

County League Meet Now In Progress

Finals Are To Be Highlight On Saturday

The county interscholastic meet is now on in full blast but tomorrow will be the big day, as the track and field events will be staged then.

There were contests in playground ball and volley ball Wednesday and in declamation and debate Wednesday night.

Thursday night was devoted to choral singing in the several divisions.

There are to be many literary and minor athletic contests today, beginning at 9 o'clock A. M. and concluding with the one-act play in the high school auditorium at 7 P. M.

As usual, hundreds and possibly two or three thousand people will be here for the events Saturday, if the weather is favorable.

Winners in the contests, literary and athletic, will go to the district league meet to be held in Lubbock later, and the winners in the district meet will go to the state meet in Austin.

Below are the names of the schools which were winners Wednesday night in declamation contests, and in the case of Tahoka winners, the students' names. We hope to have the names of the other contestants next week.

Senior girls, O'Donnell, first; Tahoka, second. (Continued on Back Page)

Boy Scouts To Hold Court Of Honor

The Boy Scouts of Tahoka, participated in a First Aid Meet in Lubbock last Thursday night, winning second honors with a total score of 363 points out of a possible 400. Tahoka's Troop 21 was only 11 points behind the winners, the Snake patrol of Slaton, who made 374 points.

Tahoka's score, as well as that of Slaton, is considered a good rating in Scout circles.

The Scouts will hold a Court of Honor in the local Scout Hall, Monday night, April 1, 7:30. Badges of advancement will be awarded. All parents of Scouts and Cubs are urged to attend this meeting, as well as all others interested in Scouting. The program will be both interesting and educational. We will be expecting you to come and BACK OUR SCOUTS—Scribe.

City Elections Just Around The Corner

Just one week from next Tuesday, the voting population of Tahoka will be given the first opportunity of the year to go to the polls and vote.

On that day a city election is to be staged.

A city secretary and two city aldermen are to be elected.

The candidates for city secretary are Miss Rosemary Nelms, the present incumbent, and Mrs. L. E. Turentine.

The terms of Dr. K. R. Durham and N. C. Rainey expire as city aldermen. Neither, so far, has publicly announced as a candidate for re-election, but it is presumed that either would serve again if re-elected. So far, there are no other announced candidates. We have heard of no prospective candidates.

But, whether there are any contests for aldermen or not it behooves every qualified voter to go to the polls and vote.

And there are two candidates for city secretary, only one can be elected.

SINGING CONVENTION HERE SUNDAY

The News is requested to announce again the all-day singing convention to be held here next Sunday in the auditorium of the high school building.

Many noted singers and some well-known quartets are expected to be here, and a great crowd is expected. Everybody is expected to provide his own lunch.

Number 32

Fat Stock Show Winners Announced

James Bennett, New Home, with one of his Hereford baby heaves, typical of the calves shown here last Saturday at the annual 4-H-FFA Livestock Show. This calf put on 450 lbs since last October. James and his brother, Willard, sons of T. R. Bennett, have been feeding calves five years. (Courtesy Lubbock Avalanches)

FILLING STATION AT GRASSLAND IS DESTROYED BY FIRE WEDNESDAY

Fire of undetermined origin completely destroyed the Farmers Cooperative Filling Station at Grassland at an early hour Wednesday night.

The fire spread rapidly after it was discovered and the entire building was soon enveloped in flames. The Tahoka fire department was notified and a number of the boys accompanied the truck out to the scene. The fire was finally extinguished but not until the building and its contents were almost completely destroyed.

The supply of gasoline and oil had just been replenished Wednesday afternoon, it is said, and the loss was heavy. It was only partially covered by insurance.

CARD OF THANKS

We wish to express our gratitude to the members of the fire department of the city of Tahoka and citizens of Grassland for their help and cooperation in fighting the fire which destroyed the Grassland Cooperative Service Station and contents Wednesday night. Your efforts will be long remembered.—H. P. Lee, Manager.

Wells Baptist Church To Be Dedicated

An all-day church dedication service is to be held in the new Baptist Church at Wells on Sunday, March 31, according to announcement sent to the News by Hamilton Still.

Beginning with the Sunday School period at 9:45 a. m., services will continue until 3:00 p. m. with an intermission of an hour and half for lunch at noon.

Regular B. T. U. and preaching services will be held at night.

W. J. Jordan is the Sunday School superintendent and Gerald Moore of Plainview will conduct the song services throughout the day.

Revs. B. H. Warren of Plainview and George A. Dale of Tahoka are on the program for brief addresses in the morning, followed with a sermon by Rev. W. K. Horn of Post.

Rev. W. L. Brian, the pastor, will offer the dedicatory prayer.

In the afternoon there will be addresses by Rev. A. A. Brian of Levelland and Rev. W. N. Clark of Plainview together with appropriate song services.

Tahoka Wins First In Track Meet Here

Tahoka won first place in the Invitation athletic contests held here last Friday. Schools participating and points scored by them were as follows: Tahoka, 48; Brownfield, 36; Seagraves, 23; O'Donnell, 13; Midway, 6; Newmoore, 0.

In the Junior high school division, Brownfield was the winner with 13 points. Tahoka placed second with 6 points, and O'Donnell third with 4 points.

Max Minor of Tahoka was the high point man of the entire list of contestants, scoring a total of 21 1-4 points.

Blair Cherry Is Tahoka Visitor

Blair Cherry, first assistant coach under Dana K. Bible at the University of Texas, while here Sunday sold a representative of the News that there are liable to be about fifty or six teams definitely in the race for the Southwestern Conference championship next fall.

"He says that many teams will be so near the same calibre that some little mistake of an individual player or a break of the game, will likely make or break the team's chances for the championship.

The University of Texas, which has been in the doldrums for several years in football, is now getting many good athletes. He says, the school spirit is improving, and the Ag team will be a real force in 1942, or possibly by next year.

Cherry contracted Max Minor, local football star, while here, and invited him to attend the Texas relay next week in Austin. Max, of course, has been invited to attend the University the next four years.

Cherry also visited Frank Hill while here. He is former coach of the Amarillo Sandies, where he made a phenomenal record which brought him the job as Coach Bible's assistant.

T. H. Basinger of the Gordon community, candidate for county commissioner, was here Wednesday and Thursday having some cards printed and interviewing the voters.

Thief Steals Minister's Books From Church

When Elder Arley Moore removed last week from a house in North Tahoka to one out on the Brownfield highway in the west part of town, he placed his books in the Church of Christ for convenience. While not in use the church was kept locked.

But a few nights ago, some thief forced an entry into the church and stole the preacher's books, including a valuable set of Adam Clark's Commentaries on The Old Testament. He should read 'em.

ACC Band Gets Spirited Applause

Abilene Christian College's 45-piece Wildcat Band drew spirited applause from those who heard the concert at the high school Tuesday night. The program ranged all the way from classical to such popular numbers as "Three Little Fishes."

For especial benefit of the Tahoka band, the visitors played the two numbers which Tahoka will play in the Plainview band contest next month.

The band played a composition of N. W. Alphin's, a march entitled "Cotton Bowl Champions." Mr. Alphin has composed a number of band selections, several of which are played by Texas Tech band.

The ACC band, which is on a week's tour, was entertained in private homes of Tahoka Tuesday night.

Mr. and Mrs. D. O. Wiley of Lubbock were here Tuesday night at the ACC band concert. Mr. Wiley is director of the Texas Tech band.

FIRE DAMAGES TWO SERVANT HOUSES

Fire broke out in a servant house at the A. L. Lockwood home last Friday night, doing considerable damage to the house and furniture. The house was occupied by a family named Wagonseller.

On Thursday at noon, a gas stove exploded in a servant house on the C. A. Thomas premises and the fire did considerable damage before the fire department could extinguish the flames. A car locked up in one compartment of the building was rescued without having been damaged.

Mr. and Mrs. Thomas had just left on Wednesday for a two weeks in Galveston. The servant house was occupied by a negro couple.

JOYCE JOLLY VERY ILL

Little Miss Joyce Jolly, 12 year old daughter of Mr. and Mrs. J. L. Jolly of Tahoka, was carried to a Lamesa hospital Wednesday in a very serious condition.

She was in a coma all day yesterday, and is suffering from diabetes. She had been ill only a few days.

MOORES HONORED WITH SHOWER

Elder and Mrs. Arley E. Moore were honored at a miscellaneous shower last night in the home of Mr. and Mrs. M. R. Pemberton. Elder and Mrs. Moore have just moved here, although Elder Moore has held the pastorate of the Church of Christ for some time.

About sixty people were in attendance, and enjoyed a program under the direction of Mesdames Tobe Kennedy, R. L. Richardson, and Fred McInty.

Household and personal gifts expressed the appreciation of the church membership for their elder.

All members of the Ex-Students Association are urged to meet with Mr. and Mrs. Oscar Roberts Tuesday night at their home for the discussion of important business.

Thirteen City Blocks Now Being Paved

The work of paving the streets in the residence section of town has speeded up a bit the past two or three weeks.

About fifteen blocks are now under construction, the work having reached various stages on the different blocks. The work of placing the caliche base has been completed on a number of the blocks, and just a cursory glance at these streets affords convincing evidence that the paving is to be very fine when completed.

This caliche base is being placed to a depth of eight or nine inches and there will be two layers of asphalt.

The work of topping will probably not begin until June, according to Mayor Deen Nowlin. By that time, most of these fifteen blocks will probably be ready for the hot top. About fifty men all together are now employed on this project. This includes those who are at work in the caliche pits and in hauling material as well as those doing street work.

New Church Dedicated At Wilson

Dedication services for the new St. John's Lutheran church in Wilson were held here last Sunday.

Rites were read by Rev. E. Heber, pastor, assisted by Revs. C. N. Roth, F. T. Sager and Theo. Sager. Rev. Roth, of Winters delivered the sermon. An orchestra accompanied the singing.

Another service was conducted at 2:30 p. m., the sermon at this service being delivered by Rev. F. T. Sager of Slaton. Other visiting pastors spoke briefly. Rev. Heber also spoke and several choir anthems were heard.

The church was constructed mainly through the donation of work by members and friends of the congregation. W. C. Ernest designed the building and built the pulpit. The building is estimated at \$5,700.

The church council is composed of R. J. Neiman, Walter Maeker and B. O. Wilke. The building committee was Hugo Maeker, Neiman, John Sanders and Alfred Krause. The finance committee was Krause, Sander, Neiman, Walter Maeker, L. Shambek and Wilke.

MOORES HONORED WITH SHOWER

Elder and Mrs. Arley E. Moore were honored at a miscellaneous shower last night in the home of Mr. and Mrs. M. R. Pemberton. Elder and Mrs. Moore have just moved here, although Elder Moore has held the pastorate of the Church of Christ for some time.

About sixty people were in attendance, and enjoyed a program under the direction of Mesdames Tobe Kennedy, R. L. Richardson, and Fred McInty.

Household and personal gifts expressed the appreciation of the church membership for their elder.

All members of the Ex-Students Association are urged to meet with Mr. and Mrs. Oscar Roberts Tuesday night at their home for the discussion of important business.

Annual FFA-4-H Show Is Huge Success

The Fat Stock Show staged by the 4-H club boys and the F. P. A. boys here Saturday under the direction of County Agent Don Turner assisted by the vocational agriculture teachers of the county was a revelation to many who saw the fine stock.

We dare say that one does not often see finer calves even in the Lubbock and Fort Worth fat stock shows than some of those exhibited here Saturday. There were also some very fine entries in the pig division. There were twenty-six calves and about fifty hogs of all kinds on exhibit. The show was held in the big cotton ware-house of Buster Fenton and associates out in the northeast part of town.

At 1:30 in the afternoon there was a calf parade through the streets, which attracted much attention. The judging of calves was done down town on the north side of the square.

More than \$200 were distributed in prizes among the winners in both the calf and hog divisions.

Winners and premiums awarded were as follows: W. A. Fulford of Wells, first, \$20; James Bennett, New Home, second \$15; F. E. Redwine, Tahoka, third \$12; W. A. Fulford, Wells, fourth \$10; Edward Bartley, Tahoka, fifth \$7; Lloyd R. McCormick, New Home, sixth \$6; James Bennett, New Home, seventh \$5; Kenneth Crouch, Three Lakes, eighth \$4; H. R. Tankersley Jr., West Point, ninth \$3; H. Joe Schwartz, Wilson, tenth \$2.

The prizes listed above was for FAT CALVES.

Winners in the various other divisions and the awards will appear in next week's paper.

Nowlin Office Building Opened

The finishing touches are being placed on the new Deen Nowlin building on Sweet Street this week.

Deen and his office force moved into their new offices in this building Tuesday morning. Mrs. R. C. Forrester also moved into her new office in this building Tuesday. She is located in the southeast corner of the building.

Mrs. Gladys Stokes and District Attorney Truett Smith, it is understood, will move their offices into this building about April 1.

Elegantly finished inside, with an attractive white brick front, and well located, this is an ideal little office building.

MOORES HONORED WITH SHOWER

Elder and Mrs. Arley E. Moore were honored at a miscellaneous shower last night in the home of Mr. and Mrs. M. R. Pemberton. Elder and Mrs. Moore have just moved here, although Elder Moore has held the pastorate of the Church of Christ for some time.

About sixty people were in attendance, and enjoyed a program under the direction of Mesdames Tobe Kennedy, R. L. Richardson, and Fred McInty.

Household and personal gifts expressed the appreciation of the church membership for their elder.

All members of the Ex-Students Association are urged to meet with Mr. and Mrs. Oscar Roberts Tuesday night at their home for the discussion of important business.

Elder Drennon's Notes

A few more notes, as my last week's were received so kindly. I was glad to get the fine edition of last week's News. Editor Hill seems to still be growing, which is as it should be. When things in Nature quit growing, it is a sign that decay has set in. So it is with men. I feel in my soul that I have grown more this last year than any yet. But hope that Editor Hill as well as myself shall continue to grow until death calls us.

A few words to church members about attending worship. Did you know that your absence made some question the importance you attach to religion and perhaps made them think you might just be pretending to be religious? It also slackened your interest in going next time and weakened the effect on those who did attend. It was also a vote against the influence of the church over your life and theirs.

On the other hand, your presence caused your friends to feel more welcome at the service and strengthened their confidence in your integrity and perhaps removed a stumbling block from the path of those who looked to you for guidance. It also made you happier and strengthened your determination to live right. So which were you an absentee or a presentee?

I see by the papers that the political pot is boiling in Texas and I think one thing we should all do

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

is to think right as well as to vote right. The spell-binder will be around this summer with his loud-speaker, but let's look at his record as well as listen to his speech and judge him more by his record than his speech; and those that sling mud, remember it is just a trick to hide their own dirty past.

I preached last Lord's Day morning on "Looking for the good in people." It was well received and I think did good. I made just one resolution this year and that was to look for the good in people. It is lots of fun and brings good returns. Join me, won't you, reader?

Yours for more people who have learned: It is "Better never late" than "Better late than never." Visit the friendly church.—R. P. Drennon.

Note: The editor is not due much credit for that big fat edition of the News last week. The credit goes to our advertisers, to our advertising solicitors, and to the skilled workmen here in the shop who worked so long and so faithfully day and night to get the job done. And then, just before the last rag on the paper was finished, came a little accident, which put our press out of commission, and compelled us to call on a good neighbor to help us out. The job was finished on the press of the Lamesa Reporter. It's fine to have good neighbors. We can join you, Brother Drennon, in looking for the good in others. We too hope to continue to grow both broader and taller, mentally and spiritually, right up to the end. Especially do we hope broader—broader in knowledge, in outlook, in our sympathies for the rights, views and opinions of others. Live for God and our fellowman is the spirit of Christianity.

"There are a few simple rules every buying beef, stated Miss Maurine most expensive one.

Miller and Loy Hubbard put in brilliant performances, but failed to pull the Crushers from behind in the closing minutes of their first game.

Typical of the home food production work carried on by home demonstration club women and 4-H club girls in the South Plains in cooperation with county home demonstration agents and the Texas A. and M. Extension Service is this fine garden in Lubbock County. Shown are Elizabeth Brooks, assistant home demonstration agent of Lubbock County, and Mrs. Fred Kveton. To statements that vegetable production is impracticable in that section, the Kvetons point out an acre of field garden, the fine home garden shown, a frame garden for out-of-season production, and a pantry stocked with hundreds of cans of home-grown products.

TAHOKA LOSES FIRST GAME OF TAAF TOURNAMENT TO WACO QUINTET

Hard luck rode with the Orange Crushers to Waco last weekend, for they lost their first game in the state TAAF basketball tourney to the Oliver Farm Machinery team of Waco. Tahoka made the tripe after capping the district title in Lubbock.

Substitution for two of the players for the team is credited partially for the four point loss of the local team. Mon Mullins, former All-American in the AAU, and high scorer in that national classification one year, was unable to go, as was Jack Snodgrass, ex-Howard Payne star. These men were replaced by tears Reid, star of the Rails team, and Obra Miller, former Tech star and member of the Lubbock Jaywalkers team, both brilliant players, however.

Miller and Loy Hubbard put in brilliant performances, but failed to pull the Crushers from behind in the closing minutes of their first game.

The Tahoka-Waco tussle kept

tournament enthusiasts on the edge of their seats throughout, the lead swapping hands frequently. In the final minutes of the contest, Tahoka was but two points behind and threatening to knot the count every shot.

But Jones, Oliver sharpshooter dropped in the goal that iced the game for the Waco delegation.

Hubbard accounted for 12 of Tahoka's total, taking top scoring honors. Miller counted up 11 for the West Texans in the tilt, described in daily dispatches as one of the hottest contests in the tourney.

Others on the team from Tahoka were Leroy Crews, former Tech captain, J. E. Florence, all-district high school selection from Draw, Charles Townes, Powell Armstrong, Paul Cok.

Mr. and Mrs. H. B. Howell visited in the home of her parents, Mr. and Mrs. F. E. Walters at Brownfield, Sunday.

TUBERCULOSIS IS OLDEST DISEASE KNOWN TO MAN

Tuberculosis is one of the oldest diseases known to man. It was a scourge of ancient Egyptians and has afflicted people of all lands and races since the earliest times. For centuries tuberculosis was shrouded in mystery and superstition but today the cause of this disease is known and effective means of tuberculosis prevention, diagnosis and treatment have been widely devel-

oped and are being more and more widely applied by medical science.

Tuberculosis is caused by a germ—the tubercle bacillus. Without this germ in the body, actual disease cannot develop. It is an infectious disease and is also considered moderately contagious; "every case of tuberculosis comes from another."

Tuberculosis is NOT inherited. It sometimes "runs in families" because many tuberculous persons, who do not suspect the nature of their disease or who are careless, often infect other persons, especially children, who live in the same household with them.

**HEART DISEASE IS
MAJOR CAUSE OF
LYNN FATALITIES**

A survey as to the causes of deaths in Lynn County in 1939 was made by the Health Unit. It was found that there were a total of seventy-four deaths in this county, the causes being as follows:

Heart Disease	17
Pneumonia	11
Cancer	7
Tuberculosis	6
Cerebral Hemorrhage	5
Accidental	2
All Others	26

The Health Unit would like to point out what can be done this year to lower the death rate from some of the above diseases.

Heart Disease is the leading cause of death throughout the country since the exact cause of much of the heart disease is not known. Public health authorities, however, do know that the stress and strain of the modern world is a major factor in producing a great majority of the heart diseases. Deaths in heart disease can be reduced by regular examinations by the family doctor and by normal, sane living.

With the advent of the new drug, sulfapyridine, and with the use of specific serum, the death rate from pneumonia is steadily dropping. The occurrence of pneumonia can be reduced creditably by seeing your doctor when colds hang on and when influenza and other respiratory infections set in.

The occurrence of cancer is a major public health problem since the exact cause has not as yet been determined. Nearly all cancerous conditions, however, can be cured in the early stages if handled by a qualified physician.

As long as people consult quacks and charlatans about treating cancer, the death rate from cancer will continue to remain high.

The death rate from tuberculosis can be greatly lowered if an early diagnosis is made and proper treatment is instituted by the family physician. Education of the public as to the cause of tuberculosis and its prevention will greatly reduce the

occurrence of diphtheria can be practically eliminated by vaccination of the baby during the first year of life.

Typhoid fever is one disease which can and should be prevented. Good sanitary conditions and proper sewage disposal will practically eliminate this disease within itself. However, in areas where sanitation is questionable and proper sewage disposal is not possible, the disease is still preventable by periodic vaccinations.

The health unit, with the cooperation of the doctors, is going to make every effort this year to begin a health program in this county which will prevent the occurrence of these preventable conditions which result in unnecessary deaths.

Texas State College for Women is the only state College for Women is offers courses for training in religious service, leading to a degree. There are 16 Bible courses listed in the catalogue for the regular sessions, and 6 in the Correspondence School.

Parents

When you and your family start on a train, motor or bus trip, be sure you have a box of **MOTHERSILL'S**. Travel nausea inevitably occurs at an inconvenient time, but when prepared with **MOTHERSILL'S**—yours will be a happy journey. Children are not accustomed to the constant motion and jostling of trains, motors and buses, and often become faint and nauseated after riding but a short way. Relieve this travel sickness with a timely dose of **MOTHERSILL'S**, the remedy successfully used for more than a third of a century, and recommended by physicians, nurses and well known travelers throughout the world. At drug stores. For further information write to THE MOTHERSILL REMEDY CO., Inc., 430 Lafayette St., New York.

EIGHTY-FIVE AND STILL GOING STRONG

Among the great men of the earth
are some who have been content to
serve in humble stations during all
the years of their lives.

Such a man is "Uncle" Bill Kellis,
editor of a little country weekly
newspaper, The Sterling City News-
Record. Though his paper is small in
size and in circulation, he is one of
the most virile, intelligent, and force-
ful editorial writers in all the state.

"Uncle Bill" had a birthday last
Friday, and below will be found his
comments on life suggested by his
85th birthday. Omitting the intro-
ductory paragraphs, "Uncle Bill" says:

"That makes me 85 years old to-
day. As I am helping to print the
News-Record today, I realize that I
have had 85 glorious years from God's
bounty of time. Of course I have had
my joys and sorrows like other men,
but forgetting my sorrows as soon
as my memory will permit, I recall
the joys that have been mine and
they are the things that conduce to
my contentment and happiness as an
elderly man.

"The sustaining crumbs of my life
have been sweetened by the sweat of
my face as was decreed by the creat-
or in the primal Garden, therefore,
physical health and strength has
been my heritage all those 85 years.

"It is great to be permitted to live
85 years and be permitted to work
all that time.

"Many things have transpired
since I came into this world. I have
lived through three major wars. I
remember the election of Abraham
Lincoln and what followed the
next four terrible years. The Spanish-
African war came in the years of my
middle age and when the World War
came on, I was then considered an
elderly man.

"I was a youth when I saw my
first railroad. I was a married man
when I first heard a phonograph. I
was in the prime of life when I first
talked over a telephone. I was pre-
paring to move with my family to
West Texas when I saw my first
electric light.

"I was editor of the News-Record
when the Wright Brothers made the
first heavier-than-air machine
fly. Also, during this time, Marconi
made the etherial waves carry the
message of love to the remotest cor-
ners of the earth. Hundreds of useful
things which were considered impos-
sible have come into existence dur-

ing these 85 good years out of God's
bounty of time.

"During all this time, myriads of
people have passed over the great
Divide, and one day, I shall go too.
When that time comes, I shall be
ready. I shall have no unfinished
task to perform. I shall have no great
wealth to worry about. I shall have
no enemy to punish. Nothing to
worry about, why should I dread the
climax of the program of life? Is it
not God's way? Why should I
tremble at the thought and fear of
death? Its in the program, isn't it?

"Yet, while I am permitted to live
out the days allotted me, I shall try
to make those days joyful and try to
live so that every human being shall
have cause to rejoice that I have
been permitted to live. I shall con-
tinue work as long as health and
strength shall be my portion.—Uncle
Bill."

We wondered last week if there
was any child born in Lynn county
this year on February 29. Well, there
was Little William Wayne Arm-
strong, son of Mr. and Mrs. Dexter
Armstrong, beheld the light of day
and the plains of Texas for the first
time on that date, according to one
of our doctors and the birth records
over in Judge Jim Dye's office. It's
somewhat a distinction to be born
on February 29 but sometimes it
becomes also something of a nuisance.
We read of one girl the other
day who deliberately changed her
birthday from February 29 to Feb-
ruary 28 in order to have a birthday
every year. We knew a President
could change the date of a Thank-
sgiving Day and that a woman could
lose several birthdays altogether,
but never before did we know that
a little lass could actually change the
date of her birth. The kids are get-
ting smarter every day.

The state highway department has
recently planted out more trees
along highway 87 (or 9) north of
town. We are glad to see the good
work going on. We have only one
criticism to offer. The trees planted
look like culls. We wish they would
use the finest and most vigorous
specimens available. Scrubs can not
be expected to grow rapidly or to
make attractive trees. Many of the
trees planted out two or three year-
ago along this highway have made
splendid growth. Others have not
so well. We think it pays to plant fine
trees just as it pays to plant fine
seed corn or fine cotton seed. When
the department begins planting out
trees along highway 380 east and
west of Tahoka we hope it procures
the straightest, most thrifty speci-
men that can be found in this oc-
tion.

We doubt if any man is capable
of making a great justice of the
Supreme Court of the United States
who has not had considerable pre-
vious experience on the bench or in
the practice of law. While nothing
can take the place of brains, neither
can anything take the place of ex-
perience. The Supreme Court is no
place for a man who has had little
experience as a lawyer nor for a man
who has a bunch of crack-brained
theories he wishes to try out. To be
plain about it, we have a feeling that
the Supreme Court as now constitu-
ted is the weakest one we have had in
many a year.

WANTED—The News office is very
much in need of three or four cop-
ies of this paper of the issue of

ODDS AND ENDS

By Eze Eye
The Elder

Well, folks, we were compelled to
leave out this column altogether last
week; also the editorial column.
Probably most of our subscribers
never even noticed the omission, so
we are telling you. It is also probable
that we left out some local news, as
usual; which you had already not-
iced, and there is no need for us
to be telling you.

It's just next to impossible to get
all the news, even when we don't
have much else to do—but just look
what we did have last week.

It is possible that two or three
fellows did miss the Odds & Ends
column. Once in awhile a fellow
breaks down and admits he reads it.
Our good friend, J. N. Lemond,
the sage of Moor's Draw, was in a
few days ago and had some nice
things to say about it. He had read
one of our fustianations several
months ago which he said he en-
joyed—that one in which we men-
tioned some of the prominent poli-
ticians of Texas who lived and strut-
ted their stuff back in those an-
cient days when this columnist was
a kid.

"But," he said, "you left out the
ablest of them all."
"Who was that?" we queried
"Stump Ashby."

Probably it was an inexcusable
omission. Stump Ashby was a unique
character. Also he was one of the
most effective rough-and-tumble
debaters, one of the most resource-
ful and entertaining stump speakers
that ever arose above the political
horizon of Texas. It was probably
due to his ability as a "stump"
speaker that he was given the name
"Stump". But if so, it must have
been hung onto him in early life,
for we never heard him called any-
thing else. If "Stump" was a nick-
name, we never heard his real name.

It must have been away back in
the early seventies somewhere when
Stump Ashby started out as a Meth-
odist circuit rider. That was a little
before our day, but as a mo' youth
we heard many tales about Stump
Ashby, which even then were old
stuff.

Stump Ashby seemed to be some-
what of a Dr. Jekyll and Mr. Hyde
in real life. Much of his early min-
istry was spent in and around Bel-
ton in Bell county. Some of the
tales told about him were to the
effect that though a preacher he
was unable to withstand the tempta-
tion to look upon the wine when it
was red and to try his skill at
the gambling tables.

Some of these stories ran like this:
That he could win a pocket full of
money at a poker game on Satur-
day night, ride to his appointment
on Sunday morning with a bottle
of whiskey in his saddle bags, and
preach the most eloquent and mov-
ing sermon at the eleven o'clock
hour of any preacher in the Confer-
ence.

Like the report of Mark Twain's
death, these stories were probably
greatly exaggerated, but however
much or however little of truth they
may have contained, Stump Ashby
soon lost caste with his fellow-
preachers and was greatly discred-
ited as a minister of the gospel.

It was probably due in part to
this fact and due in part no doubt
to his love for a scrap on the hus-
tling that he turned gradually from
the ministry to politics. So, even in
the eighties he had gained more

than a local reputation as a politi-
cal debater and stump speaker.

When the unrest of the farming
population began to deepen and the
forces of populism began to gather
about the year 1890, Stump Ashby
immediately became one of the lead-
ers in the movement.

It was due, in its incipency, to
the leadership of such men as he and
Cyclone Davis and Harry Tracy, and
others of lesser note, that the Popu-
list party grew to vast proportions
almost overnight—such men as
Jerome Kearby, and Barnett Gibbs,
and Thomas L. Nugent, and T. P.
Gore coming to the forefront just a
little later.

Some of these leaders were more
eloquent on occasion and were bet-
ter logicians than either Stump Ash-
by or Cyclone Davis, but these two
were the best rough-and-tumble de-
baters of the whole bunch. They
were "rabble-rousers" or the first
magnitude. When they spoke, all
the old wool hats went into the air.
Scarcely could a Roger Q. Mills or
an M. M. Crane or other Democratic
leader be found to meet them in
joint debate. There were a few such
debates, which some of these old
gray-headed boys delight to talk a-
bout even yet.

And then came 1896, which found
the Democratic party hopelessly di-
vided over the money question. In a
dramatic speech opposing the gold
standard and in favor of the free
and unlimited coinage of silver at
the ratio of 16 to 1, the silver-tong-
ued William Jennings Bryan voiced
the sentiments of the South and
West before the Democratic conven-
tion in Chicago and won the nomi-
nation for the Presidency.

Then the Populists divided. One
wing also nominated Bryan for the
Presidency and the other nominated
Thomas E. Watson of Georgia. Mc-

Kinley, the Republican nominee,
won the election.

Gradually the depression began to
wear out, and the Populist party
died almost as quickly as it was
born. Populist leaders were left
high and dry politically. So, they
either became quiescent or turned
to other issues.

Stump Ashby and Cyclone Davis
followed the latter course.

Throughout much of the country,
and especially in the South and
West, prohibition was becoming a
burning issue. Texas was beginning
to go dry via the local option route.
In the early years of the present
century elections were held in coun-
ty after county, many of them going
dry.

Cyclone Davis joined the dry for-
ces, but Stump Ashby, the erstwhile
Methodist preacher, took the stump
for the wets. Both were paid for
their services. The rank and file
of the dry forces dug down into their
pockets and paid their leading
speakers and other expenses of the
campaign.

The breweries and the wholesale
liquor houses reached deep into
their treasuries and paid such
speakers as Stump Ashby and hun-
dreds of others for their services.

Thus the fight was waged, here
and there, almost incessantly for
several years.

In one such contest in Bell county
Cyclone Davis and Stump Ashby,
who fought shoulder to shoulder for
populism, were pitted against each
other in joint debate in the city of
Temple on the liquor issue. Of its
kind, it was a battle royal. All the
wets were there to "holer" for
Stump and all the drys to yell for
Cyclone. With the weapons of wit,
invective, and ridicule, each was all
but invincible. We couldn't begin to
describe the scene. All we can say

is that they just don't have such
debates any more.

And so, the last years of Stump
Ashby's life were devoted to the in-
terests of the liquor traffic—at least
the last active years. With the pass-
ing of those local option contests,
Stump Ashby also passed out of the
picture—or as Grover Cleveland
would have expressed it, into "Inno-
cuous desuetude". Just when and
where he died we don't ever remem-
ber. We only know that Stump
Ashby was one of the brightest,
keenest, wittiest, and most withering
stump speakers that ever made the
"welkin ring" over the pines and
psalms of Texas. And now he is
all but forgotten. Few school child-
ren of the present day ever heard of
him.

How pitiful that his great talents
were so grossly wasted! If he had
kept his conduct above suspicion and
his reputation clean and had devoted
his talents and his energies to the
advancement of worthy causes, we
can not but believe that his name
would have gone down as one of the
greatest in the history of this state.

In ability and intellect, he towered
loftily above most other men as the
giant red-woods tower above the
other trees of the forest, but he was
content to permit his mighty
branches to be sapped of their
strength and destroyed, and he
came to the end of life in deed and
in truth a mere "stump".

Poor old Stump!

STATED MEETINGS OF
Tahoka Lodge No. 1041

A Gentle Laxative Good For Children

Most any child who takes this
tasty laxative once will welcome it
the next time he's constipated and
it has him headachy, cross, listless,
with bad breath, coated tongue or
little appetite.

Syrup of Black-Draught is a tasty
liquid companion to the famous
BLACK-DRAUGHT. The principal
ingredient is the same in both
products; helps impart tone to lazy
bowel muscles.

The Syrup's flavor appeals to
most children, and, given by the
simple directions, its action is
usually gentle, but thorough. Re-
member Syrup of Black-Draught
next time. Two sizes: 50c and 25c.

When life is slowly bursting forth anew in Springtime—then comes Easter, observed in commemoration of the resurrection of Christ.

Many customs, beautiful and quaint, are observed in connection with this event, one of these being the Easter egg. Easter eggs were first sent by the Persians, the eggs being a symbol of new life. Coloring them red typified the blood of redemption; other colors have no special significance.

The name Easter is taken from that of a pagan goddess Eostre—the goddess of light or spring—to signify a Christian festival. The festival probably grew out of the Old Testament times passover, an annual spring feast at which the Paschal lamb, symbol of Christ, was sacrificed.

The date of Easter may be any Sunday from March 22 to April 25—depending on the time of the full moon. The date was fixed in 325 A. D., after much dispute, as the first Sunday after the full moon which appears on or next after March 21.

The Easter lily signifies purity and light, or some think of it as signifying the risen Christ. On such a thought Phillips Brooks wrote his famous poem, "The Easter Flower". Part of it runs thusly:
"O risen Christ! O Easter Flower!
How dear Thy Grace has grown!
From East to West, with loving power,
Make all the world Thine own."

The custom of wearing new spring clothes has its meaning—for did not the Christ leave his funeral clothes in the tomb when he arose, and don a heavenly raiment?

That very custom, however, has tended to take from the occasion much of its real meaning in the thoughts of many people.

One former local pastor is credited with having greeted his congregation one Easter Sunday with, "I want to take this opportunity to wish you all a merry Christmas, I don't expect to see some of you here again before then."

It is said that another once announced, "There will be a 15 minute intermission, while each lady criticizes her neighbor's hat".

If Echo Milliken doesn't have a new Easter outfit, it will probably be because she has spent all her money paying fortune tellers to tell her she will marry this year.

Mr. and Mrs. Grover Stewart are announcing the birth of twins to their terrier, Tam, who is Mrs. Silly Goofer. The little ones have been named Rhett and Scarlett.

Poor little Scarlett—we wonder how she'll feel without Ashley.

Mrs. A. J. Edwards and daughter, Mrs. Inez Knight, are over at Hot Springs, New Mexico, for a few weeks, taking the hot baths and enjoying a rest.

THIN WOMEN LOOK TOO OLD
Women needing the Vitamin B Complex and Iron or Vinol to stimulate appetite will see what a difference a few lovely pounds make in filling out those hollows and skinny limbs. Get pleasant tasting Vinol.—Tahoka Drug.—Wynne Collier, Druggist.

EVA DOUTHIT SINGS IN "SEVEN LAST WORDS OF CHRIST"

Miss Eva Douthit of Tahoka, student of Texas Tech, and recently elected president of the college chorus, was one of the featured singers in the sixth annual presentation of "The Seven Last Words of Christ" in Lubbock Tuesday night.

Miss Douthit is the daughter of Mr. and Mrs. Henry Douthit, and has made quite a name for herself in college musical circles in Tech. "The Seven Last Words of Christ" was directed this year by Edouard, 17 year old son of Dr. and Mrs. Julian Paul Blitz, music professor at Tech, who has formerly been in charge. The Milam Orphan's Home sponsors the presentation.

It is considered a high honor to be featured in this presentation. Another former Tahokaite, Miss Christis Cowan, now of Lubbock, has been soloist in one of the productions.

ME. W. M. S. MET

The Methodist W. M. S. met in the home of Mrs. Walter M. Mathis last Monday afternoon for a Bible study and business meeting. Fifteen members were present.

RETURN-BORROWED-BOOKS WEEK TO BE OBSERVED HERE

April 1 has been designated Return-Borrowed-Books week by the state federation of Business and Professional Women's clubs, the official organ, the Texas Woman says. The following is the article from that publication:

Have you ever had one of the treasures of your library disappear and leave you with only a vague memory of lending it and the choice of accepting your loss and taking a census among your reading friends? Half the pleasure of owning a book is in lending and discussing it but this is discounted by having to dun careless borrowers even if you know who to accuse of having an over-parked book. If you catalogue your books and record all lending, you may still dislike to ask the return of a long-gone one. Your friend may guard it as her property. Perhaps she or he thinks it a present until the question is raised. Then is her or his face pink or red?

Therefore a Return - Borrowed-Books Week is suggested as the least painful method of assembling our loved and lost books. April, first, the day of surprises, seems an appropriate day to begin. Let us herald it far and wide among bookish acquaintances that the week beginning April 1 is to be celebrated as Return-Borrowed-Books Week. Also, let us look on our book shelves; it is just possible that we are treasuring the property of some long-suffering, too generous friend.

Mrs. Glen Smith went to Flint, Michigan last week, returning Monday with a new automobile. Mrs. Anna Steenberg of Detroit returned with her for a visit with her daughter and son-in-law, Dr. and Mrs. J. W. Sinclair. Mrs. Steenberg expects to visit here about a month.

Little James and Clarence Crouch, Jr., underwent tonsillectomy in a local clinic Tuesday morning.

Calendar

Sunday—6:30 a. m.—Egg hunt and Sunrise breakfast for business girls.
Monday—3:00 p. m.—Baptist W. M. U.
4:00 p. m.—Methodists: W. M. S.
7:30 p. m.—YWA
Tuesday—4 p. m.—Phebe K. Warner club with Mrs. R. L. Richardson
7:30 p. m.—BPW Dinner in home of Mrs. G. M. Stewart

Bonnie Rochelle Marries Dr. Shepard

Mrs. Bonnie Rochelle and Dr. O. L. Shepard of O'Donnell were married by Justice of the Peace George Foster there last Saturday. Mrs. Rochelle is a former Tahoka resident, and is well known here. Dr. Shepard is a practicing physician in O'Donnell.

The couple left immediately for a short wedding trip to South Texas.

Congratulations

Congratulations to Mr. and Mrs. Gene C. Lawson, the parents of a six pound daughter born at 4:30 a. m. Wednesday. Mr. Lawson is manager of the City Park Service station, and the couple reside at Grassland. The babe has been named Gypsy Gene.

PETTY 4-H CLUB

"A foundation made of hall screen is convenient for placing poultry feeders and water containers on", said Miss Maurine McNatt, home demonstration agent, at the Petty 4-H meeting, Tuesday, March 19, at the school building.

Moisture accumulates around the feed and water containers, and if neglected will result in an outbreak of disease. The containers, should be moved to a new location in the brooder house each day.

If a hall screen foundation is used, the chicks will not touch the moisture, Miss McNatt told the girls. The next meeting will be held March 26, with the new sponsor, Mrs. Homer Harrison, in charge. Mrs. Geo. A. Dale went to Dallas Wednesday in company with Mr. and Mrs. G. R. Kennedy and daughter of Lubbock. She will visit a son and a daughter there.

Slow Down of Sun Down!!
SIX out of every TEN Traffic fatalities Happen After Dark!!
Dr. Salsbery's FOWL POX VACCINE

Business Girls To Have Breakfast

The business girls and women of the town are all invited to an Easter egg hunt and breakfast next Sunday morning at 6:30 a. m. All girls who wish to participate are invited to meet on the Courthouse lawn at that time, bringing a dime and the ingredients for their own breakfast. A prize will be awarded the person who finds the largest number of eggs.

This is the second annual egg hunt for working girls. For further information, anyone interested should contact Hattie Sever.

NEW HOME F. F. A. STAGES NEGRO MINSTREL

The New Home F. F. A. chapter participated in the carnival that was held in the New Home gymnasium Friday night. They had a booth which put on a Negro Minstrel. Several black-faced comedians entertained a large crowd at an admission fee of five cents.

Everyone enjoyed this booth as well as the many others that the F. F. A. girls operated.

BAPTIST SUNDAY SCHOOL RALLY

The mid-week rally of the Association-wide Study Course being conducted in Brownfield Baptist Association this week was held in the First Baptist Church of Tahoka, March 20. Pastors and members of a number of churches in the Association assembled for instruction on Sunday School work. Directing the days program was Rev. J. Lowell Ponder of Quitaque who taught the book "How to Win to Christ", assisted by pastors in this Association A Course for Secretaries was taught by H. B. Howell, General Secretary of the Tahoka Church. These courses were offered in addition to the books being taught at night meetings all over the Association. Plans were made to hold a similar rally with the Meadow Church during a B. T. U. Study Course in April.

MINNIE SALSBERY MARRIES H. T. GIBSON OF O'DONNELL SUNDAY

Bridal Shower Given For Newly Weds

The Ruth Class of the First Baptist Church and the senior department attended a shower for Mr. and Mrs. Calaway Jolly in the home of Miss Pauline Owens last Thursday night. Mrs. Jolly was formerly Miss Pauline Cunningham. About 25 were present. Many others sent gifts.

The class held its business meeting at the same time. We are striving to secure more members to help in the coming revival as much as possible.—Reporter.

ALL-SEW CLUB

At a meeting of the All-Sew club in the home of Mrs. W. T. Hanes, March 14, Mrs. H. A. Raborn was presented with a birthday gift.

During the social hour a salad plate was passed to Meses: C. A. Thomas, A. I. Thomas, H. C. Story, Loyd Edwards, A. L. Lockwood, H. B. Howell, J. A. South, H. A. Raborn, J. Fred Bucy, C. E. Woodworth and Hanes.

The next meeting will be in the home of Mrs. H. B. Howell on March 28.

BAPTIST W. M. S.

Sallee and Blanche Rose circles each had nine present when they studied their mission books Monday afternoon.

Those present were Meses: W. O. Robertson, P. W. Goad, J. F. Stewart, W. M. Harris, C. T. Oliver, E. I. Hill, S. H. Holland, A. J. Kaddatz, J. K. Wooley, H. B. Howell, J. R. McIntyre, W. Fortenberry, Carl Owens, H. D. Henderson, F. L. Kelley, Minnie Pender, George A. Dale and J. L. Nevill.

Frank P. Hill and his father-in-law, Judge B. H. Howard of Lubbock, went down to Justiceburg Thursday for two or three days recreation and fishing.

Miss Lorene Childers became the bride of John Harding Wednesday afternoon at the First Presbyterian church in Lubbock.

Miss Childers, secretary to Dean James G. Allen of Lubbock is a graduate of Tahoka high school several years ago, after residing here most of her previous life. Many friends here wish the couple every happiness.

FOLSBERY-GIBSON

Miss Minnie Solsberry, daughter of Mr. and Mrs. A. L. Solsberry of Tahoka, became the bride of H. T. Gibson of O'Donnell at O'Donnell Sunday morning. Justice of the Peace George Foster read the ceremony.

The couple left immediately for San Angelo, for a honeymoon trip. They will make their home in O'Donnell. Mr. Gibson is employed in the Arizona Chemical plant.

Superintendent George Heath and Principal Davis Hill of the White Deer High School were brief visitors in the home of Frank P. Hill here Thursday morning. The three were schoolmates years ago in the West Texas State College at Canyon, and Davis and Frank are cousins.

Parents

When you and your family start on a train, motor or bus trip, be sure you have a box of **MOTHERSILL'S**. Travel nausea inevitably occurs at an inconvenient time, but when prepared with **MOTHERSILL'S**—yours will be a happy journey. Children are not accustomed to the constant motion and swaying of trains, motors and buses, and often become faint and nauseated after riding but a short way. Believe this travel sickness with a timely dose of **MOTHERSILL'S**, the remedy successfully used for more than a third of a century, and recommended by physicians, nurses and well known travelers throughout the world. At drug stores. **THE MOTHERSILL REMEDY CO., INC.** 400 LEXINGTON, N. Y.

THE LYNN COUNTY NEWS

Sees Research and Raw Materials As Big Factor in South's Growth

Charles F. Kettering, Noted Inventor, Says New Industries Would Eliminate Surpluses

The South, with its abundance of such basic products as cotton, sugar, pine trees, citrus fruits and peanuts, is in an ideal position for further development of new industries through research, asserted Charles F. Kettering, noted inventor and vice-president of General Motors, in a conference with a group of scientists and industrialists at New Orleans recently.

Mr. Kettering stated his belief that the "sun and the soil of the South" will make it one of the greatest centers of the rapidly-developing chemical industries.

In explaining his optimism Mr. Kettering expressed the opinion that industrial research on a broader scale is needed for the development of new materials and new products. He predicted that the Southern states, with their plentiful raw materials, would take advantage of new scientific discoveries and suggested that the ensuing industrial growth might result in a labor shortage.

"We have an excess of men, money and materials, but a shortage of projects to work on," he said. "The WPA was invented to give men work while waiting for new industries to be developed. What we don't know suggests potential new industries. The difficult job is the one we don't know how to do, but when we find the answer it is all quite simple. The complexity is in our own minds. The complexity in our own minds is to send picked young

graduates of technical schools into industrial laboratories for a while to see how some things are being done, then let them start out on some local project in which they're interested.

"Never in the history of the world have there been such opportunities. The technicians, university people, engineers, management, government representatives and others can well get together to start new industries, to put people to work in new jobs."

Mr. Kettering declared that the industrial base must be broadened and said that the country is away behind what it should be in technological processes.

The automotive research leader warned against impatience at small beginnings. "I never heard of a business that started big," he said. "There were no demands for the telephone, the airplane, the electric refrigerator. These were invented and then people found a use for them and the industries grew. It has been like that all through history."

Mr. Kettering's visit to New Orleans was in connection with the showing in that city of a traveling science exposition, the General Motors Parade of Progress. Many of the new developments mentioned by Mr. Kettering are shown regularly in the Parade of Progress, which is now touring Southern states.

LAND BANK TO PRESENT FREE MOTION PICTURES

A. C. Williams, President of the Federal Land Bank of Houston, will present motion pictures in natural colors showing agricultural practices in England, Norway, Sweden, Holland, and Germany at the Lindsey Theatre in Lubbock at 11:00 o'clock a. m. on Tuesday, March 26. The show is being sponsored by the Lubbock National Farm Loan Association and the Lubbock Chamber of Commerce as part of the entertainment in connection with the South Plains Junior Fat Stock Show, and will be free to everyone wishing to attend.

The pictures were taken by Mr. Williams, who made an extended study tour of the countries of Northern Europe in company with a group of students from Texas A. and M. College. During the showing of the pictures, Mr. Williams will discuss agricultural methods in these foreign countries and will explain a number of interesting scenes.

These pictures are both entertaining and educational. They will give many people their first view of foreign agriculture. They are rich in color and full of scenes that were selected on a tour of ten thousand miles.

Those attending the showing will have an opportunity to compare the appearance of American cotton bales with those of other countries as they arrive in Liverpool and other cotton importing centers. They will see how the cotton is handled on the

CANYON AGRICULTURE GRADUATES HONORED

Canyon March 21.—Three Texas vocational agriculture teachers chosen to receive gold Lone Star keys at the recent F. F. A. meeting in Fort Worth are graduates of West Texas State College.

This was the first time the three teachers so honored each year came from one institution.

The key teachers are John Gillham of Clarendon, a graduate in 1931; Walker Todd of Seagraves, who finished in 1933; and Arlin Hartzog of Meadow, a member of the class of 1935.

Partly because each of these men are his former students, Prof. Frank R. Phillips, head of the West Texas State department of agriculture, was asked to speak at the state F. F. A. banquet.

Success of West Texas State college graduates in agriculture has been the basis of a plan worked out with Texas A. & M. College, under which these graduates may obtain the Masters degree at A. & M. in one year of graduate work.

Mr. and Mrs. V. L. Bradley, of Clovis N. M. visited his mother and brother, Mrs. Mattie Bradley and Don, Sunday. Mrs. Bradley accompanied them on their return, for a few days visit with them.

doctors and in the warehouses and then processed in the mills and manufacturing plants, as well as interesting pictures of farming activities in foreign lands.

FISHERMEN LEAVE

A party of Tahoka fishermen left Saturday afternoon for the Rio Grande south of Sanderson, in pursuit of the finny tribe; but it is reported that they visited a grocery store and stowed away sundry supplies before leaving, not depending altogether upon their fishing "luck" for their food while gone. The party included Messrs. C. R. Vernon, Cody Bragg, Jim Burleson, Floyd Jaynes, Ray Taylor, Newt Barham, Marshall Stewart, Clay Hughes and Glenn Ramsey who left Saturday afternoon and joined C. T. Tankersley and brother Joe Tankersley who had gone earlier to visit and get things in readiness.

SUBMITS UNUSUAL FACTS

Editor Hill: I've been reading the articles you have published on things being unusual. Well, here is one you may print if you like.

I have four children, three girls and one boy, the boy being the baby. The oldest girl was born the third month, twenty-third day, 1923, and my youngest girl was born the seventh month, seventeenth day, 1937.

Also the birthdays of the three youngest children, husband, and I run for five successive months, beginning with June and ending with October.

If you like this one I might come again with family names.—Respectfully yours, Mrs. J. E. Ma-berry, Tahoka, Rt. 1.

STAR TELEGRAM AT BARGAIN RATES

Thank my many friends and customers for their patronage in the past.

Hereafter I will be employed at the Burleson Grain Co. I will operate a gasoline transport truck and will deliver gasoline and fuel. Joe Hodge. 31-2tc.

WANTED

WANTED: A good reliable man to supply customers with Rawleigh's Products. Write Rawleigh's, Dept. TXC-728-127R Memphis, Tenn., or see Howard Roper, Post, Texas, Route 2. 30-4tp.

WANTED—Cream, Poultry, Eggs and Hides. Top prices, see us before you sell.—Lindley Produce, across from Piggly Wiggly. 48-4tc.

N-U STUDIO—For quick kodak finishing service—24-hour service

WANTED—Tractor tires to repair. All work guaranteed.—West and Nowlin. 33-4tp.

WANTED—Battery charging. Fastest charging equipment in Tahoka; 2-hour service.—"66" Tire and Battery Station, Boyd Smith. 27-4tc.

COVERED BUTTONS—We are prepared to make covered buttons; popular sizes and prices.—Mrs. L. I. Festerfield and Mary Ellen, 2 blocks west of Post Office. 28-4tc.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

THE STATE OF TEXAS COUNTY OF LYNN

IN THE DISTRICT COURT LYNN COUNTY TEXAS, NO. 813, W. G. BRILEY, Plaintiff v C. B. KELTNER, Defendant.

WHEREAS, by virtue of an execution issued out of the District Court of Lynn County, Texas, on a judgment rendered in said Court on the 20th day of February, A. D. 1933, and which judgment was renewed by a judgment of the District Court of said Lynn County, Texas, on the 20th day of February A. D. 1940, in favor of the said W. G. Briley and against said C. B. Keltner, No. 813 on the docket of said Court, I did on the 4th day of March, A. D. 1940, at 4:40 o'clock p. m. levy upon the following described tract and parcels of land lying and being situate in the County of Lynn, State of Texas, and belonging to the said C. B. Keltner, to-wit:

All of Lot One (1) in Block Seven (7) of the original town of Tahoka, All the North 3 1/2 feet of Lot (2) Lynn County, Texas; also in Block No. Seven (7) of the original town of Tahoka, Lynn County, Texas; and also

All of the South one-half (S 1/2) of Lot Three (3) in Block Seven (7) of the original town of Tahoka, Lynn County, Texas.

And, on the 2nd day of April, A. D. 1940, same being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of said Lynn County, Texas, I will offer for sale, and sell at public auction, for cash, and all the right, title, interest and estate of the said C. B. Keltner in and to said property.

Dated at Tahoka, Lynn County, Texas, this 4th day of March A. D. 1940.

B. L. PARKER, Sheriff Lynn County Texas. 30-3tc.

Cleveland Littlepage, son of Mr. and Mrs. R. L. Littlepage of Tahoka, Texas, made the fall semester honor roll at Texas Technological college with an average grade of A.

Mr. B. J. Emanuel, Jr., son of Mr. and Mrs. B. J. Emanuel, Sr., of Tahoka, has recently entered Draughon's Business College of Lubbock for a General Business Course. He is, at present, studying Book-keeping and typewriting.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Only WESTINGHOUSE has TRUE-ZONE COLD - and less than 26c a day will buy the big 8 cu. ft. Westinghouse Aristocrat. Less expensive models run as low as 12c a day!

Texas-New Mexico Utilities Company

THRILL-STUDDED SHOW AT HOUSTON

The greatest aggregation of attraction ever to come to Houston, the fact notwithstanding that the Ringling Brothers-Barnum and Bailey Circus spends several days each year in that South Texas metropolis, will greet the thousands who attend the Houston Fat Stock Show and Livestock Exposition, which opens Saturday, March 23, for a nine-day run.

Instead of merely being a fat stock show, the exposition this year will consist of five divisions, each packed with thrill-studded entertainment.

First and foremost will be the world championship rodeo - the same rodeo that will thrill blase New Yorkers next October at Madison Square Garden. However, the Houston rodeo will be larger than the one in New York because Houston's million dollar coliseum has a larger arena space than Madison Square Garden.

Grazing more or less peacefully all winter and getting ideas, scores of wild horses will be in Houston to make life tough for the cowboys who attempt to ride them. Likewise the wild steers - animals that for the past six months have been roaming the wilds of Mexico.

Cowboys, as well as cowgirls, who elect to ride their hurricane decks will find that they have undertaken a truly Herculean task, avows J. W. Sartwell, exposition president. As the rodeo will be such horses as Hell's Angel, described as the world's meanest, toughest horse.

Several scores of the rough riders who are out for their share of the more than \$8000 prize money will try their luck with Hell's Angel, the animal that has busted up the chances of many rodeo daredevils ever becoming champions.

Prize cattle from five states has been entered in the Fat Stock Show. More than 2000 exhibits will be seen - the largest number since the show opened in 1932.

An innovation this year is the elaborate musical revue, "Shooting High," which possesses a cast of artists from the screen, the stage and radio. The performance runs for 30 minutes and is presented on a revolving stage, which flashes acts in rapid succession.

Blooded horses from the blue grass regions of Kentucky as well as the prize stables of millionaires throughout the country, will be seen at the horse show.

The fifth division of the exposition, one of importance to the grownups as well as the kiddies, is the Bill Homes Show - 33 carloads of glittering carnival midway attractions.

25 Years Ago

From files of Lynn County News, March 19, 1915

Uncle Jimmie Fleming observed his 70th birthday last Thursday. He received two fine birthday cakes.

Dr. J. H. McCoy and family returned from Fort Worth where the Dr. will either locate here again or go to Slaton to engage in the practice of medicine.

Miss Zettie Crouch had just returned from Fort Worth where she had attended the State Convention of the Woodmen Circle and had given the paper quite a write-up of the same.

A piano house had shipped a piano to Rev. C. H. Ledger to be used in the Easter services at the Methodist Church.

Miss Adeline Bellah, student in the South Plains Normal here last summer and sister of Mrs. W. J. Montgomery had visited here.

A Stoddard-Dayton car driven from Seattle, Wash., to within three miles of Gail burned on the spot last Wednesday. The owners of the car saved one grip and one safety razor out of their entire camping outfit.

J. Holt Stokes, son of Mr. and Mrs. J. B. Stokes, now of Gail, died last Wednesday night and was buried in the Tahoka cemetery Thursday by the W. O. W. camp. He was almost 21 years old.

The Commissioners' Court had just ordered improvements in the Court house; and the Editor in commenting on the action called attention to the filthy condition of the Courthouse yard and advocated a general cleaning up.

HEADS UP at Sun Down! ... Happen After Dark!!

LEAN MEAT IS PELLAGRA PREVENTIVE

For several reasons beef is a valuable food. We all speak learnedly of vitamins these days, so we should know that lean beef is one of the richest sources of nicotine acid, pellagra preventing factor, one of the vitamins needing much consideration," stated Miss Maurine McNatt, home agent at the T-Bar home demonstration club, which met in the home of Mrs. W. W. Hagood on March 8.

One of the minerals necessary in the body is phosphorus. Beef is high in this mineral, making it an acid-forming food in the diet.

Mrs. W. A. Armes gave a talk on A. A. A. and frame garden, and Mrs. C. C. Coffee on what do you know about land use planning?

Refreshments were served to twelve members and two visitors, Mrs. J. A. Hilton and daughter.

The next meeting will be March 22.

NEW LYNN H. D. CLUB MAKE STUDY OF GOOD BEEF

(DELATED)

"There are few simple rules every body should know and observe when buying beef," stated Miss Maurine McNatt, home demonstration agent, to the New Lynn H. D. Club at the home of Mrs. Bill Rowland March 5, at 2:30 p. m.

The fatter the beef the better the quality, flavor, and tenderness. The bigger and thicker the muscles the more tender they are, generally speaking. The lean beef in the cheapest cut has about the same food value as the lean beef in the fatter expensive one.

All better grades of beef sold commercially carry the stamp of their quality on the carcass. Look for this stamp of quality and know what you're buying.

There were nine members present, three new members, Mrs. E. P. Nash, Mrs. Dick Bailey, and Mrs. Carl Stone. The next meeting will be with Mrs. C. B. Cavens Tuesday, Marc 19, at 2:30 p. m.

GRASSLAND 4-H CLUB STUDIES CHICKEN DISEASES

"There are several advantages for blood-testing chickens for pollorum disease," stated Miss Maurine McNatt at the Grassland 4-H club Tuesday, March 12.

The advantages of blood-testing are: first, blood-tested chickens lay more eggs than a pollorum carrier; second, pollorum-free hens produce eggs of higher fertility; third, chickens from pollorum-free hens have a greater livability - this is often classed as the chief reason for testing; fourth, diseased birds spread the pollorum germ; and fifth, infected hens may spread the disease to chicks raised the next season.

Members present were: Rubie Greer, Jimmie Lou Thomas, Billie Greer, Margie Shepherd, Beth Shepherd, Dolly Gatzki, Mary Ruth Edwards Wanda June Hicks, Marie Norman, Modena Murry, Ruby Faye Williams, and Nelda Lois Moore.

NEW HOME F. F. A. WIN SECOND PLACE

(DELATED) New Home F. F. A. members are very proud to announce that our Dairy Products team won second place in the state contest. Members of the team were Joe Lewis, Connally Unfred, and Loyd Russell McCormick.

Benhard Ernest, Lewid Allsup, Frank Timmons, Hubert Newman, Harold Burkhalter, Loyd Russell McCormick, Joe Lewis, Connally Unfred, H. Joe Schwartz, George Sealy, and our advisor, W. W. Hall, enjoyed an interesting and educational trip to the Fort Worth Fat Stock Show.

Now Relieved from Pains and Sluggish Feeling

Loudly Praises Herbal Remedy. Many Years Had Been Wasted In Search For Something To Help Him.

Never Feels Dizzy Now And Aching Pains In His Joints All Gone Since Constipation Was Relieved... Great Medicine. He Says.

"I can never thank Herbtx enough for the amazing relief it brought me, yet it seems so simple after having tried so many expensive treatments which did not help at all," said Mr. Horace F. George, former Pennsylvania Railroad Engineer, now residing at 723 Market St., Wheeling W. Va.

MR. HORACE F. GEORGE

"There is no doubt but that constipation is what was causing my troubles, but I thought almost everything was wrong with me. I ached so bad that I could hardly keep at work. My back was so stiff

and ached all over my body most of the time. Every time I stooped over I'd feel so dizzy I had to grab hold of something. My nerves kept me awake for hours every night, then the next morning I felt all tired out.

"I have thanked a friend of mine many times for telling me to try Herbtx. I wish I had started taking Herbtx years ago. Herbtx worked off my bowels thoroughly, yet no griping or pains, and now I'm regular every day. I feel like I've had a bath inside. All the poisons seem to move out regularly instead of staying there and causing trouble.

"Since Herbtx cleaned my bowels I am free of backache and pains in my body, neither do I have sour gas that I always belched after eating, all the dizziness has passed off and my nerves have calmed down so that I can now enjoy restful sleep at night.

"I wouldn't take anything for the good that Herbtx has done for me. I know that Herbtx is really a good medicine. Herbtx gives relief for common ills like Stomach Trouble, Sluggish Liver, Weak Kidneys, Painful Joints, Aching Muscles, when due to constipation."

SPECIAL OFFER: regular price of Herbtx is \$1.25, send only \$1.00 Money Order Cash or Check to Herbtx Co., Dept., Wheeling, W. Va., and a package of Herbtx (over a two weeks supply) will be sent you postage paid.—32-33-34

SAVE THE GRASS AND SAVE THE SOIL

"Save the surface and you save all," may apply to the need for pasture on a house or barn, but also can apply to topsoil on a field or pasture, points out C. W. Firestone, Engineer of the Lamesa Soil Conservation Service.

"About the easiest way to kill a good stand of grass is to keep it grazed off close to the ground," Firestone declares. "As disease attacks the body of an animal when the system is in a run-down condition, so will weeds attack pasture land when the grass growth is in a weakened condition. There is nothing to blame for the splendid growth of weeds on many pastures today other than the fact that the owner allowed the grass to be continually grazed off to the surface."

Most weeds have little food value for livestock, and while they may offer some protection to the land against erosion, a cover of weeds does not in any way compare to a good grass cover in prevention of loss of soil by wind or water. It is not the desire of any farmer to develop a weed pasture for his livestock, but he does work toward this

end when he allows his grass to be overgrazed.

"Few things compare with grass as a land cover to prevent erosion and hold moisture, and perhaps no other method excels in protection," the Soil Conservation technician declares. "If grass is to form a land cover, it must not be trampled and grazed during the early spring. At this tender age, much more grass is destroyed by trampling than by grazing, and the benefits to livestock at that time may be far more than offset by the damage to the stand of grass," Firestone warns.

There can be little or no soil movement on land that has a good grass cover. Wind cannot reach soil that is well covered and bound together by grass, and water will be held where it falls and find its way down through the topsoil to be stored in the subsoil.

Protecting pasture land against early grazing and protecting it at all times against overgrazing will generally assure a good stand of healthy grass, and drought will not greatly affect grass land if the cover has been well protected.

If overgrazed pastures are slow to respond even under controlled grazing, it is usually due to lack of moisture, as much of the rainfall is lost through run-off. Contour furrows designed to hold and distribute the water will aid greatly in increasing grass growth.

NOTICE OF ELECTION

Notice is hereby given that an election will be held at the office of City Secretary in the Fire Station Building in the city of Tahoka on Tuesday, the same being the second day of April, A. D. 1940, in accordance with the laws of this state and the ordinances of the City of Tahoka, for the purpose of electing a city secretary and two aldermen, in and for said city, each to serve for a term of two years.

The polls will open at seven o'clock a. m. and close at six o'clock p. m.

W. S. Swan has been appointed presiding judge of said election and has been authorized to select one associate judge and two clerks to assist in holding such election.

Done by order of the City Council on this the 19th day of March A. D. 1940.

Deen Nowlin, Mayor
Rosemary Nelms, City Sec'y.
32-2tc.

With the approach of the current spring holidays at Texas State College for Women, March 23-April 1, it is remembered that TSCW was the first state college in Texas to arrange its academic year in order to provide an annual Easter vacation.

More than 200 Texas counties, 26 states, and 6 foreign countries are represented in the student body at Texas State College for Women this year.

"MY SKIN WAS FULL OF PIMPLES AND BLEMISHES" says Verna S.: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health." Adlerika helps wash BOTH bowels, and relieves temporary constipation that often aggravates bad complexion.

Firestone HIGH SPEED TIRE

AS LOW AS \$8.10 AND YOUR OLD TIRE

HERE is the famous Firestone High Speed Tire that has set so many world records for safety, economy and long mileage — now improved to make it an even better value — at a still lower price.

New developments provide 15% stronger bond between tread and cord body and 18% greater protection against blowouts than any comparable tire Firestone has ever built.

"Build-Up" Important Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort. CARDUI'S principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many. Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

Embarrassing
Acid Indigestion, Gas on Stomach, Heartburn, are usually caused by injudicious eating or drinking. Try Alka-Seltzer for relief.

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate). Your druggist sells Alka-Seltzer in handy packages and by the glass at the soda fountain. Try it.

Alka-Seltzer

Molly O'Daniel To Take Field If Her Dad Elects To Run Again

By CURTIS BISHOP
Austin Daily Tribune Staff

Molly O'Daniel, the fairest and youngest campaigner to ever appear on the Texas political scene, says she is ready to take the field again in the event the governor seeks a second term.

The attractive University of Texas co-ed, who stumped the state with her father and his Hill-billy band in the 1938 campaign, branded as "absolutely false" the newspaper story stating she and Mrs. O'Daniel were trying to persuade the governor to abandon politics and return to Fort Worth.

The story was published in a morning issue of the Waco News-Tribune and was signed by Sam Wood. It quoted unidentified Austin "news" sources as saying that Mrs. O'Daniel and Molly were disappointed at the reception given them socially in Austin and were anxious for O'Daniel to renounce further political aspirations in favor of his old business, selling flour to listeners of his radio program.

Molly took one glance at the article and exclaimed: "Hurrah for Dad! He scores again."

Asked to explain her remark, she said that a few days ago a reporter telephoned her, identified himself as Sam Wood of the News-Tribune and tried to make a date with her for breakfast the following morning.

When she asked her father about going, the governor advised her "to stay away from anybody connected with the Waco News-Tribune because they have only ulterior motives and could only

want to be seen in her presence so they could misquote her."

"So," says Molly, "Dad was right again. Even though I refused to go to breakfast with him, or to even see him, he went home and wrote up a batch of pure lies."

"Mother and I," the young co-ed went on, "are having more fun in the mansion than we ever had in our lives. Thousands of people visit us, and the real people in Austin are just grand to us."

Asked if she would accompany her father on his speaking tour of the state in the event of a second race for governor, the personable Molly hesitated.

"Well, I don't know what he's going to do," she faltered. "He hasn't said whether he would run or not."

Then her chin came up. "But if he does," she snapped, "Mother is anxious to be his campaign manager again and I can hardly wait to get on the big bus and visit the fine towns in Texas and get to visit with the lovely people I met the last time."

"Yes, if he DOES run," she repeated, "we'll be right there."

Keeping pace with modern developments in the field of speech education, Texas State College for Women recently obtained a professional recording machine from which records may be made for electrical transcription or to record college musical programs, students' voices, or radio programs.

Mr. and Mrs. C. A. Thomas left Wednesday morning for a few weeks stay in Galveston, where their son Skiles is a student in the Medical College of the University of Texas.

PRICE TO RUN FOR DISTRICT ATTORNEY

A few weeks ago we published a statement to the effect that T. L. Price of Post was seriously considering the matter of entering the race for district attorney in this district.

He sent a request to the News early this week that we state that he has definitely decided to enter the race. His formal announcement will appear in this paper at an early date.

At the Churches

CHURCH OF CHRIST

Arley E. Moore, Minister

SUNDAY SERVICES

Bible Study 9:45 a. m.
Preaching 10:45 a. m.
Communion 11:45 a. m.
Bible Study 7:00 p. m.
Preaching 8:00 p. m.

Morning subject: "The Resurrection", evening subject: "Seeking the Old Paths". Paul wrote: "The churches of Christ salute you." "There is one body". The body is the church. Christ gave himself for the body—the church. Sinch Christ built only one body, died for only one church, is the head of only one church or body—deep down in your heart what church should you belong to? Christ is the savior of the body, the church. The church of Christ, the Bride, invites you! class Tuesday 2:30 p. m. Mid-week prayer service, Wednesday 8:00 p. m. You are cordially invited to attend the services at the Church of Christ.

METHODIST CHURCH

Easter morning broke fair and wonderful to the faithful disciples and women who came early to the tomb. It is hoped that we may have all our members and friends assembled together on this Easter morning to sing praises to our Lord and re-awaken any slumbering talents, dedicating them to His service.

Some five or more infants are to be dedicated to God at 10:45, just following the Church School and preceding the Easter Sermon.

Your presence will encourage others to like faithfulness and your absence on Easter will be hard to explain. Evening Service 7:30.—Geo. E. Turrentine.

Mrs. C. C. Barnes, who has been in West Texas hospital at Lubbock several days following a period of ill-health is thought to be improving and may return home in a few days, according to relatives here.

BUTCH INGLE TURNS RABBIT SURGEON

Butch Ingle, who resides out east of town a few miles, related to a representative of the News early this week an unusual experience which he had a few days ago.

While plowing, he accidentally killed a jack rabbit which obviously was about to become a mother. With his pocket knife he performed a Caesarean operation and now has three nice little baby jack rabbits to care for. He feeds them milk, he says, and they seem to be thriving.

A peculiar thing about this story is that it is a repetition of one that he experienced two years ago, Butch says. At that time he likewise killed a prospective-mother rabbit and then performed a similar operation, which also resulted in the delivery of the same number of babies. In our excitement, we failed to ask him if he successfully raised these rabbit babies up to adulthood and made good and harmless citizens out of them.

To substantiate his recent experience, he called a good neighbor, Mr. E. A. Bosworth, who partially corroborated the story.

SUB-DEB CLUB TO SPONSOR HUNT

On next Thursday night, March 28, the Sub-Deb club will sponsor a scavenger hunt. The public is invited. Admission of 20c per couple will be changed to anyone wishing to participate.

The hunt will begin from the City Park, at 8 p. m.

TAHOKA BOYS LOSE IN BOXING CONTEST

Five Tahoka high school boys participated in the Boxing Tournament at Quitaque on last Friday night, according to Coach Leo Jackson.

Shamrock won first place, Quitaque second, and Tahoka third. James Wells and G. W. White were defeated in the semi-finals, and Dan Daniels, Mutt Sessums, and Randle Fufts were decimated in the finals.

COUNTY MEET.

Ward school tennis singles, Billy Jo Oliver, alternate H. B. McCord; doubles, W. T. Hines and Lane Jones.

MATHIS WINS GOLD WATCH FOR HIS SALESMANSHIP

William C. Mathis, automobile salesman for the Raborn Chevrolet, Inc., was tickled pink last Friday when he received from the Chevrolet Company a beautiful, \$115, solid-gold Hamilton watch, with his name engraved in the back, as a premium for selling more than 100 Chevrolet automobiles during the year 1939. This was a feat of salesmanship not equaled by many salesmen. Truly Mr. Mathis is to be congratulated upon his unusual accomplishment, as is also the Raborn Chevrolet Inc., by whom he is employed.

YOUNGS WILL RETURN TO LITTLEFIELD

Roy Young, former manager of the Piggly-Wiggly store here, informed us this week that he and family next to move back to Littlefield next Monday and that he has accepted a position in the First National Bank there.

Mr. and Mrs. Young came from Littlefield to Tahoka four years ago. He had been employed in the bank there ten years before leaving. They have made many friends in Tahoka, who regret that they are leaving.

CLERKS CHANGE POSITIONS

Several changes took place in the businesses here Monday. F. E. Redwine, who has been working for Smith Food Store, took a position with E. H. Boullouin, replacing Tom Cioe, who went to work at Reid Parker's service station. Bud Henley, who had been employed by Roy Finch, took a position at Smith's. Glyrd Cioe is working for Finch.

Messrs. C. T. and Joe Tankersley returned Wednesday afternoon from Sanderson where they had been visiting relatives—Tom Parsons and family and fishing for a few days, having left here Saturday morning of last week. Called home by the illness of their sister, Miss Clara they were glad to find her improving when they arrived here.

Bascom Giles Visits Tahoka

Bascom Giles, Land Commissioner was here Wednesday while on a trip through West Texas to inspect and place a valuation on several matters of Land Office business public lands and to attend to them.

While on this trip Commissioner Giles visited in Shamrock March 18 where he took part in the St. Patrick's Day celebration, and while there he discussed with Eastern Panhandle landowners the forthcoming sale of the Oklahoma Strip to preference purchasers, and worked out technical details of the surveying of this land with the State surveyor.

Commissioner Giles plans to inspect and place a valuation on a large amount of excess acreage in several big West Texas ranches, including the Ellwood Estate, Midland Farms, and Slaughter properties. These landowners propose to purchase the excess within their holdings from the State under the new land laws which Commissioner Giles championed in the recent Texas Legislature.

The lands which Commissioner Giles will inspect on this trip together with other applications should bring in more than one hundred thousand dollars to the public school fund.

Commissioner Giles during his term of office has shown himself to be a true friend of the landowners by helping to straighten out their accounts and protect their land titles from vacancy hunters and title clousters. He has at the same time administered his office in such a way that the Permanent School Fund has profited immensely in additional revenue.
