Home Guard Holds First Drill Session

Ask Recognition Of State Guard

First drill period of the Tahoka Home Defense Guard was held last Monday night with 64 men participating. Four officers of the Brownfield company were present and supervised the drill period, assisted by Capt. Don Turner, Lieutenants E. R. Edwards and H. O. Hargett, First Sergeant W. T. Boyell, and others of the local company.

Prior to the drill period, a meeting was held at the Legion hall, at which Capt. Turner announced the selection of Bovell as sergeant. Other non-commissioned officers will be named soon.

Several men who signed up for membership in the company at the initial meeting last week were not present, but others are voluntarily signing application blanks, a total of 96 men having asked for membership, Capt. Turner says.

Friday night, about 25 members of the Tahoka company attended the Brownfield company's drill period and returned much enthused with the work. Brownfield has one of the "crack" units of the state.

Though membership in the company is limited to 75, Capt. Turner states that he would like to see more applications filed, since a full company must be maintained and (Continued On Back Page)

Roy Stephens Is Believed Captured

The name of Roy Stephens, local young man who was on Wake Island in the Pacific Ocean when the Japanese attack came, has not appeared in any of the casualty lists, according to advices from the War Department and Congressman George Mahon, his father, L. R. Stephens, informs The News.

Casualty lists are dated, the reason unexplained, up until two days following the fall of Wake Island on December 22.

Official reports made several days ago stated that the soldiers and workmen who were on Wake Island when it fell had been taken to Japan as prisoners of war. Roy, of course, was among the number.

It was a heroic fight that the Americans put up on Wake Island and friends here know that Roy did his part.

Roy was a popular student in Tahoka High, and following his graduation here, he attended Howard Payne College.

Farm Lecture Here Next Week

The machine specialist for this vocational agriculture area, William Howe, will present a demonstrated lecture on "Repair and Care of Farm Machinery" in the Tahoka High School auditorium at 7:30 o'clock Thursday night, January 29.

Leslie Browning, local vocational agriculture teacher, stated that everyone is invited to attend his lecture but that a special invitation is extended to the farmers of this district.

Mr. Howe works under the area vocational agriculture officer and is connected with the defense shops of this area. The defense work shops in Texas are supervised by the vocational agriculture departments of the public schools of this state.

Luallin Moves To New Location

In order that they may have more room for their growing business, Qvid Luallin and son Allen have removed their garage and repair shop into the building recently vacated by the Raborn Chevrolet Co.

Mrs. Bennett Howell of Longview is here visiting her sister, Mrs. D. W. Gagnat.

Ed Sanders To Become Ranger

Ed Sanders left for Austin Wednesday to be sworn in as a member of the State Ranger Force and to receive his equipment, which includes an automobile, trailer, and other necessary equipment. It was expected that he would be stationed at Abilene or Sweetwater, according to unofficial information given the News.

State Rangers must furnish their own horses, we are informed, but the State furnishes the feed. Ed will start in at a salary of \$175.00 per month. After the first six months the salary will be \$200.00 per month. He received notice of his appointment Monday.

No announcement has yet been made as to who will succeed him as deputy sheriff.

Huffaker On Rotary Program

Calloway Huffaker explained the workings of the Income Tax law as the principal number of the Rotary Club program Thursday. His talk was clear and concise and explained many little-known facts about income taxes.

On behalf of the club, Truett Smith presented Charles Townes with a leather traveling bag in appreciation of the work Charles has done as secretary of the Tahoka Rotary Club the past four years. Charles leaves today for Lubbock, where he will be inducted into service in the Army Air Corps.

Houston Spikes was elected secretary by the board of directors to succeed Townes.

Bonnie Jean Clark rendered a piano number.

New members inducted into the club were G. A. Blanton, Pete Curry, and C. A. Thomas.

Visitors were Rotarian Arch Hundley of Amarillo, Edgar Edwards and David Weathers of Tahoka.

FSA Meeting Is Held In Tahoka

The Farm Security Administration held a Landlord-Tenant meeting in the county court room Monday, January 19, 1942. The meeting beginning at 10:00 A. M., was opened by Mr. B. J. Emanuel, county committeeman for the Farm Security Administration, who acted as chairman of the meeting. Various phases of the work Farm Security is carrying on was discussed, more particularly leases. The four different communities of the FSA were well represented and talks were made by Mr. B. J. Emanuel, Mrs. Paul J. Lawson, Peter F. Murray, District Farm Debt Adjustment Specialist, and Jack Welch, County RR Supervisor.

The meeting adjourned at 3:30 P. M. Mr. Murray in closing the program said: "after all is said and done our country is at war and we have our job here at home, right here in Lynn County, so let's all do our job, and do it to the best of our ability."

One man was given two years in the penitentiary on a burglary indictment.

One defendant charged with cow theft was freed when an alleged confession made by him was excluded from the jury because of the fact that it had not been properly taken.

Mr. McCord says that the criminal docket was almost cleaned up.

BURLESONS IMPROVE HOME

Mr. and Mrs. Jim Burleson are this week re-roofing, repapering, and re-painting their home out in northwest Tahoka, the former Dr. Turrentine place.

Already one of the most attractive homes in Tahoka, this will be an elegant home indeed when the re-decorating is finished.

Mrs. R. C. Forrester and daughter, Miss O'Bea, are re-roofing, repapering, and re-papering their nice residence on West North First Street.

Mrs. Geo. A. Dale has been sick this week.

FOR VICTORY

Golden Gloves Boxing Contest Draws Crowds; Tahoka Fighters In Winnings

Fighters from many towns over the South Plains participated in the preliminary Golden Gloves tournament held here Monday, Tuesday, and Wednesday nights under sponsorship of Coach Leo Jackson, and Tahoka boxers came out of the contests with their share of the honors.

Entries were from Post, Lubbock, Brownfield, Slaton, O'Donnell, Littlefield, Lamesa, Wolforth, Lockney, and Tahoka.

Huge crowds were in attendance at each of the three sessions, and about fifteen three-round bouts were held each night.

Winners and runners-up in the tournament will likely enter the district Golden Gloves tournament at Lubbock.

Two District Golden Gloves champions, Buford Bradshaw of Littlefield and Rhea Mitchell of Lockney and Texas Tech, were decisive winners in the lightweight and light heavyweight divisions respectively, Bradshaw winning decisively over Buster Driver of Tahoka, and Mitchell.

(Continued On Back Page)

Court In Session At Brownfield

District Attorney Rollin McCord returned Tuesday from Brownfield, where he had been engaged in the trial of the criminal docket.

A Negro entered a plea of guilty to a charge of murder and asked for a suspension of the sentence. He had killed another Negro in Terry County some time ago. The jury gave him a five years suspended sentence.

A white woman was also given a five years suspended sentence on a charge of murder without malice, the indictment growing out of the alleged negligent driving of an automobile, resulting in the striking and killing of another person.

One man was given two years in the penitentiary on a burglary indictment.

One defendant charged with cow theft was freed when an alleged confession made by him was excluded from the jury because of the fact that it had not been properly taken.

Mr. McCord says that the criminal docket was almost cleaned up.

BURLESONS IMPROVE HOME

Mr. and Mrs. Jim Burleson are this week re-roofing, repapering, and re-painting their home out in northwest Tahoka, the former Dr. Turrentine place.

Already one of the most attractive homes in Tahoka, this will be an elegant home indeed when the re-decorating is finished.

Mrs. R. C. Forrester and daughter, Miss O'Bea, are re-roofing, repapering, and re-papering their nice residence on West North First Street.

Mrs. Geo. A. Dale has been sick this week.

Connollys Hear From Son Who Is "In The Pacific"

Mr. and Mrs. James Connolly received a card last Saturday morning from their son, James Keith, simply stating "I am well. . . Am getting along well."

The card was written on December 14, just one week after the attack on Pearl Harbor. It bore the date mark, "U. S. Navy, January 2, 1942."

The Connollys have no information whatever, therefore, as to just where their son is, further than that he is somewhere in the Pacific or on some island in the Pacific.

It is known that he had been at Pearl Harbor about ten days before the attack was made by the Japs, but it is not known where he was at the time nor where he has been at any time since.

It is believed, however, that he is still safe and well, unless he has met with some casualty just recently.

Mrs. Jane Minor Has Heart Attack

The condition of Mrs. Jane Minor, who suffered an attack of heart trouble Tuesday, was thought to be slightly improved Thursday morning, though she was still in a grave condition.

Mrs. Minor was stricken at about 12:30 Tuesday in the beauty shop next door to the News office here, which she operates. She had been suffering recently from what she believed to be asthma, but had told a friend she was feeling better than she had felt in some time just a few minutes before she was stricken. Unwarned and unexpectedly, she collapsed, and a physician was called. She was then taken in a Harris ambulance from the shop to her home, where she has been receiving treatment since.

Her many friends hope for her speedy improvement.

Two Tahokans Enter Air Service

Charles Townes and David Weathers are to report at Lubbock today to be inducted into the Air Corps Advanced Flying Service.

As originally planned, the Twin Motor Advanced Flying School was for advanced aviation students only, but recently it was decided that a certain number of new recruits might be assigned to this school, as we understand it.

At any rate, it will be the purpose of Charles and David to "Keep 'em flying."

Tahoka Citizens To Meet At New Home

Local Ginnings Are Near 14,000

Most farmers are scrapping around now gathering their last remnants of cotton. Many report that they have one or two bales and some of them as many as five or six bales or more to pick yet. According to ginnings' reports to the News, a total of 13,803 bales had been ginned in Tahoka from last year's crop at ten o'clock Thursday morning. Their estimates would indicate that possibly five hundred bales are to be ginned here yet, possibly not that many.

It is probable that the Lynn county crop will slightly exceed 60,000 bales.

Band To Present Concert Tuesday

Opening a very important part of the year's band program in the Tahoka school will be a joint concert of the Tahoka Junior Band and the Tahoka High School Band Tuesday night, January 27.

This concert is the first of three monthly concerts and the entire public is invited to attend. The Junior Band will open the concert at 7:30 in the high school auditorium. This band is a group of beginners drawn from the fourth, fifth, and sixth grades.

Following the Junior band, the Senior band will present its first concert of the year. A varied program has been promised with marches, popular music, and overtures.

Those people who would like to hear the band at its best are invited to come out. There is no charge for admission. John H. Hamblen is the Director.

Local Boys Will Leave Monday

Robert Harrison Sewell, colored, left Wednesday morning of last week for Fort Sill, Oklahoma, where he is to receive training in Uncle Sam's army.

The following white registrants of Lynn county are scheduled to leave for the training camps on next Monday.

Victor Benard Buxkemper, Slaton, Rt. 2; Claude Vernon Wyatt, Tahoka, Route 4; Vivian Arredondo Gutierrez, Tahoka; James Wallace Cook, O'Donnell; Jack Anderson, O'Donnell, Rt. 1; Elmer Hugh Hillin, Tahoka, Rt. 2; Charles Olen Burns, O'Donnell; G. H. Crutcher, O'Donnell, Rt. 3; Raymond Braxton Crutcher, O'Donnell, Rt. 3; Vernon George Cobb, O'Donnell, Rt. 3; Oliver Wilburn Rosell, Tahoka; Harold Lee Key, Wilson; Elgin Ernest Harper, Tahoka, Rt. 3; Teddy Jenkins, Tahoka, Rt. 3.

Lynn county registrants who are scheduled to be inducted on Thursday of next week include the following:

R. M. Prather, Tahoka, Rt. 4; Gustavo Tijerino Delago, O'Donnell; Ruben Benard Wilke, Tahoka, Rt. 1; William Corbin Douthit, Tahoka, Rt. 2; Joseph Eugene Veach, Tahoka, Rt. 4, now residing at Leveland.

JOINS NAVAL RESERVE

Arvil Akin, employee of Tahoka Bakery most of the time since his graduation from Tahoka High, left Monday for Dallas, where he expected to be inducted into the U. S. Naval Reserve as a baker.

NOTICE SUBSCRIBERS!

Effective February 1, the subscription price of the Morning Avalanche and Sunday Avalanche-Journal will be \$5.95 per year; by mail only.

Rates for these papers and The Lynn County News on and after February 1, will be \$6.45. Publishers of The News

Local Band Is Guest Of Post

This afternoon at 2:30 the Tahoka High School band will play a concert for the students of Post High School at Post. This visit is to be returned with an assembly program by the Post High School Band.

It is announced that the band has arranged for such programs with other schools. Last year the band played assembly programs for Grassland and Slaton schools, the latter school returning the visit with an exceptional concert for the Tahoka students.

Mr. and Mrs. Hall Robinson are spending this week in Dallas making purchases for the Robinson Ready-to-Wear store.

Fourth Good-Will Meet Next Week

Tahoka business men will meet with the men of New Home Thursday night, Jan. 29, at the New Home school gymnasium, for a banquet, program, and good-will hour, according to Wynne Collier, president of Tahoka Chamber of Commerce.

Mrs. Henry Heck is in charge of arrangements at New Home.

A program will be presented by New Home people, and two or three numbers will be presented by Tahoka, R. P. Weathers being in charge of Tahoka's part of the program.

This is the fourth of a series of programs sponsored by the Tahoka Chamber of Commerce in the various communities of the county, previous ones having been held at Grassland, Draw, and New Lynn. Each has been very entertaining as well as furnishing a means of becoming better acquainted.

At the New Home banquet, the men of New Home community will be guests of Tahoka business men, while New Home ladies will prepare and serve the meal.

Tahoka business men are urged to make their reservations with Miss Hattie Server, secretary of the Chamber of Commerce, immediately.

Mrs. R. T. Moore Buried Thursday

Death came at 7:20 o'clock Wednesday evening to Mrs. Minnie Moore, wife of R. T. Moore of Wilson, in the Mercy Hospital in Slaton, where she had been a patient for several days suffering from pneumonia.

Funeral services were conducted in the First Baptist Church in Tahoka at 3:30 o'clock Thursday afternoon by her pastor, Rev. W. H. Jackson of Wilson, assisted by Rev. Geo. A. Dale of Tahoka.

Burial was made in the Tahoka Cemetery under the direction of the Harris Funeral Home.

Mr. and Mrs. Moore had formerly lived here but for the past year they has resided near Wilson.

Survivors include the husband, R. T. Moore, and two sons, J. Deryl Moore and A. Glynn Moore; her mother, Mrs. J. A. Earwood of Belle, California; three sisters, Mrs. H. H. Smith of Commerce, Mrs. Carl Mullins and Mrs. Robert Taylor of California; and nine brothers living in Texas and California. Also surviving are her husband's parents, Mr. and Mrs. J. E. Moore of Commerce, and other relatives.

Born in Albertville, Alabama, on January 4, 1906, Mrs. Moore was 36 years of age. She was married to R. T. Moore on July 16, 1922 near Commerce in Hunt county, Texas. She came with her husband and family to Lynn county on November 1, 1934, since which time they resided at or near Tahoka and near Wilson.

She was a faithful member of the Wilson Baptist Church and was a devout Christian character.

The family have the sympathy of many friends.

MISS McNATT'S ANNUAL REPORT SHOWS MUCH ACCOMPLISHED

Under the direction of the Home Demonstration Council 1375 families were influenced by some phase of extension work during 1941. This was accomplished through method demonstrations, training schools, achievement events, result demonstrations, exhibits, community programs, the cotton mattress program and individual work.

At the beginning of the year there were 13 4-H clubs with an enrollment of 251 girls, and 10 Home Demonstration clubs with an enrollment of 195. Each enrollment increased during the year and an adult club was organized at Wilson. 17 of the 23 communities had clubs; however all the communities were reached by some phase of the work.

The demonstrations for the girls were Landscape Improvement and Garden Fruits with emphasis on Tomatoes. This was the first year for each of these demonstrations.

Although weather conditions were favorable for landscape work, with an abundance of moisture and few sandstorms, very little results can be seen; this of course is because it takes patience, work and more than one year's time to grow plants. Four girls planted windbreaks of more than 100 trees. A total of

2380 trees were planted for shades; windbreaks and backgrounds; 12 lawns sodded, 183 nursery shrubs, 37 native shrubs and 84 roses planted.

A total of \$85.00 was spent by the girls for yard work.

In addition to the yard work with the girls the agent landscaped the seven-acre plot of land purchased

The women staked clothing and break, shade trees, and foundation shrubs were planted. The ground will be sodded, and barbecue pits, tables and chairs built.

Approximately 80% of the girls grew tomatoes for home use; some of which were used fresh, while the surplus was canned and made into juice. Three hundred and six quarts of tomato products were conserved. Three girls grew plants and sold them for commercial purposes. Demonstrations were given on growing tomatoes, Making Tomato Juice, The Use of Fruits in Pies, School Lunches, Salads, and Party Refreshments, and the Selection of Kitchen Utensils and their care in Fruit Preparations.

The women studied clothing and the home food supply demonstrations. This is the first year of clothing. The home food supply demonstrations have been carried for several years, with emphasis on different phases. The vegetable phase was carried in 1941.

Clothing, because of its relation to personal appearance, will always be of utmost importance in the minds and hearts of women of all ages. The fact that 4,995 clothing articles were made at a saving of \$6,225.00 is proof of this interest.

Demonstrations were given on Planning the Wardrobe, Personality Through Lines, Selection of Foundation Garments, Tailored Finishes, Altering Patterns and Cutting Material, Clothing Storage and Grooming.

Reports show that 32 clothes closets were built and 73 remodeled. Eighteen sleeve boards, 13 ironing boards, 37 hat stands, and 56 shoe racks or bags were added. Seventy-nine individuals kept individual clothing accounts and 35 kept family accounts.

It is difficult to check on results of food work. Definite attempt was made to achieve enough in the four food phases of planning, production, preparation and preservation for family use.

The unlimited rainfall increased production of vegetables and fruits. One hundred sixty farms grew vegetable gardens; 35 of which qualified for soil building payments under the AAA program. Many families planted garden fruit plots with watermelons, cantaloupes and tomatoes; eight young orchards were planted. Three hundred thirty hogs, 71 beef animals, 14 lambs, 14, 101 chickens and 8 turkeys were produced for home use. Three hundred seventy-six cows furnished milk for these families.

Improved methods of selection and preparation of foods have been practiced.

(Continued Next Week)

SAYS IT RAINED 48 INCHES

Arthur Gickhorn, who resides fourteen miles north of Tahoka, one mile south of the Lubbock county line, keeps a rain gauge of his own and takes accurate measurements of the rainfall. His gauge may not be quite as accurate as a government gauge but there is every

reason to believe that his measurements are approximately correct.

Don't Wait Until Pycorrhea Strikes

Gums that itch and burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fails to satisfy.

Mrs. D. M. Dixon, from Wednesday night until Friday of last week, leaving Friday for Boulder, Nevada, where he will start work for the Government as a rigger.

Don't Wait Until Pycorrhea Strikes

WHAT'S DOING AROUND GRASSLAND

Bro. Jesse Eubanks of Lueders preached Sunday morning and night at the Church of Christ.

There was singing at the Nazarene Church Saturday night.

Most of the children who have been absent from school on account of measles and mumps are starting back.

Eugene Evans reports that his brother Woodrow's wife is very ill. The meeting of the women's home demonstration club was postponed, due to so much sickness. It was to have met with Mrs. Willie Thomas.

Ruby Greer is recovering from the measles.

Dolly Gatski is back in school after having the mumps.

Rebel Thomas has been on the sick list again.

Mr. Hubert Richey is home again. He has been in the Carlsbad Sanatorium. His condition has greatly improved.

Mr. Jeff Hurdleston received a message informing him of the death of a relative in Lubbock the first of the week.

Julia Kathryn Thomas has been real sick with measles but is better at this writing.

G. W. Simmons, manager of the Jones Dry Goods store, left Sunday morning for Fort Worth and Dallas, where he is spending the week making purchases for the store.

When Your Physician Gives You A Prescription . . .

A Few Practical Pointers!
First of all, select a pharmacist with more than ordinary care. Consult your physician on this point. Choose a pharmacist of character; a pharmacist who enjoys the good-will of the medical profession.

Second, take your prescriptions to only a pharmacist who is qualified by law, by experience and training, and by education to accurately compound prescriptions.

Third, make sure that the pharmacist you select uses only high quality materials in compounding.
If these precautions are observed, the medicines will fulfill the expectations of your physician and recovery of the patient will be more certain.

Wilson School Sets Record On Defense Project

In addition to its regular curricular activities the Wilson public school is making something of a record in the sale of defense stamps and bonds. In the past four and a half weeks, it has sold \$690.45 worth, according to a report given by S. C. Anthony, superintendent.

"No sales talk has been given to the children except the day the stamps were first offered", Mr. Anthony says. "The school is working in cooperation with the local post office. The great majority of the stamps are being sold to children in the grammar school, who buy systematically to fill their albums. No bond larger than \$18.75 has been sold to any of the children.

"Besides the amount of money the children have loaned to the Government through the purchase of bonds and stamps, the fine spirit manifested by all nationalities in this community is very noticeable and something to be appreciated by all of us. If any nationality is more eager to buy stamps and bonds than other nationalities are it can not be detected by our stamp sales. This proves we know a good country when we live in it."

This statement of Mr. Anthony is another evidence of the fact that the people of America are united in this war of defense against the aggressions of the autocracies and the dictators as never before, regardless of race or nationality. There are many children of German descent in the Wilson school, but they appreciate our freedom and our democratic way of life and they are thoroughly loyal to our Government.

CHILD GUIDANCE CLUB
Three new members were voted in, other business transacted, and a program enjoyed when the Child Guidance club met with Mrs. Fred B. Hegi in her home Tuesday afternoon.

After members had answered roll call by naming "A good character trait in a child", Mrs. E. R. Edwards, Parliamentarian, gave a short drill on "How to Make a Motion". Mrs. Edwards also made a talk on "The Young Creator", followed by Mrs. Truett Smith, who spoke on "Celebrate Success with Your Child".

The Club presented gifts to Mrs. W. C. Huffaker and Mrs. R. H. Gibson.

The hostess served a refreshment plate to each of the following members: Mmes. Alton Cain, James Clinton, Coy Fielder, Huffaker, E. Prohl, Edwards, Gibson, Smith and Hegi.

New members voted in were Mmes: Fred McGinty, A. L. Pace and Leo Jackson.

TAHOKA 4-H CLUB
In the first club meeting of the year, held in the Grade school building, January 2, Miss McNatt, Home Demonstration Agent, demonstrated the preparation of grape cuttings for rooting. The club girls planned their food production budgets for the year.

On January 16, Mrs. Harley Henderson, club sponsor, gave the girls a demonstration in making and caring for a shrub bed.

The girls made a shrub bed at the East end of the school building. The top soil and grass was cut away so that the bed could be filled with pulverized soil and fertilizer.

Mrs. Henderson explained about the kinds of soil and showed us that a shrub bed in this climate should be left a few inches lower than the lawn for two reasons. (1) Shrubs should be flooded, not sprinkled when watered. (2) Lawn grass can be kept out of beds by clipping it at edges of beds. "Never put concrete, rock, or other such material around the shrub or flower bed, but always leave the outline of the bed irregular and natural looking", Mrs. Henderson said as the bed was finished. Forty-three girls attended the meeting.

ARIZONA PEOPLE VISIT RELATIVES HERE
Mr. and Mrs. Luther Jones of Flagstaff, Ariz., accompanied by his mother, and his brother, Norvel Jones and wife, all of Amarillo, visited Mr. and Mrs. J. L. Nevill and family briefly Monday, as they were enroute to Corpus Christi to visit another of the Jones brothers. J. L. Nevill joined the party here going to Lyle to see his father, and the party was to visit Elwayne Nevill at Randolph Field, San Antonio. Upon their return here, Mr. and Mrs. Jones will visit in the home of her parents, Mr. and Mrs. J. L. Nevill.

Tahoka Boxers Win At Post

Tahoka boxers won six fights and two first places Friday night in the Post boxing tournament which was staged in that city the past weekend. Tahoka boxers won ten victories out of 15 chances the preceding night at post.

Kelly King, class A welter weight, and Jerry Edwards, 85 pound weight were two winners in the tournament from Tahoka. Other winners from the various South Plains towns were Bradshaw, lightweight, Tech McLaurin, AA welter weight, Roach, 112 pound weight, Curtis LeBos, 126 pound weight, Wright, heavy weight and Hedge, middle weight.

Schools entering the Post tournament were Tahoka, Post, Slaton, Spur, Lubbock and Littlefield.

Marine Recruiters Are Coming Here

The United States Marine Corps, represented by two recruiting sergeants and a mobile unit, will be at the Post Office in Tahoka Monday and Tuesday, January 26, 27 for the purpose of interviewing and examining all applicants for this famous branch of Uncle Sam's fighting forces, according to T. E. Kendrick, Captain, U. S. Marine Corps Retd., Officer in Charge.

All men who are physically sound and between the ages of 17 and 30, unmarried and with no dependents, can become Marines, again an honored title in World War II.

All men accepted will be sent at once to San Diego, Calif., for their initial training and then assigned to a station ashore or ashore, wherever they are best suited to serve in the defense of our United States.

Enlistments may be effected for the duration of the war.

Men who have registered for the draft may enlist unless they have been called for induction.

WEST POINT H. D. CLUB
"The growing of strong, healthy chicks is dependent upon the use of a very definite sanitation program", Miss Maurine McNatt, Home Demonstration Agent, told members of West Point club, Wednesday, January 21, at the home of Mrs. H. R. Tankersley.

The house should be cleaned as often as needed, depending upon the weather, number of chicks in the house, type of litter used, etc.

If the chicks are to be turned out of doors the ground should be clean. It is much better if chicks can be raised on ground that is not used for poultry more than one year out of three. The ground used the previous year should be plowed deep in order to turn under disease germs.

Nine members and one visitor, Mrs. Terry Noble, were present. The club will meet with Mrs. Claud Wells on February 4.—Reporter.

P. T. A. MEETING
A special invitation is being extended by Mrs. Fred McGinty to parents of Tahoka High School students to attend the P. T. A. meeting at 3 o'clock Wednesday afternoon, January 28 in the high school auditorium.

"Not by Bread Alone" will be the topic under discussion at this meeting and will be concerned with problems of high school students and their parents. The regular meeting was postponed until this week due to illness.

Supt. W. T. Hanes joined Mrs. McGinty in her special invitation to high school patrons and citizens of this community to attend this meeting. Mrs. McGinty is president of the local organization.

SUB-DEB CLUB
The Sub-Deb club met January 21, in the home of Aleta Lois Stewart. The year books were given out to the members who had not received theirs.

Plans were made for a one-act play with musical acts before and after the play. The proceeds will be given to the Red Cross. No date for the play has been set.

Plans were made, also, for a party to be held next Wednesday night. Aleta Lois Stewart and La Voyle Richardson are arranging the program.

The next meeting will be at Bonnie Jean Clark's, February 4.—Reporter.

MANY OUT OF SCHOOL ON ACCOUNT OF ILLNESS
Mrs. Pauline Walker resumed her duties the past week as commercial teacher in Tahoka High School after a three-month illness. Mrs. John Kirkwood substituted in the commercial courses during the absence of Mrs. Walker.

Hope Haynes was back in school this week after being ill with the mumps and Mrs. Haynes has them.

There were approximately 30 students absent from high school this week with measles and mumps.

Albert Curry is here from training camp at Brownsville this week visiting his wife and his parents, Mr. and Mrs. Wiley Curry. He has been in the cavalry a little more than a year now.

Congratulations--

To Mr. and Mrs. Tolbert Fanning of New Home on the birth of a son weighing 8 pounds and 2 ounces on last Friday morning at 12:30 o'clock in the West Texas Hospital. Mr. Fanning is superintendent of the New Home schools.

To Mr. and Mrs. J. N. Leavitt of Wilson on the birth of a daughter weighing 7 pounds and 12 ounces in the West Texas Hospital last Sunday morning.

To Mr. and Mrs. Clyde Spruill of Tahoka on the birth of a son on last Monday—morning in the Lubbock Sanitarium. The little fellow weighed eight pounds. He has been named Larry Norman.

Gerald Mann To Speak At Lubbock
Gerald C. Mann, attorney-general of Texas and a former Boy Scout, will be the principal speaker at the Annual Meeting and Banquet of the South Plains Council at Lubbock, February 3, Hotel Lubbock, John A. Broome, chairman, said today.

Mann will speak at the banquet at 7 p. m. Tickets are 55 cents and can be reserved at 410 Myrick Building, Lubbock, or through the local town chairman. Officers for 1942 will be elected at this meeting. F. B. Malone is the present president. At 4 p. m. the annual council meeting will be held for this purpose. At 5 p. m. group sessions will start and break up for the banquet program. Last year 409 persons paid to hear Walter W. Head, national president of the Boy Scouts of America.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

That Argentina, consulting her economic position in the world, should hesitate to link up with the United States against Germany, Italy, and Japan is not surprising. Argentina considers herself something of a rival of this country agriculturally and commercially. Possibly her principal farm and ranch products are wheat, cattle and beef, sheep and wool. She must have a foreign market for these products. She can hardly expect to find such a market in the United States, for these are among our own principal farm and ranch products. Therefore, she must look to other countries for a market. Not only are Germany and Japan heavy consumers, but if Germany should control even half the countries of Europe after the war that she now has under her heel, she will be master of a mightily increased commerce. Argentina, therefore, is loath to offend Germany. Furthermore, there is a large German population in Argentina, and German influence there is great. In our opinion, the United States can hope for little aid and little sympathy from Argentina, even if she officially goes into the war, until after Germany and Japan are thoroughly whipped.

It is to be hoped that a lot of us who have been running wild on the highways will learn to use some common sense in our driving during this ban on the sale of cars and tires. If the ban could cause us to get the habit of driving safely and sanely it would be worth all the inconvenience that it may cost us. A speed of 70 to 80 miles per hour is not only twice as hard on tires as a speed of 45 to 50 miles per hour, but it is also much more dangerous. Thousands of lives are snuffed out and thousands of people crippled for life because some speed maniac is at the wheel.

READ THE CLASSIFIEDS!

You bet! Give me the strong, serviceable, hard-wearing material that our soldiers wear—Army Twill. The Army knows what's best for tough, exacting work like mine. Years of experience in the field under all conditions have shown it will withstand unusual wear.

FOR YOUR PROTECTION
Dickie's Army Twill pants and shirts are made from Government regulation Army Twill. You can buy Dickie's with the fullest assurance.

WILLIAMSON-DICKIE MFG. CO., FT. WORTH, TEXAS

Charles A. Lindbergh's offer to serve in any capacity in which he can be helpful has been accepted, we understand, by the Secretary of War. He will serve in some advisory capacity, we believe. It is to be hoped that he will serve so faithfully and well as to prove his complete loyalty to this country. Lindbergh's offense lay not in the fact that he was a rabid isolationist, though even the policy of isolation would have been a grave mistake; nor in the fact that he warned America that we were not prepared to fight, for that warning had a lot of basis in fact; but his offense lay in the fact that he advocated a policy of commercial collaboration with Hitler. "We can't defeat Germany," he urged, "then why not just let Hitler go ahead and win the war and then throw in with him?" That was the diabolical and disgraceful attitude which Lindbergh took, and it riled most of us. It was a condemnation of autocratic rule, aggression, and treachery. It was a recognition of the assumed right of a dictator to conquer and subdue unoffending neighboring nations and to crush out democracy wherever it might oppose him. If Lindbergh has really repented of such a course, it will now take a lot of loyalty and patriotism on his part to prove his sincerity. We are willing for him to be given a chance, and we hope that he brings forth ample fruits meet for repentance.

It is to be hoped that twenty years from now, after this war shall have been won by us and the other democracies, there will not arise in this country a lot of people who will take the position that we were dead wrong in this conflict, that we provoked the war, that we should have stayed out of it, and that we should never again enter a European war under any circumstances. Ten or fifteen years ago a lot of politicians, some college professors, and a bunch of the "Intelligentsia", communists, socialists, and others began to preach that doctrine in this country respecting our entry into the first World War, and the sentiment to that effect continued to grow and to spread almost up to the time that the Japs and the Nazis made that assault upon Pearl Harbor less than two months ago. It was the same autocratic Power which provoked the current war that provoked the war of 1914-1918. That Power was prompted by the same motive and imbued with the same purpose in 1914-1918 as in 1941. We stopped too quick in 1918. We must not make that mistake again.

The epidemic of jitters that swept the country during the first few weeks following the Japanese raid on Pearl Harbor and Honolulu seems to have just about run its course. To our way of thinking, it did no credit to Americans. It was utterly absurd and out of harmony with the spirit of courage and equanimity that the people of America have usually exhibited in times of peril. There was, in fact, little or no peril to the people of this country except possibly to the people of some of the cities of the west coast. Yet, great populations throughout the country became excited and nervous just as if there were imminent danger of any city and every city in America being bombed at any time. We are glad that our people are about to regain their equilibrium, and hope that never again will they become so jittery even if and when grave danger really comes.

NEW BOOKS AT LIBRARY

Twenty-two new books, light romances, have been added to the Lynn County Library shelves, according to Mrs. G. M. Stewart, chairman of the library board. A new book of outstanding quality also on the shelves is "Inside Latin America" by Jhn Gunther, which is of particular interest in view of the present international political situation.

A TOP-SELLING LAXATIVE ALL OVER THE SOUTH

ODDS & ENDS

by Eec Eye, the Elder

Mary had a single frisky little lamb that followed her to school one day and cut such capers that a poet, who happened to hear about it, wrote it up and made Mary and the lamb both famous.

But if Mary had lived in Southwest Texas she would have owned not merely a single little lamb but probably a thousand, and doubtless would have died in obscurity. Her old father, most likely, would have been a big sheep man with flocks that would have run possibly into the tens of thousands, but that would have been no special distinction, for there would have been hundreds of others just like him.

In 1940, there were about ten million sheep in Texas, according to an estimate made by the U. S. Government, and two-thirds of these were to be found in about thirty counties in Southwest Texas. That part of our state lying south of the Texas and Pacific railway and west of a line connecting Abilene, Austin, and San Antonio, is the sheep man's paradise. It contains probably four fifths of the sheep in Texas.

The supremacy of this part of Texas as a sheep country was impressed upon us anew last week when we made a run down to Austin. As one spins along highway No. 87, old highway No. 9, all the way from Big Spring to Fredericksburg, he sees sheep, sheep, sheep in almost every valley and on every hillside. Just now, they are fine looking specimens. Usually they are.

One sees few people and comparatively few houses along this highway but the sheep are in evidence everywhere. Many cattle and some goats are also to be seen, but this is primarily a sheep country.

Yet, the outstanding sheep counties lie just a little further west than the highway mentioned. Among the counties traversed by this highway are Glasscock, Sterling, Tom Green, Concho, McCulloch, Mason, and Kendall. The ratio of sheep to human beings in these seven counties ranges from 7 to 1 in Tom Green county to 45 to 1 in Glasscock county.

Counties lying further west include Sutton, which has sixty-eight times as many sheep as human beings; Irion, which has 70 times as many; Schleicher, which has 87 times as many; Edwards, with 90 times as many; Terrell, with 92 times as many; and Crockett with 112 times as many.

Val Verde is the banner sheep county of Texas. As early as 1935 it had 611,000 sheep, now probably 800,000. Crockett in 1935 had more than 352,000 sheep; Terrell and Tom

Profits Await the Man With Layers That LAY This Year

Even the best layers sometimes become loafers but such loafers can become layers. If your flock is lagging feed Dr. Salsbury's Avi-Tab in the mash. You'll notice a difference. Stop in today for DR. SALSBUARY'S AVI-TAB.

WYNNE COLLIER
DRUGGIST

A member of Dr. Salsbury's Nation-Wide Poultry Health Service

Green each had more than 273,000; Sutton more than 271,000; Edwards, 268,000; Pecos, 266,000; Schleicher, 263,000; and others with more than 200,000 each.

Texas produces one-fifth of all the wool grown in the United States. But it has a better goat record than that; it produces about four-fifths of the mohair produced in the United States. The goat country lies chiefly in the rough and arid counties west of highway 87.

San Angelo has long claimed the distinction of being the greatest inland wool and mohair market in the United States.

If Abraham and Lot had come to Southwest Texas instead of stopping in the land of Cannan in the long ago, they would have found plenty of room and plenty of grass for their flocks and herds, and Lot's cow-boys and sheep-herders would have had no occasion to raise a row with Abraham's outfit about the range.

But Lot probably would have picked out the best cattle and sheep range for his herds any way, and Abraham might have turned his attention to the raising of goats. That, however, would have been no mean business, for the Angora, in these modern times at least, has come to be quite a respectable and even aristocratic animal. Its fine, silky mohair is used for the manufacture of

some beautiful and durable cloths, robes, plushes and upholstery; and from its skin is made the fine Morocco leather with which your Bible is bound.

So, the goat is no mean animal. Everybody knows that when you get some other fellow's goat, you have got something valuable, and you make the other fellow feel very sheepish.

In cotton, oil, sulphur, cattle, sheep, and goats, Texas is still supreme. Come to Texas.

Nancy Jane Nowlin spent several days last week with her uncle and aunt, Mr. and Mrs. Clifton Hamilton, in Amarillo.

CANADA FIGHTS COUGHS

This New Amazing Way Acts Like A Flash

By far the largest selling cough medicine in all Canada is Buckley's CANADIOL Mixture. Compounded from rare Canadian Pine Balsam (by a secret process) Buckley's is entirely different from anything else you ever tried. Get a bottle today—take teaspoonful, let it lie on your tongue a moment then swallow slowly, instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasm ceases. Right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. Now you'll know why over 10 million bottles of Buckley's famous cough mixture have been sold in cold, wintry Canada.

TAHOKA DRUG and most good druggists now have this great Canadian discovery.

CARD OF THANKS

We wish to take this method of thanking our many friends of Draw and surrounding communities for their help in our recent bereavement of our little Conrad Berol, and the loss of our house by fire.

May God's richest blessings be upon each of you is the earnest prayer of C. D. Jackson and family.

Carna Reese of Fort Sill was here over the week-end visiting his parents, Mr. and Mrs. J. L. Reese.

ASTHMA SUFFERERS

For thirty years LEAVENS II has brought relief to asthma sufferers. If you suffer from terrible recurring, choking, gasping, wheezing spells of asthma, then try LEAVENS II. Usually the first dose produces instant relief. It is a thick, creamy mucus, this promoting freer breathing and more peaceful sleep. LEAVENS II is sold under guarantee of satisfaction.

WARNING
Precautions About Handling NATURAL GAS
In Case Of Air-Raid Alarms!

Natural gas is the safest fuel you could be using during an air raid. BUT, the HANDLING of natural gas is a technical matter, requiring the services of trained men who know how to avoid the hazards involved.

It is therefore extremely important that everyone should study and follow the carefully prepared instructions relating to the handling of natural gas during air raid alarms. If these instructions are not followed, serious consequences may result. Untrained persons should not attempt to turn gas off and on at the meters.

Following are the official instructions which have been approved and adopted by local Office of Civilian Defense. They are simple. Read them carefully. Discuss them in the family circle so all will understand. Cut them out and post them where all can see them. Above all, follow them!

In Case Of An Air-Raid Alarm:

1. Make no attempt to shut off the gas at the meter.
2. Simply turn off all burners which you customarily turn on and off. Do not turn off pilot lights.
3. Only in case the house or building is badly damaged should the gas be turned off at the meter.
4. If, for any reason, the gas is turned off at the meter, do not turn it on again yourself. Call for a trained man.

West Texas Gas Company

FSA Helpful To Many Families

For the six-year period, ending December 31, 1941, collections by the Farm Security Administration of the U. S. Department of Agriculture in this region, were 87 percent of loan maturities.

The impressive record of the Farm Security Administration's broad program of helpful service to low-income families, was made public by Ray Weathers, a member of the Lynn County Advisory Committee, who with other local citizens works with this agency without pay in behalf of needy farm people.

Mr. Weathers said he was making this phenomenal record public "in order that the true value of this agency's work might more generally be known."

Getting closer home, the county committeeman cited figures showing the proportion of maturities repaid over the six-year period in Texas was 94 percent.

He mentioned the fact that all money now being loaned to the low-income farm families by the Farm Security Administration is borrowed by this agency from the Reconstruction Finance Corporation. As farmers repay their loans, the money is returned to the United States Treasury, thus this money does not come to the FSA by direct appropriations by the Treasury.

"I mention this fact," he said, "because I fear that few taxpayers know that the Farm Administration is not a relief agency. Rather, it is a lending program, with low interest rates, for farmers who cannot get help from any other source. Loans are made for a period of from one to five years."

Among the many methods helping needy farm families, the FSA has a program whereby groups of farmers receive the use of expensive farm machinery and breeding stock which they could not afford alone. At the present time 8,571 farmers are receiving benefits from 1,112 co-op facilities and services in this region which were financed with funds borrowed from the FSA.

Mr. Weathers said one of the most far-reaching programs of self-help for low-income farm families in the Group Medical Care program sponsored in many counties in cooperation with local medical societies.

Through this program the people are receiving adequate protection. There are 6,779 families in 39 counties in this region receiving benefits from this phase of the FSA plan.

The Farm Security Administration's chief function now, in the opinion of Mr. Weathers, is to help farmers raise the vast amount of food needed to win the war.

"For FSA," he said, "this means concentrating on continuing aid to low-income farmers in every section of this country. These small farmers cannot benefit from high prices as can the big operators and it is a mistake to think they can contribute to winning the war unless they receive help in producing and marketing their products, while at the same time protecting the health of their families."

Mr. Weathers said, in conclusion, that in his opinion the Farm Security Administration is the only branch of the Federal Government which has the machinery already set up to help the low-income and needy farm families to help themselves, and to provide these people a chance to enjoy some of the democracy which they are being called upon to defend.

Oliver Johnson Likes Army Life

J. T. Johnson and family, who reside seven miles south of Tahoka, received a letter Saturday from Mr. Johnson's son, Pvt. Oliver L. Johnson, who is in Hawaii, stating that he is "getting along O. K.". This and two other letters written earlier but all received about the same time brought the first news the family had had from Oliver since the attack on Pearl Harbor on December 7. This letter was written on January 10. Of course it brought great joy to the family.

Oliver volunteered for service in August and had been in the army since that time, and he left San Francisco for Hawaii early in the fall.

We quote extracts from the letter as follows: "I suppose you have been listening to the talks which the President has been making. I have listened to them all. I also listened to the Joe Louis and Buddie Baer fight this afternoon. Just before the fight Wendell Willkie said, 'Remember Pearl Harbor'; so I can feature, by what I have heard, how the incident which occurred over here affected you people in the States.

"You know before I joined the army I had always had the wrong view of the whole thing. I was always inclined to think the Army was just another place to waste your time, but since I am in the Army, the whole thing has changed. Of course, you will find the people just as you find them on the outside; some good, and some better, just how you want to interpret it, but it is up to the individual himself to like or dislike the army. As for me, I am enjoying it here. You know how I was at Kermit, in a run all the time, and here it is quite different. A person has time to do his work, and also time to concentrate on one thing without his mind being in a whirl. So you can see I am enjoying myself as much as I ever have, and I think that I am in one of the best positions to learn that there is."

ELDER DRENNON'S NOTES

I feel I just must write a few lines and say Amen to Editor Hill's fine article on prayer in last week's Odds and Ends column. I wish every reader would get last week's issue of the News and read them again. I preached yesterday along that line and said some of the very things he said. He said he did not make any charge for it, but I am sure that notes like those and also about Christianity in Russia is one of the reasons that the subscription list is growing. We need more editors to write along that line. Give us some more along the same line, Brother Hill. They are almost as good as Brother Lee O'Daniel would do (if that don't make you mad; I mean it as a compliment.)

But laying all jesting aside, I think last week's Odds and Ends column was a dandy, better than some of the big syndicate columns, and I really mean it, Brother Hill.

In your footnotes to my notes last week you said you were not mad at anybody except the Devil, Hitler, and the Japs; but be careful, don't get too mad at them, as it is hard on high blood-pressure.

"I will have a birthday dinner next Sunday; come out and eat with me and we will talk it over, and maybe you will cool down some."

I see my friend Mrs. Tunnell is in the race for county school superintendent. I want to endorse her for the job, because I think she has made a good hand, and also for her loyalty to her husband in his last illness. I still think the office force around the courthouse there is as good as the best.

Yours for more people who feel it is better to be good and not great than to be great and not good.—R. P. Drennon.

(ED. NOTE: We can't bow low enough, Brother Drennon, in thanking you for the fine bouquets presented to us in the above notes. Of course we don't deserve these compliments, but we appreciate them just the same.)

4-H CLUB MEETING

The Tahoka 4-H Club had its first meeting of the year in the Grade school Friday, January 9, and the following new officers were installed: Dolores Nowlin, president; Jo Rita Hill, vice-president; Joretta Shawn, secretary; Joan Henderson, reporter; Mrs. Harley Henderson, is their sponsor.

Dolores Nowlin presided during the meeting. Miss Maurine McNatt made a very interesting talk to the girls on fruits, trees to plant; that per person, 200 ft. of tomatoes is required, six grape vines, 20 strawberry plants. She also showed them how to cut grape cuttings and how to plant them.

Mr. and Mrs. Clifton Hamilton have moved from Amarillo to Lubbock. Mrs. Hamilton is the former Miss Vinita Cooper.

Apricot Sweet Potatoes

Broadcast by: Mary Lee Taylor, Jan. 8

1 1/2 tablespoons malted butter
1/4 cup light brown sugar, lightly packed
15 drained apricot halves, canned
2 1/2 cups drained, mashed sweet potatoes (No. 2 1/2 can)
1 well-beaten egg
1/4 cup Fat Milk
1 teaspoon salt
1/4 teaspoon nutmeg

Turn on oven and set at moderately slow (350° F.). Grease a ring mold holding about 5 cups. Put melted butter in bottom of greased mold. Sprinkle brown sugar over melted butter. Put apricot halves, cut-side down, on top of brown sugar. Let stand while preparing the following: Mix together thoroughly mashed sweet potatoes, beaten egg, milk, salt and nutmeg. Put potato mixture in prepared mold. Bake about 40 minutes, or until firm. Remove from oven; loosen edges with knife and let stand about 5 minutes before turning out. Fill center with Creamed Peas (See Below). Serves 6.

Creamed Peas

No. 3 can peas 1/2 teaspoon salt
1 1/2 tablespoons butter or other shortening
3 tablespoons flour 1/4 cup liquid oil
1/4 cup Fat Milk

Drain and save liquid from peas. Melt butter in saucepan. Blend in flour, salt and pepper. Stir in liquid oil. Boil 2 minutes, stirring constantly. Stir in milk. Add drained peas and heat thoroughly, but do not boil. Serve at once in center of Apricot Sweet Potatoes.

Defense Guard ...

(Continued From Page 1) since some of the original signers did not appear for drill.

Effort is being made to secure acceptance of the company as a unit of the Texas Defense Guard. Last week Tom Garrard and B. L. Parker of Tahoka, Representative Hop Halsey of Lubbock, and Senator Marshall Formby of Plainview appeared before the State Adjutant General's Department to petition recognition of the company.

They were told that home guard companies were being recognized on basis of their strategic value, and at the present time the Tahoka unit could not be accepted. However, the delegation was told to encourage the formation of the Tahoka unit, and to present a formal brief of its work, roster, location, etc. If the company shows it actually means business, Mr. Garrard thinks, recognition will be given in the future, possibly.

All physically fit men between the ages of 18 and 65, who are able to drill every Monday night, may join the company. Men expected to be called for military service, are especially urged to join. Membership in the Guard has absolutely no bearing on the draft, but is proving a big help to those who do go to the army. It is said. The work is not too strenuous for older men not subject to call, and affords excellent recreation and training.

Elbert Rogers was in Sweetwater, Abilene, Knox City, and other points in that section of the West on business the first of this week.

Boxing ...

(Continued From Page 1) cell, former heavyweight champion now dressed down to light heavyweight proportions, by a knockout in the first round over Odell Robertson of Littlefield.

In an "exhibition" bout after the tournament fights were over, Mitchell took on another challenger, C. G. Welcher, of Tahoka, and knocked him out in the first round.

Another exhibition match saw Werner Schaffner and Kelly King, both of Tahoka, fight to a draw, after Schaffner had won the middleweight championship by default over Jim Bob Curry, who was ill.

Elwood Wright of Lubbock knocked out Glen Bratcher of Draw in the first round for the heavyweight championship.

Sport Pendleton of T-Bar defeated Jimmie Stanfield of Lamesa in the flyweight title. Previously, Stanfield had won a decision over Gordon Gass of Draw. Pendleton had defeated Harold Woods of Post by technical knockout in the other semifinal.

The bantamweight title went to Derwood McClintock of Tahoka, who outpointed Billy Knight of Tahoka. McClintock had knocked out Maurice McCarty of Littlefield in the opening fight of the evening.

In the 126-pound, or featherweight class, G. W. White of Tahoka won a technical knockout over Alton Edwards of Slaton in the second round, for the championship.

Bradshaw won from Buster Driver

in a good, game battle for the light-weight title.

The welterweight championship was decided the night before, Dale Odam of Lubbock outpointed Junior McLaurin of O'Donnell.

Schaffner won the middleweight crown, Mitchell the light heavy and Wright the heavyweight title.

In the "junior" divisions, the 75-pound championship went to Joe Ellis of Tahoka who outpointed Joe Minor of Tahoka; the 85-pound trophy to Jerry Edwards of Tahoka who decided Lewis Latham of Tahoka, and in the 95-pound class, John Bigham of Tahoka decided V. G. Pendleton of T-Bar.

Sam Gatzki Is Moved To Muskogee

KELLY FIELD, Jan. 22 - With his pre-flight training behind him, Aviation Student Sam C. Gatzki, son of Mr. and Mrs. Gus Gatzki, left the Air Corps Replacement Training Center (Aircrew) at Kelly Field, Texas, this week to begin flight training.

He is a member of the first war-

time class to complete the basic military training and ground school instruction at this Replacement Center. The class was assigned to primary flying school located in Muskogee, Oklahoma.

At the Replacement Center his training has all been on the drill field and in the classroom, but now he will have a chance to prove what he can do in the cockpit.

LAYERS WITH COLDS need help quickly if you're to get back into production quickly. For quick results we have found nothing better than Dr. Salsbury's Cam-Pho-Sal. Spray it, give it in the feed, or both. Don't delay. See us today. WYNNE COLLIER, Druggist. 1tc.
