Odds and Ends Bee Eye, the Elder

Two of the greatest religions of the world, Judaism and Christianity, had their birth in the hill country bordering the eastern extremity of the Mediterranean Sea, on whose bosom and borders today is being waged a mighty conflict between a would-be world conqueror who hates Judaism and seeks to destroy the tenets of Christianity and those who would maintain and perpetuate Christian and democratic principles.

Several years before Adolf Hitler made war upon the neighboring nations he began making war upon the Jews residing in Germany. He confiscated much of their property, he closed their synagogues, he put some of them to death, and he drove countless thousands of them out of Germany.

His hatred of the Jews is explained in part by the fact that they had accumulated much wealth and exercised great power in the economic and industrial life of the nation. It has been said that the Jews dominated the financial affairs and the intellectual life of the country.

It is Hitler's intense racial antipathy toward the Jews, his burning desire for revenge against the victorious nations in the World War, his inordinate personal ambition, his hatred of Christianity and democratic principles of government, his contempt for the rights of the individual, and his pardonable desire to make Germany the greatest and most powerful nation in all the world, that have dictated his course thus far and have prompted him to make relentless war on every nation, great or small, that stands in his way.

And so, the conflict which was begun in Central Europe has spread to the west and the south, and the historic Mediterranean has again become the scene of one of the world's mightiest struggles.

Jews have been persecuted in many countries.

To begin with, the people who afterwards became known variously as Israelites, Hebrews, and Jews, were compelled to fight to establish themselves in the ancient land of Canaan that bordered the eastern extremity of the Mediterranean. Establishing and maintaining for a time national unity, under three kings, Saul, David, and Solomon, they then split into two kingdoms, Israel and Judah, and these in turn were conquered and swallowed up by Assyria and Babylon. These countries likewise were conquered later by the Persians, who permitted the Jews who had been deported to return to their native land and allowed the Jewish people a greater degree of freedom.

When Alexander the Great conquered Persia, the Jews became subjects of the Macedonian dictator and later of the Ptolemies of Egypt. For a brief time they enjoyed nominal independence under the leadership of the Jewish Maccabees and then came under the sway of Rome. Crushing a Jewish rebellion against Roman rule in 70 A. D. the emperor Titus destroyed the city of Jerusalem and the dispersion of the Jews throughout the Roman Empire was begun.

Since that time they have had no national life. They have found their way, however, into almost every country on the face of the earth, and in many countries they have become prominent in the economic, financial, and political life of the peoples among whom they lived.

There are several million of them in the United States, most of whom are prosperous, intelligent, and patriotic citizens.

But in many countries, they have been sorely persecuted.

And the present European war started with the cruel and intolerable persecution of the Jews by Adolf Hitler and his co-conspirators.

For twelve hundred years, however, before the destruction of Jerusalem by the Romans, the Jews had lived in Palestine, the ancient land of Canaan, in the hill country just east of the Mediterranean, and some of them live there yet.

The city of Jerusalem is situated less than forty miles from the Mediterranean, and it was less than twenty-five miles, as the ravens flew, from the little town of Nazareth, where Jesus grew up, to the eastern shores of the Mediterranean. The little streams that had their origin in the hills about Nazareth flowed westward through rich valleys forming a larger stream which empties into the Kishon River just a few miles above the point where the Kishon flows into the sea. It is possible that as a boy Jesus scaled some of the highest hills of that vicinity, from which might be seen the waters of the Mediterranean. Certain it is

that as a man, engaged in his divine ministry, he visited the "coasts of Tyre and Sidon", and one of his most touching miracles was the healing of the daughter of a "Canaanite" or Syro-Phoenician woman who dwelt near the Sea.

The little town of Bethlehem where Jesus was born and where the angels sang and the Mount of Olives at the outskirts of Jerusalem from which he ascended into Heaven are almost visible from the eastern shores of the Mediterranean.

It is less than an hour's drive by automobile, or would be over a paved highway, from Joffa on the sea-coast to Mount Calvary in Jerusalem.

What mighty things have wrought What mighty things have been wrought in the environs of the Eastern Mediterranean.

On all of his four missionary journeys, the great Apostle Paul sailed a part of the way on the sometimes calm, sometimes troubled waters of the Mediterranean. All of his work as a missionary was done in the countries lying along the north shores of the Mediterranean, from Antioch to Rome.

When Paul heard the Macedonian call at Troas, he sailed across the Aegean, a mere side-pocket of the Mediterranean, to Philippi. Troas was in Asia Minor and Philippi was in Macedonia, or upper Greece. The first convert to Christianity in Europe, so far as is recorded, was a woman—a business woman of Philippi engaged in the sale of fine cloths shipped from her native town of Thyatira back in Asia Minor, where she had yielded to the urge to "go west" or else had gone with her parents to the Macedonian city.

After that, Paul and his companions took the gospel to other Grecian cities, to Rome, and to still other cities in Asia Minor. Still other missionaries carried the gospel to Alexandria and to other points on the southern shore of the Mediterranean.

And so, Christianity not only had its beginning in the little country at the eastern end of the Mediterranean but from there it was spread westward along the Mediterranean to Rome and later to all the countries of central, northern, and western Europe, yes, into eastern Russia; and in spite of the bitter opposition and prohibitive decrees of the dictators, there are still many Christians throughout both Russia and Germany.

Today, Christianity and Democracy are marching hand in hand. It yet remains to be seen whether or not they can be stamped out by the dictators and the devils that sit in high places.

JAPANESE EXPORTS OF TEXAS COTTON SHOWS SLUMP

COLLEGE STATION, Jan. 15 -- Japanese taking of American cotton to date and the general state of the Japanese textile trade suggests that imports of American cotton, which for several years have been largely from Texas, may not exceed 350,000 bales in 1940-41. The office of the Foreign Agricultural Relations says, in announcing this, that Japanese imports in 1938-39 were 898,000 bales.

Shorts Celebrate Golden Anniversary

With all of their children and the families of some of them present, together with other relatives and friends, Mr. and Mrs. D. L. Short observed their golden wedding anniversary Wednesday.

A great feast had been prepared by the women of the connection, which all present at the noon hour enjoyed to the utmost. The big tables fairly groaned under their loads of chicken and turkey and other meats and all the trimmings, pies and cakes galore, and almost everything that could tempt and satisfy the appetite of man. Owing to the large number present the meal was served picnic style, after the invocation was pronounced by Elder Virgil Lowrance of Slaton.

The honorees were the recipients of many lovely and valuable gifts, among which were a couple of rocking chairs presented by their children, in which they may while away many pleasant hours.

Mr. and Mrs. Short were married in Tishomingo county, Mississippi, on January 15, 1891. They resided in that good old state for many years, coming from it directly to the plains of Texas in 1924, settling first in Dawson county and then removing to Lynn county two years later. There has been a happy union, and they have reared a family of fine children, who now have families of their own and who are among our best citizens.

Many friends called during the day to congratulate the aged couple. Those who participated in the pleasures of the noon meal or who contributed to it are in part as shown below, though we are not undertaking to list the children in the order of their ages:

Lester Short, Paden, Miss.; Clayton Short, Iuka, Miss.; H. D. Short and family, Levelland; Lee Short and family, Brownfield; Chester Short and family of Wilson; Dayton Short and family of Tahoka; Mr. and Mrs. I. B. Hill, Tahoka; Mr. and Mrs. Lee Holley of Tahoka; Mr. and Mrs. Lee Holley of Tahoka; Miss Vernelle Horton, Levelland; Mr. and Mrs. Leo Hawkins, Seagraves; Mr. and Mrs. Lottie Tipton, Pride; Mr. and Mrs. Riley Tipton, Lamesa; C. A. Short Jr., Wanda Short, Wilson; Mr. and Mrs. H. T. Tipton, Pride; Mrs. G. C. Clary, Mrs. Ira Clary and son, Wilson; Mrs. N. A. Waddell, Devine; Elder and Mrs. Virgil Lowrance, Slaton; Mr. and Mrs. Claud Wells, Mrs. R. B. Floyd, Mr. and Mrs. Kelley Hill, Claude Donaldson, Mr. and Mrs. Tobe Kennedy and children, Mr. and Mrs. J. E. Ketner, Mrs. Pearl Brown, Dr. Wayne C. Hill, Mr. and Mrs. E. I. Hill, and doubtless some whose names we failed to get. Other callers included Mr. and Mrs. Sam Floyd and daughters, Mr. and Mrs. Sid Mayfield, Mr. and Mrs. R. P. Weathers, Mrs. J. H. McCoy, Mrs. Wade (Dude) Holland, Mrs. Irene Gallagher, Mrs. Frankie Fenton, Mary Louise Fenton, Mr. and Mrs. O. A. Corley.

The News joins many friends in wishing Mr. and Mrs. Short, the honorees, many years of life and sweet companionship here yet.

Southern Cooking

LACED-EDGED CORN CAKES

On many of the fine old plantations of the Southland fried ham is a more or less standard breakfast dish. Served with piping hot corn cakes, it's a dish which will stir even the most jaded of appetites.

Southern Laced-Edged Corn Cakes
2 eggs
2 cups sweet milk
1 cup corn meal
1 scant teaspoon salt
3 tablespoons melted margarine

Beat the eggs well; add the milk and beat with a rotary egg beater; add the corn meal in which has been sifted the salt; lastly add the melted margarine. Stir well each time you bake a cake, and be sure to bake each cake on a well-greased, hot griddle, using a spoonful of batter to a small cake. Serve with broiled or fried ham and gravy. These corn cakes are also delicious with a vegetable dinner. Yields about 40 cakes.

Other favorite Southern recipes are presented in a large, full-color, 100-page free cook book, "100 Southern Recipes." Send to National Cottor. Council, Box 13, Memphis, Tenn.

GEESE COULD DO DAMAGE

Argentine geese are so thick in South America they are killed with clubs and E. T. Buls of East Bernard, Texas, suggested to the State Game Department that thousands could be captured and released in the United States. His suggestion was referred to the U. S. Fish and Wildlife Service. Officials pointed out Argentine geese are non-migratory and since they, in common with most geese, are grazers it is believed the damage they would do in agricultural areas would more than offset the benefit derived from them.

The Fish and Wildlife Service pointed out: the North American continent has an adequate supply of native game birds and mammals but it must be admitted that our handling of these resources in the past has not always been creditable.

Approximately 85,000 New York school children may now buy a half pint of milk at their lunch periods for one cent through a new milk distribution program.

Prices of lower grade beef may not be as low as they seem when allowance is made for greater losses due to bones and to shrinkage in cooking.

For best results with a winter frame garden, select a protected spot on the south side of some building.

Thomas Annex Is Torn Down

C. A. Thomas is this week having the annex to his building southwest of the square known as the J. S. Wells Building, torn down.

The annex was a sheetmetal structure, and had become an eyesore, Mr. Thomas said. He will use the lumber in construction of a rent house.

GRASSLAND H. D. CLUB

"There are forty-five million people who live in the United States who are below the safety line—that is there are that many who are not strong enough," stated Miss McNatt, C. H. D. A., to the Grassland H. D. Club, when the club met with Mrs. A. L. Shepherd, Tuesday, Jan. 14th.

"These people are not strong enough because they do not get the food they need. Some of the people are below the safety line because some of them don't earn enough—some of them don't know the foods they need—some of them with land don't grow food for their families—some of them don't care enough."

Those present were: Mesdames Roy Lemond, Man Laws, C. M. Greer, G. C. Watson and the hostess, Mrs. A. L. Shepherd.

The club meets January 28 with Mrs. G. C. Watson.

GILES PROPOSES TIME EXTENSION ON SCHOOL LANDS

AUSTIN, Jan. 16 — Stating that there is no investment on which School Funds could get a higher return, Bascom Giles, Commissioner of the General Land Office Saturday recommended to Governor W. Lee O'Daniel and members of the legislature that the time for payment of principal on all School Land sales contracts which are due or will become due before November 1, 1951, should be extended to that date.

The extension would give the state the interest on \$12,410,939 principal on 17,904 accounts on purchases before 1911 for several more years.

"Such an extension is good business for the state and its school fund," Commissioner Giles said, "and would also be of material assistance to many of the State's purchasers whose contracts will become due during this period. We are now in the midst of a National emergency which will make it difficult for landowners to meet their principal payments, and the school fund could not find a better source of revenue from its assets than interest on the sale of its lands," Giles added.

The Commissioner made his recommendation as a result of numerous land holders' asking for the extension and their assurance that they would avail themselves of it.

O'DONNELL PLANS GOLF TOURNAMENT

O'Donnell, January 15, 1940 — Qualifying rounds will be reeled off here beginning Sunday afternoon at the Lakeside Golf club in a flag tournament. Almost the entire membership of 25 will take part and play restricted to resident members.

Finals will be played Sunday week.

Plans call for most members to make their bid Sunday, but several will wait until week days to stage their thrust for the prizes which will be given winning divot diggers.

Eighteen holes will be played, and the general free-for-all idea maintained. Players ordinarily shooting scores in the highest brackets will be given handicaps and thereby have even opportunity with the lowscore players.

Members of the Lakeside club are Namon Everett, Eldon Carroll, Stansell Jones, Charles Kirkland, Paul Mansell, Bill Allison, Ross Stark, Floyd Thompson, T. L. Higginbotham, E. T. Wells, M. J. Whitsett, E. J. Boyd, E. J. Cummins, Don Edwards, Bedford Caldwell, Dr. Campbell, Dr. Farrington, Raymond Busby, Shack Blocker, Wayne Clayton, L. E. Robinson Jr., Lloyd Shoemaker, J. Howard Crawford, Oil D. Harris, Harvey Jordan, Burlleigh Brewer.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Ups And Downs In Weight

It's time to look ahead to the days and weeks of planning regular meals. Time to think about better nutrition, time to modify meal plans if there are any special diet problem in the family.

Most folks can eat as their appetites direct if the meals include enough of the protective foods. Yet there are many persons who feel that they ought to lose a few pounds, others who need to gain weight.

When the science of nutrition first entered the news many years ago, it was mostly a matter of counting calories, learning how much energy a given food would yield, and how that energy affected body weight. Then proteins came in for a big share of attention, and foods that furnished efficient proteins that the body could use to advantage were in the limelight. After a time the interest centered on minerals; and before long everybody was, and still is, talking about vitamins.

The matter of calories usually takes care of itself, but in cases of over-weight it helps to know something about high-calorie and low-calorie foods. However, vitamin needs, mineral needs and protein needs are vitally important in both gaining and reducing diets.

Simply reading the scales will not always tell when weight control is in order. It's best to seek the advice of a doctor before trying to make drastic changes in body weight. And it takes some knowledge of nutrition to modify the diet without omitting any of the necessary food values.

Milk is such a rich source of calcium that it isn't easy to have a well-balanced diet without it, even if we disregard its other food values.

A person trying to lose weight may prefer to drink buttermilk or skim milk because they contain only about half as many calories as whole milk. But there must be some butter or other fat to give a staying quality to both the gaining and the reducing diet.

Whole-grain cereals belong on every diet list.

There are certain low-calorie fruits and vegetables that belong in both gaining and reducing diets. These are tomatoes, citrus fruits, and the green leafy vegetables. Yellow and green vegetables are also important protective foods.

Everybody needs such fruits and vegetables for the vitamins and minerals they contain. When trying to gain weight add the more filling vegetables, such as corn and fresh or dried peas or beans, and serve vegetables with extra butter, cream sauce, or Hollandaise sauce.

An egg a day is a good rule for most any diet. And meat, fish, or poultry should be fitted into at least one of the day's meals. When trying to lose weight, use the lean portions of meats and omit rich sauces and gravies.

But when trying to gain weight, include the fat along with the lean of meats and serve with drippings or gravy.

Fats and sweets help a person to gain weight, and they should take their proper place along with a variety of other foods. Weight for weight, fats yield more than twice as many calories as starches or sugars. So the overweights must use fats sparingly. Remember that nuts and most salad dressings are high in calories. Stay away from pastries and foods fried in fat.

Sugar and other sweets are also fattening and must be used sparingly. If you are overweight, beware of candy or nuts between meals.

Lose or gain only after the diet is well balanced and the doctor assures you that your health will not be injured.

IMPORTANCE OF FRUIT IN THE DAILY DIET

"A person should eat two servings of fruit every day," said Miss Maurine McNatt, county home demonstration agent, at the meeting of the T-Bar 4-H club Friday, January 10, at the school.

Fruits are classified in two groups—those which are rich in vitamin C and those which are called other fruits. Those which are rich in vitamin C are citrus, tomatoes, strawberries, and melons. Those fruits called other fruits are apples, bananas, apricots, pineapples, pears, figs, etc. A person should eat a fruit from one of these groups every day.

All twelve members were present.

Club will meet again January 24, with the sponsor, Miss Faye Anderson, in charge.

BAPTIST W. M. U.

After a devotional by Mrs. Coy Fielder, Mrs. P. A. Nowlin had charge of a Royal Service program at the Church Monday afternoon. "Living in a Stream-lined World" was the theme and Baptists were urged to be efficient and as ready to make haste for the saving of souls as they are for carrying on their daily work. No time should be lost in carrying the Gospel message and explaining the plan of Salvation to all, according to those taking part in the program.

Mrs. Garland Pennington presided over the business session in which plans for Thursday's meeting were made.

Attending were the following: Mmes. Fielder, D. O. Gray, of Rotan, E. I. Hill, W. O. Robertson, Everton Nevill, Alec Nevill, Jodie Nevill, Nowlin, H. M. Snowden, George A. Dale, Carl Owens, H. B. Howell, Mollie Doss, C. T. Oliver, A. J. Edwards, P. W. Goad, W. M. Harris, K. R. Durham, W. H. Kenley, Pennington and Miss Mary Seroyer.

He Doesn't Need the Shot!

Lyle F. Selko, director of Oklahoma's Federal Aid to Wildlife, claims honors this month for killing a dove in the most unique manner. While hunting in a field near Oklahoma City, during the latter part of the season, one dove which came down after a barrage from Selko's shotgun was found to bear no evidence of a single shot having entered any part of its feathered anatomy. Upon close examination, Selko found the paper disc from the end of his shell had sliced into the bird's breast in as neat a manner as though cleaved by a knife.

W. C. McKinzie and family removed the first of this week to Portales, New Mexico, where Mr. McKinzie has accepted a position with the Schumpert Implement Company. Mr. McKinzie has been connected with the J. K. Applewhite Implement Company here and at Brownfield the past several years.

Dee Rogers has been suffering from an attack of the flu but is said to be improving. Mr. Rogers has been confined to his residence most of the time for the past two or three years with another ailment but has been able to come to town occasionally.

M. E. Moore, employee of the Arizona Chemical Co., is under treatment by a local physician for back injuries received last week.

NEW HOME - LAKEVIEW COUPLE MARRIED AT ANDREWS

R. W. Allen and Mrs. Allen of Lakeview, who were here to contract for another dollar's worth of good reading matter this week revealed several changes that have taken place in their family recently. On December 8th, their son, Clyde and Miss Jennie Mae McClure of New Home drove over to Andrews and were united in marriage by Rev. E. J. Cobb, Baptist pastor, formerly of New Home. The young couple are now located on a farm East of Tahoka.

On December 12, Helen Juanette Williams arrived to bless the home of Mr. and Mrs. M. J. Williams of Shallowater, and, accompanied by her parents, was guest of Grandfather and Grandmother Allen during the holidays. Of course, she visited her other grandparents, Mr. and Mrs. S. L. Williams.

MIKE BARRETT BUYS BROWNFIELD NEWS

Mike Barrett, formerly of Lamesa, has purchased the Brownfield News, taking charge of the paper about the first of the year. He succeeds Bob Shelton as editor and publisher.

Mr. Barrett majored in journalism in college and then taught the subject for a time in the Kermit High School. He now has an opportunity to put into practice the things which he learned in college and taught in high school, and we predict that he will have a successful newspaper career.

A MODERN MISS

"I called on Mabel last night, and I was hardly more than inside the door before her mother asked me my intentions."

"That must have been embarrassing."

"Yes, but that's not the worst of it. Mabel called from upstairs and said, 'That isn't the one, mother!'"

Mrs. Pearl Brown reports that she has a new grand-daughter, Donna Faye, born to Mr. and Mrs. Sam Sanders of Corpus Christi on December 30. Mrs. Sanders was the former Miss Marie Brown of this city. Mrs. Brown states that her daughter, Faye, now Mrs. Pierce, and her husband also reside in Corpus Christi.

L. L. Corbell and son B. B. Corbell of Gordon were transacting business here Monday and said that Gordon community is making progress, having recently completed a new gin and a new church. The Church building was built by the Church of Christ organization at that place.

Mr. and Mrs. C. A. Gattis have recently removed to Tahoka. Mr. Gattis is a brother of I. I. Gattis and is the pharmacist for the new Gattis' drug store. He was formerly located in Lubbock.

"42" PARTY HELD AT MRS. DUNAGAN'S HOME

Mr. and Mrs. Irvin Dunagan were hosts to the "42" Club Thursday night of last week.

Progressive "42", with individual gifts, was played.

Pecan pie and coffee were served to Messrs. and Mesdames Fontaine Wyatt, Roy Finch, Ernest Evans, Deck Dunagan, Elmore Boydston, and the hosts.

Mr. and Mrs. M. C. McCollum of Wylie and a married daughter, Mrs. Collier of Garland, spent a few days recently in the home of her brother Mr. and Mrs. R. W. Allen of Lakeview.

The News recently received a card from D. A. Parkhurst, who now resides near Vista, California. "California seems to agree with us; our health is much improved", Mr. Parkhurst writes.

Mr. and Mrs. H. O. Dickson have been transferred from Fort Worth to Tyler, according to Mrs. Dickson's

father, E. L. Smelser. The News will follow them to their new home.

BORDEN COUNTY GETS DEER AND WILD TURKEY

Borden County, wisely advertised as a county without a doctor and a place where not a single soul is on WPA, is rapidly becoming the home of the deer and wild turkey.

Last week a State Game Commission truck rolled into Gall with 18 head of deer, nine doe and nine bucks. Wayman Perciful, junior administrative officer at the county agent's office, assisted in unloading the animals at the Beal Ranch, south of the county seat, where range conditions are promising.

It is thought by game commission attaches that the deer will be at home on the Beal holdings since this part of Borden County is similar in Kendall County.

Twelve more head of the deer will be transported to Borden County soon. State Game commission officials stated Tuesday. The commission will also provide a number of wild turkeys for propagation in Dawson's neighboring county to the east.—Lamesa Courier.

METHODIST CHURCH NOTES

"Our Worship, A Proof of God's Call."—Exodus 3:12 is the sermon topic and text for Sunday morning. The fact that you are in your place and in the spirit of worship is one of God's ways of proving to us that we are in the line of duty and in God's favor. When you are absent your faith weakens, doubts arise, differences between you and your neighbors grow, and you have trouble getting along with yourself. The year 1941 has not gone along so far but that you may yet put that resolution of worshipping in the congregation into effect. To those who have been ill the pastor extends the utmost sympathy and will be glad to see in church again.

Evening worship has been well attended since the New Year began. Friday evening, January 17, we will have the pleasure of hearing our District Superintendent, Dr. O. P. Clark. After religious services the First Quarterly Conference will be held.

Sunday evening the topic will be "The Tenth Commandment."—Geo. E. Turrentine, Pastor.

Mrs. Lawrence Price of Amarillo came Tuesday to visit her parents, Mr. and Mrs. E. R. Tunnell of the Dixie community, until Sunday.

Mrs. D. O. Gray of Rotan spent several days here this week visiting her sister, Mrs. Coy Fielder.

School Cornerstone Reveals Early Day Roll Of Students

As W. P. A. workmen prepared to wreck the original unit of the old Central Ward school building, Oscar Roberts, with permission of the Tahoka School Board, removed the cornerstone placed in the building when it was erected in 1911-12.

Mr. Roberts, who was a student at the time the building was erected, will preserve the cornerstone, and he brought the interesting contents of the stone to The News office for preservation by this establishment, or any other that might be designated.

At the time of its erection, the building was one of the most modern in this section. About twenty years ago, the building was erected.

Many oldtimers and many of the younger generation, many of whom attended school within the walls of this building, can hardly refrain from shedding tears of regret at the passing of the schoolhouse.

The cornerstone bears the following engraved words:

1911
H. M. Larkin
J. S. Wells
Trustees
G. W. Perryman, County Judge
E. D. Skinner, Supt. of Construction
C. C. Casler, Contractor

Mr. Skinner was a member of the board, also.

The building had been started some time late in November and was not completed until in the spring of 1912. Bonds of \$15,000 had been issued with which to build the structure.

Inside, the cornerstone, enclosed in a chalk box, was a copy of The Lynn County News of Nov. 24, 1911, a copy of The Dallas News of Dec. 4, a 24-page and cover bulletin of rules and regulations of the Tahoka Public School, various certificates, class rolls, a new Testament, etc.

E. A. White was then superintendent of the school. Since that time he has for nearly 25 years been superintendent at Hagerman, New Mexico.

Other teachers were Miss Minnie Chambers, now Mrs. J. W. Elliott of this city; Carroll Phillips, principal, now thought to be teaching at Kemp; Miss K. Gilmore, now Mrs. Paul Miller of Christoval; and Miss Wee Belle Hargett, now employed in Dallas. Mrs. C. E. Donaldson, now of Snyder taught music.

Tahoka's school as it appeared soon after the addition of the auditorium unit. The shingle roof building is the old structure now being razed, while the auditorium section will be preserved. Neither is in use now.

inscribed the following: "Be it known that I, Benjamin Golladay, mixed the mortar on this job and Sam Weather wheeled it. Witness my hand and seal this Seventh day of Dec., A. D. 1911."

County Judge G. W. Perryman contributed a New Testament to the cornerstone, the flyleaf of which bears the wording: "G. W. Perryman, Co. Judge, Lynn Co., Texas. Age 69 5th day of Dec. 1911. Born and reared in the State of Georgia." The Testament was wrapped in wrapping paper from the old McGill's Drug Store.

Tahoka schools had two girls' basketball teams in those days, as is shown by a sheet of "Examination Blank" paper in the cornerstone signed by Jennie Lowe and Belle Burleson. Members of the teams are listed as follows: Center, Nita Big-ham, captain; goal pitcher, Jennie Lowe; forward, Mae Black; guard, Lura Howell; guard, Bell Burleson; Composing the other team were: center guard, Kathryn Milliken; center, Lillian Cleveland, captain; goal pitcher, Odessa Henderson; forward, Alice McIntyre; guard, Johnnie Henderson; guard, Nettie Wells; center guard, Ruth Ketner.

Of particular interest, among the items in the box, was "A Prophecy" written by Elmer Meyer. Many people well known here today are mentioned in Meyer's prophecy, but we won't publish the entire contents because of its length and possible embarrassment to a few. However, we might state that he rung the bell when he prophesied that Nettie Wells (now Mrs. Marcus Edwards) would become a music teacher, and Miss Grace Leedy would become a famous artist. The former teaches music, and the latter has gained some fame as an artist in Kansas City, Mo. We don't believe Ruby Wells and John Slover would mind if we told you they were supposed to have made a doctor and a lawyer, respectively.

Following are the students, by grade, who were attending Tahoka schools at the time of the laying of the corner stone just before Christmas, 1911:

Tenth grade: Ida Sanford, Frankie Slover, Jennie Lowe.

Ninth grade: Johnnie Henderson, Nettie Wells, Linnie Cowan, Odessa Henderson, Grace Leedy, Alice McIntyre, Nita Big-ham, Mrs. Emily Phillips, John Slover, Elmer Meyer, Ruby Wells.

Orange Crush Loses First Game

Charles Townes' Orange Crush team of star players lost its first basketball game of the season Wednesday night of last week, going down before New Home all-stars, and lost its second game this Wednesday night to the Lubbock Hawks. However, in between, they were victors in three games.

The score of the game here Wednesday, Jan. 8, was 24 to 21 in favor of New Home.

Friday night, the team won from Post All-Stars at Post 13 to 11 in a game of six-minute quarters.

Monday night, the Orange Crushers went to New Home and won 29 to 26.

Tuesday night they outshot Grass-land to 9.

Wednesday night, they outplayed the Lubbock Hawks until the last few moments of play, when the visiting stars got hot and shot goals for enough points to come out on top 24 to 23.

Orange Crush will play Post stars here next Tuesday night, and Tahoka boys and girls teams will meet the Post high school teams, also.

New Contests In Music For League

In cooperation with the Division of Applied Music of the State Department of Education the Interscholastic League announces for the school year 1940-41 contests in applied music as follows: Piano, and voice.

The contest is designed to stimulate interest in Applied Music in the public schools by providing opportunity for awarding special recognition to outstanding work in this field.

Any student of your school may enter, and one from each level be sent to the county meet to compete with the other schools in the county.

This announcement and a copy of musical numbers have been sent to the different high schools in the county. We hope each school will have a representative from each level, as follows.

Piano Solos: Primary level includes all below the fifth grade in elementary school; Intermediate level includes fifth, sixth, and seventh grades in school; Junior level, eighth and ninth grades; Senior level, tenth and eleventh grades.

We use the same levels for voice solos.

The name of student and the selection they will play or sing should be sent by the first of March to Mrs. Marcus Edwards, Piano teacher in the Tahoka High School.

NEWSPAPERS CALLED ONE BASIC, EFFICIENT ADVERTISING MEDIUM

PHOENIX, Ariz., Jan. 16. (Spl.)—Newspapers were described as the one basic, efficient advertising medium, the one necessary, indispensable medium Sunday by C. E. Phillips of Rockford, Ill., president of the Newspaper Advertising Executives Association.

Speaking before the annual meeting of the Arizona Newspapers Association, Phillips emphasized that newspapers must keep mentally alert and not fall into the error of taking themselves for granted.

"They are the last bulwark of the American system of economy and way of living, and, in the interest of a continuing free press, we must assure them of the strongest support," he said.

Phillips also is advertising manager of the Rockford Morning Star and Register-Republic, and chairman of the advisory committee of the bureau of advertising, American Newspaper Publishers Association. He is here on a vacation.

Texas is fifth in the manufacture of cheese and eighth in the total income from the sale of milk.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help ease lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

FIRST TO ENTER—Curtis Lebow of Abernathy, above, was first to enter the 1941 Lubbock District Golden Gloves Tournament. Lebow won the flyweight championship in 1939 and 1940, but this season will compete in the next heavier class, the bantamweight.

Golden Gloves Entry Blank

Lubbock District Tournament, Feb. 6-7, 1941
(Open to all boys 16 years or older who can qualify according to strict amateur rules.)

The following classes will be contested:
Flyweight 112 lbs. Welterweight 137 lbs.
Bantamweight 118 lbs. Middleweight 160 lbs.
Featherweight 126 lbs. Heavy weight 175 lbs.
Lightweight 135 lbs. Heivry weight over 175 lbs.

Doug Henderson Building Airplanes

The News received a communication the first of the week from H. D. (Douglas) Henderson, who formerly operated a machine shop here, stating that he is now employed in the plant of the Douglas Aircraft Co. at Los Angeles and does not expect to return to Tahoka. We quote from his letter as follows:

"Hate very much to leave all my good friends in Tahoka but guess I will remain out here. I am with the Douglas Aircraft Co. Am working in the tool and die department. I like it very much; in fact it is just the kind of job I have wanted for a long time. The working conditions are excellent and the finest of equipment; in fact, the best that money can buy. We are working six days a week, eight hours per day.

"I could not begin to tell you how much all the aircraft factories have expanded in the past twelve months; it is quite a sight. I think they all are running 24 hours seven days per week.

"Skilled help is sure in demand, especially tool and die men. There is no demand for unskilled help.

"They are very particular about your citizenship. When you ask about a job the first thing they ask is, Do you have a birth certificate? And you must have it or no job."

NAVY RECRUITERS TO BE IN LUBBOCK

Young men between the ages of 17 and 31. If you are interested in learning a trade and at the same time serving your country in a clean honorable position that pays a good salary and offers you a future which is secure, you will have an opportunity to submit your application on Friday and Saturday, January 24th and 25th. The Navy Recruiting Station in Abilene has arranged for recruiters to accept applications at the Post Office in Lubbock on these days.

J. P. Benson of Brownfield was a visitor here Tuesday. He formerly lived here but is now farming three miles east of Brownfield.

Mr. and Mrs. Dub Dunagan moved to Lubbock last week, where Mr. Dunagan has taken a position with a transfer company.

COYOTE RETURNS HOME

Even coyotes have a homing instinct—provided they have a home to go to, says the Corpus Christi Caller.

Mickey, a 6-month old coyote raised by E. C. Schneider of Mercedes, recently was given away to a family six miles east of town. Being raised in the city ever since the day he opened his eyes, the young coyote evidently never developed a liking for the wide open spaces and even the farm had no appeal to this civilized convert of the wolf pack. Mickey returned to his home here when his new owner turned him loose.

"Eating meat scraps from a plate is probably a lot easier than running down jackrabbits for a daily meal," Schneider says in trying to figure out why the wolg pup returned "Confidentially though, I believe he likes his old master."

Group marketing of eggs by 20 sellers in Floyd county netted these producers \$412 in November, according to reports received by Myrtle Murray, specialist in home industries for the Extension Service of Texas A. and M. college.

Barber Shop Is Moved To Sundown

J. J. Taylor, a barber who resides in the new oil town of Sundown in Hockley county, was here Monday closing a deal with C. A. and W. O. Thomas for the barber fixtures which they had acquired from J. E. Dye and which had been used for years in the Hub Barber Shop here.

These are the same fixtures which were installed in this shop by Ira Doak many years ago. Doak operated the shop for a number of years and then sold it to Jim Dye. Jim cut the shop into two compartments a few years ago and rented the east portion of it for another business, retaining his shop in the west portion.

Later other changes came, and recently a small barber shop had been operated in the east compartment and a cafe in the other. The entire building was vacated a few weeks ago.

W. O. Thomas, the owner of the building, has removed the partition wall and had the interior of the building redecorated throughout. He is not ready to announce as yet what kind of business will occupy the building.

Mr. Taylor has removed the barber fixtures to Sundown, where he is opening a new barber shop. This is the second one for the town, which he says now has a population of about 1500.

Mrs. J. W. Elliott Is Local Birthday Party Chairman

Mrs. J. W. Elliott, Tahoka, has accepted the chairmanship for the 1941 President's birthday celebration for Lynn county.

campaign director of the Texas Fight Infantile Paralysis Campaign. Fifty per cent of the net proceeds derived from the local celebration will be retained here this year.

Selection of committee members will be made immediately for the local drive and definite plans will be

announced within a few days by the county chairman.

Again the celebration is of nationwide scope, Mr. Briggs said, and in almost every community, hamlet and city throughout the land President Roosevelt's birthday will be celebrated the night of January 30 to the end that crippled children everywhere in the land might be benefited.

An intensified drive for funds is to be made throughout the county.

TAHOKA TEACHER WILL MARRY SOON

Miss Mary Kathryn Gunter, teacher of homemaking in the Tahoka High School since the first of the present school term, will be married on February 8 at the home of her parents, Mr. and Mrs. J. H. Gunter, in Claude, she has announced on resigning her position here.

Morlan McManigal of Borger will be the groom, and the couple expect to make their home in that city. He is the son of Mr. and Mrs. M. B. McManigal of Happy.

Both are 1940 graduates of Texas Tech, where their acquaintanceship began.

Miss Gunter, having finished her work of the first semester of the local school term, left Thursday for her home in Claude.

Mr. and Mrs. G. W. Simmons were called to Electra last Saturday by the death Friday of Mrs. Simmons' sister-in-law, Mrs. Truman Myracle. Funeral services were held Sunday. Though blind, Mr. Simmons says, Mrs. Myracle was one of the outstanding church workers of that town.

Instructions Given Local Draftees

It is requested that the following information be furnished all Local Boards in your state relative to articles prohibited or desired brought by Selectees when called for service.

Baggage: Only minimum hand baggage should be brought. There is no provision for transporting or storage of trunks. Barrack bags will be issued at Reception Centers.

Shoes: One pair of comfortable and serviceable shoes in good state of repair is essential.

Autos: Private autos prohibited. Athletic Equipment: Selectees should be encouraged to bring any athletic equipment they have.

Musical Instruments: It is suggested that such musical instruments as guitars, banjos, etc., be brought.

Pictures: Small photographs permitted but there will be no place for large pictures in barracks.

Fire Arms and Weapons: Not permitted and will have to be returned to home of Selectee at his own expense.

Liquor: NOT PERMITTED. Any brought to Induction Stations or Reception Centers will be confiscated.

Visitors: Facilities for housing and entertaining visitors in the vicinity of Reception Centers will be very limited.

Money and Valuables: Their safe-keeping will be a responsibility of the individual men.

Books and Periodicals: There will be well stocked libraries and reading rooms available at Reception Centers and Posts. It is suggested that periodicals received by mail be not forwarded until the Selectee is sent from the Reception Center and arrives at his organization.

Postal Cards: These will be furnished each Selectee at the Reception Center for the purpose of notifying relatives and friends of their arrival at Reception Center. Similar cards will be furnished when the Selectees is transferred to his final station in order that his permanent address will be known.

Toilet Articles and Wearing Apparel: Toilet Articles, towels, and a limited amount of clothing in addition to that worn, such as shirts, underwear, socks and handkerchiefs, are desirable. Uniforms and clothing will be issued to Selectees within 24 hours after arriving at Reception Center.

Mrs. Ruth Parker of Sundown is visiting her parents, Mr. and Mrs. G. C. Shafer, this week.

Women Sew For Red Cross

An interesting meeting was held in the home of Mrs. E. R. Edwards last Friday afternoon when 18 women met with sewing and knitting needles and started working for the Red Cross.

This work is under the direction of the American Legion Auxiliary of which Mrs. Noble Wynn is president. This week's meeting will be held in the American Legion Hall from 2:30 to 6:00 p. m. this afternoon.

ERROR IN AD

On Page 2 of this paper is an advertisement of the Fort Worth Star-Telegram and the Lynn County News in which it is stated that the Star-Telegram, Daily Without Sunday, is \$5.20 and Without the Lynn County News, \$5.95. This is an error.

A. M. Cade and Mrs. Vernon Davis have spent several days in Post since January 1 assisting Jim Powers close out his tax office records, the latter having lost his clerk shortly before expiration of the term.
