School Trustee Elections Set For April 6

Large Ballot This Year

County Judge P. W. Goad has turned into the News office the names of persons filed in the various school districts for trustee to be printed on the ballots for the elections to be held on Saturday, April 6.

While these lists do not show how many trustees are to be elected in each of the districts, it is presumed that this information will be furnished before the ballots are printed this week end.

It is our information that in the Tahoka district two trustees are to be elected.

The list as furnished us by Judge Goad is as follows.

Dr. Durham New Rotary President

New officers for the coming year, beginning in June, were elected by Tahoka Rotary Club at its meeting Thursday noon.

Dr. Kenneth R. Durham succeeds L. P. Craft as president. Happy Smith is the new vice president. Travis Hanes is sergeant-at-arms, and Charles Townes was re-elected secretary.

New directors are Dr. Jim Sinclair, Don Turner, and Happy Smith, while hold-overs are Durham, Wynns Collier and Frank Hill. Craft automatically remains a member of the board. Directors are elected by the club, president and vice president are selected by the board from its own ranks.

MOTHER SINGERS TO MEET

The Mother Singers will meet at the home of Mrs. Loyd Edwards next Thursday afternoon, April 4, at 2:30 p. m.

As the chorus will practice for the Lamesa joint chorus, all members are especially urged to be present.

Mrs. Cowan Dies In Canyon; Services Mon.

Another of those old pioneers who came to this county soon after the turn of the century passed away at an early hour Sunday morning when Mrs. W. C. Cowan died at the home of a daughter in Canyon.

Mrs. Cowan had been a resident of Lynn county for thirty-four years prior to the death of her husband here four years ago, whereupon she went to Canyon to reside. Eighty-three years of age, she had been in failing health for some time. Her death was attributed to heart trouble.

Her body was brought to Tahoka in a hearse of the Harris Funeral home Sunday morning to be prepared for burial. Funeral services were conducted at 2:30 o'clock Monday afternoon in the First Baptist Church here, the pastor, Rev. Geo. A. Dale, officiating. Eight of the deacons of the church were selected as the pall-bearers and members of the Euzelian Sunday School class acted as flower girls. The body was interred in the Tahoka cemetery beside that of her husband, who died in February, 1936.

Mrs. Cowan left surviving her one son, four daughters, nineteen grandchildren, twenty-five great-grandchildren, and a number of other relatives.

The son is T. B. Cowan of Lubbock. The daughters are Mrs. Lula

County Meet Results Released

Radio Static Can Be Stopped

All man-made static, or radio interference, can be eliminated in Tahoka if citizens will co-operate in a movement being started by local radio repair men and electricians, Kenneth Reid says.

Reid, and Lee King expect to start a survey soon to determine origin of interference which comes from brush motors, transformers, refrigerators, shavers, sweepers, etc. W. S. Anglin will co-operate in the work, each of the three men donating their time.

In order to do away with interference, however, people of the town having static producing electrical appliances will have to install "static eliminators" which will be furnished these men at wholesale cost, plus shipping charges. But this will not be but about \$1.00 in most cases, and not more than \$5.00 in any case.

These men hope to greatly improve radio reception in Tahoka, as has already been done in many towns in this section.

Max Minor Not Contracted

Last week The News stated that Blair Cherry, U. of T. assistant coach had been here and "contracted" Max Minor. This was a typographical error and should have read "contacted". Southwestern conference schools do not sign contracts for athletes, but do invite them to attend school and offer them legitimate jobs in order that they may pay their school expenses.

SINGING HERE DRAWS IMMENSE CROWD

The county singing convention held in the high school auditorium here last Sunday is said to have attracted an immense crowd, and the singing was pronounced fine.

FINDS ADVERTISING PAYS

Bart Cowan recently inserted an advertisement of the Limit Cafe in this paper and says he had such fine results that he decided to run it two more weeks. It appears in this issue of the paper.

A. R. McDaniel, who lives west of Draw, has been quite ill but is reported to be somewhat improved this week.

Rufus Nance, 45, a long-time resident of Paris, Texas died there on Wednesday. He was a nephew of J. B. Nance. Mr. Nance was unable to attend the funeral.

County Boxing Meet Here

Coach Leo Jackson announces that a boxing tournament has been arranged here for Thursday and Friday, April 4-5.

There will be two divisions, the schools and the outsiders. All the schools of the county are eligible to enter the school contests. The fights will start at 8 o'clock each evening.

Mr. Jackson states that entries should be made at the earliest date possible.

Snowden In Judge's Race

Another hat goes into the political ring this week. H. M. Snowden, well-known business man and citizen of Tahoka, makes his announcement through the columns of this paper for the office of county judge of Lynn county, subject to the action of the Democratic primaries.

Mr. Snowden has been a citizen of Tahoka for about fifteen years. He first came here as agent for the Chevrolet automobile, having his office and show rooms in the building now occupied by J. K. Applewhite and Co. After a few years, he retired from this business and went into the grocery business, having his store on Main Street in the building now occupied by the Tahoka Motor Co. Still later, he was engaged in the handling of Allis-Chalmers tractors for a few years, selling out some time ago to Douglas Finley.

In all his business activities, Mr. Snowden has observed the strictest rules of integrity, and by his honesty and fair-dealing he has won the confidence of the people. He has many friends in all parts of the county, upon whose support he is relying. He says that he expects to make an active campaign and hopes to see personally practically every voter in the county.

Mr. Snowden is a fine, Christian gentleman, and his candidacy should have the thoughtful consideration of every voter.

Mrs. B. F. Norris of Hubbard, Hill county, and daughter, Mrs. Lloyd Wolf of Spur, left for their homes Thursday morning after a two-days visit with Bill and Joe Thompson out east of town. Mrs. Norris is an aunt of the Thompson brothers.

Tahoka-O'Donnell Tied For First

Great crowds were here last Friday and Saturday, especially on Saturday, witnessing the Interscholastic League events.

For the first time in the history of the League, Tahoka and O'Donnell High Schools tied in the grand total of points scored in the contests, literary and athletic. Each marked up 149 points. New Home third with a grand total of 57 points and Draw fourth with 52 points. Wilson, which usually scores a high record, dropped down to only 5. All these schools were in the Class A division.

In the literary contests, Tahoka scored eight points more than O'Donnell, the board showing 77 points for the former and 69 points for the latter.

In the athletic contests, O'Donnell was the winner, scoring 80 points to 72 for Tahoka.

New Home scored 27 points in literary events and 30 points in athletics. Draw scored all of her points in literary contests. Wilson's five points were gained in volleyball.

WARD SCHOOL RESULTS

In the Ward School division, the following schools contested: Petty, Redwine, Tahoka's sixth grade, Tahoka seventh grade, O'Donnell, Wilson, New Home and Draw.

In the grand total of points scored in all events, literary and athletic, Tahoka seventh grade won first place with 92½ points, Tahoka sixth grade was second with 82 points, Draw was third with 65 points, Redwine sixth with 15 points, and Petty seventh with 3 points.

In literary events alone, Tahoka sixth grade scored highest with 57 points, Draw second with 55, Tahoka seventh grade third with 52½, New Home fourth with 41½, Redwine fifth with 15, and Petty sixth with 3.

In athletics, the standing was as follows: Tahoka seventh grade first with 40, O'Donnell second with 31, Tahoka sixth grade third with 25, Draw fourth with 10, Max Minor was high point man, chalking up 20 points for Tahoka.

RURAL SCHOOLS

In the rural school division entries were New Lynn, Grassland, Newmoore, Wells, T-Bar, West Point, Edith, Midway, Dixie, Joe Bailey.

In the number of grand total points in all events, New Lynn won first place, scoring 136 points. Midway was a close second with 119 1-2 points, and Newmoore was not far behind with 102 1-2. Other schools scored as follows: Grassland 60 1-2,

Rank 2nd On South Plains

Although Lynn county's cotton crop last year was not considered a large one, yet she stood fifth in the number of bales ginned in the county, according to a recent official report issued by the Department of Commerce at Washington.

She stands second on the South Plains and in all West Texas, Lubbock county nosing her out of first place by only a few hundred bales.

The only counties in the entire state surpassing her in production are: Nueces, Ellis, Lubbock, and Collin. Ginnings in Lubbock county amounted to 60,456 bales as against 60,059 bales in Lynn.

Production in these and other South Plains counties for the years of 1939 and 1938 respectively is given as follows:

County	1939	1938
Lubbock	60,456	65,341
Lynn	60,059	55,964
Lamb	46,757	40,522
Hockley	24,602	36,542

Mrs. W.S. Swan Passes After Long Illness

Terminating a long period of serious illness, death came to Mrs. W. S. Swan at the home of herself and husband here at 6:30 o'clock last Friday evening March 22. For the past eight months she had been confined to her home from a cancerous affection of the throat, and surely death must have been a great relief to her.

The funeral rites were read at 3 o'clock Saturday afternoon in the Methodist Church here, of which she had been a much beloved and truly devoted member for many years. The pastor, Rev. J. E. Turbine, was assisted by a former pastor, Rev. R. T. Breddove, now pastor at Levelland.

The body was laid to rest in the Tahoka Cemetery under the direction of the Harris Funeral Home.

The love and esteem in which this good woman was held by the people of Tahoka was attested by the great number who attended the services on a busy Saturday afternoon and by the great profusion of flowers that were banked about the casket.

Coming to Tahoka in 1906, when the town was yet in its infancy, Mrs. Swan immediately identified herself with the Methodist Church here and soon became an active leader. At one time she served as president of the Women's Missionary Society

and at different periods held other responsible positions in the Church and Sunday School. She also took an active part in other worth-while enterprises in the town.

Born as Miss Alpha Alice Shook near Joplin, Missouri, on September 8, 1871, she came with her parents to West in McLennan county in early life. From that place the family moved to Jones county in 1890. There she was married to W. S. Swan on October 22, 1893. In 1905 Mr. Swan came to Tahoka to procure a home and he built the house now occupied by A. J. Wyatt. In June, 1906, the family moved up from Jones county to occupy the new home. Mr. and Mrs. Swan had been residents of the county ever since.

Surviving the deceased are the husband and three children, A. B. Swan of Lamar, Colorado, Mrs. J. R. Turner of El Paso, Texas, and Mrs. E. H. Boullion of Tahoka. One

son, Marshall Swan, died here several years ago.

Also surviving are two grandchildren, E. H. Boullion Jr. of Tahoka and Robert Buford Swan of Lamar, Colorado. One sister survives, Mrs. R. T. Bird of Sweetwater.

Mrs. Swan was just past 68 years of age. She had lived a sweet, useful life, loved and revered by her family and friends, and highly esteemed by all who knew her.

FATHER OF BOB LITTLEPAGE DIES

Elder R. P. Littlepage, 78, a citizen of Lynn county for several years, died at his home in San Antonio on Friday March 15, after a protracted illness. Burial was in the San Jose Cemetery in that city.

Elder Littlepage was the father of Robert Lee (Bob) Littlepage of the Midway community and he and

his wife resided in this county for about seven years, during which time he was pastor of the Primitive Baptist Church in Tahoka.

Surviving him are the aged widow, one daughter, Mrs. Erle Hackler of Floresville, three sons, Bob of Tahoka, and Walthall and Fred of San Antonio; also four grandchildren.

Born in Jacksonville, Tennessee, deceased moved with his parents to Texas in early boyhood. He was married to Miss Lula Moore in Hill county 58 years ago. He and family came to Lynn county in 1907 and he engaged in farming and stock-raising here, making quite a bit of money at the business. He moved to San Antonio in 1917.

All the children were at his bedside when death came.

South Plains 4-H Club Work Highlights For 1939

College Station March 28 — 4-H Club work highlighted the 1939 efforts of county agricultural agents in the 19 South Plains counties designated as district 2 of the Texas A. and M. Extension Service.

Rapid progress was also recorded in soil and water conservation, feed storage through trench silos, and whole farm and ranch demonstrations, according to K. J. Edwards, district agent who supervises work of county agents in the district.

Farmers terraced 248,000 acres and farmed nearly a million acres on the contour for the first time. Two new conservation practices, furrow-damming and pit-cultivation, were used on 250,000 acres. Altogether 1,250,000 acres, scattered over 13,000 farms went under the conservation banner in 1939.

The 4,340 trench silos—representing an 81 percent increase over the 1938 total of 2,390—were filled with 818,000 tons of silage.

Seventy farms and ranches, scattered throughout the district, undertook the whole farm demonstration and combined many recommended farm and home practices on the same place.

County agents enrolled 2,203 boys in 4-H Club work—an increase of 46 percent over 1938 figures. Enrollment in Bailey County jumped from 40 in 1938 to 338 in 1939. Lubbock County led the district with 429 boys. Each of the 91 club members in Floyd County finished the year with a creditable demonstration.

Among the honors that came to South Plains 4-H boys were: Joe Doyle, Lubbock County, one of two Texas boys sent to National 4-H Encampment at Washington, D. C.; five boys, one each from Farmer, Swisher, Floyd, Hale and Lubbock Counties, sent to International Livestock Show at Chicago; Lubbock County furnished the state meat identification team; 15 of the state's 100 Gold Star awards went to the South Plains; Lubbock County won one of the six state cotton production scholarships; boys from Garza and Farmer Counties pulled in first, second and third places in the

state farm record bookkeeping contest.

Hale County boys led the way in commercial feeding of beef calves, lambs and hogs and ended up with the shipment of a solid trainload of calves and lambs to Kansas City. On feed for sale in 1940 are 112 beef calves in Hale County, 105 in Bailey, 70 in Cochran, and 45 in Hockley.

On the educational and recreational side, 45 4-H boys and adult leaders from Bailey County attended the Short Course at A. and M., while 282 boys, county agents and club leaders gathered for a district encampment at Crosbyton.

Counties in District 2 with their county agricultural agents are: Bailey, S. T. Logan; Briscoe, Lem Weaver; Castro, John T. Stovall; Cochran, Roy Hickman, Jr.; Crosby, R. W. Now Relieved from Pains and Sluggish Feeling

Loudly Praises Herbal Remedy. Many Years Had Been Wasted in Search For Something To Help Him.

Never Feels Dizzy Now And Aching Pains In His Joints All Gone Since Constipation Was Relieved... Great Medicine. He Says.

"I can never thank Herbtex enough for the amazing relief it brought me, yet it seems so simple after having tried so many expensive treatments which did not help at all," said Mr. Horace F. George, former Pennsylvania Railroad Engineer, now residing at 723 Market St., Wheeling, W. Va.

MR. HORACE F. GEORGE

"There is no doubt but that constipation is what was causing my troubles, but I thought almost everything was wrong with me. I ached so bad that I could hardly keep at work. My back was so stiff

and ached all over my body most of the time. Every time I stooped over I'd feel so dizzy I had to grab hold of something. My nerves kept me awake for hours every night, then the next morning I felt all tired out.

"I have thanked a friend of mine many times for telling me to try Herbtex. I wish I had started taking Herbtex years ago. Herbtex worked off my bowels thoroughly, yet no gripping or pains, and now I'm regular every day. I feel like I've had a bath inside. All the poisons seem to move out regularly instead of staying there and causing trouble.

"Since Herbtex cleaned my bowels I am free of backache and pains in my body, neither do I have sour gas that I always belched after eating, all the dizziness has passed off and my nerves have calmed down so that I can now enjoy restful sleep at night.

"I wouldn't take anything for the good that Herbtex has done for me. I know that Herbtex is really a good medicine. Herbtex gives relief for common ills like Stomach Trouble, Sluggish Liver, Weak Kidneys, Painful Joints, Aching Muscles, when due to constipation."

SPECIAL OFFER: regular price of Herbtex is \$1.25, send only \$1.00 Money Order Cash or Check to Herbtex Co., Dept., Wheeling, W. Va., and a package of Herbtex (over a two weeks supply) will be sent you postage paid.—32-33-34

Aviation Mechanics Being Taught At WTSTC, Canyon

Canyon, March 29—A course in aviation mechanics for young men now enrolled in the pre-college NYA project here will begin April 15. Twenty-four students will enroll.

David Bletner of Amarillo, who was to have been the instructor but has been made state supervisor of aviation mechanics, will name the teacher. The work will continue through the summer and fall. Some of those taking the training expect to obtain jobs in the aviation industry.

Olie Brown, NYA project supervisor, says the West Texas State College aviation workshop will be one of the best in the state. The federal government is shipping several carloads of airplane engines, parts, and machinery. The shop is rapidly taking form under the football stadium. Concrete floors are being run and partitions placed.

The NYA project is being increased to 72 men, part of whom are studying electricity, auto mechanics, and sheetmetal work.

This project is in addition to the Civilian Pilot Training program in which more than a score of college students are enrolled. All of these have soloed.

MENSCH TELLS GOOD RABBIT STORY

S. A. Mensch, who resides out southeast of town, was in the office Monday with an even better rabbit story than the one Butch Ingle gave us last week.

Mr. Mensch says that a few years ago, his dog caught and killed a big matronly Jackrabbit which gave mute evidence that soon she would have become a mother. So he proceeded to perform a post mortem operation with excellent results. He thought the two baby rabbits would be excellent food for the old family cat, so he undertook to feed them to her, alive.

But instead of eating them she adopted them. One of them soon died but Mrs. Tabby raised the other to full adulthood, and the animal became quite a pet of the family, playing around the premises until it finally died from natural causes.

WHAT'S IN A NAME?

Charley Guy's highly talented
pair of scissors beat this editor to
a journalistic gem, concocted by
Editor Smith, and published in his
Lynn County News, at Tahoka, re-
produced herewith, but it would
take a whole flock of scissors to
detract a whit from this 18-word
masterpiece: "Our private opinion
is that as a statesman Governor
O'Daniel is a pretty good Chris-
tian gentleman."—County Wide
News, Littlefield.

That was a gem, Editor Price,
but we imagine editor Eee Eye
Hill would appreciate your call-
ing him that instead of Editor
Smith.—Terry County Herald

Jim and "Ma" for some time have
been fishing for solicitations for
them to run for governor. Last week
Jim notified his friends that if they
expected him and "Ma" to get in
the race said friends should send
them a string of postal cards beg-
ging them to run. Since then, it is
said, postal cards have been flood-
ing the mails. We are wondering if
the number will reach that historic
fifty-some-odd thousand that two
years ago got a good man into a
peck of trouble.

It now seems certain that Coke
Stevenson will be compelled to play
second fiddle two years longer. We
wonder if he will be able to keep it
in perfect tune all the time. We'll
bet the music he makes has a melan-
choly strain. For two years he was
faithful to the chief, hoping to fall
heir to the throne, but now the chief
refuses to abdicate, and the ghost of
Gerald Mann rises ominously above
the 1942 horizon. The future looks
a bit dark for the present lieuten-
ant-governor.

If Ma Ferguson announces for
governor, there are those who claim
that it will be a contest between a
proxy ex-governor, and a proxy in-
cumbent governor. They do not say
just what particular individual is
the incumbent governor's boss. This
is not propaganda.

Governor O'Daniel complains that
the newspapers are always publish-
ing propaganda instead of news a-
bout him. Therefore he is starting
a newspaper of his own, to be pub-
lished in Fort Worth. Of course his
sheet will contain no "propaganda".

Say, folks, the paving of these
streets is going to help Tahoka more
than you may imagine. May the
good work go on.

WHO WILL WIN THE WAR?

A lot of us Americans have been
impatient for England and France
to prosecute the war more vigor-
ously. We think that they should
have thrown their armies right over
into Germany and cleaned up on
Hitler in short order. Because they
haven't done so, we have become
critical.

Also we have insisted that they
should have rushed to the rescue

Wake Lazy Insides
All-Vegetable Way

Thousands turn to this way to get
relief when they're lazy intestinally
and it has them headachy, bilious,
irritable, listless: A quarter to a
half-teaspoonful of spicy, aromatic,
all-vegetable BLACK-DRAUGHT
on your tongue tonight, a drink of
water, and there you are! Thus, it
usually allows time for a night's
rest; acts gently, thoroughly next
morning, so relieving constipation's
headaches, biliousness, bad breath.
BLACK-DRAUGHT'S main in-
gredient is an "intestinal tonic-lax-
ative," which helps impart tone to
lazy bowel muscles. The millions
of packages used prove its merit.
Economical, too: 25 to 40 doses, 25c.

of Poland when it was invaded by
Germany and of Finland when it
was attacked by the Bolsheviks. We
fail to recognize the fact that such
a course would have been foolhardy
in the extreme and almost surely
fatal to the allies. We forget that
Poland lies on the other side of Ger-
many from England and France and
could be reached only by a successful
invasion of Germany.

It would be just as disastrous for
the British and French armies to
undertake to break the Hindenburg
line as it would be for the Germans
to undertake to break the French
Maginot line. Neither army has ser-
iously attempted such a stupendous
task as yet, for each knows that such
a task would be all but hopeless and
would result in the slaughter of
countless thousands of the attacking
soldiers in either case.

Such an attack may be made by
one or the other of the opposing
armies before the end of the war
but it is not probable.

Furthermore, it would have been
almost impossible for England and
France to throw a really formidable
army quickly into Finland.

England's best bet at winning the
war therefore lies in the course that
she has pursued—that of holding
the German armies back at the
French and Belgian borders while
she continues to tighten her block-
ade of all ports through which Ger-
many may get food and supplies
and thus to finally starve and choke
her into submission.

Such a course also gives her time
to increase the strength of both her
submarine and her air forces, which
she is said to be doing with feverish
haste.

We are betting that Great Britain
and France finally win the war, un-
less Russia and Italy both join in
actively with Germany, and we be-
lieve the Democracies will win even
then, especially if they can get the
proper moral and economic support
from the United States.

SHRUBBERY BEING STOLEN

One of the American Legion Boys
this week filed a complaint with
the News to the effect that some
lover of beautiful shrubbery has
been rather careless recently as to
the place where he or she might
procure the same.

To be plain about it, he says that
some person has dug up some shrubs
growing on the American Legion
premises and presumably has plant-
ed them out on his or her own
premises.

We referred him to the sheriff
but he said that he didn't want to
get anyone into trouble. So, we
are handing out this bit of informa-
tion for the benefit of the Legion
boys without having the slightest
idea as to whom it may hit.

We hope this sort of pilfering
stops.

NYA PLACED 275,560 IN JOBS

During January, 10,475 placements
of youth in private industry were
made by the National Youth Admin-
istration bringing to 275,560 the to-
tal of jobs found for young men and
young women by this agency since
the establishment of its junior place-
ment services. In 188 cities in 41
states, special employment services
for young people are now being pro-
vided as a result of the work of the
National Youth Administration.

ODDS AND
ENDS

By Eee Eye
The Elder

It seems to be an almost univer-
sal desire for people, old or young,
to return now and then to the scenes
of their childhood. Most of us oc-
casionally do so, to see the kin-folks
and old-time friends and even the
old hills and the streams and the
trees and the play-grounds that
were familiar to us in our childhood
days.

Personally, we have also had a
life-time yearning to visit the locali-
ties where our ancestors were reared,
and to meet the folks or the des-
cendants of the folks who were their
friends. Right now, if we had the
time and money, we would like to
hike back to the old hills of Calhoun
and Cleburne counties, Alabama,
visit the old towns of Oxford and
Jacksonville and Talladega, and
wander up and down the banks of
the Tallapoosa River and especially
of Chocheefinnee Creek; for in that
region our parents were reared, mar-
ried, and began the rearing of a
family. Then they came to Texas,
in a covered wagon, got water-bound
in Cass county for three years, and
then came on, also in a covered wa-
gon, to Bell county, where the writer
a little later discovered America.

We would like to go back to old
Virginia, where some of our great-
grandparents, and other remote an-
cestors, were born and spent a good-
ly portion of their lives. Most of
their ancestors, so far as we have
been able to learn, came at various
times two or three hundreds years
ago, from rural England. And so,
while we do not know the locality
where any of them lived, and al-
though England has greatly changed
since they lived there, we would even
like to visit rural England.

And that reminds us that proba-
bly three-fourths or four-fifths of
the ancestors of the people of the
United States came from Eng-
land, or at least from the British
Isles, England, Scotland, Wales and
Ireland.

With the exception of a few Ger-
mans and a lesser number of Czech-
oslovakians, Bohemians, and Poles,
practically all of the people of the
South Plains are of English des-
cent.

England is our mother country.
And we are closer kin to the Eng-
lish people than to any other people
in the world. We speak their lan-
guage. Our names are their names.

There were Washingtons and Jef-
fersons and Jacksons and Harrisons
and Lincolns and Davises and Lees
and Johnsons and Smiths and
Joneses and Williamsses and Browns
and Greys and Blacks and Whites
and Greens and Bakers and Cooks
and Carpenters and Carters and
Masons and Waggoners and Farmers
and Millers and Coopers and Tan-
ners and Brewers and Thompsons
and Thomases and Lockwoods and
Lockharts and Redwines and Apple-
whites and Burlesons and Harrises
and Callaways and Cains and Ed-
wardses and Hendersons and Hales
and Hollands and Holloways and
Howells and Kings and Knights
and Mullinses and Oliviers and Parks
and Parkers and Penningtons and Pres-
tons and Richardsons and Robertses

and Robertsons and Robinsons and
Stewarts and Wellses and Woods and
on and on, world without end, in
England before there was anybody
but Indians in America.

Of the thirty-one men who have
served as President of the United
States twenty-eight of them bore
names of purely English origin. The
names of the other three, Van Bu-
ren, Theodore and Franklin Roose-
velt, appear to be of Dutch origin.
The name Hoover, some claim, was
also originally Dutch.

Not only is England our mother
country and the English people our
kin and kin, and not only is their
language our language, but it is the
English who have furnished us the
great masterpieces of literature, sup-
plemented by that produced by our
own writers.

John Wycliffe made the first
translation of the Bible into English
more than a hundred years before
America was discovered. Another
Englishman, William Tyndale, made
a second translation of the New
Testament and parts of the Old Tes-
tament into English about thirty-
odd years after America was dis-
covered, and a third Englishman,
Miles Coverdale, made a still better
translation of it a few years later.

It was a group of 54 scholarly
Englishmen appointed by James I
of England who gave to the English-
speaking world about 1611, a few
years after the founding of James-
town colony in Virginia and a few
years before the founding of Ply-
mouth colony in Massachusetts, the
King James or Authorized version of
the Bible, the version which we gen-
erally use in our churches and
homes to the present day.

It was an Englishman, William
Shakespeare, who gave to us prob-
ably that greatest of all literary
productions, the plays of Shakes-
peare.

It was another Englishman, Wil-
liam Blackstone, who nearly 200
years ago set out in written form
his Commentaries on the Laws of
England, setting forth the funda-
mentals of English law, and this
work has been made the foundation
on which every English and Ameri-
can lawyer since has built his legal
education.

It was from England that we got
our conceptions of representative
government, our jury system, and
our devotion to that great body of
individual rights which have been
made the foundation of our own
governmental system.

Our Congress of two houses was
modeled somewhat after the English
Parliament of two houses, though
we think our system is an improve-
ment over theirs. Our courts are
modeled after the English courts,
and it is still a question as to wheth-
er or not ours are as good as theirs.

Both of these two great countries
are devoted to the principles of
democracy and to the tenets of
freedom of speech, freedom of press,
and freedom of religious worship.

The ideals and objectives of these
two peoples are so nearly the same
that it does seem that in a general
way they should work together for

the perpetuation of those great prin-
ciples upon which both governments
are founded.

At least, it seems to us, we should
not be giving public expression to
hatred or contempt for each other
to the great delight of those mighty
and aggressive forces of evil which
would destroy individual liberty and
wipe political and religious freedom
from the face of the earth.

HEALTH, CLEAN-UP AND
SAFETY WEEK PROCLAIMED

The Governor of Texas has pro-
claimed the week of March 31-April
7 as Health, Clean-Up and Safety
Week.

Your local Five-County Health
Unit, as a representative of the
Texas State Department of Health,
would like to point out some sug-
gested activities for the promotion
of health.

Every child should be actively im-
munized against diphtheria before
the age of one year with diphtheria
toxoid. We recommend that every
child also be vaccinated against
smallpox in early infancy and again
upon entering school. Every person
should be immunized by vaccination
against typhoid fever. Since this
disease is more prevalent in the
summer, now is a good time to
secure this protection. Consult your
family doctor now if you or your
family have not received protection
from these diseases.

Home sanitation should be inves-
tigated now before hot weather sets
in. Screens should be prepared,
breeding places for flies eliminated,
and garbage disposal cans should
be well covered. Potential water
hazards which might be breeding
places for mosquitos should be elim-
inated. Every private and public
water supply should be analyzed for
safety. Your County Health Unit
will be glad to give service to you
in this matter. Every home should be
connected with the city sewage sys-
tem if possible; if it is not available,
a septic tank or an approved sani-
tary privy should be constructed.
Plans for an approved sanitary privy

can be obtained from your health
unit.

A clean-up campaign should be
instituted in every community to
improve sanitation.

Everyone should check up on his
personal health by having a phy-
sical examination at least each year
by their own physician.

Information on any of the above
health problems can be obtained at
the local office of the Five-County
Health Unit in your court house.

THE LYNN COUNTY NEWS, TAHOKA, TEXAS

SOCIETY

SUB-DEBS CLUB

The fourth meeting of the National Sub-Deb club was held Thursday, March 21, in the home of Miss Genevieve Henderson.

Business was carried on as usual and members voted to have a formal dance in May. A scavenger hunt is also to be sponsored by the Sub-Debs Thursday night March 28. Each copy for the hunt will cost 10 cents and will begin at the city park.

Refreshments were served when the meeting was over and then the girls had a truth session. Those present were: Misses Betty Roberts, Dorothy Fulkerson, Olga Taylor, Jean Barham, Aleta Stewart, Hazel Thomas, Billie Burleson, and hostess Genevieve Henderson.

ELMORE-ROGERS

Jewell Fay Elmore of Lamesa became the bride of Horace Rogers Saturday afternoon at 6 p. m. in Lamesa. Elder J. C. Foster, pastor of the Church of Christ, officiating. Alton Eakin and Iris Dean Cade were guests.

Mrs. Rogers is the daughter of Mr. and Mrs. J. B. Elmore of Pictown, New Mexico, but had been employed in Lamesa.

Mr. Rogers is the son of Mr. and Mrs. W. R. Rogers of Tahoka. He is a former student of Tahoka High and is employed at the Texaco Service station.

Following the ceremony, the couple returned to Tahoka, spending Sunday with Mr. and Mrs. Red Kidwell. They will make their home in the Larkin Weathers apartment.

BARTLETT-BARTLEY

W. F. Bartlett and Miss Mildred Virginia Bartlett were married in Slaton Saturday, Rev. J. Paul Stevens, pastor of the First Presbyterian church, officiating.

B P W DINNER TUESDAY NITE

The Business and Professional Women's club held a hostess dinner in the home of Mrs. G. M. Stewart Tuesday night, with Mrs. Stewart, Mrs. Gladys M. Stokes, and Mrs. Assister in charge of the dinner.

Place cards had sketches representing each woman's occupation rather than names. Mrs. Lenore M. Tunnell addressed the group on "Democracy and the Economic Situation". Mrs. W. H. Fulkerson led a round table discussion on the evils of dictatorship. The president, Miss Hattie Server, presided over a short business session.

Each guest gave a gift to her club sister of the past several months, revealing her identity. New names were drawn for the remainder of the year.

Present were Misses Beverly Wells and Claire Ruth Nickols of O'Donnell, Echo Milliken, Ethel Calahan, Ovel Lytell, Gertrude Bishop, Server, Ellen Nixon, Mesdames Tunnell, Fulkerson, D. W. Gagnat, Lois Daniel, Helen Eubank, Myrtle Rochell, Assister, Hall Robinson, Hope Haynes.

EGG HUNT

Because of cold weather, only nineteen business girls attended the annual egg hunt and breakfast last Sunday morning. Easter, north of town.

The ladies hunted the eggs hid by Mr. Rabbit, then prepared their breakfast at the roadside park.

Attending were Mrs. G. M. Stewart, teacher of the Business Girl's class at the Methodist church; Mesdames Hall Robinson, Irene Gallagher, Lois Daniel, T. T. Garrard, Carlisle Edwards, E. S. Evans, E. Calvery, Daniel Davis, Sam Price, Rollin McCord, E. C. Parker, Gladys Davis, Misses Ellen Nixon, Earline Meyer, Elizabeth Wyatt, Florence King, Norman, Lorene Reece, Hattie Server was in charge.

Mr. and Mrs. J. E. Kelley, who have been residing in this county about a year, are removing this week to Abilene. They formerly resided in Taylor county.

PERSONALS

Jarrell Cox of the Three Lakes community went to Denton last week and was accompanied home by his daughter, Miss Mildred, who came from Texas State Women's College to spend the Easter holidays with home folks.

Joyce Jolly, 12-year-old daughter of Mr. and Mrs. J. L. Jolly, who was so critically ill last week, took a turn for the better near the week-end and was brought home Sunday from the Loveless Hospital in Lamesa, where she was receiving treatment. She has continued to improve since, according to information given the News.

Mrs. C. S. Greathouse and Grace are visiting in Caldwell. They will go from there to Galveston, where they will visit Melvin Greathouse, who is in the anti-aircraft division of the U. S. Army. He is in the army hospital at present.

Truett Cooper, who was home from the A. & M. College for the Easter holidays, also visited his brother, Andrew, and family at Brownfield. His parents, Mr. and Mrs. E. J. Cooper, accompanied him to Amarillo Monday morning, from which place he returned to his studies at the A. & M.

Mr. and Mrs. J. K. Callaway returned recently from a three weeks visit in central Texas. Among the places visited are Meridian, Coolidge, Teague, and Abilene. Mr. Callaway says they had a most pleasant trip and visit and both came back feeling better.

Mr. and Mrs. Gordon Cook of Hobbs, N. M., visited in the home of Mr. and Mrs. Paul Cook Saturday night and Sunday. The Messrs. Cook are brothers, and Mrs. Gordon Cook is the former Miss Doris Dean and lived here some years ago.

Elder Drennon's Notes

Being mostly Irish, I see the funny side of things, and I was very much amused in reading last week's News. I noticed on first page this: Thief Steals Minister's Books from Church, among them Adam Clark's Commentaries; and on the last page I read: I will buy your old religious books, church histories, commentaries; also have a number of good books for sale. See Eugene Long, Lynn County News.

Now what I want to know is: Does Brother Long want to buy Brother Moore's commentaries or does he have them to sell? It struck me as amusing. What do you say, Editor Hill, as you are a party to it? I wish you would get Brother Long's slant on this, as I have some books to sell and want to buy a few but I want to be protected from the law. I wish you would clear this up, as several readers are bothered about it, and it looks bad to us.

Yesterday was Easter Sunday, and it was pretty cold for new Easter clothes, which set me to thinking. What is the motive that prompts people to attend worship on Easter or another Sunday for that matter? Is it to be seen or from a sense of duty or what others think of your absence? Or is it because you love God and want to honor his Son by gathering to sing praises to his name, giving of your means to his cause, and showing forth his death until he comes again in the communion service? Reader, what is your motive? Be honest now.

I was glad to read Editor Hill's note last week, but we must not confuse tolerance and over-looking the faults in others, with endorsing their evil ways. While I must love the sinner yet I am not his friend if I do not point out his sin and try to get him to quit it.

Another matter, Editor Hill, I wish you would clear up, if you don't care to be put on the spot. Did you send in your card to "Ma" Ferguson urging her to run for governor. She said most of the rural editors would support her in her campaign. If you don't care to speak out just let it go.

forget his neighbor's faults and magnify his own.—R. P. Drennon

(Ed. Note: Dear Brother Drennon, you want to know Mr. Long's "slant". He says his slant is just this; that it will cost you just fifteen bucks to find out what you want to know about those books. That's all we can tell you. Ask him. You want us to clear up another matter. You ask: "Did you send in your card to 'Ma' Ferguson urging her to run for governor?" Our answer is: We did not; and we do not expect to do so. But, if we had done so, we would not have felt under any obligations to make report or explanations to any man under the sun. Of course your question was asked in a spirit of levity, but here is a good place to say that in this land of the free, every man has a right to think and vote as he pleases, accountable only to his conscience and his God for his conduct. We don't know why anybody would want "Ma" Ferguson to run for governor, but if anybody wants to solicit her to run that's perfectly all right with us.)

COUSIN OF LOCAL PEOPLE IS BURIED AT POST

Last rites were conducted at the Nazarene Church at Post Tuesday afternoon for W. E. Doggett, about 54, who died in a Lubbock hospital Monday.

Mr. Doggett was a well-known farmer of Garza county, having resided at Graham Chapel for the past eighteen years.

Mmes. S. H. Holland, Paul Johnson, and O. E. Overman of this county are cousins and attended the funeral, as did Miss Dorothy Holland and Mrs. Josie Doggett of Fort Worth, aunt of deceased, who is visiting here.

Mr. and Mrs. W. A. Yates and daughter, Mrs. John Fulford, returned last Saturday from a trip on which they visited relatives at Corpus Christi and Uvalde.

J. W. Evans of Brownwood visited his brother and family, Curt's Evans last week.

TO THE VOTERS OF LYNN COUNTY

While it has been known to quite a few, that I would be a candidate, I had made no formal announcement. I take this opportunity now to announce myself as a candidate for the office of County Judge of Lynn County, Texas, subject to the action of all the voters in the July Primary Election.

Your county judge is chairman of the Board of Commissioners, and having had quite a bit of experience as a City Commissioner, and Secretary, which operate along the same line, as County Commissioners, I feel that I am qualified to work with your Commissioners, in helping to solve any problem that may come before that body.

I hope to see every voter in the County before the election, however, that is almost impossible but if I fail to meet you personally it will not be intentionally.

The office is Yours. You employ some one to fill the place. I believe I am competent to fill the office, and respectfully solicit your consideration, your influence, and your vote, on July 27, 1940.

Yours truly,
H. M. SNOWDEN

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juices; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

CARD OF THANKS

Our sincere thanks to all, who have been so thoughtful and good to us during the illness and death of our wife and mother.

METHODIST CHURCH

Every service between now and the time for the revival to begin next month, April 14, will count toward the spirit that we will have for the revival proper. We should begin now to pray the Lord of the harvest to send forth laborers into his harvest, and if in reply we hear the Lord directing us to more active service let us do His bidding without delay.

For the evening service we will dismiss and go over to the Baptist revival now in progress. Brother Ward is bringing some inspirational sermons and the singing and specials are of high order. We have been given an special invitation to all services.—Geo. E. Turrentine.

SADLER FIRES OPENING

GUN APRIL 4

Austin, March 28—First big blast in the 1940 gubernatorial sweepstakes will be fired April 4 by Jerry Sadler, rugged young member of the Texas Railroad Commission.

The colorful and dynamic Sadler will reveal his platform and proposals over a statewide hookup Thursday night, April 4, from 8 to 9 p. m. The broadcast will be carried by stations WFAA, WBAP, KPRC, and WOAI.

Since his opening announcement, Sadler has been deluged with a mail and telegraphic response and declares that he is now ready to reveal his program to the voters.

"For the first time in my memory we are going to have a campaign in Texas based on issues and not personalities. There is no hocus-pocus about my program", Sadler said. "It is clear-cut, plain and fitted to the pattern of the great Lone Star State."

Mr. and Mrs. O. J. Jackson of Stamford visited their children here last week.

AMARILLO PLANS FOR 3-DAY FESTIVAL; TO HOLD INDUSTRIAL OPEN HOUSE

Amarillo, (Special).—Shades of Coronado—the first day of Amarillo Industrial Open House, April 15, 16, 17 will be colorful to say the least when 1,000 citizens of Guymon, Oklahoma, invade this city to tell the world of their Pioneer Day celebration May 1-2.

These 1,000 boosters will all be attired in pioneer regalia, long beards, colorful dresses and a spirit of the old west. They will arrive in Amarillo in time for the dedication ceremonies by Mayor Foss Rogers that will officially open the celebration.

Immediately following the ceremonies Guymon will take over the city. Polk St., will be roped off for their street show, broadcast, chuck wagon feed and many other stunts planned by the visitors.

Across the intersection of Fifth & Polk St. the visitors plan to erect a finish line for one of the most unique stunts of the year, the cross country race between a horseback rider and the champion marathon runner of the southwest. "Lobo," Jim Wilcox, former pony express rider and colorful rancher of the "no man's land" of Oklahoma will race Johnny Watkins, marathon runner, from Guymon to Amarillo, ending the race on the main thoroughfare to the blast of bands and reception of radio hookups, photographers and thousands of people.

Guymon's invasion is but one of the highlights of opening day that includes a golf tournament on the new municipal course, open house of all firms in Amarillo, and a dance and floor show at the Nat in the evening.

The 2nd day, April 16, continues in riotous fun. The Remington Arms Co. trap and skeet shoot in the afternoon, theater matinee programs over the city, the dedication of the new additions to Northwest Texas

Hospital, convention of the Panhandle Home Demonstration Clubs, street shows, radio audition programs, and more dances at the Amarillo and Herring Hotels in the evening. Floor shows will be presented at the dances and vaudeville acts on the theatrical stages.

Wednesday, closing day of the celebration, feature a baseball game between St. Jo, Mo., and the Amarillo Gold Sox in the afternoon, arrival of famous flyers in an aviation program, street shows and booster trip of Spearman including their 71 piece band and the glorious cl-

max at municipal auditorium of a two hour musical comedy stage production, Panhandle-Pop, as only Dixie Dice can produce. From this stage the national coast-to-coast broadcast will originate to extol the virtues of this territory.

Open House is the way Amarillo industrial firms, such as manufacturers, wholesalers, jobbers, and distributors, have in showing appreciation to their trade territory. All entertainment shows and dances are free to the out-of-town guests throughout the entire three days.

N. W. Allphin leaves this week end for Ranger, Texas, where he has accepted an invitation from the Church of Christ to conduct a series of lessons in the book of "Revelations". The course begins Monday night, and will continue two weeks.

EPWORTH LEAGUE AT NEW LYNN TO GIVE PLAY

A farce in three acts entitled "Listen to Leon" will be presented at the school auditorium at New Lynn tonight, Friday, March 29, by the Epworth League of the New Lynn Methodist Church.

A small admission fee will be charged and the proceeds will be used to send a delegate to the Summer Assembly at McMurry College, Abilene, which will be in session about a week.

A negro minstrel will entertain the audience between acts. The play itself is reputed to be an excellent one. The cast of characters consists of four boys and four girls.

You are cordially invited.

Mrs. W. A. Reddell spent the holiday week-end with a sister at Chico, the former home of the Reddells.

Congratulations

To Dr. and Mrs. Emil Prohl, on the birth of a son, Sunday night in a Fort Worth hospital. Dr. Prohl went down immediately after the news reached here.

Mr. and Mrs. Claude Nowlin are rejoicing over the new arrival of a fine little daughter, Shirley Jean, who was born Sunday, March 17, in a Lubbock hospital. The little lady weighed 8 pounds.

Mr. and Mrs. Deen Nowlin and children visited Rev. and Mrs. Ed. Hawthorne and family at Happy Sunday. Mrs. Nowlin and Mrs. Hawthorne are sisters.

SUN TO BE BLACKED OUT BY MOON, APRIL 7; FIRST TIME IN 75 YEARS

On Sunday, April 7th, the people of Tahoka and Lynn county will witness a blackout of the sun by the moon, according to the forecast of astronomers. The eclipse will be what is known as an annular or ring eclipse and will cover approximately 86 per cent of the sun. It will cause a twilight effect and the atmosphere will have a singular transparency but tinted an eerie greenish yellow.

The eclipse will be visible over most of North America but will be seen to best advantage in Texas and from Georgia to Florida. No such spectacle has been seen in the United States since 1865, a period of 75 years, and it will not occur again until May 10, 1994. So if you are well along in years you had better take a look at the eclipse on April 7. You probably will not be here in 1994.

4-H Stock Show Winners

Below is given a list of the winners in various divisions of the annual Fat Stock Show held in Tahoka, Saturday, March 16, by the 4-H clubs and F. F. A. boys of Lynn County. This show was under the supervision of County Agent Don Turner, assisted by the Agriculture teachers of the county. A write-up of the show was featured on page 1 of the Lynn County News last week, but lack of space prevented the publication of the complete list of winners. The News is glad to print the remainder of the list in this issue.

HOW TUBERCULOSIS IS ACQUIRED

Infection is almost always acquired directly from persons suffering from tuberculosis who have the germs in their sputum. Germs are transmitted through the air from the tuberculous individual to another person by careless coughing and sneezing. Germs may be acquired also by indirect contact with a tuberculous person; such as using drinking cups or handling books or other articles previously contaminated by the tuberculous person, but harmful infection from such source is believed to occur rarely.

Many, if not most, adults are relatively immune to infection, but it is possible of course for an adult previously infected in childhood and therefore relatively immune, to develop an overwhelming additional infection sufficient to cause disease from prolonged and careless association with a tuberculous person. On the other hand, children are so susceptible that they almost invariably

ELECTION ORDER

Be it ordered by the Board of Trustees of ahoka Independent School District that an election be held at the Court House, in the Town of Tahoka in said Tahoka Independent School District on the 6th day of April 1940, for the purpose of electing two School Trustees for said Tahoka Independent School District.

N. C. Rainey and J. M. Henderson and R. P. Weathers are hereby appointed to hold said election in the manner prescribed by law.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In Testimony Whereof, witness the signatures of the President and Secretary of said Tahoka Independent School District and the seal thereof hereunto affixed, this 14th day of March 1940.

HENRY A. MAASEN, V.-P. and acting President Tahoka Independent School District.

Attest: CARL GRIFFING Secretary.

by contract a massive and therefore potentially dangerous tuberculous infection when brought into repeated contact with persons ill from the disease. Although only a small percentage of infected children at the time or later develop active tuberculosis, there is absolutely no way of telling beforehand which child will escape with a comparatively harmless infection and which is destined eventually to become a prey to actual disease. To be safe, all children should be protected at all times from exposure to tuberculous infection from persons known or suspected of having the disease.

Small children who crawl or play on floors and rugs in improperly cleaned rooms formerly occupied by tuberculous patients are very likely to become infected. While readily destroyed by exposure to direct sunlight, tuberculous germs have been known to remain alive for months, both indoors and outdoors, in places inaccessible to direct sunlight.

Children, even in adolescence, should be kept away from persons in poor health and more especially chronic coughers. Individuals (including elderly persons) who attribute a chronic lack of good health to "weak lungs," "bronchial trouble," "lasting colds," "pleurisy," "asthma," "poor recovery from influenza," etc., too often in reality are suffering from tuberculosis but do not suspect the true nature of their condition and consequently take no precaution against spreading infection to others. Unsuspected cases of tuberculosis among parents, grandparents, servants, school teachers and others, undoubtedly are as much responsible for the transmission of tuberculosis germs to children as are all the known cases combined.

Tuberculosis may be contracted by eating infected foodstuffs especially raw milk from tuberculous cows. In larger communities tuberculosis from this source has decreased remarkably due to the fact most herds supplying city milk must be tuberculin tested, and accredited dairies are required to deliver Grade A or pasteurized milk. Rural communities and small cities often fail to appreciate the importance of regular and careful dairy inspection. Care should be taken that children have not only rich but safe milk to drink.

SEE GAIN IN CROP INSURANCE More than 310,000 winter wheat farmers have secured Government insurance to protect themselves against drought and other disasters and have thereby guaranteed at least 75 per cent of the normal yield. The Federal Crop Insurance Corporation regards this as evidence of the growing approval of Secretary Wallace's Ever Normal Granary plan since last year there were only 107,000 who insured.

NOTICE OF ELECTION

Notice is hereby given that an election will be held at the Court House in the city of Tahoka on Tuesday, the same being the second day of April, A. D. 1940, in accordance with the laws of this state and the ordinances of the City of Tahoka, for the purpose of electing a city secretary and two aldermen, in and for said city, each to serve for a term of two years.

The polls will open at seven o'clock a. m. and close at six o'clock p. m.

W. S. Swan has been appointed presiding judge of said election and has been authorized to select one associate judge and two clerks to assist in holding said election.

Done by order of the City Council on this 19th day of March A. D. 1940.

Deen Nowlin, Mayor
Rosemary Nelms, City Sec'y.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help ease lax bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

EASTLAND COUNTY VISITORS

Mr. and Mrs. Arley E. Moore and baby son left early Monday morning for Rising Star for a few days' visit with Mr. Moore's parents. They will return to Tahoka today. They were accompanied on the trip by Jack Babb, who will go to Hamilton for a visit with his parents.

"It was seven years ago that Franklin D. Roosevelt became President of the United States. The major New Deal reforms, we believe, are in our social system to stay, subject only to improvements which experience will show to be advisable. . . . Altogether, we think it's been a great seven years in the history of the United States."—New York Daily News

Leadership in 1940 IT'S FORD ACROSS THE BOARD

Leadership in all 7 BASIC ESSENTIALS OF A GREAT LOW-PRICED CAR

In the major things, the big things, the real things that make you want a car—all 7 of them—Ford takes commanding leadership. Here is where Ford excels:

1 **GOING POWER:** The kind of power that only the V-8 engine can provide—the instant response, lightning acceleration, marvelous economy and swift, smooth, faithful performance. 6,000,000 Ford V-Eights—more than all other Eights combined—say this is the power plant for you!

2 **STOPPING POWER:** The big hydraulic brakes of the Ford V-8 are far and away the big-

gest in the low-priced field—a safety factor you've got to have in the new car you buy.

3 **POWER TO HOLD THE ROAD:** No car in any price field excels Ford in roadability—in keeping "all four feet on the ground" under all driving conditions. This means safety plus comfort.

4 **SMOOTHNESS:** Not only

in amazing power does the Ford V-8 engine excel, but in the smoothness that gives velvet quiet. Everyone knows no car of fewer cylinders can match an Eight in smoothness.

5 **STAMINA:** In staying power there is no car that can take the rough with the smooth like Ford. There are more Fords on the highway than any other make of car. This

sturdy Ford is made to take it!

6 **STYLE:** Ford set the current modern trend in beauty of lines. And Ford's unequalled paint job makes its beauty permanent.

7 **COMPLETE ECONOMY:** The combination of low price, low cost of operation, high trade-in value and more extras at no extra cost, makes the Ford the great economy buy for 1940.

Mrs. Cowan . .

(Continued From Page 1)

Warren of Amarillo. Mrs. Bertie Humphries of Overton, who had been residing with her mother and taking care of her at Canyon the past four years. Mrs. Annie Cain and Mrs. Linnie Harter, both of whom also reside at Canyon. All of the children and most of the grandchildren and great-grandchildren and other relatives were here for the funeral.

Mrs. Cowan was a native Texan, having been born near Palestine in this state on January 17, 1857, more than three years before the outbreak of the Civil War.

She was married to William Cass Cowan at Alexander in Erath county on September 20, 1877. The couple and their family later moved to Colorado City, Mitchell county, where they lived a number of years.

In February, 1902, they hitched up their team and wended their way laboriously through the "breaks" to the foot of the plains, thence up the long slope to the grass-covered areas that lay south of the spot where Tahoka now stands. There they had purchased a tract of land and there they built their crude home.

The next year they saw Lynn county organized and the foundations of the present little city of Tahoka laid. Houses on these "balconies" were few and far between, and there were no churches at all. But Mr. and Mrs. Cowan invited Brother Miller, who lived near the north line of the county, to hold regular religious services in their home. These services led to the organization in the summer of the next year of the present Baptist Church here in Tahoka. A few years later, the Ladies Aid Society of the Baptist Church was organized in the home of Mr. and Mrs. Cowan. Later, this became the present Women's Missionary Society.

Mrs. Cowan became a member of the Baptist Church early in life and she remained a faithful and active member until advancing years made it impossible for her to attend services regularly. Her membership was with the Tahoka Church from the day it was organized up to the very day of her death.

A beautiful and touching tribute was paid her and her late husband by the pastor Monday afternoon conducting the last rites over her body, as he recounted something of the courage and the noble spirit that characterized these two intrepid pioneers that helped to blaze the way for the thousands that now inhabit this region. And it was a tribute well deserved. Many of us have the same brave spirit.

Myrtle Rochelle

Mrs. W. P. Clement of Lubbock has requested us to make the following announcement to women's clubs:

The Welfare Department of Seventh District, Texas Federation of Women's clubs, is offering a prize of \$5.00 to the federated club submitting by April 10 the best report of welfare activities only, for the year 1939-1940. The report should be addressed: Chairman of the Welfare Dept., Seventh District T. F. W. C., 2666-23th St., Lubbock, Texas.

Mrs. Bill Burleson has changed her coiffure from braids to curls and rolls. Although we liked the old style, the change is very becoming.

We heard that Billie Lee cried when she saw mother's hair cut.

Our nominee for the best baker in Tahoka, if her rolls are a fair sample—Mrs. Ben Hardy. Mrs. Hardy baked the rolls for the BPW dinner Tuesday night, and they were mouth-melting.

Preacher Dale pulled a good one Sunday morn at church. He said he liked the wide variety of styles in women's hats this spring—a woman could buy a hat with flowers on it, take off the flowers, put a ribbon on them, and have one hat, taking the hat minus the flowers for the other . . . two hats in one.

But we think we had the most comic hat—the nice thing about it, it hides our face. Mrs. A. L. Smith said she looked and looked Sunday morning, trying to recognize the face tucked behind the hat—and

finally recognized our young daughter, and figured out who we were.

JOBS

We keep hearing people talk about unemployment, but we believe it somewhat a myth. Our wife has been trying to get someone, white or black to work on the yard, and no go. Finally got the promise of a man after he finished two jobs. Truth is, there are a heluva lot of people hollering for jobs that would run from one if it were offered them on a silver platter.—Terry County Herald.

Ain't that the truth? But there are a lot of good, honest, industrious folks who can not find steady employment. We have the keenest sympathy for all such, and think the Government is doing a good thing when it is able to give them relief work. And this kind make good hands whether they are

working for the government or for private individuals.

There are others, however, who do not want a real job. They are glad to get on Uncle Sam's pay roll, where they can work only so many hours per month and where frequently they can throw off on the job. And they wouldn't work for a private individual for love or money. They are the dead beats. Shun 'em.

Mr. and Mrs. Delma Young and little son Prince, Mr. and Mrs. Roy Tylor, and Mrs. R. J. Whited Sr., all of Rogers, spent Tuesday night with Mr. and Mrs. Harry Woods and family out east of town Tuesday night. Mrs. Whited is a sister of Mrs. Woods and remained for a few days while the others proceeded to Hart in Castro county, where the Tylors will farm this year. The Youngs and Mrs. Whited planned to return to Rogers this week.

Baptist Revival

Good-sized crowds have been attending the revival services in progress this week at the Baptist Church, and good services from the very beginning are reported.

Rev. George A. Dale, the pastor, is being assisted by Rev. W. M. Ward of Mineola, who is doing the preaching, and by Mr. D. C. Hamilton of Lubbock, who is directing the music.

The preacher is bringing some unusually strong and forceful messages while the choir and congregation are doing some great singing under Mr. Hamilton's leadership. Mr. Hamilton's solos also are very fine.

Services are being held at ten o'clock each morning and at 7:45 each evening.

The public is cordially invited.

25 Years Ago

From files of Lynn County News, March 29, 1915

"Conductor Bishop Announces Normal", State Superintendent of Public Instruction W. F. Doughty had approved the application for a summer normal to be held in Tahoka, with the following faculty: W. B. Bishop, conductor, Prof. E. A. Bills of Snyder, Prof. G. G. Hazel of Tahoka, Prof. Lee L. Johnson of Gomez, and Miss Nannie Kelly of Fort Worth.

J. N. Jones is making quite an addition to his residence in the eastern part of town.

Raymond Weathers, for the past few months with the Thomas Bros. Drug Co., of Tahoka left Thursday morning for Lubbock to accept a position with one of the drug stores of

that city.

Saturday is the day set apart for the election of school trustees. J. E. Keimer and H. M. Larkin are the returning trustees and J. V. Dyer the holdover.

Laster Preparations

This coming Sunday is Easter. Rev. C. H. Ledger will preach at the Methodist Church and we understand that a few special pieces of vocal music will be rendered there by the small girls of the Sunday school.

Sunday being the Baptist pastor's day in the country, there will be other services at that place other than Sabbath School.

March weather report gave 22

degrees as lowest, 84 degrees as highest for the month, but in spite of 14½ inches of snow during the month, peach trees were in bloom on March 24.

Disappeared, March 23, from my place 2 miles north of Tahoka two black greyhounds. One has white front feet, the other white hind feet. Write or phone me information and I will pay for trouble.—A. L. Lockwood.

Mr. and Mrs. W. A. Yates and daughter, Eula, were in town Saturday and were accompanied home by their son, Prof. Yates of the Midway school and a few of his friends to spend Sunday at the farm.

Wilson school was lauded for its progressiveness having just planted
