New Officers Were Sworn In Wednesday

New WPA Project Has Been Started

Tearing Down Central Ward

Having completed the City paving project Saturday of last week, WPA workmen started a new project Monday—that of tearing down the west section of the old Central Ward School building. About 40 men are being used on this new project.

The school project has been pending for about two years, and, in its entirety is an extensive improvement program. Henry Maasen, president of the school board, states that this project will likely be taken up in units, as the board feels financially able to complete them.

Following the tearing down of the building and cleaning of materials, a bus garage for the five school buses will be erected on the present high school campus. Other units of the project approved by WPA include football stadium, leveling and landscaping of grounds.

On the school project, WPA is furnishing all labor and \$6.00 per man month. The materials from the old building will be used in any new construction and the school district will expend very little actual money.

Only the old portion of Central Ward is being salvaged for the new construction work. The newer part of the building is being preserved for possible future use as a school or some other community building. Mr. Maasen points out that the school board on two occasions has offered the Central Ward building for sale and the highest offer ever made was the ridiculously low price of \$800. The board feels the building will be worth much more than that to the district if utilized in some other way.

The first unit planned, for instance, will house the school buses, which have practically become a necessity in the operation of a modern school district. The buses now sit out in the weather most of the year.

Greatly increased crowds at football games have brought a demand from many citizens of the town for seating accommodations at games. And, the board has planned, if possible, some time in the future to erect a football stadium, materials to be furnished out of the old building and labor by WPA.

Athletics have been made self-supporting, for the most part, in the Tahoka schools, and many believe that additional spectators would soon pay for the seats.

Vernon Davis In Gas Station Business

Vernon Davis, who for several years has operated the Davis Cafe across the street from the News office, has retired from the cafe business and purchased an interest in the Gulf Service Station heretofore operated by his brother, near the Tahoka Cooperative Gin.

He is acting as manager of the station, while his brother Borden will devote his time chiefly to the wholesale end of the business, it is understood.

Vernon has been very successful at the business of feeding good eats to human beings and there is every reason to believe that he will be just as successful at feeding gasoline to the big gas wagons.

Congratulations

To Mr. and Mrs. Alvin Cain on the birth of a baby girl Tuesday morning at 11:55 at their home north of Tahoka.

To Mr. and Mrs. Silas R. Scott on the birth of a daughter, Lora Pearl, Saturday, December 28, weighing 7 and one-fourth pounds.

To Mr. and Mrs. James Potts, who became the parents of a baby girl weighing 8 and one-half pounds Sunday night at 11:50.

Boxing Contests Planned Here

Members of the Tahoka High School athletic department will sponsor the annual Golden Gloves Tournament, January 23 and 24, in the Tahoka gymnasium.

The same rules will apply to this tournament as will be observed in the district meet. Any West Texas boy is eligible to enter, but all applications for entry must be in at noon, 12:00 o'clock, January 23. All boys entering must be over 16 years of age.

There are eight weight divisions included, and miniature Golden Gloves will be awarded the winners of each division. The winners of the tournament will enter the district meet to be held at Lubbock, February 6 and 7.

A tentative date has been arranged for January 17, between the C. C. Camp of Littlefield and Tahoka, at the Tahoka gym.

All entries for the tournament should file their names with Coach Leo Jackson of Tahoka High School.

Rev. Geo. A. Dale Rotary Speaker

At Rotary's initial meeting for the new year Thursday, Rev. Geo. A. Dale spoke for a few minutes respecting the record that shall be made during the year 1941, stressing the spiritual side of life and appealing to Rotarians to attend church services more regularly during this year than ever before.

Calloway Huffaker has charge of the program for the quarter just beginning and this was the first one under his direction.

Hon. Tom Garrard, speaking in behalf of the Club, extended a welcome to a new member, Dr. Wayne Hill.

Judge P. W. Goad resigned his membership, stating that it would be impossible hereafter for him to attend the meetings regularly, and he declared that Rotary had been a great help to him in many ways.

President Kenneth Durham urged every member to be present and to bring a visitor to hear the distinguished Dr. Charles E. Barker next Thursday.

GIFT FOR MR. HAILE

J. B. Haile, one of the aged men of Tahoka, was the recipient of a highly appreciated Christmas present, a lantern, presented to him by the Men's Bible Class of the Baptist Sunday School. Mr. Haile is a faithful member of the class and a regular attendant of the church services, at night as well as in the morning, and he always uses a lantern to light his way at night; hence the gift.

Mr. and Mrs. I. M. Draper had as Christmas guests all of their children and grandchildren living in the County and their daughters, Mrs. John Durpre of Levelland and Miss Marian of the Home Economics Department of the University of Texas. Miss Claudia, who is connected with an Army Hospital in Honolulu, did not get to come home.

Roger Henry, Jr., two years old, was carried to a Lubbock hospital Monday suffering from a serious throat infection. He was entered for observation. His local physician said that an operation might possibly be necessary.

Mr. and Mrs. C. N. Woods visited her parents, Rev. and Mrs. D. D. Johnson, in Abilene during the holidays.

Mr. and Mrs. L. L. Ivey of Shreveport, La. were holiday guests of his brother, T. T. Ivey and family.

H. C. Story Gets Job At Austin

H. C. Story left Tuesday morning for Austin where he will begin work Thursday in the office of Geo. H. Shepperd, State Comptroller.

Mr. Story will be employed in the Motor Fuel Refund Division. Mrs. Story and daughter, Ruth Evelyn, will join Mr. Story in Austin a little later, after he shall have procured a residence in which to live.

Mr. Story served very efficiently for four years as county clerk of Lynn county, prior to which time he served as bookkeeper for business firms, and by reason of his training and experience he is eminently well qualified for the position he has accepted.

Volunteers Fill New Draft Call

Fourteen white men and one negro are to be called for training under the Selective Service Act during the current month, according to Judge J. W. Elliott, and fifteen white men and one negro have already volunteered.

The negro is a minor, William Jackson Jones, whose parents live back east somewhere. It was necessary to obtain their consent, and Judge Elliott says that the papers were mailed to them and they came back the next day properly signed up.

Whites who have volunteered and whose names have not been previously published in these columns are: Rinehard Martin Ernst, Tahoka, Rt. 4, whose order number is 85, and who volunteered on December 26; and Pleasant Charles Spears, Tahoka, Rt. 4, whose order number is 444 and who volunteered Thursday of this week.

The call for colored men will be made on January 18 and for white men on January 23.

Sam Garrard will be among those answering the call. He volunteered on October 31 but was rejected at that time. His case has been reconsidered and he has been accepted.

Brower Baby Dies In California

James Connolly Brower, three day old son of Mr. and Mrs. Bonnis Brower of Richmond, California, passed away in a Richmond hospital Tuesday night, December 24, relatives here were informed. Funeral services were held Christmas Day.

The baby, born December 21, became ill Monday night. Death was attributed to brain hemorrhage.

Mrs. Brower is the former Maxine Connolly and Mr. and Mrs. James (Skinner) Connolly and Mr. and Mrs. N. D. Brower of Tahoka are grandparents of the deceased. Mrs. Connolly was in California at the time of the baby's death.

Senator and Mrs. G. H. Nelson and children of Lubbock celebrated "New Year" by visiting friends in Tahoka. They were surprised to find most everybody here busy, since everything was closed tight in Lubbock. Nobody but the Bank and the Post Office here observed the First as a holiday.

Mr. and Mrs. Clinton Walker of Tuscaloosa, Ala. visited her parents, Mr. and Mrs. Henry Douthit during the holidays. Prof. Walker is connected with the University of Alabama. Mrs. Walker will be remembered as the former Miss Eva Douthit.

The F. M. Bilmans wrote a few days ago enclosing some good greenbacks in order that the News might keep going to their address at De Leon, Tahoka lost a fine family when the Bilmans left us.

Mrs. Raymond Jackson of Houston was here last Saturday visiting her sisters-in-law, Mrs. C. B. Evans and Mrs. Ed Hamilton. This was her first visit to the Plains.

DR. CHARLES E. BARKER (Story to Right)

Flu Epidemic Hampers Tahoka

There has been a veritable epidemic of flu in Tahoka the past two weeks, but the malady is in milder form than on some previous occasions. Many of those afflicted, however, would not agree that the attacks they suffered were mild ones. The flu has hit nearly every family in town, and in some cases whole families have been ill at the same time.

Several business houses have had trouble keeping sufficient forces on the job to keep open.

Many children are out of school this week, and two teachers are ill. Mrs. S. H. Assiter is out with the flu, and Miss Ruby Nell Smith, who underwent an operation at her home town, Brownfield, is still absent.

Edd Hamilton In New Location

Mr. and Mrs. Edd Hamilton moved their cafe fixtures Wednesday into the building which had just been vacated by Vernon Davis situated across the street from the News office, and opened up for business in their new location immediately.

They had been occupying a space adjacent to the Wynne Collier Drug Store facing the public square.

Edd recalled that the building into which he was moving is the same building in which he opened his first business in Tahoka just twelve years ago.

VISIT KING RANCH

Mr. and Mrs. L. C. Haney and Bitsy spent the Christmas holidays in Corpus Christi and other points south. They visited Mrs. Haney's sister in Kingsville, and the sister and brother-in-law took them on a visit to the vast King ranch, which is one of the world's largest ranches, and visitors are rarely admitted to this vast domain. Lum says he saw many deer but did not get a shot at one.

Mr. and Mrs. Arthur King and sons, J. C. and Arthur Jr., left for their home at Portales, N. M., early Thursday after a holiday visit with relatives here. After enjoying Christmas dinner in Lynn county, they took another trip which included Galveston, Goose Creek, McKinney, Valley Mills, Wichita Falls, Amarillo, and other points, returning to Tahoka on January 1.

Among those absent from their places of business several days this week on account of the flu were: C. E. Woodworth, R. H. Gibson, Pledger Coleman, Happy Smith, Dr. Emil Prohl.

Mr. and Mrs. J. B. Anderson and daughter Jaunita of New Home removed Christmas week to Amarillo. They were accompanied to that city by Mr. and Mrs. Billy Hill, who spent the Christmas holidays there.

Chester Connolly Is County Judge

A new county judge, three new county commissioners, a new county attorney, a new district attorney, and a new county tax assessor and collector took the oath of office and filed their bonds here Wednesday morning.

The retiring county judge, P. W. Goad, first administered the oath of office to his successor, Chester Connolly, and Judge Connolly thereafter administered the oath to the other county and district officials.

The three commissioners who began their first term of service are W. O. Henderson of Tahoka, Leon Jennings of New Home and Lonnie Williams of Draw. The fourth commissioner, Waldo McLaurin of O'Donnell, was re-elected, having served several terms heretofore.

Calloway Huffaker was sworn in as county attorney, succeeding Rollin McCord, who was promoted to the office of district attorney. Truett Smith retires from that office, not having been a candidate last summer.

R. P. Weathers took the oath of office as county tax assessor and collector, succeeding A. M. Cade, who has served several terms.

Miss Hattie Server, district clerk, Walter Mathis, county clerk, B. L. Parker, sheriff, and Mrs. Lois Daniel, county treasurer, were renominated and re-elected in the elections of last summer and fall.

Jim Dye of Tahoka and Geo. D. Foster of O'Donnell were likewise sworn in Wednesday as justices of the peace to succeed themselves.

Following the swearing in of the new county judge and commissioners, the commissioners court held a brief session to approve the bonds of the county and precinct officials and attend to other routine matters.

With Mr. Cade, his deputy, Mrs. Vernon Davis, also retires from the county tax assessor and collector's office. Mrs. D. V. Smith will be retained temporarily, at least until the rush of tax paying is over, it is understood.

The new deputy in this office under Mr. Weathers is Mrs. Beulah Pridmore of New Home. Mrs. Pridmore is a sister of the retiring district attorney, Truett Smith. She, with her two small children, recently removed from New Home to Tahoka and is occupying the Mrs. J. H. Coltenback residence. Mrs. Pridmore formerly taught in the public

Giles Brothers Win Service Promotions

Truett and Donald Giles, sons of Mr. and Mrs. J. A. Giles of Redwine, who volunteered for service in the Army a little more than five months ago and who have been in training in the Air Corps Division, have each received promotions since entering the service.

Bruce is now an orderly and draws \$81.00 per month in addition to all expenses.

Donald gets \$56.00 per month and is now attending a clerical school, following which he is to be used in the supply department.

Both the boys are well pleased with Army life.

Rev. B. Caswell Is Visitor Here

Rev. and Mrs. Bervin Caswell of Aztec, New Mexico, spent a few days, including Christmas day, here last week visiting his and her parents of the Draw community. He is the son of Mr. and Mrs. W. W. Caswell and she is the daughter of Mr. and Mrs. J. E. Sherrill.

Both these young people were reared in the Draw community, and Bervin is now serving his first pastorate as pastor of the Methodist Church at Aztec. This is a station or full-time church, and both Bervin and his wife are enjoying the work very much. Bervin is a graduate of McMurray College at Abilene and virtually completed the work for his degree at S. M. U. last summer.

Noted Speaker Will Be Here

Four million adults, three million high school students, and probably a half a million college students have been inspired by the addresses of Dr. Charles E. Barker, lecturer and teacher of the principles of health and right living, in the quarter century he has devoted to his work.

The speaker will appear before the school students at 11 a. m., at the Rotary club at noon, and before the public in general at 7:30 p. m. in the high school auditorium. All are invited to the latter meeting.

Dr. Barker is coming to Tahoka on Thursday, Jan. 9, to address the high school students, Rotary Club and mass meeting under the auspices of the Rotary Club of Tahoka, as a contribution on the part of the club to community development and community welfare.

Dr. Barker holds university degrees as doctor of hygiene and physical culture. While William Howard Taft was president of the United States, Dr. Barker spent an hour a day with him, keeping him fit for his job.

Warning Is Given On Mail Boxes

Patrons on rural routes have complained much during the past few months of damage to their rural mail boxes by rifle bullets and also by damage caused by car and other vehicles, according to Postmaster, W. E. Smith.

"We are certain that many of our rural residents have suffered uncomplainingly of the same offense and that there is reason for the complaints which have been made Mr. Smith stated. "It is certainly a source of much annoyance to have mail boxes knocked down, particularly new ones, and the boxes and mail therein damaged. It is apparent that the complaints were the result of either mischief or malice in many instances and it is requested that everyone having knowledge of the offenders cooperate with the Federal authorities by making prompt report to the Postmaster when they have any knowledge of the person or persons causing the damage.

"Many persons are unaware that it is a federal offense to damage rural mail boxes; but it is entirely possible that persons convicted of this offense will be required to pay a fine of one thousand dollars or serve three years in the penitentiary."

HENRY McDANIEL VISITS HERE

Henry McDaniel and family of Springerville, Arizona, spent several days here this week visiting his mother, Mrs. S. N. McDaniel, and other relatives. They also visited relatives of Mrs. McDaniel in this section. Henry was reared in Tahoka and for several years was an employee in the First National Bank here. For a number of years he has been in the Forest Ranger service. On the return trip, Marvin, the oldest son, expected to drop off at Las Vegas, New Mexico, to enter the State College.

Mr. and Mrs. D. B. English had all of their daughters and their families at home during Christmas, Mr. and Mrs. Raymond Hatch and son Raymond Bryson of Lamesa, Mr. and Mrs. Ed Bergfeld and Miss Virginia Lee Traylor of Lubbock, and Mr. and Mrs. J. M. Small and sons Jimmy Dumas and George Maurice of Tahoka.

Mrs. Ernest Cawthron who was carried to a Lamesa Hospital a week ago, seriously ill, is thought to be out of danger. Mrs. Cawthron is a niece of Mrs. W. M. Harris.

Legion Speaker To Visit Lubbock

The part the former service men and women are expected to play in the National Defense will be discussed by Milo J. Warner of Toledo, Ohio, National Commander of the American Legion, when he visits Lubbock Tuesday night, January 7.

Warner is to speak in Lubbock Senior High School Auditorium starting promptly at 7:30 o'clock, according to Chas. Whitacre, District Commander who is directing preparations.

Expected to be here with the National Commander, Whitacre said, are Edd Riedel of San Angelo, Texas Department of the Legion, Fred E. Young of Port Arthur, Department Adjutant, and perhaps a number of other outstanding leaders in the Legion.

Also expected, said the District Commander, are delegations of

former service men and others interested from most towns and cities not only in this Legion District, but from more distant points. The invitation to be present, he emphasized, includes "everyone interested."

He reminded that the program will start promptly and will be expected as much as possible as a convenience to the out-of-town visitors who will wish to get an early start home.

Legion Leaders of the District see in Warner's visit, an unusual recognition of the citizenship and the former service men and women of this territory. He is to make only four stops in Texas on his trans-continental tour, Lubbock being one. Furthermore, he is the third among the last four National Commanders who has departed from the more heavily traveled trans-continental routes for a major speech in Lubbock while making an official tour.

Warner has been a member of the Legion since it came into existence in 1919. He has been engaged with practically all the more important honors within the gift of his home, Department and National Legion organizations prior to his elevation to the National Comandership. He served on the Mexican border, enlisted June 3, 1917, for World War service, and suffered a serious wound while fighting in France in 1918. He is an attorney by profession and one of the most prominent in Ohio. Throughout his connection with the Legion, he has been consistently an advocate of National Preparedness as a means of guaranteeing the Nation's Peace.

ADVERTISERS AND EDITORS

Terry county Herald: We have never had an advertiser in the thirty-one years that we have been publishing the Herald that even hinted that he wished to control the editorial policies of the paper. It is true that advertisers support the paper, but they do not dictate the policies of them. Dictators can't stand a free press for the reason that readers learn to think for themselves. Dictators wish to do the thinking for their people. Without advertising support 75 per cent of newspapers would have to close shop, and the rest would have to charge such an exorbitant rate that no one but the rich could take them. So, here is where the advertiser does another great favor to the reader. He not only advertises, and makes mass production and mass sales keep down the price of merchandise, but his ad make it possible for the publisher to sell his paper to readers at a price they can afford.

State Press in the Dallas News: The pure in thought, like Secretary Ickes, who say advertisers dictate the newspapers' editorial policies seem to be under the impression that all advertisers are of one mind. Advertisers in fact are as varied in their opinions as any other class. As a rule advertisers are smart men who advertise because it pays, not in an effort to control the editor. The chief critics of the newspapers' policies are fond of saying "big business" dictates through the advertising columns. But how good is big business at advertising? Merchants are the chief advertisers and they advertise to improve sales. Improved sales come mass sales and with mass sales come lower prices to induce more and more sales. Advertising is a business, not a political effort. Mr. Ickes and the likes of him, who hate the newspapers, assume that all advertisers have political objectives in view. The critics can't understand that advertising is a promoter of business rather than a slick way of making the editor change his politics, if any. A few years ago there was a book written by a Socialist who presumed to prove that sixty families control 90 or 99 per cent of American wealth. How much advertising does anyone in that absurd category do? Just about none at all.

ELDER FRANK TRAYLER VISITS HERE

Elder Frank Trayler, minister of the Church of Christ, visited friends here last week end and preached at Grassland Sunday, where he conducted a meeting and made many friends last spring.

Elder Trayler, with his family, were removing from Alpine, where he has been located several years, to Levelland, where he will serve as minister for the Austin Avenue Church of Christ.

Vegetables

With the holidays almost over and all the turkey, goose, or chicken with rich dressing and gravy eaten we must double-check the adequacy of our diets. During Christmas we are all somewhat lax about eating the foods we need for our well-being.

The housewife should, for the next few weeks at least, serve plenty of vegetables both raw and cooked.

There's really been a change for the better in vegetable fashions. More vegetables are being eaten, now that they are brought fresh from all parts of the country in refrigerator cars. New varieties and the appreciation of the food values in vegetables have done much to increase the use of vegetables.

Before the improvement of refrigeration facilities, the choice of vegetables was limited to what the home garden or nearby farms could supply. The season for most vegetables was short, and the climate restricted the number of vegetables a family could get.

Now most vegetables are "in season" throughout the year due to the refrigerator cars and trucks. And recently, vegetables have also been coming to market in the quick-frozen form.

Tahoka markets afford access to many varieties of both fruits and vegetables. Vegetables are about thirty cents a package. There is no waste to the frozen foods and they are extremely easy to prepare. The vegetables can be cooked ready to serve in 10 to 15 minutes. Each package gives directions for cooking. The fruits are so tasty it is difficult to distinguish them from fresh fruits. Cold storage lockers afford the farmers the same convenience. Their surplus vegetables and fruits can be frozen in the local cold storage plants and kept until needed in the pantry.

Incidentally, Lynn County has more cold storage lockers than any county in the state. The Locker Patron is a magazine published in Des Moines, Iowa. This magazine is issued once a month and gives new discoveries in frozen foods; also new ideas for preparing foods to be frozen, etc. The editor is quite interested in Lynn County and in the interest the lockers. The Home Management and use the farmers are making of Supervisor for FSA is the West Tex-

B. J. Emanuel Tells Of Holiday Trip

Mr. and Mrs. B. J. Emanuel visited their son, B. J., Jr., and their friends, Mr. and Mrs. D. G. Phipps, in San Antonio during the holidays, and they declare that they had a most wonderful time. Their son B. J. is enlisted in the 23rd Infantry, Service Co., Fort Sam Houston.

Leaving home at 6 A. M., Mr. Emanuel says that they arrived in San Antonio at 3 P. M., driving directly to the Phipps home and spending the night there. Locating their son in Fort Sam Houston was no small job, Mr. Emanuel declares, since there are 19,000 new recruits there in Fort Sam Houston alone.

"Taking his car, Mr. Phipps put in the week showing us the sights, which are many", Mr. Emanuel said. "Looking Fort Sam Houston over with its acres of new barracks, Kelly and Randolph fields, Camps Normoyle and Duncan, all flying fields. Other sights were Brackenridge Park, the many big artesian wells, and the landing of a big Braniff passenger plane, the Alamo, and also fresh vegetables growing in the fields. All in all, it was a very pleasant visit, missing one of the worst sandstorms of the season; but the Plains and Lynn county looked good after all. The Phipps family surely know how to show you a good time."

Mr. and Mrs. A. I. Thomas and Miss Mary Squires returned Wednesday afternoon from a twelve day trip and visit. Mr. and Mrs. Thomas visited at Strawn and Ponder, Miss Mary visited in Baird with her sister Mrs. Temple Brashear and family.

Mr. and Mrs. B. R. Tate visited his father at Comanche on Christmas day, which also was his birthday. The elder Mr. Tate is eighty years old and has been a resident of Comanche for many, many years.

Mr. and Mrs. T. E. Park spent several days Christmas week visiting their son, Sam Park, and his family in Lamesa and feasting on a birthday dinner given in Sam's honor. They declared they had a wonderful time.

Mr. and Mrs. E. W. Shawn, Wayne and Joretta spent Christmas with Mrs. Shawn's sister Mrs. E. E. Taylor and family at Dumas.

as correspondent to this magazine. Studies made by the Federal Bureau of Home Economics show that the use of even more vegetables, especially the green-colored and leafy vegetables, would help to improve American diet.

Salads are one of the best ways to make use of greens and other vegetables. Raw vegetables combinations are refreshing, and there's no loss of vitamins and minerals through cooking.

For appetizing salads, see that the vegetables and the salad plate are both cold. Crisp the vegetable by placing them in the hydrator of the refrigerator after they are washed or by leaving them a few minutes in cold water. For best results, combine the vegetables with the dressing just before serving.

ELDER DRENNON SAYS—

We surely did like the Christmas issue of the News; it surely was a dandy. I want to commend the merchants for their fine patronage. I counted sixty-five fine ads, I believe it was, which is just what it takes to make a paper go. I was glad I had a few notes in that issue, as I consider it an honor.

We have come through the Christmas holidays all O. K. Old Santa was good to me and mine. In fact I think if we will stop and count our blessings all of us people living in this part of the world will find we are fortunate.

Just one more day in this year. I spoke yesterday morning on "Taking a Spiritual Inventory." I believe that at this season of the year it would be profitable for all of us to take stock of ourselves. The main trouble with most people is that they want to take an inventory of others but not for themselves. A good square look at ourselves will do us all good.

As 1941 approaches let's resolve to make wiser use of it than we did 1940. Let's not turn back but keep our faces toward the dawn. "Remember Lot's wife" is good advice for all of us. I am not satisfied with my efforts for 1940 and hope to do more in 1941. Let's always be unsatisfied but never dissatisfied. This is a pretty good old world after all. Most of us get better treatment than we deserve.

I visited the Valley yesterday and everything was dead and brown. I was reminded of the difference of how it looked now and earlier this fall and then my thoughts turned to how it will look next spring when the resurrection takes place and the first trees are bedecked with blossoms and green foliage. Then my thoughts turned to the time when my body will die, and then I grew glad when I thought of my glorious resurrection, which made me appreciate the brown trees more.

Some good resolutions I wish my readers would make: To be more kind and thoughtful of others; to read the Bible and pray daily; to attend every service at the church and be on time; to be more interested in giving to the world than getting from it; to spend our money more wisely; to use our thinker more; and last but not least, to be more loyal to our country, our home, and our God.

Yours for more people who are more interested in making it a prosperous and happy New Year than in merely wishing it.—R. P. Drennon.

Mr. and Mrs. Jesse Johnson and two children of Hobbs, New Mexico, visited his parents here, Mr. and Mrs. T. W. Johnson, during the holidays, and at the end of their visit the parents accompanied them home. When the elder Johnsons returned to Tahoka, they were accompanied by Misses Lucille, Leslie Mae, and Allene Johnson of Hobbs for a brief visit here.

C. C. Johnson and family of Hobbs came over Thursday to visit relatives and for Mr. Johnson to look after business matters. Mr. Johnson at one time was in the grocery business here. He is now the proprietor of a service station in Hobbs.

Mrs. J. H. McCoy had as her guests during the holidays Mrs. Saletta Helbach of Ardmore, Oklahoma, and the latter's son, Lieutenant Helbach of Fort Sam Houston. Mrs. Helbach was a sister of the late Dr. McCoy.

Free Barbecue At Inauguration

AUSTIN, Dec. 28—With the actual inauguration of Gov. W. Lee O'Daniel Jan 21 in charge of a legislative committee, an Austin citizens' committee today promised free barbecue on the lawn of the governor's mansion.

Rep. Homer Leonard of McAllen, leading candidate for speaker of the house, announced that if he were speaker, he would name the following to the joint house-senate committee to handle details for the second inauguration of O'Daniel and Lieut. Gov. Coke Stevenson.

Clinton Kersey of Bridgeport, Chairman; Hop Halsey of Lubbock, James A. Stanford and Joe Carington of Austin and Robert Avant of Marshall.

At the request of the governor, who suggested a comparatively quiet ceremony because of "serious world conditions," in contrast to the tremendous spectacle of his first inaugural two years ago, the oath of office will be administered on the

front steps of the capitol at high noon.

The citizens' committee, headed by Mayor Tom Miller, is preparing to serve barbecue from pits in the rear of the mansion, across the street from the capitol, to 20,000 anticipated guests who will receive no invitations.

"Everybody is invited," Miller said, "and the committee has decided to issue no special invitations."

The committee announced the celebration will include an inaugural ball in Gregory gymnasium, the University of Texas' huge indoor sports structure, and a street dance on Congress avenue at which the governor's famed Hillbilly band will perform.

That man Knott is one of the
greatest cartoonists in America. Did
you see that cartoon of his in the
Dallas News Monday? Ireland stands
with head thrust out through the
window of his modest home, pipe in
mouth and an expression of amused
interest on his face, while Mussolini
is running by in great haste, head
bandaged, arm in swing, patches on
his face, and pointing back over his
shoulder to Great Britain following
in hot pursuit, as he shouts to Ire-
land, "If that guy bothers you, let
me know." That reminds us of what
Mussolini said in a boastful speech
recently, "Whenever I start, nothing
can stop me". We thought then
that he meant when he started run-
ning.

We have the highest respect for
most of the physicians of Lynn county
but we do wish that some of them
would quit writing so many whiskey
prescriptions. Did you know that
during one period of three months
recently more than 5,000 liquor pre-
scriptions were written by physicians
in this county? And they were filled
by drug stores operating in Lynn
county. This is a most regrettable
situation.

While there was practically nothing
this Congress could do during
the past thirty days, it refused to
adjourn but remained in session un-
til its term expired by operation of
law. A new Congress convenes to-
day, and the President's message to
that body is expected to contain re-
commendations that will stir up
much bitter controversy. The Presi-
dent's general war policy, however,
will probably be approved and car-
ried out by a decisive majority in
each House.

We wonder what insane delusion
possesses Senator Wheeler and his
followers that they think that Hitler
would accept the terms of peace
which he proposes—the surrender of
all the plunder which he has stolen
by his campaign of international
banditry. The majority of the eight
points included in his peace pro-
posal to Hitler are infinitely more
fantastic than the fears as expressed
by President Roosevelt that Hit-
ler will eventually make war upon
the United States if he succeeds in
crushing England and thereby domi-
nating the three continents of Eu-
rope, Asia, and Africa. Just as well
offer a pittance to a bandit if he will
give up all his loot and be good for-
ever thereafter when he has the
money taken from a dozen banks in
his pocket and is planning to rob
still others.

Odds and Ends **See Eye, the Elder**

Much history was made in the
year just ended. It was a year of
momentous events, each following
closely upon the heels of the pre-
ceding one. It will require volumes
for the future historian to adequately
record the mighty events of the
year. How full of tragedy it has
been! War! Hate! Intrigue! Cruel-
ty! Sorrow! Destruction! Death!
What a record!

Yes, and there will be stories also
of Heroism, Unselfishness, Devotion
to Duty, Love, Sympathy, Virtues
of the Highest Type.

Undoubtedly, the most momen-
tous single pronouncement of the
year was the "Fireside Chat" of the
President of the United States broad-
cast from the White House Sunday
night.

Over the radio it was carried to
the peoples of all the nations of the
world, save and except to the peoples
of the totalitarian nations and the
nations that have been conquered
by them.

The dictators never permitted the
ringing words of our President to
reach the ears of the masses in Ger-
many, nor in Italy, nor in conquered
France, nor in the smaller nations
now writhing under the iron heel of
Hitler.

These ringing words were not per-
mitted to reach the ears of the Rus-
sian masses.

In the dictator countries, the
people are allowed to hear nothing
and to read nothing that the dic-
tator may see fit to forbid.

To violate the decrees of the dic-
tator may mean Death or the Con-
centration camp.

That is true in Naziistic Germany,
in Fascistic Italy, and in communis-
tic Russia.

And yet there are a few ignora-
muses and simpletons in this coun-
try who fancy that we need some
such governmental system as these
in our own land.

There is a foolish minority in this
country, headed by such men as Sen-
ator Wheeler of Montana and Sen-
ator Johnson of California, who will
criticize this great speech of our
President.

But most of the people in this
country admire and approve the
brave, frank, straight-forward words
which he spoke.

This message nerved the arm of
the English, fighting for their lives
and for the life of their country; of
the Greeks, who have done such
heroic work in driving back the Ital-
ian invader; of the Chinese, whose
country is being ravished and whose
millions are being murdered or starved
by Japanese armies bent on mak-
ing them slaves.

This message was a new declara-
tion of independence on behalf of all
peoples everywhere who love liberty.

It was a mighty challenge to the
wicked dictators in Europe and Asia
who are now clutching the throats
of millions of liberty-loving and God-
fearing people who had done no
evil, attempted no evil, planned no
evil, and contemplated no evil a-
gainst the aggressors.

It is as hard for most of us to
find any grounds on which to criti-
cize this pronouncement of our Presi-
dent as it would be for us to criti-
cize a citizen of our town for offer-
ing every possible aid and comfort to
some helpless child or some decrepit
old man or even some ordinary
peace-loving citizen who was being
viciously assaulted by some giant
outlaw neighbor with intent to rob,
murder, or enslave his victim.

Our aid to nations who are strug-
gling for their very lives, for the
preservation of political and relig-
ious liberty and those personal rights
that free men everywhere hold dear,
may draw us into war. If we contin-
ue to send aid and to send it in ever-
increasing volume and speed, the
dictators may make war upon us.

Contrariwise, if we send no aid
and England is totally crushed, then
who can doubt that the dictators
in time will leap across the Atlantic
and present their ultimatums to the
countries of South America, and
even to Mexico.

We certainly would have to fight
them then or permit them to dom-
inate all South America and our
North American neighbors.

justice may be done, to seek to pro-
tect the oppressed and help the weak,
and through it all to have faith in
God.

We believe that the masses of the
American people have the necessary
courage, that they are rapidly be-
coming prepared for any emergency,
and that at least millions and mil-
lions of them have genuine faith in
God. Thus armed, they can not be
defeated by all the hordes of infidel
Germany, superstitious Italy, and
Pagan Japan combined—no, not even
if these are joined by atheistic Rus-
sia in their hellish enterprise.

England, and America, and Civil-
ization must survive.

Shall we say to this nation: "Sink,
England, sink; if you can't keep
your own head above water. We will
not turn a finger to save you"? Or
shall we say to the vikings and van-
dals who would sink her, "Halt there!
You Hi-jacker; you shall not com-
mit this dastard murder! You shall
not pass!"

And so the year 1941 opens as
possibly the most portentous one in
modern history.

We do not know what of evil or of
good it will bring to us, or to the
nations of the world.

We do not know how nor when
this war will end. We do not know
how much it may spread before it
ends. We do not know how vitally
it may touch our own national life
—our own individual lives.

CHILD BURIED HERE SUNDAY AFTERNOON

The little child of Mr. and Mrs. Euclid Branum of Tokio, Alta Louise, three years, three months, and 23 days old, was buried in the Tahoka cemetery Sunday afternoon following services at the Harris Funeral Home at 2:30 P. M.

Services were conducted by Elder Eugene Long, assisted by Elder M. V. Showalter of Abilene, who was here conducting services at the local Church of Christ.

The little girl died Saturday afternoon while being conveyed from a hospital in Brownfield, where an operation had been performed, to their home at Tokio. The child had been afflicted with a head trouble.

The child was a sister of Mrs. Jim Cloe of Brownfield, formerly of Tokio only a few months ago from Jacksboro.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering! Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI. Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juices; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

South Plains Man Is Found Dead

The dead body of a man whose name was given as H. C. Burkett and believed to be the same man who formerly resided in this section of Texas and against whom complaints for swindling were pending in Lynn county, was found in a field near Okemah, Oklahoma, Wednesday, according to press reports published in the daily papers Thursday.

Foul play was suspected. Officers stated that three wounds had been inflicted on the head of the dead man over the left eye. The murder was thought to have been committed on Saturday. The hat which the dead man wore had been purchased in Lubbock and officers said that he was from Lubbock and Big Spring.

Several weeks ago "Jake" Burkett gave a bad check to E. H. Boullion of this city for the sum of \$25.00, and complaint was later filed against him in the county court here. A bad check for \$16.50 bearing the signature Jake Burkett was also given to B. M. Cathey, grocery man, at New Moore, and complaint on this check was filed with Justice of the Peace Jim Dye of this city. Warrants for the arrest of Burkett are held by Sheriff B. L. Parker of this city, but the accused man had not been apprehended.

Burkett, it is said, was also wanted on bad check charges both at Brownfield and Lamesa, as well as Roswell and Portales, New Mexico. Officers are convinced that H. C. Burkett and Jake Burkett are identical.

Mrs. N. C. Parker, who is employed as seamstress in Craft's Tailor Shop, has been confined to her room with a stubborn attack of the flu for the past ten or twelve days.

Mrs. John Hegi of Petersburg is spending the week here with her son and daughter-in-law, Mr. and Mrs. Fred B. Hegi.

Judge and Mrs. J. W. Elliott spent Christmas day with Mr. and Mrs. Major Rogers in Levelland.

A London magazine asked its subscribers to submit definitions of "home"—and received over eight hundred answers. Out of these, six were selected as the best. Here they are:

"Home—A place where the small are great, and the great are small."

"Home—The father's kingdom, the mother's world and the child's paradise."

"Home—The place where we grumble the most and are treated the best."

"Home—The center of our affection 'round which our hearts best wishes twine."

"Home—The place where our stomachs get three square meals a day and our hearts a thousand."

Young Son: Mother, isn't your hair permanently waved?
Mother: My dear, what makes you ask such question?

Young Son: I've been thinking, why can't I have my neck permanently washed?

Hubby: You never tell me what you buy! Don't I have any voice in the buying?
Wifey: Certainly, darling. You get the invoice.

Mr. and Mrs. Homer Parker are the parents of a son, weighing 6 pounds and 13 ounces, born in a Brownfield Hospital last Friday. It's old Grandpa Parker over in the sheriff's office now.

The News has also been informed that Mr. and Mrs. Jack Weathers have a little son, weighing only 5 pounds and 13 ounces, born in a Lubbock hospital two days before Christmas. Jack was reared here. They have named the little fellow Wynne Reagan, the last name in honor of his dad and the first one in honor of Wynne Collier for whom his dad formerly worked.

The New Year had scarcely arrived when another Lynn county couple became the parents of a son. The little fellow was born to Mr. and Mrs. H. Dyer White, who live out in the Dixie community, at 2:36 o'clock Wednesday morning in a Lubbock hospital.

So far, we have no record of any child having been born in this county since the new year was ushered in.

"There," said the plumber, "in spite of all the silly jokes about us, we've not forgotten a single tool. My mate's here with me, and we've not got to go back for anything—"

"You've come to the wrong address," said the maid.

"Daddy, may I ask you a question?"

"Yes, son, but it must be a short one."

"If a doctor is doctoring a doctor does the doctor doing the doctoring have to doctor the doctor the way the doctor being doctoring wants to be doctored, or does the doctor doctoring the doctor, doctor the doctor the way he usually doctors," — Boys' Life.

Rev. and Mrs. Claude Johnston of Sherman were guests of Rev. and Mrs. Geo. A. Dale over the week end. Rev. Johnston filled the pulpit of the Baptist Church at O'Donnell Sunday morning and night. He is pastor of the North Park Baptist Church in Sherman.

BOY SCOUT HEAD WILL BE IN LUBBOCK

LUBBOCK, Jan. 2—Walter W. Head, president of the Boy Scouts of America, as the speaker here in the 15th annual meeting and banquet of the South Plains Council. Boy Scouts of America, will attract more than 500 adults to the meeting, George P. Kuykendall, general chairman, predicts.

Plans are going forward for the reception of the well-known business executive, living in St. Louis and president of one of the largest insurance companies in the world. Head is a former president of the American Banker's Association, trustee on three college boards besides having served 14 years as president of the Boy Scouts of America.

B. M. Haynes is O'Donnell chairman.

This year selection of those to attend the banquet meeting, restricted for seating space, will be made. Whiteface, last year and two previous years, won the attendance banner and is out for it again this year.

Aviation Is Team Work

"It takes fifty men to keep one plane and pilot right and steady in the air," according to Dr. C. Ward Crampton writing in Boys' Life. "Aviation today is by broad specialization, and the pilot is only the peak of a big team of aviation experts who know machines, engines, gasoline, stresses, fabrics, electricity, rubber, traction, signalling, navigation, photography. The pilot is the peak of a great team so has to be good."

By making a snowshoe-shaped frame of stout branches on which is fastened flat evergreen boughs, one can construct a makeshift pair of snowshoes, which method is described in an article in Boys' Life, written by "Uncle Dan" Beard, National Scout Commissioner.

Father: Didn't you promise me to be a good boy?

Son: Yes, Father.
Father: And didn't I promise you a thrashing, if you weren't?

Son: Yes, Father, but as I've broken my promise, you needn't keep yours.—Boys' Life.

TEACHERS WED AT CHRISTMAS PROGRAM

Mr. Charles Clark and Miss Vynomma Parks were united in marriage Friday, December 20, 1940, at Garnolia school house, Rev. D. W. Reed officiating.

Mr. Clark is teacher of Science in the Merkei High school, and Miss Parks is primary teacher in the Garnolia school.

The wedding was a well planned surprise. It came at the close of the Christmas program, of which the last number was a candle drill by nine little girls.

Another scene was added, and a white arch decorated with large red bow and poinsettias with white bells overhead was placed well back on the stage. Eight little girls in pastel colors, bearing lighted candles, marched beneath the arch to form a V. Mrs. D. W. Reed played a simple march swinging into "Bridal Chorus" as the minister and groom entered from one side while the bride approached from the opposite side followed by the ninth girl bearing a white satin pillow on which rested the lovely diamond-studded wedding band. As the ring-bearer knelt before the couple the candle-bearers also knelt.

The minister read the 100th Psalm and had a short prayer; then, in a few well-chosen words, read the marriage vows. After the "I do", while the groom placed the ring, the minister spoke touchingly of its significance.

Introduction and congratulation, and the curtain was drawn.

The bride wore a dress of medium blue crepe topped by a short fur coat, and a tiny hat of ribbon and veiling.

The groom was conservatively dressed in a greenish-blue suit.

They left immediately for Sweetwater, Tuscola, and San Antonio.

They plan to each finish their school term after the holidays.—Contributed.

HOLIDAY WEDDINGS

Cupid was a busy fellow over the holidays, according to records at the office of the county clerk.

A. T. Corley of Wilson obtained a license to wed Beatrice Gilmore, also of Wilson, on December 23.

Erwin Sanders and Miss Kathleen Tadlock of Wilson were married Christmas day by Rev. C. N. Roth, Lutheran minister in Winters.

Truett A. Giles and Miss Ethel Mae Crawford of Tahoka obtained license and were married by J. Bruce Giles of Redwine on the 26th. Licenses were issued December 30 to Albert Herman Waunschick and Irene Kieschnick of Wilson and to H. H. Freeman and Jonita Smart of Lubbock.

SKILES THOMAS HONORED WITH SUNDAY LUNCHEON

Mrs. C. A. Thomas entertained with a Sunday luncheon, in honor of her son Skiles, who is home for the holidays.

The following guests were present: Miss Maxine Durrett, Miss Mattie Evelyn Stone, and Mr. Bobby Collier, of Post.

Mr. and Mrs. Charlie Curry and children of Lubbock spent the New Year Day with relatives here. They have recently moved into their new home in Lubbock where Charlie has employment in a printing office. Myrtle Rochelle

This is the time of the year when all of us sit down to regret how very little we have learned or advanced in the past, and how very little we have contributed to the welfare and happiness of those whom we call our friends and acquaintances.

And most of us have to answer ourselves in the words of Tennyson, "So much to do, so little done, such things to be."

So, taking stock of ourselves, we all sit down and think out a lot of resolutions which we hope to keep, and through which we wish to better our looks, our health, our station in life, or our attitude toward our fellow men. Very few of us can ever say at the end of the year that we have kept any of those good resolutions.

Wonder how many of us can even remember what resolutions, if any, we made last year.

At any rate, since this is the time for resolutions, we have set up for ourselves a list of what we might call ideals rather than resolutions, for we do not even hope to accomplish them.

Here they are:

Never to repeat unpleasant gossip. Never to contribute to a conversation which is devoted to tearing down the reputation of anyone.

Never to give anything to a person in circumstances not quite as good financially as our own, no condescending charity.

If all of us were like that, wouldn't life be grand?

To anyone wishing the services of a high-class, good old-fashioned, barbershop quartet—apply to Bud McGonagill. We heard one of his selection perform recently, and really, they would slay you!

One of the nicest Christmas presents we heard about was that received by a young lady—a raise in salary.

TRUETT GILES AND MISS MAY CRAWFORD WED

A beautiful home wedding was that of Truett Giles and Miss May Crawford, both of Redwine, on the Thursday afternoon following Christmas in the home of the groom's parents, Mr. and Mrs. J. A. Giles. The wedding ceremony was read by the groom's elder brother, Rev. Bruce Giles, who is just beginning his work in the ministry and who is now a teacher in the Redwine school. Only a few relatives and friends witnessed the ceremony.

The bride is the daughter of Mr. and Mrs. J. D. Crawford of Redwine and has been reared in that community.

Both of these young people are accomplished and very popular, and their many friends are wishing them the best that life affords.

About five months ago Truett volunteered for service in the army and was assigned to the Air Corps Division at Denver. He is now serving as an orderly, having been promoted in the service.

Accompanied by his brother Donald, who is also in training at Denver, Truett and his bride left for that city Monday morning. Truett and Donald had come down from Denver on Sunday preceding Christmas to spend the holidays with their parents, and with the intention on the part of Truett of taking his bride back with him.

CHEATAM-WOOD

Mr. and Mrs. Howard Henderson have announced the marriage of their daughter, Mrs. Jessie Irene Cheatam, to Mr. Marvin Wood, the rites being read Wednesday, January 1.

Holiday visitors in the home of Mr. and Mrs. Joe Sanders were Rev. and Mrs. R. I. Hart of Avoca, and Mr. and Mrs. Charles Sanders of Brownfield.

Miss Inez Sanders, employee of the McFarland-Mason Loan Company at Lubbock, spent Christmas here with her parents, Mr. and Mrs. D. Sanders.

Former Pastor Writes To Friends

To all our friends in Lynn county and elsewhere who may read these lines: Let's have a friendly visit together at this Christmas season. The Christmas spirit is high here in East Texas. Some, as usual, have no conception of the real meaning of Christmas, but to me the babe of Bethlehem means everything, and we wish each and every one a good Christmas and prosperous New Year.

What 1941 holds for us I don't know. I am not a prophet, but we all know these are terrible days. I once heard the story of two children, a boy and a girl, playing in a railroad cut, and to their surprise a train was close on them, and it took quick thinking how to free themselves of the approaching train. The boy, being older than his sister, told her to get by a big rock that was only a few feet from the track and he did likewise; and all the time as the big train was passing he kept shouting to his sister to stay close to the Rock.

Jesus is the Rock of Ages, and our only hope in this distressing time is to stay close to the Rock.

We have wonderful people to serve here and a beautiful country to live in. You should see the big, tall pines and the beautiful scenery in East Texas. But we love the big West and our good old Lynn county friends, and we covet the prayers of all who pray to ask the good Lord to make us a blessing to a hungry world.—Your true friend, John R. Ferguson, Atlanta, Texas.

SUB-DEB CLUB MEETS

According to announcement, the Sub-Deb Club met Thursday, Jan. 2, at the home of Dorothy Virginia Fulkerson to make plans for the new year.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses; 25c.

Mr. and Mrs. Truett Smith and son, Gordon, visited her parents, Mr. and Mrs. J. K. Hunt at Claude, during the holidays.

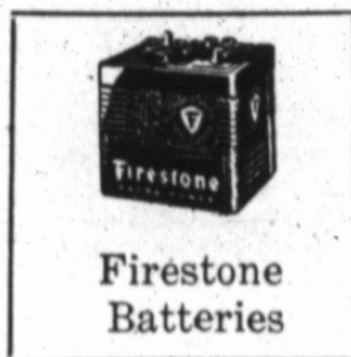

Mrs. R. C. Forrester had as guests during the holidays two nephews, Homer Hughes of Brownfield and Roy Lee of Lovington, N. M.

Elder Roy E. Guley of Fort Stockton visited friends here Saturday and preached at the New Home Church of Christ Sunday.

school here and also at Grassland. She is a graduate of Baylor University and is an accomplished young woman, well qualified to serve in the position to which she has been appointed.

As is well known, county superintendents are now elected for four year terms, and it was not necessary therefore for Mrs. Lenore M. Tunnell to take the office Wednesday, only two of her four year terms having been completed.

Retiring officers have made no statement for publication as to their plans for the future. The three retiring commissioners are George Small of Tahoka, Sam Holland of Tahoka, and Tom Hale of West Point. District Attorney Truett Smith, County Judge P. W. Goad, and County Tax Assessor and collector A. M. Cade all reside in Tahoka and doubtless will continue to do so.

Be it said to the credit of all the retiring officials that they have served faithfully and efficiently and they retire from office with the highest respect of the citizenship of the county. Their successors are also most excellent gentlemen, and it is to be hoped that they too will serve Lynn county faithfully and well.

E. E. McManis and daughter Miss Velma returned Friday from a visit with relatives at the home of one of his brothers near Dublin. Present were three half brothers, one sister, and one half sister. Mr. McManis says they had a very pleasant visit but that it rained so much that he wished for a sand storm. When he got home he found that they had had one.

Mrs. E. I. Hill returned Tuesday from Temple where she had spent ten days at the bedside of her father, Mr. Hop Halsey Sr., 80, who was ill in a hospital there. Having greatly improved, Mr. Halsey was brought to Lubbock also on Tuesday to remain indefinitely in the homes of his sons, Mark and John Halsey.

Edd Hamilton was all pepped up Tuesday. For the first time he had become an uncle. A daughter was born to his sister, Mrs. Layton McWilliams of Lubbock, in a hospital in that city Monday afternoon. Uncle Edd declared that he was going to run up and see the little lady at the first opportunity.

Mrs. A. N. Hughes, Mrs. R. C. Forrester and Miss O'Bera, attended a family reunion in the home of Mrs. Hughes' daughter, Mr. and Mrs. Homer Scott in Lubbock Christmas day.

J. B. Halle spent the holidays with a daughter at Levelland, and while there his children, grandchildren, and a few great-grandchildren visited him. He says he had a glorious time.

Miss Lonie Webb accompanied her father, Joe Webb, and two sons of Draw, another brother, Hubert Webb of Lubbock, to Brownwood where they visited Miss Webb's sister, and to Gatesville, where they visited her grandmother.

Mr. and Mrs. Clyde Dallas of Brownfield visited her father, W. E. Suddarth, during the holidays.

Then began his lecture work devoted to the young people of the United States and Canada and to their parents.

Millions of high-school students and their mothers and fathers have listened to his addresses on the problems of youth and parenthood.

Since going on the lecture platform he has delivered over 11,500 addresses.

Without any effort at preaching and without any oratorical flourishes, Dr. Barker has left a profound impression on the lives of these millions of young people. His most popular lecture, "How to Make the Most out of Life," has been delivered to three million boys and girls of high school age. Almost three-fourths of the young people who have listened to this talk have come back to the auditorium the same evening to hear his address to mothers and fathers, and their sons and daughters on "The Most Important Job in the World."

One of the secrets of the success of Dr. Barker as a lecturer to high-school youths is his understanding of young people and his direct appeal to their mentality. He makes his talks to youth appeal to the idealism of youth, shows an appreciation of their problems, and from a lifetime of experience he speaks frankly without offending.

Many times educators have told him that academic tests of students a few months after his lectures have shown a remarkable increase in the students' grades.

Dr. Barker has been a member of the Rotary Club of Grand Rapids, Michigan, since October, 1921. He comes to our city through the courtesy of the Rotary Club as a contribution of community service.

BIG CHRISTMAS DINNER IN BRADLEY HOME

Mrs. Mattie Bradley, Don, N. W. and Mrs. Alphin were hosts to about twenty out-of-town relatives on Christmas day. Among the guests were two of Mrs. Bradley's sisters from Big Spring, Mrs. Allen and Mrs. Wall, her daughter, Mrs. Meroney, husband and sons, from Ranger, Mr. and Mrs. Glenn Allen and Glenn Jr. and wife, and Mr. and Mrs. Roy Miles, Mrs. Steve Anglin and daughter, all of O'Donnell, Mr. and Mrs. John Cearly and daughter, of Post and Noel Alphin, of Fort San Houston.

Though sickness prevented the presence of others of Mrs. Bradley's relatives who had expected to come, still this partial reunion was a most happy occasion, and one of the most enjoyable holidays in her memory. Of course the Mr. turkey (with all accessories), was present (at the beginning of the festivities), as was Mrs. Alphin's famous fruit cake, and they were of such proportions that they survived the "blitzkrieg", and there is yet (on "New Years") more than a lingering memory of them, N. W. says.

Dr. Salsbury's AVI-TAB is A PLUS treatment for chicks, growing and laying birds. Contains drugs that inhibits molds found in Mycosis, plus ingredients well-known for their beneficial effect on digestion.

Golden Gloves Tournney Planned

(Special to the News)

LUBBOCK, Jan. 2—Plans for the fifth annual Lubbock District Golden Gloves tournament are rapidly nearing completion. The meet will be held February 6 and 7 at a place yet to be selected.

One Lynn county boy, Dan Daniel of Tahoka, won a championship last season. Daniel, who won the lightweight crown and represented the district in the state meet at Fort Worth, has not yet entered the 1941 meet for the reason that a few months ago he volunteered for service in the army and is stationed at Fort Bliss.

Four entries have been received thus far, two of them from 1940 champions. Curtis Lebow of Abernathy, flyweight winner in 1939 and 1940, was the first to enter, but this season he will fight in the Bantamweight division. W. D. McCarty, Jr., of Littlefield, has also entered and will defend his bantamweight crown. The battles between these two promise to be exciting.

Other entries are from lightweights Billy Pittman of Seminole and Alvin McCarty of Littlefield, younger brother of W. D. McCarty, Jr.

The Golden Gloves is a nationwide affair sponsored everywhere by newspapers. The Lubbock Avalanche-Journal sponsors the district tournament, the Fort Worth Star-Telegram the state meet and the Chicago Tribune the national.

Winners of the district tournament will receive expense-paid trips to Fort Worth to the state meet, and state winners will have their expenses paid to Chicago. In addition, each winner receives handsome individual awards.

Several preliminary tournaments have been scheduled. Littlefield and Plainview have announced dates, Littlefield's Jan. 30 and 31, Plainview's Jan. 10.

Participation in preliminary tournaments is not required for entrance in the district meet but authorities encourage it because the experience is valuable to younger boxers.

The entry blank published in today's News may be used to enter either the district tournament or, by addressing it to those in charge, any of the preliminary tournaments.

SYLVESTER REESE ACCEPTS POSITION AT ROBSTOWN

(Special to the News)

Sylvester Reese left Tuesday for Robstown in South Texas, where he has accepted a position with the Robstown Record, to begin about the end of this week. He will be advertising solicitor for the Record.

Robstown is a town of about 6,000 population, we understand, and there is only one newspaper in the town, which is owned by Sam Fore and Son. Mr. Fore owns and operates a newspaper at Floresville, where he resides. He has been prominent in newspaper publishing in Texas for many years and is one of the leading members of the Texas Press Association.

Sylvester Reese got his start as a printer in the News office. After graduating from High School here, he entered Texas Technological College and paid expenses by working in the Tech printing establishment. After receiving his degree he became foreman of the shop and remained another year while doing work on his Masters degree, which was awarded to him last summer.

He remained with the shop as foreman until the Christmas holidays.

Sylvester is a most worthy young man, and his many friends here are expecting him to make good in newspaper work.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary.

Many who suffer from headaches, nervousness, cramp-like pain, or other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

On Christmas afternoon Mr. and Mrs. I. M. Draper drove down to their old home town of Florence in Williamson County to visit Mr. Draper's brother-in-law who had been injured in a car accident the week before. The brother-in-law, P. N. Robertson, 79, of Taylor, was thought to be in a very serious condition in a Taylor Hospital, but Mr. Draper said that his condition had shown considerable improvement before they left. They reached home on New Year's Day.

Mr. and Mrs. J. R. McAtee and daughter Janie Lee and their nephew James Doyle Hamilton of Henryetta, Oklahoma, left for their home Monday after a visit since Christmas day with their mother, Mrs. J. H. Cobb, G. L. Cobb and family and A. C. Aycox and family.

Mrs. Al Lehman left last week for Houston, where she is visiting relatives. She is expected home the latter part of this week.
