Two Tahoka Youths Die In Car Wreck

County Basketball Tournament Finals This Week-End

Wilson, Tahoka, New Home Lead

With New Home and Tahoka leading in the boys division, and Wilson and Tahoka in the girls, play in the round-robin tournament for Lynn county basketball championships gets under way again at six o'clock tonight. On Saturday play begins at 9 a. m. and continues throughout the day, the tournament ending with crucial games between Tahoka and New Home at 8 o'clock at night.

To date, Tahoka and New Home boys are leading, each team without a defeat. New Home decisively defeated Wilson in what was expected to be a close one, while Tahoka barely nosed-out the unexpectedly strong opposition front O'Donnell.

In girls play, Wilson girls took a commanding lead, along with the Tahoka girls, these two teams likewise being undefeated. They will meet tonight at 6 o'clock in a game that may determine the girls team champions.

Some of the best basketball ever seen in the local gymnasium is being played in this year's tournament. Some of the best games are to be played tonight and Saturday, however.

The following games were played Thursday night.

Wilson girls 33, New Home 18.
New Home boys 40, Wilson 20.
Tahoka boys 38, T-Bar 16.
Tahoka girls 20, Grassland 10.
Friday night's score follow:
Draw girls 23, O'Donnell 20.
O'Donnell boys 38, Draw 19.
New Home girls 27, Grassland 23.
New Home boys 48, T-Bar 18.
Saturday games began at 10 a. m. and continued throughout the day, with these results:

Wilson girls 48, Draw 18.
Wilson boys 43, Draw 16.
Tahoka girls 24, O'Donnell 18.
Tahoka boys 25, O'Donnell 20.
New Home girls 35, Draw 15.
New Home boys 48, Draw 21.
Grassland girls 27, O'Donnell 18.
O'Donnell boys won from T-Bar by forfeit.

The following is the schedule of games for Friday and Saturday of this week:

Friday Feb. 14
6 P. M. Tahoka vs. Wilson girls.
7 P. M. Tahoka vs. Wilson boys.
8 P. M. New Home vs. O'Donnell girls.
9 P. M. New Home vs. O'Donnell boys.
Saturday, Feb. 15
9 A. M. Tahoka vs. Draw girls.
10 A. M. Tahoka vs. Draw boys.
11 A. M. Wilson vs. Rural girls.
2 P. M. Wilson vs. Rural boys.
3 P. M. Rural vs. Draw girls.
4 P. M. Rural vs. Draw boys.
6 P. M. Wilson vs. O'Donnell girls.
7 P. M. Wilson vs. O'Donnell boys.
8 P. M. New Home vs. Tahoka girls.
9 P. M. New Home vs. Tahoka boys.
L. T. Barksdale, coach of Demonstration School teams at West Texas State, is referee.

Benefit Party For Tahoka Band

The Tahoka Parent-Teachers Association is sponsoring a "42" party to be given in the grade school gymnasium at 7:30 o'clock next Thursday night, February 20, for the benefit of the high school band.

Twenty-five cents per couple will be charged and the proceeds will be used to pay for instruments to be purchased for the band.

You are invited to come and enjoy the entertainment and help out a good cause.

Mrs. O. D. Pierce of Corpus Christi accompanied her mother, Mrs. Pearl Brown, back from there Sunday. Mrs. Brown had been visiting Mrs. Pierce and her other daughter, Mrs. Sam Sanders, there.

Julian Pirtle Is Wreck Victim

Julian Pirtle of Draw, 24, sustaining painful lacerations on the face and head and acquired much soreness in the muscles of the neck and other portions of the body last Saturday night when a car which he was driving overturned on the Tahoka-Draw road seven or eight miles east of Tahoka.

The accident occurred when a rear tire blew out, and after the wreck it was discovered that the front tire on the same side had also blown out. Pirtle was making pretty good time though not driving exceedingly fast on a dirt road when the car went over.

In the car with him at the time was Mr. Bowen, teacher in the Draw school. He was only slightly hurt, but a watch which he was wearing was badly demolished. The watch had stopped at about 7:20, indicating that the accident occurred at about that time. The car, a nearly new Chevrolet was also badly damaged.

Pirtle was brought to the office of a local physician where his injuries were dressed and where he remained in the clinic until some time during the day Sunday. Fortunately no bones were broken and it is hoped that the flesh wounds will speedily heal.

Nicklaus Named Coach At Borger

W. W. "Windy" Nicklaus, former Tahoka high school coach, will coach the class AA Borger team next year, according to announcement made last week. Nicklaus was coach here two years about 1929 and 1930, and is generally considered by local fans to have been one of the best Tahoka has had.

From Tahoka, Nicklaus went back to his home town, Amarillo, where he became Amarillo Junior College coach, and before that school abandoned the sport, he turned out among the strongest junior college football teams in the Southwest. Nicklaus spent a year or two as coach at Cameron A. and M. Moving up to Oklahoma Baptist University several years ago, he developed a team at OBU that won the Oklahoma college championship.

Nicklaus was Texas Tech's first football captain, and graduated there in 1927. He has been given a two-year contract at Borger. Catfish Smith, coach at Borger, resigned ten days ago, after a disastrous football season in which his team failed to win a single District One conference game.

Both Mr. and Mrs. Nicklaus have many friends in Tahoka.

New Auto Store Is Opened Here

J. L. Brooks, recently of Big Spring, Monday opened an auto supply store under the name of Standard Auto Parts, in the Thomas building, next door to Wynne Collier's Drug store. The building was recently remodeled by its owner.

Mr. Brooks is an experienced parts man, having operated supply stores for several years. With Mrs. Brooks and their two children, he moved to Tahoka last Friday, taking an apartment at the Swan home.

Mrs. Brooks will assist her husband in the management of the store.

Robert Holloway Is Club President

LUBBOCK, Feb. 8.—Robert Holloway, senior agricultural student at Texas Technological college, recently was elected president of Block and Bridle, agriculture club.

Robert is the son of Mr. and Mrs. E. W. Holloway of Tahoka.

Methodists Plan Training School

As announced elsewhere, a training school for Christian workers is to be conducted in the Methodist Church here for five nights next week, beginning Monday night.

The attendance promises to be excellent, according to the local pastor, Rev. George E. Turrentine. Not only have a large number of the members of the local church signified their intention of attending but numbers are expected from neighboring churches.

Rev. and Mrs. Joe Hayme, of Big Spring are to direct the work.

Many Dogs Are Poison Victims

A number of dogs, highly prized by their owners, have been poisoned in Tahoka recently. Those who have reported losses of this kind include L. F. Craft, Dr. J. R. Singleton, Dr. E. Prohl, and Mrs. Effie Townes.

This seems to have been the work of some mischievous wretch who put out the poison through malice or to satisfy his cruel instincts, as none of these canines were vicious.

It is to be hoped that the miscreant will be detected.

Boy Scout Week Is Observed In Tahoka

The Boy Scout Court of Honor held here Thursday night culminating the activities of Boy Scout week was the biggest event in scouting that has occurred in Tahoka in years, according to W. A. Reddell, scoutmaster. Following a Pot Luck supper prepared by the Boy Scouts, the Court of Honor proceedings began shortly after seven o'clock at the Boy Scout Hall.

Advancements given were to the respective ranks shown below.

Tenderfoot rank: Richard Whitley, Francis Stuart, Irvin Lehman.

Second Class: J. Fred Bucy Jr., Alvin Ward.

First Class: Claude Slover, Billy Joe Oliver, Bobby Weaver, Wayland Hughes.

Star Scout: H. B. McCord Jr.

Life Scout: Edwin Jolly.

A Scout is required to obtain five Merit Badges to be advanced to the Star rank, and five more to be advanced to Life rank.

Merit badges were awarded on Thursday night to the following:

(Continued on Back Page)

Weldon Noble Is Out Of Danger

Relatives here received word early this week that Weldon "Jiggs" Noble, son of Terry Noble of this county, who was so seriously injured in an automobile accident at El Paso on Tuesday night of last week, had fully regained consciousness and was pronounced by physicians to be "out of danger".

Weldon was hurt in a car wreck in which another soldier boy was killed. Both were members of the regular army at Fort Bliss. For several days his chances for recovery were regarded as no better than 50-50, and the family and friends here were very solicitous as to his condition. They are greatly gratified that he is now on the road to recovery.

NEWMAN OPERATED ON
Dalman Newman was reported resting well following an appendectomy in a Lamesa hospital Wednesday afternoon.

Mr. Newman was stricken Wednesday morning and was rushed to the hospital by a local physician, who performed the emergency operation.

LEGION AND AUXILIARY HAVE SOCIAL MEET
Members of the American Legion and the Auxiliary had a social meeting in the Legion Hall Tuesday night.

"Forty-two" was the diversion and refreshments were served to a goodly number who were in attendance.

Joyce Healy, daughter of Mr. and Mrs. Pat Healy of Route 4, underwent tonsillectomy in a local clinic Thursday.

Special Song Service Tonight

The series of class lessons in singing which has been in progress at the Methodist Church the past two weeks will come to a close tonight (Friday) with a special song service to which the public is cordially invited.

According to the director of the school, Mr. H. M. Warren of Spur, Texas, the attendance and interest in the music reading exercises have been very gratifying and rapid progress has been made, especially by the younger children. Primary rudiments, and essentials in sight-reading were the principal subjects advanced in the series.

It is expected that in this evening's program some real sacred song artists are to be heard. Among these will be the Lubbock Quartet, the Fisher quartet of Levelland, the Campbell quartet also from Levelland, the Stephenson-Carson quartet from Brownfield and Ropes, and the Whittharrel quartet (girls). Mr. Mansell is also expected to bring a quartet from O'Donnell, and other quartets and special numbers are to be arranged from our local talent, and from Grassland, New Lynn and West Point. Come—you will enjoy the program to be given tonight.

Doug. Henderson, Jr. Gets Leg Broken

Tuesday was an unlucky day at the Newt Barham farm near West Point. Tuesday afternoon Douglas Henderson, Jr., jumped off a fence and broke his leg just above the ankle. Later that afternoon, Garland Barham ran into a barn door and fractured his collarbone.

Neither injury was recognized as a fracture until Wednesday, when each boy, not knowing the other had been badly hurt, was brought to the office of a local physician and x-rays were made.

Douglas is staying at the home of his grandparents, Mr. and Mrs. Howard Henderson, for the duration of the school term, his parents having moved to California about two months ago.

APPLICATIONS FOR MATTRESSES

Miss Maurine McNatt and Mr. C. A. Lawrence are still receiving applications for the cotton mattresses. "Give us your application just as soon as possible," they urge.

Wade H. Ray and family, who have been residents of this county for a good many years, are leaving today for Pictown, N. M., where they expect to make their home, Mr. Ray having purchased some farming land there. He says that there are quite a number of settlers there from the vicinity of O'Donnell, all of whom are well pleased with the country.

School Principals Are Re-elected

School principals Lee Dodson and A. L. Pace were re-elected by the Tahoka board of trustees at its regular monthly meeting Tuesday night. Other teachers will be elected at a later date, we are informed.

Mr. Dodson has been high school principal here four years, while Mr. Pace is serving his second year as principal of the grade school.

Supt. W. T. Hanes has another year under his present contract and, therefore, his re-election was unnecessary.

School work in all of its phases, classroom, organization and activities, has made notable progress under these men. In fact, Tahoka schools have become recognized as one of the best systems in this section.

One evidence of this is shown by the fact that two of these men have been highly honored by state and district professional groups. Mr. Hanes is secretary of the West Texas Teachers Association, which is composed of about 3,000 members, and Mr. Dodson is a district committeeman of the State Teachers Association.

Plans Mapped By Poultry Growers

A group of Lynn county poultry growers met at the court house Saturday afternoon to discuss ways and means of securing a market for home grown quality products. The group at present is interested primarily in producing and marketing quality eggs. If necessary, markets for products such as fryers, butter, and others may be worked out later, according to County Agent Don Turner.

The organization has been named, The Lynn County Home Demonstration Market. B. J. Emanuel is President, and C. T. Tankersley is Secretary. A committee has been appointed to find markets for quality eggs. In order to fill orders and receive a premium, at least 150 cases of eggs will probably be needed each week.

In order to market eggs with the organization, Mr. Turner says, a member must agree to: feed properly, gather eggs twice daily in hot summer months, store eggs in cool place, market only clean eggs that are uniform size and shape, and produce only infertile eggs.

The group will meet again Saturday, February 15, in the county court room at 2 p. m. All poultry growers who are interested in selling quality eggs at premium prices are urged to attend.

Allene Cash Is Reported Improved

Reports from the Price Hospital in Lamesa Wednesday night were to the effect that Miss Allene Cash, who received a fracture of the skull in a car accident last Saturday night at the outskirts of Lamesa in which two Tahoka youths were fatally injured, had shown decided improvement during the day and hopes for her final recovery were entertained.

Ever since the accident she had been unconscious but on that day she had regained consciousness and seemed better in every way.

Allene is the 13-year-old daughter of Mr. and Mrs. E. T. Cash of this city.

Mr. G. R. Bohannon, who has been so seriously ill the past several days in the Mercy Hospital in Stanton, was brought back to his home here Wednesday. He underwent a blood transfusion the first of the week, Norman Warren of this city furnishing the blood, but we understand that the patient is little improved.

Funerals Held For Car Wreck Victims

Funeral services were conducted here Monday and Tuesday afternoons for Thomas Young, 20, and Walter J. Pate, 16, respectively, victims of a highway tragedy that occurred on the outskirts of Lamesa shortly after ten o'clock last Saturday night.

Thomas Young died Saturday night in a Lamesa hospital within an hour and a half after the car in which he was riding turned a somersault or two on the highway as it was about to enter Lamesa, throwing its six occupants out onto the pavement or beside it and being completely demolished itself.

Walter Pate died at five minutes after midnight Sunday in the same hospital. Miss Allene Cash, daughter of E. T. Cash, about 13, suffered a fracture of the skull and did not regain consciousness until Tuesday. At last reports she was still in a critical condition in a Lamesa hospital.

Others Hurt
The three other occupants of the car, Bobby Patterson and Misses Charlene and Adelia Latham, were also taken to the hospital Saturday night, but Bobby remained only a few hours. Upon leaving the hospital he caught a way back to Tahoka and later went to the N. Y. A. camp at Lubbock, where he works. He was not seriously hurt.

The two Latham girls were released from the hospital and were brought back to the home of their parents here Sunday. Besides the shock, severe bruises, and minor abrasions and lacerations, they were not seriously hurt. Miss Adelia was the driver of the car when the accident occurred.

Car Demolished
The six young people had left Tahoka and were going to Lamesa on a mere pleasure ride in Young's (Continued on Back Page)

Delegates Attend Legion Meeting

Judge Jim Dye and Mrs. Dye and Mesdames Rafe Richardson, N. M. Weyatt, Noble Wynn, and Houghton Haire attended a district convention of the American Legion and the Legion Auxiliary for the 19th Congressional District held in Plainview Saturday and Sunday.

A lunch at the Legion Hut in Plainview was enjoyed Saturday evening, followed by dancing and other recreations.

On Sunday afternoon, there was a joint meeting in the City Auditorium which was addressed by a number of able speakers. There was also a business meeting.

The Tahoka party reports that about 260 visitors were present and that the meetings were enjoyable from start to finish.

The next convention will be held in Lubbock in June.

O'Donnell Club Coming Thursday

Tahoka Rotary Club will entertain the O'Donnell Rotary Club at the American Legion hall here next Thursday night with a banquet and program beginning at 7:30 o'clock.

Tuesday a committee from the local club, composed of Dr. J. W. Sinclair, Calloway Huffaker, Happy Smith and Frank Hill, visited the O'Donnell Club to extend the invitation. An interesting program is being planned here.

G. F. McCullough and family who have resided in the Joe Stokes community for the past twenty years moved over Southeast of Brownfield this week and came by to have the home paper follow them.

Forest Service Trees Available

Texas Forestry Service has just announced that it has on hand a supply of Chinese Elm and Russian Olive seedling trees for distribution to farmers and others, according to Don Turner, Lynn County Agent.

There will be no charges for these trees other than a packing cost of 25 for lots less than 500 and 50 for lots of from 500 to 1000 trees. The trees will be shipped express collect. P. O. B. Alto, Texas. Orders will be accepted for mixed lots of over 50 seedlings average 12 to 18 inches in height.

Persons wanting these trees should place their order with Mr. E. O. Sweet, Director, Texas Forest Service, College Station, Texas. Further information regarding the trees can be secured from the County Agent.

Ranking from technical publications to a book of one-act plays, University of Texas faculty members broke into print 500 times during 1939 publication lists reveal.

LANDSCAPING DISCUSSED WITH GRASSLAND CLUB

"One of the biggest problems for a person who wishes to landscape his home is that of getting a sufficient number of plants," stated Miss Maurine McNatt, home demonstration agent, at the Grassland 4-H Club meeting Friday, February 7, at the school building.

"When possible, it's wise to buy a few large plants that will give an immediate effect. This is especially true in foundation planting. However, an interesting way to get many plants is by growing them from cuttings and seeds. Many of the most desirable flowering shrubs can be started from cuttings."

Miss McNatt gave a demonstration on selecting hardwood shrubs for cuttings.

She also gave instruction on table service for the girls who are to serve a banquet.

NOTICE TO MEMBERS OF CHRISTIAN CHURCH

Rev. Hudson, pastor of the First Christian Church at Post and at Snyder, was a visitor in Tahoka recently and was much interested in conducting a meeting here.

I am therefore requesting that all members of the Christian Church and all who have a preference for that church residing in Tahoka or vicinity shall call at my office immediately to make their wishes known with respect to such a meeting and also with respect to the organization of a church at this place.—Respectively, Tom Garrard.

It is important to know people but it is more important to be worth knowing.

Wisdom is knowing what to do next. Skill is knowing how to do it. Virtue is doing it.

The U. S. Department of Agriculture reports that 2,200 of the 50,000 bales of cotton Spain imported in the first three months of the cotton year were from the U. S. The remainder came from Argentina.

TAHOCA DRUG

SOUTHERN WILDLIFE

Siamese Twin Fish Caught

Word comes from Philip Chute that he caught two "barndoor skates" (members of the flatfish family) that were joined together by an inside fin in "Siamese twin" fashion, while on his vacation near Pleasant Point, Maine. First time we ever heard of "Siamese Twin Fish."

Doubles Without a Shot

Caught in a sudden rain and sleet storm, a hunter noticed an old abandoned cabin in a brush-grown clearing. He ran in and shoved the door shut just in time to prevent two wild turkeys from escaping. The turkeys, both young gobblers, apparently had sought refuge from the norther and, due to the noise made by the wind-driven rain, had not heard the hunter's approach.

On another occasion, a duck hunter was driven from his blind by a thunder storm. As he hurried campward, he noticed a large flock of wild geese overhead. Suddenly a flash of lightning zig-zagged across the sky and two geese plummeted earthward into the marsh nearby.

One of the oddest doubles was scored last summer when a fisherman found two bear cubs in the dry cistern of an abandoned backwoods farm. The rotten wood cistern covering had caved in, imprisoning the cubs which were weak from hunger and thirst when discovered. A few messes of bread and canned milk and some cracklings made them, at the old-timer who told us put it, "Spryer'n a flock o' crickets on a hot stove!"

Congratulations

Mr. and Mrs. Clint Sikes on the birth of a 9-pound daughter at their home east of Tahoka Tuesday morning. Mrs. Sikes, who was Miss Emily Davis before her marriage, made her home with her aunt, Mrs. J. K. Callaway, and the young daughter will be called Benie Jolene in honor of her aunt and uncle. Mrs. Callaway thinks she is the finest baby in the land.

Southern Meat Pie

Broadcast by Mary Lee Taylor February 13, 1941

1½ cups sifted all-purpose flour
½ cup corn meal
1½ teaspoons salt
½ cup cold shortening
6 tablespoons Fat Milk, diluted with 3 tablespoons water
½ cup finely cut onion

3 tablespoons hot shortening
2 cups twice-ground beef (1 lb.)
1½ teaspoons chili powder
10½-oz. can condensed vegetable soup
½ cup Fat Milk

Turn on oven and set at hot (425° F.). Roll out 12-inch round of pastry with fork. Prick bottom and sides of pastry with fork. Bake 10 minutes, or until lightly browned. Meanwhile, cook onion 5 minutes in hot, shortening in skillet. Add beef, chili powder and remaining ½ teaspoon salt. Continue cooking, stirring frequently, until meat is brown, or about 10 minutes. Stir in soup. Remove from heat. Set in milk-Let stand. Meanwhile, roll remaining pastry into sheet 14-inch thick. Cut into strips 1½-inch wide. Put meat mixture into baked pastry shell. Arrange strips over top in crisscross fashion. Bake 15 minutes, or until pastry is browned. Serves 6.

Girls Are Advised To Build-Up For Relief
Lack of knowledge causes many a weak, undernourished girl a lot of suffering!
Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.
Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

PHEBE K. WARNER CLUB HEARS MRS. TUNNELL

Mrs. Lenore M. Tunnell was guest speaker for the Phebe K. Warner club when they met Tuesday afternoon in the home of Mrs. G. M. Stewart.

Following a business session, Mrs. Tunnell spoke of "Religious Customs of Mexico", sketching the history of religion from 1520 to the present date.

"Most present Mexicans are Catholics," Mrs. Tunnell said, "A brief study of their religions makes it sound very weird, but the more one studies, the better it sounds". Though the people are poor, their churches are very elaborate, and are ornately decorated."

Mrs. Tunnell said that one of their most peculiar customs is that of preserving dead infants, adorned with flowers, for display in their homes or business houses.

Nut loaf, ice box cookies and hot tea were served Mesdames Truett Smith, A. P. Edwards, Ben Hardy, Pete Hegl, R. L. Richardson, J. K. Woosley, T. T. Garrard III, Walter Mathis, A. L. Pace, Mrs. Walker of Grassland, W. C. Wharton, L. F. Craft, Tunnell and Stewart.

Maxine Sikes had as her guests Sunday Miss Lahoma Bullington and Chick Wilson of Amarillo, and Mattie Alexander. They returned to Amarillo Sunday night.

Warning Given Dog Poisoners

Two of our best citizens, L. F. Craft and Dr. J. R. Singleton, were greatly shocked and aggrieved a few days ago when they each lost an inoffensive and highly prized dog through poisoning on the part of somebody. These gentlemen and their wives had become almost as strongly attached to these faithful animals as if they had been members of their families. They feel that there was no excuse nor just provocation for any person to maliciously put out poison for these dogs.

It is a violation of the law for any person to maliciously kill a domesticated animal. The offense becomes more aggravated when such animal is a faithful dog which has become the affectionate companion of his owner.

Warning is therefore given that persons guilty of such offenses will be prosecuted if and when evidence of their guilt can be obtained, and a reward for their conviction is offered. Furthermore, druggists are cooperating with peace officers in giving information, upon request, of all purchases of poison.—W. M. Lee, City Marshal.

FORMER TAHOKA TEACHER WEDES BORGES MAN

Miss Mary Kathryn Gunter, former teacher of homemaking in the Tahoka High School, was married to Morian Blaine McManigal Jr. of Borger last Saturday afternoon at the home of the bride's parents, Mr. and Mrs. J. H. Gunter in Claude, Rev. Moore reading a double ring ceremony.

Miss Gunter graduated last summer from the home economics department of the Texas Technological College and taught Homemaking in the high school here through the fall.

Mr. McManigal also graduated from the Tech with a B. S. degree in business administration in 1940. He is employed by a gas company at Fritch, where the couple will reside.

WEST POINT YOUNGSTER FALLS, BREAKS ARM

Garland Barham, nine year old son of Mr. and Mrs. Newt Barham, ran into a door Tuesday afternoon, but didn't get a black eye—he got a broken collarbone instead.

The accident happened on his parents' farm near West Point, when Garland ran into a barn door. The Barhams did not realize the extent of his injuries at once, and it was Wednesday morning very early that he was brought to a local clinic and x-ray pictures were made to determine the fracture. The patient is doing fine.

Cloda Hubbard of Littlefield was a Tahoka visitor Wednesday.

GOLD STAR GIRL OF LYNN COUNTY NAMED

Sarah Dean Archer, poultry demonstrator in the O'Donnell Club, has been named Lynn County Gold Star 4-H Club Girl for 1940, which will entitle her to wear a Gold Star Pin, and to be designated a Gold Star Club Girl for the rest of her life.

This pin is an emblem of achievements and of the confidence that the fellow club members have in her, since the selection was made on the basis of work accomplished and on the leadership ability they have recognized in her.

A girl may be considered for the award when she is completing at least her third year of club work; and if she has not previously been awarded a gold star pin.

Each girls' club having a member eligible for consideration may select a candidate for the award.

A county committee composed of council members and club girls selects the one Gold Star winner from these candidates.

The pin will be presented by Miss Maurine McNatt, County Home Demonstration Agent, in August.

The other contestants for the award were: Beth Shepherd, Grassland; Wilma Doris Crews, New Home; Wanda Jean Tyler, Wells; Dorothy Lackey, New Lynn.

Claude Donaldson and family were called to Altus, Oklahoma, last Saturday by the illness of Mrs. Donaldson's mother, Mrs. J. C. Roberts, who suffered a light stroke of paralysis Friday night. Mr. Donaldson and the children returned home Monday but Mrs. Donaldson remained to be at her mother's bedside until she shows improvement.

Mrs. R. W. Rutherford and Mrs. Douglas Howell of Littlefield were visitors Wednesday in the home of Mr. and Mrs. Randolph Rutherford. Mrs. Rutherford and Mrs. Howell are mother and sister respectively of Randolph.

BUSINESS WOMEN'S CIRCLE

The Business Women's Circle of the Baptist W. M. U. held a traveling session Tuesday night. They met at three homes, where they were served three supper courses and heard several chapters of a book on missions, "The Trail of Seed", taught by Mrs. J. K. Woosley.

At the home of Mrs. G. R. Milliken, there were served the cocktail course. From there they went to the home of Mrs. E. I. Hill for sandwiches and hot punch. Mrs. G. A. Dale served them dessert.

Those who attended were Misses

Robbie and Joe Belle Milliken, Ona Lee Shockley, Lorene Reese, Nell McLeroy, Valarie Wells, Myriene Cannon, Velma Boyd and Mrs. J. K. Woosley.

J. K. Applewhite made a business trip to Clovis Wednesday.

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News will be gladly corrected when called to our attention.

The use of the bat and the lash in the Texas penitentiary is just now being aired in the Texas legislature and a bill is pending to prohibit their use. This is no new subject. At intervals almost from the time the penitentiary was established we have had these flurries, but the matter has never been satisfactorily or permanently settled; and news came Tuesday that the Prison Board had abolished corporal punishment of prisoners. There is no question but that there are some guards who practice brutality on the convicts. We believe the penitentiary superintendent or the board should be required to fire every guard found guilty of such brutality, and to report such cases to the grand jury. The State of Texas should scrupulously require that all prison guards shall be humane at all times. But we are doubtful if the bat and the strap should be abolished. Certainly guards should be permitted to defend themselves against attack just as every other American citizen is guaranteed the right of self-defense. And in considering this matter, it should be kept in mind that guards have the duty of handling the most desperate and vicious criminals in the land. Common sense should be used in the solution of this problem.

Wendell Wilkie is not an effective radio speaker. He did not impress us during the recent campaign as being a man of Presidential stature. But since the campaign he has about convinced us that he has more sense and more patriotism than nearly all the other Republican leaders combined. Most of those Republicans have permitted their narrow partisanship and their dislike of President Roosevelt to betray them into the foolish policy of opposing everything that the President proposes. Recently they have been fighting the lease-lend bill for aid to Great Britain on the grounds that it gave too much power to the President, and after amendments were accepted specifically limiting this power they continued to fight it. They pretend to believe that Roosevelt is leading us into war. Wendell Wilkie, on the other hand, takes the sensible position that if we do not help Great Britain to our utmost, and that most

Odds and Ends See Eye, the Elder

That was a dry subject we tried to write about last week—North Africa, the Libyan Desert, etc. It was interesting to note, however, that little old Lybia is three times as large as Texas—but its magnificent distances are about the only big thing about Lybia. Its largest town is just about the size of El Paso and the entire population of the country is little more than 700,000, not counting the Italian army now in the country but on the run for the past few weeks. It does look as if the British are about to chase those dagoes into the Mediterranean or into the Sahara.

Talking about deserts, now that Sahara is some desert. The Libyan Desert in fact is just a part of the great Sahara Desert. The Sahara embraces a territory larger than the entire United States, almost as large as the United States with Alaska thrown in. Just think of the United States as one huge dust bowl from Maine to California and from Washington state to Florida! Well that would be nearly as bad a desert as the Sahara.

speedily, she may be defeated, which will greatly increase our danger of being drawn into the war. Help Britain and avoid a fight; refuse to help Britain and then be compelled to fight—that is about the way he sizes up the situation. So, we are taking our hat off to Wendell Wilkie.

Only twenty-five Democrats voted against the lease-lend bill for aid to Great Britain in the House of Representatives last Saturday while 236 Democrats voted for it. The Republicans on the other hand piled up a heavy majority of their votes against the bill, 24 of them voting for the bill and 135 Republicans against it. One American Labor member, three Progressives, and one Farmer-Labor member, all near Socialists, voted against the bill. We think the Republicans are laying a poor foundation on which to make a campaign in 1944.

It is human nature for us to criticize legislators who do not vote to suit us and we are free with our criticism of them, but rarely do we send a word of praise or commendation to those who stand and fight and vote for the things we approve. Let's be just as diligent in giving legislators our commendation for a righteous stand as we are in condemning them when they go wrong. The same would go for other officials.

We wish there were some way to keep all these vacant lots and blocks cleared of mesquite bushes and sprouts. Everytime a little sandstorm comes, papers hang up on all the mesquites, which makes our town look like a mess. Let's grub up the mesquites.

Now is the time to plant out trees. We need more trees on our farms. If the farmer has plenty of water so much the better. If not, Chinese Elms will thrive pretty well any way. Plant a few trees.

Of course there are a few fertile spots scattered about, but they are few and far between. The entire Sahara Desert comprising about 3,500,000 square miles has a population, we are told, of only about two million people. And these for the most part are Moors, Arabs, Berbers, Bedouins or wandering shepherds, and Negroes, most of whom are barbarians, some of the motley population being robbers by profession, more expert, it is claimed than the American hi-jacker. What a country!

The French possess most of it, and they do say that they were about to make something out of it—that is, until Hitler butted in and they had to turn their attention to him. By drilling wells in the oases it is said they had greatly increased the tillable acreage, and by substituting tractors and automobiles for camels, they were greatly increasing the volume of commerce over the old caravan routes and over new routes established by them.

Another interesting thing we noted about the desert country in North Africa is that over there in the Libyan desert in one spot there is a depression of considerable extent that sinks to a depth of 440 feet below sea level.

Of course salt water would not be worth much for irrigation purposes, we guess, but if somebody could cut out a huge canal or underground viaduct from the Mediterranean into that big depression it certainly would create a dandy pleasure resort for such Egyptians as might have the time and inclination to patronize it, and wouldn't all those North African potential beach beauties have a swell time?

Seriously, it does seem that a great inland sea might thus be created that would serve to increase in some degree the humidity of the atmosphere and consequently the amount of rainfall over a limited territory at least.

To all intents and purposes the vast Arabian Desert is merely an extension eastward of this North African desert, broken only by the fertile but narrow valley of the Nile.

This desert itself is larger in area than all that portion of the United States lying east of the Mississippi River, rendering almost worthless for agricultural purposes most of the lands lying between the Red Sea and the borders of India. Only the land of Palestine and the valleys of the Tigris-Euphrates rivers in all this vast territory can be regarded as worth-while agricultural areas.

It was up the Tigris River valley from Ur of the Chaldees, it will be remembered, that Abram migrated with his father Terah to Haran when the old gentleman decided that bet-

ter opportunities lay further west. And it was from Haran, in obedience to the voice of the Lord, that Abram took his wife and some of his kin folks, and all his substance, and headed to the west and southwest, through broken and barren wastes, until he reached the land of Canaan; thence down into Egypt he went and eventually back to Canaan, where he greatly prospered in the cattle and sheep business and became the Father of a great nation.

It was from Egypt that Moses many years later led the people of Israel out across a finger of the Red Sea into the wilderness of Sinai and far to the southeast to Mount Sinai, after which they wandered around in the desert region for nearly forty years, being fed with manna, and were finally led by Moses up northward on the east side of the Dead Sea to Mount Nebo, where Moses viewed the promised land and then died.

Truth to tell, we have never understood why Moses did not head out north of the Red Sea when he left Egypt and take a more direct route to the southern borders of the Promised Land, if he had done that, however, Pharaoh's army would not have been drowned and the law would not have been given to Moses on Mount Sinai, and a lot of other big events in Biblical history would not have happened as they did. So it is all right with us that he got caught in that jam on the west shore of the Red Sea and made that long detour around by Sinai and had to spend his last days in the land of Moab just across that marvelous gulch in the earth east of the Promised Land.

If you had forgotten it, folks, that Jordan Valley is a gash in the earth to write home about.

Jerusalem, for instance, is about 2,500 feet above sea level. Fifteen miles east of Jerusalem, on an air line, lies the Dead Sea, whose surface is 1,290 feet below sea level. One makes a descent of about 3,800 feet in going from Jerusalem down to the Dead Sea—a little lake, really, 10 miles wide and 47 miles long.

From the waters of the Dead Sea on the east side rise the precipitous bluffs of the table-land of Moab to a height as great as 4,000 feet in places. With these limestone and sandstone bluffs gleaming in the sunlight together with the rugged mountain scenery, can any one reasonably suppose, as most of us have supposed, that the setting of the Dead Sea was a dreary, unattractive region?

At the upper end of the sea and fringes of it in other places a dreary aspect is presented, but the setting as a whole is magnificent, it is said.

The surface of the Dead Sea lies deeper beneath the sea-level than any other spot in the world. Since it has no outlet, its waters are exceedingly salty, as every one knows, being twice as salty as the waters of the Great Salt Lake in Utah and six times as salty as the waters of the ocean.

The north end of the sea is being gradually though slowly filled up with the silt from the Jordan, causing the waters to rise very slowly in the basin and to spread out over the plain at the south end, covering the sites of the ancient cities of Sodom and Gomorrah. The unsubmerged portion of the plain at the south end of the lake, according to one writer, is ideal for farming and truck gardening, and by means of irrigation from streams that flow into the lake in this vicinity, it could again be made a vegetable "garden of the Lord", he says.

When we read in the New Testament of the marvelous works and teachings of Jesus along the shores

of the Sea of Galilee, we are probably unconscious of the fact that it also lies in this same great depression, its surface being 680 feet below sea-level. But as the Jordan River gives it an outlet, its waters are fresh and abound in fish. From the Sea of Galilee to the Dead Sea, an air-line distance of about one hundred miles, the Jordan makes a descent of about 110 feet. But that is nothing to compare with the descent it makes just before entering the Sea of Galilee. From Lake Huleh, or Merom, to the Sea of Galilee, a distance of ten and a half miles, it makes a descent of 689 feet. The surface of Lake Huleh is just a few feet below sea-level. The source of

We've put one over on the yardsticks

Here are FOUR NEW ADDITIONS to the BUICK SPECIAL Line that Compact Motorcar Bigness into Handy Size

Buick SPECIAL 4-door Sedan, model 47, \$1021.*

TIME was when you measured a car's ability and standing by the yardstick distance from bumper to bumper.

But not any more — not since Buick made ready the four new additions to its 1941 SPECIAL series that are built for big-car travel tastes — and small-car garages!

They are cars to take the measure of almost anything on the road in the lift and life of their 115-hp. Buick FIREBALL engines.*

They are cars with room for all the family, with all the little Buick luxury touches, with the unrivaled comfort of Buick's all-coil springing and steady-going roadability.

But bumper to bumper they are shorter — so they fit your garage.

Their wheelbase is 118 inches, so they park like a bicycle and fit through traffic with ridiculous ease.

They go farther on every gallon — farther, even, than other Buicks.

So you can't take their measure with a yardstick.

You've got to measure them by what they do for you—in the easier handling, the bigger thrill, the extra convenience they add — and by prices made lower by their new compactness.

How about seeing them — now?

BUICK PRICES BEGIN AT \$915
*delivered at Flint, Mich. State tax, optional equipment and accessories extra. Prices subject to change without notice. for the Business Coupe

DALE ATTENDS BIG BAPTIST GATHERING

Rev. Geo. A. Dale, pastor of the Baptist Church here, attended a meeting of the Panhandle Baptist Pastors' and Laymen's Conference in Plainview Monday and Tuesday, at which more than five hundred persons registered. The meeting was held in the auditorium of Wayland College.

Most noted among the speakers on the program were Dr. W. R. White, President of Simmons University, and Dr. John W. Raley, President of Oklahoma Baptist University.

Dr. A. D. Foreman, pastor of the First Baptist Church of Amarillo, also had a prominent part on the program.

Rev. Dale declared the program to have been very fine in every way.

Miss Joyce Jolly, who recently suffered another severe attack of diabetes, is again showing improvement, according to reports from her bedside. She is the daughter of Mr. and Mrs. J. L. Jolly.

Water Facilities Loan Available

Loans are now available to farmers in Lynn county to participate in the Water Facilities Program of the U. S. Department of Agriculture, Wyman J. Welch, rural rehabilitation supervisor for the Farm Security Administration, announced with funds borrowed from the ed this week.

"Facilities which may be installed by federal government," Mr. Welch said, "include repairing or providing wells, cisterns, pools, ponds, stock tanks, together with the installation of windmills, stock troughs, storage tanks, bathroom fixtures, sinks, pipes, and so forth."

Mr. Welch said that loans also are available for facilities for developing irrigation systems for subsistence gardens and truck crops up to one acre of land. He emphasized the regulation prohibiting loans for irrigation systems in excess of one acre of land.

"No loans will be made for irrigation purposes which exceed one acre of land," he said. "The program is designed to modernize farm homes, by putting water into them, to make adequate water available for livestock purposes and to enable farm families to raise subsistence gardens and truck crops as a feature of the live-at-home programs in areas of low rainfall."

Water facility loans, it was explained, are made for a period from one year to the useful life of the facility or a maximum of 20 years, at three percent interest.

Low income farmers and others who cannot obtain adequate credit elsewhere are eligible to apply. Applicants are not restricted to farmers who are now being assisted by the Farm Security Administration. Farm-owners, farm tenants and farm operators are eligible to make application for water facilities loans.

Mr. Welch cited a regulation which provides that all successful applicants for water facilities loans must agree to follow the approved farm and home management plans designed by the Farm Security Administration and the applicant, and to cooperate with the Soil Conservation Service in soil and moisture conservation practices.

Mr. Welch invites all farmers in Lynn county, who believe they can meet the requirements for application, to visit him at his office in the basement of the Courthouse and obtain more complete information about this program.

Southern Cooking

SHRIMP A LA CREOLE

Though fried chicken and baked ham usually hold first place in the mind of the visitor to the South who has enjoyed a real southern dinner, there is usually a place in his memory for fine seafood dishes such as

- Shrimp A La Creole
100 fine shrimp
1 large onion
1 tablespoon margarine
No. 2 1/2 can tomatoes, or 12 fresh tomatoes
4 celery stalks
1 clove of garlic
1 sprig of thyme
2 bay leaves
salt and pepper to taste
a dash of tabasco

Boil the shrimp in water seasoned with plenty of pepper, garlic, onion, bay leaf, thyme, etc. Peel off shells when shrimp have boiled about 20 minutes, leaving them whole. Place in a dish. Chop fine 1 onion and brown it with tablespoon of margarine. Add tomatoes, celery, garlic, thyme, bay leaf, salt, pepper and a dash of tabasco. After this mixture has cooked for 10 minutes, add the whole shrimp and let cook for ten minutes more. Serve over rice. Yields 8 to 10 servings.

Other favorite Southern recipes are presented in a large, full-color, 100-page free cook book, "100 Southern Recipes." Send to National Cotton Council, Box 18, Memphis, Tenn.

SLATON WOMAN GIVEN COURTESY RECENTLY

Slaton, Feb. 12—Mrs. M. A. Taylor of this city was honored on her seventy-sixth birthday Sunday when friends and relatives entertained with a covered dish luncheon and a shower of gifts. All of her sons and daughters were present.

Among the Lynn county people attending were: Mrs. J. W. Brown, Mr. and Mrs. Wade Smith and son, Mr. and Mrs. J. W. Partin, Jr., Mr. and Mrs. Bonnie Brown and family, Mr. and Mrs. Jim Brown, Mr. and Mrs. Dave Stokes, and Berl Gray, all of New Home; and Misses Hazel and Frances Rhodes, Louise and Jo Pruitt, and Fannie Hannabass, of Wilson.

MARRIED

The Anglin family have received announcement of the marriage of Miss Ruth Anglin in Mineral Wells Saturday night. She had spent about two years in the Anglin home here, being a niece of W. S., and during that time graduated at Beauty School in Lubbock. She has been employed as a beautician in Mineral Wells.

Mr. and Mrs. Clay Bennett returned Wednesday night from a trip to Fort Worth and Dallas, where they made purchases for the Bennett variety store. They also visited relatives at Whitney in Hill county.

Lonnie Williams Makes Report

In reporting the condition of the finances in my precinct in January, I stated that the outstanding warrants totaled \$789.25. Later I found that other warrants given out in December and amounting to a total of \$441.40, had not been included in my report. This total, with the \$875.00 in time-warrants due April 1, brings the indebtedness to a total of \$2,105.65, with only \$69.00 on deposit.

LONNIE WILLIAMS Commissioner, Precinct No. 2 1tc.

Officers Attend Sheriffs Convention

Sheriff B. L. Parker, who is president of the Peace Officers association organized for this section of the state two years ago, reports that there were 76 peace officers and other members of the association present at the meeting held in Levelland Tuesday.

Others from Tahoka attending were Deputy Sheriff Ed Sanders, Justice of the Peace Jim Dye, and former district attorney Truett Smith, who is secretary of the organization.

The organization adopted three resolutions, according to Mr. Parker.

The first importunes the legislature to provide a fund out of which peace officers may be paid for transporting prisoners captured in other states back to Texas. Mr. Parker explains that at present there is no provision for paying peace officers one cent for making trips out of the state to bring back persons indicted of felonies in this state. If a peace officer makes such a trip he must pay his own expenses. Funds heretofore appropriated by the legislature for that purpose have been blue-penciled by the governor, he states. The peace officers want some permanent provision made whereby they may be paid for these services.

Another resolution adopted calls for payment to sheriffs residing in counties of less than 10,000 population, who are also the tax assessors and collectors in such counties, one percent for assessing and one percent for collecting taxes for independent school districts, to be paid by such school districts and not by the commissioners courts from county funds in such counties, such pay to be in addition to the maximum now provided by law for such officials in said counties.

In counties having a population between 10,000 and 20,000, which would include Lynn county, a salary of \$4,500 for the sheriff, to be paid out of county funds, is favored.

A third resolution adopted by this body favors a change in the terms of state, district, county, and precinct officials from two to four years.

Mr. Parker was notified by the secretary of the state sheriff's association this week that he had been made chairman for the 30th senatorial district of the committee appointed to present these resolutions to the legislature, and urge their passage.

The next meeting of the association will be in Amarillo on April 8. Mr. Parker has been president and Truett Smith secretary of the association ever since it was organized.

LUBBOCK CITIZEN IS VICTIM OF FIRE

D. W. Puckett, 81, a retired attorney-at-law, who had been a resident of Lubbock for many years, was fatally burned in his room at an early hour Sunday morning, when a night-robe which he was wearing ignited while he was standing in front of a gas stove.

His screams attracted the attention of relatives with whom he resided, and rushing to his assistance they extinguished the flames, but the decrepit man died from the injuries a few hours later.

Bell county folks residing in Lynn county will remember Mr. Puckett as a capable practitioner at the bar in that county a generation ago, and as a man who took active interest in the politics of the county and the state. His home was at Rogers, from which place he removed to Lubbock years ago. In Lubbock, he engaged in the practice of law and the real estate business until advancing years affected his health and strength.

The editor of the News attended the funeral services in Lubbock Monday.

Journalism Class Visits News Shop

By Greta Applewhite

Members of the Tahoka High School Journalism class visited the Lynn County News Office Wednesday afternoon, the past week.

Mr. Frank Hill, pointed out to the class what an important part the linotype machine plays in the printing of a paper. The linotype machine, which is much like a typewriter, has more than 90 keys on it. This machine turns out one line of type at a time, thus giving the machine its name.

Mr. Hill also explained how the printing press is operated. The press, on which shrd shrd shrdshrd press, when going at full speed, turns out about 1800 to 2000 papers an hour. The job printer's press, on which all invitations, bankers checks etc., are printed, runs on the same order as the printing press except on a smaller scale.

Special points which interested the members of the class were how photographs are prepared to print in a newspaper and what different sizes of type are used for different stories.

Roland Huddleston, son of Mr. and Mrs. J. H. Huddleston east of Tahoka, had his tonsils removed Thursday.

CARD OF THANKS

Four Volunteer To Army Service

Four volunteers for service under the Selective Service Act to fill the call of February 28 for seven men from this county have already reported to the local board. One of these, Jason Glenn Holcomb of this city, was reported last week.

Others who have volunteered since that time are Joy James Welch of New Home, Eugene Calvert Parrish from the east portion of the county and Raymond Matthew Grider of Tahoka. It is believed that a sufficient number of young men will volunteer to fill the call. Some of those who have volunteered may not be able to pass the physical examination, however, and more men may be needed.

Henry Clay Aten, who had volunteered for induction on last Monday, was rejected because of overweight. Only three men accordingly were inducted Monday: Alvin Louis Shambeck, Edmund Victor Macha, and Ruisendo Lopez. These three together with many from other counties were sent to Fort Bliss, El Paso. One Lynn County youth, Phaniel Hilton of New Home, we are informed, volunteered for service in the regular army on January 11. He applied to the enlistment officer at Lubbock, was accepted, and was sent to Fort Sill, Oklahoma.

DIES MAY HAVE TO BE FROM OFFICE 10 DAYS

WASHINGTON, Feb. 12.—Rep. Dies (D-Tex.) probably will have to remain away from his office ten days to two weeks, to recover from "over fatigue," his physician said today.

The Texan, whose condition was described as "satisfactory" by Dr. Matthew W. Perry, collapsed yesterday shortly after successfully pleading to the House for continuation of the Un-American activities committee which he heads.

TERRACING NOTICE

We have done quite a bit of terracing in the Precinct recently and would like to hear at once from anyone else in Precinct 2 who wishes to terrace their land.

Lonnie Williams, Commissioner, Precinct 2.

Bad Sandstorm Sweeps W. Texas

The worst sandstorm of the season thus far swept the Plains Wednesday. Beginning early Wednesday morning, the wind rose steadily until near noon, from which time it "held its own" until near nightfall. Having no instruments here by which its velocity might be determined, that is a mere conjecture, but it is believed to have been about fifty miles per hour.

No damage has been reported other than the discomfort that it caused and the erosion of the soil that resulted.

CONNOLLY NIECE MARRIES

Mr. and Mrs. Chester Connolly and other relatives of this city have just learned of the recent marriage of Mr. Connolly's niece, Miss Ruby Nell Connolly, who was a student nurse in the West Texas Hospital. She had visited in Tahoka and has a number of friends here.

CARD OF THANKS

We wish to take this method of thanking every one for being so good to us in the loss we suffered in the death of our loved one Thomas Young. The words of sympathy and deeds of kindness will always be remembered by his mother, Mrs. Rosa Lee Young, his sisters, brothers, cousins, uncles, and aunts.

THREE CARS DAMAGED IN O'DONNELL CRASH

O'Donnell, February 13, (Spl.)—A three-way car wreck which brought damage to all three cars, minor injuries to the various drivers and the downfall of part of the Rochelle Hotel porch occurred here Sunday night at about 7 o'clock.

The colliding vehicles were driven by Frank Shumake, W. R. Gibson and a member of the Furrow family.

The accident occurred so quickly that no witnesses could be found who saw the mixup as it actually happened.

The Gibson car, after being struck plunged into the hotel porch, and only a miracle saved Mr. Gibson from serious injury, so investigators claimed.

Wade Howell, student in Texas Tech, underwent an appendicitis operation at West Texas Hospital Wednesday night, according to his mother, Mrs. H. B. Howell.

Scouts Guests Of Rotary Club

The program at the Rotary luncheon Thursday was a Boy Scout program given under the direction of Principal Lee Dodson of the high school.

The program consisted mainly of demonstrations given by the Boy Scouts and an address by one of them, Billy Earl Penninger.

Brief talks also were made by Happy Smith and Rollin McCord. Mrs. A. L. Pace also made a brief statement concerning the Girl Scouts recently organized here, and introduced the three Girl Scout patrol leaders.

Mr. Smith made an appeal for a little stronger support financially of the Boy Scout work, and praised the work of the officials, particularly of Scoutmaster W. A. Reddell. Rollin McCord also praised the work of John Hamblen, Cub scoutmaster, and of A. C. Weaver, who has devoted his time so assiduously to Cub work.

Joe Alexander, newspaper publisher, and Walter Collins, business man, were visitors from Lamesa.

Frank Hill, a director, who acted as chairman for the day, urged all Rotarians to be present at the inter-city meeting to be held at the Legion Hall next Thursday night, when the O'Donnell Club will be the guests of Tahoka Rotarians.

FAMILY WARDROBE DISCUSSED AT GRASSLAND

"Labels may be misleading in regard to shrinkage and color-fastness" said Miss Maurine McNatt in the demonstration on planning and buying the family wardrobe at the Grassland Home Demonstration Club which met in the home of Mrs. D. G. Cook February 11.

"The terms 'pre-shrunk', 'super-shrunk', 'fast-color' and 'washable' may not have as full meaning as they are generally supposed to have. It is a safe plan to buy only those materials labeled 'Will not shrink', or 'Fully shrunk', and 'Vat-dyed'."

The members present were Mesdames Claude Thomas, G. C. Watson, R. B. McCord, C. M. Greer, A. L. Shepherd, V. V. Laws, Claude Brown, R. E. Appling, Tom Brown, and the hostess Mrs. D. G. Cook. Club will meet in the home of Mrs. Tom Brown February 25.—Reporter.

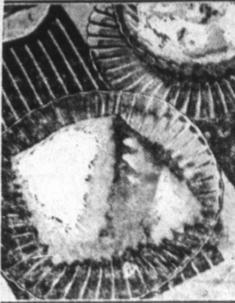

Mr. and Mrs. Ray Thornhill of Lorraine were here Tuesday and Wednesday visiting Mr. and Mrs. W. H. Thornhill. The two gentlemen are brothers. Ray called at the News office to renew acquaintance with the editor, with whom he was acquainted in Bell county. The occasion of his visit here was the birthday of W. H.—we do not know which one—but his birthday is the same as Lincoln's, February 12.

O'DONNELL BAPTISTS HAVE NEW PASTOR

O'Donnell, February 13, (Spl.)—The Rev. E. C. McDonald, of Brady, was issued a call Sunday morning by members of the First Baptist Church to become pastor here. No reply as to acceptance has been received, however, due to the illness of the Rev. Mr. McDonald.

The Rev. Mr. McDonald, who has served as a pastor at Brady and Yoakum in recent years, is an uncle of Guy Bradley, local business man.

SOUTHERN COOKING

BAKED APPLE DUMPLING
A nationally favored dessert, apple dumplings take on a new aspect of deliciousness when prepared southern style in your kitchen. So from out of the South where a meal without dessert is almost unknown comes this recipe for

Baked Apple Dumplings
Pare and core apples. Make rich pastry, roll out and cut into strips to fit around apples, leaving the top open. Fill the core space in the apples with brown sugar, cottonseed oil margarine, and nutmeg. Place dumpling in muffin pan in order to hold shape. Sprinkle with sugar and margarine and bake.

Serve with hard sauce. Other favorite Southern recipes are presented in a large, full-color, 100-page free cook book, "100 Southern Recipes." Send to National Cotton Council, Box 18, Memphis, Tenn.

HACKBERRY CLUB HEARS TALK ON CLOTHES

Mrs. B. N. Billingsley, Reporter
There was an interesting program at the meeting of the Hackberry H. D. Club the past Thursday. It was no trouble at all for Miss McNatt to keep the attention of the women, as her talk was mostly on the subject, "Clothes."

Among the interesting points brought out by Miss McNatt were: The responsibility of the homemaker; the more complex problems that face the homemaker of today if she does her job efficiently. Also, take inventory. Drag out and check over out-of-season clothing. List each garment's color and condition. Make a plan and then follow it. Don't buy something that will match nothing else.

The president, Mrs. Herman Dobbs, distributed cards on which the following poem was typed:

It Isn't The Club, It's You
If you want to work in the kind of a club
Like the kind of a club you like,
You need not pack your clothes in a grip
And start on a long, long hike.

You will only find what you left behind.
There's nothing really new;
It's a knock at yourself if you knock your club,
It isn't the club, it's YOU!

Real clubs are not made by women afraid
Lest somebody else may shine.
If everyone works and nobody shirks
Our club will truly be fine.
And then when you reach your personal goal
Your friend will reach it too;
Your club will be what you want it to be.
It isn't the club, it's YOU!

How well we follow the advice contained in the above lines makes the difference between a live club and a dead one.

Too many of us expect to get something out of our clubs, when we put nothing into them—not even our whole-hearted interest.

Mrs. E. N. Weathers, who has been seriously sick of pneumonia for several days, is said to be improving.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle permeator for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 95¢ to 40 doses; 25¢.

Ask Volunteers For Home Guard

Questionnaires have been sent to the proper authorities here for distribution among ex-service men in order that all such persons as may desire to do so may fill them out and sign them indicating their willingness to serve as a Home Guard in line with the National Defense Program which has been instituted by the Government.

There is no obligation and no pressure brought to bear upon any one to fill out and sign one of these questionnaires, it being purely a voluntary matter.

Any one desiring, however, to obtain one should apply at the office of County Judge Chester Connolly or at the office of Skip Taylor in the courthouse, according to Jim Dye, a member of the American Legion.

There's one thing about Americans. The Nazis think we are careless about beliefs and that our very democracy and rights makes us especially vulnerable to propaganda. Possibly the fact so few of us could quote the American creed, and lots of us know practically nothing about our own constitution looks like we just don't care.

But let even the threat of international strife face our nation, and watch all of us don the old red, white and blue.

The ladies will literally show their true colors this spring, for everything to wear will emphasize the good old red, white and blue. Especially look for blue suits with white blouses and red accessories.

Wednesday was the birthday of Abraham Lincoln, and much has been said in connection with his fight for equal rights for all, and his standards are very often contrasted with the Nazi doctrines. It is said that the Nazis fear the memory of Lincoln as an enemy to any attempt to "dig in" in America more than they fear any living American.

But his popularity is greatly increased and his memory is loved and cherished in the humblest of American homes even more because he proved through sheer courage and a willingness to learn that rewards are within the reach of all, for possibly, no other American president rose from such poverty and lack of opportunity in the modern sense, as did Lincoln. Yet he never lost his common touch. Long live the spirit of Abe Lincoln!

He wobbled into the judge's office on the arms of a couple of officers, heard the charge and protested: "I'm not under the influence of alcohol, tho those thinkin' peep I am. I'm not so thrunk as you drink I am, but I fool so feesh I hardly know who is me."

Don't forget to remember your valentine today

REV. E. C. McDONALD FILLS PASTORATE AT O'DONNELL

O'DONNELL, Feb. 13.—The First Baptist Church here Monday had called Rev. E. C. McDonald of Brady as pastor, to replace Rev. J. A. Lunsford, who resigned recently to become a missionary in Brazil.

Everyone Urged To Aid In Knitting For Soldier Boys

"Even the shut-ins may have a part in the Red Cross work, if they wish", a representative of the organization told the News this week. Those who cannot come to the American Legion Hall for materials may telephone or send word and materials will be sent to them. Call Mrs. E. R. Edwards, tel. 183-J. If you wish to knit or Mrs. N. M. Wyatt, tel. 232-K. if you wish to sew.

Though the interest in this work is growing, more workers are needed to help in this worthy service. The quota of work assigned this Chapter for this quarter must be finished within the next two weeks. A much larger quota is expected soon, and more workers will be needed to do the work, as the Chapter has been asked to knit more than 100 sweaters.

Mrs. George Knight of Tahoka has knitted 2 sweaters, 2 beanies, 2 pairs socks and has done some sewing. Mrs. H. L. Roddy has knitted 3 sweaters, and several others have made two and three garments each.

If you wish to learn to knit some one will teach you at the Hall on Friday afternoons. If you cannot come there the following ladies voluntarily offer to teach you in their homes: Mmes. E. R. Edwards, H. L. Roddy, George Knight, Ben Hardy, W. A. Reddell.

This is a County-wide program and both Wilson and O'Donnell are to have units soon. Why not organize a unit in your community and give every woman in the county an opportunity to make a contribution of her time and effort to this worthy cause?

Come to the Legion Hall Friday afternoon!

NEW HOME-LAKEVIEW COUPLE WED-TUESDAY

Miss Jaunita Bryant of New Home and Mr. Melvin Bartley of Lakeview were married Tuesday afternoon in Lubbock according to relatives.

Mr. Bartley, who was reared in Lynn county, is an ex-student of the Tahoka High School and is now engaged in farming with his father, L. N. Bartley, where the couple will live.

Mrs. Bartley is the daughter of Mr. and Mrs. H. B. Bryant of New Home. She was reared in Cameron and removed with her parents to this county last fall.

CIVIL SERVICE EXAMINATIONS ANNOUNCED

Open competitive examinations for the positions described below were announced by the United States Civil Service Commission today. ment made last week. Nicklaus was coach here two years in 1928-29 and 1929-30, and is generally considered the best Tahoka has had.

Apprentice, Government Printing Office, for appointment in Washington, D. C., only. The rate of pay for the first year of apprenticeship is \$0.40 an hour for a 40-hour week. The pay rate is increased on the completion of each year of successful apprenticeship up to \$1.02 an hour for the fifth and last year of apprenticeship. Applicants must have reached their seventeenth but must not have passed their twentieth birthday. Applications for this examination will be accepted for only 10 days, or until February 15 for States east of Colorado, and until February 18, 1941 for the other States.

Full information as to the requirements for this examination, and application forms, may be obtained from A. C. Weaver, Secretary of the Board of U. S. Civil Service Examiners, at the post office in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.

Truett Cooper returned Monday to the Texas A. & M. College, where he is a popular student, after a few days visit here with his parents, Mr. and Mrs. E. J. Cooper.

James Connolly returned recently from Richmond, California, where she spent some six weeks in the home of her daughter, Mrs. Bonnis Brower.

Mrs. G. A. Scott of Dallas arrived Monday for a visit with her brother, E. R. Edwards, and family and her sister, Miss Bernice Edwards.

BRONCHIAL COUGHS!

Buckley's Famous "CANADIOL" Mixture Acts Like a Flash

Spend a few cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe raw membranes and make breathing easier.

Sufferers from these persistent, nasty irritating coughs due to colds or bronchial irritations find Buckley's brings quick relief. Over 10 million bottles sold. But be sure you get Buckley's CANADIOL Mixture.

NEW HOME METHODIST CHURCH IS UNDER CONSTRUCTION

Excellent progress in the construction of the new Methodist Church at New Home is being made, according to J. R. Strain, one of the trustees. The walls and the rafters are already up and the trustees hope to have the building completed by March 1.

The building is 32 by 50 feet in size. It will be finished with stucco outside and with Celotex or some similar competition inside.

The church was organized soon after the first of September, 1940. The board of trustees consists of J. R. Strain, H. A. Parris, B. A. Morrow, John Armentrout, and Gene Roper.

The board of stewards is composed of M. C. Ball, Donald Cordell, and Gene Roper.

Mr. Roper is also the superintendent of the Sunday School and there is a Women's Society of Christian Service.

Rev. J. R. Wood of the Lubbock Circuit is the pastor, holding services on the second and fourth Sundays in each month, morning and evening.

The church will be greatly pleased to get into their new house of worship.

NAZARENE REVIVAL

Revival services are to begin next Sunday at the Nazarene church.

Rev. Leo Lawrence, pastor of the Nazarene church in Lamesa, has been secured as evangelist and Rev. F. H. Pearson of Paniel will have charge of the song services.

A cordial invitation is extended to everyone to be present at every service, and a special invitation to those who like good singing.

Services will begin each evening at 7:30.

A special contest is being conducted in the Sunday School and all are urged to attend Sunday School.

BUFFALOES COMPLETE OFF-CAMPUS SCHEDULE

CANYON, Feb. 13.—West Texas State's far-famed Buffaloes completed their off-campus schedule last week by winning four straight games on their road trip with Alamo conference teams. They can do no worse than tie for the circuit title and are overwhelming favorites to repeat again this year.

Texas A. & I. fell before the world's tallest team by scores of 72-26 and 50-36 at Kingsville. St. Mary's of San Antonio was much stronger, but the Rattlers were subdued, 53 to 50 and 49-34. The Alamo title will be settled here in return series with A. & I. on February 21 and 22 and with St. Mary's on February 24 and 25.

The road trip triumphs bounced the Buffaloes into second place in the south in Dunkel's rating service, which put only the Arkansas Razorbacks ahead of them. The locals have won 18 games and lost five tight ones this season while playing a terrific schedule in the Middle West and Southwest.

The next home games will be return tilts with Hardin-Simmons University on Monday, February 17, and Wednesday, February 19—the split date being arranged to avoid conflict with a lyceum attraction. The Buffs defeated the Cowboys earlier in the season by scores of 74-41 and 67-36.

Coach Al Baggett will take the Tall Texans to El Paso March 3-6 for the Southwestern invitation tournament, which West Texas State won last year.

With 6 foot 10 inch Charles Halbert coming out of his scoring slump, the Buffaloes are a high-scoring, smooth-working outfit which fears no opponent but respects them all.

Kent Gibson, son of Mr. and Mrs. Hick Gibson, underwent tonsillectomy Wednesday.

Seed Available Through F. S. A.

Farm families in Lynn county are being urged to join in a cooperative purchasing association to acquire their garden seeds for use this spring, according to Myrlene Cannon, home management supervisor and Wyman J. Welch, rehabilitation supervisor for the Farm Security Administration.

Last year hundreds of farm families in this part of the state cooperated with their seed purchases. In addition to saving a great deal of money, this cooperative enterprise resulted in the families having a better variety of foods in the diet.

"The standard packages of garden seeds contain sufficient amounts as estimated to meet the need of the average family for fresh canned, and stored vegetables," Miss Maurine McNatt said. "Moreover, the varieties are selected to suit the local climate and soil conditions."

Some of the advantages of group purchase of seed, as outlined by Miss Cannon are:

1. This program applies to every farm family in the county, no matter what the circumstances. Since one of our aims is to encourage people to work and think together, this gives all of us the advantage of group cooperation.

2. It has been an effective method of introducing a better variety of foods in the family diet.

3. Seed on hand at planting time eliminates the fear of late planting due to the lack of seed or money at garden planting time.

4. Standard packages of seed secured for germinated tested seed and reliable houses not only insure good quality seed, but reduces the cost materially. Many of the standard packages delivered last year at a cost of from \$2.00 to \$3.00 would have cost \$8.00 and up had they been purchased individually.

Miss Cannon said that when the home garden plan for Lynn county has been completed, the purchasing committee, composed of local farm men and women, will contact local dealers for reputable seed houses, and secure bids for a sufficient number of packages to supply all cooperating farm families in the county as recommended by the State Extension Service and in cooperation with the local county agent.

Care will be taken to secure seeds of proper germination value and quality.

Miss Cannon emphasized the fact that every effort will be made to purchase the seeds through local dealers.

"Although the local representatives of the Farm Security Administration do not enter into contracts with dealers or merchants relative to group purchases," Mr. Don Turner, County Agricultural Agent said, "we do encourage the farm families with whom we are working to do their trading with their home merchants."

The Farm Security Administration is assisting seventy-five farm families in Lynn county. The cooperative purchasing project is not confined to these families, but is open to every farm family in the county. All those interested in the group purchase of garden seeds should contact the local FSA office immediately.

The live-at-home program is one of the major goals of the FSA for all families which it is helping. Last year five FSA families received awards for having produced at least 75 percent of their living at home.

"No farm plan is complete without a good garden," according to Mr. Welch. "Money saved on food purchases is money in the bank, and of course good gardens contribute very materially to a family's health," he said.

C. C. Garvin recently began his duties as attendant at Triangle Service Station. For many years he was similarly employed at Albany, where he worked before coming here.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

ALL SET FOR TRAINING SCHOOL

Everything is set for the Standard Training School under the leadership of Rev. Joe Haymes and Mrs. Joe Haymes. A large number of people have signified their intention of wanting one of the courses, and all that remains is being present in the Young Peoples' room in the basement at 7 P. M. Monday. We have received encouragement from the neighboring pastors and church workers and are looking for a number of other towns and communities to send scholars.

Church services will be conducted by the pastor as usual Sunday.—George E. Turrentine.

NANCY NOWLIN HAS BIRTHDAY PARTY

Mrs. P. A. Nowlin honored her daughter, Nancy, with a party on her third birthday Tuesday afternoon.

Games were played, and valentines were distributed to the guests. Cake and ice cream were served to Mary Lou and Viola Dean Kennedy, Myrna Gale Jackson, Sandra Jean Collier, Anita Jo and Sara Sue Rochelle, Phyllis Ann Fielder, Mary Frances Thornton, Peggy Ann Now-

lin, Gordon Truett Smith, Ted Pridmore, Ronnie Joe Thornton, Jerry Dean Cain, Kenneth Durham, Kent Gibson, David Hamblen, Jimmy Lee McDonald.
Adults who were present were Mesdames E. J. Cooper, Alton Cain, Thornton, Levi Noble, "Skinner" Connolly, and Reid Parker. Others sent gifts.

Responsibility!

You can't let a home "go," without inviting discomfort and risking your investment. It takes repairing, redecorating—sometimes remodeling—to keep a house a home.

Come In and Let Us Figure On Repairs For Your Home. It Costs Nothing To Talk It over.

HIGGINBOTHAM - BARTLETT COMPANY

You'll like these TIME- and MONEY-SAVING FEATURES OF JOHN DEERE TRACTORS*

- Simple, rugged 2-cylinder engine burns low-cost fuels successfully
- Straight line transmission—no bevel gears
- One-piece gear case—perfect alignment of parts
- Forced crankcase ventilation to prevent formation of oil sludge
- Positive, full-pressure lubrication
- Efficient, replaceable oil filter
- Positive gear-driven fan—no belt
- Thermo-siphon temperature control—no pump
- Power delivered in straight line to drawbar
- Belt pulley on crankshaft—full engine power to belt
- Fully adjustable steering control
- Hydraulic power lift
- Safe hand starting. Electric starting available
- Foot-operated differential brakes
- Radiator shutter, hand-controlled from seat
- Three-way fuel control from seat
- Unobstructed vision to both sides of tractor
- Ample platform for easiest operation while standing
- All parts reached without getting under tractor
- Simple maintenance—clutch adjusted in 5 minutes—clutch linings replaced in 15 minutes
- Hand clutch easily operated from the seat, standing up, or from the ground
- Rear wheels adjustable to fit the job or row width
- The most complete line of integral and drawn equipment

Come in and let us show you why these features make a John Deere your best tractor investment.

W. S. of C. S.

The program for the W. S. of C. C. Monday, Feb. 10, was taken from the yearbook.

Mrs. Calloway Huffaker gave a very interesting paper on minority groups and Interracial Cooperation.

Mrs. W. D. Smith Sr. told us something of "Mexicans North of the Rio Grande".

Mrs. W. M. Mathis presided over a short business session following the program.

We are glad to welcome a new member, Mrs. C. G. Franks to our group. Next Monday at 3 o'clock Mrs. Wood is going to bring us our "Spiritual Life" program.

The University of Texas college of engineering is offering eleven defense short-courses, ranging from naval architecture to chemical engineering. Length of time required is from five weeks to four months.

POULTRY RAISERS! Use Dr. Salsbury's AVI-TONE to control round-worm. Ideal flock treatment. Get a package TODAY.

Workers Get Half of Texas Oil Cost Dollar

Texas Oil Aids Many Workers

DALLAS, Feb. 13.—Texas workers receive half of the money spent in the production of Texas oil, according to a booklet just issued by the Texas Mid-Continent Oil and Gas Association. The booklet, entitled "Important Facts About Texas Oil", is now being distributed by the association from its headquarters in the Continental Building here.

Wages and salaries to Texas oil production workers amount to 49½ per cent of the net cost of producing the average barrel of oil in Texas, the booklet shows. One-eighth of the net cost dollar goes to Texas tax-collectors for State and local taxes. Supplies cost about 26½ per cent, while depreciation, depletion, overhead and Federal taxes make up the remaining 11 per cent.

To this net cost must be added an extra one-eighth of the price of the oil which is paid as royalty to the Texas farmer or rancher who owns the land on which the oil is produced.

Texas petroleum workers and Texas farmers together receive \$400,000,000 a year in wages and salaries and lease and royalty payments from the Texas petroleum industry, the book shows. Of this huge sum, the workers get \$272,000,000 annually and the farmers and other land owners \$128,000,000. The \$400,000,000 paid these two groups of Texans is four-fifths of the total value of all crude oil produced in Texas. Texas tax-collectors get from the petroleum industry an additional \$75,000,000 a year.

BAPTIST W. M. S.
A stewardship program from Royal Service was directed by Mrs. W. O. Robertson at the church Monday afternoon. After a devotional service by Mrs. J. L. Nevill the following had parts on the program. Mmes. H. B. Howell, Everton Nevill, Carl Owens, Jim Burleson, and Alice Fortenberry.

Mrs. Garland Pennington announced the all day meeting to be held in the Church Monday, February 17. Each is to bring a covered dish and the book "Trail of Seed" is to be taught by Mrs. E. I. Hill, after which the circles will meet in different groups to begin the study of their new books for this quarter.

Others attending Monday's meeting were: Mmes. W. T. Kidwell, W. H. Kenley, P. W. Goad, E. I. Hill, K. R. Durham, and Misses Elizabeth Preston and Mary Seroyer.

A United States consul was stationed at San Felipe, the little capital of Stephen F. Austin's original settlement on the Brazos River in the 1820's, University of Texas historical records show.

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

DIXIE H. D. CLUB DISCUSSES GARDEN PLANTING

"Garden Seed and How to Treat Them" was studied at the Dixie H. D. Club Thursday, February 6 at the home of Mrs. Herbert Nash.

We discussed When and Where to Plant Early Alaska Peas. Peas should be planted in the early months. Carrots, being rich in vitamins, were studied, and they should be planted the last of February. To keep the soil built up every one should put back as much as they take away from it.

The educational funds were paid. Mrs. J. C. Lackey was elected as new reporter. Mrs. W. C. Huffaker was elected as council delegate. We had two new members, Mrs. Edgar Hammonds and Mrs. Morris Henson. There were ten members present.

The club will meet with Mrs. W. C. Huffaker Thursday, February 20, at 2:30 o'clock.—Reporter.

Miss Dorothy Applewhite underwent a nasal operation at the West Texas Hospital Thursday of last week.

The University of Texas is completing a "pilot plant" testing laboratory to discover new industrial uses for Texas cotton.

REPRESENTATIVE OF MISSOURI COLLEGE VISITS TAHOKA

Mrs. T. C. Cunningham, Educational Counselor, of Christian College, a Junior College for women, at Columbia, Missouri, was here Tuesday on business for her institution, and called at the News office to see Mrs. E. I. Hill, whose niece, Miss Joyce Halsey of Lubbock, is a student in that institution.

Specifically, Mrs. Cunningham was here to interview a couple of prospects for the college.

GAME TRAPPING CONTINUES

AUSTIN, Texas, Feb. 13.—Trapping of game on areas which have a surplus and planting it in sections from which the various species have been shot or trapped out continues and reports to the executive secretary of the Texas Game, Fish and Oyster Commission indicate this will be by far the most successful year in the Department's history.

More than 500 deer have already been trapped, a considerably larger number than were captured all of last year. New methods of trapping made it a comparatively simple matter to gather in the game birds and deer, turkey and antelope have animals. The only bottleneck encountered by the Department is the lack of trucks upon which to transport the trapped game to new areas. They are sometimes taken as far as 600 miles. More than 500 antelope, twice as many as had been previously trapped in a year have been captured in West Texas on areas where they were over-crowded or where too many sheep were being grazed and thus cutting down the supply of food.

Turkey trapping continues with considerable success. Raccoons are being trapped successfully and a new project, that of trapping beaver, appears to be highly successful although definite figures on the numbers of animals taken are not available.

James Prentice, the 4-year-old son of Mr. and Mrs. Prentice Walker, underwent an operation for hernia at the West Texas Hospital Monday morning. It is hoped the operation will prove to be entirely successful and effective.

LEGALS . . .

NOTICE TO BIDDERS
Bids will be received by Lynn County, Texas, until 10.00 o'clock on the 15th day of February 1941 at the Court House at Tahoka, Texas for the purchase of one Heavy Duty Diesel Motor Grader with Four Wheel Tandem Drive and notice is hereby given that warrants will be issued in the maximum sum of \$5500.00, last maturity not later than April 15, 1944, One Adams No. 30 Motor Grader to be traded in as part payment. Warrants to bear interest not to exceed 6%. The right is reserved to reject all bids.

Announce Honor Roll For School

Pupils of the Tahoka Grade school who made the Honor Roll during the past semester have been announced by Principal A. L. Pace as follows:

First Grade — Harlan Cook, Jr., Wandell Moore, Jerry Mac Stevens, Vernon Dale Willhoit, Ethelene Bucy, Joan Conley, Anna Fae Cowan, Margie Nell McMillan, Bernadine Rudd, Jimmie Conley, Lewis Cowan, Gergetta Akin, Willa Fay Akin, Ruth Clements, Betty Jean Henderson, Jean Henderson and Peggy Pat Sherrard.

Second Grade — Payne Wilkes, Jr., Mary Dale Haynes, Juanita Honeycutt, Joan Moore, Joan Bennett, Elna Reba Dunagan, Geraldine Rogers, Patsy Ann Bostick, Randall Waldrip, Patsy McGinty, Phama Cunningham, Mary Ruth Sparks, Joe Bob Stroud, Mary Elizabeth Sewell, Lamar Godwin, Paisey Nichols and James Weldon White.

Third Grade — Donald Braxton Edwards, A. C. Moore, Jimmie Dumas Small, Gerald Wayne Tippett, Joyce Jean Curtis, Lura Mae Howell, Lola Fern Kelly, Dolores Neugent, Joan Slover, Wanda Fae Smith, Bobby Rae Poe, Willie Mae Willet, Sue Doris Williams, Joan Edwards, Lola B. Reed, Douglas McNeely, Harold Wayne Garrett, Margaret Durham, Loylan McMahon, Velma Ruth Howell, Sina Finley.

Fourth Grade — Savannah Lou Tunnell, Lewis Mack Bostick, Frances Marion Hanev, Billy Travis Hanes, Bobbie Louise Cowan, Wayne

ODDS & ENDS . . .

(Continued From Editorial Page) The Jordan is high up among the foot hills of Mount Herman, nearly 3,000 feet above its mouth at the north end of the Dead Sea.

Some cleft in the earth is this valley of the Jordan! It is one of the most interesting geological structures in the world. Its depth below sea-level makes our own Death Valley out in California look like a table-land.

On our next trip around the world we are going to stop over at Jerusalem and execute a nose dive down into the Jordan Valley and take a look at that Dead Sea.

Correction—We have noted one error in this effusion which our proofreader overlooked. We referred to the south end of the Red Sea basin as a "veritable" garden of the Lord, but the Linotype machine made us say a "vegetable" garden, and the proof-reader failed to make correction. Not much of an error after all, for what would a garden be without vegetables?

EASTERN STAR

Mmes. W. T. Clinton, W. O. Robertson, Carlise Edwards, H. L. Roddy, Jim Burleson and W. T. Hanes attended a special program given by the Slaton Chapter Order of the Eastern Star Tuesday night in Slaton.

Sherrard.

Fifth Grade—Nancy Ray Weathers, Loydine Edwards, George Maurice Small, Joan Henderson.

Sixth Grade—Jeannine Smith, Gwynell Davis, Billy Jack Barrington, Irvin Lehman, Geraldine Frazier, Jerine Bartley.

Car Wreck . . .

(Continued From Page 1)

car, which was a 1935 model Chevrolet Sedan. In some way the driver lost control of the car when the two wheels on the left side left the pavement, and the car is said to have turned over two or three times.

One report given to the News was to the effect that when the car went over the first time two of the occupants were thrown out through the top, which was made of canvas. When it went over the second time the rest of the occupants were thrown out. The engine, it is said, was also thrown entirely loose from the remainder of the machine. The car was completely demolished.

Was Reared Here

Thomas Young was the son of Mrs. Rosa Young, his father, Owen Young, having died about two years ago. The family lives about four miles northeast of Tahoka. They moved from Sulphur Springs to this county in 1928 and had resided near Tahoka since that time. Thomas was born in Kingston, Marshall county, Oklahoma, on January 9, 1921, and was therefore just slightly more than 20 years of age.

Notwithstanding his youthfulness, he is said to have been the main reliance of his mother and the younger children for a livelihood, his older brother, Lawrence Young, being in the army and stationed at Fort Bliss.

Thomas was highly regarded by all the neighbors of the family and by many friends, who spoke in highest terms of his character. Just a day or two prior to the fatal accident he had volunteered to furnish the blood for a blood transfusion which was to have been given an elderly citizen of our town, G. R. Bohannon, in the Mercy Hospital in Slaton Sunday morning, but when the hour came for him to leave for Slaton he was a corpse in the Harris Funeral Home here.

Funeral Services

Funeral services were conducted in the Chapel of the Home at 4:00 o'clock Monday afternoon by Elder Eugene Long of the Church of Christ assisted by Rev. George E. Turrentine, pastor of the Methodist Church here. Burial followed in the Tahoka Cemetery. Pall bearers were: Joe Newman, J. O. Patterson, J. B. Oliver, F. O. Jaynes, Roy Poer and C. R. Vernon.

Surviving are the mother and the following sisters and brothers: Mrs. A. G. Cawthron of Abilene, Mrs. Delman Newman of Tahoka, Miss Barbara Gene Young of Tahoka, Lawrence Young of Fort Bliss, and Waymon Young of Tahoka.

Funeral services were held for Walter J. Pate in the Harris Funeral Home at 3:30 o'clock Tuesday afternoon, conducted by Rev. George E. Turrentine of the Methodist Church. His remains likewise were buried in the Tahoka Cemetery.

Walter was the son of Mr. and Mrs. Osie Pate of Tahoka. He was born in Center, Shelby county, on June 24, 1924. The family came to Lynn county on March 26, 1930. At the time of his tragic death he was employed in the N. Y. A. camp at Lubbock.

He is survived by his parents, Mr. and Mrs. Osie Pate, two brothers and a sister: L. D. Pate of Donna in the lower Rio Grande Valley and Horton Pate, a soldier in Fort Sam Houston, San Antonio, and Mrs. R. V. Kennedy of Tahoka, besides a number of uncles and aunts and other relatives.

Just a youth 16 years of age, Walter was highly esteemed by his young friends and bore the reputation of being a fine young fellow. Six of his N. Y. A. companions came down with their supervisor, Mr. Moser, from Lubbock to attend the funeral services and to act as pall bearers. The six were: Roma Pemberton, Melvin Hill, Troyce Gibson, Marvin Patterson, Elbert Wilson, and Leldon Warren.

These tragic deaths are deeply deplored by the people of our town and county and the bereaved families have the sympathy of many friends.

Others who were injured and their families likewise have the sympathy of many friends, with the hope that all the injured may recover.

Mr. and Mrs. C. R. Vernon were called home from Altus, Oklahoma, Monday, where they were visiting Mrs. Vernon's mother, by the funeral of their neighbor boy, Tommy Young.

Dr. and Mrs. K. R. Durham spent a couple of days in Fort Worth the first of the week, where the Doctor appeared on the program at the convention of the State Dental Association.

Boy Scouts . . .

(Continued From Page 1)

Carl Griffing Jr., four badges, Farm Layout and Building Arrangement, Pathfinding, First Aid, and Carpentry.

Edwin Jolly, six, Pork Production, Pathfinding, Public Health, Physical Development, Personal Health, Farm Home and its Planning.

H. B. McCord Jr., three, First Aid, Carpentry, Civics.

Claude Slover, three, First Aid, Pathfinding, Farm Home and its Planning.

Bobby Weaver, Pathfinding.

Wayland Hughes, three, First Aid, Carpentry, Bookbinding.

Billy Joe Oliver, one, Dog Care.

The entire program for Boy Scout Week was carried out very much as planned except that their activities on Wednesday, when they were to take over the affairs of the city, had to be abandoned on account of the terrific sandstorm that arose about the middle of the morning.

This was not done, however, until after the Scouts had staged a parade through the streets and had met and elected the officials for the day.

Officials were elected as follows: Mayor, Edwin Jolly; City Secretary, Alvin Ward; Treasurer, H. B. McCord Jr.; City Marshal, Bobby Ray Fuels; Water Superintendent, A. J. Minor Jr.; Fire Chief, Billy Knight; Auditor, Gene Earl Knight; City Inspector, Claude Slover; Assistant Inspector, Billy Earl Pennington.

County Judge, Carl Griffing Jr.; County Attorney, Bud Turrentine; Sheriff, William Paul Bennett; Deputy Sheriff, Alfred McBeth.

The remaining scouts were placed on the city police force.

Soon after they started out on their round of duties, they were called in by the scoutmaster on account of the severity of the weather.

Another day will probably be set for this event.

The program at the Baptist Church Sunday night was witnessed by a large congregation and was most impressive.

The Scouts, scouters, cubs, and leaders assembled outside the Church and at the bugle call they

marched into the church in a body.

Pledges to the U. S. Flag and the Christian Flag were given, and a special song was rendered by a chorus of girls. The prayer was led by G. M. Reid.

The address, or sermon, of the occasion was delivered by Rev. Geo. E. Turrentine, pastor of the Methodist Church, which was most appropriate and timely.

The entire program was carried out in an orderly and impressive manner, and the leaders deserve much credit for its success.

On Tuesday night twenty-five Boy Scouts went on a hike out to the Carl Griffing Lake six miles south of Tahoka, where they cooked and enjoyed their supper.

On Thursday morning they gave a program in the chapel at the high school and at noon they were guests of the Rotary Club.

Scoutmaster W. A. Reddell gives much credit for Scout progress and interest in Tahoka to the officials who have been serving so efficiently and especially to the assistant scoutmasters, A. R. Milliken and L. A. Forsythe, who so ably helped to plan and to execute the entire Scout Week program. To A. R., he says, is due most of the credit for

the Court of Honor program Thursday night.

Those who are in position to know agree that Mr. Reddell is probably the most faithful, enthusiastic, and efficient scoutmaster Tahoka has ever had.

Economy

NO OTHER TRACTOR CAN MATCH!

IN terms of fuel costs . . . in depreciation . . . and maintenance, you'll find there's no tractor that can match the all-around economy of the John Deere.

Responsible for this three-way economy of John Deere Tractors is their exclusive two-cylinder engine design.

Especially designed for burning low-cost fuels, John Deere Two-Cylinder Tractors save money on

fuel—cut to rock bottom the highest individual expense of tractor operation.

With hundreds of fewer parts, the John Deere two-cylinder Tractors are sturdier, more durable. Simpler in construction, everything is more accessible—easier to take care of. No matter how you look at it—you'll get more for your investment when you own an economical John Deere.
