

The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXVII

Tahoka, Lynn County, Texas, Friday, June 6, 1941.

Number 43

Health Service Is Discontinued

The county health program which was started in this county almost a year and a half ago is to be discontinued on July 1, according to information given the News by officials concerned.

Upon being asked about conditions that caused the commissioners court to decide to discontinue the program, Judge Chester Connolly explained that the condition of the general fund of the county from which expenses of this program are paid is such as to make this step almost imperative.

There are so many calls upon the county which must be paid out of this fund, he explained, that the county simply does not have the funds with which to continue the program. And in this connection he explained that not only must the county pay the \$1,500 annually for salaries of the workers but it is called upon to pay for medicines which the workers say are needed for the treatment of the patients. While this is not an exceedingly heavy expense, it helps to deplete the funds out of which these expenses must be paid.

Judge Connolly stated that he was sure the county nurse and the health unit had been doing a good work in this county and he had no criticism of their work whatever, to make, but it was just a matter of financing the project.

The public generally, he intimated, has little conception of the amount of calls for aid and charity made upon the county.

He was regretful that the work could not be continued but he and the members of the commissioners court felt that due to the conditions above stated it was the duty of the court to discontinue the work.

Grider's Child Buried Monday

Word reached the News office last week, too late for publication in that issue of the paper, to the effect that Joe Charles, 9, youngest son of Judge and Mrs. G. C. Grider of Comanche former residents of this county, had died on the preceding Sunday and was buried at Comanche Monday.

Later information given the News indicates that the little fellow had been afflicted for a long time with some malady that puzzled physicians and that his death was also unexpected until shortly before it occurred.

Two or three years ago, the little fellow practically lost his voice. Physicians had made painstaking examination to determine the cause but had never been able to do so.

On Friday night, May 23, the little fellow became seriously ill. He was taken to a hospital in Brownwood, where he was placed under an oxygen tent. He died in the hospital on the following Sunday, May 23. The little body was buried at Comanche on Monday of last week.

His brother, Woodrow Grider of Jal, New Mexico, who drives a school bus there, came by Tahoka and picked up another brother, Bud, who works on the T-Bar Ranch here and the two drove to Comanche and attended the funeral. Earl, who also works on the T-Bar, was sick and not able to go.

The Griders lived in this county many years and Judge Grider served two terms as county judge of Lynn county, during which time they lived in Tahoka.

Friends here deeply deplore the little fellow's death and keenly sympathize with the bereaved parents and other members of the family.

FOUNDATION GARMENT DEMONSTRATION PLANNED

Foundation garments will be demonstrated at the American Legion Hall Wednesday, June 11, 2:30 p. m. under sponsorship of the Home Demonstration clubs of Lynn county. Miss Maurine McNatt, county agent announces. Not only are all club members invited, but all women of the town and county are urged to attend the demonstration.

The foundation garments, including slips, brassiers, and corsets, will be shown by Hemphill-Wells of Lubbock, and experienced models from that city will be used.

Cotton Stamp Plan Explained

The cotton stamp plan sponsored by the Government, was explained to a group of business men and members of the land use planning committee at the agriculture building Tuesday afternoon.

All the merchants present seemed much interested in the plan and expressed a desire to cooperate in every way with the program. C. A. Lawrence of the AAA office, told The News.

The cotton stamp program will not get under way in Lynn county, however, until after all the cotton is planted and the AAA land measurements taken, which will be in August, Mr. Lawrence stated.

Harley Sadler Is Rotary Speaker

Harley Sadler and four of his troupe were the entertainers at the Rotary luncheon Thursday, and the program of music which they presented was one of the best ever heard at a Rotary meeting here.

The four members of the troupe were: Eddie LeVerne of Tennessee, accordion; Harold Brumley of Missouri, violin; Jimmie and Eddie Farren, twins, of Brownwood, one of whom played the violin and one the guitar.

The program was unique, snappy, and hilarious from start to finish, winding up with an imitation of a typical hill billy program given daily by a certain candidate for governor in 1938. Each number "brought down the house", the last one being the best of all.

Harley and his company were here for two-days theatrical performance given on Wednesday and Thursday nights.

The only visiting Rotarians present were Mr. Sadler and Jack O. Stone, Boy Scout executive, of Lubbock.

Other visitors included Melvin Rathel, new educational director of the Baptist Church; Howard Payne, insurance agent who recently removed to Tahoka; and Joe K. Wharton of Albany, brother of Winston Wharton of this city.

Egg Group Will Hold Demonstration

Egg grading will be demonstrated by an expert, Miss Myrtle Murray, Home Industry Specialist from A. & M. College, in the county court room in Tahoka on Saturday afternoon, June 14, under sponsorship of the Lynn county Egg Marketing association.

Each person attending the demonstration is urged to bring one or two dozen eggs, selected at random, for use in the demonstration. All members and other interested parties are urged to attend.

Due to this demonstration, Miss Maurine McNatt, county home demonstration agent, announces that the regular county council meeting will be postponed until June 21 at 2:30 p. m.

Draw Man Gets Degree At S. M. U.

Dallas, June 5.—John Henry Sewell of Tahoka was awarded his Bachelor of Divinity Degree from Southern Methodist University in Dallas on June 3.

He is the son of Mr. and Mrs. A. Z. Sewell of the Draw community, where he was reared.

Tahoka Baptists Employ Director Of Education

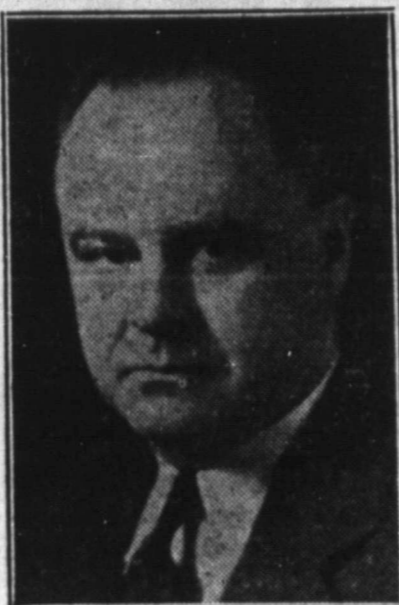

Mr. and Mrs. Melvin Rathel arrived early last week to make Tahoka their home. Mr. Rathel having been elected as educational director for the First Baptist Church here.

For the past year Mr. Rathel has been employed as a teacher and athletic coach in the public school at Petersburg.

He was employed as educational director for the Church here several months ago with the understanding that he was not to begin work until the school term expired.

He and Mrs. Rathel have an apartment in the home of Mrs. R. C. Forrester.

USO DRIVE ON

E. B. GERMANY

As Southwestern chairman of the United Service Organizations for National Defense, E. B. Germany of Dallas is regional director of the nation-wide campaign to provide recreational and welfare facilities for soldiers, sailors, and defense workers.

Endorsed by the President and Army and Navy officials, the USO expects to raise \$10,765,000 to operate service establishments built by the Government. Texas' quota is \$400,000, and committees appointed to raise this fund began their drive officially June 3 in every Texas county.

Mr. Germany urged all citizens to contact local USO workers and participate in this patriotic movement.

Boy Averts Serious Injury From Fire

The little son of Mr. and Mrs. Taft Turner, who live out near Petty, escaped serious injuries from fire a few days ago by the exercise of remarkable presence of mind in an emergency, according to J. H. McNeely, who related the incident to the News.

The little fellow, who is ten or eleven years of age, was burning trash somewhere about the premises while the parents were out in the field. To make it burn readily he dashed a little gasoline onto the lighted trash pile and the fire flashed over his hands and face and clothing. With rare presence of mind he jumped into a tank of water near by, thus extinguishing the fire. Some singed hair and slight burns were the only injuries suffered. If he had become excited, as most people do under such circumstances, his burns might have been fatal.

Craft Improving Cleaning Plant

New equipment for pressing silk linen, and similar materials was installed by Craft's Tailor Shop this week, and other equipment is being improved, Mr. Craft states.

L. F. Craft, owner of the establishment is temporarily in Sundown, but while visiting here Sunday stated that he would be back in Tahoka at an early date to stay. He recently opened a shop in that oil field town.

EASTERN STAR OFFICERS TO BE INSTALLED

Announcement is made that Tahoka Eastern Star officers for the ensuing year will be installed at a regular meeting of the Chapter Friday night.

Mrs. Lillian Barnard of Lubbock will be the installing officer.

Mary Jane Turrentine came home from school at Canyon for the Summer, on Monday.

Thirteen Finish Work At Tech

Ten Lynn county boys and girls and three others who originally entered the Texas Technological College from Lynn county were among the 408 students of that institution who received degrees at the Commencement exercises Monday night.

These ten with the degrees conferred and the addresses of the graduates respectively are as follows:

Tahoka: Lottie Jo Townes and William Corbin Douthit, BBA; Emily Lois Montgomery, BS, home ec. ed.; Robert J. Holloway, BS, animal husbandry.

Wilson: Marjorie Louise Key BS in Ed.; Lauraine Leavitt, BS in Ed.; elementary ed.; J. P. Martin, BS, agri. econ.; Elsie Pendleton Partin, BS, home ec. ed.; Noma Christen Pendleton, BS in Ed., history.

O'Donnell: William Donald Street, BS, agri. ed.

Three others now residing elsewhere who originally entered from Lynn county are: Gladys Douthit Collins, BBA; Mary White Whitt, BA, journalism; and Ernestine Story, B. S., daughter of H. C. Story now of Austin.

Wheat Growers Favor Quotas

There are only five farmers in Lynn county who were qualified to vote on the proposal to establish rigid wheat marketing quotas submitted to the wheat growers of the nation last Saturday, according to County Agent Donald Turner.

These five, however, were unanimous in favor of the proposal. Very few farmers raise wheat commercially in Lynn county, though many farmers plant small patches for grazing purposes. Usually wheat grown for pasturage purposes is mixed with barley or other grains so as to render it unavailable for the market.

Indications are that the proposal has carried throughout the nation.

Tahoka Women's Aunt Is Buried

Mrs. G. W. Williams and Mrs. J. P. Hauk of this city received a message early this week advising them of the death of an aged aunt, Mrs. S. C. Harris, which occurred at Bartlesville, Oklahoma, on Monday.

If Mrs. Harris had lived until the tenth day of this month she would have been 95 years old.

Neither Mrs. Williams nor Mrs. Hauk was able to attend the funeral services. Mrs. Hauk visited her about a year ago, however, and Mrs. Harris had visited here once many years ago.

WILL ENTER RANDOLPH

Delton Pemberton of Tahoka was one of 67 who the past few days has passed the flying cadet physical examination given in Lubbock by officers from Randolph Field.

Delton is the son of Mr. and Mrs. M. R. Pemberton, a graduate of Tahoka High School, and has been attending Texas Tech.

Mr. and Mrs. H. O. Dickson, late of Greenville but recently transferred to Andrews, spent the weekend here with her father, E. L. Smelser, and family. Mr. Dickson is employed by the Stanolind Oil company.

Rains Continue To Delay Crop Planting

Miss Townes Gets Highway Dept. Job

Miss Lottie Jo Townes who received the degree of Bachelor of Business Administration from Texas Tech on Monday evening, went to work for the State Highway Department division office at Lubbock on Wednesday at a lucrative salary.

Miss Townes is the daughter of Mrs. Effie Townes, and was reared in Tahoka and graduated from the local high school.

Mrs. Bartley, 68, Dies Suddenly

Funeral services are to be held at either Friday or Saturday afternoon in the First Methodist Church here for Mrs. Fannie Bartley, 68, who died at the home of her daughter, Mrs. Allie White, at about 11:30 o'clock Wednesday night. The services are to be conducted by Rev. Geo. E. Turrentine, pastor of the church, assisted by Rev. A. O. Graydon of New Lynn, pastor of the Post-New Lynn circuit. Burial will follow in the Tahoka cemetery.

Death resulted from a recurring attack of heart trouble. Mrs. Bartley had been taken to the Lubbock Sanitarium on Monday of this week, where her condition was examined in the clinic of that institution, following which she was brought back to the home of her daughter, Mrs. White, here. She had a neat little home of her own on East North Second Street, but due to her condition she had been in the home of Mrs. White for about two weeks preceding her death. She had been suffering from high blood pressure and heart trouble for the past two years, it is said.

Mrs. Bartley leaves surviving her five daughters and seven sons, one daughter, Mrs. Davidson, having died some years ago.

The surviving daughters are: Mrs. D. E. Patterson of Seymour, Mrs. Mattie Murrain of Muleshoe, Mrs. Allie White of Tahoka, Mrs. C. M. (Continued On Back Page)

Redwine Church Plans Home-Coming

An all-day Mothers and Fathers Day service and Home-Coming program has been planned for next Sunday by the Redwine Baptist Church, according to a report given to the News by one of the members.

All former members of the church are urgently invited to be present and enjoy the occasion. Dinner will be served the visitors at the noon hour.

The committee having charge consists of Mrs. J. A. Giles, Mrs. Boyce Evans, and Miss Juanita Williams.

AT YOUNG PEOPLE'S MEETING

Mary Stewart, Edward Turrentine, Jean Duke and Miriam Turrentine are representing the Tahoka Methodist Young People at the N. W. Texas Assembly at McMurry College in Abilene and Mary Jane Turrentine is representing the Canyon Young People all this week.

Farmers Anxious To Complete Job

Following about three days of rainless weather, showers began falling again Thursday morning with prospects of others to follow as this is being written.

Many farmers had been in their fields this week replanting their crops. Some of them began the work Monday. In some parts of the county, however, especially in many localities in the eastern half, many had been unable to get into their fields when the showers set in again Thursday morning.

This is one time when Lynn county farmers have become somewhat discouraged, not by the dry weather but by wet weather.

Much cotton has been replanted in the county this week, however, and it is hoped that it will not become necessary to replant it again. There is considerable acreage in the county, notably in the southwest quarter, that did not have to be replanted. Some estimates are that about half of the acreage in the territory lying west and northwest of O'Donnell had weathered the rainstorms and was not being planted again.

When the News was printed on Wednesday night of last week, a day earlier than usual, it was hoped that the rain period had ended, but on Thursday night, just a few hours after the paper had reached our subscribers, rain began falling again. Precipitation that night amounted to .71 of an inch here, bringing the total rainfall in Tahoka for the month of May up to 11.09 inches. In some parts of the county the rainfall in Tahoka for the month without a doubt amounted to three or four more inches in excess of that figure. This may not be an all-time record for this county but it certainly does break all records for any one month in the last quarter of a century.

Then on Sunday afternoon, Tahoka and much of the adjacent territory were visited by a terrific downpour of rain and hail which literally flooded the fields and converted the streets and highways into veritable rivers of water. Only slight damage was done by the hail, however. In a period somewhat less than 30 minutes, the rain and hail which fell in Tahoka amounted to .83 of an inch. It extended only two (Continued on Last Page)

Must Publish All Legal Notices

The Texas Legislature recently passed and Governor W. Lee O'Daniel has affixed his signature to the new newspaper publications' law, according to press reports from Austin.

One purpose of the new law is to regulate the publication of legal notices, many of which have heretofore been posted only on the court house bulletin board. The new law requires that these be published in a newspaper of general circulation, at a fair price, thereby giving widespread publicity to legal actions.

Any newspaper which has failed to be published every week for a period of one year prior to the appearance of the legal is deemed not a proper medium for the printing of legal notices. The law is very strict relative to any newspaper missing an issue.

Heretofore, many legal notices have been posted on the court house door, a custom started years and years ago and now as out-of-date as the old town-cryer method of disseminating the news. Legal notices have for years littered up the court house lobby, and were read only by loiterers and those who have nothing else to do. Working men and women have little time to read the court house bulletin board each week, whereas the modern newspaper is bought and read by nearly every family in its respective territory. Now they can read at their leisure the happenings at the court house.

NEW CARS AWAIT WHEAT HARVEST

These new Santa Fe Railway box cars, stored at a country elevator indicate the preparation being made to handle the bumper 1941 wheat crop. The scene is typical throughout the southwest. Storage facilities for the new crop remain a big problem. Terminal elevators remain from 60 to 90 per cent filled with old wheat while a crop of 653,120,000 bushels is expected this summer.

ODDS & ENDS

by Eee Eye, the Elder

That crushing defeat which the British have suffered in Crete seems to have brought to them a degree of consternation that they have not suffered before during the entire war.

And well may they be frightened; for, although it took twelve days for the Nazis to conquer the island, their work seems to have been complete, and this latest German conquest brings a new menace to the British not only in Iraq and Egypt but also in their own little island home.

It has demonstrated the fact that a well-equipped mechanized army of formidable proportions can be landed on a distant island by airplane in only a few days time while dive bombers in the meantime are wreaking terrible havoc with explosive and incendiary bombs. The British army in Crete was almost utterly destroyed.

It was brought home to the British what may happen to England when the Germans get ready to start their long-expected attempt at invasion of the island. And it makes the British shudder. It makes all of us shudder. How powerfully Germany armed and prepared for this

war! And thus far she has scarcely met with a single reverse.

It is true that the Nazis have won no decisive victory in north Africa yet, and it is true that for the time being the British are victorious in Iraq; but the Germans have not really gone into action there yet.

It is believed that the Nazis' next move will be to swoop down on Cyprus in the Mediterranean as they swooped down on Crete. Cyprus would afford them another base from which to strike at the British either in Iraq and Syria or in Egypt.

The next big objective of the Nazis, of course, is to gain possession of the Suez Canal. That would cut Great Britain off from India, Singapore, and all the Far East, except by a circuitous route around the south point of Africa. With the loss of the Suez Canal, Egypt, and north Africa, control of the Mediterranean by the British would be of little value to them.

By seizing the Suez, the German Boa Constrictor will have wrapped another coil around the body of Britain and greatly strengthened its deadly grip. For, if and when the Nazis capture the Suez, Egypt, and

north Africa, they will then be in position to take over also the French possessions and their own lost possessions in the Dark Continent, and the process of strangling Great Britain will have greatly advanced even without attack upon the island itself.

And the process of strangling the United States also, commercially, will have already begun. Our foreign markets will have been completely destroyed.

And by offering trade concessions to the countries of South America, it will become easy for the Germans to Nazify many of the countries of that continent.

This is a dark picture, but to us it seems to be what is probably in store for us, unless we can render enough assistance to Great Britain NOW to enable her to break the deadly grip of the German Boa Constrictor.

We hope that all this may prove to be wrong. It may be. It may be that one of these days the whole German program will suddenly blow up. Something may happen somewhere to touch off a spark that will cause one explosion after another until all of the subjugated countries of Europe again are liberated and the scheme of the Nazis collapses like a blasted balloon.

But at this writing it seems that only an act of Providence can bring about such a result. We pray that Providence may intervene.

Whatever the final result, this struggle along the shores and upon the bosom of the Mediterranean have brought into the limelight again islands of the sea and regions on the land that played an important part in the world's history thousands of years ago.

This island of Crete, for instance, away back in the mists of antiquity was the home of a great nation—a nation whose fleets, we are told, held sway over the eastern Mediterranean and whose civilization influenced Egypt, Syria, Greece, and the peoples of other ancient countries. The Cretans are credited with having taught the Phoenicians how to write, and the Phoenicians were that ancient people who gave to the world a written alphabet, from which our own has emerged.

The Phoenicians lived on the eastern shore of the Mediterranean and were the same people whom the Bible calls Canaanites.

Crete is an island about the size of four South Plains counties strung out in a row, lying out in the Mediterranean, the western end pointing in the general direction of Greece and the eastern end toward the ancient cities of Sidon and Tyre and Damascus. A chain of mountains extends from end to end of the island, rising to a height of 8,000 feet. Cnossus was its ancient capital, and among its ruins today are to be found stone sewers constructed 4,000 years ago which are still fit for use. Recent excavations at the great capital, Kephalah, have revealed the palace of King Minos, who until recently was believed to have been merely a mythical king. In the throne room of his palace were found mural paintings, the brilliancy of whose colors after the lapse of at least 3,000 years are truly amazing.

Cretans were present when Peter preached in Jerusalem on the day of Pentecost and were among those who were "filled with the Holy Ghost."

When Paul was being taken as a prisoner from Caesarea to Rome, his ship touched at Crete and he tried to persuade the Captain of the ship to winter there. The Captain refused and set sail again, whereupon they were driven by a terrible storm for many days and were finally wrecked on the shores of Malta, or Melita, near Italy.

Cyprus, which it is believed the Germans will attack next, is an island just a little larger than Crete and situated some 300 miles further east. It is more regular in shape than Crete but also is mountainous. Like other islands of the Mediterranean, Cyprus has been the foot-

ball of the great powers since antiquity. When it first emerges into the light of history, it had already been settled by Greek and Phoenician colonists. More than 3,500 years ago it was conquered by Egypt. It in turn came under the sway of Assyria, Persia, Alexander the Great, the Ptolemies, Rome, Byzantium, and Bagdad; and it has had a checkered career in modern times.

Barnabas of New Testament times was born in Cyprus. When he and Paul started out on their first missionary journey, they first went to Cyprus, beginning their work in that island. The World Book says that of the 310,000 inhabitants today, "four-fifths are Christians, of an independent church founded by Barnabas."

That's all we know about the religion of these people of Cyprus today. It would be interesting to know their history. If we were a globe-trotting preacher, we would stop over in Cyprus on our next trip to the Holy Land and get acquainted with these people and get the low-down on their religious history and beliefs.

That is, we would stop there provided the Germans had not taken over the island—which we think they are going to do.

And that Iraq which we have been reading about, Bagdad on the Tigris River is the capital. It was somewhere in that vicinity that the Garden of Eden is supposed to have been situated. Iraq is in the territory formerly included in the Babylonian and then in the Assyrian empire. It was down the Tigris-Euphrates valley some where below the present city of Bagdad that Ur of the Chaldees was situated, Abraham's native town.

The British are holding the fort in that region today but are expecting to be attacked by the Germans tomorrow, or next week, or some time soon.

Yes, and in order to get just a little firmer footing to withstand the German attack, they are talking of making a drive up into Syria, the land of ancient Damascus, now held by the French, who are being

NEW HOME F. F. A.
Victor Rogers and Ernest Holcomb, official scrapbook committee of the New Home chapter, together with their adviser, W. W. Hall, attended the district F. F. A. meeting Thursday, May 22, at Brownfield, where the F. F. A. chapters were scored. Our score was 1022, and we were awarded the "Lone Star Chapter" award.

An agriculture teachers meeting of the District was held and Mr. O. T. Ryan, Supervisor of area 1, and T. L. Leach, Itinerant teacher, officiated.—Reporter.

used at the present time as unwilling stooges for the Nazis. The British already have control of Palestine.

And so, aside from its horrors, this war that is now being waged by the Germans and the British upon and along the Mediterranean is an intensely interesting struggle.

Where's the best place to choose your new car?

ON THE ROAD!

WE'LL MATCH the "showroom value" of the Ford with anyone... but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE... IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE... IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM... IN ACTION. Measurements show

this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE... IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER —V-8 SMOOTHNESS

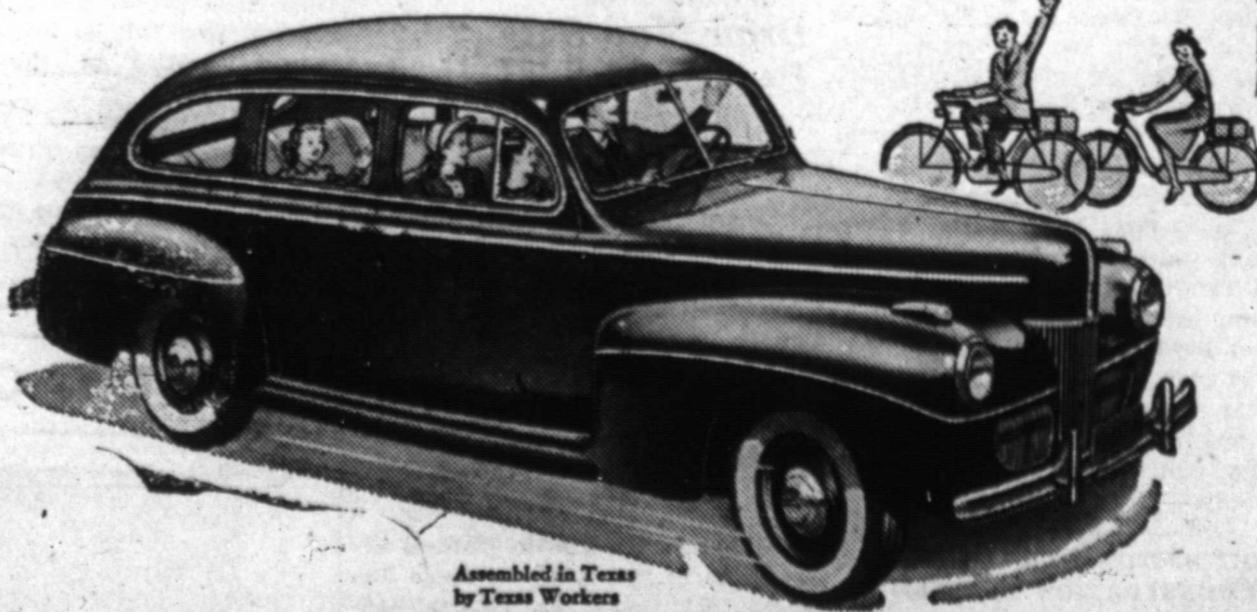

FORD HAS THE QUALITY FEATURES

V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

STRAW VOTES

The News has never undertaken
to take a straw vote. Often they
prove to be unreliable and mislead-
ing. Still, they can be taken with
such a degree of fairness as to re-
flect fairly well the sentiment of
the voters.

Last week the Floydada Hesperian
published the results of a straw
vote taken by one of its represen-
tatives. The Hesperian does not pre-
tend to know whether the results
of this vote are indicative of what
the vote will be on June 28 or not,
but the method it employed seems
to be about as fair as could be em-
ployed by a country weekly news-
paper. We will let the Hesperian it-
self tell about it.

"Floydada is a representative com-
munity of the state as a whole; and
whether 100 qualified voters seen
by L. A. Marshall Saturday after-
noon are representative of the sen-
timent of those who will vote here.
This is what Mr. Marshall did:

"With a sealed box under his arm
he started out with 100 cards in
hand. Without picking or choosing
he asked every man he met whether
he was a qualified voter. When the
answer was in the affirmative he
asked the man to write the name of
the candidate of his choice on a
card and drop it in a box. And if

the voter had not made up his mind
he was asked to write that on a
card. He was asked not to say
orally for whom he would vote.

"Here is the result of the 100-vote
street poll:

For Johnson	3
For Dies	11
For O'Daniel	21
For Mann	32
For Morris	5
Undecided	28
Total	100

"In cases where the man accosted
did not qualify as a voter either by
payment of poll tax or by reason of
his age a card was not passed out.

Was Right a Year Ago

"Mr. Marshall's poll was right, a
year ago, or within 2 percent of
right. The idea he had at that time
was just to find out what the folks
were thinking and that was his idea
Saturday afternoon. He declares he
didn't know in the last election who
marked his card how and doesn't
know any more about who indicated
a preference for whom Saturday.

"When the election returns were
all in the governors race the
Floydada preference at that time
was very close to the state prefer-
ence.

Announcement has been made
that June is to be observed as Dairy
Month, and attention is being called
to the increased need for milk to
supply army camps, and other
needs. We guess the boys drink more
milk in camp than they do at home.
Any way, along with this campaign
for the production of more milk, we
think that there should be a cam-
paign for better milk. The laws
providing for the inspection of dairy
cows should be strengthened so as
to require frequent inspections, to
guard against the spread of disease
through the sale of milk. Just a few
days ago we heard of another child
in this town who has been suffer-
ing from undulant fever. There have
been a number of such cases in this
county. Dairy owners for the most
part were not to blame, for until
recently they did not know of the
danger of spreading this disease
through the sale of milk from dis-
eased cows. Our laws respecting
the testing of cows and the sale of
milk should be tightened up.

Governor O'Daniel made his open-
ing speech as a candidate for the
Senate in a rainstorm in Waco Mon-

day night. Whatever may be the
final outcome of his campaign the
opening was all wet. Yes, in more
ways than one. After having been
notoriously lukewarm toward Pres-
ident Roosevelt throughout the
Presidential campaign last fall and
since that time, he sought to flim-
flam the voters Monday night by
telling them that he wanted to go
to Washington to help Roosevelt
fight the politicians. He took up a
lot of his time telling about how
great he is going to be in Washing-
ton just as he has been, in his own
estimation, in Austin. And he flay-
ed the Washington politicians. If
Governor O'Daniel isn't himself
politician No. 1 of Texas, then we
don't know a jack rabbit from a
bull pup.

Andrew Jackson Houston, feeble
and tottering under the weight of
the nearly eighty-seven years he
has lived, walked down the aisle of
the Senate Chamber at noon Monday,
supported by the strong arm of Sen-
ator Tom Connally, and in front of
the Vice-President's rostrum took
the oath of office as United States
Senator from Texas. Then he was
escorted back to his seat by Connal-
ly to begin a service that is to close
within a month. Of course the good
man will be able to render practical-
ly no service to the people of his
state nor to the people of the na-
tion. We do not begrudge him the
honor in the least and we hope that
he enjoys his brief stay in Washing-
ton, but we think it regrettable that
this burden should have been placed
upon the shoulders of a decrepit old
man tottering on the brink of the
grave.

We heard an out-of-town family
complaining the other day about
boys shooting guns in the City Park.
This family had some little children
with them and they were taking a
little outing in the park, but the
boys were so reckless with their
shooting that the mother raised a
protest. The boys resisted for a
short time and then resumed the
shooting. The good lady felt that
some steps should be taken to pre-
vent the firing of guns in the City
Park. We are sure that none of our
officers were to blame, as they
doubtless knew nothing about it.
But boys should be warned against
this kind of recklessness, and then
sterner steps taken if necessary.

Scrapbook
Myrtle Rochelle

Occasionally someone says, "I'd
like your column better if you'd give
us more spicy gossip." Our answer
is always about the same.

"If you really want it spicier," we'd
say, "how about mentioning such-
and-such an incident in which you
were involved?"

Funny how quickly people change
their minds.

It's funny, too, how most all of
us like a joke when it's on the other
fellow, or like to hear stories about
someone else's escapades. Yet, most
all of us are ready to raise Cain if
we are the object of fun.

Maybe that's why one of our read-
ers, whose toes we stepped on, has
dared us for weeks to tell how we
broke our little finger. The funny
part is we don't know. We didn't
kpo it was broken for two weeks.

We heard a lot of wild stories a-
bout the heavy rains recently, but
the one that takes the cake we
heard just the other day. One lady
said she heard it rained so much
that the frogs had drowned. Any-
way, we have it from a good source
that one farmer is cultivating rice
and expects a bumper crop. Suppose
we'll all look back on 1941 as the
year "The Rains Came"?

BAPTIST CHURCH

There will be an all-church social
held at the Baptist Church Monday
night, June 9th. All members, and
individuals with Baptist preference
are cordially invited and urged to
attend. The fun will start about 8
o'clock and will be interesting, en-
tertaining, and will help each and
every person to know his neighbors
better. Also, some of the aims and
goals will be given so that all may
know about the bigger and livelier
program our church is going to
sponsor and how we hope to ac-
complish those aims. Be there!

The calendar for the Baptist
Church for June 8th and the follow-
ing week:

- Sunday, June 8.
 - 9:45 a. m. Sunday School.
 - 11:00 a. m. Preaching hour.
 - 7:15 p. m. Training union.
 - 8:00 p. m. Preaching hour.
 - Monday, June 9.
 - 4:00 p. m. W. M. S., Sunbeams.
 - 7:00 p. m. G. A.'s, and Y. W. A.
 - 8:00 p. m. Church social.
 - Tuesday, June 10.
 - 9:00 a. m. R. A.'s leave for camp.
 - 8:00 p. m. E. W. Circle.
 - Wednesday, June 11.
 - 7:45 p. m. Officers' and Teach-
ers' meeting.
 - 8:30 p. m. Prayer services.
 - Thursday, June 12.
 - 8:00 p. m. Choir rehearsal.
- There were 230 in Sunday School
last Sunday and we are hoping for
275 next Sunday. Everyone is in-
vited and urged to attend. We feel
that we can help you and that you
can help us by your presence.

As attorney-general, Gerald Mann
has proved the mettle of which he is
made. Our prediction is that if he
goes to the United States Senate he
will have a long and distinguished
career in that great body. Brilliant,
learned, judicious, and ruggedly
honest, he will doubtless forge his
way to the front ranks in that body
more rapidly than is the custom.
Texas has a great opportunity pre-
sented to her in the candidacy of
Gerald Mann — and this is saying
nothing against other candidates.

A citizen of Tahoka was lament-
ing the fact a few days ago that
all the mocking birds and scissor
tails that used to flit about in the
trees here have disappeared. The
song of the mocking bird is heard
among us no more. The complaiant
says that boys have killed them, and
he was righteously peeved about it.
We wonder if the Boy Scouts or
somebody will not start a movement
to protect the few songbirds that
show up here occasionally.

**BLACK-
DRAUGHT**

A TOP-SELLING LAXATIVE
ALL OVER THE SOUTH

the **ROAD AHEAD**

Old Man Texas is today
looking ahead and planning.

Beside the great farming and
ranching country which Tex-
ans have built, he sees a new
industrial empire here.

Already the start has been
made. Some industries, such
as petroleum, are now show-
ing what can be done to
utilize Texas' vast natural
resources. Today this indus-
try refines with Texas labor
over four-fifths as much oil
as the State produces. Its

products make up nearly one-
half of all Texas manufactur-
ing. Altogether petroleum
provides the living for al-
most one-sixth of our people.

But this is only a beginning.

Texas has many other raw
materials, unexceeded by
any other State. Texas has in
oil and gas the cheap and de-
pendable fuel supply essen-
tial to industry. Texas is the
gateway to Latin America,
our new foreign market.

Each new industry means
more jobs. It makes added
tax values for our State and
local governments, bigger
payrolls for our workers,
and greater prosperity for
you and every other Texan.

Now that school is over and our Bible School behind us, we enter the vacation period with a hope for continuation of effort on the part of our members to do the will of God in our personal lives and our Fellowship.

Father's Day, the second Sunday in June, should bring a large attendance of men to our Bible Class. Let us also as sons, daughters, and wives do honor to the men who head one of the greatest institutions of the land, the Christian Home. Church worship hour will find us not forgetful of a man's part in the ongoing of organized religion—Geo. E. Turrentine.

VETERAN CHURCH OF CHRIST PREACHER DIES
J. D. Tant, veteran evangelist-debater of the Church of Christ, died Sunday at his home at Los Fresno, Texas. Funeral services and interment took place at Cleburne Wednesday.

NEW NAVAL RECRUIT VISITS RELATIVES HERE

Eddie E. Mittelsdorf of Hammond, Indiana, who is now in the Naval Training unit at San Diego, California, visited his grandmother, Mrs. L. A. Drager, and his uncle, Ernest Drager, and family here this week, leaving for his station Thursday.

Mr. Mittelsdorf lived in Tahoka several years ago. Later he went to Hammond, Indiana, with his parents, where he has resided since.

Mr. Mittelsdorf says he likes the Navy very much, and he spoke of the many opportunities a young man has in training for some useful occupation and at the same time serving Uncle Sam too.

HE'S IN THE NAVY NOW!

The midshipman fish is so named because it has rows of luminous silvery spots on the body. These spots are likened to the buttons on a midshipman's uniform!

The News this week received a brief communication from Joe E. Davis, now at Coalinga, California, renewing his subscription and stating that had been raining a whole of a lot out there as well as here.

Miss Madeline Russell, who spent the week end in the home of her mother, Mrs. Essie Russell, has returned to Canyon for summer school work. She will be a senior next year.

members of the Churches of Christ in Lynn county and the South Plains.

METHODIST YOUNG PEOPLE'S LEAGUE

The meeting of the Young Peoples' League was called to order at 7:15 Sunday night in the basement of the Methodist Church. The following officers were elected:

Gene Duke, President; Miriam Turrentine, Vice President; Charlene Bucy, Secretary-Treasurer; Pat Hill, Reporter.

The following left their offices: Mary Stuart, President; Lenore Anglin, Vice President; Gene Duke, Secretary-Treasurer.

The League is planning an active program of study in the future. Also, a party will be held once each month throughout the year.

All young people of the town are invited to attend the League meetings.

LON MORRIS TO DROP FOOTBALL

JACKSONVILLE, June 4.—Lon Morris College will be without football in the future an announcement by Rev. C. E. Peoples, president of the college, indicated Wednesday.

The demise comes after the college has played football for nearly a half century. Under the proposed setup basket ball and possibly other sports will be continued.

At the last meeting of the college board of trustees a special committee was appointed to decide whether football should be maintained in the college program.

Editor's Note: Cecil Peoples is a former coach of Tahoka High School and is responsible for naming the local athletic teams the Bulldogs.

Superintendent W. T. Hanes requests that we announce again that examinations will be held at the high school building at 9 o'clock Saturday morning for those pupils who were prevented by sickness or other causes from taking the examinations at the close of school. All such students should be present at that time.

Corbin Douthit, who has just completed his degree work at the Tech with a straight A card, expects to work in the F. S. A. office in Amarillo after a short vacation here with his parents, Mr. and Mrs. Henry Douthit.

Rev. Geo. A. Dale and possibly other ministers from this county were in Fort Worth this week attending the Annual Evangelistic Conference at the Southwestern Baptist Theological Seminary. He expected to return home Thursday night.

R. H. Turner, who has been sick of the flu at his home here for the past two or three weeks, was reported Thursday morning to be somewhat improved.

Mr. and Mrs. R. C. Cantella and son of Beaumont are here visiting Mr. and Mrs. Emery W. Glass, Mrs. Cantella and Mrs. Glass are sisters.

Mrs. W. T. Clinton has been sick of the flu all the week. Mrs. R. B. Jones of Plains is here helping her mother through her illness.

SUMMER WORK OF NEW HOME HOMEMAKING GIRLS

There are twenty-three girls enrolled in summer work at New Home. Each of these girls plan to do a summer project in her home. There are also two group projects as well as the individual projects. The group project for the first year Homemaking girls is that of raising pot plants to be contributed to the Homemaking laboratory when school starts. The second and third year Homemaking girls' project is to improve the laboratory by repainting the breakfast tables and chairs, medicine cabinet, etc.

The individual projects that the girls plan to do in their homes consists of different phases of cooking, sewing, gardening, entertainment, etc.

We also plan to have as our recreational meeting a picnic in the Mackenzie Park at Lubbock.

Charles Stewart of Aspermont was a guest in the home of Mrs. Lenore M. Tunnell and daughters this week. He returned with the Tunnells, who visited there Sunday, and went on to Texas Tech where he will attend the summer session Thursday.

Mr. and Mrs. H. D. Owens and children were up from Big Spring over the week end visiting her mother, Mrs. Essie Russell. They were accompanied to Tahoka by Miss Joyce Russell, who had been visiting them.

J. O. Tinsley is a grandpa and D. C. Davis is a great-grandpa. A son was born to Mr. and Mrs. Dewell Chestam in a Los Angeles hospital Sunday evening at about 7 o'clock. Mrs. Tinsley reports. Many friends are congratulating Grandpa Tinsley.

Mr. and Mrs. P. A. North have been visiting her parents, Mr. and Mrs. Jim Wetsel this week. Mr. North plans to return to Penwell today, but Mrs. North and children will visit longer.

Mr. and Mrs. J. E. Giles of Decatur spent the week-end in this county, visiting their son J. A. Giles and family at Redwine.

Mrs. A. J. Edwards and daughter, Mrs. Inez Knight, returned Wednesday from a five-week's trip to Hot Springs, Arkansas.

SCHOFIELD URGES PURCHASE OF DEFENSE BONDS

Following the President's talk on Tuesday, I have come to the conclusion that it is my duty to call on the citizens of Texas to double their efforts to aid America, and we must have an all-out purchase of defense bonds and savings stamps.

We are going to have a big bill to pay in order to protect this land we love so well—and it will be worth every cent it costs to know that our country and those we love are safe. And when I stop and think that our Government thought far enough ahead to make plans to borrow money from us that it could pay back with interest, I swell with pride. The United States Government could have just imposed higher and higher taxes on us—money to be paid in nothing received in return

but protection. Protection would have been a lot, but instead we are lending our money and will get it back with interest. When you buy one of these bonds, you are buying confidence in your country, your family, your neighbor and yourself. You are making money for yourself, and, by lending it to the Government, you are making it work for your country.

I could think of no more fitting memorial to those who gave their lives in the last war than to ask that all Texans do their bit now toward preparing defenses which we hope will protect us and save the lives of our native sons.

Sincerely yours, Frank Schofield.
Joe Moss of Post, attorney-at-law, was here on professional business Tuesday.

Tahoka Party Visits East Texas

Fourteen Lynn county citizens were guests for four days last week of Arch S. Underwood, compress operator, and E. R. Edwards, local compress manager at the former's "little shack" in the woods that surround his Lake Undy down in East Texas near Athens.

The party left Tahoka early Wednesday and returned home Saturday night.

Friday they spent much of the day attending the Fiddler's Contests at Athens, which was also attended by a mob of 50,000 people, mostly East Texas farmers.

Fiddling started at about 10 o'clock Friday morning and the contest was not over until 1 a. m. Saturday. Of special interest to the visitors from Tahoka was the program staged by the inmates of the State Prison at Huntsville and Goree farm. Among other entertainers was Peg Moreland of radio station WFAA, an old friend of this writer. But, for the most part, the day's program was a parade of fiddle bands, with all the old time music played by kids, old men, women, right-handers and left-handers, West Texans and East Texans jelly-beans and snuff-dippers.

Speaking of snuff-dippers, you've missed something if you haven't attended one of these performances of the "East Texas grand opera". East Texas has many fine folks, and many of them come to the grand opera, and many of those that come bring their snuff. Next morning, six hours after the contest had closed and most of the attendants had gone home, a cloud of dust resembling a Kansas dust storm hung over Henderson county, and the contents of that cloud must have been snuff.

The crowd gathered in Athens early in the morning, but the biggest portion of the visitors waited until night to come in. They packed the entire courthouse square that night until you could hardly get close enough to see the fiddlers. But loudspeakers carried the music over town, and by 10 o'clock the crowd had the carnival spirit. They danced and they stomped everything they knew—square dances, waltzes, jitterbug, and what have you.

The Athens Fiddlers contest is certainly a great show, the Tahoka bunch agreed, and Arch Underwood and the Athens businessmen are to be congratulated on its success.

The Tahoka men, as we said above, spent considerable time out at Arch's large and beautiful rustic

Max Minor Will Coach At Boys Camp

Max Minor, student in the University of Texas, and a track and football star in whom Tahoka takes much pride, has been spending a few days with his parents, Mr. and Mrs. John Minor.

He is leaving this week, however, for Kerrville, where he will be a director of physical education at Camp Rio Vista, a camp for boys, through the summer.

Max is reported to be showing much promise at the University and may be expected to break into the Longhorn line-up at least part of the time. Though the Freshman year at the U. of T. is unusually difficult, Max says he was able to salvage an A, four B's and one C this last semester.

Max holds the National Interscholastic record in the 220 low hurdles.

BIRTHDAY PARTY

Miss Winell Moore was honored with a birthday party at the home of Mrs. J. O. Freeman Monday afternoon.

After a series of games, cool-ade, cookies, suckers and balloons were served.

Those present were: Gwendolyn Wanda, and Bentley Galtner; Eddie Lois, Joy Nell, and Harold Hugh Hamilton; Evelyn, Wanez, and Peggy Clark; Eileen, Buster, and J. R. Cash; Billie Ray, Lola Fern, and Delwin Kelly; Doris and Kenneth Neugent, Ruth Clements, Lafayne Moore, Kenneth, J. N., and Othelda Freeman; Mesdames Charlie Terry, Hubert Nugent, E. B. Galtner, Dona Moore, and J. O. Freeman.

Nolan von Roeder of Knapp, Borden county, reports that he will have a nice fruit crop this year and in spite of some hail damage he will produce about 4,000 bushels of fruit. He will have some good canning peaches soon, and promises to let the public know about them through The News' advertising columns when they are ready.

Herbert Womack, who has been attending Texas Tech and working in the Tech print shop, left this week for a few weeks' visit in California.

Nolan von Roeder of Knapp, Borden county, reports that he will have a nice fruit crop this year and in spite of some hail damage he will produce about 4,000 bushels of fruit. He will have some good canning peaches soon, and promises to let the public know about them through The News' advertising columns when they are ready.

A visit to the place was in itself worth the time for these citizens from the level plains country.

For entertainment, there were games, stunts, and tricks, fishing, boating and swimming, music and talk, and eating and eating and eating. The Tahokans did enough eating and laughing to do them a year or so, it would seem.

Mr. Underwood has a force of negro porters, headed by one Sambo, who certainly are SOME cooks—and they anticipate a man's every want just a few seconds before he wants.

During the Tahokan's stay at Arch's lodge, a party of Lamesas consisting of Carl Rountree, Matt McCall, Holland Harp, and W. B. Collins were also present to enjoy the fun.

On Friday evening and night, Mr. Underwood staged his big annual party out at the lake and lodge and about 300 state notables were present.

We'll not try to name them a.l. but a few of those best known to the public were Lieutenant Governor Coke Stevenson, Attorney General Gerald Mann, Congressman Lyndon Johnson, Ex-Senator George Purl of Dallas, Banker Bob Thornton of Dallas, and District Attorney Andrew Patton of the same city, and State Insurance Commissioners Marvin Hall and Joe Gibbs. In addition, there were about 30 members of the Legislature, including Hop Halsey and Pat Bullock of this area. A few newspaper men, and bankers, compress managers, and other friends and business associates of Mr. Underwood.

The local delegation was royally entertained and came back home singing the praises of this pleasant, likable, wealthy philanthropist who recently changed his home address from Athens to Lubbock, where he has built one of the city's finest homes.

We'll not tell any tales on the Tahoka boys, for fear they might turn the tables on the writer, except to say that some of our bunch bit at all the tricks and jokes arranged around the Underwood premises for suckers to fall into.

Those attending the party were: E. R. Edwards, T. Garrard, W. O. Thomas, J. L. Heare, R. P. Weathers, Harley Henderson, Truett Smith, Tom Garrard, J. K. Applewhite, Conway Cingan, Don Turner, and Frank Hill of Tahoka, Henry Heck of New Home, and C. C. Coffee of T-Bar.

Army Requirements Again Modified

Induction of many registrants who had been barred from military training because of statutory law violations is now possible because of a revision of Selective Service Regulations resulting from modification of Army requirements for recruitment.

The revision of the Regulations, General J. Watt Page, State Selective Service Director, said today, removes the sweeping disqualifications of all men who had been convicted on any offense which the laws of the jurisdiction in which it occurred defined as a felony. Instead, he said, debarment as felons is limited to perpetrators of certain "heinous" crimes and habitual criminals.

Advising the Local Boards of Texas of this revision, General Page hailed it as just and timely. He said: "This will enable many patriotic young Americans who had been debarred because of some youthful misstep to serve their Nation in the ranks of its armed defenders. It is timely for that reason in view of the national emergency, and it is just also in that it makes a proper discrimination between offenses that are merely violations of statutory law and crimes which denote moral turpitude. It bars the criminal but it opens the door to the man who has atoned for and repented of an offense against society that is not generally accepted as a felony."

The changes are in the Regulations defining "Class IV-F: Physically, mentally, or morally unfit." They now ban specifically the following law violators:

(1) Those who have been convicted of certain heinous crimes; (2) who have been convicted on two or more occasions of offenses which come under the generally accepted definition of a felony; (3) who are chronic offenders with pronounced criminal tendencies who have been convicted on at least three occasions of offenses punishable by jail sentences; (4) who are being retained in the custody of any court or criminal jurisdiction, or other civil authority.

"Respective of these specific provisions concerning law violators," General Page said, "the regulations as amended also provide that any registrant 'who is found to be morally unfit for military service' shall be placed in Class IV-F, together with any registrant 'who is found, after physical examination, to be physically or mentally unfit for military service.'"

Class IV-F also includes any registrant "who has been dishonorably discharged from the Army, Navy, Marine Corps, or Coast Guard, or has been discharged because of undesirability or of habits or traits of character."

SKILES THOMAS HOME

Skiles Thomas, son of Mr. and Mrs. C. A. Thomas is home to spend a few days between semesters of the University of Texas School of Medicine at Galveston. Skiles will attend school this summer, but expects to get a few weeks vacation in September. He will complete his work at the Medical School some time next year.

Giles E. Miller and Ed W. Coulson of Guymon, Oklahoma, former publishers of the (Guymon) Panhandle Herald, a small daily newspaper, were pleasant callers at the News office Wednesday. They had recently sold the Herald, Mr. Miller having been connected with the paper for twenty-two years.

Mrs. George Turrentine, a patient of Dr. Emil Prohl, who underwent a major operation in Lamesa General Hospital two weeks ago, returned home Sunday and is making a normal recovery under the care of Mrs. Jim Dye, and the assistance of Dr. Jim Sinclair.

Mr. and Mrs. H. C. Story and Ruth Evelyn of Austin spent the week-end here and attended the graduating exercises at Texas Tech where their daughter, Miss Ernestine Story, received a B. S. degree.

Reports from the bedside of Mrs. F. M. Sherrard Thursday morning are that her condition has improved since she was carried to the Sanitarium, suffering from flu and bronchial trouble, Tuesday.

CARD OF THANKS

We wish to thank our many friends who have offered their assistance and have given us so many tokens of their affection during the illness of Mrs. Turrentine—Geo. E. Turrentine and family.

J. M. Jones returned from a Lubbock hospital Sunday, where he had been undergoing treatment for pneumonia, and is recovering rapidly.

H. T. Loyd Infant Died Thursday

David Gale Loyd, infant son of Mr. and Mrs. H. T. Loyd, who reside on the Joe Bovell farm six miles north of Tahoka, died about four o'clock Thursday morning, and funeral services were conducted at 4 o'clock that afternoon at the graveside in the Tahoka cemetery. Elder Arley E. Moore officiated. The infant was born about six o'clock Wednesday afternoon and was only about ten hours old when death came. This was the only child of the Loyds, and the young couple have the sincere sympathy of many friends in their loss.

RUTH CLASS

A social was given in the home of Mrs. D. V. Smith, class teacher, for the Ruth Class of the Baptist Church, Tuesday evening. After a business session the girls enjoyed Bible games. Refreshments were served to Misses Frances Dobbins, Kathleen King, Marjorie Lawrence, Johnnie McClintock, Mildred Cooper, Bettie Lou Frazier, Ida Botkin, Pauline Owens, Genelle Fortenberry, Jennie Reba Nevill, Ethel Norris, a visitor, Helen Norris, and Mrs. Smith, the hostess.

BPW Members Elect Officers

Miss Clare Ruth Nichols of O'Donnell was elected president of the Business and Professional Women's Club of Tahoka and O'Donnell at the annual business meeting and picnic in City Park Monday night.

Miss Nichols, assistant cashier of the First National Bank in O'Donnell, has been an active member of the club since its organization in 1939. Next year the club will be composed of approximately an equal number of members from Tahoka and O'Donnell, so will become a bi-city club. Miss Nichols will take office July 1st.

Mrs. Inez Knight was elected vice-president, Miss Ethel Calahan was elected secretary, and Mrs. Myrtle Rochelle treasurer.

The new officers were nominated by a special committee composed of Mrs. Lois Daniel and Miss Hattie Server. Mrs. J. W. Sinclair, president, presided over the session, which was the last regular meeting of the club year.

Miss Nichols was also selected to represent the club as delegate to the state convention of the Federation of Business and Professional Women's clubs which convenes in Lubbock Friday and lasts through Sunday. Miss Server, Mrs. Daniel and Mrs. Rochelle will also attend all sessions of the convention, serving on committees with the Lubbock women, who are hostesses. Mrs. Daniel and Miss Server are on the registration committee.

Others who plan to attend sessions of the convention include Misses Echo Milliken, Ethel Calahan, Mesdames Sinclair and Helen Eubank.

There will be no regular club meetings of the local group until September. Miss Doris Perry was a guest at the picnic Monday night.

NOWLINS HAVE FAMILY REUNION SUNDAY
All of the children of the late Mr. and Mrs. J. K. Nowlin held a brief reunion in the home of Mr. and Mrs. N. E. Wood here last Sunday afternoon.

The only sister, Mrs. N. E. Wood, the former Miss Iola Nowlin, and five brothers, Deen, Loyd, and P. A. of Tahoka, Claude of Stanton and Carl of Grenville, New Mexico, together with their families, were present.

Mr. and Mrs. Carl Nowlin and baby will remain here several days visiting. Carl is teacher of vocational agriculture in the Grenville High School. Claude is in business at Stanton.

MISS JUANITA HAYNES IS RECREATION DIRECTOR
Miss Juanita Haynes, daughter of Mr. and Mrs. R. B. Haynes, former owners and publishers of The Lynn County News, was recently appointed director of the W. P. A. recreation project at Lamesa.

Miss Haynes is a graduate of the Texas Tech and has been teaching music in the public schools at Seagraves.

Her parents sold the News to the present owners more than seventeen years ago. Miss Juanita was then just a little girl but she is still remembered kindly by many friends in Tahoka.

Mr. and Mrs. Haynes reside at Miami in the north Panhandle where he owns and publishes the Miami Chief.

Mr. and Mrs. Burnett Smith returned home Friday from Ruidoso, where they visited his brother, Thad Smith, who is now employed by the Ruidoso Power & Light Co. Mr. and Mrs. Smith left Monday for Lubbock to attend the Texas Tech summer session. They will be back as teachers at Edith next fall.

Miss Jeanne Simmons, daughter of Mr. and Mrs. G. W. Simmons and a recent graduate of the Tahoka High School, is spending the summer with relatives in Los Angeles, California.

Hughes Recovers Painful Injuries

Clay Hughes was able to be at work again Monday after having been laid up about three weeks from injuries sustained in a fall from a windmill tower at his residence in northeast Tahoka.

Mr. Hughes had climbed up on the ladder that leads to the platform and was close up under the platform when a rung of the ladder broke loose, causing him to fall. His leg went through the ladder as he fell, and as he went down he caught another rung with his hand and it pulled loose, permitting him to fall to the ground.

In the fall he sustained severe bruises and abrasions on the knee and leg. In a day or two the wounds became infected and for several days he suffered intense pain. In fact, his condition for nearly a week was really alarming. But under the efficient treatment of a local physician and the constant care of members of the family, the infection was finally conquered and the patient began to improve. Mr. Hughes was not able to resume regular work, however, until Monday of this week. He is a carpenter.

Word has come to Tahoka that Mrs. Guy Stroud, who left here following the close of school to join her husband in El Paso, was stricken with an attack of appendicitis soon after arrival there and underwent an operation.

Lambs Quarter Is Delicious Food

Many of the field and frame gardens in Lynn county have been destroyed by the recent heavy rains. This is certainly a draw-back to the farmers in Lynn county since gardens are usually producing some vegetables by this time of year.

Wild greens seem to be our best source of vegetables now, since our gardens are not in production yet. Many families in Lynn county have found lambs quarter to be an excellent green leafy vegetable. One Farm Security family canned about 50 quarts of lambs quarter to use later on in the season. Several other Farm Security families have been using these greens. Lambs quarter will be getting tough in a few weeks so we need to take advantage of it while it is here.

These greens may be prepared in the usual way. Wash them thoroughly, cook in a sauce pan using the water that clings to the leaves and have a very low flame under the pan. Cool until just tender. Otherwise, cook the greens quickly in a small amount of lightly salted boiling water. Leave the cover on the pan until the greens are wilted, and then remove the cover to finish cooking. Season the greens lightly, and dress them with butter or other fat.

Austin Lawyer Visits In City

Assistant Attorney General D. D. Mahon of Austin was here on Thursday of last week in the interest of Gerald Mann for the Senate.

Mr. Mahon's home is in Dallas but he has been in Austin as assistant attorney general since Mann went into office. Mr. Mahon is a brother of Congressman Geo. H. Mahon and he was making his way back to Lorraine, Mitchell county, to visit his parents and other relatives, where another brother was to be married Sunday.

This brother is himself taking the law course in the University of Texas

6 CARS DIED IN OVERHEATED DEATH VALLEY TO PROVE THAT YOURS CAN LIVE LONG

New Oil a Life-Giver. 5-quart fill—None Added—Lasted all of 13,398 Miles....

more than Twice the mileage averaged by 5 other big-name oils in fiendish Destruction Test... Impartial... CERTIFIED

THIRST killed gold-feverish Forty-Niners in Death Valley. You can stand there today on our Hemisphere's bottom, 279 feet below sea level. And some of the worst heat on U. S. Weather Bureau records will be drying you up.

...America's hotspot!... where 6 identical everyday cars scorched along, testing 6 different motor oils, till 5 new engines were junk. Every condition was the same for all. Qualified authorities eyed every move. Speed: 57 miles an hour for all. The Referee had bought 5 of the oils right off the market; millions know their names well. The other oil was decidedly new. And this new oil that authentically delivered more than twice the mileage averaged by the others is named

CONOCO Nth MOTOR OIL

-Now on Sale here for Your Car

How could one fill of this popular-priced Conoco Nth oil keep lasting—without one added drop—for an official total of 13,398 miles? How could Conoco Nth oil outlast them all by 5,683 miles or more, even outlasting one "rival" by 8,268 miles!... Certified.

New Synthetic in Conoco Nth

You know of vitamin synthetics... man-made... replacing Nature's life-givers sacrificed in some modern food processing. Similarly, the latest refining methods steal life-giving elements from motor oils. But more than making up for that today—in popular-

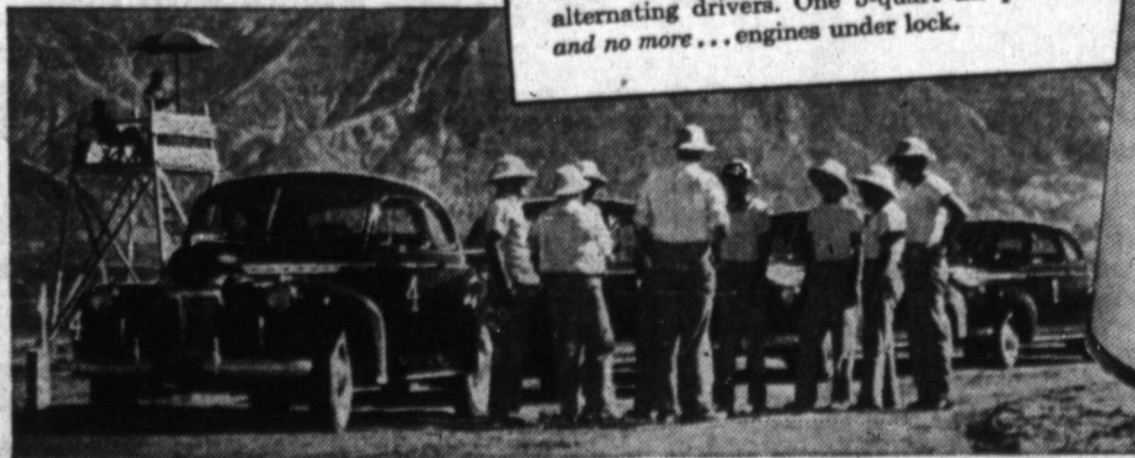

priced Conoco Nth oil—is Thialkene inhibitor... man-made. (Conoco Patent 2,218,132.) It inhibits or checks the effect of foul leftovers created by the normal engine explosions. Thus Conoco Nth stays more like its own good self... helps the engine keep fit—good way to save quarts.

A triumph matching famed CONOCO OIL-PLATING

Another wondrous synthetic—long in use under the famed Germ Processed oil patent—still makes Nth oil give your engine OIL-PLATING... lubricant that can't all quickly drain down from inner parts. Instead, it's able to stay plated up... on guard against wear in advance, while you get against Conoco Nth oil. In addition you get the life-giving aid that foiled Death Valley... that eclipsed other oils tested... that made one 5-quart fill of new Conoco Nth last 13,398 miles. Certified.

That's like a mad extreme—beyond the utmost allowed by authorities on the

IMPARTIAL The 6 new cars were broken-in alike, after engines had been taken apart for the Referee, to check uniformity. All cars tuned alike. Same desert route for all. Handling evened up by alternating drivers. One 5-quart fill per car and no more... engines under lock.

CERTIFIED: I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

WINSTON C. WHARTON
LOCAL REPRESENTATIVE

Post Rodeo Is This Week End

POST, June 5—More than five thousand West Texas and New Mexico visitors are expected here Friday and Saturday to join Garza county residents in seeing Post's two-day non-professional rodeo.

Post has been in readiness for the big celebration since Saturday when Post Stampede officials announced that more than \$3,000.00 had been spent on permanent improvements at the grounds, including the building of 4,000 additional seats.

The Post Stampede, Inc., sponsor of the annual entertainment, has posted more than \$1,000.00 in cash prizes, two \$115 saddles and other merchandise prizes, for the hundred or more contestants who will participate in the various events.

There will be five major events cowgirl sponsor's contest, calf roping, wild cow milking, bronc and steer riding.

Besides the four exciting rodeo performances, a colorful and spectacular street parade will be staged each day at 12:30 o'clock. Old time cowboy dances, the kind grandpa and grandma used to enjoy, will be held each night following the night performances. Mrs. Delaney Davis and her five-piece string-band of Spur will furnish music for the "shin-digs." The Spur square dance team will spice the dances with speciality numbers.

Afternoon performances begin at 2 o'clock, night shows at 8.

BAPTIST T. E. L. CLASS MEETING

The T. E. L. Sunday School class of the First Baptist Church met Tuesday afternoon in regular monthly meeting in the home of Mrs. J. L. Nevill with Mrs. Doss as co-hostess.

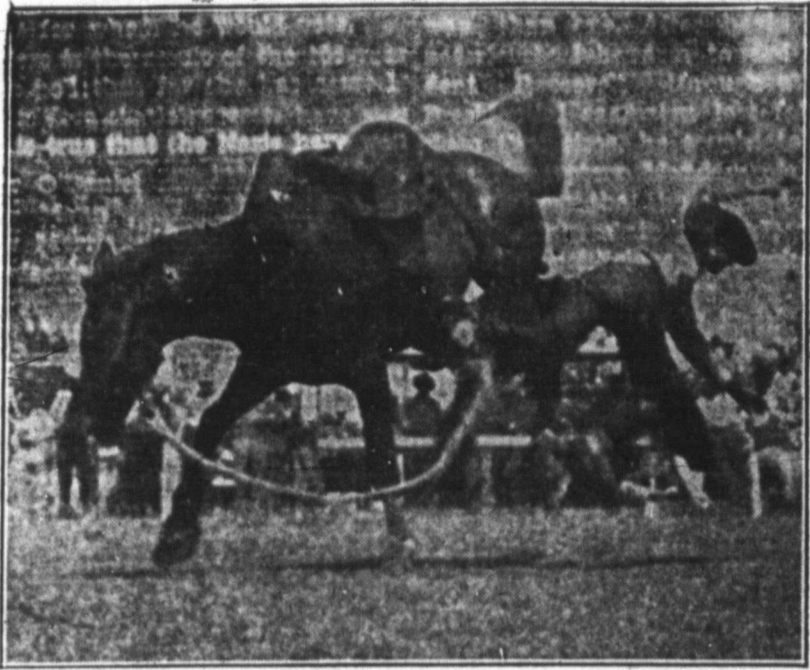

Mrs. P. Coleman brought a fine devotional on the 37th Psalm.

After reports and a business session, all enjoyed a social hour in which different games were played. A delicious plate of cake and cream was served to the following: Mesdames Weathers, Kelly, Woosley, Pender, Reese, Sikes, Snowden, Oliver, Akin, Coleman, Douthit, and the hostesses Nevill and Doss; visitors, Mrs. Everton Nevill and Miss Jennie Reba Nevill.

The July meeting will be with Mrs. C. T. Oliver with Mrs. C. Kelly as co-hostess.

A. J. Edwards suffered the misfortune of turning his car over on the highway a mile south of town Monday but sustained no personal injuries. His car was slightly damaged. He was not driving fast, we understand, just dropped off to sleep.

Thrills and Spills at Slaton June 13-14

Thrills and spills like the ground diver is taking in this picture will probably be seen at the South Plains Rodeo and Round-Up to be held in Slaton, Texas, June 13 and 14. The cowboy falling from the horse was taken at the South Plains Rodeo held last June in Slaton and as the rodeo planned for this June will have more steers, calves and rough riding horses than last year's entertainment and there will probably be more spills and chills than last year's thrilling exhibition.

NAVY REDUCES MINIMUM HEIGHT LIMIT FOR AVIATION STUDENTS

A dispatch from the Navy Department received this morning at the office of the Naval Aviation Cadet Selection Board, 524 Allen Building, Dallas, definitely reduces the minimum height limit for Naval Aviation students from 5' 6" to 5' 4". This will be good news to many candidates who were otherwise qualified, but who could not quite stretch to 5' 6".

Commander Laverents, Senior Member of the Naval Aviation Cadet Selection Board this morning stated that he heartily approved of this change, as in his opinion, a man 5' 4" tall was physically able to handle the controls of Naval airplanes, as modern planes are equipped with controls which are adjustable to meet the requirements of the individual pilot. He further stated that the 5' 6" minimum height has always been considered a military requisite instead of physical.

Education requirements for Naval Aviation Training were recently modified eliminating mathematics from the college credits necessary. All other requirements remain the same.

Interested candidates should contact the nearest U. S. Navy Recruiting Station.

NEW SODA CLERK AT COLLIER'S DRUG

Robert Spikes, who returned home from Lubbock where he attended the Texas Tech last term, started to work as a soda clerk in Wynne Collier's Drug store Monday morning, replacing Edwin Rogers.

Edwin, who worked after school hours and on weekends during the past term of school here, has taken a job at Wylie's Drug in Lubbock, where his parents moved recently.

Mr. and Mrs. Howard Payne and little son moved here Wednesday of last week from Ralls and are occupying an apartment in the W. E. Suddarth home. Mr. Payne is local representative of the American National Life Insurance Company. At Ralls he served for a time as a peace officer. He is a nephew of Mrs. Frank Hill and Mrs. Harley Henderson.

S. B. Mathis, who resides out in the east portion of the county, attended the graduating exercises of the Abilene High School last Friday night and saw his daughter, Miss Joy Mathis, receive her diploma. There were 306 other graduates. Miss Joy will not be 17 years old until August, and Mr. Mathis is naturally very proud of her accomplishment.

HEALTH SERVICE TO BE DISCONTINUED

We regret to announce that the health service in this county is to be discontinued. Circumstances beyond our control have prompted the commissioners and the judge to make this decision. We wish to thank the people of Lynn County for their cooperation in helping to make our work successful the short time that we have been here. There is the feeling in our mind that the work here is just now beginning to show a little results and that it would show greater results if allowed to continue.

We hope that though we are leaving there have been some of you that have benefitted from the service rendered you. The immunizations, school work, venereal disease clinic, and maternal service, and other services given you were brought to you for the purpose of making you as an individual more self conscious of your own individual health. It would be impossible for me to recount in detail every step that we have made in the past year and half. Ordinarily an individual does not give concern to his health until it is lost and then he is willing to give any price to regain it. But in our program we teach preventive ways of saving one's health rather than curative ways.

Let us take this opportunity to thank all parents who have children who need to have the second "shot" of diphtheria bring them into the health department some Monday morning of this month. Also to remind every one that this service will be discontinued the first of July and anything that we can do between now and that time to render service will be gladly done.

Let us again say that we are sorry to be leaving the county and that we appreciate the courtesy and friendship shown us while here.—Gladys Davis, County Health Nurse.

Mmes. W. M. Harris, W. T. Hanes, R. C. Forrester, H. L. Roddy, Borden Davis, and E. I. Hill attended an installation ceremony of the Brownfield Chapter of the O. E. S. on Monday night.

Edward McMillan, an employee in the News office, is taking his vacation this week, leaving here Friday morning. He expected to visit relatives in Amarillo and in Clayton, New Mexico.

FORMER TAHOKA YOUTH GETS HIS WINGS

Borden (Jack) Childers, son of Mr. and Mrs. D. A. Childers now of Lubbock, who was reared in Tahoka and is a graduate of the Tahoka High School, was one of the 133 flying cadets who graduated on Thursday of last week from the air corps advanced flying school at Stockton Field, California.

Jack was commissioned as second lieutenant and will do three years service in the air corps.

Following his graduation in the high school here, Jack was a student for some time in the Texas Technological College. He received his "wings" just one week after the accident which resulted in the death of his younger brother, Dave, at Lubbock, and he attended the funeral services here on Sunday preceding his graduation.

Mr. and Mrs. M. M. Boyd have removed from Amarillo to Tahoka and are occupying the former G. E. Hogan home, which was recently purchased by W. L. Knight. Mrs. Boyd is the daughter of Mr. and Mrs. Knight, and she has visited here frequently.

C. E. (Ed.) Bergfeld, son-in-law of Mr. and Mrs. D. B. English, who lives in Lubbock, was taken to a

hospital there Saturday suffering from pneumonia, according to Mr. English.

Homer St. Clair of Lamesa was here on business Tuesday.

New Home Closes 1940-41 Session

The New Home Public School closed Tuesday night, May 27, with commencement exercises for both the seventh grade and the high school seniors.

Mr. J. R. Strain gave the invocation.

The New Home Methodist pastor, Rev. J. R. Wood delivered a very inspirational and timely commencement address.

Salutatory: Seventh Grade, Delbert Timmons.

Valedictory: Seventh Grade, Mary Louise Simpson.

Music: Thelma Ruth Strain.

"Courage", Senior Salutatory, Martha Robinson.

"The Art of Living", Senior Valedictory, Donnie Mae Porter.

Diplomas were presented to both grades by Mr. J. H. Izard, President of the school board.

Mr. Talbert Fanning, High School Supt., presented various awards to the students having won them.

These are as follows:

Valedictory, Donnie Mae Porter, Salutatory, Martha Robinson.

All-round Girl, Thelma Ruth Strain.

All-round Boy, Loyd Russell McCormick, who also received a scholarship from S. M. U. for the highest ranking senior boy.

Junior class scholarship, Bobby June McCormick.

Sophomore scholarship, Winona Izard.

Freshman scholarship, Charles Hammonds.

Other awards were given for the Badminton, Table Tennis and shuffleboard tournament. Those receiving these awards were:

Badminton

Girls singles: Natalie Bally.

Boys singles: Preston Parham.

Girls doubles: Bobby June McCormick and Tera Mae Caffey.

Boys doubles: Preston Parham and Lewis Allsup.

Mixed doubles: Thelma Ruth Strain and Frank Timmons.

Table Tennis

Girls singles: Natalie Bally.

Boys singles: Rodney Fern Heck.

Girls doubles: Norma Thompson and Doris Ducket.

Boys doubles: H. Joe Swartz and Roy Timmons.

Mixed doubles: Bobby June McCormick and Ernest Holcomb.

Shuffleboard

Girls singles: Mary Jo McClellan.

Boys singles: Roy Timmons.

Girls doubles: Ruby Don Middleton and Willetta Smith.

Boys doubles: Preston Parham and Lewis Allsup.

Mixed doubles: Thelma Ruth Strain and Rowayne Caffey.

Thelma Ruth also won an award in music which will be presented her later.

Mr. and Mrs. Henry Douthit received word recently that their daughter Eva, Mrs. Clinton Walker, was recovering at her home in Tuscaloosa, Alabama, from major surgery. Mr. Walker teaches in the University of Alabama.

WILL HE GO FROM

High Chair to High Bench?

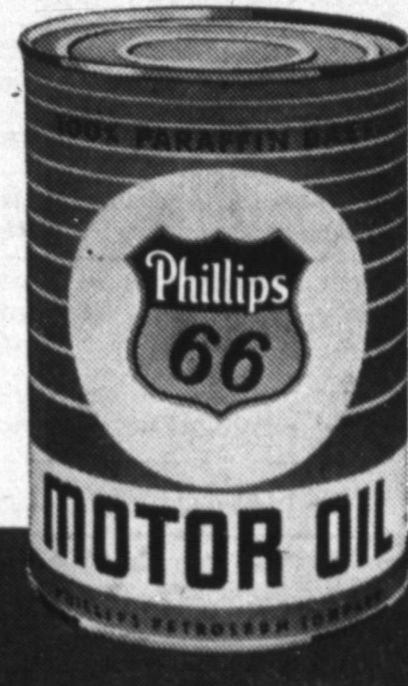

JUDGING BY APPEARANCES this young man appears to be judging, but only a foolish fortune teller would try to guess whether he will ever reach the Supreme Court.

Obviously, this wide-eyed baby's future is unpredictable. But you can pry into the future when you want a winning oil for your motor. You can easily forecast the high quality of your choice. How?

Phillips refines many oils because car owners' requirements vary as much as their cars and pocket-books. But when you want our **best oil**, there is no room for doubt or hesitation. Phillips speaks out plainly and directly. Tells you that **Phillips 66 Motor Oil is our finest quality** . . . the highest grade and greatest value . . . among all the oils we offer.

When you replace winter-worn oil with fresh summer grade, or make the regular 1,000-mile change, pick a winner: ask for **Phillips 66 Motor Oil**.

It's **HARD** to tell . . . but **EASY** to pick a winning oil

High Water Drives Family From Home

Mrs. G. C. Watson, who with her husband and family have been residing on the W. R. Griffing farm three miles west of Grassland, was a caller at the News office last Saturday with a story of high water that would have seemed fabulous at any time in the past.

The heavy and continued rains two weeks ago so filled the ordinarily dry lake near which they live that on Wednesday the water got up into the house and was three or four inches deep all over the floor. Thinking that the water would soon subside, they left everything in the house and went to a neighbor's for a temporary stay. Then came the heavy rains of Thursday night and Friday and the water continued to rise. They were not even able to get back to the house until Sunday, when they found most of their household goods had been ruined. For instance, the water had covered the sewing machine, practically ruining it.

They moved out whatever they found it practical to move and went to live in the home of her mother, Mrs. A. A. Lawson, at Grassland. To add to her woes, 56 of her fryers had been drowned. To her, it was heart-breaking.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Lynn County will receive bids up to 10 o'clock a. m. on June 14th, 1941 at its office in the Court House of Lynn County, Tahoka, Texas, for the furnishing of the following equipment:

One Road Tractor of approximately 75 H. P. equipped with six cylinder Diesel Motor, 74" Gauge and 20" Track Shoes, Separate Gasoline and Electric Starting Device.

The successful bidder is required to accept in trade one used Caterpillar Tractor and one used International T-20 Tractor. Warrant will be issued in the maximum sum of thirty-five hundred dollars the last maturity date not later than April 15th, 1944, said warrants to draw interest at the rate of six percent per annum, interest payable annually. The right is reserved to reject any or all bids.

Chester Connolly, County Judge, Lynn County, Texas. 42-2tc.

Mrs. R. B. Floyd returned Saturday from a two months visit with her son, Ben Floyd, at El Segundo, California. She reports that there is much building being done there now.

Mr. and Mrs. Jack Welch and son spent the week end down at Crowell visiting relatives.

SHERIFF'S SALE

THE STATE OF TEXAS COUNTY OF LYNN

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of sale issued out of the Honorable County Court of Lynn County on the 28th day of May, 1941, by W. M. Mathis, County Clerk of said County for the sum of \$287.61 Dollars and costs of suit under a judgment in favor of Lee Northcross in a certain cause in said Court, No. 804 and styled Lee Northcross, Plaintiff vs. D. A. Parkhurst, placed in my hands for service, I, B. L. Parker, as Sheriff of Lynn County, Texas, did, on the 29th day of May 1941, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit:

All of lots one to eight 1-8 inclusive in Block 3, of original town of Tahoka, Lynn County, Texas. All of Lots 3 and 4 in Block 20 original town of Tahoka, Lynn County, Texas, and all of Lots 7 and 8 in Block 13, Shook addition to town of Tahoka, Lynn County, Texas, all of which said property was heretofore on the 26th day of April 1941 levied on by me under a writ of attachment issued out of the county court of Lynn County, Texas, in favor of Lee Northcross against the said D. A. Parkhurst and levied upon as the property of D. A. Parkhurst and that on the first Tuesday in July, 1941, the same being the 1st day of said month, at the Court House door of Lynn County, in the town of Tahoka, Texas between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said judgment and order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said D. A. Parkhurst.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn Co. News, a newspaper published in Lynn County.

Witness my hand, this 28 day of May, 1941. B. L. Parker, Sheriff Lynn County, Texas. (SEAL) 43 3tc.

REV. BRUCE GILES ATTENDING SEMINARY

Rev. Bruce Giles, a young minister of the Redwine community, together with his wife, recently entered the Southwestern Baptist Theological Seminary at Fort Worth, where in time he expects to receive his Th. D. degree and where Mrs. Giles expects to take the full training course offered to women.

Rev. and Mrs. Giles were here over the week-end, and he filed his regular appointment Sunday at West Point, where he is pastor. He is also pastor of the church at New Moore. He expects to come up from Fort Worth regularly two Sundays in each month to fill these appointments.

While here he visited the News office and expressed himself as delighted with his Seminary work.

CIVIL SERVICE JOBS OPEN

The Civil Service Commission has announced the need for men with experience in the operation, maintenance and repair of caterpillar tractors, draglines or gasoline power shovels, adjustable blade road graders, power driven blade graders, gasoline road rollers or bulldozers, to fill vacancies in the position of Road Equipment Operator, \$1860 a Year in the War Department, Quartermaster Corps, at various Camps throughout the State of Texas. Applications may be filed with the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana until further notice. Copies of the announcement and application forms may be obtained from the Secretary, Board of U. S. Civil Service Examiners, at any first or second-class post office in the State of Texas, or from the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana.

Dr. E. Prohl left Sunday night on a two weeks vacation, which he expects to spend in Dallas and at Leander, Williamson county. Mrs. Prohl had already been at Leander a week visiting relatives before the Doctor left here.

SAFER TIRES

9.1%
Stronger Cords
after 5-million
mile test

Back and forth, up and down, with every roll of your tires, the cords are constantly flexing . . . until sometimes they break because of flexing-fatigue.

There is one way to prevent or reduce this type of tire failure. That is to strengthen the cords, which is exactly what Lee has done!

After the famous 5-million mile Florida Road Test, Lee cords averaged 9.1 per cent stronger than the average of the other tire cords.

This extra safety . . . and extra miles, too . . . cost nothing extra in first-line Lee DeLuxe Tires. They sell for less than you guess!

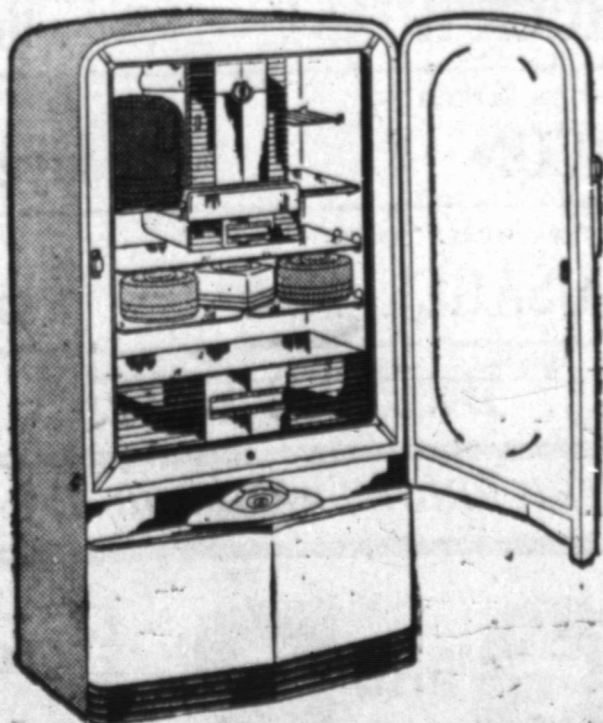

Drive in for new low prices, trade-in offer, and easy-pay plan.

SUBSCRIBE FOR THE LYNN COUNTY NEWS—YOUR PAPER

Rain Continues . . .

(Continued from Page 1)
or three miles west of town and just a few miles directly north but much of the territory east and north east of Tahoka was covered.

Some portions of the eastern part of the county also received a shower Monday morning. Some fields in that section are so covered with weeds that the prospect looks rather discouraging. It was that section of the county that suffered most severely from drouth last year, not a bale of cotton being raised on some of the farms. In spite of the floods this year, it is usually safe to bet on bumper crops in this county in wet years, however, and the chances are that this will be the case this year.

NEW HOME HOMEMAKERS HAD MEETING

The New Home F. H. A. met June 3, 1941, at 3 o'clock in the Home-making laboratory. Officers were elected for another year. Plans were made for a party at the Lubbock park for June 10, 1941. All of the New Home Homemaking girls who were not present at this meeting are invited to meet at the school building June 10 at 5 o'clock and go to Lubbock to the party.

The officers who were elected were: President, Winona Izard; Vice President, Billy Lou Ray; Sec. Treas., Catherine Karnegay; Reporter, Thelma Mae Watkins; Song Leader, Nelda Savage; Parliamentarian, Clauden Moore.

The members present at this meeting were:

Natalie Bailey, Winona Izard, Thelma Mae Watkins, Billy Lou Ray, Catherine Karnegay, Ruby Don Middleton, Colleen White, Bobby June McCormick, Wilma Doris Crews, Joyce Porter, Veda Porter, Thelma Doris Farris and their sponsor Miss Joyce Pace.

There were two visitors at the meeting. They were: Miss Maxine Lindly of O'Donnell, Texas who was visiting Wilma Doris Crews and Miss Pamela Estes of Gilman, Colorado who was visiting Colleen White.—Reporter, Thelma Mae Watkins.

Mrs. Bartley . . .

Continued from Page 1

Duke of Hollister, California, and Mrs. Lena Harrell of Cleburne, Texas.

The sons are: S. F. Bartley of Hollister, California, Sam Bartley of Tahoka, Zeke Bartley of Tatum, Lilburn and Ethan Bartley both of Tahoka, Murrell Bartley of Modesto, California, and W. F. Bartley of Tahoka.

All of the children residing in Texas are expected to be here for the funeral. Whether or not any of those residing in California can come was not known at the time this was written.

Mrs. Bartley was a native of Kentucky, having been born in Louisville in that state on March 28, 1873. She was married to W. R. Bartley in that state on February 7, 1892. Mr. and Mrs. Bartley removed to Texas after the birth of the two older children, settling in Hunt county. Later, the family resided in Fannin and then in Cooke county, removing from Cooke county to Lynn county in November, 1917, acquiring a home in the New Lynn community, where they resided for a number of years.

The children having grown up and most of them having married and established homes of their own, Mrs. Bartley removed to Tahoka in 1936 and has made this her home since that time.

She united with the Methodist Church early in life and in 1939 she transferred her membership from the New Lynn to the Tahoka Church.

A devoted Christian mother, she has lived an unselfish, Christ-like life, cheerful and uncomplaining in spite of the sorrows that have come her way, beloved by her neighbors and hosts of friends.

The children have the sincere sympathy of our people in the inestimable loss they have suffered in the death of their mother.

Jerry Dean Cain, little son of Mr. and Mrs. Alton Cain, is spending this week with his paternal grandparents in Canyon.

TURRENTINE MARRIES COUPLE AT LITTLEFIELD

Rev. George E Turrentine, pastor of the First Methodist Church here, was a busy man last Sunday.

He got up and drove to Littlefield where, at 9 o'clock in the morning, he read the marriage rites for Jesse Hudson Carl and Miss Johnnie Melba Pace at the home of the bride's parents two miles west of that city.

Then he rushed back to Tahoka, arriving in time for the morning worship service beginning at 11 o'clock. And, following that, he looked after other church matters and preached again at the evening service.

Brother Turrentine states that he has been called out of town almost every day during the present week on some mission or another.

Little Jan McElroy, baby daughter of Mr. and Mrs. W. V. McElroy, was brought home from a Lubbock hospital where she was being treated for pneumonia last Saturday, and is doing nicely.

LOCAL GIRL IN SORORITY

Mary Margaret Tunnell, journalism student at Texas Tech, was initiated into Beta Sigma Phi, national sorority for journalism students and professional women, last week in Lubbock.

The sorority was inducted with national membership at that time. Accomplishment in journalistic subjects is necessary to membership.

Mr. and Mrs. L. A. Forsythe, Mrs. J. B. Oliver and Maxine and Mrs. G. W. Forsythe returned Sunday from Waco where Mrs. Forsythe had been visiting. Going down they were accompanied by Mother Finch who is spending a month with Mrs. Millie Finch and sons at Hubbard. Mrs. Oliver said that they had Sunday dinner with Mrs. Finch and sons, and that both are at home with their mother. The News had recently carried an erroneous item about Wilbert Finch being in the Navy.

D. W. Gagnat, who is recovering from pneumonia, is able to be up part of the time, members of the family report.
