Number 32.

County Interscholastic Meet Next Week

Soil Conservation Set-Up Completed

Members of the Board of Supervisors for the newly created Lynn County Soil Conservation District met in their first session Thursday, March 12, in the County Agricultural building.

The membership on the board is composed of the following Lynn County farmers: J. H. Sander, Wilson; R. M. Stewart, Edith; R. L. Littlepage, Midway; P. E. Aske, Wells; L. R. McCormick, New Home. Howard H. Goss, field representative of the Texas State Soil Conservation Board at Temple, met with the group to qualify the Board of Supervisors and to set the machinery in action for the development of a program and plan of work for the district.

In the meeting Thursday, R. L. Littlepage was elected chairman of the board; R. M. Stewart, vice-chairman; and L. R. McCormick, secretary. Others in attendance were: Don Turner, County Agent; Fred McGinty, Production Credit Association; B. J. Emanuel, member of the Lynn County Land Use Planning Committee; and J. Walter Grist, Wilson Vocational Agriculture teacher.

The next meeting of the board will be held on April 8.

Teachers' Meeting Is Held Here

The Lynn County Teachers' Association met Thursday evening, March 12, in the Tahoka School Gymnasium. The Vocational Teachers of the county acted as cooks and about one hundred teachers and their wives and husbands enjoyed fresh fish, oysters, potato salad, coffee, pie, ice cream, and all the "trimmings."

Several numbers from the different schools over the county were: Mrs. Burke of O'Donnell, accompanied her pupil, N. T. Singleton, who sang "White Cliffs of Dover" and "Dear Mom."

Mrs. Eip, from Wilson, accompanied her young son for two vocal numbers.

A girls' trio, Dorothy Lee Carmack, Joan Edwards, and Pat Hill, accompanied by Mr. John Hamblen, Lavoye Richardson, Tommy Fender and Kenneth Ross, all of Tahoka, sang several popular songs.

The program was concluded by a "Quiz" between the men and women, consisting of questions concerning history and geography at the present time. The scores showed a "draw."

In the business meeting following, old business was attended to and three delegates were elected to represent Lynn County in a meeting of the District Teachers' Association which will be held in Lubbock on March 20 and 21. S. F. Johnson, Superintendent of O'Donnell schools; Mrs. Lenore M. Tunnell, County Superintendent; and S. G. Anthony, Superintendent of Wilson schools, were elected as delegates with Leo Jackson, A. L. Pace and W. T. Hanes, all of Tahoka, as alternates.

The meeting adjourned, each planning to see the others in Lubbock next Friday and Saturday.

Response Good In Victory Book Drive

A total of 780 magazines and about 85 books had been received at the County Library Tuesday in the Victory Book Campaign for the soldier boys. By far the largest contribution of magazines came from O'Donnell, according to Mrs. G. M. Saewart, who is conducting the campaign.

Mrs. Stewart says that they need larger contributions of good books, and she appeals to the citizenship for contributions of these that will be a credit to the county.

"Grandma" Finch Died Saturday

Mrs. Narcissus Delilah "Grandma" Finch, 79, died at 5:45 o'clock last Saturday morning of heart trouble at the home of her son, Charley Finch, a few miles east of Tahoka.

Funeral services were conducted at the Harris Funeral Chapel by Rev. George E. Turrentine, pastor of the Methodist Church, at 3:00 o'clock Sunday afternoon followed by burial in the Tahoka Cemetery.

Mrs. Finch had lived in and near Tahoka since 1911, coming to this county in that year from Haskell County. Her husband preceded her in (Continued on Back Page)

Trustee Election Set For April 4

School trustees for the various independent and common school districts of the county will be elected the first Saturday in April, which will be the fourth day of the month. Names of candidates are supposed to be filed with the county judge, Chester Connolly.

One member of the county board is also to be elected. The board at the present time consists of J. K. Applewhite of Tahoka, Fritz Speckman of Lakeview, B. W. Baker of Wilson, B. D. Ballew of O'Donnell, and W. W. Caswell of Draw. The term of W. W. Caswell expires. His name will probably be filed for re-election.

In the Tahoka Independent School District the terms of Prentice Walker and John Slover expire. Their names have been filed for re-election and it is probable that others will be filed also. Holdover trustees are: Oscar Roberts, V. A. Botkin, Wynne Collier, and Truett Smith.

Further information as to terms expiring and names filed for trustees in the various districts of the county may be given next week. Names of candidates are supposed to be filed ten days before the election.

City Election Will Be April 7

An election will be held in Tahoka on Tuesday, April 7, for the election of three members of the city council and of a city secretary.

Miss Rosemary Nelms is the efficient secretary, and her name will appear on the ballot as a candidate for re-election.

On the City Council, the terms of Dr. K. R. Durham and N. C. Rainey expire, and the place vacated by A. J. Mullins when he moved from the city is also to be filled. Holdover members are W. O. Thomas and T. J. Bovell.

All names filed for the three positions will be given next week.

Boy Gets Hurt Riding On Tractor

Hollis Shewmake, the ten or eleven year old son of Mr. and Mrs. Lige Shewmake, living six miles east of Tahoka, sustained a bad cut on one leg above the knee and severe bruises on the leg and other parts of the body last Sunday afternoon when he got his foot caught in the wheel of a tractor on which he was riding. Another boy was driving the tractor.

Hollis was brought to a doctor here, who has since been treating the wounds. While the wounds are very painful, it is not believed that any serious consequences will result.

Mr. and Mrs. W. H. Kenley are at Grassland looking after the J. D. Smith Grocery during J. D.'s illness.

Pastor Conducting Central Meeting

Announcement has been made that a revival meeting will begin at the Central Baptist Church, eleven miles east of Tahoka, tonight. Services will be held at 11:30 a. m. and 8:30 p. m. each day, CWT.

Rev. Frank Thomas, the pastor, will do the preaching, while Rev. Charles Virden of Plainview will lead the song services. The revival will continue through Sunday March 29.

The people of Tahoka and all neighboring communities are cordially invited to attend any or all of the services.

Sheriff Recovers Stolen Wheels

Sheriff B. L. Parker drove over to Hobbs, New Mexico, last Friday and recovered two wheels and tubes which had been taken from the trailer of V. L. Botkin at his place a few miles east of Tahoka almost a month before that time. Statements confessing the theft were also taken from three boys, who were charged with other cases of theft at Hobbs. Two of the boys were each eighteen years of age and the third was sixteen. The tubes were not recovered, the boys claiming that they had been ruined.

Mr. Botkin says that the wheels were taken from a trailer on which there was a bale of cotton. The trailer had been jacked up, the wheels removed, and the trailer let down on the framework.

SAM PRICE SPECIAL OFFICER

Sam Price was recently elected a special officer for the Caprock Cattle Raisers Association. The Association covers about eight or nine counties in this section of the state, with headquarters in Tahoka.

He succeeds Frank Mills.

Sugar Rationing Is To Be Started Soon

W. O. Thomas, chairman of the rationing board for Lynn County, says that the board has received no green light signal from Washington yet authorizing the board to go ahead with the sugar rationing program but that orders are expected soon.

In the meantime, he desires that the people be informed somewhat respecting the program.

When rationing day comes, the father or mother or other head of a family will be required to register at the school house in his town or community for the entire family, giving the number of members of the family, and as we understand it, the name of each.

The registrant must make affidavit as to the amount of sugar which the family has on hand at that time. If the amount is more than two pounds per family, the excess must be turned in. Each family thereafter will be allowed to purchase not exceeding two pounds for each member of the family per week.

Registration day will bring much embarrassment to any who have hoarded sugar, Mr. Thomas opines. (Continued on Back Page)

Teachers Attend District Meeting

Schools of the county are closed today in order that teachers may attend the annual meeting of the West Texas Teachers Association at Lubbock today and Saturday.

The meeting is largely an educational and professional affair and is attended annually by about 2,000 teachers of this 24-county district. W. T. Hanes, superintendent of Tahoka schools, has been secretary of the district association the past three years.

Legion Post Will Observe Birthday

The Marion G. Bradley Post of the American Legion and the Auxiliary will celebrate the twenty-third anniversary of the organization of the Legion with a program at the Legion Hall next Tuesday night.

District Commander Charles Whitaker will be present and the Lubbock Post of the American Legion will put on the program, according to A. M. Cade, the local post commander.

All ex-service men and their wives are urged to be present. Refreshments will be served.

Contests Start Wednesday Night

The Lynn County Interscholastic League Meet will be held in Tahoka, March 25 to March 28. Dixie, T-Bar, Wells, West Point, Edith, New Lynn, and Grassland will compete in the Rural School Division, while O'Donnell, Draw-Redwine and Tahoka will compete in the Ward and High School Divisions. Tahoka will have three groups of contestants: Grade School, Seventh Grade, and High School.

Declamations, choral singing, and other musical contests will be held Wednesday and Thursday nights, March 25 and 26, and playground ball, tennis and literary events are scheduled for Friday, March 27. Volley ball and track and field events will be on Saturday, March 28, with Junior events in the morning and Senior events in the afternoon.

There will be visiting judges for the literary events, from Dawson County, and the Tahoka High School Home Economics Classes have arranged to sell concessions at convenient places in the school buildings, at reasonable prices.

The winners of the different contests in this county meeting will, of course, go to the District Interscholastic League Meet which will be held in Lubbock on April 10 and 11.

Wed., March 25, 8:30 P. M. (Central Standard War Time) Declamations: Rural: Junior and Senior boys and (Continued on Back Page)

Mrs. W. L. Banks Buried Tuesday

Funeral services were conducted at the Harris Funeral Chapel here at 5:30 Tuesday afternoon for Mrs. Birdie Virginia Banks, wife of W. L. Banks of the Edith community, who died at the home at 4:45 o'clock Monday morning of pneumonia. Services were conducted by Rev. Frank Thomas, pastor of the Central Baptist Church, of which deceased was a member. The remains were interred in the Tahoka cemetery.

Born December 1, 1894, deceased was 47 years of age. Her maiden name was Birdie Virginia Seals. She was married to William L. Banks in Coleman on September 23, 1912. Of this marriage eight children were born, all of whom are living.

The children are: Clyde W. Banks, of Miami, Florida; William H. Banks, a soldier in Hamilton Field, Calif.; Mrs. Douglas Greer of Tahoka; Cecil Banks and R. L. Banks of Miami, Florida; Earl, Edwin, and Sylvia Ruth Banks of Tahoka. All the children were here for the funeral except R. L. Banks of Miami.

Besides the husband, two sisters also survive, Mrs. Minnie Fender of Tahoka and Mrs. H. C. Miller of Detroit, Michigan. Mrs. Miller was not here.

Mrs. Banks, husband, and family had been residents of the Edith community since November 28, 1934, having moved here at that time from Santa Anna, Coleman County.

She was a member of the Central Baptist Church and a devout Christian, a devoted wife and mother, and a faithful friend. The News joins in condolences to all the bereaved.

Mrs. Janie Minor's Condition Critical

Mrs. Jane Minor was taken back to the hospital in Lubbock last Friday, her condition having grown worse, and it is understood that her condition has been critical ever since.

Near relatives were called to her bedside Thursday morning, but no further word had been received from the hospital at mid-afternoon.

H. R. Edwards was ill several days this week.

What Should You Save To Help?

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income-earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do much more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

If Weekly Savings Are:	And One Saves Each Week:	In One Year He Will Save:	Number of Persons in Each Income Group:	Total Annual Savings:
\$5 to \$10	\$0.25	\$13.00	2,824,000	\$368,120,000
\$10 to \$15	.50	26.00	4,976,000	129,350,000
\$15 to \$20	.75	39.00	1,476,000	217,260,000
\$20 to \$25	1.00	52.00	10,747,000	558,551,000
\$25 to \$30	1.25	65.00	7,774,000	505,495,000
\$30 to \$35	1.50	78.00	8,794,000	685,152,000
\$35 to \$40	1.75	91.00	2,231,000	202,994,000
\$40 to \$45	2.00	104.00	1,364,000	142,080,000
\$45 to \$50	2.25	117.00	1,459,000	170,136,000
\$50 to \$55	2.50	130.00	1,010,000	131,210,000
\$55 to \$60	2.75	143.00	582,000	84,366,000
\$60 to \$65	3.00	156.00	352,000	55,008,000
\$65 to \$70	3.25	169.00	208,000	35,168,000

EXTENSION NEWS

Are You Preparing For Food Preservation?

We may expect shortages in the supply of aluminum pressure cookers, metal lids and rubber rings for screw type glass jars, and tin cans. Dealers still have a considerable stock of cookers on hand and manufacturers have designed equipment made of substitute metals which we hope will be satisfactory. There is already enough equipment in the hands of Texas farm families to process a tremendous amount of food. Shortages of chemicals used in the manufacture of glass are anticipated. People who intend to preserve food will do well to start collecting glass containers. There are enough tin cans for normal needs, but lend-lease commitments call for more processing than America has ever done before. Commercial packers will get first call on cans. At the same time we may expect a big increase in home canning, both in the number of families canning and in total volume of food processed.

The Extension Service will recommend increased storage of fruits, vegetables and meats in cured and dried form as one step in relieving any possible shortage of tin and glass containers.

SHIPS OF ALL WORK

BRITISH DESTROYERS, engaged in their hum-drum but vital job of shepherding a convoy of plodding merchantmen with food and supplies for the far-flung battle fronts of the United Nations, skitter hopefully about the waves in search of an enemy U-boat. Occasionally they meet larger game—as recently, when British destroyers like these attacked and seriously damaged two powerful German battleships and a heavy cruiser during a Germany-bound sneak flight up the English Channel.

Herbert Womack Believed To Be In Corregidor Fort

Mrs. Frank Hill of the News force has received a letter from Mrs. Iva Womack, now of Bakersfield, Calif., stating facts which lead her to believe that her son, Herbert Womack, who was an employee in the News office for several years, is safe in the Fort on Corregidor Island in Manila Bay.

Herbert was with the Signal Corps in the Philippines, in or near the city of Manila, when the war broke out. Later Mrs. Womack received a Christmas card from him. She has not heard directly from him since, but she had written the Adjutant General at Washington requesting any information he might have and had received a reply Saturday morning, just before writing Mrs. Hill, in which it was stated that the War Department records showed that Herbert Womack was still serving in the Philippines and that his name had not appeared on any casualty

list. So, since he was with the Signal Corps and was not supposed to be among the fighting troops, she believed that he must be on Corregidor, which is doubtless correct.

Mrs. Womack expressed herself as being very well pleased out there but indicated that she would like to be back in Tahoka, where she lived so many years.

Mrs. Womack closed with a statement that must express the sentiment of every mother who has a son

in the armed forces—she has two of them. She said: "I don't worry about myself. If my boys are spared I'll be so thankful."

When the nations sit down at the peace table, a great big stockpile of American food, all ready to cook and eat, will greatly reinforce the American views on what arrangements are needed to make a just and lasting peace. — Secretary of Agriculture Wickard.

Pressure cooker gauges should be checked before each canning season and after any hard jar. This check is especially important now that many people will wipe the dust of years off their canning equipment and start processing food again. Petcocks and safety valves should be cleaned each time food has been cooked or open containers exhausted in the cooker. To clean, unscrew, take apart and wash in boiling water. Exercise care to see that the parts are not scarred. Use a toothpick or needle to check the openings in the bottom of the cover. Dry carefully and put back together again before storing.

To remove stains and odors from pressure cookers, wash with soap and water and rinse well. Cut up a lemon, put it in the cooker, add two cups of water, and hold the pressure at five pounds for five minutes. This will aid in cleaning as well as deodorizing. A double handful of potato peelings may be substituted for the lemon to remove odors. Leave the cooker open when not in use.

The use of reflanged tin containers is not usually recommended, but this may be necessary in war time. Any cans showing rust or discoloration on the inside should be discarded. To reflare a can, slip the side seam of the opened can into the slot on the main frame to the sealer; start the new flange by turning the double seam of the can out, turn the flange on the sealer.

Commercial cans may be reflanged and used for home canning, but should be filled with foods similar to the ones they originally contained; use plain tin cans and enamel cans for the same purpose you would new ones.

Oil or beer cans and other types of cans not intended for food should not be used; the USDA Bureau of Home Economics has not found these suitable for canning food.

Victory Gardens

Paramount now as well as over a long-time period is the need of improving health through better food habits and greater use of foods which increase the intake of vitamins and essential minerals. Physical well-being is the first step in improving morale, and is almost our first line of defense. The record of physical examinations of men for Army and Navy service gives adequate testimony to the need for better nutrition. Better food habits should include not only a much wider use of milk, eggs, and meat but also fruits and vegetables for farm use. Only a few kinds should be introduced at a time and special effort should be put forth in the preparation and use of these varieties.

Vitamin C — One of the food essentials most likely to be deficient in farm diets. Tomatoes are a good source of this vitamin, therefore there should be an increase in produc-

tion of tomatoes to be used fresh and canned. The increased consumption of raw cabbage would also add to the Vitamin C content of diets. Tomatoes and raw cabbage are emphasized as a source of this vitamin rather than greens because of the large losses too generally incurred in cooking greens.

No farm should be without a fruit garden, the production of which may contribute so much to healthful living and enjoyable meals. It seems also most desirable that tastes for fruit and the joy, health and varied diet it may yield should be developed early in the lives of our people that the habit may endure.

It is recognized that the many farm families will have inadequate amounts of fruit in their diet unless at least a portion of it is produced on the farm. Often results of planting home fruit gardens have been disappointing because of selecting types that require more spraying and other detailed attention than can be given on the general farm, because of selecting unfavorable locations for the garden, and selecting types and varieties of fruits unsuitable for planting in the region. There are types of fruit, however, that can be grown under conditions prevailing in every section, and with the care possible on the general farm.

WAYSIDE H. D. CLUB ANNOUNCES ALL-DAY MEET

The Wayside H. D. Club met Friday, March 13, with Mrs. Jim Tra-week at 2:30 p. m., with H. D. agent Miss McNatt present.

Miss McNatt said, "Save all your glass jars and used cans, as both jars and cans will be scarce this year." We had a very interesting meeting. There were five members present.

Our next meeting will be at Mrs. W. A. Darby's on March 23. It will be an all-day meeting, with a covered dish lunch and a quilting. We urge all members to be present.—Reporter.

Mr. J. D. Smith of Grassland, who suffered a brain hemorrhage about two weeks ago, was brought home from a Lubbock hospital Monday at noon, and is showing some improvement.

Homan Hillard (husband of Grace Greathouse) is leaving for the army right away.

Local Brotherhood Entertains Visitors

Visitors from Brownfield, Wilson, New Home, and Central met with the Men's Brotherhood of Tahoka at its regular meeting here Tuesday night in the Baptist Church, when a program was rendered and a feast spread in the basement dining room. Approximately 100 men were present.

With Deen Nowlin acting as toastmaster and E. I. Hill speaking a few words of welcome to the visitors, the program that followed was pronounced one of the best of its kind ever heard here.

A most touching devotional service was conducted by John Heck of Wilson and a very inspiring address was delivered by R. A. Springer of Dallas, state secretary of the Brotherhood, the principal speaker of the occasion.

Other talks were made by Postmaster Pat Campbell of Wilson, Rev. Avery Rogers, pastor of the First Baptist Church of Brownfield, pastor W. H. Jackson of Wilson, and Justice W. W. Price of Brownfield.

The music was directed by Boswell Edwards of New Home, with Mrs. Henry Heck as piano accompanist. Boswell also rendered a solo most effectively.

Steps were taken to organize an association-wide brotherhood to meet once each three months. The presidents of the organizations at Brownfield, Wilson, and Tahoka, and of other brotherhoods that may be organized, were constituted an executive committee for the project.

METHODIST CHURCH

Second Quarterly Conference will be held Sunday afternoon at 4:30. Rapidly the year is approaching the half-way mark and we will have a District Conference.

The matter to which we are giving special attention at present is our music. Mr. Clyde Sargent will have charge of the choir and a committee will assist him therein. Thursday of this week the choir met for organization and to lay plans for the Spring work.

Bro. Hardy will preach Sunday evening. We have had him scheduled to preach before this, but other matters delayed his preaching. His many friends will be glad to hear him and we urge a good attendance that evening.

The following have been appointed as a committee to assist Bro. Sargent in the music. Mr. John Hamblen, Mrs. Sam Reid, Mrs. Roy Poir and Mrs. C. J. Carpenter to represent Mrs. Fenton's Class; Mrs. Sargent and Miss Hattie Server to represent Mrs. Hardy's Class; and Mr. J. D. Donaldson and Mr. Marvin Munn to represent the Men's Class; Mr. W. E. Smith and Mr. Geo. Reid to represent the Board of Stewards. —George E. Turrentine, pastor.

NAZARENE SERVICES

Announcement is made that Rev. J. C. Allen of Grassland will preach at the Nazarene Church in Tahoka next Sunday. The public is cordially invited.

Sneezing Hens Are Poor Layers

Sneezing hens have colds, and colds and egg production just don't go together. Neither do colds and vaccination with DR. SALSBUARY'S MIXED BACTERIN (AVIAN) CHICKEN FORMULA. Be wise, vaccinate; and be wiser still, see us.

FIRST BAPTIST CHURCH NEWS

The spirit of the revival is still burning high in the hearts of the people and we are really working harder than ever before to lead others to Christ, and the work is coming along very nicely. There are many of our members, though, who are not attending our services as yet, and we are taking this means to urge you that YOU are needed in the work of the Lord.

The Sunday School attendance for our services have been averaging a little better than 200 for this fiscal year, but there have been some Sundays that have pulled us down greatly in our average, but it seems that most of the bad weather is over and we hope that most of the mumps and measles are over and that we will start increasing very much in attendance these next few Sundays.

The program for next week is as follows:
Sunday—10:10 A. M. Prayer meeting for all interested.

10:45 A. M. Sunday School.
12:00 A. M. Morning Worship.
7:30 P. M. Training Union.
8:30 P. M. Evening Worship.

Monday—3:00 P. M. W. M. U. Business meeting.

3:00 P. M. Sunbeams.
Wednesday—8:15 P. M. Teachers 9:00 P. M. Midweek Prayer Services.
9:30 P. M. Choir Rehearsal.

There were 54 present for the teachers and officers meeting and for prayer meeting last Wednesday night. We are sincerely hoping that we will have 75 next week. Make your plans now to come to this important meeting.

Rev. B. N. Shepherd will preach for us Sunday He is the pastor of the First Baptist Church, Hobbs, N. M., but was pastor of this Church for some time, and all of you will wish to hear him.

Brother Lowell Ponder, our district Missionary, supplied for us last Sunday and everyone present really enjoyed his sermons.

METHODIST YOUNG PEOPLE HAVE DISTRICT MEETING

A sub-district meeting of the Methodist youth was held in O'Donnell Tuesday evening.

The O'Donnell young people furnished the refreshments and Saint Patrick's Day games. Tahoka had the program, conducted by the president, Jean Duke. Miriam Turrentine and Johnnie Margaret Price brought a duet and each also had a reading. Gene and Claude Stone and James Lindly spoke on the theme of the Crucifixion. Charlene Bucy sang a solo.

A number of young people, the pastor, Mrs. Duke, the counselor, and Mrs. Sam Reid, the pianist, attended from Tahoka.

These young people also conducted Sunday night services here.

HERMAN REID COMPLETES COURSE IN AIRCRAFT SCHOOL

Herman Reid, son of Mr. and Mrs. Tom Reid, returned a few days ago from Dallas, where he had completed a two-months course in an aircraft school.

Herman is planning to go to Fort Worth to begin work with the Consolidated Aircraft Company as soon as his birth certificate arrives from the county of his birth in Arkansas.

This is another Tahoka boy who is going to help make it hard on the Japs and the Huns some of these days.

Mr. and Mrs. Roy Hicks were here from El Paso a day or two this week visiting relatives. Roy is stationed in Fort Bliss.

SOOTHES SORENESS Allays the agony of PILES

Prompt relief for the pain, soreness, or itching, is offered in Thornton's Mince Rectal Ointment. An effective, soothing and soothing ointment. 75 Cent.

WYNNE COLLIER, Druggist

PHEBE K. WARNER CLUB

Mrs. J. K. Applewhite was hostess to the Phebe K. Warner Club when they met Tuesday afternoon for a program on "Texas."

Mrs. Tilmon Jones, of Post, was guest speaker in an interesting and instructive talk on the State Federation of Women's Clubs. She urged that each member take part in Defense work.

Mrs. Fred B. Hegl gave the biographies of a number of Texas poets. Mrs. Woodrow Walker read several poems of a Texas poet, Grace Noll Crowell.

During the social hour, delicious refreshments were enjoyed by Meses. E. M. Walker, D. G. Ridge, Hegl, Walker, Ben Hardy, Sophie Steenberg, Fred Bucy, G. M. Stewart, Walter Mathis, Frank George, Jones, Truett Smith, E. R. Edwards and the hostess, Mrs. Applewhite.

The next meeting will be with Mrs. Winston Wharton.

4-H CLUB MEETS MONDAY

The 4-H Club met Monday in the grade school building with Mrs. A. R. Bostick as their sponsor.

Forty-four girls answered the roll call. "God Bless America" was sung, after which Mrs. Bostick taught the club members how to plant strawberries. The club went to Mrs. John Beard's to plant the strawberry patch.

Those assisting were Mesdames Bostick, Harley Henderson and John Beard.

HOME ECONOMICS PARTY

Home Economics girls honored the agriculture boys with a party Friday night, March 13, at 8:00 in the gymnasium.

Games were directed by Beth Shepherd. Refreshments of fruit punch and cookies were served. Lois Spores, president of the Chapter, had full charge of the party.

CARD OF THANKS

We wish to thank our friends and neighbors for their tokens of sympathy and affection expressed in word and deed, especially in the beautiful floral offerings, and their helpfulness in providing food and extending other kindness in the great sorrow which has come to us through the death of our sister and aunt, Mrs. Birdie Banks. We thank you all.—Mrs. Minnie Fender and children.

Among the foods which are valuable sources of nicotinic acid are lean beef, corned beef, chicken, liver, and rabbit. Lesser amounts are found in milk, collards, kale, green peas, tomato juice, and turnip greens.

MILK COWS—Seventeen Jersey and Durham milk cows, one Durham bull, 16 shoats and two mule colts for sale.—C. O. V. Wood, 6 miles north and 6 miles east of Brownfield. 32-2tp

NOTICE OF CITY ELECTION

Notice is hereby given that an election will be held in the City of Tahoka on Tuesday, April 7, 1942, for the purpose of electing three aldermen and a city secretary, each to serve a term of two years.

Said election will be held in the Court house in Tahoka and the polls will be open from 8:00 a. m. until 7:00 p. m.

R. C. Wood has been appointed as presiding judge of said election and he will appoint his own clerks and helpers.

Done by order of the City Council of the City of Tahoka, Texas, on the 17th day of March, A. D. 1942.

(Signed.)
Deen Nowlin Mayor,
Attest: Rosemary Nelms,
City Secretary.

If any of those Senators who didn't have sense enough last year and the year before to realize that Germany and Japan constituted a real menace to the peace and security of this country are up for election this year we hope that they get snowed under so deep that they couldn't scratch out in a thousand years. They hooted at the idea that we had anything to fear from nations across the oceans and insisted that we should not make war unless and until our own land was invaded. The effect of their attitude was to create a sense of complacency among the people and to greatly hinder such war preparations as our Government was undertaking. The result has been written in blood and fire in Pearl Harbor, in the Philippines, and in nearly ninety merchant vessels and oil tankers which have been torpedoed and sunk. The Wheelers and the Clarks and the Nyses and the Vandenberg and the Tafts and others of their ilk have the blood of our brave soldiers and sailors on their hands today. Our land has not yet been actually invaded but a terrific war is being made upon us nevertheless. And it caught us complacent and unprepared. Wait till we are invaded. Pooh! It was waiting, that has almost ruined us.

We guess it would be foolish for us to guess just where and when this country will strike her hardest blows at Japan, but we note that many big American bombers are making their way into India and China. They have been doing effective work, their number considered, in Burma. We are wondering if, in the course of time, they will not make their way in great numbers to China, and strike Japan from Chinese bases. We are sending other powerful fighting equipment to China also, and we have sent at least one great leader to that country to act as an assistant or advisor to

Generalissimo Chiang Kai Shek. Big bombers, we are assured, are now being manufactured in a steady flow; and when we get enough of them in China we could burst upon Japan like a thousand volcanoes. But, wherever our springboards may be, we are going to use them with terrific effect. No, we are not going to lose this war. When we get through with Japan she will look like just a common little old scraggly cur that had been chewed up by a bull-dog.

Gentlemen up at Washington may observe with sympathy or complacency the recurrence of strikes in war industries which impede the production of fighting equipment, but they should know that the people of old Texas are getting thoroughly wrought up about the matter. They regard any man as a near-traitor who for a mere matter of wages would cripple and hinder our war efforts. And if they are not right, we should like to know how one of these workers could do us more harm by being an out-and-out enemy to this country. Texas and Oklahoma are pouring bushels of mail into Washington protesting against the complacency of leaders in Washington which permits an evil like this to continue unmolested. Business men and farmers and other good citizens from the industrial districts of the North and East as well as from all the agricultural states of the nation should join with the Texans and Oklahomans in demanding that the President and Congress do something to curb this strike evil.

Hitler has announced that he has decided to put off his Spring offensive against Russia until Summer. Of course that may be just a ruse, but we'll bet Hitler has wished a thousand times in the first place that he had never attacked Russia. Things have been going bad for him on the Russian front all winter. They turned the tables on him early in December and have held the whip hand ever since. It is to be hoped that they continue to hold it until Hitler and his hi-jacking horde are completely crushed. Not only must Hitler be crushed but the war-spirit of that whole Nazi outfit must be crushed. War-minded Germans throughout Europe must be taught that they were not born to rule the world. Most Germans in this country are good citizens. Many in Germany are so, of course. But practically all of them will be when imbued with the spirit of democracy and fair play. They can't be as long as

CITATION BY PUBLICATION

THE STATE OF TEXAS,
COUNTY OF LYNN.
TO: Claude Cash, Guy Cash, Ernest Cash, J. S. Cash, Bert Cash, M. G. Cash, Mrs. Minnie Wardlow, Mrs. Belle Permenter, and the heirs and legal representatives of each of said eight parties, and the unknown heirs and legal representatives of each of said eight parties:

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 27th day of April, A. D. 1942, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas.

Said plaintiff's petition was filed on the 6th day of March, 1942. The file number of said suit being No. 1436.

The names of the parties in said suit are: J. T. Herd as Plaintiff, and R. M. Cash, Claude Cash, Guy Cash, Ernest Cash, J. S. Cash, Bert Cash, M. G. Cash, Mrs. Minnie Wardlow, Mrs. Belle Permenter, and the heirs and legal representatives of each of said eight parties, complained of, and the unknown heirs and legal representatives of each of said nine parties, as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff is the owner of the Northeast Quarter (NE 1/4) (Farm 138) out of Survey No. Five Hundred One (501), Block One (1), Certificate No. 4-748, containing 164.8 acres of land, in Lynn County, Texas, more particularly described in plaintiff's petition, and further described in deed to M. G. Cash dated March 2, 1917, of record in Book 25, p. 124, of the Deed Records of Lynn County, Texas; that M. G. Cash died, and his wife as survivor of the community estate, encumbered for more than \$5500.00, was empowered to sell, and did sell, said land, afterwards acquired by the plaintiff, as against the heirs and legal representatives of the said M. G. Cash, and other defendants above mentioned; that defendants have wrongfully entered upon said premises and ejected plaintiff to his damage in the sum of \$5000.00; that plaintiff has title to said land under the five-year statute of limitation, as alleged, and is entitled to recover said land, and have title quieted in him, as against said defendants and have all claims asserted by defendants canceled and removed. Issued this 13th day of March, 1942.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 13th day of March, A. D. 1942.

(Signed),
Hattie Server,
Clerk, District Court,
Lynn County, Texas.
(Seal).

they regard themselves as supermen destined to lord it over other nations.

Have you ever written a letter to the President of the United States? Have you ever written letters to Congressmen and Senators? Even if you have written letters in the past, or if you have never written letters, do so now! Tell them for God's sake to do something before we lose this war here in 1942! Production of war machines lags; plants are not working full time; our allies are losing because we are not producing machines to stop the Axis. All of this is because the administration refuses to change the silly "Social Security" laws to conform with war demands. If we should lose the war, American labor will be in slavery to the dictators, and then what shall we gain by holding to peace time standards when war time necessities demands that men work more than 40 hours per week? Write your letters today and express your feelings in the matter.—Canyon News.

The shortage of tires may be a shot in the arm of the country store keeper. It may be that a lot of people will have to shop and deliver from the back of old Pete or Beck, or in the old buggy behind Dobbins. And that will eliminate shopping at great distances.—Terry County Herald.

During the first World War President Woodrow Wilson said: "It is not an army that we must train; it is a nation." The same may be aptly applied to the present situation.—Terry County Herald.

Generalissimo Chiang Kai Shek, of China, is not only a leading figure of the war in the far east, but his wisdom and sagacity will be in demand when the time comes to make peace. He along with the representatives of other democratic nations will not only demand that every individual and nation be free to live their own lives unmolested, but that they have a right to trade with whom they please. General Chiang Kai Shek is very religious in every day life, being a devout Methodist.—Terry County Herald.

Axis propagandists have wonderful allies in the United States. Thousands of persons say every day: "Why haven't the English done something?" Such foolish statements should be flung back in the faces of such queries, "Why didn't we profit by the invasions of the Axis?" And again, "Where would we be today had not England held off the Axis while we were trying to make up our minds whether to put in a day's work, or just continue on the 40-hour basis?"—Canyon News.

"Work or else" threats have been made by Selective Service Boards in centers where defense jobs are being held up by strikes. Thousands of young men have rushed to defense jobs in preference to serving in the army and navy. No one can object to that so long as these men really work and are of value to their country. But when they refuse to work they should be slapped right back into line for military service.—Canyon News.

A Book for Every Service Man.

There was great rejoicing in Tokyo this week when the emperor ordered his people together to celebrate Japan's victories in the Pacific over the United Nations. Admiral Tojo says that Britain and the United States have lost the war and will soon be brought to their knees. That's what he says. Before this time next year he will change his mind.—Moody Courier.

Those who have studied the matter say there is no excuse whatsoever in manufacturers upping the price of print paper. Canadian mills made a profit of 300 million dollars last year, and the United States mills 884 million dollars profit.—Terry County Herald.

THE FIRST NATIONAL BANK
TAHOKA, TEXAS

Hardly added a quart "since Hector was a pup"

How this oil that defies "curdling" far out-mileaged five other great quality brands... beat their average more than twice over, in Certified Desert Test

Curds thickening up milk don't half give you a picture of the blobs of muck that can foul your oil—and your engine. For muck and "stickum" from oil that fails under present-day strain can't improve lubrication, nor add to safe mileage per quart. But now that you must change oil for Spring—really a law in every Car Instruction Book—you can easily switch to Conoco Nth motor oil. And in patented Conoco Nth oil you get Thialthene inhibitor... man-made... the modern synthetic invented to restrain stickiness—sluggishness—"simmering down thick"

Conoco Nth gets every chance to stay smoothly fluid; full of life. And still another great Conoco synthetic—same as ever—makes Conoco Nth give you an OIL-PLATED engine, with lubricant "plated" you'd say—or seemingly "magnetized"—direct to inner engine parts. Then OIL-PLATING isn't all draining down fast during parking—or even overnight. Instead, OIL-PLATING can stay up high, to help out your engine at every start, before any oil-pump raises up its full stream.

That's how to foil a lot of wear, and not have your engine soon over-eating oil. Talk about a strict economy diet!... Down in Death Valley's record high heat, battling five other big-name oils—impartially—this same Conoco Nth oil was still up above half when all others tested had burned up their engines and their full 5-quart fills!

That's a certified sample. It makes you realize why you can change to Conoco Nth and keep away from adding quart after quart. Get rid of hazardous Winter oil now, at Your Mileage Merchant's Conoco station. Get economy to the Nth degree. Continental Oil Company

Winston C. Wharton Local Conoco Representative

Defense Guard Holds Inspection

Although the Tahoka Defense Guard company is enlisted to its full strength, more enlistees will be accepted, Capt. Don Turner states. In fact, it is desired that more members join in order to take places of men who are being called to the Army, or who drop out for other reasons.

Inspection of arms was held for the first time last Monday night. The regular membership is now fully uniformed and rapidly developing into a well-drilled company.

Officers urge that no member miss the regular Monday night drill periods, as an officer of the Texas Defense Guard may be present almost any time.

Tuesday night, Capt. Don Turner, Lieut. H. O. Hargett, Sgt. H. A. Roddy, Kirk Pitts and possibly others, attended the review of the Slaton company before the State and battalion officers.

Two Couples Are Married By "J. P."

Justice of the Peace P. D. Server declares that he is getting to be a regular "marrying parson." He had officiated at two weddings this week already when seen at his office in the courthouse Tuesday.

On Sunday he read the marriage vows for Lehman Brown and Miss Dorothy Nash of New Home, who were accompanied by some of their relatives.

On Tuesday he tied the knot for a colored couple from Slaton. The gentleman in the case was one Geo. McClintock, while the name of the blushing bride up to the time of the wedding was Stella Rainwater.

The Judge thinks he did a good job of it in each instance.

Help buy the planes and tanks needed to smash the Axis! Save with U. S. Bonds and Stamps every pay day.

WHAT'S DOING AROUND GRASSLAND

Tom Brown is up and about after having recovered from a case of the mumps.

Mrs. George Shelton, formerly of Grassland but now a resident of Pampa, is reported to be seriously ill again, the doctors giving no hope for her recovery.

The Nazarenes closed a successful meeting here Sunday night. Good crowds were in attendance and good singing featured the meeting.

Mr. and Mrs. J. E. Young visited Sunday afternoon in the homes of their two daughters, Mrs. J. A. Norman and Mrs. Charles Bullock.

Margie Shepherd is ill with the mumps this week.

"Shorty" Roberts and W. T. Mitchell are sick with mumps.

Mr. and Mrs. Claud Brown of New Home visited in the C. M. Greer home Sunday, and also in the Brown home in the Garnolia community.

Elder Jesse Eubanks of Leuders preached at the Church of Christ here Sunday, with a large crowd present.—Reporter.

Book Review Was Decided Success

Mrs. Lenore M. Tunnell says that the attendance at the Book Review given by her at Gordon Monday night was most gratifying.

The review was given under the sponsorship of the Parent-Teacher Association for the benefit of the lunch room for the school at that place. She does not know the amount of the proceeds.

Home-made ice cream was served and an all-around good time was had, she says.

SOLDIERS CLAMOR FOR SOMETHING TO READ

SAN MARCOS, March 16 (Special)—Take it from the Marines, and from one who has been there—what our soldiers at the "outposts of freedom" need is something to read.

The testimony came from Ben Gothardt of San Marcos, who was home on furlough after spending eight months in Iceland, and who will be assigned for duty somewhere in the tropics when his furlough expires.

Praising the statewide "Victory Book" Campaign in which local librarians all over Texas are cooperating, Gothardt pointed out that soldiers in the outpost stations depend entirely upon what the folks back home send them for reading material.

"We're thankful for books, magazines—any sort of reading material," he said. "The newspaper published at the town near our camp was in the native language and none of us could read it. You could hardly read the book or magazine the folks sent from home, so many others were clamoring to get it, a chance just to look at it.

"If the book campaign could supply the forces in Iceland with reading material, it would help many a homesick boy pass many miserable hours in a barren, gloomy, cold, far away spot."

Mrs. John B. Curry and son, Gary Lynn, spent the week end with her father, J. B. Thompson of Grassland. Mr. and Mrs. Jess H. Gregg of Vernon, Mr. and Mrs. C. W. Roberts and Mr. Thompson accompanied them home for Sunday dinner. Mrs. Gregg and Mrs. Roberts are sisters of Mrs. Curry.

Lynn County Can Plant Castor Beans

Lynn County has been asked to plant 25 of the 3,000 acres of castor beans allotted to Texas this year, J. C. Key, chairman, county USDA War Board, said this week.

Object of the new program is to have sufficient seed for planting in 1943 in case oil imports are decreased still further. Shipment of tung oil, perilla and other oils from the Far East have been cut off by the Japanese in the Pacific, but castor bean oil has proved a highly satisfactory substitute, the chairman said.

"We're importing all the castor beans we need from Brazil at the present time, but we're taking extra precautions in case this route is knocked out of commission," Key said.

Under the new plan, AAA will furnish seed free to farmers provided they return one per cent of the crop this fall. Each farmer entering into the program will be required to carry out approved cultural practices, provide proper storage for the beans, and deliver them to the county seat or the thrasher.

Commodity Credit Corporation will purchase the castor beans in the hull, the price depending on shelling percentage. Prices will range from \$4.29 per 100 pounds for beans shelling 75 per cent to \$3.71 per 100 pounds for beans shelling 65 per cent. Beans shelling less than 65 per cent will sell at a correspondingly lower price.

"We won't have any trouble getting our castor beans threshed because the CCC will have three threshers in Texas and one of them will be in our district when castor bean threshing time gets here," the chairman said.

According to local authorities, approximate castor bean planting time in Lynn County is May 15.

MISS CLAUDIA DRAPER GOING AS ARMY NURSE

Miss Claudia Draper is making her plans to leave soon for Fort Sam Houston, San Antonio, where she will begin service for Uncle Sam as an Army nurse. She will probably leave next week.

Miss Draper does not know just how long she will be at Fort Sam Houston, possibly not more than six months. She expects eventually to be sent to one of the fighting fronts. "I may go to Australia or to Ireland," she said; and then added that she might finally land in Japan, "under protest." However, if she ever goes to Japan it will probably be with a convoy of American soldiers who will visit the Land of the Rising Sun just to show the natives how to make war.

Miss Draper is anxious to get into the service. She served as a nurse for a year at Honolulu, coming home just a few weeks prior to the attack on Pearl Harbor, not knowing, of course, that any such attack was going to be made. She has been regretting that she left there ever since.

Our Army nurses are among our most valuable "soldiers," and hosts of friends here are hoping that Miss Claudia may be sent speedily to that portion of the war zone where she prefers to go and where she will have opportunity to do most good.

MANN IS CHAIRMAN OF NAVY RELIEF COMMITTEE

Gerald C. Mann, attorney general of Texas and former Southwest conference football star, has been appointed chairman of the Navy Relief Society Texas State Citizens Committee. The announcement was made Tuesday from the Society's headquarters in New York city.

A quota of \$210,000 in the \$5,000,000 fund-raising campaign for the Navy Relief Society has been set for Texas.

The Society is the official organization which cares for members of the families of Navy men who are prevented from sending prompt remittances home through remoteness of their stations or the fortunes of war.

1/2 teaspoon salt
1 1/4 cups Pot Milk
3 cups cooked rice
1/2 cup pineapple juice
1/2 cup dried, canned pineapple, drained

Turn on oven and set at very slow (300° F.). Grease a shallow baking dish holding about 6 cups. Mix together slightly beaten egg yolks, 1/4 cup sugar, the salt and milk. Cook over boiling water about 3 minutes, stirring constantly, or until mixture thickens slightly. Remove from heat and add cooked rice. Stir in pineapple juice. Mix well, then put in greased baking dish. Let stand. Beat egg whites until stiff but not dry. Continue beating while adding gradually remaining 1/4 cup sugar. Divide into 6 mounds on top of mixture in baking dish, making a hollow in center of each with back of spoon. Bake 15 minutes, or until tops of meringues are lightly browned. Remove from oven and fill center with drained, diced pineapple. Serves 6.

Citizens Warned To Watch For Forced Landings

LUBBOCK, March 18.—With the Lubbock Army Flying School here now training its first aviation cadet class, South Plains citizens may at any time find themselves called upon to take an active and important part in the nation's campaign to "Keep 'Em Flying."

Co-operation between civilians and Army personnel in case of airplane accidents or forced landings in this area has been asked by officials at the twin-engine flying school, who have issued an Army Air Forces Headquarters bulletin outlining the procedure for such co-operation.

Any military aircraft forced down, it is requested, should be strictly guarded against molestation by unauthorized persons after crewmen have been rescued, since it may be carrying live bombs or ammunition.

Anyone witnessing an aircraft accident, according to the bulletin, should report it immediately to his local police officials, who will relay the information to the nearest Air Corps station and will provide proper protection for the scene of the accident until Army personnel arrive.

"Law enforcement officials," it continues, "can best co-operate with military authorities by assisting injured crew members, obtaining names and addresses of witnesses and making certain that no one moves any part of the plane or its equipment after crew members are rescued."

VISIT RUIDOSO

Dr. and Mrs. James Sinclair and Mr. and Mrs. Prentice Walker drove up to Ruidoso, New Mexico, on Thursday of last week to spend the week-end, on both a pleasure and business mission.

The Doctor and Mrs. Sinclair own a lot up there and they went to make arrangements to have a summer home erected on it. Mrs. Sinclair's mother, Mrs. Anna Sternberg, will probably be a permanent occupant of the home while Dr. and Mrs. Sinclair will visit there occasionally and spend their vacations there.

Mr. and Mrs. Walker purchased a lot there, on which they expect to erect a summer cabin.

Guarding The Congo

ALTHOUGH BELGIUM PROPER has been under Nazi occupation for nearly two years, Belgium as a fighting nation is far from finished. Photo shows four native soldiers of the Belgian Colonial forces, guarding an outpost of the rich Belgian Congo, whence the United Nations get much of the copper and tin they need for their arms production. Soldiers like these, together with white Belgian, South African and British troops, and Abyssinian "Patriots" also reconquered Ethiopia (Abyssinia) from the Italians.

GRASSLAND H. D. CLUB MEETS WITH MRS. APPLING

"Buckles and wide straps carry the eye across the foot and ankle like stripes carry the eye around the body" Miss Maurine McNatt told the Grassland Club Tuesday afternoon in the home of Mrs. R. E. Appling.

"Those whose ankles are thick or whose feet are prone to broadness already, should never wear shoes with large buckles. And if they wear straps across the ankle the straps should be very narrow and inconspicuous."

After the business meeting, in which Mrs. G. C. Watson was elected delegate to council, ice cream, fruit and cookies were served to the following members: Mmes. Roy Leonard, G. C. Wason, R. B. McCord, A. A. Lawson, Claude Thomas, C. M. Greer, Tom Brown, and the hostess, Mrs. R. E. Appling.

The next meeting will be in the home of Mrs. Tom Brown, March 24 at three o'clock, at which time the

club will be given a demonstration on culling chickens. Visitors are welcome.

HACKNEY INFANT DIES

Friends here will be grieved to learn that Mrs. Burton Hackney of Brownfield, who was reared here, was reported early in the week to be in a critical condition in the Treadaway-Daniell hospital following the death of their infant born on Wednesday of last week. The body was buried in Brownfield Sunday afternoon. Burton also lived here several years preceding his marriage. Mrs. Hackney was the former Miss Leta Torrence.

Mrs. Marcus Edwards piano teacher in the schools, announces that County Contest vocal solos and piano numbers, as well as choral numbers, will be held March 26th at 8:30 o'clock in the High School Auditorium.

SINGING CONVENTION TO BE HELD AT HACKBERRY

The Lynn-Garza County Singing Convention will be held at Hackberry Sunday, March 22, beginning at 2:30 p. m., Central War Time, according to an announcement sent to the News.

A number of good singers and also a large crowd are expected, it is said. "Everyone is invited to come and help out in the singing," the announcement states.

Billie Baker of Post is president of the convention.

IN THE NAVY

Marvin E. Solsbery is now in the U. S. Navy and for the past three weeks has been at the San Diego Naval Training Station, relatives report.

Calloway Huffaker returned the first of the week from a combined business and pleasure trip to Central Texas.

J. K. Woosley Is Seriously Sick

J. K. Woosley was taken to a Lubbock hospital Sunday and is said to be in a serious condition. He was thought to be showing improvement Wednesday morning but his condition was not so promising that afternoon and night. It is regarded as imperative for him to remain in the hospital for several weeks at least.

Mr. Woosley had been under the treatment of a physician for two or three months but his condition became more grave early last week and he was taken to the hospital first on Thursday by his daughter, Mrs. Lou Calvery, but was brought back home at that time. Growing worse, he was taken back to the hospital Sunday.

TAHOKA H. D. CLUB STUDIES DRESS

"Every one likes to be smartly dressed," Miss McNatt observed at the meeting of the Tahoka Home Demonstration Club. "Then the choice of shoes and hose is important from the standpoint of appearance and comfort. Shoes and hose should always be suitable to the costume. Color and material should be considered also."

"To insure a good fit in shoes and hose have your foot measured every time you buy a new pair of shoes. Then, if you wish them to look well, give them thought and care. Untidy, run-over heels tends to cause poor posture."

The club met in the home of Mrs. Weaver with nine members present, two new members, Mrs. Clyde Jones and Mrs. Paul Howell, and one visitor, Mrs. Belton Howell.

The club looks forward to attending open house April 11 at Tech.

The club also voted to give the winning Scout troop a prize for the best work done for the next three months or longer.

The club adjourned to meet with Mrs. Skip Taylor March 25th.

NOTICE OF SALE

Notice is hereby given that on Saturday, March 28, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on the premises of Dr. Williams, I will sell at public auction, for cash, one old brown horse about sixteen hands high; unbranded, found running at large in the city limits of the City of Tahoka, and by me impounded.—W. M. Lee, City Marshal. 32-26

Rev. Dale Reported To Be Improving

Reports received daily from the bedside of Rev. George A. Dale indicate that his condition is steadily improving. He sent word to the Rotary Club Thursday that he was feeling fine and hoped to be able to be with them again before too long.

The Club voted to send him a nice bouquet of flowers.

We are using the cow, the hen, and the pig to extract from our huge supplies of corn stored in the ever-normal granary the Vitamin B, the Vitamin A, the good minerals.—Vice President Wallace.

GOOD Work Clothes

With America's War Effort forging ahead, good, durable work clothes are a necessity. Into the superior Dickie's Label, therefore, we put the best of materials and workmanship. Yet these advantages cost the user no more. Buy Dickie's next time. There's a difference!

Dickie Clothes.

ODDS & ENDS

by Ece Eye,
the Elder

For many weeks now Burma has been in the spotlight.

The Japs, after a terrific struggle have cut China's life-line, the Burma Road, have captured Rangoon and Mandalay, and have been struggling to drive the British out of the country entirely, as they have driven them out of Malaya and Singapore, but with the aid of American bombers the British are now putting up stern resistance.

The Burma Road is really the old highway from Rangoon to Mandalay extended in recent years northeastward into the heart of southern China.

Rangoon lies in the delta of the Irrawaddy River near the Bay of Bengal, into which the river empties through many channels. Three hundred and fifty miles to the north, up the river, lies Mandalay.

Burma is a fertile country. It is almost exactly the size of Texas in area and has a population of thirteen or fourteen million people. It is famous for its rice fields, and Rangoon is said to be probably the greatest rice market in the world.

Burma is also famous for its teak wood, which is valuable for the making of furniture, for the building of ships, and for many other purposes.

So, the saw-mill business flourishes in Burma. Some of the teak-wood trees are of enormous proportions, and it is a job to get the teak logs out of the jungles, where many of them grow, to the nearby saw-mills. So, instead of harnessing up old Pete and Jack to pull the logs out of the jungles, the natives harness up old Jumbo, the elephant, and he gets the job done.

The wild-catter hasn't overlooked Burma either. He went there years ago and began to punch holes in the ground, and he struck oil. And oil is one of the products that those Japs are after.

Burma is not only a fertile country but it is a charming land, according to those who have been there, and the people are a charming people, heathen though they be.

The Burmese belong to the Mongolian race. They are a happy-go-lucky sort of people and take life

easy. They are not dollar-chasers, as we Americans are, but they are pleasure-seekers. They love recreation, and they like to dress in gay colors.

The streets of Rangoon and Mandalay and other cities, even of the smaller towns, often present scenes of gaily and bright color.

But we have never heard of the Burmese swigging whiskey or guzzling beer and making fools of themselves. But some of those heathen Burmese belles seem to have beat the American girls to the smoking habit, according to Rudyard Kipling. By the way, we have never yet seen an American girl who seemed to know how to hold a cigarette gracefully. They can do anything else in the world gracefully enough, but they can't hold a cigarette gracefully. They always seem to be too self-conscious and too unnatural to appear graceful.

Neither have we heard of Burmese men chewing tobacco and permitting the amber to run down on their chins.

But there is one silly habit that all the people of Burma indulge in, from Grandpa and Grandma down to the baby on the lap—they all chew the betel nut. Americans say that there is nothing particularly palatable about it and it is rather hot like pepper, and they cannot understand why the Burmese want to chew the stuff; but we guess the Burmese also have trouble trying to figure out why Americans chew tobacco and smoke cigarettes, or even cigars.

The Burmese have always been a peace-loving people. Burma has long been a part of India though the people are quite different from the people of India proper. As a part of India, they are under British rule. And that's why the British are there today trying to stem the Jap as he seeks to over-run and subdue all of eastern Asia even as Germany is seeking to subdue all Europe.

Most of the Burmese are Buddhists. There are countless Buddhist temples and shrines in Burma—pagodas, they are called. Kipling immortalized the old Moulmein Pagoda in that charming little poem of his entitled "On the Road to Madalay."

Political Announcements

The following announce their candidacy for public office, subject to action of the Democratic primary:

For Judge, 106th Judicial District: LOUIS B. REED (re-election)

For District Attorney, 106th Dist.: ROLLIN McCORD (re-election)

For County Judge: CHESTER CONNOLLY (re-election)

For Tax Assessor & Collector: R. P. WEATHERS (re-election)

For County Attorney: CALLOWAY HUFFAKER (re-election)

For Sheriff: B. L. PARKER (re-election)

For County Clerk: W. M. MATHIS (re-election)

For District Clerk: HATTIE SERVER (re-election)

For County Treasurer: MRS. LOIS DANIEL (re-election)

For County Superintendent: LENORE M. TUNNELL (re-election)

For Commissioner, Prec't. 1: CURTIS MORGAN VERNON WILHOIT. E. J. COOPER.

For Commissioner, Prec't. 2: LONNIE WILLIAMS (re-election) J. F. TIPPIT SAMIE NORWOOD

For Commissioner, Prec't. 3: E. O. SLAUGHTER JOHN ANDERSON

For Commissioner, Prec't. 4: LEON JENNINGS (re-election) C. H. (Claude) REAGAN

For Justice of the Peace, Prec't. 1: P. D. SERVER

The poem also immortalized Mandalay and Burma in general, but it was mostly about a charming Burmese girl, who seems to have had considerable attraction for the young man; but Kipling married a New York girl the same year that he published this poem about the Burma maid.

Kipling, as you know, was an Eng-

lishman born in India, and he spent a number of the years of his life there.

We append this poem because of its charm and relevancy at this time, but it should be understood that this is no invitation to budding young Kiplings to send in their poetic productions for publication, as we do not often publish poetry. Note: We have Americanized the orthography of some of Kipling's words just a bit, to help the reader understand what he is saying. We don't like that English pronunciation.

Mandalay

By the old Moulmein Pagoda, lookin' eastward to the sea,
There's a Burma girl a-settin', and I know she thinks o' me;
For the wind is in the palm-trees, and the temple-bells they say:
"Come back, you British soldier; come you back to Mandalay!"
Come you back to Mandalay,
Where the old flotilla lay;
Can't you hear their paddles chunkin' from Rangoon to Mandalay,
On the road to Mandalay,
Where the flyin'-fishes play,
An' the dawn comes up like thunder outer China 'cross the Bay!

Her petticoat was yellin' an' er little cap was green,
An' er name was Supi-yaw-lat—jes' the same as Theebaw's Queen,
An' I seed her first a-smokin' of a whackin' white cheroot,
An' a-wastin' Christian kisses on a heathen idol's foot:
Bloomin' idol made o' mud—
What they called the Grea, Gawd Budd—
Plucky lot she cared for idols when I kissed 'er where she stud!
On the road to Mandalay!

When the mist was on the rice fields an' the sun was droppin' slow,
She'd gl' her little banjo an' she'd sing "Kulla-lo-lo!"
With 'er arm upon my shoulder an' 'er cheek agin' my cheek
We used to watch the steamers and the haths pilin' teak
Elephints a-pilin' teak
In the sludgy, squdgy creek,
Where the silence hung that heavy you was half afraid to speak!
On the road to Mandalay!

But that's all shove behind me—long ago an' fur away,

An' there ain't no busses runnin' from the Bank to Mandalay;
An' I'm leavin' here in London what the ten-year soldier tells:
"If you've heard the East a-callin', you won't never heed naught else
No! You won't heed nothin' else
But them spicy garlic smells,
An' the sunshine an' the palm-trees an' the tinkly temple-bells.
On the road to Mandalay!"

I am sick o' wastin' leather on these gritty pavin-stones,
An' the blasted English drizzle wakes the fever in my bones;
Tho' I walk with fifty housemaids outer Chelsea to the Strand,
An' they talks a lot o' lovin', but wot do they understand?
Beefy face an' grubby hand—
Law! Wot do they understand?
I've a neater, sweeter maiden in a cleaner, greener land!
On the road to Mandalay!

Ship me somewhere east of Suez, where the best is like the worst,
Where there aren't no Ten Commandments an' a man can raise a thirist;
For the temple-bells are callin', and it's there that I would be—
By the old Moulmein Pagoda, lookin' lazy at the sea.
On the road to Mandalay!

Where the old Flotilla lay,
With our sick beneath the awnings when we went to Mandalay!

On the road to Mandalay!
Where the flyin'-fishes play,
An' the dawn comes up like thunder outer China 'cross the Bay!

Today, nobody is kissing that Burma girl, but the Japs have probably been bombing her!

Mrs. H. L. McMillan returned Sunday from a visit with relatives in New Mexico and Colorado.

Rotarians Demand That Washington 'Do Something Now'

Rotary Club Adopts Resolutions

Resolutions were introduced by Rotarian Travis Hanes at the Rotary luncheon Thursday impugning Congress and the President to do something to speed up the war production program. The resolution was adopted by unanimous vote and then signed by every member present, thirty in number. The text of the resolution follows:

* * *

Tahoka, Texas
March 19, 1942

Hon. Tom Connally
W. Lee O'Daniel
Geo. H. Mahon
Washington, D. C.
Gentlemen:

The people of Texas are aroused as they have never been before. We are sick and tired and disgusted of reading about work slow-ups on the home front, political bickerings in Washington, and the War in the Pacific continually going against us; and the reason given is that "THEY HAD TOO LITTLE EQUIPMENT AND IT CAME TOO LATE."

We don't profess to know just who is to blame and where the trouble is—but we believe you know or you shouldn't be in the high places you are in. FOR GOD'S SAKE you congressional members from Texas start hollering louder and louder and louder and prod Congress into doing its duty, that is, put AMERICA on a 24-hour-a-day, 7-day-a-week basis. The people have been way ahead of Congress for a long, long time. We want to win this war in the quickest possible time. STOP ALL EXCESS PROFITS and PUT LABOR and MANAGEMENT RACKETEERS in concentration camps, then let's have

full speed ahead RIGHT NOW. THIS is a time for the greatest statesmanship in Washington we have ever had. But instead of getting it we have only had pussyfooting politics of the rankest sort. We are fighting mad. You are our elected leaders. We expect you to start leading. Roll up your sleeves and start today.

HARRIS FRAZIER HERE ON FURLOUGH

Harris Frazier, who has been in the Army since last June and has been stationed at Bakersfield, Calif., came last Friday on a ten-days' furlough to visit his parents, Mr. and Mrs. L. F. Frazier. The occasion of his coming at this particular time was the illness of his father, who, it was feared last week, was suffering from pneumonia. Mr. Frazier is much improved, however.

On the day that Harris left the camp at Bakersfield, the soldiers there were sent to Boise City, Idaho, and it is to that place that Harris is returning to camp this week.

Harris is a graduate of Tahoka High School and is one of Tahoka's finest young men.

VISIT FAT STOCK SHOW

Mr. and Mrs. C. O. Carmack and their three daughters, Dorothy Lee, Colleen, and Merlin, and Mrs. Carmack's father, W. M. Lee, went down to Fort Worth Monday to see the Fat Stock Show. While there they were guests of a nephew of Mr. Lee, son of a former Chief of Police of the city.

They spent Tuesday night in Stephenville, where they visited a brother and two sisters of Mr. Lee. Stephenville and thereabouts is where Mr. Lee wore out his first pair of little red-top, brass-toed boots.

JACK WELCH HOME

Jack Welch, county FSA supervisor, was home the first few days of the week from Dallas, where he and Mrs. Welch took their two-year-old son Jackie a few weeks ago for treatment and a possible operation by a brain specialist at Baylor Hospital. Mr. Welch reports that many x-rays, tests, and treatments have been made and doctors are very hopeful of restoring the child's health. He is afflicted with a form of paralysis in the right arm and leg.

Jay W. Moore of the New Home vicinity was taken to the West Texas Hospital one day last week suffering from pneumonia. We have received no late reports as to his condition. He is a son of Mr. and Mrs. Lit Moore.

Nathan Woosley, who is with the Medical Squadron in Fort Bliss, El Paso, came Tuesday on a five-days' furlough to visit his father, J. K. Woosley, who is seriously ill in the West Texas Hospital, Lubbock.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing

Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gas, Heartburn, Sleeplessness, etc.—due to Excess Acid. Sold on 15 days' trial for "Willard's Message" which fully explains this treatment.

WYNNE COLLIER, Druggist

L. C. Haney On Rotary Program

With W. T. Hanes in charge, music by pupils of the public school was featured at the Rotary luncheon Thursday noon.

With Mrs. Stella Duke at the piano, the Rhythm Band consisting of thirty-eight members, mostly little tots, presented a most praiseworthy musical number reflecting much credit upon themselves and the director who had trained them.

This was followed by three piano numbers by "Bitsy" Haney, daughter of Mr. and Mrs. L. C. Haney.

Mr. Haney himself gave the principal talk of the day, his subject being "The Drug Business As Affected by War," and Lum made the subject interesting.

Preceding the program, Wynne Collier, in a brief but comprehensive way, welcomed Boyd Smith as a new member and acquainted him with the objects of Rotary.

Visitors introduced were T. R. Cathcart and Sam Floyd.

Dr. Jim Sinclair presented a pencil to each of the two members who had recently had birthdays Calloway Huffaker and Frank P. Hill, that very day being the latter's birthday.

W. T. Bovell also managed to get in a most interesting "personal privilege" talk.

Just before adjournment W. T. Hanes presented for approval or rejection a communication addressed to Tom Connolly, Lee O'Daniel and George Mahon impugning Congress to do something to stop delays in the war production program. It was adopted unanimously.

Mrs. Alice Latham and family had as visitors Tuesday her uncle, Mr. Mack Wright of Aspermont, his sister, Mrs. Claud McCown of Stamford, his niece and husband, Mr. and Mrs. O. S. Covey of O'Brien. The party had been to Seagraves to attend the funeral of a baby of Mr. and Mrs. Jack Wright of that city.

Dr. Bob Caveness came over from Seagraves Wednesday afternoon to visit his parents, Prof. and Mrs. H. P. Caveness, and when he arrived they learned that he had just gotten out of a Seagraves hospital, where he had been a patient for about ten days.

Mr. and Mrs. Lawrence Price of Amarillo were here Sunday, Monday and Tuesday visiting his parents, Mr. and Mrs. N. S. Price, and her parents, Mr. and Mrs. Earl Tunnell. Lawrence is working for a lumber company in Amarillo.

Mrs. J. E. Brown of Big Spring was here Sunday until Tuesday visiting her mother-in-law, Mrs. Pearl Brown. Her husband of a few weeks, J. E. "Sonny" Brown is now in an Army officers' training school at Fort Benning, Georgia.

Sam Garrard came in Tuesday from Camp Blanding, Florida, where he and other Tahoka youths are in training pending their call to some war zone, to visit his father, Tom Garrard, and other members of the family.

Mr. and Mrs. Garland Pennington and Rae Fern visited J. C. Womack at Goodfellow Field, San Angelo, over the week-end.

Mr. and Mrs. N. M. Wyatt and two children, Nancy Nell and Nell Mark attended the Fat Stock Show and visited in Dallas five days.

CARDUI

Elect Delegates To District H. D. Meet

At a meeting in the district court room last Saturday afternoon, delegates were named by the election committee to represent Lynn County at the meeting of the Texas Home Demonstration Association for District No. 2 to be held in Lubbock on Saturday, April 11.

Delegates elected are: Mrs. J. B. Oliver, Tahoka; Mrs. D. B. Jones, Draw; and Mrs. Curtis Driver, Midway. Alternates are: Mrs. G. C. Watson, Grassland; Mrs. Tom Lishman, Dixie; and Mrs. A. W. Montgomery, Wilson.

The electing committee is composed of the county council officers, and the president and elected representative of each home demonstration club in the county.

There are twelve districts in the state, and conventions will be held successively in the twelve districts. It is said that more than 3,000 women attended these meetings last year.

Mrs. W. G. Kennedy of Muleshoe is the president of the state organization.

WILLIE HENRY REED WANTS THE NEWS FROM HOME

The News on Wednesday received the following S. O. S. call from Willie Henry Reed, whose home is three miles south of Tahoka, but who is now in the U. S. Naval Training Station at San Diego, California.

"Dear Mr. Editor: Wish you would send me The Lynn County News. I can't hardly get along without reading news from home.

"We sure have lots of Texas boys in here. I just got in here last Thursday morning. . . Sure is lots of fun learning to drill. I sure hated to leave my friends back home, but we have got a job to do, and I believe now is the time to do it. I think we are getting ready for a knock-out blow at the Axis nations. Of course it will be a long time before I can be of much help; I am studying aviation mechanics. . . Yours very truly, Willie Henry Reed."

The News starts this week to Willie Henry's new address.

MAN JAILED ON FORGERY CHARGES

"Just a few drunks and craps-shooters' fines is about all we have to report," Sheriff B. L. Parker informed us Thursday when asked to report on the state of the nation.

"All, except that fellow we got for forgery," he added as an afterthought. That "fellow" had forged a check on one of our citizens for about \$57.00, and he did so good a job of it that he got it cashed at the Bank. . . Now he is looking out through the bars and can see nothing down the road except the penitentiary.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

Billy Hill Writes A Letter Home

A letter received Thursday from Billy Hill, who has been in the Naval Training Station at Norfolk, Va. since leaving here on January 23, states that on last Friday he returned from a week's cruise at sea, then visited his brother, E. I. Jr., in Washington over the week-end, and was expecting to leave Thursday of this week for New York to be placed on some other character of vessel. He had made a good record in marksmanship in the practice that had been given. He hoped that he would get a ten-days furlough before going on a long cruise at sea.

Robert L. Gibson Jr. was called to active duty by the Navy Department Monday. He joined the Naval Reserve on March 5, signing up for metalsmith, and will be in training seven months. He is a son of Mr. and Mrs. A. L. Gibson and son-in-law of Mr. and Mrs. Sam Bartley.

Our Grassland correspondent stated last week that Mrs. A. A. Lawson was going to visit her son in California. Mrs. Lawson came into the office Saturday and said that it was all a mistake; she had no intention of going any time soon, and she asked that we make the correction.

Feeding our armed forces both at home and abroad requires staggering amounts of food.—Arthur E. Peterman, Oklahoma State Director, Farm Security Administration.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.

H. C. Story In Temple Hospital

Friends here will be grieved to learn that H. C. Story, county clerk of this county for four years and a resident of the county for many years, who now holds a position in the State Comptroller's office in Austin, was taken to a hospital in Temple a few days ago for treatment and eventually for an operation.

Mrs. Jim Burleson returned last Sunday from San Antonio, where she had spent a week visiting a sister who resides there.

Sailor Boy Writes "Poem" For News

The News has received the following letter and "poem" from James Raymond Knight, son of Mr. and Mrs. J. H. Knight, who live a few miles north of Tahoka, a graduate of the Tahoka High School and right tackle on the Bulldog football team during the years 1938, 1939 and 1940. He is in the Navy now and writes from San Diego, California.

We are not in the habit of publishing "poetry" submitted by amateur writers but since this gives a slant on a sailor's life and attitude that is very interesting, we publish it gladly, also the letter, dated March 11.

Dear Editor: I am a Lynn County boy that has lived in Lynn County for 18 years and am now in the U. S. Navy in San Diego, California, and I like it fine so far.

I am sending you the poem that I have written about the Navy and hope that you will print it in the dear old paper for the fine folks of Lynn County to read.

I am the son of Mr. and Mrs. J. H. Knight, living four miles north of Tahoka on the Lubbock highway and I enlisted in the Navy January 13, 1942.

Something To Think About.

The public condemns a sailor
When he whistles at a girl or two,
But does a sailor condemn you
When you whistle at a dozen or two?

If you follow a sailor
Through the days in training camp,
The way he drills and marches
Would open up your lamps.

And nights out on the high seas
When the rain is falling down,
Hammocks are not very comfortable
But the morale can't let down.

The Government picks its sailors
From millions far and wide,
And the very troops you sneer at
May be from neighbors by your side.

But the hardest battle ever fought
Is in the time of peace,
When the people mock and scorn him
And treat him like a beast.

And with these lines we close, girls,
And hope we don't offend,
But when you meet a sailor
Just treat him as a friend.

So long, Mr. Hill. Say Hello to everybody.—James Raymond Knight, Tahoka Right Tackle, 1938-39-40.

American college students are divided on whether liquor should be sold near army training camps. A poll conducted nationally and published at the University of Texas shows youth almost evenly divided on drinking, although girls are a few per centage points in favor of prohibition.

INDIGESTION
Does not harm the heart, but it can make one slightly uncomfortable. If gas seems to distend stomach, causing that embarrassing "gurgling" and crowding, try ADLA Tablets. They contain Bismuth and Carbo-sulfate for QUICK relief. Drug-gists have ADLA Tablets.

TAHOKA DRUG

Tinsleys Re-open Cafe, Remodeled

J. O. Tinsley and family returned last Thursday from Los Angeles, California, where they visited their daughter and Mr. Tinsley's brother while the Tinsley Cafe building was being reconditioned.

They report a most pleasant visit. The people out there do not seem to be unduly excited about the war but there is much activity indicating that a war is on, they say. They came back by San Diego, where there is sure-enough war activity.

They re-opened their cafe here Monday morning although work on the building had not been quite completed. The building has undergone complete remodeling inside. A new concrete floor has been laid, new ceiling and wall paper installed, and everything made as spic and span as a new dime.

UNCLE BILL KELLIS EIGHTY-SEVEN AND STILL IN HARNESS

W. F. Kellis, known by his neighbors and friends and by the newspaper fraternity as "Uncle Bill", announced in his paper, the Sterling City News-Record, last week that he would be eighty-seven years old on Sunday, March 15.

Mr. Kellis has been a resident of Sterling County almost from time immemorial and has been editor of the News-Record for more years than many men have lived, just how many we know not.

Without him at the helm, The News-Record would not be the same paper. Of course, Mr. Kellis will pass on to a better land than Sterling County some of these times and somebody else will take his place as editor and publisher of The News-Record. When that time comes it may become a newsier paper than it is today, but it will probably not be half as sparkling and distinctive.

"Uncle Bill" is a unique but lovable character. Nobody can hurt a keener shaft of wit or sarcasm than he; but he is loved for his sincerity and his hatred of sham and pretense.

At 87, his step is a bit unsteady, but his mind is alert and his soul mellow. Scores of newspaper folk scan the pages of his paper and avidly read his editorials each week, and even those who have never met him personally feel that they know him, and they wish him many years of service even yet as a member of the newspaper fraternity.

Albert Curry, who is in the U. S. Cavalry, stationed at Brownsville, visited his wife and parents here last week. Albert has been getting considerable artillery practice, as well as training in horsemanship, and he points with pride to the part the Cavalry is playing on Bataan peninsula in the Philippines.

Mrs. Garland Pennington and Miss Rae Fern, accompanied by Mrs. W. H. Kenley, returned Thursday from Fort Worth where they had attended an Executive Board meeting of the State W. M. U. Mrs. L. Lumsden of Wilson, District W. M. U. president, also attended this meeting.

Willie Henry Reed, son of Mr. and Mrs. J. F. Reed, who reside three miles south of Tahoka, left Sunday night of last week for Dallas, where he expected to enlist in the Navy.

Let's explore the possibilities

IN TIMES OF PEACE the choice was yours. You could decide whether you wanted to trade-in your car every year or two... or whether to give it the kind of care which would make it last for many years.

That choice exists no longer. Every patriotic citizen must make his car last longer.

Since no car can ever be any younger than its motor, you must explore every possible way of saving wear and tear. So keep the following facts in mind when you are deciding which oil to use:

Phillips refines many oils, because car owners' requirements vary as much as their cars and their pocketbooks. But if you want our **best oil**, you need have no doubt, because Phillips frankly tells you that **Phillips 66 Motor Oil is our finest quality**... the highest grade and greatest value... among all the oils we offer.

Replacing winter-worn lubricant? Making the regular 1,000-mile change? Specify Phillips 66 Motor Oil.

Keith Connolly Writes From The Pacific War Zone

Mrs. James Connolly received a letter a few days ago from her son James Keith Connolly, who had written to her from some point in the Japanese War Zone, and in the same mail he sent a letter to the Lynn County News, but both letters had been censored to such an extent that neither contained much information.

We are publishing the letter to the News, however just to show how strict the Navy is respecting the publication of any information that might be of value to the enemy. We are inserting the word "censored" wherever a word has been blotted out.

Address (Censored)
Date (Censored)

Lynn County News,
Tahoka, Texas,
Dear Editor:

We left (censored) on the good ship (censored) on the 29th day of (censored). The sleeping quarters on the ship were O. K. but the food was (censored). We sailed for (censored) days and landed in (censored). We stayed there for (censored) days and left again—this time on the ship (censored). We sailed and sailed—I guess it must have been around (censored) days and finally landed in (censored). There we saw many (censored) and (censored). We dock again in (censored) about (censored). So I must close and be prepared. Send me a copy of this paper if you think of it.

Tahoka's Little Soldier,
James K. Connolly,
Battery F, 131 FA,
% Postmaster Plum,
San Francisco, California.

P. S. If I can give any further information that might be of interest to you, such as above, don't hesitate to ask for it.—K.C.

(Ed. Note: While Keith's address at the top of this communication has been blotted out, it has been pretty well established that he was in Java, and he has probably had a very active part in the fighting there.)

The challenge to stamp out 'hollow hunger' and 'hidden hunger' a unified drive for dynamic strength.—Federal Security Administrator McNutt.

Don't Wait Until Pyorrhoea Strikes
Gums that itch and burn can become mighty trying. Druggists will return your money if the first bottle of "LETO" fails to satisfy.
WENNE COLLIER, Druggist

WHAT'LL THEY THINK UP NEXT?

Fertilization beneath, as well as above, the waters pays dividends.

According to Science Digest Dr. C. Juday of the University of Wisconsin is experimenting with organic fertilizers, such as soybean and cottonseed meal, to increase growth of

fish in soft water lakes. Dr. Juday's investigations showed that the crop of plankton upon which the fish feed, has considerable size and value. Expressed in terms of an equivalent amount of glucose, the productivity of 7 lakes in August ranged from 12 to 30 pounds per acre

after fertilizing.

Mr. and Mrs. Oscar Roberts returned Wednesday of last week from Columbia, Missouri, where they had spent the preceding week-end with their daughter, Miss Betty Sue, who is a freshman student at Christian College in that city.

Anderson . . .
(Continued From Page 1)
ris Funeral Home.
Surviving are the widow, four daughters and one son. The children are: Tommye Ruth, Mary Jo, Johnnie Mae, Billie Fay and Tom Anderson Jr.

Three sisters, two brothers and his mother also survive his mother being Mrs. Scott's Anderson of An-

son. The sisters are Mrs. Carl King of Dallas, Mrs. H. M. Monroe of Austin, and Mrs. Ora Sexton of Crane; the brothers, Nick Anderson of Phoenix, Arizona, and Charlie Anderson of Stamford, Texas.

Mr. Anderson was 41 years of age, having been born on December 15, 1900, at Lockhart.

He was married to Miss Ponella Shahan at Haskell on February 20, 1922. He and family came to Lynn County from Anson, Jones County, in December, 1928, and had resided here ever since until he and family moved to El Paso in order that he might receive treatment in the Sanatorium there.

Mr. Anderson was a truly good man, gentle, kind, and considerate of all with whom he came in contact. He was a member of the Baptist Church here and died triumphant in the faith which he professed. He was highly esteemed by a large circle of friends; who deplore the fact that in the prime of life he became a victim of the great white plague.

Help your country! Buy a Bond every month!

Mrs. Finch . . .

(Continued from page one)
death seven years ago. She was a noble Christian character and had many friends who esteemed her most highly. She had long been a devoted member of the Primitive Baptist Church.

Surviving her are two sons, one daughter, a sister, and many other relatives. Three sons and one daughter preceded her in death. The surviving children are: Charley M. Finch of Tahoka, Rufus Finch of Tatum, New Mexico, and Mrs. Ruth Wozencraft of Stanton. The sister is Mrs. A. L. White of Lamesa.

Mrs. Finch was a native Texan, having been born in Houston County on December 15, 1862, during the Civil War. She grew up and was married in that county on January 5, 1882, to G. W. Finch. Later they removed to Tioga, Grayson County, and came from there to Haskell. From Haskell they came to Lynn County in 1911, settling in the Edith community.

The News joins many friends in expressions of sympathy to the bereaved children and their families.

Rationing . . .

(Continued from page one)
and it would be well for them to turn back to their grocer the excess amount of sugar before that day arrives. False representations as to the amount of sugar on hand has been made a serious offense and is punishable by heavy fines and possible imprisonment.

The teachers of the county have been requested to act as registrars in their respective districts, and it is not contemplated that any teacher will refuse to serve when called upon. Rationing books will be numbered serially and one book will be furnished to each family. This book should be kept scrupulously and never destroyed or mutilated. It is probable that other groceries will be added to the rationing list later. Mr. Thomas says.

Lynn County's rationing board consists of W. O. Thomas of Tahoka, E. J. Tredway of O'Donnell, and Lynn West of Wilson.

Mrs. B. A. Williamson of Modesto, California, left for her home recently after a two week's visit here

with her mother, Mrs. L. L. Murry, who has been ill with heart trouble the past three months, and with her sister, Mrs. J. L. McKay.
