Number 37

Ex-Students Will Meet At High School Here Tonight

Many Coming From Out of Town

The third annual meeting of the Tahoka Ex-Students Association to be held in the grade school gymnasium tonight is expected to draw many visitors from far and near.

Following the reception a program of music, addresses, and extemporaneous talks will be given. The music will consist mainly of numbers by the Tahoka High School Band and Orchestra, with Mrs. Marjorie Wells Kemp presiding at the piano. Mrs. Charlene Maddox Wilkes will render a vocal number.

Addresses will be made by Mrs. J. W. Elliott, one of the first teachers in the Tahoka schools, and by Mr. W. T. Hanes, the present superintendent. Other ex-teachers and members of the association will be called upon for talks.

Officials say that letters have come from many ex-students now living elsewhere saying that they will be here. Visitors are expected from New Mexico, Oklahoma, and many parts of Texas.

There will be no admission charges. Refreshments will be served.

Officers of the association are: President, Oscar Roberts; secretary-treasurer, Miss Elizabeth Link; reporter, Billy Hill.

The first school in Tahoka was opened in 1903, more than thirty-six years ago. Many students have received instruction within the walls of the various school buildings that have been constructed here since that time. The first session of school was taught in the court house, a wooden structure erected soon after the county was organized in April, 1903. Many teachers and quite a number of school superintendents have come and gone since that first session. It is hoped that quite a number of them may be here to enjoy and to participate in the program tonight.

New Office For Tahoka Co-op

Construction of a new gin office, retail and wholesale oil and gas station building is underway on the property of the Tahoka Co-operative Gin Association in the east part of town.

The building, which will be completed in about two weeks, is located on the south side of the highway. John Minor is supervising construction, and all other workmen are from the Association membership rolls. Wiley Curry, manager, states:

The structure will be modern in every respect, 40 x 40 feet in size in addition to the 16 x 40 covered driveway, frame and stucco construction, with concrete floors in the filling station warehouse and office, hardwood floors in the gin offices.

Both gins owned by the co-operative will be operated from the offices in the new building, the east half of which will contain a large lobby, gin office, and directors' conference room. New 36-foot scales will be installed. On the west will be the filling station office and wholesale storage rooms and docks, a wash and grease room, rest rooms. Three most modern pumps will be installed in the filling station.

New officers of the Tahoka Co-op were recently elected, as follows: H. O. Hargett, president; Fred McGinty, secretary; Robert Draper, H. R. Tankersley, and R. W. Fenton Jr. Wiley Curry is manager and Sam Floyd, bookkeeper.

The Tahoka Co-op. Gin Association was organized in July 1935 and the plant No. 1 acquired from the Farm Bureau. The co-op. has prospered, paid substantial dividends, and last year purchased its present No. 2 plant from the West Texas Gin Company. Both are modern gin plants and do a large ginning business.

Correction

In the advertisement of THE CASH STORE at the top of page 3, flour is listed "3 lbs. \$1.49". Of course this is an error. It should be 45 pounds.

They All Read The Ads.

Yes, and a lot of them buy their bills of groceries by the ads. Here is one instance that illustrates the point.

Two little kids, representing two different families, came into the News office last Saturday and called for a copy of the Lynn County News.

A copy was furnished them and they sat down and began to diligently study the grocery advertisements.

Upon inquiry, we found that their mothers had sent them to town to get some groceries and they had forgotten to bring a copy of the paper along.

Tom Ellis Dies In Christoval

The family and friends here were greatly shocked and grieved when a message came from Christoval Monday afternoon stating that Tom Ellis of the Three Lakes community in this county, who was there visiting his brother Sam, had died at 4 o'clock that afternoon.

Mr. Ellis had not been feeling very well the past few weeks. He had been at Christoval a few days, and on Monday afternoon he and his brother were preparing to go fishing. Tom complained of not feeling well and went out to a park in front of the Ellis home to rest under the shade of the trees until Sam could get ready for the fishing trip.

When Sam joined him at the park, he still complained of feeling bad and requested that he be given an aspirin tablet. He had taken one not long before that. Hardly had he taken the tablet when he staggered and fell, dying almost instantly.

Messages were sent to the family and W. O. Robertson of the Harris Funeral Home went with an ambulance for the body.

Funeral services were held in the Baptist Church here at 3 o'clock Wednesday afternoon, conducted by Rev. Walter Brian of Plainview, pastor of the Wells Baptist Church, assisted by Rev. George A. Dale, pastor of the Tahoka Church. The body was interred in the Tahoka cemetery under the direction of the Harris.

(Continued on Back Page)

Home Ec Girls In Dallas

Four high school home economics girls and their teacher, Mrs. Fred Hegl, left Wednesday for Dallas where they are attending the state home economics conference Thursday, Friday, and Saturday. Girls making the trip are Peggy Fenton, Icaphe Stephens, and Mary Stewart, leaders of the first, second and third year classes, respectively, and Lamyle Ramsey, voted all-around home economics girl.

Those to make the trip were decided as a result of their year's grades and the dresses they modeled at the annual style show Thursday night of last week.

Winners, by classes, were: First year: Peggy Fenton, Elsie Lanier, Lois Sproule, and Jean Glover in order.

Second year: Icaphe Stephens, Mary Ruth Hargett, Dorothy Tippitt, and Bette Ruth Wyatt.

Third year: Mary Stewart, Lenore Anglin, Francis Tunnell, and Lamyle Ramsey.

G. C. Brewer Lectures Here

Dr. G. C. Brewer, minister of the Broadway Church of Christ, Lubbock, and recently appointed professor of Bible at Harding College, Searcy, Arkansas, delivered a lecture at the Tahoka Church of Christ last night. Subject of the discussion was "Church Government."

REV. ELMER HOLT
Pastor, Central Baptist Church

Miss Clara May of Wilson, former Associational Training Union Director of This Association, and Rev. Elmer Holt, Pastor of Central Baptist Church, Grassland, will act as Co-Directors of the Spring Training Union Study Course at the local Baptist Church, April 29 to May 3.

Minor Second At Regional Meet

Max Minor showed his usual disregard for records last Saturday at the regional track and field meet at Canyon, shattering one and equaling another, to emerge high point man with 18 points to his name, capping second place honors with a low second to Amarillo's Sandies who chalked up 32 points. Olton's crack team, which defeated Max in the district meet came in fourth.

Max Minor won three first places, and probably would have won a fourth, had he not become over-anxious and disqualified himself in the century dash by jumping the gun twice. Willis Hedges of Olton, who won that event, took 10.6 seconds to pace the distance, while Max ran it twice at Lubbock in 10 seconds flat.

Minor, Tahoka's one man team, cracked the broad jump record with a distance of 22 feet, one-half inches, 8 and one-half inches farther than his Lubbock jump. He skinned over the low hurdles in 25.1 seconds to equal the regional record of 25.2 seconds in the district meet preliminaries, and won 5 second faster than at Lubbock.

The Amarillo Sandies broke the only other record for the meet, running the mile relay in 3:33.7 minutes. They capped three other firsts, R. A. Boyter of their team being runner-up for high point honors with two firsts, giving him 10 points.

Minor will enter the state contests at the University of Texas in Austin, to be held May 3rd and 4th.

Schools To Have Visitation Week

The week of April 29 to May 3 has been designated as visitation or "know your schools" week by local school authorities. Of course the schools are wide open at all times for parents and others interested in the schools to visit. Teachers are anxious at all times for patrons to visit the schools but they have set aside next week to especially urge you to visit any or every day and KNOW MORE ABOUT YOUR SCHOOLS.

In the grades, exhibits of work done during the year will be displayed and in the high school certain work will also be on display. School routine will go on as usual and you are to feel free to visit any class or department in which you might be interested.

Information booths will be operated during the entire week in each building by students who will gladly give you whatever information you ask for. Do you know what is being done in your schools? Do you know how much they actually cost? Do you know exactly what they are attempting to do? These and many other similar questions will be cleared up for you if you will visit the schools.

Come ahead. We want you to KNOW YOUR SCHOOLS.

Old Tahoka Landmarks Are Giving Way to Progress

County's First Jail Torn Down

Lynn county's first jail, built about thirty years ago during the administration of the county's second sheriff, J. S. Wells, was torn down this week. For the past several years it had been owned by the Thomas Bros., but was sold recently to R. L. Gibson of the Tahoka Lake section.

The old jail was built of two-by-fours laid horizontally, lined with shiplap, contained two little barred windows and a barred door, and was 14 x 14 feet in size. Originally it was situated just east of the old wooden courthouse on the present courthouse square. When the new courthouse was built in 1917, Coleman Wells bought the old jail and moved it to the rear of the Security State Bank Building for a coal and storage bin. Later C. A. and W. O. Thomas bought it for storage purposes but it was allowed to remain undisturbed on the bank premises.

The News has not looked up the official records regarding the old jail, but we are told that several of our citizens in the early days looked longingly out through its bars from the inside. Contrary to general opinion, however, there was not much lawlessness in Lynn county in the days of the "Old West". Most of the jail's customers were those who were belligerently inclined on occasion, or those who yielded too frequently to the lure of the sparkling beverage that sometimes inebriates.

Only a few criminals ever occupied Lynn county's first calaboose.

Speech Schedule Error Corrected

Two weeks ago we published a schedule of speaking by the county candidates and after the paper was in the mails our attention was called to the fact that New Moore was listed twice and New Home not at all.

This was an error made by those who compiled the list and furnished a copy to the News. We are now advised that New Home and not New Moore should have been listed for the date of July 9.

For the benefit of all the candidates and the people of the various communities of the county we are printing below the corrected schedule. All speaking dates are at night.

Friday, May 31, New Moore; Tuesday, June 4, Dixie; Friday, June 7, Garnolia; Tuesday, June 11, Open; Friday, June 14, Three Lakes; Tuesday, June 18, Morgan; Friday, June 21, Draw; Tuesday, June 25, Lakeview; Friday, June 28, West Point; Tuesday, July 2, Gordon; Friday, July 5, Open; Tuesday, July 9, New Home; Friday, July 12, Open; Tuesday, July 16, Grassland; Friday, July 19, Wilson; Tuesday, July 23, O'Donnell; Friday, July 26, Tahoka.

More Studies To Be Added

In order to further enrich the Curriculum and thus enrich the lives of the students the Tahoka schools next year will add a definite program of Health, Citizenship, Guidance and Home Making. The entire program will be given through courses already being taught but will be presented through a definite planned program. The Homemaking course will be added in the grade school.

School authorities are coming more and more to a definite training toward useful citizenship. To be a citizen one needs to be healthy. Local their local Teachers Association since teachers have been working through Christmas on plans for this enlarged program and they believe it is needed and that the patrons will heartily approve of it.

Mrs. Hope E. Haynes visited relatives and friends in Haskell and Dallas early this week.

Watering Trough Thing Of Past

One by one, the landmarks of Old Tahoka are disappearing in the wake of Progress.

Last Week, the old concrete horse watering trough in the middle of the street near the rear of the English Theatre was done away with in order that the street might be paved.

Since the automobile has taken the place of the horse and buggy and the tractor, truck and trailer have taken the place of the horse and mule and wagon, there is no more need for the horse trough in down-town Tahoka.

In addition to serving as a horse trough, this water container has been the scene of many practical jokes. Many are the Tahoka citizens who have been "dunked" in it as the result of committing matrimony, losing an election bet, and so forth.

Bulldogs Exes To Play Here

Climaxing thirty days of Spring training, the Tahoka Bulldogs will take on the Exes at the local gridiron Wednesday night, May 1st at 8 p.m.

Thirty-three boys, equaling three teams, have come out for football, and all of them will see service Wednesday night. Prior to the game, the new team will have selected their captain, and his name be announced there.

A regulation game will be played, full 60 minute time, and all standard rules will apply. A small admission charge of 25c will be asked.

This year's graduates and other exes will play on the Exes team, with the exception of Max Minor, who will enter track meet at Austin the 3rd and 4th, and therefore will not play, coach Jackson said.

Seniors who will play are H. Maassen, Alvin White, Arthur Hammonds, Lowell Thompson, Jake Weathers, Dee Parker, Curley Reid and J. H. Dyer.

This game will offer an excellent preview of next year's players. All fans are urged to attend and look them over.

Two Negroes Cut In Fight

Six sons of Ham are getting their board over in the county jail as the result of a free-for-all which they staged in a house "over on the hill" last Saturday night.

Two of the six are suffering from knife wounds said to have been inflicted by one John Green. He is reported to have slashed Jim Evans across the chest, leaving a gash from nipple to nipple. Ray Williams got off a little lighter; he received a slash on each arm. Neither Negro is thought to be seriously wounded.

The other three who were present and are supposed to have had some part in the fracas are Clark Hall, Dit Malone, and C. V. Russell.

Burton Hackney To Start Campaign

The News has received the following communication from County Attorney Burton Hackney of Brownfield, now a candidate for District Attorney of the 108th judicial district.

"Tahoka being my old home town I have thought it best to open my campaign there. I have my car equipped with a good sound system and will officially open my campaign with a speech on the courthouse square in Tahoka next Saturday, April 27th.—Burton Hackney."

Mr. and Mrs. T. I. Tippitt and youngest child made a trip up to Ada, Oklahoma, Monday to visit Mrs. Tippitt's mother. They returned home Wednesday. T. I. says he has his entire feed crop and cotton crop already planted and the feed and cotton both are coming up.

AAA Building To Near Completion

Three men employed in the construction of Tahoka's first brick building twenty-nine years ago are today employed in remodeling and enlarging that same building. They are Bud Mulliken, Hell Robinson, and Bill Siederman. The building is the old Security State Bank building, which recently was bought by the county for use as AAA and county agent offices.

The building was erected in 1911 by the First National Bank, of which O. L. Slaton and A. L. Lockwood and the late W. D. Nevels were the principal stockholders. J. P. Morgan of Big Spring was the contractor, and Bill Siederman was a 19-year-old cub brick-layer. He did the brick work on the addition now being completed. Hall Robinson did the tin work. Today, he is doing the plumbing. Bud Mulliken, J. P. Millman, and Tom Higgins sawed the stone. Today, Bud holds the labor contract on the remodeling - enlarging job.

Though the building was built for the First National, this firm soon required the building which they now occupy, built by the late A. D. Shook. Subsequently, the Guaranty State Bank was organized in 1916 and it came into possession of the building. The latter liquidated business in February 1932 and the building has since been occupied by Deen Nowlin and other tenants. The enlarged structure is now the property of the county, and agricultural offices will be moved to it soon.

In 1911, the new bank building was one of the finest on the South Plains, as well as being the first brick structure in Tahoka. Today, it is one of the finest buildings of its size.

Large Crowd At Co-op Meeting

The annual meeting of the stockholders and directors of the Farmers Cooperative Association, their families and friends which was held at the offices of the association's two gin plants here Wednesday was quite a big affair. A crowd estimated at 500 to 600 people was in attendance.

A program of speaking and other forms of entertainment was rendered.

The principal speakers of the occasion were: Hollis Beall of Houston, treasurer of the Houston Bank of Cooperatives; C. E. Bowles of the Cooperative Extension Service of the Texas A. & M. College; and J. B. Nance of the Consumers Associated Cooperatives of Amarillo.

Local speakers included County Agent Don Turner, Home Demonstration Agent Maurine McFatt, Mrs. Gladys M. Davis of the county health office; John R. Burkett, secretary of the Farmers Cooperative Association at O'Donnell; B. J. Emanuel, president of the Tahoka Cooperative; and Mrs. E. J. Cooper, wife of the secretary. Possibly others made talks also.

The meeting opened at 10 o'clock in the morning and was finally concluded at about 3 o'clock in the afternoon. A great feast was served and enjoyed at the noon hour.

H. P. Caveness presided at the morning session and President B. J. Emanuel in the afternoon.

Dividends of \$5,000 in money and about \$6,000 in stocks were declared and distributed among the stockholders.

B. J. Emanuel was re-elected as a director and as president. G. A. Henry was elected a director to succeed D. L. Short. Vice President Terry Noble and O. W. Hickerson G. L. Cobb, Secretary E. J. Cooper, were hold-over directors. Claude Donaldson has been the efficient manager of the Association for the past eight or ten years.

Tahoka Landmark, Yields To Progress

(Delayed from Last Week)

Another Tahoka landmark is yielding to the spirit of progress. The old two-story home of Mrs. Charley Brown, once one of the very finest residences in Tahoka, is being torn down this week in order that a nice, modern duplex may be built on the site.

The doomed building was erected by the late Charley Brown in 1917, and the family moved into it in December of that year.

Conforming to the style of architecture prevalent in the West for many years prior to the last quarter century, this spacious residence was both beautiful and stately in appearance when new. Constructed on a high foundation, with lower and upper stories; it reared its roof loftily above all the neighboring dwellings. Gleaming in its fresh paint in the clear sunlight of a winter day, it must have been the pride of the town.

But another day has dawned. Those tall, stately mansions have become taboo on these wind-swept plains. And so the Brown home is being torn down, and a more beautiful, more modern and more serviceable structure will be erected where it stood.

This duplex will be 62 feet long by 28 feet wide, and it will face both the south and the east. Mrs. Brown and family will occupy the east apartment which will consist of sitting room, two bedrooms, dining room, kitchen and bath room. The west apartment, facing the south will be a duplicate of the other, except that it will have only one bedroom.

It will have a stucco outside finish and will be beautifully finished inside. When completed it will be an attractive structure.

Mrs. Anna Sternberg, who visited here several weeks with her daughter, Mrs. J. W. Sinclair, and the Doctor, left Thursday of last week for her home in Detroit.

Burton G. Hackney Makes Formal Announcement

BURTON G. HACKNEY

TO THE VOTERS OF THE 106TH JUDICIAL DISTRICT OF TEXAS:

In making a formal announcement for the office of District Attorney I believe the voters are entitled to know something of the personal history of one seeking this important office.

I was raised on a farm in Hopkins county, Texas, and will be 33 years of age on August 3rd. Thus far I have fought my own battles, having worked my way through high school and three years of college training at Texas Technological college. I have lived in the 106th Judicial District for more than 14 years, coming to Tahoka in 1925 where I finished high school. In 1934 the Supreme Court granted me a license to practice law. In 1936 the citizenship of Terry county elected me County Attorney, over two worthy opponents, without the necessity of a run-off, in which place I am now serving. I have taken advantage of the opportunities offered me in the office of County Attorney to prepare myself for the duties of the office I now seek.

Duties of Your District Attorney

He is to investigate and prosecute without fear or favor those who trample under their feet your personal and property rights in violation of the criminal laws of this state.

Qualifications of a District Attorney: Honesty, ability, training, a real desire to enforce the law, courage to fight the criminal and his gang, and a sense of fairness that he may deal justly.

I invite you to make a thorough investigation of my character and ability.

I am not asking that you give me anything other than an opportunity to work and serve to the best of my ability, thereby earning advancement for myself and an honest living. If you believe that ambition and service should be rewarded by promotion when one has qualified

Many Students In League Contests

(Delayed from Last Week)

Thirty-two Tahoka high school pupils entered the recent District Interscholastic League contests held in Lubbock, a larger number than ever entered from Tahoka high in any previous year, according to Lee Dodson, principal of the high school.

Most of these pupils made good showings in the district meet, but many hundreds of pupils from scores of schools were competing and naturally very few won places. Max Minor, however, was the outstanding individual contestant in the district in the track events.

The pupils and the contests which they entered as furnished the news by Mr. Dodson are given below:

One Act Play—Jeanne Simmons, Helen Pemberton, Wendell Coffee, Frances Tunnell.

Volleyball—Clara Lee Henry, Mary Louise Rainey, Nieto Stephens, Clara Jean Scruggs, Annie Pearl Roberts, Mildred Cooper, Dessie Brooks, Lenore Sargent, Geneva Withers.

Essay Writing—Wanda Lee Tinsley.

Extemporaneous Speech—Genalee Henderson.

Debates—Betty Lou Frazier, Ida Botkin.

Declamation—LaVoyle Richardson.

Track—Jake Weathers, Harold Polson, Jolly Dyer, Cecil Curry, Arthur Hammonds, Raymond Knight, Kelley King, Jack Hickerson, Olson Harper, Dwain McClintock, H. A. Maassen and Max Minor.

himself for the job then I believe you will vote for me on election day.

My only promise is to prosecute vigorously, be fair and just in all my dealings and to conduct the office in an economical manner.

BURTON G. HACKNEY.

Texas Family Goes To Washington

COLLEGE STATION, APRIL 25—The "how" of mattress making will be demonstrated to extension workers from every state in the nation late this month in Washington by a Texas farm family.

Mr. and Mrs. Charles Jones and two of their nine children, Dorothy, 14, and Melton, 11, of Zephyr, Texas, have been designated to conduct a mattress demonstration in the patio of the huge Department of Agriculture building during the week of April 29th through May 6, according to an announcement of Mildred Horton, vice director and state home demonstration agent of the Texas Extension Service. They will be accompanied by Maysie Malone, who for nearly 20 years has been Brown county home demonstration agent.

Recently the Texas Extension Service was asked to assemble a mattress making exhibit for this meeting of workers who will represent a cross-section of all extension activities, and at the request of the Agricultural Adjustment Administration

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lax bowel muscles. It's economical. 25 to 40 doses: 25c.

a farm family was designated to accompany the exhibit. Mrs. Bernice Claytor, extension specialist in home improvement, and Bess Edwards, assistant state home demonstration agent, will be on hand to assist with setting up the exhibit.

Mrs. Jones has been a member of the Zephyr Home Demonstration club since 1922, and the Jones children have been identified with 4-H club work in Brown county for a number of years. Melton and Dorothy the only ones now of club age, are following the Jones tradition in 4-H participation.

T-BAR H. D. CLUB MEETS IN HOME OF MRS. PAUL JOHNSON

"A person should be truly adult before he or she is ready for marriage", stated Miss Maurine McNatt, home demonstration agent, at a meeting of the T-Bar H. D. club Friday, April 12, at the home of Mrs. Paul Johnson.

A person should be grown emotionally, mentally, and socially before marriage takes place. If one is grown she should have the ability to see things as a whole, to face reality, be sympathetic, make reasonable adjustments, be able to proportion work and play, and be willing to take advice.

Miss Willie Ruth Lindley read a poem on "Home".

Mrs. M. D. McMillan was named the candidate for the trip to the Texas Home Demonstration convention.

There were eighteen members and two visitors. Mrs. A. E. Helstrom and Miss Willie Lindley were the visitors.

Our next meeting will be in the home of Mrs. George Lindley.

COUNTY HEALTH NOTES

Dental inspections in all schools of county have been completed, and a total of 2,150 children have been inspected by Dr. Ferrel Farrington of O'Donnell and Dr. K. R. Durhain of Tahoka.

Several children have already come in for correction of their teeth as a result of these inspections.

Physical examinations and eye inspections have been made in the Dixie, Joe Bailey, and Petty schools. Sound films on Tuberculosis, "Your Public Health Nurse", and Syphilis were shown to Petty School Monday night.

Mr. and Mrs. F. E. Calvery made a business trip to Dallas Thursday, returning Saturday.

DEMOCRATIC NATIONAL CONVENTIONS

Democratic National Precinct Conventions are hereby called to be held in the several precincts of Lynn County, at the usual voting place in such respective precincts or at such proper place as may be designated by the Precinct Convention Chairman in each such precinct, on the 4th day of May, 1940, and at such hour as may be designated by such Precinct Convention Chairman between the hours of 10:00 o'clock, a. m., and 8:00 o'clock p. m., for the purpose of selecting delegates to the Lynn County Democratic National Convention to be held at the Court-house in Tahoka, Lynn County, Texas, on the 7th day of May, 1940, at 2:00 o'clock, p. m., to select delegates to the State Democratic National Convention to be held at Waco, Texas, on the 28th day of May 1940; and to transact such other business as may properly come before such Precinct Conventions and County Convention.—C. H. Cain, Chairman, Lynn County Democratic Executive Committee. 38-2tc.

SLIP COVER DEMONSTRATION

A demonstration in making slip covers will be given to the Home Demonstration and Farm Security Club women at the American Legion hall next Tuesday, April 30th, according to announcement made by Miss Maurine McNatt, C. H. D.

This demonstration, to be given by Miss Ennis Pollis of the Singer Sewing Machine Company will begin at 10:00 a. m. and the use of sewing machine attachments will be demonstrated during the forenoon.

The afternoon session beginning at 1:30 will be devoted to instructions on making slip covers.

Miss Ovel Lytle of the Farm Security Administration and Miss McNatt are urging that all their women take advantage of these free demonstrations.

Mr. and Mrs. C. E. Woodworth returned about the middle of last week from a visit with a sister of Mrs. Woodworth up at Ava in the Ozarks of Missouri. They were gone on the trip about eleven days. Mr. Woodworth says that late frosts wrought havoc with the fruit crop up in that section of the country. Barring the cold weather, they had a very pleasant visit.

Greers Have Interesting Home

Mr. and Mrs. C. M. Greer out at Grassland have recently improved their residence by veneering it with variegated and multi-colored stone. They have also built a fireplace and chimney of the same material. The stone veneer not only adds much to the attractiveness of the structure but also to its warmth.

As indicated, the stone consists of many kinds. There are peices of Texas granite, Georgia granite, petrified wood, lava rock, and hundreds of varieties taken from the hills and creekbeds and gulches and canyon walls of thirty counties of Texas, eighteen different states of the Union, and two foreign countries. The foreign countries are Old Mexico and Italy. One stone came from Pike's Peak and another from Catalina Island. One stone came from

the Longhorn Cavern and several from Granite Mountain. Almost every section of Texas is represented in the structure.

The Greers have been gathering these stones for the past two or three years and had them all assembled before they began the work of placing them in last December. The job was completed only a few weeks ago.

They also have a fence of stone and concrete built a few years ago at the front of their premises to protect their flower beds and plants from the fury of the winds, and they are bent on making their home and its surroundings one of the real beauty spots of this section.

EASTERN STAR

Tahoka Chapter Order of the Eastern Star had eleven members present at the "Friendship Night" program of the Slaton Chapter Tuesday night.

A very interesting and worthwhile program was carried out, including degree work by the Slaton Chapter and a talk by the District

Deputy Grand Matron, Mrs. Eula Moore of Levelland.

After the program refreshments were served and a social hour enjoyed by all present.

Those attending from Tahoka included Mmes: Effie Townes, Annie Forrester, Imogene Burleson, Helen Walker, Loreta Story, Audyve McElroy, Ruth Edwards, Lillian McCord, Ava Roddy, Annie Hanes, and Millie Hill.

PROPAGANDA

The waste in stamps and paper each year runs into the millions of dollars for purely propaganda purposes. This propaganda comes not alone from those seeking offices, but from private firms, colleges, schools, and last but not least, our own Uncle Sam, perhaps the worst offender. Some of these days we are going to save all the propaganda that comes to our office in one week, weigh it, count up the postage, and see just what the waste amounts to. To give you a fair sample, only this week we received two sizable pamphlets from the A. & M. College, one discussing "black tips on rice," and the other, "chemical composition of the grasses in the timber of East Texas." Now, a grammar school boy could tell you that not one grain of rice is raised in this section, and as for East Texas grasses, they are of no more interest to a West Texas farmer or ranchman than a hula hula skirt would be to a Laplander.—Terry County Herald.

HELPING THE RICH

Did you know that 20,000 insurance companies, corporations and large farm owners received soil conservation payments of \$1,000 or more each in 1937? The average payment to 3,750,000 farmers amounted to \$75. The top payment to any one firm was \$257,995.64 to the Metropolitan Life Insurance Co., the King Ranch of Texas received \$112,140.04. More of the AAA money should be diverted from the rich firms and paid to the small farmers.—Big Spring News.

It has long been our contention that Government farm benefit payments should not be paid to the rich or to the big land holders. Not only do they not need it but such a policy encourages land monopoly. The government policy should favor home ownership by the little farmer, so that every tenant who is worth a whoop might acquire his own farm home and eat it bread under his own vine and fig tree.

BORING FROM WITHIN AGAIN

If any department of this government has been free of political influence, it is the Federal Bureau of Investigation. That is a testimonial to the integrity of the various Attorney Generals who have had charge of the Bureau—and to its Director, J. Edgar Hoover.

The Department has done more to reduce and punish serious crime in this country than any other agency—whether or not the crimes were committed by men of high or low station, by men without influence or men with great pull. And that fact may have something to do with the current campaign to "smear Hoover" and his department. Left-wing organizations have joined the hunt in full cry. However, the smear technique seems to have been deflated like a suddenly punctured tire.

It was charged that the FBI made a general practice of wire-tapping—not a single provable instance has been produced. It has been charged that the FBI mistreated some persons recently arrested in Detroit, charged with the Federal crime of soliciting Army volunteers for a foreign belligerent nation—yet it has since been found that mistreatment, if it actually happened, occurred after the prisoners were turned over to local authorities, as the law provides. So it goes, down the list.

As Boske Carter has written, "The squawks come mostly from groups whose activities are now being successfully uncovered for the first time. So the 'smear' tactics are out in full force to confuse the public and bring disrepute to one Government bureau that simply refuses to play politics—or favorites—or be bought."

The "smearers" use insinuation, half-truths, downright misrepresentations. Fortunately, the people seem

to have seen through this—as has Attorney General Jackson, Mr. Hoover's chief, who has given him a clean slate. More power to the FBI.—Industrial News Review.

The Panhandle Press Association in session in Amarillo two weeks ago adopted a resolution protesting to motion picture producers against the common practice of depicting country newspaper editors and news reporters as boozers. Drunkenness was never characteristic of newspaper men to any greater degree than it was of members of other professions and occupations. Hence these motion pictures that portray the newspaper folk as drunken brawlers slander the fine men and women engaged in the publication of the country weeklies and small-city dailies, and the protest is in order. A similar protest might appropriately be made by the judges of our courts and court officials. We have never seen a court scene portrayed on the screen yet that wasn't a gross misrepresentation of ordinary court procedure and of the splendid and usually learned

men who sit as judges on our courts. All such pictures tend to bring the courts and the press into public disrepute. They should strike back at the motion picture producers, for there certainly is plenty to be criticized in their productions.

In discussing a resolution pertaining to another matter, we understand that some of the newspaper editors and publishers at the Panhandle Press Meet in Amarillo two weeks ago took some shots at representatives of some of the wholesale houses who go to every press meeting loaded with booze to distribute among members who will accept their wet goods, hoping thereby to make business for their houses. Very few of the members of the Panhandle Press Association are addicted to the habit of drink even in a moderate degree and they have gotten tired of finding two or three fellows at almost every press meeting under influence of liquor, furnished by agents of the wholesale houses. These agents were told plainly by the speakers at the Panhandle meet that their

presence at such meets is not desired. It was a timely rebuke. We hope they leave their liquor at home hereafter.

We are delighted to see improvements being made on farm homes scattered here and there over the county. But there are entirely too many from homes that are being allowed to deteriorate and to become dilapidated in appearance. With a generous farm program having been carried out for the past five or six years, we can not understand why almost every farm home should not show that at least something has been spent in the meantime on its upkeep. It may be that the benefits in many instances have not been as generous as is generally supposed. It may be that many farm owners, even with the government benefits, have just barely been able to pay their grocery, clothing and implement bills. It may be that all the extra money has been spent on tractors and farm implements. It may be that much of it has been spent on new

automobiles. But whatever the explanation may be there are entirely too many run-down farm houses in Lynn county. We hope that the day is soon here when every farm owner can begin to improve the residences and other buildings on his farm. A little repair work and a little paint would work wonders in the appearance of many a building on the farm.

Many elm trees have come up on premises where there are larger elms. On some premises the young plants have come up by the thousands. It would be well for the owners of such premises to water and nurse a goodly number of these young sprouts so as to be able to distribute them later among their less fortunate neighbors or to offer them for replanting on farms and along highways. The Chinese elm is a beautiful tree well adapted to this plains country. More of them should be growing as wind-breaks or as ornamental trees on the farms of the county.

This county seems to be the na-

tural habitat of yellow flowers of various kinds, some of them attractive. But we are glad to note that in spots the Tahoka daisy is now also in bloom. It is not very showy at a distance but it is the most beautiful wild flower we have seen blooming on these plains. May its tribe increase.

Panhandle-Plains Dairy Show Dates Set For May 7-11

Plainview, April 25—Dates for the thirteenth annual Panhandle-Plains Dairy Show have been set for May 7-11, several weeks later than any previous show. Exhibitors have declared that they feel that the later date will be of great advantage to them in finishing their stock for the judging ring, and it is also hoped that the late date will give the possibility of better weather.

Three thousand show catalogs came off the press Saturday and have been mailed out to exhibitors throughout the territory. Indications are that this will be one of the largest shows in the history of the Association, with a number of new exhibitors coming in.

There will be the usual entertainment features, the pageant and coronation of a queen on the opening night, Tuesday, May 7, dances, with music furnished by Joe Buzzo's orchestra, one-act plays, T. J. Tidwell Shows on the Midway throughout the week, exhibits and demonstrations in the educational department and various other attractions for the thousands of visitors who annually throng the grounds during Dairy Show Week.

Tuesday, opening day, has been designated as Future Farmers of America day, with Dairy products judging and dairy cattle judging contests held. Preliminary tests in the Production contest will be held on Monday. On Tuesday afternoon, dairy products will be judged, and the day will conclude with the pageant, and coronation of the queen, and the queen's ball at the Hilton Hotel.

Wednesday is Jersey Breeders and 4-H club day, with judging starting in Jersey classes at 9:00. John Palmer, Swisher county farm agent, is superintendent of this department.

The annual banquet and meeting of the Dairy Show association is scheduled for 6:30 o'clock. At the dairy barn, one-act plays will be presented in the judging arena, the sketches to be put on by groups from home demonstration organizations.

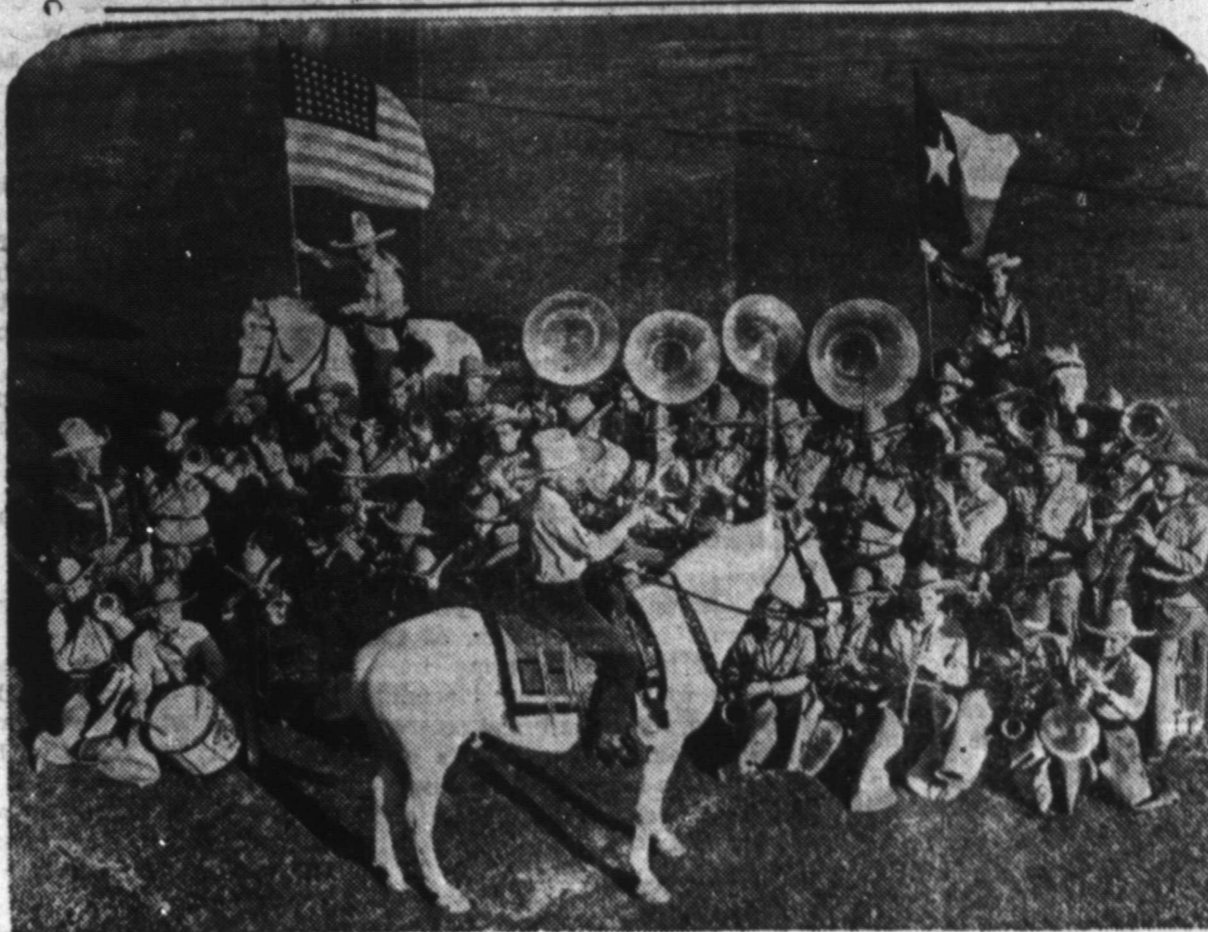

Thursday is Holstein-Friesian and Guernsey breeders' day, with A. & M. College ex-students having their annual round-up and banquet in the evening. One-act plays will again be presented in the judging arena.

Another big day of the Show is Friday, when the Milking-Short-horn breeders have the stage. Judging in those classes begins at 9 o'clock Friday morning, and at 2:30 o'clock that afternoon, the auction sale of Milking Shorthorns is scheduled.

A feature of Friday's program will be the Cavalcade of Dairying, presented by the Dairy Products department, at 8 o'clock that evening at the judging arena. Admission to this feature, and to the one-act plays, is free.

J. I. Freeman of Merkel is here visiting his son J. O. Freeman.

H-SU Cowboy Band to Play for Rotary Convention

The celebrated Cowboy Band from Hardin-Simmons University, in Abilene, will be featured on the programs of the annual conference of District 127 of Rotary International in Sweetwater, April 28, 29 and 30. The band, directed by Conductor M. B. McClure, will play a concert for an expected gathering of 10,000 in the Sweetwater Bowl, on Sunday night, April 28. Marcus Tollet, governor of the Finland district of Rotary International, will be the principal speaker at that convention session, and the H-SU band will play special Finnish music in his honor.

Mrs. Lumsden Gets Gift From WMU

At a business meeting in the Church Monday afternoon the local president, Mrs. Garland Pennington, presented the district president Mrs. L. Lumsden of Wilson, who discussed expansion plans for the Tahoka W. M. U., suggesting the organization of a "Brides' Circle", and also a business women's circle, the latter to hold their meetings at night.

Mrs. Lumsden, incidentally, told something of her visit to the Cuban mission fields, and local members have expressed a desire to have her return and give a fuller account of this trip in which she visited schools, hospitals and other interesting phases of the work supervised by the Home Mission Board.

Other business included plans for the Fifth Monday social in the home of Mrs. W. M. Harris, April 29.

TAHOKA DUCHESS AT HOWARD PAYNE

When Howard Payne sophomores entertained the high school seniors of West Texas last Saturday the Tahoka senior class had three members in attendance, Miss Jean Barham being one of the duchesses in the ceremonies of the day.

While Misses Barham and Melba Evans and Jack Edwards attended the Howard Payne celebration Mrs. V. D. Armstrong, who accompanied them, visited relatives in Brownwood.

The party went down Friday and returned Sunday reporting a very enjoyable visit to the Howard Payne campus.

Congratulations

Mr. and Mrs. J. W. Stanley on the birth of a 7 pound boy at the home Friday night.

Mrs. McElfresh Honored

Mrs. McElfresh of Lubbock, the former Miss Lois Goad of Tahoka, was the honoree when friends presented a shower of miscellaneous gifts in the home of Mr. and Mrs. E. I. Hill last Friday night.

About twenty guests registered and others sent gifts.

Games were enjoyed and food punch and cookies were served from a lace covered table centered by a bowl of bright colored tulips.

BAPTIST REVIVAL AT REDWINE CLOSED LAST SUNDAY

Rev. W. P. Brian, pastor, closed a ten-days' revival meeting at the Redwine Baptist Church last Sunday night, which is reported to have greatly revived interest in work of the church. Large crowds attended the services. Singing was led by Murrel Parsley, young minister from Wayland College.

Climax of the meeting came Sunday afternoon, when eight of the twelve received for baptism were baptised at the Tahoka church. In addition to the twelve, there were two reclamations.

TOM HALE'S FOOT BROKEN BY KICK OF CALF

Tom Hale is lying up in bed with a fracture of one or more bones of the foot. He is also suffering from deep humiliation.

Tom is a life-long cow man, and the injury was inflicted by a mere calf.

Tom got restless Sunday afternoon and decided he would vacillate a calf running around his 19's. He roped and tied the little animal up to the fence and was preparing to administer the vaccine when he came in rather close proximity with the rear end of the little brute. The animal doubtless was not in very good humor at the time and so lammed away with one of his hind feet striking Tom likewise on the foot.

The result was that Mrs. Hale had to bring Tom to the doctor, who dressed the wound and ordered the tall, lank cow man and county commissioner to take to his bed till the injury heals.

Fred Mathews states that he is getting a perfect stand on 61 acres of cotton planted after dampening the seed. The seed were planted in the regular way and not rolled nor packed afterward.

News Prints Large Order For Lyntegar

The News job printers this month have completed a huge printing job for the Lyntegar Rural Electric Cooperative, which is already carrying electric energy to four South Plains counties and will soon be serving two other counties.

The public should appreciate the fact that this co-operative, where possible, spends its money in the section which it serves. The News certainly appreciates the opportunity of serving local institutions in the printing line.

Mrs. A. A. Lawson and her brother, J. P. Smith, accompanied by the latter's daughter, Miss Evelyn, visited their mother, Mrs. Naomi Smith, 87, at Post Oak, in Jack County over the week end.

Mrs. L. M. Cargile of Mt. Pleasant visited here Sunday with her niece, Mrs. Wynne Collier. She was accompanied by Mr. and Mrs. Walton Walker of Monahans.

BEAUTYCIANS ATTEND SCHOOL

Mesdames Jane Minor, Elmo Boydston, C.C. Ross, and Misses Dama Anglin, Dorothy Kidwell, Jo Beale and Echo Milliken attended all or part of the annual Beauty Show at Lubbock Monday, Tuesday and Wednesday of this week.

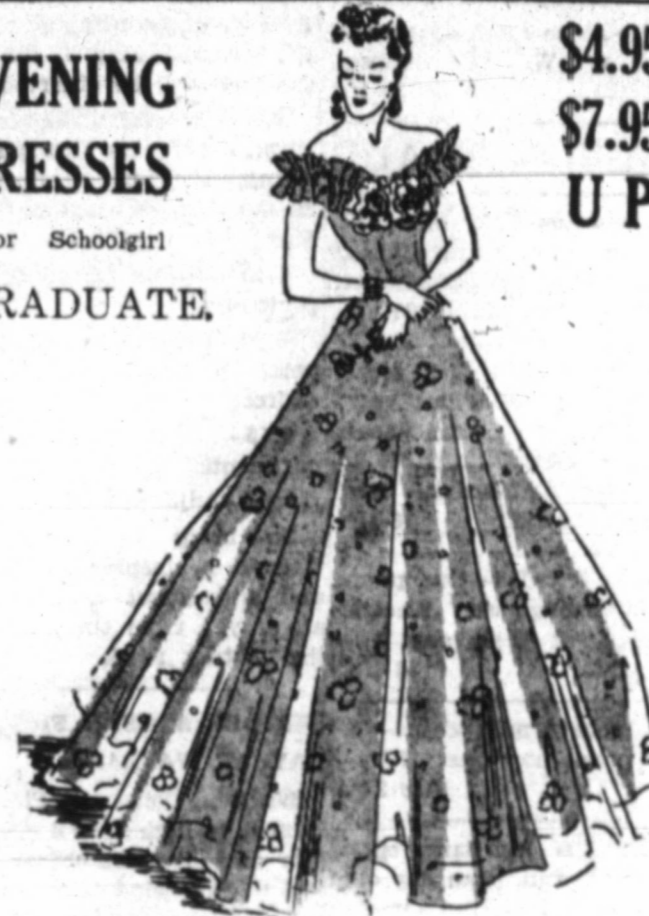

Mrs. B. H. Middleton, who is seriously ill, underwent the first of a series of blood transfusions Tuesday at her home in east Tahoka. Her condition is reported serious but not critical.

BAPTIST TRAINING UNION TO HOLD STUDY COURSE

The local Baptist congregation is completing plans for launching one of the largest and best Training Union Study Courses ever held in this association from April 29 to May 3.

Special workers from neighboring churches have been obtained to assist in carrying out the plans of the week: Miss Clara May of Wilson will, in collaboration with Rev. Elmer Holt of Grassland, direct the activities as well as teach classes. Miss May will teach a book on church recreation for leaders of young people. Rev. Holt will teach a leader's manual for the benefit of those who would know how to supervise and develop the work of the training union.

Other outside workers who will assist are Rev. and Mrs. W. H. Jackson of Wilson. Rev. Jackson will teach "Investments in Christian Living" for seniors, while Mrs. Jackson will teach "Training in Christian Service" for the intermediates.

Local talent and the respective books they will teach during the week are as follows: Rev. Geo. A. Dale, "Building a Christian Home", a class for those who would build homes that endure; H. P. Caveness "Working Together in a Spiritual Democracy" a class for older seniors and adults; Miss Mary Preston assisted by Mrs. Geo. A. Dale, "Bible Heroes" a class for juniors; Mrs. A. I. Smith assisted by Mrs. Frank Greathouse, "Bible Pictures and Their Story", a class for beginners and primaries.

Beginning on Monday evening April 29 and continuing through Friday evening, May 3, the following schedule will be observed:

7:00—General assembly, a brief surprise program that will be interesting, inspiring, informing, and challenging, directed by Miss Clara May.

7:10—Classes for all ages and departments.

7:15—General assembly for reports by classes and inspirational address.

8:15—Classes for all ages and departments.

9:00—Adjournment.

So bring the entire family! There'll be inspiration, information, and amusement each evening for all of you from the cradle roll to the century mark.

SENIORS ATTEND FIELD DAY AT WAYLAND

Wayland College at Plainview was hostess to high school seniors over this area last Saturday afternoon, and the following attended from Tahoka: Misses Mildred Cooper, Julia Snowden and Genalee Henderson and Paul Cox and Rufus Morgan. They were accompanied by Rev. and Mrs. George A. Dale, Miss Nellie McLeroy and Mrs. E. J. Cooper.

Besides a tour of the campus the seniors were guests at a reception and enjoyed a most interesting variety program given by the students of Wayland College.

DIXIE CLUB

"Family councils are beneficial for all the family", stated Miss Marjorie McNatt, home demonstration agent at the meeting of the Dixie club Thursday, April 18, at the home of Mrs. Calloway Huffaker.

Many families can be made happier by having family councils where there is an exchange of ideas and opinions. When there are purchases to be made and changes to be placed each member is to be considered. Many times family discord can be prevented by a family council.

Mrs. Calloway Huffaker read a poem on "Home".

Mrs. G. B. Sherrod gave a talk on the District H. D. Club which was held in Lubbock.

There were eight members and two visitors present. The visitors were Mrs. W. C. Huffaker and Mrs. Lloyd Huffaker.

The next meeting will be May 2 at the home of Mrs. J. H. Cobb.

MRS. DAVIS RETURNS FROM CENTRAL TEXAS VISIT

Accompanied by Miss Laura Mae Lockstedt of Wilson, who acted as chauffeur, Mrs. E. S. Davis returned a few days ago from quite an extended visit with relatives and friends in Central Texas.

First she spent a week with her daughter and son-in-law, Mr. and Mrs. Hubert Davis in Mexia. Then they visited Mr. and Mrs. Sid Sanders in Waco, and she says Mrs. Sanders made many inquiries about friends here and sent her regards to all of them. Also they visited Mrs. Sanders' mother in Waco, Mrs. A. D. Shook. On the return trip they stopped at Rising Star and spent some time with Mrs. Davis' sister, Mrs. Brawner. Other places visited were Stephenville, Gatesville, and Brownwood.

Mrs. Davis came home praising the beauties of that section of the state, now in its new spring dress. Gorgeous wild flowers are blooming everywhere, including broad acres of the world-famous blue-bonnets now bedecking the landscape in many localities. It was a wonderful trip and visit she had.

EARLY SPRING VEGETABLES

(Submitted by Oval M. Lytle, P.S.A.)

Early vegetables are the first harbingers of spring in the realm of food. It is fortunate that the best way of cooking vegetables to make them taste good is also the best way to save food values.

Four simple rules stand for success in cooking vegetables. They are: Use as little water as practical. Have the water boiling when you put in the vegetables and then bring it back to the simmering point as quickly as possible. Stop cooking as the vegetables are tender. Make use of the liquid from cooked vegetables. The effect of hard or soft water is a question often raised in vegetable cookery. This is chiefly a problem of keeping the natural color of the vegetables.

Hard water, which is alkaline, makes onions, cabbage, and cauliflower turn slightly yellow. This yellow color should not be confused with the "Brown" that develops from overcooking. In fact, you may like the yellow caused by hard water as well as the natural white. Hard water also makes some of the red vegetables, such as red cabbage and beets, turn an unpleasant gray. You can overcome this color change in the red vegetables by adding lemon juice, vinegar, or cream of tartar to the cooking water, or you can serve these vegetables with a sour sauce that will have the same effect.

Do justice to your dinner roast by serving it with vegetables that are cooked until they are just tender and seasoned right, or, serve vegetables in companionship on a vegetable plate. But before you put your vegetables into the serving dish be sure to taste and season them carefully. Salt will bring out the natural flavor of the vegetable, and according to the choice of the family you may want to add pepper, curry powder, spices, or paprika.

Rev. and Mrs. George A. Dale attended the Methodist revival in progress at Odonnell Monday night. Rev. Edmund Kirby, of Wellington who is conducting services there this week being a lifelong friend. In fact the Dales have known several generations of the family of which Bro. Kirby is a member.

Judge Marshall Formby of Dickens, candidate for the state senate, was a visitor in Tahoka Wednesday.

Mr. and Mrs. V. A. Botkin and Ida Christine, left Wednesday afternoon for Gatesville for a visit with his father. They expect to return Sunday.

BAPTISTS ATTEND LUBBOCK CONFERENCE

Rev. and Mrs. George A. Dale of the Tahoka First Baptist Church and Mrs. L. Lumsden of Wilson, president of district nine W. M. U. attended the Lubbock county workers' conference which was held in Lubbock Tuesday.

In addition to the regular program Mrs. Lumsden spoke to the W. M. U. Board meeting of her recent visit to the Baptist Bible Institute in New Orleans and to some home mission fields of the south and in Cuba.

Rev. Dale, while in Lubbock, also attended a district nine board meeting in which a missionary to succeed Rev. A. C. Huff was elected. Rev. Lowell Ponder, who has been pastor of the first Baptist Church at Quitaque for the past several years, was elected.

Mr. and Mrs. Frank Raindl and sons Joe and Johnnie and daughter Josephine of Wilson visited in Shiner and Hallettsville recently. Joe remained at Shiner, where he will be employed at the Shiner Brewery and will play ball with the Brewery's team in the South Central League this summer.

Visitors in the Frank Raindl home at Wilson Sunday were Mr. and Mrs. Otto Lockstedt and daughter Alice, George Lockstedt, Adolph Wenzel, Christine and Lillie Wenzel of Slaton and Misses Laura Mae Lockstedt and Lorena Wenzel of Tahoka.

Mr. and Mrs. Allie White took their son, James Weldon, 7, to Dallas Monday to receive surgical treatment at the Scottish Rite Hospital. The parents expect to return Sunday leaving James Weldon in the hospital for about six weeks.

Odds and Ends

Last Sunday, April 21, was San Jacinto day.

Little note probably would have been taken of the day even if it had fallen on one of the week days.

San Jacinto day down state, when the perpetrator of this column was a schoolboy, was about the only holiday we had except the Christmas holidays. It was a great occasion.

The writer remembers that on one occasion when he was a student in the University of Texas he attended the "Battle of Flowers" in San Antonio on San Jacinto Day. It was a colorful affair.

San Antonio has a whole week of festivities now in commemoration of the battle of San Jacinto. It began Monday and continues through this week.

San Antonio observes San Jacinto Day more generally and more colorfully than any other city in Texas.

Houston not excepted. It was at San Jacinto that the Texans got their revenge on the Mexicans for the outchery they perpetrated at the Alamo. It was there also that they won their independence.

San Jacinto was an insignificant battle as compared with thousands of other battles fought in hundreds of other wars in the history of this old world. It was insignificant, we mean, in the number of men engaged and the number of lives lost.

But it was one of the most significant ever fought on the western continent—when its consequences are taken into consideration.

It determined whether the Anglo-Saxon or the Spaniard should be dominant in Texas, New Mexico, Arizona, and part of California.

Millions of progressive American citizens now live in this territory and have built here a great civilization, fostered by the great principles of freedom and justice on which our governmental system is founded and by the matchless principles of Christianity as expressed in the Bible and as interpreted by Christians of the Protestant churches.

Compare our civilization with that which may be found just across the Rio Grande to the south of us, and the significance of San Jacinto will immediately become apparent.

We believe that we Texans should take more time out to observe San Jacinto Day.

Sam Houston of course, was the major hero of San Jacinto. Looking back now upon the events of the Texas Revolution, it is instantly apparent that he was the one military genius and the outstanding statesman of that period of our history. His name is perpetuated not only in the magnificent triumph which he achieved at San Jacinto but in the wise course which he afterward pursued in guiding our ship of state and in the distinguished service which he also rendered in the hectic antebellum days as United States Senator from Texas.

His name is further preserved in that of one of the oldest countries of this state and in the largest city of Texas.

The names of many of the other heroes of San Jacinto are preserved in the names of counties, cities and

towns scattered throughout Texas. No less than eight counties lying in the Panhandle and on the high plains of Texas bear the names of heroes of San Jacinto.

Lynn county itself, according to general repute, bears the name of George W. Lynn, listed in the Texas Almanac as one of the heroes of the Alamo.

But Dawson county, our neighbor to the south, was named in honor of Nicholas Dawson, one of the men who wrought havoc to the Mexican army and won independence for Texas at the battle of San Jacinto.

Hockley county, whose southeast corner touches Lynn county's northwest corner, was named for Gen. G. W. Hockley, who was Inspector General in the San Jacinto campaign and Secretary of War during Houston's second term as President of the Republic of Texas.

Lamb county, lying immediately north of Hockley, was named for Lieutenant-George A. Lamb, who was killed in the battle of San Jacinto.

Hale county commemorates the name of J. C. Hale, who also was killed at San Jacinto.

Briscoe county was named for Andrew Briscoe, another San Jacinto hero.

Deaf Smith county was named for the man who went out and chopped Vince's bridge down just before the Attack on Santa Anna and the Mexicans was made by Houston and the Texans. He was a trusted scout of General Houston and had a prominent part in the stirring scenes at San Jacinto.

Dr. William Motley, a surgeon, who is also listed as one of those killed in the battle of San Jacinto, has his name preserved in that of Motley county.

Sherman county, lying contiguous

to the north line of the Panhandle, was named for General Sidney Sherman, one of Houston's trusted officers at San Jacinto.

Other Plains and Panhandle counties were named for heroes of the Alamo, for signers of the Texas Declaration of Independence, for Members of the first Constitutional Convention, for early officials of the Republic, judges of the courts, and other distinguished citizens and soldiers. Terry county was named for Col. Benjamin Franklin Terry, leader of the Terry Texas Rangers, while Lubbock county was named for Col. Tom Lubbock, one of the organizers of the Terry Rangers.

Yoakum county commemorates the name of Judge Henderson Yoakum, jurist, and author of an early history of Texas.

Hemphill county was named for the distinguished Chief Justice of the Supreme Court of the Republic, Judge John Hemphill. He afterward served as one of the United States Senators from Texas.

Oldham county was named for

Hon. Williamson S. Olham Sr., a member of the Senate of the Southern Confederacy from Texas.

W. B. Ochiltree was Secretary of the Treasury and Attorney General of the Republic of Texas, and that is where Ochiltree county gets its name.

Our neighbor, Borden county, was named for Gail Borden, prominent in the early history of this state and later producer of Borden's condensed milk. The county seat bears his first name.

Childress county and also the county seat were named for George C. Childress, who wrote the Texas Declaration of Independence.

Of course we have counties, cities, or towns in Texas commemorating the names of such heroes as Travis, Bowie, Crockett, Milam, Fannin, Burleson, Burnett, Lamar, Anson Jones, and scores of others.

If one knew even the main facts and achievements of all the principal actors in the drama which converted Texas from a wilderness into a loosely-connected group of com-

munities thence into a free republic, and finally into a state of this great American Union, he would have indeed a valuable fund of information; and the names of a thousand of our cities and towns and villages would have much more meaning for him.

"Where food is Fresh"

the
Scrapbook
Myrtle Rochelle

Claud Donaldson has made a suggestion which we like very much, so we are taking his advice. Beginning with this issue, we are starting a series of "Thumbnaill sketches" of some of Tahoka's citizens. The first follows.

The new president of the local school board has been a resident of Tahoka sixteen years, with a short time away. He has been engaged most of that time in the produce business, and for two years owned a truck line. Always a useful citizen, he served as acting president of the school board during the absence of the past president, and has served two years on the board.

His name of which he is proud, is Dutch, but he is also part French, and all American. His son is president of the senior class at the high school, and a star football player. Recently, when discussing genealogy, he said, "I don't think the nationality of one's ancestors is important in America, but the main thing is, are you a good American?" We think there could be no better description of this man than that he is a good American.

If you don't know him, his name is at the end of this column.

Marie Corelli, whom we don't know and never heard of before, is apparently a smart woman. We read her quoted thusly in one of our exchanges:

"I have never married, because there is no need of it. I have three pets at home which together answer the same purpose as a husband. I have a dog which growls all morning, a parrot which swears all afternoon, and a cat which comes home late at night."

Hattie Server wants to know where she can buy a parrot.

Did you know that Mrs. McKaughan is a niece of the late Drs. Mayo, famous surgeons of Rochester, N. Y.?

Last week we asked around about cotton hose. Everyone seemed unwilling to say they would wear them until they see them. But one thing the ladies will wear this year, if current styles being published in leading magazines is any witness, and that is cotton frocks.

The latest issue of Goodhousekeeping shows cotton frocks exclusively, including clothes for sports beach wear, street wear, and evening, and styles for children from two on through maturity. The shops, all leading stores in U. S. cities, in which they could be purchased were listed, and the statement was made that most of them cost under \$10—that prices are not above \$19.50.

Hurray for the cotton industry!

Subject of our sketch: Henry Maasen.

Ernestine Story Elected To Tech Sorority Office

LUBBOCK, APRIL 25—Ernestine Story, home economics junior at Texas Technological college, was recently elected marshal of Omega chapter of Phi Upsilon Omicron, national honorary home economics fraternity, for next year. Members of the organization are juniors and seniors and must retain a high scholastic average and do outstanding work in campus activities.

Ernestine is the daughter of Mr. and Mrs. H. C. Story of Tahoka.

Draw W. M. S

"May my life interpret Jesus to those who do not know" was the meditation brought forth by Mrs. J. Young in her leadership of the spiritual life group Monday afternoon.

For the main lesson, Mrs. C. C. Jackson presented a study in the book of Acts.

NEW MOORE 4-H CLUB NEWS

The New Moore 4-H club met on Thursday, April 18th, to discuss the making of bonnets and sun hats. All members were present except one.

Officers were elected at the last meeting and are as follows: president, Maxine Rogers; vice-pres., Bobbie Francis Littleton; secretary, Leola LaGrone; reporter, Hazel John Rogers; clothing demonstrator, LaRae Crutcher; poultry demonstrator, O. Paul Shepherd; sponsor, Mrs. O. C. Cox.—Hazel John Rogers, Reporter.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary.

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until the "time" has passed. Women have used CARDUI more than 50 years.

BEN ZINE SEZ—

Lemay Enters Race For State School Superintendent

Pledging an efficient, politics-free administration of Texas public schools, S. R. Lemay of Athens has announced his candidacy for the office of State Superintendent of Public Instruction.

A graduate of A. & M. College and the University of Texas, Lemay has had broad experience in public school work, and for the past 18 years has been superintendent of the Athens Public Schools.

ATHENS, APRIL 25 — Pledging himself to a resolution of public confidence in the Texas department of education, S. R. Lemay of Athens this week announced his candidacy for the office of State Superintendent of Public Instruction.

Lemay, for the past 18 years superintendent of schools at Athens, polled 274,000 votes for the post in 1936 although he was able to devote only six weeks to the campaign.

Among the items in his platform Lemay listed—

1. Distribution of rural aid money by an automatic method, free of political pressure, so that schools may know in advance how to plan their budgets.

2. Maintenance of the \$22 per capita apportionment.

3. Intensified instruction in Texas history, literature, and music, and in the study of the problems of Texas agriculture, industry, and business.

4. A bill modeled after the Federal Hatch Act to prevent political activity by Department of Education workers.

5. An aggressive attack on the problem of finding jobs for the 250,000 Texas boys and girls who have left school and are out of work.

Born in Houston county 49 years ago, Lemay is a graduate of A. & M. college, the University of Texas, and Peabody college, Nashville, Tenn. He has completed practically all requirements for his Ph. D. degree at the University of Texas.

Lemay was school principal at Jasper and Wharton and school superintendent at Grapeland and Coldidge before going to Athens in 1922. He also has taught in Stephen F. Austin State Teachers college at Nacodoches and the University of Texas at Austin.

Married, with two children, Lemay has taken an active part in Athens civic affairs, serving as president of the Athens Rotary club and president of the Methodist Church board of Stewards. He has been superintendent of the Methodist Sunday school at Athens since 1925. Lemay also has a law degree from the University of Texas.

Federal Land Bank Bill Is Assured of Enactment

WASHINGTON, APRIL 23—Early enactment of a bill continuing for a five year period the reduction in interest rates on Federal Land Bank and Land Bank Commissioner loans to farmers was predicted this week by Congressman George Mahon in Washington. Legislation providing for a reduction of interest rates on such loans for one year periods was passed each year from 1935 to 1938. The 1938 act provided a legal interest rate of 3 1/2% for a period of 2 years on Land Bank loans and 4% on Commissioner loans, instead of the contract rate of 4% or more in Land loans. The reduction provided for in Bank loans and 5% on Commissioner the 1938 act expires July 1, 1940.

The present bill would set the interest rate at 3 1/2% for both Federal Land Bank and Land Bank Commissioner loans until June 30, 1945.

This measure passed the House on March 18th and is now pending before the Senate. Congressman Mahon, who was instrumental in the passage of this measure and the previous measures reducing interest rates to farmers, said that he felt confident the Senate would act favorably on the present bill within the next few weeks.

The 3 1/2% rate would mean a substantial saving in interest payments to approximately 12,000 Federal Land Bank and Land Bank Commissioner borrowers in the 23 counties of the 19th Congressional District.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by—

Copeland Is Candidate For State Office

JOHN D. COPELAND

AUSTIN, TEXAS, APRIL 24—In making his announcement as a candidate for Texas Railroad Commissioner subject to the Democratic primary, John D. Copeland, Jr., 35-year-old Austin drug store owner, calls attention to the great importance of that body.

He says, "There are five divisions of the power of the railroad commission, as follows: (1) the regulation of railroad, express, dock, wharf and terminal companies, and of interurban railways carrying freight and the enforcement of all laws pertaining to the operation of railroad and express companies; (2) the regulation of common carrier oil and gas pipeline; (3) the regulation of gas utilities engaged in certain kinds of business; (4) the regulation of motor bus and motor truck transportation for hire over the public highways, and (5) the conservation of oil and gas."

Copeland worked for the Commission for nearly nine years, first as a bookkeeper, then as a deputy supervisor, in which latter capacity he devised the "tender" system and a uniform statistical set-up for the whole body.

TEXAS BAND TO PLAY AT WORLD FAIR, NEW YORK

NEW YORK, APRIL 25—First band from Texas to accept an invitation to play at the World's Fair of 1940, in New York, the 75-piece San Jacinto Golden Bear high school band will play a three day engagement at the Forty Fair, June 6-8, said Captain Eugene LaBarre, Musical Director of Fair Special Activities, today.

The Fair will open May 11th.

The Houston Band will be one of more than 500 outstanding inter-scholastic units scheduled to participate at the Fair this season.

Led by a set of identical girl twins, the Texans will feature a number of unusual marching formations and special novelty numbers.

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

F. F. A. Boys Attend District Meet

The agriculture boys of the Tahoka High School went to Brownfield last Saturday to participate in the Merdow F. F. A. district contest. The events included debate, public speaking, one-act play, and news writing.

Tahoka boys attending were Boyce Evans, Roy Botkin, Arthur Hammonds, Jack Alexander, Pershing Alexander, Pug Parker, "Slick" Wells, Green Lloyd and Junior Sanders.

The Tahoka teams made the following placings: debate, second, public speaking, third, one-act play, third, news writing, third.—Ed. McMillan, reporter.

PTA Met Last Week

At the PTA meeting at the high school last Wednesday, April 19, other features besides the exhibit of Mrs. Heg's Home Ec. girls, mentioned last week were a health play given by the fourth grade, and talks on different phases of student recreation by W. T. Hanes, Coach Jackson, John Kirkwood, and Miss Nellie McLeary.

There will be only one more PTA meeting before the close of this school year. The date and time has not been decided for this meeting.

Man Breaks Hip In Fall

John R. Grayson, 74, who lives in south Tahoka, suffered a serious fracture of the left hip Tuesday afternoon when he became entangled in a rope with which he was leading a goat.

He was given first aid treatment by Dr. Prohl and on Wednesday night was taken to the Lovelace-Bennett Hospital in Lamesa.

Mr. Grayson and family live in a tent and they have two goats which he milks and cares for.

Two In Jail For Drunk Driving

Two men, one white and the other colored, were arrested Sunday and placed in jail on charges of drunken driving.

Hugo Shelton, the negro, who works for a local firm, made bond in the sum of \$500 and was released.

The white man is from Idaho and gives his name as Ted Trolson. He is said to have been weaving his way from one side of the road to the other on the highway between here and O'Donnell. He soon landed in jail and is still there.

LITTLEPAGE BUILDING ANOTHER HOUSE

R. L. Littlepage, who recently built two neat stucco residences on the same block with the Primitive Baptist Church is now building a garage apartment between the two residences. It will also be of stucco finish. Work was begun on it Tuesday.

One of the residences, a three-room structure, is already occupied. The other, containing four rooms and bath, is not quite finished yet.

Tom Ellis . . .

(Continued from Front Page)

Funeral Home.

Pall bearers were J. J. Adams, B. R. Tate, M. A. Waldrep, Barnum Suddarth, H. A. Dial, Carroll Edwards, John Evans, and J. W. Edwards.

Mr. Ellis had been a citizen of the Three Lakes community for the past eighteen years, having removed to this county from Iredell in Bosque county in September, 1921. He enjoyed the esteem and confidence of his neighbors and many friends throughout the county, and the affection with which he was regarded by the members of his family is the strongest possible evidence of his devotion to them as husband and father.

Born in Cherokee county, Texas, on February 4, 1869, he was just past 71 years of age. He was married to Miss Georgia Ann Day at Iredell in Bosque county on December 12, 1890.

Surviving him are the widow and the following sons and daughters: Mrs. J. E. Laurence of Iredell, Mrs. J. C. Sparks of Tahoka, Mrs. O. C. James of Seminole, and J. H. Ellis, T. M. Ellis Jr., Bill Ellis, Joe Allen Ellis, and T. Ellis all of this county. Also surviving are nineteen grandchildren, two great-grandchildren, and other relatives, including one brother, Sam Ellis.

Mrs. W. J. Burckhardt, who was injured in a small twister which wrecked their ten house on Tuesday of last week, is reported to be "getting along very well", though the injury to her head seems to have been quite serious. Mr. Burckhardt, who was in a Lubbock Hospital at the time following an operation for cataract on one eye, was brought home on Thursday of last week and was able to be in town this week.

R. D. Lee III In Lovington

Relatives here had a message Thursday that R. D. Lee who formerly ranched in the Western part of Lynn County was critically ill in a Lovington, N. M. hospital. Mrs. R. C. Forrester and Mrs. R. J. Roberts, sisters-in-law of Mr. Lee, accompanied by Mrs. Van Swafford, Oscar and Roscoe Roberts, and Miss O'Bera Forrester went to Lovington to visit the sick man and family.

Applewhite Tells Of Old Mexico

At least some of the members of the fishing party which returned last week from Tampico, Mexico, saw and heard some things down in our sister Republic which interested them far more than the fine sport of hauling huge triton from the salt waters of the bay, as exciting and intriguing as that might have been.

Jack Applewhite was one of them, for he arrived back in Tahoka still in a state of utter amazement over conditions as he found them there.

"Why, that country is three thousand years behind the times", Jack declared. "They still live down there as they did in semi-barbaric countries of Bible days. They still plow with little wooden plows drawn by oxen, and they have just little patches of ground to cultivate. They live in little old huts with none of the conveniences of civilization; it's the darndest country you ever saw."

Of course Jack heard all of that about Mexico before he went down there but he had to see it for himself for it to become really realistic to him.

"But Tampico itself is quite a modern and attractive city, isn't it?" we ventured to ask.

"No. Well, here are some modern buildings there, some splendid buildings, but they still have a lot of narrow, crooked streets, and the vast majority of the population live in sorry shanties that make the town far from attractive."

The great majority of the people live not only in abject poverty but also in dense ignorance, he declares.

Of course with organized labor, he says, it is different. In fact organized labor absolutely runs all the big industrial plants. The owners have mighty little "say-so" in how the plants are run. The labor unions run the plants just to suit themselves and the unions are shot through and through with communism, he says. Mexicans in general and especially the Union Labor Mexicans hate the "gringos" intensely. You can just feel it in the atmosphere. They don't like the Americans and they don't mind letting the Americans know it. Most of them are in sympathy with Germany and Hitler today.

To spike his point, Jack related this incident. He and Bill Burleson had procured a room in one of the better hotels of the city, and it happened that they soon fell in with a bunch of the officials and employees of some of the oil companies whose properties had been expropriated by the Mexican Government last year. While there, Cordell Hull's proposal for arbitration of the oil muddle was submitted to the Mexican Government, and the news was relayed to Tampico. One of the oil men warned Jack and Bill that there would be something doing there the next day. And there was.

When they awoke the next morning, they discovered that there were no lights in the hotel—none in the

city outside. Then they pushed a button to call a bell boy. Nothing doing. After fully dressing they ambled out of their room and walked downstairs—the elevators were not running. They went out onto the street and every business house was closed up. Not a thing was doing.

The labor unions had gone on a strike in protest against the Hull arbitration proposal! Not only had they gone on a strike and closed the town up as tight as Dick's hat band but presently they staged a great labor parade.

"Imagine such a thing as that happening in one of our cities if you can", Jack thundered with a good deal more than usual warmth.

With eighty per cent of the people of Mexico living in inexpressible ignorance and poverty and with a bunch of communistic labor unions running the industries of the country, making the investment of capital too precarious for it to take the risk, and with a spirit of hatred for the people of our own country, Jack thinks the future for Mexico is pretty black. He doesn't pretend to know what will finally come of it, but it would not surprise him, we take it, if Mexico should blossom out any day as an open ally of old Hitler and Stalin.

But Jack surely did have a swell time wrestling with that five-foot tarpon until he finally landed the brute.

Rev. and Mrs. W. K. Horn of Post were here Wednesday attending the funeral of Mr. Tom Ellis. The preacher was unable to conduct the services on account of the condition of an eye, having undergone an operation for some kind of growth on this organ a few days ago.
