"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXVI.

Tahoka, Lynn County, Texas, Friday, July 5, 1940.

Number 47

## Congress Plans Selective Service

The News has received a complete copy of the Selective Training and Service Bill which is now pending in Congress and which probably will be passed.

This measure is considered by many military experts, by President Roosevelt, and by many of the great leaders of both parties as necessary to the adequate defense of this country in the event of attack by a powerful foreign foe.

Since its passage will affect practically every family in Lynn county as well as throughout the nation as a whole, we give a brief skeleton of its provisions.

Registration: All male citizens and resident aliens between 18 and 65, with certain exceptions, are required to register.

Men between 21 and 45 shall be liable for training and service in the land and naval forces.

Men between 18 and 21, and between 45 and 65, shall be liable for training and service only in home defense units near their residences.

Until completion of registration and classification of men between 31 and 45, selection will be made from those between 21 and 31.

Deferment: Training and service of men whose employment in industry and agriculture is necessary to the national interest, ministers of religion, those with dependents, and those unfit shall be deferred under regulations made by the President. Local boards shall pass on deferments.

Training: The men selected shall be trained during peace time for eight consecutive months. Vocational and educational training will be included. The men will have opportunity to qualify for officer rank. The pay will be \$5.00 per month plus traveling expenses.

## Safe Plan For FSA Borrowers

Low income farm families in Lynn County, who are being assisted by the Farm Security Administration, aren't putting "all their eggs in one basket," according to Wyman J. Welch County Rural Rehabilitation Supervisor.

Since the beginning of its program, the FSA, Mr. Welch explained, has insisted that each family receiving a rehabilitation loan from this agency produce food for the family and feed for the livestock.

"A study of the farm and home plans of FSA borrowers," he said, "shows that a great deal of headway is being made on getting away from the one-crop idea of farming. Tremendous strides have been made in crop diversification, which means that similar gain has been made in the adoption of soil conserving practices, because the two go hand in hand."

Mr. Welch paid tribute to landlords in Lynn County who are operating farms with tenants. He said the landlords are cooperating with the FSA and their tenants in producing a variety of crops in addition to the major cash crops.

He said that in addition to subsistence crops, the FSA encourages the production of at least two cash crops. Supporting the diversified cropping system, are cows, pigs, chickens and gardens which add materially to the family's subsistence living program.

## HIGHWAY 318 TO BE COMPLETED IN THREE MONTHS

The county-constructed State Highway 318 is rapidly progressing toward completion with twelve miles of grading and three miles of base finished already according to information from the County Engineers office.

This new highway is being constructed totally by the county, and the work includes grading, drainage, and a bituminous surface. The job is scheduled to be finished within the next two months so as to take advantage of hot weather for gaining the best results in laying the hard surface.

When the road is finally completed Seminole will have excellent transportation to Denver City, completing the Triangle of Gaines counties three leading cities—Seminole Sentinel.

## 600 Cattle Are Signed For Tests

Approximately 600 head of dairy cows have been signed up by the farmers and others of Lynn county to be tested for Bang's disease, according to County Agent Don Turner.

This would indicate that the owners of milch cows are becoming much interested in the movement to stamp out this disease among cows, which entails great financial loss to the owners and endangers the health of their families and others who may drink the milk from cows suffering from the disease.

The disease contracted by humans drinking the milk is known as undulant fever.

## Garage Building For Loyd Nowlin

In connection with the construction of the new Gulf service station building being erected north of the Tahoka Hotel, R. W. Penton Jr. and Jack Penton are also erecting a garage building for the use of the Loyd Nowlin repair shop.

This building will correspond in design with the filling station building, and the two buildings will greatly enhance the beauty of that part of town.

## Party Encounters Arkansas Floods

W. L. Rowe, H. W. Pennington, and D. J. Pennington of the Midway and Redwine communities returned Tuesday afternoon from a trip to Arkadelphia, Arkansas, to which place they had been called on Thursday by the serious illness of Mr. Rowe's mother, Mrs. E. W. Rowe, who is also the sister of the Penningtons.

Mrs. Rowe had suffered an attack of appendicitis and the appendix had been ruptured a week when the operation was performed. She was still in a most critical condition when her son and brothers were compelled to leave for home. They entertained little hope for her recovery.

On the return trip W. L. says that in the Red River bottom just beyond Texarkana, which was already flooded, they encountered unquestionably the heaviest rainfall he ever saw. Water from the river was running across the highway for a long distance, and they were piloted through it by highway patrol.

They report that crops were fine from Snyder on east except where they had been destroyed or damaged by overflows.

## Brower Has Near Serious Accident

J. P. Brower was the victim of a near serious accident last Thursday when the wheel of a tractor caught and ran over his foot.

While the member was badly bruised it is not believed that any bones were broken. He declined to go to a hospital and is able to be up and about his business.

It was just such an accident as could have been near serious.

## TRIPLE-A SECRETARIES HERE MONDAY

J. Lynn Mauk, district field representative of the AAA organization, met with the three secretaries for Lubbock, Garza, and Lynn counties in the office of C. A. Lawrence here Monday to discuss with them matters pertaining to the cotton parity and soil conservation payments and to give them whatever information and instruction they might need.

C. T. Wasson is the AAA secretary for Lubbock county and Keltz Garrison for Garza county. Mr. Lawrence, of course is the Lynn county secretary.

## BUILDING ROAD NORTH FROM COAHOMA

Grading work on the farm-to-market road from Coahoma, northward to Wildhorse Creek is now going forward.

Application for a WPA project to put a hard surface on this six mile stretch of road has been filed in the district office and early approval is anticipated—Big Spring News.

## Retained At Capital

Congressman George Mahon, who because of the grave emergency facing the United States at this time, is remaining in Washington in spite of the fact that he is up for re-election in this district. Problems of tremendous importance caused by the European War make it necessary that Congress remain in session and Mr. Mahon feels that his duty is to stay on the job at Washington.

## More Donations To Red Cross

In publishing the list of contributors to the Red Cross from New Home two weeks ago, total subscriptions were reported at \$35.20 and amount turned in as \$33.72.

The discrepancy was accounted for by the fact that an error was made in listing the amount subscribed by one person. The amount actually subscribed and the amount paid were in fact identical.

The notation was made merely for checking-up purposes and was inadvertently included in the published list.

The following people have contributed to the Red Cross since the last report:

Mrs. Mamie Wilson, \$5.00; R. C. Wood, \$1.00; J. H. King, New Home, 25c; Mr. and Mrs. W. A. Yates, \$5.00; John Jackson, \$1.00; Ralph McKee \$1.00; N. M. Barham, \$1.00; T. R. Parks, \$1.00; Clint Walker, \$1.00; Paul Casebeer, \$1.00. Total, \$17.25.

## Wynne Collier Is Enlarging Store

Wynne Collier is increasing his drug store space this week.

A portion of the building joining it on the north has been cut off from that building and enclosed in the drug store building. It will be utilized by Mr. Collier as a store room, while his prescription case in the main building is to be moved back about 11 feet, thus making room for a larger stock of goods.

More space was recently provided at the front also by rearranging the show windows.

Mr. Collier finds that it is necessary to expand to take care of his expanding business.

## Rev. Curry Suffers Light Stroke

Mrs. Borden Davis and John Curry received word that their father, Rev. J. F. Curry of Rule, had suffered a light stroke of paralysis on Tuesday of last week.

He was found in his field in an unconscious or semiconscious condition. At last reports he had shown decided improvement and it was hoped he would completely recover.

## FIND PROSPERITY IN THE DUST BOWL

Garland Pennington made a business trip to Dimmitt and Hereford Monday, accompanied by Rev. Geo. A. Dale. They report that the wheat crop up there is being harvested and is better than they expected to find. In the irrigated district they found not only the wheat to be fine but gardens to be luxuriant. At Hereford they have built two large potato curing plants, where the spuds raised by irrigation will be cured. They say that instead of looking like a dust bowl that section of the plains looks prosperous.

Gwynell Davis left Monday for Amherst for a week's visit with Virginia Ray and Mary Ann Jones formerly of Tahoka.

## Many Tahoka Citizens Attend July 4th Celebrations

### Two Businesses Trade Locations

The Fashion Shop and the Nu-Way Cleaners exchanged location: the first of this week.

Mrs. Hope Haynes, owner of the Fashion Shop, has moved her stock to the former location of the cleaning establishment next door to the News office, the building having had some remodeling done on the interior. Likewise, the Nu-Way Cleaners with M. R. Jones as owner, have moved to the old location of the Fashion Shop next door to the bakery.

Mrs. Haynes has been in business in her old location almost a year. Mr. Jones has been operating the tailor shop only a short time having purchased his equipment from Chas. Hubbard.

### Armored Cars Coming Tuesday

Tahoka will have a chance to see some of the U. S. Government's new war equipment next Tuesday afternoon at 4 o'clock, when a detachment of fifty soldiers, a military band and a motorized detachment of armored cars, anti-aircraft guns, as well as machine guns, the new semi-automatic rifles, etc., will appear on the public square.

Lieut. Coleman of the Lubbock Recruiting office is making arrangements for the exhibit in towns of this area, while Aubra M. Cade of the local Legion post, is in charge of local arrangements.

In addition to the exhibit of war equipment and a military band concert, there will be talks by army men. All people of the county are urged to attend the exhibit and program, Mr. Cade says.

### Former Magnolia Citizen Is Ill

Mr. and Mrs. H. B. McCord of this city, Mr. and Mrs. E. A. Thomas of Grassland, and Mr. and Mrs. J. Emanuel of Central spent last Sunday at the Baptist hospital in Abilene, having been called there by the very critical condition of H. B. Steele, a former citizen of the Magnolia community in this county.

Mr. Steele's entire head had become badly inflamed from a bad tooth infection. It was necessary to make incisions in a number of places to drain off the pus. Little hope for his recovery is being held out, though the fact that he still survives is encouraging.

Mr. Steele and family lived in the Magnolia community for five years and were well known throughout the county. He is in the employ of an oil company in Abilene.

Mr. McCord and Mr. Thomas had spent the entire night at his bedside or near by on Friday night. All the relatives had been called in.

### MRS. B. B. STREET IN CRITICAL CONDITION

Mrs. B. B. Street of O'Donnell, sister of Mrs. N. M. Wyatt of this city, was reported Tuesday to be somewhat improved but still in a critical condition following a major operation in the Lubbock Sanitarium on Tuesday of last week.

Mrs. Street is a pioneer resident of Lynn county and lived in Tahoka for a time. Her many friends hope that she may speedily recover.

### SACRED HARP SINGING CONVENTION AT CROSBYTON

Bob McCord announces that the annual All-West Texas Sacred Harp singing convention will be held in Crosbyton next Sunday.

Sacred Harp singers are expected to be there from Dallas to the New Mexico line. Everybody invited.

### HAS INFORMATION ON NAVY

Postmaster Happy Smith has received information sheets which he will issue to all young men interested in enlisting in the U. S. Navy. Anyone interested should see him at the postoffice.

### Monthly Auction Is Next Monday

Col. Talmus Bowden announces that the regular second Monday free auction sale sponsored by many of the business men and women of Tahoka will be held again Monday afternoon at the usual place.

Farmers are urged to bring in their live stock and other personal property. It will cost them nothing to have them sold at public auction.

They are also invited to come out and see what the other fellow has for sale.

### Tahoka Victor Over Lamesa

Tahoka golfers won 11 to 4 in team play against Lamesa on the local golf course Sunday afternoon. The Lamesa team was augmented by four players from Post and two from O'Donnell.

Charles Townes states an attempt is being made to secure a match with Brownfield for this Sunday afternoon, but that city has not been heard from.

### Wilson Youths Join The Marines

Garland Harold Swann and Raymond Amos Milliken, both young men of Wilson successfully passed the examinations for enlistment at the U. S. Marine Corps on the 17th of this month and were enlisted at the District Office in Dallas, Texas. They were transferred to the Marine Corps Base at San Diego, California, for training and future duty.

Both men attended high school in Wilson and now will be able to continue their education through the Marine Corps Institute without cost to themselves. This institute offers more than one hundred and seventy courses for members of the Marines, free.

When they have completed their training, Swann and Milliken will be transferred to active duty with the "Leathernecks" either aboard some ship of the United States Fleet or with an aircraft group, or perhaps they will be stationed on land with artillery or infantry units.—The Sun.

### Precautions Are Taken At Border

WASHINGTON, July 2 (Tuesday)—The first of 712 new boundary guards began intensive training today at El Paso, as the justice department announced new precautions to make the U. S. border patrol "ready for any emergency."

The Civil Service Commission has been enlisting border patrol recruits for two weeks and Lemuel B. Schofield, assistant to the attorney general in charge of immigration, said the entire authorized force of new men, almost doubling the former size, probably will be on the job by July 30.

### Fleet Available

One hundred men will begin the instruction in law, foreign languages, fingerprinting, use of firearms and special border patrol methods. Replacements will be ready as rapidly as classes are graduated. Untrained men will be held in readiness at sub-district headquarters on the Mexican and Canadian borders for preliminary instructions and for emergency work, the justice department said.

Additional precautions have been taken in arranging with the U. S. customs patrol and the forest guard to reinforce the border guard on 24 hours notice should they be needed. "Several hundred" additional men will be available through this plan, officials said.

The justice department said border patrol equipment is being enlarged through the purchase of three autogiros for patrolling isolated areas and that there will be a fleet of 500 fast cars, 14 speedboats and shortwave radio communications to aid in spotting aliens seeking to enter the country illegally.

### Most Business Houses Closed

In anticipation of the fact that most business houses in Tahoka were to be closed as tightly as beeswax on the Fourth, this paper is being printed this week on Wednesday and Wednesday night, though it will probably not reach any of the out-of-town subscribers until Friday, as usual, since the post office forces and rural carriers, like everybody else, will take off on Thursday.

There were no special celebrations of the day booked for Tahoka, but hundreds of her citizens were going to other places where special events had been planned.

Some went down to Stamford to attend the big and colorful Cowboy Reunion, which has become a noted annual affair.

Others went to Sweetwater to witness the somewhat thrilling boat race the somewhat thrilling boat form of amusement in West Texas. They were to be staged on Lake Sweetwater, which has become quite a playground for that section of West Texas.

Some were attracted to Levelland by her big fifteenth birthday celebration and her rodeo performances.

Beautiful and restful MacKenzie Park at Lubbock, as on every holiday, attracted many.

Still others found recreation and amusement at Buffalo Springs, where bathing, boating and a display of fireworks at night were on the program.

There were many other attractions for the pleasure seekers in West Texas Thursday and some went long distances to spend the day. Many took advantage of the occasion to visit relatives near and far.

Tahoka itself, if indications Wednesday night were to be relied on, had the aspect Thursday of a dandy good town that had closed up and gone visiting.

### Golf Tourney Is Nearing End

Play has not been completed in any of the five flights of the club tournament under way at the Tahoka Golf Club, but play in the championship flight has boiled down to two players, Charles Townes and Prentice Walker. All matches should be completed in the next few days.

In the championship flight consolation, C. N. Woods and Wynne Collier are competing.

In the first flight, the championship lies between Borden Davis and Jim Applewhite.

Clint Walker has already defeated A. C. Weaver for championship of the third flight.

In the fourth bracket, two O'Donnell men, L. E. Robinson and Bedford Caldwell, are in the playoff.

About thirty players are competing in the tournament. The contest has aroused so much interest that the club is planning another soon after close of the present tournament.

### SEVEN MEN CONFESS TO OIL FIELD THEFTS

Charges of felony have been filed against seven men who are alleged to have stolen a great quantity of pipe-thread protectors at Denver City, hauling them to Corpus Christi, where they were sold.

All of the seven have made signed confessions before District Attorney Truett Smith. Four of them were placed in jail at Brownfield and three at Seminole.

Five of the men, it is said, live in Corpus Christi, while the other two are residing temporarily at Seagraves. Mr. Smith says that five or six truck loads of the material were stolen and he estimates the value of it to be more than \$2,000.

### RETURN OF TRIPLE A CHAINS REQUESTED

Those who have borrowed Government chains from the Triple-A organization in this county will please return them to my office at once, and oblige.—C. A. Lawrence, Secretary.

**NOTICE TO THE PUBLIC**  
Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that  
may appear in the columns of The  
News will be gladly corrected when  
called to our attention.

It does seem to us that a tax on our natural resources is preferable to a general sales tax as a method of raising revenues with which to meet the payments on our social security program. A general sales tax would be borne solely by the people of Texas whereas a tax on our natural resources would be borne by the consumers everywhere, and a large per cent of these products are consumed outside of our state. Furthermore such a tax would be less of a nuisance tax than would be a general sales tax. We think that Governor O'Daniel has been standing in the way of the aged people who are on the pension rolls rather than helping them. It was utterly foolish for him to say that the necessary taxes must be raised by a sales tax written into the constitution when in all probability increased taxes on our natural resources could have been provided by the legislature at the last session as a result of which the aged people would today be getting the benefit of it. Gov. O'Daniel served the ends of big business in a big way when he demanded a constitutional sales tax for the social security program.

Agricultural census figures thus far released show that the number of farms has gradually decreased the past ten years and especially the last five years, in nearly every county in Texas reported. This does not mean that the acreage has decreased but that the size of the farms has increased. To some extent this is a natural consequence of the advent of tractor farming, which we hail with delight, but to a larger extent it is due to the government farm program which has encouraged and aided the large-scale farmer at the expense of the small farmer. It may be unpopular for us to say so, but we still insist that the government benefits should be graduated so as to help the small farmer most and to be withheld entirely from those who rent or lease large areas of land and thereby reap huge benefit payments from the government. This governmental policy has resulted in driving scores of farm tenants out of business and adding them to the list of the unemployed.

Hundreds of thousands of idle men in this country could be employed in building hard-surfaced farm-to-market roads, which are needed in nearly every county in the South and West and probably in the other sections of the country. Another big block of the unemployed could be used in broadening and improving the highways that we have and in building new ones. A few great military highways, it seems to us, should also be built as a part of our preparedness program. Men should be given steady labor at these jobs, however.

so as to be able to earn a real living for themselves and families, and any worker who refused to do a good day's work for a day's pay should be fired. Lighter jobs could be provided for the physically weak.

We believe that the ordinary laborer would prefer a steady job at a reasonable pay than a part-time and uncertain job at high wages. If he gets a living wage and feels secure in his job he is better circumstanced and better satisfied than if drawing a high wage today but uncertain as to whether or not he will have a job at all next week. It is this uncertainty of employment that has made nazism and fascism and communism possible in the countries of Europe. The successful solution of this problem in the democracies will be their surest guarantees of immunity from the lure of the communistic system. We believe that America can and must solve the problem and remain democratic.

To our way of thinking Howard county is on the right track in giving hard surfaced farm-to-market roads the right of way. All unnecessary dirt roads should be discontinued as maintenance costs amount to far too much. Building as many miles of hard surfaced farm-to-market roads as is possible each year is wise economy, and tax money is not being wasted in devoting road and bridge funds to the construction of permanent roads. The maintenance of unimportant dirt roads is costly and ineffective.—Big Spring News.

If the New Deal is to continue to function indefinitely it must be divested of the waste and the graft that have been practiced in many localities.

**Texas Farms Can Aid In Defense**

AUSTIN, TEX., July 2.—What Texas farms can contribute to national defense—cotton, wool, mohair, foodstuffs—will be analyzed by the University of Texas Radio Workshop in a series of broadcasts this month.

The series, broadcast over Texas State Network but originating in the University's Radio House on the campus, will dramatize "Texas Research in a Changing World." The programs will be aired from 1:15 to 1:30 each Sunday afternoon in July.

"Texas—Storehouse of Foods" on July 14 will indicate the quality and quantity of Texas agricultural products as related to individual and national welfare.

The following Sunday, July 21, the program will present "Textile Supplies for a Modern World," showing the value of Texas' wool, mohair and cotton resources, and what must be done to make them of utmost usefulness.

The July 7 broadcast will deal with natural gas, the July 28 one with basic chemicals found or processed in Texas.

Alva Jackson, who underwent an operation for appendicitis in Mercy Hospital, Slaton, a week ago Monday, is reported to be improving nicely.

**Librarian Seeks Data On Politics**

AUSTIN, TEXAS, July 2.—Donald Coney, University of Texas librarian, is eyeing 1940 State political races as a source of the "human" side of Texas history in the making.

To lend color to statistical election returns for future students of Texas political history, Librarian Coney plans to file away all the handbills, signs, manifestoes, broadcasts and news releases he receives.

He pointed out that the foundation for such a political library got off to a fast start last year when the library received samples of every publicity device used by student office-seekers in the hectic campus elections.

Mr. Coney said he hoped candidates for state offices might be induced to record their own campaigns in the University library.

Mr. and Mrs. E. F. Hart and two children of Vero Beach, Florida, a hundred miles north of Miami, are here visiting his uncle, A. B. Hatchell, who resides several miles north of Tahoka.

**WHEAT HARVEST ABOVE EXPECTATION FOR 1940**

The wheat harvest, which got a set-back last week, on account of spotted rains, started in this week in full swing, and the yield is considerably better than expected. The dry land wheat is averaging around fifteen bushels per acre, with some fields making 21 bushels. The irrigated crops are producing something more than 30 bushels.

Joe Catching, who has charge of the elevator, says he expects 300,000 pounds for the season.—Lorenzo Tribune.

### Openings In Service For Young Men

In view of the recent recruiting campaign for the Regular Army, the El Paso Recruiting District has been given several choice quotas, and at the present time there are vacancies in the following branches:

Calvary, Fort Bliss, Texas; Field Artillery, Fort Bliss, Texas; Coast Artillery, Fort McArthur, Calif.; 38th Infantry, Fort Douglas, Utah; Air Corps, Brooks Field, Texas; Medical Dep't., Fort Bliss, Texas; Quartermaster Corps, Fort Bliss, Texas; Medical Dep't., Wm. Beaumont General Hospital, El Paso, Texas; Quartermaster Corps Wm. Beaumont General Hospital, El Paso, Texas.

All applicants for the above Air Corps vacancies must be high school graduates or a journeyman in a mechanical trade.

All applications for the above assignment must be between the ages of 18 and 35, single, without dependents, of good moral character, and must be able to pass a mental test. Any young men who desire to avail themselves of the above vacancies should contact the Army Recruiting Station nearest their home. At the present time there are recruiting stations in the El Paso District located as follows: El Paso, Fort Bliss; Lubbock, Amarillo, Plainview, Childress, Sweetwater and Big Spring, Texas.

Also at the present time the El Paso Recruiting District is accepting young men for appointment as Flying Cadets of the Air Corps. All applicants for enlistment as Flying Cadet must be not less than 20 nor

## 25 Years Ago

(From Files of Lynn County News)

JULY 2, 1915

Mr. and Mrs. Hall Robinson and little son, Jack Alley, had just been away on a visit. Mrs. Robinson and Jack had visited with Mr. and Mrs. Jack Alley at Soash while Hall made a trip into Navarro county, where he visited a former Tahoka citizen, A. I. Thomas. A. I. was farming on a rather large scale for that day and was keeping from ten to thirty negroes on the place to cultivate the land and attend to the stock. In addition to the work stock he had a flock of sheep and a bunch of hogs.

A terrible storm had just visited the county on Monday afternoon, June 28. The residence of Mr. and Mrs. Mears nine miles north of Tahoka was blown down and their daughter, Miss Ruby, 15, was so badly injured that she died in the courthouse in Tahoka, to which she had been brought, a few hours later. Mrs. Mears was critically injured, and Mr. Mears and little son were terribly beaten and bruised by the hail. The house of a married son near by was blown down but he and wife and baby escaped serious injury. Mrs. L. G. DePriest and small daughter, Goldie, were pinned beneath a hack in which they were riding when it was blown over but luckily they were not seriously hurt.

more than 27 years of age, have at least (2) years college education, or its equivalent, unmarried, a citizen of the United States, must also present evidence of an excellent character, must be of sound physique and in excellent health. Flying Cadet candidates will also have to present a certified document from the registrar of a recognized college or University showing that he has completed satisfactorily at least one-half of the necessary credits leading to a degree, which normally requires four years work.

Any young men who desire further information regarding service with the United States Army should apply in person to any of the above listed recruiting stations or write letter or post card and full particulars will be sent by return mail.

Mike Redwine, who was close by, unhitched his team and rushed to the aid of Mrs. DePriest and daughter. "Kirk" Crouch, a puncher on the T-Bar, and Burt King, a puncher for Dr. S. H. Windham, received a severe drubbing. Three houses and many windmills were blown down, several crops destroyed, and much damage done.

Raymond Weathers came in on the Thursday evening train to visit home folks for a while. He had been at Lubbock.

Oscar Spears, editor and manager of the Borden Citizen, called at our sanctum Thursday evening. He is here to take in the picnic.

W. T. Petty is now the pilot of a new Overland car.

E. M. Larkin has received his new Regal car and it is all that the name implies.

On Sunday afternoon, Miss Frankie Slover, daughter of Mr. and Mrs. C. W. Slover, was married to Mr. Greene Henderson, a stock farmer, of Dimmitt.

Published election returns reflect that in the local option election held throughout Lynn county on June 5 a total of 241 votes had been cast, of which 188 votes were in favor of the prohibition of the sale of intoxicating liquors and 53 votes were against prohibition.

The greater portion of Lubbock, Slaton, and Post are expected to be our guests today and tomorrow. Slaton's service companies have put on an auto excursion from Slaton to Tahoka. Cars leaving and returning every two hours each day. The low fare will assure great numbers from that city to be present.

Mrs. Carl Owens, Carl Jr., and Joan returned last week from a ten days visit with relatives and friends at Frederick, Oklahoma, and Dallas and Mineola, Texas.

### ELDER DRENNON'S NOTES

I am in the midst of a good meeting here, Eunice, N. M. It has rained three inches since I started the meeting. The people are saying it always does when my brethren have a meeting and they think it is due to the fact that we preach so much on baptism by immersion, but I told them I was only putting it like the Bible as found in Romans 6:3-4, also Colossians 2:12.

This town is not as big as Tahoka, yet it has a school house with thirty rooms. It surely is a beauty. Uncle Sam helped to build it. Good old Uncle Sam.

There is one thing in common with myself and these people; they like to talk about Brother Lee O'Daniel. Some are for him and some are against him, as in Texas, but I notice that here, as there, the better class are for him.

One other thing I am unable to understand: gasoline and gas are higher here where gas and oil are plentiful than any place I have visited in some time.

The more I travel the more I think that Lynn county is hard to beat, and I am sorry I have to leave it. I guess the editor will have to give me a job; but one preacher on the staff is enough, I suppose.

I will close here, next Friday, fill the pulpit at O'Donnell the first Sunday in July.

Let us for more people who appreciate what they have instead of clamoring for more.—R. P. Drennon.

Note: We regret that we must admit that we do not belong to the "better class", in which Brother Drennon is a shining light. We are

### Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

### Political Announcement

The News is authorized to announce the following candidates for the offices indicated, subject to the action of the Democratic Primary election.

**FOR CONGRESS**  
19th District

only a rag-tag that often goes far astray. But we remember that one time two men went up into the temple to pray. One of them thanked God that he was not like other men; the other only muttered, "God be merciful to me a sinner." In deep humiliation we must confess that often we have to pray that same prayer.)

### YOAKUM LETS DENVER CITY TO PLAINS ROAD CONTRACT

At a meeting of the commissioners court of Yoakum county held at Plains last Saturday morning a contract was let for the building and surfacing of the highway from Plains to Denver City. This highway will also be finished from Plains north to the Cochran county line to be let in a later contract.

Petition is now being circulated to build lateral roads in the oil fields in the south part of Yoakum county. One branch of this road will be from Denver City to the New Mexico-Texas state line west of Denver.

## the Scrapbook

Myrtle Rochelle

If Tahoka ever has a zoo, we have a nomination for curator—A. R. Milliken. He has a start now, in a pen north of his home. Incarcerated there are three baby coyotes he and some scouts caught, and two foxes given him by a friend who caught them in Mexico. We don't know whether he still has the pet rattlesnake he used to carry in his car, but his pet prairie dog disappeared. The dog used to come up out of his hole and eat out of anyone's hand. Anyway, A. R. has an interesting hobby.

Anyone wishing to get married should apply for the presidency of the BPW club—they have married off two Miss Oabelle Singleton, charter president, was married right away, and the club did their best for her successor, but Hattie is apparently a hopeless case. The club had no more elected Ovel Lytle as president for the incoming year, when she married and lit out for California. Don't rush, girls.

Amos Harper, editor of the Seagraves Reporter, wrote in his column last week about a visit to Ruidoso, and said it was too cold over there—wish we were there now.

Mrs. Haynes next door wont let us tell what we want to on her, but you can rest assured she really pulled a boner Sunday. She said if we wouldn't tell it, she would write next week's column for us—don't miss it.

### NEW SCOUT TROOP

### NEW LYNN EPWORTH LEAGUE

The New Lynn Epworth League met Sunday eve at 8:15. A program on "Success" was rendered by Miss Juanita Young. We invite every one to our League and Helpers.

New Lynn Singing Class wishes to announce that there will be a pie supper Friday night, July 5, which will be the closing of a ten-nights singing school, directed by Mr. Billie Baker of Post. We invite every one to come. We are looking forward for a large crowd and a very good singing.—Reporter.

Earl Brock and family left Sunday on a two weeks vacation trip to South Texas. They expected to visit at Junction, Corpus Christi, Galveston, and other places, and Earl went prepared to hunt and fish as opportunity might afford. Russ Bledsoe of Lubbock is substituting for him with the Texas-New Mexico Utilities Company in his absence.

Mr. and Mrs. Loyd Nowlin drove to Ladonia Tuesday for a three day visit with Mrs. Nowlin's mother and other relatives there.

### Germans Taking Toll In Britain

LONDON, July 3—German bombs caused at least 135 casualties in raids on three northeastern coastal towns and in the open country of the southwest last night.

Early today (Wednesday) it was reported that at least 12 persons had been killed and 123 injured.

The air ministry said German aircraft flew over the coastline late last night and were met by anti-aircraft fire.

Nazi planes attacked Wales again, dropping bombs in one area.

**Nazis Take Advantage**  
An undetermined number in a poor quarter of one northeastern town were buried in the wreckage of their homes.

It was the second successive time that Nazi raiders took advantage of the long English twilight to bomb their targets on the mainland.

The harassment by German raiders echoed in the House of Commons where Maj. Albert Newby Braithwaite asserted it was the duty of the United States "to send their fleet and their boats to take our women and children across to their country."

The air ministry announced a major success of its own, declaring that another heavy attack had been made on Germany's great 26,000-ton warship Scharnhorst.

**Vessel Heavily Bombed**  
In a raid last night on the Kiel canal, the vital Nazi navy base, the Scharnhorst was heavily bombed, the minister said.

Four direct hits on the vessel and on the floating dock in which it rested were claimed for one plane. Another dropped three bombs which exploded in a row across the battle ship and started a fire.

The Scharnhorst, which the British had claimed to have damaged on two other occasions, was reported laid up for repairs.

The British raiders, the air ministry said, struck home through a curtain of anti-aircraft fire; one plane was repeatedly hit.

**Fires Are Visible**  
Fires on the naval base and ship were still visible to the crew of this crippled craft, it was added, when they were "85 miles away on their homeward journey."

The battleship and the dockyard were continuously attacked for nearly an hour.

A series of explosions, the ministry said, was followed by half a dozen fires through the dockyards which, from aloft, appeared to be "a solid mass of flame covering as much space as a big airdrome."

Deen Nowlin was expected to return Thursday morning from Houston, where he had spent the week on business.

### "Build-Up" Important Protector of Women

A weak, undernourished condition often enables *cardui* to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI'S principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

### FORMER HOPKINS COUNTY CITIZENS WILL PICNIC

All ex-residents of Hopkins county are invited to meet at 1 p. m. Sunday afternoon, July 11, in Mackenzie Park, Lubbock for the annual West Texas Hopkins County Reunion, according to Mrs. H. C. Story.

A program will be held during the afternoon, featuring an address by Attorney General Gerald C. Mann, and a basket lunch will be spread at 5 o'clock featuring "Hopkins County Stew". All ex-Hopkins Co. residents are urged to attend and bring well filled baskets. At least 500 are expected for the reunion.

Judge Homer L. Pharr is president of the Hopkins Co. Exes, and R. L. Hooten is secretary.

## Avis Shelton Is Sunday Bride

Miss Avis Shelton became the bride of Preston Buchanan in a ring ceremony at the Methodist church Sunday morning at 9 a. m. with Reverend G. E. Turrentine officiating.

The bride was dressed in traveling clothes. Only guests were Miss Leta Frances Wyatt and Richard Young.

Immediately following the ceremony the couple left for a short trip to Amarillo and Morton, where they visited his parents. They returned here Tuesday and left again yesterday (Thursday) for Ruidoso. When they return they will be at home at the J. S. McKaughan home, where they have taken an apartment.

The bride is the daughter of Mr. and Mrs. S. L. Shelton and graduated from Tahoka high school in 1939. She is the twin of Travis Shelton, who is now employed in Hobbs, N. M.

The groom is the son of Mr. and Mrs. N. W. Buchanan of Morton, and is a graduate of Lubbock High school. He has lived here the past six years, plying his trade as a painter.

Miss Berta Hill, Trinity county investigator for the state welfare commission, is here this week for a brief visit with the Hill family. She

left Groveton Saturday morning and traveled much of the way to Austin in that terrific rain that visited south Texas. Visiting in Austin and environs Sunday, she came on to Tahoka Monday.

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my Country to love it; to obey its laws; to respect its flag; and to defend it against all enemies."—William Tyler Page.

**Jerry Sadler Is Sales Tax Foe**

AUSTIN, Texas, July 2.—As an avowed foe of a sales tax in any form, Jerry Sadler, wouthful candidate is making the race for governor of Texas on a platform to pay old age pensions and other social security obligations to the state with additional taxes on oil, gas and sulphur. Sadler would meet the Teachers Retirement fund with reforms in the present franchise Tax laws, and has called attention to the fact that there are billion dollar corporations now doing business in Texas and only paying \$10 annually in franchise taxes. Teachers of Texas have already paid more than \$6,000,000 into this fund to the state, which is supposed to match dollar for dollar and has paid nothing.

Sadler has called attention of the people to the fact that Governor O'Daniel's Transaction tax bill, which he advocates in seeking reelection is a sales tax which would tax poverty in Texas from 6 to 14 percent for each loaf of bread bought, each gingham dress, overalls, work shoes, or would tax any kind of a transaction made in the entire state.

Sadler's proposal of taxing oil, gas and sulphur to pay these State obligations would put the tax burden "on those most able to pay." His slogan is "Tax the mouths of the wells and not the mouths of the people." He has shown that by taxing oil, gas and sulphur that the people of Texas would only be paying 20 percent of these taxes, as more than 80 percent of all oil, gas and sulphur produced in Texas is exported to other states.

"Any sales tax passed," Sadler said, "would be paid in its entirety by Texans. It would tax the poor, because the rich could buy their necessities outside of the state and would therefore not come under a sales tax. I am opposed to putting any further tax burdens on the little man of Texas, but believe it is high time Big Business started paying its share of our taxes."

**NATIONAL DEFENSE AND AGRICULTURE**

COLLEGE STATION, July 3.—Agriculture's part in the national defense plan will be carried out without the establishment of new federal agencies.

This pointed out in a letter received by H. H. Williamson, director of the Texas A. & M. Extension Service, from Secretary of Agriculture Henry A. Wallace.

Agriculture is represented on the Council of National Defense by Secretary Wallace and Chester Davis of the Federal Reserve Board.

The Council, reestablished by the President, is composed of six cabinet officers and seven advisory commission members. Its function is to correlate efforts of industry and the government.

The letter stated that the Secretary and Mr. Davis, after thoroughly exploring the relationship of agriculture to national defense, wanted to report immediately that:

"It will not be necessary to set up new government services, or new organizations of farmers, to carry on agriculture's part in the national defense program. From people themselves, through county extension organizations, AAA committees, land use planning committees, and so on, and government agricultural services, both in the Department of Agriculture and in the land Grant Colleges, are set up and staffed to do whatever needs to be done."

The Secretary commented that

**Aquaqueen**

Esther Williams is the shapely queen of Billy Rose's Aquascope troupe on Treasure Island. She's starred with Johnny Weissmuller and Gertrude Ederle in the water carnival at the Golden Gate International Exposition.

the present farm program could be adjusted to increase the acreage of any crop that is needed in the national defense scheme. When and if need comes, he added, the people and the organizations now operating farm programs will be called on to do the work.

**SHOWER GIVEN TO NEWLY MARRIED COUPLE**

A shower was given to Mr and Mrs. Everton Nevill, recently married, at the beautiful home of Mr. and Mrs. H. P. Caviness on Friday two weeks ago by the Ruth class of the Baptist Sunday School.

More than forty friends registered and almost that many others sent gifts. Among the gifts were many valuable and very beautiful ones.

Soft music was rendered at intervals throughout the afternoon, and refreshments were served. Mrs. H. P. Caviness and Mrs. Verner Smith were co-hostesses.

The honorees of the occasion expressed their keen appreciation of the gifts and the spirit that prompted them.

Mr. and Mrs. J. L. Heare left this week for their cabin in the New Mexico mountains west of Eagle Nest Lake, where they will spend several weeks fishing and enjoying the cool mountain atmosphere.

**A Gentle Laxative Good For Children**

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

**Ovel Lytle Weds Californian Saturday**

QUANAH, June 29. (Special).—The wedding of Miss Ovel Lytle and Arnold Banks took place Saturday at 8 o'clock at the home of the officiating minister, E. A. Sanders. A double ring ceremony was read.

The bride wore a black dress with white accessories and a corsage of roses.

Miss Lytle is the daughter of Mr. and Mrs. Harry Lytle of this city and is a graduate of Texas Technological college. She has taught home economics in Roaring Springs, Spring Lake and Littlefield for the past three years. At present she is home management supervisor with the Farm Security administration in Tahoka. She is president-elect of the Tahoka Business and Professional Women's club.

Mr. Banks is the son of Mr. and Mrs. W. F. Banks of Spring Lake. He is a student in the George Peperdine college at Los Angeles, Cal., and is employed by the Lockheed Airplane corporation in Burbank, California.

The couple will make a trip to Arizona and make their home in Los Angeles.

**Frank Crews Is Seriously Ill**

Frank Crews of Wilson was carried to a hospital in Lubbock Friday and underwent a serious major operation Tuesday and was reported Wednesday as being in a critical condition. He is the father of Leroy Crews of the local AAA office.

Roger Curry, who is a member of the office force of the Seagraves Reporter, visited his sister, Mrs. Borden Davis, and his brother, John Curry, here Monday, and made a pleasant call at the News office.

Miss Irene Mode, who with her parents formerly resided in the Joe Stokes community but who has resided at Seymour the past three years, was married on Monday morning of last week to Mr. Henry Gray Briggs of that city. The wedding took place at Jacksboro.

L. M. Light, Jr., of near O'Donnell suffered fractured right arm Monday while attempting to crank the tractor on his father's farm.

**Congratulations**

To Rev. and Mrs. E. J. Cobb of New Home on the birth of a son weighing seven pounds at 2:30 o'clock last Friday afternoon in the Lubbock Sanitarium. The father is the pastor of the Baptist Church at New Home.

To Mr. and Mrs. Will Harris of the Joe Stokes community on the birth of a daughter weighing 7 pounds 3 ounces at 9:35 o'clock last Friday night in the Lubbock Sanitarium.

To Mrs. Norman Warren on the birth of a son weighing 8 pounds at the residence at 11:20 o'clock Saturday morning. He will be called Norman Dewey.

Mr. and Mrs. Bill Sewell of Leveland were here Tuesday a short time visiting relatives and friends. Bill is in the banking business at the Hookley county capital.

H. L. Roddy and family left Wednesday morning to spend the "Glorious Fourth" at Lake Bridgeport.

Mr. and Mrs. Sam Holland and Miss Dorothy left Wednesday morning for Goldthwaite to spend the

Fourth with his mother, who resides there.

Give your feet a break... they suffer when you neglect your shoes. So, right now, bring in your shoes and let us recondition them.

**A PERSONAL WORD TO THE PEOPLE OF THE 19th DISTRICT:**

During this grave emergency I have remained on the job in Washington, seeking to serve you and our Nation at this time of great crisis. As you know, it has been necessary for Congress to remain in session and the adjournment date is still uncertain.

I am not unmindful that this is election year. Under normal conditions, I would now be visiting among you, thanking you for past favors and seeking your continued good will and support. Not being able to be in our District, I take this means of thanking you for the wonderful cooperation you are now giving me and have always given me during my service as your Representative in Congress. May I earnestly solicit your continued confidence and support in the July Primary.

**Women, Girls Go To Short Course**

Seven Lynn county home demonstration club women and seven Lynn county 4-H club girls are planning to attend the short course given at College Station next week.

The short course for girls will be held on Monday and Tuesday and the girls will leave here Saturday, by bus, at 11:30 a. m. The party is to consist of Misses Ruby Greer and Beth Shepherd of Grassland, Pauline Gillespie and Bennie Dale Flint of West Point, Geraldine Askew and Margaret Barrett of Wells, and Reba Phillips of Midway.

Miss Phillips is Lynn county's Gold Star girl and she is being sent by the home demonstration county council. The other girls are being sent by their respective clubs at Grassland, West Point and Wells.

Miss Maurine McNatt says that about a thousand girls are expected to be in attendance, going from all sections of the state. This will be the largest number of girls that has ever attended a short course in this state. Four girls went from this county last year.

The short course for the women will be given on Thursday and Friday of next week. The Lynn county women will leave by bus on Tuesday at 11:30 a. m., and will go from here to Lubbock, where they will change buses.

Women who are planning to go are: Mmes. R. W. Barton and John Meeks of New Lynn; H. R. Tankersley and Bob Rusk of West Point; Paul Johnson of T-Bar; Dudley Martin of Draw and J. K. Woosley of Tahoka.

Mesdames Woosley and Barton will represent the county at the convention of the state home demonstration association, which meets during the short course.

Mrs. Barton will also appear on the short course program with two men from the county, who are to talk on Frozen Lockers. She will talk on "How Lynn county farm women use frozen lockers".

The cream to use before the evening dance. No rubbing off—no touching up. A trial will convince.

**European Struggle From Viewpoint Of An Englishman**

Dr. J. H. Rushbrooke of London, a noted Baptist preacher and President of the Baptist World Alliance, made an address recently before the Southern Baptist Convention meeting in Baltimore, in which he undertook to clarify the issues involved in the struggle between Great Britain on the one hand and the totalitarian states of Germany and Italy on the other.

He sets forth the British viewpoint and defines the issue so clearly that if there is yet in this country any real American who feels that the European struggle is merely one of "dog-eat-dog", and that Great Britain has a record and a purpose no higher than that of her totalitarian enemies, this statement of Dr. Rushbrooke should serve to open his eyes. We quote from it at some length as follows.

I find that the conflict in Europe has been freely described to the United States as simply a clash of imperialisms. That is an inadequate and misleading phrase. But if it were as it is not, both accurate and adequate, it would still be worthwhile to examine the character of the imperialisms. The British Empire has no parallel in history. It has long since ceased to be an empire in the old sense of the word. Indeed, we in Britain prefer to speak of "the British commonwealth of nations." I think it is not fully realized in the United States that our so-called dominions are self-governing, democratic nations. The cabinet in London has no more authority in Canada or in Australia than has the American government.

The same is true of South Africa, where a great statesman of Dutch descent, who in earlier years fought against Great Britain, is the prime minister of a self-governing nation.

Let me give a minute or two to the exceptional case of India, about which I find not a little misrepresentation and confusion in your country. The settled object of the British government and Parliament is to confer on India the same dominion status enjoyed by Canada or Australia. Step after step has been taken in that direction. The only reason the goal has not already been attained, lies in the character of India itself. It is there the difficulties are found.

Do you realize the complexities of the Indian problem? Mohammedan and Hindu are by no means at one, and frequently are in open conflict. The Mohammedans number one-fourth of the people, and they dread Hindu domination. Do you realize that the outcaste population of India is as large as the total population of Great Britain and Ireland? Do you know, again, that one-fourth of the people of India live in native states, with native princes at their head, and that these princes and their states have rights guaranteed by treaty? They cannot simply be forced into an Indian federal state without their consent.

There are other minorities, racial and religious, and they include some ten per cent of the population. The problem of the British government is to secure such a measure of agreement among these various groups as to give a reasonable prospect of peace and order; otherwise, India would fall a prey to anarchy. It is entirely untrue today that Britain holds India as a tyrant or an exploiter; her firm purpose is to lead India along the path of full self-government.

Those who suggest that the present war is a clash of imperialisms, all

**When Stomach Gas Chokes and Bloats**

The 5 carminative ingredients in Adlerika soothe and warm the stomach to ease the gas, & Adlerika's 3 laxative ingredients give a MORE BALANCED cleaning-out to BOTH bowels, for prompt relief. Sold everywhere in the Silver Color Bottle.

WYNNE COLLIER, Druggist  
TAHOKA DRUG

**Need Laxative? Take All-Vegetable One**

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

very much alike, should ask whether under Hitler or Mussolini, Gandhi would be found today alive and at liberty, and they might do worse than read the declaration by the Indian Congress leaders condemning fascism and nazism.

The truth is that what we confront in Europe is a clash of ideologies. On the one hand stands the totalitarian state with its claim to control the entire life of all its citizens from the cradle to the grave. Freedom of opinion, of organization, of speech and writing, is utterly denied. The binding character of law is denied; the pledged word has no binding force. I need not expand; the character of totalitarian claims is beginning to be understood.

We are passing through a season of fiery trial with the furnace heated seven-fold. All our material possessions and our very lives are at stake. We have learned that there are higher values that are not only worth living for, but are worth dying for. Only by sacrifice can these be preserved. Whatever the issue of the fierce struggle of the day, Britain has saved her soul.

**UNITED STATES CIVIL SERVICE EXAMINATION**

The United States Civil Service Commission announces open competitive examinations for the positions of Senior Stenographer, \$1620 a year, Junior Stenographer, \$1440 a year, Senior typist, \$1440 a year, and Junior typist, \$1260 a year, for employment in the Tenth United States Civil Service District, comprising Louisiana and Texas. These examinations are OPEN TO MEN ONLY, as there is an ample register of female eligibles. Applications must be on file with the manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana, not later than July 19, 1940.

Additional information and application blanks may be obtained from the Secretary, U. S. Civil Service Board, post office, Tahoka, Texas, or from the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana.

**SINGING AT WEST POINT**

There will be a singing at West Point next Sunday afternoon, beginning at about 2:30 o'clock, according to Cody Bragg. Everybody invited.

WYNNE COLLIER, DRUGGIST

**WAYSIDE H. D. CLUB**

"There are several beefsteaks which come from the less tender sections; these should be braised", stated Miss Maurine McNatt, home agent at the meeting of the Wayside H. D. Club Thursday June 27 at the home of Mrs. J. E. Jennings.

It is a common practice to pound flour into the beefsteaks, such as flanks and round which are cooked by the braising method.

This pounding is to break the connective tissue to make it more tender and to shorten the cooking period.

Regardless of the cut, the desired result in braising is to produce a meat dish which is richly browned with well developed flavor and aroma, and which is tender and juicy.

The next club meeting will be in the home of Mrs. Floyd Reece, July 11th.

Refreshments of lazy daisy cake and lemonade was served to the 12 members present.—Reporter.

# Odds and Ends *Eco Eye, the Elder*

A week ago the Republicans named their man — and they are now hard at it, trying to electrocute the New Deal.

To turn on the deadly current, they selected the head of a billion-dollar electric power company, Wendell Willkie.

The boss of the ramrod of this column says that the name reminds her of Wee Willie Winkie.

"Wee Willie" seems to be a man of dynamic power, however. He ought to be; he has been fooling with giant dynamos.

Whether or not he can electrify the American people and at the same time electrocute the Roosevelt administration and the New Deal remains yet to be seen.

At any rate, he seems to have electrified that Republican conven-

tion. Every time Willkie's name was called a lot of delegates and nearly all the people in the galleries jumped and yelled as if they had been given an electric shot.

Willkie used to be a Democrat, they say. He voted for Roosevelt in 1932. He helped defeat Herbert Hoover for a second term. But, due to the peculiar quirks of politics, Hoover must now help to elect Willkie or bolt his party. He couldn't bolt in favor of Roosevelt. He'll fight for the fellow who fought him, the Hoosier school-boy who became a captain of finance.

Willkie was listed as a Democrat until four years ago, they say. To start with, he was an enthusiastic New Dealer. He remained such, it is presumed, until the New Deal began to pommel his business. Willkie didn't like it because Roosevelt fathered the Tennessee Valley Authority that built those big dams across the Tennessee River and began furnishing light and power for industry.

That was more than Willkie could stand. He weakened on the New Deal. Gradually he eased over on the other side. Recently he has been fighting it to a fare-you-well.

A few months ago he started out to get the Republican nomination for the Presidency. Nobody figured that he had a chance—that is, nobody except a few personal friends and business pals. But, in the dearth of good material, Willkie's figure had been looming larger and larger the past few weeks. When the Philadelphia convention opened, it was recognized that he was distinctly in the running. It took only six ballots for his friends to win the fight. Then the convention and the galleries went wild.

Taft and Vandenberg and Hoover and all the other old-timers doubt-

less feel a pang of disappointment and disgust. The very idea that a newcomer like Willkie, who had never voted for more than one Republican Presidential candidate in his life and who was an obscure personage in the field of politics until six months ago, should pass by the whole bunch and nab the nomination must have been an amazing and terribly disappointing thing to them.

But people get tired of the old war horses. They like new blood. They like new names. They will go wild over the meteoric appearance of a new political star, if he is rising and appears to be brilliant, whether he is the brightest star in the firmament or not.

If that young fellow, Harold Stassen, governor of Minnesota, who made the keynote speech Monday night, had been 36 years of age instead of 33, he probably would have been nominated. He delivered a brilliant speech. It was well delivered, and the convention cheered it from the word go. He seemed to be the man of the hour. But he had not attained the age required by the Constitution for a man to serve as President. Of course he was not the sole author of that speech. Many minds had helped him prepare it—at least a number of the old war-horses of the Republican party had helped. They had to see to it that it was a "key-note" speech—that just the right thing was said and the wrong thing left unsaid. So, it was a telling speech, and Stassen got the credit for it. He may continue to rise and shine in the political firmament or he may be eclipsed a little later on by other stars. Only the years will tell.

To our way of thinking, the most brilliant speech, the most effective speech, made before that convention was the speech of Herbert Hoover on Tuesday night. And that speech, doubtless, was the sole product of the brain and tongue of Mr. Hoover himself—or nearly so. Hoover is yet the brainiest and sturdiest of all the Republican leaders, in our humble opinion.

Almost every sentence that fell from his lips brought cheers. Much of the time there was prolonged cheering. All of the time it was spontaneous and sincere. There was no stage-playing done by any set of delegates to bring about his nom-

ination. And yet his thrusts at the man who now sits in the White House were so keen and pointed that they kept that convention keyed up to a high pitch. At the end of the speech he received a veritable ovation.

After his overwhelming defeat at the hands of Franklin D. Roosevelt eight years ago, the wild and continued cheering of those vast multitudes must have been sweet music in his ears. It looked as if he had that convention wrapped around his finger. If nominations had been started immediately after that speech, the convention might have stamped and nominated Hoover. Who knows?

But Hoover has served his day. Taft and Vandenberg and that young man Dewey have all lost what was probably their only chance to win a nomination for the Presidency.

Willkie has won a nomination—but he has not yet won an election. He probably never will win one—not this year, at least.

It seems to be a foregone conclusion that Franklin D. Roosevelt will be nominated by the Democrats. And it seems to be almost a foregone conclusion that he will be elected. Of course many things can happen between now and November, but the winds are still blowing strong in his direction. The people are not so apt to swap horses in the middle of a stream like the one we are crossing now. If we don't get across before November, it's Roosevelt for four more years—and the Republicans will be awfully hungry by the end of that time.

## O'DONNELL WINS SCHOOL ELECTION CONTEST

In the contested election case tried here before Judge Louis B. Reed last week, which the court took under advisement for a few days, judgment was rendered Monday in favor of the county, which was contesting in the suit.

The effect of the judgment was to hold that the election was legal and that the O'Donnell and Joe Bailey School districts had thereby been consolidated.

**MILEAGE PROVED TO YOUR OWN EYES BY YOUR CONOCO MILE-DIAL..FREE**

BESIDES LIKING THIS TOWN as if it was part of me, I'm out to make progress. So I've got plenty at stake in asking you to come here for a Conoco Mile-Dial, I'll give you absolutely free.

YOUR MILE-DIAL can't lie about the real mileage you get from my Conoco Bronz-z-z gasoline. I bank on the straight true mileage figures you'll register on this Mile-Dial I've got here for you free as air. I'll put it on the dash in half a second. It's quite a sport my customers say, to let the Mile-Dial keep close tabs on their Conoco Bronz-z-z mileage. They like to do it, even when they've always been so satisfied they never bothered before.

THEY CAN NOW COMPARE their city and country mileage on Conoco Bronz-z-z and they can keep checking Bronz-z-z under all conditions, to get their honest average, and no mistakes.

YOU CAN KEEP CHECKING Bronz-z-z on your free Conoco Mile-Dial, till you've got the plainest answer about gasoline mileage. Not just a lot of words I might say, because with your Mile-Dial you get actual mileage figures to see. You've got to admit that the Conoco Mile-Dial gives the consumer the answer that really counts, which is mileage. And what'll be more fun than dialing your Conoco Bronz-z-z mileage on any Fourth of July trip you take? So drive in to my station today, before I might run short, and let me put on your Conoco Mile-Dial—ALL FREE.

### Advanced Flying Will Be Started

LUBBOCK, TEXAS, June 3.—Clint Breedlove was advised Tuesday that his application for an advanced flying school in Lubbock had been approved by the government.

"Your application for advanced flying school rating approved today. Certificate being issued effective this date," said a telegram signed Lanter, chief of the technical section of the Civil Aeronautics authority.

The important announcement means Lubbock will be able to give courses prerequisite to commercial piloting. Until the CAA program there were only 13 such flying schools in the entire country.

#### Equal To Dallas

"We will have the same rating as the Dallas Aviation school, the Spartan School of Aeronautics and the Ryan School of Aeronautics," Breedlove said, explaining that higher horsepower planes would be used.

"We will continue instruction in primary flight courses," he said, "and will take up the advanced flight instruction as a further step."

Planes to be used in the advanced flight course will be from 120-225 horsepower, as compared with the 40-65 horsepower ships used by primary flight classes, of which there have been two from Texas Technological college. Such planes would be of the Ryan S-T Myers or Fleet trainer types. A Fleet model 11 with a 160 hp Kinners engine such as the Canadians, the army and the navy are using for training pilots has been bought by Breedlove.

#### More Ordered

For the CAA requirements, 50 to 75 hours will be given, a third of it in dual instruction. Private license pilots "or better" will be accepted for the advanced school. The flying will be strictly that of precision training—chandelles, lazy 8's, slow and snap rolls, loops, spins and the like. It will go into acrobatic maneuvers. Those who complete it can go right on in to service squadron training in case the government would accept them.

Breedlove said he would probably have to employ other flying instructors for his primary classes this fall.

He has had no definite information, but expects that the new phase of flight instruction will begin July 15. Possibly two units of 15 men each will be the first class. One plane to a unit would be provided.

Breedlove, who has six Taylor Crafts for his primary flight training, has ordered 10 more.

Mrs. F. E. Redwine and children, Mrs. Clarence Gausson and husband and Norvel Redwine of Lubbock, Miss Jewell, F. E. Jr., and Winston Redwine of Tahoka, left Sunday morning for Silver City, New Mexico, to attend the big rodeo to be staged there and then to visit Pletown, Belen and Las Vegas in that state. They expected to be gone about two weeks.

Mr. and Mrs. J. H. McNeely and Mr. and Mrs. Ott Patterson of Tahoka and Mrs. C. M. Whipp of Lubbock left Wednesday morning to attend the big Fourth-of-July celebration at Jackboro, which was to feature also the famous trial of two noted Indian chiefs, Satanta and Big Tree, which took place 69 years ago.

W. A. Reddell and George Reid and their families went down to Bridgeport Lake Sunday to spend the week in rest and recreation. The Reddells were also to visit relatives and friends in Chico.

Mrs. J. T. Grisham of Riverside, California, who has been here the past several weeks visiting her daughter, Mrs. E. J. Cooper and family, left Sunday to visit another daughter at Terrell.

Frank R. Crews of Wilson was taken to a hospital in Lubbock last Friday for treatment preparatory to an operation. Mr. Crews has been sick for about five weeks.

Mr. and Mrs. Loyd Edwards and Pete left Wednesday for Houston to visit relatives and to bring home their daughter, Loydeen, who has been visiting there.

Miss Margaret Wetsel who has been employed by the Henderson Drug Store in Odessa is now employed at the First National Bank of Odessa.

Mrs. Ruby Collins, who formerly lived here and worked at Tahoka Clinic, visited Mr. and Mrs. A. H. McGonagill last weekend.
