The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXVII

Tahoka, Lynn County, Texas, Friday, September 13, 1940.

Number 135

Burleson Feed Mill Is New City Industry

Plant Will Turn Out Many Sacked Feed Products

Installation of machinery in the huge feed manufacturing plant of the Burleson Grain Company is almost complete, and the firm will soon be turning out every kind of feed used by livestock raisers of this section.

The plant will furnish work to a number of men, furnish farmers further outlet for their grain crops, and will enable home feed users to buy home-raised and home-manufactured feed products.

"We will produce just about everything for the cow, hog, and chicken," Jim Burleson, owner, told a News man Tuesday.

Among the products produced will be egg mash, chick starter growing mash, mixed hog feed, and cow feeds.

In the plant, Burleson will thresh, separate, clean, and grind maize, begari, kaffir, wheat, corn, etc., add necessary minerals, and mix the (Continued on last page)

Mattress Work Is Started Here

A warehouse in northeast Tahoka is the location of a new mattress center opened Monday under the sponsorship of the Midway and Dixie Home Demonstration clubs, and serving those communities. Last week a similar project was opened at Joe Stokes under the sponsorship of the Wayside club and serving Joe Stokes, Petty, New Home and Lakeview.

Ticking and cotton for mattresses for white Mexican and colored needy families are furnished by the Federal Commodities project, the county furnishes working equipment, and the H. D. clubs supervise the work.

The project located at Tahoka will make 53 mattresses and will close about September 26. Mrs. J. C. Lackey of Midway is chairman of the committee in charge of the project, aided by Mrs. W. K. Phillips, Don Turner, county farm agent, and Frank George are the committee on equipment.

The Joe Stokes center is headed by Mrs. W. C. Carey, Hillary Smith and Loyd R. McCormick. That center will make 41 mattresses.

Miss Maurine McNatt, county home demonstration agent, requests that all those who have received assignment cards for certain days, be present on the day indicated, on time with plenty of help. Otherwise they cannot expect to get their mattresses on time.

From six to eight workers allow the most efficient work on mattress, and not less than four workers will be accepted, Miss McNatt said. At least two of the workers must be men, for some of the work is very strenuous.

The centers to be sponsored by Tahoka, New Moore and Wells will not open until late fall, Miss McNatt said, due to shortage of supplies and equipment.

Inspection Planned For School Buses

Lynn county school buses will be inspected by two highway patrolmen here Thursday Sept. 19th, Capt. W. W. Legge of the Texas Highway Patrol, has notified Mrs. Lenore M. Tunnell, county superintendent.

Wilson buses will be inspected at Wilson at 9 a. m.

All other Lynn county school buses, whether owned and operated by the district or whether private buses hauling students will be inspected on the south side of the square Thursday at 1 p. m. Included are buses from Grassland Draw, O'Donnell, Tahoka, Edith, Three Lakes, and New Home and New Lynn.

Principal purpose of the inspection is to check up on safety of buses, including identification, entrance facilities, drivers vision, condition of brakes, tires, lights, signals and chassis, heating and ventilation system, etc.

Supt. Woods Will Speak In County

State Superintendent L. A. Woods will be the principal speaker at a county-wide meeting of teachers and trustees at the Tahoka High School auditorium Saturday morning of next week Sept. 21, at 10 o'clock, Mrs. Tunnell announces.

The preceding evening, Friday night, Sept. 20, Supt. Woods will be the principal speaker at the dedication program of the new Grassland school building.

European War Is More Intense

The long threatened attempt on the part of the Germans to invade England appears now to be imminent. The Nazis, it is said, are gathering their forces on land and sea for the terrific assault.

Meanwhile, the British declare that they are ready and prepared to repel any attempted invasion.

The past week has seen the most terrific and destructive bombardment of London from the air that has yet been made. Hundreds of lives have been taken and many public buildings, factories, and private homes have been destroyed.

The British likewise have been making telling assaults on the Germans, dropping bombs on Berlin, Hamburg, and many other German cities. Explosives have dug great holes, it is said, in the streets in the heart of Berlin, and one bomb struck the German House of Parliament which has not been in use, however, in recent years. Many factories and munitions plants in other cities, it is claimed, have been hit.

Another week or ten days will probably determine whether or not an invasion is to be attempted, and, if so, if it is to be successful.

Tahoka Bulldogs Play Monahans

Tahoka's 1940 Bulldog football team will open the season tonight against the usually powerful Monahans Green Wave at Monahans. The entire squad of thirty boys, Coaches Leo Jackson and Hope Haynes, and a few fans are making the trip to the oil field city for the game.

In an intra-squad scrimmage on the local gridiron last Friday night, a hundred or two fans saw a sample of what might turn out to be a pretty fair football team by mid-season. The boys many of whom are a bit green, entered into the scrimmage with zest and enthusiasm.

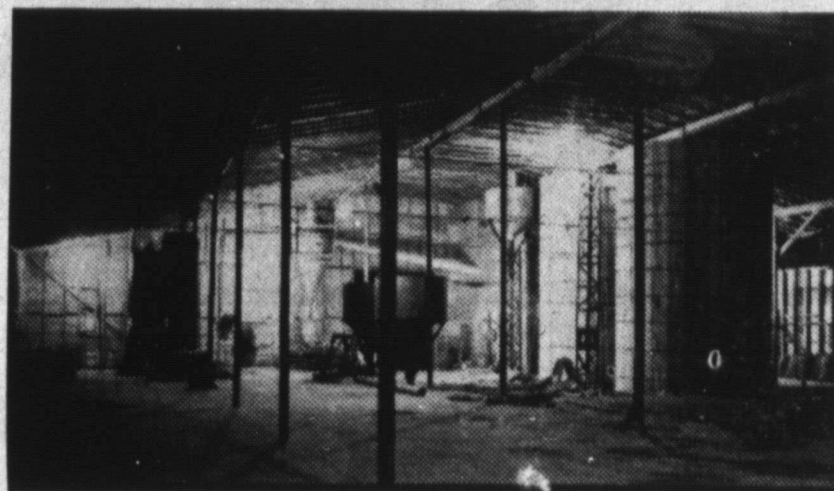

Though there are a number of excellent new recruits, Coach Jackson is likely to start the game Friday night with a team made up of experienced players. The starting line-up will likely be composed of Earl Adams, co-captain, at quarter; Jo Lehman, Roy Botkin, and Cecil Curry, backs; Truman Hines, Co-captain, center; Pug Parker and Kelly King, guards; Raymond Knight and A. G. Deason, tackles; Hoss West and Jake King, ends. Among those likely to see action early in the game are Doyle McClintock and "Rusty" Waldrep, backs; C. Davis, end; A. G. Crutcher, tackle; and Doug Henderson, guard. In fact every member of the squad is likely to see service in the game.

Francis Gill Is Back At Boullion's

Mr. and Mrs. Francis Gill have removed to Tahoka from Seagraves, where Francis had been employed at Mack's Food Store, and Mr. Gill has accepted a position with Boullion's Grocery, where he had previously been employed for eight years.

Mr. Gill says he feels like he has come home, as Tahoka was his home so many years.

News Want Ads Bring Quick Results

Shown above is a partial view of the interior of the Burleson feed plant, now near completion. To the right are two big 60,000-pound capacity grain bins, while to the left and in the center may be seen grinders, mixers, etc. The plant is housed in a building 80 x 132 feet in size.

School Enrollment Increases More Than 100; New Teacher Required

Enrollment in the local schools continues to increase, more than thirty-five having started to school since Wednesday of last week, bringing the total enrolled to date to about 720. This is over 100 more students than the school had at the same time a year ago, Supt. W. T. Hanes states.

There are now 336 students in high school and the seventh grade, 352 in the grade school, and about 30 in the negro school.

Two new teachers were elected at a meeting of the school board Tuesday night, one to fill a new position in the high school and one to take the place of Miss Quannah Lewis, teacher of English and speech, who resigned to accept a similar position in Andrews.

Miss Lewis will be succeeded by Miss Ineva Headrick, teacher of senior English in Clarendon High school and in Clarendon Junior College the past 13 years. She holds B. A. and M. A. degrees from the University of Texas and has done one year's work on her doctorate.

Filling a new position is Miss Ruby Nell Smith B. A. Texas Tech in August, who was reared at Brownfield. She is the daughter of former Sheriff Jess Smith. Miss Smith will teach in the seventh grade and a new course in Journalism, while Miss Willie Pearl Dockray, present seventh grade instructor, is being advanced to high school classes.

Mr. Hanes pointed out that apportionment and high school tuition from the 14 Midway students alone, who have transferred here the past week, will take care of the additional teacher's salary, and there will be no additional cost to taxpayers.

The board also voted to have the school district's books audited, a policy begun two years ago.

New Home F. F. A. Has 43 Members

New Home school opened September 2 with 43 boys taking vocational agriculture and becoming members of the F. F. A. We have 19 green hands and plan to initiate them Thursday night, September 12.

L. H. Moore and Lewis Allsup have been appointed official delegates to the district F. F. A. meeting at Meadow September 18. L. H. is vice-president of the district and also of the New Home Chapter.

The New Home Chapter was awarded the "Lone Star Chapter" award in 1940, and we are working to maintain that standard in 1941.

The following are the officers for the chapter for 1940-41: Roy Timmons, president; L. H. Moore, vice-president; Doyce Jennings, treasurer; H. Jai Swartz secretary; Preston Parham, reporter; Randle Allsup, watch-dog; Joe Mack Armstrong, historian; Harvin Smith, parliamentarian; W. W. Hall, teacher and adviser.

Judge Marshall Formby of Spur, Democratic nominee for the state senate, and Hop Halsey of Lubbock, nominee for Representative in the lower house, were here an hour or two last Saturday afternoon shaking hands with friends.

Miss Argen Hix and Jack Welch of the local Farm Security office left Wednesday afternoon for Plainview to spend a week in a district Farm Security meeting. They plan to be back in the local office next Wednesday.

Will Discuss Co-op Selling Of Eggs

Miss Myrtle Murray, marketing specialist from A. & M. College, will be in the office of Maurine McNatt, county home demonstration agent, next Monday afternoon at 2:00 o'clock to discuss the possibilities of organizing a cooperative market for selling eggs in Lynn county.

Miss McNatt has requested that each home demonstration club in the county send representatives to this meeting although it will not essentially be just a home demonstration meeting.

Everyone in the county who is interested in cooperative marketing of their eggs is urged to be present and confer with Miss Murray.

Lunch Room To Open Monday

Equipment is being installed and merchandise received this week for the WPA lunch room which will be opened in the Tahoka Grade School building Monday under joint sponsorship of the PTA and School Board.

Lunches will be served free five days a week to all needy children attending Tahoka Schools, and all other children may buy lunches at 10 cents a meal. Furnishings for the kitchen were bought by the PTA and the School Board from Gaignat Hardware at cost. All groceries will come from surplus commodities and labor will be furnished by WPA.

Supt. Hanes states that menus will be issued in advance for each coming week in order that parents may know in advance what their children will have to eat. The child is not obligated to be a regular diner in the lunch room, but may eat such meals as he desires.

A meat or a meat substitute will be served with each meal.

The PTA started a drive Thursday for dishes for the children's use. Each child must have a glass, plate, cereal dish, desert dish, fork and spoon. The child or the citizens of the town must furnish these. Dishes must be free from chips or cracks. Anyone wishing to help, is asked to call Mrs. Stroud, phone 187-J.

Mrs. Guy Stroud, president of the PTA, and Mmes. A. L. Smith, Harley Henderson, J. K. Applewhite, and W. T. Hanes compose the committee from that body in charge of setting up the lunch room.

Mrs. Crump of Lubbock, District WPA lunch room supervisor, and Mrs. Wade Holland, of the relief office, represent the WPA, and they will announce local supervisors, kitchen operators, etc., soon.

MRS. WILLBURN IMPROVES

Ms. D. H. Willburn of Wilson* who was injured in an automobile accident 5 miles north of Tahoka on June 14, is steadily improving, being able to be up and about the house on crutches. She received a broken knee and broken thumb, besides numerous cuts on the face and neck, in the accident.

It is believed by attending physician that her knee will not be completely stiff, but she has a stiff thumb.

Her many friends wish her a complete and speedy recovery.

Cotton Crop Starts Moving This Week

Band Is Started In Grade School

John Hamblin, director of band in Tahoka schools, has announced that a Junior Band will be started in the Grade School as a feeder for the High School band.

About 15 beginners have been enrolled he states, and others are expected to enroll.

The High School band is making progress and will probably make its first appearance of the year Friday night of next week, when the Tahoka Bulldogs play the Crosbyton Chiefs here.

Typhoid Is Still Menacing County

"Typhoid fever is still menacing your county" is the warning sounded Wednesday by Mrs. Gladys Davis, county health nurse. "Be on your guard", she continued. "Watch for these signs in your own family,—fever, headache, listlessness.

Calling the physician early may prevent a long drawn out illness.

"Typhoid is spread by the urine or stool of infected person or carrier, contaminated water, and flies. All water should be boiled milk pasteurized, and toilets should be well protected from flies.

"Typhoid fever can be prevented by a vaccine. Every person who lives in a community where typhoid exists, or who is to travel to place where it may be, should receive this vaccine.

"The Health Department is prepared to give this vaccine to the persons who are not able to afford a private physician. This vaccine includes three doses and is worthless unless the person taking this vaccine receives all three doses."

G & R Grocery Is Opened Here

Clarence Gaussoin and F. E. Redwine purchased the stock of the former Mack's Food Store from Hestand-Kimbell, wholesalers, who bought it at public auction, and have leased the building formerly occupied by that firm. There they have set up a grocery store, to be called G and R Food Store.

Both Mr. Gaussoin and Mr. Redwine are experienced grocery men, having been employed at various Tahoka grocery stores the past several years, and are competent in the business they have purchased. In charge of the meat department is Red Smith who was recently employed by Mack's Food Store in Lubbock.

The store and stock have been thoroughly cleaned and renovated. Fresh produce and meat will of course be offered to customers at all times.

The business was opened Monday morning.

Funeral Services For E. L. Kirkland Held

Funeral Services were conducted by Rev. D. W. Reed of near Grassland Sunday afternoon, September first at the Draw Methodist Church for Earnest Lee Kirkland, who died August 30.

Mr. Kirkland was almost thirty-six years old, having been born at Whitney, Texas, October 19, 1904. He is survived by his parents, Mr. and Mrs. Dave Kirkland, two brothers, C. L. and Gordon, all of near O'Donnell and seven sisters these being: Mrs. Pat McKibben, Mrs. G. C. Maness, Mrs. James A. Melton, Mrs. M. M. Ellis, and Misses Edith and Geneva Kirkland, all of O'Donnell and Mrs. Theo Berry of Whitney. All of these were present. Other survivors included two uncles, six aunts and a number of nieces, nephews and cousins.

Mr. Kirkland was a devoted son and numbered his friends by his acquaintances.—By a Friend.

Twenty Bales Of 1940 Cotton Ginned In Tahoka To Date

Again the cotton season is opening in Lynn county, with a little more than twenty bales ginned in Tahoka up to Thursday night.

Most of this cotton so far, is being placed in the government loan. Very little has sold, and as the staple of these first bales is rather short the price has been a little low, around eight cents. Seed is selling for \$20.00 per ton.

The crop in Lynn county is very spotted this year. Over much of the territory, particularly in the east half of the county, the yield is very light. In the west half of the county, the yield generally will be much better, many fields promising as much as a half or two-thirds of a bale per acre.

Various estimates as to the size of the crop are being made, running all the way from 30,000 to 52,000 bales. Experienced cotton brokers in Lubbock have estimated the crop at 45,000 to 46,000 bales.

Feed crops are likewise varied, but there is much good feed in the county.

Elliotts Attend Democrat Meet

Judge and Mrs. J. W. Elliott, who returned Wednesday from Mineral Wells, where they attended the Democratic state convention as delegates from Lynn county, report some turbulent times during the convention.

Other delegates from Lynn county in attendance were Messrs. D. J. Balch and J. T. Middleton of O'Donnell.

Mrs. Elliott was again honored by being re-elected committeewoman to serve on the state committee for the 30th senatorial district while Judge C. C. Clements of Plainview was elected as committeeman from the same district.

Doyle Settle of Lubbock was a member of the committee on Platform and Resolutions.

The Platform, which was brief and to the point, was heartily adopted by the convention and all nominees except the commissioner of Agriculture J. E. McDonald, were heartily approved.

The purported keynote address was made by Hal Collins of Mineral Wells, but judging by the manner in which the addresses were received, the real keynote addresses were made by Ex-Governor Pat Neff; National Committeewoman Mrs. Clara Driscoll of Corpus Christi; Elliott Roosevelt, son of the President; and Permanent Chairman John Lee Smith of Throckmorton.

Mrs. Driscoll bluntly declared, "There is no such thing as a Willie Democrat in Texas."

While Hal Collins was making his "keynote" speech criticizing the New Deal he was almost booed down and it was with much difficulty that he was finally able to finish his speech, Mrs. Elliott declared.

One of the most delightful social events during the convention was the banquet tendered Gov. O'Daniel and family on the roof of the Baker Hotel.

Judge and Mrs. Elliott report that they met Mr. and Mrs. Taylor White of Odessa at the convention. Mr. White, who was teacher of agriculture in the high school here for five years is the nominee for Representative from Odessa-Midland district.

Wiley And Gene Give Program Here

"Wiley and Gene", popular radio entertainers from Station KFTO, presented a program of music and fun at the High School auditorium Monday night which "brought down the house".

The program, sponsored by the PTA, brought that organization \$11.00 profit, which will be used in furnishing the WPA lunch room.

Clubs Begin Activities For 1940-41 Season Tuesday

Phebe K. Warner, B. P. W. And Legion Auxiliary Meet

Three women's clubs began their new club season at meetings Tuesday afternoon and evening in Tahoka. The Phebe K. Warner club, women's study club and member of the state federation, met at the home of Mrs. J. K. Applewhite, Mrs. J. W. Sinclair was hostess to the Business and Professional Women's club, and the American Legion Auxiliary met at the Legion Hall.

A short business session preceded the program of the Phebe K. Warner club Tuesday afternoon. Mrs. G. M. Stewart gave a report on the summer's work on the public library for Lynn county which is sponsored by the club. She stated that almost 700 books are now on the shelves of the library.

Following the business session, Mrs. Ben Hardy reviewed the novel "The Morning Is Near Us", by Susan Glaspell.

A refreshment plate was served to Mesdames G. E. Turrentine, W. C. Wharton, Pete Hegi, A. L. Pace, E. P. H. Prohl, Woodrow Walker, H. C. Story, Truett Smith, Walter Mathis, T. Garrard III, A. P. Edwards, Hardy, L. F. Craft, G. M. Stewart, J. K. Woosley, R. W. Fenton, Applewhite and Miss Elizabeth McEwin.

Organized Since 1922

The Phebe K. Warner Club has been organized since 1922, and was federated in its first year. Among its projects has been a student loan fund which is available to worthy college students from Tahoka, and the county free library which became an actuality this year after many years of work on the part of the club.

Officers for this year are, Mrs. Truett Smith, president, Mrs. A. P. Edwards, vice-president, Mrs. Walter Mathis, secretary-treasurer; Mrs. H. C. Story, corresponding secretary.

B. P. W. Club Is New

The Business and Professional women combined business with a picnic supper Tuesday night, when plans for the second year's work of the club were discussed at the home of the president.

The club organized and granted a charter by the National Federa-

tion of Business and Professional Women's Clubs last September with the former Miss Olabelle Singleton as president. After her marriage to Gilbert Lamb she moved away, resigning her office though retaining her membership here. This year Mrs. Lamb is district Legislative Chairman. Miss Hattie Server succeeded her to the president's office and served the remainder of the year.

Officers for the new year are Mrs. J. W. Sinclair, president; Mrs. Lenore M. Tunnell, vice-president; Mrs. Helen Eubank, Secretary; Mrs. Lois Daniel, treasurer.

A called business session is scheduled for next Tuesday evening in the home of Mrs. Gladys Stokes.

Present at the Tuesday night meeting were Mesdames Daniel, Eubank, W. H. Fulkerson, A. J. Minor, Inez Knight Stokes, Myrtle Rochelle, Sinclair, and Misses Echo Milliken, Server, Claire Ruth Nichols, Beverly Wells, Ethel Calahan, members, and one guest, Miss Jo Belle Milliken.

Auxiliary Play 42

The Legion Auxiliary celebrated the beginning of the new club year with a 42-party, at the Legion Hall. Watermelon was served at the close of the games.

Officers for this year are Mrs. Noble Winn, president; Mrs. A. M. Cade, first vice-president; Mrs. D. V. Smith, second vice-president; Mrs. J. K. Woosley, secretary; Mrs. N. M. Wyatt, corresponding secretary; Mrs. S. H. Holland, treasurer; Mrs. C. Owens, Chaplain; and Miss Bernice Edwards, flag-bearer.

New Lynn H. D. Club Studies Table

"Family table service can be attractive and orderly if a few simple rules are observed; the left-hand service is most convenient", stated Miss McNatt, H. D. agent, at the meeting with Mrs. R. W. Barton Tuesday, September 3, at 2:30 P. M.

The principles are as follows:

1. Place, pass, and remove all dishes to the left of guest, that is, any one at the table.
2. The exception is that beverages must be placed at the right.
3. One never reaches across in front of a guest.
4. In removing, placing, or passing food, use the hand farthest from the guest. This means the elbow of the waitress is never pushed under the guest's nose.

Mrs. R. W. Barton was elected secretary to take the place of Mrs. Paul Walker, who is teaching in the Tahoka school.

We were proud to have Mrs. F. S. Barton of Coleman as a guest. Members present were: Mmes. R. W. Barton, Susie Bartley, Newman Bartley, Bernie Bingham, C. L. Walker, Claude Roper, Ray Kelley, and Miss McNatt.

Waffle Supper Is Given YWA Monday

The YWA of the Baptist church attended a waffle supper in the home of their sponsor, Mrs. J. K. Applewhite, Monday night.

Members present were Misses Bernice Edwards, Lorene, Reese Robbie Milliken, Joyce Russell, Madeline Russell, Edith and Beryl Robertson, Mrs. Applewhite, and one guest, Miss Dorothy Dyess of Navasota.

NEWLYWEDS VISIT RELATIVES HERE

Mr. and Mrs. Kenneth Godwin of Ropesville visited in the homes of Mr. Godwin's brothers, Grady and J. C. Godwin and families, Sunday, following their marriage in Post Saturday afternoon. Mrs. Godwin was Mrs. Lessie Reese before her marriage.

DRAW METHODISTS FORM WOMAN'S SOCIETY OF CHRISTIAN SERVICE

Twenty-two became charter members of the Draw Woman's Society of Christian Service when it was organized Monday, September 9, with Rev. Jess Young, pastor, officiating at the Enrollment Ceremony.

The purpose of the Women's Society shall be to unite all women of the Church in Christian service; to help develop Christian work among women around the world; to develop spiritual life; to improve civic, community and world conditions.

Officers for the new organization were elected at Monday's meeting. The president, Mrs. Young, urges every one to note the beginning of a new mission study September 16.

McNeely's Attend Family Reunion In Lubbock Park

Mr. and Mrs. J. H. McNeely and family of Southland, formerly of Lynn county, enjoyed a reunion with a few of their friends in the form of a picnic at Mackenzie Park in Lubbock last Sunday.

Present were Messrs. and Mesdames Argyle McNeely, Arlie McNeely and family, and Bill McNeely and daughter all of near Tahoka; Mr. and Mrs. Charlie McNeely of Casper Wyo., Mr. and Mrs. Winfred McNeely of Hobbs N. M., George and Pete Sealy of near Tahoka, Mr. and Mrs. J. L. Hill and John Strong of Tahoka, Mr. and Mrs. Madison Yates and family of Lamesa, Mrs. C. M. Whipp, Mrs. R. A. Shands, and daughter Peggy, and Miss Marguerite Whipp of Lubbock.

Draw H. D. Club Meets At Home Of Mrs. Martin

The Draw Home Demonstration Club met Friday, September 6, in the home of Mrs. Weldon Martin.

Those present enjoyed a very interesting program on The Home and Its Influence on Children.

The next meeting will be on Friday, September 20.

YOUNG COUPLE MARRY HERE LAST WEEKEND

Miss Jewell Young, daughter of Mrs. Jessie J. Young of Tahoka, became the bride of Gordon Clyde Smith of Royston at the home of Reverend J. H. Crawford of O'Donnell Saturday, with Reverend Crawford reading the rites.

On Thursday of last week, Mary Lou Wilkins and D. R. Grayson were married by J. E. Dye, Justice of the Peace, at his office in the court house. The bride is the daughter of Mr. and Mrs. J. E. Wilkins, and Mr. Grayson is the son of Mr. and Mrs. H. R. Grayson of Tahoka. They will make their home here.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that
may appear in the columns of The
News will be gladly corrected when
called to our attention.

Making due allowance for the ten-
dency of the American people, who
are lovers of peace, to become over-
excited by the threat of war, it cer-
tainly does behoove us to take all
reasonable precautions to protect our
land against possible attack by a for-
eign foe. We think, therefore, that
President Roosevelt has done a wise
thing in procuring air and naval
bases on a number of British-owned
islands at the entrance of the Carri-
bean Sea and northward through the
Atlantic at intervals to New Found-
land. With this chain of defenses, we
ought to be able to make it practi-
cally impossible for any European
power to successfully attack us. We
can do this by building a great navy
sufficiently strong to protect us on
both the Atlantic and the Pacific,
supported by a strong air force.

Wendell L. Willkie and some mem-
bers of Congress have been caustic-
ally criticizing President Roosevelt
for making some kind of deal where-
by our government has transferred to
Great Britain fifty of our "over-
age" destroyers. Willkie doesn't ob-
ject to the transfer but he thinks the
deal should have been first submit-
ted to Congress for it to wrangle over
and to play politics over for a few
weeks or possibly a few months. But,
as we understand it, Great Britain
needs those destroyers right now. If
they can help her to stop Hitler, the
sooner the better. If we listened to
some of these objectors, we would
do absolutely nothing to help
the British, making it just that much
more probable that Britain will be
crushed, in which event we might
then have to fight Germany our-
selves. We think it much wiser to
give Britain all the help we possibly
can and stop Hitler in his tracks, if
possible, than to dilly-dally along
and do nothing until we find our-
selves right up against the real thing
some fine morning ourselves. We
are not only glad that President
Roosevelt turned these destroyers
over to Great Britain but we would
be willing to turn others to the
British right now if it would help
them win the war.

The darkest blot on our American
Democracy is the graft and corrup-
tion that characterizes the admin-
istration of municipal government in
numbers of our American cities. New
York has its Tammany, and Philadel-
phia, New Orleans, and other
great cities have had their corrupt
political rings, but just now one of
the most notorious examples of po-

"I believe in the
United States of
America as a
government of
the people, by
the people, for
the people;
whose just pow-
ers are derived
from the consent
of the governed;
a democracy in
a Republic; a
sovereign Nation of many sovereign
States; a perfect Union, one and
inseparable; established upon
those principles of freedom, equal-
ity, justice and humanity for
which American patriots sacrific-
ed their lives and fortunes.

"I therefore believe it is my
duty to my Country to love it;
to obey its laws; to respect its flag;
and to defend it against all ene-
mies."—William Tyler Page.

litical corruption and graft is be-
ing given by the City of Chicago, if
we are to believe published accounts
of what has been taking place there
the last few years. Mayor Edward J.
Kelly and Democratic National Com-
mitteeman Patrick A. Nash are
credited with being leaders of the
ring. All kinds of unconscionable
contracts have been engineered
by them, it is claimed, whereby the
people have been "horn-swoggled"
out of vast sums of the public's mon-
ey. If the published charges are true
they should be in the penitentiary to-
day instead of directing the affairs
of a great city and undertaking to
yield great power in the administra-
tion of the affairs of the nation. Cer-
tainly the President of the United
States should give them no en-
couragement or comfort by accepting
their services in bringing about a
victory for the Democratic party na-
tionally. We can deepen and merit
respect for the Democratic party by
kicking out the crooks, not by
pampering them.

While Hitler has been striking at
Great Britain with ever increasing
fury and destructiveness, yet it has
become reasonably certain that he
can not win the war any time soon
through air assaults alone. While
much British property has been de-
stroyed and many lives taken, yet
comparatively speaking these air as-
saults have scarcely made a dent on
England. The British defensive has
been surprisingly successful. Further-
more, her counter air attacks on
Germany have wrought much dam-
age to her factories and munitions
plants and have even struck terror
to the hearts of many of the resi-
dents of Berlin and other German
cities. And now wintry weather ap-
proaches, when it will become much
more difficult for Germany to strike
effectively at Great Britain from the
air and when an invasion by land
forces will become a practical im-
possibility. It must be dawning upon
the German people by this time,
therefore that Great Britain is not
yet crushed by a long shot. They
must be beginning to realize that
Hitler has fallen far short of the
blustering assurances he has been
giving them now for months. They
must be beginning to realize that
this war is likely to be a long-drawn-
out affair. As it becomes more and
more difficult for them to get food
and clothing and victory continues to
be delayed, we are wondering what
will happen to their morale. We are

Elder Drennon's Notes

A few notes from my new home.
We were received kindly by these
good people and have found some
as good people here as live in good
old Texas.

Politics is getting hot here. The
primary election will be held this
coming Saturday. It seems that the
professional politicians about have
control of this state, according to
speakers I heard last Saturday. One
lady said she wished Brother O'Dan-
iel was running for governor so she
could vote for him, and I said
"Amen" to that, which sounds nat-
ural, I guess.

I am living in an old ranch home a-
bout seven miles out from Fort Sum-
ner. I feed and milk a cow, also feed
chickens, and two coveys of quail
eat with them. It is so dry I have
to feed the terrapins. Two come up
every morning for breakfast. I call
them Jerry Sadler and Ma Fergus-
on, because they run so slow.

The fruit crop in the valley surely
looks good to us. We have had all
the grapes and apples free we could
eat since we have been here, which
is something. We surely enjoy them.
Fort Sumner is about the size of
O'Donnell but I doubt if they do as
much business here as there. The
principal money crop is fruit and
vegetables in the valley and cattle
raising on the up-land. It is so dry
this year that the cattle will have
to be fed heavily this winter.

The family and I get pretty home-
sick at times but we are planning
on being too busy for that this week.
There is enough to do here to keep
two preachers busy.

Some things we miss when we go
to the county seat: Tom Dikes' loud
talking, Mr. Lee's hearty handshake,
Mrs. Tunnell's smile and Sheriff
Parker's gun.

We have never got fixed as to the
change of time yet; we are either
too early or too late. Our time pieces
have not got adjusted to this new
time, but I guess if we stay here as

praying that the Germans may soon
get their eyes open, turn upon their
diabolical deceiver, this interna-
tional hi-jacker, and rend him. Hit-
lerism must be destroyed before there
can be any permanent peace in this
world.

U. S. SELLS SHIPS TO ENGLAND

John Bull says to Uncle Sam,
"Sam, I need fifty of your old des-
troyers which you are not using.
How about trading these old ships
for some land scattered from New
Foundland to South America on
which to build your defense military
bases?"

"All right John, you have made
a trade. You need the ships and I
need the land. These ships are a
little old, but your boys can make
the fur fly with them if they fight
as they used to. Those four inch
guns and 21 inch torpedoes will hit
just as hard as they did in 1922 when
I first built them. There are piles of
ammunition on board of each ship,
so take them and I will send some of
the boys down there to take charge
of the land."

It was a wise deal for both John
and Sam. But Senator Yellowbelly
Swineherd said "It was a bad deal.
It might make Hitler mad at us. We
might get into an argument about it.
Sam ought to have consulted Hitler
before making the trade and get his
consent to the deal."—Uncle Bill in
Sterling City News-Record.

long as we did in Lynn county the
sun will rise and set at the proper
time.

We live near a deserted hamlet
named La Lande. It is seven miles
east of Fort Sumner on the highway
from Clovis, only two blocks north
of the highway; so, if any of our
friends come this way, be sure and
come to see us, as we will be tickled
to see you.

Yours for more people who will do
right when no one is watching.—R.
P. Drennon, La Lande, New Mexico.
(Ed. Note: Fort Sumner is on the
Pecos 75 or 80 miles north of Ros-
well.

"Build-Up" for Women
Helps Avoid Distress

Do you suffer periodically from
headaches, nervousness, irritabil-
ity, cramp-like pain?

If so, here's good news! These
may be symptoms of functional
dysmenorrhea due to malnutrition,
often helped by CARDUI.

CARDUI usually increases appe-
tite and the flow of gastric juice;
so aids digestion and helps build up
strength, energy, physical resist-
ance. Result formany is less periodic
distress. Or you may find this also
helps ease your periodic discomfort:
Take CARDUI a few days before
and during "the time." 50 years of
use and popularity invite your
confidence in CARDUI.

RADIO TUNE-UP

Don't be satisfied with squeaks, squawks,
hums, and blurs from that radio set of
yours. If you're missing top performance,
call on us to put your set in A-1 shape.
Our tune-up locates and corrects every
radio trouble. Satisfaction guaranteed.

My living depends on the
MILEAGE PROVED TO YOUR OWN EYES
BY YOUR CONOCO MILE-DIAL..FREE

BESIDES LIKING THIS TOWN as if it
was part of me, I'm out to make progress.
So I've got plenty at stake in asking you
to come here for a Conoco Mile-Dial, I'll
give you absolutely free.

YOUR MILE-DIAL can't lie about the
real mileage you get from my Conoco
Bronz-z-z gasoline. I bank on the straight
true mileage figures you'll register on this
Mile-Dial I've got here for you free as air.
I'll put it on the dash in half a second.
It's quite a sport my customers say, to let
the Mile-Dial keep close tabs on their
Conoco Bronz-z-z mileage. They like to
do it, even when they've always been so
satisfied they never bothered before.

THEY CAN NOW COMPARE their
city and country mileage on Conoco
Bronz-z-z and they can keep checking
Bronz-z-z under all conditions, to get their
honest average, and no mistakes.

YOU CAN KEEP CHECKING
Bronz-z-z on your free Conoco Mile-Dial,
till you've got the plainest answer about
gasoline mileage. Not just a lot of words I
might say, because with your Mile-Dial
you get actual mileage figures to see. You've
got to admit that the Conoco Mile-Dial
gives the consumer the answer that really
counts, which is mileage. And what'll be
more fun than dialing your Conoco
Bronz-z-z mileage on any Fourth of July
trip you take? So drive in to my station
today, before I might run short, and
let me put on your Conoco Mile-Dial—
ALL FREE.

Embarrassing
Acid Indigestion, Gas on Stomach, Heartburn, are usually caused by injudicious eating or drinking. Try Alka-Seltzer for relief. Alka-Seltzer also relieves the distress of Headache, Colds, Neuralgia, and Muscular Aches and Pains, because it contains an analgesic, (sodium acetyl salicylate). Your druggist sells Alka-Seltzer in handy packages and by the glass at his soda fountain. Try it.

Alka-Seltzer

Odds and Ends See Eye the Elder

We had a somewhat singular experience last week respecting this column. As usual, we wrote it a little ahead of time, turning it in to the Linotype operator on Saturday. We had chosen to write about the only three Texans who had served in the cabinet of a President of the United States one of whom was David F. Houston. It was put into type on Monday. The daily papers Tuesday morning brought the news of the death on the day before of this same David F. Houston and carried a picture of the distinguished ex-cabinet member. Many former students of the University and of the Texas A. & M. College will remember him kindly, some of them gratefully.

There was another distinguished Texan of the eighties and nineties that Texas apparently has almost forgotten. How many of you remember old "Dick" Hubbard? You will find his name in your histories as Gov. Richard B. Hubbard. It was in the nineties that we heard him speak. He was a portly gentleman and wore a handsome white beard, as did most men of that generation, and it helped to give him a distinguished appearance. Hubbard was both eloquent and humorous as a speaker and had no difficulty in entertaining an audience.

He was lieutenant governor when Governor Richard Coke was elected to the U. S. Senate and resigned the governorship on December 1, 1876. He served out Coke's unexpired term and was then elected governor for another term. Some time after Grover Cleveland was elected President of the United States, he appointed "Dick" Hubbard as minister to Japan. It was after Hubbard had returned from Japan that we first saw him and heard him speak. He referred to his official position at Tokyo correctly but somewhat facetiously as "Minister Plenipotentiary and Envoy Extraordinary" of the United States to the Flowery Kingdom, and with much vividness and humor he described how, on occasion, the volcanoes of Japan would begin to bow and scrape in his presence and belch forth a lurid welcome.

Hubbard was a resident of Tyler but it was at Moody in the blackland belt that we heard him speak. He started by addressing the audience as his "black-waxie friends"; then he made a mock apology by explaining that he meant his friends of the "black-waxie region" of Texas. It was the first time we had heard that old "saw", and it stuck.

Do any of you gray-haired boys remember the stunt that Buck Kilgore pulled away back in the eighties or

nineties? It was a stunt that brought him national notoriety. Buck was a congressman from some district in East Texas. He wasn't from the cow-country but we have an idea that he wore high-heeled boots, and he was independent and bold enough to look out for No. 1. He was a member of some committee of congress that went into secret session one day and locked the doors. Old Buck happened to be on the outside. He banged and hammered on the door but got no response from the inside. Finally he got mad and whistled loose and kicked the door down. It threw the committee into consternation and confusion and brought Buck Kilgore's name into the front-page headlines of every daily newspaper in the country. But he never had to kick another door down.

All candidates in those days were nominated in conventions. These conventions sometimes were very tumultuous affairs. Often there was much trading and trickery and not infrequently there was a split or a bolt. Of course they were run by shrewd politicians. But even many men from the "forks of the creek" became versed in parliamentary procedure and the art of running conventions.

It was the trickery so often practiced and the growing power of special interests in the manipulation of conventions that created the sentiment for the primary election method of nominating party candidates, which was adopted in the nineties.

We still favor the primary election method, particularly for the nomination of the chief officers of state, but we are inclined to believe that the convention method would still be better for nominating candidates for judicial and minor offices.

To say the least of it, we seldom had pigmies in the Governor's Mansion or in the Attorney General's Office or on the higher courts when the convention system was in vogue. Call the roll of our governors following carpetbag days and you will see that this is true: Richard Coke, Richard B. Hubbard, Oran M. Roberts, John Ireland, L. S. Ross, James Stephen Hogg, Charles A. Culberson, Joseph D. Sayers, S. W. T. Lanham—there was not a pigmy in the bunch.

We have had some big men for governor since—and some of the other kind. But the people get what they vote for, and we are in favor of letting them vote, except as to nominations for those offices in which they usually take little interest and have little opportunity to gather in-

formation respecting candidates.

Possibly a better alternative than that of abolishing or restricting the party primary is the movement to educate all of our school children in the matter of civil government. Our schools have offered courses in civil government for many years but as a rule this subject has been given minor importance.

We note that the passing of an examination on the Constitution of the United States and the Constitution of Texas is now being required before a pupil can graduate in the high school. That is fine!

We believe that these courses in civil government should be made rigid and thorough. We are thinking how much better prepared for the exercise of our political duties and for the battle of life we and children of our age would have been if we had been thoroughly grounded in these subjects while students in the public schools or the private high schools of that day.

Besides, this is a day when we need to know the advantages that a democratic form of government has over an autocratic or totalitarian form of government, when we need to get a fresh appreciation of the fundamental personal rights guaranteed to every citizen of this country by our Federal and State constitutions.

Teach these fundamentals thoroughly to every school child, teach him also about the oppressions and tyranny borne by the masses of the people in every dictator nation under the sun, inspire him with a patriotism that is based on intelligence, keep the flag and what it means ever before him, and then we can all join in singing with confidence these lines from Longfellow:

Thou, too, sail on, O ship of State!
Sail on, O Union, strong and great!
Humanity with all its fears,
With all its hopes of future years,
Is hanging breathless on your fate!

CONSTIPATION

Adlerka, in the famous SILVER color bottle contains 3 laxative ingredients to give a more generally BALANCED RESULT on both bowels, and 5 carminatives to soothe and warm upset stomach and so ease gas pressure. Relief is prompt, usually two hours or LESS.
WYNNE COLLIER, Druggist
TAHOKA DRUG

We know what Master laid thy keel,
What workmen wrought thy ribs of steel
Who made each mast, and sail,
and rope
What anvils rang, what hammers beat,
In what a forge and what a heat
Were shaped the anchors of thy hope!
Sail on, nor fear to breast the Sea!
Our hearts, our hopes, are all with thee,
Our hearts, our hopes, our prayers,
our tears,
Our faith triumphant o'er our fears,
Are all with thee—are all with thee!

Kirkland Kin Explains Shooting

Calling attention to some errors that appeared in our story last week of the fatal shooting of Ernest Kirkland by H. H. Williams in a melon patch just over the line in Terry county west of Newmoore C. L. Kirkland, brother of the victim, gave us Saturday his version of the affair.

In the first place, Ernest's initials were E. L. and not W. E., and his age was 35. Williams' initials are H. H. instead of W. W. as given by us last week.

Furthermore, C. L. says that his brother did not have a melon in his arms when shot, that Williams did not assist in placing the wounded man in a car, that his brother was not taken to a small house near by, where he died, but that he died within fifty yards of his own home seven miles from the place of the shooting, that Sheriff B. L. Parker nor any other "law" had ever warned the Kirklands against stealing and finally that burial of deceased was on Sunday afternoon and not on Saturday afternoon as stated in the News.

The error as to the time of the burial was our own, but the other statements contained in our story were made to us by an officer of the law and we presumed that they were correct.

Here is C. L. Kirkland's version of the affair. "At supper time, something was said about getting a melon for our mother. After supper my brother Ernest, another brother, Gordon, and I got in a car and started out to get one, intending to buy it. When we got to Williams' place, Ernest said that there was a melon patch there, that he had seen it a few days before, and that we could get a melon there. One of us suggested that Williams might object, but we finally decided that surely he would not object to us getting just one or two melons for our mother as he had such a large patch.

"Ernest and I went out into the patch about fifty yards and turned and started back. We had gone back about fifteen steps when Ernest hit a melon with his foot. He stopped and felt of it and said he believed it was ripe and pulled it. He gave me the melon and I carried it down almost to the end and laid it down. Just as I laid it down and raised up, the shot was fired. My brother hollered and told Williams not to shoot, that he was already shot. I ran to my brother and grabbed him and held him up until we walked to the road. I told Williams that I was going to have to take him to a doctor, and about that time my brother drove up in the car. I told my brother to open the door and let's put him in the car. We put him in the car and I told my brother, Gordon, to rush and let's get him to a doctor as quick as possible. Williams said, 'Yes, take him to a doctor'.

"He died on the way home about four miles east and three miles south of where the shooting occurred. He died in fifty yards of his home. But I could not realize that he was dead. At my father's house, where Ernest lived, my father got in the car with us and we hurried on down three quarters of a mile to G. C. Manis' house to get a faster car. There we put him into the other car, turned on the light and then saw that he was dead. We took him back to his father's house. D. A. Kirkland's, where the inquest was held.

"That was the first time we had ever been in the melon patch. Sheriff Parker had never warned us, as stated in the paper, nor had any other law."

Mrs. Val Morris was released from the hospital and has been home several days, her condition much improved.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

BURROUGHS RETURN

Leaving here by rail, August 8, and returning September 6, Mr. and Mrs. T. B. Burroughs are telling friends of their vacation which included: Niagara Falls, a part of Canada, then to New York and the World's Fair. Five days were spent there and a sight-seeing tour of New York included China-town and many other interesting places.

Three days were spent in Washington D. C. where they visited Mt. Vernon, the Smithsonian Institute, grave of the Unknown Soldier and other interesting places, the beautiful Union Railway station being especially interesting. They also enjoyed the Blue Ridge Mountains of Virginia.

A few days were spent in St. Louis and some time was spent among Mrs. Burroughs' relatives at Carruthersville, Mo. At Dallas and at La Rue, Henderson county, a few days were spent with Mr. Burroughs' relatives from whence they returned to Tahoka, finding that coming home was almost as big a thrill as was leaving.

BROWNFIELD BAPTIST ASS'N MEETING IN O'DONNELL

The Brownfield Baptist Association, embracing the major parts of Lynn, Terry, Yoakum and Gaines counties, and including about thirty churches within its bounds, is meeting in annual session in O'Donnell on Thursday and Friday of this week.

Possibly two hundred messengers from the various churches are in attendance. Many people are attending all or a part of the sessions.

At this associations, reports from the various churches are given setting forth the work that has been accomplished during the association year. Numerous matters relating to the work of the church are also discussed and appropriate or desirable resolutions adopted.

Devotional services are held and regular religious services conducted in connection with the other work of the association, and some of the programs are very informing and inspiring.

The annual association is always a great event in the life and work of the Baptist denomination.

ROYAL SERVICE PROGRAM

The monthly missionary lesson from Royal Service was on the subject "To the Jew First", and those having parts on the program at the First Baptist Church Monday afternoon were: Mrs. E. I. Hill who directed the program and Mmes: P. Coleman, J. L. Nevill, W. H. Kenley, K. R. Durham, Carl Owens, C. T. Oliver, A. J. Edwards, H. D. Henderson and W. Fortenberry. Others present were Mmes: H. B. Howell, C. S. Greathouse, P. W. Goad, George A. Dale, T. T. Ivey, P. A. Nowlin, S. H. Holland, J. R. McIntyre, Coy Fielder, H. M. Snowden, and Miss Elizabeth Preston.

Mrs. Dale called our attention to the meeting of the Brownfield Baptist Association in O'Donnell on Thursday and Friday of this week urging that as many go as could do so.

Mrs. Pennington discussed the coming of Mrs. Lockett next Monday afternoon saying that we are inviting the Baptist women of Central, New Home, and all other nearby rural churches to attend Mrs. Lockett's lecture. The Tahoka colored W. M. U. has been invited, also.

It is believed that Mrs. Lockett's talk will be of special interest to them, since she has worked so long in the mission field of Africa.

CARD OF THANKS . . .

We wish to take this means to thank all those who were so kind during Mr. Spruiell's recent illness. Mrs. and Mrs. Clyde Spruiell

Building Stock Water Ponds

How and where to build farm ponds, and how to make them work properly after they are built is told in an illustrated leaflet recently issued by the Soil Conservation Service.

The leaflet, "Conserving Water in Farm Ponds," was prepared by J. D. Parsons, an experienced agricultural engineer. Free copies may be obtained from the local county agent or by sending a postcard to the Soil Conservation Service, Amarillo, Texas.

In addition to being well illustrated with photographs and diagrams, the leaflet contains information on the following subjects: Steps in building the farm reservoir, selecting the location, constructing the fill, constructing the spillway, protecting the reservoir area, dams across small streams spring improvement and maintenance, mistakes commonly made.

In the opening paragraphs of the leaflet the author points out that many stock water supplies dry up in the heat of summer time, just when farmers need them most, usually because they have been constructed improperly.

Stock water ponds furnish most of the water for livestock on ranches in Borden county as underground water is not available in many places. Approximately 200 ponds have been built on the Johnson, Clayton, Orson, and Dean ranches which not only furnish ample stock water but they contribute to the increase in wildlife. Many of the tanks are stocked with fish that furnish a limited amount of good fishing for those who are permitted to fish on these ranches.

FISHING RESULTS

Mr. and Mrs. H. R. Tankersley, Mr. and Mrs. Ivan McWhirter, Joe and C. T. Tankersley, all of West Point and Mr. and Mrs. Roy Taylor of Sand, who recently enjoyed a fishing trip down on the Clear Fork at Lueders, say they found a fine fishing place and caught about fifty pounds of fish.

Besides the delights of camping out and fishing their trip was made more enjoyable by Jess Eubanks and some of his friends who visited the Lynn County folks and did everything possible to make them have a good time.

Mr. and Mrs. Terry Noble joined by Mr. and Mrs. Bill Tillson of Brownfield, returned Monday night from a two weeks' vacation. They spent the first week fishing at Creed, Colo. after which they visited Salt Lake City, and the Grand Canyon, Phoenix and Flagstaff, Ariz., and other points. At El Paso they visited Welton Noble who is one of Uncle Sam's men at Fort Bliss. Of course they saw Juarez, too.

Mrs. Val Morris of 1612 Seventh Street, Lubbock, formerly a resident of Tahoka, is a patient at the Plains Hospital, where she is recovering from major surgery performed Saturday, August 31, but her condition for several days was very grave. Mrs. Morris is the mother of Miss Willie Chappell, who is now employed as Junior Clerk and Stenographer for the Ropesville Farms Project, Ropesville.

Eagle Sniper To Lead Attack on ACC

JOHNNIE RIOLA

DENTON, Texas—When West Texas fans converge on Midland September 21 for the North Texas State Teachers College-Abilene Christian College gridiron battle, they will be looking for Johnnie Riola, 155-pound Denton quarterback who passed the Eagles to a 9 to 0 triumph over A. C. C. last fall at Sweetwater. This was but the start of Riola's passing bombardment which blasted the Eagles to the Lone Star Conference title with an unblemished record.

Once more Riola will be on hand with his accurate passing and kicking and his swivel-hipping running. And to add further worry to the Wildcats this year will be the fact that the little sniper's two best receivers of last fall's A. C. C. tilt, James McDaniel and Forrest Covin, will also be on the Midland turf. It was a pass from Riola to McDaniel which gave North Texas the only touchdown of last year's skirmish, and it was a 40-yard heave from Riola to Covin which placed the ball in position for Denton's third quarter field goal.

Playing his final season for the Green and White, Riola is expected to experience his most successful campaign yet. Last year the black-haired little Temple youth won all-Lone Star Conference selection in a poll of the circuit's coaches and sports scribes, and was given honorable mention on the Associated Press's Little All-American.

Mmes. Garland Pennington, Geo. A. Dale, Carl Owens, J. M. Scott, J. L. Nevill, W. M. Harris, S. H. Holland, H. L. Roddy, and Miss Margaret Preston, together with other Baptist women of the County attended the Annual Business meeting of Associational W. M. U. at Brownfield last Thursday.

The county Home Demonstration Council will meet in the county courtroom of the courthouse Saturday afternoon at 2:30 in a business session, Maurine McNatt announces.

Mr. and Mrs. Bert Dollins and children have moved back to Tahoka and are running a cafe in the Finch Grocery building in the gin district.

Burleson . . .

Continued from Page 1

feeds of various types. From the time maize heads, for instance, are taken from the farmer's or trucker's vehicle until the finished product is sacked will require only four minutes per ton.

The plant is one of the largest and most complete in West Texas, and one in which the citizens of Tahoka as well as the owner, take pride.

The building, located a short distance north of his office and feed grinding buildings, is 80 x 132 feet in size, built of sheet iron with concrete floor. It will provide storage room for about 48,000 sacks of feed, in addition to the two big 60,000-pound capacity grain bins, and the necessary room for machinery.

To operate the machinery there are eight electric motors, two of 75-horse power, one 50 h. p., one 40 two 30, and two 10.

Feed is taken from trucks by means of suction system, somewhat like that of a gin. The headed grain first goes through a separator which extracts the grain. The grain, taking one course, is cleaned and run into storage bins or into sacks. The pumies, on the other hand, take another course through a cleaner, grinder, and then into a mixer where they are mixed with a molasses compound to form a fine cow feed. Ordinarily in grinding feed, these pumies are a waste product, or have little value as feed, but when ground and mixed with other products necessary to the animal's diet they become a nutritious component of the feed.

The feed plant is separate and distinct from the custom feed grinding plant, which will operate in the future as in the past.

Since this is a feed and livestock raising section, Mr. Burleson believes there is no reason why feed raised here should be shipped to Kansas City, Fort Worth, or even Lubbock, and then back to Tahoka as a commercial product for sale back to the farmer and livestock raiser.

His products will be on the market here just as soon as samples are sent to A. & M. College laboratories for analysis and approval.

Lamar Godwin, son of Mr. and Mrs. Grady Godwin, underwent tonsillectomy Thursday of last week in the office of a local physician.

Preceding and following a family reunion at Mackenzie State Park in Lubbock on September 1, Mr. and Mrs. Sam Holland had as visitors several of their relatives including Mr. and Mrs. Joe Doggett of Coleman and Mr. and Mrs. Dan Moarjaty, Mr. and Mrs. Elmer Doggett and two children and his mother Mrs. Josie Doggett all of Fort Worth.

Besides Mr. and Mrs. Holland and Dorothy other Lynn county relatives attending the reunion were the Paul Johnson and O. E. Overman families. Relatives also attended from Abilene, New Mexico and other points.

Let reverence of the law be breathed by every mother to the lisping babe that prattles on her lap; let it be taught in schools, seminaries and colleges; let it be written in primers, spelling books and almanacs; let it be preached from pulpits and proclaimed in legislative halls, and enforced in courts of justice; in short, let it become the political religion of the nation.—Abraham Lincoln.

Mr. and Mrs. W. F. C. Brown of Meridian, Mississippi, left Tuesday after a few days visit here with Mr. and Mrs. H. M. Snowden and family. Mrs. Brown is Mr. Snowden's niece. While the Browns had been as far west as Abilene before, this was their first trip to the plains.

RANDOLPH RUTHERFORD BUILDING HOME

The foundation is being laid for a new home for Mr. and Mrs. Randolph Rutherford on Porterfield Street one block west of the Sunshine Inn.

It will be a five-room structure with bath room, finished with redwood siding, elegantly finished inside, and equipped with all modern conveniences. It will be one of the better type homes to be found in Tahoka.

Work was begun this week and will be rushed to completion.

Health Unit Offers Sanitation Service

"Sanitation facilities on the farm and on the camping areas in our towns should be checked and made satisfactory before the arrival of migratory farm laborers for the coming cotton picking season", Dr. W. S. Brumage, Health director, announces.

The several cases of typhoid fever in this county this year have all shown a history of having lived or visited on premises which, upon investigation, were found to have unsatisfactory toilet facilities and unprotected water supplies, Dr. Brumage explains.

An outdoor toilet which is open to flies, rats and fowls, and which is used by the visitors and migratory laborers as well as the farm family, is recognized by health authorities as a real menace to the health of the community. Such a method of disposal has been found to be prevalent in areas where typhoid fever and other filth-born diseases originate.

A safe water supply from standpoint of sanitation should include a well which is sealed against water infiltration storage tank. The average farm well with no surface protection against storm water, dust, and rodents, is potentially dangerous.

A safe waste disposal should include the use of a fly and rodent-proof type privy where a water-type system cannot be made available.

Dr. Brumage stated that the local Unit Sanitation department will furnish without charge plans, specifications, and other information relative to a properly protected water supply and a safe waste disposal for private homes.

Walter Breedlove, Sanitary Engineer, and Jeff Reese, Jr., Sanitarian will at any time consult with anyone about their sanitation problems. They may be contacted at the local Health office in the Court House or by mail at Box 472, Brownfield.

Sam Blair who has been with the F. S. A. office here left Sunday for his home at Levelland where he has accepted a position as first Deputy in the County Clerk's Office.

On Panhandle Old-Settlers Program

AMARILLO Sept. 11—The original Northwest Texas Pioneer—the redman—will be honored on the occasion of the annual meeting of the Panhandle Old Settlers Association, Wednesday morning at ten o'clock September 18, when residents of this section for 25 years or more convene at the Tri-State Fair.

Whereas in the past it has been the custom to dedicate the program to the White Americans, at this time the First Americans will receive this distinction. It is planned to have an ALL INDIAN program. Every person having a formal part will be of Indian extraction, and will appear in full costume.

Both of the main speakers of the day participated in the Adobe Walls Battle, June 27, 1874. John Otterby

Chief Lean Elk—Cheyenne Indian, born at Fort Laramie Wyoming, in 1864, was with the Buffalo Hunters and was in the Adobe Walls fight on the side of the whites, and against his people. Dr. Joseph K. Griffis—Tahan, reared by the Kiowas, fought against the Buffalo Hunters.

Chief Lean Elk, Indian interpreter, Scout and Delegate to Washington, came to the Panhandle as a boy of ten years. He hunted buffalo and lived with the hunters until the cattlemen came. Later he served under General Sheridan as an interpreter, then a scout teacher farmer, and delegate from the Indian Commission to represent his people in Washington.

Panhandle Old Settlers will have the privilege of hearing both of these

distinguished First Americans Wednesday morning, September 18, at ten o'clock at the annual meeting. Any person living in the Panhandle for twenty-five years is eligible for membership. The registration fee of \$1.00 takes care of a life membership and entitled one to the Old Settlers' badge. The Panhandle Old Settlers Association is one of the oldest, if not the oldest organization in the Panhandle. The badge designating membership will be your admittance to the Fair Grounds on Wednesday. The following are current officers: Floyd V. Studer, President; John B. Archer, Secretary; Mrs. Olive K. Dixon, Mrs. W. H. Patrick, John McKnight and Ed Baird are Vice Presidents.

Baptist Ass'n Is At O'Donnell

The Brownfield Baptist Association now in two-day session in O'Donnell is being well attended this year according to messengers who attended Thursday's session. The Tahoka Baptist Church was represented by twenty-seven members and the pastor and other churches of the county seemed proportionately well represented. Thirty-one of the thirty-four churches of the Association had sent messengers Thursday.

Rev. J. S. Rankin of Seagraves was elected Moderator and also preached the eleven o'clock sermon. Some committee reports were heard and representatives of Buckner Orphans' Home, Howard Payne and Wayland College spoke. J. Lowell Ponder, District Missionary and W. Y. Pond, State Evangelist also appeared on the program. Mrs. B. L. Lockett, was the main speaker on the night program after a playlet on the life of Ruth given by the New Home Y. W. A.

Mr. and Mrs. M. M. Boyd and daughter Marian of Amarillo were here Sunday visiting Mrs. Boyd's parents, Mr. and Mrs. W. L. Knight. Miss Marian remained with her grandparents a few days before entering the Texas Tech. She enters as a Junior, having completed two years of work in the Texas State College for Women at Denton.

Mr. and Mrs. H. M. Snowden and their visitors from Mississippi Mr. and Mrs. W. F. C. Brown, visited relatives at Littlefield Sunday.

Farm Loan Ass'n. Observes Birthday

Another milestone in the progress of the Tahoka National Farm Loan Association will be passed September 14, 1940 when the members get together for the 1940 annual meeting of the Association. The meeting will be held at the County Courthouse, according to Dean Nowlin, Secretary-Treasurer.

Organized in 1918 the association now has 516 Federal Land Bank loans outstanding aggregating more than \$1,515,025.00. In addition, 376 Land Bank Commissioner loans amounting to approximately \$670,700.00 are in force.

In addition to important reports, election of directors, and other business matters scheduled for the meeting, Mr. Nowlin said, there will be an excellent program featured by an address by Mr. Joe Breed of the Federal Land Bank of Houston.

All members are urged to attend this meeting and others who are interested in the continued progress of this cooperative farm mortgage system are invited to attend.

Mr. and Mrs. K. F. Knight and daughter Irma Beth of San Angelo came up Sunday to spend the week visiting Mr. Knight's parents, Mr. and Mrs. W. L. Knight, here and Mr. and Mrs. J. E. Nance on their farm in Borden county.

Mr. and Mrs. J. R. Sikes of Waco left for their home Tuesday after a visit of several days with his mother, Mrs. W. E. Sikes, and other relatives here. Mr. Sikes made pleasant call at the News office Saturday. He has a position in a bank in Waco.

Memorial Services For V. O. Stamps

Memorial services in honor of the late V. O. Stamps, noted Texas singer who died in Dallas suddenly on August 19, will be held in O'Donnell Sunday afternoon at the First Baptist church, starting at 2 o'clock.

The services are expected to attract persons from over a wide area as the late singer has visited this section many times and made many friends.

VETERANS REUNION TO BE HELD IN FORT WORTH

H. O. Hargett recently received the following communication from John A. Hulch, President of the 36th Division, Veterans Assn.

Your annual Reunion will be held this year on Saturday and Sunday, October 5th and 6th. As in the past, the Texas Hotel will be headquarters. Municipal Auditorium, the place of our Memorial exercises and business meeting, and Pioneer Palace our dining room.

It would be a good patriotic demonstration to the people of Texas and Oklahoma for the 36th Division Veterans Association to have its greatest meeting this year—so make every effort to attend and urge all of your War-time comrades to do likewise.

Bring the members of your family because there will be entertainment for all. The Women's Auxiliary is already perfecting plans for enjoyable affairs.

The registration fee will be \$1.00 as has been the custom and will cover the cost of the Reunion, excepting the Banquet to be held Saturday night preceding the annual Dance. You will recall the banquet was voted for last year and will cost \$1.00 per person. Tickets for the banquet will be available at the Registration Booth. Details of the entertainment you may expect will be given you later.

I would appreciate your dropping me a letter or a postcard telling me that you are going to attend this year.

CITATION BY PUBLICATION

The State of Texas,
County of Lynn.

To unknown heirs of hereinafter described property, Defendant, and all other proper persons, including all record lien holders, owning or claiming, or both, any interest in the land or lots hereinafter described, same being delinquent for taxes to State of Texas and County of Lynn, Plaintiff, and taxing units in said State herein implicated by plaintiff (and taxing units heretofore having intervened in this suit).

And you are hereby commanded to be and appear before the Honorable District Court of Lynn County, Texas, at the next regular term thereof, to be held at the Court-house of said County, in the city of Tahoka on the 4th Monday in September A. D. 1940, the same being the 23rd day of September, A. D. 1940, to plead and answer plaintiff's petition, filed in said Court in a certain suit Number 426 and then and there to show cause why judgment should not be rendered against you, and said land and lots sold under foreclosure of lien to satisfy the following taxes being delinquent on the said property, to-wit:

Taxing Unit, The State of Texas; To Whom Assessed, Unknown;

DALE HOLDS VERY SUCCESSFUL REVIVAL

Rev. George A. Dale spent last week at Quitque conducting a revival meeting in the Baptist Church there. He remained over Monday to baptize the converts, of which there were sixteen. There were also four additions by letter.

The pastor reports a great spiritual revival. One man, he says, made a profession of faith after the meeting had closed and hastened to the post office Monday morning to make application for membership into the Church. His application was received and accepted at the baptismal service and he was baptized along with his little daughter and the other converts.

The Quitque Church has no pastor at the present time and the visiting preacher was in full charge of the services.

Of course he brought back some good word from Mr. and Mrs. Roy Leslie, who for a long time were residents of Tahoka. He says they are among the most faithful and active members of the Church there.

Description, Abstract No. 384, Certificate No. 35, EL&RR, 160 Acres, NE 1/4; Years Delinquent and Amount, 1922, \$18.36; 1923, \$18.65; 1924, \$20.72; 1925, \$14.44; 1926, \$19.44; 1927, \$19.60; 1928, \$22.08; 1929, \$11.92; 1930, \$12.32; 1931, \$11.92; 1932, \$12.56; 1933, \$12.56; 1934, \$11.36; 1935, \$11.36; 1936, \$10.32; 1937, \$10.32; 1938, \$10.32; 1939, \$10.32, aggregating Two Hundred Eighty-Five & 57-100 Dollars, together with all interest, penalties and costs allowed by law.

ANNIVERSARY SERVICES AT BAPTIST CHURCH NEXT SUNDAY

Since next Sunday will be the sixth anniversary of Rev. Geo. A. Dale's pastorate here, there will be special anniversary services at the Baptist Church next Sunday, at which time the pastor will recount some of the achievements of the church since his coming.

Of course all members of the Church are urged to be present and the public generally is cordially invited.

Rev. and Mrs. Dale came here from Madill, Oklahoma, where he had been pastor five years. Prior to that he had served churches in Hunt county. He has been very successful in the ministry wherever he has served and has done a fine work with the Church here.

In addition to a healthy increase in church membership and Sunday School attendance, he has led in the building of the splendid superstructure of the Church here, which is now one of the best church buildings on the south plains.

You are invited to worship at the Baptist Church next Sunday.

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

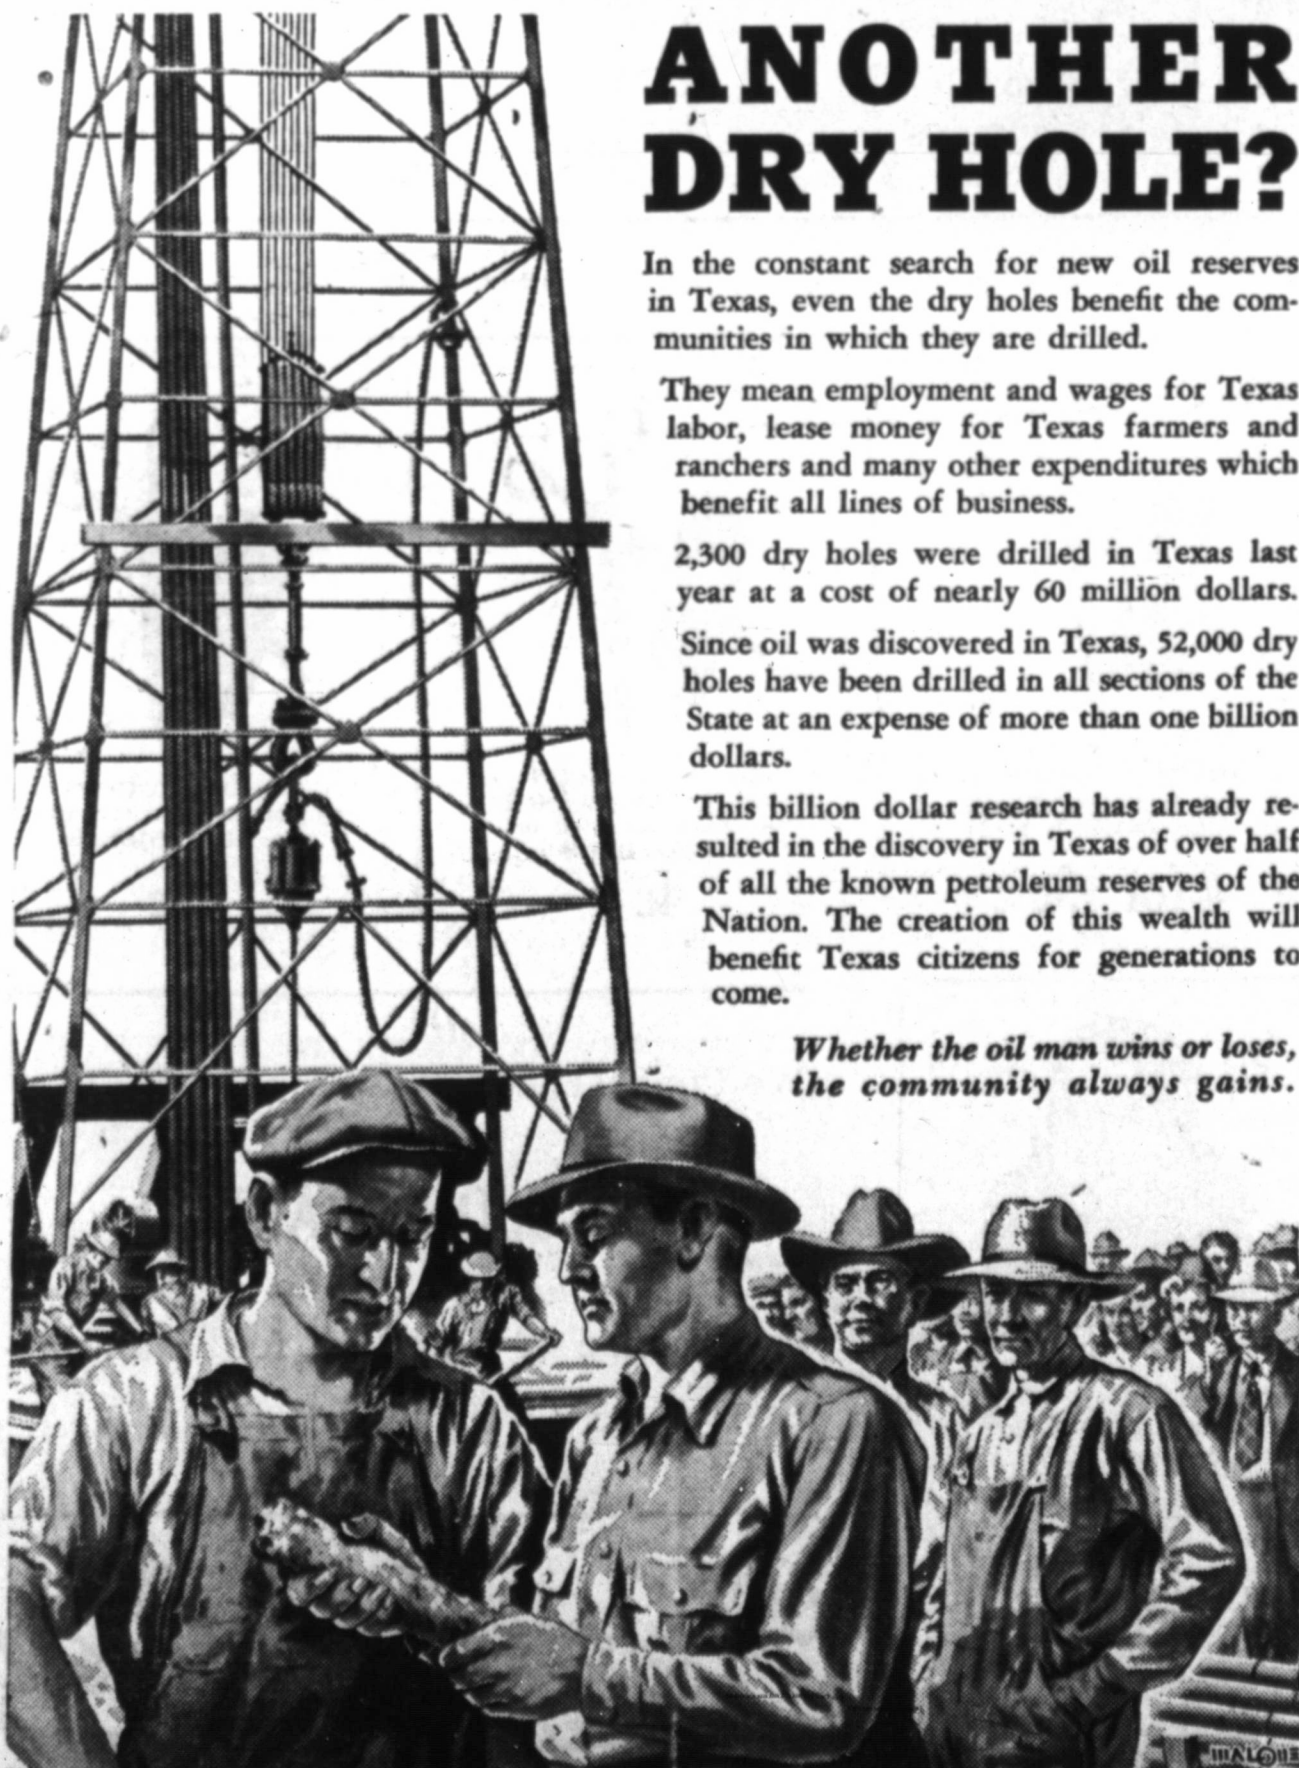

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars.

Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

Whether the oil man wins or loses, the community always gains.

Trash Haulers Pay Fines For Fighting

G. O. Threet and Mutt Sessoms each paid fines and the former received treatment in a Lamesa hospital following an encounter Saturday afternoon between the two.

Sessoms, a last year's golden gloves fighter who recently turned professional, is associated with his father-in-law, Oliver Green, in the trash hauling business. Threet is a competitor. The argument started over the accusations of one that the other was "cutting in" on his customers. Threet is said to have cursed Sessoms, who hit him in the face, knocking him to the pavement.

Threet suffered a dislocated collar bone at the outer end. He was carried to the office of a local physician, who accompanied him to the Lamesa hospital and set the bone, placing it in a plaster cast. Both were fined by Justice of the Peace Jim Dye.

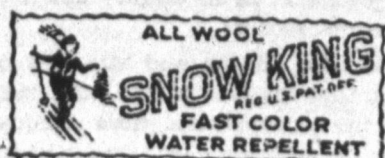

New Tech Dorm Work Started On

LUBBOCK, Texas, Sept. 11.—Excavation of basements for the new women's dormitory at Texas Technological College has been completed and concrete work begins next week. W. G. McMillan, contractor, announced.

Approved by the Texas Tech board of directors in August, work on the residence hall to house 320 women students began August 12. The building, which is identical with a men's residence hall completed last fall, will be completed in September, 1941.

Mr. and Mrs. Halsey Eubanks and son James of Slaton visited in the home of Mr. and Mrs. E. I. Hill Sunday. Mr. Eubanks and Mrs. Hill are cousins.

CHURCH-TAHOKA

The Missionary Study "The Up-rooted Americans", or "The Migrant Problem" is very interesting. The first lesson was taught by the Study Supt., Mrs. R. W. Fenton, Sr. Mrs. E. R. Edwards taught the second lesson and Mrs. James Clinton taught the third. Last Monday 17 ladies were present.

Mrs. E. Prohl will teach the next lesson.

Of the three quilts quilted by the society recently two were sent to the Orphans' home at Waco. The third quilt had been pieced and furnished by Mrs. Harris, mother of Mrs. C. A. Thomas as a surprise gift for the pastor's wife. After the ladies had quilted it it was presented to Sister Turrentine.

CHURCH-DRAW-GRASSLAND

All the ladies of the Grassland Methodist Church are invited and urged to be at the church Monday, September 18th, at three P. M. for the organization of the Woman's Society of Christian Service.

Our women are doing a great work in helping to bring in the kingdom of God. Won't you come and be a Charter member of a society which is blessing the world in such a great way? The program will be interesting and helpful.—The Pastor.

Mmes. E. R. Edwards, J. P. Millman, W. C. Mathis, and W. M. Mathis attended a Methodist Missionary Zone meeting in Sparenburg on September 4th.

SINGING CONTESTS AT COLORED CHURCH FRIDAY

A big singing program featuring quartet singing, solo contests, and congregational singing will be given at Pleasant Grove Baptist Church colored, here Friday night, according to Rev. O. D. Hollins, the pastor.

All white folks are cordially invited.

A small admission charge of ten cents for adults and five cents for children will be charged.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless. A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

Congratulations,
Jim Burleson!

PROMINENT NEWMORE PEOPLE WED

Belatedly the News has learned of the marriage of A. D. Marshall of the Newmore community and Miss Mae Duncan, a prominent teacher in this county for the past several years, which event occurred on Thursday, August 29.

The wedding vows were taken by the couple in Lampasas, following which they went on a wedding trip, and returned to this county just a few days ago. They are residing in the Newmore community.

Mr. Marshall is the son of J. M. Marshall of that community and has been a resident of this county about ten years. Mrs. Marshall taught at T-Bar in this county five years and has been teaching at Newmore the past two years. She came from Florence to this county.

The couple expect to make their permanent home in this county.

Mr. P. Clinton is very seriously ill. He has been ill since last summer, but this week his condition has grown worse.

MONAHANS' GREEN WAVE IS REALLY GREEN NOW

MONAHANS, Sept. 5.—A squad of 30 boys, including seven lettermen, are working out daily on Sealy Field as Coaches Roger Cundiff and Ike Hanscom prepare Monahans Green Wave, greener than they like this year, for the gridiron wars of rowdy District 7-A.

Of the seven lettermen, only three were starters on the 1939 team which dropped the district title to Pecos on penetrations. Capt. Bill Andrews, 200-pound tackle; Pat Ellithorpe, lanky center and Scott Ellis, fleet-footed back for the nucleus around which the coaches must build. Other lettermen are Gilbert Wallace, Vic Fielding, Gerald Funk and Milton Cox.

The Monahans schedule lists Diamond Hill of Fort Worth at Monahans on the night of Sept. 21.

Mrs. L. G. Thuet and Mrs. Alvin Young and little son, Tommie Jay, were Monday visitors here with their sister and Aunt, Mrs. W. H. Kenley and Mr. Kenley.

Coming Clean! . . . by Squier

First Texas Demo Contributions Are Being Received

Austin, Sept. 12 (sp).—First Texas contributions to the 1940 democratic presidential campaign were being received at state campaign headquarters here during the first week of the drive while Director Myron Bialock, national committeeman, predicted the next seven weeks prior to the November election would see Texas go over the top for the Roosevelt ticket.

Beginning with the state democratic convention at Mineral Wells where the key note of the campaign was sounded by leading democrats this week, the campaign has picked up momentum steadily and is sweeping into every part of Texas with gathering enthusiasm, the director declared here.

"The Republicans will find there were more Willie dollars than Willie votes in Texas when the polls close November 5," Bialock declared. "Texas has become a traditional Gibraltar of the national democratic party and its contributions to the campaign and the votes for the party ticket this year will maintain that standard," he added.

"Mr. Willie will have to go to but a few in this state for campaign funds while the democrats will depend upon the masses as usual to support the 'party of the people', he declared.

Texas, Bialock asserted, is better organized for a successful democratic campaign than ever before. Every democratic county chairman, precinct committeeman, and congressional district committee is functioning, he said, as part of the short drive for funds and votes.

"While there is an over-whelming sentiment in Texas for the re-

election of the president, over-confidence has lost more than one election," Bialock warned. "Every democrat man and woman must take the responsibility of getting out the vote and of helping to raise funds for the national committee to use in doubtful states. Every business man, farmer, laborer and white collar worker must be solicited and given an opportunity to help."

Bialock said that the American people know that the defeat of the president and the democratic party would be the "greatest victory Hitler could ever hope to win" and that "money and votes for the party's continuation in authority is an integral part of the country's vital preparedness program."

Bialock appealed today to every democrat to look up his county democratic chairman and to give a dollar or more to the campaign fund which he said was badly needed by the national committee. He explained that a receipt for every donation regardless of how large or small would be sent donors from both the central state headquarters and the national headquarters and the national headquarters at Washington. He asked that funds be sent to either the county chairman or headquarters at Austin.

W. C. Locker of Richland Springs is here visiting the families of Mr. and Mrs. Jodie Nevill, Mr. and Mrs. Alex Riddle, and the other daughters of the late Mr. and Mrs. W. J. Crouch. He is a distant relative and a life-long friend of these families.

Produce Checks Pay Farm Loans

Farm families in Lynn county who have borrowed operating funds from the Farm Security Administration are cashing cream checks and checks they have received in payment for surplus poultry and eggs, according to Wyman J. Welch, rural rehabilitation supervisor.

And the pantries in these homes are being filled with vegetables grown in the gardens on these homes, Agent Hix, home management supervisor for the FSA in Lynn County, added.

Miss Hix said much of the money received from the sale of surplus farm products, together with the money saved from the home canning projects will help the families obtain clothing and supplies for their children who will be starting to school in just a few weeks.

The farm Security Administration encourages all farm families who borrow money from this agency to diversify their farming operations and maintain a live-at-home program. The result is that not only are most of the families enjoying a higher standard of living, but they also are in a position to meet their obligations to the Federal government.

Much of the success of gardens is attributed by Mr. Welch to the special seed packets bought through in-

formal purchasing association of FSA borrowers. Miss Hix attributes much of the success of home canning and food preservation for use next winter to the purchase of pressure cookers and canning equipment with funds advanced by this agency. Miss Hix said all but 15 of the 103 FSA borrowers in Lynn County now have pressure cookers.

Both Mr. Welch and Miss Hix declare that the low-income farm families have provided a more adequate diet in addition to strengthening their financial structure through the use of cow, sow, hen and live-at-home practices on their farms.

Mr. J. L. Caveness and family visited here recently with his sister Mrs. S. B. Francis and his brother H. P. Caveness. He returned to his home at Jacksonville Thursday, the family having departed at an earlier date.

Mrs. R. L. Richardson began her work as teacher of expression at the grade school building Monday, having been away from her work several days on account of the sudden death of her mother.

GOOD WILL TRIPPERS WILL VISIT TAHOKA TUESDAY

LUBBOCK, Texas—Lubbock Good Will Trippers will visit Tahoka arriving at 10:15 A. M., Sept. 17, according to an announcement made this week by Joe H. Bryant, general chairman of the Fair Booster Trips for the Panhandle South Plains Fair Association.

As in the past, the Lubbock trippers will bring plenty of souvenirs for the children, free tickets to the Fair for Kids' Day, and plenty of entertainment. Gene and Wiley, known by every radio listener in this area, will accompany the Boosters on their trip.

School Children in Tahoka have been asked to turn out for the Lubbock program and to receive their souvenirs and hear about the Fair.

On these good will trips made by the Lubbock Boosters, special charters buses are used. The Trippers travel more than a thousand miles covering the entire area.

"Every citizen of Tahoka is invited to meet our Booster party," Bryant announced "and hear our program and meet the bunch of fine fellows."

POST OFFICE DEPARTMENT
REAPS ENORMOUS REVENUES

Postmaster Happy Smith has furnished us with a recent report from his former boss, Jim Farley, showing that the postoffice department has prospered greatly under his administration.

Postal earnings for the fiscal year which ended on June 30, 1940, totaled \$766,000,000, the highest single year's revenue in the history of the Postal Service exceeding last year's total by \$20,000,000.

The net operating postal surplus for the year was approximately eight million dollars. This is the sixth surplus recorded during the seven years that Farley served as Postmaster General.

"The record mail volume and revenues of the past year", Farley says, "were handled in a most efficient manner by the more than 300,000 postal employees throughout the country in every branch of the service, whose cooperation, loyalty, and devotion to duty played a very large part in bringing about the most successful year that the Postal Service has ever enjoyed."

He expressed his gratitude to the postal employees for their loyalty and cooperation.

Jim Farley undoubtedly has been one of the most popular Postmaster Generals the country has ever had.

Mr. and Mrs. H. P. Caviness left last week for a visit with relatives at McGregor and other points in that part of the state. It was reported that Mrs. Caviness might remain several weeks with the hope of getting rid of an attack of hay fever as well as to visit relatives.

Mr. and Mrs. W. M. Harris went to Amarillo on business Monday and spent the night with Mr. and Mrs. Roy Leslie at Quitaque.

CITATION BY PUBLICATION
The State of Texas,
County of Lynn.

To Unknown Heirs of W. A. Gordon. Defendants, and all other proper persons, including all record lien holders, owning or claiming, or both, any interest in the land or lots hereinafter described, same being delinquent for taxes to The State of Texas and County of Lynn, Plaintiff; and taxing units in said State herein implicated by plaintiff.

And you are hereby commanded to be and appear before the Honorable District Court of Lynn County, Texas, at the next regular term thereof, to be held at the Court house of said County, in the city of Tahoka on the 4th Monday in September, A. D. 1940, the same being the 23rd day of September, A. D. 1940, to plead and answer plaintiff's petition, (together with pleas of intervention and claims of impleaded parties defendant) filed in said Court in a certain suit No. 428, and then and there to show cause why judgment should not be rendered against you, and said land and lots sold under foreclosure of lien to satisfy the following taxes being delinquent on the said property, to-wit:

Taxing Unit, The State of Texas; Description, Abstract 1231, Cert. Survey 8, SW 1/4, 160 Acres; To Whom Assessed, Years Delinquent, and Amount: W. A. Gordon, 1929, \$15.91; 1931, \$17.25; 1932, \$16.69; 1933, \$17.58; 1934, \$17.58; 1935, \$15.90; 1936, \$15.90; 1937, \$14.45; 1938, \$12.38; 1939, 15.07, aggregating One Hundred Fifty Eight & 71-100 Dollars, together with all interest, penalties and costs allowed by law.

Given under my hand and seal of said Court, at office in Tahoka, in the County of Lynn, this 30th day of August, A. D. 1940.

Hattie Server, Clerk of the District Court, Lynn County, Texas. 4-4c.

HAPPY SMITH RECEIVES
LETTER FROM OLD-TIMER

Many of the old-timers here will remember Elmer Meyer, son of I. W. Meyer, who resided for a number of years in the New Lynn community at the time and soon after this country was organized.

Elmer now resides at Buhl, Idaho, and Happy Smith has had some recent correspondence with him. We quote from a letter received by Happy a few weeks ago.

"The day after I received your letter while out on my mail route, I walked into a service station and found a Texas car there with a Tahoka name plate on it. Of course I immediately stopped and began firing questions at the driver. He said he was Deen Nowlin of Tahoka, a real estate dealer, and was on his way to Portland with his family to visit his wife's sister, and would return by way of California and the Southern route. It was quite a treat to me to be lucky enough to meet up with him and get to talk to him, even though it was for only a few moments. He gave me quite a bit of information about the old home town and some of the folks I knew there. I was surprised to learn that many of the old timers are still there."

"I have been living here in Buhl just a little over twenty years now and, although we are on a heavily traveled transcontinental highway and see many cars from Texas, I seldom see one from the vicinity of Lynn or Lubbock counties and have seen very few people that I ever knew down there."

"Six years ago this summer I accidentally learned that the wife of a well known Buhl man is a sister-in-law of the former Celeste Ellis of Tahoka, whom you no doubt remember (daughter of A. B. Ellis of Lubbock, who formerly lived in Tahoka). We saw her when she and her family visited in Buhl, and again a few weeks ago when they came back for an other brief visit while on their way back to Kansas and Texas. Her home has been in Honolulu for a good many years, where her husband, Dr. A. J. Mangelsdorf, is a chemist of something of the kind for a large sugar company."

Writing of his family, Mr. Meyer says: "We have four children, three girls aged 22, 20, and 17, and one little boy who will be 6 in November—our little post script, one of the neighbors calls him. Our oldest girl married last September 17 and is now the mother of a fine little son born August 7. Her home is in Boise. The second girl married last January 7 and lives in Twin Falls, just 18 miles from us. The youngest girl, Ruth graduated from High School."

"Build-Up" Relief
Explained to Women

A simple method has saved many women a lot of suffering!

It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

last May. Our little boy, Jimmie, will soon be all we have left at home. He is a regular little live wire, a fine little pal for me, and a great source of pleasure for both of us, so maybe he will keep us from growing old too fast. Every one seems to think I should be feeling pretty old and decrepit since becoming a grandfather, but I tell them I feel younger, for I am going to live life over now with my grandchildren.

"I am sending you a scenic folder of some typical Idaho scenes which I thought might interest you; also some photographs of scenes on the Snake River which were taken near Buhl. Idaho is a grand old state and has some of the most magnificent scenery to be found anywhere. We live in the best part of the agricultural portion of the stat but it is only about a three hours drive from here to the mountains, which are a regular vacationist's paradise with

lakes, rivers and magnificent forests everywhere.

"Buhl is only about six miles from the Snake River, the largest and longest river in the state. This part of the state depends entirely upon irrigation for the raising of crops—most of the time we don't even want rain for it is usually more of a bother than help. Our irrigation water is taken from Snake River at American Falls Dam, 100 miles up the river from Buhl, and brought down to us in large canals. This Twin Falls tract of something over 200,000 acres always has ample water supply and is considered one of the finest irrigated tracts in the world, producing every year several million dollars worth of crops.

"To us it is still just wonderful to be living where we never have to fear droughts, and where we seldom ever have a dust storm. The wind blows pretty strong here for several weeks most every spring but not

strong enough to whip up severe dust storms like we had in Texas when we lived there and which I understand are still worse now.

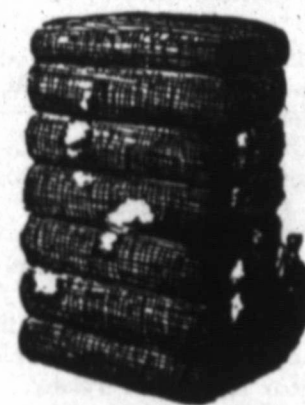

"Texas is a grand old state and we will always have a tender spot in our hearts for her but we feel that we will always be perfectly content to spend the rest of our days right here in Buhl. We do want to go back to Tahoka and Slaton on a visit before every one we know there is gone. We are hoping that we can find it possible to go back within the next two or three years, when Jimmie is a little older and can get more out of the trip than he would now."

Miss Argen Hix local FSA Supervisor visited her home folks at Wellington from Thursday to Sunday. She was accompanied by Mrs. Cornelia Kelley who formerly lived at Wellington.

Two Gin Plants!

READY TO HANDLE YOUR COTTON

Both Plants have been thoroughly Reconditioned, and improved to meet your Demands.

Good Turn-Out

Kings Return From Trip In Okla. and N. M.

Mr. and Mrs. J. O. King returned Saturday from a ten day trip in which they visited relatives and viewed natural and man-made wonders in Oklahoma and New Mexico.

At Boise City, Okla. they visited their son J. Paul King and wife. Paul is pastoring two Methodist churches near that place. At Las Vegas, N. M. they visited another son, Mr. and Mrs. J. L. King, and drove over some of the mountainous region thereabouts. At Regina, N. M. they visited Mr. King's sister, Mrs. E. J. McDaniel, and his oldest brother, W. P. King. Near this place they visited a large dam which was an interesting sight. At Albuquerque they found their daughter, Mrs. B. F. Taylor III and brought her home with them, hoping that her good home care and the presence of family and old friends would restore her to health. Mr. and Mrs. King thought it a most enjoyable and interesting trip.

METHODIST CHURCH

The pastor will preach Sunday morning and the District Superintendent, Dr. O. P. Clark will preach in the evening at 8 o'clock.

The last Sunday in September will be Promotion Day and the teachers are planning to make it meaningful to every student. It will be necessary for every child scheduled for promotion to be present in order to make the day the success it should be made. A special program will be presented that day by the classes and there will be installation of officers and teachers at the church hour. Mr. Claude Donaldson will make the talk to the officers and teachers for the new year.

Two months remain until Annual Conference, at which time we wish to make a report of which we will be proud. You can help us to make this report by your loyalty in every way to the church and its institutions. We went over our goal for the support of McMurray College after the masterful sermon by President Frank L. Turner on a recent Sunday. — George E. Turrentine, pastor.

The Ben King brick residence in north Tahoka is being reconditioned inside this week.

WAYS GAS SERVES YOU

Cooking... Modern Gas Ranges provide perfect temperature control for baking; simmer burners for top burner cooking; swing-out broilers for convenience.

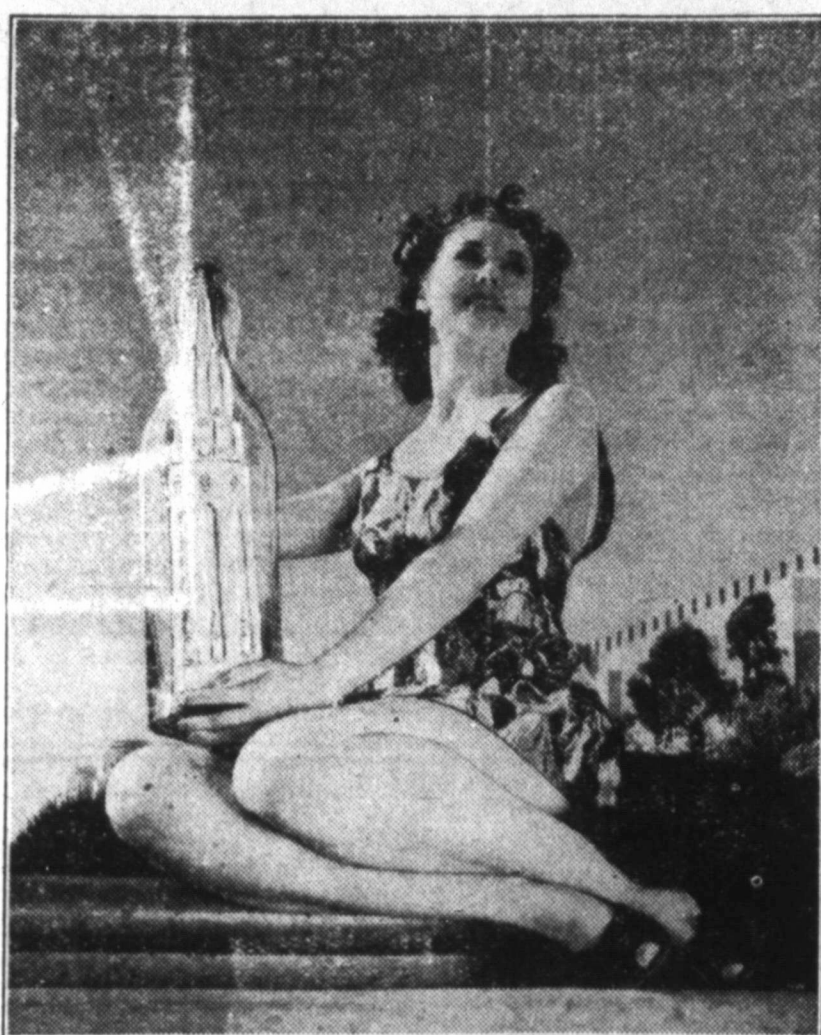

Water Heating... Automatic Gas Water Heaters provide hot water quickly, abundantly and economically.

Refrigeration... Gas refrigerators are the only silent kind.

House Heating... Gas is a completely automatic fuel. Room temperatures are constantly maintained.

WEST TEXAS GAS CO.

Bottled, The Sun Tower

Pretty Marie of the New Folles Bergere bottles up the Tower of the Sun on Treasure Island, preserving it for the future, for it, like the 1940 Golden Gate International Exposition is destined to become a memory on September 29.

WEST POINT H. D. CLUB

The Club met in the home of Mrs. A. D. Schafner Sept. 6, at 2:30 o'clock.

As Miss McNatt could not be present the program was short and was combined with a shower.

Refreshments were served to thirteen members and the following visitors: Mmes Sam Bartley, Cody Bragg, E. A. Parks, M. White, W. V. Bartley, W. O. Williamson and Miss Ruth Hale.

The next meeting will be in the home of Mrs. Hubert Tankersley, September 18, at 2:30 o'clock.

Visitors are always welcome to our meetings.

Mrs. J. R. McIntyre and daughter, Mrs. W. Fortenberry with her daughter, Miss Genell Fortenberry returned Sunday from Amarillo where they had gone on Wednesday to visit in the home of Mrs. McIntyre's sister.

Miss Ruth Nevels left Tuesday morning for Los Angeles, California, to spend a few weeks with her aunt, Mrs. Dell Somerville, who is seriously ill. Mrs. Somerville is a sister of the late W. D. Nevels.

Mrs. A. D. Davis and little son, Walter Slaton Davis, of Dallas are here this week visiting Mrs. Davis' parents, Mr. and Mrs. W. B. Slaton.

Mrs. Wynne Collier and two daughters, Carolyn and Janet and Mrs. A. P. Edwards are visiting relatives in Dallas and Fort Worth this week.

Mrs. S. Dyess and two children of Navsota came Monday to visit a week with her brother Roy E. Edwards and family.

Bill Mathis was a visitor at the Lovington, N. M. rodeo Thursday.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

FREE MILE-DIAL

Counts your Mileage as straight as you count your money

YOUR CONOCO Mileage Merchant puts this whole matter of gasoline mileage on the plainest business basis—by urging you to drive in to his station today for your Conoco Mile-Dial FREE.

THIS PRECISION INSTRUMENT honorably gives you a strict accounting—any time—showing every mile you're really getting from every gallon of Conoco Bronz-z-z you buy. With this recording Conoco Mile-Dial—free—you can check ruthlessly—day after day—in traffic snarls—uphill country—mud and sand—with

all seats and the luggage space filled. Always your Mile-Dial will tell you promptly just where you stand on your mileage from Conoco Bronz-z-z gasoline.

NO MATTER HOW HIGH a record your Bronz-z-z establishes, you'll know it's not your imagination! For you'll have your own plain Mile-Dial reckoning—business-like as an adding machine, and just as believable. Get your Mile-Dial today—before the supply is exhausted—at Your Mileage Merchant's Conoco station—FREE. Continental Oil Company
