Outstanding School Pupils Are Honored

Visitors Shown School's Work

By Valarie Bartley
Ninety students of Tahoka High School were honored for their outstanding work throughout the current school year Tuesday night at 8:45 in the local high school auditorium.

Greta Applewhite, editor of "The Growl", school paper, business manager of the Pep Squad and treasurer of the Senior Class, received the medal for best-all-around girl of Tahoka High School. Greta, daughter of Mr. and Mrs. J. K. Applewhite, has also done outstanding work in dramatics during the year.

President of the Senior Class, Earl Adams, was named the best-all-around boy. He is also the co-captain of the 1940-41 football team. He was given special recognition for his outstanding work in dramatics and received "T" awards for his activity in football, basketball and one-act play.

An outstanding boy and girl from each of the five classes in high school received special medals. The Senior boy and girl were Joe Lehman, son of Mr. and Mrs. A. L. Lehman and Lenore Anglin daughter of Mr. and Mrs. W. S. Anglin.

Helen Pemberton, daughter of Mr. and Mrs. M. R. Pemberton, and Wendell Coffee, were selected as best all-round boy and girl of the Junior Class. Helen was the 1940 Football Queen and was selected as Home Town speaker at W. T. C. C. She also was awarded a "T" award in declamation and was recognized for outstanding work in band. Wendell was given a medal for an A average and a "T" award in debate. He also did outstanding work on "The Growl".

La Voyle Richardson and James "Sonny" Roberts of the Sophomore class, were recognized as the best all-round boy and girl of that class. La Voyle, daughter of R. L. Richardson, received a medal for an A average. Sonny, son of O. C. Roberts, (Continued To Back Page)

Dogs, Chickens Damage Yards

City Marshal W. M. Lee reports that he is receiving many complaints of dogs and chickens damaging flower beds, shrubs, and lawns, and is informed of one instance where a dog killed six or seven grown hens.

Attention is called to the fact that it is a violation of the law to allow your chickens to run at large in the city limits of Tahoka, and all dogs must bear a license tag. Mr. Lee states that he is going to enforce these laws rigidly, as many people wish to raise flowers and shrubs and lawns, and the running at large of dogs and chickens will not be tolerated.

Methodist Revival Brought To Close

Greatly handicapped the latter part of the week by rains, the two-weeks revival services at the Methodist Church came to a close Sunday with gratifying results.

The campaign resulted in a number of additions to the church and the deepening of the spiritual life of many of the members.

The discourses delivered by the visiting evangelist, Rev. R. N. Huckabee, were both unique and interesting and were greatly appreciated by the congregation.

On last Friday night, the school students were given special recognition and were invited to participate in the program of the hour, which they did, by singing the class song and other school numbers. Many students were present but their number was reduced somewhat by the rain which was falling.

There were other special services during the revival which were greatly enjoyed. Though the revival resulted in no great number of conversions or additions to the church it is believed that its effects will be felt in the town for many a day.

Five Registrants Offer Services

A call for three men from Lynn county under the selective service act to be inducted into the service on Wednesday, May 7, has been made, according to Mrs. Lois McMahon, clerk for the local draft board, and five volunteers are waiting to fill the call.

These five are: Thurman Murl Kilgore, a youth under 21 years of age residing with his uncle, C. E. Kilgore, out west of O'Donnell; Willard Wood, also under 21 years of age, residing near O'Donnell, his mother being a resident of New Mexico; Herbert Gail Smith, son of H. C. Smith and brother of Postmaster Happy Smith, whose order number is 284; Henry Arviel Collins, son of Mrs. Adeline Collins of O'Donnell, order No. 796; and D. S. Reno, Tahoka, Rt. 1, order No. 1270.

All of these have passed the medical examination and have been approved.

The board has also received a call for one colored man to be inducted into the service on Monday, May 19. Thus far there are no volunteers to fill this call.

News Editor Given Service Award

By Ruby Nell Smith
Mr. E. I. Hill, editor of the Lynn County News, received the Medalion for distinguished service to the Tahoka schools at the Recognition Service held at the High School auditorium Tuesday night.

"For your exceptional and distinguished service to the Tahoka schools during the current school year and for your contribution to true Americanism through our editorial policy and paper, I, as a representative of the Public Schools and the Rotary Club of Tahoka, award you this medal," This was the statement made by Supt. W. T. Hanes as he presented the award to Mr. Hill.

Mr. Hill was selected by a secret committee composed of members of the Rotary Club. Frank Hill, son of E. I. Hill, received the award in 1940. The first year that the Medalion was given for distinguished service to the schools, Mrs. J. K. Applewhite was honored with the presentation.

PTA To Install New Officers

The Tahoka Parent-Teacher Association will convene in its last regular session of the school year on Wednesday, May 7, at 3 o'clock in the grade school music room.

A review of the year's work will be given and the following officers for the ensuing year will be installed: President, Mrs. Fred McGinty; vice president, Mrs. Carl Owens; secretary, Miss Nellie Mae McLeary; treasurer, Mrs. A. R. Bostick; reporter, Mrs. D. G. Ridge.

Reports of the Fourteenth District Parent-Teacher convention, which met in Brownfield April 24, 25, and 26, will be given by the local delegates who were in attendance.

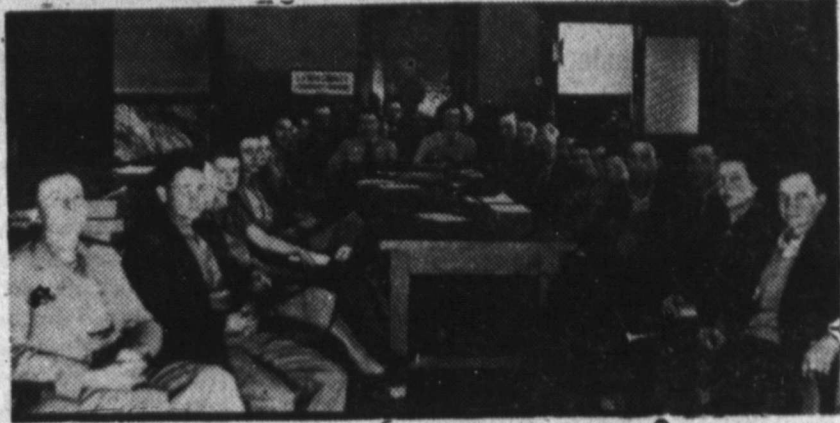

In observance of National Music Week, Miss Georgia Taylor will make a brief talk concerning same and follow up with numbers from her choral club.

Benefits to be derived from a "Summer Round Up" will be discussed by Mrs. Davis, county health nurse.

An urgent appeal is extended to all school patrons and other interested individuals to be in attendance at this final and perhaps most worthwhile meeting of the current year.

Mr. and Mrs. John White and John Jr. of Frederick, Okla., were here last week end visiting in the home of Mr. and Mrs. Carl Owens and family. Mrs. White and Mrs. Owens are sisters.

FSA Becoming Vital Factor In County

Pictured above are Farm Security Administration officials, Committeemen, and Tenant Purchase beneficiaries. Left to right are: Walter E. Dubree, Richard T. Moore, Mrs. Sylvester H. Verkamp, Roy L. Williams, Mrs. Williams, Mrs. E. J. Hewlett, E. J. Hewlett, Clarence L. Murray, Mrs. Willie G. Nieman, Willie G. Nieman, Jack Welch, county RE supervisor; Earl Wise, district supervisor; Myrlene Cannon, county HM supervisor; Homer Robbins, regional chief tenant purchase; James L. Parks, Mrs. Parks, B. J. Emanuel, TP committeeman; Mrs. Juanita Butler, district HM supervisor; Mrs. Richard T. Moore, Mrs. Walter E. Dubree, Mrs. Claude L. Brown, Durward W. Hancock, Mrs. Hancock, and Byron G. Milliken.

Farms Bought For Eleven Families

There are eleven tenant purchase families located in various parts of Lynn county. Five of the farms are located in the New Home community, five in the Wilson community, and one in Draw. Nine of these farms have complete new sets of improvements on them. This includes a new house, with five rooms and a bath, with running water, a new windmill with an overhead storage tank, a garage, barn large enough to furnish storage for feed and accommodate four to eight cows, poultry house about 20x30 in size, and the families plan to keep an average of 200 to 250 hens and there are other minor improvements. Two of the farms have remodeled old houses to look like new and built most of the other improvements new. The average size family living (Continued On Back Page)

Lamesa-Brownfield Road Authorized

The Terry county commissioners court this week is advertising for bids on construction of an asphalt topping on a proposed new road from Brownfield to the Dawson county line, the bids to be received until 10 a. m. May 14.

The Terry county road is to intersect at the Dawson-Terry county line with a similar road planned by Dawson county to extend into Lamesa.

The Terry county commissioner's court recently completed securing on "furnishing all necessary material, equipment, labor and transportation for constructing a two course penetration asphalt wearing surface on a compacted caliche base on the highway from Brownfield to the Dawson county line."—Brownfield News.

The Terry county commissioner's court recently completed securing on "furnishing all necessary material, equipment, labor and transportation for constructing a two course penetration asphalt wearing surface on a compacted caliche base on the highway from Brownfield to the Dawson county line."—Brownfield News.

PLAY AT WELLS MONDAY

A play entitled "Sitting Pretty" will be presented by the Wells High School in the school auditorium Monday night, May 5, beginning at 8:15. This is a farce in three acts. Everybody is invited. There will be no admission charge.

"I Am An American" Day Set For May 18

Committees have been appointed and are busy shaping up the program for I-AM-AN-AMERICAN Day to be observed in Tahoka and at many places throughout the nation on Sunday, May 18.

This day has been set for this observance by proclamation of President Roosevelt, which was published in this paper a few weeks ago.

Schools, civic clubs, service clubs, and even churches are being asked to join in a program designed to welcome the young men and the young women of the nation who have just become twenty-one years of age into the realm of full citizenship and to impress upon them the great privilege as well as the profound responsibility of being American citizens.

Invitations have been sent by the committee to the various school superintendents and faculties

T-Bar School Has Closing Program

The T-Bar school closed last Friday, according to County Superintendent Lenore M. Tunnell, the first in the county to come to the close of the term. T-Bar maintains a school of only eight months. All the other schools in the county have nine months sessions, Mrs. Tunnell says.

Diplomas were awarded to a number of graduates on Thursday night. District Attorney Rollin McCord made the address to the class.

The regular closing exercises were held on Friday night. With three teachers, eleven grades are taught in the T-Bar school. The teachers are: V. P. Carter, principal; Mrs. Carter, intermediate grades; Miss Faye Anderson, primary grades.

Senior Class Will Visit Ruidoso

By Frances Dobbins
Members of the Senior Class of 1941 and their sponsors, Misses Willie Pearl Dockray and Ineva Headrick, are making plans for a trip to Ruidoso, New Mexico, the week following their commencement.

The class plans to leave Tahoka Monday morning May 19, and return Wednesday May 21. Members of the school board have agreed to furnish a school bus as transportation for the trip.

An entertainment committee composed of Lenora Sargent as chairman, Nell Barrington and Jeanne Simmons has been appointed by Earl Adams, president of the class. Money taken from the Senior Class fund will be used to make the trip.

The condition of N. E. Woods is reported to be improving satisfactorily in a Lubbock hospital following an operation early Monday morning for appendicitis. The malady had reached a critical stage, peritonitis having already set up when the surgery was performed. It is believed that he will be able to return home within a few days.

Court Seeks Right-Of-Way To Slaton

Ground Soaked By Many Rains

If more rain doesn't fall before we can get this printed, it has rained 1.80 inches in Tahoka during the past week. From outward appearances, however, most people would estimate the fall at fully twice that much.

The first tug came during last weekend, the rain gauge checking up .88 of an inch. Then on Monday night, the weather man got busy again and brought us .92 of an inch additional. These items include the moisture that came in the form of mist before and between the two rain periods.

In some parts of the county, the rainfall doubtless was much heavier than it was in Tahoka. In some sections east and northeast and southeast of town, as much as three to four inches was reported in some localities.

Heavy rains that fell in some localities will probably make it necessary for farmers who had planted a portion of their crops to replant the same. In most places, however, the rains came just about right to suit everybody, and farm-

(Continued on Back Page)

12-Grade System Is Studied Here

By Ruby Nell Smith
A committee composed of the teachers of the first three grades of Tahoka Grade School have been appointed to study the 12-grade school system.

This system has been adopted by a number of schools in Texas. Others have investigated and observed the method this year and plan to install the system during the school year of 1941-42.

Mrs. Louise Wyatt was elected chairman of the Tahoka committee. The purpose of the committee is to begin observation during the coming school year in order that the Tahoka schools would be prepared in case the 12-grade system becomes a state requirement.

The teachers will make a further study of the system this summer. Then during the ensuing school year they will visit such schools as Amarillo, Plainview, Lubbock and other schools that have the twelve grades at the present time.

Miss Gagnat Is Tahoka Sponsor

By Ruby Nell Smith
Miss Myrna Dean Gagnat, daughter of Mr. and Mrs. D. W. Gagnat of this city, has been selected as Tahoka's official representative to attend the annual Dairy Show which will be staged in Plainview the week of May 5.

Myrna Dean will enter the contest as Miss Tahoka in the Dairy Show queen contest in competition with candidates from other West Texas towns. The contest will be held at the Hilton Hotel in that city at the tea dance honoring the candidates at 3 o'clock Tuesday afternoon, May 6.

The queen and her court will appear in a pageant Tuesday night. Her court will be made up of the losing candidates in the contest.

Mrs. Gagnat will serve as her daughter's chaperon and Mrs. E. H. Boullion will accompany them to the event.

Fire Does Damage To Negro Shack

Fire of undetermined origin was discovered in a small house occupied by Mattie Blivins, colored, on the old H. C. Crie premises Monday morning.

The fire department responded to the alarm promptly and succeeded in extinguishing the fire before it had done much damage to the building. Mattie lost practically all of her clothes and bedding, however.

Necessary If New Road Is Secured

Members of the commissioners' court are now engaged in procuring deeds for the right-of-way for the recently designated new highway extending from Tahoka through Wilson to Slaton, according to County Judge Chester Connolly.

There are thirty-six land owners in Lynn county who must sign deeds before the right-of-way is complete, and Judge Connolly says that about a third of the required deeds have been procured up to the present time.

The right-of-way is 120 feet wide. The new highway will diverge from the Lubbock highway a few hundred yards this side of the turn nearly two miles north of Tahoka and thence will angle across four tracts of land in a northeasterly direction until it contacts the railway right-of-way and will thence parallel the railway right-of-way through Wilson to the Lubbock county line.

It is hoped that little difficulty will be encountered in procuring this right-of-way, for the commissioners' court will be in no position to take the matter up further with the highway commission until all these right-of-way deeds have been procured.

When the task of procuring the right-of-way shall have been completed, the commissioners hope that the state highway commission may then be induced to allocate funds for the building of the highway.

This is a portion of a highway that has been designated from Plainview to Slaton and thence to Tahoka, giving a slightly more direct route between the two places and relieving federal highway No. 87, better known as No. 9, of some of its heavy traffic.

Highway No. 380 Paving Completed

Press reports bring the information that hot-topping of Highway 380, better known as state highway No. 84, has been completed from Plains westward to the New Mexico line.

This gives a hard-surfaced, all-weather highway now from Post, through Tahoka, Brownfield, Plains and Tatum to Roswell and thence across the mountains to the Pacific coast.

With the exception of a few gaps, it also gives a hard-surfaced highway east from Post through Claremont, Aspermont, Haskell, Throckmorton, Graham, and all points east of that place.

At Post this highway also intersects the Lubbock - Sweetwater highway which also gives the South Plains an out-let over paved highways to the east and southeast.

Whether a tourist comes by way of Graham and Haskell, or by way of Breckenridge, Albany, and Stamford, or by way of Abilene, Sweetwater and Snyder, the Post-Roswell highway No. 380 affords the most direct and the best route from the east to the mountains of southern and Central New Mexico and to the scenic grandeur to be found further west.

Service Registrants Warned of Swindlers

Mrs. Lois McMahon of the local draft board has submitted to the News for publication a warning issued by General J. Watt Page, state selective service director, advising that swindlers are operating in Texas selling policies to registrants which purport to insure them against military training.

Negroes especially were being made the victims of these swindlers, it was stated.

Some of these swindlers are impersonating army officers. Of course there can be no such insurance. Any violation of the selective service act is a federal offense and will be prosecuted by the United States Department of Justice whenever an offender can be apprehended, it is warned.

School Library Receives Books

Mrs. Lenore M. Tunnell on Monday received five additional books for the library maintained for the elementary schools of the county.

By paying a small fee, each of the elementary schools is allowed to take out ten of these books per week for the use of its students. A cursory inspection of the books received Monday indicate that they are of high quality and should be intensely interesting to the students.

Already there are several shelves of books in this library and frequent additions are being received.

Mrs. Tunnell also states that next week she will give intelligence tests to the pupils of the elementary schools. These tests consist of a list of questions furnished to each pupil, who writes answers to them under the supervision of the county superintendent. They are useful in determining the character of the work being done by the pupil, and also by the pupil's teacher.

For these tests charts are made showing the general progress of the entire school.

Mr. and Mrs. Kingston Crouch of Tulsa and Miss Irene Hawthorn of the New Lynn school faculty were week-end visitors with Mr. and Mrs. E. D. Crouch.

...With Each 100-Lb. Bag of
PURINA STARTENA

You'll want several of these big 24-inch, all-metal chick feeders. Designed to save feed and prevent waste, this feeder is durable and sturdy and will take care of 50 chicks. You can get one feeder free with every 100-lb. bag of Purina Startena. So this year give your chicks the right start with Purina Startena and get this special free chick feeder, too!

LYNDON JOHNSON IN RACE FOR SENATOR

Congressman Lyndon Johnson will open his campaign for the United States Senate Saturday night, May 3, at San Marcos, where he worked his way through the State Teachers college and which is in the heart of the congressional district he now represents.

His opening campaign speech will be carried over the major radio networks of the state at 8 p. m., and a huge statewide rally will be held.

Following the opening of his campaign in San Marcos Saturday night, Johnson will conduct an active speaking campaign, his itinerary calling for more than 200 speeches in every part of the state.

Johnson's record as a member of Congress and his close affiliation with the president and the administration in Washington make him a leading contender for the Senate seat left vacant by the death of the late Morris Sheppard.

Since his election to Congress from the Austin district in 1937, Lyndon B. Johnson's record has been an unbroken one of keen insight into the domestic problems of the American people and as the international crisis verged nearer to the nation's shores, he was constantly a stalwart among the country's leaders who foresaw danger to this land and made steps to prepare the country to meet that danger, as numerous editorials in the nation's press have pointed out.

West Texas campaign headquarters have been opened for him in Lubbock, and he is the first senatorial candidate to open a West Texas headquarters. Lloyd Croslin, Lubbock attorney, will be in charge of the Lubbock office.

SCOTT'S ATTEND CELEBRATION CHEROKEE STRIP OPENING

Mr. and Mrs. John Scott and Miss Ethel Calahan returned last week from a visit with relatives and friends in Oklahoma, and while there they attended the great annual celebration at Okemah, commemorating the opening many years ago of an Indian reservation and the founding of the town of Okemah.

Mrs. Scott says that the parade was ten miles long and that it was a very colorful affair. But the real thrill that she got came from the fact that Mr. and Mrs. Scott's own son was leader of the band which led the parade.

Mrs. Grace Ray of Idabel, a long-time friend of the family, accompanied them back to Tahoka and has since been visiting here. This week her niece came for her from Carlsbad and took her over there for a few days visit, following which she will return to Tahoka.

Mr. and Mrs. Ray Weathers spent Sunday with Mr. and Mrs. Bill Sewell and their daughter at Levelland.

TAHOCA B-FW CLUB ENTERTAINS LUBBOCK MEMBERS HERE WITH DINNER

The Tahoka Business and Professional Women's Club entertained twenty-four of the Lubbock Business and Professional Women's Club at a dinner in the home of Mrs. D. W. Gagnat on Tuesday evening.

Decorations were carried out in the spring motif with wild flowers and April-showers umbrella favors. Short speeches were made by Mrs. Morris of Lubbock on the value of belonging to a club, by Mrs. Dyer and Miss Cathrop, both of Lubbock, on the forthcoming state convention to be held in Lubbock in June.

A sing-song and dancing completed the evening's entertainment. Those who attended were:

From Lubbock: Thelma Stallings, Lottie Hilton, Estelle McAlister, Mrs. Wright, Mrs. McIlroy, Gladys Hinton, Ann Kelly, Letha Massey, Harriet Christie, Katherine Walls, Elizabeth Barnes, Allie Dyer, Helen Peters, Mrs. Morris, Elizabeth Watson, Carol Luderman, Lucile Sampson, Irma Pryor, Ella Mae Butler, Ruby Lee Leary, Floy Swenson, Lucile Cathrop, Ona Alcorn.

From Tahoka: Hattie Server, Ines Knight, Gladys Stokes, Echo Milliken, Helen Eubank, Jane Minor, Lois Daniel, Lady Stewart, Mrs. Hanes.

From O'Donnell: Claire Ruth Nichols.

Mrs. Bob Turner from El Paso.

JOHNSON ATTEND JUBILEE CELEBRATION

L. C. Johnson Sr. and Mr. and Mrs. L. C. Johnson Jr. returned Tuesday night from Crowell, where they attended festivities celebrating the fiftieth anniversary of the founding of the town and the organization of Foard county. Mr. Johnson Sr. came back wearing a Golden Jubilee badge, issued to all of the pioneers present who lived in Foard county fifty years ago.

Mr. Johnson says that he signed the petition asking for the organization of the county and assisted in other ways in its organization and in the establishment of Crowell as the county seat.

Foard county was cut off from Hardeman county, of which the old ghost town of Margaret had been the county seat. A year or two prior to the organization of the new county, the county seat was changed from Margaret to Quanah, and then the move was started for the organization of the new county.

Mr. Johnson says that in spite of the continued rain which fell Sunday night and Monday, the old town was literally thronged with people.

COONS ON THE PLAINS BELIEVE IT OR NOT

Have any of your dogs ever treed a coon out here on these plains? Or, have you ever run across a fox in any of the tall timbers around Tahoka?

We guess not—but two or three coons have been trapped out in the T-Bar pasture the past few months and one fox trapped and another shot. That is the low-down on this "varmint" business that Herman Crouch gave us this week. Trappers bagged the coons and one of the foxes and a boy walked up on a fox taking a nap up on the limb of a tree and shot the rascal. Herman saw some of the "varmints" himself.

More than that, a trapper named Atkins who has been operating in the T-Bar pasture this winter and spring has trapped more than 200 coyotes. A pretty good winter's work.

Crouch transported this trapper and his family down to Barnhart, southwest of San Angelo last Saturday. And, by the way, he reports fine rains and fine pastures over the entire territory.

NEVILL FAMILY VISITS IN SOUTHWEST TEXAS

Mrs. Fay Nevill Fleming and Mrs. Jodie Bob Jones of Flagstaff, Arizona, are here visiting their parents, Mr. and Mrs. J. L. Nevill.

On Thursday of last week Mr. and Mrs. Nevill, Ray and Miss Jennie Reba, and the two visiting daughters drove to San Antonio, where on Friday they witnessed the big street parade and the other festivities of the day, San Antonio's big week-long fiesta being in progress.

J. L. says that many bands were in the parade and among them was the Lamesa high school band—says he had to yell a little as the Lamesa band passed by.

While in San Antonio they visited Elwayne at Randolph Field. They also visited Mr. Nevill's father at Lytle and his sister at Devine. Enroute home they visited Mrs. Nevill's sister at Richland Springs.

Mr. Nevill says that there were floods of rain every day they were gone with the exception of Friday. Streams were out of banks and highways were flooded. They had a wonderful trip.

They arrived back home Monday night.

Mr. and Mrs. C. A. Thomas returned Tuesday from Galveston, where they had spent the past three weeks. They report lots of wet weather and billions of beautiful wild flowers down state.

Mr. and Mrs. E. W. Shawn and family visited in Dumas over the weekend in the home of Mr. and Mrs. E. E. Taylor. Mrs. Shawn and Mrs. Taylor being sisters.

ATTENTION, POULTRY RAISERS!

You are invited to see the most complete brooder house at my place six miles east on Post highway.—Mrs. J. Y. Thompson. 38-2tp.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

Food Fashion Show Coming

Fashions in foods: a comprehensive array of new foods for your table is coming in Tahoka for the benefit of every woman in the community.

Miss Jessie Hogue, well known culinary artist and designer, will conduct this fashion show in foods when the Lynn County News Happy Kitchen Cooking School gets under way here soon. According to reliable food experts, the series of entertaining and informative demonstrations will contain many new streamlined recipes to add zest and pick-up to your future meals.

"Since you would not think of going through every season wearing the same style clothing, why not add a change of styling to your meals," says Miss Hogue. "It will add to the family's enjoyment and women will quit saying 'It's the same old thing.' These new recipes will be but a part of the presentation of the Happy Kitchen Cooking School.

There will be tips on budgeting the food situation in your home to get the maximum results with the minimum expenditure. There will be practical solutions of appetizing ways to use left-overs. There will be helpful suggestions to give the women a better insight into home management. And stress will be placed upon new party foods to serve your guests when entertaining.

Miss Hogue will be open to your

(Photo by Ben Moore)

This large pecan tree is located 5 miles east of Gall, on Bull Creek and will be the center of attraction in a state park which is being created there alongside the new highway. This highway (15) will be a very important travel artery within a very short time, forming an almost airline from Dallas to Carlsbad Caverns.

(Picture Courtesy Star-Telegram)

Perhaps Jim Weatherford, of Tahoka has enjoyed a longer acquaintance with this tree than anyone, having first seen it about 1886. He states that there is no material difference in its size now and at the time when he first saw it. (The tree has a spread of 96 feet, girth of 18 feet at shoulder height and is approximately 95 feet in height.)

questions, so that your particular household problem can be solved on the spot.

And to all this program of fashions in foods, every woman present will have the opportunity of securing gifts and food products. So plan now to attend every session of the Happy Kitchen Cooking School. It will be the most practical and entertaining time ever spent by any woman in this community. The dates of the Happy Kitchen Cooking School are May 22, 23, and 24.

Work In New Courses Inspected

Accompanied by Mrs. Lenore M. Tunnell, county superintendent of public instruction, E. Esten Day of Lubbock, deputy state superintendent, visited the Tahoka high school Tuesday and inspected the work being done in three new courses being taught this year, upon which application for affiliation has been made.

These courses are in Journalism, Texas History, and Bookkeeping.

EUGENE LONG'S SMALL SON SERIOUSLY ILL

L. C. Johnson and Mr. and Mrs. L. C. Johnson Jr. left early Monday morning to attend the two days' Ford County Pioneers celebration to be held Monday and Tuesday at Crowell.

They were being accompanied by Mrs. Eugene Long and two little sons who were going to visit Mrs. Long's sister at Vernon, but upon reaching Crosbyton the youngest of Mrs. Long's children, Roy, became suddenly ill. Mr. Long was immediately notified by telephone and in company with Elder M. V. Showalter he hastened to Crosbyton. Upon arrival he found the boy in an apparently hopeless condition. The child was hastened to a Lubbock hospital, and having recovered some what from the attack he was brought on home and then taken to Abilene that afternoon.

At Abilene, the family expected to be met by Mr. Long's father, who would take them to his home at Weatherford that night. It was expected that the child would be taken to a specialist in Dallas for treatment.

Mr. Long hoped that he could return to Tahoka within two or three days.

Mr. and Mrs. W. L. Knight have as their guests this week Mr. and Mrs. F. T. Carson of Washington, D. C., who arrived last Friday for a week's visit, after which they will proceed to Sierra Blanca and El Paso to visit his relatives. Mrs. Carson is a daughter of the Knights. Also here over the week end were Mr. and Mrs. M. M. Boyd and family of Amarillo and Mr. and Mrs. J. E. Nance and family of Borden county. Mrs. Boyd and Mrs. Nance are also daughters of the Knights.

Texas petroleum production makes up 93 per cent of the value of all mineral production in Texas.

High School Students Honored In Recognition Service Tuesday Night

Honor List	Honors
Lenore Anglin	A average, "T" awards for Typing and Extemporaneous Speaking.
Joe Lehman	A average, "T" awards in Track and Football.
Greta Applewhite	A average, Business Mgr. Pep Squad, Treasurer of Senior Class, Editor of "The Growl," Outstanding work in Dramatics, "T" award for One-Act Play.
Earl Adams	President of Senior Class, Co-Captain of 1940 Football Team, Outstanding work in Dramatics, "T" awards in Football, Basketball, and One-Act Play.

President Roosevelt's declaration a few days ago to the effect that the United States is determined to patrol the waters of the Atlantic and of the entire Western Hemisphere with the American fleet and flying boats in order to be able to give warning of "lurking U-boats or raiding cruisers belonging to the two aggressor nations" has been hailed by Prime Minister Winston Churchill as a "tremendous decision." It assures the eventual and total defeat of Hitler and Mussolini, he declares, in spite of all the victories Hitler may win in the East. Hitler must successfully cut the trade lanes between England and America, he points out, before he can win the war. And most of the war commentators seem to share this view. America's aid to England, if swift and generous enough, will eventually win the war and rout the dictators. Let the aid be given in full measure at the greatest possible speed, whatever risks we may have to run to give the aid.

If Lindberg really wants the dictators to be defeated and totalitarianism destroyed, he is talking like a fool. No man ever won a victory by claiming that victory is not possible. We can reach no other conclusion, from the tenor of his speeches, than that he would like to see Hitler win. No man who would like to see a dictator win—a dictator who constantly ridicules and de-

nounces democracy, a dictator who has destroyed the liberties of every people he has conquered—no man who would team up with such a man can be a real democrat. No such man can really cherish the great fundamental principles of freedom upon which our own government is founded. No such man can be at heart a true American. We try to be tolerant, but it is hard for men who love liberty to be tolerant of a man who espouses the cause of an unscrupulous dictator and tyrant.

Hitler and the Nazis have succeeded in hypnotizing and gyping millions of people throughout the world by talking of a "new order." Their so-called new order is not a new order at all. It is thousands of years old, the same order that was set up or maintained by such men as the infamous Tiberius, the crazed Caligula, the ambitious Napoleon, and the czars of the Russias, who reigned before the days of Trotsky and Lenin and Stalin. It is the same old order of despotism and tyranny against which every free people has had to struggle to free itself. A triumph of Hitlerism would mean the turning back of the pages of history for a thousand years. It is a menace that should be resisted as one would resist a rattlesnake coiled to strike. Free peoples must stand together against this attempted return of despotism.

We never did like to see a man try to ride into office on the coat-tail of some stronger man. Lyndon B. Johnson is doubtless a fine young American with considerable ability, but just now he is trying to capitalize on his friendship for President Roosevelt. It would seem, too, that President Roosevelt has given his nod of approval upon the candidacy of Mr. Johnson. We do not believe that a President should dabble in the politics of a state unless some principle or some policy of the government is at stake. We do not believe that any thing of this kind is at stake in this contest, especially as between Lyndon Johnson and Gerald Mann, and for one we resent any effort on the part of the President to influence the voters of Texas in a contest that concerns primarily the people of Texas.

Attorney General Gerald C. Mann fired his opening gun for the United States Senate last Saturday night in Sulphur Springs, where he was reared. He was introduced by a West Texan, Justice Clyde Griswold of the Eleventh Court of Civil Appeals of Eastland. The jurist gave unstinted praise to the young attorney general. In fact by his brilliant and faithful performance of the duties of that office Gerald Mann has won the admiration of the Bench and the Bar of the entire state. In his opening address he declared his support of the policies of President Roosevelt but indicated an independence of thought and action that is characteristic of strong personalities. If elected, we believe that Gerald Mann will make a great record in the United States Senate.

Never were there so many Tahoka daisies within the city limits, we believe, as there are this year. They are doing their best to embellish some of our neglected vacant lots and are doing a mighty fine job of it under the circumstances. It seems a pity that these beautiful flowers have not been scattered along the highways in the same profusion with which they are flaunting their beauty within the city. Let's try scattering the seeds along the highways, folks.

Never within our memory were the yellow fields of flowers on the prairies west and south of town so lavish and beautiful as they are now. Not as beautiful as the prairie flowers of South and Central Texas perhaps, but they certainly present a pleasing contrast from the drab lifelessness of winter.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

Household Hints

By
MISS
JESSIE HOQUE
Who Will Con-
duct The News'
Cooking School
May 22, 23, 24.

As you take a cake from the oven, place it for a very few moments on a cloth wrung out of cold water. Then it may be turned out easily without sticking to the pan.

To avoid lumps in batter, add a pinch of salt to the flour before it is wet.

Wash spinach with root attached. Then remove leaf, as stem and leaf of spinach is hollow and will hold grit.

A fork should never be stuck into a steak or chop that is being fried or grilled, because it lets the juice out.

When ferns turn yellow, slice a raw potato and put in on top of soil. This will draw out the worms, which are usually responsible for such a condition.

A dry cork will remove stains from plate or silver more quickly than anything else, and it never scratches. If the cork is cut to a point it can be worked into crevices which have become tarnished.

Men employed in private industry have a right to strike, singly or in mass, if they choose to do so. But under the flag of the United States they do not have the right to keep other men from working if other men choose to work. Violence and threats, to prevent men from working at any time anywhere under the flag ought to be made a felony, just as it has been made a felony in Texas. We think that is true Americanism.

Yes, we favor the patrolling of the seas and the conveying of munitions and supplies to the only great democracy left in the eastern hemisphere in the fight for its life.

SELECTIVE SERVICE

General J. Watt Page, State Selective Service Director, today announced the quotas of men that each of Texas 351 local boards will furnish to fill a U. S. Army requisition for 1,000 trainees under the Selective Service Act.

The trainees—all white—will be inducted May 5th, 6th, 7th, and 8th. This is the Army's twelfth call on Texas to supply men for military training. The first trainees were inducted last November, and the total number already inducted is 23,585. According to War Department plans, approximately 8,600 additional men will be inducted before July 1 to complete the State's quota for the first of the program.

Hiram Snowden Is Sergeant In Army

H. M. Snowden received a letter a few days ago from his son, Hiram, who was recently promoted to the rank of sergeant at McChord Field, Tacoma, Washington, where he has been stationed several months. Hiram enlisted in the army about two years ago. He writes a very interesting letter, under date of April 23.

"Dear Daddy and All: I was really glad to get your letter and the paper. It seems that I am at home to sit and read the Lynn County News. It surely would seem good to live at a place where I know everybody again.

"Well, everything is in a storm around here; there are so many organizations moving out and so many recruits coming in.

"I made sergeant the first of April. It really feels good to be a sergeant, since it usually takes about ten years to make it. I almost have a cinch on making Staff Sergeant within the near future. I am in charge of an administrative section of the 12th Bombardment Group. It is pretty nice work but gets tiresome at times.

"There is a rumor that we will be sent to Alaska, but I don't think there is anything to it. I don't know whether they will let me come home on furlough or not. There is no one around here that can substitute for me at the present time, and the old Army work has to be done every day, so they seem to think.

"One of my pals made 1st Sergeant the other day, so I'm in with the 'big shots' now. He has about eight years service and was in the Philippine Islands two years.

"They are really building lots of temporary barracks here now. Everything is temporary except the brick barracks and the hangars.

"Everything on an army post is much cheaper than in the city. If a civilian could buy his gas, groceries, and drugs here, he would really save lots of money. At the commissary they sell groceries at practically the cost, and the army gets theirs plenty cheap. One reason for this is because they can't place a tax upon them. They can't even place a state or Federal tax on gas. The only thing that is high

is the tailor shop, and they are getting ready to put a curb on that. "Well, so much for the life of a soldier. I had still rather be a civilian making \$200.00 a month.

"The newspapers here really boost McChord Field and Fort Lewis; but I guess they should, the pay roll of the two places is over two million dollars each month, and Tacoma gets the biggest part of it too.

"I completed two years service the 19th of this month. It doesn't seem that long, but I guess it was."

LADY BLOWS OUT GAS LINE BUT TANK IS GONE

Jacob Sandage and some of the family came in Tuesday from the farm in south Terry. Mr. Sandage says that they came upon a lady with the hood of her car up, trying to blow out the gasoline line with her pump. She informed Mr. Sandage that she believed the gasoline line was stopped up as the car would not run. He then informed her he did not believe that was the trouble, as he found a car gasoline tank down the road a piece, and that she did not have one on her car.

Mr. Sandage said that the car had run almost a quarter mile without the tank. He happened to have his chain and towed her car in to a garage.—Terry County Herald.

What kind of car was that, Jack, that will run without a gas tank? Must have been a Model T.

And all the big stars you've ever
seen in pictures.

It's a picture you must see.

Oads and Ends E.e. Eye, the Elder

We newspaper folks get our share of criticism and advice. We doubtless deserve a lot of it.

But most of the advice is worthless. Usually it is not practical, or not well considered. Most of the advice which we give to persons engaged in other vocations than our own is like that.

It may seem a little strange therefore that the Panhandle Press Association invited four men representing four different vocations to appear on the program at its recent annual meeting in Amarillo to advise the newspaper folk how to run their business—at least to suggest and discuss ways and means by which the editors and publishers might improve their newspapers as public service institutions. And the critics were invited to turn their worst dogs loose.

The speakers probably did not turn their worst dogs loose. They were very kind and courteous, even complimentary. But they did give their ideas as to how the newspapers might be improved.

The first speaker was a minister.

Rev. James Todd, pastor of the Christian Church at Panhandle.

Now, what kind of advice would you expect a preacher to give to newspaper men? Naturally, you would expect him to suggest that the church activities be played up.

Imagine our surprise therefore when he suggested that sports should be given a large place on the front page. He stated that a recent survey made by some college professor of a cross section of the reading public disclosed that a larger per cent of newspaper readers were interested in sports than any other one thing. Since this is so, he thought that "sports" news should be lifted from the inside pages, and placed on the front page.

And next to the sports, we believe, it was found that the comic section, the "funnies," have the greatest appeal. Therefore he would also put the "funnies" at frequent intervals, on the front page.

He further suggested the more general use of photographs of men and things in the news columns. People like to look at pictures, he declared, so just fill the paper full of pictures.

We wondered where we would put the news, without greatly increasing the size of the paper, which would mean an increase in the expense. In fact, we wondered if the brother had taken the expense into consideration at all.

Divorces and crime news should be given little space and should be placed in inconspicuous places, he thought.

Church news? Yes, it should be published, of course, and should find a place on the front page now and then, but he did not stress it as was to have been expected.

We do not believe that the advice he gave, on the whole, was the kind of advice the ordinary minister would have given.

One newspaper man, in responding to the minister's remarks, took occasion to answer the criticisms that are often directed at newspapers by ministers. He made the point that while the ministers and church workers often crave and enlist the aid of the newspapers in putting over their programs, yet as a rule they give the newspapers little support, financial or otherwise, in return. When they have printing to be done, as likely as not they will forget the printing shop of the local newspaper and run off elsewhere to get the job done. He cited some experiences of this kind which he had had.

Nearly every newspaper man, of course, could cite like examples.

In Tahoka, however, we have never had any publicity seekers among the local pastors. Our trouble has been to get them to report the news of their churches. Sometimes we have just had to "corkscrew" it out of them and sometimes we haven't gotten it at all. And when the preachers do decide that they want some publicity for their churches, too often they submit it in the form of propaganda rather than news. No newspaper man likes to put mere propaganda on the front page.

And so, that's the crow we have to pick with our local ministers.

And of course we do appreciate the opportunity, when it is given us, of doing the job printing for the local churches.

That ministerial speaker at the Press meeting made some other interesting observations. One of these was that ninety per cent of the men read practically nothing except the newspapers. Men get their information and their education, he maintained, from the newspapers. How great is the responsibility, therefore of the newspapers.

And that brings us around to the second speaker, Mr. Clinton Voyles, principal of the Memphis, Texas, high school. He stressed the news-

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances. Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

paper as an educational agency. His address was very fine, but we think that he over-estimated the power of the newspaper in shaping the habits and lives of the people. He felt that the newspapers were chiefly responsible for the spread of the cigarette habit among the boys and the girls and the men and the women of the nation. In this, they had won a battle over the public schools, which had fought the habit.

He seemed not to take into consideration the glamorous pictures that appear in the magazines and on the billboards designed to popularize the cigarette habit. Nor did he take into consideration, apparently, the power of example and the propensity of every boy to follow in the footsteps of his daddy or his teacher or some other man and also to do as other boys do. Personally, we think that the country weekly newspaper has had comparatively little to do with the spread of the cigarette habit.

On the other hand, he praised the newspapers for cooperating with the public schools and other agencies in putting over the safety program. It was our impression that the program has not yet been put over very effectively.

But we appreciate the compliment which he paid us in maintaining that next to the schools the newspapers are the greatest educational agency.

If the newspapers in fact are great educational agencies, it must be remembered that they get no pay for their educational work, except for such information and instruction as may be given in the advertisements. They get no pay to gather and print the news, to gather and disseminate useful information, except such meager pay as comes from their subscriptions.

The country weekly newspaper is expected to be a public service institution. It is expected to serve the interests of every worthy organization and every worthy enterprise in the town in which it is published.

It is expected to be a booster for every progressive movement. It is expected to publish worlds of propaganda for the schools, for the churches, for the civic organizations, for the public service clubs, for the chamber of commerce, for the governmental agencies—for every public institution and enterprise.

But it gets no pay for all this. The money that makes the mare go comes chiefly from the advertisers.

It is the business men of the town and of the country therefore who make the publication of a newspaper possible—not the churches, not the schools, not the governmental agencies, not the chamber of commerce, not the civic and public service clubs.

Since this is true, it is often charged that business men control

the policies of the newspapers. Especially is it charged that the great corporations control them.

Yet, we declare it truthfully that during the seventeen years that we have been here, there have never been but one or two instances in which any business man has sought to influence in any way the policies of this newspaper. Not for years has any business man, either local or national, made even a suggestion as to what our editorial policy should be on any political issue or governmental policy.

It may be true that the great corporations do influence the policy of some daily newspapers; we do not know.

But it must be remembered that the heads of great corporations often have divergent political views and belong to different political parties. So do the directors. Directors of the same corporation often belong to different political parties. We believe that the influence which corporations exert through the use or the withholding of advertising has been greatly exaggerated.

We doubt if there is to be found among all the vocations a more independent, patriotic, public-spirited body of men than those who comprise the newspaper editors and publishers, weekly and daily.

Now, again, we have used up our space. If any of our readers have any criticisms of these remarks to offer or any questions to ask, we shall be glad to publish such criticisms, if they appear to be constructive and helpful, and to answer all questions to the best of our ability.

We may discuss the views of the business man and the governmental agent as given at the press association in some other issue of this paper.

For the present, good luck, folks, and adios.

LOYD SAVAGE IS AT BROOKS FIELD

Lloyd Savage of Brooks Field, San Antonio, is here on a twenty-days furlough visiting his parents, Mr. and Mrs. T. E. Savage. He is a staff sergeant in the air corps. Prior to his going to Brooks Field he was at Kelley Field several months. He enlisted in the army four years ago in the 9th infantry.

BAPTIST EUZELIAN CLASS

Mrs. George A. Dale was hostess in her home when the Euzelian Class held its monthly business and social meeting Monday night of last week.

After the devotional and the business session games were played and refreshments were served to Mmes:

F. O. Greathouse, T. B. Burroughs, H. L. Roddy, H. B. Howell, A. J. Mullins, E. J. Cooper, Carl Owens, C. A. Lawrence, Chester Connolly, J. E. Dye, Alice Fortenberry, the hostess, Mrs. Dale and Mrs. Garland Pennington and Miss Rae Fern Pennington, guests.

SURE OF THE DAY'S Largest Catch?

It's HARD to tell...but EASY to pick a winning oil

IT'S A FISH STORY that the barefoot boy with the bent-pin hook will pull 'em in faster than the man with the costly rod and reel. It is merely a lucky break for the boy when he does get most of the bites.

But you don't need any lucky break to help you pick a winning oil for your motor. It's an oil that hundreds of thousands of motorists have gone for, hook-line-and-sinker. This is why:

When you want our best oil, we told them, you don't have to choose from the many oils Phillips makes because we frankly point out to you that **Phillips 66 Motor Oil** is our finest quality...the highest grade and greatest value...among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, pick a winner by asking for **Phillips 66 Motor Oil**.

LEE TIRES

Smith Reappointed Retail Merchants Tahoka Postmaster Present Program

W. E. (Happy) Smith received official notice Thursday of his reappointment as postmaster at Tahoka, and he has also received bond to be executed. Only the formality of confirmation by the United States Senate remains to be done before his entry upon another full term of four years or more as custodian and distributor of the mail here.

Mr. Smith has been serving in this capacity here nearly five years. He was first appointed and took office as temporary postmaster in July, 1936. As such he served until March 6, 1937, when he began his term as regular postmaster.

"Hap", as he is familiarly known, has done the job to the entire satisfaction of the patrons of the office, and it is likely that he has the job as long as the Democrats remain in power in Washington, and then some.

BETTY RUTH WYATT SHOWING IMPROVEMENT

Miss Betty Ruth Wyatt, who was so seriously ill for a number of days, is reported to be much improved. First stricken with streptococci throat trouble, then with pneumonia, from which she seemed to be recovering, high fever developed Friday as an aftermath perhaps of the throat trouble, and on Saturday she was given a blood transfusion. Since then she has been improving and it is hoped that she will soon be well again.

MRS. GLADYS M. STOKES WINS INSURANCE AWARD

Mrs. Gladys M. Stokes has just received word from C. F. O'Donnell, president of Southwestern Life Insurance company, of Dallas, that she will be signally honored at Galveston in June during the company's annual agency convention for leading the Abilene territory in conservation work. Mrs. Stokes won her company's conservation award in the Abilene territory last year, and is one of eleven Southwestern Life representatives to achieve such honors this year.

NAMES OF OTHER ARMY BOYS GIVEN

Names of young men now in the military service of the United States not heretofore mentioned in these columns were given to us the past few days as follows:

William T. McPadden, Battery B, 60th coast artillery, Fort Mills, Corregidor Island, Philippine Islands, enlisted in September, 1940.

Charles Uzzle, Brooks Field, San Antonio, 20 years of age, enlisted in September, 1940.

Word came back to Tahoka that Mr. and Mrs. Jake Leedy are now located at Pecos as managers of the Greyhound Bus Station Cafe, and are well pleased. They have the good wishes of many Tahoka and Lynn county friends.

Mr. and Mrs. Jack Welch attended the Big Golden Jubilee anniversary at Crowell on Monday and Tuesday of this week. Crowell was their old home town, and of course they had a great time helping the folks to celebrate.

Lois Fay Crouch had tonsils and adenoids removed at a Lubbock hospital last Friday and is now recovering at the home of her parents, Mr. and Mrs. E. D. Crouch.

A. J. Kaddatz, who was so critically ill from an attack of heart trouble last week, is reported to be much improved but is still confined to his bed most of the time.

Read the Classified Ads.

Under the direction of Clint Walker, the program at the Rotary luncheon Thursday included the presentation by Miss Viola Ellis, assisted by Lee King, of a series of pictures accompanied by a recorded lecture explaining the methods and the work of the national retail merchants association. Short talks were also made by Claude Donaldson, Frank P. Hill, and A. L. Smith setting forth some of the benefits to be derived from membership in the local Retail Merchants Association.

President K. R. Durham announced that the Brownfield Rotary Club had invited the Tahoka club to meet with it in an inter-city meeting on Friday of next week. A show of hands indicated that quite a number of Tahoka Rotarians would accept the invitation.

ADDITIONS TO LIBRARY

The county library has this week received five additional very fine books, according to Mrs. G. M. Stewart of the Phebe K. Warner Club. It now has 941 books on its shelves, including much of the world's best fiction together with other types of standard literature.

The books received this week are: Sapphira and the Slave Girl, by Willa Carter, the story of a slave girl during the Civil War.

Invitation To Live, by Lloyd C. Douglas.

To Sing With the Angels, by Maurice Hindus, a novel of the men and the women in the Europe of Today.

H. M. Pulham Esquire, by John P. Marquand, the Pulitzer prize novel of 1938.

Mrs. Miniver, by Jan Struther, the story of an English woman, wholesome and funny.

Frank McGlaun Jr. and his brother Loy of Brooks Field, San Antonio, came Wednesday night to spend the remainder of the week with their father, Frank McGlaun.

Mr. and Mrs. Boyd Smith and baby returned last Thursday from a three weeks visit in Los Angeles, California, and vicinity.

Texas petroleum workers are paid \$272,000,000 a year in wages and salaries. This is approximately 40 per cent of the total business and industrial payroll in Texas.

While Texas has produced over six and one-half billion barrels of oil so far, it still has at least ten billion barrels more which is unproduced.

Texas farmers and ranchers receive \$128,000,000 a year from the Texas petroleum industry in lease and royalty payments.

Texas has produced more than 27 per cent of all the oil produced in the entire United States to date.

All but three of Texas 254 counties now have oil or gas production or exploration.

More than 500 separate oil and gas fields are now producing in Texas.

One out of every three-and-one-half wells drilled by Texas oilmen to date has been dry.

Congratulations . .

Mr. and Mrs. Ivan Cathcart on the birth of a daughter weighing seven pounds and 14 ounces at 6:00 o'clock Wednesday evening in the Lubbock Sanitarium. The little lady will bear the name of Reba Ann.

PRESBYTERIAN CHURCH

Services at the Presbyterian Church next Sunday. Dr. W. K. Johnston, the former pastor of the church will fill the pulpit. The present pastor Rev. W. B. Gray is holding a meeting in the First Presbyterian Church of Del Rio, Texas.

THE FIRST BAPTIST CHURCH ANNOUNCEMENTS

Sunday: 9:15 Prayer in the Pastor's Study.
9:45, Sunday School.
11:00 Sermon by the Pastor.
Text, Luke 16:5.
Subject: "How Much Owest I Unto My Lord?"
7:00 p. m. Training Union.
8:00 Sermon, Subject: "Taking Christ Seriously".

Sunday afternoon the Deacons will have their monthly meeting at 2:30 in the Pastor's Study. All the Deacons are urged to attend.

Wednesday evening May 7 at 8:00 o'clock there will be an ordination service in which Deen Nowlin, who has been elected by the church to be ordained to the diaconship of the church, will be set apart to this responsible office in a special arranged service as follows:
Sermon: Rev. Avery Rogers, Brownfield.

The candidate presented by W. A. Reddell and John A. Roberts. Examination: George A. Dale. Charge: Rev. W. H. Jackson, Wilson.

Ordination Prayer: E. I. Hill
Hand of welcome into the office of Deacon by W. B. Edwards, chairman of board of Deacons.
Benediction: A. J. Mullins.

METHODIST CHURCH

Services both morning and evening as usual. There should be a number who have signified their intention of joining the church who will take that step Sunday. The rain last Sunday prevented as large an attendance as would have been there and kept people with little children from attending.

Monday afternoon at four is the "Study of the Prophets" class session. We still are reading Amos. Read the book Chapter five to the end.

Vacation Bible School was arranged for in a Board of Education meeting Wednesday.
—Geo. E. Turrentine.

METHODIST REVIVAL BRINGS NEW MEMBERS

The second week of the revival at the Methodist Church reached a climax of interest, despite the daily rains. On Thursday evening a large group of people pledged themselves to a more devoted attitude toward the church as represented by the various groups of Christians. Men and women not now connected with any church pledged a more intelligent interest and support of the cause of religion.

A large number of people are considering uniting with the church at an early date. The following have been received into the fellowship of the local Methodist Church by letter, vows, or baptism: Mrs. J. L. Brooks, Mrs. B. C. Dollins, Eneila and Charles Dollins, Mr. and Mrs. Amos Floyd, Mrs. C. G. and Bobby Lee Franks, Mrs. Geo. Reid, Mrs. Jim Ward, and Mrs. William L. Harvick.

We believe there will be a renewed interest in all the work of the church as a result of the revival. Brother R. N. Huckabee preached and worked untiringly with the pastor in visitation. His sermons were of high order of consecration and did the membership who heard him much good.

Glamor Girls Have Sox Appeal

Here's a hint for National Cotton Week. While practicing for strenuous dance routines, floor show entertainers in George White's new night club in New York follow the trend set by college girls and don knee length cotton socks. Styled by the home economics bureau of the Department of Agriculture these new knee length socks are being worn in such bright colors as red, blue, tan and green.

BAPTISTS ATTEND MISSION INSTITUTES

Rev. and Mrs. George A. Dale, Mesdames Garland Pennington, W. H. Kenly, H. M. Snowden, H. L. Roddy, and Miss Elizabeth Preston attended an association-wide Mission Study Institute in Ropesville on Thursday of last week.

Rev. and Mrs. Dale and Mrs. K.

R. Durham attended a similar institute in Lubbock on Tuesday of this week.

Judge George Dupree and Stony Wall of Lubbock and Dean Robinson of Post, County Superintendent of Garza county, were here Thursday attending the Rotary luncheon.

MRS. ALEXANDER HONORED

A birthday shower was given in honor of Mrs. Lurah E. Alexander by Mrs. Minnie Alexander Saturday, the honoree being 76 years of age.

Ladies in attendance were: Mmes. Allphin, Mary Hudman, Sikes, C. R. Riley, Bill Newton, Grandmother Newton, Ketner, and Kelly.

Many beautiful flowers were contributed by Mrs. Allphin.

Grandmother Alexander's son, Fred Alexander, was very proud to be home with his mother from Colorado, where he now resides.

Guy Stroud left Sunday for El Paso, where he is to take a course in border patrol, which will require about four weeks. Following that he will be stationed at Alpine in the immigration service. Mrs. Stroud and Joe Bob will join him at Alpine. Many friends here will regret their removal from Tahoka.

Defense Savings Bonds Offered

The Honorable Gale F. Johnston, Field Director for the Defense Savings Staff of the Treasury Department, during a visit to Austin on Friday April 25, issued the following statement:

"Our Government desires the support of every man, woman, and child in this great national emergency."

"This defense savings program offers everyone an opportunity to have a part in national defense. Of course, everyone can't take part in the actual construction of a piece of defense material; however, there are mighty few who can't make an investment that can be used for this purpose."

"The support of this defense saving program is a voluntary proposition. No individual need purchase a security if he does not wish to do so. However, for those who do wish to enter the plan, there is a security to fit the pocketbook of every individual. The lowest denomination of the defense savings stamp is 10 cents, whereas the largest amount that a person may purchase in one year of the combined securities, exclusive of the stamps, is \$53,750."

"In addition to building our national defenses through this program, there is the very business-like aspect for the individual of making a prime investment in these securities. Not only is one backing the United States Government in a moral sort of way, but he is purchasing a security behind which is the faith and the security of the entire United States. The securities involved in this program are considered to be among the finest from every standpoint that have been put on the market in many years."

"These securities, and particularly the 'E' bond, which will prove most popular to the normal individual investor, will never bring less than their original cost. If held to maturity they will produce a very satisfactory interest return, considering their conservative and safe investment feature. If this Series E bond is held to maturity, it will yield the equivalent of slightly less than 3% interest. For instance, the \$25 maturity value bond will cost \$18.75 and at the end of ten years one will receive the full maturity value of \$25.00. This bond may be registered in the name of one individual or the name of two individuals as co-owners, or in the name of one individual as owner and of

Mann Emphasis

Gerald Mann drives home a point with an emphatic gesture, pictured as he made the opening speech at Sulphur Springs in his campaign for the U. S. Senate. Twenty thousand persons sat and stood in a drizzling rain to hear the address.

one individual as the beneficiary. The owner of these bonds may redeem any bond at any time after 60 days from the issuance of the bond. The table of redemption values appears on the face of the bond; however, everyone should know that they will always receive as much as this bond has cost. It cannot go down in value. These bonds may be purchased through your bank or Post Office, or direct by mail from the Treasury of the United States, or from any Federal Reserve Bank."

SPECIAL SERVICES AT COLORED CHURCH WELL ATTENDED

The special services at the Pleasant Grove Baptist Church, colored, over the weekend were well attended and very successful in every way, according to Roberta Thompson, one of the leading workers in the church.

That quartet from Tulsa, Oklahoma, really put on a great program Saturday night, she says, and in spite of the rain and the circus that was holding forth not far away, a congregation that completely filled the house heard and enjoyed the program.

The programs as arranged for Sunday morning and night were carried out by the various workers in full. Quite a few visitors were over from Lamesa, and through Monday the W. M. U. had a wonderful meeting. The lesson was taught by Mrs. E. E. Williams.

The pastor, Rev. O. D. Hollins, was able to be in the service for the first time in a month, Mrs. Thompson said. He was just recovering from an attack of pneumonia.

At a "75-cent rally", Mesdames A. Hollins, R. B. Thompson, P. L. Sayles, B. Brown, Mattie Atkins, J. P. Hines, each contributed 75 cents, and there were other contributions, making a total of \$9.96.

Miss Louise Holgate, teacher of Business Administration in West Texas State Teachers College, Canyon, was the guest Sunday of Miss Nellie McLeroy, teacher in the Tahoka schools. She had been visiting relatives in Brownfield, her old home town. She and Miss McLeroy are friends of long standing.

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

ECONOMISTS ORGANIZE

Called together by Miss Joyce Pace, director of Home Making at New Home, a group of Home Economics trained women met in the Home Demonstration office in the court house Wednesday afternoon of last week.

After registering for such service as they might be called upon to render during the present war period, Miss Pace explained the need for an organization through which work might be done. Mrs. E. I. Hill was elected chairman and Miss Lucille Wright, secretary, after which Misses McNatt, Cannon and Pace outlined some work that could be undertaken by the group at the present time.

Another meeting is to be held early in June.

Other women with Home Economics training are urged to contact any one of those who have signed up for information about the work being undertaken.

Those attending Wednesday's meeting included Misses Pace, McNatt, Myrlene Cannon, Wright, and Mmes. G. B. Sherrod and Hill.

DRAW 4-H CLUB

Miss Maurine McNatt said to the Draw 4-H Club April 23, that "If shrubs, trees, and lawns are properly planted they can add much beauty to the home."

She discussed attractive lawns and plants in a pleasing, irregular "If trees are planted in front of the house, they should be trimmed high and planted in a pleasing, irregular line."

"Shrubs likewise should be planted in irregular lines. Trees and shrubs should not only be planted in front of the house, but also at the sides and back. The front, however, should not be crowded with too many shrubs and trees, as a lawn is very attractive."

Eleven members were present.

Little Weldon Gates, 5, a fine little fellow from Amarillo, is here visiting his uncle and aunt, Mr. and Mrs. Leo Jackson. Leo says the boy is going to be an outstanding student and a star football player some of these days.

J. Huff of near Tahoka is now in training at Camp Roberts, Calif., where he is a member of the 81st Infantry Training Battalion.

START your chicks out right. Put Dr. Salsbury's PHEN-O-SAL Tablets in drinking water as a preventative: \$1.00 medicates 62 gals. of water.

(Continued From Page 1)
on these farms is four.
These families plan to produce 60% to 75% of their living at home. This is made possible since they have provided the following things on the farm:

1. Enough cows to furnish the family with milk and butter and some of the families also sell cream.
2. Enough hens to furnish the family with eggs to eat and many of them sell some eggs each week.
3. Enough baby chicks for home use and to replace the poultry flock for another year.
4. A beef to butcher.
5. A hog to butcher for every two persons in the family over ten years of age.

6. A garden large enough to furnish fresh vegetables to eat and to can a supply for the winter use.

These farms are being farmed according to the program outlined by the Soil Conservation Service.

The farms are terraced and farmed on the contour. Strip cropping will be followed by planting cotton and feed at intervals between terraces. Terraces will be planted to sudan or cane and a border strip around the farm. Soil surveys have been made by the Soil Conservation Service and crops most suited for the different types of soil on these farms will be planted.

These families keep a record book to tell which enterprise is making the most money and also to determine the amount of money to pay on their farm each year under the variable payment plan. The amount to be paid at the end of the year depends on the amount of money made. This gives the families an opportunity to get ahead of schedule in good years.

This is one of the programs sponsored by the Farm Security Administration and is under the supervision of a county farm and home supervisor.

Students Honored...

ers, say that there was never a finer season in the ground at this time of year.

A heavy yield of wheat on the small acreage devoted to that crop in Lynn county is practically assured, while only a few showers coming at the proper time through the summer months should bring bumper crops of cotton and feed.

The total rainfall in Tahoka last month, according to the government rain gauge kept by the News, amounts to 2.63 inches. Of course it has been much heavier than that in some portions of the county.

The rainfall here in March slightly exceeded that in April, the total being 2.71 inches.

In January, the precipitation of every kind amounted to .56 of an inch and in February 1.38, making the total for the year thus far 7.28 inches.

Except in some localities none of this rainfall has come in quick dashes. Most of it has come as slow-soakers; thus putting the soil in tip-top condition.

W. R. McNEELY IS ABLE TO BE OUT AGAIN

W. R. McNeely about three months ago, it will be remembered, got a foot crushed in a combine which he was operating and had to be taken to a hospital to undergo surgery.

He has been able to be up about a month now and was in town Tuesday, but he is still on crutches. He had not been able to wear a shoe on that foot since the injury was sustained. His physician had assured him that he might don a shoe at an early date, however, and he was much pleased with the improvement being made. But it will probably be many weeks yet before the injury will have entirely healed.

Band Participates In State Contest

Members of the Tahoka High School Band left Tahoka at 12:45 Friday afternoon to attend a convention at Abilene Saturday. A short concert was played in Snyder High School at 3 o'clock Friday afternoon followed by a downtown parade.

After the concert, the band continued to Abilene and registered at the Landau Courts. Saturday morning they played special concert numbers with the other Class C bands competing, at Abilene Municipal Auditorium. The Tahoka Band was rated third division in concert playing, and second division in sight reading. There were 15 Class C bands competing and of the 15 bands, one received first division rating; three won second division; Tahoka and three others third division; and remaining six bands received fourth and fifth ratings.

Thursday the following students played solos: W. H. Jackson, H. B. McCord, Carl Griffing, Pershing Alexander, and Sina Barrington. W. H. Jackson, cornet, won first division in Senior High and is thus eligible to play in the National Band Contest to be held May 8, 9, and 10 at Waco. H. B. McCord, French horn, also won first division, but is not eligible to enter the National contest, as he played in Junior High division.

Carl Griffing was rated a third divisional place. Pershing Alexander and Sina Barrington, who entered in baton twirling, both rated fourth division.

The Tahoka Band was certified for participation in the National Band Contest at Waco May 8, 9, and 10, but due to the shortness of time in which to get ready and due to the fact that the end of school is so near, the band will not make the trip.

Mrs. Oran McRae and two children arrived Saturday from their home in Henderson for a visit with the former's parents, Mr. and Mrs. W. T. Clinton.

Mr. and Mrs. J. W. Owens and daughter, Roma Don, of Oklahoma City, are here for a visit of a few days with his brother, Carl Owens, and family.

Bumper Wheat Crop Is Expected

At the present time the wheat crop all over the wheat belt of West Texas promises to be excellent. With the copious rains of the past week, the best wheat-growing counties of the Plains and Panhandle are sure to harvest a big yield unless storms or pests or other calamity should cut it down.

Lynn county's allotted acreage, according to C. A. Lawrence, secretary of the AAA set-up, is about 1,800 acres, but Mr. Lawrence estimates that the crop grown for the market will not exceed 1,000 acres. As will be seen from this, very little acreage in this county is devoted to wheat. But at the present time the yield promises to be excellent.

In addition to the wheat grown for commercial purposes, there is considerable acreage devoted to a mixture of wheat and barley being grown for pasturage. These pastures have also been excellent. The rains of this winter and spring have been just what was needed for grain.

In spite of the meager wheat acreage in Lynn county, the wheat farmers of the county will have the opportunity to use the machinery of democracy to determine, in a national referendum on May 31st, whether they want marketing quotas to meet the surplus emergency brought on by the war and world conditions.

Agricultural leaders throughout the nation insist that it is important to the farmer that marketing quo-

tas be established, and it is probable that the quota program will be approved in Lynn county just as doubtless it will be approved throughout the nation, even though only a small acreage is devoted to the crop in this county.

Sheriff B. L. Parker and County Agent Don Turner left Thursday for Christoval where they expected to put in the rest of the week pulling fish out of the creek. They expected to be joined by other Tahoka citizens about the last of the week.
