50 Entries From 14 Towns In Boxing Tournament Monday

Golden Glovers Among Entries

Fifty boxers from 14 South Plains towns, including practically all of this year's Golden Gloves champions, have already entered the annual Tahoka invitation boxing tournament set for Monday and Tuesday nights of next week. Coach Leo Jackson announces.

The matches will start at 8 o'clock each evening, and from all indications the scraps will be even better than those staged here earlier this year under sponsorship of the Golden Gloves organization. Boxers will weigh-in from 4 to 6 p. m. preceding the programs.

In addition to the regular weight divisions, there will be two other divisions, featherweight, boys weighing 85 pounds, and paperweight, boys weighing 95. Jackets will be awarded winners in each of the regular weight classes, and gold gloves will be awarded winners of the two new classes.

So far there have been ten entries from Texas Tech, 4 from Lubbock, 2 from Portales (N.M.) Junior College, 2 from Wolforth, 2 from Abilene, 4 from Plainview, 5 from O'Donnell, 10 from Littlefield, 8 from Slaton, 10 from Tahoka, 1 from T-Bar, 2 from Post, and 5 from Enochs.

Included among the entrants are the following prominent boxers: Junior (Tech) McLaurin of O'Donnell, state TAAF champion; Howell Steen, Lubbock, a district champ; Dale Odam, Lubbock, district welterweight champ; Harry Bell, Shallowater, last year's featherweight champ; LaVerne Roach, Plainview, flyweight champ; Jesse Ramsey, Littlefield, light heavyweight champ; Buford Bradshaw, Littlefield, featherweight champ; Alvin McCarty, Littlefield, lightweight champ; Fats Mitchell, Texas Tech, heavy weight champ; and Curtis Lebow, Abilene, bantamweight champ.

Entries may be made up until 6 o'clock Monday night on application to Leo Jackson, Tahoka.

Rain Is Big Aid To Lynn County

A siege of misty, showery, snowy, sleety weather the last half of last week and the first half of this has given Lynn county one of the best soakings it has had in many months.

While the total precipitation has not been as much as most people would guess and as surface slush would indicate, yet the moisture came gently and continued for a long time and practically every drop of it has soaked into the soil.

The total precipitation in Tahoka, according to the rain gauge kept by the News, has amounted to 1.18 inches. The misty, foggy weather that prevailed from Wednesday morning until Saturday night of last week brought a moisture deposit of only .10 of an inch. On Saturday night rain and sleet falling amounted to .72 of an inch. Monday night an additional precipitation in the form of sleet and snow added .28 of an inch. Tuesday night .08 more.

For seven days straight beginning with Wednesday morning of last week nobody in Lynn county ever got even a glimpse of the sun, and not until mid-afternoon of the eighth day—which is something very unusual for this country.

During all this time the temperature was very moderate, never at any time dropping but just a few degrees below the freezing point. With half-clear skies Thursday morning, however, there was a frost that folks may write to their kin-folks about.

Farmers who had not done their plowing may now rest easy and those who had done so are feeling just fine also.

Little patches of wheat here and there over the county are looking just swell.

L. F. Craft visited last week end with his father near Blackwell, Nolan county.

Tahoka Band In Littlefield Clinic

By Wendell Coffee

Tahoka High School Band will be one of the twelve South Plains bands present at the Littlefield Band Clinic tomorrow March 1.

One week later March 8, the Tahoka band will sponsor a clinic at Tahoka. These clinics are meetings of bands to improve the players' ability. A clinic band is formed of the best players of the participating bands. Mr. John Hamblen, Tahoka High School Band Director, stated that many Tahoka band members would play in these clinic bands. All of the members of all the bands will march in the parades. Mr. D. O. Wiley, Director of the Texas Tech Band, will conduct the Littlefield clinic. Mr. M. A. Armstrong of Midland will conduct the Tahoka clinic.

In the near future the Tahoka band will give a concert in Slaton. The Slaton band is to make a return engagement.

FFA Parent-Son Banquet Held

Nearly one hundred were present at the annual Parent-Son banquet sponsored by the Tahoka chapter of the Future Farmers of America in the gymnasium Friday night. The meal was prepared and served by Miss Lucille Wright and her home economics students.

The affair was unique in that the F. F. A. boys "ran the show" from start to finish.

Roy Botkin, president of the chapter, presided as toastmaster. He opened the meeting as the usual P. F. A. meetings are held, and objects, creed, and other information on the organization were presented by officers and members.

Arthur Hammonds, vice president, introduced the other officers, Robert Warren, reporter; Glen Loyd, secretary; Roy Lee Cruce, treasurer; Elbert Boullion, parliamentarian; Harold Fulson, historian; and J. L. "Broadway" Browning, advisor. The roll was called, and each boy introduced his parents.

"Broadway" Browning, the teacher, introduced several special guests. Boyce Evans, son of Mr. and Mrs. C. B. Evans and president of the district F. F. A. organization, gave the address of welcome. The toastmaster then introduced his dad, V. L. Botkin, who gave the response.

John Hamblen, band director, sang a couple of solos, accompanying himself on the guitar.

Near the close of the program, radio addresses were heard from Paul V. McNutt, and from several national and state agricultural authorities.

Mr. Browning is this month rounding out three years as teacher of vocational agriculture in the Tahoka schools and the banquet was somewhat of a testimony as to the success of his work, though that was not the purpose of the meeting. The boys proved that they could put on a banquet program that would be hard for their elders to duplicate.

Many compliments were heard from parents present on this important work in Tahoka high, and on the program, and dinner of baked chicken and all the trimmings.

Mrs. Billy Hill returned from a week's visit with her folks in Amartillo last Sunday.

Inter-City Meet Held By Rotary

Eighteen of the twenty-two members of the O'Donnell Rotary Club were guests of the Tahoka Club at the Inter-City meet here last Thursday night.

The visitors apparently enjoyed both the feast and the program provided by the Tahoka Club.

The principal speaker of the occasion was a Post man, Prof. Lester Bearden, principal of the Post high school. He was accompanied by O. D. Cardwell, another Post Rotarian.

Bearden gave a kind of historic review of the financial and economic set-up in this country, stressing the fact that most of the wealth

(Continued On Page 6)

Eight Volunteers Leave Today For Army Camp

Eight Lynn county volunteers under the selective service act, are leaving Tahoka for Fort Bliss, El Paso, at 8:30 o'clock this (Friday) morning. The entire call for this date was filled with volunteers.

The group are being taken from here direct to Fort Bliss by special bus. Other selectees will be picked up at Lamesa, Seminole, Carlsbad, and possibly at other points. They are expected to reach Fort Bliss at 4 o'clock this afternoon.

The Lynn county volunteers are as follows:

Joy James Welch, son of Mr. and Mrs. J. C. Welch of New Home; Eugene Calvert, Parrish, son of Mr. and Mrs. J. A. Parrish of Grassland vicinity; Raymond Matthew Grider, Tahoka, son of Judge and Mrs. G. C. Grider; Fournery W. Tew, son of Mrs. Sara Jane Tew of Grassland vicinity; Burt Gray, son of J. J. Gray of New Home; James Woodrow McMillan, son of Arthur McMillan, O'Donnell; Melvin Earl Moore, son of Mr. and Mrs. Avery Moore, from east portion of county; Lawrence Tredway, son of Mr. and Mrs. W. A. Tredway of O'Donnell. Fifty questionnaires were sent out last Saturday, February 22, to registrants. This brought the list of questionnaires which have been sent out up to and including County Order No. 357.

A call for six white men for enlistment from this county on March 10 has been made. As yet, there have been no volunteers to fill this call.

Also a call for one colored man from this county has been made for March 6. A volunteer, Otis Conley, is waiting. Already he has passed the physical examination. Conley has been employed by W. W. Caswell at Draw.

Egg Association Meeting Friday

The News is requested to announce that there will be another meeting of the Egg Marketing Association on Saturday, March 1, at 2:30 P. M., according to Mrs. Paul Lawson. All interested in better eggs and better markets are requested to attend.

Mr. and Mrs. Amos Floyd and children moved to Tahoka from Plainview Monday, and Mr. Floyd began duties as an employee of Standard Auto Parts, opened recently by J. L. Brooks.

Baptist Revival Is In Progress

Revival services heretofore announced began at the Baptist Church here Wednesday night with a gratifying good attendance in spite of the slushy streets and unfavorable weather.

In the absence of the minister who is to do the preaching, Rev. Tilson F. Maynard of Waco, who had not arrived on account of the weather, the pastor, Rev. Geo. A. Dale, brought the opening message Wednesday night.

Boswell Edwards of New Home reared in and near Tahoka, was in charge of the music.

A message from Rev. Maynard Thursday morning stated that he was on the way and would be in the service Friday morning.

Services are to be held morning and evening through the remainder of this week and all of next week closing Sunday night March 9. Everybody cordially invited. Both the preaching and the singing promises to be fine.

Red Cross Workers Move Up Town

Having outgrown their quarters in the American Legion Hall the Red Cross work-room is being moved into the old "Piggly-Wiggly" store building down the street below the Utilities office.

While a great deal of sewing and knitting has been done for the American hospitals the group will begin on "Bundles for Britain" work soon and the work room will be kept open five afternoons each week from two o'clock until six.

There will be machines for all who wish to sew, or arrangements can be made to sew in your own home.

An exhibit of finished work will be made soon, before the present assignment is shipped out.

There is work for all! Come and do your bit!

Dr. Sinclair Buys Dr. Hill's Office

Dr. J. W. Sinclair this week bought the equipment and office lease of Dr. Wayne C. Hill, who is moving to Brownfield, and will move to the latter's location over the Thomas Building Monday. Dr. Hill will move to Brownfield and enter a partnership with Dr. W. E. Jacobson Saturday, March 1st.

Dr. Sinclair will have much additional room and equipment to carry out his practice in his new location. Mrs. A. L. McGonagill, who worked as office assistant and technician under Dr. Hill and his predecessor, Dr. Chase S. Thompson, will assume the same duties for Dr. Sinclair.

Dr. Hill asked a News representative to express his appreciation of the friendship and kindness of Tahoka people, and stated that he was persuaded to leave only by the offer of a much better opportunity. He came here only a few months ago from O'Donnell.

RURAL AID FUND FOR FOUR SCHOOLS RECEIVED

County Superintendent Lenore M. Tunnell received from the State Monday morning the sum of \$918.00 to be distributed among four schools of the county as a part of their rural aid allowance. This is the first payment out of this fund received this year.

Some of the schools of the county have not yet met the requirements for rural aid, Mrs. Tunnell says.

Criminal Cases Are Set For Next Week

New Dealer For Chevrolet Here

Following the retirement of A. H. Raborn as Chevrolet automobile dealer here on Wednesday of last week, C. H. Wiley of Clovis, New Mexico, was checked in by the company Thursday as the new dealer.

Mr. Wiley for some years has been a salesman for the Chevrolet dealer at Clovis, and is thoroughly familiar with the business and the policies of the company.

Practically the entire sales and shop force who were here under the employ of Mr. Raborn at the time of his retirement were retained by the new dealer, Mr. Wiley.

Mr. Raborn has been out of town most of the time since he relinquished his contract here and his plans for the future have not been announced. He has been in charge of the business here for about two years, during which time he has enjoyed a good business, and he retires with the confidence and respect of his numerous customers and friends.

Mr. Wiley has made a good impression upon those he has met here. His family will not move to Tahoka until after the close of the schools at Clovis.

Tahoka Loses In Basketball Meet

Tahoka High's Lynn county boys basketball championship team was eliminated by Lockney in the district meet held at Texas Tech gym last week end. The score was 37 to 29. Lubbock High won the tournament for the third consecutive year, and will represent this district at the sectional tournament at West Texas State in Canyon.

This week the Wilson girls, Lynn county champions, and the Tahoka girls, runners-up, are playing in the district girls' tournament being held at New Deal. Tahoka lost its initial game at Amherst by two points and Wilson likewise lost to New Deal by a score of 12 to 8. Both will play in the consolations.

Townsend Club Holding Meetings

At the conclusion of an address to an audience in the courthouse here Tuesday night by Rev. M. E. Hutson of Post, a Townsend Club of thirty-two members was organized.

Ross Ford was elected president, S. H. Howell vice-president, and W. J. Fairies as secretary.

The club will meet twice each month. The next meeting will be held on Tuesday night, March 11, according to S. H. Howell, vice-president.

The public is cordially invited to attend all meetings. Local or visiting speakers will be heard at each of these meetings.

The meeting Tuesday night was the second one held here recently. The first meeting was held in the courthouse on Thursday night of last week, and Rev. Hutson was the speaker at that time. He is the minister of the Christian Church at Post and at Snyder.

BAND PARENTS WILL GIVE "42" PARTY SOON

The Tahoka Band Parents have announced a "42" party open to the public to be held in the school gymnasium on the night of Thursday, March 13.

Kidnapping Case Is Set For Trial

The criminal docket in the district court has been set for next week. One of the cases to be called for trial involves a kidnapping charge, the case growing out of a circumstance in which George Knight of this city was taken for a ride by a stranger here something like two years ago. For various reasons the case has been continued for several terms of court.

Another case expected to be tried involves an O'Donnell man on a charge of drunken driving.

A murder case, in which a New Home woman is charged with having brought about the death of an infant, has been set for trial on Monday, March 4. A special venire has been summoned from which a jury is to be selected for the trial of this case.

Civil Cases Are Heard In Court

Two civil suits were tried in the district court during the first three days of this week, and at the conclusion of the second trial Wednesday afternoon, it appearing that no other jury cases would be ready for trial this week, the jurors were excused for the term.

The first case tried this week was that of C. O. Patterson of Lubbock versus V. L. Millsap and Earl Ashley of Junction, Kimble county. Plaintiff was suing for damages in the sum of \$7,500 for injuries sustained in a collision with a truck owned by Millsap and driven by Ashley.

Plaintiff was represented by W. W. Campbell of Lubbock and Tom Garrard of Tahoka. Defendants were represented by Truett Smith of this city.

The second trial was upon a suit brought by R. W. Fenton Jr., Irvin Stewart, and Wayne Chandler against Garland Young for possession of a tract of land situated in the T-Bar Ranch on which Young had been residing as a tenant.

After all the evidence was introduced, the Court instructed the jury to render a verdict in favor of the plaintiffs.

Attorneys in the case were Nelson and Brown of Lubbock for the plaintiffs, and Calloway Huffaker of Tahoka for the defendant.

Goad Appointed To State Position

Many friends here were congratulating Judge P. W. Goad Wednesday upon his appointment as one of the examiners for the State Insurance Commission, of which Hon. Reuben Williams is the chairman.

His work began Tuesday but he was permitted to return to his home here to look after his personal business affairs before entering actively upon his duties. He returned to Dallas Thursday to actively begin his work.

Mrs. Goad accompanied him to Dallas but will return to Tahoka shortly, where she and the children will probably continue to reside, at least until the close of school. Judge Goad says. At all events, his intention now is to maintain his domicile here.

Judge Goad's duties, as the title of the position indicates, is to examine (Continued On Page 8)

Training School On Landscaping

Miss Sadie Hatfield, landscaper, specialist from College Station, will be in this county next Monday, March 3, to conduct training schools for 4-H Club sponsors and yard demonstrators.

The work will pertain to the drawing of homestead plans and general landscape problems.

The meeting will be held in the office of Miss Maurine McNatt, county home demonstration agent, and will begin at 2:30 P. M.

Financial Statement of County Is Issued

County Judge Chester Connolly and the county commissioners are this week having a financial statement of the county published.

The Court recently had all the books of the County audited and this statement is compiled from the auditor's report.

This statement shows not only the receipts and disbursements during

the year 1940 but also the bonded indebtedness of the county, giving maturity dates, rates of interest, etc.

We believe that this statement will be of much interest to the taxpayers of the county. With one exception, it is the first time in many years that such a financial statement has been published, and we believe that Judge Connolly and the

commissioners court are doing a commendable thing in acquainting the people with the county's financial affairs.

Not only is the publication of financial statements at regular intervals due the tax-payers but it should be done in justice to the commissioners' themselves. People like to know where and how their

money is being spent, and when a statement showing these things is published occasionally it tends to forestall criticism of the court.

If the Court will adopt the policy of publishing quarterly reports, we believe such a policy would be appreciated and approved by the public.

It seems reasonably certain that Governor O'Daniel's proposal that \$26,000,000 be appropriated and set aside first out of the general revenue fund with which to pay social security obligations is not going to be passed. That proposal represents another face-about on the part of the Governor. Heretofore he has insisted that no appropriation be made until provision likewise had been made for the taxes with which to pay it. The treasury is already nearly \$30,000,000 in the red. We wonder how that hole can be filled up, twenty-six million dollars in addition lumped into a social security pot, and the other expenses of the government be paid without an enormous tax of some kind. It looks like an effort on the part of the Governor to force the legislature to adopt a general sales tax or his pet transaction tax—which may be the best way to raise the vast sums of money necessary to meet the growing expense of government—but it is certain that a very large block of the legislature does not want either a transaction tax or a general sales tax, not at least until a heavier tax is levied on the natural resources of the state that are being consumed largely by the citizens of other states almost tax-free.

Removal of the "moral embargo," against shipment of airplanes to Russia was purely a diplomatic move. Russia is as air-tight a dictatorship as Germany or Italy, and has played ball with Hitler. But the British and U. S. governments still hope that Russia may yet be weaned away from the Axis. Lifting the embargo was obviously designed to drive a wedge between Hitler and Stalin.

Fear has been expressed that Russia will buy planes and send them to Germany. That fear is largely groundless, in that British and U. S. Army back orders will keep our factories busy indefinitely. They won't be able to take on new business.—The Post Dispatch.

Our isolationist friends love to pull that old chestnut about how much England owes us, but they never mention the sums that Germany and Italy owe us and have long since ceased to pay even the interest. Now, those birds can

"CITIZEN'S PLEDGE FOR NATIONAL DEFENSE"

Hubert M. Harrison, vice-president and general manager of the East Texas Chamber of Commerce, in the January issue of the monthly magazine, East Texas.

I WILL keep myself fit—physically, mentally, spiritually — to be ready for any crisis and to discipline myself for strength.

I WILL go about my business with a clear eye, a cool head and a stout heart, neither scared by wild rumors nor deluded by false hopes.

I WILL do my particular job — in office, store, mill or farm—better than it was ever done before, dedicating my skill to my country's service.

I WILL take an interest in government—in town, school district, county, State and Nation—and make it my business to understand public affairs, laws and policies.

I WILL help build my town as a wholesome, balanced community, because if all the communities are sound, America will be sound.

I WILL support the church as an institution that teaches the truth that makes men free and preserves moral order.

I WILL vote in every election, appreciating the right of the ballot now denied in many lands.

I WILL serve on juries when called, realizing that the right of trial by jury is a precious privilege of free men.

I WILL support billions for defense but not one cent for waste.

I WILL work for unity among all our people and oppose efforts to create hatred based on race, creed or color.

I WILL encourage our boys and girls to revere and respect our American traditions.

I WILL keep faith with myself, my country and my God.

only see the amount England owes us. Some of them ought to go to Germany and Italy and live under dictators awhile and see how they like it.—Terry County Herald.

It is evident that we need a better distribution of wealth than we have in this country, and it may be that we need a nearer approach to socialism than we have, but we are sure that we do not need a totalitarian form of government nor any kind of a dictatorship.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

NEWMORE 4-H GIRLS STUDY YARD IMPROVEMENT

"Every home should have a few foundation plantings to break harsh angles and corners and to make the house look as though it is tied to the ground", Miss Maurine McNatt, home demonstration agent, told the Newmore 4-H Club, February 20, at the school.

"Shrubs should be selected for hardiness, suitability to locality, for height, flowers, fruit, and foliage. In order to have a variety of plants, cuttings may be grown. Some of the plants which root easily are the Althea, Columba, Forsythia, Bush Honeysuckle, Amur River and Lagerstrum privets, Van Houttei Spirea, and Tamarix."

There were seven members and one visitor, Doris Rogers, present.

Ben Moore of O'Donnell was a caller at the News office Tuesday. He had just returned from a trip to Terrell county and other points in that part of the state, going by way of Midland. He reported that conditions on farms and ranches in the territory visited were very promising.

NEWMORE STUDENTS MAKE HONOR ROLL

The following pupils in the primary department of the school at Newmore made the Honor Roll during the third six-weeks period of the school, according to Mrs. Ruth Ingram, the teacher. This means that they made a grade of 90 or above in each subject.

First grade: Genevieve Blair, Jo Ann New, Faye Montgomery, Joann Rogers.

Second grade: Kenneth Rogers, Wanda Jean Parker, Carlene Eakers, Joyce Weatherby.

Third grade: Pránets Bryant, James Ray Blair.

Elwynne Nevill and Walthal Littlepage left Wednesday for Randolph Field, San Antonio, where they are new recruits in the Aviation service after a visit of a few days here with the home folks.

Mr. and Mrs. Roy V. Tunnell of Slaton, route 6 on birth of a son weighing 7 pounds 3 ounces in Mercy hospital at Slaton. The infant was named Hansford Roy.

HALF MILLION MATTRESSES BY END OF THIS YEAR

COLLEGE STATION, Feb. 27.—Rural low income families in Texas had made 205,138 cotton mattresses under the cooperative demonstration program late in February. Of this number 32,436 were made in January, according to Mildren Horton, vice director of the A. and M. College Extension Service.

Workers of the three cooperating groups, the Triple-A, Surplus marketing Administration, and Extension Service, estimate that nearly half a million new mattresses will be in use in Texas by the end of 1941. Previously, estimates had been somewhat lower but a new regulation announced early this month by the Agricultural Adjustment Administration will increase the figures.

The new regulation provides that a certified family of three persons will be eligible to receive two mattresses.

Every family receiving one or more mattresses under the 1940 and 1941 programs will be entitled to receive materials for making the same number of cotton comforts

under a supplemental provision. Making of the comforts in community centers likely will not begin until late March, Miss Horton says.

Evangelist and Mrs. Foy E. Wallace, Jr., of Oklahoma City, were brief visitors in Tahoka on Friday of last week, being enroute home from Carlsbad, New Mexico.

Canada Fights COUGHS

This New Amazing Way Acts Like A Flash
By far the largest selling cough medicine in all Canada is Buckley's CANADIAN Mixture. Compounded from rare Canadian Pine Balsam (by a secret process) Buckley's is entirely different from anything else you ever tried. Get a bottle today—take a teaspoonful, let it lie on your tongue a moment then swallow slowly. Instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasms cease. Right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. Now you'll know why over 10 million bottles of Buckley's famous cough mixture have been sold in cold, wintry Canada.
Most good druggists now have this great Canadian discovery.

Judge Reed Is Rotary Speaker

Judge Louis B. Reed was the speaker at the Rotary luncheon Thursday.

He made a most informative and interesting talk on the Officers Reserve Corps, of which he was a member for many years following the World War. He also gave many sidelights on the regular army set-up and the plan being pursued in the rapid expansion of the regular army recently launched. While disclaiming any minute knowledge of military affairs, he convinced his auditors that he is unusually well informed respecting this matter. It was a delight to hear him. He made very interesting a subject that usually is rather uninteresting to civilians.

Boswell Edwards, who is here leading the music in the revival meeting at the Baptist Church, led in the singing of "Home on the Range" and favored the auditors with a solo, "Jaunita". Mrs. Applewhite was piano accompanist.

Congratulations

To Mr. and Mrs. Carl McIntyre of West Point on the birth of an eight pound daughter at 12:50 A. M. Wednesday. She has been named Ada Belle.

"Build-Up" for Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain?

If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juice; so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort. Take CARDUI a few days before and during "the time." 50 years of use and popularity invite your confidence in CARDUI.

CHESTER CONNOLLY, County Judge, Lynn County, Texas.

Former Citizen Is Taken By Death

H. N. Waldrup, about 74, formerly a resident of the Midway community, died Sunday at the home of his daughter, Mrs. Millie Stephens in Tucumcari, New Mexico. He was the father of Mrs. A. P. Stephens of the Midway community.

Mr. Waldrup was well known to many people of this section, he having lived at Midway about four years and having visited here often since his removal several years ago.

Mr. and Mrs. Stephens and family, and another daughter, Mrs. Alvin Hibdon and husband of California, who were visiting the former here at the time of Mr. Waldrup's death, attended the funeral, which was held Monday afternoon.

Other survivors were two sons, Claude and John, of Dexter, N. M., and a daughter, Mrs. Birdie Whitten of Oklahoma, all of whom were present. His wife had died many years ago.

TAHOCA STUDENT MAKES COLLEGE HONOR ROLL

CANYON, Feb. 27.—The name of Mary Jane Turrentine of Tahoka has appeared in the fall semester honor roll just announced by Dr. D. A. Shirley, registrar of West Texas State College.

Miss Turrentine won her place on this distinguished list by making 4 A's and 1 B during the first half term.

The honor roll at West Texas State College is issued on a percentage of the near 1200 students enrolled.

Mr. and Mrs. Coy Fielder and Phyllis Anne visited at Hamlin over the weekend and were accompanied home by Mrs. Fielder's mother, Mrs. Alvin Dean, who is visiting the Fielders this week.

Water Facilities Loans Available

Wyman J. Welch, rehabilitation supervisor, and Myriene Cannon, home management supervisor, for the Farm Security Administration in Lynn County, have returned from Lubbock, where they attended a District Meeting to discuss the FSA's Water Facilities program.

Mr. Welch said that he received additional authority to recommend for approval Water Facilities applications from farm families in all parts of the county.

"Funds in the form of loans to farm families are available," Mr. Welch said. "For the installation of facilities for farmstead and livestock water developments."

"Facilities which may be installed, repaired or developed," he continued, "are cisterns, wells, ponds, tanks, springs or seeps."

"Appurtenances for the use of water, such as windmills, stock troughs, storage tanks, bathroom fixtures (including minor house repairs), sinks, pipe, towers, necessary labor, garden fences, windbreak tree plantings, milk troughs and so forth are included," he said.

It was emphasized, however, that no irrigation systems, other than the one acre maximum per farm unit, are authorized, except in the Rita Blanca Drainage, Coldwater Palo Duro Watershed, and Mustang-Monument-Seminole Areas.

Mr. Welch said he expects scores of farm families in Lynn County will improve their facilities as a result of this program.

Farmers and farm women interested in obtaining complete information about this program should immediately contact Mr. Welch or Miss Cannon at the County Farm Security office in the basement of the Court house.

REGULAR SCHEDULE FOR NYA COUNSELOR

Due to recent changes in personnel and organization, the Youth Counselor for the National Youth Administration will be in Lynn County regularly on Tuesdays of each week. He will spend the mornings in towns and communities other than Tahoka, when and where needed. From one to four o'clock in the afternoon he will be in Tahoka and may be seen at the courthouse or at the NYA projects there.

Jack D. Wester is the Counselor for this territory. He is stationed at Lamesa, but he works under the direction of Area Two Office in Lubbock. Mr. Wester will be happy to discuss the NYA program with anyone interested, and particularly with any youth who would like to make application for work experience with the National Youth Administration.

W. R. McNEELY IS RELEASED FROM HOSPITAL

W. R. McNeely, who got a foot mutilated in a combine a few weeks ago and had to be sent to the hospital, was released Monday and brought home. Some of the bones of the foot had to be removed and a section of skin will soon have to be grafted onto the injured member but it is not thought that it will be necessary for the patient to return to the hospital.

TROY EARL BLACKBURN ENLISTS IN THE NAVY

C. L. Wylie, CWT., U. S. Navy, in charge of the Navy Recruiting Station, Abilene, states that Troy Earl Blackburn of Tahoka has successfully passed the examinations and enlisted in the Navy. He has been transferred to the Naval Training Station, San Diego, California, where he will be under military instructions for a period of six weeks. While at the Training Station, Blackburn will be given an opportunity to request one of the fifty-five trade schools open to young men of the Navy or assignment to a ship of the United States Fleet.

BAPTIST W. M. U.

The Week-of-Prayer for Home Missions was observed by members of the W. M. U. this week, the Sunbeams having their program Monday afternoon, the Young Business Women's Circle program was on Tuesday night while the other three circles met together at the Church on Monday, Tuesday and Wednesday afternoons. During the month offerings will be taken for carrying on the Home Mission work throughout Southern Baptist Convention territory.

G. M. Reid and daughter Eva Jo returned Monday from a visit with his parents, Mr. and Mrs. J. M. Reid, at DeQueen, Arkansas. They

left here Friday. Mr. Reid says they encountered soaking rains the entire way.

Why Do Your Leading Merchants And Professional Men Support The Retail Merchants Association?

BECAUSE:

1. It is a service and protective institution.
2. Its purpose is to help regulate and stimulate an orderly community credit policy.
3. It is a means of extending sound credit to those that are entitled to that privilege.
4. It serves as a clearing house to promote better and uniform business procedure.
5. It saves the merchants many dollars annually by the Secretary acting as an advisor concerning unworthy advertising schemes, promiscuous solicitation of funds, gifts, donations, and other rackets, that have no merit.

Coming Soon !! Watch For Date !!

A show of slide pictures on subjects of interest to the merchants and business men of Tahoka, followed by an interesting and informative speaker on matters of like and vital importance to good business.

Rotary...

(Continued from Page 1)
In the United States is owned by residents of the North and East.

He recited the fact that up till the Civil War there was a kind of balance of power between the North and the South, politically and otherwise. But he maintained that since the Civil War, the North had enjoyed a marked and ever increasing ascendancy over the South, politically, economically, commercially and financially.

As a result of its greater political power, he argued, it had controlled legislation in its interest to the detriment of the South and the West. He left his audience to draw their own inferences as to what should be done to correct this situation and to free the South and West from the domination of the North.

A number of other brief talks were made.

John Hamblen, band director in the Tahoka high school, gave a couple of musical numbers which were much enjoyed. Mrs. J. K. Applewhite was piano accompanist when the Rotarians rendered two or three vocal numbers.

A splendid group of business and professional men make up the membership of the O'Donnell Rotary Club, as may be seen from the following list of those who attended the meet here Thursday night.

D. J. Bolch, farmer.
John M. Bubany, physician.
Charlie C. Cabool, dry goods.
Don Edwards, lumber.
Namon Everett, barber.

Chris L. Hafer, natural gas.
B. Mac Haymes, insurance.
S. Fletcher Johnson, education.
Albert H. Koeninger, grain dealer.
Waldo McLaurin, cattle raising.
Mack Noble, postal service.
Nahum Saleh, department store.
Jumbo L. Shoemaker, banking.
Hal Singleton Jr., hardware.
Walter Teeter, bakery.
Thurman Wells, building material.
Marshall Whitsett, pharmacist.
James Applewhite, implement retailing.

Mack Haymes is president of the club and Mack Noble is secretary.

DEPUTY SUPERINTENDENT DAY IN COUNTY THIS WEEK
Deputy State Superintendent Esten E. Day of Lubbock spent Tuesday, Wednesday, and Thursday of this week in Lynn county visiting schools and checking them with respect to standardization and affiliation requirements. He was accompanied on his visits by Mrs. Lenore M. Tunnell, county superintendent. Schools visited included New Home, Wilson, Tahoka, New Lynn, Gordon, Grassland, Draw-Redwine, Edith, and O'Donnell.

MANY EX-SERVICE MEN REGISTER

There has been a liberal response by ex-service men to the opportunity given them to register for service to the Government in whatever capacity they may be able to serve.

About forty-five had registered early this week. Others may register at any time.

MUSICAL CONCERT AT HIGH SCHOOL TONIGHT

Mrs. J. K. Applewhite announces that there will be a musical concert at the high school auditorium tonight (Friday) sponsored by her and Mrs. Marcus Edwards.

On the program will be three very proficient violin pupils from Lubbock as well as local talent.

CHURCH NOTICE

Rev. H. D. McCallie, of Odessa will fill the appointment of Rev. W. B. Gray, on next Sunday at the Presbyterian Church. Rev. Mr. Gray will begin a meeting at the Presbyterian Church of Odessa next Sunday.

James Butler, who has been at Houston the past several months, came Tuesday for a visit with his sister, Mrs. E. R. Edwards, and family.

aming the books and records of the various insurance companies of the state and to gather whatever other evidence may be available and desirable to indicate their activities, financial condition, etc. His operations will be state-wide, though of course there are numbers of other examiners doing the same kind of work for the state insurance commission.

His salary to begin with is \$2,100 and expenses. The maximum salary for the position is \$4,000 and expenses, examiners being promoted as they gain experience and proficiency in the work.

That Judge Goad will make good in this position his friends here do not doubt. He has the capacity and the backbone to perform the duties of the position without fear or favor.

Judge Goad served two terms as county judge of Lynn county, retiring from that position on January 1.

BENEFIT P. T. A. PARTY

Though there were other meetings in town the Progressive "42" party given by the Parent Teacher Association in the gymnasium last Friday night was attended by about fifty persons. After a series of games doughnuts and hot coffee were served. Besides being the occasion of a good time this party netted several dollars which will be used to buy uniforms for the Rhythm Band.

Junior Stock Show Is Being Planned

LUBBOCK, Tex. Feb. 28.—Plans are going forward to make the forthcoming South Plains Junior Fat Stock Show to be held in Lubbock March 24, 25 and 26, a really big event.

Open house will be held Monday evening, March 24, from 5 o'clock at the livestock barns, to which the public in general is invited. A banquet sponsored by Texas Technological College, Kiwanis, Rotary, Lions, American Business Optimist clubs and the Junior Chamber of Commerce, will take place Tuesday evening, March 25, at 7:30 at the Tech Livestock Judging Pavilion to which all exhibitors are invited. The highlight of the banquet will be the awarding of premium checks; beautiful plaques for each grand champion, compliments of the Jenkins Jewelry Co.; the Texas Swine Breeder's trophy to be awarded to the person having the grand champion barrow and, if possible, announcement of awards offered by

DIXIE H. D. CLUB STUDIES PRINCIPLES OF COAT BUYING.

"When buying a coat one should always select the right type of material," said Miss Maurine McNatt home demonstration agent, at the Dixie H. D. Club meeting at the home of Mrs. W. C. Huffaker, Thursday, February 20.

"The material should be closely woven, so as not to stretch. The coat should have large seams, with tape bindings. It is wise to choose a black coat, as it can be worn winter and spring. The metal and bone buttons are more serviceable than the covered ones."

Ten members and one visitor, Mrs. Layton Lawson, were present.

The club meets with Mrs. E. M. Hammonds Thursday, March 6.

The Kiwanis Club will be made. A parade will be staged at 11 o'clock Wednesday morning by 4-H and FFA clubs.

Entries will be accepted from thirty counties, but they must be postmarked not later than March 19.

Ancient Indian Culture Revealed In Panhandle

CANYON, Feb. 27.—Secrets of people which established a distinctive Panhandle culture six hundred years ago and mysteriously abandoned this section will continue to be in jeopardy.

An archaeological project of the Works Progress Administration launched three years ago under the sponsorship of West Texas State College has been continued through a federal grant. The government and the sponsor will spend \$31,000 on the new work in somewhat more than a year. Floyd V. Studer of Amarillo, curator of the Panhandle-Plains Historical Society, is sponsor's representative and Elie Baker, a graduate of the University of New Mexico, is the project supervisor.

The project this year will include a museum unit of four or five men which will prepare specimens for study and display and will index the thousands of finds already made. Displays must await furnishing of cases in most instances. About 25 men will excavate a site about 25 miles northwest of Amarillo north of the Canadian river.

The new site is exciting workmen because it is the first across the river and it promises a change of findings. About thirty rooms have been dimly traced on the surface. Pictographs are found on nearby cliffs. It is expected that artifacts will show the difference compared with the Antelope Creek and Allabates sites already worked.

Excavations already made have given up large quantities of pottery which have dated the ruins as being between 1250 and 1350 A. D. Evidence of trade with New Mexico and coastal peoples has been found, but the architecture of Panhandle ruins differs sharply from that of the contemporary Pueblos of the time. Evidently a more northern tribe of migratory habits took up permanent abode when the Canadian river area was reached. The culture, insofar as is now known, is confined to the Panhandle-Plains portion of the Canadian river valley.

Finds have included excellent skeletons, bone and stone awls, arrows, hide fleshers, corn knives, stone pipes, weaving tools, pottery, jewelry, and remarkably preserved evidences of how the aboriginals lived. One of the prizes of the project is the skeleton of an 18-year-old girl who was wearing a string of shell beads six feet long and a conch shell pendant.

A replica of one of the ruins, done to scale and faithful in every detail, is one of the best museum exhibits.

CARD OF THANKS

For the good work of Doctor Prohl, help and sympathy of friends when sorrow crossed our own threshold, we thank you each, a hundredfold.

God's wonderful love and watchful eye, guide the destiny of men; His mercy saved our own dear one, and kept unharmed another's son.

To him we give our humble thanks, that today they walk life's way. Make stronger, Lord, their faith in Thee, and may their lives more worthy be.—Mr. and Mrs. Pirtle and Sibyl.

Seaman Jones: "My Scotch girl friend sent me her picture today."

Seaman Smith: "How does it look?"

Seaman Jones: "I don't know yet. I haven't had it developed."

Husband: "Have you ever wondered what you would do if you had Rockefeller's income?"

Wife: "No, but I have often wondered what he would do if he had mine."

TAHOKA DRUG

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

MRS. HARRISON CELEBRATES NINETIETH BIRTHDAY

Mrs. Laura C. Harrison of O'Donnell was the guest of honor at a birthday dinner given on Thursday of last week at the home of Mr. and Mrs. G. R. Milliken here, the occasion being her ninetieth birthday anniversary.

Hosts and hostesses were her grandchildren and spouses: Mrs. G. R. (Cleo) Milliken and her husband, A. H. McGonagill and his wife, Mrs. Gladys Stokes, Mr. Ward (Doris) Eakin and her husband, and Miss Attye Belle McGonagill.

In addition to the grand-children eight great-grandchildren and two great-great-grandchildren were present.

Neither of her three children were able to be there.

Great-grandchildren present were: A. R. Milliken, Mrs. Irvin Dunagan, Mrs. Wilson Edwards, and Misses Echo, Robbie, Jo Belle, Gerry, and Donna Sue Milliken.

Great-great-grandchildren present were Elma Reba Dunagan and Linda Milliken.

A reception was held in the afternoon and many friends called. A number of lovely gifts were received by the honoree. Friends calling included Mmes. Ollie Whipp, G. E. Lockhart and J. B. Walker of Lubbock; Mmes. J. B. Miles and Lela Tomlinson of O'Donnell, Mmes. W. O. Robertson, E. I. Hill, M. C. Sherrod, Ella Davis, W. M. Harris, Alice Fortenberry, J. L. Nevill, Pearl Brown, G. C. Shaffer, S. N. McDaniell, Jack Alley, Otho Thomas, Skip Taylor, Mr. and Mrs. Hall Robinson, Mrs. R. J. Roberts, Misses Mary and Elizabeth Preston and Louie Weathers of Tahoka. Mrs. E. N. Weathers and Mrs. J. W. Elliott sent gifts.

Mrs. Harrison's maiden name was also Harrison. She was born near Nashville, Tennessee, February 21, 1851. She removed with her parents to Alabama when she was three years of age. There they lived for six years and then decided to come to Texas. They came by boat from Alabama to New Orleans and came from there to Van Zandt county, Texas, settling near Canton. There she was married to G. W. Harrison on December 8, 1866. Later, they moved out to Coleman county, where Coleman City now stands. That was before the Indians had been driven entirely from that portion of the state. Her husband served for a time as county commissioner of Coleman county, being commissioner when the first courthouse at Coleman was built.

From Coleman county they re-

moved to Oklahoma, and from Lehigh, Oklahoma, they came to Lynn county, Texas, in 1906. Mr. Harrison served as a justice of the peace in this county a number of years.

Mr. and Mrs. Harrison were the parents of twelve children but only eight of them lived to maturity. Only three of them are living now. They are: Mrs. E. J. Bean of Lamesa; J. H. Harrison of Winchester, California; and H. H. Harrison of Bridger, Montana.

Mr. Harrison died in 1919, after which Mrs. Harrison made her home with her youngest child, Mrs. Lilly

Carrington of Clovis, New Mexico, until Mrs. Carrington's death in January, 1923. She then returned to Lynn county, and with the exception of four years spent in Montana and one year in Joplin, Missouri, she has resided in this section. For years she lived with her two daughters, the late Mrs. A. R. McGonagill of this county, and Mrs. E. J. Bean of Lamesa. At the present time she is making her home with a grandson, Charley Wells of O'Donnell.

Get in on the
BIG DEAL
you can make on the
Big New Ford right now!

YOU HAVE TO GET two things to complete a really good "deal" when you get a new car — and your Ford dealer would like to have you try him out on both! First, you want a good allowance for your present car — and all he asks is a chance to make an offer! And next, you want a lot of value in your new car — and that means a Ford this year more clearly than ever before!

This is the biggest Ford and biggest value in all Ford history. Its passenger room exceeds anything else in its field. Its soft and quiet new ride is one of the motor year's most talked-about improvements. Its engine is a smooth V-8, which you enjoy at no extra cost for either gas or oil. And its bodies and style are really new this year, all the way through.

If you're trading cars this year and want to be sure you make the most of your trade... the man to see is your Ford dealer. Now is the ideal time.

Odds and Ends See Eye, the Elder

To any one who has studied the Acts of the Apostles and who has familiarized himself with the ancient and modern history and geography of Southern Europe and Southwestern Asia, the drama that is now unfolding in that section of the world is intensely interesting.

Italy, Greece, and Turkey are each playing an important role in this drama; and within the present confines of these three countries together with the Holy Land itself, practically all the work of the Apostles

and other disciples of their day was done.

Turkey, now a stronghold of Mohammedanism, embraces practically all of Asia Minor; and in Asia Minor were the ancient cities and towns of Tarsus and dDerbe and Lystra and Iconium and Perga and Colosse and Antioch and Laodicea and Philadelphia and Miletus and Ephesus and Troas, while at the eastern gateway of Asia Minor stood that other great and historic city of Antioch, where the disciples were first called Christians.

To Churches set up by Paul in the land which we now call Turkey were written three of the books of the New Testament—Galatians, Ephesians, and Colossians.

To churches which he established in Greece were written five of the books of the new Testament: I Corinthians, II Corinthians, Philippians, I Thessalonians, and II Thessalonians.

And to the Christians at Rome, where Paul labored for a number of years, was written the great book of Romans.

It was at Troas on the western coast of Asia Minor, near the Southern extremity of the Hellespont, which separates Asiatic from Euro-

pean Turkey, that Paul in a vision heard the cry of the Man of Macedonia, "Come over and help us."

He went, and he preached in nearly every important city in Greece.

It is possible that before this appears in print, the hordes of Hitler will be overrunning Greece. And the newspapers are filled with predictions that if Hitler does attack Greece one of his first objectives will be the capture or destruction of the fine city of Salonika. The ancient name of Salonika was Thessalonica. Paul preached and founded a church in Thessalonica and afterwards wrote two letters to this church, and hence we have First and Second Thessalonians in the New Testament, as mentioned above.

Paul had a hectic time in Thessalonica. His preaching there, as we are told in Acts, aroused the wrath of a bunch of fellows "of the baser sort," who formed a mob and set the whole city in an uproar. They complained to the mayor and other city officials that Paul and his companions were turning the world upside down, but before they could lay hands on him Paul had shaken the dust of the city off his feet and had gone.

But in spite of the violence of his enemies and persecutors, Paul left a great church and a lot of friends in Thessalonica. Among his converts it is recorded that "of the devout Greeks there was a great multitude, and of the chief women not a few." Later, when Paul wrote First Thessalonians, he praised the membership of this church very highly.

If the nasty Nazis do invade Greece and attack Salonika, they must of necessity storm right over and through the site of the ancient city of Philippi in northern Greece, named for Phillip of Macedonia.

One of the most important events in all the history of Christianity was enacted in Philippi. It was there that the gospel was first preached in Europe and it was there that the first Christian convert in Europe was made.

When Paul heard the Macedonian cry at Troas, he sailed across the Aegean and landed at Neapolis. Thence he and his party made their way into the city of Philippi, where they spent a few days sizing up the situation, and on the Sabbath day they went down on the river to a place where some devout women

were accustomed to meet for worship. To them Paul and his companions preached Christ, Lydia, a business woman, was the leader of the group, and she was converted to Christianity, as doubtless were some of the others. She at once became an enthusiastic worker in the cause of Christianity.

But Paul soon got into trouble. He healed a poor afflicted girl who was being used for commercial purposes by her unscrupulous masters. This aroused their ire, and they proceeded to arouse the city. They haled Paul and Silas into court, and the court ordered them to jail. But they sang and prayed and an earthquake shook the prison doors open, which scared the wits out of the jailer, and he was converted on the spot. Then the judges who sent the prisoners to jail also got scared when they found that Paul was a free-born Roman citizen and he made them apologize.

There was no religious freedom in Greece, in so far as Christianity was concerned, at that time, and now Hitler is undertaking to stamp it out again, not only in Greece but in all Europe.

Other cities in Greece visited by Paul included Berea, Athens, and Corinth. Paul gained a few followers in Athens but if a church was established there at that time no record of it is found in the new Testament. Athens is yet the capital of Greece.

In Corinth Paul lived and preached for two years and founded a church there. But the great commercial city has been completely destroyed. Only a small town of a few thousand people, bearing the name of Corinthos, may be found today, situated three or four miles from the site of the ancient city.

When Paul a few years later was placed aboard a ship at Caesarea at the eastern extremity of the Mediterranean to be taken as a prisoner to Rome, some 1500 miles away, to answer charges made against him by his persecutors in Jerusalem, the ship was compelled to follow a crooked course on account of stormy seas.

At a little island in the Mediterranean south of Sicily, the ship, after having been driven for many days and nights by a terrific gale blowing from the northeast, with 276 persons aboard, was wrecked on

the rocky shores. Miraculously, all escaped to land with their lives. Wet and cold, the party was kindly received by the pagan inhabitants who kindled a fire for their comfort, but when Paul gathered some wood and placed it on the pyre, a viper wriggled out of the heat and fastened itself on Paul's finger. The Pagans expected him to drop dead within a few minutes from the poisonous bite, but when, miraculously, he did not even become sick, the pagans thought that he was a god.

This same island where Paul was shipwrecked and on which he got snake-bite, the British are now using as an air and naval base. From it they have been sending out their bombers and blasting the daylight out of Italian and North African strongholds. The ancient name of the island was Melita. It is now called Malta. You will continue to see much about it in the newspapers.

It is not known just how long Paul remained in Rome nor just when he died. But while held there as a prisoner he preached to Jews and Romans and made many converts. He also wrote some of the letters which appear as books in the new Testament. His letter to the Romans, which is regarded as his greatest, is said to have been written from Corinth.

But neither in the letter to the

"We sell only for Cash! Re-
sulting economies, including ef-
ficiency and volume, save, we es-
timate, eight percent.—We en-
deavor, at all times, to have the
prices of our merchandise reflect
this saving—direct savings for
our customers!"

The above policy has been our
guide-on for the past three years
—it will continue to be in the
future. With the continued sup-
port of our friends and customers
we enter our fourth year in Ta-
hoka pledging ourselves to al-
ways bring you better merchan-
dise at lower prices!

Romans nor in any of his letters
written from Rome is there any
hint of any of the distinctive doc-
trines now held by the Roman
Church. Paul was not a Romanist.
If he were living today he would not
be a votary of the Vatican.

Neither would he be a political
follower of either Hitler or Musso-
lini, who have been haling Chris-
tians before the authorities and cast-
ing them into jail, as Paul did be-
fore he became a Christian. When
Paul became a Christian, he became,
next to Christ, the world's greatest
exponent of the doctrine of the free-
dom of the conscience and of the
individual responsibility of every
person unto God.

And now these great doctrines,
which have given impetus to dem-
ocracy and to religious freedom
everywhere they have taken root
are being assailed by the Totalitar-
ian Powers.

This war is not simply a fight be-
tween quarrelsome and ambitious
rulers. It is a fight for the perpe-
tuation of Our Way of Life.

Miss Mary Margaret Tunnell of
the Texas Tech visited her mother
here Sunday. She had just been re-
leased from the West Texas Hospi-
tal, where she was a patient with
the flu most of last week.

Jack Key Receives JTAC Promotion

Stephenville — For outstanding
work in the military department
at John Tarleton College, Jack Key
of Tahoka, who is a cadet at the
Stephenville school, was promoted
to the rank of Second Lieutenant.
Col. James D. Bender, Professor of
Military Science and Tactics, an-
nounced.

The Cadet Corps at Tarleton is
conducted to a very great extent by
the Cadet officers. Therefore, Key
will gain experience in military
leadership similar to that gained
by regular army officers.

WELLS 4-H CLUB

"Limbs for shrubs should be 8
to 12 inches in length with at least
three joints in each cutting," said
Miss Maurine McNatt, home demon-
stration agent to the Wells 4-H
Club, February 20 at the school
building.

Make a slanting cut with a sharp
knife at the lower end of the cut-
ting, and make a square cut one
inch above the top joint. Keep all
the tops together and tie in a bunch
of twenty-five or fifty. Bury these
bundles as soon as possible in a ver-
tical position in a hole or trench six
or eight inches deep in a well drain-
ed garden soil.

Allow cuttings to remain until
April or May. Then dig carefully,
separate the bundles and set cut-
tings individually eight inches ap-
art in a row. Keep well cultivated
and watered during the first season.
Ordinarily the shrubs will grow
from one to four feet the first year
and will be ready to use in the land-
scape plan the following fall.

Fourteen members were present.

NAVY RECRUITING SERVICE

ESTABLISHED IN LUBBOCK
C. L. Wylie, CWT, U. S. Navy
Recruiting Service, with headquar-
ters in Abilene, announces the estab-
lishment of a part-time recruiting
station in Lubbock.

Representatives of the recruiting
service will be at the Post Office
on the first and third Wednes-
day of each month to interview and
examine applicants for enlistment
in the Navy. Age limits are 17 to
31 years. A birth or other authentic
proof of date of birth must be fur-
nished. The Abilene office will con-
tinue to remain open as usual.

HOT LUNCHES BEING SERVED IN MANY SCHOOLS

The serving of hot lunches in
the schools of Lynn county has be-
come very popular and has reached
unprecedented proportions, accord-
ing to Mrs. Lenore M. Tunnell,
county superintendent.

Such lunches are now being served
not only in the town schools such
as Tahoka, O'Donnell, and Wilson,
but also Draw, Redwine, Grassland,
Midway, Edith, West Point, Lake-
view, Petty, Dixie, and Gordon.

Mrs. Tunnell explains that these
lunches are being served not as a
relief project but as a health pro-
gram. Some of the children, she de-
clares, have gained from two to
five pounds in weight in a period of
just two or three weeks time—not
because of an insufficiency of food
thereof but because of the benefi-
cial effects of warm lunches con-
stituting a well-balanced diet served
at the noon hour.

Most of the schools have install-
ed all necessary kitchen equipment
and are paying some person to cook
and serve the meals, while the P. T.
A. has taken over the responsibility
in one or two places.

At Gordon, Mrs. Tunnell says,
where there are only twelve stu-
dents in the school, a lady residing
near the building prepares the meals
and serves them in her dining
room, all the children being seated
at the dining room table just as
one big family.

The lunches served in the schools
consist of meat, a vegetable dish,
hot bread, hot chocolate, and an
apple or other fruit.

These lunches cost only 5 to 10
cents per pupil.

All the schools in the county which
do not serve lunches do serve regu-
larly some kind of fruit.

The food supply and the fruits
are supplied to the schools by the
Federal Surplus Food administra-
tion.

Mrs. Tunnell declares that the
teachers in the various schools de-
serve great credit for the institu-
tion and the success of this health
program, and she thinks that it is
one of the finest things that ever
has been done for the school chil-
dren of this state.

The new claimant for the world's
luckiest man is the owner of a wife
and a cigarette lighter, both of
which work.

WILSON LUNCH ROOM OPENS

With the first hot lunches served
in the Wilson school at noon Thurs-
day, the WPA hot lunch project
got under way. Eighty-two were
served by the home economics de-
partment, under the direction of
Miss Edith Masten, Volunteer cook
to help get things started were Mes-
sies Gion Cobb, B. W. Baker, Y. C.

Paschall and S. G. Anthony.

Many other school children were
expected to begin eating hot lunch-
es Monday, according to Supt. S. G.
Anthony. Only children from the
first four grades were served Thurs-
day. Commodities furnished this month by the government
included salmon pat-

ties, three vegetables, beans, greens,
potatoes, hot biscuits, peach cob-
include evaporated milk in abun-
dance, salt pork, pinto beans, whole
wheat flour, corn meal, cracked
wheat cereal, dried peaches, prunes,
raisins and milled rice. The dimes
collected are used to buy groceries
locally to round out a balanced
meal.—The Wilson Sun.

**RAISE AND STORE FOOD.
SAYS STATE AAA OFFICIALS**

COLLEGE STATION, Feb. 27.—Raise and store food for the family table and get paid for doing it.

That's the opportunity offered Texas cotton farmers who qualify for a cotton stamp payment under the supplementary cotton program for 1941 by reducing their cotton acreage.

Performance of a food production and storage practice, according to requirements recommended by the Texas AAA committee and subject to the approval of Washington, will entitle any cotton farmer who earns a cotton stamp payment to an additional \$3 special payment. The food storage payment will be made from a special fund of \$3,000,000 of the Agricultural Adjustment Administration appropriation.

In order to qualify for such a payment, the food products must have been grown by the producer on the farm for consumption by the producer's family, George Slaughter, chairman of the committee, said. The payment can be earned by meeting one or both of the following requirements:

Perform at least three of the items listed below for consumption when they are not otherwise available on the farm:

Produce and store 100 quarts of canned or frozen foodstuffs, or the equivalent thereof.

Produce and store 20 bushels of Irish potatoes, sweet potatoes, and other root crops.

Produce and store 3 bushels of edible, dried, shelled cowpeas and or beans, or their equivalent in unshelled cowpeas and or beans.

Produce and store 5 bushels of unshelled peanuts.

Produce and store 15 gallons of syrup.

Produce and store 10 bushels of cereal grains other than corn.

Store at least 300 quarts of canned or frozen foodstuffs, or the equivalent thereof.

In no event may a landlord, tenant or sharecropper receive credit for more than \$3 for carrying out this practice, regardless of the number of farms in which he is interested, the chairman said. Moreover, no payment will be made unless performance under this practice is in addition to his usual production of food, as indicated by his certification on the application for payment.

**Formby Introduces
Dance Hall Bill**

By Bob Carraway

It has remained for the two youngest members of the Texas Senate to take steps toward the regulation of "honky-tonks" and non-descript dance halls in Texas.

Senator T. C. Chadick of Mineola and Senator Marshall Formby of McAdoo last week introduced Senate Bill 159 which is designed to give county officials the authority to regulate all dance halls outside city limits. The bill requires that these amusement spots must close their doors not later than one a. m. It further requires that licenses must be purchased through the county commissioner's courts and that these licenses should be renewed every ninety days with the court having the power to reject applications for renewal and to cancel unexpired licenses where halls are operating in violation to the law.

Besides being the youngest members of the Senate of the Forty-seventh Legislature the authors of the reform bill are unmarried and roommates. Chadick, 30, formerly served as county attorney of Wood County in which capacity he had considerable experience with "honky-tonks." It was as a result of his drive to keep the undesirable places in his home county closed that he gained much of his reputation as a reform advocate. Formby, 29, formerly served as county judge of Dickens County for four years and has taken definite stands against liquor and "honky-tonks."

Despite the fact that they represent districts 500 miles apart the two Senators were born within a few miles of each other in East Texas. Chadick is a native of Franklin County and Formby was born in Hopkins County, and at one time they lived within a few miles of each other near Pickton.

Both Senators Chadick and Formby explained that under present laws county officials are almost without any authority to regulate dance halls. Most of the trouble in these places occurs after the midnight hours, they pointed out, and Senate Bill 159 seek to remedy these evils.

SAFETY TRAFFIC DEMONSTRATIONS GIVEN SCHOOL CHILDREN

Instruction and demonstration in safety traffic on the streets and highways were given to about 2,000 school children in Lynn county last week by means of pictures thrown on a screen and by lectures given by Capt. George E. Schauer, chief of the Texas Safety Department, according to County Superintendent Mrs. Lenore M. Tunnell who accompanied him to the various schools.

Two demonstrations were given in Tahoka, one in the high school and the other in the grade school; three in O'Donnell, one in the high school, one in the grade school, and one to the Parent-Teachers Association; two at New Home, one to the high school and one to the grade school; two at Wilson; and one each at Draw, Grassland, and New Lynn.

Captain Legg of Lubbock, district chief of the highway patrol, was with the party on one day.

Mrs. Tunnell says that both the pictures and the oral instruction given to the students were very valuable and helpful, and that the interest in these programs. "It was the finest thing of its kind that has ever come to this county," she declared.

**Laid End to End They Add
up to a Swell Idea**

We mean these Four New Additions to the Buick SPECIAL Series that Give you Big-Car Thrill in less Curbside Space

THE way cars have been stretching out lately, it usually takes only a couple of cars to occupy the curb space of an extension-ladder fire truck.

Not so with the newest additions to the 1941 Buick line.

Here we've reversed the trend—just to prove that an honest-to-golly BIG car can be built without going overboard on bumper-to-bumper distance.

The four new models now adorning the Buick SPECIAL Series fit neatly into modest garages without putting a permanent crimp in the doors.

They slip into parking places smoothly as a rowboat nestles up to a

dock—and the way they flit through traffic is a delight to wheel-weary drivers.

When it comes to action—well, they've got a 115-hp. FIREBALL eight under their bonnets that skims you down the road like a mallard heading home. You can add Compound Carburetion at small extra cost and have 125 horsepower that does things we hardly dare hint about in print.

But they're a handy six inches shorter, bumper to bumper, than other Buicks—a quartet of top-quality cars in a new and easily-handled size.

The price? It's lower too. So better take a look at the first really BIG car in this bumper-to-bumper size.

MISSIONARY BAND GIVES
PROGRAM AT REDWINE

Mrs. John Berry of Draw reports that the Simmons University Missionary Band of about twelve members visited the Redwine Baptist Church over the weekend, giving one program Saturday night, one on Sunday morning and the third on Sunday afternoon.

Three young ministers were members of the party and a different one preached at each of the services. Three members were on each program.

Mrs. H. P. Caveness, who has been confined to her room with an attack of the flu and other troubles since early in January, is now reported to be improving satisfactorily. Early in the year she suffered a nervous break-down.

Mr. and Mrs. Ollie Warren received word recently that their son, Cecil Warren, who enlisted about two years ago and is stationed at Fort Bliss, has been promoted to the rank of sergeant.

SPOUTING ON
SPORTS

By Al Landers

The football season long since ended but followers of the pigskin sports have no dearth of news to divert their minds from the war situation.

Foremost in the news front this week was Frank Leahy, head coach at little Boston College for two years and an assistant at Fordham and Michigan State before that, who returns to his alma mater, Notre Dame, as head football coach. Leahy had just signed his name to a five-year contract at Boston when the offer came from South Bend, but officials of the Boston school realized that the highest honor a man can receive in the coaching game is to become coach of Notre Dame's warriors, and he was released from the agreement.

If the strength of that powerhouse Boston College squad that was one of the toughest teams on the gridiron in 1939 and 1940 is any indication of Leahy's ability as a coach, Notre Dame's brilliance on fall afternoons is not due for a blackout.

Jimmy Kitts, old Snoozola himself, who was head mentor at Rice Institute for six years before the howl of the Houston wolves sent him scurrying, signed to coach Virginia Tech, a little school which annually butts its head against some of the best eleven in the country. Virginia Tech may not be in the first ten next fall, but Kitts, a rabid exponent of passing, will see to it that the air of Virginia is filled with something besides the sweet odors of mint juleps and minced ham next fall.

Texas Tech has showed its hand. The Red Raiders are definitely preparing to make a strong assault against the door marked "Entrance to the Southwest Conference."

For years Tech's athletic council has been trying every device known to become a member of the conference but league officials always told them that the conference was just the right size now and that another team would make members cut an intersectional game off their schedule each year.

Besides, there was a slight frown on the faces of most of the pros who decide the destiny of the conference every time they heard the name Pete Cawthon. True, Cawthon's record was one of the best, but tales of his strictness with his teams and some of the training ordeals he put the Red Raiders through just didn't make those pros look upon Tech's credentials in a lenient mood.

But Pete Cawthon's gone now. And Morley Jennings, veteran Southwest coach, has handed the old "good-bye" slip to Baylor University and will become athletic director at Tech.

We don't claim that Jennings won't make a good director. But we do claim that the main reason he got the job is because he is popular with the men who comprise the Southwest Conference board and we shouldn't be surprised if Tech starts knocking at the entrance gate again in a few months.

So we're still on football. And so are Dana X. Bible's University of Texas Longhorns, now going through the spring training grind at Austin. It's going to take a war to keep the Longhorns from winning the conference next fall. The draft is going to have to hit that Texas team harder than a couple of all-American blockers to keep them from grabbing the crown. Bible's sophomore team of 1939, his junior team of 1940, will be the senior team of 1941—with that experience that counts driving that speed and power it's had the past two years on to victories.

Jack Crain, the Nocona Nugget, is still around. Crain was not half so sensational in '40 as in his sophomore year but he's still got what it takes and is a potential six points

"Build-Up" Important
Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

"LIVE AT HOME" IS THEME OF
F. S. A. IN LYNN COUNTY

By Mylene Cannon

Lynn County Farm Security Administration families are trying to produce from 60 per cent to 75 per cent of their living at home this year. In order to reach this standard each family must provide for the following things.

1. 75 qts. of vegetables canned per person in the family excluding children under 5 years.
2. 10 qts. of fruit per person.
3. 1 hog to butcher for every 2 persons in the family over 10 years.
4. 1 beef to butcher or more.
5. 1 Cow or enough for family needs.
6. 25 hens or enough to supply eggs for the family needs.
7. 100 baby chicks, bought or raised.
8. 1 record book—kept up-to-date.

Many families in Lynn County reached this standard last year and are making plans to meet them again this year. If we continue to get enough moisture throughout the year to raise good gardens, I see no reason why most of the families in Lynn county can't reach this standard.

It is cheaper to produce your living at home rather than buying it from the store. Sometimes we feel that we are not able to afford to buy some of the things we can raise at home. If we don't raise these things at home we will have to do without them. Make your plans to meet these standards. Planning is good business and running a family is like running a business.

every time he handles the ball—any coach will tell you that. Then there's Pete Layden, Vernon Martin, Ralph Park, Lewis Mayne, Roy Dale McKay, Spec Sanders, R. L. Harkins, and a flock of others who played last year. Add to that bunch Max Minor, the Tahoka Tornado, Spot Collins, Kenneth Matthews, Walton Roberts, Jackie Fields and two or three other boys coming up from last year's hard-blocking, high-scoring freshman team and you can see that the Steers will have backs to waste.

The line will be more experienced and larger this fall too. Last year it was one of the best in the conference although it received little publicity because no one man was outstanding.

Yes, it looks like the Bible Plan is working. And will work for a few years to come.

BORDEN CELEBRATING
50th ANNIVERSARY

GAIL, Texas—Combined with the Borden Co. 4-H Livestock Show at Gail, Texas, March 22, 1941, Borden County and Gail will celebrate the 50th anniversary of the organization of the county and founding of the town. Featuring the event

will be a big free barbecue and free rodeo. Schools of the county will render special broadcast programs. The livestock show gives every indication of being the best in the history of the county.

At a mass meeting attended by citizens from all parts of the county committees to handle various de-

tails of the celebration were appointed. At last year's livestock show the attendance reached 3,500. This year the attendance is expected to be much larger.
