FISHERMEN BACK FROM OLD MEXICO

W. L. Burleson and J. K. Applewhite, two of the party who went down to Tampico, Mexico, the first of last week to test their luck as salt-water fishermen, returned on Saturday night, bringing the information that J. K. had landed a 5-foot tarpon weighing 60 or 70 pounds and that Joe Heare had brought ashore even a larger one, possibly six-feet long.

The remainder of the party staid a few days longer, arriving home on Wednesday. Besides Burleson and Applewhite, the party consisted of Joe Heare, Levi Noble, Skinner Connolly, W. T. Doyell, and Jack Fenton. We have had no opportunity to interview the late arrivals and have no idea how many big fish stories they brought back with them.

Former Resident Dies At Naples

Friends here were grieved to learn of the death of Mrs. Ada Russell, wife of Dave Russell, which occurred at their home at Naples on Wednesday of last week. Funeral services were conducted there Friday.

Mr. and Mrs. Russell lived in Tahoka from 1921 to 1924. Mr. Russell being employed by W. M. Harris as lineman for the local telephone system, which Mr. Harris owned and operated at that time, while Mrs. Russell was a clerk in Knight & Brashear's store. Both are remembered kindly by many friends which they made while here.

Mrs. Russell visited here last summer and met again many of her old-time friends. She was much interested in religious and civic affairs, and upon the occasion of her visit here she was attending the state meeting of the Texas Home Demonstration Association then in session in Lubbock, being vice-president for District No. 5.

Mrs. Jess Lockhart of Lubbock has been visiting friends here this week. She expects to return home this afternoon.

Tech Professor To Lecture Wednesday

A lecture which doubtless will be one of the most interesting and instructive ever heard here will be given in the high school auditorium at 3:00 o'clock next Wednesday afternoon by Prof. Robert Lockard of the Texas Technological College under the auspices of the Phebe K. Warner Study Club.

The subject of the lecture is "The Art of Self Portraiture". Prof. Lockard is assint to Dr. F. A. Klein-schmidt of the Tech.

The lecture will be free, and the public is cordially invited to attend. Especially should every person, young and old, who is in any way interested in art, be present.

Jim Ellen Wells To Marry

Several parties have been given in O'Donnell this week honoring Miss Jim Ellen Wells, whose engagement to J. L. Adams of Lubbock was announced Monday afternoon at a tea given by her mother.

Miss Wells is the daughter of Mr. and Mrs. E. T. Wells of O'Donnell, and has numerous kinfolk and many friends and acquaintances in Tahoka. Mr. Adams is the son of Mr. and Mrs. Frank L. Adams of Levelland.

The marriage is scheduled to take place April 25th.

Mr. and Mrs. Ernest Lance are leaving Saturday for Carlsbad, New Mexico, where Mr. Lance has accepted a position with a chemical company. He has been employed in the office of Deen Nowlin the past two years. Mr. and Mrs. L. M. Warren will occupy the apartment which the Lances are vacating in the Sudarth home. Mr. Warren is employed in the A. L. Smith Food Store.

W. O. Henderson, who has been confined to his home several weeks following an operation in a Lubbock sanitarium for an affection of the knee, was able to be in town this week, on crutches. His many friends hope that he may have a speedy and complete recovery.

HOME EC STUDENTS STAGE FINE EXHIBIT

Under the supervision of Mrs. Fred Hegl, the teacher, the girls of the home economics department of Tahoka high school staged a wonderful exhibit of dresses and other garments, foods which they had prepared, pictures which they had painted, and other products of their skill, in the grade school gymnasium from 2 till 4 o'clock Wednesday afternoon. A number of the parents and others interested in the work called to view the exhibits.

While a mere man is not expected to be much of a judge of girls' clothing and such things, yet those dresses and other garments did impress one as being extraordinarily neat and well made. And all the exhibits were just fine.

There are now 96 girls enrolled in the department, more than ever before in the history of the school, and they are very enthusiastic concerning the work.

O. A. Conley's Son Dies In Clovis

Mr. and Mrs. A. O. Conley were called to Melrose, New Mexico, last Friday to attend the funeral of Mr. Conley's son by a former marriage, Cleatis Conley, 20, who died in a hospital in Clovis Thursday night.

Mr. Conley had just spent a day or two visiting the son at the hospital and returned home Thursday, thinking the patient was better. Physicians had been treating the youth for gall bladder trouble and then decided that he had appendicitis and performed an operation, but the operation came too late to save the boy's life.

Mr. and Mrs. H. L. Roddy, Mr. and Mrs. W. A. Reddell, and G. M. Reid also attended the funeral services.

Rollin McCord, Jr., underwent tonsillectomy Monday morning.

FFA BOYS TO ATTEND LEADERSHIP CONTEST SATURDAY

Vocational Agriculture teacher Leslie Browning and approximately a dozen of the Tahoka FFA boys are planning to go to Brownfield Saturday where the boys will enter the Leadership Contests to be held there. Contests will include such activities as news writing, public speaking, presenting one-act plays, debating, etc. It is expected that thirteen or fourteen schools in this and neighboring counties will participate.

New discoveries of oil in Texas represented 40 per cent of all the new oil reserves found in the entire United States in 1939.

Q-Is Servel Electrolux
a money maker on farm or ranch?

Here's an OWNER'S answer!
Says Mrs. JANE BOUNDS POWELL, Bar-X Ranch, Stanton, Texas: "Five years ago my husband bought a butane system and a Servel Electrolux refrigerator. The cost of operation is only a fraction of the cost of food saved, which would otherwise spoil; or of gasoline used in trips to town. My gas bill never exceeds one dollar per month!" Servel Electrolux operates on butane, bottled gas, kerosene, or natural gas. Easy terms. See it at your dealer or gas company—TODAY!

NEW LYNN HOME DEMONSTRATION CLUB

"A child even though he may be very young is able to judge his home and know whether or not it is a successful and happy one", stated Miss McNatt, home demonstration agent, at the home of Mrs. Roy Kelley, April 2 at 2:30 P. M.

One youngster gave the following definition of his home. He said: "Home is a place that Father is proud to support, mother is proud to keep, and my friends are happy to visit".

This child without a doubt knew the difference between a real home and a house. A nice house with beautiful furniture doesn't necessarily mean a successful home.

Members present were: Mmes. Susie Bartley, P. K. Fleming, John Meeks, Dick Bailey, Bill Rowland, Doyle Terry, C. B. Cavens, and Roy Kelley; one visitor, Mrs. Everett Smith.

The next meeting will be with Mrs. P. K. Fleming, April 16, Tuesday, at 2:30 P. M.

MRS. REID PARKER ENTERTAINS ESTHEREAN S. S. CLASS

The Estherean Sunday School class met Wednesday eve in a regular business meeting in the home of Mrs. Reid Parker. The business was discussed in round-table manner.

Refreshments of frosted "coaks" and cookies were served to the following members and visitors: Mrs. J. K. Applewhite, teacher, and Mmes. Loyce Warren, Ernest Lance, Clarence Williams, Frank Greshouse, Alex Nevill, Misses Greta and Dorothy Applewhite, and Mrs. Reid Parker, hostess.

BIRTHDAY PARTY

Mr. and Mrs. Marvin Seely of O'Donnell entertained a group of friends Friday night in their home with a birthday party for Mr. Seely, "42" and other games were played.

Those present were: Mr. and Mrs. Hardy Williams, Mr. and Mrs. Arch Roberts and children, Billy Wayne and Melba Jean; Mr. and Mrs. Woody Newton and children; Mr. and Mrs. James Dulin, Mr. and Mrs. W. R. McNeely and daughter Barbara Gayle of Tahoka; and the host and hostess.

THE AMERICAN DOCTRINE

In an address before the govern-
ing board of the Pan-American Un-
ion Monday, President Roosevelt put
the dictators and war lords of the
Old World on notice that any at-
tempt on their part to lay hands on
any American territory would be
met with the united resistance of all
the nations of the western hemis-
phere.

"Whoever touches one of us touch-
es all of us," the President declared,
and then observed that it was neces-
sary to "meet force with force if
challenge is ever made." In this, the
President is only reasserting the
Monroe Doctrine as the doctrine of
all the Western nations. All will
stand together against the aggres-
sion of any European Power against
any one of them. It means, in other
words, that if one of the great Pow-
ers of Europe should undertake to
subjugate Mexico or Cuba or Ur-
uguay or any other nation on the
western continent, Uncle Sam and
all the American nations will rise
in arms against the aggressor. We
believe the President spoke the sen-
timent of the American people as a
whole, though there have been a lot
of white-livered people in this coun-
try who have been crying out against
resistance of any kind on our part
until our own land is actually in-
vaded. We are thankful that Presi-
dent Roosevelt has not been im-
bued with any such foolish and
cowardly spirit.

Mrs. Miriam A. Ferguson has an-
nounced for governor on a platform
calling for a gross receipts tax of one
half of cent on the dollar to be col-
lected from all merchants. We don't
know just what would be the Fergus-
on modus operandi of collecting such
a tax, whether the entire tax would
be collected at the end of the year,
of at the end of each month, or at
other stated periods. The Fergusons
assert that this is a tax on the man
who sells and not on the man who
buys. It seems to be the intent to keep
the merchant from shifting the tax
onto the consumer. We have an idea,
however, that the merchant would
find it easy to shift the tax; and the
probabilities are that he would profit
by the process. For instance, for
each dollar purchase he might add
one cent to cover the tax, and that
would be twice the amount of the
tax; or, for a ten-cent purchase, he
might also add a cent to cover the
tax, which would be ten per cent
additional. This would in fact make
the gross receipts tax a general sales
tax with the merchant making a
profit on the tax in many transac-
tions. We should like to hear the
Fergusons give a more definite ex-
planation of their proposal. As for
us, we think that most of the ad-
ditional taxes actually needed should
be levied on the natural resources of
the state, such as sulphur and gas,
which are being mined in this state
and the major part of it shipped or
piped to other states for consump-
tion, the product almost entirely
escaping taxation altogether. We
do not think that we should permit
out-of-state capital to exploit our
state and practically escape tax-
ation in the process. Both O'Daniel
and the Fergusons are playing into
the hands of the big corporations.

In plank No. 2 of their platform,
speaking in reference to the social
security program, the Fergusons say:
"I would pay every one eligible under
the constitution without other
restrictions." From this, we under-
stand that the Fergusons would ad-
vocate the payment of pensions to
everybody alike over 65 years of age,
rich and poor, black and white, ro-
bust and decrepit, as they have
advocated heretofore. It can mean
nothing else. Then in plank No. 4,
they say: "In addition to the assis-

tance given the aged persons...who
have reached the age of 65, I would
endeavor to remove the discrimina-
tion now levied against persons who
have reached the age of 45 while
they are yet burdened with the ex-
pense of raising their families." Thus
it appears that the Fergusons not
only would pay pensions to every-
body over 65 but would lower the age
limit any pay pensions to every-
body over 45. It is true they do not
mention the amount in their plat-
form but heretofore they have ad-
vocated the full amount of thirty
dollars. Thirty dollars monthly for
everybody in Texas over 45 years of
age would be some money. There
are probably two million people in
Texas over 45 years old, and \$360
for each of them would amount to
the little pittance of only \$720,000,-
000 per annum, about five times as
much as the State Government now
spends for all purposes—schools,
highways, courts, pensions, admin-
istration of all the departments, ev-
erything. We have always under-
stood that Jim is a pretty good fin-

ancier, but honestly we can't see
where he is going to get the money.
In celebration of the completion
of its new building, The Abilene
Reporter-News issued a special edi-
tion last Sunday, consisting of 54
pages. A 24-page section dealt en-
tirely with the paper itself, its his-
tory, its growth, its achievements,
its editorial staff, its corps of re-
porters and feature writers, its me-
chanical force, and even its janitors.
Outstanding among those who are
responsible for the paper as it is to-
day are Bernard Hanks, president of
the Reporter Publishing Co., Frank
Grimes, dean of the editorial staff,
Wendell Bedichek, managing edit-
or, and Howard McMahon, assist-
ant publisher and advertising man-
ager. Mr. Grimes is one of the best
editorial writers in the state, a man
of broad information, studios, sane
and conservative. The editor of the
News knew him when he was a kid
as well as his father before him,
who was a good, old-time Methodist
preacher. In fact there was a whole
raft of Grimeses down in Bell county

where Frank grew up, all mighty
good folks. Congratulations to Mr
Grimes and all his co-workers on
the Abilene Reporter-News.

The only beautiful things on many
of our vacant lots are the yellow
primroses, snow-white buttercups,
and lavender-hued Tahoka daisies.
The tin cans, sheets of ragged paper,
and meshes of tumbleweeds hung up
on mesquite bushes are far from at-
tractive.

These sand storms are a bit ex-
asperating, but guess we could not
make a crop in this country without
'em.

ATTEND PRESS MEETING

Mr. and Mrs. Frank Hill and
daughter, Patricia, attended the an-
nual meeting of the Panhandle
Press Association in Amarillo Friday
and Saturday, Frank being a direc-
tor of the organization this past
year. There were 215 newspaper folk
registered.

CARD OF THANKS

For the many kindnesses and con-
siderations shown us, and for the
beautiful floral offerings at the time
of the illness and death of our son,
we hereby express our sincere thanks
to our friends who helped to make
our disappointment easier to bear.
May we stand ready to be of like as-
sistance to you in your need.

Mr. and Mrs. A. O. Conley

Our good friend J. B. Halle, who is
nearing his 84th milestone wore a
smile as we met him a few days ago.
Our inquiry brought out the fact
that numerous friends had been
"showering" him. Tahoka friends gave
"groceries." Redwine friends gave
the same week he had made a visit
out in the Redwine country and on
the trip had seen a larger number of
relatives and friends than usual all
of which made him happier than
usual.

Mrs. Heard Is Shower Honoree

Mrs. J. R. Heard of Robertson was the honoree at a shower in the home of Mrs. Garland Edwards, with Mrs. L. E. Turrentine as co-hostess, Friday afternoon.

A keynote of spring was carried out by vases of lilacs which decorated the house. Mrs. Edwards presided over the punch bowl. About thirty people sent gifts.

Mrs. Kenneth Reid presented the honoree with a huge basket of gifts, which were opened in the presence of guests.

Present were Mesdames Leroy Crews, Clyde Hartman, Glen Smith, Paul Cook, Eugene Long, J. B. Oliver, Carl Griffing, Leon McPherson, Reed Parker, Myrtle Rochelle, Skip Taylor, Reid, Miss Grace Great-house, and the hostesses and the honoree.

Tea Given For Recent Bride

Misses Billie Lee Burlison and Billie Swafford were hostesses at a tea Friday afternoon, given in honor of Mrs. Wilson Edwards, recent bride, in the home of Mr. and Mrs. W. L. Burlison.

In the receiving line were Mesdames Burton Edwards, G. R. Milliken, and Wilson Edwards. Misses Billie Swafford, Gerry Milliken and Betty Sue Roberts presided over the punch bowl. Mrs. W. L. Burlison presided over the guest book.

Also in the house party were Mrs. W. C. Mathis, Jr. of Levelland and Mesdames Irvin Dunagan and Irma Faye Buck.

The house was decorated with huge vases of gladioli, snap-dragons, sweet peas, and lilacs. Miniature rolling pins were favors.

Forty guests called during the afternoon.

MISS IDA MAE HARRIS ACCEPTS PLACE IN PAMPA
Miss Ida Mae Harris this week revealed her plans of teaching in Pampa next school term. Although Miss Harris had told the Superintendent some time ago that she had other plans for another year, no one knew just what those plans were till her contract came last week from Pampa. When she told Mr. Hanes she did not wish to come back to Tahoka next year she stated that since she was positive that she was not coming back she saw no need of leading him to believe she wanted to.

Miss Harris has made a host of friends in Tahoka and they wish her much success and happiness in her new job.

Congratulations

To Mr. and Mrs. Leroy Vaden of Clamath Falls, Oregon, on the birth of a daughter, Sharon Laverno, at the home of Mrs. Vaden's parents in Andrews last Wednesday. Mrs. Vaden is the former Ruth Evelyn Brasfield daughter of Mr. and Mrs. G. A. Brasfield. She plans to visit her sister, Mrs. Clyde Hartman, here, before returning to Oregon.

Pierce Brooks In Race For Rail Commissioner

PIERCE BROOKS

Dallas, Texas—April 18th.—Pierce Brooks, for several years prominent in Texas politics, today announced his candidacy for the Democratic nomination for Railroad Commissioner.

Brooks announcement for the place now held by the veteran Lon A. Smith ends speculation which has been rife for months as to whether or not he would be a candidate for this office.

Two years ago Brooks polled more than 400,000 votes in a runoff campaign against one of the most popular men in Texas, Coke S. Evenson, who only defeated him by a narrow margin. Brooks was in bed as the result of an accident for most of the runoff campaign.

Brooks for months has said that he had no intention this year of becoming a candidate for any office. He stressed the importance of remaining in private life, attending to his real estate business and "making a living for my wife and son."

His office in Dallas states that in recent weeks, thousands of Texans have petitioned him to run for Railroad Commissioner, basing their plea upon the proposition that he was the best informed man on Texas and its needs that was available, and upon the record he made in the service of the people.

"I have consented to make this race, fully realizing the enormous physical and financial sacrifice involved," Brooks said. "I shall make it upon my record in Texas and as a plain business man candidate."

He has opposed Federal control of our natural resources, favoring their strict conservation and protection for the school children, the aged, and the owners of the property on which these resources are located. Eight years ago he formed the Texas Safety Council and has been its head since. He stumped Texas in behalf of the Constitutional amendment for social security and has been a strong advocate of payment. He announced that his platform in full will be given the public within a short time.

Those who know Brooks—and they are numbered by the hundreds of thousands—know him as a smiling,

Mother'sills
STOPS TRAVEL SICKNESS AND SEA, AIR AND TRAIN

SUBSCRIBE FOR THE LYNN COUNTY NEWS—YOUR PAPER

red-headed vigorous personality. He is known as a tireless and an enthusiastic worker for any cause he may champion.

His wide-open manner makes friends readily. He is always accessible to the highest or lowest.

In 1933 he organized the Texas Safety Council. He has headed that organization since. He has travelled thousands of miles in the promotion of safety. When the Constitutional amendment calling for old age pensions, aid for the needy blind, the destitute children and participation in the teacher's retirement fund was submitted in 1934, he stumped the State in its behalf at his own expense. He has since been a staunch advocate of meeting this bill.

Two years ago he made the most remarkable race for State office in the recent history of Texas. Although ill from an automobile accident in the runoff campaign, he increased his vote 100,000 while other candidates were losing.

In his work in behalf of social security, the Safety Council, and as a candidate, he has visited every county in Texas. He is familiar with their problems and their resources. It appears possible the next legislature will levy additional taxes on natural resources to care for special security. Brooks' friends feel his information on these will be invaluable.

Brooks was born on a farm and made his way in life the hard way. He has a wife and one son. All his leisure, which is little, is spent at his suburban home, surrounded by flowers, a well-kept garden, a good milk cow and the inevitable family dog. He is a constant church attendant, and although liberal, is himself a total abstainer from intoxicating liquors.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoonfuls two times a day. Often within 48 hours—sometimes over-

night—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by—

Elder Drennon's Notes

A few scattered thoughts jotted down.

I want to say I was favorably impressed with the new office building of Deen Nowlin. It is a credit to the town. Also the improvements being made to the old bank building is adding to the looks of that corner.

All in all, Tahoka is on the improve, which can be noticed more by an outsider.

One thing I miss when in Tahoka is the smiling face of our friend Milt Finch. With all the suffering of his last days he seldom failed to smile when he met me. But the one who is on his old job, Mr. Lee, is one of the best good-will agents Tahoka has ever had. I feel slighted when he is not somewhere to welcome me. He is one of Tahoka's greatest assets. Wish that we had more of his kind.

I see by last week's issue of the News Editor Hill paid my friend Lee O'Daniel a fine compliment when he said "We'll bet that is the first time anything like that ever occurred in the entire history of these United States". That makes O'Daniel at least original in his starting his newspaper—beg your pardon, we mean his propaganda sheet. I think it was a fine thing for him to stay on the job at Austin and visit us through the printed page, but of course we can't all see that alike. But I still believe he will be up at the top in the running next July.

Another thing Editor Hill said last week that I want to commend: "Old John Barleycorn is one criminal that often goes scot free when he ought to be immolated on the altar of public opinion". Look up the word Immolated in the dictionary, Christian friends, and see if he is not right. On with the good work, friend Hill: I am with you one hundred per cent.

Another thing in last week's issue that struck me with force was the notice that five grocery stores were going to close at 7 P. M. on week days and not open at all on Sunday. I hope my readers will give them consideration when buying, for I used to be a grocer clerk and know what it means to work nights and until 9 A. M. Sunday morning.

Visit the friendly church. Preaching at 11 A. M. and 8 P. M. each Sunday.—R. P. Drennon.

(Ed. Note: We all miss Milt Finch, Brother Drennon, and we all agree fully with what you said about W. M. Lee. He is pure gold.)

Garland Pennington was confined to his bed several days this week with intestinal influenza. We understand he is improving.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headache, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Here's for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juices—thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 60 years!

Charm Wins Crown for Redbud Queen

"Queen of the Redbuds" was the title won by Miss Catherine Pool of San Antonio, senior at Texas State College for Women, when her classmates chose her to reign over them at the coronation climaxing the college's annual Self-Development Week. Selected for her good taste, intelligence, beauty, grooming, personality, and other qualities which make her the "Most Charming Girl" on a campus of 2850 young ladies, the tall brunette was chosen by a faculty-student committee from 60 candidates.

Mr. and Mrs. C. A. Thomas returned last Thursday from Galveston, where they spent two or three weeks enjoying the climate and the beach and visiting their son Skiles, who is attending the State Medical College. C. A. says they had some exceedingly cool weather, however, while they were there.

BOY SCOUTS MEET IN LUBBOCK FRIDAY

Lubbock.—Boy Scouts and Cubs, 1,900 of them, began a push this week which will sell 25-cent tickets for the third Boy Scout Circus, to be staged at Texas Tech stadium, in Lubbock, Friday night, May 3rd, it was revealed here today.

Advance sale of tickets will be 25 cents but the box office sale will be 35 cents, Powell McWhorter, chairman, said. Several box tickets, reserved, will be sold at 50 cents. Cost of the Circus runs into such figures that selling of tickets is necessary.

Fifteen acts will be staged the night of May 3, with Scouts and Cubs from 20 counties participating. The opening event will be a prologue of dictator youth movements while the grand entry (march) of all Scouts and Cubs will be next. The "American way" is the theme of the Circus and will show the public Scouting and Cubbing in an excellent way. Other main events are whip-cracking, first aid, pioneering, camping, chariot races, signaling, clowning, flint and steel firemaking, Cubbing, Indian scenes and dancing.

Scouts and Cubs will receive commission on all sales made and the money will be credited and paid to their treasurers. Scouts and Cubs may win a Neckerchief slide for selling of eight tickets or \$2 in value. Troops may win as high as 40% commission as can Packs for selling over their quota. A boy's quota is \$1.00 or four tickets. Troops and packs doubling their quotas will win a fire-making set, signaling set or camping outfit.

Deadlines for ticket sales have been set and all leaders are urged to watch the dates for checking in money.

Sunday 100 Scouters and their wives ate barbecue at Camp Post in a "kickoff" enthusiasm meeting for the Circus.

THIRD APPOINTEE AS CHIEF JUSTICE ACCEPTS

The daily papers Tuesday carried the announcement that Governor W. Lee O'Daniel on Monday had appointed Assistant-Attorney-General W. F. Moore as Chief Justice of the Texas Supreme Court to succeed Justice C. M. Cureton, deceased.

Attorney-General Gerald Mann and Eugene P. Locke of Dallas had each been previously appointed by the Governor but declined to accept.

Mr. Moore, 70, has had long experience as an attorney and has figured in some of the most important litigation of the state. He is reputed to be well qualified for the position. For many years his home has been at Paris. He has been serving as assistant attorney-general since Gerald Mann took office on January 1, 1939.

Mr. and Mrs. B. M. Lester and their son Claude Lester and his wife all of Uvalde, were here from Friday till Sunday visiting their son-in-law and daughter, Mr. and Mrs. Fred E. Alexander. They were returning from Pampa, where they had attended the funeral of the little four-year-old daughter of Mr. and Mrs. Ernest Lester, their only child. Mr. and Mrs. Ernest Lester formerly resided in Tahoka, Ernest being associated with "Shorty" Brown for some time as a mechanic.

To the Rescue

Lynn County News (Tahoka): We have little patience with the person whose chief thoughts in spring are of sandstorms and house clearing! To such we would say "Drop it all for a while and spend a little time searching for the beautiful in your home town." What a wealth of beauty in Tahoka's few fruit trees! From the early blooming plum to the late blooming apple. The snowy profusion of blooms on plum, cherry and pear resemble snowbanks against the blue or the sandy color of sky; then the varying colors of pink and rose in the blooms of the peach trees, followed by the soft, very delicate colors of the apple blossom. Then there are the various flowering shrubs. Did you see that gorgeous pussy-willow at Mrs. Jim Barlow's? Or that beautiful *edonia japonica* at Mrs. Fred Buey's? Or that beautiful *forsythia* at Mrs. Jack Applewhite's? Or that rose-colored flowering peach at Mrs. E. I. Hill's? Or Mrs. L. C. Haney's blue hedge? Or those lovely redoubts at the rear of the Baptist Church, and at many other places over the town? And soon it will be rose time again. Oh, cheer up, it is spring!

You give all the credit for blossomy beauty in Tahoka gardens to the ladies. Haven't the Tahoka men any blossoming things? How about the husbands of the ladies you mention as owning lovely flora? Aren't the husbands equal partners? It is not that State Press means to interfere. He simply wants the gentlemen of Tahoka to have some of the credit of the lovely blooms. This column is a friend to man. The women have enough friends, the men too few. It is not that S. P. is mad at the women. Not that. The mainspring of this defense of men is an overwhelming sense of justice. The picture of great strong men standing in the shadow of their wives, eclipsed by grace and beauty, embitters one who is passionately devoted to right, devastatingly opposed to wrong. —State Press in Dallas News.

W. S. Anglin and family went to Farwell Sunday to visit Miss Hazel. Mrs. Anglin stopped at Littlefield on the way back to spend a few days visiting her brother, H. L. Teague and his family.

TAHOKA CLUB STUDIES

COURTESY IN THE HOME

"Courtesy is more necessary in the home than in business and social life." Stated Miss Maurine McNatt, home demonstration agent, at the meeting of Tahoka home demonstration club Wednesday April 10, in the home of Mrs. P. W. Goad.

Many times people feel that courtesy is needed for financial and social gain and it is not practiced in the home. The home is the foundation for training of children, therefore it should be of the right type. A nagging mother, a bossy father, and quarrelsome children are never found in a successful family.

The club voted to pay the expenses of all members who attend the district meeting and open house at Tech, April 13.

Thirteen members and two visitors; Mrs. H. Gibson and Mrs. Claude Wells, were present.

The club will meet Wednesday, April 24 with Mrs. Jim Dye at 2:30. The program topic will be "Individuality".

MIDWAY CLUB STUDIES

THE REARING OF CHILDREN

"In the happy family each member shares the responsibility," stated Miss Maurine McNatt, home demonstration agent, at the Midway Home Demonstration Club meeting at Mrs. Howard Draper's April 11.

Each family member should enjoy certain privileges and these should be respected by each other.

It is natural for children to develop and take on certain responsibilities. Parents should realize this and let their children develop normally rather than shield them closely which might lead to development of an inferiority complex.

Mrs. Sam Floyd read a poem: "The Dreamer".

There were eight members present. The meeting will be with Mrs. I. M. Draper, April 25.

Wyman Johnson of Falls and a young lady friend of New Home came down Saturday to visit his parents, Mr. and Mrs. J. M. Johnson. The four drove over to Hobbs, New Mexico, in the afternoon to visit Mr. and Mrs. Edward Quinsey. Mrs. Quinsey being a daughter of the elder Johnsons. Sunday morning they came back to Lamesa and visited another son, Moman Johnson, and his family.

BAPTIST W. M. U.

Meeting in circles for the study of mission books 22 women attended the W. M. S. Monday afternoon. The Sallee Circle met in the home of Mrs. A. J. Kaddatz studying "Day Dawn in Yoruba Land", while the Walker Circle studied "Rebirth of a Nation" in the home of Mrs. H. M. Snowden.

Those attending the meetings included Mmes: H. B. Howell, H. D. Henderson, J. L. Reese, J. R. McIntyre, George A. Dale, Carl Owens, J. L. Nevill, W. Fortnberry, H. M. Snowden, W. M. Harris, E. N. Weathers, S. H. Holland, W. O. Robertson, P. W. Goad, C. T. Oliver, C. A. Lawrence, Woodrow Walker, W. H. Kenley, E. I. Hill, A. J. Kaddatz and Misses Elizabeth Preston and Mary Seroyer.

EASTERN STAR

The O. E. S. School of Instruction held at Levelland Monday and Monday night was attended by twelve members from Tahoka Chapter and by a much larger delegation from O'Donnell Chapter. Officials in charge pronounced this a very successful school. The records showing that of 243 persons registered 201 took examinations and received certificates, eleven of the Tahoka members being in that number.

Vegetable Laxative

Has Important Points

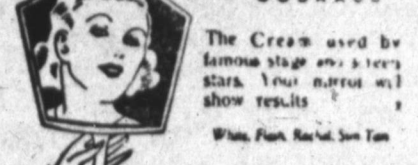

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help ease lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

W. J. Burkhardt had a cataract removed from one of the eyes in the Lubbock Sanitarium on Wednesday of last week. He was reported to be recovering nicely the first part of this week and it was hoped that he would be able to come home Thursday.

"Build-Up" for Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain?

If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juice; so aids digestion and helps build up strength, energy, physical resistance. Result formany is less periodic distress. Or you may find this also helps ease your periodic discomfort: Take CARDUI a few days before and during "the time." 50 years of use and popularity invite your confidence in CARDUI.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30 Members urged to attend. Visitors welcome.

Embarrassing

Acid indigestion, Gas on Stomach, Heartburn, are usually caused by injudicious eating or drinking. Try Alka-Seltzer for relief.

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate).

Your druggist sells Alka-Seltzer in handy packages and by the glass at his soda fountain. Try it.

Alka-Seltzer

Odd's and Ends See Eye, the Elder

It is greatly to the credit of Gerald Mann that he refused that proffered judicial crown. It takes a really wise man to realize his limitations and to refuse to accept proffered positions for which he has had no special training.

Gerald Mann is wise enough to know that for a man to be able to serve with efficiency from the beginning on the supreme court bench, he must have had long previous experience either at the bar or on the bench in other capacity. No man with only a few years of practice behind him, however brilliant he may be, is capable of serving with distinction from the very start as chief justice of the supreme court of Texas. It is true that if Gerald Mann had accepted, in all probability he would eventually if not speedily have become a great chief justice, but not immediately.

Furthermore, by refusing the proffered position, he retained the high respect in which he is held by the lawyers as well as the laity of the state. Seasoned lawyers of ability naturally would have resented the acceptance of so exalted a position by a mere youth. In declining, Gerald Mann has in truth shown a degree of wisdom far beyond his years.

It may be also that Gerald Mann was moved by political motives to turn down the judicial ermine. It is believed that he has aspirations to be governor of this state, and it is generally assumed that he will be a candidate for that position two years hence, unless, forsooth, he should find it necessary at that time to run against a first-termer. If O'Daniel should be re-elected, he will retire from the governorship at the end of the second term, and the field will then be wide open.

There are those, too, who believe that O'Daniel had political motive in naming Gerald Mann to the supreme court bench. Acceptance of the position would have eliminated him as

a candidate for governor two years hence, at which time Coke Stevenson hopes to be elevated to the gubernatorial chair.

Stevenson, shrewd politician that he is, doubtless has often suppressed the expression of his own views in order to serve O'Daniel and thereby have O'Daniel's blessing and active support when that gentleman should retire from the governorship. If Gerald Mann could have been sidetracked, the road to the governor's mansion in 1942 would be much smoother for Coke Stevenson.

Could O'Daniel have had this in mind when he offered the supreme court position to the youthful attorney general?

O'Daniel seems to have appointed Mann to the position without having first consulted him. When Mann declined, O'Daniel appointed that fellow Locke, a Dallas lawyer, without having consulted him. So far as we know, he never consulted any human being, unless it were one or two persons exceedingly close to him, before naming either man to the position.

We know very little about the qualifications of Mr. Locke. His practice seems to have been limited almost solely to corporation and insurance matters. He may be eminently well qualified for the position; we don't know. Neither do we know at this time whether or not he will accept it.

But we do believe that it is a bad practice for a governor who is not a lawyer himself and knows little about the work of the judiciary to appoint any man to so high a position as chief justice of the supreme court without much forethought and deliberation. Such appointments precipitately made are often unwisely made.

Doubtless there are a number of justices of the courts of civil appeals, members of the commission of appeals, and many other distinguished lawyers in Texas who are eminently

well qualified to assume the duties recently laid down by the late and lamented Chief Justice Cureton. Yet neither the bench nor the bar of Texas was consulted for even a moment by the former flour salesman as to suitable material for the exalted position.

Another appointment with far-reaching consequences was announced last week. We refer to the appointment of Marvin Jones to the court of claims. Jones is probably well qualified for this position and it was promptly confirmed by the Senate. Our understanding is, however, that he will not resign immediately as a member of congress. But he will not again be a candidate for congress, and so the field in the Amarillo district is wide open.

And here is one of the consequences that has already stirred political circles throughout the state. Railroad Commissioner Ernest O. Thompson, prospective candidate for governor, who apparently has been hesitating to announce for this position, hastened to Amarillo one day last week and soon after arrival announced that he would be a candidate for Jones' seat in Congress.

Of course that stirred up the boys in the Amarillo district, for a number of them had been planning to run. Some of them have already backed off; others are in the running. Thompson probably will be elected.

But a greater stir was created among the state candidates. They are wondering what candidate for governor will fall heir to the major portion of the prospective Thompson votes. Naturally, many suppose that Harry Hines will be the chief beneficiary.

But before anybody had time to really size up the situation and tell just how much this would affect O'Daniel's chances for re-election, out comes "Ma" Ferguson and announces that her next 1946-model feminine hat is in the ring.

Not many people will be able to see her hat, however. It will be covered up by Farmer Jim's big black Stetson.

There is always plenty of fun and fire-works when Jim and Ma get in-

to a gubernatorial race, and many think that it will now be a contest between these two and the O'Daniel family.

We are just wondering if Jim can really stage a successful come-back. We are wondering if his old following will come back to him.

Well, any way this is not going to be a dull campaign.

And things have been happening mighty fast in Europe too since we wrote this column the first of last week.

Hitler's hordes marched or flew right over and took complete possession of little Denmark, peaceable, harmless little Denmark. And the Danes could do nothing but submit.

And about the same time the Hitlerites undertook to possess themselves of Norway too. But Norway resisted; and the English rushed to her assistance. While the Germans have taken possession of most of the land it is not believed that they can permanently hold it. Their navy has been terribly crippled, and the prospects are that it will be almost completely wiped out eventually, unless it hikes back into German ports and remains there. England and France will further strangle her commerce. Old Hitler made a bad mistake, we think, when he exposed his navy to the British fleet.

During the latter part of the week, it looked as if he had also begun a desperate effort to break through the Maginot line on the French border, but he must have backed off. He will do that only as a last resort. It seems more likely that he will strike next at some of the other little nations and seek to gobble them up and steal their resources. We have been calling him an ordinary robber and bandit. We see some of the great dailies have gotten around to that plain way of speaking now. You should read the editorial in last Sunday's Star-Telegram.

And by the way, we hope Martin Dies and his committee brings to light the full truth about the designs of Hitler and Stalin in Old Mexico.

These are half sections of the same tire, a 9.00-36 Firestone Ground Grip Tractor Tire with the new dual purpose bead design. The top section is mounted on the new Firestone wide base rim. The lower section is mounted on the conventional narrow base rim. While the new dual purpose bead is equally adaptable to use on either rim, it is readily apparent that the wide base provides many of the advantages of oversize tire equipment at no extra cost.

Are They Whispering "You're Skinny"

It's a shame for a girl to miss good times because she looks skinny. She may need the Vitamin B complex and Iron of Vinol in her diet to aid appetite and add attractive pounds. Get Vinol today.

Change now to OIL-PLATING... and "the old gray engine seems more like she used to be"

At birth her cylinder walls were almost like mirrors. The more of that polish you want to keep, the more you want your engine OIL-PLATED by changing now to patented Conoco Germ Processed oil.

OIL-PLATING in your engine, like chrome-plating on bumpers, stays constantly PLATED UP. For an apparently magnet-like attraction comes to Germ Processed oil from its man-made extra ingredient, so that engine parts are surfaced with their close-held shield of OIL-PLATING... drain-proof.

Remaining fully PLATED UP in the highest-speed engines, OIL-PLATING plainly keeps Wear from doing Summer "business as usual." Wear once thrived during starting periods, but now before the starter ever starts, your OIL-PLATED engine is ready-lubricated—a positive step toward preserving the old gray engine... or a new one. OIL-PLATED cylinders long keep the roundness of youth, and that makes your Germ Processed oil keep. Change today—to Your Mileage Merchant's Conoco station. Continental Oil Co.

CONOCO GERM PROCESSED OIL

We turned inquiring reporter Monday and gathered a few opinions on the new cotton hose produced by the U. S. Dept. of Agriculture.

For those who don't know, the Department spent a huge sum of money, hiring one of the country's most famous hose designers and chemist, to conduct experiments in making beautiful cotton hose. As a result, some thirty odd different designs have been worked out, all of them intended to flatter lady's

limbs, and are offered to the manufacturers. Only one design has been sold to a manufacturer, however, and will be on the market soon. The local Business and Professional Women's club will soon receive from the Department a sample kit of the thirty odd designs. They are sheer, reputedly beautiful, and no more durable than the silk ones. The idea is to use up the cotton surplus, and to cut down on import of foreign materials.

The question we asked was, "Will you wear the new cotton hose if they are put on the market?" Here is a cross section of the answers:
Miss Willie Pearl Dockray—"I will have to see them first!"
Miss Quarah Lewis—"I don't see why wear anything if it isn't flattering."
Miss Joe Belle Milliken—"Sure,

they're right up my alley."
Mrs. Jim Burleson—"I'm sure I will if it becomes the fashion."

Miss Hattie Server, president of the BPW's—"They'll have to look better than any cotton hose I've seen lately. I'm not going to be snickered at if I can help it."

Miss Lois Daniel—"Certainly, if they're pretty. I'm mad at Japan anyway."

Miss Jane Minor—"Will they run?" (They will).

But District Attorney Truett Smith takes the cake. We asked him if he thought the ladies should wear them. "Do you know what happens to ladies who wear cotton hose?" he countered.

"We bit, hook, line and sinker. 'What?' we asked. 'Nothing,' was his reply."

Another substitute for silk hose has been perfected. It is a material made of charcoal and air, chemically treated and spun until it is very similar to silk. Hose of this material will be on the market in at least one local store, possibly others, as soon as they are released for any market.

We're for them, if they are at all lovely. We'd just as soon have a run in a pretty pair of cotton hose as in a pair of silk ones. And besides, with women getting runs in billions of hose each year in the good old U. S. A., why not keep that money at home—the farmers need it, we need for them to get it, so they will spend it with the merchants, so the merchants will spend it with us, so we can buy more hose, etc., etc. Like Mrs. Daniels, we're mad at Japan anyway—in fact we never did like anything but their cherry trees and their silk worms.

MS. EUBANK ENTERTAINS
Mrs. Helen Eubank entertained her son, James Hardy with a luncheon on his birthday last Sunday.

Guests were Wayne Sherrard, Billy Travis Hanes, Sargent Munn, Hells Misses Bobbie Cowan, Savannah Lou Tunnell, Virginia Wite, and Elma Nell Hardy.

L. M. Nordyke was in Abilene on business Monday and says he visited the new Abilene-News building. He declares it is one of the keenest buildings and newspaper offices he ever saw.

MATRESS PROGRAM NOW UNDERWAY IN TEXAS

The cotton mattress making program now underway in Texas is being sponsored by the Texas Extension Service in cooperation with the Federal Surplus Commodities Corporation, the Agricultural Adjustment Administration, and other agencies and organizations.

Under the plan the Federal Government will furnish the cotton and ticking to low-income farm families for use in making mattresses. The program is designed to aid in consuming more surplus cotton and at the same time make a contribution toward improving health and sanitation.

Plans for carrying out the program in Lynn county were discussed Monday at Tahoka in a meeting of county extension agents, A. A. A. representatives, members of commissioner's court, home demonstration council, land use planning committee, Farm Security representatives and others. K. J. Edwards and Miss Lida Cooper, district extension agents, explained the program to the group. Don Turner, county agent, was in charge of the meeting.

Any farm family, farm wage hand or sharecropper, whose income for 1939 was not more than \$400 at least one-half of which was derived from agricultural occupation is eligible to receive the material for making a mattress. Each family receiving the material will be responsible for making their own mattress under the leadership of the county home demonstration agent and members of the home demonstration Council. Plans are being made whereby community centers will be set up over the county and mattresses will be made at these places.

Application forms for mattress material may now be obtained from the county A. A. A. office. It is urged that those eligible make application as soon as possible.

Mrs. J. O. Allen of Route 4 underwent tonsillectomy on April 9th.

Mrs. J. D. Adams underwent tonsillectomy on last Thursday, April 11th.

Virginia Ann, daughter of Mrs. Irvin Gable, underwent tonsillectomy on April 10th.

Sweetwater Expects 1,500 Rotarians, Ann For District Confab April 28-30

Sweetwater April 18.—(Spl.) Approximately 1,500 Rotarians and Rotary Ann from throughout the 127th Rotary district are expected in Sweetwater April 28, 29 and 30 for their annual conference.

Chas. Paxton is chairman of the conference committee.

As the theme of the conference is to be "Pan-Americanism," colorful Spanish decorations will be used as a motif. For souvenirs, Rotarians will be given miniature Cuban flags and Rotary Ann will receive maracas.

A huge backdrop, carrying out the Spanish theme, centered by a Rotary wheel which revolves and lighted by neon lights, is being constructed for the stage of the municipal auditorium, where business sessions will be held. The "House of Friendship," to be established in the lobby of the Allen hotel, also will carry out the Spanish theme. Registration for the conference

will start Sunday afternoon, April 28, and the first program will be held Sunday night beginning at 6:30 in the huge Mustang football bowl. Highlight of Sunday night's program will be an address by Marcos Tollet, district governor of Rotary from Finland. He has just been mustered out of the Finnish army and saw much active service during the Russian invasion of his country.

Preceding Tollet's address, the famous Hardin-Simmons Cowboy band and the McMurry college Chanters, from Abilene, will give a semi-religious and patriotic program.

Monday morning's session will open at 9:30 o'clock with a general conference at the Municipal auditorium. There will be five luncheons at noon at the Bluebonnet and Macle hotels, and the Presbyterian, Methodist and Baptist churches. The luncheon programs will continue until 3 o'clock.

HEALTH REPORT

The Five-county Health unit, consisting of Terry, Lynn, Gaines, Yoakum, and Dawson counties has furnished us a report of the work done during the first three months of its existence, just completed. Dr. Brummage is the district health officer, and Mrs. Gladys Davis is the county nurse for this county, with Mrs. Mayfair Davis as her office assistant.

The following is the report furnished us.

Communicable Disease Control: (This includes admissions to service, consultations with physician, field visits, admission to hospitals and immunizations) Sixty-two individuals admitted to services.

Veneral Disease Control: There has been but one veneral disease case admitted for medical service and one field visit. The nurses and Dr. Brummage have given lectures and shown films at schools, clubs, and P. T. A. meetings in order to educate the public regarding the facts about veneral disease.

Maternity Service: (This service includes all cases admitted to nursing service, antepartum and postpartum, visits to private physicians, and field nursing visits, antepartum and postpartum, and examinations made by physicians.) 283 persons have been admitted to these services.

Infant and Pre-school Hygiene: There has been a total of 260 individuals attended by nursing services, field nursing visits and office nursing visits.

School Hygiene: To date, 337 inspections have been made by the physician and nurses, 45 individuals admitted to nursing service, 116 field nursing visits, 2361 inspections by dentists and 36 visits to school, consultations with teachers, and showing of puppet show.

Morbidity Services: There have been 7 admissions to nursing service and 12 field nursing visits to morbidity cases.

Crippled Children Service: Seven children have been admitted to this service including nursing service, nursing visits, and visits to diagnostic clinics.

General Sanitation: There has been a total of 185 sanitary inspections made by Mr. Jeff Reese Jr., Sanitarian for the unit. These inspections include those of private premises, camp sites, schools, public water supplies, sewage plants, breeding places, food-handling establishments, and visits to dairy farms.

Reportable diseases: Diseases reported for the three months to this office by doctors in the five counties are as follows: Chickenpox 21, diphtheria 1, dysentery 1, influenza 106, malaria 1, measles 32, pellagra 2, pneumonia 17, scarlet fever 6, smallpox 4, tuberculosis 1, typhoid fever 1, and whooping cough 30.

This report is published in the hope that the people will see the value of their local health office and feel free to call on any of the personnel when their help is needed on any health or sanitation question or problem.

The Texas oil industry has invested in this state \$1.10 for every \$1.00 worth of oil which it has produced to date. These expenditures included wages to Texas oil workers, lease and royalty payments to Texas farmers, taxes to state and local governments and investments in Texas properties.

Mrs. Nelms Has Birthday Party

Mrs. Bettie Nelms was made very happy Saturday and Sunday when her four children, all of her grandchildren except two, and all the great grand children except one were here for the weekend. On Sunday Miss Rosemary and Mrs. Chas. V. Nelms of Brownfield honored Mrs. Nelms with a surprise birthday dinner at the home in southwest Tahoka.

Mrs. Nelms was 74 Thursday, April 11. Since all the children could not be present on that day it was planned to have the dinner on Sunday. After the dinner was served pictures of the group were taken. A very enjoyable time was had by all present.

Those present for the occasion were: Mr. and Mrs. Oscar Cooper, Francis and Clyde, Mr. and Mrs. O. J. Cooper, Ginger, Bettie and Annette all of Anson, Elizabeth Cooper of Lubbock, Mr. and Mrs. B. A. Young and Lucille of Abilene, Mr. and B. A. Young Jr. of Tahoka, Mr. and Mrs. Chas. V. Nelms and Sara Beth of Brownfield, Rosemary Nelms and the honoree. Those who were unable to be present were: Mr. and Mrs. George Collins, Mr. and Mrs. Roy Marshall and Jerry all of Abilene.

Bridge-Tea For Mrs. W. D. Smith

Mrs. W. D. Smith, Jr. was honored at a bridge-tea in the home of Mrs. W. L. Burleson last Saturday afternoon. Mrs. Jess Gurley was co-hostess.

Bridge guests were Mesdames L. C. Haney, W. E. Slaton, Edgar Edwards, Prentice Walker, L. E. Turrentine, C. B. Townes and Harley Henderson.

Tea guests were Mesdames S. E. Reid, W. D. Smith, Sr., A. D. McDonald, J. K. Applewhite, C. O. Carmack, Frank Larkin, L. F. Craft, A. L. Smith.

The color scheme, pink and blue, was carried out in house decorations and in refreshments.

Modern oil refining methods have doubled the amount of gasoline recoverable from a barrel of crude oil, in effect doubling the size of Texas' vast petroleum reserves.

Recent Bride Honored

Mrs. Luther L. Jones of Flagstaff, Arizona, though absent, was the honoree at a tea in the home of Mrs. Jim Burleson Tuesday afternoon. Members of the Fidels Sunday school class of the Baptist church were hostesses. Mrs. Jones was Jodie Bob Nevill until her marriage in Clovis on March 29.

The house was decorated with Iris, gladioli and bridal wreath.

Mrs. Harold Snowden received guests at the door, Valerie Wells presided over the guest book, and Mary Ellen Conway poured.

Also in the house party were Mesdames Jodie Nevill, Clay Hughes, Ovid Luallen, Misses Jennie Reba Nevill, Billie Margaret Riddle, and Pauline Owens.

Thirty guests called during the afternoon. Many others sent gifts.

Oil statistics show that to find each billion barrels of petroleum the oil industry has to drill 4,000 dry holes. At an average of \$20,000 per dry hole that's a cost of \$80,000,000 to find one average vvvvvv 000,000 to find one large new Texas field.

GRASSLAND 4-H CLUB

(Reporter-Beth Shepherd)
"Collars must be properly cut if they fit well" stated Miss Maurine McNatt at the Grassland 4-H Club Tuesday April 9.

When a collar is made from two thicknesses of the material, the upper part should be cut one-eighth inch wider and three-sixteenths inch longer than the under part in order to prevent the edges from rolling or curling after the collar is stitched to

the garment. This should be done regardless of the method of making.

Eula Mae Laws, Nelda Lois Moore, Marie Norman, Beth Shepherd, Margie Shepherd, Jimmie Lou Thomas, and Ruby Faye Williams. The next meeting will be Friday, April 19 with the sponsor.

**HATCHEL SUCCESSFUL
 IN MARINE SERVICE**

One Lynn County boy not previously mentioned in our columns has made good in a big way, according to a news story sent to the News.

Herbert Hatchel, youngest son of Mrs. Emma Hatchel of Wilson, now holds a position as chief engineer on a steamer on the Atlantic coast.

Herbert was born and reared in Lynn county. He entered the Wilson school in the primary grade and finished there from the high school. As his intimate friends and classmates know, he was naturally talented as a mechanic—always taking something apart and putting it back together just to see what made it tick and quite often remarked he always saw where he could make some improvement on it.

Herbert farmed with his mother and brother, Bertram, one year after finishing high school, but the desire to be working with machinery was stronger than the call of the farm, so, in January, 1939, he entered Anderson's engineering school of Los Angeles, California. He graduated from there last September with the high honors of his class. He was presented with a gold class ring by the president of the school, J. I. Anderson. Herbert was chief engineer of the school's power plant the last six months he was in school. He did the drawings for some rather complicated parts to be made in the repair of their motors. He repaired and started one motor that had never before been started by a student in the history of the school. Herbert says the school has some engines that are real "babies" for one to get his training on. The school has practically every type of engine made.

After graduating from the school he came home and stayed with his mother and Bertram for three months. He accepted a position as engineer on the boat and started working before Christmas. In three months he was chief engineer.

There are six boats in the fleet he oversees. Each has a different type motor from the others. At present they are at dock at Miami, Florida, where the boats are being repaired and repainted.

As we all know, any one reared in Lynn county hasn't ever seen much water, so Herbert says the old Atlantic surely is a big pond. He surely is enjoying his work as engineer, as the hum of a motor when running well is real music to his ear. It gets on his nerves to hear one that isn't running well—he wants to go into it and fix it so it will really hum.

Herbert is making a real seaman, his mother says, even if he was reared on dry land, as he has never been seasick yet. Some members of the crew surely do pile up, he says, on some of their voyages. He admits that being on the boat so much gets to be pretty monotonous some times, but one good thing about it is that they never have any sandstorms out there on the sea.

**BOY INJURED IN FALL
 FROM HORSE**

Eugene (Buddy) Threet, the 13-year-old son of G. O. Threet, sustained a severe sprain of the foot and ankle Saturday afternoon when a horse which he was riding fell with him on the pavement.

The boy was confined to his room for a few days but the injury is healing. The horse is one which has been trained to do many clever tricks but was not performing when the accident occurred.

**Vegetable Laxative
 Has Important Points**

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help ease lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

O'DONNELL BOWLING TOURNAY NEAR END

(O'Donnell Press)
With the championship of the city Bowling league virtually clinched, following the two out of three victory by the Corner Drug team over Whitsett's, and the winning of one out three by the same league leaders from Blocker's, a new lineup of bowling players is now being planned by the alley manager, Wade Christopher.

New plans call for a six-team league with Homer Hancock, Thurman Wells, Fred Buchanan, Wimberley, Cary Shook and Bedford Caldwell acting as captains. Players will be selected by the captains according to their averages, which is expected to make all teams about even in playing strength. To further even the playing up, the teams will play under handicap rules.

Greater interest is expected to be manifested under the new setup, with at least \$50 in cash prizes in addition to other awards proving a lure. The winners, second and third placers will share in the "Pot," while each player of the winning team will be presented with engraved, gold bowling balls on tie clasps by Christopher. One dollar each week will be given by Christopher for high score made by a league player, and similar prizes presented to winning doubles teams.

HAYMES NAMED NEW LEADER OF O'DONNELL ROTARY CLUB

B. M. Haymes, mayor of O'Donnell, was chosen as the new president of members of the local Rotary club Tuesday, while Marshall Whitsett, retiring president, was made vice-president.

J. Mack Noble, who has served as secretary, was again chosen for that

Office D. Harris, local Ford dealer, was named as a delegate to the International convention of Rotary which meets next June in Cuba, and Haymes selected to represent the club at the district convention which meets in Sweetwater on April 28-29-30.

NAZARENE MEETING AT O'DONNELL

(O'Donnell Press)
Plans are now completed for the regular Spring Revival at the Church of The Nazarene beginning April 21, and ending May 5, according to the Rev. B. W. Taylor, pastor. The Rev. D. Hubert Land of Abernathy is to have charge of the preaching.

Among the subjects the Rev. Mr. Land will preach upon are: "Soul Winning," "Sin and its Awful Effect," "The Call of God Disregarded," "Holiness," "The Unpardonable Sin," etc. Everyone is invited to attend to hear "good singing and the old-time Gospel preaching," so the Rev. Mr. Taylor says.

Proven oil reserves in the United States now total nearly 20 billion barrels, of which Texas alone has 55 per cent.

R. L. Tubbs, of Waco, was the weekend guest of his daughter, Mrs. T. Garrard.

Texas oil is being produced at the most economical rate of production of any oil state, insuring the longest life to the state's oil field.

FOLKS, I'm Still Here At Phillips Service Station

I have bought out this station from Borden Davis. I have been with this station for a number of years and will continue to give my friends and customers same prompt and first class service that I have given in the past.
