Lynn County Held Limelight At A. & M. Short Course

Tahoka Group Program Feature

Lynn county took the spotlight at the annual Texas A. and M. College Farmers' Short Course held at College Station last week, according to daily press stories and reports brought home by the dozen or more citizens who attended from this county.

Principal cause for the attention drawn to this county was a program featuring the farmer co-operative movement. On this program, three Lynn county citizens, B. J. Emanuel, E. J. Cooper, and Mrs. R. W. Barton, appeared, and from all accounts they "put Lynn county on the map". Their expenses were paid to and from College Station to appear on the program and they were guests at a special dinner as guests of the College.

The program they appeared on was Thursday morning, with 4,000 people in attendance, and the general theme of their program was "Lynn County Gets Frozen Food Lockers Through Land Use Planning Committee". These three farm people compose Lynn county's planning committee. Mr. Emanuel spoke first on "The Idea's Beginning", telling some history of the co-op. movement in Lynn county, of which the

Mrs. C. W. Seth Is Buried At Lubbock

Mrs. C. W. Seth, a much beloved resident of New Home for many years, died Saturday morning at 8:22 o'clock, July 13, at the home of a daughter, Mrs. S. O. Isard, Tucumcari, New Mexico, where she had been ill for several months.

Following the funeral services in the Sanders Funeral Home in Lubbock at 2 o'clock Sunday afternoon, the body was laid to rest in the Lubbock cemetery. Pall bearers were: Wayman Smith, J. H. Corneghly, Roy Askew, John Miller, Henry Heck, and Bill Balch.

Survivors are her husband, C. W. Seth, a son, Albin Seth of Littlefield, formerly of New Home and Tahoka, a daughter, Mrs. S. O. Isard of Tucumcari, and three grandchildren: Billy Seth, S. O. Isard Jr., and Dorothy Lee Isard. She is also survived by two brothers, N. D. Leavitt of New Home, W. H. Leavitt of Conchas, New Mexico, and a host of nieces and nephews.

Mrs. Seth's maiden name was Edna Leavitt. She was born in Fon du Lac, Wisconsin, on March 4, 1877. She came to Jones county with her parents at an early age and was married on December 13, 1897 to C. W. Seth. They moved to New Home in Lynn county in 1911, where they resided until a few years ago.

Mrs. Seth united with the New Home Baptist Church in 1916 and had been a member ever since.

She was a fine Christian character and had many friends in the New Home community as well as in other communities in which she had lived.

The entire family have the sincere sympathy of many friends here and in the New Home community in this hour of bereavement.

John Heck Elected Oil Mill Head

John Heck of Wilson was elected president and J. A. Edwards of O'Donnell a director at the annual meeting Tuesday in Lubbock of the Plains Cooperative Oil Mill. Both are prominent Lynn county farmers and co-operative gin workers.

The oil mill is owned by about thirty co-operative gins of the South Plains.

Lamesa Golfers Win 15 To 10

Tahoka Golf Club lost to Lamesa Country Club 15 to 10 in team play on the latter's course Sunday, according to Charles Townes of the local club.

The Lamesans will come to Tahoka for a return engagement a week from this Sunday. Charles says the Tahoka boys have not lost a team contest on the home course this year, and they will be ready for Lamesa Country Club.

Play was started this week on another tournament by local club members.

Band Instruction Will Be Started

Regular rehearsals for the Tahoka High School band and a free summer band school for beginners will be started here next week by John Hamblen, new band director, who moved here this week from Lubbock, where he has been attending the Texas Tech summer school.

He asks that all who play instruments meet him at the High School Friday night at 8 o'clock to get acquainted and for the initial practice. Regular band rehearsals are planned for each Monday, Wednesday and Friday night.

Anyone wishing to begin band work may enter the beginners school which Hamblen will start Tuesday morning at 8 a. m. at the High School. Parents are urged to start their boys and girls now as more attention can be given individual students during the coming weeks. Period of instruction will be 8 to 10:30 a. m. each Monday, Thursday, and Friday for the beginners.

Mr. Hamblen comes here from Stanton, where he taught band last year. He has a wife and two children, one a boy two years old, and the other a two weeks old daughter.

More Books For County Library

Forty-six books have been added to the new Lynn County Library the last week by donation, bringing the total received to date to 567. Although only 124 cards have been signed for library privileges, nearly that many books are out at all times, librarian reports. Other citizens are urged to make use of this free reading service.

During the past week the following donations of books have been received at the library: Mrs. Bethel Brown, 3 books; Ovid Luallin, 13; Mrs. Claude Wells, 4; Sammy Tefteller, 2; Billy Carl Newton, 1; Mrs. J. R. Singleton, 19; Nancy Ray Weathers, 1.

Girls Donate To Red Cross Fund

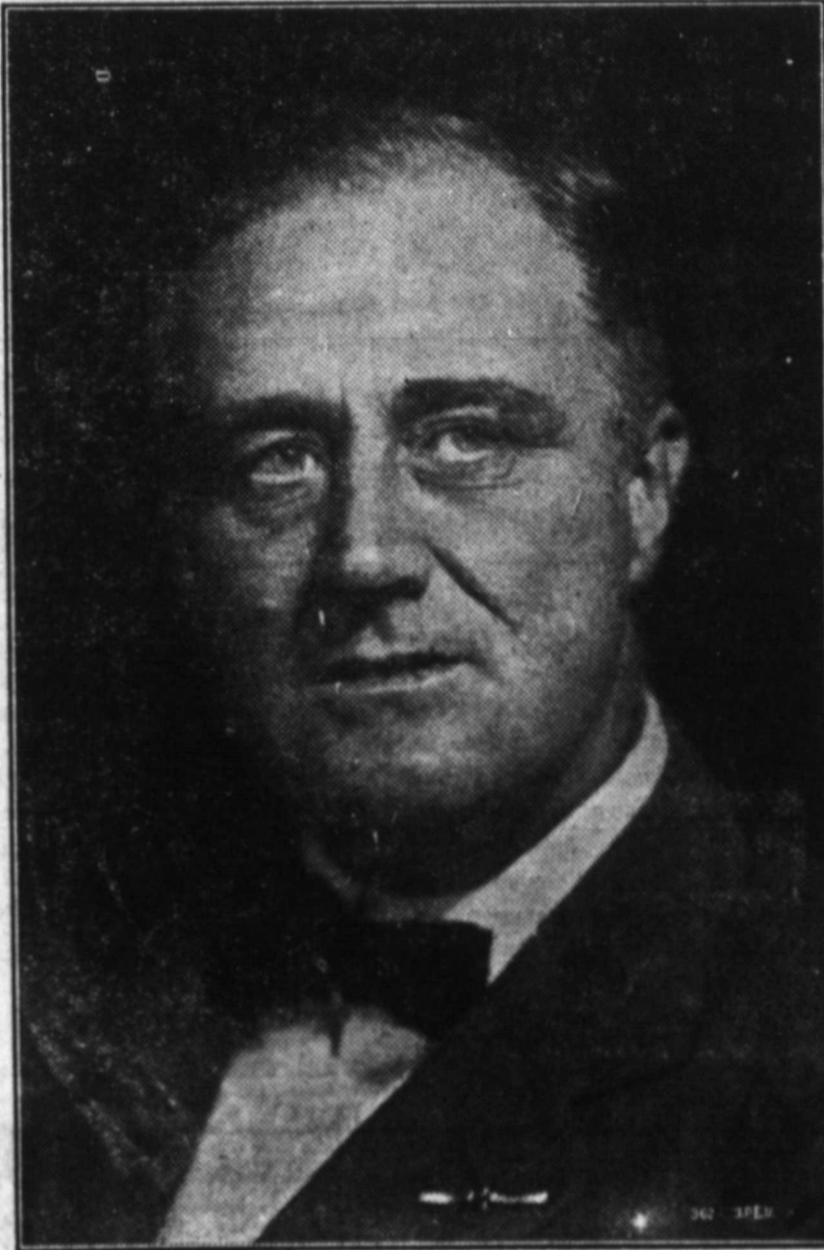

We wish to acknowledge receipt of \$1.69 contributed to war sufferers by the following young ladies of Tahoka: Dolores Nowlin, Donna Sue Milliken, Alice Roberts, Norma Lou McGuire, Nancy Ray Weathers, Gwinnelle Davis, Loyd Dean Edwards, Dora Ruth Fenton, and Bobbie Ray Falls.

This money was raised by selling "cool-aid" and "pop". This action on the part of these young ladies was mighty sweet and we appreciate it very much and wish to thank them individually and collectively. Sincerely yours,

Tom Garrard, chairman Lynn County Chapter, American Red Cross.

CANDIDATES NEARING CLOSE OF CAMPAIGN

As election day draws near, both state and county candidates are becoming decidedly more active. County candidates are diligently rounding up all the corners while many of the state candidates or their friends have visited Tahoka and other points in Lynn county recently. A number of both the state and county candidates, as well as district candidates also, are using printer's ink just a little more freely during these last two weeks of the campaign than has been the custom heretofore.

There are three more political rallies to be staged by county, precinct, and district candidates in this county before the people go to the polls.

The rally which was first announced for Wilson for Friday night of this week has been postponed until Monday night.

On Tuesday night a big rally will (Continued on Page 10)

Commission Sits As Tax Board

The commissioners court sat Tuesday as a board of equalization. Valuations were raised on a few corporate and other business concerns, but there were no raises on farms.

George Small, one of the commissioners, states that only two property owners appeared before the board to protest against the raising of property valuations.

Lynn County Ladies On Radio Program

The Committee on Education of the Lynn county home demonstration clubs will broadcast from KFO in Lubbock, today at 1:45 p. m.

The program consists of an interview on the subject of Frozen Food Lockers.

Mrs. R. W. Barton who has just returned from College Station where she went as a guest of A. & M. college to talk on the subject, will answer questions asked by Mrs. W. W. Rowland.

Election Party Is Planned July 27

L. C. Haney, proprietor of the Tahoka Drug Store, has again made arrangements to receive election returns here on the night of July 27.

A large board will be erected in the street as heretofore on which the returns will be posted.

It is expected that county returns will come in rapidly and that the results in most contests will be known early in the night. State returns will be posted as rapidly as received.

The entire population of the county is invited to come in and note the returns as they are posted.

County Chairman Urges Early Vote

The Lynn County Democratic Executive Committee and the election officers of the several precincts are exerting every effort to facilitate the counting of the votes on the 27th, as promptly as possible, in order to avoid having to work all night or delay the completion of the counting until Monday following, as has sometimes been the case in the past, but we find that we must have the help of the voters to accomplish this purpose. Heretofore, a great many voters have delayed voting until late in the afternoon, leaving the counting force without much to do in the forenoon, and thereby causing a delay of several hours in getting the votes finally counted.

In the early days, we are told that the slogan was "come early and vote often". That day is in the past, as to voting often, but now let's make the slogan "COME EARLY AND VOTE EARLY". Please help us.

Sincerely,
C. H. Cain
County Chairman

Auditor Reports On County Books

Report of the state auditor shows that Lynn county received \$16,504 rural school aid last fiscal year, out of a total of \$5,386,825 distributed over Texas, Supt. S. R. LeMay of Athens pointed out this week.

LeMay has proposed distribution of rural aid funds by an automatic method, free of political pressure, so that schools may know in advance how to plan their budgets. He is a candidate for state superintendent.

"Lacking confidence in the present administration of the Department of Education, the Legislature several years ago created a joint legislative committee to supervise rural aid," LeMay said. "I intend to restore the confidence of the public and the legislature in the Department."

A graduate of both A. & M. and the University of Texas, holding four college degrees, LeMay has served in the Texas public school system for more than 25 years. For the past 18 years he has been superintendent of schools at Athens.

Gov. W. Lee O'Daniel Speaking In Lubbock

Governor W. Lee O'Daniel, candidate for re-election, and his hill-billy band will be in Lubbock Wednesday night, July 24, for a speech and program, Tom Garrard of Tahoka has been informed.

A large delegation of Lynn county citizens are expected to attend the rally, since this will be the only appearance of the Governor in this immediate section of Texas during the campaign. He speaks Tuesday at Abilene and Thursday at Amarillo.

Miss Leona Bartley of Muleshoe is here visiting relatives this week.

Precedent Broken At Demo Meet

Breaking all precedents and defying the deep-rooted and long-continued prejudice that has existed in this country even since the days of George Washington, the Democratic National Convention in session in Chicago this week nominated the President of this country for a third term.

This action came at the session of the convention on Wednesday night

As The News goes to press late Thursday afternoon, word had been passed out in Chicago that President Roosevelt had notified his representative at convention, Harry Hopkins, that he desired Secretary of Agriculture Henry Wallace as his running mate for the vice presidency. Though there seems to be some bitter resentment at the convention in Roosevelt's demand for Wallace, all indications were that the Secretary would be nominated.

after Franklin D. Roosevelt and three other outstanding Democrats had been placed in nomination: Postmaster-General James A. Farley of New York, Senator Millard Tydings of Maryland, and John Nance Garner of Texas.

On a call of the states and possessions of the United States Roosevelt received 946 13-30 votes, Farley 74

Retail Merchant Officers Selected

Further steps were taken toward the formation of a retail merchants association Thursday night at a meeting of the board of directors.

Claude Donaldson was elected president of the organization, A. H. Raborn, vice-president, and Miss Viola Ellis named secretary. A Lehman acted as temporary chairman.

Miss Ellis in this week contacting merchants to see how many wish to join such an organization, the purpose of which is to establish confidential credit ratings on all citizens of the territory in order to cut down the number of bad accounts, to lessen "cold checking", and to eliminate spurious charity and advertising solicitations.

Directors of the organization are: Claude Donaldson, A. H. Raborn, Al Lehman, E. H. Boullion, J. K. Applewhite, Kirk Pitts, Frank Hill, Wynne Collier and A. L. Smith.

Indian Trial Was Dramatic Affair

Though a little belated, Hall Robinson tells us that they had a wonderful time down at Jacksboro on the Fourth when the trial of Satanta and Big Tree, Indian chiefs, was re-enacted. He and Mrs. Robinson were present.

Sons of the officials who presided at this trial 69 years ago, grandsons, or other relatives, staged the performance. Hall Robinson's father was district clerk at the time. His older brother acted as district clerk at the re-enactment of the trial. Satanta's grandson, who resides in Oklahoma, played his part.

The district attorney who prosecuted these Indians was S. W. T. Lanham, who afterwards served in Congress and then as Governor of Texas.

This was the first time in the history of this entire country that an Indian was prosecuted in the civil courts for murder.

Thousands of people were present to witness a reproduction of the trial at Jacksboro on July 4.

Must Register Alien Groups

Senator Tom Connally of Texas, co-author of the Connally-Smith bill recently enacted into law by Congress requiring the fingerprinting and registration of aliens, has been named chairman of a subcommittee of which Senator Danaher of Connecticut and Miller of Arkansas are other members, which began hearings Monday, July 8, in the Caucus room in the Senate Office Building on a measure to require the registration of certain organizations

carrying on activities within the United States, such as the Bund. Describing the purpose of the act, Senator Connally said: "Organizations which would be required to register include those subject to foreign control which engage in political activity, those which engage in both civilian military activity and in political activity; those subject to foreign control which engage in civilian military activity; and every organization the purpose or aim of which is the establishment, control, conduct, seizure or overthrow of a government or sub-division thereof by the use of force, violence, military measures, or threats of any

one or more of the foregoing." Further explaining the measure, Senator Connally added: "Names, officials, qualifications for membership, aims and purposes, meeting places, names of contributors of money, assets of the organization, its activities, a description of uniforms and insignia, copies of all publications issued and a description of firearms owned are required to be registered." "Violations of the act would be punished by a fine of not more than \$10,000 or by imprisonment for not more than five years, or both," Senator Connally concluded.

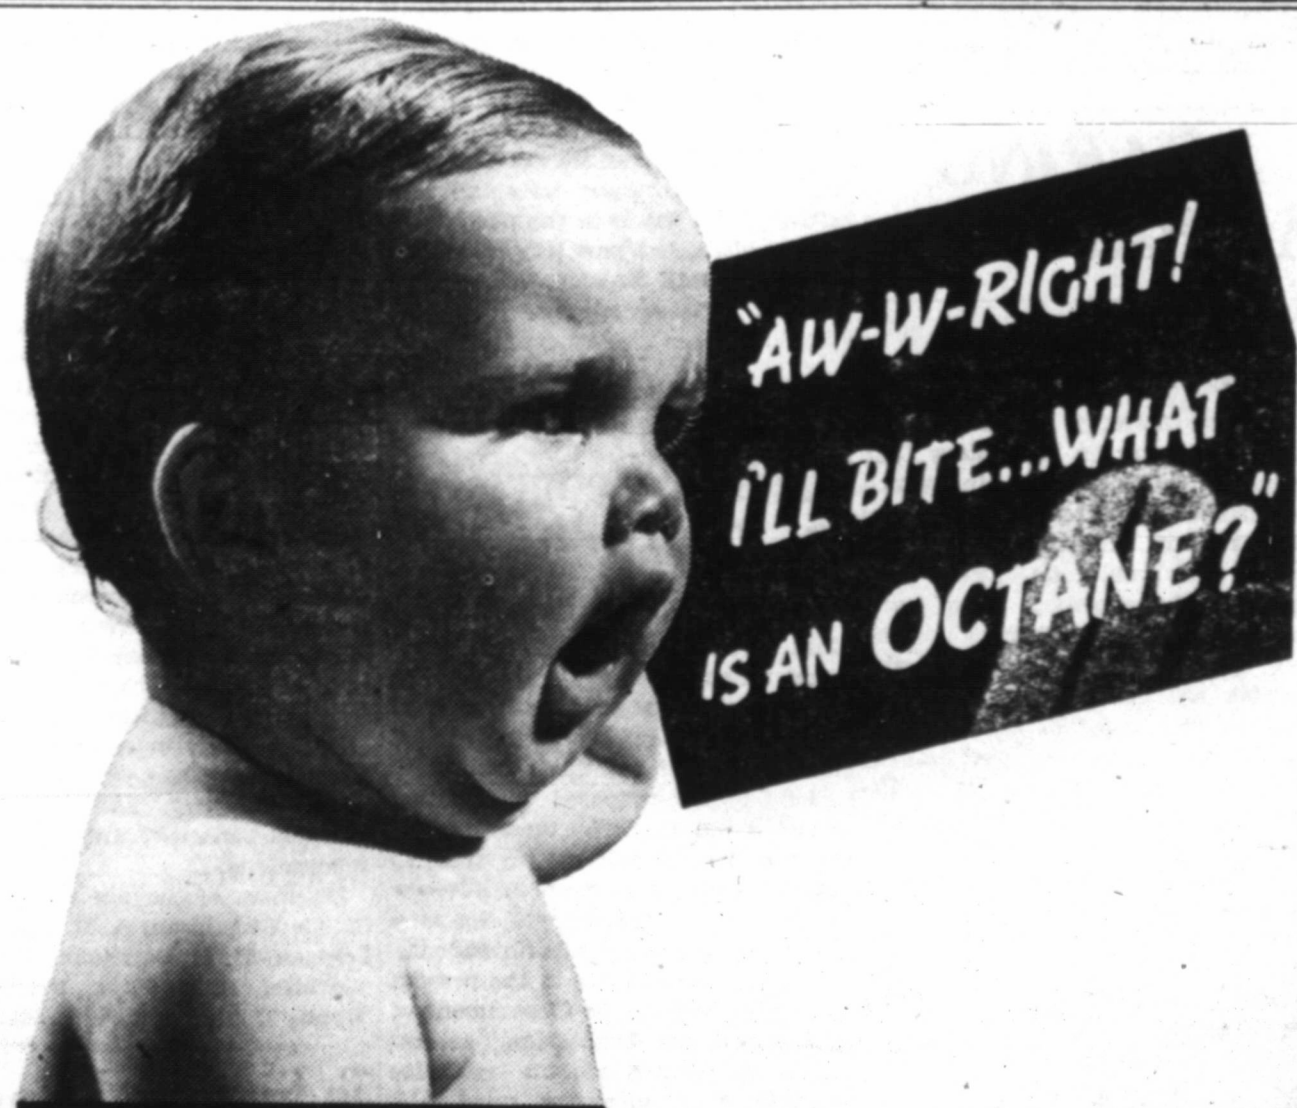

Vote Early
Democratic Chairman Judge C. H. Cain is appealing to the voters to cast their votes early on election day so as to facilitate the early counting of the vote. That is an excellent suggestion and should be heeded. We should like to suggest further that as soon as counting of the vote is completed in each community the judge of the election send in immediately a report of the vote for each candidate in each race. That will enable the county

chairman or other authorized person to send in reports to the state chairman early and thus facilitate the collection of the returns in the state contests. It will also enable local candidates and voters to learn early who has won in the county races. So, Vote early; send in the returns promptly.

"What we wanna know is: How many miles to the gallon? . . . Yes sir! and how much zip and power? . . . And how about knocks on hills and heavy pulls?"

Little man, you're right from start to finish. Be as skeptical as you like about the anti-knock

claims for new gasolines. But remember, at every Orange and Black 66 Shield, you get at regular price a gasoline which gives you practically the same anti-knock performance for which you previously had to pay two cents extra per gallon.

So judge by results, and we believe you will certainly feel that difference with your first tankful of NEW Phillips 66 Poly Gas. Driver after driver says that it's the greatest self-demonstrating gasoline he has ever used.

NEW LYNN EPWORTH LEAGUE
A very interesting program was rendered by the program director at meeting of the Epworth League at New Lynn last Sunday evening, 8:15. The League invited the Union meeting to be held at New Lynn on the night of August 19. A good crowd Sunday evening. Everyone invited back.

George Small had an unexpected visitor one day last week, Jake Borland, a friend of his boyhood days whom he had not seen for 48 years. Mr. Borland is George's senior by ten years, however and George recognized him the moment he saw him. Mr. Borland lived with George's father for a time when George was a boy. It was a most happy meeting.

Auto Quiz No. 8

1. When you are driving 40 miles an hour in a car with good brakes on a dry, level, concrete road, the shortest distance in which you can bring your car to a full stop is — (a) 10 to 15 feet. (b) 25 to 35 feet. (c) 40 to 50 feet. (d) on a dime. (e) 80 to 100 feet. (f) 125 to 150 feet.

2. When you double your speed, the distance in which your car can be brought to a stop after you apply the brakes — (a) remain the same. (b) is doubled. (c) is trebled. (d) is quadrupled.

3. It is more economical to drive at moderate speeds than at high speeds. True (—) or False (—).

Answers

1. e. 80 to 100 feet. Under these conditions a car will skid at least 50 feet from 40 miles an hour with all four wheels locked.

2. d. is quadrupled. The energy in a moving body increases not in direct proportion to speed, but as

the square of the speed. At 40 miles per hour, therefore, it takes 4 times the braking distance to stop the car that it would at 20. At 60 miles an hour it would take nine times the distance.

3. True. At high speeds you use more gasoline and oil, and tires wear faster.

Daniel and Sessums In Lubbock Matches

Successor to Lew Jenkins lightweight crown at Fort Bliss, Haskell Conley, 120 pounder from Ralls, will show his wares to South Plains boxing fans at Lubbock's Sportarena Wednesday night, July 24, when he meets Frisco Linda, 117 pound fighter from Dallas in a semi-final 8 round match.

Conley is rated by Fort Bliss experts as a possible contender for the present world championship held by Lew Jenkins. During the time Conley was working-out at Fort Bliss, he did road work and gym training with Jenkins. Conley's classy opponent, Frisco Linda, was former title-holder of the flyweight division of the Philippines and the West Coast.

Pup Thomas has matched for the 10-round main event of the show. Glenn Gray, 140 pounds from Fort Worth and Kid Leva, 138 pounds of Dallas. Both fighters have met one time before with Gray getting a close decision over Leva. Gray entered the pro ring after being big winner in his division of the recent Golden Gloves bouts in Chicago. Leva is out to avenge this defeat at the hands of a comparative beginner in the pro ranks.

On the preliminary card will be Johnnie Carmona, 117 pounds of Lubbock, pitted against Lewis Sessums, 120 pounds from Tahoka. Carmona looked very good winning from his last opponent on the recent Ritchie-Dillon card.

Second fight on the Sportarena show will be Tahoka's Dan Daniel, 138, and Tech's Onis Graham, 136. Daniel feels that he got the wrong end of a technical knockout in his fight with Ellis Read recently, and states that he will show the fans that he is a good fighter and can defeat the Texas Techman, Graham.

Mr. and Mrs. Frank Cox and two sons of Stafford, Kansas, are here visiting Mr. and Mrs. Fred E. Hegel. Mr. Cox is a brother of Mrs. Hegel.

Misses Hattie Server, Jewell Roberts, Ellen Nixon, Mary Alice and Earlene Norman, and Florence King planned to leave last night for a weekend trip to Ruidoso, New Mexico.

Miss Johnnie Lee Rogers of Los Angeles, California, is visiting Mr. and Mrs. Notley Wyatt and daughters. She is the niece of Mrs. Wyatt.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of *functional dysmenorrhea* due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

Speaking Schedule For Candidates

Speaking schedule for candidates prior to the first primary election, according to Chairman Prentice Walker, is as follows:
Monday, July 21, Wilson
Tuesday, July 23, O'Donnell
Friday, July 26, Tahoka
All these meetings will be at night.

SHOWER

Mr. and Mrs. Preston Buchanan were honored at a bridal shower Wednesday afternoon, July 10, at the home of Mrs. N. M. Wyatt with Misses Leta Frances Wyatt, Kathalene King and Muri Akin as hostesses.

About forty guests registered between the hours of three and six, and forty others sent gifts. Punch and cookies were served.

HILL-PEARSON

Walter Vance Hill of Lubbock and Hazel Ruth Pearson of Quail purchased marriage license at the local clerk's office, and were subsequently married by Rev. J. R. Plant.

Mrs. Fanchon Howell of Longview is here visiting her aunts, Mrs. D. W. Gaignat and Mrs. W. V. McElroy.

And so the Duke of Windsor has
been appointed governor of the Ba-
hamas. Quite a come-down from the
honor that awaited him three years
ago of being crowned King of Eng-
land and Emperor of India. We hope
that he and Wally may be happy in
their new home. It is too bad that
they were so rudely disturbed in
France and had to flee the country.
But we are glad to have them as
neighbors and hope they come over
and see us some time. Good luck
to the Governor and the Missus.

Although events may belie this
prediction before it appears in print
we are going to predict that Ger-
many will never attempt to land her
armies in Great Britain and over-
run the country unless and until she
first destroys or seriously cripples
the British navy. Hitler has been
bragging about the blitzkrieg in-
vasion of England that he was going
to make, but we have noticed he
has not made it yet. He hopes to
be able to harry and harass the
country with bombs dropped from
the air and to pommel away at the
navy with bombs and submarines
until he greatly cripples it and gains
control of the Mediterranean. This
done, he will have effectively broken
the British blockade and will be
able to get food and supplies from
other parts of the world. And then,
furthermore, he will be able to turn
the weapon of blockade against the
British. Of course he would like to
make a blitzkrieg invasion of Eng-
land, but we do not believe that he
will seriously attempt it. The Brit-
ish navy is yet England's best pro-
tection—and probably America's.

The vandal hand of Hitler ruth-
lessly destroys every good thing in
government that it touches. Under
his hand, the French parliament
last week was impelled to tear down
its own house—the beautiful struc-
ture of democratic government
known as the French Republic
erected by the people years ago. But
vandalism and totalitarianism can
not triumph and live indefinitely. A
day of reckoning will come. Intelli-
gent, liberty-loving people will throw
off the foreign yoke and dethrone
the foreign tyrant at the very first
opportunity. It may not come next
year, but we believe it will come
within the next decade, most cer-
tainly during this generation. Hit-
lerism must die.

Whether acting willingly or un-
willingly, under duress or with a
certain degree of satisfaction and ap-
proval, that little bunch of French
"statesmen" who last week destroyed
the last vestige of republican
government and set themselves up
as rulers of France, presented a
sorry spectacle to the world. Eighty-
four year old Philippe Petain, "hero
of Verdun" in the last World War,
may be partially excused on the
ground that he is in his dotage. But
the role of Maxime Weygand, former
generalissimo of the allied forces,
who led the French armies to defeat

and disaster; although he seemed to
be resisting the forces of invasion
and tyranny with heroic valor, is to
be deplored and condemned to the
utmost. As a member of the cabinet
in the new puppet government set
up under the direction of Hitler, his
course is most contemptible. Pierre
Laval, who is said to be the brains
of the new regime, has long been
a sympathizer with the Hitler ideol-
ogy. As Hitler arose from the obs-
curity of a mere paper-hanger in
private life and a corporal in the
army to the dictatorship of Ger-
many, so Laval is the son of a butch-
er, an honorable but bloody voca-
tion. The idea of these men and a
few others, acting under the direc-
tion of a foreign tyrant, delib-
erately going about the task of cut-
ting the throat of popular govern-
ment and then usurping the power them-
selves to rule the French people in
any manner that Hitler may dictate,
is enough to make all free and de-
cent men violently sick at the
stomach. Let's all vomit!

Marshall Formby has declared
himself as strictly opposed to a gen-
eral sales tax and in favor of in-
creased taxes on natural resources
such as sulphur, gas, oil, and car-
bon black, of which Texas produces
enormous quantities, the major por-
tion of which are consumed outside
of Texas. Alvin Allison has not pub-
licly and definitely declared his po-
sition as to a sales tax. Nobody
knows what position he will take if
sent to the state senate. We are not
suggesting how anybody should vote
in this race, but as for us, we favor
the position taken by Judge Mar-
shall Formby.

No man has served the powerful
predatory interests of this state more
efficiently than Governor O'Daniel
has served them during his term of
office. We know such a statement
will preclude our admission into the
"better class", but we can not re-
sist the urge to express our senti-
ments nevertheless. His espousal of
a general sales tax just fitted their
program exactly, and his demand
that it be written into the constitu-
tion so as to protect them per-
manently against some patriot
who in the future might desire to
levy taxes to finance the social se-
curity program on the natural re-
sources controlled by the big corpo-
rate interests, made all the big boys
fairly cackle with delight. There may
not even be a run-off in the gover-

**Marshall Formby
Senate Candidate**

Charging that the members of
the last Legislature had bitterly dis-
appointed the people in failing to
solve the old age assistance and
other social security problems and
in failing to raise the truck load
limit law, Judge Marshall Formby
of Dickens county, a candidate for
the State Senate of the 30th dis-
trict has issued a formal statement
concerning his senatorial candidacy.
Judge Formby, serving his fourth
year as county judge of Dickens
county, made the following state-
ment:

"Because the people have been
promised so much and given so
little during the past two years, I
hesitate to infringe upon their good
nature with a load of promises in
order to influence them to vote for
me for State Senator. However,
there are a number of vital ques-
tions the people want answered and
I submit the following as my formal
plea to the voters of the 30th sena-
torial district.

Cooperation Pledged
"When elected your state senator,
I pledge my sincere cooperation to
the members of the Senate, House
of Representatives and the governor
of the state, in helping pass meas-
ures beneficial to this district and to
the state as a whole. There was no co-
operation between the various
branches of the government in Aus-
tin last year, and believing that on-
ly through cooperation can the state's
problems be solved, I hasten to
pledge my full co-operation to the
Legislature and governor.

"I am opposed to a tax on poverty
and believe that any needed tax
should be raised by placing taxes on
those able to pay, which is, after all,
the correct foundation for the assess-
ment of taxes.

"It will be my aim to work toward
an immediate solution of the old age
assistance and other social security
problems. There should be more
attention in providing for the aged,
the blind, the delinquent children and
others in dire need.

Cash Basis Favored
"The state government should be
placed on a cash basis like any
sensible business is run. This can
be done through economy in the in-
stitution of overlapping governmen-
tal agencies. It is foolish business,
for the state to continue to build up
a deficit in the general fund. Busi-
ness like methods, the same as we

have inaugurated in Dickens coun-
ty's government, should be adopted.
"The laborer should be given at
all times a fair deal and I favor
legislation for his protection.

"I favor legislation favorable to
agricultural interests believing that
only when agriculture prospers in
West Texas does the average busi-
ness man prosper. For the benefit
of agricultural interests, I favor re-
vision of the present truck load
limit law. The truck law limit should
be raised to a sensible limit.

"It is unfair for certain counties
in Texas to have remitted back to
them the state ad valorem tax and
I oppose this special legislation to
certain favored counties in Texas.

"Because as county judge, I have
learned the various problems relative
to the care of the unfortunate in Tex-
as I shall fight always for humane
treatment and care of the insane,
feeble-minded, epileptic, deaf and
dumb and blind.

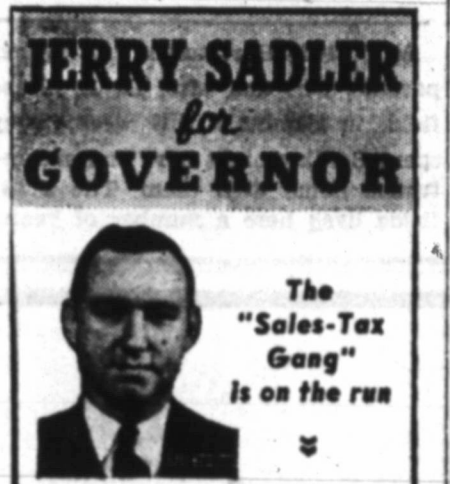

"In order that the average citizen
might have his day in court and
have his problems solved without
having to waste his time and money,
I shall favor legislation to speed up
civil procedure in the Texas courts.

"It shall be my aim at all times
to support legislation favorable to the
average farmer, laborer and busi-
ness man.

LUBBOCK MAN HERE FOR PUNDT FOR RR COMMISSION

R. C. Woodriddle of Lubbock called at the News office Tuesday in the interest of John Pundt of Dallas, who is a candidate for Railroad Commissioner.

Pundt is an independent oil operator, 49 years of age, and was educated in the public schools.

There are about eighteen candidates in this race and there are only three or four that we know anything about. We are not familiar with the record or qualifications of Mr. Pundt.

Mr. and Mrs. Jerome Sanders of Toledo, Ohio, came in their airplane Sunday to visit their parents, Mr. and Mrs. F. O. Greathouse. He went from here to visit his parents while she visits here. She acted as pilot and he as navigator of their machine on the trip down. Both are studying aeronautics. Mr. Sanders is superintendent of the Sinclair Refining Company at Toledo. Mrs. Sanders, better known as Miss Mary Greathouse, was reared here.

Army Wants More Flying Cadets

The El Paso Recruiting District is now accepting applicants for appointment as Flying Cadets of the Air Corps. Any young man between the ages of 20 and 27 is eligible for enlistment provided he meets with the following requirements: 1. Unmarried. 2. Citizen of the United States. 3. Not less than 20 nor more than 27 years old. 4. Must present evidence of excellent character. 5. Must be of sound physique and in excellent health. 6. Must present a birth certificate or baptismal certificate, or other certified evidence of date of birth. 7. Must present a certified document from the registrar of a recognized college or university showing that he has completed satisfactorily at least one-half of the necessary credits leading to a degree which normally requires four years work, and if unable to present such a certificate, must be able to pass a written examination in lieu thereof.

Any young men who are interested in becoming a Flying Cadet should apply without delay to any of the Army Recruiting Stations in the El Paso Recruiting District, and they will be given a preliminary physical examination by the Sergeant on duty. If this examination is passed successfully, the Recruiting Sergeant will give each applicant the necessary application blanks and instruct him how to fill them out and the Sergeant will make the proper disposition of the application forms and will also notify the applicant when he should report for final examination.

Recruiting Stations in the El Paso Recruiting District are located as follows:

- Plaza Park, El Paso, Texas. U. S. Court House, El Paso, Texas. District Recruiting Office, Fort Bliss, Texas.
- 1st Nat'l. Bank Bldg (room 12) Big Spring, Texas. Municipal Building, Sweetwater, Texas. Post Office Bldg., Lubbock, Texas. Post Office Bldg., Amarillo, Texas. Municipal Bldg., Childress, Texas. Post Office Bldg., Plainview, Texas.

Mrs. C. C. Barnes is reported to be not much improved. She has been indisposed for several months.

Cities Of Texas Show Big Growth

Houston has left all other Texas cities far behind in point of population. Even ten years ago it was the largest city in Texas but its growth during the last ten years has been phenomenal.

Dallas, San Antonio and Fort Worth, the next largest cities in the order named, have each shown a gratifying growth.

Among the smaller cities, the most remarkable growth has been made by Austin, Corpus Christi and Lubbock.

Austin, formerly in a class with Galveston and Waco, has left both these cities far behind, while Corpus Christi, during the past ten years, has more than doubled its population, being now just a few leaps behind Galveston. Lubbock has had the fastest growth of any small city in Texas not enjoying the stimulus of a near-by oil field.

We give below the population of some of the chief cities and towns of the state together with some of the less important places in our own section.

BLANCHE ROSE WALKER
CIRCLE WMS MEETS
The Blanche Rose Walker Circle of the Baptist W. M. S. met Monday afternoon in the home of Mrs. J. L. Reese, with eight members present. They studied their book, "Following in His Train."
Those present were: Mesdames Geo. A. Dale, H. M. Snowden, K. R. Durham, Carl Owens, J. R. McIntyre, Doss, Wiley Fortenberry, and the hostess, Mrs. J. L. Reese.

H. L. McMullan left Wednesday for Frederick, Oklahoma, where he has a job with the R. E. A. He has been in the employ of the R. E. A. here for many months.

Carroll Edwards of Three Lakes says it's going to rain—some time this summer. The terrapins are crawling across the roads, which is a sure sign, Wash Hickerson says that he knows it's going to rain when the tarantulas take to the highways, and Carroll says there are millions of them.

Alvin Allison Gives Platform

Below, in condensed form, is the platform of Alvin Allison, candidate for the Senate from the 30th district.

1. He asks a natural promotion from the House of Representatives, based on his record of service. He is 32 years old, married, has served four years as county judge of Hockley county, and is now Representative of the 119th district.
 2. He authored and sponsored the "hot check" law, which "protects the average citizen from ruthless swindlers".
 3. His record proves that he voted and actively supported all efforts in the last legislature for immediate payment of the social security obligations to the aged, the destitute, underprivileged children, the needy blind, and teachers' retirement obligations, he declares, and will continue to support all reasonable, adaptable, and fair plans that will pay the social security bill. He believes the State should make immediate provision to match dollar for dollar the payments made by teachers into the Teachers' Retirement Fund.
 4. He favors increased truck load limit, as he has done in the past.
 5. He favors a law requiring city, county and state officials to publish in the local newspapers at regular intervals reports showing how public funds have been expended.
 6. He favors an occupation tax to protect the small towns against peddlers and fly-by-night businesses.
 7. He favors adequate aid for rural schools.
 8. He believes the State should foster a "back-to-the-farm" movement, and to that end he would favor setting up a State Land Bank, with authority to loan money at low interest rates, to be financed by the sale of bonds by the bank.
 9. He favors legislation in favor of labor and agriculture. Sound economy in government, he says, shall be his watchword.
- County Agent and Mrs. Don Turner will leave this week end on their vacation, most of which they will spend in the mountains of northern New Mexico.

EAST TEXAS NEWSPAPER PUBLISHER DIES

The News editor regrets to learn of the recent death of J. S. Bagwell, editor of the Sulphur Springs News-Echo. Mr. Bagwell was editor of the Sweetwater Reporter several years while this writer lived there and at Roscoe and we knew him to be a most estimable gentleman and a splendid newspaper man. He put zip and snap and humor into his editorials and frequently into his news stories, which made the Reporter a popular paper. He was a distant relative and life-long friend of John Thomas who lived here many years and served this district in the legislature.

To the Voters of Lynn county:
Due to an injury which I suffered a few weeks ago in which my ankle was broken, it has been impossible for me to see all of you though I have tried. Many of you were away when I called at your home.

Only a few days remain for me to see you, and I fear not enough time remains, but I want to place my candidacy for Sheriff before you and to solicit your vote at the primary on July 27th.

Many of you know my record as Commissioner from Precinct 4. I have tried to represent my district and, at the same time, work for the best interests of the entire county. In coming to you for a promotion, I do so with the full knowledge that the office is an important one; the duties many, but I sincerely believe I am capable of making you a good Sheriff—one that will give fair treatment to all regardless of color, creed or financial standing.

If elected, I give you my word that I will enforce the law faithfully and fairly to all. Thank you.

Sincerely,
TOM N. HALE.

VOTERS OF LYNN COUNTY**

I wish to express my appreciation to each of you for your support in the past and especially for your most loyal co-operation during my administration as your County Judge. I shall always feel very grateful to the good people of Lynn County for having honored me with this office of trust. In asking the people to re-elect me County Judge of Lynn County, I would like to call your attention to some of the things which have been accomplished during my administration in this office.

I have with the co-operation of my co-workers and the good citizens of Lynn County been able to set up and put into operation a very progressive and constructive program that has taken care of many and much-needed improvements, such as: highway construction—two new highway designations (one north from Tahoka to Wilson and one from O'Donnell to Seagraves; surveys are now being made on these highways and we hope construction will begin in the near future); court house and jail improvements, a county health unit with a full-time nurse, a county library, a new and modern agricultural building. May I say that the above mentioned program is being so conservatively and economically operated so as to avoid any possibility of an increased burden on the taxpayers of Lynn County.

The increased duties of this office are such that it makes it impossible for me to make a thorough campaign. So I may not get to see each of you personally. I will greatly appreciate any investigation of my record which you may care to make. If you feel that I have served you well in the past and can best serve you in the future, I will greatly appreciate your vote and influence in the coming election.

Sincerely yours,

to CONGRESS!

GEORGE MAHON is heavily occupied in Washington with duties of the important office of Congressman from this district. He is now serving on the National Defense Appropriation Sub-Committee as well as serving on the all-important appropriation committee. He is staying with his job in Washington and will not be able to return to his home district and to solicit support of the people he has served so well for re-election!

Because George Mahon has well proven his ability to handle the affairs of this district—because of his untiring and successful efforts in behalf of our people and this nation—because of the prestige and recognition he has rapidly gained in Washington—his Tahoka friends earnestly solicit your support of George Mahon for re-election!

Many Tahoka citizens have signed telegrams and letters to George Mahon assuring him of their support in the forthcoming elections and approving his decision to stay on the job in Washington during these critical times even though he is in the middle of a campaign for re-election.

Nickle-A-Bale War Chest For Cotton

Cotton firms and cotton farmers of Tahoka and surrounding area were called on today by President Oscar Johnston of the National Council for "100 per cent allegiance in cotton's total war for increased consumption."

In a message addressed to local producers throughout the county President Johnston declared that "the raw cotton industry is arming as never before in its history to smash down the blitzkrieg of substitutes, surplus, and foreign competition."

The message came simultaneously with the National Cotton Council's announcement of a "universal service" plan to provide funds with which to carry on the fight during the coming year. The new plan, to go into effect August 1, calls for a defense fund of five cents on every bale of lint and three cents on every ton of seed, mobilized with the help of each of the five primary raw cotton interests.

Under the new plan, arrangements have been perfected enabling the producer to make his nickel-a-bale contribution at the first point of sale, either to the cotton merchant large or small, or the gin or warehouseman acting as merchant. This contribution is carried on from merchant to compressor, who remits the accumulated funds to the Council when the bale is first compressed, or from merchant to textile mill which remits on uncompressed cotton.

Similarly contributions on seed, which are made by the gin and crusher are assembled and remitted to the war chest by the oil mills.

"For fifty years we cotton farmers have been talking about an organization like the National Cotton Council to defend our markets and find new ones through judicious advertising, intelligent research, and organized opposition to restrictive legislation. At last we have it, and in two years, equipped with modern weapons, it has accomplished more than any of us thought was possible in so short a period."

"Domestic consumption has been brought back virtually to the all-time high, with every indication that a new record can be set in 1941. Plans are ready for a vigorous attack on the acute problem of foreign trade. Council scientists are on the trail of new uses. A united cotton industry has gone to war."

SUMMER HOMEMAKING CLASS HAS ACHIEVEMENT DAY

Last Friday, the summer homemaking class brought their activities to a close with an Achievement Trip and picnic. The finished project of each girl was visited at her home. The girl explained the cost of her project and the number of hours spent on it.

After each project had been visited, the girls drove to the Lubbock park where they enjoyed swimming and a picnic supper.

One half credit is given for summer homemaking. The girls are expected to spend approximately one hundred hours on their project. The girls chose bedrom improvement, gardening, yard improvement, wardrobe improvement, family meals and child care for projects.

Group Homemaking Project
The group project chosen for the summer homemaking class was the renovation of the stage furniture for the high school auditorium.

A wicker settee and two chairs have been re-upholstered and refinished. Two tables have been sanded and varnished. The girls have made a piano cover for the auditorium piano.

Mr. and Mrs. Lawrence Evans and son Robert attended a family reunion at Justiceburg last Sunday. They report that 34 were present.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juices; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

For Tax Assessor-Collector

H. C. Story

—When you go to cast your vote on July 27th, remember that any consideration you may give my candidacy for a promotion to the office of Tax Assessor-Collector in and for Lynn county, will be most sincerely appreciated.

—In 1936, when I made my last race for County Clerk, I promised the people of Lynn county that I would retire at the end of that term, rather than to perpetuate myself in office. I kept that promise by retiring voluntarily at the end of my term in 1938. I consider the office I now seek, an advancement over the one you have heretofore given me. If you believe that ambition and service should be rewarded by promotion, that I will make you an honest and efficient officer; and that five consecutive terms (19 years) for the present incumbent is a reasonable tenure for this office, then your vote for H. C. Story, will be greatly appreciated by himself and family.

—I make this one promise, that I will try to make you the best tax assessor-collector you ever have had.

—I take this means of thanking you for the wonderful support in the past and earnestly soliciting your votes and influence in the July Primary.

An Open Letter to Citizens of 30th Senatorial District

Levelland, Texas
July 13, 1940

Dear Friends:

We, as business men and citizens of Levelland and Hockley County, endorse and are proud of Alvin R. Allison's record of service to all the people of this district.

We sincerely believe he merits the natural promotion he seeks to the State Senate from the House of Representatives.

Alvin has served us well two terms as County Judge from 1935-39. And Hockley County gave Alvin Allison an over-whelming majority vote two years ago in his race for State Representative.

We want you to know that we appreciate Alvin's clean race in this campaign and are proud that he made a record he could bring back to the people, whom he served.

Odds and Ends *See Eye, the Elder*

Mexico is a country of contrasts and contradictions.

The physical features of the country themselves involve striking extremes of altitude and climate. Along the Gulf coast is a fringe of comparatively level lowlands, heavily wooded in places, with a hot climate and infested with malaria-bearing mosquitoes.

But a little back from the shore, especially in the southern portion of the country, the altitude rises abruptly, with mountain ranges thrusting their snow-capped peaks high into the heavens. A few of these are volcanoes, and when one of them goes into action it presents an aspect for one to write home about; so we are told. We are sorry that we have never found it convenient to visit Mexico.

By way of illustration, if one were on the top of Mount Orizaba, 18,200 feet above sea-level, where the snows never melt, and had a highway to travel upon, he could drop down in a Ford car in two hours to Vera Cruz on the Gulf coast, where the mosquitoes never cease to bite.

The products of the country naturally are as varied as the climate and the altitude. These range from the tropic fruits and vegetables to wheat and corn and beans and other crops that thrive as far north as Canada.

A vast portion of Mexico is a plateau region, much of which is very dry and must be irrigated to produce profitably. But since the dry arroyos often become rushing torrents in the wet season, countless billions of gallons of water could be impounded by dams and used for irrigation purposes.

If Mexico were inhabited by Americans, in a comparatively few years its deserts would be made to blossom as the roses of Sharon.

There are probably 15,000,000

people living in Mexico, and there are fully as great contrasts in the character of the classes that make up this population as there are in the topography and climate of the country.

Probably twelve million of these are Indians or mixed breeds, frequently classified by us as "greasers". With the exception of foreigners, which includes Americans, English, Germans and a few other nationalities, the remainder are Spaniards, descendants of those who swarmed across the Atlantic in search of wealth and gold in the sixteenth and seventeenth centuries together with those who have migrated to the country since.

The Spaniards constitute the ruling class, though a few men of mixed blood have risen to power occasionally. The great masses of the "greasers", however, are ignorant and superstitious; and though most of them are nominal members of the Catholic church, it has done practically nothing to educate the masses and to elevate their standards of living. Very few of them can read or write. Agriculturally, they constitute the peons of the country, and their living conditions are little better than that of the domestic animals with which they crudely cultivate their little patches of beans and corn.

Those crossing from the United States over into Mexico at any point along the Rio Grande invariably testify that in crossing the river they enter into an entirely different world, characterized by ignorance and superstition and squalor and unsanitary conditions that are indescribable.

On the other hand, the pure Spaniards, educated and intelligent, maintain themselves in luxury by exploiting the peons.

Into this situation have gone many Americans and Germans and other nationalities to develop the

natural resources of the country and frequently, we fear, to exploit also the ignorant and helpless.

In such a situation as this, a real democracy is almost an impossibility. Yet a republican form of government is maintained, similar to that of the United States. But it is only a form. They have their elections, but it is doubtful if they have ever had an honest election. The election always goes as those in charge of the polls want it to go. And if a really strong man, with a strong following, gets defeated, he usually starts a revolution. The people of Mexico do not expect fair and honest elections and the losing faction is scarcely ever willing to abide by the results. That is in striking contrast with the democratic spirit that rules in the United States.

✦

Wealth? Spaniards and shrewd foreigners have gained possession of most of the lands and the natural resources of the country, and have built many industries and established themselves in business in some of the cities and larger towns. This has brought about the use of much labor, and the skilled laborers in Mexico are probably just as well organized and powerful in politics than are the labor organizations in this country. Furthermore, it is claimed on good authority that these Mexican labor organizations are shot through and through with communistic or Naziistic ideas and sympathies. Most of them seem to be haters of Americans. Also, they are said to evince much friendliness for the Germans. Whether American oil operators in Mexico procured their oil leases and developed the oil fields in that country by fair means or foul, we do not know, but we all do know that less than two years ago the Mexican government confiscated most of the foreign-owned oil properties in that country, and the United States has never been able to get an agreeable settlement of the controversy.

This attitude on the part of the Mexican government and many of the Mexican people toward the United States has made that country a matter of great concern to us in these perilous and uncertain times. Many believe that if Germany ever attacks us, she will first gain a foothold in Mexico—probably complete control of the country—and will then attack us from there.

✦

A national election was held throughout Mexico on Sunday, July 7, but the result of it will not be declared for several weeks yet. When

it is declared another revolution will probably break out. General Amacho, the administration candidate for the Presidency, and his supporters claim that he was elected; but the other leading candidate, General Almazan, claims that he was legally elected. He claims that his supporters in many places were not allowed to vote. In many places, it seems, they held separate elections from those held by the supporters of General Amacho. Trouble is almost sure to develop before the year is out. There is no telling how much destruction to life and property may result if an internal war does break out again. Many believe that Uncle Sam will be compelled to intervene and to establish peace with a strong hand before there can be any permanent improvement of conditions in that country.

While it would be regrettable from several standpoints if the United States should be compelled to take charge of affairs in Mexico, yet it would be the best thing that could happen for the people of that country.

✦

If America had charge of Mexico, established a system of public schools that would reach and touch the life of every child in the country, enacted laws for the destruction of land monopoly and peonage, improved housing and sanitary conditions throughout the land, secured to the people the blessing of religious freedom thereby permitting the propagation and growth of real Christianity, created numerous irrigation systems where needed, built a system of highways and public roads, and entered upon other programs of improvement such as have been made in this country, Mexico would be an entirely different country in 25 years from what it is today and the people an entirely different people. We should never enter Mex-

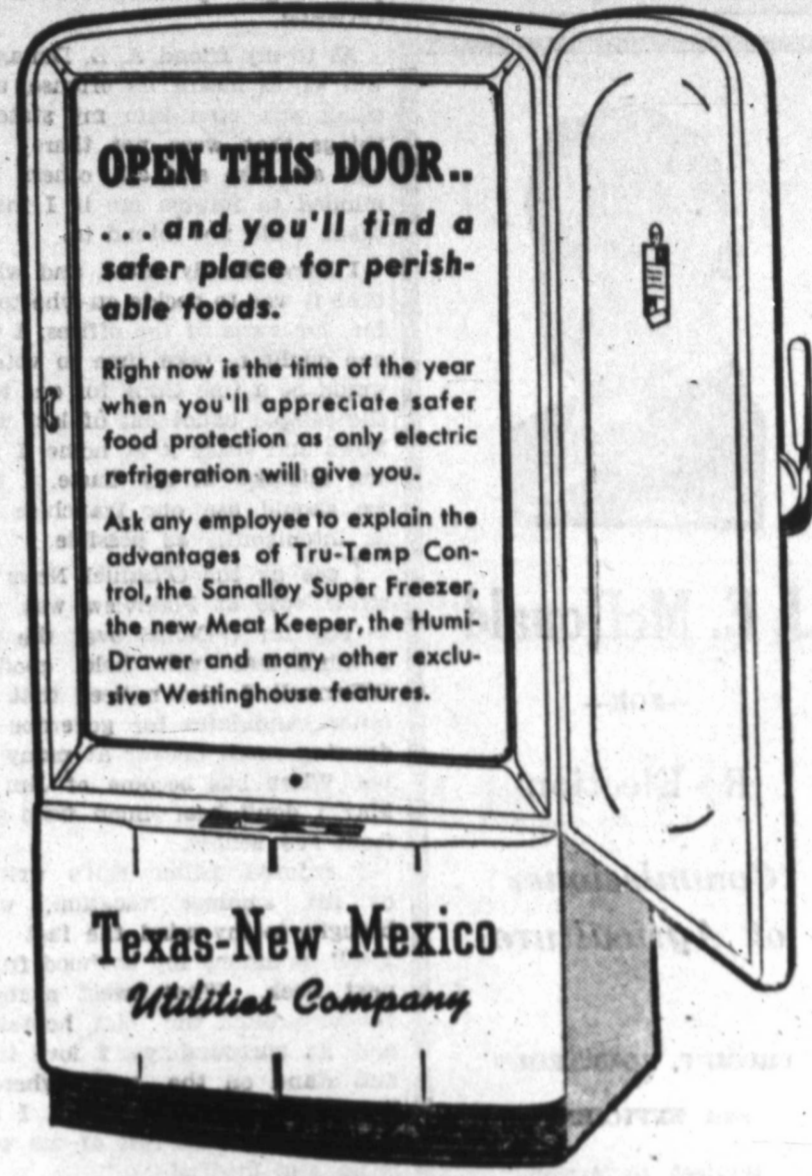

ico merely to exploit the country, but it would be a Christian act for us to enter it to develop it and to take justice and enlightenment to the Mexican people.
We may do that very thing some day. Who knows?

Edler Drennon's Notes

I am glad to see Editor Hill is reading the Scriptures. As to verses 3 and 4 of the seventh chapter of Matthew, I noticed in the editorials that you were trying to pick the mote out of Charley Guy's eyes, but if you will turn back to the fifth chapter and 44th verse of the same book you will find some things you might practice on Brother O'Daniel.

As to my friend A. L. Dunagan, I will say I meant no offense, and I think you read into my statement things that were not there. So I will ask him and all others like-minded to forgive me if I insulted them. I did not intend to.

I have already voted, and what a time it was to decide on who to vote for, for some of the offices. I think one ought to take time to vote. It would be a fine thing for one to cut the sample ballot out of last week's News and study it at home. I made one mistake in my haste. I think we should use our franchise just as intelligently as possible.

I see by the O'Daniel News the straw vote at Plainview was three to one for O'Daniel over the field. I think that will hold good at O'Donnell. I also noticed that the other candidates for governor are drawing small crowds at many places. What has become of Jim and Ma? I don't hear much from them from any source.

I enjoyed Editor Hill's write-up of his summer vacation, which brought to my mind the fact that I will be among my boyhood friends next week. What sweet memories cluster around the old homestead and its surroundings. I love to go and stand on the spot where I lived for thirty-three years. I usually go before the rest of the world is up and meditate.

The next place I go is to the old red school house, where I got what little education I have. I try to visualize that graduation from grammar school forty-four years

ago. I will be able to meet only one or two of that class. But I will turn to the present and think of the watermelons, Elberta peaches, fish, grapes, and fried chicken that I expect to meet in the meeting there next week.

Yours for more people who are as religious six days of the week as they are the seventh and try to practice what they preach.—R. P. Drennon.

(Ed. Note: I could cite just oodles and oodles of Scripture, Brother Drennon, that I do not live up to. It may be that you are living a perfect life, as you seem to think. But, pardon me, Brother Drennon, if I suggest that your whole attitude, religiously and politically, calls to my mind a statement that came from the lips of Job when he was being harried by three of his friends. In reply to their taunts, he shot this shaft back at them: "No doubt but ye are the people, and wisdom shall die with you.")

Candidates...

Continued from Page 1

be held at O'Donnell, and it is reported that there may be other entertainment there following the candidate speaking.

The final rally will be held in Tahoka on Friday night of next week just preceding the election, which will be held the next day.

Everybody is invited to attend all these rallies and large crowds are expected at each of them. The people of Tahoka specially invite the voters from over the county to attend the rally here on Friday night, as that will be their last chance to hear the candidates.

Candidates have complained of poor attendance at many of their speaking dates over the county this year. At some points, however, large crowds have attended. One of the largest crowds of the year was present at Petty last Tuesday night, it is reported. Good-sized crowds were also present at New Home, Draw, and other appointments a little further back. But on the whole there has been less interest manifested this year than usual, attributed in a large measure to the momentous events that have been taking place in Europe, with the possibility that America might be drawn into the conflict. More attention is being given now, however, to domestic and state affairs.

EVERYTHING READY FOR FIRST PRIMARY

Election supplies have been procured, election judges appointed, and everything is ready for the primary election to be held on Saturday, July 27th.

Election judges appointed are as follows:

South Tahoka, H. O. Heagett; Wilson, John Heck; Three Lakes, T. M. Ellis, Jr.; New Home, Lloyd McCormick; Draw, J. A. Williams; North Tahoka, W. S. Swan; O'Donnell, A. W. Gibbs; Grassland, J. W. Warrick; Gordon, William P. Lester; Garnolia, J. E. Hoskins; West Point, Levi Noble; Newmoore, N. S. Parker; Dixie, E. R. Tunnell; Morgan, T. E. McGehee; Lakeview, Roy Nettles.

In South Tahoka, Wilson, New Home, Draw, North Tahoka, O'Donnell, Grassland, Dixie, Morgan and Lakeview, two sets of election officers judge will appoint three associate judges and four clerks. In the other boxes, he will appoint only one associate judge and two clerks.

Mrs. E. W. Shawn and Mrs. Verner Smith left Saturday for Glen Rose for ten days of recreation and rest.

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lax bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

ASSEMBLY OF GOD CHURCH

(Pastors: Elmer Adams and wife)

SERVICES

Saturday, 8:30 p. m.: Bible Study taught by pastor.

Sunday, 9:45 a. m.: Sunday School; 8:30 p. m. Evangelistic service.

Wednesday, 8:30 p. m.: C. A. S. meet, taught by Mrs. Clara Newton.

Subject: 20 Bible questions; Bible drill; special singing by the C. A. S. with good music.

Everybody is invited to all our services.

A little church with a great big welcome.

Mrs. Jim Wetsel left Wednesday for Los Angeles in company with her sister, Mrs. Bessie Cheshire, who visited here several days while en route to her Los Angeles home from Michigan. Mrs. Wetsel expects to spend about two months visiting in California.

Guests of Mr. and Mrs. C. E. Woodworth Sunday were his brother, C. W. Woodworth, of Littlefield, and aunt, Mrs. Georgia Meacham, of Turkey. The brother brought down their father, Oscar Woodworth of Kosse, who will spend a few weeks here in C. E.'s home.

W. B. Slaton, cashier of the First National Bank, and wife left Saturday afternoon for "somewhere in the mountains" to spend a few days resting. W. B. is one citizen who rarely takes a vacation, and many friends are wishing him a pleasant trip.

Tom Dikes reports that his daughter, Mrs. Myrtle Holland, underwent a major operation in the Lubbock Sanitarium Tuesday morning. Later reports were that her condition was satisfactory.

Miss Estelle Huffman spent last week with her sister, Mrs. F. M. McAnear, in Slaton. She was accompanied home by her niece, Miss Winnifred McAnear, who visited here two or three days.

Winston Doggett of Fort Worth has been here the past week visiting his aunt, Mrs. Sam Holland.

Mrs. O. J. Warren has been suffering this week from an attack of heart trouble.

Congratulations

To Mr. and Mrs. Neely Brooks on the arrival of a six pound, nine and three quarter ounce son Tuesday in a Lubbock sanitarium.

To Mr. and Mrs. J. T. Murry of Grassland on the birth of a baby boy weighing 10 and a half pounds Thursday morning.

Mrs. Grace Jackson, teacher in the Abilene schools, is here visiting Mr. and Mrs. John Hamblen and children. She is Mrs. Hamblen's mother.

Frank Crews of Wilson who recently underwent an operation in a Lubbock sanitarium, is still in a critical condition, though he has been moved to a room out in town.

Miss Ruth Evans of Fortales, New Mexico, is here visiting her sister, Mrs. L. F. Craft.

Census For State Shows Increase

The United States census figures recently released show that there has been a decided drift from the rural districts to the cities during the past ten years. In fact, the cities and oil centers are about the only localities that have shown any decided increase in population.

Of the 254 counties in Texas, there are nine that contain nearly one-third of the population. These nine counties, each with a population of more than 100,000, show an increase in population during the past ten years of 391,105, while all of the other 245 counties combined have had an increase of not more than 190,000, returns from a few of these not having been made yet. In other words the increase in these nine counties has been more than double the increase in all the other 245 counties combined.

The nine counties referred to are Harris, Dallas, Bexar, Tarrant, Jefferson, El Paso, Travis, Hidalgo, and McLennan. All of these counties except two have shown from heavy to tremendous increases. McLennan county shows only a slight increase while El Paso county has actually fallen off in population.

Total Population
With thirteen counties unreported, their population being estimated, the population of Texas today is approximately 6,400,000. This is a gain of approximately 578,000 in the last decade, the population in 1930 being 5,824,715.

If we add to the list of nine counties above mentioned the thirteen other counties in the state having a population of more than 50,000 each, we will find that these twenty-two counties contain 45 per cent of the population of the state.

These twenty-two counties with the population in 1940 and 1930 respectively are shown below.

COUNTY	1940	1930
Harris	529,479	359,328
Dallas	398,049	325,791
Bexar	337,557	292,533

Bowie	50,244	48,563

It will be noted that a majority of

the counties above having a population of less than 100,000 have had comparatively small increases. The exceptions are: Nueces county, which contains the rapidly growing port city of Corpus Christi; Lubbock county, whose growth in population is due chiefly to the growth of the city of Lubbock, hub of the plains; Potter county, containing the city of Amarillo; and three east Texas counties, Smith, Gregg, and Rusk whose phenomenal growth is due to oil.

West Texas Counties
Of the twenty-two counties listed above, four are West Texas counties: El Paso, Wichita, Potter, and Lubbock. We give the figures for other West Texas counties either because of their importance or because

they lie in our immediate vicinity.

COUNTY	1940	1930
Tom Green	39,296	36,033
Taylor	44,193	41,023
Runnels	18,907	21,821

Hockley	12,681	9,298
Terry	11,133	8,883
Dawson	15,350	13,573
LYNN	11,923	12,372
Garza	5,668	5,586
Borden	1,396	1,505
Gaines	8,114	2,800
Ector	14,954	3,958
Yoakum	5,303	1,263

It will be noted that all of the strictly agricultural and grazing counties in the above list have shown a decrease in population. Most of those showing an increase are counties in which oil in paying quantities has been discovered.

The agricultural counties throughout the entire state, according to the published census returns, show a similar decrease in population, notably such counties as Bell, Williamson, Milam, Falls, Hill, Ellis, Fannin, and many others.

CARD OF THANKS

We wish to thank our many friends and neighbors for the many kind deeds they did and the many calls they made following the serious accident which occurred to our little son and brother five weeks ago, causing him to be cripple for life. May the Lord bless you for each deed you did, and we will always remember each one of you.—Mr. Charles Schulz and family.

Mr. and Mrs. Jack Fenton, and little daughter left Saturday afternoon for a vacation trip to the mountains of Colorado.

Sheriff Parker Issues Statement

I wish to state that I have tried to see every one in Lynn county in regard to my campaign, but the duties of my office has taken some of my time and no doubt I have missed some of the people, but hope that you that I have missed will not think that I do not want your vote for I do. I am making this race as the others—on my own merit and record—and no merit of any one. I have tried to make every one a sheriff and hope it has been satisfactory to everybody I told you people in my first race that I would make you a fair and impartial sheriff. I have done my best to do so. I have come when called and done the best that I could when I got there. Any consideration will be appreciated.

Yours very truly,
B. L. PARKER

EDITOR IS PAPA TWICE

Mr. and Mrs. Bob Shelton, editors of the Brownfield News, are celebrating the arrival of twin daughters on July 4. They weighed 5 and 3 3-4 pounds, respectively. The Lynn County News joins other friends in congratulating our neighbor editor, but we can't understand how he can get out a paper with two babies to walk.

Mr. and Mrs. Tobe Kennedy and children and Lee Short left Saturday for a two weeks visit with relatives at Tishomingo, Mississippi.

J. E. Nance and family were here from their Borden county farm and ranch over the week-end visiting Mrs.

Remains In Race

To the voters of the 106th Judicial District of Texas:

The report has been circulated that I have withdrawn from the race for District Attorney due to my recent illness. It is true that I have made a supreme fight for my life to overcome the serious illness which I have had to endure since March of this year, and now it seems that the good Lord has spared me for a purpose, and that in the next few weeks my health will be back to normal. I am glad to say I am improving daily, but my physicians advise no vigorous campaign for another three weeks. Therefore, I call on all my friends to stay with me in the coming Primary and thus give me a last chance to serve you as District Attorney in that same fighting spirit which I have had to put up in my illness.

I assure you your loyalty to me will ever be remembered and I feel sure I can see many of you before the Second Primary if you will put me in the run-off.

Idea Spread", told of the membership growth, the four systems in Lynn county, etc. Mrs. Barton told the "Advantages Found in Lockers" and is said to have revealed interesting facts concerning the processing of meats, vegetables, and other foods. These talks were followed up by a parade showing frozen food locker products, and a round-table discussion of these talks by A. & M. College experts in which Lynn County's program was highly praised.

Lynn county is said to have more frozen food locker plants than any other county in the state and also more boxes than any other county in the state.

Lynn county's AAA committee, composed of H. W. Calaway, Fred McGinty, and A. H. Hood, were present to represent the farmers of the county, as were County Agent Don Turner and AAA Secretary C. A. Lawrence.

Women's home demonstration clubs of Lynn county were also capably represented at the Short-Course by Miss Maurine McNatt, home agent, Mrs. J. K. Woosley of the Tahoka Club, Mrs. Bob Rusk and Mrs. Hubert Tankersley of West Point, Mrs. Paul Johnson of T-Bar, and Mrs. Dudley Martin of Draw-Redwine, and Mrs. John Meeks of New Lynn.

Attending the 4-H club girls division of the Short Course held several days previously were: Miss Reba Phillips of Midway, Lynn county's gold star girl, Misses Ruby Greer and Beth Shepherd of Grassland, Pauline Gillespie and Bennie Dale Flint of West Point, Geraldine Askev and Margaret Barrett of Wells.

Possibly there were others at the Short Course from Lynn County whose names we do not have.

Roosevelt . . .

(Continued from Page 1)

9-10, Garner 61; Tydings 9 1-2, and without having been nominated Secretary of State Cordell Hull received 52-3 votes. Through its spokesman Congressman Raburn, Texas then switched her 46 votes to Roosevelt. Jim Farley then took the floor and following a brief speech moved that Roosevelt be nominated by acclamation. The vote was taken and the convention roared its approval.

Before nominations for the Presidency began, the platform committee presented its report and the proposed platform was adopted overwhelmingly. An amendment disapproving a third term for any President was proposed by a delegate from Montana but was voted down by an avalanche of Noes. President Roosevelt was expected to accept the nomination in a radio address to the convention Thursday night.

Mr. and Mrs. C. N. Woods returned Thursday afternoon from a trip down through the Lower Rio Grande Valley, which they found to be very interesting. They stopped at Alice for a visit with Mr. and Mrs. Terry Thompson, who are in business there. They also visited Corpus Christi and took a ride out on the Gulf. They had a brief but wonderful vacation.

ABSENTEES

A total of 44 absentee ballots had been cast with County Clerk Walter Mathis at Tahoka up to 5 p. m. Thursday, which is on a par with an average general absentee balloting during election year in this county.

A heavier balloting by absentees is expected within the next few days, due to the fact that a great number have been mailed out, but are unreturned up to this date.

Mrs. Martha Ray has been seriously ill for the past week or two.
