## School Closing Programs Begin Sunday

### Rains Are Best In South Plains History, 10.84 This Year

#### Excellent Season Put In Ground

Such a soaking as these plains did get!

It has not happened on this wide in West Texas in many a day.

More than five inches of rain fell here in little more than a week's time, and probably six or seven inches fell in some localities.

A total of 3.43 of this amount was registered Friday and Saturday.

Yes, we have had much heavier rains here than that, but we have rarely had such a soaking rain.

Most of it fell in a steady down-pour that soaked well into the soil; but enough of it ran off to fill the lakes to a higher level than they have reached in two or three years.

At the time of going to press last Thursday afternoon, the rain all the past few days had amounted to 1.80 inches. Practically all of this came very slowly, giving the country the best season it had had in many months.

But by three o'clock Friday morning rain was falling again, and with a few intermissions it continued to fall until about three o'clock Saturday afternoon when it ceased, with 3.43 additional inches having been marked up. Showers falling Sunday brought .13 of inch.

The total rainfall this year up to the present time is 10.84.

As stated last week, the precipitation in January was .56 of an inch, in February 1.38, in March 2.71, in April 2.63, and in May up to now 3.56.

The total precipitation the preceding last three years was as follows: 1938, 17.12 inches; 1939, 13.66 inches; 1940, 14.64 inches.

By months for these years the precipitation was as follows:

	1938	1939	1940
January	.83	3.02	.22
February	1.91	.14	1.30
March	.24	.21	.04
April	.78	.23	1.64
May	2.18	2.91	.56
June	7.68	.28	3.29
July	2.07	2.49	.10
August	.00	1.42	3.04
September	.56	.08	.26
October	.50	1.81	1.08
November	.37	.45	2.84
December	.00	.62	.27
	17.12	13.66	14.64

Note: On account of the illness of the record-keeper, the records for July, August, and September, 1938, may not be absolutely correct.

#### Wharton Accepts Oldsmobile Agency

Winston C. Wharton recently accepted contract as dealer for the Oldsmobile in this city, and an advertisement to that effect appears in this issue of the News.

Mr. Wharton is a wide-awake young business man and the people of Tahoka and Lynn county will probably hear much of the virtues of this car in the days and months to come.

## Lynn May Yet Secure Conservation Set-Up

Lynn county may yet take advantage of the Government proposal to set up Soil Conservation District if farmers show sufficient interest, County Agent Don Turner is informed.

About a year and a half ago, Lynn and Dawson counties combined in an effort to secure a soil conservation district, but in the poll of farmers involved Dawson county turned down the proposal while about 90 percent of the local farmers voting approved it.

On Saturday, May 17, at 10 a. m. a hearing will be held at the county agricultural building by W. G. Kennedy, Mulleshoe, member of the State Soil Conservation Board,

#### Sales Tax On Auto Sales Is In Force

Tax Collector R. P. Weathers asks that we call attention to the fact that the new law imposing a tax of one percent on the sale of every motor vehicle in this state is now in effect, whether the vehicle be new or used and whether the sale be for cash or credit or both.

This law went into effect on May 1, and the tax must be paid upon all sales made upon or since that date as well as all sales hereafter made.

#### Three Men Enter Training Camps

Three Lynn county youths left Wednesday for training under the selective service act. They will be given preliminary training at Fort Bliss, El Paso, and assigned to other posts from there.

The three who responded to the call and left Wednesday were: Thurman Muri Kilgore, residing near O'Donnell; Herbert Gail Smith, son of H. C. Smith, Tahoka; and Henry Arvie Collins, O'Donnell.

Another call for three men has been made for May 23.

The Lynn county draft board on Thursday and Friday were mailing out questionnaires to registrants with county order numbers from 463 to 600.

#### Skilled Men Being Sought

General J. Watt Page, State Selective Service Director, Sunday put the machinery of the System into motion under telegraphic orders from National Headquarters to comb the Selective Service rolls of the State to insure that every man skilled in the operation of a defense production machine be engaged in that capacity.

The telegram received by General Page from Gen. Lewis B. Hehshey, National Director of Selective Service, reads:

"Your attention is called to the President's announcement of May 2 that because of the critical situation which confronts our Nation and the new 24 hours, 7 day machine production schedule, the rolls of the Army and of Selective Service and the Manpower of the Nation as a whole will be combed to insure that every man skilled in the operation of a defense production machine be engaged in that capacity."

Boards are instructed to again recheck the lists of Class 1-A men and men awaiting physical examination to assure conformity with this policy as emphasized by the Presidential announcement.

Texas petroleum production makes up 93 per cent of the value of all mineral production in Texas.

#### Variety Program At Rotary Club

At the Rotary luncheon Thursday, Miss Helen Belle Pemberton gave the club the benefit of her contribution in the West Texas Chamber of Commerce Home Town contest. While she did not win in this contest, she made a fine presentation of Tahoka's claims nevertheless.

Fred McGinty, as the main speaker of the day, gave the origin, history, and growth of the Production Credit Association which he represents in Tahoka. His address contained many interesting and illuminating facts.

Ray Weathers brought a brand-new assortment of jokes in his inimitable manner, which kept the auditors roaring while he was on the floor.

As the last number of the program, Wynne Collier made an announcement respecting the three-day Rotary meeting to be held in Lubbock, beginning Sunday.

President K. R. Durham took a show of the hands of members agreeing to attend the Rotary Inter-city meet at Brownfield Friday. About twenty members indicated their intention to attend.

Visiting Rotarians at the luncheon included: L. C. Jennings, electrical contractor, Abilene; G. W. Barrett and W. D. Arnett of Lamesa; Dr. H. Jacobson and County Agent Homer E. Thompson of Post; Everett Latham and Judge Homer Strickland of Lubbock; and H. H. Avants of Fort Worth.

Don Martens of Coia, Ohio, was present as a guest of Deen Nowlin.

Other guests included Fred McGinty and Miss Helen Belle Pemberton, who were on the program. Miss Myrna Dean Gaignat, who was Miss Tahoka at the Plainview Dairy Show, and Miss Peggy Fenton, her attendant.

#### Cake Baking Contest Planned

Cake bakers will have a chance at four valuable prizes in the cake baking contest sponsored by Mrs. Tucker's Shortening at The News' Happy Kitchen Cooking School to be held May 22, 23, and 24. These prizes include a 5-piece set of Evered's chrome steel cooking ware, a three-piece set, a sack of flour, and possibly other prizes.

All women of the county are invited to attend this big three-day cooking school, and the cake baking contest is open to all.

#### Comfort Making To Start Soon

A training school for supervisors for the comfort-making program which is to start soon was held in the A. A. A. committee room Monday. Present were Mesdames John Leake, Doris Lee, Eugene Kenley, Leo Chappell, J. H. Knight, K. W. Phillips, John Berry, Paul Johnson, and H. M. Snowden.

The comfort program will be begun, according to Miss Maurine McNatt, as soon as supplies can be obtained. The comforts will be made in the centers heretofore used for mattress-making.

#### Will Demonstrate Roaster Here

W. S. Anglin, manager of the Texas-New Mexico Utilities Co., announces that on next Thursday, May 15, there will be a demonstration of the new Electric Roaster by Mrs. E. Thorne, home economist, at the company offices on the west side of the square. The demonstration will start at 3 p. m.

Mr. and Mrs. Arthur King of Portales, N. M. were in Tahoka on a short business and pleasure trip, Wednesday.

Helen Belle Pemberton, above, represented Tahoka in the preliminaries of the "My Home Town" speaking contest held at Texas Tech Saturday. The Lubbock speaker won the contest, which was participated in by representatives from 30 towns in district two of the West Texas Chamber of Commerce.

Helen Belle's speech is to be found on another page of this paper.

#### Painview Honors Tahoka Sponsor

By Ruby Nell Smith

Myrna Dean Gaignat was selected as Lady-In-Waiting to the Queen of the South Plains Dairy Show at Plainview Tuesday night.

The representative from Friona, Texas, Miss Jacquelyn Wilkinson was crowned queen. Miss Gaignat, selected as second place winner, served the queen as Lady-In-Waiting in the Dairy Show pageant that was staged in the city auditorium in that city. Jack Swafford escorted Miss Gaignat in the Pageant and at the dance following that was given in honor of the visiting candidates and their guests.

Others from Tahoka attending the activities were D. W. Gaignat, Miss Peggy Fenton, Mrs. Houston Spikes and Benoy Gattis.

#### Defense Bond Sale Is \$30,000

About \$23,000 worth of National Defense bonds were sold in Tahoka the first day, and up to this time approximately \$30,000 worth have been sold, it is understood, though we have no authentic figures as to the exact amount.

Most of these bonds were sold by The First National Bank here, according to Postmaster Happy Smith, who says that about \$1,250 were handled by the local post office.

#### Joe Alice Brooks Is Graduate Nurse

A joint program was held in Lubbock this week for student nurses in the Lubbock Sanitarium and West Texas Hospital who graduated, twenty-two in number.

Among those receiving diplomas Tuesday night is Miss Jo Alice Brooks of Tahoka. Miss Brooks was also awarded the coveted Krueger prize, a check for \$50.00, for being the most capable and efficient nurse of her class. Her mother and her sister, Miss Mary Nell Brooks, attended the graduating exercises.

Miss Brooks is a graduate of the Tahoka high school of the class of 1938 and was the salutatorian of her class. She entered the School of Nursing of the Lubbock Sanitarium in June of that year.

#### TO MEET SATURDAY

Announcement is made that the Lynn County Home Demonstration will meet Saturday, May 10, in the county court room.

All new members urged to be present in order that plans may be completed for the marketing of eggs.

#### Tom Garrard To Be WTCC Speaker

Jed Rix, Assistant Mgr. of the West Texas Chamber of Commerce, phoned Tom Garrard from Fort Worth Monday morning and asked him to address an open meeting of the West Texas Chamber of Commerce at their open session Friday morning, May 16, at Mineral Wells on the question of cotton allotments as they affect West Texas.

#### FFA Encampment Friday, Saturday

By Jordan Nash

Members of the Tahoka Chapter of the Meadow District of the Future Farmers of America will attend the camp to be held at Buffalo Springs May 9-10. The entire Meadow District will attend this meeting.

Local boys will leave Tahoka Friday afternoon after school and proceed immediately to the camping site at Buffalo Springs. They plan to camp in the open if the weather will permit. Saturday all of the local teams will participate in games and contests, returning home late in the day.

Mr. Leslie Browning, local agriculture teacher and director of entertainment for the meet, announces that a school bus will be used for transportation for the Tahoka Chapter.

#### Home Makers At State Conference

By Helen Pemberton

Miss Lucile Wright, Home Making instructor, and four representatives from Tahoka High School attended the Home Making Rally at San Antonio last week end.

The rally girls were honored with a tea at the Governor's Palace, a "Fun Night", and a banquet. "The Voice of American Youth" was the theme of the rally.

A general meeting was held Saturday May 3, at which time the new officers of the Future Home Makers of Texas were installed.

Mary Ruth Hargett, representative of the third year class, Nieto Stephens, second year, Marceline Stephens first year and Mary Jo Anderson delegate-at-large attended the convention. Mary Ruth won second place on her dress and fourth on her test. Marceline also won fourth on her test.

Twenty-five-thousand girls attended the rally from all over Texas.

Betty Ruth Wyatt, who was recently critically ill in a Lubbock sanitarium, is now at home and improving rapidly.

#### Class Is Largest School Has Had

Graduation exercises for the largest class ever to graduate from Tahoka High School begin Sunday night at the High School auditorium, when Rev. E. D. Landreth, pastor of the Lamesa Methodist Church, delivers the class sermon. Thursday night of next week the Grade School graduation exercises will be held in the same auditorium, and Friday night diplomas will be presented to the Seniors.

Between 55 and 58 of the 59 members of the Senior Class are expected to graduate this year, and this is the largest graduating class in the school's history.

Besides the sermon, Sunday night's program includes songs by the High School choir and congregation, announcements by Supt. W. T. Hanes, and invocation by Rev. Geo. E. Turrentine.

Thursday night on next week the Grade School graduation exercises will be held. The program includes invocation by W. A. Reddell, salutatory address by Johnnie Mae Anderson, valedictory by Billie Jo Cowan, songs by the Seventh Grade Chorus and a double quartet, and presentation of the diplomas by Wynne Collier, vice president of the Tahoka school board.

Friday night of next week, President Clifford B. Jones of Texas Technological College, will deliver the address to the graduates of Tahoka High. The salutatory address will be by Eleanor Ludgion, and the Valedictory by Lenore Anglin, and Betty Sue Roberts will render a piano solo. Principal Lee Dodson will present various scholarships. Supt. W. T. Hanes certifies the candidates for diplomas to be presented by Prentice Walker, president of the Board of Trustees.

John Hambien, Band director, leads the singing at each of the three programs, and Mrs. Marcus Edwards is accompanist.

#### '41 Class Sermon Is Sunday Night

By Frances Mitchell

Baccalaureate services for the senior class of '41 in Tahoka High School will be held in the high school auditorium Sunday night, May 11, at 8 o'clock.

Reverend E. D. Landreth, pastor of the First Methodist Church at Lamesa, will be the main speaker for the night.

The stage, which will be decorated by the junior class, will feature a patriotic red, white, and blue, color scheme. Roses of red and white, and larkspurs of blue with ferns will be placed on the stage against a background of red, white, and blue.

Graduates and their parents will

(Continued On Back Page)

## "I Am An American" Day Sunday, May 18

A great crowd of Lynn county citizens—men, women, boys, and girls—is expected to be here Sunday afternoon, May 18 to participate in the celebration of I-Am-An-American Day.

Mrs. Loyd Edwards and other members of the committee have sent out invitations to every school district in the county suggesting that each of those communities have a representative on the program. It is hoped that many of them respond and that the people of these communities will be present to enjoy the celebration.

Happy Smith, representing the American Legion, says that that organization will lead a parade, and boy scouts, cubs, and girl scouts

will join in. School children from the various communities of the county are also invited to join in. The Tahoka high school band, one of the best in this section, will also be in the parade and will furnish music for the program.

The program will be given in one of the most public places in the town, to be announced next week. Truett Smith will be master of ceremonies and Tom Garrard will be the principal speaker of the occasion.

One of the purposes of the celebration is to welcome into the folds of full citizenship those who have become twenty-one years of age during the past year and have be-

**1000  
EXTRA  
MILES  
OF TRAVEL  
PER TIRE**

Too good to be true? Not at all. In the famous 5-million mile Florida Road Test, first-line Lee Deluxe Tires, pitted against other leading brands, showed 6 per cent slower tread-wear than the average.

Think of it... 106 miles for Lee, for every 100 miles averaged by the other tires. This means you ought to get at least 1000 extra miles out of top quality, guaranteed Lee Tires... even though they cost no more than other leading makes. Actually, they cost less than you guess!

Besides, the test proved Lee's extra cord-strength, and greater resistance to bruises and to ply-separation.

Drive in for new low prices, trade-in offer, and easy-pay plan.

**LEE  
DELUXE  
TIRES**

**Rotarians Will Attend Annual District Meeting**

LUBBOCK, May 7—More than 600 Rotarians of District 127 of Rotary International, and their Rotary Anns, are expected in Lubbock beginning Sunday, May 11th, for an annual conference of the District at which seven former District Governors will participate, in addition to representatives of Rotary International. Homer D. Grant, chairman of the conference committee said today.

The District extends from Dalhart to the Texas and Pacific Railroad and from Fort Worth west to the New Mexico state line, with 55 clubs having a membership of more than 2,300.

Frank S. Roberts of Breckenridge is District Governor and he will preside over the program. Dr. Allen D. Albert of Paris, Illinois, president of Rotary International in 1915-16 and C. Reeve Vanneman of Albany, N. Y., will present Rotary International on the program.

Past District Governors on the program will include: Fred Wemple, Midland; Ray H. Nichols, Vernon; O. B. Sellers, Fort Worth; Hiram Arrant, Abilene; Linton H. Estes, Wichita Falls; James L. Wilson, Floydada; J. Edd McLaughlin, Ralls.

**J. D. NOBLE FAMILY MOVES TO CARROLLTON**

After a residence of twelve and a half years in the Dixie community in this county, Mr. and Mrs. J. D. Noble and their son Clifton left this week for Carrollton, where they will reside in the future.

Mr. Noble had been superintendent of the Sunday School at Dixie the past eleven years, he and Mrs. Noble each being devout members of the Methodist Church, and on the last Sunday in April the Sunday School surprised and honored them with a great spread at which nearly everything good to eat was served, Mr. Noble says, and by presenting to them some valuable and beautiful gifts as tokens of the love and esteem with which they were regarded by the entire community.

Mr. and Mrs. Noble had been in fairly good financial circumstances for many years but reverses the past few years had swept most of their earthly possessions away. They never permitted themselves to become embittered by these reverses, however, but remaining rich in character and spirit. This only added to the esteem and affection in which they were held by their friends.

Many Lynn county people are hoping that they may yet have many years of happiness wherever their lots may be cast.

**DALES LEAVING FOR SOUTHERN BAPTIST MEET**

Rev. and Mrs. Geo. A. Dale, accompanied by their daughter and little granddaughter, Mrs. J. R. Kennedy and Dale Kennedy of Lubbock, left early this morning for Birmingham, Alabama, to attend the Southern Baptist Convention, which will be in session there throughout next week. They will also be accompanied from Dallas by their son, E. E. Dale.

Brother Dale will not be in his pulpit here Sunday. Rev. Kermit Melugin, chaplain for the C. C. C. Camp in Lubbock, will fill the pulpit at the 11 o'clock service. The preaching service will be dismissed at night on account of the Baccalaureate services at the high school auditorium.

The other regular services of the church will be held as usual, Sunday School at 9:45 and Baptist Training Union at 6:30 p. m.

Rev. and Mrs. Dale will return from the convention the latter part of next week and the pastor will be back in his pulpit the following Sunday morning.

**MUSIC RECITAL FRIDAY NIGHT**

The music pupils of Mrs. M. H. Edwards will be presented in recital in the high school auditorium at 8 o'clock Friday night of this week. The public is cordially invited.

**Household Hints**

By MISS JESSIE HOGUE

Who Will Conduct The News' Cooking School May 22, 23, 24.

If egg yolks become stringy after being added to hot puddings, especially tapioca, use a beater, the lumps will adhere to the beater and leave the pudding smooth.

If soup has been over-salted, add a teaspoonful of sugar, or a few small pieces of raw turnips or potatoes, and simmer a little longer. This will neutralize the salt flavor.

If silver, after it is cleaned, is rubbed with a piece of lemon and then washed and well dried, it acquires an extra brilliancy, and will keep clean longer than with ordinary cleaning.

To prevent pancakes from smoking or sticking to the iron while cooking, rub grid-iron with a small bag of salt.

When separating the yolk from white of an egg, if you drop a portion of egg yolk into the whites, moisten a cloth with cold water, touch to the yolk and it will adhere to the cloth.

**JOHNSON OPENS CAMPAIGN IN SAN MARCOS**

Congressman Lyndon Johnson opened his campaign for the United States Senate in San Marcos Saturday night, May 3. He declared the first problem of the nation is to prepare to meet the crisis with which we are confronted. He pledged his continued cooperation with President Roosevelt in the defense program and made an urgent plea for unity.

Outstanding features of the platform which he announced were:

1. Definite legislation which would prevent further strikes in national defense industries.
2. A national old age pension law which would give to every person in Texas, over the age of sixty, the same pension as paid by other states.
3. Full parity payments to farmers.
4. Opposition to any federal control of the Texas oil industry.

**VOLUME OF LIFE INSURANCE STEADILY INCREASES**

More than \$2,600,000,000 of life insurance is in force on the lives of Texas citizens—an increase of 4.2 per cent for the year 1940 over 1939, according to data received here today by Mrs. Gladys M. Stokes, local representative of the Southwestern Life Insurance Company.

The figures, released by the Institute of Life Insurance, indicate a per capita insurance in force in Texas of \$407.

**Selectees Given Ten Days Time**

Selective Service regulations have been amended so as to give a selectee ten days between the time he receives his order to report for induction and the actual date of induction instead of five days under the old rule.

Local boards have the authority to increase it to sixty or more days when they deem such extensions necessary.

These are instructions received by the Lynn County Board from General J. Watt Page of Austin, state selective service director, Tuesday. This amendment has been made in order to allow inductees plenty of time to arrange their personal affairs before being inducted into the service.

**GARRARD REQUESTS ATTENDANCE OF W. T. C. C. CONVENTION**

To the People of Tahoka and Lynn County:

The convention of the West Texas Chamber of Commerce will be held in Mineral Wells Thursday and Friday, May 15 and 16. Many important matters affecting this section will be considered. I would appreciate it if a large delegation of Tahoka, O'Donnell, Wilson and Lynn county citizens would attend this convention.—Tom Garrard, Director West Texas Chamber of Commerce.

# To These LEADERS Of Tomorrow We Extend Congratulations

To the Class of '41 . . . our congratulations! You're a fine crowd of spirited young people. We know you . . . we like you . . . and we're proud of you! We're proud of something else, too: we're proud (and happy) that we can always say "we knew you when." No matter where you go . . . what you do . . . how important you become . . . we'll never be denied the pleasure of having something in common with you: we've shared some of

your school day experiences. And it has been our privilege to have some little share of them. We look thoughtfully . . . hopefully . . . to your future. And knowing you, we have confidence in the years ahead. Your splendid class is the dynamic new wave of courage, eagerness, vigor and trained intelligence destined to carry the world onward! To all of you we extend our most sincere good wishes.

**W. T. Basketball Teams Will Play Big Time Games**

CANYON, May 8—Bigger things for the world's tallest basketball team are coming fast under the guidance of Al Baggett, athletic director of West Texas State College and cage coach.

Coach Baggett has completed plans with Ned Irish, director of basketball for Madison Square Garden, for an additional game on the trip which will take the Buffaloes to the Garden next winter. This game will be played with Niagara University in Buffalo on January 31. A re-arrangement of dates will permit a mid-semester schedule which will include:

January 28—Long Island University in the Garden, New York City.  
January 30—Temple University in Philadelphia.  
January 31—Niagara U. at Buffalo.  
February 2—Baltimore U. at Baltimore.

Coach Baggett will return to the

**NEW LYNN 4-H CLUB HAS MEETING**

"Underwear should always be made of a material that launders easily", stated Miss Maurine McNatt, home demonstration agent, at the New Lynn 4-H Club meeting Tuesday, May 6.

Any material that is worn close to the skin, so that it absorbs the perspiration and impurities from the body, will need to be washed often. For that reason, underwear materials should be easy to launder and fast in color. Faded underwear often appears soiled and dingy. The laundering quality should also be considered in planning or choosing the trimming. A garment elaborately trimmed with lace is difficult to launder and often the lace wears out before the rest of the material.

Ina Jean Steele was elected song leader.

**NAMES OF OTHER SOLDIER BOYS GIVEN**

Mrs. J. A. Giles of Redwine was a caller at the News office Monday and reported that her son, Truett Giles, is now a P. F. C., Third Class Specialist at Chanute Field, Rantoul, Ill.

The other son, Donald Giles, is a P. F. C., Second Class Specialist at Lowrey Field, Denver, Colorado, to which field the two boys were sent upon their enlistment in the army on August 6, 1940.

campus early this week from a trip to New York and to the National Physical Education Association at Atlantic City. He will head a delegation which will leave Thursday to attend sessions of the Border Conference at Tucson, Arizona. It is no secret that West Texas State would like to belong to the strong Border circuit. It is believed there is considerable support for the colorful Buffs in the nearby loop.

West Texas State will play four Border conference football teams next fall.

**WILBERT FINCH IN NAVY**  
The News is informed that Wilbert Finch, son of Mrs. Milt Finch, is now in the U. S. Navy.

**FSA Is Aiding National Defense**

(Delayed)  
The Farm Security Administration, United States Department of Agriculture, has been designated as a National Defense Agency, according to word received by Wyman J. Welch, rehabilitation supervisor for the Farm Security Administration in Lynn county.

Federal programs contributing directly or indirectly, or both, to national defense have been given a defense rating by the Federal government.

Mr. Welch said a chief contribution of Farm Security to national defense is its rehabilitation of farm families who have suffered the plight of economic insecurity.

"The Farm Security Administration does far more than merely loan money to low-income and needy families," Mr. Welch said. Although this agency does make low interest loans to farm families unable to obtain credit from any other sources, it has many other programs to assist America's rural families.

"Farm Security," Mr. Welch continued, makes it possible for many low-income rural people to find security of tenure, improved housing and sanitation facilities, improved diet, more stable income and, in many cases, improved medical attention.

There is another phase of the program, "Mr. Welch added. FSA families are cooperating in the soil conservation program. They are using sound farm and home practices, rotating their crops, planning to plant cover crops, and they are growing feed for their stock as well."

The rehabilitation supervisor reported that many of the landowners in Lynn county have given their tenants long term leases so that live-at-home and soil conservation programs can be carried out. This program, he noted, is also a defense program.

Mr. Welch pointed out that "in these times of stress, long term leases—three to five years—are needed to give stability to the tenants and sharecroppers. These leases are beneficial to the landowners as well as tenants, because it gives the tenants an opportunity to improve the fertility of the soil and take advantage of the environmental program of the Farm Security Administration."

Approximately 40 families in Lynn county have long term leases and all have written leases for one or more years, with an option to renew.

"In designating the Farm Security Administration as a National Defense Agency," Mr. Welch said, the National Defense Commission recognizes the fact that a nation that has too many low-income, inadequately housed, fed and clad persons in it, together with those who suffer ill health, cannot be a strong nation in time of peace or war.

**COUPLE WED HERE TUESDAY MORNING**  
Rev. Geo. A. Dale was aroused from his slumbers at 2:30 o'clock Tuesday morning to read the marriage vows for a couple of non-residents who came unattended.

The contracting parties were James Sewell Buckalew of Houston and Miss Willie Pauline Dunlap of Lamesa. Mr. Buckalew holds a position with a big concern in Houston while the bride is an attractive young woman resident of our sister county capital. They remained to chat for some considerable time in the pastor's home but gave no explanation as to why they had come to Tahoka to have the marriage rites performed, though they apologized to the minister for awakening him at so early an hour in the morning.

Though previously unacquainted with them, the preacher was most favorably impressed with the young couple.

**Way "Build-up" Helps Will Interest Women**

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

No. P-67

**Cherry Icebox Pie**

Broadcast by Mary Lee Taylor May 8, 1941

No. 2 can sour pitted cherries  
1/4 cup sugar  
1 package lemon-flavored gelatin  
1 dozen graham crackers, 2 1/2 inches square  
2 tablespoons melted butter  
2 eggs, separated  
1/2 teaspoon salt  
1 1/2 teaspoons grated lemon rind  
1/4 cup Pet Milk diluted with 1/4 cup water

Drain cherries and save juice. There should be 2 cups cherries and 1/4 cup juice. Add 1/4 cup sugar to juice and heat to boiling. Add 1/4 package gelatin (1/4 cup) and stir until dissolved. Add drained cherries, then chill until mixture begins to thicken. Roll crackers into crumbs, then mix with 1/4 cup sugar and melted butter. Reserve 1/4 cup mixture. With back of spoon press larger amount of crumb mixture on bottom and sides of deep 9-inch buttered pie pan. Spread chilled cherry mixture over crumbs and continue chilling. Mix slightly beaten egg yolks, remaining 1/4 cup sugar, salt and diluted milk. Cook over boiling water until slightly thickened, about 4 minutes. Then add remaining 1/4 package gelatin, stirring until dissolved. Chill until mixture begins to thicken. Fold in stiffly beaten egg whites, then spread over chilled cherry mixture and sprinkle top with remaining crumb mixture. Chill until firm.

**IMPROVEMENTS MADE IN O. E. S. HALL**

The Tahoka Eastern Star Chapter has been quite active throughout the past year, a number of new members having been received, according to a report made to the News.

Also the Hall has been improved by the installation of new furnishings, including a built-in cabinet for dishes and supplies and new curtains, covers, and other items which make the Hall more attractive.

Recently officers have been elected and appointed for the ensuing year, together with pro tems for each place, and the installation will take place in the Chapter Room at the regular meeting, Friday night, June 6.

The new officers are as follows:  
 Worthy Matron, Mrs. Annie L. Hanes  
 Worthy Patron, C. H. Cain  
 Associate Matron, Mrs. Helen Walker  
 Associate Patron, W. E. Smith  
 Secretary, Mrs. Lorraine Garrard

**SAM BULMAN WEDS CORSCIANA GIRL**

The marriage of Sam Bulman, son of Mr. and Mrs. Henry Bulman of Petty, and Miss Minnie Lee Dunagan, daughter of Mr. and Mrs. C. B. Dunagan of Corsicana, which was consummated in that city on Friday, April 23, was announced here the first of this week.

The young couple will make their home on a farm near Meadow.

The groom was reared in this county, while the bride with her parents had resided in this county two years, removing back to Navarro county a few months ago. Her father is a brother of A. L. Dunagan, who has resided near Tahoka for many years.

These young people have the best wishes of many friends.

Mr. and Mrs. E. H. Cunningham and Mr. and Mrs. C. B. Evans and son Glenn returned Sunday night from a visit with Mr. Cunningham's relatives in Oklahoma City and Mr. Evans' relatives at Norman. They went down Thursday in the rain and came back in the rain Sunday. Mr. Cunningham reports fine wheat enroute and everything green everywhere. He says it looked good.

Ernest C. Reese, who enlisted in the army service for three years, a few months ago and who is in training at Fort Sill, Oklahoma, spent the weekend here with his parents, Mr. and Mrs. J. L. Reese, arriving in Tahoka Thursday night and leaving Sunday afternoon. Carna looks as if army life were agreeing with him physically and he seems well pleased with it.

Mr. and Mrs. Jim Wetsel visited their daughters in Odessa last Sunday, Miss Margaret Wetsel, Mrs. Mildred North, and Mrs. Don (Baby Tot) Tackett.

**Ginnings BY COTTON JOE**

I see they're makin' roofin' out of cotton now. Well that seems fair to me. Cotton on the roof ought to help keep the price of cotton out of the basement.

**O. E. S. MEMBERS ATTEND SCHOOL OF INSTRUCTION**

A number of the members of the Tahoka Eastern Star on Monday night attended a dinner given by the Slaton Chapter in the Slaton Club House honoring Mrs. Robbie Dyer, worthy grand matron of Texas, and other grand officers.

Mmes. Clara Harris, Verdie Mae Robertson, Pherne Cade, Annie Forrester, and Ava Roddy represented the Tahoka Chapter.

The annual School of Instruction for this section of District 2 was held in Lubbock Tuesday and Tuesday night with fourteen near-by chapters assisting as hostess chapters. Twenty-two Tahoka members attended and received certificates for proficiency on the secret work. O'Donnell also had a large class receiving certificates. Those attending from Tahoka in-

cluded: Miss O'Bera Forrester and Mmes. Annie Hanes, Minnie Davis, Clara Harris, Ona Botkin, Verdie Robertson, Robbie Thomas, Lillian McCord, Lorraine Garrard, Bonnie Noble, Pherne Cade, Imogene Burleson, Ava Roddy, Launa Thomas, Vada Thomas, Willie Thomas, Mittie Walker, Millie Hill, Jewel Dudgeon, Audyve McElroy, Annie Forrester, and Miss Lucille Hall.

In the initiation ceremony in which the degree work was exemplified by officers selected from several chapters Miss Ida Botkin was received into the order.

In recent weeks Tahoka Eastern Star members have also attended programs in neighboring chapters including Post, Lamesa, and Southland.

The Tahoka Daisy

The Lubbock Avalanche-Journal on last Sunday advised the people of Lubbock to take a drive over portions of the South Plains just to drink in the beauty of the wild flowers now in bloom.

One of the drives suggested included a visit to Brownfield, Plains, Denver City, Seminole, Lamesa, O'Donnell and Tahoka.

If many people heeded this suggestion and made the trip Sunday, they did not find the flowers showing up at their best. The dreaching rains for the last two or three days had given the flowers a rather bedraggled appearance.

Especially do we invite the Avalanche-Journal staff and the people of Lubbock to come down and see the Tahoka Daisy now reigning in all of its glory.

We note that the Avalanche-Journal writer mentions this flower as "The Tansy Leafed Aster sometimes called the Tahoka daisy". We do not know whether, botanically, this flower is an aster or a daisy but we do know that as a flower it is a daisy, in the sense that it is notably pretty and charming.

The name "Tahoka Daisy" was given to the flower years ago by one of Lubbock's most enthusiastic wild-flower lovers.

Some twenty-five years ago perhaps, when Lynn county still consisted chiefly of ranch and pasture lands, Mrs. Myrick of Lubbock was visiting and roaming the prairies in the vicinity of Tahoka Lake, when one of these beautiful flowers rearing its head above the weeds and the grasses met her vision.

She was charmed. She found more of them. She transplanted some of the specimens in her garden and they lived. Later, she sent some of the flowers to a Northern florist for classification, who decided it was some species of aster. She also sent some of the samples to some flower seed houses, and if we remember correctly she suggested the name "Tahoka Daisy", since the flower looked like a daisy and she had found it in the vicinity of Tahoka Lake.

Since they had never seen nor heard of this particular variety of daisy, or aster, before, we have reason to believe that it had never bloomed profusely in any other part of the country before that time.

For a number of years after coming to Tahoka in 1923, this writer noticed each year a few small "patches" of these flowers blooming in Tahoka. On one occasion, we asked a teacher of some branch of science in one of our colleges the name of this particular flower. He casually observed that it must be a species of daisy.

It was after that that we got from Mrs. Myrick the name and the story of this flower, and we published the story in the columns of this paper at the time.

Since that time, this flower has

greatly multiplied, and now within the city limits of Tahoka there are countless millions of them. They are becoming more and more numerous also in the pastures and many waste places and even along the highways. Not quite as showy from a distance as the famed Bluebonnets of South and Central Texas, yet at close range they are much more beautiful than that flower.

We therefore cordially invite Mr. Charley Guy and all the flower fans on the Avalanche-Journal staff together with all the lovers of beautiful wild flowers in Lubbock to drive down to Tahoka just any bright day and enjoy the ravishing beauty of her fields of Tahoka Daisies.

The New Order

In the current issue of THE COMMISSION, a magazine issued by the Baptist Foreign Mission Board at Richmond, Virginia, appears an editorial written by the editor, Charles E. Maddy, who is also the secretary of the Board, in which the educational vandalism being wrought by Hitler in the countries of Europe which he has conquered is briefly set forth. The facts which are mentioned in this editorial will give our readers some information as to what Hitler's New Order which he has prescribed for the world is really like.

Writing on "The Eclipse of Europe's Universities", this able and scholarly editor says:

"From reliable sources, we gather sufficient information to convince us that the old and renowned universities of German controlled Continental Europe are all but destroyed, and those that are left are on the way to utter extinction. The purpose of the Nazis as to the universities in these European lands they have over-run, seems to be twofold: (1) to prevent students in the conquered countries from receiving university education, and thereby to deprive those lands of a trained and capable leadership; and (2) where universities are left open, to pour into them a stream of German influence, thus making them hotbeds of Nazi way of life.

"Here is a brief summary of the deplorable situation in which the great universities of Europe find themselves:

"The University of Prague: This famous and historic Czech university has been closed and, in its place, commercial schools of low grade have been organized to prepare Czech students for practical work in trade and technical industry.

"The University of Cracow: Poland's oldest university, founded in 1384, has been suppressed and the world stands appalled at the brutal and systematic campaign on to crush utterly Polish culture throughout northern Europe. Recently the German occupation authorities invited 180 professors and teachers of the University of Cracow to a lecture on National Socialism. When they came together, they were told

"You do not know what the basis of National Socialism is. You are not fit to be professors but only to go to a German prison camp to learn what National Socialism is like." All were arrested on the spot and sent off. Many of them were venerable professors of seventy and upwards and had made recognized contributions to science and the arts. Eighteen of them died in the Oranienburg Camp; fifty were transferred to Dachau to do heavy stone-breaking work; and eventually 103 were released, to return as broken men to their own old city.

"The University of Brussels: A process of complete Germanization of Belgian culture is going forward, and the University is but a shadow of its former greatness.

"Leyden: In the closing of Leyden University in Holland, one of the most famous of Europe's cultural centers is removed.

"If the present German leadership with its sadism and brutality is victorious, Europe is doomed to a social, moral, and educational status rivaling the degradation of the Dark Ages."

No Rival Issues

Attorney General Gerald Mann's speech at Sulphur Springs in opening his candidacy for the United States Senate serves to make clear that the brief campaign will have to be fought out on personalities rather than issues. The principal contenders for the place, those at present in public office, are all agreed on support of the Democratic administration. They can find nothing on which to quarrel on the hustings. The voter will be left to choose merely whom he likes.

It is true, of course that Attorney General Mann lacks experience outside the borders of the state and that there has already been raised by friends of his opponents the contention that the Senator should be chosen from the congressional delegation. Because, however, the delegation supplies two candidates and a third is flirting with the temptation to run, the Congressmen themselves cannot afford to capitalize on this issue for fear of dividing too much of the vote in an election where plurality can win. Nor have either Mr. Dies or Mr. Johnson been so long in Congress as to wear the toga of elder statesmen. Mr. Johnson indeed has served little more than one term and his political reputation so far has been made as an astute and able electioneer, not on the floor.

Meanwhile, the attorney General has made one election move as astute as it is honorable in turning back to the State of Texas his pay for the period that he remains away from office to campaign. Clearly, none of the officeholding candidates are going to resign. Mr. Mann has done the next best thing and has also furnished an example which his opponents will be loath to emulate.—The Dallas Morning News.

We could not appreciate some of the criticisms that Wendell Willkie made of our foreign policy while a candidate last fall, but we do ap-

preciate his broad-minded, patriotic attitude in giving full support to our foreign policy since he went down in defeat in the November election. Willkie visited England last winter to get the low-down on the situation as it appeared in England, and he came back more thoroughly convinced than before that to save ourselves from attack we must save England from defeat, and that by giving her all the aid possible we can save her. Willkie said Saturday night we must deliver the goods to Britain. He further stated that he was convinced that merely patrolling the seas would not get the job done. He favored going any length necessary to get it done. Disagreeing with Col. Lindbergh, he asserted that within six months at the most the United States would be producing armaments faster than Germany. To us, it seems that in the course of time, with our vast resources we can greatly surpass Germany in production. America can not afford and will not permit Germany to control the world.

It looks now as if bills in the legislature to permit pari-mutuel gambling and the sale of liquor by the drink in Texas have hopelessly bogged down, and even if they should pass the legislature they most certainly would meet their Waterloo when they reached Governor O'Daniel—and for this, we say all honor to W. Lee O'Daniel. But it also seems that the bill to wipe out the disgraceful practice of liquor prescriptions writing and filling as now practiced by numerous doctors and druggists in this state has also bogged down. And so this fare will continue.

FOR CHICKS' DRINKING WATER
Pheno-Sal
WYNNE COLLIER, Druggist

SELECTEES INSTRUCTED TO TRAVEL LIGHT

"Travel light. Take nothing but essentials, and you'll save yourself a lot of inconvenience."

This is the advice given by General J. Watt Page, State Selective Service Director, to men selected for military training who are preparing to leave for Army induction stations.

General Page said that one suitcase should be sufficient to carry everything a selectee would need until he is outfitted by the Army—"change of underwear and socks, shaving set including the type of razor he is accustomed to using, tooth brush, and other toilet articles, and things like those."

"Put them all in one suitcase," he advised, "and do not take along bags, boxes and loose articles, or you will be causing a lot of inconvenience for yourself and others while you are on your way to the induction station and afterwards."

Unnecessary articles taken to induction centers, together with any prohibited by Military regulations, must be returned to his home by the selectee at his own expense or otherwise disposed of, General Page pointed out.

"Build-Up" Important Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

Announcing the Appointment of Wharton Motor Co.
WINSTON C. WHARTON, Propr.
CONOCO STATION --- O'DONNELL HI-WAY
as a New Dealer in this City for OLDSMOBILE

FEATURING THE BIGGEST AND FINEST LINE OF CARS IN OLDSMOBILE HISTORY plus COMPLETE AND MODERN FACILITIES FOR SERVICE

OLDSMOBILE takes particular pleasure in announcing a new dealer for this territory—specialists in the sales and service of the beautiful Oldsmobiles for 1941!
You'll find the new dealer well prepared to service Oldsmobiles and all other makes of cars. Tools and equipment in the modern, new service department are of the latest, factory-approved type. The personnel is courteous, efficient and factory-trained. A large stock of genuine Oldsmobile

parts is maintained at all times. Motorists of this city are thus assured of the highest quality service work at reasonable rates!
There's a buy for every buyer in the Oldsmobile line this year. Be sure to see the low-priced Olds Special, the popular-priced Dynamic Cruiser and the medium-priced Custom Cruiser—with a choice of either a 100 H. P. Six or a 110 H. P. Straight-Eight engine in all price fields. Drive the car ahead for 1941—it's Oldsmobile!

ALL OLDS MODELS FOR 1941 OFFER HYDRA-MATIC DRIVE\* No Clutch! No Shift!

There's only one Hydra-Matic Drive. And only Hydra-Matic Drive eliminates clutch, clutch pedal and all gear-shifting! It saves half the effort of driving. It gives more mileage on gas. It steps up performance! Try Oldsmobile's sensational Hydra-Matic Drive—today. It's available at extra cost on all Oldsmobile models. Remember, only Hydra-Matic is completely automatic! \*OPTIONAL AT EXTRA COST

A PRICE FOR EVERY PURSE... A STYLE FOR EVERY TASTE!

### Oads and Ends *See Eye, See Ear, See Elder*

We heard of a newspaper man the other day who had never paid any interest to his bank, believe it or not. We have the banker's word for it.

W. S. Wilbur, president of the First National Bank of Panhandle, told the Panhandle Press Association that there was a newspaper editor and publisher in his town, who had been there in the newspaper business for fifteen years or more, doing business with his bank all these years, who had never borrowed a nickel from the bank.

The newspaper boys present heard with open-eyed wonder. And we are still wondering how it ever happened.

But the newspaper business, generally speaking, present company excepted, is not the hand-to-mouth business that it used to be. There are plenty of editors and publishers in the Plains-Panhandle region who have prospered through the years in spite of depressions and dust bowls. Even so the ordinary newspaper man has his financial worries, never doubt it. Sometimes

schools of the county. All of which we appreciate.

There are many people also who have been kind in giving us general items of news. Most people however are too modest, and in some instances too indifferent, to give us news items that concern themselves or their families. They seem to think that the newspaper folk should just naturally know about visits or sickness or accidents or other news items without being told. Our readers can help to make this paper much newswier by being thoughtful enough to give us any news items that may concern them, their families, or their communities. Do not be too modest to give news items concerning yourself.

We find that there are very few people except the politicians who court publicity.

Yes, and there are also the people who have some kind of axe to grind—we couldn't forget them.

Every week we get through the mail a shirt-tail full of "news" from business corporations and concerns from the North and East; from political, patriotic, and civic organizations, favoring or opposing this governmental policy or that, this piece of proposed legislation or that, this kind of tax or that; from a half dozen state and denominational schools, giving the "news" of these institutions; from a dozen departments and sub-departments of the state and federal governments, asking that their long-drawn out contributions be published for the good of the country; every kind of propaganda conceivable.

We publish a small fraction of that stuff, especially of that sent to us by some of the colleges and universities and of that sent by the government departments and agencies—yes, and some of that sent by the politicians.

We publish a little of that sent by the politicians in order to enable the voters to have a little more light possibly when they go to the polls to vote.

We publish a little of that sent in by the schools because it has some local or general news value.

We publish still more of that sent to us by the governmental departments or agencies for patriotic reasons and because as a rule it con-

cerns more people or is of more interest to them.

But however valuable it might be as information, we necessarily can publish only a small portion of it. To publish all of this propaganda would completely fill a newspaper much larger than our own each week.

And right here is where that fourth speaker on the Panhandle Press program comes in, Wilson Cowan of Amarillo, of the Farm Security Administration, speaking for the Government.

If we could have the opportunity

to advise all of these governmental agencies seeking publicity for their contributions, we would condense all of our advice into one phrase, **Boil it down! Boil it down! Boil it down!** Write to the point, make it snappy, and **boil it down!** By doing so, they will get more newspaper publicity.

Recently, we had a contribution of three or four closely type-written pages from one of the governmental agencies accompanied by a letter almost demanding that we publish it. It failed to get into the paper. But the next week we did publish a

portion of a second contribution furnished to us by the same agency. We had to boil it down.

A speaker at a gathering in Tahoka recently stated—and made a great point of the fact—that newspaper publishers, like those engaged in his occupation, also receive subsidies from the government in the form of free mailing privileges in the county of publication.

But he failed to mention the fact that every such newspaper is asked and expected by the government to publish free of charge.

And yet there are some folks who seem to think that the ordinary editor is so high up in the big-money class that he is a legitimate object for exploitation. A few subscribers resort to all sorts of schemes to expel the editor out of a few months subscription free. There are a few people—just a few, thank Heaven—who will permit their subscriptions to become delinquent; and then when they are dropped from the subscription list, some other member of the family will come in and subscribe for the paper as a "new subscriber."

Others work other clever schemes. About all the editor can do is to pocket the loss with a grin.

And yet the subscriber to the ordinary country weekly newspaper, if it is worth its salt, is getting far greater value than it costs. He is getting the news of his county or his home town for himself and his family for a whole year for only one dollar or in some instances a dollar and a half. Yes, and he gets the benefit of the bargains offered by business men in their advertisements and frequently profits by them. Newspapers and magazines and good books are the cheapest commodities in the world, value considered.

Of course the chief value of the country weekly lies in the fact that it gives the county, local, and community news. One of the points stressed by that Panhandle banker was that the country weekly should do this very thing. Most country editors strive to make their papers proficient in this respect. Many of us do not get as complete news coverage of the county as we would like.

Our difficulty, personally, has been to procure correspondents from the various communities who will really send in the news. Capable men and women as a rule think that they do not have time to fool with it, and if some school girl accepts the responsibility, her weekly contribution will usually consist of such insignificant items as "Mary Smith spent Monday night with Bessie Brown" or Jennie Jones took Sunday dinner with Susie Simpkins." Even teachers are prone to send in only school news, some of which is insignificant, not touching important news items of the community at all.

But right here, we want to pay tribute to Miss Ruby Nell Smith, teacher of Journalism in the Tahoka High School. She has been doing a magnificent job of assembling and writing the news for the Tahoka schools the past year. She really knows what news is in the first place and how to write it in the second. The editor takes none of the credit for all this interesting and timely local school news that has been appearing in these columns the past few months. All the credit is due to Miss Smith and her pupils. Our hat is off to them. We do not know what Miss Smith's salary is, but we are sure that she has been worth far more than her salary the past year to the schools of Tahoka, not only in furnishing us the news for the benefit of the town and community but also in teaching her pupils what news is and how to write it.

County Superintendent Lenore M. Tunnell has also been most accommodating and generous in giving us the news respecting the rural

### A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

# MONEY in the ground

Billions of barrels of Texas oil reserves mean money in the bank for you as a Texan.

On constant deposit in underground vaults, they assure continued wages for Texas workers, lease and royalty payments for Texas farmers and ranchers, and tax revenues for our State and local governments.

Nearly 11 billion barrels of known oil reserves are on tap in 161 counties of our State. Texas oil men are now searching for new fields in 90 additional counties. They discovered last year almost three times as much oil as they produced.

These oil reserves can be cashed only through their production and processing by Texas workers.

As a means of safeguarding this backlog of economic security, you as a Texas citizen can and should expect:

(a) Sound conservation practices, (b) A reasonable taxing policy by State and local governments to permit healthy development without loss of employment through abandonment of properties, (c) Increased use of this great fuel source through creation of new Texas industries.

These oil reserves provide security for you and every other Texan

**T. E. L. CLASS HOLDS SOCIAL MEETING**

The T. E. L. Sunday School class of the First Baptist Church met in regular monthly meeting in the home of Mrs. Pete Coleman. Mrs. Kelly brought the devotional, on "Mothers," Proverbs 31.

Several talks and poems were given about our Mothers. Mrs. Rafe Richardson, a visitor, brought us two lovely musical numbers.

Following the program, a social time was enjoyed and a salad plate with an ice drink was served to the following: Mmes. George Akin, C. T. Oliver, Fender, Bill Davis, H. M. Snowden, Kelly, Betty Douthit, Doss, J. L. Reese, N. E. Weathers, J. L. Nevill, H. F. Hancock, J. K. Woosley, O. Lualling R. L. Richardson, H. W. Calaway of Draw, and Mrs. P. Coleman the hostess.

The June meeting will be held in the home of Mrs. J. L. Nevill.—Reporter.

Mrs. W. D. Smith, Jr., and daughter, Suzette, returned to their home in Colorado Sunday after a three week stay here with Mrs. Smith's parents, Mr. and Mrs. S. E. Reid. Mrs. Smith, formerly, Lillimae Reid was reared here in Tahoka and seemed to enjoy her visit and seeing her many friends again.

Mrs. G. W. McKinnon underwent a major operation in the Lubbock Sanitarium Sunday. Latest reports are that her condition is satisfactory.

**IMPORTANCE OF GARDENS STRESSED**

By Miss Maurine McNatt—  
 Since food prices are advancing so rapidly, the wise farm family starts thinking in terms of growing were never more favorable than at a garden. Conditions for gardening the present, since the rains have put a good season in the ground.

Many families have already made garden plans and even a few plants growing, so perhaps it's time to take inventory to see if the plan will care for the family needs. According to the Texas Food Standard, each person should consume in a year, 200 lbs. of potatoes; 200 lbs. of leafy green, or yellow vegetables; and 300 to 400 lbs. of fruit. To determine the needs of the family these amounts should be multiplied by the number of person in the family.

Plan a total planting of 700 feet per in the family. Average yields of vegetables for each adult member amount to a pound per foot of row space, while in areas of limited rainfall or other unfavorable conditions, yields may be reduced to a half pound per foot of row space, or less. In the latter instance, instead of planting 700 feet of row space per person, 1,400 feet should be planted. Under ordinary conditions, one-tenth acre should be planted per person, or for a family of five persons, a minimum of one-half acre are in vegetables should be planted. Vegetables are classified according to the food elements which they supply, as follows:

1. Leafy, green, and yellow vegetables: Lettuce, cabbage, collards, spinach, mustard, turnip tops, swiss chard, endive, kale, english peas, green spring beans, yellow string beans, green peppers, carrots, yellow squash, asparagus, pumpkins, and yellow turnips. Plant a total of 100 row of space of this type of vegetable per person in areas of ample rainfall; or 200 feet of row space per person in areas of limited rainfall.

2. Starch vegetables: Irish and sweet potatoes. Plant a total of 200 feet row of space per person in areas of ample rainfall; or 400 row space per person in areas of limited rainfall.

3. Tomatoes: plant 100 feet of row space per person in areas of ample rainfall; plant 200 feet of row space per person in areas of limited rainfall.

5. Garden fruits: these may be substituted for any fruit except citrus or tomatoes; they include watermelons, cantaloupes, and rhubarb. They may be planted in the garden or in the field. About three rhubarb plants will be needed per person.

5. Other vegetables: beets, shell-fresh beans, cauliflower, celery, corn, cucumbers, onions, okra, radishes, parsnips, white squash, white rutabagas, white turnips. Plant a total of 200 feet row space per person, exclusive of corn, in areas of ample rainfall; plant a total of 400 feet of row space per person in areas of limited rainfall.

6. Dried mature peas and beans. Plant about 25 feet of row space per person. Plant 100 feet of row space of peas or beans to produce about 5 pounds of beans or peas.

7. Some herbs should be planted for seasoning.

**LIST OF CONTRIBUTORS TO WEST TEXAS C. of C.**

The following wide-awake and progressive business men and citizens of Tahoka have contributed to Tahoka's quota to the West Texas Chamber of Commerce:

First National Bank, J. K. Applewhite Co., D. W. Gagnat, Raborn Chevrolet Co., A. L. Smith, Piggy Wiggly, W. E. ### Practical Program For FSA Families

Farm families who have little money possibly can not afford to buy all the food they need for a good diet, but they can afford to grow it, Myriene Cannon, home management supervisor for the Farm Security Administration, said yesterday in discussing the part farm families have to play in the nationwide drive to assure ample food supplies for the United States and other countries resisting aggression.

"Fact is," Miss Cannon said, "they can't afford not to maintain cows to furnish a year-round supply of milk, cream and butter; to raise enough chickens to provide meat and eggs all year, instead of just a few months in the spring, and to produce a variety of animals for other kinds of meat including pork, beef and lamb."

"Farm families in Lynn county being assisted in their farm and home operations by this agency are learning that they can have more food for less money by raising bigger gardens, increasing their poultry flocks and feeding a few live-stock for home consumption," Miss Cannon said.

Miss Cannon said that although borrowers of the Farm Security Administration have always followed a live-at-home program and grown most of their food and feed on the farm, a majority of them are planning to produce more than ever this year. They expect to take full advantage of the opportunity to reduce their own living expenses and at the same time additional quantities to meet the national needs for greater supplies.

The home supervisor believes that Farm Security Administration borrowers in this county are in full accord with a recent statement by Secretary of Agriculture Claude R. Wickard, in which he announced a nationwide drive to produce every possible egg from present laying flocks this spring and summer.

This effort is a part of the nation's determination to assure ample food supplies for this and other countries during the present emergency. It should, according to Department officials, increase egg production for the whole country in the next 15 months by six percent.

### Fishermen Trying Luck On Concho

Many folks are slipping off to the rivers and the lakes south of us these days to try their luck as anglers. It is impossible to get reports of or from all of such parties.

Last week end, Sheriff B. L. Parker and County Agent Don Turner went down to Christoval, got caught in deluges of rain, and didn't have much luck, though they caught a few bass, big enough to keep.

Earlier in the week, Jim Clinton and Frank Fenton had gone to the same stream. They also are reported to have landed a few bass Thursday and Friday.

W. T. (Bud) Clinton and Dock Johnson left Sunday for a few days fishing endeavors also. Didn't say when they were coming back.

Harlan Cook, also was fishing at Christoval Friday, reported only one bass.

### STATE SOIL CONSERVATION BOARD OF TEXAS

NOTICE OF HEARING upon organization of proposed Lynn County Soil Conservation District, embracing land lying in Lynn county, Texas.

WHEREAS, on the 29th day of April, 1941 there was duly filed in the office of the State Conservation Board, at Temple, Texas, a petition signed by fifty or a majority of land owners pursuant to the provisions of the State Soil Conservation Law, as enacted by the 46th Legislature, known as House Bill No. 20, requesting the establishment of Lynn County Soil Conservation District; and

WHEREAS, the lands described by said petition, and other lands which will be considered for inclusion in said district, are located in Lynn County, described substantially as follows: All the lands lying in the County of Lynn.

Now, therefore, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity in the interest of the public health, safety, and welfare, of the creation of such district; on the question of the appropriate boundaries to be assigned to such district; upon the propriety of the petition, and of all other proceedings taken under the said Act; and upon all questions relevant to such inquiries. The said public hearing will be held by the State Soil Conservation Board on the 17th day of May, 1941 beginning at 10 o'clock a. m., at Tahoka in the county of Lynn.

All persons who shall hold title to any lands lying within the limits of the above described territory as owners, and all other interested parties, are invited to attend and will be given opportunity to be heard at the time (s) and place (s) hereinbefore specified.

State Soil Conservation Board, By: V. C. Marshall, Administrator. Dated this 1st day of May, 1941. 39-21c.

stration families in Lynn county who have increased their poultry flocks and facilities for handling additional numbers of layers this summer and next fall are:

Ella McLaurine, James L. Parks, Walker F. Vaughn, Clarence L. Murry, Odie F. Stringer, Vernon T. Brown, Edwin B. Orr, John B. Warren, George O. Key, Leon J. Falls.

Bigger and better gardens are expected to be grown this year on a number of farms whose operators are working with FSA. Outstanding among these are:

Jack R. Mathis, Robert Lee Hagler, Charlie A. Shultz, Thurman Solsbery.

Mrs. Mary T. Maassen of Dallas, mother of Henry Maassen of this city, came Thursday of last week to attend the graduating exercises of the Tahoka high school, at the close of which her granddaughter, Miss Joycelyn Maassen, will receive her diploma.

### Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently-persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

FURNITURE HARDWARE IMPLEMENTS

### Speaker Praises "My Home Town"

(Ed. Note: Below is the text of a speech given by Helen Belle Pemberton in the preliminaries of the recent "My Home Town" contest held at Texas Tech and participated in by representatives from 30 towns.)

Main street with its two-story brick buildings, its shops, movie theatres, banks, small jewelry stores, brick churches, cafes, 5 & 10 cent stores, garages, tailor shops, and service stations, its imposing court house square in the center of the town, its huddle of Fords, Chevrolets, a few Buicks, and Model "T"s at the street curb, white-collared men talking to western cowboys and farmers on the street, a few W. P. A. workers loafing around the court house and pool hall with their chewing tobacco, housewives telephoning the latest gossip to their neighbors—and children on their way to school—

This is not the picture of one Main Street but of hundreds of streets to be found in towns in the western section of the United States and particularly of towns with a population of two to seven thousand in West Texas.

And this town so typical of Main Street, is called Tahoka. Tahoka is an Indian name meaning deep or bad water, which the Indian tribes gave to a lake some three miles from the present location of Tahoka.

Tahoka Lake has a very colorful history since it has been used as an Indian camping ground, buffalo watering place, location for a Mexican sheep herder's camp, resting and watering place for Civil War soldiers, and later in 1903 after the country had been settled by white men, the small hamlet of Tahoka was created, not different from the numerous neighboring small trading posts that were to be found in these

West Texas Plains in the first years of the 20th century. And now we find that school children use Tahoka Lake as a favorite picnicking spot.

There are a few unique things about my home town. If you will come to Tahoka in the early spring you will find the town adorned with a lavender flower, discovered twenty years ago near Tahoka Lake and named the Tahoka daisy. This flower is so listed in national seed catalogues.

Lynn county is a large cotton, cattle and grain sorghum raising center. In 1937 Lynn county raised a total of 153,343 bales of cotton, one of the largest crops grown in any Texas county. Our public school system has grown from a frame school building in 1911 to a \$225,000 school with 24 teachers. Tahoka is the headquarters of a Lyntegar Rural electrification that covers 7 counties. We have a cotton compress and 5 of the most modern cotton gins in the West Texas.

Many of the streets are paved now, and every street is lined with a border of elms. The women of Tahoka take unusual pride and interest in their lawns and flower gardens.

The climate is ideal since the days are warm and the nights are cool. You ask, "Don't you have sand storms in Lynn county and Tahoka?" Yes, we have sand storms in the early spring, but the surrounding farm land of Tahoka always yields a good crop. Besides, we are not to blame for these storms, since they consist of dirt blown over from your city, my good friends.

I have tried to give you a picture of Tahoka, which is not unlike other small West Texas towns, however there are many more things about my home town that I could boast of, but we would find that many of them are true of all of our small progressive West Texas towns.

Tahoka, the town with a colorful history, the city with a prosperous present . . . Why not come to Tahoka, the town with a future.

### Florida And Cotton

Blonde Mizzi Strother, recently crowned "Miss Florida," greets Alice Erie Beasley, 1941 Maid of Cotton, upon her arrival in Miami, one of more than thirty major cities Alice will visit during her air fashion tour of the United States. The Maid of Cotton, clad in cotton from head to toe, is modeling her especially designed cotton wardrobe in cities from Miami to Salt Lake City. She is accompanied on her 15,000 mile tour by a Lux stylist and a representative of the six sponsoring cotton organizations.

### BANKER DOAK AND JUDGE ELLIOTT SPATTING

Charley Doak, O'Donnell bank and capitalist and a pioneer of Lynn county, was here Thursday, and he and Judge J. W. Elliott of this city, land-owner, former county judge, and also a Lynn county pioneer, were discovered on the street in animated conversation.

Having a nose for news, the editor butted in, and Banker Doak poured out to us his tale of woe.

Recently he and Mrs. Doak were over at Mobile or somewhere on the Gulf coast enjoying a vacation. Judge and Mrs. Elliott drove up, enroute to Florida. The Judge invited the Doaks to go on to Key West, Florida, with them. Doak claimed that he couldn't go on account of his poverty; he had run out of anything to use for money.

The Judge kindly proposed to loan Doak the necessary funds, and Doak eagerly accepted the offer. They went, and they had a great time, though when Doak suggested that they go on to Cuba, Elliott demurred. So, in the course of time, they returned home.

And here begins the second chapter.

Judge Elliott was in O'Donnell a week or so ago and addressed a public gathering of some kind. He told about finding Doak stranded somewhere over on the Gulf coast and explained that he took pity on the fellow and brought him home, but he offered humble and profuse apologies to the people of O'Donnell for bringing Doak back.

And then after that, Doak complains, Elliott had the nerve to dun him for the money Doak borrowed from Elliott. He was refusing to pay, and it looked as if a lawsuit were brewing.

And then the conversation changed, and the two began to discuss some hazy event that occurred out here on these Plains before Tahoka Lake had been dug and when the Sand Hill was still a hole in the ground.

### EXPRESSION PUPILS AWARDED BLUE RIBBONS

The Expression pupils of the Tahoka schools closed their year's work with a program on Wednesday night at the high school auditorium under the supervision of their teacher, Mrs. Rafe Richardson. Twenty-six pupils were enrolled to the end, eleven of whom received blue ribbons upon their year's work. These are: Jimmie Tinsley, Jimmie Connolly, Joah Connolly, Buddy George, Charles Haynes, Mary Dale Haynes, Elna Reba Dunagan, Billie Willetts, Lewis Cowan, Joan Slover.

Other pupils taking part were: Peggy Pat Sherrod, Sherley Don Evans, Emily Slover, Ethelene Bucy, Wardell and Barbara Owens, Wanda and Gwenda Gaither, B. L. Parker, Bobby Frank Stuart, Roy Elliott, Leteta Bartlett, Nancy Jane and Peggy Ann Nowlin Harvey Freeman.

### Damage Is Light In Recent Fires

Fire which originated in a brooder completely destroyed a chicken house and sheds under the same roof at the Herbert Lewis place just outside the city limits on the western outskirts of the town last Friday at noon.

The fire started and did its destructive work while a steady rain was pouring down. The Fire department answered the call but the building was practically destroyed when the fire-fighters reached the scene.

Most of the chickens of Mr. Lewis were also destroyed. No insurance was carried on the building or its contents.

A few days prior to that time a fire which threatened to be serious was discovered one night in the Piggly-Wiggly store. Not only the fire department but many business men and other citizens rushed to the scene. The fire was extinguished with practically no loss except a motor which had burnt out in the cold storage department.

### PAUL HOWELL RECOVERING FROM EYE INFECTION

Paul Howell is reported to have almost completely recovered from an injury sustained to one of the eyes when a small piece of metal lodged in it while he was at work at his shop on Wednesday of last week.

He went to the office of a local physician Thursday, who removed the particle, but it seems that some grease or stain or other foreign substance had also entered the member and the injury continued to grow more painful. Finally, on Monday, he was taken to a hospital in Lubbock where the infection was treated.

The pain was so intense at times during his suffering that a physician had to be called two or three times to relieve it. It is now hoped that the injury will cause very little further trouble.

Mr. and Mrs. Richard Young are now living in Hobbs, New Mexico, where he is employed by the Purr Food Store. Richard has been with Piggly Wiggly here several years. His wife, the former Leta Frances Wyatt, was raised here.

Dr. J. W. Sinclair and his office assistant, Mrs. A. L. MacGonagill, are both ill this week with laryngeal bronchitis, and have not been able to be in the office. Both are very sick.

Sam Garrard, who has been at Fort Brown, Brownsville, has been transferred to Camp Bowie, Brownwood, where he is with the 131st Field Artillery, an assignment he has coveted from the beginning.

### Band Member In National Contest

By Ruby Nell Smith  
W. H. Jackson, son of Rev. and Mrs. W. H. Jackson of Wilson and member of the Tahoka High School Band, having won first division on his solo at the State Contest, will leave for Waco Friday, May 9, to enter the National Band Contest. Only soloists and bands rating first division at state contest are eligible for the Regional National Contest, unless certified for national competition under special conditions.

W. H., a student in Wilson High School, but playing in Tahoka band, and a private student of Mr. John Hamblen, will play his solo Saturday morning.

Others making the trip to Waco are Mrs. J. K. Applewhite, accompanist for W. H.; Greta Applewhite; Mrs. Jackson of Wilson, W. H.'s mother; and Mr. Hamblen. Mrs. Hamblen and children will go as far as Abilene to visit relatives and friends.

### RECITAL

A beautiful and interesting program was given in the school auditorium Wednesday evening when young pupils of Mrs. R. L. Richardson's speech class, and several of Mrs. Marcus Edwards' piano pupils were presented in recital. Readings and a Doll Wedding were of-

ferred by a group of the little folks, while piano numbers were given by Mary Beth Roddy, Joan Edwards, Bobby Louise Cowan, and Joan Slover.

### Congratulations

To Mr. and Mrs. D. R. Grayson of Route 2 on the birth of a six pound baby boy Thursday morning.

### Grassland Co-op Holds Meeting

The Grassland Cooperative Gin Association held its annual meeting at Grassland Monday, with about two hundred persons present, according to Fred Mathews.

Six stringed instruments and an accordion furnished music, and the Women's Missionary Society furnished ice cream, cake, and punch for the occasion, Fred says.

Tom Brown, manager of the gin and of the fuel station, presided, and A. H. Hood, one of the directors, read the minutes.

Mr. Brown introduced F. G. Campbell, president of the Cooperative oil mill at Lubbock, who commended the patrons and the management of the Grassland gin for their patronage and support thereby assuring good dividends. He also asked the gins to continue their patronage of the mill at Lubbock, invited the patrons to visit the mill and examine its books at any time desired. He introduced the principal speaker, W. J. Mc Anelly, president of the Houston Bank of Cooperatives.

The gist of Mr. McAnelly's remarks was that it was a mistake to assume that farmers could not run their own business and operate their own gins. He commended the farmers and management of the Grassland gin and station, and urged the members to stay with their cooperative gins and mills, which, he asserted, were responsible for higher prices for cotton seed and reduced prices for ginning.

He explained that the Lubbock cooperative oil mill was responsible for elimination of the wide margin between cotton seed prices on the Plains and in East Texas. He further explained that the Houston Bank of Cooperatives, the Federal Land Bank, the Intermediate Credit Bank, and the Production Credit Association Bank were all farmer controlled. Of the 3,200 gins in Texas, 400 are cooperative gins. Texas has twice as many gins as needed for efficient management and revenue, he said.

Vernon Thompson of Lubbock, auditor, said that while the statement of the Grassland gin was hardly complete, he found the gin in fair condition.

Doug Morrel of Post commended the Grassland Gin and offered co-

### Conoco Dealers Banquet In Lubbock

A number of Lynn county dealers in Conoco products, helpers and friends, attended a banquet at the Lubbock Hotel Monday night for the dealers of several South Plains counties, comprising the district over which A. E. Herring is the general agent. C. L. Oden of the Fort Worth office acted as toastmaster.

One of the purposes of the meeting was to acquaint the dealers with the merits of a new lubricating oil which the Company is placing on the market.

This oil, known as Conoco Nth Motor Oil, was recently put to a severe test, Mr. Herring says, in which five quarts of Nth lasted 13,398 miles in a car. The test, made at Death Valley, in a blazing hot sun, also was carried out with five other leading oils. These five averaged not even half the record set by Conoco Nth. In fact, he says, this new oil outlasted the others from 74% to 161% and the tests were certified to by H. M. Jacklin, professor of automotive engineering, Purdue University.

Included in the Lynn county party who attended were Winston Wharton, agent in Tahoka, Clifton Garvin, Deck Dunagan, C. B. Honeycutt, C. H. Wiley, Happy Smith, Hick Gibson, and Curtis Morgan, all of Tahoka, V. H. Harlow of New Home, and J. H. Poindexter of Wayside.

### ADVERTISEMENT FOR PROPOSALS TO LEASE POST OFFICE QUARTERS

Proposals are hereby solicited, to be received in the office of Post-office Inspector A. S. Page at Fort Worth, Texas, up to and including May 31, 1941, to furnish quarters suitable for post-office purposes at Tahoka, Texas, under a lease subject to the provisions of the standard form of lease used by the Post Office Department, at a stated price per annum, including fuel, light, power, water, toilet facilities, plumbing, heating, and lighting fixtures, for a term of five or ten years from December 1, 1941.

Floor space of about 2,100 square feet is desired.

Important considerations are a reasonably central location, good daylight, and accessibility to rear or side entrance for mails.

General building requirements, and form of proposal, together with information concerning the provisions of the lease, may be obtained from the Postmaster or the Inspector whose name and address are indicated above.

Diagram of the rooms offered, showing inside dimensions, offsets, doors, windows, etc., and any adjoining, ground for light areas, driveways, or parking areas, must be submitted with the proposal. Proponents may also submit photographs of their property and its surroundings if they so desire.

The Post Office Department reserves the right to reject any or all proposals, to negotiate further with proponents for better terms, or to endeavor either before or after the closing date above indicated to secure offers on suitable properties, in addition to those submitted in response to this advertisement.

The present Government-owned post office equipment will be used. Proposals without any or all of the utility items may also be submitted.

Proponents may be required to show whether the property offered is mortgaged and to furnish a concurring agreement by the mortgagee. Detailed information will be furnished by the undersigned.

A. S. Page, Post-office Inspector, Fort Worth, Texas.

### NEGROES TO CELEBRATE MOTHERS DAY

A Mothers Day program sponsored by the Mothers Union is to be given at the Pleasant Grove Baptist Church, colored, Sunday night, beginning at 8:15.

R. B. Thompson will be Mistress of Ceremonies. "We invite all of our friends to be present", Mrs. Thompson said.

Every mother is asked to contribute 25 cents.

operation of the Graham Coop. Gin.

C. M. Greer was elected to replace O. H. Hoover, a retiring director, who explained that his health would not permit continued service. Pete Gerner was re-elected, the balance of the directors being A. H. Hood, R. M. Turner, Bob Babb, Bert Cash, and J. A. Propst.

### ATTENTION, POULTRY RAISERS!

You are invited to see the most complete brooder house at my place six miles east on Post highway—Mrs. J. Y. Thompson. 38-2tp.

### Tahoka Young Man Makes Good As Aggie Teacher

Cleveland Littlepage, son of Mr. and Mrs. R. L. Littlepage of Midway, graduate of the Tahoka high school and of Texas Tech, is making something of a reputation as a teacher of vocational agriculture in the Hobbs consolidated high school, Fisher county, according to press reports and other information gathered by the News.

Cleveland has been with the Hobbs school since 1935 and will soon close his sixth year there. Recently he was given a new three-year contract. The school district employs sixteen teachers and operates seven busses. It is one of the best rural high schools to be found in Texas.

Cleveland has not only made a reputation as a teacher but also as an adept in getting things done. As an example, a few months ago he was chiefly instrumental in procuring an allotment of \$1,600 under the National Defense program for the training of boys above school age as mechanics. A mechanic was employed to keep in repair the school buses and to teach a class of these over-school-age boys a course in mechanics. Cleveland himself procured and rigged up the equipment necessary for the giving of the course. One class has just finished the course and another is beginning.

Some of this equipment was procured from his father, and Mr. and Mrs. Littlepage went to Hobbs Wednesday to get an old car which the boys had been using in their studies and experimentation.

### MISS LEONA ALLEN WEDS AMARILLO MAN

Miss Leona Allen, daughter of Mr. and Mrs. E. R. Allen of Lubbock, former residents of Tahoka, was married at the residence of her parents on Thursday of last week to

Mr. John R. Fullingim, attorney-at-law of Amarillo. The Allens were prominent citizens of Tahoka for a number of years, moving to Lubbock more than a dozen years ago.

Mrs. James Connolly accidentally fell at her home Monday and broke one of the bones of her arm. The injury was treated at the office of a local physician and it is hoped that it will readily heal.

"HE SAVES MOST NOW WHO SPENDS ENOUGH"

THERE'S a rule for your guidance you may not find in the copybooks — but that doesn't subtract one whit from its truth. Because when you buy a new car this spring you want one that will see you through many a summer. So while you're trading it's good sense to trade up — up to something solidly good through and through. Trade up, for instance, to the FIREBALL power of Buick's more efficient valve-in-head straight-eight. Trade up to the thrift of Compound Carburetion† — exclusively Buick's, and as much as 10% to 15% more economical of gasoline than last year. Trade up to a splendiferous big Body by Fisher — to Buick's all-coil

springing that is forever cushiony yet forever free from service attention — to stout, ride-steadying torque-tube drive with nothing about it to go wrong. Buick's bodies are roomier, its frames huskier — its steering gears go three to four times as long without adjustment and its main bearings have half-again the service life in them. Things like that really count these days — yet they're yours in a Buick for a trifle more at most than you'd spend in any event. Go call on your Buick dealer now!

oodles and oodles of information, news, propaganda, contributions of various kinds, furnished by a multiplicity of governmental agencies, which if paid for as private business men would be required to pay for their publicity stuff, would cost many times the legitimate mailing charges of these same newspaper in their respective counties of publication.

respectively counties of publication. We believe that we can show the gentleman that the News has published far more of this matter, free of charge, every year for many years than the mailing charges of the paper in this county would have amounted to, figured on the basis of charges paid for mailing the paper to the nearest neighboring counties. And, as a matter of public information, we might state here that it does cost the publishers of the News a neat sum of money every year to mail the paper to subscribers outside of Lynn county.

And, we might say also, that if governmental agencies furnish publicity to the newspapers would make it terse, crisp, and snappy instead of doling it out in long-drawn-out paragraphs and in jangling arguments and treatises, every country weekly print still more of their stuff. The governmental publicity hounds in Washington and Austin should use more newspaper sense.

Now, nobody should misunderstand the purpose of these remarks.

We are glad to get contributions from local representatives of governmental agencies respecting local activities and even those respecting state and nation-wide activities if the contributions submitted are of general interest and so limited in extent as to make their publication practicable.

We are anxious to give the county and local news and to make this newspaper the most valuable public service institution within the confines of Lynn county that it is possible to make it.

We've had some mighty fine rains, folks, mighty fine rains! Adios!

## Dr. W. F. Fry Is Buried At Lubbock

Dr. W. F. Fry, teacher of a Bible course offered to students of the Texas Technological College, died at his home in Lubbock at noon on Thursday of last week. For twenty years he was head of the Bible Department in Simmons College and was prominent in Baptist circles throughout Texas. He had a number of warm friends in Tahoka of many years standing, who regret his passing.

## American Day . . .

(Continued From Page 1)  
come eligible to vote for the first time.

Another purpose is to honor the boys of Lynn county who have taken their places in the various army posts and training camps, in the navy, the marines, or the aviation service.

It is especially desired that all these new voters be present as well as the families from which they come and the families from which the new soldiers have come.

It is expected that the names of these soldier boys will be read, if a practically complete list can be compiled.

This should be a great occasion for the people of Lynn county.

Chairmen for the various school districts of the county have been announced as follows.

Draw, Mrs. John Berry; Lakeview, S. L. Williams; Grassland, R. M. Stewart; Wilson, Mrs. L. Lumsden; O'Donnell, Fletcher Johnson; Gordon, Houston Haire; Morgan, E. N. Millikin; Dixie, G. E. White; Wells, Roy R. Adams; West Point, H. R. Tankersley; Three Lakes, E. D.

Crouch; New Home, Mrs. Henry Heck; Petty, L. C. Crews.

## Class Sermon . . .

(Continued From Page 1)  
be seated in a reserved section roped off in the traditional school colors, blue and white.

This class, which is the largest graduating class in the history of the school, is composed of 58 members. Since it is the first class to start to school after the six-year-age law was passed it is also the youngest to graduate from Tahoka High School.

The commencement exercises for the Senior class of '41 will be held at 8 o'clock, Friday night, May 18.

## Dale Evangelist At Boys Camp

Rev. George A. Dale of Tahoka has been selected as the evangelist to conduct the religious services at the boys R. A. encampment to be held in Ceta Canyon near Tulla on June 10-13, for District No. 9, comprising many Plains counties.

The Royal Ambassadors is a boys organization of the church within

the ages of 13 to 17 years, and the encampment is held each year under the direction of adult chaperons for recreational, religious, and educational purposes.

Increase egg production, stimulate the appetite of growing birds—add Dr. Salsbury's AVI-TAB to mash rations. Get a package today.
