

The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 38

Tahoka, Lynn County, Texas, Friday, May 22, 1942.

Number 41.

Many Registrants Are Reclassified

Married Men Advance To I-A

The Lynn County selective service board composed of Judge J. W. Elliott, Marshall Stewart, and D. C. Baker, is busy this week re-classifying for military service all registrants in this county in the first and second registrations who are not already in training or in service in some branch of the armed forces.

The first registration was made on October 16, 1940, and included all whose ages at that time ranged from 21 to 35 inclusive.

The second registration was made in July, 1941, and included all whose ages at that time ranged from 21 to 35 inclusive.

As soon as reclassification of these registrants is finished, the board will proceed to classify those who registered last February, which included all men whose ages ranged from 21 to 44 inclusive, according to Judge Elliott, chairman of the board.

Many of the young unmarried men who have procured employment in essential war industries or are now employed in agricultural pursuits will be called for military duty, and their employers will be required to replace them in these industries with men over 45 years of age, or with women in some instances.

Vacation Bible School Opening

Every boy and girl in this community and in the surrounding communities is urged to attend the Vacation Bible School sponsored by the Methodist and Baptist Churches. The workers are planning for a large attendance and much enthusiasm has been shown by every worker. Brother George Turrentine will have charge of the Devotionals for the primary and beginners departments and Brother Hal Upchurch will have charge of the Devotionals for the junior and intermediate departments.

We are anxious that every boy and girl between the ages of 4 and 16 come Monday and attend every session. The school will last only two weeks, and will be held from 3:30 to 6:00 p. m. each day.

There will be a processional each day in which someone will get to carry the flag and the Bible and each of us will give the pledge to both flags, and to the Bible. We will also have a period of playing, handwork, singing, and Bible stories, day, Monday, May 25. The beginning is at 3:30 p. m. The first and primary will meet at the Methodist Church. The Juniors and Intermediates will meet at the Baptist Church. Be in the right place, and you will get started quicker.

What You Buy With WAR BONDS

Our army spells and pronounces it pontoon, not "ponton", as you do. Pontoon bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontoons is pictured here. The largest pontoon bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontoons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest pontoon, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

"Immunizations" Given 600 People

Dr. James W. Sinclair stated to a representative of the News late Wednesday afternoon that approximately 210 persons had received immunization from smallpox during the day. Dr. Emil Prohl had immunized about 140 persons in the morning and Dr. Sinclair about 70 in the afternoon. Approximately 600 Lynn County people have been immunized the past three weeks.

Immunization against diphtheria will begin next Wednesday. All who desire to be immunized against this dreaded disease are requested to appear in the county court room on Wednesday of next week.

46 Seniors Are Given Diplomas

Forty-six graduates of the Tahoka High School received their diplomas at the Commencement exercises in the high school auditorium last Friday night. The diplomas were presented by Prentice Walker, president of the board of trustees.

Miss Bernice Huffaker was valedictorian and Miss Mary Ruth Hargett salutatorian.

Dr. R. N. Richardson, executive vice-president of Hardin - Simmons University, delivered the class address, his subject being, "Liberty, Equality, Fraternity." It dealt, of course, with the ideals that we cherish in this country. The speaker was introduced by Superintendent W. T. Hanes.

"The Bells of St. Mary's" was given by the High School Girls' Chorus.

The announcements were made by Principal Hope Haynes. The program was enjoyed by a crowd that filled the auditorium and galleries to capacity.

Honor Tahoka's Students At Tech

Misses Edith Robertson, Mary Margaret Tunnell, and Lenore Frances Anglin, all of Tahoka, were among the 197 women students honored at the eleventh Annual Women's Recognition Service at the Texas Technological College on Tuesday, May 12.

Miss Robertson, daughter of Mr. and Mrs. W. O. Robertson, was recognized for an A average, 41 activity points, outstanding work in Forum, and membership in Alpha Chi, scholarship society.

Miss Tunnell, daughter of County Superintendent Lenore M. Tunnell, was recognized for outstanding work on La Ventana, maintaining an A average and making 37 activity points, holding the Mrs. J. T. Hutchinson Journalism prize, and membership in Theta Sigma Phi.

Miss Anglin, daughter of Mr. and Mrs. W. S. Anglin, was recognized for maintaining an A minus average.

Misses Robertson and Tunnell are Seniors this year while Miss Anglin is doing her first year's college work.

Awards are based on excellence in scholarship, leadership, and citizenship.

Hoyt Willingham Joins The Navy

Mr. and Mrs. Hoyt Willingham and their two children late of Brownfield, but formerly of Tahoka, left Tuesday for California. Mr. Willingham for San Diego, where he expects to be inducted into the Navy and Mrs. Willingham and children for Bakersfield, where her parents, Mr. and Mrs. W. H. Womack, reside.

Mrs. Willingham is a sister of the late Herbert Womack formerly of Tahoka, who was recently killed in action in the Philippines. Hoyt will doubtless do his best to avenge the death of his wife's brother, and if he ever gets a whack at those Japs we guess some of them will pay for it.

Tank Commander

Tough, grease-stained and grim, this cotton-clad tank commander of the 66th Armored Regiment, Second Armored Division at Fort Benning, Georgia, typifies the readiness with which this nation's new mechanized Army awaits the future.

400 Guardsmen Will Participate In Lubbock Maneuvers This Week-End

Tahoka Defense Guard will participate in the 39th Battalion, Texas Defense Guard, maneuvers at Lubbock Saturday night and Sunday. Capt. Don Turner announced at the meeting of the local unit Monday night.

Approximately 400 men from the companies in Lubbock, Plainview, Crosbyton, Slaton, and Tahoka, as well as of the Civilian Air units of Lubbock will take part in the maneuvers, which will include a review, sham battles, guard duty, etc.

The maneuvers will be staged under the command of Major Chester A. Hubbard, and state commanders will be present for the review.

Guard units will gather at the South Plaza fair grounds at 5 p. m. Saturday for assignment to bivouac areas and supper. At 6:30, a review will be staged in the fair park stadium, to which the general public is invited. Aviation units will also pass in review overhead.

The entire night will be devoted to maneuvers and guard duty, it is said. Rev. Jeff D. Welch, chaplain, W. T. (Tanlac) Strange Jr., and Clark M. Muliken will speak at the Sunday morning meeting. The maneuvers will be completed in the Mackenzie park by 2 p. m.

The Tahoka company hopes to have a full attendance at this annual affair, and all members of the unit are to meet on the north side of the square at 4 p. m. Saturday. Businessmen are urged to co-operate by letting Guard members off for this important event. Those who can not possibly get away at 4 o'clock will be permitted to join that organization at Lubbock that night.

Refreshments were served the local company Monday night from a fund being raised by farmers in various sections of Lynn county who are interested in maintaining the Tahoka military unit.

HIRAM SNOWDEN RECEIVES HIS WINGS

H. M. Snowden and his sons, Harold of Tahoka and Rudolph of Post left Tuesday for Luke Field, Arizona, to attend the graduating exercises there Thursday morning, when Mr. Snowden's other son, Hiram, was to receive his wings. Luke Field is situated near Phoenix.

Hiram was reared in Tahoka and is a graduate of the Tahoka High School.

Mrs. W. C. Mathis Jr. and sons, Don Mack and Tom Michael, are here this week from Levelland visiting her parents, Mr. and Mrs. G. R. Milliken.

James Harley Eubank, son of Mrs. Helen Eubank, underwent an operation for removal of tonsils and adenoids in a local clinic last Sunday.

Bill Hale, Worker On Johnston Island, Visits In Tahoka

Bill Hale, who has been on Johnston Island out in the Pacific Ocean for the past seven months, has been spending the past week here visiting his brother, Tom Hale, and other relatives. He expected to leave on Thursday for the West Coast, and soon will proceed to Hawaii, where he will be employed at Pearl Harbor.

Mr. Hale was on Johnston Island when the Jap attack came, but he was reluctant to talk about anything that has not been made public by the censors. However, he was a member of the construction crew that built the great air base on this barren Pacific Island.

He once lived here but for several years prior to his going to Johnston Island he lived in Colorado.

H. L. Smith Infant Dies In Hospital

Funeral services for Hubert Max Smith, infant son of Mr. and Mrs. H. L. Smith of Draw, who died in the Lubbock General Hospital at nine o'clock Thursday night, May 14, were held in the Methodist Church at Draw last Friday afternoon at four o'clock, with Rev. Jesse Young, pastor of the church, officiating, assisted by Garnie Atkinson, Minister of the Church of Christ at Tahoka.

Born September 25, 1941 the little fellow was seven months and 19 days old at the time of his death. He had suffered from a lung infection for months and his death was not unexpected but was none the less heart-breaking for the members of the family on that account.

Surviving are the parents and one sister Laquita Joy, the grandfather, L. F. Smith of Tahoka, and grandparents Mr. and Mrs. C. C. Jackson of Draw, together with a number of uncles and aunts.

A little brother died at the age of three months, on December 7, 1939.

Congratulations--

To Mr. and Mrs. W. T. Spears living seven or eight miles north of Tahoka near the Tahoka - Wilson highway upon the birth of a son weighing 7½ pounds at 4:45 o'clock Sunday afternoon. The little fellow will bear the name of George Michael Spears through life.

To Mr. and Mrs. Charles L. Henderson of Redwine on the birth of a 7½ pound son at a local clinic, Tuesday morning, May 19.

Scrap Metal Drive Planned June 1-6

Crowd Attends Citizenship Day

A large crowd of people from various communities in Lynn County assembled in the City Park here Sunday afternoon to enjoy the "I Am An American" program sponsored by the Tahoka Rotary Club, the Defense Guard, and the American Legion.

A prize had been offered for the best number presented by any community and six communities in the county had representatives in the contest. The prize went to the representative of the Wilson community.

The observance of the day began with a parade led by the Tahoka (Continued On Back Page)

New Home Church To Be Dedicated

The New Home Baptist Church is planning a great home-coming and dedication service for Sunday, June 14, according to information given the News this week.

The church building was constructed a number of years ago but an addition was erected a year or two ago to better take care of the growing Sunday School. With the debt on the plant liquidated, the Church has planned this dedication service, which is to be made the occasion of a great home-coming service also. It is hoped that every former pastor and every living former member, if possible, will be present.

Services will begin at 11:00 a. m., and with an intermission for the noon meal, will continue till about 4:30 p. m.

Rev. Collins Webb is the present pastor of the Church.

A. R. McDaniel Dies In Amarillo

Funeral services for Albert Riley McDaniel, 54, who died in Amarillo on Wednesday, May 6, were held in the Methodist Church at Draw on the following Friday, according to the Rev. Jesse Young, the pastor, who officiated, and the body was buried in the Draw cemetery.

Mr. McDaniel left surviving him the widow and four children, Mrs. Fay Robinson, who resides in the vicinity of Houston, and Byers, Neva, and Joe of the family home in Amarillo. Also surviving are three brothers: Tom McDaniel of Poso, California, Sid of Pecan Gap, Texas, and Luther of Dallas.

A devoted member of the Methodist Church since 1916, Mr. McDaniel was reputed to be a most excellent Christian gentleman and a good citizen. He left many friends in the Draw community as well as elsewhere who feel a personal loss in his death.

Born on December 25, 1887, in Delta County, Mr. McDaniel was married to Miss Lorena Humphrey on December 5, 1915. He and his family lived in the Draw community for many years, removing to Amarillo about a year ago. He was a carpenter by trade and is said to have built many of the farm houses in the Draw community.

He had been in very ill health for two years or more immediately preceding his death.

The funeral services were largely attended.

PIANO RECITAL

Mrs. J. K. Applewhite will present her piano pupils in a recital at her home, Tuesday night, May 26, at eight o'clock.

Mary Elizabeth, fourteen year old daughter of Mr. and Mrs. Henry Wright, underwent a tonsil operation in the office of a local physician, Wednesday morning.

Mrs. C. C. Ross attended the West Texas and New Mexico Beauty School at Lubbock the first part of the week.

Iron Needed To Build War Tools

Because of a shortage of steel, there is already a slowdown of the United States War effort, government officials state, but Lynn county already has a move on foot to do its part in gathering all the scrap metals possible in this county for conversion into warships, tanks, shells, bombs, planes, etc., to whip the Axis.

The week of June 1 to 6, inclusive, has been set aside as Scrap Iron Week, and every farmer, especially, is urged to gather up all the scrap iron he can find and carry it to one of three concentration points—Tahoka, O'Donnell, or Wilson. He will receive the best market price, about \$7 to \$10 per ton, and will be helping the war effort at the same time.

To encourage the gathering of scrap iron, J. K. Applewhite, local implement dealer, is offering a \$25 War Bond to the man bringing in the most scrap iron that week, junk dealers excluded.

Plans for the drive, the second held in this county, was made at a meeting of the heads of several organizations here Monday. These included County Judge Chester Con (Continued on Back Page)

Rain And Hail Fall In County

Rain and hail in widely varying amounts visited several localities in Lynn County Monday afternoon and early Wednesday morning.

Hail Monday afternoon is reported to have done considerable damage to many crops. A number of crops north of town are said to have been damaged or destroyed, including those of Buster Panton, Irvin Stewart, and others. W. J. Benson stated that while the hail fall was heavy at his place, apparently it did little damage. Joe Bovell said there was no appreciable damage to his cotton.

In a strip of country extending from O'Donnell north and eastward through Joe Bailey, Midway, Redwine, and Grassland communities, considerable damage to crops is reported, some of the cotton that was up being totally destroyed.

Damage is also reported to have been done in the West Point community.

Rainfall in O'Donnell Monday afternoon was exactly one inch, it is reported, and there were heavy rains in some other localities. West Point reported possibly an inch as did Joe Stokes, also. The rainfall in Tahoka was only 28 of an inch, and it was likewise light in many other localities. Farmers everywhere welcomed the rain.

A rain early Wednesday morning covered much of the territory in the vicinity of Wilson and north of Tahoka. More rain is threatened as this is being written Thursday.

All Schools Of County Closed

When the school at Grassland closes its doors tonight, all the schools in Lynn County will be closed for the summer vacation.

Most of them closed on last Friday—all of them, in fact, except Grassland, which closes tonight, and Wilson, Gordon, Edith, and Midway, which had closed previously.

Most of the schools have had very successful sessions the past year, but there has been considerable change in teachers here and there on account of resignations to enlist in the armed forces or to take part-time jobs in war industries and other activities. The opening of the schools next fall will probably show more changes in the faculties for the same reason than has occurred during the current school year.

Mr. and Mrs. Lloyd Edwards and two children left Wednesday to visit his sister and family in Houston.

Solomon says, "Trust in the Lord with all thine heart, and lean not unto thine own understanding. In all ways acknowledge him, and he shall direct thy paths." Prov. 3: 5-6. One of the hard lessons in life is to learn to trust in God. People want to lean upon their own understanding too much. We must realize that God holds the future in his hands. Many today are putting their trust in airplanes, money, guns, and tanks. The Israelites did this one time and God said to them, "Woe to them that go down to Egypt for help, and stay on horses, and trust in chariots . . . but they look not unto the Holy One of Israel, neither seek the Lord."

My friend, are you trusting in wealth and steel? Do your actions show that you care more for the things of the world than you do for the worship of God? Your absence from the worship services is mute evidence of your lack of love for God and His word. We trust that you will resolve now to be more faithful. It will be for your own good in the world to come.

 Friday—3:30 p. m. Vacation Bible School.

June 1-5 — Vacation Bible School. The attendance has been steadily increasing for the past few Sundays, and we are very anxious to have more than 300 in Sunday School this Sunday. We are very glad to have visitors each Sunday, and we enjoy having the new members each Sunday. Won't you come and visit with us and see if you will not enjoy meeting with us at all times?

Brother Hal Upchurch is on the field now, and we are expecting more contacts to be made, and know that you are going to enjoy working with him, and hope that you will continue to come to all the services, and add your prayer and attendance with those who have been coming.

BAPTIZING AT DUCKETT'S TANK ANNOUNCED
 There will be baptizing at the tank of G. M. Duckett, who resides a mile north and a half mile west of the Six-mile store east of Tahoka, at four o'clock Sunday afternoon, May 31, according to Rev. J. E. McManis, pastor of the Edith Baptist Church. There will be at least two converts to be baptized.
 The general public is invited to attend.

BIBLE SCHOOLS AT DRAW AND GRASSLAND PLANNED
 Rev. Jesse Young, pastor of the Draw and Grassland Methodist churches, is conducting a Vacation Bible School in the church at Draw this week and will conduct one in the church at Grassland next week, he announced here last Saturday.
 The school at Draw closes tonight, and the school at Grassland will begin Monday and continue through Friday of next week.

BAPTIST BROTHERHOOD HAS WELL ATTENDED MEET
 Forty-five men attended the Baptist Brotherhood meeting at the Church here Tuesday night, one of the best attendance records yet.

With Dee Now in presiding, a dinner roast was served, with a brief business session following.
 W. A. Reddell had charge of the program of the evening, the theme being: Men and Money — Money and Men.

The scripture lesson was read by A. L. Smith. Speakers on the program were Dr. K. R. Durham, E. I. Hill, F. M. McBeth, and Rev. Hal Upchurch.

The next meeting will be an association-wide meeting and will be held with the Wilson Brotherhood in the Church there on Monday night, June 16. The entire membership of Tahoka Brotherhood is invited and urged to attend.

Mr. and Mrs. Fred Bucy returned Tuesday from Fort Worth, where Mrs. Bucy had spent three weeks visiting relatives. Fred went down last Friday. He says that the reports of rain in that part of the state have not been exaggerated. Farmers are just about to lose a crop on account of the continued wet weather.

MARY RUTH HARGETT WEDS PRIVATE BOYCE EVANS
 Mr. and Mrs. H. O. Hargett are announcing the marriage of their daughter, Mary Ruth, to Pvt. Boyce Evans of Sheppard Field, the groom being the son of Mr. and Mrs. C. B. Evans, who reside near Tahoka.

The marriage took place in Wichita Falls on Saturday, May 9, with Rev. R. E. Harrison performing the single ring ceremony.

The bride wore a powder blue dress with white and navy accessories. The maid of honor, Mrs. C. B. Evans Jr., chose a navy blue frock. Pvt. C. B. Evans Jr. attended his brother, the groom.

Mary Ruth is a graduate of the Tahoka High School of the class of 1942. She will continue to make her home here with her parents for the present.

Pvt. Evans is a graduate of the Tahoka High School of the class of 1941 and attended the Tech College before enlisting in the air corps of the army.

Both the bride and groom were reared here.

CARD OF THANKS
 I want my friends to know that I sincerely appreciate the lovely flowers and nice presents brought to me and the many kindnesses shown me while I was sick of pneumonia. Your thoughtfulness and helpfulness will never be forgotten. — Mrs. Dora Tunnell.

Mrs. Garnie Atkisson was pleasantly surprised Friday evening when her cousin, Mr. Lonnie Morrison and family of Hanover, N. M., stopped by for a visit. The Morrisons and Atkissons drove to Spurr Friday night to visit an uncle of Mrs. Atkisson and Mr. Morrison, Mr. Bud Morrison and family, returning Saturday evening. Mr. Morrison and family left Sunday evening for Hanover, going by way of Portales, N. M., to visit other relatives.

Mr. and Mrs. A. L. Lockwood returned last Friday from a three weeks' stay at Hot Springs, Arkansas, where they went for the benefit to be derived from the hot baths and the drinking of its famed mineral water. Mr. Lockwood says that the war has had no appreciable effect on the number of persons who visit that city for the benefit of their health. Great crowds were there during their stay, he says.

Mr. and Mrs. P. M. Sherrod both were able to come down to the City Park Sunday afternoon and enjoy the American Day program. Mrs. Sherrod has been confined to her home the past several weeks by illness but is gradually improving, and Mr. Sherrod has ventured out only on rare occasions for months due to the infirmities of age.

W. L. (Dub) Burleson Jr. left Tuesday morning for Tatum, New Mexico, where he will spend the summer on the ranch of his uncle, W. K. Dickinson Jr. Bill says that Dub, 13, could hardly wait for Tuesday morning to roll around, for he expects to learn a lot and have a great time out on the ranch this summer.

James and Hawley Godwin are now at San Diego, California, where they went recently to find work. James and his wife and baby left here two weeks ago and Hawley left last Saturday.

A new awning has been erected in front of the C. A. Thomas building occupied by Bart's Cafe and the C. N. Woods Jewelry Shop, and the entire front is being redecorated.

Mrs. J. T. Grissom, who has been residing at Riverside, California, is now here in the home of her daughter, Mrs. E. J. Cooper, and will probably remain here until this fracas with the Japs ends with a knock-out blow for the yellow pest.

Mesdames C. B. Evans Jr. and Royce Evans are spending this week in Wichita Falls, where their husbands are in training in airplane mechanics at Sheppard Field.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother **BLACK-DRAUGHT** to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

Stuffed Pork Chops
 Broadcast by Mary Lee Taylor, May 21

1/2 cup raw rice
 4 cups boiling water
 3 teaspoons salt
 1/4 cup finely cut onion
 6 tablespoons hot shortening
 1 cup Fat Milk

3 tablespoons finely cut pineapple (optional)
 1/4 teaspoon pepper
 4 cups corn flakes
 6 pork chops (1 inch thick, cut with pocket)

Wash and drain rice. Boil until tender in boiling water and 1 teaspoon salt. Drain and rinse with hot water. Cook onion slowly for 5 minutes in 2 tablespoons hot shortening. Add cooked rice, 1/2 cup milk, the pineapple, 1/2 teaspoon salt and 1/2 teaspoon pepper. Cook about 5 minutes, or until milk is absorbed. Remove from heat and let stand. Turn on oven and set at moderately slow (350° F.). Roll corn flakes into fine crumbs. There should be 1 cup crumbs. Mix together remaining 1/2 cup milk, 1 1/2 teaspoons salt and 1/2 teaspoon pepper. Fill pockets of pork chops with rice mixture. Secure edges of pockets with toothpicks (use 4 with string. Cut off ends of toothpicks. Dip stuffed chops, one at a time, into the milk mixture. Roll in crumbs. Brown on both sides in remaining 4 tablespoons hot shortening. Bake 1 1/2 hours, or until tender. Serves 6.

Former Citizen of Draw Is Dead

Relatives of Lloyd Crabtree at Draw received a message early Thursday morning that he had been instantly killed in an accident that occurred while he was driving a truck near Palestine Wednesday. No details of the accident were given.

Mr. Crabtree was a nephew of Mrs. D. G. Cook and Mrs. C. C. Jackson and a double cousin of Mr. H. L. Smith, all of Draw. He had resided here and at Draw for the past several years until about six weeks ago when he moved to Palestine.

While here he was the driver of a truck for his uncle, Delmand Jackson, who was employed by the R. E. A. He had many friends in this county who will deeply deplore his tragic death.

Baptists Change Time Of Meeting

At a representative meeting of the Baptist Church Wednesday night, it was decided by an overwhelming vote to change the time of meetings of the Sunday School and the Sunday morning church services.

Beginning next Sunday morning, Sunday School will meet at 10:00 a. m. war time, instead of 10:45 as heretofore; and the Church Service will begin at 11:00 instead of 12:00 noon.

Church and Sunday School officials urge that all teachers and officers as well as pupils be present promptly at 10:00 o'clock Sunday morning.

It was also announced Wednesday night that Supply Pastor Rev. Hgl Upchurch and his wife would reside here now until such time as the regular pastor is able to resume his work or other duties call them away.

Sammie, son of Mr. and Mrs. D. G. Ridge, is spending this week with his grandmother, Mrs. Jess Brown, at Floydada.

Mr. and Mrs. Have Henderson have completed a new home on their farm in the Redwine community.

Official U. S. Treasury War Bond Quotas For May

The above map of Texas shows the War Bond quotas, by counties, for the month of May, 1942. Total War Bond quota for the State is \$18,594,500. Every income earner in the State is expected to step-up War Bond purchases on a basis of ten per cent or more of income. This is necessary to help America's armed forces take the offensive against the Axis powers. The American voluntary method of War Bond purchases must be successful in reaching the quotas set by the Treasury Department for every county in the nation. The job of every American now is to stop spending and save dollars to help win the War.

Cows Assisting Defense Effort

According to information reaching the News office, C. B. Early of the Redwine community has a bunch of cows who seem to have sensed the need for full co-operation with those who are directing our National Defense program and are doing their best to furnish food for the nation during the present emergency and to make provision for an abundance of food in the years to come.

He has five good Jersey cows that have become fresh in the last six or eight weeks. But there are six of the calves. The last cow that had an increase in her family presented her owner with twins.

Of the six calves, four of them are heifers and in a few years will doubtless be fine milkers just as their mothers are today.

Old Bossy can be depended upon to do her part to slap the Japs.

Mr. and Mrs. A. L. Smith and Mr. and Mrs. W. H. Kenly of Smith's Grassland store attended a grocers' merchandising clinic in Lubbock last Sunday afternoon. Al says it was one of the best meetings of its kind he ever attended.

Senator Marshall Formby, 30th Senatorial district, who recently enlisted as a private in the U. S. Army.

RAY WEATHERS DIRECTS ROTARY PROGRAM

Ray Weathers had charge of the program at the Rotary Club luncheon Thursday, which accounts for its being different from most programs.

Ray staged a contest between a preacher and a layman concerning their knowledge of the Bible, and of course the preacher came out second best to the amusement of the auditors.

Then he took a turn at showing up other members, and finally got Supt. W. T. Hanes to admit that he had once heard of a man named Shakespeare.

It was a lot of fun.

Former Teachers Again Eligible

Former teachers now residing in Lynn County who would like to re-enter the profession of teaching may now have the opportunity to do so, according to County Superintendent Lenore M. Tunnell.

To avail themselves of this opportunity, however, they should call immediately at the office of the county superintendent for blank data sheets to be filled out and sent to District Deputy State Superintendent E. H. Boulter at the Texas Technological College, Lubbock. This must be done before June 1, Mrs. Tunnell says.

Rev. and Mrs. George A. Dale, accompanied Mr. and Mrs. G. R. Kennedy of Lubbock to San Antonio last week end and have been attending the sessions of the Southern Baptist Convention there this week. All reports are to the effect that it was difficult for the visitors to find lodging places in the city, due to the war effort. Rev. and Mrs. Dale are expected home Saturday.

The Congress of the United States accepted the Texas State Constitution on December 29, 1845, which date has been declared by the United States Supreme Court as the actual date of annexation.

To preserve rubber-insulated electric cord, lay it flat in storage and out of the sunshine. Avoid sharp kinks and bends.

Mrs. Tunnell Is On State Board

Mrs. Lenore M. Tunnell received notice this week of her appointment as a member of a committee named by the State Superintendent of Public Instruction to function in the 30th senatorial district respecting the proposed appropriation of \$22,000,000 by the Federal Government for the benefit of the public schools of Texas.

Other members of the committee are County Superintendent Dean Robertson of Post, chairman; Dr. W. B. Irvin, superintendent of the Lubbock city schools; Superintendent Watson of the Colorado City schools; and District Deputy State Superintendent E. H. Boulter of Lubbock.

A bill is now pending in Congress providing for the appropriation, Mrs. Tunnell states. It specifically provides that no authority shall thereby be given to the Federal Government over the public schools except that the bill does provide that 78 per cent of the appropriation shall be used for current expenses and the payment of teachers' salaries, 20 per cent for capital outlay, and 2 per cent for administration purposes.

JACK KING WRITES HOME FROM THE HIGH SEAS

Miss Florence King had a letter early last week from her brother, Jack King, which was written from some point out somewhere in the Pacific. It was dated April 30, mailed May 1, and received here on May 11.

"Have been doing a little traveling," Jack writes. "Beautiful place where I am now. Climate a little too hot for me." That's about the only information he gives, but San Francisco is his base, and mail addressed to him bearing the name of his ship, in care of the San Francisco postmaster, will reach him.

Mrs. Tommie Clark and children, Bonnie Jean and Ronnie, are leaving Sunday for Ponca City, Okla., for a month's visit with relatives and friends. Each Sunday while there Mrs. Clark will be heard over radio station WBBZ at Ponca City on the Baptist Radio Revival from 3 to 3:30 p. m. Before moving to Tahoka Mr. and Mrs. Clark were on this program.

Mrs. Pettigrew's Father Dies

Mrs. G. H. Pettigrew received a message Thursday morning stating that her father, E. P. Humphries, had just died at his home at Whiteflat in Motley County.

The Pettigrew family left almost immediately for Whiteflat without being able to state definitely when they would be back but they hope to be able to have their store open again Saturday.

No details as to the cause of Mr. Humphries' death were available.

TO ENGAGE IN NATIONAL DEFENSE WORK

Miss Georgia Taylor, who has been teacher of music in the public schools here for the past several years, left Tuesday morning for a few weeks visit with her parents in the Panhandle and will go from there to Dallas about the middle of June to accept a position in one of the National Defense offices there.

Miss Taylor indicated to a representative of the News before leaving that she would have a desirable position there and that her work would begin on June 15.

She has been a very valuable member of the school faculty here.

Miss Echo Milliken attended the Beauty Show in Lubbock Monday.

That despotic dictator Adolf Hitler apparently is drawing one day nearer to his doom with every sunset. A year ago he started out to conquer Russia in six weeks. The sledding was fine for a few weeks, and then the Russians began to slow down his pace. His advance into Russia became slower and slower until, just about the time the Japs struck at Pearl Harbor, the Russians stopped Hitler cold in his tracks. Then he was compelled to retreat here and there and finally to dig in for the winter. He has since been keeping up the morale of the German people by promising them that he would start a terrific and victorious drive this spring. A few weeks ago, he started to make that drive, but only in the Crimean peninsula has he been able to make any progress. On the other hand, he is meeting with disaster all along the line farther to the north and especially in the vicinity of Kharkov, great strategic industrial city captured by the Germans several months ago. The big offensive apparently is being staged not by the Germans but by the Russians. If Hitler's forces are routed out of Russia that will be his end. And it will be the beginning of the end for all Germany in so far as victory in this war is concerned. Hitler and the Huns that have been supporting him are doomed.

Gasoline is being rationed in many of the states in the East and North and some in the Northwest. The cuts

West Texas Gas Co.

in the East are so deep that it hurts. This curtailment of the use of gasoline is due to no lack of the supply. It is due, we are told, to the lack of transportation facilities. Our tankers on the Atlantic are being torpedoed so regularly that little oil is being shipped by sea, it is said, and the railroads and trucks are not able to transport a sufficiency of it from the Texas and Oklahoma fields to meet the war demands and supply the needs of the general public. A recent Texas governor claims "the credit" of preventing the building of a proposed pipe line from Texas to the East two or three years ago, it is reported. We know nothing about the facts nor the reasons for his alleged action, but a big pipe line or two in operation now would greatly increase the transportation facilities and possibly make rationing unnecessary. We shall probably hear more about this in the campaign for the United States Senate just now beginning. The people should have the facts and the reasons and then should form their own judgment as to the wisdom of the former governor's course.

On Thursday evening of last week, former governor Dan Moody, of Austin, made his opening address for the U. S. Senate over a radio hookup, and on Friday evening, Judge James V. Allred, also a former governor, made his opening address. In his address Moody had nothing to say about either of his opponents except that he conceded that each of them was just as patriotic perhaps as himself, but in a challenge for a joint debate previously made to Senator W. Lee O'Daniel he indicated that during the campaign he would vigorously attack the official record of that gentleman. Judge Allred attacked O'Daniel's record in his first address. He made a vigorous and aggressive speech indicating that he would make the fur fly during the campaign. In a statement issued Sunday, Dan Moody called upon Allred to declare his position with reference to abolition of the "40-hour week" as he himself had done and Allred had failed to do. Up to the time this was written, nothing has been heard from O'Daniel respecting the campaign. But he will probably speak out soon.

There is plenty of evidence that we are going to have a hot campaign for the United States Senate this summer. Already both Dan Moody and James V. Allred have assailed the official record of Wilbert Lee O'Daniel. Among other things both have charged that he has obstructed in some degree the war effort of this nation, and on Monday Allred called attention to the fact that in January 1941 Governor O'Daniel recommended legislation making it illegal for a man to hold one public office while running for another. "There in May he ran for the Senate but held fast to the governor's office, using the prestige and power of that great office to catapult himself into another," Allred charged. But he barely did get elected at that, receiving only one-third of the votes cast. With a run-off to face this time, it would seem that O'Daniel's chance to come out in the lead in the second primary is not very rosy.

The Texas public school permanent fund was established during the administration of Elisha M. Pease, 1853-1857.

ODDS and ENDS

by Eec Eye, the Elder

Whatever else the Japs may be doing to us, they certainly gave aviation a boost in this country when they made their treacherous assault upon Pearl Harbor and forced us into war. Striking evidence of this fact may be seen all over Texas. We passed Goodfellow Field at San Angelo the other day, and the graceful swoop and the mighty roar of the airplanes that filled the heavens thrilled us to the very tips of our toes. There were scores and scores of them in the air, most of them flying singly but many of them in formations of three. Beautiful was the sight, and the hum of their mighty motors was the sweetest music that we had heard since the Pearl Harbor attack, for they sang down upon Japan by the thousands and show those Japs what a terrible mistake they made when they made war upon us.

Of course we realized that the hundreds of planes at Goodfellow Field was only an infinitesimal fraction of the great fleet of planes that we are building, and when we thought of the great fields at San Antonio and scores and scores of others scattered throughout the nation, it gave us renewed assurance that we are going to win this war.

We found much else on this brief trip to give assurance.

Over in Central Texas, for instance, we found real evidence that we are in truth making America the very arsenal of democracy. Just now workmen from over that section of the state are flocking to Killeen to assist in building the great tank-destroyer training field there. With an area of 108,000 acres of land, it is said to be the largest of its kind in the world — or will be when it is completed.

Twenty-five or thirty miles to the northeast, adjacent to the little city of McGregor, they are building a great shell-loading plant. They selected deep soil for this plant, some of the richest in Texas for the reason that the shells when loaded are to be stored underground and much excavation work will be necessary.

All the farm houses are being removed from this rich body of land and the construction work has already started.

Political Announcements

The following announce their candidacy for public office, subject to action of the Democratic primary:

For Chief Justice, Court of Civil Appeals, 7th District:
J. ROSS BELL of Childress Co.

For Judge, 106th Judicial District:
LOUIS B. REED (re-election)

For Commissioner, Prec't. 4:
LEON JENNINGS (re-election)
C. H. (Claude) REAGAN

For Justice of the Peace, Prec't. 1:
P. D. SERVER

Buy A Victory Bond . . . And Slap A Jap!

There is ample evidence, too that Uncle Sam is making preparation to take care of those who may be wounded in defense of our country and in the great offensive which we hope to be able to launch soon. At Temple, they are now laying the foundations of the greatest hospital, in point of size, that we know anything about. The original unit, it is said, will contain 1,000 beds, and it is expected that another unit the same size will be constructed after this one is completed. It will occupy a tract of approximately 260 acres of land. The buildings now under construction cover an area equal in extent to many city blocks. It's a sight to behold.

An air field is being built at Temple, too.

The Temple, Killeen, and McGregor projects form a kind of triangle of activity. Killeen is situated about twenty-five miles west of Temple and McGregor about the same distance slightly west of north from Temple.

Among the many other air fields that have been or are being built in Texas is the one that we noted at Sweetwater on our way home being constructed for the training of British aviators. Just why it was found advisable to build an air field away out here in West Texas for the training of Britishers has not been explained to us. It may be that they are to be used in due time against the Japs in the Pacific.

Yes, we spent some time in Austin. We drove in there late Friday afternoon and left Monday morning. Of course we called around at the Comptroller's office to see our old friend George Sheppard and our Tahoka friend, H. C. Story. Mr. Story, as is well known, recently underwent a major operation in a Temple hospital, but he is now back at his desk in the Comptroller's office. He sent his best regards to his Lynn County friends.

Attorney-General Gerald Mann was not in his office when we called, and he surely missed a treat by failing to see us. Associate Justice Mallory Blair of the Third Court of Civil Appeals was also out. A dentist had put him to bed. Judge Blair was just a youth in high school when this writer first knew him. He is a cousin of L. C. Haney of this city.

Governor Coke R. Stevenson might have been in his office, but we did not favor him with a call, although we think he is a level-headed gentleman and is making a good governor.

We were not in the Capitol building very long and missed seeing a number of our friends who are in the various departments there.

No, we didn't call at Dan Moody's office either. But we did meet an aged friend of ours in the Capitol, Dr. Vol Reed, formerly of Bell County, who is an enthusiastic booster for Dan Moody. We didn't try to find out how the land lies in this Senatorial race, but we gained the impression that Moody would be strong in Austin.

Do You Want To Hear Your Radio?

The U. S. has stopped the manufacture of 349 types of radio tubes for public use. When our stock of these tubes is gone, we can not buy any more.

We advise you to buy an extra set before May 25, while you can get them.

A TOP-SELLING LAXATIVE ALL OVER THE SOUTH

As a matter of fact, we didn't go to Austin for the purpose of seeing any politician, office-holder, radio-performer, rabble-rouser or prominent citizen of any kind. We went merely to take our little grand-kiddies, five and four years of age respectively, to their mother, Mrs. Myrtle Hill Rochelle, who is employed in Austin. This was the first trip the kiddies had made to Central Texas, and possibly the greatest kick they were getting out of their new surroundings while we were there was the lightning bugs which they were chasing at night. And they were catching some of them too. These were the first flies they had ever seen that carried their flash-lights around with them.

There are a lot of us who might be able to try higher and see further ahead if becare starting out we provided ourselves with more light to show us the way around.

Mrs. J. H. Knight, who resides four miles north of Tahoka, is in California visiting her son, Raymond Knight, at San Diego, and her daughter, Mrs. Ed Boyer, at Long Beach. Raymond is serving in the U. S. Navy out of San Diego. Mrs. Knight left here on Monday of last week.

Be A Victory Demonstrator

By Maurine McNatt, CHDA.

For a number of years the rural people working with County Extension Agents have set up what they term Demonstrations. A demonstrator is a person who develops a demonstration of better farming or homemaking, following principles recommended by the Extension Service for the purpose of meeting the needs of the family and of proving to neighbors the value of the demonstration.

The Victory Demonstration is the War Time Activity of the Extension Service of Texas A & M College and will last for the duration of the Emergency. Any rural person, man, woman, boy, girl, or family who desires to become Victory Demonstrators may do so by indicating his interest to the County Extension Agents and by developing a Victory Demonstration.

A Victory Demonstrator, doing his best to help win the war will produce food, feed, and fiber for home use and for distribution to meet war needs. America has an abundance of good food, for the present at least, there is no scarcity of any important item for our normal diet. That statement can be made in no

Judge Grider Back Home And Well

Judge G. C. Grider, who has been a patient in the tubercular sanatorium at Carlsbad for nine months, returned to his home in this county recently a well man, according to his statement, and he certainly "looks it." "I weighed only 116 pounds when I went there," the Judge stated to a representative of the News Tuesday, "and now I weigh about 185. That sanatorium is a little heaven on earth."

The Judge delights to tell how well he was treated there, how efficient are the doctors. Low faithful the nurses, how friendly is everybody.

The institution, he says, has about a thousand patients. Dr. J. B. McKnight has been the superintendent for the past twenty-eight years. There are twenty acute and experienced physicians on the staff of the institution and about twenty young doctors and internes assisting but not on the staff. There are about sixty graduate nurses and about 120 student nurses.

Every physician and nurse there, the Judge says, has been afflicted at some time or other with tuberculosis. "They will cure every tubercular patient who goes there if they will go early enough and will follow instructions," the Judge declares. "I tried to be a good patient, and they cured me. It's a wonderful institution!" he repeated, over and over.

Many friends in this county are delighted that he has completely regained his health.

Rev. and Mrs. Frank Thomas of the Central Baptist Church eleven miles east of Tahoka and Mesdames Garland Pennington and W. O. Robertson of this city have been in San Antonio this week attending the Southern Baptist Convention. Mrs. Robertson visited with her daughter, Mrs. Beryl Robinson, while in the convention city.

Mrs. E. S. Smyth of Smithfield, Tarrant County, is visiting E. W. Holloway and family of Redwine. Mrs. Holloway is the daughter of Mrs. Smyth.

other country in the world today. In other countries at war, even in the case of our Allies, inadequate diet of the war workers slows the production effort and contributes to sickness and disease. It is our duty and responsibility as homemakers to convert the abundance of America's farms and reserves into the properly balanced diets that will give everyone of our 130 million the maximum in energy and vigor.

A Victory Demonstrator will take good care of his farm and home equipment, building, machinery, furnishings, and clothes. Farmers have been asked to check their equipment and to order needed repair parts or to repair parts they anticipate will be needed, at once and to get their machinery repaired and adjusted well before it is needed.

A Victory Demonstrator, doing his best to win the war, will purchase necessities wisely and eliminate unnecessary buying, he or she will purchase Defense Stamps and Bonds. He will do his part in other war activities, such as collecting scrap iron, collecting paper, protecting public health, or in any way that he can be of service.

A Victory Demonstrator, doing his best to win the war, will conserve human and natural resources by good farm and home management and by co-operation with others. He will understand and help others understand the "Why and How" of adjustments rural people must make to war-time situations. He will help build the kind of family, community and national life which is worth defending, which will maintain morale, and which meets the difficulties of post war reconstruction. Family security is needed in war time. This may be obtained through religion, friendship and a sense of humor.

We hope that through Victory Demonstrators we will create an interest which will result in better nourished people — people with sound minds and bodies winning a successful peace.

Increase Of Horned Frogs In Town

Have you who live in Tahoka or O'Donnell or any other Plains town, noticed the rapid increase in the horned frog (or lizard) population during the years say from 1920 to the present date? Have you thought of the reason?

Not many are seen out of town, no more than were seen several generations ago. Certain species of snakes and hawks make life uncertain for them out in the fields and ranches but these natural enemies can't get 'em in town, so they are becoming man's great pals—that is, when man is thoughtful enough to note their friendliness.

Try following Old Rip about for thirty minutes and note how regularly his tongue darts out after ants. Often little black ants—too tiny for the naked eye to see from a few feet.

Boy Scouts will be glad to explain their mission to smaller boys who are prone to take a shot at these useful fellows. — Ben Moore, O'Donnell.

VISITS ALMA MATER

Lewis E. Williams, of the News force, visited his alma mater, the Texas School for the Deaf, in Austin, over the week end. Mr. Williams graduated from that school in 1937, and he reports the school is better than ever. While there, he had occasion to visit in nearly every class room and was a guest of the school at the Field Day program and barbecue held all day Saturday, May 16.

A livestock exhibition was held as part of the field day program, and prizes were awarded to several of the deaf boys for the best hogs, cows, sheep, etc. in each class. The boys raised these animals as part of their schooling in Vocational Agriculture.

The Chairman of the State Board of Control made a speech and awarded the various prizes after the barbecue. In addition to the livestock show, there were races and other athletic events such as a girls' softball game and a baseball game between the deaf boys and Allen Academy of Bryan. The deaf boys came from behind in the last half of the ninth inning to win the game by a score of 6 to 5.

The deaf school is administered on pretty much the same basis as most public schools, with the exception that the students are all deaf. Mr. E. R. Wright, former State Representative from Huntsville, is Superintendent, and from all accounts, an excellent one. Incidentally, Mr. Wright is the son of deaf parents.

MISS JENNIE REBA NEVILL WEDS AT FLAGSTAFF, ARIZ.

Friends here have learned that Miss Jennie Reba Nevill, daughter of Mr. and Mrs. J. L. Nevill, who was visiting her sisters at Flagstaff, Arizona, was married to Melton Flowers of Vernon, Texas, a soldier in training in a camp near Watertown, New York, on Friday, May 8, in Flagstaff.

The newly married couple sent a Mothers' Day telegram to Mrs. Nevill which reached her on Saturday, and that was the first information the parents had that their daughter had married. The marriage ceremony was read by the pastor of the First Baptist Church at Flagstaff. They took a brief wedding trip to the Grand Canyon, and were honored with a dinner at the home of the bride's sister, Mrs. L. L. Jones, in Flagstaff, on Saturday.

Mr. Flowers has returned to his camp near Watertown and Mrs. Flowers will return to Tahoka to reside until her husband and millions of other Americans like him can win this war.

Miss Mildred Cooper, a student in Howard Payne College, was here Sunday to visit her parents and to be with her brother, Truett, who received his commission as second lieutenant at the A. & M. College Friday night and who donned the army uniform and left here by bus for Fort Sill Sunday night. Truett was accompanied to Tahoka by his young wife, and following his departure she returned to her home at Goldthwaite.

Miss Iris Dean Cade, who has been a student in John Tarleton College the past session, came home Sunday, following the close of the school.

Mrs. S. R. Cade of Fort Worth is here visiting her son A. M. Cade, and family for a few weeks.

Conserve, Conserve Farmers Advised

Egg crates are the latest item to be listed as a vital war material. Handle them gently and don't hoard.

According to John C. Key, chairman of the Lynn County U.S.D.A. War Board, the increased production of eggs in the nation has strained the egg crate capacity, so the board has been asked to urge careful handling and rapid movement of all used egg crates.

Chairman Key listed six suggestions for helping to keep egg crates from becoming a bottleneck:

1. Open Cases Carefully. Take care of the lid so that it will be available to protect the eggs on the next trip. A strip of wood is not enough.
2. Use Care in Removing Fillers. They can be used again. By being careful when you take them out, you are preventing egg breakage.
3. Replace Flats and Fillers in Empty Cases. They are hard to obtain. Otherwise put them into a clean, dry place. A wet, dirty filler may damage your next lot of fresh eggs.
4. Don't Drop Cases. They take nails and extra time to repair.
5. Make Every Case Go Another Trip. If care could make every case go to market and back just one more trip, it would help overcome the shortage.
6. Don't hoard cases. Remember there are poultry producers who have eggs to move with nothing to put them in. Let that extra case go back into circulation and there will be enough for every one.

Lynn County farmers, farm organizations, grain, feed and seed dealers were asked today by John C. Key, Chairman of Lynn County War Board, to aid in the nation-wide bag conservation program launched recently by Secretary of Agriculture Claude R. Wickard.

"Every farmer and dealer in this county," Key said, "has an important part to take in the conservation of fabric bags (burlap and cotton) needed for agricultural commodities this year. There is a shortage of bags now, but if we take care of those we have and keep them in use we will be doing much to offset the shortage and a great deal to prevent it from becoming a serious one."

"Wartime expansion in American agriculture means that approxi-

Mobile Bridge Ponton

Massive rubberized cotton pontons like the one above aid in giving added mobility and striking power to U. S. armored forces. By the use of such pontons with heavy steel treadways, new armored force bridges can be erected faster and carry heavier loads than any other military bridge in existence.

mately two billion bags will be needed for packing farm commodities in 1942. That is roughly 500 million more bags than would be used under normal conditions.

"Our part in the conservation program is to see that every bag now on hand and in use does its full job and a great deal more. War has cut deeply into the imports of burlap from India and the stocks of this material now on hand must be shared with our military forces. We have plenty of cotton in the raw state, but mills having the facilities to make bagging material are operating to capacity to turn out war orders."

Key pointed out that farmers can take the first step in bag conservation by taking stock of the bags they have on hand, by sorting them for size, type and condition and storing them where they will be dry and safe. Farmers are urged to sell the bags they will not need.

Miss Clara Gene Scruggs went to Bowie Wednesday to visit relatives. She accompanied her uncle, Jim Kennedy and family of Lubbock, who were enroute to Mena, Ark., to make their home.

Mrs. H. C. Edwards, who lives on Route 1, near Grassland, is recovering from a tonsillectomy which she underwent recently.

Mrs. South's Sister Dies At Henrietta

Mr. and Mrs. J. A. South and Mrs. South's daughter, Miss Mary Squires, returned Wednesday of last week from Henrietta, where Mrs. South's only sister, Mrs. Will Twyman, was buried on the preceding day. They had been called to Wichita Falls on Thursday of the preceding week when Mrs. Twyman had become seriously ill and was taken to a Wichita Falls hospital for an operation. She died in the hospital on Monday.

Funeral services were conducted in the Christian Church in Henrietta on Tuesday and the body was buried in the cemetery there. Among other relatives attending the funeral were Mr. and Mrs. Temple Brashear of Baird, former residents of Tahoka, Mrs. Brashear being a daughter of Mrs. South.

Mrs. Twyman, 54, had been a resident of Henrietta for fifteen years. Surviving her are the husband, three sons, and one daughter. Also surviving are two brothers and the sister, Mrs. South.

Mrs. Twyman had visited her sister here on several occasions and had made a number of friends and acquaintances here.

Ted Clayton Out For Commissioner

In our candidate column this week appears the name of Ted M. Clayton of O'Donnell, who announces as a candidate for County Commissioner of Precinct No. 3, which embraces roughly the southwest quarter of the county.

The son of Mr. and Mrs. Sumner Clayton, Ted is a native of Lynn County, having been born in Tahoka on February 25, 1914. He is therefore 28 years of age. He has a wife and one child.

Ted is a graduate of the O'Donnell High School and has done three years of college work, one year at Canyon, Texas, and two in the University of New Mexico at Albuquerque. Except for the time that he spent out of the state while in school, he has resided in Lynn County during his entire life. For some time, his father was engaged in business in Tahoka. They removed from Tahoka to O'Donnell in 1926, when Ted was a boy twelve years of age. He has been a resident of precinct No. 3 ever since that date, a period of sixteen years.

By occupation Ted is a farmer, a real dirt farmer, who earns his living by tilling the soil, but he feels that by reason of his training and of his familiarity with conditions in this county and in his precinct he is prepared to render efficient service as a county commissioner. He pledges the people that if elected he will give unsparsingly of his time to the performance of the duties of the office — to the proper maintenance of the roads in his precinct and to the interests of the county as a whole.

Having lived in this county all of his life and being a young man of amiable disposition, Mr. Clayton has many friends in the county and particularly in precinct No. 3, who doubtless will rally to his support.

He expects to interview the voters in person but he desires to state now that he will appreciate the vote and influence of every person in his precinct who may decide to give him their support.

J. L. Reese spent two days the past week in San Angelo visiting two sisters there. He has recovered from his recent illness and is now back on the job as care-taker of the Baptist Church and premises here.

J. ROSS BELL

J. Ross Bell Is Judge Candidate

J. Ross Bell was born 58 years ago in Tennessee. He received his law degree and was licensed to practice law in 1910. Taught school two years in public schools of Mississippi and West Texas. Came to West Texas 32 years ago and began the practice of law.

He is a married man and has one son who is now serving in the Air Corps of the United States Army.

For eight years, he was District Attorney of Baylor, Cottle, King, Knox, Dickens and Motley Counties, retiring of his own accord. One of the outstanding lawyers of West Texas. Has participated in the trial of many important cases before both State and Federal Courts, including the Courts of Civil Appeals as well as the Supreme Court of Texas. Many people in each of the 46 counties of this District are acquainted with him and know his qualifications both as a man and lawyer. His qualifications for the position he seeks have not been questioned.

For many years active in the advancement of the civic, agricultural and religious interests of West Texas. The present emergency will prevent him from seeing many of the people of the district but the support of all will be greatly appreciated by him and is respectfully solicited.

Mrs. Lorene Benson, who is an employee in Wynne Collier Drug, left last Friday for a vacation visit of a few weeks with her mother at Ewing, Indiana.

Citizens Are Given Opportunity To Register For Sugar

A consumer of sugar and other rationed commodities who was not registered during the registration period, upon good cause shown and in the discretion of the board, may be registered at the office of the Lynn County rationing board after May 21, 1942, according to an announcement made Thursday by W. O. Thomas, chairman of the board.

For home canning, each consumer holding a war ration book shall be entitled to additional amounts of sugar not to exceed 5 pounds per annum to use in canning fresh fruits or vegetables, Mr. Thomas states.

Applications may be made by the consumer personally or by an adult member of his family unit to the board on Form No. R-315. If you intend to make application, please bring in all war ration books involved.

Effective date of Ration period:

- No. 1 Stamp, May 5 to May 16, inclusive, for one pound.
- No. 2 Stamp, May 17 to May 30, inclusive, for one pound.
- No. 3 Stamp, May 31 to June 13, inclusive, for one pound.
- No. 4 Stamp, June 14 to June 27, inclusive, for one pound.

MISS MARY ELLEN CONWAY WEDS LAMESA MAN

Announcement has been made that Miss Mary Ellen Conway of this city and Mr. Dan Y. Davis of Lamesa were united in marriage in Lubbock on Friday, May 8. The couple are making their home in Lamesa.

Mrs. Davis is the daughter of Mr. and Mrs. C. W. Conway of this city. She was reared in Tahoka and is a graduate of the Tahoka High School of the class of 1938.

Mr. Davis is the owner and operator of the Piggy Wiggly grocery store in Lamesa and is a successful young business man.

Many friends here are wishing them the best joys of life.

CARD OF THANKS

I desire to thank the friends and neighbors who were so kind to us doing the long-continued illness and at the death of our dear baby. Our hearts are full of gratitude to all who helped us in any way. Mrs. H. L. Smith and family.

Extension News

MAURINE McNATT, C. H. D. A.
Our grandmothers gave their children sassafras tea, sulphur and molasses, or "store boughten" tonic to "tone-up" the blood each spring. Today this "toning-up" is done the year around and people know it is wiser, and certainly more pleasant, to include protective vegetables and fruits in the diet.

Vegetables and fruits contain minerals, and are needed to build strong bones and teeth and rich red blood. They contain vitamins that are necessary for body building, good digestion, and appetite. They regulate body processes and safeguard against infection and disease.

Vegetables and fruits provide bulk, and bulk helps the intestinal tract carry off the waste and prevent constipation.

You might like to include these recipes in your file. They were used at the food program sponsored by the H. D. A. women.

BAKED IRISH POTATO
Select smooth, medium-sized potatoes, scrub, remove the eyes and any blemishes, place in a baking-pan, or on the rack in a very hot oven (450-500 deg.) and bake until tender (30-60 minutes). Be sure to have the oven hot before the potatoes are put in. To test potatoes, do not pierce with a fork, but squeeze them with the hand wrapped in a towel. When soft, break the skin to keep them from being soggy, and serve.

SCALLOPED IRISH POTATOES
2 qt. sliced potatoes
4 to 8 tablespoons flour as desired
2 1/2 teaspoons salt
Dash of pepper, if desired
2 to 4 tablespoons margarine
2 1/2 cups milk
Grease a casserole with a bit of the margarine. Arrange the potatoes in 3 or 4 layers in the casserole. Sprinkle each layer with salt, pepper (if used), and flour. Dot with margarine. Pour milk down one side of dish. Cook in a slow oven (250 deg. to 275 deg. F.) till potatoes are tender, 1 to 2 hours.

CREAMED PEAS AND EGGS WITH PARSLEY
2 cups creamed peas, hot
2 cups medium white sauce, hot
6 hard cooked eggs, hot
Cut hard cooked eggs in halves cross wise. Mix with peas, pour over white sauce. Garnish with parsley and serve.

CABBAGE SLAW WITH CREAM DRESSING
2 tablespoons sugar
1/2 teaspoon salt
A few grains of paprika
2 tablespoons vinegar
1 cup cream
Put seasonings into vinegar and stir until sugar is dissolved. Then stir this mixture slowly into the milk. Pour over shredded cabbage.

BEETS WITH SWEET-SOUR SAUCE
Wash beets, and cook in boiling salted water until soft. Drain, and reserve one-half cup water in which beets were cooked. Plunge into cold water, rub off skins and cut in cubes. Reheat in sweet-sour sauce. Melt 2 tablespoons butter, add 2 tablespoons flour, and pour on the beet water. Add 1/4 cup each of vinegar and cream, 1 tablespoon sugar, 1/2 teaspoon salt, and a few grains pepper.

RAW SPINACH
Wash spinach through several waters. Remove stem ends and cut in coarse pieces. Add slices of radishes and fresh onion. Add french dressing at the table or just before serving.

FRENCH DRESSING
1 teaspoon salt
2 teaspoons sugar
1/2 teaspoon paprika
1/2 cup vinegar
1 cup salad oil

RUN-OF-THE-GARDEN
Arrange attractively on a large plate slices of fresh tomatoes, lettuce, sweet pepper, turnips and carrots.

CHERRY UPSIDE DOWN CAKE
First make up a cherry mixture according to the following method. Drain the juice from 1 No. 2 can (2 1/2 cups) of red sour cherries. To 1/4 cup of the cherry juice, add 1 cup sugar and 1/4 cup water. Boil until the mixture spins a thread. Add the drained cherries and boil rapidly until this mixture spins a thread. Melt 1 teaspoon butter in a heavy 9-inch frying pan. Pour in the candied cherries and allow the mixture to cool then add the following cake batter:

Cream 1/4 cup butter or other fat. Add 1/2 cup sugar and 1 teaspoon vanilla. Stir until the mixture is light and fluffy. Add 1 well-beaten egg. Sift together in 1 1/2 cups soft-wheat sifted flour, 2 teaspoons baking powder, and 1/4 teaspoon salt. Add this alternately with 1/2 cup milk to the first mixture. Stir to mix well and pour over the cherries. Bake in a moderate oven for about 45 minutes. Loosen the sides of the cake, turn it out carefully upside down. If the fruit sticks to the pan, lift it out and place it on the cake. Serve with whipped cream.

SPANISH CREAM RING WITH PEACHES
2 packages plain gelatin
4 eggs
1 teaspoon salt
3/4 cup sugar
4 cups milk
1 teaspoon vanilla
Soak gelatin in milk for 5 minutes. Heat in top of double boiler until gelatin is dissolved. Pour over well beaten egg yolks to which one half the sugar and the salt has been added. Return to double boiler and cook until a custard consistency. Remove from fire, cool and fold in well beaten egg whites to which remainder of sugar has been added. Pour into ring mould and chill. Serve on glass platter. Fill center and garnish with peaches.

HOT APPLE SAUCE
Wash 1 lb. dried apples. Let soak overnight in enough water to cover. Cook in covered vessel until tender. Put in sieve, and add 4 tablespoons honey. Sprinkle with 2 tablespoons cinnamon and serve hot.

Mr. and Mrs. Walter Mathis are visiting in the Lower Rio Grande Valley this week. They went to take home Mr. Mathis' cousin, Leonard Wardlaw, who has been staying in their home and attending school here the past session, and to visit their relatives in the Valley.

GARNOLIA 4-H CLUB
The Garnolia 4-H Club met in a regular meeting with the sponsor, Miss McNatt, was missed greatly; she was unable to attend the meeting due to a government program.

The club decided to meet this summer on the days the Needle and Thimble Club meets, which is the first and third Thursdays of each month. They planned to study foods and clothing, which will enable them to meet the needs of the National Defense Program.

Friday night, May 15, the sponsor, Mrs. O. P. Cook, assisted by her daughter, Miss Kathryn Cook, entertained with a party for the club members. Games were enjoyed by all the girls and refreshment was served on individual plates with a tiny red rose bud on each plate. The table was decorated with a center piece of red roses.

The members present were: Margie Ann Fleming, Myrtle France Bryan, Martha Jene Thomas, Rene Lee Brooks, Sue Nae Carpenter, Bonnie Harrison, Leona Hulsey, Robbie Turner, Laverne Sanderson, Audrey Cook, and the sponsor, Mrs. Cook, and Kathryn.—Reporter.

GRASSHOPPER DOPE
W. J. Benson says that his herd of grasshoppers got a terrible bombing from the skies Monday afternoon. That was about all the damage the hail did out on the farm, he said. He thinks the grasshoppers must have felt just about as flabbergasted as the Japanese did when those American planes bombed Tokio.

Belton Howell became much amused when asked if the grasshoppers were doing any damage on his farm. He declared that all the hoppers on his and Bar: Reese's farms were about to starve to death. No worry for him about hoppers. Best remedy for them is not to feed 'em; that's his doctrine.

J. E. Sessums says that for some reason his hoppers have not been doing well. Millions of them appeared a month ago, and although there has been a world of Sudan and other vegetation for them to eat, they apparently have had no appetite. They look lean and skinny and they haven't made a dent on the greenery. It's Cook, and Kathryn.—Reporter.

his idea that they have been too thinly clad for this winter weather and are about to freeze to death.

W. J. Burkhart, however, admits that he has been feeding his visitors — unwillingly however — and that they have been thriving; but he put out the poison and pretty soon he found their carcasses in piles all along the turnrows and terraces. Looked like a Russian army had been making an offensive drive against them.

Thelma Ruth Strain of Tahoka is given as one of the pledges to be

installed by the Wesley Players of the Texas Technological College at an installation to be held in the First Methodist Church of Lubbock on May 24.

Sam Garrard, son of Tom Garrard and a soldier now in Camp Blanding, was promoted recently to the rank of First Class Private.

Fast Chick Growth Vital This Year

War-time is no time for monkey business; every effort must count for something. We must get the most out of things and especially feed that's fed to chicks. That's why you'll find Dr. Salsbury's Avi-Tab such a help; it's good for the chicks, good for their digestion.

WYNNE COLLIER
DRUGGIST

The 1942 Texas goal for peanuts is 1,056,000 acres, or more than three times the acreage planted the previous year.

The University of Texas was opened in 1883 at Austin, during the administration of Governor John Ireland.

Fertilizer a year old is as good as that newly made, say Extension agronomists. It may cake in storage and have to be broken before use.

Scrap Metal . . .

(Continued from Page 1)
nolly, J. K. Applewhite, president of the Tahoka Chamber of Commerce, Deen Nowlin, mayor of Tahoka and War Bond chairman, Frank Hill, president of Tahoka Rotary Club, and Fred McGinty, of the U. S. D. A. War Board of Lynn county, of which J. C. Key of Wilson is chairman.

The following chairmen have been appointed from the respective communities to see that all scrap is gathered and brought to one of the three concentration points, and these men are authorized to select any committee members they may need from their communities. These men are asked to see citizens in their community and insist that they bring or send their scrap.

North Tahoka, R. H. Gibson. South Tahoka, John Slover. O'Donnell, James Applewhite. Wilson, John Heck. Draw, H. W. Callaway. New Home, J. E. Fortenberry. Lakeview, S. L. Williams. Petty, J. H. Key. West Point, Hubert Tankersley. T-Bar, C. C. Coffee. Wells, John Fulford. Three Lakes, T. M. Ellis Jr. New Moore, Lon Light. Gordon, Buford Jones. Morgan, F. M. Davidson. Edith, Walter Kahl. Garmolva, D. G. Cook. New Lynn, Dan Carpenter. Grassland, R. B. McCord. Joe Bailey, R. R. Reagan. Midway, Fred McGinty. Redwine, J. A. Giles. Dixie, A. L. Dunagan. Joe Stokes, Hilery Smith.

At O'Donnell, the Rotary Club has already taken sponsorship of the drive, and that body has a committee appointed in that town composed of James Applewhite, D. J. Bolch, E. T. Wells, C. H. Doak, and Dr. J. M. Bubany to direct the drive in that area.

The drive held several weeks ago was directed by J. C. Key and the U. S. D. A. War Board and was very successful, about 300,000 pounds of metal being gathered. This drive is likewise backed by this board and other organizations as well. In fact, every organization and individual is asked to join in this drive to help get this badly needed metal to the factories and thereby help win the war.

Registrants . . .

(Continued from Page 1)
Likewise, many men who were deferred on account of minor physical disabilities and are now employed in war industries, will be called for training in the armed forces.

Furthermore, those who were deferred on account of having dependents, but whose dependents are actually self-supporting, together with registrants in the third draft coming in this category, will be placed in Class 1-A and will be called for military service. For instance, if a married man's wife is employed whereby she earns a salary sufficient for her support or if she has an income sufficient for her support and the support of her children, if any, that man will be placed in Class 1-A. Again, a business man whose business is not essential to the war effort, unless he is deferred for other reasons, will be placed in Class 1-A. This may work a seeming hardship on some business men, but the board explains that they are seeking to be absolutely fair and that it is their intention to bring as little hardship as possible upon any individual consistent with the war effort.

They request therefore that business men do not become jittery or frantic and make unnecessary sacrifices of their businesses. They suggest that before doing so the business man, if he contemplates that he may be called for service, shall first appear before the board in person and discuss the matter with the board as such. Discussions with individual members of the board on the streets or elsewhere are not desired. But no business man will be deferred merely in order that he may continue to carry on his "business as usual," nor will any man be deferred on account of having dependents unless they are real dependents.

Miss Anita Reddell returned Sunday from Hale Center, where she has been teaching in the public schools. She will spend the summer with her parents, Mr. and Mrs. W. A. Reddell and will teach public school music in the local schools next year.

Bill King has been transferred from the Lubbock Flying Field to Sheppard Field at Wichita Falls, where he is now taking an advanced course in airplane mechanics.

Citizenship Day . . .

(Continued from page one)
High School Band, followed by the Defense Guard, the Marion G. Bradley Post of the American Legion, Legion Auxiliary, and seven little soldiers and seven little maids from New Lynn. Capt. Don Turner of the Defense Guard directed this part of the program.

Proceeding eastward from the Legion Hall down Porterfield Street to the public square, thence around the square and up Main Street to the highway intersection, thence westward to the City Park, the parade there came to a stop and the band proceeded to give a concert of patriotic numbers for the next thirty minutes, with John Hamblen directing.

A. M. Cade, Post Commander of the American Legion, acted as master of ceremonies.

He announced that Mrs. Lloyd Edwards would have charge of that portion of the program which included the contest numbers to be presented by the various communities, and he introduced Mrs. Edwards, who then took charge.

Miss Beth Shepherd was presented as the representative of the Grassland community. Her number was a song entitled "Over There," which she rendered effectively.

Paul Eppes represented Wilson. His number also was a vocal solo, "Your Grand Old Flag," and it received much praise.

Newspore was represented by Miss Rogers, who gave an excellent reading.

Two girls from Garmolva sang "We Will," which is said to have been an original production. It was well rendered.

Three girls representing Draw sang the beloved song of the Marines—a number which also was much enjoyed.

The last number in the contest was a kind of playlet and a flag drill by "seven little soldiers and seven little maids" of New Lynn.

Four Tahoka girls gave a quartet, "Wings Over America," which was well done, but as was announced at the beginning, the Tahoka number did not figure in the contest.

It was announced just after the program for the day had come to a close that the prize of Five Dollars had been awarded by the judges to the Wilson contestant, Paul Eppes. Resuming the chair, Commander

Cade introduced Truett Smith, former district attorney for the 106th judicial district, who delivered an address on Americanism.

Calling attention to the fact that "I Am An American" Day was originally set aside as a day on which young Americans and particularly first-time voters might be impressed with the privileges and responsibilities of citizenship, Mr. Smith then proceeded to a discussion of the sacred rights and privileges which the citizens of this country enjoy under the protection of the Constitution of the United States. He reminded his hearers that these rights were not secured to them without a struggle but that they had been won by the blood and the sacrifice of those who have gone before us. He also cited the fact that these great rights and privileges are not enjoyed by many of the other peoples of the earth today, citing the countries of Europe whose people have been subjugated recently by the minions of autocracy; and even we are in a mighty struggle to preserve our own independence and liberty.

The band played "The Star-Spangled Banner" and the program was over.

An excellent public address system was installed for the program through the efforts of Conway Clinegan.

J. L. Nevill of Tahoka and Mrs. E. G. George of New Home have been at Lytle, Atascosa County, almost two weeks at the bedside of their aged father, who is seriously ill.

Elwayne Nevill is now stationed at Ellington Field near Houston. A few weeks ago he was transferred from Corsicana back to Kelly Field, San Antonio, but was there only a short time before being transferred to Ellington.

Mrs. Dora Tunnell is improving at her home after being very ill for about two weeks.

More time on wash day means more time for Civilian Defense work, other activities and interests.
