

# The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume XXXVII

Tahoka, Lynn County, Texas, Friday, July 18, 1941

Number 49

## Tahoka Pioneer, W. S. Swan, 84, Died Tuesday

Another of Tahoka's oldest and most highly respected pioneers has crossed over the Great Divide. W. S. Swan, 84, and a resident of Tahoka since 1906, died of an attack of heart trouble here at 11:15 o'clock Tuesday night at the home of his daughter, Mrs. E. H. Boulloun. He had been in failing health for some time, and during the winter he had a serious attack of illness. Tuesday about noon he suffered an attack of heart trouble and another Tuesday night shortly before he died.

Funeral services were conducted in the Methodist Church here at 4 o'clock Wednesday afternoon by the pastor, Rev. Geo. E. Turrentine, assisted by a former pastor, Rev. Ben Hardy. Interment was in the Tahoka cemetery under the direction of the Harris Funeral Home. A wealth of floral offerings attested the esteem in which deceased was held.

Coming to Lynn county from Jones county in 1906, Mr. Swan had been a resident of the county since that date and had seen every step of the wonderful transformation which has taken place in this county for the past thirty-five years. In fact, he has had his part in this transformation. He always took an active interest in public affairs and usually had strong convictions respecting issues that arose and policies that were proposed. It was never difficult to find out how he stood upon any important matter.

Mr. Swan had been a member of the Methodist Church here for many years, and for a time served on the board of stewards.

Born near Holland in Bell county on October 2, 1856, when even that portion of Texas was an undeveloped frontier, he came to Jones county while yet a young man, casting his fortunes with the untamed West. For six or more years he served as deputy sheriff of that county and was then elected sheriff, serving in that capacity eight years. The offices of sheriff and tax collector (Continued On Back Page)

## Drive Starts For Old Aluminum

Lynn county citizens are being asked by County Judge Chester Connolly to join in the nation-wide drive for the collection of aluminum to be used in the National Defense program, the week of July 21-29 having been set aside for the gathering of discarded aluminum.

In furtherance of this program, Judge Connolly asks that the mayors and members of the city councils of Tahoka and O'Donnell, the president and board of directors of the Tahoka Chamber of Commerce, the commander and other officials of the American Legion post, the scoutmaster and scout officials and the Boy Scouts of Tahoka meet with him in the county court room here on Tuesday night of next week, July 22. But this does not mean that these organizations and individuals should wait until that time to begin work. All are asked to get busy on the program Monday morning.

Judge Connolly, who has been named chairman of the drive in Lynn county, urges that anyone having any old aluminum whatever, such as pots and pans, old radio parts, toys, salt and pepper shakers, machinery parts, picture frames, and electrical appliances, etc., get them together and bring or send them to the court house.

The public is not asked to contribute aluminum materials now in use, but this metal is needed badly for defense, especially in the manufacture of airplanes, and all scrap aluminum possible is being gathered. The drive has been inaugurated by F. H. LaGuardia, director of the Office of Civil Defense, a division of the Office of Production Management directed by Wm. S. Knudsen. It is hoped the drive will bring in 20 million pounds from the nation, which would be sufficient to build 2,000 fighter planes.

Boy Scouts under the direction of A. R. Milliken are being asked to assist in the drive here in Tahoka. People living outside Tahoka are asked to bring in their aluminum, or better yet, set up an organization in their communities for gathering this metal.

## SENATORS AT PLAY

United States Senators Thomas Connally, at extreme right, and James M. Meade, second from right, are shown above having a good time at Atlantic City listening to movie star Bob Young tell about "the one that got away" as Mayor Thomas D. Taggart, of the resort city, chuckles with them.

## Large Section Gets Hail, Wind Damage

### Hail Will Lower Cotton Lint Yield

"It might be advisable," Fred M. McGinty chairman of the Lynn county AAA committee has announced, "that in cases where Lynn county cotton producers have suffered total or partial loss of their 1941 cotton crops because of excessive rains, hail, wind, insects, or abandonment, to dispose of the acreage on which cotton will not be harvested."

In explaining this point, McGinty said that a high acreage of cotton with a low lint yield per acre because of such factors as these, will in all probability affect cotton yields on individual farms under the 1942 agricultural conservation program and probably will have a direct effect on cotton insurance since an extremely low yield might affect premium rates.

Producers should remember, however, the AAA official continued, that acreage will be considered as planted to cotton this year if the cotton is not disposed of before it reaches the bolling stage or within 10 days after notice of the seeded acreage is given, whichever is later. This would not change the basis for cotton stamps to be issued on a farm since cotton stamps cannot be obtained on more acres than was shown on the original intention sheet.

However, if a farmer who has had hail damage feels that his cotton has a good chance to make a fall yield, it probably would be advisable for the farmer to keep this cotton for a while at least to see what it might do.

### School Transfers Must Be Made

Mrs. Lenore M. Tunnell, county school superintendent, calls attention to the fact that all transfers of school children must be made by the end of this month. All children desiring to attend school in another district should be transferred. This includes children who have finished the grades taught in the district in which they live and expect to attend either high school or grade school in some other district.

These transfers must be made on or prior to July 31.

### Local Carriers At State Convention

Mr. and Mrs. H. L. Roddy, W. E. Suddarth, Mr. and Mrs. George Reid, and W. A. Reddell left Thursday for Temple where they will attend the annual convention of the Texas Rural Mail Carriers association and auxiliary.

All three of these gentlemen are very active in the organization and have held state or district offices.

Miss Josephine Houston, teacher in the Austin public schools, left for her home Tuesday after a visit of several weeks with her sister, Mrs. W. O. Henderson.

On Thursday afternoon of last week, as the last forms of this paper were being printed, a terrific hail-storm was doing much damage to crops over a strip of country from a mile to three or four miles in width and possibly thirty miles in length extending almost entirely across the western portion of the county from north to south and several miles over into Lubbock county. Only meager reports of the damage were available in time for publication last week.

(Continued On Back Page)

### Rev. Ed. Musick Is Buried Here

Funeral services were conducted here Sunday afternoon for Rev. Edward A. Musick, 62, who died at his home in Pecos late Saturday afternoon of a heart attack.

The services were held in the Assembly of God Church and were conducted by Rev. Paul Holdridge of Plainview, district secretary of the Assembly of God organization. Interment was made in the Tahoka cemetery.

Eighteen other ministers of that faith attended the funeral, Mr. Musick having been an ordained minister of that faith, active until his death. He had held two pastorates in Lynn county, at Draw in 1932 and at Tahoka in 1937.

Mr. Musick was born in Sebastian, Arkansas, in 1878, but he had spent a large part of his life in Texas, making his home at Pecos for several years immediately preceding his death.

He was twice married and leaves, besides his widow, several grown children, and also a brother, C. J. Musick of Tahoka.

Among out-of-town relatives here Sunday for the funeral were Mr. and Mrs. A. J. Beaty and two married daughters and a son-in-law from Kelton, Dick Rowe of Van Horn; the widow, Mrs. Edward A. Musick, Mrs. Elva Dixon, Emma Beth Musick and Emmet Musick, all of Pecos; and T. S. Luttrell, a friend, of Slaton.

### Tank Explosion Is Near-Serious

Damage was slight but excitement was high when an air compressor tank under construction at Reid Radio Shop south of the square exploded Tuesday, hurling through a skylight to about 100 feet above the building, and finally landing in the alley just back of the shop.

Kenneth Reid, proprietor, had plugged in the tank for test, and left before taking out the plug. The automatic switch had not been added, and H. E. McCord, Jr. who was the only person in the shop, was unaware of the situation since the pump made no sound.

Damage to the skylight and destruction of the tank brought the loss to about \$15. No one was hurt.

District Attorney Rollin McCord attended the meeting of the state bar association in session in Dallas recently.

## Quota Exceeded In USO Drive

Lynn county went over the top on schedule time in the U. S. O. drive which came to a close Tuesday, according to Mrs. Irvin Stewart, the county director.

The county had been assigned a quota of \$850.00, and before night Tuesday a total of \$865.27 had been raised, and a check for that amount was promptly mailed by Mrs. Stewart to the state headquarters at Dallas Wednesday. Along with the check Mrs. Stewart also sent a list of the contributors, in accordance with her instructions.

Time limit for raising the quota was Tuesday, July 15.

Mrs. Stewart says that contributions came from every little community in the county without a single exception. Furthermore, every person in the rural districts and all but a very few residing in the towns of the county who were asked to assist in the drive responded to the call. Mrs. Stewart says that she never saw finer cooperation in any movement anywhere at any time than she had in this campaign.

She says further that every club, society, and organization in the county which was called upon to assist did so heartily. Every home demonstration club in the county made a contribution.

Clubs, associations, churches, and individuals in Tahoka contributed a total of more than \$500.00.

Mrs. Stewart reports that a letter from State Chairman E. B. Germany of Dallas requests that her organization be not disbanded, as there will be other work for it to do from time to time in the National Defense program.

## Lyntegar Buys \$15,000 In Bonds

The largest purchase of defense bonds by any one group or individual in Lynn county was made by Lyntegar Electric Co-op. recently when they bought \$15,000 worth of defense bonds, thereby setting an example for others.

The purchase was divided between Tahoka and Wilson. At Tahoka, the corporation bought \$10,000 worth of bonds, and procured \$5,000 worth at Wilson.

REA organizations all over this part of the state have been setting the example in the purchase of these bonds by buying them in large quantities.

## FSA Meeting Set For Saturday

By JACK WELCH  
There will be a meeting of all families borrowing money through the Farm Security Administration in the District Court room Saturday afternoon, July 19, for the purpose of organizing a cooperative Marketing and Purchasing Association. The association is being formed to assist families in buying and selling cooperatively.

This will be an unincorporated association consisting of a president, vice-president, secretary-treasurer and board of directors. The board of directors will receive sealed bids on all items to be purchased or sold. All local merchants who are eligible to bid on the item desired, such as fruit, canning equipment, seed, etc. will have an opportunity to do so.

## Assembly Of God Holding Meeting

Evangelistic services were begun at the Church of the Assembly of God here Sunday night to continue about three weeks, according to members of the congregation. Services are being conducted at night only.

The evangelist is Rev. Paul Lovelless from somewhere in East Texas. The pastor, Rev. Elmer Adams, is leading the song services, while special numbers are being given by the evangelist's wife.

Special services for children are held each evening beginning at 8 o'clock, the regular services beginning at 8:30.

Martha Ann Prohl underwent tonsillectomy Thursday morning.

PAUL SOUTHERN

## Meeting To Begin At Church of Christ

Evangelist Paul Southern, teacher of Bible in Abilene Christian College, will do the preaching in a Gospel Meeting at the Church of Christ here beginning Friday night of this week and closing on Sunday, July 26.

Evangelist Southern is well known in Tahoka and throughout this section. He has conducted meetings here during the two preceding summers, and the able manner in which he presents the gospel message is known to all who have attended these services.

It is expected that the meetings here will be largely attended.

## Lee Dodson Given Leave of Absence

High School Principal Lee Dodson, who was recently called into military service and is with Company A, Reception Center, Ft. Bliss, was given a leave-of-absence for the 1941-42 school term and was re-elected for the 1942-43 term by the Tahoka school board at its regular monthly meeting held Tuesday night.

Dodson has been a popular and efficient member of the local high school faculty for four years. Only last Thursday, he was voted honorary membership in Tahoka Rotary Club, in which organization he was an active worker. He is the only citizen that has been voted this honor by the local club.

Also at Tuesday's meeting, the board accepted with regret the resignation of Mrs. S. H. Assiter, for eight years a teacher in the High School. She is critically in a hospital at El Paso and grave fears are held for her recovery.

Chairman Prentice Walker of the board states that due to the loss of about 60 scholastics for the coming year, these vacancies will not be filled. Supt. W. T. Hanes and other members of the faculty will handle most of the work previously done by these teachers, and it is likely that two or three courses will be dropped from the curriculum.

Supt. Hanes reports that Dodson has written him that he expects to be transferred to Denver soon where he will be engaged in interviewing draftees as they come into the service.

## One Well Supplies Tahoka's Water

Due to the over-abundance of rain this spring and summer, Tahoka water consumers used less city water during the month of June than they used during the winter months, according to Pat Hines, city water superintendent.

During June, he says, consumers used only 135,000 to 150,000 gallons per day. So far this summer, the city has had only one well pumping practically all the time.

This is unusually low when compared with the summer of 1940, when Tahoka used approximately 600,000 gallons daily.

The rains have made irrigation of lawns practically unnecessary most of the time this summer.

## Congratulations

To Mr. and Mrs. Howard Wheeler of Royalty on the birth of a son on July 8, whom they have named L. H. Jr. He was born in the Monahan hospital. Both mother and baby are doing nicely.

## Rotarians From 21 Clubs Coming To Assembly Here

Tahoka Rotary Club is completing plans this week for entertaining about 125 club officers and other representatives from 21 Rotary Clubs in this area in an all-day assembly next Tuesday. The affair begins at 9 a. m. and continues until about 4 p. m.

Meetings will be held in the First Baptist Church because of the air-conditioning, while the lunch is to be served in the school gymnasium for the benefit of the Girl Scouts by Mrs. Loyd Edwards and others.

This is one of three assemblies being held in Rotary International District No. 127 by Governor Cal Farley of Amarillo. The other two assemblies will be held in Graham and Pampa.

The assembly is held strictly for business and there will be little fanfare or foolishness. However, those who know Cal Farley, declare he is a master showman and entertainer and may be depended on to make the meeting a lively affair at the same time he is making it an educational one.

Also on the day's program will be at least three past district governors and one candidate for governor next year. These are Fred Wemple of Midland, well known here. Dr. Rue P. Parcells of Amarillo, and Hon. O. B. Sellers of Fort Worth, also a former director of Rotary International. Chas. Paxton of Sweetwater is the candidate for governor next year. Swede Tolsten of Amarillo and several others will take leading parts on the program.

Program topics include such general heading as Club Service, Vocational Service, and Community Service, and in addition there will be group meetings for club presidents, secretaries, and program chairmen.

At the noon luncheon the Tahoka Club will render a short program.

O'Donnell Rotary Club will attend the meeting en masse, while others are coming from Sweetwater, Big Spring, Midland, Odessa, Lamesa, Seminole, Seagraves, Brownfield, Post, Slaton, Lubbock, Levelland, Littlefield, Sudan, Plainview, Lockney, Floydada, Falls, and Spur.

Some of these clubs are sending as many as ten delegates.

## Rev. Turrentine Rotary Speaker

Rev. George E. Turrentine was the principal speaker at the Rotary luncheon Tuesday. He discussed the relationship of Rotary to the Calling of the minister. Interspersed with wit and a few humorous jokes, he that was highly entertaining and gave a discussion of his subject helpful.

Frank George, who had charge of the program, led the music for the day. A special musical treat was given by the new members and a visitor, Messrs. Walter Haynes, Gilbert Collehon, Jack Welch, John Hamblen, and Melvin Rathel.

They were enthusiastically "booed" at the close of their performance—just as a matter of fun.

Leonard Craft formally welcomed the new members into the Club. Walter Haynes and John Hamblen are out-and-out new Rotarians. Jack Welch was a former member who dropped out some time ago because of the nature of his work but decided he just had to come back, while Gilbert Collehon was a prominent member of the club at Post before his recent removal to Tahoka, having been president of the Post club.

Eldon Gattis was voted in as a new member.

The first issue of the new local Rotary publication, the Stemwinder, made its appearance at the Thursday luncheon. It has been appropriately named. Clint M. Walker is the editor and perpetrator of the sheet.

## BUILDING NEW HOME

A new home was started Monday for Mr. and Mrs. Winston Wharton on the lots just west of the W. T. Hanes home on West North Third Street. The home will be one of the largest and most beautiful on this street.

Joe K. Wharton of Albany, brother of Winston, is the contractor.

### BOND QUIZ

Q. What happens if I suddenly need the money I put into a Defense Savings Bond?

A. You can cash your Bond at any time, after 60 days, for the full amount paid, plus any interest due you.

Q. Do many Bond owners cash their Bonds?

No. People want to help arm America against all attacks. In many cases, people are putting every cent they can spare into Defense Bonds and Stamps. Some are doing this by asking employers or banks to withhold part of their salaries in order to buy these Bonds or Stamps for them.

NOTE.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

Mr. and Mrs. Woodrow Walker and little son, who are now on their vacation, left here Tuesday to visit his parents, Mr. and Mrs. J. B. Walker in Lubbock, and her relatives in San Angelo.

### A Trip to Colorado

(By Frank P. Hill)

When the Tahoka delegates, W. T. Hanes and Frank Hill, and their families, arrived on Sunday afternoon, June 15, at Denver, the 1941 Rotary International Convention city, we found thousands of other Rotarians from Rotary Clubs all over the world likewise arriving.

After engaging rooms for the five-day meeting, we drove down-town (six miles away) to the Municipal Auditorium, which seats 10,000, and the House of Friendship, the two buildings covering an entire city block, to present our credentials and register.

#### Come From 30 Nations

Delegates from all over the United States, many from Canada and Mexico, delegates from Alaska to South Africa, Lebanon and Hawaii, Singapore and Hungary, Australia, China, Egypt, Uruguay, Peru, Brazil, and Argentina, in fact from thirty nations of the world were crowded into that great House of Friendship exchanging greetings, rushing to registration tables, information booths, etc.

Mixing and mingling in the great hall were peoples of all nations, all colors, all creeds—all believers in the principles of a great service organization which originated in Chicago in February, 1905, because one man, Paul Harris, a young lawyer in a great city, hungered for fellowship with other men of the city and an opportunity to better himself and the fellows around him. It was a great sight, and for a moment we stood gazing over that great living room and marveled that so many people from so many nations in a war-torn world were still clinging to Rotary principles.

#### Dictators Abolish Rotary

Obvious was the absence of Rotarians from Germany, Italy, Russia and Japan, in which totalitarian nations Rotary has been outlawed by dictators. Absent, too, were Rotarians from England and the conquered countries of Europe.

Briefly, Rotary affords a means of fellowship for representatives of each line of business in a community and affords an agency for rendering unselfish service to the community, the nation, and the world. The Rotary motto is: "Service above Self—He Profits Most Who Serves Best".

Sunday night, the first great gathering of the convention delegates, their wives and children, was held at Red Rocks park, a new open-air amphitheatre built in a natural setting in the foothills of the Rockies ten miles west of Denver.

#### Opening Is Colorful

This, too, was an awe-inspiring occasion, as the perfect acoustics of the amphitheatre permitted the carrying of the voice of the beautiful Blonde Metropolitan Opera star, Helen Jepson, music from Denver Municipal Orchestra and Chorus, words from Governor Ralph Carr of Colorado, Denver's Mayor Ben Stapleton, and Rotary's President Armando de Arruda Pereira of Sao Paulo, Brazil, to the farthest away of the 9,000 listeners. La Junta Colorado, Boy Scouts, presented the Eagle Dance, an Indian ceremonial, in colorful costume. Throughout the program multi-colored lights played across the rock stage and the huge stone background and walls which nature had provided for the natural theatre.

During the daylight hours Monday there were no general sessions of the convention, and most of the visitors spent the day in conversation and in seeing the sights of the city.

#### Denver Interesting City

Most visited were the state capitol, with its gold-leaf dome; and the Civic Center, containing Greek theatres and public buildings; the State Historical Museum and the U. S. Mint, which has the second largest storage of gold bullion in the nation; City Park, with its zoo, which incidentally is now far surpassed by San Antonio's, and the Colorado Museum of Natural History, which is one of the best in the nation, or in the world; Cheesman Park, where there is a dial with pointers to locate and identify dozens of peaks in the mountains to the west, beginning with 14,255 Long's Peak on the north and ex-

tending south to Pike's Peak, 75 miles away; Washington Park and its bathing beach; the airports, the Army fields, and other points of interest.

Monday night, there was another program at Red Rocks Park featuring addresses by President Pereira and Barclay Achison, editor of Reader's Digest.

#### Rotary's Founder Speaks

Tuesday morning we heard in Municipal Auditorium, the founder of Rotary, Paul Harris, and a number of other interesting speakers; and during the afternoon Mr. Hanes attended a group assembly of school administrators, while the writer attended a like meeting of newspaper men and another of Rotary Club presidents. On a vast country estate near Denver, our wives and about 4,000 other ladies attended a "Wagon Wheel Fiesta", a very colorful western garden party. That evening there were festivities at Elitch's Gardens, an amusement park. The theatre located there was celebrating its fiftieth anniversary, and a number of famous actors and movie stars were present.

Wednesday morning there were more addresses from outstanding speakers. In the afternoon, about 400 men took advantage of a free trip up Bear Creek Canyon, where several thousand trout had been planted for the conventioners, and fishing tackle and licenses were furnished free of charge. Mr. Hanes was successful in landing a 14-inch rainbow trout, his first, but yours truly had no such luck. Patricia went with about 600 other youngsters on a picnic and steak fry at Bergen Park, in the mountains. And that night the Tahoka delegation watched the President's ball from the balcony, at which 2,000 or 3,000 couples danced to the music of two orchestras.

#### Montanan New President

Thursday morning there were more addresses, reports from committees, and Tom Davis of Butte, Montana, was elected Rotary International president for the coming year. We had opportunity to meet this distinguished Rotarian and lawyer. He looks, acts, and talks much like the typical West Texas ranchman.

The men attended special group meetings in the afternoon, while the women attended the Round-Up of Glamour, a style-show depicting \$150.00 worth of gowns at Elitch's Gardens, and Patricia and Billy attended a swimming party at Lakeside Amusement Park.

The highlight of amusement features was that night, when this same amusement park was turned over lock, stock and barrel to the 9,817 conventioners—and they all must have been there. The crowd was served free buffalo barbecue, saw the midget car races, rode the miniature railway around the lake, and rode the merry-go-round, the roller-coaster and about twenty other rides; danced in the immense pavilion, played the concessions, all free, until the wee small hours.

The closing day of the convention, Friday, was given over to committee meetings and to routine business. Therefore, we were ready to take to the hills early that day.

Convention Is Eye-Opener  
Attending a convention like this, where the attendants come from all walks of life and from all over the world is an experience long to be remembered. This was Mr. Hanes' second Rotary convention, he having attended one in Cleveland, Ohio, two years ago.

One of the revelations to us was the fact that every single man and woman we talked with were about "our kind of people"—easy to meet, friendly, interested in public affairs—except for possibly a different brogue, or complexion, almost any one of them might have been an ordinary fellow from Tahoka. Interesting was the fact that every single man we talked to, whether from a Texas town, New York, Portland, Miami, Denver, Buenos Aires, Lima, Cairo, Sidney, Mexico City, Montreal, or Singapore, had about the same opinion of Adolph Hitler and his fellow-in-crime, Mussolini; they all thought these criminal nations

must be crushed; they had no use whatever for John L. Lewis and his CIO racketeers; they desired closer relations between the U. S. and the Latin American countries; and they all got a great kick out of listening to the blow-by-blow account of the Joe Louis-Billy Conn fight.

#### We Take To The Hills

Next week we will try to describe our trip over 1,000 miles of Colorado mountain highways that carried us to resort towns, ghost cities, mining towns, to the summits of peaks, and to lonely spots away back in the woods where deer watered near our camp every morning and swift mountain streams rushed from the nearby snowbanks.

#### WARD OF THANKS . . .

We wish to express our sincere thanks to friends and neighbors who were so kind during the illness and at the time of the death of our dear companion and father, J. A. Godfrey. We appreciate every thoughtful deed and word, and the beautiful floral offerings.—Mrs. J. A. Godfrey and Family.

Mr. and Mrs. Harley Henderson and two daughters, Joan and Jean, returned Sunday from a trip in company with the Amos Howard family of Lubbock to Colorado. They saw the sights at Colorado Springs and Denver, and stayed a few days at Estes Park, from which point they took a number of trips out into the mountains.

## New Home Oil Test Is Drilling

A depth of 2,711 feet had been reached Wednesday night in the test wildcat oil well being drilled by Ross Sport and associates on the J. E. Rice section about three miles east and a mile north of New Home. Drilling was in anhydrite and salt; with elevation of 3,229 feet in top bed anhydrite at 1990 feet.

Contract depth is 5,500 feet. Drilling is being done by the Usan Drilling Company of Oklahoma City.

Another wildcat test well is to be started in Lynn county by August 1 by the Trinity Drilling Company of Dallas on No. 1 Dan Auld block, better known here as the Green-Lumsden Ranch, lying in Lynn and Terry counties. Location is one mile east of the Lynn-Terry line fourteen miles west of Tahoka. This block, consisting of 23,000 acres, is owned in fee simple by Dan Auld, and a ten year lease on half of it has been given by him to the Continental Oil Company for underwriting the deal.

The outcome of these drilling operations will be watched with much interest in oil circles and by the people of Lynn county.

G. C. Price, mortician for the Kaster-Maxon Funeral Home in El Paso, came in Thursday morning to spend his vacation with his parents here, Mr. and Mrs. J. G. Price. G. C. has been with the Kaster-Maxon home about two years. He will probably be here about ten days.

Miss Johnnie Margaret Price, daughter of Mr. and Mrs. J. G. Price, spent the first half of this week with a cousin, Miss Dorothy Jean Price, at Seminole.

"Mutt" Sestums dropped in Thursday just to have the News state that he has decided not to enter the army, as was stated in this paper last week. "Mutt" is under age, and had the privilege of changing his mind after volunteering.

Mayor Deen Nowlin and family returned sometime Wednesday night from a visit with Mrs. Nowlin's father, B. Bosworth, and her brother, R. L., at Corpus Christi. They left Tahoka for Corpus on Thursday of last week.

## Young People At Ceta Canyon Camp

Six intermediates and one adult member of the Tahoka Methodist Church have been attending the Christian Adventure Camp for Intermediates at Ceta Canyon this week, beginning Monday and closing today.

With Mrs. R. H. Gibson as Chaplain, Tahoka Intermediates attending are Miriam Turrentine, Eva Jo Reid, Charlene Bucy, Dorothy Lee Carmack, Colene Carmack, and Jeanine Smith.

About 150 persons were in attendance from the Lubbock and Sweetwater districts.

Emphasizing Christian friendliness in the present situation, the theme for the camp has been "My Neighbor and I".

Quests were: "How can I know I am a Christian?", "Materials of Worship", "Our Neighbors in China", "What Prayer and the Bible may mean to me", "The Life of Amos", "Why People Move", and "The Methodist Youth Fellowship". The last quest for adults and counselors on the new plans for the young people's work.

Guides in photography, recreation, journalism, music, and metal work are taught.

This camp, with its religious inspiration and wholesome recreation, is supervised by a carefully selected camp staff and counselors, on duty the entire camp time.

## DRAW YOUNG PEOPLE AT CETA CANYON

Rev. and Mrs. J. E. Young of the Draw and Grassland churches together with six of the young people of these churches have been attending the Christian Adventure Camp for Intermediates at Ceta Canyon this week.

The young folks in attendance are: Keva Lou Hayes, Gene Luttrell, J. E. Sherrill, Leal Busby, Beth Shepherd and Margaret Porterfield. Rev. J. E. Young is the pastor of the Draw-Grassland charge.

Mr. and Mrs. J. H. King of the Dixie community returned Wednesday night from a two weeks visit with two sons and a daughter living near Portales. One of the sons was gone on a trip to Missouri during most of their stay, however, and Mr. King had the pleasure of milking his dairy cows while he was gone. He declares that he just about got caught up on his milking. Lots and lots of big rains out there too while they were there, Mr. King says.

Sheriff and Mrs. B. L. Parker, Lois, Alice Jewell, and B. L. Jr. left early Thursday morning for a visit with Mr. Parker's brother and family in Los Angeles. The dope is that B. L. expects to do some deep sea fishing while out there and we guess he will come back home with some big fish tales. They expect to be gone about ten days.

D. H. Goodnough and his daughter, Mrs. Shelton Holmes, were here from Snyder Wednesday. Mr. and Mrs. Goodnough, who removed from here to Sweetwater and then to Snyder several years ago, still have property interests here and plan to return here soon to make their home again, we understand.

Mrs. A. L. Kerr and daughter, Miss Margaret Kerr, of Fresno, California, were here the first of the week visiting Mr. and Mrs. E. H. Bouliouin, leaving here for points in Arkansas to visit other relatives there.

Mr. and Mrs. W. O. Thomas are leaving today for their lodge at Eagle Nest, New Mexico. They expect to remain there until about the first of September, and are planning to have a fine time playing with those elusive mountain trout.

Mrs. Aubrey Thomas and daughters, Misses Dona Jean and Mona Corinne, of McAllen are here on a visit with her parents, Mr. and Mrs. John Donaldson.

Miss Belva Curry, who teaches near Rule but who has been attending the West Texas State Teachers College at Canyon recently, is here visiting in the home of her sister, Mrs. Borden Davis.

Belvin Reed, one of the Boy Scout officials of this area, with headquarters at Brownfield, visited his cousin, Mrs. J. F. Stuart, here Monday.

Mrs. Billy Hill is visiting her parents, Mr. and Mrs. J. B. Anderson, in Amarillo this week.

**NOTICE TO THE PUBLIC**  
You are hereby notified that the commissioners court of Lynn county will sit as a tax board of equalization on July 24.—R. P. Weathers, Tax Assessor & Collector. 1to

## New Materials For Red Cross Work

New materials have been received here for making garments and war supplies at the Red Cross headquarters next door to Modern Barber Shoppe, and are being distributed among the clubs and individuals of the county, according to Mrs. H. L. Roddy, chairman for Lynn county.

Many women come each day to the sewing room, which is open each afternoon from 1:00 o'clock until 5:00, to sew or to get materials and receive instructions for making the garments, for the War Relief Production campaign. Others who wish to help are asked to come for garments, or they are welcome to sew in the sewing room.

Mrs. R. O. Stark is city chairman at O'Donnell, and Mrs. Hal Singleton is secretary. That division has taken an active part in the campaign.

Deadline for finishing the quota sent out this week is next December.

## APPLEWHITES HOSTS AT FISH FRY

Mr. and Mrs. J. K. Applewhite entertained with a fish fry in their back yard Monday night to honor Mr. Applewhite's sister and husband, Mr. and Mrs. Ben Peak of Lampasas. The Peaks caught the fish near Lampasas.

Guests were Messrs. and Mesdames W. B. Slaton, Raymond Weathers, Fred Hegi, Prentice Walker, and Jimmy, James Applewhite and Jacky, Peak, the hosts and Misses Dorothy and Greta Applewhite.

Mr. and Mrs. Paul Kuykendall of Tuscaloosa, Alabama, and Mrs. E. S. Evans of Fort Worth arrived Saturday for a visit with the McCord families here. Mr. Kuykendall is a nephew of R. B. McCord of Grassland and a cousin of Bascom and Rollin of this city, while Mrs. Evans was the former Miss Lucille McCord. The McCords and the visitors spent Tuesday in Amarillo visiting Mr. and Mrs. Tom Mott, Mrs. Mott being the former Miss Pauline McCord.

Mr. and Mrs. Lloyd Craig of Holtville, California, left for their home Tuesday after a visit since July 4 with her parents, Mr. and Mrs. N. J. Hudspeth, and his father, R. L. Craig. They were accompanied by Billie Mack and Barbara Anne Floyd of El Segundo, who visited with their grandparents, Mr. and Mrs. Hudspeth and their grandmother, Mrs. R. B. Floyd.

Mr. and Mrs. O. A. Crowell have recently removed from Morton back to Draw. Mrs. Crowell is a daughter of Mrs. J. M. Johnson of Tahoka.

Mr. and Mrs. J. K. Applewhite, accompanied by Mr. and Mrs. Ben Peak of Lampasas, left for California Tuesday for a vacation trip.

Greta Joyce Applewhite left Thursday to visit Mary Bland Wells in Temple. She expects to be gone about a week.

Mrs. L. B. Hawkins of Dallas left Thursday afternoon after visiting two days with her mother, Mrs. W. D. Nevels.

Mrs. W. S. Anglin is visiting relatives in Comanche county this week.

## MRS. STEWART EXPRESSES HER APPRECIATION

It is with a sense of profound gratitude that I am able to announce that Lynn county has raised the quota assigned to her in the campaign for funds for the United Service Organizations.

I desire to thank all the communities, personal workers, clubs, churches, and other organizations that lent their support to this movement, and to every person in the county who contributed of their time or money to make this campaign a success. And I also deeply appreciate the unfailing courtesy and cooperation that has been accorded me and the other workers. I thank you all.—Mrs. Era Stewart.

Mr. F. L. Kelly left Wednesday to visit a son at Throckmorton and from there she will go to Dallas to visit two daughters there, one of whom has just arrived from Venezuela, South America, where her husband has a position as chemical engineer with the Royal Dutch oil Corporation. Mrs. Kelly expects to remain there until about the first of September.

Mr. and Mrs. Carl Griffing and son Carl Jr. are planning to leave Saturday for a visit with Carl's brother, Fred Griffing, in Los Angeles. They will go over one route and return over another in order to see as much of the wonderful scenery en route as possible. They expect to be gone about two weeks.

Mrs. J. M. Johnson was in San Angelo from Tuesday until Friday of last week visiting with her sister, Mrs. S. E. Key, and family.

Mrs. Rollin McCord and little son, Rollin McCord Jr., are visiting her mother, Mrs. L. P. Lavoie, at Newmarket, New Hampshire.

Miss Marjorie Kent of Dallas came in Wednesday afternoon for a visit with the H. A. Maasen family. Mr. Maasen is her uncle.

Mrs. Audie Lowe and her daughter and son of Lubbock were recent visitors here in the home of Mr. and Mrs. Carl Owens.

Mrs. C. L. Hafer of O'Donnell was here Wednesday attending the funeral services for Mr. W. S. Swan.

## BAPTISTS HAVE SOCIAL MEET

A movement started by one of the women's classes of the Baptist Church and joined in by the whole adult department resulted in a gathering of about sixty of the adult members on the Church lawn Tuesday night for an hour of entertainment given in the form of a measuring party. Each one present donated as many cents to a carpet fund as his or her waist measurement amounted to in inches. A little more than \$27.00 was raised on a fund with which to buy carpets for the church aisles.

Preceding the fun, the men had a meeting of the Brotherhood, at which a program of talks was carried out.

The sermon in Song program at the Church on the preceding Sunday night was generally pronounced about the best program of sacred music ever heard in Tahoka. It is the unanimous opinion that Mr. Rathel is doing wonderful work with the choir.

Mr. and Mrs. Walter Mathis left Tuesday for a visit with a sister of Mrs. Mathis out in northwestern New Mexico and to enjoy some of the mountain scenery of that state and Colorado.

Mrs. Charles Nelms and little daughter Sara Beth are here from Abilene visiting the Anglin and Nelms families.

W. L. Bureson Jr., who has been out on a ranch in New Mexico the past several weeks, has returned home.

Miss Sina Barrington recently returned from a visit of two weeks with her sister at Paducah.

Mrs. F. H. Chandler of Stephenville is here this week visiting her son and wife, Mr. and Mrs. John Chandler, at the T-Bar Ranch.

Florence King underwent tonsillectomy Tuesday.

## Congratulations . . .

To Mr. and Mrs. Carl C. Spears on the birth of an eight and one-half pound boy at their home on Route 4. He was born on July 8.

## GARZA COUNTY OFFICIALS IN SHOOTING SCRAPE

Two well known Garza county officials engaged in a shooting scrape at Post Wednesday afternoon, each firing at the other but none of the shots hitting their mark. The News is reliably informed.

Participants were N. C. Outlaw, county attorney, and J. W. Stotts, county commissioner. The men are said to have engaged in an argument, following which each went after his gun. The News is not informed which man fired first, but neither of the men was able to hit the other. The gun play was thought to be the outgrowth of political differences.

Shirley Roper, small daughter of Mr. and Mrs. Fred Roper of Route 4, had her tonsils removed in a local clinic Wednesday.

Clean, fresh water in sanitary containers should be kept before young turkeys. Water should be shaded in hot weather because poultis will drink more if it is cool.

Increased national income has stimulated demands for luxury and semi-luxury merchandise, the Department of Commerce reports.

Saida (or Sidon) in Syria is believed to be the most northern point visited by Jesus.

**NOTICE TO THE PUBLIC**  
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News will be gladly corrected when called to our attention.

Now that Great Britain and Russia have signed a pact to fight Hitler and Hitlerism to the death, it would seem that now is the opportune time for the United States to give all aid possible to the allies. Hitler is the common enemy of all democracies and of all other states that will not knuckle down to him. He must be destroyed or he will destroy every nation in the world that he can get his hands on. Furnishing aid to Great Britain does not mean that thereby we endorse everything that Great Britain has done in the past. Neither does aid to Russia mean that we approve of sovietism, communism, or the particular form of dictatorship that Stalin and his coadjutors have imposed upon the people of Russia. It means that we have an opportunity to help Russia and Great Britain to destroy the greatest enemy that America and Americanism has in the world today. It means that we have an unexpected and unexcelled opportunity to stop in its tracks this robber aggressor nation, Nazi Germany. As much as we despise communism and the Stalin regime, it must be admitted that Soviet Russia has not sent out her armies to conquer the world, not even to conquer Europe, not even to conquer her weaker neighbors, with the exception of those little countries adjacent to her borders that once belonged to her or that were about to fall into the hands of Hitler. Whatever may be the vices of Russia, she has not set out to be a robber nation. And if, after Hitler and his robber band shall have been crushed, Russia undertakes to conquer the world herself, which is not at all probable, there will be plenty of time then to deal with her. Our task at the moment is to crush Hitler and the Hitlerites.

We don't know how the rest of the folks feel about it, but we have gotten terribly tired of having to tune in on some beer advertising broadcast every time we want to get a new broadcast at night. If we had our way about it, we would have a law enacted refusing the use of the radio and the columns of the newspapers and magazines for the purpose of advertising intoxicating liquors of any kind. If we are not to have prohibition we should at least have this much regulation.

Official canvass of the election returns Monday showed an increase of 216 votes in Governor O'Daniel's lead over Congressman Lyndon Johnson for United States Senator to fill the unexpired term of the late Morris Sheppard. A final check-up of the Texas Election Bureau soon after the election showed O'Daniel's lead to be 1,095 votes, but the official returns Monday gave him a lead of 1,311. So, we guess the Governor will be going to Washington right soon. Maybe Washington will get a sample of his hill-billy music in the near future. They may not like the new Senator's politics up in the national capital but we'll bet a lot of them, deep down in their hearts, will like the music. We await to see what kind of a spell it may cast over the Capital.

Now that the offense of drunken driving has been reduced from the status of a felony to that of a mere misdemeanor, there should be no further excuse for juries to turn drunken drivers loose. Heretofore many juries have refused to bring in verdicts of guilty in such cases for the reason that they felt that the penalty was too severe. They could not make up their minds that they should send a man to the penitentiary for driving a car on the highways while under the influence of liquor. But the new law reduces the penalty to a fine and imprisonment in the county jail. The consciences of jurors should not stand in the way of rendering verdicts of guilty in such cases any longer. Now let's make the drunken drivers hereafter hard to catch—yes, hard to find.

Consciously or unconsciously, Charles A. Lindbergh is "whooping 'em up" for Adolf Hitler in every speech he makes. If he were to make the same kind of speech against Hitler in Germany that he is making against Roosevelt and his policies in this country, he would be shot as a traitor so quick that he would not know what hit him. He must know this. Why he will take advantage of his privilege of free speech in this country to denounce the efforts of his own country to stop the mad efforts of a ruthless dictator to stamp out liberty in every democracy within his reach is more than patriotic Americans can understand, unless he is consciously sympathetic with Hitler and consciously disloyal to his own country.

When the United States entered the World War in 1917 and established cantonments or army camps throughout the nation, Congress enacted legislation forbidding the sale of liquor within certain zones surrounding them. That was regarded as a necessary and helpful policy at the time. We believe that even more stringent regulations should be thrown around the present army camps. While most of the boys that have been sent to the camps are sober and unaddicted to the intemperate use of intoxicating liquors, low dives and liquor dens, even so-called high-class liquor houses should be kept out of their reach.

Horrors! The United States is building a naval base for Great Britain in Ireland. Such is the charge recently made by Senator Taft. That's terrible if true. It would be simply inexcusable for the United States to furnish such aid to Great Britain as would enable her to put

**CITATION BY PUBLICATION**

The State of Texas,  
To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon D. E. Marshall by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, Texas, on the first Monday in September, A. D. 1941, the same being the 1st day of September A. D. 1941, then and there to answer a petition filed in said Court on the 10th day of June A. D. 1941, in a suit, numbered on the docket of said Court as No. 1388, wherein J. R. Hicks, H. E. Hicks, Florence Alford and husband E. P. Alford, C. M. Hicks, Avon Parrish and husband Luther Parrish, are Plaintiffs, and Walter Williamson and D. E. Marshall are Defendants, and said petition alleging:

Now comes J. R. Hicks, H. E. Hicks, Florence Alford and husband E. P. Alford, whose residence is in Scurry County, Texas, C. M. Hicks who resides in Roswell, New Mexico, Avon Parrish and husband Luther Parrish who reside in Algiers, La., hereinafter called plaintiffs, complaining of Walter Williamson who resides in Dallas County, Texas, and D. E. Marshall whose residence is unknown, hereinafter called defendants, and for a cause of action plaintiffs respectfully represent to the Court the following:

On the 1st day of January 1941 plaintiffs were, and still are, the owners in fee simple of the following described premises situated in the county of Lynn and State of Texas, and known and described as being:

All of the W 1/2 of Section 23 in Block "O", H. & O. B. Railroad Company Survey, containing 320 acres of land more or less.

On such day also, they were in possession of such premises, and afterwards on the 1st day of January 1941, the defendants unlawfully entered upon and dispossessed them from such premises and withholds from them the possession thereof.

Defendants have occupied and used such premises under such lawful possession for a period of six months and the rental value thereof during such occupancy is \$1000.00, in which amount by virtue of such wrongs the defendants are justly

a crimp in the world's No. 1 robber and murderer and democracy's No. 1 enemy, Adolf Hitler.

American Isolationist Senators were terribly disturbed about the United States sending soldiers to Iceland and establishing a naval base there. So was Hitler. In hot anger he dubbed it a "stab in the back". He is almost as intemperate in his hatred of our President as is that Wheeler-Taft-Lindbergh bunch.

**GUARDIANSHIP OF MARY BLAND WELLS, a Minor.—No. 380.**

IN THE COUNTY COURT OF LYNN COUNTY, TEXAS.

To all persons interested in the above Minor or her Estate:  
You are notified that I have on the 15th day of July, 1941, filed with the County Clerk of Lynn county, Texas, an application under oath for authority to make to W. G. Terry, as lessee, an oil, gas and mineral lease on that certain real estate belonging to such minor, described as follows:

An undivided 1-8 interest in and to all of the S. E. 1-4 of Section No. 381, Block 5, T. T. R. R. Company Survey, lying and being situated in Lynn county, Texas.

That Chester Connally, Judge of the County Court of Lynn county, Texas, on the 15th day of July, 1941, duly entered his order designating the 28th day of July, 1941, at 10:00 o'clock A. M., in the county courtroom in the court house of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

J. C. Wells, Guardian of the Estate of Mary Bland Wells, a Minor.  
49-1tc.

indebted to plaintiffs; but, though repeated demand for the payment thereof has been made of defendants by plaintiffs, defendants have failed and refused, and still fail and refuse to pay the same, to plaintiffs damages in the sum of \$1000.00.

Wherefore plaintiffs pray that the defendants be cited to answer this petition, and that plaintiffs have judgment for the title and possession of the above described premises, for their damages, for costs of suit and for such other and further relief as they may be entitled to receive either at law or in equity.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Tahoka, Texas, this the 8th day of July, A. D. 1941.

HATTIE SERVER, Clerk, District Court, Lynn County. (SEAL)  
I, B. L. PARKER, sheriff of Lynn County, Texas, do certify that the above and foregoing is a true copy of the original citation and petition on file in my office.  
B. L. PARKER, Sheriff, Lynn County, Texas.  
48-4tc.

E. W. Shawn and family left Sunday for Wise county, where they expected to visit Mrs. Shawn's parents and to participate in a family reunion of all the children and of the grandchildren in her parents' home on Tuesday of this week.

Mrs. Lawrence Brigsby and children, who with her husband, recently

accompanied Mr. and Mrs. Estes Mourfield home from Pine Bluff, Arkansas, are continuing their visit here before joining Mr. Brigsby in Arizona soon. Mr. Brigsby has employment there and that will be their new home.

Miss Mildred Brigsby of Pine Bluff, Arkansas, is here visiting her sister, Mrs. Estes Mourfield.

### Lakeview Citizen Died June 27th

J. A. Godfrey of the Lakeview community, who died in the Plains Hospital in Lubbock on June 27 following an operation on the 25th, would have been 54 years of age had he lived until August 15, according to his widow, who called at the News office Tuesday.

Funeral services were held on the day following his death at the Methodist Church at Lakeview and the remains were interred in the cemetery at Meadow. Rev. W. K. Horn of Post conducted the services. No report of the death was made to the News at the time.

Mr. Godfrey had resided in this county only two years and was not well known in Tahoka, but Mrs. Godfrey is a sister of the late Wilburn Timmons, who was well known throughout this section of the South Plains, as well as are other members of the Timmons family.

Besides the widow, deceased left surviving two daughters and a son by a former marriage together with a nine-year-old son of himself and the surviving widow.

Mr. Godfrey was born near Knoxville, Tennessee, on August 15, 1887. When a boy about nine years old, he came with his parents to Tarrant county, Texas, and grew to manhood there. After his first marriage, he continued to reside in Tarrant and Dallas counties, and some time after his first wife's death he was married to Miss Sallie Timmons at Graham, Young county, September 1, 1927. He came from Parker county to Lynn county two years ago. The two daughters by his first marriage reside in Dallas and the son in Arlington. All were here for his funeral services.

### Wilson Baptists Plan Revival

Announcement has been made that a two weeks revival meeting will be held in the Baptist Church in Wilson beginning next Sunday, July 20, with Rev. Johnny Cohen doing the preaching, assisted by Rev. W. H. Jackson, the pastor.

Rev. Mr. Cohen is a converted Jew and for years he did evangelistic singing before entering the ministry. He has assisted in revival meetings in Tahoka, as a singer, on several occasions and is well known here. He is now actively engaged in the ministry.

All his friends in Tahoka and throughout this section are invited to attend the services in Wilson as often as possible.

**BAPTIST WOMEN STUDY CHINA AND JAPAN**

With Mrs. E. I. Hill as Program leader, members of the Sallee Circle conducted the regular missionary program from Royal Service at the church Monday afternoon. After a devotional based on the 89th Psalm by Mrs. Jack Edwards, Mmes. Hill and D. V. Smith told something of conditions in China. The dark side of the picture shows more than 10 millions of Chinese, killed, wounded or set adrift without a home as a result of the four years' of destruction wrought in their country by Japan. On the other hand Christianity is taking a firm hold upon these patient, peace-loving people, a spirit of nationalism is springing up and the opportunity for the spread of the Gospel is greater than ever before. Mrs. J. K. Woosley discussed the Japanese people, saying that more than one million lives had been sacrificed in the war because of the lust for power of the military leaders. The most of the people do not want war and would listen to Christian teaching.

Those attending included Mmes. Edwards, Hill, Smith, Woosley, Pennington and Melyin Rathel, W. H. Kenley, H. B. Howell, Alice Fortenberry, Carl Owens, H. O. Hargett, George A. Dale, J. L. Reese, W. M. Harris, H. M. Snowden, Miss Mary Seroyer and a visitor, Mrs. Welch of San Antonio.

**METHODIST LEAGUE ENJOYS PICNIC**

Thursday, July 10, members of the Epworth League of the Methodist Church enjoyed a picnic and swimming party in Mackenzie Park at Lubbock. They left Tahoka at about four o'clock and returned at about ten-thirty that night.

Clyde Briley, who stays in the home of Mr. and Mrs. Carl Owens, attends school here, and works in a grocery store during the summer months, is now away on a vacation. He is supposed to be seeing some of the mountain scenery out in New Mexico.

Gums that itch or burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fails to satisfy. WYNNE COLLIER, Druggist

### Cruise Cottons

For cool summer smartness aboard ship, in the mountains or on the lakeshore, the National Cotton Council recommends this new outfit of cotton slacksuit, soft cotton shirt, and cotton shoes. The bright three-layer platform wedge gives a gay air to the new cotton shoes. They're right for wear with slacks, shorts and summer dresses.

### GAINATS WRITE FROM NEW YORK CITY

The News editor on Tuesday received a card from the Gaignats written from New York City on Saturday. "The weather is fine and we are having a wonderful trip," say the Gaignats. "Leaving here for Philadelphia today."

On the other side of the card is the familiar picture of the Empire State Building, 1250 feet tall. We strained our eyes trying to catch a glimpse of the Gaignat family peeping out through the windows of the 62nd floor or from the roof top, but we guess they had not arrived when the picture was snapped.

Of course they are visiting Charles who is a student at West Point. Guess they'll have a lot to tell us about little old New York when they get back home.

### GO TO RIDGECREST, N. C.

Misses Clara May of Wilson and Lorene Reese and Nellie McLeroy of Tahoka left Wednesday morning for Ridgecrest, North Carolina, where they will attend a South-wide meeting of the Baptist Training Union. A succession of Baptist gatherings covering a period of several weeks is held each summer at Ridgecrest, a most scenic encampment ground up in the mountains.

Mrs. Terry Noble, who underwent a major operation in a Lubbock sanitarium a few weeks ago, was released and brought back to her home in the West Point community one day last week. She is reported to be rapidly recovering.

Mrs. Annie Kelly of Albany met a group of friends here Friday for a trip to Los Angeles, Calif. She spent Thursday night with Mrs. E. I. Hill, also visited a nephew, Fred Kelly and family near T-Bar, while here.

Mr. and Mrs. Coy Fielder and little daughter Phyllis Anne left Saturday night to visit relatives in Jones and Comanche counties. Coy planned to fish a little in Brownwood lake.

W. S. Anglin expects to go down to Comanche this week end and bring his wife and son, Roy, back home. They have been visiting relatives in that section for several weeks.

A. A. Mourfield recently returned from a ten days trip to the East, which included a visit to the Cowboy's Reunion at Stamford on July 4, a visit with relatives at Hico, and stops with friends and relatives at intermediate points.

### Do Your Meals Talk Back?

This is often a symptom of acid indigestion. Sour, gassy stomach and heartburn frequently follow unwise eating and drinking. ADLA Tablets relieve quickly. Get ADLA from your druggist.—TAHOKA DRUG.

**Employment Man Is Coming Here**

June was one of the most active months in the history of the Lubbock office of the Texas State Employment Service according to a statement made by Sam G. Wynn, manager of the office.

During the month, one thousand six hundred and thirty-seven new applications for work were received. Two hundred and seventy-eight placements were made to private employment. These placements represent a wide variety of occupations, such as stenographers, hospital utility men, domestic workers, salesladies, bus boys, carpenters and many others. In addition to these placements, fifteen farm hands were placed in regular farm jobs. Several orders received during the last few days of the month indicate that a good number of cotton choppers will be needed to clean the cotton fields in early July, Wynn said.

The active file of applications for work is about six thousand and represents a very wide variety of occupations in the professional and commercial; skilled and industrial; as well as laborers and domestic workers.

Metal trades workers and ship builders are needed in defense industries and anyone experienced and interested in this type of work who is not now using his skills should contact the Texas State Employment Service office located at 1207 13th Street, Lubbock.

To assist those who reside in Lynn county, a representative of the Employment Service will be in the Courthouse in Tahoka each Wednesday between the hours of 1:00 P. M. and 3:00 P. M.

Roger Curry is here this week visiting with his sister, Mrs. Borden Davis, and their father, Rev. J. F. Curry. Roger was employed in the shop of The Terry County Herald in Brownfield until recently, when he was stricken with the "flu" and became a patient in the hospital in Brownfield. He is just now recuperating from the attack. He is expecting to go into an army training camp from Gaines county upon the next call.

Mrs. C. T. Oliver and Miss Maxine Oliver left last Thursday in company with Mrs. Willie Pyle of Big Spring for a week's visit with relatives at Comanche, Oklahoma.

Mrs. George W. Nickel of San Angelo is spending the week with her daughter, Mrs. Leonard Evans, and family. Mrs. Evans' brother, Phil Nickel and family spent Sunday in the Evans home.

Mr. and Mrs. John Curry, who have been out at Roswell, New Mexico, the past two months, have returned to Tahoka to reside, and John has accepted a position with the Lyntegar Electric Cooperative.

Mr. and Mrs. Jesse Benson returned Wednesday of last week from a vacation trip to the mountains of Colorado and New Mexico.

**STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30 Members urged to attend. Visitors welcome.**

JACK WELCH, W. M.  
H. L. RODDY, Secretary.

**Volume UP Price DOWN**

IT HAS BEEN SAID that advertising increases the price of goods.

True, advertising is part of the manufacturer's and merchant's cost of doing business, all of which must be covered in the price of his goods if he is to stay in business.

But advertising helps boost sales and production. Bigger volume cuts cost per unit made and sold. To meet competition the saving is passed on to the public in the form of a lower price.

Think of the prices of radios, mechanical refrigerators and heating appliances, automobiles, light bulbs and other products when first introduced and sold in small volume. Compare with their prices today, after advertising won them enormous acceptance! Successful advertising decreases the price of goods.

\*\*\*\*\*

**DONALDSON'S RETURN FROM INTERESTING TRIP**

Mr. and Mrs. Claude Donaldson and children, accompanied by Mrs. Donaldson's nephew, Roberts Lincum of Altus, Oklahoma, who is visiting here, returned Monday afternoon from a trip as far west as Flagstaff, Arizona. Claude says that they saw much wonderful scenery, including the Grand Canyon, the Petrified Forest, the Painted Desert, and other masterpieces of Nature's handiwork. One of these was Sunset Crater near Flagstaff, the crater of a volcano that has been extinct for more than a thousand years. Its last eruption was in 835 A. D., according to scientists.

They also saw interesting ruins of old Indian villages.

Among the principal towns on their route were Albuquerque, Santa Fe, Gallup, Flagstaff, and others.

**TICKS KILLING DEER**

Ticks are so abundant in the piney woods of East Texas that they are killing deer this summer, a biologist of the Game Department has reported to the executive secretary. Keepers of several hunting clubs along the Neches River have found fawns killed by ticks. It is not unusual to find deer so decimated by ticks that these deer can easily be run down by dog or man. In other instances ticks create open sores particularly around the ears and eyelids. These sores are easily infested with screw worms, and eventually result in the death of deer.

Mrs. Sam Reid received a telephone call early this week from her daughter, Mrs. W. D. Smith of Hasty, Colorado, that Mr. Smith was in a hospital in Lamar in that state suffering from an attack of intestinal influenza. Mrs. Reid left Tuesday morning to help her daughter "carry on" while Mr. Smith is in the hospital. News Wednesday morning from the hospital indicated that Mr. Smith was slightly better. Having lived in Tahoka a long time, Mr. Smith has many friends here who are hoping that he speedily recovers.

Mrs. J. A. Rea, who suffered a fracture of the hip bone on the day on which Governor O'Daniel spoke in Tahoka and who was taken to the Lubbock Sanitarium for treatment, is still gradually improving at her home here, having been released from the Sanitarium about two weeks ago. Of course the wound is healing slowly on account of her age, however, and it will probably be several weeks or possibly months before she will again be able to walk unaided.

Mr. and Mrs. Wynne Collier and Mr. and Mrs. Prentice Walker returned home Sunday from a ten day vacation spent in Colorado Springs and vicinity, where they enjoyed the scenery, cool breezes, and where Wynne and Prentice spent much time on the sporty golf courses of that city. They were joined there by Dr. and Mrs. J. W. Sinclair, who had been on a vacation trip to California and other western states.

**GIVES BOOK REVIEW**

County Superintendent Mrs. Lenore M. Tunnell gave a review of the novel "In This Our Life" before the Dixie Home Demonstration club meeting in the home of Mrs. W. C. Huffaker Thursday afternoon.

She is to give a review of the same book before the Wells H. D. Club on Friday of next week and before the Draw-Redwine club on one day next week.

Visiting in the A. A. Walker home last week were his sister, Mrs. Maggie Phelps, Eldorado, Okla.; a daughter, Mrs. E. H. Cutter, and husband, from Johnson, Kansas; a niece, Miss Lura Fitzhugh, Fort Worth; and another daughter, Mrs. James Redfern, and two children, Bob and Lynda, of Amarillo.

Mrs. R. M. Pollard and Miss Frankie Woosley, who visited their niece, Mrs. Lou Woosley Calvery, here for two weeks left for their homes at Point in Rains county on Monday morning. R. M. Pollard Jr. and little son came up from Dallas Saturday and took the ladies back with them Monday.

Mr. and Mrs. Jack Fenton and Mary Louise returned Saturday from a vacation trip to the mountains of New Mexico and Colorado.

J. C. Wilkerson, Jr., of the Comanche Chief, Comanche, Texas, was a visitor at this office Friday.

**WORM Your FLOCK With ROTA-CAPS**  
THEY DON'T KNOCK EGGS PRODUCTION

WYNNE COLLIER, Druggist

**EMANUELS LEAVE ON TRIP**

Mr. and Mrs. B. J. Emanuel and granddaughter, Miss Marjorie Emanuel of Chickasha, Okla., left Saturday afternoon for Amarillo where they expected to meet Marjorie's parents, Dr. and Mrs. Roy Emanuel, and some of their friends for a sight-seeing trip to Colorado. Dr. and Mrs. Emanuel had planned a similar trip for his parents a year ago but his mother was too ill to make the trip at that time. Hence, all are looking forward to a great time this year.

Miss Marjorie, who had been here with her grandparents some ten days, expects to spend a month in a Girl Scout Camp near Denver, before returning to Chickasha.

Mrs. A. G. Fleischer and little 9-months-old son, George, accompanied by Messes Bettles Sue and Josephine Alexander, were here a short while Saturday. Mrs. Fleischer, who as Miss Lillith Boyd served as County Home Demonstration Agent here previous to her marriage, stated that they are being transferred from Odesa to Fort Stockton.

**KNOX COUNTY OLD SETTLERS TO HAVE REUNION**

The pioneer settlers of Knox county will meet in the McKenzie State Park in Lubbock on Sunday, August 10, in their second annual reunion, according to announcement made by S. C. Rawlings of Lubbock.

A basket picnic dinner will be spread at noon. Special music and speaking will be heard in the afternoon. Band music will be furnished by the Pep Band.

A. C. Weaver and family and Mrs. Troy Copell returned Sunday night from a two weeks visit with relatives in Hamilton and Dallas. The Weaver boys, Bobby and Kenneth, visited with the family of a sister of Mrs. Weaver and Mrs. Copell at Hamilton, while the rest of the party visited the ladies' parents, Mr. and Mrs. B. T. Ussery in Dallas.

Mrs. W. E. Sikes returned Sunday from a visit with friends at her old home town of Thurber. Mrs. Sikes and family came from that place to Lynn county many years ago.

**FISH DIDN'T HAVE A CHANCE**

A six-pound yellow cat which lived in the Llano River proved too piggy for his own good and, as a result, honors of catching him go to two youngsters. The fish took both their hooks at about the same time.

The boys, Vernon Gavitt, 11 and Jim Merkel, 12, were fishing in the river in the city of Llano. They were using pole and line. Suddenly each felt a jerk on his line and started hauling it. They soon found the same catfish had hooks from each line firmly embedded in its mouth. The boys, according to the Austin American-Statesman, nearly lost the fish when one line broke when the cat was near the bank. Young Merkel grabbed the prize with his hand and received several bad cuts from the fish's fins.

Mr. and Mrs. J. K. Woosley had as their guests last week end his

Blackheads in Turkeys. Dr. Salisbury's AVI-TON removes cecal worms, a known carrier of this disease.  
WYNNE COLLIER, Druggist

sisters, Miss Frankie Woosley and Mrs. R. M. Pollard Sr., of Point, and the latter's son, R. M. Jr., wife and son, of Dallas.

# ODDS & ENDS

by Eec Eye,  
the Rider.

Science has been making such marvelous strides during the past half century that it is constantly revolutionizing our way of life. Scarcely does one new invention or improvement make its advent until another replaces it.

About thirty years ago, for instance, the phonograph became almost a household necessity. It had been invented a number of years before that, but it was in the early years of the present century that it was developed and popularized as a means of amusement, entertainment, and education in almost every home. It was so marvelous an instrument that it almost took our breath to think about it; and now, the phonograph is to be found in very few of our homes. It has been replaced by the radio.

The silent motion pictures was another triumph of science that came along about the same time or a little later; but its place has been taken by the talking movies. The revolution in this matter of conveyance and transportation has been none the less striking.

It's a far cry from the go-cart and the carriage of the "gay nineties" to

the V-8 and the Cadillac of the present day.

All vehicles until about the dawn of the present century were horse-drawn. This, of course, does not include the railroad train; but even railway transportation has made great strides in spite of the competition that it has encountered in the motor truck, the automobile, and the airplane.

The horse-drawn cart or gig of the 'nineties was the model-T of its day.

Possibly few persons under twenty-five years of age can remember having seen one; but in all the rural districts in particular it was the most common and popular of all pleasure vehicles of that day. And not only was it a "pleasure car"; it was a very popular utilitarian vehicle. If a farmer wished to make a quick trip to town to buy a sack of flour or to get a plowpoint sharpened or to perform any other ordinary matter of business, he would usually throw the harness onto his fastest trotter, swing the animal around under the shafts of his cart, buckle the belly-band and fasten the tugs, jump into the seat, and—*he* was gone.

A two-wheeled vehicle, without any top, the cart was an inexpensive piece of "furniture". As we remember, it cost only \$35.00 to \$45.00, much cheaper than the ordinary buggy. It must have been in the late 'eighties when it made its advent, and it had become a popular means of transportation by 1890. Nearly every young fellow just sprouting a mustache just had to have a cart—if his father didn't have one that he could use on Sundays, picnic occasions, and at various and sundry other times. Often, there were two or more carts in the same family.

Many of these gray-headed and bald-headed guys walking the streets or riding a tractor today did their "sparking" in a cart. Yes, and some of these elderly gentlemen driving Buicks and more expensive cars today used to take their "best girl" to the picnic the "break-down", or to Church in a cart. We guess it would be funny to some of your youngsters to see pictures of your mothers and dads mounted on carts ready to start out to some picnic or other place of amusement or pleasure. It may be, if you would browse around in the bottom of some old trunk, that you could find some such pictures.

Yes, just as we remember seeing one or two of the first automobiles that were ever brought to our town, we can remember seeing also the fore-runner of the cart that we have been talking about. The well-to-do folks had buggies even before the coming of the cart, and doctors used to make their calls in buggies or on horseback in the pre-cart days.

But we can recall yet a buggy-topped gig that used to pass our father's farm just before the cart became popular. It was the vehicle in which the family doctor was making his calls. We had seen ordinary buggies, and surreys, and hacks,—all four-wheeled vehicles,—but this two-wheeled, buggy-topped gig was something of a curiosity. It was the fore-runner of the topless vehicle that every boy a little later dreamed of owning.

But the popularity of the cart was of short duration. It was not in vogue for over twelve of fifteen years at the most. It was in occasional use as a farm vehicle for a somewhat longer period than that perhaps, but before many years it was replaced by the buggy, which in turn was crowded off the stage a few years later by the Ford car. And even those old-time Fords are a curiosity now.

It is true that buggies and carriages of various types were in use long before and contemporaneously with the cart, or go-cart, or gig, as it was variously called, but as a rule they were a luxury to be enjoyed only by the well-to-do. However, many people who could not afford to own a buggy or a carriage, felt that they could afford to hire one on special occasions, hence the prevalence of the livery stable up to the time they were put out of business by the modern garage.

It was a common thing up to the end of the first decade of the present century and a little later to see carriages, surreys, hacks, phaetons, and ordinary buggies crowding the streets of our cities and towns; and some of these rigs were strikingly attractive. The most expensive car of the present day rushing by at the highest speed is not quite so thrilling as the sight of a fine carriage of a half-century ago, drawn by two well-matched, high-mettled, well-groomed, prancing dappled grays, necks bowed, coming down the street, the lines held taut by the proud owner.

Bankers and merchant princes and doctors, occasionally lawyers and politicians, sported such rigs as these.

Along toward the close of the horse-and-buggy era, a type of V-8's, and Chevrolets, and Buicks, and Dodge's and more expensive makes of cars—the day of high speeds and wrecks and sudden death.

What we need today is a fool-proof car.

And now the horse-and-buggy days are gone. The hold go-cart era is only a memory. This is the day of V-8's, and Chevrolets, and Buicks, and Dodge's and more expensive makes of cars—the day of high speeds and wrecks and sudden death.

What we need today is a fool-proof car.

MISS DOROTHY HOLLAND WEDS HARVEY JOHNSON

In a double ring ceremony, Rev. George A. Dale officiating, Miss Dorothy Holland, daughter of Mr. and Mrs. Sam Holland, became the bride of Harvey Johnson of Seagraves at nine o'clock last Sunday morning in the presence of the bride's parents and a number of friends in the Holland home here.

The couple left immediately after the wedding ceremony for Seagraves where the groom is employed in a grocery store and where they will make their home.

The bride was reared in and near Tahoka and is a graduate of the Tahoka high school of the class of 1941.

The groom and his parents formerly resided near Tahoka also, and he is a graduate of the Tahoka high school of the class of 1940.

Both have many friends here who are wishing them the best joys of life.

Mr. N. Link and daughter, Elsie V. Link, of Lubbock, visited in the home of John Link here Sunday. The two Messrs. are brothers.

Mr. and Mrs. John Beard and children and his mother, Mrs. A. T. Beard, returned home last week end from a vacation trip to South Texas. Mrs. A. T. Beard visited her sisters, Mrs. S. J. Smith and Miss Lola Lewis at Ingram, while John and family went to Corpus Christi for a few days.

Relatives here received a message Monday announcing the birth of a daughter to Mr. and Mrs. John Brock, at San Diego, California. Mrs. Brock is the former Jeanette Oliver, daughter of Mr. and Mrs. C. T. Oliver. The little lady bears the name of Nancy Kay.

# After the Honeymoon is over

Stop throwing tomatoes at your car, mister. And lady, remember, scowling gives you wrinkles. So both of you, let up and listen to simple common sense.

Just three months ago, after you bought that car and nursed it through the break-in period, you bragged to all your friends that it "runs like a watch" . . . makes 16 miles on a gallon . . . licks cars twice its size and price getting away on the green light.

Now that the honeymoon period of your new car ownership is over, why let yourself get sour on a possession that should be, and can be, one of your most useful and pleasurable?

Tell your troubles to your car dealer. He's an honest, able business man, anxious to hold your good opinion. He may find the engine needs some minor adjust-

ment, some squeaks require a squirt of oil, the brakes may take a little pumping-up.

Then fill the tank with a truly great July motor fuel, Phillips 66 Poly Gas. That's the gasoline motorists never tire of recommending. It is not only high anti-knock, high test, high energy . . . but it is more accurately matched to monthly changes in your weather.

Yes, sir! . . . yes, ma'am! it does things for your engine. You may find it makes your car run like new again. It delivers real pep and power . . . sweeter pick-up and easier hill-climbing. And mileage that's a real surprise.

Forget your "mad", and make up with your car, by stopping for a trial tankful of new Phillips 66 Poly Gas . . . at any Orange and Black 66 Shield. It costs nothing extra.

Phill-up with Phillips for Greater Mileage

## and Help the Home Team Win!

**Try Your Home Town First**

"No great thing was ever created suddenly any more than a bunch of grapes or figs"—Ephesus.

And so it is with business or any civic move for the betterment of a town or community. No great thing was ever created by any one individual as everyone learns and is helped by the contributing to society of others, either in thought, labor, earnings or co-operation.

This Trade at Home Program was created and inaugurated in our city several months ago, steadily it has increased and grown through the cooperation of the civic minded business firms and professional men of Tahoka. Let's make this the winning campaign of the year. Get in and pitch for your home town.

Better business for the merchant means better business for you. Trade at home, give your local business firms your loyal support. Create the idea and principle of trading at home. Help the business firms to grow and you help yourself to grow. Create better business and you create a live and progressive town in which to live.

### Navy Recruiting Is Started Here

Active recruiting for the U. S. Navy and Naval Reserve was started here this week with the posting of literature advertising opening of a Navy recruiting station in the Post Office building at Lubbock.

Opening of the Navy recruiting station at Lubbock will result in considerable saving in time and expense to local men interested in enlistment, Chief Petty Officer Ray Lokey, here Tuesday, said. Formerly local men were required to go to Abilene if they desired to make application and take examinations for enlistment in the Navy. All men registered for Selective Service may, if qualified, enlist in the Navy or Naval Reserve before being called for Army duty.

The Naval Reserve has an unlimited number of vacancies for both unskilled men and those trained in trades and professions, including clerical workers. Age limits for unskilled men are from 17 to 36 years. Skilled men may be enlisted up to the age limit of 50 years and with beginning pay ranging from \$60.00 to \$90.00 per month, plus board, lodging, etc., depending upon the individual's qualifications.

Men with two or more years of college work and between the ages of 20 and 28 years may enlist for training to become commissioned aviation pilots. Those with college degrees may enlist for training to become deck or engineer officers.

All men enlisted in the Naval Reserve have the same pay, trade training and promotional opportunities while on active duty as men of same rating in the regular Navy. They will be released from active duty at the end of the national emergency.

Enlistment in the regular Navy provides a career for young men interested in learning a trade and in retirement a good pay at an early age.

#### CARD OF THANKS . . .

We take this means of expressing our many thanks and appreciation to the people of Tahoka and the ministers of the Assembly of God churches who were so kind in helping us at the time of the death of our brother and uncle; especially do we thank Mr. Chancy and the men who assisted him, also—Rev. H. Paul Holdridge, who came from Plainview to conduct the funeral.—Mr. and Mrs. Joe Musick and family, Mr. and Mrs. R. W. Musick, Mr. and Mrs. S. H. Musick, and Mr. and Mrs. A. J. Brown.

### Ginnings BY COTTON JOE

I was the one who asked Ma if she didn't want one of those cotton "play suits" to do her housework in this summer. I didn't figger that when she got it, she'd make it live up to its name.

### Scrapbook Myrtle Rochelle

Miss Doris Perry, who recently left here to enter nurses' training in a Fort Worth hospital, received quite a lot of publicity on her first day there, when she was selected by a Fort Worth Star-Telegram photographer as the typical nurse from new students at two hospitals. Four pictures of her first day at school were carried in the local edition and a long story about her and what she and other nurses will be required to learn.

Cutline under a picture of Doris read:

"Typical of the new students, except that she's prettier than some, is Miss Doris Perry of Tahoka, registering with Miss Maurine Bridwell, director of nurses at Harris Memorial Methodist hospital."

Another picture shows an interne taking her blood pressure, and the caption reads, "Before the school of nursing accepted Miss Perry as student, she passed a stiff physical examination, showed scholastic records which placed her in a high intelligence bracket and proved in an April interview that she has personality. Here she is exhibiting normal blood pressure even in the presence of Dr. H. B. Griffin, interne."

Other pictures show the fortunate Tahoka lass in the hospital cafeteria, and reading in bed with a picture of her mother, Mrs. T. H. Perry of Grand Saline, nearby.

In the accompanying story, it was stated that "Miss Perry, like many of the fresh young girls entering nurses schools, could very easily be a glamour girl . . . brought a devoutness of purpose that would do credit to a minister, a missionary, or a soldier . . . she is a typical student nurse."

Doris' friends here are happy for her that she received so much favorable publicity. She worked here for several months as office assistant to Drs. C. S. Thompson and Hill, and later worked at Gattis Drug. For over a year she has lived with her sister here, Mrs. Hope Haynes . . . Another Tahoka girl who recently entered nurses training in Lubbock, and who "could easily be a glamour girl" is Kathleen King. . . . Isabelle Singleton Lamb, who has been working in the State Employment Service office in Abilene, has resigned to take a position in the War Department. She is secretary to an officer at Camp Berkeley near Abilene.

C. C. Garvin and W. C. Wharton visited relatives and friends at Abilene Saturday night.

### NEVILLS REPORT KILLING FROST IN ARIZONA

Mr. and Mrs. J. L. Nevill, Ray and Jennie Rabe, and Mr. and Mrs. Everton Nevill and Billie Margaret Riddle arrived back home Monday night after a visit of ten days or two weeks at Flagstaff, Arizona.

Arriving at Flagstaff about the last day of June, they report that there had been a killing frost there just a few days prior to that time. Much of the corn and bean crops had been killed, they report, and Jody says that when beans are killed they are really killed. Some of the corn, however, was coming out.

Jody also says that there is more snow on old San Francisco Peak near Flagstaff this year than for many years in the past. This peak towers a mile high above the level at Flagstaff and its cap is shrouded in perpetual snow. It's wearing a bigger and whiter cap this summer than usual though, he says.

A wonderful time they had visiting their daughters and enjoying the scenery, there and enroute.

### MRS. T. R. PARK TELLS OF RECENT VISIT

Mrs. T. R. Park of Three Lakes was in The News office Saturday and related an interesting story of the recent visit of her brother-in-law and sister, Dr. and Mrs. T. J. Jan'ison, Ardmore, Okla., earlier in the week.

The Doctor and his wife arrived Monday on their first visit to West Texas and the South Plains, and he was greatly surprised at the development of this section, the type and quality of our towns, crops, and more especially at our rain.

Tuesday Dr. and Mrs. Jackson and Mrs. PaPrPk drove over to Roswell, and then down to Carlsbad on Wednesday. Again, the visitors were astounded at the Cavern. The party returned Thursday through the big oil field section of Hobbs, and Denver City, visiting an old friend, Grady Forbes, in the latter city, and arrived in Brownfield just as the big cloud was gathering over eastern Terry and western Lynn that brought the terribly destructive hail and rain. They were caught in the storm near West Point

### REESE FAMILY HAS REUNION HERE

Sylvester Reese, advertising manager for the Robstown Record, and his aunt, Mrs. F. M. Welch, and her daughter, Miss Dorris Faye of San Antonio, expect to leave today (Friday) after a week's visit with Sylvester's parents, Mr. and Mrs. J. L. Reese, and his sister, Miss Lorene.

Carna Reese, who is in the U. S. Army, stationed at Fort Sill, Oklahoma, left earlier in the week. All had been here since last Saturday.

This was the first reunion of the family since Carna joined the army in February.

Mrs. Welch is a sister of Mrs. Reese, and she had not been here in several years.

Mrs. W. H. Thornhill has raised some fine roasting ears right here in town this year. The editor's family have first hand evidence of that fact, for Mrs. Thornhill pre-

sented them with several fine ears Monday. Thanks.

### Savory Stuffed Tomatoes

Broadcast by Mary Lee Taylor July 17, 1941  
6 large, fresh tomatoes  
1 teaspoon salt  
2 cups grated American cheese  
1/4 cup Fat Milk  
1/2 teaspoon pepper  
2 1/2 cups drained kidney beans, cooked or canned (No. 2 can.)  
2 1/2 cups drained whole kernel corn, cooked or canned (No. 2 can.)  
Turn on oven and set at moderately slow (350° F.). Scoop centers from tomatoes. Save centers to use in soups or stews. Sprinkle insides of tomato shells with 1/4 teaspoon salt. Turn upside down to drain while preparing the following mixture. Mix together cheese, milk, remaining 1/4 teaspoon salt and the pepper. Cook over boiling water until cheese melts and mixture is smooth. Add drained beans and corn. Mix well, then fill tomato shells. Put filled tomatoes in baking dish with remaining vegetable mixture around tomatoes. Bake 15 minutes, or until tomatoes are barely tender and vegetables are hot. Serve at once. Serves 6.

**Enter This Luncheon Set in  
Nation-Wide Crochet Contest**

THREE colors are used with an artist's touch in this charming crocheted luncheon set called "Sun Ray." Identical doilies in three sizes comprise the set, and it's easy and inexpensive to crochet yourself. Centers of henna and hunter green mercerized cotton combine effectively with the natural colored "spokes" of the doilies, and the edge repeats the high tones. This luncheon set, too, would make an outstanding entry in the Fifth Annual Nation-Wide Crochet Contest which is being held this Fall to select and award America's finest crocheters. Directions for crocheting this luncheon set and details of the Contest may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. 661.

**Swan Dies . . .**

(Continued From Page 1)  
then constituted a single office in that county.

On October 18, 1893, he was married to Miss Alice Shook in that county. It was nearly thirteen years later when he and his family removed to Lynn county. His devoted companion, who had been a wonderful helpmeet to him, died here a little less than sixteen months ago, March 22, 1940. Since that time he had made his home with his daughter here, Mrs. Boullion.

Besides Mrs. Boullion, Mr. Swan left surviving him another daughter, Mrs. J. R. Turner of El Paso, and one son, A. B. Swan of Lamar, Colorado; two grandchildren, Elbert Boullion of Tahoka and Robert Swan of Lamar, Colorado; also a sister, Mrs. Frank Elliott, residing in California. Another son, Marshall Swan, died here a number of years ago.

During his residence in this county, Mr. Swan was made a special officer for the Texas & Pacific Railway Company and was stationed at Big Spring, where he served faithfully and efficiently in that capacity for several years maintaining his home in the meanwhile in Tahoka. A few years ago, upon the death of "Uncle Ben" Rogers, Mr. Swan was appointed justice of the peace here and served several years.

Here attending the funeral services Wednesday were Mr. and Mrs. A. B. Swan and son Robert of Lamar, Colorado, Mrs. Turner of El Paso; other relatives: Mr. and Mrs. Hardy Morgan, Mr. and Mrs. Robert Koger, and Mrs. T. F. Vaughn, all of Lamesa; Mr. and Mrs. Frank Powell and Mr. and Mrs. Raymond Shook of Lubbock; Mr. and Mrs. C. A. Shook of Plainview; C. S. McNeely of Ralls.

**Plan Production Credit Meeting**

Directors of the Lubbock Production Credit Association and Lee F. York, Secretary-Treasurer, plan to attend a conference on July 17 and 18 at Amarillo, according to E. R. Davis, Lubbock farmer, who is President of the Association. Other directors are: Roy Fitzgerald, Plains, Roy Sherman, Seminole, G. C. Keith, Whiteface and C. E. Hicks, Meadow. Mr. Davis said that "credit" would be the subject and that the discussions would be led by John H. Seale Jr., Vice President of the Production Credit Corporation of Houston, and his assistant, Sam N. Hardy.

Directors and Secretary-Treasurers of the Amarillo, Canadian Valley, Memphis and Plainview Production Credit Associations will also attend this conference.

Mrs. T. Cowan incidentally made the remark a few days ago that she had read every single issue of the Lynn County News since she was thirteen years of age, usually every word of it including the ads. But maybe that isn't unusual after all; maybe there are lots of them that do it.

Misses Sarah Jane and Grace Jones returned to their home at Plains last Sunday after spending a month here in the home of their grandparents Mr. and Mrs. W. T. Clinton, and with other relatives.

Mrs. Imogene Lynch and little daughter, Bobby Jean, of Cheyenne, Wyo., returned to their home late last week after having spent four weeks here with their mother and grandmother, Mrs. R. H. Turner.

**Hail Damage . . .**

(Continued from Page 1)  
Communities in which severe damage was done included New Home, Petty, West Point, Three Lakes, Wells, and the fringes of some others. Some of the cotton was so completely destroyed that farmers have been planting the fields in feed. On many other farms the damage to the cotton was estimated at fifty to sixty per cent and even higher. In some of the fields in which only stubs were left standing they were left with the hope that they would put out new growth in time to make something.

Fortunately, many of those whose crops were destroyed or seriously damaged carried hail insurance on their cotton, and hence the loss has not been as serious to these individual farmers as it otherwise would have been. Representatives of insurance companies have been busy since the storm making inspections and adjustments. Quite a number of the farmers whose crops were stricken, however, carried no insurance, and of course they were hard hit. Heavy rains the same day did some damage to other crops.

Reports indicate that a vastly major portion of the cotton in the county, however, is growing rapidly and beginning to fruit. Some say that their cotton has been growing too rapidly and all are hoping for several more days of hot, dry weather.

**CANYON STUDENTS ARE VISITERS HERE**

Accompanied by Roy Finley and Johnnie Morris, Miss Tommye Ruth Anderson and Miss Annie Pearl Roberts, all students in the West Texas State Teachers College at Canyon, came down and spent Sunday with the girls' parents, Mr. and Mrs. Tom Anderson and D. C. Roberts of the New Lynn community. They were the Sunday dinner guests, however, of Miss Annie's sister, Mrs. E. D. Gollehon, and her husband, at Post. Misses Anderson and Roberts are both graduates of the Tahoka high school, and they entered the West Texas College last fall.

Bervin Thompson, a business man of Hollywood, California, visited his cousin, Mrs. T. Cowan, here one day last week.

**New Registrants Total 34,530**

Total Selective Service registration in Texas on July 1 was 34,530, General J. Watt Page, State Director, announced today following tabulation of reports received from the State's 351 local boards.

As in the first registration last fall, Harris County led with 2,759 registrants, Dallas County was second with 2,415.

General Page said that 34,126 of the new registrants are young men who have reached the age of twenty-one since the first registration day on October 16, 1940.

General Page pointed out that the 21-year-olds who registered on July 1 will be placed ahead or after the older registrants on their local boards, but they will be integrated proportionately. For example, he said, if there should happen to be ten new registrants in an area and 100 old registrants awaiting call, one new registrant would be placed after each group of 10 old registrants.

The order in which the new registrants will be integrated with the old ones will be determined by a na-

**EMERGENCY CROP & FEED LOAN OFFICE OPENED**

This week the local field supervisor for the Emergency Crop and Feed Loan Office, Mr. John D. Watson called by the office and informed us that applications for feed and seed loans of all types may now be filed with him through the First National Bank where he maintains office space. This will no doubt be of interest to those farmers whose actual cash crop needs cannot be met otherwise.

After completing the third year work at Texas A. & M. College and spending six weeks at R.O.T.C. Camp Bullis San Antonio, Truett Cooper arrived home Tuesday afternoon to spend the remainder of the summer with his parents, Mr. and Mrs. E. J. Cooper. Wade Howell of the same camp has also come home. Wade has completed the second year in Tech.

Mr. and Mrs. Chas. V. Nelms and daughter, Sarah Beth, are visiting in the W. S. Anglin home.

Additional lottery to be held in Washington, D. C., on July 17, General Page said.

J. B. Nance brought to the News office Wednesday two stalks of cotton taken from the field of Bryant McClelland, who resides on the Dayton B. Nance farm eight miles south of Tahoka, just to show what a fine crop is in prospect on that farm. They certainly were vigorous specimens already fruiting and blooming, and if hail or worms or weevils or some other pest doesn't damage the crop a big yield per acre seems already assured. He also brought along a stalk of maize headed out and looking fine. His son, Dayton B. Nance, the owner of the land, lives in Illinois.
