Number 5.

Bulldogs Will Open Season At Lamesa

Monday, August 31, was kick off day as the first workout of the 1942-43 football season for the Tahoka high Bulldogs began.

From all four grades in high school, there are at present 24 boys coming out for practice. They are trying out for various positions on the team, but as yet, the starting line up for the first game, which will be held at Lamesa, tonight, has not been officially announced.

The Tahoka squad this year will be comprised of the following:

Duane McClintock, qb; Bill Barham, rg; Bill Woods, rt; Leonard Wardlow, lg; W. C. Harvick, bb; Robert Harvick, center; Dan Curry, lt; James Forester Roberts, qb; G. W. White, rh; Leland Mitchell, re; E. L. Short, le; Eual Akin, lg; Cecil Caraway, center; Derwood McClintock, qb; Wayland Hughes, bb; Robert Rusk, rh; Edward Bartley, le; Ovid Luallin, re; Gene Knight, rt; Bill Knight, fb; J. D. Davies, lt; W. T. (Continued on last page)

Former Citizen Dies In Austin

AUSTIN, Sept. 8 (Special)—Death followed a lingering illness Sunday for H. P. Burkhalter, for many years a dairyman and farmer on Lubbock route 4, who moved to Austin several months ago after bad health forced his retirement.

He had moved here to be near his daughter, Mrs. A. L. Dunn. Last rites were read here Monday afternoon, with burial in Oakwood cemetery.

In addition to the daughter, his wife, and a son, Henry Jr., of New York City, and two grandchildren, survivors include two brothers, Professor Frank E. Burkhalter of Baylor University at Waco, and J. C. Burkhalter of Amarillo, and the following sisters: Mrs. J. L. Bain of Mexia, Mrs. T. S. Turner of Vallejo, Calif., Miss Vera Burkhalter of San Antonio, and Miss Ina Burkhalter of Waco.

Before removing to Lubbock, Mr. Burkhalter owned and operated a farm and dairy for a number of years near Grassland in this county. His children, Henry and Louise, now Mrs. Dunn, attended school here for a few years and Henry is a graduate of the Tahoka high school. Mr. Burkhalter himself was a very intelligent and highly respected citizen of this county. He had numerous warm friends in Tahoka as well as in the Grassland community.

Citizens Refute Malicious Gossip

The News received a request the first of this week that it publish a statement issued by the Lubbock County-City Council of Defense branding as utterly false and unfounded rumors that had been circulated throughout the South Plains reflecting on the loyalty and patriotism of Dr. J. T. Krueger of the Lubbock General Hospital.

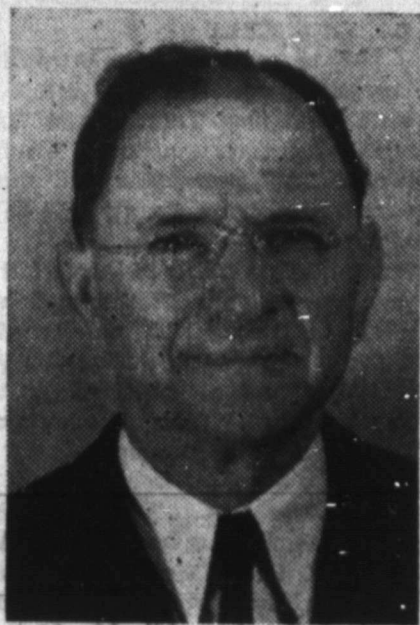

Such charges in fact are too absurd to be dignified in any such way. But because of the persistence of the rumors, the Council made a thorough investigation and brands the reports as utterly false. That should be enough to satisfy the most suspicious. The report is signed by the following members of the Council of Defense, who are outstanding citizens of Lubbock: H. L. Allen, chairman, representing ex-service men; G. P. Kuykendall, vice chairman, representing the automotive business; Chas. A. Guy, representing press and radio; S. E. Cone, representing natural resources; Dr. J. M. Lewis, representing the churches; G. A. Simmons, representing industry; J. D. Hassell Jr., representing retailing; Carl E. Slaton and Judge G. V. Pardue, representing local government; A. P. Holt, representing aviation; A. B. Davis, secretary.

Rev. Geo. A. Dale, Pastor Of Baptist Church 8 Years, Cites Progress Made

(By Rev. Geo. A. Dale) Sunday, September 13th, marks the beginning of the ninth year of our pastorate with the First Baptist Church of Tahoka.

Our stay here has been marked with many joys, as well as its sadnesses, many victories as well as defeats, but the joys have outweighed the sorrows and the victories have been more than the defeats. It has been our joy to minister to the people of this community regardless of faith or color in whatever capacity we may have had opportunity, and to mingle our tears with theirs in their sorrows or to rejoice with them in their hours of joy. We have found the good people of this community a sharing people, willing to walk down the road together.

Many of our good workers have (Continued on last page)

REV. GEO. A. DALE

School Program Is Next Tuesday

Formal opening exercises of the Tahoka Public School, which were scheduled for the opening day, Monday of last week, but which were postponed because of the excessive rains, will be held in the High School auditorium next Tuesday morning at 10:30 o'clock. The News is informed. All patrons of the school are invited to attend. An interesting program is being arranged.

Man Convicted In Theft Case

It is unusual for a man to be indicted for crime, tried and convicted on the same day, but that is what occurred in the district court here one day last week.

An ex-convict who had recently procured employment at O'Donnell stole a car from John Ellis, Chevrolet dealer in O'Donnell, on Saturday night, August 29. He was apprehended in Seagraves Sunday morning and lodged in jail in Tahoka the same day. The grand jury convened on Monday, August 31, and on Tuesday the thief, who gave his name as Esco Holder, was indicted. He waived the time allowed him by law to prepare for trial, and also waived the right of trial by jury, and entered his plea of guilty on the same afternoon to the indictment. With Judge J. E. Garland of Lamesa on the bench and District Attorney Rollin McCord representing the State, the defendant was adjudged guilty and his punishment assessed at two years in the penitentiary.

He was escorted back to the pen. in which he had previously served, by Sheriff B. L. Parker last week. Holder, about 28, had been serving a five year sentence for burglary in another county and had been paroled out, it is said.

Man Protests Against Hunters Who Mistake Turkeys For Doves

"I don't particularly care about hunters shooting my doves, and I don't want them to shoot my turkeys, but if they must shoot my turkeys, I wish they would at least carry them off, especially those they shoot around the house." T. W. Spears, who lives between Tahoka and Wilson, asked us to chronicle in this week's paper.

T. W. usually is a rather tolerant fellow, but when some dove hunters killed a bunch of little turkeys on his premises a few days ago, he almost lost his patience. He hinted that if hunters did not show a little more feeling for him and his fowls in the future than they have in the past that he might use a little more drastic method of teaching them hunting courtesy.

SINGING AT GRASSLAND M. C. Richey announces that there will be singing at the Grassland Nazarene Church Sunday afternoon at 2:30 o'clock. The new books have arrived, and everyone has an invitation to come out and use them.

Extreme Penalty Is Given Negro For Burglary

Ellis Rogers, colored, entered a plea of guilty in the district court here last week to the charge of burglary of a private residence at night, and the court assessed the maximum penalty, ten years in the state penitentiary. Judge J. E. Garland of Lamesa was the presiding Judge, acting in the place of District Judge Louis Reed, who is now doing duty in the Army at Fort Sill.

The charge grew out of an incident which occurred here early in June when Rogers pried open a bathroom window and entered the residence of Neely Brooks while he was away from home, crept to the room of Mrs. Brooks where she was sleeping, and had taken hold of her when she awoke and screamed. Rogers threatened her life if she screamed again but she sprang out of the bed screaming and he fled.

Theft is believed to have been the Negro's original purpose in entering the house, for he had recently been working for Brooks and knew that Brooks had left a sum of money with his wife, according to District Attorney Rollin McCord.

Rogers had been an inmate of the State Reform School at Gatesville but had been paroled out two months prior to this crime.

He is about 18 years of age.

TWO TAHOKANS JOIN U. S. COAST GUARD

Travis Shelton, son of Mr. and Mrs. S. L. Shelton of this city, and Richard Young, formerly employed at the Piggy Wigly store here and more recently employed at Leveland, left Wednesday for Fort Worth, where they were to be sworn in as members of the U. S. Coast Guard. Shelton has been attending Texas Tech.

From Fort Worth, Shelton and Young expect to be sent to New Orleans for six weeks training and then be stationed somewhere for three months schooling for the particular positions to which they may be assigned.

Appeal Is Made For More Scrap

DEAR CITIZENS OF LYNN COUNTY: We have already had three salvage drives in Lynn County, and you fellows have responded wonderfully. In fact, this county has turned in over 300 tons of scrap metal and at least 90 tons of scrap rubber. But that's not enough. The drive is still on, and we are asking that you take another look around the place to see if there is any more scrap you will not need, and we are asking that you contact your neighbor and help him get his SCRAP in the FIGHT.

Frankly, we are worried—worried because so many people refuse to turn in their junk simply because it has to go through a Junk Dealer. We don't think that it is Axis propaganda; it is far more deadly than any propaganda those buzzards could possibly conjure up, and it is at work night and day gnawing at the very vitals of our war program. Either we are going to have to overcome this Prince of Saboteurs or else we shudder to think of the consequences.

This is a war of steel — It is being fought with steel ships; steel tanks; steel guns; steel bullets; steel submarines; and steel bombs. And one half of all this steel is iron and steel scrap — JUNK!

Every day we read in our newspapers that our shipyards could make more ships, but there isn't enough steel; our factories could make more tanks, but the steel isn't available. The outcome of this war may hinge upon our ability to produce steel in ever increasing quantities. And steel is made from 50% iron and steel scrap and 50% pig iron! More Ships? Iron and Steel scraps! More Guns? Iron and Steel scraps! More Tanks? Iron and Steel scraps! More Planes? Iron and Steel scraps! More Shells? Iron and Steel scraps!

And still so many people refuse to turn in their junk because it has to go through a junk dealer. Certainly it has to go through junk dealers—that's their business and if we didn't have them to sort, grade, collect and prepare this junk for the steel-making furnaces the war would soon be over for us. Bear in mind that there are over seventy grades of iron and steel scrap, and over one hundred grades and types of metal. All of this junk must be carefully and accurately graded and prepared to the specifications and then shipped to the mills in car loads of one grade. Who else but a junk dealer has the knowledge, experience, equipment, and ability to perform this very necessary service? Our people must awaken to the fact that we are engaged in "Total War" and that our enemies are determined to destroy us. Our brave young men are fighting to save us, but bravery alone cannot avail — THEY MUST HAVE STEEL!

And one half of all steel is iron and steel scrap! This is WAR—The time when we could consider personal prejudices is past—Either we UNITE IN ONE SUPREME EFFORT, or else we face the fate of those brave and valiant people of Greece, where in Athens alone hundreds of persons are dying each week from starvation, and the people are licking out the empty cans from the garbage of the invading soldiers!

Nothing must stand between us and our production of Steel! Every piece of iron and steel scrap in Texas must go NOW to our steel making furnaces even if it has to go through the Devil himself!

Brave men shall not die because those on whom they depended let personal prejudices stand between them and their duty!

Certainly in this tragic hour, when all civilization is at stake, no man can willfully hoard material (junk) so vitally needed and still maintain any semblance of self respect.

If you have only a small amount of scrap, or if you don't want to sell your metal to a junk dealer, you can bring it in to Tahoka and throw it in the SCRAP PIT in the street on the north side of the square. The proceeds will be divided equally between the Red Cross and the USO.

The main thing is to get the scrap in. We must have it. We must not let our boys die because we wouldn't furnish scrap to keep the steel mills running. LYNN COUNTY SALVAGE COMMITTEE — J. E. Applewhite, chairman, Chester Connolly, Deen Nowlin, Frank Hill, John C. Key, W. L. Gardenhire. LYNN COUNTY USDA WAR BOARD — Robert R. Adams, chairman, Don Turner, Jack Welch, O. T. Williams, Fred McGinty, Derrell C. Henry.

State Officers Will Inspect Co. F, TDG On Monday Night

Farmers Fighting Worms Again

Heavy rains have fallen in many localities in Lynn County since The News came off the press last week. Much territory south of Tahoka was covered by a heavy rain and hail-storm Saturday night, while another very heavy rain fell over much of the area north of Tahoka Sunday afternoon. Rainfall in some localities was estimated at two and three inches. More than three inches was registered in Lubbock, it was reported.

Hail did considerable damage in the Midway and T-Bar communities. The leaves were stripped from the cotton in some small areas leaving the bolls exposed. How badly they were damaged by the hail can not yet be determined.

The rainfall in Tahoka has been comparatively light, however, since we reported last Friday, only .55 of an inch.

Farmers report that a new crop of worms has been hatched out the past few days, which are threatening great damage to the cotton crop, especially the young cotton. Steps are being taken, however, to avert this menace. Through Wyman J. Welch (Continued on last page)

Farm Bureau Is Meeting Friday

A sub-district meeting of the Texas Farm Bureau will be held in the ballroom of the Lubbock Hotel at 2:30 in the afternoon of Friday, September 11th. All members of the Farm Bureau and all other farmers from Garza, Lynn, Lubbock, Terry, Hockley, and Yoakum Counties who are interested in farm problems affecting their own welfare are urged to attend.

W. R. Tilson, of Brownfield, Director of District No. 2, will preside at the meeting. Mr. J. Walter Hammond, President of the Texas Farm Bureau Federation, will be present and will address the meeting on issues facing farmers of the nation and will report on the latest legislative and administrative decrees affecting agriculture.

Senator G. H. Nelson, President of the Lubbock County Farm Bureau, will give the welcome address.

Farm labor, parity, price control, government regulation, and the outlook for the farmers' participation in the war effort on an equitable basis with labor and industry will be discussed. This is your medium, Mr. Farmer, for getting before the National Congress your problems to the end that equity and justice may be meted out to you in this time of national crises.

Come if you will and bring your wife and boys with you.

BOYCE AND C. B. EVANS JR. VISIT THE HOME FOLKS

Boyce and C. B. Evans Jr., who are in training as airplane mechanics at Sheppard Field, Wichita Falls, visited their wives and parents here during the week end, returning to the Field Tuesday. They expect to graduate there next Tuesday, September 15, but have no idea where they will be sent from there. Both hope to receive appointments to an officer training school, however.

Boyce and C. B. Jr. are the sons of Mr. and Mrs. C. B. Evans, who reside near Tahoka, and they are graduates of the Tahoka high school.

WALDREP IN MARINES

Calven E. Waldrep, son of Mr. and Mrs. C. E. Waldrep of Wells is now in the U. S. Marine, stationed at San Diego, Calif., according to his father. He had previously served in the CCC at Carlsbad Cavern, from which he was discharged on June 12.

Public Is Invited To Ceremonies On Football Field

Inspection by state and battalion officers of Company F, 39th Battalion, the Tahoka unit of the Texas Defense Guard, will be held at a public ceremony under the light on the local football field Monday night at 8:30 o'clock.

Though 39th Battalion officers have met with the company several times and have been instrumental in gaining state recognition for the Tahoka company, this will be the first time that officers of the Adjutant General's office have inspected the men, and the first time the unit has made any public demonstration except to march in parades.

According to information received here, the Tahoka unit, which has been drilling without state recognition since last January, is the only new company being recognized at this time in spite of the fact that (Continued on Back Page)

Farm Loan Group Has Annual Meet

Stockholders of the Tahoka National Farm Loan Association, popularly known as the Federal Land Bank Loan Ass'n., met in the courthouse last Saturday afternoon and heard the annual report of the secretary-treasurer, Deen Nowlin, and approved the same. R. C. Wood, president of the board of directors, presided.

The report showed the affairs of the Association to be in a sound and healthy condition. The total number of Land Bank loans and Land Bank Commissioner loans outstanding was shown to be 950 for the approximate sum of \$2,325,000.

Directors are R. C. Wood, president; A. J. Edwards, vice-president; Carl Griffing, G. M. Stewart, and Oscar Roberts. Roberts was re-elected Saturday for a three-years term.

The loan committee consists of R. C. Wood, Carl Griffing, and W. E. (Happy) Smith. The substitute committee is: A. J. Edwards, Grover Stewart, and Oscar Roberts.

Lee King Receives Air Corps "Wings"

RANDOLPH FIELD, Sept. 9 — Eight Texans, half of them from Austin, received their silver wings and commissions in the Army Air Forces today as members of the third graduating class of the Service Pilots School at Randolph Field.

The men are: Walter J. Richter, Joseph E. Kutscher, William T. Jones, Robert Jessie Hewitt, all of Austin; Robert A. Nuckolls of San Antonio; James J. Dalley of Freer; Charles E. Heidingsfelder, Jr., of Houston; and Lee E. King of Tahoka.

Lee King became the fourth member of his family to enter the armed forces. His brother, Jack King, is a gun pointer in the Navy some place on the globe. Another brother, Staff Sergeant C. B. King, is a glider pilot at Albuquerque, N. M., while the other, William King, is an instrument technician at the Air Forces base at Sheppard Field, Tex.

Lee King learned how to fly under Harry B. Crewdson, a former Army pilot who operated from a pasture at Tahoka. He took a refresher course at Breedlove Aerial Service at Lubbock. In addition to doing his work as a motion picture projectionist, and flying. King found time in his civilian days to build his own short wave receiving and broadcasting set over which he talked to all parts of the world.

Cain Speaks On Tire Situation

At the Rotary Club Thursday, Miss Eleanor King, band director for the Tahoka high school this year, was introduced by Supt. W. T. Hanes and made a most happy little speech, in which she praised the cleanliness of our town and the friendly spirit of the people.

President Truett Smith called attention to the fact that Tahoka Rotarians are invited to attend the inter-city meeting at the pavilion at Texas Tech in Lubbock next Tuesday night.

Roy Edwards made announcement of the Defense Guard meeting Monday night when inspection will be made by the state adjutant general or his representative. The people of Tahoka are invited and urged to attend this meeting, which probably will be held on the football field.

Judge C. H. Cain was the guest speaker for the day, having been invited to address the club on the tire problem. He made a report of the state meeting at Lubbock Tuesday and called attention to numerous statements made by state rationing director Mark McGee stressing the necessity for conserving tires and the practical impossibility of

State Primary Vote Canvassed

The results of the run-off primary election on August 22, as certified to the State convention by the Democratic Executive Committee, showing the final and official count of the votes for each of the candidates for state offices in that primary are shown below. The final count varied only slightly from the nearly complete returns announced previously by the Texas Election Bureau.

For United States Senator, the vote was: W. Lee O'Daniel, 452,324; James V. Alfred, 432,238; O'Daniel's lead being 20,086 votes. O'Daniel's percentage was 51.13, Alfred's 48.87, the difference being only 2.26 per cent. That was the closest race, it is believed, ever made for the United States Senate in Texas.

Practically complete returns of the first primary as given out by the Texas Election Bureau, showed that O'Daniel received 470,317 votes in that primary and that Alfred received 311,358. Final figures, which are not available, changed this slightly.

Using these figures as a basis, it will be seen that O'Daniel received 17,793 fewer votes in the run-off than he received in the first primary, and that Alfred received 120,880 more votes in the run-off than he received in the first primary.

Official returns for the other contests in the run-off are as follows:

For lieutenant governor: John Lee Smith, 485,437; Harold Beck, 347,298; total vote, 832,735.

For state treasurer: Jesse James, 561,410; W. Gregory Hatcher, 259,970; total vote, 821,380.

For railroad commissioner, unexpired term: Beauford H. Jester, 488,638; P. Pierce Brooks, 361,886; total vote, 850,524.

Southland News

(By Mrs. Marvin Truelock)

Otis Nell of Slaton was in town Monday and verified the rumor that his wife's brother, Sergeant Major Carl Hord, is reported "missing in action." Mr. and Mrs. J. D. Hord received the cablegram Saturday. Carl is their oldest child and has been in the Marines for 21 years.

Lt. I. J. Duff Jr., son of our high school principal and Mrs. I. J. Duff Sr. received his commission at Fort Benning, Georgia, July 28, and after a furlough at home, reported in Seattle, Washington, August 23rd. He will enter foreign service soon. Lt. Duff was teaching school when he was inducted almost 14 months ago.

Marvin Siewert, son of Mr. and Mrs. John Siewert of Pleasant Valley, came home on leave from California. He is in the Navy.

Carlos Wagoner recently mailed his mother two New Zealand newspapers. He wrote that the people there are very friendly, and almost every home is opened to the boys.

Sgt. Jim Krause of Camp Barkeley at Abilene, came Saturday to visit his brothers and father.

Sunday visitors of the H. A. Kings were their children, Leon King and Mrs. Eddie Bull and husband of Phoenix, Arizona, and Henry (Babe) King of Fort Sill, Oklahoma.

Sister Lydia Becker left Monday for Milwaukee, Wisconsin.

Mrs. Roy B. Underwood (better known as Mary Alice) of San Diego, California, arrived Saturday to visit her parents, Mr. and Mrs. Sam Martin.

Ralph Landers came Saturday on a 10-day furlough from Fort Sam Houston, San Antonio, and he and his mother, Mrs. Annie Landers, went to Wingo to visit his grandmother Landers, who is seriously ill.

Rev. H. B. Coggin left Monday so as to be in Washington, D. C., for his chaplain assignment Friday. A placement usually requires three weeks, and Brother Coggin plans to return home next week to await his call. His pulpit will be filled Sunday by the Methodist District Superintendent.

Elliot Barber, whose wife is staying here with her mother, Mrs. G. W. Davis, is now in Dutch Harbor, Alaska.

The last word from Aubrey Nunley was mid-August. He had just returned to Post and was enjoying his mail. Pfc. Nunley is with the Marines on the U. S. S. Chicago.

Mrs. Bob King left Saturday afternoon to spend the week end and Labor Day with her sister and husband, Lt. and Mrs. Sam Revis of Midland. Her sister returned home with her Monday night.

Mr. and Mrs. George Moore of Reserve, New Mexico, are visiting the McGee Moores.

Mr. and Mrs. J. H. Robbins and sons spent Sunday in Lubbock with her brother and family.

Louise Drake's cast was removed from her leg last Friday.

Mr. and Mrs. Woodrow Locklear and daughter of Post were visiting her parents, the A. F. Davies, last week.

Mrs. O. J. Harmonson left Los Angeles Friday morning and arrived here the following night.

Mr. and Mrs. Adrian Weaver and two children of Abilene, spent the week end here with his parents, the W. M. Weavers.

Mrs. Clyde Haire's recent visitors were her sister, Dr. Jeffie Hasteed of El Paso, and brother, Allen Jordan and family of Olney. Their daughter, Francis Jordan, remained for a week's visit with her aunt.

Dr. and Mrs. V. G. Cook of Hobbs, New Mexico, spent the week end with her parents, the C. W. Deans. Dr. Cook must report at Brownfield headquarters next Monday (Sept.

THREE TAHOKANS ENTER THE AIR SERVICE

E. B. West, Leroy Sikes, and Lawrence Sherrod volunteered this week for service in the air corps of the Army.

West has been assigned to the ground force at the new Lubbock Flying field at the old municipal air port, and Sikes and Sherrod will be with the ground force at the Lubbock Flying Field west of the city.

West has been connected with P. A. Nowlin for several years in the operation of a service station; Sikes has been employed at the Piggy Wiggy grocery; and Sherrod at the Tahoka Drug Store.

BAPTIST MEET

The program of the Brownfield Baptist Association to meet in Brownfield next Tuesday and Wednesday has been announced. A number of Tahoka Baptists and many others from Lynn County will be in attendance.

Attention is called to the fact that the Associational Brotherhood will meet in Brownfield on Tuesday night of next week, during the Association, and all members of the Tahoka and Wilson Brotherhoods are urged to be present.

Mrs. Tom Mott of Amarillo is here this week visiting her parents, Mr. and Mrs. R. B. McCord of Grassland, and her brother, H. B. McCord of Tahoka, while Mr. Mott is looking for a residence in Roswell in which to live. Mr. Mott, who is city salesman for the National Biscuit Co., has been transferred from Amarillo to Roswell.

Visiting the T. G. Dulln family recently were Mrs. Johnnie Tadlock of Houston, Mrs. Dayton Short of Amarillo, and James Dulln of O'Donnell. They were here to see their brother, Woodrow, who left for service in the Army.

14) for service as an Army doctor.

The bridal shower for Mrs. James F. Collings (nee Lola Mae Littlepage) is not a surprise affair. The date is Thursday, Sept. 17, from 4 to 6 o'clock at the Southland Baptist Church.

Mrs. O. E. McGaw was substitute teacher for Mrs. Collings' room Monday. The McGaws returned Wednesday from Juarez and points in New Mexico. Rev. McGaw officiated at the wedding of her brother, Avery Timmons, at Pampa last Friday. Rev. Timmons is well known here, having conducted the song services for the Baptist meeting.

Mr. and Mrs. Wes Donahoo returned last Monday from Hastings, Nebraska.

Mrs. Everett Samples and son returned home from Pampa Sunday.

Mrs. Hub Haire attended the funeral at Post Saturday of a former schoolmate, Mrs. Evelyn Nicholson.

Mr. and Mrs. J. B. Drake and daughter spent Saturday in Abilene with his father and Sunday in Sweetwater with her sister.

J. T. Whited's sister, Mrs. J. T. Rue of Bonham, visited them Saturday and also her daughter, Mrs. Alvin Dudley.

Mrs. Nettie Kellum returned from Pennsylvania last Thursday. Saturday Mr. and Mrs. Walter Kellum took her to Levelland to visit her brother, returning here Monday.

Gaynell Corley came home Wednesday from Slaton's hospital.

Earl Haire is in Slaton Hospital with a broken rib.

"WORDS ARE NOT BIG ENOUGH to praise ADLERIKA. Am 55 and travel; always carry ADLERIKA with me." (G. D. Calif.) Gas bloating, sour stomach, spells of constipation quickly relieved thru ADLERIKA. Get it TODAY.

WYNNE COLLIER, Druggist

Guests in the Mrs. Mattie Bradley home over last week end were Mmes. Lois and Clara Worthington of Fort Worth, Mrs. Henry Richardson and son Finis of Estelline, Texas, and Mrs. Richardson's daughter, Rith of Levelland. Some of these cousins, Don and Mrs. Alphin, had not seen for more than forty years. This was a sort of planned surprise visit, but it was a most enjoyable meeting.

Mr. and Mrs. J. P. Akin received a letter a few days ago from their nephew, Arvil Akin, who is with the U. S. Navy in the Canal Zone. He is well but couldn't write much news. He has a rating as BKR, third class.

Miss Clara Harper, daughter of Mr. and Mrs. Claude Harper, who reside a few miles south of Tahoka, underwent a major operation in the Lubbock General Hospital Monday. She had been taken to the hospital several days previously.

Mr. and Mrs. Clayton Johnson recently had as their guest Mrs. Letha Anderson of Brownwood, a long-time friend of theirs. While here Mrs. Anderson also visited her son, Ancel Anderson, who is in training at the Lubbock Flying Field.

Mr. and Mrs. E. J. Tanner and son have moved to a farm near Post.

MISS MAURINE McNATT
County Home Demonstration Agent

One of the season's most versatile foods, the tomato, is lending a bright color to gardens, markets, and tables these days. Aside from being pleasing in appearance and refreshing in taste, the tomato has another advantage — that of being an easy vegetable to can.

And the tomato is nutritious, too. Well known as a valuable source of vitamin C, this vegetable also gets honorable mention for its vitamin A, some vitamin B1, and iron as well as small amounts of other minerals.

Since it is low in caloric value, attractive in color, delicate in acidity, tasty in flavor, juicy and refreshing, it lends itself to a variety of uses in the menu. Because tomatoes can be prepared in so many ways and so easily they should be used morning, noon and night. Why not try them in cocktails, soups, main dishes, salads and in desserts? Serve them in a different way every day. Write or call at the agent's office for the bulletin C-147, Starring Tomatoes.

Civilians will have difficulty in buying processed tomatoes over the grocery counters this fall and winter. They are easy to can at home, compared with non-acid vegetables such as corn and peas. Because tomatoes are acid, as are fruits, they should be processed in the water bath instead of the pressure cooker required for practically all other vegetables.

To save space — important now when there is a shortage of canning equipment — can tomatoes by the hot pack method. By canning this way, more can be put in a given amount of container space than by packing them raw. Instructions on canning tomatoes and making tomato juice are found in the bulletin B-85, Canning Fruits and Vegetables, which is available at the agent's office.

A. J. MINOR PLEASSED WITH CALIFORNIA

Mr. and Mrs. J. W. Minor received the following letter a few days ago from A. J., who is now employed as a carpenter at Redlands, California, which might be of interest to his many friends here.

"Dear Mom and Dad: I am sorry I was so long writing but I have been a very busy little boy since we landed in this sand bed out here.

"This work is all new to me, and they put us on the largest and most complicated building on the field and it is taking all my spare time on these plans and blueprints.

"How is everybody there? I am enjoying my job a lot. I have been wanting to learn this type of construction and now is my chance.

"The weather here is the finest you ever saw. The days are fairly cool and at night you hunt your blankets. They tell me the weather is the same through the winter. You can work outside without a coat all the year. It doesn't get cold at all, just one or two frosts a year.

"You should see this country. Everywhere you look it is oranges, lemons, grapefruit, grapes by the thousands of acres, figs, olives, and all kinds of vegetables. I am telling you I was surprised. I have read quite a bit about it but you have to see it to believe it.

"Well I must close and eat and get to bed. I feel like tomorrow will be a rough one, so I must get some rest. Be good, and write me the news — Your son, A. J. Minor."

"P. S. This place is only about a mile from where I am working. They have towns out here about every four miles. You can't hardly tell when you leave one and get to another."

HACKBERRY CLUB REPORTS

The Hackberry Women's H. D. Club and Red Cross unit met at 2:30 last Friday afternoon at the Club house.

Present were the following officers and members: Mrs. Herman Dabbs, president, Mrs. Herbert Taylor, vice-president, Mrs. Ed Denton, reporter, and Mmes. Royal Sanders, W. P. Lester, Haywood Basinger, Clyde Haire, Peyton Crawford, Joyce and Joan Sanders; visitors, Mrs. Maurine Smith and daughter of Marfa, the agent not being present.

We passed out our program for September 18, hoping more will be present. The roads were so bad this time. — Mrs. Ed Denton, Reporter.

RUTH CLASS HAS SOCIAL MEET

The Ruth Class of the Baptist Church had a business and social meeting Tuesday night. There were seven members and one visitor present. After the business meeting, a short social hour was enjoyed. — Reporter.

John Poindexter of Wayside is now at Fort Sill, Okla.

MISS HELEN WILLIAMS WEDS LIEUT. DOUTHIT

Miss Helen Williams, daughter of Mrs. A. J. Williams of Draw, exchanged vows with Lieut. William C. Douthit, of Fort Bragg, North Carolina, son of Mr. and Mrs. Henry Douthit of Tahoka, Saturday evening, August 29th in Dillon, South Carolina.

The double ring ceremony was read at 8:30 o'clock in the home of Reverend Garrison, pastor of the First Methodist Church. Before the ceremony, Miss Garrison, daughter of the pastor, played "Sonatina" (Bach) on the piano.

The bride wore a R.A.P. blue crepe suit with light brown accessories. Her flowers were rose and white asters.

Following the ceremony, the couple left for Fayetteville, North Carolina, where they will make their home and where Lieut. Douthit is assigned to the 9th Infantry.

Mrs. Douthit was graduated from Draw high school in 1940, and is a senior BBA student in Texas Technological College. Lieut. Douthit was graduated from Texas Technological College in 1941 with a BBA degree. He also graduated from Officers Training School at Fort Benning, Georgia, on August 21, 1942.

SEE WONDERFUL SIGHTS ON WEST COAST TRIP

Mr. and Mrs. J. T. Balch of New Home arrived home Tuesday from a visit with their daughter and son-in-law, Mr. and Mrs. Frank Timmons, in Long Beach, California, where he is employed in Defense work. They also visited Mrs. Balch's brother, Martin Smith, and sister, Mrs. A. G. Ely.

"We people here don't realize how they are preparing for war," Mr. Balch stated to a representative of The News Wednesday. "We visited several shipyards, airplane factories, and army camps. We saw the soldiers on maneuvers, like they really meant business. It surely was a wonderful sight."

Mr. and Mrs. Balch were gone two weeks, traveled 2,900 miles, used only two quarts of oil in addition to what they started with, and didn't have a single flat, J. T. reported. But, he says, eggs sell for 52 cents per dozen out there.

PHOBE K. WARNER STUDY CLUB MEETS

The first meeting of the Phobe K. Warner Study Club for the 1942-43 Club year was held at the home of Mrs. Fred Hegl Tuesday afternoon. The club will study "Current Events" for the coming year. A very interesting program was presented by the following: Mrs. Ben Hardy discussed "Rumors," Mrs. Truett Smith reviewed "Rationing" and Mrs. Fred Hegl discussed "Our Place in this War."

Refreshments were served to the following members: Mmes. Hegl, Pace, Chandler, Smith, Hardy, Fenton, Applewhite, Stewart, Walker, George, Finley, Richardson and Clingan. Mrs. Nichols was a guest.

The next meeting will be held at the home of Mrs. John Chandler on September 22.

FORMER TAHOKA TEACHER WEDS COLLEGE PROFESSOR

Miss Fay Pitts, a teacher in the Tahoka public schools more than a decade ago but still well remembered here, was recently married to Prof. O. E. Winebrenner, head of the science department at Howard Payne College, Brownwood, according to information given the News by the bride's intimate friend, Mrs. D. V. Smith.

The bride and Mrs. Smith, who was then Miss Mattie Will Seroyer, were both from Cleburne, and after teaching here, Miss Pitts pursued her profession and at the time of her marriage was an instructor in the Cleburne Junior High School. She is a graduate of Baylor University.

The wedding rites were read on August 25, in the home of Dr. and Mrs. Carl Moore in Brownwood, Dr. Moore being a cousin of the bride and being the officiating minister.

Draw School Has Increase In Students

Draw Redwine, Rural High School District No. 1, opened the current school term last week with 185 students, an increase of twenty-five over last year, Supt. Durwood Dodson states.

About fifty of these are in high school.

Teachers this year, in addition to Mr. Dodson, who teaches science, are: H. D. Garman, high school principal and teacher of history; Miss Lillie Mae Lawson, English and Spanish; Miss Eva Marie Brown, science and language arts in the grades; Mrs. Dodson, geography and art; Mrs. Walter Mathis, fifth and sixth grades; Miss Clara Mae Spinks, third and fourth; and Mrs. Silas Rusk, primary.

Alvis Andrew Mensch, who recently left for the Army, lives on Route 2 near Draw instead of at Wilson, as The News erroneously stated two weeks ago.

New Home School Has New Teachers

New Home Rural High School No. 2, which opened last week has an almost completely new faculty this year.

Tolbert Fanning has returned as Superintendent. Other teachers are: Principal Thurston and wife; N. S. Abbott, the new vocational agriculture teacher; Mrs. Cromer and Mrs. Seth, Misses Lee, Robertson, Tip-ton, Harmonson, and King. Miss Robertson is the new home economics teacher.

Mrs. E. S. Evans returned Tuesday to her home in Fort Worth after a few days visit here with her parents, Mr. and Mrs. H. B. McCord, and other relatives. She came out last Saturday accompanied by little Suzette Smith, daughter of Mr. and Mrs. W. D. Smith, who came to visit her grandparents, Mr. and Mrs. Sam Reid. Suzette remained for a longer visit and will be taken home by her grandparents later.

FORMER TAHOKA GIRL IS NOW HOME EC TEACHER

Many friends will be pleased to learn that Miss Madeline Russell, who resided in Tahoka for a number of years and graduated in the Tahoka High school, is now a teacher of Home Economics in the public school at Quitaque, according to Fred B. Hegl of the First National Bank.

Following her graduation here, Miss Russell entered the West Texas State Teachers College at Canyon, where she received her B. S. degree this summer.

She is an ambitious and most deserving young woman and her many friends here have not the slightest doubt that she will make good.

Mr. and Mrs. E. R. Edwards returned Sunday from Holland, Bell County, where they had attended funeral services on Saturday for Mrs. Edwards' mother, Mrs. Nat Butler, who had died on Thursday. Mrs. Edwards had gone down on the preceding Monday and was present when Mrs. Butler died.

Mrs. D. W. Gagnat states that her son, Charles, cadet at West Point, has been notified that he will be graduated from the military school next June. Because of the National emergency, students in the school are doubling up their work in order to finish in three years.

RUNNING THE WAR

A lot of us folks who do not have the responsibility of running this war think we could run it a lot better than Churchill and Roosevelt are doing it, to hear us talk. Some of the "big shots" in England as well as some in America are constantly pointing out the mistakes that are being made. One of the latest criticisms is that attributed to "competent air observers" over in London who say that we have scattered our forces over too many fronts. Call in our forces from all other fronts and concentrate over Western Europe is their advice. In three months, we could thus assure eventual allied victory, they opine. Yes, possibly so; but suppose the British and the Americans should call all their air forces back from Egypt and northern Africa and Malta, what would happen? Why Rommel and the German and Italian forces would march right on through Egypt, take possession of the Suez Canal, assume complete control of the Mediterranean, march on through the Middle East, attack the Caucasus from the south and gobble up with ease the Russian oil fields for which Hitler has been desperately fighting, open the way for a march on into India where the Germans could join hands with the Japs, and play havoc generally. Or suppose we Americans had sent no air forces to China, nor to Australia, nor to the Hawaiians, nor to any of the other islands of the Pacific, but had sent them all to Europe, what would have happened? We might have the Germans whipped by this time but we doubt it. Certainly the United States would have had no

Coral Sea victory, no Midway victory, no stoppage of the Jap hordes anywhere. Australia already would have been in their grasp; Hawaii would have been theirs; by now they would have been so firmly entrenched in Alaska that it would be difficult to uproot them; and they might be periodically bombing our Western Coast. Yes, it's fine to talk about concentration of our air forces on some vital front and leaving all the rest to the mercy of our enemies, but we are glad that Churchill and Roosevelt took a broader and longer view of the situation. It will take time, but in the course of time we will whip the daylight out of the enemy on all fronts, and that's just what we want to see done. That's what it will take to really win this war. Those "competent air observers" could be wrong.

The people of the United States have always liked the Irish. We have dreamed their dreams, thought their thoughts, sang their songs, worn their shamrock, and befriended them in every possible way. But now it seems they are not treating our soldier boys camping on their soil any too courteously. In fact, some of them at least have shown great resentment because of the presence of our armed forces. How foolish! They can have no possible grievance against us. We must attribute the ugly spirit which they are exhibiting to the fact that we are allies of the English in this war, and they hate the English. They may have had plenty of provocation in times past at the hands of the English. There may be just basis for their hatred. Even so, it is the height of folly for them to oppose the efforts of the English and to hinder the efforts of the Americans in this war; for if England should fall into the hands of the Germans Ireland would not last three days as an independent nation. The Irish would immediately become the abject slaves of Adolf Hitler. They should have sagacity enough to know this and soften their hatred accordingly toward the English and become more cordial toward our American soldiers among them. Get rid of your grouch, Mike, and be friendly.

If hail or worms or other pests do not seriously damage the cotton crop now maturing, thousands of Mexicans will probably be swarming into this county by the end of the month to harvest the bumper crop. Or, will there be a shortage of hands this year? Will the tire situation materially affect the migration of the Mexicans to this territory this fall? And what about the prices they will demand? In other words, will there be a labor shortage? Wish we knew, but we believe hands will be here in great numbers.

When the U. S. Marines were cleaning up on those Japs in the Solomon Islands, it is said that they encountered some Japs who had tied themselves to the branches up in the tree-tops and sometimes shot while in a suspended position. This is evidence of their resourcefulness and their dogged determination. Or was it a mere splash reversion to ancestral type?

ODDS and ENDS

by Eee Eye, the Elder

We are just wondering if this immense feed crop will be saved and utilized to the best advantage. In years past there has been much waste of feed after it is grown and harvested.

We just have so much of it when there is a big crop that many farmers do not go to much trouble to prevent waste.

And yet, when converted into beef and pork, it becomes a very valuable crop.

The agriculture experts who have made painstaking investigations and numerous experiments have told us time and again that such feed crops become much more valuable when converted into silage.

Jim Burleson and many of our farmers have found that grinding up feed, stalk and all, pays big dividends.

Any other people on earth but the American people would save and garner up every stalk and every head of feed grown and then feed it to live stock.

There is more reason right now than usual that farmers should be careful to preserve and to utilize this great feed crop.

Why do we say so? Well, haven't you been hearing these reports that the Government is going to begin rationing meat within the next few months?

They say that a soldier needs more meat than a civilian. They insist that our soldier boys shall have plenty of meat in the camps, and on the fighting fronts, and especially in the cold weather. To make sure that the supply for our soldiers is abundant, the Government expects to begin laying up a surplus meat supply soon. To get this supply, they claim, it will be necessary to begin rationing meat to civilians. And so, we are being given warnings in advance.

Now, with excellent corn crops in the North and West, with bumper sorghum grain crops throughout West Texas and other regions further north, and a bumper cottonseed yield out of which will come countless tons of cotton-seed meal and cotton-seed cake, this rationing of meat because of a shortage of the supply just doesn't make sense.

This meat-rationing threat ought to serve as a ringing call to every farmer to begin converting his feed into beef and pork just as rapidly as possible. If there are prospects of a meat shortage, let's grow more meat.

Of course, we understand that a steer can not be grown in a few months. But their growth can be speeded up with plenty of feed. And every sprig of this feed should be preserved to feed as it is needed, for who knows but that there may be a very short feed crop next year.

Another thing: cattle do much better and put on fat much faster when they are protected from the cold winds, the sleet and the rain and the snow of winter, if and when such weather comes. Everybody knows this, of course. Many have proved it to be true by experience. I. M. Draper, for one, demonstrated the value of good housing for livestock a few years ago. He told us about it.

So, we maintain that every farmer who has an abundance of feed and who has or can get some livestock to feed it to, should do so at the earliest practical date, but that he should also provide as ample sheds as practicable to protect his stock.

Now, this is not advice to farmers; it is simply a reminder, for they already know that all these things are facts.

With all this feed in our fields, West Texas farmers ought to meet any possible meat emergency in this country, and surely we will not let the country go on a meat-rationing basis for lack of the supply.

By the way, we don't hear any talk of rationing the liquor supply. The people are allowed to use all of that that they choose, although sugar is used in its manufacture. That is one commodity whose sale, it seems to us, should be curtailed. It is not a food. Its use doesn't make anybody healthier or stronger. It doesn't make our soldiers or sailors physically fit; it makes them physically unfit if used in any marked degree.

We have not visited army camps often enough to know whether bad conditions exist in them with respect to the use of liquor or not. But we do know that plenty of

liquor is available to them in some of the cities and towns near which the army camps and flying fields are situated, and there is no limitation on the amount of liquor that may be sold to these soldiers nor the frequency with which it may be sold. We believe that the Government should throw some protection around the boys at these camps and in near-by cities and towns. Sales to soldiers should be penalized. Liquor dealers should be made liable on their bonds for any such sale. Furthermore, proof of such sale should forfeit their licenses to sell liquor. Our Government could largely remedy this evil if it had the will to do so.

And, by the way, there is a rising tide of sentiment in favor of curbing this liquor business anyhow. This perpetual dinnning of the merits of this or that brand of beer into the ears of the listeners over the radio is beginning to get monotonous for some of us. These glaring advertisements of whiskey in the magazines is also becoming distasteful. A lot of people want it cut out. There are signs that the pendulum has already begun to swing back in the direction of prohibition. If we are mistaken in this, if the swing is still in favor of liquor, then conditions are going to grow worse and worse, and soon we will be raising up another crop of drunkards as we were producing at a terrific rate before the advent of National prohibition at the close of the first World War.

No, we are not attempting to stir up agitation in favor of a prohibition election during this war, but if the liquor interests want to remain in business long after this war is over, then they will do well to remember January 29, 1919.

DON'T SHOP

MILES OUT OF TOWN

SHOP in TAHOKA

You've got a treat in store for you! Now that you can't use your car towls you out of town whenever you feel like it—you're going to rediscover this town! Your own home-sweet-home town! Its stores are modern—smart—happy to serve you as a neighbor as well as a customer. So all together, now—save your car, tires, gasoline—save money, time and effort to help win this war! **SHOP AT HOME!**

CONSERVE YOUR TIRES

YOUR CAR AND GASOLINE...

Not many years ago our nation, our farmers, were using methods of transportation that are now obsolete. In recent years, our people have geared their business, their farming, their very lives to the *steel, gas and rubber* age. Now, we find ourselves with a shortage of all three. To maintain our present mode of life through this emergency, we must co-operate — that we may have tires and gasoline for our automobiles and tractors and trucks, steel for farm repairs.

Therefore, Tahoka merchants invite your trade now, as never before. The more we trade at home, the longer our motive vehicles will run, and the longer we can continue working together, making a living and winning a war.

LYNN COUNTY SCHOOLS HELPING TO PRESERVE THE AMERICAN WAY OF LIFE

At present, when the United States is spending \$769 per second or \$63,000,000 a day in maintaining its war machine, the every-day system of education for the public is in danger of being overlooked. Many seem to forget that through education and education only can the nation survive and carry on its culture, sciences, standards of living and traditions. Education is as vital an instrument in defense for peace as armament is for war.

The American people should realize that while building for war, now is the time to build for a lasting peace through proper and continued mass education. If there is ever to be a time when the schools will be needed, it will be during the adjustment following the war. Hence, money should be spent freely on better education as well as on battle-ships, tanks, and explosives.

Democracy depends on enlightenment for its very existence. Education for intelligent voting, good citizenship and all the other attributes of democracy must not be neglected if our present order is to survive.

But this is looking at the question from a purely national angle and not from the standpoint of the

Enrollment Reaches 307 In High School

If the old adage is true and "figures seldom lie," then Tahoka high need have no fears for its enrollment statistics. With an every day increasing number, the last tally of total students was 307, an increase of 53 over last year's roster. Every day for the next nine months or 169 days of classes, 307 students will be daily attending 56 classes and 8 study halls. This same group, composed of 59 new students, 248 old students, including 44 seniors, 64 juniors, 72 sophomores, 66 freshmen and 51 seventh graders, will take 19 subjects taught by 11 teachers.

Only one student, George Leslie can claim the notoriety of being from out-of-state, his former home being Harper, Kansas.

Woman Director For School Band

The emergency may make it necessary to revert back to the time when woman controlled the world. If so, Tahoka high will have beat Father Time to the draw; the Tahoka public school band is this year under the direction of its very first woman leader, Miss Mary Eleanor King, who claims Fort Worth as her home. Blond Miss King has a sweet and charming personality that is almost gay mingled with her musical talent, but the serious side of things often creeps in (in the classroom).

Her favorite instrument is the piano, which she plays extremely well. Friendly people find favor in her eyes, and her ambition is to be a composer. At present, she has written several piano selections which have caused interest to the musical public. Tennis won over other sports to be her top ranking form of exercise, and on the sly, outside of school, she likes ice cream cones.

Tuesday afternoon the T. H. S. band dodged passing footballs and running boys to march down the football field in the tryout contest for drum major and majorettes of the band. The judges, Mr. Hope Haynes, Pershing Alexander, Miss Lauraine Leverett, selected Sina Barrington as drum major and Dorothy Lee Carmack, Virginia Roddy, Joyce Kennedy, and Pat Hill as majorettes for the coming year.

Lynn County schools. However, the shoe can fit the local foot as well. Lynn County school children should realize that they, too, are potential citizens and voters. National education expenditures are being spent on education for them as individuals as well as on war machines to protect them. There is safety in being educated, and now as never before, intelligent and informed individuals will be in demand to carry on not only our military efforts, but our economic, political and social actions as well. Educated people will be in demand to help re-establish our "old order" and world peace after the war.

Men and women of courage and ideals, whether they be in college, in high school, in the armed forces, in industry or what not, are needed now more than ever to hold the torch high and light the way for a democratic solution of the problems peace will bring to the United States. Education can accomplish this. — Mary Margaret Tunnell.

Have you ever participated in a game which required the cooperation of all players? If you have, you know that everyone must do his part and not depend on another to fulfill his duties for him.

One person may think that the role he plays is useless, but he must realize that his part is a very vital one. All the citizens of a community must work together for its success. They can accomplish tasks which will help uphold this nation. They can help others by helping themselves.

We, as students, are doing our part by completing our education, as we are making ourselves more qualified to build a better world after the war. We are also keeping up the morale of our country, a vital factor in war time. We are a unit of the community. We support the community through education, and we need its support in our activities today more than ever before.

Are you cooperating with the school? Are you helping boys and girls to guard democracy and the America of tomorrow?

Home Ec. Units Elect Officers

At home economics unit meetings held the first week of school, clubs were organized and officers were elected to head each class for the school year 1942-43. They are as follows:

Home economics I-A: president, Dorothy Nell Johnson; vice-president, Wilma Cruce; secretary, Colene Carmack; treasurer, Gwynnelle Davis; reporter, Jeanine Smith; and, social chairman, Jerine Bartley.

In the home economics I-B class: president, Bonnie Mae Flint; vice-president, Wanda Faye Patterson; secretary, Mary Katherine Murray; reporter, Joyce Vaughn; treasurer, Ruth Huffaker; and, social chairman, Louise Grayson.

Officers for home economics II will be: president, Donnie Sue Milliken; vice-president, Alice Roberts; secretary, Jane Bosworth; treasurer, Johnnie Mae Anderson; reporter, Billie Greer; and, social chairman, Betty Chandler.

The home economics III class will be headed by: president, Rae Fern Pennington; vice-president, Jimmie Lou Thomas; secretary, Marciene Stephens; treasurer, Ila Mae Schaffner; reporter, Mary Ruth Edwards; and, social chairman, Sina Barrington.

The classes will have meetings the first Friday of every month, and the program committee of each club will plan a program to be presented at these meetings.

The projects, which are to be carried on by the girls in their homes and which are to be based on work they are doing in class, have not been chosen.

Miss Lucille Wright, home economics teacher, reports there are 80 members in the four classes this year in comparison to 75 who were enrolled last year.

Chemistry Studes Make Pennies Shine

Do you have any pennies that you want to have shined? If you do, bring them to the chemistry lab and let Tahoka high's amateur chemists clean them for you "free of charge." The new chemistry students were greatly surprised when Miss Mary Eleanor King poured some nitric acid on a penny which was dirty, after which, in a few seconds, it came out bright and shiny. "Be sure you do not leave the pennies in the acid too long," was the advice Miss King gave her students. "for if you do, the acid will eat up the metal." Miss King also combined two chemicals, which made the students wonder, for the mixture turned to a sickly yellow-green; from it evolved a very unpleasant smelling gas, commonly known as chlorine.

The students are cleaning up the lab, getting ready to make some experiments themselves.

Aggie Boys Select Projects For Year

Raising pigs and feeding cows are projects being carried out by boys in agriculture 1, 2 and 3 for the coming year. Mr. Orville Richardson, our new agriculture teacher, reports a larger enrollment this year than last, the total equalling 53 boys. Even though we have a larger enrollment in agriculture this year, we have the smallest third-year class in history, with a membership of only three.

The boys are very enthusiastic over their projects, even though they will not be able to enter them in any contests excepting the one held in this vicinity during district meet of the Meadow district. Due to the rubber shortage, transportation problems will prevent taking cars to other contests.

Women!
Here is a name to remember

CARDUI

A 62 year record of 2-Way help*
*See directions on label

Used as a tonic, Cardui usually peeps up appetite, aids digestion, and thus helps build energy for the "New" to come. Started 3 days before your time, and taken as directed, it should help relieve pain due to purely functional causes.

Supervised Play In Grade School

With the idea in mind of building stronger bodies, Tahoka grade school is this year making a new innovation in its physical education program through a supervised playground activity period.

"In order to provide each pupil with the necessity of daily outdoor exercise," says Mr. A. L. Pace, grade school principal, "the teachers must require that the students attend this period from 2:15 to 2:45 each day."

Organized groups are formed during the 45 minute recess at which time, running game, games, and calisthenics, directed by the teachers, are participated in by the pupils.

In charge of the different school groups are: Mr. Pace, 4th grade boys' sections one and two; Mr. John Kirkwood, 5th grade boys' sections one and two; Miss Fitzgerald, 5th grade girls' sections one and two; and Miss Anita Reddell, 4th grade girls' sections one and two.

J. W. Jaquess Is School Guardian

F. Y. I., new students! (For Your Information, if you please.) The Growl would like to take this opportunity to introduce to you Mr. J. W. Jaquess, janitor and protector of our school building.

Since 1929, Mr. Jaquess has served as school guardian, keeping the building clean, the lawn trim, the ink off the floor, and the paper baskets emptied. He has without fail performed many countless other thankless duties year after year. To him, Tahoka school students owe a great debt, for he is one person who has helped us keep our school's rating as an up-to-date place of learning.

With a smile for everyone, he has been a factor in keeping high our school spirit, and here is a salute to you, Mr. Jaquess, the janitor of T. H. S.!

BAND ELECTS

On Wednesday of last week, the T. H. S. band elected Carl Griffing Jr. as president of the organization. Last year, Carl won the solo clarinet contest for Class B bands at Amarillo.

New Teachers In Tahoka High School

August 31 opened a new school term in Tahoka high school. Many of the teachers taught here last year, and there are also several additions to the faculty. They are Mr. Volney Hill, new athletic director and social science teacher; Miss Lauraine Leverett, English and seventh grade teacher; Miss Mary Eleanor King, band director and science teacher; Mr. Orville Richardson, vocational agriculture teacher; and Miss Mary Margaret Tunnell, teacher of journalism and typing.

Teachers who remain here from last year are Mr. Hope Haynes, principal and teacher of mathematics; Miss Ineva Headrick, English and speech teacher; Mr. A. R. Bostick, bookkeeping, science, and mathematics; Miss Lucille Wright, home economics; and Mrs. John Kirkwood, who substituted last year and who is now teaching social science and Spanish.

Football Boys Are Guests Of Rotary

Why don't we do this more often? This was the statement proclaimed by the football squad when they lunched as guests of the Rotary Club, last Thursday, September 4.

Dell Morgan, head coach at Texas Tech, was also a guest of the Rotary Club and the principal speaker. His talk concerned Tech's gridiron prospects for the season.

Accompanying Mr. Morgan, was Polk Robison, Tech basketball coach, who complimented Tahoka on its new mentor, Supt. W. T. Hanes spoke to the group on school activities and education for the student, stressing the relationship between the school and the community.

First Grade Students Set New Record

With 70 students, this year's primary group is brimming over with youngsters. Even with eight "unders," first grade teachers, Mrs. L. F. Craft and Mrs. Grady Howard, report that the seniors of 1933-34 are much more ladylike and gentlemanly than usual.

Being more than eager to come to school and play, the opening day of lessons did not bring to the front

cases of "mad," "wanting mother," and wanting to go home. With 290, the Tahoka grade school this year included the following enrollment: 43 in the sixth grade; 52 in the fifth; 44 in the fourth; 51 in the third; and 44 in the second grade.

Junior Football Boys Work-Out

Plans were completed last week to have a junior football team, under the direction of Mr. A. L. Pace, principal of Tahoka grade school.

There are approximately 25 grade school boys coming out for practice, from the fourth, fifth, sixth, and seventh grades.

As yet, there has been no set schedule made as to whom and when the team will play, but it is highly probable that they will compete with the surrounding towns in the near future.

Practice started last Monday, with the boys coming out from 3 to 4 o'clock in the afternoon.

Mr. Pace has selected two senior boys to assist him with the coaching.

Mrs. J. H. Colleenback, a resident of Tahoka for many years but now residing in Lamesa, was a brief visitor here Tuesday. She still owns her home here.

WILSON NEWS

By MRS. FRANK FLETCHER

School classes began their regular schedule Wednesday of this week after a week and a half of postponement because of the muddy roads. Opening exercises, which had been set for Monday, August 31, were not held until Saturday and then the first day of classes was one-half week later. Here's hoping the children will not have to have any more vacations on account of mud for some time now.

1939 CLUB MEETS

After having its first meeting of the new year rained out last week, the 1939 club met Tuesday of this week at the home of Mrs. Luke Coleman for the meeting that had been scheduled a week earlier.

Members answered roll call by giving a section of the Constitution, after which a short business meeting was held. Mrs. S. G. Anthony then gave a parliamentary drill. Those present were Meses. Lonnie Lumsden, H. G. Cook, J. F. Covey, S. G. Anthony, W. H. Jackson and the hostess.

The officers for the club this year are: president, Mrs. J. F. Covey; vice-president, Mrs. W. H. Jackson, secretary-treasurer, Mrs. B. L. Blankenship; assistant secretary-treasurer, Mrs. L. A. Clemen; reporter, Mrs. Frank Fletcher; assistant reporter, Mrs. Ellis Todd; and parliamentarian, Mrs. S. G. Anthony.

Wilson women attending the annual associational W. M. U. meeting at Tahoka last Thursday were Meses. Lonnie Lumsden, S. G. Anthony, J. F. Covey, W. C. Cook, S. H. Gryder, W. H. Jackson, B. W. Baker, Edwin May, Clyde Shaw and Bill Swann.

W. H. Jackson Jr. and David Evans went to Abilene on business Sunday and returned Monday night.

Miss Imogene Powell, fourth grade teacher, was ill Wednesday, and Mrs. S. G. Anthony taught her pupils during her absence.

Mr. and Mrs. Roy Robinson, Johnny and Hazel, spent Saturday night and Sunday with the Jim Clark family of Slaton.

Mr. and Mrs. Levi Dickerson and children and Mr. and Mrs. Clyde Carter and sons were sightseeing in Seagraves Sunday.

Ira Clary had an attack of appendicitis Sunday, but was back at work Wednesday.

Funeral services for the 24-day-old son of Mr. and Mrs. W. W. McNabb of Lakeview were held in the home Sunday, followed by interment in Rest Haven cemetery at Southland. The infant, who had been in an incubator at Lubbock General Hospital since birth, died Friday.

Mrs. H. B. Crosby returned home Sunday from Shiner, where she had been with her parents during the bereavement of the death of their daughter in South America.

Mrs. Werne Maeker and son Lynn are recovering nicely after having their tonsils removed at Slaton last Wednesday.

Mrs. Frank Fletcher, Jack Frank, Jimmy and Jerry left last Thursday in the old Plymouth and then parked it at Lubbock and took the train to Amarillo to see their husband and father, who is employed in the construction of a defense plant there. They got back to Lubbock Sunday just in time to get in on the big rain that fell there, and visited Mrs. Fletcher's parents, Mr. and Mrs. Walter McNabb, there until Tuesday.

Mrs. J. H. Cox and son Kenneth of Lubbock came Wednesday to

spend a few days with her sister, Mrs. W. H. Jackson and family.

The Baptist W. M. S. had planned to meet Monday and can for Wayland College, but due to the heavy rains could not get the vegetables to can. They met in the afternoon for a Royal Service Program, and plan to do the canning next Monday if it does not rain again.

Mrs. Frank Skinner and Sammy of Lubbock visited her brother, H. G. Cook, and family over the week end.

Truett Hannabas of the U.S. Navy in San Diego, California, arrived in Wilson Wednesday to spend five days with his parents, Mr. and Mrs. H. Hannabas.

Myrl Perdue spent Friday night with her parents, Mr. and Mrs. J. M. Perdue. She went on to Telford, Childress County, where she will teach English in the high school.

Mrs. W. C. Hagen and children of Moran have been visiting her parents, the J. M. Perdues.

Mrs. Jyles Shaw of Los Angeles, California, arrived Saturday to visit her husband's parents, Mr. and Mrs. Clyde Shaw.

Elmer Watson, who is working in Lubbock, spent the week end at home with his mother, Mrs. L. A. Watson.

June and Jean Covey spent Saturday night with Dorothy Neil Watson.

Guests in the E. J. Moore home last week were two of his sisters from Wichita Falls. Their daughter, Mrs. Opal Dockery of New Home, spent the week end with them and another daughter and family, Mr. and Mrs. Paul Crump and son of Ropes, were their Sunday guests.

METHODIST CHURCH

Sunday will be Rally Day through out this conference. Let every member of the church school be present Sunday morning. You may have been irregular in your attendance this year — if so begin in earnest this Sunday by being present at all of the services of the day. Rally Day should be the beginning of the Loyalty Month — which is October throughout the entire church. Let's make the remainder of this month and all of October Loyalty Months — by every member and friend being present each Sunday at all of the services. This is a season of harvesting the fields — why should it not be harvesting time in all of the church's activities?

The Fourth Quarterly conference will be held Sunday evening, Sept. 26th. Dr. O. P. Clark, district superintendent, will be here and will preside. All reports are to be written and ready when called for. A 100% attendance of all officials will be expected. That will be the time to elect the church officers — stewards, trustees, superintendents of the church school, etc.

Monday night the stewards met in their regular monthly meeting. Only one steward was absent and that was on account of illness in the family. The best report for many years was given. Especially the financial report for this time of the year, so the president said. Plans were made for all conference claims to be paid in full by the second Sunday in October. A committee was appointed in the early part of the year to help collect the conference claims.

CARD OF THANKS

We wish to thank our friends for the many kindnesses extended to us during the sickness and death of our dear husband and father. May God richly bless you all. — Mrs. E. B. Terry and children.

Farmers Attend Tire Meeting

A crowd of farmers and other citizens from thirty-five South Plains and Panhandle counties, conservative, estimated at 800, gathered in the Lubbock High School auditorium Tuesday afternoon to hear discussions and lay plans for moving the huge cotton crop, now maturing, from the fields to the gins and to market this fall, the shortage of tires creating a problem that must, in some way, be solved.

Mark McGee, chairman of the state rationing board, and a number of his assistants were present to lay the matter before the farmers and county rationing boards of this section. McGee presided during most of the meeting and led the discussions. "We ain't got no rubber; we just ain't got no rubber" — that was the first big idea that he tried to get over to his auditors. Time and again he drove the fact home to them.

"Tires are not available even to those engaged in war work," he declared. "A doctor came to me not long ago and began griping about not being able to get tires. I told him to come down off his high horse and quit making his patients come in to his office to see him and start going out to their homes again and I will give you some consideration — but we ain't got no tires."

He landed heavily on bread trucks and laundry trucks that deliver their goods in towns where local concerns could take care of the trade. He strongly intimated that these would get no new tires now hereafter as long as the emergency lasts.

He also landed heavily on speeders. "If any of you see any person running his car over 40 miles per hour, just give the local board his number or turn the number in to us at Austin and we'll see that he gets no tires under any circumstances," he warned.

When this information about the scarcity of rubber had sufficiently soaked in, McGee then turned to the problem of moving the cotton to gins and to market.

A number of plans were suggested. Joe Naughton, a prominent farmer and chairman of the rationing board in Ellis County, was called upon to explain the plan which is being operated in his county, the pooling plan. He went into considerable detail in explaining the plan but claims that it is working beautifully there — a plan by which all the farmers of the county, or practically all of them — have entered into a pooling agreement. Five or ten or a dozen farmers living in the same vicinity will pool their vehicles and tires and select one of the number, or more than one where necessary, to do the hauling for the entire group.

Using commercial trucks, cattle trucks, tractors with trailers attached, and other means were mentioned.

After all these suggestions were heard, it was left up to the rationing board in each county to work out the problem with the farmers. Twenty-three county boards were represented at the meeting, the members having been given seats on the platform, and following the general discussion, McGee and his assistants held a general conference with the board members in which they went into greater detail in discussing these problems.

Six of the seven members of the Lynn County rationing board were present. They were: Judge C. H. Cain, W. O. Thomas, and Oscar Roberts of Tahoka, Lynn West of Wilson, and B. M. Haynes and E. J. Tredway of O'Donnell. A number of other Lynn County people were present.

Mr. and Mrs. Claude Donaldson have taken their little daughter Jane, who is suffering from infantile paralysis, to Amarillo for treatment. It is hoped that a new treatment for this malady now being tried out will be effective in this case.

Truman Dikes of Roswell, New Mexico, son of Mr. and Mrs. Tom Dikes of Tahoka, underwent an operation for goiter in the Lubbock General Hospital last Friday.

Miss Ruth Link left for Jordan-tan a few days ago, where she is to teach again this year.

PILES Oh! How They Pained and Itched!

Then this DOCTOR'S Ointment Gave Relief That Amazed Him!

"I was positively amazed at the relief of pain and itching of piles when I changed to your ointment." — Lester Whaley, Hiawatha, Kas. That's what may be expected from Thornton & Minor's Rectal Ointment. It's used adjunctively by DOCTORS, at noted Thornton & Minor Clinics. For quick relief of pain, itching, soreness of piles, hemorrhoids, rectal irritations, simple, non-surgical cases. Get a tube today (with pile pipe, cover). If not delighted, your money back.

Rev. Dale . . .

(Continued from page one)
moved on to other places, while some have passed on to their reward, but others have moved in to take their places as we go along. This last year has been one of the best from many standpoints, and the incoming year looks bright, looking from the viewpoint of the spirit of willingness of the people with a mind to work. We have had a number of volunteers for service and others are seriously considering a place to work in the church who have never taken a place before.

Within the eight years we have been here, 673 people have joined the church, 307 of whom were baptized into the fellowship, while 366 joined by letter or statement. Our present membership is 562, which goes to show that many have moved on, as we said above. A finer spirit never prevailed in the church here than prevails now, and it is a great joy to the pastor's heart, that after eight years he can still look forward to greater things with the hope of fellowship and cooperation.

The church membership has given into the budget of the church in this eight years \$66,000-plus for local expenses, and missionary and benevolent causes abroad. In addition to this, the church has built the second story of the church building, which affords us a splendid convenience, at a cost of \$22,000-plus and has paid all but \$7,000 of this amount.

Of all this work the pastor claims very little part, only one thing for which he might be commended — maybe, he had sense enough to stay out of the way and let the people work.

The pastor has had the finest group of deacons to work with, and a church that followed with the most splendid cooperation the program of work laid out by these men.

We can only thank God for leading us this way to serve such a happy situation and for the joy that has been ours to see the work prosper because of the blessings God placed on the efforts of His people.

The pastor and wife are deeply grateful for the privilege of fellowship and service we have had with all, regardless of faith or creed. You have manifested the spirit that makes all communities great. For every ministry we may have performed, we have been greatly repaid by your kindness. The kind sympathy and deep interest and the many kind deeds during the pastor's illness this summer can never be forgotten. It could not have been better by any people anywhere.

As we begin this new year, we can only ask that you give the same loyal support to the cause of our Lord, only increased by the demands of this day in which we live. May we all be as loyal and true to the precious principles now at stake as we know our boys will be at the front. We can not afford to let the fire burn low at home while they fight and give their lives. Shall we do less?

We extend to our many friends a cordial invitation to attend our anniversary service next Sunday morning that we spend the hour with you in fellowship and service. This invitation is to all who will — let them come.

I challenge you officers and teachers to have 300 in Sunday School next Sunday. Let us set a good pattern for the year as we begin our new year together.

We only ask to remain your friends and servants through the coming months. And God bless you all. — Rev. and Mrs. Geo. A. Dale.

Worms . . .

(Continued from first page)
and others, arrangements were perfected Thursday morning for two airplanes to scatter poison over the cotton fields of the county. Mr. Rogers, a Roswell man, who has done much of this kind of work, was scheduled to begin work about 4 o'clock Thursday afternoon with two planes. A landing field has been established on the McGonagill farm seven miles east of Tahoka.

Rogers proposes to use eight pounds per acre and to do the work for four cents per pound. The entire cost to the farmers will be a little more than a dollar per acre, Mr. Welch says. The work can be done in a remarkably short period of time if a sufficient amount of poison is available.

Pvt. Glendale Bratcher, son of Mrs. A. W. Bratcher of Draw, arrived Saturday from Lowrey Field, Denver, Colorado, for a short visit. He is attending the Air Corps Cooking School at Lowrey. He says it is already getting a little cool at times in the Rocky Mountain city. In fact that city has already seen a little snowfall, believe it or not.

Guard Inspection . . .

(Continued from page one)
there are sixty other applications on file at Austin asking recognition. Local citizens consider recognition of the company a distinct honor.

Program for the evening will be guided largely by the inspecting officers' demands during company inspection. However, it may be said that the company will go through a number of drills.

Preceding the inspection, the Tahoka High School Band will march on the field and present a fifteen-minute concert, and possibly there will be other numbers.

Major C. A. Hubbard of the 39th Battalion and Capt. A. C. Jackson of Headquarters Company will be present, in addition to state officers.

Capt. Donald Turner, who is attending the Defense Guard training school at Camp Bullis, will be unable to be present, and in his absence Lieut. E. R. Edwards will be in command.

The local company had, at one time, 90 men on its roster, but several have gone to the Army, several have moved away, and several have quit. However, ten or fifteen recruits have been taken in within the past two weeks, and the membership was back to 70 men and officers Wednesday.

Last Monday night, many promotions were announced, and 65 men went through drills conducted by officers and Pvt. Boyce Evans of Sheppard Field, who conducted one of the best drill periods the company has ever had.

The roster of officers was announced as follows: Capt. Don Turner, First Lieut. M. R. Edwards, Second Lieut. H. O. Hargett.

Non-coms. are: First Sgt. Jess L. Gurley, Mess Sgt. Claude W. Conway, Supply Sgt. Randolph W. Ruthenford, Communications Sgt. Wyman J. Welch, Sergeants W. T. Hanes, H. L. Roddy, and R. P. Weathers.

Corporals are: Alton B. Cain, R. H. Gibson, John R. Hudman, L. O. Mitchell, and Jerry L. Noble.

First class privates are: Glenn H. Boylston, Leon C. Falls, A. L. Smith, Frank P. Hill, Truett Smith, and W. C. Wharton.

Football . . .

(Continued from page one)
Hines, center; Noble Rumbo, rt; Blair Ramsey, lg.

A schedule of the games to be played this year includes:

| | | |
|----------|-------------|-------|
| Sept. 11 | Lamesa | There |
| Sept. 18 | Big Spring | There |
| Sept. 25 | Monahans | There |
| Oct. 2 | Open | |
| Oct. 9 | Brownfield | There |
| Oct. 16 | Seminole | There |
| Oct. 23 | Seagraves | Here |
| Oct. 30 | Denver City | There |

O'Donnell, Post, and Slaton withdrew their matched games from the Tahoka football schedule last week as the result of lack of coaches. Tahoka was to play O'Donnell here, November 5; Post, here, November 2; and Slaton here, November 20. It was a great disappointment to the football boys when they learned that they would not get to play O'Donnell, due to the age-old rivalry of the two schools, the boys were looking forward to that game.

"The team has already matched games with other schools, since we can't play O'Donnell and the others," said Volney Hill, "although we were looking forward to those games."

According to Coach Hill, Tahoka high school has some top material this year, and if predictions hold true, this year's crop of Bulldogs should establish itself as one of the prominent class A high school teams of West Texas.

Mrs. Zoy Bass and son Billy of Salinas, Calif., are here visiting Mrs. Bass' parents, Mr. and Mrs. J. F. Millman.

Mr. and Mrs. A. J. Mullins of Corpus Christi are here this week visiting their daughter, Mrs. O. B. Davis Jr.

Many Survivors Of New Lynn Man

E. B. Terry of New Lynn, 62, whose death was chronicled in this paper last week, left many near relatives, residing in distant separated sections of the country, some of whom were not able to be here for the funeral services and whose names were not available at that time.

Besides the wife, he left surviving him three sons and three daughters, the sons being Doyle and Burl of Tahoka and Boyce of Detroit, Michigan; the daughters, Mrs. Otis Spears of Lubbock, Mrs. Wayne W. Flora of Chicago, and Mrs. J. T. Shackelford of Bloomington, Illinois.

Also surviving are five sisters and two brothers, Mrs. M. E. Robbins and Mrs. Walter Fleming of Fort Worth, Mrs. Lee Irvin of DeLeon, Mrs. L. F. Patterson and Mrs. L. F. Coffman of Clyde, and H. A. Terry of Anaheim, California, and John Terry of Long Beach, that state, together with numerous other relatives.

Mr. Terry was born at DeLeon on June 12, 1880. He was married to Miss Ellen Philpot at Gainesville on February 10, 1912. He and family removed to Lynn County in the fall of 1920, and he and wife had resided here since. He had long been a member of the Methodist Church, his membership in this county being with the church at New Lynn, where he resided.

Funeral services were conducted by his pastor, Rev. A. O. Graydon, assisted by Rev. H. A. Nichols of Tahoka, and burial was in the Tahoka cemetery.

Deceased had many warm friends in this county who sincerely sympathize with the bereaved family.

Mr. and Mrs. Jack Williams of Canadian spent this week with Mr. and Mrs. C. G. Franks. Mr. Williams and Mr. Franks are brothers.

Miss Sue Poff of Wayside has gone to Lubbock, where she is enrolled in Draughan's.

TWILIGHT RECITAL

Jimmie and Joan Conley, piano pupils of Mrs. Rafe Richardson, will appear in a twilight recital in the home of their parents, Mr. and Mrs. A. O. Conley, Monday evening, September 14, at 8:30 o'clock.

Mr. and Mrs. Paul McDonald received a cablegram several days ago from their son Jim, advising that he had landed safely in England a few days before that time. Jim is a mechanic in the aviation corps. He is a graduate of the Tahoka High School with the class of 1941. He received his basic training at Sheppard Field and went from there to a flying field in New York. He spent two or three weeks at Westover Field in Massachusetts immediately before leaving for England.

"Grandpa" Hop Halsey has been in Tahoka this week visiting his daughter, Mrs. Mille Halsey Hill, and a few friends here. He returned to Lubbock Thursday.

Deen Nowlin went to Houston this week on business.
