Tahoka Ex-Students In Annual Meet Soon

Record Enrollment Is Result of Drive

Ex-students of Tahoka schools will hold their annual social meeting at the school gymnasium on the evening of April 26. All ex-students of the schools and all members of this year's senior class are invited to attend. There will be no admission charge.

A drive for members in the Ex-Students Association being directed by Harley Henderson, Mrs. Irene Gallagher, and Mrs. Calvin Edwards has already resulted in a record membership in the body. Membership fees are 50 cents, and membership cards are being issued those joining. Ex-teachers are eligible as well as ex-students.

Since it will be impossible to send invitations to all ex-students and teachers, this public invitation is issued by the Association for the gala affair.

Thurman Wells of O'Donnell is the oldest ex-student, being a graduate of the class of 1910. Dick Bosworth, at 16 years of age, last year's valedictorian, is the youngest graduate.

Oscar Roberts is president of the Ex-students Association, which is probably the most enthusiastic body of ex-students on the South Plains.

Former Tahokan Dies In Waco

Mr. and Mrs. Joe Bovell returned late Sunday night from Waco, where they attended funeral services Sunday afternoon for Frank Weaver, a prominent citizen of that city and a former citizen of Tahoka, who died of a heart attack at his home in Waco at 7:05 o'clock Friday night.

Mr. Weaver had been a lifelong friend of the Bovells and they had left here early Friday morning to be at his bedside. They were accompanied as far as Crowley by Mrs. Bovell's mother, Mrs. W. W. Wilson, however, and they did not reach Waco until early Saturday afternoon, following Mr. Weaver's death.

Funeral services were held at 3 o'clock Sunday afternoon from the Central Christian Church of Waco, and Mr. Bovell was one of the pall bearers.

Mr. Weaver was born and reared in Coleman county. He came to Tahoka in 1918 as cashier of the Security State Bank. He held this position here until 1923, when he re- A. D. Shook Investment Company of Waco. Later he was associated with the Liberty National Bank of that city for a number of years and then, together with his brother-in-law, formed the Industrial Finance Company of Waco, at the head of which he remained until his death. Mr. Weaver still owned property here at the time of his death.

During his residence in Tahoka Mr. Weaver made many warm friends here, who deeply regret his untimely death. He was only 49 years old.

Grassland Meeting Closes Sunday

The gospel meeting in progress this week at the Grassland Church of Christ will close Sunday night. Evangelist Frank Traylor, Alpine is conducting the meeting, which is drawing splendid crowds. The meeting will only run eight days because people are ready to put in their crops. Six people had responded to the gospel by Tuesday evening, according to announcement made to the Lynn County News. Three services and dinner on the ground will be the concluding feature of the meeting Sunday.

TIPPIT PLANTING COTTON

Just after we wrote that story appearing elsewhere in this paper about those Grassland citizens planting cotton, we were told that T. I. Tippit living about three miles east of Tahoka began planting Monday.

And there are probably many others in the county by this time doing likewise. May it all turn out fine, as it frequently does in Lynn county.

Appointed

GERALD MANN

Mann Named To Supreme Court

Immediately following the death of Chief Justice C. M. Cureton, Governor W. Lee O'Daniel tendered the position to Attorney General Gerald C. Mann.

Characteristic of his intellectual honesty in rendering opinions, Mr. Mann answered that it was his opinion that under the Constitution he would not be eligible for the position until September. Governor O'Daniel thereupon made the appointment to become effective on September 1. It is presumed that Mr. Mann will accept, although he could serve under the appointment for little more than two months, since a successor to Justice Cureton must be elected at the next election, which is in November. If Mann accepts, he will doubtless become a candidate for the entire unexpired portion of the term in the primaries of this summer.

While Mann is only 33 years of age and has had very little experience except as attorney-general in the actual practice of the law, his opinions and work as attorney general have been of such high character that it is believed that he would make a distinguished record on the bench.

Plains Soaked By Rains

A soaking rain visited the plains and practically all of Texas last Friday, the rainfall in Tahoka amounting to 1.58 inches.

This appears to have been a fair average for this section of the state, though many points report heavier rainfall than that. Lubbock reported 1.88 inches.

Though the wind was high much of the time, the rainfall was never very heavy, and little of the water ran off into the streams or lakes. Farmers and little of the crops elated, as the rain puts the soil in fine condition for planting and will cause the grass in the pastures to grow rapidly.

School Funds Arrive Here

Two dollars of the state apportionment of school funds, per pupil, was received by County Superintendent Lenore M. Tunnell last week and an additional sum of one dollar per pupil on Wednesday of this week, aggregating a sum of \$2,955.00. This makes fourteen dollars of the state apportionment of twenty-two dollars per pupil received thus far this fiscal year.

Mrs. Tunnell also received on last Friday the sum of \$6,562.50 of the approved transportation fund for this county. This is fifty per cent of the net grant approved for the county. Mrs. Tunnell expects that the remainder up to 93 per cent of the net grant will be received about the first of May or soon thereafter.

O. J. Warren has been seriously sick this week but is now much improved. His son Cecil, who had been visiting here, returned to Fort Bliss Thursday.

Deen Nowlin In Car Accident Near Roscoe

While speeding along the beautiful highway in the vicinity of Inadale ten miles this side of Roscoe at about seven o'clock Tuesday night, Deen Nowlin started to pass another car coming in the same direction. But just as he started to steer around it the other car turned to the left also as if to take a side road, and Deen was compelled to head his car off the pavement. When the front wheels struck the soft mud at the side of the road his car began to somersault, turning over two or three times.

The car was badly wrecked but luckily Deen apparently was not seriously hurt. He was taken to a hospital in Sweetwater, however, for an examination and to have his wounds dressed. The folks at home were notified by telephone, and Mrs. Nowlin, accompanied by John Hudman, hastened to his bedside. Since no broken bones were found, his injuries consisting merely of severe bruises and abrasions, he accompanied them home that night. He has since been recovering in his home here.

4 Slightly Hurt In Head On Crash

No one was seriously injured in a head-on collision north of town Saturday night. A coupe driven by Roy Montgomery of Wilson met and collided with another coupe driven by Aubrey Means of O'Donnell, who was accompanied by his wife and small son. Mr. Montgomery was alone.

Montgomery was unable to see the highway, due to mud and to mist that had formed on his windshield, according to information furnished the News, and did not realize that he was driving on the wrong side of the highway, until he detected the lights of the approaching car. He tried to switch to the right, but did not turn far enough. In trying to dodge Montgomery, Means, whose sight was also somewhat obscured by weather conditions, turned in to the center of the highway, and the two cars met head-on, badly wrecking both automobiles.

Mr. and Mrs. W. C. Mathis Jr., of Levelland, happened along immediately following the accident, and carried the victims in to town to the office of a local physician. Mrs. Means' foot was caught in the heater of the car, and was badly cut, and Mr. Means suffered knee lacerations, as did also Roy Montgomery but none of them were seriously injured.

Grocery Stores Will Close At 7 P. M.

The five grocery stores situated in the immediate business section of the town have agreed to close hereafter at 7 o'clock p. m. on each day except Saturday, on which day they will remain open a few hours longer. None of them, of course, will be open on Sunday.

The agreement which they have entered into is found below. We, the undersigned business men of Tahoka, Texas, hereby agree to close our respective places of business at 7:00 o'clock p. m. with the exception of Saturday, beginning Monday, April 15th, 1940, through the summer months, only:

Cash Store, Kirk Pitts; A. L. Smith; E. H. Bonillon; Mack's Food Store, Leon McPherson; Piggy Wiggy, Kidwell & Hicks.

Warren Baby Dies At Levelland

The eight month old boy of Mr. and Mrs. O. A. Warren of Levelland died Wednesday at four o'clock, and funeral services were held yesterday there.

Mr. Warren, father of the child, is a brother of Mrs. A. L. Smith, and lived at South Ward before moving to Levelland four years ago. Mr. and Mrs. Smith attended the funeral.

Revival Will Begin At The Methodist Church

Methodists are looking forward with much interest to the revival campaign which is to begin in their church Sunday morning.

The pastor will preach at the morning service but Rev. J. O. Quattlebaum of Slaton will bring the message at the evening hour, and he will do the preaching throughout the series of services.

Rev. Will Culwell of Floydada will direct the music and work with the young people. He is also expected to be here Sunday.

Rev. Mr. Quattlebaum is a most successful pastor and evangelist and will no doubt bring a series of very strong discourses on the subjects announced elsewhere in this paper.

The pastor, Rev. George E. Turrentine, who is himself a most successful pastor, has been getting everything in readiness for this series of services, and there is every reason to believe that a most successful revival is in prospect.

The public generally is cordially invited to be present at the very first service and to attend regularly throughout the campaign.

Candidates Set Speaking Dates

About 16 candidates met in a call session at the Tahoka court house Friday afternoon, April 5, to make arrangements for the coming 1940 campaign meetings.

The candidates present unanimously agreed on the selection of a chairman to handle all the details concerning the speaking itinerary that is to follow.

Tuesday and Friday nights were agreed upon as speaking dates, beginning the 31st day of May, at all of the voting boxes in the county, and it was agreed that any other communities desiring the candidates to speak should contact the chairman, Prentice Walker, as soon as possible and arrange with him for the desired speaking.

In accordance with this agreement, Mr. Walker was contacted and has agreed to serve as chairman for the candidates, and has suggested the schedule set out below for speaking at the voting boxes. He requests that all persons either in these communities or other communities wishing to have the candidates should contact him immediately, so that details may be decided upon. Any community wishing to change the date set out below for their meeting should contact him also. He may be reached at the J. K. Applewhite Co.

Tentative dates are as follows: Friday, May 31, New Moore; Tuesday, June 4, Dixie; Friday June 7, Magnolia; Tuesday, June 11, open; (Continued on Back Page)

Cotton Being Planted In County

Intrigued by the summer-like weather that made a return engagement this week following the wintry blast that made folks don their overcoats last week, two Grassland farmers were working like lightning fire Wednesday putting cotton seed into the soil.

C. E. Short, Leroy Davis and Claude Thomas were each running two four-row planters drawn by tractors planting their broad acres in cotton.

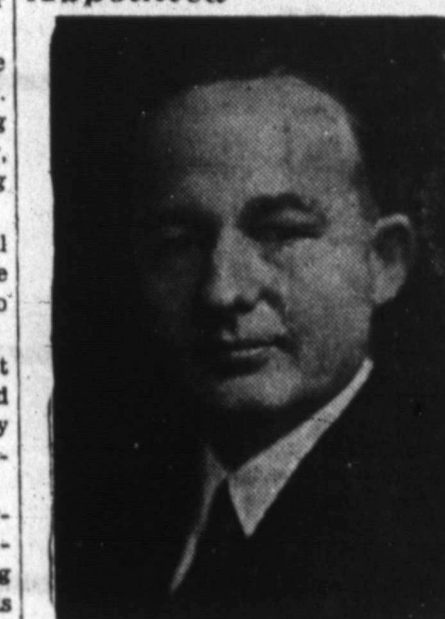

This is probably the earliest planting of cotton that has been done in this county for many a year, possibly ever.

If this cotton manages to come up, then survive a few sandstorms that are likely to come, dodges all the hail that will probably fall, lives through the drought that may follow, escapes from the grasshoppers that sometimes visit us in countless multitudes, recovers from the damage that may be done by lice, the cotton flies, the boll worm, the leaf worm, and other possible pests, and finally makes a bale per acre, we'll be proud of it. In fact we may want a few stalks for exhibition purposes in some of our real estate offices for the next ten or fifteen years.

Any way, these boys are planting the cotton "mighty early" for this country, and our farmers will watch the experiment with interest.

Howell and Botkin Are New Trustees

Appointed

MARVIN JONES

Marvin Jones Gets Judicial Post

Friends and admirers all over Texas and the nation were elated when announcement was made by President Roosevelt a few days ago that he had appointed Marvin Jones of Amarillo, chairman of the House Agriculture committee, to a position on the Court of Claims. The appointment was confirmed by the U. S. Senate Wednesday.

This is a life-time position and carries a salary of \$12,500.

Mr. Jones yet in his fifties went to Congress as a very young man in 1917. By diligent study of the questions coming before Congress for discussion and particularly of agricultural problems, Mr. Jones gradually advanced to a place of leadership in the House on matters pertaining to agriculture, and few men in either House of Congress have had a greater part in shaping the Agricultural legislation of the past seven years than he.

Since his seat in Congress will become vacant when he qualifies for the new position, it may be expected that there will be a number of candidates to succeed him as Representative from the Amarillo district.

Social Guidance To Be Adopted

The subjects of Social Guidance, Health, and Citizenship are to be worked into the curriculum of the schools here for the next year if the plans of Superintendent W. T. Hanes and his faculty members are carried out.

Mrs. S. H. Asster, one of the high school teachers, attended a meeting of the faculty of the Lubbock schools last Wednesday in which this matter was considered there, and she will make her report to the Tahoka faculty at its regular meeting next week.

Mr. Hanes thinks the addition of these subjects to the curriculum would be a distinct forward step. Further information as to the character and purport of this course will be given later.

Schools Merge At O'Donnell

Returns of the election held in the O'Donnell and Joe Bailey school districts on the proposal to consolidate the two districts were canvassed by the Commissioners court last Monday and the court found that the vote was favorable to consolidation.

In the O'Donnell district the vote was unanimous for consolidation, though only 66 votes were cast. A spirited contest was waged in the Joe Bailey district, the court finding that 32 votes had been cast for consolidation and 28 against, with two votes which could not be counted for the reason that it was impossible to determine what the intentions of the voters were.

Following the announcement of the result by the court, there were some rumors to the effect that the matter would be taken to the courts, but so far as we are advised no action has yet been taken.

Henry Maasen Is New President

L. D. Howell and V. A. (Vic) Botkins were elected new members of the Tahoka school board in the election held last Saturday. Other names on the ballot were those of Frank Hill and Carl Owens.

Only 157 ballots were cast in the election, Howell receiving 89, Botkins 78, Hill 76, and Owens 69. Hill and J. O. Tinsley were the outgoing trustees.

At a regular meeting of the board Tuesday night, the old board wound up its business and inducted in the new members.

Henry Maasen was elected president and Prentice Walker vice-president. Other members of the board are L. C. Hanes, H. B. McCord, and John Glover, and the two new members.

One of the first acts of the new board was to authorize Supt. W. T. Hanes and the faculty to proceed with plans for next year's school session. The faculty is already holding meetings to organize the curriculum. One new teacher will be added to take care of the high school enrollment. Book-keeping will be added to the course of study, and chemistry, which was dropped two years ago, will be offered again.

Financial condition of the school district is said to be in better shape than in many years, although the state and county fund, from which salaries are paid, is depleted. The good financial condition is due largely to good current tax collections, to the recent drive for the collection of delinquent taxes, and to the board's policy of building up reserves in the sinking fund.

The board in the past has built up an excess in sinking fund No. 2 of \$8,082.33, which will be used to retire bonds before their maturity, thus effecting a great saving in interest. Bonds of this issue mature in 1960 but are optional in August of this year. Balances are also left over funds.

School Trustees In County Chosen

Trustees were elected in all the school districts of the county last Saturday, and a canvass of the returns this week disclosed that the following were elected:

Tahoka; L. D. Howell, V. A. Botkin.

Grassland; W. J. Huddleston, Lewis Kenley, Frank Williams.

Edith; J. Y. Thompson, R. M. Stewart, W. L. Banks.

Wells; L. L. McKenzie, W. A. Hinkle, W. J. Jordan.

Rural High No. 1, Draw, Redwine.

Draw, L. B. Jones; Redwine, T. C. Beard, and W. E. Dubree, 38 votes tie; Trustee-at-large, E. W. Holloway.

T-Bar; Calvin Dorman, A. E. Levett, Earl Billings.

New Lynn; J. D. Carter, E. B. Terry.

Joe Bailey; Herbert Ray, F. E. Schooner, C. C. Schooner.

New Moore; A. L. Newsom, Bill Wilson.

O'Donnell; C. E. Ray, Homer Hancock, Roy Everett.

Three Lakes; T. M. Ellis, Jr., R. H. Grubbs.

Rural High No. 2, New Home-Petty; New Home, J. H. Isard-Petty, C. B. Jones.

Gordon; R. C. Haire.

West Point; C. E. Bartley.

Dixie; J. L. Rumblo, Alex Johnson, Charles Schults.

Wilson; R. J. Maeker, J. P. White, Jack Cook.

County Trustees; Precinct 2, W. W. Caswell; Precinct 4, Fritz Speckman.

RECITAL TUESDAY NIGHT

Misses Mary Beth Roddy and Betty Sue Roberts, music pupils of Mrs. M. H. Edwards, will be presented in a recital in the high school auditorium at 8 o'clock next Tuesday night.

The public is cordially invited.

Congratulations...

To Mr. and Mrs. W. R. Turner on the birth of a boy at the home Saturday morning at 1:30.

To Mr. and Mrs. H. C. Beattie on the birth of a boy Sunday morning at 4:00 at the family residence near Draw, weighing 7 1-2 lbs. He has been named David Arnold.

CARD OF THANKS

We, the Tahoka Epworth League, wish to express our thanks and appreciation to the members of the Methodist Church who returned the little aporns we sent out about two months ago. We have received almost all we sent out and are still receiving a few. As we could not thank each of you individually, we decided to take this means of thanking each of you.

R. L. Richardson underwent an appendicitis operation in the West Texas Hospital Monday night. Reports reaching the News are to the effect that he is recovering satisfactorily.

Dr. K. R. Durham and his office assistant Miss Lorene Reese, are in Dallas this week attending the meetings of the State Dental Association.

W. P. A.

Sewing Room REPORT

Earning in salaries \$672.73 twenty one women working in the local W. P. A. Sewing room have been able to help provide the necessities of life to the 77 persons in their families, and by turning into the commodity department 670 finished garments they have helped, indirectly, many other families.

The W. P. A. in addition to salaries listed above furnished the sewing room 994.5 yards of material valued at \$109.395.

Tahoka and O'Donnell sewing rooms have done their share this quarter in producing the 743,459 garments and 45,109 household articles that have been made according to a recent report from the District office in Lubbock.

Lynn County with its progressive Commissioners' Court has ever been forward looking concerning the welfare of its citizens and gladly cooperates with the Works Progress Administration in furnishing employment for both women and men of the County.

The use of a County building with a rental value per month of \$65.00 with utilities and rest room sup-

plies valued at \$12.50, rental on sewing machines \$22.00 and miscellaneous findings costing \$19.26, made a total value of the County's (Sponsor) contribution for March of \$118.76.

T-BAR 4-H CLUB NEWS

"The finish of the neckline has much to do with making a dress attractive or unattractive, stylish or unstylish," stated Miss Maurine McNatt, Home Demonstration Agent, at the school building.

For a dress the finish of the neckline may vary with the style change. For a man's shirt, a tailored blouse, or a middie suit it may remain practically the same. The main factors determining the finish are the silhouette and the style changes of the season.

There were eight members present. The next meeting will be Friday, April 12.

Harry Hines On the Air

HARRY HINES

Austin, April 11—Harry Hines, candidate for Governor, will deliver a radio address each Monday night, it was announced at his headquarters here, and will discuss various important subjects of the campaign in each talk. The addresses will be broadcast over the Texas Quality Network and a number of other stations.

Mr. Hines, State Highway Commissioner and former Chairman who is completing a six year appointive Commissionership, will speak from 7:15 p. m. to 7:30 p. m., Monday nights, April 15 and 22. Starting April 29 and every Monday night thereafter he will broadcast from 8:30 p. m. to 8:45 p. m.

In the near future Commissioner Hines will launch an intensive campaign during which he will visit and speak in every section of the State.

"GRANDMOTHER" STROUD DIES IN SAN ANTONIO

News reached Tahoka early Sunday afternoon that Mrs. Martha (Grandmother) Stroud had died at about 7 o'clock Sunday morning at the home of Mr. and Mrs. Ross E. Ketner in San Antonio, with whom she had been residing the past fifteen or eighteen months.

Funeral services were conducted at 3 o'clock Monday afternoon from the Beacon Hill Baptist Church, San Antonio, and the body was laid to rest in a cemetery in that city.

Prior to her removal to San Antonio, Mrs. Stroud had been a resident of Tahoka for many years. She was one of the most faithful and devout members of the Baptist Church here, and she had many warm friends here.

She leaves surviving two daughters, Mrs. D. A. Parkhurst, now a resident of Escondido, California, and Mrs. Ketner of San Antonio.

SINGING AT WEST POINT NEXT SUNDAY

The News is requested to announce that there will be a singing at West Point schoolhouse next Sunday afternoon, beginning at 2:30 o'clock.

All singers are requested to bring their Stamps-Baxter song books.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

Embarrassing

Acid Indigestion, Gas on Stomach, Heartburn, are usually caused by injudicious eating or drinking. Try Alka-Seltzer for relief.

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate). Your druggist sells Alka-Seltzer in handy packages and by the glass at his soda fountain. Try it.

That fine rain that visited the South Plains as well as almost the entire state on Thursday night and Friday of last week was a country-saver. It could not have come at a more opportune time and for the most part it fell slowly, soaking into the ground where it fell. Nearly all the farming land in Lynn county had been bedded, and the general practice in this county of contouring the rows kept the water from running off and going to waste. One of the best things Uncle Sam has ever done for the farmers of this country and for future generations is teaching the farmers how to preserve their soil and the moisture that falls upon it. Some have begun planting this week and the prospect is very fine, thank you.

Most of the newspaper boys seem to resent the contention made by Governor Lee O'Daniel that he had to start a paper of his own to get the true facts of his administration out to the people. We heard the Governor fire his opening gun over the radio the other night and there was one very remarkable thing about his speech; it wound up with an appeal for subscriptions to his newspaper—beg your pardon, we mean his propaganda sheet. We'll bet that is the first time anything like that ever occurred in the entire history of these United States.

Secretary of State Cordell Hull has proposed to Mexico that the dispute between the United States and Mexico concerning the expropriation by the Government of the oil properties in that country belonging to Americans be submitted to arbitration. That seems to be a perfectly fair proposition, provided unbiased and disinterested arbiters can be agreed upon, and it beats going to war in a thousand ways. In fact, we think there is no likelihood of the United States ever making war upon Mexico because of this oil affair whether Mexico agrees to anything or not, for the United States can afford to be generous and even charitable with her weaker neighbor. In this affair, she has a remarkable opportunity to set a shining example of forbearance on the part of a strong nation in its relation to a weaker one.

Liquor figures in more automobile accidents than appears from newspaper reports. Naturally and rightfully newspapers are loath to attribute intoxication or partial intoxication to a driver who meets death or causes death in an automobile crash-up. Likewise liquor figures in fatal difficulties more frequently than is indicated by newspaper reports or even by the evidence adduced on the trial. Liquor, as the friends of the combatants well know, is a contributing factor to many a fight that results in the death of one or more persons even though nothing be said about it in the trial of the case. Old John Barleycorn is one criminal that often goes free when he ought to be immolated on the altar of public opinion.

"Ernest T. Weir may have as much to say about the nomination of a Republican candidate for President this year as Boies Penrose had in 1920. By putting Mr. Weir in charge of presidential finances, the Republican National Committee has gone as far as it could to place an embargo on any Republican candidate with the slightest taint of liberalism."—St. Louis (Mo.) Star Times (Dem.)

"Mr. Wendell Wilkie, president of Commonwealth & Southern Corporation and subsidiaries, has been one of the severest critics of TVA's alleged destruction of private utilities. Just reported by C. & S. Corp. is a net income of \$13,499,459 for the year ended January 31, 1940, against \$10,586,565 for the previous year."—New York Post (Dem.)

ODDS AND ENDS

By Bee Eye
The Elder

This old world is made up of funny people—not funny in a comic sense but funny because of our inconsistencies.

And we American people at the present time seem to be about the funniest of the lot.

Take this war in Europe, for instance; and our attitude toward it. By all means, we must not become involved in it, we say; we must remain neutral. We want nothing to do with war.

That is fine! We have learned that there is a better way for the world to solve its disputes and difficulties than by a resort to arms.

But some nations have not yet learned that. There are yet bullies among the nations as there are bullies among individuals.

You may be a very peaceable and peace-loving citizen, but if a big bully jumps on you and undertakes to rob you or to drive you from your home or to abuse your family or to make you pay tribute to him from all your earnings, you feel that you must resist him with the very best weapon available. And a fight ensues, maybe a fight to the death.

If a bully nation undertakes to subdue its neighbor nations, making one conquest after another, in order to secure "living room" and to rule the roost, the neighbor nations must submit or fight. Some of them choose to fight; and that is war. If other justice-loving nations go to the aid of the weaker one that has been attacked, then the war spreads, and possibly a fight to the death is on.

That is the situation in Europe today.

Now, we are a peace-loving people a little farther removed from the warring nations; though, under modern conditions, we live just over across the river from them, as it were.

And, while we want to remain neutral and aloof, it is impossible for most of us to remain neutral in our sympathies.

If we see a big old vicious English bulldog or a powerful German Police dog make an attack on a harmless little collie or shepherd, and proceed to chew him up, we are immediately seized with an almost irre-

sistible impulse to grab a stick and beat the lights out of the offending brute.

If we see a big brawny man kicking and cuffing a boy around, we appeal to the sheriff or somebody else at once to put a stop to the outrage, and in an emergency maybe we will undertake to do so ourselves.

If we see a great powerful nation, armed to the guards, boasting of its strength and glorying in war; if we see a nation like this deliberately assault a weaker nation for purposes of brigandage and robbery, our anger and resentment are stirred; we want to see somebody call the hand of the big bully, but—WE want to remain neutral.

That is our position in the world today.

We ourselves must remain neutral—but we are constantly criticizing and abusing old man Neville Chamberlain for not pushing the war against Hitler and his German war lords more vigorously.

Yes, we must remain neutral—but we roar and "faunch" because old "blundering" Neville Chamberlain did not get into the war sooner. We berate him for his "appeasement policy", for his long-continued but fruitless efforts to "stop Hitler" without resort to war, for the "Munich fiasco", etc., etc., but we were not willing to fight, ourselves, to stop the big, brutal international bully.

And, since he has gotten into the war, he is not conducting it to suit some of us. We know a newspaper man or two in this section who just simply refuse to be satisfied with the way poor old "blundering" Neville is running things. But they have nothing on Hitler; he is not satisfied either. When old Hitler gets so desperate that he just can't stand it any longer, he lets loose one of his most violent blasts of abuse at old Chamberlain and the British. That occurs once every two or three weeks. Some of our West Texas newspaper Anglomaniacs, however, seem to be trying to out-Hitler Hitler. They take old Neville to be a cleaning two or three times a week.

We are wondering just what they would have had the Prime Minister do.

O yes, when Hitler rushed his armies over into Czechoslovakia on the opposite side of Germany from England, we guess Mr. Chamberlain should

have immediately shot his armies into Germany and put a stop to the ravishment.

And later, when Hitler jumped on Poland in self-defense (?), bombed her cities, and killed thousands of her civilian population, including women and children, Mr. Chamberlain should have rushed the English Tommies right over through Berlin to Warsaw and rescued the stricken country from the rapacious maw of the Hitlerites.

The British should have paid no attention in either case to so little a thing as the German Siegfried line of defense.

We guess that is what Chamberlain should have done, in the opinion of these South Plains war experts who edit daily newspapers.

Nothing could have pleased Hitler better; for when any army undertakes to break the Siegfried line and rush rough-shod over it into Germany it may expect to lose several times as many men as the defending army would lose.

It is evidently for this same reason that so far Hitler has made no effort to break through the French Maginot line on the same border. He knows that such an attempt would probably be disastrous to his armies.

And that's why the armies of the Dictator on the one side and the armies of the Democracies on the other have come to a stalemate on this border.

And if Chamberlain and the British and the French can keep the German armies stymied on the border long enough they know that this gives them their best chance to win the war.

What makes him desperate, that's what makes him desperate, that's what throws him into his frequent verbal tantrums.

Closer and closer, tighter and tighter, England and France are seeking to draw the blockade around Germany. If they can effectually cut off her supplies from the outside, they have got the war won, for

The Chiropractor —

Should be thoroughly investigated. Those who are sick or by those whose dear ones are suffering from disease. It will pay to investigate a science which is based upon logical principles.

Dr. J. R. Paul
Wells Building

Germany could not hold out forever with a shortage of food, clothing, oil, iron ore, and other raw materials.

If they can't make the blockade effective, Germany has an even chance to win.

So, it's an economic war that the allies are waging, which is more humane and possibly more effective than a war with army tanks and machine guns would be.

Now the British and the French may be mistaken. They may be blundering. But we hardly expect them to call on any of their South Plains newspaper critics for counsel as to how to run the war.

Speaking of blunders; we don't see how the leaders of any nation could commit a more assinine blunder than do the German dictator and his war lords occasionally. For instance: Did you read that Berlin press dispatch published in the Dallas News Sunday? Well, here it is; read it for yourself, and then try to figure out how a bunch of statemen(?) could be so dumb as to think they could favorably impress American and other foreign diplomats with propaganda so obviously false and absurd.

Berlin, April 5 (AP).—United States and other foreign diplomats and military attaches were treated Friday night to a sensational motion picture account of the German aerial blitzkrieg in Poland, interlarded with a vocal commentary placing the blame on Neville Chamberlain and England.

The bombing and shelling of Warsaw in its last days of siege were shown in grim detail—flame, smoke, the ruins of buildings. Then the voice from the screen asked:

"What do you say now, Mr. Chamberlain? Don't you feel the curse? All this is your work."

Field Marshal Hermann Goering and Propaganda Minister Paul Joseph Goebbels were present at the showing, but Adolf Hitler was not there, because of the policy of not having the No. 1 and No. 2 leaders of the Reich at the same time in the same building, in case something happened to it.

Alexandria Kirk, United States Charge d'Affaires, was present with the American military and naval attaches.

TERRY THOMPSONS LOCATE IN ALICE

Mrs. Terry Thompson was here Saturday evening up their household goods to have them shipped to Alice in South Texas, where they will reside.

Mr. Thompson had been out looking for a location the past week or two and had bought a tailor shop in this growing south Texas town.

Mr. Thompson had been engaged in the operation of a variety store here the past year and he and Mrs. Thompson had made many friends here. Not only is Terry a good business man but he also takes a lively interest in the welfare of his town. He had been an active member of the Rotary club since coming to Tahoka and Mrs. Thompson was also much interested in civic affairs.

Both were active and valuable members of the Methodist Church here, and the people of Tahoka regret very much to lose them.

Pres. J. A. Hill of the West Texas State Teachers College at Canyon, Registrar W. P. Clements of the Texas Tech, and Superintendent Heath and Principal Davis Hill of the White Deer High School, were visitors in Tahoka Sunday afternoon.

O'DONNELL HOME ECONOMICS DEPARTMENT

Modeling cotton school dresses they had made under the supervision of their teacher, Miss Oeta Moore, 39 of a class of 40, first year Home Economics students held a style show in the O'Donnell High School auditorium Wednesday afternoon. Though made of color-fast, durable, attractive cotton material these dresses had been constructed for a cost averaging \$1.30 per dress.

Those winning places in the contest were Misses: Katherine Allen, a senior, first; Doris Nell Gates, a junior, second; Thelma Turner, a sophomore, third; Ruth Williams, a junior, fourth; Virginia Mae Shoemaker, a junior, fifth.

The above young women with their club president, Miss Averil Henderson, and their teacher, Miss Moore, are planning to attend the state home economics rally in Dallas, soon. Miss Ovel Littel and Mrs. E. I. Hill of Tahoka judged the exhibit.

SIXTH GRADE ENTERTAINED

Billie Jo Cowan was hostess at a party for the sixth grade students of the Tahoka Grade Schools when the room mothers Misses: H. B. McCord, G. H. Hines and T. Cowan entertained thirty three children and visitors at the latter's home Monday evening.

After the children had enjoyed a number of active games the hostesses, assisted by Mrs. Roy Cowan, a visitor, served soda pop and cookies to all.

RABBIT DRIVE AT WEST POINT

Several of our citizens turned Nimrods for the day and joined their farmer friends in a big rabbit drive Wednesday of this week. The group gathered at the West Point School house in the morning dispersing over several near-by farms. At the noon hour the women of the community served a picnic dinner which was no small feature of the day's entertainment according to one of our citizens who attended.

METHODIST REVIVAL TO BEGIN SUNDAY

Sunday evening at the Tahoka Methodist church, the pastor will be assisted by Rev. J. O. Quattlebaum of Slaton, and Rev. Will Culwell of Floydada, young peoples worker and singer.

Brother Quattlebaum entered the Conference about 1916 and has served pastorates at Canyon, Slaton, on the Pacific Coast, and many other points.

Those who know brother Quattlebaum will testify to his earnest ministry and most successful preaching. Brother Culwell has not been in the traveling ministry very long, having been a singer before entering the ministry.

The first message Sunday evening will be "Our Supreme Hope of Immortality". Other subjects will be "The Quest for Significance," Can Christianity be lived in our modern world, "A Man Without a Soul," The Mystery of Our Religion, "Re-discovering Our Emotional Life," "How Do Young People of Today Compare with Other Periods?" The morning subjects will be "A Statement of Our Faith" with Evangelists emphasis. Throughout the meeting the general theme will be "The Power of Religion in the Program of Life." With the above information about topics we are sure to have a well thought out theme by an able expositor of Bible, and practical applications to the needs of our daily lives.

What we need now is consecration and personal work. May every member and friend of the church be found working at his post of duty, at the very first of the revival. The pastor will preach Sunday morning on "The Challenge of an Irrevocable Past to an Available Future," "Sleep on now Rise Up, let us go." The text quoted is found in Mark's account of Jesus words in the Garden of Gethsemane, Chapter fourteen, verse 41-42 in part.—Geo. E. Turrentine, Pastor.

Mr. and Mrs. Luther Wood are new citizens of our town occupying one of the Mrs. E. S. Davis houses in the Northwest part. They moved here from Colorado City last week and Mr. Wood is operating an ice route out of Tahoka.

STATE OFFICER APPROVES HEALTH UNIT

Dr. G. W. Luckey, state director of health units, from Austin, was a Tahoka visitor Friday and Saturday. He commended the work done by the unit here during its first three months.

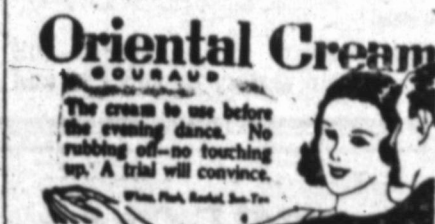

On April 15, the new engineer for this unit will arrive in Brownfield to assume his duties there. He comes from Nolan county unit. He will supervise the sanitation program throughout this district.

This includes admissions to service, consultations with physicians, field visits, admissions to hospitals and immunizations; all of these making a total of sixty-two individuals admitted to services.

WORKERS CONFERENCE

The Worker's Conference and W. M. U. quarterly meeting at Meadow Wednesday of this week was attended by the following from Tahoka: Rev. George A. Dale, Mrs. Garland Pennington, Mrs. W. H. Kenley and perhaps others.

Mmes. Waldo McLaurin, and their sons, Charles McLaurin and Elmer Ray Moore, all of O'Donnell spent a few days at the former's cabin in Fulsado, N. M. last week, returning late Sunday. They reported with a fine beautiful snow in those places as hills last Friday.

P. T. A. PROGRAM ARRANGED

An interesting program has been arranged for the P. T. A. meeting on Wednesday, April 17, at 3 p. m. in the High School auditorium.

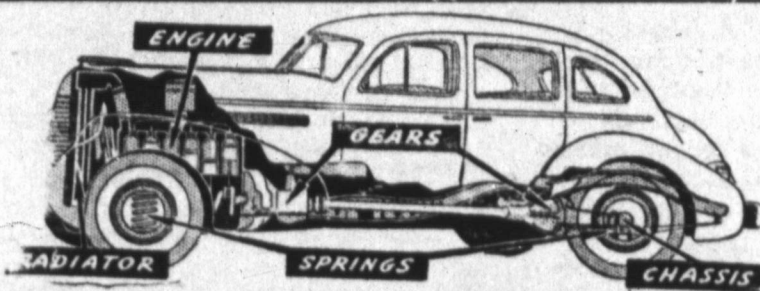

Mrs. Pete Hegi and her Home Economics girls will be hostesses, with class exhibits a part of the program.

A panel discussion will be held by W. T. Hanes, Harley Henderson, and Miss Nellie McLeroy on the

topic, "Tahoka's Recreational Facilities." A group of grade student's will present a short play.

Members and other interested parties are urged to attend.

Guard your chicks against colds and respiratory troubles. Spray regularly with Dr. Salsbury's CAMPHO-SAL, Soothing, highly anti-septic.—WYNNE COLLIER, Druggist.

the Scrapbook

Myrtle Rochelle

Our poem for the week was filched from an exchange, and originally was the masterpiece of one Frank Lynn of the New York Herald-Tribune, with apologies of course to The Little Boy That Lives In The Lane.

"Ja, Ja, Josef,
Have you any wool?
Yes, Comrade Adolf,
Three bags full.
"One for my soldiers
Who badly need supplies
And two for pulling over
The people's eyes."

Today's best seller, in case you hadn't heard, is "Mr. Skeffington" by Elizabeth. It's mostly about Mrs. Skeffington, though, who suddenly discovers that she is almost fifty, and that all her youth and beauty is gone, though she is still young in heart. It's quite a blow, considering the fact she has been the toast of London, and has broken the hearts of countless men since she divorced her husband.

All of the artificial means fall our heroine in the restoration of her beauty, lost through illness and age, and mascara, paint and hair dyes only accentuate her age. So she sets to work to rebuild her philosophy.

Complications arise, when Mrs. Skeffington is haunted by the memory of her husband, who was really a kind man, but who had an incurable weakness for his stenographers. Every woman should read this book, for the philosophy which arises from the humor and tragedy of this story is incomparable. Men will enjoy it too, however, for it is packed with amusement.

The story encloses all the little foibles and vanities of the homos geno, which the author has learned during her lifetime, and combines them with a tale of wisdom and of courage unsurpassed.

We are unfamiliar to date with the author, whose pen name is Elizabeth, but we are informed that she has written two other best sellers, one of them "Vera". This is her first book in five years.

She was born Mary Annette Beauchamp, of England, and is a cousin of Katherine Mansfield. First she married Graf von Arnim, Pomeranian Count, and spent a good many years of her life in Pomerania. She is now the Countess Russell, wife of Earl Russell, cousin of Bertrand Russell. She is living at present at Beaufort, North Carolina.

If you haven't read the book, which is just off the press, you should do so at once. It will be available at the local library soon.

Clint Walker has assumed a great filial devotion the past several months, finding it pleasant to visit his parents every weekend. But since a certain Tech student who hails from here has been getting a rush from a supply salesman, he visits home much oftener. They say he is worried.

W. P. Inman and daughter, Miss Ornetha, were up from Snyder last week visiting relatives. Miss Ornetha had recently undergone a minor operation in a Lubbock sanitarium.

EDWARDS-MILLIKEN RITES SOLEMNIZED SUNDAY

Miss Laura Jane Milliken and Wilson Edwards were united in marriage at nine Sunday morning at the home of Rev. and Mrs. George A. Dale, with Reverend Dale in charge of the ring ceremony.

The bride was dressed in navy chiffon, with pink accessories, and wore a corsage of pink reesebuds. They were attended by Mr. and Mrs. Calvin Edwards, and Misses Jo Belle, Gerry and Robbie Milliken.

Following the ceremony, a reception was held in the home of the bride's parents, Mr. and Mrs. G. R. Milliken. The couple left immediately for Carlsbad, N. M., for a brief honeymoon, accompanied by Mr. and Mrs. Calvin Edwards. The bride's traveling costume consisted of a pink street frock and navy coat and accessories.

The bride, better known as Polly was born and reared in Tahoka, and is a graduate of Tahoka High School. The groom, also a graduate of Tahoka High, is the son of Mr. and Mrs. Burton Edwards.

The couple will make their home in the Three Lakes community, where Mr. Edwards is engaged in farming.

Out of town guests at the reception were Mr. and Mrs. W. C. Mathis Jr., of Levelland. Mrs. Mathis and Mrs. Edwards are sisters.

BAPTIST W. M. S.

Mrs. A. J. Kaddatz was program director of a "Royal Service" program when seventeen members met at the Baptist Church Monday afternoon. This program was both interesting and enlightening as to God's standard for everyday living.

Those present included Misses: G. Pennington, W. H. Kenley, J. L. Nevill, W. Fortenberry, E. I. Hill, J. R. McIntyre, L. D. Howell, George A. Dale, H. B. Howell, H. M. Snowden, C. T. Oliver, K. R. Durham, W. M. Harris, Chester Connolly, J. L. Reese, Jim Burleson and a visitor, Mrs. Sailor Williams of Lakeview, also Rev. George A. Dale, our pastor.

SANDERS TO LITTLEFIELD

O. L. Sanders, who came from Hill County to the Edith community in 1902 where he has continued to live ever since, moved to a farm near Littlefield last Friday.

During the Christmas holidays of 1914 Mr. Sanders was married to Miss Agnes Campbell also of the Edith community and together they have reared a family and worked, through good season and lean, to the upbuilding of their home community. They leave many friends in the County who wish them well in their new home.

DISTRICT HOME DEMONSTRATION MEETING

Delegates from sixteen counties in district No. 2 of the Texas Home Demonstration association are to meet in annual session in the auditorium of the First Baptist Church in Lubbock at 10 o'clock next Saturday morning, according to Miss Maurine McNatt, Lynn county home demonstration agent, when a program pertaining to the work will be rendered.

Each of the counties will be represented by three regular delegates but the meeting is open to any who may be interested in the work. The three H. D. Club women who will represent Lynn county are Misses: R. R. Rowland of New Lynn, G. B. Sherrod of Dixie, and J. K. Woosley of Tahoka. Alternates have been named as follows: Mrs. John Jackson of West Point, Mrs. W. T. Luttrell of Draw, and Mrs. C. C. Coffey of T-Bar. Miss McNatt is hopeful that a number of other Lynn county club women will attend. It is expected that 300 or 400 women will be present.

Luncheon will be served at the Lubbock Hotel at the noon hour for all who wish to attend, Miss McNatt says.

Following lunch the group will reassemble in the church, and after adjournment they will attend open house at the home demonstration building of the Texas Technological College.

The program at the church will cover a wide variety of subjects and

is expected to be a most interesting and instructive one.

Mrs. Caffee of Dougherty, Floyd county, vice-president for the district, will preside.

MARGARET TURNER

Margaret Turner, women's editor of the Lubbock Avalanche, spoke to Tahoka high school students Wednesday afternoon at assembly on "Journalism as a Profession". She appeared on the program as a part of the school's vocation guidance program, Max Minor, who presided said, on the invitation of Miss Quana Lewis, English instructor.

The Seventh Grade Chorus also sang several numbers, Winston Redwine directing.

NEW LYNN 4-H CLUB

"It is necessary that the proper seam be selected for any garment, stated Miss Maurine McNatt, Home Demonstration Agent at the meeting of the New Lynn 4-H Club Tuesday April 2, at the school building.

"What kind of seam shall I use?" is a constant question in many people's mind. No one seam is best for all purposes but in choosing a seam finish the following factors should be considered: kind of material, kind of wear to which the garment will be subjected, wear and tear of cleaning, location of the seam, and ease and success with which the seam can be made.

There were 20 members present.

The next meeting will be April 16 with the sponsor, Mrs. Susie Bartley in charge.

WELLS 4-H CLUB

"The neck finish of a garment is determined by style changes, season, and the person wearing it," said Miss Maurine McNatt to the Wells 4-H Club at the regular meeting place, Thursday April 4.

The neck may be finished with or without a collar. Tall slender people can wear a collar better than a person with a short fat neck. Where it is of one thickness, the edge may be finished by piping, cording or by using a lace edge or a ruffle.

Fifteen members, sponsor and one visitor were present.

The next meeting will be April 18 with Miss Alta Mae Simpson in charge.

News Want Ads Are Little Help

FISHING PARTY GOES TO TAMPICO

A fishing party consisting of Jack Applewhite, Bill Burleson, Joe Heare, W. T. Bovell, Levi Noble, Skinner Connolly, and Jack Fenton left Sunday morning bound for Tampico, Mexico, where they claimed they intended to pull some big ones from the waters of Tampico Bay.

This is the first time within our knowledge that a fishing party has gone from this place to Tampico, though, since the boys' left, we have been hearing that it is an awful good place to fish.

Tampico is so far away that the people of Tahoka may expect to be regal with a lot of big fish yarns when the party returns.

Garrards Are Successful Stock Farmers; Swing To Thoroughbreds

Stock-raising in this country seems to be undergoing a revolution at this time just as important and far-reaching as was the conversion of the big ranches a number of years ago into cotton farms.

There is a decided swing away from cotton as the one money crop and many farmers have added a few fine-bred cows and are finding them to be money-makers on their farm.

One of the most outstanding examples of this sort of farming is that being done by Judge and Mrs. Tom Garrard, who have two sections of slightly rolling land out three miles southeast of Tahoka.

One of these sections is mostly grassland and the other is devoted to the raising of cotton and feed. Mr. and Mrs. Garrard have together a few high-bred cows and they are raising some animals that bring fancy prices. They have out there now some of the finest and most beautiful white-faces to be found in West Texas. Two wheat fields containing an aggregate of more than a hundred acres have afforded some good winter grazing and will furnish much finer grazing for the next few months. Much acreage will also be planted to feed to be used on the farm.

Mr. and Mrs. Garrard are planning also to have their entire farm terraced so, as to obtain the greatest good possible from the rains that fall upon the land and from the water that flows onto it from neighboring farms. They have learned that terracing the land and contouring the rows pay wonderful dividends in crop production in this country. There are other farm owners scattered around over the county who likewise have embarked in the stock-farming business. They find that feed produced on the land brings best returns when it is converted into beef right on the farm. Some of them have built sheds and barns that protect the live stock from the severely cold weather that comes occasionally and they find that it pays.

Quite an interest in the raising of fine stock has been aroused throughout the county by the exhibits of fine calves which the 4-H club boys and the F. F. A. boys have been making for the past two or three years. Especially did the show which

they staged here a few weeks ago provoke much favorable comment.

Since great crops of cotton and feed can be raised in abundance in Lynn county almost every year, and since it is so splendidly adapted to the raising of fine, high-bred stock cattle, dairy cattle, hogs, poultry, and turkeys, there would seem to be no reason why this should not speedily become one of the most prosperous and the richest diversified farming, stock-raising, and produce-raising sections of the entire United States.

"COW JUICE"

"Drink more milk" is sound dietary advice.

This is a country with an unequalled standard of living—but milk consumption by adults as well as children, is far below the level health experts believe advisable.

Various health organizations are working to stimulate milk consumption. And, on top of that, excellent work is being done by the milk marketing cooperatives. These co-ops emphasize the value of milk—and they assure the consumer of a sanitary disease-free, high quality product. During the past few years, with the help of progressive farmers, immense progress has been made in the technique of milk production and handling.

More "cow juice" would mean better health for ninety-nine people out of a hundred.

"Speaking at Springfield, Illinois, in the heart of the corn belt, at the weekend, Senator Taft proved himself to be considerable of a New Dealer in an effort to win the West for the Republicans. . . . Clearly, Mr. Taft is thinking of winning farm votes and has tried to bring together a number of proposals which he believes are popular in the agricultural areas. But how he can defeat the New Deal with New Deal devices is something apparently only a hopeful candidate can view with satisfaction."

—Hartford (Conn.) Times (Ind. Dem.)

Guard your chicks against colds and respiratory troubles. Spray regularly with Dr. Salsbury's CAM-Pho-Sal. Soothing, highly anti-septic. —WYNNE COLLIER, Druggist.

HIRAM M. SNOWDEN GRADUATES FROM AIR CORPS SCHOOL

Hiram M. Snowden, son of Mr. and Mrs. H. M. Snowden, Tahoka, Texas, was recently graduated from the Air Corps Technical School at Lowry Field, Colorado, where he was enrolled in a clerical course. He is a member of the 89th Reconnaissance Squadron, 1st Wing, GHQ Air Force, stationed at March Field, California.

Snowden is a graduate of Tahoka High School with the class of '38, where he was active in athletics and dramatics, playing quarterback on the football team and participating in class plays and other thespian activities. He also won honors in the County and Scholastic League Championships in tennis in 1938.

Fort Sill, Oklahoma was the scene of Snowden's first military life when he attended the Citizens Military Training Camp there in 1934. He attended this camp for three summers. His initial enlistment in the Army was with Headquarters Detachment, 1st Cavalry Division at Fort Bliss, Texas, in April, 1939. Transferring to the Air Corps in August, 1939, he was assigned to the 95th Bombardment Squadron at March Field and later transferred to his present organization.

March Field, Snowden's station, is the largest flying field on the West Coast and is the home of the largest air armada west of the Mississippi River. With all the equipment and facilities of modern aviation, it is the base of such airplanes as the Douglas twin-engined bombers, the Northrup attack plane, and the giant "flying fortresses", the Boeing four-engined warship.

TEXAS CONGRESS OF PARENTS AND TEACHERS MEET

Lamesa, April 11—Plans are complete for the 12th annual conference of the 14th district of the Texas Congress of Parents and Teachers, which will be held in Lamesa April 11-12, according to Mrs. Matt McCall general chairman of arrangements. A pre-conference dinner for the board of managers will honor Mrs. Joe A. Wessendorf, Richmond, president of the state organization; Mrs. W. R. Weaver, Spur, district president; all officers and directors of the 14th district and local committee chairmen, on Wednesday evening at the country club house.

Conference theme this year is "Education in a Democracy", and about this subject a major part of the program will be centered. It is

PARTNERS IN A GREAT TEXAS ENTERPRISE

Oil

TEXAS farmers and ranchers received last year from oil men the huge sum of \$132,478,000 for leases and royalties as their share in this partnership.

All but seven of Texas' 254 counties now share in this cash return from leases and production on more than 50,000,000 acres of Texas land.

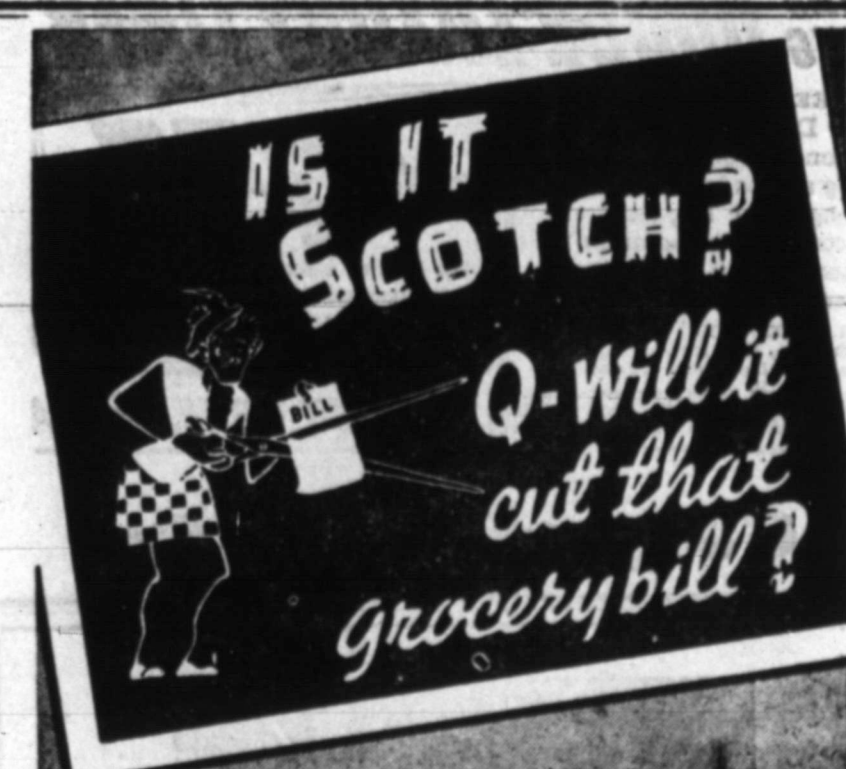

Then, too, the Texas farmers and ranchers sell to oil workers and their families more than \$60,000,000 worth of farm and livestock products each year.

Thus the farmers and ranchers of our state receive nearly 200 million dollars a year as their share of oil's total expenditure of 750 million dollars annually in Texas. These 200 million dollars in turn flow into every channel of Texas trade.

The Texas farmer and rancher and the oil man are partners in the development of Texas.

Band Makes Trip To Plainview

Tahoka high school band, under direction of J. H. Felts, rated in third division in its class (class c) in the annual contests at Plainview last Friday and Saturday. Fifteen bands were entered in Tahoka's division, including Spearman, Clarendon, Panhandle, Canadian, Canyon, Tulla, Tahoka, Stinnett, Stratford, Hale Center, Dumas, McLean, Dimmitt, Happy.

There were over 40 bands, composed of 3,000 instruments, making possibly the largest band contest in the nation which participated in the four classes of competition at Plainview.

In addition to concert playing and sight reading contests participated in by Tahoka and 40 other bands, there were individual contests for each band instrument.

Results released by the judges included, in Division III, National rating to the following: Ruth Evelyn Story, French horn; Winston Redwine, saxophone; and H. B. McCord Jr., French horn, all of Tahoka.

The Tahoka band has made excellent progress since its organization last school year, and is now playing many difficult classical and popular numbers. Music instruction is being given students throughout the entire school system, including, in addition to band and private instruction, orchestra, choral singing, public school music, and music appreciation.

Uniforms for the band have been fully paid for by benefit programs and aid of the teaching board, and material for the teaching of music is being added gradually.

MINOR IN TEXAS RELAYS

Max Minor, local high school student, participated in the Texas Relays at Austin last Saturday, entering the 100-yard dash. Though he did not place in the finals of the event, due to a bad start, he set the best high school time for the event in the preliminaries at 10.2 seconds. He made the trip to Austin with the Lamesa assistant coach.

SUB-DEB REPORT

The fifth meeting of the national Sub-Deb club of Tahoka was held Thursday, April 4, in the home of Miss Joycelyn Maassen. Business was transacted and each member brought Miss Aleta Stewart and Miss Ida Botkin a birthday present. Refreshments were served and a good time was had by all.

Those present were: Misses; Olga Taylor, Betty Roberts, Billie Burleson, Aleta Stewart, Helen Pemberton, Dorothy Fulkerson, Frances Tunnell, Dorothy Ann Roberts, Jeanne Simmons, Greta Applewhite, Ida Botkin, Pauline Hale, and hostess, Joycelyn Maassen.

INFANT AND PRE-SCHOOL HYGIENE

There has been a total of 260 individuals attended by nursing services, field nursing visits and office nursing visits.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Chief Justice Cuerton Dies

A great jurist passed away Monday when Chief Justice C. M. Cuerton of the Texas Supreme Court died of a heart attack at his home in Austin.

The body lay in state in the Supreme Court Room Tuesday for two hours, following which it was laid to rest in the State Cemetery, with his fellow justices and the members of the Commission of Appeals acting as pall bearers. Funeral services were conducted by the pastors of the First Methodist and University Methodist churches.

Chief Justice Cuerton had served in that position for more than eighteen years, a period longer than that served by any one of his predecessors.

Born in Bosque county on September 1, 1874, he was a native Texan, his parents being pioneers of that section. The first important position which he held was that of assistant attorney general under the able and much beloved B. F. Looney. Then he was elevated by a vote of the people to the office of attorney general and was serving his second term when he was appointed by Governor Pat M. Neff as chief justice of the Supreme Court.

A man of the highest probity and a lawyer of marked ability, he made a distinguished record as chief justice. It is such jurists as he who have made the supreme court of Texas

CANNIBALISM IN CHICKS

College Station, April 11—About this time of year baby chicks exhibit tendencies towards cannibalism.

The tendency, according to Geo. P. McCarthy, poultry husbandman of the Texas A. and M. Extension Service, is intensified by crowded conditions in the brooder house and lack of space at the feed hoppers.

Cannibalism can be controlled by darkening the windows with red paint or paper. A red light in the brooder will help. So will the feeding of clipped oats, but plenty of grit must be provided to help the chicks grind the oats.

Other chick troubles come in the form of rickets, slipped tendons, and nutritional paralysis.

Rickets is indicated by ruffled feathers, wobbly gait, sore joints, and tendency on the part of the birds to sit most of the time. Put the brooder on green range or add one-half of one percent of cod liver oil to the ration.

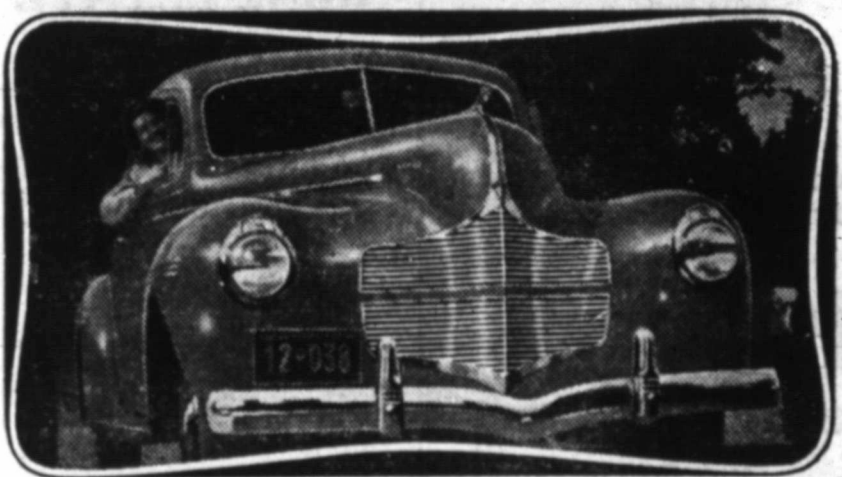

Chicks with slipped tendons have big hock joints and crooked legs. The addition of 20 percent wheat gray shorts to the ration will prevent this.

Birds with nutritional paralysis walk on the hock joints and their toes curl inward. Birds on green range are not likely to be affected. Milk and dehydrated alfalfa should be given to birds not on range.

outstanding among the tribunals of this country.

Texas has lost a great man in the passing of Chief Justice Cuerton.

Baptist Revival Closed Sunday

After two weeks duration, the revival services at the Baptist Church came to a close last Sunday night, and the revivalist and the singer returned to their respective homes Monday, Rev. W. M. Ward to Mineola and D. C. Hamilton, the singer, to Lubbock.

In spite of the rainy weather during the latter part of the second week of the meeting, excellent crowds were in attendance and fine interest was evident right up to the closing service.

Visible results of the meeting were 12 additions to the church by letter and statement and 18 additions by experience and baptism. Baptismal services were held Wednesday night of this week, when several who were awaiting baptism as well as the new converts were baptized.

The sermons of Rev. Mr. Ward were pronounced very fine throughout the entire series of services and the work of the singer, Mr. Hamilton, was all that could have been desired. Both greatly endeared themselves to the church membership here.

EVANGELISTIC SERVICES AT O'DONNELL ANNOUNCED

Rev. W. H. Crawford, pastor of the Methodist Church at O'Donnell, accompanied by Rev. J. O. Haymes, pastor of the First Methodist Church at Big Spring, were pleasant callers at the News office Tuesday, and Rev. Mr. Crawford announced that a series of evangelistic services were to be held in his church beginning Sunday, April 21.

Rev. J. Edmund Kirby of Wellington is to be the speaker during the campaign and Rev. B. L. Nance is to be the visitation evangelist. The services are to continue through the following Sunday. Weekday services are announced as follows: 10 A. M. and 8 P. M. each day, with children's services at 4 P. M. and young peoples services at 7:30 each evening.

MORRIS SHEPPARD FOR THE SENATE

The headlines over the story published in this paper last week in which Senator Morris Sheppard announced that he would be a candidate for reelection in 1942 might have been a bit misleading, since they indicated that he would again be a candidate for Congress.

The Senate is one branch of Congress, but by Custom when one speaks of being a candidate for Congress the House of Representatives is understood. Morris Sheppard, as stated in the body of the story, will of course be a candidate for reelection to the Senate.

"Build-Up" Important Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

To Conduct Revival At O'Donnell

REV. B. L. NANCE
Conference Evangelist

Rev. Mr. Nance will do the preaching during the first week of the revival, beginning Sunday, April 21, at the First Methodist church. During the second week of the meeting he will do visitation work with the pastor, Rev. J. H. Crawford.

REV. J. EDMUND KIRBY
Wellington, Texas

Rev. Mr. Kirby will conduct services during the second week of the O'Donnell Methodist church revival. He will be assisted by the pastor. A cordial welcome is extended to the public to attend these services.

Students Debate For Rotarians

Rotarians Thursday heard a debate on socialized medicine participated in by four high school students comprising the two debate teams. Misses Ida Botkin and Betty Lou Frazier represented the affirmative and Max Minor and H. A. Maasen the negative.

The girls' team, county champions, will participate in the district meet at Lubbock. The boys were second place winners in the county. The club voted to send a Home Town speaker to the West Texas Chamber of Commerce convention in Big Spring next month.

Directors have voted to sponsor the Boy Scout troop next year. The club will also send the Tahoka Negro quartet to the Sweetwater District Rotary conference at Sweetwater.

R. E. Bland, who has been a resident of this county for many years, residing in the Three Lakes community the past two years, recently moved to a farm over in Terry county situated between Brownfield and Meadow. He will continue to read the News.

HOME ECONOMICS NEWS

The home economics department is going to have their annual exhibit on Wednesday afternoon, April 17, 1946, with P. T. A. meeting. The work of each unit will be shown. They are: home projects, class work and voluntary exhibits. Every unit of work will have some representation. Then on Thursday night, April 18, we will have our style show to see which girls will go to the Home Economics Rally in Dallas. This year we are going to try something new, we are going to send four girls instead of three. The fourth girl will not be selected for her scholarship or workmanship, but for her dependability, cooperation, leadership, sportsmanship, and all-round qualities. Everyone is invited to attend the exhibit and style show.

DEWEY COMING TO AMARILLO

Ben Moore of O'Donnell requests that we announce that Thomas E. Dewey, leading candidate for the Republican nomination for the Presidency, will visit Amarillo next Thursday, April 18, and will speak at about ten o'clock in the morning. If any Lynn county voters desire to hear the gentleman this will be their opportunity.

BAPTIST MEN'S BIBLE CLASS

The contest between the men's Bible classes of Post and Tahoka last Sunday is as follows: Post 3520 points and Tahoka 3280 points.

JOHN GARNER, PRESIDENTIAL PROSPECT, HAILS FROM SMALL-TOWN LIFE IN TEXAS

When he is not in Washington presiding over the Senate, John Garner is a typical Texan—a friendly neighbor and an ardent sportsman. Folks who drop in at his Uvalde home usually find him tending the chickens or raking up the back yard, but his love of a vigorous outdoor life often sends him hunting or fishing at some remote camp for days at a time.

Vice President Garner, now a leading presidential candidate, is a stalwart American whose political honesty and integrity stem from the simplicity of his home life in Texas. Born and reared on a Blossom Prairie farm, he became a country lawyer and editor before beginning his notable career of public service. Today he still cherishes his ties with small-town life in Texas.

School Census Is Completed

Census trustees completed the work of taking the scholastic census in the various school districts of the county during the month of March, but the work of comparing the lists and eliminating duplications has not yet been completed.

Mrs. Tunnell, county superintendent, is of the opinion that the total number of scholastics in the county will not be far different from that of last year, but some districts show gains while others show losses. The indications are that the Tahoka district as last year, which was about 700.

O'Donnell, however, will show an increase of approximately 450 to more than 500, it is said. Wilson will probably show a slight decrease, but New Home an increase.

Candidates ...

T. E. L. CLASS HAS SOCIAL

The T. E. L. Sunday school class of the First Baptist church met Tuesday evening in the home of Mrs. Minnie Fender in their regular monthly devotional and social meeting.

Mrs. H. A. Riddle led the devotional on the subject, "Others".

March birthday honorees were presented with gifts. Pie and coffee were served to the following members: Mesdames H. A. Riddle, E. N. Weathers, C. T. Oliver, Sikes, J. R.

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

McIntyre, F. H. Hancock, George Eakin, F. Kelly, J. L. Reese, J. L. Nevill, P. Coleman, and the hostess, Minnie Fender, and the following visitors, Mesdames Martha Bradley, H. W. Callaway of Draw, and Miss Valarie Wells.

The May meeting will be in the home of Mrs. Fiedger Coleman.
