Tahoka Entertains Rotary Assembly

Many Officials Attend Affair

Business and professional men, all Rotarians, from 23 West Texas clubs, were in Tahoka all day Tuesday for an annual assembly of club officers, headed by Cal Farley of Amarillo, 127th district governor of Rotary International. Officers and members registered totaled 103, according to Happy Smith, who acted as secretary to the assembly.

Speakers on the day's program included Cal Farley; O. B. Sellers of Fort Worth, past vice-president of the International organization; Fred Wemple of Midland, past district governor; Travis Lively, Pampa; Charles Paxton of Sweetwater; and "Swede" Tolson of Amarillo. Past International director E. McLaughlin of Falls was present also.

The meeting was primarily for Rotary officers and instruction was given in proper operation of the service clubs.

The visitors were welcomed to Tahoka by the local club president, Frank Hill. Cal Farley, presided throughout the day, except during the noon luncheon, presided over by the local club head.

Farley outlined objectives for the year. Lively spoke on club service, and Fred Wemple on Vocational service at the morning session. Rev. Geo. A. Dale pronounced the invocation, and songs were led by Rex Webster of Lubbock and Melvin Rathel of Tahoka, Mrs. Rathel accompanying. Other musical numbers during the day were a vocal solo by Webster and a violin number by Tolson.

At the luncheon, held in the school gymnasium, Mrs. Mattie Shook of O'Donnell played the piano while Rex Webster led the 109 people present in singing "God Bless America". Rev. Geo. Turpin gave the invocation. John Hamblen brought much applause with his "Boarding House" song, as did a couple of male quartet numbers by Hamblen, Dr. K. R. Durham, R. (Continued On Back Page)

EVANGELIST

WELDON BENNETT
Evangelist Weldon Bennett, minister of the Church of Christ in Bellingham, Washington, will conduct two gospel meetings in Lynn county in August. The first meeting will begin with the Grassland Church of Christ on Saturday night, August 2 and will close on Sunday night, August 10. The second meeting will begin with the New Home Church of Christ on Sunday morning, August 17 and will close Sunday night, August 31.

FSA Officials At District Meeting

Lynn county Farm Security Administration officials attended the district FSA meeting held in Lubbock Tuesday and Wednesday.

Among those attending from here were Rush Dudgeon, Mrs. Paul Lawson, R. J. Maeker, and R. C. Woods, officers and advisory committee men; and Jack Welch and Miss Myriene Cannon of the Lynn county office.

The meeting was attended by workers and committeemen from 11 counties, and was for the purpose of giving instruction in the workings of the FSA set-up.

Jack Welch, local supervisor, and family left Thursday on a two weeks' vacation trip.

Cotton Stamp Plan To Be Explained

All retailers and their clerks and wholesalers of American grown cotton merchandise are urged to be requested to attend an important mass meeting to be held in the district court room at Tahoka at 8:30 P. M. July 25th. Speakers will include Don Turner, County Agent, and W. H. Seale, Area Cotton Stamp Representative.

In announcing the meeting Mr. Turner stated that as far as possible not only merchants but their clerks should attend this important discussion of how merchants may participate in the benefits of the Supplementary Cotton Stamp Program, soon to be launched in this area.

He said that in order to be eligible to accept Cotton Stamps for redemption from the government, merchants must first complete a "Retailers Statement" form which has been mailed to the merchants of the county. It is very important that this form be signed and returned at once.

Around \$25,000,000 worth of Cotton Stamps are available for distribution to cotton farmers during 1941, and any merchants unprepared to accept these stamps in trade in the prescribed manner would be at a distinct disadvantage. "The simplest way for merchants to fully understand the program" said Mr. Turner, "is to attend this meeting. They will learn how they may get their share of the stamps; what goods may be exchanged for stamps; the rules and regulations they must comply with in making cotton stamp sales; how to redeem the stamps."

Post Men Make Bond In Shooting

POST, July 23.—Bonds of \$750 have been posted by two county officials following the filing of charges of assault with intent to murder following investigation of gun-play on the streets of Post.

Rollin E. McCord of Tahoka, district attorney, drew the complaints, which were signed by Sheriff W. L. Cross and filed in justice court of M. L. Merris. Named were N. C. Outlaw, county attorney, and J. W. Stotts, commissioner of precinct 1. Several shots were fired by the two men, witnesses to the trouble reported.

Draw People To Improve Cemetery

The News has been requested to announce that plans have been made to work out the cemetery at Draw on next Thursday afternoon, July 31, beginning at 1:30 o'clock. All men of the community, and of neighboring communities who may be interested are invited to come and assist in the work.

Any person desiring any further information should apply to Rev. J. E. Young, Mrs. John Berry, or Mrs. J. E. Sherrell.

Mrs. Leroy Knight and Misses Eloise Roberts, Echo and Robbie Munkin are vacationing in Ruidoso, N. M. this week.

Contract Let For Clinic Building

Contracts were let and building will begin in a day or two on a new clinic to be constructed for Dr. Emil Prohl, physician, and Dr. K. R. Durham, dentist, it was announced this week.

The building will be a modern stucco structure with glass brick trim, modern design, and will consist of two completely separate units, one for the clinic offices of each doctor.

The physician's section, which will be slightly larger than the other, will consist of a waiting room, consultation room, two treatment rooms, one bedroom, and a combination X-Ray room and laboratory. Dr. Durham's unit will have a waiting room, two treatment rooms, office, and small bedroom.

The building will be air conditioned throughout for both winter and summer. Dr. Prohl is already making tentative plans for the addition of two more bedrooms to his unit soon after the present building is complete.

Contracts for building materials and labor are let to Cicero-Smith and Nevill Brothers, respectively.

Lawrence Asks Farmers' Patience

It is requested that farmers wait for their notices of acreage measurements before they come to the county AAA office to find out about how their farms measured out. We are working at top speed to get the measurements out to the farmers as fast as possible. Requests from farmers to look up the measurements on their farms before notices are sent out seriously hinder the work in the county office and are proving costly to the farmer.

We are very anxious to get all farms checked as early as possible but a number of things may interfere to hinder the progress of the measurements through the regular channels. Your farm might be on two maps and one of the maps may still be out in the field. It is possible that the County Supervisor may need the map on which your farm is shown for recheck purposes. It may be that some small item has escaped the attention of the reporter, and everything must be held in the suspense file until the reporter comes to the office. Reporters turn in work and maps once each week and it may be that the report of your farm has not been checked in.

We are very anxious that the work of checking performance be finished as early as possible and we will appreciate the very best cooperation from farmers to get the work done. He can best cooperate by waiting patiently until we can send out his measurements. Any hindrance in the regular work costs the farmer.

—C. A. Lawrence.

West Point Makes Educational Exhibit

Representing a cafeteria steam table holding eight pyrex dishes containing canned fruits, the West Point Club exhibit in Piggy Wiggly store last Saturday attracted numbers of people. Besides the eight kinds of canned fruits shown large platters contained various kinds of fresh fruits, while placards and posters explained the kinds of vitamins found in the various fruits, melons and tomatoes.

Red Cross Moves To New Quarters

Hardly settled in their last quarters, the Red Cross work room was moved Tuesday from the Goodnough building west of the square to the Belton Howell building back of the Lullin Garage and Filling Station.

Miss Sac Hudson of Whitney is here for a few weeks' visit with her niece, Mrs. Clay Bennett and family.

Methodist Youth Leaders Coming

Charles Perry Godbey, Luther A. Harrell Jr., Misses Trula Maud Jetton, Margaret Taylor, and Sue Everton, shown above, compose the Youth Caravan which will spend all next week here working with the youth of the Methodist Church.

Youth Caravan Coming To City

Something somewhat unusual for Tahoka in the matter of church work will be the program of activities to be presented at the Methodist Church next week by the Methodist Youth Caravan, which will arrive Saturday afternoon.

This is a program for the instruction of youth in carrying on religious work, and the youth of other churches as well as of the Methodist Church, might profit greatly by attending some or all of these services which will begin each evening at 7:30.

Youths from several other neighboring towns are expected to be here during the week for some of these services.

The personnel and capabilities of the workers in this program of instruction and inspiration are sufficient to assure those who contend (Continued On Back Page)

Revival Opens At Grassland Tonight

We will begin our revival at Grassland Methodist Church Friday night, July 25.

Services will begin at 8:30 each evening. The time for the morning services will be decided on Friday night.

Rev. J. H. Crawford of Seminole will be with us to do the preaching after Sunday morning. We urge all members to attend and extend an invitation to all to come. Your presence will be appreciated.—J. E. Young, pastor.

Aged Woman Is Injured In Fall

Mrs. Laura C. Harrison, 90, a resident of this section of the state for many years, is reported to be doing remarkably well, apparently, in the West Texas Hospital in Lubbock following serious injuries sustained at the Sunshine Inn here last Saturday when she accidentally fell.

One of the thigh bones was badly broken, which at her advanced age is a very serious matter. Her lower limbs below the knee have been placed in plaster casts and so bound together as to hold the broken thigh bone in place. The relatives and many friends here are very solicitous as to her condition. She is the mother of the late Mrs. A. R. McGonagill and has many relatives here.

Play To Be Given At Petty School

Announcement has been made that a play entitled "Jimmy, Be Careful" will be presented at the Petty Schoolhouse Friday night, July 25, beginning at 8:30 o'clock. An admission fee of ten cents will be charged.

Everyone is invited to come and bring some one else.

Climax Of Drive Will Be Saturday, Connolly Says

The drive for aluminum needed in the building of airplanes and possibly other war equipment started in earnest in Lynn county Thursday morning under the direction of County Judge Chester Connolly.

Activities were somewhat hampered by the mud, however, resulting from the heavy rain which fell Wednesday night and early Thursday morning, and in Tahoka the collection of aluminum at the homes of the residents by the Boy Scouts was deferred until Saturday. Quite a quantity of aluminumware was brought into the court house early Thursday morning and during the day nevertheless.

This drive is being directed by County Judge Chester Connolly. He has appointed local chairmen in various towns and communities to direct the work in their respective localities.

In Tahoka, Mayor Deen Nowlin has been appointed as chairman of a committee consisting of himself, Wynne Collier, president of the chamber of commerce, Roy Edwards, post adjutant of the American Legion, Frank Hill, president of the Rotary Club, and A. R. Milliken, scoutmaster of the Tahoka boy scouts.

The Boy Scouts have volunteered to collect the aluminum if cars are furnished and the aluminum placed in sacks or other receptacles at convenient places along the residence and business streets.

A complete list of committees in other communities was not available when this was being placed in type, but a partial list includes the following:

F. A. Corley, 87, Died Wednesday

At three o'clock Wednesday afternoon, the next day after he became 87 years of age, F. A. ("Uncle Bob") Corley died at the home of his son, O. A. Corley, ten miles north of Tahoka. Death resulted from a stroke of paralysis.

Funeral services were conducted at the Harris Funeral Chapel here at three o'clock Thursday afternoon, and the body was laid to rest in the Tahoka cemetery, in the presence of many relatives and friends. Services were conducted by Elder Virgil Lowrance of Slaton, pastor of the Primitive Baptist Church here.

Deceased left surviving a great host of relatives, including five daughters and two sons, 43 grandchildren, twenty-seven great grandchildren, two brothers and a sister.

The surviving children are: Mrs. Elsie Knox of Groesbeck, O. A. Corley of Tahoka, Mrs. Madie Tarver of Waco, Mrs. Minnie Garvin of Albany, Mrs. Lois Lucas of Waco, Mrs. Myrtle Shumate of Waco, and W. B. Corley of Tahoka. All were here for the funeral services. Four sons are dead, and the aged man's companion died in 1929.

The two surviving brothers are P. B. Corley of Belen, New Mexico, who was also here, and Clem Corley of Sinton, Texas. A sister, Mrs. Mary Ellen Williams of Hermleigh, was also here.

Mr. Corley was a native of Alabama, having been born in Coosa county on July 22, 1854. He was married to Miss Margaret Herring in 1882. For many years Mr. Corley and family lived near Waco in McLennan county. Since 1923 he has been a resident of Lynn county.

For many, many years he had been a faithful member of the Primitive Baptist Church, being a member of the Church here at the time of his death. Affectionately known as "Uncle Bob", he enjoyed the respect and esteem of a large circle of friends, and he was admired by all who knew him for his integrity and other virtues.

A good man has just gone on to receive his reward.

State Official Is Tahoka Visitor

State Comptroller George Sheppard of Austin made a brief call at the office of County Collector and Assessor, R. P. Weathers, Tuesday on official business. He was returning home from Lubbock, where he had met a number of Collector-Assessors for this section of the state in a conference earlier in the day.

Mr. Sheppard was reared in Nolan county and served in various official capacities in that county and in the city of Sweetwater before being elected state comptroller a number of years ago.

Burlesons Take Over Tahoka Service

Mr. and Mrs. Bill Burleson have taken charge of the Tahoka Service Station recently, and Mrs. Burleson will manage it. Although they have owned the building since they managed the business several years ago, it has been leased out to various persons since Mr. Burleson became Ford Dealer.

Mr. Burleson will, of course, continue his management of the Ford agency. He and Mrs. Burleson both understand fully the auto service business, having spent many years previously at their present location.

ODDS & ENDS

by Eec Eye,
the Elder

"Still sits the school-house by the road.
A ragged beggar sunning;
Around it still the sumachs grow,
And blackberry vines are running."

But not in Lynn county.

Not one of the old-time frame buildings of one or two rooms is left standing. There were never many of them in Lynn county, of course, but there were a few. And further east, they were to be found everywhere. Every rural community had one. Now few of them are to be found in any county. The spirit of progress has swept them all away—nearly all.

Of course all of you old boys and girls who studied the old blue-back speller and McGuffey's readers, "ciphered" on a slate and cleaned it off with your sleeve or your fist, know what the old-time school house was—and even some of you of later vintage.

Some of these youngsters and most of these modern school teachers regard the old blue-back speller as a crude sort of spelling book, and

naturally we poke a good deal of fun at it, but we overlook the fact that it served a very important place in its day in banishing illiteracy and disseminating knowledge among the common people.

And as a spelling book, we still think it had its superior points. For one thing, it divided the words into syllables, and the student who learned how to spell from the blue-back speller also learned what a syllable is and how to divide a word into syllables.

This modern method of learning how to spell may be better than the old method, but we notice that most high school graduates, and even college graduates and many teachers who send in communications to this great educational periodical seem to know very little about syllabification.

Yes, times have changed. We have torn down the little old wooden school houses and have built modern, conveniently arranged, sanitary and comfortable brick school buildings of many rooms each all over this fair land of ours. Popular Education has made great advancement. Methods of teaching, we suppose, have been improved.

In the old days—and not so many years ago, at that—the spelling class was lined up in front of the teacher who "gave out" the words, and when a pupil missed a word it was passed to the next pupil below him, and the first pupil who correctly spelled the word passed above the one or more pupils who had missed it. The pupil remaining at the head of the class at the end of the lesson was given a "headmark" and then took his or her place at the foot of the class. The pupil who received the most headmarks during a school term was usually given some sort of prize at the close of the term.

They emphasized spelling, reading, and arithmetic in the public school of the old days.

Almost as popular as the old blue-back speller was the series of McGuffey's readers used in practically all of the public schools of the land.

It may be that these readers were inferior in some respects to the modern readers. But there was this about them: All of them from the fourth reader up were filled with selections from the best standard literature in the language, and even the lower grades had many selections of much literary merit.

One of these readers—we believe it was the fourth—contained the fine little poem, written by John Greenleaf Whittier, from which we quoted at the beginning of this diatribe, or whatever it is. Whittier was not a poet of the first rank, but he wrote some good poetry just the same, such as Maud Muller, The Barefoot Boy, and this little poem In School-Days. Believe we will just quote the whole thing. Here it is.

Still sits the school-house by the road,
A ragged beggar sunning;
Around it still the sumachs grow,
And blackberry vines are running.

Within, the master's desk is seen,
Deep scarred by raps official;
The warping floor, the battered seats,
The jack-knife's carved initial;

The charcoal frescos on its wall;
Its door's worn sill, betraying
The feet that, creeping slow to school,
Went storming out to playing.

Long years ago a winter sun
Shone over it at setting;
Lit up its western window panes,
And low eaves' icy fretting.

It touched the tangled golden curls,
And brown eyes full of grieving,
Of one who still, her steps delayed
When all the school was leaving.

For near her stood the little boy
Her childish favor singled;

Fighting for a New Europe

Among the most dramatic of the fighting forces of the Allies are the colorful Anzacs whose valor in battle, good humor and fellowship with their Allies, and strength under the most trying fighting conditions are legendary. Fighting side-by-side with the countries of occupied but unconquered Europe, and the sister nations of the British Commonwealth, the Allies are massed in great strength. Their recruits are drawn from those escaping daily from Europe, while the Anzacs travel the world around to lend their physical and moral aid.

His cap pulled low upon a face
Where pride and shame were mingled.

Pushing with restless feet the snow
To right and left, he lingered—
As restlessly her tiny hands
The blue-checked apron fingered.

He saw her lift her eyes; he felt
The soft hand's light caressing,

And heard the tremble of her voice,
As if a fault confessing.

"I'm sorry that I spelt the word:
I hate to go above you,
Because"—the brown eyes lower
fell—
"Because, you see, I love you."

PLANS FOR NEW TECH
AGRICULTURE BUILDING
ARE NOW BEING PREPARED

LUBBOCK, July 22.—Plans and specifications of the new agricultural building at Texas Technological College are being prepared by Wyatt C. Headrick, Inc., Fort Worth, architect. The last legislature appropriated \$250,000 for the building and equipment, the money to be available Sept. 1.

College officials expect to let the contract soon after that date. The new structure will be ready for occupancy for the fall term, 1942. Such a building has been one of the most serious needs of the college for a number of years. The work of the Agricultural Division with a constantly growing enrollment has been carried on in a series of small buildings and shacks.

Architecture of the new three-story structure will conform generally to the prevailing type of buildings already on the campus. It will be located between the present agricultural building and the chemistry building and will face east.

STEVENS FAMILY
HAVE REUNION

Mr. and Mrs. D. A. Stevens enjoyed a reunion of his brothers, sisters and other relatives at their home Sunday.

Those present included: C. C. Stevens and family, Amarillo; Mr. and Mrs. H. F. Stevens of Post, brothers; and Mrs. W. A. Tredway of O'Donnell, sister; a cousin, Jim Miller, wife, two sons and a daughter, Abernathy; Miss Nora Stevens, cousin, Post; Mr. and Mrs. Curtis Stevens and son Jerry of Tahoka.

That sweet child-face is showing.
Dear girl! the grasses on her grave
Have forty years been growing!
He lives to learn, in life's hard school,
How few who pass above him
Lament their triumph and his loss,
Like her,—because they love him.

Whittier never married. Some think that he never loved another as he loved the girl of his school-boy days who hated to turn him down in that old spelling class because, you see, she loved him.

SENIOR CLASS DONATES
CHIMES TO TECH

Texas Tech has many things of which to be proud—all her senior classes have left her gifts of beauty and utility, gifts that are proudly exhibited by the students of later years.

This year Tech's senior class left its Alma Mater one of the most appropriate gifts of any class during her sixteen years of existence—a set of chimes, placed in the west tower of the administration building.

The chimes strike each hour, playing sixteen musical notes, before striking. They can be heard quite a distance from the campus, and their sound gives Tech an atmosphere of learning and of security.

Texas Tech's chimes proudly take their place beside her large double T neon sign, the lights around her circle, and the many other senior gifts, to become a tradition and a vital memory throughout the years.

"BRING 'EM BACK DEAD!" *The Referee Commanded*

THE SCENE WAS in torrid Death Valley, where Hollywood makes true desert pictures, and the heat makes records.

Condemned to death were 6 new coupes, alike throughout, except that in each crankcase—under lock—was a different big-name motor oil... one 5-quart fill... never any added in any car's life-time... 57-mile speed kept up under Death Valley's all-consuming sun until each engine went to smash. A strictly impartial, strictly certified test of motor oil life, decided only by 6 cars' death.

Which 5-Quart fill lasted all of
13,398 miles?... Certified

One oil outlasted the other test oils by 5,683 miles or more... Certified. And the whole lot of them—5 big-name oils—averaged not even half of the 13,398 miles delivered by the new long-lasting oil. You can have it in your engine right now—at popular price—by asking for

CONOCO Nth MOTOR OIL

Its mileage and economy come straight from Conoco Nth oil's new synthetic or

man-made extra substance—Thialkene inhibitor. (Conoco Patent 2,218,132.) To understand, merely think a moment of Vaccination—the right protective substance put on guard to keep a trouble from starting. Now the trouble aiming to start on motor oils lurks in the normal firing of every engine. Filth is formed that can spoil one drop—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER, till the whole fill weakens and the oil level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialkene inhibitor in new Conoco Nth motor oil, on sale today for your car.

You'll never Death-Test your Conoco Nth oil nor repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before you ever add a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiled 74% to 161% by Conoco Nth oil.

AND CONOCO Nth OIL
OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to engine parts. It can't all quickly drain down—not while you're using Conoco Nth oil. So OIL-PLATING is on guard in advance against wear!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Give Advice On Wheat Mixtures

Since some buyers are deducting the wheat marketing penalty from the purchase price of a wheat mixture because it is not identified by a wheat marketing card, Fred McGinty, chairman of the Lynn County AAA Committee suggests that farmers who show a mixture of this kind and who intend selling it on the open market obtain a wheat marketing card from the local AAA office.

As a convenience to producers and grain dealers, the wheat marketing quota regulations have been modified so that wheat marketing cards might be delivered to producers of a farm from which a wheat mixture is harvested and which has been classified as wheat mixture under the Agricultural Conservation Program.

The wheat marketing card will not change the classification of the wheat mixture but is being given for the purpose of convenience to the producer and buyer.

The procedure for delivering the wheat mixture cards will be the same as for regular marketing cards except they will be issued only upon request by the producer affected and

To Mr. and Mrs. Ottis Mensch one day last week, a boy, Jesse Calvin. Mother and baby are doing fine, and Daddy is better.

Mr. and Mrs. Gloyd Cloe, Charles Cloe, and Ray Chancey left Saturday for Arbutle, California, where the men have a job of running an almond thresher for the next five months for one R. C. Young. Charley worked for Mr. Young in 1936, and Mr. Young sent for him to come out again this year and run the thresher for him. So Charles took his help along with him.

Joel White, a state inspector of barber shops, visited Tahoka Tuesday. He is a brother of our former fellow citizen, Taylor White, now a Representative in the legislature from the Odessa district.

As a matter of reference the word "mixture" will be entered on the office records, Mr. McGinty stated.

Rural Carriers Now Sell Defense Stamps

Thirty-two thousand rural mail carriers are now acting as agents in the sale of Defense Savings Stamps, postal officials have informed the Treasury Department. Demand for the stamps in sparsely settled districts caused the Post Office Department to authorize the carriers to act as salesmen.

The stamps range in value from ten cents to five dollars. Purchasers are given albums in which they can be mounted. When filled, the albums may be exchanged for Defense Savings Bonds.

Post Office officials recalled that rural mail carriers acted in similar capacities in 1917 and 1918 selling War Savings Stamps.

WAR STORIES

An American applied at a Canadian recruiting office to enlist. He was a long way from home, but still had that old hillbilly brand of honesty. "I suppose you want a commission," said the office. "Not me," was the reply. "I'm such a poor shot that I'd rather work on a straight salary."

MISSING MEN

Cop—You've been sitting here in your car for three hours, and you say you're just waiting for a man. Citizen—Yes, officer, I'm waiting for either of the gentlemen who own the car in front of me or the car back of me.

DOING HIS BIT

Lecturer—From what I have told you, you can see how very important it is for us to conserve our resources of timber.

Voice—You're dead right, professor. And I want you to know I once shot a woodpecker.

A NEW PROFESSION

"Are you a pharmacist?" she asked the young man at the soda fountain.

"No, ma'am," he replied, "I'm a fizzician."

College education for women is futile. If they're pretty, it's unnecessary; if they're not, it's inadequate. —Itam.

Happiness is like jam. You can't even spread a little without getting some on yourself.

Jim LeVare pitched a big chicken fry at his place the other night. Neighbors flocked in from all around to mutilate necks and wings, drumsticks and breasts, and to make sure that Jim's new hound dog Prissy got the bones.

For it was Prissy, and not Jim who was really responsible for that feed.

It happened like this: Jim woke up in the wee dark hours the night before, certain that he'd heard a commotion among his chickens.

"An owl!" thought Jim, jumping out of bed.

He grabbed a lantern and his old corn-sheller shotgun, and rushed out to the roost, with only the darkness and a brief pair of shorts hiding his nakedness. At the roost he lifted his lantern high and swung up his shotgun for action.

It was at that moment that Prissy shoved a cold and inquiring muzzle against Jim's bare shank. Jim squallied and jumped straight up, pulling off both barrels of his shotgun in the same movement. Chickens and feathers rained out of the roost for the next two minutes.

And Jim had to call in the neighbors to eat up his kill.

Cicero Ever's kid Ike was pretty bug-eyed at the feed. He came over to me with a drumstick in each hand and rapturously confided that this was the first time he ever knew there were any parts of chicken besides the neck.

Charley Wiley claimed this chicken fry reminded him of the time he was dodging the law in the Ozarks.

Charley said he rode up to a hillside cabin one day at noon and asked for a meal. The man and woman were friendly and invited him in. They fed him fried chicken for dinner. The meal was good and Charley hung around till supper. They fed him fried chicken for supper.

When they fed him fried chicken for breakfast, Charley decided it was time to move on. Before he could get his horse saddled, however, the woman rushed out with a lunch tied up in a flour sack.

"Just a little fried chicken, in case you get hungry," the woman said. Charley had had enough fried chicken for once. "You folks oughten to kill off all your chickens for a stranger this way," he protested.

"Aw, don't pay it no mind," put in the husband generously. "Them chickens have been dying with the cholera faster'n me and the woman can eat 'em up, nohow!"

With chicken gravy smeared from ear to ear, Pecos Turner came through with a yarn about a West Texas cowman he rode for back in the old days.

This old gent went by the name of Pearl Jackson. Pearl was a cowman to the last red corpuscle. What he knew about cows was a gift, but beyond cattle his knowledge stopped.

Pearl had one great longing. He wanted to raise chickens. All his life he'd wanted to raise chickens; but he didn't figure a chicken would have a Chinaman's chance out in those western hills where bobcats and hawks and owls and other varmints were thicker than cattle ticks.

But one day a friend gave Pearl a setting hen and a bunch of eggs. Pearl set his hen as per instructions and guarded them carefully. One morning he came rushing into the bunk-house calling for Pecos.

"Come look, Pecos!" he shouted. "That old hen's done calved."

Pecos sent to see. The nest was full of chickens. Pearl stood back in awe of them, marveling at their softness and littleness. Finally, his face clouded.

"Pecos," he asked in a troubled voice, "how on earth is them little old bitty things ever going to stand up tall enough to suck?"

RODDYS RETURN FROM PROLONGED TRIP

Mr. and Mrs. H. L. Roddy and daughters, Virginia and Ruth, returned Sunday from Hico, where they had visited Mrs. Roddy's parents, Mr. and Mrs. A. Alford, who accompanied them home.

The Roddys first visited in San Antonio, then en route to the Rural Carriers' convention in Temple, Virginia and Ruth stopped in Austin for a visit with Ruth Evelyn Story, rejoining their parents in Temple for the trip to Hico and home.

West Point School Improvements Made

Substantial improvements are being made on the school property at West Point, according to County Superintendent Lenore M. Tunnell.

A new roof is being placed on the school building, the walls stuccoed, and the woodwork painted, while the teacherage and the coal house have also been treated to a fresh coat of paint.

Also new toilets have been erected to meet state sanitary requirements.

County School Heads Meet In Lubbock

County superintendents for district No. 2 comprising sixteen south plains and neighboring counties met in the office of Claude Hale, county superintendent of Lubbock county, on Wednesday night, according to Mrs. Lenore M. Tunnell, for a helpful discussion of school problems.

Dean Robinson of Post is president of the association and Mrs. Tunnell is Secretary.

Mr. and Mrs. Lafayette Arnold and two sons of Borger, Mrs. Etta Yagley of Ropes, and Millard Wilkinson of Lubbock were visitors in the home of Mr. and Mrs. J. F. Millman here last Friday. Mrs. Arnold and Mrs. Yagley are nieces of Mrs. Millman, while Mr. Wilkinson is her nephew.

Elwayne Nevill of Randolph Field, San Antonio, who has been home on a leave of absence for about twenty days, returned to his duties Monday. He was accompanied by his parents, Mr. and Mrs. J. L. Nevill, who went to be at the bedside of Mr. Nevill's father, F. H. Nevill, at Lytle, who is reported to be very sick.

Rev. and Mrs. George A. Dale and Mr. and Mrs. Deen Nowlin attended a Brotherhood meeting at Forsan down south of Big Spring Monday night. Brother Dale was the principal speaker at the meeting.

Mrs. Hall Robinson left Thursday morning to attend market in Fort Worth and Dallas and purchase her fall clothing stock.

OUR LIFE AS A NATION AT STAKE

Last Tuesday Rotarians from a-
bout twenty South Plains and other
West Texas cities and towns
gathered here and discussed matters
of special interest to Rotarians.

Their meetings were held in a
church and their discussions were
public, as is always the case with
Rotarians everywhere.

Among the aims of the organiza-
tion, which has spread during the
half century of its existence into
more than seventy of the nations of
the world, is the cultivation of good
fellowship, unselfish service, patriot-
ism, and international good-will.

There is one great governmental
power in the world to which these
aims and objectives became offens-
ive a few years ago and it proceed-
ed immediately to outlaw and sup-
press Rotary clubs in that country.

It has since suppressed Rotary in
every country it has conquered.

It has even claimed and exercised
the right to close church doors and
to censor and sometimes suppress
religious worship.

It denies to individuals the right
to express their opinions respecting
politics, religion, and other matters.

It has even been made a crime for
one of its citizens to listen to a for-
eign radio broadcast.

Newspapers must be careful not to
publish anything that would be of-
fensive to the powers-that-be.

Persons accused of crime may be
tried in secret, not by a jury of their
peers but by a court bent on their
destruction; and citizens may be
imprisoned or even put to death for
alleged offenses unknown to the
public.

That is Nazism in practical opera-
tion.

The Nazis and the monster that
leads them are now seeking to
spread their sway over the earth.

Already they have subdued most
of the nations of Europe. For a year
they have been bending every en-
ergy to destroy the second greatest
democracy on the face of the earth,
Great Britain.

Recently, to accomplish this pur-
pose, they seemingly turned aside
to subdue a former ally, Russia, the
most populous and powerful country
left in continental Europe.

Hitler and his hordes hate de-
mocracy with an undying hatred.

If they should succeed in crushing
Russia and destroying Great Britain,
confiscating and turning to their
own use the wealth and the resources
of these two great countries, who
can believe that Hitler and his
hordes of murderous marauders
would then be content to let Amer-
ica alone—America, the most pow-
erful exponent on earth of demo-
cratic principles?

We must help Britain to win this
war—we say it again as we have
said it many times before—or we
will then find ourselves in a verit-
able life and death struggle with
this blood-thirsty and insatiable
monster.

Knights Return From Central Texas Trip

Mr. and Mrs. George Knight re-
turned Sunday from a ten days trip
which took them as far away as
Corpus Christi but included stops
at Brownwood, Lampasas, Austin,
San Antonio, and Pleasanton.

George says that they stayed with
kin folks every night and ate off of
kin folks every day they were gone,
and that he had the time of his
life.

The first stop out was Brown-
wood, where they visited with a
cousin, G. D. Holbrook, deputy state
superintendent in this section for
two or three years, with headquar-
ters at Lubbock.

Then they went down to George's
old home town, Lampasas, the place
where he was born, but George says
he was unable to find the exact spot
or the house. Although he has been
selling and driving Ford cars, Chev-
rolet cars, Plymouth cars, and the
Lord only knows how many other
makes, and has been gallivanting
around over the country at top

speed for the past thirty years or
so, George says this was the first
time he had been back to Lampas-
as since he left it fifty years ago.
Didn't explain why he had never
gone back. But, chaperoned by his
wife and his cousin, he made bold
to go by this time. He says the old
town was just exactly the same as it
was when he was a kid, only it had
gotten slightly older. And the big
bridge that spanned the river had
swunk up. The fields had swunk up
too. George swears that he can not
understand how the folks can make
a living on their dinky little old
patches. George had attended school
in Lampasas with Tom Price of

In view of conflicting reports
from the Germans and the Russians
it is difficult to draw any intelligent
conclusion as to whether the
smashing of the Russians armies is
imminent or not; but the warnings
being issued by President Roosevelt
and Acting Secretary of State Sum-
ner Welles would indicate that they
fear the worst. If Russia should be
crushed, then the German armies
doubtless would turn to the South
in an effort to take the Suez Canal
at the east end of the Mediterran-
ean, and an all-out German assault
would be made upon Gibraltar at
the west end. All this thrust, if
successful, would be fatal to Great
Britain, seemingly, and our turn
would most positively be next. In
this situation it does seem that it
would be foolish to be sending
draftees back home at this stage of
the game.

Announcement has been made by
Governor O'Daniel that his daugh-
ter Mollie will be married to one
Mr. Wrather, a Tyler oil man, on
July 31. All Texas is invited to the
wedding, but those intending to ac-
cept the invitation are requested to
notify the Governor in advance,
otherwise they may not be able to
get a piece of the wedding cake. It
is believed that the Governor will
relinquish the governorship soon
thereafter and leave for Washing-
ton to be sworn in as U. S. Senator
from Texas. Well, here's wishing
Mollie a most happy married life
and her dad a sane and harmless
year in the Senate.

They are going to change the
name of Possum Kingdom Lake
near Mineral Wells to Morris Shep-
pard Lake. Guess the change is O. K.
While Possum Kingdom is very
suggestive yet it probably would be
more appropriate as the name of
some body of water over in the per-
simon belt, while it is most fitting
that any body of water anywhere
should be named for Morris Shep-
pard. He was a great believer in wa-
ter. He drove the water wagon in
this nation for many a year. Morris
Sheppard Lake it shall be.

FSA Purchasing Association Is Organized Here

Fifty Farm Security Families in
Lynn County met Saturday, July
19, and organized the Lynn County
Cooperative Purchasing and Market-
ing association. This association is
made up of F. S. A. families only.
Thirty F. S. A. families have al-
ready placed their membership in
the association, others are expected
to join soon.

Mr. Claude L. Brown was elected
president, Mr. Eli J. Hewlett vice-
president, and Mrs. Roy L. Williams
secretary-treasurer. Other members
of the board of directors include
Mrs. James L. Parks, Walter E. Du-
bree, Willie G. Neiman, and Mrs.
Durwood W. Hancock.

The board of directors have al-
ready submitted bids to local mer-
chants to purchase fruit jars.

Members of this association plan
to use the association all during
the year in making group purchases
such as canning equipment, fruit,
farm machinery, livestock, etc.

MRS. TUNNELL ATTENDS SCHOOL MEET AT POST

Mrs. Lenore M. Tunnell, county
school superintendent, attended a
meeting of the school trustees of
Garza county in Post last Saturday
afternoon.

Speakers for the occasion were
Deputy State Superintendent E. E.
Day of Lubbock, who discussed the
new rural aid law; and John Olsen,
director of the census, of the State
Department of Education, who dis-
cussed Transfers, the 12-grade
school system, and census enumera-
tion.

Mr. and Mrs. F. A. Wyatt and
the former's mother, Mrs. J. H.
Wyatt, left last Thursday for Port
Arthur, where they are visiting the
former's brother and the latter's
son, J. W. Wyatt. Mrs. J. H. will
accompany her Port Arthur son on a
visit to Georgia, while F. A. and
wife are vacationing at Glen Rose.

Mrs. Thurman Saulsberry of the
Lakeview community underwent an
operation for appendicitis in a Lub-
bock sanitarium early last week.
Last reports were that she was re-
covering satisfactorily.

Post and Tom Preston of Midland
as a barefoot boy fifty years ago.

Well, to make a long story short,
they went on to Austin and visited
another cousin, Senator J. T. Hol-
brook, who represented Galveston in
the state senate for many years and
who now owns a lot of that property
around the state capitol; he doesn't
own the capitol yet. Any way, he and
G. D. showed George and Mrs.
Knight a dandy time.

Then they went on to San An-
tonio; and you can imagine how
George enjoyed old Santone. He had
a brother there whom they visited.
And Mrs. Knight had a brother at
Pleasanton, thirty miles or so furth-
er south; and George had a couple
of nephews at Corpus. George ad-
mits that he didn't fish none but
that he et a lot.

When his kin folks played out,
he lit out home; didn't even come
by Killeen to see Mrs. Knight's old
home town. All the kin folks had
moved away, no doubt.

Hurried back home, and when he
got here, wished he had stayed
longer.

NYA Applications Should Be Made Now

LUBBOCK, July 22.—Students
who expect to attend Texas Tech-
nological College for the coming
year, and who will need N. Y. A.
employment in order that they may
earn a part of their expenses, should
place their applications for N. Y. A.
work immediately. Funds have again
been provided by the United States
Congress, and it is anticipated that
the allotment to various colleges
will have been completed by the
first of August.

In order that individuals may get
consideration for such employment,
it is important that they make ap-
plication promptly, so that their
claims for need of employment may
be verified and appointments made
as promptly as possible. Applicants
should write to the Dean of Men or
the Dean of Women, asking for
blank forms on which to apply.

Last year the allotment of N. Y.
A. students to the college was 330
students. These students earned
from \$10.00 to \$15.00 per month.
Over a period of three years the av-
erage earning per month of N. Y. A.
students was slightly in excess of
\$13.60 per month. N. Y. A. employees
do all kinds of work about the insti-
tution such as shop, clerical, office
work, and other jobs which students
can do without interfering with
their classroom work.

The application form for N. Y. A.
work provides space for the stu-
dents to report the kind of work they
are capable of doing, and as far as
possible, students are assigned to
work at the college which will be of
value in acquiring vocational expe-
rience which will be helpful to them
after graduation.

It is important that those stu-
dents who will need N. Y. A. work
should make their application at
once, so that they may receive con-
sideration.

After visiting the family of J. L.
Reese here for a week, Sylvester
Reese and his aunt, Mrs. F. M.
Weich and daughter of San Antonio
left Friday, accompanied by Syl-
vester's mother, Mrs. J. L. Reese.
Mrs. Reese accompanied them as far
as Gatesville, where she was to
visit relatives, and Sylvester return-
ed to his work as advertising man-
ager for the Robstown Record. Mrs.
Reese returned home Tuesday of
this week.

C. N. Woods Makes Eight-State Trip

Mr. and Mrs. C. N. Woods re-
turned last week end from a 3500-
mile trip through eight Rocky
Mountain states. They were accom-
panied by Mr. and Mrs. Joe Rob-
erts and daughter and Miss Lola
Belle Johnson, all of Abilene. Mrs.
Roberts and Miss Johnson are sis-
ters of Mrs. Woods.

The party visited much of the
scenic sections of Colorado, Wy-
oming, Montana, Idaho, Utah, Ari-
zona, and New Mexico, in addition
of course to a part of Texas. They
visited Yellowstone, Grand Teton,
Bryce Canyon, and Grand Canyon,
among other places of scenic inter-
est.

Mr. and Mrs. Gilbert Lamb of
Abilene, Mr. and Mrs. Dan Single-
ton of Lamesa, and Mr. and Mrs.
C. C. Hoffman and small daughter,
Helen Jean, of O'Donnell, were vis-
itors in the home of Dr. and Mrs.
J. R. Singleton Sunday.

R. H. Grubbs Jr., son of Mr. and
Mrs. R. H. Grubbs Sr. of Three
Lakes, was home on a three-days
furlough last week visiting his pa-
rents and friends here. He is sta-
tioned in the army camp at Fort
Sill, Oklahoma.

PRIDE OF OWNERSHIP

There's a Pride of Ownership that comes from knowing you have made a wise investment.

You've probably heard it said that a life insurance company makes money when policies lapse. . . . But the truth is, the longer policies remain in force, the lower are the costs of operation for the insuring company. . . . Conservation of business means reduction in the lapse ratio. . . . and the lower the lapse ratio, the lower the cost of insurance to the investing public.

Southwestern Life enjoys the lowest lapse ratio of any legal reserve (old line) life company, doing business in Texas. . . . That is why more than 150,000 Texans, able to fill their insurance needs at the lowest of costs, have a right to feel a Pride of Ownership.

THE LYNN COUNTY NEWS—TAHOKA, TEXAS

School Transfer Law Explained

Any child lawfully enrolled in any district or independent district may, by order of the county school superintendent, be transferred to the enrollment of any other district in the same county, upon a written application of the parent or guardian or person having lawful control of such child, filed with the county superintendent; provided, that any district being dissatisfied with any transfer made by the county superintendent may appeal from such action to the county board of trustees of said county, who shall have the right to annul or cancel the transfer allowed by the county superintendent.

The order of the county school superintendent transferring a child from one district to another shall be in writing.

Persons over eighteen years of age can not be transferred.

Transfers can not be legally made after August 1.

When application is made to the county superintendent in the time and manner explained above, it is

Lieut. James Minor And Marian Mason Married At Post

Miss Marian Lee Mason, daughter of Mr. and Mrs. Marshall Mason of Post, became the bride of Lieut. James L. Minor, son of Mr. and Mrs. John Minor of Tahoka, in the home of the bride's parents last Sunday morning at 8:30 o'clock. Dr. J. M. Bradford of Brownwood officiated in the double ring ceremony.

Rites were said before a background of greenery and tall baskets of daisies, lighted by tapers in pedestal candelabra.

Miss Mae Weakley of Post offered Wagner's Bridal Chorus from "Lohengrin" as the processional after rendering several other piano selections.

The bride wore a formal wedding gown of white marquisette over taffeta, and carried a bouquet of white gardenias and lilies of the valley. For tradition's sake, she carried a handmade handkerchief belonging to a friend. Her only attendant was her cousin, Mrs. J. G. Stacy of Levelland, who wore a pink marquisette gown and pink roses in her hair.

The bridegroom was in dress uniform. He was attended by his brother, Max Minor.

After an informal reception at which the bride cut the three-tiered cake with the bridegroom's saber,

mandatory on the county superintendent to make the transfer. He has no discretion in the matter.

Appeals by local boards to prevent transfers to be heard by the county board of school trustees shall be filed prior to August 6.

If a pupil's grade is taught in his home district, he must pay all tuition and transportation to another school district.

A transfer is not required to be made to the next adjoining district teaching the pupil's grade when the transfer is made because the pupil's grade is not taught in his home district. It is better that the transfer be made, however, and then the per capita apportionment will be paid directly to the receiving school.

Transfers may be made from one county to another provided the districts are contiguous, if it is shown the county superintendent that the school in the district in which such a child resides, on account of distance or some other uncontrollable and dangerous obstacle, is inaccessible to such child.

Transfers may not be made from one county to another unless the counties join.

Trustees of common school districts may pay tuition for a child whose grade is not taught in the school district for his attendance on schools of another district.

The State will pay the tuition and transportation of a transferred pupil only if the home district is a state aid district.

Because of the many, many requests for information about transfers, I have asked that the general laws regarding transfers be put in the papers so all may read and study them. If there are still questions about transfers, this office will try to help solve the problem satisfactorily.—Mrs. Lenore M. Tunnell, county school superintendent.

GRASSLAND H. D. CLUB HELPS RED CROSS

The club devoted Tuesday afternoon to work on over a hundred yards of cloth to be made into infants' clothes for the Red Cross. The garments not finished were distributed among members for later completion.

The meeting was in the home of Mrs. R. E. Appling, who, after several hours of work was finished, served delicious refreshments to Mesdames A. L. Shepherd, Carl Greer, V. V. Laws, G. C. Watson, Tom Brown, and R. A. Ferguson.

JUNIOR ENCYCLOPEDIAS GIVEN TO SCHOOLS

Mrs. Lenore M. Tunnell, county superintendent of schools, asks the News to announce that five elementary schools of Lynn county have each been given one set of the Junior Encyclopedia Britannica by Sears & Roebuck.

The schools are Gordon, Grassland, Edith, New Lynn, and Dixie.

The couple left for a short wedding trip. Following the honeymoon, the couple will be at home at 606 Third Street, Brownwood, where Lieut. Minor has been stationed at Camp Bowie since last November.

The bride's traveling costume was a brown and beige jacket dress with matching accessories and a corsage of gardenias.

The bride is a graduate of Post High School. She attended Texas Technological college for two years, where she served as vice-president of the Las Chapparritas club; a member of the Women's Inter-club council, the Junior Council, and was elected three times as representative to the Association of Women Students. She was secretary-treasurer of the Sophomore class and was crowned queen of the annual class Hodge-Podge dance.

Lieut. Minor is a graduate of Tahoka High school and of Howard Payne college. During high school and college days he won state-wide recognition as an outstanding football and track star. He won three letters in football and three in track. In 1937 he was included on the official All-Texas conference team and given honorable mention in the Associated Press "Little All-American" team. In his senior year Lieut. Minor received the Vinson Athletic award offered annually to the athlete with the highest scholastic standing. His grades were highest of any member of the senior class. He served as president of his freshman, sophomore and junior classes and was president of the student body his senior year. He was voted by his classmates "the most representative of the student body."

Lieut. Minor had begun the study of law at the University of Texas when he was called into the U. S. army along with other reserves.

The bride was honored with a series of social events in Lubbock and Post following the announcement of her engagement.

Members of the family who attended from Tahoka were Mr. and Mrs. John Minor, parents of the bridegroom, Mr. and Mrs. A. J. Minor and Mr. and Mrs. Cleve Barrington.

Mrs. Elliott Delighted With USO Campaign

Lynn county was the first of the counties of the entire Nineteenth congressional district to send in its full quota to headquarters in the recent USO campaign, according to Mrs. J. W. Elliott, who is co-director with Dr. Clifford Jones of the Texas Tech of the USO set-up for this district.

Mrs. Elliott says that both she and Mrs. Irvin Stewart, chairman for Lynn county, had exceedingly complimentary letters from Judge C. C. Thompson of Colorado City, congressional district chairman, for the distinction that Lynn county enjoys by reason of this accomplishment. Not only did Lynn County send in, on time, her full quota, but she exceeded her quota by more than fifteen dollars.

Mrs. Elliott, who is a member of the state executive board by appointment of E. B. Germany of Dallas, the chairman, and who is one of the two directors for this district by appointment of Mr. Thompson, says that she is authorized to speak for these officials as well as for herself in congratulating Mrs. Stewart and her co-workers for the fine work that they did in this campaign and also in thanking every donor in the county for the contributions.

Every smallest community in the county, she says, had its part in this achievement. She gives all the credit to Mrs. Stewart and her co-workers, and to those many individuals and organizations that gave so generously.

Mrs. Elliott says that when the movement was being inaugurated, four women, she and Mrs. Stewart, Mrs. J. K. Applewhite, and Mrs. Fred McInty, attended the district-wide meeting in Lubbock and that Mr. Thompson told the body at that time that he was counting on Lynn county because it was represented by four women. They did not fail him.

Mr. and Mrs. T. T. Garrard returned Tuesday from a trip to Taos and Eagle Nest, N. M., and to Pike's Peak.

Mrs. A. C. Bennett and two children of Dallas are here this week visiting Mrs. Jack Alley.

FIRST BAPTIST CHURCH

Air cooled for your comfort.
Come to the First Baptist Church and enjoy the fine song services and the Preaching hour as well as the Sunday School and the Training Union.

We are having good services, and are planning for better services all the time. We would like for you to come and enjoy them with us.

The Baptist Brotherhood is looking forward to August 17, when it will have the privilege of hearing Dr. T. R. Havins of Howard Payne College in a Layman's revival which will continue until the Church revival starts August 22. Men, make your plans to come and hear this great man and good speaker these few nights that he will be here. Dr. Havins has been teaching in Howard Payne College for several years and received his Ph. D. this spring from Texas University. He is a great layman and believes in carrying the Gospel to every one. He will be here only a short time, so men, make your plans to hear every lecture.

The R. A.'s will meet tonight (Friday) at the Church. All boys between the ages of 12 and 17 are urged to come for an hour of fun, organization, and refreshments. The time, 8 o'clock.

Program for the week:

Sunday

Lightning Strikes Twice In Same Place

There is an old saying about lightning never strikes twice in the same place. The people of the Pride community are convinced that there is nothing to it.

On June 15, lightning struck a church at that place, knocked a hole in the roof, another in the ceiling, and plugged two holes in one wall, one just above each window.

The insurance company which had issued a policy on the building was notified, an adjuster went out and made an adjustment, all the damages were repaired, and everything appeared to be hunkadory.

Just thirty-three days after the first lightning stroke, on July 18, to be exact, another bolt of lightning struck the roof of the same building, knocked a hole in it at almost exactly the same spot, knocked another hole in the ceiling, and did almost exactly the same damage as was done by the first bolt. And now the insurance company is making good, the damage for a second time.

Mrs. Forrester of Tahoka is the agent who had written the insurance policies, and Miss Obera Forrester of the local office is the lady who gave us this story.

That pastor at Pride had better have the church moved over a little if he wishes to hold his congregation.

Tahoka Families Attend Reunion

Among Lynn county people who went down to Neff Park on the line of Bell and Coryell counties to attend the reunion of the Tippit and Moore families last week were T. I. Tippit and family, John Thomas Tippit and family, Pete Tippit and family, V. L. Botkin and family, and Mrs. J. L. Reese.

The reunion was held Sunday. Many families in Coryell and other counties meet there each year in a great reunion. All of the families going down from Tahoka had not returned the middle of this week, with the exception of the V. L. Botkin family, who remained for a longer visit.

T. I. Tippit, who called at the News office Thursday, reported a wonderful reunion.

METHODIST CHURCH

Sunday morning sermon topic is "A Friend In Need".

We will also have with us the Youth Caravan, who will assist in teaching in the Church School and will have a part in the worship services, morning and evening.

May we welcome these young workers as they come to us for a week's program of inspiration, information and good fellowship with our local youth. Every young person in the Tahoka community who would like to meet these young people are invited to come to the Methodist Church Saturday evening for the welcoming program.

Mornings next week will be busy ones for our youth and each evening at 7:30 we will meet for study to prepare us to better carry on the work of youth. There will be some of our neighboring young people with us in these meetings. We expect some from Lamesa, Draw, Dixie, Wilson, T-Bar and New Lynn. There may be other young people also. We invite the youth of other churches in Tahoka to visit with us next week at any of these services.

We appeal to our Adults to visit these meetings and to help entertain these youth. They are leading youth in their respective communities and colleges who are giving their time to this service. Any courtesies that merchants may offer them will be appreciated as they have to work without salary. Only the bare traveling expenses and meals are furnished them by the churches they visit.

Mrs. Odean Millman and baby Dwayne of Pampa visited here Sunday and Monday in the home of Mr. and Mrs. J. F. Millman.

Sixth XIT Reunion Scheduled Aug. 4-5

DALHART, July 23—Entertainment for the Sixth Annual XIT Ranch Reunion in Dalhart August 4-5 will really start Saturday night, August 2, in order to take care of the early comers.

Three old-time organizations annually meet in Dalhart on XIT Reunion dates. One is the XIT Association, parent of the reunion and open only to men and women who once worked on the 3,000,000-acre spread that Texas in the 1880's traded for its \$3,000,000 red granite capitol in Austin.

Another is the Old Trail Drivers of the Southwest; and the third is the Texas-New Mexico-Oklahoma Cowboys Association, known as the TNO.

Many of the pioneer members of these organizations, and other old-timers, drift into Dalhart a day or two early to have a little more time to look up old acquaintances, renew friendships and swap yarns. And lots of the youngbloods come along.

Major Saturday night attractions will be the dances. Three top-flight orchestras have been secured for the reunion—the Light Crust Doughboys of Fort Worth; the Melody Males of Amarillo; Lasswell's Playboys of Dalhart.

The Dalhart Square Dance club, in the new Legion hall, will be host to all old-timers Saturday night and each night of the reunion. Any old-timer with a badge from any one of the three pioneer organizations will be admitted free. Only old-time steps will be danced.

The annual Memorial Service, paying tribute to the West and all the sons and daughters, passed and present, will be held Sunday night, August 3. Dr. J. A. Hill, president of West Texas State College at Canyon, will be the speaker.

Each reunion morning there will be band contests, maneuvers, massed concerts and the XIT parade. The professional rodeo, attracting top hands of the Southwest Rodeo Association and the Rodeo Association of America, will be held at 2 p. m. daily. A cowgirl sponsor contest, and an all-girl roping event will be standout attractions.

Brodbeck & Schrader shows will be here with rides only—but plenty of 'em—for the kiddies.

A little item written for the paper last week mentioning the departure on Wednesday of Rev. J. P. Durham of Shreveport, Louisiana, and his granddaughter, Mateel McKeehan of Fayetteville, Arkansas, who had been here for several weeks visiting Dr. K. R. Durham and family, through some mishap failed to make its appearance in the paper. They were accompanied home by Margaret Durham, daughter of Dr. and Mrs. Durham, to visit at Shreveport and Fayetteville through the remainder of the summer.

Mr. and Mrs. Raymond DeBuck of Cross Plains visited here on Thursday of last week in the home of Mr. and Mrs. H. M. Snowden. They were returning home from Springer, New Mexico, where they have extensive ranch interests. Mrs. DeBuck is a sister-in-law of Mrs. Snowden, being the former Mrs. C. A. Cowan. She was formerly a teacher and taught at T-Bar in this county a year or two not many years ago.

Editor And Family Getting Fed Up

Friends have certainly been thoughtful of the editor and family the past few days. They have been feeding us.

First came Mr. J. H. McNeely with a big assortment of squash; then came Mrs. Jack Mathis from out southeast of town with some corn; next was Mrs. J. C. Godwin with a variety of vegetables, and lastly the Charley Lathams with another assortment. Also came some carrots and okra from Misses Mary Elizabeth Preston.

It all helps to make the editor fat.

Elder Drennon's Notes

By request I will pen a few notes. We sure enjoy reading the News, even if Editor Hill will not tote fair with our friend O'Daniel.

The weather is real hot here at late but we have no reason to complain as June was the coolest in years. July is supposed to be the rainy month but they have all been rainy this year. I think we have had about twenty six inches of rain thus far this year, while the average is fourteen to sixteen.

The grass is sure fine and also the fruit crop in the valley. I visited an orchard yesterday where some ten or fifteen bushels of peaches had rotted because of a lack of demand. One of the drawbacks of raising a fruit crop here is the lack of marketing facilities. I wish some way was provided by which the waste crop could be gotten to the needy, and they are many.

I got a little hot under the collar one morning last week when a wolf came up and got one of my fine pullets while I looked on. So the wolf has finally reached our door in person.

From reading the News it seems that Tahoka is going forward in a fine way. I still think Tahoka is one of the cleanest and best towns we have labored in.

New Mexico does not suit me as well as Texas for several reasons; one is the saloon, another is the high taxes, and the main one is the way people treat the Lord's day. I went down in the Valley yesterday afternoon, (Sunday), and every place we visited but one they were working in the field. I still believe that the Lord's day should be respected and observed properly.

Yours for more people who will realize that the Stars and Stripes stand for duties as well as for privileges.—R. P. Drennon.

Lee Dodson and Joy E. Brown of Fort Bliss were here during the week end visiting friends and relatives. Mr. Dodson took his car back with him. Lee says that he will likely be transferred to Denver soon. His official capacity in the army at this time is the interviewing of new draftees.

Rev. and Mrs. J. M. Hale of Beaumont are visiting in this section, and the minister was greeting friends in Tahoka Monday. He was formerly pastor of the Brownfield Baptist Church but for the last several years he has been pastor of the Magnolia Street Baptist Church in Beaumont.

Mr. and Mrs. J. L. Heare left Saturday to spend the next six weeks up at their summer lodge at Eagle Nest in New Mexico. Joe expects to break all records as an angler for mountain trout during the next few weeks. Mr. and Mrs. Heare and Mr. and Mrs. W. O. Thomas will be close neighbors up there.

Robert Maddox of Camp Bowie was a recent visitor here with his parents, Judge and Mrs. B. P. Maddox.

Miss Inez Sanders, who is employed in Lubbock, is here spending the week with her parents, Mr. and Mrs. D. Sanders.

Oklahoma Family Moves To Tahoka

Mr. and Mrs. Horace Blackburn and little daughter, Joyce Bernice of Madill, Oklahoma, arrived early Sunday morning to make their home in Tahoka. Mr. Blackburn had accepted a position with the A. L. Smith Food Store and he went to work Monday morning.

Mr. Blackburn has been in business in Madill for the past ten years but sold out and came to the Plains for the benefit of the health of his wife and little daughter, who have been suffering from asthma. On a previous visit to this section of the state, both the little daughter and Mrs. Blackburn, found much relief, and hence their decision to try this climate.

"Horace Blackburn, who operated a grocery store in Madill the past ten years", says the Madill Record in a recent issue, "is well known throughout Marshall county for his high type of character, his church and civic work, and his fair business methods. . . . He is a deacon in the First Baptist Church here, has served as superintendent of the Sunday school, and has been active in work of the church for a number of years. He is retiring president of the Madill Rotary Club, served the Chamber of Commerce as president three years, and has been secretary-treasurer of the Highway 70 association ever since its organization.

The Blackburns leave a beautiful home in Madill. They are occupying the former Walter Anglin home in Northwest Tahoka recently vacated by Mr. and Mrs. W. H. Fulkerson, who recently purchased and moved into the former D. A. Parkhurst home here.

Tom Draper of Fort Bliss, El Paso, was a recent visitor here with his parents, Mr. and Mrs. I. M. Draper of Midway, and other relatives.

Mrs. Marie Sanders of Corpus Christi came Friday to spend a few days here visiting her mother, Mrs. Pearl Brown, her brother Frank, and other relatives here.

Mmes. Leo and Neely Brooks went to Perryton over the week end to visit their husbands, who are engaged in hauling wheat.

Miss Jo Alice Brooks of the Clovis Memorial Hospital spent last week end here with her mother and sister.

Tom Garrard was a business visitor to Odessa Friday and Saturday.

Mrs. G. E. Hogan came up from Big Spring last week to spend an indefinite time here visiting with

friends. Mrs. Hogan lived here a number of years and her friends are many. She is in far better health

than she was when she left here two or three years ago.

Fighting for a New Europe

By sea, by air and by land, the Allies—Australians, Belgians, the British Commonwealth, Czechoslovaks, Free French, Greeks, Luxemburgers, Netherlands, Norwegians, Poles and Yugoslavs—fight side by side in their struggle for freedom and against forces that now have many of the nations of the world under their domination. Above, a Pom Pom crew of the Polish destroyer Piorun mans a gun against raiding dive bombers. The Piorun, first to contact it, was cited for its action against the Bismarck.

T-Bar Sponsors Book Review At O'Donnell

The T-Bar Club is holding its meeting in the High School Auditorium in O'Donnell Friday afternoon at three, we are informed, and the program will consist of a book review to be given by Mrs. Lenore M. Tunnell. The meeting will begin promptly at three o'clock and the public is invited. Mrs. Tunnell will review "In This Our Life", by Ellen Glasgow.

Mr. and Mrs. Verner Smith and Miss Mary Seroyer left Wednesday to visit Mr. and Mrs. B. H. Baker at San Angelo and to spend a few days fishing in the Concho. The Bakers, whose home is at Clovis and who visited here last Sunday, returned to San Angelo instead of Clovis, as stated elsewhere in this paper, following their visit here.

B-PW Hold Picnic In Lubbock Park

The business and Professional Women's club attended a picnic in Mackenzie State Park Tuesday night. A picnic supper was spread and some of the ladies went swimming later.

Those who attended were Mesdames Pauline Campbell of O'Donnell, Lois Daniel, J. W. Sinclair, A. J. Minor, Helen Eubank, Myrtle Rochelle, Hattie Server and Ethel Calahan.

BAPTIST W. M. S.

To engage in the study of mission books the Baptist W. M. S. met in three circles with 18 present last Monday afternoon. In the home of Mrs. George A. Dale, Mrs. K. R. Durham taught the book "Stranger Within Our Gates".

Sallee Circle met in the home of Mrs. J. K. Woosley with Mrs. E. I. Hill substituting as teacher of the book "Modern Macedonia".

Mrs. W. H. Kenley, who was hostess to the Lunsford Circle also taught the book, "Modern Macedonia".

Those attending Monday's meetings included: Mesdames Dale, Durham, Alice Fartenberry, Carl Owens, Garland Pennington, A. L. Smith, Kenley, Coy Fielder, Melvin Rathel, Everton Nevill, P. A. Nowlin, Woosley, Hill, C. T. Oliver, W. O. Robertson, Pledger Coleman, a visitor and former member, Mrs. G. E. Hogan, now of Pharr, Texas, and Miss Mary Seroyer.

J. H. Harrison of Winchester, California, came on Thursday of last week for a visit of several weeks here with his mother, Mrs. Laura Harrison, and other relatives, arriving just two days before his mother fell and sustained serious injuries.

"Well, my boy, what did Santa Claus bring you?"

Call Three Men For August 13

There will be a call for three white men for service under the Selective Service Act on August 13 and a call for one colored man on August 28, according to Mrs. Lois McMahon, clerk.

One colored man has volunteered, William Andrews, but he has been transferred to Fort Worth and will be sent from there.

Office hours here have been changed. The office will close one hour earlier each afternoon except Saturday when the office will be closed all afternoon.

For five days in the week, office hours will be from 8:30 A. M. to 4:30 P. M. Office hours on Saturday will be from 8:30 to 12:00 noon.

O'DONNELL GIRL BECOMES BRIDE OF JACOB KING

Jacob King of this city, son of Mr. and Mrs. Jacob King Sr., and Miss Ruth Williams of O'Donnell, drove over to Post on Wednesday, July 9, and were united in marriage, the justice of the peace there officiating.

It was several days thereafter before Jacob told his parents, and the news failed to get around to this office until too late for publication last week.

The couple have an apartment in the Kaddatz residence in this city.

Jacob has been employed until recently in the Tahoka Bakery. He is an industrious and deserving young fellow. He was a senior last year in the Tahoka high school but did not quite finish the work for graduation.

The bride is the daughter of a widow who resides in O'Donnell and up to the time of her marriage she had been doing practice work for several weeks in the telephone office there preparatory to becoming an operator.

This popular young couple have the best wishes of many friends.

BRIDAL SHOWER GIVEN MRS. LITTLEPAGE

Honoring Mrs. Walthall Littlepage, the former Johnnie McClintock, the Ruth Sunday School Class of the Baptist Church assisted by Mrs. Alex Nevill, gave a bridal shower in the home of Mrs. D. V. Smith last Friday afternoon. A variety of cut flowers beautified the reception suite while the national colors were appropriate reminders of the connection of Mr. and Mrs. Littlepage with army life in San Antonio.

Several lively games were played, including the composing of ten-word telegrams to the bride. Many beautiful and useful gifts were received by the hostesses who sent them to the bride. Mrs. Alex Nevill presided at the punch bowl. Some forty or fifty guests called.

Mrs. A. E. Carter returned to Paducah Thursday after spending a few days visiting her sisters, Mrs. A. J. Minor and Mrs. Curtis Stevens. She will sell her beauty shop in Paducah and move to Beaumont, where her husband is working in the Navy Yard, immediately on her return home.

Mrs. G. A. Edwards is in Houston visiting her daughter and a new grandchild which recently came in to the family.

Judge G. C. Grider of Comanche is visiting here this week.

Wilson Seniors Make Long Trip

The Wilson High School Senior Class returned Monday, July 21, from what they report the best trip of its kind ever sponsored by the school. They were gone eight days and traveled 1776 miles.

Those who made the trip were James Crews, Louis Shambeck, Truett Hannabas, Ray and Orville Maeker, Albert Holder, Dick Cade, Howett Wilson, Carlton Shaffner, Laverne Ahrens, Frances Schneider, Marjory Key, Edith Masten, and S. G. Anthony. The bus was driven by J. L. Hyde.

Interesting experiences on the trip included two nights and one day in and about San Antonio where the party had good swimming, saw the zoo, and three of its animal performances which the park sponsors now. They visited the Alamo, the Buckhorn, and Randolph Field.

From San Antonio the party went to the Rio Grande Valley, and stopped at Brownsville where they spent two nights and one day. Interesting things about Brownsville were the citrus fruit orchards, Fort Brown, Matamoros, Mexico; the man-made shipping port; Boca Chica Beach, and all the Spanish tinge. Matamoros, one mile from the international bridge at Brownsville, was the most interesting sight of the whole trip.

Mr. Bob Sledge of Brownsville is a personal friend of Dick Cade's family, and he and his wife speak Spanish fluently. Mrs. Sledge accompanied the party to Matamoros, taking care of their passage at the customs house where Mr. Sledge is employed, and directed the party over the city of Matamoros. The most interesting things were the market place and the cemetery. The cemetery is old, and has tombs that the well-to-do may rent as long as they can pay the rental charge. Over a bluff toward the poor people's burying ground was seen many human bones and some expensive metal caskets that had been taken from tombs because the rental charges were paid no longer.

Two nights and a day were spent on the Mustang Island, seven miles from Aransas Pass. When the party landed over there from the ferry there was quite a bit of commotion out on the end of the fishing pier. A man had caught a 500 pound shark with a rod and reel and had been wrestling with it for half an hour. After another half hour he persuaded it to come to the pier and some of the Wilson boys got the thrill of helping land it with grab hooks. Good swimming and a long boat ride into the deep water were interesting at this place.

Turning toward home from Mustang Island, the party came by Austin, where they explored the Capitol and looked over the University grounds, then drove to Fredericksburg Park for the last night out. There they had good swimming again and a good playground.

All cooking and sleeping was done outside, in trailer parks, city parks, and on the beaches. Three super deluxe fish fries were conducted, with large trout the victims of fifteen sharp appetites. Pint cartons of ice cream, pies and cakes, iced tea, lemonade, bacon and eggs, black coffee, pork chops, steak and gravy, and other fine foods helped to make the trip enjoyable.

Besides a class fund of \$138.60 that had been accumulated to pay for the school bus at eight cents per mile, the cost per student was \$7.25 for the eight days of travel, eating, and entertainment.

Band Practices Are Held On Tuesdays

Refreshments will be served to members of the Tahoka Band at its regular practice at the school building next Tuesday night by the director, John Hamblen, and his wife. All students who play instruments are urged to be present.

Band practice is being held each Tuesday night at 8 p. m. Two sessions of practice have been held in as many weeks. Mr. Hamblen says, there being 26 present the first night and 22 the second.

There are about sixty-five students eligible for the band that already play instruments, he says, but many of them have been away on vacation trips or have been working and couldn't attend practice. However, he urges that these boys and girls make an effort to attend the remaining practice sessions of the summer.

Mr. and Mrs. Henry Fry of Ada, Oklahoma, came Thursday for a visit with Mr. and Mrs. R. C. Wood. Mr. Fry is Mrs. Wood's nephew. The visitors are planning to leave today.

Retail Merchants To Elect Officers

Tahoka Retail Merchants Association will hold a membership meeting next Tuesday afternoon at which time new directors will be elected for the coming year, it was decided at a meeting of the board one day this week. The meeting will be held in the district court room.

The present board is composed of Kirk Pitts, A. L. Smith, E. H. Boulton, Frank Hill, Al Lehman, J. K. Applewhite, and Wynne Collier. Claude Donaldson is president of the body and Miss Viola Ellis is the secretary.

All members of the organization are urged to attend the meeting.

Mr. and Mrs. R. L. Harris and three grand-daughters of Corsicana spent last weekend here with Mr. and Mrs. C. A. Thomas.

Mr. and Mrs. W. S. Skiles and son Billy of Dallas came Wednesday to spend a few days here with Mr. and Mrs. C. A. Thomas.

"The boat was sinking. The skipper rushed into the crowd of scared passengers. 'Who among you can pray?' he asked them.

"I can," said a minister. "Then pray, mister," ordered the Captain. "The rest of you put on life preservers. We're one short—Spokesman, Wichita Falls.

BOND QUIZ

Q. What is the reason for buying a Defense Bond?

A. To keep America free. To show your faith and pride in your country. To warn foreign dictators that the United States is the strongest country in the world.

Q. But if I do not have enough money to buy a Defense Bond, what can I do?

A. Buy Defense Postal Stamps, on sale almost everywhere. Your post office, bank, department store or druggist has them, or can get them for you at ten cents upward. Save enough stamps to exchange for a Defense Bond.

NOTE—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

Jerry Will, the nine-year-old son of Mr. and Mrs. Garland Cabe of Brownfield and grandson of Mr. and Mrs. D. Sanders of Tahoka, underwent an operation for appendicitis in the hospital in Brownfield on Wednesday of last week. He is reported to be making satisfactory recovery. The mother is the former Modelle Sanders.

CITATION BY PUBLICATION

The State of Texas.

To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon D. E. Marshall by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, Texas, on the first Monday in September, A. D. 1941, the same being the 1st day of September A. D. 1941, then and there to answer a petition filed in said Court on the 10th day of June A. D. 1941, in a suit, numbered on the docket of said Court as No. 1388, wherein J. R. Hicks, H. E. Hicks, Florence Alford and husband E. P. Alford, C. M. Hicks, Avon Parrish and husband Luther Parrish, are Plaintiffs, and Walter Williamson and D. E. Marshall are Defendants, and said petition alleging

Now comes J. R. Hicks, H. E. Hicks, Florence Alford and husband E. P. Alford, whose residence is in Scurry County, Texas, C. M. Hicks who resides in Roswell, New Mexico, Avon Parrish and husband Luther Parrish who reside in Algiers, La., hereinafter called plaintiffs, complaining of Walter Williamson who resides in Dallas County, Texas, and D. E. Marshall whose residence is unknown, hereinafter called defendants, and for a cause of action plaintiffs respectfully represent to the Court the following:

On the 1st day of January 1941 plaintiffs were, and still are, the owners in fee simple of the following described premises situated in the county of Lynn and State of Texas, and known and described as being:

All of the W 1/2 of Section 23 in Block "O", H. & O. B. Railroad Company Survey, containing 320 acres of land more or less.

On such day also, they were in possession of such premises, and afterwards on the 1st day of January 1941, the defendants unlawfully entered upon and dispossessed them from such premises and withholds from them the possession thereof.

Defendants have occupied and used such premises under such law-

Texans On Range Tour In Idaho

Texas ranchmen and AAA officials who attended the recent National AAA Range Conference and Tour in Idaho inspected range conservation work in that state and compared it with work done in their home state. Here Charles McCain, ranchman from Victoria, extreme left, is seen with M. C. Puckett, ranchman and state AAA committeeman from Fort Stockton; R. M. Evans, national AAA administrator, and Howard T. Kingsbery, ranchman and state committeeman from Santa Anna.

ful possession for a period of six months and the rental value thereof during such occupancy is \$1000.00, in which amount by virtue of such wrongs the defendants are justly indebted to plaintiffs; but, though repeated demand for the payment thereof has been made of defendants by plaintiffs, defendants have failed and refused, and still fail and refuse to pay the same, to plaintiffs damages in the sum of \$1000.00.

Wherefore plaintiffs pray that the defendants be cited to answer this petition, and that plaintiffs have judgment for the title and possession of the above described premises, for their damages, for costs of suit and for such other and further relief as they may be entitled to receive either at law or in equity.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Tahoka, Texas, this 8th day of July, A. D. 1941.

VISITORS HERE FROM GATESVILLE

John Hodges and family and E. C. Bauermann and family of Gatesville arrived Monday mid-afternoon and spent the night here with V. A. Botkin and family. The three ladies, Mesdames Hodges, Bauermann, and Botkin, are sisters.

The Hodges and Bauermann families were on their way to California to visit relatives and enjoy the scenery enroute.

Mr. Hodges reported an abundance of rain and fine crops down in Coryell and adjacent counties.

Mr. and Mrs. B. H. Baker and daughter of Clovis, New Mexico, visited during the weekend with Mr. and Mrs. D. V. Smith and Miss Mary Seroyer here. They had spent the past three months at San Angelo and were on their way home. Mr. Baker is a retired railroad man, and he and family are intimate friends of the Smiths and Miss Seroyer.

Mr. and Mrs. W. G. Forgy and daughter, Cynthia, of O'Donnell were Tahoka visitors Sunday.

on file in my office.

SOUTHWESTERN LIFE SHOWS LARGE BUSINESS INCREASE

An increase of approximately \$11,000,000 of insurance in force for the first six months of the year was reported at the regular quarterly meeting of the Board of Directors of Southwestern Life Insurance Co., according to word received here this week, from President C. F. O'Donnell of Dallas, by the local representative of that institution, Mrs. Gladys M. Stokes.

Southwestern Life now has approximately \$392,000,000 of insurance in force. The company operates only in the state of Texas and last year wrote approximately 14 per cent of the total business written in this State.

Miss Beryl Robertson, who recently accepted the position of assistant dietitian at the State Hospital for the Insane in San Antonio, writes to the home folks that she is delighted with her work. She is the daughter of Mr. and Mrs. W. O. Robertson of this city and recently completed the work for her B. S. degree in the Texas Technological college, having majored in dietetics. She began her work at the Hospital two weeks ago. Mrs. Robertson and the other daughter, Miss Edith, having accompanied her to San Antonio at the time of her entry.

Mrs. J. H. McCain of Sweetwater is here spending two weeks with her daughter, Mrs. D. Sanders, and family.

Mr. and Mrs. Loyd Cox of Lubbock spent the week-end here with her mother, Mrs. R. L. Gray.

THE PASSING OF THE Boomtown

Oil boomtowns exist today only in the movies. The old-time "gusher" wells are gone forever.

In the early days, as long as oil flowed, the boomtowns flourished. But soon the wells failed and the booms collapsed, carrying with them the income and security of those who had depended on them.

Today, through a sound program of conserving oil and gas, hundreds of Texas communities are enjoying a permanent type of petroleum development. Furthermore, because of conservation, we have the largest oil reserves in the world, one of our greatest assets for National Defense.

Oil now builds stable communities. It provides assured tax revenues and greater ultimate tax returns than were ever possible in boomtown days. And every citizen benefits from the income oil creates.

Conservation not only protects Texas oil resources. It also assures for many years the prosperity which oil brings to every community where it is found.

If you have the slightest idea you may be in the market for a new refrigerator—this summer, next summer, or two years from now—buy your SERVEL now! It's still the only automatic refrigerator with no moving parts in its freezing system. With nothing to wear, to make noise, to cause costly repairs, to lose efficiency and run up higher bills year after year. Still the only one that brings you finest modern refrigeration no matter where you live. For other Servel models operate on Bottled Gas, Butane, or Kerosene. And still the only one backed by an iron clad 10-YEAR GUARANTEE—at no extra cost. And you can still buy SERVEL on terms so easy the payments will be about the size of your monthly ice bill. But don't wait. No one can predict what conditions will be tomorrow. Come in today!

STILL GOING STRONG AFTER ... 12 YEARS

"My Servel Electrolux Refrigerator was installed in my kitchen March 1, 1929, and has been on the job ever since. It has not cost a cent for repairs in more than twelve years continuous operation. It's tiny frame is scarcely larger than the pilot light on range or water heater so we have figured that the cost of operation has never exceeded 2c per day even during the hottest months when so many ice cubes are needed. Not only do we have plenty of cubes and space for ice cream, but vegetables are kept crisp and fresh; and there is steady, constant refrigeration at a temperature under 48° for milk, butter, and meat—foods that must have just that to be safe for human consumption."

Rotary Meet . . .

(Continued From Page 1)

theal, and Gilbert Gollehon. O. W. Ribble of the Lubbock club called attention to the big inter-city meeting that club sponsors each September.

Farley spoke briefly in a humorous vein and introduced the speakers of the day.

Luncheon served by the Tahoka Home Demonstration Club, of which Mrs. J. K. Wooley is president, brought many praises from many of the visitors.

Immediately following the luncheon, group meetings were held at the First Baptist Church, as were all other meetings except the luncheon.

"Swede" Tolzien was introduced by Farley as one of the best program chairmen in the United States, and the "Swede" conducted a meeting for club program committeemen.

A similar division for club secretaries was conducted by Chas. Paxton of Sweetwater, who, incidentally, is a candidate, so far unopposed, for district governor next year.

Farley conducted the division for club presidents, on which program O. B. Sellers also spoke.

In the final general assembly, Sellers spoke again, and in his talk took occasion to highly praise the Tahoka club on most of its projects in the past but counseled against too much activity in other projects out of the Rotary field of work.

All speakers emphasized the value of the fellowship as the result of Rotary membership.

If expressions from visitors here during the day are any indication, Tahoka received a tremendous amount of good-will and publicity from the meeting Tuesday. All the visitors seemed to enjoy the program and entertainment, and many expressed surprise at Tahoka's spirit, citizens, and public buildings.

Other assemblies were held in this district at Graham on Monday and at Pampa on Wednesday, and Tahoka's meeting drew the largest crowd of officials of the three.

Clubs in this area represented included O'Donnell, which sent almost its entire membership, Lamesa, Sweetwater, Big Spring, Midland, Odessa, Seminole, Seagraves, Brownfield, Levelland, Sudan, Lubbock, Lockney, Ralls, Slaton, Spur, and Post.

Two Rotarians were here Monday to attend the meeting, having gotten dates mixed, from Artesia, N. M. Rotary district.

Citizens of O'Donnell made their drive on Friday of last week, Judge Connolly stated Wednesday, but at that time he had no report as to results.

Judge Connolly had not been able to contact people in other communities but they are requested to act upon their own initiative. If somebody in these communities will gather up the discarded aluminum in those communities and bring it in Saturday or as soon thereafter as possible, it will be appreciated. A committee of citizens in the communities would be preferred to individual activities.

Called meeting with a very small attendance was held in the county judge's office Tuesday night and they planned the drive which was being made Thursday, although Judge Connolly had previously appointed a number of individuals to assist in the drive and to start the work.

Neil Walker Officer In U. S. Navy

Neil Walker, who was reared in Tahoka, son of Mr. and Mrs. J. B. Walker, now of Lubbock, recently has been made a Second Class Yeoman in the Naval Reserves with special assignment to the Recruiting Service, he told friends while visiting here Saturday. He is stationed at Lubbock.

After attending Texas Tech several years, Neil entered the Army Air Service and was sent to school in California. He failed to make the grade as a bomber pilot, but was given recommendation for rank in some other branch of the Service. A short time ago, Neil took the examination for Second Class Yeoman, though he hoped to land a lower ranking. But to his surprise, he passed the test. Luck was with him again when he was assigned to the Lubbock recruiting office, in the same town in which his parents reside.

The commission carries a mighty nice salary.

V. N. Townsend of Levelland is here pinch-hitting for Joe Heare at the Santa Fe station while Joe and Mrs. Heare are taking their vacation up at Eagle Nest, New Mexico.

D. H. Goodnough Is Back In Tahoka

D. H. Goodnough and family, who left Tahoka five years ago and who have been residing in Snyder for nearly five years, are moving back. Already Mr. Goodnough has moved his shoe repair and leather equipment back into his building on the west side of the square here, and opened his shop for business Wednesday afternoon. His family will move back from Snyder just as soon as he can procure a suitable house in which to live.

The Goodnough family resided here for a dozen years before leaving five years ago and they feel as

if they are just coming back home. Many friends will welcome them back.

CARD OF THANKS . . .

I wish to express my appreciation for the many flowers, cards, and visits that were mine to enjoy while in the West Texas Hospital. May God richly bless each and every one.—Mrs. Leslie Cook.
