan will be closed in the future for R. T. Moore who is purchasing the E. S. Pendleton farm, 4 miles NE of Wilson.

Remodeling and rebuilding of improvements is expected to start in the near future.

MRS. LONG AND CHILDREN JOIN HUSBAND HERE

Mr. Eugene Long, new foreman in the News shop, accompanied by Mr. and Mrs. Billy Hill, drove over to Tatum, New Mexico, last Saturday afternoon and brought back with them Sunday afternoon Mrs. Long and the two children. The Longs are occupying one of the W. S. Swan houses near the Swan residence.

MESSERS, HECK AND COOK BUY NEW HOME GIN

A deal of more than ordinary importance was consummated last week, when John Heck, of Wilson, Henry Heck of Grassland, and H. G. Cook of Wilson, purchased from the Farmers Cooperative Association of New Home the Edwards Gin of that place.

Henry Heck, who has been operating a cooperative gin at Grassland the past two years, will move back to New Home and have charge of the newly-purchased plant.

Soon after the Farmers Cooperative Gin at New Home was destroyed by fire last year, that organization purchased the Edwards Gin. Later they rebuilt the gin which had been destroyed and thereafter owned and operated both plants.

New Home is in the heart of one of the best cotton producing areas of Lynn county and many bales of cotton are ginned there annually.

Seko cmfw cmf mfw yp cmfwyp

Erosion has already cost United States agriculture around 10 billion dollars. If this waste is not stopped, the cumulative loss will be 25 billion dollars in another 50 years, or an average of \$4,000 per farm.

In 1935 one-third of the tenant farmers in the United States moved to other farms. This involved movement of 5,000,000 people and cost an average of \$50 per family. In attempting to reduce the movement of tenant farmers, the Farm Security Administration is recommending flexible farm leases which are either automatically renewable or run for periods of more than one year.

Quality in hay really means feed value. The factors which affect quality include the maturity or ripeness, the percentage of leaves, and the color. It also includes amount of foreign material, such as weeds mixed with the hay, the size and pliability of the stems, and even the "smell".

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

New Inexpensive Hats Defy Freckles

A new fad in milady's millinery is sweeping the Texas State College for Women campus. Designed with the practical idea of keeping freckles from marching across the wearer's nose when the hot Texas sun beams, the hats cost only slightly more than twenty-five cents each and were originated by Marian Gray of Little Rock, Ark., Jayne Ott of Fort Worth, and Josephine Kuykendall of Amarillo. A flexoco straw hat similar to the one worn by Mexican peons is soaked in water three or four minutes, shaped and cut to suit the wearer's personality, and then finished off with suitable decoration.

Economic Highlights

Happenings that affect the Dinner Pails, dividend checks and Tax Bills of Every Individual, National and International Problems Inseparable from Local Welfare.

The effect of the war abroad on American business gradually becomes clearer. And, for the most part, it is different than was expected when hostilities began last September. Paul Mallon recently published a brief analysis of the situation, furnishing it with facts of considerable interest.

First, war has upped our exports—but, curiously enough, the rise in sales to belligerents has been less than to neutrals. Total export rise is almost 30 per cent, but increase in goods going to Britain has been only 10 per cent. Norway's demand for American supplies has shown the startling rise of 144 per cent. Swedish buying is up 87 per cent, Dutch 47 per cent and Italian 41 per cent.

No one believes that these countries are using all of what they buy for themselves. Logical explanation is that a large part of the purchases is being transhipped to Germany, which is unable to trade directly with us because of the Allied blockade.

In spite of the sharp total rise in our exports, a comparatively limited number of American industries are booming because of it. Foreign demand for agricultural exports, including tobacco, is dropping toward the point of non-existence. And, strange as it seems, foreign buying of automobiles and trucks, necessary as these are to war, has shrunk materially. Apparently the belligerents are able to produce their own machines of transport, without spending their carefully hoarded gold for the American product.

Biggest increase for any export commodity is shown by aluminum—up 323 per cent. That is completely understandable, as aluminum is being used more and more in planes

and other instruments of war. Aircraft exports have risen close to 200 per cent. And chemicals and leather have all shown advances of 50 per cent or more.

The Allied purchasing commission seems to be doing a capable job. By eliminating the competitive bidding between France and England which occurred early in the last war, it has helped to hold prices down. And it is working efficiently with the government so that our own national defense needs will not be impaired by foreign buying.

War buying here will undoubtedly increase as time goes on, though no sudden jumps are anticipated. If commercial credits are given Finland and China through the Import-Export Bank, tens of millions of dollars worth of orders will flow into American industry. We aren't experiencing a war boom, but we are making money out of the conflict. Unfortunately, it seems to be the verdict of history that we or anyone else must pay through the nose for such profits when the war ends and the exhausted participants must face the immense task of rebuilding shattered economies.

It has long been said that "Time works with the Allies." That is certainly true in one very vital matter—airplanes. It is generally believed that Allied plane production and purchasing has brought British and French air forces very close to those of Germany, and that by the end of the year the Reich will be well surpassed.

In another way, however, time works with Hitler. Germany technicians and scientists, always among the best in the world, have been sent to Russia to speed up Soviet production and facilitate transport. The amazing inefficiency of the Russians in producing and delivering the goods the Reich needs has been one of Hitler's most serious problems. In another eight or ten months, the experts feel, the German engineers will have effected a great change and supplies will be flowing into Germany across conquered Poland in a steady and heavy stream.

England is obviously extremely worried by the apparent fact that Hitler is getting supplies from the Balkan countries which, being neutrals, can purchase whatever they want from Italy, us, or anyone else.

And she is worried too by the potentialities of Russia as a source of food machines, oil and other necessary commodities. This, the observers say, explains Britain's recent violations of international law, and her refusal to make amends to Norway for the Altmark incident. The Allied high command is apparently convinced that technical rules cannot be permitted to stand in the way of their prosecution of the war.

Sumner Welles, the President's "peace emissary," certainly reached Europe at a discouraging moment. Just about the time his boat was docking Chamberlain was making his most aggressive anti-Hitler speech, and Hitler in turn was raking England over the coals in his usual manner. It doesn't seem possible now to find any common ground for negotiation. England is definitely on record as being out to destroy the Nazi regime, and Hitler says he won't stop until Germany gets "living space" and her old colonies. It still looks like a long war.

Freezer locker plants, or "safety deposit boxes for food" as they are called by the USDA Bureau of Home Economics, have increased from 1,269 in 1938 to 1,861 in 38 states on July 1, 1939, according to the producer-consumer leaflet, "Grow Your Own", recently published by the Agricultural Adjustment Administration.

David Castle of Abilene, the architect who planned the Tahoka high school building more than a dozen years ago, had occasion to visit Tahoka last Monday and stopped in at the News office to renew his acquaintance with the editor, who was a member of the school board at the time this building was constructed.

Leonard Craft spent last week in Clifton, Arizona, and other places to the west, on business.

Hon. Tom Garrard Favors Cotton Advertising Campaign

To The People of Lynn County:

When I left the office this afternoon, I went by Wynne Collier's Drug Store and bought a nickel copy of the Saturday Evening Post, one of the popular weekly story magazines. This magazine is circulated over the whole American Union, and I do not suppose there is a town of any size or a hamlet within the United States that does not have one to many hundreds and possibly thousands of this magazine to be distributed and read by the people of this nation.

On the inside front cover there is a full page advertisement of the Parker fountain pens. On Page One there is a full page advertisement of Listerine tooth paste. On Page Two there is a one-half page advertisement of Florsheim shoes. On Page Three there is a full page advertisement of Philco radios. On Page Four, there is a one-half page advertisement of the Dickson Ticonderoga lead pencil. On Page Five there is a full page advertisement of the Mercury 8 Automobile. On Page Six there is a one-half page advertisement of Kellogg's all bran breakfast foods.

On Page Seven there is a full page advertisement of General Electric Company's electric light globes. On Page Eight there is a full page advertisement of Goodyear life guard automobile tires. On Page 29 there is a full page advertisement of Campbell's cream of mushroom soup. On Page Thirty-one there is a full page advertisement of the Metropolitan Life Insurance Company. On Page Thirty-three there is a one-half page advertisement of the Bell telephone system. On Page Thirty-five there is a full page advertisement of Camel cigarettes. On Page Thirty-six there is a full page advertisement of G. M. C. automobiles.

On Page Thirty-seven there is a one-fourth page advertisement of Del Monte pineapple juice. On Page Thirty-eight there is a one-fourth page advertisement of Ungutrine, a cure for sunburn and blistered skin. On Page Thirty-nine, there is a full page advertisement of batteries. On Page Forty-one there is a full page advertisement of the Chevrolet automobile. On Pages forty-two and forty-three, there is a double page advertisement of the Dodge automobile. On Page Forty-four there is a full page advertisement of a moving picture entitled, "The Light That Failed."

On Page Forty-six there was a one-half page advertisement of Sal Hepatica, a patent medicine. On Page Forty-seven, there is a full page advertisement of the Northwestern Mutual Life Insurance Company. On Page Forty-eight, there is a half column advertisement of Absorbine Jr., famous for relieving athlete's foot, strains and bruises, and on the same page, there is a one-half column advertisement of a Webster's dictionary. On Page Forty-nine there is a full page advertisement of Champion spark plugs. On Page Fifty there is a full page advertisement of Diesel tractors. On Page Fifty-one there is a half column advertisement of Sergeant's Dog medicine, and a one-fourth column

advertisement of mentholatum for chapped skin and a small advertisement of Philadelphia's Benjamin Franklin Hotel, and a small advertisement of Christy's sport knife.

On Page Fifty-two there is a half page advertisement of Bromo Seltzer for headaches. On Page Fifty-three there is a half page advertisement of Horlick's malted milk, "the fountain of youth". On Page Fifty-four there is a full page advertisement of Celotex building material. On Page Fifty-six there is a full page advertisement of Pall Mall cigarettes. And on Page Fifty-nine, there is a full page advertisement of the Ford V-8 truck. At Page sixty, there is a one-half page advertisement of the Willis automobile.

At Page Sixty-two, there is a one-half page advertisement of Kool cigarettes. At Page Sixty-three there is a half column advertisement of Sani-flush, "Cleans toilet bowls without scouring". Also a one-half column advertisement of 3-in-one oil, a small advertisement on how to become an expert accountant, and a small advertisement on Masland Rugs and carpets. On Page Sixty-four there is a half page advertisement for soft life lenses to protect your eyes. On Page Sixty-five there is a half page advertisement of Peppermint Life Savers for your breath. On Page Sixty-six there is a half page advertisement of Tea, "That peps you up".

At Page Sixty-seven there is a half page advertisement of national caskets to bury you in when you are dead. At Page Sixty-eight there is a one-half page advertisement of "Pluto water that says, "When Nature won't, Pluto will". At Page Sixty-nine there is a half page advertisement of the Penn Mutual Life Insurance Company. At Page Seventy-one, there is a full page advertisement of Barrettarvia, for rough roads and the like.

At Page Seventy-two there is a one-fourth page advertisement for body and head adhesive bandages, and about one-half column of White motor retainer, and a small advertisement of a luxurious automobile trailer, and also an advertisement of National 3-Minute oats, and a small advertisement of absorbent towels, and an advertisement of a metallic liquid mender called "Mend It". On Page Seventy-three, there is a one-half page advertisement of Federal Motor trucks. At Page Seventy-six there is a full column advertisement of prizes for taking subscriptions to the Saturday Evening Post and the Ladies' Home Journal, Jack and Jill, and the Country Gentleman.

At Page Seventy-seven, there is a three-quarter page advertisement of Old Dutch Cleanser, "It chases dirt". And a one-fourth page advertisement of a pure silver plated hollow handle dessert server. At Page Seventy-nine, there is a one-half page advertisement of Spad cigarettes. At Page Eighty there is a

West Texas Gas Company
NATURAL GAS... Your Quick, Clean, Economical Servant

one-half page advertisement of Armour's Star bacon—let me at it. At Page Eighty-three there is a full page advertisement of a railroad sleeping coach. At Page Eighty-five there is a full page advertisement of cellophane wrapping paper. On the outside of the cover on the back is a full page advertisement of sun-kissed California seedless naval oranges.

Being 64 beautiful advertisements of everything from dog medicine to the luscious orange juice, being 64 articles that are painted in the most glowing terms and colors to induce us to spend some of our hard earned cash, "but no where did I see an advertisement of anything offered for sale made from the chief product of the Plains country of Texas to-wit: COTTON.

I daresay that in every magazine of any consequence, and there are literally hundreds of thousands of them printed in the United States today, there are just as many or more advertisements of something that somebody has for sale, and I am wondering in just how many of these publications there is any advertisement of the product of the Texas farmer. Apparently the raisers of cotton are not advertising their products or articles that can be made from the chief product of the Texas farmer, and apparently to me it is time the Texas farmer was going something to advertise his own wares. There is hardly a day that we don't see in the papers that the export of cotton has diminished a very large extent and that we are gradually losing the world market for our chief product, and there is hardly a day that we do not see of some product such as rayon and other manufactured articles that are taking the place of cotton goods.

I am not a calamity howler and like to get as much pleasure out of the short span of years we call life as possible and see my neighbors and friends enjoy prosperity, but if we do not go to blowing our own horn, we are liable to wake up some day and find very narrow and restricted market for the fruits of our labor and toil.

The National Cotton Council of America was organized and is functioning for one and only one objective and that is to increase the domestic and foreign consumption of American grown cotton, cotton seed and the products thereof as a means to help to restore normal cotton production in the United States, and when they have done that they have benefitted every single individual

within the confines of Texas and the other cotton producing states. The Texas Unit of the National Cotton Council of America has appointed me a member of the National Cotton Council of America Committee in Texas. None of us who work in this field of endeavor expects to draw a cent for our labors. To keep, and to help this most worthy cause, it takes money as in everything else.

I shall contribute of my funds as liberally as I can to this worthy cause, and I hope the citizens of Lynn County will do the same. If you think our motives and objectives are worthy and laudable. We should like to have your assistance to the extent that you are able to help.

Our fellow citizen, Mr. B. J. Emanuel, is County Chairman for this county in this work. If you can help him in the furtherance of this work, I think you will have benefitted yourself, your neighbor and your friend in our struggle down the highway of life.

Won't you please do your part?
Sincerely yours,
TOM GARRARD

FAT INCREASES FLAVOR OF MEATS

"Fat increases flavor and helps to retain moisture of the muscles in meat," said Miss Maurine McNatt at the meeting of the West Point home demonstration club on Wednesday, March 7, in the home of Mrs. Tom Hale, with Mrs. Newt Barham as the hostess.

All meat contains fat. It forms the exterior covering and is deposited in the muscles and cells. Some is distributed in very minute particles throughout the muscles and the lean is called marbling.

Miss McNatt explained how payment can be received from the A. A. A. for tree planting used as wind-breaks for the farm or home.

In spite of the bad sand storm there were seven present.

The next meeting will be in the home of Mrs. Clem Gillespie on March 20.

STATED MEETINGS OF
Tahoka Lodge No. 1041
the first Tuesday night
in each month at 8:30
Members urged to attend.
Visitors welcome.

Douglas Finley, Sec'y

SANITATION IMPORTANT IN CARE OF CHICKS

"The most important thing to remember in caring for chicks is sanitation," Miss Maurine McNatt told the West Point 4-H Club on March 6.

One should fix a good brooder house before getting the chicks and be sure there is plenty of room to take care of the chicks. Have plenty of good equipment. This includes water fountains, feeders, broom, hoe and shovel.

Those present were: Bennie Dale Flint, Nita Bragg, Bernice Bartley, Ila Mae Schaffner, Ruth Gillespie, Jo Barham, Baneta Richter, and the sponsor Altha Jennings.

RECORDS SHOULD BE KEPT IN POULTRY RAISING

"It pays to keep records in poultry raising," stated Miss Maurine McNatt, home demonstration agent, at the T-Bar 4-H club meeting Thursday, March 7, at the school building.

If records are not kept one will not know whether or not a profit is being made. A strike record should be kept on all expenses and also on the sales. Home-grown feed should be charged to expenses as well as the bought feed.

All members were present. The next meeting will be March 21 with the sponsor, Mrs. Paul Johnson, in charge.

Morrey-Towse Puppet Show To Be In Tahoka

The Morrey-Towse Dental Health Puppet Show will be given in the schools of Lynn County March 20 and 21 by the State Department of Health, with the cooperation of the State Department of Education and the Good Teeth Council for Children, of Chicago. This piece of visual health education has been arranged under the approval of nationally known leaders in the fields of dentistry, medicine, and elementary education. It is dramatized with music, voice, and humor, bringing out four fundamental points in dental health in such a way that it is not only entertaining, but makes lasting impressions on the minds of the school children as to the value of dental health. It is presented by two operators, a man and a woman, both of whom are highly trained in dramatics and puppetry.

The plot of the story concerns the trials and contributions of Little Jack who could not go to the circus with his sister, Joan, because he had toothache. Through the cooperation of his mother and the friendly family dentist, Jack's toothache was relieved and he was taught how to care for his teeth to prevent toothache; how dental disease affects the general health of the body, as well as that of the mouth; he is told of the importance of the right foods, exercise, home care, and dental care.

The supporting cast in addition to the dentist, Jack's mother, and sister, Joan, are Toni, the fruit peddler; the milkman; Toni's son; and the show has been given in over a hundred counties of Texas to more than half a million children and teachers the past three years and is scheduled to cover sixty odd counties this year. It has shown to several million children in other parts of

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

JOHN GARNER LEADS PRESIDENTIAL RACE

Texas' distinguished favorite son—John N. Garner, the only Democrat to have announced unqualifiedly that he is a presidential candidate—is today the leading choice of his Party to succeed to the Presidency.

JOHN N. GARNER

Patriotic Texans will attend their own precinct conventions May 4 to record their support of their noted fellow Texan.

Uniformly popular in all sections of the country and among all classes of people, Vice President Garner is esteemed for his sound common sense, practical liberalism, and long experience in governmental affairs. Political observers in Washington agree that these attributes, together with the fact that his sturdy log-cabin Americanism is the nation's best safeguard against involvement in war, are responsible for his popularity among the rank and file of the people.

His name has been submitted directly to voters in a number of state primaries, in accordance with his democratic philosophy that "the people should decide." In announcing his candidacy last December, Mr. Garner said: "I will accept the nomination for President. I will make no effort to control any delegates. The people should decide. The candidate should be selected at primaries and conventions as provided by law and I sincerely trust that all Democrats will participate in them."

Jocko, the monkey, the United States, and both pupils and teachers are loud in their acclaim of its value.

While the show is arranged to fit into the forty-minute school period and primarily for elementary school children, parents are invited to see it with the children and teachers. It is considered one of the best visual education projects ever presented in Texas.

The following is the schedule for Lynn county: March 20, O'Donnell, 9:00 a. m., Draw, 11:15 a. m., Tahoka, 2:15 p. m.; March 21: Tahoka, 9:00 a. m., New Home, 11:15 a. m., Wilson 2:00 p. m.

CLAUD BARNES RELATES A BIT OF LOCAL HISTORY

Something that appeared in our 25-years-ago column recently reminded Claude Barnes of some early day history.

"In 1913," Claude told the News, "I sounded the first steam-thresher whistle ever heard in Lynn county, as mine was the first steam-thresher ever brought into the county. The first job of threshing ever done in the county was done for George Small. I was kept busy threshing maize and other sorghum grains all that fall and winter and the following spring, hardly stopping a day until wheat threshing began farther north. Early in the summer I took my thresher and went to Plainview to thresh wheat.

"One year a little later, I threshed

Lynn County Seniors Invited To Be Guests Of Tarleton College

The senior class of Tahoka High School and the senior class of the Wilson High School recently received an invitation from Dean J. Thomas Davis, head of John Tarleton College, inviting them to be the guests of the Stephenville institution at an open house on April 18. In addition to the invitation from the dean, letters urging attendance were received from representatives of various Tarleton social clubs, who are sponsoring the affair.

Included in the program for the hundreds of high school students expected to attend will be a tour of the campus, lunch in the dining hall, motion pictures, a program by the music department, and a military review of the Cadet Corps.

Mrs. C. C. Barnes has been visiting her son, Buck Barnes and family at Clovis, New Mexico, the past week.

Mrs. E. N. Weathers is visiting a daughter and family at Celeste, Hunt county.

more than 100,000 bushels of grain." Then the drought of 1917 hit, and the old gray mare hasn't been what she used to be since that time, so far as Claude's threshing activities are concerned.

L. C. JOHNSON ALSO TELLS PERFUMELESS STORY

When we printed that little story last week about D. C. Davis' strange experience with a certain well-known little striped animal, it seems that we started something.

L. C. Johnson came in Saturday and related one of his own escapades that involves a member of the same disreputable animal species. He says that he too once encountered one of these gentlemen in a prairie dog village.

As the little pest seemed in no hurry to get away, and having heard that the species were harmless as long as held off the ground, he made a quick decision to try it out and so deliberately made a dash for his skunkship and caught him by the tail. Thereupon he began lashing him against the ground and contin-

ued the process until life was extinct. At no time was any more odor emitted than if the animal had been a cotton-tail rabbit. And so that's that.

SUPT. AND MRS. BAZE VISIT FRIENDS IN TAHOKA

Superintendent and Mrs. M. L. H. Baze of Monahans spent last Friday night here with the I. M. Draper family and Mr. Baze visited the News office Saturday. Mr. Baze was superintendent of schools here for four years and now holds a similar position at Monahans.

He stated that their son, Junior, is now directing the Fort Stockton high school band for the second year, and furthermore that Junior is now a married man, having become the son-in-law of a Fort Stockton ranchman on last Thanksgiving day.

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate).

Your druggist sells Alka-Seltzer in handy packages and by the glass at his soda fountain. Try it.

"A program of industrial development centers around the manufacture of raw materials into finished products"

Oil

LOCATED in all sections of Texas, 141 refineries manufacture into finished petroleum products 80 per cent of the State's crude oil production.

In contrast, Texas processes only 3 per cent of its cotton production and none of its wool or mohair.

Petroleum refining now constitutes 41 per cent of the value of all Texas manufactures.

Of the 225,000 Texans regularly employed by the oil business of the State, 25,000 skilled workmen and 5,000 office employees (a \$50,000,000 annual payroll) are employed in this one division of our oil industry.

All of the Texas oil refined in our State, whether used in Texas or shipped to other states, paid last year in taxes an average of 9.8 cents per barrel.

McMurray College To Observe Founders Day, April 5th

Plans are being completed at McMurray College, Abilene, for national and particularly state-wide observance of Founder's Day, Friday, April 5th.

Ex-students and alumni of McMurray in all vicinities have been contacted and will be paying homage to the founder, Dr. James Winford Hunt, at exactly the same hour all over the country.

Throughout the state and nation, at 7:30 Friday evening, April 5, all exes will gather at the nearest prescribed reunion for a buffet supper. At 9 p. m., Dr. Frank L. Turner, active president of McMurray College, will address them through the Texas State Network. At the conclusion of the address, voices of all alumni will be singing the alma mater.

The morning of Founder's Day, on the college campus the ex-students organization, with Alse Carleton in charge, will conduct the celebration honoring the 1940 students.

Mrs. Ola Sparkman, formerly of Tahoka, but now a resident of Cleburne, is making an extended visit with Mrs. Wiley Curry and other relatives here.

Brooks Again Named Safety Council Head

Members of the Board of Directors of the Texas Safety Council, meeting in Dallas Wednesday, again elected Pierce Brooks president of the organization. Brooks was its

founder in 1933 and through all the years has been active in the promotion of its work.

At the same time George A. Davison, Jr., of Abilene, former member of the Legislature from Eastland county, was re-elected vice-president and M. E. Gregory of Dallas, secretary.

The Board of Directors is composed of responsible and representative business men from all sections of Texas; all of whom contribute to the work of the Council without pay, as do its active officers.

Directors at the meeting discussed the unselfish work of Mr. Brooks for eight years, and pointed out that he had probably contributed more in individual funds and in time and energy to the educational work of Safety than any other Texas citizen.

The Secretary reported to the Board that in the last year, nearly 100 Junior Patrols had been organized in the State. These do their work at the schools in the prevention of accidents, which have been reduced to a minimum. The Secretary also reported that in the last few months, 3 separate films had been

Land Commissioner Giles Is Candidate For Re-election

Bascom Giles, State Land Commissioner, is one State official apparently firmly set for re-election during this year's political campaign as a result of the numerous achievements he has brought about during the first year of his administration to benefit Texas public schools and land owners.

Political observers report this is due to the way the Giles administration, during its initial year, has brought improvements in the land laws, has placed the operation of the Land Office on an efficient, business-like basis and restored confidence in the administration of this important State Department.

During his first year as Land Commissioner, Mr. Giles has succeeded in effecting major changes he advocated to better safeguard the State public school land with its millions of dollars in revenue coming to the schools and to better protect

produced on safety which have been shown in scores of Texas theatres which have co-operated and the demand for them is so great that the office is months behind in its bookings.

In accepting the Presidency again of the organization, Brooks said: "The results we have accomplished would not have been possible save for the co-operation of the Civic Clubs and the newspapers of our State. And we do not want to overlook the Mayors who since January 1st, in more than 100 Texas cities and towns have named local safety committees which will co-operate with us throughout the year."

land owners and the titles to their tracts.

Chief recommendations he made urged and helped bring to enactment by last year's Legislature, included creation of the new State School Land Board, revision of the land laws to give land owners a preference right to purchase or lease vacant land in or adjoining their holdings, and the strengthening of the law to curb vacancy racketeering and land title clouding.

Commissioner Giles won his sensational victory in the 1938 campaign with the promise to restore confidence in the administration of the Land Office and to sponsor needed legislation. After the election he did not forget, political observers point out, but immediately began working actively for the adoption of the recommendations at the 46th Legislature. Much of the credit for their adoption at last year's Legislature has been ascribed, by Legislative and State School leaders, to the work Commissioner Giles did.

Mr. and Mrs. W. E. Taylor and Mr. and Mrs. Roy Taylor and children spent the weekend here visiting Mr. and Mrs. Lee Roy Knight, and Mr. and Mrs. Henry Maasen and children. The Taylors live at Sand in Gaines county near the new Cedar Lake oil field.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c

MISS BETTY ELLIS CONDUCTING REVIVAL IN HOBBS

Miss Betty Ellis, pastor of the Nazarene church here, left for Hobbs, New Mexico, Monday to conduct a two-weeks revival meeting for the church there, of which Rev. James Atkinson is the pastor.

Mrs. J. B. Roeder of Grassland, will fill the pulpit here during the two Sundays of Miss Ellis' absence.

Miss Ellis also announces that Rev. Pete Klehn, a missionary to China, will preach in the church here at 7:30 Tuesday evening, March 26. The public is cordially invited to attend these services.

HERE'S WHAT IT TAKES FOR LEADERSHIP AND FORD'S GOT 'EM ALL!

Built in Texas by Texas Labor

1 GOING POWER

—the kind of power that only the V-8 engine can provide—the instant response, the lightning acceleration, the remarkable economy, the swift, smooth, faithful performance. 6,000,000 Ford V-Eights—more than all other Eights combined—say this is the power plant for you.

2 STOPPING POWER

The big hydraulic brakes of the Ford V-8 are far and away the biggest in the low-priced field—a safety factor you've got to have in the new car you buy.

3 POWER TO HOLD THE ROAD

No car in any price field excels Ford in roadability—in keeping "all four feet on the ground" under all driving conditions. This means safety plus comfort.

4 SMOOTHNESS

Not only in power does the Ford V-8 engine excel, but in the smoothness that gives velvet quiet. Only cars costing hundreds more offer this supreme luxury of 8-cylinder smoothness.

5 STAMINA

In staying power, there is no car that can take the rough with the smooth like Ford. There are more Fords on the highway than any other make of car. This sturdy Ford is made to take it!

6 STYLE

Ford set the current modern trend in beauty of lines. And Ford's unequalled paint job makes its beauty permanent.

7 COMPLETE ECONOMY

The combination of low price, low cost of operation, high trade-in value and more extras at no extra cost, makes the Ford the great economy buy for 1940.

NO OTHER CAR IN THE LOW-PRICED FIELD IS 1-2-3 WITH FORD

Tahoka Motor Co.

NOTICE OF SALE OF REAL-ESTATE UNDER EXECUTION

THE STATE OF TEXAS
COUNTY OF LYNN
IN THE DISTRICT COURT LYNN
COUNTY TEXAS, NO 813, W. G.

BRILEY, Plaintiff v C. B. KELTNER, Defendant.

WHEREAS, by virtue of an execution issued out of the District Court of Lynn County, Texas, on a judgment rendered in said Court on the 20th day of February, A. D. 1933, and which judgment was renewed by a judgment of the District Court of said Lynn County, Texas, on the 20th day of February, A. D. 1940, in favor of the said W. G. Briley and against said C. B. Keltner, No. 813 on the docket of said Court, I did on the 4th day of March, A. D. 1940, at 4:40 o'clock p. m. levy upon the following described tract and parcels of land lying and being situate in the County of Lynn, State of Texas, and belonging to the said C. B. Keltner, to-wit:

All of Lot One (1) in Block Seven (7) of the original town of Tahoka.

All the North 37 1/2 feet of Lot (2) Lynn County, Texas; also in Block No. Seven (7) of the original town of Tahoka, Lynn County, Texas; and also

All of the South one-half (S 1/2) of Lot Three (3) in Block Seven (7) of the original town of Tahoka, Lynn County, Texas.

And, on the 2nd day of April, A. D. 1940, same being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of said Lynn County, Texas, I will offer for sale, and sell at public auction, for cash, all the right, title, interest and estate of the said C. B. Keltner in and to said property.

Dated at Tahoka, Lynn County, Texas, this 4th day of March A. D. 1940.

B. L. PARKER, Sheriff Lynn County Texas. 30-30c.

THE PLAYS IT DISCUSSED AT PETTY CLUB

"It's important that the pattern of your playsuit be the right size for your figure; therefore it is not wise to depend on age for this or to guess the size," stated Miss McNatt, home demonstration agent, at the meeting of the Petty 4-H club Wednesday, February 28.

Since some girls grow faster than others, girls of the same age may wear different sizes. To determine what sizes to buy, take your last measure over the fullest part of the bust and close up under the arm, and your hip measure over the largest part of the hips. The hip measurement may not be necessary in some cases but it is wise to have it to check the pattern. If you can not get the right size, then get the size just larger.

All members were present. The new members were Joyce Rogers, Della Carroll, and Melba Rose McClellan.

The next meeting will be March 5 with Mrs. J. W. Lowrey in charge.

CENSUS --- Facts and Figures

"If every family would devote the conversation at one single dinner hour to a discussion of the coming Census of Population, it would be a great convenience to the family, and an aid to the community and to the Government," said Mr. A. G. Bearden, District Supervisor of the Census for this district.

The Census man is coming to every home early in April, and some member of each family should be designated by the family to act as spokesman when the Census taker comes, and give all the information required about every household occupant, even including roomers and Fred help who live in the household. According to Mr. Bearden, these are the facts that the Census man will ask for about every household:

House number and street

Home owned, or rented; home value, if owned; monthly rental, if rented

Live on farm? (Yes or no)

Name of every person in household and relationship to head of family; sex, color or race; age last birthday; single, married, widowed, or divorced.

Whether attended school or college since March 1, 1940; highest grade completed

State or country of birth.

Citizenship of any foreign-born.

Where did each person live five years ago, that is on April, 1935? (This is to get a study of internal migration)

To get complete facts of employment and unemployment, each person 14 or over must say whether at work for pay or profit in private industry during week March 24-30. If not working for private industry, or non-emergency government work, or regular government work, whether working for WPA, NYA, CCC same week. If neither at work nor assigned to public emergency work, each person must say whether or not he is seeking work; if not seeking work, whether he has a job or business from which he is temporarily away.

Each person not at work or not seeking work must say whether engaged in home housework, in school, or able to work "other".

All persons employed by private industry or on regular government work are required to give the number of hours worked the week of March 24-30, and those seeking work and

those assigned to public emergency work must state the duration of their unemployment in weeks up to March 30, 1940.

Every person at work, either private or emergency, must give present occupation, industry and class of worker. Those without work but seeking work must report on whether they have had previous work experience lasting one month or more and give their last occupation, industry and class of worker. If they have not had previous work experience and are seeking work they will be listed as "new workers".

Information sought on "occupation" above, must include exact nature of duties performed, such as trade, profession or particular kind of work done. Under industry above, report kind of factory, store or other business in which duties are performed. Under "class of worker" above, report whether a wage or salary worker in private work; a wage or salary worker in government work (including WPA, CCC, NYA); an employer; working on own account, or an unpaid family worker.

Report the number of weeks worked during 1939 (equivalent full-time weeks). Report the amount of money, wages, or salary received (including commissions) during 1939 and whether there was additional

income of \$50 or more from other sources during the year.

To get a natural study of racial origin, war veterans, Social Security, usual occupations and industry, and number of children born to women, each twentieth person will be asked the state or county of birth of father and mother; mother tongue; whether a veteran; whether a wife, widow, or child under 18 of a veteran; if a child, is the veteran father dead; what war or military service.

Each twentieth person will also be asked whether he or she has a Social Security number, whether or not deductions were paid for Federal Old Age Insurance, or Railroad Retirement in 1939. If deductions were made, were they based on all, one-half, or more, or less, than half of wages or salary?

Each twentieth person will also be asked his or her "usual occupation, industry, and class of worker." State as usual occupation that one so regarded, or if not sure, that one at which he has worked most during the past ten years.

This supplementary Census will also ask each woman who has been married whether married more than once; age at first marriage and number of children ever born.

MOVIE STARS CAN'T LOOK SKINNY

No woman can afford to. If you have unlovely haggard hollows and are thin you may need the vitamin B complex and iron in Vinol. Vinol has helped thousands.—Tahoka Drug.

MISS McNATT STRESSES SANITATION FOR POULTRY

"Strict sanitation practices should be followed in caring for poultry," said Miss Maurine McNatt, home demonstration agent, to the Wells 4-H club, March 7, at the school building.

If poultry is expected to grow and do well, the house and yard must be well cared for. The brooder house must be cleaned often and the yard should be plowed to turn under the filthy ground. Brooder houses should be built on slides in order that they may be skidded to new and clean grounds.

There were fourteen members present.

The next meeting will be March 21, with the sponsor, Miss Alta Mae Simpson in charge.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

The Chiropractor

Should be thoroughly investigated. Those who are sick or by those whose dear ones are suffering from disease. It will pay to investigate a science which is based upon logical principles.

NEW LIFE

Change Winter-killed oil—and here's why to change to OIL-PLATING

Slush in the gutter is scarcely thinner and dirtier than Winter oil over-staying in your engine. Drain now, warns your judgment—and Car Manual. But get more than a re-filled crankcase. Get cylinders, rings, bearings, and other precious parts OIL-PLATED by making sure that you change to Conoco Germ Processed oil—patented.

Your Mileage Merchant puts it in at an ordinary price, in the ordinary way. But how extraordinary is the man-made extra substance in the Conoco formula, that sets Germ Processed

oil apart. For here is oil whose strong "power of attraction" makes engine parts draw glossy OIL-PLATING all over themselves and keep holding it close—as drain-proof as plating on hub caps.

Not for one instant can OIL-PLATING go draining "down home" to the crankcase. Though you're speeding the limit or parking long hours, OIL-PLATING is always faithfully maintained. All in addition to the strong oil-film of Germ Processed oil, this drain-proof OIL-PLATING helps to keep down wear. And that's how to keep your engine nearest to the oil economy of its youth. Your correct Germ Processed oil for Spring, at Your Mileage Merchant's Conoco station today, will give you the change to an OIL-PLATED engine. Continental Oil Company
