Tahoka City Schools Will Open Monday

Start Registration Juniors, Seniors Friday Morning

Tahoka's thirty-seventh term opens Monday of next week with what Supt. W. T. Hanes expects to be the largest enrollment, possibly, in the school's history.

In fact, enrollment of some students is due to begin today, Friday. All High School Juniors and Seniors who ride busses and all football boys should register from 8:30 to 10 a. m. Friday. All other Juniors and Seniors will register from 10 to 12 a. m. the same day. Buses will make their routes Friday morning.

All other students should come to school Monday morning, Sept. 1, for enrollment. Classes will start Monday afternoon.

Formal opening of the school term will be Wednesday morning at 9 o'clock, when District Attorney Truett Smith will be the principal speaker. All patrons and friends of the school are invited to attend these exercises in the high school auditorium.

Several additions and improvements are being made in the high school program this year. Principal Lee Dodson states.

Courses in chemistry and book-keeping are being added, and seven new typewriters have been bought. The library is augmented by many new books. A new teacher has been added to the high school force. Mrs. Pauline Walker, who is the new teacher, will teach commercial subjects.

However, the biggest step in modernizing the Tahoka School system is expected to come from the installation this year of a so-called "Practical Guidance Program" such as is being used at Amarillo, Lubbock and Pampa. Tahoka is probably the first school in this section to institute this program in its entirety. The guidance program includes (Continued on last page)

Court Is Asking For State Funds

Judge P. W. Goad and the four county commissioners, George Small, Waldo McLaurin, Tom Hale, and Sam Holland, left Wednesday morning for Austin and San Antonio on official business.

They expect to interview the committee which has charge of the distribution of funds appropriated for the purpose of taking care of county and district road bonds assumed by the state. Several factors, it seems, enter into the matter of distributing these funds, such as amount of bonds assumed by a county, the amount of lateral road mileage, the population of the county, etc. The Commissioners are making an effort to get as large a slice of this fund for Lynn county as possible, which will doubtless be small enough at all events.

They also had in mind to look after some prospective FWA projects, sanitary and road.

Another important item of business was to find out what is the prospect of getting work started on the two highways recently designated in this county, one leading from O'Donnell west to Seagraves, about ten or twelve miles of which lies in Lynn county, and the other leading from Tahoka through Wilson to Siston and on north, about twenty miles of which lies in Lynn county.

Many Lynn county people are deeply interested in the building of these highways and the commissioners and county judge are hoping to get something definite done about them.

EWING RETIRES

Albert Ewing, 43 years with the Santa Fe and present assistant general manager of the Eastern Lines, is retiring from the service Sept. 1. Ewing was superintendent of the Slaton division for a time. He will be succeeded by C. S. Cravens in the Topeka office. Cravens also grew up with the system on the Texas Plains.

McCord, Connolly, Parker, Weathers Win In Election

Mrs. Martha Ray, Pioneer, Is Dead

Mrs. Martha Ray, 87, pioneer of Lynn county, who died in an Amarillo hospital Tuesday afternoon at 12:15 o'clock, was buried here Thursday afternoon in Tahoka cemetery. Services were held at the Methodist Church, of which she was a member, at 2 o'clock Thursday afternoon, Rev. G. E. Turrentine, the pastor, officiating. For several hours prior to the service the body lay in state at the home, two blocks north of the church.

In spite of her age, Mrs. Ray had been in comparatively good health until early in July. At that time, her daughter, Mrs. Toney Chisum of Amarillo, took her to the Chisum ranch in New Mexico, where she remained a few weeks before being removed to the Amarillo hospital, where she died.

She was born in Alabama June 23, 1853, the daughter J. L. and Rhoda Harrell, but her parents moved to Texas, settling near Austin when she was two years old. She was married to W. K. Ray in 1872 and they made their home in San Saba county until 1906, when they moved to Lynn county. They established the family home one mile south of the business section adjacent to the present golf course.

Mr. Ray, who died in Tahoka in 1909, operated a mercantile establishment at the present location of the Wynne Collier drug store. He also was a partner in the establishment of the old Lynn County Bank. Mrs. Ray resided until 1928 at the old home place, and then moved to her new home here in town in order that she might have the advantage of city conveniences and be near her church.

Mrs. Ray was originally a member of the Presbyterian Church, but moved her membership to the Methodist 56 years ago. She was a kindly, lovable lady, admired and respected by all who came in contact with her.

Survivors include four daughters, Mrs. Toney Chisum of Amarillo, Mrs. Cora Curry of West Fork, Ark., Mrs. W. W. West of Tulsa, Okla., and Mrs. O. M. Street of Dallas; and one son, Paul Ray of Tahoka. She also is survived by eight grandchildren and eight great-grandchildren.

Rain Is Aid To County's Crops

Helpful rains covered possibly half of the county last Monday night but in the Joe Bailey community the rain was accompanied by a destructive hail. Lonnie Williams, nominated

ed commissioner from precinct No. 2 Saturday, reports that he had 75 acres of cotton that was virtually destroyed. Two or three of his neighbors likewise suffered heavily. Feed was not materially damaged.

In some localities the rain is reported to have amounted to as much as an inch or more. Over most of the territory visited, however, the fall was much lighter. In Tahoka, the government rain gage registered only .09 of an inch. Additional showers were falling in some parts of the county and in Tahoka Thursday afternoon as we went to press.

Many crops were greatly helped, and there promises to be some very fine crops of both cotton and feed in Lynn county this fall. There is much cotton and feed on the other hand that promises only a poor yield.

Scotty St. Clair of Lamesa is here visiting his grandmother, Mrs. S. N. McDaniel.

Three New Members Commissioners Court Are Also Named

True to our forecast, a large vote was polled in Lynn county and in the state of Texas last Saturday.

In Lynn county, the largest vote polled in any one contest was 3,431 for Sheriff while 3,430 were marked up for tax assessor-collector.

The largest vote cast for any one office in the July primary was 3,615, which was the vote received by Walter Mathis. For Governor, exactly 3,600 votes were registered. Thus the vote last Saturday came within less than 200 of the vote cast in the first primary.

In Texas, the Austin forecasts were for 750,000 votes last Saturday but we predicted last week that the total would be in the neighborhood of 900,000. With possibly 20,000 votes still to be reported, the Texas election bureau last Saturday night had tabulated 868,717 votes for railroad commissioner. In Lynn county, 3,369 votes were marked up for the two candidates for this office, which was 71 votes short of the number marked up for sheriff.

It is reasonably certain that more than 900,000 voters in Texas went to the polls last Saturday.

There were some close contests in Lynn county, mostly in the commissioner races.

The closest county race was that between R. P. Weathers and A. M.

Aged Citizen Buried Monday

Suffering from heart trouble and the infirmities of age, John J. Johnson, 83, died at 4:30 o'clock Monday morning at the residence of his son, J. T. Johnson, seven miles south of Tahoka.

Funeral services were conducted at 4:00 o'clock Tuesday afternoon at the Harris Funeral home here, Rev. Richburg of Big Spring, pastor of the Bethel Baptist Church in this county, which deceased attended, officiating.

Mr. Johnson was a native of Prairie county, Arkansas, having been born on June 4, 1857. He came from Vanderwoort, Arkansas, to Lynn county, Texas, in October, 1935, and had resided here since.

Besides J. T. Johnson, at whose home he died, Mr. Johnson left three other sons surviving him, G. C. Johnson of Shreveport, La., Bob Johnson of Vanderwoort, Arkansas, and Walter Johnson, whose place of residence is unknown. G. C. and Bob arrived at noon Tuesday and were here for the funeral services.

Although deceased had resided in this county less than five years, he had made many friends in his community and was highly respected and esteemed by them. He was a member of the Baptist Church but belonged to no other organizations.

The News joins in extending condolences to the surviving sons and their families. They have the consolation of knowing that a good man has merely gone home.

Minor Will Play At Wichita Falls

Max Minor, Tahoka's all-round student athlete who has been working at Palestine this summer and who expects to enroll in the University of Texas next month, will play in the all-star charity football game sponsored by the Shriners at Wichita Falls Monday.

Blair Cherry, assistant coach at the University of Texas is coach of the West Texas team, and Matty Bell of S. M. U. will have charge of the North Texas Team. Cherry's backfield will likely be: Howard Alford and Joe Tyson, Lubbock; Max Minor, Tahoka, and Big Bill Andrews, Amarillo.

Hanes Seeking School Funds

Supt. W. T. Hanes of the Tahoka schools and four other superintendents of Northwest Texas have been in Austin since Wednesday on school business. They are seeking transportation aid said to be due the five schools. Accompanying Hanes were Superintendents Hayes Holman of Post, O. C. Thomas of Spur, Paul Rogers of Silverton, and W. G. Swinborne of Lakeview (Hall county), and county Supt. Dean Robinson of Post.

Tahoka is seeking approximately \$900 which the Tahoka board thinks is due the local schools for transportation of students residing within this district. Only thirteen schools in Texas, Mr. Hanes says, are affected in the same way as Tahoka, including the above.

Tuesday these school men at a meeting in Lubbock conferred with Senator Olin R. Van Zandt, chairman of the Legislative Advisory Committee, who urged them to come to Austin for a conference with him, possibly the committee as a whole and the attorney general's office and the state superintendent. The attorney general had previously ruled that these schools were not eligible to receive the aid, but Sen. Van Zandt and these schools contend that such is now within keeping with the intention of the school aid laws.

Install Officers Of Legion Post

New officers of the Marion G. Bradley post of the American Legion were installed at a meeting held at the Legion hall Tuesday night. Legionnaires from the Lubbock post were in charge of installation.

Marshall Stewart is the new post commander, succeeding H. O. Hargett; E. Roy Edwards is adjutant, succeeding Harry Roddy; Houston Haire, first vice commander; John Slover, second vice commander; Harry Roddy, chaplain; and Sam Holland, sergeant-at-arms.

Of the quota of 35 new members, 20 have been obtained, it was announced. The installation services were conducted in the Legion hall.

Visitors and Legion members from Lubbock and their offices follow: Charles Whitacre, 19th district commander; C. E. Luce, vice commander of the Lubbock post; George Berry chairman of the state rehabilitation board; Hal Lattimore; Lewis Murfee, post commander at Lubbock, and A. C. Jackson, chairman of the state committee of the Sons of the American Legion.

Refreshments were served by the Legion Auxiliary.

Piggly Wiggly Is Opening New Store

A second Piggly Wiggly store will be formally opened Friday and Saturday, W. T. Kidwell and Roy Hicks, owners of the No. 1 store announce this week. The new store is at the old O. K. Food Store location on the west side of the square.

Hicks is in charge of the new store. Ivan Cathcart will operate the market in the store.

Woman Is Killed In Car Wreck

Miss Nan Tillman, 26, waitress in the Twin Cafe in Big Spring, was instantly killed at about 4 o'clock Tuesday morning when the heavy Sedan car in which she was riding with a gentleman companion, W. O. Queen of Big Spring, got from under the control of the driver and hurtled over seven times before stopping, according to testimony of some who visited the scene, on highway No. 87 a mile and a half north of Tahoka. Mr. Queen was painfully but not seriously hurt. The car was almost completely wrecked.

W. O. Henderson Is Critically Sick

W. O. Henderson, who was nominated for county commissioner from precinct No. 1 on Saturday, was taken back to the Lubbock Sanitarium Sunday for a check-up and physicians decided that another operation was imperative. Accordingly he went under the knife early Monday morning, when surgeons found his condition to be grave. It is to be hoped that his condition will improve and that he will yet be able to return to his home here in the course of time.

Mr. Henderson had an operation about a year ago. Then a few months ago he underwent another operation for a troublesome growth on the knee. He was able to make the race for commissioner, however, first winning a place in the run-off and then winning the contest in the run-off.

Coaches Attending Football School

Coach Leo Jackson and assistant Coach Hope E. Haynes this week are attending the Plains Coaching School at Plainview which opened Monday and closes Friday.

The school is being directed by Jack Curcio, coach at West Texas State, Canyon, and Frank Kimbrough coach at Hardin-Simmons, Abilene. Football coaches of Northwest Texas and New Mexico are attending the school. An all-star football game between last year's high school stars will bring the five-day school to an end Friday night.

Prentice Walker and Leslie "Broadway" Browning, who do officiating at games in this area, attended Wednesday's session of the school.

Better Support Of Schools Asked

Henry Maasen, president of the Tahoka school board, was principal speaker at Thursday's Rotary luncheon, talking on "School Board-Community Relations".

Maasen urged co-operation with the school board, the administration and faculty, and insisted that patrons refrain from the popular sport of "cussing" the school board and the teachers unless they know both sides of the subject. Patrons are prone to accept rumors as facts and indulge in gossip at the expense of the school system, he said. Tahoka can never have the kind of school she should have unless the citizens of the community co-operate with the school administration, whatever that administration might be.

Lee Dodson, high school principal, was in charge of the program. As a prelude to the talk, he introduced Master Benny Dean Parks of Allison, guest of Carl Owens, who gave a reading, and Miss Mary Bland Wells of Temple, who sang two vocal solos, accompanied at the piano by Miss Valerie Wells of Tahoka.

President Kenneth Durham announced that an annual Rotary conference will be held in City Park Friday night at 8 o'clock for the purpose of discussing the year's program of work by the club. Watermelons will be served.

Church Of Christ Begins Meeting

Announcement is made that a Gospel Meeting will begin at the Church of Christ here tonight, to be conducted by Evangelist Paul Southern of Abilene. The singing will be under the direction of Elmo Burkett of O'Donnell.

Evangelist Southern is well known and highly esteemed here, since he conducted a meeting here last summer. He is a very able Bible scholar, being a teacher of Bible in Abilene Christian College. He also serves as minister for the North Side Church of Christ in Abilene.

Services will be held here twice daily, one in the morning and one at night. The meeting will continue through Sunday, September 8.

Announcement of some of the subjects to be discussed will be found elsewhere in this paper. Everybody cordially invited to the services.

MUSIC MEETING

Principal A. L. Pace of the Grade School and Mrs. J. K. Applewhite and Mrs. Marcus Edwards, music teachers, attended a public school music clinic in Lubbock Thursday.

Carl Wiseman, Texas Music Association president, was a speaker, and methods of teaching, requirements, etc., were told or demonstrated to school authorities from the South Plains. A banquet was held at noon.

Odds and Ends *See Eye, the Elder*

It was a strange mixture of the human family that settled Texas. Among the first comers were the desperado, the adventurer, and the mere home-seeker. Among them were to be found the low-born and the aristocrat, the rich and the poor, the illiterate and the scholar, the infidel and the parson.

Cursed with the presence of many desperate characters, the peaceable and the pious were often compelled to resort to stern measures to suppress the outlaw and to make the country safe for civilization.

But in a struggle between the forces of righteousness and the forces of evil, between those who would build up and those who would obstruct and destroy, the former nearly always finally prevail. It was so in Texas.

One hundred and two years ago, that cultured gentleman, Mirabeau B. Lamar, President of the Republic of Texas, in his first message to the Congress declared, "the cultivated mind is the guardian genius of democracy"; and in 1839, under his leadership, the Congress of Texas took the first steps for the establishment of a public free school system and for the building of institutions of higher learning. As a starter, it set aside, out of the public domain, three leagues of land, or about 21 sections, to each county's public school fund, and fifty leagues, or about 346 sections, to a fund for

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary!

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

the establishment of two universities. That was a time when there were only a few thousand settlers in Texas, barring a sparse population of Mexicans in the southern and southwestern portion of the state.

Then came financial difficulties, annexation to the United States, the turmoil incident to the discussion of the slavery question, and finally the Civil War; and it was not until the early seventies that much could be done about the matter of public education.

But the intense desire for better educational opportunities for the children had been burning hot through the years in many a father's and many a mother's breast, and many a public-spirited citizen and many a church organization here and there had decided that something must be done about it.

As a consequence, private schools and denominational schools were springing up throughout Texas in great numbers. The half-century from 1850 to 1900 was noted as the period when such schools flourished. Most of them, it is true, were of mere academic rank but many of them bore the name of College or University, and practically all of them taught the classic languages, Latin and Greek, along with English, History, Mathematics, and Science, and they filled a gap that the state had not undertaken in an adequate manner to fill. From the walls of these schools came many of the scholars, ministers, statesmen, and leaders in all walks of life in our state. A mere list of the names of these colleges and academies, most of which are now defunct, would doubtless fill more than a column of this paper.

Most of the earlier schools of this period, naturally, were situated in the more populous areas of the state, East Texas, South Texas, and South Central Texas. It was not until the late seventies or early eighties that any such schools were established in West Texas proper.

One of the counties on the fringe of West Texas which was one of the most prolific fields for the es-

establishment of such schools in an early day was Parker county.

It was not later than 1858 when a private school was built at Veal's Station in the northeast section of Parker county. The prime mover in the founding of the town and the promotion of the school was Captain W. G. Veal, a Methodist minister, but members of other denominations joined in, and the school opened. Churches of the various denominations were allowed to hold religious services in the building. The school, it is declared, continued to function more than fifty years.

For a number of years of this time, however, it was owned and operated by the Cumberland Presbyterian Church, during which time it was said to be "one of the best schools of the state." Students came from all parts of Texas to drink at the fountain of knowledge which it provided.

Springtown, situated about seven-teen miles northeast of Weatherford and only a few miles from Veal's Station, was the locus of two noted schools operating at the same time, between the years 1884 and 1894.

One of these was The Male and Female Institute, with B. F. Fronabarger as president and W. P. Miller as vice-president. For a few years it was a flourishing institution with a large enrollment for that day and time.

The other Springtown school was the College Hill Institute, conducted by John W. McCracken, president, and D. P. Hurley, vice-president. Among the distinguished ex-students of this school we might mention Governor W. H. (Bill) Murray of Oklahoma and our own Will Montgomery of Tahoka. He and Governor "Bill" are still fast friends.

Both of these institutions did a notable work during the few years of their existence but were soon crowded off the educational map by the development of the public high school and the establishment of state colleges not far away.

A double monument was erected in Springtown in 1934 to preserve the memory and commemorate the fine work done by these two private institutions of the eighties and the nineties.

Whitt is another Parker county village founded in the pioneer days and still functioning in a small way at a point about twenty miles northwest of Weatherford. From the middle eighties till the middle nineties it was the seat of Parker Institute, a school established by the Northwest Texas Methodist Conference. It survived only a few years but it had college rank and awarded degrees. It turned out only three graduates, but all of these became distinguished educators.

The first of these was Miss Beulah Spreull, who received her A. B. degree in 1891. Following her graduation she became a teacher in the institution.

Dr. J. D. Sandefer, who was president of Simmons College (Hardin-Simmons University) at Abilene for thirty years, and who died only a few months ago, was the second graduate of Parker Institute, receiving his degree in 1892.

Dr. Charles S. Potts, law teacher in the University of Texas for many

years and later dean of Southern Methodist University Law School, was the third and last graduate of Parker Institute, receiving his degree in June, 1893.

Prof. Amos Bennett was the guiding genius of this institution. Writing about him and the school a few years ago, Dr. Sandefer had this to say:

"Prof. Amos Bennett came here from Bowling Green, Kentucky, to take charge of the school. He held an M. A. degree from Dupaw University, Greencastle, Indiana. He stayed there many years and really did a wonderful piece of work. He was one of the most scholarly men I have ever met, and he possessed the largest fund of information on more subjects than any one I have ever contacted in my career. The principal subjects, above the academy rank, stressed by Professor Bennett were Greek, Latin, higher mathematics, and physics, though we had no laboratory.

"Prof. Bennett died some two or three years ago (the middle thirties) at Mineral Wells, and his family invited me to deliver the funeral oration. . . . Many who did not graduate (at Parker Institute) later became doctors, bankers, lawyers, and several of them I know now are leading stockmen in the West."

Dr. Potts has paid the following tribute to Professor Bennett:

"Of course you will note from what I have stated that Professor Bennett was Parker Institute. The rest of us were simply 'scotching.' He was one of the ablest men naturally I have ever come in contact with. . . . I have never had a better instructor, although of course I have had men who, being specialists, knew more about their particular field than he could have known about so many fields, but he turned apparently with equal facility from his work in Cicero and Ovid to General History or cosmic sections. He was a man of imperious nature and of a very high moral character. He was a religious man, and as the years passed leaned more and more heavily on spiritual things."

Many of the men who were at the head of these private and denominational institutions of that period or who taught in them were of the type of Prof. Bennett, as portrayed by Dr. Sandefer and Dr. Potts.

Still another school which flour-

ished for a time during the latter years of the last century was Simms Female Seminary, situated in Weatherford, with a Rev. Mr. Simms at its head. It was housed in a small frame building. After a few years, a more commodious structure was built and the school was given a more classic name, the Texas Athenaeum. Simms soon left to engage in school work elsewhere, but the work was carried on for several years by such teachers as Prof. R. H. Buck, later of Fort Worth, Rev. Mr. Coleman, and the afore-mentioned B. F. Fronabarger. The old Fronabarger residence in Weatherford still stands, but after leaving this school he did work in various places as a pastor, his last pastorate being of the Baptist Church in Canyon. Upon retiring from the ministry a few years ago he served a couple of terms as county judge of Randall county.

The most noted and successful of all these last-century Parker county educational institutions was the forerunner of the present Methodist institution known as Weatherford College.

In 1868, the Masonic fraternity, much interested in the school business, laid the foundations of Masonic Institute, in Weatherford. It continued to function as a Masonic school until 1884. Its name was then changed to Cleveland College, in honor of Grover Cleveland, the first Democratic President since the Civil War. But in 1889, it was reorganized and given the name of Weatherford College, with D. S. Switzer, M. A., as

president. For thirteen years, Prof. Switzer, who is said to have been one of the foremost educators of Texas, guided the destinies of Weatherford College, resigning in 1902. It had a precarious existence from that time until 1913, when the school was officially adopted by the Central Tex. Conference of the Methodist Church, since which time it has been successfully operated as a church school.

But old Weatherford College turned out from its doors many who afterwards became prominent in the affairs of this state. Among them are the Hon. Fritz Lanham, congressman from the Fort Worth district, Judge James C. Wilson of the Federal District Court of the Western District of Texas, Dean Charles S. Potts of Southern Methodist University, Martin W. Littleton, lawyer, who moved to New York and became famous, and the late President Benedict of the University of Texas.

This school probably never had more than 300 students enrolled at any time, but it evidently did marvelous work.

These are specimens of the hundreds of schools of like character that did business in Texas before the coming of the big state colleges. We are wondering if the well-equipped and state-supported colleges of the present day are really doing a better work than did these poverty-stricken schools of a half-century ago.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that
may appear in the columns of The
News will be gladly corrected when
called to our attention.

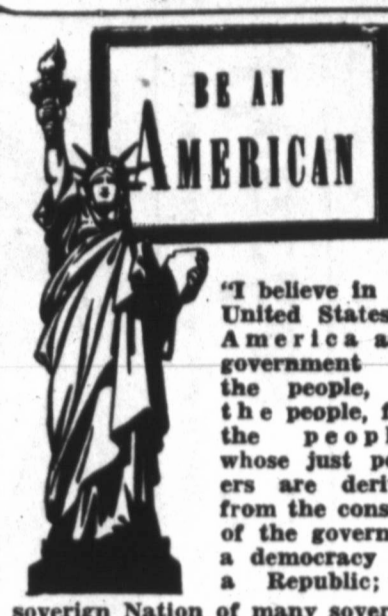

America claims to be a Christian
nation. At least a few times in the
past, when calamity overtook us or
danger was impending, the Presi-
dent of the United States has called
the people to prayer. While we do not
believe that God needs to be impor-
tuned to do right, yet man does need
to be penitent and humble and we
believe that the great Father of us
all does hear the cry of the peni-
tent and of those who trust and wor-
ship Him. Faith in God might be a
better protection to the American
people than all the armies and navies
that we can build. We are in favor
of doing our best and then trusting
God for the rest.

For purely personal reasons if not
for better ones, most of the news-
paper men of the eighteenth dis-
trict supported Deskins Wells, edi-
tor of the Wellington Leader, for
Congressman to succeed Marvin
Jones, who will retire at the end of
his present term. Wells was far in
the lead in the first primary, but
Eugene Worley of Shamrock won by a
substantial majority in the run-off.
Amarillo is being given much credit or
blame, as the case may be, for Wor-
ley's election, yet Worley carried a
vast majority of the 28 counties in
the district. Worley is a young law-
yer and is now serving his third term
in the legislature. Here is hoping
that he proves to be a worthy suc-
cessor of Marvin Jones.

A fifth columnist has no right to
such a fancy name—a traitor and
spy is just the same in any language,
and with death the penalty exacted
in war time, such creatures should
be summarily dealt with right now
wherever found. It has been pretty
well demonstrated during the past
few months that democracies fall
from within, and traitors should
not be tolerated any longer in Ameri-
ca.—McLean News.

Mrs. A. A. Carter and children
Donna Jean and Charles of Paducah
left Tuesday morning for their home
after a week's visit with her brothers
and sisters, the Barrington brothers,
Mrs. Jane Barrington Minor, Mrs.
Frank Henderson, and Mrs. Curtis
Stevens.

"I believe in the
United States of
America as a
government of
the people, by
the people, for
the people;
whose just pow-
ers are derived
from the consent
of the governed;
a democracy in
a Republic; a
sovereign Nation of many sovereign
States; a perfect Union, one and
inseparable; established upon
those principles of freedom, equal-
ity, justice and humanity for
which American patriots sacrific-
ed their lives and fortunes.

"I therefore believe it is my
duty to my Country to love it; to
obey its laws; to respect its flag;
and to defend it against all ene-
mies."—William Tyler Page.

THEY DO READ THE ADS
When your merchant says, "No-
body reads the paper, so why ad-
vertise?" ask him:
1. Why publicity seekers and local
organizations want space in the pa-
per.
2. Why the politicians are so
anxious for the paper's support.
3. Why does the delinquent sub-
scriber squawk when his paper is
dropped, and why do they yell when
they fail to get a weekly edition.
4. Why are residents so anxious to
have their misdeeds kept out of the
paper.—The Ky. Press.

BALCH IS THANKFUL
I want to thank each and every
voter in last Saturday's election, just
as I said when I first started. I said
I would appreciate your vote more
than anybody, and I still say so. I
certainly do appreciate it.
I also want to thank each and ev-
ery individual who said a good word
in my behalf. I ran a clean race, and
I didn't have, in my last days of
campaigning, any new tales to tell.
I will be seeing you later.—J. T.
(Truman) Balch.

Miss Gracie Crouch of Three
Lakes, accompanied by her brother
Kenneth and their cousin, Thurman
Jester, went to Tulsa Saturday and
is spending the week in the home of
her brother Kingston while the
young men returned home Sunday.

**Vegetable Laxative
With Proved Feature**
The punctual, satisfying relief
from constipation and its headaches,
biliousness, bad breath, so often ex-
perienced by users of this laxative,
is mainly due to its combination of
purely vegetable ingredients.
BLACK-DRAUGHT'S principal
ingredient has high medical recog-
nition as an "intestinal tonic-
laxative"; helps impart tone to
lazy bowel muscles.
A little of this spicy, aromatic
product by simple directions at
bedtime, generally allows time for
a good night's rest; acts gently
and thoroughly next morning.
Next time, take time-tested, eco-
nomical BLACK-DRAUGHT.

**Make top-grade Silage from
standing corn with a
John Deere
Ensilage Harvester**

Think of being able to drive a John Deere Ensilage Harvester down a row of standing corn and deliver a wagon or truck load of the grandest silage that a cow ever rolled into a cud.

What a far cry from the old back-breaking method that requires lugging bundles of heavy, wet, green corn to the shocks, pitching the bundles onto wagons, and finally feeding them into the ensilage cutter. Then, too, think what you save on labor—a John Deere Ensilage Harvester cuts your crew in half—and no twine bills to pay.

All you do is drive the tractor—the harvester does the rest—cuts the standing corn into pieces from 3-8 to 5-8 of an inch or from 5-8 to 1 inch, and delivers it into wagon or truck drawn alongside the harvester. Heavy-duty construction. Simple, easy to operate.

If you're feeding silage, you'll certainly be interested in this traveling feed-maker.

Seven Eligible For Farm Purchase

The Lynn County Farm Tenant purchase committee met August 28, in the Farm Security Administration office and selected seven families to secure physical examinations in order to comply with the provisions of the Bankhead-Jones Farm tenant act. Should these families pass the examination they will be instructed to start selecting farms to be purchased.

The families were as follows: Mr. and Mrs. Byron Milliken; Mr. and Mrs. Willie Nieman; Mr. and Mrs. C. L. Murray; Mr. and Mrs. James L. Parks; Mr. and Mrs. D. W. Hancock; Mr. and Mrs. Roy L. Williams and Mr. and Mrs. Sylvester Verkamp.

Buster Owen and family of Altus, Oklahoma, spent Sunday night here in the home of Mr. and Mrs. Carl Owen. The two men are cousins. Mrs. Owen accompanied the visitors back to Oklahoma and is spending this week with her mother at Frederick in that state.

Mr. and Mrs. H. B. McCord and son, H. B. Jr., returned Saturday from a week's outing at Ruidoso. H. B. says that grass is fine from Brownfield west and cattle are fat.

Mr. and Mrs. Irvin Stewart were called to Brownwood Wednesday morning on account of the illness of his mother.

Mutt Sessums Is Determined To Make Name As Fighter

Mutt Sessums, who recently turned professional as a pugilist and was beaten down in his first pro fight at the Lubbock Sportarena by his opponent Frisco Linda of Fort Worth. Mutt even though his ambition was very high to be a pro boxer was nipped in the bud. But he is determined to make good.

Sessums was never knocked off his feet while boxing as an amateur fighter, but it was a different story when he left the ring after his first pro fight with Linda.

Sessums went into training and has been training hard since his first pro fight and he seems to be in a much better condition than he was when he met Linda at the Sportarena.

Maybe he will be matched again soon with someone on a preliminary bout, and with the determination of making good and the "guts" he has we will bet he will win his next pro fight.

THANK FRIENDS

We want to thank our many friends and neighbors for the kindness shown by the contribution we received last week.—Mr. and Mrs. W. H. Burden.

Mr. and Mrs. Claude Wells and daughters, Barbara and Mrs. Britt Kemp and Mr. Kemp of Lubbock have returned from a week of fishing and recreation at Brownwood and Christoval.

—ODONNELL NEWS—

O'DONNELL GETS FIRST BALE OF SEASON

Living up to the word "hurry" paid dividends to M. C. Cox, Okay community farmer, Wednesday when he realized a nice premium for bringing the first bale of cotton to O'Donnell from the 1940 crop.

A premium of approximately \$75 had been raised from business men and individuals.

Shack Blocker, local groceryman, upped the price when he bid in the bale at 20½ cents per pound.

The bale weighed 410 pounds.

HALL WINS MARKSMANSHIP CITIZENS TRAINING CAMP

By scoring 59 points out of a possible 75, Jesse Nolan Hall, who has just returned from the Lawton, Oklahoma, CMTCC, was awarded a first prize medal in marksmanship.

Young Hall also captured other medal honors when his fast-flying feet carried him to victory in track events in the 440-yard race and the mile relay.

This is the first year for Hall, and by attending three more years he would become eligible for a Second Lieutenant's commission.

He is the son of Mr. and Mrs. Oscar Hall.

Fair?—It's Cool

It's cool on Treasure Island, and an Exposition showgirl displays the 1940 Golden Gate International Exposition's new summer poster as she sits atop a cake of ice. The poster has been widely acclaimed in the warmer regions of the United States where it has been put on display in hotels and travel bureaus, railroad stations and other centers of attraction.

FIRE AT MULLINS SHOP

Fire broke out in Mullins' tin shop Saturday night, and the fire department was called out. The blaze was extinguished, however, by Walthal Littlepage with a bucket of water before the fire boys had time to get there.

Mr. and Mrs. Randolph Rutherford of Cobb's Department Store are away on their vacation.

Miss Addie Ruth Fulkerson of Lamesa is spending the week with Miss Dorothy Virginia Fulkerson.

BAPTIST REVIVAL AT EDITH

Rev. J. B. McManis reports that the meeting being conducted at the Edith schoolhouse by Rev. W. K. Horn is attracting good interest and that there have been 8 conversions and eight members added to the church since the meeting started last Friday night.

There is much to be done in the remaining days of the revival campaign, which will close Sunday night. He invites the interest and the prayers of all Christian people of the community, and urges that you attend the remaining services.

THANK YOU, FOLKS!

We wish to thank the folks who helped remove the furniture from our burning home. We also appreciate the effort made by the fire-boys in their unselfish attempt to wet water to the house in time to save it. We understand that conditions beyond their control interfered with their usual efficiency.—Mr. and Mrs. Daniel Davis.

Mr. and Mrs. E. D. Ellis of Erick, Oklahoma, were guests in the home of Mrs. E. I. Hill and the editor Wednesday, Mrs. Ellis and Mrs. Hill being cousins. Mr. Ellis, who is a lawyer by profession, spent his vacation by teaching a singing school at New Lynn the past few weeks.

Dan Davis Home Burned Monday

The home of Mr. and Mrs. Daniel Davis was completely destroyed by fire of unknown origin shortly before noon Monday. It has not even been determined just where the fire started.

No one was at home at the time. Mr. Davis himself was in Crosbyton while his wife was at work in the county health office in the court-house.

Mr. and Mrs. Jack Davis and little son, not related to Daniel, also occupied a part of the building, but they were away from home too, though Jack had come by the house at about nine o'clock, it is said. He is engaged in the life insurance business.

The fire was well advanced when the volunteer fire department arrived. When they hooked onto the first fire plug they found that it had been broken underground and was not usable. Traffic was so heavy as to block the use of the

second, and when they attached the hose to a third one they found that it would not reach the fire. By the time water was gotten onto the fire, the house was practically destroyed. Most of the furniture had been saved, however.

This house was a well-built structure, having been constructed and occupied as a home by the late John Hickerson. Mr. Davis carried \$1,500 insurance on the building and \$500.00 on the furniture.

This is the first house that has been destroyed by fire in Tahoka in many months.

Norris Mitchell of Greenville, Hunt county, spent last week end here visiting his uncle, L. O. Mitchell, and family. He will enroll in Texas Tech this fall.

WYATT - YOUNG

Miss Leta Frances Wyatt was married to Richard Young at the home of her parents, Mr. and Mrs. N. M. Wyatt, Sunday morning, August 25, at 8:30 o'clock.

Rev. G. E. Turrentine read the impressive double ring ceremony. The couple stood before a huge basket of garden flowers, and bouquets of roses helped to carry out appointments of pink and white.

The bride wore a soldier-blue costume suit with black accessories. She wore a corsage of pink rosebuds. For something borrowed, she wore a pen that belonged to her aunt; for something old, she wore a necklace that was a marriage-gift of Mrs. S. H. Holland.

Guests, besides the immediate family, included Mr. and Mrs. F. A. Wyatt, uncle and aunt of the bride, Mr. and Mrs. Preston Buchanan, Miss Dorothy Holland, all of Tahoka, and Harvey Johnson of Seagraves.

Mrs. Young is a graduate of Tahoka high school having finished with the class of 1940.

Mr. Young finished Anson high school in 1938 and came to Tahoka with his brother, Mr. Roy Young. He has been employed since that time with the Piggly Wiggly grocery store.

The couple left immediately for a short trip to New Mexico. They are at home at E. S. Davis' apartment.

Miss Gaynelle McCormick of Lubbock has been visiting this week with Miss Bobbye June McCormick of New Home.

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

Industry Ready to "Keep 'em Rolling" for Defense

Graphic illustration of the way in which one of America's greatest industries gears its activities with the United States Army for national defense is found at Little Falls, Minn., where the greatest peacetime maneuvers in the history of the country are being held Aug. 3-Aug. 24. To "keep them rolling," Chevrolet, one of the largest suppliers of motor transport equipment to the nation's armed forces, has set up through one of its dealers, the Bert Baston Motor Co., of Minneapolis, a complete parts and service headquarters in the military reservation at Little Falls. More than \$10,000 worth of parts is maintained at this depot, where three service representatives are on duty 24 hours daily to service Chevrolet equipment in use. The 85,000 troops in actual combat maneuvers will use 1,180 Chevrolet transport units, including officers' cars, reconnaissance cars, hundreds of trucks adapted to special uses, and military ambulances. Upper left in the photo shows army transport crewmen servicing an ambulance. Upper right is the Chevrolet parts and service headquarters tent, where service experts are always on duty. Lower left is Lieut.-Col. R. F. Rossberg, of the Minnesota National Guard Quartermaster Corps. At lower center, an officers' car used by the major-general in command of the Little Falls encampment is being serviced. Lower right is an interior view of the Chevrolet parts tent, showing completeness of stock.

**MISS DIMPLE HANCOCK
WEDS SCHOOL MAN**

Miss Dimple Hancock of this city, member of a pioneer West Texas family, and Mr. Warren Berzett of Gail, were married here Sunday afternoon at 5 o'clock in the family home on North Small street with the Rev. J. H. Crawford, pastor of the First Methodist Church, officiating in the single ring ceremony.

The bride is the daughter of Mrs. W. W. Hancock. Mr. Berzett is the son of Mrs. Lillian Berzett of Emery. The ceremony was read before an

improvised arch made of snapdragons, roses, asters and Peruvian Lilies, lighted by white tapers in crystal candelabra.

Wedding music was given by Miss Emma Jo Hinkle. Miss Florence Gay sang "I Love You Truly," (Bond), and "O, Promise Me," (DeKoven), accompanied by Miss Hinkle.

The bride, who was given in marriage by her brother, W. E. Hancock of Chillicothe, was attractively gowned in a velvet frock of soldier blue with fitted bodice and rows of ecru lace formed the collar and cuffs. Sycamore brown accessories and a small veiled hat of soldier blue were worn. Her corsage was of Tailsman roses.

For "something old," the bride carried a point lace handkerchief that her mother had also carried at her own wedding, and for "something borrowed" she wore a strand of pearls belonging to her cousin and maid of honor, Miss Janice Gaither of Strawn.

Miss Gaither wore a black velvet suit with white lace blouse, and black and white accessories. Her corsage was of variegated gladiolas.

Don Gaither of Lubbock served as best man.

Mrs. Hancock wore a navy and white dress with an amarillys corsage, while the bridegroom's mother, Mrs. Berzett, wore a printed dress with a corsage of amarillys.

A reception was held immediately after the ceremony. The table was covered with an antique lace cloth and centered with a three-tiered cake topped with a miniature bride and bridegroom under an archway of roses and wedding bells. The

bride cut the first piece of cake. Guests were served punch with cake by Mrs. Homer Hancock, sister-in-law of the bride. Mrs. Hancock also presided over the guest registry. The bride was graduated from the Hale Center high school and attended T. W. C. at Denton. Later she attended a business school in Los Angeles, where she was later employed before returning here last spring.

Mr. Berzett was reared in Emery attended the schools there. He possesses a B. S. degree from East Texas State. He is superintendent of the Gail schools.

The couple left for a short trip and after September 1 will be at home in Gail.

T. W. Johnson says that when he was visiting in Arkansas recently he found the crops to be very fine, corn, cotton, and garden truck galore. Fruit was fine also. He was accompanied on the trip by his wife and a nephew, H. W. Johnson of Hobbs, New Mexico, his wife, and two children.

NYA QUOTA

J. C. Kellam, State Administrator, this week advised Mrs. L. M. Tunnell, County School Superintendent, that Lynn County's quota of NYA school aid jobs for the 1940-41 school year had been set at 29 for white schools and one for colored schools. The State Administrator said this quota was based on the county's relative youth population and its particular need for NYA school aid jobs.

The local NYA County Placement Committee met Saturday for the purpose of distributing NYA jobs to the schools within the county. Forms have been mailed to schools recommended by the committee and approved for participation in the program. The school aid program will operate throughout the next school year in much the same manner as it did last year, with only a few minor changes in administration and regulations.

Figured on the basis of about 125 scholastics per job, the following NYA positions are available:

Grassland 1, Newmoore 1, New Home 4, New Lynn 1, Tahoka 6 whites and 1 negro, Draw 2, Wilson 4, O'Donnell 5, T-Bar 1. Other schools could not qualify for NYA aid.

The quota of NYA school aid jobs for the entire state was placed at 12,546. This is an increase of approximately on third over last year's quota, and the State NYA Administrator estimated that some 20-thousand students in Texas secondary schools are enabled to continue their education this year through operation of the school aid program.

Mr. and Mrs. E. O. Smith of Magnolia, Miss., visited Mr. and Mrs. P. A. Nowlin from Thursday over the week-end, leaving Monday for California. Mr. Smith is an employee of the Chicago Central Railway. Mrs. Smith and Mrs. Nowlin were room mates at Mary Hardin Baylor College twelve years ago, and this was their first meeting since that year.

Mrs. Grace Thompson Dyess, daughter of Mr. and Mrs. Joe Thompson, left Friday for Caldwell where she accepted a position as District N. Y. A. Supervisor, beginning her work Sunday. She will be in charge of a cooperative home where some 30 to 36 girls will live who are in training in the various courses offered them.

A. T. Grace and family of Moran are here visiting his daughter and family, Mr. and Mrs. Ray Forrester and children, residing near Wilson. Mr. Grace reports fine crops down in his section of the state and says that trench silos for the preservation of green feeds have become very popular in his vicinity.

BROTHER-IN-LAW OF JOHN DONALDSON DIES

John Donaldson on Wednesday afternoon received a telephone call from a niece residing in Lubbock advising that her father, John C. Reynolds of Moody, who was visiting relatives at Long Beach, California, had died in that city Tuesday night. Mr. Reynolds was a brother-in-law of Mr. Donaldson, his wife being Mr. Donaldson's sister.

The body was to be shipped back to Moody for burial, it was expected that funeral services would be held next Sunday.

Mr. Reynolds, who was between 70 and 75 years of age, had been connected with The First National Bank at Moody for nearly fifty years, most of the time as its president. For many years he had been one of the most prominent and influential citizens of McLennan county. He was widely known in banking and business circles in this state. He has visited in Tahoka a number of times.

Mr. Donaldson stated Wednesday afternoon that he hoped to be able to attend the funeral.

Edler

Drennon's Notes

A few more notes because of the kind things said to me by one of my friends.

I was amused by an elderly lady a few days ago. A friend introduced her to me and a look of disappointment came over her face. I think she expected to see a big bad man, from what she said of my tilts with Editor Hill. I told her we were the best of friends and that I was only doing it for his good. She acted like I should pour it on him some more but I guess I will wait until he kicks over the traces and treats Brother O'Daniel bad again.

I was made to feel very sorry for one of my friends who got beat in the election last Saturday. He had put everything he had into the campaign and lost and it sure did hurt him. I got a great lesson from it and that is to be able to take defeat as well as victory. How many in life do very well when success is perched upon their banner, but I think the real test of life is, "How did you take defeat?" It is good to know that all great generals have lost some battles, some poets have written poems that have never been published, and that one or two defeats does not mean failure.

Brother Adams, who was in a meeting with us last week, preached one day on "It Can Be Done." He said that "forces from without can not defeat us but within us is where permanent defeat lies," and I heartily agree with him.

I guess I will be leaving good old Lynn county next week. I will move to Fort Sumner, New Mexico, if the Lord wills.

After living in dear old Texas for fifty-eight years, I did not feel at home the few days I spent in New Mexico last week. It seems different, and what a thrill wife and I got when we crossed the Texas line on the way home. The sun shone brighter and the song "Beautiful Texas" seemed to express our sentiment even if it was written by our governor, and I think it ought to be our state song.

Our meeting last week conducted by Brother James W. Adams resulted in nine answering the gospel call, three to be baptized and six to return to their first love. Brother Adams was a strong preacher and I enjoyed his lessons very much.

Yours for more people who will give to the Lord according to their means instead of according to their meanness.—R. P. Drennon.

Mrs. John Beard, who was brought home from a Lubbock hospital last Saturday following a major operation several days before, is now said to be suffering from phlebitis, which developed after her return home.

Hunt Will Defend Title Monday Night

Two state heavyweight titles will be at stake when Babe Hunt, Texas Heavyweight title holder, meets George Vallas, Mississippi state crown-wearer, in a fifteen-round fight at Lubbock's Sportarena Monday, September 1.

Vallas is the big Greek who handed Hunt a technical knockout in the first round of their semi-final event on the Max Beer-Babe Ritchie show last fall. Since that time, he has added the Mississippi title to his list of laurels, and, according to reports, has successfully defended his title against some of the toughest boys in the entire South. Vallas was signed to take on Hunt only after ten days of dickering by promoter Pup Thomas. Thomas has stated that only the finest and most capable fighters will be brought to Lubbock to fight Hunt.

Hunt arrived in Lubbock from a short vacation after his fight with Babe Ritchie in time to sign for the title bout, and added as he signed, "I am in the best condition that I've ever been in during my entire fighting career, but I'm starting training at once, so I can wipe Vallas' previous defeat from my record." Vallas is scheduled to arrive in Lubbock about four days before the fight to wind up his training.

Another heavyweight fight will be on the card as an eight-round semi-final event. Woody Linn, six-foot, five-inch, 193 pounder from Fort Worth will meet a Colorado miner, Dutch Dohner, six-foot, three-inch 190 pound fighter. Linn was the champion of Randolph Field where he recently won his wings in Uncle Sam's Flying cadets. He took on tough competition at the San Antonio Flying center and has a win over the 1939 Golden Gloves champion, Slugger Martin.

Dohner has had twenty-six professional bouts and has won fourteen by knockouts, five by decisions and has lost seven. The Dutchman recently put on a one man blitzkrieg against Cyclone Lynch, present Colorado crown wearer, and came out the winner.

Also on the preliminary card will be Sonny Smyer, blond slugger from Lorenzo, and Nick Santos, Ft. Worth fighter. These boys have met in the ring twice, with Santos winning the first via a KO and Smyer getting a decision on their last last meeting. Other preliminaries will be announced later this week by promoter Pup Thomas.

Tickets are on sale at 1011 Main street, Lubbock at the usual prices. Ringsides are \$1.65. Reserved seats meeting. Other preliminaries will be .75 cents.

**Girls Are Advised To
Build-Up For Relief**

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!
Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.
Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

**Garnett Family
In Car Wreck**

Elder W. T. Garnett, wife, and daughter, Miss Lodema, former residents of Lynn county, figured in a car wreck in which they sustained serious injuries on the highway two miles north of Levelland on Tuesday night of last week, according to L. C. Johnson and other friends of the family.

The Garnetts, who now reside about fifteen miles northeast of Levelland, were returning home from church services at Levelland, and a car cut into the highway from a side road just ahead of them. They undertook to pass this car, which was driven by a 16-year-old boy, when the driver again turned to the left in front of him to take another side road. Garnett's car was forced into the ditch and overturned.

Mr. Garnett himself was not seriously injured, but Mrs. Garnett suffered a fracture of the cheek bone, an injury to one eye, and severe bruises on the arms and shoulders. Miss Lodema, 18, sustained a fracture of the lower jaw bone at the chin and a severe cut just under the chin.

The injured were taken to the Phillips-Dupre hospital in Levelland where their wounds were treated. The patients were able to return to their home the next day.

ENLISTMENTS IN U. S. NAVAL RESERVE BEING ACCEPTED

As a part of National Defense plans, ex-navy men, up to the age of 50 years, are now being enlisted in Class V-6 U. S. Naval Reserve and in rating held at time of discharge from the navy, except where manner of their employment since separation from the naval service has qualified such men for higher rating.

Men with no previous naval service but especially qualified in seamanship or trades used in the navy are also desired for enlistment in Class V-6 Naval Reserve. Age limits are from 17 to 50 years. Married men will be enlisted only if qualified to fill higher ratings.

Enlistment in Class V-6 Naval Reserve carries with it no compulsory obligations to perform drills or training duty as, by law, no member of the Volunteer Naval Reserve can be ordered to active duty without his own consent, except during war or national emergency. They are simply recruits whose induction into the service has been completed. Restrictions upon them in peace time are actually no greater than if they were on a waiting list.

All applications for enlistment in the Naval Reserve should be made at Room 431 Post Office Bldg., Dallas, Texas.

Applications for enlistment in the regular navy (age limits 18 to 31, unmarried men only) should be made to nearest navy recruiting stations, located in Texas at Dallas, Ft. Worth, Marshall, Abilene, Waco and Wichita Falls; and in Oklahoma at Ardmore, Oklahoma City, Tulsa and Enid.

BOB HAYMES VISITS TAHOKA

R. B. (Bob) Haymes, editor of the Miami Chief and former editor of The Lynn County News, was a brief visitor in Tahoka Monday morning, making a fraternal call at the News office.

Mr. Haymes had accompanied his daughter, Miss Jaunita, to Seagraves; where she will teach music during the ensuing term of the public school.

Mr. Haymes and family were residents of Tahoka for six or seven years, during which time he and Mrs. Haymes published the News. They had many friends here who are always glad to see or hear of them. Friends will also regret to learn that Mrs. Haymes father, C. J. Hargis, who resided with them here, died of a heart attack at the home of a son at Greely, Missouri, on August 6. He was 82 years old and apparently had been in good health until a short time before his death.

While here Mr. Hargis carried the mail from the depot to the post office and vice versa. He also delivered groceries for the grocers here at that time. He too had many friends here.

Senator G. H. Nelson and family of Lubbock were here last Sunday visiting friends.

ELDER DRENNON GOES TO FORT SUMNER

Our good friend Elder R. F. Drennon made a pleasant call at the News office Monday and informed us that immediately after the first of September he would remove to Fort Sumner, New Mexico, where he will serve as minister of the Church of Christ there.

Elder Drennon served as minister for the Church here for several years and accepted work at O'Donnell about three years ago. During most of this time he has been contributing to the columns of the News and many readers have enjoyed his communications. He has promised to send us a few notes from Fort Sumner occasionally.

Elder and Mrs. Drennon have hosts of friends in this county who will regret their removal.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lynn County,

Greeting:

YOU ARE HEREBY COMMANDED to summon W. E. Perry by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the fourth Monday in September, A. D. 1940, the same being the 23rd day of September, A. D. 1940 then and there to answer a petition filed in said Court on the 10th day of August, A. D. 1940, in a suit, numbered on the docket of said Court as No. 1346, wherein Corene Perry is Plaintiff, and W. E. Perry is Defendant, and said petition alleging that plaintiff resides in Lynn county, Texas and that plaintiff and defendant were married May 7th, 1929 in Aspermont, Texas and separated August 16th, 1929; that plaintiff has resided in Texas for more than one year and in Lynn county for more than six months before filing her petition herein. Plaintiff alleges that defendant did, on or about the 16th day of August, 1929, without any provocation or cause whatever, leave and abandon plaintiff with the intention of finally separating and living apart from her, and has continued so to do up to the filing of plaintiff's petition, though often requested by petitioner to return and live with her as her husband, and that such abandonment has endured over three years; Plaintiff further says that defendant left her on or about the 16th day of August, 1929, and they have since lived a-

part without cohabitation for over ten years before the filing of this suit.

Plaintiff says that as issue of such marriage one child was born and is now living with plaintiff, namely Mary Eloise Perry, a girl ten years of age; that defendant is not a proper person to rear, educate and train said child and that custody of said child should be awarded to plaintiff. Plaintiff prays that defendant be cited herein by publication, that his residence is unknown to plaintiff; that upon trial of this case she have judgment of divorce and that she further have judgment awarding her the care, custody, control and education of said child, for such other and further relief, in law or in equity, with costs of suit.

Woman Killed . . .

Continued from Page 1
The body was taken to the Harris Funeral Home here following the wreck and prepared for burial. The parents, who reside at Gainesville, accompanied a hearse here from that city on Tuesday and the body was taken to that city Tuesday night for burial.

Queen was brought to the office of a local physician for treatment, following which he was sent to a hotel here to await the arrival of relatives or friends. Later in the morning he was taken to a hospital in Big Spring.

Queen, 32, an automobile dealer, stated that Miss Tillman was driving, when the car struck a soft shoulder on the right side of the highway, coming south. She turned it quickly back onto the highway and it shot clear across and struck the soft shoulder on the left side of the highway, when she whirled it back onto the highway a second time it began turning over. Hessed that discovering her peril he tried to grab the wheel and steady the car but it was too late.

Relatives of the young woman stated that she had recently gone to Gainesville to visit her parents and apparently was returning home. A telegram from her parents found in her purse seemed to give some corroboration to this theory. Evidence at the inquest held by Justice Jim Dye indicated that she was engaged to be married, it is said.

The car must have been coming at a terrific speed when the accident occurred, for testimony was given at the inquest that marks on the ground indicated that it leaped 50 feet when it left the ground before striking the earth again.

A light shower had fallen, and Mr. Queen stated to a representative of the News that the pavement was very slick.

Dr. Prohl, who examined the body of the dead woman, testified that the skull had been badly fractured, both legs broken, one of the ankles badly mangled, and many lacerations and bruises had been inflicted on various parts of the body.

Cade, Weathers receiving 1871 votes and Cade 1559.

B. L. Parker won the sheriff's race by a majority of 491 votes. He received 1961 votes and Tom Hale 1470.

Chester Connolly was an easy winner for county judge. His vote was 2276 to 1102 for Judge Goad. In commissioner's precinct 1 W. O. Henderson ran 47 votes ahead of T. H. Basinger, the vote being 629 to 582.

In precinct 2, Lonnie Williams defeated Sam Holland, incumbent, by 88 votes, the figures being 483 for Williams and 395 for Holland.

In precinct 4, Leon Jennings outdistanced Truman Balch by 49 votes; Jennings 321, Balch 272.

In precinct 3, there were only two candidates in the first primary, and the incumbent, Waldo McLaurin, nosed out John Anderson by a few votes.

In north Tahoka there was a close vote for precinct chairman, Prentice Walker receiving 279 votes to J. W. Elliott's 263.

Thus there will be a new county judge and three new members of the commissioners court after January 1.

As in the state at large, Olin Culberson was a favorite also in Lynn county for railroad commissioner, receiving 1951 votes to 1409 for Pierce Brooks.

For some reason, many of the voters evidently left the names of both candidates for Chief Justice of the Supreme Court unscratched. Only 3169 votes were reported in this contest. Lattimore was a favorite in this county, though he lost out in the state. He received 1953 votes against 1216 for Alexander.

District Attorney Race
In the race for district attorney, Rollin McCord carried this county by a vote of considerably more than two to one. His vote was 2331 against 1026 for Burton Hackney.

Complete unofficial returns from the six counties of the district gave McCord a majority of 1466 votes. The returns are as follows.

COUNTY	Mc-Cord	Hackney

NOTICE !

Recently, we have had a fine registered bull shot and crippled by hunters; also, a fine registered cow shot and crippled badly. We have also had a Jersey milk cow shot and killed and another one shot but not killed, by hunters on the place or shooting onto the place from the road.

It is as much a violation of the law to shoot on to a person's land from the road or highway as it is to go on to the lands and hunt. Hunters along the highway shooting on to our lands with high-powered 22 rifles and other guns have caused this damage. We have repeatedly warned our friends and neighbors about shooting across the place, and on as many as two occasions rifle bullets have fallen near me while riding around the place.

Since my would-be friends do not heed the caution and warning, this is to give all of you notice that if found shooting on to, or across, any of our lands, or hunting along the highways adjacent thereto, complaint will be filed against them, and I intend to file complaint against everyone, regardless of who he is, for hunting on, or shooting on or across Mrs. Garrard's pastures or farm. I would be just as dead if shot accidentally and so are my cows, as if shot on purpose.

TOM GARRARD 3-2fc.

Bankhead-Jones Act Is Explained

Fifteen families in Lynn county met in the county court room of the court house August 27, for the purpose of gaining information in regard to the Bankhead-Jones Farm Tenant Act.

The meeting was conducted by Jack Welch, County Supervisor of the Farm Security Administration, assisted by Argen Hix, County Home Management Supervisor.

Others attending the meeting were B. J. Emanuel; S. L. Williams, and R. J. Maeker, County Committeemen, also Mrs. Ester Call, Regional Chief of Home Management, Homer Robbins, Regional Chief of Tenant Purchase, both of Amarillo; Marvin Wilson, District Supervisor, and Mrs. Juanita Butler, District HM Supervisor, both of Lubbock.

Mr. and Mrs. Claude Wells and their daughter and son-in-law, Mr. and Mrs. E. B. Kemp of Lubbock, returned Saturday night from a week's visit with relatives at Brownwood, Brady, and San Angelo. Claud reports that crops are fine in that section of the state, especially feed crops. He says he did some successful fishing also while on the trip.

Mr. and Mrs. W. H. Fulkerson and two small sons went to Cisco Monday for a short visit with her mother. They found lots of melons and fruits in that country, but the weather was almost too hot for comfort they thought. They returned Wednesday.

THANKS...

I want to thank all you good people of Commissioner Precinct No. 2 for what you did for me last Saturday.

I will try to show my appreciation by giving the best service possible.
