Tahoka, Lynn County, Texas, Friday, May 24, 1940

Number 41

## Tahoka's Population Increases Over 500

### Tahoka Clean-Up Campaign Is Under Way This Week

Will Pick Up Trash Tuesday Next Week

Today marks the beginning of Tahoka's annual clean-up drive, sponsored this year by the Tahoka civic clubs in coordination with the city, and the various clubs have already been at work distributing pledges and reminding citizens of the coming event.

Clubs behind the drive are the Rotary club, the American Legion and Legion Auxiliary, the PTA, the Phebe K. Warner club, the Business and Professional Women's club, the Girl Scouts and the Boy Scouts. The town has been divided into four zones and each zone is in the care of two clubs, and it is their responsibility to urge the persons living in these zones to cooperate.

The clubs cannot be successful without the cooperation of every civic minded citizen of Tahoka.

Each property owner and renter is urged to clean his premises, stack all cans, bottles, and other trash in a trash can or in sacks where it may easily be picked up and hauled off, to cut any weeds on their property and to rake up trash on the grounds. Owners of vacant lots are especially urged to clean the papers and other trash that may be collected there.

The trash will be picked up by men paid by the City at no charge to the individual on Tuesday, Wednesday and Thursday of next week. The drayman will be by every home one time during that period. Therefore all trash should be gathered and ready by Tuesday. After this week, no trash will be hauled free.

W. T. Hanes is in charge of the drive, and the central committee is composed of representatives from each of the civic clubs mentioned above, and of Deen Nowlin, mayor of Tahoka.

Such pieces of junk as old car bodies will not be hauled off by the City, but individuals or firms owning such property are urged to move them to the place provided for them outside the city limits.

Some of the persons hauling trash in the past have been dumping it on private property, the News is informed, and such violators are subject to prosecution for trespassing and damages if they are apprehended. Anyone dumping trash or junk should be sure that the location on which it is left is a public dump.

Reminders are being sent out during the week to citizens, so that it will be hard to forget the purpose of the period set for Clean Up.

### Wilson Graduates Nineteen Seniors

Nineteen students were presented diplomas of graduation from Wilson high school Tuesday night when the class presented a "socialized" program.

Lolote Evrage was valedictorian and Darlyne Egan was salutatorian. Tahoka people attending the exercises included Mr. and Mrs. John Evans, Mrs. Carl Griffing and Carl Jr., and Mrs. Lenore M. Tunnell and Savannah.

### Tahoka Drug

Tahoka Drug is in the process of installing Fluorescent lights—called Daylight lights in their drug store. These are the most modern type of lighting available, and are now in use in only three or four buildings on the South Plains.

When installed, Lum Haney said, their store will probably be lighter at night than in the daytime.

Also as an added feature, Mr. Haney has installed red leather stools and a foot bar at the soda fountain.

In the "Scrapbook" on an inside page there appears the statement that a bottle pickup sponsored by Tahoka Drug netted 2 bottles. This is erroneous. It should have read 2,000 bottles.

### Tahoka Round-Up Directors Elected

New directors for the Tahoka Round-Up Association were elected by business men Friday. From 74 votes cast, two old directors were re-elected and five new ones selected from a field of 14 names.

Old directors re-elected were Wiley Curry and R. W. Fenton, Jr. New directors are J. K. Applewhite, John Chandler of T-Bar ranch, A. H. Raborn, Tom Anderson and Bill Burleson.

In a meeting held at the courthouse Friday, these directors were nominated and plans discussed for this year's rodeo in August.

New directors are expected to meet presently to make further plans.

### Govt. Employees In New Building

Although the finishing touches have not been made to the interior of one compartment of the new Government building here, together with their assistants and county agent Don Turner, and A. A. A. supervisor C. A. Lawrence, to employees, moved into their new offices in this building last Saturday afternoon.

The entire interior of the old portion of this building has been remodeled and redecorated and the new portion is being given a beautiful interior finish, making this a most attractive building. In fact it is ideal for the purpose for which it was designed.

Some moves have also been made in the courthouse. Jack Welch, Farm Security Administration supervisor, and Miss Ovel Lytle, Farm Security Home supervisor, have moved their offices from the third floor down to the offices vacated by the county and Triple-A agents.

The county health department, with Mrs. Gladys Davis as nurse and Mrs. Mayfair Davis as clerk, have moved into the former F. S. A. offices, situated across the hall from the district court room.

### Light Shower Fell Wednesday

A light shower amounting to 3/8 of an inch fell here Wednesday afternoon and night. It did not extend far east of Tahoka, however, and many points in the county have received no rain. Other localities have been visited by light showers this week.

These showers have been very helpful in the territory covered, but the country needs a general rain.

### Felts Is Elected At Aspermont

Joyce H. Felts, director of band in Tahoka high school the past two years, has been elected county supervisor of music in Stonewall county. In addition to supervising music studies, he will be band director at Aspermont, Swenson, Old Glory, and Peacock.

Mr. and Mrs. Felts and children left this week for San Saba where they will visit relatives a few days. From there they expect to go to Corpus Christi to spend a few weeks.

### THE K. WARNER CLUB HAS NEW CLUB BOOK

The News this week has printed the new 1940-'41 Phebe K. Warner Club book containing programs, officers, constitution, and other such club data.

Many of the programs for next year deal with the general subject of "Mexico".

Anybody can yell More Mileage!

### Three Teachers Elected Tuesday

Three new teachers were elected by the school board Tuesday night to fill vacancies in next year's faculty. Two vacancies are yet to be filled, that of assistant coach and high school math teachers and that of a new position of commercial subjects.

John Hamblen, Abilene, with two years teaching experience, will be the new band director and science teacher and will take over his duties here July 1. He is a graduate of Sweetwater high school, of 1933, received a B. S. degree from McMurry College in 1937, and has done post graduate work at Hardin-Simmons. He has taught two years, one at Bronte and one at Stanton. Mr. Hamblen is married and has one child. He succeeds J. H. Felts, who goes to Aspermont as director of music of Stonewall county schools.

Mrs. Stella Duke, who has been teaching eleven years, the last four at Wingate, will be a new primary teacher succeeding Miss Lucille Collier, who resigned several months ago to accept a position in Lubbock schools. Mrs. Duke holds a B. A. degree from Howard Payne and has done post graduate work at North Texas State Teachers. She has a 15-year-old son, and is a sister of Mrs. Lloyd Edwards of this city.

The third new teacher will be Mrs. Louise Wyatt, wife of Pontain Wyatt, who taught one year at Three Lakes and has taught the past nine years at O'Donnell High, and holds a B. A. degree from Texas Tech. She will teach one of the divisions of the second grade.

### Minor Winner Southwestern AAU

Max Minor, Tahoka High athlete, participated in the Southwestern A. A. U. track meet at North Texas State Teachers College, Denton, on Monday and Tuesday night of this week, and will this Saturday participate in the Southern A. A. U. at Baton Rouge, Louisiana. In each case he was the guest of the school entertaining the meet.

Though ill while participating in the Denton meet, Max took first place in the 220 yard dash and second in the 220 low hurdles in the junior division, and carried away first place in the 220 low hurdles and third in the 100 yard dash in the senior division. His time on the first 220 hurdle event was only 25.5 and on the second 24.3, both of which are higher than his ordinary time. Max holds the state record and jointly holds the national record for school boys in the event at 23.5 seconds. He is now eligible to participate in the National A. A. U. at Fresno, Calif.

Minor was accompanied to Denton by Principal Lee Dodson.

### State Transportation Aid Is Received

State transportation aid funds for schools of Lynn county, totaling \$3,882.00, were received this week by Mrs. Lenore M. Tunnell, county superintendent.

This represents 25% of the net grant of \$13,926 for Lynn county. Six thousand five hundred sixty-two dollars were received some time ago, and 15 or 20% is expected to come later. The schools will receive 90 or 95% of the total this year.

### Awards Presented Students At Closing of City Schools

### Scouts Attending Camp at Post

Enrollment in the first of the one-week encampments making up the Boy Scout summer camping program for South Plains council at Camp Post totals 112 boys, it has been reported.

Attending from Tahoka are A. R. Milliken, Assistant Scoutmaster, who is in charge of crafts, L. A. Forsythe, Campmaster, and the following Scouts: H. B. McCord Jr., Sonny Roberts, Billy Joe Oliver, Claude Slover, Bobby Weaver, Billy Penning, Edwin Jolly, Joe Bob Nixon, Jeff Jones, Bobby Fults, Ovid Lullain, Bobby Scott, Dan McGlaun, Gordon Gooss, William P. Bennett, Ollie Green and Wayland Hughes.

The local troop, number 21, is sponsored by the Rotary club.

### Garrard Speaks At Rotary Club

Tom Garrard, Tahoka's director in the West Texas Chamber of Commerce and acting secretary of the local chamber, was the principal speaker at Thursday's meeting of the Tahoka Rotary Club. He told of the work of the West Texas organization in lowering freight rates and its plans for a drive for a more equitable representation in the Texas legislature and for a fairer share for West Texas schools of the state apportionment. He also emphasized the need of an active Chamber of Commerce in Tahoka.

R. P. Weathers explained the city wide clean-up drive now in progress in Tahoka. He said fine co-operation was being had from organizations and individuals.

Visiting Rotarians were Lawrence L. Barber of Seagraves, Henry Dean of Sweetwater, Dr. Brunage of Brownfield, and Dean Robinson of Post. Frank Farmer of the district census office in Lamesa was the guest of Harley Henderson.

### Seniors Visited Carlsbad Caverns

Seventeen Seniors of Tahoka high school, their sponsor and wife and three parents, left Saturday and returned Tuesday night on their annual tour in New Mexico. They went to Carlsbad by way of Brownfield and Plains.

On Sunday the group went through the scenic Carlsbad Caverns and Monday they drove on to Roswell and above, returning by Clovis, Muleshoe and home.

Sponsors were Mr. and Mrs. V. D. Armstrong, Mrs. W. H. Fulkerson, Mrs. H. A. Maasen and E. J. Cooper were the parents who went.

Colonel Boles publicly commended the class and past Tahoka school groups for their good behavior while going through the caverns.

C. B. Jones, who formerly operated the Tahoka Hotel here while in the possession of a trust company, has purchased the Plaza Hotel in W'ar'ton. Mr. H. Brushier of Austin, informed the News.

The hotel was purchased from the Income Service and Investment company, of Austin.

### Dr. Meyer Speaker At Final Exercises

Thirty-three Tahoka High School seniors received diplomas of graduation last Friday night at the final exercises of this year's school term. Graduates were certified to by Principal Lee Dodson, and Board, President Henry Maasen presented the diplomas. Awards were also presented many students for outstanding work during this school term.

The address was brought by Dr. A. M. Meyer of West Texas State Teachers College, Canyon, and his words were of much inspiration to the class and to the audience which filled the auditorium almost to capacity.

The salutatory address was by Miss Annie Pearl Roberts of the New Lynn community, and Miss Icaphe Stephens of Midway, who made highest honors, gave the valedictory address.

Misses Greta Joyce Applewhite and Jocelyn Maasen played the professional, Judge P. W. Goad pronounced the invocation, Misses Mildred Cooper and Julia Snowden of the class sang a duet, and Seniors Herbert Womack, Paul Cox, Lynette Tinsley and Jennie Jo Reeves rendered an instrumental number. E. J. Cooper pronounced the benediction.

Supt. W. T. Hanes, in charge of awards, introduced Judge Goad, who representing the Rotary Club, presented the club's second annual "distinguished service to the Tahoka schools" medallion to Frank P. Hill, former president of the board.

Other awards presented by the Rotary Club were for:

Freshman scholarship: Miss Peggy Fenton;

Sophomore scholarship: Miss Mary Beth Roddy.

Junior scholarship: Eleanor Dudgeon.

Senior scholarship: Miss Icaphe Stephens.

All-round high school boy: Earl Adams.

All-round high school girl: Miss Annie Pearl Roberts.

Medals were also given the valedictorian and salutatorian.

Max Minor was introduced as the highest in scholarship among the boys and as having the best four year scholarship record of any student of the class.

"T" awards were also made to numerous other high school students whom the News hopes to give mention to next week.

### Oldtimers Plan June Meetings

Preliminary plans for the annual Lynn County Pioneer's Association meeting were made by officers Tuesday morning. The reunion will be held on June 24 this year, and one or two speakers of state-wide prominence will probably be on the program.

J. D. Donaldson is president of the organization, W. H. May is vice-president, and Truett Smith is secretary.

James Minor graduated from Howard Payne Wednesday night with the highest honor, with an average of 93 plus, the News is informed.

### Tentative Figure Is Set At 2124, Director Reports

The population of Tahoka is 2,124, according to the preliminary count furnished the News by A. G. Beardson, of Lamesa, census supervisor for this district.

This is an increase of a little more than 31% over its population in 1930, which was then 1,620.

The population of O'Donnell, according to the same authority, is 1,131 against 1,026 ten years ago, an increase of 10 1/4%.

Post shows a population of 2,039 against 1,668 in 1930, a gain of approximately 22 1/4%.

If the people living just outside the city limits of Tahoka who are really a part of the town's population could be counted, our population evidently would be in the neighborhood of 2,250.

Not counting these, however, our increase in population during the past ten years has been 504.

New buildings and improvements in the town, both in the business and the residential sections, have far outstripped the increase in population. While the population increase has been 31%, there has been probably a 100% increase in the appearance of the town, and with the completion of the paving program now underway, the appearance of the town will be further greatly enhanced.

Tahoka has had no boom but its growth has been steady and substantial. And the prospects for the future are bright.

### Many Attended WPA Meeting

"This Work Pays Your Community Week" got off to a good start when 231 people attended the "Kick Off Night" program in the grade school gymnasium in Tahoka Monday night.

The first half hour of the program was devoted to a radio program on which Commissioner of Works Projects F. C. Harrington and President and Mrs. Roosevelt spoke.

But, though Kenneth Reid, an expert with radios, gave all the assistance possible, the program could not be heard clearly enough, due to the static, to hold the general interest.

Waldo McLaurin, county commissioner from the O'Donnell precinct, who was master of ceremonies, then directed the local program which opened with an invocation by Rev. George E. Turrentine. "America" was sung by the audience, followed by a talk by Postmaster W. E. (Happy) Smith. Mr. Smith, who was county judge when Lynn county first adopted this plan of furnishing employment to the citizens, gave an interesting history of the W. P. A. work in the county. After another song by the audience, P. W. Goad, county judge, made an interesting report on what W. P. A. is doing today.

A report on the library project had been prepared but the Chairman thinking that no one was present to give that part failed to call for it. But many who have kept in touch with that phase of the work assure us that much that is worthwhile has been accomplished by the Library Project.

Miss O'Bera Forrester injected some merriment into the program when she conducted a quiz, much like the radio programs, on "Have You Heard This One?"

The program was closed with a prayer by Rev. Geo. A. Dale, after which refreshments were served to all.

Mrs. Irving Stewart was pianist and G. W. Simmons was song leader for the program.

Calloway Huffaker delivered the commencement address to the graduates of the Draw-Redwine seventh grade at Draw last Friday night. He reports that there were 26 members of the class.

## Our Reply to Charley Guy . . .

(An Editorial)

Our esteemed friend, Charley Guy filled his column in the Lubbock Journal of Tuesday afternoon and the Avalanche of Wednesday morning with a reply to an editorial appearing in the News last week taking him to task for his claims as

the champion rider of the neutral fence.

Without quoting our editorial or giving even a brief statement setting forth the substance of it, leaving his readers in the dark as to what we had really said, he proceeded to pose as a martyr for the cause of peace and to depict this editor as one of those excited, frenzied indi-

viduals, who have been swept off their feet and lost their heads as the result of British propaganda, and are doing their best to lead this country into war.

Of course his entire editorial in this respect was wholly misleading.

# New Industry Is Developed Here By Jay Moore

As the outgrowth of a little experimentation begun two or three years ago, Jay W. Moore of the New Home community is planning to install a pea curing and processing plant here this summer or fall with the expectation of processing many tons of peas grown throughout this entire section of the state.

A large company with which he is lined up will handle the processed peas, shipping them to almost all parts of the United States. The business has wonderful possibilities and may grow into a big enterprise.

With Jay this is no mere experiment. Two or three years ago he began growing peas on a part of the land on which he could not plant cotton. Last year he had 170 acres in peas and he found it to be a most profitable crop.

In order to harvest this and other crops in this territory, Jay bought a pea-harvesting combine, and with this machine he harvested more than 1,200 acres of peas during the summer. Jay says that he did not pay a cent cash for this combine but paid it out within a month's time.

This machine goes down the rows gathering the pea vines and threshing out the peas in much the same manner as a wheat combine operates. But necessarily much trash is left among the peas, and this trash has to be removed before the peas are ready for domestic use. These peas also must be treated so as to prevent damage by weevils.

With the backing of the big company mentioned, Jay proposes to establish a re-cleaning unit and fumigating plant in Tahoka, if a suitable building can be procured. At this plant practically every particle of trash will be removed and the peas will be fumigated so as to prevent weevil infestation.

Jay says the raising of peas is far more profitable than the raising

of feed. Some farmers last year made as much as \$28.00 per acre on their peas. His threshing operations extended from as far as Littlefield on the north to San Angelo and Odessa southeast and southwest.

Jay has this year planted 200 acres in peas and will plant no feed at all. His peas are up and looking nice.

Not only are peas more profitable than feed but peas are a soil-building crop instead of a soil-depleting crop. They enrich the soil.

Furthermore the vines and the defective peas make excellent feed for all kinds of live stock. The greatest drawback heretofore in the raising of peas has been the lack of a market. With his re-cleaning and processing plant, he will make the markets of the entire country available to the local farmer.

The raising of peas, Jay thinks, will prove to be the solution of the difficulties encountered by the cotton-and-feed farmer.

The plant here will require a floor space, including storage rooms, of 10,000 to 15,000 square feet.

## THREE GRADUATES IN GILES FAMILY THIS YEAR

It is not often that three members of the same family graduate in as many different schools in the same year; but that is the record soon to be made in the family of Mr. and Mrs. J. A. Giles of Redwine.

On Wednesday of last week, their son Bruce received a B. S. degree from the Panhandle A. & M. College of Oklahoma.

Miss Maurice, their daughter, will receive a B. A. degree from the Texas Technological college on June 1.

Donald, a younger son, graduated at the Draw - Redwine high school with the honors of his class on Thursday night of last week.

Bruce is expecting to enter the ministry, and he filled the pulpit of the Redwine Baptist Church for the first time Saturday night. He plans to enter the Baptist Theological Seminary in Fort Worth next September.

Miss Maurice has been elected as teacher of English in the New Home high school for next year.

And Donald will enter college. Where is there another family that can surpass this record?

Mr. and Mrs. S. H. Howell of this city and his son, Babe Howell, and two children of Seminole, left Monday for Columbia, Tennessee, where they expect to remain several months. Mrs. Howell has relatives there. The News will follow them to their new address.

## Speaking Schedule For Candidates

The News has been requested to publish the following revised schedule of speakings by county and precinct candidates. District candidates are invited. Speaking dates have been announced as follows. All speaking dates are at night.

Thursday, May 30, Hackberry.  
Friday, May 31, Newmoore.  
Tuesday, June 4, Dixie.  
Thursday, June 6, New Lynn.  
Friday, June 7, Garnolia.  
Tuesday, June 11, Grassland.  
Friday, June 14, Three Lakes.  
Tuesday, June 18, Morgan.  
Friday, June 21, Draw.  
Tuesday, June 25, Lakeview.  
Friday, June 28, West Point.  
Tuesday, July 2, Gordon.  
Friday, July 5, Open.  
Tuesday, July 9, New Home.  
Friday, July 12, Open.  
Tuesday, July 16, Open.  
Friday, July 19, Wilson.  
Tuesday, July 23, O'Donnell.  
Friday, July 26, Tahoka.

Mr. and Mrs. J. B. Lowe of Carlton, Hamilton county, and Mrs. Lowe's sister, Mrs. A. L. Farris of Howe, who have been here visiting G. W. Hickerson and family and other relatives left the first of the week to visit a daughter, Mrs. J. C. May, at Clovis, N. M., after which they will visit relatives at Canyon, and their daughter, Miss Marlie, who is teaching in Amarillo, will accompany them home.

## NEW LYNN GIRLS' PLAY DAY - WINNERS NAMED

Top honors was carried off by Doris Duckett, New Lynn freshman student in the Girls' Play Day at the New Lynn school, last Friday, May 17th.

Miss Duckett won first place in volley ball, basketball and play ground ball, and second place in tennis doubles, according to J. B. Bollin, superintendent of the New Lynn school.

Students in the local school and any girl in the community who wished to participate in the play were permitted to enter. Approximately 60 girls entered the contests.

Other winners were: Gladys Carter, sophomore student in the local school, won second sweepstakes honor, placing first in basketball, tennis doubles and the 100-yard dash, and second in volley ball and play ground ball.

Clara Gene Scruggs, an ex-student of New Lynn, but now a junior in the Tahoka high school, won third, placing first in volley ball and basketball and second in play ground ball.

Doris Duckett massed 48 points; Gladys Carter, 45, and Clara Gene Scruggs, 40 points.

Winners in the various events, in order in which they placed were:

Deck Tennis—Pearl Fleming, Win-hell Meeks and Ima Lou Newman.  
Jacks—Bonnie Mae Bain and Tennis Belle Holcomb, Thema Mae Brooks and Audra Mae Thompson, Mozelle Richards and Opal Ruth James.  
Broad Jump—Ima Lou Newman,

## Visitor Here Takes Trees and Flowers Back to East Texas

Mr. and Mrs. W. O. Robertson had as their guests last Friday night Mrs. Era Schmidt of Lubbock and Mrs. Mae Masters of Mt. Pleasant, friends of long standing.

This was Mrs. Masters' first visit to Tahoka and she was so delighted with the fine Chinese Elm trees and the wealth of petunias she found thriving here that she dug up some of the baby trees that had recently come up and some of the petunia plants and took them home with her to see if they would live and thrive there.

While petunias do grow and bloom lavishly here there are many other garden flowers that are more beautiful. In fact, we know of no place where there is a greater variety of gorgeous garden flowers than may be found almost any year in Tahoka.

Dollars—Odessa Young and Geneva Withers, Irene Spears and Virginia Terry, Anna Jean Carpenter and Dessie Brooks.

## Wynne Collier, Druggist

Wynne Collier, druggist, is for sale and recommended by

## Alka-Seltzer

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate). Your druggist sells Alka-Seltzer in handy packages and by the glass of his soda fountain. Try it.

## Embarrassing

Acid indigestion, Gas on Stomach, Heartburn, are usually caused by injudicious eating or drinking. Try Alka-Seltzer for relief.

Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate).

Your druggist sells Alka-Seltzer in handy packages and by the glass of his soda fountain. Try it.

## Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

**SERVEL ELECTROLUX**

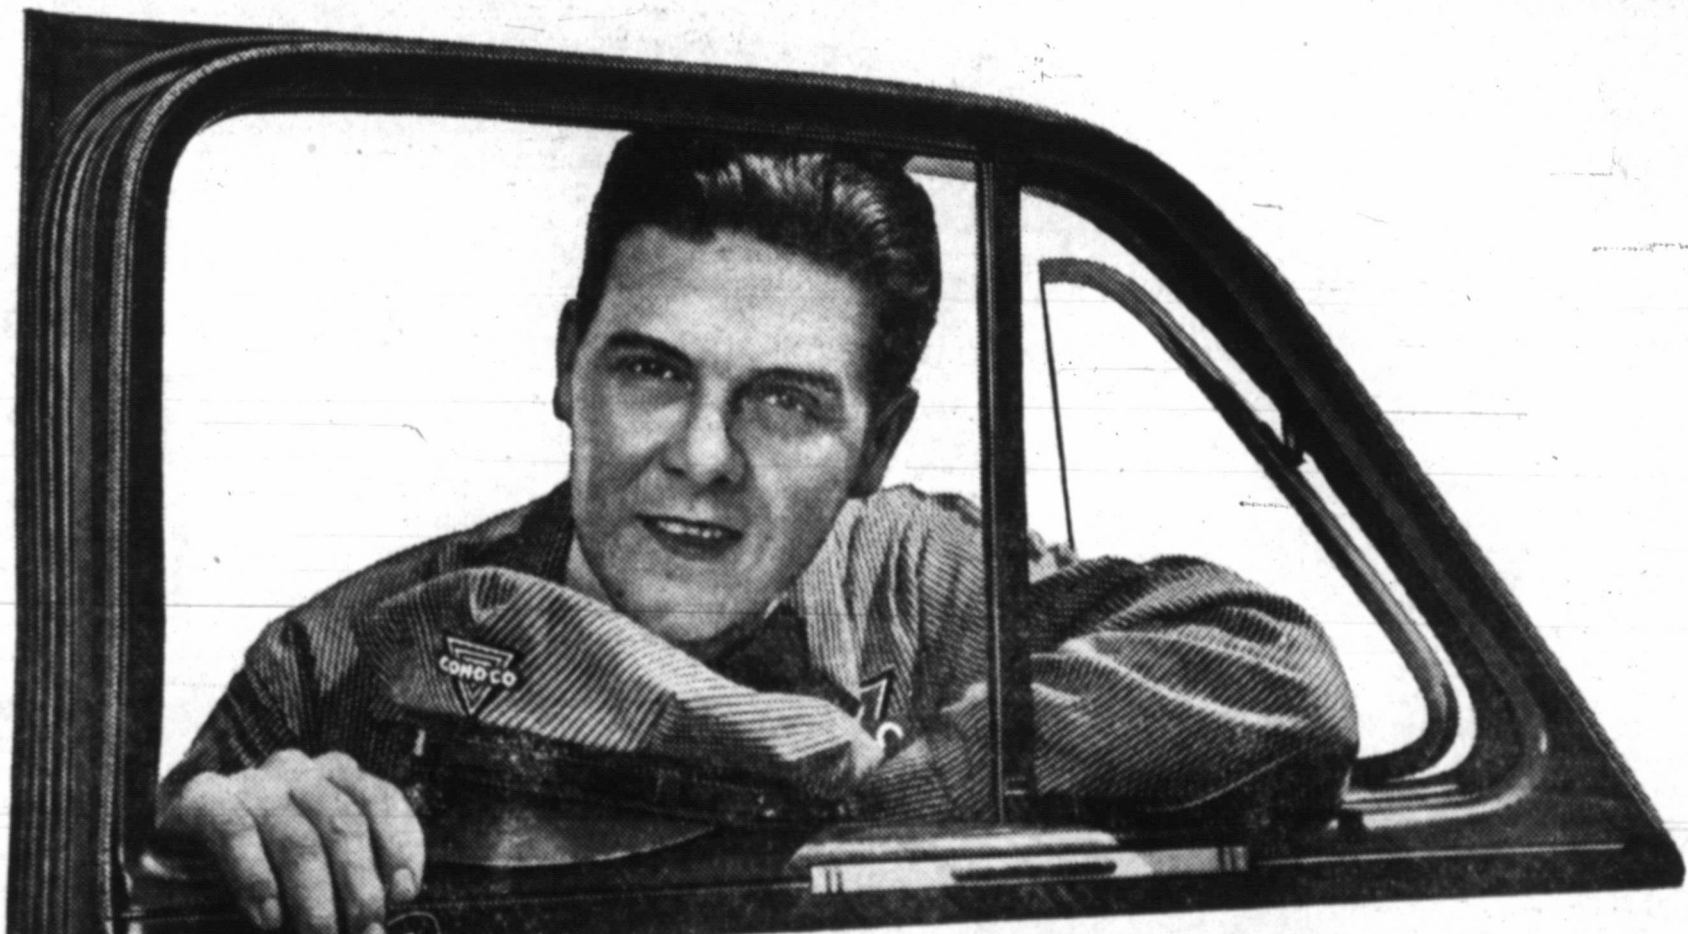

What do OWNERS say about it

**SAYS MRS. D. S. KAUFMAN, ABILENE, TEXAS:**

"A representative of the local Servel Electrolux dealer recently asked us to trade-in our 11-year-old model. We declined, for it is still giving us the same economical, silent and trouble-free refrigeration it did the day it was installed. It has been in constant use—costs to operate only a penny or so per day—the same as when new."

- NO MOVING PARTS
- CONTINUED LOW OPERATING COST
- PERMANENT SILENCE
- MORE YEARS OF DEPENDABLE SERVICE
- SAVINGS THAT PAY FOR IT

I cannot tell a lie about Conoco Bronz-z-z gasoline mileage... because you can get the truth yourself from

# YOUR MILE-DIAL... FREE

FREE NOW AT ANY CONOCO station, Your Mileage Merchant will instantly install your certified Conoco Mile-Dial—that dares to let your own eyes see all the mileage you get from your Conoco Bronz-z-z gasoline.

CREATED TO KEEP SCORE of gasoline mileage—truly—for every wide-awake consumer, the Mile-Dial fearlessly proves that Conoco Bronz-z-z doesn't depend on your imagination—doesn't need "lucky breaks" to make its mileage showing.

YOU CAN KEEP ON proving your true Bronz-z-z mileage every which way... in wild city traffic—and way out "in the wilds"... on hot days—and on cool days... hustling—and loafing... climbing—and coasting... bucking headwinds—riding tailwinds... going 100 miles—or 1000 miles.

THAT'S THE TRUE WAY to check your mileage... checking till you're sure you haven't let Bronz-z-z duck the toughest conditions... rechecking all you please, by this easy, free, precision Mile-Dial method.

THE MORE ACCURATELY mileage is figured the better for Conoco Bronz-z-z. The more continuously mileage is figured (so as not to "shade" the result by happenstance) the better for Conoco Bronz-z-z. That's why Continental Oil Company invented the Mile-Dial for you. It's yours from Your Mileage Merchant—free. He's game to furnish you with this guess-proof way of making up your own mind that Your Mileage Merchant strictly means Mileage. See him today for your Conoco Bronz-z-z Mile-Dial—FREE. Continental Oil Company

Instantly installed by Your Mileage Merchant—or by yourself—the Mile-Dial doesn't mar anything. No memory work, no heavy arithmetic, using the Mile-Dial. Makes it fun for you to be a gas-miser.

**MRS. CLAUDE ROPER HOSTESS TO NEW LYNN H. D. CLUB**

"Cooked meat should be stored differently in refrigerator from that of uncooked meat", stated Miss McNatt, Home Demonstration agent, at the meeting in the home of Mrs. Claude Roper Tuesday, May 7th. Cooked meat should be partially covered and kept at a temperature of 48 to 50 degrees Fahrenheit. This partial covering is used to prevent drying. Cooked meat should not be allowed to remain in the refrigerator for a long period of time, but should be used in two or three days. Ground meat and such as that used in croquettes and loaves should also be used quickly. Meat should never be ground when warm. Members present were Mesdames Claude Roper, C. B. Caveness, Susie Bartley, Doyle Terry, Clyde Holcomb, Newman Bartley, Roy Kelley, Barton, Bernice Bingham and Miss McNatt, H. D. A. visitors Mrs. F. S. Barton & Coleman, Mrs. Everett Smith, Mrs. Guy Smith and Mrs. Caswell of New Lynn. The next meeting will be with Mrs. C. B. Caveness, Tuesday May 21st.

**NEW LYNN H. D. CLUB HAS HEALTH PROGRAM**

The New Lynn H. D. Club met with Mrs. Caveness May 17 at 2:30 P. M. We were fortunate in having Mr. Ray of the Health Department and Mrs. Davis, the county nurse, with us. Films were shown on tuberculosis and syphilis, which were very educational. Members present were Mesdames C. B. Caveness, Winkler, Doyle, Terry, Paul Walker, R. W. Barton, Bernice Bingham, Susie Bartley, Roy Kelley, Newman Bartley, Carl Stone, Clyde Holcomb, and Dick Bailey. Visitors were Mesdames Boles, Nig Cockerin, W. A. Hardt, Billy Cook, Mr. Ray and Mrs. Davis. The next meeting will be with Mrs. Newman Bartley Tuesday, June 4 at 2:30 P. M. Visitors are welcome.

**HOLT RESIGNS AS PASTOR AT CENTRAL BAPTIST**

Rev. Elmer Holt, pastor of the Central Baptist church eleven miles east of Tahoka, has accepted the call of the church at Bryson in Young county and will begin his work there on June 1. He is already serving as pastor at Jean in that county. He will tender his resignation to the Central Church next Sunday morning. He has been pastor there for almost three years.

**J. B. KEEVER SERIOUSLY ILL AT DAUGHTER'S HOME HERE**

J. B. Keever, 88, pioneer business man of Tahoka, who has called Lubbock his home for the past several years, is now seriously ill here at the home of his daughter, Mrs. L. E. Bigham, having suffered a stroke of paralysis Sunday. He is said to be in a coma and little hope is entertained for his improvement. Mr. Keever opened a general mercantile business here in 1912 and remained in business here for several years. Mrs. Keever died four years ago, since which time Mr. Keever has resided with his children. C. D. Keever of Lubbock, who also was formerly in business here, has been at his father's bedside most of the time since he became ill.

**ANGLIN'S TRIP**

Mr. and Mrs. W. S. Anglin and children, Roy, Dama, Lenore and Mrs. Chas. Nelms and baby, went to Comanche County Sunday to visit relatives, and were accompanied home on Tuesday by Miss Estelle Anglin. Miss Estelle will make an extended visit here while recuperating from injuries suffered in a car accident recently. While there Mr. Anglin visited the F. M. Billman family at DeLeon. He found them enjoying farm life. Their son Levi who has been with them since Christmas, had just left to accept a position in Dallas where Joe Bob has been employed for a year or so.

**HARRIS VISITORS**

Mr. and Mrs. W. M. Harris went to Sweetwater last Thursday to accompany Mrs. Harris' sister-in-law, Mrs. L. E. Young of Dallas and Sulphur Springs who was enroute home after visiting here for ten days.

Before coming here Mrs. Young had visited in the home of her son Robert Young and family in Pecos. Mr. and Mrs. Robert Young brought her to Tahoka and also visited briefly, in the Harris home.

Miss Ruth Suddarth, who has been teaching in the Muleshoe Grammar Grades this past year, is home for a brief vacation before the summer session at WTSTC in canyon begins. She will work on her M. A. there, returning to Muleshoe in September.

Tune in on more profits. 11c.

**OPPORTUNITY KNOCKS!**

A young lady told me this week  
that one more remark out of me and  
she would tell me where to go... and  
take my newspaper with me... Say,  
that might be an idea. It might work.  
That place has a large population,  
and so far as I know, no newspaper-  
man has ever gone there.

It would be a great opportuni-  
ty... plenty of back shop prin-  
ters and linotype operators to  
help... plenty of politicians to  
furnish copy... and everyone  
in the place a devil. And as far  
printing equipment—say there  
isn't a press or linotype in the  
world that hasn't been consign-  
ed there.

Oh, oh, just happened to think. I'll  
bet there'd even be fellows there who  
could write the church notes.—Roy  
Hahn in the Briscoe County News.

Sentiment in favor of the Nation-  
al Defense program suggested by  
President Roosevelt seems to be al-  
most unanimous in this country. The  
Roscoe Times is wondering why we  
did not have enough foresight to de-  
vote some of our work programs to  
the building up of our defenses.  
"Billions have been spent in an ef-  
fort to lift ourselves by our boot-  
straps out of the depression by pro-  
viding work programs and few of  
work program dollars have been  
spent on national defense", says the  
editor in his front-page column. "We  
have our 'hindsight'. Now for the sake  
of our beloved free America let us  
use our 'foresight' at once to begin  
an armament and fortification pro-  
gram that will at great speed make  
us too tough to touch. An armed  
peace is the only peace!"

The United States has built no  
fortifications along our border for  
the reason that we have always felt  
that we needed none. With peaceful  
and friendly Canada on the north and  
weak Mexico on the south and an  
ocean on each side of us, we have  
felt secure from attack from any  
quarter. We have regarded the At-  
lantic as a sufficient fortification a-  
gainst any of the aggressor nations  
of Europe and the Pacific as our bul-  
wark against "the yellow peril" of  
the Orient. Perhaps we have been  
right. Perhaps, with a great navy  
and an air force as good as the best,  
if and when ours become such, these  
will be all the fortifications that we  
will ever need. But surely our coast  
and border cities should be amply  
protected in some way against possi-  
ble air or naval attacks from any  
power that might succeed in reach-  
ing our shores or borders.

Many young men and young wom-  
en, with each week-end, are now  
receiving diplomas from various  
high schools throughout the country.  
Many of them will go to college, but  
for others, school days have closed.  
They need not stop their education,  
however, simply because they have  
stopped going to school. Those that  
have energy and ambition will con-  
tinue to learn. They will broaden and  
deepen their knowledge by a wide  
range of reading. Also, they will  
continue to learn by observation and  
study of the things they see about  
them. Some of the best educated  
people we have ever known are peo-  
ple who attended school very little.  
For the real student whose schooling  
ends with the end of the high school,  
his education has really just begun.

The indications are that Presi-  
dent Roosevelt will be nominated by  
the Democratic National Con-  
vention on the first ballot for a third  
term, unless he indicates before-  
hand that he will not accept the  
nomination. If he is nominated and  
accepts, the chances are about ten  
to one that he will be re-elected.  
Whatever just criticism may be made  
of his policies, no one can deny that  
he has brought the government clos-

What's a Conoco Mills Dial? 1c

er to the people than any other  
President in our history. It touches  
the lives and the welfare of every in-  
dividual in this nation in a way that  
it has never affected them before.  
Roosevelt has practically revolu-  
tionized the relation of the federal  
government to the individual and  
he will go down in history as one of  
the very greatest of our Presidents.

In wanton cussedness Nero burn-  
ed Rome. A modern invading army  
leaves nothing but death and des-  
truction in its wake. If all the crim-  
inals in America were turned out of  
prison and told to rob and murder  
and destroy to their heart's content  
they could not do a tenth as much  
damage in a year as a modern army  
can do in a week. The man who de-  
liberately makes war for gain of  
power or fame or for any other pur-  
pose except to defend himself or  
other defenseless people is worse  
than the meanest criminal ever  
hung. May America never be domi-  
nated by an arch criminal.

Conoco Bronz-z-z reports its own  
mileage. 1c.

**HALE AND HENDERSON  
NOW HALE AND HEARTY**

Two candidates for office in Lynn  
county who on account of accident  
and illness were not able to do any  
campaigning for several weeks are  
on the streets and out in the country  
precincts again interviewing the  
voters.

Tom Hale, candidate for sheriff,  
who suffered a broken bone in the  
foot from the kick of a calf and was  
laid up in bed several weeks, was on  
the streets, on crutches, again last  
Saturday.

W. O. Henderson, who spent some  
time in a hospital and then was con-  
fined to his home for several weeks  
on account of an operation for an  
affection of the knee, has also been  
out for several days.

Mr. Henderson is a candidate for  
county commissioner from precinct  
No. 1, which includes the northeast  
quarter of the county.

Both these gentlemen say that they  
are now feeling fine and expect to  
be active in the campaign from  
here on out.

**REV. AND MRS. B. N. SHEPHERD  
VISIT FRIENDS HERE**

Rev. and Mrs. B. N. Shepherd of  
Hobbs visited briefly here with a  
number of friends Tuesday. The Rev.  
Shepherd was pastor of the Bap-  
tist Church here for five years and  
during that time the basement of  
the church was constructed. He and  
Mrs. Shepherd had their first op-  
portunity to go through the com-  
pleted structure Tuesday.

They report that a large and at-  
tractive new church is now being  
completed at Hobbs. In fact the  
church is already worshipping in the  
new building.

**Y W A SUPPER**

The Young Women's Auxiliary of  
the First Baptist church enjoyed a  
supper in the home of Mrs. J. K.  
Applewhite, sponsor, Monday night.  
Following the repast, Mrs. Apple-  
white taught from the book, "Give  
Ye Them To Eat", the subject of a  
study course the members have been  
taking. The course will be conclud-  
ed next Monday night.

Present were Misses Nellie McLe-  
roy, Bernice Edwards, Valerie Wells,

Wanda Dyer, Pauline Owens, Lorene  
Reese, Joe Belle and Robble Mill-  
iken, Dorothy Jean Applewhite and  
Mrs. Applewhite.

**ATTENDS FUNERAL

**ROSS HARDIN IS CANDIDATE FOR RAILROAD COMMISSIONER**

The News is requested to announce this week that Ross Hardin of Prairie Hill, Limestone county, is a candidate for state railroad commissioner to succeed Lon A. Smith whose time will expire.

Mr. Hardin has been a champion of legislation for the old and the infirm people of this state for years. He has won the undying affection and support of most of the aged in his district as well as those in other parts of the state who have become familiar with his record.

Mr. Hardin has a number of friends in this county, including the Currys and the Thompsons of Tahoka, who knew him and other members of the family in Limestone county. They speak in highest praise of him.

He will probably visit Tahoka some time before the election.

**McCord Makes Announcement**

ROLLIN MCCORD

TO THE CITIZENS OF THE 106th JUDICIAL DISTRICT OF TEXAS

In making my formal announcement I trust that you will grant me this opportunity to acquaint you with my qualifications for an office which is vital to the happiness and safety of you, your loved ones, your homes, and your community. This important office is that of District Attorney of this District, comprising of Garza, Lynch, Terry, Yoakum, Gaines and Dawson counties.

I am married, 36 years of age and have lived most of my life on a farm. I came from Baylor county, Texas to Lynn County in 1916. I attended the public schools of these counties and received my legal training in Southwestern University of California; there I earned my own way during the three years I attended that Institution.

In 1936 the good citizens of Lynn County honored me by electing me their County Attorney, the office which I now hold; I was elected for a second term without opposition. During this time, I have taken advantage of the opportunities which this office affords by continually studying and preparing myself for advancement. I have gained valuable experience in the trials of both civil and criminal cases in all our courts, having worked with each Grand Jury and assisted in the trial of Felony cases.

I deeply appreciate the confidence of my many good friends throughout this district and I trust that you whom I have not had the pleasure of meeting, will investigate my record as an honest citizen, as a practicing attorney and as a public official of this county. I sincerely believe I am qualified to perform the duties of the high office to which I aspire and know I am courageous enough to administer the duties thereof for the cause of right.

When serving as your District Attorney, it shall never be said of me that I persecuted the poor and defenseless in order to make a record for myself or the office for which I am asking. I pledge fairness to all who come before me, whether they be rich or poor, high or low; that the guilty shall be punished and the innocent go free.—Respectfully submitted, Rollin McCord of Lynn County, Texas.

**TRUMAN BALCH INJURED IN ACCIDENT**

J. T. (Truman) Balch, candidate for commissioner in Precinct Four is recovering at his home at New Home from a very painful injury suffered from a Dallas late last week.

Truman was in Dallas loading some gin machinery for removal to Phoenix, Ariz. As the heavy parts were being loaded a piece swung around and struck Truman in the lower part of the back. With a driver, and by stopping over-night on the way, he arrived home Sunday. Monday he was X-rayed at a Lubbock hospital where it was found that one or more vertebra was fractured. They put him in a body brace and let him return home.

**Need Laxative? Take All-Vegetable One**

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

**NEW HOME F. H. A. SUMMER WORK**

A business meeting of New Home Homemaking students was held May 16, 2:00 o'clock p. m. for the purpose of electing new officers for the Chapter. They are as follows:

Pres., Bobby June McCormick; Vice-pres., Earlene Hale; secretary, Treasurer, Catherine Ball; Reporter, Jaunita Anderson; Parliamentarian, Wilma Doris Crews; Song Leader, Estell Perry; Pianist, Thelma Ruth Strain.

Each girl gave a short summary of the work they had done on summer projects. Some of the things included in this type of work is the making of quilt tops, wardrobe construction, improvement of the yard, and food preparation.

Following the business meeting the girls present and the following guests enjoyed picnic at Lubbock park. Special guests were Miss Pickett, Mrs. L. R. McCormick, Mrs. J. B. Edwards, Loveta Izard, and Eudania McCormick.

The next entertainment is planned cooperatively with the F. F. A. boys.—Reporter.

Carson Smith who lives north of New Home has returned home from the Lubbock Sanitarium following an operation for appendicitis and is making satisfactory recovery at his home.

**DALE CLOSES REVIVAL IN LUBBOCK CHURCH**

The revival conducted by Rev. Geo. A. Dale of this city in the Calvary Baptist Church in Lubbock, of which Rev. C. J. McCarty is pastor, came to a close last Sunday night, when 24 converts were administered the ordinance of baptism.

There were a number of others who professed conversion but will join other churches. There were also 18 additions to the church by letter during the revival.

Brother Dale reports that there was a great spiritual revival in the church and the campaign was very successful in every way.

He will be in his pulpit here again next Sunday morning.

Mr. and Mrs. J. G. Eden left Wednesday for Lorenzo to take charge of a laundry which they have purchased at that place. They recently sold the laundry which they operated here to Mrs. Ruth Gable.

**THE FORD WAY OF DOING BUSINESS**

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company was the first large company to establish the 8-hour day—also in 1914. And the 40-hour week was inaugurated by the Ford Motor Company in 1926, years before any such laws existed.

The Ford Motor Company employs men without regard to race, creed or color. It is common knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long

service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value

*Henry Ford and Edsel Ford keep daily personal touch with all phases of Ford manufacture. In a conference with his staff, Henry Ford often says: "Go ahead—I'll sit here and represent the public."*

to the customer is known throughout the motoring world as "Ford's way of doing business."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family—for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.

**The People Speak . . .**

The above picture was taken in Ross Hardin's state headquarters at his home in Prairie Hill, and shows more than 31,000 letters received from the plain people and old people of Texas who wish him success in his campaign for the Railroad Commission. Ross Hardin invites all, including his opponent to visit his home at Prairie Hill, to see count and read these letters, and gather some first hand information on what the masses of the people of Texas want, need and demand of their public officials. Many of these letters contained small contributions that have enabled Ross Hardin to carry on his campaign. Mr. Hardin is shown with his three assistants who are employed to answer each and every letter personally under his supervision.

**Elder Drennon's Notes**

Thanks, Editor Hill, for the boost and to help you offered in regard to a job in O'Daniel's ranks; but I am doing it for the same reason that the rank and file of his friends are working for him, and that is because he's worthy of our esteem and good will.

As to you associating with the O'Danielites, Fergusonites, Sadlerites, Thompsonites, and I think you had in mind Cambellites, but I am glad you did not say it, because if you had I would have had to tell you that it is in the same verse of Scripture where you read about a Baptist. Mark you, I said "A Baptist".

I would like for my readers to ask those candidates who want to go to the state legislature or Senate how they stand on the Old Age Pension and O'Daniel's program. I asked one Saturday, and did he come alive?

I will have the privilege next week of seeing my son receive his degree from Abilene-Christian College. How happy it will make Mother and I! All our sacrifices will see as nothing when we think of what it will be worth to him, and we feel sure he will rise up and call us blessed when he gets out in life and uses it.

May God bless all the boys and girls that have or will graduate in a few days, and may they show their appreciation by using their knowledge for blessing the world and making it a better place to live in.

I want to commend the editorial of the last issue on "On the Neutral Fence." But I think some of the charges he brings against Charley Guy can be made against both of them on the manner they treat our friend O'Daniel. They both seem to love our grand old state, and yet anything advocated by O'Daniel for its good is wrong; especially Charley. He seems to go out of his way to stir the governor and bring him into disrepute.

Yours for more people who will shoot square, even with their enemies.—R. P. Drennon.

(Ed. Note: We wish to congratulate you and Mrs. Drennon as well as Robert himself upon his graduation at the Abilene Christian College. May he have a long and useful career.)

**TO THE FARMERS OF LYNN COUNTY:**

On Thursday, Friday and Saturday, June 27, 28 and 29, there will be held in Waco a Cotton Research Congress for the purpose of discussing every phase of the cotton problem.

Cotton is the greatest problem confronting all of the people of Texas today, and our future depends considerably upon its wise solution. A large per cent of the State's population is dependent upon cotton for a living. This Cotton Congress is being sponsored by the State Wide Cotton Committee of Texas which includes farmers, ginners, cotton seed crushers, shippers, warehousemen, bankers, Texas Extension Service, State and Federal experiment stations, educational institutions and Chambers of Commerce; in fact,

Miles per gallon now counted. 1tc.

every one who is dependent in any manner upon cotton.

As a member of the National Cotton Council of America, I would like

to urge as many cotton raisers as possible to attend this meeting, and if as many as four or five of us would get together and go in one car, we

could go with very little expense and do a service for ourselves and our community. I would like for anyone who is interested in this matter and in making the trip to see me—Very truly yours Tom Garrard.

**FISHING TRIP**

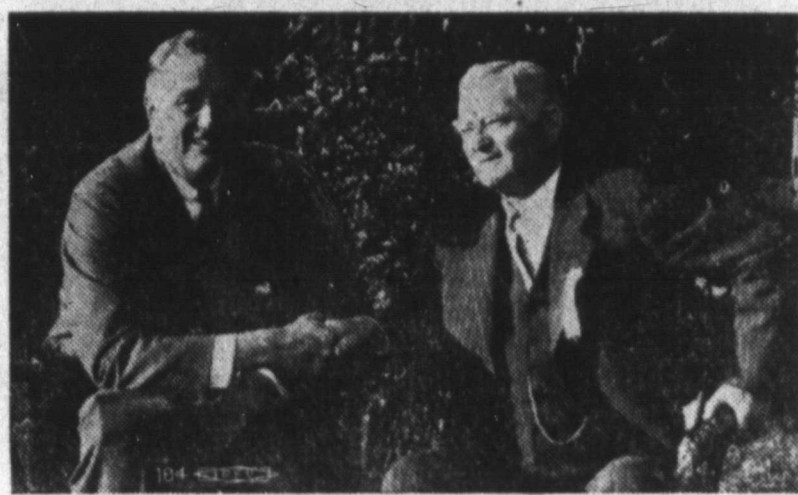

Returning from Christoval last Thursday night were Mr. and Mrs. C. C. Thompson, Jack Alley Robinson and W. T. Kidwell. They had gone down earlier in the week to fish but found hunting squirrel more profitable. Mr. and Mrs. Kidwell visited brief-

ly with Mr. and Mrs. K. F. Knight and daughter as they returned through San Angelo. All greatly enjoyed the outing.

Following the close of school last weekend, Miss Lucille Hall returned to her home in Littlefield. She will teach in Pampa next year. Miss Ida Mae Harris returned home to Woodson and Misses Quannah Lewis and Willie Pearl Dockray to their respective homes in Lubbock.

**SUBSCRIBE FOR THE LYNN COUNTY NEWS—YOUR PAPER**

**EYES OF TEXAS UPON THEM**

Folks down at Uvalde, Texas, will see the above scene re-enacted soon. When the Presidential Special rolls out of Washington in June, carrying President Roosevelt on his western tour, one of its stops will be at the home of his long-time friend and able political ally, Vice President John N. Garner.

For nearly eight years these Democratic leaders have worked together in the cause of political liberalism, and as the President's traditional second term draws to a close, the Vice President is being widely acclaimed as his most logical successor.

The announcement of the projected visit to Uvalde was made the day following the county conventions in Texas on May 7, and is being generally interpreted by political observers as expressing the President's gratification that the Lone Star State gave a ringing endorsement to the presidential candidacy of its distinguished native son. Texans adopted resolutions approving the Roosevelt-Garner administration, and endorsed Garner for the Presidency by a vote of 6 to 1 over proponents of a third term.

# A Blessed Event that **SERVEL** sent!

**B**LESSED? You wait till you've seen it. You housewives who have been struggling along with that old jalopy in your kitchen that belongs to the horse-and-buggy age. You husbands who have been groaning at high power bills and grocery bills. You families who live beyond the power lines.

For this new 1940 Servel Electrolux operates on just a penny's worth or two of gas a day. Or—on butane, on bottled gas, or on kerosene. Any home, anywhere, can have modern city refrigeration, for just a few cents a day.

Still the only automatic refrigerator with no moving parts in its freezing system. Simple, dependable, and continued low operating cost, through the years. But—look at these new features!

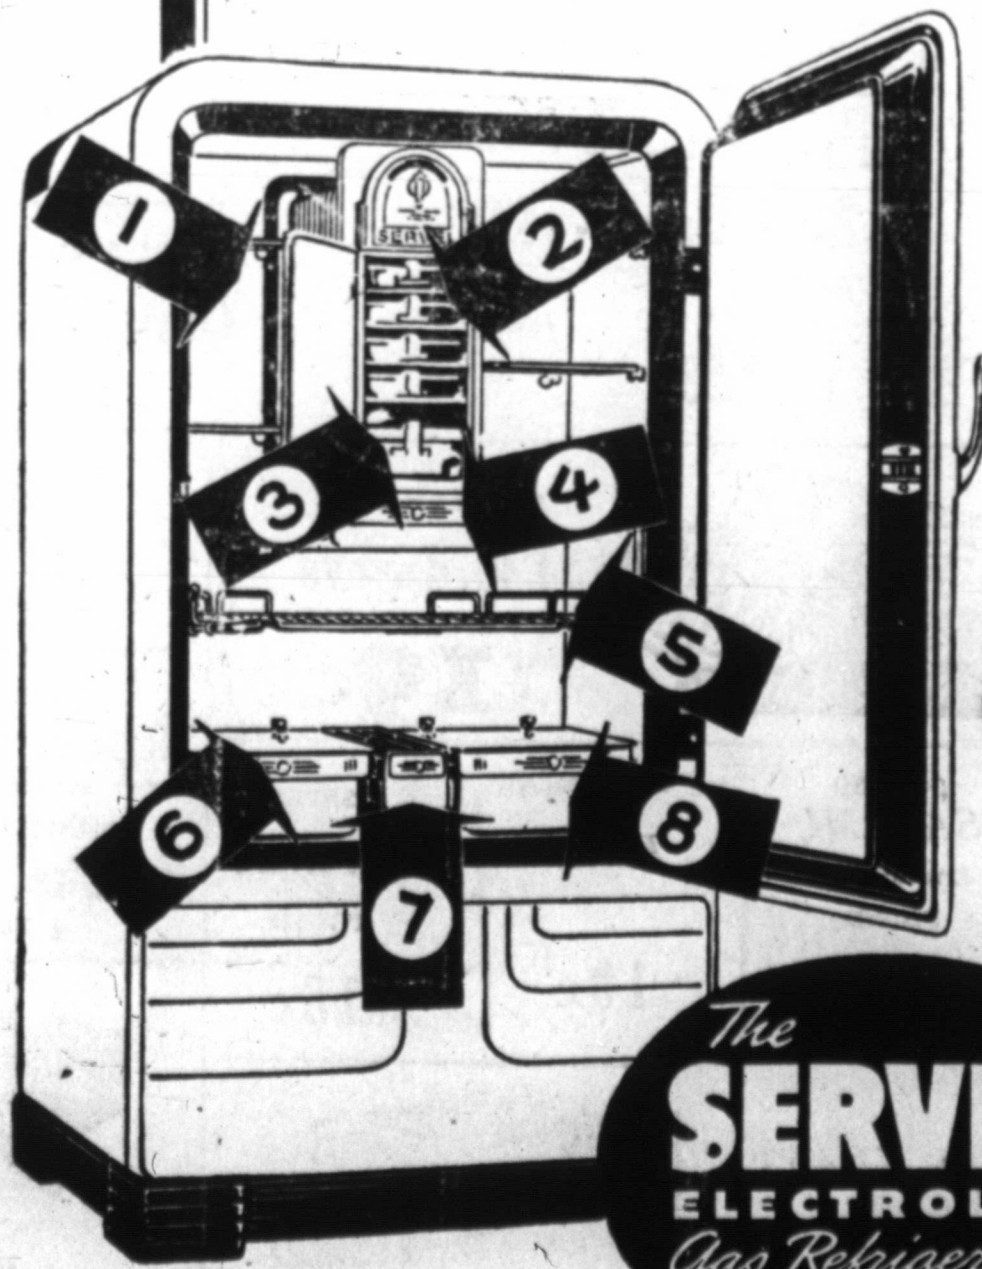

**1940**

And your savings can help pay for Servel Electrolux—the gas or kerosene refrigerator. All over West Texas, housewives report: "It cut my grocery bill a third," or "What we saved in leftovers and buying bargains has more than made the payments." ... Come in today and see just how easy it is to put the new 1940 Servel Electrolux to work saving money in YOUR home!

## MOIST COLD—DRY COLD ...and every modern convenience

According to U. S. Government reports, some foods require moist cold, some dry cold, for proper preservation. Servel gives both! And such a host of conveniences besides:

1. Special storage space, tall bottles.
2. Trigger-release on ice-cube trays; flexible grids release cubes in an instant.
3. Deep tray for ice cream or frozen desserts.
4. Dry or moist meat storage.
5. Three-position sliding shelf; easily moved up or down with a turn of the wrist, even loaded with 30 pounds.
6. Dew-action vegetable fresheners.
7. Handy storage place for eggs.
8. Vegetable fresheners can be stacked one above the other, when arrangement of food requires it.

A WHOLE CARLOAD  
OF THESE

**Odds and Ends**

Folks, we had thought that we wouldn't say a word about the war in this column this week, but war seems to be on everybody's tongue. War seems to be the main thing people are thinking about.

Begin a conversation on any subject and in two minutes it will drift around to war. Ask a fellow what he thinks about the weather, and he will give an evasive answer and ask you what you think about the war. Ask him how are Mary and the kids and he will ask you when you think we are going to have to fight the Germans.

Some folks are really getting excited about the matter.

Really, we do not think that there is any occasion for us to become panicky, folks. No use to get jittery. Even if Hitler does conquer and ravage France and Great Britain, he will still be a long way from America. Some folks seem to think that as soon as he gets into Paris, if he does—and he probably will—he will then make a straight shoot for Washington. They seem to think that a flock of German war planes will be dropping bombs on all our principal cities about the next week.

It is true, as we have been saying, that if he does succeed in over-running both of these countries with his big war machine—bombing, burning, murdering, ravaging, robbing, and dealing out hell to the populace generally, taking their wealth, their liberty, their colonial possessions, and as much of the British navy as he can get his hands on before they destroy it—then he may begin to think of turning toward America.

But not immediately. Not directly. That would be impractical.

In cahoots with Japan, he might undertake to gobble up the Philippines. Or, he might undertake to do so regardless of Japan.

As a matter of course he would raise the swastika over all the British possessions in all the seas—at least in so far as he could do so without bringing on an immediate war with the United States, and he might do so war or no war.

On many islands of the sea he would establish fortifications, air bases, and coaling stations.

He might even undertake to dominate Canada.

He would doubtless begin to bore from the inside among the nations of South America and in Mexico.

These are fertile fields in which

Are you guessing at your mileage?

**A Gentle Laxative Good For Children**

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

to spread his propaganda.

Few of these nations have ever really practiced democracy very much. They have never become really sold on majority rule.

Whenever a dissatisfied faction down these decides that the time is opportune, it starts a revolution. Many a president in South America has been compelled to flee for his life. Ditto Mexico. Some of them have been able to escape and reach some friendly shore. Some of them have been backed up against a wall and shot. Revolutions are becoming rarer and conditions more settled, it is true, but Mexico and South American countries still afford a fertile field for the propagation of communism, nazism, or any other ism that some master of intrigue undertakes to propagate.

It is claimed that Germany already has many agents and a strong toe-hold in some of these countries.

With the fame and the glamor which would come with military success, it would be easy for Hitler, as a mighty, conquering military hero, to gain mastery in some of these South American countries, where German influence is already strong.

Having set up his dictatorship there, if the United States should permit him in peace to do so, he and his subalterns would no doubt begin immediately to incite and cultivate hatred and hostility toward Uncle Sam. In them, no doubt, many a scheme and plot to give us trouble would be hatched. In them a base would be established from which to

attack us if the time ever seemed opportune.

But all this would require time. It could not be immediately done. It might not be done at all. But the chances are ten to one that the war lords, the "supermen" of Germany would in time undertake to make Uncle Sam bite the dust.

And that is why we have been saying that our sympathies and such commercial aid as we can give should be extended to Great Britain and France in this titanic struggle that is going on in Europe. That's why we have been saying that France and England are fighting our battles in this war as well as their own.

But there is no need to get excited. If Germany undertake to establish herself on the Western continent in violation of our cherished Monroe doctrine, she may cause a war with the United States within a year. Otherwise, no immediate war with her is likely. And there is no occasion for us to get excited.

But we should be able to see what the years are almost sure to bring if Hitler crushes Great Britain and dismembers the British Empire, and we should begin now, in deep earnest and with all due speed to prepare ourselves for that mighty conflict.

Hitler already has a few sympathizers in this country—even on the South Plains. We read an article in a South Plains paper, written by a South Plains citizen, just a short time ago, in which he justified Hitler's course on the grounds that following the World War the German people became so impoverished that they went hungry. They are fighting for something to eat he contended.

Bosh! With the billions and billions of

German marks that Hitler and his hell hounds have spent in building up Germany's mighty war machine, he could have bought enough food to last them a hundred years.

It was not hunger, not poverty, that impelled the populace to support Hitler in preparing for and bringing on this war, but Hate, Ambition, and the desire for Revenge.

We heard them chant their hymns of hate a year ago when Hitler spoke to a howling host of them with the fury of a demon.

With free speech suppressed, with

the freedom of the press destroyed, with the war lords pouring the polluted streams of false propaganda into their ears daily, many of the people were misled. The baser passions of others were inordinately aroused.

Lord, May the great German people be brought back to sanity once again!

FOR CHICKS' bowel troubles put Dr. Salesby's PHEN-O-SAL in drinking water. Double-duty medicine checks germs in drinking water, medicates digestive tract.

**DIXIE H. D. CLUB**

"Meat, when properly cured can save time and money", stated Miss Maurine McNatt at the Dixie Home Demonstration Club, Thursday, May 16, at the home of Mrs. J. H. Knight.

"After meat has been frozen care should be taken in thawing it. One way to thaw frozen meat is to remove all paper, place meat in the warmest part of ice box and allow it at least thirty minutes to thaw. Meat that has been frozen should be cooked very slowly."

Our next meeting will be June 6, in the home of Mrs. T. D. Lishman.

### Subterranean Kingdom

Santa Fe Railway Photo  
This towering mass of limestone is the Giant Dome, world's largest stalagmite, which has been growing an inch each century and is reputed to be as old as the earth. The Dome, which is 62 feet high, is located in the Big Room at Carlsbad Caverns. The Room is nearly a mile long, 625 feet wide and has a ceiling 350 feet high.

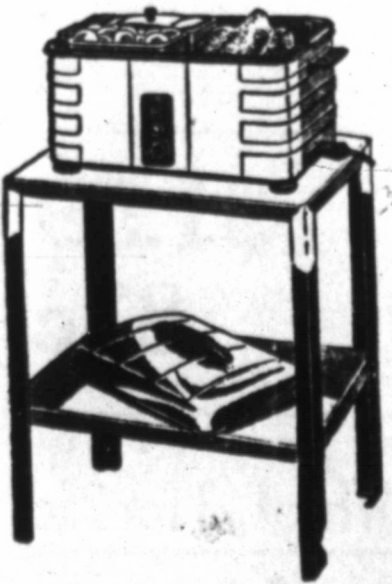

Carlsbad Caverns National Park, situated in the foothills of the Guadalupe mountains near Carlsbad, New Mexico, is one of the most amazingly beautiful natural marvels in America. The Caverns, which became a National Park in 1923, were formed in the process of erosion by the gradual solution of underlying beds of limestone, gypsum and rock salt. They are filled with limestone formations of an infinite variety of shapes and sizes, ranging from icicle-like pendant cones of carbonate of lime, called stalactites, to the corresponding mushroom-like deposits of calcareous matter called stalagmites, found on the floors of the caves.

A leisurely tour of five hours permits inspection of the great chambers and time to enjoy a delightful luncheon at the halfway mark deep in the Caves. The trail leads through the Green Lake room, King's Palace, Queen's Chamber, Papoose's Chamber, and finally the Big Room where is found the Giant Dome, which bears a striking resemblance to the Leaning Tower of Pisa. Another majestic formation is the Rock of Ages where visitors halt for a brief talk, followed generally by the singing of the "Rock of Ages."

Mrs. H. O. Dickson came Tuesday for a week's visit with her father, E. L. Smelser. Mr. and Mrs. Dickson have been transferred recently from Dodge City, Kansas, to Fort Worth.

Miss Betty Lu Suddarth, Journalism student at TSCW in Denton is also home for the summer.

### Houston Now a Terminal of Clyde-Mallory Lines

The S.S. Algonquin, luxurious Cruise-way liner of the Clyde-Mallory Lines, which sails from Houston May 29 for Miami and New York, inaugurating a new passenger-cargo service between these cities. Houston will now have regular weekly sailings of the S.S. Algonquin and her sistership, the S.S. Seminole. These modern cruise-ships feature first-class stateroom accommodations, excellent cuisine, and especially-planned shipboard entertainment. Three fast freighters of this company will also ply between Houston, Brownsville, Charleston, S. C., and New York. Inset: Captain P. G. Gerhard in command of the S.S. Algonquin, a veteran of 33 years at sea.

and two Mexicans were thought to be killed in a pool hall that caved in.

The sight that met our eyes when we opened the door at home was one of horror. Glass was all over the kitchen floor. The ice box and stove were a foot from their places. I have a few dishes left out of the mess. In the other part of the house tables were turned over and the furniture shifted to the middle. The bathtub was completely set off its legs, and the legs out in the middle and the tub swung around the other way about a foot or more. In one bedroom everything was upside down and the bed on the opposite side of the room. In the other bedroom, nothing was out of place.

Our house being a frame house, it did not tear up like the plastered houses. I don't suppose there is a brick chimney or a fireplace left in the valley.

My husband was in a hurry to ride his ditches and see what was done so we rode the rest of the night. The earth was cracked open in many places large enough for a tire to go in. Some places the road would rise or fall as much as 14 inches. Many places big mounds of loose dirt would be in the road. Most of the checks were twisted loose and water was getting away. There wasn't much of anything we could do except just look and go on.

We followed the crack in the earth and it took a straight course from the southeast to the northwest. It seems the worst damage followed the vein or streak, whichever you prefer to call it. In some places it would be an inch or two wide, in others a half foot wide. I have heard of the earth being cracked open by an earth quake, but now I know it can be done. I don't care to see any more like this. And I am told that I have not seen the worst of it, and I know I haven't. Holtville was hit lightest of all the towns.

I can not explain fully the things I would like to. I am sending some newspaper clippings.

The water will be out of all canals for at least ten days. Water will be hauled to those that lost their water tanks in the quake. There are quite a number of artesian wells in the valley that can supply enough for domestic use.

I admit that I was scared worse than I have ever been in my life. I thought the earth was surely going to swallow us. There have been eight "trembles" since, the last one before daylight this morning. I hope it is over.—Mrs. Loyd Craig.

### MRS. CRAIG TELLS ABOUT EARTHQUAKE

Dear Editor—I suppose you have all heard or read about Imperial Valley's earthquake, by now.

To start with, I'll tell you the things we saw. We were in Holtville. I was sitting in a car in front of a hardware store. My husband was in a grocery store up the street talking with some friends. At about 8:45 or 8:40 all of a sudden the earth began to rock and rumble, and before we could realize what was happening some buildings began to come down and people began getting out of them into the street. I could not get the door open on my side of the car. A lady in the car with me finally got her door open and we ran for the street. We didn't have much time to observe that one, we were so busy getting away from the building.

My Husband came down the street, and he said the buildings looked like they would meet each other in the air and then sway back.

Everybody just about had time to get out of the show (The show was built of celotex wall board and stood up. No one was hurt in the show and some had time to find their families when the second one came. We were standing still out in with a little rumble, then a sudden shake, and then it ended. You could feel it, twist. Plate glass windows fell and shattered. There was very little left on the shelves of the stores, we could see that much. Three cars were crushed flat under fallen brick

### PUBLIC INVITED TO VISIT WFA PROJECTS

Visit the Professional and Service Projects this week, if at all possible. You can learn about several of these, including the Library Project, if you go down to the sheet-iron building just east of the SE corner of the courthouse lawn.

Those in charge extended an invitation last week to all to visit the projects throughout this week, the visiting hours being from 9:00 A. M. to 9:00 P. M.

We are informed that the women will be at work in the Sewing Room from 1:00 P. M. to 8:00 P. M. today and from 9:00 A. M. to 5:00 P. M. Saturday. If you wish to see the sewing room in operation be sure to visit there on either of these days.

Every citizen in our community should make this visit and get firsthand information about these worthwhile projects.

Mrs. H. L. Roddy and daughters left Saturday for Hico, where they are visiting the former's mother.

Little Jo Helen Gipson returned to her parents' home in Seminole Tuesday after spending some time here recuperating from the measles. She accompanied her mother, Mrs. Roy Gipson, over for a Mother's Day visit, and contracted the disease while here.

Mrs. T. J. Jackson fell Tuesday morning while trying to catch a stray chicken and broke her left wrist. She received treatment from a local physician, and is reported doing nicely.

J. B. Nance returned last week from an extended visit with a brother, who is seriously ill at his home at Paris. Mrs. Nance, who went down with him, remained for a longer visit.

Mrs. Glen D. Flake of Galveston the former Miss Gwin Marr Davis visited Mrs. Woodrow Walker here this week, coming last Friday and leaving Wednesday.

Mr. and Mrs. H. A. Patterson went

## MRS. H. F. LINDLY IS HOSTESS TO T-BAR H. D. CLUB

"Curing and storing meat: There are no special secrets in using cottonseed oil. Any container that will hold oil will do, although a large earthen jar is best. So as to reduce the amount of oil necessary to cover the meat, pack all pieces tightly. With average packing it will take about 3 gallons of oil to cover 100 pounds of cured meat. For sanitary purposes, cover the container," stated our home demonstration agent, Miss Maurine McNatt, at a meeting of the T-Bar home demonstration club in the home of Mrs. H. F. Lindly, May 10.

After the program, a sunshine shower was given in honor of Mrs. Frank Sargent.

After Mrs. Lucille Barnes and Mrs. Coffee presented the beautiful gifts, refreshments of Angel food cake and lemonade were served to the following visitors: Madames Fred McGinty, James Clinton, L. C. Johnson, and Clyde Sargent of Tahoka, Mrs. I. M. Draper of Midway, Mrs. R. W. Barton of New Lynn, Willie May Childress of T-Barr, Delbert McMillan, Mrs. Page and seventeen members.

Our next meeting will be in the home of Mrs. A. E. Leverett, May 24th.

## GRASSLAND 4-H CLUB MEETS IN SHEPHERD HOME

"Out-of-season clothing should be stored," stated Mrs. Belle Lee, the sponsor, at the Grassland 4-H club meeting Friday, May 17, in the home of Margie and Beth Shepherd.

"Paper covers are nice to put your clothes in to protect them from the sand and dust. A cedar chest is a good place for storing woolen clothes."

The club has planned a picnic in the Lubbock Park, May 23.

To raise funds for the club, they have planned to sell cake and cream the night the candidates are in Grassland.

The girls present were: Frances Aten, Dolly Gatzki, Rubie Greer, Beth Shepherrd and Margie Sheperd. The next meeting will be June 7 in the home of the sponsor, Mrs. Belle Lee.—Reporter.

## Political Announcement

The News is authorized to announce the following candidates for the offices indicated, subject to the action of the Democratic Primary election.

### FOR CONGRESS

19th District  
GEORGE MAHON (re-election).

JIM DYB

### WHITE'S CREAM VERMIFUGE

Has long been used for expelling round worms in children. Price 35c.  
TAHOKA DRUG

## Judge P. W. Goad Makes Formal Announcement

In making my announcement for Re-election to the office of County Judge of Lynn county, I want to first express my appreciation to the voters for the honor that you have bestowed upon me by twice electing me as your County Judge, and for your splendid cooperation during the time that I have served you in this responsible office. I believe you will agree with me that this office is one of the most responsible in the County.

Some of his most responsible duties are presiding over the four different courts, namely, first, the Commissioner's Court which has charge of all the business affairs of the County, which makes it very important from a business standpoint. Second, the county court, both criminal and civil. In the trials of this court he is to pass upon the admissibility of all evidence to be offered and he is to charge the Jury as to what the law is in the case on trial. Third, the Probate Court which has jurisdiction in the probate of wills and the appointment of administrators and guardians. The Lunacy cases also are tried in this court. Fourth, the Juvenile Court, and may I say that this is in all probability the most important of all the courts over which he presides because in this court he deals with the youth of the land. In this court those persons who have been charged and tried are under seventeen years of age, which makes it very important from a legal and judicial standpoint.

I have tried at all times to show my appreciation to the good citizens of Lynn county for placing me in this responsible position by properly applying myself to the task. I promised you if you would elect me County Judge that I would give to you in return the very best service that was possible for me to render. I feel that I have kept that promise by devoting all of my time, talent, and ability to the study and solution of the County's problems. I have worked at the job constantly and feel that many of the problems have been solved. However, there remains many more yet to be solved.

There are today perhaps more than ever before two extreme factions in every unit or branch of Government. One of them is called the Progressive and the other is the Conservative. I have tried to reach a happy medium between these two factions and be progressive enough to keep up and abreast of the times and age in which we live, and at the same time be conservative enough to not get the County behind financially.

In this progressive program which I refer to, I wish to call your attention to some of the much needed improvements that have been made, namely, highway construction, the remodeling of the courthouse and jail, the courthouse lawn has been greatly improved, an agricultural building has been erected, a number of relief projects have been sponsored for the purpose of furnishing employment for the unemployed, and we have set up a county health unit with a full time nurse. All of these improvements have cost approximately \$30,000. Realizing that the expenditures should and must be kept within the people's ability to pay, we began at the same time a conservative program also, by reducing the expenses of the county approximately \$2,500 per year in order that you could have these much needed improvements without any additional taxation.

I do not feel that I am entitled to all the credit for this progressive and conservative program. Perhaps, the most of the credit is due to my co-workers. Without their cooperation and the cooperation of the good

## Mahon Advocates Farm Program

WASHINGTON, MAY 23—Declaring that a more comprehensive farm home-ownership program is immediately needed, George Mahon, Congressman, last week urged the Congress to pass legislation at this Session which would more adequately deal with the problem of farm tenancy. He spoke in support of two approaches to the problem. The first was a plan which would authorize the RFC to make loans up to \$50,000,000 to continue the Farm Tenant Purchase program which has been in operation since 1937. The House approved the plan as a part of the Agricultural Appropriation bill.

He said that he felt a better approach to the problem would be through the so-called Farm Tenant Mortgage Insurance bill which passed the Senate last year and which has been approved by the House Committee on Agriculture. Under this plan loans would be insured by the government for farm home purchases to the extent of a total of \$350,000,000 at 3% interest rate. Large appropriations by Congress would not be necessary as the money would be loaned by private capital, the Government supervising and guaranteeing the loans as is now the

case in loans made by the Federal Housing Administration.

Mahon stated, "I have been cooperating with Marvin Jones, Chairman of the House Agriculture Committee, since the introduction of the bill last year, and I shall continue to work for the improvement and passage of the measure."

citizens of Lynn county nothing worth while could have been accomplished. I am very grateful to the Commissioners for helping me to plan and set up this program and to the citizens for helping us to carry it on.

I feel that with my experience in handling the County's business the past three and one-half years that I am better prepared to serve you now than ever before. The duties and responsibilities of this office make it utterly impossible for me to make a house to house canvass of the county. I shall try, however, to see each and every one of you personally if possible. Should I fail to do so, I invite you to make a careful investigation of my record and after you have done that if you feel that I am worthy of your support, I will surely appreciate your vote and influence in the coming Primary.

Sincerely yours,  
P. W. GOAD,  
County Judge.

STATE HEALTH OFFICER COX ISSUES SNAKE BITE WARNING

AUSTIN, MAY 23—A warning about the dangers of snake bite has just been issued by Dr. Geo. W. Cox, State Health Officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; however, few of them result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting snake bite. The pain following the injection of poison is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse and vomiting.

If one is bitten by a poisonous snake, such as the rattlesnake, the following first aid measures should be carried out:

After making proper incisions at the site of the wound, apply suction and continue for at least half an hour.

Apply a tourniquet above the wound, releasing same every ten or fifteen minutes for about a minute at a time.

Secure the services of a physician

**"Build-Up" Important Protector of Women**

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years

at the earliest possible moment. DO NOT run or get overheated and DO NOT take any alcoholic stimulants, because circulation increased by alcohol or exercise serves to distribute the poison much more rapidly through the body.

DO NOT injure the tissues by injecting permanganate of potash, which is known to be of no value as an antidote.

DO NOT depend upon home remedies or so-called snake-bite cures, but call a physician immediately.

**POOR LITTLE SKINNY CHILDREN**

look so puny, really can't get all the fun they should. For those children who need the Vitamin B Complex and Iron of Vinol to stimulate their appetites, Vinol has been found helpful by mothers everywhere.

### Our Reply To Charley Guy

Continued from Page 1

as all our readers must know, for we hate war and have continually denounced those who deliberately and unjustly make war upon others. In his philippic directed at this editor and others who think as we do, Charley continues to maintain that there are really no issues nor principles at stake in that European war. Listen:

"When Editor Hill wrote that the Plainsman 'thinks it... (the European war) is merely a case of dog eat dog' and that the British and French leaders are actuated by no higher motives than Hitler, Ribbentrop et al', the Tahokan came mighty, mighty close to reading our mind", Charley says.

The fact that Hitler has made unjust and unprovoked war on nation after nation in Europe - Killing, ravaging, burning, destroying, making serfs and vassals of those who live through it - all this amounts to nothing in the eyes of Charley Guy, and should cause no one to take sides against Hitler.

The fact that Hitler is the avowed

### Too Late To Classify

Have client who wants to borrow five hundred dollars—five per cent interest—five to ten year loan.

J. B. NANCE  
The Land Man

and relentless foe of democratic government, and the arch enemy to all those great principles on which our own government is founded - individual liberty, freedom of action, freedom of speech, freedom of the press, freedom to worship God as one chooses, the right to trial by jury, the right of the people to assemble and discuss matters pertaining to their own welfare - the fact that Hitler denounces and destroys all these in every country he ravages and subdues amounts to nothing in the eyes of Charley Guy. As long as Hitler doesn't bother us, we should express no hostility toward him. We should remain neutral.

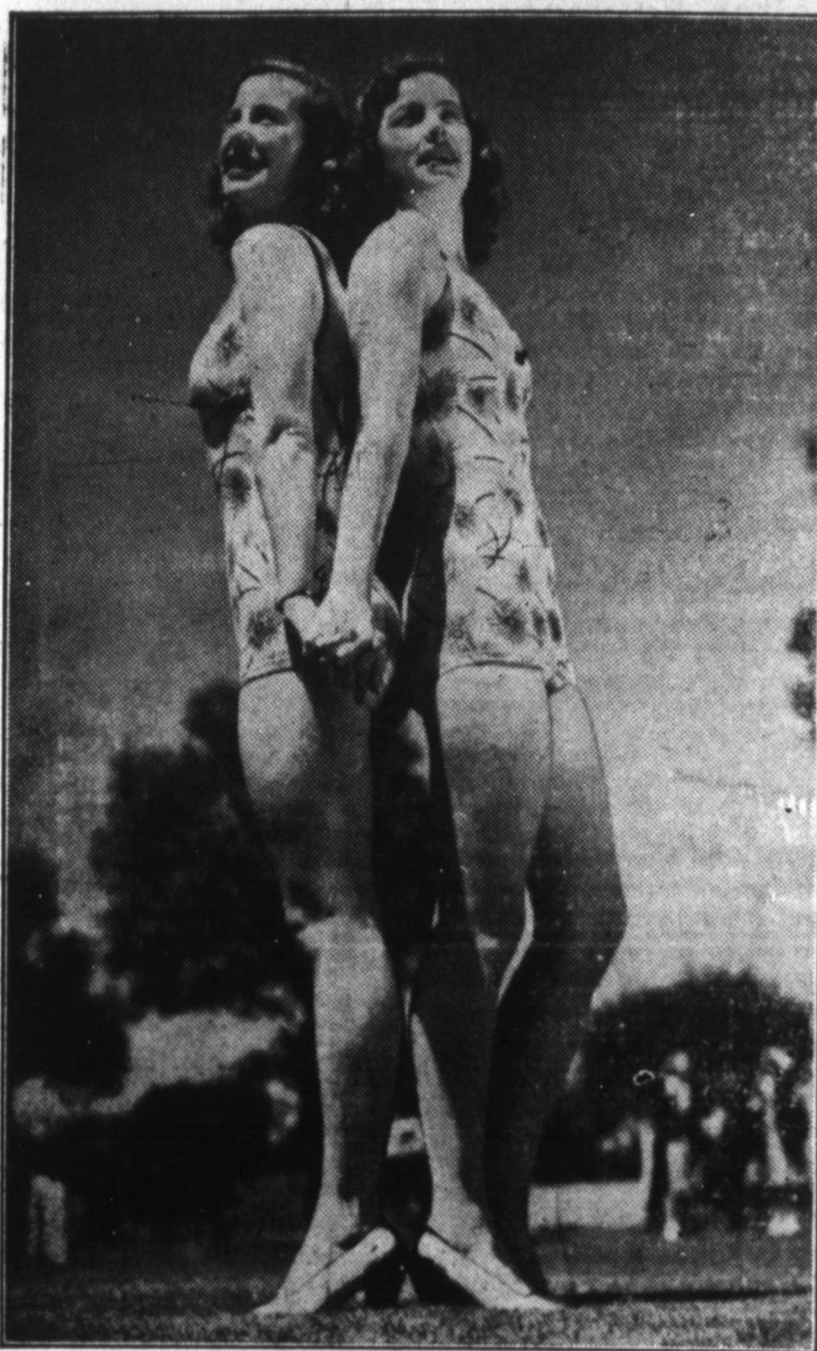

Not only should the Government remain neutral but the individual citizens should be neutral, as Charley is.

Again Charley says: "While we may, conceivably, have to go to war to protect our lands, our people, our system of government and all those things which go to make up 'the American way'... that time is not yet here."

It may be true that that time is not yet here, and we know of nobody that is insisting that we go into the war yet, but we can not understand how any patriotic, red-blooded American citizen can remain uncaptured and indifferent to the outcome of a war which is being waged by a power-mad, war-mad dictator who is undertaking to crush and destroy every Democracy on his continent and to extend his dictatorship throughout the most of Europe and possibly to many other parts of the world.

We can not understand how a red-blooded American can insist that in such a struggle we remain perfectly neutral in sentiment and sympathy and that we raise never so much as a wee small voice in protest against

### "Aquatwins" at Forty Fair

Featured swimmers in Billy Rose's 1940 Golden Gate International Exposition "Aquadrome," are lovely twins, Virginia and Marian Hopkins, shown above. Both girls are water stars in their own right, and have been selected by Rose to swim in the "Aquadrome," mammoth water spectacle to run throughout the Fair. Treasure Island, on San Francisco Bay, opens May 25.

the vile and monstrous thing that Hitler is doing.

Our possibly impertinent query asking Charley if he were really on the neutral fence or had fallen off on the other side apparently aroused his ire.

But we are still made to wonder. In his answer to our editorial, in an effort to spike his point that we as individuals should have no feelings in this matter, Charley relates a story told him by a "steady, conservative South Plains lawyer".

"A group of men were standing downtown discussing the Nazi march into Belgium and Holland. Another man approached the group with the cry 'Hurrah for Hitler!'"

"One of the men in the group countered with, 'Look here, you so-and-so! Don't you ever say that again in my presence, or I'll beat your head off!'"

Then Charley uses about a quarter of a column defending the man's constitutional right to "Hell" for Hitler if he wants to. He condemns the other fellow for his beated response.

While defending the Hitlerite's right of free speech, Charley, why not concede the right of free speech to that patriotic American also? If one had the right to Hell for Hitler, don't you think the other had the right to tell him what he thought of him for doing so?

O yes, and if he had the right to Hell for Hitler without being rebuked for it, don't you think that those Rotarians had a right to applaud a little for that Englishman who made the pro-British speech without being skinned by you? If you are so tarnally neutral as you say you are, why defend the Hitlerite and condemn your own loyal fellow citizens?

And before you get too enthusiastic in defense of that Hitlerite, you should stop and think a little further. If one man has a right to Hurrah for Hitler - and we concede that he has the technical right to do so - then a thousand men have the same right. What would you think if a thousand men should gather on a street corner in Lubbock and begin shouting "Hurrah for Hitler!"?

And a man has the same right to shout "Hurrah for Emma Goldman", the anarchist, that another man has to shout "Hurrah for Hitler!", the dictator. Suppose some crank or a hundred cranks should gather on the streets of your city and shout "Hurrah for Emma Goldman!" or "Hurrah for Anarchy!" Would you feel that it was about time for red-blooded Americans to do something about it?

Had you thought about what a "Hurrah for Hitler" really means? To most of us, it means that the fellow who shouts it approves of Hitler, his doctrines, and his conduct. It means "Hurrah for Autocracy!" "Down with Democracy!" "Down with the American Government!" "Down with the Stars and Stripes!" "Up with the Swastika!" "Down

### Personals . . .

Mr. and Mrs. E. H. Bouillon and Elbert Jr., W. S. Swan, and Mrs. Inez Knight left last week for Arkansas, where they are visiting and vacationing.

Mrs. D. W. Gagnat and son, Charles, have gone to Oklahoma City.

A. M. Daniel of Draw, who has been ill for a long time, was carried to a Lamesa hospital Thursday for a blood transfusion.

Mrs. Marvin Eldridge of Draw, who has been suffering from a throat infection for more than a week, was reported slightly improved Thursday.

Mrs. Earl Wilson of Littlefield is here this week visiting her father, R. C. Wood, and other relatives.

Mrs. Claude Donaldson and two children, Claude, Jr. and Jane, left Sunday for a visit with her mother and her sister in Altus, Oklahoma.

Raford Smith, son of Mr. and Mrs. N. W. Smith of Route 2, had his tonsils removed in a local clinic Tuesday morning.

Mr. and Mrs. Johnson Randolph of Moran have been visiting their daughter, Mrs. Beecher Sherrod, and family.

Mr. and Mrs. Borden Davis went down to Fort Worth Wednesday,

with free speech! Down with Free Press! Down with a Free Church! Down with Liberty! Down with Americanism! Up with Nazism!"

Defend him all you please, Charley, but our sympathies are not with the fellow who cried "Hurrah for Hitler!", even though he may have the right under our benign constitution to cry it until he is red in the face. Our sympathies are with the patriotic American citizen who told that duck where to head in. We are not even a neutral in that matter. Are you?
