## Big Crowd At Boxing Contests

Fully three hundred fans last Friday night saw an eleven-bout boxing show here between Lynn county fighters and the Littlefield CCC camp. The CCC failed to bring a complete team, and the program was filled out with contests between other boxers.

Taylor of the CCC won a decision over Kelley King in a middleweight contest; Woody Culppeper of the CCC lost to Florence of Draw, in the light heavyweight division; Robert Warren outpointed Kiser of the CCC, in a flyweight match; Melvin Proctor, O'Donnell, knocked out Brown of Tahoka in the first round, in the featherweight class.

Todd of O'Donnell decided Gilliam of T-Bar, bantamweight; G. W. White of Tahoka won the decision over Yenez of CCC in a flyweight contest. W. D. McCarty of CCC won a close decision over Muli Sessums of Tahoka in the bantamweight class. McCarty is district Golden Gloves champ.

James Stotts, another champ of Slaton, knocked out Hatchell in the first round. Sport Pendleton of T-Bar won a decision over Wayland Hughes of Tahoka in another flyweight match. Jake Weathers of Tahoka won over Pat McKibben of O'Donnell in a lightweight bout.

A fight of special interest was the one between Junior "Tech" McLaurin, district Golden Gloves and State TAAF champion, and Dale Odam, Lubbock Westerner quarterback, fighting in the welterweight division. McLaurin was the winner.

All the fights were for only three rounds, and heavy weight gloves are used to prevent injuries.

Mrs. Pearl Brown left Monday for a two or three weeks visit with her daughters, Mrs. Sam (Marie) Sanders and Mrs. O. D. (Faye) Pierce at Corpus Christi. Of course one of the chief attractions, is the new granddaughter, Donna Faye, recently born to Mr. and Mrs. Sanders.

Church folks and music lovers will be offered a treat here Sunday night when the McMurry College Chanters appear at the Methodist Church in a program that never fails to please.

The Chanters have appeared in many cities and towns of Texas and New Mexico and win high praise wherever they appear. In fact, their audiences are charmed and thrilled by their renditions.

The program at the Methodist Church Sunday evening will begin at 7:30 o'clock. The public is invited to hear them.

## Gym Class Begun For Business Men

Sponsored by the Tahoka Rotary Club and for all Tahoka business and professional men, a recreational program was started here Monday night under direction of Dr. J. W. Sinclair and Coach Leo Jackson.

The program is designed to give local men exercise and proper physical training and is absolutely free to any and all local men who wish to participate. Meetings will be held each Monday night at 7:30 o'clock in the school gymnasium. The only requirement is that all participants must bring tennis or gym shoes.

At the first meeting held on Monday night fifteen men were present. The sponsors would like to have a class of from twenty-five to fifty.

Though basketball was played at this first meeting, more moderate exercises are expected to be used in the future, as a definite program of games and exercises will be worked out.

## Ladies Planning Gym Class, Too

Taking their cue from the men, who this week met for their first gym class, the ladies have also started a movement to organize a similar class.

There will be no charges. The only requirements for membership is the wish to engage in calisthenics and possibly some type of ball games, for fun and increased physical fitness. Plans are to meet one evening each week.

Anyone interested is requested to notify Mrs. J. W. Sinclair in person or by telephone within the next few days.

## Quality Eggs Market Sought

A mass meeting of farmers and poultry raisers will be held in the court house here on Saturday, February 1, at 2:00 P. M., according to Mr. and Mrs. Claud Wells, to discuss ways and means of finding a market for quality eggs.

All persons interested in the business are invited and urged to attend.

## District Baptists Held Meet Here

Baptist Training Union Emphasis Week was observed in Brownfield Baptist Association last Thursday when members of 24 churches in the Association met in Tahoka Baptist Church for intensive training in B. T. U. Methods. The instruction which was largely by demonstration, and the inspiration for carrying on the work was given by a team of five Baptist State workers.

This team, consisting of Rev. L. L. Troit of Rotan, Woodrow W. Harris of Sweetwater, Miss Clara May of Wilson, and Miss Fannie G. Hurt of Seminary Hill and Mrs. W. C. Russell of Hamlin, held both an afternoon and a night session here. The closing sermon by Rev. L. L. Troit was "Following the Living Christ in Training Union."

About 150 visitors were here.

## Old-Time Resident Of Area Buried

O'DONNELL, Jan. 20. (Special)—T. C. (Ras) Cathey, 81, longtime South Plains resident, was buried here this afternoon after funeral services in the Church of Christ. John T. Overby officiated.

Mr. Cathey died early this morning at the residence of a daughter, Mrs. Waldo McLaurin. He had been ill about five months.

Cathey was one of six brothers who came to this section after the turn of the century, arriving at Gail, in Borden county, in 1901. He was employed by the Texas & Pacific railroad at Big Spring and later by the Santa Fe at Clovis, N. M., and had resided in O'Donnell for the past 14 years.

Surviving are three brothers, W. F. and Baks Cathey of Dora, N. M., and Matt, of O'Donnell, besides his daughter here, and several nephews and nieces.

Mr. McLaurin, at whose home the aged man died, has long been one of the county commissioners of Lynn county.

## Wayman Smith Is Fine Cow Owner

Wayman Smith of New Home has purchased a registered Jersey cow from J. T. Carter of near here. The animal is Masterman's Tormentor Girl 1227680, according to The American Jersey Cattle Club of 324 West 23rd Street, New York City.

A strong demand for registered Jersey cattle of high production pedigree and good conformation, to establish purebred dairy herds, is reported by the national breed registry association.

## Redwine Man Buried Monday

Funeral services were conducted in the Harris Funeral Home here at 4 o'clock Monday afternoon for Robert E. Cook, 80, who died at the home of his son-in-law and daughter, Mr. and Mrs. Johnny Johnson, two miles east of Redwine at 6:20 o'clock that morning. The aged man had been sick for more than a year, and death was not unexpected.

Funeral services were conducted by Rev. Geo. E. Turrentine, pastor of the Methodist Church, and the body was laid to rest in the Tahoka Cemetery.

Deceased had been a resident of this county for the past fifteen years, removing from East Texas to this county in 1925. He was born at Weldon in Houston county on December 15, 1860, and was married to Miss Mattie Jane Mayhan in Freestone county on April 25, 1885.

Surviving him are the aged widow and two sons and six daughters, Charlie Cook of Tahoka and Acie Cook of Thornton, Mrs. Marion Landrith and Mrs. Johnny Johnson of Redwine, Miss Myrtle Jane Cook and Mrs. Blanche Wells of Buna, Texas. Four children preceded him in death.

Deceased was a member of the Baptist Church. He was a good citizen and enjoyed the respect and esteem of a large circle of friends.

## Grassland Citizen Buried Recently

Unreported to the News last week was the death of William Joseph Shepherd, 68, who died of pneumonia at his home just over the line in Garza county in the Grassland community on January 9.

Funeral services were conducted in the Methodist Church at Post and burial was in the cemetery at that place. Pall bearers were Luther Thomas, Price Thomas, High Turner, J. D. Propst, Will Wright, and Peter Gerner of the Grassland community.

Surviving are the widow, five sons, and seven daughters, all of whom reside at Post except two daughters who reside in Los Angeles. One of these is Mrs. Smith Lawson, who formerly resided at Grassland.

Miss Billie Rowland, daughter of Mr. and Mrs. W. W. Rowland, who is a student in McMurry College, has recently accepted the position of secretary of the president of the institution, Dr. Turner.

## New District Football Set-Up Gives Tahoka Better Chance

Denver City, Seminole and Seagraves were admitted into this district and the two halves were re-arranged at the annual meeting of the District 5-A Football Committee meeting in Lubbock Tuesday night. Lee Dodson, who represented Tahoka at the meeting, stated Wednesday.

In the new division, Tahoka remains in the south half of the conference, and will play six conference

games in 1941, with O'Donnell, Denver City, Seminole, Post, Brownfield and Seagraves.

The north half will include Slaton, Levelland, Littlefield, Muleshoe, Morton, and Sudan.

This action by the committee is subject to approval of the University Interscholastic League officials at Austin, but it is likely that they will accept the change.

## Pay Poll Taxes Or Lose Vote

Lynn county citizens are urged to pay their poll taxes before the last of January.

Though this is an off year politically, there will be elections of more or less importance unless this year is an exception. There is always the possibility of bond elections, or other special election, and, at least, there will be important school district and city elections.

## Seven Youths Volunteer Here

Another call for enrollees for training in the military service will be made soon, according to information given to the local board. It is understood that this call will be for four men from Lynn county, and seven men have already volunteered their services. Not all of the seven have been accepted yet, however.

The seven volunteers are: Edmund Victor Macha, son of Mr. and Mrs. H. A. Macha, residing two or three miles north of Dixie; Alvin Louis Shambeck, son of Mr. and Mrs. Louis Shambeck, residing near Wilson; Rosendo Lopez, a Mexican working on one of the W. L. Palmer farms west of O'Donnell; Pleasant Charles Spears, son of Mr. and Mrs. Watson Spears, residing out near Tahoka Lake; Woodrow Wilson Grider, son of G. C. Grider, former county judge of Lynn county; Thomas Robert Cathcart, son of T. R. Cathcart of Tahoka; and Danny Lee Vandyk, son of Joe Vandyk of the Midway community south of Tahoka.

It is not known to what training camp these volunteers will be assigned.

Fourteen volunteers from Lynn county, filling the January call, left for Lubbock on Thursday, where they will receive about ten days training and then be assigned to some training camp.

One colored volunteer left for Lubbock last Saturday.

## Tahoka Teams Win Over Post

Tahoka basketball teams won three games over as many teams from Post here Tuesday night before the largest crowd of the current season.

Tahoka High boys, using every man in uniform, decisively licked the visitors by a top-sided score of 34 to 12. Coach Pace has the best team, possibly that Tahoka has ever had.

The girls team, also a strong one, coached by Hope Haynes, won a hard-fought game from Post 17-13.

The Orange Crush team rung down the curtain for the evening by defeating the Post-Tex Mills team 27 to 20.

The Orange Crush team bowed to the Panhandle Refining Co. team of Lubbock, 26 to 21 Wednesday night. "This was the best team that we have played this year," stated Charles Townes.

Tahoka High School boys and girls play the Denver City teams here next Tuesday night at 7:30 o'clock.

The next game scheduled for the Orange Crushers is next Wednesday night when they will meet the Hawks also of Lubbock.

## Retail Merchants Directors Meet

The Retail Merchants Association of Tahoka board of directors met Tuesday on the call of President Claude Donaldson, reviewed the financial report and work of the secretary, Miss Viola Ellis, and made plans for the future.

Miss Ellis reports that she now has credit ratings on 2,000 citizens of Lynn county.

The local body voted to affiliate with the Retail Merchants Association of Texas. Directors will meet on the third Tuesday of each month at 2 p. m. in the future.

Mrs. Mildred Bumpass and baby, Ronnie Sue, have gone to spend a few weeks with her sister, Mrs. Hubert Davis, at Handley near Fort Worth. They were accompanied by Otis Davis as far as Albany, where Mr. and Mrs. Hubert Davis met them.

## Schools' Second Semester Starts

Few changes were made in the schedule of the Tahoka public schools when the second semester of the school year officially began Monday morning, announced Supt. W. T. Hanes.

Several of the students withdrew at the end of the first semester to move with their families to other school districts. However the enrollment of the school increased because the number of new students surpassed the number withdrawing. Many students who were absent the first semester picking cotton and working were back in school this week. School officials stressed the fact that regular attendance was of vital importance if the students are to do their best work and progress normally.

Miss Lucille Wright began her work as homemaker teacher in Tahoka High School with the opening of the second semester. She succeeds Miss Mary Kathryn Gunter who resigned to marry Morlan McManigal of Borger February 8 at the home of her parents in Claude. Several of the members of the local faculty are back in the school system after having been absent on account of illness. There was a great decrease in the number of cases of flu this week among students.

Students received their report cards and grades Friday for the last six weeks and the first semester. Final exams were given Tuesday and Wednesday of last week.

## Dental Unit Is Coming To City

A mobile dental unit from the State Department of Health will be in the schools of Lynn county from January 31 to February 11.

The program of the mobile unit is made possible through the cooperation and efforts of the Five County Health Unit. This unit is a complete, modern dental office set up in a large trailer and is operated by a staff dentist of the State Department of Health. Its program as conducted in the public schools is both educational and corrective for a limited number of children of the lower grades. The educational features reach the children of all grades and teachers are furnished materials and information for teaching dental health.

Only a limited number of children can be given free dental work—these to be selected by nurses and teachers in cooperation with the local dentists. The plan is that prior to the arrival of the Unit the local dentists will examine all children of the schools where it is to go and the parents of the children selected for the free dental work are required to sign a card requesting that the necessary work be done.

The mobile unit and its programs are attracting a wide spread attention over the State and it is serving to stimulate greater interest in dental health education as an important phase in the program of general health.

On the first afternoon in a given school an educational program will be held, at which time all patrons are invited to attend. Sound motion pictures will be shown and a lecture given on the importance of the teeth and dental health.

It is desired by the State Department of Health and the Health Unit that the Mobile Unit be received as a part of the community life and of the public school when in a given locality. Citizens and patrons are invited to visit and inspect it at any and all times.

## S. B. Francis Is Heart Victim

S. B. Francis, 58, who resided on the H. P. Cayeness farm a few miles northwest of Tahoka, died at his residence at about 1:30 o'clock Saturday afternoon from an attack of heart trouble.

He suffered the attack at about 10:30 o'clock in the morning. A physician was summoned, who did everything humanly possible to stay the hand of death but without success.

### Mattress Making Program Starts

A mattress-making program is to be conducted throughout Lynn county again this year, according to Miss Maurine McNatt, home demonstration agent. Work centers for the purpose will be established at convenient points in the county. Families, with the help of friends, will make their own mattresses, as they did in 1940, at these work centers established in the designated communities. A charge of 65 cents per mattress will be made to assist in paying necessary expenses of the project.

Every family who receives a mattress will be entitled to ten years of percale and four pounds of cotton to be used in making a comfort. The comforts will also be made at the centers and a charge of 25 cents will be made for expense of same.

Applications will be received at the A. A. A. county agent's and home demonstration agent's offices.

Rules of eligibility for participation in program: Any low-income rural family, as hereinafter defined, is eligible to participate in the program. In this connection, the following definitions will apply:

"A family" consists of two or more persons having a common or pooled income and living together as an interdependent economic unit in one household, or one person maintaining a separate independent household.

"A low-income rural family" is any family which had for the latest preceding calendar year a total income of not more than \$500, plus \$50 for each member of the family in excess of four persons, and which lives in the country or lives in a village, town, or city, and derived at least one-half of its total income during the latest preceding calendar year from agricultural occupations.

"Total income" means the cash income received from all sources or earned and collectible, plus the local market value of unsold farm products raised for sale or received as payment for services or rent and held for sale, minus farm rent paid or to be paid in cash.

Maximum number of mattresses per family: Each eligible family may receive one mattress for each

### GARDEN FRUITS DISCUSSED WITH NEWMOORE CLUB

"Garden fruits have an important place in the diet," Miss Maurine McNatt, home demonstration agent, told the members of the Newmoore 4-H Club at their meeting January 16 at the school.

"Garden fruits include watermelons, cantaloupes, tomatoes, and rhubarb. These are excellent sources of vitamin C and should be eaten every day. Citrus fruit may be substituted for these fruits."

Members present were: Wanda Louise Thomas, Willine Rogers, Bobbie Webb, Etta La Joy Brower, Christine Parker, Georgia Lou Brower, Bonnie Fay Rogers and Billie Jean Cathy.

Club will meet January 30 with the sponsor, Mrs. O. P. Crutcher.

### SUB DEBS WILL GIVE BOOKS TO LIBRARY

The Sub Debs met Thursday, Jan. 16, at the home of Mary Beth and Peggy Fenton. They had a report from "The Book of Etiquette" by Emily Post given them by Mrs. D. W. Gaignat.

Plans were made for a semi-formal dance. The girls are to meet at the home of Dorothy Pulkerson on Thursday, Jan. 30. Each member is to bring a book to give to the County Library.

### CARD OF THANKS

We wish to thank our friends and neighbors for the many kindnesses shown us during the time that I have been in the sanitarium. We certainly thank you all. H. M. Jenkins and family.

Mr. and Mrs. Frank Nevill of Lytle recently spent a week end with his brother, J. L. Nevill, and family.

two persons in the family, but not to exceed a total of three mattresses. Where one person constitutes a family under the provisions of this program, such person is eligible to receive one mattress. If the family has already received a mattress or has made application for material to make a mattress, under the Cotton Mattress Project, or has received a mattress or the material to make a mattress from the Farm Security Administration or the State welfare agency, this is to be included in determining the number of mattresses which the family may receive under the program.

### HOLLANDS MOVE TO ABILENE

Mr. and Mrs. Sam Holland left Wednesday for Abilene, where they will operate a cafe, the Del Monte, situated in South Abilene on the Coleman Highway, and where they will be glad to see any of their Lynn county friends at any time. Their daughter, Dorothy, will remain here until the close of school, it is said.

The Hollands have lived in and near Tahoka for a dozen years or more and have been active and prominent in the life of the community. Mr. Holland has served the past four years as county commissioner and as such made a good record.

Many friends here deeply regret the removal of the Hollands from Tahoka.

### SINGERS MEET IN CONVENTION AT GRASSLAND

The Garza-Lynn County Singing Convention met with the Grassland singers Sunday under the direction of Billie Baker, president.

We had visitors from Mc'Donnell and surrounding communities. Had some extra good singing; not such large crowds, but it was the singing people, and we certainly enjoyed it.

It being time to elect a new president, Mr. Harrison Davis was elected to succeed "Billie the Kid".

Everybody is invited to come and meet with us the third Sunday in each month.

The next convention will meet with the New Lynn Club.—Reporter.

Mr. and Mrs. Jack Link and children of Sanderson have been visiting in the home of his father, J. B. Link, and with other relatives. Jack is in the U. S. Customs service.

Quotes from Walter Winchell, who has long conducted a one-man anti-Nazi campaign. "RAF means Royal Air Force to Europeans but to Americans it means Resistance Against Fascism. RAF's altitude of 5,000 feet is Democracy's last mile."

Saturday night on a national network, Eddie Cantor will again act as m. c. on a program formally initiating the "March of Dimes" to the White House to combat the "pestilence that walketh in the darkness"—anterior poliomyelitis (infantile paralysis to me and you). Father of five healthy daughters himself, Cantor has led in boosting the campaign from the first birthday celebration. This service, like that of others on the program, is of course without pay, and his active participation puts him even higher in our estimation. He is comparable to the immortal Will Rogers in that when occasion demands he can be effectively serious and wring the hearts of his audience.

We have always thought of this scourge as a great shadowy monster, who moves in the night, picking for its victims the most helpless, the children. The ironic thing is that while rehabilitation from the paralysis which is no respecter of persons is possible, it is through long and minute care under skilled supervision—something that a majority of the victims, who live in poverty and poor sanitary conditions, cannot afford. Thus this "March of Dimes" for their care and for research. If every individual in the U. S. were to send one dime in this campaign, the result would be over 13 million dollars to fight this dread disease.

Have you mailed your dime?

James Russell Lowell wrote in "The Vision of Sir Launfal":  
"He who gives but a slender mite,  
And gives to that which is out of sight . . .  
The hand cannot clasp the whole  
of his alms,  
The heart outstretches its eager palms,  
For a god goes with it . . ."

A cub scout was asked if he had done his good deed for the day.  
"Yeh," he replied, "I taught a little girl to respect cub scouts."

**MRS. SNOWDEN ENTERTAINS  
TAHOKA H. D. CLUB**

"The national nutrition situation looks gloomy at the present", concluded Miss Maurine McNatt, home demonstration agent, in her talk at the home demonstration club meeting Wednesday in the home of Mrs. H. M. Snowden.

"Statistics show that one out of every three people in the nation are not well fed. Therefore they are below the safety line.

"Every individual has a part in the National Defense Program, and this part is to make America strong by building strong bodies. It is building the health, the physical fitness, and the social well-being of all our people, and doing it the democratic way. Hungry, undernourished, or ill people do not make for strong defense."

Mrs. Walter Mathis was elected to council.

Mrs. Franks was received as a new member. There were nineteen present.

The next meeting of the club will be in the home of Mrs. Walter Mathis on February 12, with Mrs. John Kirkwood as hostess.

**Vegetable Laxative  
Makes Happy Friends**

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

**PASTOR ENDORSES  
MRS. ELLIOTT'S PROGRAM,  
THE MARCH OF DIMES**

In a telephone conversation with Mr. J. W. Elliott this week, with Mrs. Elliott nearby prompting him, Judge Elliott said: "We are launching this campaign on a higher plane this year. We are not sponsoring a dance in connection with our program. It is understood that if there is a dance it will not be in connection with our program."

As one of the pastors of the town I want to lend my indorsement to a program that permits the cooperation of our entire community. I have never thought it necessary for a people to sell their souls to heal the body. It enriches the soul to give to worthy institutions. So much cannot be said for the dance.—George A. Dale, Pastor Baptist Church.

Rev. George A. Dale is confined to his bed with the flu this week. He was not able to be in his pulpit last Sunday but hopes to be back in it next Sunday. In his absence, Mr. Rathel, who will come later as educational director for the Church, substituted for the pastor.

**WEST POINT H. D. CLUB**

"Food is strength and good meals breed safety." Miss Maurine McNatt told members of the West Point club Friday, January 17, in the home of Mrs. Clem Gillespie.

"If meals are safe they must be ample, well balanced, taste good, and must provide an abundance of protective foods. Strong straight bodies with steady, firm, and unafraid nerves are the results of having eaten foods well balanced and abundant. Poorly planned meals may not show their effect for years, and when they do, it sometimes is too late."

Mrs. A. D. Schaffner was elected council delegate. Mrs. Tom Hale volunteered to be clothing demonstrator. Mrs. Schaffner will continue to be home food supply demonstrator.

Eight members and two visitors were present. The latter were Ruth Gillespie and Ila Mae Schaffner.

The club will have a covered dish

luncheon with Mrs. Tom Hale February 5th. At that time, the members will sew for the Red Cross. The meeting will begin at 9:30 a. m.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
 reputation or standing of any indi-  
 vidual, firm or corporation, that  
 may appear in the columns of The  
 News will be gladly corrected when  
 called to our attention.

A controlled Italian newspaper,  
 which is supposed to speak for Mus-  
 solini, has been predicting that a  
 "tremendous Nazi offensive" will be  
 launched in about two months. Af-  
 ter making due allowance for the  
 spirit of propaganda which character-  
 izes the Axis desire to over-awe its  
 enemies, it must be admitted that  
 such an offensive is not only  
 probable but is almost a certainty.  
 Whether this great offensive will be  
 focused directly upon England or  
 upon the Mediterranean is a matter  
 of speculation, but a successful  
 drive on either front might prove to  
 be disastrous to Great Britain. Our  
 guess is that when spring opens up,  
 the armies of Germany, millions  
 strong, will pour through Rumania  
 and Bulgaria into Greece and Tur-  
 key, through France into Spain, and  
 over the Alps into Italy, and that  
 an attack such as the world has  
 never before seen will then be  
 launched upon the British strong-  
 holds — Gibraltar, the Suez canal  
 fortifications, the British bases on  
 the isles of the Mediterranean and  
 in northern Africa, upon Egypt, and  
 upon the western coasts of Africa.  
 Thus they will hope to wrest the con-  
 trol of the Mediterranean from the  
 British, cut off her communications  
 with India, Burma, and the East  
 Indies, and effect a blockade that  
 will starve her to death. What will  
 the United States do in such an  
 emergency? We dread to speculate  
 upon what we may be compelled to  
 do.

Whatever power the Congress of  
 the United States may decide to  
 place temporarily in the hands of  
 President Franklin D. Roosevelt in  
 "his hour of emergency and peril  
 there is no danger of his ever be-  
 coming a dictator in the sense that  
 Hitler, Mussolini, and Stalin are  
 dictators. This power is being given  
 that he may be able to act with ef-  
 ficiency and dispatch to meet the  
 exigencies of the present day. Con-  
 gress intends to keep its hand on  
 the throttle and Roosevelt could not  
 become a dictator even if he want-  
 ed to do so. The American people  
 are a liberty-loving people and are  
 too jealous of their liberties to tol-  
 erate any individual, who might un-  
 dertake to become a tyrant. We are  
 for all necessary power to Roosevelt  
 to make this nation strong and se-  
 cure against the designs of any or  
 all of the war lords of the autocracies.

While John Garner has brought  
 down upon his head the criticism  
 of many erstwhile admirers for op-  
 position to a third term for Presi-  
 dent Roosevelt and also for his  
 opposition to some of the Roose-  
 velt's policies, yet the President's  
 warmest friends should not forget  
 that it was John Garner who clinched  
 the nomination for Roosevelt in  
 1932 and that he has been a tower  
 of strength for the President and  
 for the Democratic party as the  
 president of the Senate and as Vice-

**Girls Are Advised To  
 Build-Up For Relief**

Lack of knowledge causes many  
 a weak, undernourished girl a lot  
 of suffering!  
 Many others, however, know how  
 the headaches, nervousness, cramp-  
 like pain of functional dysmenorrhea  
 due to malnutrition are helped  
 by the proper use of CARDUI.  
 Some take it a few days before  
 and during "the time," to help ease  
 periodic distress. But CARDUI's  
 principal use is to help increase  
 appetite; stimulate the flow of  
 gastric juices; so aid digestion,  
 assist in building up physical resis-  
 tance and thus help reduce peri-  
 odical distress. Women have used  
 CARDUI for over 50 years.

**Odds and Ends See Eye, the Elder**

As soon as Henry Wallace was  
 sworn in as Vice-President of the  
 United States Monday, John N.  
 Garner slipped off out of Washing-  
 ton and back to his Uvalde home,  
 possibly not to return to the capital  
 city any time soon, if ever.

Mr. Garner seems to be a disap-  
 pointed if not a disgruntled man.  
 He was keenly disappointed that he  
 made such a poor showing in his  
 attempt to unhorse his chief, Presi-  
 dent Roosevelt, in the latter's ambi-  
 tion to smash a precedent by being  
 elected to a third term.

And yet, if Mr. Garner had been  
 elected President at the last election  
 he would have smashed a precedent,  
 or something, almost as hoary with  
 age as the No-Third-Term prece-  
 dent.

It has been 104 years since any  
 man was elected to the Presidency of  
 this country while serving as Vice-  
 President. The last man to accom-  
 plish this feat was Martin Van Bur-  
 en, who, while serving as Vice-Presi-  
 dent under Andrew Jackson, was  
 elected to the Presidency in 1836.

Before him, two other men had  
 performed the same feat, John Ad-  
 ams and Thomas Jefferson, but that  
 was before the Twelfth Amendment  
 to the Constitution had been adopt-  
 ed and before our party system of  
 government had developed. At that  
 time, the person receiving the major-  
 ity of the electoral votes was declar-  
 ed to have been elected President  
 and the person receiving the next  
 highest number Vice-President. Both  
 Adams and Jefferson were elected  
 Vice-President under that system,  
 Adams under Washington's two  
 terms and Jefferson under Adam's  
 one term, 1797-1801.

A semblance of parties was just  
 beginning to develop at the close  
 of Washington's second term, and so  
 Adams as President and Jefferson  
 as his Vice-President belonged to  
 different parties.

After the adoption of the Twelfth  
 Amendment and the development of  
 the party system, the President and  
 the Vice-President without excep-  
 tion have been elected on the same  
 ticket, though sometimes the Presi-  
 dent and the Vice-President have  
 held widely varying political beliefs.

So, since the first election of  
 Thomas Jefferson to the Presidency  
 in 1801, Martin Van Buren stands  
 alone in the history of our country  
 as the one man who was elected to  
 the Presidency while serving as  
 Vice-President. Of course, a number  
 of Vice-Presidents have succeeded to  
 the Presidency by the death of their  
 chiefs and have afterwards been  
 elected, but Van Buren is the only  
 one who has stepped up from the  
 Vice-Presidency to the Presidency  
 by election.

John Garner, therefore, would have  
 accomplished a feat which has not  
 been accomplished by any other man  
 in this country for the past 104  
 years, if he had succeeded in his  
 ambition last year.

Martin Von Buren, as President,  
 inherited a financial crisis which  
 resulted in the "Panic of 1837",  
 breaking out just at the beginning

President of the United States.  
 Shrewd, keen, cool, and level-head-  
 ed, John Garner is a man of whom  
 all Texas may well be proud.

Governor W. Lee O'Daniel was  
 inaugurated for a second term  
 Tuesday. A great crowd of friends  
 and admirers and others who are  
 politically-minded were present to  
 witness the inaugural ceremonies  
 and to take part in the attendant  
 festivities. The indications are that  
 while there may not be as much  
 antagonism between the Governor  
 and the legislature this year as  
 there was two years ago over the  
 subject of taxation, yet much con-  
 tention is likely to arise over the  
 Governor's insistence that he be  
 given the right to hire and fire  
 boards at will. There is another side  
 to that question other than the  
 Governor's side, and we imagine  
 that this other side will be ably  
 and earnestly presented before the  
 fight is over. It looks as if they are  
 fixing to have another hot time  
 down Austin way.

of his administration as President,  
 and as a consequence he was unable  
 to be re-elected at the end of his  
 term.

Does anybody today remember who  
 the Vice-President was under Martin  
 Van Buren?

Well, the books tell us that it was  
 Richard M. Johnson, the first Ken-  
 tuckian ever to be elected to this  
 position.

Johnson was a man of consider-  
 able repute, having served in Con-  
 gress for twelve years before he was  
 nominated for Vice-President as the  
 running-mate of Van Buren. But it  
 was doubtless due to his reputed  
 achievement as a soldier rather than  
 as a statesman that he was placed  
 on the Presidential ticket. He is the  
 man who is reputed to have shot and  
 killed the noted Indian chief, Tecu-  
 mseh, at the battle of the Thames  
 in Ontario, Canada, in the War of  
 1812 with Great Britain. Tecumseh  
 had joined the British forces and  
 was making plenty of trouble for  
 Uncle Sam's boys. Johnson disting-  
 uished himself in this battle and was  
 given the credit as having personal-  
 ly fired the shot that killed Tecu-  
 seh. This was while he was a mem-  
 ber of Congress. It made Johnson a  
 sort of military hero, and evidently  
 it was thought that he would add  
 strength to the Van Buren ticket.

Johnson encountered a hitch in  
 the electoral college, however, after  
 it was thought that he had the of-  
 fice in a bag. When the Virginia  
 electors met, they refused to vote  
 for Johnson, casting their votes in-  
 stead for an Alabama gentleman  
 named William Smith, although they  
 voted the ticket according to in-  
 structions as far as the head of the  
 ticket was concerned. This is be-  
 lieved to be the only instance in the  
 history of our country when the  
 Presidential electors from any state  
 refused to vote for the party nom-  
 inee for either President or Vice-  
 President.

The unusual action of the Virginia  
 electors threw the election of the

Vice-President into the Senate, but  
 that body proceeded to elect John-  
 son Vice-President in accordance  
 with the popular vote.

The next Vice-President after  
 Johnson, if we except John Tyler,  
 who became President when his  
 Chief, William Henry Harrison,  
 died after being in office only one  
 month, was George Mifflin Dallas  
 of Pennsylvania, who was elected  
 on a ticket with James K. Polk of  
 Tennessee. He is of special interest  
 to Texans for two reasons: first,  
 because he and Polk were elected  
 on a platform favoring the annexa-  
 tion of Texas as a state in the Union,  
 and second because the city of  
 Dallas in this state was named in  
 his honor.

Although a Pennsylvanian, born  
 in Philadelphia, Dallas was a Dem-  
 ocrat. Born in 1792, he graduated  
 at Princeton College in 1810 and  
 was admitted to the bar in 1813. He  
 was elected to the United States Senate  
 from Pennsylvania in 1831. He was  
 United States minister to Russia  
 for two years under the Van Buren  
 administration, 1837 to 1839, and  
 was elected Vice President in 1844.  
 He was United States minister to  
 Great Britain under James Buch-  
 anan from 1856 to 1861 and died  
 in December 1864.

Elected on a platform advocating  
 the annexation of Texas, he lived to  
 see this state secede from the Union  
 and die before it was forcibly  
 brought back. On Monday of this  
 week the first Vice-President of this  
 Republic ever elected from the  
 State of Texas concluded his tenure  
 of eight years in this position and  
 returned to spend the remainder of  
 his days in his beloved native state.  
 Much water ran over the dam be-  
 tween March 4, 1849, when George  
 M. Dallas ceased to be Vice-Presi-  
 dent, and January 20, 1941, when  
 John N. Garner yielded the gavel  
 to his successor.

### Famous Author Urges Infantile Paralysis Fight

The 1941 "Fight Infantile Paralysis" campaign has won the support of Miss Clare Boothe, famous playwright and author who wrote "The Women", "Kiss the Boys Goodbye" and "Margin for Error", and more recently the book "Europe in Spring", based on her

travels on that unhappy continent. Miss Boothe has written the following editorial as part of the drive for funds of the Committee for the Celebration of the President's Birthday, which opened January 13 and will reach its close on January 30, President Roosevelt's 59th birthday.

By CLARE BOOTHE

The spirit of sacrifice today is the only climate in which our besieged democracies can hope to survive. All of us who live in this still free land, where our lot is so blessedly better than that of citizens of other lands, should be imbued with a dynamic emotion of gratitude for our comparative well-being. We must express our thankfulness with as much help to the suffering in other lands as we possibly can give. That help we have not held back, nor will we.

But there are those who need help, and need it badly, right here at home. War has not put its brutal touch upon our land. Famine and pestilence remain outside our borders. Yet, we have sinister enemies who take a yearly toll of our citizens, and against whom our medical factories are not yet armed for total defense.

Among the most important of the diseases which we fight year after year is that of Infantile Paralysis. Though it kills comparatively few in numbers every year, it maims and cripples the young flower of our human crop—the children of the country. Every year parents in some parts of the United States must stand by, in an agony of helplessness, and pray that the virus which, unheralded, attacks anybody's children anywhere in the land, will not do its devastating

worst on our boys and girls. It is a situation which cannot help but turn apathy to sympathy in the breast of any man or woman. It is a challenge on the peace front we dare not ignore.

What can we do about it? Organize for defense against it. The National Foundation for Infantile Paralysis was started three years ago, to coordinate efforts to find out the secret nature of the disease, to seek a preventative or cure, to relieve the most extreme suffering and deformity resulting from an attack. This foundation has initiated a vigorous program of research, study of after-care, epidemic control, education. Because of its work, hundreds of boys and girls who were stricken last summer will be made to walk again, hundreds of others will escape without permanent deformity, useful citizens for the world of tomorrow will be saved.

The record of what the National Foundation has done is an inspiring message to Americans who truly desire to demonstrate their gratitude for the rich democratic blessings we all enjoy. Let us help to our utmost those who are afflicted in lands across the seas, but do not let us lose sight of the need for help on the home front. Surely, if we are convinced in our hearts that it is worth sacrificing money, time and energy to preserve the political way of life we hold dear, we must be willing to sacrifice in the same way, to insure the health of our own American youngsters, who are the leaders of tomorrow.

With the spirit of sacrifice and humility and a decent gratitude in the air, all of us will join the army of defense against Infantile Paralysis, by supporting the campaign of the Committee for the Celebration of the President's Birthday for the National Foundation for Infantile Paralysis.

#### PROPER FOODS STUDIED BY DIXIE H. D. CLUB

"Statistics show that one out of every three people in the United States are below the safety line because they do not get the food they need," stated Miss Maurine McNatt, county home demonstration agent, at the meeting of the Dixie Home Demonstration Club Thursday, January 16, at the home of Mrs. T. D. Lishman.

"When people are below the safety line it means that they have bodies that tire easily, minds that are slow to think, bodies that are too weak to fight diseases."

"People must become food conscious and must eat the food they need because there is danger below the safety line."

The Club will meet with Mrs. J. C. Lackey Thursday, Jan. 30, to make up the meeting which was missed because of illness.

**Formby Named On Senate Committees**

One of the five senators named on the committee to inaugurate Governor W. Lee O'Daniel and Lt. Gov. Coke Stevenson Tuesday of this week was State Senator Marshall Formby of McAdoo, who took his oath of office on January 14th.

Secretaries named by Senator Formby for the 120-day session are Miss Fay Davis of Kent county and Miss Edna E. Lasater of Lubbock county. Miss Davis is the daughter of a pioneer Kent county couple, and Miss Lasater has been employed for some time at Lubbock in the office of Judge Homer Pharr and in the office of a land company. Both are experienced stenographers.

Senator Formby succeeds G. H. Nelson of Lubbock and represents 24 counties, including Lynn. Population for the 24 counties, according to the 1940 census, is 251,018, a district which votes about 61,000 ballots. Formby was county judge of Dickens county for four years, relinquishing his office on January 1st to Edwin H. Boedeker. He is a farmer, a former newspaperman, and at 29 is the youngest member of the State Senate. He is unmarried.

Mrs. Smith Lawson and Mrs. Mark Roberts of Los Angeles, Calif., who had been here to attend the funeral of their father, W. L. Shepherd, of Grassland, returned home on Monday of last week.

**"Build-Up" Good News For Suffering Women**

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances. Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

Mr. A. L. Pace, vice-chairman of the Tahoka Teachers Association was in charge of the monthly meeting. Miss Lucille Hall served as program chairman. The program consisted of exhibits of posters, charts and booklets made by pupils in the first three primary grades. Explanations of these exhibits were made by Mesdames L. F. Craft, Stella Duke, Linnie Finch, Louise Wyatt and Frances Dunagan.

It was suggested that these exhibits be placed in a window downtown therefore making it possible for the parents and others to see the excellent work the children are doing.

**Rotarians Hear U. S. Army Major**

Major Jesse of the United States Army, recruiting officer for the regular army and induction officer for the selective service set-up at Lubbock, was the speaker at the Rotary luncheon here Thursday.

Major Jesse gave much valuable information as to the induction of recruits and draftees into the service. He explained the care that is exercised to make sure that the recruits and draftees are physically, mentally, and morally fit; and he gave assurance that it was the purpose of the army to improve them physically and mentally and to return them at the end of the service at least as good morally as when they entered.

The major declared that the youths who are now being inducted into the service through the Lubbock office are the finest type of young recruits he has ever come in contact with at any time anywhere, and he emphasized that fact by repeating it two or three times.

A native of Virginia, he has devoted his life to service in the army, having been an army official for the past 32 years.

Preceding his address, Billy Jack Edwards gave a clarinet solo, accompanied by his mother, Mrs. Marcus Edwards, at the piano.

Other visitors included Clarence Barnes of Clovis, New Mexico, and Douglas Pounds, prominent citizen of Lubbock.

## New Income Tax Law In Effect

The Revenue Act of 1941 has made important changes with respect to the liabilities of individuals for the filing of income tax returns. Individuals under the following circumstances are required to file returns covering the calendar year 1940:

Single individuals, or married individuals not living with husband or wife, having a GROSS INCOME of \$800.00 or more. Married individuals living together having a combined GROSS INCOME of \$2,000.00 or more.

The net income is no longer to be used in determining the liability for the filing of a Federal income tax return. The liability of a citizen or resident of the United States to file a return is dependent upon his status as a married or single person, and the amount of his GROSS INCOME. Therefore, every citizen or resident of the United States will be required to file a return for the taxable year 1940 if his GROSS INCOME in 1940 exceeds the amount of his net income, comes within the amount specified above for his particular status. A return must be filed even though, by reason of allowable deductions from gross income and of allowable credits against net income, it develops that no tax is due.

Form 1040A should be used for GROSS INCOME of not more than \$5,000 derived from salaries, wages, interest, dividends, and annuities. Form 1040 should be used for GROSS INCOME from salaries, wages, interest, dividends and annuities of more than \$5,000; or if any part of your income is derived from other than salaries, wages, interest, dividends, or annuities, Form 1040 should be used regardless of the amount of your income. While returns must be filed on or before March 15, 1941, with the collector of internal revenue for the district in which you reside, it is urged that they be filed as soon as possible after January 1st.

If in doubt as to your liability for the filing of a return and if your employer has no blank return forms available, make request of the collector of internal revenue for the district in which you reside, or of any deputy collector stationed in your vicinity, for the 1940 individual income tax return and the printed instructions accompanying the form. Failure of individuals, under the

## FRANCIS IS HEART VICTIM

(Continued From Page 1)  
cess. Mr. Caveness was present when Mr. Francis, who was his brother-in-law, became ill. He hurried to town for a physician and upon his return remained with Mr. and Mrs. Francis till the end came.

The body was prepared for burial by the Harris Funeral Home and early Sunday morning Mr. Harris left with the body in an ambulance for Jacksonville, in East Texas, where the body was to be buried. Mrs. Francis and Mr. and Mrs. H. P. Caveness accompanied the ambulance in their car.

Funeral services were conducted at Jacksonville Monday, after which the body was laid to rest in a rural cemetery near that city. Mr. and Mrs. Caveness returned to Tahoka about the middle of the week, and Mrs. Francis expected one of her sons to accompany her back to Tahoka within a few days.

Mr. Francis had been a resident of Lynn county between five and six years, coming to this county from Beaumont in 1935. He was a native Texan, having been born in the old town of Rusk on April 29, 1882. He was married to Miss Jeanette Caveness, sister of H. P. Caveness at Dialville, Cherokee county, on December 16, 1904.

Three children of this marriage survive, Mart A. Francis, H. P. Francis and Mrs. Mary Louise Trevey, all of Beaumont. Deceased also left two grandchildren, two sisters, and several brothers.

He had been a member of the Baptist Church for about thirty-five years and was a highly respected Christian gentleman. Many friends here regret his untimely death. The News joins in condolences to all the bereaved.

Richard McNeely, little son of Mr. and Mrs. Bill McNeely of Dixie, underwent another blood transfusion in a Lubbock hospital Wednesday, having undergone an operation a few days ago for ruptured appendix. His condition has been serious for two or three weeks. J. Wayne, Mr. Neely's other little son, who also was in the hospital suffering from pneumonia, is now able to be up and has been released from the hospital.

Joy Edwin Brown at Fort Bliss has been promoted to the rank of corporal according to word received by the home folks here.
