Volume 39.

Tahoka, Lynn County, Texas, Friday, September 4, 1942.

Number 4.

City Schools Open, Enrollment Large

Rain Interferes With Scheduled Opening Program

With an opening enrollment of 290 students in Tahoka high school, and 290 pupils in grade school, this year's registration has far exceeded the expectations of school officials. Due to the rains and unfavorable weather of the past week, even more students are expected to be added to the school rolls when the roads dry up and busses are able to run.

As yet, the bus routes have not been worked out, but they will be definitely established when the weather permits.

Teacher shortage has left its mark in Tahoka schools, necessitating several changes in the school curriculum. At present, the faculty and the faculty assignments, in addition to Supt. W. T. Hanes, are the following:

In high school: Mr. Hope Haynes, principal and mathematics; Mr. A. R. Bostick, 7th grade home room teacher, science and math; Mr. Volney Hill, junior home room teacher, social science and athletic director; Miss Mary Eleanor King, science, band and freshman home room; Mr. Orville Richardson, freshman home room teacher and vocational agriculture; Miss Lucille Wright, home economics and sophomore home room teacher; Mrs. John Kirkwood, social science, Spanish and sophomore home room teacher; Miss Lauraine Leverett, English and 7th grade home room teacher; and Miss Ineva Headrick, English and senior sponsor.

For grade school: Mr. A. L. Pace, principal and social science; Mrs. Grady Howard, first grade; Mrs. L. F. Craft, first grade; Mrs. Fontaine Wyatt, second grade and homemaking; Mrs. Stella Duke, second grade; Mrs. Roy Finch, third grade; Miss Gladys Tucker, third grade; Miss Anita Reddell, music and art in fourth, fifth and sixth grades; Miss Adelaide Young, arithmetic in the three upper grades; Miss Minnie Hood Fitzgerald, Language Arts, in the fourth, fifth and sixth grades; and Mr. John Kirkwood, health.

Grade school students will this (Continued on last page)

Farmers Of Area Will Meet In Lubbock

Farmers from six counties of this area will discuss problems of farming in wartime and hear latest reports on legislation affecting agriculture at a meeting in Lubbock Friday, September 11.

The conference, to be attended by farmers and stockmen from Garza, Lynn, Lubbock, Terry, Hockley, and Yoakum Counties, is to be held under the auspices of the Texas Farm Bureau. Producing the food and fiber needed for victory will be the theme of the meeting.

Reports will be given by state Farm Bureau leaders on the Southern Regional farm conference held recently at Raleigh, North Carolina, in which some of the nation's foremost agricultural and war program chiefs explained vital issues facing farmers today.

Effects of ceiling prices on agricultural commodities, the farm labor situation, the all-out battle to maintain full production through parity prices, the need for a strong farm organization, and many other local, state and national problems of current interest will be discussed.

W. R. Tilson of Brownfield, District 2 director of the Texas Farm Bureau, will preside at the meeting and discuss problems of direct concern to this particular area. Other speakers will be J. Walter Hammond of Tye, State Farm Bureau president, and G. W. Haggard of Waco, editor of Texas Agriculture. A round table discussion will follow the talks.

The meeting will be held at 2:30 p. m. in the Hotel Lubbock at Lubbock. All interested farmers are invited to attend.

Jester Girl Falls And Breaks Arm

Margelene Jester, 9, daughter of Mr. and Mrs. A. D. Jester of the New Lynn community, fell from a tree while visiting friends at Fety Sunday and broke both bones of one arm just above the wrist and also fractured the bone at the elbow.

Mr. Jester took her hurriedly to the Lubbock General Hospital, where the bones were set and the injuries treated, and then brought her home. It will be necessary for her to visit the hospital weekly for several weeks, however.

E. B. Terry Dies, Buried Saturday

After a lingering illness, E. B. Terry of New Lynn died of a malignant growth in the stomach last Friday at his home.

Funeral services were conducted at New Lynn Saturday afternoon by the Methodist pastor there, followed by his burial in the New Lynn cemetery.

Mr. Terry had undergone an operation early in April in a Lubbock hospital and it was found at that time that his condition was hopeless, but he has borne his protracted suffering patiently.

No data as to his life history has been available to The News, but he had been a citizen of this county for many years, well known and highly respected.

His wife and other relatives survive. A number of out-of-the-county relatives and friends attended the funeral, among whom were Mr. and Mrs. J. A. Jaynes of Lubbock, who resided at New Lynn a number of years.

The News joins in condolences to all the bereaved.

Baptist Meeting Declared Success

Revival services came to a close at the Baptist Church last Sunday night with a baptismal service at which eight new converts were immersed by Pastor George A. Dale. Three other converts await baptism as a result of the meeting. Besides there was quite a number of accessions to the church by letter.

One of the features of the closing day of the revival was the action of the church at the morning service Sunday when the church voted to grant Melvin Rathel license to preach, the certificate being presented to him in an impressive manner by Pastor Geo. A. Dale. Another impressive event was the action of the church at the evening service when, upon recommendation of the board of deacons, he was elected assistant pastor.

There were a number of "mountain-top" services during the revival, those who attended regularly declare, Rev. A. C. Hardin, the pastor at Post, who did the preaching, is a very earnest and effective speaker, and he brought one splendid message after another, with the result that church members were stirred to greater activity and much personal work was done.

The song services led by Melvin Rathel, with Mrs. Rathel and Miss Anita Reddell presiding at the two, pianos, was as good as the best.

Pastor Dale declared the revival to have been the most successful of any during his pastorate here.

Miss Norene Mason, who resides near Tahoka, underwent an operation for appendicitis in the Mercy Hospital in Slaton Thursday morning, according to her physician, Dr. J. W. Sinclair.

Tom Cloe, a Tahoka young man now working in Lubbock, came down to Tahoka Wednesday and had his tonsils removed in the office of Dr. J. W. Sinclair.

Guard Officers Going To School

Capt. Don Turner and Lieut. Roy Edwards expect to leave Saturday night for Camp Bullis, near San Antonio, where they will, as representatives of the Tahoka Defense Guard unit, receive training for one week in a school for Texas Defense Guard officers.

The Tahoka company is expecting an inspecting officer from the State headquarters at an early date.

The latter part of this month, the Tahoka company will present a radio program over KPYO, Lubbock.

Sixty-four men have signed enlistment papers in Co. F, 39th Bn., Texas Defense Guard. Capt. Turner reports.

Harlan Dikes Infant Buried Saturday

The seven-days-old infant of Mr. and Mrs. Harlan Dikes died and was buried last Saturday. Born prematurely in a Lubbock hospital, it was kept alive in an incubator for a week. The parents live a few miles east of Tahoka.

Sgt. Keith Connolly In Thilling Raid On Japanese As "Flying Fortress" Gunner

Attentive ears caught the radio announcement Saturday that Keith Connolly of Tahoka was one member of the crew of a Flying Fortress that blasted one of the Japanese cruisers that was leading an invasion convoy into Milne Bay, New Guinea, where a force of Japanese troops were to make a landing.

Five bombs were dropped from the Flying Fortress and three of them made direct hits on the deck of the cruiser. Two others dropped into the water near it. It is believed that the cruiser was sunk.

While the troops made a landing, they were led into a trap and almost completely wiped out by Australian soldiers, according to later radio and newspaper reports.

Keith has been serving as a gunner on a U. S. Flying Fortress operating out of Australia for some time. The Fortress engaged in this raid was commanded by Capt. Kenneth D. Casper of Humboldt, Tennessee. Members of his crew were Sgt. Connolly (Continued on last page)

Maasen Produce Is In New Location

Maasen Produce moved this week to the building at the northeast corner of the square recently vacated by the Texaco Service Station.

Henry Maasen, proprietor, says the new location will be more convenient to his customers, as there will be more parking room, and a covered driveway that may be used while customers are unloading their produce.

LEGION AND AUXILIARY MEETING ANNOUNCED

Announcement is made that there will be a meeting of the Marion G. Bradley Post of the American Legion and also of the Legion Auxiliary at the Legion Hall next Tuesday night.

At this meeting reports will be heard from both the women and the men who attended the state convention in Fort Worth two weeks ago.

Also, at the Auxiliary meeting, officers for the ensuing year will be installed.

All members of both the Legion and the Auxiliary are urged to be present at these meetings.

GARDENHIRE HERE

Corp. Hervey Gardenhire, former O'Donnell theatre manager, but now stationed at General Headquarters, Radio Intelligence Co., Camp Crowder, Mo., arrived Wednesday to spend a week's furlough visiting friends here and relatives and friends at O'Donnell.

MISS DUDGEON TO MIDLAND

Supt. Geo. Heath and High School Principal Frank Hill Friday. While here they employed Miss Eleanor Dudgeon as a teacher in the Midland schools.

Country Drenched By Torrential Rain Storm

New Coach Starts Football Practice

Coach Volney Hill has been running about thirty candidates for the 1942 Bulldog football team, through drills twice daily since Tuesday in preparation for the season-opener with Class AA Lamesa at Lamesa Friday night, Sept. 12.

Hill, who comes to Tahoka from Burkburnett, told The News Thursday that he had as fine a bunch of boys in his squad as he ever saw. He is highly complimentary of the boys' character, as well as their attitude and hustle on the football field.

Coach Hill expects the boys to give a good account of themselves this fall.

D. F. Reddell Is Air Corps Specialist

D. F. Reddell, son of Mr. and Mrs. W. A. Reddell, left Sunday for Fort Sill, Oklahoma, where he expected to be assigned to work in sheet metal drafting as an Army Air Corps specialist.

D. F. had previously had training in this kind of work. He recently passed the physical examination and was accepted into the service.

Texas Tech Coach Rotary Speaker

Del Morgan, head football coach at Texas Tech, spoke on that school's gridiron prospects for the season, at Thursday's Rotary Club luncheon. Members of Tahoka high school's football squad were guests for the luncheon.

Mr. Morgan's talk was enjoyed both by Rotarians and boys. Also present was Polk Robison, new Tech basketball coach, who complimented Tahoka on its new coach, Volney Hill.

Supt. Hanes, program chairman, also made an interesting talk in which he outlined the importance of school activities in the development and education of our youngsters. He stated that the position of the school board and administrative officials was that now, as never before, the well-rounded development of our youth was of utmost importance.

W. L. Fleming, 42, Dies At O'Donnell

Funeral services were conducted in the Methodist Church in O'Donnell at five o'clock Monday afternoon for Willie Lee Fleming, 42, who died at his home at O'Donnell at 6:15 o'clock last Saturday afternoon. A blood disorder known as leukemia was given as the cause of his death.

Funeral services were conducted by Rev. H. H. Hollowell, pastor of the O'Donnell Methodist Church, and the body was buried in the O'Donnell cemetery.

Surviving are the wife, Mrs. Velma Fleming, and four sons, Ivan Lee, Wayne, Alvin D., and Bobby Doyle Fleming, all of O'Donnell.

Other survivors include his father and stepmother, Mr. and Mrs. W. D. Fleming, who reside near Tahoka; one sister, Mrs. W. C. Daugherty of Grandfield, Oklahoma; four brothers, Carl Fleming of Grandfield and Homer of Mangum, Oklahoma, Guy of Santa Anna, Texas, and Lawrence of Tahoka.

All the above-named relatives were present for the funeral services.

Mr. Fleming had been suffering from the fatal disease for several months. Under the treatment of a physician here and another at Lamesa, he was taken to the Scott and White Sanitarium in Temple several weeks ago for a check-up, after which he was brought back home. His disease was characterized by frequent and profuse bleeding of the gums, and numerous blood transfusions were given him, which would stop the bleeding for a few days at a time but it would always recur.

Mr. Fleming was born at Crowell, Foard County, on June 29, 1900. He was later taken by his parents to Oklahoma, where they lived for some time, but in 1916 he came with them to Lynn County. Later he went to Higgins, where he resided for some time, but came back to this county in 1938.

He was married to Miss Velma Pemberton at Tahoka on April 1, 1922. Years ago he had united with the Baptist Church. He was reputed to have been a good man and a good citizen and had many friends who were grieved at his untimely death.

Tahoka Rainfall Unusually Heavy, Lighter South

Soaking rains have fallen over Lynn County and most of this section of the state within the past week, but nowhere in this territory has as much rain fallen as in Tahoka and vicinity, according to reports given to the press and gathered by The News otherwise.

Tahoka was drenched Tuesday night with a protracted downpour amounting to 2.85 inches. The total precipitation here since the first drizzle began falling Sunday night had amounted to 4.36 inches up to Wednesday night. The heavy rain that visited Tahoka Tuesday night, however, did not cover the entire county. O'Donnell and vicinity, Draw and vicinity, and some other portions of the county got no rain that night. The rain from Sunday night to Tuesday morning, however, amounting to 1.44 inches in Tahoka, covered this entire section of the state and was doubtless heavier in some portions of Lynn County than it was in Tahoka.

While many farmers did not feel that rain was needed, since good rains had already visited the county last week, amounting to 1.49 inches in Tahoka yet the additional rain will probably increase crop yields, place the soil in fine condition for sowing wheat, and be helpful to pastures.

A bumper cotton crop in this section of the state seems to be in prospect.

Miss Billie Lee Burleson, who is in school in San Antonio, visited her parents, Mr. and Mrs. W. L. Burleson, over the week end.

Gordon Alien Is Declared No Spy

Information given to The News since our issue of last week is to the effect that Helmut Siegfried Graumenz, store keeper at Gordon, who was arrested upon a federal warrant, was not charged with failure to execute and return his questionnaire to his local draft board, as was stated in this paper, but was charged with failure to inform his local draft board of his change of address. He had registered in California at the proper time.

Neither had he been taken back to Los Angeles. He was still in prison at Lubbock as late as Monday of this week, but he had signed waiver of extradition and Mrs. Graumenz says that he expects to go back to California without making any resistance.

Being an alien, he did not think it was necessary or required of him that he notify his draft board upon changing his location, she stated. He had tried to enlist in the U. S. Army about the first week in February, 1941.

She further contends that there is no foundation in fact whatever for the statement or belief that he was a German spy. Most of these facts, she says, can be corroborated by the District F. B. I. agent, who may be found at the Hilton Hotel in Lubbock.

Mrs. Graumenz says that she herself is a native of Texas and naturally is just as loyal and patriotic as other Texas women and that she feels deeply the sting of the misinformation that has been published and otherwise circulated about her husband.

The News is glad to publish her statement and to correct any error respecting this matter that may have appeared in this paper. Most of the information we published came from an official source and naturally we believed it to be authentic.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

Joseph C. Grew, who was ambassador from the United States to Japan for ten years, declares that the morale of the Japanese people can not be broken by defeat and that it will be necessary for us to utterly crush Japan before that nation will surrender. Reports by American newspaper correspondents describing the recapture of those Solomon Islands by American forces seem to confirm that view. While these newspaper reports describe deeds of great heroism on the part of the Americans and declare that the Japanese have been almost utterly wiped out on some of these islands, not one Japanese is reported to have surrendered. Every mother's son of them fought to the death. An example of their determination not to be captured alive is found in one story in which it was related that three Japanese who had been cornered fought until they had only three rounds of ammunition left, whereupon one of them shot the other two and then killed himself. That's the kind of

people we have got to whip, and we are going to be compelled to deal them some crushing blows before they will ever surrender.

Notwithstanding the fact that so many of the aircraft and tanks being produced in this country are being sent to Great Britain, Russia, Egypt and other war zones, we have been sending enough of them to Australia and other islands of the Southwest Pacific to make their power felt. Every American is deeply gratified that the U. S. Navy and the U. S. fighting aircraft have recently assumed the offensive in that area and together with the Australians have won important victories in the Solomon Islands, New Guinea, and other fronts. Let us hope that our forces will hold all the ground regained and that these victories are the beginning of a drive that will send the Japs back out of the East Indies, out of the Philippines, out of Wake and Guam, out of all the islands of the Pacific, out of China, back into their home land, where they will receive such a final drubbing that they will not be able nor disposed to attack the United States again in a thousand years. If we can do that in a couple of years it will be fine; but even if it takes five years, it must be done.

There are rumors and rumblings of Japanese plans to attack Russia through her back door. Right now it would seem that Japan already has her hands full, but since she is being stale-mated just now in China and the South Pacific, and while Russia is fighting for her very life against the German hordes, Japan may have decided that to turn and stab Russia in the back at this crucial moment would be good strategy. If Russia can be brought to her knees between the Germans and the Japs and forced to surrender, then these two robber nations will have a much better chance to conquer the rest of the world. Events within the next day or two may discredit or confirm this view of the situation. In any event, Russia needs all the help we can give her, and by helping Russia we are helping ourselves.

Labor leaders who foment strikes in times like these are thrusting the knife into the very heart of their own country. But their conduct is not a whit more traitorous than that of employers and contractors who drive hard bargains and reap great profits at the expense of their country. Both sorts of offenders should be handled without mercy.

J. B. Nance handed The News man a clipping from a daily paper Monday which contained the picture of Miss Elizabeth Sulter, who was recently elected Representative in the Legislature from Wood County. Mr. Nance formerly resided in Winnsboro in that county, and he and Miss Sulter's father had adjoining offices for a time. Her father was a lawyer, and she came along and followed in his footsteps. She holds a bachelor of arts degree and a law degree from the University of Texas and has been practicing law the past few years. We guess that pretty soon she will be a regular "professional politician."

Buy A Victory Bond . . . And Slap A Jap!

ODDS and ENDS

by Eee Eye, the Elder

As a rule this newspaper has declined to print the crude effusions of would-be poets. In the first place, we have in our library more than a thousand poems, most of which rank as real literature. If this were a literary magazine instead of a newspaper, we should like to run one of these fine productions each week, but we do not feel that we have room for mere doggerel or crude "poems" in a mere newspaper, and therefore as a rule we have declined to run such, even so-called poems written in praise of some departed loved one.

But last week we did permit one of these punk "poems," to be run right on our editorial page, not because it had any literary merit, but because it gave old Hitler a string of kicks right in the ribs, and we thought some of our soldier boys and their daddies might enjoy it. Besides we had been asked several times to run it. Some of you might have read it: "A Telephone Conversation," alluded to have been staged by Hitler and the Devil. So, our rule was broken.

And so this week we received an alleged "poem" of a political nature which the author requests us to publish. We do not desire to be uncomplimentary, but we hope the author will not become offended at us for saying that we think it is very punk poetry. A poem is a metrical, rhythmical composition, having a lofty, sentimental, or emotional theme, which may or may not be expressed in rhyme. Poetry that doesn't pretend to rhyme is called blank verse. But if the author undertakes to make it rhyme, then the rhyme should be perfect or nearly so.

In the "poem" furnished us, the meter is defective, the rhyme is punk, and the sentences are ungrammatical. But we will admit the author didn't have a good subject to start with. Here is the Title, with the poetic gem following.

A Tribute To The Senator
They all sit and ponder and they bicker and wonder,
Just Why it can't be did;
Just one little time would just be so fine,
What a disgrace the state would be rid.

They wonder why he can't be unbalanced,
Oh, why don't the people pay heed?
Why, he's just a hillbilly and they say he talks silly;
The other is the man we need.

But they failed to regard facts more than figures,
Honesty can not be abased;
And so I'll just hurry and answer their queries,
Pay heed while I make haste.

He's not off in one corner, or near to one side,
As some folks may have suspected,
But Pappy O'Daniel, here is the answer,
Is "Deep in the heart of Texans."

While we are on the subject of poetry, here is a little verse written and set to music recently by Tommie Godfrey, which might be entitled to the designation of real poetry. It is in fact a prayer, as many of our greatest hymns are, and is especially appropriate at this time. Read it, and see if you don't really appreciate it. Here it is.

Bless Our Soldier Boys
O God of all the universe,
Who sees both great and small;
Who counts the sand upon the shore,
And sees the sparrow fall;
Look down upon his world tonight,
And listen to my prayer
For every boy in freedom's fight,
Your hand can guard them there.

Chorus
God bless our soldier boys tonight,
Wherever they may be;
Upon some flaming battle-front,
Or on a ship at sea;
Or high up in an aeroplane,
Above some foreign land;
And keep them safely from all harm,
And bring them home again.

Tommie Godfrey, author of the above little prayer-poem, is the son of a minister, Rev. M. H. Godfrey. We knew him and the family well in other years. Tommie was then a red-headed, freckle-faced, mischievous lad, but he was crippled, and could

not run and play as other children did.

He has long since grown to be a man, has a wonderful voice, and is said to be one of the sweetest gospel singers in Texas.

The above little song was written just this year, but already it is being sung in many of the churches of Texas. Whether you can sing it or not, memorize these verses and breathe them as a prayer now and then for that soldier or sailor or marine who has gone out from home to serve under the flag of our country.

Yes, we all hope that our boys will be brought home again, but we know that they must not be brought home to stay until this grim business in hand is finished. War is a terrible thing, but there are some things worse even than war. It is to avert these "worse things" that we must fight. Our brave boys know this, and countless millions of them are willing to go hence not to be brought home again if such a fate is necessary for them to preserve the homes from which they came, the security and safety of their loved ones, their right and our right to think, to speak, and to worship as we please, our way of life—our America.

Oh that they all may come home again—but not without the trophies of Victory!

EVER SEE A HORSE TRACK A COW?

Forty-five years ago, my brother L. H. and myself were in the middle of our "High School" days. The school building was situated on a high point, thus making it a high school—one room affair. It seems now that about two days out of each week required our services as young cow punchers. Our father was most methodical in planning, and I can yet hear him saying, "Boys, you better watch that water hole over the divide tomorrow." Watching watering places was more effective than riding, sometimes for days, in search of a yearling. The unfenced sections

of "the hill country" was not referred to as open range but rather as "outside ranges." Chief among the day's attraction was the witnessing of fearful bullfights which were pulled off by the blues, roans, speckled and other colors among the Spanish range bulls—always viewed by us from a safe distance.

L. H. usually rode his blood bay Indian pony, Barlow. Among cowmen of our section, the pair was reckoned as tops when it came to bringing in "range stuff." To this day, it's likely that L. H. gives most of the credit to Barlow, who, by-the-way, dashed through the thickets with nose to the ground every few jumps, should he lose sight of the pursued animal—which was pretty often. After 32 years here, I wonder why we were not torn to pieces down in those thickets. — Ben Moore.

"ONLY MEDICINE I EVER USED and now I'm 81! Kept ADLEREKA on hand the past 27 years." (O. G. Tex.) ADLEREKA contains 3 laxatives for quick bowel action, with 5 carminatives to relieve gas pains. Get ADLEREKA today.
WYNNE COLLIER, Druggist.

J. A. Giles darted into The News office one day recently, left a melon, and was gone before we had time to thank him. It was a dandy melon and we greatly enjoyed it. We presume it was grown on his farm. Those Giles are among the best people on earth.

Southland News

(By Mrs. Marvin Truelock)

Last Tuesday morning, near Dawson, Alaska, a tree fell on Pvt. John W. Moore, injuring his head. He was immediately flown to Minnesota, but never regained consciousness. The body was sent to his parents at Tye, near Abilene, for the funeral. This nephew of the Sam Martins of Southland had been in the Army about eight months, and was employed on the construction of the International Highway on the Pacific Coast. Those attending the funeral from here were Mr. & Mrs. Martin and sons, Blanton and Harlan. Rev. H. B. Coggins, and Rev. Berry Baker, who officiated at the funeral.

Charles Sokoll Jr., who was recently transferred to Miami, Fla., left last Friday after spending five days here with his parents, Mr. and Mrs. Charls Sokoll Sr. Charles had just been promoted to staff sergeant, and Mrs. Sokoll had the privilege of sewing those fourth stripes on his sleeves.

Mrs. J. D. Hord has not heard from her son, Carl, since June 26. Sergeant Major Hord was then at Pearl Harbor, but this Marine is probably now on the Solomon Islands. His younger brother, Junior Hord, who left two weeks ago for Fort Sill, Oklahoma, wrote his mother Sunday from the train in Missouri—destination unknown.

James R. King, postmaster here since 1944, is now stationed in Arkansas, after leaving Ft. Sill.

Garth Thomas, son of Mr. and Mrs. B. H. Thomas, has finished his ground work, and is now in Advanced Flying School at Pensacola, Fla.

Sgt. Woodrow Dunn moved August 10 from Abilene to Camp Adair, Oregon. His wife, who has been visiting her mother in Springfield, Missouri, will leave this week to join her husband. Sgt. Dunn is the son of the T. A. Dunns, and has been in the Army since January, 1937.

Buddies Separated

James Becker left San Diego August 27 on the U. S. S. Fanning. He has recently been promoted to Second Class Seaman.

Ding Martin, who was here visiting his parents, Mr. and Mrs. Ed Martin, became thus separated from his buddy, James. They are the only local boys (except the Cash twins) who volunteered together and were not immediately separated. Ding will probably leave San Diego soon, also on ship duty.

T. W. Day's last news home was that he was being transferred from the U. S. S. Savannah to an unknown ship. He has been in Norfolk, Virginia, for the past two months, their ship being dry-docked for scraping and repainting.

No word since July 3rd from Homer Gilliland, son of Mr. and Mrs. W. W. Gilliland, until Friday, when his wife received a cablegram that he had landed safely in England. Mrs. Homer Gilliland is a nurse in the West Texas Hospital.

The S. M. Truelocks have not heard from their son in five weeks. Manuel is on the U. S. S. Saratoga. Staff Sgt. Fred Fletcher must have thought the home folks skeptical of the immensity of those new bombers—he sent a picture of himself standing by one. The last news of his brother Fulton was a cablegram from Australia August 3rd.

Southland's Service Flag now has 83 stars, with five or six more to be sewn on soon. We will have to raise money for a sturdy frame for it and place it inside the school auditorium, as the wind in the front hall will soon ruin the satin.

The Collings-Littlepage wedding was a surprise to local people. Mrs. Collings has resigned to accept a position with the Slaton school, but will remain this week until her place is filled.

South Side of Square

The opening exercises of school was postponed until the end of this rainy season. One bus and about 15 cars managed to get to the school house Monday morning.

Ruthel Gilliland spent the week end with Letha Ann Russell, and visited Idilla Corley Monday. Her parents, Mr. and Mrs. Bill Gilliland of Lubbock, were Sunday visitors of his uncle, W. W. Gilliland.

Lonnie Collinsworth missed his purse Friday when he started to pay for his lunch in the cafe. He had received payment for some poisoning just two hours previous, in front of the lumber yard. The purse contained between \$610.00 and \$615.00, about \$250 being in cash. He immediately notified the banks concerning the checks, but thinks the finder immediately destroyed these, with identification card, driver's license, etc.

Mrs. Gene Draper returned home from Slaton's Mercy Hospital Thursday. She has been up most of the time since Saturday. Mrs. John Draper of Lubbock is staying with her. Last week Mrs. Orris Huff and children of Post visited her several days. This week's visitors included Mr. and Mrs. Walter McNabb and daughters, Marie and Marian, of Lubbock. Mrs. Dave Draper and son of Slaton, Mrs. Tim Fields, Miss Doris Gray of Lubbock.

Mrs. James R. King received her appointment Monday from Washington, D. C., as postmaster of Southland.

Mrs. Sybil Payne and daughter Neil of Olney visited the G. N. Smallwoods from Tuesday until Friday. Jean Williams of Lubbock was also the guest of Dorothy Sue.

Gaynelle Corley was taken to Slaton Hospital a week ago Monday, with her second severe attack caused from diabetes in five years. She was brought home two days later but taken back again for a week or more. Most of the time she was in a coma, especially after taking food.

Mrs. Heywood Basinger and children went to Vernon Friday to take home her sister, Mrs. Glen Hafer and children, who have been visiting her for several weeks. Her daughter Betty Sue remained here with her aunt, Mrs. John Leake.

Sister Lydia Becker will speak on Thursday to the Ladies Aid at Winters. The pastor there was the former Lutheran pastor here.

The Charles Sokoll Sr. family had a reunion last week while Charles Jr. was at home from the Army. Mr. and Mrs. Ben Sokoll and children, who live near Idalou, Mrs. M. F. Allen of Lubbock, whose husband was inducted three weeks ago and is stationed in California, and Anita Sokoll, who is staying with her sister in Lubbock.

Miss Jackie Yeager of Amarillo visited the J. A. Thompsons Saturday. Mr. and Mrs. Laurel Ellis and son accompanied her and were the guests of the Leslie Ellis family.

Julia Johnson, Ensign Wayne Pharr Were Married in Lubbock

The marriage of Miss Julia Johnson, daughter of Mr. and Mrs. Cliff Johnson of near Southland, in Lynn County, and Ensign Wayne E. Pharr, son of Mr. and Mrs. V. P. Pharr of Petersburg, took place at 8 o'clock Wednesday at St. John's Methodist Church in Lubbock, with Rev. H. G. Gantz officiating at the double ring ceremony.

The couple left Saturday for Chicago where Ensign Pharr is stationed. He received his commission at the Naval Air Station, Corpus Christi.

Mrs. Pharr received her B. S. degree in June from Texas Tech and has taught in Hereford High School. Ensign Pharr is a former student of Tech.

J. L. Hill Reunion

Mr. and Mrs. J. L. Hill enjoyed a family reunion with their family and some friends at their home the past Sunday.

A bountiful picnic dinner was enjoyed out under the trees at the noon hour by the following: Mr. and Mrs. Hill and family and their daughter, Mrs. W. R. McNeely and family of Tahoka, Mr. and Mrs. J. H. McNeely of Tahoka, Mr. and Mrs. Lub Burke and Uncle Jack, a brother of Mr. Hill, all of Post; Mr. and Mrs. C. Gillespie and family of Leveland; Mr. and Mrs. J. C. Lackey of Wilson; Mr. and Mrs. James Simpson of Pettit; Mr. and Mrs. W. G. Gass and family of Draw; 4 Grider children, 2 Knight children, and 2 Hemmeline children all enjoyed the day together.

The reunion was held before Mr. and Mrs. Hill's two sons, Jim and Maine leave for the Army. Jim leaves September 3.

LOST—Glass-lex billfold, in Tahoka Monday afternoon, containing \$9 in bills, \$5.70 in checks, drivers license, social security card, and identification card. Liberal reward. Chas. Reid, Box 623, Tahoka. 4-7

Extension News

By MISS MAURINE McNATT.

Saving Vegetable Seed

Seed of many vegetables under farm conditions generally prove satisfactory for planting. Plants grown in soil of low fertility, or where disease lowers the vitality, cannot be depended upon as a reliable source of seed.

Seed of beans of all kinds, including bush and pole varieties, should mature thoroughly on the plant, then harvested and spread out to dry. Most varieties of butterbeans, pole and bush, must be harvested as the seed pod is beginning to turn brown to prevent splitting. Spread out to dry further before storing.

English peas: Pick when the pods turn brown and spread out to dry.

Cucumbers: Select straight-sided green specimens and leave on vine until a rich, golden color. Remove seed, and spread out to dry.

Tomato: Remove seed from vine-ripened tomato into small wire strainer and wash out material holding seed. Seed also may be scraped

on a newspaper and placed in the sun to dry.

Pepper: Cut off lower half of mature red pepper and scrape the seed from cavity in the upper half.

Okra: Seed may be left in the brown pod until ready for planting. Egg plant: Seed from mature fruit should be washed thoroughly and spread in the sun to dry quickly. Otherwise seed will germinate if left overnight in damp pulp.

Cantaloupe and Watermelon: Wash seed thoroughly and spread out to dry.

How To Store The Seed:

Vegetable seed can be stored in envelopes, small paper sacks, or other containers of this type. They should be thoroughly dried before placing in containers. An air-tight container is ideal, stored in a cool place. The two important conditions affecting storage of seed are moisture and temperature. Generally, the higher the temperature and humidity, the shorter the time vegetable seeds can be kept. Under favorable conditions seed may be kept for two years without endangering germination. Under farm conditions,

however, it is best to save a new supply of seed each year. It is also a good practice to make a germination test of held over seed, so that vitality and rate of planting may be determined.

Weevil Control:

Beans, peas and corn should be treated with carbon disulphide (high life) using 1 teaspoonful to a quart of seed. Fill quart jars or gallon syrup bucket with seed, and sprinkle carbon disulphide directly on top of the seed, since the fumes settle downward. Close tightly and leave for 36 hours. Then open and spread seed out flat until fumes disappear. Replace in container and seal tightly for storage.

One of our most aged and highly respected citizens, J. B. Halle, received a letter this week from his grandson, Delton Hale, who is now taking a course in Radio in the U. S. Navy Training School at the University of Wisconsin at Madison, from which he got a great thrill. The young man lived with his parents in the Draw community in this county for several years but two

or three years ago they removed over into Hockley County, and Delton entered the service from Leveland. We quote from the letter:

"My school is half over as I have completed eight weeks of it and have eight more to go. I'll be glad when it is over in a way; just to see what the future holds. I still get along pretty well with my studies and have big times on the week ends. I believe if I lived here in Madison long enough I'd get to where I would like it better than home. It really is a good town though. Everything is rather high and it, therefore, takes quite a bit of money to get along on but, as I don't have any living expenses to come out of my wages, I get along fine.

"You ought to see me now. I'm getting plumb fat since I've come here. By the time I get through here I guess I'll be having to take reducing exercises. I guess the reason for that is they feed us good here and don't work us very much either, so getting fat just comes natural.

"Write real soon, and in the meantime take care of yourself. — Delton."

Billy Hill Is Now Navy Gun Captain

The News force on Sunday received a letter from Billy Hill written on Thursday of last week after he had returned to his nava' station following a visit with the home folks here. We quote a few paragraphs from the letter.

"Well, I am sorry I haven't written more, but we have really been working ever since we got back . . .

"Our gun crew is 32 strong now and I have been put in charge of a 20-millimeter cannon. It is about the same as a machine gun—only the shell is about eight inches long. I am the gun captain, pointer, and trainer.

"One of the men is supposed to keep a magazine loaded and waiting for another man who changes magazines and watches after the mechanics of it. Then there is another man who helps to watch the mechanism of the gun and also steadies the gun with a wheel or stabilizer.

"This is an awfully powerful gun and shoots so fast that it is almost impossible to keep it loaded any length of time. I am fully responsible for the upkeep of that gun, and believe me that is a responsibility.

"The shells this gun fires are armor-piercing and also explode

Sgt. Frank McGlaun Writes To The News

Fourth Bombardment Squadron, Geiger Field, Spokane, Wash., August, 1942.

Dear Mr. Hill: I thought that I would drop you a line to let you know where I had wandered off to. I am now in a tactical unit and getting ready to see a little of the other side of the world. I am now in the Second Air Force. I have missed the last three issues of the Lynn County News and I wonder if you have any extra copies to send me. I won't be in the States very much longer so I would like to get the paper as long as I could.

I am very pleased with my new assignment as bombardier and I sure hope that I can make good account of myself over there.

A Texan is a novelty up here among all these Yankees but we make it all right.

My squadron has already seen some action and it is ready for more and if I have anything to do with it, our scores are going to be near the top.

Send my copy of the paper to this address and I will be seeing you all in a little while, I hope.

Sincerely yours,
Sergeant Andrew F. McGlaun Jr.
4th Bomb. Squadron,
34th Bomb. Group,
Geiger Field, Spokane, Wash.

Bovell, Edwards Are In Marines

W. T. Bovell and A. P. Edwards recently joined the Marines, not the Coast Guard, as The News stated in one of its items about them a few weeks ago, and W. T. has written the following interesting letter to Frank Hill, which corrects the "in-sult":

Dear Frank: I got an issue of The Lynn County News about a week or so ago and you stated that A. P. and I had enlisted in the Coast Guard. I have been intending writing you and correcting this. We almost were discharged from Marine Corps when they found out we were supposed to be in Coast Guard. There is not any love lost between Coast Guard, Navy, and Marine Corps. So to correct this statement and to get the rest of the Platoon off my neck we are genuine members of the Marine Corps.

I also notice in the paper that the Defense Guard has finally been recognized. That is fine, I am sure glad if anyone deserved recognition, the boys in the Guard at Tahoka deserved it. They are a fine bunch of fellows. This will give the boys more interest and lots of new stuff for training. I wish I was able to be back there for a night's drill with the fellows.

I am now on the other end of the horn instead of being the supposedly hard boiled drill sergeant and bawling out at the rest, I am among the rest and being bawled at by the Sergeant. All and all this Marine Corps is a great organization.

The hardest thing about this life is the time we have to get up. At 5:30 o'clock we roll out and get started for a long day. This is just three hours earlier than I used to get up. No fun.

We are out at the rifle range now and getting training in the firing of the Garand rifle. Boy, it is really some rifle. We are out here for two more weeks, then a week back at the Base in San Diego, then we are scattered to different posts in U. S.

Saw Frank Larkin before we moved away from the Base. He will be out here at Rifle Range in couple weeks.

How is Rotary Club coming along? I sure miss those Thursday luncheons and the programs.

Well, must close as it is getting close to time for "lights out" and I need the sleep so as to get out at 5:30 a. m.

So long and give my regards to the fellows.

A. P. sends his best.
Your friend,
Pvt. W. T. Bovell,
Platoon Q-1, Recruit Depot,
Marine Corps Base,
San Diego, California.

Sgt. R. C. Harvick Is Crew Chief

GOODFELLOW FIELD, San Angelo, Sept. 3.—Sergeant R. C. Harvick, son of Mr. and Mrs. W. E. Harvick of Tahoka, is now a crew chief in the 67th School Squadron at Goodfellow Field, Texas, Army Air Force basic flying school.

This work involves the responsibility of directing his crew of mechanics and keeping his plane in perfect mechanical condition. While he does not actually fly it, his plane is in the sky long hours, carrying students and instructors who fly with the assurance that this craft is safe because a dependable ground crew checks, adjusts and overhauls it, if necessary, every time it touches the ground.

Sergeant Harvick enlisted in the Quartermaster Corps, in August 1940; he served ten months at Fort Bliss, then transferred into the Air Corps and came to Goodfellow Field. Before entering the service, he worked at Paul Howell's Garage in Tahoka. He married Miss Opal Fay Parker on April 11, 1942, and the happy couple now lives at 394 Allen Street, San Angelo, Texas.

DR. DURHAM VISITS HIS FAMILY

Dr. K. R. Durham returned Sunday from a week's visit with his family, who have been spending the summer at Shreveport. Margaret, who has suffered much here from asthma, is much improved, the Doctor says, and she and her younger sister, Dorothy, will remain there to attend school, on account of the more agreeable climate.

Mrs. Durham will remain there a few weeks longer, and will then return to Tahoka, but she will doubtless divide her time between Tahoka and Shreveport. Both her parents and Dr. Durham's parents reside there.

CARD OF THANKS

We wish to thank the many friends, both old and new, for their kindness during the illness and death of our dear son and brother. May God bless each one.—W. D. Fleming and family.

CARD OF THANKS

We wish to express our appreciation to our friends for all the kindness and the beautiful flowers bestowed upon us during the illness and death of our precious baby.

Mr. and Mrs. Harlon Dikes.

Mrs. Harvey Freeman and little Jerry Lynn were here from McGregor over the week end visiting her parents.

Congratulations . . .

To Mr. and Mrs. J. D. Adams of this city upon the birth of a son weighing 8½ pounds on Thursday of last week, as reported by the Tahoka Clinic. The youngster bears the name of George David.

To Mr. and Mrs. Joe Hodge, Route 2, upon the birth of a son on Friday, August 28, weighing 9 pounds, whom the parents have named Jesse Linn. Also reported by Tahoka Clinic.

To Mr. and Mrs. W. A. Armes Jr. of T-Bar upon the birth of a son on Tuesday, September 1, weighing 7 pounds, according to the nurse at the Clinic. His name is William Royce Armes.

The News inadvertently stated last week that Mr. H. M. Snowden was to be the principal of the

Garnolia school this year. The item intended to state that Mrs. Snowden was to be principal. We guess Mr. Snowden could teach school all right, but it would be a little hard to visualize him as a "Perfesser."

Miss Marjorie Howard left Wednesday for her home in Hollis, Okla., after visiting several weeks with her cousin, Patricia Hill.

WILLIAMSON DICKIE MFG. CO. • FT. WORTH, TEXAS

Tahoka Student Graduates At TSCW

DENTON, Aug. 31.—Miss Marian Boyd of Tahoka was one of the 162 students to receive degrees at the annual summer commencement exercises at Texas State College for Women Saturday morning at 9 o'clock.

Miss Boyd, daughter of Mr. and Mrs. M. M. Boyd, received a B. S. degree in costume design. During her college career, she was a member of the Betsy Ross Club, a social organization.

Thirty-five bachelor of arts degrees, 87 bachelor of science, 13 bachelor of science in library science, and 27 master's degrees were conferred by Dr. L. H. Hubbard, president of the college, at the recommendation of Dean E. V. White, and Dr. Willis H. Clark, director of the graduate division. Dr. Hubbard delivered the commencement address.

BRIDAL SHOWER

Mrs. Eldon Carroll and Miss Mary Margaret Tunnell were joint hostesses in the latter's home Saturday afternoon from three to five-thirty when Mrs. Kenneth E. Nevill was honored with a miscellaneous shower.

The entertaining suite was lovely with dahlias and roses, and the many gifts were attractively displayed.

The guests registered in the bride's book, and were served from a lace-covered table, centered by crystal punch bowl on reflector surrounded by ivy and summer flowers. Miss Betty Sue Roberts poured.

The honoree, who is the former Miss Edith Robertson, received many beautiful and useful gifts for her home.

when they hit anything as light as a canvas. They are very effective against aircraft and also the sub and anything else, of course, that is within range.

"I don't know just how long it will be before we leave but it won't be long. . . . I didn't hardly recognize the ship when I got here. It looked like a different ship altogether. . . .

"It sure looks like the married men are going to be drafted real soon. Well, it is going to take plenty of men to win this war, and when they start drafting married men into the service I think the people will really begin to realize that we are at war.

"Well, so long — Billy."

Max Minor left Thursday for Austin to re-enter the University of Texas, where he will be a member of the Junior class this year. Max is one of the University football stars and looks forward to a season of good games. Max also has high rating as a student in the University, and Tahoka is proud of the record he is making there.

Miss Marion Draper, who has been dietitian for the past several months at the Boys' Dormitory at Texas Tech, has resigned and gone to Beaumont, where she is to be cafeteria director in Lamar College.

METHODIST CHURCH

Sunday, September 13, is to be Church School Rally Day in our church. Let every class strive to have a 100% attendance on that Sunday. Every division should make a special effort to have all teachers and officers present. Not only the general superintendent but the superintendents of the adult and young people and the children's divisions are working and planning and expecting for all departments and classes to have an overflowing attendance. If you have been irregular in your attendance, begin now and make Rally Day worthwhile in our church. Announcements will be made Sunday morning about the Rally Day program.

The new members should be present and find their classes and become regular attendants. Many friends who prefer this school are urged to line up with some class. The teachers are competent and interesting—so find your place Sunday. A hearty welcome awaits everyone who will attend all of the services of the day—members and friends and visitors.

BAPTIST W. M. S.

The Baptist W. M. S. in annual business meeting at the church on Monday afternoon elected the following officers to serve for the ensuing year: Mrs. Coy Fielder, President; Mrs. W. H. Kenley, Corresponding Secretary; Mrs. Alice Fortenberry, Pianist; Mrs. J. L. Nevill, Chorister.

Standing Committee reports were given and plans were made for entertaining the Associational W. M. U. here this week, before the meeting adjourned.

O. E. S. ANNOUNCES STATED MEETING

The Tahoka Chapter, Order of the Eastern Star will hold a stated meeting Friday night at the Masonic Hall.
Imogene Burleson, W. M.
Era Stewart, Secretary.

Charles W. Ratliff, managing editor of the Lubbock Avalanche, and Joe Bryant, theatre manager of Lubbock, were pleasant callers at The News office Tuesday.

REV. H. A. CASEY

REVIVAL AT CHURCH OF NAZARENE STARTS SUNDAY

Rev. Henry C. Thomas, the pastor, announces that revival services will begin at the Church of the Nazarene here next Sunday morning, September 6, and he extends a cordial invitation to everybody to attend.

Rev. H. A. Casey of Indianapolis, well known as a preacher, singer and musician, and said to be one of the outstanding evangelists of the church has been engaged to do the preaching.

You will not only want to hear his powerful messages in sermon and song, but you will be delighted and charmed as he plays the Cathedral Chimes, the electric Vibra-Harp, trombone, cornet, musical saw, and flute.

The revival will be characterized by old-time gospel services, says the pastor, which all Christians should enjoy.

Mr. and Mrs. M. H. Burns and son, Mr. and Mrs. Harold Burns and Mr. and Mrs. Herbert Lowrey, all of Terrell, were here over the week end visiting Mr. and Mrs. A. G. Freeman.

Mr. and Mrs. J. R. Hurd and little daughter, Billie Anne, returned to their home at Amarillo Tuesday after a short visit with her sister, Mrs. Clyde Hartman, and Mr. Hartman.

SHERIFF'S SALE

The State of Texas, County of Lynn:

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the honorable District Court of Dallas County, on the 23rd day of March, 1942, by Pearl Smith, Clerk, of said District Court for the sum of One Thousand Two Hundred Ninety-three Dollars and 79-100 Dollars and costs of suit under a Judgment in favor of Republic National Bank of Dallas in a certain cause in said Court, No. 56740-C and styled Republic National Bank of Dallas vs Elta Adams & Jeff E. Lindley, Independent Executors of the Estate of Mary Ellen Tucker, Dec'd., placed in my hands for service, I, B. L. Parker, as Sheriff of Lynn County, Texas, did, on the 1st day of September, 1942, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit:

Survey 503, Block 1, Certificate 475, E. L. & R. R. R. Co. less 12.43 acres in P. & S. V. Ry Co. right-of-way and 8 acres owned by the Estate of A. D. Shook, deceased, and levied upon as the property of Mrs. Geo. P. Tucker, also known as Mary Ellen Tucker, deceased, and that on the first Tuesday in October, 1942, the same being the 6th day of said month, at the Court House door of Lynn County, in the said town of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Execution I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. Geo. P. Tucker, also known as Mary Ellen Tucker, deceased. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, newspaper published in Lynn County.

Witness my hand, this 1st day of September, 1942.
(Signed)
B. L. Parker,
Sheriff, Lynn County, Texas. 4-3tc.

A best-selling laxative ALL OVER THE SOUTH

because it's thrifty and fits most folks needs

CHURCH OF CHRIST

Our meeting closed with fine interest in every way. The co-operation of the members was fine throughout the entire meeting, and there were many visitors present from time to time. The Elders of the church have engaged Bro. Adams for a meeting next year, to begin about two or three weeks earlier than the meeting did this year.

We have been encouraged and inspired to work harder the coming year than we have in the past. There are many things to be done, and they can be done by the complete co-operation of ALL the members. We are going through a trying time, and we are having to combat the unseen forces of Satan as well as the "seen" forces of other enemies. Our minds are full of terrible things, which cause us not to think about our own soul, and this is not pleasing to God. We urge that you read your Bible more and spend more time trying to please God rather than man.

ELDER DRENNON'S NOTES

I have just finished reading the News and notice Mrs. B. B. Kelsey of Flagstaff, Arizona, says she misses my notes.

I must hasten to say Hurrah for Brother Lee O'Daniel! I see Editor Hill has some things to say about him in the Odds and Ends column. I don't just like, but he says he may be mistaken, which I think he is. He wants Wilbert Lee to tag along after Tom Connally. (which I hope he won't) But, Brother Hill, don't forget Tom doesn't always stay with the mighty Roosevelt every time. But as you say he may be a great and good Senator (which I think he will) and we shall all be happy.

I want to join the many writers of letters and say I look forward to the coming of the News and read it with interest. Editor Hill is a great editor even if he is a little off at some points. I still think a great deal of his ability as an editor and the News is tops with me.

Our broom corn crop is ripe again and rain has set in as it did last year, one pulling has already been damaged. Crops are above the average here this year, labor to gather them seems to be a little short.

Politics in this state is warming up. I have secured the right to vote, but as politics seems so corrupt in this state I guess I had best stay

at-home on election day.

I sure enjoy reading letters from the boys in the service, especially the one last week from Earl Grider. As I know most of the boys I want to say Hello fellows, and each Sunday of late I have prayed in public for our boys at the front.

Ben Moore's story of the Redbird is some bird story, but as we know Ben we will accept it in full.

We will sure miss Parker's face in the sheriff's office. He sure made a fine sheriff, but was no politician. Yours for more people who tell the truth even on an enemy — R. P. Drennon.

Mrs. L. E. Turrentine, after a few days' visit with friends in Tahoka and in Lubbock with her daughter, Mrs. G. A. Edwards, Mr. Edwards and baby son, returned to her home in Pecos last Friday.

One little Juanita Vaughn, who is on a visit with the W. C. Vaughn family at O'Donnell, from California, underwent tonsillectomy and removal of adenoids at the Tahoka Clinic last Saturday morning.

Lewis E. Williams, of The News force, spent the week end visiting his parents and other relatives at Midland.

Grain Sorghum Loans Available

The Commodity Credit Corporation has announced a farm storage loan for grain sorghums for the year 1942, Derrell C. Henry, Lynn County A. C. A., announced this week.

The loan rate available is as follows: No. 1, 55 cents per bushel; No. 2, 53 cents per bu.; No. 3, 50 cents per bu.; and No. 4, 45 cents per bu. In order for a producer to be eligible for a farm storage grain sorghum loan, the following requirements must be met: (1) The sum of the 1942 acreages of wheat and cotton must not exceed the sum of the allotments for such crops, determined for the farm under the 1942 Agricultural Conservation Program, and (2) 20% or more of the cropland must be devoted to conservation uses as defined in Section 1-B of the 1942 Texas Handbook or 60 per cent or more of the soil building allowance for the farm under the 1942 program must be earned.

Farm storage grain must be placed in farm bins and granaries which are of such substantial and firm construction as to afford safe storage for the grain for a period of 2 years, and permit effective fumigation for the destruction of insects and afford protection against rodents, other animals, thieves, and weather as determined by the County Agricultural Conservation Committee.

"Producers who anticipate requesting a farm storage loan on their 1942 grain crop should contact the county office in regards to the steps to be taken in securing a loan," Henry said.

The Commodity Credit Corporation is offering for sale two sizes of prefabricated grain bins to producers. One bin of 1592 bushel capacity costing \$235.00, and another bin of 1843 bushel capacity costing \$280.00. These prices are F.O.B. Tahoka. Eligible producers may purchase bins from the Commodity Credit Corporation, on either a cash or note and chattel mortgage basis.

For further information producers should either contact the County AAA office or a member of the County AAA Committee, Henry said.

POWERS-REED

Arlie D. Reed of the Gordon community and Miss Juanita Powers of Slaton were united in marriage at the home of Mrs. M. G. Rackler, sister of the groom, at 2516 Elm Street, Lubbock, Saturday, August 25, at 5:00 p. m.

Arlie D. is the son-of Mr. and Mrs. J. O. Reed of Post, Rt. 2, and Juanita is the daughter of Mr. and Mrs. J. C. Powers of 200 East Lubbock Street, Slaton.

The bride wore a Navy blue dress with rose accessories and pink carnations. There were thirty guests present, including friends and relatives.

They were united in marriage by Loyd Moyer, minister of the Walnut Street Church of Christ, Lubbock. Refreshments were served immediately after the ceremony, which included a large wedding cake and lunch. — Contributed.

Mrs. H. C. Story and daughter, Ruth Evelyn, of Austin, came Monday to spend a few days visiting with friends and relatives here and at Draw. They were the guests of Mr. and Mrs. C. A. Thomas until Tuesday afternoon and then went with Mrs. Story's brother, Buck Martin, to visit with him and family near Draw. Mr. Story is employed as auditor in the Comptroller's office.

LYNN COUNTY'S SEPTEMBER NAVY RECRUIT QUOTA IS THIRTEEN YOUNG MEN

Dallas, Sept. 3.—Lynn county was assigned 13 Navy recruits today as its quota for September in the North Texas district's drive to enlist 3,600 men between the ages of 17 and 50 during the thirty-day period.

Figures released today, credited North Texas with enlisting 3,243 men during August. Lynn county, with a quota of 11 recruits, contributed six to the monthly total, the highest in the history of the district.

A news dispatch from the Lubbock recruiting station states that 206 men were enlisted there, including, from Lynn county: Arvan Leon Holder and Dermont Oliver, of Wilson; Ambrose B. Yarbrough and Lester Buck Preston of O'Donnell; Rufus Y. Herrera, James A. Biggestaff, and Johnie J. Reagan of Tahoka.

Grassland News

(By Mrs. V. V. Laws)

School opened Monday with a good attendance and a goodly number of parents were present for the opening exercises. Fine talks were made by Rev. Frank Thomas, Rev. Gipson, and Rev. W. E. Lovelace, who has been doing the preaching in the Baptist Revival at Central. County Superintendent Lenore M. Tunnell was also present.

Our trustees with Mrs. Tunnell's help have made every effort to secure teachers but have been able to find only two; but we are proud of the two we have, Miss Mildred Young and Mrs. Ezell, with Miss Lenora Anglin substituting until a permanent teacher can be found.

The P. T. A. held a meeting immediately following the opening exercises of the school and laid plans for the coming year. The lunch room was discussed, and Mrs. Ruby Rash was employed as cook for the year. We join our children in saying "Goody!"

The P. T. A. set the fourth night in each month as the meeting time. Every parent is urged to attend these meetings and make a good thing better.

Mr. and Mrs. J. C. Howard are now residing in Grassland. Mr. Howard will be the school bus driver again this year.

Elder and Mrs. W. L. Jackson, who have been visiting Mrs. A. A. Lawson for some time, have returned to their home in Cisco.

Mrs. O. N. Reed visited her parents, Mr. and Mrs. Doc Cunningham, Sunday.

Misses Dolly Gatzki and Margie Sheppard returned home last week after finishing a Defense course at McMurry College, Abilene.

Mrs. M. C. Richey was on the sick list last week but is reported better now.

MISS NORMAN WEDS

PVT. W. H. TEAFF

An important news item which occurred almost a month ago escaped our attention until this week when it became known that on Saturday, August 8, Miss Mary Alice Norman of this city was married to Pvt. W. H. Teaff of Camp Berkeley, at the residence of Rev. T. M. Gillham at Close City, who read the marriage vows.

Mrs. Teaff is the daughter of Mr. and Mrs. J. W. Norman of Grassland but is employed as bookkeeper at the Wharton Conoco Service Station here.

Mr. Teaff's parents reside at Close City.

Hero Of Midway Has Tahoka Kin

The front cover of the current issue of Life magazine carried the picture of Ensign G. H. Gay, one of the heroes of the Midway battle of June 4, and the only member of Torpedo Squadron 8 consisting of thirty men, who escaped death when they attacked the Japanese fleet near Midway Island.

On page 70 of the magazine is a picture of the fifteen daring pilots who steered their planes into the jaws of death and played no little part in the defeat of the great Japanese armada. Gay is one of them.

He is a Houston boy and is a former student of the Texas A. & M. College. His mother is a niece of Hop Halsey Sr. of Lubbock and a first cousin of Mark and John Halsey of that city and of Mrs. Millie Halsey Hill of Tahoka. Ensign Gay, therefore, is a second cousin. His framed picture may be seen in the News office.

The story of that exploit under the leadership of Lieutenant Commander John Charles Waldron, published in Life magazine, was written by Sidney L. James, as told to him by Ensign Gay and as revealed by written records.

The tragic story of how these fifteen fighter planes were brought down one by one by overwhelming Japanese forces and how Ensign Gay, whose plane was the last to hit the water, wounded and facing almost certain death, swept his plane like a flying dragon into proper position and sent a torpedo hurtling toward the big Japanese carrier, and was then brought down by four Jap Zero planes while attempting to escape — this story is one of the most thrilling in all military history.

Ensign Gay's plane went into the water, but as it sank he fought his way out of it and went to the surface of the sea, where luckily he found a rubber boat floating on the water, which he inflated. Sick and wounded, he floated in this boat with a seat cover from a plane over his head until rescued the next afternoon.

Though the fifteen American planes were destroyed and twenty-nine of the thirty men that manned them went down to watery graves, the attack had thrown the Jap fleet into utter confusion, and within a few minutes dive bombers from the U. S. carrier began to swoop in and to pound the life out of the Japanese ships before they could get ready for action.

It's one of those true stories that will make you proud that you are an American.

Congratulations . . .

To Mr. and Mrs. Jackson R. West of Idalou upon the birth of a son in the West Texas Hospital Tuesday morning weighing 6 pounds and 11 ounces. Mr. West is the son of Mrs. Iona West, living nine miles north of Tahoka, was born and reared in this county, and is yet considered Lynn County's own.

To Mr. and Mrs. S. M. McDaniel of Dallas on the birth of a 7 pound 12 ounce daughter, Esta Merlene, on July 28.

Mrs. G. W. Bussell, grandmother of the babe, who lives near Wilson, has returned from a visit with her daughter and family and tells us that the baby lacked only three hours of being born on the birthday of its great-grandfather, the late Rev. W. P. Bussell of New Lynn.

SUB-DEB CLUB ELECTS

Members of the Sub Deb club met at the home of La Voyle Richardson Wednesday afternoon.

The following officers were elected for the year: La Voyle Richardson, president; Peggy Fenton, vice president; Mary Beth Fenton, secretary-treasurer; Pat Hill, reporter; Dorothy Jean Applewhite, social chairman; and Joan Edwards, parliamentarian.

Refreshments were served.

Mr. and Mrs. W. E. Hammonds and their two sons, Cecil and Bobby, visited another son, Willie B. Hammonds, at Sheppard Field, Wichita Falls, going over Saturday. He accompanied them home for a few hours visit here Sunday and returned to Sheppard Field Sunday night.

PRESBYTERIAN SERVICES

Dr. W. B. Gray of Levelland announces that he will hold his regular first Sunday services here at the First Presbyterian Church on Sunday, September 6.

Mr. and Mrs. John Reagan of Floydada spent last week end here visiting Mr. and Mrs. Harley Henderson.

WILSON NEWS

By MRS. FRANK FLETCHER

RAIN!!!

It seems that these late summer rains are trying to equal those of last summer. The roads were just being put in good shape from last week's rains, when it clouded up again Sunday and began raining about night. Showers all night Sunday night and Monday made the whole town and countryside slippery and bumpy.

The roads were so bad that school buses could not make their rounds and consequently the opening of school was postponed until eleven o'clock Wednesday morning.

For the second consecutive Monday, the canning that the Baptist women have planned to do for Wayland College, has been rained out, as no one could get into the gardens and fields to gather the peas and beans.

The local school faculty held their first faculty meeting Monday morning. Mrs. Wakeland and Miss Kirtley, both of Cleburne, are the second and third grade teachers that were not named last week.

Mrs. Walter McNabb, Marie and Marian of Lubbock, visited Mrs. Frank Fletcher and boys last Wednesday afternoon. Mrs. Fletcher and

sons returned home with them to stay until Thursday afternoon.

Rev. and Mrs. W. H. Jackson, W. H. Jr., Mary Ella and Annette were in Lubbock Thursday. Mrs. Jackson's sister, Mrs. J. H. Cox, returned home with them for a short visit.

Mrs. Robert Maeker and Mrs. Henry Dryer, both of Slaton, were Sunday dinner guests in the R. J. Maeker home.

Mrs. D. C. Bentley of Colorado City is visiting her daughter, Mrs. J. G. Biggs.

W. H. May must be made of iron or else he is like the comic strip character "Superman." While chasing a yearling at top notch speed last Thursday, Mr. May's horse stepped in a prairie dog hole and Mr. May thought that he fell clear of the horse; but the animal rolled over on him and in getting up he stood on his own. Mr. May was rushed to the Lubbock General Hospital where he remained until Sunday; but examinations showed that he had sustained only one fractured rib.

Miss Ella Clyde Black of Bronte in Runtless County is visiting her cousin, Mrs. J. M. Brewer.

Addie Jane Gryder and Elizabeth Crowder were in Slaton Thursday and spent the night with Thoma Gryder. They returned home by train Friday.

Mrs. Clyde Carter and sons and Mr. and Mrs. Edward Peterson and Margaret were shopping in Lubbock Wednesday.

Mr. and Mrs. Alva Albright and Elsie of New Home were Sunday guests of Mr. and Mrs. Roy Robinson.

Nancy and Roy Hooker of Shreveport, Louisiana, are visiting in the J. C. Key home.

Mrs. Ira Clary spent from Friday to Sunday with her mother, Mrs. W. F. Ferguson, who is still in a hospital at Lubbock. Alfred visited his grandparents, Mr. and Mrs. O. C. Clary, in the meantime.

Marjorie Crosby visited Rob Elaine Key in Lubbock from Thursday until Saturday of last week.

Miss Dorothy Gaff of Taylor is visiting her uncle and aunt, Mr. and Mrs. J. L. Hyde. She will enter the fall semester at Tech.

Mrs. J. C. Key and Marjorie and Nancy and Ray Hooker visited in the H. R. Williamson home Sunday afternoon.

Elmer Watson began work in a grocery store at Lubbock Tuesday of last week.

Mr. and Mrs. J. L. Hyde and Glendora and Miss Dorothy Gaff were visiting in El Paso last week.

Mr. and Mrs. J. A. Hill are visiting their son, Tobe, and family, of Tahoka.

Truett Hannabas, who enlisted in the Navy July 27 is at San Diego, California, and likes the navy life fine, say his parents, Mr. and Mrs. H. Hannabas.

Mr. and Mrs. W. C. Cook and grandson Freddie returned home on Sunday after a two weeks vacation with relatives. Mrs. Fred Cook was really glad to see them get home, for she doesn't like being by herself.

Fred Cook, who is in a Navy construction regiment, got a five-days furlough last week but could not come home because he was too far away. So he spent the short vacation in Boston and New York City. He called his wife by telephone from the big city and they could understand each other fine, but were at a loss for words.

Mrs. H. B. Crosby received a message Monday evening that her sister, Mrs. John Hollman in South America, had died. Mrs. Crosby and her sister of Lubbock left immediately for Shiner to be with their parents, Mr. and Mrs. L. Trautwein.

Mr. and Mrs. L. Freeman of Sparanburg came Sunday to get their daughter, Nena Joe, who had been visiting here for about two weeks.

Mr. and Mrs. Pat Swann and Bobby and Mrs. A. J. Huckabee of Lubbock were vacationing in Comanche from Friday to Monday. Mrs. Swann's mother, Mrs. J. R.

Life Longevity Runs In Family

Fred Mathews and family of the Grassland community recently visited J. O. Bass and family and Mr. Bass' aged mother, Mrs. Harriet Lucinda Bass, in Plainview, and while there he gathered information which reveals one of the most remarkable examples of longevity in a single family, perhaps in the history of this country.

Mrs. Harriet Lucinda Bass, a cousin of Fred's father, is now 95 years of age, having been born on February 1, 1847. Her sister, Martha Emiline, is 93, and her brother, Thomas Jefferson Carpenter, is 91. The two live in Georgia.

These three were the only children of Louis A. Carpenter and Artamisie Mathews, sister of Fred's grandfather Mathews. She lived to be 101 years of age, Fred says. Her mother, who was Fred's great-grandmother, Mrs. Anderson Mathews, was born in Germany in 1796 and died in Georgia in 1888, at the age of 92. Her father, Anderson Mathews, who was Fred's great-grandfather, and his six brothers were born in England and all came to the United States. All had two "t's" in their name, but Fred's grandfather, Oliver Perry Mathews, son of Anderson Mathews, saved one of the "t's" out of his name.

"I am proud of the name they gave my grandfather, that of an American hero," Fred says. "As it was evidence that his parents were showing signs of sure enough shedding the old countries instead of lining up with the then known Empire Royalists or anything resembling these bunds, Black Shirts, Klans, or what have or had we."

Fred's grandmother, Mrs. Oliver Perry Mathews, died at the age of 91.

Just to show the mixture of races, Fred calls attention to the fact that while some of those mentioned above were of English origin and some German, the grandparents of his grandmother Mathews, James and Margaret Jordan, were born in Scotland in 1788 and 1790 respectively, and their son, James Jordan Jr., who was the father of Fred's grandmother Mathews, married a Georgia girl of Black Dutch descent.

Respecting his cousin Lucinda Bass, whom he recently visited at Plainview, Fred says that she has now lived in a period of five American wars, the first one being the war with Mexico. Her father was a member of the Georgia Militia, and when the Mexican War broke out he was drafted, and she was six months old before her father had the opportunity to see her. She has a good memory of Civil War events.

"Upon first meeting her, I had the feeling of being in the presence of one of the old patriarchs," Fred says. "She is kind at all times, easy to please, and never complains. Yes, her dress nearly reaches the floor; she walks with a cane. Now who would have her otherwise? A visit with her makes you feel that there is more good in the world than you had thought, after all this turmoil we are accustomed to. The grand old lady lives with her son in Seth Ward in Plainview. She has four sons and four daughters, ranging in ages from sixty-eight to forty-eight, all alive today."

Mrs. D. H. McDaniel of San Antonio is here visiting her sister, Mrs. Jim Burleson, and Mr. Burleson.

Vick, returned home with them.

Roy Blevins, who is stationed at Alamogordo, was home Sunday to see his parents, Mr. and Mrs. Owen Blevins. Estel Blevins, a registered nurse of the West Texas Hospital in Lubbock, was also at home on that day.

Mr. and Mrs. Chester Somers and Carolyn of Roswell, New Mexico, visited her parents, the Owen Blevins, on Friday.

Mr. and Mrs. Frank Berryman of Winters were the Sunday guests of Mr. and Mrs. John Heck.

Jerry Fletcher celebrated his fifth birthday Tuesday, September 1, by having a number of little friends in to play with him. Although the weather was very muddy, it did not keep the children from having a big time. Those enjoying popped corn and popcorn balls, birthday cake, lemonade and candy were: Bobby Gene Swann, Johnny and Hazel Robison, Freddy Cook, Jane and Jean Covey, Dan Cook, and Jimmy Fletcher. Of course Jerry enjoyed it more than any of them.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30 Members urged to attend. Visitors welcome.

W. V. McBRIDE, W. M. H. L. RODDY, Secretary.

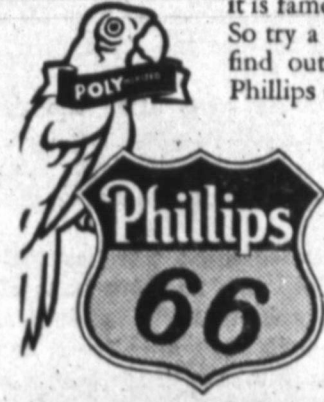

"AIN'T WE EVER GOIN' RIDING ANYMORE?"

Good Americans have given up joy-riding for the duration. They realize that all-essential tires must be used only for vital transportation... for going to work... for necessary shopping... for getting to and from places where other forms of transportation are inadequate or non-existent.

Your car was a peacetime luxury; now it is a wartime necessity. The economic life of the country, and our victory effort, may depend on how long you make your tires last, on how well you take care of your car.

The Phillips 66 Service Man will gladly help you. He will inspect your tires for cuts and bruises, check air pressure, and criss-cross them with the spare every 3,000 miles. He will check your radiator, battery, and air filter. He will lubricate your car from tip to toe. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil, your car and your money will both go farther.

You know that Phillips 66 Poly Gas is the favorite of millions of car owners, that it is famous for pep and mileage. So try a tankful for yourself and find out just how good today's Phillips 66 Poly Gas is.

LEE TIRES

James Clayton In Parachute Force

Pvt. James Clayton, son of Mr. and Mrs. Sumner Clayton of this county, who has been in the 124th Cavalry at Fort Brown for the past eighteen months, recently volunteered for service in the Parachute Troop and was sent to Fort Harrison, Montana, with the First Special Service Force.

The following interesting letter was written to his parents and was received by them a few days ago, giving some information about a branch of the service of which we have heard little in this country.

"Fort Harrison, Mont., August 10, 1942.

"Dearest Mother and Dad: "Well I haven't heard from you yet, but I guess I just haven't had time.

"I made my first parachute jump Friday morning, and it was really a thrill. Boy! It sure takes lots of guts to come out of one of these big transports 1500 feet high and traveling 100 to 110 miles an hour. But after you learn the mechanism of the T-5 parachute it isn't so bad.

"The First Special Service Force here is made up of 50 per cent United States soldiers. This is the only outfit in the U. S. Army like it. In fact this is the first time in history that United States soldiers have fought side by side with soldiers from another country. In each tent there are two Canadian soldiers and two of us. These Canadians are really swell guys, and they sure do like

it here. "Well, it's almost time for our one o'clock formation, so I'll close. I don't want you all to worry about me, because I'm really in a good outfit, and if I ever have to go fight this is the kind of outfit I want to go with, and it looks like we'll all have to go sooner or later.

"Bye, and write when you can. Lots of love — James."

LOST—Masonic emblem, yellow and white gold, from ring. Reward. — Winston C. Wharton. 3-??

Miss Nellie McLeRoy, a member of the faculty of the Tahoka schools for the past two or three years, now attending the Southwestern Baptist Seminary in Fort Worth, visited friends here this week.

School . . .

(Continued from first page) year have the advantage of, a 30 minute supervised, physical education period, as afternoon recesses will be converted into a time for directed calisthenics and athletic activity.

Keith Connolly . . .

(Continued from page one) nolly, Lieut. Walter Bill of North Chelmsford, Massachusetts; Tech. Sgt. John Wollach of Manchaug, Mass.; Tech Sgt. Arthur Richardson of Shawnee, Oklahoma; Tech. Sgt. Martin Schadt of Akron, Ohio; Tech. Sgt. Meredith Durham of Ashland, Oregon; and Staff Sgt. Leroy Penwarden of Hartford, Connecticut. Penwarden was the only one of the crew who was wounded in the raid, receiving a shrapnel wound in the left arm and neck.

The following account of the attack was given by Frank Hewlett of the United Press:

Casper went in under heavy fire after a dawn take-off in bad weather. Over Milne Bay he dropped to 2,000 feet. He saw two Japanese cruisers, two transports and a smaller vessel, either a destroyer or a mine layer.

Half the plane's bombs were dropped on the first run, in which Casper's plane went in with two others, into furious fire. One plummeted aflame. The other turned back with its bombardier killed and its navigator wounded.

Casper made a second run, over one of the transports, but saved his bombs because the clouds were closing in.

Then he went after the cruiser, and dropped his five bombs.

The plane turned back, Richardson and Schadt bandaging Penwarden.

It landed without brakes, with one tire flat, with its wing flaps out of action and its No. 2 motor dead. It ran about 200 yards, went off the runway into the brush and stopped.

In a previous raid Casper's plane, "Daylight Limited," beached a transport in Buna harbor with a direct hit. That time he came back with two motors dead and the plane badly shot up.

Sgt. James Keith Connolly is a son of Mr. and Mrs. James (Skinner) Connolly of Tahoka. He was reared here and is a graduate of the Tahoka high school. As a boy he was employed for a year or two on Thursday afternoons or nights in the News office, assisting in the mailing department. He and his brother Finis joined the National Guard on August 1, 1940, and in January, 1941, he volunteered for training under the Selective Service Act and was sent to Camp Bowie. Others volunteering and going with him were his brother, Finis, James Foster, Robert Maddox, and Son Jones. They were the first youths that went into training from Tahoka.

On November 21, 1941, Sgt. Connolly left San Francisco for some unknown destination. His first stop was in the Hawaiian Islands, and he left Honolulu just a few days before the Pearl Harbor attack. He was somewhere out in the Pacific when that occurred, and it is not known where he landed. It is known that when the Island of Java fell he escaped from there and went to Australia, where he has been serving with the American forces since.

Idalou Flyer Is Given Distinguished Service Award

Second Lieutenant William L. Turner, son of Mr. and Mrs. J. W. Turner of Idalou, Lubbock County, has been awarded the Distinguished Service Cross for "heroism in combat" in the Southwest Pacific fighting zone, according to Associated Press dispatches from Australia. Turner is in the Army Air Forces.

On a number of occasions he has exhibited a high degree of resourcefulness and heroism. One of these occurred as far back as Feb. 7, when he and a companion flyer, Paul E. Gambonini of California, had a thrilling encounter with Japanese air fighters. Gambonini suddenly found himself surrounded by an overwhelming number of Jap planes. He ran out of gas and had to "fall out." Turner went to his aid and helped to drive off the Jap planes, but his own plane was so badly shot up that he crashed it in landing. Both Turner and Gambonini were cited for heroic action in that operation.

At another time, he performed heroically in the midst of air fighting with the Japs in New Guinea, winning high praise. In fact, he has repeatedly given a good account of himself in air combats. Just last week a news correspondent gave him credit for blasting one Jap Zero fighter out of the air and pumping another so hard with machine gun bullets that it is believed he crashed. "I got the first Jap as he was pulling up to fall on my tail," Turner said. "A burst in the middle sent him down straight. I didn't see the other one fall, but he got so many bursts I don't think he could have escaped."

Cotton Hauling Meet Planned

Have you thought of any way of getting this year's cotton crop from the fields to the gins?

If you have any suggestions, please write them to us by return mail so that we can tabulate them for presentation to the all important South Plains-wide farm tire meeting here next Tuesday, September 8, at 1:30 p. m. in the high school auditorium.

If you do not have any suggestions, you can help in a big way in solving this all important problem by attending this meeting yourself—and by organizing a representative group from your county to attend.

Every editor, county agent, banker, chamber of commerce official, county judge, mayor—and one farmer from every school district or voting precinct in your county should be present.

Won't you please get together with the representatives of these other groups and organize a county delegation to this meeting? Get the delegation together in one place next Tuesday and use just as few cars as possible to come to Lubbock—thus further saving rubber.

Hon. Mark McGee, State Director of the Office of Price Administration, will be present with several of his staff members, including the division chiefs in the rationing section, who will deal directly with tire and quota problems. Your group should survey the situation in your county and come to this meeting prepared to definitely and factually present your problems to these men.

As there will not be enough tires for all the trailers and trucks needed to move the crop, you should also come prepared to present practicable, workable ways and means of moving the crop with the small number of tires that will be available. Better still, write these suggestions before the end of this week, if possible.

We are just trying to be helpful to all the South Plains in writing you this second letter so urgently asking you to, personally, help in seeing to it that your county is thoroughly represented.

Sincerely yours,
Lubbock Chamber of Commerce,
A. B. Davis, Manager.

Tahoka Man Solves Problem Of Shortage In Inner Tubes

While here Tuesday, Chas. W. Ratliff, managing editor and staff writer of the Lubbock Morning Avalanche, picked up a good-story right under our own nose that we had overlooked.

This is the way Ratliff wrote it up for his paper under a Tahoka date line:

TAHOKA, Sept 1—The tire situation has its ramifications.

Take the case of Lewis Williams, linotype operator for the Lynn County News.

He ran out of tubes for one of his tires and for a while was at a loss as to what to do.

Then an idea struck him, and now he's riding again as usual after an expenditure of only 85 cents.

Williams took his good casing, vulcanized a few of the bad places in it; glued a tire stem to his rim with rubber cement and likewise glued the tire to the rim; put in two tubes of neverleak and filled the casing with air.

He's been riding on the tire now for several weeks and can tell no difference from it and one with a regular tube in it.

Williams confirms this story except in that the tire valve, he says, is held on by cement and a bolt and washer.

"The work," he adds, "was done at Winston Wharton's Conoco Service Station. The car has been driven more than 800 miles without trouble since this tubeless tire was installed."

W. L. Knight "dropped around right on the dot Monday and renewed subscriptions to The News for three of his children, Mrs. F. T. Carson of Washington, D. C., K. F. Knight of San Angelo, and Mrs. J. E. Nance of Garza County. His other daughter, Mrs. M. M. Boyd, now resides here. Mr. and Mrs. Knight have been keeping their children informed as to Tahoka and Lynn County affairs for years through the medium of The Lynn County News.

Misses Mary and Elizabeth Preston left last Friday morning for McNary, near El Paso, where Miss Mary will teach again this scholastic year.

Mrs. Harris Honored On 88th Birthday

Mrs. C. A. Thomas entertained in her home Tuesday, September 1st, a number of friends to help enjoy the festivities of the day honoring her mother, Mrs. Harris, on her 88th birthday.

Mother Thomas, Mrs. Hancock, Mrs. Josie Williams of Pecos, Mrs. E. S. Davis, Mrs. W. D. Smith and Mrs. R. C. Wood were the glad recipients of the most enjoyable occasion.

Mrs. E. R. Edwards was called to Holland, Bell County, Monday night by the serious illness of her mother. E. R. drove her as far as San Angelo; where she met a sister and accompanied her the remainder of the way.

Little Martha Ann Prohl, 5, the daughter of Dr. and Mrs. Emil Prohl, visited her uncle, Dr. Carl Prohl, in Lubbock from Sunday till Tuesday, greatly enjoyed the visit, and got quite a thrill by riding the bus home Tuesday unattended.

GUARD IT CAREFULLY!

An old friend . . . a reliable, economical servant . . . today your Gas Range assumes a new role. It has a new job to do—one of the most important of them all—the job of feeding your family for Health and Strength for the duration.

A little care will go a long way in providing efficient and economical service from your Gas Range . . . will add years to its life.

A Few Simple Rules for Gas Range Care

1. Use your Gas Range all you need . . . but make it serve you well every cooking minute.
2. Watch cooking temperatures. Over-roasting or over-baking wastes fuel as well as food. Over-boiling wastes heat and kills health-giving vitamins.
3. For greater efficiency use flat-bottomed cooking.
4. Keep your Gas Range clean! Wash it with soapy water to remove grease and grit. (This applies to cooking utensils too.)
5. Try economical meals such as "oven dinners" or "boiled dinners" that are all cooked at one time.

Remember—GAS, America's preferred cooking fuel, is also vital for war production. Do your part by using it well.
