## Lynn County's Vote Biggest In History

### Nominees . . .

Senator Tom Connally

Geo. Mahon, above, was re-elected congressman over two opponents.

Marshall Formby defeated Alvin R. Allison for State Senator.

Coke R. Stevenson, re-elected as Texas' lieutenant governor.

### O'Daniel Sweeps State Election

With the largest vote ever cast in a Democratic primary election in Texas, Governor Wilbert Lee O'Daniel last Saturday won the nomination over all his opponents.

Latest reports from the Texas Election Bureau given out Wednesday night indicated that approximately 1,160,000 votes were cast in last Saturday's primary. With 15,000 votes still to be tabulated, O'Daniel received 617,346 and Thompson 243,762.

The previous record vote was cast in 1938, when 1,114,885 votes were marked up.

In 1938 O'Daniel won about 51 per cent of all votes cast. In the election last Saturday he received a more than 54 per cent of all votes cast.

The other candidates for governor in Saturday's election were Harry Hines, with 119,707 votes; Miriam A. Ferguson 96,821 votes; Jerry Sadler, 89,281; Arlon B. Davis, 3,975; and R. P. Condon, 1,988.

Tom Connolly was named as the Democratic candidate for the United States Senate by a vote of 4 or 5 to one over two opponents.

Coke Stevenson was elected lieutenant governor.

### Great Crowd Here Saturday Night

L. C. Haney, who provided a board on which the election returns Saturday night were marked up as fast as received, estimates that the largest crowd was present to note the returns in the history of Tahoka.

It was estimated that the crowd here two years ago was larger than any preceding crowd, and it is believed that even more people were here last Saturday night watching the board than were here in 1938.

It was a perfectly orderly crowd and while some were greatly elated and others greatly disappointed by the returns in almost every contest, yet there were no demonstrations of any kind. People in this country are willing for the majority to rule and when the majority speaks they yield willingly to its verdict.

### Aged Midway Woman Dies

Mrs. Fannie Davis, 83, died Saturday morning at the home of her son, M. M. Davis, in the Midway community. General senility and an attack of bronchial pneumonia are held responsible for her death.

The body was taken to Kemp, Kaufman county, Monday morning for burial. It was transported in a Harris ambulance driven by Mr. Harris himself. He was accompanied on the trip by Mrs. Harris.

Mr. Davis and other members of the family also accompanied the body to Kemp, where funeral services were held Monday afternoon. Three of the sons of Mr. Davis went down on Sunday.

Mrs. Davis' husband had preceded her in death and recently she had been residing with the children.

### O'Daniel Family Again Blitzkreigs Way Into Governor's Mansion

Pat, Mike, Molly, the Governor, and Mrs. W. Lee O'Daniel are shown above. O'Daniel was re-elected Texas' governor in a decisive victory at the polls in last Saturday's first primary election.

### Library Receives More New Books

"We need more books," is the cry of Librarians at the newly established Lynn County Library in the court house.

Although the library now has 594 books, the 218 citizens who have signed "reader's cards" keep nearly half of the books out, which fact attests to the popularity the library has gained with the public.

An appeal is made to citizens to look up their old books and send them down to the library in order that many other people may enjoy those books.

Since last report, the following have donated books to the library: Clinton Noble 1, Raymond Knight 2, Robert Knight 1, Wayside Home Demonstration Club 9, Billie Earl Penlinger 1, and Rufus Morgan 1.

The latest new book received is Richard Lewellen's "How Green the Valley".

### Health Clinic For Tiny Tots

The free clinic conducted here Monday afternoon for the benefit of children who will enter school this fall for the first time was regarded as a distinct success. Thirty-two tiny tots attended and six of them were vaccinated against small-pox. Others doubtless will be vaccinated by the family physician before the opening of school.

The clinic was conducted by the County Health Department under the auspices of the Parent-Teachers Club, Dr. Brumage and Mrs. Gladys Davis, the nurse, making the injections. They were assisted by Mrs. Rowland of New Lynn.

### FORMER TAHOKA BOY IS ASSISTANT MANAGER STORE

Monte Ray Keltner, formerly of Tahoka, who has been working for J. C. Penny in Globe Arizona, has been transferred to an assistant manager's job in the Bishop, Calif. store, according to his father, C. E. Keltner, of the Keltner Hotel.

### Youth Honored

Benhard Ernst of the New Home Chapter of Future Farmers of America was awarded the Lone Star Farmer Degree at the State F. F. A. convention at Houston July 11. This is the highest degree awarded by the state organization of the Future Farmers of America, and the first and only one awarded to a New Home boy. In order to obtain this degree, the boy must show outstanding leadership, and must have earned through his project work \$250.00 or more, and must have an outstanding project program in progress.

Benhard graduated from the New Home school.

### ERROR IS MADE IN RETURNS SHERIFF'S RACE

In the table of election returns appearing in this paper, there is an error as to the number of votes received by Tom N. Hale.

In the returns he is shown to have received 9 votes at Three Lakes whereas he in fact received 29 votes. His total in the county is increased accordingly from 1,082 to 1,102.

The error was not discovered until after this table had been printed, and the correction is verified by a check-up of the tally lists turned in to the county chairman, Judge C. H. Cain.

H. M. Anthony, former grocer, was a visitor here election night.

### Retail Merchants Get 35 Members

Thirty-five Tahoka merchants and professional men have signed by membership in the Tahoka Retail Merchants Association any many have not yet been seen, Miss Viola Ellis, secretary, informs The News.

The Association, which will be affiliated with state and national associations, is being organized for the protection of the merchants of the community. It will become a gathering center of all credit information.

Purpose of the organization is to protect its members against frauds, fake or worthless advertising solicitations, unworthy donation solicitors, hot check artists, and to encourage prompt payment of accounts, as well as to check up on new customers, new citizens, and even fly-by-night merchants. All information gathered by the association, especially that of credit ratings, will be strictly confidential but will be available to members on call.

Caude Donaldson is president of the Retail Merchants and A. H. Raborn vice-president.

### Wynne Collier Improves Store

Wynne Collier has just completed enlarging, remodeling, and otherwise improving his drug store.

A new front and show windows have been put in, the partition moved back 12 or 15 feet to give more display space in the store, the interior repainted, and refreshment booths and new display cases installed. Both the appearance and the convenience of the store have been improved.

### WALKER ON COMMITTEE

In listing Rotary committees in last week's issue of the News, the name of Prentice Walker should have been on the Rural-Urban committee, President Kenneth Durham states.

Calloway Huffaker was a visitor in Seminole Thursday.

### Several Run-Offs In Lynn County

Lynn county voters went to the polls in larger numbers last Saturday than ever before in the history of the county in a democratic primary.

Exactly 3,600 votes were counted in the governor's race. But Walter M. Mathis received 3,615 votes for county clerk. There are always a few

Complete Lynn county election returns for all contests may be found on page 7.

votes that are mutilated and some that can not be counted in some of the races for the reason that more than one name is left in such races unscratched. Sometimes all of them are scratched.

There were 3435 votes cast for governor in this county in the first primary election two years ago; 165 more persons voted in the governor's race last Saturday than in 1938.

But O'Daniel received only 26 more votes last Saturday than he received two years ago, while his opponents received 139 more votes than did his opponent in 1938.

Governor O'Daniel received 2,329 votes.

### McCord Leads In Attorney Contest

Unofficial returns published early this week indicated that Alton Freeman of Seminole has nosed Burton Hackney of Brownfield out of second place in the race for district attorney by one vote, Freeman having received 2,986 votes to 2,985 for Hackney, according to these figures.

But when the totals for Lynn county were checked up Tuesday by the county executive committee, it was found that an error had been made in addition and that Hackney had received four more votes in this county than had been credited to him. That placed him three votes ahead of Freeman.

Still later a report came from Post that an error of three votes had been discovered in that county in Hackney's favor. If this is true, the votes for Freeman and Hackney are equal.

### Odds and Ends *See Eye, the Elder*

A certain candidate for office in these "diggings" for the past two or three campaigns has been berating the practice of appropriating a few thousand dollars every biennium for the eradication of cattle ticks in East Texas.

Well, it may have been money wasted, but if that candidate would spend just a few hours where T. I. Tippit and this writer and a few other Tahoka people had an outing down in Central Texas one day recently, he might conclude that a "blitzkrieg" or "total warfare" on all kinds of ticks would be justifiable and desirable.

And he might conclude also that "there ought to be a law" against chiggers.

Mother Neff Park down on the Leon on the line of Coryell and Bell counties is a beautiful spot. It was the first park created by the State of Texas.

A small tract of land was donated to the State by Governor Pat Neff to be converted into a park, and it was named in honor of his mother. Other land has been added since and this park has become the scene for many a public meeting and for many an outing on the part of people residing in Central Texas. A public auditorium, a recreation building, and other structures have been erected, and the grounds immediately surrounding them have been cleared of brush and weeds, but little else has been done to beautify the premises. Elsewhere in the park Nature has been given a free hand, and she has done a good decoration job.

But the predatory insects that prey on human flesh and blood seem to have had a free hand also. And while a fellow is busy having a gay time attending a religious service, or whooping 'em up for O'Daniel, these little red-skinned criminals about the size of a pin-point, and now and then a hateful seed-tick, will be as busy as prairie dogs digging in. They work so quietly and unostentatiously that one is never aware of their presence until they are well fortified beneath the upper strata of the cuticle. And then the victim begins to use his fingernails and to suffer. And he continues to suffer for several days. All you guys who mi-

day they enter school, nay even from the cradle, teaching them that the State is everything and the individual nothing; that there is no such thing as personal rights; that democracy is a farce and liberty and freedom only empty names; that the German is a superior race and has a right to rule. It teaches the German children to hate and despise those who are not of "pure Aryan blood"; to gloat over the power of German arms, and to scoff at any who may oppose der Fuehrer.

They are trained up to be cruel and heartless. This has not always been true of the German government except in a minor degree. It is largely a development of the last generation or two. It has grown in intensity with the rise and reign of Adolf Hitler. And it has made Germany the terror of Europe and even of America.

If we would teach Americanism to our children in the public schools with half the fervor that the Germans are teaching Hitlerism to the children in their schools, there would be little fear from "fifth columnists" in this country.

In this country, we continually cuss the government, especially if it is in the hands of the opposite party; we do little to instill into the minds of our children the great and imperishable principles of liberty and individual rights upon which our government is founded; and we permit them to grow up almost ignorant of our Constitution, even of that vital part of it that sets forth the "Bill of Rights"; and as a consequence many of our citizens become easy victims of those who preach foreign isms to our people and who seek to undermine our government by teaching that it is the tool

of the rich and the powerful to the detriment of the weak and the poor.

As a matter of fact, no other government on earth has taken the steps to protect the weak and the poor against the rich and the powerful that our government has taken. This protection is not as perfect as it ought to be because all government must be administered by mere human beings, and human beings too often are unduly influenced by the rich and the powerful to do wrong.

But that is no fault of our system of government. It is the fault of the weakness and sinfulness that is inherent in the human heart.

Although the people generally are not as thoroughly ingrained with the great principles that underlie our government as they should be, yet when they see or think they see our government endangered they become suddenly aroused and sometimes go to extremes in the methods which they adopt to preserve it.

That Dies committee, we think, has done a good work, in exposing the activities of the enemies of our system of government, but we can not escape the conclusion that even the Dies committee has at times violated the spirit of Americanism. Furthermore, it seems conclusive that at times Mr. Dies himself has merely been playing politics, or has sought to thrust himself into the limelight either directly or by inference, he has made charges at times that had little foundation in fact and good citizens thereby have suffered in their reputations.

For instance, that report that emanated from the secret sessions of a part of the Dies committee a few days ago to the effect that a football coach in one of our state colleges as well as the head of the college himself had been connected with a Communist meeting brought some degree of suspicion upon all of our state colleges. This suspicion rested upon them until the head of the committee himself announced that no evidence had been adduced casting any reflection whatever on the officials of any college.

Such rumors in the first place ought not to be allowed to emanate from the proceedings of this committee, unless there is some proof to sustain them.

As one candidate recently suggested, let us teach a course of Americanism in all our public schools and in all our colleges. Let us do this in order that our future citizens may understand what are the great foundation principles of our government and may accordingly duly appreciate our democratic system. Hitlerism and communism can not thrive in the presence of a general understanding and appreciation of these foundation principles.

And let us fly and revere the flag!

### Lonnie Williams Thanks Voters

I just want to tell the people that I am thankful for the big vote they gave me last Saturday. I surely do appreciate it. And I want all the voters to know that I will appreciate their support on August 24. I certainly will, Thanks—Lonnie Williams, candidate for commissioner, precinct No. 2.

### A Thank You And A Promise!

To the voters of commissioners precinct No. 1, Lynn county, I wish to thank everyone for the fine support you gave me in my race for County Commissioner. I ran my race in the first primary on my own merits and shall go into the run-off with the interest of the county as a whole at heart and with one thought of working for Lynn county in a dependable, business-like way. If elected, I will always be available to everyone and will be ready at all times to talk over the county's problems with you and to weigh your suggestions in a sane and sensible way.

I wish to remind you that I entered the commissioners race without the solicitation of anyone, having thought the problem over for two weeks before I entered the race. Since, I have solicited the help of all the voters of the precinct and earnestly solicit your help and vote during the run-off.

Yours for a cash, business-like administration.

### VISITORS SEE INTERESTING SIGHTS IN NEW MEXICO

Mr. and Mrs. Vernon Lane and Miss Georgia Cox made a business and pleasure trip out to Roswell, and other points in New Mexico last week end.

On Sunday morning they went out to the Oasis Ranch, got a load of hay and visited around awhile. "A beautiful sight to see was an apple orchard on the ranch", the visitors stated, "Apples covered the ground so one could hardly walk. Worms had gotten to them, causing a lot of waste, though the boss said the trees had been so heavily loaded that the limbs broke under the weight."

A large hay barn and the vast amount of hay there was also a source of amazement. A large beaver farm near by was also a most interesting sight.

"We saw the largest artesian well in New Mexico", the visitors reported. "It poured out over 90 thousand gallons of water per minute." It certainly was a large well."

At Tatum, they visited Mr. and Mrs. F. J. Hennington, Mrs. Hennington having taught at New Lynn in this county for several years.

Wednesday visitors in the home of Mr. and Mrs. J. K. Calloway were Mr. and Mrs. W. B. Burselon of Lamesa and Mrs. Ella Richardson of Coolidge. Mrs. Richardson is a girlhood friend of Mrs. Calloway.

Texas' popular Attorney General, Gerald C. Mann was re-elected Saturday without opposition.

### SINGING SCHOOL

A 20-afternoon singing school will begin at New Lynn on Monday, August 5th. The instructor is to be E. D. Ellis of Erick, Oklahoma, one who has had sufficient experience in his work. Many of the people of this county are acquainted with Mr. Ellis and are convinced that the school will be very profitable. Everyone is urged to attend each afternoon at one o'clock.—Reporter.

### Singing School At New Lynn

A singing school will be opened at New Lynn Methodist Church Monday night, according to Col. D. C. Roberts, well known farmer of that section.

### CLYDE ALLEN ATTENDS ROSICRUCIAN CONVENTION

Clyde F. Allen, who lives out on rural route No. 4, recently attended the International Convention of the Rosicrucian Order held in San Jose, California.

The Rosicrucian Order is a philosophical organization.

Mr. and Mrs. Jack Welch left Wednesday on a week's vacation to be spent at Carlsbad and Ruidoso, New Mexico. Miss Rosamind Pittman, sister of Mrs. Welch, took Jackie Welch to Crowell to remain with his grandparents until Mr. and Mrs. Welch return.

We were delighted to have the Graham Chapel young folks bring their program to our church at the League meeting Sunday evening at 8:15. It was very interesting and was rendered in a very inspirational way.

The two Leagues planned a picnic for Monday night, July 29, at Two-Draw.

The New Lynn League members are looking forward to putting on a program for Graham in the near future.

Mr. and Mrs. Winter Knight and boys returned home Tuesday from Ruidoso, New Mexico, where they spent several days vacationing. Winter, who recently underwent a tonsillitis operation, returned much improved.

### Aged Woman Has Broken Arm

J. B. Ray of the Garnolia community reported Saturday that his mother, Mrs. Queen Victoria Ray, 90 years of age, fell recently at the home of a daughter at Clasco and broke both bones of one arm below the elbow, bruised her hip, and wrenched her back. He had just been to see her and stated that she was apparently improving more rapidly than might be expected.

Mr. and Mrs. A. B. Swan and son Robert are here visiting relatives. They are now located at Lamar, Colo., where "Boots" is employed by the Government on an Arkansas River dam project.

may appear in the columns of The  
News will be gladly corrected when  
called to our attention.

It was a great victory that Govern-  
or O'Daniel won at the polls last  
Saturday. There were several factors  
that contributed to his remark-  
able achievement. First, was his own  
astuteness as a campaigner; second,  
was the feeling on the part of the  
people that he had not gotten a fair  
deal as governor; third, was the  
bungling of the last legislature; and  
fourth was the fact that he did not  
have a single opponent who is an  
effective campaigner. Jim and Ma  
of course have been par excellent,  
but even their most enthusiastic sup-  
porters of other days regarded them  
as "has beans". So, that's our explana-  
tion of the election. And the results  
were almost exactly what we ex-  
pected. We thought all along that O'-  
Daniel was likely to win in the first  
primary. Here's hoping that he may  
have a beneficent and successful ad-  
ministration.

As we interpret Saturday's elec-  
tion, the people have indicated again,  
as they have indicated heretofore,  
that they favor a more liberal pen-  
sion policy in this state and they  
are not very particular as to the  
character of tax measure that is ad-  
opted to raise the money. They have  
never approved nor condemn-  
ed a general sales tax, a general  
transaction tax, a natural resources  
tax, or any other particular kind of  
tax. That matter seems to be wide

open for the legislature to solve as  
it may see fit.

Rollin McCord is to be congrat-  
ulated upon the fact that he led the  
field of five candidates for the office  
of district attorney. On the face of  
unofficial returns he will be pitted  
against Alton Freeman of Seminole  
in the run-off, though Freeman has  
nosed Burton Hackney of Brownfield  
out of second place by only one vote.  
Of course the official count might  
change the result as to Freeman and  
Hackney, but it is certain that Mc-  
Cord is in the run-off. And it would  
seem that he has a better than 50-  
50 chance to win.

Without making a campaign, Geo.  
Mahon has retained his seat in  
Congress by a majority of about two  
and one-fourth to one over the  
combined votes of two opponents.  
The people of this congressional dis-  
trict are well satisfied with the work  
being done by George Mahon, and  
we predict that he is to have a long  
career in Congress.

Judge Marshall Formby of Dickens  
county is to be our next state Sena-  
tor. He won the place over one of the  
best personal campaigners in all West  
Texas, Representative Alvin R. All-  
ison. Formby appears to be a pro-  
gressive but not radical; reliable and  
dependable. We doubt if he has the  
ability to procure the publicity that  
many politicians have or that he is  
of a disposition to play politics, but  
if he stays in the middle of the road  
and makes no serious mistakes he  
should become a useful member of  
the state senate.

Hop Halsey won his race for state  
representative in a walk. With his  
fine personality and his knack for  
making friends, Hop ought to become  
a popular and influential member  
of the house. Here's hoping that he  
serves the people well.

**THE DEFEATED**

(By The Plainsman in Avalanche-  
Journal publications July 26-27)  
Tomorrow night, beginning at 8  
o'clock and lasting until well past  
midnight—if the affair runs true  
to pattern set in previous years  
—there will be a big crowd in  
front of Avalanche-Journal offices.  
They will be listening to the election  
returns and watching the figures  
being chalked onto the big boards  
hung for the purpose.  
In the crowd will be many peo-  
ple who have no personal stake in

the outcome of any race. Most of  
the people on hand will be those  
who are interested in politics gener-  
ally; or who are curious about the  
outcome of one race or another; or  
who just like "election parties," and  
enjoy the aura surrounding them.

But also in the crowd will be men  
to whom the outcome of the races is  
important—the men who, during  
hot weeks and months, have striven  
with might and main to direct the  
outcome of the contests.

They will be the candidates—the  
winners, the losers and, in a few  
cases, those who must continue their  
efforts for another month, and who  
must face the bar of public opinion  
in the second primary balloting.

For a good many years now, The  
Plainsman has been connected with  
"election parties" in Lubbock.

Saturday night's affair will mark  
his 21st "election party" in Lubbock  
—including all the primaries and  
all the general elections since and  
including 1924. And on the occasion  
of each and every one he has found  
himself feeling sorry for those who  
ran and lost—even those a-  
gainst whom he voted and some-  
times actively worked.

For it's no joke to a man, or a  
woman, to spend almost all of a  
slender purse—or go in debt—in the  
high hopes of winning public office;  
it's no joke to spend weeks and  
months working, working, working—  
in the face of rebuffs on many sides.  
And worst of all must be the sick-  
ening disappointment of being turned  
down by neighbors; to find that  
all has been in vain and that neigh-  
bors have turned "thumbs down".

The Plainsman, many a time, has  
left his post for a few moments  
during an "election party" to sneak  
across the street for a coke, or just  
mix and mingle with the crowd, and  
the picture is plain to him now.

In the forefront will be leading  
candidates—some of them already  
"in"—surrounded by friends. They  
are flushed with the victory they  
have earned; it's right they should  
be allowed to enjoy the fruits of  
their own tallies from the fig-  
their work and their plans. They  
accept congratulations as they keep  
ures on the boards, and to them life  
is sweet.

But back in the shadows, often  
alone or accompanied by one mute  
but understanding friend, are the  
beaten candidates. Few stop to talk  
to them as, with shaking heads they  
keep their tallies, too, and wonder  
"what could have gone wrong in

Precinct 4; at Acuff, ex Idalou and  
Slaton."

The sight never yet has failed to  
tug at The Plainsman's heartstrings  
—even if he could have told the in-  
dividual when he announced that  
he didn't "have a Chinaman's  
chance."

The beaten hold up well through  
the night.

When an occasional friend stops  
to offer condolences, or when an ac-  
quaintance tosses a jest, they keep  
their heads up and their chins out.

But after the crowd has drifted a-  
way, and up in The Avalanche-  
Journal news-room a frazzled staff  
leans back to await the rolling of  
the presses just before the eastern  
sky turns red, the beaten edge quietly  
near the desks where the returns are  
spear on spikes.

"Mind if I look through these?"  
they'll ask. And when told "go right  
ahead," they sit wearily down to  
study the returns by precincts.  
With paper and pencil they add,  
subtract, compute. And sometimes it's  
daylight before they homeward turn,  
dog tired, disillusioned, heartsick.

Politics is like that, always.  
It will be the same picture tomor-  
row night and The Plainsman will  
see it and he'll feel his heartstrings  
pull—he'll be sorry for those who  
ran and lost, even if he didn't want  
to see them win in the first place.  
But life is like that, too.  
Some win and some lose; some  
who should win are beaten and some  
who should be beaten, win—and the  
Fates chortle.

We can't win all the time, and  
those who are marked up as losers  
when Saturday night's ballots are  
all counted will feel better if they  
remember that.

Mr. and Mrs. Tobe Kennedy and  
children and Mr. Lee Short returned  
Saturday from a two weeks visit in  
Mississippi. They reported crops  
there and enroute as very good.

It is based on the fact that head-

dysmenorrhoea due to malnutrition.

thus aids digestion and helps build  
physical resistance. Usual result  
is less periodic distress.

A JOINT RESOLUTION proposing an Amendment to Article 8, Section 9, of the Constitution of the State of Texas by adding a new Section thereto to be known as Section 9-A; providing that the Commissioners Court of Red River County, after a majority vote of the resident qualified electors owning taxable property therein, shall have the authority to levy a tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not exceeding fifteen (15) years for the

**TYPHOID AND THE FLY**

The house fly is sometimes called the Typhoid fly, because it has been found to spread so much typhoid fever. The fly, however, is not the only means of carrying typhoid. This disease is also distributed by water, milk and other foods, if the germs get into them. Typhoid germs always come from the solid and liquid material thrown off from the body.

Only a few flies survive the winter months. They begin feeding actively during the spring and soon commence laying eggs. The number of flies in a community is an excellent index to the sanitary conditions of that community, as every neighborhood raises its own flies.

Their way of carrying disease is by eating or walking over filth and getting germs on their feet and proboscis or bill, then walking over food or getting in our milk. The typhoid germ does not multiply anywhere outside the human body except in milk. Are you and your family protected against typhoid fever? This is the time of year that typhoid fever

**Elder Drennon's Notes**

I received the Lynn County News today; sure glad to read it, because it is one of the best weeklies that is.

Editor Hill gave me a good spanking, but I guess I needed it, so I will say, as Jesus did on the cross, "Father, forgive him, for he knows not what he does." I sure did not intend to appear self-righteous or to leave the impression that I was perfect, because I am very imperfect, but I have a perfect guide book, the Bible, and a perfect example the Christ, and am doing my best to follow both.

This county is wet in more ways than one. They have had four inches of rain per month for the last three; the crops and fruit are both late, due to too much rain. It has not rained since I started the meeting, so the dirt roads are getting passable. I believe Grayson county has the best crops I ever saw her have. If it does not rain any more the cotton will do fine and corn is already made, making from 40 to 60 bushels per acre.

The candidates are sure thick here as well as at home. Governor O'Daniel seems to be running very well here. He is sure popular with the other candidates, as they spend most of their speeches on his failures. I didn't know he was such a failure until I heard them; but despite their speeches I still think he made a very good governor and I rather think he will get to try it two more years.

I noticed Editor Hill seemed to think that he served the powerful predatory interests in the State by his espousal of the general sales tax. It doesn't seem like they helped him much in putting it across last year, and if I remember correctly he told the legislature he would O.K. any tax measure that would pay the bill. But the candidates tell us now he never said that, so I guess I am wrong again.

My meeting is drawing very good crowds and interest is fairly good for election year.

Yours for more people who are as interested in making their calling and election sure as they are in electing their favorite candidate.

I will close here next Friday night and fill the public at O'Donnell the first Sunday in August.—R. P. Drennon.

Note: The above was written before the election but reached us too late to be placed in last week's issue of the News. We are truly thankful that we all have that perfect "Guide Book and that perfect "Example" that you mention, and O! that we all were broad enough to see that there are others besides those of our flock who can and possibly do understand and interpret this Book just as intelligently as we and who follow the great "Ex-

**Vegetable Laxative Has Important Points**

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

ample" just as devoutly and sincerely as we do ourselves. As for "Brother O'Daniel," he is to be our governor for two more years, and we who did not vote for him are in perfectly good humor about it. We hope he makes a much better governor in the future than in the past.)

**THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF LYNN COUNTY, GREETING:**

You are hereby commanded to summon J. M. Tibaut, and the unknown heirs of the said J. M. Tibaut, deceased, their heirs and legal representatives, hereinafter styled defendants, to appear at the next regular term of the District Court of Lynn County, Texas, to be held at the Court House thereof, in the town of Tahoka, on the Fourth Monday in September, 1940, and being the 23rd day of September, 1940, then and there to answer a petition filed in said court on the 27th day of July, 1940, the file number of which is 1345, in which suit Mrs. Annie Nevels, Individually and as Independent Executrix of the Will of W. D. Nevels, deceased, is plaintiff, and the hereinbefore named, and whom you are herein commanded to summon, are defendants, and are all of the defendants, the cause of action being as follows:

**DEBATE AT GRASSLAND DRAWS LARGE CROWDS**

A religious debate was conducted at the Grassland Church of Christ on Monday, Tuesday, and Wednesday nights of this week between Elder Guy N. Woods of Wellington, representing the Church of Christ, and Elder W. G. Richards of Anton, representing the Primitive Baptists.

It is reported that very large crowds attended these discussions. A number of ministers from a distance were present.

**OUT TO LUNCH**

France perished still observing a government enforced "two hour noon hour." Her people were "out to lunch" socially, economically, politically and militarily when the Germans marched in. This is the only possible conclusion to be drawn from news reports, and in them lies an eternal warning for America.

France carried "social reform" to the point of national decay. Politically we have been following a parallel path. We too have been chasing rainbows of unreasoned reform surrounded by burgeoning bureaucracy, skyrocketing debt, and crumbling initiative.

The world owes no one a living. The impact of realism, not Hitler, destroyed France. There is no security except that attained by constant labor. This is not theory. It is a basic law which will ultimately decide our future individually and as a nation, as it did that of France.

For long years we have acted on the belief that by arbitrarily shortening hours of work, penalizing ambition and profit, and curtailing productive enterprise, we could, somehow, someday, lose ourselves in the distant blue haze of collective security. We have been gyrating in a vicious, futile circle, labor against capital, politician against business man, community against community with professional "reformers" standing in the center of the circle like circus ringmasters cracking the whip of discontent. Witness the sitdown strike, the provocative, business-baiting extremist generalizing on scattered abuses by industry, the pathetic picture of thousands of communities and millions of individuals vying for "free" public money—each striving to get a share of the loot. Meanwhile the voters have had a curiously detached feeling toward annual government deficits running into billions of dollars.

These are the things that destroy nations, and make rich pasturage for fifth columnists. They destroyed France. If we go back to work now, a nation of free men under a system of free enterprise, they will not destroy us—we will not be caught

**If It's Heavily Advertised It HAS to be GOOD**

OUR BRAND of democracy was won for us, and is being held for us, by men who chose their own careers, owned big farms, built big factories, and did what selling was necessary to keep those farms and factories busy.

One of the biggest aids in mass selling is mass advertising. In the long run, it "polices" itself.

Advertising of poor products al-

ways fails. Only a first rate product, fairly priced, can stand the dazzling glare of national advertising. When you think of the heavily advertised soups, soups, breakfast foods, mechanical refrigerators, automobiles, silverware, radios—you are thinking of the aristocrats among commercial articles.

Thousands turn to this way to get relief when they feel indigestion, irritable, listless. Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

tenant governor, receiving more votes than both his opponents combined. Alton M. Mead of San Angelo and Charles L. Somerville of Dallas.

George Sheppard was re-elected state comptroller and Charlie Lockhart state treasurer by overwhelming majorities over their opponents respectively.

L. A. Woods was re-elected state superintendent by a comparatively small majority over S. R. LeMay of Athens.

J. E. McDonald was also re-elected commissioner of agriculture by a heavy majority over two opponents.

Attorney General Gerald Mann and Land Commissioner Bascom Giles were re-elected without opposition.

For railroad commissioner with 18 candidates on the ballot, there will be a run-off between Olin Culberson and Pierce Brooks.

For chief justice of the supreme court, there will be a run-off between Judge James P. Alford of Waco and Judge H. S. Lattimore of Fort Worth.

Judge John Sharp was re-elected associate justice over Wm. R. Watkins.

Tom L. Beauchamp was re-elected as a member of the court of criminal appeals over Geo. E. Christian.

George H. Mahon, Representative in Congress from 1931 district, was re-elected by an overwhelming majority of the votes in every county in the district.

Marshall Formby of Dickens defeated Alvin R. Allison of Levelland by a majority of more than 7,000 votes for the office of state senator. He will succeed Senator G. H. Nelson. Allison at present is a member of the lower house.

Hop Halsey of Lubbock defeated Jack Douglas of the same city by a majority of almost two and a half to one, carrying every county in the district. Halsey will succeed Allison in the lower house.

In the race for district attorney, it now appears that Rollin McCord of Lynn county will be pitted against Burton Hackney of Terry county. The unofficial returns indicated that Alton Freeman of Seminole, Garza county, had nosed out one vote ahead of Hackney, but official returns made Tuesday showed that Hackney had received four votes more than the unofficial returns had indicated. An error of four votes had been made in Lynn county in casting up the totals in the office of the county chairman, Judge C. H. Cain.

votes last Saturday. He received 2,303 votes two years ago. His opponents received a total of 1,271 votes last Saturday, whereas his opponents two years ago received a total of only 1,132 votes.

Not only was there a larger vote last Saturday than ever before, but the people voted earlier than usual. Especially was this true in the two Tahoka boxes; and the counting, in most instances, was completed earlier.

In this county, there will be run-offs not only for railroad commissioner and chief justice of the supreme court but also for district attorney, county judge, sheriff, and for commissioner in three of the precincts of the county, New Home, Wilson, and Draw.

Chester Connolly and Judge P. W. Goad will be pitted against each other for county judge, B. L. Parker and Tom Hale for sheriff, T. H. Basinger and W. O. Henderson for commissioner of precinct No. 1, (Wilson); Lonnie Williams and S. H. "I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my Country to love it; to obey its laws; to respect its flag; and to defend it against all enemies."—William Tyler Page.
