THE COLONEL COMES HOME

## Saturday Is Declared Col. Inez Haynes Day

Muleshoe will pay full honors Saturday, Oct. 22, to the area's most illustrious lady. Col. Inez Haynes, who recently was appointed chief of the United States Army Nurse Corps.

Col. Haynes will be met at the airport by a Muleshoe delegation, including the high school band, when she arrives by plane at the commercial airport in Clovis Saturday morning.

There will be a ceremony of welcome for her under auspices of the Chamber of Commerce and Lions Club. Both organizations will present a gift. Muleshoe Study Club will present a bouquet or roses.

The delegation, which will include her parents, will accompany Col. Haynes to Muleshoe, and after a tour of the downtown section, to the home of her parents two miles north

Mayor W. T. Bovell has proclaimed Saturday as "Col. Inez Haynes Day in Muleshoe.

The new head of the Army Nurse Corps is the daughter of Mr. and Mrs. Floyd Haynes of Muleshoe.

## A PROCLAMATION

BECAUSE her years have been spent in the noble service of healing and bringing relief to those who suffered while in the service of our country;

BECAUSE of diligence and devotion to her profession she has been selected to be at the top of her profession,
BECAUSE she is a Texas girl,
BECAUSE she has honored Muleshoe, Texas by calling it

her home:
BECAUSE she will be at her home in Muleshoe Saturday, October 22, 1955; FOR THESE and other reasons I proclaim the day of Saturday, October 22, 1955 to be COL. INEZ HAYNES DAY.

Let all deference b eshown her. Let all places of business display welcome cards for her. Let flags declare that we wish to honor Col. Inez Haynes in Muleshoe, her home town.

Signed: MAYOR W. T. BOVELL

## **Two Burglaries Quickly Solved**

Arrest of a deaf and dumb living on the J. D. Kelley place northeast of Muleshoe this morning, by the sheriff's department, quickly solved the burglary of the Holts' Panhandle station which was perpetrated sometime Wednesday night when the sum of \$40.35 was taken, according to Clyde Holt, proprietor, and the \$2 robbery of the Sanitary Barber Shop the same night. The money was returned. Entry to Holts was made by

reaking a window in the rear of e building into what is called ne patching room, then by cutg a hole in the wood door beveen this room and the mair ation with a sharp knife.
Discovery of the entry was House Beautiful tation with a sharp knife. nade by Frank Murdock, em-

ployee of the station when he pened for business about 5:30 a. m., Thursday,

Mr. Holt says the party who made the entry is a careful worker, as evidenced by his removal of oil containers from the shelf under the window through which he entered, then his careful piling of the shavings from the door which he whittled through to reach the inside lock. Only evidence found was a half eaten

The Sanitary Barber Shop was Mrs. Bernice Amerson is this also entered last night about 9:45 week announcing the opening of according to report of the owner, her shop to be known as Ber. J. W. Watts. He stated that Tom front door. It was a youthful Mexican, and he thought he had

Sesame May Prove Important Crop the crop this year will harvest and market their sesame seed and will then know more about

Sesame has been quoted at \$9 a hundred pounds. Some fields have been known to produce as high as 1500 pounds of seed to

Several hundred acres w grown here this year, seed bei furnished by Texas Sesame See Growers, Inc., and most of it was placed through Jones Farm Sto of Muleshoe

Sesame seed produces a very high grade oil which has many uses, and observers foresee a con tinuing good market for the se

for a long time to come. Among the local farme tried sesame this year Bamert, who farms north Muleshoe. A representativ seed firm, who made the accompanying this artic the Bamert crop "the growing in Texas". Mr. Bamert has now sesame and shocked it. H will come along soon. Com-

are used to thresh the crop precautions must be made to vent excessive loss of seed

## **Tour Set Sunday**

Muleshoe Study Club's an nual "House Beautiful Tour" will be staged the coming Sunday afternoon, beginning with the first house to be viewed, the home of Dr. and Mrs. B. Z. Beaty, 21/2 miles west of Muleshoe on the first farm to market road.

Mrs. Janet Wagnon, president, said money derived from sale of tickets is used to pay the club's donations to various drives and community projects. Tickets are \$1 per person.

visited on the tour in order are: No. 2, Finis Kimbrough; No. 3. Ernest Kerr; No. 4, Bob Burkett; No. 5, D. H. Sneed; No. 6, Bernard Phelps: No. 7, Woodie Lambert; No. 8, Bill Jim St.

Refreshments will be served at the end of the tour in the St. Clair home.

## Citizens Urged To Return Paving Survey Cards Mailed By C of C

Local citizens returned 25 paving reply postal cards to the Chamber of Commerce office Tuesday, Senn Slemmons, manager, told The Journal.

However, many people are omitting to return the cards indicating whether they want paving on streets touching their property. The CofC wants the people to return the cards, regardless of whether they want paving.

The CofC has gone to a lot of expense and hard work to make this paving survey, it probably will be the last one to be plete and factual as possible.

When all cards have been returned, the CofC will correlate the information, group the cards according to streets and will paving is possible in Muleshoe.

It is heped to initiate the paving program

## Grain Sorghums Pourln

Milo harvest in the Mule. shoe area had reached a crescendo by Wednesday of this week, as hundreds of truck loads of grain rolled into local elevators, creating, early in the season a storage problem.

## Miss Ann Cole And Herbert Sowder Are Married In Afternoon Ceremony Oct. 20

Mr. and Mrs. Everett Sowder, Miss Gail Artin, Miss Anneece more student. The bridegroom also of Goodland, were united Yarbrough, Capitan, N. M. and also a graduate of Three Way in marriage in a quite but impressive ceremony Sunday after noon, October 20, at 5:00 o'clock the home of the bride's par-

Rev. A. R. Coleman performed the double-ring ceremony before an arch of greenery flanked by

Mrs. Mack Ragsdale, pianist, accompanied Mrs. Jo Sowder as she sang, "If You Were The Only Girl In The World," and "Wit her Thou Goest." Mrs. Ragsdale also rendered the traditional wedding marches.

Given in marriage by her father, the bride was lovely in a white knit suit, styled with a flared skirt and sweetheart neckline. Her accessories were white, and she carried a crescent shaped bouquet of white feathered

Miss Kay Cole attended her sister as maid of honor, She was attired in a gray suit, which she complimented with black velvet accessories. Her corsage was white feathered mums.

Billy Simpson served the bride groom as best man, and Roger lowder, brother of the groom, was usher.

RECEPTION FOLLOWED CEREMONY

At the reception which was held immediately following the ceremony, the bride's chosen colors of silver and white were ppointments. The table, covered the a lovely white licarried out in decorations and centered with the bride's

## Freeze Flavor Into Fall Vegetables

Flavor's at its peak at harvest time and today's home freezer guards it for you. Since all vegetables start losing their natural monosodium glutamate content (and therefore flavor) the moment they're picked, be sure to restore it in your home freezing operation with Ac cent. Think of freezing whole meals as well as single foods—Stuffed Baked Potatoes and Zucchini Creole which you can serve with a vegetable aspic salad are two new and modern home freezing ideas that will make meals tastier.

Stuffed Baked Potatoes Scrub uniform sized baking potatoes; rub skins with butter or margarine. Wrap each potato in aluminum foil; bake in hot oven (450°F.) 45 minutes. Cool enough to handle. Cut slice from tops; scoop out pulp, saving shells. Mash pulp, adding 1 tablespoon melted butter for each potato. Season to taste with salt, pepper, and Ac'cent. Whip in enough hot milk to make mixture light and fluffy. Re-fill hold. Cool wrap in fragery works to be supposed to the fragery works. shells. Cool; wrap in freezer-weight aluminum foil; freeze. Re-hast in moderate oven (350°F.) about 40 to 45 minutes. If desired, tops may be sprinkled with grated cheese before re-heating. (Storage time: 3 to 4 months.)

Zucchini Creole

4 cups cubed zucchini squash 1 can (1 pound) tomatoes

Few grains pepper
36 teaspoon Ac'cent
2 tablespoons butter or margarine Cook squash in small amount boiling, salted water 5 minutes. Arrange alternating layers of squash and tomatoes in aluminum foil baking dish, sprinkling each layer with salt, pepper, Ac'cent, and dots of butter or margarine. Cool; cover; seal; label; freeze To re-heat: Sprinkle buttered bread crumbs on top; bake in moderate oven (325°F.) 45 minutes. YIELD: 6 servings.

Two Homecoming dances, one for students and one for alumni. have been scheduled for November 5 to accommodate expected record-breaking attendances, according to L. C. Walker, executive secretary of the Tech Ex-Students Association.

Another new feature of this year's program will be an alumni-faculty reunion in the Student Union the afternoon of November 4. Walker said.

that night following studentplanned Homecoming Queen coronation, pep rally and bonfire.

campus open house will precede coming luncheon is procided by favor.

Mexico-Oklahoma Coaches, Furr Foods, Inc. ,and Dunlap's. Tech's Red Raiders will meet the University of Arizona Wildcats at 2 p. m., in the annual Homecoming gridiron event.

## **Muleshoe 8th Beats Springlake**

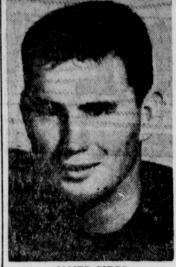

The Muleshoe 8th grade won their fourth straight game this year Thursday night, October 13 as they rolled past the Springlake 8th grade 14-0.

The junior high Mules score n the first quarter when Ronnic Ethridge ran for the touchdowr and also the extra point. It was the only score made in the firs

In the second quarter Mulesho cored again when Derrell Olier, quarterback, ran for the ouchdown. Burt Kitchens rar the extra point.

No score was made during th entire second half but Olive gave everyone a thrill when h ran over 50 yards for a touch game ended 14.0 in Muleshoe

## **Jim Sides Back** As Tech Tackles Houston Saturday

JAMES SIDES Texas Tech Co-Captain

LUBBOCK, Oct. 17 - Some of heir wounds healed by an ope ate Texas Tech's Red Raider. meet the University of Houston in Houston Saturday night.

Biggest boost may be the reppearance of all-conference full oack Jim Sides of Lubbock, Side has been out since the opening victory over the University of Texas with a cracked wrist. I the cast can be removed, he'll be back in the lineup. Tech's other co-captain, guard

Arlen Wesley of Littlefield, is still on the doubtfull list due to knee injury. Wesey recovered from the laceratd leg suffered in the Texas game but hurt his knee against Texas Western. University of Houston, re-build ng well under Coach Billy Meeks now has a record of three wins and a loss, as compared with Techs 2-1-1 mark. Houston bea Montana 54-12, lost to Texas &M 21-3, defeated Detroit 7-0 and Oklahoma A&M 21-13.

Following their opening 20win over the University of Texas he Red Raiders have lost to Texas Christian 32-0, beater Oklahoma A&M 24-6, and have been tied by Texas Western 27

It will be Tech's last game on the road before returning to Jones Stadium for a game with West Texas State, Oct. 29, that may decide the Border Confer

## **Cotton Center Rugged Test For Bula Bulldogs**

Coach Jiggs Jackson's Cotton Center Elks, featuring M. K. Fisher, who ran eight touchdowns, kicked two drop-kicks (four points in six-man football), and passed for two extra points against the Wellman Wildcats, are expected to offer one of the supreme tests for the Bula Bull dogs as the two teams collide at Bulldog Field at 7:30 Friday night in a contest that could

throw the district into turmoil. Two weeks ago the Elks, charged by the fancy running and deceptive play of M. K. Fisher, a junior boy who promises to color six-man football in the area, skyrocketed to a 60.47 upset of the unpredictable Wellman Wildcats

Having dropped intersectional losses to Guthrie and Jayton and a 12.6 district game to the Three Way Eagles, the Elks will be coiled to topple the victory ladder from under the Bulldogs, who have managed to stay on top in district play.

Playing their first football in 1953, the Elks fell 40-12 to Bula at Bula. In a 1954 home game

LOOK WHAT I GOT

## loss in a desperate battle from start to finish. Under the efficient coaching of Jiggs Jackson. the Elks have become a major threat in the district, a mighty ecomplishment for a basket ball minded school.

Last week both teams won najor triumphs. Bula won easly over Smyer 70-20 at Smyer. At Pettit the Cotton Center griditers had the Pettit Eagles 50-6 at the end of the third quarter.
Under the direction of Mentor

laude Morrison the Bula Bulllogs have lost only four games and tied one. Two district games were lost in 1952. Bi-district title was lost to Mobeetie in 1953 and egional title to Roaring Springs

## Springlake B Team **Beats Muleshoe**

feated by Springlake last Thurslay night by a score of 26-19. The B-team Mules have lost four games this year and have been beaten by only one touchdown three of the four games. Springlake made the first touchdown when Stevens ran it

across from the Mule 1 yard line. The extra point was no good. In the second quarter, Leroy Corralez ran the Muleshoe touch down from the Springlake 25 at FFA Convention and the Dal-

second quarter as Loudder ran year that V. A. I boys have had the second Springlake TD from an opportunity to get to use the then ran the extra point. The past week they have been busi- school buses. In fact some pashalf time score ended 13-6 in ly making their first project a sers-by could not understand Springlake's favor.

ake took to the air and Tunnel they will attempt will probably what seemed to be a perfectly ran a touchdown on a pass by be that of feed troughs and good bus. But they need not I have an appointment?

extra point. Springlake scored again on a pass to Vaughn. The extra point was no good. Leander Sims ran for a Mule

shoe touchdown in the fourth quarter and the extra point was also by Sims to make the score Springlake 26, Muleshoe 13.

Muleshoe, in an effort to stop Springlake, also went to the air and only seconds before the game ended Wayland Chitwood threw a pass to Leon Atchison for a touchdown. The extra point was no good and the game end ed Springlake 26, Muleshoe 19. Starting line-up for the Mules

left end, Leander Sims; left tackle, Jack Wright; left guard, Edgar Martin; center, Mickey Pierce, right guard, Joe Gross right tackle, Royce Turner; right end, Jimmy Welch; quarterback. Don Alexander; right half, Leon Atchison; left half, Doyce Turner and fullback, Leroy Corralez.

## Muleshoe F. F. A. News

## Millen Explains **Farm Bureau Work At Rotary**

Bailey County Farm Bureau, described the work of his organization before the Rotary Club at its noon luncheon Tuesday.

Right now, the Bureau is holding public meetings in the various communities, at which ers discuss their desire and what they think the U.S. farm poincy ought to be. The Agriculture Department and Congress organizations like the Bureau, and their ideas go a long wa when policy is being formulated.

Mr. Millen said the Bureau welcomes and would appreciate the attendance of business mer and anyone else who is interest ed in national farm policy at these meetings.

He said it is hard for him to understand why more farmers do the program and presided in the not belong to the Chamber of absence of President E. O. Baker. Commerce here in Muleshoe, and Guests included Stanley Fox, at the same time why more bus-iness men do not belong and take an interest in the Farm of town Rotarians, J. H. Kerr. Buerau, for farm prosperity is the Houston; and C. C. Logan, Sudan basis for sound business in the cities. No one in this area can. CHIROPRACTIC

AVE D, SOUTH OF COURTHOUSE IN BARRON BUILDING

## **NERVOUS** BREAKDOWN LIKE SHORT IN TELEPHONE SYSTEM

By Brooke Green, D. C.

The nervous system is very much like a telephone system. The central office is the brain, the nerves are the wires, and each cell in the body is a telephone user. If all the wires from the central office come out at one point as a cable it would be the spinal cord which is made up of billions of nerves which serve the same purpose as wires carrying messages to and from the brain.

The brain controls all the activities of the cells thru this net work of wires. Irritation of these nerves would produce somewhat the same results in the body as a short or "crossed wires" in a telephone sys-

A person with such a condition would be known as a nervous wreck with symptoms such as tired feeling, sleeplessness, loss of appetite, highly irritable, fidgety, hallucinations, digestive disturbances, etc., and this would finally lead to a complete pervous breakdown and insanity.

High specialized "linemen" who ferret out these "shorts" and repair them; with the result that normal service is resumed, are the men in demand who produce startling results.

This actual case from our files is an apt illustration: This thirty one year old mother of four children was suffering from her third nervous breakdown, she was having hallucinations and had tried self-inflicted violence only the day before she entered the

She had severe headaches, nervousness, dizziness, vomiting, and a tingling sensation in her neck, back of head, and in both temples. In addition, she complained of swelling in her hands, ankles and feet. Our spinal analysis and spinal X-rays located some spinal trouble, probably sustained in an auto accident seventeen years ago. Corrective adjustments brought immediate im-

provements. One by one the many symptoms disappeared as nerve supply was restored until when last seen this lady was happy, cheerful, content, and in normal mental and physical health

## Pains In Back, Arms & Shoulders, Numbness in Arms

Case History No. 6050; Man; Age 24; Symptoms and case history: For the last 21/2 years this man had pains in his back, arms and shoulders. He had sinus trouble, ears hurt, throat sore, neck 'trouble, stomach hurt, and arms went to sleep.

He had two auto wrecks. having one in 1946 and the other in 1949. After these two auto accidents he developed all of his troubles.

## WHAT THE X-RAY SPINAL ANAYLSIS FOUND

He came to the CLINIC Where The So-Called Hopeless DO Get Well" for an Examination of his spine. The X-Ray pictures of his spine revealed distortions of vertebrae. The nerve Test Analysis determ ined the degree of pressure. He began taking Chiroprac tic Adjustments for his health.

## WHAT CHIROPRACTIC HAS DONE FOR HIM

After taking a series of Chiropractic Health Servihe reported that his Back, Arms, and Shoulders are a great deal better. The numbness in his arms disappeared first. His stomach is improved and he can now eat the foods he wants. He still visits the Clinic once each week for Nerve Test Analysis. He is very pleased with what Chiropractic Has Done For-Him and even more pleased at the present time because his Insurance Co. paid for all of his Chiropractic Ser-

## Daily Headaches Vanish When Neck Corrected

"I get headaches every time I lie down or get hungry", said this 28 year old housewife and mother of one child. She complained of weak spells that came on suddenly, and indigestion, heartburn, stomach irregular periods pains, several miscarriages, hemorrhoids, and low blood

pressure. She came to our clinic for an examination to locate the cause of her trouble. Our spinal X-Rays and Spinal analysis located nerve interferences in her

central nervous system. At our first comparative eheck up, she stated the headaches had vanished at the very beginning and had not returned, and all other symptoms were greatly reduced or gone

Her irregularity disappeared and she was quite hap py. Recently we heard that succeeded in having another baby without trouble of any kind. When your personal opinion is based on fair investigation and not upon conditioned emotions, you become a satisfied patient. It will pay you to investigate

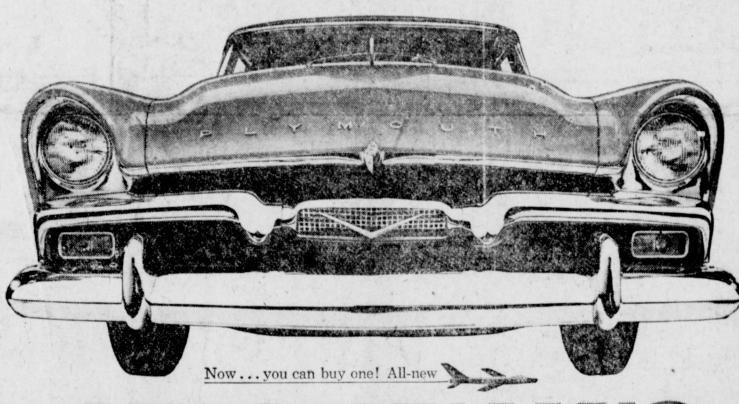

FOR FURTHER INFORMA-TION CONCERNING CHI ROPRACTIC AND WHAT IT CAN DO FOR YOU, VISIT OUR CLINIC.

Note: The World's largest insurance companies pay for Chiropractic services. Demand it, or buy it from those who will pay.

While our critics go about saying it can't be done, we have already done it. Re sults speak for themselves.

## **Bailey County** FB Meeting Held At West Camp

Approximately forty Bailey County Farm Bureau members gathered Monday evening of this week at West Camp to discuss the Policy Development program Included in those present were Bill Millen, president of Bailey County Farm Bureau; Joe Sooter, secretary; Lonnie Bass, of the ASC Office, and Cline Buhrman. Various policies were suggested and discussed, and will be discussed at the Resolutions Meeting October 24. Farmers of the West Camp Community seemed to take an avid interest in the discussions, and came up with a number of good ideas.

Mr. Millen said he wished to take this opportunity to remind all Farm Bureau members that the Resolutions meeting will be held at the courthouse, at 8:00 p. m., October 24.

Farm Bureau is sponsiring the film which Rev. Carrol Jones summer. This will be practically the last chance for persons in this area to view the film, with on the birth of a daughter, Latica Rev. Jones narrating. The picture will be shown at the high school Mr. and Mrs. Martin A. Fabel- auditorium, the eyening of Oc-

# Why pay more

Did you know that the new Blue Chip GMC-acknowledged leader in modern features - in smart styling - can now be bought for less than many competitive trucks - due to recent price increases in the industry? Take advantage of GMC's present prices today. You'll get Blue Chip GMC quality at the greatest bargain in history.

## Here's what Blue Chip GMC quality means...

The original panoramic windshield for better visibility, greater safety

-first on GMC. Hydra-Matic Drive-4-speed, 8-speed and Twin Hydra-Matic models to end all clutch replacement, slash shock-loading damage, cut road time without increasing road speeds.

Peak efficiency engines - 6, V8 and Diesel horsepower that have made economy records in all fields of work. Extra-heavy, top-rated front and

Boulevard styling that makes every Blue Chip GMC a prestige-builder for its owner.

Greater stamina - the extra-wear features of Blue Chip GMC construction for more years of lowestcost service.

Higher trade-in value—the advanced engineering of America's most modern trucks commands a higher tradein value than their outmoded rivals.

· Hydra-Matic standard on many models; optional at extra cost on some eshers

See us, too, for Triple-Checked used trucks

## ws Highlights From Three Way

W. S. C. S. met October 10, at 2:00 a home game Friday, October 21. Eston Sowder received word last ladies of Three Way Baptist in the afternoon, with Mrs. John Kick-off is at 8:00 p. m. Admis- week that their cousin. Albert Church. Shackleford as hostess.

Announcing the opening of the 1956 Maid of Cotton contest this month, the National Cotton Council revealed that for the first time next year the cotton industry's emissary will open her tour outside the United States. She will be whisked by BOAC Sratocruiser to picturesque Nassau in the Bahamas Jan. 31 for a fashion show of new American designer cottons at the historic Royal Victoria hotel pictured above. Thoroughly modern today, the stately hotel dates back nearly a century. During Civil War days it served as a base for Confederate blockade runners taking cotton through to England. Information about the Maid of Cotton contest is available from National Cotton Council, Box 9905. Memphis 12. Tenn. National Cotton Council, Box 9905, Memphis 12, Tenn.

'56 Chevrolet sets new **Pikes Peak record** in top-secret test!

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR\* certified record-the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introducof performance that makes driving safe and more fun. So wait for the car that beat the King of the Mountains!

A MASTER WATER PLAN FOR TEXAS

Fifty years ago, the Texas Leg islature foresaw that the rapidly developing state would eventual ly come face to face with an ob stacle that could block furthe and financial. expansion - a water shortage.

That prediction has become reality after four years of state wide drouth, broken only recent by rains. But the problem i still with us - and the Legisla ture still has not found a solu

Part of the blame rests on the fact that opposite political views block attempts to draft a master water plan. Yet, the public, too must share some of the responsibility for this failure. When financial plans are proposed, peo ple fear burdensome taxes will be imposed in areas which will receive only nominal benefits from such a program.

MINNEAPOLIS-MOLINE

Two-Way \$312.50 **PLOWS** 

FRY & COX BROS.

As it now stands, the problem will never be solved until political factions and the public are willing to assume a rightful share of responsibility - both administrative and

The water problem is two-fold. Our largest supplies lie in un derground reservoirs. Most of our nunicipal and irrigation supplies come from wells. Yet, surface water impounded behind dams will become increasingly important in future years.

A great deal of progress al ready has been made in conserv ng underground water supplies Water districts were created giving local authorities the power to regulate and control water usage, to a certain extent. ## A NEW PROFESSION

Yes, it is the old misnamed "pub- serving. Keep all work very inlie relations" job which is fast formal and personal ,without a being built up into a new and secretary or other go between. distinctive "human relations" profession. Furthermore, it is sion, a person must be patient, open to both men and women- starting with only one corporayes, even to "shut-ins". I forecast tion as a client; but the person it is headed for a brilliant fu- MUST know more about said cor-

## WHY A NEW PROFESSION

Many lawyers are being used as "public relations" men; but it is not a work for lawyers. You yourself know that a lawyer's letterhead scares you! It is indicative of force. A good human relations man or woman cannot use force or, directly or indirectly, threaten. I may be wrong, but my opinion, to be most successful a human relations expert should not be a lawyer and should never have taken a case

Unfortunately, human relations work has got mixed up with advertising. Although I am a great believer in wise advertising. - yet it must be open and above-board. It must not be any part of secret propoganda. The human relations expert, whether man or woman, should frankly state he or she is in the employ, at the time, of certain corpora tions (one or more.) But the terms "public" or "human" relations need not appear on his letterhead. If the corporation's letterhead is used, no reference should be made to a Public Relations Department or to such an "Vice President in chareg of Public Relations". In at all times in any public way.

## FUNDAMENTAL RULES FOR SUCCESS

6. Avoid writing letters, except 57, Mass.

Babson Park Mass., Oct. 20 - to the corporation which you are

To succeed in this new profes-

poration than anyone else in the community. O fcourse this takes time, patience, and prayer; but of the time and money which one who is training to be a doctor must spend before he gets his first patient. On the other hand, such a public relations man needs no office, but can operate from his home; in fact, an office might be a handicap. The work should be done either by telephone or through personal talks. Every such person should be a careful reader and indexer of the local newspaper and get the friendship of all local merchants.

## WORK SHOULD BE INFORMAL

It does not harm and perhaps may help such persons to do other things for a corporation client, also. I, however, cannot overemphasize the importance of absolute integrity and the recognition by the entire community-bankers, merchants, labor leaders, and wageworkers-that you stand for such. As for income, your fee for each case must depend upon the time consumed and the results achieved. I should say that these fees might run from \$100 to \$5,000. But let the corporation determine fact, the terms should be avoided the fee. Your task is to have every one connected with the problem satisfied with the out-

SAND HILLS PHILOSOPHER NOT

## Worried About Number Of Town Men Trying To Become Farmers

Editor's note: The Sandhill to lawyers, bankers, doctors and Philosopher on his Johnson grass merchants for a couple of years. farm discusses the farm problem I guarantee the surplus would this week, but leaves it as un-disappear completely. Dear editor:

Everybody is talking about the farm problem these days and I a steering wheel while you'realways listen carefully, not to driving along the road, but the find out what the experts think picture changes completely when the solution is but what they you get behind the steering

think the problem is. One idea that attracted my farm problem is being made Any time this country gets a worse by the fact the farm pop- worrysome surplus of money on ulation is dwindling, but I could hand, just put me and a bunch n't follow him. The way I see of other farmers in charge of

it, farmers are producing too banking and we'll take care of it. and anything that reduces the number of farmers might reduce the surplus although this doesn't necessarily work that way, as we've already got fewer farmers and more surplus than any time

before in history. Another expert said the cause of some of the farm problem is the fact farms are being bought up by "doctors, lawyers, bankers and merchants" and used to cut down on their income taxes from profits made in town.

I do not see how this constitutes a farm problem. The best way I know to cut down on the farm surplus is to turn some land over to a, town farmer. Most of em go strong for a little while, fixing up the place, throwing paint around, stretching new wire, etc., but in a little while their interest seems to play out, along about the time they begin figuring up what it's costing them and how little they're

producing. In fact, one of the best ways I know to reduce the farm surplus in this country would be to turn over all farming operations

## Todays Meditation

IN CHRIST IS OUR PEACE Read Galatians 6:14-18. If any man be in Christ, he is a new creature. (11 Corinthians 5:17.)

Genuine faith in Christ works marvelous change in human beings. One outstanding example of all time was Saul of Tarsus, the pupil of Gamaliel,

the great Jewish teacher. Not only Saul but all persons are religious by nature and so must worship, must seek soul peace. It is to be expected that in that seeking we sometimes become confused in the cemetery of fruitless doctrines and dogmas. But because we can find the way, Christ does not say in vain, "Acording to your faith be it unto "I am the resurrection, and the life: he that believeth in me, though he were dead, yet

shall he live' We find real peace when we from death unto life"

PRAYER Dear God, we thank Thee for the opportunity to meditate Thy Word. May the spirit of Christ penetrate heart conscience, and bring about a conversion to the Christian way of life; through Christ, our Redeemer and

## WASTE' NOW PROTECTS JET RUNWAYS

A "useless" by-product of cottonseed has become a valuable protective coating. Roofing made of the material can withstand the heat of a 6000-degree thermite bomb and frigid blasts of 80-degree below zero weather. Here, Joe Dabney of Memphis, Tenn., developer of the roofing, demonstrates another vital use for the "waste material"—surface for jet plane runways. Using a 3000-degree blowtorch, Mr. Dabney shows how the substance refuses to burn or melt. For years, oil mills had to bury the waste gum left after the last drop of oil is squeezed from cottonseed and soybeans. Now it has become a versatile naterial for both military and civilian construction.

parity on all non basic, storable mmodities with no acreage allotments; and a positive effort

o sell surplus commodities on he world, competitive market.

E. T. Ford, Farm Bureau's Comnodity Chairman, talked with

Robert G. Schrauner, State ASC Chairman last Thursday night, regarding cotton allotments in

this aree. According to Ford, Schrauner said that published ru-

mors about 160,000 acre cuts in Texas cotton acreage were with-

out official basis. He also said hat the state committee will reeive state allotment figures on Counties will receive their al-

otment figures about November

will receive their allotments prior to December 15th, the date

of the referendum vote. The recent rumor of Parmer County's

cotton acreage being cut 18%

was also named unofficial, but the minimum cut will be 7%

We are glad to note that the

grain sorghum growers are beginning to consider other com-

modities when they figure pro posals for sorghum supports. We

vould like to see them get together, through, on whether they

want them made basic commodities or not. We don't believe

they will, in the end. We really think Farm Bureau's proposal,

outlined above will give them what they want. That will be

left up to the vote of the farm voters at the convention, of cour-
