Man Robs Postoffice To Get In The Pen

Cripple In Jail On Federal Charge Result Of Crime

A man who had been noticed hanging around town Friday broke into the post office here about seven o'clock or a little later that night, according to a confession he made to officers when questioned. Seven letters taken from the post office were found in his possession.

T. Cowan saw the man coming out of the post office. He notified Deputy Sheriff Sam Price and when Price questioned the man he confessed that he was guilty. He had effected an entrance by breaking the glass out of the front door and climbing through into the lobby. Then he broke the glass out of the door that leads from the lobby into the inside and there proceeded to rifle the mail.

The man gave his name as Presley Van Zandt. He is about 30 years of age and has a crippled leg, the same having been broken in a car accident four years ago, it is said. He admitted having served a term in the state penitentiary, according to Postmaster W. E. (Happy) Smith.

He was placed in jail and held for federal authorities, and a U. S. deputy marshal came down from Lubbock Wednesday and conveyed the prisoner to Lubbock. His offense will be presented to a Federal Grand Jury.

Mrs. Turner Is Death Victim

Another victim of Sudden Death unannounced and unexpected, was Mrs. D. W. Turner of Grassland, 69, who died early Sunday afternoon shortly after she was stricken with an attack of heart trouble.

Mr. and Mrs. Turner had been sitting in the shade in their back yard reading the Bible, when Mrs. Turner complained of feeling weak. He took her into the house and placed her on a cot but had scarcely completed the task before she had breathed her last.

Mrs. Turner had been in bad health for some time but death at this particular time came as a great surprise.

Funeral services were conducted at 2 o'clock Monday afternoon in the Church of Christ at Grassland, Elder W. T. Garnett of Levelland, assisted by Elder Paul Southern of Abilene, now preaching in a meeting here, officiating.

The remains were buried in the Grassland Cemetery.

Besides her husband, Mrs. Turner is survived by two sons, Monroe and Hy Turner of Grassland, and three married daughters residing in the Panhandle, all of whom were here for the funeral.

Mrs. Turner had been a resident of this county for many years and had numerous friends who regretted her sudden departure.

Taylor White Wins Legislative Race

Many friends here have been expressing great satisfaction over the election of Taylor White as Representative in the legislature from the Odessa-Midland district. He defeated James Goodman of Midland, incumbent, by not less than 1,000 majority in the election of August 24.

For four or five years, Taylor White was teacher of vocational agriculture in the Tahoka high school. He moved to Odessa seven or eight years ago, where he held a similar position in the school there for two or three years, and then entered the insurance field.

Goodman is a lawyer and practiced his profession for several years in Lubbock.

Mrs. Elliott On State Committee

Mrs. J. W. Elliott has been notified of her appointment by Chairman Myron G. Blaylock as a member of the state advisory committee to promote the election of the National Democratic ticket in November. One of the duties of this committee will be the raising of funds for the national campaign.

Among other members of the committee are such notables as Elliott Roosevelt, Amos G. Carter, Karl Crowley, Mark McGee, Mayor Tom Miller of Austin, and many others.

Committees for the respective congressional districts have also been named. Tom Garrard of Tahoka was made chairman of the committee for the 19th congressional district.

Visiting Woman Dies Suddenly

Wholly unexpected was the sudden death at 4 o'clock last Saturday afternoon of Mrs. Pernell Emaline (Gattis) Rutherford of Cottonwood, Callahan county, at the home of her daughter, Mrs. R. L. Richardson, here, resulting from an attack of heart trouble.

Mrs. Rutherford had been visiting here just a few days and apparently had been in the best of health and spirits. She spent Thursday in Lubbock with friends and expressed herself as having had a wonderful time. Friday night she was a little unwell but little was thought about it, but on Saturday morning a physician was called, who diagnosed her case as high blood pressure and heart trouble.

In the afternoon she suffered a painful attack but was talking and still cheerful when her daughter-in-law, Mrs. Osa Gattis, started to raise her up. Suddenly she became limp and was soon discovered to be lifeless.

The body was prepared for burial (Continued on last Page)

Hanes Seeks More Aid For School

Supt. W. T. Hanes returned last Saturday from Austin, where he went with a group of West Texas school men to confer with Senator Olin R. Van Zandt of the Legislative Advisory Committee, the State Department of Education, and the Attorney General in regard to transportation funds theoretically due this district from the state.

Sen. Van Zandt and possibly the Attorney General will hold that Tahoka is among those entitled to more funds under the rural aid law, it is said. Tahoka and twelve other schools in Texas have been excluded from receiving aid for transportation of students living within its own district by an interpretation of the law by the State Department.

Hanes felt certain that the matter would be worked out to Tahoka's interest. He claims Tahoka is due between \$600 and \$700.

Man Is Killed In Melon Patch

W. E. Kirkland, 22, was shot and killed by W. W. Williams on the latter's farm just over the county line in Terry county a few miles west of Newmoore last Friday night. Williams surrendered to officers of Terry county and was placed under a bond of \$750.00, which he readily made.

At an inquest held by Terry county officials following the shooting, evidence was adduced that Williams had secreted himself in his watermelon patch armed with a shotgun. While thus concealed, Kirkland and his brother drove up in a car or pickup and entered the patch. Williams stepped out from his place of concealment a few yards away and fired one shot, which took effect in Kirkland's chest. It was said that he fell with a melon in his arms.

Williams then assisted Kirkland in placing the wounded man in a car and he was taken to a small house just on this side of the county line, where he died a few minutes after the shooting.

Watermelons was one of the chief crops which Williams was raising on his farm, having about 80 acres devoted to this crop. He had been missing melons from his patch and had complained to officers about it, it is said. Sheriff B. L. Parker of this county had talked with the Kirkland brothers about rumors as to their illegal operations, warning them to desist, about a week before the shooting occurred, he states.

The body of the dead man was buried in the cemetery at Draw Saturday, Kirkland having previously resided in that vicinity.

Minor Plays In All-Star Game

Max Minor, former Thoka football star, was a member of the West team in the all-star Market Temple Shrine game at Wichita Falls Labor Day which lost to the North team 15 to 6.

Minor, playing at half, is said to have starred as much as anyone on the West team, but did not get much opportunity to show his stuff. On one occasion, Minor intercepted a North lateral pass and ran it back about 40 yards.

Asst. Coach Blair Cherry of the University of Texas coached the West team, and Coach Matty Bell of S. M. U. coached the North team.

The game was witnessed by his father, John Minor, brother, A. J. Minor, H. A. Maassen, Billy Hill, and Miss Hazel Thomas.

Max is visiting home folks this week, but will go to Austin soon to enter the University of Texas. He and James, who will also enter the University for post graduate work toward a law degree, have been working at Palestine this summer.

New Men Improve Football Prospects

Public Scrimmage Session Scheduled Tonight At Eight

Tahoka Bulldog stock took a sharp rise Monday afternoon when 32 candidates for the 1940 team turned out for training under Coaches Leo Jackson and Hope Haynes. The squad includes nine lettermen, three squadmen from last year, seven or eight boys advancing from the junior to the senior squad, and twelve new boys who are coming in from the rural schools. Furthermore, the squad is heavier and competition will likely be stronger for team places than in many years. Jackson hopes to have two good men for every position on the team.

Fans will get an opportunity to see the Bulldogs scrimmage tonight, Friday, at 8 o'clock. Coach Jackson tries to make an effort to get a scrimmage with either Ropes or Canadian, from away up on the North Plains, and if these efforts fail he will stage an inter-squad scrimmage. No admission will be charged.

Lettermen out for this year's team are Earl Adams, fullback; Jo Lehman and Roy Botkin, halfbacks; Truman Hines, center; Hoss West and Jake King, ends; A. G. Deason, tackle; Pug Parke; and Kelly King, guards. Other squadmen, out are Raymond Knight, Jerry Noble and Jasper Nixon.

Take Precautions Against Typhoid

W. O. "Shorty" Baker, who has been suffering from typhoid fever for the past three or four weeks at his home in East Tahoka, is said to be now recovering satisfactorily.

Mrs. Grace Davis, county health nurse, reports that many people are now being immunized against typhoid in this county. There were 220 immunizations completed or begun last month, she states, 148 of these taking their first shots on last Saturday, the last day of the month. Thirty-seven others who had taken one or more previous "shots" Saturday, making 185 all together on that day.

No Extension Of Worm Quarantine

Recently the pink boll worm quarantine sign was removed from a point where highway No. 390 crosses the Lynn-Terry county line to a point on said highway this side of the new Joe Thompson Gin situated a mile and a half this side of the county line.

This caused farmers living within Lynn county but west of the sign to conclude that they had been included in the quarantine area, which was resulting in considerable confusion and dissatisfaction. Business men in Tahoka were also displeased with the situation.

In order that the matter might be cleared up, Mr. O. L. Walton of the Plant Control Quarantine Department, of Brownfield, came to Tahoka Tuesday afternoon and met with a small group of business men and made a detailed statement to them with reference to the whole matter.

Mr. Walton stated that recently Mr. Thompson had made application for a permit to gin Terry county cotton, Terry county being in quarantine (Continued on last Page)

Service Stations Change Operators

Two service station changes were made early this week, when Deck Dunagan succeeded E. S. Evans as operator of the Gulf station at the intersection of the two highways, and I. L. Chandler of Grassland succeeded Dunagan as operator of the Texaco Super Service Station one block north of the highway intersection.

Mr. Chandler was formerly Texaco agent at Post, but has been a resident of this county 14 years, owning a farm in the Grassland community. He is married and has two children, Tommie Ruth and Charles.

Deck Dunagan has been connected with service stations here for a number of years.

Defense Official Hickerson Relative

John D. "Jack" Hickerson, recently appointed to the U.S.-Canadian defense board, is a nephew of G. W. Hickerson, prominent Lynn county farmer residing in the Three Lakes community.

Mr. Hickerson has been in the government service for a number of years, and at one time held a vice-consul position. He is a member of a pioneer Texas family, was born at Crawford, and his father now lives at Temple.

G. W. did not know for certain that the appointee was a relative of his until shown a clipping from the Amarillo News telling of the relationship.

Mrs. L. C. Johnson was able to be out again Thursday after having been confined to her bed with illness for more than a week.

All School Classes Crowded As Year's Work Is Started

Tahoka schools opened Monday with possibly the largest enrollment in its history, and certainly the largest enrollment in the high school. Total enrollment Wednesday was 679, with a few yet to enroll. Supt. Hanes states. Classrooms in both buildings were crowded.

In the high school there were 258 students, and in the seventh grade there were 52, this grade being taught in the high school building, bringing the total in this building to 310, or about 35 more than at the same time last year. This year's senior class had enrolled 65, there were 76 juniors, 59 sophomores, and 58 freshmen. At least 15 more freshmen and sophomores were expected to be transferred here from Midway.

Grade school had enrolled 341 students according to Principal A. L. Pace, 51 of whom were in the first grade, 54 in the second, 59 in the third, 70 in the fourth, 52 in the fifth, and 55 in the sixth.

In the negro school there were 23 enrolled.

Formal opening exercises were held at the high school auditorium Wednesday morning, when District Attorney Truett Smith spoke to the assembly on "Americanism". Carrying out the program theme, the audience sang patriotic songs, and Band Director John Hamblen sang "God Bless America" as a solo.

Mr. Hamblen reported that 30 band members from last year had enrolled for band and 15 new students had enrolled for band.

New courses added are bookkeeping and chemistry, both of which are (Continued on last Page)

Rotary Assembly Held At Park

Responding to the call of the president, Dr. K. R. Durham, quite a number of Rotarians met in the City Park last Friday night to discuss plans and suggestions for the ensuing year's work.

Dr. Durham reported that he had recently attended a regional conference at Vernon where he got many ideas and much enthusiasm for the work ahead. Among other things he called attention to our bad attendance record and recommended that drastic regulations be taken to correct this evil.

Then he called for suggestions that might make the year's accomplishments worthwhile.

W. E. Happy Smith suggested a number of ways in which Rotary could help the kiddies and the young people of the town. He thought that Rotarians should make it a point to carry out a program the coming year with this special end in view. His remarks met with unanimous approval.

In line with his suggestions, Leonard Craft insisted that the Rotary Club must again sponsor a 4-H Club show this fall. This suggestion met with an enthusiastic response. After general discussion, a number of the members present pledged themselves to take at least one rural 4-H Club boy as his ward with the purpose of helping him to enter one or more calves in the show.

The Rural-Urban committee of the Rotary Club consisting of Don Turner, A. P. Edwards, Judge P. W. Goad, Prentice Walker and Clinton Walker was asked to work out the details and to lead in the matter of putting the project over. This committee may name such assistants as they may desire.

Don Turner reported that there were about sixty entries last year and everybody pronounced the show a decided success. Many people had been heard to express themselves as being greatly surprised at the showing made last year.

Mr. Turner is confident that with the help of Rotarians a much larger and better show can be staged this year.

NOTICE !

Recently, we have had a fine registered bull shot and crippled by hunters; also, a fine registered cow shot and crippled badly. We have also had a Jersey milk cow shot and killed and another one shot but not killed, by hunters on the place or shooting onto the place from the road.

It is as much a violation of the law to shoot on to a person's land from the road or highway as it is to go on to the lands and hunt. Hunters along the highway shooting on to our lands with high-powered 22 rifles and other guns have caused this damage. We have repeatedly warned our friends and neighbors about shooting across the place, and on as many as two occasions rifle bullets have fallen near me while riding around the place.

Since my would-be friends do not heed the caution and warning, this is to give all of you notice that if found shooting on to, or across, any of our lands, or hunting along the highways adjacent thereto, complaint will be filed against them, and I intend to file complaint against everyone, regardless of who he is, for hunting on, or shooting on or across Mrs. Garrard's pastures or farm. Odds and Ends See Eye, the Elder

Only three Texans, we believe, have ever served as members of the cabinet of the President of the United States. These were Albert Sidney Burleson, Thomas Watt Gregory, and David F. Houston, and all three were called to the cabinet by President Woodrow Wilson.

Another Texan, Col. Edward M. House, was Wilson's most trusted unofficial adviser. It is probably due to his influence that the three Texans above named were chosen as cabinet members.

Each of these three did efficient if not distinguished service in the positions held by them respectively.

Other Texans also were honored with responsible positions at Washington during the Wilson administration. Among these was Cone Johnson of Tyler, who was Solicitor for the State Department.

Albert S. Burleson, Austin, was appointed Postmaster General immediately after Wilson took office and served throughout his two terms. He was an old-time Democrat with old-time Democratic ideals and if he were living today he probably would not be in accord with the present Democratic administration at Washington.

Burleson was a native Texan and was descended from one of the pioneer Burleson families who came to Texas before the days of the Republic, of which General Edward Burleson was the most distinguished member. He first came into the limelight as district attorney at Austin, when it became his duty to prosecute one of the most heinous and notable murder cases in the annals of this state.

That was in 1896. On the night of July 24, one W. E. Burt of Austin had murdered his wife and two children, one four and the other two years of age, in an upper room of the residence from which he and family were about to be evicted for non-payment of rent. He had struck each of them on the right temple with a hatchet, crushing the skull and the bones of the face; had then tied a handkerchief tightly around the neck of each; had wrapped the body of his wife in a blanket and wound ropes about it, which he securely tied; and the hands and the feet of each child, dressed in its night clothes, had been fastened and tied together with wires; then the bodies had been taken from the upstairs room down to the lower floor and placed in an underground cistern containing water, where they were found five days later.

Burt was busy the next day disposing of his household goods and that night boarded a train and left. Thirty days later he was found and arrested in Chicago.

On the trial of the case, his defense was insanity.

He was represented by an array of the ablest criminal lawyers in Austin, the most distinguished of whom was Buck Walton, a power in the courts of his day.

Six or seven prominent physicians and at least one eminent Presbyterian minister were called to testify as to the sanity or insanity of the defendant.

It was a legal battle that excited much interest throughout Texas and that attracted the attention of lawyers in many states. Burleson won. Burt was found to be sane and guilty!

The case was appealed. But Burleson won there also, and Burt was sentenced to hang. To win such a case in both the trial and the appellate court as constituted at that time, in a battle with such distinguished counsel, was a victory for any district attorney to be proud of, for the Court of Criminal Appeals at that time was composed of Judges Hurt, Davidson, and Henderson. Any lawyer knows what that meant. They were three of the greatest judges that ever sat upon any court of criminal appeals in any state, but they were sticklers for the rights of the defendant, requiring the State to dot every "i" and cross every "t", as it were, before they would sustain a conviction. Burleson's victory therefore was a notable one.

Then, pretty soon, he ran for Congress. His opponent was that brilliant free lance in politics, old Wash Jones, who was a power on the stump. Jones had the support of the Independents and Republicans—which meant something in those days—but Burleson whipped

would be just as dead if shot accidentally and so are my cows, as if shot on purpose.

TOM GARRARD

his ears down. He had served in Congress several terms when Woodrow Wilson came to the bat, and Wilson, as captain of the team, chose Burleson as one of his pinch hitters.

Thomas Watt Gregory, whom Wilson appointed as Attorney-General of the United States, was also an Austin lawyer. For several years he was the law partner of Judge R. L. Batts, who was himself the most distinguished member of the law faculty of the University of Texas for long years. Gregory was not only an able lawyer but he was a scholarly gentleman and a successful man of affairs. He served ably and satisfactorily as attorney-general of the United States.

David F. Houston, strictly speaking, was not a Texan. He was a native of North Carolina, and he was a resident of Missouri when he was chosen a member of the Wilson cabinet. But he had lived in Texas a number of years and had made his impress upon this state. Along with hundreds of other students, the perpetrator of this column became exposed to a course in Political Economy under David F. Houston for a time when Houston was a member of the faculty of the University of Texas. We can't say that the medicine took. But Houston was regarded as one of the very strongest members of the faculty. While he did not become "chummy" with the boys as did Batts, for instance, and did not show the kindly interest in them individually that some of the other beloved Professors did, yet he was highly respected and esteemed by all of them.

After spending several years at the University, he was elected President of Texas A. & M. College. He had not served in this capacity long, however, until he was called to the Presidency of Washington University, St. Louis, and he was still serving there when Woodrow Wilson picked him as his Secretary of Agriculture.

And then when William Gibbs McAdoo gave up the Treasury Department to take over the administration of the railroads upon our entry into the world war, Houston was made Secretary of the Treasury.

And so, these three men are the only Texans that ever served in the cabinet of the President of the United States, and Wilson picked all three of them.

President Roosevelt so far has chosen no Texan to sit in his cabinet, though a Texan has been his vice-president. Just now this particular Texan, John Nance Garner, is doing no credit to himself or to his state, as he seems to be sulking in his tent since his failure to get anywhere in his ambition to become the Democratic nominee for the Presidency at the Chicago convention.

It does seem as if big men like John Garner could profit by the example of Al Smith, who also brought himself into disrepute among his former friends and worshipers by his disappointingly ugly conduct following the nomination of Roosevelt eight years ago.

Say, folks, all this may be as dry as coal dust to you, but to us there are few things more interesting than people, especially big men who have meant something to the world.

Some of these days we are going to dig up a little history relating to prominent Texans of an earlier day who have almost been forgotten. Big men, they were.

Mrs. Fannie Ellis Died Here Friday

Mrs. Fannie Ellis of Goldthwaite who came out to Lynn county a few weeks ago to visit four sons at O'Donnell and a daughter Miss Betty Ellis, passed away at the Nazarene Church here, died very unexpectedly at 8:30 o'clock last Friday morning in her room at the Mrs. S. N. McDaniel residence, where she had been taken the day before her death and where it was felt she could rest better.

Mrs. Ellis had been ill several days, part of the time in a serious condition, suffering from heart trouble, but she seemed better Friday morning and was cheerful. Before any one suspected that death was imminent, it had already struck and she had breathed her last.

The body was prepared for burial by W. O. Robertson of the Harris Funeral Home here and was taken to Post in a Harris ambulance Friday afternoon, from which point it was shipped by train to Goldthwaite, accompanied by the children who reside in this county.

Funeral services were conducted Saturday afternoon at Center City in Mills county about nine miles east of Goldthwaite, and the body was buried at that place.

Mrs. Ellis was 61 years of age and was a native of Mills county, having been born near Goldthwaite on August 15, 1879. Her maiden name was Fannie Miles. She was married to C. C. Ellis at Goldthwaite in January, 1898. He died in 1924.

Mrs. Ellis left the following children surviving her: John, Luther, Ardell, and Bill Ellis, all of O'Donnell Dick Ellis of Hereford, and Odell Ellis of Goldthwaite, Miss Betty Ellis of Tahoka, Mrs. Eula Wagner of Hamilton, and Miss Jessie R. Ellis of Goldthwaite. Other relatives included four grandchildren, four sisters and one brother, residing in Mills and Comanche counties.

Mrs. Ellis was a member of the Baptist Church at Goldthwaite and was a good, Christian woman.

She was visiting with Miss Betty Ellis here when she became sick. Miss Ellis was engaged in a revival meeting at the Nazarene Church here when her mother died, but her helper in the meeting, Evangelist Homer Land of Guthrie, Oklahoma, carried on while Miss Ellis was away.

EUZELIAN CLASS MEETS WITH MRS. V. A. BOTKIN

The Euzelean Class of the Baptist Church held their monthly business and social meeting in the home of Mr. and Mrs. V. A. Botkin near South Ward Tuesday night of last week.

In the business meeting, a nominating committee was announced for selecting a teacher and officers for the new year. Mrs. E. I. Hill, who is filling out the unexpired year of Mrs. Roberts as teacher, has asked to be relieved as soon as a new teacher can be elected to take the class.

The class voted to serve and did serve the Rotarians on August 29. The proceeds will be used on a building bond being purchased by the class.

During the social hour Bible games were played and refreshments were served to: Meses. G. A. Dale, W. M. Harris, C. Owens, W. Fortenberry, W. O. Robertson, C. S. Greathouse, G. W. Simmons, H. D. Henderson, A. R. Bostick, J. F. Stuart, E. Russell, S. H. Holland, P. W. Goad, C. Connolly, G. C. Shaffer, C. A. Lawrence, W. A. Reddell, R. C. Forrester, W. C. Wright, V. A. Botkin, and Misses Mary Preston, Ida Botkin, and Elizabeth Preston.

There are 583,025 acres of woodlands in Texas, and 525,745 acres are used for pasture. In Smith county, 65,358 acres are non-crop farm lands.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

The Garo Neilsen girls in "Circus Revels," one of the production numbers in "Americana," the huge outdoor revue which will be presented twice nightly in front of the grandstand at the State Fair of Texas, Oct. 5 to 20.

Lower picture shows the Twelve Aristocrats, six boys and six girls, who sing and dance and are presented in the production numbers of "Americana." The Twelve Aristocrats are among the best known radio and concert state artists of the present day. They present an adagio number and a waltz number which have proved the sensation of the "Americana" tour.

FUTURE FARMER OF AMERICA CREED

I believe in the future of farming, with faith born not of words but of deeds—achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I can not deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

President Roosevelt has named Frank C. Walker of New York to the office of Postmaster General, succeeding James A. Farley, resigned. We guess he is not related to the dapper Jimmy Walker, erstwhile mayor of the city of New York, who had some embarrassing experiences once upon a time when Franklin D. Roosevelt as governor of the state of New York shot a long string of very searching questions at him, resulting finally in his resignation. No, Frank C. is evidently of a different type from Jimmy. Probably he is more like big Jim Farley, whom we never admired much but who seems to have been one of the most popular officials in Washington. Goodbye, Jim. Howdy'do, Mr. Walker.

County Agent Don Turner says that quite a number of trench silos are being constructed in this county. A gentleman from Shackelford county, advertised as "The Home of the Hereford", told us a couple of weeks ago that trench silos are all the rage down there. In many other places, farmers are making much use of the trench silo. The extension service of the Texas A. & M. College is stressing the value and importance of this method of saving and conserving feedstuffs. They contend that row crops cut at the right stage and stored away in trench silos will have two to three times as much feed value as the same feed will have harvested and put up in the usual way. Not only have the experts made chemical analyses of such feeds to determine the amount of protein and other elements in such feeds but they have experimented with them in the feeding of livestock and therefore speak with authority. We hope that the trench silo comes into more general use in this country.

We are glad that officials at Washington refused to permit the dead body of Leon Trotsky to be brought to New York for burial. Trotsky was not a citizen of this country and had been a long-time enemy of our form of government. The bringing of his body here for burial could have served no good purpose. It might have been used as an occasion for rallying the forces of communism. Trotsky was one of the original promoters of communism, or "bolshivism", in Russia, and became one of the most ruthless and bloody dictators that country has had. We saw a statement a few days ago to the effect that he and Lenin caused more than a

million Russians to be put to death. Then a rival came into power and Trotsky fled to Mexico. The present communist dictator of Russia, Stalin, caused an emissary to cut and stab Trotsky to death a few days ago, according to dying statements made by Trotsky himself. And that's the kind of men who have been governing Russia since Communism came to the bat. Yet there are a few good people in this country who think that conditions are ideal in Russia.

The daily papers of last Friday carried a news item to the effect that France and Mexico had signed an agreement at Vichy whereby all Spanish refugees in France since the Spanish Civil War, numbering about 250,000, are to migrate to Mexico. If 250,000 Spaniards are actually to be added soon to the population of Mexico, we are wondering what they may mean as to the future of that country. As for us, we would much prefer that some people more thoroughly wedded to the tenets of democracy and less inclined to settle their differences with the saber or with lead should become our new neighbors. But, we guess there is nothing we can or should do about it. We can only hope that at some time in the near future, the peons in Mexico may be given their rights and an opportunity to enjoy the ordinary comforts of civilized life. We have long believed that that can be accomplished only through the help and supervision of real Anglo-Saxon Americans. We hope that the addition of numerous Europeans to the population of our neighbor country will not augment and complicate the problems that confront it.

We think the voters of this state are becoming too critical of the candidate who dares to criticize the conduct of his opponent. They call it "mud-slinging". Making or circulating trumped-up charges against an opponent is a contemptible piece of business. But public officials are guilty of misconduct now and then. And if somebody can't expose this misconduct without running the risk of having his own head cut off, then democracy is a failure, and dishonest officials may continue to be elected to office by the votes of people who are ignorant of such misconduct. Just a few days ago, since the last election, we have heard of certain alleged conduct on the part of certain officials in this state that should have been investigated. If the circumstances are in fact what they are said to be, then these officials would have some tall explaining to do. If guilty, they should have been kicked out of office. If not guilty, an investigation by the proper authorities at the proper time would have vindicated them. Since this investigation was not

made, we believe that it should be made by the proper authorities yet. And we believe that any opponent of any official, knowing the facts, has the right to present to the public any facts that would call for an explanation on the part of such official. We can keep our state government pure only so long as we give public officials to understand that it is dangerous to do wrong.

HIGHWAY 380

Residents along U. S. Highway 380—from Hilltop, eight miles this side of Albany, to Las Cruces, N. M.—should begin now to think of its benefits when existing gaps are paved, possibly by next spring at the very latest. At the present time there are three stretches on this route which are not paved, i. e., 16 miles on the Apache Indian Reservation running south of Ruidoso, N. M., the stretch of 17 miles from Plains to New Mexico state line in Yoakum County, and 8 miles from Jayton to Highway 70 in Kent County. The first mentioned of these gaps is now being paved, work having been underway for quite awhile. No doubt this portion will be completed before winter sets in. As to the Yoakum and Jayton gaps, we took pains to write the Highway Department at Austin who in turn informed us, as follows: "We are pleased to advise that the section in Kent County proposing construction of grading and drainage structures and the section in Yoakum County proposing grading, drainage structures and surfacing have been advertised for letting, bids to be received August 20th." When

this road is completely paved it might well be advertised as an alternate route, or cut-off, for East-West traffic, originating beyond Hilltop or Las Cruces. It will be newer pavement, on an average, as near, and much cooler for summer travel. Besides these attractions, such points of interest as White Sands, Cloudcroft, Ruidoso and Bottomless Lakes are along the route in New Mexico. Stamford Chamber of Commerce and like organizations in other towns along this route would do well to co-operate, pooling the effort and expense of advertising this route to the touring public by next spring and summer. It wouldn't be a bad run for trans-continental buses, either. (Mileage from Hilltop to Las Cruces via Highway 80 and 380 is the same—524 miles.)—Stamford Leader

John Deere Ensilage Harvester

Think of being able to drive a John Deere Ensilage Harvester down a row of standing corn and deliver a wagon or truck load of the grandest silage that a cow ever rolled into a cud.

What a far cry from the old back-breaking method that requires lugging bundles of heavy, wet, green corn to the shocks, pitching the bundles onto wagons, and finally feeding them into the ensilage cutter. Then, too, think what you save on labor—a John Deere Ensilage Harvester cuts your crew in half—and no twine bills to pay.

All you do is drive the tractor—the harvester does the rest—cuts the standing corn into pieces from 3.8 to 5.8 of an inch or from 5.8 to 1 inch, and delivers it into wagon or truck drawn alongside the harvester. Heavy-duty construction—simple to operate.

If you're feeding silage, you'll certainly be interested in this traveling feed-maker.

WILSON YOUTH WEDS McADOO GIRL

The wedding vows were taken by Mr. Robert Maeker of Wilson and Miss Lucell Rose of McAdoo at 9 o'clock last Sunday morning in the Baptist Church at McAdoo, Rev. J. A. Bravaman, the pastor, officiating, using the beautiful double ring ceremony.

The groom is the son of Mr. and Mrs. R. J. Maeker and is a graduate of the Wilson high school. He is now engaged in business in Wilson.

The bride is the daughter of Mr. and Mrs. Austin C. Rose of McAdoo and is a graduate of the Lubbock High School and Texas Technological College.

Following a wedding trip into northern New Mexico and Colorado, the couple will be at home in Wilson.

Huffaker Talks To O'Donnell Rotarians

County Attorney Calloway Huffaker of this city was the principal speaker at the O'Donnell Rotary Club luncheon on Tuesday of this week.

Calloway spoke on the necessity for preparedness by this country against a possible attack by some foreign power. He gave many facts and figures to support his contention that our country is very ill prepared for war at this time and he urged that we get ready in the speediest manner possible.

Other Tahoka Rotarians in attendance were: Donald Turner, Judge P. W. Goad, Supt. W. T. Hanes, Carl Owens, R. P. Weathers, and E. I. Hill. Also present was Mrs. Gladys Davis, county health nurse.

Clyde Spruiell, who has been a patient in the Lubbock Sanitarium since Thursday of last week suffering from a kidney trouble, was reported Wednesday afternoon to be much improved. It is believed that he will soon be able to come home.

School Program At Rotary Club

Superintendent W. T. Hanes presented a program relating to the work of the City Schools at the Rotary luncheon Thursday.

A. L. Pace, principal of the grade school, was asked to speak concerning the first six grades. He stated that the teachers in this department had three primary objectives this year: The study and preservation of the health of the child; Citizenship; and the carrying out of a lunch program.

The school will give more attention to the health of the child and will seek to teach the child how to conserve its health. More attention will also be given to the matter of moulding the child into a good citizen. Lunches will be served for 10 cents to those able to pay. Free lunches will be provided for those not able to pay.

Mr. Pace was of the opinion that about 300 of the 347 pupils now enrolled in this department will patronize this lunch project.

Lee Dodson, principal of the high school, spoke for this department. He explained that there is a much larger enrollment in the Senior class this year than ever before, due in part to the fact that a few years ago the law was changed so as to admit children into the free school at six instead of seven years of age as theretofore. He also called attention to the fact that the Tahoka High School already has 28 1-2 credits of affiliation. The subject of Book-keeping has been added this year, and it is hoped that 1 1-2 additional units of affiliation may be granted this year on this account.

Carl Griffing secretary of the board brought some interesting and enlightening facts and figures concerning the finances of the school district, showing it to be in excellent condition.

Mr. Hanes stressed the importance of the public free school and also the importance of preserving it in this country. He called attention to the fact that recently the public schools in France went down with the fall of that country. Free schools are vital, he contended, in the preservation of democracy in our country. He made many other thoughtful and forceful statements which we can not quote here.

The entire program was one which the Rotarians greatly appreciated.

SAYS CAVERN IS WONDERFUL

A party consisting of E. S. Brown and son Dewey and Mr. and Mrs. Claude Brown, all of the Garnolia community, and another son, Ernest Brown of Tulsa, Oklahoma, returned Wednesday from a pleasure trip out through New Mexico.

Among points of interest visited were the White Sands National Monument, Cloudcroft, and the Carlsbad Cavern. Mr. Brown says it was their unanimous verdict that the Cavern is the greatest natural wonder in the world.

Miss Hazel Thomas, daughter of Mr. and Mrs. Price Thomas of Grassland, is planning to leave Saturday to enter McMurry College for the ensuing school year.

Bucy Given Trip To Rocky Mountains

Fred Bucy, local agent of Southland Life Insurance Company, returned Saturday from a week's vacation trip to Colorado aboard a special train from Dallas. He was among nearly 150 Southland agents and executives aboard the 14-car special for the trip, which was given as a reward for production during the past eighteen months.

Fred reports that only a single business session was held, the remainder of the time being spent at Estes Park and other points in Colorado. He says the mountains had new snow on them and the nights were plenty cold. Of course, he managed to get in a few rounds of golf.

B. T. U. SOCIAL

The Senior B. T. U. of the First Baptist Church enjoyed a social gathering Tuesday evening at the home of Miss Anita Reddell, naming the group who are returning to their respective schools as honorees.

The theme of "Nuts" was carried out in games, stunts, etc. The main event of the evening was a debate on the subject "Resolved that I'd rather be a Giraffe with a sore throat, than be a Centipede with a Sore Toe".

At the close of the games ice cream watermelon was served to: Misses Robbie Milliken, Gerry Milliken, Edith Robertson, Beryl Robertson, Jennie Reba Nevill, Mildred Cox, Bernice Edwards, Nell McLeroy, Bettie Lou Ivy, Mary Beth Roddy, Anita Reddell, Etta Lorene Harns, La Verne Reddell, Eva Jo Reed and Mesdames Elwayne Nevill, James Butler, D. F. Reddell, Jimmie Cox, Carina Reese, George Reid, Benton Hill, Mr. and Mrs. Everton Nevill and Mr. and Mrs. W. A. Reddell.

Mr. and Mrs. M. O. Bridges and two children of Andrews were weekend guests of her aunt, Mrs. J. H. McCoy, Mrs. Wade Holland, and other relatives.

Hooper Cook of Slaton, a long-time friend of the editor in Bell county, was a pleasant caller at the News Thursday morning.

Mr. and Mrs. Rollin McCord and son, who have been vacationing out at Ruidoso, returned home Tuesday.

Recent Bride Is Honored Thursday

The American Legion Auxiliary, the Martha and Young People's classes of the Methodist Sunday school jointly honored Mrs. Richard Youngs, recent bride, with a shower at the Legion Hall Thursday of last week. Mrs. Youngs is the former Leta Frances Wyatt.

The Hall was decorated profusely with vases of gladioli, asters, roses, dahlias. The refreshment table, presided over by Mesdames E. R. Edwards, Loyd Edwards and Happy Smith, was covered with lace cloth, and the punch bowl was flanked with huge bouquets of flowers.

Guests were greeted at the door by Misses Dorothy Holland, Mary Ruth Hargett, and Betty Ruth Wyatt. Miss Mary Beth Roddy presided at the bride's book.

Gifts were heaped on a table which stretched the length of the Legion Hall. Mary Bland Wells rendered a vocal solo, and Valerie Wells played piano selection throughout the hour. Sixty guests were present, and over a hundred gifts were opened.

Tiny wedding bells with wee bouquets of flowers in each were favors.

Mrs. Ray Stevenson and little daughter, Susan, are visiting in the home of her aunt, Mrs. Oscar Roberts, and Mr. Roberts.

Mrs. S. A. Mensch of the Draw community is home from the hospital in Lubbock, where she underwent surgery recently. Of course she is much improved.

REVIVAL TO CLOSE ON SUNDAY NIGHT

Quite a number of visitors have been attracted to the services being conducted here this week at the Church of Christ, coming from Brownfield, Post, Grassland, O'Donnell, and smaller communities round about. Good crowds as a rule have been in attendance and those attending say that some very strong lessons are being brought by Evangelist Paul Southern of Abilene Christian College, who is doing the preaching. Elmo Burkett of O'Donnell is leading the song services.

Services are being held twice daily, one in the morning and one at night. The meeting will come to a close Sunday night.

The general public is invited to attend the remaining services of the series.

Miss Eloise Roberts, who has been attending John Tarleton College the past year, expects to attend Texas Tech this year.

Reids' Brother Is Accidentally Killed

Jasper, G. M., and Thomas Reid of this city were called to DeQueen, Arkansas, last Friday on account of the accidental death of their brother, Theodore R. Reid, 35, who was instantly killed at 4:45 o'clock Thursday afternoon when an asphalt tank which he was repairing exploded. They were accompanied by their sister, Mrs. Laura McClure of Lubbock. Funeral services were conducted at 10 o'clock Saturday morning, and the brothers attending from this place returned to their homes here Monday.

Mr. Reid was repairing a leak in the tank with an electric welding machine when the explosion occurred. Both ends of the big tank were blown out and it was blown from the bed of the truck on which it was resting. Asphalt in the tank ignited but the flames were promptly extinguished by the fire department.

Mr. Reid was hurled into the air apparently falling on top of the cab and thence to the floor 30 feet from where he had been working.

Mr. Reid is survived by his wife and three sons, his parents, Mr. and Mrs. J. M. Reid, who have often visited here, five brothers, and five sisters, all of whom were present at the funeral. One of the brothers is Robert Reid of Mercedes, who formerly resided here.

G. M. Reid says that of the family of eleven children, this is the first death that has ever occurred in the family.

Infants can be given meat as early as 10 days after birth with no digestive or kidney disturbances, according to Dr. Leo K. Campbell of the University of Chicago, who says the only requirement is that the meat be scraped so that chewing is not required.

Of the rain that falls on the soil, only about 50 percent is available for plant growth under the average conditions. The other half is lost through run-off and evaporation.

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

CULL YOUR HENS NOW

(Delayed from Last Week)

Attention, poultrymen! Have you noticed a decrease in egg production of your laying hens? Unless you have an extra good laying flock this should have started within the past few days. You see that egg prices are beginning to advance some. This is due to the decrease in production. Here is what is happening. The poor layers are beginning to molt now. Molting is shedding the feathers and growing new ones. Hens do not lay when molting. Food nutrients are used in growing new plumage. The poor layers begin molting in the latter part of August and the first of September, and quit laying, and do not begin laying again until January or February. The good layers or profitable ones do not begin molting until October. They are also fast molters, and complete molting and begin laying again in December. This is assuming that the flock has been fed and cared for properly.

So, cull your hens now and dispose of those that are not laying.

because they will not lay this fall and winter. If we wait until October they are all molting and we can not tell which ones are the poor layers.

The advantage of replacing the flock with pullets each year is the fact that they already have new plumage, and do not molt, but begin laying in September and October, and continue until next August or September. The thing we want to do is to produce eggs during the fall and winter when eggs are higher, and avoid feeding hens during this period that are not laying. This takes out the profit if there is such.

Protein is necessary in growing feathers as well as egg production. Milk is rich in good quality protein. If you have milk, feed milk and grain. If not, feed mash and grain, about equal amounts of each. Let's cull our hens and feed them properly for fall and winter egg production.—New Home F. F. A.

PLEASE DON'T Hurt My Little GIRL!

DEAR DRIVER:

This week my little daughter, who is nine years old, started to school as usual. Her little puppy, whose name is "Spot", sits on the front porch and whines his canine disbelief in the folly of education as she waves "good-bye" and starts off to the halls of learning. At night we talk about school. She tells me about the girl who sits in front of her ... and the boy across the aisle who makes funny faces. She'll tell me about her teacher, who has eyes in the back of her head ... and about the big girl who doesn't believe in Santa Claus. She's back in her room now — sound asleep with Princess Elizabeth (that's her doll) cuddled in her arm. You guys wouldn't hurt her, would you? She's a nice kid. But I can't be with her all the time—I have to work to pay for her clothes and education. So, please help me look out for her. Please drive carefully; please drive slowly past the schools and intersections—and please remember that children run from behind parked cars. Please don't hurt my little girl!

proving popular.

One interesting fact, High School Principal Lee Dodson states, is that the senior class averages one year younger this year than last. This is brought about by the fact that it has just been eleven years since the age limit for entering school was dropped from seven years to six.

Midway Students To Enroll

Fifteen more high school students from Midway community are expected to enroll this week, due to the decision of the Midway board Wednesday not to teach the eighth and ninth grades there this year. By dropping these two grades, Midway can standardize her school in the seven grade class. Midway has been a three teacher school, but Principal V. P. Carter and wife resigned this week to accept similar positions in the T-Bar school. In the future, the Midway school will operate as a two-teacher standard elementary school. The students transferred to Tahoka will bring to the Tahoka district \$22 scholastic apportionment each and \$30 high school tuition each from the State of Texas. Therefore the Tahoka district will not lose by furnishing them schooling, and the Midway students will have better educational opportunities.

The News failed to state last week in listing the teachers, that Mrs. Marcus-Edwards is giving private lessons in piano at the school and Mrs. Rafe Richardson in expression. Five buses are being run into Tahoka again this year, four by the Tahoka district, and one by Three Lakes, which sends its entire student body to Tahoka.

Football . . .

(Continued from Page 1)

Coming up from the junior team are the following, most of whom are likely to see service this year: Duane McClintock, Sonny Roberts, Jack Hickerson, Cecil Curry, Eual Akin, Maurice King, and Doug Henderson. Jack Swafford, who was not out for the team last year, is in uniform this season.

The new boys out for the team, most of whom have already proven to be fine athletes in unaffiliated schools, are: "Rusty" Waldrep, from T-Bar; Floyd "Cotton" Davis, state champion in the pentathlon, Midway; A. G. Grutcher and Reginald Webb, Newmoore; Warner Schafner and "Dub" Fulford, West Point; Noel Thurman and E. C. Lackey, New Lynn; Eugene Schultz, Dixie; and James Walker and James Nason, Grassland. Glen Bratcher has transferred here from Draw and is out for football but will not be eligible until next year.

Schedule for the season follows:
Sept. 13, Monahans, there.
Sept. 20, Crosbyton, here.
Sept. 27, Lamesa, there.
Oct. 5, Kermit, there.
Oct. 11, Slaton, there.
Oct. 18, Canyon, here.
Oct. 25, Brownfield, there.
Nov. 11, Post (homecoming), here.
Nov. 17, O'Donnell, here.
Nov. 22, Levelland, there.

For the junior team, "Broadway" Browning has out about thirty boys and A. R. Bostick has thirty out for the sixth grade team, making a total of nearly one hundred boys taking this type of physical culture.

Quarantine . . .

(Continued from Page 1)

antine territory. The permit had been granted and the Thompson Gin accordingly must comply with the quarantine regulations the same as if it were situated in Terry county. For that reason the sign was moved to a point on the highway east of the gin.

But the change in the location of the sign does not affect the rights of any Lynn county farmer in the least. Any farmer living in Lynn county can still gin his cotton whenever he pleases without being penalized or restricted in any manner.

He may have his cotton ginned either at the Thompson gin or in Tahoka or anywhere else he chooses, sell his cotton or seed anywhere he pleases or take them back home if he chooses to do so. The quarantine regulations do not touch him in any way.

The only purpose in moving the sign was to indicate that the Thompson gin is subject to quarantine regulations.

The purpose of granting a permit was to authorize it to gin Terry county cotton, which it could not do legally without a permit.

Thus, the permit enlarges the rights of the cotton farmers of Terry county without affecting in any way the cotton farmers of Lynn county. As far as the farmers of Lynn county are concerned, the quarantine sign means absolutely nothing.

Mr. Walton suggested the County Agent Don Turner send a card to each of the farmers living in Lynn county in the vicinity of the Thompson Gin assuring them that they are not affected in any way by the quarantine regulations or the location of the sign, which Mr. Turner readily agreed to do.

It is hoped that this will clear up the whole matter and that there may be no further misunderstanding or confusion relating to the rights of Lynn county farmers.

Hon. Tom Garrard went to Austin Thursday to attend a barbecue given the officials and employees of the Department of Education at Barton Springs near that city at six o'clock in the evening. Since he had served as a member of the State Board of Education for so many years, he was bidden to come as a special guest.

Mrs. M. L. Henry of Redwine reports that her son, Gordon King, has been transferred from Hobbs, New Mexico, to Houston, where he is a postal clerk. Gordon, who was practically reared here, is married and has two children, Carl and Lou Ann. He has been in the postal service at Hobbs for several years.

Mr. and Mrs. G. M. Stewart carried Mrs. T. M. Dobbins to Snyder Sunday where she was met by her husband and returned to her home in Roscoe following a week's visit here with the Stewarts. Mr. Dobbins brought her to Tahoka Tuesday of last week and returned to Roscoe Wednesday.

All of the four sons and the two daughters together with all the grandchildren, many other relatives, and a host of friends were present for the funeral. These included Mr. and Mrs. I. I. Gattis and children, Mr. and Mrs. R. L. Richardson and daughter, and Mr. and Mrs. O. H. Gattis of Tahoka. Also present were Mrs. Lois Daniel and Joan Owens of this city.

Mrs. Rutherford was 70 years of age, having been born on January 22, 1870, in Fannin county. She had been living in Callahan county for many years and was a "charter member" of the Church of Christ at that place. She was a noble Christian character, a devoted mother, and a loyal friend and neighbor.

She left surviving her the following sons and daughters: Isaac Lawson Gattis of Eastland, Obalee Gattis of Cross Plains, Ira Irl Gattis and Osa Herman Gattis and Mrs. R. L. Richardson, all of Tahoka, and Mrs. Ira E. Barnard of Anson, a member of grandchildren and numerous other relatives.

One son, James Gattis, was dead. The News joins in condolences to all the bereaved.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

"We ran four trucks and in three ten hour days filled our 300 ton trench silo," says Letz owner, J. B. Richardson, Texarkana, Texas.

"With seven teams hauling our No. 230K was not busy at times," reports E. G. Sims, Rockdale, Texas.

Big capacity? Yes—but equally important: a Letz makes better, more uniform, more profitable ensilage. Stores 20 to 30% added tonnage in the same size silo.

"It turns out a quality of ensilage better than I have ever seen," says J. C. Harvey, Abilene, Texas.

ONLY a Letz with grain separator prepares Oured sorghums or other bundle feeds correctly. It chops the roughage, at the same time takes out, grinds and regulates the use of grain in the feed mixture.

CARD OF THANKS

Mrs. Elmer Richey, who has been bedfast for several months, has asked us to express her thanks through the paper.
