## 250 Will Ride Special Train To Game In Slaton Tonight

### Tahoka Is Seeking To Hold Strong Slaton Tigers

Tahoka football fans, band and pep squad will follow the Tahoka high school Bulldogs to Slaton tonight aboard a Santa Fe special train for the annual football game between Tahoka and Slaton on the Slaton field.

Tickets are being sold today on the streets, at the high school, at the drug stores and at the Santa Fe station. Round trip fare is 50 cents. Admission to the game will be 25 cents for students, and 50 cents for adults.

Approximately 100 students had signed up Thursday.

A special section of the train will be reserved for students, who will be chaperoned by Tahoka teachers. Town people will ride another section of the train.

The train was underwritten by a group of Tahoka business men, including J. P. (Prentice) Walker, A. H. Raborn, Henry Maassen, W. L. Burleson, H. B. McCord, Frank Hill, W. T. Hanes, Lee Dodson, Wynne Collier, and the Tahoka Teachers Association. Prentice Walker and Supt. W. T. Hanes are largely responsible for making arrangements for the special train.

Thursday noon, the Tahoka Rotary Club volunteered to take over ticket sales, each member present accepting responsibility for five tickets, a total of nearly 200.

The train will leave the Tahoka depot at 6:15 p. m. promptly, and will leave Slaton immediately following the game, possibly at about 10:30 p. m.

The Bulldogs are reported in good condition for the game and are hoping to upset the usually strong Slaton Tigers.

Slaton won an upset victory over Roscoe last week, and showed much improvement in doing so, but in previous games the Tigers were not up to their usual power. Tahoka boasts a well balanced team, and if the boys are clicking tonight, they have a chance to upset Slaton.

Supt. Joe Webb of the Slaton schools has assured Supt. Hanes that the people of Slaton will furnish transportation between the depot and football field.

## Two Eagle Scouts Given Awards

Much interest is being shown in Boy Scout work of late, members of the troop report.

At a court of honor held Sept. 30 at the Scout Hall in the old Central Ward school building the honor of Star Scout was conferred on two boys, Carl Griffing Jr. and Edwin Jolly, merit badges were presented these two and also to H. B. McCord Jr. and Bobby Ray Scott, and William Paul Bennett was advanced to Second Class scout.

Merit badges were presented, as follows:

H. B. McCord Jr., in handicraft and music.

Carl Griffing Jr., in bookbinding, music, and first aid to animals.

Edwin Jolly in safety and poultry keeping.

Bobby Ray Scott in safety and personal health.

Friday night, six scouts went to Lubbock, where they attended the Camporal on Texas Tech campus that night and Saturday. Saturday night they were guests of Tech at the football game.

Thursday night, Scout leaders and officers were to meet to discuss plans for future scout work.

W. A. Reddell is scoutmaster, and A. R. Milliken and L. A. Foraythe are assistants. T. Garrard is director of the Scout workshop which has been built up in a room of the Central Ward building.

Richard R. Lee of Dallas, vice-president of Southwestern Life Insurance Company, and H. L. Skinner of Abilene, branch manager, were here conferring with the local representative, Mrs. Gladys Stokes, Monday and Tuesday.

## Gattis Erecting Brick Building

A substantial brick and tile business house, with a 25-foot front and 80 feet deep, is being constructed by I. I. Gattis on his lot on the west side of the square, the work having begun a few days ago.

Work is progressing rapidly and the prospects are that it will be finished at an early date.

The front portion of this lot has been occupied by a small sheet-iron structure in which Mr. and Mrs. Gattis have been conducting a restaurant the past few years. This lot has been the only gap on the west side of the square. When this building is completed, the west side will present a solid front of substantial brick business houses.

Mr. Gattis as yet has made no announcement as to whether he will occupy the entire building personally or will rent the whole or a portion thereof.

## Trench Silos Are Popular In Lynn

Trench silos are fast becoming popular among Lynn county farmers, according to Don Turner, County Agent, who has recently visited farms over the county where silos are being dug and filled.

The trench silo furnishes one of the cheapest methods of storing feed, and provides a winter supply of green feed when it is too cold or too dry to have pasture. A silo is also considered a container in which to store a surplus of feed to use when the drouthy year comes. Several Lynn County farmers make it a practice of filling two silos and using one as a reserve feed supply.

Silage has the same value in the ration of dairy cow or beef animal as does good green pasture, and of course a greater value depending on the amount of grain on the feed stuff used for silage.

Among Lynn farmers who have recently dug and filled trench silos are: Less Crews, Tom Hale, Irvin Stewart and Buster Penton, Maurics Small, Claude Wells, and M. B. Walters.

## Edith Will Have Amateur Fun Night

On October 29th there is to be an amateur fun night at the Edith School and anyone who has talent is invited to be on the program.

A recording is to be made of every performance and the performer will have the opportunity to hear himself as others hear him. There will be no charge.

Anyone caring to take a part on the program communicate as soon as convenient with B. F. Smith, Route 1, Tahoka.

To the teacher sending talent our way we will take the recording machine to his school at a later date for an amateur night there.—B. F. Smith.

## Crop Loan Supervisor Here Each Tuesday

Fred N. Warren, Field Supervisor Emergency Crop Loan office, will be here each Tuesday at office in the back of First National Bank to discuss loan program with farmers.

Mr. Warren stated to the News Wednesday that in spite of the short crops in the eastern part of Lynn county, nearly all the farmers to whom loans have been made will be able to pay up this fall.

## CONWILL IN AMARILLO HOSPITAL FOR OPERATION

Lloyd Conwill is reported to have undergone a major operation in a hospital in Amarillo Thursday morning. He was taken to the hospital one day last week, when a diagnosis of his trouble revealed the necessity for an operation but the condition of his heart was such that an operation at that time was deemed inadvisable. Many friends here hope for him a speedy recovery.

## Ten Convicted In District Court

A number of criminal cases were tried in the district court this week and several pleas of guilty were entered before Judge Louis Reed.

D. E. Harris of O'Donnell was tried and convicted on a charge of drunken driving and his punishment was assessed by a jury at confinement in the penitentiary for one year.

Hugo Shelton, a negro, was also tried on a charge of drunken driving but the jury was unable to agree.

Roy Williams, colored was tried for the burglary of the residence of C. O. Carmack. He was given a five years sentence in the penitentiary.

Willie Moore, another negro, was acquitted on a charge of burglarizing the residence of E. O. Montgomery near Wilson.

Frank King, colored, was convicted of two cases of burglary, and the verdict was three years in the pen in each case.

Joe Curry entered a plea of guilty to a charge of forgery and the court assessed his punishment at two years in the pen.

Lester Vaughn was also given two years on a plea of guilty to a charge of forgery.

Buster Hogan was given a two years suspended sentence on a plea of guilty to drunken driving.

H. R. Waller and L. L. Watley were each given a two-years suspended sentence on a charge of stealing a calf.

The jury was dismissed for the week on Wednesday night.

A jury will be here next week for the trial of civil cases.

## Cicero Smith Co. Building Is Complete

Lee Johnson of Fort Worth, president and general manager of the Cicero Smith Lumber Company, was here Wednesday inspecting the local office, which has just been greatly enlarged and re-decorated, and looking after other business for the Company.

The enlarged office and show room of the local yard is not only very spacious but it is really a thing of beauty. Having a fifty-foot front and a portion of it extending back a distance of 54 feet and the remainder about half that distance, it has a floor space of about 1,800 square feet.

The interior finish consists of Gold Bond Fir-Tex on the ceiling and Masonite on the walls, all as neat and fresh as the garb of a bride.

The outside walls are pure white—so white that it almost hurts the eyes to look at them.

Out on the yard, a new concrete wire rack, 24 by 40 feet, is being constructed.

Fronting the freshly paved street, this plant is now one of the most attractive in town.

Carl Owens is the local manager, and he believes in being up-to-date in service as well as appearance.

## Patrons Must Return Books To Library

Patrons, particularly children, who have been leaving books outside the door or in the office of the Justice of the Peace will be held responsible for them, officials of Lynn County Library announce.

Books must be returned to the librarian during library hours, 12 noon to 5 p. m.

The library is now in position to loan magazines, and those wishing to take out magazines carrying continued stories may now do so.

## A SON IS BORN

The News has received the following announcement.

Mr. and Mrs. Albert G. Fiescher of Altus, Oklahoma, announce the arrival of a son, Albert George Jr. arrived September 26. Mrs. Fiescher is at the home of her parents in Perrin, Texas.

Mrs. Fiescher is the former Miss Lillith Boyd, home demonstration agent of Lynn county for several years, and she has many friends here who will be delighted to learn of the arrival of a son in her home.

Rev. and Mrs. George A. Dale attended a Workers' Conference in Dawson county Thursday, where Rev. Dale was a speaker on the program.

## Draft Officials Are Ready For Registration Next Wednesday

### Brick Campaign Is Started Here

Today is "give-a-brick" day in Tahoka and Lynn county, and every citizen is being urged to donate at least one brick toward the construction of the West Texas Museum on the campus of Texas Tech.

Supt. W. T. Hanes, chairman of the county brick committee, expects Tahoka to go over 100 per cent today and be the first town to give one or more bricks for every citizen. Rural schools of the county are co-operating, and it is possible that they will bring up the total sufficiently to make Lynn county 100 per cent.

School students are asked to carry their brick to the school. Business men are urged to pile their brick—just any kind of stray brick—on the sidewalks in front of their places of business before 3 p. m. today, and a truck will pick them up.

Serving on the committee with Hanes are Walter Anglin and Frank Hill, the county committee having been appointed by Hubert L. Allen, Lubbock, president of the Museum Association. Tahoka Rotary Club is directing the drive in the business section of Tahoka, and superintendents, principals, and teachers of all schools in the county are sponsoring.

(Cont'd. on Back Page)

### Many Enlisting In U. S. Army

The following Lynn county youths have recently enlisted in the U. S. army, according to information sent to the News from the El Paso and Lubbock recruiting stations:

Rochell Howard of O'Donnell, who enlisted at El Paso and was assigned to 13th Engineers at Fort Ord, California; Charles D. McAuley of O'Donnell and Wallace E. Moffitt and Robert E. Thornbrough of Tahoka, all of whom enlisted at Lubbock and were assigned to the Infantry at Fort Ord; James N. Bryant of Tahoka, who enlisted at Lubbock and was assigned to the Cavalry at Fort Bliss.

There may be others whose enlistments we have overlooked.

Scores of youths from South Plains counties are enlisting every week.

### Change Made In Unemployment Work

Beginning Wednesday, October 23, itinerant service for unemployed applicants seeking jobs and claimants seeking unemployment benefits is scheduled during the hours of 1:00 P. M. to 3:00 P. M. in the Lynn County Court House, and on each Wednesday thereafter during these hours until further notice. This change in schedule was necessitated by additional responsibilities being assigned to the Lubbock office, according to Sam G. Wynn, Manager of the Lubbock area.

### THOMPSON ATTENDS COTTON DIRECTORS MEETING

Mr. and Mrs. W. M. Thompson and his nephew, Joe Moore, left Tuesday morning for Dallas, where Mr. Thompson had been called to attend a meeting of the board of directors of the Texas Cotton Cooperative Association to be held there Wednesday. Mr. Thompson is one of the twenty members of the board, representing nine counties in this section.

The Thompsons and Mr. Moore expected to spend two or three days in Dallas attending the Dallas State Fair.

Practically every variety of wild life native of North America can be found some where in Texas. Much of this wild life exists as it did thousands of years ago in the Big Bend section of Southwest Texas.

John Link and Miss Elizabeth went down to Royalty last week and visited Mr. and Mrs. Howard Wheeler. From there they went to San-dergon and visited Mr. and Mrs. Jack Link. They returned Sunday.

### A. M. Cade Reports Tax Payments

Tax assessor-collector A. M. Cade reported Thursday morning that many property tax payers in Lynn county are taking advantage of the 3 percent discount allowed for the payment of state ad valorem taxes during the month of October. More than fifty had paid up to that time. This is a better record than has been made in the past.

Mr. Cade states that T. I. Tippit holds receipt No. 1, having paid first. Miss Elizabeth Wyatt holds receipt No. 2, D. T. Rogers No. 3, R. W. Penton Sr. No. 4, and C. W. Dean of Gordon No. 5.

### Mrs. J. W. Elliott Is Demo Elector

The name of Mrs. J. W. Elliott of this city will appear on the ballot for the general election in November as one of the Democratic Presidential electors. This is doubtless the first time that Lynn county has been honored in this way.

As is well known, voters in the general election do not vote directly for any candidate for President; they only vote for Presidential electors. These electors chosen by party pluralities in the respective states meet at an appointed time after the general election and cast their votes for president in accordance with the vote of the people of their respective states.

In other words, if the Democratic electors receive a plurality of the votes in Texas, then these Democratic electors from Texas will cast the 23 electoral votes of this state for President Roosevelt.

Mrs. Elliott will without a doubt have the privilege this year of serving as one of the electors from this state.

### 1303 Bales Cotton Ginned In Tahoka

The five gins in Tahoka had turned out a total of 1,303 bales up to an early hour Thursday afternoon. Cotton-gathering had been speeding up the past few days but was interrupted by light showers which fell intermittently Thursday.

Cotton seed are reported to be bringing \$23.00 per ton. The prospects are that the crop in Lynn county will be exceedingly light this year, due to the prolonged drouth. The showers falling Thursday will be of no benefit to the cotton but may prove beneficial to some late feed.

### Robert Holloway On Tech Judging Team

LUBBOCK, Oct. 10—Robert Holloway, senior agricultural student at Texas Technological College, is a member of the dairy cattle judging team that left Lubbock Saturday for Harrisburg, Pennsylvania, to compete in the National Dairy show contest Oct. 12.

Robert is the son of Mr. and Mrs. E. W. Holloway of Tahoka.

### CIVIL SERVICE EXAMS

In connection with the National Defense program, the Civil Service Commission has announced examinations for the following positions, further information on which may be received from A. C. Weaver at the Tahoka postoffice:

Border patrolman, \$2,000 a year. Safety instructor, \$1,800 a year. Assistant safety instructor, \$1,620 a year.

### COOPER PROMOTED

Truett Cooper, student in Texas A. & M. College, through recommendation of the military department and approval of Dr. T. O. Walton, president of the college, has been appointed First Sergeant in the R. O. T. C. Cadet Corps.

Cooper is a graduate of Tahoka High, and had been at A. & M. two years.

### All Men Between 21 and 35 Must Sign For Service

The Selective Service board for Lynn county appointed by Governor W. Lee O'Daniel a few days ago is composed of the following citizens: R. M. Stewart, J. W. Elliott, and Bass W. Baker.

It will be the function of this board to determine what persons who register on next Wednesday shall be called for immediate training in the military service and what persons shall be deferred on account of having dependents and for other legitimate reasons.

These are three fair-minded men and every registrant may be assured that he will be given a square deal.

Judge P. W. Goad states that all election officers in the county have agreed to serve as registrars in the respective voting precincts of the county on next Wednesday, when all men between the ages of 21 and 35 inclusive must register. They serve without pay.

The members of the American Legion here have volunteered their services to assist registrants in any way possible.

In spite of instructions heretofore printed in this newspaper and otherwise disseminated throughout the county, W. M. Mathis, county clerk, says that there still seems to be some confusion as to who is required to register.

"Every man within the age limits from 21 to 35 inclusive", Mr. Mathis points out again, "is required to register in the voting precinct in which he resides on the day of registration whether he be a resident or non-resident." (That is, whether his permanent home is in that precinct or elsewhere.)

"Those having employees, such as cotton pickers or any kind of hired help, are requested to notify them that they are to register on October 16."

"We are calling a meeting in the county court room Monday night, October 14, at 8 p. m. to ask that all Chief Registrars and all others that are going to help with the registration be present at this meeting so that they may get some information regarding the registration work", Mr. Mathis announces.

## Teachers, Wives Rotary Guests

With more than a hundred in attendance, the annual "Ladies Night" meeting of the Rotary Club was held in the grade school auditorium here last Thursday night.

The wives of the Rotarians, the teachers of the public schools, and a few others were the guests of the club.

The meal was served by the Elizabethian Class of the Baptist Sunday School.

At the close of the dinner, President K. R. Durham made a few appropriate remarks, in which he extended a welcome to the new teachers in our schools, and then introduced Principal Lee Dodson, who had charge of the program for the evening.

A reading by Miss Helen Belle Pemberton, a junior in the high school, was much enjoyed.

Calloway Huffaker, enlisting the aid of the entire assemblage, gave a new and revised version of the story of "The King With a Terrible Temper". Calloway neatly turned the trick.

The big song hit of the evening was a quartet by Dr. Sinclair, Ray Weathers, Prentice Walker, and Conway Clingan. They really did a piece of artistic work.

This was followed by a musical (?) number by Dr. and Mrs. Sinclair and Ray Weathers, which also showed remarkable training and finesse—or something.

Indulging in a few jokes of the very latest model, Hon. Tom Garrard attempted a really serious address on the Objects and Aims of Rotary. His apparent purpose was to sell "Rotary" to the Rotary-Anns, setting

(Cont'd. on Back Page)

**Work Is Started  
On Highway 380  
In Yoakum County**

PLAINS, Oct. 10.—Construction of grade, drainage and surfacing of highway 380 from Plains northwest to Bronco is under way by Bell and Braden, Amarillo contractors.

Work is well under way and the contractors expect to get the caliche base completed by February. Asphalt spreading will await warm weather, expected in early April.

Distance is approximately 15 miles. The right-of-way shortens distance to the New Mexico line two miles.

The contractor has large employment force, using local men where available. He has made better than expected progress, according to state highway officials.

When completed, the highway will give Tahoka and all points east a direct all-weather highway into Roswell, N. M., and to other parts of that state. It also will give tourists a paved road into El Paso.

**THINKS APPOINTMENT OF  
ELLIOTT ROOSEVELT A  
CATASTROPHE**

Referring to an editorial appearing in the News last week, "A Reader"—real name not given—has sent to the News a lengthy clipping from some other publication, more than a column in length, in which one Paul C. Yates sets out his views concerning the appointment of Elliott Roosevelt as a captain in the U. S. Army Air Corps Reserve.

This article is too long for publication in our paper, even if it were worthy of publication.

The writer of the article, however, seems to regard this appointment as a national catastrophe.

Among other things, he claims that it "has done more to undermine the morale of the nation's armed forces than any other single blunder committed in many years", that not only does it "rankle among military men" but that "it serves to undermine confidence in the first-peace-time draft in American history", that it is an "evil precedent", is "offensive to the American spirit of democracy" and "destructive to public confidence in the government", that even those "who pray for the arrival of a Roosevelt dynasty in America" can find nothing in this appointment to square with the custom in other nations having dynasties, and that "it sets an evil precedent in democratic, kingly, and dictator nations alike."

All of which is enough to convince any cool-headed American that Mr. Paul C. Yates is making a mountain out of a molehill, probably for purely political purposes.

### B P W Dinner Is Held In Lubbock

Several members of the local Business and Professional Women's club, accompanied by their bosses, attended the annual Bosses dinner given by the Lubbock club during National Business Women's week in the Lubbock Hotel Wednesday evening.

Following a welcome address by the Lubbock president, Mrs. Vera Maxey, and a response by C. E. Maedgen, Lubbock banker, on half of the bosses, the principal address was given by W. D. Benson, Jr., Lubbock attorney, on the subject Intelligent Voting.

The week's theme, "Business Women In a Democracy, Vote!" was carried out in table decorations and programs. Red, white and blue candelabra were interspersed by American flags.

Among out of town guests who accompanied Tahoka women to the dinner were Herbert R. Kerbow of Amarillo, Tenant Purchase Engineer of the FSA, who went as the boss of Miss Argen Hix, and J. Carlton Smith, assistant manager of Southwestern Life Insurance company, of Abilene, who was the guest of Mrs. Gladys M. Stokes.

Pears best for canning are never tree-ripened but are harvested when mature yet still green and permitted to ripen in a cool, dark, well-ventilated room.

### METHODIST CHURCH

Pastors and laymen heard Bishop and General Superintendent Ivan Lee Holt in Lubbock Friday. Laymen's work under the new church set-up, which has increased the laymen powers and responsibilities, was discussed in the afternoon.

The Woman's Society of Christian Service is having a Conference-wide meeting in Memphis this weekend. Mrs. Walter Mathis, delegate from Tahoka, was accompanied by delegates from Draw to Memphis Friday.

Sunday morning sermon topic is Faith.

Last Sunday the following were baptized and received into membership: Miss Doris Sargent, Sidney Cowan, and E. A. Parks Jr.

Miss Inera Hedrick came by letter from Clarendon.

Mrs. McCluney, wife of the John Deere representative here, rendered "The Holy City" on the violin most beautifully accompanied by Mary Jane Turrentine on the piano. We welcome new talent to the choir.

The new time schedule is:

- Sunday school, 9:45.
- Morning worship, 11:00.
- League, 6:45.
- Evening worship, 7:30.
- Woman's Society, Monday, 4:00 P. M.
- Choir rehearsal, Wednesday, 7:30.

Negro farmers constitute 12.6 per cent of all American farm operators, according to a new USDA publication called "The Negro in American Agriculture."

### O'DONNELL EAGLES WILL PLAY POST TONIGHT

O'DONNELL, Oct. 10, (Special)—Faced with a foe that is doped to be among the toughest in the conference this year, O'Donnell's light, but ever battling, flock of Eagles are ready to give their best Friday night on Johnson field against the much heavier herd of Post Antelopes.

Success, so far as football victories are concerned, has not reached the nest of the Eagles so far. In fact all games thus far have been lost by lopsided scores, but it is noticed that a smoother functioning flock is being welded by Coaches Ray DeBusk and H. M. Alderson.

With a large crowd in prospect for the Homecoming, Queen coronation school officials, students and ex-students have laid plans to make the event an interesting one for every body in addition to the main course of football playing.

During the half Miss Jessie Mae Newton, Queen-elect, will be paid honors with football Captain Nolan Hall serving as the "man of the hour". Present students, all ex-students will be on the field at the same time.

#### Probable Starters

Antelopes—Harrison, end; Chaffin, tackle; W. R. Carpenter, end; W. Carpenter, quarter; Gossett, half; Luttrell, half; Dean, full.  
Eagles—Hamp Thompson, end; Pat Aten, tackle; Dovel, guard; Hall, center; B. Aten, guard; Moore, tackle; Pearce, end; McLaurin, quarter; Crouch, half; Treeters, half; DeBusk or Curtis, full.

### O'DONNELL BAPTIST PASTOR PREACHES FAREWELL SERMON

O'DONNELL, Oct. 10, (Special)—A farewell sermon as pastor of the First Baptist church will be preached Sunday night by the Rev. J. L. Lamsford, who, with his family, will leave shortly for South America where he is to assume his new duties as a missionary.

The Rev. Mr. Lamsford received notification only a short time ago that he could go to Brazil if he so desired, and that his chances of being sent to Africa, his first destination, were growing dimmer each day that the war in the Mediterranean increased.

### BAPTIST WORKERS MET AT NEW HOME

The Workers Conference of the Brownfield Baptist Association was held with the Baptist Church at New Home Thursday, with many in attendance and an interesting program reported.

Tahoka Baptists attending were Mrs. Cornelia Kelly, Garland Pennington, W. H. Kenley, P. W. Goad, Carl Owens, F. H. Hancock, E. I. Hill, Miss Elizabeth Preston. Several of these are members of the W. M. U. Executive Board, which met and made plans for the year's work.

Cecil Provine and Miss Dorothy Ruth Colville of Hobbs, N. M., were guests the first of the week of Mr. and Mrs. J. W. Griffin of near New Home.

A good furniture wood should be hard and strong enough to resist normal stress and strain, yet soft enough that nails and screws won't split it; resistant to denting under ordinary use; an attractive figure, able to take strain without spoiling its natural appearance; and resistant to warping, swelling and shrinking, says an article in the Department of Agriculture publication, Consumers' Guide.

**A PRACTICAL FARMER**

The News would not undertake to  
advise farmers about their farm op-  
erations, for they know much more  
about their own business than we  
know. Nevertheless, we are always  
glad to relay to them any informa-  
tion gained from a practical farmer  
that may be helpful to others.

When the writer lived down at  
Roscoe, A. S. Gracey was one of the  
prosperous farmers of that section.  
His son, R. E., was just a kid when  
we first knew him. He graduated  
from high school, then attended A.  
C. C. three years, and received his  
degree from Simmons College at the  
end of the next year. For a year or  
two he taught science in the Roscoe  
High School. Then he went into  
business, later became President of  
the First National Bank of that city,  
which voluntarily closed its doors at  
the beginning of the depression. Then  
he went into the ginning business,  
operating a farm at the same time.  
Later he engaged in the farm ma-  
chinery business while continuing to  
operate the farm. He is still operat-  
ing that farm in a most successful  
manner.

So resourceful and successful has  
R. E. Gracey proved himself to be  
that on last Sunday, the Abilene Re-  
porter News, in its big special edi-

tion carried a picture of him and  
his father and of three scenes on  
their big farm, together with a two  
or three column story of his opera-  
tions and experiences.

"Gracey is always trying some-  
thing new on his farms", the Re-  
porter-News states, and sometimes  
appears to be a bit "unorthodox" in  
his farming operations.

For instance, Gracey is now try-  
ing the experiment of stacking green  
Sudan grass in great stacks. Approxi-  
mately 400 tons of green Sudan have  
recently gone into these stacks, the  
Reporter-News says, with the hope  
that the green hay will go through  
a curing process similar to ensilage.  
It is an experiment and Mr. Gracey  
doesn't yet know what the outcome  
will be.

He was one of the first to try out  
the trench silo in his section and he  
has found it to be eminently success-  
ful. He now has 2,000 tons of en-  
silage stored in trench silos this  
year.

Gracey doesn't raise cotton at all.  
"Why a fellow will fuss around  
with cotton is more than I can un-  
derstand", Gracey is quoted as say-  
ing, "when the feeds grown in this  
area are the farm's greatest assets".

"We're now harvesting a big feed  
crop, but chances are that within  
eighteen months the feed that is be-  
ing wasted this year would sell for  
enough to pay for a farm. Any way,  
that is the usual case", he said.

Gracey is also raising and milk-  
ing some high-bred short-horn milk  
cows, which are bringing in big  
money returns.

The story is too lengthy to relate  
in full, but evidently Gracey is prov-  
ing that there are other money crops  
to be raised in this section of the  
country than cotton.

Green feeds cut up into ensilage  
has three times the feeding value of  
the feed harvested and stacked in  
the usual manner, and it may be pre-  
served indefinitely in trench silos,  
say all the farm experts and many  
of the practical farmers who have  
tried it.

Feeds and cows may yet prove to  
be the best money crops for this  
area.

Texas elementary school children  
will be guests of the State Fair of  
Texas, Friday October 11. High  
school students will be guests on  
Friday, October 18.

Last week we carried a front page  
story stating that the Civil Aero-  
nautics Administration had recom-  
mended to Congress the appropri-  
ation of funds for the building of  
numerous airports throughout the  
United States, including a number  
to be built on the South Plains. It  
was recommended that \$36,500 be  
appropriated for the building of an  
airport at Tahoka. Numerous other  
papers in this section carried similar  
stories. Hardley had our paper gotten  
into the mails when the daily news-  
papers brought the information that  
the proposition had been turned  
down by a committee of Congress.  
It was pointed out that the proposal  
provided for the establishment of one  
to several of these airports in every  
congressional district in the United  
States and the charge was made that  
it was merely a pork-barrel scheme  
to raid the treasury. This is probably  
true and it doubtless deserved the  
fate with which it met. However,  
with the rapid increase in the use of  
airplanes now in prospect, it is likely  
that more and larger government  
airports will soon be needed.

It is extremely regrettable that  
some narrow-minded individuals pos-  
sessed of the hoodlum spirit have  
greeted Wendell L. Willkie with a  
shower of rotten eggs in a few places  
in the North which he visited re-  
cently on his campaign tour of the  
country. Also regrettable is the fact  
that some hoodlums recently wreck-  
ed the office of the Willkie head-  
quarters at San Angelo, this state,  
which had been established for that  
section. All such acts of vandalism,  
unfairness, and disrespect for a can-  
didate for the high office of Presi-  
dent of the United States or any  
other office are un-American and  
contemptible in the highest degree.  
If we wanted to make votes for a  
man, we could adopt no more ef-  
fective means of doing it than by  
throwing rotten eggs at him. Of  
course President Roosevelt rebuked  
those guilty of such conduct and ex-  
pressed the hope that they would be  
apprehended and brought to justice.  
Every decent man feels the same way  
about it.

Mr. and Mrs. T. L. Fortenberry of  
New Home left last week for their  
winter home in Corpus Christi.

*Odds and Ends See Eye, See Ear*

On last Sunday, while bombs were  
bursting overseas, while dictators  
were waging ruthless war, seeking to  
crush great nations, to destroy whole  
cities, to murder or to mutilate un-  
offending women and children, de-  
crepit old men and helpless babes  
perhaps, making a veritable Inferno  
of earth and sea and sky, millions of  
the peaceable and peace-loving  
people of America were meeting in  
countless churches and Sunday  
Schools to begin a weekly six-months  
period of study of the birth, life,  
death, resurrection, teachings, and  
influence of One born in a manger

more than 1900 years ago who grew  
up and went forth to conquer the  
world not with bombs and guns and  
armored tanks but with the weapons  
of truth and mercy and brotherly  
love.

In pursuance of a plan to give a  
series of broadcasts respecting  
South Plains newspapers and news-  
paper men, KFYO radio station at  
Lubbock gave the Lynn County News  
and its publishers quite a nice boost  
in a recent broadcast. This free ra-  
dio publicity is much appreciated by  
the publishers of this newspaper. In  
return, we can only express the hope  
that KFYO may enjoy an ever-ex-  
panding field of service and use-  
fulness.

America was settled by followers  
of the Christ, real or nominal. Eng-  
lish Episcopalians founded James-  
town and established the colony of  
Virginia. Devout Puritans settled  
Massachusetts. Baptists founded the  
state of Rhode Island and found their  
way into many other colonies. The  
Dutch first settled New York, bring-  
ing with them the faith and form of  
worship prescribed by the Dutch Re-  
formed Church. William Penn and  
the Quakers founded Pennsylvania.

The Catholics founded Maryland.  
Presbyterians came in large num-  
bers to Pennsylvania and other col-  
onies. Lutherans soon came in ever-  
increasing numbers. Then came the  
Wesleyan movement which spread  
throughout the colonies, and the  
great Whitefield revivals in Georgia.  
Out of this movement came the  
great Methodist Church, and great  
impetus was given to the cause of  
religion throughout the country. Con-  
gregationalism arose in New Eng-  
land. The Disciples and the Church  
of Christ and other religious bodies  
were organized and gained many ad-  
herents a little later.

Thus there has been an ever-in-  
creasing number of religious bodies  
and denominations in this country  
and much divergence in the beliefs  
of different bodies of Christians, but  
most of them have diligently taught  
the great fundamentals of Christi-  
anity as enunciated in the Bible.

There have been many periods of  
great religious fervor in this country,  
either sectional or nation-wide in  
their scope. Deep piety and great re-  
ligious zeal have characterized multi-  
tudes of the people in almost every  
generation of our colonial and na-  
tional life. America has been thor-  
oughly grounded in the principles of  
Christianity and the United States

**GILDERSLEEVE-LILLY**

Miss Helen Lois Lilly, daughter of Mr. and Mrs. Lawrence Lilly of Gonzales, and Vance Gildersleeve, son of Mr. and Mrs. L. D. Gildersleeve of Yorktown, were united in marriage in Austin Sunday afternoon at 4 o'clock. The ring ceremony was read by Reverend S. P. Posey, pastor of the First Baptist Church of Austin in whose home the rites took place. Attendants were Miss Marjorie Lowe of Gonzales and Charles Hartly of Austin.

The bride was attired in soldier blue with black suede accessories and wore a corsage of white gardenias.

Following the wedding, friends attended a reception in the home of the bride's parents, and the couple left on a brief wedding trip.

Mr. Gildersleeve with his parents is a former resident of Tahoka, having graduated from Tahoka High school in 1937, later attending Port Arthur Commercial college. The couple will make their home at Austin, where the groom is employed as technician at a radio station.

Myrna Dean Gaigant underwent tonsilectomy Saturday.

the

Myrtle Rochelle

We have no acquaintance whose biography might prove as interesting as that of Mrs. J. W. Sinclair's mother, Mrs. Rosa Sternberg of Michigan, who visited here last year and was met by many Tahoka people.

Mrs. Sternberg came to this country as a young woman, after having held a position which permitted her to travel over Europe for several years. Here she met and married Mr. Sternberg, also, an emigrant from her native Denmark, and of this marriage Noel (Mrs. Sinclair) was born.

Mrs. Sinclair's father became ill about this time and unable to work, so without much knowledge of the customs of this country and scant knowledge of the language, Mrs. Sternberg found it necessary to somehow provide for a baby and invalid husband.

With indomitable courage she faced the situation, doing whatever tasks she might find to do, never finding one too menial or feeling a hurt to her pride at any sort of honest labor. And so they lived and prospered to the extent that more than once she was able to take Noel and go on pilgrimage to Denmark and the European continent, thus giving her daughter a broader education than average. Once while Noel was still small, the father was told that he could not live much longer, and so the family went with him to Denmark so that he might die in the country in which he was born. Instead of dying, he became better, however, and after a year there, they decided to come back to America, for though he preferred to die in Denmark, Mr. Sternberg decided that he would rather live in his new found country.

On her travels, Mrs. Sinclair has gleaned a lovely collection of porcelain and small items from various countries, including Denmark, Holland, Sweden, France, Germany and Austria, whose sentimental as well as real value have been greatly increased by the devastation that has been wrought in these little countries recently. One of the loveliest pieces is a red glass wine flask which had formerly been her father's.

Somehow these items convey the beauty and spirit of Europe before the Terror, so that one who has only once set foot out of Texas can mourn with those who have seen, for the ruin of the modern day.

Recently Mrs. Sinclair has received a letter from a cousin who lives in Denmark, mailed in May, five months before delivery. Of course it had been opened and is stamped by the number of the inspector who opened it, with a row of swastikas stamped beneath. Wisely, her cousin made no mention of the war, but she thinks perhaps there is an undercover meaning in the statement, "It has been a hard winter in Denmark—with the snow and sleet." Let us hope that the snow and sleet will never bring such a winter to us as Denmark saw last year!

Mr. and Mrs. B. H. Howard of Lubbock and Uris Howard of Floydada visited in the homes of Mr. and Mrs. Harley Henderson and Mr. and Mrs. Frank Hill Sunday.

**LOCAL MASONS OBSERVE PAST MASTERS' NIGHT**

A most interesting and worthwhile meeting was attended by some fifty-four Masons at the Masonic Hall Monday evening when the local Blue Lodge observed Past Masters' night with 18 past masters attending. In addition to these past masters, three past district deputies and one present district deputy were present.

The Entered Apprentice Degree was conferred by a team composed of visitors while the Master Mason degree was conferred by Past Masters. Refreshments and a "few good short talks" concluded the program, according to the member who reported the event to The News. Buel Draper is W. M. and H. L. Roddy is Secretary of the local chapter.

**PEBHE K. WARNER CLUB HEAR REPORT ON INSTITUTE**

The Phebe K. Warner Club met in regular session at the home of Mrs. T. T. Garrard III on Tuesday, October 8.

After the business session and roll call, Mrs. Truett Smith gave a report on the Institute held in Plainview on September 28. "Defense" was the subject of lectures given by Mrs. Joseph Perkins, state president, and Mrs. H. F. Godeke, district president. Five women from Tahoka—Mrs. Smith, Mrs. J. K. Woosley, Mrs. A. L. Pace, Mrs. Walter Mathis, and Mrs. G. M. Stewart—attended the Institute.

The program Tuesday afternoon

was on Safety and Health.

Dr. K. R. Durham gave a very interesting and informative lecture on Diseases of the Teeth and their Prevention.

Edwin Jolly and Carl Griffing Jr. gave First Aid demonstrations, which were much enjoyed by the Club.

A refreshment plate was served to the following members and guests: Mesdames Truett Smith, E. R. Edwards, G. M. Stewart, Walter Mathis, Pete Hegl, H. M. Snowden, J. K. Applewhite, Ben Hardy, T. Garrard, J. K. Woosley, A. L. Pace, H. C. Story, Winston Wharton, Emil Prohl, Leonard Craft, R. L. Richardson, and Mrs. A. O. Conley, a guest.

**BAPTIST TRAINING UNION**

We hear a great deal today about training. We want to be prepared and ready. That is what our Training Union is trying to do for all who will attend its meetings. It trains young Christians to carry on for Christ.

Some one has expressed the importance of this training in these words: "Next to winning a soul to Christ, I think the most important thing on earth is training a young Christian."

The Baptist Training Union has a place for you and cordially invites you to attend and take part each Sunday evening at the Church.

Baptist Training Union officers are: General director, Bernice Edwards, associate director, Mildred Cox, Departmental directors, Mrs. Alice

Fortenberry and F. M. McBeth.

General secretary, A. L. Smith. Pianist, Betty Lou Frazier. Chorister, Pauline Owens.

Young people's counselors: Mr. and Mrs. Coy Fielder.

Senior counselors: Miss Nellie McLeroy and Mrs. Jarrell Cox.

Intermediate leader: A. R. Bostick.

Junior leaders: Mrs. George A. Dale, Miss Mary Preston, Miss Floyce Sherrod, and Mrs. Loyce McMahon.

Story-telling leaders, Mrs. K. R. Durham and Mrs. A. L. Smith.

**CLASS LUNCHEON**

The members of the Dorcus class of the Baptist Sunday School attended the first of a series of monthly luncheons in the Church basement Tuesday at 1 p. m.

Following the luncheon, which was served to twenty-three members and associate members, Mrs. Dub Kenley, class president, introduced other new officers to the class, who responded with short acceptance speeches. Officers who were presented were Mesdames K. R. Durham, first vice-president, Guy Stroud, second vice-president, P. A. Nowlin, third vice-president, and Mrs. G. B. Sherrod, treasurer. Mesdames Deen Nowlin and H. B. McCord, secretary and fourth vice-president respectively, were not present.

Plans for the class yearbook were also discussed, and Mesdames Ralph Cates and Elbert Rogers were appointed group captains by Mrs. Dur-

ham in charge of membership.

Present were Mrs. H. P. Caveness, teacher, and Mesdames Durham, Jim Burleson, P. A. Nowlin, Cates, G. B. Sherrod, T. T. Ivey, Rogers, Ernest Dreager, Garland Pennington, A. L. Smith, Earl Brock, Levi Noble, Ross Dobbins, Willie Willets, Frank Henderson, Kenley, Stroud, and Myrtle Rochelle.

**"Build-Up" Good News For Suffering Women**

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

Friends here will be interested in the information that John Raymond Bulman, graduate of the Tahoka high school, who removed with his parents, Mr. and Mrs. John Bulman, to Hamilton county two or three years ago, has recently joined the U. S. Navy, according to a letter received this week by Henry Bulman of the West Point community, John Raymond is a fine young fellow and will doubtless make good in the navy.

Mrs. E. S. Evans left Sunday to join Mr. Evans in Austin where they will operate a Cafe and Tourist Camp on the Fredericksburg Road, just within the city limits of Austin and she asked us to say that they would be glad to see any of their Lynn County friends who are passing, saying that this is the first time either of them have ever lived out of Lynn County.

W. O. (Shorty) Baker who has been ill for more than eight weeks and spent two weeks in Mercy Hospital in Slaton where he was given two blood transfusions, was brought home last Friday and is now on the road to recovery at his home in Southeast Tahoka.

sell with or without tank. See H. B. McCord, Agent Phillips Pet. Co. 8-tfc.

**Elder Drennon's Notes**

I sure have enjoyed the last two issues of the News immensely. I think Editor Hill hit the bull's eye in his week-before-last issue on "What a Mess the Older Generation Has Got Us Into." I think like he that the younger generation does not know anything about hard times. I can well remember when I worked from 6 a. m. to 9 p. m. for two dollars per week; when I walked one mile to school, came home for lunch to eat fried salt pork (no breakfast back then), after school sawed wood until dark, and in vacation time did odd jobs to get what few clothes we had for the next winter. I also say What mess?

I also was well pleased with the write-up of Jack Stricklin; it was to the point.

Mr. Ross Ford gave us a thought-provoking article on "Individualism is Dead." I don't have any solution to the problem but still think that many could do better than they do.

We have two weekly papers here and the News had more advertisements last week than both of them. I want to commend the merchants of Tahoka for the way they stand by the News.

I have word from O'Donnell that the Church of Christ is making some twenty-five hundred dollar improvements on their meeting house. I am sure pleased with this news, as I feel I had a part in it as I taught them diligently for almost seven years that part of their increase belonged to the church. What a fine thing it would be if all Christians would just learn that they are only stewards and will have to give an account of their stewardship after awhile.

If every member in the church would give one-tenth of his income to the church, how it would help! And it would solve most of the financial problems of the church.

I want to thank Editor Hill for his invitation back to Texas and am glad to know that he admits the professional politicians are licked. It took a long time for him to see it. I have been on the sick list the last few days. Am a little light-headed. No, it is not due to what I have been drinking, but the altitude. I was about a mile high one day last week. It is easy to live high in this state.

I will close and go milk my cow, feed the chickens, count the quails, chunk the cotton-tails, and put my terrapins to bed.

Yours for more people who love the right enough to do it.—R. P. Drennon.

(Ed. Note: You may be living high out there, Brother Drennon, but that must be an awfully slow state—you seem to have so many terrapins. By the way, how long does a man have to be a politician before he becomes a professional politician, Brother Drennon? And doesn't an amateur politician sometimes make about as great a mess of things as the professional does? Come see us sometime.)

Mrs. Douglas Finley and children are spending this week with her parents at De Leon. Doug is batching and is beginning to look lank.

One national and one regional livestock show will be held at the State Fair of Texas, October 5 to 20. These are the National Hereford Show and the Regional Show of the Holstein-Friesian Breeders Association.

### Odds and Ends . . .

(Continue from Page 4)  
has been judicially declared to be a Christian nation.  
The great tenets of Christianity have become the very foundation stones of our government.  
The right of every individual to worship God according to the dic-

ates of his or her own conscience, the complete separation of church and state, the right of every person to freely express his opinion on any subject, the freedom of speech and of the press, the right of the people to assemble peaceably for any lawful purpose, the right to petition the government at any time for a redress of grievances, the right of an individual accused of crime to a fair and impartial public trial by a jury of his peers, the protection and security of the home against unlawful invasion, the security of the person against unlawful attack by any person or power, the protection of the individual in his property rights, the right of suffrage, properly guarded, the right of the people to a representative form of government—all these and other rights have been safeguarded to us by a written constitution, formed and adopted by the votes of free men imbued with the teachings and principles of Christianity. These individual and collective rights, we the people of the United States prize as we prize our very lives and we are determined to maintain and to perpetuate them. This is our "way of life," and this is what we call Americanism.

The dictators of Europe scoff at these sacred rights claimed by us, they scoff at our system of government, they scoff at Christianity as we believe and practice it, and they have banded themselves together and led their willing or unwilling subjects into war to tear down and destroy every democratic structure and every truly Christian structure in Europe and ultimately throughout the world.

If Adolf Hitler were a Christian, if he had even a small degree of the spirit of Christ, there would be no war in Europe today.

Take for instance the Golden Rule. None of us lives up to it. None of us practices it to the extent that we could and should. But most of us in Christian America recognize it as an ideal standard of conduct among individuals and even among nations.

But Hitler scorns it. With him, might makes right. With him, the end justifies the means. He openly avows that any treaty which the German Government makes is to be observed only so long as it inures to the benefit of Germany. When it stands in the way of German prosperity or German conquest, it becomes a mere "scap of paper".

In violation of the spirit of the Golden Rule, Hitler has made war upon nearly all of the little nations contiguous to Germany. His armies have wrought death and destruction in Czechoslovakia, in Poland, in Norway, in Holland, in Belgium, in France, and he is now desperately undertaking to crush England.

Jesus taught that "Blessed are they that mourn; for they shall be comforted."

But Hitler, with his monstrous instruments of death has made countless millions mourn.

"Blessed are the meek; for they shall inherit the earth."

But Hitler has proved himself to be one of the most haughty and heartless tyrants of all history, and he has marshalled his armies to kill and to destroy the meek, to ravish their countries and to take their homes from them.

"Blessed are they which hunger and thirst after righteousness, for they shall be filled."

But Hitler has hungered and thirsted after power,

### PROGRESS MADE BY A LYNN COUNTY FARMER

By Miss Argen Hix

This family had no crop. After planting not a drop of rain fell upon their farm. Both the man and his wife felt their planning and work for this year had failed. They were ambitious to see what could be done in spite of difficulties.

As there was no work in the field the husband would give his time to the work planned. A cellar was dug and the top made of an old auto chassis; an adobe hen house was built at the cost of \$8.75 for new lumber for the rafters; and two old barrels were converted into a comfortable hammock.

The husband is cutting feed for his livestock. About half the supply is already secured.

Not only outside the house, but inside progress is being made. The family had planned to buy ice to keep cream cool for the butter which is sold twice weekly. The allowance for this was \$27. They found for sale a used mechanical refrigerator for \$15. It would not freeze, but it keeps the cream and milk at the desired 42-47 F. This can be repaired for a small sum; they plan to have this done before next summer.

Wooden paddles were put on the paddles of the washing machine to cut down the labor and time spent in churning. Twenty pounds of butter can now be churned in less than seven minutes.

An old feather bed, which had been out of use several years, was converted into lovely down comforters. Attractive luncheon cloths for Christmas have been made from sacks, with an applique design in the corners.

It looked impossible to reach the canning goals but again ingenuity was used. Many jars were canned from the frame garden. Work was exchanged for vegetables to can. No tomatoes were raised so some canned vegetables were exchanged for canned tomatoes. The wife let a colored woman on a neighboring farm use the pressure cooker and she paid

"Blessed are the merciful; for they shall obtain mercy."

But Hitler has shown no mercy.

"Blessed are the pure in heart; for they shall see God."

But Hitler has exhibited to the world a heart filled only with villainy and murder. He has shown himself to be a Devil Incarnate.

"Blessed are the peacemakers; for they shall be called the children of God."

But Hitler is a war-maker; not a peace maker. He scorns peace except upon his own terms.

And this is why the United States must arm. This is why we must train our manhood and expand our armies and navies so that we may be able successfully to defend our country and Christian civilization against the threatened assaults of those who would destroy all that we hold dear.

for its use with a case of canned tomatoes.

In spite of the drought, the canning budget of 365 quarts will be filled except for the 95 quarts of meat. The calf which was kept for meat died recently but the present plans are for feed cutting to pay for a calf to raise.

These accomplishments are due to the family's optimistic outlook on life and their ability to accept the challenge to succeed even against unnumbered difficulties.

### NOTICE TO CREDITORS OF THE ESTATE OF MARTHA I. RAY, DECEASED

Notice is hereby given that original letters testamentary upon the estate of Martha I. Ray, deceased, were granted to me, the undersigned, as independent executrix, on the 27th day of September, A. D., 1940, by the County Court of Lynn County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and post office address are 2122 Harrison Street, City of Amarillo, County of Potter, State of Texas.

Veida Ray Chisum, Independent Executrix of Estate of Martha I. Ray, Deceased.

### U. S. Is Haven for These Students

No more eager newspaper readers can be found on the Texas State College for Women campus than these six students from foreign countries who find the daily papers a much better medium for keeping up with war-torn homelands than the slow and censored mails.

Silvia Marquez, looking on from the rear, is from Puerto Rico, wants to be a court interpreter. Conchita Genoves fled Valencia, Spain, in January 1939 with her mother and brothers while her father was still a political prisoner.

Sonja Aiken, front row left, hasn't been home to Venezuela since the summer of 1939. Claude Hegar of Brussels, Belgium, came to Connecticut to spend a holiday, thinks it safer to stay here. Maria Luisa Garzon's parents are still in Madrid, Spain; letters from them are always censored. Marthe Thomas, French girl from Algiers, had her education in French and German universities interrupted by war. All are glad to be in the United States.

### Marian Draper Is Honored at U. of T.

AUSTIN, Oct. 10—Marian Draper of Tahoka, Texas has been awarded a home economics fellowship in institution management by the University of Texas, Miss Rosalie Godfrey, business director of University residence halls, has announced.

One of eleven fellowship winners, graduates of nine different colleges and universities, she will study food preparation, menu making, buying, while holding a specialized position in Carothers Dormitory. Fellowship holders are also employed in the

University Commons, Littlefield and Andrews Dormitories, the Home Economics Tea House, and Woodridge Elementary School.

A graduate of Texas Technological College, Miss Draper will be working with students from Florida State College for Women, Utah State Agricultural, St. Olaf, Michigan State, Kansas State College, Universities of Colorado and Texas, and Texas State College for Women.

Required to do a weekly minimum of 44 hours work, her practical training includes office work, operation and care of equipment, furniture, employee organization, supervision of food preparation and housekeeping.

Institutional management, Miss Godfrey said, is one of the most active professional fields for women. Rapid increase of the number of tea houses, cafeterias, lunch and dining rooms over the country has created more institution management positions than there are persons trained as non-hospital administrative dietitians to fill them, she explained.

### HACKBERRY H. D. CLUB STUDIES FLOWER ARRANGEMENT

Bianche is essential in flower arrangement, Miss Maurine McNatt, county home demonstration agent, told the Hackberry club at their meeting Thursday of last week.

If an arrangement of flowers is balanced the sum total of the elements on one side approximately equals in weight those on the other she said. In estimating or appraising the weight of any element in the design, three things are to be kept in mind; namely, the farther from an

### Legion, Auxiliary Hold Banquet

The American Legion entertained with a banquet at the Legion Hall Tuesday night in honor of the Auxiliary and new members.

Eighty-two members of the two organizations and invited guests attended.

The meeting took the form of a patriotic rally. Marshall Stewart, post commander, was in charge of the program, and he and W. E. (Happy) Smith made interesting talks on the Defense program.

A short business meeting was held at which so many new members were received into both the Legion Post and the Auxiliary that the quota in each organization was more than filled.

The Legionnaires as a body, A. M. Cade reports, offered their services in any way they can be used in the registration for selective service to be taken throughout Lynn county and the entire nation on next Wednesday.

A committee from each of the organizations was selected to make plans for a Flag Day program and Armistice celebration on November 11. The personnel of the committee is: W. E. Smith, Aubra Cade, and H. O. Hargett of the Legion and Mesdames R. L. Richardson, Noble Winn, Skip Taylor, and Marshall Stewart of the Auxiliary.

"You who are eligible for membership but are not yet members of this great American organization should take advantage of this privilege that is yours," said Mrs. Marshall Stewart in making a report of Tuesday night's meeting. "Let's make this post the leader in the state. The Auxiliary, it will be remembered, ranked as high as third last year in membership. So, come out to our next meeting Tuesday night, October 22, and let's fight for Mariom G. Bradley Post."

imaginary center line a flower or leaf is placed the greater its weight, higher up it the design an element is placed, the greater its weight and the darker the color or the heavier the texture the greater its weight.

Fifteen members and one visitor attended. The next meeting will be held October 17.

Last year the Texas State Employment Service made 550,074 placements of farm workers, compared with 403,035 in the previous year.

"Nickel milk" is one plan by which the United States Department of Agriculture, in cooperation with local agencies and farmers, arranges for milk to be sold or given to needy families at a price they can afford to pay or the community can finance.

## IF YOU'RE LOOKING FOR LOOKS

### Here's Your "LOOK LEADER"

- ★ THRILLING NEW BIGNESS In All Major Dimensions
- ★ NEW LONGER WHEELBASE

### Former Tahokan Makes Army Life

Leonard Womack, son of Mr. and Mrs. W. H. Womack of Tahoka, Tex., sent this brief sketch of his career in the Army. He has been in the Army for seven years and thinks it is good for anyone who has the capability to stay with it long enough to learn what it is all about: The Navy gets more than the Army but some men in the Army also get around. The following are the places I have served as a member of the regular army:

I enlisted Sept. 1933, at Fort Bliss, Texas, in the regular Army and served there for two years. In January, 1935, I sailed for the Philippine Islands from San Francisco via Honolulu and Guam, landing at the Philippines March 19, 1935. Served in Fort Stotsenburg, Fort Santiago and Camp John Hay. After serving here for two years, we sailed for the United States by Singwantao, China, and Honolulu and arrived at San Francisco March 29, 1937.

I re-enlisted at Presidio of San Francisco, California, May 6, 1937, and transferred to Fort Bliss August 1, 1937. In June, 1938, I left Fort Bliss for Panama Canal Zone, sailing from New York via Charleston, S. C., Savannah, Ga., and San Juan, Puerto Rico, reached Christobal, Canal Zone, August 7, and served here for two years at Fort Davis, Canal Zone. Sailed on August 26, 1940 and arrived in New York September 3. At the latter place I was stationed at Fort Williams, Maine, where I am now serving.

I have seen Hawaii, Guam, the Philippines, China, Cuba, Puerto Rico, Panama, Columbia, South America. I have traveled approximately 20,000 miles by Army transport and 10,000 miles under government orders by land during which time I have seen 31 states and met and associated with 50,000 soldiers. Have held the grades of private, Sergeant, Staff Sergeant and am due an appointment as Technical Sergeant.

I thoroughly enjoy army life and advise the boys to loosen up the apron strings and try it. It won't hurt them, and it will get them out of that street-corner weight and teach them to shift for themselves. I am one-hundred per cent in favor of conscription and think every able-bodied man should be in training as soon as possible for national defense.

#### CRIME, CROOKS and COPS

If he's neat—he's conceited.  
If he's careless—he's a bum.  
If he's pleasant—he's a flirt.  
If he's brief—he's a grouch.  
If he's good looking—you have to watch him.  
If he hurries—he overlooks things.  
If he takes his time—he's lazy.  
If you get pinched—he's got it in for you.  
If he passes you up—he's easy.  
If he's energetic—he's trying to make a record.  
If he's deliberate—he's too slow to catch cold.  
If you strike him—he's a coward.  
If he strikes you—he's a bully.  
If he outwits you—he's a sneak.  
If you see him first—he's a bonehead.  
If he makes a good catch—he's lucky.  
If he misses it—he's a simp.  
If he gets promoted—he's got a pull.  
If he doesn't—ah! What the H--s the use.

Two Intersectional football games will be held at the Cotton Bowl during this year's State Fair of Texas. University of Texas will meet Oklahoma University October 12, and Southern Methodist University will meet Auburn on October 19. Both will be afternoon games.

### MRS. GRACE THOMPSON DYESS EXPLAINS N. Y. A. WORK

Mrs. Grace Thompson Dyess was here from Smithville from Sunday until Tuesday visiting her parents, Mr. and Mrs. Joe Thompson. She called at the News office Monday, and told us about the interesting work in which she is engaged at Smithville.

Mrs. Dyess is supervisor of the N. Y. A. Resident Project at Smithville, which is in Bastrop county. This is an educational project for needy girls between the ages of 17 and 25, where the girls are taught many subjects, chief of which is Home-making.

The teaching is done in a Home which has been acquired for the purpose. Thirty girls are taught in two shifts each month. Each shift remains in the home for fifteen days in each month, and return to their own individual homes for the next fifteen days where they are required to work on the projects which they have been taught in the Home. By alternating the shifts of fifteen girls each, thirty girls can be taught and given training fifteen days in each month. Each individual girl may take training in the Home for twelve consecutive months.

Mrs. Dyess has been supervisor there for the past two months and she declares that it is the most interesting work she has ever done. She gives much praise to the girls who take advantage of this opportunity to procure an education and to learn how to do worthwhile things.

Garment-making is one of the things which they do while in the Home, and they are now making overalls. It is probable that they will soon begin the making of army uniforms. They are paid twenty dollars per month for their services.

She was hopeful that this kind of work might be established in this territory some time soon. Not even Lubbock has a project like this at present, she states.

Mrs. E. S. Davis returned last Wednesday night from Los Angeles, California where she had been visiting her daughter, Mrs. Mildred Bumpas and her little daughter, Ronnie Sue, also her daughter, Mrs. Ruby Fields and family, during the past month. She says that she enjoyed her stay in California very much.

### E. S. Brown Tells Cloudercroft Wonders

E. I.: Possibly some of your readers would like to read a short story about Cloudercroft, New Mexico.

It is situated in the Sacramento mountains about 110 miles southwest of Roswell. It's altitude is 9,500 feet, and its population runs from about 500 in the winter to about 5,000 in the summer. About the only source of income I could see was pine saw logs.

It has the highest golf course in the world, 10,000 feet above sea level. It has one of the greatest civil engineering feats in railroad building in the United States. There is a branch line railroad leaving Alamogordo 22 miles west of Cloudercroft at an altitude of 4,303 feet, and about seven miles out from Alamogordo it commences to climb the mountain to Cloudercroft. Therefore, in about fifteen miles it climbs more than 5,000 feet. At some places it laps back over itself several hundred feet higher up on the side of the mountain.

If you think this will not interest any one, put it in the waste basket.—E. S. Brown.

(Ed. Note: Many Lynn county people have been to Cloudercroft and further on west and can testify to the truth of your statements, Mr. Brown, and they tell of even more marvelous mountain scenery further north and west. Those people in the East who have been accustomed to going to Europe every year or two, could profit by spending one summer in the Southwest, including Cloudercroft, the Carlsbad Cavern, and the Big Bend country on their itinerary.)

### Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle *Permador* for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. Its economical: 25 to 40 doses: 25c

## Health Is Vital To Our Defense

By William S. Brumage, M. D.  
Today two words are foremost in the minds of every true American. These two words are "national defense". Everyone is wondering if we are adequately prepared to meet any eventuality. People are hoping that our army, navy and air force are large enough to protect us. National defense boards are being formed in almost every community in the country. Young men will soon be drafted for military training.

The U. S. Public Health Service and State and local Health Departments should and will play a major role in the national defense program. Public health in time of war is as important as guns and airplanes. This fact is well illustrated in England today where the Ministry of Health is doing a wonderful job of keeping up the morale of the people by keeping them in good health. They are doing this by preventing epidemics, protecting vital water supplies and by doing many other things to maintain the public health.

Good health is essential for human security and public morale. The dictator nations with their ruthless leaders realize this fact only too well. They are doing and will do all in their power to spread disease within enemy nations. Water supplies can be easily polluted by the enemy or mosquitoes carrying yellow fever and other diseases could be brought to and turned loose in enemy territory. There are, of course, many other ways in which an enemy could promote diseases and other health hazards within the borders of enemy nations because if a nation loses its health it will probably be conquered.

Local defense committees should check and see if their community has adequate health service which is in reality as important as having an airport or some other defense project.

Good health is important in time of peace but vital and essential during war. We all, of course, don't want war, but if it comes we must be prepared in every way.

## Rotary Banquet . . .

(Continued from Page 1)  
forth the high ideals, aims, and purposes of the organization.

Stating that he felt that he must call upon a gentleman who is rarely ever heard in a Rotary meeting, Lee Dodson introduced Superintendent W. T. Hanes, who proceeded to defend himself and then introduced Truett Smith who had been asked to talk on "Bricks".

Truett first threw a few "bricks", good-naturedly, and then revealed the fact that what he was after was the contribution of bricks for the construction of the superstructure of the West Texas Museum at the Texas Tech.

Walter Anglin also made a few remarks on this subject, revealing that he, Frank Hill, and W. T. Hanes had been named a committee to put over the proposition in Lynn county, and the former two had named Mr. Hanes as chairman of the committee.

So, that's about all. We may be overlooking the very number on the program that was most important of all, but if so it does not seem to come to us just now.

**BE AN AMERICAN**

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my Country to love it; to obey its laws; to respect its flag; and to defend it against all enemies."—William Tyler Page.

## Festival Director

Col. Earl D. Irons above, of the North Texas Agricultural College at Arlington, will again direct the Fall Band Festival at the State Fair of Texas. The Festival, in which school bands from all sections of Texas will participate, will be held on October 17, 18 and 19, in the band shell beginning each day at 12 noon.

## MRS. STEWART'S PARENTS OBSERVE ANNIVERSARY

Mrs. G. M. Stewart spent several days last week with her parents, Mr. and Mrs. T. M. Dobbins, in Roscoe. On Wednesday they observed their Golden Wedding anniversary. More than two hundred and fifty friends called during the day to extend their congratulations.

Mr. and Mrs. Dobbins have been residents of Roscoe for almost thirty-five years, and Mr. Dobbins has been connected with the Roscoe State Bank the entire time, most of the time as its president. He has been active in every movement for the betterment of the town and community, and Mrs. Dobbins has been a very active and proficient church and civic worker.

Mrs. Stewart was reared there and for a few years was a teacher in the Roscoe high school.

## MRS. BERRY IN HOSPITAL

Mrs. John Berry of Draw was taken to the Lubbock Sanitarium the first of the week for treatment and a possible operation.

## Bulldogs Lose To Kermit 7 to 8

The Tahoka Bulldogs lost for the third time this season in a non-conference tilt with Kermit last weekend 7 to 8.

And believe-you-me the Bulldogs lost the game all by themselves. After leading by score of 7 to 0 from the first quarter to the third quarter they were backed up to their own five-yard line after receiving two 15-yard penalties, "Rusty" Waldrip attempted to pass from behind his own goal line and was hit hard behind the goal line by a Kermit boy for a safety for Kermit. Kermit had scored just a little while previous to the safety.

The Bulldogs were by far the best team on the field down at Kermit by at least 3 touchdowns but they just didn't play ball. The Bulldogs penetrated down to about the five-yard line three different times but fumbled every time and lost the ball.

We were asked by a fellow here the next day who the stars of the game were, and we said, "What stars?" Why there wasn't even a man on the field that looked like a star unless you were referring to the star "Panty Waists" and there was several of them on the field.

The Kermit boys were the best "sports" that the Bulldogs have played for several years.

### STATISTICS

The Bulldogs made 90 yards rushing, losing 41; Completed 6 passes out of 10 for 105 yards and kicked 284 yards; Were penalized 75 yards and made 6 first downs.

Kermit made 150 yards rushing, losing 26; made 6 first downs and gained 22 yards passing out of 9 tries; Kicked 180 yards and were penalized 45 yards.

## Team Is Ready For Slaton Game

Coach Leo Jackson says that he is ready for the first conference game of the season, but he doesn't know whether his hopefuls are ready or not but he has his fingers crossed as they prepare to leave for their game with Slaton at Slaton tonight.

We haven't had time to go out and inspect the squad this week but we know they are being put through the mill. We also know that they are smart enough—tough enough—and are coached by the best two coaches in this district and they are plenty capable of winning over Slaton if they want to.—And if they want to win they will be out on the field playing a real headsup ball game tonight.

The Slaton Tigers are plenty mean this year. In fact I don't think they have had a bite to eat this year and they are plenty set on having a feast tonight with the main dish being Bulldog meat.

Slaton is doped to be the boys to come out on top with the big end of the score and they are also doped to be a contender for district honors this year.

The Bulldogs are almost down in the cellar of the Conference this year—but you never can tell—Those Bulldogs may start playing real football tonight.

It is said that the Bulldogs beat the Tigers once upon a time but no one seems to remember just when it was—so the 1940 Bulldog squad have a jinx to break. Last year Tahoka was doped to break that jinx and beat the Tigers bad—but the Tigers won 28 to 0.

Visitors in the home of Rev. and Mrs. Ben Hardy Sunday were Mr. and Mrs. Edgar Boaz of Anson and Mr. and Mrs. John Brown of Brownfield. Mr. Boaz is a brother of Bishop H. A. Boaz of the Methodist Church.

## Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

## Brick Campaign . . .

(Continued from Page 1)  
the drive in their school districts Ben Moore is in charge of the drive at O'Donnell.

The drive is being modeled after a similar one staged recently by the Panhandle-Plains Historical Society, which has its museum at Canyon. Their drive raising 260,000 brick in a few days time for a \$80,000 addition to their present \$100,000 building.

The basement of Tech's museum was built in 1936, and if the present campaign for 230,000 brick is successful, they hope to complete the fine building already started. This is a worthy cause and one which is of benefit to the entire section.

Members of the Rotary club brick soliciting committee includes Clint Walker, Charles Townes, Walter Anglin, L. C. Haney, Conway Clingan, Pete Edwards, Frank Hill, A. H. Ra-

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.
