Tahoka, Lynn County, Texas, Friday, June 19, 1942.

Number 45.

## Scrap Rubber Drive Off To Flying Start

### 18 to 20 Year Old Boys Will Register For Army June 30

Plans are under way to register approximately 220,000 young Texans between the ages of eighteen and twenty, inclusive, on June 30, General J. Watt Page, State Selective Service Director, has announced.

#### ONE PLACE FOR REGISTERING

Only one place for registering young men in the June 30 registration will be maintained, and that place will be the Lynn county Selective Service offices on the fourth floor of the court house, according to Judge J. W. Elliott, county chairman.

All men who were born on or after January 1, 1922, and on or before June 30, 1924, must register between 7 a. m. and 9 p. m. on Tuesday, June 30, General Page warned, and they must be careful to give their correct addresses where official communications will reach them without delay. He said:

"This Fifth Registration will complete the inventory of the Nation's potential manpower, although, under current policy, men under twenty are not subject to induction for combat duty.

"Local boards will officially designate places of registration in their particular areas. While anyone who is unavoidably away from his home on June 30 may register at the registration place most convenient on that day, all registrants are urged to make every effort to register with their own local boards to avoid possible confusion in the future. Any person who must register away from home is warned to specify his home address so that his registration card may be forwarded promptly to his own local board.

"A registrant who has more than one place of residence may choose which one he wants recorded as his place of residence, and in making the choice he designates the local board which will always have jurisdiction over him."

### Announce Leaders For Play Program

The summer park program being conducted in City Park each Monday, Wednesday, and Friday is meeting enthusiastic response, according to Mrs. Frank George, one of the leaders in the movement.

In charge of the play period, 5:00 to 7:00 p. m., next Monday will be Mrs. T. M. Kennedy and Mrs. Wynne Collier; Wednesday, Mrs. D. G. Ridge and Mrs. George; Friday, Mrs. W. M. Mathis and Mrs. Jack Fenton.

### Photos Of Men In Service Wanted

Do you have a picture of a son, a brother, a sweetheart, or a friend who is in the U. S. Armed Forces?

Would you like to join Tahoka and Lynn county in paying tribute to these boys?

If you can give or loan such photos, send of bring them to Mrs. Frank Hill at The News office or to Miss Florence King at Tahoka Motor Co. Write on the back of the photo the enlisted man's name, branch of service in which he is enlisted, where stationed, his home address or the community from which he came.

As soon as sufficient pictures of Service men have been collected, they will be displayed in the show-windows of the Tahoka drug stores.

You may help pay tribute to these boys by giving them this recognition for serving their country.

### Truett Smith To Toronto, Canada

Mr. and Mrs. Truett Smith left Thursday morning for Toronto, Canada, to attend the annual convention of Rotary International, which opens Sunday.

Smith is the incoming president of the Tahoka Club, which is bearing a part of his expenses to the International meeting.

The Smiths went by way of Claude to leave the children with Mrs. Smith's mother. Mr. and Mrs. Smith will join a special train load of Texas Rotarians at Dallas for the trip to Toronto.

### Mrs. Will Brown Dies In Temple

Mrs. Pearl Brown received a message from Temple Monday stating that Mrs. Will (Aunt Alice) Brown had died there in the home of her daughter, Mrs. Coleman (Jewell) Wells, at eight o'clock that morning. Funeral services were to be conducted there Tuesday.

None of the relatives here were able to attend the funeral.

Survivors are a daughter and a son, Mrs. Wells and Ben T. Brown, both of Temple but both of whom formerly resided here; and a number of other relatives. Charley Brown, deceased, was a nephew of "Uncle Will."

"Uncle Will" and "Aunt Alice" were greatly beloved citizens of Tahoka for many years, moving to Temple a few years ago, and "Uncle Will" also died in Temple.

Many devoted friends of "Aunt Alice" are grieved to learn of her departure.

### Prominent Citizen Of Grassland Dies

Funeral services for John H. Tate, 72, a prominent and highly respected citizen of the Grassland community, were conducted at the home of his son-in-law and daughter, Mr. and Mrs. J. G. Mathis, at 4 o'clock Monday afternoon by Rev. Jesse Young of Draw, pastor of the Draw and Grassland Methodist Churches, and the body was laid to rest in the Grassland cemetery.

Mr. Tate died at 2:45 Sunday afternoon of anemia. He had been ill for some time but did not become critically ill until Tuesday of last week.

Surviving him are the widow, who is now on a bed of affliction, having suffered a fracture of the hip when she accidentally slipped and fell about two months ago, and the daughter, Mrs. J. G. Mathis. Kary Mathis, who was a teacher in the Tahoka High School for a number of years, is a brother of J. G. Also surviving are three brothers, Jim, Roe, and Andrew Tate, who live at a distance, and neither was able to attend the funeral services.

Mrs. Byrum West of Tahoka is a niece.

Born in Arkansas on March 18, 1870, Mr. Tate moved to Lynn County.

### J. E. Brown Now A Second Lieutenant

Lieut. J. E. (Red) Brown and wife left Thursday for Colorado Springs, Colo., where he will be attached to the 89th Infantry.

Brown received his Second Lieutenant's commission at the Officers' Training School at Fort Benning, Ga., Tuesday of last week. He and his wife arrived here Thursday of the same week to visit his mother, Mrs. Pearl Brown, and his brothers and sisters who had gathered for a family get-together.

"Red" was born and raised in Tahoka, and his many friends are glad to see him succeeding in the Army.

Shown above are two well known Tahoka citizens, J. B. Hallie, who celebrated his 86th birthday on Tuesday, and J. H. Wyatt, well-known Tahoka citizens, shaking the hand of J. B. Hallie, twice attorney general, twice governor, and three years a U. S. Federal Judge, when he was here recently in interest of his candidacy for the U. S. Senate. (Cut courtesy of Avalanche-Journal.)

## Home Burglarized, Negro Is Charged

A youthful son of Africa with a kind of a Choctaw-Chickasaw Indian name, "Bubbles" Waupoo, is in jail here charged with a serious crime, burglary of a private residence.

"Bubbles" seems to have been seeking merely the coin of the realm when he was discovered in the house, but if the circumstances had been just a little different, he might have been charged with a much more serious offense.

Prying open a window to the bath room in the home of Mr. and Mrs. Neely Brooks about two o'clock Wednesday morning, Waupoo, generally known as "Bubbles," climbed through the window and over the bathtub into the house and then proceeded to ransack dresser drawers and other furniture where he suspected money was hidden, but finding none, he went into Mrs. Brooks' sleeping room.

She awoke while he apparently

was searching under her pillow and he grabbed her and told her that he would kill her if she screamed. But by that time she was screaming already, and Waupoo fled from the house. He was apprehended in a cotton patch, chopping cotton, Wednesday afternoon by Sheriff B. L. Parker, who brought him to town and gave him lodging up in the big steel house with bars across the windows.

Waupoo is only about nineteen years of age. He was sent to the Boys' Reform School at Gatesville from this county two years ago, Mr. Parker says. He was released about two months ago and came back to Tahoka. Since then he had been working for Brooks at intervals. Sunday he helped Brooks pack up to go to the harvest fields. He knew that Brooks left his wife some money to be deposited in the bank, and it was that money, evidently, which he was seeking when he entered the house.

### Miss Scott Is Safe In Australia

Mr. and Mrs. J. M. Scott had two happy surprises Monday.

First they had a cablegram from their daughter, Miss Frances Scott, who sailed for Australia three weeks before as an army nurse, stating "Safe in Australia." They had not heard a word from her since she left and had no idea in fact where she was sent. Naturally they had become much concerned about her, and the receipt of the cablegram brought them much joy.

Then on the same day came their son, Harrell Scott, his wife and daughter, Linda, from Weleetka, Oklahoma, for a ten days visit with them. Mr. Scott is band director at Weleetka.

### Two More Enter Army Air Corps

Early last week, two young business men of Tahoka entered the Army Air Corps and are stationed at the Lubbock Advanced Air Base.

Lester Adams, a graduate of the Tahoka High School, who has been employed for some time at the D. W. Gagnat Hardware and Furniture Store, is a regular enlistee at the school.

Eldon Carroll, who came to Tahoka from O'Donnell several months ago and who has been employed here as a clerk in the post office, has a clerical position at the flying school.

Houston ranks fifth among the list of 17 cities in the United States whose population increased ten per cent or more from 1930 to 1940. During this decade, Houston's population increased 31.5 per cent.

### Credit Association Is Reorganized

Plans have been formulated by the Tahoka Retail Merchants Association for continuing the organization under a re-organized set-up, according to Winston C. Wharton, president.

Miss Viola Ellis, secretary, resigned the first of last month.

The files are being brought up to date, and additional services will be given the merchant members. A temporary secretary is expected to begin work within a day or two.

### More Selectees Called June 30

The following Lynn County registrants have been called for induction into Uncle Sam's armed forces on Tuesday, June 30.

Elmer George Hojge, order No. 151, son of Mrs. John Strong of Tahoka, now employed in Stillwater, Oklahoma.

Lee Roy Knight, order No. 319, a well-known business man here, temporarily employed on war production plant at Amarillo.

George Devoards McCracken, order No. 359, employed at Fulkerson's Service Station.

Ernest Clifford Evans, order No. 441, former operator of Evans Cafe in Tahoka, now residing in Paris, Texas.

Byrum Bryce West, order No. 528, one of the operators of West and Nowlin's service station here.

Marion Talmade Parr, order No. 541, former employee of Wyatt Bros. Grain and Feed Store here, now residing at Whiteface.

A call for colored registrants has been made for July 1 but the list of selectees has not been completed yet.

### Plains Pioneer Died Tuesday

Following three weeks of intense suffering from heart trouble, W. H. Green, 79, died at the residence of his son Oliver W. Green, in southwest Tahoka at 6:45 o'clock Tuesday afternoon.

Funeral services were conducted at the Baptist Church here at 5:00 o'clock Wednesday afternoon with Rev. George A. Dale, the pastor, officiating. Burial followed in the Tahoka cemetery.

Surviving him are three sons and three daughters: Oliver Green of Tahoka, Walter Green of Carlsbad, (Continued on Back Page)

### Redwine House Destroyed By Fire

A farm house of five rooms situated on the farm of Mrs. Mollie A. Cribble and occupied by her son-in-law and daughter, Mr. and Mrs. J. M. Patterson, and family, about two miles southwest of Redwine, was destroyed by fire on Thursday of last week. Only the bedding was saved. All the kitchen furniture and other furnishings in the house were destroyed.

Mr. Patterson was at work in the field at the time the fire broke out. Mrs. Patterson was cooking, and the flame of one of the burners got out of control. She was unable to turn it off or put it out otherwise.

There was no insurance either on the house or on the furniture, but neighbors and friends made up a neat purse for Mr. and Mrs. Patterson's benefit.

#### HAS EYE TROUBLE

Dan Carpenter is taking treatment in the Lubbock General Hospital for ulcers on the eyes. While the condition of his eyes is said to be serious, it is believed that physicians will be able to save his eyesight. A further misfortune which Mr. Carpenter suffered a few days ago was the destruction of his crop by hail.

### 10 Tons Of Rubber Received In City First Two Days

A drive for scrap rubber, instituted by President Franklin D. Roosevelt and sponsored by all the major oil companies and gasoline service stations, began Monday and will continue through June 30th.

Collection of the rubber will aid the war effort, bring a small profit to all citizens bringing in scrap rubber, and may avert a nation-wide gasoline rationing, the President stated.

With almost no publicity locally, the drive netted 21,825 pounds Monday and Tuesday in Tahoka alone.

All service stations in Tahoka and many around here are making a special effort this week and next to secure all the old rubber possible, for which they are paying 1 cent per pound. This is more than twice the junk yard price of \$7.00 to \$9.00 per ton.

Those who desire may donate their scrap rubber, and proceeds from its sale will go to the U. S. O., the Army and Navy Relief, and the Red Cross. For small rubber items to be donated, boxes have been provided at Tahoka Drug, Collier Drug, and Gattis Drug.

A page advertisement in this issue of The News lists service stations prepared to collect or buy any rubber goods. They will turn the rubber collected over to the Government at cost. They will receive no remuneration whatever from the collection and sale of this rubber and are gathering it at their own expense.

However, they believe that there is enough scrap rubber for recapping and retreading to keep our cars rolling and to furnish, at the same time, all of this type of rubber needed for defense projects.

Absolutely any item of rubber is needed. This includes tractor, auto and truck tires, rubber shoes and boots, fruit jar rubbers, belts and belting, girdles, cords, dolls and toys, garden hose, gloves, heels, floor mats, sheets, stoppers, gaskets, rain coats, hot water bottles and syringes, golashes, rubber bathing caps and suits, garters, golf balls, football and basketball bladders, aprons—and thousands of other items that are found around every home, farm, and business house.

#### METHODIST PASTORS ATTENDING MEET AT S. M. U.

Rev. George E. Turrentine of Tahoka, Rev. H. H. Hollowell of O'Donnell, Rev. Jesse E. Young of Draw, and other Methodist ministers are at the S. M. U. in Dallas this week taking a special study course for Ministers. This course is given annually in the summer.

In the absence of the pastor, the Rev. Ben Hardy will fill the pulpit at the Methodist Church in Tahoka next Sunday morning.

### Scrap Iron Drive Gets 300,000 Pounds

One hundred and fifty tons, or 300,000 pounds, of scrap iron were gathered in Lynn county's second big scrap collection drive which ended last Saturday, according to J. K. Applewhite of the county-wide committee sponsoring the event.

Most of the metal was brought to concentration points in Tahoka, O'Donnell and Wilson, while others sold direct to junk dealers.

A previous drive sponsored by the USDA War Board, had brought in 250,000 pounds of junk iron, and it is believed that many hundreds of tons have been sold direct to scrap iron dealers in the past few months.

Iron marketed co-operatively here in the latest drive brought \$9.00 per ton.

## Lubbock Air Base Holds Open House

LUBBOCK, June 18—The behind-the-scenes life of both aviation cadets and enlisted men will be one feature of the special dedication services at the large Lubbock Army Flying School which the public may see on Sunday, June 21.

Besides the barracks themselves, mess halls, link trainer building, day rooms hangar, and the sub-depot shop and hangar will all be open to the visitors as part of the formal dedication of the advanced twin-engine school.

Opening the gates to the general public at one o'clock, Colonel Thomas L. Gilbert has announced that Major-General H. R. Harmon, commanding officer of the Gulf Coast Training Area, will be the principal speaker in the dedicatory services scheduled for two o'clock. Col. Gilbert will also speak.

The Lubbock Army Post Band will play a varied program under the leadership of Warrant Officer Geo. P. Attridge from one to two o'clock.

Until late in the afternoon the visiting public will be admitted to various parts of the Lubbock Field on a general inspection tour. The many aspects of camp life of both aviation cadets and enlisted men may be visited on this occasion.

During the progress of the program on the ground, the aviation cadets will carry out routine flying activities, including take-offs, formations, and landings.

All friends of the Lubbock Army

## GAIGNATS VISIT CHARLES AT VERNON FLYING SCHOOL

Mr. and Mrs. D. W. Gaignat and daughter, Miss Myrna Dean, spent the week end at Vernon visiting Charles Gaignat, who is there taking training in a flying school.

Charles has been attending the West Point Military Academy the past year and he and other West Point students were sent to Vernon for training in aviation. After completing a two months course there, he will have a vacation of twenty days, which he expects to spend in Tahoka, and he will return to West Point in September.

Mr. and Mrs. Aubrey Thomas and two daughters, Misses Bonna Jean and Corinne, are here from McAllen visiting in the homes of her parents, Mr. and Mrs. John Donaldson, and her brother, Claude Donaldson. Claude, who was seriously ill, is now much improved and has been able to come to town several times this week.

"Coots" Jones, who resides on the Garrard farm two miles southeast of Tahoka, underwent an operation for appendicitis in the Lamesa General Hospital Saturday morning. Dr. Emil Prohl performing the surgery.

Flying School are cordially invited to be present at these dedication services. Since the general public cannot ordinarily be admitted to camp areas, the program on June 21 offers an excellent opportunity for a close-up view of a typical flying school.

## Let Everybody Know You're Investing 10 Percent of Your Income in War Bonds

The attractive red, white and blue window sticker, pictured above, is the new yardstick of patriotism in the War Bond drive throughout the nation. With the slogan, "Everybody every pay day, ten percent," sweeping the country, patriotic Americans on the home front are rallying to their Government's appeal for funds with which to help finance the war. The home which displays the "ten percent" sticker is doing its share toward Victory for America and the United Nations. The stickers are being distributed through local War Savings Chairmen.

**SPECIAL SERVICES AT NAZARENE CHURCH PLANNED**  
Representatives of the Bethany Peniel College will render a special program of music and song at the Church of the Nazarene in Tahoka at the 11 o'clock hour next Sunday, according to announcement made by the pastor, Rev. Henry C. Thomas.  
The pastor promises that this will be a great religious treat, and everyone is cordially invited.

**W. M. U. HAS MINISTERIAL RELIEF PROGRAM**  
Mrs. W. M. Harris was hostess and Mrs. Jim Burleson was program leader when the W. M. U. met Monday for a program on Ministerial Relief.  
Mrs. Burleson explained the origin and purpose of this plan for the relief and encouragement of our aged ministers and their wives.  
A playlet given by Mmes. Everton Nevill, Clay Hughes, H. M. Snowden and W. T. Kidwell brought out ways in which societies could be helpful to these servants of the Lord. Others on the program included Mmes.

## Hemmeline Baby Died Tuesday

Phyllis Ann Hemmeline, 9-month-old daughter of Mr. and Mrs. O. P. Hemmeline of route 4, Tahoka, died late Tuesday in West Texas hospital where she had been a patient for several weeks. She recently underwent surgery.

Funeral services were conducted at Wilson at 5 o'clock Wednesday afternoon with Rix Funeral home directing burial in Wilson cemetery.

## What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

## TONSIL OPERATIONS AT TAHOCA CLINIC

Carolyn Barton, daughter of Mr. and Mrs. R. W. Barton of New Lynn, underwent tonsillectomy at the Tahoka Clinic on Thursday, June 11. Mrs. Coy Sample, who lives ten miles southeast of Tahoka, had her tonsils removed at Tahoka Clinic on Friday, June 12.

## Opportunity For Rejected Cadets

Opportunity now comes to the Aviation Cadet applicant who fell just short of passing his mental test, according to Major W. W. McCollom of the West Texas Recruiting and Induction Office, Lubbock. Such men, if they made a grade of 65 on the test now being given or 75 on the test used in January, February, and March, may now be accepted for Glider Pilot training provided they are physically qualified. Other applicants between 18 and 39 years of age may be accepted without aerial experience provided they pass one of two tests now being given and are physically qualified.

This training course includes flying a glider plane and a light airplane. A limited number of graduates will receive commissions as 2nd Lieutenants with pay of \$245.00 per month. Other graduates will be appointed Staff Sergeants on flying status with pay of approximately \$150.00 per month.

Qualified applicants will be forwarded to Randolph Field, Texas, at Government expense for final examination and completion of enlistment. Information can be obtained and application made at the District Headquarters, West Texas Recruiting

## CLARENCE WILLIAMS JOINS NAVY RESERVE

In company with a number of Lubbock men, Clarence Williams of Tahoka spent last week end in Dallas, where he made application for service and rating in the Navy Reserve.

He was accepted as petty officer, second class, and his particular line of work will be that of pipe fitter and repair work on the ships that may be damaged by the enemy or otherwise. The position carries good pay.

Mr. Williams was informed that he would probably be called into the service any time from three weeks to sixty days after being accepted.

## LINK-MUSSER

Miss Elizabeth Link, daughter of Mr. John W. Link of Tahoka, became the bride of Private First Class David W. Musser of Camp Wolters, son of Mr. L. A. Musser of Fort Wayne, Indiana, Sunday, June 7, at 10:15 p. m. at the First Baptist Church in Mineral Wells, Texas.

The Rev. W. M. Turner read the double ring ceremony in front of an altar banked with greenery.

The bride wore a blue ensemble with white accessories. She wore a corsage of red rose buds and white sweet peas.

Guests at the wedding were: Miss Erma Davis of Tahoka, Mrs. Gladys Davis, Sgt. and Mrs. E. E. Baumann, Sgt. Raymond A. Moorehead, Corporal Cyril Jaynes, Corporal Robert Silverthorn, and Mrs. Turner.

## CARD OF THANKS

We desire to thank the neighbors and friends for the many kindnesses shown us and our father, W. H. Green, during his last illness. We can never repay your kindness. And especially do we wish to thank Dr. Sinclair for his faithfulness and his tireless efforts to relieve the pain and prolong the life of our beloved father. — Mr. and Mrs. W. O. Green, Mrs. Ed Dearing and son, Mrs. L. D. Coppendarter.

Mrs. Lee King is employed as temporary substitute clerk at the Tahoka post office.

Texas extends through more than ten degrees of latitude.

and Induction District, Post Office Building, Lubbock.

### Short of Sugar?

Switching to honey and corn syrup as substitutes for sugar in cooking was no trick at all, thanks to some hints I picked up. They all "work" beautifully.

Mrs. Kiene

Honey must be used with judgment, of course, but you can't go wrong if you remember these essential facts: (a) 1 cup of honey weighs 12 ounces of which not quite 1 1/5 is water; (b) 1 cup of sugar weighs 7 ounces. In replacing sugar with honey in a cake or cookie recipe, the amount of liquid should be reduced one-fifth of a cup for each cup of honey used. After measuring the liquid used, remove 3 tablespoons, plus 1 teaspoon, of the liquid for each cup of honey used.

An easy way to measure honey is with a moist or greased cup. With recipes requiring shortening, measure the shortening first, then the honey in the same cup. This is true also of molasses and corn syrup. Keep liquid honey in a warm, dry place where the temperature is 75 degrees or over, or in a cold place where temperature is below 50 degrees. Before using, place honey jar in warm — not hot — water for about 10 minutes and pour it from a sharp-pointed pitcher. Then it will drizzle out evenly.

If certain cakes made with honey, when first baked, seem less light and fluffy, and not as sweet as sugar cakes, just wait until they age. Then they'll become moist, flavorful and better in texture. Generally speaking, honey may be added to any favorite cake recipe in amounts equivalent to 25 to 50 per cent of the total sweetening without altering the basic recipe.

### MENU

Scalloped Ham and Potatoes  
Buttered Peas  
Mixed Vegetable Salad  
Graham Bread  
Butter  
Strawberries with Top Milk  
Milk, Tea, or Coffee  
Graham Bread Recipe  
2nd set of glasses  
Preheated oven  
Baking time 50 min.  
Temperature 375°  
1/2 cup sugar  
1 cup sour milk or  
buttermilk  
2 cups graham  
1 egg  
Beat egg, add sour milk or buttermilk, and melted butter and molasses. Dissolve soda in boiling water and add. Mix the graham flour, salt and sugar together and add to first mixture, beating only enough so mixture is well blended. Pour into a well greased loaf pan.

## GRASSLAND CLUB MEETS

"If poultry and eggs are to be raised for a profit there are a few things to take in consideration, comfort, proper ventilation, correct amount of floor space, and good nest," said Miss Maurine McNatt at the Grassland Club in the home of Mrs. G. C. Watson, June 9.

Proper gathering, and storing of eggs was also discussed by Miss McNatt.

Delicious refreshments were served to Mmes. McCord, Appling, Lawson, Evans, Fleming, Lemon, Ward, Faye Matthews, Bell Matthews, Watson, Laws, Shepherd and Odum.

The next meeting is to be with Mrs. Louis Kenley on June 23rd. — Reporter.

Mrs. W. W. Loyd and little son, Woodie Gene, who have been here two weeks visiting her husband's parents, Mr. and Mrs. J. A. Loyd, left for their home in Los Angeles Sunday night. They were accompanied home by Mrs. Loyd.

## What You Buy With WAR BONDS

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75-mm. gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day.

U. S. Treasury Department

## ROBERT POTTS PROMOTED

Robert L. Potts, 23, of Fort Lewis, Washington, has been promoted from private to the rank of corporal, according to an official announcement received by the News from Army Corps headquarters there.

Corporal Potts is a son of Mrs. Mary Ester Potts of Tahoka.

Rev. and Mrs. Bervin Caswell and their little son James are here from Aztec, New Mexico, visiting their parents, Mr. and Mrs. W. W. Caswell and Mr. and Mrs. J. E. Sherrill at Draw. They arrived Monday night and will remain till next Thursday. He is pastor of the Methodist Church at Aztec.

Mrs. G. E. Vickers and daughters, Kathryn Ann and Da Onne, have returned from Slaton, where they visited the past week in the home of the former's parents, Mr. and Mrs. W. A. King.

Mr. and Mrs. Ed Hamilton and children returned last week from a trip to Illinois to visit her sister. They were accompanied by Mr. and Mrs. O. J. Jackson, her parents, of Stamford.

In the early part of the 19th century, San Antonio, Nacogdoches and Goliad were the only Texas white communities of importance.

## CARD OF THANKS

We want to offer our thanks and appreciation to our many friends for the sympathy shown us in our sadness, but only God knows how our hearts long for his presence in our home again. May God bless each of you. — W. M. Willett and Winnie Mae Willett.

Congratulations to every father in Lynn County on this Father's Day!

**WILL O'DANIEL DEFEND HIS RECORD?**

In the public press and on the political platform both Dan Moody and James V. Alfred have been assailing the record made by Senator W. Lee O'Daniel in the United States Senate.

Repeatedly Dan Moody has made this charge: "On the second day of your service in the United States Senate, you (Senator O'Daniel) made a speech on the floor of the Senate in opposition to extending the service of men who had been called under the Selective Service Act and said: 'I am sure that the Congress would make another serious blunder if it should enact legislation arbitrarily extending the draft beyond the twelve months' time originally understood. Please do not do it.'"

"President Roosevelt, the Secretary of War, and Chief of Staff Marshall had appealed to Congress to extend the draft," says Moody. "You said: 'I oppose extending the period . . . one day.'"

Tim Holt - Ray Whitley  
Also CAPTAIN MIDNIGHT No. 12

"Our ships were then being sunk at sea. War was all around us. Your speech and vote were to disband the trained army and send it home. That was exactly what enemies who had planned our destruction for ten years wanted. In four months Pearl Harbor was attacked, and this country was at war around the world. Will you describe to the people of Texas what would have been the fate of this nation if your position on this question had prevailed?"

Senator O'Daniel made the opening speech of his campaign at Waco Friday night and he completely ignored this and other questions which had been propounded to him by Mr. Moody. He made no allusion to them. James V. Alfred also had repeatedly made the same criticism of O'Daniel's record and stated further that when the matter came to a vote, O'Daniel lined up with Senators Wheeler and Nye and Clark and Vandenberg and other isolationists against President Roosevelt and most of his Democratic colleagues in the Senate and voted in effect to send the army home.

Mr. Alfred further quoted the prepared statement which Senator O'Daniel was about to broadcast over the radio boasting or facetiously stating that upon his arrival in Washington President Roosevelt had left town for fear of meeting him, but friends got wind of O'Daniel's intentions and induced him to refrain from broadcasting the criticism. That this did occur was published in all the daily newspapers at the time and became a matter of public knowledge. Alfred cited this incident to accentuate the fact that O'Daniel was then parading his opposition to the President, in spite of the fact that in the campaign last summer he had declared his purpose to support the President in his foreign policy.

In his opening speech Friday night, Senator O'Daniel ignored these criticisms also, but he made some comment about his opponents wanting to go to Washington to help Roosevelt to win the war and then wise-cracked: "That's funny. Whoever had the idea that the President needed any help?"

We are wondering if O'Daniel will be able to "laugh it off" with the people of Texas in this campaign. We are wondering if he will be able to strum and hill-billy his way back to the Senate. We seriously doubt it.

**FLOWERS FOR THE LIVING**

Charley Guy, otherwise known as THE PLAINSMAN, who perpetrates a column in the Avalanche-Journal newspapers, seemed to be in an unhappy mood when he typed out his column for the Tuesday morning Avalanche. He listed this as one of his personal ambitions: "To write something, sometime, somewhere, that will meet with the approval of our journalistic colleague, E. I. Hill, of Tahoka's Lynn County News."

Why, Charley, bless your soul, you have already achieved that ambition. You have written many, many things that met with our approval. Maybe we just didn't say much about it. If we were to undertake to quote the good things you say, we might not have room for much other copy. It's only when you get off the track that we feel that we must call you down. "Whom the Lord loveth he chasteneth," and it is the same way with us. But we can't take the space to mention all the good things you say.

Take that very column in which your lament occurred, for instance. It was a dandy. You said some fine things and true about that brilliant young man, Parke N. Dalton, who, seventeen years ago, was cut off at the very beginning of a promising career. Lynn County was in his district when he was elected, and we don't think he attended but one term of the district court here before death came. In brilliance, in popularity, and in promise, we think that he was all that you say of him.

And then there was your expressed ambition "To see some good, strong, West Texan — preferably George Mahon, or Ewing Thomasson, of El Paso — representing our state in the United States Senate." We agree that either one of them would get the job done in a fine way. Ewing Thomasson and this humble editor were classmates one year in the University of Texas. Thomasson was "tops" then, and he has been "tops" wherever he has served ever since. And everybody in this section knows that George Mahon will do to tie to. Gentle, brilliant, studious, and youthful, he may be accorded the honor some day of serving Texas in the Senate. Who knows?

Oh, there are just a lot of things you say that we agree with, Charley, and we think you are giving us a dandy good column. Your column is even better than that picturesque photograph that adorns the head of it. By the way, THE PLAINSMAN was evidently in a happier mood

**Political Announcements**

**For Commissioner, Prec't. 4:**  
LEON JENNINGS (re-election)  
C. H. (Claude) REAGAN

**For Justice of the Peace, Prec't. 1:**  
P. D. SERVER

when he had that photograph struck than he was when he wrote Tuesday's column.

S'long. Come see us sometime, Charley.

It seems that Senator O'Daniel and Hal Collins have teamed up this year in their campaigns for the Senate and the Governorship respectively. They had a joint opening of their campaigns at Waco on Friday night, and they will campaign the state together, they announced, speaking everywhere from the same platform, just to "save rubber," they explain. At Waco, we are told, Collins highly praised O'Daniel, but O'Daniel didn't have a word to say about Collins. We think turn-about is fair play, and if Collins is to scratch O'Daniel's back, we think that O'Daniel should occasionally scratch Hal's back also. By the way, their crowd at Waco must have been a little disappointing, both in numbers and in enthusiasm, according to newspaper reports.

The first permanent settlement in Texas was made in what is now Ysleta and Socorro in El Paso County.

WYNNE COLLIER

That was a great drubbing our forces gave the Japs in the Pacific, no doubt about it, but there is one little fly in the ointment. They did get a little toe-hold on the tip end of the Aleutians, just as they began claiming ten days ago and just as many of our higher-ups persistently denied for several days. It shows that we had not taken proper steps in the many years that we have owned Alaska to adequately fortify it against attack. Just as we were complacent and self-satisfied about the Philippines, Guam, and Wake Island through all the years, so we have been complacent about Alaska and that long finger of islands that points far out into the Pacific. It should have been well fortified years and years ago, so as to afford a series of stepping stones for us rather than for the enemy in case of attack by Japan. But our policy of unpreparedness and complacency surely is a thing of the past. Hereafter, we will keep the loaded gun sitting behind the door, as President Woodrow Wilson put it when we were getting ready to defend ourselves against the attacks that the insolent autocrats and war lords of the Germany of that day were making. If we had followed Woodrow Wilson after that war we would have been prepared last December for this one. This time, we must win the peace as well as the war, and keep it won.

**LEAVE FOR VISIT IN CALIFORNIA**

Mrs. Travis Veteto and daughter Theta of Abilene and the former's sister, Mrs. Jessie Jewell Stephens and son Charles of Tahoka, left Sunday afternoon for Los Angeles, California, where they will visit their four sisters, who live there, and their mother, Mrs. G. W. Simmons, and Billie Bert Stephens, who have been visiting there the past few weeks.

One of the sisters residing in California is Mrs. Craig Tettler, who formerly resided in Tahoka.

Mrs. T. G. Clark and children, Bonnie Jean and Ronnie, returned Sunday afternoon from Ponca City, Oklahoma, where they had spent three weeks visiting relatives.

**When a Child Needs a Laxative!**

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

## Citizen Pleads For Iron And Rubber

The News has received the following communication, which we hope every householder and housewife in Lynn County will read.

Editor Lynn County News:

Will you give space in your fine paper for a few rambling remarks?

Two weeks of the second drive for scrap iron has passed. There were about 250,000 pounds brought in the first drive, and probably 250,000 lbs. have been brought in or taken to Lubbock during the second drive. There are still thousands of pounds of this material in the towns and on the farms of this county. Old boilers, worn-out cars, worn-out farm implements and worn-out industrial machinery.

It seems like a great many of our citizens do not realize the seriousness of the situation and the urgent need for this material.

Fellow citizens, neighbors, and friends, for the sake and protection of our brave and courageous boys that are in the armed services and those that soon will be in the services, let us get the rest of this material in to where the Government can get it as soon as possible.

The War Production Board has put on a nation-wide drive for scrap rubber. We hope every pound of scrap rubber in this country will be hunted and picked up and brought in to the filling stations for our Government.

There are more than 500 of our own Lynn County boys already in the armed services; and many more of them are in the fighting zone, and for all we know some already may have lost their lives.

These boys have given up jobs, good homes, fathers, mothers, sweethearts, and everything near and dear to them. They are the very cream of the young manhood of this country, state, and nation.

Their very life blood is crying out to us to get this scrap iron and rubber in to the Government for their protection while they are fighting for our protection against invasion by the Yellow Devils and a ruthless dictator, who would assault our wives and daughters, rob us of our monies, lands, and homes, and make slaves of us for all time to come.

I have talked to several of these boys and they all tell me that they will attend to the fighting end of this war if we at home will only keep them supplied with plenty of material to fight with.

If these boys could come home next month, or even next year, and see all the scrap iron and scrap rubber still lying around in the alleys and back yards of our towns and on the farms, what would they think of us? They would have a right to think almost anything. — Respectfully, A. L. Dunagan, Salvage Committee of Dixie.

Mrs. A. D. Schaffner of West Point states that her son, Werner Schaffner, who was so seriously ill with rheumatic fever, now much improved, is taking treatments in Pampa.

## GRASSLAND

(Mrs. V. V. Laws, Correspondent.)

Our sympathy goes out to Mrs. Tate and her daughter and son-in-law, Mr. and Mrs. J. G. Mathis, in the great loss which they have suffered in the death of Mr. J. H. Tate. We all mourn his passing, for we knew and loved him as a kind and good neighbor and a true friend. May God bless and comfort the bereaved.

Mrs. Naomi Ward and her fine baby boy are visiting her mother, Mrs. A. A. Lawson. We were all happy to see them.

Mrs. G. W. Cochran and little daughter Nancy of Lubbock are visiting her mother, Mrs. M. L. Thomas.

We want to extend our sympathy to Mr. Gatzki over the loss which he has suffered in the death of his sister, who lived in Idalou. He and another sister of Lubbock attended the funeral.

Miss Dolly Gatzki and Miss Margie Shepherd are attending McMurry College at Abilene. They graduated at the Tahoka High School this last term.

There will be singing at the Nazarene Church Saturday night. Let everybody come, and please bring your singing voice. Maybe the pastor will be home; he or Mr. Richey one to tune us up, and at least we can make a joyful noise.

The farmers have gotten their cotton planted over, those of us who got hauled out, and there is never anything so bad but what it could be worse.

Mr. C. P. Bullock and family were up for the week end, and Mr. Bullock replanted his cotton while here.

Mr. and Mrs. L. A. Enloe are back home from a prolonged visit with Mrs. Enloe's sister, Mrs. Marlin Poye, in California, who came home with them to see her parents, Mr. and Mrs. Calvin Cooper.

We are sorry to lose Dorothy and Dub but are happy to see Mr. Smith able to be back on the job.

We are glad to report that Mr. Inklebarger is improving, but are sorry that D. M. (Button) Dixon is sick again.

Mrs. S. L. Williams and children are visiting her mother in New Mexico this week.

We are glad to report that the Richberg family are back on their feet again.

It takes air to raise a tire, but our Victory gardens suffered a flat last week when the hail hit. But with plenty of air and sunshine and rain—without the hail—we will soon be on the road to victory again.

Brother Gene Evans filled Brother Gipson's place in the Nazarene Church the past two Sundays. Bro. Gipson has been taking his vacation.

We have four churches in this community, and everyone is invited to attend some church or Sunday School next Sunday.

## CARD OF THANKS

We wish to thank the neighbors and friends who were so kind to us during the serious illness of our son, Werner, and especially do we thank the Senior Class of the Tahoka High School for the lovely bouquet of flowers which they sent. — Mr. and Mrs. A. D. Schaffner.

Mrs. J. M. Johnson, who removed to Lubbock a few months ago, has come back to Tahoka to reside. She is now in the home of her daughter, Mrs. Cecil Caraway, who recently underwent a major operation in a Lubbock hospital. Mrs. Johnson reports that her daughter was released from the hospital on Wednesday of last week and is now making rapid improvement in the home here.

Mr. and Mrs. W. M. Harris were business visitors in Abilene Tuesday. They were accompanied that far by Mrs. Harris' sister, Mrs. Lida Kelso, who took the bus there for Sulphur Springs, where she was going to visit relatives and look after her farm.

Mrs. K. R. Durham and the children, Margaret, Dorothy Ann, and Kenneth, left Tuesday for an extended visit with relatives in Fayetteville, Ark. The Doctor was looking forward to a rather dreary prospect for the next few weeks.

## RAICH SELLS TRUCKS AND BUSINESS

After having been in the trucking business at New Home for nineteen years, J. T. Raich has sold his trucks and has retired from the business. He stated to a representative of the News Wednesday. He sold his trucks in Amarillo.

Buying his first truck in 1923, Mr. Raich was the oldest trucker in point of continuous service in Lynn County. There is no way to estimate the amount of tonnage he has hauled in these nineteen years—cotton, cattle, horses and mules, hogs, grain, cotton seed, feeds, cedar posts, building materials, almost everything that can be loaded onto a truck. And he has made money in the business.

Mr. Raich will now devote his entire time to his farming interests. He not only owns some good farms but some business property in New Home.

Raymond Dodson of Camp Barkeley visited in the home of Mr. and Mrs. E. W. Shawn. Mr. Dodson is Mrs. Shawn's nephew.

## GILLESPIE - SIMPSON

Mr. and Mrs. C. Gillespie wish to announce the marriage of their daughter, Miss Ruth Gillespie, to Mr. James Simpson, Saturday, June 13, in Levelland.

The groom is the son of Mrs. W. T. Simpson of Pettit and is a graduate of Pettit High School.

The couple are living with his mother, with whom he is farming this year.

Mr. and Mrs. J. W. Russell and grand-daughter, Rae Fern Pennington, returned Monday from San Saba, where they had spent ten days visiting. They were accompanied home by Miss Virginia White of Mercury, a cousin of Rae Fern's, for a visit here.

Mr. and Mrs. Clay Bennett and daughter Jo Ann, accompanied by Mr. and Mrs. Jack Corley enjoyed the Corley reunion at Graham, where Mr. and Mrs. Corley remained. Mr. and Mrs. Bennett went on down to Whitney to visit and will go to market in Fort Worth and Dallas.

Mr. and Mrs. N. M. Wyatt went to Abilene last Thursday accompanied by their daughter, Bette Ruth, and Mary Jo Anderson, the ladies entering McMurray College for a defense course. Mrs. Wyatt reports that Margie Shepherd and Dolly Gatzki of Grassland are also students at McMurray this summer — a quartet from Tahoka's recent graduating class.

Allen Luallin writes his parents that he and his wife like California better now than they did at first. Allen is working for the Consolidated Aircraft at San Diego. Allen says it hasn't been sunny in California since they have been there—cloudy in day time and they wear coats at night.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.

JACK WELCH, W. M.  
H. I. RODDY, Secretary.

Ray Tillery of the First National Bank was taken hurriedly to the Mercy Hospital in Slaton Monday afternoon and underwent an emergency operation for appendicitis. His condition since is reported to be satisfactory. Dr. J. W. Sinclair attended the patient and performed the operation.

## Don't Risk Chick-Bowel Troubles

You can't afford to take chances with chick bowel troubles this year of all years. So take good care of your chicks and give them Dr. Salsbury's Phen-O-Sal in their drinking water right from the start. It checks germ growth in the water and medicates the chicks' delicate digestive tract.

**WYNNE COLLIER**

# STAFF SGT. SHANNON HONORED WITH DINNER

A lovely dinner was given Sunday in the home of Mr. and Mrs. Mart Willingham, Draw, honoring Staff Sergeant Hal D. Shannon, who is a brother of Mrs. Willingham and Mrs. Otis Cash, Grassland.

Included in the friends and relatives who were present to enjoy the occasion were Mr. and Mrs. N. E. McKee and daughter, Mr. and Mrs. Z. K. McKee, all of Levelland; Mr. and Mrs. V. Morris, Brownfield; Mr. and Mrs. J. P. Ray, Tahoka; and Mr. and Mrs. Otis Cash, Grassland.

Sgt. Shannon is a former Lynn County boy, having lived here fourteen years before enlisting in the Cavalry division of the Army in 1940. He will return to duty soon at Fort Bliss, El Paso, and expects to be sent soon after to one of the many battle fronts.

Mrs. J. B. Anderson of Amarillo visited her father, J. S. Griffin, here Saturday night, returning home Sunday.

Mrs. Sam Price, Misses Hattie Server, Mary Squires, Echo Milliken, and Tom Short were Amarillo visitors Tuesday.

Texas has 44 cities of more than 10,000 population each.

Though he had not announced a public speaking engagement here, James V. Allred, candidate for U. S. Senator, made a stirring address on the Court House lawn in Tahoka when he was here Thursday of last week in interest of his candidacy. He was heard by a large group of friends and interested voters. ## ODDS and ENDS

by Eee Eye, the Elder

These gliders that we have been hearing so much about recently are a new thing under the sun — sometimes not so far under the sun, apparently, either.

It was just about two years ago when they were first used. The Germans used them in a small but effective way to transport their soldiers over into Holland and Belgium, setting the gliders down in the vicinity of places where the soldiers could be effectively used.

And then last year, they were used on a larger scale in the German assault on Crete. They came over in droves, landing veritable armies of soldiers on the island, to the consternation and discomfiture of the British and the Cretans.

Now German tow planes are floating great trains of them across the Mediterranean to transport soldiers and munitions and other supplies to General Rommel in Libya.

And good old Uncle Sam has awakened to the situation and he is establishing glider fields all over the country. We guess he is having a great fleet of gliders built though we have little information on that point.

A field has been established near Lamesa and instruction of pilots, we understand has already begun. A temporary field — we presume it is to be temporary — is being established at the Lubbock airport, where another great airplane flying field is to be established soon.

Another glider field is to be established at Plainview, we understand, and possibly others on the Plains. So, it won't be long now until we will doubtless have the opportunity to see gliders in action, though most of the training of pilots is done on the ground, we understand.

Naturally the advent of the glider into our own section has sharpened the curiosity of many of us as to what kind of contraption a glider is and how it can be made to work, how much load it can carry, how it can be set down at the landing place without a smash-up, etc.

Well, we recently read a couple of magazine articles that give much information about gliders, but they still left some questions in our mind unanswered, and they started a whole string of speculations as to the possibilities of the glider in com-

mercial and civil life after the war is over.

We learned that the glider is constructed according to the principles that enable a bird to fly — or a kite. Its pull against the air lifts it up, but the pilot must keep it in proper position and direct its course after it is cut loose from the tow plane.

It is provided with skids instead of wheels on which to alight, and therefore it requires only a small space on which to alight and stop. On the take-off, it leaves the ground before the tow plane does.

Just what length is the connection between it and the tow plane—how far behind the tow plane it floats along—is a question that was left unanswered.

The glider in general use now will transport ten to fifteen soldiers fully armed and equipped, or a comparable weight in war munitions or other freight. Army tanks may be transported by gliders.

A train of three or four or more gliders may be towed by one ordinary airplane, but the load, of course, will impede the speed of the plane. One plane, it can be seen from the above facts, may tow as many as fifty or more soldiers. What an army of men a few high-powered planes, like a flying fortress, might transport at a single trip!

How high will a glider soar? Just as high as the airplane can go, obviously.

The glider, or the train of gliders, as the case may be, are cut loose from the tow plane and from one another high in the air as a rule, and they are left to float noiselessly and gently to their desired landing places guided by their respective pilots. If cut loose at a height of two miles, we are told, they may glide through the air a distance of twenty to thirty miles before reaching the earth, much depending, of course, on the direction and velocity of the wind.

Since the opportune time and place is selected beforehand for their incursion and since they glide down noiselessly, their approach usually is undetected until it is too late to make effective resistance. Great flocks of them can be sent into selected localities in a very short time, and the invading soldiers may and often do their destructive work before their presence is discovered.

We are wondering when and where Uncle Sam expects to use his gliders. Will it be when he and the British make their promised invasion of German-held territory just across the English Channel and Dover Strait? Or will it be when they attempt, if they do attempt, to invade Germany itself? Or, will it be on some other front — in Northern Africa? In the Middle East? Or in the Far East? We do not know, but —

We do know that Uncle Sam is establishing numbers of glider fields and is training and preparing to train great flocks of glider pilots.

Surely he is not doing this just for the fun of it.

But there may be fun — no, not fun, but great satisfaction — in using these gliders somewhere in this war before it is over.

And we are wondering if the glider will not become a great source of fun after this war is over.

Say, kids, how would you like to be taken up two miles above the earth in a glider and then have the thing cut loose and let it float gently onward and downward until it alighted in one of the Lubbock flying fields, or in the Lamesa glider field, or at the Brownfield airport, or on the outskirts of Post below the caprock?

Wouldn't it be fun?

Well, just as there used to be commercial flyers that would take the kids up in an airplane for four-bits a shot, it seems probable that after peace comes back to our land, there may again be commercial pilots who will offer to take great

groups of kids up in gliders for a thrilling ride through space and a gentle landing back at the starting point a half hour later, or for a round-trip to some other airport and back, in a gay excursion of just an hour or so. And some of the dads and mothers might go along, too.

Will it be practical to use the glider in transporting freight after the war?

We don't know. But if so, Hick and Hoot Gibson may be operating a glider line for their long hauls and trucks for their short hauls only, ten years from now; who knows! Yes, and E. L. Smelser, and all the others, also.

We've seen so many revolutions in transportation in our brief span of years that we would not be surprised at anything. In this day of miracles, anything can happen.

Mr. and Mrs. Harold Edwards and children have recently removed to Lubbock, where Harold has accepted a position as watchman at the airport. They reside on Avenue V. Both were reared in Tahoka but recently they have been living in other places.

Mr. and Mrs. W. T. Roberston of Mason City, Washington, visited in the home of Mr. and Mrs. W. S. Anglin over the week end. Mrs. Roberston is Mrs. Anglin's niece. Mr. Roberston works at Grand Coulee Dam.

Mrs. R. L. Gray and Mr. and Mrs. Fred Stone left Monday for California, where they expect to reside, at least for the duration.

# SCRAP RUBBER NEEDED

FOR

# VICTORY...

The rubber shortage has reached a critical stage. Japan has already cut our nation off from 92 per cent of our normal supply... and a modern war cannot be fought without rubber... On the other hand, modern farming, modern business, modern transportation can not continue without rubber... President Roosevelt believes there is sufficient scrap rubber, if it can be collected, to prevent nation-wide gasoline rationing, to aid our war effort!

**YOU CAN HELP!**

## PRESIDENT ROOSEVELT SAYS —

"I know that I don't need to urge you to take part in this collection drive. All you need to know is the place to take your rubber and the time to take it there—and the fact that your country needs it."

"We do not want you to turn in essential rubber that you need in your daily life—rubber you will have to replace by buying new things in the store. We do want every bit of rubber you can possibly spare—and in any quantity... We want it in every form... If you think it is

rubber take it to your nearest filling station.

"Once the rubber is in, we will know what our supplies of used rubber are and we will make our plans accordingly. One thing you can be sure—we are going to see to it that there is enough rubber to build planes to bomb Tokyo and Berlin—enough rubber to build the tanks to crush the enemy wherever we may find him — enough rubber to win this war."

The service stations and oil companies of the nation have undertaken the job of gathering this scrap material. — We will pay —

**1c per pound for Scrap Rubber!**

Which is more than twice the price being paid by junk yards. Or, if you wish, you may donate the rubber. All profits and rubber donations will go to the U. S. O., Army and Navy Relief and the Red Cross.

Let Uncle Sam have your worn out — Tractor, truck, and automobile tires, inner tubes, crepe rubber soles, boots and overshoes, hot water bottles, tennis shoes, rubber belting, rubber sheeting, raincoats, bathing caps, rubber heels... anything made of rubber!

## NAVY NEEDS MEN

Men who have recently been reclassified for selective service may enlist in the Naval Reserve, provided application is made before call to report for Army induction is mailed, Navy recruiting officers at Lubbock said recently.

Many wait until it is too late and find themselves inducted when, as skilled men, they might have voluntarily enlisted in the Naval Reserve as petty officers at much higher rate of pay, it was said.

Physical standards for Naval Reserve enlistment have recently been lowered and many men previously rejected are now able to meet physical requirements.

Qualified men are urgently needed for operation and upkeep of Naval ships and stations. Petty officer ratings are now open to aviation and auto mechanics, bakers, cooks, carpenters, electricians, machinists, metal smiths, painters, pattern makers, pharmacists and hospital attendants, radio technicians, and practically all types of experienced craftsmen. Unskilled men, and those skilled in trades not open for enlistment,

Supt. and Mrs. W. T. Hanes returned Tuesday from Cheyenne, Wyoming, to which place they had gone a week previously with their niece, who went to join her husband, who is in an army camp there.

A. H. McGonagill telephoned us just as we were closing our forms stating that he was leaving for Dallas, where he is to be inducted into the Navy. He made application and was given a rating several weeks ago.

Judge B. H. Howard of Lubbock visited his daughters, Mesdames Harley Henderson and Frank Hill, Wednesday.

have opportunity to attend Navy trade schools and win promotion in the service.

Negroes may be enlisted as apprentice seamen, mess attendants or in construction petty officer ratings. They are sent to Negro training stations.

Age limits for enlistments in the Naval Reserve are from 17 to 50 years. Application should be made in person at nearest Navy recruiting station.

## BILL NEWTON LEASES BARBER SHOP

Bill Newton has leased the John Beard Barber Shop, according to a statement he made to a representative of the News this week.

Bill has been working in this shop most of the time for several years and when John Beard decided to do a little running about Bill accepted the opportunity to lease the shop.

## CARD OF THANKS

(Delayed). We take this method of expressing our gratitude to our friends and the Tahoka Fire Boys for their assistance last Thursday afternoon in helping so faithfully with our feed stack fire. We shall never forget your kindness. — Mr. and Mrs. Curtis Driver.

The area of Texas is 262,398 square miles of land and 3,498 square miles of water surface, a total of 265,896 square miles.

Colonel and Mrs. Walter Shaddix of Lubbock were the guests of Mr. and Mrs. N. E. Wood last Sunday.

Mrs. F. E. Calvery and Mrs. Daniel Davis left Thursday for El Paso, where they will visit with Nathan (Bugs) Woolsey, who is at Fort Bliss. They will return Sunday.

Mrs. Marie Sanders and two children of San Antonio and Mrs. Faye Pierce of Kingsville are here this week visiting their mother, Mrs. Pearl Brown, and other relatives. Mr. Sanders is an electric welder in San Antonio while Mr. Pierce is employed at the big Naval base that extends from Corpus Christi to Kingsville. Mmes. Sanders and Pierce are leaving today for a visit at Colorado Springs, Colo.

Mrs. R. W. Fenton Jr. who was in a most critical condition for several days and who underwent a major surgical operation Tuesday of last week, is now reported to be making satisfactory improvement.

Dr. J. P. Howard and son, Jasper, of Merkel visited Mr. and Mrs. Harley Henderson and Mr. and Mrs. Frank Hill Wednesday. Dr. Howard is Mmes. Henderson and Hill's brother.

Misses Jahe Donaldson, Colleen Carmack, and Cwynelle Davis returned Sunday from Amherst, where they had spent a few days visiting in the home of V. L. Jones. They were accompanied home by Miss Virginia Rae Jones, who is visiting here this week.

"Fight! Work! and SAVE!"

A War Message on WAR BONDS from the President of the United States

"... The American people know that if we would raise the billions which we now need to pay for the war and at the same time prevent a disastrous rise in the cost of living, we shall have to double and more than double the scale of our savings.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS

and STAMPS to add to the striking power of our armed forces.

"If these purchases are to have a material effect in restraining price increases they must be made out of current income.

"In almost every individual case they should be big enough to mean rigid self-denial, a substan-

tial reduction for most of us in the scale of expenditure that is comfortable and easy for us.

"We cannot fight this war, we cannot exert our maximum effort, on a spend-as-usual basis.

"We cannot have all we want if our soldiers and sailors are to have all they need."

—Franklin D. Roosevelt.

THE LYNN COUNTY NEWS

## Dr. Sinclair Is Rotary Speaker

Dr. James W. Sinclair was the speaker at the Rotary Luncheon Thursday, discussing the Civil Defense program as it pertains to the health of the citizens and their treatment for injuries that may be sustained in our war effort.

The Doctor gave a report of the various health and first aid activities that have been carried on in this county for the information and training of the people, and he also discussed the campaign that has been conducted for immunization against smallpox, typhoid, diphtheria, and other maladies.

While there have been many immunizations in this county, the Doctor stated, the people in Texas have not yet become health-minded to the extent that they have in the north. If they had, they would have flocked in by the hundreds each immunization day to receive the free treatment offered.

Calling attention to the fact that some kind of epidemic follows almost every war, he showed the importance of being prepared to meet any of the virulent diseases that may sweep this country at any time.

There was quite a bit of fun at the beginning of the program when a number of fellows were introduced one after another as the orator of the day, each passing the buck to another.

## Congratulations . . .

To Mr. and Mrs. John Inman upon the birth of a little daughter on Saturday, June 13, weighing seven pounds. The little lady has been named Priscilla Ann.

To Mr. and Mrs. Nolen Griffin, who reside ten miles east of Tahoka, on the birth of a little daughter on Friday, June 12. She bears the name of Ina Gene.

Miss Lavoye Lee of Spur is the house guest of Mr. and Mrs. Fred McGinty this week.

In 1910 the urban population of Texas was 24.1 per cent. In 1940, it was 45.4 per cent.

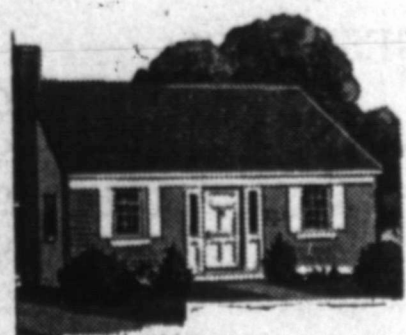

"THAT'S YOUR POP . . .  
AND OUR CUSTOMER!"

We take pride in the appearance of Fathers . . . pride that extends itself to the clothes we clean for them! Our careful methods will help your Dad's clothes last longer.

Are you entitled to wear a target lapel button?

You can ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War.

The target lapel button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deductions.

Enlist in the ten percent War Bond army and do your part to win the War.

U. S. Treasury Department

## Boydston Lieutenant Candidate At 20

Staff Sgt. Billy Wade Boydston, 20, who has been stationed at the Indigo army camp in California, visited his parents, Mr. and Mrs. John Boydston, and other relatives here the past week end. He came Friday and left Monday for Fort Sill, Oklahoma, where he is to take three months' training in the Officers Training Camp, at the end of which time he is expected to be commissioned a Second Lieutenant.

If commissioned at that time, he will be the youngest man, it is said, who was ever so honored.

While yet a senior student in the Tahoka High School, two and a half years ago, Billy Wade volunteered for service in the United States Army. He has made a remarkable record, having risen already to the rank of staff sergeant.

Three months ago, his older brother, Ted Howell Boydston, who has been in the service four years, was sent from Fort Bliss to the Indigo, California, camp, and the two brothers were in the same company there, a tank and artillery training camp out in the desert, where men are trained for desert warfare.

These two brothers, Ted Howell and Billy Wade Boydston, were two of six men selected from several thousand to take the training at the Officers Training School at Fort Sill. Ted Howell is expected to be here this week end to visit his parents and to go from here to Fort Sill.

Mr. and Mrs. T. B. Burrough received a communication a few days ago from their daughter, Mrs. Eddy Delvan, who resides in San Diego, in which she enclosed a newspaper clipping and pictures explaining how San Diego is protected from enemy air raids with a barrage of balloons swung on steel cables rising from winches on the ground. Because of the vast aircraft industry there, San Diego is probably better protected from enemy raids than any other city in the country.

The density of Texas' population in 1940 was 24.4 per square mile, only a little more than half the density of the population of the United States.

Texas has a maximum length of 601 miles from the southern tip near Brownsville to the northwestern corner of the Panhandle.

Flesh-eating dinosaurs, 45 feet long, and plant-eating dinosaurs weighing many tons roamed over Texas 100,000,000 years ago.

County Home Demonstration Agent

### Making Limited Sugar Supplies Fill The Preservation Budget

By careful planning the home-maker can meet the needs of the family food preservation budget, despite the limited amount of sugar she can obtain. A new OPA regulation allows home canners to obtain one pound of sugar for every four quarts of finished canned fruit. An additional pound per year for each person in the family may be obtained for making jams, jellies, and fruit butters.

Stretch the sugar allowance by: thinner syrups for canning fruits and fruit juices will have to be used; it will be necessary to dry some fruits; fewer jars of preserves and jams than usual will be made; and jelly—as the least nutritious of the list should be made last after the remainder of the budget has been filled.

By using corn syrup or honey the limited amount of sugar can be made to go farther. Both of these can be substituted for some or all of the sugar in almost all of your favorite recipes.

Corn syrup is quite good for canning because it doesn't mask the flavor of the fruit. To make a light syrup use ½ cup of corn syrup to ½ cup of water. Other directions in canning fruit are given in B-85. Canning Fruits and Vegetables. Corn syrup is fair in making preserves and jams when it is used with equal amounts of sugar. It is not so good for jelly because it takes longer to set and is then somewhat sticky.

When honey is diluted sufficiently it is good for canning. About ¾ cup of water and ¼ cup of honey make a good syrup for canning most fruits. First, bring the water to the boiling point, add honey and stir. Again let come to good boil, remove scum and pour over fruit. Follow other directions for processing in B-85.

Honey is much better in preserves and jams than in jelly. If possible, use at least one-third sugar and two-thirds honey for preserves. Honey is especially good in sweet pickles, probably better than plain sugar.

Honey makes a good texture of jelly. Substitute it for sugar cup for cup. The color of the jelly is darker, however, and it takes a minute longer to cook. The flavor is in most cases stronger with the honey. If it is necessary to use honey in making jelly, it is best to use one-half sugar and one-half honey. Be sure to use a large kettle because honey foams considerably and there is danger of its boiling over.

When bought, honey is two and one-half or three times as expensive as sugar, and corn syrup is about twice as expensive.

You might try invert sugar. A Florida experiment station scientist recommends making invert sugar to make it go farther. To do this, mix one cup of sugar and 14 tablespoons of water. Add one-fourth teaspoon of tartaric acid (which you can get at any drug store). Cover this sugar, water and tartaric acid mixture and boil gently for thirty minutes. Allow to cool. Then you have invert sugar syrup. Each cup is equal in sweetening to a cup of sugar. In other words it is about 1½ times as sweet as the same weight in plain sugar.

Invert sugar syrup is excellent for use in canning, and may be diluted one-half syrup and one-half water. It is also good in sweetening fruits, cereals, ice cream and beverages.

The highest mean annual temperature recorded at any Texas station is 74 degrees Fahrenheit at Rio Grande City in Starr County. The minimum is approximately 54 degrees, as recorded at Dalhart in the upper Panhandle.

According to the 1940 census, 92 cities in the United States have more than 100,000 population. Four Texas cities — Houston, Dallas, San Antonio and Fort Worth — are on the list.

## Lieut. Brown Drills Defense Guard

Lieut. J. E. (Red) Brown, local young man who is making good in the U. S. Army, put 55 members of the Tahoka Defense Guard through a snappy period of drill at the regular meeting of the unit Thursday night. Several new movements were given the men.

Following the drill, refreshments were served through courtesy of the Child Guidance Study Club.

Mess Sgt. Claude Conway calls on farmers who are contributing to the support of the Guard unit through the donation of eggs, to carry their eggs to their community chairman, or to leave them at their grocery store for the chairman.

According to geologists, most of West Texas was a shallow continental sea 250,000,000 years ago, and an ancient land which they term Llanoria extended far into the region now occupied by the Gulf of Mexico.

More than one-half of Texas' population lives in 31 of the 245 Texas counties.

The geographical center of Texas is a point 20 miles northeast of Brady in McCulloch County.

## Plains Pioneer ...

(Continued from page one)  
New Mexico, and Clarence Green of El Paso; Mrs. Ed Dearing, Mrs. L. D. Coppendarter, and Mrs. Alex Janke, all of El Paso. Only the son here and Mmes. Dearing and Coppendarter of El Paso were able to be here for the funeral. One son, Robert Harrison Green, 42, died of heart trouble in El Paso on June 4.

Mr. Green was born somewhere in East Texas on August 19, 1862, and had he lived a little more than two months longer he would have reached his eightieth birthday anniversary.

He went out into New Mexico when a lad of 17 and began working on a ranch in the vicinity of Carlsbad Cavern. He was ranching in that wild frontier territory during the years of its most colorful history. He knew Billy the Kid and was near Fort Sumner at the time he was killed by Sheriff Pat Garrett.

In 1893, he was married to Miss Lora Wiggins in Carlsbad, New Mexico, and to them the above named children were born. She also still survives, having been residing with some of the children in El Paso for many years. Mr. Green has been residing with his son Oliver for the past twenty-five years. Sixteen years ago he came to Tahoka with the Oliver Green family and has been here ever since.

In addition to the relatives above mentioned, he also leaves surviving him thirteen grandchildren and one great-grandchild.

He was a kindly man and enjoyed the respect and esteem of all who knew him, and the friendship of many. He had been a member of the Baptist Church since his boyhood days, and although he was not a regular church attendant, he lived an upright, honorable life, his daily conduct being highly exemplary.

The bereaved relatives have the sympathy of many friends here.

## J. H. Tate Dies ...

(Continued from page one)  
ty, Texas, in 1915. He bought a home near Grassland and had lived on it ever since, a period of twenty-seven years.

He united with the Methodist Church in 1916 and had been a devoted member ever since. He was a good man, a good neighbor, and a good citizen. The esteem in which he was held was attested by the great concourse of his neighbors and friends who gathered at the home and followed the body to the cemetery and the many deep and genuine expressions of sorrow that were heard on every hand.

The afflicted wife and devoted daughter and other relatives have the deepest sympathy of the people of the community.

## Aged O'Donnell Lady Is Buried

After having had the rare privilege of living more than ninety-six years Mrs. Mary Ann Abshier died at noon last Sunday, June 14, at the home of her daughter, Mrs. R. L. Taylor, in O'Donnell.

Funeral services were conducted in the Methodist Church in O'Donnell Monday afternoon, Rev. Ben Hardy of Tahoka officiating in the absence of the good woman's pastor, Rev. H. H. Hollowell, who was in Dallas at the time. Burial was in the O'Donnell cemetery.

Mrs. Abshier, whose maiden name was Mary Ann McDowell, was born in St. Francis County, Missouri, on February 7, 1846. Her age at the time of her death therefore was 96 years, five months, and seven days. She was married to A. W. Abshier in March, 1862, and he died in 1915. For the past several years she had been residing in the home of her daughter, Mrs. Taylor, in O'Donnell.

For fifty-three years Mrs. Abshier had been a member of the Methodist Church, having united with the Church in July, 1869.

Surviving her are four daughters and one son. The daughters are: Mrs. Taylor, in whose home she died, Mrs. P. P. Brewer and Mrs. H. L. Brewer, who also reside at O'Donnell, and Mrs. John Jackson of Hobbs, New Mexico. The son is Steve Abshier of Hobbs.

Also surviving are twenty-five grandchildren, thirty great-grandchildren, and sixteen great-great grandchildren. Mrs. F. A. Anderson of Tahoka is one of the granddaughters.

Not only because of her advanced age but principally because of her kind and lovable character, she was regarded almost with reverence by her many relatives and friends. "There lingers no doubt," said one of her loved ones, "as to the place of her departed spirit."

Mr. and Mrs. Kary Mathis and little son of Lubbock were here Monday to attend the J. H. Tate funeral at Grassland. Mr. Mathis, formerly principal of the Tahoka Grade School, is now principal of the George R. Bean School at 29th and Ave. N in Lubbock. This is one of Lubbock's newer schools. Due to the rapid growth of the city, the building is being enlarged from nine to seventeen rooms this summer.

Mr. and Mrs. Milburn Burrough of Alva, Oklahoma, were here Tuesday visiting his parents, Mr. and Mrs. T. B. Burrough. From here they went to Snyder, where Milburn had registered, to take another blood test to determine his physical fitness for army service.

John Beard and Jack Fenton left the first of the week for the West on a combined business and pleasure trip.

Margie Dee and Jerry Will Caba are here from Brownfield. They are spending the week with their grandparents, Mr. and Mrs. Dee Sanders.
