Number 37

School Will Honor Leading Students

Visitors' Night Is Next Tuesday

By Ruby Nell Smith

Final plans and arrangements are being made by local faculty members for the Recognition Service and Visitors' Night to be held in the Tahoka schools Tuesday night at 7:30 o'clock.

Exhibits will be in various classrooms of the two buildings. There will be guides to accompany the visitors to see the exhibit rooms. Special invitations were mailed this week to parents of the outstanding students that will be recognized at the service. Visitors will visit the exhibit rooms from 7:30 until 8:30 o'clock.

There will be a short band concert by the 45-piece high school band directed by Mr. John Hamblen at 8:30 o'clock.

In observance of the National Boys and Girls Week, there will be a Recognition Service at 8:45 in the high school auditorium honoring the students who have demonstrated during the current school year outstanding accomplishments in scholastic work and varied school activities. Students who are eligible for the official "T" award will also be honored at this service.

Supt. W. T. Haas and Mr. Leo Dodson, high school principal, will present the medals and awards to the outstanding students. Mr. Leo Jackson will award the official "T" award.

The objective of this service is to bring community-wide recognition to boys and girls as participants in the economic and social life of the community.

TAHOKA GRADE SCHOOL TO OBSERVE RECOGNITION AND VISITATION DAY

In observance of Tahoka schools' Recognition and Visitation Day set for Tuesday, April 29, the Tahoka Grade School will present the following program in the High School auditorium Tuesday morning beginning at 9:45 o'clock with Principal A. L. Pace in charge.

1. Coronation of Grade School (Continued on Back Page)

Interest Grows In Methodist Meeting

In the Christian-Patriotic rally at the Methodist Church Thursday night, the visiting minister, Rev. R. N. Huckabee, spoke of "The Faith of Our Fathers."

He voiced the appreciation of the Church for the efforts of the local post of the American Legion and the Auxiliary in publicizing the rally, and he thanked the Boy Scouts and the Girl Scouts for their presence and help on the program.

The Rev. Mr. Huckabee said: "Fundamental Americanism is founded on respect for the individual and faith in his ability to rule himself and act wisely and efficiently in his kingship and rule of his nation. Free speech, free press, free church, and free schools are a necessity for the permanency of our democracy. Moral and ethical ideals, which come from religion and the church, are as necessary to the American way of life as water and food are to the human body."

Friday night is high school and young people's night in the revival. The school is invited to sing the school song, its fight songs, and other specials. Teachers of youth are given a special invitation to attend.

Sunday morning will be the last service here for the visiting minister, he says. His subject will be: "The Last Call of Mercy." He is to tell a big wolf story, he announces, at a special decision service at 10:30 a. m.

A special invitation is extended to farmers and their families to come to the service Saturday night.

Large crowds have been attending the services and the interest has been growing steadily. Already there have been quite a number of additions to the church and many others are expected yet.

Twenty Answers From One Little News' Classified

Alvah Allen, Weatherford real estate man, called at The News office Monday to tell us the exceptional results he had received from a little classified ad in last week's paper.

He had advertised the P. W. Good home for sale, and on Friday and Saturday he received twenty inquiries about the house.

However, he sold the place to R. H. (Hick) Gibson, with whom he was already on a deal when the ad. appeared in The News.

Retail Merchants Bringing Show

Miss Viola Ellis, secretary of the Retail Merchants Association, announces that a moving picture show, "Credit—The Life of Business," will be shown next Thursday at the regular meeting of the Tahoka Rotary Club. The picture is being sent here by Chas. T. Lux of the Retail Merchants Association of Texas, and is said to be entertaining and educational.

All Lynn county business men are invited to the Rotary luncheon on this day on payment of the cost of the lunch, 50 cents. Members of the Retail Merchants Association are especially urged to attend.

1941 Grid Schedule For New District

Next fall several new teams will be on Tahoka's football schedule, Coach Leo Jackson announces. The new team are scheduled largely because of the readjustment of this district of Interscholastic League. New teams in Class A are Seminole, Seagraves, and Denver City, which have been added to Tahoka's schedule. Lyvelland and Slaton have been transferred to the north half of the district, and therefore are off of Tahoka's 1941 schedule.

Four non-conference games will be played early in the season, these being Lamesa and Borger, Class AA teams, and Andrews and Lockney.

As a result of Spring training now in progress here, Coach Jackson has a number of nice prospects out and Tahoka is due to have a pretty fair team next fall, with the possibilities of developing into one of the best yet.

Sept. 12, Lamesa there.
Sept. 19, Andrews here
Sept. 26, Lockney here.
Oct. 3, O'Donnell there.*
Oct. 10, Borger there.
Oct. 17, Seminole here.*
Oct. 24, Seagraves there.*
Oct. 31, Denver City here.*
Nov. 7, Open.
Nov. 14, Post there.*
Nov. 20, Brownfield here.*
* Conference games.

County Court Opens Monday

County court will convene here next Monday morning, and County Attorney Callaway Huffaker reports that there will be six or seven misdemeanor cases to be disposed of. Two complaints were filed Wednesday, charging two O'Donnell men with the unlawful sale of intoxicating liquor.

Other charges are for giving "cold" checks.
A jury will be called for the second week of the term.

Mr. and Mrs. J. B. Nance returned Sunday afternoon from Plainview where J. B. had been confined to a hospital for several days for observation and treatment for some trouble affecting his lower limbs.

Mrs. Meldon Leslie of Waco is spending about two weeks here visiting her parents, Mr. and Mrs. A. C. Aycox, and seeing her many friends again.

Special Services For Boys, Girls

There will be special services in both the Baptist and Methodist churches Sunday in honor of the boys and girls of our community, as will be noted in the church announcements.

The objectives for this special day in our churches for boys and girls is to stress spiritual growth as essential to the complete development of boys and girls.

These services have been scheduled for Sunday, April 27, because National Boys and Girls Week is April 26-May 3. Boys and Girls Week focuses attention upon the younger generation and upon character building activities and agencies during one short week only, but if properly carried out, inspires a year-round program of activity for the general welfare of boys and girls.

Boys and girls are the nation's greatest assets—a frequently repeated statement that takes on added significance when it is realized that the value of all material things is dependent upon the character of people. What tomorrow's world will be depends upon the boys and girls of today. Their education, their training and their care should all be the constant concern of the entire community.

Motor License Plates Total 2730

Approximately 2730 license plates for motor vehicles of all kinds had been issued in this county this year up until Wednesday morning, according to Mrs. Beulah Pridmore, deputy county tax-assessor and collector.

This includes both cars and trucks and three or four of the number are replacements.
This is a slight decrease from last year, but Mrs. Pridmore thinks that the decrease is due largely to the delays, granted in the taking out of truck license plates.

ATTEND PRESBYTERIAL

The thirty-sixth annual convention of the El Paso Presbytery met in Big Spring Tuesday, Wednesday, and Thursday of this week. This is the women's organization of the Presbyterian Church.

Attending from Tahoka were Mrs. John Evans, Carl Griffing, J. L. Heare, and Sam Howell.

County's Scholastic Decrease Enormous

According to statistics furnished to the News by County Superintendent Lenore M. Tunnell, there has been a decrease of approximately 800 in the scholastic population of Lynn county during the past three years. There has been a decrease of 238 during the past year.

Census returns made in March 1938 gave the county a scholastic population of 3,760 against a total of only 2,826 the past March, which would indicate a decrease of 934.

These figures do not accurately reflect the decrease, however, for the Pride school district since 1938 has been consolidated with other district and the pupils of that district are now included in the returns for Dawson county instead of Lynn county. The totals in 1938 include the Pride district which had 140 scholastics. The returns since that time do not include the Pride district.

But with the Pride district eliminated,

News' Cooking School In May

Plans are being made by The News to make the Happy Kitchen

Cooking School that will be held in Tahoka May 22, 23, 24 one of the most beneficial events to the housewives of any public meeting ever held here.
Miss Jessie Hogue, who will conduct the school for The News, Lynn County News, is recommended as one of the outstanding cooking school lecturers of the South. The same school will be presented Lynn county women that has been held in Dallas, San Angelo, Corpus Christi, and many others of the city class. On the other hand, the presentation will be on cooking problems of the every-day housewife. There will be nothing high-brow or ultra-fancy.

Home demonstration club women, home economics students, farm women and town women should be making their plans now to attend this big three-day cooking school, the first one of major proportions ever staged in Tahoka.

Students Place In Region Meet

Alvin Gary, Tahoka High School mile runner won second place in the regional meet at Canyon Saturday of last week, coming in two or three strides behind first man in 4 minutes, 55 seconds.

T-Bar girls tennis team, composed of Mina Waldrep and Ola Lee McMillan, who went through the district contest undefeated, lost to Amarillo in the finals of the Canyon regional meet.

Coach Leo Jackson and "Cotton" Davis, who also entered the meet, also were attendants. Yshrdiu shrdiu went to Canyon with Gary.

RICHARD CARTER HAS RIGHT ARM BROKEN

Richard Carter, small son of Mr. and Mrs. V. P. Carter, was treated in the office of a local physician for a fracture of the right wrist received while playing last Thursday afternoon.

500 Business Men, Farmers At Meeting

Draw Man Loses Tractor By Fire

Jack Endsley suffered the complete loss of an F-14 Farmall tractor and the shed in which it was housed on his premises at Draw Thursday night of last week from fire of unknown origin.

He had been driving the tractor and drove it into the shed shortly before night. It is believed that the fire started in some rubbish in the shed, but just how it originated is something of a puzzle.

'41 Class Selects Lamesa Pastor

Rev. Landreth, pastor of the First Methodist Church in Lamesa, will deliver the baccalaureate sermon to the Senior Class of Tahoka High School Sunday night, May 12, at the high school auditorium, according to an announcement made by school officials this week.

Commencement exercises will be held Friday night, May 16, at 8 o'clock, in the high school auditorium. Charley Guy, editor of the Avallanche Journal at Lubbock, will introduce Dr. Clifford B. Jones, president of Texas Technological College, who will make the main address.

Members of the Senior Class and their sponsors are making plans for a trip to Ruidoso, New Mexico, the week following the close of school.

Legion, Auxiliary Hold Luncheon

Legionaires, Auxiliary members, Girl Scouts, and a few guests, numbering 105, Tuesday night saw a picture show depicting the New Mexico mountains and the Girl Scouts camp at Mahill, and were served a sumptuous covered-dish lunch which was brought by the Auxiliary members.

Following the meal, the Auxiliary and the Legion members held their regular meetings, in which the former voter to sponsor Mrs. R. L. Richardson as a candidate for District Committeewoman. She now is the assistant committeewoman. The 19th Congressional meeting to be held in Lubbock soon, will be attended by many members of the local Auxiliary in behalf of her candidacy, and will be officially represented by Mrs. J. K. Woosley, A. M. Cade, Roy Edwards, and Jim Dye as delegates. The convention is in June.

Mrs. Noble Wynn, chairman, presided at the Auxiliary meeting. A flower committee is composed of Mrs. Roddy, Owens and Connolly Mrs. McCoy is replacing Mrs. Turentine on Rehabilitation, and Mrs. Dye was reelected Child Welfare chairman.

In the Legion meeting, Marshall Stewart, commander, presented the Most Distinguished Service citation recently received from Ed Reidel, Department Commander, and Fred E. Young, Adjutant, presented the local post for having exceeded its (Continued on Back Page)

Band Entering Abilene Contests

Tahoka High School Band leaves today for Abilene, where the organization will enter the district band contests along with other bands from a large section of West Texas. Director John Hamblen went down Thursday with several students who are entering the solo contests, but was to return Thursday night. He, Mrs. Hamblen, and several band parents will act as chaperons.

Betty Ruth Wyatt, daughter of Mr. and Mrs. N. M. Wyatt and popular member of the Junior class, who has been critically ill in a Lubbock sanitarium with pneumonia for the past several days, had shown considerable improvement Wednesday. Unless she has a setback, she is expected to be well again in a few weeks.

AAA Officials Sponsor Barbecue

More than five hundred persons attended the Farmer-BusinessMen's barbecue out on the prairie just west of the high school campus on Thursday evening of last week, according to Fred McQuinty, county AAA chairman and master of ceremonies. The crowd consisted of farmers, housewives, business and professional men, and others.

Following the feast the crowd repaired to the high school auditorium, where the speaking program was carried out.

With Fred McQuinty presiding, Lamar McLaurin of O'Donnell delivered an appropriate welcome address, to which Ray Weathers responded in his characteristic manner.

True to form, Cliff H. Day of Plainview delivered a well prepared address, which was followed by a talk by Mrs. Paul Lawson. An address by Paul G. Haines, Farm Bureau organizer, was also greatly enjoyed and appreciated.

Other talks were made by Judge H. W. Calaway of Draw, Tom Gardner of Tahoka, and Bill Tillison of Brownfield, director of the Texas Farm Bureau for Terry county.

Concluding that there was something mildly critical of the Henry Wallace Triple-A program contained in a column published in the News a few weeks ago wherein the story of Joseph's operations in ancient Egypt were recited, Judge Calaway directed some good-natured remarks at the editor of this paper which is said to have kept the crowd roaring with laughter. Joseph was not there to defend his plan however, and since no country editor has the leisure time that Farmer Henry Calaway has but is compelled to work a little occasionally, this editor was very much disappointed that he could not be present and get the benefit of the "Judge's" remarks.

This was the second annual occasion of this kind that farmers of Lynn county have staged, with business men as their guests.

The Rotary Club of Tahoka had dispensed with its weekly luncheon Thursday at noon and many Rotarians met with the farmers that night.

Mattress Work Well Under Way

Residents of fifteen communities are now engaged in making 360 mattresses as they work under leaders, previously trained, in six different centers, according to Miss Maurine McNatt, home demonstration agent, speaking to a representative of the News this week. Three additional centers will be opened when another shipment of cotton arrives, Miss McNatt states.

"No applications for mattresses will be received after Wednesday, April 30th," Miss McNatt stated, "and even the late one already received may have to be transferred to a different center when the time comes to make their mattresses if those centers where they live have closed." Miss McNatt also stated that no date has been set for the Comfort-Making Program in this county at this time.

Mattress Centers are now in operation at the following places in the county: Hackberry, which accommodates the people of Morgan, Garnolia and Gordon; Draw, including Redwine and Joe Bailey; Joe Stokes, including New Home, Petty and Lakeview; Tahoka, in old high school auditorium, taking in Dixie and Midway; New Moore and Grassland. These last two centers serve only their immediate communities at this time.

BAZAAR AT DRAW

A bazaar will be sponsored at Draw Saturday by the Women's Society of Christian Service of the Draw Methodist Church, who will have on sale many items suitable for Mother's Day gifts.

Mrs. J. E. Young is president of the Draw society.

Odds and Ends *See Eye, the Elder*

Ladies and gentlemen, we should like to introduce to you this week some of the boys and girls of the Panhandle Press Association, and maybe talk shop a little also if you will stand for it.

Mrs. Hill and the perpetrator of this column attended the meetings of this association in Amarillo last Friday and Saturday; and since the preachers and the teachers and the lawyers and the doctors and the mill rollers and the bakers and the tractor drivers and the WPA workers and the AFL's and the CIO's and the entire alphabetical list of government employees have each been touting their respective vocations and organizations as about the most important and indispensable that ever happened, we have decided that it is about time to speak a word on behalf of the meek and lowly newspaper editor and publisher.

The first boast that we desire to make is that the Panhandle Press Association is one of the best regional associations of newspaper people in the United States. Other newspaper people in the country have often made this accusation, and as we understand it, the members of the association meekly admit it.

At the meeting last Friday and Saturday, almost 400 people registered. Just a few of them were not newspaper folk, but most of these live off the newspaper fraternity—sell them printing supplies, machinery, etc.

But there must have been considerably more than 150 Panhandle-Plains boys and girls there who are engaged either as principals or accomplices, as the lawyers would say, in the publication of newspapers.

We are sorry to report that very few from our immediate section, however, were there. The two representatives of The Lynn County News and Mr. and Mrs. Connolly Baldwin of the Lamesa Reporter just about made up the bunch. That old veteran of the press, our neighbor to the west, Andrew Jackson Stricklin, was not even there to collect a ten-gallon hat which he claims to have won off of a former Tahoka editor, Bob Haynes, on a matter that involved Tahoka. But Bob was there. He always is. But Mrs. Haynes, as usual, came along to see that Bob stayed in the straight and narrow. For many years now, since leaving Tahoka, they have been publishing the Miami Chief. And they still remember and frequently mention many Tahoka friends.

We people down here south of Lubbock are just on the outer fringe of the association's territory, and we do not attend as regularly as some others.

One man has been secretary, and possibly chief ramrod, of the association for twenty-nine years consecutively, Clyde Warwick, editor and publisher of the Canyon News. He does his work so unselfishly and so well that the folks just will not let him quit. Not only did they elect him Saturday for another year but they presented to him a beautiful gift as an expression of their appreciation of his services.

During the past year, the association, for the first time in its history, has had a woman president, Mrs. Seth B. Holman, owner and publisher of the Hereford Brand. The Brand has long borne the reputation of being one of the best weekly newspapers of the Panhandle. Tex DeWeese editor of the Pampa News, a daily publication, was elected president for the ensuing year. Tex has become very popular with the newspaper fraternity the past few years.

Old-timers in the fraternity who were present—just to mention a few of them—included Mr. and Mrs. H. B. Martin of Amarillo, who never miss a meeting, and who started the publication of a paper known as the Amarillo Advocate about the year

1904. They have been in Amarillo in the printing business ever since. Then there is Sam Braswell, editor and publisher for many years of the Clarendon News, and J. C. Estlack of the Donley County Leader, two of the best weekly newspapers in the Panhandle. Claude Wells is owner and editor of the Memphis Democrat and is mayor of the city. He is another old-timer. His nephew Deskins Wells, is editor of the Wellington Leader, and he led in the first primary last summer for Congressman in the Panhandle district to succeed Marvin Jones but was defeated by a lawyer in the run-off.

John McCarty of the Amarillo Globe-News is one of the liveliest wires in the association. He is one of the most resourceful, capable, and popular members of the newspaper fraternity. Dave Warren of the Panhandle Herald is likewise able and popular. Ed Bishop, owner and publisher of the Dalhart Texan out near the New Mexico border, and Albert Cooper, owner and publisher of the Shamrock Texan over on the other side of the Panhandle near the Oklahoma border, are among the brightest stars of the fraternity, but Albert had recently bought another newspaper or two and couldn't come. He sent a hand.

But of all Panhandle newspaper men, the man who has made the greatest reputation as a writer is Douglas Meador of the Matador Tribune. His "Trail Dust" column turned the trick. He deals largely in metaphorical phrases that always please and never irritate. Douglas might be termed the boy sweetheart of the association.

There are a lot of others that we do not have space to mention. For instance, there is the versatile Herbert S. Hilburn of the Plainview Herald, one of the "indispensables" in the association; and Homer Steen, who publishes one of the best weekly newspapers anywhere, the Floydada Hesperian. But we do not believe that Homer showed up at this meeting; usually he is there.

On the program was Hilton Ross

Greer, poet, and literary editor of the Dallas Morning News. He got his start in the Panhandle. For a few years, back in the early years of the present century, he was the editor of a newspaper in Amarillo, and was the fourth president of the Panhandle Press Association. He moved to Dallas, got to dabbling in poetry, and has won considerable note as a poet and literary light.

One of the never-failing visitors to the meetings of the Panhandle Press Association is Arthur Lefevre of Houston, who has been engaged in newspaper work of one kind or another for many years. We remember his father as Professor of Mathematics in the University of Texas in the middle nineties and as state superintendent of public instruction a few years later. The son, Arthur, was called upon Saturday for an extemporaneous address, and he delivered the goods.

The unique feature of the program was the presentation by four representatives of other vocations of their views as to how the newspapers may and should be improved—a preacher, a teacher, a banker, and a Farm Security Administration supervisor.

These gentlemen were all very kind to the press but each made frank suggestions as to how the newspapers, from their viewpoints, might be made more serviceable to the public. They voiced some criticisms often heard from various sources, but in common with practically everybody else who has had no newspaper experience it was manifest that they had little knowledge of the difficulties and problems that arise in the practical business of publishing a newspaper, especially a country weekly.

Be it said to their credit, however, that they were temperate in their criticisms, and that their discussions not only were appreciated by the newspaper folk but probably will prove helpful to many of us.

Dave Warren of the Panhandle Herald and Claude Wells of the Memphis Democrat responded briefly, presenting the publishers' side of the matter. They did it in a fine way that the newspaper folk thoroughly enjoyed.

Here, now, we have already taken up our space and haven't the room to say the things we intended to

say to our readers, if any, about the practical business of publishing a newspaper. It may be that we will do that some other time.

We just wanted you to get a brief glimpse of some of the fine men and women who make the newspapers that help to make our great western country what it is.

They are a fine, patriotic, hard-working bunch, who are constantly giving everybody else and everything else publicity but rarely ever seek publicity for themselves. There are a few scoundrels and a few leeches and a few misfits among them, it is true, but they rarely ever rise to any prominence in the profession. On the whole, the publishers of the Panhandle represent the best in American life.

So that's that.

MRS. LAWSON LIKES TEXAS

Mrs. A. A. Lawson of Grassland was in town Saturday for the first time since she returned from San Antonio on April 1, where she spent some time visiting her daughter, Mrs. Lewis (Naomi) Ward. She certainly likes this Texas city. In fact, she declares it to be a more pleasant place to live in the winter than Los Angeles or any of the other California cities where she has visited in the past.

She reports that her son, Loy Lawson, wife and baby of Los Angeles have been here visiting her and other relatives and friends.

Another son, Gene Lawson, and wife are now living in Alexandria, Va., just a few miles from the National capital, where he is working in the Navy yards.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lax bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

Gagnat Receives Car Electrolux Refrigerators

Proof of the prosperity and the rising standard of living in West Texas homes is abundantly shown by the announcement this week by D. W. Gagnat that he is unloading another solid carload of Servel Electrolux refrigerators this week. It is also proof of the enthusiasm with which the recent announcement made by Mr. Gagnat of a big, roomy full six cubic foot Servel Electrolux for only \$196.50 has been received.

This announcement followed by only a few weeks the even more startling announcement that all 1941 Servel Electrolux gas refrigerators were to be backed by an iron-clad 10-year guarantee. This guarantee clearly provides for replacing any and all parts of the refrigerating system of the 1941 gas refrigerator, any time within ten years from installation—for its original purchaser, the purchaser to pay only the small labor charge which would be required.

No other refrigerator manufacturer has matched this amazing guarantee on Servel Electrolux up to this time. "This," said Mr. Gagnat, "is without doubt because of the basic difference between Servel Electrolux and other automatic refrigerators. Servel is the one automatic refrigerator—the only one—with no moving parts in its freezing system. In other words, with nothing whatever to wear, to make noise, nor to steadily increase operating costs due to its losing efficiency. Many owners in West Texas still have Servels in constant daily use, and have for the past 10, 12 or 13 years, that cost not one cent more to operate today than when new." This is the second straight carload shipped by the factory to Mr. Gagnat this year.

Sam Monroe of Stephenville and his son Leonard of Lubbock spent the night here in the home of Mr. Monroe's nephew, Frank P. Hill. Mr. Monroe was accompanied to Lubbock by another son, Hill Monroe, who is a corporal at Camp Bowie, Brownwood.

the Scrapbook

Myrtle Rochelle

Did you know that E. J. Cooper and Adolph Hitler have the same birthday? Mr. Cooper is just five years older than Herr Hitler, but we'll bet his birthday celebration was much different from Ah-Dolf's.

It seems that we had been missing some beauty spots in our fair city. After last week's column, we were accosted on every corner by someone who said we should have mentioned certain flower spots in town. Mrs. G. E. Turrentine called our attention to Mrs. W. O. Thomas' beautiful tulip bed, which is indeed outstanding. Someone else called attention to the lavish bower of wisteria at Mrs. A. I. Thomas', and Mrs. Gladys Stokes said there is nothing more awe-inspiring than Mrs. Conway Clingan's poppy bed. So we took another tour and can vouch for their beauty.

In fact, we agree with a lady who said recently that she thought the citizens of Tahoka display unusual civic pride in the care of their yards and gardens. Northwest Tahoka in particular has been one great flower garden this spring, with all the flowers people once said wouldn't grow here blooming in profusion.

Mrs. W. T. Hill dropped into the News office Wednesday to add the name of her son to the growing list of Lynn county boys in the U. S. service. Jess L. Hill is now a sergeant at Ft. Bragg, N. C., having enlisted in November, 1939. Another son, David L. Hill, who enlisted the same month is a corporal at Camp Roberts in California.

R. L. Pirtle and C. R. Cargile of Draw, who were here Monday, report that some much appreciated grading is being done on the Draw-Tahoka road. They suggested that some hard-surfacing of roads in this county would be a welcome improvement, but they made no suggestion as to how the money might be raised.

Baptist Brotherhood Is Organized Here

With Truett Smith acting as toastmaster, about thirty of the men of the Baptist Church enjoyed a feast spread on tables in the basement of the Church here Monday night and heard a guest speaker, Lyman Wren, a business man of Snyder, talk for forty minutes on the good that may be accomplished by a live, working, organized band of men dedicated to the task of living and of selling to the community the Christianity which they profess.

The speaker was so earnest and so filled with enthusiasm, however, that when he closed it seemed that he had been speaking but a few minutes, some who attended reported.

Other talks were made by Rev. Geo. A. Dale and G. W. Simmons.

With Miss Valarie Wells at the piano, a quartet composed of L. D. Howell, H. P. Caveness, G. W. Simmons, and Dr. K. R. Durham rendered a couple of very appropriate selections.

Preceding the introduction of the guest speaker, the group went into the organization of a local Brotherhood. Deen Nowlin was elected president, C. A. Lawrence vice-president, Paul Casebeer secretary, and A. L. Smith treasurer.

Deen Nowlin announced that necessary committees would be announced later.

FORMER RESIDENT HERE FROM CHATANOOGA, TENN.

Mrs. J. T. Gist, recently of Chattanooga, Tenn., and her brother, Fred Barker of Levelland, were here for a short time Monday visiting their cousins, Mrs. Elbert Rogers and Mrs. Clay Bennett.

Mrs. Gist is better remembered here as Miss Eleanor Barker. She resided here with her mother for many years prior to her marriage. Mr. Gist is a geologist, and his work has caused them to live in many states. They were recently stationed in Chattanooga, but after a brief vacation in Texas, will report to company headquarters in Washington, D. C., for a new assignment, possibly in Maine.

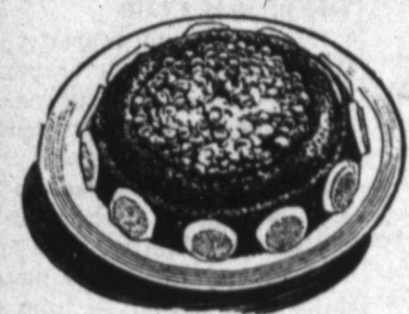

He was visiting his parents in Colorado while Mrs. Gist visited here and in Lubbock and Levelland.

COFFEE lb. **25c**

Meat Loaf Vegetable Ring
Broadcast by Mary Lee Taylor
April 24, 1941

12-oz. can finely chopped corned beef*
1/4 cup quick cooking rolled oats
1/4 cup finely cut onion
1/4 teaspoon salt
1/4 teaspoon pepper
2 cups Fat Milk
10 1/2-oz. can condensed cream of mushroom soup
1/2 cup water
3 cups drained peas, cooked or canned

Turn on oven and set at moderately slow (350° F.). Grease well, then dust with flour an 8 1/2-inch ring mold or loaf pan about 8 x 4 x 3 inches deep. Put chopped beef, oats, onion, 1/4 teaspoon salt and the pepper in bowl. Add 1 1/2 cups milk and mix thoroughly. Pack into prepared ring mold or pan. Bake 30 minutes, or until firm. Meanwhile put soup in saucepan. Gradually stir in remaining 1/2 cup milk, the water and 1/4 teaspoon salt. Add peas and heat thoroughly but do not boil. Remove meat from oven, loosen mixture from sides of pan, then let stand in pan 5 minutes before turning out. Garnish with slices of hard-cooked egg if desired. Fill center of ring with the hot vegetable mixture or arrange around loaf and serve at once. Serves 6.
*2 cups of left-over cooked and finely chopped corned beef may also be used.

No Clothespin on this Car's Nose!

Buick SPECIAL 6-passenger Sedan, \$1006. White sidewall tires extra!

WOULDN'T a sprinter or a long-distance runner look silly trying to race with a clothespin firmly clamped on his nose!

Yet, in a sense, something fairly close to that happens in nearly every car that lacks Buick's sensational Compound Carburetion.

For your engine has to breathe in huge quantities of air to be mixed with gasoline before it is burned in the cylinders.

But single-carburetor fuel supply systems can handle only a given volume of air.

To that extent, then, an ordinary engine has a clothespin on its nose—a limitation on air supply for big power operation.

†Optional equipment on the Buick SPECIAL, standard on all other models.

We remove that clothespin very simply—by having two carburetors; one that handles all casual driving smoothly and efficiently, another to jump in with more air and more fuel when you call for extra power by stepping on the gas treadle!

Simple? Very simple indeed.

And simply marvelous in the extra FIREBALL wallop it gives you and in the gas savings you get—as much as 10% to 15% over previous Buicks with the same-size engines.

Maybe you'd better go see your Buick dealer now.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that
may appear in the columns of The
News will be gladly corrected when
called to our attention.

We have just witnessed the mis-
erable fiasco of the governor of a
great state appointing to the high
position of United States Senator a
man who by reason of his age and
his physical condition is utterly in-
capable of performing even the
smallest of the duties of the office;
and his incapacity was well known
to the governor when the latter
made the appointment. It is offered
as an excuse that any person ap-
pointed to the office could serve on-
ly two months or a little more and
would be able to accomplish little
however great might be his ability.
But at least he could attend the
sessions of the Senate regularly and
could vote. We believe that in these
troubled times, and in fact at any
time, a United States Senator should
be selected from those citizens of
the state who are the most able and
best fitted to perform the duties of
the office. Such puerile stunts as
that performed by our governor in
the appointment of a sick and de-
crepit man eighty-seven years of
age is what brings ridicule upon
the people of this state. If the
Governor desired merely to make a
fine gesture he could have done
much better by appointing Mrs.
Morris Sheppard.

A group of isolationists up at
Washington with followers through-
out the country raise a great hue

Also GOOD COMEDY

and cry every time any one hints
at the possibility of this country
furnishing convoys for the mer-
chant ships that transport to Great
Britain the munitions and supplies
which we have pledged and under-
taken to furnish the British in or-
der to enable them to stop Hitler,
and thus far it seems that no one
in Congress or high up in the Gov-
ernment service has dared to advo-
cate openly the furnishing of such
convoys by this Government. As for
us we believe it ought to be done;
and we believe that a majority of
the people feel the same way about
it. If we expect our aid to be effec-
tive, what is the sense in manufac-
turing and delivering to Great
Britain these supplies at our own
doors if they are never to reach
British shores? Having entered up-
on the avowed policy of furnishing
all aid possible short of war to
Great Britain, we think it is the
part of wisdom and duty to see
that the aid hits the spot. We are
not in favor of permitting the iso-
lationists and the obstructionists to
dictate the foreign policy of this
government.

Just a few weeks ago that big
Japanese war-lord, Matsuoka, or
whatever his name is, was declar-
ing that he saw no prospect of war
with the United States. The rela-
tions between these two countries
were looking most rosy, as far
as his eyesight could reach at that
time. But that was when the Ital-
ians were being whipped to a frazzle
in Africa and in Albania, before
the Germans had begun their drive
into Greece, and before Matsuoka
had concluded a non-aggression
treaty with Stalin. Just this week
Matsuoka was quoted as saying that
a war between Germany, Italy, Rus-
sia, and Japan on the one side and
Great Britain, the United States,
and China on the other was just
around the corner. The United
States doesn't want war with any
nation on earth. But when a bunch
of nations become international brig-
ands and hijackers then decent na-
tions are compelled to get ready to
fight. We hope that the United
States may become thoroughly pre-
pared by the time that bunch of
murderous robbers may decide to
take us on.

Congressman Lyndon Johnson of
the Austin district has entered the
race for the United States Senate
with the approving nod of the Pres-
ident. Martin Dies had made his
entry several days before under the
President's frown. A better and
stronger man than either of them,
in our humble opinion, is to be
found in our cable and vigorous
young attorney general, Gerald C.
Mann. Texas could hardly do bet-
ter than to send him to the Senate.

That frightful gale that swept
down from the northwest last Fri-
day night put a sudden end to the
balmy weather that had prevailed
for several days and the wintry
temperatures that followed put a
crimp in the plans of many a farm-
er to begin planting cotton seed
this week.

Being an ardent admirer and fol-
lower of Gov. W. Lee O'Daniel, we
here and now rise to nominate that
life-long Republican, Andrew Jack-
son Houston, as the Democratic
nominee for President of the United
States in 1944.

Charlie Walden, manager of the
West Texas Gas Co. at Post and
formerly manager here, was a busi-
ness visitor here Monday.

Mr. and Mrs. Estes Mourfield
spent several days last week at Al-
buquerque, N. M., visiting one of
Estes' uncles.

Miss Ethel Calahan and Mr. and
Mrs. J. M. Scott have been visiting
in Dallas and in Oklahoma this
week but are expected home today.

DON'T take chances with your
chicks. Put Dr. Salsbury's PHEN-
O-SAL tablets in their drinking water
regularly.

**"Build-Up" Important
Protector of Women**

A weak, undernourished condition
often enables functional dysmen-
rhea to get a foothold; thus leads
to much of woman's suffering from
headaches, nervousness, and other
periodic discomfort.
CARDUI's principal help for such
distress comes from the way it
usually stimulates appetite; in-
creases flow of gastric juice; thus
aids digestion; helps build energy,
strength, physical resistance to
periodic pain for many.
Another way, many women find
help for periodic distress: Take
CARDUI a few days before and dur-
ing "the time." Women have used
CARDUI for more than 50 years!

**REVIVAL TO CLOSE AT
GRASSLAND SUNDAY**

The series of gospel meetings which
were begun on last Sunday morning
at the Grassland Church of Christ
will come to a close next Sunday
night. Elder Thomas McDonald of
the Southside Church of Christ in
Lubbock has been conducting the
services throughout this week and
preach tonight and tomorrow night.

Special all-day services have been
planned for Sunday. Elder Liff
Sanders of Lubbock will preach at
both the morning and night services.
Following the morning services a
basket lunch will be spread. Ar-
rangements have been made to post-
pone the luncheon until approxima-
tely 12:45 o'clock in order that any
one from surrounding localities may
arrive in time for the dinner.
At three o'clock in the afternoon
a special song service is planned
and a number of preachers are ex-
pected to make short talks.
The public is invited to attend all
of these services.

WELLS 4-H CLUB

"If shrubs are properly planted
they can add much beauty to the
home," said Miss Maurine McNatt
at the Wells 4-H Club April 17 at
the regular meeting place.
Shrubs should not be set in straight
rows but should be planted so that
a pleasing irregular line can be
kept around the shrub masses. All
shrub beds should be from four to
six feet wide. Too many arbor vitae,
junipers, and conifers should not be
used. They are expensive and are
more attractive when mixed with
flowering and berried shrubs.
Fifteen members were present.
The next meeting will be May 8
with the sponsor, Mrs. Buster
Phipps, in charge.

**SOLDIER BOYS VISIT
WITH HOME FOLKS**

Four Tahoka boys from Camp
Bowie, Brownwood, spent the week
end here, returning to camp Mon-
day afternoon, Robert Maddox, Finis
and Keith Connolly, and James
Foster. All the boys were looking
fine.

Also here over the week-end was
Roy Hicks from Fort Bliss. He al-
so left Monday afternoon.

Rev. and Mrs. George A. Dale
were in Lubbock Tuesday night at-
tending a piano recital given by
their little grand daughter, Dorothy
Dale Kennedy, in the home of her
parents, Mr. and Mrs. G. R. Ken-
nedy.

W. E. (Happy) Smith, Tahoka
postmaster, went to Austin Monday
on a business trip.

**NEW OFFICERS NAMED
BY PANHANDLE PRESS**

Amarillo, April 19.—The Texas
Panhandle Press association unani-
mously adopted a resolution calling
for voluntary censorship of vital de-
fense facts.

The Panhandle editors, holding
their 32nd annual convention here,
also adopted a strongly-worded res-
olution opposing strikes in defense
production plants.

Tex DeWeese, editor of the Pam-
pa News, was elected president of
the association, succeeding Mrs.
Seth B. Holman of the Hereford
Brand, first woman president of the
group.

Wes Izzard of the Amarillo GLOBE-
NEWS was elected vice president,
and Clyde Warwick of the Canyon
News, secretary 29 years, was re-
elected.

COOPER'S BIRTHDAY

Mrs. E. J. Cooper gave a dinner
honoring her husband on his birth-
day last Sunday. Guests included:
Mr. and Mrs. P. A. Nowlin and lit-
tle daughters, Mr. and Mrs. Noel
Cooper, Mr. and Mrs. Alton Cain
and little son, Mr. and Mrs. Andrew
Cooper and little son. Also present
besides Mr. and Mrs. Cooper were
their daughters, Misses Mildred and
Vinita, of the home.

Wade Howell, third year student
in Texas Tech, was at home over
the week end. He told his parents,
Mr. and Mrs. H. B. Howell, that he
greatly enjoyed his recent trip to
important Texas cities that he made
with his class. Wade, who was born
and reared here on the Plains,
found the scenery in that part of
the state especially interesting,
much of the pasture land being
blanketed with Texas bluebonnets,
winecups, and other flowers not
growing here.

Mr. and Mrs. Noel Cooper, Mrs.
E. J. Cooper and Peggy Ann Now-
lin have returned from a trip on
which the Noel Coopers visited her
relatives in the vicinity of Dallas,
and Mrs. E. J. Cooper and Peggy
Ann visited the former's daughter,
Mrs. Harold Dulin in Pine Bluff,
Arkansas.

T. T. Cowan and A. A. Mourfield
visited Mr. and Mrs. F. M. Billman
at DeLeon one day last week.

Farmers' Co-op Met Thursday

The stockholders and officers of the Farmers' Cooperative Association No. 1 and their wives together with Cooperative officials from other cities and towns and many invited guests attended the big barbecue luncheon spread by the organization on its gin plant premises here Thursday and many heard the program of music and addresses given in the warehouse building beginning at 10 o'clock in the morning.

After music by the Ko-op Kids.

Garrard Is Speaker At O'Donnell Club

Tom Garrard, local attorney, was guest speaker at O'Donnell Rotary Club Tuesday at noon and brought a rousing address in which he cited the dangers now confronting America from the dictator nations. The talk was heard by delegations from Lamesa, Lubbock, and Tahoka, as well as the O'Donnell Rotarians.

Many present declared the address one of the best they had ever heard.

Those attending the O'Donnell club meeting from here were Dr. Jim Sinclair, Kenneth Reid, Wynne Collier, Dr. Emil Prohl, W. T. Bovell, Frank Hill, Ray Weathers, and Rollin McCord.

CORRECTION

The News is informed that the Civil Service Commission has called off the examination for carrier on the O'Donnell Route No. 3 and that some man already in the service will be transferred to that place. This information was sent The News last week, but the bearer of the message failed to inform us until after the news story announcing the examination had already been printed in the paper.

CARD OF THANKS

We wish to thank those who expressed their sympathy by giving us assistance, financial and otherwise, following the destruction of our tractor by fire. Many thanks, friends.—Jack Endsley and family.

Second Lieutenant James Minor of Camp Bowie visited his parents, Mr. and Mrs. John W. Minor, and other relatives and friends here Sunday.

John A. Roberts delivered the welcome address, and the response was given by Mrs. G. B. Sherrod.

"Cotton Stamps" were discussed by C. A. Lawrence, and "Future Farmers of America" was the topic of one of the FSA boys of the Tahoka high school, Robert Warren.

Dr. T. C. Root, of the Texas Technological College was the principal speaker of the day, his subject being "Cooperatives and their Mission."

"Texas Farm Bureau Federation" was discussed by Bill Tilson, state director.

A business meeting was held in the afternoon, too late for the News to get a report of the proceedings.

As chairman of the board of directors, B. J. Emanuel was master of ceremonies. The preparation of the program and the barbecue was done under the supervision of Claude Donaldson, general manager of the local organization.

Only Three Make Appeal On Draft

Out of 483 Selective Service registrants classified by the Lynn County Draft Board, there have been only three appeals from decisions. Mrs. Lois McMahon, secretary, told the News. In each case, the action of the local board has been affirmed.

Out of 272,005 registrants classified by Texas' 351 local boards up to April 1, there had been only 527 appeals, she is informed by J. Watt Page, state director.

In spite of this record, registrants and their families are informed that they are perfectly entitled to appeal any ruling of a local board and secure a review of their case.

R. B. McCord Runs Tractor In Cellar

Fred Mathews reports a very peculiar accident out at Grassland a few days ago.

He says that R. B. McCord ran two front wheels and one rear wheel off in to his cellar while plowing too close to the same. J. W. Warrick was passing and saw the tractor in this peculiar position, and being unable to find anyone round the place he reported the sad news to Mrs. Claude Thomas, Mr. McCord's daughter. Somewhat alarmed, she was preparing to go to her father's rescue when Mr. Warrick met Mr. McCord and then had to straighten up his report, Fred says.

McCord's alibi was that he had faulty brakes.

Interesting Rotary Program Is Given

At the Rotary luncheon Thursday, Miss Ruby Nell Smith made an explanation of the origin and the purpose of the Boys and Girls Recognition Week and made an appeal to Rotarians to attend the special program to be given in the high school auditorium next Tuesday night.

She also called attention to the special services to be held at the Methodist Church Friday night and Sunday morning and at the Baptist Church Sunday night in recognition of the boys and girls of the town and community.

With Clint Walker in charge of the program, Tom Garrard made a talk setting forth world conditions and the perils that confront America that should be repeated and enlarged so that every citizen in this section of the state might hear it and become aroused. Though the address was greatly curtailed for

New School Song Is Adopted Here

By Jim McDonald
Students of Tahoka High School have adopted a new school song. Mr. John Hamblen, band director, composed the song. The "Bulldog Song", commonly known as the school song of Tahoka will be used as the fight song of Tahoka High School in the future. Students and faculty members felt that the school needed a more dignified song for formal occasions, therefore the following song has been selected:

On Tahoka's Western border
Reared against the sky
Proudly stands our Alma Mater
As the years roll by.
Onward, upward, ever forward;
Watchword: "Never Fall."
Hail to thee, our Alma Mater,
T. H. S. all Hail!

lack of time, it was very illuminating.

Principal Lee Dodson of the High and Saturday for the annual commissioner, stated that Boy Scouts from Slaton Wilson, Southland and Post would meet here Friday night and Saturday for the annual camp. The Rotary Club will furnish their eats Saturday at noon.

Walter Anglin suggested that Tahoka start a campaign to collect aluminum for the purpose of aiding the nation defense program.

President, Kenneth R. Durham urged that many local Rotarians should begin planning now to attend the Rotary International convention in Denver in June.

Huffaker O'Donnell Banquet Speaker

County Attorney Callaway Huffaker was the guest speaker at the Junior-Senior banquet at the high school building in O'Donnell last Friday night.

The theme of this occasion being Patriotism, Mr. Huffaker took for his subject Patriotism and Preparedness.

Callaway didn't say so but we surmise that he got up among the stars.

Including the sponsors and other faculty members, there were about a hundred present.

COLORED MEMBERS OF CHURCH CARRY ON

Rev. O. D. Hollins, pastor of the Pleasant Grove Baptist Church, has been ill with pneumonia, but is recovering but his members have been keeping all the services going, according to one of the members who visited the News office Wednesday.

Besides regular services this week end, they have asked us to announce two special programs. One of these to be given at 8:30 Saturday evening is singing by a male quartet from Tulsa, Okla. This promises to be good and a small admission fee is to be charged.

On Sunday night a home talent program with a chorus of 50 voices singing negro spirituals will be heard.

The white people, as well as the colored, are urged to attend these programs, according to Roberta Thompson, who is directing them.

J. L. Cunningham reports that his wife, who has been very sick the past few weeks, is now improving right along. In fact, she expects to go to Brownfield today to recuperate in the home of her daughter, Mrs. Johnnie Clark, and though a local physician will continue to attend her, another daughter, Mrs. Ruby Collins, a nurse of the Brownfield hospital, will be with her. A third daughter, Mrs. Violet Ricketts of Amarillo, has also been visiting her here.

Mrs. E. C. Forrester is recovering here in her home following the excision of her tonsils in a Lubbock sanitarium Monday. She was brought home Tuesday but is still confined to her room.

Rev. Hardy Home Following Operation

Rev. Ben Hardy returned to his home here Tuesday night, accompanied by Mrs. Hardy, from a Big Spring Hospital, where he recently underwent an operation for the removal of a cataract from his eye.

Rev. Hardy's improvement has been remarkably rapid, and for that reason family members have asked the News to express their gratitude to his physician, Dr. P. V. Malone of Big Spring, for the excellent care Rev. Hardy was given.

SPECIAL SERVICES AT METHODIST CHURCH

Friday night at the revival special recognition is to be given to workers with the boys and girls in the Tahoka community. Teachers, school administrators, Boy Scout masters, Girl Scout workers, Scout council and troop committee members and Cub Scout workers, and Sunday School and Young Peoples' church workers are invited to sit in the middle section, reserved for the high school, Boy Scouts, Girl Scouts, and Cubs are invited to sit in a body together.—Geo. E. Turentine.

GGRASSLAND H. D. CLUB

Miss Maurine McNatt taught "Personality Through Clothing" in the home of Mrs. R. B. McCord, Tuesday afternoon.

The Club learned that the more narrow, duller finished belts were less conspicuous. The wider ones and those of more shiny finish tend to broaden the hips and magnify the waistline. They may also draw the spot intended for center interest.

Delicious cake and lemonade were served to Mes. A. A. Lawson, A. L. Shepherd, Claude Thomas, Roy Lemond, Tom Brown and Miss McNatt, by the hostess, Mrs. R. B. McCord.

Next meeting will be with Mrs. Roy Lemond, May 13th, at two o'clock. Visitors are always welcome.

DALE ANNOUNCES SUNDAY SERVICES

Back in my pulpit next Sunday morning, my subject will be, "If not Christ, Who?"

Sunday evening at 8:00 o'clock we will have a special service for youth. A special invitation is extended all the boys and girls, the young men and the young women of the community. The fathers and the mothers of the young people also are urged to attend with their children.

The Sunday evening subject will be "Life's Best Way."—Geo. A. Dale, Pastor.

J. L. Reese is able to be out again after having undergone a nose operation on Tuesday of last week. He avers that he is feeling fine since recovering from the effects of the operation. He had not been enjoying good health for several months.

Mrs. C. C. Ross attended the 10th anniversary Beauty School held in Lubbock Monday, Tuesday and Wednesday of this week. She reported "a wonderful time."

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

WPA Sewing Rooms At Tahoka And O'Donnell Has Big Year Of Work

By Millie Halsey Hill

In these days of war, when a great deal is being written and spoken about "The American Way of Life," and so on, we are very apt to fix our attention upon the vast amounts being spent to arm our nation for actual fighting.

But let us not overlook the fact that this "American way of life" is what it is largely because there are American HOMES. In fact, some one has aptly said, "The home is the first line of defense." If this is true, let us see what is being done with federal, state and county funds right here in Lynn county to strengthen and give security to some of our Lynn county homes in order that they, in turn, may become stronger links in this chain, or line, of defense.

Mrs. Clinton Is Supervisor

Down at the Lynn county building east of the square we learned that Mrs. Grace H. Clinton is supervising not only the Tahoka sewing room for lack of space, shall mention only two, economy and reports.

We found this clean bright room a veritable "beehive" of industry as

these busy, interested workers went about their various tasks. Here we saw many interesting things - but, for lack of space, shall mention only a few.

The women are learning many ways to save time, effort, money and material in their sewing work. They learn to use the right color and material for the garment according to its intended use. They cut by a plan, using a special layout for a guide for each width of material used. They use the machine for practically every step of making the garment even to the hemming and buttonhole making, so that each can average completing three garments in a working day. When we saw how completely used up a bolt of goods could be when the cutting was so carefully planned we wondered what women would do for "quilt scraps" if every woman should learn to cut that carefully?

Cutting Table Explained

Mrs. Essie Russell, who was at the cutting table explained how the project is now avoiding having to work up scraps or have a great waste of material. She said, "Instead of cutting just one garment at a time, we are now cutting a dozen or more garments at the same time in six different sizes if possible. Should the patterns not lay to a good advantage, other smaller ones are worked in until we have no scraps left. In some instances we plan in pockets, neck bands, cuffs and other such pieces for our next lay. The small pieces of white materials are used to print the labels that we sew on garments."

To understand and appreciate lay cutting and the group method of sewing (both factory methods of sewing) it will be necessary to see the project in operation. Mrs. Clinton told us that any one interested was welcome to visit this project at any time.

We knew before that all W. P. A. project supervisors are required to make very accurate and detailed daily, weekly and monthly records and to furnish copies of same to their district and state offices and to the county judge of the county that sponsors the work. From Mrs. Clinton's record we are giving some statistics on what the Lynn County Sewing rooms accomplished from October 28, 1939 to November 2, 1940.

7264 Garments Made Here

During this period the Tahoka Sewing Room had given employment to an average of almost 16 persons per month, which brought direct benefits to 66 persons. During these twelve months 7264 garments were completed in the Tahoka sewing room which were checked in to the Commodity department which issued them to many low-income families throughout Lynn county, thus greatly enlarging the circle of those benefitted by the Sewing Room project.

During this period the W. P. A. spent in the community for labor in this sewing room \$6691.67. To give these women employment by furnishing them materials on which to work the W. P. A. purchased 9,271 3/4 yards of materials costing 11 cents per yard, or \$1019.89 1/2. The sponsor spent for textiles and findings to complete these 7264 garments \$314.13. The sponsor also furnished a suitable working room with all utilities for carrying on the project, same having a value for the twelve month period of \$1164.90.

While the W. P. A. and the sponsor were spending this money in order that some sixteen families could carry on their normal home life, educate their children, take part in religious, civic and social affairs of the community, we know that many another family was enabled to do the same because of the addition of some neat, well-made garments to their otherwise meager wardrobe. Then, too, much of this cash was re-spent in this very community to make cash payments for the many requirements of wholesome everyday living. And these very things

contribute to the morale of the community as a whole and increase the courage of all in the struggle to maintain our American ideals of "liberty and justice for all."

O'Donnell Report Made

While the O'Donnell Sewing Room has the same supervisor and sends its completed garments to the commodity office at Tahoka, the county site, from whence they are issued to low-income families all over the

county, we shall give only its statistical reports, covering the identical period as that given in the Tahoka report.

From October 28, 1939, to November 2, 1940, the records show that an average of above eleven women were employed each month, and that 59 prsons were directly benefitted. A total of 5993 garments were completed.

Total W. P. A. cost (labor and

non-labor 12 months) was \$5,947.59. Of this the labor cost to W. P. A. was 5,224.57, while the material cost, at 11 cents per yard, totaled \$723.02.

Total cost to the sponsor, 12 months, was \$880.98, of which \$682.94 was for rent and utilities, and \$201.04 was for textiles and findings.

Total federal material used was 7,800 1/4 yards and total sponsor's material used was 658 3/4 yards.

At the two sewing rooms, Tahoka and O'Donnell, an average of 27 plus women were employed, a total of 125 persons were directly benefitted. A grand total of 13,257 garments were completed.

The total spent by W. P. A. for etrial was \$1,724.91. Value or rental labor was \$11,916.24 and for tra-and utilities furnished by sponsor was \$1,847.84 and materials was \$515.17.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Golf Contests Held Sunday

Thirty-five golfers participated in the flag tournament held Sunday afternoon on the course of Tahoka Golf Club, a tournament in which the poor golfer, because of handicaps awarded, had just as good a chance of winning as the better cow pasture pool hotshots.

In fact, R. M. Thomas of Grassland, with a 100-stroke handicap, was champion of the day, while Loyd Edward's flag was next in line down the No. 1 fairway, which does not make The News' golf editor feel so bad about that 65 he shot one day last summer—65 on 9 holes.

Mr. and Mrs. D. G. Ridge spent Sunday and San Jacinto holiday visiting in Hale county.

PHEBE K. WARNER CLUB HEARS TECH WOMAN

Mesdames L. F. Craft and Woodrow Walker were co-hostesses to the Phebe K. Warner Club in the home of Mrs. Prentice Walker Tuesday afternoon. Each member had brought a guest, and there were 34 present to hear a lecture by Miss Houghton of the Texas Tech faculty on "Mexico".

Slides were used to illustrate Miss Houghton's story of the places she has visited. She told the club that floating islands are made by weaving mats topped with soil and planted with flowers and shrubs. One outstanding garden, The Border Garden, is planted with seeds from every country in the world, making it most unique and beautiful.

Miss Houghton stated the Pueblo is the political center of Mexico, and a leader who can govern Pueblo rules all Mexico.

"Our football games are more colorful than the bullfights," she said in speaking of sports. "Most of the spectators wear dark clothing to these events."

SUNDAY SCHOOL WORKER FILLS PULPIT HERE

Mr. W. J. Lites, assistant state Sunday School secretary, filled the pulpit at the Baptist Church here Sunday.

Services were dispensed with on Sunday night in order that the members might attend the revival in progress at the Methodist church.

During three days this week, Mr. Lites conducted Sunday School study courses at Wilson, Brownfield and Plains.

Mr. and Mrs. A. J. Mullins were hosts at a birthday dinner Sunday honoring their only daughter, Mrs. O. B. Davis Jr. of Dixie. Guests included Mr. and Mrs. J. T. Lee and Irene, Mr. and Mrs. T. C. Lee and children, all of Idalou, Mrs. G. M. Green and daughter of Brownfield, the honoree, Mrs. Davis, and husband, O. B. Davis Jr.

Joyce Weaver and Mrs. Lillie B. Walters are spending two weeks with Mrs. Walters' parents, Mr. and Mrs. B. T. Ussery in Dallas.

Congratulations . . .

To Mr. and Mrs. Odie Best of Wilson on the birth of an eight pound son, whom they have named Odie Carroll, last Friday morning at 7:40 o'clock. The newcomer is the grandson of Mr. and Mrs. P. D. Server of Tahoka. Mrs. Server is visiting her daughter and babies.

Peanut Growers Holding Election

Peanut growers in Lynn county will be given an opportunity to vote on the 1941 peanut program on Saturday of next week.

Nineteen Lynn county farmers produced peanuts for the market last year with about 300 acres devoted to this crop, according to C. A. Lawrence, secretary for the Lynn County AAA.

Dr. E. E. Callaway, who has almost a score of farms in this county, started the tenants on his farms, especially those in the Draw community, to raising peanuts three or four years ago, Mr. Lawrence says. The crop has proved to be fairly profitable but Mr. Lawrence does not recommend it as a commercial crop. When the vines are removed from the land when the crop is harvested, it leaves the soil so barren that the high winds have a free hand in blowing it away.

The crops in this county have been running from 15 to 25 bushels per acre however, and the nuts, or peas, have been bringing something like 90 cents per bushel.

Announcement of the election is contained in a press release given to the News by Fred McGinty, Lynn county AAA chairman.

"All farmers interested in the production of peanuts will benefit from adoption of marketing quotas on the 1941 peanut crop if growers approve quotas in the nation-wide referendum Saturday, April 26," Mr. McGinty said.

He pointed out that rejection of quotas in the referendum would mean that no price-stabilizing diversion-to-oil program would be in effect, while approval would mean that either the diversion program or a loan program, or both, would operate to protect the growers.

R. H. Grubbs Jr. of Fort Sill, Oklahoma, was the recent guest of his parents and family and his cousin A. B. Grubbs. It was the second time he had been home since he enlisted. He is in the 18th field artillery. He said that the army is a great place to be in. He had a great visit here and C. C. Dwight says that he made a call at the NU Studio while in town.

Mrs. W. S. Taylor and daughter, Mrs. A. R. Milliken and baby, left Tuesday morning to be at the bedside of Mrs. Taylor's brother, who underwent a very serious emergency operation in San Antonio on that day.

NEILL WALKER GOES INTO AVIATION TRAINING

Neill Walker, son of Mr. and Mrs. J. B. Walker, a native of Tahoka and a resident of the town until about three years ago, when the family removed to Lubbock, was here visiting friends Monday. He expects to leave for the Ryan School of Aeronautics, Lindbergh Field, San Diego, California, on Friday or Saturday of this week where he will take primary training in aviation.

After that, he will be sent to some destination unknown at this time for the regulation eight months training required of all applicants for "wings".

For the past three months he has been working in a San Antonio drug store pending induction into the army. Having had the requisite college training, he successfully stood the physical examination recently, and was informed that he would be sent to San Diego.

During Neill's senior year in high school here, the family removed to Lubbock and Neill graduated in the Lubbock high school. After that he attended the Texas Technological College for more than two years and then made application for enlistment in the army.

Mr. and Mrs. W. B. Slaton, Mr. and Mrs. Bob Collier and Ray Tillery attended the district meeting of bankers at Big Spring Monday, this being a holiday in this state commemorating the victory at San Jacinto on April 21, 1836. They report a good meeting and an enjoyable outing.

MARRIAGE LICENSES

Wilbert Wuenshe and Lorena Kaatz of Wilson were issued a license to wed at the county clerk's office here Saturday.

Byron Haynie and Chloe Lela Taylor from west of Post were issued licenses here and were married in a ceremony at the Baptist parsonage Sunday, with Rev. Geo. A. Dale officiating.

Mrs. O. J. Warren returned home last Saturday after spending about a month with relatives in Corsicana and at Rotan. She was accompanied by Mr. Warren's father of Rotan who made a short visit in the Warren home here.

Mr. and Mrs. Fred B. Hegl and son, John Jacob, visited Mr. Hegl's mother, Mrs. John Hegl, and other relatives Sunday and Monday. This was the young son's first visit with his relatives.

Miss Elizabeth Server of Haskell county arrived here last Friday to take a position as operator at Minnie's Beauty Shoppe. Miss Server is a niece of Mr. and Mrs. P. D. Server.

STATED MEETINGS OF

Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

BUEL DRAPER, W. M.
H. L. RODDY, Secretary.

A poorly balanced ration fed to growing pullets reduces the number of eggs as well as the weight per egg. Purina Chick Growers, an especially prepared ration, is built to help give you full, well-developed pullets, ready to lay lots of eggs in the shortest possible time. What's more, Growers is economical to feed. Actually it takes but 16 lbs. to carry a bird through the growing period. No matter how you look at it, it doesn't cost to feed pullets right—IT PAYS!

Come in to see us about your growing feed needs today.

LOCAL REPRESENTATIVE

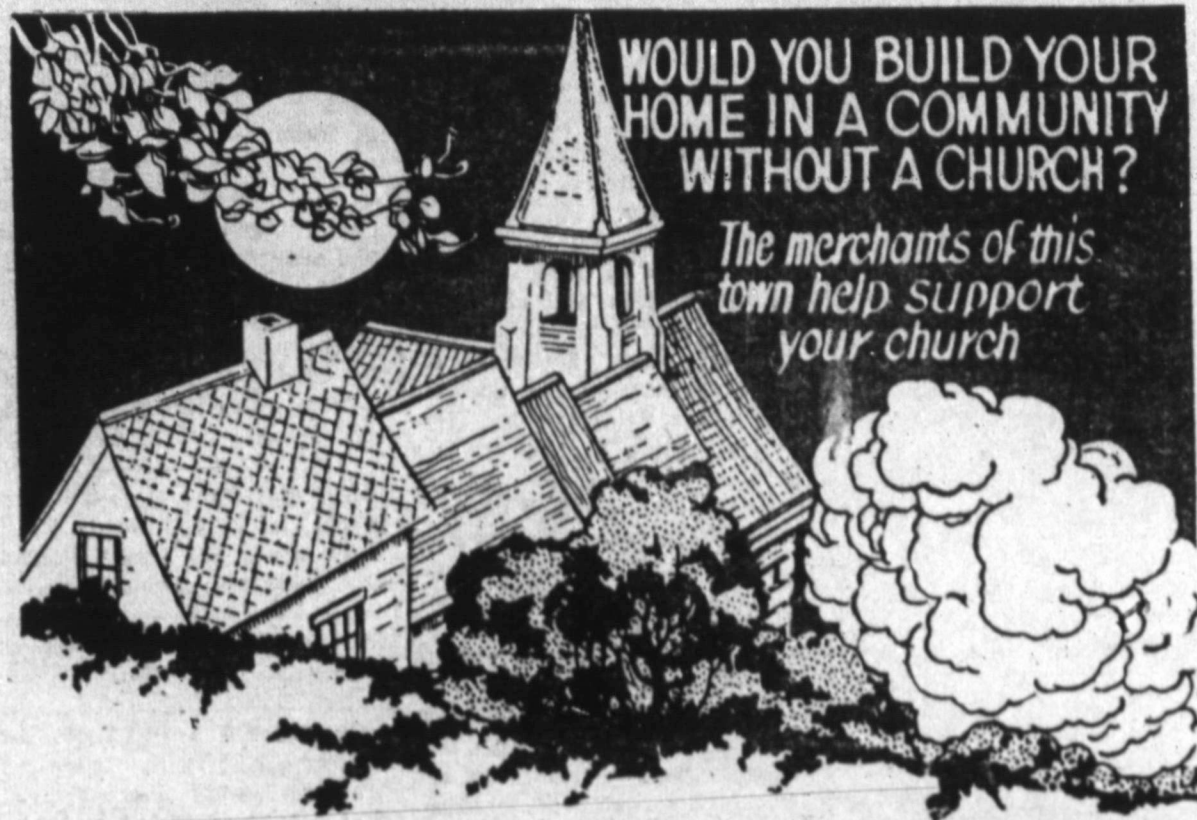

Would You . . .

Build Your Home In A Community Without A Church?

THOUSANDS OF TOURISTS AND VISITORS ANNUALLY OBSERVE TAHOKA'S BEAUTIFUL CHURCHES!

No greater advertisement could a proud city or section of countryside have than its pride in its local churches. All churches are tax free and naturally have to be maintained by you and your local business firms. It is one of civilization's greatest advantages and blessings to have outstanding places of worship.

Would you like to drive to the next town to worship? Would you build your home in a town without a place to worship? It is much better to have your home in a town with all the churches you care to worship in. Good churches are a credit and advantage to any community. They are the mirror of reflection to the faith you have in your own home community. Your local merchants contribute much to the up-keep of your churches. Buy from your local firms first. Your prosperity depends particularly on your loyalty in supporting your local firms.

RECOGNITION DAY

(Continued From Page 1)

Queen, Colene Carmack, by A. R. Bostick. Other Grade School queens and their respective escorts will also be in attendance.

2. Concert by Junior Band under the direction of Bandmaster John Hamblen.

3. Rhythm Band concert by the Third grade.

4. Grade School Choral Club under direction of Miss Georgia Taylor.

5. Presentation of perfect attendance awards and recognition of County Meet participants by Principal A. L. Pace.

Exhibits of work being done by the pupils will be on display in the respective Grade School rooms throughout the day.

Patrons and others interested in our public school system and its work are not only invited but urged to be in attendance at the program and to visit each room and department during the day. So, come on! Let's go to school next Tuesday!

LEGION METING

(Continued From Page 1)

membership quota. The quota given was 35 and the local post signed up 44 members in 1940. Jim Dye was elected custodian of the Legion home and definite instructions given him on who may use the building and under what conditions. On the suggestion of Adjutant Roy Edwards, the Legion voted to sponsor some underprivileged boy in local Boy Scout work to the extent of furnishing him any clothing, dues, etc., he might need.

An effort is being made to arouse more interest in the organization and its meetings among the members. The local Auxiliary is one of the outstanding Auxiliaries in Texas, very active in many affairs. During the current year, the quota of membership was 30, but the local Auxiliary has a total of 68 members.

Mr. and Mrs. W. P. Inman came up from their home near Snyder Wednesday to attend the Farmers Co-op program here Thursday. Mr. Inman stated that he was a charter member of the Farmer's Co-operative Association here. Having lived in the county many years, the Inmans have a large number of friends here besides several children who are always glad to have them come back.

Mr. Stuteville, father of Mrs. C. A. Lawrence, who is residing here at present, is visiting his son and family at Idalou this week.

Junior-Senior Banquet Monday

Members of the Junior Class and their sponsors, Mrs. Pauline Walker and Mr. Leslie Browning, of Tahoka High School will be hosts and hostesses Monday night when they stage the traditional Junior-Senior banquet at 8 o'clock in the local gymnasium.

A military and Americanism motif will be featured in the table decorations. The banquet tables will be placed in the shape of the three letters, U. S. A. Red and white flowers will center the tables.

The program is as follows: Invocation—Mr. Hanes.

"What So Proudly We Hail," Mary Beth Roddy.

"Of Thee We Sing," Earl Adams.

"Taps," Joan Edwards, Peggy and Mary Beth Fenton.

"Cookie Soldiers," Margie Shepherd.

"A Thoroughfare For Freedom Beat Across the Wilderness," Mr. Dodson.

"Memories," Helen Belle Pemberton.

"Musical," Mary R. Hargett.

"God Bless America," Mr. Hanes.

"Soldiers' Song," Billie Lee Burleson, Pershing Alexander.

"Farewell to Arms" Edwin Alexander.

Myrna Dean Gagnat will entertain with a reception at the home of her parents following the banquet.

Mr. and Mrs. C. A. Thomas, who went to Galveston April 5 to be

with their son, Skiles, medical student there, and to enjoy the salubrious climate of that coast city, write: "We read the Lynn County News and it was like getting a bunch of letters from home." They were also enjoying the beach, they said. Thanks, friends.

MORE COTTON GROWERS
"BETTING ON CERESAN"
FOR BETTER STANDS
HIGHER YIELDS

Last year's yield increases—last year's high praise by State Colleges—mean more acres planted to CERESAN-treated cotton seed this season! Be among the growers to profit! Texas Bulletin 531 says, "For College Station the average increase in yield for Ceresan-treated seed was 64 pounds of lint per acre . . ." Temple, Texas, tells of "doubled" germination. Oklahoma A. & M. Experiment Station Circular 89 says, "Dusting the seed with Ceresan is in more general use than any other cotton seed treatment . . ." CERESAN costs little; reduces seed rotting and sore-shin; generally improves stands and yields. Treat your own seed, or look for the Ceresan Treatment Tag on seed you buy!

The SPRING INVASION of FLIES is now on!

Are You Prepared?

A screen door needs springs and strong, quick acting latches to keep it closed. Window screens that do not fit tightly and remain snug need the addition of screen hangers or steel corners to keep them from warping out of shape.

The fly menace is here now. Why delay the installation of these safeguards to health and sanitation?
